alternative as of the filing date, although it remains part of the Company’s plans to mitigate conditions that give rise to substantial doubt about the Company’s ability to operate as a going concern.Management has assessed its plan to mitigate the conditions that give rise to substantial doubt and, considering the pending sale of the Company’s OWN segment and DAS business unit, management believes such plan is probable and will alleviate substantial doubt about the Company’s ability to operate as a going concern.Concentrations of Risk and Related Party TransactionsNo direct customer accounted for 10% or more of the Company’s total net sales during the three or nine months ended September 30, 2024. Net sales to Charter Communications, Inc. (Charter) accounted for 13% of the Company’s total net sales during the three months ended September 2023. During the nine months ended September 30, 2023, Comcast Corporation and affiliates (Comcast) and Charter each accounted for 11% of the Company’s total net sales. Accounts receivable from Comcast and Anixter International Inc. and its affiliates (Anixter) represented approximately 11% and 10%, respectively, of accounts receivable as of September 30, 2024. Other than Comcast and Anixter, no direct customer accounted for 10% or more of the Company’s accounts receivable.The Company relies on sole suppliers or a limited group of suppliers for certain key components, subassemblies and modules and a limited group of contract manufacturers to manufacture a significant portion of its products. Any disruption or termination of these arrangements could have a material adverse impact on the Company’s results of operations. 8A CommScope Holding Company, Inc.Notes to Unaudited Condensed Consolidated Financial Statements(In millions, unless otherwise noted)A As of September 30, 2024, funds affiliated with Carlyle Partners VII S1 Holdings, L.P. (Carlyle) owned 100% of the Company’s Series A convertible preferred stock (the Convertible Preferred Stock), which was sold to Carlyle to fund a portion of the acquisition of ARRIS International plc (ARRIS) in 2019. See Note 11 for further discussion of the Convertible Preferred Stock. Other than transactions related to the Convertible Preferred Stock and the Company’s continuing involvement with Vantiva discussed in Note 3, there were no material related party transactions for the three or nine months ended September 30, 2024.Commitments and ContingenciesProduct WarrantiesThe Company recognizes a liability for the estimated claims that may be paid under its customer assurance-type warranty agreements to remedy potential deficiencies of quality or performance of the Company’s products. These product warranties extend over various periods, depending on the product subject to the warranty and the terms of the individual agreements. The Company records a provision for estimated future warranty claims as cost of sales based upon the historical relationship of warranty claims to sales and specifically identified warranty issues. The Company bases its estimates on assumptions that are believed to be reasonable under the circumstances and revises its estimates, as appropriate, when events or changes in circumstances indicate that revisions may be necessary. Such revisions may be material.The following table summarizes the activity in the product warranty accrual, included in accrued and other liabilities and other noncurrent liabilities on the Condensed Consolidated Balance Sheets: A Three Months Ended A Nine Months Ended A September 30, A September 30, A A 2024 A 2023 A 2024 A 2023 A Product warranty accrual, beginning of period A \$ 19.7 A \$ 29.5 A \$ 20.6 A \$ 28.3 A Provision for warranty claims A 5.6 A 0.7 A 14.3 A 9.6 A Warranty claims paid A (4.7) A (3.9) A (14.3) A (11.7) Foreign exchange A æ A (0.1) A æ A (0.1) A æ A Product warranty accrual, end of period A \$ 20.6 A \$ 26.2 A \$ 20.6 A \$ 26.2 A Non-cancellable Purchase ObligationsIn the third quarter of 2023, the Company entered into a long-term supply contract with a third-party to secure the supply of certain raw materials. Under the terms of the contract, the Company will make advance payments through 2026 totaling \$120.0 million (undiscounted), and such advance payments will be credited and applied to future orders on a quarterly basis beginning in 2027 through 2031 based on the ability to meet certain minimum purchase requirements. Advance payments of \$45.0 million and \$30.0 million are capitalized as other noncurrent assets in the Condensed Consolidated Balance Sheets as of September 30, 2024 and December 31, 2023, respectively. Under this agreement, the Company committed to purchases of raw materials that began in 2023, growing to a level of approximately \$137 million per year by 2026 and continuing through 2032.Legal ProceedingsThe Company is party to certain intellectual property claims and also periodically receives notices asserting that its products infringe on another party’s patents and other intellectual property rights. These claims and assertions, whether against the Company directly or against its customers, could require the Company to pay damages or royalties, stop offering the relevant products and/or cease other activities. The Company may also be called upon to indemnify certain customers for costs related to products sold to such customers. The outcome of these claims and notices is uncertain, and a reasonable estimate of the loss from unfavorable outcomes in certain of these matters either cannot be determined or is estimated at the minimum amount of a range of estimates. The actual loss, through settlement or trial, could be material and may vary significantly from the Company’s estimates. From time to time, the Company may also be involved as a plaintiff in certain intellectual property claims. Gain contingencies, if any, are recognized when they are realized.The Company is also either a plaintiff or a defendant in certain other pending legal matters in the normal course of business. Management believes none of these other pending legal matters will have a material adverse effect on the Company’s business or financial condition upon final disposition. 9A CommScope Holding Company, Inc.Notes to Unaudited Condensed Consolidated Financial Statements(In millions, unless otherwise noted)A The Company is subject to various federal, state, local and foreign laws and regulations governing the use, discharge, disposal and remediation of hazardous materials. Compliance with current laws and regulations has not had, and is not expected to have, a material adverse effect on the Company’s financial condition or results of operations.Asset ImpairmentsGoodwillGoodwill is tested for impairment annually or at other times if events have occurred or circumstances exist that indicate the carrying value of the reporting unit may exceed its fair value. As of January 1, 2024, the Company assessed goodwill for impairment due to a change in the composition of reporting units as a result of the new segment structure and certain other intrasegment realignments. The Company performed impairment testing immediately before and after the change and determined that no goodwill impairment existed. As of the most recent impairment test on January 1, 2024, the implied fair value of the Enterprise and ANS reporting units exceeded its respective carrying amount by 8% and 7%, respectively. There were no goodwill impairments identified during the three or nine months ended September 30, 2024. See Note 4 for further discussion.During the third quarter of 2023, the Company concluded that a triggering event occurred, primarily due to a sustained decrease in the market value of the Company’s debt and common stock affecting the overall business and changes in expected future cash flows due to reduced earnings forecasts and current macroeconomic conditions, including a rising interest rate environment. The Company performed an interim quantitative goodwill impairment test as of September 30, 2023 for its ANS and Building and Data Center Connectivity (BDCC) reporting units, which were most sensitive to negative performance and outlook, to compare the fair values of the reporting units to their carrying amounts, including the goodwill. As a result, for the three and nine months ended September 30, 2023, the Company recorded a goodwill impairment charge of \$425.9 million in asset impairments in the Condensed Consolidated Statements of Operations to partially write down the carrying amount of the ANS reporting unit goodwill. As of September 30, 2023, there was no impairment identified in the BDCC reporting unit within the CCS reportable segment. See Note 4 for further discussion.Subsequently, the Company’s ANS and BDCC reporting units failed the annual goodwill impairment test, and partial impairments were recorded as of October 1, 2023. As a result of the new segment structure and certain other intrasegment realignments, as of January 1, 2024, the BDCC and Network Cable and Connectivity (NCC) reporting units are being referred to as Enterprise and Broadband, respectively, which are both in the CCS reportable segment.Considering the low headroom going forward for each of the ANS and Enterprise reporting units, there is a risk for future impairment in the event of declines in general economic, market or business conditions or any significant unfavorable change in the forecasted cash flows, weighted average cost of capital or growth rates. If current and long-term projections for the ANS and Enterprise reporting units are not realized or decrease materially, the Company may be required to recognize additional goodwill impairment charges, and these charges could be material to the Company’s results of operations.Long-lived AssetsLong-lived assets, which include property, plant and equipment, intangible assets with finite lives and right of use assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying value of the assets may not be recoverable, based on the undiscounted cash flows expected to be derived from the use and ultimate disposition of the assets. Assets identified as impaired are adjusted to estimated fair value. Equity investments without readily determinable fair values are evaluated each reporting period for impairment based on a qualitative assessment and are then measured at fair value if an impairment is determined to exist. Other than certain assets impaired as a result of restructuring actions and as part of discontinued operations, there were no definite-lived intangible or other long-lived asset impairments identified during the three or nine months ended September 30, 2024 or 2023. 10A CommScope Holding Company, Inc.Notes to Unaudited Condensed Consolidated Financial Statements(In millions, unless otherwise noted)A Income TaxesFor the three and nine months ended September 30, 2024, the Company recognized income tax expense of \$26.7 million on a pretax loss of \$70.0 million and income tax expense of \$41.2 million on a pretax loss of \$356.7 million, respectively. The Company’s income taxes for the three and nine months ended September 30, 2024, were unfavorably impacted by \$35.9 million and \$103.7 million, respectively, of additional valuation allowance related to current year federal and state interest limitation carryforwards and U.S. anti-deferral provisions, partially offset by tax benefits related to federal tax credits. For the three and nine months ended September 30, 2024, the Company used a discrete calculation to compute the net tax benefit associated with external interest. Using the estimated annual tax rate for this component of income would have produced significant variability in the estimated annual effective tax rate, and use of the discrete method for this component results in the best estimate of the estimated annual effective tax rate.For the three and nine months ended September 30, 2023, the Company recognized an income tax benefit of \$34.5 million on a pretax loss of \$568.3 million and an income tax benefit of \$74.4 million on a pretax loss of \$756.3 million, respectively. The Company’s tax benefit for the three and nine months ended September 30, 2023, was unfavorably impacted by a goodwill impairment charge of \$425.9 million for which minimal tax benefits were recorded. The Company’s tax benefit was favorably impacted by \$4.1 million related to tax law changes for the three and nine months ended September 30, 2023. In addition to the unfavorable impact of the goodwill impairment charge mentioned above, for the nine months ended September 30, 2023, the Company’s tax benefit was also unfavorably impacted by excess tax costs of \$7.1 million related to equity compensation awards but favorably impacted by \$9.6 million related to the release of various uncertain tax positions.Earnings (Loss) Per ShareBasic earnings (loss) per share (EPS) from continuing operations is computed by dividing income (loss) from continuing operations, less any dividends and deemed dividends related to the Convertible Preferred Stock, by the weighted average number of common shares outstanding during the period. The numerator in diluted EPS from continuing operations is based on the basic EPS from continuing operations numerator, adjusted to add back any dividends and deemed dividends related to the Convertible Preferred Stock, subject to antidilution requirements. The denominator used in diluted EPS from continuing operations is based on the basic EPS computation plus the effect of potentially dilutive common shares related to the Convertible Preferred Stock and equity-based compensation plans, subject to antidilution requirements.Basic EPS from discontinued operations is computed by dividing income (loss) from discontinued operations, net of income taxes by the weighted average number of common shares outstanding during the period. The numerator in diluted EPS from discontinued operations is the same as the basic EPS from discontinued operations numerator. The denominator used in diluted EPS from discontinued operations is based on the basic EPS computation plus the effect of potentially dilutive common shares related to the Convertible Preferred Stock and equity-based compensation plans, subject to antidilution requirements.For the three and nine months ended September 30, 2024, 18.7 million and 18.6 million shares, respectively, of outstanding equity-based compensation awards were not included in the computation of diluted EPS because the effect was antidilutive or the performance conditions were not met. Of those amounts, for the three and nine months ended September 30, 2024, 7.0 million and 3.4 million shares, respectively, would have been considered dilutive if the Company had not been in a loss from continuing operations position. For the three and nine months ended September 30, 2023, 18.9 million and 17.2 million shares, respectively, of outstanding equity-based compensation awards were not included in the computation of diluted EPS because the effect was antidilutive or the performance conditions were not met. Of those amounts, for the three and nine months ended September 30, 2023, 0.6 million and 2.0 million shares, respectively, would have been considered dilutive if the Company had not been in a loss from continuing operations position.For the three and nine months ended September 30, 2024, 43.4 million and 42.8 million, respectively, of as-if converted shares related to the Convertible Preferred Stock were excluded from the diluted share count because they were antidilutive. For the three and nine months ended September 30, 2023, 41.1 million and 40.6 million, respectively, of as-if converted shares related to the Convertible Preferred Stock were excluded from the diluted share count because they were antidilutive; however, they may have been considered dilutive if the Company had not been in a loss from continuing operations position. 11A CommScope Holding Company, Inc.Notes to Unaudited Condensed Consolidated Financial Statements(In millions, unless otherwise noted)A The following table presents the basis for the EPS computations (in millions, except per share data): A Three Months Ended A Nine Months Ended A September 30, A September 30, A A 2024 A 2023 A Numerator: A A A A A A A A A A Loss from continuing operations A \$ (96.7) A \$ (533.8) A A \$ (397.9) A \$ (681.9) Income (loss) from discontinued operations, net of tax A 63.7 A A (294.9) A A 50.1 A A (243.8) Net loss A \$ (33.0) A \$ (828.7) A \$ (347.8) A \$ (925.7) Dividends on Series A convertible preferred stock A (16.4) A (15.5) A (48.6) A (45.9) Net loss attributable to common stockholders A \$ (49.4) A \$ (844.2) A \$ (396.4) A \$ (971.6) A A A A A A Denominator: A A A A A A A A A A Weighted average common shares outstanding æ basic A 215.9 A A 211.9 A A 213.9 A A 210.4 A A A A A A Dilutive effect of as-if converted Series A convertible preferred stock A æ A A A æ A A A æ A A A æ A A Dilutive effect of equity-based awards A æ A A A æ A A A æ A A A æ A A A æ A A A æ A A A æ A A A A Weighted average common shares outstanding æ” diluted A 215.9 A A 211.9 A A 213.9 A A 210.4 A A A A A A A A A A Basic: A A A A A A A A A A Loss from continuing operations per share A \$ (0.52) A \$ (2.59) A \$ (2.09) A \$ (3.46) Earnings (loss) from discontinued operations per share A 0.29 A A (1.39) A A 0.24 A A (1.16) Loss per share A \$ (0.23) A \$ (3.98) A \$ (2.49) A \$ (3.46) Earnings (loss) from discontinued operations per share A 0.29 A A (1.39) A A 0.24 A A (1.16) Loss per share A \$ (0.23) A \$ (3.98) A \$ (1.85) A \$ (4.62) Recent Accounting Pronouncements Adopted During the Nine Months Ended September 30, 2024On January 1, 2024, the Company adopted the rollforward disclosure requirement of Accounting Standards Update (ASU) No. 2022-04, Liabilitiesæ Supplier Finance Programs (Subtopic 405-50): Disclosure of Supplier Finance Program Obligations. The new guidance improves the transparency of supplier finance programs by requiring that a buyer in a supplier finance program disclose sufficient qualitative and quantitative information about the program to allow a user of its financial statements to understand the program’s nature, activity during the period, changes from period to period and potential effect on an entity’s financial statements. The requirement to disclose rollforward information was effective prospectively for the Company as of January 1, 2024. The impact of adopting this new guidance was not material to the condensed consolidated financial statements and related disclosures.Issued but Not AdoptedIn December 2023, the Financial Accounting Standards Board (FASB) issued ASU No. 2023-09, Income Taxes (Topic 740): Improvements to Income Tax Disclosures. The new guidance is expected to improve income tax disclosures by requiring additional information related to the rate reconciliation and income taxes paid, including 1) consistent categories and greater disaggregation of information in the rate reconciliation and 2) disaggregation of income taxes paid by jurisdiction. The guidance is effective for the Company on a prospective basis, although retrospective application is permitted, as of January 1, 2025 for the annual period. Early adoption is permitted. The Company is currently evaluating the impact of the new guidance on the condensed consolidated financial statements. 12A CommScope Holding Company, Inc.Notes to Unaudited Condensed Consolidated Financial Statements(In millions, unless otherwise noted)A In November 2023, the FASB issued ASU No. 2023-07, Segment Reporting (Topic 280): Improvements to Reportable Segment Disclosures. The new guidance is expected to improve reportable segment disclosure requirements primarily through enhanced disclosures for significant segment expenses. The guidance is effective for the Company on a retrospective basis as of January 1, 2024 for the annual period and January 1, 2025 for the interim periods. Early adoption is permitted. The Company is currently evaluating the impact of the new guidance on the condensed consolidated financial statements. 2. ACQUISITIONSOn June 7, 2024, the Company completed the acquisition of certain assets of Casa Systems, Inc. and its subsidiaries (Casa), which provides telecommunication infrastructure equipment and software-centric infrastructure solutions that allow cable service providers to deliver voice, video and data services over a single platform. The acquired assets included, among other things, accounts receivable, specified inventory, intellectual property and intellectual property rights, certain specified contracts, including facility leases, equipment and other personal property (collectively, the Casa Assets). As part of the Casa Transaction, the Company assumed certain specified liabilities, including certain cure costs related to assumed contracts and liabilities under such contracts and relating to the employment of continuing employees, in each case, arising after the consummation of the acquisition (collectively, the Casa Liabilities).The sale was conducted pursuant to the Bid Procedures established in the chapter 11 cases of Casa Systems, Inc. and certain affiliates in the Bankruptcy Court. Pursuant to the Bid Procedures, the Company was designated as the successful bidder following an auction held on May 29, 2024. On June 5, 2024, the Bankruptcy Court entered an order authorizing the sale of the Casa Assets to the Company pursuant to section 363 of the U.S. Bankruptcy Code (subject to the terms thereof). The sale closed on June 7, 2024 and, at such time, the Company funded the purchase price of \$45.1 million and settled certain assumed Casa Liabilities, with cash on hand.The Company plans to integrate this strategic acquisition into its ANS segment and expects the acquisition to strengthen its ANS

segmentâ€™s position by enhancing its virtual CMTS and PON product offerings, which will enable customers to migrate to DAA solutions at their own speed, and further grow its customer base. The Company recorded the purchase of the Casa Transaction using the acquisition method of accounting in accordance with ASC Topic 805, Business Combinations, and, accordingly, recognized the assets acquired and liabilities assumed at their fair values as of the date of acquisition. As of September 30, 2024, the valuation studies necessary to determine the fair market value of the assets acquired and liabilities assumed are preliminary, including the validation of the underlying cash flows used to determine the fair value of the identified intangible assets. The final determination of the fair value of certain assets and liabilities will be completed within the one-year measurement period from the date of acquisition, which is necessary to adequately analyze all the factors used in establishing the asset and liability fair values as of the acquisition date, including, but not limited to intangible assets, accounts receivable, inventory and personal property. 13Â CommScope Holding Company, Inc. Notes to Unaudited Condensed Consolidated Financial Statements (In millions, unless otherwise noted)Â The following amounts represent the preliminary determination of the fair value of identifiable assets acquired and liabilities assumed in the Casa Transaction as of the acquisition date: Â Amounts Recognized as of Acquisition Date Â Q3 Measurement Period Adjustments Â Amounts Recognized as of Acquisition Date (As Adjusted) Â Purchase price Â Â Â Â Â Total cash consideration paid Â \$ 45.1 Â Â Â Â \$ 45.1 Â Â Â Â Assets Â Â Â Â Accounts receivable, net (1) Â \$ 4.4 Â Â \$ 0.8 Â Â \$ 5.2 Â Inventories, net Â Â 13.6 Â Â (3.9) Â Â 9.7 Â Property, plant and equipment Â 2.6 Â Â 3.5 Â Â 6.1 Â Goodwill Â 2.2 Â Â 2.1 Â Â 4.3 Â Identifiable intangible assets Â 24.1 Â Â (2.4) Â Â 21.7 Â Other noncurrent assets Â 1.2 Â Â (0.1) Â Â 1.1 Â Less: Liabilities assumed Â Â Â Â Accounts payable and accrued and (0.1) Â Â (0.1) Â Â 0.7 Â Fair value allocated to net assets acquired Â \$ 45.1 Â Â \$ 45.1 Â (1) The fair value of accounts receivable, net is \$5.2 million with a gross contractual amount of \$12.2 million. The Company expects \$7.0 million to be uncollectible. The impact of measurement period adjustments to the Condensed Consolidated Statements of Operations was immaterial for the three and nine months ended September 30, 2024. The goodwill arising from the Casa Transaction is believed to result from the companyâ€™s reputation in the marketplace and assembled workforce and is expected to be fully deductible for income tax purposes. Various valuation techniques which use significant unobservable inputs, or Level 3 inputs as defined by the fair value hierarchy, were used to estimate the fair value of the assets acquired and the liabilities assumed. Using these valuation approaches requires the Company to make certain estimates and assumptions. The estimated fair values are expected to change as the Company completes its valuation analyses of the assets acquired and liabilities assumed. The table below summarizes the preliminary valuations of the intangible assets acquired that were determined by management to meet the criteria for recognition apart from goodwill and determined to have finite lives. The values presented below are preliminary estimates and are subject to change as management completes its valuation of the Casa Transaction: Â Estimated Fair Value Â Weighted Average Estimated Useful Life (In Years) Customer relationships Â \$ 5.8 Â 12 Existing technology Â 15.9 Â 7 Total amortizable intangible assets Â \$ 21.7 Â The Company recorded \$4.3 million of net sales included in the Condensed Consolidated Statements of Operations related to the Casa business for both the three and nine months ended September 30, 2024. The Company recognized \$0.4 million and \$1.4 million of transaction and integration-related costs related to the Casa Transaction for the three and nine months ended September 30, 2024, respectively, and these costs were recognized in selling, general and administrative expense in the Condensed Consolidated Statements of Operations. 14Â CommScope Holding Company, Inc. Notes to Unaudited Condensed Consolidated Financial Statements (In millions, unless otherwise noted)Â 3. DISCONTINUED OPERATIONS On July 18, 2024, the Company entered into a definitive agreement with Amphenol, pursuant to which Amphenol has agreed to acquire the Companyâ€™s OWN segment and the DAS business unit of its NICS segment in exchange for approximately \$2.1 billion in cash, to be paid by Amphenol upon closing. The OWN segment and DAS business unit qualified as â€œheld for saleâ€ per ASC 360-10 in the third quarter of 2024 and were classified as a discontinued operation per ASC 205-20, as the Company determined, qualitatively and quantitatively, that this transaction represents a strategic shift that has or will have a major effect on the Companyâ€™s operations and financial results. As such, activity directly attributable to the OWN segment and DAS business unit has been removed from continuing operations and presented in income (loss) from discontinued operations, net of income taxes, on the Condensed Consolidated Statements of Operations for all periods presented. In addition, all assets and liabilities of the OWN segment and DAS business unit were classified as assets and liabilities held for sale on the Condensed Consolidated Balance Sheets as of September 30, 2024 and December 31, 2023. On January 9, 2024, the Company completed the sale of the Home business to Vantiva pursuant to the Call Option Agreement entered into on October 2, 2023 and the Purchase Agreement dated as of December 7, 2023, in exchange for (i) 134,704,669 shares of Vantiva common stock representing a 24.73% equity stake in Vantiva (determined on a fully diluted basis), (ii) \$250,465 in cash (in addition to cash paid in exchange for the cash on the Home business companiesâ€™ balance sheets) and (iii) an earn-out of up to \$100 million in the aggregate. The earn-out payments are contingent upon Vantiva achieving adjusted EBITDA equal to or greater than âˆ¼400 million for one or more of Vantivaâ€™s first five fiscal years following the closing of the transaction. The earn-out payment with respect to any fiscal year will be subject to an additional annual cap, the amount of which will depend on certain elections made by the Company following Vantiva reaching the âˆ¼400 million adjusted EBITDA threshold for the first time, and on Vantivaâ€™s maintenance of certain liquidity levels (after giving effect to such payment). The Home business qualified as â€œheld for saleâ€ per ASC 360-10 in the fourth quarter of 2023 and was classified as a discontinued operation per ASC 205-20, as the Company determined, qualitatively and quantitatively, that this transaction represents a strategic shift that has or will have a major effect on the Companyâ€™s operations and financial results. As such, activity directly attributable to the Home business has been removed from continuing operations and presented in income (loss) from discontinued operations, net of income taxes, on the Condensed Consolidated Statements of Operations for all periods presented. In addition, all assets and liabilities of the Home business were classified as assets and liabilities held for sale on the Consolidated Balance Sheets as of December 31, 2023, and in connection with the â€œheld for saleâ€ classification, the Company recognized a loss on classification as held for sale of \$177.0 million in the fourth quarter of 2023. Upon the closing of the transaction on January 9, 2024, the Company recognized an additional loss of \$75.3 million, which was included in income (loss) from discontinued operations, net of income taxes, on the Condensed Consolidated Statements of Operations for the nine months ended September 30, 2024. In conjunction with the closing of the Home business transaction, the Company entered into a transition service agreement with Vantiva (Vantiva TSA), whereby the Company provides and receives certain post-closing support on a transitional basis which is included in continuing operations in transition service agreement income. The terms of the Vantiva TSA vary based on the services provided thereunder, with the longest such term having a duration of sixteen months. The Vantiva TSA provides options to extend services for up to two renewal terms of three months each. Following the closing of the transaction, the Company also entered into a Supply Agreement with Vantiva (Vantiva Supply Agreement), whereby the Company sells certain retained inventory at cost, or market price if below cost, for a period of two years. The Companyâ€™s investment in Vantiva is accounted for using the equity method of accounting, and the carrying value of the investment is included in other noncurrent assets in the Condensed Consolidated Balance Sheets. The Company recognized a loss on its investment of \$17.0 million in the second quarter of 2024, as a result of recording its proportionate share of loss on its equity investment, which is recorded on a one-quarter lag basis in discontinued operations in the Condensed Consolidated Statements of Operations beginning in the second quarter of 2024. The investment in the ordinary shares is subject to a lock-up period, until the earlier of eighteen months, or the occurrence of a change of control or the entry into an agreement that would result in a change of control, following closing. During the first quarter of 2024, the Company recorded a \$48.3 million loss on disposal of the Home business, with an incremental \$5.5 million loss on disposal related to settlements of certain retained obligations recognized during the third quarter. During the second quarter of 2024, the Company recognized a loss on impairment of \$17.2 million, based on Level 3 valuation inputs which included contractual payment amounts and market comparable information, related to Home business patents. In addition, during the first quarter of 2024, the Company recorded a loss on disposal of the Home business. The losses were recorded in income (loss) from discontinued operations, net of income taxes on the Condensed Consolidated Statements of Operations. 15Â CommScope Holding Company, Inc. Notes to Unaudited Condensed Consolidated Financial Statements (In millions, unless otherwise noted)Â The cash flows related to discontinued operations have not been segregated in the Condensed Consolidated Statements of Cash Flows, and accordingly, they include the results from continuing and discontinued operations. The Companyâ€™s cash inflows related to the Vantiva TSA and inventory sales resulting from the Home business transaction, as described above, were \$7.4 million and \$12.5 million, respectively, for the three months ended September 30, 2024, and \$19.9 million and \$30.7 million, respectively, for the nine months ended September 30, 2024. As a result of the new segment structure and certain other intrasegment realignments, as of January 1, 2024, the Company assessed goodwill for impairment due to changes in the composition of certain reporting units. The Company performed impairment testing immediately before the change and after the change once goodwill was reallocated and determined that no goodwill impairment existed. Additional goodwill of \$4.3 million resulting from the Casa acquisition is included in the other activity above as of September 30, 2024. For the quarter ended September 30, 2024, the Company completed an impairment analysis for goodwill recorded within the NICS reporting unit, which is impacted by the pending divestiture of the DAS business. The quantitative assessment was used, and the Company determined that the fair value of the impacted reporting unit exceeded the carrying value and that no impairment existed immediately prior to or subsequent to allocating goodwill to the disposal group that includes our DAS business. The Company allocated \$113.5 million of goodwill to the disposal group based on the relative fair value of the DAS business as compared to the NICS reporting unit, along with \$504.3 million of goodwill that was entirely attributable to its OWN reporting unit. Total goodwill for the disposal group of \$617.8 million has been classified as held for sale as of September 30, 2024. 18Â CommScope Holding Company, Inc. Notes to Unaudited Condensed Consolidated Financial Statements (In millions, unless otherwise noted)Â During the third quarter of 2023, the Company concluded that a triggering event occurred, primarily due to a sustained decrease in the market value of the Companyâ€™s debt and common stock affecting the overall business and changes in expected future cash flows due to reduced earnings forecasts and

current macroeconomic conditions, including a rising interest rate environment. As a result, the Company performed an interim quantitative goodwill impairment test as of September 30, 2023 for its ANS and BDCC reporting units and recorded a goodwill impairment charge of \$425.9 million in asset impairments in the Condensed Consolidated Statements of Operations to partially write down the carrying amount of the goodwill in the ANS reporting unit. As of September 30, 2023, there was no impairment identified in the BDCC reporting unit within the CCS reportable segment. 5. SEGMENTS AND GEOGRAPHIC INFORMATIONAs a result of the pending sale of the OWN segment and DAS business unit, and the divestiture of the Home business, the Company is reporting financial performance based on the following remaining three operating segments: CCS, NICS (excluding DAS) and ANS. In addition, as of January 1, 2024, management shifted certain product lines from the CompanyÃ ¢'s CCS segment to its ANS segment to better align with how the businesses are managed. For all periods presented, amounts have been recast to reflect these operating segment changes.The CCS segment provides fiber optic and copper connectivity and cable solutions for use in telecommunications, cable television, residential broadband networks, data centers and business enterprises. The CCS portfolio includes network solutions for indoor and outdoor network applications. Indoor network solutions include optical fiber and twisted pair structured cable solutions, intelligent infrastructure management hardware and software and network rack and cabinet enclosures. Outdoor network solutions are used in both local-area and wide-area networks and æœœast mileæœ fiber-to-the-home installations, including deployments of fiber-to-the-node, fiber-to-the-premises and fiber-to-the-distribution point to homes, businesses and cell sites. The NICS segment provides wireless networks for enterprises and service providers. Product offerings include indoor cellular solutions such as public key infrastructure solutions, indoor and outdoor Wi-Fi and long-term evolution (LTE) access points, access and aggregation switches; an Internet of Things suite; on-premises and cloud-based control and management systems; and software and software-as-a-service applications addressing security, location, reporting and analytics.The ANS segmentÃ ¢'s product solutions include cable modem termination systems, video infrastructure, distribution and transmission equipment and cloud solutions that enable facility-based service providers to construct a state-of-the-art residential and metro distribution network.The following table provides summary financial information by reportable segment: Ã ¢ September 30, 2024 Ã ¢ December 31, 2023 Ã ¢ Identifiable segment-related assets: Ã ¢ Ã ¢ Ã ¢ CCS Ã ¢ \$3,730.5 Ã ¢ Ã ¢ \$3,597.8 Ã ¢ NICS Ã ¢ \$937.0 Ã ¢ Ã ¢ \$950.6 Ã ¢ ANS Ã ¢ \$1,732.7 Ã ¢ Ã ¢ \$1,957.0 Ã ¢ Corporate and other Ã ¢ \$94.9 Ã ¢ Ã ¢ \$73.8 Ã ¢ Total identifiable segment-related assets Ã ¢ \$6,495.1 Ã ¢ Ã ¢ \$6,579.2 Ã ¢ Reconciliation to total assets: Ã ¢ Ã ¢ Ã ¢ Cash and cash equivalents Ã ¢ \$392.1 Ã ¢ Ã ¢ \$500.3 Ã ¢ Deferred income tax assets Ã ¢ \$553.6 Ã ¢ Ã ¢ \$614.4 Ã ¢ Home business assets Ã ¢ \$24.4 Ã ¢ Ã ¢ \$113.8 Ã ¢ Assets held for sale Ã ¢ \$1,345.5 Ã ¢ Ã ¢ \$1,564.2 Ã ¢ Total assets Ã ¢ \$8,810.7 Ã ¢ Ã ¢ \$9,371.9 Ã ¢ The Home business assets line item above reflects certain assets retained by the Company related to the Home business, with the primary asset being net inventory related to the Home business in the amount of \$24.4 million and \$88.0 million as of September 30, 2024 and December 31, 2023, respectively. The Company entered into the Vantiva Supply Agreement, pursuant to which the Company will sell the retained inventory to Vantiva at cost, or market price if below cost, for a period of two years following the close of the transaction.The CompanyÃ ¢'s measurement of segment performance is adjusted EBITDA (earnings before interest, income taxes, depreciation and amortization). The Company defines adjusted EBITDA as operating income (loss), adjusted to exclude depreciation, amortization of intangible assets, restructuring costs, asset impairments, equity-based compensation, transaction, transformation and integration costs and other items that the Company believes are useful to exclude in the evaluation of operating performance from period to period because these items are not representative of the CompanyÃ ¢'s recurring business. 24A CommScope Holding Company, Inc.Notes to Unaudited Condensed Consolidated Financial Statements(In millions, unless otherwise noted)Ã ¢ The following table provides net sales, adjusted EBITDA, depreciation expense and additions to property, plant and equipment by reportable segment: Ã ¢ Three Months Ended Ã ¢ Nine Months Ended Ã ¢ Ã ¢ September 30, Ã ¢ Ã ¢ September 30, Ã ¢ Ã ¢ 2024 Ã ¢ 2023 Ã ¢ Net sales: Ã ¢ Ã ¢ Ã ¢ Ã ¢ Ã ¢ Ã ¢ CCS Ã ¢ \$736.7 Ã ¢ Ã ¢ \$630.5 Ã ¢ Ã ¢ \$2,069.7 Ã ¢ Ã ¢ \$2,148.6 Ã ¢ NICS Ã ¢ \$157.5 Ã ¢ Ã ¢ \$202.6 Ã ¢ Ã ¢ \$398.8 Ã ¢ Ã ¢ \$637.3 Ã ¢ ANS Ã ¢ \$188.0 Ã ¢ Ã ¢ \$220.3 Ã ¢ Ã ¢ \$568.2 Ã ¢ Ã ¢ \$856.2 Ã ¢ Consolidated net sales Ã ¢ \$1,082.2 Ã ¢ Ã ¢ \$1,053.4 Ã ¢ Ã ¢ \$3,036.7 Ã ¢ Ã ¢ \$3,642.1 Ã ¢ Ã ¢ Ã ¢ Ã ¢ Segment adjusted EBITDA: Ã ¢ Ã ¢ Ã ¢ Ã ¢ Ã ¢ Segment adjusted EBITDA: Ã ¢ Ã ¢ Ã ¢ Ã ¢ CCS Ã ¢ \$173.9 Ã ¢ Ã ¢ \$80.9 Ã ¢ Ã ¢ \$440.3 Ã ¢ Ã ¢ \$314.9 Ã ¢ NICS Ã ¢ \$27.8 Ã ¢ Ã ¢ \$39.2 Ã ¢ Ã ¢ \$6.7 Ã ¢ Ã ¢ \$133.2 Ã ¢ ANS Ã ¢ \$18.7 Ã ¢ Ã ¢ \$56.2 Ã ¢ Ã ¢ \$66.7 Ã ¢ Ã ¢ \$165.9 Ã ¢ Corporate and other (1) Ã ¢ (16.2) Ã ¢ Ã ¢ (19.5) Ã ¢ Ã ¢ (39.1) Ã ¢ Ã ¢ (69.1) Ã ¢ Total segment adjusted EBITDA Ã ¢ \$204.2 Ã ¢ Ã ¢ \$156.8 Ã ¢ Ã ¢ \$474.6 Ã ¢ Ã ¢ \$544.9 Ã ¢ Amortization of intangible assets Ã ¢ (56.8) Ã ¢ Ã ¢ (68.9) Ã ¢ Ã ¢ (181.4) Ã ¢ Ã ¢ (231.8) Ã ¢ Restructuring (costs) credits, net Ã ¢ 0.9 Ã ¢ Ã ¢ (22.0) Ã ¢ Ã ¢ (30.6) Ã ¢ Ã ¢ (43.1) Ã ¢ Equity-based compensation Ã ¢ (7.3) Ã ¢ Ã ¢ (9.4) Ã ¢ Ã ¢ (18.3) Ã ¢ Ã ¢ (29.1) Ã ¢ Asset impairments Ã ¢ Ã ¢ (425.9) Ã ¢ Ã ¢ (425.9) Ã ¢ Transaction, transformation and integration costs Ã ¢ (19.5) Ã ¢ Ã ¢ (14.6) Ã ¢ Ã ¢ (45.8) Ã ¢ Ã ¢ (17.7) Ã ¢ Acquisition accounting adjustments Ã ¢ Ã ¢ (0.4) Ã ¢ Ã ¢ (1.3) Ã ¢ Patent claims and litigation settlements Ã ¢ Ã ¢ 3.5 Ã ¢ Ã ¢ Ã ¢ Ã ¢ 3.5 Ã ¢ Recovery of Russian accounts receivable Ã ¢ Ã ¢ Ã ¢ Ã ¢ 2.0 Ã ¢ Cyber incident costs Ã ¢ Ã ¢ (1.5) Ã ¢ Ã ¢ (5.1) Ã ¢ Depreciation Ã ¢ (19.3) Ã ¢ Ã ¢ (26.0) Ã ¢ Ã ¢ (62.0) Ã ¢ Ã ¢ (75.2) Ã ¢ Consolidated operating income (loss) Ã ¢ \$102.2 Ã ¢ Ã ¢ (408.4) Ã ¢ Ã ¢ \$136.5 Ã ¢ Ã ¢ (278.8) Ã ¢ Ã ¢ Ã ¢ Ã ¢ Depreciation expense: Ã ¢ Ã ¢ Ã ¢ Ã ¢ Ã ¢ CCS Ã ¢ \$15.2 Ã ¢ Ã ¢ \$41.0 Ã ¢ Ã ¢ \$45.4 Ã ¢ NICS Ã ¢ \$1.5 Ã ¢ Ã ¢ \$2.5 Ã ¢ Ã ¢ \$5.3 Ã ¢ Ã ¢ \$7.5 Ã ¢ ANS Ã ¢ \$4.3 Ã ¢ Ã ¢ \$5.6 Ã ¢ Ã ¢ \$14.2 Ã ¢ Ã ¢ \$17.4 Ã ¢ Corporate and other (1) Ã ¢ Ã ¢ Ã ¢ 2.7 Ã ¢ Ã ¢ \$1.5 Ã ¢ Ã ¢ \$4.9 Ã ¢ Consolidated depreciation expense Ã ¢ \$19.3 Ã ¢ Ã ¢ \$26.0 Ã ¢ Ã ¢ \$62.0 Ã ¢ Ã ¢ \$75.2 Ã ¢ Ã ¢ Ã ¢ Ã ¢ Additions to property, plant and equipment: Ã ¢ Ã ¢ Ã ¢ Ã ¢ Ã ¢ CCS Ã ¢ \$5.0 Ã ¢ Ã ¢ \$4.5 Ã ¢ Ã ¢ \$11.9 Ã ¢ Ã ¢ \$23.9 Ã ¢ NICS Ã ¢ \$0.6 Ã ¢ Ã ¢ \$0.8 Ã ¢ Ã ¢ \$1.4 Ã ¢ Ã ¢ \$2.3 Ã ¢ ANS Ã ¢ \$0.5 Ã ¢ Ã ¢ \$1.4 Ã ¢ Ã ¢ \$2.3 Ã ¢ Ã ¢ \$9.1 Ã ¢ Corporate and other (1) Ã ¢ \$0.4 Ã ¢ Ã ¢ \$0.9 Ã ¢ Ã ¢ \$1.7 Ã ¢ Ã ¢ \$4.5 Ã ¢ Consolidated additions to property, plant and equipment Ã ¢ \$6.5 Ã ¢ Ã ¢ \$7.6 Ã ¢ Ã ¢ \$17.3 Ã ¢ Ã ¢ \$39.8 Ã ¢ (1)The corporate and other line item above reflects general corporate costs that were previously allocated to the OWN segment, DAS business unit and Home segment. RESTRUCTURING COSTS (CREDITS), NETThe Company incurs costs associated with restructuring initiatives intended to improve overall operating performance and profitability. The costs related to restructuring actions are generally cash-based and primarily consist of employee-related costs, which include severance and other one-time termination benefits. In addition to the employee-related costs, the Company records other costs associated with restructuring actions, such as the gain or loss on the sale of facilities and impairment costs arising from unutilized real estate or equipment. The Company attempts to sell or lease this unutilized space, but additional impairment charges may be incurred related to these or other excess assets. 26A CommScope Holding Company, Inc.Notes to Unaudited Condensed Consolidated Financial Statements(In millions, unless otherwise noted)A The Company's net pretax restructuring activity included in restructuring costs (credits), net on the Condensed Consolidated Statements of Operations, by segment, was as follows: A A Three Months Ended A A Nine Months Ended A A September 30, A A September 30, A A 2024 A A 2023 A A 2024 A A 2023 A A CCS A \$ (0.6) A A \$ 16.0 A A \$ 0.2 A A \$ 14.1 A A NICS A A (0.2) A A 0.7 A A A 2.3 A A A 6.0 A A ANS A A 0.1 A A A 2.8 A A A 28.0 A A A 13.6 A A Corporate and other A A (0.2) A A 2.5 A A A 0.1 A A A 9.4 A A Total A \$ (0.9) A A \$ 22.0 A A A \$ 30.6 A A A \$ 43.1 A A The corporate and other line item above reflects general corporate restructuring costs that were previously allocated to the OWN segment, DAS business unit and Home segment. The Company expects to make cash payments of \$2.9 million during the remainder of 2024 to settle CommScope NEXT restructuring actions. Additional restructuring actions related to CommScope NEXT are expected to be identified, and the resulting charges and cash requirements could be material. 11. SERIES A CONVERTIBLE PREFERRED STOCKOn April 4, 2019, the Company issued and sold 1,000,000 shares of the Convertible Preferred Stock to Carlyle for \$1.0 billion, or \$1,000 per share, pursuant to an Investment Agreement between the Company and Carlyle, dated November 8, 2018. The Convertible Preferred Stock is convertible, at the option of the holders, at any time into shares of CommScope common stock at an initial conversion rate of 36.3636 shares of common stock per share of the Convertible Preferred Stock (equivalent to \$27.50 per common share). The conversion rate is subject to customary antidilution and other adjustments. As of September 30, 2024, the Company had authorized 1,400,000 shares of the Convertible Preferred Stock.Holders of the Convertible Preferred Stock are entitled to a cumulative dividend at the rate of 5.5% per year, payable quarterly in arrears. Dividends can be paid in cash, in-kind through the issuance of additional shares of the Convertible Preferred Stock or any combination of the two, at the Company's option. During the three and nine months ended September 30, 2024 and 2023, the Company paid dividends in-kind of \$16.4 million and \$48.6 million, respectively, and \$15.5 million and \$45.9 million, respectively, which were recorded as additional Convertible Preferred Stock in the Condensed Consolidated Balance Sheets. 28A ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS The following narrative is an analysis of the three and nine months ended September 30, 2024 compared to the three and nine months ended September 30, 2023. The discussion is provided to increase the understanding of, and should be read in conjunction with, the unaudited condensed consolidated financial statements and accompanying notes included in this report as well as the audited consolidated financial statements, related notes thereto and management's discussion and analysis of financial condition and results of operations, including management's discussion and analysis regarding the application of critical accounting policies and the risk factors in our Annual Report on Form 10-K for the year ended December 31, 2023 (2023 Annual Report). We discuss certain financial measures in management's discussion and analysis of financial condition and results of operations, including adjusted EBITDA, that differ from measures calculated in accordance with generally accepted accounting principles (GAAP) in the United States (U.S.). See "Reconciliation of Non-GAAP Measures" included below for more information about these non-GAAP financial measures, including our reasons for including the measures and material limitations with respect to the usefulness of the measures. Overview We are a global provider of infrastructure solutions for communication, data center and entertainment networks. Our solutions for wired and wireless networks enable service providers, including cable, telephone and digital broadcast satellite operators and media programmers, to deliver media, voice, Internet Protocol (IP) data services and Wi-Fi to their subscribers and allow enterprises to experience constant wireless and wired connectivity across complex and varied networking environments. Our solutions are complemented by services including technical support, systems design and integration. We are a leader in digital video and IP television distribution systems, broadband access infrastructure platforms and equipment that delivers data and voice networks to homes. Our global leadership position is built upon innovative technology, broad solution offerings, high-quality and cost-effective customer solutions, and global manufacturing and distribution scale. We completed the acquisition of certain assets of Casa Systems, Inc. and its subsidiaries (Casa) on June 7, 2024 (the Casa Transaction). As part of the Casa Transaction, we acquired certain assets (the Casa Assets) and assumed certain specified liabilities (the Casa Liabilities) of Casa. The sale was conducted pursuant to the bid procedures (the Bid Procedures) established in the chapter 11 cases of Casa Systems, Inc. and certain affiliates in the U.S. Bankruptcy Court for the District of Delaware (the Bankruptcy Court). Pursuant to the Bid Procedures, we were designated as the successful bidder following an auction held on May 29, 2024. On June 5, 2024, the Bankruptcy Court entered an order authorizing the sale of the Casa Assets to us pursuant to section 363 of the U.S. Bankruptcy Code (subject to the terms thereof). The sale closed on June 7, 2024 and, at such time, we funded the purchase price of \$45.1 million and settled certain assumed Casa Liabilities, with cash on hand. We plan to integrate this strategic acquisition into our Access Network Solutions (ANS) segment and expect the acquisition to strengthen our ANS segment's position by enhancing its virtual cable modem termination systems and passive optical network product offerings, which will enable customers to migrate to distributed access architecture solutions at their own speed, and further grow our customer base. We recorded \$0.4 million and \$1.4 million of transaction and integration costs for both the three and nine months ended September 30, 2024, respectively, related to the Casa Transaction, and these costs were recognized in selling, general and administrative expense in the Condensed Consolidated Statements of Operations. See Note 2 in the Notes to Unaudited Condensed Consolidated Financial Statements for further discussion of the Casa Transaction. 29A CommScope NEXT Since 2021, we have been engaged in a transformation initiative referred to as CommScope NEXT, which is designed to drive shareholder value through three pillars: profitable growth, operational efficiency and portfolio optimization. We believe these efforts are critical to making us more competitive and allowing us to invest in growth, de-leverage our indebtedness and maximize stockholder and other stakeholder value in the future. In 2022, CommScope NEXT generated positive impacts on net sales, profitability and cash flow from our execution on pricing initiatives, capacity expansion and operational efficiencies. In 2023, we experienced headwinds related to a slow-down in spending by our customers as discussed further below, but we continued to execute under CommScope NEXT to improve our profitability and cash flows by continuing to drive operational efficiencies and focusing on portfolio optimization. We continue to focus on driving operational efficiencies and other cost savings initiatives as well as portfolio optimization, all of which should enable us to take advantage of the expected recovery in demand in the fourth quarter of 2024. To that end, we incurred \$(0.9) million and \$30.6 million of net restructuring costs (credits) and \$19.5 million and \$45.8 million of transaction, transformation and integration costs during the three and nine months ended September 30, 2024, respectively, primarily related to CommScope NEXT initiatives. In addition, we incurred \$22.0 million and \$43.1 million of net restructuring costs and \$14.6 million and \$17.7 million of transaction, transformation and integration costs during the three and nine months ended September 30, 2023, respectively. We expect to continue to incur such costs during the remainder of 2024 as we continue executing on CommScope NEXT initiatives, and the resulting charges and cash requirements could be material. On July 18, 2024, we entered into a definitive agreement with Amphenol Corporation, a Delaware corporation (Amphenol), pursuant to which Amphenol has agreed to acquire our Outdoor Wireless Networks (OWN) segment and the Distributed Antenna Systems (DAS) business unit of our Networking, Intelligent Cellular & Security Solutions (NICS) segment in exchange for approximately \$2.1 billion in cash, to be paid by Amphenol upon closing. The sale is expected to close within the first quarter of 2025, subject to customary closing conditions, including receipt of applicable regulatory approvals. We determined the anticipated sale of our OWN segment and DAS business unit met the "held for sale" criteria and the "discontinued operations" criteria in accordance with Accounting Standards Codification (ASC) No. 360-10, Impairment and Disposal of Long-Lived Assets, and ASC No. 205-20, Presentation of Financial Statements: Discontinued Operations, in the third quarter of 2024 due to its relative size and strategic rationale. For all periods presented, amounts in these consolidated financial statements have been recast to reflect the discontinuation of our OWN segment and DAS business unit in accordance with guidance. On January 9, 2024, we completed the sale of our Home Networks (Home) segment and substantially all of the associated segment assets and liabilities (Home business) to Vantiva SA (Vantiva) pursuant to the Call Option Agreement entered into on October 2, 2023 and the Purchase Agreement dated as of December 7, 2023. In the fourth quarter of 2023, we determined the sale of our Home business met the "held for sale" criteria and the "discontinued operations" criteria in accordance with accounting guidance. All prior period amounts have been recast to reflect the discontinuation of our Home business. Our continuing operations results include general corporate costs that were previously allocated to the OWN segment, DAS business unit and Home segment. These indirect costs, reflected on the corporate and other line item within our segment information below, are classified as continuing operations, since they were not directly attributable to these discontinued operations. Beginning in the first quarter of 2024, the corporate and other costs related to the Home segment have been reallocated to our remaining segments and partially offset by income from our transition services agreement with Vantiva. The corporate and other costs related to the OWN segment and DAS business will be reallocated to our remaining segments beginning in the first quarter of 2025. Additionally, below we refer to certain supplementary Core financial measures, which reflect the results of the CCS, NICS excluding DAS, and ANS segments, in the aggregate, and exclude general corporate costs that were previously allocated to the OWN segment, DAS business unit and Home segment, since these costs were not directly attributable to the discontinued operations. The Core results represent the business results as currently managed and reported by the Company. Future results and the composition of any business divested in the future may vary and differ materially from the presentation of the Core financial measures. See the "Segment Results" section below for the aggregation of our Core financial measures. Unless otherwise noted, the following discussions relate solely to our continuing operations. As a result, we are reporting financial performance based on the following remaining three operating segments, which excludes the OWN segment, DAS business unit in NICS and Home business: Connectivity and Cable Solutions (CCS), NICS (excluding DAS) and ANS. For further discussion of the discontinued operations related to our OWN segment, DAS business unit and Home business, see Note 3 in the Notes to Unaudited Condensed Consolidated Financial Statements. As of January 1, 2024, we shifted certain product lines from our CCS segment to our ANS segment to better align with how the businesses are managed. All prior period amounts have been recast to reflect these operating segment changes. 30A Impacts of Current Economic Conditions In 2023, macroeconomic factors such as higher interest rates, inflation and concerns about a global economic slow-down softened demand for our products, with certain customers reducing purchases as they right-sized their inventories and others pausing capital spending. This industry recession has continued to negatively impact our net sales in all segments for the first three quarters of 2024. We are beginning to see a recovery in demand in certain businesses and expect to see additional recovery in demand later in 2024. In 2023, we began implementing additional cost savings initiatives to improve profitability, and we continued to implement further initiatives during the first three quarters of 2024. These initiatives should enable us to take advantage of the expected recovery in demand later in 2024. If this expected recovery does not occur in 2024, our outlook will be materially impacted. For more discussion on risks related to our customers, see Part I, Item 1A, "Risk Factors" in our 2023 Annual Report. CRITICAL ACCOUNTING POLICIES Other than an update to the impairment reviews of goodwill, there have been no changes in our critical accounting policies as disclosed in our 2023 Annual Report. Asset Impairment Reviews Impairment Reviews of Goodwill Our interim goodwill impairment test as of September 30, 2023 resulted in a partial impairment charge of \$425.9 million for the ANS reporting unit. Our annual goodwill impairment test as of October 1, 2023, resulted in partial impairment charges of \$99.1 million and \$46.3 million for the Enterprise (previously Building and Data Center Connectivity) and ANS reporting units, respectively. As of the most recent interim impairment test on January 1, 2024, immediately before and after changes in the composition of those reporting units, the implied fair value of the Enterprise and ANS reporting units exceeded its respective carrying amount by 8% and 7%, respectively. Considering the low headroom going forward for each of the ANS and Enterprise reporting units, management has continued to disclose the risk for future impairment in the event of declines in general economic, market or business conditions or any significant unfavorable change in the forecasted cash flows, weighted average cost of capital or growth rates. If current and long-term projections for the ANS and Enterprise reporting units are not realized or decrease materially, we may be required to recognize additional goodwill impairment charges, and these charges could be material to our results of operations.Consistent with the information previously provided in our 2023 Annual Report, the following table provides summary information regarding our reporting units with goodwill balances as of January 1, 2024, that have the lowest level of headroom. The table presents key assumptions used in our interim goodwill analysis, along with sensitivity analyses showing the effect of a change in certain key assumptions, assuming all other assumptions remain constant, to the resulting fair value using an income approach. (1)Core financial measures reflect the results of the CCS, NICS (excluding DAS), and ANS segments, in the aggregate, and exclude general corporate costs that were previously allocated to the OWN segment, DAS business unit and Home segment, since these costs were not directly attributable to these discontinued operations.

(2)The corporate and other line item above reflects general corporate costs that were previously allocated to the OWN segment, DAS business unit and Home segment. These indirect expenses have been classified as continuing operations, since the costs were not directly attributable to these discontinued operations. Beginning in the first quarter of 2024, the corporate and other costs related to the Home segment have been reallocated to our remaining segments and partially offset by income from the Vantiva TSA. The corporate and other costs related to the OWN segment and DAS business unit will be reallocated to our remaining segments beginning in the first quarter of 2025.

(3)See Reconciliation of Non-GAAP Measures within this Management's Discussion and Analysis of Financial Condition and Results of Operations. Connectivity and Cable Solutions Segment Net sales for the CCS segment increased for the three months ended September 30, 2024 compared to the prior year period primarily due to higher sales volumes in the Enterprise business. CCS segment net sales decreased for the nine months ended September 30, 2024 compared to the prior year period primarily due to lower sales volumes as certain customers paused spending in the first quarter as they right-sized their inventory levels. From a regional perspective, for the three months ended September 30, 2024, net sales increased in the U.S. by \$93.1 million, the EMEA region by \$19.5 million and Canada by \$3.3 million, but decreased in the CALA region by \$7.9 million and the APAC region by \$1.8 million, compared to the prior year period. For the nine months ended September 30, 2024, net sales decreased in the U.S. by \$52.1 million and the CALA region by \$37.2 million, but increased in the APAC region by \$6.4 million and the EMEA region by \$4.0 million, and remained the same in Canada, compared to the prior year period. Foreign exchange rate changes did not have a material impact on our CCS net sales during the three or nine months ended September 30, 2024.

38Å Å For the three months ended September 30, 2024, CCS segment operating income and adjusted EBITDA increased compared to the prior year period primarily due to higher sales volumes, favorable product mix and lower input costs, partially offset by higher SG&A costs. For the nine months ended September 30, 2024, CCS segment operating income and adjusted EBITDA increased compared to the prior year period primarily due to favorable product mix and lower R&D, SG&A and input costs, partially offset by lower sales volumes. For the three and nine months ended September 30, 2024, CCS segment operating income was also favorably impacted by reductions in restructuring costs of \$16.6 million and \$13.9 million, respectively, partially offset by increases in transaction, transition and integration costs of \$3.5 million and \$11.0 million, respectively. Restructuring costs and transaction, transition and integration costs are not reflected in adjusted EBITDA. See Reconciliation of Segment Adjusted EBITDA below. Networking, Intelligent Cellular and Security Solutions Segment For the three and nine months ended September 30, 2024, NICS segment net sales decreased compared to the prior year periods primarily due to lower sales volumes of our Ruckus products driven by lower demand and channel inventory digestion. From a regional perspective, for the three months ended September 30, 2024, NICS segment net sales decreased in the U.S. by \$29.6 million, the EMEA region by \$10.3 million, Canada by \$5.3 million and the APAC region by \$2.3 million, but increased in the CALA region by \$2.4 million, compared to the prior year period. For the nine months ended September 30, 2024, NICS segment net sales decreased in the U.S. by \$139.9 million, the EMEA region by \$57.9 million, the APAC region by \$29.3 million, Canada by \$8.2 million and the CALA region by \$3.2 million compared to the prior year period. Foreign exchange rate changes did not have a material impact on our NICS net sales during the three or nine months ended September 30, 2024. For the three and nine months ended September 30, 2024, NICS segment operating income and adjusted EBITDA decreased compared to the prior year periods primarily due to lower sales volumes, lower pricing and higher freight costs, partially offset by lower R&D costs and favorable product mix. For the nine months ended September 30, 2024, NICS segment operating income and adjusted EBITDA were favorably impacted by lower SG&A costs primarily due to cost savings initiatives. NICS segment operating income was also favorably impacted by a gain of \$3.5 million related to the settlement of an intellectual property litigation claim during the three and nine months ended September 30, 2023. The impacts of intellectual property litigation settlements are not reflected in adjusted EBITDA. See Reconciliation of Segment Adjusted EBITDA below. Access Network Solutions Segment For the three and nine months ended September 30, 2024, net sales decreased in the ANS segment compared to the prior year periods primarily due to lower sales volumes as certain customers have paused spending as they right-size their inventory levels. From a regional perspective, for the three months ended September 30, 2024, ANS segment net sales decreased in the U.S. by \$42.1 million and the EMEA region by \$3.0 million, but increased in Canada by \$5.2 million, the APAC region by \$4.6 million and the CALA region by \$3.0 million, compared to the prior year period. For the nine months ended September 30, 2024, ANS segment net sales decreased in the U.S. by \$236.5 million, the EMEA region by \$39.1 million and the CALA region by \$26.5 million, but increased in the APAC region by \$7.9 million and Canada by \$6.2 million, compared to the prior year period. Foreign exchange rate changes did not have a material impact on our ANS net sales during the three or nine months ended September 30, 2024. Excluding the goodwill impairment charge of \$425.9 million from operating loss for the three and nine months ended September 30, 2024, ANS segment operating loss increased and adjusted EBITDA decreased for both the three and nine months ended September 30, 2024 compared to the prior year periods. For the three months ended September 30, 2024, ANS segment operating loss and adjusted EBITDA were negatively impacted by lower sales volumes, unfavorable product mix, and higher R&D and input costs, compared to the prior year period. ANS segment operating loss and adjusted EBITDA for the nine months ended September 30, 2024 were negatively impacted by lower sales volumes, partially offset by benefits from lower SG&A, R&D and input costs, and favorable product mix. The reductions in SG&A costs impacting the nine months ended September 30, 2024 were primarily due to cost savings initiatives. For the three months ended September 30, 2024, ANS segment operating loss was also favorably impacted by reductions in amortization expense of \$13.1 million, transaction, transformation and integration costs of \$5.6 million and restructuring costs of \$2.7 million. For the nine months ended September 30, 2024, operating loss was favorably impacted by a reduction in amortization expense of \$50.1 million, partially offset by an increase in restructuring costs of \$14.4 million. Goodwill impairment charges, restructuring costs, transaction, transformation and integration costs and amortization expense are not reflected in adjusted EBITDA. See Reconciliation of Segment Adjusted EBITDA below.

39Å Å LIQUIDITY AND CAPITAL RESOURCES The following table summarizes certain key measures of our liquidity and capital resources (in millions, except percentage data):

Å Å 129.5 Å 124.2 Å (1)Includes cash and cash equivalents in assets held for sale of \$64.2 million and \$43.5 million as of September 30, 2024 December 31, 2023, respectively.

(2)Working capital is net of assets and liabilities held for sale and consists of current assets of \$2,078.4 million less current liabilities of \$2,215.3 million as of September 30, 2024 and current assets of \$2,128.2 million less current liabilities of \$929.5 million as of December 31, 2023.

(3>Total capitalization includes long-term debt, including the current portion, Series A convertible preferred stock (the Convertible Preferred Stock) and stockholders' deficit. Our principal sources of liquidity on a short-term basis are cash and cash equivalents, cash flows provided by operations and availability under our credit facilities. On a long-term basis, our potential sources of liquidity also include raising capital through the issuance of additional equity and/or debt. The primary uses of liquidity include debt service requirements, voluntary debt repayments, redemptions or purchases on the open market, working capital requirements, capital expenditures, business separation transaction costs, transformation costs, restructuring costs, dividends related to the Convertible Preferred Stock if we elect to pay such dividends in cash, litigation settlements, income tax payments and other contractual obligations. As of September 30, 2024, we have \$1.27 billion outstanding on our 6.00% senior unsecured notes which mature on June 15, 2025 (the 2025 Notes), which is less than a year from the date that the condensed consolidated financial statements are issued for the quarter ended September 30, 2024. We do not currently have sufficient cash or liquidity to repay the 2025 Notes when they mature on June 15, 2025. Proceeds of approximately \$2.1 billion from the pending sale of our OWN segment and DAS business unit may be used under certain circumstances to retire the 2025 Notes due to flexibility under our debt documents. We believe this is probable of occurring and will alleviate substantial doubt about our ability to operate as a going concern. Concurrently, we are negotiating with creditors to explore both restructuring and/or refinancing of the 2025 Notes. No commitments have been obtained regarding this alternative as of the filing date, although it remains part of our plans to mitigate conditions that give rise to substantial doubt about our ability to operate as a going concern. Management has assessed our plan to mitigate the conditions that give rise to substantial doubt and, considering the pending sale of our OWN segment and DAS business unit, management believes such plan is probable and will alleviate substantial doubt about our ability to operate as a going concern. We may be required to obtain additional financing in the future to address our liquidity needs, and, subject to market conditions, we may from time to time seek to amend, refinance, restructure, exchange or repurchase our outstanding indebtedness and/or raise additional equity or other financing. Any debt we incur in the future may have terms (including cash interest rate, financial covenants and covenants limiting our operating flexibility or ability to obtain additional financings) that are not favorable to us, and any such additional equity financing may dilute the economic and/or voting interests of our existing stockholders, may be preferred in right of payment to our outstanding common stock or confer other privileges to the holders and may contain financial or operational covenants that restrict our operating flexibility or ability to obtain additional financings. Furthermore, our failure to obtain any necessary financing, amendment, refinancing, restructuring, exchange or repurchases could have a material and adverse effect on our results of operations, cash flows, financial condition and liquidity.

40Å Å We may experience volatility in cash flows between periods due to, among other reasons, variability in the timing of vendor payments and customer receipts. We may, from time to time, seek to obtain alternative sources of financing, by borrowing additional amounts under our senior secured asset-based revolving credit facility (Revolving Credit Facility), issuing debt or equity securities or incurring other indebtedness, if market conditions are favorable, utilizing trade credit, selling assets (including businesses or business lines) or securitizing receivables to meet future cash needs or to reduce our borrowing costs. Any issuance of equity or debt may be for cash or in exchange for our outstanding securities or indebtedness, or a combination thereof. Our outstanding debt securities and debt under our credit facilities are currently trading at discounts to their respective principal amounts. In order to reduce future cash interest payments, as well as future amounts due at maturity or upon redemption, we may, from time to time, purchase such debt for cash, in exchange for common or preferred stock or debt, or for a combination thereof, in each case in open-market purchases and/or privately negotiated transactions, tender offers or exchange offers and upon such terms and at such prices as we may determine. Any such transactions will be dependent upon several factors, including our liquidity requirements, contractual restrictions, general market conditions and applicable regulatory, legal and accounting factors. Whether or not we engage in any such transactions will be determined at our discretion. The amounts involved in any such transactions, individually or in the aggregate, may be material. Although there are no financial maintenance covenants under the terms of our senior notes, there is a limitation, among other limitations, on certain future borrowings based on an adjusted leverage ratio or a fixed charge coverage ratio. These ratios are based on financial measures similar to non-GAAP adjusted EBITDA as presented in the Reconciliation of Non-GAAP Measures section below, but also give pro forma effect to certain events, including acquisitions, synergies and savings from cost reduction initiatives such as facility closures and headcount reductions. For the twelve months ended September 30, 2024, our non-GAAP pro forma adjusted EBITDA, as measured pursuant to the indentures governing our notes, was \$615.0 million, which included annualized savings expected from cost reduction initiatives of \$18.6 million so that the impact of cost reduction initiatives is fully reflected in the twelve-month period used in the calculation of the ratios. In addition to limitations under these indentures, our senior secured credit facilities contain customary negative covenants based on similar financial measures. We believe we are in compliance with the covenants under our indentures and senior secured credit facilities as of September 30, 2024. Cash and cash equivalents decreased during the nine months ended September 30, 2024 primarily driven by \$45.1 million of cash paid related to the Casa Transaction, debt repayments of \$24.0 million and capital expenditures of \$18.0 million. As of September 30, 2024, approximately 57% of our cash and cash equivalents were held outside the U.S. Working capital, net of assets and liabilities held for sale and excluding cash and cash equivalents and the current portion of long-term debt, increased during the nine months ended September 30, 2024 compared to the fourth quarter of 2023 primarily due to higher accounts receivable with favorable operating performance driving higher net sales in the third quarter of 2024 compared to the fourth quarter of 2023, higher prepaid assets, and lower accrued liabilities due to interest payments. The increase was partially offset by higher accounts payable due to timing of payments and lower inventory.

Revolving Credit Facility. During the nine months ended September 30, 2023, we repurchased \$81.4 million aggregate principal amount of our 8.25% senior notes due 2027, \$4.3 million aggregate principal amount of our 7.125% senior notes due 2028 and \$25.4 million aggregate principal amount of the 2025 Notes, for total cash consideration paid of \$92.1 million. We also paid three quarterly scheduled amortization payments totaling \$24.0 million on the 2026 Term Loan during the nine months ended September 30, 2023. During the nine months ended September 30, 2024, employees surrendered shares of our common stock to satisfy their tax withholding requirements on vested restricted stock units (RSUs) and performance share units (PSUs), which reduced cash flows by \$1.8 million compared to \$8.9 million in the prior year period. 43Å Reconciliation of Non-GAAP Measures We believe that presenting certain non-GAAP financial measures enhances an investor’s understanding of our financial performance. We further believe that these financial measures are useful in assessing our operating performance from period to period by excluding certain items that we believe are not representative of our recurring business. We also use certain of these financial measures for business planning purposes and in measuring our performance relative to that of our competitors. We believe these financial measures are commonly used by investors to evaluate our performance and that of our competitors. However, our use of the term non-GAAP adjusted EBITDA may vary from that of others in our industry. These financial measures should not be considered as alternatives to operating income (loss), net income (loss) or any other performance measures derived in accordance with U.S. GAAP as measures of operating performance, operating cash flows or liquidity. We also believe presenting these non-GAAP results for the twelve months ended September 30, 2024 provides an additional tool for assessing our recent performance. Such amounts are unaudited and are derived by subtracting the data for the nine months ended September 30, 2023 from the data for the year ended December 31, 2023 and then adding the data for the nine months ended September 30, 2024. Although there are no financial maintenance covenants under the terms of our senior notes, there is a limitation, among other limitations, on certain future borrowings based on an adjusted leverage ratio or a fixed charge coverage ratio. These ratios are based on financial measures similar to non-GAAP adjusted EBITDA as presented in this section, but also give pro forma effect to certain events, including acquisitions and savings from cost reduction initiatives such as facility closures and headcount reductions. These forward-looking statements are generally identified by their use of such terms and phrases as: intend, expect, goal, estimate, anticipate, project, projections, plans, potential, anticipate, could, could, designed to, foreseeable future, believe, think, scheduled, outlook, target, guidance and similar expressions, although not all forward-looking statements contain such terms. This list of indicative terms and phrases is not intended to be all-inclusive. These forward-looking statements are subject to various risks and uncertainties, many of which are outside our control, including, without limitation, our dependence on customers’ capital spending on data, communication and entertainment equipment, which could be negatively impacted by a regional or global economic downturn, among other factors; the potential impact of higher than normal inflation; concentration of sales among a limited number of customers and channel partners; risks associated with our sales through channel partners; changes to the regulatory environment in which we and our customers operate; changes in technology; industry competition and the ability to retain customers through product innovation, introduction, and marketing; changes in cost and availability of key raw materials, components and commodities and the potential effect on customer pricing and timing of delivery of products to customers; risks related to our ability to implement price increases on our products and services; risks associated with our dependence on a limited number of key suppliers for certain raw materials and components; risks related to the successful execution of CommScope NEXT and other cost saving initiatives; potential difficulties in realigning global manufacturing capacity and capabilities among our global manufacturing facilities or those of our contract manufacturers that may affect our ability to meet customer demands for products; possible future restructuring actions; the risk that our manufacturing operations, including our contract manufacturers on which we rely, encounter capacity, production, quality, financial or other difficulties causing difficulty in meeting customer demands; our substantial indebtedness, including our upcoming maturities and evaluation of capital structure alternatives and restrictive debt covenants; our ability to refinance existing indebtedness prior to its maturity or incur additional indebtedness at acceptable interest rates or at all; our ability to generate cash to service our indebtedness; the divestiture of the Home segment and its effect on our remaining businesses; the expected timing of the closing of the sale of the OWN and DAS businesses (the Transaction); the expected benefits of the Transaction, including the expected financial performance of CommScope following the Transaction; the ability of the parties to obtain any required regulatory approvals in connection with the Transaction and to complete the Transaction considering the various closing conditions; expenses related to the Transaction and any potential future costs; the occurrence of any event, change or other circumstance that could give rise to the termination of the definitive agreement governing the Transaction, or an inability to consummate the Transaction on the terms described or at all; the effect of the announcement of the Transaction on the ability of CommScope to retain and hire key personnel and maintain relationships with its key business partners and customers, and others with whom it does business, or on its operating results and businesses generally; the response of CommScope’s competitors, creditors and other stakeholders to the Transaction; risks associated with the disruption of management’s attention from ongoing business operations due to the Transaction; the ability to meet expectations regarding the timing and completion of the Transaction; potential litigation relating to the Transaction; restrictions during the pendency of the Transaction that may impact the ability to pursue certain business opportunities, including uncertainty regarding the timing of the separation, achievement of the expected benefits and the potential disruption to the business; our ability to integrate and fully realize anticipated benefits from prior or future divestitures, acquisitions or equity investments; possible future additional impairment charges for fixed or intangible assets, including goodwill; our ability to attract and retain qualified key employees; labor unrest; product quality or performance issues, including those associated with our suppliers or contract manufacturers, and associated warranty claims; our ability to maintain effective management information technology systems and to successfully implement major systems initiatives; cyber-security incidents, including data security breaches, ransomware or computer viruses; the use of open standards; the long-term impact of climate change; significant international operations exposing us to economic risks like variability in foreign exchange rates and inflation, as well as political and other risks, including the impact of wars, regional conflicts and terrorism; our ability to comply with governmental anti-corruption laws and regulations worldwide; the impact of export and import controls and sanctions worldwide on our supply chain and ability to compete in international markets; changes in the laws and policies in the U.S. affecting trade, including the risk and uncertainty related to tariffs or potential trade wars and potential changes to laws and policies, that may impact our products; the costs of protecting or defending intellectual property; costs and challenges of compliance with domestic and foreign social and environmental laws; the impact of litigation and similar regulatory proceedings in which we are involved or may become involved, including the costs of such litigation; the scope, duration and impact of disease outbreaks and pandemics, such as COVID-19, on our business, including employees, sites, operations, customers, supply chain logistics and the global economy; our stock price volatility; income tax rate variability and ability to recover amounts recorded as deferred tax assets; and other factors beyond our control. 46Å These and other factors are discussed in greater detail in our 2023 Annual Report and may be updated from time to time in our annual reports, quarterly reports, current reports and other filings we make with the Securities and Exchange Commission. Although the information contained in this Quarterly Report on Form 10-Q represents our best judgment as of the date of this report based on information currently available and reasonable assumptions, we can give no assurance that the expectations will be attained or that any deviation will not be material. Given these uncertainties, we caution you not to place undue reliance on these forward-looking statements, which speak only as of the date made. We are not undertaking any duty or obligation to update this information to reflect developments or information obtained after the date of this Quarterly Report on Form 10-Q, except to the extent required by law. ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK There have been no material changes in the interest rate risk, commodity price risk or foreign currency exchange rate risk information previously reported under Item 7A of our 2023 Annual Report, as filed with the Securities and Exchange Commission on February 29, 2024. ITEM 4. CONTROLS AND PROCEDURES Disclosure Controls and Procedures Our management, with the participation of our Chief Executive Officer and Chief Financial Officer, evaluated the effectiveness of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended) as of the end of the period covered by this report. Based on that evaluation, our Chief Executive Officer and Chief Financial Officer have concluded that these disclosure controls and procedures are effective. Changes in Internal Control Over Financial Reporting Reference should be made to our 2023 Annual Report for additional information regarding discussion of the effectiveness of the Company’s controls and procedures. There have been no changes in our internal control over financial reporting during the quarter ended September 30, 2024 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting. 47Å PART II Å OTHER INFORMATION ITEM 1. LEGAL PROCEEDINGS The Company is a party to certain intellectual property claims and also periodically receives notices asserting that its products infringe on another party’s patents and other intellectual property rights. These claims and assertions, whether against the Company directly or against its customers, could require the Company to pay damages or royalties, stop offering the relevant products and/or cease other activities. The Company may also be called upon to indemnify certain customers for costs related to products sold to such customers. The outcome of these claims and notices is uncertain, and a reasonable estimate of the loss from unfavorable outcomes in certain of these matters either cannot be determined or is estimated at the minimum amount of a range of estimates. The actual loss, through settlement or trial, could be material and may vary significantly from the Company’s estimates. From time to time, the Company may also be involved as a plaintiff in certain intellectual property claims. Gain contingencies, if any, are recognized when they are realized. The Company is also either a plaintiff or a defendant in certain other pending legal matters in the normal course of business. Management believes none of these other pending legal matters will have a material adverse effect on the Company’s business or financial condition upon final disposition. In addition, the Company is subject to various federal, state, local and foreign laws and regulations governing the use, discharge, disposal and remediation of hazardous materials. Compliance with current laws and regulations has not had, and is not expected to have, a material adverse effect on the Company’s financial condition or results of operations. ITEM 1A. RISK FACTORS The Company’s business, financial condition, results of operations and cash flows are subject to various risks which could cause actual results to vary from recent results or from anticipated future results. There have been no material changes to our risk factors disclosed in Part I, Item 1A, “Risk Factors” of our 2023 Annual Report. ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS Recent Sales of Unregistered Securities: None. Issuer Purchases of Equity Securities: The following table summarizes the stock purchase activity for the three months ended September 30, 2024: Period Å Total Number of Shares Purchased (1) Å Average Price Paid Per Share Å Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs Å Maximum Value of Shares that May Yet be Purchased Under the Plans or Programs Å July 1, 2024 - July 31, 2024 Å 544 Å \$ 1.17 Å Å Å \$ Å August 1, 2024 - August 31, 2024 Å 204 Å Å \$ 3.96 Å Å \$ Å September 1, 2024 - September 30, 2024 Å 2,549 Å Å \$ 3.86 Å Å Å Å Total Å 3,297 Å Å \$ 3.42 Å Å Å (1) The shares purchased were withheld to satisfy the withholding tax obligations related to RSUs and PSUs that vested during the period. BACKGROUND AND BASIS OF PRESENTATIONBackgroundCommScope Holding Company, Inc., along with its direct and indirect subsidiaries (CommScope or the Company), is a global provider of infrastructure solutions for communication, data center and entertainment networks. The Companyâ€™s solutions for wired and wireless networks enable service providers, including cable, telephone and digital broadcast satellite operators and media programmers, to deliver media, voice, Internet Protocol (IP) data services and Wi-Fi to their subscribers and allow enterprises to experience constant wireless and wired connectivity across complex and varied networking environments. The Companyâ€™s solutions are complemented by services including technical support, systems design and integration. CommScope is a leader in digital video and IP television distribution systems, broadband access infrastructure platforms and equipment that delivers data and voice networks to homes. CommScopeâ€™s global leadership position is built upon innovative technology, broad solution offerings, high-quality and cost-effective customer solutions, and global manufacturing and distribution scale.On July 18, 2024, the Company entered into a definitive agreement with Amphenol Corporation, a Delaware corporation (Amphenol), pursuant to which Amphenol has agreed to acquire the Companyâ€™s Outdoor Wireless Networks (OWN) segment and the Distributed Antenna Systems (DAS) business unit of its Networking, Intelligent Cellular & Security Solutions (NICS) segment in exchange for approximately \$2.1 billion in cash, to be paid by Amphenol upon closing. The sale is expected to close within the first quarter of 2025, subject to customary closing conditions, including receipt of applicable regulatory approvals. The Company determined the anticipated sale of the OWN segment and DAS business unit met the â€œheld for saleâ€ criteria and the â€œdiscontinued operationsâ€ criteria in accordance with Accounting Standards Codification (ASC) No. 360-10, Impairment and Disposal of Longâ€Lived Assets, and ASC No. 205-20, Presentation of Financial Statements: Discontinued Operations, in the third quarter of 2024 due to its relative size and strategic rationale. For all periods presented, amounts in these consolidated financial statements have been recast to reflect the discontinuation of the OWN segment and DAS business unit in accordance with guidance. The Company completed the

acquisition of certain assets of Casa Systems, Inc. and its subsidiaries (Casa) on June 7, 2024 (the Casa Transaction). As part of the Casa Transaction, the Company acquired certain assets (the Casa Assets) and assumed certain specified liabilities (the Casa Liabilities) of Casa. The sale was conducted pursuant to the bid procedures (the Bid Procedures) established in the chapter 11 cases of Casa Systems, Inc. and certain affiliates in the United States (U.S.) Bankruptcy Court for the District of Delaware (the Bankruptcy Court). Pursuant to the Bid Procedures, the Company was designated as the successful bidder following an auction held on May 29, 2024. On June 5, 2024, the Bankruptcy Court entered an order authorizing the sale of the Casa Assets to the Company pursuant to section 363 of the U.S. Bankruptcy Code (subject to the terms thereof). The sale closed on June 7, 2024 and, at such time, the Company funded the purchase price of \$45.1 million and settled certain assumed Casa Liabilities, with cash on hand. The Company plans to integrate this strategic acquisition into its Access Network Solutions (ANS) segment and expects the acquisition to strengthen its ANS segment's position by enhancing its virtual cable modem termination systems (CMTS) and passive optical network (PON) product offerings, which will enable customers to migrate to distributed access architecture (DAA) solutions at their own speed, and further grow its customer base. See Note 2 for additional discussion of the Casa Transaction. On January 9, 2024, the Company completed the sale of its Home Networks (Home) segment and substantially all of the associated segment assets and liabilities (Home business) to Vantiva SA (Vantiva) pursuant to the Call Option Agreement entered into on October 2, 2023 and Purchase Agreement dated as of December 7, 2023. In the fourth quarter of 2023, the Company determined the sale of the Home business met the "held for sale" criteria and the "discontinued operations" criteria in accordance with accounting guidance. All prior period amounts in these condensed consolidated financial statements have been recast to reflect the discontinuation of the Home business. The discussions in these condensed consolidated financial statements relate solely to the Company's continuing operations, unless otherwise noted. As a result, the Company is reporting financial performance based on the following remaining three operating segments, which excludes the OWN segment, DAS business unit in NICS and Home business: Connectivity and Cable Solutions (CCS), NICS (excluding DAS) and ANS. See Note 3 for further discussion of the discontinued operations related to the OWN segment, DAS business unit and Home business. Basis of Presentation The accompanying condensed consolidated financial statements are unaudited and reflect all adjustments of a normal, recurring nature that are, in the opinion of management, necessary for a fair presentation of the interim period financial statements. The results of operations for these interim periods are not necessarily indicative of the results of operations to be expected for any future period or the full fiscal year. Certain prior year amounts have been reclassified to conform to the current year presentation. As of January 1, 2024, management shifted certain product lines from the Company's CCS segment to its ANS segment to better align with how the businesses are managed. All prior period amounts in these condensed consolidated financial statements have been recast to reflect these operating segment changes. The unaudited interim condensed consolidated financial statements have been prepared in accordance with generally accepted accounting principles (GAAP) in the U.S. for interim financial information and are presented in accordance with the applicable requirements of Regulation S-X. Accordingly, these financial statements do not include all of the information and notes required by U.S. GAAP for complete financial statements. These unaudited condensed consolidated financial statements should be read in conjunction with the Company's audited consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2023 (the 2023 Annual Report). The significant accounting policies followed by the Company are set forth in Note 2 within the Company's audited consolidated financial statements included in the 2023 Annual Report. There were no material changes in the Company's significant accounting policies during the three or nine months ended September 30, 2024. Liquidity The accompanying condensed consolidated financial statements have been prepared assuming that the Company will continue as a going concern, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. As of September 30, 2024, the Company has \$1.27 billion outstanding on its 6.00% senior unsecured notes that mature on June 15, 2025 (the 2025 Notes), which is less than a year from the date that these condensed consolidated financial statements are issued for the quarter ended September 30, 2024. The Company does not currently have sufficient cash or liquidity to repay the 2025 Notes when they mature on June 15, 2025. Proceeds of approximately \$2.1 billion from the pending sale of the Company's OWN segment and DAS business unit may be used under certain circumstances to retire the 2025 Notes due to the flexibility under the Company's debt documents. The Company believes this is probable of occurring and will alleviate substantial doubt about the Company's ability to operate as a going concern. Concurrently, the Company is negotiating with creditors to explore both restructuring and/or refinancing of the 2025 Notes. No commitments have been obtained regarding this alternative as of the filing date, although it remains part of the Company's plans to mitigate conditions that give rise to substantial doubt about the Company's ability to operate as a going concern. Management has assessed its plan to mitigate the conditions that give rise to substantial doubt and, considering the pending sale of the Company's OWN segment and DAS business unit, management believes such plan is probable and will alleviate substantial doubt about the Company's ability to operate as a going concern. Concentrations of Risk and Related Party Transactions No direct customer accounted for 10% or more of the Company's total net sales during the three or nine months ended September 30, 2024. Net sales to Charter Communications, Inc. (Charter) accounted for 13% of the Company's total net sales during the three months ended September 2023. During the nine months ended September 30, 2023, Comcast Corporation and affiliates (Comcast) and Charter each accounted for 11% of the Company's total net sales. Accounts receivable from Comcast and Anixter International Inc. and its affiliates (Anixter) represented approximately 11% and 10%, respectively, of accounts receivable as of September 30, 2024. Other than Comcast and Anixter, no direct customer accounted for 10% or more of the Company's accounts receivable. The Company relies on sole suppliers or a limited group of suppliers for certain key components, subassemblies and modules and a limited group of contract manufacturers to manufacture a significant portion of its products. Any disruption or termination of these arrangements could have a material adverse impact on the Company's results of operations. As of September 30, 2024, funds affiliated with Carlyle Partners VII S1 Holdings, L.P. (Carlyle) owned 100% of the Company's Series A convertible preferred stock (the Convertible Preferred Stock), which was sold to Carlyle to fund a portion of the acquisition of ARRIS International plc (ARRIS) in 2019. See Note 11 for further discussion of the Convertible Preferred Stock. Other than transactions related to the Convertible Preferred Stock and the Company's continuing involvement with Vantiva discussed in Note 3, there were no material related party transactions for the three or nine months ended September 30, 2024. Commitments and Contingencies Product Warranties The Company recognizes a liability for the estimated claims that may be paid under its customer assurance-type warranty agreements to remedy potential deficiencies of quality or performance of the Company's products. These product warranties extend over various periods, depending on the product subject to the warranty and the terms of the individual agreements. The Company records a provision for estimated future warranty claims as cost of sales based upon the historical relationship of warranty claims to sales and specifically identified warranty issues. The Company bases its estimates on assumptions that are believed to be reasonable under the circumstances and revises its estimates, as appropriate, when events or changes in circumstances indicate that revisions may be necessary. Such revisions may be material. The following table summarizes the activity in the product warranty accrual, included in accrued and other liabilities and other noncurrent liabilities on the Condensed Consolidated Balance Sheets: Three Months Ended Nine Months Ended September 30, 2024 September 30, 2023 September 30, 2022 September 30, 2021 September 30, 2020

Non-cancellable Purchase Obligations In the third quarter of 2023, the Company entered into a long-term supply contract with a third-party to secure the supply of certain raw materials. Under the terms of the contract, the Company will make advance payments through 2026 totaling \$120.0 million (undiscounted), and such advance payments will be credited and applied to future orders on a quarterly basis beginning in 2027 through 2031 based on the ability to meet certain minimum purchase requirements. Advance payments of \$45.0 million and \$30.0 million are capitalized as other noncurrent assets in the Condensed Consolidated Balance Sheets as of September 30, 2024 and December 31, 2023, respectively. Under this agreement, the Company committed to purchases of raw materials that began in 2023, growing to a level of approximately \$137 million per year by 2026 and continuing through 2032. Legal Proceedings The Company is party to certain intellectual property claims and also periodically receives notices asserting that its products infringe on another party's patents and other intellectual property rights. These claims and assertions, whether against the Company directly or against its customers, could require the Company to pay damages or royalties, stop offering the relevant products and/or cease other activities. The Company may also be called upon to indemnify certain customers for costs related to products sold to such customers. The outcome of these claims and notices is uncertain, and a reasonable estimate of the loss from unfavorable outcomes in certain of these matters either cannot be determined or is estimated at the minimum amount of a range of estimates. The actual loss, through settlement or trial, could be material and may vary significantly from the Company's estimates. From time to time, the Company may also be involved as a plaintiff in certain intellectual property claims. Gain contingencies, if any, are recognized when they are realized. The Company is also either a plaintiff or a defendant in certain other pending legal matters in the normal course of business. Management believes none of these other pending legal matters will have a material adverse effect on the Company's business or financial condition upon final disposition. The Company is subject to various federal, state, local and foreign laws and regulations governing the use, discharge, disposal and remediation of hazardous materials. Compliance with current laws and regulations has not had, and is not expected to have, a material adverse effect on the Company's financial condition or results of operations. Asset Impairments Goodwill Goodwill is tested for impairment annually or at other times if events have occurred or circumstances exist that indicate the carrying value of the reporting unit may exceed its fair value. As of January 1, 2024, the Company assessed goodwill for impairment due to a change in the composition of reporting units as a result of the new segment structure and certain other intrasegment realignments. The Company performed impairment testing immediately before and after the change and determined that no goodwill impairment existed. As of the most recent impairment test on January 1, 2024, the implied fair value of the Enterprise and ANS reporting units exceeded its respective carrying amount by 8% and 7%, respectively. There were no goodwill impairments identified during the three or nine months ended September 30, 2024. See Note 4 for further discussion. During the third quarter of 2023, the Company concluded that a triggering event occurred, primarily due to a sustained decrease in the market value of the Company's debt and common stock affecting the overall business and changes in expected future cash flows due to reduced earnings forecasts and current macroeconomic conditions, including a rising interest rate environment. The Company performed an interim quantitative goodwill impairment test as of September 30, 2023 for its ANS and Building and Data Center Connectivity (BDCC) reporting units, which were most sensitive to negative performance and outlook, to compare the fair values of the reporting units to their carrying amounts, including the goodwill. As a result, for the three and nine months ended September 30, 2023, the Company recorded a goodwill impairment charge of \$425.9 million in asset impairments in the Condensed Consolidated Statements of Operations to partially write down the carrying amount of the ANS reporting unit goodwill. As of September 30, 2023, there was no impairment identified in the BDCC reporting unit within the CCS reportable segment. See Note 4 for further discussion. Subsequently, the Company's ANS and BDCC reporting units failed the annual goodwill impairment test, and partial impairments were recorded as of October 1, 2023. As a result of the new segment structure and certain other intrasegment realignments, as of January 1, 2024, the BDCC and Network Cable and Connectivity (NCC) reporting units are being referred to as Enterprise and Broadband, respectively, which are both in the CCS reportable segment. Considering the low headroom going forward for each of the ANS and Enterprise reporting units, there is a risk for future impairment in the event of declines in general economic, market or business conditions or any significant unfavorable change in the forecasted cash flows, weighted average cost of capital or growth rates. If current and long-term projections for the ANS and Enterprise reporting units are not realized or decrease materially, the Company may be required to recognize additional goodwill impairment charges, and these charges could be material to the Company's results of operations. Long-lived Assets Long-lived assets, which include property, plant and equipment, intangible assets with finite lives and right of use assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying value of the assets may not be recoverable, based on the undiscounted cash flows expected to be derived from the use and ultimate disposition of the assets. Assets identified as impaired are adjusted to estimated fair value. Equity investments without readily determinable fair values are evaluated each reporting period for impairment based on a qualitative assessment and are then measured at fair value if an impairment is determined to exist. Other than certain assets impaired as a result of restructuring actions and as part of discontinued operations, there were no definite-lived intangible or other long-lived asset impairments identified during the three or nine months ended September 30, 2024 or 2023. Income Taxes For the three and nine months ended September 30, 2024, the Company recognized income tax expense of \$26.7 million on a pretax loss of \$70.0 million and income tax expense of \$41.2 million on a pretax loss of \$356.7 million, respectively. The Company's income taxes for the three and nine months ended September 30, 2024, were unfavorably impacted by \$35.9 million and \$103.7 million, respectively, of additional valuation allowance related to current year federal and state interest limitation carryforwards and U.S. anti-deferral provisions, partially offset by tax benefits related to federal tax credits. For the three and nine months ended September 30, 2024, the Company used a discrete calculation to compute the net tax benefit associated with external interest. Using the estimated annual tax rate for this component of income would have produced significant variability in the estimated annual effective tax rate, and use of the discrete method for this component results in the best estimate of the estimated annual effective tax rate. For the three and nine months ended September 30, 2023, the Company recognized an income tax benefit of \$34.5 million on a pretax loss of \$568.3 million and an income tax benefit of \$74.4 million on a pretax loss of \$756.3 million, respectively. The Company's tax benefit for the three and nine months ended September 30, 2023, was unfavorably impacted by a goodwill impairment charge of \$425.9 million for which minimal tax benefits were recorded. The Company's tax benefit was favorably impacted by \$4.1 million related to tax law changes for the three and nine months ended September 30, 2023. In addition to the unfavorable impact of the goodwill impairment charge mentioned above, for the nine months ended September 30, 2023, the Company's tax benefit was also unfavorably impacted by excess tax costs of \$7.1 million related to equity compensation awards but favorably impacted by \$9.

The new guidance improves the transparency of supplier finance programs by requiring that a buyer in a supplier finance program disclose sufficient qualitative and quantitative information about the program to allow a user of its financial statements to understand the program's nature, activity during the period, changes from period to period and potential effect on an entity's financial statements. The requirement to disclose rollforward information was effective prospectively for the Company as of January 1, 2024. The impact of adopting this new guidance was not material to the condensed consolidated financial statements and related disclosures. Issued but Not Adopted In December 2023, the Financial Accounting Standards Board (FASB) issued ASU No. 2023-09, Income Taxes (Topic 740): Improvements to Income Tax Disclosures. The new guidance is expected to improve income tax disclosures by requiring additional information related to the rate reconciliation and income taxes paid, including 1) consistent categories and greater disaggregation of information in the rate reconciliation and 2) disaggregation of income taxes paid by jurisdiction. The guidance is effective for the Company on a prospective basis, although retrospective application is permitted, as of January 1, 2025 for the annual period. Early adoption is permitted. The Company is currently evaluating the impact of the new guidance on the condensed consolidated financial statements. In November 2023, the FASB issued ASU No. 2023-07, Segment Reporting (Topic 280): Improvements to Reportable Segment Disclosures. The new guidance is expected to improve reportable segment disclosure requirements primarily through enhanced disclosures for significant segment expenses. The guidance is effective for the Company on a retrospective basis as of January 1, 2024 for the annual period and January 1, 2025 for the interim periods. Early adoption is permitted. The Company is currently evaluating the impact of the new guidance on the condensed consolidated financial statements. ACQUISITIONS On June 7, 2024, the Company completed the acquisition of certain assets of Casa Systems, Inc. and its subsidiaries (Casa), which provides telecommunication infrastructure equipment and software-centric infrastructure solutions that allow cable service providers to deliver voice, video and data services over a single platform. The acquired assets included, among other things, accounts receivable, specified inventory, intellectual property and intellectual property rights, certain specified contracts, including facility leases, equipment and other personal property (collectively, the Casa Assets). As part of the Casa Transaction, the Company assumed certain specified liabilities, including certain cure costs related to assumed contracts and liabilities under such contracts and relating to the employment of continuing employees, in each case, arising after the consummation of the acquisition (collectively, the Casa Liabilities). The sale was conducted pursuant to the Bid Procedures established in the chapter 11 cases of Casa Systems, Inc. and certain affiliates in the Bankruptcy Court. Pursuant to the Bid Procedures, the Company was designated as the successful bidder following an auction held on May 29, 2024. On June 5, 2024, the Bankruptcy Court entered an order authorizing the sale of the Casa Assets to the Company pursuant to section 363 of the U.S. Bankruptcy Code (subject to the terms thereof). The sale closed on June 7, 2024 and, at such time, the Company funded the purchase price of \$45.1 million and settled certain assumed Casa Liabilities, with cash on hand. The Company plans to integrate this strategic acquisition into its ANS segment and expects the acquisition to strengthen its ANS segment's position by enhancing its virtual CMTS and PON product offerings, which will enable customers to migrate to DAA solutions at their own speed, and further grow its customer base. The Company recorded the purchase of the Casa Transaction using the acquisition method of accounting in accordance with ASC Topic 805, Business Combinations, and, accordingly, recognized the assets acquired and liabilities assumed at their fair values as of the date of acquisition. As of September 30, 2024, the valuation studies necessary to determine the fair market value of the assets acquired and liabilities assumed are preliminary, including the validation of the underlying cash flows used to determine the fair value of the identified intangible assets. The final determination of the fair value of certain assets and liabilities will be completed within the one-year measurement period from the date of acquisition, which is necessary to adequately analyze all the factors used in establishing the asset and liability fair values as of the acquisition date, including, but not limited to intangible assets, accounts receivable, inventory and personal property. The following amounts represent the preliminary determination of the fair value of identifiable assets acquired and liabilities assumed in the Casa Transaction as of the acquisition date: \$ Amounts Recognized as of Acquisition Date \$ Q3 Measurement Period Adjustments \$ Amounts Recognized as of Acquisition Date (As Adjusted) Purchase price \$ 45.1 \$ 45.1 Total cash consideration paid \$ 45.1 \$ 45.1 Assets \$ 45.1 Accounts receivable, net (1) \$ 4.4 \$ 0.8 Inventories, net \$ 13.6 \$ (3.9) Property, plant and equipment \$ 9.7 \$ 2.6 Goodwill \$ 2.2 \$ 2.1 Identifiable intangible assets \$ 4.3 \$ 2.4 Other noncurrent assets \$ 1.2 \$ (0.1) Less: Liabilities assumed \$ 4.3 Accounts payable and accrued \$ 2.3 Other liabilities \$ 2.3 Other noncurrent liabilities \$ 0.7 Fair value allocated to net assets acquired \$ 45.1 \$ 45.1 (1) The fair value of accounts receivable, net is \$5.2 million with a gross contractual amount of \$12.2 million. The Company expects \$7.0 million to be uncollectible. The impact of measurement period adjustments to the Condensed Consolidated Statements of Operations was immaterial for the three and nine months ended September 30, 2024. The goodwill arising from the Casa Transaction is believed to result from the company's reputation in the marketplace and assembled workforce and is expected to be fully deductible for income tax purposes. Various valuation techniques which use significant unobservable inputs, or Level 3 inputs as defined by the fair value hierarchy, were used to estimate the fair value of the assets acquired and the liabilities assumed. Using these valuation approaches requires the Company to make certain estimates and assumptions. The estimated fair values are expected to change as the Company completes its valuation analyses of the assets acquired and liabilities assumed. The table below summarizes the preliminary valuations of the intangible assets acquired that were determined by management to meet the criteria for recognition apart from goodwill and determined to have finite lives. The values presented below are preliminary estimates and are subject to change as management completes its valuation of the Casa Transaction: Estimated Fair Value \$ Weighted Average Estimated Useful Life (In Years) Customer relationships \$ 5.8 \$ 12 Existing technology \$ 15.9 \$ 7 Total amortizable intangible assets \$ 21.7 The Company recorded \$4.3 million of net sales included in the Condensed Consolidated Statements of Operations related to the Casa business for both the three and nine months ended September 30, 2024. The Company recognized \$0.4 million and \$1.4 million of transaction and integration-related costs related to the Casa Transaction for the three and nine months ended September 30, 2024, respectively, and these costs were recognized in selling, general and administrative expense in the Condensed Consolidated Statements of Operations. DISCONTINUED OPERATIONS On July 18, 2024, the Company entered into a definitive agreement with Amphenol, pursuant to which Amphenol has agreed to acquire the Company's OWN segment and the DAS business unit of its NICS segment in exchange for approximately \$2.1 billion in cash, to be paid by Amphenol upon closing. The OWN segment and DAS business unit qualified as a "held for sale" per ASC 360-10 in the third quarter of 2024 and were classified as a discontinued operation per ASC 205-20, as the Company determined, qualitatively and quantitatively, that this transaction represents a strategic shift that has or will have a major effect on the Company's operations and financial results. As such, activity directly attributable to the OWN segment and DAS business unit has been removed from continuing operations and presented in income (loss) from discontinued operations, net of income taxes, on the Condensed Consolidated Statements of Operations for all periods presented. In addition, all assets and liabilities of the OWN segment and DAS business unit were classified as assets and liabilities held for sale on the Condensed Consolidated Balance Sheets as of September 30, 2024 and December 31, 2023. On January 9, 2024, the Company completed the sale of the Home business to Vantiva pursuant to the Call Option Agreement entered into on October 2, 2023 and the Purchase Agreement dated as of December 7, 2023, in exchange for (i) 134,704,669 shares of Vantiva common stock representing a 24.73% equity stake in Vantiva (determined on a fully diluted basis), (ii) \$250,465 in cash (in addition to cash paid in exchange for the cash on the Home business companies' balance sheets) and (iii) an earn-out of up to \$100 million in the aggregate. The earn-out payments are contingent upon Vantiva achieving adjusted EBITDA equal to or greater than \$~400 million for one or more of Vantiva's first five fiscal years following the closing of the transaction. The earn-out payment with respect to any fiscal year will be subject to an additional annual cap, the amount of which will depend on certain elections made by the Company following Vantiva reaching the \$~400 million adjusted EBITDA threshold for the first time, and on Vantiva's maintenance of certain liquidity levels (after giving effect to such payment). The Home business qualified as a "held for sale" per ASC 360-10 in the fourth quarter of 2023 and was classified as a discontinued operation per ASC 205-20, as the Company determined, qualitatively and quantitatively, that this transaction represents a strategic shift that has or will have a major effect on the Company's operations and financial results. As such, activity directly attributable to the Home business has been removed from continuing operations and presented in income (loss) from discontinued operations, net of income taxes, on the Condensed Consolidated Statements of Operations for all periods presented. In addition, all assets and liabilities of the Home business were classified as assets and liabilities held for sale on the Consolidated Balance Sheets as of December 31, 2023, and in connection with the "held for sale" classification, the Company recognized a loss on classification as held for sale of \$177.0 million in the fourth quarter of 2023. Upon the closing of the transaction on January 9, 2024, the Company recognized an additional loss of \$75.3 million, which was included in income (loss) from discontinued operations, net of income taxes, on the Condensed Consolidated Statements of Operations for the nine months ended September 30, 2024. In conjunction with the closing of the Home business transaction, the Company entered into a transition service agreement with Vantiva (Vantiva TSA), whereby the Company provides and receives certain post-closing support on a transitional basis which is included in continuing operations in transition service agreement income. The terms of the Vantiva TSA vary based on the services provided thereunder, with the longest such term having a duration of sixteen months. The Vantiva TSA provides options to extend services for up to two renewal terms of three months each. Following the closing of the transaction, the Company also entered into a Supply Agreement with Vantiva (Vantiva Supply Agreement), whereby the Company sells certain retained inventory at cost, or market price if below cost, for a period of two years. The Company's investment in Vantiva is accounted for using the equity method of accounting, and the carrying value of the investment is included in other noncurrent assets in the Condensed Consolidated Balance Sheets. The Company recognized a loss on its investment of \$17.0 million in the second quarter of 2024, as a result of recording its proportionate share of loss on its equity investment, which is recorded on a one-quarter lag basis in discontinued operations in the Condensed Consolidated Statements of Operations beginning in the second quarter of 2024. The investment in the ordinary shares is subject to a lock-up period, until the earlier of eighteen months, or the occurrence of a change of control or the entry into an agreement that would result in a change of control, following closing. During the first quarter of 2024, the Company recorded a \$48.3 million loss on disposal of the Home business, with an incremental \$5.5 million loss on disposal related to settlements of certain retained obligations recognized during the third quarter. During the second quarter of 2024, the Company recognized a loss on impairment of \$17.2 million, based on Level 3 valuation inputs which included contractual payment amounts and market comparable information, related to Home business patents. In addition, during the first quarter of 2024, the Company recorded a loss on disposal of the Home business. The losses were recorded in income (loss) from discontinued operations, net of income taxes on the Condensed Consolidated Statements of Operations. As a result of the new segment structure and certain other intrasegment realignments, as of January 1, 2024, the Company assessed goodwill for impairment due to changes in the composition of certain reporting units. The Company performed impairment testing immediately before the change and after the change once goodwill was reallocated and determined that no goodwill impairment existed. Additional goodwill of \$4.3 million resulting from the Casa acquisition is included in the other activity above as of September 30, 2024.For the quarter ended September 30, 2024, the Company completed an impairment analysis for goodwill recorded within the NICS reporting unit, which is impacted by the pending divestiture of the DAS business. The quantitative assessment was used, and the Company determined that the fair value of the impacted reporting unit exceeded the carrying value and that no impairment existed immediately prior to or subsequent to allocating goodwill to the disposal group that includes our DAS business. The Company allocated \$113.5 million of goodwill to the disposal group based on the relative fair value of the DAS business as compared to the NICS reporting unit, along with \$504.3 million of goodwill that was entirely attributable to its OWN reporting unit. Total goodwill for the disposal group of \$617.8 million has been classified as held for sale as of September 30, 2024.During the third quarter of 2023, the Company concluded that a triggering event occurred, primarily due to a sustained decrease in the market value of the Company's debt and common stock affecting the overall business and changes in expected future cash flows due to reduced earnings forecasts and current macroeconomic conditions, including a rising interest rate environment. As a result, the Company performed an interim quantitative goodwill impairment test as of September 30, 2023 for its ANS and BDCC reporting units and recorded a goodwill impairment charge of \$425.9 million in asset impairments in the Condensed Consolidated Statements of Operations to partially write down the carrying amount of the goodwill in the ANS reporting unit. As of September 30, 2023, there was no impairment identified in the BDCC reporting unit within the CCS reportable segment. The change in the contract liability balance from December 31, 2023 to September 30, 2024 was primarily due to upfront support billings to be recognized over the support term. During the three and nine months ended September 30, 2024, the Company recognized \$18.4 million and \$69.1 million, respectively, of revenue related to contract liabilities recorded as of December 31, 2023. RESTRUCTURING COSTS (CREDITS), NETThe Company incurs costs associated with restructuring initiatives intended to improve overall operating performance and profitability. The costs related to restructuring actions are generally cash-based and primarily consist of employee-related costs, which include severance and other one-time termination benefits. In addition to the employee-related costs, the Company records other costs associated with restructuring actions, such as the gain or loss on the sale of facilities and impairment costs arising from unutilized real estate or equipment. The Company attempts to sell or lease this unutilized space, but additional impairment charges may be incurred related to these or other excess assets. During the three and nine months ended September 30, 2024, additional expenses were recorded for employee-related costs for severance. Other costs included the impairment of idled administration and engineering facilities during the three and nine months ended September 30, 2024. The Company has recognized restructuring charges of \$204.8 million to date related to CommScope NEXT actions. The Company expects to make cash payments of \$2.9 million during the remainder of 2024 to settle CommScope NEXT restructuring actions. Additional restructuring actions related to CommScope NEXT are expected to be identified, and the resulting charges and cash requirements could be material. The Convertible Preferred Stock is convertible, at the option of the holders, at any time into shares of CommScope common stock at an initial conversion rate of 36.3636 shares of common stock per share of the Convertible Preferred Stock (equivalent to \$27.50 per common share). The conversion rate is subject to customary antidilution and other adjustments. As of September 30, 2024, the Company had authorized 1,400,000 shares of the Convertible Preferred Stock. Holders of the Convertible Preferred Stock are entitled to a cumulative dividend at the rate of 5.5% per year, payable quarterly in arrears. Dividends can be paid in cash, in-kind through the issuance of additional shares of the Convertible Preferred Stock or any combination of the two, at the Company's option. During the three and nine months ended September 30, 2024 and 2023, the Company paid dividends in-kind of \$16.4 million and \$48.6 million, respectively, and \$15.5 million and \$45.9 million, respectively, which were recorded as additional Convertible Preferred Stock in the Condensed Consolidated Balance Sheets. The results of operations for these interim periods are not necessarily indicative of the results of operations to be expected for any future period or the full fiscal year. Certain prior year amounts have been reclassified to conform to the current year presentation. As of January 1, 2024, management shifted certain product lines from the Company's CCS segment to its ANS segment to better align with how the businesses are managed. All prior period amounts in these condensed consolidated financial statements have been recast to reflect these operating segment changes. The unaudited interim condensed consolidated financial statements have been prepared in accordance with generally accepted accounting principles (GAAP) in the U.S. for interim financial information and are presented in accordance with the applicable requirements of Regulation S-X. Accordingly, these financial statements do not include all of the information and notes required by U.S. GAAP for complete financial statements. These unaudited condensed consolidated financial statements should be read in conjunction with the Company's audited consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2023 (the 2023 Annual Report). The significant accounting policies followed by the Company are set forth in Note 2 within the Company's audited consolidated financial statements included in the 2023 Annual Report. There were no material changes in the Company's significant accounting policies during the three or nine months ended September 30, 2024. Liquidity LiquidityThe accompanying condensed consolidated financial statements have been prepared assuming that the Company will continue as a going concern, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. As of September 30, 2024, the Company has \$1.27 billion outstanding on its 6.00% senior unsecured notes that mature on June 15, 2025 (the 2025 Notes), which is less than a year from the date that these condensed consolidated financial statements are issued for the quarter ended September 30, 2024. The Company does not currently have sufficient cash or liquidity to repay the 2025 Notes when they mature on June 15, 2025. Proceeds of approximately \$2.1 billion from the pending sale of the Company's OWN segment and DAS business unit may be used under certain circumstances to retire the 2025 Notes due to the flexibility under the Company's debt documents. The Company believes this is probable of occurring and will alleviate substantial doubt about the Company's ability to operate as a going concern. Concurrently, the Company is negotiating with creditors to explore both restructuring and/or refinancing of the 2025 Notes. No commitments have been obtained regarding this alternative as of the filing date, although it remains part of the Company's plans to mitigate conditions that give rise to substantial doubt about the Company's ability to operate as a going concern. Management has assessed its plan to mitigate the conditions that give rise to substantial doubt and, considering the pending sale of the Company's OWN segment and DAS business unit, management believes such plan is probable and will alleviate substantial doubt about the Company's ability to operate as a going concern. Concentrations of Risk and Related Party Transactions Concentrations of Risk and Related Party TransactionsNo direct customer accounted for 10% or more of the Company's total net sales during the three or nine months ended September 30, 2024. Net sales to Charter Communications, Inc. (Charter) accounted for 13% of the Company's total net sales during the three months ended September 2023. During the nine months ended September 30, 2023, Comcast Corporation and affiliates (Comcast) and Charter each accounted for 11% of the Company's total net sales. Accounts receivable from Comcast and Anixter International Inc. and its affiliates (Anixter) represented approximately 11% and 10%, respectively, of accounts receivable as of September 30, 2024. Other than Comcast and Anixter, no direct customer accounted for 10% or more of the Company's accounts receivable. The Company relies on sole suppliers or a limited group of suppliers for certain key components, subassemblies and modules and a limited group of contract manufacturers to manufacture a significant portion of its products. Any disruption or termination of these arrangements could have a material adverse impact on the Company's results of operations. As of September 30, 2024, funds affiliated with Carlyle Partners VII S1 Holdings, L.P. (Carlyle) owned 100% of the Company's Series A convertible preferred stock (the Convertible Preferred Stock), which was sold to Carlyle to fund a portion of the acquisition of ARRIS International plc (ARRIS) in 2019. See Note 11 for further discussion of the Convertible Preferred Stock. Other than transactions related to the Convertible Preferred Stock and the Company's continuing involvement with Vantiva discussed in Note 3, there were no material related party transactions for the three or nine months ended September 30, 2024. Product Warranties Product WarrantiesThe Company recognizes a liability for the estimated claims that may be paid under its customer assurance-type warranty agreements to remedy potential deficiencies of quality or performance of the Company's products. These product warranties extend over various periods, depending on the product subject to the warranty and the terms of the individual agreements. The Company records a provision for estimated future warranty claims as cost of sales based upon the historical relationship of warranty claims to sales and specifically identified warranty issues. The Company bases its estimates on assumptions that are believed to be reasonable under the circumstances and revises its estimates, as appropriate, when events or changes in circumstances indicate that revisions may be necessary.

reportable segment. Considering the low headroom going forward for each of the ANS and Enterprise reporting units, there is a risk for future impairment in the event of declines in general economic, market or business conditions or any significant unfavorable change in the forecasted cash flows, weighted average cost of capital or growth rates. If current and long-term projections for the ANS and Enterprise reporting units are not realized or decrease materially, the Company may be required to recognize additional goodwill impairment charges, and these charges could be material to the Company's results of operations. Long-lived Assets Long-lived assets, which include property, plant and equipment, intangible assets with finite lives and right of use assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying value of the assets may not be recoverable, based on the undiscounted cash flows expected to be derived from the use and ultimate disposition of the assets. Assets identified as impaired are adjusted to estimated fair value. Equity investments without readily determinable fair values are evaluated each reporting period for impairment based on a qualitative assessment and are then measured at fair value if an impairment is determined to exist. Other than certain assets impaired as a result of restructuring actions and as part of discontinued operations, there were no definite-lived intangible or other long-lived asset impairments identified during the three or nine months ended September 30, 2024 or 2023. Income Taxes Income Taxes For the three and nine months ended September 30, 2024, the Company recognized income tax expense of \$26.7 million on a pretax loss of \$70.0 million and income tax expense of \$41.2 million on a pretax loss of \$356.7 million, respectively. The Company's income taxes for the three and nine months ended September 30, 2024, were unfavorably impacted by \$35.9 million and \$103.7 million, respectively, of additional valuation allowance related to current year federal and state interest limitation carryforwards and U.S. anti-deferral provisions, partially offset by tax benefits related to federal tax credits. For the three and nine months ended September 30, 2024, the Company used a discrete calculation to compute the net tax benefit associated with external interest. Using the estimated annual tax rate for this component of income would have produced significant variability in the estimated annual effective tax rate, and use of the discrete method for this component results in the best estimate of the estimated annual effective tax rate. For the three and nine months ended September 30, 2023, the Company recognized an income tax benefit of \$34.5 million on a pretax loss of \$568.3 million and an income tax benefit of \$74.4 million on a pretax loss of \$756.3 million, respectively. The Company's tax benefit for the three and nine months ended September 30, 2023, was unfavorably impacted by a goodwill impairment charge of \$425.9 million for which minimal tax benefits were recorded. The Company's tax benefit was favorably impacted by \$4.1 million related to tax law changes for the three and nine months ended September 30, 2023. In addition to the unfavorable impact of the goodwill impairment charge mentioned above, for the nine months ended September 30, 2023, the Company's tax benefit was also unfavorably impacted by excess tax costs of \$7.1 million related to equity compensation awards but favorably impacted by \$9.6 million related to the release of various uncertain tax positions. Earnings (Loss) Per Share Earnings (Loss) Per Share Basic earnings (loss) per share (EPS) from continuing operations is computed by dividing income (loss) from continuing operations, less any dividends and deemed dividends related to the Convertible Preferred Stock, by the weighted average number of common shares outstanding during the period. The numerator in diluted EPS from continuing operations is based on the basic EPS from continuing operations numerator, adjusted to add back any dividends and deemed dividends related to the Convertible Preferred Stock, subject to antidilution requirements. The denominator used in diluted EPS from continuing operations is based on the basic EPS computation plus the effect of potentially dilutive common shares related to the Convertible Preferred Stock and equity-based compensation plans, subject to antidilution requirements. Basic EPS from discontinued operations is computed by dividing income (loss) from discontinued operations, net of income taxes by the weighted average number of common shares outstanding during the period. The numerator in diluted EPS from discontinued operations is the same as the basic EPS from discontinued operations numerator. The denominator used in diluted EPS from discontinued operations is based on the basic EPS computation plus the effect of potentially dilutive common shares related to the Convertible Preferred Stock and equity-based compensation plans, subject to antidilution requirements. For the three and nine months ended September 30, 2024, 18.7 million and 18.6 million shares, respectively, of outstanding equity-based compensation awards were not included in the computation of diluted EPS because the effect was antidilutive or the performance conditions were not met. Of those amounts, for the three and nine months ended September 30, 2024, 7.0 million and 3.4 million shares, respectively, would have been considered dilutive if the Company had not been in a loss from continuing operations position. For the three and nine months ended September 30, 2023, 18.9 million and 17.2 million shares, respectively, of outstanding equity-based compensation awards were not included in the computation of diluted EPS because the effect was antidilutive or the performance conditions were not met. Of those amounts, for the three and nine months ended September 30, 2023, 0.6 million and 2.0 million shares, respectively, would have been considered dilutive if the Company had not been in a loss from continuing operations position. For the three and nine months ended September 30, 2024, 43.4 million and 42.8 million, respectively, of as-if converted shares related to the Convertible Preferred Stock were excluded from the diluted share count because they were antidilutive. For the three and nine months ended September 30, 2023, 41.1 million and 40.6 million, respectively, of as-if converted shares related to the Convertible Preferred Stock were excluded from the diluted share count because they were antidilutive; however, they may have been considered dilutive if the Company had not been in a loss from continuing operations position. The following table presents the basis for the EPS computations (in millions, except per share data):

	Three Months Ended	Nine Months Ended	September 30, 2024	September 30, 2023

Recent Accounting Pronouncements Recent Accounting Pronouncements Adopted During the Nine Months Ended September 30, 2024 On January 1, 2024, the Company adopted the rollforward disclosure requirement of Accounting Standards Update (ASU) No. 2022-04, Liabilities Supplier Finance Programs (Subtopic 405-50): Disclosure of Supplier Finance Program Obligations. The new guidance improves the transparency of supplier finance programs by requiring that a buyer in a supplier finance program disclose sufficient qualitative and quantitative information about the program to allow a user of its financial statements to understand the program's nature, activity during the period, changes from period to period and potential effect on an entity's financial statements. The requirement to disclose rollforward information was effective prospectively for the Company as of January 1, 2024. The impact of adopting this new guidance was not material to the condensed consolidated financial statements and related disclosures. Issued but Not Adopted In December 2023, the Financial Accounting Standards Board (FASB) issued ASU No. 2023-09, Income Taxes (Topic 740): Improvements to Income Tax Disclosures. The new guidance is expected to improve income tax disclosures by requiring additional information related to the rate reconciliation and income taxes paid, including 1) consistent categories and greater disaggregation of information in the rate reconciliation and 2) disaggregation of income taxes paid by jurisdiction. The guidance is effective for the Company on a prospective basis, although retrospective application is permitted, as of January 1, 2025 for the annual period. Early adoption is permitted. The Company is currently evaluating the impact of the new guidance on the condensed consolidated financial statements. In November 2023, the FASB issued ASU No. 2023-07, Segment Reporting (Topic 280): Improvements to Reportable Segment Disclosures. The new guidance is expected to improve reportable segment disclosure requirements primarily through enhanced disclosures for significant segment expenses. The guidance is effective for the Company on a retrospective basis as of January 1, 2024 for the annual period and January 1, 2025 for the interim periods. Early adoption is permitted. The Company is currently evaluating the impact of the new guidance on the condensed consolidated financial statements. Times New Roman;min-width:fit-content;">based on the ability to meet certain minimum purchase requirements. Advance payments of \$45.0 million and \$30.0 million are capitalized as other noncurrent assets in the Condensed Consolidated Balance Sheets as of September 30, 2024 and December 31, 2023, respectively. Under this agreement, the Company committed to purchases of raw materials that began in 2023, growing to a level of approximately \$137 million per year by 2026 and continuing through 2032.Legal ProceedingsThe Company is party to certain intellectual property claims and also periodically receives notices asserting that its products infringe on another party's patents and other intellectual property rights. These claims and assertions, whether against the Company directly or against its customers, could require the Company to pay damages or royalties, stop offering the relevant products and/or cease other activities. The Company may also be called upon to indemnify certain customers for costs related to products sold to such customers. The outcome of these claims and notices is uncertain, and a reasonable estimate of the loss from unfavorable outcomes in certain of these matters either cannot be determined or is estimated at the minimum amount of a range of estimates. The actual loss, through settlement or trial, could be material and may vary significantly from the Company's estimates. From time to time, the Company may also be involved as a plaintiff in certain intellectual property claims. Gain contingencies, if any, are recognized when they are realized.The Company is also either a plaintiff or a defendant in certain other pending legal matters in the normal course of business. Management believes none of these other pending legal matters will have a material adverse effect on the Company's business or financial condition upon final disposition.</div><div style="font-size:10pt;margin-top:12pt;font-family:Times New Roman;margin-bottom:0;text-align:left;">The Company is subject to various federal, state, local and foreign laws and regulations governing the use, discharge, disposal and remediation of hazardous materials. Compliance with current laws and regulations has not had, and is not expected to have, a material adverse effect on the Company's financial condition or results of operations.</div><div style="font-size:10pt;font-family:Times New Roman;">Asset ImpairmentsGoodwillGoodwill is tested for impairment annually or at other times if events have occurred or circumstances exist that indicate the carrying value of the reporting unit may exceed its fair value. As of January 1, 2024, the Company assessed goodwill for impairment due to a change in the composition of reporting units as a result of the new segment structure and certain other intrasegment realignments. The Company performed impairment testing immediately before and after the change and determined that no goodwill impairment existed. As of the most recent impairment test on January 1, 2024, the implied fair value of the Enterprise and ANS reporting units exceeded its respective carrying amount by 8 % and 7 %, respectively. There were no goodwill impairments identified during the three or nine months ended September 30, 2024. See Note 4 for further discussion.During the third quarter of 2023, the Company concluded that a triggering event occurred, primarily due to a sustained decrease in the market value of the Company's debt and common stock affecting the overall business and changes in expected future cash flows due to reduced earnings forecasts and current macroeconomic conditions, including a rising interest rate environment. The Company performed an interim quantitative goodwill impairment test as of September 30, 2023 for its ANS and Building and Data Center Connectivity (BDCC) reporting units, which were most sensitive to negative performance and outlook, to compare the fair values of the reporting units to their carrying amounts, including the goodwill. As a result, for the three and nine months ended September 30, 2023, the Company recorded a goodwill impairment charge of \$425.9 million in asset impairments in the Condensed Consolidated Statements of Operations to partially write down the carrying amount of the ANS reporting unit goodwill. As of September 30, 2023, there was no impairment identified in the BDCC reporting unit within the CGS reportable segment. See Note 4 for further discussion.Subsequently, the Company's ANS and BDCC reporting units failed the annual goodwill impairment test, and partial impairments were recorded as of October 1, 2023.As a result of the new segment structure and certain other intrasegment realignments, as of January 1, 2024, the BDCC and Network Cable and Connectivity (NGC) reporting units are being referred to as Enterprise and Broadband, respectively, which are both in the CGS reportable segment.Considering the low headroom going forward for each of the ANS and Enterprise reporting units, there is a risk for future impairment in the event of declines in general economic, market or business conditions or any significant unfavorable change in the forecasted cash flows, weighted average cost of capital or growth rates. If current and long-term projections for the ANS and Enterprise reporting units are not realized or decrease materially, the Company may be required to recognize additional goodwill impairment charges, and these charges could be material to the Company's results of operations.Long-lived AssetsLong-lived assets, which include property, plant and equipment, intangible assets with finite lives and right of use assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying value of the assets may not be recoverable, based on the undiscounted cash flows expected to be derived from the use and ultimate disposition of the assets. Assets identified as impaired are adjusted to estimated fair value. Equity investments without readily determinable fair values are evaluated each reporting period for impairment based on a qualitative assessment and are then measured at fair value if an impairment is determined to exist. Other than certain assets impaired as a result of restructuring actions and as part of discontinued operations, here were no definite-lived intangible or other long-lived asset impairments identified during the three or nine months ended September 30, 2024 or 2023.Income TaxesFor the three and nine months ended September 30, 2024, the Company recognized income tax expense of \$26.7 million on a pretax loss of \$70.0 million and income tax expense of \$356.7 million, respectively. The Company's income taxes for the three and nine months ended September 30, 2024 were unfavorably impacted by \$35.9 million and \$<span style="font-size:

Recent Accounting Pronouncements

Liabilities – Supplier Finance Programs

The new guidance improves the transparency of supplier finance programs by requiring that a buyer in a supplier finance program disclose sufficient qualitative and quantitative information about the program to allow a user of its financial statements to understand the program's nature, activity during the period, changes from period to period and potential effect on an entity's financial statements. The requirement to disclose rollforward information was effective prospectively for the Company as of January 1, 2024. The impact of adopting this new guidance was not material to the condensed consolidated financial statements and related disclosures.

Income Taxes

Improvements to Income Tax Disclosures

The new guidance is expected to improve income tax disclosures by requiring additional information related to the rate reconciliation and income taxes paid, including 1) consistent categories and greater disaggregation of information in the rate reconciliation and 2) disaggregation of income taxes paid by jurisdiction. The guidance is effective for the Company on a prospective basis, although retrospective application is permitted, as of January 1, 2025 for the annual period. Early adoption is permitted. The Company is currently evaluating the impact of the new guidance on the condensed consolidated financial statements.

Segment Reporting

Improvements to Reportable Segment Disclosures

The new guidance is expected to improve reportable segment disclosure requirements primarily through enhanced disclosures for significant segment expenses. The guidance is effective for the Company on a retrospective basis as of January 1, 2024 for the annual period and January 1, 2025 for the interim periods. Early adoption is permitted. The Company is currently evaluating the impact of the new guidance on the condensed consolidated financial statements.

Acquisitions

On June 7, 2024, the Company completed the acquisition of certain assets of Casa Systems, Inc. and its subsidiaries (Casa), which provides telecommunication infrastructure equipment and software-centric infrastructure solutions that allow cable service providers to deliver voice, video and data services over a single platform. The acquired assets included, among other things, accounts receivable, specified inventory, intellectual property and intellectual property rights, certain specified contracts, including facility leases, equipment and other personal property (collectively, the Casa Assets). As part of the Casa Transaction, the Company assumed certain specified liabilities, including certain cure costs related to assumed contracts and liabilities under such contracts and relating to the employment of continuing employees, in each case, arising after the consummation of the acquisition (collectively, the Casa Liabilities).

The sale was conducted pursuant to the Bid Procedures established in the chapter 11 cases of Casa Systems, Inc. and certain affiliates in the Bankruptcy Court. Pursuant to the Bid Procedures, the Company was designated as the successful bidder following an auction held on May 29, 2024. On June 5, 2024, the Bankruptcy Court entered an order authorizing the sale of the Casa Assets to the Company pursuant to section 363 of the U.S. Bankruptcy Code (subject to the terms thereof). The sale closed on June 7, 2024 and, at such time, the Company funded the purchase price of \$45.1 million and settled certain assumed Casa Liabilities, with cash on hand.

The Company plans to integrate this strategic acquisition into its ANS segment and expects the acquisition to strengthen its ANS position by enhancing its virtual GPTS and PON product offerings, which will enable customers to migrate to DAA solutions at their own speed, and further grow its customer base.

The Company recorded the purchase of the Casa Transaction using the acquisition method of accounting in accordance with ASC Topic 805.

DISCONTINUED OPERATIONS

On July 18, 2024, the Company entered into a definitive agreement with Amphelol pursuant to which Amphelol has agreed to acquire the Company's OVN segment and the DAS business unit of its NICS segment in exchange for approximately \$580,000,000. The OVN segment and DAS business unit qualified as "held for sale" per ASC 360-10 in the third quarter of 2024 and were classified as a discontinued operation per ASC 205-20, as the Company determined, qualitatively and quantitatively, that this transaction represents a strategic shift that has or will have a major effect on the Company's operations and financial results. As such, activity directly attributable to the OVN segment and DAS business unit has been removed from continuing operations and presented in income (loss) from discontinued operations, net of income taxes, on the Condensed Consolidated Statements of Operations for all periods presented. In addition, all assets and liabilities of the OVN segment and DAS business unit were classified as assets and liabilities held for sale on the Condensed Consolidated Balance Sheets as of September 30, 2024 and December 31, 2023. The Company completed the sale of the Home business to Vantiva pursuant to the Call Option Agreement entered into on October 2, 2023 and the Purchase Agreement dated as of December 7, 2023, in exchange for (i) 134,704,669 shares of Vantiva common stock representing a 24.73% equity stake in Vantiva (determined on a fully diluted basis), (ii) 134,704,669 shares of Vantiva common stock representing a 25.46% equity stake in Vantiva (determined on a fully diluted basis), and (iii) an earn-out of up to \$100 million in cash paid in exchange for the cash on the Home business companies' balance sheets and the Home business unit qualified as "held for sale" per ASC 360-10 in the fourth quarter of 2023 and was classified as a discontinued operation per ASC 205-20, as the Company determined, qualitatively and quantitatively, that this transaction represents a strategic shift that has or will have a major effect on the Company's operations and financial results. As such, activity directly attributable to the Home business has been removed from continuing operations and presented in income (loss) from discontinued operations, net of income taxes, on the Condensed Consolidated Statements of Operations for all periods presented. In addition, all assets and liabilities of the Home business were classified as assets and liabilities held for sale on the Consolidated Balance Sheets as of December 31, 2023, and in connection with the "held for sale" classification, the Company recognized a loss on classification as held for sale of \$177.0 million in the fourth quarter of 2023. Upon the closing of the transaction on January 9, 2024, the Company recognized an additional loss of \$75.3 million, which was included in income (loss) from discontinued operations, net of income taxes, on the Condensed Consolidated Statements of Operations for the nine months ended September 30, 2024. In conjunction with the closing of the Home business transaction, the Company entered into a transition service agreement with Vantiva (Vantiva TSA), whereby the Company provides and receives certain post-closing support on a transitional basis which is included in continuing operations in transition service agreement income. The terms of the Vantiva TSA vary based on the services provided thereunder, with the longest such term having a duration of sixteen months. The Vantiva TSA provides options to extend services for up to two renewal terms of three months each. Following the closing of the transaction, the Company also entered into a Supply Agreement with Vantiva (Vantiva Supply Agreement), whereby the Company sells certain retained inventory at cost, or market price if below cost, for a period of two years. The Company's investment in Vantiva is accounted for using the equity method of accounting, and the carrying value of the investment is included in other noncurrent assets in the Condensed Consolidated Balance Sheets. The Company recognized a loss on its investment of \$17.0 million in the second quarter of 2024, as a result of recording its proportionate share of loss on its equity investment, which is recorded on a one-quarter lag basis in discontinued operations in the Condensed Consolidated Statements of Operations beginning in the second quarter of 2024. The investment in the ordinary shares is subject to a lock-up period, until the earlier of eighteen months, or the occurrence of a change of control or the entry into an agreement that would result in a change of control, following closing. During the second quarter of 2024, the Company recorded a loss on impairment of \$12.2 million, based on Level 3 valuation inputs which included contractual payment amounts and market

comparable information, related to Home business patents. In addition, during the first quarter of 2024, the Company recorded a loss on disposal of the Home business. The losses were recorded in income (loss) from discontinued operations, net of income taxes on the Condensed Consolidated Statements of Operations.
