## FORWARD-LOOKING STATEMENTS

Certain information set forth in this report contains “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995, Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. All statements other than historical factual information are forward-looking statements, including without limitation statements regarding: projections of revenue, expenses, profit, profit margins, tax rates, tax provisions, cash flows, pension and benefit obligations and funding requirements, our liquidity position or other projected financial measures; management’s plans and strategies for future operations, including statements relating to anticipated operating performance, cost reductions, restructuring activities, new product and service developments, competitive strengths or market position, acquisitions, divestitures, spin-offs or other distributions, strategic opportunities, financing activities, stock repurchases, dividends and executive compensation; growth, declines and other trends in markets we sell into; new or modified laws, regulations and accounting pronouncements; outstanding claims, legal proceedings, or the potential outcomes thereof, tax audits and assessments and other contingent liabilities; foreign currency exchange rates and fluctuations in those rates; general economic and capital markets conditions; the timing of any of the foregoing; assumptions underlying any of the foregoing; and any other statements that address events or developments that we intend or believe will or may occur in the future. In some cases, forward-looking statements can be identified by terminology such as “believes,” “expects,” “may,” “will,” “should,” “anticipates” or “intends” or the negative of such terms or other comparable terminology, or by discussions of strategy. We may also make additional forward-looking statements from time to time. All such subsequent forward-looking statements, whether written or oral, by us or on our behalf, are also expressly qualified by these cautionary statements.

All forward-looking statements, including without limitation any projections derived from management’s examination of historical operating trends, are based upon our current expectations and various assumptions. Our expectations, beliefs and projections are expressed in good faith and we believe there is a reasonable basis for them, but there can be no assurance that management’s expectations, beliefs and projections will be achieved. All forward-looking statements apply only as of the date made. We undertake no obligation to publicly update or revise forward-looking statements whether because of new information, future events or otherwise, except as required by securities and other applicable law.

There are a number of risks and uncertainties that could cause our actual results to differ materially from the forward-looking statements contained in or contemplated by this report. Any forward-looking statements should be considered in light of the risks set forth in “Part II. Item 1A. Risk Factors” below and “Part I. Item 1A. Risk Factors” in our Annual Report on Form 10-K for the year ended December 31, 2023.

**HUNTSMAN CORPORATION AND SUBSIDIARIES  
HUNTSMAN INTERNATIONAL LLC AND SUBSIDIARIES  
NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

**1. GENERAL**

**CERTAIN DEFINITIONS**

For convenience in this report, the terms "Company," "Huntsman," "our," "us" or "we" may be used to refer to Huntsman Corporation and, unless the context otherwise requires, its subsidiaries and predecessors. In this report, "Huntsman International" refers to Huntsman International LLC (our wholly-owned subsidiary).

In this report, we may use, without definition, the common names of competitors or other industry participants. We may also use the common names or abbreviations for certain chemicals or products.

**INTERIM FINANCIAL STATEMENTS**

Our unaudited interim condensed consolidated financial statements and Huntsman International's unaudited interim condensed consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP" or "U.S. GAAP") and in management's opinion reflect all adjustments, consisting only of normal recurring adjustments, necessary for a fair presentation of results of operations, comprehensive (loss) income, financial position and cash flows for the periods presented. Results for interim periods are not necessarily indicative of those to be expected for the full year. These unaudited condensed consolidated financial statements should be read in conjunction with the audited consolidated financial statements and notes to consolidated financial statements included in the Annual Report on Form 10-K for the year ended December 31, 2023 for our Company and Huntsman International.

**DESCRIPTION OF BUSINESSES**

We are a global manufacturer of diversified organic chemical products. We operate in three segments: Polyurethanes, Performance Products and Advanced Materials. Our products comprise many different chemicals and formulations, which we market globally to a wide range of consumers that consist primarily of industrial and building product manufacturers. Our products are used in a broad range of applications, including those in the adhesives, aerospace, automotive, coatings and construction, construction products, durable and non-durable consumer products, electronics, insulation, packaging, power generation and refining. Many of our products offer effects such as premium insulation in homes and buildings and the light weighting of airplanes and automobiles that help conserve energy. We are a leading global producer in many of our key product lines, including MDI, amines, maleic anhydride and epoxy-based polymer formulations. We operate all of our businesses through Huntsman International, our wholly-owned subsidiary. Huntsman International is a Delaware limited liability company and was formed in 1999.

**HUNTSMAN CORPORATION AND HUNTSMAN INTERNATIONAL FINANCIAL STATEMENTS**

Except where otherwise indicated, these notes relate to the condensed consolidated financial statements for both our Company and Huntsman International. The differences between our condensed consolidated financial statements and Huntsman International's condensed consolidated financial statements relate primarily to different capital structures and purchase accounting recorded at our Company for the 2003 step-acquisition of Huntsman International Holdings LLC, the former parent company of Huntsman International that was merged into Huntsman International in 2005.

**PRINCIPLES OF CONSOLIDATION**

Our condensed consolidated financial statements include the accounts of our wholly-owned and majority-owned subsidiaries and any variable interest entities for which we are the primary beneficiary. Intercompany accounts and transactions have been eliminated.

Huntsman International declared and paid to us distributions in the form of certain affiliate accounts receivable during 2024 and 2023.

**USE OF ESTIMATES**

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

## 2. ACCOUNTING STANDARDS

### RECENTLY ADOPTED ACCOUNTING STANDARDS

On January 1, 2024, we adopted Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) No. 2023-07, *Segment Reporting (Topic 280): Improvements to Reportable Segment Disclosures*; however, the required disclosures are effective for our 2024 annual reporting and interim periods within fiscal years beginning after December 15, 2024. We are currently evaluating the impact of the adoption of this accounting standard on our consolidated financial statements and related disclosures.

### ACCOUNTING STANDARDS PENDING ADOPTION IN FUTURE PERIODS

The following relevant accounting standard becomes effective subsequent to fiscal year 2024, and we are currently evaluating the impact of the future adoption of this accounting standard on our consolidated financial statements and related disclosures:

- FASB ASU No. 2023-09, *Income Taxes (Topic 740): Improvements to Income Tax Disclosures*, effective for annual periods of fiscal years beginning after December 15, 2024 and interim periods within fiscal years beginning after December 15, 2025

## 3. BUSINESS COMBINATIONS AND ACQUISITIONS

### SEPARATION AND ACQUISITION OF ASSETS OF SLIC JOINT VENTURE

On January 31, 2024, we completed the planned separation and acquisition of assets of Shanghai Lianheng Isocyanate Company Ltd. ("SLIC"), our joint venture with BASF and three Chinese chemical companies. The final purchase price of the acquired assets will be determined based on an asset valuation, which we currently expect to be completed in the first half of 2024. The acquisition of the assets was funded in part with Huntsman Polyurethanes Shanghai Ltd., our 70%-owned consolidated joint venture in China ("HPS"), issuing a U.S. dollar equivalent note payable at closing of approximately \$218 million, as adjusted to reflect the preliminary valuation and is subject to further change pending the final valuation. As of March 31, 2024, the note payable has been reduced by approximately \$28 million to reflect cash payments made during the quarter. We expect that the remainder of the note payable will be paid by the end of 2024 using available funds at HPS. Upon liquidation of the joint venture, all remaining cash of SLIC, primarily resulting from the proceeds received by SLIC, will be distributed back to the joint venture partners. We currently anticipate that the liquidation will be completed by mid-2025.

The acquisition is being integrated into our Polyurethanes segment. Transaction costs related to this acquisition were not material for the three months ended March 31, 2024.

We have accounted for the acquisition using the acquisition method. As such, we analyzed the fair value of assets acquired. The preliminary allocation of acquisition cost to the assets acquired is summarized as follow (dollars in millions):

#### Fair value of assets acquired:

|                               |           |            |
|-------------------------------|-----------|------------|
| Accounts receivable           | \$        | 20         |
| Inventories                   |           | 10         |
| Property, plant and equipment |           | 233        |
| Other long-term assets        |           | 23         |
| Deferred income taxes         |           | 1          |
| <b>Total</b>                  | <b>\$</b> | <b>287</b> |

The acquisition cost allocation is preliminary pending final determination of the fair value of assets acquired, including final valuation of certain inventories, property, plant and equipment, leases, other long-term assets and deferred taxes. It is possible that material changes to this preliminary valuation and allocation of acquisition cost could occur. The preliminary estimate of the total fair value of the assets acquired is in excess of the acquisition cost resulting in a preliminary net bargain purchase gain of approximately \$52 million. Concurrent with the acquisition of assets, we wrote off certain prepaid assets of approximately \$71 million related to operating agreements with SLIC and other joint venture partners.

According to the operating agreement of the joint venture, SLIC sold all of its output to the joint venture partners with no external sales. After the separation and acquisition of assets, we use all of the output of the acquired assets for internal use. As such, the acquired business has no external revenues or net income.

#### 4. DISCONTINUED OPERATIONS

##### SALE OF TEXTILE EFFECTS BUSINESS

On February 28, 2023, we completed the sale of our textile chemicals and dyes business ("Textile Effects Business") to Archroma, a portfolio company of SK Capital Partners ("Archroma"), and during the first quarter of 2024, we finalized the purchase price valued at \$ 597 million, which includes adjustments to the purchase price for working capital plus the assumption of underfunded pension liabilities. Additionally, during the first quarter of 2024, we recorded a net charge of approximately \$8 million related to certain post-closing indemnification obligations and other outstanding charges between the parties. During the first quarter of 2024, we have paid cash taxes of approximately \$ 1 million, and we expect to pay additional cash taxes of approximately \$11 million.

The following table reconciles major line items constituting pretax (loss) income of discontinued operations to after-tax (loss) income of discontinued operations, primarily related to our Textile Effects Business, as presented in our condensed consolidated statements of operations (dollars in millions):

#### 5. INVENTORIES

We state our inventories at the lower of cost or market, with cost determined using average cost, last-in first-out ("LIFO") and first-in first-out methods for different components of inventory. Inventories consisted of the following (dollars in millions):

|                            | March 31,<br>2024 | December 31,<br>2023 |
|----------------------------|-------------------|----------------------|
| Raw materials and supplies | \$ 199            | \$ 191               |
| Work in progress           | 40                | 39                   |
| Finished goods             | 694               | 673                  |
| <b>Total</b>               | <b>933</b>        | <b>903</b>           |
| LIFO reserves              | (37)              | (36)                 |
| <b>Net inventories</b>     | <b>\$ 896</b>     | <b>\$ 867</b>        |

For both March 31, 2024 and December 31, 2023, approximately 8% of inventories were recorded using the LIFO cost method.

## 6. VARIABLE INTEREST ENTITIES

We evaluate our investments and transactions to identify variable interest entities for which we are the primary beneficiary. We hold a variable interest in the following joint ventures for which we are the primary beneficiary:

- Rubicon LLC is our 50%-owned joint venture with Lanxess that manufactures products for our Polyurethanes and Performance Products segments.
- Arabian Amines Company ("AAC") is our 50%-owned joint venture with Zamil group that manufactures products for our Performance Products segment.

During the three months ended March 31, 2024, there were no changes in our variable interest entities.

Creditors of our variable interest entities have no recourse to our general credit. See "Note 8. Debt—Direct and Subsidiary Debt." As the primary beneficiary of these variable interest entities at March 31, 2024, the joint ventures' assets, liabilities and results of operations are included in our condensed consolidated financial statements.

The following table summarizes the carrying amounts of our variable interest entities' assets and liabilities included in our condensed consolidated balance sheet as of March 31, 2024 and our consolidated balance sheet as of December 31, 2023 (dollars in millions):

|  | March 31,<br>2024 | December 31,<br>2023 |
|--|-------------------|----------------------|
| Current assets                         | \$ 85             | \$ 67                |
| Property, plant and equipment, net     | 151               | 150                  |

| Other noncurrent assets                | 126               | 125                  |
| Deferred income taxes                  | 13                | 13                   |
| <b>Total assets</b>                    | <b>\$ 401</b>     | <b>\$ 384</b>        |
| Current liabilities                    | \$ 126            | \$ 121               |
| Long-term debt                         | 15                | 17                   |
| Noncurrent operating lease liabilities | 19                | 21                   |
| Other noncurrent liabilities           | 16                | 15                   |
| Deferred income taxes                  | 1                 | 1                    |
| <b>Total liabilities</b>               | <b>\$ 177</b>     | <b>\$ 175</b>        |

Certain operating activities for our variable interest entities for the three months ended March 31, 2024 and 2023 are as follows (dollars in millions):

|   | Three months<br>ended<br>March 31, |       |
|---|------------------------------------|-------|

## RESTRUCTURING ACTIVITIES

Beginning in the first quarter of 2024, our Advanced Materials segment implemented a restructuring program to optimize the segment's manufacturing processes and cost structure in the U.S. to better align with future market opportunities. In connection with this restructuring program, we recorded net restructuring expense of approximately \$8 million in the three months ended March 31, 2024, primarily related to workforce reductions and accelerated depreciation. We expect to record further restructuring expenses of approximately \$11 million through 2025, primarily related to accelerated depreciation.

Beginning in the fourth quarter of 2022, we implemented a restructuring program to further realign our cost structure with additional restructuring in Europe. This program is associated with all of our segments and includes exiting and consolidating certain facilities, workforce relocation to lower cost locations and further personnel rationalization. In connection with this restructuring program, we recorded net restructuring expense of approximately \$2 million for the three months ended March 31, 2024, primarily related to site closures. During the first quarter of 2023, we evaluated the then current developments of this program and related anticipated cash costs, and we recorded a net restructuring credit of approximately \$8 million for the three months ended March 31, 2023, primarily to adjust restructuring reserves that were no longer required for certain workforce reductions. We expect to record further restructuring expenses of approximately \$3 million through the first half of 2025.

Beginning in the first quarter of 2021, our Corporate function implemented a restructuring program to optimize our global approach to leveraging shared services capabilities. During the second quarter of 2022, this program was further expanded to include additional geographies. During the three months ended March 31, 2024, we recorded net restructuring expense of approximately nil. During the first quarter of 2023, we evaluated the then current developments of this program and related anticipated cash costs, and we recorded a net restructuring credit of approximately \$5 million for the three months ended March 31, 2023, primarily to adjust restructuring reserves that were no longer required for certain workforce reductions. We expect to record further restructuring expenses of approximately \$1 million through 2024.

Beginning in the second quarter of 2020, our Advanced Materials segment implemented restructuring programs in connection with our 2020 acquisition of CVC Thermoset Specialties, the alignment of the segment's commercial organization and optimization of the segment's manufacturing processes. In connection with these restructuring programs, we recorded net restructuring expense of approximately nil and \$2 million in the three months ended March 31, 2024 and 2023, respectively, primarily related to a site closure and accelerated depreciation. We expect to record further restructuring expenses of approximately \$1 million through the first half of 2024.

Beginning in the third quarter of 2020, our Polyurethanes segment implemented a restructuring program to optimize its downstream footprint. During the second quarter of 2022, this optimization program was further expanded to include the entire Polyurethanes business. In connection with this restructuring program, we recorded net restructuring expense of approximately \$2 million in the three months ended March 31, 2023, primarily related to workforce reductions.

## 8. DEBT

Our outstanding debt, net of debt issuance costs, consisted of the following (dollars in millions):

|  | March 31,<br>2024 | December 31,<br>2023 |
|--|-------------------|----------------------|
| Senior credit facilities:              |                   |                      |

## DIRECT AND SUBSIDIARY DEBT

Substantially all of our debt, including the facilities described below, has been incurred by our subsidiaries (primarily Huntsman International). Huntsman Corporation is not a guarantor of such subsidiary debt.

Certain of our subsidiaries have third-party debt agreements that contain certain restrictions with regard to dividends, distributions, loans or advances. In certain circumstances, the consent of a third party would be required prior to the transfer of any cash or assets from these subsidiaries to us.

## Revolving Credit Facility

On May 20, 2022, Huntsman International entered into a new \$1.2 billion senior unsecured revolving credit facility (the "2022 Revolving Credit Facility"). Borrowings will bear interest at the rates specified in the credit agreement governing the 2022 Revolving Credit Facility, which will vary based on the type of loan and Huntsman International's debt ratings. Under the credit agreement, the interest rate margin and the commitment fee rates are also subject to adjustments based on the Company's performance on specified sustainability target thresholds with respect to annual percentage reduction in operational greenhouse gas emissions intensity and annual percentage reduction in water consumption intensity. Unless previously terminated in accordance with its terms, the credit agreement will mature in May 2027. Huntsman International may increase the 2022 Revolving Credit Facility commitments up to an additional \$500 million, subject to the satisfaction of certain conditions.

The following table presents certain amounts under our 2022 Revolving Credit Facility as of March 31, 2024 (monetary amounts in millions):

| Facility                       | Committed amount | Principal outstanding | Unamortized discounts and debt issuance costs | Carrying value | Interest rate(2)   | Maturity |
|--------------------------------|------------------|-----------------------|---|----------------|--|----------|
| 2022 Revolving Credit Facility | \$ 1,200         | \$ 195 (1)            | \$ —  | \$ 195         | Term Secured Overnight Financing Rate ("SOFR") plus 1.525% | May 2027 |

- (1) On March 31, 2024, we had an additional \$ 10 million (U.S. dollar equivalents) of letters of credit and bank guarantees issued and outstanding under our 2022 Revolving Credit Facility.
- (2) Interest rates on borrowings under the 2022 Revolving Credit Facility vary based on the type of loan and Huntsman International's debt ratings. The representative interest rate for U.S. dollar borrowings as of March 31, 2024 was 1.525% above Term SOFR.

## Senior Notes

Our senior notes consisted of the following (monetary amounts in millions):

| Notes             | Maturity      | Interest rate | Amount outstanding                 | Unamortized premiums, discounts and debt issuance costs |
|-------------------|---------------|---------------|------------------------------------|---|
| 2025 Senior notes | April 2025    | 4.25%         | €300 (€300 carrying value (\$324)) | \$ —  |
| 2029 Senior notes | February 2029 | 4.50%         | \$750 (\$742 carrying value)       | 8   |
| 2031 Senior notes | June 2031     | 2.95%         | \$400 (\$397 carrying value)       | 3   |

## A/R Programs

Our U.S. accounts receivable securitization program ("U.S. A/R Program") and our European accounts receivable securitization program ("EU A/R Program" and collectively with the U.S. A/R Program, "A/R Programs") are structured so that we transfer certain of our trade receivables to the U.S. special purpose entity ("U.S. SPE") and the European special purpose entity ("EU SPE") in transactions intended to be true sales or true contributions. The receivables collateralize debt incurred by the U.S. SPE and the EU SPE.

On January 22, 2024, we entered into an amendment to our U.S. A/R Program that extended the scheduled maturity date of our U.S. A/R Program from July 2024 to January 2027. In addition, on January 31, 2024, we entered into an amendment to our EU A/R Program, effective as of February 15, 2024, that extended the scheduled maturity date of our EU A/R Program from July 2024 to July 2027. Aside from the extended maturity dates, these amendments to our A/R Programs secured substantially similar terms as those in the prior agreements.

Information regarding our A/R Programs as of March 31, 2024 was as follows (monetary amounts in millions):

| Facility         | Maturity     | Maximum funding availability(1) |     | Amount outstanding      |         | Interest rate(2)           |
|------------------|--------------|---------------------------------|-----|-------------------------|---------|----------------------------|
| U.S. A/R Program | January 2027 | \$                              | 150 | \$                      | 102 (3) | Applicable rate plus 0.95% |
| EU A/R Program   | July 2027    | €                               | 100 | €                       | 57      | Applicable rate plus 1.45% |
|                  |              | (or approximately \$108)        |     | (or approximately \$61) |         |                            |

(1) The amount of actual availability under our A/R Programs may be lower based on the level of eligible receivables sold, changes in the credit ratings of our customers, customer concentration levels and certain characteristics of the accounts receivable being transferred, as defined in the applicable agreements.

(2) The applicable rate for our U.S. A/R Program is defined by the lender as Term SOFR. The applicable rate for our EU A/R Program is either Term SOFR, EURIBOR or SONIA (Sterling Overnight Interbank Average Rate).

(3) As of March 31, 2024, we had no letters of credit issued and outstanding under our U.S. A/R Program.

As of March 31, 2024 and December 31, 2023, \$290 million and \$224 million, respectively, of accounts receivable were pledged as collateral under our A/R Programs.

## Note Payable

As of March 31, 2024, HPS had an outstanding note payable to SLIC denominated in Chinese renminbi, the equivalent of \$ 190 million, related to the separation and acquisition of assets of SLIC. We expect that the remainder of the note payable will be paid by the end of 2024 using available funds at HPS. For more information, see "Note 3. Business Combinations and Acquisitions—Separation and Acquisition of Assets of SLIC Joint Venture."

## Variable Interest Entity Debt

As of March 31, 2024, AAC, our consolidated 50%-owned joint venture, had \$24 million outstanding under its loan commitments and debt financing arrangements. As of March 31, 2024, we have \$9 million classified as current debt and \$15 million as long-term debt on our condensed consolidated balance sheets. We do not guarantee these loan commitments, and AAC is not a guarantor of any of our other debt obligations.

## Debt Issuance Costs

We record debt issuance costs related to a debt liability on the balance sheets as a reduction to the face amount of that debt liability. As of March 31, 2024 and December 31, 2023, the amount of debt issuance costs directly reducing the debt liability was \$ 6 million and \$7 million, respectively. We amortize debt issuance costs using either a straight line or effective interest method, depending on the debt agreement, and record them as interest expense.

## COMPLIANCE WITH COVENANTS

Our 2022 Revolving Credit Facility contains a financial covenant regarding the leverage ratio of Huntsman International and its subsidiaries. The 2022 Revolving Credit Facility also contains other customary covenants and events of default for credit facilities of this type. Upon an event of default that is not cured or waived within any applicable cure periods, in addition to other remedies that may be available to the lenders, the obligations under the 2022 Revolving Credit Facility may be accelerated.

The agreements governing our A/R Programs also contain certain receivable performance metrics. Any material failure to meet the applicable A/R Programs' metrics could lead to an early termination event under the A/R Programs, which could require us to cease our use of such facilities, prohibiting us from additional borrowings against our receivables or, at the discretion of the lenders, requiring that we repay the A/R Programs in full. An early termination event under the A/R Programs would also constitute an event of default under our 2022 Revolving Credit Facility, which could require us to pay off the balance of the 2022 Revolving Credit Facility in full and could result in the loss of our 2022 Revolving Credit Facility.

We believe that we are in compliance with the covenants contained in the agreements governing our material debt instruments, including our 2022 Revolving Credit Facility, our A/R Programs and our senior notes.

## 9. DERIVATIVE INSTRUMENTS AND HEDGING ACTIVITIES

We are exposed to market risks, such as changes in interest rates, foreign exchange rates and commodity prices. From time to time, we enter into transactions, including transactions involving derivative instruments, to manage certain of these exposures. We also hedge our net investment in certain European operations. Changes in the fair value of the hedge in the net investment of certain European operations are recorded in other accumulated comprehensive loss.

Our revenues and expenses are denominated in various foreign currencies, and our cash flows and earnings are thus subject to fluctuations due to exchange rate variations. From time to time, we may enter into foreign currency derivative instruments to minimize the short-term impact of movements in foreign currency rates. Where practicable, we generally net multicurrency cash balances among our subsidiaries to help reduce exposure to foreign currency exchange rates. Certain other exposures may be managed from time to time through financial market transactions, principally through the purchase of spot or forward foreign exchange contracts (generally with maturities of one year or less). We do not hedge our foreign currency exposures in a manner that would eliminate the effect of changes in exchange rates on our cash flows and earnings. As of March 31, 2024 and 2023, we had approximately \$185 million and \$387 million, respectively, of notional amount (in U.S. dollar equivalents) outstanding in forward foreign currency contracts related to continuing operations.

From time to time, we may purchase interest rate swaps and/or other derivative instruments to reduce the impact of changes in interest rates on our floating-rate exposures. Under interest rate swaps, we agree with other parties to exchange, at specified intervals, the difference between fixed-rate and floating-rate interest amounts calculated by reference to an agreed notional principal amount.

We review our non-U.S. dollar denominated debt and derivative instruments to determine the appropriate amounts designated as hedges. As of March 31, 2024, we have designated approximately €90 million (approximately \$97 million) of euro-denominated debt as a hedge of our net investment. For the three months ended March 31, 2024 and 2023, the amounts recognized on the hedge of our net investment were losses of approximately \$1 million and \$4 million, respectively, and were recorded in other comprehensive income in our condensed consolidated statements of comprehensive income.

## 10. FAIR VALUE

The fair values of financial instruments were as follows (dollars in millions):

|   | March 31, 2024 |                      | December 31, 2023 |                      |
|---|----------------|----------------------|-------------------|----------------------|
|   | Carrying value | Estimated fair value | Carrying value    | Estimated fair value |

| Long-term debt (including current portion)      | (2,056)        | (1,965)              | (1,688)           | (1,613)              |

The carrying amounts reported in the balance sheets of cash and cash equivalents, accounts receivable and accounts payable approximate fair value because of the immediate or short-term maturity of these financial instruments. The fair values of non-qualified employee benefit plan investments are obtained through market observable pricing using prevailing market prices (Level 1). The fair values of our senior notes are based on quoted market prices for the identical liability when traded in an active market (Level 1), and the fair values of all our other outstanding debt are based on observable inputs other than quoted prices (Level 2). The fair value estimates presented herein are based on pertinent information available to management as of March 31, 2024 and December 31, 2023. Although we are not aware of any factors that would significantly affect the estimated fair value amounts, such amounts have not been comprehensively revalued for purposes of these financial statements since March 31, 2024, and current estimates of fair value may differ significantly from the amounts presented herein.

During the three months ended March 31, 2024, we held no instruments measured at fair value on a recurring basis using significant unobservable inputs (Level 3), and there were no gains or losses (realized and unrealized) included in our earnings for instruments categorized as Level 3 within the fair value hierarchy.

## 13. HUNTSMAN CORPORATION STOCKHOLDERS' EQUITY

### SHARE REPURCHASE PROGRAM

On October 26, 2021, our Board of Directors approved a share repurchase program of \$ 1 billion. On March 25, 2022, our Board of Directors increased the authorization of our share repurchase program from \$1 billion to \$2 billion. The share repurchase program is supported by our free cash flow generation. Repurchases may be made in the open market, including through accelerated share repurchase programs, or in privately negotiated transactions, and repurchases may be commenced or suspended from time to time without prior notice. Shares of common stock acquired through the repurchase program are held in treasury at cost. During the three months ended March 31, 2024, we did not repurchase any shares of our common stock.

### DIVIDENDS ON COMMON STOCK

During the three months ended March 31, 2024 and 2023, we declared dividends of \$ 43 million and \$44 million, respectively, or \$0.25 and \$0.2375 per share, respectively, to common stockholders.

(2) These accumulated other comprehensive loss components are included in the computation of net periodic pension costs. See "Note 12. Employee Benefit Plans."

(3) Amounts include approximately nil and \$1 million of actuarial losses and prior service credits related to discontinued operations for the three months ended March 31, 2024 and 2023, respectively.

(4) In connection with the sale of our Textile Effects Business, we recognized \$ 67 million of pension settlement losses and \$ 1 million of pension curtailment gains for the three months March 31, 2023.

## 15. COMMITMENTS AND CONTINGENCIES

### LEGAL MATTERS

On April 19, 2024, the Louisiana Fourth Circuit Court of Appeal affirmed the \$ 93.1 million jury verdict and district court judgment in our favor in our long-running court battle against Praxair/Linde, one of the industrial gas suppliers to our Geismar, Louisiana MDI manufacturing site. The case was filed after Praxair refused to maintain properly its own Geismar facility and then repeatedly failed to supply our requirements for industrial gases needed to manufacture MDI under long-term supply contracts that expired in 2013. After adding mandatory pre-judgment and post-judgment interest to the award, we expect damages to exceed \$135 million before deducting for taxes and legal contingency fees. The award remains subject to further potential review but, if affirmed or reviewed by the Louisiana Supreme Court, we would expect to receive net proceeds of approximately \$ 50 million to \$60 million. We have not yet recognized the award in our condensed consolidated statements of operations and the timing of the resolution of this matter is uncertain.

We are a party to various other proceedings instituted by private plaintiffs, governmental authorities and others arising under provisions of applicable laws, including various environmental, products liability and other laws. We do not believe that the outcome of any of these matters will have a material effect on our financial condition, results of operations or liquidity.

## 16. ENVIRONMENTAL, HEALTH AND SAFETY MATTERS

### EHS CAPITAL EXPENDITURES

We may incur future costs for capital improvements and general compliance under environmental, health and safety ("EHS") laws, including costs to acquire, maintain and repair pollution control equipment. For the three months ended March 31, 2024 and 2023, our capital expenditures from continuing operations for EHS matters totaled \$5 million and \$6 million, respectively. Because capital expenditures for these matters are subject to evolving regulatory requirements and depend, in part, on the timing, promulgation and enforcement of specific requirements, our capital expenditures for EHS matters have varied significantly from year to year and we cannot provide assurance that our recent expenditures are indicative of future amounts we may spend related to EHS and other applicable laws.

### ENVIRONMENTAL RESERVES

We have accrued liabilities relating to anticipated environmental cleanup obligations, site reclamation and closure costs and known penalties. Liabilities are recorded when potential liabilities are either known or considered probable and can be reasonably estimated. Our liability estimates are calculated using present value techniques as appropriate and are based upon requirements placed upon us by regulators, available facts, existing technology and past experience. The environmental liabilities do not include amounts recorded as asset retirement obligations. We had accrued \$14 million and \$5 million for environmental liabilities as of March 31, 2024 and December 31, 2023, respectively. Of these amounts, \$6 million and \$2 million were classified as accrued liabilities as of March 31, 2024 and December 31, 2023, respectively, and \$8 million and \$3 million were classified as other noncurrent liabilities as of March 31, 2024 and December 31, 2023, respectively. In certain cases, our remediation liabilities may be payable over periods of up to 30 years. We may incur losses for environmental remediation in excess of the amounts accrued; however, we are not able to estimate the amount or range of such potential excess.

### ENVIRONMENTAL MATTERS

Under the Comprehensive Environmental Response, Compensation, and Liability Act ("CERCLA") and similar state laws, a current or former owner or operator of real property in the U.S. may be liable for remediation costs regardless of whether the release or disposal of hazardous substances was in compliance with law at the time it occurred, and a current owner or operator may be liable regardless of whether it owned or operated the facility at the time of the release. Outside the U.S., analogous contaminated property laws can hold past owners and/or operators liable for remediation at former facilities. Currently, there are approximately six former facilities or third-party sites in the U.S. for which we have been notified of potential claims against us for cleanup liabilities, including, but not limited to, sites listed under CERCLA. Based on current information and past experiences at other CERCLA sites, we do not expect these third-party claims to have a material impact on our condensed consolidated financial statements.

Under the Resource Conservation and Recovery Act ("RCRA") in the U.S. and similar state laws, we may be required to remediate contamination originating from our properties. Similar laws exist in a number of non-U.S. locations in which we currently operate, or previously operated, manufacturing facilities. Some of our manufacturing sites have an extended history of industrial chemical manufacturing and use, including on-site waste disposal. We are aware of soil, groundwater or surface contamination from past operations at some of our sites, and we may find contamination at other sites in the future. For example, our Geismar, Louisiana facility is the subject of ongoing remediation requirements imposed under RCRA.

## 17. STOCK-BASED COMPENSATION PLANS

As of March 31, 2024, we had approximately 5 million shares remaining under the stock-based compensation plans available for grant. Option awards have a maximum contractual term of 10 years and generally must have an exercise price at least equal to the market price of our common stock on the date the option award is granted. Outstanding stock-based awards generally vest annually over a three-year period or in total at the end of a three-year period.

The compensation cost from continuing operations under the stock-based compensation plans for our Company and Huntsman International were as follows (dollars in millions):

|  | Three months ended March 31, |      |
|--|------------------------------|------|
|  | 2024                         | 2023 |
| Huntsman Corporation compensation cost   | \$ 9                         | \$ 9 |
| Huntsman International compensation cost | 8                            | 8    |

The total income tax benefit recognized in the condensed consolidated statements of operations for us and Huntsman International for stock-based compensation arrangements was nil and \$1 million for the three months ended March 31, 2024 and 2023, respectively.

### STOCK OPTIONS

The fair value of each stock option award is estimated on the date of grant using the Black-Scholes valuation model. Expected volatilities were based on the historical volatility of our common stock through the grant date. The expected term of options granted was estimated based on the contractual term of the instruments and employees' expected exercise and post-vesting employment termination behavior. The risk-free rate for periods within the contractual life of the option was based on the U.S. Treasury yield curve in effect at the time of grant.

During each of the three months ended March 31, 2024 and 2023, no stock options were granted.

A summary of stock option activity under the stock-based compensation plans as of March 31, 2024 and changes during the three months then ended is presented below:

| Option awards  | Shares<br>(in<br>thousands) | Weighted<br>average<br>exercise<br>price | Weighted<br>average<br>remaining<br>contractual<br>term<br>(years) | Aggregate<br>intrinsic<br>value<br>(in millions) |

As of March 31, 2024, there was no unrecognized compensation cost related to nonvested stock option arrangements granted under the stock-based compensation plans.

The total intrinsic value of stock options exercised during the three months ended March 31, 2024 and 2023 was approximately \$1 million and nil, respectively. Cash received from stock options exercised during both of the three months ended March 31, 2024 and 2023 was approximately nil. The cash tax benefit from stock options exercised during both of the three months ended March 31, 2024 and 2023 was approximately nil.

#### NONVESTED SHARES

Nonvested shares granted under the stock-based compensation plans consist of restricted stock and performance share unit awards, which are accounted for as equity awards, and phantom stock, which is accounted for as a liability award because it can be settled in either stock or cash. The fair value of each restricted stock and phantom stock award is estimated to be the closing stock price of Huntsman's stock on the date of grant.

For our performance share unit awards, the performance criteria are total stockholder return of our common stock relative to the total stockholder return of a specified industry peer group for the three-year performance periods. The fair value of each performance share unit award is estimated using a Monte Carlo simulation model that uses various assumptions, including an expected volatility rate and a risk-free interest rate. For the three months ended March 31, 2024 and 2023, the weighted-average expected volatility rate was 31.8% and 37.6%, respectively, and the weighted average risk-free interest rate was 4.39% and 4.38%, respectively. For the performance share unit awards granted during the three months ended March 31, 2024 and 2023, the number of shares earned varies based upon the Company achieving certain performance criteria over a three-year performance period.

A summary of the status of our nonvested shares as of March 31, 2024 and changes during the three months then ended is presented below:

|                                    | Equity awards               |   | Liability awards            |   |

(1) As of March 31, 2024, a total of 136,370 restricted stock units were vested but not yet issued, of which 20,685 vested during the three months ended March 31, 2024. These shares have not been reflected as vested shares in this table because, in accordance with the restricted stock unit agreements, shares of common stock are not issued for vested restricted stock units until termination of employment.

(2) A total of 191,959 performance share unit awards with a grant date fair value of \$ 45.04 that were included in the December 31, 2023 nonvested balance did not meet the minimum performance criteria of these awards and were effectively forfeited during the three months ended March 31, 2024.

As of March 31, 2024, there was approximately \$57 million of total unrecognized compensation cost related to nonvested share compensation arrangements granted under the stock-based compensation plans. That cost is expected to be recognized over a weighted-average period of approximately 2.3 years. The value of share awards that vested during the three months ended March 31, 2024 and 2023 was approximately \$24 million and \$28 million, respectively.

## 18. INCOME TAXES

We use the asset and liability method of accounting for income taxes. Deferred income taxes reflect the net tax effects of temporary differences between the carrying amounts of assets and liabilities for financial and tax reporting purposes. We evaluate deferred tax assets to determine whether it is more likely than not that they will be realized. Valuation allowances are reviewed on an individual tax jurisdiction basis to analyze whether there is sufficient positive or negative evidence to support a change in judgment about the realizability of the related deferred tax assets. These conclusions require significant judgment. In evaluating the objective evidence that historical results provide, we consider the cyclical nature of our businesses and cumulative income or losses during the applicable period. Cumulative losses incurred over the applicable period limits our ability to consider other subjective evidence such as our projections for the future. Changes in expected future income in applicable jurisdictions could affect the realization of deferred tax assets in those jurisdictions.

### Huntsman Corporation

We recorded income tax benefit (expense) from continuing operations of \$ 20 million and \$(11) million for the three months ended March 31, 2024 and 2023, respectively. During the three months ended March 31, 2024, we recorded a discrete tax benefit of \$18 million resulting from the write-off of certain prepaid assets related to operating agreements with SLIC and other joint venture partners concurrent with the separation and acquisition of assets of SLIC. Our tax expense is significantly affected by the mix of income and losses in the tax jurisdictions in which we operate, as impacted by the presence of valuation allowances in certain tax jurisdictions.

### Huntsman International

Huntsman International recorded income tax (benefit) expense from continuing operations of \$ 20 million and \$(11) million for the three months ended March 31, 2024 and 2023, respectively. During the three months ended March 31, 2024, we recorded a discrete tax benefit of \$18 million resulting from the write-off of certain prepaid assets related to operating agreements with SLIC and other joint venture partners concurrent with the separation and acquisition of assets of SLIC. Our tax expense is significantly affected by the mix of income and losses in the tax jurisdictions in which we operate, as impacted by the presence of valuation allowances in certain tax jurisdictions.

## 19. EARNINGS PER SHARE

Basic income per share excludes dilution and is computed by dividing net income attributable to Huntsman Corporation by the weighted average number of shares outstanding during the period. Diluted income per share reflects all potential dilutive common shares outstanding during the period and is computed by dividing net income attributable to Huntsman Corporation by the weighted average number of shares outstanding during the period increased by the number of additional shares that would have been outstanding as potential dilutive securities. Diluted income per share is computed using the treasury stock method for all stock-based awards. In periods with reported loss from continuing operations attributable to Huntsman Corporation, all stock-based awards are generally deemed anti-dilutive and would be excluded from the calculation of diluted income per share from continuing operations, discontinued operations and net income regardless of whether there is income or loss from discontinued operations and net income.

Basic and diluted (loss) income per share is determined using the following information (in millions):

|   | Three months ended<br>March 31, |              |
|---|---------------------------------|--------------|
|   | 2024                            | 2023         |

| Net (loss) income attributable to Huntsman Corporation                        | \$ (37)                         | \$ 153       |
| <b>Denominator:</b>   |                                 |              |
| Weighted average shares outstanding   | 171.8                           | 182.7        |
| <b>Dilutive shares:</b>   |                                 |              |
| Stock-based awards  | —                               | 1.7          |
| <b>Total weighted average shares outstanding, including dilutive shares</b>   | <b>171.8</b>                    | <b>184.4</b> |

Additional stock-based awards of approximately 2.7 million and 1.5 million weighted average equivalent shares of stock were outstanding during the three months ended March 31, 2024 and 2023, respectively. However, these stock-based awards were not included in the computation of diluted income per share for the respective periods mentioned above because the effect would be anti-dilutive. For the three months ended March 31, 2024, there were 0.9 million weighted average equivalent shares of stock included in the total anti-dilutive weighted average equivalent shares of stock noted above as a result of the reported loss from continuing operations attributable to Huntsman Corporation.

## 20. OPERATING SEGMENT INFORMATION

We derive our revenues, earnings and cash flows from the manufacture and sale of a wide variety of diversified organic chemical products. We have three operating segments, which are also our reportable segments: Polyurethanes, Performance Products and Advanced Materials. We have organized our business and derived our operating segments around differences in product lines.

The major products of each reportable operating segment are as follows:

| Segment              | Products   |
|----------------------|--|
| Polyurethanes        | MDI, polyols, TPU and other polyurethane-related products  |
| Performance Products | Performance amines, ethyleneamines and maleic anhydride  |
| Advanced Materials   | Technologically-advanced epoxy, phenoxy, acrylic, polyurethane and acrylonitrile-butadiene-based polymer formulations; high performance thermoset resins, curing agents, toughening agents, and carbon nanomaterials |

Sales between segments are generally recognized at external market prices and are eliminated in consolidation. We use adjusted EBITDA to measure the financial performance of our global business units and for reporting the results of our operating segments. This measure includes all operating items relating to the businesses. The adjusted EBITDA of operating segments excludes items that principally apply to our Company as a whole. The following schedule includes revenues and adjusted EBITDA for each of our reportable operating segments (dollars in millions).

- (1) We use segment adjusted EBITDA as the measure of each segment's profit or loss. We believe that segment adjusted EBITDA more accurately reflects what the chief operating decision maker uses to make decisions about resources to be allocated to the segments and assess their financial performance. Segment adjusted EBITDA is defined as net income of Huntsman Corporation or Huntsman International, as appropriate, before interest, income tax, depreciation and amortization, net income attributable to noncontrolling interests and certain Corporate and other items, as well as eliminating the following adjustments: (a) business acquisition and integration expenses and purchase accounting inventory adjustments; (b) fair value adjustments to Venator investment, net; (c) certain legal and other settlements and related expenses; (d) certain nonrecurring information technology project implementation costs; (e) amortization of pension and postretirement actuarial losses; (f) restructuring, impairment, plant closing and transition (costs) credits; and (g) (loss) income from discontinued operations, net of tax.
- (2) Corporate and other costs, net includes unallocated corporate overhead, unallocated foreign currency exchange gains and losses, LIFO inventory valuation reserve adjustments, nonoperating income and expense and gains and losses on the disposition of corporate assets.
- (3) Includes costs associated with transition activities related primarily to our Corporate program to optimize our global approach to leverage shared services capabilities.

## ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

### RESULTS OF OPERATIONS

As discussed in "Note 4. Discontinued Operations—Sale of Textile Effects Business" to our condensed consolidated financial statements, the results from continuing operations primarily exclude the results of our Textile Effects Business for all periods presented. For each of our Company and Huntsman International, the following tables set forth the condensed consolidated results of operations (dollars in millions, except per share amounts):

## Non-GAAP Financial Measures

Our condensed consolidated financial statements are prepared in accordance with GAAP, which we supplement with certain non-GAAP financial information. These non-GAAP measures should not be considered in isolation or as a substitute for the related GAAP measures, and other companies may define such measures differently. We encourage investors to review our financial statements and the reconciliation of the non-GAAP financial measures to the most directly comparable GAAP financial measures in their entirety and not to rely on any single financial measure. These non-GAAP measures exclude the impact of certain income and expenses that we do not believe are indicative of our core operating results.

### *Adjusted EBITDA*

Our management uses adjusted EBITDA to assess financial performance. Adjusted EBITDA is defined as net income of Huntsman Corporation or Huntsman International, as appropriate, before interest, income tax, depreciation and amortization, net income attributable to noncontrolling interests and certain Corporate and other items, as well as eliminating the following adjustments: (a) business acquisition and integration expenses and purchase accounting inventory adjustments; (b) EBITDA from discontinued operations; (c) fair value adjustments to Venator investment, net; (d) certain legal and other settlements and related expenses; (e) certain nonrecurring information technology project implementation costs; (f) amortization of pension and postretirement actuarial losses; and (g) restructuring, impairment and plant closing and transition costs (credits). We believe that net income of Huntsman Corporation or Huntsman International, as appropriate, is the performance measure calculated and presented in accordance with U.S. GAAP that is most directly comparable to adjusted EBITDA.

We believe adjusted EBITDA is useful to investors in assessing the businesses' ongoing financial performance and provides improved comparability between periods through the exclusion of certain items that management believes are not indicative of the businesses' operational profitability and that may obscure underlying business results and trends. However, this measure should not be considered in isolation or viewed as a substitute for net income of Huntsman Corporation or Huntsman International, as appropriate, or other measures of performance determined in accordance with U.S. GAAP. Moreover, adjusted EBITDA as used herein is not necessarily comparable to other similarly titled measures of other companies due to potential inconsistencies in the methods of calculation. Our management believes this measure is useful to compare general operating performance from period to period and to make certain related management decisions. Adjusted EBITDA is also used by securities analysts, lenders and others in their evaluation of different companies because it excludes certain items that can vary widely across different industries or among companies within the same industry. For example, interest expense can be highly dependent on a company's capital structure, debt levels and credit ratings. Therefore, the impact of interest expense on earnings can vary significantly among companies. In addition, the tax positions of companies can vary because of their differing abilities to take advantage of tax benefits and because of the tax policies of the various jurisdictions in which they operate. As a result, effective tax rates and tax expense can vary considerably among companies. Finally, companies employ productive assets of different ages and utilize different methods of acquiring and depreciating such assets. This can result in considerable variability in the relative costs of productive assets and the depreciation and amortization expense among companies.

Nevertheless, our management recognizes that there are material limitations associated with the use of adjusted EBITDA in the evaluation of our Company as compared to net income of Huntsman Corporation or Huntsman International, as appropriate, which reflects overall financial performance. For example, we have borrowed money in order to finance our operations and interest expense is a necessary element of our costs and ability to generate revenue. Our management compensates for the limitations of using adjusted EBITDA by using this measure to supplement U.S. GAAP results to provide a more complete understanding of the factors and trends affecting the business rather than U.S. GAAP results alone.

*Adjusted Net Income*

Adjusted net income is computed by eliminating the after-tax amounts related to the following from net income attributable to Huntsman Corporation: (a) business acquisition and integration expenses and purchase accounting inventory adjustments; (b) loss (income) from discontinued operations; (c) fair value adjustments to Venator investment, net; (d) certain legal and other settlements and related expenses; (e) certain nonrecurring information technology project implementation costs; (f) amortization of pension and postretirement actuarial losses; and (g) restructuring, impairment and plant closing and transition costs (credits). Basic adjusted net income per share excludes dilution and is computed by dividing adjusted net income by the weighted average number of shares outstanding during the period. Adjusted diluted net income per share reflects all potential dilutive common shares outstanding during the period and is computed by dividing adjusted net income by the weighted average number of shares outstanding during the period increased by the number of additional shares that would have been outstanding as dilutive securities. Adjusted net income and adjusted net income per share amounts are presented solely as supplemental information.

We believe adjusted net income is useful to investors in assessing the businesses' ongoing financial performance and provides improved comparability between periods through the exclusion of certain items that management believes are not indicative of the businesses' operational profitability and that may obscure underlying business results and trends.

*Free Cash Flow*

We believe free cash flow is an important indicator of our liquidity as it measures the amount of cash we generate. Management internally uses a free cash flow measure: (a) to evaluate our liquidity, (b) evaluate strategic investments, (c) plan stock buyback and dividend levels and (d) evaluate our ability to incur and service debt.

*Adjusted Effective Tax Rate*

We believe that the effective tax rate of Huntsman Corporation or Huntsman International, as appropriate, is the performance measure calculated and presented in accordance with U.S. GAAP that is most directly comparable to adjusted effective tax rate. We believe our adjusted effective tax rate provides improved comparability between periods through the exclusion of certain items, such as, business acquisition and integration expenses and purchase accounting inventory adjustments, certain legal and other settlements and related expenses, gains on sale of businesses/assets and certain tax only items, including tax law changes not yet enacted, that we believe are not indicative of the businesses' operational profitability and that may obscure underlying business results and trends.

Our forward-looking adjusted effective tax rate is calculated based on our forecast effective tax rate, and the range of our forward-looking adjusted effective tax rate equals the range of our forecast effective tax rate. We disclose forward-looking adjusted effective tax rate because we cannot adequately forecast certain items and events that may or may not impact us in the near future, such as business acquisition and integration expenses and purchase accounting inventory adjustments, certain legal and other settlements and related expenses, gains on sale of businesses/assets and certain tax only items, including tax law changes not yet enacted. Each of such adjustment has not yet occurred, is out of our control and/or cannot be reasonably predicted. In our view, our forward-looking adjusted effective tax rate represents the forecast effective tax rate on our underlying business operations but does not reflect any adjustments related to the items noted above that may occur and can cause our effective tax rate to differ.

**Three Months Ended March 31, 2024 Compared with Three Months Ended March 31, 2023**

For the three months ended March 31, 2024, loss from continuing operations attributable to Huntsman Corporation was \$30 million, a decrease of \$61 million from income of \$31 million in the 2023 period. For the three months ended March 31, 2024, loss from continuing operations attributable to Huntsman International was \$28 million, a decrease of \$61 million from income of \$33 million in the 2023 period. The decreases noted above were the result of the following items:

- Revenues for the three months ended March 31, 2024 decreased by \$136 million, or 8%, as compared with the 2023 period. The decrease was primarily due to lower average selling prices in all our segments, partially offset by higher sales volumes in our Polyurethanes and Performance Products segments. See “—Segment Analysis” below.
- Gross profit for the three months ended March 31, 2024 decreased by \$68 million, or 25%, as compared with the 2023 period. The decrease resulted from lower gross profits in all our segments. See “—Segment Analysis” below.
- Restructuring, impairment and plant closing costs (credits) were \$11 million for the three months ended March 31, 2024 as compared with \$(7) million in the 2023 period. For further information, see “Note 7. Restructuring, Impairment and Plant Closing Costs” to our condensed consolidated financial statements.
- Gain on acquisition of assets, net was approximately \$52 million for the three months ended March 31, 2024 related to a preliminary net bargain purchase gain related to the separation and acquisition of assets of SLIC. For further information, see “Note 3. Business Combinations and Acquisitions—Separation and Acquisition of Assets of SLIC Joint Venture” to our condensed consolidated financial statements.
- Prepaid asset write-off was approximately \$71 million for the three months ended March 31, 2024. Concurrent with the acquisition of assets of SLIC, we wrote off certain prepaid assets related to operating agreements with SLIC and other joint venture partners. For further information, see “Note 3. Business Combinations and Acquisitions—Separation and Acquisition of Assets of SLIC Joint Venture” to our condensed consolidated financial statements.
- Equity in income of investment in unconsolidated affiliates for the three months ended March 31, 2024 increased to \$19 million from \$12 million in the 2023 period, primarily related to an increase in income at our joint venture in China.
- Our income tax benefit (expense) and the income tax benefit (expense) of Huntsman International for the three months ended March 31, 2024 was a benefit of \$20 million as compared with expense of \$11 million in the 2023 period. The increase in income tax benefit was primarily due to the increase in loss from continuing operations before income taxes as well as a discrete tax benefit of \$18 million resulting from the write-off of certain prepaid assets related to operating agreements with SLIC and other joint venture partners concurrent with the separation and acquisition of assets of SLIC. For further information, see “Note 3. Business Combinations and Acquisitions—Separation and Acquisition of Assets of SLIC Joint Venture” to our condensed consolidated financial statements. Our income tax benefit (expense) is significantly affected by the mix of income and losses in the tax jurisdictions in which we operate along with the impact of valuation allowances in certain tax jurisdictions. For further information, see “Note 18. Income Taxes” to our condensed consolidated financial statements.

(1) Excludes revenues from tolling arrangements, byproducts and raw materials.

(2) Excludes sales volumes of byproducts and raw materials.

**Polyurethanes**

The decrease in revenues in our Polyurethanes segment for the three months ended March 31, 2024 compared to the same period of 2023 was primarily due to lower MDI average selling prices and unfavorable sales mix, partially offset by higher sales volumes. MDI average selling prices decreased primarily due to less favorable supply and demand dynamics. Sales volumes increased due to modestly improved demand and share gains in certain markets, primarily in the Americas and Europe regions. The decrease in segment adjusted EBITDA was primarily due to lower MDI average selling prices, partially offset by lower raw materials costs, higher sales volumes, higher equity earnings and cost savings from our cost optimization programs.

**Performance Products**

The decrease in revenues in our Performance Products segment for the three months ended March 31, 2024 compared to the same period of 2023 was primarily due to lower average selling prices and unfavorable sales mix, partially offset by higher sales volumes. Average selling prices decreased primarily due to competitive pressure, particularly in Europe. Sales volumes increased primarily due to improvement in industrial and construction activity as well as increased demand in coatings and adhesives and lubes markets. The decrease in segment adjusted EBITDA was primarily due to lower average selling prices, partially offset by higher sales volumes and lower raw materials costs.

**Advanced Materials**

The decrease in revenues in our Advanced Materials segment for the three months ended March 31, 2024 compared to the same period of 2023 was primarily due to lower average selling prices and lower sales volumes. Average selling prices decreased primarily in response to lower raw materials costs. Sales volumes decreased in our general industry and commodity markets, partially offset by an increase in our aerospace and electrical infrastructure markets in response to customer demand. The decrease in segment adjusted EBITDA was primarily due to lower sales volumes and foreign currency exchange rate fluctuations, partially offset by improved sales mix.

**Corporate and other**

Corporate and other includes unallocated corporate overhead, unallocated foreign currency exchange gains and losses, LIFO inventory valuation reserve adjustments, loss on early extinguishment of debt, unallocated restructuring, impairment and plant closing costs, nonoperating income and expense and gains and losses on the disposition of corporate assets. For the three months ended March 31, 2024, adjusted EBITDA from Corporate and other for Huntsman Corporation was a loss of \$43 million as compared to a loss of \$49 million for the same period of 2023. For the three months ended March 31, 2024, adjusted EBITDA from Corporate and other for Huntsman International was a loss of \$41 million as compared to a loss of \$47 million for the same period of 2023. The increase in adjusted EBITDA from Corporate and other resulted primarily from a decrease in corporate overhead, partially offset by a decrease in unallocated foreign currency exchange gains and an increase in LIFO valuation losses.

## LIQUIDITY AND CAPITAL RESOURCES

The following is a discussion of our liquidity and capital resources and generally does not include separate information with respect to Huntsman International in accordance with General Instructions H(1)(a) and (b) of Form 10-Q.

### Cash Flows for the Three Months Ended March 31, 2024 Compared with the Three Months Ended March 31, 2023

Net cash used in operating activities from continuing operations for the three months ended March 31, 2024 and 2023 was \$63 million and \$122 million, respectively. The decrease in net cash used in operating activities from continuing operations during the three months ended March 31, 2024 as compared with the same period of 2023 was primarily attributable to a net cash inflow of \$112 million related to changes in operating assets and liabilities, partially offset by increased operating loss as described in “—Results of Operations” above for the three months ended March 31, 2024 as compared with the same period of 2023.

Net cash (used in) provided by investing activities from continuing operations for the three months ended March 31, 2024 and 2023 was \$(30) million and \$493 million, respectively. During the three months ended March 31, 2024 and 2023, we paid \$42 million and \$46 million for capital expenditures, respectively. During the three months ended March 31, 2024, we received \$12 million for the sale of businesses, net, related to the resolution of net working capital from the sale of our Textile Effects Business. During the three months ended March 31, 2023, we received \$541 million for the sale of businesses, net, primarily related to net proceeds of \$530 million from the sale of our Textile Effects Business. See “Note 4. Discontinued Operations—Sale of Textile Effects Business” to our condensed consolidated financial statements.

Net cash provided by (used in) financing activities for the three months ended March 31, 2024 and 2023 was \$108 million and \$(379) million, respectively. During the three months ended March 31, 2024 and 2023, we had net borrowings from (repayments against) our 2022 Revolving Credit Facility and our A/R Programs of \$191 million and \$(220) million, respectively. During the three months ended March 31, 2024, HPS paid approximately \$28 million against the note payable with SLIC for the acquisition of assets. See “Note 3. Business Combinations and Acquisitions—Separation and Acquisition of Assets of SLIC Joint Venture” to our condensed consolidated financial statements. During the three months ended March 31, 2023, we paid \$97 million for repurchases of our common stock.

Free cash flow from continuing operations for the three months ended March 31, 2024 and 2023 was a use of cash of \$105 million and \$168 million, respectively. The increase in free cash flow from continuing operations was primarily attributable to a decrease in cash used in operating activities from continuing operations and a decrease in cash used for capital expenditures during the three months ended March 31, 2024 as compared with the same period of 2023.

Our working capital decreased by \$278 million as a result of the net impact of the following significant changes:

- The increase in cash and cash equivalents of \$12 million resulted from the matters identified on our condensed consolidated statements of cash flows. See also "—Cash Flows for the Three Months Ended March 31, 2024 Compared with the Three Months Ended March 31, 2023."
- Accounts and notes receivable, net increased by \$84 million primarily due to higher revenues in the first quarter of 2024 compared to the fourth quarter of 2023.
- Inventories increased by \$29 million primarily due to seasonally higher inventory volumes.
- Accounts payable increased by \$26 million primarily due to higher inventory purchases, partially offset due to a decrease in non-trade payables related to insurance premiums.
- Accrued liabilities decreased by \$9 million primarily due to a decrease in accrued restructuring costs and accrued rebates, partially offset by an increase in accrued compensation costs.
- Current portion of debt increased by \$384 million primarily due to proceeds from net borrowings on our 2022 Revolving Credit Facility and an outstanding U.S. dollar equivalent note payable with SLIC of approximately \$190 million for the acquisition of assets.

## Liquidity

We depend upon our cash, our 2022 Revolving Credit Facility, A/R Programs and other debt instruments to provide liquidity for our operations and working capital needs. As of March 31, 2024, we had \$1,607 million of combined cash and unused borrowing capacity, consisting of \$552 million in cash, \$995 million in availability under our 2022 Revolving Credit Facility and \$60 million in availability under our A/R Programs. Our liquidity can be significantly impacted by various factors. The following matters are expected to have a significant impact on our liquidity:

### Short-Term Liquidity

- During 2024, we expect to spend approximately \$200 million on capital expenditures. Our future expenditures include certain environmental, health and safety upgrades; expansions and upgrades of our existing manufacturing and other facilities; construction of new facilities; certain cost reduction projects, including those described below; and certain information technology expenditures. We expect to fund capital expenditures with cash provided by operations.
- During the remainder of 2024, we expect to make additional contributions to our pension and other postretirement benefit plans of approximately \$23 million.
- On January 31, 2024, we completed the planned separation and acquisition of assets of SLIC, our joint venture with BASF and three Chinese chemical companies. The final purchase price of the acquired assets will be determined based on an asset valuation, which we currently expect to be completed in the first half of 2024. The acquisition of the assets was funded in part with HPS issuing a U.S. dollar equivalent note payable at closing of approximately \$218 million, as adjusted to reflect the preliminary valuation and is subject to further change pending the final valuation. As of March 31, 2024, the note payable has been reduced by approximately \$28 million to reflect cash payments made during the quarter. We expect that the remainder of the note payable will be paid by the end of 2024 using available funds at HPS. Upon liquidation of the joint venture, all remaining cash of SLIC, primarily resulting from the proceeds received by SLIC, will be distributed back to the joint venture partners. We currently anticipate that the liquidation will be completed by mid-2025.
- On February 28, 2023, we completed the sale of our Textile Effects Business to Archroma, and during the first quarter of 2024, we finalized the purchase price valued at \$597 million, which includes adjustments to the purchase price for working capital plus the assumption of underfunded pension liabilities. During the first quarter of 2024, we have paid cash taxes of approximately \$1 million, and we expect to pay additional cash taxes of approximately \$11 million. See "Note 4. Discontinued Operations—Sale of Textile Effects Business" to our condensed consolidated financial statements.
- During 2020 and 2021, management implemented cost realignment and synergy plans and, in November 2022, committed to further plans to realign our cost structure with additional restructuring in Europe, including exiting and consolidating certain facilities, workforce relocation to lower cost locations and further personnel rationalization. In connection with these plans, we have achieved combined annualized cost savings and synergy benefits in excess of \$280 million. Associated with these plans, we expect total cash costs of approximately \$293 million (including approximately \$56 million of capital expenditures) through 2025, of which we have spent approximately \$255 million through the first quarter of 2024 (including approximately \$39 million of capital expenditures). Of the remaining cash costs, the majority will be payments related to our restructuring in Europe, primarily for personnel who have exited as of the end of 2023 as well as capital expenditures related to our research and development footprint, which is included in our overall future capital expenditures projections.
- As of March 31, 2024, we have approximately \$547 million remaining under the authorization of our existing share repurchase program. Repurchases may be commenced or suspended from time to time without prior notice.

### **Long-Term Liquidity**

- On January 22, 2024, we entered into an amendment to our U.S. A/R Program that extended the scheduled maturity date of our U.S. A/R Program from July 2024 to January 2027. In addition, on January 31, 2024, we entered into an amendment to our EU A/R Program, effective as of February 15, 2024, that extended the scheduled maturity date of our EU A/R Program from July 2024 to July 2027. Aside from the extended maturity dates, these amendments to our A/R Programs secured substantially similar terms as those in the prior agreements.
- On April 19, 2024, the Louisiana Fourth Circuit Court of Appeal affirmed the \$93.1 million jury verdict and district court judgment in our favor in our long-running court battle against Praxair/Linde, one of the industrial gas suppliers to our Geismar, Louisiana MDI manufacturing site. The case was filed after Praxair refused to maintain properly its own Geismar facility and then repeatedly failed to supply our requirements for industrial gases needed to manufacture MDI under long-term supply contracts that expired in 2013. After adding mandatory pre-judgment and post-judgment interest to the award, we expect damages to exceed \$135 million before deducting for taxes and legal contingency fees. The award remains subject to further potential review but, if affirmed or reviewed by the Louisiana Supreme Court, we would expect to receive net proceeds of approximately \$50 million to \$60 million. We have not yet recognized the award in our condensed consolidated statements of operations and the timing of the resolution of this matter is uncertain.
- On February 16, 2024, our Board of Directors declared a \$0.25 per share cash dividend on our common stock. This represents an approximate 5% increase from the previous dividend.

As of March 31, 2024, we had \$396 million classified as current portion of debt, including \$195 million outstanding under our 2022 Revolving Credit Facility, an outstanding U.S. dollar equivalent note payable of approximately \$190 million related to the separation and acquisition of assets of the SLIC joint venture, debt at our variable interest entities of \$9 million and certain other short-term facilities and scheduled amortization payments totaling \$2 million. We intend to renew, repay or extend the majority of these short-term facilities in the next twelve months.

As of March 31, 2024, we had approximately \$529 million of cash and cash equivalents held by our foreign subsidiaries, including our variable interest entities. With the exception of certain amounts that we expect to repatriate in the foreseeable future, we intend to use cash held in our foreign subsidiaries to fund our local operations. Nevertheless, we could repatriate additional cash as dividends, and the repatriation of cash as a dividend would generally not be subject to U.S. taxation. However, such repatriation may potentially be subject to limited foreign withholding taxes.

For more information regarding our debt, see "Note 8. Debt" to our condensed consolidated financial statements.

### ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

We are exposed to market risks, such as changes in interest rates, foreign exchange rates and commodity prices. From time to time, we enter into transactions, including transactions involving derivative instruments, to manage certain of these exposures. We also hedge our net investment in certain European operations. See “Note 9. Derivative Instruments and Hedging Activities” to our condensed consolidated financial statements.

### ITEM 4. CONTROLS AND PROCEDURES

Our management, with the participation of our chief executive officer and chief financial officer, has evaluated the effectiveness of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act) as of March 31, 2024. Based on this evaluation, our chief executive officer and chief financial officer have concluded that, as of March 31, 2024, our disclosure controls and procedures were effective, in that they ensure that information required to be disclosed by us in the reports that we file or submit under the Exchange Act is (1) recorded, processed, summarized and reported within the time periods specified in the Commission's rules and forms and (2) accumulated and communicated to our management, including our chief executive officer and chief financial officer, as appropriate to allow timely decisions regarding required disclosure.

No changes to our internal control over financial reporting occurred during the quarter ended March 31, 2024 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act). However, we can only give reasonable assurance that our internal controls over financial reporting will prevent or detect material misstatements on a timely basis.

## PART II. OTHER INFORMATION

### ITEM 1. LEGAL PROCEEDINGS

There have been no material developments with respect to the legal proceedings referenced in Part I, Item 3 of our Annual Report on Form 10-K for the year ended December 31, 2023.

### ITEM 1A. RISK FACTORS

For information regarding risk factors, see “Part I. Item 1A. Risk Factors” in our Annual Report on Form 10-K for the year ended December 31, 2023.

### ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

The following table provides information with respect to shares of our common stock that we repurchased as part of our share repurchase program and shares of restricted stock granted under our stock incentive plans that we withheld upon vesting to satisfy our tax withholding obligations during the three months ended March 31, 2024.

(1) Represents net purchase price per share, exclusive of any fees or commissions.

(2) On October 26, 2021, our Board of Directors approved a share repurchase program of \$1 billion. On March 25, 2022, our Board of Directors increased the authorization of our share repurchase program from \$1 billion to \$2 billion. The share repurchase program is supported by our free cash flow generation. Repurchases may be made in the open market, including through accelerated share repurchase programs, or in privately negotiated transactions, and repurchases may be commenced or suspended from time to time without prior notice. Shares of common stock acquired through the repurchase program are held in treasury at cost. During the three months ended March 31, 2024, we did not repurchase any shares of our common stock.

I, Peter R. Huntsman, certify that:

1. I have reviewed this quarterly report on Form 10-Q of Huntsman Corporation and Huntsman International LLC;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrants as of, and for, the periods presented in this report;
4. The registrants' other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrants and have:
  - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrants, including their consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - (c) Evaluated the effectiveness of the registrants' disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
  - (d) Disclosed in this report any change in the registrants' internal control over financial reporting that occurred during the registrants' most recent fiscal quarter (the registrants' fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrants' internal control over financial reporting; and
5. The registrants' other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrants' auditors and the audit committee of the registrants' board of directors or board of managers, as applicable (or persons performing the equivalent functions):
  - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrants' ability to record, process, summarize and report financial information; and
  - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrants' internal control over financial reporting.
