## DEFINITIONS

As used in this quarterly report, the terms listed below have the following meanings:

Common Industry and Other Terms	
ASU	Accounting Standards Update
Bcf/d	billion cubic feet per day
Bcfe	billion cubic feet equivalent
CAMT	corporate alternative minimum tax
DOE	U.S. Department of Energy
EPC	engineering, procurement and construction
ESG	environmental, social and governance
FASB	Financial Accounting Standards Board
FERC	Federal Energy Regulatory Commission
FID	final investment decision
FTA countries	countries with which the United States has a free trade agreement providing for national treatment for trade in natural gas
GAAP	generally accepted accounting principles in the United States
Henry Hub	the final settlement price (in U.S. dollars per MMBtu) for the New York Mercantile Exchange's Henry Hub natural gas futures contract for the month in which a relevant cargo's delivery window is scheduled to begin
IPM agreements	integrated production marketing agreements in which the gas producer sells to us gas on a global LNG or natural gas index price, less a fixed liquefaction fee, shipping and other costs
LNG	liquefied natural gas, a product of natural gas that, through a refrigeration process, has been cooled to a liquid state, which occupies a volume that is approximately 1/600th of its gaseous state
MMBtu	million British thermal units; one British thermal unit measures the amount of energy required to raise the temperature of one pound of water by one degree Fahrenheit
mtpa	million tonnes per annum
non-FTA countries	countries with which the United States does not have a free trade agreement providing for national treatment for trade in natural gas and with which trade is permitted
SEC	U.S. Securities and Exchange Commission
SOFR	Secured Overnight Financing Rate
SPA	LNG sale and purchase agreement
TBtu	trillion British thermal units; one British thermal unit measures the amount of energy required to raise the temperature of one pound of water by one degree Fahrenheit
Train	an industrial facility comprised of a series of refrigerant compressor loops used to cool natural gas into LNG
TUA	terminal use agreement

## Abbreviated Legal Entity Structure

The following diagram depicts our abbreviated legal entity structure as of March 31, 2024 June 30, 2024, including our ownership of certain subsidiaries, and the references to these entities used in this quarterly report:

Unless the context requires otherwise, references to the "Company," "we," "us" and "our" refer to Cheniere Energy, Inc. and its consolidated subsidiaries, including our publicly traded subsidiary, CQP.

(1) Redeemable non-controlling interest represents the economic interest held by a third party in one of our consolidated VIEs that is redeemable for cash under certain circumstances, including those that are outside of our control. As such, the economic interest is not a component of permanent equity on our Consolidated Balance Sheets.

**CHENIERE ENERGY, INC. AND SUBSIDIARIES**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**  
(unaudited)

**NOTE 1—NATURE OF OPERATIONS AND BASIS OF PRESENTATION**

We operate two natural gas liquefaction and export facilities located in Cameron Parish, Louisiana at Sabine Pass and near Corpus Christi, Texas (respectively, the “**Sabine Pass LNG Terminal**” and “**Corpus Christi LNG Terminal**”).

CQP owns the Sabine Pass LNG Terminal, which has natural gas liquefaction facilities consisting of six operational Trains, for a total production capacity of approximately 30 mtpa of LNG (the “**SPL Project**”). The Sabine Pass LNG Terminal also has operational regasification facilities that include five LNG storage tanks, vaporizers and three marine berths. We also own and operate a 94-mile natural gas supply pipeline that interconnects the Sabine Pass LNG Terminal with several large interstate and intrastate pipelines (the “**Creole Trail Pipeline**”). As of **March 31, 2024** **June 30, 2024**, we owned 100% of the general partner interest, a 48.6% limited partner interest and 100% of the incentive distribution rights of CQP.

The Corpus Christi LNG Terminal currently has three operational Trains for a total production capacity of approximately 15 mtpa of LNG, three LNG storage tanks and two marine berths. Additionally, we are constructing an expansion of the Corpus Christi LNG Terminal (the “**Corpus Christi Stage 3 Project**”) consisting of seven midscale Trains with an expected total production capacity of over 10 mtpa of LNG. We also own a 21.5-mile natural gas supply pipeline that interconnects the Corpus Christi LNG Terminal with several large interstate and intrastate natural gas pipelines (the “**Corpus Christi Pipeline**” and together with the existing assets at the Corpus Christi LNG Terminal and the Corpus Christi Stage 3 Project, the “**CCL Project**”).

We are pursuing expansion projects to provide additional liquefaction capacity at the SPL Project and the CCL Project (collectively, the “**Liquefaction Projects**”), and we have commenced commercialization to support the additional liquefaction capacity associated with these potential expansion projects. The development of these sites or other projects, including infrastructure projects in support of natural gas supply and LNG demand, will require, among other things, acceptable commercial and financing arrangements before we make a positive FID.

**Basis of Presentation**

The accompanying unaudited Consolidated Financial Statements of Cheniere have been prepared in accordance with GAAP for interim financial information and in accordance with Rule 10-01 of Regulation S-X and reflect all normal recurring adjustments which are, in the opinion of management, necessary for a fair statement of the

financial results for the interim periods presented. Accordingly, these Consolidated Financial Statements do not include all of the information and footnotes required by GAAP for complete financial statements and should be read in conjunction with the Consolidated Financial Statements and accompanying notes included in our [annual report on Form 10-K for the fiscal year ended December 31, 2023](#).

Results of operations for the three **and six** months ended **March 31, 2024** **June 30, 2024** are not necessarily indicative of the results of operations that will be realized for the year ending December 31, 2024.

## Recent Accounting Standards

### ASU 2023-07

In November 2023, the FASB issued ASU No. 2023-07, *Segment Reporting (Topic 280)*. This guidance requires a public entity, including entities with a single reportable segment, to disclose significant segment expenses and other segment items on an annual and interim basis and provide in interim periods all disclosures about a reportable segment's profit or loss and assets that are currently required annually. We plan to adopt this guidance and conform with the applicable disclosures retrospectively when it becomes mandatorily effective for our annual report for the year ending December 31, 2024.

### ASU 2023-09

In December 2023, the FASB issued ASU No. 2023-09, *Income Taxes (Topic 740)*. This guidance further enhances income tax disclosures, primarily through standardization and disaggregation of rate reconciliation categories and income taxes paid by jurisdiction. We plan to adopt this guidance and conform with the disclosure requirements when it becomes mandatorily effective for our annual report for the year ending December 31, 2025.

Depreciation expense was \$300 million and \$296 million during the three months ended March 31, 2024 and 2023, respectively.

**NOTE 6—5—DERIVATIVE INSTRUMENTS**

We have entered into the following derivative instruments:

- commodity derivatives consisting of the following (collectively, “**Commodity Derivatives**”):
  - natural gas and power supply contracts, including those under our IPM agreements, for the development, commissioning and operation of the Liquefaction Projects and expansion projects, as well as the associated economic hedges (collectively, the “**Liquefaction Supply Derivatives**”); and,
  - LNG derivatives in which we have contractual net settlement and economic hedges on the exposure to the commodity markets in which we have contractual arrangements to purchase or sell physical LNG (collectively, “**LNG Trading Derivatives**”); and
- foreign currency exchange (“**FX**”) contracts to hedge exposure to currency risk associated with cash flows denominated in currencies other than U.S. dollar (“**FX Derivatives**”), associated with both LNG Trading Derivatives and operations in countries outside of the United States.

We recognize our derivative instruments as either assets or liabilities and measure those instruments at fair value. None of our derivative instruments are designated as cash flow, fair value or net investment hedging instruments, and changes in fair value are recorded within our Consolidated Statements of Operations to the extent not utilized for the commissioning process, in which case such changes are capitalized.

The following table shows the fair value of our derivative instruments that are required to be measured at fair value on a recurring basis, distinguished by the fair value hierarchy levels prescribed by GAAP (in millions):

Fair Value Measurements as of															
March 31, 2024				December 31, 2023				June 30, 2024				December 31, 2023			
Quoted Prices in Active Markets (Level 1)	Quoted Prices in Active Markets (Level 1)	Significant Other Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Quoted Prices in Active Markets (Level 1)	Significant Other Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Quoted Prices in Active Markets (Level 1)	Significant Other Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Quoted Prices in Active Markets (Level 1)	Significant Other Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Quoted Prices in Active Markets (Level 1)	Significant Other Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Liquefaction Supply Derivatives asset (liability)															
LNG Trading Derivatives asset (liability)															
FX Derivatives asset (liability)															

We value the Liquefaction Supply Derivatives and LNG Trading Derivatives using a market or option-based approach incorporating present value techniques, as needed, which incorporates observable commodity price curves, when available, and other relevant data. We value our FX Derivatives with a market approach using observable FX rates and other relevant data.

We include a significant portion of the Liquefaction Supply Derivatives as Level 3 within the valuation hierarchy as the fair value is developed through the use of internal models which incorporate significant unobservable inputs. In instances where observable data is unavailable, consideration is given to the assumptions that market participants may use in valuing the asset or liability. To the extent valued using an option pricing model, we consider the future prices of energy units for unobservable periods to be a significant unobservable input to estimated net fair value. In estimating the future prices of energy units, we make judgments about market risk related to liquidity of commodity indices and volatility utilizing available market data. Changes in facts and circumstances or additional information may result in revised estimates and judgments, and actual results may differ from these estimates and judgments. We derive our volatility assumptions based on observed historical settled global LNG market pricing or accepted proxies for global LNG market pricing as well as settled domestic natural gas pricing. Such volatility assumptions also contemplate, as of the balance sheet date, observable forward curve data of such indices, as well as evolving available industry data and independent studies.

In developing our volatility assumptions, we acknowledge that the global LNG industry is inherently influenced by events such as unplanned supply constraints, geopolitical incidents, unusual climate events including drought and uncommonly mild, by historical standards, winters and summers, and real or threatened disruptive

operational impacts to global energy

[Table of Contents](#)

CHENIERE ENERGY, INC. AND SUBSIDIARIES  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS—CONTINUED  
(unaudited)

mild, by historical standards, winters and summers, and real or threatened disruptive operational impacts to global energy infrastructure. Our current estimate of volatility includes the impact of otherwise rare events unless we believe market participants would exclude such events on account of their assertion that those events were specific to our company and deemed within our control. As applicable to our natural gas supply contracts, our fair value estimates incorporate market participant-based assumptions pertaining to certain contractual uncertainties, including those related to the availability of market information for delivery points, as well as the timing of satisfaction of certain events or development of infrastructure to support natural gas gathering and transport. We may recognize changes in fair value through earnings that could significantly impact our results of operations if and when such uncertainties are resolved.

The Level 3 fair value measurements of our natural gas positions within the Liquefaction Supply Derivatives could be materially impacted by a significant change in certain natural gas and international LNG prices. The following table includes quantitative information for the unobservable inputs for the Level 3 Liquefaction Supply Derivatives as of **March 31, 2024** **June 30, 2024**:

	Net Fair Value Liability (in millions)	Valuation Approach	Significant Unobservable Input	Range of Significant Unobservable Inputs / Weighted Average (1)
Liquefaction Supply Derivatives	<b>\$ (2,457)</b> (1,729)	Market approach incorporating present value techniques  Option pricing model	Henry Hub basis spread  International LNG pricing spread, relative to Henry Hub (2)	<b>\$ (1,703)</b> (2,063) - \$ 0.445 / <b>\$ (0.068)</b> \$ (0.107)  <b>87%</b> 23% - <b>50%</b> 394% / <b>192%</b> 175%

(1) Unobservable inputs were weighted by the relative fair value of the instruments.

(2) Spread contemplates U.S. dollar-denominated pricing.

Increases or decreases in basis or pricing spreads, in isolation, would decrease or increase, respectively, the fair value of the Liquefaction Supply Derivatives.

The following table shows the changes in the fair value of the Level 3 Liquefaction Supply Derivatives and LNG Trading Derivatives (in millions):

	Three Months Ended March 31,	Three Months Ended March 31,	Three Months Ended March 31,	Three Months Ended June 30,	Three Months Ended June 30,	Three Months Ended June 30,	Six Months Ended June 30,

### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS—CONTINUED

(unaudited)

- (6) Transferred out of Level 3 as a result of observable market for the underlying natural gas purchase agreements.

All existing counterparty derivative contracts provide for the unconditional right of set-off in the event of default. We have elected to report derivative assets and liabilities arising from those derivative contracts with the same counterparty and the unconditional contractual right of set-off on a net basis. The use of derivative instruments exposes us to counterparty credit risk, or the risk that a counterparty will be unable to meet its commitments, in instances when our derivative instruments are in an asset position. Additionally, counterparties are at risk that we will be unable to meet our commitments in instances where our derivative instruments are in a liability position. We incorporate both our own nonperformance risk and the respective counterparty's nonperformance risk in fair value measurements depending on the position of the derivative. In adjusting the fair value of our derivative contracts for the effect of nonperformance risk, we have considered the impact of any applicable credit enhancements, such as collateral postings, set-off rights and guarantees.

#### Commodity Derivatives

**SPL and CCL** We hold Liquefaction Supply Derivatives which are primarily indexed to the natural gas market and international LNG indices. As of **March 31, 2024** **June 30, 2024**, the remaining fixed terms of the Liquefaction Supply Derivatives ranged up to approximately 15 years, some of which commence or accelerate upon the satisfaction of certain events or development of infrastructure to support natural gas gathering and transport.

Cheniere Marketing has historically entered into, and may from time to time enter into, LNG transactions that provide for contractual net settlement. Such transactions are accounted for as LNG Trading Derivatives along with financial commodity contracts in the form of swaps or futures. The terms of LNG Trading Derivatives range up to approximately one year.

The following table shows the notional amounts of **the Liquefaction Supply Derivatives and LNG Trading Derivatives** (collectively, “**our Commodity Derivatives**”):

March 31, 2024	December 31, 2023
----------------	-------------------

(1) Inclusive of amounts under contracts with unsatisfied contractual conditions and exclusive of extension options that were uncertain to be taken as of both **March 31, 2024**, **June 30, 2024** and December 31, 2023.

The following table shows the effect and location of our Commodity Derivatives recorded on our Consolidated Statements of Operations (in millions):

(1) Fair value fluctuations associated with commodity derivative activities are classified and presented consistently with the item economically hedged and the nature and intent of the derivative instrument.

(2) Does not include the realized value associated with the Liquefaction Supply Derivatives that settle through physical delivery.

**(unaudited)**

## FX Derivatives

Cheniere Marketing holds FX Derivatives to protect against the volatility in future cash flows attributable to changes in international currency exchange rates. The FX Derivatives are executed primarily to economically hedge the foreign currency exposure arising from cash flows expended for both physical and financial LNG transactions that are denominated in a currency other than the U.S. dollar. The terms of FX Derivatives range up to approximately one year.

The total notional amount of our FX Derivatives was \$223 million \$214 million and \$789 million as of March 31, 2024 June 30, 2024 and December 31, 2023, respectively.

#### NOTE 7—6—NON-CONTROLLING INTERESTS AND VARIABLE INTEREST ENTITIES

When we consolidate our VIEs, we include 100% of the assets, liabilities, revenues and expenses of the **subsidiaries VIE** in our Consolidated Financial Statements; however, when our ownership is less than 100%, we record a non-controlling interest as a component of equity or redeemable non-controlling interest on our Consolidated Balance Sheets, which represents the third party ownership in the net assets of the respective consolidated subsidiary. Additionally, the portion of the net income or loss attributable to the non-controlling interests is reported as net income attributable to non-controlling interest on our Consolidated Statements of Operations.

Substantially all of our consolidated VIEs' assets and liabilities relate to CQP. We own a 48.6% limited partner interest in CQP, and we also own all of the 2% general partner interest and 100% of the incentive distribution rights in the form of 239.9 million common units, with the CQP. The remaining 49.4% non-controlling limited partner interest in CQP is held by affiliates of Blackstone Inc. and Brookfield Asset Management, Inc. ("Brookfield") as well as the public. We also own 100% of the general partner interest and the incentive distribution rights in CQP.

(1) The margin on the interest rate and the commitment fees is subject to change based on the applicable entity's credit rating.

(2) The CCH Credit Facility matures the earlier of June 15, 2029 or two years after the substantial completion of the last Train of the Corpus Christi Stage 3 Project.

In addition, as of June 30, 2024, Cheniere Marketing had trade finance facilities with no outstanding borrowings and \$65 million in standby letters of credit and bank guarantees issued.

## Restrictive Debt Covenants

The indentures governing our senior notes and other agreements underlying our debt contain customary terms and events of default and certain covenants that, among other things, may limit us, our subsidiaries' and its restricted subsidiaries' ability to make certain investments or pay dividends or distributions. SPL and CCH are restricted from making distributions under agreements governing their respective indebtedness generally until, among other requirements, appropriate reserves have been established for debt service using cash or letters of credit and a historical debt service coverage ratio and projected debt service coverage ratio of at least 1.25:1.00 is satisfied.

As of **March 31, 2024** **June 30, 2024**, each of our issuers was in compliance with all covenants related to their respective debt agreements.

(unaudited)

**Fair Value Disclosures**

The following table shows the carrying amount and estimated fair value of our senior notes (in millions):

	March 31, 2024		December 31, 2023	
	Carrying Amount	Estimated Fair Value (1)	Carrying Amount	Estimated Fair Value (1)
	\$	\$	\$	\$
Senior notes	\$ 25,238	\$ 24,288	\$ 23,888	\$ 23,062
June 30, 2024				
	Carrying Amount	Estimated Fair Value (1)	Carrying Amount	Estimated Fair Value (1)
	\$	\$	\$	\$
	\$ 23,597	\$ 22,569	\$ 23,888	\$ 23,062

(1) As of both **March 31, 2024**, **June 30, 2024** and December 31, 2023, \$3.0 billion of the fair value of our senior notes **were** **was** classified as Level 3 since these senior notes were valued by applying an unobservable illiquidity adjustment to the price derived from trades or indicative bids of instruments with similar terms, maturities and credit standing. The remainder **of the fair value** of our senior notes are classified as Level 2, based on prices derived from trades or indicative bids of the instruments.

The estimated fair value of our credit facilities approximates the principal amount outstanding because the interest rates are variable and reflective of market rates and the debt may be repaid, in full or in part, at any time without penalty.

**NOTE 10—9—LEASES**

We are the lessee of LNG vessels leased under time charters (“**vessel charters**”) as well as tug vessels, office space and facilities, **land sites and land sites, other equipment**. All of our leases where we are the lessee are classified as operating leases except for certain of our vessel charters, tug vessels and **marine other** equipment, which are classified as finance leases.

The following table shows the classification and location of our right-of-use assets and lease liabilities on our Consolidated Balance Sheets (in millions):

	Consolidated Balance Sheets Location	March 31,		December 31,	
		2024		2023	
Right-of-use assets—Operating	Operating lease assets	\$ 2,924		\$ 2,641	
	Property, plant and equipment, net of accumulated depreciation		456		469
Right-of-use assets—Financing					
Total right-of-use assets		\$ 3,380		\$ 3,110	
Current operating lease liabilities	Current operating lease liabilities	\$ 678		\$ 655

### CHENIERE ENERGY, INC. AND SUBSIDIARIES

#### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS—CONTINUED (unaudited)

##### Transaction Price Allocated to Future Performance Obligations

Because many of our sales contracts have long-term durations, we are contractually entitled to significant future consideration which we have not yet recognized as revenue. The following table discloses the aggregate amount of the transaction price that is allocated to performance obligations that have not yet been satisfied:

	March 31, 2024		December 31, 2023			March 31, 2024		December 31, 2023	
	Unsatisfied Transaction Price (in billions)	Unsatisfied Transaction Price (in billions)	Weighted Average Recognition Timing (years) (1)	Unsatisfied Transaction Price (in billions)	Weighted Average Recognition Timing (years) (1)	Unsatisfied Transaction Price (in billions)	Weighted Average Recognition Timing (years) (1)	Unsatisfied Transaction Price (in billions)	Weighted Average Recognition Timing (years) (1)
LNG revenues (2)	LNG revenues (2)	\$109.3	9	9	\$111.0	9	LNG 9 revenues (2)	\$107.8	9
Regasification revenues	Regasification revenues	0.6	3	3	0.7	3	Regasification 3 revenues	0.6	3
Total revenues								\$111.0	9

- (1) The weighted average recognition timing represents an estimate of the number of years during which we shall have recognized half of the unsatisfied transaction price.
- (2) We may enter into contracts to sell LNG that are conditioned upon one or both of the parties achieving certain milestones such as reaching FID on a certain liquefaction Train, obtaining financing or achieving substantial completion of a Train and any related facilities. These contracts are included in the transaction price above when the conditions are considered probable of being met and consideration is not otherwise constrained from ultimate pricing and receipt.

The following potential future sources of revenue are omitted from the table above under exemptions we have elected: (1) all performance obligations that are part of a contract that has an original expected duration of one year or less and (2) substantially all variable consideration under our SPAs and TUAs as well as variable consideration that is allocated entirely to a wholly unsatisfied performance obligation or to a wholly unsatisfied promise to transfer a distinct good or service that forms part of a single performance obligation when that performance obligation qualifies as a series. The amount of revenue from variable fees that is not included in the transaction price will vary based on the future prices of the underlying variable index, primarily Henry Hub, throughout the contract terms, to the extent customers elect to take delivery of their LNG, and adjustments to the consumer price index. Certain of our contracts contain additional variable consideration based on the outcome of contingent events and the movement of various indexes. We have not included such variable consideration in the transaction price to the extent the consideration is considered constrained due to the uncertainty of ultimate pricing and receipt. Additionally, we have excluded variable consideration related to volumes that are contractually subject to additional liquefaction capacity beyond what is currently in construction or operation.

The following table summarizes the amount of variable consideration earned under contracts with customers included in the table above:

	Three Months Ended March 31,	
	2024	2023
LNG revenues	60 %	59 %
Regasification revenues	8 %	7 %

#### NOTE 13—12—INCOME TAXES

We recorded an income tax provision of \$109 million and \$1.3 billion during the three and six months ended March 31, 2024 and June 30, 2024, respectively, and an income tax provision of \$363 million and \$1.7 billion for the same periods of 2023, respectively, which was calculated using the annual effective tax rate method.

Our effective tax rate was 11.5% and 17.0% for the three and six months ended March 31, 2024 and June 30, 2024, respectively, as compared to 17.5% and 17.1% for the same periods of 2023, respectively. The effective tax rate for the periods was lower than the statutory rate of 21.0% primarily due to CQP's income that is not taxable to us.

## ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

### Information Regarding Forward-Looking Statements

This quarterly report contains certain statements that are, or may be deemed to be, "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended (the "**Securities Act**"), and Section 21E of the Securities Exchange Act of 1934, as amended (the "**Exchange Act**"). All statements, other than statements of historical or present facts or conditions, included herein or incorporated herein by reference are "forward-looking statements." Included among "forward-looking statements" are, among other things:

- statements that we expect to commence or complete construction of our proposed LNG terminals, liquefaction facilities, pipeline facilities or other projects, or any expansions or portions thereof, by certain dates, or at all;
- statements regarding future levels of domestic and international natural gas production, supply or consumption or future levels of LNG imports into or exports from North America and other countries worldwide or purchases of natural gas, regardless of the source of such information, or the transportation or other infrastructure or demand for and prices related to natural gas, LNG or other hydrocarbon products;
- statements regarding any financing transactions or arrangements, or our ability to enter into such transactions;
- statements relating to Cheniere's capital deployment, including intent, ability, extent and timing of capital expenditures, debt repayment, dividends, share repurchases and execution on the capital allocation plan;
- statements regarding our future sources of liquidity and cash requirements;
- statements relating to the construction of our Trains and pipelines, including statements concerning the engagement of any EPC contractor or other contractor and the anticipated terms and provisions of any agreement with any EPC or other contractor, and anticipated costs related thereto;
- statements regarding any SPA or other agreement to be entered into or performed substantially in the future, including any revenues anticipated to be received and the anticipated timing thereof, and statements regarding the amounts of total LNG regasification, natural gas liquefaction or storage capacities that are, or may become, subject to contracts;
- statements regarding counterparties to our commercial contracts, construction contracts and other contracts;
- statements regarding our planned development and construction of additional Trains or pipelines, including the financing of such Trains or pipelines;
- statements that our Trains, when completed, will have certain characteristics, including amounts of liquefaction capacities;
- statements regarding our business strategy, our strengths, our business and operation plans or any other plans, forecasts, projections, or objectives, including anticipated revenues, capital expenditures, maintenance and operating costs and cash flows, any or all of which are subject to change;
- statements relating to our goals, commitments and strategies in relation to environmental matters;
- statements regarding legislative, governmental, regulatory, administrative or other public body actions, approvals, requirements, permits, applications, filings, investigations, proceedings or decisions;
- statements regarding our anticipated LNG and natural gas marketing activities; and
- any other statements that relate to non-historical or future information.

All of these types of statements, other than statements of historical or present facts or conditions, are forward-looking statements. In some cases, forward-looking statements can be identified by terminology such as "may," "will," "could," "should," "achieve," "anticipate," "believe," "contemplate," "continue," "estimate," "expect," "intend," "plan," "potential," "predict," "project," "pursue," "target," the negative of such terms or other comparable terminology. The forward-looking statements contained in this quarterly report are largely based on our expectations, which reflect estimates and assumptions made by our management. These estimates and assumptions reflect our

best judgment based on currently known market conditions and other factors. Although we believe that such estimates are reasonable, they are inherently uncertain and involve a number of risks and uncertainties beyond our control. In addition, assumptions may prove to be inaccurate. We caution that

the forward-looking statements contained in this quarterly report are not guarantees of future performance and that such statements may not be realized or the forward-looking statements or events may not occur. Actual results may differ materially from those anticipated or implied in forward-looking statements as a result of a variety of factors described in this quarterly report and in the other reports and other information that we file with the SEC, including those discussed under "Risk Factors" in our [annual report on Form 10-K for the fiscal year ended December 31, 2023](#). All forward-looking statements attributable to us or persons acting on our behalf are expressly qualified in their entirety by these risk factors. These forward-looking statements speak only as of the date made, and other than as required by law, we undertake no obligation to update or revise any forward-looking statement or provide reasons why actual results may differ, whether as a result of new information, future events or otherwise.

#### **Introduction**

The following discussion and analysis presents management's view of our business, financial condition and overall performance and should be read in conjunction with our Consolidated Financial Statements and the accompanying notes. This information is intended to provide investors with an understanding of our past performance, current financial condition and outlook for the future.

Our discussion and analysis includes the following subjects:

- [Overview](#)
- [Overview of Significant Events](#)
- [Results of Operations](#)
- [Liquidity and Capital Resources](#)
- [Summary of Critical Accounting Estimates](#)
- [Recent Accounting Standards](#)

#### **Overview**

Cheniere, a Delaware corporation, is a Houston-based energy infrastructure company primarily engaged in LNG-related businesses. We provide clean, secure and affordable LNG to integrated energy companies, utilities and energy trading companies around the world. We aspire to conduct our business in a safe and responsible manner, delivering a reliable, competitive and integrated source of LNG to our customers.

LNG is natural gas (methane) in liquid form. The LNG we produce is shipped all over the world, converted back into natural gas (called "regasification") and then transported via pipeline to homes and businesses and used as an energy source that is essential for heating, cooking, other industrial uses and back up for intermittent energy sources. Natural gas is a cleaner-burning, abundant and affordable source of energy. When LNG is converted back to natural gas, it can be used instead of coal, which reduces the amount of pollution traditionally produced from burning fossil fuels, like sulfur dioxide and particulate matter that enters the air we breathe. Additionally, compared to coal, it produces significantly fewer carbon emissions. By liquefying natural gas, we are able to reduce its volume by 600 times so that we can load it onto special LNG carriers designed to keep the LNG cold and in liquid form for efficient transport overseas.

We are the largest producer of LNG in the United States and we ~~were are~~ are the second largest LNG operator globally, based on the total production capacity of our liquefaction facilities, which totaled approximately 45 mtpa as of ~~March 31, 2024~~ June 30, 2024.

We own and operate a natural gas liquefaction and export facility located in Cameron Parish, Louisiana at Sabine Pass (the "**Sabine Pass LNG Terminal**"), one of the largest LNG production facilities in the world, through our ownership interest in and management agreements with CQP, which is a publicly traded limited partnership that we formed in 2007. As of ~~March 31, 2024~~ June 30, 2024, we owned 100% of the general partner interest, a 48.6% limited partner interest and 100% of the incentive distribution rights of CQP. The Sabine Pass LNG Terminal has six operational Trains, for a total production capacity of approximately 30 mtpa of LNG (the "**SPL Project**"). The Sabine Pass LNG Terminal also has operational regasification facilities that include five LNG storage tanks with aggregate capacity of approximately 17 Bcfe and vaporizers with regasification capacity of approximately 4 Bcf/d, as well as three marine berths, two of which can accommodate vessels with nominal capacity of up to 266,000 cubic meters and the third berth which can accommodate vessels with nominal capacity of

#### [Table of Contents](#)

up to 200,000 cubic meters. We also own and operate a 94-mile natural gas supply pipeline that interconnects the Sabine Pass LNG Terminal with several large interstate and intrastate pipelines (the “**Creole Trail Pipeline**”).

Additionally, we own and operate a natural gas liquefaction and export facility located near Corpus Christi, Texas (the “**Corpus Christi LNG Terminal**”) through CCL, which currently has natural gas liquefaction facilities consisting of three operational Trains for a total production capacity of approximately 15 mtpa of LNG, three LNG storage tanks with aggregate capacity of approximately 10 Bcfe and two marine berths that can each accommodate vessels with nominal capacity of up to 266,000 cubic meters. We are constructing an expansion of the Corpus Christi LNG Terminal (the “**Corpus Christi Stage 3 Project**”) consisting of seven midscale Trains with an expected total production capacity of over 10 mtpa of LNG. We also own and operate a 21.5-mile natural gas supply pipeline that interconnects the Corpus Christi LNG Terminal with several large interstate and intrastate natural gas pipelines (the “**Corpus Christi Pipeline**” and together with the existing assets at the Corpus Christi LNG Terminal and the Corpus Christi Stage 3 Project, the “**CCL Project**”).

Our long-term customer arrangements form the foundation of our business and provide us with significant, stable, long-term cash flows. We have contracted substantially all of our anticipated production capacity under SPAs, in which our customers are generally required to pay a fixed fee with respect to the contracted volumes irrespective of their election to cancel or suspend deliveries of LNG cargoes, and under IPM agreements, in which a gas producer sells natural gas to us on a global LNG or natural gas index price, less a fixed liquefaction fee, shipping and other costs. The SPAs also have a variable fee component, which is generally structured to cover the cost of natural gas purchases, transportation and liquefaction fuel consumed to produce LNG. Since we procure most of our feedstock for LNG production from the U.S., the structure of these contracts helps limit our exposure to fluctuations in U.S. natural gas prices. Through our SPAs and IPM agreements, we have contracted approximately 95% of the total anticipated production from the SPL Project and the CCL Project (collectively, the “**Liquefaction Projects**”) through the mid-2030s with approximately 16 years of weighted average remaining life as of **March 31, 2024** **June 30, 2024**, excluding volumes from contracts with terms less than 10 years and volumes that are contractually subject to additional liquefaction capacity beyond what is currently in construction or operation. We also market and sell LNG produced by the Liquefaction Projects that is not contracted by CCL or SPL through our integrated marketing function.

We remain focused on safety, operational excellence and customer satisfaction. Increasing demand for LNG has allowed us to expand our liquefaction infrastructure in a financially disciplined manner. We have increased available liquefaction capacity at our Liquefaction Projects as a result of debottlenecking and other optimization projects. We believe these factors provide a foundation for additional growth in our portfolio of customer contracts in the future. We hold significant land positions at both the Sabine Pass LNG Terminal and the Corpus Christi LNG Terminal, which provide opportunity for further liquefaction capacity expansion. In March 2023, certain of our subsidiaries submitted an application with the FERC under the Natural Gas Act (the “**NGA**”) for an expansion adjacent to the CCL Project consisting of two midscale Trains with an expected total production capacity of approximately 3 mtpa of LNG (the “**CCL Midscale Trains 8 & 9 Project**”). Additionally, we are developing an expansion adjacent to the SPL Project with a total production capacity of up to approximately 20 mtpa of LNG, inclusive of estimated debottlenecking opportunities (the “**SPL Expansion Project**”). In February 2024, certain subsidiaries of CQP submitted an application to the FERC under the NGA for authorization to site, construct and operate the SPL Expansion Project, as well as an application to the DOE requesting authorization to export LNG to FTA countries and non-FTA countries, both of which applications exclude debottlenecking. The development of the CCL Midscale Trains 8 & 9 Project, the SPL Expansion Project or other projects, including infrastructure projects in support of natural gas supply and LNG demand, will require, among other things, acceptable commercial and financing arrangements before we make a positive FID.

Additionally, we are committed to the management of our most important ESG impacts, risks and opportunities. In August 2023, we published *The Power of Connection*, our fourth Corporate Responsibility (“**CR**”) report, which details our approach and progress on ESG matters. Our CR report is available at [cheniere.com/our-responsibility/reporting-center](http://cheniere.com/our-responsibility/reporting-center). Information on our website, including the CR report, is not incorporated by reference into this Quarterly Report on Form 10-Q.

## Overview of Significant Events

Our significant events since January 1, 2024 and through the filing date of this Form 10-Q include the following:

### Strategic

- In July 2024, Cheniere Marketing entered into a long-term SPA with Galp Trading S.A. (“**Galp**”), a subsidiary of Galp Energia, SGPS, S.A., under which Galp has agreed to purchase approximately 0.5 mtpa of LNG from Cheniere

### [Table of Contents](#)

Marketing on a free-on-board basis. Deliveries are expected to commence in the early 2030s and are subject to, among other things, a positive Final Investment Decision with respect to the second train of the SPL Expansion Project.

- In June 2024, we received a positive Environmental Assessment from the FERC relating to the CCL Midscale Trains 8 & 9 Project. We expect to receive all remaining necessary regulatory approvals for the project in 2025.
- In February 2024, certain subsidiaries of CQP submitted an application to the FERC under the NGA for authorization to site, construct and operate the SPL Expansion Project, as well as an application to the DOE

requesting authorization to export LNG to FTA countries and non-FTA countries, both of which applications exclude debottlenecking.

#### Operational

- As of **April 25, 2024** **August 2, 2024**, **over 3,400** **approximately 3,570** cumulative LNG cargoes totaling over **230 million** **245 million** tonnes of LNG have been produced, loaded and exported from the Liquefaction Projects.

#### Financial

- In June 2024, we announced updates to our '20/20 Vision' comprehensive long-term capital allocation plan, which included an increase to our share repurchase authorization by \$4 billion through 2027 and, subject to declaration by our Board of Directors, an increase to our quarterly dividend by approximately 15% to \$2.00 per common share annualized, commencing with the third quarter of 2024.
- In May 2024, CQP issued \$1.2 billion aggregate principal amount of 5.750% Senior Notes due 2034 (the "2034 CQP Senior Notes"). In June 2024, the net proceeds, together with cash on hand, were used to retire \$1.2 billion outstanding aggregate principal amount of SPL's 5.625% Senior Secured Notes due 2025 (the "2025 SPL Senior Notes").
- In May 2024, in connection with the 2034 CQP Senior Notes issuance, Moody's Ratings ("Moody's") upgraded CQP's issuer credit rating to Baa2 from Ba1 and revised CQP's outlook to stable from positive. Moody's also upgraded SPL's issuer credit rating to Baa1 from Baa2 and revised SPL's outlook to stable from positive. In July 2024, Fitch Ratings upgraded CCH's issuer credit rating to BBB+ from BBB with a stable outlook.
- In March 2024, Cheniere issued \$1.5 billion aggregate principal amount of 5.650% Senior Notes due 2034 (the "2034 Cheniere Senior Notes"). The net proceeds from the 2034 Cheniere Senior Notes, together with cash on hand, were used in April 2024 to retire the approximately \$1.5 billion outstanding aggregate principal amount of CCH's 5.875% Senior Secured Notes due 2025 (the "2025 CCH Senior Notes").
- During the three **and six** months ended **March 31, 2024** **June 30, 2024**, we accomplished the following pursuant to our capital allocation priorities:
  - We repurchased **over 3.1 million** and **approximately 7.5 million** **10.7 million** shares of our common stock, **respectively**, as part of our share repurchase program for approximately **\$1.2 billion** **\$496 million** and **\$1.7 billion**, respectively.
  - SPL **prepaid repaid** \$150 million and \$300 million, **respectively**, of outstanding aggregate principal amount of its 5.750% Senior Secured Notes due 2024.
  - We paid **a dividend** **dividends** of \$0.435 and \$0.870 per share, **respectively**, of common stock.
  - We continued to invest in accretive organic growth, including our investment in the Corpus Christi Stage 3 Project, as further described under *Investing Cash Flows* in [Sources and Uses of Cash](#) within Liquidity and Capital Resources.

#### Results of Operations

#### **Net income attributable to Cheniere**

Substantially all of the unfavorable variance of \$4.9 billion in net net income attributable to Cheniere declined \$489 million and \$5.4 billion for the three and six months ended March 31, 2024 June 30, 2024, respectively, as compared to the same period periods of 2023. There was a \$630 million and \$2.6 billion decrease in LNG revenues, net of cost of sales and excluding the effect of derivatives, for the three and six months ended June 30, 2024, respectively, as compared to the same periods of 2023, the majority of which was attributable to declining international LNG and gas prices and a reduction of volumes sold under short-term agreements as a higher proportion of our LNG was sold under long-term contracts, as further described in *Revenues* below. The decline between the six month periods was primarily attributable to unfavorable changes in fair value and settlements of derivatives of \$4.9 billion \$5.0 billion (before tax and the impact of non-controlling interest) between the periods. The majority of the derivative variance was due to non-recurrence of a prior period gain, principally attributable to our IPM agreements, which changed where the associated gains decreased from a gain of \$4.0 \$4.6 billion in during the three six months ended March 31, 2023 June 30, 2023 to a loss of \$295 \$582 million in during the three six months ended March 31, 2024 June 30, 2024, mainly due to moderation the impact on fair value of moderating changes in volatility in international gas prices in the current period relative to the same period of 2023.

Additionally, there was a \$1.9 billion decrease in LNG revenues, net of cost of sales and excluding the aforementioned effect of derivatives, the majority of which was attributable to lower margins on LNG delivered as further described in *Revenues* below. The These unfavorable variance was variances were partially offset by:

- \$1.2153 million and \$1.4 billion favorable variance variances in income tax provision between the three and six months ended June 30, 2024, respectively, as compared to the same periods of 2023, primarily due to lower taxable earnings; and
- \$66456 million favorable variance and \$720 million reduction in net income attributable to non-controlling interest between the three and six months ended June 30, 2024, respectively, as compared to the same periods of 2023, substantially all of which is due to a decrease in CQP's consolidated net income between the comparable periods from nonrecurrence decreased revenues, net

#### [Table of favorable Contents](#)

of cost of sales, between the three month periods and from declining gains from changes in fair value and settlements of derivatives between the six month periods.

The following is an additional discussion of the significant drivers of the variance in net income attributable to common stockholders by line item:

#### **Revenues**

The decrease decreases of \$3.1 \$851 million and \$3.9 billion between the three and six months ended March 31, 2024 June 30, 2024, respectively, as compared to the same period periods of 2023 was were primarily attributable to:

- \$2.3940 million and \$3.3 billion decrease decreases in revenues generated by our marketing function under short-term agreements between the three and six month periods, respectively, due to moderating declining international LNG and gas prices and a reduction of volumes sold under short-term agreements as a result

of additional long-term agreements commencing **in after the current period; second quarter of 2023; and**

- **\$697** **694** million decrease in revenues attributable to declining Henry Hub pricing **between the six month periods**, to which the majority of our long-term LNG sales contracts are indexed.

**Table** **Although there was a decrease in revenue from Henry Hub pricing between the three month periods, it was mostly offset by the increase in volume from the higher proportion of Contenstour volumes sold under long-term agreements.**

#### **Operating costs and expenses (recoveries)**

**The \$3.8 billion unfavorable** There was a \$131 million favorable variance between the three months ended **March 31, 2024** **June 30, 2024** and 2023 primarily as compared a result of a \$307 million decrease in cost of natural gas feedstock largely due to lower U.S. natural gas prices, partially offset by a \$176 million unfavorable variance from changes in fair value and settlements of derivatives included in cost of sales.

There was a \$3.6 billion unfavorable variance between the same period of six months ended June 30, 2024 and 2023 was primarily attributable to a **\$4.9** **\$5.1** billion unfavorable variance from changes in fair value and settlements of derivatives included in cost of sales, sales. \$4.0 billion of such unfavorable variance resulted from a \$4.6 billion gain in the three months ended March 31, 2023 to a \$287 million loss in the three months ended March 31, 2024, primarily due to moderating volatility in international gas prices during the current period, resulting in decreased non-cash gain in fair value of our commodity derivatives IPM agreements indexed to such prices during the three months ended March 31, 2024, specifically associated with our IPM agreements six month periods, as described above under the caption *Net income attributable to Cheniere*. Cheniere, and the remainder of the variance resulted from decreased gains from changes in fair value and settlements of the derivatives associated with other term supply natural gas and power supply contracts. This unfavorable variance was partially offset by a **\$1.1 billion** **\$1.4 billion** decrease between the periods in cost of sales excluding the effect of derivative changes described above, primarily as a result of a **\$948 million** **\$1.3 billion** decrease in cost of natural gas feedstock largely due to lower U.S. natural gas prices.

#### **Other income (expense)**

The \$34 million \$22 million and \$56 million favorable variance variances between the three and six months ended **March 31, 2024** **June 30, 2024**, respectively, as compared to the same period periods of 2023 was were primarily attributable to:

- \$31.34 million decrease and \$65 million decreases in interest expense, net of capitalized interest, between the three and six month periods, respectively, primarily due to an increase increases in the extent of interest costs qualifying for capitalization, given the higher carrying value of assets under construction, construction, and additionally due to lower overall interest cost due to debt reduction activities associated with our long-term capital allocation plan.
- \$26.7 million and \$27 million increases in loss on modification or extinguishment of debt between the three and six month periods, respectively, from debt reduction activities, as further detailed under *Financing Cash Flows* in *Sources and Uses of Cash* within Liquidity and Capital Resources.
- \$8 million decrease in interest and dividend income between the three month periods as a result of lower average cash and cash equivalents balances between the respective periods, partially offset by higher interest rates in 2024, and a \$19 million increase in interest and dividend income between the six month periods as a result of higher interest income earned on cash and cash equivalents from higher interest rates in 2024.

For the three months ended March 31, 2023, we recognized a \$20 million gain on extinguishment

**Table of debt related to the repurchase of a portion of CCH's senior notes at prices below par. Such gain did not recur in 2024, partially offsetting the favorable variances referenced above.** [Contents](#)

#### **Income tax provision**

The \$1.2 \$153 million and \$1.4 billion favorable variance variances between the three and six months ended **March 31, 2024** **June 30, 2024**, respectively, as compared to the same period periods of 2023, was were primarily attributable to a decrease decreases in pre-tax income.

We recorded an income tax provision of \$210 million and \$319 million during the three and six months ended June 30, 2024, respectively, and an income tax provision of \$363 million and \$1.7 billion for the same periods of 2023, respectively, which was calculated using the annual effective tax rate method.

Additionally, our Our effective tax rate was **11.5%** **15.3%** and **17.0%** **13.8%** for the three and six months ended **March 31, 2024** **June 30, 2024**, respectively, as compared to 17.5% and 17.1% for the same periods of 2023, respectively. The effective tax rate for both the three months ended March 31, 2024 and 2023 periods was lower than the statutory rate of **21%** **21.0%** primarily due to CQP's income that is not taxable to us. Our effective tax rate decreased between both comparable periods because a larger percentage of pre-tax income was attributable to CQP's income that is not taxable to us.

#### **Net income attributable to non-controlling interests**

The \$664 \$56 million and \$720 million decrease decreases between the three and six months ended **March 31, 2024** **June 30, 2024**, respectively, as compared to the same period periods of 2023 was were attributable to a **\$1.3 billion** **\$52 million** decrease in CQP's consolidated net income between the three months ended March 31, 2024 month periods primarily from decreased revenues, net of cost of sales, and 2023 that was substantially all due to a \$1.3 billion decrease in CQP's consolidated net

income between the nonrecurrence of favorable six month periods primarily from unfavorable changes in fair value and settlements of derivatives, between of which \$1.0 billion was related to the periods. IPM agreement with Tourmaline Oil Marketing Corp.

#### Significant factors factor affecting our results of operations

Below are is a significant factors factor that affect affects our results of operations.

##### Gains and losses on derivative instruments

Derivative instruments, which in addition to managing exposure to commodity-related marketing and price risks are utilized to manage exposure to changing interest rates and foreign exchange volatility, are reported at fair value on our Consolidated Financial Statements. For commodity derivative instruments related to our IPM agreements, the underlying LNG sales being economically hedged are accounted for under the accrual method of accounting, whereby revenues expected to be derived from the future LNG sales are recognized only upon delivery or realization of the underlying transaction. Notwithstanding the operational intent to mitigate risk exposure over time, the recognition of derivative instruments at fair value has the effect of recognizing gains or losses relating to future period exposure, and given the significant volumes, long-term duration and volatility in price basis for certain of our derivative contracts, the use of derivative instruments may result in continued volatility of our results of operations based on changes in market pricing, counterparty credit risk and other relevant

##### Table of Contents

factors that may be outside of our control. For example, as described in [Note 6—5—Derivative Instruments](#) of our Notes to Consolidated Financial Statements, the fair value of the Liquefaction Supply Derivatives and LNG Trading Derivatives incorporates, as applicable, to our natural gas supply contracts, market participant-based assumptions pertaining to certain contractual uncertainties, including those related to the availability of market information for delivery points, which may require future development of infrastructure, as well as the timing of satisfaction of certain events or development of infrastructure to support natural gas gathering and transport. We may recognize changes in fair value through earnings that could significantly impact our results of operations if and when such uncertainties are resolved.

##### Table of Contents

#### Liquidity and Capital Resources

The following information describes our ability to generate and obtain adequate amounts of cash to meet our requirements in the short term and the long term. In the short term, we expect to meet our cash requirements using operating cash flows and available liquidity, consisting of cash and cash equivalents, restricted cash and cash equivalents and available commitments under our credit facilities. Additionally, we expect to meet our long term cash requirements by using operating cash flows and other future potential sources of liquidity, which may include debt and equity offerings by us or our subsidiaries. The table below provides a summary of our available liquidity (in millions). Future material sources of liquidity are discussed below.

	March 31, June 30, 2024
Cash and cash equivalents (1)	\$ 4,411 2,442
Restricted cash and cash equivalents (1)	427 512
Available commitments under our credit facilities (2):	
SPL Revolving Credit Facility	728 762
CQP Revolving Credit Facility	1,000
CCH Credit Facility	3,260
CCH Working Capital Facility	1,345 1,390
Cheniere Revolving Credit Facility	1,250
Total available commitments under our credit facilities	7,583 7,662
Total available liquidity	\$ 12,421 10,616

(1) Amounts presented include balances held by our consolidated variable interest entities ("VIEs"), as discussed in [Note 7—6—Non-controlling Interests and Variable Interest Entities](#) of our Notes to Consolidated Financial Statements. As of [March 31, 2024](#) June 30, 2024, assets of our VIEs, which are included in our Consolidated Balance Sheets, included \$333 million \$351 million of cash and cash equivalents and \$64 million \$79 million of restricted cash and cash equivalents. In April 2024, \$1.5 billion of cash was used to retire the approximately \$1.5 billion outstanding aggregate principal amount of the 2025 CCH Senior Notes.

(2) Available commitments represent total commitments less loans outstanding and letters of credit issued under each of our credit facilities as of **March 31, 2024** **June 30, 2024**. See [Note 9—8—Debt](#) of our Notes to Consolidated Financial Statements for additional information on our credit facilities and other debt instruments.

Our liquidity position subsequent to **March 31, 2024** **June 30, 2024** will be driven by future sources of liquidity and future cash requirements. For a discussion of our future sources and uses of liquidity, see the liquidity and capital resources disclosures in our [annual report on Form 10-K for the fiscal year ended December 31, 2023](#).

Although our sources and uses of cash are presented below from a consolidated standpoint, SPL, CQP, CCH and Cheniere operate with independent capital structures. Certain restrictions or requirements under debt and equity instruments executed by our subsidiaries limit **each** the entity's ability to distribute use of cash, including the following:

- SPL and CCH are required to deposit all cash received into restricted cash and cash equivalents accounts under certain of their debt agreements. The usage or withdrawal of such cash is restricted to the payment of liabilities related to the Liquefaction Projects and other restricted payments. In addition, SPL and CCH's operating costs are managed by our subsidiaries under affiliate agreements, which may require SPL and CCH to advance cash to the respective affiliates, however the cash remains restricted for operation and construction of the Liquefaction Projects;
- CQP is required under its partnership agreement to distribute to unitholders all available cash on hand at the end of a quarter less the amount of any reserves established by its general partner. Beginning with the distribution paid in the

[Table of Contents](#)

second quarter of 2022, quarterly distributions by CQP are currently comprised of a base amount plus a variable amount equal to the remaining available cash per unit, which takes into consideration, among other things, amounts reserved for annual debt repayment and capital allocation goals, anticipated capital expenditures to be funded with cash, and cash reserves to provide for the proper conduct of CQP's business;

- Our 48.6% limited partner interest, 100% general partner interest and incentive distribution rights in CQP limit our right to receive cash held by CQP to the amounts specified by the provisions of CQP's partnership agreement; and
- SPL and CCH are restricted by affirmative and negative covenants included in certain of their debt agreements in their ability to make certain payments, including distributions, unless specific requirements are satisfied.

[Table of Contents](#)

Despite the restrictions noted above, we believe that sufficient flexibility exists within the Cheniere complex to enable each independent capital structure to meet its currently anticipated cash requirements. The sources of liquidity at SPL, CQP and CCH primarily fund the cash requirements of the respective entity, and any remaining liquidity not subject to restriction, as supplemented by liquidity provided by Cheniere Marketing, is available to enable Cheniere to meet its cash requirements.

### **Corpus Christi Stage 3 Project**

The following table summarizes the project completion and construction status of the Corpus Christi Stage 3 Project as of **March 31, 2024** **June 30, 2024**:

Overall project completion percentage	55.9%	62.4%
Completion percentage of:		
Engineering	89.3%	93.7%
Procurement	74.8%	80.3%
Subcontract work	75.4%	83.9%
Construction	16.5%	24.4%
Date of expected substantial completion	1H 2025 - 2H 2026	

### **Sources and Uses of Cash**

The following table summarizes the sources and uses of our cash, cash equivalents and restricted cash and cash equivalents (in millions). The table presents capital expenditures on a cash basis; therefore, these amounts differ from the amounts of capital expenditures, including accruals, which are referred to elsewhere in this report. Additional discussion of these items follows the table.

Net increase in cash, cash equivalents and restricted cash and cash equivalents			
Net increase (decrease) in cash, cash equivalents and restricted cash and cash equivalents			
<i>Operating Cash Flows</i>			

The \$2.2 billion \$2.6 billion decrease between the periods was primarily related to lower cash receipts from the sale of LNG cargoes due to a reduction in both pricing per MMBtu and volumes sold under short-term agreements, although this exposed us less to declining international LNG and gas prices in the current year as a higher proportion of our LNG was sold under long-term agreements. The decrease was partially offset by lower cash outflows for natural gas feedstock, mostly due to lower U.S. natural gas prices.

We became subject to the 15% CAMT beginning in 2024. Accordingly, our U.S. federal income tax obligations are expected to accelerate relative to prior periods, subject to and conditioned on variability in our pre-tax GAAP income, including period-to-period volatility attributable to changes in the fair value of our derivative instruments. As any accelerated CAMT tax liability provides an offsetting credit against our regular U.S. federal income tax liability for future years, we expect that any future impact will be limited to timing differences. Please refer to our [annual report on Form 10-K for the fiscal year ended December 31, 2023](#) for additional discussion of the potential impacts of CAMT on our future liquidity.

#### [Table of Contents](#)

#### *Investing Cash Flows*

Our investing net cash outflows in both periods primarily were for the construction costs for the Corpus Christi Stage 3 Project, which were \$509 \$909 million during the three six months ended March 31, 2024 June 30, 2024 compared to \$543 \$729 million in the comparable period of 2023. We expect to incur a similar level of capital expenditures in future periods the second half of the year as construction work progresses on the Corpus Christi Stage 3 Project.

#### [Table of Contents](#)

#### *Financing Cash Flows*

The following table summarizes our financing activities (in millions):

	2024	2024	2023	2024	2023
	Three Months Ended March 31,		Six Months Ended June 30,		
Proceeds from issuances of debt					
Redemptions, repayments and repurchases of debt

Dividends to stockholders	
Other, net	
Net cash used in financing activities	

*Debt Issuances*

During the three months ended March 31, 2024, we issued an aggregate principal amount of \$1.5 billion of 2034 Cheniere Senior Notes, the proceeds of which were used to retire the outstanding aggregate principal amount of approximately \$1.5 billion of the 2025 CCH Senior Notes. As of March 31, 2024, the only debt maturing in 2024 was the remaining \$150 million outstanding of the 5.750% Senior Secured Notes due 2024 (the "2024 SPL Senior Notes"). We did not have any debt issuances or borrowings during the three months ended March 31, 2023. (in millions):

	Six Months Ended June 30,

#### Repurchase of Common Stock

During the **three** six months ended **March 31, 2024** **June 30, 2024** and 2023, we paid **\$1.2 billion** **\$1.7 billion** and **\$450 million** **\$774 million** to repurchase **7.5 million** **10.7 million** and **3.1 million** **5.4 million** shares of our common stock, respectively, under our share repurchase program. As of **March 31, 2024** **June 30, 2024**, we had approximately **\$950 million** **\$4.5 billion** remaining under our share repurchase program.

[Table of Contents](#)

#### Cash Dividends to Stockholders

During the **three** six months ended **March 31, 2024** **June 30, 2024**, we paid a dividend aggregate dividends of **\$0.435** **\$0.870** per share of common stock, for a total of **\$105 million** **\$202 million**. We paid a dividend aggregate dividends of **\$0.395** **\$0.790** per share of common stock for a total of **\$99 million** **\$195 million** during the **three** six months ended **March 31, 2023** **June 30, 2023**.

On **April 26, 2024** **June 17, 2024**, we declared a quarterly dividend of \$0.435 per share of common stock that is payable on **May 17, 2024** **August 16, 2024** to stockholders of record as of the close of business on **May 10, 2024** **August 9, 2024**.

#### Summary of Critical Accounting Estimates

The preparation of Consolidated Financial Statements in conformity with GAAP requires management to make certain estimates and assumptions that affect the amounts reported in the Consolidated Financial Statements and the accompanying notes. There have been no significant changes to our critical accounting estimates from those disclosed in our [annual report on Form 10-K for the fiscal year ended December 31, 2023](#).

## Recent Accounting Standards

For a summary of recently issued accounting standards, see [Note 1—Nature of Operations and Basis of Presentation](#) of our Notes to Consolidated Financial Statements.

### ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

#### Marketing and Trading Commodity Price Risk

We have commodity derivatives consisting of natural gas supply contracts for the commissioning and operation of the SPL Project and the CCL Project, and associated economic hedges (collectively, the “**Liquefaction Supply Derivatives**”). We have also entered into physical and financial derivatives to hedge the exposure to the commodity markets in which we have contractual arrangements to purchase or sell physical LNG (collectively, “**LNG Trading Derivatives**”). In order to test the sensitivity of the fair value of the Liquefaction Supply Derivatives and the LNG Trading Derivatives to changes in underlying commodity prices, management modeled a 10% change in the commodity price for natural gas for each delivery location and a 10% change in the commodity price for LNG, respectively, as follows (in millions):

	March 31, 2024		December 31, 2023			March 31, 2024		December 31, 2023		
	June 30, 2024	December 31, 2023	Fair Value	Change in Fair Value	Fair Value	Change in Fair Value	Fair Value	Change in Fair Value	Fair Value	Change in Fair Value
Liquefaction Supply Derivatives										
LNG Trading Derivatives										

See [Note 6—5—Derivative Instruments](#) of our Notes to Consolidated Financial Statements for additional details about our commodity derivative instruments.

[Table of Contents](#)

### ITEM 4. CONTROLS AND PROCEDURES

We maintain a set of disclosure controls and procedures that are designed to ensure that information required to be disclosed by us in the reports filed by us under the Exchange Act, is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms. As of the end of the period covered by this report, we evaluated, under the supervision and with the participation of our management, including our Chief Executive Officer and our Chief Financial Officer, the effectiveness of our disclosure controls and procedures pursuant to Rule 13a-15 of the Exchange Act. Based on that evaluation, our Chief Executive Officer and our Chief Financial Officer concluded that our disclosure controls and procedures are effective.

During the most recent fiscal quarter, there have been no changes in our internal control over financial reporting that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

[Table of Contents](#)

## PART II. OTHER INFORMATION

### ITEM 1. LEGAL PROCEEDINGS

We may in the future be involved as a party to various legal proceedings, which are incidental to the ordinary course of business. We regularly analyze current information and, as necessary, provide accruals for probable liabilities on the eventual disposition of these matters. There have been no material changes to the legal proceedings disclosed in our [annual report on Form 10-K for the fiscal year ended December 31, 2023](#).

### ITEM 1A. RISK FACTORS

There have been no material changes from the risk factors disclosed in our [annual report on Form 10-K for the fiscal year ended December 31, 2023](#).

### ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

#### Purchase of Equity Securities by the Issuer and Affiliated Purchasers

The following table summarizes share repurchases for the three months ended **March 31, 2024** **June 30, 2024**:

Period	Total Number of Shares Purchased	Average Price Paid Per Share (1)	Total Number of Shares Purchased as a Part of Publicly Announced Plans	Approximate Dollar Value of Shares That May Yet Be Purchased Under the Plans (in millions)
January 1 - 31, 2024	1,025,355	\$165.30	1,025,355	\$1,972
February 1 - 29, 2024	3,343,159	\$158.12	3,343,159	\$1,443
March 1 - 31, 2024	3,152,062	\$156.56	3,152,062	\$950
Total	<u><u>7,520,576</u></u>		<u><u>7,520,576</u></u>	

Period	Total Number of Shares Purchased	Average Price Paid Per Share (1)	Total Number of Shares Purchased as a Part of Publicly Announced Plans	Approximate Dollar Value of Shares That May Yet Be Purchased Under the Plans (in millions) (2)
April 1-30, 2024	1,298,558	\$158.18	1,298,558	\$744
May 1-31, 2024	1,295,875	\$157.75	1,295,875	\$540
June 1-30, 2024	547,066	\$158.15	547,066	\$4,453
Total	<u><u>3,141,499</u></u>		<u><u>3,141,499</u></u>	

(1) The price paid per share was based on the average trading price of our common stock on the dates on which we repurchased the shares.

(2) On June 14, 2024, our Board authorized an increase in the existing repurchase program by \$4.0 billion, effective through December 31, 2027.

## ITEM 5. OTHER INFORMATION

Rule 10b5-1 under the Exchange Act provides an affirmative defense that enables prearranged transactions in securities in a manner that avoids concerns about initiating transactions at a future date while possibly in possession of material nonpublic information. Our Insider Trading Policy permits our directors and executive officers to enter into trading plans designed to comply with Rule 10b5-1. During the three-month period ending **March 31, 2024** **June 30, 2024**, none of our executive officers or directors adopted or terminated a Rule 10b5-1 trading plan or adopted or terminated a non-Rule 10b5-1 trading arrangement (as defined in Item 408(c) of Regulation S-K).

[\*\*\*] indicates certain identified information has been excluded because it is both (a) not material and (b) would be competitively harmful if publicly disclosed.

**CHANGE ORDER**

**AMENDMENT TO ADD PROVISIONAL SUMS FOR THE PERFORMANCE CCL TANKS "A" AND ATTENDANCE BONUS (PAB) "C" ENGINEERING, PROCUREMENT AND SATURDAY WORK SHIFT PROGRAM CONSTRUCTION**

**PROJECT NAME:** Corpus Christi Liquefaction Stage 3 Project

**CHANGE ORDER NUMBER:** CO-00073 CO-00086

**OWNER:** Corpus Christi Liquefaction, LLC

**DATE OF AGREEMENT:** 01-Mar-2022

**CONTRACTOR:** Bechtel Energy Inc.

**DATE OF CHANGE ORDER:** 06-Nov-2023 15-Mar-2024

The Agreement between the Parties listed above is changed as follows:

1. The Parties agree in accordance with Section 6.1 of the Agreement ("Owner's Right to implement a "Performance and Attendance Bonus" and "Saturday Work Shift Program" Change Order"), compensable on provisional sum basis. Therefore Attachment GG Schedule A-1 ("Provisional Sums" Scope of Work) of the Agreement is updated hereby revised to include Sections 9 the engineering, procurement and 10, each construction for the Tank(s) "A" and "C" tie in scope in accordance with the piping and instrumentation diagrams ("P&IDs") provided as stated in Attachment 1 of this Change Order. For clarity

this Change Order includes four (4) skin thermocouples that are wired to the local junction box at locations agreed during the 30% model review (but are not currently shown on the P&IDs). A forecast and indicative Level 2 Schedule is provided as Attachment 2 of this Change Order.

2. This Change Order, for context, supplements the approvals provided by following earlier-executed Change Order(s). Therefore the detailed cost breakdown for this Change Order (provided as Exhibit A of this Change Order) reconciles against all earlier-approved scope:

- 1) Change Order CO-00054: Tie-In Study, preparation of an EPC Contract Price and Level 2 schedule, and, certain long lead items (Package #1);
- 2) Change Order CO-00080: Long lead items (Package #2);
- 3) Change Order CO-00081: Bridging Engineering (through 29-Mar-2024);
- 4) Change Order CO-00084: Long lead items (Package #3)

3. Parties agree that the provisional sum for the "Performance and Attendance Bonus" and "Saturday definition of Stage 3 Facility includes all Work Shift Program" shall not exceed [\*\*\*] to perform CCL Liquefaction Facility Tie-in Work. Labor costs to perform CCL Liquefaction Facility Tie-in Work are separately itemized in Exhibit 1 of this Change Order. Capitalized terms used in Clause 3 of this Change Order have meaning ascribed to them in the aggregate. In the event the aggregate cost of the program is less than [\*\*\*] there shall be one (1) cost reconciliation to reduce these provisional sums by Change Order at the end of this program. Stage 3 EPC Agreement.

3.4. Schedule C-1 C-3 Aggregate Labor and Skills Equipment Price Monthly Payment Schedule Milestones of Attachment C of the Agreement will be updated to add amended by including the milestone(s) listed in Exhibit 1 of this Change Order.

#### Adjustment to Contract Price

1. The original Contract Price was .....	\$	5,484,000,000
2. Net change by previously authorized Change Orders (# CO-00001 – CO-00072) CO-00085) .....	\$	251,673,384 315,077,603
3. The Contract Price prior to this Change Order was .....	\$	5,735,673,384 5,799,077,603
4. The Aggregate Equipment Price will be (unchanged) (increased) by this Change Order in the amount of .....		\$0 [***]
5. The Aggregate Labor and Skills Price will be (unchanged) (increased) by this Change Order in the amount of....		\$0 [***]
6. The Aggregate Provisional Sum Equipment Price will be (unchanged) by this Change Order in the amount of .....	\$	0
7. The Aggregate Provisional Sum Labor and Skills Price will be increased) (unchanged) by this Change Order in the amount of .....	[\$***]	0
8. The new Contract Price including this Change Order will be .....	\$	5,744,673,384 5,828,283,837

The following dates are modified (list all dates modified; insert N/A if no dates modified): N/A

**Impact to other Changed Criteria** (insert N/A if no changes or impact; attach additional documentation if necessary)

Adjustment to Payment Schedule: **N/A Yes; see Exhibit 1 of this Change Order.**

Adjustment to Minimum Acceptance Criteria: **N/A**

Adjustment to Performance Guarantees: **N/A**

Adjustment to Basis of Design: **N/A Yes**

Adjustment to Attachment CC (Equipment List): **To be updated on a quarterly basis**

Other adjustments to liability or obligation of Contractor or Owner under the Agreement: **N/A**

**Select either A or B:**

[A] This Change Order **shall** constitute a full and final settlement and accord and satisfaction of all effects of the change reflected in this Change Order upon the Changed Criteria and **shall** be deemed to compensate Contractor fully for such change. Initials: /s/ SS Contractor /s/ DC MV Owner

[B] **This Change Order shall not constitute a full and final settlement and accord and satisfaction of all effects of the change reflected in this Change Order upon the Changed Criteria and shall not be deemed to compensate Contractor fully for such change.** Initials: \_\_\_\_\_ Contractor \_\_\_\_\_ Owner

Upon execution of this Change Order by Owner and Contractor, the above-referenced change shall become a valid and binding part of the original Agreement without exception or qualification, unless noted in this Change Order. Except as modified by this and any previously issued Change Orders, all other terms and conditions of the Agreement shall remain in full force and effect. This Change Order is executed by each of the Parties' duly authorized representatives.

### CHANGE ORDER

#### SURCHARGE FILL MATERIAL TRANSPORTATION

**PROJECT NAME:** Corpus Christi Liquefaction Stage 3 Project

**CHANGE ORDER NUMBER:** CO-00075

**OWNER:** Corpus Christi Liquefaction, LLC

**DATE OF AGREEMENT:** 01-Mar-2022

**CONTRACTOR:** Bechtel Energy Inc.

**DATE OF CHANGE ORDER:** 11-Oct-2023

---

#### The Agreement between the Parties listed above is changed as follows:

1. Owner and Contractor agree that the Contract Price is reduced by [\*\*\*] per the following scoping adjustments between the Parties:
2. **Owner's Transportation (Re-Handling) of General Fill from Zone 2 and Zone 2B to Cheniere Land Holdings**

##### 2.1 With respect to **Zone 2**, Parties agree:

2.1.1 Owner transported approximately 641 KTN of loaned general fill to Zone 2 on a zero-cost basis. Subsequently, Owner has transported (re-handled) approximately 459 KTN of fill material from Zone 2 to Cheniere Land Holdings LLC property ("CLH"), and, therefore, Contractor reimburses Owner [\*\*\*];

2.1.2 The remaining 182 KTN of general fill (641 KTN less 459 KTN) is addressed as follows. Contractor will further reimburse Owner [\*\*\*] for the costs of transporting (re-handling) approximately 182 KTN of general fill;

##### 2.2 With respect to **Zone 2B**, Parties agree:

2.2.1 Per Change Order CO-00021 ("Laydown Development Package") Owner originally held the obligation to free-issue general fill to Zone 2B of sufficient quantity to raise Zone 2B from approximately EL 124+ through to EL 129+. However, and as mutually agreed, such general fill was transported from Zone 2 to Zone 2B by Contractor (588 KTN total). Therefore Owner reimburses Contractor [\*\*\*] for the costs of having transported 588 KTN of general fill from Zone 2 to Zone 2B.

Therefore inclusive of contingency and fee, the full and final settlement for Item 2 of this Change Order is the payment to Owner of [\*\*\*]. The detailed cost breakdown for this Change Order is detailed in Exhibit A of this Change Order.

#### 3. NTE Allowance for Owner's Ancillary Material Screening Costs

3.1 As part of Owner's transportation activity (Item 2 of this Change Order), Owner may incur certain ancillary costs to rent and operate screening machinery to remove bauxite residue, geofabric and wick drain materials from general fill prior to transportation to CLH. Therefore, Parties agree that such ancillary costs are presently excluded but shall be addressed by a future (deductive) Change Order that shall not exceed [\*\*\*].

3.2 Owner grants Contractor first refusal rights to utilize post-screened general fill material.

4. Schedule C-1 Aggregate Labor and Skills Price Monthly Payment Schedule Milestone of Attachment C of the Agreement will be amended by including the milestone(s) listed in Exhibit 1 of this Change Order.

#### **Adjustment to Contract Price**

1. The original Contract Price was .....	\$	5,484,000,000
2. Net change by previously authorized Change Orders (# CO-00001 – CO-00074).....	\$	259,677,961
3. The Contract Price prior to this Change Order was .....	\$	5,743,677,961
4. The Aggregate Equipment Price will be (unchanged) by this Change Order in the amount of .....	\$	0
5. The Aggregate Labor and Skills Price will be (decreased) by this Change Order in the amount of....		[***]
6. The Aggregate Provisional Sum Equipment Price will be (unchanged) by this Change Order in the amount of .....	\$	0
7. The Aggregate Provisional Sum Labor and Skills Price will be (unchanged) by this Change Order in the amount of .....	\$	0
8. The new Contract Price including this Change Order will be .....	\$	5,743,554,365

The following dates are modified (list all dates modified; insert N/A if no dates modified): N/A

**Impact to other Changed Criteria** (insert N/A if no changes or impact; attach additional documentation if necessary)

Adjustment to Payment Schedule: Yes; see Exhibit 1 of this Change Order.

Adjustment to Minimum Acceptance Criteria: N/A

Adjustment to Performance Guarantees: N/A

Adjustment to Basis of Design: N/A

Adjustment to Attachment CC (Equipment List): To be updated on a quarterly basis

Other adjustments to liability or obligation of Contractor or Owner under the Agreement: N/A

**Select either A or B:**

[A] This Change Order shall constitute a full and final settlement and accord and satisfaction of all effects of the change reflected in this Change Order upon the Changed Criteria and shall be deemed to compensate Contractor fully for such change. Initials: /s/ SS Contractor /s/ DC Owner

[B] This Change Order shall not constitute a full and final settlement and accord and satisfaction of all effects of the change reflected in this Change Order upon the Changed Criteria and shall not be deemed to compensate Contractor fully for such change. Initials: \_\_\_\_\_ Contractor \_\_\_\_\_ Owner

Upon execution of this Change Order by Owner and Contractor, the above-referenced change shall become a valid and binding part of the original Agreement without exception or qualification, unless noted in this Change Order. Except as modified by this and any previously issued Change Orders, all other terms and conditions of the Agreement shall remain in full force and effect. This Change Order is executed by each of the Parties' duly authorized representatives.

## CHANGE ORDER

### SITE PLAN UPDATE PACKAGE #2 – RE-ROUTE HEAVY HAUL ROAD

**PROJECT NAME:** Corpus Christi Liquefaction Stage 3 Project  
**OWNER:** Corpus Christi Liquefaction, LLC  
**CONTRACTOR:** Bechtel Energy, Inc.

**CHANGE ORDER NUMBER:** CO-00077  
**DATE OF AGREEMENT:** 01-Mar-2022

**DATE OF CHANGE ORDER:** 02-Nov-2023

**The Agreement between the Parties listed above is changed as follows:**

1. In accordance with Section 6.1 of the Agreement ("Owner's Right to Change Order") and as requested by Owner's teams, Contractor will:
  - 1.1 Re-route the Heavy Haul Road (HHR) in order to provide Owner with accommodations for Owner construction laydown associated with Owner's underground natural gas feedstock pipeline project.
  - 1.2 An illustration of the HHR conflict with the new pipeline routing is shown in Attachment 1 of this Change Order.
2. The detailed cost breakdown for this Change Order is detailed in Exhibit A of this Change Order.
3. Schedule C-1 Aggregate Labor and Skills Price Monthly Payment Schedule and C-3 Aggregate Equipment Price Payment Milestones of Attachment C of the Agreement will be amended by including the milestone(s) listed in Exhibit 1 of this Change Order.

#### Adjustment to Contract Price

1. The original Contract Price was .....	\$	5,484,000,000
2. Net change by previously authorized Change Orders (# CO-00001 – CO-00076).....	\$	263,896,301
3. The Contract Price prior to this Change Order was .....	\$	5,747,896,301
4. The Aggregate Equipment Price will be (unchanged) by this Change Order in the amount of .....	\$	0
5. The Aggregate Labor and Skills Price will be (increased) by this Change Order in the amount of..	\$	[***]
6. The Aggregate Provisional Sum Equipment Price will be (unchanged) by this Change Order in the amount of .....	\$	0
7. The Aggregate Provisional Sum Labor and Skills Price will be (unchanged) by this Change Order in the amount of .....	\$	0
8. The new Contract Price including this Change Order will be .....	\$	5,748,864,926

The following dates are modified (list all dates modified; insert N/A if no dates modified): **N/A**

**Impact to other Changed Criteria** (insert N/A if no changes or impact; attach additional documentation if necessary)

Adjustment to Payment Schedule: **Yes; see Exhibit 1 of this Change Order.**

Adjustment to Minimum Acceptance Criteria: **N/A**

Adjustment to Performance Guarantees: **N/A**

Adjustment to Basis of Design: **N/A**

Adjustment to Attachment CC (Equipment List): **To be updated on a quarterly basis**

Other adjustments to liability or obligation of Contractor or Owner under the Agreement: **N/A**

**Select either A or B:**

[A] This Change Order **shall** constitute a full and final settlement and accord and satisfaction of all effects of the change reflected in this Change Order upon the Changed Criteria and **shall** be deemed to compensate Contractor fully for such change. Initials: /s/ SS Contractor /s/ DC Owner

[B] This Change Order **shall not** constitute a full and final settlement and accord and satisfaction of all effects of the change reflected in this Change Order upon the Changed Criteria and **shall not** be deemed to compensate Contractor fully for such change. Initials: \_\_\_\_\_ Contractor \_\_\_\_\_ Owner

Upon execution of this Change Order by Owner and Contractor, the above-referenced change shall become a valid and binding part of the original Agreement without exception or qualification, unless noted in this Change Order. Except as modified by this and any previously issued Change Orders, all other terms and conditions of the Agreement shall remain in full force and effect. This Change Order is executed by each of the Parties' duly authorized representatives.

**CHANGE ORDER**

**FIREWATER LOOP INTERCONNECT WITH CCL STAGE 1 AND CCL STAGE 2**

**PROJECT NAME:** Corpus Christi Liquefaction Stage 3 Project

**CHANGE ORDER NUMBER:** CO-00078

**OWNER:** Corpus Christi Liquefaction, LLC

**DATE OF AGREEMENT:** 01-Mar-2022

**CONTRACTOR:** Bechtel Energy Inc.

**DATE OF CHANGE ORDER:** 06-Dec-2023

**The Agreement between the Parties listed above is changed as follows:**

1. In accordance with Section 6.1 of the Agreement ("Owner's Right to Change Order") and as requested by Owner's teams in order to provide Firewater loop interconnection between CCL Stages 1, 2 and 3, Contractor will:
  - 1.1 Extend the CCL Stage 3 ten (10) inch Firewater ("FW") line to cross the south Right of Way. The FW line will be raised above ground and routed through 310R18 PR1 and PR2. Post 310R18 PR1, the FW line will drop and run underground parallel to the South trench. The FW line will run through 307R10 as above ground. An illustration is provided in Attachment 1 of this Change Order; and
  - 1.2 For context, a FW loop interconnection between CCL Stages 1, 2 and 3 is not currently within Stage 3's Project Basis of Design.
2. The detailed cost breakdown for this Change Order is detailed in Exhibit A of this Change Order.
3. Schedule C-1 Aggregate Labor and Skills Price Monthly Payment Schedule and C-3 Aggregate Equipment Price Payment Milestones of Attachment C of the Agreement will be amended by including the milestone(s) listed in Exhibit 1 of this Change Order.

**Adjustment to Contract Price**

1. The original Contract Price was .....	\$	5,484,000,000
2. Net change by previously authorized Change Orders (# CO-00001 – CO-00077).....	\$	264,864,926
3. The Contract Price prior to this Change Order was .....	\$	5,748,864,926
4. The Aggregate Equipment Price will be (increased) by this Change Order in the amount of .....	[\$**]	[\$**]
5. The Aggregate Labor and Skills Price will be (increased) by this Change Order in the amount of..	[\$**]	[\$**]
6. The Aggregate Provisional Sum Equipment Price will be (unchanged) by this Change Order in the amount of .....	\$	0
7. The Aggregate Provisional Sum Labor and Skills Price will be (unchanged) by this Change Order in the amount of .....	\$	0
8. The new Contract Price including this Change Order will be .....	\$	5,752,171,592

The following dates are modified (list all dates modified; insert N/A if no dates modified): **N/A**

**Impact to other Changed Criteria** (insert N/A if no changes or impact; attach additional documentation if necessary)

Adjustment to Payment Schedule: **Yes**; see **Exhibit 1 of this Change Order**.

Adjustment to Minimum Acceptance Criteria: **N/A**

Adjustment to Performance Guarantees: **N/A**

Adjustment to Basis of Design: **N/A**

Adjustment to Attachment CC (Equipment List): **To be updated on a quarterly basis**

Other adjustments to liability or obligation of Contractor or Owner under the Agreement: **N/A**

**Select either A or B:**

[A] This Change Order **shall** constitute a full and final settlement and accord and satisfaction of all effects of the change reflected in this Change Order upon the Changed Criteria and **shall** be deemed to compensate Contractor fully for such change. Initials: /s/ SS Contractor /s/ DC Owner

[B] This Change Order **shall not** constitute a full and final settlement and accord and satisfaction of all effects of the change reflected in this Change Order upon the Changed Criteria and **shall not** be deemed to compensate Contractor fully for such change. Initials: \_\_\_\_\_ Contractor \_\_\_\_\_ Owner

Upon execution of this Change Order by Owner and Contractor, the above-referenced change shall become a valid and binding part of the original Agreement without exception or qualification, unless noted in this Change Order. Except as modified by this and any previously issued Change Orders, all other terms and conditions of the Agreement shall remain in full force and effect. This Change Order is executed by each of the Parties' duly authorized representatives.

**REFRIGERANT LOADING MANIFOLD DESIGN CHANGES**

**PROJECT NAME:** Corpus Christi Liquefaction Stage 3 Project

**CHANGE ORDER NUMBER:** CO-00079

**OWNER:** Corpus Christi Liquefaction, LLC

**DATE OF AGREEMENT:** 01-Mar-2022

**CONTRACTOR:** Bechtel Energy Inc.

**DATE OF CHANGE ORDER:** 06-Dec-2023

---

**The Agreement between the Parties listed above is changed as follows:**

1. In accordance with Section 6.1 of the Agreement ("Owner's Right to Change Order") and as requested by Owner's teams, Contractor will:
  - 1.1 Shorten the length of the Refrigerant Loading Manifold hoses to increase ease of hose-handling; and
  - 1.2 Add hard pipe connections between the Ethylene Iso container and the Ethylene vaporizer to mitigate the risk of potential spills.
2. The detailed cost breakdown for this Change Order is detailed in Exhibit A of this Change Order.
3. Schedule C-1 Aggregate Labor and Skills Price Monthly Payment Schedule and C-3 Aggregate Equipment Price Payment Milestones of Attachment C of the Agreement will be amended by including the milestone(s) listed in Exhibit 1 of this Change Order.

**Adjustment to Contract Price**

1. The original Contract Price was .....	\$	5,484,000,000
2. Net change by previously authorized Change Orders (# CO-00001 – CO-00078).....	\$	268,171,592
3. The Contract Price prior to this Change Order was .....	\$	5,752,171,592

## CHANGE ORDER

### CCL TANK(S) "A" AND "C" TIE-IN LONG LEAD ITEM PURCHASES PACKAGE #2

**PROJECT NAME:** Corpus Christi Liquefaction Stage 3 Project

**CHANGE ORDER NUMBER:** CO-00080

**OWNER:** Corpus Christi Liquefaction, LLC

**DATE OF AGREEMENT:** 01-Mar-2022

**CONTRACTOR:** Bechtel Energy Inc

**DATE OF CHANGE ORDER:** 26-Jan-2024

#### **The Agreement between the Parties listed above is changed as follows:**

1. In accordance with Section 6.1 of the Agreement ("Owner's Right to Change Order") and as requested by Owner's teams to supplement earlier long lead item purchases authorized under Change Order CO-00054 ("Tank "A" and "C" Tie-In Study and Long-Lead Item Purchases"), this Change Order authorizes Contractor to procure and deliver:
  - i. One (1) actuator associated with hand control valve (30HV-24067) – Delivery estimated at **33 weeks** from execution of this Change Order;
  - ii. One (1) actuator associated with flow control valve (30FV-24064) - Delivery estimated at **33 weeks** from execution of this Change Order; and
  - iii. Two (2) flow meters (30FE-24065 and 30FE-24064) - Delivery estimated at **17 weeks** from execution of this Change Order.
2. For the avoidance of doubt, Parties agree that the definition of Stage 3 Facility includes Equipment procured to perform CCL Liquefaction Facility Tie-in Work. Capitalized terms used in Clause 3.2 of this Change Order have meaning ascribed to them in the Stage 3 EPC Agreement;
3. Should Owner terminate such long lead item purchases, Owner's liability to Contractor is as per the amounts stated in Exhibit 2 of this Change Order. For the avoidance of doubt, Article 16.2 of the Agreement ("Termination for Convenience by Owner") will govern the termination for convenience of any other portion of this Change Order;
4. Schedule C-1 Aggregate Labor and Skills Price Monthly Payment Schedule and C-3 Aggregate Equipment Price Payment Milestones of Attachment C of the Agreement will be amended by including the milestone(s) listed in Exhibit 1 of this Change Order.

#### **Adjustment to Contract Price**

1. The original Contract Price was .....	\$	5,484,000,000
2. Net change by previously authorized Change Orders (# CO-00001 – CO-00079).....	\$	269,397,429
3. The Contract Price prior to this Change Order was .....	\$	5,753,397,429
4. The Aggregate Equipment Price will be (increased) by this Change Order in the amount of.....		[***]
5. The Aggregate Labor and Skills Price will be (increased) by this Change Order in the amount of...		[***]
6. The Aggregate Provisional Sum Equipment Price will be (unchanged) by this Change Order in the amount of .....	\$	0
7. The Aggregate Provisional Sum Labor and Skills Price will be (unchanged) by this Change Order in the amount of .....	\$	0
8. The new Contract Price including this Change Order will be .....	\$	5,753,942,793

The following dates are modified (list all dates modified; insert N/A if no dates modified): **N/A**

**Impact to other Changed Criteria** (insert N/A if no changes or impact; attach additional documentation if necessary)

Adjustment to Payment Schedule: **Yes**; see **Exhibit 1 of this Change Order**.

Adjustment to Minimum Acceptance Criteria: **N/A**

Adjustment to Performance Guarantees: **N/A**

Adjustment to Basis of Design: **Yes**

Adjustment to Attachment CC (Equipment List): **To be updated on a quarterly basis**

Other adjustments to liability or obligation of Contractor or Owner under the Agreement: **N/A**

**Select either A or B:**

[A] This Change Order **shall** constitute a full and final settlement and accord and satisfaction of all effects of the change reflected in this Change Order upon the Changed Criteria and **shall** be deemed to compensate Contractor fully for such change. Initials: /s/ SS Contractor /s/ DC Owner

[B] This Change Order **shall not** constitute a full and final settlement and accord and satisfaction of all effects of the change reflected in this Change Order upon the Changed Criteria and **shall not** be deemed to compensate Contractor fully for such change. Initials: \_\_\_\_\_ Contractor \_\_\_\_\_ Owner

Upon execution of this Change Order by Owner and Contractor, the above-referenced change shall become a valid and binding part of the original Agreement without exception or qualification, unless noted in this Change Order. Except as modified by this and any previously issued Change Orders, all other terms and conditions of the Agreement shall remain in full force and effect. This Change Order is executed by each of the Parties' duly authorized representatives.

**CHANGE ORDER**

**CCL TANK(S) "A" AND "C" TIE-IN BRIDGING ENGINEERING (THROUGH 29-MAR-2024)**

**PROJECT NAME:** Corpus Christi Liquefaction Stage 3 Project  
**OWNER:** Corpus Christi Liquefaction, LLC  
**CONTRACTOR:** Bechtel Energy Inc.

**CHANGE ORDER NUMBER:** CO-00081  
**DATE OF AGREEMENT:** 01-Mar-2022

**DATE OF CHANGE ORDER:** 08-Feb-2024

**The Agreement between the Parties listed above is changed as follows:**

1. In accordance with Section 6.1 of the Agreement ("Owner's Right to Change Order"), Owner requests Contractor commence bridging necessary for new scope items relating to CCL Tank(s) "A" and "C" as set forth below ahead of Contractor's submission of the engineering, procurement and construction Contract Price and Level 2 Schedule (which Contractor is currently scheduled to provide to Owner on 22-Feb-2024). This Change Order approves the following additional scope:
2. **CCL Tank(s) "A" and "C" Tie-In Bridging Engineering through 29-Mar-2024**

For clarity, this Change Order only authorizes a limited period of Bridging Engineering (through 29-Mar-2024) for new scope items relating to CCL Tank(s) "A" and "C" and therefore Contractor's scope is limited as follows:

- 1) **Contractor shall commence (but not complete):** Engineering deliverables for the CCL Tank(s) "A" and "C" Tie In scope in accordance with Attachment B of the Agreement ("Contractor Deliverables")
- 2) **Contractor shall complete and submit:** Documents required to respond the FERC condition(s) 27C, 36, 42, 44, 46, 61, 82. These relate to the new CCL Tank(s) "A" and "C" scope items and include Instrument index, HAZOP and HAZOP reports, updated valve lists, updated PFDs, plot plans, P&IDs, MOC change log, CSO /CSC valve lists and written responses when required. Additional model reviews, site walkdowns, tie-in packages, and support for the Cheniere MOC process (through 29-Mar-2024); and
- 3) **Additionally:** The bridging engineering authorized by this Change Order will be sufficiently progressed to be able to place, only if authorized, all material orders by 23-Feb-2024.
3. The detailed cost breakdown for this item is provided in Exhibit A of this Change Order.
4. Schedule C-1 Aggregate Labor and Skills Price Monthly Payment Schedule Milestones of Attachment C of the Agreement will be revised by including the milestone(s) listed in Exhibit 1 of this Change Order.
5. For the avoidance of doubt, the Parties agree that the definition of Stage 3 Facility includes Equipment procured to perform CCL Liquefaction Facility Tie-in Work

**Adjustment to Contract Price**

1. The original Contract Price was .....	\$	5,484,000,000
2. Net change by previously authorized Change Orders (# CO-00001 – CO-00080).....	\$	269,942,793
3. The Contract Price prior to this Change Order was .....	\$	5,753,942,793
4. The Aggregate Equipment Price will be (unchanged) by this Change Order in the amount of	\$	0
5. The Aggregate Labor and Skills Price will be (increased) by this Change Order in the amount of		[***]
6. The Aggregate Provisional Sum Equipment Price will be (unchanged) by this Change Order in the amount of	\$	0
.....		

7. The Aggregate Provisional Sum Labor and Skills Price will be (unchanged) by this Change Order in the amount of	\$	0
8. The new Contract Price including this Change Order will be .....	\$	5,756,134,873

The following dates are modified (*list all dates modified; insert N/A if no dates modified*): **N/A**

**Impact to other Changed Criteria** (*insert N/A if no changes or impact; attach additional documentation if necessary*)

Adjustment to Payment Schedule: **Yes; see Exhibit 1 of this Change Order.**

Adjustment to Minimum Acceptance Criteria: **N/A**

Adjustment to Performance Guarantees: **N/A**

Adjustment to Basis of Design: **N/A**

Adjustment to Attachment CC (Equipment List): **To be updated on a quarterly basis**

Other adjustments to liability or obligation of Contractor or Owner under the Agreement: **N/A**

**Select either A or B:**

[A] This Change Order **shall** constitute a full and final settlement and accord and satisfaction of all effects of the change reflected in this Change Order upon the Changed Criteria and **shall** be deemed to compensate Contractor fully for such change. Initials: /s/ SS Contractor /s/ DCOwner

[B] This Change Order **shall not** constitute a full and final settlement and accord and satisfaction of all effects of the change reflected in this Change Order upon the Changed Criteria and **shall not** be deemed to compensate Contractor fully for such change. Initials: \_\_\_\_\_ Contractor \_\_\_\_\_ Owner

Upon execution of this Change Order by Owner and Contractor, the above-referenced change shall become a valid and binding part of the original Agreement without exception or qualification, unless noted in this Change Order. Except as modified by this and any previously issued Change Orders, all other terms and conditions of the Agreement shall remain in full force and effect. This Change Order is executed by each of the Parties' duly authorized representatives.

#### **CHANGE ORDER**

#### **ISA 84 OWNER REQUESTED CHANGES**

**PROJECT NAME:** Corpus Christi Liquefaction Stage 3 Project  
**OWNER:** Corpus Christi Liquefaction, LLC  
**CONTRACTOR:** Bechtel Energy Inc.

**CHANGE ORDER NUMBER:** CO-00082

**DATE OF AGREEMENT:** 01-Mar-2022

**DATE OF CHANGE ORDER:** 24-Jan-2024

**The Agreement between the Parties listed above is changed as follows:**

1. In accordance with Section 6.1 of the Agreement ("Owner's Right to Change Order") and as requested by Owner's teams per the updated ISA 84 Siting Analysis performed by Owner's Blue Engineering consultant in late 2023, Contractor's scope is revised as follows:
2. The following instrumentation is revised in order to mitigate offsite impacts from possible gas clouds:

**2.1 ISBL Detectors**

- 2.1.1 Add thirteen (13) additional flame detectors in each ISBL Train around specific equipment services (there are currently eight (8)), for a revised total of twenty-one (21) flame detectors in each ISBL Train;
- 2.1.2 Add one (1) additional open path gas detector in the ISBL Liquefaction area under the air cooler (there are currently three (3)), for a revised total of four (4) open path gas detectors in the ISBL Liquefaction area;

**2.2 Isolation XV (On/Off Valve)**

- 2.2.1 Add one (1) added XV valve in the OSBL section of the rundown line to segment hydrocarbon volumes;

**2.3 LNG Rundown Fiber Sensor and FE (Flowmeter)**

- 2.3.1 Fiber sensor along the LNG rundown line for leak detection – Distributed Acoustic Sensing (DAS) and Distributed Thermal Sensing (DTS) combined system with single cable; and

- 2.3.2 Add one (1) additional flow meter to assist in measuring flow differences between the Train(s) and the Tank(s);

3. For context, the current basis is as per Attachment V ("Owner Furnished Items) of the Agreement, that is, the Owner-provided *Gexcon Facility Siting Hazard Analysis for Corpus Christi Liquefaction Stage 319-P519008-R1 Rev 02* dated 26-Apr-2019 which does not contemplate offsite or cascading impacts.
4. The detailed cost breakdown for each item is detailed in Exhibit A of this Change Order, together with a summary table.
5. Schedule C-1 Aggregate Labor and Skills Price Monthly Payment Schedule and C-3 Aggregate Equipment Price Payment Milestones of Attachment C of the Agreement will be revised by including the milestone(s) listed in Exhibit 1 of this Change Order.

**Adjustment to Contract Price**

1. The original Contract Price was .....	\$ 5,484,000,000
2. Net change by previously authorized Change Orders (# CO-00001 – CO-00081).....	\$ 272,134,873
3. The Contract Price prior to this Change Order was .....	\$ 5,756,134,873
4. The Aggregate Equipment Price will be (increased) by this Change Order in the amount of .....	***

5. The Aggregate Labor and Skills Price will be (increased) by this Change Order in the amount of .	.....	[\$***]
6. The Aggregate Provisional Sum Equipment Price will be (unchanged) by this Change Order in the amount of	.....	\$ 0
7. The Aggregate Provisional Sum Labor and Skills Price will be (unchanged) by this Change Order in the amount of	.....	\$ 0
8. The new Contract Price including this Change Order will be .....	.....	\$ 5,768,318,280

The following dates are modified (list all dates modified; insert N/A if no dates modified): **N/A**

**Adjustment to Guaranteed Dates:** **N/A**

**Impact to other Changed Criteria** (insert N/A if no changes or impact; attach additional documentation if necessary)

Adjustment to Payment Schedule: **Yes**; see **Exhibit 1 of this Change Order**.

Adjustment to Minimum Acceptance Criteria: **N/A**

Adjustment to Performance Guarantees: **N/A**

Adjustment to Basis of Design: **Yes**

Adjustment to Attachment CC (Equipment List): **To be updated on a quarterly basis**

Other adjustments to liability or obligation of Contractor or Owner under the Agreement: **N/A**

**Select either A or B:**

[A] This Change Order **shall** constitute a full and final settlement and accord and satisfaction of all effects of the change reflected in this Change Order upon the Changed Criteria and **shall** be deemed to compensate Contractor fully for such change. Initials: /s/ SS Contractor /s/ DCO Owner

[B] This Change Order **shall not** constitute a full and final settlement and accord and satisfaction of all effects of the change reflected in this Change Order upon the Changed Criteria and **shall not** be deemed to compensate Contractor fully for such change. Initials: \_\_\_\_\_ Contractor \_\_\_\_\_ Owner

Upon execution of this Change Order by Owner and Contractor, the above-referenced change shall become a valid and binding part of the original Agreement without exception or qualification, unless noted in this Change Order. Except as modified by this and any previously issued Change Orders, all other terms and conditions of the Agreement shall remain in full force and effect. ## CHANGE ORDER

### HAZOP PACKAGE #5 #6 ("PHASE THREE FOUR ITEMS")

**PROJECT NAME:** Corpus Christi Liquefaction Stage 3 Project  
**OWNER:** Corpus Christi Liquefaction, LLC  
**CONTRACTOR:** Bechtel Energy Inc.

**CHANGE ORDER NUMBER:** CO-00083 CO-00087

**DATE OF AGREEMENT:** 01-Mar-2022

**DATE OF CHANGE ORDER:** 19-Oct-2023 22-Jan-2024

The Agreement between the Parties listed above is changed as follows:

1. In accordance with Section 6.1 of the Agreement ("Owner's Right to Change Order") and as requested by Owner's teams, Contractor's scope is amended/revised to implement the following HAZOP resolution(s):

Item	HAZOP Reference	HAZOP Scenario <small>see note 1</small>	HAZOP Resolution
1	26290-100-U4R-DK-22087/22038 26290-100-U4R-DK-30099	Flow control valve 31FV-18036 on Reflux in Unit 19, in the event of an operator error, there is potential for pressure in blowdown header to Condensate Stabilizer 31V-1810 malfunctions open; potential increase flow of reflux to 31V-1810. be higher than pressure in the low-pressure blowdown system.	Contractor will add one (1) PSV ("change four (4) Pressure Safety Valve") and one (1) XV (On-Off Valve) on Indicators (per Train) to four (4) Pressure Transmitters with high alarm (per Train) to alert an operator that the Condensate line, pressure in the Dry Blowdown Header network is too high to allow low pressure systems to be blown-down (typical for seven Trains).
2	26290-100-U4R-DK-30089 Parking Lot items 90 and 91	During loss a global power failure, fuel gas is unavailable and therefore there is potential for air ingress in flare system.	Additional interlock added on start-up fuel gas line to ensure fuel gas is available in case of a global power event failure. Nitrogen shall be supplied to 31PV-22006, 31XV-11039 and 31XV-11042 via pressure regulator such that upon low instrument air (IA) pressure, back up nitrogen backup on pad system to Potable Water Hydropneumatic Tank 30V-3601 in operation; potential to gradually lose level in 30V-3601.
3	26290-100-U4R-DK-30061 26290-100-U4R-DK-30048	Low temperature present Potential high pressure in Dry Flare Header after hot gas has been blowdown; potential 30V-3601 Potable Water Vessel and safety shower users due to condense liquid failure in the hot gas retained level transmitter or failure in the Dry Flare header resulting in low instrument air 30PCV-36003.	Add pressure and potential damage regulators to Dry Flare Knock Out Drum 30V-1902. Contractor will add one (1) additional purge gas connection with an On Off valve and a FO (Flow Orifice) six (6") inch outlet line -30PW-360100 of 30V-3601 Potable Water Vessel to dry flare that activates on new temperature interlocks located on each Dry Gas Flare Knock Out Drum: 30V-1902, 30V-1922 and 30V-1932, make sure potable water pressure is less than 60 psig.
4	26290-100-U4R-DK-22024 26290-100-U4R-DK-10093	31PV-18031B ("Pressure Regulator Valve") Potential for 31C-1301 Regen Gas Compressor depressurization and a relief	Addition of Car Seal Open (CSO) manual valve (Orbit) on the two (2") on overhead vapor from 31V-1811 ("Stabilizer Reflux Drum") inch 31FL-12161 which is expected to fuel gas system

		<p>depressurization and a related scenario takes place in the Wet Flare header.</p>	<p>3101 which is expected to fuel gas system malfunctions closed.</p>	<p>added, 31P-22-05, Low Low Pressure 31PT-22009 closes new Hot Oil Furnace Fuel closed for significant Regen Gas Isolation Valves 31XV-22015, 31XV-22016 (1oo2 closure) Compressor 31C-1301 shutdown (typical for seven trains).</p> <p>Additional IPLS ("Independent Layer of Protection") provided per HAZOP Action Item recommendations.</p>
5	26290-100-U4R-DK-23020 26290-100-U4R-DK-10084	<p>Potential reverse flow 31VA-110028 in bypass around inlet feed gas isolation valves opened too quickly during startup scenario resulting in High Rho V2 Values in Acoustic/Flow Induced Vibration (AIV/FIV) calculations.</p>	<p>Change ball valve to Car Seal Closed (CSC) (no price impact) and increase size of propane vapor into nitrogen system when nitrogen is hooked up bypass line from two (2") to propane truck; potential contamination four (4") downstream of nitrogen system with flammable gas.</p>	<p>Addition of one (1) dissimilar check globe valve on the Nitrogen line in refrigerant unloading area.</p>
6	26290-100-U4R-DK-30031	<p>Fail closed of Pressure Regulator Valve 31PV-34068 on hot oil supply header when required 30VA-110902 to be open.</p>	<p>Hot oil flow deviation shutdown function added. mitigate High Rho V2 (typical for seven trains).</p>	

76	26290-100-U4R-DK-02335 26290-100-U4R-DK-23022	No At Truck Loading Stations 1 & 2, there is no depressurization line between block valves.	Add hard pipe connection provided (line two (2") inch 30FD-20086) between block valves to Hot Oil Heater Furnace 31H-3401, allow depressurization of hoses to closed flare system. (Typical for both truck stations).
7	Hard pipe nitrogen purge connection 26290-100-U4R-DK-10102	Potential for 31PV-13049 to malfunction closed during defrost operation & 31TV-13048 to malfunction wide open during defrost operation, leading to increase in temperature that exceeds design temperature of equipment in defrost circuit.	To close the LOPA gap, add an additional 31XV-13039 and two 31TT-13047B/C added to pilot and main fuel gas line to hot oil furnaces and also added pressure regulating valve PCV-34089 along with multiple ball valves and check valve on nitrogen purge to pilot and main burner to prevent seal gas back flow into Nitrogen header. Nitrogen purge pressure will be controlled by PCV-34089 set@25 psig interlock 31I-13-10 which will be used close during high-high defrost temperature. This will provide 2.5 years test interval (typical for leak test before startup of heater, seven trains).
8	26290-100-U4R-DK-21168 26290-100-U4R-DK-22100	On-Off Valve 31XV-16411 fails 30XV-24300 is opened before pipe pressure is equalized on both side of the XV, creating 2-phase flow downstream.	Addition of Pressure Transmitter across valve 24300 are added with new interlock 30I-24-08 to provide permissive to open during normal operation.
9	N/A	Advance Simulation hours are based off typical deliverables and studies	Provide a second check the valve of dissimilar type to 31VV-161105 installed in 31C-1611 Mixed Refrigerant Compressor. Advance Simulation Hours for additional Thermal Transient Analysis due to HAZOP, which is not a typical deliverable, and is requested by Owner, on low differential pressure across the valve.

Note 1 The table only describes each HAZOP scenario at a summary level.

2. The detailed cost breakdown for each item is detailed in Exhibit A of this Change Order, together with a summary table.
3. Schedule C-1 Aggregate Labor and Skills Price Monthly Payment Schedule and C-3 Aggregate Equipment Price Payment Milestones of Attachment C of the Agreement will be amended by including the milestone(s) listed in Exhibit 1 of this Change Order.

#### Adjustment to Contract Price

1. The original Contract Price was .....	\$ 5,484,000,000
2. Net change by previously authorized Change Orders (# CO-00001 – CO-00082) CO-00086).....	\$ 284,318,280 344,283,837
3. The Contract Price prior to this Change Order was .....	\$ 5,768,318,280 5,828,283,837
4. The Aggregate Equipment Price will be (increased) by this Change Order in the amount of .....	[***]
5. The Aggregate Labor and Skills Price will be (increased) by this Change Order in the amount of...	[***]
6. The Aggregate Provisional Sum Equipment Price will be (unchanged) by this Change Order in the amount of .....	\$ 0
7. The Aggregate Provisional Sum Labor and Skills Price will be (unchanged) by this Change Order in the amount of .....	\$ 0
8. The new Contract Price including this Change Order will be .....	\$ 5,779,349,893 5,831,633,966

**CHANGE ORDER**

**CCL TANKS "A" AND "C" LONG-LEAD ITEM PURCHASES PACKAGE #3 FERC & PHMSA (DOT) SUPPORT HOURS (THROUGH TO PERIOD 24-Dec-2023)**

**PROJECT NAME:** Corpus Christi Liquefaction Stage 3 Project  
**OWNER:** Corpus Christi Liquefaction, LLC  
**CONTRACTOR:** Bechtel Energy Inc.

**CHANGE ORDER NUMBER:** R: CO-00084 CO-00088

**DATE OF CHANGE ORDER:** 01-Mar-2022

**DATE OF AGREEMENT:** 01-Mar-2022

**DATE OF CHANGE ORDER:** 04-Mar-2024 02-Feb-2024

The Agreement between the Parties listed above is changed as follows: (attach additional documentation if necessary)

1. In accordance with Section 6.1 Sections 11.1 and 11.2(D) of Schedule A-1 ("Scope of Work") of the Agreement, ("Owner's Right to this Change Order"), Owner requests Contractor commence additional long-lead item pre-buys necessary for new scope items relating to CCL Tank(s) "A" and "C" as set forth below ahead of Contractor's submission of Order;

1.1 Increases the engineering, procurement and construction Contract Price to reflect the additional [\*\*] hours expended throughout 2023 (to period 24-Dec-2023) to support Owner with the application, coordination and Level 2 Schedule (which Contractor is currently scheduled to provide to compliance with FERC and PHMSA (DOT) Owner on 22-Feb-2024) permits; and;

2. Contractor confirms that with 1.2 For context, as of 24-Dec-2023, such support (Contractor's hours) totals [\*\*] hours, therefore exceeding the approval [\*\*] hours allocated for such support.

2. For detailed description of activities by month see Attachment 1.

3. The detailed cost breakdown for this Change Order (which supplements earlier Change Order(s) CO-00054 and CO-00080), all procurement (excluding insulation materials, which is not long-lead) for Tanks "A" and "C" is completed.

3. This Change Order therefore approves the following additional scope:

**4. Long Lead Item Purchases - CCL Tank(s) "A" and "C" Tie-Ins Package #3**

1) Contractor will procure and deliver (only) certain long lead items, as described detailed in Exhibit A of this Change Order. For the avoidance of doubt, the Parties agree that the definition of Stage 3 Facility includes Equipment procured to perform CCL Liquefaction Facility Tie-in Work. Capitalized terms used in Clause 3.1 of this Change Order have meaning ascribed to them in the Stage 3 EPC Agreement.

2) Should Owner terminate such long lead item purchases, Owner's liability to Contractor is as per the amounts stated in Exhibit 2 of this Change Order. For the avoidance of doubt, Article 16.2 of the Agreement ("Termination for Convenience by Owner") will govern the termination for convenience of any other portion of this Change Order.

5.4. Schedule C-3C-1 Aggregate Equipment Labor and Skills Price Monthly Payment Milestones Schedule of Attachment C of the Agreement will be amended by including the milestone(s) listed in Exhibit 1 of this Change Order.

**Adjustment to Contract Price**

1. The original Contract Price was .....	.....	\$ 5,484,000,000

## CHANGE ORDER

### SITE PLAN UPDATE PACKAGE #3 – FENCING 30PK-3301A/B/C FIREWATER PUMP PROTECTION - BLAST ANALYSIS, DESIGN AND CALCULATION REPORT

**PROJECT NAME:** Corpus Christi Liquefaction Stage 3 Project  
**OWNER:** Corpus Christi Liquefaction, LLC  
**CONTRACTOR:** Bechtel Energy Inc

**CHANGE ORDER NUMBER:** CO-00085 CO-00089

**DATE OF AGREEMENT:** T: 01-Mar-2022

**DATE OF CHANGE ORDER:** ER: 17-Jan-2024 07-May-2024

The Agreement between the Parties listed above is changed as follows:

1. In accordance with Section 6.1 of the Agreement ("Owner's Right to Change Order") and as requested by Owner's teams, to support Owner's Contractor's scope is revised fencing requirements as follows:
  - 1.1 Contractor shall revise the current fencing scope, including but are not limited will provide a third party-developed blast analysis, design and calculation report determining solutions to increasing the overall fencing perimeter, adding security cameras and poles, revisions to gates (including adding one (1) automated gate) and increasing street and fencing lighting. protect firewater pump packages 30PK-3301A/B/C from blast pressure of 2.00 psi with a duration 63 milliseconds (herein "Study");
  - 1.2 An illustrative scope sketch of the revised fencing requirements is A draft Study deliverable will be provided in Attachment 1 no later than seven (7) weeks from execution of this Change Order. change order; and
  - 1.3 For context, the original fencing requirement is illustrated per Attachment 2 of this Change Order. Study responds to Blue Engineering (Owner's consultant) updated recommendations.
2. This is a feasibility study, only, and therefore the cost and schedule impact of implementing any solutions are currently unknown and excluded and will be provided under separate proposal should Owner wish to move forward.
3. The detailed cost breakdown for this Change Order is detailed in Exhibit A of this Change Order.
3. 4. Schedule C-1 Aggregate Labor and Skills Price Monthly Payment Schedule and C-3 Aggregate Equipment Price Payment Milestones of Attachment C of the Agreement will be revised amended by including the milestone milestone(s) listed in Exhibit 1 of this Change Order.

#### Adjustment to Contract Price

**FIRST AMENDMENT TO  
SECOND A&R TERM LOAN FACILITY AGREEMENT**

This First Amendment, dated as of April 19, 2024 (the "First Amendment"), amends the Second Amended and Restated Term Loan Facility Agreement, dated as of June 15, 2022 (as amended, amended and restated, modified or supplemented from time to time, the "Term Loan Facility Agreement"), by and among Cheniere Corpus Christi Holdings, LLC (the "Borrower"), Corpus Christi Liquefaction, LLC, Cheniere Corpus Christi Pipeline, L.P. and Corpus Christi Pipeline GP, LLC (the "Guarantors" and, together with the Borrower, the "Loan Parties"), Société Générale as the Term Loan Facility Agent, and the Term Lenders that are party thereto. All capitalized terms used herein and not otherwise defined shall have the meanings ascribed to such terms in the Term Loan Facility Agreement.

WHEREAS, the Loan Parties wish to enter into this First Amendment; and

WHEREAS, the Term Loan Facility Agent is executing this amendment as set forth herein pursuant to Section 12.01 (*Decisions; Amendments, Etc.*) of the Term Loan Facility Agreement and Section 3 (*Voting and Decision Making*) and Section 4 (*Modifications; Instructions; Other Relationships*) of the Intercreditor Agreement.

NOW, THEREFORE, in consideration of the mutual covenants contained herein, and subject to the terms and conditions herein set forth, the parties hereto agree as follows:

Section 1. Amendments to Term Loan Facility Agreement. The Borrower, the Guarantors and the Term Loan Facility Agent each agree that the Term Loan Facility Agreement is hereby amended by:

(a) amending Section 2.01(d) (*Term Loans*) of the Term Loan Facility Agreement by inserting the double-underlined text (example: double-underlined text) and deleting the stricken text (example: ~~stricken text~~) as set forth below:

"Proceeds of the Term Loans advanced for the purpose of (i) funding the Senior Debt Service Reserve Account shall be paid into the Senior Debt Service Reserve Account, ~~and~~ (ii) reimbursing Equity Funding to an Affiliate of the Borrower in accordance with Section 2.7 (Rebursements of Equity Funding) of the Common Terms Agreement and Section 2.07 (Use of Proceeds) of this Agreement, and (iii) except in the case of the Initial Advance, paying interest accruing on the Term Loans and Commitment Fees during the Term Loan Availability Period, as designated in the Disbursement Request, shall be transferred by the Term Loan Facility Agent to the Term Lenders in accordance with Section 10.13(a) (*General Provisions as to Payments*); provided that such transfer shall occur on the same day that the Term Loan Facility Agent receives

---

such proceeds from the Term Lenders and subject to the Term Loan Facility Agent's actual receipt of such proceeds in accordance with Section 2.04 (*Funding*). For the avoidance of doubt, such Advance shall constitute a Term Loan for all purposes under this Agreement and each other Finance Document and shall be treated as received, and accounted for as a Term Loan, by the Borrower."

(b) amending Section 2.07 (*Use of Proceeds*) of the Term Loan Facility Agreement by inserting the double-underlined text (example: double-underlined text) and deleting the stricken text (example: ~~stricken text~~) as set forth below:

"Proceeds of the Term Loans may be used by the Borrower or the other Loan Parties solely to (i) pay Project Costs, funding (ii) fund the Senior Debt Service Reserve Account, ~~and to~~ (iii) make Authorized Investments. ~~and~~ (iv) to the extent that, at any time the Stage 3 Senior Debt/Equity Ratio, as certified by the Borrower to the Term Loan Facility Agent, is less than 50:50 based on the actual Project Costs that have been paid as of such date, reimburse Equity Funding to an Affiliate of the Borrower up to an amount that would give rise to a Stage 3 Senior Debt/Equity Ratio of no greater than 50:50; provided that, as of the date on which an Advance is requested, the Borrower shall certify to the Term Loan Facility Agent that (a) Senior Debt Commitments, (b) Equity

Funding commitments (if any), (c) funds in the Construction Account and the Equity Proceeds Account and (d) projected contracted Cash Flow from the fixed component under the Qualifying LNG SPAs, in each case under the updated Base Case Forecast, shall be sufficient to achieve the Stage 3 Completion Date by the Stage 3 Date Certain.”

**Section 2. Effectiveness.** This First Amendment shall be effective upon (a) the receipt by the Term Loan Facility Agent of executed counterparts of this First Amendment by the Borrower and each Guarantor and (b) the execution of this First Amendment by the Term Loan Facility Agent.

**Section 3. Finance Document.** This First Amendment constitutes a Finance Document as such term is defined in, and for purposes of, the Common Terms Agreement.

**Section 4. GOVERNING LAW.** THIS FIRST AMENDMENT SHALL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF NEW YORK, UNITED STATES WITHOUT REGARD TO CONFLICTS OF LAWS PRINCIPLES THEREOF THAT WOULD RESULT IN THE APPLICATION OF THE LAW OF ANY OTHER JURISDICTION.

2

---

**Section 5. Headings.** All headings in this First Amendment are included only for convenience and ease of reference and shall not be considered in the construction and interpretation of any provision hereof.

**Section 6. Binding Nature and Benefit.** This First Amendment shall be binding upon and inure to the benefit of each party hereto and their respective successors and permitted transfers and assigns.

**Section 7. Counterparts.** This First Amendment may be executed in multiple counterparts, each of which shall be deemed an original and all of which, when taken together, shall constitute one agreement. Delivery of an executed signature page of this First Amendment by facsimile or other electronic transmission (e.g., “pdf” or “tif”) shall be effective as delivery of a manually executed counterpart hereof. Any signature to this First Amendment may be delivered by facsimile, electronic mail (including pdf) or any electronic signature complying with the U.S. federal ESIGN Act of 2000 or the New York Electronic Signature and Records Act or other transmission method and any counterpart so delivered shall be deemed to have been duly and validly delivered and be valid and effective for all purposes to the fullest extent permitted by applicable law.

**Section 8. No Modifications; No Other Matters.** Except as expressly provided for herein, the terms and conditions of the Term Loan Facility Agreement shall continue unchanged and shall remain in full force and effect. Each amendment granted herein shall apply solely to the matters set forth herein and such amendment shall not be deemed or construed as an amendment of any other matters, nor shall such amendment apply to any other matters.

Second A&R Term Loan Facility Agreement

Exhibit 10.5

**FIRST AMENDMENT TO  
SECOND A&R COMMON TERMS AGREEMENT**

This First Amendment, dated as of April 19, 2024 (the "First Amendment"), amends the Second Amended and Restated Common Terms Agreement, dated as of June 15, 2022 (as amended, amended and restated, modified or supplemented from time to time, the "Common Terms Agreement"), by and among Cheniere Corpus Christi Holdings, LLC (the "Borrower"), Corpus Christi Liquefaction, LLC, Cheniere Corpus Christi Pipeline, L.P. and Corpus Christi Pipeline GP, LLC (the "Guarantors" and, together with the Borrower, the "Loan Parties"), Société Générale as the Term Loan Facility Agent, The Bank of Nova Scotia as the Working Capital Facility Agent, each other Facility Agent on behalf of its respective Facility Lenders, and Société Générale as the Intercreditor Agent. All capitalized terms used herein and not otherwise defined shall have the meanings ascribed to such terms in the Common Terms Agreement.

WHEREAS, the Loan Parties wish to enter into this First Amendment; and

WHEREAS, the Intercreditor Agent is executing this amendment as set forth herein pursuant to Section 23.16 (Amendments) of the Common Terms Agreement and Section 3 (Voting and Decision Making) and Section 4 (Modifications; Instructions; Other Relationships) of the Intercreditor Agreement.

NOW, THEREFORE, in consideration of the mutual covenants contained herein, and subject to the terms and conditions herein set forth, the parties hereto agree as follows:

Section 1. Amendments to Common Terms Agreement. The Borrower, the Guarantors and the Intercreditor Agent each agree that the Common Terms Agreement is hereby amended by:

(a) deleting the reference to "[Reserved]" in Section 2.7 ([Reserved]) of the Common Terms Agreement and replacing it in its entirety with the following clause:

**"2.7 Reimbursements of Equity Funding**

To the extent permitted by a Senior Debt Instrument, disbursements of any Senior Debt may be used to reimburse Equity Funding, in order to achieve any Senior Debt to Equity Funding ratio that is permitted under such Senior Debt Instrument."

(b) amending Section 6.5(a) (Expansion Senior Debt) of the Common Terms Agreement by deleting the stricken text (example: ~~stricken text~~) as set forth below:

"The Borrower may incur ~~Expansion~~-Senior Debt to finance a Permitted Development Expenditure or Expansion ("Expansion Senior Debt"), as the

---

case may be, so long as each of the following conditions is satisfied and the Borrower shall have delivered to the Intercreditor Agent a certificate from an Authorized Officer certifying that such conditions have been satisfied (any such Expansion Senior Debt incurred upon satisfaction of such conditions shall be deemed to have been approved by the Intercreditor Agent for purposes of any Indenture)."

(c) amending Section 8.1 (LNG SPA Maintenance) of the Common Terms Agreement by inserting the double-underlined text (example: [double-underlined text](#)) as set forth below:

"(d) The Borrower may, at any time, by notice to the Intercreditor Agent elect for any Qualifying LNG SPA to cease to be a Qualifying LNG SPA (such a LNG SPA, a "Disqualified LNG SPA") and therefore be deemed to have been "terminated" as a Qualifying LNG SPA for purposes of Section 8.1(a) (LNG SPA Maintenance) and the related quantity contracted to be sold under such LNG SPA shall be removed from the Base Committed Quantity; provided that, after giving effect to such election, the amount of all Senior Debt (excluding Excluded Working Capital Debt and excluding all Indebtedness under Permitted Senior Debt Hedging Instruments) outstanding after such election produces a Fixed Projected DSCR of at least 1.50:1.00 based on a Base Case Forecast updated to take into account the LNG SPAs that then remain as Qualifying LNG SPAs (and the Borrower shall make a LNG SPA Mandatory Prepayment as set forth in Section 8.2(b) (LNG SPA Mandatory Prepayment) in any amount required in order to achieve such minimum Fixed Projected DSCR (or, if no such prepayment is required in order to achieve such Fixed Projected DSCR, shall be deemed to have made a prepayment for purposes of any adjustment to the Base Committed Quantity that is required to reflect the adjusted LNG volumes then contracted to be sold under the then-remaining Qualifying LNG SPAs as a result of such disqualification election))."

(d) amending Section 8.2(a) and (b) (LNG Mandatory Prepayment) of the Common Terms Agreement by inserting the double-underlined text (example: [double-underlined text](#)) as set forth below:

"(a) The Borrower shall be required to make a mandatory prepayment (an "LNG SPA Mandatory Prepayment") if either of the events set forth below occurs (each, an "LNG SPA Prepayment Event"):

(i) CCL breaches the covenant in Section 8.1 (LNG SPA Maintenance) (taking into account the period set forth therein to replace the relevant LNG SPA) [or elects to disqualify a](#)

---

[Qualifying LNG SPA pursuant to Section 8.1\(d\). \(LNG SPA Maintenance\); or"](#)

"(b) The amount of the Senior Debt (which shall not extend to any Working Capital Debt) that the Borrower shall repay and the amount of undrawn Facility Debt Commitments (which shall not include any Working Capital Debt) that the Borrower shall cancel upon the occurrence of any LNG SPA Prepayment Event shall be:

- (i) the aggregate principal amount of Senior Debt then-outstanding plus the aggregate principal amount of undrawn Facility Debt Commitments; less
- (ii) the maximum amount of Senior Debt that can be incurred without producing a Fixed Projected DSCR starting from the Quarterly Payment Date following the end of the applicable cure period and for each calendar year thereafter through the Qualifying Term of the Qualifying LNG SPAs then in effect lower than 1.50:1 based on a Base Case Forecast updated to take into account each Qualifying LNG SPA then in full force and effect (excluding, for the avoidance of doubt in the case of an election pursuant to Section 8.1(d) (LNG SPA Maintenance), any Disqualified LNG SPAs) and in respect of which there is in effect its Required Export Authorization which is not Impaired (including any new Qualifying LNG SPAs entered into to replace an LNG SPA whose termination triggered the LNG SPA Prepayment Event)."

(e) amending Section 8.3 (*Amendment of LNG SPAs*) to the Common Terms Agreement by inserting the double-underlined text (example: double-underlined text) and deleting the stricken text (example: ~~stricken text~~) as set forth below:

"Except to the extent an amendment or modification to a Qualifying LNG SPA is required by applicable law or regulation of any Governmental Authority, CCL shall not agree to:

- (a) any amendment or modification of the price or quantity provisions of any Qualifying LNG SPA: (excluding, for the avoidance of doubt, the making of an election pursuant to Section 8.1(d) (LNG SPA Maintenance) for a Qualifying LNG SPA to become a Disqualified LNG SPA, which shall be addressed under Section 8.1(d) (LNG SPA Maintenance)):

- (i) if such amendment or modification results in a breach of Section 8.1 (*LNG SPA Maintenance*); and

3

---

- (ii) unless after giving effect to such amendment or modification, the Fixed Projected DSCR starting from the Quarterly Payment Date following the date of such amendment or modification for each calendar year thereafter through the Qualifying Term of the Qualifying LNG SPAs then in effect is at least the lower of:

(A) a Fixed Projected DSCR of 1.40:1; and

(B) the Fixed Projected DSCR before such change; ~~; or~~

~~and CCL has certified the same to the Intercreditor Agent;~~

- (b) any amendment or modification of any Qualifying LNG SPA that could reasonably be expected to have a Material Adverse Effect; ~~or~~

- (c) ~~any material waiver, amendment or modification of (i) the term of a Qualifying LNG SPA (other than an increase) if such waiver, amendment or modification is materially adverse to CCL or any other Loan Party, or (ii) guarantee or credit support provisions (other than an increase or improvement) if such waiver, amendment or modification is inconsistent with the minimum credit support requirements of the Finance Documents for Qualifying LNG SPAs; provided, in each case, that any such amendment shall be permitted if CCL notifies the Intercreditor Agent that it has elected for such amended or modified Qualifying LNG SPA to cease to be a Qualifying LNG SPA for purposes of the Finance Documents and, after giving effect to such amendment, the amount of all Senior Debt (excluding Excluded Working Capital Debt and excluding all Indebtedness under Permitted Senior Debt Hedging Instruments) outstanding is capable of being amortized to a zero balance by the termination date of the last to terminate of the Qualifying LNG SPAs then in effect and produces a Fixed Projected DSCR of at least 1.40:1.00 commencing on the first Quarterly Payment Date following such cessation of such LNG SPA as a Qualifying LNG SPA for each calendar~~

~~year through the Qualifying Term of the Qualifying LNG SPAs then in effect (with such ratio being calculated on a pro forma basis giving effect to such cessation).~~

(c) [reserved]."

(f) deleting each of clauses (e), (f), (h), (k), (r), (s) and (t) of Section 10.3 (Notices) to the Common Terms Agreement in its entirety and replacing each such clause with a reference to "[reserved]".

4

---

(g) amending clause (g) of Section 10.3 (Notices) to the Common Terms Agreement by deleting the stricken text (example: ~~stricken text~~) as set forth below:

"(g) unless previously notified pursuant to another provision in the Finance Documents, event, occurrence or circumstance that could reasonably be expected to cause:

(i) an increase of more than an aggregate of \$500 million in Project Costs in excess of the then-current Stage 3 and Incremental Construction Budget and Schedule (excluding any gas or electricity costs); or

(ii) ~~Operation and Maintenance Expenses to exceed the amount budgeted therefor by 10% or more in the aggregate per annum;~~

*provided*, that such notification shall not be required if the amount of all Senior Debt (excluding Excluded Working Capital Debt and excluding all Indebtedness under Permitted Senior Debt Hedging Instruments) outstanding after giving effect to such event, occurrence or circumstance is capable of being amortized to a zero balance by the termination date of the last to terminate of the Qualifying LNG SPAs then in effect and produces a Fixed Projected DSCR of at least 1.40:1.00 commencing on the first Quarterly Payment Date following such event, occurrence or circumstance for each calendar year through the Qualifying Term of the Qualifying LNG SPAs then in effect (with such ratio being calculated on a pro forma basis giving effect to the incurrence of such event, occurrence or circumstance);"

(h) amending the final paragraph of Section 10.4(b) (Construction Reports) to the Common Terms Agreement by inserting the double-underlined text (example: double-underlined text) and deleting the stricken text (example: ~~stricken text~~) as set forth below:

"*provided* that if the construction report from the ~~EPC Contractor~~Independent Engineer does not cover construction with respect to the Corpus Christi Pipeline Expansion, the Loan Parties may, if applicable, provide a separate report prepared by the Loan Parties or applicable contractor(s) for the Corpus Christi Pipeline Expansion covering the pipeline-related items required pursuant to this clause (b)."

(i) deleting Section 10.6 (Operating Statements and Reports) to the Common Terms Agreement in its entirety and replacing it with a reference to "[Reserved]."

5

(j) deleting each of clauses (d) and (e) of Section 12.5 (*Material Project Agreements*) to the Common Terms Agreement in its entirety and replacing each such clause with a reference to “[Reserved]”.

(k) amending Section 12.5 (f), (k) and (l) of Section 12.5 (*Material Project Agreements*) to the Common Terms Agreement by inserting the double-underlined text (example: double-underlined text) and deleting the stricken text (example: stricken text) as set forth below:

(f) The Loan Parties shall not enter into any Subsequent Material Project Agreements without the prior written consent of the Intercreditor Agent acting on the instructions of the Requisite Intercreditor Parties; *provided* that the Intercreditor Agent's consent shall not be required for:

(i) a Qualifying LNG SPA that meets the requirements set forth in Section 8.1(b) (*LNG SPA Maintenance*);

(ii) any Subsequent Material Project Agreement executed in form and substance substantially similar to a form and substance that has previously been approved by the Intercreditor Agent or is attached to an agreement previously approved by the Intercreditor Agent;

(iii) the ADCC LLC Agreement (if ADCC Investco becomes a Subsidiary of the Borrower in accordance with Section 12.19(l) (*Limitations on Investments and Loans*)) as long as such agreement is executed in a form that is substantially similar to the form provided to the Intercreditor Agent on or prior to the Stage 3 Closing; *provided* that the Borrower shall have delivered an updated Base Case Forecast to the Intercreditor Agent that takes into account the commitments of ADCC Investco to make capital contributions to ADCC for the construction of the ADCC Pipeline in accordance with the ADCC LLC Agreement and demonstrates that after giving effect to such commitments of ADCC Investco under the ADCC LLC Agreement:

(A) the amount of all Senior Debt (excluding Excluded Working Capital Debt and excluding all Indebtedness under Permitted Senior Debt Hedging Instruments) outstanding is capable of being amortized to a zero balance by the termination date of the last to terminate of the Qualifying LNG SPAs then in effect and produces a Fixed Projected DSCR of at least 1.40:1.00

---

commencing on the first Quarterly Payment Date following the date on which ADCC Investco becomes a direct or indirect Subsidiary of the Borrower for each calendar year through the Qualifying Term of the Qualifying LNG SPAs then in effect (with such ratio being calculated on a pro forma basis giving effect to the incurrence of ADCC Investco's obligations under the ADCC LLC Agreement); and

(B) the Stage 3 Senior Debt/Equity Ratio will be equal or lower than 50:50 (calculated, for this purpose based on the Base Case Forecast delivered as of the Stage 3 Closing Date updated only to reflect any increases in the ADCC Pipeline Costs compared to those set forth in such Base Case Forecast);

(iv) any:

(A) Shipping Services Agreements to be entered into in connection with Stage 3 (DES) LNG SPAs; *provided* that such Shipping Services Agreements satisfy the requirements set forth in clause (h)(i) below;

(B) Linked LNG SPAs to be entered into in connection with a Linked GSA-SPA that is a Stage 3 LNG SPA; *provided* that such Linked LNG SPAs satisfy the requirements set forth in clause (h)(ii) below; *and*

(v) any other Subsequent Material Project Agreement that a Loan Party enters into, to the extent such Subsequent Material Project Agreement complies with specific requirements related to the terms and requirements therefor under the Finance Documents (to the extent such requirements are expressly set forth in the Finance Documents); and

(vi) any other Subsequent Material Project Agreement that a Loan Party enters into, to the extent entry into such Subsequent Material Project Agreement could not reasonably be expected to have a Material Adverse Effect."

"(k) No Loan Party shall, without the consent of the Intercreditor Agent (acting on the instruction of Requisite Intercreditor Parties), provide consent to a request for an amendment, modification or waiver to, or assignment or transfer of any interest under, the PetroChina DES LNG SPA that is requested by CMI (UK) ~~unless that could reasonably be expected to have a Material Adverse Effect.~~

7

---

(i) ~~in the case of an amendment, modification or waiver, (A) a corresponding amendment, modification or waiver is made to the DES Linked LNG SPA to the extent that such amendment, modification or waiver of the DES Linked LNG SPA is required to maintain the alignment of material terms between the DES Linked LNG SPA and the PetroChina DES LNG SPA and (B) such corresponding amendment, modification or waiver of the DES Linked LNG SPA meets the requirement therefor in the Finance Documents; and~~

(ii) ~~in the case of an assignment or transfer of any interest under the DES Linked LNG SPA, such assignment or transfer of any interest could not reasonably be expected to have a Material Adverse Effect."~~

"(l) No Loan Party shall, without the consent of the Intercreditor Agent (acting on the instruction of Requisite Intercreditor Parties):

(i) amend, waive or modify any of CMI (UK)'s rights or obligations under the CMI Security Agreement in a manner that ~~is material and adverse to the interests of the Loan Parties~~ could reasonably be expected to have a Material Adverse Effect; or

(ii) consent to an assignment or transfer of any of CMI (UK)'s material rights or obligations under the CMI Security Agreement that could reasonably be expected to have a Material Adverse Effect."

(l) amending Section 12.17 (c), (l), (m) and adding clause (n) (Sale of Project Property) to the Common Terms Agreement by inserting the double-underlined text (example: double-underlined text) and deleting the stricken text (example: ~~stricken text~~) as set forth below:

"(c) ~~dispositions of the sale, lease or other disposition of (A) products, services, inventory or accounts receivable in the ordinary course of business or (B) obsolete, superfluous or replaced assets, or assets that are not, or cease to be, necessary for the construction and operation of the Project Facilities substantially in the manner contemplated in this Agreement;"~~

"(l) dispositions of other Project Property if a Loan Party replaces such Project Property within 180 days following such disposition or has obtained a commitment to replace such Project Property within 180 days following such disposition and replaces such Project Property within 270 days following such disposition; and"

8

---

"(m) sale of investments held in pipelines (other than the Corpus Christi Pipeline), electricity generation, carbon capture and sequestration, helium processing or nitrogen rejection facilities, pollution control and associated infrastructure (or in the entity owning such facilities or infrastructure) at a fair market value and so long as the sale does not materially adversely impact any Material Project Agreement in effect prior to such sale between a Loan Party and the owner of such facilities; and"

"(n) any single transaction or series of related transactions that involves assets having a fair market value of less than \$50,000,000."

(m) amending Section 12.22(b) (Hedging Arrangements) to the Common Terms Agreement by inserting the double-underlined text (example: double-underlined text) and deleting the stricken text (example: ~~stricken text~~) as set forth below:

"(b) The As of and following any Hedge Obligation Date, the Borrower shall enter into and thereafter maintain in full force and effect, from time to time, one or more interest rate Permitted Hedging Instruments with respect to no less than 60% (calculated on a weighted average basis) of the projected aggregate outstanding balance of the Senior Debt, no later than 90 days following the Stage 3 Closing Date for the projected aggregate outstanding balance of the Senior Debt; ~~provided that for. The "Hedge Obligation Date" for purposes of this clause shall mean the first Business Day falling 60 days after the date on which the aggregate notional amount of the Permitted Hedging Instruments is less than 60% (calculated on a weighted average basis) of the projected aggregate outstanding balance of Senior Debt as a result of a mandatory or voluntary prepayment of Senior Debt. For purposes of calculating such percentage, any such the percentages described in this clause (b), any Senior Debt which bears a fixed interest rate shall be deemed subject to a Permitted Hedging Instrument."~~

(n) amending Section 15.1(c) (Loan Facility Events of Default – Breach of Certain Covenants) to the Common Terms Agreement by deleting the reference to Section 12.5(d) (Material Project Agreements) from Section 15.1(c)(ii)(A)(3) (Loan Facility Events of Default – Breach of Certain Covenants) and deleting the reference to Section 12.5(e) (Material Project Agreements) from Section 15.1(c)(ii)(B)(4) (Loan Facility Events of Default – Breach of Certain Covenants).

(o) adding the definition of "Disqualified LNG SPA" to Section 1.3 (Definitions) of Schedule A (Common Definitions and Rules of Interpretation) to the Common Terms Agreement by inserting the text as set forth below:

---

"Disqualified LNG SPA" has the meaning set forth in Section 8.1(d) (LNG SPA Maintenance) of the Common Terms Agreement."

(p) amending the definition of "Permitted Hedging Instrument" in Section 1.3 (Definitions) of Schedule A (Common Definitions and Rules of Interpretation) to the Common Terms Agreement by deleting the stricken text (example: ~~stricken text~~) as set forth below:

"Permitted Hedging Instrument" means a Hedging Instrument entered into by a Loan Party in the ordinary course of business and that (i) is with a Hedging Bank, a Gas Hedge Provider, a Power Hedge Provider or any other party that is a counterparty to a Hedging Instrument, (ii) if secured, is of the type referred to in clause (a) or (b) of the definition of Hedging Instrument and (iii) is entered for non-speculative purposes and is on arm's-length terms; ~~provided that (a) if such Hedging Instrument is a Gas Hedging Instrument, Permitted Hedging Instruments are limited to the following: (1) Futures Contracts, Fixed Floating Futures Swaps, NYMEX Natural Gas Futures Contracts and Swing Swaps for gas hedging purposes for up to a maximum of 207.5 TBtu of gas utilizing intra month and up to 24 prompt month contracts, (2) Index Swaps for gas hedging purposes for up to a maximum of 98.8 TBtu per month of gas utilizing up to 24 prompt month contracts, and (3) Basis Swaps for gas hedging purposes for up to a maximum of 98.8 TBtu per month with a tenor up to 60 months, where the limitations in each of the categories described in sub clauses (1), (2) and (3) are not aggregated; and (b) if such Hedging Instrument is a Power Hedging Instrument, the aggregate quantum under such Hedging Instrument does not exceed 3,650,000 megawatt hours and each such Hedging Instrument is for a period not to exceed 60 months where the first month is~~

~~the month in which the power hedging contract is executed~~. "Permitted Hedging Instrument" includes any "Permitted Senior Debt Hedging Instrument."

(q) amending the definition of "Restricted Payment" in Section 1.3 (Definitions) of Schedule A (Common Definitions and Rules of Interpretation) to the Common Terms Agreement by inserting the double-underlined text (example: double-underlined text) and deleting the stricken text (example: ~~stricken text~~) as set forth below:

~~"Restricted Payment" means (a) any dividend or other distribution by the Borrower (in cash, property of the Borrower, securities, obligations, or other property) on, or other dividends or distributions on account of, or the setting apart of money for a sinking or other analogous fund for, or the purchase, redemption, retirement or other acquisition by the Borrower of, any portion of any membership interest in the Borrower and (b) all payments (in cash, property of the Borrower, securities, obligations, or other property) of principal of, interest on and other amounts with respect to, or other payments on account of, or the setting apart of money for a sinking or other analogous~~

10

---

fund for, or the purchase, redemption, retirement or other acquisition by the Borrower of, any Indebtedness owed to Holdco or any other Person party to a pledge agreement or any Affiliate thereof, including any Subordinated Debt. Restricted Payments shall not include payments to the Manager for fees and costs pursuant to Management Services Agreements and fees and costs payable pursuant to the Gas and Power Supply Services Agreement and payments to the Operator pursuant to the O&M Agreements (which shall be paid in accordance with Section 4.7 (Cash Waterfall) of the Common Security and Account Agreement); Permitted Payments (which shall be paid in accordance with Section 4.7 (Cash Waterfall) of the Common Security and Account Agreement); Senior Debt proceeds applied in accordance with amounts paid in accordance with Section 2.7 (~~Stage 3 Senior Debt/Equity Ratio at Stage 3 Completion Date~~) (Reimbursements of Equity Funding) of the Common Terms Agreement; and any of the payments in (a) or (b) above (whether in cash, securities, obligations or otherwise) made among any of the Loan Parties."

(r) Amending paragraph (d) of the definition of "Subsequent Material Project Agreement" in Section 1.3 (Definitions) of Schedule A (Common Definitions and Rules of Interpretation) to the Common Terms Agreement by inserting the double-underlined text (example: double-underlined text) and deleting the stricken text (example: ~~stricken text~~) as set forth below:

(d) any contract, agreement, letter agreement or other instrument (other than a Real Property Document) that is not otherwise expressly covered by clauses (a), (b), (c), (e), (f) or (g) of this definition that, (i) contains obligations and liabilities that are in excess of \$100 million over its term (including after taking into account all amendments, amendments and restatements, supplements, or waivers to any such contract, agreement, letter agreement or other instrument) and (ii) is for a term that is greater than 10 years under this clause (d); *provided* that the following shall not constitute Subsequent Material Project Agreements: (A) any construction contracts entered into following the Stage 3 Closing Date, until such time as any Loan Party has entered into construction contracts following the Stage 3 Closing Date that contain obligations and liabilities which in the aggregate are equal to at least \$100 million, (B) any LNG SPAs that are not Qualifying LNG SPAs and any guarantee thereof, (C) prior to the incurrence of any Expansion Senior Debt following the Stage 3 Closing Date, any contract, agreement, letter agreement or other instrument containing obligations or liabilities which is not effective by its terms unless and until the Expansion Senior Debt is incurred, (D) any Gas supply contracts (other than any Linked GSA-SPA), ~~and~~ (E) any agreements related solely to the Stage 3 Development except any Qualifying LNG SPAs and any agreements with Affiliates that otherwise meet the

11

thresholds set forth in this clause (d), and (E) any guarantees provided by a Loan Party in support of another Loan Party in connection with a Material Project Agreement;

(s) Amending each of Section 2.1 (*Operational Property Damage Insurance*), Section 2.2 (*Business Interruption Insurance*), Section 2.3 (*Commercial General Liability*), Section 2.4 (*Marine Cargo Insurance for DES Shipping*) and Section 2.5 (*Charterer's Liability Insurance for DES Shipping*) of Schedule L (*Schedule of Minimum Insurance*) to the Common Terms Agreement by replacing the terms specified within these sections as the "Sum Insured", in each case, with "As is consistent with Prudent Industry Practice".

(t) Amending Section 6 (*Construction All Risk and DSU/Operational Property Damage and Business Interruption Limits*) of Schedule L (*Schedule of Minimum Insurance*) to the Common Terms Agreement by inserting the double-underlined text (example: double-underlined text) and deleting the stricken text (example: ~~stricken text~~) as set forth below:

~~"In lieu of the full construction value or the full replacement value, the Borrower shall be permitted to obtain limits as are consistent with Prudent Industry Practice which meet the full value for probable maximum loss for the perils of windstorm/hurricane, earthquake, flood, vapor cloud explosion, and such other perils as identified and quantified in a probable maximum loss study conducted by a reputable and experienced firm well versed in performing such studies for the then-existing Development. The Borrower shall be permitted to obtain delayed start up (DSU) and business interruption limits as are consistent with Prudent Industry Practice based on the values required for insuring scheduled debt service in respect of the Senior Debt Obligations and fixed expenses for the estimated period of indemnity identified and quantified in a probable maximum loss study conducted by a reputable and experienced firm well versed in performing such studies for the then-existing Development."~~

(u) Deleting clauses (A) through (E) (inclusive) of Section 9 (*Notices and Reporting*) of Schedule L (*Schedule of Minimum Insurance*) to the Common Terms Agreement in their entirety and replacing each of them with the reference "[Reserved]".

Section 2. Effectiveness. This First Amendment shall be effective upon (a) the receipt by the Intercreditor Agent of executed counterparts of this First Amendment by the Borrower and each Guarantor and (b) the execution of this First Amendment by the Intercreditor Agent.

Section 3. Finance Document. This First Amendment constitutes a Finance Document as such term is defined in, and for purposes of, the Common Terms Agreement.

---

Section 4. GOVERNING LAW. THIS FIRST AMENDMENT SHALL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF NEW YORK, UNITED STATES WITHOUT REGARD TO CONFLICTS OF LAWS PRINCIPLES THEREOF THAT WOULD RESULT IN THE APPLICATION OF THE LAW OF ANY OTHER JURISDICTION.

Section 5. Headings. All headings in this First Amendment are included only for convenience and ease of reference and shall not be considered in the construction and interpretation of any provision hereof.

Section 6. Binding Nature and Benefit. This First Amendment shall be binding upon and inure to the benefit of each party hereto and their respective successors and permitted transfers and assigns.

Section 7. Counterparts. This First Amendment may be executed in multiple counterparts, each of which shall be deemed an original and all of which, when taken together, shall constitute one agreement. Delivery of an executed signature page of this First Amendment by facsimile

or other electronic transmission (e.g., "pdf" or "tif") shall be effective as delivery of a manually executed counterpart hereof. Any signature to this First Amendment may be delivered by facsimile, electronic mail (including pdf) or any electronic signature complying with the U.S. federal ESIGN Act of 2000 or the New York Electronic Signature and Records Act or other transmission method and any counterpart so delivered shall be deemed to have been duly and validly delivered and be valid and effective for all purposes to the fullest extent permitted by applicable law.

**Section 8. No Modifications; No Other Matters.** Except as expressly provided for herein, the terms and conditions of the Common Terms Agreement shall continue unchanged and shall remain in full force and effect. Each amendment granted herein shall apply solely to the matters set forth herein and such amendment shall not be deemed or construed as an amendment of any other matters, nor shall such amendment apply to any other matters.

**FIRST AMENDMENT TO  
SECOND A&R COMMON SECURITY AND ACCOUNT AGREEMENT**

This First Amendment, dated as of April 22, 2024 (the "First Amendment"), amends the Second Amended and Restated Common Security and Account Agreement, dated as of June 15, 2022 (as amended, amended and restated, modified or supplemented from time to time, the "Common Security and Account Agreement"), by and among Cheniere Corpus Christi Holdings, LLC (the "Company"), Corpus Christi Liquefaction, LLC, Cheniere Corpus Christi Pipeline, L.P. and Corpus Christi Pipeline GP, LLC (the "Guarantors" and, together with the Company, the "Securing Parties"), the Senior Creditor Group Representatives party thereto and that accede thereto from time to time, for the benefit of all Senior Creditors, Société Générale as Intercreditor Agent for the Facility Lenders and any Hedging Banks, Société Générale as Security Trustee, and Mizuho Bank, Ltd. as Account Bank. All capitalized terms used herein and not otherwise defined shall have the meanings ascribed to such terms in the Common Security and Account Agreement.

WHEREAS, the Loan Parties wish to enter into this First Amendment; and

WHEREAS, the Intercreditor Agent is executing this amendment as set forth herein pursuant to Section 12.14 (Amendments) of the Common Security and Account Agreement and Section 3 (Voting and Decision Making) and Section 4 (Modifications; Instructions; Other Relationships) of the Intercreditor Agreement.

NOW, THEREFORE, in consideration of the mutual covenants contained herein, and subject to the terms and conditions herein set forth, the parties hereto agree as follows:

Section 1. Amendments to Common Security and Account Agreement. The Common Security and Account Agreement is hereby amended by:

(a) amending Section 2.3(a)(ii)(D) and (E) and adding Section 2.3(a)(ii)(F) (*Pro Rata Payment of Senior Debt Obligations*) to the Common Security and Account Agreement by inserting the double-underlined text (example: double-underlined text) and deleting the stricken text (example: ~~stricken text~~) as set forth below:

"(D) each of the payments of Breakage Costs and other similar amounts required to be paid pursuant to an individual Senior Debt Instrument only (as referred to in Section 3.6 (Prepayment Fees and Breakage Costs) of the Common Terms Agreement and any comparable provision of any other Senior Debt Instrument then in effect) and including any cash collateralization of letters of credit required pursuant to the terms of any Working Capital Debt shall not be required to be made as a Pro Rata Payment; **and**"

---

"(E) any other payments or prepayments to a Senior Creditor in respect of which it waives its right to a Pro Rata Payment under its Senior Debt Instrument (including, in respect of Facility Lenders, the proviso to Section 3.7 (Pro Rata Payment) of the Common Terms Agreement (and any comparable provision in any other Senior Debt Instrument then in effect) which waiver shall be deemed to be a waiver of its right to receive a Pro Rata Payment in accordance with this Section 2.3(a) (Payments and Prepayments – Pro Rata Payment of Senior Debt Obligations) as a result of which such Senior Creditor shall not require a Pro Rata Payment or prepayment to such Senior Creditor; **and**"

"(E) any voluntary or optional prepayment, redemption or market purchase of Senior Debt Obligations (including any series of Senior Notes, in whole or in part) shall not be required to be made as a Pro Rata Payment; provided that such prepayment, redemption or market purchase is made using the proceeds of Replacement Senior Debt in compliance with the requirements set forth in Section 6.3 (Replacement Senior Debt) of the Common Terms Agreement (or any comparable provision of any other Senior Debt Instrument then in effect) or using funds eligible to make Restricted Payments."

(b) amending Section 3.2(f)(ii) (*Real Property*) of the Common Security and Account Agreement by inserting the double-underlined text (example: double-underlined text) and deleting the stricken text (example: ~~stricken text~~) as set forth below:

"(ii) The Company shall deliver an executed deed of trust or an amendment to or amendment and restatement of an existing deed of trust, substantially in the applicable form attached as Schedule I-1 (*Form of Deed of Trust (CCL)*) or Schedule I-2 (*Form of Modification and Release Agreement (CCP)*) (or in form and substance reasonably acceptable to the Security Trustee), to include all Real Estate of the Securing Parties acquired or otherwise established after the Stage 3 Closing that (x) has a purchase price in excess of \$10,000,000 or is otherwise material to the operation of the Development ~~50,000,000 or (y) consists of Real Estate on which any Expansion that is, or includes, an LNG Train is constructed~~ (A) no later than 60 days following such acquisition or establishment in the case of Real Estate of any Securing Party other than relating to the Corpus Christi Pipeline Expansion and (B) in the case of Real Estate relating to the Corpus Christi Pipeline Expansion, no later than 60 days following the acquisition or establishment of the last Real Estate required for the commissioning of the Corpus Christi

---

agreed in writing by the Security Trustee), together with all documents and instruments required under the law of the State of Texas to perfect the Security Interest of the Security Trustee in such Common Collateral free of any other pledges, security interests or deeds of trust, except Permitted Liens. In connection with any such deed of trust entered into by CCL, CCL (x) shall also deliver a Title Policy meeting the requirements within the definition of such term based on the applicable Real Estate covered by such deed of trust, and (y) prior to the Term Loan Discharge Date, shall use commercially reasonable efforts to obtain and deliver a Flood Certificate consistent with the Flood Certificate described in Section 14(B) of Schedule L (*Schedule of Minimum Insurance*) of the Common Terms Agreement.”

(c) deleting each of clauses (c) and (e) of Section 3.4 (*Direct Agreements*) of the Common Security and Account Agreement in its entirety and replacing it with the reference “[Reserved]”

(d) amending clause (h) and adding a new clause (m) to Section 3.4 (*Direct Agreements*) of the Common Security and Account Agreement by inserting the double-underlined text (example: double-underlined text) and deleting the stricken text (example: ~~stricken text~~) as set forth below:

(h) For the avoidance of doubt, the Securing Parties shall not be required to (i) obtain Direct Agreements, including from any transporters under any Gas transportation agreements (other than precedent agreements), Gas suppliers under any Gas supply agreements, LNG Buyers or guarantors of LNG SPAs, in each case other than those set forth above, ~~or (ii) maintain a Direct Agreement with respect to an LNG SPA or the Shipping Services Agreement related to such LNG SPA if such LNG SPA becomes a Disqualified LNG SPA in accordance with Section 8.1(d) (LNG SPA Maintenance) of the Common Terms Agreement.~~

“(m) If any Qualifying LNG SPA becomes a Disqualified LNG SPA pursuant to Section 8.1(d) (LNG SPA Maintenance) of the Common Terms Agreement, the Security Trustee is hereby authorized to execute any termination of, or release or expiration of, any Direct Agreement in effect with respect to such Disqualified LNG SPA.”

(e) amending Section 3.5(b) and (e) (*Perfection and Maintenance of Security Interests*) of the Common Security and Account Agreement by inserting the double-underlined text (example: double-underlined text) and deleting the stricken text (example: ~~stricken text~~) as set forth below:

---

“(b) Collateral in Possession of Bailee; Perfection. If any goods (excluding Gas) in which any Securing Party owns or has an interest are now or at any time in the possession of a bailee and the value of such goods in the possession of such bailee is above ~~\$10,000,000~~ 50,000,000:

~~"(e) From and after the Closing Date, with respect to any Letter of Credit Rights, the Securing Parties have ensured and shall ensure that, as promptly as reasonably practicable after receipt of a Letter of Credit, the Security Trustee has control thereof by ensuring that the Security Trustee takes possession thereof and obtaining a written consent from each issuer of each related letter of credit to the assignment of the proceeds of such letter of credit to the Security Trustee, except for (i) Letter of Credit Rights under any letters of credit which, at the time they are granted to a Securing Party, have a face value of less than \$10,000,000 individually or \$40,000,000 in the aggregate or (ii) from and after the Stage 3 Closing Date, Letter of Credit Rights delivered by CMI (UK) to CCL under the CMI Security Agreement or a Shipping Services Agreement which, at the time they are granted to a Securing Party, have a face value of less than \$30,000,000 individually or \$90,000,000 in the aggregate.~~

(e) [Reserved.]

(f) amending Section 4.5(i) (*Senior Debt Service Reserve Account*) of the Common Security and Account Agreement by inserting the double-underlined text (example: double-underlined text) as set forth below:

~~"(i) As of the date hereof, the Senior Debt Service Reserve Account has been funded by the issuance of Acceptable Debt Service Reserve LCs for the benefit of the Security Trustee under the Working Capital Facility Agreement in an amount equivalent to the Reserve Amount as of the Stage 3 Closing Date. Following the date hereof, in accordance with Section 4.7 (Cash Waterfall) or Section 4.8 (Accounts During the Continuance of a Declared Event of Default), the Company shall continue to cause the Senior Debt Service Reserve Account to be funded up to the then-applicable Reserve Amount, from disbursements of Senior Debt as permitted in the applicable Senior Debt Instrument, from Cash Flows in accordance with Section 4.7 (Cash Waterfall) or Section 4.8 (Accounts During the Continuance of a Declared Event of Default), Equity Funding and/or obtaining additional Acceptable Debt Service Reserve LCs."~~

(g) amending Section 12.6(c) (*Confidentiality*) of the Common Security and Account Agreement by inserting the double-underlined text (example: double-underlined text) and deleting the stricken text (example: ~~stricken text~~) as set forth below:

4

---

~~"(c) Additionally, disclosure of any confidential document that contains confidentiality restrictions that require any Securing Party, or the Sponsor or any of their Affiliates, as applicable, to comply with a restricted procedure and ~~LNGSPAs~~any contracts or documents containing commercially sensitive information and identified as such by the Company to the Security Trustee (each such document, a "Restricted Document") shall only be permitted subject to compliance with the procedures in this clause (c). Restricted Documents may be disclosed to the Intercreditor Agent and the applicable Consultant or legal advisor (to the extent required by such Consultant or legal advisor in order to deliver reports required pursuant to any Finance Document) only (subject to redaction of commercially sensitive information in any such disclosed Restricted Documents provided to the Intercreditor Agent, Consultant or legal advisor and/or subject, if necessary or advisable based on the relevant Restricted Document to any such recipient providing confidentiality undertakings or agreements directly to the applicable counterparty to such Restricted Document)."~~

(h) amending Section 12.14(b) (*Amendments*) of the Common Security and Account Agreement by substituting an incorrect reference to Section 3.5(e) for a correct reference to Section 3.5(g).

(i) Adding paragraph (u) to Section 1.2 (*Interpretation*) of Schedule A (*Common Definitions and Rules of Interpretation*) to the Common Security and Accounts Agreement by inserting the double-underlined text (example: double-underlined text) as set forth below:

~~"(u) with respect to action by the Security Trustee, any action that is "authorized" and/or "authorized and directed" to be taken by the Security Trustee pursuant to the terms hereof shall mean that the Security Trustee is authorized and instructed as of the date hereof by such terms to take the relevant action without any further direction, consent or action of the Secured Parties~~

upon the occurrence of the events in respect of which such action by the Security Trustee is "authorized" and/or "authorized and directed" as applicable."

(j) adding the definition of "Disqualified LNG SPA" to Section 1.3 (Definitions) of Schedule A (Common Definitions and Rules of Interpretation) to the Common Security and Accounts Agreement by inserting the text as set forth below:

"Disqualified LNG SPA" has the meaning set forth in Section 8.1(d) (LNG SPA Maintenance) of the Common Terms Agreement."

(k) amending the definition of "Permitted Hedging Instrument" in Section 1.3 (Definitions) of Schedule A (Common Definitions and Rules of Interpretation) to the Common Security and Accounts Agreement by deleting the stricken text (example: ~~stricken text~~) as set forth below:

"Permitted Hedging Instrument" means a Hedging Instrument entered into by a Loan Party in the ordinary course of business and that (i) is with a Hedging Bank, a Gas Hedge Provider, a Power Hedge Provider or any other party that is a counterparty to a Hedging Instrument, (ii) if secured, is of the type referred to in clause (a) or (b) of the definition of Hedging Instrument and (iii) is entered for non-speculative purposes and is on arm's-length terms; ~~provided that (a) if such Hedging Instrument is a Gas Hedging Instrument, Permitted Hedging Instruments are limited to the following: (1) Futures Contracts, Fixed Floating Futures Swaps, NYMEX Natural Gas Futures Contracts and Swing Swaps for gas hedging purposes for up to a maximum of 207.5 TBtu of gas utilizing intra month and up to 24 prompt month contracts, (2) Index Swaps for gas hedging purposes for up to a maximum of 98.8 TBtu per month of gas utilizing up to 24 prompt month contracts, and (3) Basis Swaps for gas hedging purposes for up to a maximum of 98.8 TBtu per month with a tenor up to 60 months, where the limitations in each of the categories described in sub clauses (1), (2) and (3) are not aggregated, and (b) if such Hedging Instrument is a Power Hedging Instrument, the aggregate quantum under such Hedging Instrument does not exceed 3,650,000 megawatt hours and each such Hedging Instrument is for a period not to exceed 60 months where the first month is the month in which the power hedging contract is executed.~~ "Permitted Hedging Instrument" includes any "Permitted Senior Debt Hedging Instrument."

(l) amending the definition of "Restricted Payment" in Section 1.3 (Definitions) of Schedule A (Common Definitions and Rules of Interpretation) to the Common Security and Accounts Agreement by inserting the double-underlined text (example: double-underlined text) and deleting the stricken text (example: ~~stricken text~~) as set forth below:

"Restricted Payment" means (a) any dividend or other distribution by the Borrower (in cash, property of the Borrower, securities, obligations, or other property) on, or other dividends or distributions on account of, or the setting apart of money for a sinking or other analogous fund for, or the purchase, redemption, retirement or other acquisition by the Borrower of, any portion of any membership interest in the Borrower and (b) all payments (in cash, property of the Borrower, securities, obligations, or other property) of principal of, interest on and other amounts with respect to, or other payments on account of, or the setting apart of money for a sinking or other analogous fund for, or the purchase, redemption, retirement or other acquisition by the Borrower of, any Indebtedness owed to Holdco or any other Person party to a

pledge agreement or any Affiliate thereof, including any Subordinated Debt. Restricted Payments shall not include payments to the Manager for fees and costs pursuant to Management Services Agreements and fees and costs payable pursuant to the Gas and Power Supply Services Agreement and payments to the Operator pursuant to the O&M Agreements (which shall be paid in accordance with Section 4.7 (Cash Waterfall) of the Common Security and Account Agreement); Permitted Payments (which shall be paid in accordance with Section 4.7 (Cash Waterfall) of the Common Security and Account Agreement); Senior Debt proceeds applied in accordance with amounts paid in accordance with Section 2.7 ~~(Stage 3 Senior Debt/Equity Ratio at Stage 3 Completion Date)~~ ~~(Reimbursements of Equity Funding)~~ of the Common Terms Agreement; and any of the payments in (a) or (b) above (whether in cash, securities, obligations or otherwise) made among any of the Loan Parties.”

(m)Amending paragraph (d) of the definition of “Subsequent Material Project Agreement” in Section 1.3 (Definitions) of Schedule A (Common Definitions and Rules of Interpretation) to the Common Security and Accounts Agreement by inserting the double-underlined text (example: double-underlined text) and deleting the stricken text (example: ~~stricken text~~) as set forth below:

(d) any contract, agreement, letter agreement or other instrument (other than a Real Property Document) that is not otherwise expressly covered by clauses (a), (b), (c), (e), (f) or (g) of this definition that, (i) contains obligations and liabilities that are in excess of \$100 million over its term (including after taking into account all amendments, amendments and restatements, supplements, or waivers to any such contract, agreement, letter agreement or other instrument) and (ii) is for a term that is greater than 10 years under this clause (d); *provided* that the following shall not constitute Subsequent Material Project Agreements: (A) any construction contracts entered into following the Stage 3 Closing Date, until such time as any Loan Party has entered into construction contracts following the Stage 3 Closing Date that contain obligations and liabilities which in the aggregate are equal to at least \$100 million, (B) any LNG SPAs that are not Qualifying LNG SPAs and any guarantee thereof, (C) prior to the incurrence of any Expansion Senior Debt following the Stage 3 Closing Date, any contract, agreement, letter agreement or other instrument containing obligations or liabilities which is not effective by its terms unless and until the Expansion Senior Debt is incurred, (D) any Gas supply contracts (other than any Linked GSA-SPA), ~~and~~-(E) any agreements related solely to the Stage 3 Development except any Qualifying LNG SPAs and any agreements with Affiliates that otherwise meet the thresholds set forth in this clause (d), and (E) any guarantees provided

7

by a Loan Party in support of another Loan Party in connection with a Material Project Agreement;

Section 2. Effectiveness. This First Amendment shall be effective upon (x) the receipt by the Intercreditor Agent of executed counterparts of this First Amendment by the Company and each Guarantor and (y) the execution of this First Amendment by the Intercreditor Agent.

Section 3. Finance Document. This First Amendment constitutes a Finance Document as such term is defined in, and for purposes of, the Common Terms Agreement

Section 4. GOVERNING LAW. THIS FIRST AMENDMENT SHALL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF NEW YORK, UNITED STATES WITHOUT REGARD TO CONFLICTS OF LAWS PRINCIPLES THEREOF THAT WOULD RESULT IN THE APPLICATION OF THE LAW OF ANY OTHER JURISDICTION.

Section 5. Headings. All headings in this First Amendment are included only for convenience and ease of reference and shall not be considered in the construction and interpretation of any provision hereof.

Section 6. Binding Nature and Benefit. This First Amendment shall be binding upon and inure to the benefit of each party hereto and their respective successors and permitted transfers and assigns.

Section 7. Counterparts. This First Amendment may be executed in multiple counterparts, each of which shall be deemed an original and all of which, when taken together, shall constitute one agreement. Delivery of an executed signature page of this First Amendment by facsimile

or other electronic transmission (e.g., "pdf" or "tif") shall be effective as delivery of a manually executed counterpart hereof. Any signature to this First Amendment may be delivered by facsimile, electronic mail (including pdf) or any electronic signature complying with the U.S. federal ESIGN Act of 2000 or the New York Electronic Signature and Records Act or other transmission method and any counterpart so delivered shall be deemed to have been duly and validly delivered and be valid and effective for all purposes to the fullest extent permitted by applicable law.

Section 8. **No Modifications; No Other Matters.** Except as expressly provided for herein, the terms and conditions of the Common Security and Account Agreement shall continue unchanged and shall remain in full force and effect. Each amendment granted herein shall apply solely to the matters set forth herein and such amendment shall not be deemed or construed as an amendment of any other matters, nor shall such amendment apply to any other matters.

Exhibit 10.7

**FIRST AMENDMENT TO  
SECOND A&R WORKING CAPITAL FACILITY AGREEMENT**

This First Amendment, dated as of April 19, 2024 (the "First Amendment"), amends the Second Amended and Restated Working Capital Facility Agreement, dated as of June 15, 2022 (as amended, amended and restated, modified or supplemented from time to time, the "Working Capital Facility Agreement"), by and among Cheniere Corpus Christi Holdings, LLC (the "Borrower"), Corpus Christi Liquefaction, LLC, Cheniere Corpus Christi Pipeline, L.P. and Corpus Christi Pipeline GP, LLC (the "Guarantors" and, together with the Borrower, the "Loan Parties"), with The Bank of Nova Scotia, as Working Capital Facility Agent, the Working Capital Lenders party thereto, the Issuing Banks party thereto and the Swing Line Lenders party thereto. All capitalized terms used herein and not otherwise defined shall have the meanings ascribed to such terms in the Working Capital Facility Agreement.

WHEREAS, the Loan Parties wish to enter into this First Amendment; and

WHEREAS, the Working Capital Facility Agent is executing this amendment as set forth herein pursuant to Section 11.01 (Decisions; Amendments, Etc.) of the Working Capital Facility Agreement and Section 3 (Voting and Decision Making) and Section 4 (Modifications; Instructions; Other Relationships) of the Intercreditor Agreement.

NOW, THEREFORE, in consideration of the mutual covenants contained herein, and subject to the terms and conditions herein set forth, the parties hereto agree as follows:

Section 1. Amendments to Working Capital Facility Agreement. The Borrower, the Guarantors and the Working Capital Facility Agent each agree that the Working Capital Facility Agreement is hereby amended by:

(a) amending Section 8.01 (Use of Proceeds) of the Working Capital Facility Agreement by inserting the double-underlined text (example: double-underlined text) and deleting the stricken text (example: ~~stricken text~~) as set forth below:

"The Loan Parties shall use the proceeds of the Loans and Letters of Credit issued hereunder for (a) the payment of transaction fees and expenses in connection with the entry into this Agreement, (b) payment of gas purchase, transportation and storage expenses (including to meet credit support requirements under gas purchase, transportation or storage agreements), (c) funding of debt service reserves and (d) working capital and other general corporate purposes; *provided* that, no more than

\$300,000,000~~750,000,000~~ may be used for the purposes set forth in clause (d) above (the "General Corporate Purposes Sublimit")."

---

Section 2. Effectiveness. This First Amendment shall be effective upon (a) the receipt by the Working Capital Facility Agent of executed counterparts of this First Amendment by the Borrower and each Guarantor and (b) the execution of this First Amendment by the Working Capital Facility Agent.

Section 3. Finance Document. This First Amendment constitutes a Finance Document as such term is defined in, and for purposes of, the Common Terms Agreement.

Section 4. GOVERNING LAW. THIS FIRST AMENDMENT SHALL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF NEW YORK, UNITED STATES WITHOUT REGARD TO CONFLICTS OF LAWS PRINCIPLES THEREOF THAT WOULD RESULT IN THE APPLICATION OF THE LAW OF ANY OTHER JURISDICTION.

Section 5. Headings. All headings in this First Amendment are included only for convenience and ease of reference and shall not be considered in the construction and interpretation of any provision hereof.

Section 6. Binding Nature and Benefit. This First Amendment shall be binding upon and inure to the benefit of each party hereto and their respective successors and permitted transfers and assigns.

Section 7. Counterparts. This First Amendment may be executed in multiple counterparts, each of which shall be deemed an original and all of which, when taken together, shall constitute one agreement. Delivery of an executed signature page of this First Amendment by facsimile or other electronic transmission (e.g., "pdf" or "tif") shall be effective as delivery of a manually executed counterpart hereof. Any signature to this First Amendment may be delivered by facsimile, electronic mail (including pdf) or any electronic signature complying with the U.S. federal ESIGN Act of 2000 or the New York Electronic Signature and Records Act or other transmission method and any counterpart so delivered shall be deemed to have been duly and validly delivered and be valid and effective for all purposes to the fullest extent permitted by applicable law.

Section 8. No Modifications; No Other Matters. Except as expressly provided for herein, the terms and conditions of the Working Capital Facility Agreement shall continue unchanged and shall remain in full force and effect. Each amendment granted herein shall apply solely to the matters set forth herein and such amendment shall not be deemed or construed as an amendment of any other matters, nor shall such amendment apply to any other matters.

**CERTIFICATION BY CHIEF EXECUTIVE OFFICER  
PURSUANT TO RULE 13a-14(a) AND 15d-14(a) UNDER THE EXCHANGE ACT**

I, Jack A. Fusco, certify that:

1. I have reviewed this quarterly report on Form 10-Q of Cheniere Energy, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
  - a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation;
  - d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
  - a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
