NOTES TO CONSOLIDATED FINANCIAL STATEMENTS November 30, 2024 (unaudited) Â Note 1. Organization Â Saratoga Investment Corp. (the â€œCompanyâ€, â€œweâ€, â€œourâ€ and â€œusâ€) is a non-diversified closed end management investment company incorporated in Maryland that has elected to be regulated as a business development company (â€œBDCâ€) under the Investment Company Act of 1940, as amended (the â€œ1940 Actâ€). The Company commenced operations on March 23, 2007 as GSC Investment Corp. and completed the initial public offering (â€œIPOâ€) on March 28, 2007. The Company has elected, and intends to qualify annually, to be treated for U.S. federal income tax purposes as a regulated investment company (â€œRICâ€) under Subchapter M of the Internal Revenue Code of 1986, as amended (the â€œCodeâ€). The Companyâ€™s investment objective is to generate current income and, to a lesser extent, capital appreciation from its investments. Â GSC Investment, LLC (the â€œLLCâ€) was organized in May 2006 as a Maryland limited liability company. On March 21, 2007, the Company was incorporated and concurrently therewith the LLC was merged with and into the Company, with the Company as the surviving entity, in accordance with the procedure for such merger in the LLCâ€™s limited liability company agreement and Maryland law. In connection with such merger, each outstanding limited liability company interest of the LLC was converted into a share of common stock of the Company. Â On July 30, 2010, the Company changed its name from â€œGSC Investment Corp.â€ to â€œSaratoga Investment Corp.â€ in connection with the consummation of a recapitalization transaction. Â The Company is externally managed and advised by the investment adviser, Saratoga Investment Advisors, LLC (the â€œManagerâ€ or â€œSaratoga Investment Advisorsâ€), pursuant to an investment advisory and management agreement (the â€œManagement Agreementâ€). Â The Company has established wholly owned subsidiaries, SIA-AAP, Inc., SIA-ARC, Inc., SIA-Avionte, Inc., SIA-AX, Inc., SIA-G4, Inc., SIA-GH, Inc., SIA-MDP, Inc., SIA-PP Inc., SIA-SZ, Inc., SIA-TG, Inc., SIA-TT, Inc. and SIA-Vector, Inc., which are structured as Delaware entities that are treated as corporations for U.S. federal income tax purposes and are intended to facilitate its compliance with the requirements to be treated as a RIC under the Code by holding equity or equity-like investments in portfolio companies organized as limited liability companies, or LLCs (or other forms of pass through entities). These entities are consolidated for accounting purposes, but are not consolidated for U.S. federal income tax purposes and may incur U.S. federal income tax expenses as a result of their ownership of portfolio companies. In February 2022, SIA-GH, Inc., SIA-TT Inc. and SIA-VR, Inc. received an approved plan of liquidation following the sale of equity held by each of the portfolio companies. Â In June 2024, SIA-MAC, Inc. and SIA-VR, Inc. were dissolved. Â Our wholly owned subsidiaries, Saratoga Investment Corp. SBIC II LP (â€œSBIC II LPâ€) and Saratoga Investment Corp. SBIC III LP (â€œSBIC III LPâ€, and together with SBIC II LP, the â€œSBIC Subsidiariesâ€), received licenses to operate as small business investment companies from the SBA on August 14, 2019 and September 29, 2022, respectively. Each of the SBIC Subsidiaries provides up to $175.0 million in long-term capital in the form of debentures guaranteed by the SBA. Our wholly owned subsidiary Saratoga Investment Corp. SBIC LP (â€œSBIC LPâ€) repaid its outstanding debentures and subsequently surrendered its license to the SBA on January 3, 2024, providing the Company access to all undistributed capital of SBIC LP, and SBIC LP subsequently merged with and into the Company. Under current SBIC regulations, for two or more SBICs under common control, the maximum amount of outstanding SBA debentures cannot exceed $350.0 million with at least $175.0 million in combined regulatory capital. Â The Company has formed wholly owned special purpose entities organized as Delaware limited liability companies, Saratoga Investment Funding II LLC (â€œSIF IIâ€) and Saratoga Investment Funding III LLC (â€œSIF IIIâ€) for the purpose of the Encina Credit Facility and the Live Oak Credit Facility (each as defined below), respectively. The senior secured revolving credit facility (the â€œEncina Credit Facilityâ€) with Encina Lender Finance, LLC (â€œEncinaâ€) is supported by loans held by SIF II and pledged to Encina, and the senior secured revolving credit facility (the â€œLive Oak Credit Facilityâ€) with Live Oak Banking Company (â€œLive Oakâ€) is supported by loans held by SIF III and pledged to Live Oak. Â On October 26, 2021, the Company and TJHA JV I LLC (â€œTJHAâ€) entered into a Limited Liability Company Agreement to co-manage Saratoga Senior Loan Fund I JV LLC (â€œSLF JVâ€). SLF JV is under joint control and is not consolidated. SLF JV is invested in Saratoga Investment Corp Senior Loan Fund 2022-1 Ltd. (â€œSLF 2022â€), which is a wholly owned subsidiary of SLF JV. SLF 2022 was formed for the purpose of making investments in a diversified portfolio of broadly syndicated first lien and second lien term loans or bonds in the primary and secondary markets. On October 28, 2022, SLF 2022 issued $402.1 million of debt (the â€œ2022 JV CLO Notesâ€) through a collateralized loan obligation trust (the â€œJV CLO trustâ€). The 2022 JV CLO Notes were issued pursuant to an indenture, dated October 28, 2022 (the â€œJV Indentureâ€), with U.S. Bank Trust Company, National Association (as successor in interest to U.S. Bank National Association) (the â€œTrusteeâ€) servicing as the trustee. Â 28 Â Note 2. Summary of Significant Accounting Policies Â Basis of Presentation Â Â The accompanying consolidated financial statements have been prepared on the accrual basis of accounting in conformity with U.S. generally accepted accounting principles (â€œU.S. GAAPâ€), are stated in U.S. Dollars and include the accounts of the Company and its wholly owned special purpose financing subsidiaries, SIF II, SIF III, SBIC II LP, SBIC III LP, SIA-AAP, Inc., SIA-ARC, Inc., SIA-Avionte, Inc., SIA-AX, Inc., SIA-G4, Inc., SIA-GH, Inc., SIA-MDP, Inc.,, SIA-PP, Inc., SIA-SZ, Inc., SIA-TG, Inc., SIA-TT Inc., and SIA-Vector, Inc. All intercompany accounts and transactions have been eliminated in consolidation. All references made to the â€œCompany,â€ â€œwe,â€ and â€œusâ€ herein include Saratoga Investment Corp. and its consolidated subsidiaries, except as stated otherwise. Â The Company, SBIC II LP, and SBIC III LP are all considered to be investment companies for financial reporting purposes and have applied the guidance in the Financial Accounting Standards Board (â€œFASBâ€) Accounting Standards Codification (â€œASCâ€) Topic 946, Financial Services â€“ Investment Companies (â€œASC 946â€). There have been no changes to the Company, SBIC II LP, or SBIC III LPâ€™s status as investment companies during the three months ended November 30, 2024. Â Principles of Consolidation Â Under the investment company rules and regulations pursuant to ASC 946, the Company is precluded from consolidating any entity other than another investment company or controlled operating company whose business consists of providing services to the Company.Â As a result, the consolidated financial statements of the Company include only the accounts of the Company and its wholly owned subsidiaries. All intercompany balances and transactions have been eliminated in consolidation. Â The Company has determined that SLF JV is an investment company under ASC 946; however, in accordance with such guidance the Company will generally not consolidate its investment in a company other than a wholly owned investment company subsidiary. SLF JV is not a wholly owned investment company subsidiary as the Company and TJHA each have an equal 50% voting interest in SLF JV and thus neither party has a controlling financial interest. Furthermore, FASB ASC Topic 810, Consolidation, concludes that in a joint venture where both members have equal decision-making authority, it is not appropriate for one member to consolidate the joint venture since neither has control. Accordingly, the Company does not consolidate its investment in SLF JV. Â Use of Estimates in the Preparation of Financial Statements Â The preparation of the accompanying consolidated financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements, and income, gains (losses) and expenses during the period reported. Actual results could differ materially from those estimates. Â Operating Segment Â The Company invests in various industries and separately evaluates the performance of each of its investment relationships. However, because each of these investment relationships have similar business and economic characteristics, they have been aggregated into a single investment segment. All applicable segment disclosures are included in or can be derived from the Companyâ€™s consolidated financial statements (See Note 3. Investments). Â Cash and Cash Equivalents Â Cash and cash equivalents include short-term, liquid investments in a money market fund. The Company places its cash in financial institutions and, at times, such balances may be in excess of the Federal Deposit Insurance Corporation insurance limits. Cash and cash equivalents are carried at cost which approximates fair value. Pursuant to Section 12(d)(1)(A) of the 1940 Act, the Company may not invest in another investment company, such as a money market fund, if such investment would cause the Company to: Â Â â— own more than 3.0% of the investment companyâ€™s total outstanding voting stock; Â Â â— hold securities in the investment company having an aggregate value in excess of 5.0% of the value of the Companyâ€™s total assets; or Â Â â— hold securities in investment companies having an aggregate value in excess of 10.0% of the value of the Companyâ€™s total assets. Â As of November 30, 2024, the Company did not exceed any of these limitations.Â 29 Â Cash and Cash Equivalents, Reserve Accounts Â Cash and cash equivalents, reserve accounts include amounts held in designated bank accounts in the form of cash and short-term liquid investments in money market funds, and, at times, such balances may be in excess of the Federal Deposit Insurance Corporation insurance limits, representing payments received on secured investments or other reserved amounts associated with the Encina Credit Facility or the Live Oak Credit Facility held by the Companyâ€™s wholly owned subsidiaries, SIF II and SIF III, respectively. The Company is required to use these amounts to pay interest expense, reduce borrowings, or pay other amounts in accordance with the terms of the Encina Credit Facility and the Live Oak Credit Facility. Â In addition, cash and cash equivalents, reserve accounts also include amounts held in designated bank accounts, in the form of cash and short-term liquid investments in money market funds, within the Companyâ€™s wholly owned subsidiaries, SBIC II LP and SBIC III LP. Â The statements of cash flows explain the change during the period in the total of cash, cash equivalents and amounts generally described as restricted cash and restricted cash equivalents when reconciling the beginning-of-period and end-of-period total amounts. Â The following table provides a reconciliation of cash and cash equivalents and cash and cash equivalents, reserve accounts reported within the consolidated statements of assets and liabilities that sum to the total of the same such amounts shown in the consolidated statements of cash flows: Â Â Â NovemberÂ 30, 2024Â Â FebruaryÂ 29, 2024Â Cash and cash equivalentsÂ $147,614,810Â Â $8,692,846Â Cash and cash equivalents, reserve accountsÂ Â 102,549,213Â Â Â 31,814,278Â Total cash and cash equivalents and cash and cash equivalents, reserve accountsÂ $250,164,023Â Â $40,507,124Â Â Investment Classification Â The Company classifies its investments in accordance with the requirements of the 1940 Act. Under the 1940 Act, â€œcontrol investmentsâ€ are defined as investments in companies in which the Company owns more than 25.0% of the voting securities or maintains greater than 50.0% of the board representation. Under the 1940 Act, â€œaffiliated investmentsâ€ are defined as those non-control investments in companies in which the Company owns between 5.0% and 25.0% of the voting securities. Under the 1940 Act, â€œnon-affiliated investmentsâ€ are defined as investments that are neither control investments nor affiliated investments. Â Investment Valuation Â The Company accounts for its investments at fair value in accordance with the FASB ASC Topic 820, Fair Value Measurement (â€œASC 820â€). ASC 820 defines fair value, establishes a framework for measuring fair value, establishes a fair value hierarchy based on the quality of inputs used to measure fair value and enhances disclosure requirements for fair value measurements. ASC 820 requires the Company to assume that its investments are to be sold or its liabilities are to be transferred at the measurement date in the principal market to independent market participants, or in the absence of a principal market, in the most advantageous market, which may be a hypothetical market. Market participants are defined as buyers and sellers in the principal or most advantageous market that are independent, knowledgeable, and willing and able to transact. Â Investments for which market quotations are readily available are fair valued at such market quotations obtained from independent third-party pricing services and market makers subject to any decision by the Companyâ€™s board of directors to approve a fair value determination to reflect significant events affecting the value of these investments. The Company values investments for which market quotations are not readily available at fair value as approved, in good faith, by the Companyâ€™s board of directors based on input from the Manager, the audit committee of the board of directors and a third-party independent valuation firm.Â 30 Â The Company undertakes a multi-step valuation process each quarter when valuing investments for which market quotations are not readily available, as described below: Â Â â— each investment is initially valued by the responsible investment professionals of the Manager and preliminary valuation conclusions are documented, reviewed and discussed with our senior management; and Â Â â— an independent valuation firm engaged by the Companyâ€™s board of directors independently reviews a selection of these preliminary valuations each quarter so that the valuation of each investment for which market quotes are not readily available is reviewed by the independent valuation firm at least once each fiscal year. The Company uses a third-party independent valuation firm to value its investment in the subordinated notes of Saratoga Investment Corp. CLO 2013-1, Ltd. (â€œSaratoga CLOâ€), the Class F-2-R-3 Notes of the Saratoga CLO, and the Class E Notes of the SLF 2022 every quarter. Â In addition, all investments are subject to the following valuation process: Â Â Â â— the audit committee of the Companyâ€™s board of directors reviews and approves each preliminary valuation and the Manager and independent valuation firm (if applicable) will supplement the preliminary valuation to reflect any comments provided by the audit committee; and Â Â â— the Companyâ€™s board of directors discusses the valuations and approves the fair value of each investment, in good faith, based on the input of the Manager, independent valuation firm (to the extent applicable) and the audit committee of the board of directors. Â The Company uses multiple techniques for determining fair value based on the nature of the investment and experience with those types of investments and specific portfolio companies. The selections of the valuation techniques and the inputs and assumptions used within those techniques often require subjective judgements and estimates. These techniques include market comparables, discounted cash flows and enterprise value waterfalls. Fair value is best expressed as a range of values from which the Company determines a single best estimate. The types of inputs and assumptions that may be considered in determining the range of values of the Companyâ€™s investments include the nature and realizable value of any collateral, the portfolio companyâ€™s ability to make payments, market yield trend analysis and volatility in future interest rates, call and put features, the markets in which the portfolio company does business, comparison to publicly traded companies, discounted cash flows and other relevant factors. Â The Companyâ€™s investments in the subordinated notes of Saratoga CLO, Class F-2-R-3 Notes of the Saratoga CLO and the Class E Notes of SLF 2022 are carried at fair value, which is based on a discounted cash flow valuation technique that utilizes prepayment, re-investment and loss inputs based on historical experience and projected performance, economic factors, the characteristics of the underlying cash flow, and comparable yields for equity interests in collateralized loan obligation funds, when available, as determined by the Manager and recommended to the Companyâ€™s board of directors. Specifically, the Company uses Intex cash flows, or an appropriate substitute, to form the basis for the valuation of its investment in the subordinated notes of Saratoga CLO, Class F-2-R-3 Notes of the Saratoga CLO and the Class E Notes of SLF 2022. The inputs are based on available market data and projections provided by third parties as well as management estimates. The Company uses the output from the Intex models (i.e., the estimated cash flows) to perform a discounted cash flow analysis on expected future cash flows to determine the valuation for our investment in Saratoga CLO. Â The Companyâ€™s equity investment in SLF JV is measured using the proportionate share of the net asset value (â€œNAVâ€), or equivalent, of SLF JV as a practical expedient for fair value, provided by ASC 820. The Companyâ€™s unsecured loan investment in SLF JV is based on a discounted cash flow valuation technique. Â Because such valuations, and particularly valuations of private investments and private companies, are inherently uncertain, they may fluctuate over short periods of time and may be based on estimates. The determination of fair value may differ materially from the values that would have been used if a ready market for these investments existed. The Companyâ€™s NAV could be materially affected if the determinations regarding the fair value of its investments were materially higher or lower than the values that the Company ultimately realizes upon the disposal of such investments.Â 31 Â Rule 2a-5 under the 1940 Act (â€œRule 2a-5â€) establishes a regulatory framework for determining fair value in good faith for purposes of the 1940 Act. Rule 2a-5 permits boards of directors, subject to board oversight and certain other conditions, to designate the investment adviser to perform fair value determinations. Rule 2a-5 also defines when market quotations are â€œreadily availableâ€ for purposes of the 1940 Act and the threshold for determining whether a fund must determine the fair value of a security. Rule 31a-4 under the 1940 Act (â€œRule 31a-4â€) provides for certain recordkeeping requirements associated with fair value determinations. While the Companyâ€™s board of directors has not elected to designate Saratoga Investment Advisors as the valuation designee, the Company has established policies and procedures in compliance with the applicable requirements of Rule 2a-5 and Rule 31a-4. Â Derivative Financial Instruments Â The Company accounts for derivative financial instruments in accordance with FASB ASC Topic 815, Derivatives and Hedging (â€œASC 815â€). ASC 815 requires recognizing all derivative instruments as either assets or liabilities on the consolidated statements of assets and liabilities at fair value. The Company values derivative contracts at the closing fair value provided by the counterparty. Changes in the values of derivative contracts are included in the consolidated statements of operations. Â Investment Transactions and Income Recognition Â Purchases and sales of investments and the related realized gains or losses are recorded on a trade-date basis. Interest

income, adjusted for amortization of premium and accretion of discount, is recorded on an accrual basis to the extent that such amounts are expected to be collected. The Company stops accruing interest on its investments when it is determined that interest is no longer collectible. Discounts and premiums on investments purchased are accreted/amortized using the effective yield method. The amortized cost of investments represents the original cost adjusted for the accretion of discounts over the life of the investment and amortization of premiums on investments up to the earliest call date. Â  Loans are generally placed on non-accrual status when there is reasonable doubt that principal or interest will be collected. Accrued interest is generally reserved when a loan is placed on non-accrual status. Interest payments received on non-accrual loans may be recognized as a reduction in principal depending upon managementâ€™s judgment regarding collectability. Non-accrual loans are restored to accrual status when past due principal and interest is paid and, in managementâ€™s judgment, are likely to remain current, although management may make exceptions to this general rule if the loan has sufficient collateral value and is in the process of collection. At November 30, 2024, our investment in two controlled portfolio companies were onÂ non-accrualÂ status with a fair value of approximately $2.7 million, or 0.3% of the fair value of our portfolio. At February 29, 2024, our investment in three non-controlled portfolio companies were on non-accrual status with a fair value of approximately $18.9 million, or 1.7% of the fair value of our portfolio. Â  Interest income on our investment in the subordinated note of Saratoga CLO is recorded using the effective interest method in accordance with the provisions of ASC Topic 325-40, Investments-Other, Beneficial Interests in Securitized Financial Assets, based on the anticipated yield and the estimated cash flows over the projected life of the investment. Yields are revised when there are changes in actual or estimated cash flows due to changes in prepayments and/or re-investments, credit losses or asset pricing. Changes in estimated yield are recognized as an adjustment to the estimated yield over the remaining life of the investment from the date the estimated yield was changed. Â  Payment-in-Kind Interest Â  The Company may hold debt and preferred equity investments in its portfolio that contain a payment-in-kind (â€œPIKâ€) interest provision. The PIK interest, which represents contractually deferred interest added to the investment balance that is generally due at maturity, is generally recorded on an accrual basis to the extent such amounts are expected to be collected. The Company stops accruing PIK interest if it is expected that the issuer will not be able to pay all principal and interest when due. The Company restores to accrual status when past due principal and interest is paid and, in managementâ€™s judgment, are likely to remain current, although management may make exceptions to this general rule if the loan has sufficient collateral value and is in the process of collection.Â  32 Â  Dividend Income Â  Dividend income is recorded in the consolidated statements of operations when earned. Â  Structuring and Advisory Fee Income Â  Structuring and advisory fee income represents various fee income earned and received for performing certain investment structuring and advisory activities during the closing of new investments. Â  Other Income Â  Other income includes prepayment income fees, and monitoring, administration, redemption and amendment fees and is recorded in the consolidated statements of operations when earned. Â  Deferred Debt Financing Costs Â  Financing costs incurred in connection with our credit facility and notes are deferred and amortized using the straight-line method over the life of the respective facility and debt securities. Financing costs incurred in connection with the SBA debentures of SBIC II LP and SBIC III LP are deferred and amortized using the straight-line method over the life of the debentures. Any discount or premium on the issuance of any debt is accreted and amortized using the effective interest method over the life of the respective debt security. Â  The Company presents deferred debt financing costs on the balance sheet as a contra-liability, which is a direct deduction from the carrying amount of that debt liability, consistent with debt discounts. Â  Realized Loss on Extinguishment of Debt Â  Upon the repayment of debt obligations that are deemed to be extinguishments, the difference between the principal amount due at maturity adjusted for any unamortized debt issuance costs is recognized as a loss (i.e., the unamortized debt issuance costs are recognized as a loss upon extinguishment of the underlying debt obligation). Â  Contingencies Â  In the ordinary course of business, the Company may enter into contracts or agreements that contain indemnifications or warranties. Future events could occur that lead to the execution of these provisions against the Company. Based on its history and experience, management reasonably believes that the likelihood of such an event is remote. Therefore, the Company has not accrued any liabilities in connection with such indemnifications. Â  In the ordinary course of business, the Company may directly or indirectly be a defendant or plaintiff in legal actions with respect to bankruptcy, insolvency or other types of proceedings. Such lawsuits may involve claims that could adversely affect the value of certain financial instruments owned by the Company. Â  Income Taxes Â  The Company has elected, and intends to qualify annually, to be treated for U.S. federal income tax purposes as a RIC under Subchapter M of the Code. By meeting these requirements, the Company generally will not be subject to U.S. federal income tax on ordinary income or capital gains timely distributed to stockholders. Therefore, no provision has been recorded for federal income taxes, except as related to the Corporate Blockers (as defined below) and long-term capital gains, when applicable. Â  In order to qualify as a RIC, among other requirements, the Company generally is required to timely distribute to its stockholders at least 90% of its â€œinvestment company taxable incomeâ€, as defined by the Code, for each fiscal tax year. The Company will be subject to U.S. federal income tax imposed at corporate rates on its investment company taxable income and net capital gains that it does not timely distribute to shareholders. The Company will be subject to a non-deductible U.S. federal excise tax of 4% on undistributed income if it does not distribute at least (1) 98% of its net ordinary income in any calendar year, (2) 98.2% of its capital gain net income for each one-year period ending on October 31and (3) any net ordinary income and capital gain net income that it recognized for preceding years, but were not distributed during such year, and on which the Company paid no U.S federal income tax.Â  33 Â  Depending on the level of investment company taxable income earned in a tax year and the amount of net capital gains recognized in such tax year, the Company may choose to carry forward investment company taxable income and net capital gains in excess of current year dividend distributions into the next tax year and pay U.S. federal income tax, and possibly the 4% U.S. federal excise tax on such income, as required. To the extent that the Company determines that its estimated current year annual investment company taxable income will be in excess of estimated current year dividend distributions for U.S. federal excise tax purposes, the Company accrues the U.S. federal excise tax, if any, on estimated excess taxable income as taxable income is earned. For the years ended February 29, 2024, 2023 and 2022, the excise tax accrual on estimated excess taxable income was $1.8 million, $1.1 million and $0.6 million, respectively. Â  In accordance with U.S. Treasury regulations and published guidance issued by the Internal Revenue Service (â€œIRSâ€), a publicly offered RIC may treat a distribution of its own stock as counting toward its RIC distribution requirements if each stockholder may elect to receive his, her, or its entire distribution in either cash or stock of the RIC. This published guidance indicates that the rule will apply where the aggregate amount of cash to be distributed to all stockholders is not at least 20% of the aggregate declared distribution. Under the published guidance,Â if too many stockholders elect to receive cash,Â the cash available for distribution must be allocated among the stockholders electing to receive cash (with the balance of the distribution paid in stock). In no event will any stockholder, electing to receive cash, receive less than 20% of his or her entire distribution in cash. If these and certain other requirements are met, for U.S. federal income tax purposes, the amount of the dividend paid in stock will be equal to the amount of cash that could have been received instead of stock. Â  The Company may utilize wholly owned holding companies that are treated as corporations for U.S. federal income tax purposes when making equity investments in portfolio companies taxed as pass-through entities to meet its source-of-income requirements as a RIC (â€œCorporate Blockersâ€). Corporate Blockers are consolidated in the Companyâ€™s U.S. GAAP financial statements and may result in current and deferred U.S. federal and state income tax expense with respect to income derived from those investments. Such income, net of applicable income taxes, is not included in the Companyâ€™s tax-basis net investment income until distributed by the Corporate Blocker, which may result in timing and character differences between the Companyâ€™s U.S. GAAP and tax-basis net investment income and realized gains and losses. Income tax expense or benefit from Corporate Blockers related to net investment income are included in total operating expenses, while any expense or benefit related to federal or state income tax originated for capital gains and losses are included together with the applicable net realized or unrealized gain or loss line item. Deferred tax assets of the Corporate Blockers are reduced by a valuation allowance when, in the opinion of management, it is more-likely than-not that some portion or all of the deferred tax assets will not be realized. Â  FASB ASC Topic 740, Income Taxes, (â€œASC 740â€), provides guidance for how uncertain tax positions should be recognized, measured, presented and disclosed in the financial statements. ASC 740 requires the evaluation of tax positions taken or expected to be taken in the course of preparing the Companyâ€™s tax returns to determine whether the tax positions are â€œmore-likely-than-notâ€ of being sustained by the applicable tax authority. Tax positions deemed to meet a â€œmore-likely-than-notâ€ threshold would be recorded as a tax benefit or expense in the current period. The Company recognizes interest and penalties, if any, related to unrecognized tax benefits as income tax expense on the consolidated statements of operations. During the fiscal year ended February 29, 2024, the Company did not incur any interest or penalties. Although we file federal and state tax returns, our major tax jurisdiction is federal. The 2021, 2022, 2023 and 2024 federal tax years for the Company remain subject to examination by the IRS. At November 30, 2024 and February 29, 2024, there were no uncertain tax positions. The Company is not aware of any tax positions for which it is reasonably possible that the total amounts of unrecognized tax benefits will change significantly in the next 12 months. Â  Dividends Â  Dividends to common stockholders are recorded on the ex-dividend date. The amount to be paid out as a dividend is determined by the board of directors. Net realized capital gains, if any, are generally distributed at least annually, although we may decide to retain some or all of our net capital gains for reinvestment. Â  We have adopted a dividend reinvestment plan (â€œDRIPâ€) that provides for reinvestment of our dividend distributions on behalf of our stockholders unless a stockholder elects to receive cash. As a result, if our board of directors authorizes, and we declare, a cash dividend, then our stockholders who have not â€œopted outâ€ of the DRIP by the dividend record date will have their cash dividends automatically reinvested into additional shares of our common stock, rather than receiving the cash dividends. We have the option to satisfy the share requirements of the DRIP through the issuance of new shares of common stock or through open market purchases of common stock by the DRIP plan administrator.Â  34 Â  Capital Gains Incentive Fee Â  The Company records an expense accrual on the consolidated statements of operations relating to the capital gains incentive fee payable to the Manager, as recorded on the consolidated statements of assets and liabilities when the net realized and unrealized gain on its investments exceed all net realized and unrealized capital losses on its investments, as a capital gains incentive fee would be owed to the Manager if the Company were to liquidate its investment portfolio at such time. Â  The actual incentive fee payable to the Manager related to capital gains will be determined and payable in arrears at the end of each fiscal year and only reflect those realized capital gains net of realized and unrealized losses for the period. Â  Recent Accounting Pronouncements Â  In November 2023, the FASB issued ASU 2023-07, Improvements to Reportable Segment Disclosures. ASU 2023-07 enhances the disclosures required for reportable segments on an annual and interim basis. ASU 2023-07 is effective on a retrospective basis for annual periods beginning after December 15, 2023, and for interim periods within fiscal years beginning after December 15, 2024. Early adoption is permitted; however, the Company has not elected to adopt this provision as of the date of the financial statements contained in this quarterly report. The Company is still assessing the impact of the new guidance. Â  In December 2023, the FASB issued ASU 2023-09,Â Improvements to Income Tax Disclosures. The amendments in this update require more disaggregated information on income taxes paid. ASU 2023-09 is effective for years beginning after December 15, 2024. Early adoption is permitted, however the Company has not elected to early adopt this provision as of the date of the financial statements contained in this report. The Company is still assessing the impact of the new guidance. Â  Risk Management Â  In the ordinary course of its business, the Company manages a variety of risks, including market and credit risk. Market risk is the risk of potential adverse changes to the value of investments because of changes in market conditions such as interest rate movements and volatility in investment prices. Â  Credit risk is the risk of default or non-performance by portfolio companies, equivalent to the investmentâ€™s carrying amount. The Company is also exposed to credit risk related to maintaining all of its cash and cash equivalents, including those in reserve accounts, at a major financial institution and credit risk related to any of its derivative counterparties. Â  The Company has investments in lower rated and comparable quality unrated high yield bonds and bank loans. Investments in high yield investments are accompanied by a greater degree of credit risk. The risk of loss due to default by the issuer is significantly greater for holders of high yield securities, because such investments are generally unsecured and are often subordinated to other creditors of the issuer. Â  Note 3. Investments Â  As noted above, the Company values all investments in accordance with ASC 820. As defined in ASC 820, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between independent market participants at the measurement date.Â  35 Â  ASC 820 establishes a hierarchal disclosure framework which prioritizes and ranks the level of market price observability of inputs used in measuring investments at fair value. Market price observability is affected by a number of factors, including the type of investment and the characteristics specific to the investment. Investments with readily available active quoted prices or for which fair value can be measured from actively quoted prices generally will have a higher degree of market price observability and a lesser degree of judgment used in measuring fair value. Â  Based on the observability of the inputs used in the valuation techniques, the Company is required to provide disclosures on fair value measurements according to the fair value hierarchy. The fair value hierarchy ranks the observability of the inputs used to determine fair values. Investments carried at fair value are classified and disclosed in one of the following three categories: Â  Â  â— Level 1â€”Valuations based on quoted prices in active markets for identical assets or liabilities that the Company has the ability to access. Â  Â  â— Level 2â€” Pricing inputs are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date. Such inputs may be quoted prices for similar assets or liabilities, quoted markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full character of the financial instrument, or inputs that are derived principally from, or corroborated by, observable market information. Investments that are generally included in this category include illiquid debt securities and less liquid, privately held or restricted equity securities, for which some level of recent trading activity has been observed. Â  Â  â— Level 3â€”Pricing inputs are unobservable for the investment and includes situations where there is little, if any, market activity for the investment. The inputs may be based on the Companyâ€™s own assumptions about how market participants would price the asset or liability or may use Level 2 inputs, as adjusted, to reflect specific investment attributes relative to a broader market assumption. Even if observable market data for comparable performance or valuation measures (earnings multiples, discount rates, other financial/valuation ratios, etc.) are available, such investments are grouped as Level 3 if any significant data point that is not also market observable (private company earnings, cash flows, etc.) is used in the valuation technique. We use multiple techniques for determining fair value based on the nature of the investment and experience with those types of investments and specific portfolio companies. The selections of the valuation techniques and the inputs and assumptions used within those techniques often require subjective judgements and estimates. These techniques include market comparables, discounted cash flows and enterprise value waterfalls. Fair value is best expressed as a range of values from which the Company determines a single best estimate. The types of inputs and assumptions that may be considered in determining the range of values of our investments include the nature and realizable value of any collateral, the portfolio companyâ€™s ability to make payments, market yield trend analysis and volatility in future interest rates, call and put features, the markets in which the portfolio company does business, comparison to publicly traded companies, discounted cash flows and other relevant factors. Â  36 Â  Â  In addition to using the above inputs in investment valuations, the Company continues to employ the valuation policy approved by the board of directors that is consistent with ASC 820 and the 1940 Act (see Note 2. Summary of Significant Accounting Policies). Consistent with our valuation policy, the Company evaluates the source of inputs, including any markets in which its investments are trading, in determining fair value. For investments utilizing a discounted cash flow valuation technique, a significant increase (decrease) in the discount rate, and prepayment rate, in isolation, would result in a significantly lower (higher) fair value measurement while a significant increase (decrease) in recovery rate, in isolation, would result in a significantly higher (lower) fair value measurement. For investments utilizing a market quote, third party bid or net asset value in deriving a value, a significant increase (decrease) in the market quote, bid or net asset value in isolation, would result in a significantly higher (lower) fair value measurement. In applying the market comparables valuation technique, the Company determines the fair value based on such factors as market participant inputs including synthetic credit ratings, estimated remaining life, current market yield and interest rate spreads of similar securities as of the measurement date. If, in the Companyâ€™s judgment, the market comparables technique is not sufficient or appropriate, the Company may use additional techniques such as an asset liquidation or expected recovery model. Â  For equity securities of portfolio companies and partnership interests, the Company determines the fair value using an enterprise value waterfall valuation technique. Under the enterprise value waterfall valuation technique, the Company determines the enterprise fair value of the portfolio company and then waterfalls the enterprise value over the portfolio companyâ€™s securities in order of their preference relative to one another. To estimate the enterprise value of the portfolio company, the Company weighs some or all of the traditional market valuation techniques and factors based on the individual circumstances of the portfolio company in order to estimate the enterprise value. The techniques for performing investments may be based on, among other things: valuations of comparable public companies, recent sales of private and public comparable companies, discounting the forecasted cash flows of the portfolio company, third party valuations of the portfolio company, considering offers from third parties to buy the company, estimating the value to potential strategic buyers and considering the value of recent investments in the equity securities of the portfolio company. For non-performing investments, the Company may estimate the liquidation or collateral value of the portfolio companyâ€™s assets and liabilities. The Company also takes into account historical and anticipated financial results.Â  Â  The Companyâ€™s investments in Saratoga CLO and SLF 2022 are carried at fair value, which is based on a discounted cash flow valuation technique that utilizes prepayment, re-investment and loss inputs based on historical experience and projected performance, economic factors, the characteristics of the underlying cash flow, and comparable yields for equity interests in collateralized loan obligation funds similar to Saratoga CLO and SLF 2022, when available, as determined by the Manager and recommended to the Companyâ€™s board of directors. Specifically, the Company uses Intex cash flows, or an appropriate substitute, to form the basis for the valuation of the investment in Saratoga CLO and SLF 2022. The cash flows use a set of inputs including projected default rates, recovery rates, reinvestment rates and prepayment rates in order to arrive at estimated valuations. The inputs are based on available market data and projections provided by third parties as well as management estimates. The Company ran Intex models based on inputs about the refinanced Saratoga CLOâ€™s structure and the SLF 2022 structure, including capital structure, cost of liabilities and reinvestment period. The Company uses the output from the Intex models (i.e., the estimated cash flows) to perform a discounted cash flow analysis on expected future cash flows to determine a valuation for our investments in Saratoga CLO and SLF 2022 at November 30, 2024. The inputs at November 30, 2024 for the valuation model include: Â Â â— Default rate: 2.0% Â Â â— Recovery rate: 35%-70% Â Â â— Discount rate: 8.5%-40.0% Â Â â— Prepayment rate: 20.0% Â Â â— Reinvestment rate / price: S+365bps / $99.00 Â  The Companyâ€™s equity investment in SLF JV is measured using the proportionate share of the NAV of SLF JV, or equivalent, as practical expedient.Â  40 Â  Investment Concentration Â  Set forth is a brief description of each portfolio company in which the fair value of the Companyâ€™s investment represents greater than 5% of the Companyâ€™s total assets as of November 30, 2024, excluding Saratoga CLO, SLF JV and SLF 2022 (see Note 4. Investment in Saratoga CLO and Note 5. Investment in SLF JV for more information on Saratoga CLO, SLF JV and SLF 2022, respectively). Â  Artemis Wax Corp. Â  Artemis Wax Corporation is a U.S. based retail aggregator of European Wax Center (â€œEWCâ€) franchise locations with a concentration in the northeast. Founded in 2004, EWC is the largest U.S. body waxing national chain with more than 800 locations across the country. Â  Granite Comfort, LP Â  Granite Comfort, LP is a U.S. based heating, ventilation and air conditioning (â€œHVACâ€) company. The company provides traditional service and replacement of HVAC / plumbing systems, as well as a rental model that is in the early stages of implementation. Â  Note 4. Investment in Saratoga CLO Â  On January 22, 2008, the Company entered into a collateral management agreement with Saratoga CLO, pursuant to which the Company acts as its collateral manager. The Saratoga CLO was initially refinanced in October 2013 with its reinvestment period extended to October 2016. On November 15, 2016, the Company completed a second refinancing of the Saratoga CLO with its reinvestment period extended to October 2018. Â  On December 14, 2018, the Company completed a third refinancing and upsize of the Saratoga CLO (the â€œ2013-1 Reset CLO Notesâ€). The third Saratoga CLO refinancing, among other things, extended its reinvestment period to January 2021, and extended its legal maturity date to January 2030. Following this refinancing, the Saratoga CLO portfolio increased its aggregate principal amount from approximately $300.0 million to approximately $500.0 million of predominantly senior secured first lien term loans. Â  On February 11, 2020, the Company entered into an unsecured loan agreement (â€œCLO 2013-1 Warehouse 2 Loanâ€) with Saratoga Investment Corp. CLO 2013-1 Warehouse 2, Ltd. (â€œCLO 2013-1 Warehouse 2â€), a wholly owned subsidiary of Saratoga CLO. During the fourth quarter ended February 28, 2021, the CLO 2013-1 Warehouse 2 Ltd. was repaid in full. Â Â  On February 26, 2021, the Company completed the fourth refinancing of the Saratoga CLO. This refinancing, among other things, extended the Saratoga CLO reinvestment period to April 2024, extended its legal maturity to April 2033, and added a non-call period of February 2022. In addition, and as part of the refinancing, the Saratoga CLO was upsized from $500 million in assets to approximately $650 million. As part of this refinancing and upsizing, the Company invested an additional $14.0 million in all of the newly issued subordinated notes of the Saratoga CLO, and purchased $17.9 million in aggregate principal amount of the Class F-R-3 Notes tranche at par. Concurrently, the existing $2.5 million of Class F-R-2 Notes, $7.5 million of Class G-R-2 Notes and $25.0 million of the CLO 2013-1 Warehouse 2 Loan were repaid. The Company also paid $2.6 million of transaction costs related to the refinancing and upsizing on behalf of the Saratoga CLO, to be reimbursed from future equity distributions. At August 31, 2021, the outstanding receivable of $2.6 million was repaid in full. Â  On August 9, 2021, the Company exchanged its existing $17.9 million Class F-R-3 Note for $8.5 million Class F-1-R-3 Notes and $9.4 million Class F-2-R-3 Notes at par. On August 11, 2021, the Company sold its Class F-1-R-3 Notes to third parties, resulting in a realized loss of $0.1 million.Â  41 Â  On June 10, 2024, the Company completed its fifth refinancing of the Saratoga CLO. This refinancing, among other things, did not extend the Saratoga CLO reinvestment period nor extend its legal maturity, while adjusting the interest rate of two of the existing Notes. The Issuer issued $422.5 million of notes (the â€œ2013-1 2024 Reset CLO Notesâ€), consisting of Class A-1-R-4 and Class A-2-R-4. The 2013-1 2024 Reset CLO Notes were issued pursuant to the Indenture with the same Trustee. Proceeds of the issuance of the 2013-1 2024 Reset CLO Notes were used along with existing assets of the Saratoga CLO to redeem the existing Class A-1-R-3 and Class A-2-R-3 Notes. No other Notes were refinanced as part of this refinancing. The Saratoga CLO paid $0.5 million of transaction costs related to the refinancing. Â  The Saratoga CLO remains effectively 100.0% owned and managed by the Company. The Company receives a base management fee of 0.10% per annum and a subordinated management fee of 0.40% per annum of the outstanding principal amount of Saratoga CLOâ€™s assets, paid quarterly to the extent of available proceeds. Following the third refinancing and the issuance of the 2013-1 Reset CLO Notes on December 14, 2018, the Company is no longer entitled to an incentive management fee equal to 20.0% of excess cash flow to the extent the Saratoga CLO subordinated notes receive an internal rate of return paid in cash equal to or greater than 12.0%. Â  For the three months ended November 30, 2024 and November 30, 2023, the Company accrued management fee income of $0.8 million and $0.8 million, respectively, and interest income of $0.0 million and $0.0 million, respectively, from the subordinated notes of Saratoga CLO. Â Â  For the nine months ended November 30, 2024 and November 30, 2023, the Company accrued management fee income of $2.4 million and $2.5 million, respectively, and interest income of $0.0 million and $0.0 million, respectively, from the subordinated notes of Saratoga CLO. Â  As of November 30, 2024, the aggregate principal amounts of the Companyâ€™s investments in the subordinated notes and Class F-2-R-3 Notes of the Saratoga CLO was $111.0 million and $9.4 million, respectively, which had a corresponding fair value of $1.3 million and $4.3 million, respectively. The Company determines the fair value of its investment in the subordinated notes of Saratoga CLO based on the present value of the projected future cash flows of the subordinated notes over the life of Saratoga CLO. As of November 30, 2024, Saratoga CLO had investments with a principal balance of $558.8 million and a weighted average spread over TERM SOFR of 3.7% and had debt with a principal balance of $559.2 million with a weighted average spread over TERM SOFR of 2.3%. As a result, Saratoga CLO earns a â€œspreadâ€ between the interest income it receives on its investments and the interest expense it pays on its debt and other operating expenses, which is distributed quarterly to the Company as the holder of its subordinated notes. As of November 30, 2024, the present value of the projected future cash flows of the subordinated notes was approximately $1.3 million, using a 40% discount rate. The Companyâ€™s total investment in the subordinate notes of Saratoga CLO is $57.8 million, which consists of additional investments of $30 million in January 2008, $13.8 million in December 2018 and $14.0 million in February 2021; to date, the Company has received distributions of $90.0 million, management fees of $37.5 million and incentive fees of $1.2 million. Â  As of February 29, 2024, the Company determined that the fair value of its investment in the subordinated notes of Saratoga CLO was $9.5 million. As of February 29, 2024, the fair value of its investment in the Class F-R-3 Notes of Saratoga CLO was $8.9 million. As of February 29, 2024, Saratoga CLO had investments with a principal balance of $640.8 million and a weighted average spread over TERM SOFR of 3.8% and had debt with a principal balance of $611.0 million with a weighted average spread over TERM SOFR of 2.2%. As of February 29, 2024, the present value of the projected future cash flows of the subordinated notes, was approximately $9.5 million, using a 22.0% discount rate. The Companyâ€™s total investment in the subordinate notes of Saratoga CLO is $57.8 which consists of additional investments of $30 million in January 2008, $13.8 million in December 2018 and $14.0 million in February 2021. To date the Company has since received distributions of $84.6 million, management fees of $35.1 million and incentive fees of $1.2 million. investments in a diversified portfolio of broadly syndicated first lien and second lien term loans or bonds in the primary and secondary markets. Â  On September 30, 2022, SLF 2021 was renamed to Saratoga Investment Corp Senior Loan Fund 2022-1, Ltd. (â€œSLF 2022â€). Â  The Company and TJHA have equal voting interest on all material decisions with respect to SLF JV, including those involving its investment portfolio, and equal control of corporate governance. No management fee is charged to SLF JV as control and management of SLF JV is shared equally. Â  The Company and TJHA have committed to provide up to a combined $50.0 million of financing to SLF JV through cash contributions, with the Company providing $43.75 million and TJHA providing $6.25 million, resulting in an 87.5% and 12.5% ownership between the two parties. The financing is issued in the form of an unsecured note and equity. The unsecured note pays a fixed rate of 10% per annum and is due and payable in full on October 20, 2033. As of November 30, 2024, the Company and TJHAâ€™s investment in SLF JV consisted of an unsecured note of $17.6 million and $2.5 million, respectively; and membership interest of $17.6 million and $2.5 million, respectively. As of November 30, 2024 and February 29, 2024, the Companyâ€™s investment in the unsecured note of SLF JV had a fair value of $16.2 million and $15.8 million, respectively, and the Companyâ€™s investment in the membership interests of SLF JV had a fair value of $4.8 million and $9.4 million, respectively. Â  The Company has determined that SLF JV is an investment company under ASC 946; however, in accordance with such guidance the Company will generally not consolidate its investment in a company other than a wholly owned investment company subsidiary. SLF JV is not a wholly owned investment company subsidiary as the Company and TJHA each have an equal 50% voting interest in SLF JV and thus neither party has a controlling financial interest. Furthermore, ASC 810 concludes that in a joint venture where both members have equal decision making authority, it is not appropriate for one member to consolidate the joint venture since neither has control. Accordingly, the Company does not consolidate SLF JV. Â  For the three months ended November 30, 2024 and November 30, 2023, the Company earned $0.4 million and $0.4 million, respectively, of interest income related to SLF JV, which is included in interest income on control investments. For the nine months ended November 30, 2024 and November 30, 2023, the Company earned $1.3 million and $1.3 million, respectively, of interest income related to SLF JV, which is included in interest income on control investments. As of November 30, 2024 and February 29, 2024, $0.2 million and $0.2 million, respectively, of interest income related to SLF JV was included in interest receivable on the consolidated statements of assets and liabilities. Â  For the three months ended November 30, 2024 and November 30, 2023, the Company earned $0.9 million and $1.3 million, respectively, of dividend income related to SLF JV, which is included in dividend income on control investments. For the nine months ended November 30, 2024 and November 30, 2023, the Company earned $3.2 million and $4.7 million, respectively, of dividend income related to SLF JV, which is included in dividend income on control investments. As of November 30, 2024 and February 29, 2024, $0.0 million and $0.0 million, respectively, of dividend income related to SLF JV was included in dividend receivable on the consolidated statements of assets and liabilities. Â Â  SLF JVâ€™s initial investment in SLF 2022 was in the form of an unsecured loan. The unsecured loan paid a floating rate of LIBOR plus 7.00% per annum and was paid in full on June 9, 2023. The unsecured loan was repaid in full on October 28, 2022, as part of the CLO closing. Â  On October 28, 2022, SLF 2022 issued $402.1 million of the 2022 JV CLO Notes through the JV CLO trust. The 2022 JV CLO Notes were issued pursuant to the JV Indenture, with the Trustee. As part of the transaction, the Company purchased 87.50% of the Class E Notes fromÂ SLF 2022 with aÂ par value of $12.25 million. As of November 30, 2024 and February 29, 2024, the fair value of these Class E Notes were $12.3 million and $12.3 million, respectively. Â  81 Â  Note 6. Income Taxes Â  SIA-AAP, Inc., SIA-ARC, Inc., SIA-Avionte, Inc., SIA-AX, Inc., SIA-G4, Inc., SIA-GH, Inc.,, SIA-MDP, Inc., SIA-PP Inc., SIA-SZ, Inc., SIA-TG, Inc., SIA-TT Inc., and SIA-Vector, Inc. each 100% owned by the Company, are each filing standalone C Corporation tax returns for U.S. federal and state tax purposes. As separately regarded entities for tax purposes, these entities are subject to U.S. federal income tax at corporate rates. For tax purposes, any distributions by the entities to the parent company would generally need to be distributed to the Companyâ€™s shareholders. Generally, such distributions of the entitiesâ€™ income to the Companyâ€™s shareholders will be considered as qualified dividends for tax purposes. The entitiesâ€™ taxable net income will differ from U.S. GAAP net income because of deferred tax temporary differences arising from net operating losses and unrealized appreciation and deprecation of securities held. Deferred tax assets and liabilities are measured using enacted corporate federal and state tax rates expected to apply to taxable income in the years in which those net operating losses are utilized and the unrealized gains and losses are realized. Deferred tax assets and deferred tax liabilities are netted off by entity, as allowed. The recoverability of deferred tax assets is assessed and a valuation allowance is recorded to the extent that it is more likely than not that any portion of the deferred tax asset will not be realized on the basis of a history of operating losses combined with insufficient projected taxable income or other taxable events in the Corporate Blockers. In February 2022, SIA-GH, Inc., SIA-TT Inc. and SIA-VR, Inc. received an approved plan of liquidation following the sale of equity held by each of the portfolio companies. In June 2024, SIA-MAC, Inc. and SIA-VR, Inc. were dissolved. Â Â  The Company may distribute a portion of its realized net long term capital gains in excess of realized net short term capital losses to its stockholders, but may also decide to retain a portion, or all, of its net capital gains and elect to pay the 21% U.S. federal tax on the net capital gain, potentially in the form of a â€œdeemed distributionâ€ to its stockholders.Â  Income tax (provision) relating to an election to retain its net capital gains, including in the form of a deemed distribution, is included as a component of income tax (provision) benefit from realized gains on investments, depending on the character of the underlying taxable income (ordinary or capital gains), on the consolidated statements of operations.Â  Â  Deferred tax assets and liabilities, and related valuation allowance as of November 30, 2024 and February 29, 2024 were as follows: Â  Â Â  NovemberÂ 30, 2024Â Â  FebruaryÂ 29, 2024Â  Total deferred tax assetsÂ  $1,606,915Â Â  $2,650,580Â  Total deferred tax liabilitiesÂ  Â (4,649,058)Â  Â (3,901,995) Valuation allowance on net deferred tax assetsÂ  Â (1,539,238)Â  Â (2,539,735) Net deferred tax liabilityÂ  $(4,581,381)Â  $(3,791,150) Â  As of November 30, 2024, the valuation allowance on deferred tax assets was $1.5 million, which represents the federal and state tax effect of net operating losses and unrealized losses that the Company does not believe will be realized through future taxable income. Any adjustments to the Companyâ€™s valuation allowance will depend on estimates of future taxable income and will be made in the period such determination is made. Â  Net income tax expense for the three months ended November 30, 2024 includes $0.1 million deferred tax expense (benefit) on net change in unrealized appreciation (depreciation) on investments, $0.0 million income tax provision/benefit from realized gain/(loss) on investments and $0.03 million net change in total operating expense in the consolidated statement of operations, respectively. Net income tax expense for the three months ended November 30, 2023 includes $0.4 million deferred tax expense (benefit) on net change in unrealized appreciation (depreciation) on investments, $0.0 million income tax provision/benefit from realized gain/(loss) on investments and $0.2 million net change in total operating expense, in the consolidated statement of operations, respectively. Â  Net income tax expense for the nine months ended November 30, 2024 includes $0.7 million deferred tax expense (benefit) on net change in unrealized appreciation (depreciation) on investments, $0.0 million income tax provision/benefit from realized gain/(loss) on investments and $0.1 million net change in total operating expense in the consolidated statement of operations, respectively. Net income tax expense for the nine months ended November 30, 2023 includes $0.6 million deferred tax expense (benefit) on net change in unrealized appreciation (depreciation) on investments, $0.0 million income tax provision/benefit from realized gain/(loss) on investments and ($0.0) million net change in total operating expense, in the consolidated statement of operations, respectively. Agreements and Related Party Transactions Â  Investment Advisory and Management Agreement Â  On July 30, 2010, the Company entered into the Management Agreement with the Manager. The initial term of the Management Agreement was two years from its effective date, with one-year renewals thereafter subject to certain approvals by the Companyâ€™s board of directors and/or the Companyâ€™s stockholders. Most recently, on July 8, 2024, the Companyâ€™s board of directors approved the renewal of the Management Agreement for an additional one-year term. Pursuant to the Management Agreement, the Manager implements the Companyâ€™s business strategy on a day-to-day basis and performs certain services for the Company, subject to oversight by the board of directors. The Manager is responsible for, among other duties, determining investment criteria, sourcing, analyzing and executing investments transactions, asset sales, financings and performing asset management duties. Under the Management Agreement, the Company pays the Manager a management fee for investment advisory and management services consisting of a base management fee and an incentive management fee. Â  Base Management Fee and Incentive Management Fee Â  The base management fee of 1.75% per year is calculated based on the average value of our gross assets (other than cash or cash equivalents, but including assets purchased with borrowed funds) at the end of the two most recently completed fiscal quarters. The base management fee is paid quarterly following the filing of the most recent quarterly report on Form 10-Q. Â  The incentive management fee consists of the following two parts: Â  The first, payable quarterly in arrears, equals 20% of the Companyâ€™s pre-incentive fee net investment income, expressed as a rate of return on the value of our net assets at the end of the immediately preceding quarter, that exceeds a 1.875% quarterly hurdle rate measured as of the end of each fiscal quarter, subject to a â€œcatch-upâ€ provision. Under this provision, in any fiscal quarter, the Manager receives no incentive fee unless our pre-incentive fee net investment income exceeds the hurdle rate of 1.875%. The Manager will receive 100% of pre-incentive fee net investment income, if any, that exceeds the hurdle rate but is less than or equal to 2.344% in any fiscal quarter; and 20% of the amount of our pre-incentive fee net investment income, if any, that exceeds 2.344% in any fiscal quarter. There is no accumulation of amounts on the hurdle rate from quarter to quarter, and accordingly there is no claw back of amounts previously paid if subsequent quarters are below the quarterly hurdle rate, and there is no delay of payment if prior quarters are below the quarterly hurdle rate. Â Â  The second part of the incentive fee is determined and payable in arrears as of the end of each fiscal year (or upon termination of the Management Agreement) and equals 20.0% of the Companyâ€™s â€œincentive fee capital gains,â€ which equals the Companyâ€™s realized capital gains on a cumulative basis from May 31, 2010 through the end of the fiscal year, if any, computed net of all realized capital losses and unrealized capital depreciation on a cumulative basis on each investment in the Companyâ€™s portfolio, less the aggregate amount of any previously paid capital gain incentive fee. Importantly, the capital gains portion of the incentive fee is based on realized gains and realized and unrealized losses from May 31, 2010. Therefore, realized and unrealized losses incurred prior to such time will not be taken into account when calculating the capital gains portion of the incentive fee, and the Manager will be entitled to 20.0% of incentive fee capital gains that arise after May 31, 2010. In addition, for the purpose of the â€œincentive fee capital gainsâ€ calculations, the cost basis for computing realized gains and losses on investments held by us as of May 31, 2010 will equal the fair value of such investments as of such date.Â  83 Â  For the three months ended November 30, 2024 and November 30, 2023, the Company incurred $4.4 million and $4.9 million in base management fees, respectively. For the three months ended November 30, 2024 and November 30, 2023, the Company incurred $3.1 million and $3.3 million in incentive fees related to pre-incentive fee net investment income, respectively. For the three months ended November 30, 2024 and November 30, 2023, the Company accrued an expense (benefit) of $0.0 million and ($1.0) million in incentive fees related to capital gains. Â  For the nine months ended November 30, 2024 and November 30, 2023, the Company incurred $14.2 million and $14.3 million in base management fees, respectively. For the nine months ended November 30, 2024 and November 30, 2023, the Company incurred $11.2 million and $9.8 million in incentive fees related to pre-incentive fee net investment income, respectively. For the nine months ended November 30, 2024 and November 30, 2023, the Company accrued an expense (benefit) of $0.0 million and ($5.0) million in incentive fees related to capital gains. Â  The accrual is calculated using both realized and unrealized capital gains for the period. The actual incentive fee related to capital gains will be determined and payable in arrears at the end of the fiscal year and will include only realized capital gains for the period. As of November 30, 2024, the base management fees accrual was $4.4 million and the incentive fees accrual was $3.1 million and is included in base management and incentive fees payable in the accompanying consolidated statements of assets and liabilities. As of February 29, 2024, the base management fees accrual was $5.0 million and the incentive fees accrual was $3.2 million and is included in base management and incentive fees payable in the accompanying consolidated statements of assets and liabilities. Â  Administration Agreement Â  On July 30, 2010, the Company entered into a separate administration agreement (the â€œAdministration Agreementâ€) with the Manager, pursuant to which the Manager, as the Companyâ€™s administrator, has agreed to furnish the Company with the facilities and administrative services necessary to conduct day-to-day operations and provide managerial assistance on the Companyâ€™s behalf to those portfolio companies to which the Company is required to provide such assistance. The initial term of the Administration Agreement was two years from its effective date, with one-year renewals thereafter subject to certain approvals by the Companyâ€™s board of directors and/or the Companyâ€™s stockholders, with the most renewal occurring on July 8, 2024. Since its inception the amount of expenses payable or reimbursable by the Company under the Administration Agreement has been subject to a cap that is reviewed annually in connection with the renewal of the Administration Agreement. Most recently, on August 1, 2024, the Companyâ€™s board of directors approved the renewal of the Administration Agreement for an additional one-year term and determined to increase the cap on the payment or reimbursement of expenses by the Company from $4.3 million to $5.0 million, effective August 1, 2024. The Companyâ€™s board of directors will continue to assess the cap on payment or reimbursement of expenses on an annual basis. Â  For the three months ended November 30, 2024 and November 30, 2023, the Company recognized $1.3 million and $1.1 million in administrator expenses, respectively, pertaining to bookkeeping, recordkeeping and other administrative services provided to the Company in addition to the Companyâ€™s allocable portion of rent and other overhead related expenses. For the nine months ended November 30, 2024 and November 30, 2023, the Company recognized $3.5 million and $2.8 million in administrator expenses, respectively, pertaining to bookkeeping, recordkeeping and other administrative services provided to the Company in addition to the Companyâ€™s allocable portion of rent and other overhead related expenses. As of November 30, 2024 and February 29, 2024, $0.8 million and $0.5 million, respectively, of administrator expenses were accrued and included in due to manager in the accompanying consolidated statements of assets and liabilities. Â  Saratoga CLO Â  On December 14, 2018, the Company completed the third refinancing and issuance of the 2013-1 Reset CLO Notes. This refinancing, among other things, extended the Saratoga CLO reinvestment period to January 2021, and extended its legal maturity to January 2030. In addition, and as part of the refinancing, the Saratoga CLO has also been upsized from $300 million in assets to approximately $500 million. Â  In conjunction with the third refinancing and issuance of the 2013-1 Reset CLO Notes on December 14, 2018, the Company is no longer entitled to receive an incentive management fee from Saratoga CLO. See Note 4. Investment in Saratoga CLO for additional information.Â  84 Â  On February 26, 2021, the Company completed the fourth refinancing of the Saratoga CLO. This refinancing, among other things, extended the Saratoga CLO reinvestment period to April 2024, extended its legal maturity to April 2033, and extended the non-call period to February 2022. In addition, and as part of the refinancing, the Saratoga CLO was upsized from $500 million in assets to approximately $650 million. As part of this refinancing and upsizing, the Company invested an additional $14.0 million in all of the newly issued subordinated notes of the Saratoga CLO, and purchased $17.9 million in aggregate principal amount of the Class F-R-3 Notes tranche at par. Concurrently, the existing $2.5 million of Class F-R-2 Notes, $7.5 million of Class G-R-2 Notes and $25.0 million CLO 2013-1 Warehouse 2 Loan were repaid. The Company also paid $2.6 million of transaction costs related to the refinancing and upsizing on behalf of the Saratoga CLO, to be reimbursed from future equity distributions. At November 30, 2021, the outstanding receivable of 2.6 million was repaid in full. Â Â Â  On August 9, 2021, the Company exchanged its existing $17.9 million Class F-R-3 Notes for $8.5 million Class F-1-R-3 Notes and $9.4 million Class F-2-R-3 Notes at par. On August 11, 2021, the Company sold its Class F-1-R-3 Notes to third parties, resulting in a realized loss of $0.1 million. Â  On June 10, 2024, the Company completed its fifth refinancing of the Saratoga CLO. This refinancing, among other things, did not extend the Saratoga CLO reinvestment period nor extend its legal maturity, while adjusting the interest rate of two of the existing Notes. The Issuer issued $422.5 million of notes, consisting of Class A-1-R-4 and Class A-2-R-4. The 2013-1 2024 Reset CLO Notes were issued pursuant to the Indenture with the same Trustee. Proceeds of the issuance of the 2013-1 2024 Reset CLO Notes were used along with existing assets of the Saratoga CLO to redeem the existing Class A-1-R-3 and Class A-2-R-3 Notes. No other Notes were refinanced as part of this refinancing. The Saratoga CLO paid $0.5 million of transaction costs related to the refinancing. Â  For the three months ended November 30, 2024 and November 30, 2023, the Company recognized management fee income of $0.8 million and $0.8 million, respectively, related to the Saratoga CLO. Â  For the nine months ended November 30, 2024 and November 30, 2023, the Company recognized management fee income of $2.4 million and $2.5 million, respectively, related to the Saratoga CLO. Â  For the nine months ended November 30, 2024 and November 30, 2023, the Company neither bought nor sold any investments from the Saratoga CLO. Â  SLF JV Â  On October 26, 2021, the Company and TJHA entered into an LLC Agreement to co-manage the SLF JV. SLF JV is a joint venture that invests in the debt or equity interests of collateralized loan obligations, loan, notes and other debt instruments. The Company records interest income from its investment in an unsecured loan with SLF JV on an accrual basis and records dividend income from its membership interest when earned. All operating decisions are shared with a 50%

voting interest in SLF JV. Â  On October 28, 2022, SLF 2022 issued $402.1 million of the 2022 JV CLO Notes through the JV CLO trust. The 2022 JV CLO Notes were issued pursuant to the JV Indenture, with the Trustee. Â Â  As of November 30, 2024, the Companyâ€™s investment in the SLF JV had a fair value of $21.0 million, consisting of an unsecured loan of $16.2 million and membership interest of $4.8 million. As of November 30, 2023, the Companyâ€™s investment in the SLF JV had a fair value of $25.4 million, consisting of an unsecured loan of $17.6 million and membership interest of $7.8 million. For the three months ended November 30, 2024, the Company had $0.4 million of interest income related to SLF JV, of which $0.2 million was included in interest receivable on the consolidated statements of assets and liabilities as of November 30, 2024. For the three months ended November 30, 2023, the Company had $0.4 million of interest income related to SLF JV, of which $0.2 million was included in interest receivable on the consolidated statements of assets and liabilities as of November 30, 2023. For the three months ended November 30, 2024, the Company had $0.9 million of dividend income related to SLF JV, of which $0.0 million was included in dividend receivable on the consolidated statements of assets and liabilities as of November 30, 2024. For the three months ended November 30, 2023, the Company had $1.3 million of dividend income related to SLF JV, of which $0.0 million was included in dividend receivable on the consolidated statements of assets and liabilities and Liabilities as of November 30, 2023. Â  85 Â  For the nine months ended November 30, 2024, the Company had $1.3 million of interest income related to SLF JV, of which $0.2 million was included in interest receivable on the consolidated statements of assets and liabilities as of November 30, 2024. For the nine months ended November 30, 2023, the Company had $1.3 million of interest income related to SLF JV, of which $0.2 million was included in interest receivable on the consolidated statements of assets and liabilities as of November 30, 2023. For the nine months ended November 30, 2024, the Company had $3.2 million of dividend income related to SLF JV, of which $0.0 million was included in dividend receivable on the consolidated statements of assets and liabilities as of November 30, 2024. For the nine months ended November 30, 2023, the Company had $4.7 million of dividend income related to SLF JV, of which $0.0 million was included in dividend receivable on the consolidated statements of assets and liabilities as of November 30, 2023. Â  As part of the JV CLO trust transaction, the Company purchased 87.50% of the Class E Notes from SLF 2022 with a par value of $12.25 million. Â Â Â  Note 8. Borrowings Â  As a BDC, we are only allowed to employ leverage to the extent that our asset coverage, as defined in the 1940 Act, equals at least 200% after giving effect to such leverage, or 150% if certain requirements under the 1940 Act are met. On April 16, 2018, as permitted by the Small Business Credit Availability Act, which was signed into law on March 23, 2018, our board of directors, including a majority of our directors who are not â€œinterested personsâ€ (as defined in Section 2(a)(19) of the 1940 Actâ€) of the Company (â€œindependent directorsâ€), approved a minimum asset coverage ratio of 150%. The 150% asset coverage ratio became effective on April 16, 2019. The amount of leverage that we employ at any time depends on our assessment of the market and other factors at the time of any proposed borrowing. Our asset coverage ratio, as defined in the 1940 Act, was 160.1% as of November 30, 2024 and 161.1% as of February 29, 2024. Â  Revolving Credit Facilities and Term Facility Â  On April 11, 2007, we entered into a $100.0 million revolving securitized credit facility (the â€œRevolving Facilityâ€). On May 1, 2007, we entered into a $25.7 million term securitized credit facility (the â€œTerm Facilityâ€ and, together with the Revolving Facility, the â€œFacilitiesâ€), which was fully drawn at closing. In December 2007, we consolidated the Facilities by using a draw under the Revolving Facility to repay the Term Facility. In response to the market wide decline in financial asset prices, which negatively affected the value of our portfolio, we terminated the revolving period of the Revolving Facility effective January 14, 2009 and commenced a two-year amortization period during which all principal proceeds from the collateral were used to repay outstanding borrowings. A significant percentage of our total assets had been pledged under the Revolving Facility to secure our obligations thereunder. Under the Revolving Facility, funds were borrowed from or through certain lenders and interest was payable monthly at the greater of the commercial paper rate and our lenderâ€™s prime rate plus 4.00% plus a default rate of 2.00% or, if the commercial paper market was unavailable, the greater of the prevailing LIBOR rates and our lenderâ€™s prime rate plus 6.00% plus a default rate of 3.00%. Â  Madison Credit Facility Â  On July 30, 2010, we used the net proceeds from (i) the stock purchase transaction and (ii) a portion of the funds available to us under the $45.0 million senior secured revolving credit facility with Madison Capital Funding LLC (the â€œMadison Credit Facilityâ€), in each case, to pay the full amount of principal and accrued interest, including default interest, outstanding under the Revolving Facility. As a result, the Revolving Facility was terminated in connection therewith. Substantially all of our total assets, other than those held by SBIC LP, SBIC II LP and SBIC III LP, were pledged under the Madison Credit Facility to secure our obligations thereunder. Â  On October 4, 2021, all outstanding amounts on the Madison Credit Facility were repaid and the Madison Credit Facility was terminated. The repayment and termination of the Madison Credit Facility resulted in a realized loss on the extinguishment of debt of $0.8 million.Â Â  86 Â  Encina Credit Facility Â  On October 4, 2021, the Company entered into the Credit and Security Agreement (the â€œEncina Credit Agreementâ€) relating to a $50.0 million senior secured revolving credit facility with Encina, supported by loans held by SIF II and pledged to the Encina Credit Facility. The terms of the Encina Credit Facility required a minimum drawn amount of $12.5 million at all times during the first six months following the closing date, which increased to the greater of $25.0 million or 50% of the commitment amount in effect at any time thereafter. Advances under the Encina Credit Facility originally bore interest at a floating rate per annum equal to LIBOR plus 4.0%, with LIBOR having a floor of 0.75%, with customary provisions related to the selection by Encina and the Company of a replacement benchmark rate.Â  Â  On January 27, 2023, we entered into the first amendment to the Encina Credit Agreement to, among other things: Â Â â— increase the borrowings available under the Encina Credit Facility from up to $50.0 million to up to $65.0 million; Â Â â— change the underlying benchmark used to compute interest under the Encina Credit Agreement from LIBOR to Term SOFR for a one-month tenor plus a 0.10% credit spread adjustment; Â Â â— increase the applicable effective margin rate on borrowings from 4.00% to 4.25%; Â Â â— extend the revolving period from October 4, 2024 to January 27, 2026; Â Â â— extend the period during which the borrower may request one or more increases in the borrowings available under theÂ EncinaÂ Credit Facility (each such increase, a â€œFacility Increaseâ€) from October 4, 2023 to January 27, 2025, and increased the maximum borrowings available pursuant to the Encina Facility Increase from $75.0 million to $150.0 million; Â Â â— revise the eligibility criteria for eligible collateral loans to exclude certain industries in which an obligor or related guarantor may be involved; and Â Â â— amend the provisions permitting the borrower to request an extension in the Commitment Termination Date (as defined in the Encina Credit Agreement) to allow requests to extend any applicable Commitment Termination Date, rather than a one-time request to extend the original Commitment Termination Date, subject to a notice requirement. Â  In addition to any fees or other amounts payable under the terms of the Encina Credit Facility, an administrative agent fee per annum equal toÂ $0.1 millionÂ is payable in equal monthly installments in arrears. Â  As of November 30, 2024 and February 29, 2024, there were $32.5 million and $35.0 million outstanding borrowings under the Encina Credit Facility. During the applicable periods, the Company was in compliance with all of the limitations and requirements under the Encina Credit Agreement. Financing costs of $2.0 million related to the Encina Credit Facility have been capitalized and are being amortized over the term of the facility, with all existing financing costs amortized through January 27, 2026 from the date of the amendment and extension. Â  For the three months ended November 30, 2024 and November 30, 2023, we recorded $0.8 million and $0.9 million of interest expense related to the Encina Credit Facility, respectively, which includes commitment and administrative agent fees. For the three months ended November 30, 2024 and November 30, 2023, we recorded $0.1 million and $0.1 million of deferred financing costs related to the Encina Credit Facility, respectively. Interest expense and amortization of deferred financing costs are reported as interest and debt financing expense on the consolidated statements of operations. During the three months ended November 30, 2024 and November 30, 2023, the weighted average interest rate on the outstanding borrowings under the Encina Credit Facility was 9.40% and 9.79%, respectively, and the average dollar amount of outstanding borrowings under the Encina Credit Facility was $32.5 million and $35.0 million, respectively.Â  87 Â  For the nine months ended November 30, 2024 and November 30, 2023, we recorded $2.6 million and $3.0 million of interest expense related to the Encina Credit Facility, respectively, which includes commitment and administrative agent fees. For the nine months ended November 30, 2024 and November 30, 2023, we recorded $0.3 million and $0.3 million of deferred financing costs related to the Encina Credit Facility, respectively. Interest expense and amortization of deferred financing costs are reported as interest and debt financing expense on the consolidated statements of operations. During the nine months ended November 30, 2024 and November 30, 2023, the weighted average interest rate on the outstanding borrowings under the Encina Credit Facility was 9.73% and 9.62%, respectively, and the average dollar amount of outstanding borrowings under the Encina Credit Facility was $33.3 million and $38.9 million, respectively. Â Â  The Encina Credit Facility contains limitations as to how borrowed funds may be used, such as restrictions on industry concentrations, asset size, weighted average life, currency denomination and collateral interests. The Encina Credit Facility also includes certain requirements relating to portfolio performance, the violation of which could result in the limit of further advances and, in some cases, result in an event of default, allowing the lenders to accelerate repayment of amounts owed thereunder. Availability on the Encina Credit Facility will be subject to a borrowing base calculation, based on, among other things, applicable advance rates (which vary from 50.0% to 75.0% of par or fair value depending on the type of loan asset) and the value of certain â€œeligibleâ€ loan assets included as part of the borrowing base. Funds may be borrowed at the greater of the prevailing one-month SOFR rate, plus an applicable effective margin of 4.25%. In addition, the Company will pay the lender a commitment fee of 0.75% per year (or 0.50% if the ratio of advances outstanding to aggregate commitments is greater than or equal to 50%) on the unused amount of the Encina Credit Facility. Â  Our borrowing base under the Encina Credit Facility is $85.1 million subject to the Encina Credit Facility cap of $65.0 million at November 30, 2024. For purposes of determining the borrowing base, most assets are assigned the values set forth in our most recent Annual Report on Form 10-K or Quarterly Report on Form 10-Q filed with the U.S. Securities and Exchange Commission (â€œSECâ€). Accordingly, the November 30, 2024 borrowing base relies upon the valuations set forth in the Quarterly Report on Form 10-Q for the period ended August 31, 2024. The valuations presented in this Quarterly Report on Form 10-Q will not be incorporated into the borrowing base until after this Quarterly Report on Form 10-Q is filed with the SEC.Â  Â Â  Live Oak Facility Â  On March 27, 2024, the Company and its wholly owned special purpose subsidiary, SIF III, entered into a credit and security agreement (the â€œLive Oak Credit Agreementâ€), by and among SIF III, as borrower, the Company, as collateral manager and equityholder, the lenders from time to time parties thereto, Live Oak, as administrative agent and collateral agent, U.S. Bank National Association, as custodian, and U.S. Bank Trust Company, National Association, as collateral administrator, relating to Live Oak Credit Facility. Â  The Live Oak Credit Facility originally provided for borrowings in U.S. dollars in an aggregate amount of up to $50.0Â million. During the first two years following the closing date, SIF III may request one or more increases in the commitment amount from $50.0Â million to an amount not to exceed $150.0Â million, subject to certain terms and conditions and a customary fee. The terms of the Live Oak Credit Agreement require a minimum drawn amount of $12.5Â million at all times during the period ending March 27, 2025 and, thereafter, the greater of: (i) $25.0Â million and (ii)Â 50% of the facility amount in effect at such time. The Live Oak Credit Facility matures on March 27, 2027. Advances are available during the term of the Live Oak Credit Facility and must be repaid in full at maturity. SIF III may request an extension of the maturity date by an additional one year, subject to the agreement of the lenders and an extension fee. Â  On June 14, 2024, the Company entered into the first amendment to the Live Oak Credit Agreement (the â€œAmendmentâ€). The Amendment, among other things: Â Â â— increased the borrowings available under the Live Oak Credit Facility from up to $50.0 million to up to $75.0 million, subject to a borrowing base requirement; Â Â â— added new lenders (as identified in the Amendment) to the Live Oak Credit Agreement; Â Â â— replaced administrative agent approval with â€œRequired Lenderâ€ (as defined in the Live Oak Credit Agreement) approval with respect to certain matters; Â  88 Â Â Â â— replaced Required Lender approval with 100% lender approval with respect to certain matters; and Â Â â— changed the definition of Required Lender to require the approval of at least two unaffiliated lenders. Â  Advances under the Live Oak Credit Facility are subject to a borrowing base calculation, and the Live Oak Credit Facility has various eligibility criteria for loans to be included in the borrowing base. Advances under the Live Oak Credit Facility bear interest at a floating rate per annum equal to Adjusted Term SOFR plus an applicable margin betweenÂ 3.50% andÂ 4.25% based on the Live Oak Credit Facilityâ€™s utilization. The Live Oak Credit Agreement also provides for an unused fee ofÂ 0.50% on the unused commitments. SIF IIIâ€™s obligations to the lenders under the Live Oak Credit Facility are secured by a first priority security interest in substantially all of SIF IIIâ€™s assets. In addition, SIF IIIâ€™s obligations to the lenders under the Live Oak Credit Facility are secured by a pledge by the Company of its equity interests in SIF III, which is evidenced by the equity pledge agreement, dated as of March 27, 2024, by and between the Company, as pledgor, and Live Oak, as collateral agent for the benefit of the secured parties. Â  In connection with the Live Oak Credit Agreement, the Company entered into a loan sale and contribution agreement with SIF III, dated as of March 27, 2024, by and between the Company, as seller, and SIF III, as purchaser, pursuant to which the Company will sell or contribute certain loans held by the Company to SIF III to be used to support the borrowing base under the Live Oak Credit Facility. The Live Oak Credit Facility permits loan proceeds and excess cash in SIF IIIâ€™s collection accounts to be distributed to us at any time based on three business days advance notice, subject to compliance with various conditions, including the absence of a default or event of default, the absence of an over-advance against the borrowing base and the absence of a violation of the financial covenants. Â  As of November 30, 2024 there was $20.0 million in outstanding borrowings under the Live Oak Credit Facility. During the applicable period, the Company was in compliance with all of the limitations and requirements under the Live Oak Credit Agreement. Â  For the three months ended November 30, 2024, we recorded $0.5 million of interest expense related to the Live Oak Credit Facility, which includes commitment and administrative agent fees. For the three months ended November 30, 2024, we recorded $0.1 million of deferred financing costs related to the Live Oak Credit Facility. Interest expense and amortization of deferred financing costs are reported as interest and debt financing expense on the consolidated statements of operations. During the three months ended November 30, 2024, the weighted average interest rate on the outstanding borrowings under the Live Oak Credit Facility was 9.00%, and the average dollar amount of outstanding borrowings under the Live Oak Credit Facility was $20.0 million. Â  For the nine months ended November 30, 2024, we recorded $1.4 million of interest expense related to the Live Oak Credit Facility, which includes commitment and administrative agent fees. For the nine months ended November 30, 2024, we recorded $0.2 million of deferred financing costs related to the Live Oak Credit Facility. Interest expense and amortization of deferred financing costs are reported as interest and debt financing expense on the consolidated statements of operations. During the nine months ended November 30, 2024, the weighted average interest rate on the outstanding borrowings under the Live Oak Credit Facility was 9.34%, and the average dollar amount of outstanding borrowings under the Live Oak Credit Facility was $17.3 million. Â  Our borrowing base under the Live Oak Credit Facility is $86.4 million subject to the Live Oak Credit Facility cap of $75.0 million at November 30, 2024. For purposes of determining the borrowing base, most assets are assigned the values set forth in our most recent Annual Report on Form 10-K or Quarterly Report on Form 10-Q filed with the U.S. Securities and Exchange Commission (â€œSECâ€). Accordingly, the November 30, 2024 borrowing base relies upon the valuations set forth in the Quarterly Report on Form 10-Q for the period ended August 31, 2024. The valuations presented in this Quarterly Report on Form 10-Q will not be incorporated into the borrowing base until after this Quarterly Report on Form 10-Q is filed with the SEC.Â Â  89 Â  SBA Debentures Â  The Companyâ€™s wholly owned subsidiaries, SBIC II LP and SBIC III LP, received SBIC licenses from the SBA on August 14, 2019 and September 29, 2022, respectively. Each of the SBIC Subsidiaries provide up to $175.0 million in long-term capital in the form of debentures guaranteed by the SBA. The Companyâ€™s wholly owned subsidiary, SBIC LP, repaid its outstanding debentures and subsequently surrendered its license to the SBA on January 3, 2024, providing the Company access to all undistributed capital of SBIC LP, and SBIC LP subsequently merged with and into the Company. Under current SBIC regulations, for two or more SBICs under common control, the maximum amount of outstanding SBA debentures cannot exceed $350.0 million.Â  Â  SBICs are designed to stimulate the flow of private equity capital to eligible small businesses. Under SBA regulations, SBICs may make loans to eligible small businesses and invest in the equity securities of small businesses. Under present SBA regulations, eligible small businesses include businesses that have a tangible net worth not exceeding $24.0 million and have average annual fully taxed net income not exceeding $8.0 million for the two most recent fiscal years. In addition, an SBIC must devote 25.0% of its investment activity to â€œsmaller enterprisesâ€ as defined by the SBA. A smaller enterprise is one that has a net worth not exceeding $6.0 million and has average annual fully taxed net income not exceeding $2.0 million for the two most recent fiscal years. SBA regulations also provide alternative size standard criteria to determine eligibility, which depend on the industry in which the business is engaged and are based on such factors as the number of employees and gross sales. According to SBA regulations, SBICs may make long-term loans to small businesses, invest in the equity securities of such businesses and provide them with consulting and advisory services. Â  The SBIC Subsidiaries are able to borrow funds from the SBA against each SBICâ€™s regulatory capital (which generally approximates equity capital in the respective SBIC). The SBIC Subsidiaries are subject to customary regulatory requirements including but not limited to, a periodic examination by the SBA and requirements to maintain certain minimum financial ratios and other covenants. Receipt of an SBIC license does not assure that the SBIC Subsidiaries will receive SBA-guaranteed debenture funding, which is dependent upon the SBIC Subsidiaries complying with SBA regulations and policies. The SBA, as a creditor, will have a superior claim to each SBIC Subsidiaryâ€™s assets over the Companyâ€™s stockholders and debtholders in the event that the Company liquidates such SBIC Subsidiary or the SBA exercises its remedies under the SBA-guaranteed debentures issued by the SBIC Subsidiary upon an event of default. Â  The Company

received exemptive relief from the SEC to permit it to exclude the debentures guaranteed by the SBA of the SBIC Subsidiaries from the definition of senior securities in the asset coverage test under the 1940 Act. This allows the Company increased flexibility under the asset coverage requirement by permitting it to borrow up to $350.0 million more than it would otherwise be able to absent the receipt of this exemptive relief. Â Â  As of November 30, 2024, we have funded SBIC II LP and SBIC III LP with an aggregate total of equity capital of $87.5 million and $66.7 million, respectively, and have $214.0 million in SBA-guaranteed debentures outstanding, of which $175.0 million was held by SBIC II LP and $39.0 million held in SBIC III LP. Â  As noted above, as of November 30, 2024, there was $214.0 million of SBA debentures outstanding and as of February 29, 2024, there was $214.0 million of SBA debentures outstanding. The carrying amount of the amount outstanding of SBA debentures approximates its fair value, which is based on a waterfall analysis showing adequate collateral coverage and would be classified as a Level 3 liability within the fair value hierarchy. Financing costs of $6.0 million, and $0.4 million related to the SBA debentures issued by SBIC II LP and SBIC III LP, respectively, have been capitalized and are being amortized over the term of the commitment and drawdown. Â  For the three months ended November 30, 2024 and November 30, 2023, the Company recorded $1.8 million and $1.6 million of interest expense related to the SBA debentures, respectively. For the three months ended November 30, 2024 and November 30, 2023, the Company recorded $0.2 million and $0.3 million of amortization of deferred financing costs related to the SBA debentures, respectively. Earnings Per Share Â In accordance with the provisions of FASB ASC Topic 260, Earnings per Share, basic earnings per share is computed by dividing earnings available to common shareholders by the weighted average number of shares outstanding during the period. Other potentially dilutive common shares, and the related impact to earnings, are considered when calculating earnings per share on a diluted basis. Â The following information sets forth the computation of the weighted average basic and diluted net increase (decrease) in net assets resulting from operations per share for the three and nine months ended November 30, 2024 and November 30, 2023 (dollars in thousands except share and per share amounts): Â Â Â For the three monthsÂ endedÂ Â For the nine months endedÂ Basic and DilutedÂ NovemberÂ 30, 2024Â Â NovemberÂ 30, 2023Â Â NovemberÂ 30, 2024Â Â NovemberÂ 30, 2023Â Net increase (decrease) in net assets resulting from operationsÂ $8,835Â Â $(4,056)Â $28,763Â Â $3,627Â Weighted average common shares outstandingÂ Â 13,789,951Â Â Â 13,052,896Â Â Â 13,733,008Â Â Â 12,355,815Â Weighted average earnings (loss) per common shareÂ $0.64Â Â $(0.31)Â $2.09Â Â $0.29Â Â Note 13. during the first six months following the closing date, which increases to the greater of $25.0 million or 50% of the commitment amount in effect at any time thereafter. The term of the Encina Credit Facility is three years. Advances under the Encina Credit Facility bear interest at a floating rate per annum equal to LIBOR plus 4.0%, with LIBOR having a floor of 0.75%, with customary provisions related to our and Encinaâ€™s selection of a replacement benchmark rate. Concurrently with the closing of the Encina Credit Facility, all remaining amounts outstanding on our existing revolving credit facility with Madison Capital Funding, LLC were repaid and the facility was terminated. On January 27, 2023, among other things, the borrowings available under the Encina Credit Facility was increased from up to $50.0 million to up to $65.0 million, the underlying benchmark rate used to compute interest changed from LIBOR to Term SOFR for one-month tenor plus a 0.10% credit spread adjustment; the applicable effective margin rate on borrowings increased from 4.00% to 4.25% and the maturity date was extended from October 4, 2024 to January 27, 2026. Â Â  110 Â  We have formed a wholly owned special purpose entity, Saratoga Investment Funding III LLC, a Delaware limited liability company (â€œSIF IIIâ€), for the purpose of entering into a senior secured revolving credit facility with Live Oak Banking Company (â€œLive Oakâ€), supported by loans held by SIF III and pledged to Live Oak under the credit facility (the â€œLive Oak Credit Facility). The Live Oak Credit Facility closed on March 27, 2024. During the first two years following the closing date, SIF III may request an increase in the commitment amount under the Live Oak Credit Facility to up to $150.0 million. The terms of the Live Oak Credit Facility require a minimum drawn amount of $12.5 million at all times during the period ending March 27, 2025, which increases to the greater of $25.0 million or 50% of the facility amount in effect at any time thereafter. The term of the Live Oak Credit Facility is three years. Advances under the Live Oak Credit Facility bear interest at a floating rate per annum equal to Adjusted Term SOFR plus an applicable margin between 3.50% and 4.25% based on the Live Oak Credit Facilityâ€™s utilization.Â On June 14, 2024, the Live Oak Credit Facility was amended to, among other things: (i) increase the borrowings available under the Live Oak Credit Facility from up to $50.0 million to up to $75.0 million, subject to a borrowing base requirement; (ii) add new lenders to the Live Oak Credit Agreement; (iii) replace administrative agent approval with â€œRequired Lenderâ€ (as defined in the Live Oak Credit Agreement) approval with respect to certain matters; (iv) replace Required Lender approval with 100% lender approval with respect to certain matters; and (v) change the definition of Required Lender to require the approval of at least two unaffiliated lenders. Â Â  On October 26, 2021, we entered into a Limited Liability Company Agreement with TJHA JV I LLC (â€œTJHAâ€) to co-manage Saratoga Senior Loan Fund I JV LLC (â€œSLF JVâ€). SLF JV is invested in Saratoga Investment Corp Senior Loan Fund 2021-1 Ltd (â€œSLF 2021â€), which is a wholly owned subsidiary of SLF JV. SLF 2021 was formed for the purpose of making investments in a diversified portfolio of broadly syndicated first lien and second lien term loans or bonds in the primary and secondary markets. Â  On September 30, 2022, SLF 2021 was renamed to Saratoga Investment Corp Senior Loan Fund 2022-1, Ltd. (â€œSLF 2022â€). Â  We and TJHA have equal voting interest on all material decisions with respect to SLF JV, including those involving its investment portfolio, and equal control of corporate governance. No management fee is charged to SLF JV as control and management of SLF JV is shared equally. Â  We and TJHA have committed to provide up to a combined $50.0 million of financing to SLF JV through cash contributions, where we provided $43.75 million and TJHA provides $6.25 million, resulting in an 87.5% and 12.5% ownership between the two parties. The financing is issued in the form of an unsecured note and equity. The unsecured note will pay a fixed rate of 10.0% per annum and is due and payable in full on October 20, 2033. As of November 30, 2024 our and TJHAâ€™s investment in SLF JV consisted of an unsecured note of $17.6 million and $2.5 million, respectively; and membership interest of $17.6 million and $2.5 million, respectively. As of February 29, 2024, our and TJHAâ€™s investment in SLF JV consisted of an unsecured note of $17.6 million and $2.5 million, respectively; and membership interest of $17.6 million and $2.5 million, respectively. As of November 30, 2024 and February 29, 2024, the Companyâ€™s investment in the unsecured note of SLF JV had a fair value of $16.2 million and $15.8 million, respectively, and the Companyâ€™s investment in the membership interests of SLF JV had a fair value of $4.8 million and $9.4 million, respectively. Â  SLF JVâ€™s initial investment in SLF 2022 was in the form of an unsecured loan. The unsecured loan paid a floating rate of LIBOR plus 7.00% per annum and was paid in full on June 9, 2023. The unsecured loan was repaid in full on October 28, 2022, as part of the CLO closing. Â  We have determined that SLF JV is an investment company under (â€œFASBâ€) Accounting Standards Codification (â€œASCâ€) Topic 946, Financial Servicesâ€”Investment Companies; however, in accordance with such guidance we will generally not consolidate our investment in a company other than a wholly owned investment company subsidiary. SLF JV is not a wholly owned investment company subsidiary as we and TJHA each have an equal 50% voting interest in SLF JV and thus neither party has a controlling financial interest. Furthermore, FASB ASC Topic 810, Consolidation, concludes that in a joint venture where both members have equal decision making authority, it is not appropriate for one member to consolidate the joint venture since neither has control. Accordingly, we do not consolidate SLF JV. Â  On October 28, 2022, SLF 2022 issued $402.1 million of debt through the JV CLO trust. The 2022 JV CLO Notes were issued pursuant to the JV Indenture, with the Trustee. As part of the transaction, we purchased 87.50% of the Class E Notes from SLF 2022 with a par value of $12.25 million. As of November 30, 2024 and February 29, 2024, the fair value of these Class E Notes were $12.3 million and $12.3 million, respectively. Â  111 Â  Critical Accounting Policies and Estimates Â  Basis of Presentation Â  The preparation of financial statements in accordance with U.S. generally accepted accounting principles (â€œU.S. GAAPâ€) requires management to make certain estimates and assumptions affecting amounts reported in our consolidated financial statements. We have identified investment valuation, revenue recognition and the recognition of capital gains incentive fee expense as our most critical accounting estimates. We continuously evaluate our estimates, including those related to the matters described below. These estimates are based on the information that is currently available to us and on various other assumptions that we believe to be reasonable under the circumstances. Actual results could differ materially from those estimates under different assumptions or conditions. A discussion of our critical accounting policies and estimates follows. Â  Investment Valuation Â  We account for investments at fair value in accordance with the FASB ASC Topic 820, Fair Value Measurement (â€œASC 820â€). ASC 820 defines fair value, establishes a framework for measuring fair value, establishes a fair value hierarchy based on the quality of inputs used to measure fair value and enhances disclosure requirements for fair value measurements. Under ASC 820 we are required to assume that its investments are to be sold or its liabilities are to be transferred at the balance sheet date in the principal market to independent market participants, or in the absence of a principal market, in the most advantageous market, which may be a hypothetical market. Market participants are defined as buyers and sellers in the principal or most advantageous market that are independent, knowledgeable, and willing and able to transact. Â  Investments for which market quotations are readily available are fair valued at such market quotations obtained from independent third-party pricing services and market makers subject to any decision by our board of directors to approve a fair value determination to reflect significant events affecting the value of these investments. We value investments for which market quotations are not readily available at fair value as approved, in good faith, by our board of directors based on input from Saratoga Investment Advisors, the audit committee of our board of directors and a third party independent valuation firm. We use multiple techniques for determining fair value based on the nature of the investment and experience with those types of investments and specific portfolio companies. The selections of the valuation techniques and the inputs and assumptions used within those techniques often require subjective judgements and estimates. These techniques include market comparables, discounted cash flows and enterprise value waterfalls. Fair value is best expressed as a range of values from which we determine a single best estimate. The types of inputs and assumptions that may be considered in determining the range of values of our investments include the nature and realizable value of any collateral, the portfolio companyâ€™s ability to make payments, market yield trend analysis and volatility in future interest rates, call and put features, the markets in which the portfolio company does business, comparison to publicly traded companies, discounted cash flows and other relevant factors. Â Â  We undertake a multi-step valuation process each quarter when valuing investments for which market quotations are not readily available, as described below: Â Â  â— each investment is initially valued by the responsible investment professionals of Saratoga Investment Advisors and preliminary valuation conclusions are documented and discussed with our senior management; and Â Â  â— an independent valuation firm engaged by our board of directors independently reviews a selection of these preliminary valuations each quarter so that the valuation of each investment for which market quotes are not readily available is reviewed by the independent valuation firm at least once each fiscal year. We use a third-party independent valuation firm to value our investment in the subordinated notes of Saratoga CLO and the Class F-2-R-3 Notes tranche of the Saratoga CLO every quarter. Â  In addition, all our investments are subject to the following valuation process: Â Â  â— the audit committee of our board of directors reviews and approves each preliminary valuation and Saratoga Investment Advisors and an independent valuation firm (if applicable) will supplement the preliminary valuation to reflect any comments provided by the audit committee; and Â Â  â— our board of directors discusses the valuations and approves the fair value of each investment, in good faith, based on the input of Saratoga Investment Advisors, independent valuation firm (to the extent applicable) and the audit committee of our board of directors. Â  112 Â  Our investment in Saratoga CLO is carried at fair value, which is based on a discounted cash flows that utilizes prepayment, re-investment and loss assumptions based on historical experience and projected performance, economic factors, the characteristics of the underlying cash flow, and market comparables for equity interests in collateralized loan obligation funds similar to Saratoga CLO, when available, as determined by Saratoga Investment Advisors and recommended to our board of directors. Specifically, we use Intex cash flows, or an appropriate substitute, to form the basis for the valuation of our investment in Saratoga CLO. The cash flows use a set of inputs including projected default rates, recovery rates, reinvestment rates and prepayment rates in order to arrive at estimated valuations. The inputs are based on available market data and projections provided by third parties as well as management estimates. We use the output from the Intex models (i.e., the estimated cash flows) to perform a discounted cash flow analysis on expected future cash flows to determine a valuation for our investment in Saratoga CLO. Â  Rule 2a-5 under the 1940 Act (â€œRule 2a-5â€) establishes a regulatory framework for determining fair value in good faith for purposes of the 1940 Act. Rule 2a-5 permits boards, subject to board oversight and certain other conditions, to designate the investment adviser to perform fair value determinations. Rule 2a-5 also defines when market quotations are â€œreadily availableâ€ for purposes of the 1940 Act and the threshold for determining whether a fund must determine the fair value of a security. Rule 31a-4 under the 1940 Act (â€œRule 31a-4â€) provides the recordkeeping requirements associated with fair value determinations. While our board of directors has not elected to designate Saratoga Investment Advisors as the valuation designee, we has adopted certain revisions to its valuation policies and procedures in order comply with the applicable requirements of Rule 2a-5 and Rule 31a-4. Â  Revenue Recognition Â  Income Recognition Â  Interest income, adjusted for amortization of premium and accretion of discount, is recorded on an accrual basis to the extent that such amounts are expected to be collected. The Company stops accruing interest on its investments when it is determined that interest is no longer collectible. Discounts and premiums on investments purchased are accreted/amortized over the life of the respective investment using the effective yield method. The amortized cost of investments represents the original cost adjusted for the accretion of discounts and amortization of premiums on investments. Â Â  Loans are generally placed on non-accrual status when there is reasonable doubt that principal or interest will be collected. Accrued interest is generally reserved when a loan is placed on non-accrual status. Interest payments received on non-accrual loans may be recognized as a reduction in principal depending upon managementâ€™s judgment regarding collectability. Non-accrual loans are restored to accrual status when past due principal and interest is paid and, in managementâ€™s judgment, are likely to remain current, although we may make exceptions to this general rule if the loan has sufficient collateral value and is in the process of collection. Â Â  Payment-in-Kind Interest Â  We may hold debt and preferred equity investments in our portfolio that contain a payment-in-kind (â€œPIKâ€) interest provision. The PIK interest, which represents contractually deferred interest added to the investment balance that is generally due at maturity, is generally recorded on the accrual basis to the extent such amounts are expected to be collected. We stop accruing PIK interest if we do not expect the issuer to be able to pay all principal and interest when due. Â Â  113 Â  Revenues Â  We generate revenue in the form of interest income and capital gains on the debt investments that we hold and capital gains, if any, on equity interests that we may acquire. We expect our debt investments, whether in the form of leveraged loans or mezzanine debt, to have terms of up to ten years, and to bear interest at either a fixed or floating rate. Interest on debt will be payable generally either quarterly or semi-annually. In some cases, our debt or preferred equity investments may provide for a portion or all of the interest to be PIK. To the extent interest is PIK, it will be payable through the increase of the principal amount of the obligation by the amount of interest due on the then-outstanding aggregate principal amount of such obligation. The principal amount of the debt and any accrued but unpaid interest will generally become due at the maturity date. In addition, we may generate revenue in the form of commitment, origination, structuring, amendment, redemption or diligence fees, fees for providing managerial assistance or investment management services and possibly consulting fees. Any such fees will be generated in connection with our investments and recognized as earned. We may also invest in preferred equity or common equity securities that pay dividends on a current basis. Â  On January 22, 2008, we entered into a collateral management agreement with Saratoga CLO, pursuant to which we act as its collateral manager. The Saratoga CLO was initially refinanced in October 2013 with its reinvestment period extended to October 2016. On November 15, 2016, we completed a second refinancing of the Saratoga CLO with its reinvestment period extended to October 2018. Â  On December 14, 2018, we completed a third refinancing and upsize of the Saratoga CLO. The third Saratoga CLO refinancing, among other things, extended its reinvestment period to January 2021, and extended its legal maturity date to January 2030, and added a non-call period of January 2020. Following this refinancing, the Saratoga CLO portfolio increased from approximately $300.0 million in aggregate principal amount to approximately $500.0 million of predominantly senior secured first lien term loans. In addition to refinancing its liabilities, we invested an additional $13.8 million in all of the newly issued subordinated notes of the Saratoga CLO and also purchased $2.5 million in aggregate principal amount of the Class F-R-2 and $7.5 million aggregate principal amount of the Class G-R-2 notes tranches at par, with a coupon of 3M USD LIBOR plus 8.75% and 3M USD LIBOR plus 10.00%, respectively. As part of this refinancing, we also redeemed our existing $4.5 million aggregate amount of the Class F notes tranche at par and the $20.0 million CLO 2013-1 Warehouse Loan was repaid. Â  On February 11, 2020, we entered into an unsecured loan agreement (â€œCLO 2013-1 Warehouse 2 Loanâ€) with Saratoga Investment Corp. CLO 2013-1 Warehouse 2, Ltd (â€œCLO 2013-1 Warehouse 2â€), a wholly owned subsidiary of Saratoga CLO, pursuant to which CLOÂ 2013-1Â Warehouse 2 may borrow from time to time up to $20.0Â million from the Company in order to provide capital necessary to support warehouse activities. On October 23, 2020, the availability under the CLO 2013-1 Warehouse 2 Loan was increased to $25.0 million, which was immediately fully drawn and, which expires on August 20, 2021. The interest rate was also amended to be based on a pricing grid, starting at an annual rate of 3M USD LIBOR + 4.46%. During the fourth quarter ended February 28, 2021, the CLO 2013-1 Warehouse 2 Ltd was repaid in full. Â  On February 26, 2021, we completed the fourth refinancing of the Saratoga CLO. This refinancing, among other things, extended the Saratoga CLO reinvestment period to April 2024, extended its legal maturity to April 2033, and added a non-call period of February 2022. In addition, and as part of the refinancing, the Saratoga CLO was upsized from $500Â million in assets to approximately $650Â million. As part of this refinancing and upsizing, the Company invested an additional $14.0Â million in all of the newly issued subordinated notes of the Saratoga CLO, and purchased $17.9Â million in aggregate principal amount of theÂ ClassÂ F-R-3Â Notes tranche at par. Concurrently, the existing $2.5Â million of ClassÂ F-R-2 Notes, $7.5 million of Class G-R-2 Notes and $25.0Â million of the CLOÂ 2013-1Â Warehouse 2 Loan were repaid. We also paid $2.6Â million of transaction costs related to the refinancing and upsizing on behalf of the Saratoga CLO, to be reimbursed from future equity distributions. At August 31, 2021, the outstanding receivable of $2.6 million was repaid in full. Â  On August 9, 2021, we exchanged our existing $17.9 million Class F-R-3 Notes for $8.5 million Class F-1-R-3 Notes and $9.4 million Class F-2-R-3 Notes at par. On August 11, 2021, we sold our Class F-1-R-3 Notes to third parties, resulting in a realized loss of $0.1 million. Â  On June 10, 2024, the Company completed its fifth refinancing of the Saratoga CLO. This refinancing, among other things, did not extend the Saratoga CLO reinvestment period nor extend its legal maturity, while adjusting the interest rate of two of the existing Notes. The Issuer issued $422.5 million of notes, consisting of Class A-1-R-4 and Class A-2-R-4. The 2013-1 2024 Reset CLO Notes were issued pursuant to the Indenture with the same Trustee. Proceeds of the issuance of the 2013-1 2024 Reset CLO Notes were used along with existing assets of the Saratoga CLO to redeem the existing Class A-1-R-3 and Class A-2-R-3 Notes. No other Notes were refinanced as part of this refinancing. The Saratoga CLO paid $0.5 million of transaction costs related to the refinancing. Â  114 Â Â  The Saratoga CLO remains effectively 100% owned and managed by Saratoga Investment Corp. We receive a base management fee of 0.10% per annum and a subordinated management fee of 0.40% per annum of the outstanding principal amount of Saratoga CLOâ€™s assets, paid quarterly to the extent of available proceeds. Prior to the second refinancing and the issuance of the 2013-1 Amended CLO Notes, we received a base management fee of 0.25% per annum and a subordinated management fee of 0.25% per annum of the outstanding principal amount of Saratoga CLOâ€™s assets, paid quarterly to the extent of available proceeds. Â Â  Following the third refinancing and the issuance of the 2013-1Â Reset CLO Notes on December 14, 2018, we are no longer entitled to an incentive management fee equal to 20.0% of excess cash flow to the extent the Saratoga CLO subordinated notes receive an internal rate of return paid in cash equal to or greater than 12.0%. Â  Interest income on our investment in Saratoga CLO is recorded using the effective interest method in accordance with the provisions of FASB ASC Topic 325-40, Investments-Other, Beneficial Interests in Securitized Financial Assets, based on the anticipated yield and the estimated cash flows over the projected life of the investment. Yields are revised when there are changes in actual or

estimated cash flows due to changes in prepayments and/or re-investments, credit losses or asset pricing. Changes in estimated yield are recognized as an adjustment to the estimated yield over the remaining life of the investment from the date the estimated yield was changed. Â  On October 26, 2021, the Company and TJHA entered into the LLC Agreement to co-manage SLF JV. SLF JV is invested in Saratoga Investment Corp Senior Loan Fund 2022-1, Ltd (â€œSLF 2021â€), which is a wholly owned subsidiary of SLF JV. SLF 2021 was formed for the purpose of making investments in a diversified portfolio of broadly syndicated first lien and second lien term loans or bonds in the primary and secondary markets. Â  The Company and TJHA have equal voting interest on all material decisions with respect to SLF JV, including those involving its investment portfolio, and equal control of corporate governance. No management fee is charged to SLF JV as control and management of SLF JV is shared equally. Â  The Company and TJHA have committed to provide up to a combined $50.0 million of financing to SLF JV through cash contributions, with the Company providing $43.75 million and TJHA providing $6.25 million, resulting in an 87.5% and 12.5% ownership between the two parties. The financing is issued in the form of an unsecured note and equity. The unsecured note pays a fixed rate of 10% per annum and is due and payable in full on October 20, 2033. Â  The Company records interest income from its investment in an unsecured loan with SLF JV on an accrual basis and records dividend income from its membership interest when earned. All operating decisions are shared with a 50% voting interest in SLF JV. Â  Expenses Â  Our primary operating expenses include the payment of investment advisory and management fees, professional fees, directors and officers insurance, fees paid to directors who are not â€œinterested personsâ€ (as defined in Section 2(a)(19) of the 1940 Act) of the Company (â€œindependent directorsâ€) and administrator expenses, including our allocable portion of our administratorâ€™s overhead. Our investment advisory and management fees compensate our Manager for its work in identifying, evaluating, negotiating, closing and monitoring our investments. We bear all other costs and expenses of our operations and transactions, including those relating to: Â  Â  â— organization; Â  Â  â— calculating our net asset value (â€œNAVâ€) (including the cost and expenses of any independent valuation firm); Â  115 Â  Â  â— expenses incurred by our Manager payable to third parties, including agents, consultants or other advisers, in monitoring our financial and legal affairs and in monitoring our investments and performing due diligence on our prospective portfolio companies; Â  Â  â— expenses incurred by our Manager payable for travel and due diligence on our prospective portfolio companies; Â  Â  â— interest payable on debt, if any, incurred to finance our investments; Â  Â  â— offerings of our common stock and other securities; Â  Â  â— investment advisory and management fees; Â  Â  â— fees payable to third parties, including agents, consultants or other advisers, relating to, or associated with, evaluating and making investments; Â  Â  â— transfer agent and custodial fees; Â  Â  â— federal and state registration fees; Â  Â  â— all costs of registration and listing our common stock on any securities exchange; Â  Â  â— U.S. federal, state and local taxes; Â  Â  â— independent directorsâ€™ fees and expenses; Â  Â  â— costs of preparing and filing reports or other documents required by governmental bodies (including the Securities and Exchange Commission (the â€œSECâ€) and the SBA); Â  Â  â— costs of any reports, proxy statements or other notices to common stockholders including printing costs; Â  Â  â— our fidelity bond, directors and officers errors and omissions liability insurance, and any other insurance premiums; Â  Â  â— direct costs and expenses of administration, including printing, mailing, long distance telephone, copying, secretarial and other staff, independent auditors and outside legal costs; and Â  Â  â— administration fees and all other expenses incurred by us or, if applicable, the administrator in connection with administering our business (including payments under the Administration Agreement based upon our allocable portion of the administratorâ€™s overhead in performing its obligations under an Administration Agreement, including rent and the allocable portion of the cost of our officers and their respective staffs (including travel expenses)). Â  Â  Pursuant to the investment advisory and management agreement that we had with GSCP (NJ), L.P., our former investment adviser and administrator, we had agreed to pay GSCP (NJ), L.P. as investment adviser a quarterly base management fee of 1.75% of the average value of our total assets (other than cash or cash equivalents but including assets purchased with borrowed funds) at the end of the two most recently completed fiscal quarters and an incentive fee. Â  116 Â  The incentive fee had two parts: Â  â—A fee, payable quarterly in arrears, equal to 20.0% of our pre-incentive fee net investment income, expressed as a rate of return on the value of the net assets at the end of the immediately preceding quarter, that exceeded a 1.875% quarterly hurdle rate measured as of the end of each fiscal quarter. Under this provision, in any fiscal quarter, our investment adviser received no incentive fee unless our pre-incentive fee net investment income exceeded the hurdle rate of 1.875%. Amounts received as a return of capital were not included in calculating this portion of the incentive fee. Since the hurdle rate was based on net assets, a return of less than the hurdle rate on total assets could still have resulted in an incentive fee. Â  Â  â— A fee, payable at the end of each fiscal year, equal to 20.0% of our net realized capital gains, if any, computed net of all realized capital losses and unrealized capital depreciation, in each case on a cumulative basis on each investment in our portfolio, less the aggregate amount of capital gains incentive fees paid to the investment adviser through such date. Â  We deferred cash payment of any incentive fee otherwise earned by our former investment adviser if, during the then most recent four full fiscal quarters ending on or prior to the date such payment was to be made, the sum of (a) our aggregate distributions to our stockholders and (b) our change in net assets (defined as total assets less liabilities) (before taking into account any incentive fees payable during that period) was less than 7.5% of our net assets at the beginning of such period. These calculations were appropriately pro-rated for the first three fiscal quarters of operation and adjusted for any share issuances or repurchases during the applicable period. Such incentive fee would become payable on the next date on which such test had been satisfied for the most recent four full fiscal quarters or upon certain terminations of the investment advisory and management agreement. We commenced deferring cash payment of incentive fees during the quarterly period ended August 31, 2007 and continued to defer such payments through the quarterly period ended May 31, 2010. As of July 30, 2010, the date on which GSCP (NJ), L.P. ceased to be our investment adviser and administrator, we owed GSCP (NJ), L.P. $2.9 million in fees for services previously provided to us; of which $0.3 million has been paid by us. GSCP (NJ), L.P. agreed to waive payment by us of the remaining $2.6 million in connection with the consummation of the stock purchase transaction with Saratoga Investment Advisors and certain of its affiliates described elsewhere in this Quarterly Report. Â  The terms of the investment advisory and management agreement with Saratoga Investment Advisors, our current investment adviser, are substantially similar to the terms of the investment advisory and management agreement we had entered into with GSCP (NJ), L.P., our former investment adviser, except for the following material distinctions in the fee terms: Â  Â  â— The capital gains portion of the incentive fee was reset with respect to gains and losses from May 31, 2010, and therefore losses and gains incurred prior to such time will not be taken into account when calculating the capital gains fee payable to Saratoga Investment Advisors and, as a result, Saratoga Investment Advisors will be entitled to 20.0% of net gains that arise after May 31, 2010. In addition, the cost basis for computing realized gains and losses on investments held by us as of May 31, 2010 equal the fair value of such investment as of such date. Under the investment advisory and management agreement with our former investment adviser, GSCP (NJ), L.P., the capital gains fee was calculated from March 21, 2007, and the gains were substantially outweighed by losses. Â  Â  â— Under the â€œcatch upâ€ provision, 100.0% of our pre-incentive fee net investment income with respect to that portion of such pre-incentive fee net investment income that exceeds 1.875% but is less than or equal to 2.344% in any fiscal quarter is payable to Saratoga Investment Advisors. This will enable Saratoga Investment Advisors to receive 20.0% of all net investment income as such amount approaches 2.344% in any quarter, and Saratoga Investment Advisors will receive 20.0% of any additional net investment income. Under the investment advisory and management agreement with our former investment adviser, GSCP (NJ), L.P. only received 20.0% of the excess net investment income over 1.875%. Â  Â  â— We will no longer have deferral rights regarding incentive fees in the event that the distributions to stockholders and change in net assets is less than 7.5% for the preceding four fiscal quarters. Â  117 Â  Capital Gains Incentive Fee Â  We record an expense accrual relating to the capital gains incentive fee payable by us to the Manager when the unrealized gains on its investments exceed all realized capital losses on its investments given the fact that a capital gains incentive fee would be owed to the Manager if we were to liquidate our investment portfolio at such time. The actual incentive fee payable to the Companyâ€™s Manager related to capital gains will be determined and payable in arrears at the end of each fiscal year and will include only realized capital gains for the period. Â  Recent Accounting Pronouncements Â  In November 2023, the FASB issued ASU 2023-07, Improvements to Reportable Segment Disclosures. ASU 2023-07 enhances the disclosures required for reportable segments on an annual and interim basis. ASU 2023-07 is effective on a retrospective basis for annual periods beginning after December 15, 2023, and for interim periods within fiscal years beginning after December 15, 2024. Interest income from investments decreased $1.9 million, or 5.8%, to $30.8 million for the three months ended November 30, 2024 from $32.7 million for the three months ended November 30, 2023. Interest income from investments primarily decreased due to (i) 9.6% reduction in average investments year-over-year, combined with (ii) a decrease in the weighted average current yield on investments to 10.8% at November 30, 2024 from 11.4% at November 30, 2023. Â For the nine months ended November 30, 2024, total investment income increased $11.1 million, or 10.4%, to $117.6 million from $106.5 million for the nine months ended November 30, 2023. Interest income from investments increased $9.9 million, or 10.5%, to $104.4 million for the nine months ended November 30, 2024 from $94.5 million for the nine months ended November 30, 2023. Interest income from investments primarily increased due to the recognition of $8.2 million interest income related to our Knowland investment that was previously on non-accrual. Â For the three and nine months ended November 30, 2024 and November 30, 2023, total PIK income was $0.8 million and $0.6 million, respectively and $3.3 million and $1.9 million, respectively. The increase in both periods primarily related to the recognition of PIK income on our Knowland investment that was previously on non-accrual. Â For the three months ended November 30, 2024 and November 30, 2023, interest from cash and cash equivalents was $1.6 million and $0.5 million, respectively. The increase of $1.1 million for the quarter ended November 30, 2024 was due to increased cash and cash equivalents balances during this period as compared to last year, primarily resulting from repayments received during the quarter. Â For the nine months ended November 30, 2024 and November 30, 2023, interest from cash and cash equivalents was $3.9 million and $1.9 million, respectively. The increase of $2.0 million for the quarter ended November 30, 2024 was due to increased cash and cash equivalents balances during this period as compared to last year, primarily resulting from repayments received during the nine months period. Â Management fee income reflects the fee income received for managing the Saratoga CLO. For the three months ended November 30, 2024 and November 30, 2023, total management fee income was $0.8 million and $0.8 million, respectively. For the nine months ended November 30, 2024 and November 30, 2023, total management fee income was $2.4 million and $2.5 million, respectively. Â For the three and nine months ended November 30, 2024 and November 30, 2023, total dividend income was $1.1 million and $1.8 million, respectively and $3.7 million and $5.3 million respectively. Dividends received is recorded in the consolidated statements of operations when earned, and the decrease primarily reflects lower dividend income received on our membership interest in SLF JV during the three and nine months ended November 30, 2024 as compared to the three and nine months ended November 30, 2023. Â For the three and nine months ended November 30, 2024 and November 30, 2023, total structuring and advisory fee income was $0.7 million and $0.3 million, respectively and $1.2 million and $1.8 million, respectively. Structuring and advisory fee income represents fee income earned and received performing certain investment and advisory activities during the closing of new investments. Â 124 Â For the three and nine months ended November 30, 2024 and November 30, 2023, other income was $0.9 million and $0.2 million, respectively, and $1.9 million and $0.5 million, respectively. Other income includes origination fees, monitoring and amendment fees and prepayment fees and is recorded in the consolidated statements of operations when earned, and the increase primarily reflects prepayment fees recognized on a higher level of repayments this year. Â Operating expenses Â The composition of our operating expenses for the three and nine months ended November 30, 2024 and November 30, 2023 was as follows: Â Â Â For the three months endedÂ Â For the nine months endedÂ Â Â NovemberÂ 30, 2024Â Â November 30, 2023Â Â NovemberÂ 30, 2024Â Â NovemberÂ 30, 2023Â Â Â ($Â inÂ thousands)Â Â Â Â Â Â Â Interest and debt financing expensesÂ $13,044Â Â $12,522Â Â $39,135Â Â $36,629Â Base management feesÂ Â 4,412Â Â Â 4,857Â Â Â 14,161Â Â Â 14,262Â Incentive management fees expense (benefit)Â Â 3,110Â Â Â 2,244Â Â Â 11,245Â Â Â 4,828Â Professional feesÂ Â 670Â Â Â 434Â Â Â 1,796Â Â Â 1,407Â Administrator expensesÂ Â 1,250Â Â Â 1,075Â Â Â 3,458Â Â Â 2,798Â InsuranceÂ Â 77Â Â Â 81Â Â Â 232Â Â Â 245Â Directors fees and expensesÂ Â 83Â Â Â 81Â Â Â 276Â Â Â 281Â General & administrative and other expensesÂ Â 760Â Â Â 660Â Â Â 2,191Â Â Â 1,958Â Income tax expense (benefit)Â Â 37Â Â Â 220Â Â Â 98Â Â Â (11) Total operating expensesÂ $23,443Â Â $22,174Â Â $72,592Â Â $62,397Â Â For the three months ended November 30, 2024, total operating expenses increased $1.3 million, or 5.7%, compared to the three months ended November 30, 2023. For the nine months ended November 30, 2024, total operating expenses increased $10.2 million, or 16.3%, compared to the three months ended November 30, 2023. Â For the three months ended November 30, 2024, interest and debt financing expenses increased $0.5 million, or 4.2%, compared to the three months ended November 30, 2023. The increase is primarily attributable to an increase of 3.6% in average outstanding debt from $809.0 million for the three months ended November 30, 2023 to $837.9 million for the three months ended November 30, 2024. Â For the nine months ended November 30, 2024, interest and debt financing expenses increased $2.5 million, or 6.8%, compared to the nine months ended November 30, 2023. The increase is primarily attributable to an increase of 5.1% in average outstanding debt from $795.0 million for the nine months ended November 30, 2023 to $835.9 million for the nine months ended November 30, 2024. Â For the three and nine months ended November 30, 2024 and November 30, 2023, the weighted average interest rate on our outstanding indebtedness was 5.56% and 5.58%, respectively and 6.06% and 5.43%, respectively. The increase in weighted average interest rate was primarily driven by the issuance of higher rate borrowings over the past year, primarily last year, reflecting the increase in base rates and spreads in the market at that time. Â As of November 30, 2024 and February 29, 2024, the SBA debentures represented 25.5%Â and 26.1% of overall debt, respectively. Â For the three months ended November 30, 2024, base management fees decreased $0.5 million, or 9.2%, from $4.4 million to $4.9 million compared to the three months ended November 30, 2023. The decrease in base management fees results from the 8.7% decrease in the average value of our total assets, less cash and cash equivalents, from $1,108.5 million for the three months ended November 30, 2023 to $1,011.2 millionÂ for the three months ended November 30, 2024. Â 125 Â For the nine months ended November 30, 2024, base management fees decreased $0.1 million, or 0.7%, from $14.3 million to $14.2 million compared to the nine months ended November 30, 2023. The decrease in base management fees results from the 0.1% decrease in the average value of our total assets, less cash and cash equivalents, from $1,082.1 million for the nine months ended November 30, 2023 to $1,074.0 millionÂ for the nine months ended November 30, 2024. Â For the three months ended November 30, 2024, incentive management fees increased $0.9 million, or 38.6%, compared to the three months ended November 30, 2023. The incentive fee on income decreased from $3.3 million to $3.1 million for the three months ended November 30, 2023 and 2024, respectively, reflecting the decrease in net investment income during the three months ended November 30, 2024 as compared to the three months ended November 30, 2023. The incentive fee on capital gains decreased from a $(1.1) million benefit for the three months ended November 30, 2023 to a $0.0 million benefit for the three months ended November 30, 2024, reflecting the incentive fee on net realized and unrealized depreciation recognized during both these periods, with the liability floor capped at zero. Â Â For the nine months ended November 30, 2024, incentive management fees increased $6.4 million, or 132.9%, compared to the nine months ended November 30, 2023. The incentive fee on income increased from $9.8 million to $11.2 million for the nine months ended November 30, 2023 and 2024, respectively, reflecting the increase in net investment income during the nine months ended November 30, 2024 as compared to the nine months ended November 30, 2023. The incentive fee on capital gains increased from a $(5.0) million benefit for the nine months ended November 30, 2023 to a $0.0 million benefit for the nine months ended November 30, 2024, reflecting the incentive fee on net realized and unrealized depreciation recognized during both these periods, with the liability floor capped at zero. Â For the three months ended November 30, 2024, professional fees increased $0.2 million, or 54.3%, from $0.4 million for the three months ended November 30, 2023 to $0.7 million for the three months ended November 30, 2024. Â For the nine months ended November 30, 2024, professional fees increased $0.4 million, or 27.6%, from $1.4 million for the nine months ended November 30, 2023 to $1.8 million for the nine months ended November 30, 2024. Â For the three and nine months ended November 30, 2024, administrator expenses increased $0.2 million, or 16.3% and $0.7 million, or 23.6%, respectively compared to the three and nine months ended November 30, 2023, reflecting the contractual changes to the administrator agreement cap. Â For the three and nine months ended November 30, 2024, general and administrative expenses increased $1.0 million, or 15.1% and $0.2 million, or 11.9%, respectively compared to the three and nine months ended November 30, 2023. Â As discussed above, the increase in interest and debt financing expenses for the three months ended November 30, 2024 compared to the three months ended November 30, 2023 is attributable both to an increase in the average dollar amount of outstanding debt, as well as the higher cost of that debt. For the three months ended November 30, 2024 and November 30, 2023, the average borrowings outstanding under the Encina Credit Facility was $32.5 million and $35.0 million, respectively, and the average weighted average interest rate on the outstanding borrowing under the Encina Credit Facility was 9.40% and 9.79%, respectively. Based on 13,789,951 weighted average common shares outstanding as of November 30, 2024, our per share net increase in net assets resulting from operations was $0.64 for the three months ended November 30, 2024. For the three months ended November 30, 2023, we recorded a net decrease in net assets resulting from operations of $4.1 million. Based on 13,052,896 weighted average common shares outstanding as of November 30, 2023, our per share net decrease in net assets resulting from operations was $0.31 for the three months ended November 30, 2023. Â  For the nine months ended November 30, 2024, we recorded a net increase in net assets resulting from operations of $28.8 million. Based on 13,733,008 weighted average common shares outstanding as of November 30, 2024, our per share net increase in net assets resulting from operations was $2.09 for the nine months ended November 30, 2024. For the nine months ended November 30, 2023, we recorded a net decrease in net assets resulting from operations of $3.6 million. Based on 12,355,815 weighted average common shares outstanding as of November 30, 2023, our per share net decrease in net assets resulting from operations was $0.29 for the nine months ended November 30, 2023. Â Â Â Â  FINANCIAL CONDITION, LIQUIDITY AND CAPITAL RESOURCES Â  We intend to continue to generate cash primarily from cash flows from operations, including interest earned from our investments in debt in middle-market companies, interest earned from the temporary investment of cash in U.S. government securities and other high-quality debt investments that mature in one year or less, the Encina Credit Facility and the Live Oak Credit Facility, our continued access to the SBA debentures future borrowings and future offerings of debt and equity securities. Â  Although we expect to fund the growth of our investment portfolio through the net proceeds from future equity offerings, including our dividend reinvestment plan (â€œDRIPâ€), our equity ATM Program (as defined below), and issuances of senior securities or future borrowings, to the extent permitted by the 1940 Act, we cannot assure you that our plans to raise capital will be successful. In this regard, because our common stock has historically traded at a price below our current NAV per share and we are limited in our ability to sell our common stock at a price below NAV per share, we have been and may continue to be limited in our ability to raise equity capital. Â  In addition, we intend to distribute to our stockholders substantially all of our operating taxable income in order to satisfy the distribution requirement applicable to RICs under the Code. In satisfying this distribution requirement, in accordance with certain applicable provisions of the Code and the Treasury regulations and a revenue procedure issued by the Internal Revenue Service (â€œIRSâ€), a RIC may treat a distribution of its own stock as fulfilling its RIC distribution requirements if each stockholder may elect to receive his or her entire distribution in either cash or stock of the RIC subject to a limitation that the aggregate amount of cash to be distributed to all stockholders must be at least 20% of the aggregate declared distribution. We may rely on the revenue procedure in future periods to satisfy our RIC distribution requirement. Â  Also, as a BDC, we generally are required to meet a coverage ratio of total assets, less liabilities and indebtedness not represented by senior securities, to total senior securities, which include all of our borrowings and any outstanding preferred stock, of at least 200%, reduced to 150% effective April 16, 2019 following the approval received from our board of directors, including a majority of our independent directors, on April 16, 2018. This requirement limits the amount that we may borrow. Our asset coverage ratio, as defined in the 1940 Act, was 160.1% as of November 30, 2024 and 161.1% as of February 29, 2024. To fund growth in our investment portfolio in the future, we anticipate needing to raise additional capital from various sources, including the equity markets and other public and private debt-related markets, which may or may not be available on favorable terms, if at all. Â  Consequently, we may not have the funds or the ability to fund new investments, to make additional investments in our portfolio companies, to fund our unfunded commitments to portfolio companies, to pay dividends or to repay borrowings. Also, the illiquidity of our portfolio investments may make it difficult for us to sell these investments when desired and, if we are required to sell these investments, we may realize significantly less than their recorded value. Â  Due to the diverse capital sources available to us at this time, we believe we have adequate liquidity to support our near term capital requirements. Â  Encina Credit Facility Â  Below is a summary of the terms of the Encina Credit Facility. Â  Commitment. We entered into the Credit and Security Agreement (the â€œEncina Credit Agreementâ€) relating to the Encina Credit Facility in the initial facility amount of $50.0 million (the â€œEncina Facility Amountâ€).Â  Â  Availability. We can draw up to the lesser of (i) the Encina Facility Amount and (ii) the Borrowing Base. The Borrowing Base is an amount equal to (i) the difference of (A) the product of the applicable advance rate which varies from 50.0% to 75.0% depending on the type of loan asset (Defaulted Loans being excluded in that they carry an advance rate of 0%) and the value, determined in accordance with the Encina Credit Facility (the â€œAdjusted Borrowing Valueâ€), of certain â€œeligibleâ€ loan assets pledged as security for the loan (the â€œBorrowing Base Valueâ€) and (B) the Excess Concentration Amount, as calculated in accordance with the Encina Credit Facility, plus (ii) any amounts held in the Prefunding Account and, without duplication, Excess Cash held in the Collection Account, less (iii) the product of (a) the amount of any undrawn funding commitments we have under any loan asset and (b) the Unfunded Exposure Haircut Percentage, and less (iv) $100,000. Each loan asset we held as of the date on which the Encina Credit Facility was closed was valued as of that date and each loan asset that we acquire after such date will be valued at the lowest of its fair value, its face value (excluding accrued interest) and the purchase price paid for such loan asset. Adjustments to the value of a loan asset will be made to reflect, among other things and under certain circumstances, changes in its fair value, a default by the obligor on the loan asset, insolvency of the obligor, acceleration of the loan asset, and certain modifications to the terms of the loan asset. Â  130 Â Â Â  The Encina Credit Facility contains limitations on the type of loan assets that are â€œeligibleâ€ to be included in the Borrowing Base and as to the concentration level of certain categories of loan assets in the Borrowing Base such as restrictions on geographic and industry concentrations, asset size and quality, payment frequency, status and terms, average life, and collateral interests. In addition, if an asset is to remain an â€œeligibleâ€ loan asset, we may not make changes to the payment, amortization, collateral and certain other terms of the loan assets without the consent of the administrative agent that will either result in subordination of the loan asset or be materially adverse to the lenders. Â  The Encina Credit Facility requires certain minimum drawn amounts. For the period beginning on the closing date and ended April 4, 2022, the minimum funding amount was $12.5 million. For the period beginning on April 5, 2022 through maturity, the minimum funding amount is the greater of $25.0 million and 50% of the Encina Facility Amount in effect from time to time. Â  Collateral. The Encina Credit Facility is secured by assets of SIF II and pledged to Encina under the Encina Credit Facility. SIF II is a wholly owned special purpose entity formed for the purpose of entering into the Encina Credit Facility. Â  Interest Rate and Fees. Under the Encina Credit Facility, funds were borrowed from or through certain lenders at the greater of the prevailing LIBOR rate and 0.75%, plus an applicable margin of 4.00%. The Encina Credit Agreement includes benchmark replacement provisions which permit the Administrative Agent and the borrower to select a replacement rate upon the unavailability of LIBOR. In addition, we pay the lenders a commitment fee of 0.75% per year (or 0.50% if the ratio of advances outstanding to aggregate commitments is greater than or equal to 50%) on the unused amount of the Encina Credit Facility for the duration of the term of the Encina Credit Facility. Accrued interest and commitment fees are payable monthly in arrears. We were also obligated to pay certain other fees to the lenders in connection with the closing of the Encina Credit Facility. Â Â  Collateral Tests. It is a condition precedent to any borrowing under the Encina Credit Facility that the principal amount outstanding under the Encina Credit Facility, after giving effect to the proposed borrowings, not exceed the Borrowing Base (the â€œBorrowing Base Testâ€). In addition to satisfying the Borrowing Base Test, the following tests must also be satisfied (together with Borrowing Base Test, the â€œCollateral Testsâ€): Â  Â  o Interest Coverage Ratio. The ratio (expressed as a percentage) of interest collections with respect to pledged loan assets, less certain fees and expenses relating to the Encina Credit Facility, to accrued interest and commitment fees payable to the lenders under the Encina Credit Facility for the last 6 payment periods must equal at least 175.0%. Â  Â  o Overcollateralization Ratio. The ratio (expressed as a percentage) of the aggregate Adjusted Borrowing Value of â€œeligibleâ€ pledged loan assets plus the fair value of certain ineligible pledged loan assets (in each case, subject to certain adjustments) to outstanding borrowings under the Encina Credit Facility plus the Unfunded Exposure Amount must equal at least 200.0%. Â  The Encina Credit Facility also may require payment of outstanding borrowings or replacement of pledged loan assets upon our breach of our representation and warranty that pledged loan assets included in the Borrowing Base are â€œeligibleâ€ loan assets. Such ineligible collateral loans will be excluded from the calculation of the Borrowing Base and may lead to a Borrowing Base Deficiency, which may be cured by effecting one or more (or any combination thereof) of the following actions: (A) deposit into or credit to the collection account cash and eligible investments, (B) repay outstanding borrowings (together with certain costs and expenses), (C) sell or substitute loan assets in accordance with the Encina Credit Facility, or (D) pledge additional loan assets as collateral. Compliance with the Collateral Tests is also a condition to the discretionary sale of pledged loan assets by us. Â  131 Â  Priority of Payments. The priority of payments provisions of the Encina Credit Facility require, after payment of specified fees and expenses, that collections of interest from the loan assets and, to the extent that these are insufficient, collections of principal from the loan assets, be applied on each payment date to payment of outstanding borrowings if the Borrowing Base Test, the Overcollateralization Ratio and the Interest Coverage Ratio would not otherwise be met. Â  Operating Expenses. The priority of payments provision of the Encina Credit Facility provides for the payment of certain of our operating expenses out of collections on interest and principal in accordance with the priority established in such provision. The operating expenses payable pursuant to the priority of payment provisions is limited to $200,000 per annum. Â Â  Covenants; Representations and Warranties; Events of Default. The Encina Credit Agreement contains customary representations and warranties, affirmative covenants, negative covenants and events of default. The Encina Credit Agreement does not contain grace periods for breach by us of any negative covenants or of certain of the affirmative covenants, including, without limitation, those related to preservation of the existence and separateness of the Company. Other events of default under the Encina Credit Agreement include, among other things, the following: Â  Â  o our failure to maintain an Interest Coverage Ratio of less than 175%; Â  Â  o our failure to maintain an Overcollateralization Ratio of less than 200%; Â  Â  o the filing of certain ERISA or tax liens on our assets or the Equity holder; Â  Â  o failure by Specified Holders to collectively, directly or indirectly, own and control at least 51% of the outstanding equity interests of Saratoga Investment Advisor, or (y) possess the right to elect (through contract, ownership of voting securities or otherwise) at all times a majority of the board of directors (or similar governing body) of Saratoga Investment Advisor and to direct the management policies and decisions of Saratoga Investment Advisor, or (ii)

the dissolution, termination or liquidation in whole or in part, transfer or other disposition, in each case, of all or substantially all of the assets of, Saratoga Investment Advisor; Â Â Â o indictment or conviction of Saratoga Investment Advisors or any â€œkey personâ€ for a felony offense, or any fraud, embezzlement or misappropriation of funds by Saratoga Investment Advisors or any â€œkey personâ€ and, in the case of â€œkey persons,â€ without a reputable, experienced individual reasonably satisfactory to Encina Lender Finance appointed to replace such key person within 30 days; Â Â o resignation, termination, disability or death of a â€œkey personâ€ or failure of any â€œkey personâ€ to provide active participation in Saratoga Investment Advisorsâ€™ daily activities, all without a reputable, experienced individual reasonably satisfactory to Encina Lender Finance appointed within 30 days. Â Â Fees and Expenses. We paid certain fees and reimbursed Encina Lender Finance, LLC for the aggregate amount of all documented, out-of-pocket costs and expenses, including the reasonable fees and expenses of lawyers, incurred by Encina Lender Finance, LLC in connection with the Encina Credit Facility and the carrying out of any and all acts contemplated thereunder up to and as of the date of closing. These amounts totaled $1.4 million. Â On January 27, 2023, we entered into the first amendment to the Encina Credit Agreement to, among other things: Â Â â— increase the borrowings available under theÂ EncinaÂ Credit Facility from up to $50.0 million to up to $65.0 million; Â Â â— change the underlying benchmark used to compute interest under the Encina Credit Agreement from LIBOR to Term SOFR for a one-month tenor plus a 0.10% credit spread adjustment; Â Â â— increase the applicable effective margin rate on borrowings from 4.00% to 4.25%; Â Â â— extend the revolving period from October 4, 2024 to January 27, 2026; Â Â â— extend the period during which the borrower may request one or more increases in the borrowings available under theÂ EncinaÂ Credit Facility (each such increase, a â€œFacility Increaseâ€) from October 4, 2023 to January 27, 2025, and increased the maximum borrowings available pursuant to the Encina Facility Increase from $75.0 million to $150.0 million; Â 132 Â Â â— revised the eligibility criteria for eligible collateral loans to exclude certain industries in which an obligor or related guarantor may be involved; and Â Â â— amended the provisions permitting the borrower to request an extension in the Commitment Termination Date (as defined in the Encina Credit Agreement) to allow requests to extend any applicable Commitment Termination Date, rather than a one-time request to extend the original Commitment Termination Date, subject to a notice requirement. Â Â As of November 30, 2024, we had $32.5 million outstanding borrowings under the Encina Credit Facility. Our borrowing base under the Encina Credit Facility at November 30, 2024 was $85.1 million. Â Â Live Oak Credit Facility Â Below is a summary of the terms of the Live Oak Credit Facility. Â Commitment. We entered into the Credit and Security Agreement (the â€œLive Oak Credit Agreementâ€) relating to the Live Oak Credit Facility in the initial facility amount of $50.0 million (the â€œLive Oak Facility Amountâ€). Â Availability. We can draw up to the lesser of (i) the Live Oak Facility Amount and (ii) the Borrowing Base. The Borrowing Base is an amount equal to (i) the difference of (A) the product of the applicable advance rate which varies from 50.0% to 75.0% depending on the type of loan asset (Defaulted Loans being excluded in that they carry an advance rate of 0%) and the value, determined in accordance with the Encina Credit Facility (the â€œAdjusted Borrowing Valueâ€), of certain â€œeligibleâ€ loan assets pledged as security for the loan (the â€œBorrowing Base Valueâ€) and (B) the Excess Concentration Amount, as calculated in accordance with the Encina Credit Facility, plus (ii) any amounts held in the Prefunding Account and, without duplication, Excess Cash held in the Collection Account, less (iii) the product of (a) the amount of any undrawn funding commitments we have under any loan asset and (b) the Unfunded Exposure Haircut Percentage, and less (iv) $100,000. Each loan asset we held as of the date on which the Live Oak Credit Facility was closed was valued as of that date and each loan asset that we acquire after such date will be valued at the lowest of its fair value, its face value (excluding accrued interest) and the purchase price paid for such loan asset. Adjustments to the value of a loan asset will be made to reflect, among other things and under certain circumstances, changes in its fair value, a default by the obligor on the loan asset, insolvency of the obligor, acceleration of the loan asset, and certain modifications to the terms of the loan asset. Â The Live Oak Credit Facility contains limitations on the type of loan assets that are â€œeligibleâ€ to be included in the Borrowing Base and as to the concentration level of certain categories of loan assets in the Borrowing Base such as restrictions on geographic and industry concentrations, asset size and quality, payment frequency, status and terms, average life, and collateral interests. In addition, if an asset is to remain an â€œeligibleâ€ loan asset, we may not make changes to the payment, amortization, collateral and certain other terms of the loan assets without the consent of the administrative agent that will either result in subordination of the loan asset or be materially averse to the lenders. Â Â The Live Oak Credit Facility requires certain minimum drawn amounts. For the period beginning on the closing date of March 27, 2024, and ending March 27, 2025, the minimum funding amount was $12.5 million. For the period beginning on March 28, 2025, through maturity, the minimum funding amount is the greater of $25.0 million and 50% of the Live Oak Facility Amount in effect from time to time. Â Collateral. The Live Oak Credit Facility is secured by assets of SIF III and pledged to Live Oak under the Live Oak Credit Facility. SIF III is a wholly owned special purpose entity formed for the purpose of entering into the Live Oak Credit Facility. Â 133 Â Interest Rate and Fees. Advances under the Live Oak Credit Facility bear interest at a floating rate per annum equal to the greater of the prevailing Adjusted Term SOFR and 0.75%, plus an applicable margin between 3.50% and 4.25% based on the Live Oak Credit Facilityâ€™s utilization. In addition, we pay the lenders a commitment fee of 0.50% per year on the unused amount of the Live Oak Credit Facility for the duration of the term of the Live Oak Credit Facility. Accrued interest and commitment fees are payable monthly in arrears. We were also obligated to pay certain other fees to the lenders in connection with the closing of the Live Oak Credit Facility. Â Collateral Tests. It is a condition precedent to any borrowing under the Live Oak Credit Facility that the principal amount outstanding under the Live Oak Credit Facility, after giving effect to the proposed borrowings, not exceed the Borrowing Base (the â€œBorrowing Base Testâ€). In addition to satisfying the Borrowing Base Test, the following tests must also be satisfied (together with Borrowing Base Test, the â€œCollateral Testsâ€): Â Â â— Interest Coverage Ratio. The ratio (expressed as a percentage) of interest collections with respect to pledged loan assets, less certain fees and expenses relating to the Live Oak Credit Facility, to accrued interest and commitment fees payable to the lenders under the Live Oak Credit Facility for the last 6 payment periods must equal at least 175.0%. Â Â â— Overcollateralization Ratio. The ratio (expressed as a percentage) of the aggregate Adjusted Borrowing Value of â€œeligibleâ€ pledged loan assets plus the fair value of certain ineligible pledged loan assets (in each case, subject to certain adjustments) to outstanding borrowings under the Live Oak Credit Facility plus the Unfunded Exposure Amount must equal at least 200.0%. Â The Live Oak Credit Facility also may require payment of outstanding borrowings or replacement of pledged loan assets upon our breach of our representation and warranty that pledged loan assets included in the Borrowing Base are â€œeligibleâ€ loan assets. Such ineligible collateral loans will be excluded from the calculation of the Borrowing Base and may lead to a Borrowing Base Deficiency, which may be cured by effecting one or more (or any combination thereof) of the following actions: (A) deposit into or credit to the Collection Account cash and Eligible Investments, (B) repay Advances (together with all accrued and unpaid costs and expenses of the Agents, Custodian, Collateral Administrator, Securities Intermediary and the Lenders), (C) sell or substitute Collateral Loans in accordance with Article X, or (D) pledge additional Collateral Loans as Collateral. Â Priority of Payments. The priority of payments provisions of the Live Oak Credit Facility require, after payment of specified fees and expenses, that collections of interest from the loan assets and, to the extent that these are insufficient, collections of principal from the loan assets, be applied on each payment date to payment of outstanding borrowings if the Borrowing Base Test, the Overcollateralization Ratio and the Interest Coverage Ratio would not otherwise be met. Â Operating Expenses. The priority of payments provision of the Live Oak Credit Facility provides for the payment of certain of our operating expenses out of collections on interest and principal in accordance with the priority established in such provision. The operating expenses payable pursuant to the priority of payment provisions is limited to $200,000 per annum. Â Covenants; Representations and Warranties; Events of Default. The Live Oak Credit Agreement contains customary representations and warranties, affirmative covenants, negative covenants and events of default. The Live Oak Credit Agreement does not contain grace periods for breach by us of any negative covenants or of certain of the affirmative covenants, including, without limitation, those related to preservation of the existence and separateness of the Company. Other events of default under the Live Oak Credit Agreement include, among other things, the following: Â Â o our failure to maintain an Interest Coverage Ratio of less than 175%; Â Â o our failure to maintain an Overcollateralization Ratio of less than 200%; Â Â o the filing of certain ERISA or tax liens on our assets or the Equity holder; Â Â o failure by Specified Holders to collectively, directly or indirectly, own and control at least 51% of the outstanding equity interests of Saratoga Investment Advisor, or (y) possess the right to elect (through contract, ownership of voting securities or otherwise) at all times a majority of the board of directors (or similar governing body) of Saratoga Investment Advisor and to direct the management policies and decisions of Saratoga Investment Advisor, or (ii) the dissolution, termination or liquidation in whole or in part, transfer or other disposition, in each case, of all or substantially all of the assets of, Saratoga Investment Advisor; Â 134 Â Â o indictment or conviction of Saratoga Investment Advisors or any â€œkey personâ€ for a felony offense, or any fraud, embezzlement or misappropriation of funds by Saratoga Investment Advisors or any â€œkey personâ€ and, in the case of â€œkey persons,â€ without a reputable, experienced individual reasonably satisfactory to Live Oak Lender Finance appointed to replace such key person within 30 days; Â Â o resignation, termination, disability or death of a â€œkey personâ€ or failure of any â€œkey personâ€ to provide active participation in Saratoga Investment Advisorsâ€™ daily activities, all without a reputable, experienced individual reasonably satisfactory to Live Oak Lender Finance appointed within 30 days. Â Fees and Expenses. We paid certain fees and reimbursed Live Oak Lender Finance, LLC for the aggregate amount of all documented, out-of-pocket costs and expenses, including the reasonable fees and expenses of lawyers, incurred by Live Oak Banking Company in connection with the Live Oak Credit Facility and the carrying out of any and all acts contemplated thereunder up to and as of the date of closing. These amounts totaled $0.8 million. Â On June 14, 2024, we entered into the first amendment to the Live Oak Credit Agreement (the â€œAmendmentâ€). The Amendment, among other things: Â Â â— increased the borrowings available under the Live Oak Credit Facility from up to $50.0 million to up to $75.0 million, subject to a borrowing base requirement; Â Â â— added new lenders (as identified in the Amendment) to the Live Oak Credit Agreement; Â Â â— replaced administrative agent approval with â€œRequired Lenderâ€ (as defined in the Live Oak Credit Agreement) approval with respect to certain matters; Â Â â— replaced Required Lender approval with 100% lender approval with respect to certain matters; and Â Â â— changed the definition of Required Lender to require the approval of at least two unaffiliated lenders. Â As of November 30, 2024 there was $20.0 million in outstanding borrowings under the Live Oak Credit Facility. During the applicable period, the Company was in compliance with all of the limitations and requirements under the Live Oak Credit Agreement. Our borrowing base under the Live Oak Credit Facility at November 30, 2024 was $86.4 million. Â SBA-guaranteed debentures Â In addition, we, through two current wholly owned subsidiaries, sought and obtained licenses from the SBA to operate an SBIC. In this regard, our wholly owned subsidiaries, SBIC II LP, and SBIC III LP, received an SBIC license from the SBA on August 14, 2019, and September 29, 2022, respectively. SBICs are designated to stimulate the flow of private equity capital to eligible small businesses. Under SBA regulations, SBICs may make loans to eligible small businesses and invest in the equity securities of small businesses. Our wholly owned subsidiary SBIC LP fully repaid its outstanding debentures and subsequently surrendered its license to the SBA on January 3, 2023, and SBIC LP subsequently merged with and into the Company. Â The SBIC license allows our SBIC Subsidiaries to obtain leverage by issuing SBA-guaranteed debentures. SBA-guaranteed debentures are non-recourse, interest only debentures with interest payable semi-annually and have a ten-year maturity. The principal amount of SBA-guaranteed debentures is not required to be paid prior to maturity but may be prepaid at any time without penalty. The interest rate of SBA-guaranteed debentures is fixed on a semi-annual basis at a market-driven spread over U.S. Treasury Notes with 10-year maturities. Â 135 Â The SBIC Subsidiaries are regulated by the SBA. SBA regulations currently limit the amount that our SBIC Subsidiaries may individually borrow up to a maximum of $175.0 million of SBA debentures if the SBIC Subsidiary has at least $87.5 million in regulatory capital, subject to the SBAâ€™s approval. Under current SBIC regulations, for two or more SBICs under common control, the maximum amount of outstanding SBA debentures cannot exceed $350.0 million. The SBIC Subsidiaries are able to borrow funds from the SBA against regulatory capital (which generally approximates equity capital in the respective SBIC) and are subject to customary regulatory requirements, including, but not limited to, periodic examination by the SBA. Â We received exemptive relief from the SEC to permit us to exclude the debt of our SBIC Subsidiaries guaranteed by the SBA from the definition of senior securities in the asset coverage test under the 1940 Act. This allows us increased flexibility under the asset coverage test by permitting us to borrow up to $350.0 million more than we would otherwise be able to absent the receipt of this exemptive relief. On April 16, 2018, as permitted by the Small Business Credit Availability Act, which was signed into law on March 23, 2018, our board of directors, including a majority of our independent directors, approved of our becoming subject to a minimum asset coverage ratio of 150% from 200% under Sections 18(a)(1) and 18(a)(2) of the Investment Company Act, as amended. The 150% asset coverage ratio became effective on April 16, 2019. Â Â Â As of November 30, 2024 SBIC II LP had $87.5 million in regulatory capital and $175.0 million in SBA-guaranteed debentures outstanding and SBIC III LP had $66.7 million in regulatory capital and $39.0 million in SBA-guaranteed debentures outstanding. Since September 24, 2014, the Share Repurchase Plan has been extended annually, and we have periodically increased the amount of shares of common stock that may be purchased under the Share Repurchase Plan. Most recently, on January 7, 2025, our board of directors extended the Share Repurchase Plan for another year to January 15, 2026, which currently permits up to 1.7 million of shares of common stock may be repurchased under the Share Repurchase Plan. As of November 30, 2024, we purchased 1,035,203 shares of common stock, at the average price of $22.05 for approximately $22.8 million pursuant to the Share Repurchase Plan. During the three and nine months ended November 30, 2024, we did not purchase any shares pursuant to the Share Repurchase Plan. Â Â  Public Equity Offering Â  On July 13, 2018, we issued 1,150,000 shares of common stock priced at $25.00 per share (par value $0.001 per share) at an aggregate total of $28.75 million. The net proceeds, afterÂ deducting underwriting commissions of $1.15 million and offering costs of approximately $0.2 million, amounted to approximately $27.4 million.Â We also granted the underwriters a 30-day option to purchase up to an additional 172,500 shares of common stock, which was not exercised. Â  Equity ATM Program Â  On March 16, 2017, we entered into an equity distribution agreement with Ladenburg Thalmann & Co. Inc., through which we may offer for sale, from time to time, up to $30.0 million of our common stock through an ATM offering. Subsequent to this, we amended our equity distribution agreement to add BB&T Capital Markets and B. Riley FBR, Inc. as sales agents in our ATM offering. On July 11, 2019, the amount of the common stock to be offered was increased to $70.0 million, and on October 8, 2019, the amount of the common stock to be offered was increased to $130.0 million. This agreement was terminated as of July 29, 2021, and as of that date, we had sold 3,922,018 shares for gross proceeds of $97.1 million at an average price of $24.77 for aggregate net proceeds of $95.9 million (net of transaction costs). Â  On July 30, 2021, we entered into an equity distribution agreement (the â€œEquity Distribution Agreementâ€) with Ladenburg Thalmann& Co. Inc. (â€œLadenburgâ€) and Compass Point Research and Trading, LLC (â€œCompass Pointâ€), each as distribution agents, through which we may offer for sale, from time to time, up to $150.0 million of our common stock through the Agents (as defined below), or to them, as principal for their account (the â€œATM Programâ€). Â  On July 6, 2023, we amended the Equity Distribution Agreement to increase the maximum amount of shares of our common stock to be sold through the ATM Program to $300.0 million from $150.0 million On July 19, 2023, we amended the Equity Distribution Agreement to add an additional distribution agent, Raymond James & Associates, Inc. Â  148 Â  ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK Â  Our business activities contain elements of market risk. We consider the fluctuation in interest rates to be our principal market risk. Managing this risk is essential to our business. Accordingly, we have systems and procedures designed to identify and analyze our risks, to establish appropriate policies and thresholds and to continually monitor this risk and thresholds by means of administrative and information technology systems and other policies and processes. Â  Interest rate risk is defined as the sensitivity of our current and future earnings to interest rate volatility, including relative changes in different interest rates, variability of spread relationships, the difference in re-pricing intervals between our assets and liabilities and the effect that interest rates may have on our cash flows. Changes in the general level of interest rates can affect our net interest income, which is the difference between the interest income earned on interest earning assets and our interest expense incurred in connection with our interest-bearing debt and liabilities. Changes in interest rates can also affect, among other things, our ability to acquire leveraged loans, high yield bonds and other debt investments and the value of our investment portfolio. Â  Our investment income is affected by fluctuations in various interest rates, including SOFR and the prime rate. Substantially all of our portfolio is, and we expect will continue to be, comprised of floating rate investments that utilize SOFR or an alternate rate. From March 2022 to July 2023, the Federal Reserve periodically raised interest rates to combat inflation concerns and maintained the same benchmark rate from July 2023 to September 2024. While the Federal Reserve cut its benchmark rate in the third quarter of 2024 for the first time since March 2020 and indicated that there may be additional rate cuts in 2024, including the most recent cut in November 2024, future reductions to benchmark rates are not certain. Additionally, there can be no assurance that the Federal Reserve will not make upwards adjustments to the federal funds rate in the future. In a high interest rate environment, our cost of funds would increase, which could reduce our net investment income if there is not a corresponding increase in interest income generated by our investment portfolio. It is possible that the Federal Reserveâ€™s tightening cycle could result in a recession in the United States, which would likely decrease interest rates. A prolonged reduction in interest rates will reduce our gross investment income and could result in a decrease in our net investment income if such decreases in base rates, such as SOFR, are not offset by corresponding increases in the spread over such base rates that we earn on any portfolio investments, a decrease in our operating expenses, including with respect to our income incentive fee, or a decrease in the interest rate of our floating interest rate liabilities. Our interest expense is affected by fluctuations in SOFR on our Encina Credit Facility and Live Oak Credit Facility. In addition, all of our assets have been transitioned from LIBOR to an acceptable replacement rate, such as SOFR. At November 30, 2024, we had $785.4 million of borrowings outstanding. In addition, as of November 30, 2024, there were $32.5 million borrowings outstanding under the Encina Credit Facility and $20.0 million borrowings outstanding under the Live Oak Credit Facility. Â  We have analyzed the potential impact of changes in interest rates on interest income from investments. Assuming that our investments as of November 30, 2024 were to remain constant for a full fiscal year and no actions were taken to alter the existing interest rate terms, a hypothetical change of a 1.0% increase in interest rates would cause a corresponding increase of approximately $8.6 million to our interest income. Conversely, a hypothetical change of a 1.0% decrease in interest rates would cause a corresponding decrease of approximately $8.5 million to our interest income. Â  Changes in interest rates would have no impact to our current interest and debt financing expense, as all our borrowings except for our credit facilities are fixed rate. Â  Although management believes that this measure is indicative of our sensitivity to interest rate changes, it does not adjust for potential changes in credit quality, size and composition of the assets on the consolidated statements of assets and liabilities and other business developments that could magnify or diminish our sensitivity to interest rate changes, nor does it account for divergences in SOFR and the commercial paper rate, which have historically moved in tandem but, in times of unusual credit dislocations, have experienced periods of divergence. Accordingly, no assurances can be given that actual results would not materially differ from the potential outcome simulated by this estimate. Â  149 Â  For further information, the following table shows the approximate annualized increase or decrease in the components of net investment income due to hypothetical base rate changes in interest rates, assuming no changes in our investments and borrowings as of November 30, 2024. [3] Securities are exempt from registration under Rule 144A of the Securities Act of 1933, as amended, and are restricted securities. Money market funds are valued at net asset value and are considered level 1 investments within the fair value hierarchy. [4] Non-income producing at February 29, 2024. [5] Percentages are based on net

assets of $370,224,108 as of February 29, 2024. [6] Because there is no â€œreadily available market quotationsâ€ (as defined in the 1940 Act) for these investments, the fair values of these investments were determined using significant unobservable inputs and approved in good faith by our board of directors. These investments have been included as Level 3 in the Fair Value Hierarchy (see Note 3 to the consolidated financial statements). [7] These securities are either fully or partially pledged as collateral under the Companyâ€™s senior secured revolving credit facility (see Note 8 to the consolidated financial statements). [8] All or a portion of this investment has an unfunded commitment as of February 29, 2024. (See Note 9 to the consolidated financial statements). [9] All or a portion of this investment has an unfunded commitment as of November 30, 2024. (See Note 9 to the consolidated financial statements). [10] As defined in the 1940 Act, this portfolio company is an â€œaffiliateâ€ as we own between 5.0% and 25.0% of the outstanding voting securities. Modis Dental Partners OpCo, LLC and Alpha Aesthetics Partners OpCo, LLC are no longer affiliates as of February 29, 2024. Transactions during the year ended February 29, 2024 in which the issuer was an affiliate are as follows: [11] As defined in the 1940 Act, this portfolio company is an â€œaffiliateâ€ as we own between 5.0% and 25.0% of the outstanding voting securities. Transactions during the nine months ended November 30, 2024 in which the issuer was an affiliate are as follows: [12] Includes securities issued by an affiliate of the company. [13] Represents an investment that is not a â€œqualifying assetâ€ under Section 55(a) of the Investment Company Act of 1940, as amended (the 1940 Actâ€). As of February 29, 2024, non-qualifying assets represent 6.2% of the Companyâ€™s portfolio at fair value. As a BDC, the Company generally has to invest at least 70% of its total assets in qualifying assets. [14] As defined in the 1940 Act, we â€œcontrolâ€ this portfolio company because we own more than 25% of the portfolio companyâ€™s outstanding voting securities. Transactions during the nine months ended November 30, 2024 in which the issuer was both an affiliate and a portfolio company that we control are as follows: [15] Represents an investment that is not a â€œqualifying assetâ€ under Section 55(a) of the Investment Company Act of 1940, as amended (the 1940 Actâ€). As of November 30, 2024, non-qualifying assets represent 4.0% of the Companyâ€™s portfolio at fair value. As a BDC, the Company generally has to invest at least 70% of its total assets in qualifying assets. [16] As of February 29, 2024, the investment was on non-accrual status. The fair value of these investments was approximately $18.9 million, which represented 1.7% of the Companyâ€™s portfolio (see Note 2 to the consolidated financial statements). [17] This investment elected to PIK 20% of accrued interest, with 80% of accrued interest payable in cash. [18] As defined in the 1940 Act, we â€œcontrolâ€ this portfolio company because we own more than 25% of the portfolio companyâ€™s outstanding voting securities. Transactions during the year ended February 29, 2024 in which the issuer was both an affiliate and a portfolio company that we control are as follows: [19] As of November 30, 2024, the investment was on non-accrual status. The fair value of these investments was approximately $2.7 million, which represented 0.3% of the Companyâ€™s portfolio (see Note 2 to the consolidated financial statements). [20] This investment does not have a stated interest rate that is payable thereon. As a result, the 0.00% interest rate in the table above represents the effective interest rate currently earned on the investment cost and is based on the current cash interest and other income generated by the investment. [2] Securities are exempt from registration under Rule 144A of the Securities Act of 1933, as amended, and are restricted securities. Money market funds are valued at net asset value and are considered level 1 investments within the fair value hierarchy. [3] These securities are either fully or partially pledged as collateral under the Companyâ€™s senior secured revolving credit facility (see Note 8 to the consolidated financial statements). [4] All or a portion of this investment has an unfunded commitment as of February 29, 2024. (See Note 9 to the consolidated financial statements). [5] Percentages are based on net assets of $370,224,108 as of February 29, 2024. [6] All or a portion of this investment has an unfunded commitment as of November 30, 2024. (See Note 9 to the consolidated financial statements). [7] As defined in the 1940 Act, this portfolio company is an â€œaffiliateâ€ as we own between 5.0% and 25.0% of the outstanding voting securities. Modis Dental Partners OpCo, LLC and Alpha Aesthetics Partners OpCo, LLC are no longer affiliates as of February 29, 2024. Transactions during the year ended February 29, 2024 in which the issuer was an affiliate are as follows: [8] As defined in the 1940 Act, this portfolio company is an â€œaffiliateâ€ as we own between 5.0% and 25.0% of the outstanding voting securities. Transactions during the nine months ended November 30, 2024 in which the issuer was an affiliate are as follows: [9] Represents an investment that is not a â€œqualifying assetâ€ under Section 55(a) of the Investment Company Act of 1940, as amended (the 1940 Actâ€). As of February 29, 2024, non-qualifying assets represent 6.2% of the Companyâ€™s portfolio at fair value. As a BDC, the Company generally has to invest at least 70% of its total assets in qualifying assets. [10] Includes securities issued by an affiliate of the company. [11] Non-income producing at February 29, 2024. [12] Non-income producing at November 30, 2024. [13] As of February 29, 2024, the investment was on non-accrual status. The fair value of these investments was approximately $18.9 million, which represented 1.7% of the Companyâ€™s portfolio (see Note 2 to the consolidated financial statements). [14] This investment elected to PIK 20% of accrued interest, with 80% of accrued interest payable in cash. [15] As defined in the 1940 Act, we â€œcontrolâ€ this portfolio company because we own more than 25% of the portfolio companyâ€™s outstanding voting securities. Transactions during the year ended February 29, 2024 in which the issuer was both an affiliate and a portfolio company that we control are as follows: [16] As defined in the 1940 Act, we â€œcontrolâ€ this portfolio company because we own more than 25% of the portfolio companyâ€™s outstanding voting securities. Transactions during the nine months ended November 30, 2024 in which the issuer was both an affiliate and a portfolio company that we control are as follows: [17] As of November 30, 2024, the investment was on non-accrual status. The fair value of these investments was approximately $2.7 million, which represented 0.3% of the Companyâ€™s portfolio (see Note 2 to the consolidated financial statements). [18] Represents an investment that is not a â€œqualifying assetâ€ under Section 55(a) of the Investment Company Act of 1940, as amended (the 1940 Actâ€). As of November 30, 2024, non-qualifying assets represent 4.0% of the Companyâ€™s portfolio at fair value. As a BDC, the Company generally has to invest at least 70% of its total assets in qualifying assets. [19] This investment does not have a stated interest rate that is payable thereon. As a result, the 0.00% interest rate in the table above represents the effective interest rate currently earned on the investment cost and is based on the current cash interest and other income generated by the investment. Organization Â  Saratoga Investment Corp. (the â€œCompanyâ€, â€œweâ€, â€œourâ€ and â€œusâ€) is a non-diversified closed end management investment company incorporated in Maryland that has elected to be regulated as a business development company (â€œBDCâ€) under the Investment Company Act of 1940, as amended (the â€œ1940 Actâ€). The Company commenced operations on March 23, 2007 as GSC Investment Corp. and completed the initial public offering (â€œIPOâ€) on March 28, 2007. The Company has elected, and intends to qualify annually, to be treated for U.S. federal income tax purposes as a regulated investment company (â€œRICâ€) under Subchapter M of the Internal Revenue Code of 1986, as amended (the â€œCodeâ€). The Companyâ€™s investment objective is to generate current income and, to a lesser extent, capital appreciation from its investments. Â  GSC Investment, LLC (the â€œLLCâ€) was organized in May 2006 as a Maryland limited liability company. On March 21, 2007, the Company was incorporated and concurrently therewith the LLC was merged with and into the Company, with the Company as the surviving entity, in accordance with the procedure for such merger in the LLCâ€™s limited liability company agreement and Maryland law. In connection with such merger, each outstanding limited liability company interest of the LLC was converted into a share of common stock of the Company. Â  On July 30, 2010, the Company changed its name from â€œGSC Investment Corp.â€ to â€œSaratoga Investment Corp.â€ in connection with the consummation of a recapitalization transaction. Â  The Company is externally managed and advised by the investment adviser, Saratoga Investment Advisors, LLC (the â€œManagerâ€ or â€œSaratoga Investment Advisorsâ€), pursuant to an investment advisory and management agreement (the â€œManagement Agreementâ€). Â  The Company has established wholly owned subsidiaries, SIA-AAP, Inc., SIA-ARC, Inc., SIA-Avionte, Inc., SIA-AX, Inc., SIA-G4, Inc., SIA-GH, Inc., SIA-MDP, Inc., SIA-PP Inc., SIA-SZ, Inc., SIA-TG, Inc., SIA-TT, Inc. and SIA-Vector, Inc., which are structured as Delaware entities that are treated as corporations for U.S. federal income tax purposes and are intended to facilitate its compliance with the requirements to be treated as a RIC under the Code by holding equity or equity-like investments in portfolio companies organized as limited liability companies, or LLCs (or other forms of pass through entities). These entities are consolidated for accounting purposes, but are not consolidated for U.S. federal income tax purposes and may incur U.S. federal income tax expenses as a result of their ownership of portfolio companies. In February 2022, SIA-GH, Inc., SIA-TT Inc. and SIA-VR, Inc. received an approved plan of liquidation following the sale of equity held by each of the portfolio companies. Â In June 2024, SIA-MAC, Inc. and SIA-VR, Inc. were dissolved. Â  Our wholly owned subsidiaries, Saratoga Investment Corp. SBIC II LP (â€œSBIC II LPâ€) and Saratoga Investment Corp. SBIC III LP (â€œSBIC III LPâ€, and together with SBIC II LP, the â€œSBIC Subsidiariesâ€), received licenses to operate as small business investment companies from the SBA on August 14, 2019 and September 29, 2022, respectively. Each of the SBIC Subsidiaries provides up to $175.0 million in long-term capital in the form of debentures guaranteed by the SBA. Our wholly owned subsidiary Saratoga Investment Corp. SBIC LP (â€œSBIC LPâ€) repaid its outstanding debentures and subsequently surrendered its license to the SBA on January 3, 2024, providing the Company access to all undistributed capital of SBIC LP, and SBIC LP subsequently merged with and into the Company. Under current SBIC regulations, for two or more SBICs under common control, the maximum amount of outstanding SBA debentures cannot exceed $350.0 million with at least $175.0 million in combined regulatory capital. Â  The Company has formed wholly owned special purpose entities organized as Delaware limited liability companies, Saratoga Investment Funding II LLC (â€œSIF IIâ€) and Saratoga Investment Funding III LLC (â€œSIF IIIâ€) for the purpose of the Encina Credit Facility and the Live Oak Credit Facility (each as defined below), respectively. The senior secured revolving credit facility (the â€œEncina Credit Facility) with Encina Lender Finance, LLC (â€œEncinaâ€) is supported by loans held by SIF II and pledged to Encina, and the senior secured revolving credit facility (the â€œLive Oak Credit Facilityâ€) with Live Oak Banking Company (â€œLive Oakâ€) is supported by loans held by SIF III and pledged to Live Oak. Â  On October 26, 2021, the Company and TJHA JV I LLC (â€œTJHAâ€) entered into a Limited Liability Company Agreement to co-manage Saratoga Senior Loan Fund I JV LLC (â€œSLF JVâ€). SLF JV is under joint control and is not consolidated. SLF JV is invested in Saratoga Investment Corp Senior Loan Fund 2022-1 Ltd. (â€œSLF 2022â€), which is a wholly owned subsidiary of SLF JV. SLF 2022 was formed for the purpose of making investments in a diversified portfolio of broadly syndicated first lien and second lien term loans or bonds in the primary and secondary markets. On October 28, 2022, SLF 2022 issued $402.1 million of debt (the

â€œ2022 JV CLO Notesâ€) through a collateralized loan obligation trust (the â€œJV CLO trustâ€). The 2022 JV CLO Notes were issued pursuant to an indenture, dated October 28, 2022 (the â€œJV Indentureâ€), with U.S. Bank Trust Company, National Association (as successor in interest to U.S. Bank National Association) (the â€œTrusteeâ€) servicing as the trustee. Summary of Significant Accounting Policies Â Basis of Presentation Â Â The accompanying consolidated financial statements have been prepared on the accrual basis of accounting in conformity with U.S. generally accepted accounting principles (â€œU.S. GAAPâ€), are stated in U.S. Dollars and include the accounts of the Company and its wholly owned special purpose financing subsidiaries, SIF II, SIF III, SBIC II LP, SBIC III LP, SIA-AAP, Inc., SIA-ARC, Inc., SIA-Avionte, Inc., SIA-AX, Inc., SIA-G4, Inc., SIA-GH, Inc., SIA-MDP, Inc.,, SIA-PP, Inc., SIA-SZ, Inc., SIA-TG, Inc., SIA-TT Inc., and SIA-Vector, Inc. All intercompany accounts and transactions have been eliminated in consolidation. All references made to the â€œCompany,â€ â€œwe,â€ and â€œusâ€ herein include Saratoga Investment Corp. and its consolidated subsidiaries, except as stated otherwise. Â The Company, SBIC II LP, and SBIC III LP are all considered to be investment companies for financial reporting purposes and have applied the guidance in the Financial Accounting Standards Board (â€œFASBâ€) Accounting Standards Codification (â€œASCâ€) Topic 946, Financial Services â€“ Investment Companies (â€œASC 946â€). There have been no changes to the Company, SBIC II LP, or SBIC III LPâ€™s status as investment companies during the three months ended November 30, 2024. Â Principles of Consolidation Â Under the investment company rules and regulations pursuant to ASC 946, the Company is precluded from consolidating any entity other than another investment company or controlled operating company whose business consists of providing services to the Company.Â As a result, the consolidated financial statements of the Company include only the accounts of the Company and its wholly owned subsidiaries. All intercompany balances and transactions have been eliminated in consolidation. Â The Company has determined that SLF JV is an investment company under ASC 946; however, in accordance with such guidance the Company will generally not consolidate its investment in a company other than a wholly owned investment company subsidiary. SLF JV is not a wholly owned investment company subsidiary as the Company and TJHA each have an equal 50% voting interest in SLF JV and thus neither party has a controlling financial interest. Furthermore, FASB ASC Topic 810, Consolidation, concludes that in a joint venture where both members have equal decision-making authority, it is not appropriate for one member to consolidate the joint venture since neither has control. Accordingly, the Company does not consolidate its investment in SLF JV. Â Use of Estimates in the Preparation of Financial Statements Â The preparation of the accompanying consolidated financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements, and income, gains (losses) and expenses during the period reported. Actual results could differ materially from those estimates. Â Operating Segment Â The Company invests in various industries and separately evaluates the performance of each of its investment relationships. However, because each of these investment relationships have similar business and economic characteristics, they have been aggregated into a single investment segment. All applicable segment disclosures are included in or can be derived from the Companyâ€™s consolidated financial statements (See Note 3. Investments). Â Cash and Cash Equivalents Â Cash and cash equivalents include short-term, liquid investments in a money market fund. The Company places its cash in financial institutions and, at times, such balances may be in excess of the Federal Deposit Insurance Corporation insurance limits. Cash and cash equivalents are carried at cost which approximates fair value. Pursuant to Section 12(d)(1)(A) of the 1940 Act, the Company may not invest in another investment company, such as a money market fund, if such investment would cause the Company to: Â Â â— own more than 3.0% of the investment companyâ€™s total outstanding voting stock; Â Â â— hold securities in the investment company having an aggregate value in excess of 5.0% of the value of the Companyâ€™s total assets; or Â Â â— hold securities in investment companies having an aggregate value in excess of 10.0% of the value of the Companyâ€™s total assets. Â As of November 30, 2024, the Company did not exceed any of these limitations.Â Cash and Cash Equivalents, Reserve Accounts Â Cash and cash equivalents, reserve accounts include amounts held in designated bank accounts in the form of cash and short-term liquid investments in money market funds, and, at times, such balances may be in excess of the Federal Deposit Insurance Corporation insurance limits, representing payments received on secured investments or other reserved amounts associated with the Encina Credit Facility or the Live Oak Credit Facility held by the Companyâ€™s wholly owned subsidiaries, SIF II and SIF III, respectively. The Company is required to use these amounts to pay interest expense, reduce borrowings, or pay other amounts in accordance with the terms of the Encina Credit Facility and the Live Oak Credit Facility. Â In addition, cash and cash equivalents, reserve accounts also include amounts held in designated bank accounts, in the form of cash and short-term liquid investments in money market funds, within the Companyâ€™s wholly owned subsidiaries, SBIC II LP and SBIC III LP. Â The statements of cash flows explain the change during the period in the total of cash, cash equivalents and amounts generally described as restricted cash and restricted cash equivalents when reconciling the beginning-of-period and end-of-period total amounts. Â The following table provides a reconciliation of cash and cash equivalents and cash and cash equivalents, reserve accounts reported within the consolidated statements of assets and liabilities that sum to the total of the same such amounts shown in the consolidated statements of cash flows: Â Â Â NovemberÂ 30, 2024Â Â Â FebruaryÂ 29, 2024Â Cash and cash equivalentsÂ $147,614,810Â Â $8,692,846Â Cash and cash equivalents, reserve accountsÂ Â 102,549,213Â Â Â 31,814,278Â Total cash and cash equivalents and cash and cash equivalents, reserve accountsÂ $250,164,023Â Â $40,507,124Â Â Investment Classification Â The Company classifies its investments in accordance with the requirements of the 1940 Act. Under the 1940 Act, â€œcontrol investmentsâ€ are defined as investments in companies in which the Company owns more than 25.0% of the voting securities or maintains greater than 50.0% of the board representation. Under the 1940 Act, â€œaffiliated investmentsâ€ are defined as those non-control investments in companies in which the Company owns between 5.0% and 25.0% of the voting securities. Under the 1940 Act, â€œnon-affiliated investmentsâ€ are defined as investments that are neither control investments nor affiliated investments. Â Investment Valuation Â The Company accounts for its investments at fair value in accordance with the FASB ASC Topic 820, Fair Value Measurement (â€œASC 820â€). ASC 820 defines fair value, establishes a framework for measuring fair value, establishes a fair value hierarchy based on the quality of inputs used to measure fair value and enhances disclosure requirements for fair value measurements. ASC 820 requires the Company to assume that its investments are to be sold or its liabilities are to be transferred at the measurement date in the principal market to independent market participants, or in the absence of a principal market, in the most advantageous market, which may be a hypothetical market. Market participants are defined as buyers and sellers in the principal or most advantageous market that are independent, knowledgeable, and willing and able to transact. Â Investments for which market quotations are readily available are fair valued at such market quotations obtained from independent third-party pricing services and market makers subject to any decision by the Companyâ€™s board of directors to approve a fair value determination to reflect significant events affecting the value of these investments. The Company values investments for which market quotations are not readily available at fair value as approved, in good faith, by the Companyâ€™s board of directors based on input from the Manager, the audit committee of the board of directors and a third-party independent valuation firm.Â The Company undertakes a multi-step valuation process each quarter when valuing investments for which market quotations are not readily available, as described below: Â Â â— each investment is initially valued by the responsible investment professionals of the Manager and preliminary valuation conclusions are documented, reviewed and discussed with our senior management; and Â Â â— an independent valuation firm engaged by the Companyâ€™s board of directors independently reviews a selection of these preliminary valuations each quarter so that the valuation of each investment for which market quotes are not readily available is reviewed by the independent valuation firm at least once each fiscal year. The Company uses a third-party independent valuation firm to value its investment in the subordinated notes of Saratoga Investment Corp. CLO 2013-1, Ltd. (â€œSaratoga CLOâ€), the Class F-2-R-3 Notes of the Saratoga CLO, and the Class E Notes of the SLF 2022 every quarter. Â In addition, all investments are subject to the following valuation process: Â Â Â â— the audit committee of the Companyâ€™s board of directors reviews and approves each preliminary valuation and the Manager and independent valuation firm (if applicable) will supplement the preliminary valuation to reflect any comments provided by the audit committee; and Â Â â— the Companyâ€™s board of directors discusses the valuations and approves the fair value of each investment, in good faith, based on the input of the Manager, independent valuation firm (to the extent applicable) and the audit committee of the board of directors. Â The Company uses multiple techniques for determining fair value based on the nature of the investment and experience with those types of investments and specific portfolio companies. The selections of the valuation techniques and the inputs and assumptions used within those techniques often require subjective judgements and estimates. These techniques include market comparables, discounted cash flows and enterprise value waterfalls. Fair value is best expressed as a range of values from which the Company determines a single best estimate. The types of inputs and assumptions that may be considered in determining the range of values of the Companyâ€™s investments include the nature and realizable value of any collateral, the portfolio companyâ€™s ability to make payments, market yield trend analysis and volatility in future interest rates, call and put features, the markets in which the portfolio company does business, comparison to publicly traded companies, discounted cash flows and other relevant factors. Â The Companyâ€™s investments in the subordinated notes of Saratoga CLO, Class F-2-R-3 Notes of the Saratoga CLO and the Class E Notes of SLF 2022 are carried at fair value, which is based on a discounted cash flow valuation technique that utilizes prepayment, re-investment and loss inputs based on historical experience and projected performance, economic factors, the characteristics of the underlying cash flow, and comparable yields for equity interests in collateralized loan obligation funds, when available, as determined by the Manager and recommended to the Companyâ€™s board of directors. Specifically, the Company uses Intex cash flows, or an appropriate substitute, to form the basis for the valuation of its investment in the subordinated notes of Saratoga CLO, Class F-2-R-3 Notes of the Saratoga CLO and the Class E Notes of SLF 2022. The inputs are based on available market data and projections provided by third parties as well as management estimates. The Company uses the output from the Intex models (i.e., the estimated cash flows) to perform a discounted cash flow analysis on expected future cash flows to determine the valuation for our investment in Saratoga CLO. Â The Companyâ€™s equity investment in SLF JV is measured using the proportionate share of the net asset value (â€œNAVâ€), or equivalent, of SLF JV as a practical expedient for fair value, provided by ASC 820. The Companyâ€™s unsecured loan investment in SLF JV is based on a discounted cash flow valuation technique. Â Because such valuations, and particularly valuations of private investments and private companies, are inherently uncertain, they may fluctuate over short periods of time and may be based on estimates. The determination of fair value may differ materially from the values that would have been used if a ready market for these investments existed. The Companyâ€™s NAV could be materially affected if the determinations regarding the fair value of its investments were materially higher or lower than the values that the Company ultimately realizes upon the disposal of such investments.Â Rule 2a-5 under the 1940 Act (â€œRule 2a-5â€) establishes a regulatory framework for determining fair value in good faith for purposes of the 1940 Act. Rule 2a-5 permits boards of directors, subject to board oversight and certain other conditions, to designate the investment adviser to perform fair value determinations. Rule 2a-5 also defines when market quotations are â€œreadily availableâ€ for purposes of the 1940 Act and the threshold for determining whether a fund must determine the fair value of a security. Rule 31a-4 under the 1940 Act (â€œRule 31a-4â€) provides for certain recordkeeping requirements associated with fair value determinations. While the Companyâ€™s board of directors has not elected to designate Saratoga Investment Advisors as the valuation designee, the Company has established policies and procedures in compliance with the applicable requirements of Rule 2a-5 and Rule 31a-4. Â Derivative Financial Instruments Â The Company accounts for derivative financial instruments in accordance with FASB ASC Topic 815, Derivatives and Hedging (â€œASC 815â€). ASC 815 requires recognizing all derivative instruments as either assets or liabilities on the consolidated statements of assets and liabilities at fair value. The Company values derivative contracts at the closing fair value provided by the counterparty. Changes in the values of derivative contracts are included in the consolidated statements of operations. Â Investment Transactions and Income Recognition Â Purchases and sales of investments and the related realized gains or losses are recorded on a trade-date basis. Interest income, adjusted for amortization of premium and accretion of discount, is recorded on an accrual basis to the extent that such amounts are expected to be collected. The Company stops accruing interest on its investments when it is determined that interest is no longer collectible. Discounts and premiums on investments purchased are accreted/amortized using the effective yield method. The amortized cost of investments represents the original cost adjusted for the accretion of discounts over the life of the investment and amortization of premiums on investments up to the earliest call date. Â Loans are generally placed on non-accrual status when there is reasonable doubt that principal or interest will be collected. Accrued interest is generally reserved when a loan is placed on non-accrual status. Interest payments received on non-accrual loans may be recognized as a reduction in principal depending upon managementâ€™s judgment regarding collectability. Non-accrual loans are restored to accrual status when past due principal and interest is paid and, in managementâ€™s judgment, are likely to remain current, although management may make exceptions to this general rule if the loan has sufficient collateral value and is in the process of collection. At November 30, 2024, our investment in two controlled portfolio companies were onÂ non-accrualÂ status with a fair value of approximately $2.7 million, or 0.3% of the fair value of our portfolio. At February 29, 2024, our investment in three non-controlled portfolio companies were on non-accrual status with a fair value of approximately $18.9 million, or 1.7% of the fair value of our portfolio. Â Interest income on our investment in the subordinated note of Saratoga CLO is recorded using the effective interest method in accordance with the provisions of ASC Topic 325-40, Investments-Other, Beneficial Interests in Securitized Financial Assets, based on the anticipated yield and the estimated cash flows over the projected life of the investment. Yields are revised when there are changes in actual or estimated cash flows due to changes in prepayments and/or re-investments, credit losses or asset pricing. Changes in estimated yield are recognized as an adjustment to the estimated yield over the remaining life of the investment from the date the estimated yield was changed. Â Payment-in-Kind Interest Â The Company may hold debt and preferred equity investments in its portfolio that contain a payment-in-kind (â€œPIKâ€) interest provision. The PIK interest, which represents contractually deferred interest added to the investment balance that is generally due at maturity, is generally recorded on an accrual basis to the extent such amounts are expected to be collected. The Company stops accruing PIK interest if it is expected that the issuer will not be able to pay all principal and interest when due. The Company restores to accrual status when past due principal and interest is paid and, in managementâ€™s judgment, are likely to remain current, although management may make exceptions to this general rule if the loan has sufficient collateral value and is in the process of collection.Â Dividend Income Â Dividend income is recorded in the consolidated statements of operations when earned. Â Structuring and Advisory Fee Income Â Structuring and advisory fee income represents various fee income earned and received for performing certain investment structuring and advisory activities during the closing of new investments. Â Other Income Â Other income includes prepayment income fees, and monitoring, administration, redemption and amendment fees and is recorded in the consolidated statements of operations when earned. Â Deferred Debt Financing Costs Â Financing costs incurred in connection with our credit facility and notes are deferred and amortized using the straight-line method over the life of the respective facility and debt securities. Financing costs incurred in connection with the SBA debentures of SBIC II LP and SBIC III LP are deferred and amortized using the straight-line method over the life of the debentures. Any discount or premium on the issuance of any debt is accreted and amortized using the effective interest method over the life of the respective debt security. Â The Company presents deferred debt financing costs on the balance sheet as a contra-liability, which is a direct deduction from the carrying amount of that debt liability, consistent with debt discounts. Â Realized Loss on Extinguishment of Debt Â Upon the repayment of debt obligations that are deemed to be extinguishments, the difference between the principal amount due at maturity adjusted for any unamortized debt issuance costs is recognized as a loss (i.e., the unamortized debt issuance costs are recognized as a loss upon extinguishment of the underlying debt obligation). Â Contingencies Â In the ordinary course of business, the Company may enter into contracts or agreements that contain indemnifications or warranties. Future events could occur that lead to the execution of these provisions against the Company. Based on its history and experience, management reasonably believes that the likelihood of such an event is remote. Therefore, the Company has not accrued any liabilities in connection with such indemnifications. Â In the ordinary course of business, the Company may directly or indirectly be a defendant or plaintiff in legal actions with respect to bankruptcy,

insolvency or other types of proceedings. Such lawsuits may involve claims that could adversely affect the value of certain financial instruments owned by the Company. Â  Income Taxes Â  The Company has elected, and intends to qualify annually, to be treated for U.S. federal income tax purposes as a RIC under Subchapter M of the Code. By meeting these requirements, the Company generally will not be subject to U.S. federal income tax on ordinary income or capital gains timely distributed to stockholders. Therefore, no provision has been recorded for federal income taxes, except as related to the Corporate Blockers (as defined below) and long-term capital gains, when applicable. Â  In order to qualify as a RIC, among other requirements, the Company generally is required to timely distribute to its stockholders at least 90% of its â€œinvestment company taxable incomeâ€, as defined by the Code, for each fiscal tax year. The Company will be subject to U.S. federal income tax imposed at corporate rates on its investment company taxable income and net capital gains that it does not timely distribute to shareholders. The Company will be subject to a non-deductible U.S. federal excise tax of 4% on undistributed income if it does not distribute at least (1) 98% of its net ordinary income in any calendar year, (2) 98.2% of its capital gain net income for each one-year period ending on October 31and (3) any net ordinary income and capital gain net income that it recognized for preceding years, but were not distributed during such year, and on which the Company paid no U.S federal income tax.Â Depending on the level of investment company taxable income earned in a tax year and the amount of net capital gains recognized in such tax year, the Company may choose to carry forward investment company taxable income and net capital gains in excess of current year dividend distributions into the next tax year and pay U.S. federal income tax, and possibly the 4% U.S. federal excise tax on such income, as required. To the extent that the Company determines that its estimated current year annual investment company taxable income will be in excess of estimated current year dividend distributions for U.S. federal excise tax purposes, the Company accrues the U.S. federal excise tax, if any, on estimated excess taxable income as taxable income is earned. For the years ended February 29, 2024, 2023 and 2022, the excise tax accrual on estimated excess taxable income was $1.8 million, $1.1 million and $0.6 million, respectively. Â  In accordance with U.S. Treasury regulations and published guidance issued by the Internal Revenue Service (â€œIRSâ€), a publicly offered RIC may treat a distribution of its own stock as counting toward its RIC distribution requirements if each stockholder may elect to receive his, her, or its entire distribution in either cash or stock of the RIC. This published guidance indicates that the rule will apply where the aggregate amount of cash to be distributed to all stockholders is not at least 20% of the aggregate declared distribution. Under the published guidance,Â if too many stockholders elect to receive cash,Â the cash available for distribution must be allocated among the stockholders electing to receive cash (with the balance of the distribution paid in stock). In no event will any stockholder, electing to receive cash, receive less than 20% of his or her entire distribution in cash. If these and certain other requirements are met, for U.S. federal income tax purposes, the amount of the dividend paid in stock will be equal to the amount of cash that could have been received instead of stock. Â  The Company may utilize wholly owned holding companies that are treated as corporations for U.S. federal income tax purposes when making equity investments in portfolio companies taxed as pass-through entities to meet its source-of-income requirements as a RIC (â€œCorporate Blockersâ€). Corporate Blockers are consolidated in the Companyâ€™s U.S. GAAP financial statements and may result in current and deferred U.S. federal and state income tax expense with respect to income derived from those investments. Such income, net of applicable income taxes, is not included in the Companyâ€™s tax-basis net investment income until distributed by the Corporate Blocker, which may result in timing and character differences between the Companyâ€™s U.S. GAAP and tax-basis net investment income and realized gains and losses. Income tax expense or benefit from Corporate Blockers related to net investment income are included in total operating expenses, while any expense or benefit related to federal or state income tax originated for capital gains and losses are included together with the applicable net realized or unrealized gain or loss line item. Deferred tax assets of the Corporate Blockers are reduced by a valuation allowance when, in the opinion of management, it is more-likely than-not that some portion or all of the deferred tax assets will not be realized. Â  FASB ASC Topic 740, Income Taxes, (â€œASC 740â€), provides guidance for how uncertain tax positions should be recognized, measured, presented and disclosed in the financial statements. ASC 740 requires the evaluation of tax positions taken or expected to be taken in the course of preparing the Companyâ€™s tax returns to determine whether the tax positions are â€œmore-likely-than-notâ€ of being sustained by the applicable tax authority. Tax positions deemed to meet a â€œmore-likely-than-notâ€ threshold would be recorded as a tax benefit or expense in the current period. The Company recognizes interest and penalties, if any, related to unrecognized tax benefits as income tax expense on the consolidated statements of operations. During the fiscal year ended February 29, 2024, the Company did not incur any interest or penalties. Although we file federal and state tax returns, our major tax jurisdiction is federal. The 2021, 2022, 2023 and 2024 federal tax years for the Company remain subject to examination by the IRS. At November 30, 2024 and February 29, 2024, there were no uncertain tax positions. The Company is not aware of any tax positions for which it is reasonably possible that the total amounts of unrecognized tax benefits will change significantly in the next 12 months. Â  Dividends Â  Dividends to common stockholders are recorded on the ex-dividend date. The amount to be paid out as a dividend is determined by the board of directors. Net realized capital gains, if any, are generally distributed at least annually, although we may decide to retain some or all of our net capital gains for reinvestment. Â  We have adopted a dividend reinvestment plan (â€œDRIPâ€) that provides for reinvestment of our dividend distributions on behalf of our stockholders unless a stockholder elects to receive cash. As a result, if our board of directors authorizes, and we declare, a cash dividend, then our stockholders who have not â€œopted outâ€ of the DRIP by the dividend record date will have their cash dividends automatically reinvested into additional shares of our common stock, rather than receiving the cash dividends. We have the option to satisfy the share requirements of the DRIP through the issuance of new shares of common stock or through open market purchases of common stock by the DRIP plan administrator.Â Capital Gains Incentive Fee Â  The Company records an expense accrual on the consolidated statements of operations relating to the capital gains incentive fee payable to the Manager, as recorded on the consolidated statements of assets and liabilities when the net realized and unrealized gain on its investments exceed all net realized and unrealized capital losses on its investments, as a capital gains incentive fee would be owed to the Manager if the Company were to liquidate its investment portfolio at such time. Â  The actual incentive fee payable to the Manager related to capital gains will be determined and payable in arrears at the end of each fiscal year and only reflect those realized capital gains net of realized and unrealized losses for the period. Â  Recent Accounting Pronouncements Â  In November 2023, the FASB issued ASU 2023-07, Improvements to Reportable Segment Disclosures. ASU 2023-07 enhances the disclosures required for reportable segments on an annual and interim basis. ASU 2023-07 is effective on a retrospective basis for annual periods beginning after December 15, 2023, and for interim periods within fiscal years beginning after December 15, 2024. Early adoption is permitted; however, the Company has not elected to adopt this provision as of the date of the financial statements contained in this quarterly report. The Company is still assessing the impact of the new guidance. Â  In December 2023, the FASB issued ASU 2023-09,Â Improvements to Income Tax Disclosures. The amendments in this update require more disaggregated information on income taxes paid. ASU 2023-09 is effective for years beginning after December 15, 2024. Early adoption is permitted, however the Company has not elected to early adopt this provision as of the date of the financial statements contained in this report. The Company is still assessing the impact of the new guidance. Â  Risk Management Â  In the ordinary course of its business, the Company manages a variety of risks, including market and credit risk. Market risk is the risk of potential adverse changes to the value of investments because of changes in market conditions such as interest rate movements and volatility in investment prices. Â  Credit risk is the risk of default or non-performance by portfolio companies, equivalent to the investmentâ€™s carrying amount. The Company is also exposed to credit risk related to maintaining all of its cash and cash equivalents, including those in reserve accounts, at a major financial institution and credit risk related to any of its derivative counterparties. Â  The Company has investments in lower rated and comparable quality unrated high yield bonds and bank loans. Investments in high yield investments are accompanied by a greater degree of credit risk. The risk of loss due to default by the issuer is significantly greater for holders of high yield securities, because such investments are generally unsecured and are often subordinated to other creditors of the issuer. [Member] Â  Investments [Line Items] Â  Investments Note 3. Investments Â  As noted above, the Company values all investments in accordance with ASC 820. As defined in ASC 820, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between independent market participants at the measurement date.Â ASC 820 establishes a hierarchal disclosure framework which prioritizes and ranks the level of market price observability of inputs used in measuring investments at fair value. Market price observability is affected by a number of factors, including the type of investment and the characteristics specific to the investment. Investments with readily available active quoted prices or for which fair value can be measured from actively quoted prices generally will have a higher degree of market price observability and a lesser degree of judgment used in measuring fair value. Â  Based on the observability of the inputs used in the valuation techniques, the Company is required to provide disclosures on fair value measurements according to the fair value hierarchy. The fair value hierarchy ranks the observability of the inputs used to determine fair values. Investments carried at fair value are classified and disclosed in one of the following three categories: Â Â â— Level 1â€”Valuations based on quoted prices in active markets for identical assets or liabilities that the Company has the ability to access. Â Â â— Level 2â€” Pricing inputs are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date. Such inputs may be quoted prices for similar assets or liabilities, quoted markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full character of the financial instrument, or inputs that are derived principally from, or corroborated by, observable market information. Investments that are generally included in this category include illiquid debt securities and less liquid, privately held or restricted equity securities, for which some level of recent trading activity has been observed. Â Â â— Level 3â€”Pricing inputs are unobservable for the investment and includes situations where there is little, if any, market activity for the investment. The inputs may be based on the Companyâ€™s own assumptions about how market participants would price the asset or liability or may use Level 2 inputs, as adjusted, to reflect specific investment attributes relative to a broader market assumption. Even if observable market data for comparable performance or valuation measures (earnings multiples, discount rates, other financial/valuation ratios, etc.) are available, such investments are grouped as Level 3 if any significant data point that is not also market observable (private company earnings, cash flows, etc.) is used in the valuation technique. We use multiple techniques for determining fair value based on the nature of the investment and experience with those types of investments and specific portfolio companies. The selections of the valuation techniques and the inputs and assumptions used within those techniques often require subjective judgements and estimates. These techniques include market comparables, discounted cash flows and enterprise value waterfalls. Fair value is best expressed as a range of values from which the Company determines a single best estimate. The types of inputs and assumptions that may be considered in determining the range of values of our investments include the nature and realizable value of any collateral, the portfolio companyâ€™s ability to make payments, market yield trend analysis and volatility in future interest rates, call and put features, the markets in which the portfolio company does business, comparison to publicly traded companies, discounted cash flows and other relevant factors. Â In addition to using the above inputs in investment valuations, the Company continues to employ the valuation policy approved by the board of directors that is consistent with ASC 820 and the 1940 Act (see Note 2. Summary of Significant Accounting Policies). Consistent with our valuation policy, the Company evaluates the source of inputs, including any markets in which its investments are trading, in determining fair value. Â For investments utilizing a market comparables valuation technique, a significant increase (decrease) in the market yield, in isolation, would result in a significantly lower (higher) fair value measurement, and a significant increase (decrease) in any of the earnings before interest, tax, depreciation and amortization (â€œEBITDAâ€) or revenue valuation multiples, in isolation, would result in a significantly higher (lower) fair value measurement. For investments utilizing a discounted cash flow valuation technique, a significant increase (decrease) in the discount rate, and prepayment rate, in isolation, would result in a significantly lower (higher) fair value measurement while a significant increase (decrease) in recovery rate, in isolation, would result in a significantly higher (lower) fair value measurement. For investments utilizing a market quote, third party bid or net asset value in deriving a value, a significant increase (decrease) in the market quote, bid or net asset value in isolation, would result in a significantly higher (lower) fair value measurement. In applying the market comparables valuation technique, the Company determines the fair value based on such factors as market participant inputs including synthetic credit ratings, estimated remaining life, current market yield and interest rate spreads of similar securities as of the measurement date. If, in the Companyâ€™s judgment, the market comparables technique is not sufficient or appropriate, the Company may use additional techniques such as an asset liquidation or expected recovery model. Â For equity securities of portfolio companies and partnership interests, the Company determines the fair value using an enterprise value waterfall valuation technique. Under the enterprise value waterfall valuation technique, the Company determines the enterprise fair value of the portfolio company and then waterfalls the enterprise value over the portfolio companyâ€™s securities in order of their preference relative to one another. To estimate the enterprise value of the portfolio company, the Company weighs some or all of the traditional market valuation techniques and factors based on the individual circumstances of the portfolio company in order to estimate the enterprise value. The techniques for performing investments may be based on, among other things: valuations of comparable public companies, recent sales of private and public comparable companies, discounting the forecasted cash flows of the portfolio company, third party valuations of the portfolio company, considering offers from third parties to buy the company, estimating the value to potential strategic buyers and considering the value of recent investments in the equity securities of the portfolio company. For non-performing investments, the Company may estimate the liquidation or collateral value of the portfolio companyâ€™s assets and liabilities. The Company also takes into account historical and anticipated financial results.Â  Â The Companyâ€™s investments in Saratoga CLO and SLF 2022 are carried at fair value, which is based on a discounted cash flow valuation technique that utilizes prepayment, re-investment and loss inputs based on historical experience and projected performance, economic factors, the characteristics of the underlying cash flow, and comparable yields for equity interests in collateralized loan obligation funds similar to Saratoga CLO and SLF 2022, when available, as determined by the Manager and recommended to the Companyâ€™s board of directors. Specifically, the Company uses Intex cash flows, or an appropriate substitute, to form the basis for the valuation of the investment in Saratoga CLO and SLF 2022. The cash flows use a set of inputs including projected default rates, recovery rates, reinvestment rates and prepayment rates in order to arrive at estimated valuations. The inputs are based on available market data and projections provided by third parties as well as management estimates. The Company ran Intex models based on inputs about the refinanced Saratoga CLOâ€™s structure and the SLF 2022 structure, including capital structure, cost of liabilities and reinvestment period. The Company uses the output from the Intex models (i.e., the estimated cash flows) to perform a discounted cash flow analysis on expected future cash flows to determine a valuation for our investments in Saratoga CLO and SLF 2022 at November 30, 2024. The inputs at November 30, 2024 for the valuation model include: Â Â â— Default rate: 2.0% Â Â â— Recovery rate: 35%-70% Â Â â— Discount rate: 8.5%-40.0% Â Â â— Prepayment rate: 20.0% Â Â â— Reinvestment rate / price: S+365bps / $99.00 Â The Companyâ€™s equity investment in SLF JV is measured using the proportionate share of the NAV of SLF JV, or equivalent, as practical expedient.Â Investment Concentration Â  Set forth is a brief description of each portfolio company in which the fair value of the Companyâ€™s investment represents greater than 5% of the Companyâ€™s total assets as of November 30, 2024, excluding Saratoga CLO, SLF JV and SLF 2022 (see Note 4. Investment in Saratoga CLO and Note 5. Investment in SLF JV for more information on Saratoga CLO, SLF JV and SLF 2022, respectively). Â Artemis Wax Corp. Â Artemis Wax Corporation is a U.S. based retail aggregator of European Wax Center (â€œEWCâ€) franchise locations with a concentration in the northeast. Â Granite Comfort, LP Â Granite Comfort, LP is a U.S. based heating, ventilation and air conditioning (â€œHVACâ€) company. The company provides traditional service and replacement of HVAC / plumbing systems, as well as a rental model that is in the early stages of implementation. Saratoga CLO [Member] Â Investments [Line Items] Â Investments Note 4. Investment in Saratoga CLO Â On January 22, 2008, the Company entered into a collateral management agreement with Saratoga CLO, pursuant to which the Company acts as its collateral manager. The Saratoga CLO was initially refinanced in October 2013 with its reinvestment period extended to October 2016. On November 15, 2016, the Company completed a second refinancing of the Saratoga CLO with its reinvestment period extended to October 2018. Â On December 14, 2018, the Company completed a third refinancing and upsize of the Saratoga CLO (the â€œ2013-1 Reset CLO Notesâ€). The third Saratoga CLO refinancing, among other things, extended its reinvestment period to January 2021, and extended its legal maturity date to January 2030. Following this refinancing, the Saratoga CLO portfolio increased its aggregate principal amount from approximately $300.0 million to approximately $500.0 million of predominantly senior secured first lien term loans. Â On February 11, 2020, the Company entered into an unsecured loan agreement (â€œCLO 2013-1 Warehouse 2 Loanâ€) with Saratoga Investment Corp. CLO 2013-1 Warehouse 2, Ltd. (â€œCLO 2013-1 Warehouse 2â€), a wholly owned subsidiary of Saratoga CLO. During the fourth quarter ended February 28, 2021, the CLO 2013-1 Warehouse 2 Ltd. was repaid in full. Â Â On February 26, 2021, the Company completed the fourth refinancing of the Saratoga CLO. This refinancing, among other things, extended the Saratoga CLO reinvestment period to April 2024, extended its legal maturity to April 2033, and added a non-call period of February 2022. In addition, and as part of the refinancing, the Saratoga CLO was upsized from $500 million in assets to approximately $650 million. As part of this refinancing and upsizing, the Company invested an additional $14.0 million in all of the newly issued subordinated notes of the Saratoga CLO, and purchased $17.9 million in aggregate principal amount of the Class F-R-3 Notes tranche at par. Concurrently, the existing $2.5 million of Class F-R-2 Notes, $7.5 million of Class G-R-2 Notes and $25.0 million of the CLO 2013-1 Warehouse 2 Loan were repaid. The Company also paid $2.6 million of transaction costs related to the refinancing and upsizing on behalf of the Saratoga CLO, to be reimbursed from future equity distributions. At August 31, 2021, the outstanding receivable of $2.6 million was repaid in full. Â On August 9, 2021, the Company exchanged its existing $17.9 million Class F-R-3 Note for $8.5 million Class F-1-R-3 Notes and $9.4 million Class F-2-R-3 Notes at par. On August 11, 2021, the Company sold its Class F-1-R-3 Notes to third parties, resulting in a realized loss of $0.1 million.Â On June 10, 2024, the Company completed its fifth refinancing of the Saratoga CLO. This refinancing, among other things, did not extend the Saratoga CLO reinvestment period nor extend its legal maturity, while adjusting the interest rate of two of the existing Notes. The Issuer issued $422.5 million of notes (the â€œ2013-1 2024 Reset CLO Notesâ€), consisting of Class A-1-R-4 and Class A-2-R-4. The 2013-1 2024 Reset CLO Notes were issued pursuant to the Indenture with the same Trustee. Proceeds of the issuance of the 2013-1 2024 Reset CLO Notes were used along with existing assets of the Saratoga CLO to redeem the existing Class A-1-R-3 and Class A-2-R-3 Notes. No other Notes were refinanced as part of this refinancing. The Saratoga CLO paid $0.5 million of transaction costs related to the refinancing. Â The Saratoga CLO remains effectively 100.0% owned and managed by the Company. The Company receives a base management fee of 0.10% per annum and a subordinated management fee of 0.40% per annum of the outstanding principal amount of Saratoga CLOâ€™s assets, paid quarterly to the extent of available proceeds. Following the third refinancing and the issuance of the 2013-1 Reset CLO Notes on December 14, 2018, the Company is no longer entitled to an incentive management fee equal to 20.0% of excess cash flow to the extent the Saratoga CLO subordinated notes receive an internal rate of return paid in cash equal to or greater than 12.0%. Â For the three months ended November 30, 2024 and November 30, 2023, the Company accrued management fee income of $0.8 million and $0.8 million, respectively, and interest income of $0.0 million and $0.0 million, respectively, from the subordinated notes of Saratoga CLO. Â Â  For the nine months ended November 30, 2024 and November 30, 2023, the Company accrued management fee income of $2.4 million and $2.5 million, respectively, and interest income of $0.0 million and $0.0 million, respectively, from the subordinated notes of Saratoga CLO. Â  As of November 30, 2024, the aggregate principal amounts of the Companyâ€™s investments in the subordinated notes and Class F-2-R-3 Notes of the Saratoga CLO was $111.0 million and $9.4 million, respectively, which had a corresponding fair value of $1.3 million and $4.3 million, respectively. The Company determines the fair value of its investment in the subordinated notes of Saratoga CLO based on the present value of the projected future cash flows of the subordinated notes over the life of Saratoga CLO. As of November 30, 2024, Saratoga CLO had investments with a principal balance of $558.8 million and a weighted average spread over TERM SOFR of 3.7% and had debt with a principal balance of $559.2 million with a weighted average spread over TERM SOFR of 2.3%. Investment in SLF JV Â On October 26, 2021, the Company and TJHA entered into the LLC Agreement to co-manage SLF JV. SLF JV is invested in Saratoga Investment Corp Senior Loan Fund 2022-1, Ltd (â€œSLF 2021â€), which is a wholly owned subsidiary of SLF JV. SLF 2021 was formed for the purpose of making investments in a diversified portfolio of broadly syndicated first lien and second lien term loans or bonds in the primary and secondary markets. Â On September 30, 2022, SLF 2021 was renamed to Saratoga Investment Corp Senior Loan Fund 2022-1, Ltd. (â€œSLF 2022â€). Â The Company and TJHA have equal voting interest on all material decisions with respect to SLF JV, including those involving its investment portfolio, and equal control of corporate governance. No management fee is charged to SLF JV as control and management of SLF JV is shared equally. Â The Company and TJHA have committed to provide up to a combined $50.0 million of financing to SLF JV through cash contributions, with the Company providing $43.75 million and TJHA providing $6.25 million, resulting in an 87.5% and 12.5% ownership between the two parties. The financing is issued in the form of an unsecured note and equity. The unsecured note pays a fixed rate of 10% per annum and is due and payable in full on October 20, 2033. As of November 30, 2024, the Company and TJHAâ€™s investment in SLF JV consisted of an unsecured note of $17.6 million and $2.5 million, respectively; and membership interest of $17.6 million and $2.5 million, respectively. As of November 30, 2024 and February 29, 2024, the Companyâ€™s investment in the unsecured note of SLF JV had a fair value of $16.2 million and $15.8 million, respectively, and the Companyâ€™s investment in the membership interests of SLF JV had a fair value of $4.8 million and $9.4 million, respectively. Â The Company has determined that SLF JV is an investment company under ASC 946; however, in accordance with such guidance the Company will generally not consolidate its investment in a company other than a wholly owned investment company subsidiary. SLF JV is not a wholly owned investment company subsidiary as the Company and TJHA each have an equal 50% voting interest in SLF JV and thus neither party has a controlling financial interest. Furthermore, ASC 810 concludes that in a joint venture where both members have equal decision making authority, it is not appropriate for one member to consolidate the joint venture since neither has control. Accordingly, the Company does not consolidate SLF JV. Â For the three months ended November 30, 2024 and November 30, 2023, the Company earned $0.4 million and $0.4 million, respectively, of interest income related to SLF JV, which is included in interest income on control investments. For the nine months ended November 30, 2024 and November 30, 2023, the Company earned $1.3 million and $1.3 million, respectively, of interest income related to SLF JV, which is included in interest income on control investments. As of November 30, 2024 and February 29, 2024, $0.2 million and $0.2 million, respectively, of interest income related to SLF JV was included in interest receivable on the consolidated statements of assets and liabilities. Â For the three months ended November 30, 2024 and November 30, 2023, the Company earned $0.9 million and $1.3 million, respectively, of dividend income related to SLF JV, which is included in dividend income on control investments. For the nine months ended November 30, 2024 and November 30, 2023, the Company earned $3.2 million and $4.7 million, respectively, of dividend income related to SLF JV, which is included in dividend income on control investments. As of November 30, 2024 and February 29, 2024, $0.0 million and $0.0 million, respectively, of dividend income related to SLF JV was included in dividend receivable on the consolidated statements of assets and liabilities. Â Â SLF JVâ€™s initial investment in SLF 2022 was in the form of an unsecured loan. The unsecured loan paid a floating rate of LIBOR plus 7.00% per annum and was paid in full on June 9, 2023. The unsecured loan was repaid in full on October 28, 2022, as part of the CLO closing. Â On October 28, 2022, SLF 2022 issued $402.1 million of the 2022 JV CLO Notes through the JV CLO trust. The 2022 JV CLO Notes were issued pursuant to the JV Indenture, with the Trustee. As part of the transaction, the Company purchased 87.50% of the Class E Notes fromÂ SLF 2022 with aÂ par value of $12.25 million. As of November 30, 2024 and February 29, 2024, the fair value of these Class E Notes were $12.3 million and $12.3 million, respectively. [Abstract] Â Income Taxes Note 6. Income Taxes Â SIA-AAP, Inc., SIA-ARC, Inc., SIA-Avionte, Inc., SIA-AX, Inc., SIA-G4, Inc., SIA-GH, Inc.,, SIA-MDP, Inc., SIA-PP Inc., SIA-SZ, Inc., SIA-TG, Inc., SIA-TT Inc., and SIA-Vector, Inc. each 100% owned by the Company, are each filing standalone C Corporation tax returns for U.S. federal and state tax purposes. As separately regarded entities for tax purposes, these entities are subject to U.S. federal income tax at corporate rates. For tax purposes, any distributions by the entities to the parent company would generally need to be distributed to the Companyâ€™s shareholders. Generally, such distributions of the entitiesâ€™ income to the Companyâ€™s shareholders will be considered as qualified dividends for tax purposes. The entitiesâ€™ taxable net income will differ from U.S. GAAP net income because of deferred tax temporary differences arising from net operating losses and unrealized appreciation and deprecation of securities held. Deferred tax assets and liabilities are measured using enacted corporate federal and state tax rates expected to apply to taxable income in the years in which those net operating losses are utilized and the unrealized gains and losses are realized. Deferred tax assets and deferred tax liabilities are netted off by entity, as allowed. The recoverability of deferred tax assets is assessed and a valuation allowance is recorded to the extent that it is more likely than not that any portion of the deferred tax asset will not be realized on the basis of a history of operating losses combined with insufficient projected taxable income or other taxable events in the Corporate Blockers. In February 2022, SIA-GH, Inc., SIA-TT Inc. and SIA-VR, Inc. received an approved plan of liquidation following the sale of equity held by each of the portfolio companies. In June 2024, SIA-MAC, Inc. and SIA-VR, Inc. were dissolved. Â Â The Company may distribute a portion of its realized net long term capital gains in excess of realized net short term capital losses to its stockholders, but may also decide to retain a portion, or all, of its net capital gains and elect to pay the 21% U.S. federal tax on the net capital gain, potentially in the form of a â€œdeemed distributionâ€ to its stockholders.Â Income tax (provision) relating to an election to retain its net capital gains, including in the form of a deemed distribution, is included as a component of income tax (provision) benefit from realized gains on investments, depending on the character of the underlying taxable income (ordinary or capital gains), on the consolidated statements of operations.Â Â Deferred tax assets and liabilities, and related valuation allowance as of November 30, 2024 and February 29, 2024 were as follows: Â Â Â NovemberÂ 30, 2024Â Â FebruaryÂ 29, 2024Â Total deferred tax assetsÂ $1,606,915Â Â $2,650,580Â Total deferred tax liabilitiesÂ Â (4,649,058)Â Â (3,901,995) Valuation allowance on net deferred tax assetsÂ Â (1,539,238)Â Â (2,539,735) Net deferred tax liabilityÂ $(4,581,381)Â $(3,791,150) Â As of November 30, 2024, the valuation allowance on deferred tax assets was $1.5 million, which represents the federal and state tax effect of net operating losses and unrealized losses that the Company does not believe will be realized through future taxable income. Any adjustments to the Companyâ€™s valuation allowance will depend on estimates of future taxable income and will be made in the period such determination is made. Â Net income tax expense for the three months ended November 30, 2024 includes $0.1 million deferred tax expense (benefit) on net change in unrealized appreciation (depreciation) on investments, $0.0 million income tax provision/benefit from realized gain/(loss) on investments and $0.03 million net change in total operating expense in the consolidated statement of operations, respectively. The initial term of the Management Agreement was two years from its effective date, with one-year renewals thereafter subject to certain approvals by the Companyâ€™s board of directors and/or the Companyâ€™s stockholders. Most recently, on July 8, 2024, the Companyâ€™s board of directors approved the renewal of the Management Agreement for an additional one-year term. Pursuant to the Management Agreement, the Manager implements the Companyâ€™s business strategy on a day-to-day basis and performs certain services for the Company, subject to oversight by the board of directors. The Manager is responsible for, among other duties, determining investment criteria, sourcing, analyzing and executing investments transactions, asset sales, financings and performing asset management duties. Under the Management Agreement, the Company pays the Manager a management fee for investment advisory and management services consisting of a base management fee and an incentive management fee. Â  Base Management Fee and Incentive Management Fee Â  The base management fee of 1.75% per year is calculated based on the average value of our gross assets (other than cash or cash equivalents, but including assets purchased with borrowed funds) at the end of the two most recently completed fiscal quarters. The base management fee is paid quarterly following the filing of the most recent quarterly report on Form 10-Q. Â  The incentive management fee consists of the following two parts: Â  The first, payable quarterly in arrears, equals 20% of the Companyâ€™s pre-incentive fee net investment income, expressed as a rate of return on the value of our net assets at the end of the immediately preceding quarter, that exceeds a 1.875% quarterly hurdle rate measured as of the end of each fiscal quarter, subject to a â€œcatch-upâ€ provision. Under this provision, in any fiscal quarter, the Manager receives no incentive fee unless our pre-incentive fee net investment income exceeds the hurdle rate of 1.875%. The Manager will receive 100% of pre-incentive fee net investment income, if any, that exceeds the hurdle rate but is less than or equal to 2.344% in any fiscal quarter; and 20% of the amount of our pre-incentive fee net investment income, if any, that exceeds 2.344% in any fiscal quarter. There is no accumulation of amounts on the hurdle rate from quarter to quarter, and accordingly there is no claw back of amounts previously paid if subsequent quarters are below the quarterly hurdle rate, and there is no delay of payment if prior quarters are below the quarterly hurdle rate. Â Â  The second part of the incentive fee is determined and payable in arrears as of the end of each fiscal year (or upon termination of the Management Agreement) and equals 20.0% of the Companyâ€™s â€œincentive fee capital gains,â€ which equals the Companyâ€™s realized capital gains on a cumulative basis from May 31, 2010 through the end of the fiscal year, if any, computed net of all realized capital losses and unrealized capital depreciation on a cumulative basis on each investment in the Companyâ€™s portfolio, less the aggregate amount of any previously paid capital gain incentive fee. Importantly, the capital gains portion of the incentive fee is based on realized gains and realized and unrealized losses from May 31, 2010. Therefore, realized and unrealized losses incurred prior to such time will not be taken into account when calculating the capital gains portion of the incentive fee, and the Manager will be entitled to 20.0% of incentive fee capital gains that arise after May 31, 2010. In addition, for the purpose of the â€œincentive fee capital gainsâ€ calculations, the cost basis for computing realized gains and losses on investments held by us as of May 31, 2010 will equal the fair value of such investments as of such date.Â For the three months ended November 30, 2024 and November 30, 2023, the Company incurred $4.4 million and $4.9 million in base management fees, respectively. For the three months ended November 30, 2024 and November 30, 2023, the Company incurred $3.1 million and $3.3 million in incentive fees related to pre-incentive fee net investment income, respectively. For the three months ended November 30, 2024 and November 30, 2023, the Company accrued an expense (benefit) of $0.0 million and ($1.0) million in incentive fees related to capital gains. Â  For the nine months ended November 30, 2024 and November 30, 2023, the Company incurred $14.2 million and $14.3 million in base management fees, respectively. For the nine months ended November 30, 2024 and November 30, 2023, the Company incurred $11.2 million and $9.8 million in incentive fees related to pre-incentive fee net investment income, respectively. For the nine months ended November 30, 2024 and November 30, 2023, the Company accrued an expense (benefit) of $0.0 million and ($5.0) million in incentive fees related to capital gains. Â  The accrual is calculated using both realized and unrealized capital gains for the period. The actual incentive fee related to capital gains will be determined and payable in arrears at the end of the fiscal year and will include only realized capital gains for the period. As of November 30, 2024, the base management fees accrual was $4.4 million and the incentive fees accrual was $3.1 million and is included in base management and incentive fees payable in the accompanying consolidated statements of assets and liabilities. As of February 29, 2024, the base management fees accrual was $5.0 million and the incentive fees accrual was $3.2 million and is included in base management and incentive fees payable in the accompanying consolidated statements of assets and liabilities. Â  Administration Agreement Â  On July 30, 2010, the Company entered into a separate administration agreement (the â€œAdministration Agreementâ€) with the Manager, pursuant to which the Manager, as the Companyâ€™s administrator, has agreed to furnish the Company with the facilities and administrative services necessary to conduct day-to-day operations and provide managerial assistance on the Companyâ€™s behalf to those portfolio companies to which the Company is required to provide such assistance. The initial term of the Administration Agreement was two years from its effective date, with one-year renewals thereafter subject to certain approvals by the Companyâ€™s board of directors and/or the Companyâ€™s stockholders, with the most renewal occurring on July 8, 2024. Since its inception the amount of expenses payable or reimbursable by the Company under the Administration Agreement has been subject to a cap that is reviewed annually in connection with the renewal of the Administration Agreement. Most recently, on August 1, 2024, the Companyâ€™s board of directors approved the renewal of the Administration Agreement for an additional one-year term and determined to increase the cap on the payment or reimbursement of expenses by the Company from $4.3 million to $5.0 million, effective August 1, 2024. The Companyâ€™s board of directors will continue to assess the cap on payment or reimbursement of expenses on an annual basis. Â  For the three months ended November 30, 2024 and November 30, 2023, the Company recognized $1.3 million and $1.1 million in administrator expenses, respectively, pertaining to bookkeeping, recordkeeping and other administrative services provided to the Company in addition to the Companyâ€™s allocable portion of rent and other overhead related expenses. For the nine months ended November 30, 2024 and November 30, 2023, the Company recognized $3.5 million and $2.8 million in administrator expenses, respectively, pertaining to bookkeeping, recordkeeping and other administrative services provided to the Company in addition to the Companyâ€™s allocable portion of rent and other overhead related expenses. As of November 30, 2024 and February 29, 2024, $0.8 million and $0.5 million, respectively, of administrator expenses were accrued and included in due to manager in the accompanying consolidated statements of assets and liabilities. Â  Saratoga CLO Â  On December 14, 2018, the Company completed the third refinancing and issuance of the 2013-1 Reset CLO Notes. This refinancing, among other things, extended the Saratoga CLO reinvestment period to January 2021, and extended its legal maturity to January 2030. In addition, and as part of the refinancing, the Saratoga CLO has also been upsized from $300 million in assets to approximately $500 million. Â  In conjunction with the third refinancing and issuance of the 2013-1 Reset CLO Notes on December 14, 2018, the Company is no longer entitled to receive an incentive management fee from Saratoga CLO. See Note 4. Investment in Saratoga CLO for additional information.Â On February 26, 2021, the Company completed the fourth refinancing of the Saratoga CLO. This refinancing, among other things, extended the Saratoga CLO reinvestment period to April 2024, extended its legal maturity to April 2033, and extended the non-call period to February 2022. In addition, and as part of the refinancing, the Saratoga CLO was upsized from $500 million in assets to approximately $650 million. As part of this refinancing and upsizing, the Company invested an additional $14.0 million in all of the newly issued subordinated notes of the Saratoga CLO, and purchased $17.9 million in aggregate principal amount of the Class F-R-3 Notes tranche at par. Concurrently, the existing $2.5 million of Class F-R-2 Notes, $7.5 million of Class G-R-2 Notes and $25.0 million CLO 2013-1 Warehouse 2 Loan were repaid. The Company also paid $2.6 million of transaction costs related to the refinancing and upsizing on behalf of the Saratoga CLO, to be reimbursed from future equity distributions. At November 30, 2021, the outstanding receivable of 2.6 million was repaid in full. Â Â Â  On August 9, 2021, the Company exchanged its existing $17.9 million Class F-R-3 Notes for $8.5 million Class F-1-R-3 Notes and $9.4 million Class F-2-R-3 Notes at par. On August 11, 2021, the Company sold its Class F-1-R-3 Notes to third parties, resulting in a realized loss of $0.1 million. Â  On June 10, 2024, the Company completed its fifth refinancing of the Saratoga CLO. This refinancing, among other things, did not extend the Saratoga CLO reinvestment period nor extend its legal maturity, while adjusting the interest rate of two of the existing Notes. The Issuer issued $422.5 million of notes, consisting of Class A-1-R-4 and Class A-2-R-4. The 2013-1 2024 Reset CLO Notes were issued pursuant to the Indenture with the same Trustee. Proceeds of the issuance of the 2013-1 2024 Reset CLO Notes were used along with existing assets of the Saratoga CLO to redeem the existing Class A-1-R-3 and Class A-2-R-3 Notes. No other Notes were refinanced as part of this refinancing. The Saratoga CLO paid $0.5 million of transaction costs related to the refinancing. Â  For the three months ended November 30, 2024 and November 30, 2023, the Company recognized management fee income of $0.8 million and $0.8 million, respectively, related to the Saratoga CLO. Â  For the nine months ended November 30, 2024 and November 30, 2023, the Company recognized management fee income of $2.4 million and $2.5 million, respectively, related to the Saratoga CLO. Â  For the nine months ended November 30, 2024 and November 30, 2023, the Company neither bought nor sold any investments from the Saratoga CLO. Â  SLF JV Â  On October 26, 2021, the Company and TJHA entered into an LLC Agreement to co-manage the SLF JV. SLF JV is a joint venture that invests in the debt or equity interests of collateralized loan obligations, loan, notes and other debt instruments. The Company records interest income from its investment in an unsecured loan with SLF JV on an accrual basis and records dividend income from its membership interest when earned. All operating decisions are shared with a 50% voting interest in SLF JV. Â  On October 28, 2022, SLF 2022 issued $402.1 million of the 2022 JV CLO Notes through the JV CLO trust. The 2022 JV CLO Notes were issued pursuant to the JV Indenture, with the Trustee. Â Â  As of November 30, 2024, the Companyâ€™s investment in the SLF JV had a fair value of $21.0 million, consisting of an unsecured loan of $16.2 million and membership interest of $4.8 million. As of November 30, 2023, the Companyâ€™s investment in the SLF JV had a fair value of $25.4 million, consisting of an unsecured loan of $17.6 million and membership interest of $7.8 million. For the three months ended November 30, 2024, the Company had $0.4 million of interest income related to SLF JV, of which $0.2 million was included in interest receivable on the consolidated statements of assets and liabilities as of November 30, 2024. For the three months ended November 30, 2023, the Company had $0.4 million of interest income related to SLF JV, of which $0.2 million was included in interest receivable on the consolidated statements of assets and liabilities as of November 30, 2023. For the three months ended November 30, 2024, the Company had $0.9 million of dividend income related to SLF JV, of which $0.0 million was included in dividend receivable on the consolidated statements of assets and liabilities as of November 30, 2024. For the three months ended November 30, 2023, the Company had $1.3 million of dividend income related to SLF JV, of which $0.0 million was included in dividend receivable on the consolidated statements of assets and liabilities and Liabilities as of November 30, 2023.For the nine months ended November 30, 2024, the Company had $1.3 million of interest income related to SLF JV, of which $0.2 million was included in interest receivable on the consolidated statements of assets and liabilities as of November 30, 2024. For the nine months ended November 30, 2023, the Company had $1.3 million of interest income related to SLF JV, of which $0.2 million was included in interest receivable on the consolidated statements of assets and liabilities as of November 30, 2023. For the nine months ended November 30, 2024, the Company had $3.2 million of dividend income related to SLF JV, of which $0.0 million was included in dividend receivable on the consolidated statements of assets and liabilities as of November 30, 2024. For the nine months ended November 30, 2023, the Company had $4.7 million of dividend income related to SLF JV, of which $0.0 million was included in dividend receivable on the consolidated statements of assets and liabilities as of November 30, 2023. Â  As part of the JV CLO trust transaction, the Company purchased 87.50% of the Class E Notes from SLF 2022 with a par value of $12.25 million. Borrowings Â  As a BDC, we are only allowed to employ leverage to the extent that our asset coverage, as defined in the 1940 Act, equals at least 200% after giving effect to such leverage, or 150% if certain requirements under the 1940 Act are met. On April 16, 2018, as permitted by the Small Business Credit Availability Act, which was signed into law on March 23, 2018, our board of directors, including a majority of our directors who are not â€œinterested personsâ€ (as defined in Section 2(a)(19) of the 1940 Actâ€) of the Company (â€œindependent directorsâ€), approved a minimum asset coverage ratio of 150%. The 150% asset coverage ratio became effective on April 16, 2019. The amount of leverage that we employ at any time depends on our assessment of the market and other factors at the time of any proposed borrowing. Our asset coverage ratio, as defined in the 1940 Act, was 160.1% as of November 30, 2024 and 161.1% as of February 29, 2024. Â  Revolving Credit Facilities and Term Facility Â  On April 11, 2007, we entered into a $100.0 million revolving securitized credit facility (the â€œRevolving Facilityâ€). On May 1, 2007, we entered into a $25.7 million term securitized credit facility (the â€œTerm Facilityâ€ and, together with the Revolving Facility, the â€œFacilitiesâ€), which was fully drawn at closing. In December 2007, we consolidated the Facilities by using a draw under the Revolving Facility to repay the Term Facility. In response to the market wide decline in financial asset prices, which negatively affected the value of our portfolio, we terminated the revolving period of the Revolving Facility effective January 14, 2009 and commenced a two-year amortization period during which all principal proceeds from the collateral were used to repay outstanding borrowings. A significant percentage of our total assets had been pledged under the Revolving Facility to secure our obligations thereunder. Under the Revolving Facility, funds were borrowed from or through certain lenders and interest was payable monthly at the greater of the commercial paper rate and our lenderâ€™s prime rate plus 4.00% plus a default rate of 2.00% or, if the commercial paper market was unavailable, the greater of the prevailing LIBOR rates and our lenderâ€™s prime rate plus 6.00% plus a default rate of 3.00%. Â  Madison Credit Facility Â  On July 30, 2010, we used the net proceeds from (i) the stock purchase transaction and (ii) a portion of the funds available to us under the $45.0 million senior secured revolving credit facility with Madison Capital Funding LLC (the â€œMadison Credit Facilityâ€), in each case, to pay the full amount of principal and accrued interest, including default interest, outstanding under the Revolving Facility. As a result, the Revolving Facility was terminated in connection therewith. Substantially all of our total assets, other than those held by SBIC LP, SBIC II LP and SBIC III LP, were pledged under the Madison Credit Facility to secure our obligations thereunder. Â  On October 4, 2021, all outstanding amounts on the Madison Credit Facility were repaid and the Madison Credit Facility was terminated. The repayment and termination of the Madison Credit Facility resulted in a realized loss on the extinguishment of debt of $0.8 million.Â Â Encina Credit Facility Â  On October 4, 2021, the Company entered into the Credit and Security Agreement (the â€œEncina Credit Agreementâ€) relating to a $50.0 million senior secured revolving credit facility with Encina, supported by loans held by SIF II and pledged to the Encina Credit Facility. The terms of the Encina Credit Facility required a minimum drawn amount of $12.5 million at all times during the first six months following the closing date, which increased to the greater of $25.0 million or 50% of the commitment amount in effect at any time thereafter. Advances under the Encina Credit Facility originally bore interest at a floating rate per annum equal to LIBOR plus 4.0%, with LIBOR having a floor of 0.75%, with customary provisions related to the selection by Encina and the Company of a replacement benchmark rate.Â Â  On January 27, 2023, we entered into the first amendment to the Encina Credit Agreement to, among other things: Â Â â— increase the borrowings available under the Encina Credit Facility from up to $50.0 million to up to $65.0 million; Â Â â— change the underlying benchmark used to compute interest under the Encina Credit Agreement from LIBOR to Term SOFR for a one-month tenor plus a 0.10% credit spread adjustment; Â Â â— increase the applicable effective margin rate on borrowings from 4.00% to 4.25%; Â Â â— extend the revolving period from October 4, 2024 to January 27, 2026; Â Â â— extend the period during which the borrower may request one or more increases in the borrowings available under theÂ EncinaÂ Credit Facility (each such increase, a â€œFacility Increaseâ€) from October 4, 2023 to January 27, 2025, and increased the maximum borrowings available pursuant to the Encina Facility Increase from $75.0 million to $150.0 million; Â Â â— revise the eligibility criteria for eligible collateral loans to exclude certain industries in which an obligor or related guarantor may be involved; and Â Â â— amend the provisions permitting the borrower to request an extension in the Commitment Termination Date (as defined in the Encina Credit Agreement) to allow requests to extend any applicable Commitment Termination Date, rather than a one-time request to extend the original Commitment Termination Date, subject to a notice requirement. Â  In addition to any fees or other amounts payable under the terms of the Encina Credit Facility, an administrative agent fee per annum equal toÂ $0.1 millionÂ is payable in equal monthly installments in arrears. Â  As of November 30, 2024 and February 29, 2024, there were $32.5 million and $35.0 million outstanding borrowings under the Encina Credit Facility. During the applicable periods, the Company was in compliance with all of the limitations and requirements under the Encina Credit Agreement. Financing costs of $2.0 million related to the Encina Credit Facility have been capitalized and are being amortized over the term of the facility, with all existing financing costs amortized through January 27, 2026 from the date of the amendment and extension. Â  For the three months ended November 30, 2024 and November 30, 2023, we recorded $0.8 million and $0.9 million of interest expense related to the Encina Credit Facility, respectively, which includes commitment and administrative agent fees. For the three months ended November 30, 2024 and November 30, 2023, we recorded $0.1 million and $0.1 million of deferred financing costs related to the Encina Credit Facility, respectively. Interest expense and amortization of deferred financing costs are reported as interest and debt financing expense on the consolidated statements of operations. During the three months ended November 30, 2024 and November 30, 2023, the weighted average interest rate on the outstanding borrowings under the Encina Credit Facility was 9.40% and 9.79%, respectively, and the average dollar amount of outstanding borrowings under the Encina Credit Facility was $32.5 million and $35.0 million, respectively.Â For the nine months ended November 30, 2024 and November 30, 2023, we recorded $2.6 million and $3.0 million of interest expense related to the Encina Credit Facility, respectively, which includes commitment and administrative agent fees. For the nine months ended November 30, 2024 and November 30, 2023, we recorded $0.3 million and $0.3 million of deferred financing costs related to the Encina Credit Facility, respectively. Interest expense and amortization of deferred financing costs are reported as interest and debt financing expense on the consolidated statements of operations. During the nine months ended November 30, 2024 and November 30, 2023, the weighted average interest rate on the outstanding borrowings under the Encina Credit Facility was 9.73% and 9.62%, respectively, and the average dollar amount of outstanding borrowings under the Encina Credit Facility was $33.3 million and $38.9 million, respectively. Â Â  The Encina Credit Facility contains limitations as to how borrowed funds may be used, such as restrictions on industry concentrations, asset size, weighted average life, currency denomination and collateral interests. The Encina Credit Facility also includes certain requirements relating to portfolio performance, the violation of which could result in the limit of further advances and, in some cases, result in an event of default, allowing the lenders to accelerate repayment of amounts owed thereunder. Availability on the Encina Credit Facility will be subject to a borrowing base calculation, based on, among other things, applicable advance rates (which vary from 50.0% to 75.0% of par or fair value depending on the type of loan asset) and the value of certain â€œeligibleâ€ loan assets included as part of the borrowing base. Funds may be borrowed at the greater of the prevailing one-month SOFR rate, plus an applicable effective margin of 4.25%. In addition, the Company will pay the lender a commitment fee of 0.75% per year (or 0.50% if the ratio of advances outstanding to aggregate commitments is greater than or equal to 50%) on the unused amount of the Encina Credit Facility. Â  Our borrowing base under the Encina Credit Facility is $85.1 million subject to the Encina Credit Facility cap of $65.0 million at November 30, 2024. For purposes of determining the borrowing base, most assets are assigned the values set forth in our most recent Annual Report on Form 10-K or Quarterly Report on Form 10-Q filed with the U.S. Securities and Exchange Commission (â€œSECâ€). Accordingly, the November 30, 2024 borrowing base relies upon the valuations set forth in the Quarterly Report on Form 10-Q for the period ended August 31, 2024. The valuations presented in this Quarterly Report on Form 10-Q will not be incorporated into the borrowing base until after this Quarterly Report on Form 10-Q is filed with the SEC.Â Â Â  Live Oak Facility Â  On March 27, 2024, the Company and its wholly owned special purpose subsidiary, SIF III, entered into a credit and security agreement (the â€œLive Oak Credit Agreementâ€), by and among SIF III, as borrower, the Company, as collateral manager and equityholder, the lenders from time to time parties thereto, Live Oak, as administrative agent and collateral agent, U.S. Bank National Association, as custodian, and U.S. Bank Trust Company, National Association, as collateral administrator, relating to Live Oak Credit Facility. Â  The Live Oak Credit Facility originally provided for borrowings in U.S. dollars in an aggregate amount of up to $50.0Â million. During the first two years following the closing date, SIF III may request one or more increases in the commitment amount from $50.0Â million to an amount not to exceed $150.0Â million, subject to certain terms and conditions and a customary fee. The terms of the Live Oak Credit Agreement require a minimum drawn amount of $12.5Â million at all times during the period ending March 27, 2025 and, thereafter, the greater of: (i) $25.0Â million and (ii)Â 50% of the facility amount in effect at such time. The Live Oak Credit Facility matures on March 27, 2027. Advances are available during the term of the Live Oak Credit Facility and must be repaid in full at maturity. SIF III may request an extension of the maturity date by an additional one year, subject to the agreement of the lenders and an extension fee. Â  On June 14, 2024, the Company entered into the first amendment to the Live Oak Credit Agreement (the â€œAmendmentâ€). The Amendment, among other things: Â Â â— increased the borrowings available under the Live Oak Credit Facility from up to $50.0 million to up to $75.0 million, subject to a borrowing base requirement; Â Â â— added new lenders (as identified in the Amendment) to the Live Oak Credit Agreement; Â Â â— replaced administrative agent approval with â€œRequired Lenderâ€ (as defined in the Live Oak Credit Agreement) approval with respect to certain matters; Â Â â— replaced Required Lender approval with 100% lender approval with respect to certain matters; and Â Â â— changed the definition of Required Lender to require the approval of at least two unaffiliated lenders. Â  Advances under the Live Oak Credit Facility are subject to a borrowing base calculation, and the Live Oak Credit Facility has various eligibility criteria for loans to be included in the borrowing base. Advances under the Live Oak Credit Facility bear interest at a floating rate per annum equal to Adjusted Term SOFR plus an applicable margin betweenÂ 3.50% andÂ 4.25% based on the Live Oak Credit Facilityâ€™s utilization. The Live Oak Credit Agreement also provides for an unused fee ofÂ 0.50% on the unused commitments. SIF IIIâ€™s obligations to the lenders under the Live Oak Credit Facility are secured by a first priority security interest in substantially all of SIF IIIâ€™s assets. In addition, SIF IIIâ€™s obligations to the lenders under the Live Oak Credit Facility are secured by a pledge by the Company of its equity interests in SIF III, which is evidenced by the equity pledge agreement, dated as of March 27, 2024, by and between the Company, as pledgor, and Live Oak, as collateral agent for the benefit of the secured parties. Â  In connection with the Live Oak Credit Agreement, the Company entered into a loan sale and contribution agreement with SIF III, dated as of March 27, 2024, by and between the Company, as seller, and SIF III, as purchaser, pursuant to which the Company will sell or contribute certain loans held by the Company to SIF III to be used to support the borrowing base under the Live Oak Credit Facility. The Live Oak Credit Facility permits loan proceeds and excess cash in SIF IIIâ€™s collection accounts to be distributed to us at any time based on three business days advance notice, subject to compliance with various conditions, including the absence of a default or event of default, the absence of an over-advance against the borrowing base and the absence of a violation of the financial covenants. Â  As of November 30, 2024 there was $20.0 million in outstanding borrowings under the Live Oak Credit Facility. During the applicable period, the Company was in compliance with all of the limitations and requirements under the Live Oak Credit Agreement. Â  For the three months ended November 30, 2024, we recorded $0.5 million of interest expense related to the Live Oak Credit Facility, which includes commitment and administrative agent fees. For the three months ended November 30, 2024, we recorded $0.1 million of deferred financing costs related to the Live Oak Credit Facility. Interest expense and amortization of deferred financing costs are reported as interest and debt financing expense on the consolidated statements of operations. During the three months ended November 30, 2024, the weighted average interest rate on the outstanding borrowings under the Live Oak Credit Facility was 9.00%, and the average dollar amount of outstanding borrowings under the Live Oak Credit Facility was $20.0 million. Â  For the nine months ended November 30, 2024, we recorded $1.4 million of interest expense related to the Live Oak Credit Facility, which includes commitment and administrative agent fees. For the nine months ended November 30, 2024, we recorded $0.2 million of deferred financing costs related to the Live Oak Credit Facility. Interest expense and amortization of deferred financing costs are reported as interest and debt financing expense on the consolidated statements of operations. During the nine months ended November 30, 2024, the weighted average interest rate on the outstanding borrowings under the Live Oak Credit Facility was 9.34%, and the average dollar amount of outstanding borrowings under the Live Oak Credit Facility was $17.3 million. Â  Our borrowing base under the Live Oak Credit Facility is $86.4 million subject to the Live Oak Credit Facility cap of $75.0 million at November 30, 2024. For purposes of determining the borrowing base, most assets are assigned the values set forth in our most recent Annual Report on Form 10-K or Quarterly Report on Form 10-Q filed with the U.S. Securities and Exchange Commission (â€œSECâ€). Accordingly, the November 30, 2024 borrowing base relies upon the valuations set forth in the Quarterly Report on Form 10-Q for the period ended August 31, 2024. The valuations presented in this Quarterly Report on Form 10-Q will not be incorporated into the borrowing base until after this Quarterly Report on Form 10-Q is filed with the SEC.Â Â SBA Debentures Â  The Companyâ€™s wholly owned subsidiaries, SBIC II LP and SBIC III LP, received SBIC licenses from the SBA on August 14, 2019 and September 29, 2022, respectively. Each of the SBIC Subsidiaries provide up to $175.0 million in long-term capital in the form of debentures guaranteed by the SBA. The Companyâ€™s wholly owned subsidiary, SBIC LP, repaid its outstanding debentures and subsequently surrendered its license to the SBA on January 3, 2024, providing the Company access to all undistributed capital of SBIC LP, and SBIC LP subsequently merged with and into the Company. Under current SBIC regulations, for two or more SBICs under common control, the maximum amount of outstanding SBA debentures cannot exceed $350.0 million.Â  Â  SBICs are designed to stimulate the flow of private equity capital to eligible small businesses. Under SBA regulations, SBICs may make loans to eligible small businesses and invest in the equity securities of small businesses. Under present SBA regulations, eligible small businesses include businesses that have a tangible net worth not exceeding $24.0 million and have average annual fully taxed net income not exceeding $8.0 million for the two most recent fiscal years. In addition, an SBIC must devote 25.0% of its investment activity to â€œsmaller enterprisesâ€ as defined by the SBA. A smaller enterprise is one that has a net worth not exceeding $6.0 million and has average annual fully taxed net income not exceeding $2.0 million for the two most recent fiscal years. SBA regulations also provide alternative size standard criteria to determine eligibility, which depend on the industry in which the business is engaged and are based on such factors as the number of employees and gross sales. According to SBA regulations, SBICs may make long-term loans to small businesses, invest in the equity securities of such businesses and provide them with consulting and advisory services. Â  The SBIC Subsidiaries are able to borrow funds from the SBA against each SBICâ€™s regulatory capital (which generally approximates equity capital in the respective SBIC). The SBIC Subsidiaries are subject to customary regulatory requirements including but not limited to, a periodic examination by the SBA and requirements to maintain certain minimum financial ratios and other covenants. Receipt of an SBIC license does not assure that the SBIC Subsidiaries will receive SBA-guaranteed debenture funding, which is dependent upon the SBIC Subsidiaries complying with SBA regulations and policies. The SBA, as a creditor, will have a superior claim to each SBIC Subsidiaryâ€™s assets over the Companyâ€™s stockholders and debtholders in the event that the Company liquidates such SBIC Subsidiary or the SBA exercises its remedies under the SBA-guaranteed debentures issued by the SBIC Subsidiary upon an event of default. Â  The Company received exemptive relief from the SEC to permit it to exclude the debentures guaranteed by the SBA of the SBIC Subsidiaries from the definition of senior securities in the asset coverage test under the 1940 Act. This allows the Company increased flexibility under the asset coverage requirement by permitting it to borrow up to $350.0 million more than it would otherwise be able to absent the receipt of this exemptive relief. Â Â  As of November 30, 2024, we have funded SBIC II LP and SBIC III LP with an aggregate total of equity capital of $87.5 million and $66.7 million, respectively, and have $214.0 million in SBA-guaranteed debentures outstanding, of which $175.0 million was held by SBIC II LP and $39.0 million held in SBIC III LP. Â  As noted above, as of November 30, 2024, there was $214.0 million of SBA debentures outstanding and as of February 29, 2024, there was $214.0 million of SBA debentures outstanding. The carrying amount of the amount outstanding of SBA debentures approximates its fair value, which is based on a waterfall analysis showing adequate collateral coverage and would be classified as a Level 3 liability within the fair value hierarchy. Financing costs of $6.0 million, and $0.4 million related to the SBA debentures issued by SBIC II LP and SBIC III LP, respectively, have been capitalized and are being amortized over the term of the commitment and drawdown. Â  For the three months ended November 30, 2024 and November 30, 2023, the Company recorded $1.8 million and $1.6 million of interest expense related to the SBA debentures, respectively. For the three months ended November 30, 2024 and November 30, 2023, the Company recorded $0.2 million and $0.3 million of amortization of deferred financing costs related to the SBA debentures, respectively. Interest expense and amortization of deferred financing costs are reported as interest and debt financing expense on the consolidated statements of operations. The weighted average interest rate during the three months ended November 30, 2024 and November 30, 2023 on the outstanding borrowings of the SBA debentures was 3.30% and 3.25%, respectively. During the three months ended November 30, 2024 and November 30, 2023, the average dollar amount of SBA debentures outstanding was $214.0 million and $200.4 million, respectively.Â For the nine months

ended November 30, 2024 and November 30, 2023, the Company recorded $5.3 million and $4.6 million of interest expense related to the SBA debentures, respectively. For the nine months ended November 30, 2024 and November 30, 2023, the Company recorded $0.7 million and $0.7 million of amortization of deferred financing costs related to the SBA debentures, respectively. Interest expense and amortization of deferred financing costs are reported as interest and debt financing expense on the consolidated statements of operations. The weighted average interest rate during the nine months ended November 30, 2024 and November 30, 2023 on the outstanding borrowings of the SBA debentures was 3.33% and 3.01%, respectively. During the nine months ended November 30, 2024 and November 30, 2023, the average dollar amount of SBA debentures outstanding was $214.0 million and $201.7 million, respectively. debentures from this table because the SEC has granted us exemptive relief that permits us to exclude such debentures from the definition of senior securities in the 150% asset coverage ratio we are required to maintain under the 1940 Act. (2) This table does not include the senior securities of our predecessor entity, GSC Investment Corp., relating to a revolving securitized credit facility with Deutsche Bank, in light of the fact that the Company was under different management during the time that such credit facility was outstanding. Â  (3) Total amount of senior securities outstanding at the end of the period presented. (4) Asset coverage per unit is the ratio of our total assets, less all liabilities and indebtedness not represented by senior securities, to the aggregate amount of senior securities representing indebtedness. Asset coverage per unit is expressed in terms of dollar amounts per $1,000 of indebtedness, calculated on a total basis. (5) The amount to which such class of senior security would be entitled upon the involuntary liquidation of the issuer in preference to any security junior to it. The â€œâ€” indicates information which the Securities and Exchange Commission expressly does not require to be disclosed for certain types of senior securities. (6)Not applicable for credit facility because not registered for public trading. (7) On JanuaryÂ 13, 2017, the Company redeemed in full its 2020 Notes. The Company used a portion of the net proceeds from the 2023 Notes offering, which was completed in December 2016, to redeem the 2020 Notes in full. (8) Based on the average daily trading price of the 2020 Notes on the NYSE. (9) On December 21, 2019 and February 7, 2020, the Company redeemed $50.0 million and $24.45 million, respectively, in aggregate principal amount of the $74.45 million in aggregate principal amount of issued and outstanding 2023 Notes. (10) Based on the average daily trading price of the 2023 Notes on the NYSE. (11) Based on the average daily trading price of the 2025 Notes on the NYSE. (12) The carrying value of this unlisted security approximates its fair value, based on a

waterfall analysis showing adequate collateral coverage. (13) On August 31, 2021, the Company redeemed $60.0 million in aggregate principal amount of the issued and outstanding 6.25% 2025 Notes. The Company used a portion of the net proceeds from the 4.375% 2026 Notes offering, which was completed in July 2021, to redeem the 6.25% 2025 Notes in full. (14) On October 4, 2021, the Company repaid all remaining amounts outstanding under the Madison Credit Facility and the credit agreement relating to the Madison Credit Facility was terminated. (15) Based on the average daily trading price of the 2027 Notes on the NYSE. (16) Based on the average daily trading price of the 2028 Notes on the NYSE. (17) On July 14, 2022, the Company redeemed $43.1 million in aggregate principal amount of the issued and outstanding 7.25% 2025 Notes. Stockholdersâ€™ Equity Â Share Repurchases Â On September 24, 2014, the Company announced the approval of an open market share repurchase plan that originally allowed it to repurchase up to 200,000 shares of its common stock at prices below its NAV as reported in its then most recently published consolidated financial statements (the â€œShare Repurchase Planâ€). Since September 24, 2014, the Share Repurchase Plan has been extended annually, and the Company has periodically increased the amount of shares of common stock that may be purchased under the Share Repurchase Plan, most recently to 1.7 million shares of common stock. On January 7, 2025, the Companyâ€™s board of directors extended the Share Repurchase Plan for another year to January 15, 2026. As of November 30, 2024, the Company had purchased 1,035,203 shares of common stock, at the average price of $22.05 for approximately $22.8 million pursuant to the Share Repurchase Plan. During the three and nine months ended November 30, 2024, the Company did not purchase any shares of common stock pursuant to the Share Repurchase Plan. Â Public Equity Offering Â On July 13, 2018, the Company issued 1,150,000 shares of its common stock priced at $25.00 per share (par value $0.001 per share) at an aggregate total of $28.75 million. The net proceeds, afterÂ deducting underwriting commissions of $1.15 million and offering costs of approximately $0.2 million, amounted to approximately $27.4 million.Â The Company also granted the underwriters a 30-day option to purchase up to an additional 172,500 shares of its common stock, which was not exercised.Â Â Equity ATM Program Â On March 16, 2017, the Company entered into an equity distribution agreement with Ladenburg Thalmann & Co. Inc., through which the Company offered for sale, from time to time, up to $30.0 million of the Companyâ€™s common stock through an ATM offering. Subsequent to this, BB&T Capital Markets and B. Riley FBR, Inc. were also added to the agreement. On July 11, 2019, the amount of the common stock to be offered was increased to $70.0 million, and on October 8, 2019, the amount of the common stock to be offered was increased to $130.0 million. This agreement was terminated as of July 29, 2021, and as of that date, the Company had sold 3,922,018 shares for gross proceeds of $97.1 million at an average price of $24.77 for aggregate net proceeds of $95.9 million (net of transaction costs). Â On July 30, 2021, the Company entered into an equity distribution agreement (the â€œEquity Distribution Agreementâ€) with Ladenburg Thalmann & Co. Inc. (â€œLadenburgâ€) and Compass Point Research and Trading, LLC (â€œCompass Pointâ€), through which the Company may offer for sale, from time to time, up to $150.0 million of the Companyâ€™s common stock through the Agents (as defined below), or to them, as principal for their account (the â€œATM Programâ€). Â On July 6, 2023, the Company amended the Equity Distribution Agreement to increase the maximum amount of shares of our common stock to be sold through the ATM Program to $300.0 million from $150.0 million. On July 19, 2023, the Company amended the Equity Distribution Agreement to add an additional distribution agent, Raymond James & Associates, Inc. (â€œRaymond Jamesâ€). On May 15, 2024, the Company amended the Equity Distribution Agreement to add an additional distribution agent, Lucid Capital Markets, LLC (â€œLucidâ€ and together with Ladenburg, Compass Point, and Raymond James, the â€œAgentsâ€). The sales price per share of the Companyâ€™s common stock offered under the ATM Program, less the Agentsâ€™ commission, will not be less than the NAV per share of the Companyâ€™s common stock at the time of such sale. Consistent with the terms of the ATM Program, the Manager may, from time to time and in its sole discretion, contribute proceeds necessary to ensure that no sales are made at a price below the then-current NAV per share. Â As of November 30, 2024, the Company sold 6,652,316 shares for gross proceeds of $175.5 million at an average price of $26.37 for aggregate net proceeds of $173.9 million (net of transaction costs). During the three and nine months ended November 30, 2024, the Company sold 108,438 shares for gross proceeds of $2.9 million at an average price of $27.07 for aggregate net proceeds of $2.9 million (net of transaction costs).Â Â The Company adopted Rule 3-04/Rule 8-03(a)(5) under Regulation S-X (Note 2). Pursuant to Regulation S-X, the Company has presented a reconciliation of the changes in each significant caption of stockholdersâ€™ equity as shown in the tables below: Â Â Â Â Â Â Â Â Â CapitalÂ Â Total DistributableÂ Â Â Â Â Â Common StockÂ Â in ExcessÂ Â EarningsÂ Â Â Â Â Â SharesÂ Â AmountÂ Â of Par ValueÂ Â (Loss)Â Â Net AssetsÂ Balance at February 28, 2023Â Â 11,890,500Â Â $ 11,891Â Â $ 321,893,806Â Â $ 25,052,345Â Â $ 346,958,042Â Increase (Decrease) from Operations:Â Â Â Â Â Â Â Â Â Â Â Â Â Â Net investment incomeÂ Â -Â Â Â -Â Â Â -Â Â Â 15,958,950Â Â Â 15,958,950Â Â Net realized gain (loss) from investmentsÂ Â -Â Â Â -Â Â Â -Â Â Â 90,691Â Â Â 90,691Â Net change in unrealized appreciation (depreciation) on investmentsÂ Â -Â Â Â -Â Â Â -Â Â Â (16,322,307)Â Â (16,322,307) Net change in provision for deferred taxes on unrealized (appreciation) depreciation on investmentsÂ Â -Â Â Â -Â Â Â 59,407Â Â Â 59,407Â Decrease from Shareholder Distributions:Â Â Â Â Â Â Â Â Â Â Â Â Â Â Distributions of investment incomeÂ Â -Â Â Â -Â Â Â -Â Â Â (8,193,402)Â Â (8,193,402) Capital Share Transactions:Â Â Â Â Â Â Â Â Â Â Â Â Â Â Stock dividend distributionÂ Â 45,818Â Â Â 47Â Â Â 1,058,797Â Â Â -Â Â Â 1,058,844Â Repurchases of common stockÂ Â (88,576)Â Â (90)Â Â (2,157,515)Â Â -Â Â Â (2,157,605) Repurchase feesÂ Â -Â Â Â -Â Â Â (1,772)Â Â -Â Â Â (1,772) Balance at May 31, 2023Â Â 11,847,742Â Â $11,848Â Â $320,793,316Â Â $16,645,684Â Â $337,450,848Â Increase (Decrease) from Operations:Â Â Â Â Â Â Â Â Â Â Â Â Â Â Net investment incomeÂ Â -Â Â Â -Â Â Â 13,964,784Â Â Â 13,964,784Â Â Realized losses on extinguishment of debtÂ Â -Â Â Â -Â Â Â -Â Â Â (110,056)Â Â (110,056) Net change in unrealized appreciation (depreciation) on investmentsÂ Â -Â Â Â -Â Â Â -Â Â Â (5,737,571)Â Â (5,737,571) Net change in provision for deferred taxes on unrealized (appreciation) depreciation on investmentsÂ Â -Â Â Â -Â Â Â -Â Â

of this calculation to be reinvested at prices obtained under the DRIP. Total investment return does not reflect brokerage commissions. (8) Ratios are annualized.Â Â Incentive management fees included within the ratio are not annualized. (9) Ratios are annualized. (10) Portfolio turnover rate is calculated using the lesser of year-to-date sales or year-to-date purchases over the average of the invested assets at fair value. (11) Asset coverage ratio per unit is the ratio of the carrying value of our total consolidated assets, less all liabilities and indebtedness not represented by senior securities, to the aggregate amount of senior securities representing indebtedness. Asset coverage ratio per unit is expressed in terms of dollar amounts per $1,000 of indebtedness. Asset coverage ratio per unit does not include unfunded commitments. The inclusion of unfunded commitments in the calculation of the asset coverage ratio per unit would not cause us to be below the required amount of regulatory coverage. Our investment objective is to create attractive risk-adjusted returns by generating current income and long-term capital appreciation from our investments. We invest primarily in senior and unitranche leveraged loans and mezzanine debt issued by private U.S. middle-market companies, which we define as companies having earnings before interest, tax, depreciation and amortization (â€œEBITDAâ€) of between $2 million and $50 million, both through direct lending and through participation in loan syndicates. We may also invest up to 30.0% of the portfolio in opportunistic investments in order to seek to enhance returns to stockholders. Such investments may include investments in distressed debt, which may include securities of companies in bankruptcy, foreign debt, private equity, securities of public companies that are not thinly traded and structured finance vehicles such as collateralized loan obligation funds. Although we have no current intention to do so, to the extent we invest in private equity funds, we will limit our investments in entities that are excluded from the definition of â€œinvestment companyâ€ under Section 3(c)(1) or Section 3(c)(7) of the 1940 Act, which includes private equity funds, to no more than 15.0% of our net assets. We have elected and qualified to be treated as a RIC under Subchapter M of the Internal Revenue Code of 1986, as amended (the â€œCodeâ€). Â Â Â Risk Factors [Table Text Block] ItemÂ 1A. All intercompany accounts and transactions have been eliminated in consolidation. All references made to the â€œCompany,â€ â€œwe,â€ and â€œusâ€ herein include Saratoga Investment Corp. and its consolidated subsidiaries, except as stated otherwise.The Company, SBIC II LP, and SBIC III LP are all considered to be investment companies for financial reporting purposes and have applied the guidance in the Financial Accounting Standards Board (â€œFASBâ€) Accounting Standards Codification (â€œASCâ€) Topic 946, Financial Services â€” Investment Companies (â€œASC 946â€). There have been no changes to the Company, SBIC II LP, or SBIC III LPâ€™s status as investment companies during the three months ended November 30, 2024. Principles of Consolidation Principles of ConsolidationUnder the investment company rules and regulations pursuant to ASC 946, the Company is precluded from consolidating any entity other than another investment company or controlled operating company whose business consists of providing services to the Company.Â  As a result, the consolidated financial statements of the Company include only the accounts of the Company and its wholly owned subsidiaries. All intercompany balances and transactions have been eliminated in consolidation.The Company has determined that SLF JV is an investment company under ASC 946; however, in accordance with such guidance the Company will generally not consolidate its investment in a company other than a wholly owned investment company subsidiary. SLF JV is not a wholly owned investment company subsidiary as the Company and TJHA each have an equal 50% voting interest in SLF JV and thus neither party has a controlling financial interest. Furthermore, FASB ASC Topic 810, Consolidation, concludes that in a joint venture where both members have equal decision-making authority, it is not appropriate for one member to consolidate the joint venture since neither has control. Accordingly, the Company does not consolidate its investment in SLF JV. Use of Estimates in the Preparation of Financial Statements Use of Estimates in the Preparation of Financial StatementsThe preparation of the accompanying consolidated financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements, and income, gains (losses) and expenses during the period reported. Actual results could differ materially from those estimates. Operating Segment Operating SegmentThe Company invests in various industries and separately evaluates the performance of each of its investment relationships. However, because each of these investment relationships have similar business and economic characteristics, they have been aggregated into a single investment segment. All applicable segment disclosures are included in or can be derived from the Companyâ€™s consolidated financial statements (See Note 3. Investments). Cash and Cash Equivalents Cash and Cash EquivalentsCash and cash equivalents include short-term, liquid investments in a money market fund. The Company places its cash in financial institutions and, at times, such balances may be in excess of the Federal Deposit Insurance Corporation insurance limits. Cash and cash equivalents are carried at cost which approximates fair value. Pursuant to Section 12(d)(1)(A) of the 1940 Act, the Company may not invest in another investment company, such as a money market fund, if such investment would cause the Company to: Â  â— own more than 3.0% of the investment companyâ€™s total outstanding voting stock; Â  â— hold securities in the investment company having an aggregate value in excess of 5.0% of the value of the Companyâ€™s total assets; or Â  â— hold securities in investment companies having an aggregate value in excess of 10.0% of the value of the Companyâ€™s total assets. As of November 30, 2024, the Company did not exceed any of these limitations.Â  Cash and Cash Equivalents, Reserve Accounts Cash and Cash Equivalents, Reserve AccountsCash and cash equivalents, reserve accounts include amounts held in designated bank accounts in the form of cash and short-term liquid investments in money market funds, and, at times, such balances may be in excess of the Federal Deposit Insurance Corporation insurance limits, representing payments received on secured investments or other reserved amounts associated with the Encina Credit Facility or the Live Oak Credit Facility held by the Companyâ€™s wholly owned subsidiaries, SIF II and SIF III, respectively. The Company is required to use these amounts to pay interest expense, reduce borrowings, or pay other amounts in accordance with the terms of the Encina Credit Facility and the Live Oak Credit Facility.In addition, cash and cash equivalents, reserve accounts also include amounts held in designated bank accounts, in the form of cash and short-term liquid investments in money market funds, within the Companyâ€™s wholly owned subsidiaries, SBIC II LP and SBIC III LP.The statements of cash flows explain the change during the period in the total of cash, cash equivalents and amounts generally described as restricted cash and restricted cash equivalents when reconciling the beginning-of-period and end-of-period total amounts.The following table provides a reconciliation of cash and cash equivalents and cash and cash equivalents, reserve accounts reported within the consolidated statements of assets and liabilities that sum to the total of the same such amounts shown in the consolidated statements of cash flows: Â Â NovemberÂ 30, 2024Â Â  FebruaryÂ 29, 2024Â  Cash and cash equivalentsÂ  $147,614,810Â Â  $8,692,846Â  Cash and cash equivalents, reserve accountsÂ  Â 102,549,213Â Â  Â 31,814,278Â Total cash and cash equivalents and cash and cash equivalents, reserve accountsÂ  $250,164,023Â Â  $40,507,124Â  Investment Classification Investment ClassificationThe Company classifies its investments in accordance with the requirements of the 1940 Act. Under the 1940 Act, â€œcontrol investmentsâ€ are defined as investments in companies in which the Company owns more than 25.0% of the voting securities or maintains greater than 50.0% of the board representation. Under the 1940 Act, â€œaffiliated investmentsâ€ are defined as those non-control investments in companies in which the Company owns between 5.0% and 25.0% of the voting securities. Under the 1940 Act, â€œnon-affiliated investmentsâ€ are defined as investments that are neither control investments nor affiliated investments. Investment Valuation Investment ValuationThe Company accounts for its investments at fair value in accordance with the FASB ASC Topic 820, Fair Value Measurement (â€œASC 820â€). ASC 820 defines fair value, establishes a framework for measuring fair value, establishes a fair value hierarchy based on the quality of inputs used to measure fair value and enhances disclosure requirements for fair value measurements. ASC 820 requires the Company to assume that its investments are to be sold or its liabilities are to be transferred at the measurement date in the principal market to independent market participants, or in the absence of a principal market, in the most advantageous market, which may be a hypothetical market. Market participants are defined as buyers and sellers in the principal or most advantageous market that are independent, knowledgeable, and willing and able to transact.Investments for which market quotations are readily available are fair valued at such market quotations obtained from independent third-party pricing services and market makers subject to any decision by the Companyâ€™s board of directors to approve a fair value determination to reflect significant events affecting the value of these investments. The Company values investments for which market quotations are not readily available at fair value as approved, in good faith, by the Companyâ€™s board of directors based on input from the Manager, the audit committee of the board of directors and a third-party independent valuation firm.Â The Company undertakes a multi-step valuation process each quarter when valuing investments for which market quotations are not readily available, as described below: Â  â— each investment is initially valued by the responsible investment professionals of the Manager and preliminary valuation conclusions are documented, reviewed and discussed with our senior management; and Â  â— an independent valuation firm engaged by the Companyâ€™s board of directors independently reviews a selection of these preliminary valuations each quarter so that the valuation of each investment for which market quotes are not readily available is reviewed by the independent valuation firm at least once each fiscal year. The Company uses a third-party independent valuation firm to value its investment in the subordinated notes of Saratoga Investment Corp. CLO 2013-1, Ltd. (â€œSaratoga CLOâ€), the Class F-2-R-3 Notes of the Saratoga CLO, and the Class E Notes of the SLF 2022 every quarter. In addition, all investments are subject to the following valuation process: Â  â— the audit committee of the Companyâ€™s board of directors reviews and approves each preliminary valuation and the Manager and independent valuation firm (if applicable) will supplement the preliminary valuation to reflect any comments provided by the audit committee; and Â  â— the Companyâ€™s board of directors discusses the valuations and approves the fair value of each investment, in good faith, based on the input of the Manager, independent valuation firm (to the extent applicable) and the audit committee of the board of directors. The Company uses multiple techniques for determining fair value based on the nature of the investment and experience with those types of investments and specific portfolio companies. The selections of the valuation techniques and the inputs and assumptions used within those techniques often require subjective judgements and estimates. These techniques include market comparables, discounted cash flows and enterprise value waterfalls. Fair value is best expressed as a range of values from which the Company determines a single best estimate. The types of inputs and assumptions that may be considered in determining the range of values of the Companyâ€™s investments include the nature and realizable value of any collateral, the portfolio companyâ€™s ability to make payments, market yield trend analysis and volatility in future interest rates, call and put features, the markets in which the portfolio company does business, comparison to publicly traded companies, discounted cash flows and other relevant factors.The Companyâ€™s investments in the subordinated notes of Saratoga CLO, Class F-2-R-3 Notes of the Saratoga CLO and the Class E Notes of SLF 2022 are carried at fair value, which is based on a discounted cash flow valuation technique that utilizes prepayment, re-investment and loss inputs based on historical experience and projected performance, economic factors, the characteristics of the underlying cash flow, and comparable yields for equity interests in collateralized loan obligation funds, when available, as determined by the Manager and recommended to the Companyâ€™s board of directors. Specifically, the Company uses Intex cash flows, or an appropriate substitute, to form the basis for the valuation of its investment in the subordinated notes of Saratoga CLO, Class F-2-R-3 Notes of the Saratoga CLO and the Class E Notes of SLF 2022. The inputs are based on available market data and projections provided by third parties as well as management estimates. The Company uses the output from the Intex models (i.e., the estimated cash flows) to perform a discounted cash flow analysis on expected future cash flows to determine the valuation for our investment in Saratoga CLO.The Companyâ€™s equity investment in SLF JV is measured using the proportionate share of the net asset value (â€œNAVâ€), or equivalent, of SLF JV as a practical expedient for fair value, provided by ASC 820. The Companyâ€™s unsecured loan investment in SLF JV is based on a discounted cash flow valuation technique.Because such valuations, and particularly valuations of private investments and private companies, are inherently uncertain, they may fluctuate over short periods of time and may be based on estimates. The determination of fair value may differ materially from the values that would have been used if a ready market for these investments existed. The Companyâ€™s NAV could be materially affected if the determinations regarding the fair value of its investments were materially higher or lower than the values that the Company ultimately realizes upon the disposal of such investments.Â Rule 2a-5 under the 1940 Act (â€œRule 2a-5â€) establishes a regulatory framework for determining fair value in good faith for purposes of the 1940 Act. Rule 2a-5 permits boards of directors, subject to board oversight and certain other conditions, to designate the investment adviser to perform fair value determinations. Rule 2a-5 also defines when market quotations are â€œreadily availableâ€ for purposes of the 1940 Act and the threshold for determining whether a fund must determine the fair value of a security. Rule 31a-4 under the 1940 Act (â€œRule 31a-4â€) provides for certain recordkeeping requirements associated with fair value determinations. While the Companyâ€™s board of directors has not elected to designate Saratoga Investment Advisors as the valuation designee, the Company has established policies and procedures in compliance with the applicable requirements of Rule 2a-5 and Rule 31a-4. Derivative Financial Instruments Derivative Financial InstrumentsThe Company accounts for derivative financial instruments in accordance with FASB ASC Topic 815, Derivatives and Hedging (â€œASC 815â€). ASC 815 requires recognizing all derivative instruments as either assets or liabilities on the consolidated statements of assets and liabilities at fair value. The Company values derivative contracts at the closing fair value provided by the counterparty. Changes in the values of derivative contracts are included in the consolidated statements of operations. Investment Transactions and Income Recognition Investment Transactions and Income RecognitionPurchases and sales of investments and the related realized gains or losses are recorded on a trade-date basis. Interest income, adjusted for amortization of premium and accretion of discount, is recorded on an accrual basis to the extent that such amounts are expected to be collected. The Company stops accruing interest on its investments when it is determined that interest is no longer collectible. Discounts and premiums on investments purchased are accreted/amortized using the effective yield method. The amortized cost of investments represents the original cost adjusted for the accretion of discounts over the life of the investment and amortization of premiums on investments up to the earliest call date.Loans are generally placed on non-

accrual status when there is reasonable doubt that principal or interest will be collected. Accrued interest is generally reserved when a loan is placed on non-accrual status. Interest payments received on non-accrual loans may be recognized as a reduction in principal depending upon managementâ€™s judgment regarding collectability. Non-accrual loans are restored to accrual status when past due principal and interest is paid and, in managementâ€™s judgment, are likely to remain current, although management may make exceptions to this general rule if the loan has sufficient collateral value and is in the process of collection. At November 30, 2024, our investment in two controlled portfolio companies were onÂ non-accrualÂ status with a fair value of approximately $2.7 million, or 0.3% of the fair value of our portfolio. At February 29, 2024, our investment in three non-controlled portfolio companies were on non-accrual status with a fair value of approximately $18.9 million, or 1.7% of the fair value of our portfolio.Interest income on our investment in the subordinated note of Saratoga CLO is recorded using the effective interest method in accordance with the provisions of ASC Topic 325-40, Investments-Other, Beneficial Interests in Securitized Financial Assets, based on the anticipated yield and the estimated cash flows over the projected life of the investment. Yields are revised when there are changes in actual or estimated cash flows due to changes in prepayments and/or re-investments, credit losses or asset pricing. Changes in estimated yield are recognized as an adjustment to the estimated yield over the remaining life of the investment from the date the estimated yield was changed. Payment-in-Kind Interest Payment-in-Kind InterestThe Company may hold debt and preferred equity investments in its portfolio that contain a payment-in-kind (â€œPIKâ€) interest provision. The PIK interest, which represents contractually deferred interest added to the investment balance that is generally due at maturity, is generally recorded on an accrual basis to the extent such amounts are expected to be collected. The Company stops accruing PIK interest if it is expected that the issuer will not be able to pay all principal and interest when due. The Company restores to accrual status when past due principal and interest is paid and, in managementâ€™s judgment, are likely to remain current, although management may make exceptions to this general rule if the loan has sufficient collateral value and is in the process of collection.Â  Dividend Income Dividend IncomeDividend income is recorded in the consolidated statements of operations when earned. Structuring and Advisory Fee Income Structuring and Advisory Fee IncomeStructuring and advisory fee income represents various fee income earned and received for performing certain investment structuring and advisory activities during the closing of new investments. Other Income Other IncomeOther income includes prepayment income fees, and monitoring, administration, redemption and amendment fees and is recorded in the consolidated statements of operations when earned. Deferred Debt Financing Costs Deferred Debt Financing CostsFinancing costs incurred in connection with our credit facility and notes are deferred and amortized using the straight-line method over the life of the respective facility and debt securities. Financing costs incurred in connection with the SBA debentures of SBIC II LP and SBIC III LP are deferred and amortized using the straight-line method over the life of the debentures. Any discount or premium on the issuance of any debt is accreted and amortized using the effective interest method over the life of the respective debt security.The Company presents deferred debt financing costs on the balance sheet as a contra-liability, which is a direct deduction from the carrying amount of that debt liability, consistent with debt discounts. Realized Loss on Extinguishment of Debt Realized Loss on Extinguishment of DebtUpon the repayment of debt obligations that are deemed to be extinguishments, the difference between the principal amount due at maturity adjusted for any unamortized debt issuance costs is recognized as a loss (i.e., the unamortized debt issuance costs are recognized as a loss upon extinguishment of the underlying debt obligation). Contingencies ContingenciesIn the ordinary course of business, the Company may enter into contracts or agreements that contain indemnifications or warranties. Future events could occur that lead to the execution of these provisions against the Company. Based on its history and experience, management reasonably believes that the likelihood of such an event is remote. Therefore, the Company has not accrued any liabilities in connection with such indemnifications.In the ordinary course of business, the Company may directly or indirectly be a defendant or plaintiff in legal actions with respect to bankruptcy, insolvency or other types of proceedings. Such lawsuits may involve claims that could adversely affect the value of certain financial instruments owned by the Company. Income Taxes Income TaxesThe Company has elected, and intends to qualify annually, to be treated for U.S. federal income tax purposes as a RIC under Subchapter M of the Code. By meeting these requirements, the Company generally will not be subject to U.S. federal income tax on ordinary income or capital gains timely distributed to stockholders. Therefore, no provision has been recorded for federal income taxes, except as related to the Corporate Blockers (as defined below) and long-term capital gains, when applicable.In order to qualify as a RIC, among other requirements, the Company generally is required to timely distribute to its stockholders at least 90% of its â€œinvestment company taxable incomeâ€, as defined by the Code, for each fiscal tax year. The Company will be subject to U.S. federal income tax imposed at corporate rates on its investment company taxable income and net capital gains that it does not timely distribute to shareholders. The Company will be subject to a non-deductible U.S. federal excise tax of 4% on undistributed income if it does not distribute at least (1) 98% of its net ordinary income in any calendar year, (2) 98.2% of its capital gain net income for each one-year period ending on October 31and (3) any net ordinary income and capital gain net income that it recognized for preceding years, but were not distributed during such year, and on which the Company paid no U.S federal income tax.Â Depending on the level of investment company taxable income earned in a tax year and the amount of net capital gains recognized in such tax year, the Company may choose to carry forward investment company taxable income and net capital gains in excess of current year dividend distributions into the next tax year and pay U.S. federal income tax, and possibly the 4% U.S. federal excise tax on such income, as required. To the extent that the Company determines that its estimated current year annual investment company taxable income will be in excess of estimated current year dividend distributions for U.S. federal excise tax purposes, the Company accrues the U.S. federal excise tax, if any, on estimated excess taxable income as taxable income is earned. For the years ended February 29, 2024, 2023 and 2022, the excise tax accrual on estimated excess taxable income was $1.8 million, $1.1 million and $0.6 million, respectively.In accordance with U.S. Treasury regulations and published guidance issued by the Internal Revenue Service (â€œIRSâ€), a publicly offered RIC may treat a distribution of its own stock as counting toward its RIC distribution requirements if each stockholder may elect to receive his, her, or its entire distribution in either cash or stock of the RIC. This published guidance indicates that the rule will apply where the aggregate amount of cash to be distributed to all stockholders is not at least 20% of the aggregate declared distribution. Under the published guidance,Â if too many stockholders elect to receive cash,Â the cash available for distribution must be allocated among the stockholders electing to receive cash (with the balance of the distribution paid in stock). In no event will any stockholder, electing to receive cash, receive less than 20% of his or her entire distribution in cash. If these and certain other requirements are met, for U.S. federal income tax purposes, the amount of the dividend paid in stock will be equal to the amount of cash that could have been received instead of stock.The Company may utilize wholly owned holding companies that are treated as corporations for U.S. federal income tax purposes when making equity investments in portfolio companies taxed as pass-through entities to meet its source-of-income requirements as a RIC (â€œCorporate Blockersâ€). Corporate Blockers are consolidated in the Companyâ€™s U.S. GAAP financial statements and may result in current and deferred U.S. federal and state income tax expense with respect to income derived from those investments. Such income, net of applicable income taxes, is not included in the Companyâ€™s tax-basis net investment income until distributed by the Corporate Blocker, which may result in timing and character differences between the Companyâ€™s U.S. GAAP and tax-basis net investment income and realized gains and losses. Income tax expense or benefit from Corporate Blockers related to net investment income are included in total operating expenses, while any expense or benefit related to federal or state income tax originated for capital gains and losses are included together with the applicable net realized or unrealized gain or loss line item. Deferred tax assets of the Corporate Blockers are reduced by a valuation allowance when, in the opinion of management, it is more-likely than-not that some portion or all of the deferred tax assets will not be realized.FASB ASC Topic 740, Income Taxes, (â€œASC 740â€), provides guidance for how uncertain tax positions should be recognized, measured, presented and disclosed in the financial statements. ASC 740 requires the evaluation of tax positions taken or expected to be taken in the course of preparing the Companyâ€™s tax returns to determine whether the tax positions are â€œmore-likely-than-notâ€ of being sustained by the applicable tax authority. Tax positions deemed to meet a â€œmore-likely-than-notâ€ threshold would be recorded as a tax benefit or expense in the current period. The Company recognizes interest and penalties, if any, related to unrecognized tax benefits as income tax expense on the consolidated statements of operations. During the fiscal year ended February 29, 2024, the Company did not incur any interest or penalties. Although we file federal and state tax returns, our major tax jurisdiction is federal. The 2021, 2022, 2023 and 2024 federal tax years for the Company remain subject to examination by the IRS. At November 30, 2024 and February 29, 2024, there were no uncertain tax positions. The Company is not aware of any tax positions for which it is reasonably possible that the total amounts of unrecognized tax benefits will change significantly in the next 12 months. Dividends DividendsDividends to common stockholders are recorded on the ex-dividend date. The amount to be paid out as a dividend is determined by the board of directors. Net realized capital gains, if any, are generally distributed at least annually, although we may decide to retain some or all of our net capital gains for reinvestment.We have adopted a dividend reinvestment plan (â€œDRIPâ€) that provides for reinvestment of our dividend distributions on behalf of our stockholders unless a stockholder elects to receive cash. As a result, if our board of directors authorizes, and we declare, a cash dividend, then our stockholders who have not â€œopted outâ€ of the DRIP by the dividend record date will have their cash dividends automatically reinvested into additional shares of our common stock, rather than receiving the cash dividends. We have the option to satisfy the share requirements of the DRIP through the issuance of new shares of common stock or through open market purchases of common stock by the DRIP plan administrator.Â  Capital Gains Incentive Fee Capital Gains Incentive FeeThe Company records an expense accrual on the consolidated statements of operations relating to the capital gains incentive fee payable to the Manager, as recorded on the consolidated statements of assets and liabilities when the net realized and unrealized gain on its investments exceed all net realized and unrealized capital losses on its investments, as a capital gains incentive fee would be owed to the Manager if the Company were to liquidate its investment portfolio at such time.The actual incentive fee payable to the Manager related to capital gains will be determined and payable in arrears at the end of each fiscal year and only reflect those realized capital gains net of realized and unrealized losses for the period. Recent Accounting Pronouncements Recent Accounting PronouncementsIn November 2023, the FASB issued ASU 2023-07, Improvements to Reportable Segment Disclosures. ASU 2023-07 enhances the disclosures required for reportable segments on an annual and interim basis. ASU 2023-07 is effective on a retrospective basis for annual periods beginning after December 15, 2023, and for interim periods within fiscal years beginning after December 15, 2024. Early adoption is permitted; however, the Company has not elected to adopt this provision as of the date of the financial statements contained in this quarterly report. The Company is still assessing the impact of the new guidance.In December 2023, the FASB issued ASU 2023-09,Â Improvements to Income Tax Disclosures. The amendments in this update require more disaggregated information on income taxes paid. ASU 2023-09 is effective for years beginning after December 15, 2024. Early adoption is permitted, however the Company has not elected to early adopt this provision as of the date of the financial statements contained in this report. The Company is still assessing the impact of the new guidance. Risk Management Risk ManagementIn the ordinary course of its business, the Company manages a variety of risks, including market and credit risk. Market risk is the risk of potential adverse changes to the value of investments because of changes in market conditions such as interest rate movements and volatility in investment prices.Credit risk is the risk of default or non-performance by portfolio companies, equivalent to the investmentâ€™s carrying amount. The Company is also exposed to credit risk related to maintaining all of its cash and cash equivalents, including those in reserve accounts, at a major financial institution and credit risk related to any of its derivative counterparties.The Company has investments in lower rated and comparable quality unrated high yield bonds and bank loans. Investments in high yield investments are accompanied by a greater degree of credit risk. The risk of loss due to default by the issuer is significantly greater for holders of high yield securities, because such investments are generally unsecured and are often subordinated to other creditors of the issuer. debentures from the definition of senior securities in the 150% asset coverage ratio we are required to maintain under the 1940 Act. (2) This table does not include the senior securities of our predecessor entity, GSC Investment Corp., relating to a revolving securitized credit facility with Deutsche Bank, in light of the fact that the Company was under different management during the time that such credit facility was outstanding. Â (3) Total amount of senior securities outstanding at the end of the period presented. (4) Asset coverage per unit is the ratio of our total assets, less all liabilities and indebtedness not represented by senior securities, to the aggregate amount of senior securities representing indebtedness. Asset coverage per unit is expressed in terms of dollar amounts per $1,000 of indebtedness, calculated on a total basis. (5) The amount to which such class of senior security would be entitled upon the involuntary liquidation of the issuer in preference to any security junior to it. The â€œâ€” indicates information which the Securities and Exchange Commission expressly does not require to be disclosed for certain types of senior securities. (6)Not applicable for credit facility because not registered for public trading. (7) On JanuaryÂ 13, 2017, the Company redeemed in full its 2020 Notes. The Company used a portion of the net proceeds from the 2023 Notes offering, which was completed in December 2016, to redeem the 2020 Notes in full. (8) Based on the average daily trading price of the 2020 Notes on the NYSE. (9) On December 21, 2019 and February 7, 2020, the Company redeemed $50.0 million and $24.45 million, respectively, in aggregate principal amount of the $74.45 million in aggregate principal amount of issued and outstanding 2023 Notes. (10) Based on the average daily trading price of the 2023 Notes on the NYSE. (11) Based on the average daily trading price of the 2025 Notes on the NYSE. (12) The carrying value of this unlisted security approximates its fair value, based on a waterfall analysis showing adequate collateral coverage. (13) On August 31, 2021, the Company redeemed $60.0 million in aggregate principal amount of the issued and outstanding 6.25% 2025 Notes. The Company used a portion of the net proceeds from the 4.375% 2026 Notes offering, which was completed in July 2021, to redeem the 6.25% 2025 Notes in full. (14) On October 4, 2021, the Company repaid all remaining amounts outstanding under the Madison Credit Facility and the credit agreement relating to the Madison Credit Facility was terminated. (15) Based on the average daily trading price of the 2027 Notes on the NYSE. (16) Based on the average daily trading price of the 2028 Notes on the NYSE. (17) On July 14, 2022, the Company redeemed $43.1 million in aggregate principal amount of the issued and outstanding 7.25% 2025 Notes.
