We consolidate the accounts of subsidiaries for which we have a controlling financial interest. The accompanying consolidated financial statements include all the accounts and activity of Sezzle Inc. and its wholly-owned subsidiaries. All intercompany balances and transactions are eliminated in consolidation.Fair ValueFair values are based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e. an exit price). The accounting guidance includes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy are as follows:â€¢Level 1 â€” Unadjusted quoted prices for identical assets or liabilities in active markets;â€¢Level 2 â€” Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability; andâ€¢Level 3 â€” Unobservable inputs for the asset or liability, which include managementâ€™s own assumption about the assumptions market participants would use in pricing the asset or liability, including assumptions about risk. We measure the value of our money market securities based on Level 1 inputs. Our warrant liabilities were valued using a Black-Scholes valuation model, which was calculated using Level 3 inputs. The primary unobservable input used in determining the fair value of the warrant liabilities was the expected volatility of our common stock. During the nine months ended September 30, 2024, we reclassified our warrant liabilities to stockholdersâ€™ equity in connection with our delisting from the Australian Securities Exchange and amending the outstanding warrant agreements to reference our common stock price on the Nasdaq Capital Market, which is stated in U.S. Dollars. Refer to Note 7. Warrant Liabilities for more information. 9Table of ContentsOur assets and liabilities that are measured at fair value on a recurring basis as of September 30, 2024 and December 31, 2023 are as follows:September 30, 2024December 31, 2023Level 1Level 2Level 3Fair ValueLevel 1Level 2Level 3Fair ValueAssets:Cash and cash equivalents:Money market securities$14,241Â $â€”Â $â€”Â $14,241Â $14,432Â $â€”Â $â€”Â $14,432Â Liabilities:Warrant liabilities$â€”Â $â€”Â $â€”Â $â€”Â $â€”Â $967,257Â $967,257Â The fair value and its classification within the fair value hierarchy for financial assets and liabilities not reported at fair value within the consolidated balance sheets as of September 30, 2024 and December 31, 2023 are as follows:September 30, 2024Carrying AmountLevel 1Level 2Level 3Balance at Fair ValueAssets:Cash and cash equivalents(1)$80,048,264Â $80,048,264Â $â€”Â $â€”Â $80,048,264Â Restricted cash(2)8,280,624Â 8,280,624Â â€”Â â€”Â 8,280,624Â Notes receivable, net132,787,268Â â€”Â â€”Â 132,787,268Â 132,787,268Â Total assets$221,116,156Â $88,328,888Â $â€”Â $132,787,268Â $221,116,156Â Liabilities:Line of credit, net93,937,724Â â€”Â 93,937,724Â â€”Â 93,937,724Â Total liabilities$93,937,724Â $â€”Â $93,937,724Â $â€”Â $93,937,724Â December 31, 2023Carrying AmountLevel 1Level 2Level 3Balance at Fair ValueAssets:Cash and cash equivalents(1)$67,609,780Â $67,609,780Â $â€”Â $â€”Â $67,609,780Â Restricted cash(2)3,075,011Â 3,075,011Â â€”Â â€”Â 3,075,011Â Notes receivable, net130,632,641Â â€”Â â€”Â 130,632,641Â 130,632,641Â Total assets$201,317,432Â $70,684,791Â $â€”Â $130,632,641Â $201,317,432Â Liabilities:Long term debt$250,000Â $â€”Â $250,000Â $â€”Â $250,000Â Line of credit, net94,380,906Â â€”Â 94,380,906Â â€”Â 94,380,906Â Total

Total RevenueTotal revenue for the three months ended September 30, 2024 and 2023 was $69,957,691 and $40,844,201, respectively, and $172,904,830 and $110,455,297 for the nine months ended September 30, 2024 and 2023, respectively. Total revenue in the fourth quarter has historically been strongest for us, in line with consumer spending habits during the holiday shopping season. Our total revenue is classified into three categories: transaction income, subscription revenue, and income from other services.Transaction IncomeTransaction income is comprised of all income earned from merchants, consumers, and other third parties that relate to processing orders and payments on the Sezzle Platform. This primarily includes merchant processing fees, partner income, and consumer fees.We earn income from fees paid by merchants in exchange for our payment processing services. These merchant processing fees are applied to the underlying sales of consumers passing through our platform and are predominantly based on a percentage of the consumer order value plus a fixed fee per transaction. For orders that result in a financing receivable, merchant processing fees are recognized over the duration of the underlying order using the effective interest method. For orders that do not result in a financing receivable, merchant processing fees are recognized at the time the sale is completed. Merchant processing fees totaled $14,843,752 and $17,814,082 for the three months ended September 30, 2024 and 2023, respectively, and $42,937,048 and $57,246,226 for the nine months ended September 30, 2024 and 2023, respectively.We also earn income from partners on consumer transactions. This income includes interchange fees earned through our virtual card solution and promotional incentives with third parties. Virtual card interchange income is recognized over the duration of the underlying order using the effective interest method and promotional incentives are recognized as they are earned during the promotional period. Partner income totaled $7,048,498 and $4,445,823 for the three months ended September 30, 2024 and 2023, respectively, and $17,009,956 and $9,355,137 for the nine months ended September 30, 2024 and 2023, respectively.Transaction income also includes income from consumer fees that are related to processing orders and payments. Such fees are assessed when consumers choose to make an installment payment, excluding the first installment, using a card pursuant to state law, or when a payment method fails when attempting to make an installment payment. These fees are recognized at the time the fee is assessed to the extent the fee is reasonably collectible and totaled $14,505,044 and $4,786,304 for the three months ended September 30, 2024 and 2023, respectively, and $32,149,318 and $12,269,101 for the nine months ended September 30, 2024 and 2023, respectively.Subscription RevenueWe offer our consumers the ability to subscribe to two paid services: Sezzle Premium and Sezzle Anywhere. Sezzle Premium allows consumers to shop at select large, non-integrated premium merchants, along with other benefits, for a recurring fee. Sezzle Anywhere allows consumers to use their Sezzle Virtual Card at any merchant online or in-store, subject to certain merchant, product, goods, and service restrictions, for a recurring fee. Subscription fees are recognized straight-line over the subscription period.Income from Other ServicesIncome from other services includes all other incomes earned from merchants, consumers, and other third parties not included in transaction income or subscription revenue. This includes late payment fees, gateway fees, and marketing revenue earned from affiliates. Late payment fees are assessed to consumers who fail to make a timely principal payment. Late payment fees are recognized at the time the fee is charged to the consumer to the extent the fee is reasonably collectible. Late payment fees totaled $6,844,629 and $2,557,529 for the three months ended September 30, 2024 and 2023, respectively, and $13,528,076 and $7,018,990 for the nine months ended September 30, 2024 and 2023, respectively.12Table of ContentsDisaggregation of Total RevenueOur total revenue by category and Accounting Standards Codification (â€œASCâ€) recognition criteria for the three and nine months ended September 30, 2024 and 2023 was as follows:For the three months ended September 30, 20242023Topic 310Topic 606TotalTopic 310Topic 606TotalTransaction income$26,951,377Â $9,445,917Â $36,397,294Â $21,571,303Â $5,474,906Â $27,046,209Â Subscription revenueâ€”Â 22,857,165Â 22,857,165Â â€”Â 8,554,947Â 8,554,947Â Income from other services7,451,481Â 3,251,751Â 10,703,232Â 3,091,928Â 2,151,117Â 5,243,045Â Total revenue$34,402,858Â $35,554,833Â $69,957,691Â $24,663,231Â $16,180,970Â $40,844,201Â For the nine months ended September 30, 20242023Topic 310Topic 606TotalTopic 310Topic 606TotalTransaction income$66,678,124Â $25,418,198Â $92,096,322Â $64,131,154Â $14,739,309Â $78,870,463Â Subscription revenueâ€”Â 57,377,021Â 57,377,021Â â€”Â 17,768,953Â 17,768,953Â Income from other services15,236,772Â 8,194,715Â 23,431,487Â 8,232,335Â 5,583,546Â 13,815,881Â Total revenue$81,914,896Â $90,989,934Â $172,904,830Â $72,363,489Â $38,091,808Â $110,455,297Â Transaction income that falls under the scope of ASC Topic 310, Receivables, relates to transactions that result in a note receivable being recognized. Such revenue comprises a single performance obligation which is satisfied evenly over the underlying subscription period. Revenue is recognized ratably over the duration of the performance obligation. All performance obligations are fully satisfied within one year or less of receiving payment. Payment received for performance obligations not yet satisfied are recorded as deferred revenue on the consolidated balance sheets until such performance obligations are satisfied. Subscription revenue to be recognized over the remaining duration of outstanding performance obligations was $4,373,270 and $2,643,230 as of September 30, 2024 and December 31, 2023, respectively. Such fees are recognized at the time the fee is charged to the consumer to the extent they are reasonably collectible. Income from other services that fall under the scope of ASC 606 comprises a single performance obligation which is satisfied immediately and not deferred.13Table of ContentsNote 3. Notes Receivable and Allowance for Credit LossesWe offer consumer installment payment plans on our platform. Consumer installment payment plans are generally interest-free and consist of four installments, with the first payment made at the time of purchase and subsequent payments due every two weeks thereafter. We purchase certain receivables related to installment payment plans extended to consumers in the United States by an independent chartered financial institution (â€œoriginating partnerâ€) and are responsible for servicing such receivables. All other consumer installment payment plans are originated by us. Our notes receivable represents amounts due from consumers primarily for outstanding principal on installment payment plans made on our platform that we have either originated or purchased from our originating partner. Our notes receivable are generally due within 42 days.We classify all of our notes receivable as held for investment, as we have the intent and ability to hold these investments for the foreseeable future or until maturity or payoff. Since our portfolio is comprised of one product segment, point-of-sale unsecured installment loans, we evaluate our notes receivable as a single, homogenous portfolio and make merchant-specific or other adjustments as necessary. Our notes receivable are reported at amortized cost, which primarily includes unpaid principal, adjusted for unearned transaction income, direct loan origination costs, and charge-offs. The amortized cost basis is adjusted for the allowance for credit losses within notes receivable, net.As of September 30, 2024 and December 31, 2023, our notes receivable at amortized cost was comprised of the following:September 30, 2024December 31, 2023Notes receivable, gross$155,072,914Â $146,225,832Â Deferred transaction income(3,659,424)(3,340,150)Notes receivable, amortized cost$151,413,490Â $142,885,682Â Deferred transaction income is primarily comprised of unrecognized merchant fees, which are recognized over the duration of the note with the consumer and are recorded as an offset to transaction income on the consolidated statements of operations and comprehensive income. Our notes receivable had a weighted average days outstanding of 34 days.We closely monitor credit quality for our notes receivable to manage and evaluate our related exposure to credit risk. When assessing the credit quality and risk of our portfolio, we monitor a variety of internal risk indicators and consumer attributes that are shown to be predictive of ability and willingness to repay, and combine these factors to establish an internal, proprietary score as a credit quality indicator (the â€œProphet Scoreâ€). We evaluate the credit risk of our portfolio by grouping Prophet Scores into three buckets that range from A to C, with receivables having an â€œAâ€ rating representing the highest credit quality and lowest likelihood of loss. Our risk and fraud team closely monitors the distribution of Prophet Scores for signs of changes in credit risk exposure and portfolio performance. The risk and fraud team also regularly evaluates the integrity of the Prophet Score machine learning model and updates it as necessary, but at least annually. We last updated the Prophet Score model in October 2023.The amortized cost basis of our notes receivable by Prophet Score and year of origination as of September 30, 2024 and December 31, 2023 was as follows:September 30, 2024December 31, 2023Amortized cost basis by year of origination20242023Total20232022TotalA$50,070,705Â $â€”Â $50,070,705Â $47,752,196Â $â€”Â $47,752,196Â B57,354,419Â 1,000Â 57,355,419Â 58,815,920Â 257Â 58,816,177Â C43,858,876Â score119,776Â â€”Â 119,776Â 482,125Â â€”Â 482,125Â Total amortized cost$151,403,776Â $9,714Â $151,413,490Â $142,882,717Â $2,965Â $142,885,682Â 14Table of ContentsOur notes receivable are considered past due when the principal has not been received within one calendar day of when they are due in accordance with the agreed upon contractual terms. Charged-off principal payments recovered after 90 days are recognized as a reduction to the allowance for credit losses in the period the receivable is recovered. The allowance for credit losses is determined based on our current estimate of expected credit losses over the remaining contractual term and incorporates evaluations of known and inherent risks in our portfolio, historical credit losses, consumer payment trends, estimates of recoveries, current economic conditions, and reasonable and supportable forecasts. We regularly assess the adequacy of our allowance for credit losses and adjust the allowance as necessary to reflect changes in the credit risk of our notes receivable. Any adjustment to the allowance for credit losses is recognized in net income through the provision for credit losses on our consolidated statements of operations and comprehensive income. While we believe our allowance for credit losses is appropriate based on the information available, actual losses could differ from the estimate.In estimating the allowance for credit losses, we utilize a roll rate analysis of delinquent and current notes receivable. Roll rate analysis is a technique used to estimate the likelihood that a loan progresses through various stages of delinquency and eventually charges off. We segment our notes receivable into delinquency statuses and semi-monthly vintages for the purpose of evaluating historical performance and determining the future likelihood of default.The activity in the allowance for credit losses, including the provision for credit losses, charge-offs, and recoveries for the three and nine months ended September 30, 2024 and 2023 was as follows:For the three months ended September 30, For the nine months ended September 30, 20242023202420232023Balance at beginning of period$11,786,141Â $6,494,092Â $12,253,041Â $10,223,451Â Adoption of Accounting Standards Update No. 2016-13â€”Â â€”Â â€”Â (878,577)Provision for credit losses15,402,303Â 6,676,548Â 30,636,149Â 12,667,346Â Charge-offs(9,167,620)(5,239,171)(26,394,129)(16,416,612)Recoveries of charged-off receivables605,398Â 666,473Â 2,131,161Â 3,002,334Â Balance at end of period$18,626,222Â $8,597,942Â $18,626,222Â $8,597,942Â Net charge-offs by year of origination for the nine months ended September 30, 2024 was as follows:20242023202220212020TotalCurrent period gross charge-offs$(13,524,757)$(12,861,272)$(6,753)$(1,347)$â€”Â $(26,394,129)Current period recoveries197,490Â 1,195,333Â 350,355Â 295,203Â 92,780Â 2,131,161Â Current period net charge-offs$(13,327,267)$(11,665,939)$343,602Â $293,856Â $92,780Â $(24,262,968)15Table of ContentsNote 4. The 2024 Credit Agreement has a borrowing capacity of up to $150,000,000 and a maturity date of April 19, 2027. The borrowing base is 85% of pledged, eligible notes receivable, increased to 90% based on the loss rates of the underlying collateral. Eligible notes receivable are defined as notes receivable from consumers from the United States or Canada that are less than 30 days past due and fall within certain term and principal criteria.Our 2024 Credit Agreement carries an interest rate of 3-month Term U.S. Federal Reserve Secured Overnight Financing Rate (â€œSOFRâ€) plus 6.75%, with a SOFR floor rate of 2.0%. Interest on borrowings is due on collection dates as specified in the loan agreement, typically monthly. We incur an unused facility fee of 0.5% per annum on the difference between the maximum borrowing capacity and the amount of principal outstanding. We are also required to maintain a minimum outstanding balance of $60,000,000.17Table of ContentsThe 2024 Credit Agreement contains customary representations, warranties, affirmative and negative covenants, events of default (including upon change of control or collateral loss rates exceeding pre-determined levels), and indemnification provisions in favor of the lenders. The negative covenants limit our ability to incur or guarantee additional indebtedness; make investments or other restricted payments; acquire assets or form or acquire subsidiaries; create liens; sell assets; pay dividends or make other distributions or repurchase or redeem capital stock; engage in certain transactions with affiliates; enter into agreements that restrict the creation or incurrence of liens other than liens securing the new 2024 Credit Agreement and related documents; engage in liquidations, mergers, or consolidations; and make any material amendment, modification, or supplement to our credit guidelines or servicing guide, in each case subject to certain exceptions and qualifications. We are also subject to financial covenants, which require us to meet financial tests related to collection rates, default rates, leverage, tangible net worth, and liquidity.In connection with entering into the 2024 Credit Agreement, we recognized a $259,706 loss on the extinguishment of our previous line of credit primarily related to unamortized debt issuance costs.Note 7. WarrantsOn February 23, 2024, in connection with our delisting from the ASX, we amended the strike price of all outstanding warrants originally denominated in Australian dollars to US dollars. As a result of the amendment, the warrants were no longer subject to foreign currency fluctuations and became considered indexed directly to our stock price and, on the date of amendment, we converted the warrants from a liability to stockholdersâ€™ equity within the consolidated balance sheets. The amount converted totaled $2,228,813.Prior to converting our warrant liabilities, we revalued them to their fair value as of each reporting date using a Black-Scholes valuation model, which is calculated using Level 3 inputs. The primary unobservable input used in determining the fair value of the warrant liabilities is the expected volatility of our common stock. On the conversion date, we revalued the warrants using the Black-Scholes valuation model using a risk-free interest rate of 4.2%, expected volatility of 139.1%, and an expected life of 5.6 years, resulting in an estimated fair value of $40.81 per warrant. The activity related to our warrant liabilities during the nine months ended September 30, 2024 and 2023 was as follows:For the nine months ended September 30, 20242023Balance at beginning of period$967,257Â $511,295Â Fair value remeasurement loss1,261,556Â 79,268Â Conversion of warrant liabilities to stockholdersâ€™ equity(2,228,813)â€”Â Balance at end of period$â€”Â $590,563Â The fair value remeasurement loss was recognized within other income (expense) on the consolidated statements of operations and comprehensive income.During the nine months ended September 30, 2024, 54,610 warrants were exercised into 50,198 shares of common stock, with 4,412 shares withheld to cover the exercise price on certain exercises during the period. As of SeptemberÂ 30, 2024, we had no warrants outstanding. No warrants were cancelled during the nine months ended September 30, 2024.18Table of ContentsNote 8. Commitments and ContingenciesLoan CommitmentsOur originating partner entered into a five-year strategic partnership program with us by executing a Loan and Receivables Sale Agreement and Marketing and Servicing Agreement, effective September 27, 2024. We have a direct obligation to purchase receivables extended to consumers by our originating partner. As of SeptemberÂ 30, 2024, we had an obligation to purchase $17,711,358 of receivables from our originating partner.Note 9. Income TaxesIncome tax expense (benefit) was $2,162,989 and $15,874 for the three months ended September 30, 2024 and 2023, respectively, and ($13,567,130) and $48,024 for the nine months ended September 30, 2024 and 2023, respectively. We assess all relevant positive and negative evidence to determine if our existing deferred tax assets can be realized at each reporting date. As of SeptemberÂ 30, 2024, significant pieces of positive evidence include our cumulative taxable income earned over a two-year period, which is objective and verifiable, and consideration of our expected future taxable earnings. Based on our assessment, we concluded that it is more likely than not that our U.S. federal and state deferred tax assets are realizable. As a result, we recorded a discrete tax benefit of $14,941,204 for the release of our valuation allowance during the nine months ended September 30, 2024. As of September 30, 2024 and December 31, 2023, we had a $8,349,879 and $32,478,033 valuation allowance recorded against our net deferred tax assets, respectively. Additionally, during the three months ended September 30, 2024 we recognized discrete tax benefits primarily related to excess tax benefits on equity based compensation totaling approximately $0.7Â million.Note 10. Net Income Per ShareBasic net income per share is computed by dividing net income for the period by the weighted-average number of shares outstanding during the period, including repurchases carried as treasury stock. Diluted net income per share is computed by dividing net income by the weighted-average number of shares outstanding adjusted for the dilutive effect of all potential shares of stock, including the exercise of employee stock options and assumed vesting of restricted stock units (if dilutive). Diluted net income per share was computed using the treasury stock method for warrants, stock options, and restricted stock units.The following table presents the calculation of basic and diluted net income per share:For the three months ended September 30, For the nine months ended September 30, 20242023202420232024Numerator:Net income$15,446,241Â $1,294,400Â $53,155,127Â $4,158,724Â Denominator*:Basic shares:Weighted-average shares outstanding5,545,353Â 5,667,430Â 5,620,754Â 5,576,233Â Diluted shares:Stock options120,886Â 60,299Â 95,696Â 67,351Â Restricted stock units239,594Â â€”Â 231,681Â â€”Â Warrantsâ€”Â 1,936Â â€”Â 7,637Â Weighted-average shares outstanding5,905,833Â 5,729,665Â 5,948,131Â 5,651,221Â Net income per share:Basic$2.79Â $0.23Â $9.46Â $0.75Â Diluted$2.62Â $0.23Â $8.94Â $0.74Â *Effective May 11, 2023, we performed a 1-for-38 reverse stock split. Launched in 2017, we built a digital payments platform that allows merchants to offer their consumers a flexible alternative to traditional credit. As of SeptemberÂ 30, 2024, our platform has supported the business growth of 23 thousand Active Merchants while serving 2.7 million Active Consumers. Through our products we aim to enable consumers to take control of their spending, be more responsible, and gain access to financial freedom. Our vision is to create a digital ecosystem benefiting all of our stakeholdersâ€”including consumers, merchants, employees, communities, and investorsâ€”while continuing to drive ethical growth.The Sezzle Platform offers a payments solution for consumers that instantly extends credit at the point-of-sale, allowing consumers to purchase and receive the ordered merchandise at the time of sale while paying in installments over time. The Sezzle Platform flagship product, â€œpay-in-four,â€ allows consumers to pay a fourth of the purchase price up front, and then another fourth of the purchase price every two weeks thereafter over a total of six weeks. We also offer alternative payment options on the Sezzle Platform, including â€œpay-in-twoâ€ and â€œpay-in-full,â€ to certain consumers. We realize high repeat usage rates by many of our consumers, with the top 10% of our consumers measured by Underlying Merchant Sales (â€œUMS,â€ as defined below) transacting an average of 77 times per year based on the transaction activity during the rolling twelve months ended SeptemberÂ 30, 2024, although historical transaction activity is not an indication of future results.Our product is generally free to consumers who pay on time and use a bank account to make their installment payments, excluding their first payment, unless they choose to pay for one of our two subscription products or enter into an interest-bearing loan with our third-party partners. We make most of our revenue by charging our merchants fees in the form of a merchant processing fee and through our two paid versions of the core Sezzle experience: Sezzle Premium and Sezzle Anywhere. Sezzle Premium is a paid subscription service for consumers to access large, non-integrated premium merchants, along with other benefits, for a recurring fee. Sezzle Anywhere is a paid subscription service that allows consumers to use their Sezzle Virtual Card at any merchant online or in-store, subject to certain merchant, product, goods, and service restrictions, for a recurring fee. Additionally, through collaboration with third-party partners we enable our consumers at participating merchants access to interest-bearing monthly fixed-rate installment-loan products for larger-ticket items (up to $15,000), which extend up to 60 months.We primarily operate in the United States and Canada, and are currently winding down and exiting operations in India and certain countries in Europe.21Table of ContentsFactors Affecting Results of OperationsWe have set out below a discussion of the key factors that have affected our financial performance and that are expected to impact our performance going forward.Sustainable Business ModelOur ability to profitably scale our business long-term is reliant on creating a transparent and sustainable ecosystem of products and services that add value for all of our stakeholders, including our consumers and merchants. Our product is generally free for consumers who pay on time and use a bank account to make their installment payments, excluding their first payment, unless they choose to pay for one of our two optional subscription products or enter into an interest-bearing loan with our long-term lending partners. Subscription revenue comprised approximately 33% and 16% of our total revenue for the nine months ended September 30, 2024 and 2023, respectively.We earn fees from our merchants predominately based on a percentage of the UMS value plus a fixed fee per transaction, collectively called a â€œmerchant processing fee.â€ We generally pay our merchants the full transaction value upfront, net of the merchant fees owed to us, and assume all costs associated with the consumer payment processing, fraud, and payment default. Merchant and partner-related income comprised approximately 39% and 65% of our total revenue for the nine months ended September 30, 2024 and 2023, respectively. Our merchants have access to a toolkit we provide that can assist in the growth of their businesses. This toolkit includes marketing placements, co-branded marketing, exclusive promotions for consumers using Sezzle, and Sezzle Capital which facilitates access to small business loans issued by third-party lenders.Acquisition and Retention of Consumers and MerchantsOur ability to profitably scale our business is reliant on the acquisition and retention of both consumers and merchants on the Sezzle Platform. Changes in our merchant and consumer bases have had, and will continue to have, an impact on our results of operations. It is costly for us to acquire (and in some cases retain) merchants and consumers. As such, high turnover in our merchant and consumer bases could result in higher than anticipated overhead costs.We rely heavily on our merchant base to offer our product to new consumers at the point of sale. As of SeptemberÂ 30, 2024, we had approximately 23 thousand Active Merchants (defined as directly integrated merchants who have had at least one order on the Sezzle Platform in the last twelve months) on our platform. Our integration into scaled e-commerce platforms is expected to give more merchants the opportunity to offer Sezzle as a payment option at checkout, and we expect that our partnerships with larger retailers will familiarize more consumers with the Sezzle Platform. Onboarding and retaining merchants, as well as growing merchant utilization of the Sezzle Platform, requires investment in sales, co-marketing, and competitively priced merchant fee rates and incentives. In order to stay competitive, we have and may continue to adjust our pricing or offer incentives to larger merchants in order to increase UMS. These pricing structures with merchants may include up-front cash payments, fee discounts, rebates, credits, performance-based incentives, marketing, and other support payments that impact our revenues and profitability, and therefore, could incur substantial costs to acquire and retain these larger merchants. Certain agreements contain provisions that may require us to make payments to certain merchants and are contingent on us and/or the merchants meeting specified criteria, such as achieving implementation benchmarks.There is a risk that we may lose merchants for a variety of reasons, including a failure to meet key contractual or commercial requirements, or merchants shifting to other service providers, including competitors or in-house offerings. We also face the risk that our key partners could become competitors of our business if such partners are able to determine how we have designed and implemented our model to provide our services. We continue to prioritize our focus on merchant profitability, which has resulted in a decline in our directly-integrated merchant base.The success of our business is also dependent on a consumer base that actively uses our products. As of SeptemberÂ 30, 2024, we had approximately 2.7 million Active Consumers on the platform. We aim to provide offerings to our consumers that keep them engaged within our ecosystem, such as Sezzle Up, our tap-to-pay Sezzle Virtual Card, and our paid subscription services Sezzle Premium and Sezzle Anywhere. There is a risk that we may lose consumers for a variety of reasons, including consumers shifting to competitors or other payment options, changes in the general macroeconomic climate, or changes in our underwriting.22Table of ContentsProduct InnovationOur expanding product suite enables us to further promote our mission of financially empowering the next generation, and the adoption of these products by our consumers is expected to drive operating and financial performance. In 2023, we launched Sezzle Anywhere, a paid subscription service that allows consumers to use their Sezzle Virtual Card at any merchant online or in-store, subject to certain merchant, product, goods, and service restrictions, for a recurring fee. In 2023, we also began offering a â€œpay-in-twoâ€ option to certain consumers who are not qualified for our â€œpay-in-fourâ€ product. In â€œpay-in-two,â€ a consumer pays half of the value of their order up-front and the second half in two weeks. In 2024, we launched Payment Streaks, a new feature designed to reward consumers for consistent and timely payments. Our free Payment Streaks program enables consumers to ascend through loyalty tiers by consistently making on-time payments, with each tier providing additional benefits to consumers. We continue to seek out new partners to adopt our existing products and strategize on new products to complement our platform and core products, which we believe will have an impact on the continued growth of our business.Credit Risk ManagementA critical component of our business model is the ability to effectively manage the repayment risk inherent in allowing consumers to pay over time, as we absorb the costs of all credit losses on the credit we extend to our consumers. The provision for credit losses is a significant component of our operating expenses, and excessive exposure to consumer repayment failure may impact our results of operations. To that end, a team of Sezzle engineers and risk specialists oversee our proprietary systems, identify transactions with an elevated risk of fraud, assess the credit risk of the consumer, assign spending limits, and manage the ultimate receipt of funds. Because consumers typically settle 25% of the purchase value upfront at the point of sale, we believe repayment risk is more limited relative to other traditional forms of unsecured consumer credit.We believe our systems and processes are highly effective and allow for predominantly accurate, real-time decisions in connection with the consumer transaction approval process. As our consumer base grows, the availability of data on consumer repayment behavior will better optimize our systems and ability to make real-time consumer repayment capability decisions over time. Optimizing repayment capacity decisions of our current and future consumer base may reduce our provision for credit losses and related charge-offs by providing optimal limitations on spending power to qualified consumers. We also utilize third-party collection agencies in addition to our internal collections process, which further helps us lower our loss rates and manage credit risk.Maintaining our Capital-Efficient StrategyMaintaining our funding strategy and efficient use of capital is important for the ability to grow our business. We have designed a funding strategy that we believe allows us to scale our business and drive rapid growth. Due to the short-term nature of our products, we are able to recycle capital quickly and create a multiplier effect on our committed capital. We primarily rely on revolving credit facilities to fund our receivables over time, and do not currently require additional equity contributions to directly fund product growth.General Economic Conditions and Regulatory ClimateOur business depends on consumers transacting with merchants, which is affected by changes in general economic conditions. For

example, the retail sector is affected by macroeconomic conditions such as unemployment, interest rates, consumer confidence, economic recessions, public health crises, or extended periods of uncertainty or volatilityâ€”all of which may influence consumer spending, and suppliersâ€™ and retailersâ€™ focus and investment in outsourcing solutions. This may subsequently impact our ability to generate income. Additionally, in weaker economic environments, consumers may have less disposable income to spend, and may be less likely to purchase products by utilizing our services. This could also cause our credit losses to increase due to consumersâ€™ failure to repay the loans originated on the Sezzle Platform. Our industry is further impacted by numerous consumer finance and protection regulations, both domestic and international, and the prospects of new regulations, including the cost to comply with such regulations, have an ongoing impact on our results of operations and financial performance.SeasonalityWe experience seasonality as a result of the spending patterns of our consumers. Total revenue and UMS in the fourth quarter have historically been strongest for us, in line with consumer spending habits during the holiday shopping season, which has typically been accompanied by increased charge-offs when compared to the prior three quarters.23Table of ContentsKey Operating MetricsUnderlying Merchant SalesFor the three months ended September 30, ChangeFor the nine months ended September 30, Change20242023$%20242023$%(in thousands, except percentages)Underlying Merchant Sales ("UMS")$659,889Â $469,500Â $190,389Â 40.6Â %$1,684,797Â $1,222,392Â $462,405Â 37.8Â %UMS is defined as the total value of sales made by merchants based on the purchase price of each confirmed sale where a consumer has selected the Sezzle Platform as the applicable payment option. However, we believe that UMS is a useful operating metric to both us and our investors in assessing the volume of transactions that take place on the Sezzle Platform, including our Sezzle Premium and Sezzle Anywhere products, which is an indicator of the strength of the Sezzle Platform.For the three months ended September 30, 2024 and 2023, UMS totaled $659.9 million and $469.5 million, respectively, which was an increase of 40.6%. For the nine months ended September 30, 2024 and 2023, UMS totaled $1,684.8 million and $1,222.4 million, respectively, which was a increase of 37.8%. The increases in both periods were primarily from the expansion of our Sezzle Anywhere subscription product, which launched in June 2023, as well as changes to consumer underwriting to further promote profitable top-line growth.Active Consumers and Active SubscribersAs of ChangeSeptember 30, 2024December 31, 2023#%(in thousands, except percentages)Active Consumers2,667Â 2,601Â 66Â 2.6Â %Active Subscribers529Â 307Â 222Â 72.0Â %Active Consumers is defined as unique consumers who have placed an order with us within the last twelve months. As of SeptemberÂ 30, 2024, we had 0.5 million Active Subscribers, an increase of 72.0% when compared to our 0.3 million Active Subscribers as of DecemberÂ 31, 2023. The increase in Active Subscribers was driven by the continued marketing and adoption of our subscription products.24Table of ContentsComponents of Results of OperationsTotal RevenueOur total revenue is classified into three categories: transaction income, subscription revenue, and income from other services.Transaction IncomeTransaction income is comprised of all income earned from merchants, consumers, and other third parties that relate to placing and processing orders on the Sezzle Platform. This includes merchant processing fees, partner income, and consumer fees.We earn income from fees paid by merchants in exchange for our payment processing services. These merchant processing fees are applied to the underlying sales of consumers passing through our platform and are predominantly based on a percentage of the consumer order value plus a fixed fee per transaction. For orders that result in a financing receivable, merchant processing fees are recognized over the underlying orderâ€™s duration using the effective interest method. For orders that do not result in a financing receivable, merchant processing fees are recognized at the time the sale is completed.We also earn income from partners on consumer transactions. This income includes interchange fees through our virtual card solution and promotional incentives with third parties. Virtual card interchange income is recognized over the underlying orderâ€™s duration using the effective interest method and promotional incentives are recognized as they are earned during the promotional period.Transaction income also includes income from consumers when they choose to make an installment payment, excluding the first installment, using a card pursuant to state law. These fees are recognized at the time a payment is processed.Subscription RevenueWe offer our consumers the ability to subscribe to two paid services: Sezzle Premium and Sezzle Anywhere. Sezzle Premium allows consumers to shop at select large, non-integrated premium merchants, along with other benefits, for a recurring fee. Sezzle Anywhere allows consumers to use their Sezzle Virtual Card at any merchant online or in-store, subject to certain merchant, product, goods, and service restrictions, for a recurring fee. Subscription fees are recognized straight-line over the subscription period.Income from Other ServicesIncome from other services includes all other incomes earned from merchants, consumers, and other third parties not included in transaction income or subscription revenue. This includes late payment fees, gateway fees, and marketing revenue earned from affiliates. Late payment fees are applied to principal installments that are delinquent, subject to regulations within specific state jurisdictions. Late payment fees are recognized at the time the fee is charged to the consumer to the extent the fee is reasonably collectible.PersonnelPersonnel primarily comprises all compensation paid to employees, contractor payments, employer-paid payroll taxes and employee benefits, equity and incentive-based compensation, and other employee-related expenses.Transaction ExpenseTransaction expense primarily comprises processing fees paid to third parties to process debit, credit and ACH payments received from consumers, merchant affiliate program and partnership fees, and consumer communication costs. We incur merchant affiliate program and partnership fees when consumers make purchases with merchants who either were referred by another merchant or are associated with partner platforms with which we have a contractual agreement. We incur consumer communication costs when we notify the consumer about the transaction status and upcoming payments. Communications are primarily made via text message and email directly to the consumer.25Table of ContentsThird-Party Technology and DataThird-party technology and data primarily includes cloud-based infrastructure, fraud prevention, obtaining underwriting data that resulted in failed loan applications, and consumer engagement. Underwriting costs incurred that result in successfully originated loans are an element of transaction income and recognized as a reduction of the overall income and, therefore, are not included in third-party technology and data.Marketing, Advertising, and TradeshowsMarketing, advertising, and tradeshows primarily comprises costs related to marketing, sponsorships, advertising, attending tradeshows, promotions, and co-marketing the Sezzle brand with our merchants.General and AdministrativeGeneral and administrative expenses are primarily comprised of professional service fees, depreciation and amortization, insurance premiums, travel, meals, and entertainment costs. Professional service fees include legal, compliance, audit, tax, and consulting services to support the growth of our company.Provision for Credit LossesWe maintain an allowance for credit losses at a level necessary to absorb expected credit losses on principal receivables from consumers. The allowance for credit losses is determined based on our current estimate of expected credit losses over the remaining contractual term and incorporates evaluations of known and inherent risks in our portfolio, historical credit losses, consumer payment trends, estimates of recoveries, current economic conditions, and reasonable and supportable forecasts. We regularly assess the adequacy of our allowance for credit losses and adjust the allowance as necessary to reflect changes in the credit risk of our notes receivable. Any adjustment to the allowance for credit losses is recognized through the provision for credit losses.Net Interest ExpenseWe incur interest expense on a continuous basis as a result of draws on our revolving line of credit to fund consumer notes receivable as well as our Merchant Interest Program, whereby merchants may defer their payments owed by us in exchange for interest. The interest paid on borrowings under our line of credit is based on SOFR. Interest paid to merchants under the Delayed Settlement Incentive Program is based on a fixed interest rate.Income Tax Expense (Benefit)Income tax expense (benefit) consists of income taxes in various jurisdictions, primarily U.S. federal and state income taxes, and also the other foreign jurisdictions in which we operate. Tax effects of transactions reported in the consolidated financial statements consist of taxes currently due. Additionally, we record deferred taxes related primarily to differences between the basis of receivables, property and equipment, equity based compensation, and accrued liabilities for financial and income tax reporting. The deferred tax assets and liabilities represent the future tax return consequences of those differences, which will either be taxable or deductible when the assets and liabilities are recovered or settled. Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more likely than not that some portion or all of the deferred tax assets will not be realized.Significant judgement is required in determining whether or not our net deferred tax assets are more likely than not to be realized. We assess the realizability of our deferred tax assets by taking into account all relevant positive and negative evidence at each reporting date, including our history of taxable income adjusted for permanent book-tax differences, volatility in our earnings, impacts of the timing and reversal of temporary book-tax differences, and our projected future earnings. Our valuation allowance assessment is based on our best estimate of future results considering all available, relevant evidence.Other Comprehensive Income (Loss)Other comprehensive income (loss) is comprised of foreign currency translation adjustments.26Table of ContentsResults of OperationsTotal RevenueFor the three months ended September 30, ChangeFor the nine months ended September 30, Change20242023$%20242023$%(in thousands, except percentages)Transaction income$36,398Â $27,046Â $9,352Â 34.6Â %$92,096Â $78,870Â $13,226Â 16.8Â %Subscription revenue22,857Â 8,555Â 14,302Â 167.2Â %57,377Â 17,769Â 39,608Â 222.9Â %Income from other services10,703Â 5,243Â 5,460Â 104.1Â %23,432Â 13,816Â 9,616Â 69.6Â %Total revenue$69,958Â $40,844Â $29,114Â 71.3Â %$172,905Â $110,455Â $62,450Â 56.5Â %Transaction income totaled $36.4 million and $27.0 million for the three months ended September 30, 2024 and 2023, respectively. Income from other services totaled $23.4 million and $13.8 million for the nine months ended September 30, 2024 and 2023, respectively. The increase was driven by higher consumer fee income and increased marketing revenue generated from merchants. Consumer late payment fees totaled $6.8 million and $2.6 million for the three months ended September 30, 2024 and 2023, respectively, and $13.5 million and $7.0 million for the nine months ended September 30, 2024 and 2023, respectively. The increase in late payment fees was primarily driven by a higher number of orders becoming past due.PersonnelFor the three months ended September 30, ChangeFor the nine months ended September 30, Change20242023$%20242023$%(in thousands, except percentages)Personnel$13,424Â $11,079Â $2,345Â 21.2Â Â %$37,185Â $34,670Â $2,515Â 7.3Â Â %Personnel costs for the three months ended September 30, 2024 and 2023 totaled $13.4 million and $11.1 million, respectively. Our effective income tax rate for the nine months ended September 30, 2024 and 2023 was (34.3%) and 1.1%, respectively. The change was a result of the release of our valuation allowance during the nine months ended September 30, 2024.We assess all relevant positive and negative evidence to determine if our existing deferred tax assets can be realized at each reporting date. As of SeptemberÂ 30, 2024, we concluded that it is more likely than not that our U.S. federal and state deferred tax assets are realizable. As a result, we recorded a discrete tax benefit of $14,941,204 to reflect the release of our valuation allowance during the nine months ended September 30, 2024. As of September 30, 2024 and December 31, 2023, we recorded a $8,349,879 and $32,478,033 valuation allowance against our net deferred tax assets, respectively.Other Comprehensive Income (Loss)We had $71,598 and ($358,465) of foreign currency translation adjustments recorded within other comprehensive income (loss) for the three months ended September 30, 2024 and 2023, respectively. For the nine months ended September 30, 2024 and 2023, we had ($2,353) and ($199,586) of foreign currency translation adjustments, respectively. Foreign currency translation adjustments are a result of the financial statements of our non-U.S. subsidiaries being translated into U.S. dollars in accordance with ASC 830, â€œForeign Currency Mattersâ€. We expect to record foreign currency translation adjustments in future periods and changes will be dependent on fluctuations in foreign currencies of countries in which we have operations.30Table of ContentsLiquidity and Capital ResourcesWe have historically financed our operating and capital needs primarily through private sales of equity, our capital raises on the ASX, and our revolving line of credit. As of SeptemberÂ 30, 2024, our principal sources of liquidity were cash, cash equivalents, restricted cash, the unused borrowing capacity on our line of credit, and certain cash flows from operations.As of SeptemberÂ 30, 2024, we had cash, cash equivalents, and restricted cash of $88.3 million, compared to $70.7 million as of DecemberÂ 31, 2023. Our cash and cash equivalents were held primarily for working capital requirements and the continued investment in our business. A majority of our restricted cash is made available for use within 2-3 business days.As of September 30, 2024 and December 31, 2023, we had working capital of $135.5 million and $21.8 million, respectively. The increase in working capital was driven by the reclassification of our line of credit from a current liability to a non-current liability as a result of refinancing of our line of credit agreement on April 19, 2024. As of September 30, 2024 and December 31, 2023 we had an unused borrowing capacity on our line of credit of $17.9 million and $3.5 million, respectively.We believe that our existing cash, cash equivalents, restricted cash, our unused borrowing capacity on our line of credit, and certain cash flows from operations will be sufficient to meet our working capital and investment requirements beyond the next 12 months.Factors Affecting Liquidity and Capital ResourcesWhile we believe that our business will be able to generate enough cash flow from operations and that future borrowings will be available to us in an amount sufficient to enable us to fund our liquidity needs, we cannot provide any assurance. Our ability to meet these needs is dependent on current economic conditions and other factors, many of which are beyond our control. Material factors that could affect our liquidity and capital resources are consumer delinquencies and defaults, declines in consumer purchases, an inability to access fundraising, macroeconomic conditions, and instability of financial institutions. If our capital is insufficient to satisfy our liquidity requirements, we will need to seek additional equity or debt financing. In an increasing interest rate environment, our ability to raise equity or incur debt could be limited, our borrowing costs could increase, we could be subject to restrictions, or we could be required to pledge additional collateral as security. If we are unable to raise additional capital or generate the necessary cash flows, our results of operations and financial condition could be materially and adversely impacted.Cash FlowsThe following table summarizes our cash flows:For the nine months ended September 30,20242023Net Cash Provided from (Used for) Operating Activities$39,928,625Â $(10,675,166)Net Cash Used for Investing Activities(1,058,150)(1,037,709)Net Cash (Used for) Provided from Financing Activities(21,213,116)9,205,604Â Net increase (decrease) in cash, cash equivalents, and restricted cash$17,657,359Â $(2,507,271)31Table of ContentsOperating ActivitiesOur largest source of operating cash is receipts from consumers, and our largest use of operating cash is payments to merchants. Other primary uses of cash from operating activities are for personnel, payment processing costs, and interest payments.During the nine months ended September 30, 2024, net cash provided from operating activities totaled $39.9 million which was related to our $53.2 million net income adjusted for $27.1 million of non-cash adjustments such as deferred income taxes, credit losses, equity based compensation, and depreciation and amortization, offset against cash outflows of $40.3 million from changes in our operating assets and liabilities. Our cash outflows from changes in our operating assets and liabilities were driven by a $33.0 million increase in our notes receivable related to higher transaction volume during the nine months ended September 30, 2024 when compared to the nine months ended September 30, 2023, as well as timing of consumer repayments. Cash outflows from changes in our operating assets and liabilities were also driven by a $7.2 million increase in other receivables related to increased late payment fees assessed in the current period and the timing of consumers paying such fees. These both resulted in a decrease of cash receipts from consumers during the nine months ended September 30, 2024.Offset against these, we had a $5.0 million increase in other payables as a result of the timing of payments received from consumers on receivables owned by our originating partner that we have not yet purchased, which resulted in an increase of cash receipts from consumers during the nine months ended September 30, 2024. During the nine months ended September 30, 2024, cash payments for personnel-related expenses totaled $33.6 million, cash payments for processing costs totaled $31.3 million, and cash interest payments totaled $10.5 million.During the nine months ended September 30, 2023, net cash used for operating activities totaled $10.7 million, which was related to our $4.2 million of net income adjusted for $21.9 million of non-cash adjustments such as credit losses, equity based compensation, and depreciation and amortization, offset against cash outflows of $36.8 million due to changes in our operating assets and liabilities. The change in operating assets and liabilities was driven by a $20.9 million increase in our notes receivable, which was related to higher transaction volume and timing of consumer repayment resulting in decreased cash receipts from consumers. The change in operating assets and liabilities was also driven by a $14.9 million decrease in our merchants accounts payable as a result of the timing of payments to merchants, which resulted in an increase of cash payments to merchants during the nine months ended September 30, 2023. During the nine months ended September 30, 2023, cash payments for personnel-related expenses totaled $25.2 million, cash payments for processing costs totaled $20.8 million, and cash interest payments totaled $11.9 million.The change in net cash from operating activities year-over-year was from increased cash receipts from consumers related to our increased profitability during the nine months ended September 30, 2024.Investing ActivitiesNet cash used for investing activities was $1.1 million and $1.0 million for the nine months ended September 30, 2024 and 2023, respectively. Cash outflows for investing activities were used for purchasing computer equipment and payments of salaries to employees who create capitalized internal-use software.Financing ActivitiesNet cash (used for) provided from financing activities during the nine months ended September 30, 2024 and 2023 was ($21.2) million and $9.2 million, respectively. Our net cash used for financing activities during the nine months ended September 30, 2024 was comprised of repurchases of common stock totaling $22.2 million and the payment of debt issuance costs totaling $1.1 million. Repurchases of common stock include $20.0 million of cash outflows for our stock repurchase plans, with the remaining repurchases representing withheld shares of common stock from employees to cover minimum statutory withholding tax obligations owed for vested restricted stock units issued under our equity incentive plans. These cash outflows were primarily offset against proceeds from stock option and warrant exercises totaling $2.0 million.Financing cash inflows during the nine months ended September 30, 2023 was comprised of net proceeds from our line of credit totaling $10.9 million, offset against repurchases of common stock totaling $1.6 million and payment of debt issuance costs totaling $0.1 million.32Table of ContentsLine of CreditRefer to Note 6. These principles require us to make certain estimates and judgments that affect the amounts reported in our consolidated financial statements. We base our estimates on historical experience and on various other assumptions that management believes to be reasonable. Our actual results may differ materially from our estimates because of certain accounting policies requiring significant judgment. To the extent that there are material differences between our estimates and actual results, our future consolidated financial statements will be affected.We evaluate our significant estimates on an ongoing basis, including, but not limited to, estimates related to our allowance for credit losses, equity based compensation, and income taxes. We believe these estimates have the greatest risk of affecting our consolidated financial statements; therefore, we consider these to be our critical accounting policies and estimates. Significant Accounting Policies on the accompanying notes to our consolidated financial statements for discussion about recent accounting pronouncements.Off Balance Sheet ArrangementsWe do not have any relationships with unconsolidated entities or financial partnerships, such as entities often referred to as structured finance or special purpose entities, that would have been established for the purpose of facilitating off balance sheet arrangements (as that term is defined in Item 303(a)(4)(ii) of Regulation S-K) or other contractually narrow or limited purposes. As such, we are not exposed to any financing, liquidity, market or credit risk that could arise if we had engaged in those types of relationships. We enter into guarantees in the ordinary course of business related to the guarantee of our performance and the performance of our subsidiaries.33Table of ContentsITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISKAs a smaller reporting company, we are not required to provide the information required by this Item; however, we are exposed to market risks during our ordinary course of business. Market risk represents the risk of loss that may impact our financial position due to adverse changes in financial market prices, interest rates, and foreign currency exchange rates. Our primary risk exposure is the result of fluctuations in interest rates and foreign currency exchange rates. Management establishes policies and programs around our investing and funding activities in order to mitigate market risks. We continuously monitor risk exposures.Interest Rate RiskWe are exposed to interest rate risk primarily from our revolving line of credit. As of September 30, 2024 and December 31, 2023, we had a revolving line of credit facility of $150 million and $100 million available to us, respectively. We are obligated to pay interest on borrowing under our line of credit as well as other customary fees, including an unused commitment fee. Borrowings under our line of credit bear interest at a floating rate based on the U.S. Federal Reserveâ€™s Secured Overnight Financing Rate (â€œSOFRâ€); therefore, we are exposed to risks related to fluctuations in SOFR to the extent of our outstanding borrowings. As of both September 30, 2024 and December 31, 2023, we had $95 million, outstanding under our line of credit. For the nine months ended September 30, 2024, a 100 basis point hypothetical adverse change in SOFR during the year would have resulted in an additional $0.5 million of interest expense recorded within net interest expense on our consolidated statements of operations and comprehensive income, based on actual borrowings on our line of credit during the year.Interest rates may also adversely impact our consumersâ€™ spending levels and ability to repay outstanding amounts owed to us. Higher interest rates could lead to larger payment obligations for consumers under other lenders, such as mortgages and credit cards, which may reduce our consumersâ€™ ability to remain current on their installment plans with us. This may lead to increased delinquencies, charge-offs, and credit losses on our notes receivable, which would have an adverse effect on our net income.Foreign Currency RiskDuring the ordinary course of business, we enter into transactions denominated in foreign currencies, primarily the Canadian dollar, which exposes us to foreign currency exchange rate risk. We have experienced and will continue to experience fluctuations in our net income as a result of transaction gains or losses related to revaluing monetary assets and liabilities that are denominated in currencies other than the functional currency of the entities in which they are recorded. We considered historical trends in foreign currency exchange rates and concluded it was reasonably possible that a 10% change in exchange rates could occur in the near term. If a hypothetical 10% foreign currency exchange rate change was applied to total monetary assets and liabilities denominated in currencies other than the functional currency of the entities in which they were recorded at the balance sheet date, it would not have a material impact on our financial results. At this time, we have not entered into derivatives or other financial instrument transactions in an attempt to hedge our foreign currency exchange risk due to its immaterial nature. In the future, we may enter into such transactions should our exposure become more substantial.We are also subject to foreign currency exchange risk related to translation, as a number of our subsidiaries have functional currencies other than the U.S. Dollar. Translation from these foreign currencies to the U.S. Dollar is performed for balance sheet accounts using exchange rates in effect at the balance sheet date and for revenue and expense accounts using an average exchange rate for the period. Resulting translation adjustments are reported as a component of accumulated other comprehensive loss on the consolidated balance sheets. A hypothetical adverse 10% change in all of our subsidiariesâ€™ functional currencies against the U.S. Dollar compared to the exchange rate during the nine months ended September 30, 2024 and 2023 would have resulted in an additional foreign currency translation adjustment of approximately $1.6 million and $1.1 million, respectively.34Table of ContentsITEM 4. CONTROLS AND PROCEDURESDisclosure Controls and ProceduresBased on their evaluation as of SeptemberÂ 30, 2024, our management, including our Chief Executive Officer and Chief Financial Officer, have concluded that our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended) were effective at a reasonable assurance level.Changes in Internal Control Over Financial ReportingThere were no changes in our internal control over financial reporting as defined in the Exchange Act Rule 13a-15(f) that occurred during the nine months ended September 30, 2024 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.35Table of ContentsPART II. LEGAL PROCEEDINGSWe are not currently involved in any material legal proceedings, other than ordinary routine litigation incidental to the business, to which we or any of our subsidiaries is a party or of which any of their property is subject. While the outcome of these matters cannot be predicted with certainty, we do not believe that the outcome of any of these matters, individually or in the aggregate, will have a material adverse effect on our consolidated balance sheets, operations and comprehensive income, or cash flows.ITEM 1A. The initial Advance shall not be less than $60,000,000. The amount of each Advance requested by the Borrower thereafter shall not be less than the difference of the Minimum Utilization Amount less the aggregate principal amount of all outstanding Advances at such time. The Borrower hereby irrevocably instructs each Lender to make Advances to the U.S. Collection Account or the Canadian Collection Account, as directed by the Borrower, after the date hereof, in an amount equal to such Lenderâ€™s Percentage of the amount necessary to ensure that the outstanding principal balance of Advances, at any time prior to the Termination Date, are not less than $60,000,000.Section 2.3.Evidence of Indebtedness.(a)Maintenance of Records by Lenders. Each Lender shall maintain in accordance with its usual practice an account or accounts evidencing the indebtedness of the Borrower to it and resulting from the Advances made by such Lender to the Borrower, from time to time, including the amounts of principal and interest thereon and paid to it, from time to time hereunder; provided, however, that in case of a conflict between the records of the Administrative Agent and those of such Lender, the records of the Administrative Agent shall prevail absent manifest error.(b)Maintenance of Records by Administrative Agent. The Administrative Agent shall maintain records in which it shall record (i)Â the amount of each Advance made hereunder, (ii) the amount of any principal or interest due and payable or to become due and payable from the Borrower to each Lender hereunder and (iii) the amount of any sum received by the Administrative Agent hereunder for the account of the Lenders and each Lenderâ€™s share thereof. Notwithstanding anything to the contrary herein, the Administrative Agent shall be responsible for calculating and confirming any and all amounts due, interest, compliance with financial covenants, eligibility criteria and each other trigger or rate hereunder and under the other Facility Documents and each such calculation and confirmation shall be conclusive and binding for all purposes, absent manifest error.(c)Effect of Entries. The entries made in the records maintained pursuant to paragraphÂ (a) or (b) of this Section shall be prima facie evidence, absent obvious error, of the existence and amounts of the obligations recorded therein; provided that the failure of any Lender or the Administrative Agent to maintain such records or any error therein shall not in any manner affect the obligation of the Borrower to repay the Advances and other Obligations hereunder in accordance with the terms of this Agreement.Section 2.4.Payment of Principal, Interest and Certain Fees. The Borrower shall pay principal and interest on the Advances as follows:(a)100% of the outstanding principal amount of each Advance, together with all accrued and unpaid interest thereon, shall be due and payable on the Final Maturity Date.34(b)Interest shall accrue on the greater of (x)Â the unpaid principal amount of each Advance from the date of such Advance or (y)Â the Minimum Utilization Amount until such principal amount is paid in full at an annual rate equal to the Interest Rate.(c)Interest accrued during any calendar month on the outstanding principal balance of the Advances shall be due and payable on the first Payment Date in the next succeeding calendar month commencing in May 2024. Principal shall be paid to the extent provided in Section 9.01 on each Payment Date.(d)Subject to clauseÂ (e) below, the obligation of the Borrower to pay the Obligations, including, but not limited to, the obligation of the Borrower to pay the Lenders the outstanding principal amount of the Advances, accrued interest thereon, to pay the Lenders the Termination Payment, and Unused Fees, and to pay any other fees as set forth hereunder, shall be absolute, unconditional and irrevocable, and shall be paid strictly in accordance with the terms hereof (including SectionÂ 2.14 and ArticleÂ IX) and thereof, under any and all circumstances and irrespective of any setoff, counterclaim or defense to payment which the Borrower or any other Person may have or have had against any Secured Party or any other Person (other than a defense that payment was made).(e)As a condition to the payment of interest on any Advance, and principal of any Advance, any Termination Payment, any Unused Fees and any other amounts due pursuant to the Facility Documents without the imposition of withholding tax, the Borrower or the Administrative Agent may require certification acceptable to it to enable the Borrower and the Administrative Agent to determine their duties and liabilities with respect to any taxes or other charges that they may be required to deduct or withhold from payments in respect of such Advance under any present or future law or regulation of the United States of America and any other applicable jurisdiction, or any present or future law or regulation of any political subdivision thereof or taxing authority therein or to comply with any reporting or other requirements under any such law or regulation.(f)Unused Fees shall accrue from the Closing Date until the Termination Date and shall be payable by the Borrower to the Lenders in arrears on each Payment Date for the immediately preceding Collection Period in accordance with the Priority of Payments.Section 2.5.Prepayment of Advances.(a)Optional Prepayments. On any date on or after the Closing Date, Borrower may, from time to time on any Business Day, subject to payment of any Termination Payment required pursuant to Section 2.06 and maintaining the required minimum outstanding Advances pursuant to Section 2.02(d), voluntarily prepay any outstanding Advances in whole or in part, together

with all amounts due pursuant to SectionsÂ 2.04(c) and 2.10; provided that the Borrower shall have delivered to the Administrative Agent written notice of such prepayment (such notice, a â€œNotice of Prepaymentâ€) in the form of ExhibitÂ B hereto by no later than 1:00Â p.m. at least two (2) Business Days prior to the day of such prepayment. Any Notice of Prepayment received by the Administrative Agent after 1:00Â p.m. shall be deemed received on the next Business Day. Upon receipt of such Notice of Prepayment, the Administrative Agent shall promptly, but in any event, no later than 1:00 p.m. at least one (1) Business Day prior to the date of such prepayment, notify each Lender. Each such Notice of Prepayment shall be irrevocable and effective upon the date received and shall be dated the date such notice is given, signed by a Responsible Officer of the Borrower and otherwise appropriately completed. Each 35prepayment of any Advance by the Borrower pursuant to this SectionÂ 2.05(a) shall in each case be in a principal amount of at least $2,500,000 or, if less, the entire outstanding principal amount of the Advances of the Borrower. If a Notice of Prepayment is given by the Borrower, the Borrower shall make such prepayment and the payment amount specified in such notice shall be due and payable on the date specified therein (including, but not limited to, any Termination Payment). The Borrower shall make the payment amount specified in such notice by wire transfer of immediately available funds by 11:00Â a.m. on the date of prepayment to the account of the Administrative Agent, which will hold the funds on behalf of the Lenders. To the extent payment was made to the Administrative Agent, the Administrative Agent promptly will make such payment amount specified in such notice available to each Lender in the amount of each Lenderâ€™s Percentage of the payment amount by wire transfer to such Lenderâ€™s account. Any funds for purposes of a voluntary prepayment received by the Administrative Agent after 11:00Â a.m. shall be deemed received on the next Business Day. For the avoidance of any doubt, the Borrower may only provide a Notice of Prepayment to prepay Advances that are outstanding on the date such Notice of Prepayment is delivered and may not provide a Notice of Prepayment to prepay any future Advances.(b)Additional Prepayment Provisions. Each prepayment pursuant to this SectionÂ 2.05 shall be subject to SectionsÂ 2.04(c) and 2.10 and applied to the Advances in accordance with the relevant Lendersâ€™ respective Percentages.(c)Interest on Prepaid Advances. The Borrower shall pay all accrued and unpaid interest on the Advances that are prepaid on the date of such prepayment.Section 2.6.Termination Payment. (a)If the Borrower terminates this Agreement, the Borrower shall pay to the Administrative Agent, for the pro rata benefit and account of each Lender, additional interest as a make whole to Lenders equal to the product of: (1)Â the then existing Interest Rate divided by TWELVE (12); (2)Â the outstanding principal amount of the Advances being prepaid as of the date of such termination; and (3)Â the number of full months from the date of such termination until the eighteen month anniversary of the Closing Date (the â€œTermination Paymentâ€). The Termination Payment shall be due and payable on the date of such termination. For the avoidance of doubt, no such Termination Payment shall be due and payable by the Borrower if the Borrower terminates this Agreement on or after the eighteen month anniversary of the Closing Date. (b)In view of the impracticability and extreme difficulty of ascertaining the actual amount of damages to the Lenders or profits lost by the Lenders as a result of termination of this Agreement, and by mutual agreement of the parties as to a reasonable estimation and calculation of the lost profits or damages of the Lenders, the Termination Payment constitutes liquidated damages which shall be due and payable upon such date. The Borrower hereby waives any defense to payment other than payment on performance, whether such defense may be based in public policy, ambiguity, or otherwise. The Borrower and the Lenders acknowledge and agree that any Termination Payment due and payable hereunder shall not constitute unmatured interest, whether under Section 502(b)(3) of the Bankruptcy Code or otherwise. The Borrower further acknowledges and agrees, and waives any argument to the contrary, that payment of such amount does not constitute a penalty or an otherwise unenforceable or invalid obligation.36(c)Any amount payable under this Section 2.06 that is not paid when due shall bear interest at the rate set forth under clauseÂ (b) of â€œInterest Rateâ€ from the date such amount is due until the date paid, in accordance with this Section 2.06.Section 2.7.Maximum Lawful Rate. It is the intention of the parties hereto that the interest on the Advances shall not exceed the maximum rate permissible under Applicable Law. Accordingly, anything herein to the contrary notwithstanding, in the event any interest is charged to, collected from or received from or on behalf of the Borrower by the Lenders pursuant hereto or thereto in excess of such maximum lawful rate, then the excess of such payment over that maximum shall be applied first to the payment of amounts then due and owing by the Borrower to the Secured Parties under this Agreement (other than in respect of principal of and interest on the Advances) and then to the reduction of the outstanding principal amount of the Advances of the Borrower.Section 2.8.Several Obligations. The failure of any Lender to make any Advance to be made by it on the date specified therefor or make payments pursuant to Section 11.04 shall not relieve any other Lender of its obligation to make its Advance on such date or make such payments, the Administrative Agent shall not be responsible for the failure of any Lender to make any Advance or make such payments, and no Lender shall be responsible for the failure of any other Lender to make an Advance to be made by such other Lender or to make such payments under Section 11.04.Section 2.9.Increased Costs. (a)Â If (i)Â the introduction of or any change in or in the interpretation, application or implementation of any Applicable Law or GAAP or other applicable accounting policy after the date hereof, or (ii)Â the compliance with any guideline or change in the interpretation, application or implementation of any guideline or request from any central bank or other Governmental Authority (whether or not having the force of law) after the date hereof (a â€œRegulatory Changeâ€):(A)shall impose, modify or deem applicable any reserve (including any reserve imposed by the Board of Governors of the Federal Reserve System, but excluding any reserve included in the determination of interest on the Advances), special deposit or similar requirement against assets of any Affected Person, deposits or obligations with or for the account of any Affected Person or with or for the account of any Affiliate (or entity deemed by the Federal Reserve Board to be an Affiliate) of any Affected Person, or credit extended by any Affected Person;(B)shall change the amount of capital maintained or required or requested or directed to be maintained by any Affected Person;(C)shall subject any Affected Person to any Taxes (other than (A)Â Indemnified Taxes, (B)Â Taxes described in clausesÂ (b) through (d) of the definition of Excluded Taxes and (C)Â Connection Income Taxes) on its loans, loan principal, letters of credit, commitments, or other obligations, or its deposits, reserves, other liabilities or capital attributable thereto;37(D)shall impose any other condition (other than Taxes) affecting any Advance owned or funded in whole or in part by any Affected Person, or its obligations or rights, if any, to make Advances or to provide funding therefor;(E)shall change the rate for, or the manner in which the Federal Deposit Insurance Corporation (or a successor thereto) assesses, deposit insurance premiums or similar charges; or(F)shall cause an internal capital or liquidity charge or other imputed cost to be assessed upon any Affected Person which, in the sole discretion of such Affected Person, is allocable to the Borrower or to the transactions contemplated by this Agreement;and the result of any of the foregoing is or would be(x)Â Â Â Â Â to increase the cost to or to impose a cost on an Affected Person funding or making or maintaining any Advance, or(y)Â Â Â Â Â to reduce the amount of any sum received or receivable by an Affected Person under this Agreement, or(z)Â Â Â Â Â in the sole determination of such Affected Person, to reduce the rate of return on the capital of an Affected Person as a consequence of its obligations hereunder,then within thirty (30) days after demand by such Affected Person (which demand shall be accompanied by a statement setting forth in reasonable detail the basis of such demand), the Borrower shall pay directly to such Affected Person such additional amount or amounts as will compensate such Affected Person for such additional or increased cost or such reduction. For the avoidance of doubt, (i)Â the Dodd-Frank Wall Street Reform and Consumer Protection Act (â€œDodd Frank Actâ€); (ii)Â the revised Basel Accord prepared by the Basel Committee on Banking Supervision as set out in the publication entitled â€œBasel II: International Convergence of Capital Measurements and Capital Standards: A Revised Framework,â€ as updated from time to time (â€œBaselÂ IIâ€); (iii)Â the publication entitled â€œBasel III: A global regulatory framework for more resilient banks and banking systems,â€ as updated from time to time (â€œBasel IIIâ€), including any publications addressing the liquidity coverage ratio (â€œLCRâ€) or the supplementary leverage ratio (â€œSLRâ€); or (iv)Â any implementing laws, rules, regulations, guidance, interpretations or directives from any Governmental Authority relating to the Dodd Frank Act, Basel II or Basel III (whether or not having the force of law), and in each case all rules and regulations promulgated thereunder or issued in connection therewith shall be deemed to have been introduced after the Closing Date, thereby constituting a Regulatory Change hereunder with respect to the Affected Persons as of the Closing Date, regardless of the date enacted, adopted or issued, and such additional amounts which are sufficient to compensate such Affected Person for such increase in capital or liquidity or reduced return in accordance with the Priority of Payments. The Borrower acknowledges that this SectionÂ 2.09 permits the Affected Person to institute measures in anticipation of a Regulatory Change (including the imposition of internal charges on the Affected Personâ€™s interests or obligations under this Agreement), and allows the Affected Person to commence allocating charges to or seeking compensation from the Borrower under this SectionÂ 2.09 in connection with such measures (such amounts being referred to as â€œEarly Adoption Increased Costsâ€), in advance of the effective date of such Regulatory Change, and the Borrower agrees to pay such Early Adoption Increased Costs to the Affected Person following 38demand therefor without regard to whether such effective date has occurred. If any Affected Person becomes entitled to claim any additional amounts pursuant to this SectionÂ 2.09, it shall promptly notify the Borrower (with a copy to the Administrative Agent) of the event by reason of which it has become so entitled. A certificate setting forth in reasonable detail such amounts submitted to the Borrower by an Affected Person shall be conclusive and binding for all purposes, absent manifest error.(b)Upon the occurrence of any event giving rise to the Borrowerâ€™s obligation to pay additional amounts to a Lender pursuant to clauseÂ (a) of this SectionÂ 2.09, such Lender will (i)Â use reasonable efforts (subject to overall policy considerations of such Lender) to designate a different lending office if such designation would reduce or obviate the obligations of the Borrower to make future payments of such additional amounts; provided that such designation is made on such terms that such Lender and its lending office suffer no unreimbursed cost or material legal or regulatory disadvantage (as reasonably determined by such Lender), with the object of avoiding future consequence of the event giving rise to the operation of any such provision or (ii)Â take such other measures as such Lender may deem reasonable, if as a result thereof the circumstances which would cause such Lender to be an Affected Person would cease to exist or the additional amounts which would otherwise be required to be paid to such Lender pursuant to this SectionÂ 2.09 would be materially reduced and if, as determined by such Lender in its sole discretion, the making, issuing, funding or maintaining of such Advances through such other office or in accordance with such other measures, as the case may be, would not otherwise adversely affect such Advances or the interests of such Lender.(c)Failure or delay on the part of an Affected Person to demand compensation pursuant to this Section shall not constitute a waiver of such Affected Personâ€™s right to demand such compensation.Section 2.10.Compensation; Breakage Payments. The Borrower agrees to compensate each Affected Person from time to time, on the Payment Dates, following such Affected Personâ€™s written request (which request shall set forth the basis for requesting such amounts), in accordance with the Priority of Payments for all reasonable losses, expenses and liabilities (including any interest paid by such Affected Person to lenders of funds borrowed to make or carry an Advance and any loss sustained by such Affected Person in connection with the re-employment of such funds but excluding loss of anticipated profits), which such Affected Person may sustain: (i) if for any reason (including any failure of a condition precedent set forth in Article III but excluding a default by the applicable Lender) a Borrowing of any Advance by the Borrower does not occur on the Borrowing Date specified therefor in the applicable Notice of Borrowing delivered by the Borrower, (ii) if any payment, prepayment or conversion of any of the Borrowerâ€™s Advances occurs on a date that is not the last day of the relevant interest accrual period, or (iii) as a consequence of any other default by the Borrower to repay its Advances when required by the terms of this Agreement. A certificate as to any amounts payable pursuant to this Section 2.10 submitted to the Borrower by any Lender (with a copy to the Administrative Agent and accompanied by a reasonably detailed calculation of such amounts and a description of the basis for requesting such amounts) shall be conclusive in the absence of manifest error.39Section 2.11.Illegality; Inability to Determine Rates. (a)Â Notwithstanding any other provision in this Agreement, in the event of a Benchmark Disruption Event, then the affected Lender shall promptly notify the Administrative Agent and the Borrower thereof, and such Lenderâ€™s obligation to make or maintain Advances hereunder based on the Adjusted Benchmark Rate shall be suspended until such time as such Lender may again make and maintain Advances based on the Adjusted Benchmark Rate and the Advances of each interest accrual period in which such Person owns an interest shall either (1)Â if such Lender may lawfully continue to maintain such Advances at the Adjusted Benchmark Rate until the last day of the applicable interest accrual period, be reallocated on the last day of such interest accrual period to another interest accrual period in respect of which the Advances allocated thereto accrues interest determined other than with respect to the Adjusted Benchmark Rate or (2) if such Lender shall determine that it may not lawfully continue to maintain such Advances at the Adjusted Benchmark Rate until the end of the applicable interest accrual period, such Lenderâ€™s share of the Advances allocated to such interest accrual period shall be deemed to accrue interest at the Base Rate from the effective date of such notice until the end of such interest accrual period.(b)Upon the occurrence of any event giving rise to a Lenderâ€™s suspending its obligation to make or maintain Advances based on the Adjusted Benchmark Rate pursuant to SectionÂ 2.11(a), such Lender will, if requested by the Borrower, use reasonable efforts (subject to overall policy considerations of such Lender) to designate a different lending office if such designation would enable such Lender to again make and maintain Advances based on the Adjusted Benchmark Rate; provided that such designation is made on such terms that such Lender and its lending office suffer no unreimbursed cost or material legal or regulatory disadvantage (as reasonably determined by such Lender), with the object of avoiding future consequence of the event giving rise to the operation of any such provision.(c)If, prior to the first day of any interest accrual period or prior to the date of any Advance, as applicable, either (i)Â the Administrative Agent determines that for any reason adequate and reasonable means do not exist for determining the Benchmark for the applicable Advances, or (ii)Â the Required Lenders determine and notify the Administrative Agent that the Adjusted Benchmark Rate with respect to such Advances does not adequately and fairly reflect the cost to such Lenders of funding such Advances, the Administrative Agent will promptly so notify the Borrower and each Lender. Thereafter, the obligation of the Lenders to make or maintain Advances based on the Adjusted Benchmark Rate shall be suspended until the Administrative Agent (upon the instruction of the Required Lenders) revokes such notice.Section 2.12.Benchmark Replacement Setting.(a)Benchmark Replacement. Notwithstanding anything to the contrary herein or in any other Facility Document, upon the occurrence of a Benchmark Transition Event, the Administrative Agent, Required Lenders and the Borrower may amend this Agreement to replace the then-current Benchmark with a Benchmark Replacement. Any such amendment with respect to a Benchmark Transition Event will become effective at 5:00Â p.m. (New York City time) on the fifth (5th) Business Day after the Administrative Agent has posted such proposed amendment to all affected Lenders and the Borrower so long as the Administrative Agent has not received, by such time, written notice of objection to such amendment from any Lender.40(b)Benchmark Replacement Conforming Changes. In connection with the use, administration, adoption or implementation of a Benchmark Replacement, the Required Lenders will have the right to make Conforming Changes from time to time and, notwithstanding anything to the contrary herein or in any other Facility Document, any amendments implementing such Conforming Changes will become effective without any further action or consent of any other party to this Agreement or any other Facility Document. (c)Notices; Standards for Decisions and Determinations. The Administrative Agent will promptly notify the Borrower and the Lenders of (i)Â the implementation of any Benchmark Replacement and (ii)Â the effectiveness of any Conforming Changes in connection with the use, administration, adoption or implementation of a Benchmark Replacement. The Administrative Agent will notify the Borrower of the removal or reinstatement of any tenor of a Benchmark pursuant to SectionÂ 2.12(d). Any determination, decision or election that may be made by the Administrative Agent, or, if applicable, any Lender (or group of Lenders) pursuant to this SectionÂ 2.12 including any determination with respect to tenor, rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection, will be conclusive and binding absent manifest error and may be made in its or their reasonable discretion and without consent from another party to this Agreement or any other Facility Document, except, in each case, as expressly required pursuant to this SectionÂ 2.12. (d)Unavailability of Tenor of Benchmark. Notwithstanding anything to the contrary herein or in any other Facility Document, at any time (including in connection with the implementation of a Benchmark Replacement), (i)Â if the then-current Benchmark is a term rate (including the Term SOFR Reference Rate) and either (A)Â any tenor for such Benchmark is not displayed on a screen or other information service that publishes such rate from time to time as selected by the Administrative Agent in its reasonable discretion or (B)Â the regulatory supervisor for the administrator of such Benchmark has provided a public statement or publication of information announcing that any tenor for such Benchmark is not or will not be representative, then the Required Lenders may modify the terms of this Agreement for any Benchmark settings at or after such time to remove such unavailable or non-representative tenor and (ii)Â if a tenor that was removed pursuant to clauseÂ (i) above either (A)Â is subsequently displayed on a screen or information service for a Benchmark (including a Benchmark Replacement) or (B)Â is not, or is no longer, subject to an announcement that it is not or will not be representative for a Benchmark (including a Benchmark Replacement), then the Required Lenders may modify the terms of this Agreement for all Benchmark settings at or after such time to reinstate such previously removed tenor.Section 2.13.Rescission or Return of Payment. The Borrower agrees that, if at any time (including after the occurrence of the Final Maturity Date) all or any part of any payment theretofore made by it to any Secured Party or any designee of a Secured Party is or must be rescinded or returned for any reason whatsoever (including the insolvency, bankruptcy or reorganization of the Borrower or any of its Affiliates), the obligation of the Borrower to make such payment to such Secured Party shall, for the purposes of this Agreement, to the extent that such payment is or must be rescinded or returned, be deemed to have continued in existence and this Agreement shall continue to be effective or be reinstated, as the case maybe, as to such obligations, all as though such payment had not been made.41Section 2.14.Post-Default Interest or Post-

Reinvestment Period Interest. The Borrower shall pay interest on all Obligations that are not paid when due for the period from the due date thereof until the date the same is paid in full at the rate set forth under clauseÂ (b) of â€œInterest Rateâ€. Payments must be received by the Administrative Agent for the account of the Lenders on or prior to 3:00Â p.m. on a Business Day; provided that, payments received by the Administrative Agent after 3:00Â p.m. on a Business Day will be deemed to have been paid on the next following Business Day. To the extent payment was made to the Administrative Agent, the Administrative Agent promptly will make such payment amount available to each Lender on a pro rata basis based on the amount due and owed to each Lender at such time by wire transfer to such Lenderâ€™s account.(b)Except as otherwise expressly provided herein, all computations of interest, fees and other Obligations shall be made on the basis of a year of 360Â days for the actual number of days elapsed. In computing interest on any Advance, the date of the making of the Advance shall be included and the date of payment shall be excluded; provided that, if an Advance is repaid on the same day on which it is made, one dayâ€™s interest shall be paid on such Advance. All computations made by the Administrative Agent under this Agreement shall be conclusive absent manifest error.Section 2.16.Additional Funding. Upon request of the Borrower, Lenders, on a pro rata basis based on their existing Percentage as of any date of determination, shall have the exclusive right but no obligation to increase the Committed Amount by an aggregate amount of SEVENTY-FIVE MILLION AND NO/100 DOLLARS ($75,000,000.00) on the terms and conditions set forth in the Facility Documents. The Administrative Agent shall not be liable for any action taken in good faith and reasonably believed by it to be within the powers conferred upon it, or taken by it pursuant to any direction or instruction by which it is governed, or omitted to be taken by it by reason of the lack of direction or instruction required hereby for such action (including for refusing to exercise discretion or for withholding its consent in the absence of its receipt of, or resulting from a failure, delay or refusal on the part of the Required Lenders to provide, written instruction to exercise such discretion or grant such consent from the Required Lenders) except as determined by a court of competent jurisdiction by final and non-appealable 79judgment that it was the result of the Administrative Agentâ€™s willful misconduct or gross negligence. The Administrative Agent shall not be liable for any error of judgment made in good faith unless it shall be determined by a court of competent jurisdiction by final and non-appealable judgment that the Administrative Agent was grossly negligent in ascertaining the relevant facts. Nothing herein or in any Facility Documents or Related Documents shall obligate the Administrative Agent to advance, expend or risk its own funds, or to take any action which in its reasonable judgment may cause it to incur any expense or financial or other liability for which it is not adequately indemnified. The Administrative Agent shall not be liable for any indirect, special, punitive or consequential damages (included but not limited to lost profits) whatsoever, even if it has been informed of the likelihood thereof and regardless of the form of action. The Administrative Agent shall not be charged with knowledge or notice of any matter unless actually known to a Responsible Officer of the Administrative Agent, or unless and to the extent written notice of such matter is received by the Administrative Agent at its address in accordance with SectionÂ 12.02. Any permissive grant of power to the Administrative Agent hereunder shall not be construed to be a duty to act. The Administrative Agent shall not be bound to make any investigation into the facts or matters stated in any resolution, certificate, statement, instrument, opinion, report, notice, request, consent, entitlement order, approval or other paper or document. The Administrative Agent shall not be liable for any error of judgment, or for any act done or step taken or omitted by it, in good faith, or for any mistakes of fact or law, or for anything that it may do or refrain from doing in connection herewith except as shall be determined by a court of competent jurisdiction by final and non-appealable judgment that it was the result of its willful misconduct or grossly negligent performance or omission of its duties.(c)The Administrative Agent shall not be responsible or liable for delays or failures in performance resulting from acts beyond its control. Such acts shall include but not be limited to acts of God, strikes, lockouts, riots, acts of war, epidemics, governmental regulations imposed after the fact, fire, communication line failures, computer viruses, power failures, earthquakes or other disasters.Section 11.4Â Â Â Â Indemnification. If for any reason a successor agent is not so appointed and does not 80accept such appointment within thirty (30) days of notice of resignation the Administrative Agent may appoint a successor agent. The appointment of any successor Administrative Agent shall be subject to the prior written consent of the Borrower (which consent shall not be unreasonably withheld, conditioned or delayed); provided that the consent of the Borrower to any such appointment shall not be required if (i)Â an Event of Default shall have occurred and is continuing, (ii)Â if such successor Administrative Agent is a Lender or an Affiliate of such Administrative Agent or any Lender or (iii) such successor Administrative Agent is a Participant that has been disclosed to the Borrower on or prior to the Closing Date (a â€œParticipant Appointed Administrative Agentâ€). (a)Â No failure or delay on the part of any Secured Party exercising any right, power or remedy hereunder shall operate as a waiver thereof, nor shall any single or partial exercise of any such right, power or remedy preclude any other or further exercise thereof or the exercise of any other right, power or remedy. If the Borrower or Administrative Agent shall be required by Applicable Law (as determined in the good faith discretion of the Borrower or Administrative Agent, as applicable) to deduct or withhold any Taxes from or in respect of any sum payable by it hereunder or under any other Facility Document to any Secured Party, then the Borrower or Administrative Agent, as applicable, shall be entitled to make such deduction or withholding and shall timely pay the full amount deducted or withheld to the relevant Governmental Authority in accordance with Applicable Law and, if such payment is an Indemnified Tax, the sum payable by the Borrower shall be increased as necessary so that after such deduction or withholding has been made (including deductions applicable to additional sums payable under this SectionÂ 12.03) such Secured Party receives an amount equal to the sum it would have received had no such deductions or withholding been made.(c)In addition, the Borrower agrees to timely pay any present or future stamp, sales, court or documentary, intangible, recording, filing or similar Taxes or any other excise or property Taxes, charges or similar levies which arise from any payment made by the Borrower hereunder or under any other Facility Document or from the execution, delivery, performance, enforcement or registration of, from the receipt or perfection of a security interest under, or otherwise with respect to, this Agreement or under any other Facility Document, except any such Taxes that are Other Connection Taxes imposed with respect to an assignment (other than an assignment made pursuant to SectionsÂ 2.09(b), 2.11(b) or 12.03(h)) (hereinafter referred to as â€œOther Taxesâ€).(d)The Borrower agrees to indemnify each of the Secured Parties, within 10Â days after demand therefor, for the full amount of Indemnified Taxes, including any Indemnified Taxes imposed or asserted by any jurisdiction on amounts payable under this SectionÂ 12.03 payable by such Secured Party or required to be withheld or deducted from a payment to such Secured Party and any reasonable expenses arising therefrom or with respect thereto, whether or not such Indemnified Taxes were correctly or legally imposed or asserted by the relevant Governmental Authority. Notwithstanding anything to the contrary in this paragraph (f), in no event will the Secured Party be required to pay any amount to the Borrower pursuant to this paragraph (f) the payment of which would place the Secured Party in a less favorable net after-Tax position than the Secured Party would have been in if the Tax subject to indemnification and giving rise to such refund had not been deducted, withheld or otherwise imposed and the indemnification payments or additional amounts with respect to such Tax had never been paid.(g)Status of Lender.(i)Each Lender that is a â€œUnited States personâ€ as that term is defined in SectionÂ 7701(a)(30) of the Code (a â€œU.S. Personâ€) hereby agrees that it shall, no later than the Closing Date or, in the case of a Lender which becomes a party hereto pursuant to SectionÂ 12.06, the date upon which such Lender becomes a party hereto (and from time to time thereafter upon the reasonable request of the Borrower or the Administrative Agent), deliver to the Borrower and the Administrative Agent, if applicable, two accurate, complete and executed copies of U.S. Internal Revenue Service Form W-9 or successor form, certifying that such Lender is on the date of delivery thereof entitled to an exemption from United States backup withholding tax.(ii)Each Lender that is not a U.S. Person (a â€œNon-U.S. Lenderâ€) shall, no later than the date on which such Lender becomes a party hereto (and from time to time thereafter upon the reasonable request of the Borrower or the Administrative Agent), deliver to the Borrower and the Administrative Agent two copies of properly completed and duly executed copies of either U.S. Internal Revenue Service Form W-8BEN, W8BEN-E, W-8ECI or W-8IMY or any subsequent versions thereof or successors thereto, in the case of a Non-U.S. Lender claiming the benefits of an income tax treaty to which the United States is a party, with respect to payments of interest hereunder, establishing an exemption from, or reduction of, U.S. federal withholding Tax pursuant to the â€œinterestâ€ article of such tax treaty, and establishing an exemption from, or reduction of, U.S. federal withholding Tax pursuant to the â€œbusinessâ€ profits or â€œother incomeâ€ article of such treaty, with respect to any other applicable payments hereunder. In addition, in the case of a Non-U.S. Lender claiming exemption from U.S. federal withholding tax under SectionÂ 871(h) or 881(c) of the Code, such Non-U.S. Lender shall deliver to the Borrower and Administrative Agent (in such number of copies as shall be requested by the recipient), no later than the date on which such Non-U.S. Lender becomes a party hereto (and from time to time thereafter upon the reasonable request of the Borrower or the Administrative Agent), a certificate to the effect that such Non-U.S. Lender is not a bank for purposes of SectionÂ 881(c) of the Code, is not a 10-percent shareholder (within the meaning of SectionÂ 871(h)(3)(B) of the Code) of the Borrower and is not a controlled foreign corporation related to the Borrower (within the meaning of SectionÂ 881(c)(3)(C) of the Code) substantially in the form of Exhibit E hereto (a â€œU.S. Tax Compliance 87Certificateâ€), and such Non-U.S. Lender agrees that it shall notify the Borrower and the Administrative Agent in the event any such certificate is no longer accurate. In addition, to the extent a Non-U.S. Lender is not the beneficial owner, such Non-U.S. Lender shall also provide a U.S. Tax Compliance Certificate or other certification documents from each beneficial owner, as applicable, provided that if the Non-U.S. Lender is a partnership and one or more direct or indirect partners of such Non-U.S. Lender are one or more direct or indirect partners of such Non-U.S. Lender are claiming the portfolio interest exemption, such Non-U.S. Lender may provide a U.S. Tax Compliance Certificate on behalf of each such direct and indirect partner. Such forms shall be delivered by each Non-U.S. Lender on or before the date it becomes a party to this Agreement and on or before the date, if any, such Non-U.S. Lender designates a new lending office. In addition, each Non-U.S. Lender shall deliver such forms as promptly as practicable after receipt of a written request therefor from the Borrower or the Administrative Agent. Notwithstanding any other provision of this SectionÂ 12.03, a Non-U.S. Lender shall not be required to deliver any form pursuant to this SectionÂ 12.03(g) that such Non-U.S. Lender is not legally able to deliver.(iii)Each Lender agrees that if any form or certification it previously delivered expires or becomes obsolete or inaccurate in any respect, it shall update such form or certification or promptly notify the Borrower and the Administrative in writing of its legal inability to do so.(h)If any Secured Party requires the Borrower to pay any additional amount to such Secured Party or any taxing Governmental Authority for the account of

such Secured Party or to indemnify such Secured Party pursuant to this SectionÂ 12.03, then such Secured Party shall use reasonable efforts to designate a different lending office for funding or booking its Advances hereunder or to assign its rights and obligations hereunder to another of its offices, branches or affiliates, if such Lender determines, in its sole discretion, that such designation or assignment (i)Â would eliminate or reduce amounts payable pursuant to this SectionÂ 12.03 in the future and (ii)Â would not subject such Secured Party to any unreimbursed cost or expense and would not otherwise be disadvantageous to such Secured Party. The Borrower hereby agrees to pay all reasonable costs and expenses incurred by any Lender in connection with any such designation or assignment.(i)Nothing in this SectionÂ 12.03 shall be construed to require any Secured Party to make available its tax returns (or any other information relating to its taxes that it deems confidential) to the Borrower or any other Person.(j)Compliance with FATCA. If a payment made to a Lender under this Agreement would be subject to U.S. federal withholding Tax imposed by FATCA if such Lender were to fail to comply with the applicable reporting requirements of FATCA (including those contained in Section 1471(b) or 1472(b) of the Code, as applicable), such Lender shall deliver to the Borrower and the Administrative Agent at the time or times prescribed by law and at such time or times reasonably requested by the Borrower or the Administrative Agent such documentation prescribed by Applicable Law (including as prescribed by Section 1471(b)(3)(C)(i) of the Code) and such additional documentation reasonably requested by the Borrower or the Administrative Agent as may be necessary for the Borrower and the Administrative Agent to comply with their obligations under FATCA and to determine that such Lender has complied with such Lenderâ€™s obligations under FATCA or to determine the amount, 88if any, to deduct and withhold from such payment. Solely for purposes of this clauseÂ (j), â€œFATCAâ€ shall include any amendments made to FATCA after the date of this Agreement.(k)Investment Units. For U.S. federal, state and local income tax purposes, the parties shall, unless otherwise required by a change in law (including regulations, judicial rulings or published administrative determinations with respect to Taxes) or by any Governmental Authority following an audit or examination, (i) treat all Advances as indebtedness, (ii) treat the initial Advance and the Warrant as having been issued as an â€œinvestment unitâ€ within the meaning of Section 1273(c)(2) of the Code, (iii) treat the initial Advance as having an â€œissue priceâ€ within the meaning of Section 1273(b) of the Code that is determined by subtracting the value of the Warrant as of the Closing Date (as determined by the Lenders), which determination the Lenders shall provide to the Borrower within 30Â days of the Closing Date and (iv) treat the initial Advance as having been issued with original issue discount (â€œOIDâ€) to the extent required as a result of their issuance as part of an investment unit. The parties shall prepare and file all U.S. federal, state and local income tax returns in a manner consistent with the foregoing. The Borrower shall provide any information reasonably requested from time to time by the Administrative Agent or any Lender regarding the OID associated with the initial Advance for U.S. federal, state and local income tax purposes. The Lenders shall also provide or cause to be provided to the Administrative Agent all information necessary to allow the Agent to comply with any applicable cost basis reporting obligations. The Administrative Agent may rely on the cost basis information provided to it and shall have no responsibility to verify or ensure the accuracy of the cost basis information provided to it.(l)Survival. Each partyâ€™s obligations under this SectionÂ 12.03 shall survive the resignation or replacement of the Administrative Agent or any assignment of rights by, or the replacement of, a Lender and the repayment, satisfaction or discharge of all amounts owing under any Facility Document.Section 12.4Â Â Â Â Costs and Expenses; Indemnification. (a) The Borrower agrees to pay all reasonable and documented out-of-pocket costs and expenses of the Administrative Agent, the Backup Servicer, the Canadian Collection Account Bank, the U.S. Collection Account Bank and the other Lenders in connection with the preparation, review, negotiation, reproduction, execution and delivery of this Agreement and the other Facility Documents, including the reasonable fees and disbursements of outside counsel for each such Person and any auditors, accountants, consultants, appraisers and rating agency or other professional advisors and agents engaged by the Administrative Agent; UCC and PPSA filing fees and all other related fees and expenses in connection therewith; and in connection with any modification or amendment of this Agreement or any other Facility Document. (a)The capitalized terms used in this Agreement shall be defined as set forth in Schedule 1, and the rules of construction set forth in Schedule 1 shall apply to this Agreement.(b)This Agreement shall be effective as of the Effective Date, and as of the Effective Date shall supersede and replace the Existing Program Agreement. This Agreement shall not operate as to render invalid or improper any action heretofore taken under the Existing Program Agreement. 2.Marketing of the Program and Loans. At its own cost, Company shall produce the Cards and promote and otherwise market the Program, and Loans on behalf of and in the name of Bank. Company shall be responsible for producing all documentation used in the Program, including, but not limited to, all Marketing Materials, Applications, Loan Agreements, adverse action notices, customer disclosures, billing statements, and collection notices, subject to Bankâ€™s review and approval as further described below. In performing such promotion and other marketing services, Company may use any sales channel, form of media or media channel that has been approved by Bank, provided that Company shall discontinue the use of any sales channel, form of media or media channel if directed to do so by Bank to the extent that a change is required by 1Applicable Laws, necessitated by safety and soundness considerations, or required by the direction of a Regulatory Authority. The design of the Card and Loans and any changes thereto, are subject to the prior approval of Bank. (e)To the extent that the aggregate principal balance of Single Disbursement Loans and Receivables on Multiple Disbursement Loans held by Bank or its Affiliates (net of sold Receivables) would exceed the Program Threshold Amount following the funding of any Loans, Bank may elect not to fund such Single Disbursement Loans and Receivables on Multiple Disbursement Loans; provided, however, Bank understands that based on historic product sales patterns, the Company may incur seasonal fluctuations and/or growth in the Program and agrees that Company may request an increase in the Program Threshold Amount based on anticipated seasonal fluctuations or growth in the Program, and Bank will consider in good faith such requests from Company. The wind-down or transition of the Program shall occur as soon as is reasonably possible before the termination or expiration of the Agreement; provided, that upon the mutual agreement of the parties, which agreement shall not be unreasonably withheld or delayed, the Term of the Agreement may be extended by up to six (6) months, solely for the purpose of completing the wind-down or 25transition. The economic terms of the Agreements shall remain in effect during the wind-down period. (l)Following the expiration or earlier termination of this Agreement, to the extent that Bank continues to own any Loans, Bank may elect to continue to have Company service the Loans pursuant to Sections 12, 13 and 14 of this Agreement, or Bank may elect to terminate such servicing. Except as required by Applicable Laws or legal process, neither party (each a â€œRestricted Partyâ€) shall disclose Confidential Information of the Disclosing Party to third parties; provided, however, that the Restricted Party may disclose Confidential Information of the other Party (i) to the Restricted Partyâ€™s Affiliates, agents, representatives or subcontractors for the sole purpose of fulfilling the Restricted Partyâ€™s obligations under this Agreement (as long as the Restricted Party exercises reasonable efforts to prohibit any further disclosure by its Affiliates, agents, representatives or subcontractors), provided that in all events, the Restricted Party shall be responsible for any breach of the confidentiality obligations hereunder by any of its Affiliates, agents (other than Company as agent for Bank), representatives or subcontractors, (ii) to the Restricted Partyâ€™s auditors, accountants and other professional advisors, or to a Regulatory Authority, (iii) to any other third party as mutually agreed in writing by the Parties or (iv) with consent of the Disclosing Party. In the event that the Disclosing Party does not seek such a protective order or other remedy, or such protective order or other remedy is not obtained, or the Disclosing Party grants a waiver hereunder, the Restricted Party may furnish that portion (and only that portion) of the Confidential Information of the Disclosing Party which the Restricted Party is legally compelled to disclose and will exercise such efforts to obtain reasonable assurance that confidential treatment will be accorded any Confidential Information of the Disclosing Party so furnished as the Restricted Party would exercise in assuring the confidentiality of any of its own Confidential Information.20.Proprietary Material. This Agreement, including all issues concerning the validity of the Agreement, the construction of its terms, and the interpretation, performance, and enforcement of the rights and duties of the Parties, shall be governed by, interpreted, and enforced in accordance with the laws of the State of Utah, without giving effect to the rules, policies, or principles thereof with respect to conflicts of laws that would require the application of any other law. Without limiting the generality of the foregoing, the Parties agree the laws of the State of Utah shall govern the entire relationship between and among the Parties, including without limitation, all issues or claims arising out of, relating to, in connection with, or incident to this Agreement, whether such claims are based in tort, contract, or arise under statute or in equity. The Parties acknowledge and agree that this Agreement is made and performed in the State of Utah. EACH PARTY HEREBY IRREVOCABLY WAIVES ANY AND ALL RIGHT TO TRIAL BY JURY IN ANY SUIT, ACTION, PROCEEDING OR CLAIM (WHETHER BASED UPON CONTRACT, TORT, EQUITY OR OTHERWISE) ARISING OUT OF OR IN ANY WAY RELATING TO THIS AGREEMENT AND ACKNOWLEDGES THAT THIS WAIVER IS A MATERIAL INDUCEMENT TO THE OTHER PARTYâ€™S ENTERING INTO THIS AGREEMENT.27.Severability. Any provision of this Agreement that is deemed invalid, illegal, or unenforceable in any jurisdiction, shall, as to that jurisdiction, be ineffective to the extent of such invalidity, illegality, or unenforceability, without affecting in any way the remaining portions hereof in such jurisdiction or rendering such provision or any other provision of this Agreement invalid, illegal, or unenforceable in any other jurisdiction. All terms and conditions of this Agreement will be deemed enforceable to the fullest extent permissible under Applicable Law, and, when necessary, the court is authorized to reform any and all terms or conditions to give them such effect.28.Assignment. Any purported assignment of rights or delegation of performance in violation of this Section is void. No assignment of rights or delegation of performance under this Section shall relieve a Party of its obligations under this Agreement. 29.Third Party Beneficiaries. This Agreement is not intended to and does not confer any rights or remedies upon any Person other than the Parties. Nothing contained herein shall be construed as creating a third-party beneficiary relationship between either Party and any other Person.30.Notices. All notices and other communications that are required or may be given in connection with this Agreement shall be in writing and shall be deemed received (a) on the day delivered, if delivered by hand; (b) on the day transmitted, if transmitted by facsimile or e-mail with receipt confirmed; or (c) three (3) Business Days after the date of mailing to the other Party, if mailed 30first-class mail postage prepaid, at the following address, or such other address as either Party shall specify in a notice to the other:To Bank:Â Â Â Â WebBankAttn: [***]215 S. This Agreement may not be amended orally, but only by a written instrument signed by all Parties that identifies itself as an amendment to this Agreement. No failure or delay in exercising any right or remedy or requiring the satisfaction of any condition under this Agreement, and no course of dealing between the Parties, operates as a waiver or estoppel of any right, remedy, or condition. All waivers must be in writing and signed by the Party against whom the waiver is to be enforced. A waiver made in writing on one occasion is effective only in that instance and only for the purpose that it is given and is not and is not to be construed as a waiver on any future occasion or against the other Party. To the extent any course of dealing, act, omission, failure, or delay in exercising any right or remedy under this Agreement constitutes the election of an inconsistent right or remedy, that election does not constitute a waiver of any right or remedy or limit or prevent the subsequent enforcement of any Agreement provision. No single or partial exercise of any right or remedy under this Agreement precludes 31the simultaneous or subsequent exercise of any other right or remedy. The rights and remedies of the Parties set forth in this Agreement are not exclusive of, but are cumulative to, any rights or remedies now or subsequently existing at law, in equity, or by statute.32.Entire Agreement. The Program Documents constitute the final agreement between the Parties. The Program Documents are the complete and exclusive expression of the Partiesâ€™ agreement on the matters contained therein. All prior and contemporaneous negotiations and agreements between the Parties on the matters contained in the Program Documents are expressly merged into and superseded by the Program Documents. The provisions of the Program Documents may not be explained, supplemented, or qualified through evidence of trade usage or a prior course of dealings. In entering into the Program Documents, neither Party has relied upon any statement, representation, warranty, or agreement of the other Party except for those expressly contained in the Program Documents. There are no conditions precedent to the effectiveness of this Agreement other than the execution hereof by the Parties and those conditions expressly stated in this Agreement.33.Counterparts; Electronic Signatures. This Agreement may be executed and delivered by the Parties in any number of counterparts, and by different parties on separate counterparts, each of which counterpart shall be deemed to be an original and all of which counterparts, taken together, shall constitute but one and the same instrument. This Agreement may be executed and delivered by facsimile, as an attachment to an electronic mail message in .pdf, .jpeg, .TIFF or similar electronic format, or by electronic signature (including DocuSign, AdobeSign, and ContractWorks), which will be considered originals and legally binding for all purposes. Each Party agrees that any such electronically transmitted signature shall be valid and binding on such Party to the same extent as a manual signature.34.Interpretation. The Parties acknowledge that each Party and its counsel have reviewed and revised this Agreement and that the normal rule of construction to the effect that any ambiguities are to be resolved against the drafting party shall not be employed in the interpretation of this Agreement or any amendments thereto, and the same shall be construed neither for nor against either Party, but shall be given a reasonable interpretation in accordance with the plain meaning of its terms and the intent of the Parties.35.Force Majeure. If any Party is unable to carry out the whole or any part of its obligations under this Agreement by reason of a Force Majeure Event, then the performance of the obligations under this Agreement of such Party as they are affected by such cause shall be excused during the continuance of the inability so caused, except that should such inability not be remedied within thirty (30) days after the date of such cause, the Party not so affected may at any time after the expiration of such thirty (30) day period, during the continuance of such inability, terminate this Agreement upon giving written notice to the other Party and without payment of a termination fee or other penalty. To the extent that the Party not affected by a Force Majeure Event is unable to carry out the whole or any part of its obligations under this Agreement because a prerequisite obligation of the Party so affected has not been performed, the Party not affected by a Force Majeure Event also is excused from such performance during such period. A â€œForce Majeure Eventâ€ as used in this Agreement shall mean an unanticipated event that is not reasonably within the control of the affected Party or its subcontractors including, but not limited to, acts of God, acts of governmental authorities, strikes, war, riot, pandemic, and any other causes of such nature, and which by exercise of reasonable due diligence, such affected Party or its subcontractors could not reasonably have been expected to avoid, overcome or obtain, or cause to be obtained, a commercially reasonable substitute therefor. No Party shall be relieved of its obligations hereunder if its failure of performance is due to removable or remediable causes which such Party 32fails to remove or remedy using commercially reasonable efforts within a reasonable time period. Either Party rendered unable to fulfill any of its obligations under this Agreement by reason of a Force Majeure Event shall give prompt notice of such fact to the other Party, followed by written confirmation of notice, and shall exercise due diligence to remove such inability with all reasonable dispatch.36.Jurisdiction; Venue. Each Party hereby submits to the exclusive jurisdiction of the federal and state courts in Salt Lake City, Utah (and appellate courts thereof) in connection with any dispute related to this Agreement or any matter contemplated hereby. Each Party irrevocably and unconditionally waives any objection to the laying of such venue of any such suit, action or proceeding brought in any such court and any claim that any such suit, action or proceeding has been brought in an inconvenient forum. 37.Insurance. Company agrees to maintain customary insurance coverage on the terms and conditions reasonably specified from time to time by Bank at all times during the term of this Agreement, to provide an annual update of all insurance coverages, and to notify Bank promptly of any cancellation or lapse of any such insurance coverage. Captions and headings in this Agreement are for convenience of reference only,

are not to be deemed part of this Agreement, and do not affect the construction or interpretation of this Agreement.40.Manner of Payments. Unless the manner of payment is expressly provided herein, all payments under this Agreement shall be made by wire or ACH transfer to the bank accounts designated by the respective Parties. Notwithstanding anything to the contrary contained herein, neither Party shall be excused from making any payment required of it under this Agreement as a result of a breach or alleged breach by the other Party of any of its obligations under this Agreement or any other agreement, provided that the making of any payment hereunder shall not constitute a waiver by the Party making the payment of any rights it may have under the Program Documents or by law.41.Referrals. Neither Party has agreed to pay any fee or commission to any agent, broker, finder, or other person for or on account of such personâ€™s services rendered in connection with this Agreement that would give rise to any valid claim against the other Party for any commission, finderâ€™s fee or like payment.42.Financial Covenants, Statements and Reporting.(a)Company, shall, at all times during the Term, satisfy each of the following financial covenants (the â€œFinancial Covenantsâ€):(1)Minimum Tangible Net Worth. Accounting Policies [Abstract]	
Significant Accounting Policies	Significant Accounting Policies

Basis of Presentation and Principles of Consolidation

These unaudited consolidated financial statements are prepared and presented in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") and the rules and regulations of the Securities and Exchange Commission ("SEC") applicable to interim financial statements. While these consolidated financial statements and the accompanying notes thereof reflect all normal recurring adjustments that are, in the opinion of management, necessary for fair presentation of the results of the interim period, they do not include all of the information and footnotes required by U.S. GAAP for complete consolidated financial statements. These consolidated financial statements and their accompanying notes should be read in conjunction with the consolidated financial statement disclosures in our 2023 annual consolidated financial statements.

Operating results reported for the three and nine months ended September 30, 2024 might not be indicative of the results for any subsequent period or the entire year ending December 31, 2024.

Sezzle Inc. (the "Company", "Sezzle", "we", "us", or "our") uses the same accounting policies in preparing quarterly and annual consolidated financial statements. We consolidate the accounts of subsidiaries for which we have a controlling financial interest. The accompanying consolidated financial statements include all the accounts and activity of Sezzle Inc. and its wholly-owned subsidiaries. All intercompany balances and transactions are eliminated in consolidation.

Fair Value

Fair values are based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e. an exit price). The accounting guidance includes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy are as follows:

- Level 1 — Unadjusted quoted prices for identical assets or liabilities in active markets;
- Level 2 — Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability; and
- Level 3 — Unobservable inputs for the asset or liability, which include management's own assumption about the assumptions market participants would use in pricing the asset or liability, including assumptions about risk.

We measure the value of our money market securities based on Level 1 inputs. Our warrant liabilities were valued using a Black-Scholes valuation model, which was calculated using Level 3 inputs. The primary unobservable input used in determining the fair value of the warrant liabilities was the expected volatility of our common stock. During the nine months ended September 30, 2024, we reclassified our warrant liabilities to stockholders' equity in connection with our delisting from the Australian Securities Exchange and amending the outstanding warrant agreements to reference our common stock price on the Nasdaq Capital Market, which is stated in U.S. Dollars. Refer to Note 7. Warrant Liabilities for more information.
Our assets and liabilities that are measured at fair value on a recurring basis as of September 30, 2024 and December 31, 2023 are as follows:

	September 30, 2024				December 31, 2023

Revenue from Contract with Customer [Abstract]

Total Revenue

Total Revenue

Total revenue for the three months ended September 30, 2024 and 2023 was $69,957,691 and $40,844,201, respectively, and $172,904,830 and $110,455,297 for the nine months ended September 30, 2024 and 2023, respectively. Total revenue in the fourth quarter has historically been strongest for us, in line with consumer spending habits during the holiday shopping season. Our total revenue is classified into three categories: transaction income, subscription revenue, and income from other services.

Transaction Income

Transaction income is comprised of all income earned from merchants, consumers, and other third parties that relate to processing orders and payments on the Sezzle Platform. This primarily includes merchant processing fees, partner income, and consumer fees.

We earn income from fees paid by merchants in exchange for our payment processing services. These merchant processing fees are applied to the underlying sales of consumers passing through our platform and are predominantly based on a percentage of the consumer order value plus a fixed fee per transaction. For orders that result in a financing receivable, merchant processing fees are recognized over the duration of the underlying order using the effective interest method. For orders that do not result in a financing receivable, merchant processing fees are recognized at the time the sale is completed. Merchant processing fees totaled $14,843,752 and $17,814,082 for the three months ended September 30, 2024 and 2023, respectively, and $42,937,048 and $57,246,226 for the nine months ended September 30, 2024 and 2023, respectively.

We also earn income from partners on consumer transactions. This income includes interchange fees earned through our virtual card solution and promotional incentives with third parties. Virtual card interchange income is recognized over the duration of the underlying order using the effective interest method and promotional incentives are recognized as they are earned during the promotional period. Partner income totaled $7,048,498 and $4,445,823 for the three months ended September 30, 2024 and 2023, respectively, and $17,009,956 and $9,355,137 for the nine months ended September 30, 2024 and 2023, respectively.
Transaction income also includes income from consumer fees that are related to processing orders and payments. Such fees are assessed when consumers choose to make an installment payment, excluding the first installment, using a card pursuant to state law, or when a payment method fails when attempting to make an installment payment. These fees are recognized at the time the fee is assessed to the extent the fee is reasonably collectible and totaled $14,505,044 and $4,786,304 for the three months ended September 30, 2024 and 2023, respectively, and $32,149,318 and $12,269,101 for the nine months ended September 30, 2024 and 2023, respectively.

Subscription Revenue

We offer our consumers the ability to subscribe to two paid services: Sezzle Premium and Sezzle Anywhere. Sezzle Premium allows consumers to shop at select large, non-integrated premium merchants, along with other benefits, for a recurring fee. Sezzle Anywhere allows consumers to use their Sezzle Virtual Card at any merchant online or in-store, subject to certain merchant, product, goods, and service restrictions, for a recurring fee. Subscription fees are recognized straight-line over the subscription period.

Income from Other Services

Income from other services includes all other incomes earned from merchants, consumers, and other third parties not included in transaction income or subscription revenue. This includes late payment fees, gateway fees, and marketing revenue earned from affiliates. Late payment fees are assessed to consumers who fail to make a timely principal payment. Late payment fees are recognized at the time the fee is charged to the consumer to the extent the fee is reasonably collectible. Late payment fees totaled $6,844,629 and $2,557,529 for the three months ended September 30, 2024 and 2023, respectively, and $13,528,076 and $7,018,990 for the nine months ended September 30, 2024 and 2023, respectively.
Disaggregation of Total Revenue

Our total revenue by category and Accounting Standards Codification (“ASC”) recognition criteria for the three and nine months ended September 30, 2024 and 2023 was as follows:

	For the three months ended September 30,					
	2024			2023

Transaction income that falls under the scope of ASC Topic 310, Receivables, relates to transactions that result in a note receivable being recognized. Such income is initially recorded as a reduction to notes receivable, net, within the consolidated balance sheets. The income is then recognized over the average duration of the note using the effective interest rate method. Transaction income to be recognized over the duration of existing notes receivable outstanding was $3,659,424 and $3,340,150 as of September 30, 2024 and December 31, 2023, respectively.

Transaction income that falls under the scope of ASC Topic 606, Revenue from Contracts with Customers, relates to transactions that do not result in a note receivable being recognized. Such revenue comprises a single performance obligation which is satisfied at the time the transaction occurs, at which point we recognize revenue.

Subscription revenue entirely falls under the scope of ASC Topic 606. Such revenue comprises a single performance obligation which is satisfied evenly over the underlying subscription period. Revenue is recognized ratably over the duration of the performance obligation. All performance obligations are fully satisfied within one year or less of receiving payment. Payment received for performance obligations not yet satisfied are recorded as deferred revenue on the consolidated balance sheets until such performance obligations are satisfied. Subscription revenue to be recognized over the remaining duration of outstanding performance obligations was $4,373,270 and $2,643,230 as of September 30, 2024 and December 31, 2023, respectively. Of the deferred revenue as of December 31, 2023, $2,602,536 was recognized during the nine months ended September 30, 2024.

Income from other services that falls under the scope of ASC Topic 310 primarily relates to late payment fees. Such fees are recognized at the time the fee is charged to the consumer to the extent they are reasonably collectible. Income from other services that fall under the scope of ASC 606 comprises a single performance obligation which is satisfied immediately and not deferred.

Notes Receivable and Allowance for Credit Losses

Receivables [Abstract]

Notes Receivable and Allowance for Credit Losses

Notes Receivable and Allowance for Credit Losses

We offer consumer installment payment plans on our platform. Consumer installment payment plans are generally interest-free and consist of four installments, with the first payment made at the time of purchase and subsequent payments due every two weeks thereafter. We purchase certain receivables related to installment payment plans extended to consumers in the United States by an independent chartered financial institution (“originating partner”) and are responsible for servicing such receivables. All other consumer installment payment plans are originated by us. Our notes receivable represents amounts due from consumers primarily for outstanding principal on installment payment plans made on our platform that we have either originated or purchased from our originating partner. Our notes receivable are generally due within 42 days.

We classify all of our notes receivable as held for investment, as we have the intent and ability to hold these investments for the foreseeable future or until maturity or payoff. Since our portfolio is comprised of one product segment, point-of-sale unsecured installment loans, we evaluate our notes receivable as a single, homogenous portfolio and make merchant-specific or other adjustments as necessary. Our notes receivable are reported at amortized cost, which primarily includes unpaid principal, adjusted for unearned transaction income, direct loan origination costs, and charge-offs. The amortized cost basis is adjusted for the allowance for credit losses within notes receivable, net.

As of September 30, 2024 and December 31, 2023, our notes receivable at amortized cost was comprised of the following:

	September 30, 2024	December 31, 2023
Notes receivable, gross	$ 155,072,914	$ 146,225,832
Deferred transaction income	(3,659,424)	(3,340,150)
Notes receivable, amortized cost	**$ 151,413,490**	**$ 142,885,682**

Deferred transaction income is primarily comprised of unrecognized merchant fees, which are recognized over the duration of the note with the consumer and are recorded as an offset to transaction income on the consolidated statements of operations and comprehensive income. Our notes receivable had a weighted average days outstanding of 34 days.

We closely monitor credit quality for our notes receivable to manage and evaluate our related exposure to credit risk. When assessing the credit quality and risk of our portfolio, we monitor a variety of internal risk indicators and consumer attributes that are shown to be predictive of ability and willingness to repay, and combine these factors to establish an internal, proprietary score as a credit quality indicator (the “Prophet Score”). We evaluate the credit risk of our portfolio by grouping Prophet Scores into three buckets that range from A to C, with receivables having an “A” rating representing the highest credit quality and lowest likelihood of loss. Our risk and fraud team closely monitors the distribution of Prophet Scores for signs of changes in credit risk exposure and portfolio performance. The risk and fraud team also regularly evaluates the integrity of the Prophet Score machine learning model and updates it as necessary, but at least annually. We last updated the Prophet Score model in October 2023.

The amortized cost basis of our notes receivable by Prophet Score and year of origination as of September 30, 2024 and December 31, 2023 was as follows:

	September 30, 2024			December 31, 2023

Our notes receivable are considered past due when the principal has not been received within one calendar day of when they are due in accordance with the agreed upon contractual terms. Any amounts delinquent after 90 days are charged off with an offsetting reversal to the allowance for credit losses through the provision for credit losses on our consolidated statements of operations and comprehensive

income. Charged-off principal payments recovered after 90 days are recognized as a reduction to the allowance for credit losses in the period the receivable is recovered. The amortized cost basis of our notes receivable by delinquency status as of September 30, 2024 and December 31, 2023 was as follows:

	September 30, 2024	December 31, 2023
Current	$ 126,225,572	$ 129,681,699

Total amortized cost	**$ 151,413,490**	**$ 142,885,682**

We maintain an allowance for credit losses at a level necessary to primarily absorb expected credit losses on principal receivables from consumers. The allowance for credit losses is determined based on our current estimate of expected credit losses over the remaining contractual term and incorporates evaluations of known and inherent risks in our portfolio, historical credit losses, consumer payment trends, estimates of recoveries, current economic conditions, and reasonable and supportable forecasts. We regularly assess the adequacy of our allowance for credit losses and adjust the allowance as necessary to reflect changes in the credit risk of our notes receivable. Any adjustment to the allowance for credit losses is recognized in net income through the provision for credit losses on our consolidated statements of operations and comprehensive income. While we believe our allowance for credit losses is appropriate based on the information available, actual losses could differ from the estimate.

In estimating the allowance for credit losses, we utilize a roll rate analysis of delinquent and current notes receivable. Roll rate analysis is a technique used to estimate the likelihood that a loan progresses through various stages of delinquency and eventually charges off. We segment our notes receivable into delinquency statuses and semi-monthly vintages for the purpose of evaluating historical performance and determining the future likelihood of default.

The activity in the allowance for credit losses, including the provision for credit losses, charge-offs, and recoveries for the three and nine months ended September 30, 2024 and 2023 was as follows:

Receivables from originating partner	1,871,240	—
Other receivables, net	**$ 3,823,280**	**$ 1,571,728**

Late payment fees are applied to principal installments that are delinquent, subject to regulations within specific state jurisdictions. Any late payment fees associated with a delinquent payment are considered to be the same number of days delinquent as the principal payment. Late payment fees receivable, net, is comprised of outstanding late payment fees that we reasonably expect to collect from our consumers. As of September 30, 2024 and December 31, 2023, gross late payment fees receivable totaled $3,955,290 and $1,821,002, respectively.

We maintain an allowance for other credit losses at a level necessary to absorb expected credit losses on late payment fees receivable from our consumers. Any amounts delinquent after 90 days are charged off with an offsetting reversal to the allowance for other credit losses. Any adjustment to the allowance for other credit losses is recognized in net income through an offset to total revenue on our consolidated statements of operations and comprehensive income. Payments recovered after 90 days are recognized as a reduction to the allowance for other credit losses in the period the receivable is recovered.

Receivables from merchants primarily represent amounts due to us from our long-term lending partners for processing applications and referring potential consumers to them. Such transactions are settled with the merchant for the full purchase price at the point of sale and we separately invoice our long-term lending partners for the fees due to us. Expected losses on merchant fees receivable are minimal, therefore, there is no allowance for credit losses recorded.

Receivables from originating partner represents amounts due to us from our originating partner that will be used to settle outstanding merchant accounts payable on orders originated by them.

Merchant Accounts Payable

Merchant Accounts Payable

Merchant accounts payable represents amounts owed to merchants related to orders placed on the Sezzle Platform.

Merchants have the ability to enroll, subject to our approval, into the Delayed Settlement Incentive Program (“DSIP”), which allows merchants to defer payment from us in exchange for daily incentive payments. Within merchant accounts payable, $51,907,543 and $53,616,718 were recorded within the DSIP balance as of September 30, 2024 and December 31, 2023, respectively.

During the three and nine months ended September 30, 2024, all deferred payments retained in the program bore daily incentive payments at a fixed rate of 5.20% on an annual basis, compounding daily. The average annual percentage yield and related expense was 4.95% and $632,607, and 5.21% and $679,012 for the three months ended September 30, 2024 and 2023, respectively. The average annual percentage yield and related expense was 4.77% and $1,887,632, and 4.32% and $1,917,378 for the nine months ended September 30, 2024 and 2023, respectively. Expense related to the DSIP is recorded within net interest expense on the consolidated statements of operations and comprehensive income.

Deferred payments are due on demand, up to $250,000 during any seven day period, at the request of the merchant. Any request larger than $250,000 is processed within seven to ten days. We reserve the right to impose additional limits on the program and make changes to the program without notice or limits. These limits and changes to the program can include but are not limited to maximum balances, withdrawal amount limits, and withdrawal frequency.

Line of Credit

Line of Credit

We fund our consumer receivables through the use of a secured line of credit. We had an outstanding principal balance on our line of credit totaling $95,000,000 as of September 30, 2024 and December 31, 2023. Our revolving credit facilities are secured by a pool of pledged, eligible notes receivable. As of September 30, 2024 and December 31, 2023, we had pledged $132,032,578 and $131,379,797 of eligible gross notes receivable, respectively. We had an unused borrowing capacity of $17,887,829 and $3,534,848 as of September 30, 2024 and December 31, 2023, respectively.

Expenses related to our line of credit for the three and nine months ended September 30, 2024 and 2023 were as follows:

	For the three months ended September 30,		For the nine months ended September 30,	
	2024	2023	2024	2023
Interest expense on utilization	$ 2,608,239	$ 3,471,806	$ 8,373,286	$ 9,611,867
Interest expense on unused daily amounts	82,361	25,555	199,874	90,639
Amortization of debt issuance costs	102,280	183,073	417,207	534,638

For the three months ended September 30, 2024 and 2023, our line of credit carried an effective annual interest rate of 12.65% and 20.70%, respectively. For the nine months ended September 30, 2024 and 2023, our line of credit carried an effective annual interest rate of 11.75% and 18.19%, respectively.

2024 Credit Agreement

On April 19, 2024, we entered into a secured revolving credit facility (the “2024 Credit Agreement”) with Bastion Funding VI LP. The 2024 Credit Agreement has a borrowing capacity of up to $150,000,000 and a maturity date of April 19, 2027. The borrowing base is 85% of pledged, eligible notes receivable, increased to 90% based on the loss rates of the underlying collateral. Eligible notes receivable are defined as notes receivable from consumers from the United States or Canada that are less than 30 days past due and fall within certain term and principal criteria.

Our 2024 Credit Agreement carries an interest rate of 3-month Term U.S. Federal Reserve Secured Overnight Financing Rate (“SOFR”) plus 6.75%, with a SOFR floor rate of 2.0%. Interest on borrowings is due on collection dates as specified in the loan agreement, typically monthly. We incur an unused facility fee of 0.5% per annum on the difference between the maximum borrowing capacity and the amount of

principal outstanding. We are also required to maintain a minimum outstanding balance of $60,000,000.
The 2024 Credit Agreement contains customary representations, warranties, affirmative and negative covenants, events of default (including upon change of control or collateral loss rates exceeding pre-determined levels), and indemnification provisions in favor of the lenders. The negative covenants limit our ability to incur or guarantee additional indebtedness; make investments or other restricted payments; acquire assets or form or acquire subsidiaries; create liens; sell assets; pay dividends or make other distributions or repurchase or redeem capital stock; engage in certain transactions with affiliates; enter into agreements that restrict the creation or incurrence of liens other than liens securing the new 2024 Credit Agreement and related documents; engage in liquidations, mergers, or consolidations; and make any material amendment, modification, or supplement to our credit guidelines or servicing guide, in each case subject to certain exceptions and qualifications. We are also subject to financial covenants, which require us to meet financial tests related to collection rates, default rates, leverage, tangible net worth, and liquidity.

In connection with entering into the 2024 Credit Agreement, we recognized a $259,706 loss on the extinguishment of our previous line of credit primarily related to unamortized debt issuance costs.

Warrants	9 Months Ended Sep. 30, 2024
Other Liabilities Disclosure [Abstract]	
Warrants	Warrants

On February 23, 2024, in connection with our delisting from the ASX, we amended the strike price of all outstanding warrants originally denominated in Australian dollars to US dollars. As a result of the amendment, the warrants were no longer subject to foreign currency fluctuations and became considered indexed directly to our stock price and, on the date of amendment, we converted the warrants from a liability to stockholders' equity within the consolidated balance sheets. The amount converted totaled $2,228,813.

Prior to converting our warrant liabilities, we revalued them to their fair value as of each reporting date using a Black-Scholes valuation model, which is calculated using Level 3 inputs. The primary unobservable input used in determining the fair value of the warrant liabilities is the expected volatility of our common stock. On the conversion date, we revalued the warrants using the Black-Scholes valuation model using a risk-free interest rate of 4.2%, expected volatility of 139.1%, and an expected life of 5.6 years, resulting in an estimated fair value of $40.81 per warrant. The activity related to our warrant liabilities during the nine months ended September 30, 2024 and 2023 was as follows:

	For the nine months ended September 30,	
	2024	2023
Balance at beginning of period	$ 967,257	$ 511,295

Conversion of warrant liabilities to stockholders' equity	(2,228,813)	—
Balance at end of period	**$ —**	**$ 590,563**

The fair value remeasurement loss was recognized within other income (expense) on the consolidated statements of operations and comprehensive income.

During the nine months ended September 30, 2024, 54,610 warrants were exercised into 50,198 shares of common stock, with 4,412 shares withheld to cover the exercise price on certain exercises during the period. As of September 30, 2024, we had no warrants outstanding. No warrants were cancelled during the nine months ended September 30, 2024.

Income Taxes	Income Taxes

Income tax expense (benefit) was $2,162,989 and $15,874 for the three months ended September 30, 2024 and 2023, respectively, and ($13,567,130) and $48,024 for the nine months ended September 30, 2024 and 2023, respectively. We assess all relevant positive and negative evidence to determine if our existing deferred tax assets can be realized at each reporting date. As of September 30, 2024, significant pieces of positive evidence include our cumulative taxable income earned over a two-year period, which is objective and verifiable, and consideration of our expected future taxable earnings. Based on our assessment, we concluded that it is more likely than not that our U.S. federal and state deferred tax assets are realizable. As a result, we recorded a discrete tax benefit of $14,941,204 for the release of our valuation allowance during the nine months ended September 30, 2024. As of September 30, 2024 and December 31, 2023, we had a $8,349,879 and $32,478,033 valuation allowance recorded against our net deferred tax assets, respectively. Additionally, during the three months ended September 30, 2024 we recognized discrete tax benefits primarily related to excess tax benefits on equity based compensation totaling approximately $0.7 million.

Net Income Per Share	Net Income Per Share

Basic net income per share is computed by dividing net income for the period by the weighted-average number of shares outstanding during the period, including repurchases carried as treasury stock. Diluted net income per share is computed by dividing net income by the weighted-average number of shares outstanding adjusted for the dilutive effect of all potential shares of stock, including the exercise of employee stock options and assumed vesting of restricted stock units (if dilutive). Diluted net income per share was computed using the treasury stock method for warrants, stock options, and restricted stock units.

The following table presents the calculation of basic and diluted net income per share:

	2024	2023	2024	2023

* Effective May 11, 2023, we performed a 1-for-38 reverse stock split. Share amounts have been retroactively restated.

Because their effect would have been anti-dilutive, 42,033 and 564,802 shares were excluded from the denominator of diluted net income per share for the three months ended September 30, 2024 and 2023, respectively, and 43,739 and 442,847 shares for the nine months ended September 30, 2024 and 2023, respectively.

Significant Accounting Policies (Policies)	9 Months Ended Sep. 30, 2024
Accounting Policies [Abstract]	
Basis of Presentation	These unaudited consolidated financial statements are prepared and presented in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") and the rules and regulations of the Securities and Exchange Commission ("SEC") applicable to interim financial statements. While these consolidated financial statements and the accompanying notes thereof reflect all normal recurring adjustments that are, in the opinion of management, necessary for fair presentation of the results of the interim period, they do not include all of the information and footnotes required by U.S. GAAP for complete consolidated financial statements. These consolidated financial statements and their accompanying notes should be read in conjunction with the consolidated financial statement disclosures in our 2023 annual consolidated financial statements. Operating results reported for the three and nine months ended September 30, 2024 might not be indicative of the results for any subsequent period or the entire year ending December 31, 2024.
Principles of Consolidation	Sezzle Inc. (the "Company", "Sezzle", "we", "us", or "our") uses the same accounting policies in preparing quarterly and annual consolidated financial statements. We consolidate the accounts of subsidiaries for which we have a controlling financial interest. The accompanying consolidated financial statements include all the accounts and activity of Sezzle Inc. and its wholly-owned subsidiaries. All intercompany balances and transactions are eliminated in consolidation.
Fair Value	***Fair Value*** Fair values are based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e. an exit price). The accounting guidance includes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy are as follows: • Level 1 — Unadjusted quoted prices for identical assets or liabilities in active markets; • Level 2 — Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability; and • Level 3 — Unobservable inputs for the asset or liability, which include management's own assumption about the assumptions market participants would use in pricing the asset or liability, including assumptions about risk. We measure the value of our money market securities based on Level 1 inputs. Our warrant liabilities were valued using a Black-Scholes valuation model, which was calculated using Level 3 inputs. The primary unobservable input used in determining the fair value of the warrant liabilities was the expected volatility of our common stock. During the nine months ended September 30, 2024, we reclassified our warrant liabilities to stockholders' equity in connection with our delisting from the Australian Securities Exchange and amending the outstanding warrant agreements to reference our common stock price on the Nasdaq Capital Market, which is stated in U.S. Dollars. Refer to Note 7. Warrant Liabilities for more information.
Segments	***Segments*** We conduct our operations through a single operating segment and, therefore, one reportable segment. There are no significant concentrations by state or geographical location.
Reclassifications	***Reclassifications*** Certain prior period amounts have been reclassified to conform with the current period presentation format. These reclassifications had no effect on our total assets, net income, or total comprehensive income.

ASU 2023-07, Segment Reporting Improvements to Reportable Segment Disclosures	This ASU requires disclosure of incremental segment information on an annual basis (and interim basis beginning January 1, 2025) for all public entities, including entities with one reportable segment. Such incremental disclosures include information about significant segment expenses, how chief operating decision makers measure a segment's profit or loss, and qualitative information about how a chief operating decision maker assesses segment performance.	January 1, 2024 (On an annual basis) January 1, 2025 (On an interim basis)	We do not expect the adoption of this ASU to have a material impact on our consolidated financial statements. We will disclose information about significant segment expenses, how management assesses our single segment's performance, and other required disclosures in our 2024 annual consolidated financial statements on a retrospective basis.
ASU 2023-09, Income Taxes (Topic 740): Improvements to Income Tax Disclosures	This ASU requires enhanced disclosures on the income tax rate reconciliation, income taxes paid, and other income tax-related disclosures. Such disclosures include specific categories in the rate reconciliation, qualitative information about significant components of income tax, and disaggregation of income taxes paid by federal, state, and local jurisdiction. </div><div>These unaudited consolidated financial statements are prepared and presented in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") and the rules and regulations of the Securities and Exchange Commission ("SEC") applicable to interim financial statements. While these consolidated financial statements and the accompanying notes thereof reflect all normal recurring adjustments that are, in the opinion of management, necessary for fair presentation of the results of the interim period, they do not include all of the information and footnotes required by U.S. GAAP for complete consolidated financial statements. These consolidated financial statements and their accompanying notes should be read in conjunction with the consolidated financial statement disclosures in our 2023 annual consolidated financial statements.</div><div>
</div><div>Operating results reported for the three and nine months ended September 30, 2024 might not be indicative of the results for any subsequent period or the entire year ending December 31, 2024.</div><div>
</div><div>Sezzle Inc. (the "Company", "Sezzle", "we", "us", or "our") uses the same accounting policies in preparing quarterly and annual consolidated financial statements. We consolidate the accounts of subsidiaries for which we have a controlling financial interest. The accompanying consolidated financial statements include all the accounts and activity of Sezzle Inc. and its wholly-owned subsidiaries. All intercompany balances and transactions are eliminated in consolidation.</div><div>
</div><div>Fair Value</div><div>
</div><div>Fair values are based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e. an exit price). The accounting guidance includes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy are as follows:</div><div>
</div><div style="padding-left:36pt;text-indent:-18pt">•Level 1 — Unadjusted quoted prices for identical assets or liabilities in active markets;</div><div style="padding-left:36pt;text-indent:-18pt">•Level 2 — Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability; and</div><div style="padding-left:36pt;text-indent:-18pt">•Level 3 — Unobservable inputs for the asset or liability, which include management's own assumption about the assumptions market participants would use in pricing the asset or liability, including assumptions about risk. </div><div>
</div><div>We measure the value of our money market securities based on Level 1 inputs. Our warrant liabilities were valued using a Black-Scholes valuation model, which was calculated using Level 3 inputs. The primary unobservable input used in determining the fair value of the warrant liabilities was the expected volatility of our common stock. During the nine months ended September 30, 2024, we reclassified our warrant liabilities to stockholders' equity in connection with our delisting from the Australian Securities Exchange and amending the outstanding warrant agreements to reference our common stock price on the Nasdaq Capital Market, which is stated in U.S. Dollars. Refer to Note 7. Warrant Liabilities for more information. </div><div>Our assets and liabilities that are measured at fair value on a recurring basis as of September 30, 2024 and December 31, 2023 are as follows:</div><div>

 There are additional new accounting pronouncements issued by the FASB that we have not yet adopted. We do not believe any of these additional accounting pronouncements will have a material impact on the consolidated financial statements or disclosures. These unaudited consolidated financial statements are prepared and presented in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") and the rules and regulations of the Securities and Exchange Commission ("SEC") applicable to interim financial statements. While these consolidated financial statements and the accompanying notes thereof reflect all normal recurring adjustments that are, in the opinion of management, necessary for fair presentation of the results of the interim period, they do not include all of the information and footnotes required by U.S. GAAP for complete consolidated financial statements. These consolidated financial statements and their accompanying notes should be read in conjunction with the consolidated financial statement disclosures in our 2023 annual consolidated financial statements.
 Operating results reported for the three and nine months ended September 30, 2024 might not be indicative of the results for any subsequent period or the entire year ending December 31, 2024. Sezzle Inc. (the "Company", "Sezzle", "we", "us", or "our") uses the same accounting policies in preparing quarterly and annual consolidated financial statements. We consolidate the accounts of subsidiaries for which we have a controlling financial interest. The accompanying consolidated financial statements include all the accounts and activity of Sezzle Inc. and its wholly-owned subsidiaries. All intercompany balances and transactions are eliminated in consolidation. Fair Value
 Fair values are based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e. an exit price). The accounting guidance includes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy are as follows:
 •Level 1 — Unadjusted quoted prices for identical assets or liabilities in active markets; •Level 2 — Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability; and •Level 3 — Unobservable inputs for the asset or liability, which include management's own assumption about the assumptions market participants would use in pricing the asset or liability, including assumptions about risk. We measure the value of our money market securities based on Level 1 inputs. Our warrant liabilities were valued using a Black-Scholes valuation model, which was calculated using Level 3 inputs. The primary unobservable input used in determining the fair value of the warrant liabilities was the expected volatility of our common stock. During the nine months ended September 30, 2024, we reclassified our warrant liabilities to stockholders' equity in connection with our delisting from the Australian Securities Exchange and amending the outstanding warrant agreements to reference our common stock price on the Nasdaq Capital Market, which is stated in U.S. Dollars. Refer to Note 7, Warrant Liabilities for more information. Our assets and liabilities that are measured at fair value on a recurring basis as of September 30, 2024 and December 31, 2023 are as follows:

Total revenue in the fourth quarter has historically been strongest for us, in line with consumer spending habits during the holiday shopping season. Our total revenue is classified into three categories: transaction income, subscription revenue, and income from other services.
 Transaction Income
 Transaction income is comprised of all income earned from merchants, consumers, and other third parties that relate to processing orders and payments on the Sezzle Platform. This primarily includes merchant processing fees, partner income, and consumer fees.
 We earn income from fees paid by merchants in exchange for our payment processing services. These merchant processing fees are applied to the underlying sales of consumers passing through our platform and are predominantly based on a percentage of the consumer order value plus a fixed fee per transaction. For orders that result in a financing receivable, merchant processing fees are recognized over the duration of the underlying order using the effective interest method. For orders that do not result in a financing receivable, merchant processing fees are recognized at the time the sale is completed. Merchant processing fees totaled $14,843,752 and $17,814,002 for the three months ended September 30, 2024 and 2023, respectively, and $42,937,048 and $57,246,226 for the nine months ended September 30, 2024 and 2023, respectively.
 We also earn income from partners on consumer transactions. This income includes interchange fees earned through our virtual card solution and promotional incentives with third parties. Virtual card interchange income is recognized over the duration of the underlying order using the effective interest method and promotional incentives are recognized as they are earned during the promotional period. Partner income totaled $7,048,498 and $4,445,823 for the three months ended September 30, 2024 and 2023, respectively, and $17,009,956 and $9,355,137 for the nine months ended September 30, 2024 and 2023, respectively.
 Transaction income also includes income from consumer fees that are related to processing orders and payments. Such fees are assessed when consumers choose to make an installment payment, excluding the first installment, using a card pursuant to state law, or when a payment method fails when attempting to make an installment payment. These fees are recognized at the time the fee is assessed to the extent the fee is reasonably collectible and totaled $14,505,044 and $4,786,304 for the three months ended September 30, 2024 and 2023, respectively, and $32,149,318 and $12,269,101 for the nine months ended September 30, 2024 and 2023, respectively.
 Subscription Revenue
 We offer our consumers the ability to subscribe to two paid services: Sezzle Premium and Sezzle Anywhere. Sezzle Premium allows consumers to shop at select large, non-integrated premium merchants, along with other benefits, for a recurring fee. Sezzle Anywhere allows consumers to use their Sezzle Virtual Card at any merchant online or in-store, subject to certain merchant, product, goods, and service restrictions, for a recurring fee. Subscription fees are recognized straight-line over the subscription period.
 Income from Other Services
 Income from other services includes all other incomes earned from merchants, consumers, and other third parties not included in transaction income or subscription revenue. This includes late payment fees, gateway fees, and marketing revenue earned from affiliates. Late payment fees are assessed to consumers who fail to make a timely principal payment. Late payment fees are recognized at the time the fee is charged to the consumer to the extent the fee is reasonably collectible. Late payment fees totaled $6,844,629 and $2,557,529 for the three months ended September 30, 2024 and 2023, respectively, and $13,528,076 and $7,018,990 for the nine months ended September 30, 2024 and 2023, respectively.</div><div>Disaggregation of Total Revenue</div><div>

Revenue is recognized ratably over the duration of the performance obligation. All performance obligations are fully satisfied within one year or less of receiving payment. Payment received for performance obligations not yet satisfied are recorded as deferred revenue on the consolidated balance sheets until such performance obligations are satisfied. Subscription revenue to be recognized over the remaining duration of outstanding performance obligations was $4,373,270 and $2,643,230 as of September 30, 2024 and December 31, 2023, respectively. Of the deferred revenue as of December 31, 2023, $2,602,536 was recognized during the nine months ended September 30, 2024.</div><div>

platform. Consumer installment payment plans are generally interest-free and consist of four installments, with the first payment made at the time of purchase and subsequent payments due every two weeks thereafter. We purchase certain receivables related to installment payment plans extended to consumers in the United States by an independent chartered financial institution (“originating partner”) and are responsible for servicing such receivables. All other consumer installment payment plans are originated by us. Our notes receivable represents amounts due from consumers primarily for outstanding principal on installment payment plans made on our platform that we have either originated or purchased from our originating partner. Our notes receivable are generally due within 42 days.
 We classify all of our notes receivable as held for investment, as we have the intent and ability to hold these investments for the foreseeable future or until maturity or payoff. Since our portfolio is comprised of one product segment, point-of-sale unsecured installment loans, we evaluate our notes receivable as a single, homogenous portfolio and make merchant-specific or other adjustments as necessary. Our notes receivable are reported at amortized cost, which primarily includes unpaid principal, adjusted for unearned transaction income, direct loan origination costs, and charge-offs. The amortized cost basis is adjusted for the allowance for credit losses within notes receivable, net.
 As of September 30, 2024 and December 31, 2023, our notes receivable at amortized cost was comprised of the following:

 Deferred transaction income is primarily comprised of unrecognized merchant fees, which are recognized over the duration of the note with the consumer and are recorded as an offset to transaction income on the consolidated statements of operations and comprehensive income. Our notes receivable had a weighted average days outstanding of 34 days.
 We closely monitor credit quality for our notes receivable to manage and evaluate our related exposure to credit risk. When assessing the credit quality and risk of our portfolio, we monitor a variety of internal risk indicators and consumer attributes that are shown to be predictive of ability and willingness to repay, and combine these factors to establish an internal, proprietary score as a credit quality indicator (the “Prophet Score”). We evaluate the credit risk of our portfolio by grouping Prophet Scores into three buckets that range from A to C, with receivables having an “A” rating representing the highest credit quality and lowest likelihood of loss. Our risk and fraud team closely monitors the distribution of Prophet Scores for signs of changes in credit risk exposure and portfolio performance. The risk and fraud team also regularly

*evaluates the integrity of the Prophet Score machine learning model and updates it as necessary, but at least annually. We last updated the Prophet Score model in October 2023.

 We maintain an allowance for credit losses at a level necessary to primarily absorb expected credit losses on principal receivables from consumers. The allowance for credit losses is determined based on our current estimate of expected credit losses over the remaining contractual term and incorporates evaluations of known and inherent risks in our portfolio, historical credit losses, consumer payment trends, estimates of recoveries, current economic conditions, and reasonable and supportable forecasts. We regularly assess the adequacy of our allowance for credit losses and adjust the allowance as necessary to reflect changes in the credit risk of our notes receivable. Any adjustment to the allowance for credit losses is recognized in net income through the provision for credit losses on our consolidated statements of operations and comprehensive income. While we believe our allowance for credit losses is appropriate based on the information available, actual losses could differ from the estimate.
 In estimating the allowance for credit losses, we utilize a roll rate analysis of delinquent and current notes receivable. Roll rate analysis is a technique used to estimate the likelihood that a loan progresses through various stages of delinquency and eventually charges off. We segment our notes receivable into delinquency statuses and semi-monthly vintages for the purpose of evaluating historical performance and determining the future likelihood of default.

 Late payment fees are applied to principal installments that are delinquent, subject to regulations within specific state jurisdictions. Any late payment fees associated with a delinquent payment are considered to be the same number of days delinquent as the principal payment. Late payment fees receivable, net, is comprised of outstanding late payment fees that we reasonably expect to collect from our consumers. As of September 30, 2024 and December 31, 2023, gross late payment fees receivable totaled $3,955,290 and $1,821,002, respectively.
 We maintain an allowance for other credit losses at a level necessary to absorb expected credit losses on late payment fees receivable from our consumers. Any amounts delinquent after 90 days are charged off with an offsetting reversal to the allowance for other credit losses. Any adjustment to the*

allowance for other credit losses is recognized in net income through an offset to total revenue on our consolidated statements of operations and comprehensive income. Payments recovered after 90 days are recognized as a reduction to the allowance for other credit losses in the period the receivable is recovered.

 Receivables from merchants primarily represent amounts due to us from our long-term lending partners for processing applications and referring potential consumers to them. Such transactions are settled with the merchant for the full purchase price at the point of sale and we separately invoice our long-term lending partners for the fees due to us. Expected losses on merchant fees receivable are minimal, therefore, there is no allowance for credit losses recorded.

 2024 Credit Agreement
 On April 19, 2024, we entered into a secured revolving credit facility (the "2024 Credit Agreement") with Bastion Funding VI LP. The 2024 Credit Agreement has a borrowing capacity of up to $150,000,000 and a maturity date of April 19, 2027. The borrowing base is 85% of pledged, eligible notes receivable, increased to 90% based on the loss rates of the underlying collateral. Eligible notes receivable are defined as notes receivable from consumers from the United States or Canada that are less than 30 days past due and fall within certain term and principal criteria.
 Our 2024 Credit Agreement carries an interest rate of 3-month Term U.S. Federal Reserve Secured Overnight Financing Rate ("SOFR") plus 6.75%, with a SOFR floor rate of 2.0%. Interest on borrowings is due on collection dates as specified in the loan agreement, typically monthly. We incur an unused facility fee of 0.5% per annum on the difference between the maximum borrowing capacity and the amount of principal outstanding. We are also required to maintain a minimum outstanding balance of $60,000,000. The 2024 Credit Agreement contains customary representations, warranties, affirmative and negative covenants, events of default (including upon change of control or collateral loss rates exceeding pre-determined levels), and indemnification provisions in favor of the lenders. The negative covenants limit our ability to incur or guarantee additional indebtedness; make investments or other restricted payments; acquire assets or form or acquire subsidiaries; create liens; sell assets; pay dividends or make other distributions or repurchase or redeem capital stock; engage in certain transactions with affiliates; enter into agreements that restrict the creation or incurrence of liens other than liens securing the new 2024 Credit Agreement and related documents; engage in liquidations, mergers, or consolidations; and make any material amendment, modification, or supplement to our credit guidelines or servicing guide, in each case subject to certain exceptions and qualifications. We are also subject to financial covenants, which require us to meet financial tests related to collection rates, default rates, leverage, tangible net worth, and liquidity.
 In connection with entering into the 2024 Credit Agreement, we recognized a $259,706 loss on the extinguishment of our previous line of credit primarily related to unamortized debt issuance costs.</div>95000000 132032570 131379797 17887829 3534848 <div>Expenses related to our line of credit for the three and nine months ended September 30, 2024 and 2023 were as follows:</div><div>

all outstanding warrants originally denominated in Australian dollars to US dollars. As a result of the amendment, the warrants were no longer subject to foreign currency fluctuations and became considered indexed directly to our stock price and, on the date of amendment, we converted the warrants from a liability to stockholders' equity within the consolidated balance sheets. The amount converted totaled $2,228,813.
 Prior to converting our warrant liabilities, we revalued them to their fair value as of each reporting date using a Black-Scholes valuation model, which is calculated using Level 3 inputs. The primary unobservable input used in determining the fair value of the warrant liabilities is the expected volatility of our common stock. On the conversion date, we revalued the warrants using the Black-Scholes valuation model using a risk-free interest rate of 4.2%, expected volatility of 139.1%, and an expected life of 5.6 years, resulting in an estimated fair value of $40.81 per warrant.  Our originating partner entered into a five-year strategic partnership program with us by executing a Loan and Receivables Sale Agreement and Marketing and Servicing Agreement, effective September 27, 2024. We have a direct obligation to purchase receivables extended to consumers by our originating partner. As of September 30, 2024, we had an obligation to purchase $17,711,358 of receivables from our originating partner. P5Y 17711358 Income Taxes Income tax expense (benefit) was $2,162,989 and $15,874 for the three months ended September 30, 2024 and 2023, respectively, and ($13,567,130) and $48,024 for the nine months ended September 30, 2024 and 2023, respectively. We assess all relevant positive and negative evidence to determine if our existing deferred tax assets can be realized at each reporting date. As of September 30, 2024, significant pieces of positive evidence include our cumulative taxable income earned over a two-year period, which is objective and verifiable, and consideration of our expected future taxable earnings. Based on our assessment, we concluded that it is more likely than not that our U.S. federal and state deferred tax assets are realizable. As a result, we recorded a discrete tax benefit of $14,941,204 for the release of our valuation allowance during the nine months ended September 30, 2024. As of September 30, 2024 and December 31, 2023, we had a $8,349,879 and $32,478,033 valuation allowance recorded against our net deferred tax assets, respectively. Additionally, during the three months ended September 30, 2024 we recognized discrete tax benefits primarily related to excess tax benefits on equity based compensation totaling approximately $0.7 million.</div> 2162989 15874 -13567130 48024 -14941204 8349879 32478033 -700000 Net Income Per Share<div>Basic net income per share is computed by dividing net income for the period by the weighted-average number of shares outstanding during the period, including repurchases carried as treasury stock.
