Notes to Consolidated Financial Statements (unaudited)

Note 1 Business and Organization

Diamond Hill Investment Group, Inc., an Ohio corporation ("DHIL" and, collectively with its subsidiaries, the "Company"), derives its consolidated revenues and net income from investment advisory and fund administration services provided by its wholly-owned subsidiary, Diamond Hill Capital Management, Inc., an Ohio corporation ("DHCM").

DHCM is a registered investment adviser. DHCM is the investment adviser and administrator for the Diamond Hill Funds (the "Funds"), a series of open-end mutual funds. DHCM also provides investment advisory services to Diamond Hill Micro Cap Fund, LP ("DHMF"), a private fund, as well as separately managed accounts, collective investment trusts ("CITs"), other pooled vehicles including sub-advised funds, and model delivery programs.

Note 2 Significant Accounting Policies

Basis of Presentation

The accompanying unaudited, condensed, and consolidated financial statements of the Company as of **March 31, 2024** **June 30, 2024** and December 31, 2023, and for the three-month **and six-month** periods ended **March 31, 2024** **June 30, 2024** and 2023, have been prepared in accordance with United States ("U.S.") generally accepted accounting principles ("GAAP"), the instructions to Form 10-Q, and Article 10 of Securities and Exchange Commission ("SEC") Regulation S-X. Accordingly, the accompanying financial statements do not include all of the information and footnotes required by GAAP for complete financial statements. In the opinion of the Company's management ("management"), all adjustments (consisting of normal recurring accruals) considered necessary for a fair statement of the financial condition and results of operations as of the dates, and for the interim periods, presented, have been included. The accompanying unaudited, condensed, and consolidated financial statements and these footnotes should be read in conjunction with the audited consolidated financial statements of the Company included in its Annual Report on Form 10-K for the fiscal year ended December 31, 2023 (the "2023 Form 10-K"), as filed with the SEC.

Operating results for the three-month **and six-month** period ended **March 31, 2024** **June 30, 2024**, are not necessarily indicative of the results the Company may expect for any fiscal quarter, the full fiscal year ending December 31, 2024, or any subsequent period.

For further information regarding the risks to the Company's business, refer to the consolidated financial statements and notes thereto in the 2023 Form 10-K, including "Part I – Item 1A. – Risk Factors" of the 2023 Form 10-K, the "Cautionary Note Regarding Forward-Looking Statements" in "Part I – Item 2 – Management's Discussion and Analysis of Financial Condition and Results of Operations" of this Quarterly Report on Form 10-Q (this "Form 10-Q"), and "Part II – Item 1A. – Risk Factors" of this Form 10-Q.

Use of Estimates

The preparation of the accompanying unaudited, condensed, and consolidated financial statements requires management to make estimates and judgments that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statements as well as the reported amounts of revenue and expense during the reporting period. Estimates have been prepared based on the most current and best available information, but actual results could differ materially from those estimates.

Principles of Consolidation

The accompanying unaudited, condensed, and consolidated financial statements include the operations of DHIL and its consolidated subsidiaries. All inter-company transactions and balances have been eliminated in consolidation.

DHCM holds certain investments in the Funds and DHMF for general corporate investment purposes, to provide seed capital for newly formed strategies, or to add capital to existing strategies. The Funds are organized in a series fund structure in which there are multiple mutual funds within one trust (the "Trust"). The Trust is an open-end investment company registered under the Investment Company Act of 1940, as amended (the "1940 Act"). Each individual Fund represents a separate share class of a legal entity organized under the Trust. DHMF is organized as a Delaware limited partnership and is exempt from registration under the 1940 Act.

DHIL consolidates those subsidiaries and investments over which it has a controlling interest. The Company is generally deemed to have a controlling interest when it owns the majority of the voting interest of a voting rights entity ("VRE") or is deemed to be the primary beneficiary of a variable interest entity ("VIE"). A VIE is an entity that lacks sufficient equity to finance its activities or any entity whose equity holders do not have defined power to direct the activities of the entity normally associated with an equity investment. The Company's analysis to determine whether an entity is a VIE or a VRE involves judgment and consideration of several factors, including an entity's legal organization, equity structure, the rights of the investment holders, the Company's ownership interest in the entity, and the Company's contractual involvement with the entity. The Company continually reviews and reconsiders its controlling interest, VIE, and VRE conclusions upon the occurrence of certain events, such as changes to its ownership interest or amendments to contract documents.

The Company performs its consolidation analysis at the individual Fund level and has concluded that the Funds are VREs, because the structure of the Funds is such that the shareholders are deemed to have the power through voting rights to direct the activities that most significantly impact each Fund's economic performance. The Funds are consolidated if DHIL ownership, directly or indirectly, represents a majority interest (greater than 50%). The Company records redeemable noncontrolling interests in consolidated investments for which the Company's ownership is less than 100%. As of December 31, 2023 and **March 31, 2024** **June 30, 2024**, the Company had not consolidated any of the Funds. During the **three months** **three- and six-month periods** ended **March 31, 2023** **June 30, 2023**, the Company consolidated the Diamond Hill International Fund. **The Fund(s) Each Fund consolidated during the applicable period are** **is** referred to as **the a** "Consolidated Fund(s) Fund".

DHCM is the investment **adviser** to DHMF and is the managing member of Diamond Hill Fund GP, LLC (the "General Partner"), which is the general partner of DHMF. DHCM is wholly owned by, and consolidated with, DHIL. Further, through its control of the General Partner, DHCM has the power to direct DHMF's economic activities and the right to receive investment advisory fees from DHMF that may be significant. DHMF commenced operations on June 1, 2021, and its underlying assets consist primarily of marketable securities.

The Company concluded DHMF was a VIE given **that****that**: (i) DHCM has disproportionately less voting interest than economic interest, and (ii) DHMF's limited partners have full power to remove the General Partner (which is controlled by DHCM, **which****and** DHCM is controlled by DHIL) due to the existence of substantive kick-out rights. In addition, substantially all of DHMF's activities are conducted on behalf of the General Partner, which has disproportionately few voting rights. The Company concluded it is not the primary

beneficiary of DHMF as it lacks the power to control DHMF, since DHMF's limited partners have single-party kick-out rights and can unilaterally remove the General Partner without cause. DBCM's investments in DHMF are reported as a component of the Company's investment portfolio and valued at DBCM's respective share of DHMF's net income or loss.

Gains and losses attributable to changes in the value of DBCM's interests in DHMF are included in the Company's reported investment income. The Company's exposure to loss as a result of its involvement with DHMF is limited to the amount of its investment. DBCM is not obligated to provide, and has not provided, financial or other support to DHMF, except for its ~~investments~~ investment in DHMF to date and its contractually provided investment advisory responsibilities. The Company has not provided liquidity arrangements, guarantees, or other commitments to support DHMF's operations, and DHMF's creditors and interest holders have no recourse to the general credit of the Company.

Redeemable Noncontrolling Interest

Redeemable noncontrolling interest represents third-party interests in the Consolidated Fund. This interest is redeemable at the option of the investors, and, therefore, is not treated as permanent equity. Redeemable noncontrolling interest is recorded at redemption value, which approximates the fair value each reporting period.

Segment Information

Management has determined that the Company operates ~~in~~ as a single business segment, which is providing investment advisory and related services to clients through pooled vehicles, including the Funds and DHMF, separately managed accounts, CITs, other pooled vehicles including sub-advised funds, and model delivery programs. Therefore, the Company does not present disclosures relating to operating segments in annual or interim financial statements.

Cash and Cash Equivalents

Cash and cash equivalents include demand deposits and money market mutual funds held by DBCM. The Company considers all highly liquid temporary cash instruments with an original maturity of three months or less to be cash equivalents. The Company places its cash on deposit with U.S. financial institutions that are insured by the Federal Deposit Insurance Corporation ("FDIC") up to \$250,000. The Company's credit risk in the event of failure of these financial institutions is represented by the difference between the FDIC limit and the total amount on deposit. Management monitors the financial institutions' creditworthiness in conjunction with balances on deposit to minimize risk. The Company has amounts on deposit in excess of the insured limits. As of **March 31, 2024** **June 30, 2024**, the Company had **\$1.4 million** **\$2.5 million** and **\$16.2 million** **\$20.9 million** in demand deposits and money market mutual funds, respectively. As of December 31, 2023, the Company had \$2.8 million and \$44.2 million in demand deposits and money market mutual funds, respectively.

Accounts Receivable

The Company records accounts receivable when they are due and presents them on the balance sheet net of any allowance for doubtful accounts. Accounts receivable are written off when they are determined to be uncollectible. Any allowance for doubtful accounts is estimated based on the Company's historical losses, existing conditions in the industry, and the financial stability of the individual or entity that owes the receivable. No allowance for doubtful accounts was deemed necessary at either **March 31, 2024** **June 30, 2024**, or December 31, 2023. Accounts receivable from the Funds were **\$9.8 million** **\$9.4 million** as of **March 31, 2024** **June 30, 2024**, and \$9.1 million as of December 31, 2023.

Investments

Management determines the appropriate classification of the Company's investments at the time of purchase and re-evaluates its determination ~~for~~ each reporting period.

Company sponsored investments, where the Company has neither the control nor the ability to exercise significant influence, as well as securities held in the Consolidated Fund, are measured at fair value based on quoted market prices. Unrealized gains and losses are recorded as investment income (loss) in the Company's consolidated statements of income.

Investments classified as equity method investments represent investments in which the Company owns 20% to 50% of the outstanding voting interests in the entity or where it is determined that the Company is able to exercise significant influence but not control over the investments. When using the equity method, the Company recognizes its respective share of the investee's net income or loss for the period, which is recorded as investment income (loss) in the Company's consolidated statements of income.

Property and Equipment

Property and equipment, consisting of leasehold improvements, right-of-use lease assets, computer equipment, capitalized software, furniture, and fixtures, are carried at cost less accumulated depreciation. Depreciation is calculated using the straight-line method over the estimated lives of the assets.

Implementation costs incurred to develop or obtain internal-use software, including hosting arrangements, are capitalized and expensed on a straight-line basis over either the estimated useful life of the respective software or the term of the hosting arrangement.

Property and equipment is tested for impairment when there is an indication that the carrying amount of an asset may not be recoverable. When an asset is determined to not be recoverable, the impairment loss is measured based on the excess, if any, of the carrying value of the asset over its fair value.

Revenue Recognition – General

The Company recognizes revenue when DBCM satisfies performance obligations under the terms of a contract with a client. The Company earns substantially all of its revenue from DBCM investment advisory and fund administration contracts. Investment advisory and fund administration fees, generally calculated as a percentage of assets under management ("AUM"), are recorded as revenue as services are performed. In addition to fixed fees based on a percentage of AUM, certain client accounts also provide periodic performance-based fees.

Revenue from contracts with clients that was earned during the three months ended **March 31, 2024** **June 30, 2024** and 2023 include:

Revenue Recognition – Investment Advisory Fees

DHCM's investment advisory contracts with clients have a single performance obligation because the contracted services are not separately identifiable from other obligations in the contracts, and, therefore, are not distinct. All obligations to provide investment advisory services are satisfied over time by DHCM.

The fees DHCM receives for its services under its investment advisory contracts are based on AUM, which ~~changes~~ change based on the value of securities held under each investment advisory contract. These fees are thereby constrained and represent variable consideration, and they are excluded from revenue until the AUM on which DHCM's client is billed ~~is~~ are no longer subject to market fluctuations.

DHCM also provides its strategy model portfolios and related services to sponsors of model delivery programs. For its services, DHCM is paid a model delivery fee by the program sponsor at a pre-determined rate based on the amount of assets under advisement ("AUA") in the program.

Revenue Recognition – Performance-Based Fees

DHCM manages a client account that pays performance-based fees. These fees are calculated based on the client's investment results over rolling five-year periods. The Company records performance-based fees when it is probable that a significant reversal of the revenue will not occur. The Company did not record any performance-based fees during the three-month period and six-month periods ended ~~March 31, 2024~~ June 30, 2024 or the three-month period and six-month periods ended ~~March 31, 2023~~ June 30, 2023. After Since the completion of the initial five-year contract measurement term, the performance-based fee ~~is~~ has been calculated annually based on the client investment results over the most recently completed five-year period. The Company's next performance measurement period will be the 12 months ending September 30, 2024. AUM subject to performance-based fees ~~was~~ were approximately \$574.6 million \$552.8 million as of ~~March 31, 2024~~ June 30, 2024.

Revenue Recognition – Mutual Fund Administration

DHCM has an administrative and transfer agency services agreement with the Funds under which DHCM performs certain services for each Fund. These services include performance obligations, such as mutual fund administration, fund accounting, transfer agency, and other related functions. These services are performed concurrently under DHCM's agreement with the Funds, all Funds. All performance obligations to provide these administrative services are satisfied over time, and the Company recognizes the related revenue as time progresses. Each Fund pays DHCM a fee for performing these services, which is calculated using an annual rate multiplied by the average daily net assets of each respective Fund share class. These fees are thereby constrained and represent variable consideration, and are excluded from revenue until the AUM on which DHCM bills the Funds ~~is~~ are no longer subject to market fluctuations.

The Funds have selected and contractually engaged certain vendors to fulfill various services to benefit the Funds' shareholders or to satisfy regulatory requirements of the Funds. These services include, among others, required shareholder mailings, federal and state registrations, and legal and audit services. In fulfilling a portion of its role under the administration and transfer agency services agreement with the Funds, DHCM acts as agent and pays for these services on behalf of the Funds. Each vendor is independently responsible for fulfillment of the services it has been engaged to provide and negotiates its fees and terms directly with the Funds' management and board of trustees. Each year, the Funds' board of trustees reviews the fee that each Fund pays to DHCM, and specifically considers the contractual expenses that DHCM pays on behalf of the Funds. As a result, DHCM is not involved in the delivery or pricing of these services, and bears no risk related to these services. Revenue has been recorded net of these Fund-related expenses.

Mutual fund administration gross and net revenue are summarized below:

Income Taxes

The Company accounts for current and deferred income taxes through an asset and liability approach. Deferred tax assets are recognized for deductible temporary differences, and deferred tax liabilities are recognized for taxable temporary differences. Deferred tax assets are reduced by a valuation allowance when it is more likely than not that some portion or all of the deferred tax assets will not be realized. Deferred tax assets and liabilities are adjusted for the effects of changes in tax laws and rates on the date of enactment.

The Company is subject to examination by federal and applicable state and local jurisdictions for various tax periods. The Company's income tax positions are based on research and interpretations of the income tax laws and rulings in each of the jurisdictions in which it does business. Due to the subjectivity of interpretations of laws and rulings in each jurisdiction, the differences and interplay in tax laws among those jurisdictions, and the inherent uncertainty in estimating the final resolution of complex tax audit matters, the Company's estimates of income tax liabilities may differ materially from actual payments or assessments. The Company regularly assesses its positions with regard to tax exposures and records liabilities for these uncertain tax positions and related interest and penalties, if any, according to the principles of Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 740, *Income Taxes*. The Company records interest and penalties within income tax expense on the income statement. See **Note 8**.

Earnings Per Share

Basic and diluted earnings per share ("EPS") are computed by dividing net income attributable to common shareholders by the weighted average number of DHIL common shares outstanding for the period, which includes unvested restricted shares. See **Note 9**.

Recently Adopted Accounting Guidance

The Company did not adopt any new accounting guidance during the ~~three~~ six months ended ~~March 31, 2024~~ June 30, 2024 that had a material effect on its financial position or results of operations.

Newly Issued But Not Yet Adopted Accounting Guidance

In December 2023, the FASB issued Accounting Standards Update ("ASU") No. 2023-09, "Improvements to Income Tax Disclosures." This update requires certain revisions to income tax disclosures, primarily disclosures related to rate reconciliation and income taxes paid. ASU 2023-09 is effective for financial statements issued for annual periods beginning after December 15, 2024. The Company does not believe that adoption of ASU 2023-09 will materially impact its financial statements.

Company-Sponsored Equity Method Investments

As of **March 31, 2024** **June 30, 2024**, the Company's equity method investments consisted of DHMF, the Diamond Hill International Fund, and the Diamond Hill Large Cap Concentrated Fund. The Company's ownership percentage in these investments was 84%, 43%, and 46% 45%, respectively. The Company's ownership in DHMF, the Diamond Hill International Fund, and the Diamond Hill Large Cap Concentrated Fund includes **\$7.8 million** **\$7.7 million** of investments held in the Deferred Compensation Plans (as defined in **Note 6**).

The following table includes the condensed summary financial information from the Company's equity method investments as of, and for the three-month period and six-month periods ended, **March 31, 2024** **June 30, 2024**:

The Company's investments at **March 31, 2024** **June 30, 2024** include its interest in DHMF, an unconsolidated VIE, as the Company is not deemed the primary beneficiary. The Company's maximum risk of loss related to its involvement with DHMF is limited to the carrying value of its investment, which was **\$19.5 million** **\$19.3 million** as of **March 31, 2024** **June 30, 2024**.

Note 4 Fair Value Measurements

The Company determines the fair value of its cash equivalents and certain investments using the following broad levels listed below:

Level 1 - Unadjusted quoted prices for identical instruments in active markets.

Level 2 - Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-driven valuations in which all significant inputs are observable.

Level 3 - Valuations derived from techniques in which significant inputs are unobservable. The Company does not value any investments using Level 3 inputs.

These levels are not necessarily indicative of the risk or liquidity associated with investments.

The following table summarizes investments that are recognized in the Company's consolidated balance sheet using fair value measurements (excluding investments classified as equity method investments) determined based upon the differing levels as of **March 31, 2024** **June 30, 2024**:

| | Level 1 | Level 1 | Level 2 | Level 3 | Total | Level 1 | Level 2 | Level 3 | Total |

| Company-sponsored investments | | | | | | | | | |
| Company-sponsored investments | | | | | | | | | |
| Company-sponsored investments | | | | | | | | | |

Changes to fair values of the investments are recorded in the Company's consolidated statements of income as investment (loss) income, net.

Note 5 Line of Credit

The Company has a committed Line of Credit Agreement (the "Credit Agreement") with a commercial bank that matures on December 12, 2024, which permits the Company to borrow up to \$25.0 million. Borrowings under the Credit Agreement bear interest at a rate equal to the Secured Overnight Financing Rate plus 1.10%. The Company pays a commitment fee on the unused portion of the facility, accruing at a rate per annum of 0.10%.

The proceeds of the Credit Agreement may be used by the Company for ongoing working capital needs, to seed new and existing investment strategies, and for other general corporate purposes. The Credit Agreement contains customary representations, warranties, and covenants.

The Company did not borrow under the Credit Agreement during the **three** **six** months ended **March 31, 2024** **June 30, 2024**, and no borrowings were outstanding as of **March 31, 2024** **June 30, 2024**.

Note 6 Compensation Plans

Share-Based Payment Transactions

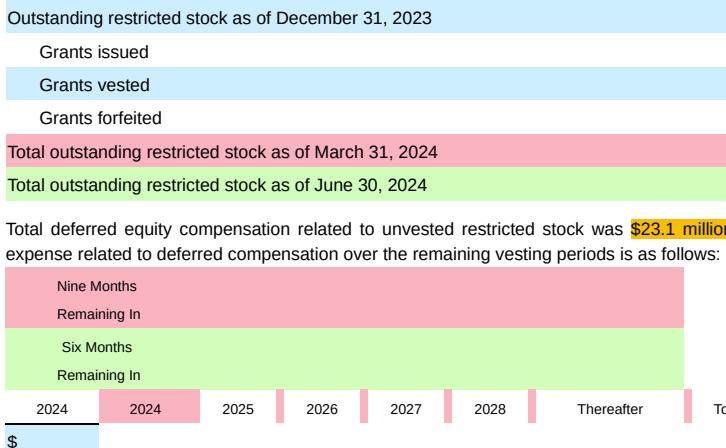

The Company maintains the shareholder-approved Diamond Hill Investment Group, Inc. 2022 Equity and Cash Incentive Plan (the "2022 Plan"), which authorizes the issuance of 300,000 **DHIL** common shares of **DHIL** in various forms of equity awards. As of **March 31, 2024** **June 30, 2024**, there were **163,182** **158,589** **DHIL** common shares of **DHIL** available for grants under the 2022 Plan. Previously, the Company issued equity awards under the Diamond Hill Investment Group, Inc. 2014 Equity and Cash Incentive Plan (the "2014 Plan"). There are no longer any **DHIL** common shares available for issuance under the 2014 Plan, although certain grants previously made under the 2014 Plan remain issued and outstanding.

Restricted stock grants represent **DHIL** common shares issued and outstanding upon grant that remain subject to restrictions until specified vesting conditions are satisfied. The Company issues to all new employees upon hire restricted stock grants that cliff vest after five years of employment with the Company. After the end of each year, the Company also issues to certain key employees restricted stock grants that vest ratably on an annual basis over three years.

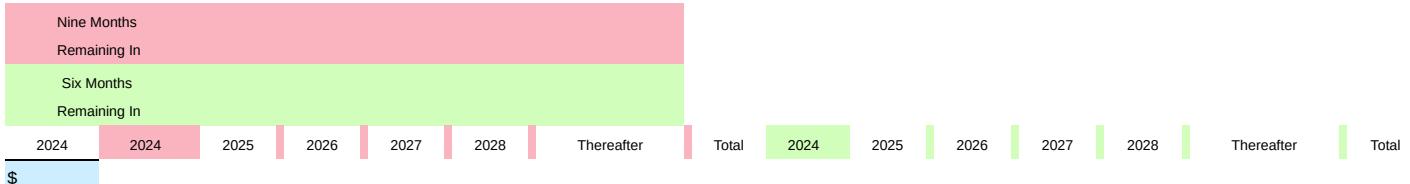

Restricted stock grants are valued based upon the fair market value of the **DHIL** common shares on the applicable grant date. The restricted stock grants are recorded as deferred compensation in the equity section of the balance sheet on the grant date and then recognized as compensation expense on a straight-line basis over the vesting period of the respective grant. The Company's policy is to adjust compensation expense for forfeitures as they occur.

The following table represents a roll-forward of outstanding restricted stock and related activity for the **three** **six** months ended **March 31, 2024** **June 30, 2024**:

| Shares | Shares | Weighted-Average Grant Date Price per Share | Shares | Weighted-Average Grant Date Price per Share |
|--------|--------|---|--------|---|
| | | | | |

Total deferred equity compensation related to unvested restricted stock was **\$23.1 million** **\$20.7 million** as of **March 31, 2024** **June 30, 2024**. The recognition of compensation expense related to deferred compensation over the remaining vesting periods is as follows:

Employee Stock Purchase Plan

Under the Diamond Hill Investment Group, Inc. Employee Stock Purchase Plan (the "ESPP"), eligible employees may purchase DHIL common shares at 85% of the fair market value on the last day of each offering period. Each offering period is approximately three months, which generally coincides with the Company's fiscal quarters. During the **three-month** **six-month** period ended **March 31, 2024** **June 30, 2024**, ESPP participants purchased **1,688** **1,975** DHIL common shares for **\$0.2** **\$0.3** million, and the Company recorded \$0.1 million of share-based payment expense related to the discount to fair market value for these purchases. During the **three-month** **six-month** period ended **March 31, 2023** **June 30, 2023**, ESPP participants purchased **1,963** **2,378** DHIL common shares for \$0.3 million and the Company recorded \$0.1 million of share-based payment expense related to these purchases.

401(k) Plan

The Company sponsors a 401(k) plan in which all employees are eligible to participate. Company employees may contribute a portion of their compensation subject to certain limits based on federal tax laws. The Company matches employee contributions equal to 250.0% of the first 6.0% of an employee's compensation contributed to the plan. The Company may settle the 401(k) plan matching contributions in cash or DHIL common shares. Employees vest ratably in the matching contributions over a five-year period.

Deferred Compensation Plans

The Company sponsors the Diamond Hill Fixed Term Deferred Compensation Plan and the Diamond Hill Variable Term Deferred Compensation Plan (together, the "Deferred Compensation Plans"). Under the Deferred Compensation Plans, participants may elect to voluntarily defer, for a minimum of five years (subject to an earlier distribution in the case of the participant's death or disability or a change in control of DHIL), certain incentive compensation that the Company then contributes into the Deferred Compensation Plans. Participants are responsible for designating investment options for the assets they contribute, and the distribution paid to each participant reflects any gains or losses on the assets realized in connection with the Deferred Compensation Plans. Assets held in the Deferred Compensation Plans are included in the Company's investment portfolio, and the associated obligation to participants is included in deferred compensation liability. Deferred compensation liability was **\$37.5 million** **\$36.7 million** and \$36.1 million as of **March 31, 2024** **June 30, 2024** and December 31, 2023, respectively.

Note 7 Operating Lease

The Company currently leases office space of approximately 37,829 square feet at a single location.

As of **March 31, 2024** **June 30, 2024**, the carrying value of this right-of-use asset, which is included in property and equipment, was approximately **\$0.5 million** **\$0.4 million** net of deferred rent on the consolidated balance sheets. As of **March 31, 2024** **June 30, 2024**, the carrying value of the lease liability was approximately **\$0.6 million** **\$0.5 million**, which is included in accounts payable and accrued expenses on the consolidated balance sheets.

The following table summarizes the total lease and operating expenses for the three-month and six-month periods ended **March 31, 2024** **June 30, 2024** and 2023:

| | March 31, 2024 | March 31, 2023 |

In July 2024, the Company entered into an amendment to its lease agreement related to this office space. See **Note 11** for further information regarding this amendment.

Note 8 Income Taxes

The Company has determined its interim tax provision projecting an estimated annual effective tax rate.

A reconciliation of the statutory federal tax rate to the Company's effective income tax rate is as follows:

| | 2024 | Three Months | | Six Months | |
|--|--|--------------|---------|--|--------|
| | | Ended | | Ended | |
| | | March 31, | 2024 | June 30, | 2023 |
| Statutory U.S. federal income tax rate | Statutory U.S. federal income tax rate | 21.0 % | 21.0 % | Statutory U.S. federal income tax rate | 21.0 % |
| State and local income taxes, net of federal benefit | State and local income taxes, net of federal benefit | 4.8 % | 4.8 % | State and local income taxes, net of federal benefit | 4.8 % |
| Internal revenue code section 162 limitations | Internal revenue code section 162 limitations | 1.3 % | 1.5 % | Internal revenue code section 162 limitations | 1.4 % |
| Other | Other | (0.8)% | 0.6 % | Other | 0.3 % |
| Unconsolidated effective income tax rate | Unconsolidated effective income tax rate | 26.3 % | 27.9 % | Unconsolidated effective income tax rate | 27.5 % |
| Impact attributable to redeemable noncontrolling interest ^(a) | Impact attributable to redeemable noncontrolling interest ^(a) | — % | (2.0) % | Impact attributable to redeemable noncontrolling interest ^(a) | — % |
| Effective income tax rate | Effective income tax rate | 26.3 % | 25.9 % | Effective income tax rate | 27.5 % |
| | | | | | 26.6 % |

(a) The provision for income taxes includes the impact of the operations of the Consolidated Fund, which is not subject to federal income taxes. Accordingly, a portion of the Company's earnings are not subject to corporate tax levels.

The Company's actual effective tax rate for the fiscal year ending December 31, 2024 could be materially different from the projected rate as of **March 31, 2024** **June 30, 2024**.

The net temporary differences incurred to date will reverse in future periods as the Company generates taxable earnings. The Company believes that it is more likely than not that the results of future operations will generate sufficient taxable income to realize the net deferred tax assets recorded. The Company records a valuation allowance when it is more likely than not that some portion or all of the deferred tax assets will not be realized. As of **March 31, 2024** **June 30, 2024** and December 31, 2023, no valuation allowance was deemed necessary.

FASB ASC 740, *Income Taxes*, prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken, or expected to be taken, in a tax return, and also provides guidance on de-recognition, classification, interest and penalties, accounting in interim periods, disclosure, and transition. The Company recognizes tax benefits related to positions taken, or expected to be taken, on its tax returns, only if the positions are "more-likely-than-not" sustainable. Once this threshold has been met, the Company's measurement of its expected tax benefits is recognized in its financial statements. The Company did not record an accrual for tax-related uncertainties or unrecognized tax positions as of **March 31, 2024** **June 30, 2024** or December 31, 2023.

The Company did not recognize any interest and penalties during the **three** **six** months ended **March 31, 2024** **June 30, 2024**.

Note 9 Earnings Per Share

Basic and diluted EPS are calculated under the two-class method and are computed by dividing net income attributable to common shareholders by the weighted average number of DHIL common shares outstanding for the period, including unvested restricted shares. For the periods reported, DHIL did not have any dilutive common shares outstanding. DHIL has not issued any preferred shares. The following table sets forth the computation for basic and diluted EPS:

| | Three Months Ended March 31, | | Three Months Ended June 30, | | Six Months Ended June 30, | |

Note 10 Commitments and Contingencies

The Company indemnifies its directors, officers, and certain employees for certain liabilities that may arise from the performance of their duties to the Company. From time to time, the Company may be involved in legal matters incidental to its business. There are currently no such legal matters pending that the Company believes will have a material adverse effect on its consolidated financial statements. However, litigation involves an element of uncertainty, and future developments could cause legal actions or claims to have a material adverse effect on the Company's financial condition, results of operations, and/or liquidity.

Additionally, in the normal course of business, the Company enters into agreements that contain a variety of representations and warranties and that provide indemnification obligations. Certain agreements do not contain any limits on the Company's liability and could involve future claims that may be made against the Company that have not yet occurred. Therefore, it is not possible to estimate the Company's potential liability under these indemnities. Further, the Company maintains insurance policies that may provide full or partial coverage against certain of these liabilities.

Note 11 Subsequent Events

On **May 8, 2024** **July 31, 2024**, DHIL's board of directors ("Board") approved a quarterly cash dividend of \$1.50 per share, payable on **June 14, 2024** **September 13, 2024**, to shareholders of record as of the close of business on **June 3, 2024** **August 29, 2024**. This dividend is expected to reduce shareholders' equity by approximately **\$4.2 million** **\$4.1 million**.

On July 15, 2024, the Company entered into an amendment to its office space lease agreement, which will extend the rental term for its current office space by an additional 10 years to March 31, 2035. The approximate future minimum lease payments under the amended lease agreement are approximately \$9.2 million over the additional ten-year period.

ITEM 2: Management's Discussion and Analysis of Financial Condition and Results of Operations

Cautionary Note Regarding Forward-Looking Statements

This Form 10-Q, the documents incorporated herein by reference and statements, whether oral or written, made from time to time by representatives of the Company may contain or incorporate "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995, as amended (the "PSLR Act"), Section 27A of the Securities Act of 1933, as amended (the "Securities Act"), and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). Such statements are provided under the "safe harbor" protection of the PSLR Act. Forward-looking statements include, but are not limited to, statements regarding anticipated operating results, prospects and levels of AUM or AUA, technological developments, economic trends (including interest rates and market volatility), expected transactions and similar matters. The words "may," "believe," "expect," "anticipate," "target," "goal," "project," "estimate," "guidance," "forecast," "outlook," "would," "will," "continue," "likely," "should," "hope," "seek," "plan," "intend," and variations of such words and similar expressions identify forward-looking statements. Similarly, descriptions of the Company's objectives, strategies, plans, goals, or targets are also forward-looking statements. Forward-looking statements are based on the Company's expectations at the time such statements are made, speak only as of the dates they are made and are susceptible to a number of risks, uncertainties and other factors. While the Company believes that the assumptions underlying its forward-looking statements are reasonable,

investors are cautioned that any of the assumptions could prove to be inaccurate and, accordingly, the Company's actual results and experiences may differ materially from the anticipated results or other expectations expressed in its forward-looking statements.

Factors that may cause the Company's actual results or experiences to differ materially from results discussed in forward-looking statements include, but are not limited to: (i) any reduction in the Company's AUM or AUA; (ii) withdrawal, renegotiation, or termination of investment advisory agreements; (iii) damage to the Company's reputation; (iv) failure to comply with investment guidelines or other contractual requirements; (v) challenges from the competition the Company faces in its business; (vi) challenges from industry trends towards lower fee strategies and model portfolio arrangements; (vii) adverse regulatory and legal developments; (viii) unfavorable changes in tax laws or limitations; (ix) interruptions in or failure to provide critical technological service by the Company or third parties; (x) adverse civil litigation and government investigations or proceedings; (xi) failure to adapt to or successfully incorporate technological changes, such as artificial intelligence, into the Company's business; (xii) risk of loss on the Company's investments; (xiii) lack of sufficient capital on satisfactory terms; (xiv) losses or costs not covered by insurance; (xv) a decline in the performance of the Company's products; (xvi) changes in interest rates and inflation; (xvii) changes in national and local economic and political conditions; (xviii) the continuing economic uncertainty in various parts of the world; (xix) the after-effects of the COVID-19 pandemic and the actions taken in connection therewith; (xx) political uncertainty caused by, among other things, political parties, economic nationalist sentiments, tensions surrounding the current socioeconomic landscape; and (xxi) other risks identified from time-to-time in the Company's public documents on file with the SEC.

Forward-looking statements attributable to the Company or any person acting on its behalf are expressly qualified in their entirety by the cautionary statements above, in "Part I – Item 1A. – Risk Factors" of the 2023 Form 10-K, and in the [in the](#) Company's public documents on file with the SEC. New risks and uncertainties arise from time to time, and factors that the Company currently deems immaterial may become material, and it is impossible for the Company to predict these events or how they may affect it. The Company undertakes no obligation to update any forward-looking statements after the date they are made, whether as a result of new information, future events or developments or otherwise, except as required by law, although it may do so from time to time. Readers are advised to consult any further disclosures the Company makes on related subjects in its public announcements and SEC filings. The Company does not endorse any projections regarding future performance that may be made by third parties.

General

The Company derives its consolidated revenue and net income from investment advisory and fund administration services provided by DBCM. DBCM is a registered investment adviser under the 1940 Act, and is the investment adviser and administrator for the Funds. DBCM also provides investment advisory and related services to DHMF, a private fund, as well as separately managed accounts, CITs, other pooled vehicles including sub-advised funds, and model delivery programs.

The Company believes focusing on generating excellent, long-term investment outcomes and building enduring client partnerships will enable it to grow its intrinsic value to achieve a compelling, long-term return for its shareholders.

The Company accomplishes this through its shared investment principles, including (i) valuation-disciplined active portfolio management, (ii) fundamental bottom-up research, (iii) a long-term, business owner mindset, and (iv) a client alignment philosophy that ensures clients' interests come first. Client alignment is emphasized through (i) a strategic capacity discipline that protects portfolio managers' abilities to generate excess returns, (ii) personal investment by the Company's portfolio managers in the strategies they manage, (iii) portfolio manager compensation being driven by long-term investment results in client portfolios, and (iv) a fee philosophy focused on a fair sharing of the economics among clients, employees, and shareholders. The Company's core cultural values of curiosity, ownership, trust, and respect create an environment where investment professionals focus on investment results and all teammates focus on the overall client experience.

The Company offers a variety of investment strategies designed for long-term strategic allocations from institutionally-oriented investors in key asset classes, aligning its investment team's competitive advantages with its clients' needs.

Assets Under Management

DCM's principal source of revenue is investment advisory [fee income fees](#) earned from managing client accounts under investment advisory and sub-advisory agreements. The fees earned depend on the type of investment strategy, account size, and servicing requirements. DCM's revenues depend largely on the total value and composition of its AUM. Accordingly, net cash flows from clients, market fluctuations, and the composition of AUM impact the Company's revenues and results of operations. The Company also has certain agreements that allow it to earn performance-based fees if investment returns exceed targeted amounts over a specified measurement period.

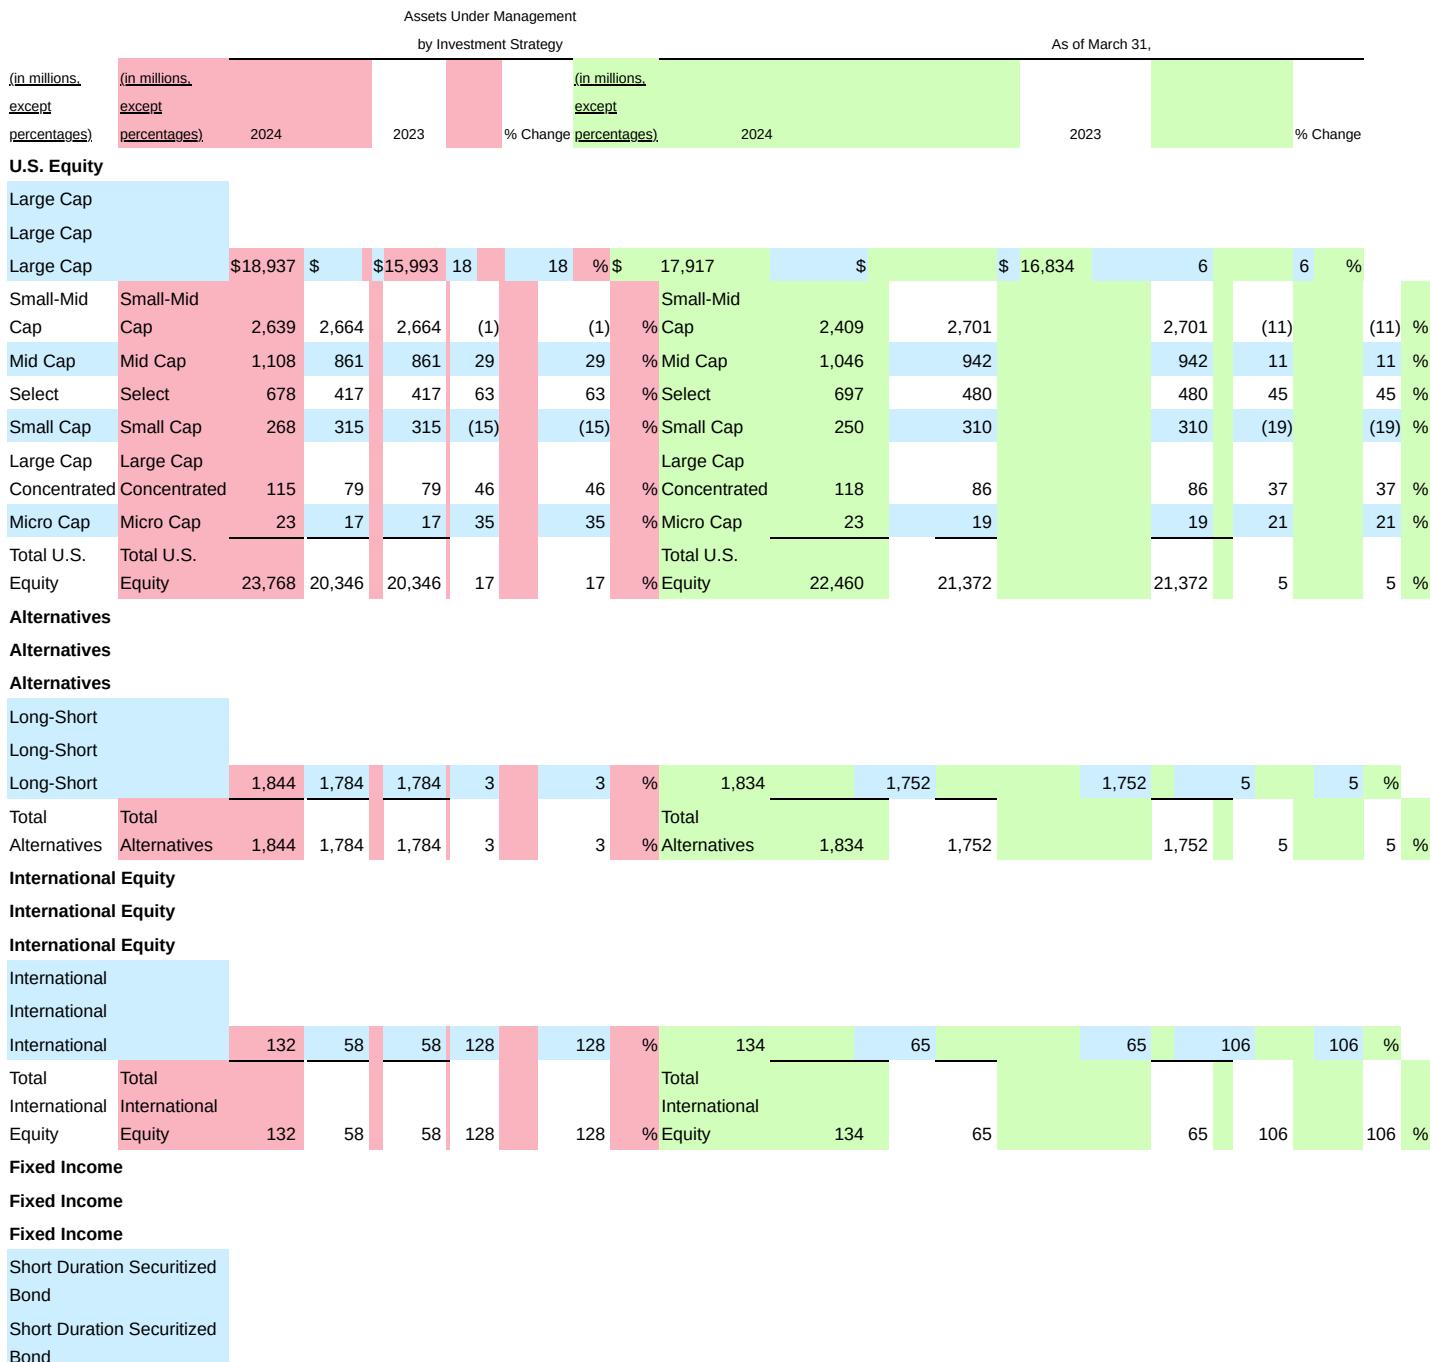

Model Delivery Programs - Assets Under Advisement

DCM provides strategy-specific model portfolios to sponsors of model delivery programs. DCM is paid for its services by the program sponsors at a pre-determined rate based on AUA in the model delivery programs. DCM does not have discretionary investment authority over individual client accounts in the model delivery programs, and therefore, AUA is not included in the Company's AUM.

The Company's revenues are highly dependent on both the value and composition of AUM and AUA. The following is a summary of the Company's AUM by product and investment strategy, a roll-forward of the change in AUM, and a summary of AUA for the three-month [and six-month](#) periods ended [March 31, 2024](#) June 30, 2024 and 2023:

AUM increased \$2.6 billion decreased \$0.7 billion during the three months ended March 31, 2024 June 30, 2024, due primarily to market declines, partially offset by net inflows into the Company's strategies. Net fixed income inflows were primarily into the Company's Short Duration Securitized Bond strategy. These inflows were partially offset by equity outflows, primarily out of the Company's Large Cap and Small-Mid Cap and strategies.

AUM increased \$1.9 billion during the six months ended June 30, 2024, due to appreciation in the financial markets and net inflows into the Company's strategies. Net fixed income inflows were primarily into the Company's Core Bond and Short Duration Securitized Bond strategies. Those inflows were partially offset by equity outflows, primarily out of the Company's Large Cap and Small-Mid Cap strategies.

AUM increased \$0.2 billion during the three months ended March 31, 2023, due to appreciation in the financial markets and net inflows into the Company's strategies. Fixed income net inflows during the period were into the Company's Core Bond and Short Duration Securitized Bond strategies, while net equity outflows were primarily out of the Company's Large Cap strategy.

(a) Adjusted net operating income, adjusted EPS attributable to common shareholders (diluted), and adjusted net operating profit margin are non-GAAP financial measures. See the "Non-GAAP Financial Measures and Reconciliation" section within this Form 10-Q for the definition of "non-GAAP" and a reconciliation of the non-GAAP financial measures to the most directly comparable financial measures calculated and presented in accordance with GAAP.

Summary Discussion of Consolidated Results of Operations - Three Months Ended March 31, 2024 June 30, 2024, compared with Three Months Ended March 31, 2023 June 30, 2023

Revenue for the three months ended March 31, 2024 June 30, 2024 increased \$2.3 million \$3.3 million, or 7% 10%, compared to revenue for the same period in 2023, primarily due to a 10% 16% increase in total average AUM and AUA. The average advisory fee rate decreased from 0.48% 0.47% for the three months ended March 31, 2023 June 30, 2023 to 0.46% 0.45% for the three months ended March 31, 2024 June 30, 2024.

Operating profit margin was 33% for the three months ended June 30, 2024, and 23% for the three months ended March 31, 2024, and 32% for the three months ended March 31, 2023 June 30, 2023. The decrease increase in operating profit margin was primarily driven by deferred compensation expense (6% benefit (9% of the 9% 10% margin decline), compensation, and related costs, excluding deferred compensation expense (2% of the 9% margin decline), and general and administrative expenses (1% of the 9% margin decline) increase).

Adjusted operating profit margin was 32% 31% for the three months ended March 31, 2024 June 30, 2024, and 35% 30% for the three months ended March 31, 2023 June 30, 2023. Adjusted operating profit margin excludes the impact of market movements on the deferred compensation liability and related economic hedges, and the impact of the Consolidated Fund in 2023. See the "Non-GAAP Financial Measures and Reconciliation" section within this Form 10-Q.

The Company expects that its operating profit margin will fluctuate period over period based on various factors, including revenues, investment results in the strategies the Company manages, employee performance, staffing levels, and gains and losses on investments held in the Deferred Compensation Plans.

The Company had \$9.4 million \$0.7 million in investment income losses due to market appreciation declines for the three months ended March 31, 2024 June 30, 2024, compared to investment income of \$8.1 million \$6.3 million due to strong market returns for the three months ended March 31, 2023 June 30, 2023.

Income tax expense decreased \$0.3 million \$0.5 million for the three months ended March 31, 2024 June 30, 2024, compared to the three months ended March 31, 2023 June 30, 2023. The decrease in income tax expense was primarily due to the decrease in the Company's income before taxes period over period.

The Company generated net income attributable to common shareholders of \$13.0 million \$8.1 million (\$4.62 \$2.93 per diluted share) for the three months ended March 31, 2024 June 30, 2024, compared with net income attributable to common shareholders of \$12.7 million \$9.4 million (\$4.20 \$3.18 per diluted share) for the same period in 2023. The increase decrease in net income attributable to common shareholders period over period was primarily due to increased revenues and investment income amounts for losses during the three months ended March 31, 2024, June 30, 2024 compared to investment income during the three months ended March 31, 2023, partially offset by increased operating expenses period over period.

June 30, 2023.

Investment Advisory Fees. Investment advisory fees for the three months ended **March 31, 2024** **June 30, 2024** increased **\$2.3 million** **\$3.3 million**, or **7% 11%**, compared to the three months ended **March 31, 2023** **June 30, 2023**. Investment advisory fees are calculated as a percentage of the market value of client accounts at contractual fee rates, which vary by investment product. The increase in investment advisory fees was primarily due to an increase in total average AUM and AUA of **10% 16%**, partially offset by a decrease in the average advisory fee rate from **0.48% 0.47%** to **0.46% 0.45%** period over period.

The average advisory fee rate for equity assets decreased from **0.51% 0.49%** during the three months ended **March 31, 2023** **June 30, 2023** to **0.48%** during the three months ended **March 31, 2024** **June 30, 2024**, and the average fee rate for fixed income assets remained unchanged at **0.30%**. The decrease in the total average advisory fee rate was due to growth in the lower fee fixed income assets, which increased from **10%** of AUM and AUA during the three months ended **June 30, 2023**, to **14%** during the three months ended **June 30, 2024**. The average advisory fee rate is calculated by dividing investment advisory revenues by total average AUM and AUA during the period (annualized for all periods less than one year).

Mutual Fund Administration Fees. Mutual fund administration fees for the three months ended **June 30, 2024** decreased by less than **\$0.1 million** compared to the three months ended **June 30, 2023**. Mutual fund administration fees include administration fees received from the Funds, which are calculated as a percentage of the Funds' average AUM.

Expenses

| (in thousands, except percentages) | Three Months Ended June 30, | | % Change |
|---|-----------------------------|------------------|-------------|
| | 2024 | 2023 | |
| Compensation and related costs, excluding deferred compensation expense (benefit) | \$ 18,331 | \$ 17,399 | 5 % |

| Mutual fund administration | 884 | 823 | 7 % |
| Total | \$ 24,529 | \$ 25,564 | (4)% |

Compensation and Related Costs, Excluding Deferred Compensation Expense (Benefit). Employee compensation and related costs (excluding deferred compensation expense (benefit)) increased by **\$0.9 million**, or **5%**, for the three months ended **June 30, 2024**, compared to the three months ended **June 30, 2023**. This increase was due to an increase in accrued incentive compensation of **\$0.5 million** and an increase in salary and related benefits of **\$0.4 million**. Incentive compensation expense can fluctuate significantly period over period as the Company evaluates investment performance, individual performance, Company performance and other factors. Employee compensation and related costs (excluding deferred compensation expense (benefit)) as a percentage of total revenue was **50%** for the three months ended **June 30, 2024**, compared to **52%** for the three months ended **June 30, 2023**.

Deferred Compensation Expense (Benefit). Deferred compensation benefit was **\$0.9 million** for the three months ended **June 30, 2024**, compared to an expense of **\$2.0 million** for the three months ended **June 30, 2023**, primarily due to market returns on the Deferred Compensation Plans' investments period over period.

The gain (loss) on the Deferred Compensation Plans' investments increases (decreases) deferred compensation expense (benefit) and is included in operating income. Deferred compensation expense (benefit) is offset by an equal amount in investment income (loss) below net operating income on the consolidated statements of income, and thus, has no impact on net income attributable to the Company.

General and Administrative. General and administrative expenses increased by **\$0.7 million**, or **18%**, for the three months ended **June 30, 2024**, compared to the three months ended **June 30, 2023**. This increase was due to a **\$0.6 million** increase in expenses to support improvements to our research management system, cloud data platform and overall technology support, and an increase in other software expenses of **\$0.1 million**.

Sales and Marketing. Sales and marketing expenses increased by **\$0.2 million**, or **10%**, for the three months ended **June 30, 2024**, compared to the three months ended **June 30, 2023**. The increase was due to a **\$0.1 million** increase in payments made to third party intermediaries as a result of the increase in the Funds' average AUM period over period and a **\$0.1 million** increase in client event sponsorships.

Mutual Fund Administration. Mutual fund administration expenses increased by less than **\$0.1 million**, or **7%**, for the three months ended **June 30, 2024**, compared to the three months ended **June 30, 2023**. Mutual fund administration expenses consist of both variable and fixed expenses. The increase was primarily due to the increase in the Funds' average AUM period over period.

Summary Discussion of Consolidated Results of Operations - Six Months Ended June 30, 2024, compared with Six Months Ended June 30, 2023

Revenue for the six months ended **June 30, 2024** increased **\$5.6 million**, or **8%**, compared to revenue for the same period in 2023, primarily due to a **13% increase** in total average AUM and AUA. The average advisory fee rate decreased from **0.47%** for the six months ended **June 30, 2023** to **0.46%** for the six months ended **June 30, 2024**.

Operating profit margin was **28%** for both the six months ended **June 30, 2024**, and the six months ended **June 30, 2023**, respectively.

Adjusted operating profit margin was 31% for the six months ended June 30, 2024, and 32% for the six months ended June 30, 2023. Adjusted operating profit margin excludes the impact of market movements on the deferred compensation liability and related economic hedges, and the impact of the Consolidated Fund in 2023. See the "Non-GAAP Financial Measures and Reconciliation" section within this Form 10-Q.

The Company expects that its operating profit margin will fluctuate period over period based on various factors, including revenues, investment results in the strategies the Company manages, employee performance, staffing levels, and gains and losses on investments held in the Deferred Compensation Plans.

The Company had \$8.7 million in investment income due to market appreciation for the six months ended June 30, 2024, compared to investment income of \$14.4 million for the six months ended June 30, 2023.

Income tax expense decreased \$0.8 million for the six months ended June 30, 2024, compared to the six months ended June 30, 2023. The decrease in income tax expense was primarily due to the decrease in the Company's income before taxes period over period.

The Company generated net income attributable to common shareholders of \$21.1 million (\$7.57 per diluted share) for the six months ended June 30, 2024, compared with net income attributable to common shareholders of \$22.1 million (\$7.39 per diluted share) for the same period in 2023. The decrease in net income attributable to common shareholders period over period was primarily due to decreased investment income and increased operating expenses for the six months ended June 30, 2024, compared to the six months ended June 30, 2023, partially offset by increased revenues period over period.

Revenue

| (in thousands, except percentages) | Six Months Ended | | |

| Total | \$ 72,956 | \$ 67,341 | 8 % |

Investment Advisory Fees. Investment advisory fees for the six months ended June 30, 2024 increased \$5.7 million, or 9%, compared to the six months ended June 30, 2023. Investment advisory fees are calculated as a percentage of the market value of client accounts at contractual fee rates, which vary by investment product. The increase in investment advisory fees was primarily due to an increase in total average AUM and AUA of 13%, partially offset by a decrease in the average advisory fee rate from 0.47% to 0.46% period over period.

The average advisory fee rate for equity assets decreased from 0.49% during the six months ended June 30, 2023 to 0.48% during the six months ended June 30, 2024, and the average fee rate for fixed income assets remained unchanged at 0.30%. The decrease in the total average advisory fee rate was due to growth in the lower fee fixed income assets, which increased from 9% of AUM and AUA during the three six months ended March 31, 2023 June 30, 2023, to 13% 14% during the three six months ended March 31, 2024 June 30, 2024. The average advisory fee rate is calculated by dividing investment advisory revenues by total average AUM and AUA during the period (annualized for all periods less than one year).

Mutual Fund Administration Fees. Mutual fund administration fees for the three six months ended March 31, 2024 June 30, 2024 decreased by less than \$0.1 million compared to the three six months ended March 31, 2023 June 30, 2023. Mutual fund administration fees include administration fees received from the Funds, which are calculated as a percentage of the Funds' average AUM.

Compensation and Related Costs, Excluding Deferred Compensation Expense. Employee compensation and related costs (excluding deferred compensation expense) for the three six months ended March 31, 2024 June 30, 2024 increased by \$1.8 million \$2.7 million, compared to the three six months ended March 31, 2023 June 30, 2023. This increase was due to an increase in salary and related benefits of \$0.8 million \$1.3 million, increases in accrued incentive compensation of \$0.5 million \$1.0 million, and an increase in restricted stock expense of \$0.5 million \$0.4 million. Incentive compensation expense can fluctuate significantly period over period as the Company evaluates investment performance, individual performance, Company performance, and other factors. Employee compensation and related costs (excluding deferred compensation expense (benefit)) as a percentage of total revenue was 50.0% for both the six months ended June 30, 2024 and the six months ended June 30, 2023.

Deferred Compensation Compensation Expense. Deferred compensation expense was \$3.2 million \$2.3 million for the three six months ended March 31, 2024 June 30, 2024, compared to \$0.7 million \$2.7 million for the three six months ended March 31, 2023 June 30, 2023, primarily due to market returns on the Deferred Compensation Plans' investments period over period.

The gain loss on the Deferred Compensation Plans' investments increases decreases deferred compensation expense and is included in operating income. Deferred compensation expense is offset by an equal amount in investment income loss below net operating income on the consolidated statements of income, and thus, has no impact on net income attributable to the Company.

General and Administrative. General and administrative expense expenses for the three six months ended March 31, 2024 June 30, 2024, increased by \$0.6 million \$1.3 million, or 18%, compared to the three six months ended March 31, 2023 June 30, 2023. The increase was primarily due to a \$0.3 million \$0.9 million increase in consulting expenses to support improvements to our research management system, cloud data platform and overall technology support, a \$0.2 million increase in other software expenses, a \$0.1 million increase in investment research expenses, a \$0.1 million increase in recruiting expenses, and a \$0.1 million increase in software recruiting expenses.

Sales and Marketing. Sales and marketing expense expenses for the three six months ended March 31, 2024 June 30, 2024, increased by less than \$0.1 million \$0.2 million, or 2% 6%, compared to the three six months ended March 31, 2023 June 30, 2023. The increase was primarily due to a \$0.1 million increase in payments made to third-party intermediaries as a result of the increase in the Funds' average AUM period over period.

Mutual Fund Administration. Mutual fund administration expenses for the three six months ended March 31, 2024 June 30, 2024, increased by less than \$0.1 million, or 5% 6%, compared to the three six months ended March 31, 2023 June 30, 2023. Mutual fund administration expenses consist of both variable and fixed expenses. The increase was primarily due to the increase in the Funds' average AUM period over period.

Liquidity and Capital Resources

Sources of Liquidity

The Company's current financial condition is liquid, with a significant amount of its assets comprised of cash and cash equivalents, investments, accounts receivable, and other current assets. The Company's main source of liquidity is cash flows from operating activities, which are generated from investment advisory and mutual fund administration fees. Cash and cash equivalents, investments held directly by DBCM, accounts receivable, and other current assets represented \$159.5 million \$164.2 million and \$181.8 million of total assets as of March 31, 2024 June 30, 2024 and December 31, 2023, respectively. The Company believes that these sources of liquidity, as well as its continuing cash flows from operating activities, will be sufficient to meet its current and future operating needs.

Uses of Liquidity

The Company anticipates that its main uses of cash will be for operating expenses and seed capital to fund new and existing investment strategies. The Board and management regularly review various factors to determine whether the Company has capital in excess of that required for its business and the appropriate uses of any such excess capital, including share repurchases and/or the payment of dividends.

Share Repurchases

DHIL repurchased 85,108 120,049 common shares during the three six months ended March 31, 2024 June 30, 2024 for a total of \$13.2 million \$18.4 million. As of March 31, 2024 June 30, 2024, \$13.3 million \$8.1 million remains available for repurchases under the 2023 Repurchase Program, as defined and further discussed in "Part II - Item 2 -

Unregistered Sales of Equity Securities and Use of Proceeds" of this Form 10-Q.

Dividends

Subject to Board approval and compliance with applicable law, DHIL expects to pay a regular quarterly dividend of \$1.50 per share. A summary of cash dividends paid during the ~~three~~ six months ended **March 31, 2024** **June 30, 2024**, is presented below:

| Dividend | Declaration Date | Date Paid | Dividend Amount (in millions) |
|-----------------------------------|-------------------|----------------|-------------------------------|
| First quarter - \$1.50 per share | February 29, 2024 | March 22, 2024 | \$ 4.2 |
| Second quarter - \$1.50 per share | May 08, 2024 | June 14, 2024 | 4.2 |
| Total | | | \$ 8.4 |

On **May 8, 2024** **July 31, 2024**, the Board approved a regular quarterly dividend for the ~~second~~ third quarter of 2024 of \$1.50 per share which will be paid on **June 14, 2024** **September 13, 2024**, to shareholders of record as of the close of business on **June 3, 2024** **August 29, 2024**. The ~~second~~ third quarter dividend is expected to reduce shareholders' equity by approximately ~~\$4.2 million~~ **\$4.1 million**.

Working Capital

As of **March 31, 2024** **June 30, 2024**, the Company had working capital of approximately ~~\$146.2 million~~ **\$144.4 million**, compared to \$146.1 million as of December 31, 2023. Working capital includes cash and cash equivalents, accounts receivable, investments, and other current assets of DHCM, net of accounts payable and accrued expenses, accrued incentive compensation, deferred compensation and other current liabilities of DHCM.

Cash Flow Analysis

Cash Flows from Operating Activities

The Company's cash flows from operating activities are calculated by adjusting net income to reflect other significant operating sources and uses of cash, certain significant non-cash items (such as share-based compensation), and timing differences in the cash settlement of operating assets and liabilities. The Company expects that cash flows provided by operating activities will continue to serve as its primary source of working capital in the near future.

For the ~~three~~ six months ended **March 31, 2024** **June 30, 2024**, net cash used in provided by operating activities totaled ~~\$12.3 million~~ **\$6.9 million**. Cash used in provided by operating activities ~~were~~ was primarily driven by ~~net income of \$21.1 million, non-cash adjustments added back to net income consisting of share-based compensation of \$6.3 million and depreciation of \$0.6 million. These inflows were partially offset by a \$22.7 million~~ **\$14.9 million** decrease in the incentive compensation accrual due to the annual incentive compensation payment made in the first quarter of 2024, and the cash impact of timing differences in the settlement of other assets and liabilities of ~~\$6.2 million~~. These outflows were partially offset by ~~net income of \$13.0 million, and non-cash adjustments added back to net income consisting of share-based compensation of \$3.3 million and depreciation of \$0.3 million~~.

For the ~~three~~ six months ended **March 31, 2023** **June 30, 2023**, net cash used in operating activities totaled ~~\$13.8 million~~ **\$1.9 million**. Cash used in operating activities ~~were~~ was primarily driven by a ~~\$26.0 million~~ **\$18.8 million** decrease in the incentive compensation accrual due to the annual incentive compensation payment made in the first quarter of 2023, the net change in securities held by the Consolidated Fund Funds of ~~\$1.3 million~~ **\$4.0 million**, and the cash impact of timing differences in the settlement of other assets and liabilities of ~~\$3.8 million~~ **\$10.0 million**. These outflows were partially offset by ~~net income of \$14.1 million~~ **\$24.3 million**, and non-cash adjustments added back to net income consisting of share-based compensation of ~~\$2.9 million~~ **\$5.9 million**, and depreciation of ~~\$0.3 million~~ **\$0.7 million**. Net cash used in operating activities of ~~\$13.8 million~~ **\$1.9 million** is inclusive of ~~\$1.2 million~~ **\$5.8 million** of cash used in operations by the Consolidated Fund Funds.

Cash Flows from Investing Activities

The Company's cash flows from investing activities consist primarily of purchases and redemptions in the Company's investment portfolio and capital expenditures.

Cash flows provided by investing activities totaled **\$1.1 million** **\$0.6 million** for the **three six** months ended **March 31, 2024** **June 30, 2024**. Cash flows provided by investing activities were driven by proceeds from the sale of **Company-sponsored Deferred Compensation Plan** investments totaling **\$4.7 million** **\$9.4 million**, partially offset by purchases of **Company-sponsored Deferred Compensation Plan** investments of **\$3.5 million** **\$8.7 million** and the purchase of property and equipment of **\$0.1 million**. During the three months ended March 31, 2024, all purchases and sales of investments were in the Deferred Compensation Plans.

Cash flows used in investing activities totaled **\$0.9 million** **\$1.4 million** for the **three six** months ended **March 31, 2023** **June 30, 2023**. Cash flows used in investing activities were driven by purchases of **Company-sponsored Deferred Compensation Plan** investments of **\$5.3 million** **\$5.8 million**, which were partially offset by proceeds from the sale of **Company-sponsored Deferred Compensation Plan** investments totaling **\$4.4 million**. During the three months ended March 31, 2023, all purchases and sales of investments were in the Company's Deferred Compensation Plans.

Cash Flows from Financing Activities

The Company's cash flows from financing activities consist primarily of the repurchase of DHIL common shares, dividends paid on DHIL common shares, shares withheld related to employee tax withholding, proceeds received under the ESPP, and distributions to, or contributions from, redeemable noncontrolling interest holders.

For the **three six** months ended **March 31, 2024** **June 30, 2024**, net cash used in financing activities totaled **\$18.2 million** **\$31.0 million**, consisting of cash outflows for repurchases of DHIL's common shares of **\$13.2 million** **\$18.4 million**, the payment of quarterly dividends totaling **\$4.2 million** **\$8.4 million**, and the value of shares withheld to cover employee tax withholding obligations of **\$1.0 million** **\$4.5 million**. These cash outflows were partially offset by proceeds received under the ESPP of **\$0.2 million** **\$0.3 million**.

For the **three six** months ended **March 31, 2023** **June 30, 2023**, net cash used in financing activities totaled **\$8.2 million** **\$21.2 million**, consisting of cash outflows for repurchases of the Company's DHIL's common shares of **\$4.6 million** **\$14.9 million**, the payment of quarterly dividends totaling **\$4.6 million** **\$9.0 million**, and the value of shares withheld to cover employee tax withholding obligations of **\$1.1 million** **\$4.2 million**. These cash outflows were partially offset by net subscriptions received in the Consolidated Fund Funds from redeemable noncontrolling interest holders of **\$1.8 million** **\$6.5 million** and proceeds received under the ESPP of **\$0.3 million**.

Non-GAAP Financial Measures and Reconciliation

As supplemental information, the Company is providing certain financial measures that are based on methodologies other than GAAP ("non-GAAP"). Management believes the non-GAAP financial measures below are useful measures of the Company's core business activities, are important metrics in estimating the value of an asset management business, and help facilitate comparisons to Company operating performance across periods. These non-GAAP financial measures should not be used as a substitute for financial measures calculated in accordance with GAAP and may be calculated differently by other companies. The following schedules reconcile the differences between financial measures calculated in accordance with GAAP and non-GAAP financial measures for the three-month and six-month periods ended **March 31, 2024** **June 30, 2024** and 2023, respectively.

⁽¹⁾ This non-GAAP adjustment removes the compensation expense resulting from market valuation changes in the Deferred Compensation Plans' liability and the related net gains/losses on investments designated as an economic hedge against the related liability. Amounts deferred under the Deferred Compensation Plans are adjusted for appreciation/depreciation of investments chosen by participants. The Company believes it is useful to offset the non-operating investment income or loss realized on the hedges against the related compensation expense and remove the net impact to help readers understand the Company's core operating results and to improve comparability from period to period.

⁽²⁾ This non-GAAP adjustment removes the impact that the Consolidated Fund has on the Company's GAAP consolidated statements of income. Specifically, the Company adds back the operating expenses and subtracts the investment income of the Consolidated Fund. The adjustment to net operating income represents the operating expenses of the Consolidated Fund, net of the elimination of related management and administrative fees. The adjustment to net income attributable to common shareholders represents the net income of the Consolidated Fund, net of redeemable non-controlling interests. The Company believes removing the impact of the Consolidated Fund helps readers understand its core operating results and improves comparability from period to period.

⁽³⁾ This non-GAAP adjustment represents the net gains or losses earned on the Company's non-consolidated investment portfolio that are not designated as economic hedges of the Deferred Compensation Plans' liability, non-consolidated seed investments, and other investments. The Company believes adjusting for these non-operating income or loss items helps readers understand the Company's core operating results and improves comparability from period to period.

⁽⁴⁾ The income tax expense impacts were calculated and resulted in the overall non-GAAP effective tax rates of 26.3% 29.2% for the three months ended **March 31, 2024** June 30, 2024, and 27.9% 29.2% for the three months ended **March 31, 2023** June 30, 2023, 27.5% for the six months ended June 30, 2024, and 28.5% for the six months ended June 30, 2023.

Critical Accounting Estimates

The preparation of financial statements requires management to make estimates, judgments, and assumptions that affect the reported amounts of assets, liabilities, revenues, expenses, and related disclosures of contingent assets and liabilities. The Company evaluates such estimates, judgments, and assumptions on an ongoing basis, and bases its estimates, judgements, and assumptions on historical experiences, current trends, and various other factors that it believes to be reasonable under the circumstances. By their nature, these estimates, judgments, and assumptions are subject to uncertainty, and actual results may differ materially from these estimates.

For a summary of the critical accounting policies important to understanding the condensed consolidated financial statements, please see Note 2, Significant Accounting Policies, in "Part I - Item 1 - Financial Statements" of this Form 10-Q, and Note 2, Significant Accounting Policies, in "Part II - Item 8 - Financial Statements and Supplementary Data" in the 2023 Form 10-K.

There have been no material changes to the Company's critical accounting estimates during the quarter ended **March 31, 2024** June 30, 2024, as compared to the critical accounting estimates disclosed in "Part II - Item 7 - Management's Discussion and Analysis of Financial Condition and Results of Operations" in the 2023 Form 10-K.

ITEM 3: Quantitative and Qualitative Disclosures About Market Risk

For information regarding the Company's exposure to certain market risks, see "Part II - Item 7A - Quantitative and Qualitative Disclosures About Market Risk" in the 2023 Form 10-K. Except as described in "Part I - Item 2 - Management's Discussion and Analysis of Financial Condition and Results of Operations" of this Form 10-Q, there have been no significant changes in the Company's market risk exposures since the Company's December 31, 2023 year end.

ITEM 4: Controls and Procedures

Evaluation of Disclosure Controls and Procedures

Management, including the Chief Executive Officer and the Chief Financial Officer, has conducted an evaluation of the effectiveness of the Company's disclosure controls and procedures (as defined in Rules 13a-15(e) or 15d-15(e) under the Exchange Act) as of the end of the period covered by this Form 10-Q (the "Evaluation Date"). Based on such evaluation, the Chief Executive Officer and the Chief Financial Officer have concluded that, as of the Evaluation Date, the Company's disclosure controls and procedures were effective to ensure that the information required to be disclosed by the Company in the reports that it files or submits under the Exchange Act, is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and to ensure that the information required to be disclosed by the Company in the reports it files or submits under the Exchange Act is accumulated and communicated to the Company's management, including the Chief Executive Officer and Chief Financial Officer, or persons performing similar functions, as appropriate to allow timely decisions regarding required disclosure. In designing and evaluating the disclosure controls and procedures, the

Company's management recognized that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives, and in reaching a reasonable level of assurance, the Company's management necessarily was required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures.

Changes in Internal Control Over Financial Reporting

There were no changes in the Company's internal controls over financial reporting (as defined in Rules 13a-15(f) or 15d-15(f) under the Exchange Act) during the quarter ended **March 31, 2024** **June 30, 2024**, that have materially affected, or are reasonably likely to materially affect, the Company's internal controls over financial reporting.

PART II: OTHER INFORMATION

ITEM 1: Legal Proceedings

From time to time, the Company is party to ordinary, routine litigation that is incidental to its business. There are currently no such matters pending that the Company believes could have a material adverse effect on its consolidated financial statements.

ITEM 1A: Risk Factors

There have been no material changes to the Company's risk factors from the information disclosed in "Part I - Item 1A - Risk Factors" of the 2023 Form 10-K.

ITEM 2: Unregistered Sales of Equity Securities and Use of Proceeds

During the quarter ended **March 31, 2024** **June 30, 2024**, DHIL did not sell any common shares that were not registered under the Securities Act. The following table sets forth information regarding repurchases of DHIL common shares during the quarter ended **March 31, 2024** **June 30, 2024**:

| June 1, 2024 through June 30, 2024 | 18,577 | 148.96 | 18,577 | 8,077,166 |
| Total | 57,543 | \$ 151.06 | 34,941 | \$ 8,077,166 |

(a) The Company regularly withholds common shares for tax payments due upon the vesting of employee restricted stock. Common shares withheld to cover tax withholding obligations in connection with the vesting of employee restricted stock are treated as common share repurchases for purposes of this table. Those withheld common shares withheld are not considered repurchases of DHIL common shares under any authorized common share repurchase plan or program. During the quarter ended **March 31, 2024** **June 30, 2024**, the Company withheld 6,372 22,602 DHIL common shares for employee tax withholding obligations at an average price paid per share of \$165.59. \$154.17.

(b) On May 10, 2023, the Board approved a repurchase plan, authorizing management to repurchase up to \$50 million DHIL common shares in the open market and in private transactions in accordance with applicable securities laws (the "2023 Repurchase Program"). The 2023 Repurchase Program will expire on May 10, 2025, or upon the earlier completion of all authorized purchases under the program.

In connection with the 2023 Repurchase Program, DHIL entered into a Rule 10b5-1 trading plan. The Rule 10b5-1 trading plan is intended to qualify for the safe harbor under Rule 10b5-1 of the Exchange Act. A Rule 10b5-1 trading plan allows a company to purchase its stock at times when it would not ordinarily be in the market because of its trading policies or the possession of material nonpublic information. Because repurchases under ~~the DHIL's~~ Rule 10b5-1 trading plan are subject to specified parameters and certain price, timing, and volume restraints specified in the plan, there is no guarantee as to the exact number of common shares that will be repurchased or that there will be any repurchases at all pursuant to the plan. Purchases under the 2023 Repurchase Program may be made in the open market or through privately negotiated transactions. Purchases in the open market are intended to comply with Rule 10b-18 under the Exchange Act.

ITEM 3: Defaults Upon Senior Securities

None.

ITEM 4: Mine Safety Disclosures

Not applicable.

ITEM 5: Other Information

During the quarter ended ~~March 31, 2024~~ June 30, 2024, no director or Section 16 officer (as defined under Rule 16a-1 of the Exchange Act) adopted or terminated any Rule 10b5-1 trading arrangement or any non-Rule 10b5-1 trading arrangement (in each case, as defined in Item 408(a) of Regulation S-K).
