Forward-Looking Statements

This report contains, and from time to time our management may make, forward-looking statements within the meaning of the safe harbor provisions of the U.S. Private Securities Litigation Reform Act of 1995. Statements regarding future events and our future performance, as well as management's current expectations, beliefs, plans, estimates or projections relating to the future, are forward-looking statements within the meaning of these laws. In some cases, you can identify these statements by forward-looking words such as "may", "might", "will", "should", "expects", "intends", "plans", "anticipates", "believes", "estimates", "predicts", "potential" or "continue", the negative of these terms and other comparable terminology. Forward-looking statements are only predictions based on current expectations of our management and information available to us at the time such statements are made. Forward-looking statements are subject to a number of risks and uncertainties, and there are important factors that could cause actual results, level of activity, performance, actions or achievements to differ materially from the results, level of activity, performance, actions or achievements expressed or implied by the forward-looking statements. These factors include: the loss of key investment professionals or senior management, adverse market or economic conditions, poor performance of our investment strategies, significant changes in client cash inflows or outflows or declines in market value of the assets in the accounts we manage, change in the legislative and regulatory environment in which we operate, our ability to maintain our current fee rates, operational or technical errors or other damage to our reputation and other factors disclosed in the Company's filings with the Securities and Exchange Commission, including those factors listed under the caption entitled "Risk Factors" in Item 1A of the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2023, filed with the SEC on February 22, 2024, as such factors may be updated from time to time. Our periodic and current reports are accessible on the SEC's website at www.sec.gov. We undertake no obligation to publicly update any forward-looking statements in order to reflect events or circumstances that may arise after the date of this report, except as required by law.

ARTISAN PARTNERS ASSET MANAGEMENT INC.
Notes to Unaudited Consolidated Financial Statements
(U.S. currencies in thousands, except share and per share amounts and as otherwise indicated)

Note 1. Nature of Business and Organization

Nature of Business

Artisan Partners Asset Management Inc. ("APAM"), through its subsidiaries, is an investment management firm focused on providing high value-added, active investment strategies to sophisticated clients globally. APAM and its subsidiaries are hereafter referred to collectively as "Artisan" or the "Company."

Artisan's autonomous investment teams manage a broad range of U.S., non-U.S. and global investment strategies that are diversified by asset class, market cap and investment style. Strategies are offered through multiple investment vehicles to accommodate a broad range of client mandates. Artisan offers its investment management services primarily to institutions and through intermediaries that operate with institutional-like decision-making processes and have long-term investment horizons.

Organization

On March 12, 2013, APAM completed its initial public offering (the "IPO"). APAM was formed for the purpose of becoming the general partner of Artisan Partners Holdings LP ("Artisan Partners Holdings" or "Holdings") in connection with the IPO. Holdings is a holding company for the investment management business conducted under the name "Artisan Partners." The reorganization ("IPO Reorganization") established the necessary corporate structure to complete the IPO while at the same time preserving the ability of the firm to conduct operations through Holdings and its subsidiaries.

As its sole general partner, APAM controls the business and affairs of Holdings. As a result, APAM consolidates Holdings' financial statements and records a noncontrolling interest for the equity interests in Holdings held by the limited partners of Holdings. At **March 31, 2024** **June 30, 2024**, APAM held approximately 87% of the equity ownership interest in Holdings.

Holdings, together with its wholly owned subsidiary, Artisan Investments GP LLC, controls a 100% interest in Artisan Partners Limited Partnership ("APLP"), a multi-product investment management firm that is the principal operating subsidiary of Artisan Partners Holdings. APLP is registered as an investment adviser with the U.S. Securities and Exchange Commission under the Investment Advisers Act of 1940. APLP provides investment advisory services to traditional separate accounts and pooled investment vehicles, including Artisan Partners Funds, Inc. ("Artisan Funds"), Artisan Partners Global Funds plc ("Artisan Global Funds") and Artisan sponsored private funds ("Artisan Private Funds"). Artisan Funds are a series of open-end mutual funds registered under the Investment Company Act of 1940, as amended. Artisan Global Funds is a family of Ireland-domiciled UCITS funds. Artisan Private Funds consist of a number of Artisan-sponsored unregistered pooled investment vehicles.

Note 2. Summary of Significant Accounting Policies

Basis of presentation

The accompanying financial statements are unaudited. In the opinion of management, all adjustments, consisting only of normal recurring adjustments, necessary for a fair statement of such consolidated financial statements have been included. Such interim results are not necessarily indicative of full year results.

The consolidated financial statements have been prepared in accordance with U.S. generally accepted accounting principles ("U.S. GAAP") for interim financial reporting and accordingly they do not include all of the information and footnotes required in the annual consolidated financial statements and accompanying footnotes.

The year-end condensed balance sheet data was derived from audited financial statements, but does not include all disclosures required by U.S. GAAP. As a result, the interim consolidated financial statements should be read in conjunction with the audited consolidated financial statements included in APAM's latest annual report on Form 10-K.

The accompanying financial statements were prepared in accordance with U.S. GAAP and related rules and regulations of the SEC. The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates or assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from these estimates or assumptions.

Principles of consolidation

Artisan's policy is to consolidate all subsidiaries or other entities in which it has a controlling financial interest. The consolidation guidance requires an analysis to determine if an entity should be evaluated for consolidation using the voting interest entity ("VOE") model or the variable interest entity ("VIE") model. Under the VOE model, controlling financial interest is generally defined as a majority ownership of voting interests. Under the VIE model, controlling financial interest is defined as (i) the power to direct activities that most significantly impact the economic performance of the entity and (ii) the right to receive potentially significant benefits or the obligation to absorb potentially significant losses.

Artisan generally consolidates VIEs in which it meets the power criteria and holds an equity ownership interest of greater than 10%. The consolidated financial statements include the accounts of APAM and all subsidiaries or other entities in which APAM has a direct or indirect controlling financial interest. All material intercompany balances have been eliminated in consolidation.

Artisan serves as the investment adviser to Artisan Funds, Artisan Global Funds and Artisan Private Funds. Artisan Funds and Artisan Global Funds are corporate entities, the business and affairs of which are managed by their respective boards of directors. The shareholders of the funds retain voting rights, including rights to elect and reelect members of their respective boards of directors. Each series of Artisan Funds is a VOE and is separately evaluated for consolidation under the VOE model. The shareholders of Artisan Global Funds lack simple majority liquidation rights, and as a result, each sub-fund of Artisan Global Funds is evaluated for consolidation under the VIE model. Artisan Private Funds are also evaluated for consolidation under the VIE model because third-party equity holders of the funds generally lack the ability to divest Artisan of its control of the funds.

From time to time, the Company makes investments in Artisan Funds, Artisan Global Funds and Artisan Private Funds. If the investment results in a controlling financial interest, APAM consolidates the fund and the underlying activity of the entire fund is included in Artisan's unaudited consolidated financial statements. As of **March 31, 2024** **June 30, 2024**, Artisan had a controlling financial interest in five sub-funds of Artisan Global Funds and two Artisan Private Funds and, as a result, these funds are included in Artisan's unaudited consolidated financial statements. Because these consolidated investment products meet the definition of investment companies under U.S. GAAP, Artisan has retained the specialized industry accounting principles for investment companies in the consolidated financial statements. See Note 6, "Variable Interest Entities and Consolidated Investment Products" for additional details.

Reclassification

In conjunction with annual reporting on Form 10-K for the year ended December 31, 2023, the Company changed the presentation of "Other net investment gain (loss)" within the Consolidated Statements of Operations to expand its disaggregation of the components comprising this balance. "Other net investment gain (loss)" has been replaced by "Interest income on cash and cash equivalents and other" and "Net investment gain (loss) of nonconsolidated investment products" within the Non-operating income (expense) section of the Consolidated Statements of Operations.

Amounts for the comparative prior fiscal year periods have been reclassified to conform to the current year presentation. These reclassifications had no impact on previously reported operating income, non-operating income, net income or financial position. Management believes the revised presentation is more useful to readers of its financial statements.

Recent accounting pronouncements

In November 2023, the FASB issued ASU 2023-07, "Improvements to Reportable Segment Disclosures", which improves reportable segment disclosure requirements, primarily through requirements for more detailed information about significant segment expenses. The Company is required to adopt the guidance for the year ending December 31, 2024. The Company is currently evaluating the impact of this ASU on its consolidated financial statements.

In December 2023, the FASB issued ASU 2023-09, "Improvements to Income Tax Disclosures", which requires disaggregated income tax disclosures on the rate reconciliation and income taxes paid. The Company is required to adopt the guidance for the year ending December 31, 2025. The Company is currently evaluating the impact of this ASU on its consolidated financial statements.

Table of Contents

Artisan's investments in equity securities consist of investments in Artisan Funds, Artisan Global Funds and Artisan Private Funds. As of **March 31, 2024** **June 30, 2024** and December 31, 2023, **\$136.9 million** **\$130.6 million** and \$107.0 million, respectively, of Artisan's investment securities were related to funded long-term incentive compensation plans (excluding investments in consolidated investment products).

Unrealized gain (loss) related to investment securities held at the end of the periods indicated below were as follows:

	For the Three Months Ended March 31,	
	2024	2023
Unrealized gain (loss) on investment securities held at the end of the period	\$ 5,928	\$ 7,891

Note 4. Fair Value Measurements

The table below presents information about Artisan's assets and liabilities that are measured at fair value and the valuation techniques Artisan utilized to determine such fair value. The financial instruments held by consolidated investment products are excluded from the table below and are presented in Note 6, "Variable Interest Entities and Consolidated Investment Products."

In accordance with ASC 820, fair value is defined as the price that Artisan would receive upon selling an investment in an orderly transaction to an independent buyer in the principal or most advantageous market for the investment. The following three-tier fair value hierarchy prioritizes the inputs used in measuring fair value:

- Level 1 – Observable inputs such as quoted (unadjusted) market prices in active markets for identical securities.
- Level 2 – Other significant observable inputs (including but not limited to quoted prices for similar instruments, interest rates, prepayment speeds, credit risk, etc.).
- Level 3 – Significant unobservable inputs (including Artisan's own assumptions in determining fair value).

The following provides the hierarchy of inputs used to derive the fair value of Artisan's assets and liabilities that are financial instruments as of **March 31, 2024** **June 30, 2024** and December 31, 2023:

	Assets and Liabilities at Fair Value

Fair values determined based on Level 1 inputs utilize quoted market prices for identical assets. Level 1 assets generally consist of money market funds, open-end mutual funds and UCITS funds. Equity securities without a fair value level consist of the Company's investments in Artisan Private Funds, which are measured at the underlying fund's net asset value ("NAV"), using the ASC 820 practical expedient. The NAV is provided by the fund and is derived from the fair values of the underlying investments as of the reporting date. Cash maintained in demand deposit accounts is excluded from the table above.

⁽¹⁾ The Company is not required to make principal payments on any of the outstanding obligations prior to contractual maturity.

The fair value of borrowings was approximately **\$183.2 million** **\$181.8 million** as of **March 31, 2024** **June 30, 2024**. Fair value was determined based on future cash flows, discounted to present value using current market interest rates. The inputs are categorized as Level 2 in the fair value hierarchy, as defined in Note 4, "Fair Value Measurements."

The fixed interest rate on each series of unsecured notes is subject to a one percentage point increase in the event Holdings receives a below-investment grade rating and any such increase will continue to apply until an investment grade rating is received.

As of **March 31, 2024** **June 30, 2024**, there were no borrowings outstanding under the \$100.0 million revolving credit facility and the interest rate on the unused commitment was 0.15%.

Interest expense incurred on the unsecured notes and revolving credit agreement was **\$1.9** **\$2.0** million for the three months ended **March 31, 2024** **June 30, 2024** and 2023, and \$3.9 million for the six months ended **June 30, 2024** and 2023.

Note 6. Variable Interest Entities and Consolidated Investment Products

Artisan serves as the investment adviser for various types of investment products, consisting of both VIEs and VOLEs. Artisan consolidates an investment product if it has a controlling financial interest in the entity. See Note 2, "Summary of Significant Accounting Policies." Any such entities are collectively referred to herein as consolidated investment products or CIPs.

As of **March 31, 2024** **June 30, 2024**, Artisan is considered to have a controlling financial interest in five sub-funds of Artisan Global Funds and two Artisan Private Funds, with an aggregate direct equity investment in the consolidated investment products of **\$101.4 million** **\$98.7 million**.

Artisan's maximum exposure to loss in connection with the assets and liabilities of CIPs is limited to its direct equity investment, while the potential benefit is limited to the management and performance fees received and the return on its equity investment. With the exception of Artisan's direct equity investment, the assets of CIPs are not available to Artisan's creditors, nor are they available to Artisan for general corporate purposes. In addition, third-party investors in the CIPs have no recourse to the general credit of the Company.

Management and performance fees earned from CIPs are eliminated from revenue upon consolidation. See Note 14, "Related Party Transactions" for additional information on management and performance fees earned from CIPs.

Third-party investors' ownership interest in CIPs is presented as redeemable noncontrolling interests in the unaudited condensed consolidated statements of financial condition as third-party investors have the right to withdraw their capital, subject to certain conditions. Net income attributable to third-party investors is reported as net income (loss) attributable to noncontrolling interests - consolidated investment products in the unaudited consolidated statements of operations.

During the **three** **six** months ended **March 31, 2024** **June 30, 2024**, the Company determined that it no longer had a controlling financial interest in one series of Artisan Funds as a result of third party capital contributions. Upon loss of control, the fund was deconsolidated and the related assets, liabilities and equity of the fund were derecognized from the Company's unaudited condensed consolidated statements of financial condition. There was no net impact to the unaudited consolidated statement of operations for the **three** **six** months ended **March 31, 2024** **June 30, 2024**. Artisan generally does not recognize a gain or loss upon deconsolidation of investment products as the assets and liabilities of CIPs are carried at fair value. Artisan's \$23.8 million direct equity investment was reclassified from investment assets of consolidated investment products to investment securities.

[Table of Contents](#)

As of **March 31, 2024** **June 30, 2024**, Artisan held direct equity investments of **\$13.0 million** **\$13.8 million** in VIEs for which the Company does not hold a controlling financial interest. These direct equity investments consisted of seed investments in sub-funds of Artisan Global Funds and Artisan Private Funds, both of which are accounted for under the equity method of accounting because Artisan has significant influence over the funds.

Fair Value Measurements - Consolidated Investment Products

Investments held by CIPs are reflected at fair value. Short and long positions on equity securities are valued based upon closing prices of the security on the exchange or market designated by the accounting agent or pricing vendor as the principal exchange. The closing price may represent last sale price, official closing price, a closing auction or other information depending on market convention. Short and long positions on fixed income instruments are valued at market value. Market values are generally evaluations based on prices provided by independent pricing vendors, which may consider, among other factors, the prices at which securities actually trade, broker-dealer quotations, pricing formulas, estimates of market values obtained from yield data relating to investments or securities with similar characteristics and/or discounted cash flow models that might be applicable. Short-term investments are comprised of repurchase agreements and U.S. Treasury obligations. Repurchase agreements are valued at cost plus accrued interest and U.S. treasury obligations are valued using the same principles as fixed income securities. Derivative assets and liabilities are generally comprised of put and call options on securities and indices and forward foreign currency contracts. Put and call options are valued at the mid price (average of bid price and ask price) as provided by the pricing vendor at the close of trading on the contract's principal exchange. Open forward foreign currency contracts are valued using the market spot rate.

The following tables present the fair value hierarchy levels of assets and liabilities held by CIPs measured at fair value as of **March 31, 2024** **June 30, 2024** and December 31, 2023:

Note 7. Noncontrolling Interests - Holdings

Net income attributable to noncontrolling interests - Artisan Partners Holdings in the unaudited consolidated statements of operations represents the portion of earnings or loss attributable to the equity ownership interests in Holdings held by the limited partners of Holdings. As of **March 31, 2024** **June 30, 2024**, APAM held approximately 87% of the equity ownership interests in Holdings.

Limited partners of Artisan Partners Holdings are entitled to exchange partnership units (along with a corresponding number of shares of Class B or C common stock of APAM) for shares of Class A common stock from time to time (the "Holdings Common Unit Exchanges"). The Holdings Common Unit Exchanges increase APAM's equity ownership interest in Holdings and result in an increase to deferred tax assets and amounts payable under the tax receivable agreements. See Note 11, "Income Taxes and Related Payments."

In order to maintain the one-to-one correspondence of the number of Holdings partnership units and APAM common shares, Holdings will issue one general partner ("GP") unit to APAM for each share of Class A common stock issued by APAM. For the **three** **six** months ended **March 31, 2024** **June 30, 2024**, APAM's equity ownership interest in Holdings increased as a result of the following transactions:

⁽¹⁾ The impact of the transaction on APAM's ownership percentage was less than 1%.

Changes in ownership of Holdings are accounted for as equity transactions because APAM continues to have a controlling interest in Holdings. Additional paid-in capital and noncontrolling interests - Artisan Partners Holdings in the unaudited condensed consolidated statements of financial condition are adjusted to reallocate Holdings' historical equity to reflect the change in APAM's ownership of Holdings.

The reallocation of equity had the following impact on the unaudited condensed consolidated statements of financial condition:

Statements of Financial Condition	For the Three Months Ended		For the Six Months Ended June 30,	
	March 31, 2024	Statements of Financial Condition	2023 Statements of Financial Condition	2024 2023

In addition to the reallocation of historical equity, the change in ownership resulted in an increase to deferred tax assets and additional paid-in capital of \$0.8 million and \$0.2 million for the ~~three~~ ^{six} months ended ~~March 31, 2024~~ ^{June 30, 2024} and 2023, respectively.

APAM is dependent on cash generated by Holdings to fund any dividends. Generally, Holdings will make distributions to all of its partners, including APAM, based on the proportionate share of ownership each has in Holdings. APAM will fund dividends to its stockholders from its proportionate share of those distributions after provision for its taxes and other obligations. APAM declared and paid the following dividends per share during the three and six months ended **March 31, 2024** **June 30, 2024** and 2023:

Based on the quarter-end status of the market and performance conditions, the 176,192 unvested performance share units would ultimately result in the issuance of 224,162 shares of Class A common stock if all other vesting conditions were met. Restricted stock units and performance share units are not reflected in the table because they are not considered outstanding or issued stock.

Each Class A, Class B, Class D and Class E common unit of Holdings (together with the corresponding share of Class B or Class C common stock) is exchangeable for one share of Class A common stock. The corresponding shares of Class B and Class C common stock are immediately canceled upon any such exchange.

Upon termination of employment with Artisan, an employee-partner's Class B common units are exchanged for Class E common units and the corresponding shares of Class B common stock are canceled. APAM issues the former employee-partner a number of shares of Class C common stock equal to the former employee-partner's number of Class E common units. Class E common units are exchangeable for Class A common stock subject to the same restrictions and limitations on exchange applicable to the other common units of Holdings.

Artisan Partners Holdings - Partners' Equity

Holdings makes distributions of its net income to the holders of its partnership units for income taxes as required under the terms of the partnership agreement and also makes additional distributions under the terms of the partnership agreement as required. The distributions are recorded in the financial statements on the declaration date, or on the payment date in lieu of a declaration date.

Holdings' partnership distributions for the three and six months ended **March 31, 2024** June 30, 2024 and 2023 were as follows:

	For the Three Months Ended March 31,	
	2024	2023
Holdings Partnership Distributions to Limited Partners	\$ 4,116	\$ 3,327
Holdings Partnership Distributions to APAM	26,112	19,672
Total Holdings Partnership Distributions	\$ 30,228	\$ 22,999

Total Holdings Partnership Distributions	\$ 114,004	\$ 91,143	\$ 144,232	\$ 114,141

The distributions are recorded as a reduction to consolidated stockholders' equity, with the exception of distributions made to APAM, which are eliminated upon consolidation.

Note 9. Revenue From Contracts with Customers

The following table presents a disaggregation of investment advisory revenue by type and vehicle for the three and six months ended **March 31, 2024** **June 30, 2024** and 2023:

Accounts receivable
Artisan Funds and Artisan Global Funds are billed on the last day of each month. Artisan Funds and Artisan Global Funds make payments on the same day the invoice is received for the majority of the invoiced amount. The remainder of the invoice is generally paid in the month following receipt of the invoice. Separate accounts and other clients are generally billed on a monthly or quarterly basis.

Artisan had no other contract assets or liabilities from contracts with customers as of March 31, 2024, June 30, 2024 or December 31, 2023.

Non-customer receivables include state tax payments made on behalf of certain limited partners, which are then netted from subsequent distributions or payments to the limited partners, as well as redemptions of investments that have not yet been collected.

Incentive compensation

Cash incentive compensation paid to members of Artisan's investment teams and members of its distribution team is generally based on formulas that are tied directly to revenues. The majority of this incentive compensation is earned on a quarterly basis and paid in the quarter following the quarter in which it was earned with the exception of fourth quarter incentive compensation which is earned and paid in the fourth quarter of the year. Cash incentive compensation paid to most other employees is determined based on individual performance and Artisan's overall results during the applicable year and is generally paid on an annual basis.

Long-term incentive compensation awards consist of both APAM restricted share-based awards and long-term cash awards, which are referred to as franchise capital awards. These awards are described in more detail below.

Restricted share-based awards

APAM has granted a combination of restricted stock awards, restricted stock units and performance share units (collectively referred to as "restricted share-based awards" or "awards") of Class A common stock to employees.

Standard Restricted Shares. Standard restricted shares are generally subject to a pro rata five-year service vesting condition.

Career Shares. Career shares are generally subject to both (i) a pro rata five-year service vesting condition and (ii) a qualifying retirement (as defined in the award agreement) condition.

Franchise Shares. Like career shares, franchise shares are generally subject to both (i) a pro rata five-year service vesting condition and (ii) a qualifying retirement condition. In addition, franchise shares, which are only granted to investment team members, are subject to a Franchise Protection Clause, which provides that the number of shares that ultimately vest depends on whether certain conditions relating to client cash flows are met. If such conditions are not met, compensation cost related to unvested shares will be reversed.

Performance Share Units (PSUs). PSUs are generally subject to (i) a three-year service vesting condition, (ii) certain performance conditions related to the Company's adjusted operating margin and total shareholder return compared to a peer group during a three-year performance period, and (iii) for one-half of the PSUs eligible to vest at the end of the performance period, a qualifying retirement condition. The number of shares of Class A common stock that are ultimately issued in connection with each PSU award will depend upon the outcome of the performance, market and qualified retirement conditions. For the portion of a PSU award with a "performance condition" under ASC 718, expense is recognized over the service period if it is probable that the performance condition will be achieved.

For certain awards granted in 2024, the pro rata five-year service vesting condition is not applicable if the employee has a qualified retirement after meeting an age plus number of years of service with the Company condition.

Compensation expense is recognized based on the estimated grant date fair value on a straight-line basis over the requisite service period of the award. The initial requisite service period is generally five years for restricted stock awards and restricted stock units, and three years for PSUs. If an employee is eligible to fully vest in an award upon a qualified retirement, the requisite service period is equal to the employee's required retirement notice period, which is generally 18 months. The fair value of each award is equal to the market price of the Company's common stock on the grant date, except for PSUs with a "market condition" performance metric under ASC 718, which have a grant-date fair value based on a Monte Carlo valuation model.

Unvested restricted share-based awards are subject to forfeiture. Grantees are generally entitled to dividends or dividend equivalents on unvested and vested awards. **5,889,456** 5,923,128 shares of Class A common stock were reserved and available for issuance under the Artisan Partners Asset Management Inc. 2023 Omnibus Incentive Compensation Plan (the "Plan" "Plan") at **March 31, 2024** June 30, 2024.

During the **three** **six** months ended **March 31, 2024** June 30, 2024, Artisan granted **495,772** **498,132** restricted stock awards and 1,281 restricted stock units.

(2) 80,252 and 45,000 PSUs at March 31, 2024 and December 31, 2023, respectively, had met the requisite three-year performance conditions for vesting but remain outstanding subject to a qualifying retirement vesting condition.			
Unvested at June 30, 2024 ⁽²⁾						
(1) During the six months ended June 30, 2024, the 75,230 PSUs granted in 2021 met the requisite three-year performance conditions for the potential delivery of 75,233 shares (3 additional shares for results achieved). 39,981 shares of Class A common stock were delivered in the six months ended June 30, 2024, while the remaining 35,252 units remain subject to the qualified retirement provision.			(2) 80,252 and 45,000 PSUs at June 30, 2024 and December 31, 2023, respectively, had met the requisite three-year performance conditions for vesting but remain outstanding subject to a qualifying retirement vesting condition.			

Based on the quarter-end status of the market and performance conditions, the 176,192 unvested PSUs would ultimately result in the issuance of 224,162 shares of Class A common stock if all other vesting conditions were met.

The unrecognized compensation expense for the unvested restricted stock awards and restricted stock units as of **March 31, 2024** June 30, 2024 was **\$74.1 million** **\$66.4 million** with a weighted average recognition period of **3.1** **2.9** years remaining. The unrecognized compensation expense for the unvested PSUs as of **March 31, 2024** June 30, 2024 was **\$2.6 million** **\$2.1 million** with a weighted average recognition period of **1.7** **1.6** years remaining.

During the **three** **six** months ended **March 31, 2024** June 30, 2024, the Company withheld a total of 161,650 restricted shares and paid a total of \$6.8 million as a result of net share settlements to satisfy employee tax withholding obligations. These net share settlements had the effect of shares repurchased and retired by the Company, as they reduced the number of shares outstanding.

Long-term cash awards (franchise capital awards)

During the **three** **six** months ended **March 31, 2024** June 30, 2024, Artisan granted \$38.4 million of franchise capital awards to investment team members in lieu of certain additional restricted share-based awards. The franchise capital awards are subject to the same long-term vesting and forfeiture provisions as restricted share-based awards. Prior to vesting, franchise capital awards are generally allocated to one or more of the investment strategies managed by the award recipient's recipient's investment team. During the vesting period, the value of the awards will increase or decrease based on the investment returns of the strategies to which the awards are allocated. Compensation expense, including the appreciation or depreciation related to investment returns, is recognized on a straight-line basis over the required service period, which is generally five years. If an employee is eligible to fully vest in an award upon a qualified retirement, the requisite service period for that award is equal to the employee's required retirement notice period, which is generally 18 months. Because the awards will generally be paid out in cash upon vesting, the fair value of unvested awards is recorded as a liability based on the percentage of the service requirement that has been completed.

[Table of Contents](#)

The Company hedges its economic exposure to the change in value of these awards due to market movements by investing the cash reserved for the awards in the underlying investments. The franchise capital award liability and the underlying investment holdings are marked to market each quarter. The change in value of the award liability is recognized as a compensation expense on a straight-line basis over the required service period. The change in value of the underlying investment holdings is recognized in non-operating income (expense) in the period of change. While there is a timing difference between the recognition of the compensation expense and the offsetting investment gain or loss, the compensation expense and investment income will net to zero at the end of the multi-year vesting period for all awards that ultimately vest.

The change in value of the investments had the following impact on the unaudited consolidated statements of operations:

The unrecognized compensation expense for the unvested franchise capital awards as of **March 31, 2024** **June 30, 2024** was **\$118.2 million** **\$107.5 million** with a weighted average recognition period of **3.3** **3.1** years remaining.

Note 11. Income Taxes and Related Payments

APAM is subject to U.S. federal, state and local income taxation on APAM's allocable portion of Holdings' income as well as foreign income taxes payable by Holdings' subsidiaries. APAM's effective income tax rate was lower than the U.S. federal statutory rate of 21% primarily due to a rate benefit attributable to the fact that, for the **three** **six** months ended **March 31, 2024** **June 30, 2024**, approximately 14% of Artisan Partners Holdings' full year projected taxable earnings were attributable to other partners and not subject to corporate-level taxes. The effective tax rate was also lower than the statutory rate due to tax deductible dividends paid on unvested restricted share-based awards and excess income tax benefits from the vesting of restricted share-based awards.

APAM's effective tax rate was **20.2%** **20.5%** and **20.6%** **20.3%** for the **three** **six** months ended **March 31, 2024** **June 30, 2024** and 2023, respectively.

Components of the provision for income taxes consist of the following:

			For the Three Months Ended March 31,		For the Six Months Ended June 30,	
			For the Three Months Ended March 31,		For the Six Months Ended June 30,	
2024	2024	2024	2024	2023	2024	2023

In connection with the IPO, APAM entered into two tax receivable agreements ("TRAs"). The first TRA generally provides for the payment by APAM to a private equity fund (the "Pre-H&F Corp Merger Shareholder") or its assignees of 85% of the applicable cash savings, if any, of U.S. federal, state and local income taxes that APAM actually realizes (or is deemed to realize in certain circumstances) as a result of (i) the tax attributes of the preferred units APAM acquired in the merger of a wholly-owned subsidiary of the Pre-H&F Corp Merger Shareholder into APAM in March 2013 and (ii) tax benefits related to imputed interest.

[Table of Contents](#)

The second TRA generally provides for the payment by APAM to current or former limited partners of Holdings or their assignees of 85% of the applicable cash savings, if any, of U.S. federal, state and local income taxes that APAM actually realizes (or is deemed to realize in certain circumstances) as a result of (i) certain tax attributes of their partnership units sold to APAM or exchanged (for shares of Class A common stock, convertible preferred stock or other consideration) and that are created as a result of such sales or exchanges and payments under the TRAs and (ii) tax benefits related to imputed interest. Under both agreements, APAM generally will retain the benefit of the remaining 15% of the applicable tax savings.

For purposes of the TRAs, cash savings of income taxes are calculated by comparing APAM's actual income tax liability to the amount it would have been required to pay had it not been able to utilize any of the tax benefits subject to the TRAs, unless certain assumptions apply. The TRAs will continue in effect until all such tax benefits have been utilized or expired, unless APAM exercises its right to terminate the agreements or payments under the agreements are accelerated in the event that APAM materially breaches any of its material obligations under the agreements.

The actual increase in tax basis, as well as the amount and timing of any payments under these agreements, will vary depending upon a number of factors, including the timing of sales or exchanges by the holders of limited partnership units, the price of the Class A common stock at the time of such sales or exchanges, whether such sales or exchanges are taxable, the amount and timing of the taxable income APAM generates in the future and the tax rate then applicable and the portion of APAM's payments under the TRAs constituting imputed interest or depreciable basis or amortizable basis.

Payments under the TRAs, if any, will be made pro rata among all TRA counterparties entitled to payments on an annual basis to the extent APAM has sufficient taxable income to utilize the increased depreciation and amortization charges and imputed interest deductions. Artisan expects to make one or more payments under the TRAs, to the extent they are required, prior to or within 125 days after APAM's U.S. federal income tax return is filed for each fiscal year. Interest on the TRA payments will accrue from the due date (without extension) of such tax return until such payments are made. Amounts payable under the TRAs are estimates which may be impacted by factors, including but not limited to, expected tax rates, projected taxable income, and projected ownership levels and are subject to change. Changes in the estimates of amounts payable under tax receivable agreements are recorded as non-operating income (loss) in the unaudited consolidated statements of operations.

The change in the Company's deferred tax assets related to the tax benefits described above and the change in corresponding amounts payable under the TRAs for the **three** **six** months ended **March 31, 2024** **June 30, 2024** is summarized as follows:

Accounting standards establish a minimum threshold for recognizing, and a process for measuring, the benefits of income tax return positions in financial statements. The Company's gross liability for unrecognized tax benefits was \$0.2 million as of **March 31, 2024** **June 30, 2024** and December 31, 2023. The total amount of unrecognized tax benefits is not expected to significantly increase or decrease within the next twelve months. The months.

The Company recognizes interest and penalties related to unrecognized tax benefits as a component of the income tax provision. Accrued interest on unrecognized tax benefits was less than \$0.1 million as of **March 31, 2024** **June 30, 2024** and December 31, 2023. The gross unrecognized tax benefit is recorded within accounts payable, accrued expenses and other in the Company's unaudited condensed consolidated statements of financial condition.

In the normal course of business, Artisan is subject to examination by federal and certain state, local and foreign tax regulators. As of **March 31, 2024** **June 30, 2024**, U.S. federal income tax returns filed for the years 2020 through 2022 are open and therefore subject to examination. State, local and foreign income tax returns filed are generally subject to examination from 2019 to 2022.

Note 12. Earnings Per Share

Basic earnings per share is computed under the two-class method by dividing income available to Class A common stockholders by the weighted average number of Class A common shares outstanding during the period. Unvested restricted share-based awards are excluded from the number of Class A common shares outstanding for the basic earnings per share calculation because the shares have not yet been earned by employees. Income available to Class A common stockholders is computed by reducing net income attributable to APAM by earnings (both distributed and undistributed) allocated to participating securities, according to their respective rights to participate in those earnings. Except for certain performance share units, unvested share-based awards are participating securities because the awards include non-forfeitable dividend rights during the vesting period. Class B and Class C common shares do not share in profits of APAM and therefore are not reflected in the calculations.

Diluted earnings per share is computed under the more dilutive of the treasury stock method or the two-class method. The weighted average number of Class A common shares outstanding during the period is increased by the assumed conversion of nonparticipating unvested share-based awards into Class A common stock using the treasury stock method.

The computation of basic and diluted earnings per share for the three and six months ended **March 31, 2024** **June 30, 2024** and 2023 were as follows:

Allocation to participating securities in the table above primarily represents dividends paid to holders of unvested restricted share-based awards, which reduces net income available to common stockholders.

The Holdings limited partnership units are anti-dilutive primarily due to the impact of public company expenses. Unvested restricted share-based awards with non-forfeitable dividend rights during the vesting period are considered participating securities and are therefore anti-dilutive. The following table summarizes the weighted-average shares outstanding that are excluded from the calculation of diluted earnings per share because their effect would have been anti-dilutive:

Note 13. Indemnifications

In the normal course of business, APAM enters into agreements that include indemnities in favor of third parties. Holdings has also agreed to indemnify APAM as its general partner, Artisan Investment Corporation ("AIC") as its former general partner, the directors and officers of APAM, the directors and officers of AIC as its former general partner, the members of its former Advisory Committee, and its partners, directors, officers, employees and agents. Holdings' subsidiaries may also have similar agreements to indemnify their respective general partner(s), directors, officers, directors and officers of their general partner(s), partners, members, employees and agents. The Company's maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Company that have not yet occurred. APAM maintains insurance policies that may provide coverage against certain claims under these indemnities.

Note 14. Related Party Transactions

Several of the current executive officers and directors of APAM or entities associated with those individuals, are limited partners of Holdings. As a result, certain transactions (such as TRA payments) between Artisan and the limited partners of Holdings are considered to be related party transactions with respect to these persons.

Holdings also makes estimated state tax payments on behalf of certain limited partners, including related parties. These payments are then netted from subsequent distributions or payments to the limited partners. At **March 31, 2024** June 30, 2024 and December 31, 2023, accounts receivable included **\$1.4 million** **\$3.4 million** and \$0.2 million, respectively, of partnership tax reimbursements due from Holdings' limited partners, including related parties.

Affiliate transactions—Artisan Funds

Artisan has an agreement to serve as the investment adviser to Artisan Funds, with which certain Artisan employees are affiliated. Under the terms of the agreement, which generally is reviewed and continued by the board of directors of Artisan Funds annually, a fee is paid to Artisan based on an annual percentage of the average daily net assets of each Artisan Fund ranging from 0.60% to 1.05%. Artisan has contractually agreed to reimburse for expenses incurred to the extent necessary to limit annualized ordinary operating expenses incurred by certain of the Artisan Funds to not more than a fixed percentage (ranging from 0.83% to 1.50%) of a fund's average daily net assets. In addition, Artisan may voluntarily waive fees or reimburse any of the Artisan Funds for other expenses. The officers and directors of Artisan Funds who are affiliated with Artisan receive no compensation from the funds.

Investment advisory fees for managing Artisan Funds and amounts reimbursed by Artisan for fees and expenses (including management fees) are as follows:

Affiliate transactions—Artisan Global Funds

Artisan has an agreement to serve as the investment manager to Artisan Global Funds, with which certain Artisan employees are affiliated. Under the terms of these agreements, a fee is paid based on an annual percentage of the average daily net assets of each fund ranging from 0.50% to 1.85%. Artisan reimburses each sub-fund of Artisan Global Funds to the extent that sub-fund's annual expenses, not including Artisan's fee, exceed certain levels, which range from 0.10% to 0.20%. In addition, Artisan may voluntarily waive fees or reimburse any of the Artisan Global Funds for other expenses. The directors of Artisan Global Funds who are also employees of Artisan receive no compensation from the funds.

Affiliate transactions—Artisan Private Funds

Pursuant to written agreements, Artisan serves as the investment manager, and acts as the general partner, for certain Artisan Private Funds. Under the terms of these agreements, Artisan earns a management fee and, for certain funds, is entitled to receive either an allocation of profits or a performance-based fee. In addition, Artisan has agreed to reimburse certain funds to the extent that expenses, excluding Artisan's management fee, performance fee and transaction related costs, exceed certain levels, which range from 0.10% to 1.00% per annum of the net assets of the fund. Artisan may also voluntarily waive fees or reimburse the funds for other expenses. The directors of Artisan Private Funds and the officers of the general partners of the Artisan Private Funds who are affiliated with Artisan receive no compensation from the funds.

Artisan and certain related parties, including employees, officers and members of the Company's Board, have invested in one or more of the Artisan Private Funds and, for certain of those investments, do not pay a management fee, performance fee or incentive allocation.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Overview and Recent Highlights

We are an investment management firm focused on providing high-value added, active investment strategies in asset classes for sophisticated clients around the world. **Effective March 31, 2024, the International Small-Mid team, managing the Non-U.S. Small-Mid Growth strategy, became its own autonomous investment franchise.** As such, as of **March 31, 2024** **June 30, 2024**, our 11 autonomous investment teams managed a total of 25 investment strategies across multiple asset classes and investment styles.

We focus on attracting, retaining and developing talented investment professionals and creating an environment in which each investment team is provided ample resources and support, transparent and direct financial incentives, a high degree of investment autonomy, and a long-term time horizon. We create new investment strategies when we identify opportunities to add value for clients, oftentimes through the use of a broad array of securities, instruments and techniques (which we call degrees of freedom) to differentiate returns and manage risk.

We offer our investment management capabilities primarily to sophisticated investors that operate with institutional decision-making processes and longer-term investment horizons. We employ knowledgeable and investment focused relationship managers who are directly aligned with our investment teams, and we pair them with regional and distribution channel experts. We provide access to our investment strategies through multiple investment vehicles, including separate accounts and different types of pooled vehicles. As of **March 31, 2024** **June 30, 2024**, approximately 75% of our assets under management were managed for clients and investors domiciled in the U.S. and 25% of our assets under management were managed for clients and investors domiciled outside of the U.S.

As a high-value added investment manager we expect that long-term investment performance will be the primary driver of our long-term business and financial results. If we maintain and evolve existing investment strategies and launch new investment strategies that meet the needs of and generate attractive outcomes for sophisticated asset allocators, we believe that we will continue to generate strong business and financial results.

Over shorter time periods, changes in our business and financial results are largely driven by market conditions and fluctuations in our assets under management that may not necessarily be the result of our long-term investment performance or the long-term demand for our strategies. For this reason, we expect that our business and financial results will be lumpy over time.

We strive to maintain a financial model that is transparent and predictable. We derive nearly all of our revenues from investment management fees, most of which are based on a specified percentage of clients' average assets under management. A majority of our expenses, including most of our compensation expense, vary directly with changes in our revenues.

We invest thoughtfully to support our investment teams and future growth, while also paying out to stockholders and partners a majority of the cash that we generate from operations through dividends and distributions. We expect to continue to invest in the growth of the business, with a focus on adding new investment capabilities and more degrees of freedom in areas where both opportunity and client demand exist, and in which we can differentiate our active management and add value for clients.

Financial highlights for the quarter included the following:

Organizational Structure

Organizational Structure

Our operations are conducted through Artisan Partners Holdings LP ("Holdings") and its subsidiaries. On March 12, 2013, Artisan Partners Asset Management Inc. ("APAM") and Holdings completed a series of transactions (the "IPO" "IPO Reorganization") to reorganize their capital structures in connection with the initial public offering ("IPO") of APAM's Class A common stock. The IPO Reorganization and IPO were completed on March 12, 2013.

Limited partners of Holdings, some of whom are employees, held approximately 13% of the equity interests in Holdings as of **March 31, 2024** **June 30, 2024**. Our results reflect that significant noncontrolling interest.

We operate our business in a single segment.

Holdings Unit Exchanges

During the **three** **six** months ended **March 31, 2024** **June 30, 2024**, certain limited partners of Holdings exchanged 992,454 common units (along with a corresponding number of shares of Class B or Class C common stock of APAM, as applicable) for 992,454 shares of Class A common stock. In connection with the exchanges, APAM received 992,454 GP units of Holdings.

APAM's equity ownership interest in Holdings increased from 86% at December 31, 2023 to 87% at **March 31, 2024** **June 30, 2024**, as a result of these transactions and other equity transactions during the period.

Financial Overview

Economic Environment

Volatility and uncertainty in global financial markets impact the value of our assets under management. Because the revenue we earn is based on the value of our assets under management (AUM), fluctuations in our AUM will result in corresponding fluctuations in our revenues and earnings. Current market conditions that could materially impact our financial performance include elevated inflation levels, uncertainty around the timing and extent of changes in interest rates in an already heightened rate environment, effects of geopolitical tensions, and conflicts and wars, among other factors.

The following table presents the total returns of relevant market indices for the three and six months ended **March 31, 2024** **June 30, 2024** and 2023:

(3) We compute our weighted average management fee by dividing annualized investment management fees (which excludes performance fees) by average assets under management for the applicable period.

(4) Adjusted measures are non-GAAP measures and are explained and reconciled to the comparable GAAP measures in "Supplemental Non-GAAP Financial Information" below.

Assets under management within our consolidated investment products, and investment advisory fees earned thereon, are excluded from our weighted average fee calculations and total revenues, since any such revenues are eliminated upon consolidation. **Assets under management within Artisan Private Funds are included in the reported firmwide, separate accounts and other, and institutional assets under management figures reported below.**

Assets Under Management and Investment Performance

Changes to our operating results from one period to another are primarily caused by changes in the amount of our assets under management. Changes in the relative composition of our assets under management among our investment strategies and vehicles and the effective fee rates on our products also impact our operating results.

The amount and composition of our assets under management are, and will continue to be, influenced by a variety of factors including, among others:

- investment performance, including fluctuations in both the financial markets and foreign currency exchange rates and the quality of our investment decisions;
- flows of client assets into and out of our various strategies and investment vehicles;
- our decision to close strategies or limit the growth of assets in a strategy or a vehicle when we believe it is in the best interest of our clients, as well as our decision to re-open strategies, in part or entirely;
- our ability to attract and retain qualified investment, management, and marketing and client service professionals;
- industry trends towards products, strategies, vehicles or services that we do not offer;
- competitive conditions in the investment management and broader financial services sectors; and
- investor sentiment and confidence.

During the quarter, our AUM increased declined by \$10.2 billion \$1.5 billion, primarily due to \$10.8 billion \$1.6 billion of market appreciation, partially offset by net client cash outflows, partially offset by \$0.2 billion of \$0.5 billion, market appreciation. For the quarter, 1115 of our 25 investment strategies had net outflows totaling \$2.3 billion \$3.1 billion, which were partially offset by \$1.8 billion \$1.5 billion of net inflows across the remaining 14 10 strategies.

Over the long-term, we expect to generate the majority of our AUM growth through investment returns, which has been our historical experience.

We monitor the availability of attractive investment opportunities relative to the amount of assets we manage in each of our investment strategies and the velocity at which the strategies are experiencing inflows. When appropriate, we will close a strategy to new investors or otherwise take action to slow or restrict its growth, even though our aggregate assets under management may be negatively impacted in the short term. We may also re-open a strategy, widely or selectively, to fill available capacity or manage the diversification of our client base in that strategy. We believe that management of our investment capacity protects our ability to manage assets successfully, which protects the interests of our clients and, in the long term, protects our ability to retain client assets and maintain our profit margins.

As of the date of this filing, the Artisan High Income Fund, Artisan International Value Fund and Artisan International Small-Mid Fund are closed to most new investors and their respective strategies are generally not accepting new client relationships. From time to time when Artisan Partners believes the strategy has capacity, it may, however, accept a new separate account relationship at its discretion. In addition, we are actively managing the capacity of our U.S. Small-Cap Growth strategy with respect to new client relationships.

When we close or otherwise restrict the growth of a strategy, we typically continue to allow additional investments in the strategy by existing clients and certain related entities. We may also permit new investments by other eligible investors in our discretion.

As a result, during a given period we may have net client cash inflows in a closed strategy. However, when a strategy is closed or its growth is restricted we generally expect there to be periods of net client cash outflows.

The unaudited table on the following page sets forth the average annual total returns for each composite (gross of fees) and its respective broad-based benchmark (and style benchmark, if applicable) over a multi-horizon time period as of March 31, 2024 June 30, 2024. Returns for periods less than one year are not annualized.

We measure investment performance based upon the results of our "composites", which represent the aggregate performance of all discretionary client accounts, including pooled investment vehicles, invested in the same strategy except those accounts with respect to which we believe client-imposed investment restrictions may have a material impact on portfolio construction and those accounts managed in a currency other than U.S. dollars. The results of these excluded accounts, which represented approximately 15% of our assets under management at March 31, 2024 June 30, 2024, are maintained in separate composites the results of which are not included below.

Investment Advisory Revenues

Essentially all of our revenues consist of fees earned from managing clients' assets. Investment advisory fees, which are comprised of management fees and performance fees (**including inc** based on a number of factors, including the total value of our assets under management, the composition of assets under management among investment vehicles and our investment strate management fee rates on our products, the extent to which we enter into fee arrangements that differ from our standard fee schedules, which can be affected by custom and the competitive I and, for the accounts on which we earn performance fees, the investment performance of those accounts.

The different fee structures associated with Artisan Funds, Artisan Global Funds, and separate accounts and other pooled vehicles, and the different fee schedules applicable to each of our ii composition of our assets under management an important determinant of the investment management fees we earn. Historically, we have received higher effective rates of investment mana and Artisan Global Funds than from traditional separate accounts reflecting, among other things, the different and broader array of services we provide to Artisan Funds and Artisan Global Fl fees for non-U.S. funds may also be higher because they include fees to offset higher distribution costs. Our investment management fees also differ by investment strategy, with higher-capa standard fee rates than strategies with more limited capacity.

Certain separate account clients pay us fees based on the performance of their accounts relative to agreed-upon benchmarks, which typically results in a lower base fee but allows us to earn we achieve for that client is superior to the performance of the agreed-upon benchmark. We may also receive performance fees or incentive allocations from Artisan Private Funds. Approxim billion \$158.9 billion of assets under management as of March 31, 2024 June 30, 2024 have performance fee billing arrangements. Performance fees of less than \$0.1 million were recognized periods ended March 31, 2024 June 30, 2024 and March 31, 2023 June 30, 2023.

The increase in revenues of \$29.9 million \$27.9 million, or 13% 11%, for the three months ended March 31, 2024 June 30, 2024, compared to the three months ended March 31, 2023 June 31 an \$18.8 billion a \$19.3 billion, or 14% increase in our average assets under management. The weighted average investment management fee, which excludes performance fees, was 69.1 6 months ended March 31, 2024 June 30, 2024, compared to 70.4 70.1 basis points for the three months ended March 31, 2023 June 30, 2023. The decrease in the weighted average investment predominantly due to mix and the tiered billing structure within many of our investment management agreements with clients, wherein the fee rate decreases upon the achievement of specific management changes in strategy mix.

The increase in salaries, incentive compensation and benefits is primarily due to a \$10.5 \$10.9 million increase in incentive compensation largely due to driven by higher revenues in the three 2024 June 30, 2024. A 4% increase in full-time associates led to increases in salaries and benefit related expenses. Long-term incentive compensation costs also increased \$4.8 million as a impact on compensation plans of \$2.2 million and \$2.1 million \$3.3 million, which includes \$1.9 million of additional expense resulting from the new retirement acceleration feature on awards quarter.

During the first quarter of 2024, the board of directors of APAM approved the grant of long-term incentive awards with a grant date fair value of \$59.2 million consisting of \$20.8 million of restricted \$38.4 million of franchise capital awards, to certain employees pursuant to the Company's 2023 Omnibus Incentive Compensation Plan. Long-term incentive compensation expense for all awards \$17 million to \$18 million for the remaining quarters in fiscal 2024, exclusive of the impact of investment returns on franchise capital awards, grants.

Total compensation and benefits was 57% and 56% 54% of our revenues for the three months ended March 31, 2024 June 30, 2024 and 2023, respectively, 2023.

Other operating expenses

Other operating expenses increased \$2.1 million \$1.6 million for the three months ended March 31, 2024 June 30, 2024, compared to the three months ended March 31, 2023 June 30, 2023, distribution costs correlated to the an increase in revenue and increased travel costs, expense as well as an increase in third-party distribution expense as a result of an increase in AUM subje

In addition, the increase in interest income on cash and cash equivalents and other increased \$1.3 million \$0.9 million due to higher yields.

Provision for Income Taxes

The provision for income taxes primarily represents APAM's U.S. federal, state and local income taxes on its allocable portion of Holdings' income, as well as foreign income taxes payable by effective income tax rate for the three months ended March 31, 2024 June 30, 2024 and 2023 was 20.2% 20.8% and 20.6% 20.0%, respectively. Several factors contribute to the effective tax rate, including the fact that approximately 14% and 16% of Holdings' full year projected taxable earnings were not subject to corporate-level taxes for the three months ended March 31, 2024, respectively. Thus, income before income taxes includes amounts that are attributable to noncontrolling interests and not taxable to APAM and its subsidiaries, which reduces the effective tax rate. As ownership in Holdings increases, the effective tax rate will likewise increase as more income will be subject to corporate-level taxes. The effective tax rate was favorably impacted in both periods due to dividends paid on unvested restricted share-based awards.

Earnings Per Share

Weighted average basic and diluted shares of Class A common stock outstanding were higher for the three months ended **March 31, 2024** June 30, 2024, compared to the three months ended as a result of Holdings' unit exchanges and equity award grants. Investment Advisory Revenues

The increase in revenues of [Contents](#) \$57.8 million, or 12%, for the six months ended June 30, 2024, compared to the six months ended June 30, 2023, was driven primarily by an \$18.9 billion, or assets under management. The weighted average management fee, which excludes performance fees, was 69.0 basis points for the six months ended June 30, 2024, compared to 70.2 basis June 30, 2023. The decrease in the weighted average investment management fee was predominantly due to changes in strategy mix. Additionally, performance fees of \$0.1 million were recorded June 30, 2024 and 2023.

⁽¹⁾ Excluding long-term incentive compensation awards

The increase in salaries, incentive compensation and benefits was primarily due to a \$21.4 million increase in incentive compensation driven by higher revenues, combined with an \$8.1 million compensation costs, which includes \$4.0 million of additional expense from the retirement acceleration feature on 2024 grants.

During the first quarter of 2024, the Company's board of directors approved the grant of long-term incentive awards with a grant date fair value of \$59.2 million consisting of \$20.8 million of restricted stock awards, \$38.4 million of franchise capital awards, to certain employees pursuant to the Company's 2023 Omnibus Incentive Compensation Plan. Long-term incentive compensation award expense for approximately \$16 million for the remaining quarters in fiscal 2024, exclusive of the impact of investment returns on franchise capital awards.

Total compensation and benefits was 55% of our revenues for the six months ended June 30, 2024, and 2023.

Other operating expenses

Other operating expenses increased \$3.7 million for the six months ended June 30, 2024, compared to the six months ended June 30, 2023, primarily due to an increase in travel expense, air technology costs, as well as an increase in third-party distribution expense as a result of an increase in AUM subject to those fees.

Net investment gain (loss) of consolidated investment products, net investment gain (loss) on nonconsolidated seed investments, and net investment gain (loss) on franchise capital investments aggregate for the six months ended June 30, 2024, compared to the six months ended June 30, 2023, predominately due to market conditions. The increase in interest income on cash and cash equivalents increased \$2.2 million for the six months ended June 30, 2024, as a result of higher yields.

Provision for Income Taxes

The provision for income taxes primarily represents APAM's U.S. federal, state and local income taxes on its allocable portion of Holdings' income, as well as foreign income taxes payable by Holdings. The effective income tax rate was 20.5% and 20.3% for the six months ended June 30, 2024 and 2023, respectively.

Several factors contribute to the effective tax rate, including a rate benefit attributable to the fact that approximately 14% and 16% of Holdings' full year projected taxable earnings were not subject to income tax for the six months ended June 30, 2024 and 2023, respectively. Thus, income before income taxes includes amounts that are attributable to noncontrolling interests and not taxable to APAM and the effective tax rate. As APAM's equity ownership in Holdings increases, the effective tax rate will likewise increase as more income will be subject to corporate-level taxes. The effective tax rate for both periods due to tax deductible dividends paid on unvested restricted share-based awards.

Earnings Per Share

Weighted average basic and diluted shares of Class A common stock outstanding were higher for the six months ended June 30, 2024, compared to the six months ended June 30, 2023, as a result of stock exchanges and equity award grants. See Note 12, "Earnings Per Share" in the Notes to the unaudited consolidated financial statements for further discussion of earnings per share.

Supplemental Non-GAAP Financial Information

Our management uses non-GAAP measures (referred to as "adjusted" measures) of net income to evaluate the profitability and efficiency of the underlying operations of our business and as a result of the impact of (1) net gain (loss) on the tax receivable agreements (if any), (2) compensation expense (reflecting changes in compensation plans, and (3) net investment gain (loss) of investment products. These adjustments also remove the non-operational complexities of our structure by adding back restricted stock awards assuming all income of Artisan Partners Holdings is allocated to APAM. Management believes these non-GAAP measures provide more meaningful information to analyze our profitability and growth over time. We have included these non-GAAP measures to provide investors with the same financial metrics used by management to manage the Company.

Non-GAAP measures should be considered in addition to, and not as a substitute for, financial measures prepared in accordance with GAAP. Our non-GAAP measures may differ from similar companies, even if similar terms are used to identify such measures. Our non-GAAP measures are as follows:

- Adjusted net income represents net income excluding the impact of (1) net gain (loss) on the tax receivable agreements (if any), (2) compensation expense (reversal) related to market compensation plans, and (3) net investment gain (loss) of investment products. Adjusted net income also reflects income taxes assuming the vesting of all unvested Class A share-boutstanding limited partnership units of Artisan Partners Holdings had been exchanged for Class A common stock of APAM on a one-for-one basis. Assuming full vesting and exchange, Partners Holdings is treated as if it were allocated to APAM, and the adjusted provision for income taxes represents an estimate of income tax expense at an effective rate reflecting state and local income statutory tax rates. The adjusted tax rate was 24.7% for all periods presented.
- Adjusted net income per adjusted share is calculated by dividing adjusted net income by adjusted shares. The number of adjusted shares is derived by assuming the vesting of all unvested limited partnership units of Artisan Partners Holdings for Class A common stock of APAM on a one-for-one basis.
- Adjusted operating income represents the operating income of the consolidated company excluding compensation expense related to market valuation changes in compensation plans.
- Adjusted operating margin is calculated by dividing adjusted operating income by total revenues.
- Adjusted EBITDA represents adjusted net income before interest expense, income taxes, depreciation and amortization expense.

Net gain (loss) on the tax receivable agreements represents the income (expense) associated with the change in estimate of amounts payable under the tax receivable agreements entered in the initial public offering and related reorganization.

Compensation expense (reversal) related to market valuation changes in compensation plans represents the expense (income) associated with the change in the long-term incentive award returns of the underlying investment products. Because the compensation expense impact of the investment market exposure is economically hedged, management believes it is useful to reflect offset in the calculation of adjusted operating income, adjusted net income, and adjusted EBITDA. The related investment gain (loss) on the underlying investments is included in the adjustment of investment products.

Net investment gain (loss) of investment products represents the non-operating income (expense) related to the Company's investments, in both consolidated investment products and nonconsolidated investments held to economically hedge compensation plans. Excluding these non-operating market gains or losses on investments provides greater transparency to evaluate the performance of the underlying operations of the business. Interest income generated on cash and cash equivalents is considered part of normal operations, and therefore, is not excluded from adjusted net income.

Liquidity and Capital Resources

Our working capital needs, including accrued incentive compensation payments, have been and are expected to be met primarily through cash generated by our operations. The assets and investment products attributable to third-party investors do not impact our liquidity and capital resources. We have no right to the benefits from, nor do we bear the risks associated with, the consolidated investment products, beyond our direct equity investment and any investment advisory fees earned. Accordingly, assets and liabilities of consolidated investment products are excluded from the amounts and discussions below. The following table shows our liquidity position as of **March 31, 2024**, **June 30, 2024** and December 31, 2023:

⁽¹⁾ Seed investments include Artisan's direct equity investments in consolidated and nonconsolidated Artisan-sponsored investment products. The balance excludes \$145.9 million of investments made related to long-term incentive compensation plans.

We manage our cash balances in order to fund our day-to-day operations. We mitigate concentration risk through the diversification of financial institutions holding daily operating cash balance operating cash in various money market funds. **\$160.4 million** **\$176.6 million** of our cash and cash equivalents balance was invested in money market funds as of **March 31, 2024** **June 30, 2024**

Accounts receivable primarily represent investment advisory fees that have been earned, but not yet received from our clients. We perform a review of our receivables on a monthly basis as of **March 31, 2024** **June 30, 2024**, none of our receivables were considered uncollectible.

We utilize cash to make seed investments in Artisan-sponsored investment products to support the development of new investment strategies and vehicles. As of **March 31, 2024** **June 30, 2024**, investments, including investments in consolidated investment products, was **\$155.5 million** **\$154.0 million**. Subject to certain restrictions on the timing of redemptions, the seed investments are at discretion. We monitor for opportunities to redeem existing seed investments as sufficient scale in those strategies and vehicles is achieved.

During the **three six** months ended **March 31, 2024** **June 30, 2024**, we also made investments of \$38.4 million related to funded long-term incentive compensation plans. As of **March 31, 2024** **June 30, 2024**, investments held in connection with funded long-term incentive compensation plans was **\$152.5 million** **\$145.9 million**.

We expect our investment portfolio to continue to grow as we grant additional annual franchise capital awards and make additional seed capital investments in new strategies and vehicles to

We have \$200 million in unsecured notes outstanding and a \$100 million revolving credit facility with a five-year term ending in August 2027. The notes are comprised of three series, Series I with a balloon payment at maturity. The \$100 million revolving credit facility was unused as of and for the **three six** months ended **March 31, 2024** **June 30, 2024**.

The fixed interest rate on each series of unsecured notes is subject to a 100 basis point increase in the event Holdings receives a below-investment grade rating and any such increase will be reflected in the investment grade rating is received.

These borrowings contain various covenants. Our failure to comply with any of the covenants could result in an event of default under the agreements, giving our lenders the ability to accelerate the principal amount of the debt. We were in compliance with all debt covenants as of **March 31, 2024** **June 30, 2024**.

On **April 23, 2024** **July 23, 2024**, we, acting as the general partner of Artisan Partners Holdings, declared a distribution of **\$30.2 million** **\$38.6 million**, payable by Artisan Partners Holdings to Holdings and including APAM.

APAM declared and paid the following dividends per share during the **three and six** months ended **March 31, 2024** **June 30, 2024** and 2023:

Type of Dividend	Class of Stock	For the Three Months Ended June 30,		
		2024	2023	2024
Quarterly	Class A Common	\$ 0.68	\$ 0.68	\$ 0.68
Special Annual	Class A Common	\$ 0.34	\$ 0.34	\$ 0.34
Type of Dividend	Class of Stock	For the Three Months Ended June 30,	For the Six Months Ended June 30,	For the Six Months Ended June 30,
		2024	2023	2024
Quarterly	Class A Common	\$ 0.61	\$ 0.50	\$ 0.61
Special Annual	Class A Common	\$ —	\$ —	\$ —

Our board of directors declared, effective **April 23, 2024** **July 23, 2024**, a variable quarterly dividend of **\$0.61** **\$0.71** per share of Class A common stock with respect to the **March** **June** quarter **2024** **August 30, 2024** to stockholders of record as of the close of business on **May 17, 2024** **August 16, 2024**. The variable quarterly dividend represents approximately 80% of the cash generated in **2024** and a pro-rata portion of **2024** tax savings related to our tax receivable agreements.

Subject to Board approval each quarter, we currently expect to pay a quarterly dividend of approximately 80% of the cash the Company generates each quarter. We expect our quarterly cash adjusted net income plus long-term incentive compensation award expense, less cash reserved for future franchise capital awards (which we generally expect will approximate 4% of investment quarter) with additional adjustments made for certain other sources and uses of cash, including capital expenditures. After the end of the year, our Board will consider paying a special dividend cash needed for general corporate purposes and investments in growth and strategic initiatives. Although we expect to pay dividends according to our dividend policy, we may not pay dividends at all.

Tax Receivable Agreements ("TRAs")

In addition to funding our normal operations, we will be required to fund amounts payable under the TRAs that we entered into in connection with the IPO, which resulted in the recognition of liability as of **March 31, 2024** **June 30, 2024**. The liability generally represents 85% of the tax benefits APAM expects to realize as a result of the merger of an entity into APAM as part of the IPO of partnership units from limited partners of Holdings and the exchange of partnership units (for shares of Class A common stock or other consideration). The estimated liability assumes no tax law and that APAM earns sufficient taxable income to realize all tax benefits subject to the TRAs. An increase or decrease in future tax rates will increase or decrease, respectively, the expected realization and the amounts payable under the TRAs. Changes in the estimate of expected tax benefits APAM would realize and the amounts payable under the TRAs as a result of change in tax recorded in net income.

The liability will increase upon future purchases or exchanges of limited partnership units with the increase representing amounts payable under the TRAs equal to 85% of the estimated future from such purchases or exchanges. We intend to fund the payment of amounts due under the TRAs out of the reduced tax payments that APAM realizes in respect of the tax attributes to which

The actual increase in tax basis, as well as the amount and timing of any payments under these agreements, will vary depending upon a number of factors, including the timing of sales or exchanges of partnership units, the price of the Class A common stock at the time of such sales or exchanges, whether such sales or exchanges are taxable, the amount and timing of the taxable income and the tax rate then applicable and the portion of APAM's payments under the TRAs constituting imputed interest or depreciable basis or amortizable basis. In certain cases, payments under the TRAs may significantly exceed the actual benefits we realize in respect of the tax attributes subject to the TRAs. In such cases, we intend to fund those payments with cash on hand, although we may have to pay on the amount and timing of the payments. **We did not make payments related to the TRA during the three months ended March 31, 2024.** In fiscal 2024, we expect to make TRA payments totaling \$27.9 million, \$27.9 million of which was paid during **April 2024**, the quarter ended **June 30, 2024**.

Net cash provided by operating activities increased **\$26.1 million** **\$39.8 million** for the **three** **six** months ended **March 31, 2024** **June 30, 2024**, compared to the **three** **six** months ended **March 31, 2023** **June 30, 2023**, due to the **\$8.6 million** **\$10.0 million** increase in operating income (excluding share based compensation expense), the **\$6.7 million** net increase from changes in working capital, and the **\$8.8 million** as a result of activity within the consolidated investment products, products, and the **\$8.5 million** net decrease from changes in working capital.

Investing activities consist primarily of acquiring property and equipment, leasehold improvements and the purchase and sale of investment securities. Net cash used in investing activities decreased for the **three** **six** months ended **March 31, 2024** **June 30, 2024**, compared to the **three** **six** months ended **March 31, 2023** **June 30, 2023**, primarily due to a decrease in the purchase of investment capital awards allocated to non-consolidated investment products, a decrease in capital expenditures, and an increase in redemptions of seed investments and franchise capital investments for **March 31, 2024**, **June 30, 2024** compared to **March 31, 2023** the six months ended **June 30, 2023**.

Financing activities consist primarily of partnership distributions to non-controlling interests, dividend payments to holders of our Class A common stock, **proceeds from the issuance of Class offerings**, payments to purchase Holdings partnership units, and payments of amounts owed under the tax receivable agreements. Net cash used in financing activities increased **\$8.9 million** for the **three** **six** months ended **March 31, 2024** **June 30, 2024**, compared to the **three** **six** months ended **March 31, 2023** **June 30, 2023**, primarily due to a **\$9.2 million** **\$17.6 million** increase in dividends paid and a **\$24.9 million** decrease in contributions from noncontrolling interests in our consolidated investment products.

During the **three** **six** months ended **March 31, 2024** **June 30, 2024**, the Company determined that it no longer had a controlling financial interest in an investment product that was previously controlled. The loss of control of the investment product resulted in a \$4.0 million decrease in cash, cash equivalents and restricted cash.

Certain Contractual Obligations

As of **March 31, 2024** **June 30, 2024**, there have been no material changes to our contractual obligations outside the ordinary course of business from those disclosed in the "Liquidity, Capital Obligations" section and the related notes in our Annual Report on Form 10-K for the year ended December 31, 2023, filed with the SEC on February 22, 2024, except for the changes in the

As previously discussed in this report, the TRA liability **increased** **decreased** from \$364.0 million at December 31, 2023 to **\$375.6 million** **\$347.7 million** at **March 31, 2024** **June 30, 2024**. Amounts increase upon exchanges of Holdings units for our Class A common stock or sales of Holdings units to us, with the increase representing 85% of the estimated future tax benefits, if any, resulting from sales and decrease when payments are made. The actual amount and timing of payments associated with our existing payable under the TRAs or future exchanges or sales, and associated upon a number of factors as described under "Liquidity and Capital Resources." As a result, the timing of payments by period is currently unknown. **We did not make payments related to the period ended March 31, 2024.** Overall in fiscal 2024, we expect to make payments of approximately \$37.2 million, of which \$27.9 million was paid during **April 2024**, the quarter ended June 30, 2024.

Critical Accounting Policies and Estimates

Item 3. Qualitative and Quantitative Disclosures Regarding Market Risk

There have been no material changes in our Qualitative and Quantitative Disclosures Regarding Market Risk from those previously reported in our Form 10-K for the year ended December 31, 2023.

Item 4. Controls and Procedures

Disclosure Controls and Procedures

We maintain disclosure controls and procedures, as defined in Rules 13a-15(e) and 15d-15(e) of the Securities Exchange Act of 1934, that are designed to ensure that information required to be or submitted under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated by management, including our principal executive and principal financial officers, as appropriate, to allow for timely decisions regarding required disclosure.

Our management, including our Chief Executive Officer and Chief Financial Officer, evaluated the effectiveness of our disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d-15(e) of the Securities Exchange Act) at **March 31, 2024** **June 30, 2024**. Based on this evaluation, our Chief Executive Officer and Chief Financial Officer have concluded that our disclosure controls and procedures are effective.

Changes in Internal Control over Financial Reporting

There have been no changes in internal control over financial reporting (as such term is defined in Rule 13a-15(f) under the Exchange Act), during the quarter ended **March 31, 2024** **June 30, 2024** that have affected, or are reasonably likely to materially affect our internal control over financial reporting.

Part II — Other Information

Item 1. Legal Proceedings

In the normal course of business, we may be subject to various legal and administrative proceedings. Currently, there are no legal or administrative proceedings that management believes may have a material impact on our consolidated financial position, cash flows or results of operations.

Item 1A. Risk Factors

For a discussion of related and other potential risks and uncertainties, see the information under the heading "Risk Factors" in our latest annual report on Form 10-K, which is accessible on the SEC's website at www.sec.gov.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

Unregistered Sales of Equity Securities

As described in Note 8, "Stockholders' Equity", to the unaudited consolidated financial statements included in Part I of this report, upon termination of employment with Artisan, an employee-partner's shares are exchanged for Class E common units and the corresponding shares of APAM Class B common stock are canceled. APAM issues the former employee-partner a number of shares of APAM Class B common stock equal to the former employee-partner's number of Class E common units. Class E common units are exchangeable for Class A common stock subject to the same restrictions and limitations on exchange as common units of Holdings. During the three months ended **March 31, 2024** **June 30, 2024**, **74,464** **28,540** shares of Class B common stock were canceled, and **74,464** **28,540** shares of Class A common stock were issued as a result of the termination of employment of an employee-partner.

CERTIFICATION

I, Charles J. Daley, Jr., certify that:

1. I have reviewed this report on Form 10-Q of Artisan Partners Asset Management Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(f)) for the registrant and have:
 - a. Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information of the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b. Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable reliability of financial reporting and preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c. Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures as of the end of the period covered by this report based on such evaluation; and
 - d. Disclosed in this report any change in the registrant's internal control over financial reporting that has materially affected, or is reasonably likely to materially affect control over financial reporting; and

5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the registrant's board of directors (or persons performing the equivalent functions):

- a. All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the process, summarize and report financial information; and b. Any fraud, whether or not material, that involves management or other employees who have a significant role in control over financial reporting.
