Loan. The 3rd lien term loan and FIHA are committed to provide up to a combined $50.0 million of financing to SLF IV through cash contributions, with the Company providing $43.75 million and FIHA providing $6.25 million, resulting in an 87.5% and 12.5% ownership between the two parties. The financing is issued in the form of an unsecured note and equity. The unsecured note pays a fixed rate of 10% per annum and is due and payable in full on October 20, 2033. As of November 30, 2024, the Company and FIHA's investment in SLF IV consisted of an unsecured note of $17.6 million and $2.5 million, respectively, and membership interest of $17.6 million and $2.5 million, respectively. As of November 30, 2024 and February 29, 2024, the Company's investment in the unsecured note of SLF IV had a fair value of $16.2 million and $15.8 million, respectively, and the Company's investment in the membership interests of SLF IV had a fair value of $4.8 million and $9.4 million, respectively.   The Company has determined that SLF IV is an investment company under ASC 946; however, in accordance with such guidance the Company will generally not consolidate its investment in a company other than a wholly owned investment company subsidiary. SLF IV is not a wholly owned investment company subsidiary as the Company and FIHA each have an equal 50% voting interest in SLF IV and thus neither party has a controlling financial interest. Furthermore, ASC 810 concludes that in a joint venture where both members have equal decision making authority, it is not appropriate for one member to consolidate the joint venture since neither has control. Accordingly, the Company does not consolidate SLF IV. As separately regarded entities for tax purposes, these entities are subject to U.S. federal income tax at corporate rates. For tax purposes, any distributions by the entities to the parent company would generally need to be distributed to the Company's shareholders. Generally, such distributions of the entities' income to the Company's shareholders will be considered a qualified dividend for tax purposes. The entities' taxable net income will differ from U.S. GAAP net income because of deferred tax temporary differences arising from net operating losses and unrealized appreciation and depreciation of securities held. Deferred tax assets and liabilities are measured using enacted tax rates and laws that will be in effect when such temporary differences are expected to reverse. Deferred tax assets are evaluated by assessing the likelihood that those net operating losses are utilized and the unrealized gains and losses are realized. Deferred tax assets and deferred tax liabilities are netted off by entity, as allowed. The recoverability of deferred tax assets is assessed and a valuation allowance is recorded to the extent that it is more likely than not that any portion of the deferred tax asset will not be realized on the basis of a history of operating losses combined with insufficient projected taxable income or other taxable events in the Corporate Blockers. December 14, 2018, the Company is no longer entitled to receive an incentive management fee from Saratoga CLO. See Note 4. Investment in Saratoga CLO for additional information. On February 26, 2021, the Company completed the fourth refinancing of the Saratoga CLO. This refinancing, among other things, extended the Saratoga CLO reinvestment period to April 2024, extended its legal maturity to April 2033, and extended the non-call period to February 2022. In addition, and as part of the refinancing, the Saratoga CLO was upsized from $500 million in assets to approximately $650 million. As part of this refinancing and upsizing, the Company invested an additional $14.0 million in all of the newly issued subordinated notes of the Saratoga CLO, and purchased $17.9 million in aggregate principal amount of the Class F-R-3 Notes tranche at par. Concurrently, the existing $2.5 million of Class F-R-2 Notes, $7.5 million of Class G-R-2 Notes and $25.0 million CLO 2013-1 Warehouse 2 Loan were repaid. The Company also paid $2.6 million of transaction costs related to the refinancing and upsizing on behalf of the Saratoga CLO, to be reimbursed from future equity distributions. The Issuer issued $422.5 million of notes, consisting of Class A-1-R-4 and Class A-2-R-4. The 2013-1 2024 Reset CLO Notes were issued pursuant to the Indenture with the same Trustee. Proceeds of the issuance of the 2013-1 2024 Reset CLO Notes were used along with existing assets of the Saratoga CLO to redeem the existing Class A-1-R-3 and Class A-2-R-3 Notes. No other Notes were refinanced as part of this refinancing. The Saratoga CLO paid $0.5 million of transaction costs related to the refinancing. Borrowings   As a BDC, we are only allowed to employ leverage to the extent that our asset coverage, as defined in the 1940 Act, equals at least 200% after giving effect to such leverage, or 150% if certain requirements under the 1940 Act are met. On April 16, 2018, as permitted by the Small Business Credit Availability Act, which was signed into law on March 23, 2018, our board of directors, including a majority of our directors who are not "interested persons" (as defined in Section 2(a)(19) of the 1940 Act") of the Company ("independent directors"), approved a minimum asset coverage ratio of 150%. The 150% asset coverage ratio became effective on April 16, 2019. The amount of leverage that we employ at any time depends on our assessment of the market and other factors at the time of any proposed borrowing. Our asset coverage ratio, as defined in the 1940 Act, was 160.1% as of November 30, 2024 and 161.1% as of February 29, 2024.   Revolving Credit Facilities and Term Facility   On April 11, 2007, we entered into a $100.0 million revolving securitized credit facility (the "Revolving Facility"). On May 1, 2007, we entered into a $25.7 million term securitized credit facility (the "Term Facility" and, together with the Revolving Facility, the "Facilities"), which was fully drawn at closing. In December 2007, we consolidated the Facilities by using a draw under the Revolving Facility to repay the Term Facility. In response to the market wide decline in financial asset prices, which negatively affected the value of our portfolio, we terminated the revolving period of the Revolving Facility effective January 14, 2009 and commenced a two-year amortization period during which all principal proceeds from the collateral were used to repay outstanding borrowings. A significant percentage of our total assets had been pledged under the Revolving Facility to secure our obligations thereunder. Under the Revolving Facility, funds were borrowed from or through certain lenders and interest was payable monthly at the greater of the commercial paper rate and our lender's prime rate plus 4.00% plus a default rate of 2.00% or, if the commercial paper market was unavailable, the greater of the prevailing LIBOR rates and our lender's prime rate plus 6.00% plus a default rate of 3.00%.   Madison Credit Facility   On July 30, 2010, we used the net proceeds from (i) the stock purchase transaction and (ii) a portion of the funds available to us under the $45.0 million senior secured revolving credit facility with Madison Capital Funding LLC (the "Madison Credit Facility"), in each case, to pay the full amount of principal and accrued interest, including default interest, outstanding under the Revolving Facility. As a result, the Revolving Facility was terminated in connection therewith. Substantially all of our total assets, other than those held by SBIC LP, SBIC II LP and SBIC III LP, were pledged under the Madison Credit Facility to secure our obligations thereunder.   On October 4, 2021, all outstanding amounts on the Madison Credit Facility were repaid and the Madison Credit Facility was terminated. The repayment and termination of the Madison Credit Facility resulted in a realized loss on the extinguishment of debt of $0.8 million.   Encina Credit Facility   On October 4, 2021, the Company entered into the Credit and Security Agreement (the "Encina Credit Agreement") relating to a $50.0 million senior secured revolving credit facility with Encina, supported by loans held by SIF II and pledged to the Encina Credit Facility. The terms of the Encina Credit Facility required a minimum drawn amount of $12.5 million at all times during the first six months following the closing date, which increased to the greater of $25.0 million or 50% of the commitment amount in effect at any time thereafter. Advances under the Encina Credit Facility originally bore interest at a floating rate per annum equal to LIBOR plus 4.0%, with LIBOR having a floor of 0.75%, with customary provisions related to the selection by Encina and the Company of a replacement benchmark rate.   On January 27, 2023, we entered into the first amendment to the Encina Credit Agreement to, among other things:   <table cellpadding="0" cellspacing="0" style="font: 10pt Times New Roman, Times, Serif; width: 100%"> <tr style="vertical-align: top"> <td style="width: 24px"><font style="font-family: Times New Roman, Times, Serif">●</font></td> <td>increase the borrowings available under the Encina Credit Facility from up to $50.0 million to up to $65.0 million;</td></tr> </table>   <table cellpadding="0" cellspacing="0" style="font: 10pt Times New Roman, Times, Serif; width: 100%"> <tr style="vertical-align: top"> <td style="width: 24px"> ○ </td> <td><font style="font-family: Times New Roman, Times, Serif; font-size: 10pt">●</font></td> <td><font style="font-family: Times New Roman, Times, Serif; font-size: 10pt">change the underlying benchmark used to compute interest under the Encina Credit Agreement from LIBOR to Term SOFR for a one-month tenor plus a 0.10% credit spread adjustment;</font></td></tr> </table>   <table cellpadding="0" cellspacing="0" style="font: 10pt Times New Roman, Times, Serif; width: 100%"> <tr style="vertical-align: top"> <td style="width: 24px"> ○ </td> <td style="width: 24px">●</td> <td>increase the applicable effective margin rate on borrowings from 4.00% to 4.25%;</td></tr> </table>   <table cellpadding="0" cellspacing="0" style="font: 10pt Times New Roman, Times, Serif; width: 100%"> <tr style="vertical-align: top"> <td style="width: 24px"> ○ </td> <td style="width: 24px; font-size: 10pt">●</td> <td>extend the revolving period from October 4, 2024 to January 27, 2026;</td></tr> </table>   <table cellpadding="0" cellspacing="0" style="font: 10pt Times New Roman, Times, Serif; width: 100%"> <tr style="vertical-align: top"> <td style="width: 24px"> ○ </td> <td style="width: 24px; font-size: 10pt">●</td> <td>extend the period during which the borrower may request one or more increases in the borrowings available under the Encina Credit Facility (each such increase, a "Facility Increase") from October 4, 2023 to January 27, 2025, and increased the maximum borrowings available pursuant to the Encina Facility Increase from $75.0 million to $150.0 million;</td></tr> </table>   <table cellpadding="0" cellspacing="0" style="font: 10pt Times New Roman, Times, Serif; width: 100%"> <tr style="vertical-align: top"> <td style="width: 24px"> ○ </td> <td style="width: 24px; font-size: 10pt">●</td> <td><font style="font-size: 10pt">revise the eligibility criteria for eligible collateral loans to exclude certain industries in which an obligor or related guarantor may be involved; and</td></tr> </table>   <table cellpadding="0" cellspacing="0" style="font: 10pt Times New Roman, Times, Serif; width: 100%"> <tr style="vertical-align: top"> <td style="width: 24px"> ○ </td> <td style="width: 24px; font-size: 10pt">●</td> <td><font style="font-size: 10pt">amend the provisions permitting the borrower to request an extension in the Commitment Termination Date (as defined in the Encina Credit Agreement) to allow requests to extend any applicable Commitment Termination Date, rather than a one-time request to extend the original Commitment Termination Date, subject to a notice requirement.</td></tr> </table>   In addition to any fees or other amounts payable under the terms of the Encina Credit Facility, an administrative agent fee per annum equal to $0.1 million is payable in equal monthly installments in arrears.   As of November 30, 2024 and February 29, 2024, there were $32.5 million and $35.0 million outstanding borrowings under the Encina Credit Facility. During the applicable periods, the Company was in compliance with all of the limitations and requirements under the Encina Credit Agreement. For the nine months ended November 30, 2024 and November 30, 2023, we recorded $2.6 million and $3.0 million of interest expense related to the Encina Credit Facility, respectively, which includes commitment and administrative agent fees. For the nine months ended November 30, 2024 and November 30, 2023, we recorded $0.3 million and $0.3 million of deferred financing costs related to the Encina Credit Facility, respectively. The Encina Credit Facility contains limitations as to how borrowed funds may be used, such as restrictions on industry concentrations, asset size, weighted average life, currency denomination and collateral interests. The Encina Credit Facility also includes certain requirements relating to portfolio performance, the violation of which could result in the limit of further advances and, in some cases, result in an event of default, allowing the lenders to accelerate repayment of amounts owed thereunder. Availability on the Encina Credit Facility will be subject to a borrowing base calculation, based on, among other things, applicable advance rates (which vary from 50.0% to 75.0% of par or fair value depending on the type of loan asset) and the value of certain "eligible" loan assets included as part of the borrowing base. Funds may be borrowed at the greater of the prevailing one-month SOFR rate, plus an applicable effective margin of 4.25%. In addition, the Company will pay the lender a commitment fee of 0.75% per year (or 0.50% if the ratio of advances outstanding to aggregate commitments is greater than or equal to 50%) on the unused amount of the Encina Credit Facility.   Our borrowing base under the Encina Credit Facility is $85.1 million subject to the Encina Credit Facility cap of $65.0 million at November 30, 2024. For purposes of determining the borrowing base, most assets are assigned the values set forth in our most recent Annual Report on Form 10-K or Quarterly Report on Form 10-Q filed with the U.S. Securities and Exchange Commission ("SEC"). Accordingly, the November 30, 2024 borrowing base relies upon the valuations set forth in the Quarterly Report on Form 10-Q for the period ended August 31, 2024. The valuations presented in this Quarterly Report on Form 10-Q will not be incorporated into the borrowing base until after this Quarterly Report on Form 10-Q is filed with the SEC.   Live Oak Facility   On March 27, 2024, the Company and its wholly owned special purpose subsidiary, SIF III, entered into a credit and security agreement (the "Live Oak Credit Agreement"), by and among SIF III, as borrower, the Company, as collateral manager and equityholder, the lenders from time to time parties thereto, Live Oak, as administrative agent and collateral agent, U.S. Bank National Association, as custodian, and U.S. Bank Trust Company, National Association, as collateral administrator, relating to Live Oak Credit Facility.   The Live Oak Credit Facility originally provided for borrowings in U.S. dollars in an aggregate amount of up to $50.0 million. During the first two years following the closing date, SIF III may request one or more increases in the commitment amount from $50.0 million to an amount not to exceed $150.0 million, subject to certain terms and conditions and a customary fee. The terms of the Live Oak Credit Agreement require a minimum drawn amount of $12.5 million at all times during the period ending March 27, 2025 and, thereafter, the greater of: (i) $25.0 million and (ii) 50% of the facility amount in effect at such time. The Live Oak Credit Facility matures on March 27, 2027. Advances are available during the term of the Live Oak Credit Facility and must be repaid in full at maturity. SIF III may request an extension of the maturity date by an additional one year, subject to the agreement of the lenders and an extension fee.   On June 14, 2024, the Company entered into the first amendment to the Live Oak Credit Agreement (the "Amendment"). The Amendment, among other things:   <table cellpadding="0" cellspacing="0" style="font: 10pt Times New Roman, Times, Serif; width: 100%"> <tr style="vertical-align: top"> <td style="width: 24px"> ○ </td> <td style="width: 24px">●</td> <td><font style="font-size: 10pt">increased the borrowings available under the Live Oak Credit Facility from up to $50.0 million to up to $75.0 million, subject to a borrowing base requirement;</td></tr> </table>   <table cellpadding="0" cellspacing="0" style="font: 10pt Times New Roman, Times, Serif; width: 100%"> <tr style="vertical-align: top"> <td style="width: 24px"> ○ </td> <td style="width: 24px; font-size: 10pt">●</td> <td><font style="font-size: 10pt">added new lenders (as identified in the Amendment) to the Live Oak Credit Agreement;</td></tr> </table>   <table cellpadding="0" cellspacing="0" style="font: 10pt Times New Roman, Times, Serif; width: 100%"> <tr style="vertical-align: top"> <td style="width: 24px"> ○ </td> <td style="width: 24px; font-size: 10pt">●</td> <td><font style="font-size: 10pt">replaced administrative agent approval with "Required Lender" (as defined in the Live Oak Credit Agreement) approval with respect to certain matters;</td></tr> </table>   <table cellpadding="0" cellspacing="0" style="font: 10pt Times New Roman, Times, Serif; width: 100%"> <tr style="vertical-align: top"> <td style="width: 24px"> ○ </td> <td style="width: 24px; font-size: 10pt">●</td> <td><font style="font-size: 10pt">replaced Required Lender approval with 100% lender approval with respect to certain matters; and</td></tr> </table>   <table cellpadding="0" cellspacing="0" style="font: 10pt Times New Roman, Times, Serif; width: 100%"> <tr style="vertical-align: top"> <td style="width: 24px"> ○ </td> <td style="width: 24px; font-size: 10pt">●</td> <td><font style="text-align: justify; font-size: 10pt">changed the definition of Required Lender to require the approval of at least two unaffiliated lenders.</td></tr> </table>   Advances under the Live Oak Credit Facility are subject to a borrowing base calculation, and the Live Oak Credit Facility has various eligibility criteria for loans to be included in the borrowing base. Advances under the Live Oak Credit Facility bear interest at a floating rate per annum equal to Adjusted Term SOFR plus an applicable margin between 3.50% and 4.25% based on the Live Oak Credit Facility's utilization. The Live Oak Credit Agreement also provides for an unused fee of 0.50% on the unused commitments. SIF III's obligations to the lenders under the Live Oak Credit Facility are secured by a first-priority security interest in substantially all of SIF III's assets. In addition, SIF III's obligations to the lenders under the Live Oak Credit Facility are secured by a pledge by the Company of its equity interests in SIF III, which is evidenced by the equity pledge agreement, dated as of March 27, 2024, by and between the Company, as pledgor, and Live Oak, as collateral agent for the benefit of the secured parties.   In connection with the Live Oak Credit Agreement, the Company entered into a loan sale and contribution agreement with SIF III, dated as of March 27, 2024, by and between the Company, as seller, and SIF III, as purchaser, pursuant to which the Company will sell or contribute certain loans held by the Company to SIF III to be used to support the borrowing base under the Live Oak Credit Facility. The Live Oak Credit Facility permits loan proceeds and excess cash in SIF III's collection accounts to be distributed to us at any time based on three business days advance notice, subject to compliance with various conditions, including the absence of a default or event of default, the absence of an over-advance against the borrowing base and the absence of a violation of the financial covenants. For purposes of determining the borrowing base, most assets are assigned the values set forth in our most recent Annual Report on Form 10-K or Quarterly Report on Form 10-Q filed with the U.S. Securities and Exchange Commission ("SEC"). SBA Debentures   The Company's wholly owned subsidiaries, SBIC II LP and SBIC III LP, received SBIC licenses from the SBA on August 14, 2019 and September 29, 2022, respectively. Each of the SBIC Subsidiaries provide up to $175.0 million in long-term capital in the form of debentures guaranteed by the SBA. The Company's wholly owned subsidiary, SBIC LP, repaid its outstanding debentures and subsequently surrendered its license to the SBA on January 3, 2024, providing the Company access to all undistributed capital of SBIC LP, and SBIC LP subsequently merged with and into the Company. Under current SBIC regulations, for two or more SBICs under common control, the maximum amount of outstanding SBA debentures cannot exceed $350.0 million.   SBICs are designed to stimulate the flow of private equity capital to eligible small businesses. Under SBA regulations, SBICs may make loans to eligible small businesses and invest in the equity securities of small businesses. Under present SBA regulations, eligible small businesses include businesses that have a tangible net worth not exceeding $24.0 million and have average annual fully taxed net income not exceeding $8.0 million for the two most recent fiscal years. In addition, an SBIC must devote 25.0% of its investment activity to "smaller enterprises" as defined by the SBA. A smaller enterprise is one that has a net worth not exceeding $6.0 million and has average annual fully taxed net income not exceeding $2.0 million for the two most recent fiscal years. SBA regulations also provide alternative size standard criteria to determine eligibility, which depend on the industry in which the business is engaged and are based on such factors as the number of employees and gross sales. According to SBA

regulations, SBICs may make long-term loans to small businesses, invest in the equity securities of such businesses and provide them with consulting and advisory services.   The SBIC Subsidiaries are able to borrow funds from the SBA against each SBIC's regulatory capital (which generally approximates equity capital in the respective SBIC). The SBIC Subsidiaries are subject to customary regulatory requirements including but not limited to: a periodic examination by the SBA and requirements to maintain certain minimum financial ratios and other covenants. Receipt of an SBIC license does not assure that the SBIC Subsidiaries will receive SBA-guaranteed debenture funding, which is dependent upon the SBIC Subsidiaries complying with SBA regulations and policies. The SBA, as a creditor, will have a superior claim to each SBIC Subsidiary's assets over the Company's stockholders and debtholders in the event that the Company liquidates such SBIC Subsidiary or the SBA exercises its remedies under the SBA-guaranteed debentures issued by the SBIC Subsidiary upon an event of default.   The Company received exemptive relief from the SEC to permit it to exclude the debentures guaranteed by the SBA of the SBIC Subsidiaries from the definition of senior securities in the asset coverage test under the 1940 Act. This allows the Company increased flexibility under the asset coverage requirement by permitting it to borrow up to $350.0 million more than it would otherwise be able to absent the receipt of this exemptive relief.   As of November 30, 2024, we have funded SBIC II LP and SBIC III LP with an aggregate total of equity capital of $87.5 million and $66.7 million, respectively, and have $214.0 million in SBA-guaranteed debentures outstanding, of which $175.0 million was held by SBIC II LP and $39.0 million held in SBIC III LP.   As noted above, as of November 30, 2024, there was $214.0 million of SBA debentures outstanding and as of February 29, 2024, there was $214.0 million of SBA debentures outstanding. The carrying amount of the unamount outstanding of SBA debentures approximates its fair value, which is based on a waterfall analysis showing adequate collateral coverage and would be classified as a Level 3 liability within the fair value hierarchy. Financing costs of $6.0 million, and $0.4 million related to the SBA debentures issued by SBIC II LP, respectively, have been capitalized and are being amortized over the term of the commitment and drawdown.   For the three months ended November 30, 2024 and November 30, 2023, the Company recorded $1.8 million and $1.6 million of interest expense related to the SBA debentures, respectively. For the three months ended November 30, 2024 and November 30, 2023, the Company recorded $0.2 million and $0.3 million of amortization of deferred financing costs related to the SBA debentures, respectively. Earnings Per Share    In accordance with the provisions of FASB ASC Topic 260, Earnings per Share, basic earnings per share is computed by dividing earnings available to common shareholders by the weighted average number of shares outstanding during the period. Other potentially dilutive common shares, and the related impact to earnings, are considered when calculating earnings per share on a diluted basis.   The following information sets forth the computation of the weighted average basic and diluted net increase (decrease) in net assets resulting from operations per share for the three and nine months ended November 30, 2024 and November 30, 2023 (dollars in thousands except share and per share amounts):   <table cellpadding="0" cellspacing="0" style="border-collapse: collapse; Subsequent Events   The Company has evaluated subsequent events through the filing of this Form 10-Q and determined that there have been no events that have occurred that would require adjustments to the Company's consolidated financial statements and disclosures in the consolidated financial statements as of and for the quarter ended November 30, 2024. OVERVIEW   We are a Maryland corporation that has elected to be regulated as a BDC under the Investment Company Act of 1940, as amended (the "1940 Act"). Our investment objective is to create attractive risk-adjusted returns by generating current income and long-term capital appreciation from our investments. We invest primarily in senior and unitranche leveraged loans and mezzanine debt issued by private U.S. middle-market companies, which we define as companies having earnings before interest, tax, depreciation and amortization ("EBITDA") of between $2 million and $50 million, both through direct lending and through participation in loan syndicates. We may also invest up to 30.0% of the portfolio in opportunistic investments in order to seek to enhance returns to stockholders. Such investments may include investments in distressed debt, which may include securities of companies in bankruptcy, foreign debt, private equity, securities of public companies that are not thinly traded and structured finance vehicles such as collateralized loan obligation funds. Although we have no current intention to do so, to the extent we invest in private equity funds, we will limit our investments in entities that are excluded from the definition of "investment company" under Section 3(c)(1) or Section 3(c)(7) of the 1940 Act, which includes private equity funds, to no more than 15.0% of our net assets. We have elected and qualified to be treated as a RIC under Subchapter M of the Internal Revenue Code of 1986, as amended (the "Code"). Item 1A.
