CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

This Quarterly Report on Form 10-Q and the information incorporated herein by reference contain certain statements that constitute "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended (the "Securities Act"), and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and the "safe harbor" provisions of the United States Private Securities Litigation Reform Act of 1995. In some cases, you can identify these forward-looking statements by the use of terms such as "expect," "anticipate," "believe," "continue," "estimate," "intend," "may," "plan," "project," "seek," "should," "target," "will," or similar expressions, and variations or negatives of these words, but the absence of these words does not mean that a statement is not forward-looking. These forward-looking statements include, without limitation, statements regarding our ability to raise capital in the future, future financial performance, business strategies including future acquisitions, expansion plans including construction of future facilities, future results of operations, estimated revenues, losses, projected costs, prospects, plans and objectives of management. All statements other than statements of historical fact are statements that could be deemed forward-looking statements. These forward-looking statements are subject to known and unknown risks, uncertainties and other factors that may cause our actual results, levels of activity, performance, or achievements to differ materially from results expressed or implied in this Quarterly Report on Form 10-Q. The following factors, among others, could cause actual results to differ materially from those described in these forward-looking statements:

- Local Bounti's ability to generate significant revenue;
- the risk that Local Bounti may never achieve or sustain profitability;
- the risk that Local Bounti could fail to effectively manage its future growth;
- the risk that Local Bounti will fail to obtain additional necessary capital when needed on acceptable terms or at all;
- Local Bounti's ability to complete the build out of its current or additional facilities in the future;
- Local Bounti's reliance on third parties for construction, the risk of delays relating to material delivery and supply chains, and fluctuating material prices;
- Local Bounti's ability to scale its operations and decrease its cost of goods sold over time;
- the potential for damage to or problems with Local Bounti's facilities;

- the impact that current or future acquisitions, investments or expansions of scope of existing relationships have on Local Bounti's business, financial condition, and results of operations;
- unknown liabilities that may be assumed in acquisitions;
- restrictions contained in Local Bounti's debt facility agreements with Cargill Financial Services International, Inc. ("Cargill Financial");
- Local Bounti's ability to attract and retain qualified employees;
- Local Bounti's ability to develop and maintain its brand or brands;
- Local Bounti's ability to achieve its sustainability goals;
- Local Bounti's ability to maintain its company culture or focus on its vision as it grows;
- Local Bounti's ability to execute on its growth strategy;
- the risk of diseases and pests destroying crops;
- Local Bounti's ability to compete successfully in the highly competitive natural food market;
- Local Bounti's ability to defend itself against intellectual property infringement claims;
- Local Bounti's ability to effectively integrate the acquired operations of any CEA or similar operations which it acquires into its existing operations;
- changes in consumer preferences, perception, and spending habits in the food industry;
- the risk that seasonality may adversely impact Local Bounti's results of operations;
- Local Bounti's ability to repay, refinance, restructure, or extend its indebtedness as it comes due;
- Local Bounti's ability to comply with the continued listing requirements of the New York Stock Exchange ("NYSE");
- **Local Bounti's ability to implement any share repurchase program;** and
- the other factors discussed in Item 1A, "Risk Factors" of the Company's most recent Annual Report on Form 10-K and any updates to those factors set forth in Local Bounti's subsequent Quarterly Reports on Form 10-Q or Current Reports on Form 8-K.

The forward-looking statements contained herein are based on our current expectations and beliefs concerning future developments and their potential effects on our business. There can be no assurance that future developments affecting our business will be those that we have anticipated. These forward-looking statements involve a number of risks, uncertainties (some of which are beyond our control) or other assumptions that may cause actual results or performance to be materially different from those expressed or implied by these forward-looking statements. These risks and uncertainties include, but are not limited to, the "Risk Factors" identified in Part I, Item 1A of the Company's most recent Annual Report on Form 10-K. Moreover, we operate in a very competitive and rapidly changing environment. New risks and uncertainties emerge from time to time and it is not possible for us to predict all such risk factors, nor can we assess the effect of all such risk factors on our business or the extent to which any factor or combination of factors may cause actual results to differ materially from those contained in any forward-looking statements. Should one or more of these risks or uncertainties materialize, or should any of the assumptions prove incorrect, actual results may vary in material respects from those projected in these forward-looking statements.

In light of these risks and uncertainties, there is no assurance that the events or results suggested by the forward-looking statements will in fact occur, and you should not place undue reliance on these forward-looking statements. The forward-looking statements made by us in this Quarterly Report on Form 10-Q speak only as of the date made. Local Bounti undertakes no obligation, other than as required by applicable law, to update or revise its forward-looking statements, whether as a result of new information, subsequent events, anticipated or unanticipated circumstances or otherwise.

WEBSITE AND SOCIAL MEDIA DISCLOSURE

Investors and others should note that we routinely announce material information to investors and the marketplace using filings with the SEC, press releases, public conference calls, presentations, webcasts and our website. We also intend to use certain social media channels as a means of disclosing information about Local Bounti and our products to our customers, investors and the public (e.g., @Local Bounti and #LocalBounti on [Twitter](#) ~~X~~). The information posted on social media channels is not incorporated by reference in this Quarterly Report on Form 10-Q or in any other report or document we file with the SEC. While not all of the information that we post to our website or social media accounts is of a material nature, some information could be deemed to be material. Accordingly, we encourage investors, the media, and others to sign up for and regularly follow our social media accounts. Users may automatically receive email alerts and other information about Local Bounti by signing up for email alerts under the "Investors" section of our website at <https://investors.localbounti.com>.

ADDITIONAL INFORMATION

Unless the context indicates otherwise, references in this Quarterly Report on Form 10-Q to the "Company," "Local Bounti," "we," "us," "our" and similar terms refer to Local Bounti Corporation and its consolidated subsidiaries.

On June 15, 2023, we effected a 1-for-13 reverse stock split of our common stock. All common share and per share amounts throughout this Quarterly Report on Form 10-Q have been restated to reflect the 1-for-13 reverse stock split. See Note 2, *Summary of Significant Accounting Policies*, for additional detail.

LOCAL BOUNTI CORPORATION
NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

1. Business Description

Description of the Business

Local Bounti Corporation ("Local Bounti" or the "Company") was founded in August 2018 and is headquartered in Hamilton, Montana. The Company is a producer of sustainably grown living lettuce, herbs, and loose leaf lettuce. The Company is a controlled environment agriculture ("CEA") company that utilizes patent pending Stack & Flow

Technology™, which is a hybrid of vertical and hydroponic greenhouse farming, to grow healthy food sustainably and affordably. Through the Company's CEA process, its goal is to produce environmentally sustainable products in a manner that will increase harvest efficiency, limit water usage, and reduce the carbon footprint of the production and distribution process. **The Company's primary products include living butter lettuce as well as packaged salad and cress.**

2. Summary of Significant Accounting Policies

Basis of Presentation and Principles of Consolidation

Management of Local Bounti is responsible for the Unaudited Condensed Consolidated Financial Statements included in this document, which have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP"). The Unaudited Condensed Consolidated Financial Statements include the accounts of the Company and its wholly-owned subsidiaries. All significant intercompany accounts and transactions have been eliminated in the statements herein.

The Unaudited Condensed Consolidated Financial Statements do not include all of the disclosures required by GAAP for annual financial statements and should be read in conjunction with the audited Consolidated Financial Statements of the Company for the year ended December 31, 2022 (the "Annual Financial Statements") as filed with the SEC on March 31, 2023. In the opinion of the Company, the accompanying Unaudited Condensed Financial Statements contain all adjustments, consisting of only normal recurring adjustments, necessary to fairly present its financial position as of **June 30, 2023** September 30, 2023, its results of operations for the three and **six nine** months ended **June 30, 2023** September 30, 2023 and 2022, its cash flows for the **six nine** months ended **June 30, 2023** September 30, 2023 and 2022, and its stockholders' equity for the three and **six nine** months ended **June 30, 2023** September 30, 2023 and 2022. Results of operations for the interim periods are not necessarily indicative of the results to be expected for the full year ending December 31, 2023 or any future period. The Unaudited Condensed Consolidated Balance Sheet at December 31, 2022 was derived from the Annual Financial Statements but does not contain all of the footnote disclosures from the Annual Financial Statements.

Liquidity

The Company has incurred losses and generated negative cash flows from operations since its inception. At **June 30, 2023** September 30, 2023, **we** the Company had an accumulated deficit of **\$213.5 million** \$237.8 million and cash and cash equivalents and restricted cash of **\$33.9 million** \$18.3 million.

Cargill Financial expects to provide the Company with \$10 million of working capital subject to certain terms and conditions precedent. The Company anticipates closing this transaction in the fourth quarter of this year. The Company has also executed conditional commitment letters from a commercial finance lender for total potential financing of up to approximately \$230 million at a floating interest rate of Secured Overnight Financing Rate ("SOFR") plus a margin of 345 basis points per annum (equivalent to approximately 8.8% as of the filing date of this 10-Q Report) in order to fund its 2024 greenfield build and facility expansions. The Company expects to execute definitive documents for such financings in the first quarter of 2024, subject to negotiation of final terms and underwriting commitments.

The Company believes that **its** the additional \$10 million of working capital from Cargill Financial, the \$230 million from a commercial finance lender, the Company's current cash position, cash generated from **product sales, borrowing capacity, expected** and anticipated cash interest payment deferrals under **its** the Company's credit facilities with Cargill Financial **and its ability to secure financing, if necessary,** will be adequate to fund **the Company's** planned operations **of the Company for over** the next 12 months from the issuance of these Unaudited Condensed Consolidated Financial Statements.

The Company also believes additional cash can be secured through other debt or equity financings, if necessary. However, there can be no assurance that equity or debt financing will be available to the Company should it need it or, if available, that the terms will be satisfactory to the Company and not dilutive to existing shareholders. The Company's failure to raise capital as and when needed could have significant negative consequences for **our** its business, financial condition and results of consolidated operations.

Reverse Stock Split Stockholder Approval

On April 3, 2023, the Company's board of directors (the "Board") authorized an amendment to the Company's Certificate of Incorporation to, at the discretion of the Board, effect a reverse stock split of the shares of Local Bounti's common stock, at any time prior to June 30, 2024, at a ratio within a range of 1-for-2 to 1-for-25, with the exact ratio and effective time of the reverse stock split to be determined at the discretion of the Board without further approval or authorization of the Company's stockholders. The amendment was approved by stockholders at a special meeting of stockholders held on April 26, 2023. On June 4, 2023, the Board approved a 1-for-13 reverse stock split (the "Reverse Stock Split") of the Company's issued and outstanding shares of common stock, par value \$0.0001 per share. Trading of the Company's common stock on the NYSE commenced on a split-adjusted basis on June 15, 2023.

As a result of the Reverse Stock Split, every 13 shares of common stock issued and outstanding were automatically reclassified into one new share of common stock without any action on the part of the holders. The Company paid cash in lieu of fractional shares resulting from the Reverse Stock Split. Proportionate adjustments were made to the exercise prices and the number of shares underlying the Company's outstanding equity awards, as applicable, and warrants exercisable for shares of Common Stock, as well as to the number of shares issuable under the Company's equity incentive plans and certain existing agreements.

Accordingly, Also, for the Company's **publicly traded outstanding** warrants **trading under the symbol "LOCL WS,"** to purchase up to 81,139,179 shares of common stock, every 13 shares issuable under warrants became exercisable for one share of common stock at an exercise price of \$149.50 per share of common **stock.** **stock for the Company's publicly traded warrants and \$13.00 per share of common stock for the March 2023 Cargill Warrant.** See Note 9, *Stock-Based Compensation*, and Note 10, *Net Loss Per Share*, for more **information.** The common stock issued pursuant to the Reverse Stock Split will remain fully paid and non-assessable. The Reverse Stock Split did not affect the number of authorized shares of common stock or the par value of the common stock.

All share and per share amounts presented herein with respect to common stock have been retroactively adjusted to reflect the Reverse Stock Split for all periods presented.

There have been no material changes or updates to the Company's significant accounting policies from those described in the Annual Financial Statements except for the updates noted below.

Derivatives

Equity instruments issued in connection with debt and other equity instruments are required to be evaluated for derivative liability accounting treatment in accordance with Accounting Standards Codification ("ASC") 815, *Derivatives and Hedging*. Unless certain exception criteria are met, the freestanding financial instrument **or embedded feature** must be recognized as a separate liability and subsequently measured on the balance sheet at fair value in accordance with ASC 820, *Fair Value Measurement*.

The Company has evaluated the terms and features of its debt and equity instruments and identified a freestanding equity instrument (the March 2023 Cargill **Warrant, as defined below**) issued in connection with the Sixth Amendment **(as defined below)** that did not meet the criteria necessary to qualify for the derivative scope exception. **See Note 6, Debt, and Note 8, Fair Value Measurements, for more information related to the Sixth Amendment and the March 2023 Cargill Warrant, respectively.** Due to certain provisions that could result in the issuance of additional shares upon settlement, the warrant instrument did not meet the fixed-for-fixed criteria necessary for the instrument to be classified and recorded within equity. As a result, the warrant is accounted for at fair value until settled through exercise or expiration and is classified as a derivative liability **on in** the Unaudited Condensed Consolidated Balance Sheet at **June 30, 2023** **September 30, 2023**. The initial \$25.7 million fair value of the March 2023 Cargill Warrant was recorded as additional debt discount to the Facilities (as defined below) and a derivative liability in the "Warrant Liability" line item of the Unaudited Condensed Consolidated Balance Sheets. The change in fair value of the warrant will be remeasured each quarter until the instrument is settled or expires with changes in fair value recorded in "Change in fair value of warrant liability" in the Unaudited Condensed Consolidated Statements of Operations. The fair value of the warrant liability is determined using a Black-Scholes-Merton option pricing model. See Note 6, *Debt*, for more information.

Recently Adopted Accounting Pronouncements

In June 2016, the FASB issued ASU 2016-13, *Financial Instruments—Credit Losses (Topic 326)*, which amends the guidance on reporting credit losses for assets held at amortized cost and available for sale debt securities. For assets held at amortized cost, the amendment eliminates the probable initial recognition threshold in current GAAP and, instead, requires an entity to reflect its current estimate of all expected credit losses. The allowance for credit losses is a valuation account that is deducted from the amortized cost of the financial assets to present the net amount expected to be collected. The Company adopted this guidance on January 1, 2023 using the modified retrospective method. The adoption of this guidance did not have a material impact on the Company's Unaudited Condensed Consolidated Financial Statements.

Recently Issued Accounting Pronouncements

In August 2020, the FASB issued ASU 2020-06, *Debt—Debt with Conversion and Other Options (Subtopic 470-20) and Derivatives and Hedging—Contracts in Entity's Own Equity (Subtopic 815-40): Accounting for Convertible Instruments and Contracts in an Entity's Own Equity*, which simplifies the accounting for certain financial instruments with characteristics of liability and equity, including convertible instruments and contracts on an entity's own equity. The standard reduces the number of models used to account for convertible instruments, removes certain settlement conditions that are required for equity contracts to qualify for the derivative scope exception, and requires the if-converted method for calculation of diluted earnings per share for all convertible instruments. The standard is effective for the Company for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2023. Early adoption is permitted. The Company is currently evaluating the impact of this standard on its Consolidated Financial Statements.

3. Inventory

Inventory consisted of the following:

		June 30,	December 31,		September 30,	December 31,
		2023	2022		2023	2022
		(in thousands)			(in thousands)	
Raw materials	Raw materials	\$ 2,552	\$ 2,018	Raw materials	\$ 2,640	\$ 2,018

Agreements with Cargill Financial

As previously disclosed in the Company's Annual Financial Statements, Local Bounti Operating Company LLC ("Local Bounti Operating"), the Company and certain subsidiaries entered into with Cargill Financial a First Amendment, a Second Amendment, and a Third Amendment to the Credit Agreement, dated as of September 3, 2021, and the Subordinated Credit Agreement, dated as of September 3, 2021 (the "Original Credit Agreements," and the facilities thereunder, the "Senior Facility" and the "Subordinated Facility," respectively and, collectively, the "Facilities") (which are further described in the Annual Financial Statements) in March 2022, August 2022, and December 2022, respectively. As further described below, Local Bounti Operating, the Company, and certain subsidiaries entered into with Cargill Financial a Fourth Amendment, a Fifth Amendment, and a Sixth Amendment to the Original Credit Agreements (as so amended, collectively referred to as the "Amended Credit Agreements").

Fourth Amendment to the Original Credit Agreements

On January 6, 2023, Local Bounti Operating, the Company and certain subsidiaries entered into a Fourth Amendment to the Original Credit Agreements (the "Fourth Amendment") with Cargill Financial. The Fourth Amendment reduced the minimum liquidity covenant in each of the Original Credit Agreements from \$20.0 million to \$11.0 million.

Fifth Amendment to the Original Credit Agreements

On March 13, 2023, Local Bounti Operating, the Company and certain subsidiaries entered into a Fifth Amendment to the Original Credit Agreements (the "Fifth Amendment") with Cargill Financial. The Fifth Amendment (i) reduced the amount of cash required to be held in the debt service reserve account by approximately \$11.0 million until April 2, 2024, at which time the amount of cash required to be held in the debt service reserve account will be an amount equal to the sum of interest and principal payments that would be required under the Amended Credit Agreements for two calendar quarters; (ii) allowed for the payment in kind of the quarterly interest payment due and payable for the quarter ended March 31, 2023 and allowed for the payment in kind of the unused commitment fee payable for the quarter ended March 31, 2023 which amounted to \$4.3 million; and (iii) reduced the minimum liquidity covenant in each of the Amended Credit Agreements from \$11.0 million to \$1.0 million. The aggregate amount of outstanding loans and undrawn commitments under the Amended Credit Agreements remained at \$170.0 million (plus interest and fees paid in kind).

Sixth Amendment to the Original Credit Agreements

On March 28, 2023, Local Bounti Operating, the Company and certain subsidiaries entered into a Sixth Amendment to the Original Credit Agreements (the "Sixth Amendment") with Cargill Financial. The Sixth

Amendment, among other things, (i) expanded the Facilities from \$170.0 million to up to \$280.0 million (plus, in each case, interest and fees paid in kind), including capital to fund construction at the Company's facilities in Georgia, Texas, and Washington, subject to certain conditions and at Cargill Financial's discretion; (ii) allowed for the payment in kind of the quarterly interest payment due and payable for the quarter ending June 30, 2023 which amounted to \$5.0 million; and (iii) added a minimum production covenant based on a projected production forecast. In consideration for the improved flexibility and the expanded size of the Facilities, Local Bounti issued Cargill Financial 5.4 million warrants with a per share exercise price of \$13.00 per share (both number of warrants and per share exercise price adjusted for the Reverse Stock Split) and a 5-year term that expires on March 28, 2028 (the "March 2023 Cargill Warrant").

The Company evaluated the before and after cash flow changes resulting from the Fourth, Fifth and Sixth Amendments and concluded the change in cash flows underlying these cumulative amendments were not significantly different from the cash flows underlying the terms in the Original Credit Agreements; therefore, the Company accounted for these amendments as a modification rather than as an extinguishment. Consequently, the \$25.7 million fair value of the March 2023 Cargill Warrant was recorded as an additional debt discount that will amortize to interest expense over the remaining term of the Amended Credit Agreements. Fees paid to non-lender third parties as a result of the modification have been expensed as incurred.

Subsequent to the Sixth Amendment, the interest rate on the Subordinated Facility is 12.5% per annum and the interest rate on the Senior Facility is equal to SOFR plus a margin (which varies between 7.5% to 8.5% depending on the Senior Facility net leverage ratio) per annum, with accrued interest paid quarterly in arrears on the first business day of the subsequent quarter (and paid in cash beginning October 1, 2023) through the maturity date on September 3, 2028.

Principal payments under the Senior Facility are payable quarterly, beginning April 1, 2025, based on a 10-year straight line amortization schedule, with the remaining unpaid balance under both the Senior Facility and the Subordinated Facility due on the September 3, 2028 maturity date.

In accordance with the Original Credit Agreements, the Company is required to have a debt service reserve account which is shown as restricted cash and cash equivalents on the Unaudited Condensed Consolidated Balance Sheets. The Fifth Amendment and Sixth Amendment, taken together, reduced the minimum balance to maintain in the debt service reserve account to \$0 through March 31, 2025. From and after April 1, 2025, the minimum balance to maintain in the debt service reserve account will be increased to two quarters of scheduled interest payments and two quarters of scheduled principal payments.

The Amended Credit Agreements also contain certain financial covenants that become measurable and effective beginning in the third quarter of 2025, including debt coverage, net leverage, and interest coverage ratios. Additional covenants and other provisions exist that may limit or affect the timing of the Company's ability, among other things, to undergo a merger or consolidation, sell certain assets, create liens, guarantee certain obligations of third parties, make certain investments or acquisitions, and declare dividends or make distributions. The Facilities are secured with a first-priority lien against substantially all of the assets of the Company and its subsidiaries, including their intellectual property. The Company was in compliance with all applicable covenants as of June 30, 2023 September 30, 2023 other than the financial covenant set forth in Section 6.8(g) of the Amended Credit Agreements. On October 31, 2023, the Company, along with certain subsidiaries of the Company, entered into the Limited Covenant Waiver with Cargill Financial pursuant to which Cargill Financial waived the financial covenant set forth in Section 6.8(g) of the Amended Credit Agreements for the calendar quarter ended September 30, 2023.

7. Financing Obligation

On April 27, 2023, Hollandia Real Estate, LLC ("Hollandia"), a wholly-owned subsidiary of the Company, and STORE Master Funding XXXI, LLC ("STORE") consummated a \$35 million multi-site sale and leaseback transaction relating to the Carpinteria Facility and the Oxnard Facility (collectively, the "Hollandia Facilities").

In connection with the sale and leaseback transaction, Hollandia and STORE entered into a Master Lease Agreement (the "STORE Lease"), dated April 27, 2023 (the "Effective Date"). Pursuant to the STORE Lease, Hollandia will lease the Hollandia Facilities from STORE, subject to the terms and conditions of the STORE Lease.

The STORE Lease provides for an initial term of 25 years, commencing on the Effective Date and expiring on April 30, 2048 ("Initial Term"). Hollandia has four options to extend the Initial Term for separate renewal terms of five years each (together with the Initial Term, the "Lease Term"). Subject to adjustment as set forth in the STORE Lease, the combined annual minimum rent payable to STORE during the first year of the Lease Term is an amount equal to \$3.2 million (the "Base Annual Rent") with payments made monthly, subject to annual rent increases of three percent (3%) of the Base Annual Rent.

The STORE Lease contains certain representations, warranties, covenants, obligations, conditions, indemnification provisions and termination provisions customary for sale and leaseback transactions.

As part of the STORE Lease, Hollandia delivered to STORE a letter of credit in an amount equal to \$6.5 million as security for the full and faithful performance by Hollandia of the terms, provisions, covenants and conditions of the STORE Lease. In the event of default under the Lease, STORE shall have the right to draw on the letter of credit to satisfy any monetary obligations under the STORE Lease. The letter of credit shall be released after five (5) years, contingent on achieving certain financial metrics as specified in the STORE Lease. The \$6.5 million for the letter of credit is included in "Restricted cash" on the Unaudited Condensed Consolidated Balance Sheets.

The Company accounted for the STORE Lease as a financing transaction in accordance with ASC 842, Leases, as the STORE Lease was determined to be a finance lease. The presence of a finance lease indicates that control of the Hollandia Facilities has not transferred to STORE and, as such, the transaction was deemed a failed sale and leaseback and the proceeds from the sale and leaseback transaction are therefore accounted for as a financing obligation. The leased assets remain on the Unaudited Condensed Consolidated Balance Sheets and will continue to be depreciated over their original estimated useful lives, and the contractual lease payments will be allocated between interest expense (as imputed interest) and repayment of the \$35 million financing obligation through April 30, 2048, which is the end of the 25-year lease term and when the Company expects control of the leased assets to transfer to STORE. The Company utilized a rate of 11.06% to calculate imputed interest and recognized \$0.7 million and \$1.7 million of interest expense for the three and nine months ended June 30, 2023 September 30, 2023 related to the STORE Lease.

The following table summarizes future financing obligation payments for the Initial Term by fiscal year through April 30, 2048, when control of the leased assets is expected to transfer to STORE:

		STORE Lease Financing Obligation		STORE Lease Financing Obligation	
		(in thousands)		(in thousands)

8. Fair Value Measurements

The following table sets forth, by level within the fair value hierarchy, the accounting of the Company's financial assets and liabilities at fair value on a recurring and nonrecurring basis according to the valuation techniques the Company uses to determine their fair value:

		June 30, 2023					September 30, 2023							
		Level 1		Level 2		Level 3		Level 1		Level 2		Level 3		
		(in thousands)					(in thousands)							
Recurring fair value measurements	Recurring fair value measurements					Recurring fair value measurements								
Assets:	Assets:					Assets:								
Money market funds	Money market funds	\$	40,135	\$	—	\$	—	Money market funds	\$	18,231	\$	—	\$	—
Liabilities:	Liabilities:					Liabilities:								
March 2023 Cargill Warrant liability		\$	—	\$	—	\$	10,546							
March 2023 Cargill Warrant Liability						March 2023 Cargill Warrant Liability	\$	—	\$	—	\$	8,780		

(in thousands)

Recurring fair value measurements

Assets:

Money market funds	\$	13,997	\$	—	\$	—
--------------------	----	--------	----	---	----	---

The fair value of the Company's money market funds is determined using quoted market prices in active markets for identical assets.

The fair value of the March 2023 Cargill Warrant Liability is determined using a Black-Scholes-Merton option pricing model. The following table presents changes in the Level 3 fair value measurement for the warrant liability on a recurring basis:

		June 30,		September 30,
		2023		2023
		(in thousands)		(in thousands)
Balance as of March 28, 2023 (initial measurement)	Balance as of March 28, 2023 (initial measurement)	\$ 25,697	Balance as of March 28, 2023 (initial measurement)	\$ 25,697
Fair value measurement adjustments	Fair value measurement adjustments	(15,151)	Fair value measurement adjustments	(15,151)
Balance as of June 30, 2023	Balance as of June 30, 2023	\$ 10,546	Balance as of June 30, 2023	10,546
Fair value measurement adjustments			Fair value measurement adjustments	(1,766)
Balance as of September 30, 2023			Balance as of September 30, 2023	\$ 8,780

The key inputs into the Black-Scholes-Merton option pricing model used to determine the fair value of the 2023 Cargill Warrant Liability were as follows at their measurement dates:

Input	Input	June 30, 2023	March 28, 2023 (initial measurement)	Input	September 30, 2023	March 28, 2023 (initial measurement)
Share price	Share price	\$ 2.72	\$ 5.84	Share price	\$ 2.45	\$ 5.84
Risk-free interest rate	Risk-free interest rate	4.13%	3.63%	Risk-free interest rate	4.60%	3.63%
Volatility	Volatility	132%	135%	Volatility	128%	135%
Exercise price	Exercise price	\$ 13.00	\$ 13.00	Exercise price	\$ 13.00	\$ 13.00
Warrant life		4.7	5.0			
Warrant life (years)				Warrant life (years)	4.5	5.0
Dividend yield	Dividend yield	—%	—%	Dividend yield	—%	—%

As of June 30, 2023, September 30, 2023 and December 31, 2022, the carrying value of the Company's cash and cash equivalents, restricted cash, accounts receivable, accounts payable and accrued expenses approximated their respective fair values due to their short-term maturities. There were no transfers of financial instruments between Level 1, Level 2, and Level 3 during the periods presented.

9. Stock-Based Compensation*Restricted Common Stock Awards*

A summary of the restricted common stock awards ("RSAs") for the nine months ended June 30, 2023, September 30, 2023 is as follows:

		Number of Shares of Restricted Common Stock Awards₁	Average Grant-Date Fair Value₁		Number of Shares of Restricted Common Stock Awards₁	Average Grant-Date Fair Value₁
Unvested at December 31, 2022	Unvested at December 31, 2022	288,804	\$ 24.05	Unvested at December 31, 2022	288,804	\$ 24.05
Forfeited	Forfeited	(19,175)	\$ 36.27	Forfeited	(19,175)	\$ 36.27

Vested	Vested	(46,937)	\$	34.19	Vested	(46,937)	\$	34.19
Unvested at June 30, 2023		<u>222,692</u>	\$	20.83				
Unvested at September 30, 2023					Unvested at September 30, 2023	<u>222,692</u>	\$	20.83

(1) Share and per share amounts have been retroactively adjusted to reflect the Reverse Stock Split. See Note 2, *Summary of Significant Accounting Policies*, for additional detail.

Total expense of RSAs for the three and six nine months ended June 30, 2023 September 30, 2023 was \$0.3 million and \$0.5 \$0.9 million, respectively. Total expense of RSAs for the three and six nine months ended June 30, 2022 September 30, 2022 was \$0.9 \$1.8 million and \$1.8 \$3.6 million, respectively. As of June 30, 2023 September 30, 2023, the total compensation cost related to unvested RSAs not yet recognized is \$1.3 \$1.0 million. Unvested RSA expense not yet recognized is expected to be recognized over a weighted average period of 1.29 1.12 years.

Restricted Stock Units

A summary of the restricted stock units ("RSUs") activity for the six nine months ended June 30, 2023 September 30, 2023 is as follows:

		Number of RSUs ⁽¹⁾	Average Grant-Date Fair Value ⁽¹⁾			Number of RSUs ⁽¹⁾	Average Grant-Date Fair Value ⁽¹⁾
Unvested at December 31, 2022	Unvested at December 31, 2022	727,484	\$ 81.51	Unvested at December 31, 2022	Unvested at December 31, 2022	727,484	\$ 81.51
Granted	Granted	574,379	\$ 10.58	Granted	Granted	815,620	\$ 8.62
Forfeited	Forfeited	(12,763)	\$ 69.50	Forfeited	Forfeited	(59,648)	\$ 73.98
Vested	Vested	(342,900)	\$ 64.85	Vested	Vested	(386,141)	\$ 66.10
Vested, unsettled	Vested, unsettled	85,813	\$ 73.01	Vested, unsettled	Vested, unsettled	42,289	\$ 73.33
Unvested and outstanding at June 30, 2023	Unvested and outstanding at June 30, 2023	<u>1,032,013</u>	\$ 47.00				
Unvested and outstanding at September 30, 2023	Unvested and outstanding at September 30, 2023			Unvested and outstanding at September 30, 2023	Unvested and outstanding at September 30, 2023	<u>1,139,604</u>	\$ 34.65

(1) Share and per share amounts have been retroactively adjusted to reflect the Reverse Stock Split. See Note 2, *Summary of Significant Accounting Policies*, for additional detail.

Total expense of RSUs, net of amounts capitalized, for the three and six nine months ended June 30, 2023 September 30, 2023 was \$4.1 \$2.9 million and \$9.9 \$12.8 million, respectively. Total expense of RSUs for the three and six nine months ended June 30, 2022 September 30, 2022 was \$10.9 \$9.1 million and \$21.0 \$30.0 million, respectively. As of June 30, 2023 September 30, 2023, the total compensation cost related to unvested RSUs not yet recognized is \$19.9 \$13.9 million. Unvested RSU expense not yet recognized is expected to be recognized over a weighted average period of 2.1 2.04 years.

10. Net Loss Per Share

Net loss per share is computed by dividing net loss by the weighted average number of common stock outstanding during the period. In computing net loss per share, the Company's unvested restricted common stock and warrants are not considered participating securities. Diluted loss per common share is the same as basic loss per common share for the three and six nine months ended June 30, 2023 September 30, 2023 and 2022 because the effects of potentially dilutive items were anti-dilutive given the Company's net loss. Diluted net loss per common share represents an adjustment to basic net loss per share attributable to common stockholders giving effect to all potential common shares that were dilutive and outstanding during the period.

The following table sets forth the computation of the Company's net loss per share attributable to common stockholders:

		Three Months Ended June 30, Six Months Ended June 30,					Three Months Ended September 30,		Nine Months Ended September 30,		
		(in thousands, except share and per share data) ⁽¹⁾					(in thousands, except share and per share data) ⁽¹⁾				
		2023	2022	2023	2022		2023	2022	2023	2022	
Net loss	Net loss	\$ (10,676)	\$ (31,663)	\$ (34,203)	\$ (57,435)	Net loss	\$ (24,258)	\$ (27,104)	\$ (58,461)	\$ (84,539)	
Weighted average common stock outstanding, basic and diluted	Weighted average common stock outstanding, basic and diluted	7,930,371	6,815,947	7,829,673	6,525,453	Weighted average common stock outstanding, basic and diluted	8,019,561	6,865,001	7,893,665	6,639,879	

Net loss per common share, basic and diluted	Net loss per common share, basic and diluted					Net loss per common share, basic and diluted					
		\$	(1.35)	\$	(4.65)	\$	(4.37)	\$	(8.80)		
								\$	(3.02)	\$	(3.95)
										\$	(7.41)
											\$ (12.73)

(1) Share and per share amounts have been retroactively adjusted to reflect the Reverse Stock Split. See Note 2, *Summary of Significant Accounting Policies*, for additional detail.

The following table discloses the weighted-average shares outstanding of securities that could potentially dilute basic net earnings per share in the future that were not included in the computation of diluted net loss per share as the impact would be anti-dilutive:

		Three Months Ended June 30,		Six Months Ended June 30,		Three Months Ended September 30,		Nine Months Ended September 30,	
		2023	2022	2023	2022	2023	2022	2023	2022
Restricted Stock ⁽¹⁾	Restricted Stock ⁽¹⁾	222,692	405,444	236,053	410,218	222,692	385,465	230,632	401,876
Warrants ⁽²⁾	Warrants ⁽²⁾	6,241,475	887,638	3,697,659	887,639	6,241,475	887,629	4,554,915	887,625

(1) Share amounts have been retroactively adjusted to reflect the Reverse Stock Split. See Note 2, *Summary of Significant Accounting Policies*, for additional detail.

(2) Subsequent to the Reverse Stock Split, every 13 common shares under warrants becomes exercisable for one share of common stock at an exercise price of \$149.50 per share of common stock for the Company's publicly traded warrants and \$13.00 per share of common stock for the March 2023 Cargill Warrant, which is reflected in the table above. See Note 2, *Summary of Significant Accounting Policies*, for additional detail.

11. Commitments and Contingencies

Legal Matters

The Company has and may become party to various legal proceedings and other claims that arise in the ordinary course of business. The Company records a liability when it believes that it is probable that a loss will be incurred, and the amount of loss or range of loss can be reasonably estimated. Management is currently not aware of any matters that it expects will have a material adverse effect on the financial position, results of operations, or cash flows of the Company.

12. Subsequent Events

Seventh Amendment to Credit Agreements

On October 2, 2023, the Company, along with certain subsidiaries of the Company, entered into a Seventh Amendment to the Original Credit Agreements (the "Seventh Amendment") with Cargill Financial to further amend the Original Credit Agreements. The Seventh Amendment allows for the payment in kind of the quarterly interest payments due and payable for the quarters ending September 30, 2023 and December 31, 2023.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion should be read in conjunction with our Unaudited Condensed Consolidated Financial Statements, including the Notes to those statements, included elsewhere in this Quarterly Report on Form 10-Q, and the section entitled "Cautionary Note Regarding Forward-Looking Statements" in this Quarterly Report on Form 10-Q. As discussed in more detail in the section entitled "Cautionary Note Regarding Forward-Looking Statements," this discussion contains forward-looking statements, which involve risks and uncertainties. Our actual results may differ materially from the results discussed in the forward-looking statements.

Our Mission and Vision

Our mission is to bring our farm to your kitchen. Our vision is to deliver the freshest, locally grown produce over the fewest food miles. We believe that happy plants make happy taste buds and we are committed to reimagining the standards of freshness. We also believe that local is the best kind of business, and we are committed to helping communities thrive for generations to come. We are committed to building empowered local teams. Together, we believe we are capable of extraordinary things.

Company Overview

Local Bounti is a controlled environment agriculture ("CEA") company that produces sustainably grown produce, focused today on living and loose leaf lettuce. Founded in 2018, and headquartered in Hamilton, Montana, Local Bounti utilizes its patent pending Stack & Flow Technology™ to grow healthy food sustainably and affordably. Our proprietary process is a hybrid, utilizing vertical farming in early plant growth, followed by greenhouse farming for final grow out. We designed our Stack & Flow Technology™ to give our products exactly what they need at every step of their growth cycle. Our goal is to grow in an environmentally sustainable manner that not only increases harvest efficiency and enhances unit economics, but also limits water usage and reduces the carbon footprint of the production and distribution process. Controlling the environmental

conditions in both the 'Stack' and 'Flow' components of our growing system helps to ensure healthy, nutritious, consistent, and delicious products that are non-genetically modified organisms ("non-GMO"). We use 90% less water, 90% less land, and significantly less pesticides and herbicides than traditional outdoor agriculture operations.

Our first facility in Hamilton, Montana (the "Montana Facility") commenced construction in 2019 and reached full commercial operation by the second half of 2020. In 2021, we successfully completed the expansion of our Montana Facility, more than doubling our production capacity. Immediately after expansion, this facility was dedicated equally to commercial production and research and development that focused on new products, technology and system design. Today, the majority of the Montana Facility is dedicated to commercial production, but we continue to utilize dedicated space for research and development to improve our existing and future facilities.

On April 4, 2022, Local Bounti acquired California-based complementary greenhouse farming company Hollandia Produce Group, Inc. and its subsidiaries (the "Pete's Acquisition"), which operate under the name Pete's ("Pete's"). Through the Pete's Acquisition, we significantly increased our growing footprint, now operating three additional greenhouse growing facilities, including two in California and one in Georgia, the latter of which became operational in July 2022. We now have distribution to approximately 13,000 retail locations across 35 U.S. states and Canadian provinces, primarily through direct relationships with blue-chip retail customers, including Albertsons, Sam's Club, Kroger, Target, Walmart, Whole Foods, and AmazonFresh. Today, our primary product is living butter lettuce – for which we are a leading provider with an approximate 80% share of the CEA market within the Western U.S.

We derive the majority of our revenue from the sale of produce. We grow and package fresh greens that are sold into existing markets and channels such as food retailers and food service distributors from our Montana and two California facilities, and beginning in the third quarter of 2022, from our Georgia facility.

We offer sales incentives to our customers, including temporary price reductions. We anticipate that these promotional activities could impact sales and that changes in such activities could impact period-over-period results. Sales may also vary from period to period depending on the purchase orders we receive, the volume and mix of products sold and the channels through which our products are sold. In response to realized cost inflation, we have implemented contractually allowable price increases which we anticipate to benefit from in 2023 and beyond.

We intend to increase our production capacity and expand our reach to new markets, new geographies, and new customers through either the building of new facilities or through the acquisition of existing greenhouse facilities which we would plan to update with our Stack & Flow Technology™. We conduct an ongoing build-versus-buy analysis whenever we decide to build a new facility or acquire an existing facility. We also expect to expand our product offering to new varieties of fresh greens, herbs, berries, and other produce. Additionally, we evaluate commercial opportunities as part of these expansion efforts on an ongoing basis.

In October 2022, we signed a five-year offtake agreement with Sam's Club for our leafy greens production starting at our greenhouse facility in Georgia. We continue to advance our expansion of the Georgia facility and further

enhance capacity with the addition of our Stack & Flow Technology™ to meet pent up demand for Local Bounti packaged salads to current customers and open the opportunity to earn new business in that region.

Commercial Facility Expansion Update

Byron, Georgia Facility Progress

Construction We finished the integration of the greenhouse Phase 1-B was completed in early second quarter and construction of Phase 1-C is well underway with approximately 90% of that building now enclosed. The remaining Stack zones that comprise Phase 1-C are expected to be completed in early in the fourth quarter October 2023. Our With this project reaching completion, our Stack & Flow Technology™ system is expected now fully functional. During the integration process, we also took the opportunity to add approximately 40% of incremental revenue generating capacity redesign our workflows and optimize our operations to account for the finished Georgia facility, which will be comprised of larger footprint (expanded from three to six acres of greenhouses greenhouse) and multiple climate, water, and spectral controlled the 40% greater capacity that is being generated by the Stack zones system.

Mount Pleasant, Texas Facility Progress

With the greenhouse structure largely complete, we will begin We began installation of the Stack zones and greenhouse growing systems in the third quarter of 2023 and continue to expect operations to commence later in the fourth quarter of 2023. The addition of this new facility in northeast Texas is expected to fortify our distribution in markets across Texas, Oklahoma, Louisiana, Mississippi, Arkansas, Kansas, and Missouri. Further, the facility is designed to provide additional capacity to meet existing demand from our direct relationships with blue-chip retailers and distributors throughout the region. The facility is still expected to commence operations in the fourth quarter of 2023.

Pasco, Washington Facility Progress

The structural steel work for the greenhouses greenhouse structure is now complete and glass installation overhead and underground infrastructure work is progressing. When complete, the facility will be comprised of three acres of greenhouse that will be supported by multiple Stack zones. The facility will help bolster our distribution capabilities in the Pacific Northwest and is still expected to commence operations early in the first quarter 2024, which reflects our decision to stagger construction to accommodate the commissioning of our Texas facility in the fourth quarter of 2023.

Recent Developments

Appointment We have also executed conditional commitment letters from a commercial finance lender for total potential financing of New Chief Executive Officer

Effective up to approximately \$230 million at a floating interest rate of SOFR plus a margin of 345 basis points per annum (equivalent to approximately 8.8% as of June 5, 2023, the Board appointed Anna Fabrega as filing date of this 10-Q Report) in order to fund our 2024 greenfield build and facility expansions. We expect to execute definitive

documents for such financings in the Chief Executive Officer first quarter of 2024, subject to negotiation of final terms and principal executive officer of the Company. Ms. Fabrega previously served as Chief Executive Officer of Freshly, LLC, a direct-to-consumer fresh prepared food subscription service, from October 2021 to November 2022. Ms. Fabrega initially joined Freshly as Chief Commercialization Officer in January 2021. Prior to joining Freshly, from October 2011 to January 2021, Ms. Fabrega served in successively more senior leadership roles with Amazon.com, Inc., including Managing Director of Amazon Go and Amazon Kitchen, Director of Amazon Go Category Leader, General Manager of Amazon Sports, and Senior Manager, Marketing and Third-Party Marketplace – Sporting Goods. Ms. Fabrega earned a B.A. in International Business from the University of Florida and an M.B.A. from the Kellogg School of Management at Northwestern University. underwriting commitments.

Factors Affecting Our Financial Condition and Results of Operations

We expect to expend substantial resources as we:

- identify and invest in future growth opportunities, including new product lines;
- complete construction and commissioning of new facilities in Pasco, Washington, and Mount Pleasant, Texas;
- integrate standardize operating and manufacturing processes across our facilities and continued integration of Pete's operations into our business;
- identify and invest in future growth opportunities, including new product lines;
- invest in product innovation and development;
- invest in sales and marketing efforts to increase brand awareness, engage customers and drive sales of our products; and
- incur additional general administration expenses, including increased executive, finance, legal and accounting expenses associated with being a public company, and growing operations.

Results of Operations

Three and Six Nine Months Ended June 30, 2023 September 30, 2023 compared to the Three and Six Nine Months Ended June 30, 2022 September 30, 2022

The following table sets forth our historical operating results for the periods indicated:

		Three Months Ended June 30,			Six Months Ended June 30,			Three Months Ended September 30,			Nine Months Ended September 30,		
		2023	2022	\$ Change	2023	2022	\$ Change	2023	2022	\$ Change	2023	2022	\$ Change
		(in thousands)			(in thousands)			(in thousands)			(in thousands)		
Sales	Sales	\$ 7,183	\$ 6,269	914	\$ 13,881	\$ 6,551	7,330	\$ 6,810	\$ 6,285	525	\$ 20,691	\$ 6,285	14,406

The following sections discuss and analyze the changes in the significant line items in our Unaudited Condensed Consolidated Statements of Operations for the comparative periods in the table above.

Sales

We derive the majority of our revenue from the sale of produce grown at our facilities. In response to realized cost inflation, we have implemented contractually allowable price increases which we anticipate to benefit from in during the remainder of 2023 and beyond.

Sales increased by \$0.9 \$0.5 million for the three months ended June 30, 2023 September 30, 2023, compared to the three months ended June 30, 2022 September 30, 2022. The increase was primarily due to an increase in sales from our Georgia facility, which became operational in July 2022, and also due to an increase in sales from our Montana facility.

Sales increased by \$7.3 \$7.9 million for the six nine months ended June 30, 2023 September 30, 2023, compared to the six nine months ended June 30, 2022 September 30, 2022. The increase was due primarily to the Pete's Acquisition at the beginning of April 2022 and also to a lesser extent due to an increase in sales from our Georgia facility, and Montana facilities.

Cost of Goods Sold

Cost of goods sold consists primarily of costs related to growing produce at our greenhouse facilities, including labor costs, which include wages, salaries, benefits, and stock-based compensation, seeds, soil, nutrients and other input supplies, packaging materials, depreciation, utilities and other manufacturing overhead. We expect that, over time, cost of goods sold will decrease as a percentage of sales, as a result of scaling our business.

Cost of goods sold increased by \$0.1 \$1.4 million for the three months ended June 30, 2023 September 30, 2023 compared to the three months ended June 30, 2022 September 30, 2022, due primarily to increased production volume related to an increase in sales increased demand for our products during the three months ended June 30, 2023 September 30, 2023 compared to the three months ended June 30, 2022 September 30, 2022 and to a lesser extent, an increase in the cost of labor, utilities, and production supplies caused partially supplies. Production volume and related gross margin was negatively impacted by weather-related variables at the Company's California facilities, which forced the temporary closure of a section of one of our facilities in the third quarter to repair damage, which have since been completed and the facility resumed normal production in October 2023. Production volume and related gross margin was also negatively impacted by lower utilization at our Georgia facility during the final implementation of vertical Stack towers.

Cost of goods sold increased by \$7.6 million for the nine months ended September 30, 2023, compared to the nine months ended September 30, 2022, due primarily to the factors described above for the three months ended September 30, 2023 and by the Pete's Acquisition on April 4, 2022. We also experienced an increase of \$0.7 million related to utilities price spikes in California and inclement weather-related costs that impacted yields at our California facilities. The extreme weather created some unique growing challenges that were exacerbated by facility damage that required repairs facilities during the first and maintenance. This resulted second quarter of 2023, and an increase in lower the cost of labor, utilities, and production which lead to a temporary decrease in fixed supplies. Also, cost absorption that has since been resolved. Cost of goods sold for the three nine months ended June 30, 2022 September 30, 2022 was negatively impacted due to by the fair value step-up to expected selling price of acquired inventory from the Pete's Acquisition during the second quarter of 2022. This acquired inventory was subsequently sold during the second quarter of 2022 at the stepped-up value or at a zero margin, which negatively impacted gross margin during the second quarter of 2022 by \$1.0 million or 16.6%.

Cost of goods sold increased by \$6.2 million for the six months ended June 30, 2023, compared to the six months ended June 30, 2022, due primarily to increased production volume related to an increase in sales during the six months ended June 30, 2023 compared to the six months ended June 30, 2022 driven by the Pete's Acquisition on April 4, 2022. We also experienced an increase of \$0.7 million related to utilities price spikes in California and inclement weather-related costs that impacted yields at our California facilities, and an increase in the cost of labor, utilities, and production supplies. Cost of goods sold for the six months ended June 30, 2022 was negatively impacted due to the fair value step-up to expected selling price of acquired inventory from the Pete's Acquisition during the second quarter of 2022. This acquired inventory was subsequently sold during the second quarter of 2022 at the stepped-up value or at a zero margin, which negatively impacted gross margin during the second quarter of 2022 by \$1.0 million or 15.9%.

Research and Development

Research and development expenses consist primarily of compensation to employees engaged in research and development activities, which include salaries, benefits, and stock-based compensation, overhead (including depreciation, utilities and other related allocated expenses), and supplies and services related to the development of our growing processes. Our research and development efforts are focused on the development of our processes utilizing our facilities, increasing production yields, developing new leafy green SKUs and value-added products such as grab-and-go salads, and exploring new crops, including berries. We focus our research and development efforts in areas we believe will generate future revenue and grow our intellectual property portfolio across process improvements, genetics, computer, vision, artificial intelligence, and process controls. We expect that, over the long term, research and development will decrease as a percentage of sales, as a result of the establishment of our growing process.

Research and development costs increased by \$0.5 \$2.0 million for the three months ended June 30, 2023 September 30, 2023 compared to the three months ended June 30, 2022 September 30, 2022 and increased by \$1.2 \$3.2 million for the six nine months ended June 30, 2023 September 30, 2023, compared to the six nine months ended June 30, 2022 September 30, 2022. The increase for both periods was due to increased investment in personnel, materials, supplies, and facility capacity usage for research and development purposes as we continue to expand our product offering and refine our growing process. We incurred costs for research and development of our production, harvesting, and post-harvest packaging techniques and processes, as well as production surplus costs related to the development and testing of our production processes.

Selling, General, and Administrative Expenses

Selling, general, and administrative expenses consist of employee compensation, including salaries, benefits, and stock-based compensation for our executive, legal, finance, information technology, human resources and sales and marketing teams, expenses for third-party professional services, Pete's Acquisition related integration costs, insurance, marketing, advertising, computer hardware and software, and amortization of intangible assets, among others.

Selling, general, and administrative expenses decreased by \$6.4 \$5.8 million for the three months ended June 30, 2023 September 30, 2023, compared to the three months ended June 30, 2022 September 30, 2022, primarily driven by a \$7.3 \$7.6 million decrease in stock-based compensation. Stock-based compensation decreased due to prior year awards that were issued at a significantly higher fair value as compared to the fair value of awards being expensed issued in prior periods becoming fully vested during the current

period, were fully vested period. The overall decrease in selling, general and administrative expenses was partially offset by an increase of \$0.8 million in professional, legal, accounting, and consulting fees, \$1.2 million related to loss on the disposal of fixed assets during the current period.

Selling, general, and administrative expenses decreased by \$11.8 \$17.7 million for the six nine months ended June 30, 2023 September 30, 2023, compared to the six nine months ended June 30, 2022 September 30, 2022, primarily driven by a \$12.7 \$20.3 million decrease in stock-based compensation due to prior year awards that were issued at a higher fair value, as compared to the fair value of awards being expensed in the current period, and were fully vested and expensed prior to the current year-to-date period, and a \$3.8 million \$4.0 million decrease in transaction costs due primarily to the Pete's Acquisition in the prior year. This Stock-based compensation decreased due to significantly higher fair value awards issued in prior periods becoming fully vested during the current period. The overall decrease in selling, general and administrative expenses was partially offset by an increase of \$1.4 million in professional, legal, accounting, and consulting fees related to our strategic transactions and potential business acquisitions due diligence activities, an increase of \$1.3 \$1.7 million in amortization of intangibles intangible assets acquired as part of the Pete's Acquisition, and an increase of \$0.8 million \$1.2 million in salaries, wages, and benefits due to increased headcount from Company growth and the Pete's Acquisition.

Change in Fair Value of Warrant Liability

The change in fair value of warrant liability includes the mark-to-market adjustments to the warrant liability to reflect its fair value as of the end of the reporting period. The decrease in fair value of the warrant liability is primarily due to the significant decrease in our closing stock price at June 30, 2023 September 30, 2023 compared to the closing stock price on the warrant issuance date. The period-end Local Bounti Corporation close stock price is a key input to the Black-Scholes-Merton option pricing model we use to measure and estimate the fair value of the warrant at the end of each reporting period.

Interest Expense, net

Interest expense consists primarily of contractual interest and amortization of debt issuance costs, net of interest capitalized for construction assets, related to the loans with Cargill Financial and also interest recognized per the terms of our financing obligation related to the Montana Facility and the Hollandia Facilities. We capitalize interest costs on borrowings during the construction period of major construction projects as part of the cost of the constructed assets.

Interest expense, net increased by \$1.0 \$2.0 million for the three months ended June 30, 2023 September 30, 2023, compared to the three months ended June 30, 2022 September 30, 2022. The increase is primarily due to a \$92.3 million \$118.8 million increase in the principal amount outstanding on the Senior Facility as well as a variable rate increase on the Senior Facility period over period, which increased interest expense by \$1.2 million \$1.3 million over the prior year period. Also contributing to the net increase was \$0.7 million of incremental interest expense related to the financing obligation for the Montana Facility and the Hollandia Facilities. We capitalized \$3.2 million \$4.2 million of interest related to the financing of our construction projects during the three months ended June 30, 2023 September 30, 2023. No such interest was capitalized during the three months ended June 30, 2022 September 30, 2022.

Interest expense, net increased by \$3.7 \$5.6 million for the six nine months ended June 30, 2023 September 30, 2023, compared to the six nine months ended June 30, 2022 September 30, 2022. The increase is primarily due to a \$92.3 million \$118.8 million increase in the principal amount outstanding on the Senior Facility as well as a variable rate increase on the Senior Facility period over period, which increased interest expense by \$4.0 million \$5.1 million over the prior year period. Also contributing to the net increase was \$0.7 million \$1.4 million of incremental interest expense for the financing obligation related to the Montana Facility and the Hollandia Facilities. We capitalized \$5.3 million \$9.5 million of interest during the six nine months ended June 30, 2023 September 30, 2023. No interest was capitalized during the six nine months ended June 30, 2022 September 30, 2022.

Liquidity and Capital Resources

We have incurred losses and generated negative cash flows from operations since our inception. At June 30, 2023 September 30, 2023, we had an accumulated deficit of \$213.5 million \$237.8 million and cash and cash equivalents and restricted cash of \$33.9 million \$18.3 million.

Cargill Financial expects to provide us with \$10 million of working capital subject to certain terms and conditions precedent. We anticipate closing this transaction in the fourth quarter of this year. We have also executed conditional commitment letters from a commercial finance lender for total potential financing of up to approximately \$230 million at a floating interest rate of SOFR plus a margin of 345 basis points per annum (equivalent to approximately 8.8% as of the filing date of this 10-Q Report) in order to fund our 2024 greenfield build and facility expansions. We expect to execute definitive documents for such financings in the first quarter of 2024, subject to negotiation of final terms and underwriting commitments.

As of June 30, 2023 September 30, 2023, the principal amount due under our credit facilities with Cargill Financial totaled \$223.2 million \$258.6 million, none of which is classified as current. These debt agreements contain various financial and non-financial covenants and certain restrictions on our business, which include restrictions on additional indebtedness, minimum liquidity and other financial covenants, and material adverse effects, that could cause us to be at risk of default. A failure to comply with the covenants and other provisions of these debt instruments, including any failure to make payments when required, would generally result in events of default under such instruments, which could result in the acceleration of a substantial portion of such indebtedness.

The CEA business is capital-intensive. Currently, our primary sources of liquidity and capital resources are cash on hand, cash flows generated from the sale of our products, and the Facilities with Cargill Financial. Cash expenditures over the next 12 months are expected to include interest payments on debt obligations, general operating costs for employee wages and related benefits, outside services for legal, accounting, IT infrastructure, and costs associated with growing, harvesting and selling our products, such as the purchase of seeds, soil, nutrients and other growing supplies, shipping and fulfillment costs, and facility maintenance costs.

We believe that the additional \$10 million of working capital cash from Cargill Financial, the \$230 million from a commercial finance lender, our current cash position, cash flow generated from product sales, and anticipated cash interest payment deferrals under our credit facilities with Cargill Financial will be adequate to fund our planned operations over the proceeds next 12 months from the sale leaseback transaction (see Note 7, *Financing Obligation*, in Notes to the issuance of these Unaudited Condensed Consolidated Financial Statements for Statements).

We also believe additional detail cash can be secured through other debt or equity financings, if necessary. However, there can be no assurance that equity or debt financing will be available to us should we need it or, if available, that the terms will be satisfactory to us and the borrowing capacity under our Facilities with Cargill Financial are sufficient not dilutive to fund our basic cash requirements for 12 months from the date of issuance of the Unaudited Condensed Consolidated Financial Statements. Also, while we believe the Facilities with Cargill Financial, as most recently amended, provide adequate resources and flexibility to fund our planned construction projects, our existing shareholders. Our future capital requirements and the adequacy of available funds will depend on many factors, including those set forth in Part I, Item 1A of the Company's most recent Annual Report on Form 10-K. In the event that our plans change, or our cash requirements are greater than we anticipate, we may need Our failure to curtail operations or delay construction activities, raise capital as and when needed could have significant negative consequences for its business, financial condition and results of consolidated operations.

Cargill Loans

In September 2021, the Company and Cargill Financial entered into the Senior Facility and the Subordinated Facility. Subsequent to the amendments described in Note 6, Debt, Cargill Financial may in its discretion provide advances under the Facilities of up to \$280.0 million (plus interest and fees paid in kind), including capital to fund construction at the Company's facilities in Georgia, Texas, and Washington, subject to certain conditions. As of June 30, 2023 September 30, 2023, a total of \$178.0 \$211.9 million and \$45.2 \$46.7 million was outstanding on the Senior Facility and the Subordinated Facility, respectively. The Senior Facility and the Subordinated Facility are included in "Long-term debt" on the Unaudited Condensed Consolidated Balance Sheets.

At June 30, 2023 September 30, 2023, our principal and estimated interest payment obligations for the Senior Facility and the Subordinated Facility are as follows⁽¹⁾:

(in thousands)	(in thousands)		(in thousands)			
Remainder of 2023	Remainder of 2023	\$	15,054	Remainder of 2023	\$	—
2024	2024		30,109	2024		26,218

Net Cash Used In Operating Activities

Net cash used in operating activities was \$16.1 million of \$26.0 million for the six nine months ended June 30, 2023 due to September 30, 2023 was driven by a net loss of \$34.2 million \$58.5 million. The net loss included a non-cash gain in fair value of warrant liability of \$15.2 million \$16.9 million. These amounts were partially offset by non-cash activities of \$10.4 million \$13.7 million in stock-based compensation expense, net of amounts capitalized, \$9.3 million \$15.8 million of paid-in-kind interest, \$3.4 million \$5.2 million in depreciation expense, \$3.4 million \$5.0 million in amortization expense, \$3.1 million \$5.2 million in amortization of debt issuance costs, and \$3.1 million \$2.7 million net increase of cash from changes in assets and liabilities.

Net cash used in operating activities was \$26.7 million of \$36.9 million for the six nine months ended June 30, 2022 due to September 30, 2022 was driven by a net loss of \$57.4 million. This was \$84.5 million, partially offset by non-cash activities of \$22.7 million \$33.6 million in stock-based compensation expense, \$1.9 million \$2.8 million in amortization of debt issuance costs, \$1.8 million \$3.5 million in depreciation expense, \$2.1 million \$3.4 million in amortization expense, and \$1.3 million \$3.5 million net increase of cash from changes in assets and liabilities.

Net Cash Used In Investing Activities

Net cash used in investing activities was \$76.2 million \$117.2 million for the six nine months ended June 30, 2023 September 30, 2023, due primarily to purchases of equipment and other items for the Washington, Georgia, and Texas facilities.

Net cash used in investing activities was \$142.7 million \$157.2 million for the six nine months ended June 30, 2022 September 30, 2022, due primarily to the acquisitions in the prior year, including the Pete's Acquisition for net cash outlay of \$91.4 million \$90.6 million and a property acquisition for net cash outlay of \$25.8 million. Additional cash used in investing activities related to \$25.5 million \$40.9 million of purchases of equipment and other items for the Washington, Georgia, and Montana facilities.

Net Cash Provided By Financing Activities

Net cash provided by financing activities was \$107.8 million \$136.6 million for the six nine months ended June 30, 2023 September 30, 2023, comprised of \$73.0 million \$101.9 million of proceeds from the issuance of debt and \$35.0 million of proceeds from the sale and leaseback transaction with STORE for the Hollandia Facilities. See Note 7, *Financing Obligation*, in Notes to the Unaudited Condensed Consolidated Financial Statements for additional detail on the sale and leaseback transaction.

Net cash provided by financing activities was \$109.5 million \$117.0 million for the six nine months ended June 30, 2022 September 30, 2022, due primarily to \$111.9 million \$119.4 million of proceeds from the issuance of debt with Cargill Financial. This was partially offset by the payment of debt issuance costs of \$2.3 million.

Critical Accounting Policies and Estimates

There have been no changes to the Company's critical accounting policies and estimates from those described under "Critical Accounting Policies and Estimates" in the Management's Discussion and Analysis of Financial Condition and Results of Operations of our Annual Report on Form 10-K for the year ended December 31, 2022, except as noted below and further discussed in Note 2 of the Unaudited Condensed Consolidated Financial Statements.

- The assessment and valuation of freestanding financial derivative instruments, which impacts gains or losses on such derivatives, the carrying value of debt, and interest expense.

Recent Accounting Pronouncements

For more information about recent accounting pronouncements, see Note 2 of the Unaudited Condensed Consolidated Financial Statements, which is incorporated into this Item 2 by reference thereto.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

We are a smaller reporting company as defined by Rule 12b-2 of the Exchange Act and are not required to provide the information under this item.

Item 4. Controls and Procedures

Limitations on effectiveness of control and procedures

In designing and evaluating our disclosure controls and procedures, management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives. In addition, the design of disclosure controls and procedures must reflect the fact that there are resource constraints and that management is required to apply judgment in evaluating the benefits of possible controls relative to their costs.

Evaluation of Disclosure Controls and Procedures

Our management, with the participation of our Chief Executive Officer and Chief Financial Officer, has evaluated our disclosure controls and procedures, as such term is defined under Exchange Act Rule 13a-15(e) as of the end of the period covered by this Quarterly Report on Form 10-Q. Based on this evaluation, our principal executive officer and principal financial officer concluded that, as of **June 30, 2023** **September 30, 2023**, our disclosure controls and procedures were effective at the reasonable assurance level.

Changes in Internal Control over Financial Reporting

There were no changes in our internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) during the **six** **nine** months ended **June 30, 2023** **September 30, 2023** that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II - OTHER INFORMATION

Item 1. Legal Proceedings

See Note 11, *Commitments and Contingencies*, to the Unaudited Condensed Consolidated Financial Statements for information regarding legal proceedings.

Item 1A. Risk Factors

There have been no material updates to our risk factors included in our Annual Report on Form 10-K for the year ended December 31, 2022, as updated by our Quarterly Report on Form 10-Q for the **quarter** **quarters** ended March 31, 2023 **and June 30, 2023**, **other than the following**:

We cannot assure you that our Reverse Stock Split will increase our stock price, marketability or our liquidity.

On June 15, 2023, we completed the Reverse Stock Split. We cannot predict the long-term effect of the Reverse Stock Split upon the market price for shares of our common stock, and the history of similar Reverse Stock Splits for companies in like circumstances has varied. Some investors may view a reverse stock split negatively. We cannot assure you that our common stock will be more attractive to institutional or other long-term investors or that it will attract brokers and investors who trade in lower priced stocks. Even if the Reverse Stock Split has a positive effect **Current Report on** the market price for shares of our common stock, the market price and liquidity of our common stock may decrease due to other factors, including our future performance, economic conditions and other factors, some of which may not be under our control. The percentage market price decline as an absolute number and as a percentage of our overall market capitalization may be greater than would occur in the absence of the Reverse Stock Split. The total market capitalization of our common stock following the Reverse Stock Split is lower than the total market capitalization before the Reverse Stock Split and it could continue to decline. In addition, the Reverse Stock Split increased the number of our stockholders who own "odd lots" of fewer than 100 shares of common stock. Brokerage commission and other costs of transactions in odd lots are generally higher than the costs of transactions of more than 100 shares of common stock. Accordingly, the Reverse Stock Split may not achieve the desired results of increasing the stock price, marketability and liquidity of our common stock, which could materially adversely affect our business, financial condition and results of operations. **Form 8-K filed on October 30, 2023.**

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

There were no unregistered sales of our equity securities during the period covered by this quarterly report which were not previously reported in a Current Report on Form 8-K.

Item 5. Other Information

Share Repurchase Program

On October 29, 2023, the Company's Board of Directors authorized a new common stock repurchase program that will allow the Company to repurchase up to \$1.0 million shares of the Company's common stock. This new program commences immediately. Under the new repurchase program, the Company may purchase shares of common stock from time to time through a variety of methods, which may include but are not limited to open market purchases, the implementation of a 10b5-1 plan, privately negotiated transactions and/or any other available methods in accordance with Securities and Exchange Commission and other applicable legal requirements. The repurchase program will remain in effect until the amount authorized has been fully repurchased or until the Company suspends or terminates the program with an outside date of March 31, 2024.

Cargill Financial Limited Consent and Limited Covenant Waiver

On October 31, 2023, the Company, along with certain subsidiaries of the Company, entered into the Limited Consent to Specified Share Repurchase Program and Limited Covenant Waiver with Cargill Financial pursuant to which Cargill Financial (1) granted an exception under Section 6.5 of the Amended Credit Agreements with respect to a share repurchase program in an aggregate amount not to exceed \$1,000,000, among other conditions, and (2) waived the financial covenant set forth in Section 6.8(g) of the Amended Credit Agreements for the calendar quarter ended September 30, 2023.

Delisting of Publicly Traded Warrants

On October 17, 2023, the Company received notice from the NYSE that the NYSE had halted trading in the Company's publicly traded warrants. The trading halt of the warrants on the NYSE was due to the low trading price of the warrants.

On October 18, 2023, the NYSE provided written notice to the Company and publicly announced that NYSE Regulation has determined to commence proceedings to delist the warrants and that the warrants are no longer suitable for listing based on "abnormally low" price levels, pursuant to Section 802.01D of the NYSE Listed Company Manual. To effect the delisting, the NYSE will apply to the Securities and Exchange Commission to delist the warrants upon completion of applicable procedures. The Company does not intend to appeal the NYSE's determination.

Trading in the Company's common stock is unaffected and continues to be traded and listed on the NYSE under the ticker symbol "LOCL."

Item 6. Exhibits

Exhibit Number	Description
3.1	Certificate of Incorporation of Local Bounti Inc. (incorporated by reference to Exhibit 3.1 to the Company's Current Report on Form 8-K, filed with the Securities and Exchange Commission on November 22, 2021).

Exhibit 31.1

CERTIFICATION PURSUANT TO RULES 13a-14(a) AND 15d-14(a) UNDER THE SECURITIES EXCHANGE ACT OF 1934, AS ADOPTED PURSUANT TO SECTION 302 OF THE SARBANES-OXLEY ACT OF 2002

I, Anna Fabrega, certify that:

1. I have reviewed the Quarterly Report on Form 10-Q of Local Bounti Corporation (the "Registrant");
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the Registrant as of, and for, the periods presented in this report;
4. The Registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the Registrant and have:
 - a. designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the Registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b. designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally

accepted accounting principles;

- c. evaluated the effectiveness of the Registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d. disclosed in this report any change in the Registrant's internal control over financial reporting that occurred during the Registrant's most recent fiscal quarter (the Registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the Registrant's internal control over financial reporting; and
5. The Registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the Registrant's auditors and the audit committee of the Registrant's board of directors (or persons performing the equivalent functions):
- a. all significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the Registrant's ability to record, process, summarize and report financial information; and
 - b. any fraud, whether or not material, that involves management or other employees who have a significant role in the Registrant's internal control over financial reporting.
