It is estimated that approximately $9.9 million included in Accumulated other comprehensive income related to derivatives will be reclassified as a reduction to interest expense within the next twelve months. As of September 30, 2024 and December 31, 2023, no derivatives were designated as fair value hedges or hedges of net investments in foreign operations. The Company manages economic risks, including interest rate, liquidity and credit risk, primarily by managing the amount, sources and duration of its debt funding and, from time to time, through the use of derivative financial instruments. The Company enters into derivative financial instruments to manage exposures that result in the receipt or payment of future known and uncertain cash amounts, the values of which are determined by interest rates. The Company's derivative financial instruments are used to manage differences in the amount, timing and duration of the Company's known or expected cash receipts and its known or expected cash payments principally related to the Company's investments and borrowings.</p><p style="font-size:10pt;margin-top:12pt;font-family:Times New Roman;margin-bottom:0;text-align:justify;">The Company is exposed to credit risk in the event of non-performance by the counterparties to the swaps if the derivative position has a positive balance. The Company believes it mitigates its credit risk by entering into swaps with major financial institutions. The Company continually monitors and actively manages interest costs on its variable-rate debt portfolio and may enter into additional interest rate swap positions or other derivative interest rate instruments based on market conditions. </p><p style="font-size:10pt;margin-top:12pt;font-family:Times New Roman;margin-bottom:0;text-align:justify;">Credit Risk-Related Contingent Features</p><p estimated fair value of these financial instruments using a discounted cash flow model with rates that take into account the credit of the borrower or tenant, where applicable, and changes in interest rates. The Company also considered the value of the underlying collateral, taking into account the quality of the collateral, the credit quality of the borrower, the time until maturity and the current market interest rate environment. Amounts exclude discounts and loan costs. The estimated market rates are between 3.68% to 12.96% for the Company's notes receivable and City Point Loan, and 4.68% to 7.82% for the Company's mortgage and other notes payable, depending on the attributes of the specific loans. (b) Includes the Operating Partnership's cost-method investment in Fifth Wall (Note 4), (c) The Company determined the estimated fair value of the unsecured notes payable and unsecured line of credit using quoted market prices in an open market with limited trading volume where available. The Company also considered the value of the underlying collateral, taking into account the quality of the collateral, the credit quality of the borrower, the time until maturity and the current market interest rate environment. Amounts exclude discounts and loan costs. The estimated market rates are between 3.68% to 12.96% for the Company's notes receivable and City Point Loan, and 4.68% to 7.82% for the Company's mortgage and other notes payable, depending on the attributes of the specific loans. (b) Includes the Operating Partnership's cost-method investment in Fifth Wall (Note 4). (c) The Company determined the estimated fair value of the unsecured notes payable and unsecured line of credit using quoted market prices in an open market with limited trading volume where available. In cases where there was no trading volume, the Company determined the estimated fair value using a discounted cash flow model using a rate that reflects the average yield of similar market participants.

Commitments and Contingencies The Company is involved in various matters of litigation arising out of, or incidental to, its business. While the Company is unable to predict with certainty the outcome of any particular matter, management does not expect, when such litigation is resolved, that the Company's resulting exposure to loss contingencies, if any, will have a material adverse effect on its consolidated financial position or results of operations. Commitments and Guaranties From time to time, the Company (or ventures in which the Company has an ownership interest) has agreed, and may in the future agree, to guarantee portions of the principal, interest and other amounts in connection with their borrowings, provide customary environmental indemnifications and nonrecourse carve-outs (e.g., guarantees against fraud, misrepresentation and bankruptcy) in connection with their borrowings and provide guarantees to lenders, tenants and other third parties for the completion of development projects. With respect to borrowings of our consolidated entities, the Company and certain subsidiaries of the Company have guaranteed $72.5 million of principal payment guarantees on various property mortgage loans and the Fund IV secured bridge facility (Note 7). As of September 30, 2024 and December 31, 2023, no amounts related to the guarantees were recorded as liabilities in the Company's condensed consolidated financial statements. As of September 30, 2024, the Company had no Core or Investment Management letters of credit outstanding, and as of December 31, 2023, the Company had no Core letters of credit outstanding and had Investment Management letters of credit of $2.0 million outstanding. The Company has not recorded any obligation associated with these letters of credit. The majority of the letters of credit are collateral for existing indebtedness and other obligations of the Company. Additionally, in connection with the refinancing of the La Frontera Village (Note 4) property mortgage loan of $57.0 million, which is collateralized by the investment property, Fund V guaranteed the joint venture's obligation under the loan. Fund V earned a fee from the joint venture for providing the guarantee. As of September 30, 2024, $0.2 million related to the guarantee was recorded as a liability in the Company's Condensed Consolidated Balance Sheets. In conjunction with the development and expansion of various properties, the Company has entered into agreements with general contractors for the construction or development of properties aggregating approximately $98.9 million and $15.8 million, of which the Company's share is $96.9 million and $12.5 million as of September 30, 2024 and December 31, 2023, respectively. The Company has committed client-related obligations for tenant improvements based on executed leases aggregating approximately $28.8 million and $25.7 million, of which the Company's share is $19.6 million and $14.6 million, as of September 30, 2024 and December 31, 2023, respectively. The timing and amounts of payments for tenant-related obligations are uncertain and may only be due upon satisfactory performance of certain conditions. Forfeiture of Deposits The Company entered into a purchase and sale agreement (together with subsequent amendments thereto) to sell its West Shore Expressway property in the Core Portfolio. At the request of the former potential buyer, the Company extended the closing date numerous times in exchange for additional non-refundable deposits and contributions towards the carrying costs of the property. The agreement terminated and expired by its terms in August 2023, and the deposit was forfeited to an affiliate of the Company, when, among other things, the former potential buyer failed to close on the property pursuant to the terms of the agreement. During the third quarter of 2023, the former potential buyer filed for Chapter 11 bankruptcy, which bankruptcy was dismissed during the fourth quarter of 2023, and as of March 31, 2024 is no longer subject to appeal. The Company recorded income of $3.5 million in Other revenues on the Condensed Consolidated Statements of Operations during the first quarter of 2024, related to the forfeiture of the non-refundable payments. ATM Program The Company has an at-the-market equity issuance program ("ATM Program") that provides the Company with an efficient vehicle for raising public equity capital to fund its needs. The Company entered into its current $250.0 million ATM Program, which includes an optional "forward sale" component, in the first quarter of 2022. As of September 30, 2024, 11,517,093 shares have been issued under the ATM Program and $2.7 million remains available for future share issuance. The Company did not sell or issue any Common Shares on a forward basis under its ATM program for the nine months ended September 30, 2024 or 2023. No such sales were made during the nine months ended September 30, 2023. Share Repurchase Program During 2018, the Company's board of trustees (the "Board") approved a new share repurchase program, which authorizes management, at its discretion, to repurchase up to $200.0 million of its outstanding Common Shares. The program does not obligate the Company to repurchase any specific number of Common Shares and may be discontinued or extended at any time. The Company did not repurchase any shares during the nine months ended September 30, 2024 or 2023. Under the share repurchase program $122.5 million remains available as of September 30, 2024.  (a) Noncontrolling interests in the Operating Partnership are comprised of (i) the limited partners' 2,054,386 and 2,864,074 Common OP Units as of September 30, 2024 and 2023, respectively; (ii) 188 Series A Preferred OP Units as of both September 30, 2024 and 2023; (iii) 66,519 and 126,384 Series C Preferred OP Units as of September 30, 2024 and 2023, respectively; and (iv) 4,670,297 and 4,207,550 LTIP units as of September 30, 2024 and 2023, respectively, as discussed in the Amended and Restated 2020 Plan (Note 13). Distributions declared for Preferred OP Units are reflected in net income (loss) in the table above. (b) Noncontrolling interests in partially-owned affiliates comprise third-party interests in Funds II, III, IV and V, and seven other subsidiaries. (c) Redeemable noncontrolling interests comprise third-party interests that have been granted put rights, as further described below. (d) Adjustment reflects the difference between the fair value of the consideration received or paid and the book value of the Common Shares, Common OP Units, Preferred OP Units, and LTIP Units involving changes in ownership. Redeemable Noncontrolling Interests Williamsburg Portfolio In connection with the Williamsburg Portfolio acquisition in February 2022, the venture partner has a one-time right to put its 50.01% interest in the property to the Company for redemption at fair value at a future date ("Williamsburg NCI"). As it was unlikely as of the acquisition date that the venture partner would receive any consideration on redemption due to the Company's preferential returns, the initial fair value of the Williamsburg NCI was determined to be zero. As of September 30, 2024, the Company determined there was no change in the fair value of the Williamsburg NCI. City Point Loan <span style="white-space:pre-wrap;font-size:10pt;font-family:Times New

Roman;min-width:fit-content;"> In August 2022, the Company provided a loan to other Fund II investors in City Point to fund the investors' pro rata contribution necessary to complete the refinancing of the City Point debt, of which $65.9 million was funded at closing ("City Point Loan"). The City Point Loan is collateralized by the investors' equity in City Point ("City Point NCI"). The City Point Loan, net of a $0.8 million allowance for credit loss as of September 30, 2024, is presented as a reduction of the City Point NCI balance. In connection with the City Point Loan, each partner has a one-time right to put its City Point NCI to the Company for redemption in exchange for the settlement of its proportion of the City Point Loan amount. As of September 30, 2024, the Company determined that the carrying value of the City Point NCI exceeded the maximum redemption value and no adjustment was required. 8833 Beverly Boulevard In July 2023, the Company entered into a limited partnership agreement to own and operate the 8833 Beverly Boulevard property. Following the formation of the partnership, the Company retained a 97.0% controlling interest. At a future point in time, either party may elect a buy-out right, where either the Company may purchase the venture partner's interest, or the venture partner may sell its 3.0% interest in the partnership (the "8833 Beverly NCI") to the Company for fair value. As a result of these redemption rights, the 8833 Beverly NCI was initially recorded at fair value. As of September 30, 2024, the redemption value of the 8833 Beverly NCI was $0.1 million. As of September 30, 2024, the Company determined that the carrying value exceeded the maximum redemption value and no adjustment was required. Preferred OP Units During 2016, the Operating Partnership issued 442,478 Common OP Units and 141,593 Series C Preferred OP Units to a third party to acquire Gotham Plaza (Note 4). The Series C Preferred OP Units have a value of $100.00 per unit and are entitled to a preferred quarterly distribution of $0.9375 per unit and are convertible into Common OP Units at a rate based on the share price at the time of conversion. If the share price is below $28.80 on the conversion date, each Series C Preferred OP Unit will be convertible into 3.4722 Common OP Units. If the share price is between $28.80 and $35.20, on the conversion date, each Series C Preferred OP Unit will be convertible into a number of Common OP Units equal to $100.00 divided by the closing share price. If the share price is above $35.20 on the conversion date, each Series C Preferred OP Unit will be convertible into 2.8409 Common OP Units. The Series C Preferred OP Units have a mandatory conversion date of December 31, 2025, at which time all units that have not been converted will automatically be converted into Common OP Units based on the same calculations. Through September 30, 2024, 75,074 Series C Preferred OP Units were converted into 260,475 Common OP Units and then into Common Shares. In 1999, the Operating Partnership issued 1,580 Series A Preferred OP Units in connection with the acquisition of a property, which have a stated value of $1,000 per unit, and are entitled to a preferred quarterly distribution of the greater of (i) $22.50 (9% annually) per Series A Preferred OP Unit or (ii) the quarterly distribution attributable to a Series A Preferred OP Unit if such unit was converted into a Common OP Unit. Through September 30, 2024, 1,392 Series A Preferred OP Units were converted into 185,600 Common OP Units and then into Common Shares. The 188 remaining Series A Preferred OP Units are currently convertible into Common OP Units based on the stated value divided by $7.50. Either the Company or the holders can currently call for the conversion of the Series A Preferred OP Units at the lesser of $7.50 or the market price of the Common Shares as of the conversion date.

the nine months ended September 30, 2024 and the year ended December 31, 2023 were $16.24 and $14.93, respectively. As of September 30, 2024, there was $20.0 million of total unrecognized compensation cost related to unvested share-based compensation arrangements granted under the Amended and Restated 2020 Plan. That cost is expected to be recognized over a weighted-average period of 1.5 years. The total fair value of Restricted Shares that vested during the nine months ended September 30, 2024 and the year ended December 31, 2023, was $1.0 million and $0.8 million, respectively. The total fair value of LTIP Units that vested (LTIP units vest primarily during the first quarter) during the nine months ended September 30, 2024 and the year ended December 31, 2023, was $7.2 million. Restricted Shares and LTIP Units - Employees During the nine months ended September 30, 2024, the Company issued 727,429 LTIP Units and 26,308 restricted share units (“Restricted Share Units”), to employees of the Company pursuant to the Amended and Restated 2020 Plan. These awards were measured at their fair value on the grant date, incorporating the following factors: • A portion of these annual equity awards is granted in performance-based Restricted Share Units or LTIP Units that may be earned based on the Company’s attainment of specified relative total shareholder returns (“Relative TSR”) hurdles or specified same-property net operating income growth (“Absolute SSNOI Growth”). • In the event the Relative TSR percentile falls between the 25th percentile and the 50th percentile, the Relative TSR vesting percentage is determined using a straight-line linear interpolation between 50% and 100% and in the event that the Relative TSR percentile falls between the 50th percentile and 75th percentile, the Relative TSR vesting percentage is determined using a straight-line linear interpolation between 100% and 200%. • Fifty percent (50%) of the performance-based LTIP Units will vest based on the Company’s total shareholder return (“TSR”) for the three-year forward-looking performance period relative to the constituents of the National Association of Real Estate Investment Trusts (“NAREIT”) Shopping Center Property Subsector and twenty five percent (25<span style="color:#000000;white-space:pre-wrap;font-size:10pt;font-family:Times New Roman;min-width:fit-

content;">%) on the Company's TSR for the three-year forward-looking performance period as compared to the constituents of the NAREIT Retail Property Sector (both on a non-weighted basis). • Twenty-five percent (25%) of the performance-based LTIP Units will vest based on the Company's same-property net operating income ("SSNOI") growth for the three-year forward-looking performance period. If the Company achieves annualized SSNOI growth between 2% and 3%, the Absolute SSNOI Growth vesting percentage is determined using a straight-line linear interpolation between 50% and 100% and in the event that the Company achieves annualized SSNOI growth between 3% and 4%, the Absolute SSNOI Growth vesting percentage is determined using a straight-line linear interpolation between 100% and 200%. • If the Company's performance fails to achieve the aforementioned hurdles at the culmination of the three-year performance period, all performance-based shares will be forfeited. Any earned performance-based shares vest in accordance with the applicable award agreements. For valuation of the 2024 and 2023 Performance Shares, a Monte Carlo simulation was used to estimate the fair values of the Relative TSR portion based on probability of satisfying the market conditions and the projected share prices at the time of payments, discounted to the valuation dates over the three-year performance periods. The assumptions include volatility (43.0% and 48.0%) and risk-free interest rates of (4.8% and 4.3%) for 2024 and 2023, respectively. The total fair value of the 2024 and 2023 Performance Shares will be expensed over the vesting period. The total fair value of the above Restricted Share Units and LTIP Units as of the grant date was $12.1 million for the nine months ended September 30, 2024 and $11.5 million for the year ended December 31, 2023. Total long-term incentive compensation expense, including the expense related to the Amended and Restated 2020 Plan, was $2.4 million and $2.3 million for the three months ended September 30, 2024, and 2023, respectively, and $7.0 million and $6.9 million for the nine months ended September 30, 2024 and 2023, respectively, and is recorded in General and administrative in the Condensed Consolidated Statements of Operations. The Restricted Share Units do not carry voting rights or other rights of Common Shares until vesting and may not be transferred, assigned or pledged until the recipients have a vested non-forfeitable right to such shares. Dividends are not paid currently on unvested Restricted Shares but are paid cumulatively from the issuance date through the applicable vesting date of such Restricted Shares. Total trustee fee expense, including the expense related to the Amended and Restated 2020 Plan, was $0.4 million and $0.4 million for the three months ended September 30, 2024 and 2023, respectively, and $1.2 million and $1.5 million for the nine months ended September 30, 2024 and 2023, respectively, and is recorded in General and administrative in the Condensed Consolidated Statements of Operations. Earnings Peer Common Share Basic earnings per Common Share is computed by dividing net income attributable to Common Shareholders by the weighted-average Common Shares outstanding (Note 10). During the periods presented, the Company had unvested LTIP Units which provide for non-forfeitable rights to dividend equivalent payments. Accordingly, these unvested LTIP Units are considered participating securities and are included in the computation of basic earnings per Common Share pursuant to the two-class method. Diluted earnings per Common Share reflects the potential dilution of the conversion of obligations and the assumed exercises of securities including the effects of Restricted Share Units issued under the Company's Amended and Restated 2020 Plan (Note 13). The effect of such shares is excluded from the calculation of earnings per share when anti-dilutive as indicated in the table below. The effect of the conversion of Common OP Units is not reflected in the computation of basic and diluted earnings per share, as they are exchangeable for Common Shares on a one-for-one basis. The income allocable to such units is allocated on this same basis and reflected as noncontrolling interests in the accompanying condensed consolidated financial statements. As such, the assumed conversion of these units would have no net impact on the determination of diluted earnings per share. <table style="margin-left:auto;border-spacing:0;table-layout:fixed;width:100.0%;border-collapse:separate;margin-right:auto;"> <tr style="visibility:collapse;"> <td style="width:50.07%;box-sizing:content-box;"></td> <td style="width:1.3%;box-sizing:content-box;"></td> <td style="width:1%;box-sizing:content-box;"></td> <td style="width:9.182%;box-sizing:content-box;"></td> <td style="width:1%;box-sizing:content-box;"></td> <td style="width:1.3%;box-sizing:content-box;"></td> <td style="width:1%;box-sizing:content-box;"></td> <td style="width:9.182%;box-sizing:content-box;"></td> <td style="width:1%;box-sizing:content-box;"></td> <td style="width:1.3%;box-sizing:content-box;"></td> <td style="width:1%;box-sizing:content-box;"></td> <td style="width:9.182%;box-sizing:content-box;"></td> <td style="width:1%;box-sizing:content-box;"></td> </tr> <tr style="height:10pt;background-color:#ffffff;word-break:break-word;white-space:pre-wrap;text-align:left;"> <td style="vertical-align:bottom;"> </td> <td colspan="6" style="vertical-align:bottom;"> </td> <td colspan="6" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;"> Three Months Ended September 30, </td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #ffffff03;"> </td> <td style="vertical-align:bottom;"> </td> <td colspan="6" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;"> Nine Months Ended September 30, </td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #ffffff03;"> </td> </tr> <tr style="height:10pt;background-color:#ffffff;word-break:break-word;white-space:pre-wrap;"> <td style="vertical-align:bottom;"> (dollars in thousands, except per share data) </td> <td style="vertical-align:bottom;text-align:left;"> </td> <td colspan="2" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> 2024 </td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #ffffff03;text-align:left;"> </td> <td style="vertical-align:bottom;text-align:left;"> </td> <td colspan="2" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> 2023 </td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #ffffff03;text-align:left;"> </td> <td style="vertical-align:bottom;text-align:left;"> </td> <td colspan="2" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"><p style="font-

During the periods presented, the Company had unvested LTIP Units which provide for non-forfeitable rights to dividend equivalent payments. Accordingly, these unvested LTIP Units are considered participating securities and are included in the computation of basic earnings per Common Share pursuant to the two-class method. Diluted earnings per Common Share reflects the potential dilution of the conversion of obligations and the assumed exercises of securities including the effects of Restricted Share Units issued under the Company's Amended and Restated 2020 Plan (Note 13). The effect of such shares is excluded from the calculation of earnings per share when anti-dilutive as indicated in the table below. The effect of the conversion of Common OP Units is not reflected in the computation of basic and diluted earnings per share, as they are exchangeable for Common Shares on a one-for-one basis. The income allocable to such units is allocated on this same basis and reflected as noncontrolling interests in the accompanying condensed consolidated financial statements. As such, the assumed conversion of these units would have no net impact on the determination of diluted earnings per share. The effect of the conversion of Common OP Units is not reflected in the computation of basic and diluted earnings per share, as they are exchangeable for Common Shares on a one-for-one basis0.01 Variable

interest Entities Pursuant to GAAP consolidation guidance, the Company consolidates certain VIEs for which the Company is the primary beneficiary. As of September 30, 2024 and December 31, 2023, the Company has identified seven consolidated VIEs, including the Operating Partnership and the Funds. Excluding the Operating Partnership and the Funds, the VIEs consisted of three in-service core properties; the Williamsburg Portfolio, 239 Greenwich Avenue, and 8833 Beverly Boulevard. The Operating Partnership is considered a VIE in which the Company is the primary beneficiary because the limited partners do not have substantive kick-out or participating rights. The Company consolidates these VIEs because it is the primary beneficiary in which the Company has (i) the power to direct the activities of the entity that most significantly impact the entity's economic performance, and (ii) the obligation to absorb the entity's losses or receive benefits from the entity that could potentially be significant to the entity. The third parties' interests in these consolidated entities are reflected as noncontrolling interests and redeemable noncontrolling interests in the accompanying condensed consolidated financial statements and in Note 10. The majority of the operations of these VIEs are funded with fees earned from investment opportunities or cash flows generated from the properties. The Company has not provided financial support to any of these VIEs that it was not previously contractually required to provide, which consists primarily of funding any capital commitments and capital expenditures, which are deemed necessary to continue to operate the entity and any operating cash shortfalls the entity may experience. Since the Company conducts its business through and substantially all of its interests are held by the Operating Partnership, substantially all of the assets and liabilities on the Condensed Consolidated Balance Sheets represent the assets and liabilities of the Operating Partnership. As of September 30, 2024 and December 31, 2023, the Condensed Consolidated Balance Sheets include the following assets and liabilities of the consolidated VIEs of the Operating Partnership: <table Unconsolidated VIEs The Company holds variable interests in certain VIEs which are not consolidated. While the Company may be responsible for managing the day-to-day operations of these investees, it is not the primary beneficiary of these VIEs, as the Company does not hold unilateral power over activities that, when taken together, most significantly impact the respective VIE's economic performance. The Company accounts for investments in these entities under the equity method (Note 4). As of September 30, 2024, the Company has determined that the following entities are unconsolidated VIEs. 1238 Wisconsin Avenue and the Georgetown Portfolio. The Company's involvement with these entities is in the form of direct and indirect equity interests and fee arrangements. The maximum exposure to loss in these entities is limited to: (i) the amount of the Company's equity investment and (ii) debt guarantees (Note 9).
