Apartment Income REIT, L.P. : Yes  No

The number of shares of Apartment Income REIT Corp. Class A Common Stock outstanding as of July 25, 2023: 149,223,527

## EXPLANATORY NOTE

This filing combines the quarterly reports on Form 10-Q for the quarterly period ended June 30, 2023, of Apartment Income REIT Corp. ("AIR"), Apartment Income REIT, L.P. ("AIR Operating Partnership"), and their consolidated subsidiaries. The AIR Operating Partnership's condensed consolidated financial statements include the accounts of the AIR Operating Partnership and its consolidated subsidiaries. Except as the context otherwise requires, "we," "our," and "us" refer to AIR, the AIR Operating Partnership, and their consolidated subsidiaries, collectively.

AIR is a self-administered and self-managed real estate investment trust ("REIT"). AIR Operating Partnership owns all of the assets and owes all of the liabilities of the AIR enterprise and manages the daily operations of AIR's business. AIR owns, through its wholly-owned subsidiaries, the general partner interest and special limited partner interest in the AIR Operating Partnership.

As of June 30, 2023, AIR owned approximately 91.3 % of the legal interest and 93.1 % of the economic interest in the common partnership units of the AIR Operating Partnership, respectively. The remaining 8.7% legal interest is owned by third parties. A portion of the 8.7% owned by third parties is subject to vesting. If the vesting requirements are not met, the 8.7% ownership will be reduced to no less than 6.9%. The legal ownership percentage is based on the outstanding Class A Common Stock of AIR ("Common Stock") and common OP Units, including unvested restricted stock and unvested LTIP units. The economic ownership percentage includes any unvested restricted stock and unvested LTIP units to the extent they are considered participating securities, as defined by accounting principles generally accepted in the United States ("GAAP"). As the sole general partner of the AIR Operating Partnership, AIR has exclusive control of the AIR Operating Partnership's day-to-day management.

As stated above, the AIR Operating Partnership holds all of AIR's assets and manages the daily operations of AIR's business. Pursuant to the AIR Operating Partnership agreement, AIR is required to contribute to the AIR Operating Partnership all proceeds from the offerings of its securities. In exchange for the contribution of such proceeds, AIR receives additional interests in the AIR Operating Partnership with terms substantially similar to the stock issued by AIR.

We believe combining the periodic reports of AIR and the AIR Operating Partnership into this single report provides the following benefits:

- We present our business as a whole, in the same manner our management views and operates the business;
- We eliminate duplicative disclosure and provide a more streamlined and readable presentation because a substantial portion of the disclosures apply to both AIR and the AIR Operating Partnership; and
- We save time and cost through the preparation of a single combined report rather than two separate reports.

We operate AIR and the AIR Operating Partnership as one enterprise, the management of AIR directs the management and operations of the AIR Operating Partnership, and the members of the Board of Directors of AIR are identical to those of the AIR Operating Partnership's general partner.

We believe it is important to understand the few differences between AIR and the AIR Operating Partnership in the context of how AIR and the AIR Operating Partnership operate as a consolidated company. AIR has no assets or liabilities other than its investment in the AIR Operating Partnership, which is held directly and indirectly through certain intermediate holding companies (in which all of the common stock is owned by AIR). Also, AIR is a corporation that issues publicly traded equity from time to time, whereas the AIR Operating Partnership is a partnership that has no publicly traded equity. Except for the net proceeds from stock offerings by AIR, which are contributed to the AIR Operating Partnership in exchange for additional limited partnership interests with terms substantially similar to the stock sold in the offering, the AIR Operating Partnership generates all remaining capital required by its business. These sources include the AIR Operating Partnership's working capital, net cash provided by operating activities, borrowings under its revolving credit facility, the issuance of debt and equity securities, including additional partnership units, and proceeds received from the sale of apartment communities.

Equity, partners' capital, and noncontrolling interests are the main areas of difference between the condensed consolidated financial statements of AIR and those of the AIR Operating Partnership. Interests in the AIR Operating Partnership held by entities other than AIR, which we refer to as OP Units, are classified within partners' capital in the AIR Operating Partnership's financial statements and as noncontrolling interests in AIR's financial statements.

To help investors understand the differences between AIR and the AIR Operating Partnership, this report provides separate condensed consolidated financial statements for AIR and the AIR Operating Partnership; a single set of condensed

consolidated notes to such financial statements that includes separate discussions of each entity's stockholders' equity or partners' capital, and earnings per share or earnings per unit, as applicable; and a combined Management's Discussion and Analysis of Financial Condition and Results of Operations section that includes discrete information related to each entity, where appropriate.

This report also includes separate Part I, Item 4. Controls and Procedures sections and separate Exhibits 31 and 32 certifications for AIR and the AIR Operating Partnership in order to establish that the requisite certifications have been made and that AIR and the AIR Operating Partnership are both compliant with Rule 13a-15 or Rule 15d-15 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and 18 U.S.C. §1350.

**APARTMENT INCOME REIT CORP.**  
**APARTMENT INCOME REIT, L.P.**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**  
**June 30, 2023**  
**(Unaudited)**

**Note 1 — Basis of Presentation and Organization**

*Basis of Presentation*

The accompanying condensed consolidated financial statements include the accounts of Apartment Income REIT Corp. ("AIR"), Apartment Income REIT, L.P. ("AIR Operating Partnership"), and their consolidated subsidiaries. The AIR Operating Partnership's condensed consolidated financial statements include the accounts of the AIR Operating Partnership and its consolidated subsidiaries. All significant intercompany balances and transactions have been eliminated in consolidation.

As used herein, and except where the context otherwise requires, "partnership" refers to a limited partnership or a limited liability company and "partner" refers to a partner in a limited partnership or a member of a limited liability company. Interests in the AIR Operating Partnership that are held by limited partners other than AIR are reflected in AIR's accompanying condensed consolidated balance sheets as noncontrolling interests in the AIR Operating Partnership. Interests in partnerships consolidated by the AIR Operating Partnership that are held by third parties are reflected in AIR's and AIR Operating Partnership's accompanying condensed consolidated balance sheets as noncontrolling interests in consolidated real estate partnerships.

Except as the context otherwise requires, "we," "our," and "us" refer to AIR, the AIR Operating Partnership, and their consolidated subsidiaries, collectively.

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with the instructions to Form 10-Q and Article 10 of Regulation S-X. Certain information and footnote disclosures normally included in financial statements prepared in accordance with GAAP have been condensed or omitted in accordance with such rules and regulations, although management believes the disclosures are adequate to prevent the information presented from being misleading. In the opinion of management, all adjustments, consisting of normal recurring items, considered necessary for a fair presentation have been included. Operating results for the three and six months ended June 30, 2023, are not necessarily indicative of the results that may be expected for the year ending December 31, 2023.

The condensed consolidated balance sheets of AIR, the AIR Operating Partnership, and their consolidated subsidiaries as of December 31, 2022, have been derived from their respective audited financial statements at that date, but do not include all of the information and disclosures required by GAAP for complete financial statements. For further information, refer to the financial statements and notes thereto included in AIR's and the AIR Operating Partnership's combined Annual Report on Form 10-K for the year ended December 31, 2022. Except where indicated, the footnotes refer to AIR, the AIR Operating Partnership and their consolidated subsidiaries, collectively.

*Reclassifications*

Certain prior period balances in the condensed consolidated balance sheets, statements of operations, and statements of cash flows have been combined or reclassified to conform to current period presentation pursuant to Rule 10-01(a)(2) of Regulation S-X of the SEC. These changes had no impact on net income (loss), cash flows, assets and liabilities, equity or partners' capital previously reported.

*Organization and Business*

AIR is a self-administered and self-managed REIT. AIR owns, through its wholly-owned subsidiaries, the general partner interest and special limited partner interest in AIR Operating Partnership. AIR Operating Partnership conducts all of the business of AIR, which is focused on the ownership of stabilized multi-family properties located in top markets including eight important geographic concentrations: Boston; Philadelphia; Washington, D.C.; Miami; Denver; the San Francisco Bay Area; Los Angeles; and San Diego.

We own and operate a portfolio of stabilized apartment communities, diversified by both geography and price point, in 10 states and the District of Columbia. As of June 30, 2023, our portfolio included 73 apartment communities with

25,739 apartment homes, in which we held an average ownership of approximately 87 %. We also have one land parcel and one indirect land interest that we lease to third parties.

Interests in the AIR Operating Partnership that are held by limited partners other than AIR are referred to as OP Units. OP Units include common partnership units, which we refer to as common OP Units, as well as preferred partnership units, which we refer to as preferred OP Units. As of June 30, 2023, after elimination of units held by consolidated subsidiaries, the AIR Operating Partnership had 163,508,889 common OP Units outstanding. As of June 30, 2023, AIR owned 149,223,526 of the common OP Units of the AIR Operating Partnership and AIR had an equal number of shares of its Class A Common Stock outstanding, which we refer to as Common Stock. AIR's ownership of the total common OP Units outstanding represents a 91.3 % legal interest in the AIR Operating Partnership and a 93.1 % economic interest.

## Note 2 — Summary of Significant Accounting Policies

### *Principles of Consolidation*

We consolidate variable interest entities ("VIEs"), in which we are considered the primary beneficiary. The primary beneficiary is the entity that has (i) the power to direct the activities that most significantly impact the entity's economic performance, and (ii) the obligation to absorb losses of the VIE or the right to receive benefits from the VIE that could be significant to the VIE. As of June 30, 2023 and December 31, 2022, AIR consolidated six and seven VIEs, respectively, including the AIR Operating Partnership.

### *Redeemable Preferred OP Units*

The AIR Operating Partnership has various classes of preferred OP Units. Each class of preferred OP Units is currently redeemable at the holders' option. The AIR Operating Partnership, at its sole discretion, may settle such redemption requests in cash or cause AIR to issue shares of its Common Stock with a value equal to the redemption price. The preferred OP Units are therefore presented within temporary equity in AIR's condensed consolidated balance sheets and within temporary partners' capital in the AIR Operating Partnership's condensed consolidated balance sheets.

The following table presents a rollforward of the AIR Operating Partnership's preferred OP Units' redemption value (in thousands):

Balance at January 1, 2023	\$	77,143
Preferred distributions		( 3,140 )
Net income allocated to preferred units		3,140
<b>Balance at June 30, 2023</b>	<b>\$</b>	<b>77,143</b>

The AIR Operating Partnership has outstanding various classes of redeemable preferred OP Units. As of June 30, 2023 and December 31, 2022, the AIR Operating Partnership had 2,846,574 redeemable preferred OP Units issued and outstanding. Distributions per annum range from 1.92 % to 8.75 % per class and \$ 0.48 to \$ 8.00 per unit.

### *Use of Estimates*

The preparation of our condensed consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts included in the condensed consolidated financial statements and accompanying notes thereto. Actual results could differ from those estimates.

**Note 3 — Significant Transactions***Apartment Community Acquisitions*

During the six months ended June 30, 2023, we acquired one apartment community in South Florida, with 495 apartment homes, and 29,000 square feet of commercial space. Summarized information regarding this acquisition is set forth in the table below (dollars in thousands):

Purchase price	\$	298,000
Capitalized transaction costs		5,469
<b>Total consideration (1)</b>	<b>\$</b>	<b>303,469</b>
Land	\$	99,338
Building and improvements		187,427
Intangible assets (2)		12,077
Mark-to-market on debt assumed		7,370
Below-market lease liabilities (2)		(2,743)
<b>Total consideration (1)</b>	<b>\$</b>	<b>303,469</b>

(1) Total consideration includes \$ 101.2 million of debt assumed and the issuance of \$ 22.4 million in common OP Units.

(2) Intangible assets and below-market lease liabilities have a weighted-average term of 1.4 years and 0.5 years, respectively.

*Apartment Community Dispositions*

During the three and six months ended June 30, 2023, we sold two apartment communities with 62 apartment homes included in our Other Real Estate segment.

During the three months ended June 30, 2022, we sold four apartment communities with 718 homes, three of which were included in our Same Store segment and one in our Other Real Estate segment, for a gain on disposition of \$ 175.6 million. During the six months ended June 30, 2022, we sold 12 apartment communities with 2,050 homes, 10 of which were included in our Same Store segment and two included in our Other Real Estate segment, for a gain on disposition of \$ 587.6 million.

At the end of each reporting period we evaluate whether such communities meet the criteria to be classified as held for sale. As of June 30, 2023, no communities were classified as held for sale.

*Impairment*

Real estate and other long-lived assets to be held and used are individually evaluated for impairment when conditions exist that may indicate the carrying amount of a long-lived asset may not be recoverable. Impairment indicators include significant fluctuations in rental and other property revenues less property operating expenses, occupancy changes, significant near-term lease expirations, current and historical cash flow losses, rental rates, and if applicable, a comparison of an asset's carrying value to its estimated fair value. Upon determination that an impairment has occurred, we recognize an impairment loss to the extent the carrying amount exceeds the estimated fair value of the community .

During the three months ended June 30, 2023, we evaluated the expected hold period of two real estate assets in our Other Real Estate reporting segment. Given management's assessment of the likelihood of the sale of these assets, we reduced the carrying value to their estimated fair value and recognized a non-cash impairment loss on real estate of \$ 8.2 million. During the three months ended June 30, 2023, these two properties sold for their estimated carrying value.

Additionally, during the quarter we evaluated the expected hold period of one additional real estate asset in our Other Real Estate reporting segment. Given management's assessment of the likelihood of its pending sale, we reduced the carrying value to its estimated fair value and recognized a non-cash impairment loss on real estate of \$ 15.4 million. Subsequent to June 30, 2023, we received a non-refundable deposit on this community, which is expected to be sold by year end. This sale will complete our previously announced exit from the New York market.

During the three and six months ended June 30, 2022, we did not recognize any impairment losses.

#### Joint Venture Transactions

During the three months ended June 30, 2023, we formed an unconsolidated joint venture (the "Value-Add JV") with a global asset manager by selling a 70 % interest in our Huntington Gateway property, a 443 -unit property located in Virginia. Gross proceeds from this sale were \$ 9 million and the joint venture assumed \$ 94.1 million of debt. We recognized a gain of \$ 6.4 million in connection with the transaction. AIR is the general partner with legal ownership of 30 %, and AIR will receive 50 % of the cash flows from operations, and various fees for providing property management, construction, and corporate services to the joint venture.

Subsequent to June 30, 2023, we formed a joint venture with a global institutional investor (the "Core JV") through selling a 47 % interest in a portfolio of 10 of our Same Store properties in Philadelphia, Washington D.C., Denver, San Diego, and Miami with 3,093 apartment homes and average monthly revenues of \$ 2,534 . Eight of the ten properties are now closed. Our purchases of two are subject to regulatory approvals, expected before year-end.

In preparation for the joint venture, AIR borrowed \$ 611.4 million in new non-recourse property debt. The properties were contributed to the Core JV subject to this debt. Specifically, the first eight properties contributed were subject to \$ 584.8 million of debt, and AIR received \$ 184.6 million in cash.

Assuming the completion of the two pending transactions, AIR will receive \$ 17.3 million in additional cash, and the Core JV will be subject to an additional \$ 59.6 million of the new non-recourse property debt. The net of these two transactions is that AIR will receive \$ 813.3 million in cash, with proceeds used to prepay \$ 292.0 million on the revolving credit facility and \$ 325.0 million of term loans, with weighted-average interest rates of slightly less than 6 %, and the remaining invested in short-term liquid investments.

#### Note 4 — Leases

##### Tenant Lessor Arrangements

The majority of lease payments we receive from our residents are fixed. We receive variable payments from our residents primarily for utility reimbursements. Our total lease income was comprised of the following amounts for all operating leases (in thousands):

	Three Months Ended		Six Months Ended	
	June 30, 2023	June 30, 2022	June 30, 2023	June 30, 2022
Fixed lease income	\$ 196,718	\$ 169,337	\$ 393,054	\$ 337,567
Variable lease income	15,253	11,216	28,541	22,021
<b>Total lease income</b>	<b>\$ 211,971</b>	<b>\$ 180,553</b>	<b>\$ 421,595</b>	<b>\$ 359,588</b>

Generally, our residential leases do not provide extension options and, as of June 30, 2023, have an average remaining term of 17.1 months. In general, our commercial leases have options to extend for a certain period of time at the tenant's option. As of June 30, 2023, future minimum annual rental payments we are contractually obligated to receive under residential and commercial leases, excluding such extension options, are as follows (in thousands):

2023 (remaining)	\$ 262,306
2024	258,690
2025	41,745
2026	11,214
2027	9,701
Thereafter	34,712
<b>Total</b>	<b>\$ 618,368</b>

**Note 5 — Debt**

The following table summarizes our total indebtedness (in thousands):

	<b>June 30, 2023</b>	<b>December 31, 2022</b>
<b>Secured debt:</b>		
Fixed-rate property debt due May 2025 to January 2055 (1)	\$ 2,211,002	\$ 1,906,151
Variable-rate property debt	—	88,500
Total non-recourse property debt	2,211,002	1,994,651
Debt issuance costs, net of accumulated amortization	( 13,565 )	( 9,221 )
<b>Total non-recourse property debt, net</b>	<b>\$ 2,197,437</b>	<b>\$ 1,985,430</b>
<b>Unsecured debt:</b>		
Term loans due December 2023 to April 2026 (2)	\$ 800,000	\$ 800,000
Revolving credit facility borrowings due April 2025 (3)	292,000	462,000
4.58 % Notes payable due June 2027	100,000	100,000
4.77 % Notes payable due June 2029	100,000	100,000
4.84 % Notes payable due June 2032	200,000	200,000
Total unsecured debt	1,492,000	1,662,000
Debt issuance costs, net of accumulated amortization	( 4,860 )	( 5,801 )
<b>Total unsecured debt, net</b>	<b>\$ 1,487,140</b>	<b>\$ 1,656,199</b>
<b>Total indebtedness</b>	<b>\$ 3,684,577</b>	<b>\$ 3,641,629</b>

- (1) In the first quarter of 2023, AIR borrowed \$ 320 million using 10 -year fixed rate financing, bearing interest at 4.9 %. Proceeds were used to refinance a floating rate loan and reduce borrowings by \$ 230 million on our revolving credit facility. The stated rates on our fixed-rate property debt are between 2.4 % to 5.7 %.
- (2) The term loans bear interest at a one-month Term Secured Overnight Financing Rate ("SOFR") plus 1.00 % and a SOFR adjustment of 10 -basis points, based on our current credit rating. As of June 30, 2023, the weighted-average interest rate for our term loans before consideration of in place interest rate swaps was 6.2 %. The term loans mature on the following schedule: \$ 150 million mature on December 15, 2023, with two one-year extension options; \$ 300 million mature on December 15, 2024, with a one-year extension option; \$ 150 million mature on December 15, 2025; and \$ 200 million mature on April 14, 2026. As of June 30, 2023, the weighted-average remaining term of the term loans was 2.5 years. Refer to [Note 9](#) for additional discussion regarding the purpose of these transactions. Subsequent to the closing of the Core JV, our floating rate debt, after consideration of our interest rate swaps, is \$ 125 million, or 4 % of total leverage.
- (3) As of June 30, 2023, we had capacity to borrow up to \$ 703.7 million under our revolving credit facility after consideration of undrawn letters of credit. The revolving credit facility bears interest at a one-month Term SOFR plus 0.89 %, based on our current credit rating, and a SOFR adjustment of 10 -basis points. As of June 30, 2023, the weighted-average interest rate for our revolving credit facility was 6.1 %

During the three months ended June 30, 2023, we established a secured credit facility that provides for up to \$ 1 billion of committed property level financing, on an as needed basis. The facility has minimal upfront costs, a 15 -year term, and provides AIR the opportunity to place up to 10-year non-recourse property debt financing. Pricing can be fixed rate or variable rate at AIR's choice and is based on the Fannie Mae grid. After consideration of the secured credit facility, total liquidity is approximately \$ 1.8 billion.

Under our credit agreement and unsecured notes payable, we have agreed to maintain certain financial covenants, as well as other covenants customary for similar credit arrangements. The financial covenants we are required to maintain include a maximum leverage ratio of no greater than 0.60 to 1.00; a fixed charge coverage ratio of no less than 1.50 to 1.00, a maximum secured indebtedness to total assets ratio of no greater than 0.40 to 1.00, a maximum unsecured leverage ratio no greater than 0.60 to 1.00, and a minimum unsecured interest coverage ratio no less than 1.50 to 1.00.

**Note 6 — Commitments and Contingencies**

**Legal Matters**

In addition to the matters described below, we are a party to various legal actions and administrative proceedings arising in the ordinary course of business, some of which are covered by our general liability insurance program, and none of which we expect to have a material adverse effect on our condensed consolidated financial condition, results of operations, or cash flows.

## Environmental

Various federal, state, and local laws subject apartment community owners or operators to liability for management and the costs of removal or remediation of certain potentially hazardous materials that may be present in the land or buildings of an apartment community. Such laws often impose liability without regard to fault or whether the owner or operator knew of, or was responsible for, the presence of such materials. The presence of, or the failure to manage or remediate properly, these materials may adversely affect occupancy at such apartment communities as well as the ability to sell or finance such apartment communities. In addition, governmental agencies may bring claims for costs associated with investigation and remediation actions. Moreover, private plaintiffs may potentially make claims for investigation and remediation costs they incur or for personal injury, disease, disability, or other infirmities related to the alleged presence of hazardous materials. In addition to potential environmental liabilities or costs associated with our current apartment communities, we may also be responsible for such liabilities or costs associated with communities we acquire or manage in the future or apartment communities we no longer own or operate.

We have determined that our legal obligations to remove or remediate certain potentially hazardous materials may be conditional asset retirement obligations ("AROs"), as defined by GAAP. Except in limited circumstances where the asset retirement activities are expected to be performed in connection with a planned construction project or apartment community casualty, we believe that the fair value of our AROs cannot be reasonably estimated due to significant uncertainties in the timing and manner of settlement of those obligations. AROs that are reasonably estimable as of June 30, 2023, are immaterial to our condensed consolidated financial statements.

## **Note 7 — Earnings and Dividends per Share and per Unit**

Reconciliations of the numerator and denominator in the calculations of basic and diluted earnings per share and per unit are as follows (in thousands, except per share and per unit data):

	Three Months Ended		Six Months Ended	
	June 30, 2023	June 30, 2022	June 30, 2023	June 30, 2022
<b>Earnings per share</b>				
Numerator:				
Basic and dilutive net (loss) income attributable to AIR common stockholders	\$ (1,439)	\$ 196,722	\$ (12,896)	\$ 572,603
Denominator – shares:				
Basic weighted-average common shares outstanding	148,832	155,927	148,821	156,327
Dilutive common share equivalents outstanding	—	209	—	280
<b>Dilutive weighted-average common shares outstanding</b>	<b>148,832</b>	<b>156,136</b>	<b>148,821</b>	<b>156,607</b>
<b>Earnings per share – basic and diluted</b>	<b>\$ (0.01)</b>	<b>\$ 1.26</b>	<b>\$ (0.09)</b>	<b>\$ 3.66</b>
<b>Earnings per unit</b>				
Numerator:				
Basic and dilutive net (loss) income attributable to the AIR Operating Partnership's common unitholders	\$ (1,754)	\$ 209,471	\$ (14,037)	\$ 609,519
Denominator – units:				
Basic weighted-average common units outstanding	159,778	166,023	159,531	166,434
Dilutive common unit equivalents outstanding	—	209	—	280
<b>Dilutive weighted-average common units outstanding</b>	<b>159,778</b>	<b>166,232</b>	<b>159,531</b>	<b>166,714</b>
<b>Earnings per unit – basic and diluted</b>	<b>\$ (0.01)</b>	<b>\$ 1.26</b>	<b>\$ (0.09)</b>	<b>\$ 3.66</b>

For the three and six months ended June 30, 2023 and 2022, dividends and distributions paid per share of Common Stock and per common unit were \$ 0.45 and \$ 0.90 , respectively.

The number of common share equivalent securities excluded from the diluted earnings per share calculation was 2.2 million for the three and six months ended June 30, 2023, and 1.7 million and 1.6 million for the three and six months ended June 30, 2022, respectively. These securities, which include preferred OP Units redeemable for Common Stock, were excluded from the earnings per share calculation as they are anti-dilutive.

#### Note 8 — Fair Value Measurements

We estimate the fair value of certain assets and liabilities using pricing models that rely on observable market information, including contractual terms, market prices, and interest rate yield curves. A three-level valuation hierarchy prioritizes observable and unobservable inputs used to measure fair value, as described below:

- Level 1 – Quoted prices in active markets for identical assets or liabilities that the entity has the ability to access.
- Level 2 – Observable inputs other than prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated with observable market data.
- Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets and liabilities. This includes certain pricing models, discounted cash flow methodologies, and similar techniques that use significant unobservable inputs.

#### Recurring Fair Value Measurements

The following table summarizes investments measured at fair value on a recurring basis, which are presented in other assets, net, and accrued liabilities and other in our condensed consolidated balance sheets (in thousands):

	As of June 30, 2023				As of December 31, 2022			
	Total Fair Value		Level 1		Level 2		Level 3	
Interest rate option (1)	\$ —	\$ —	\$ —	\$ —	\$ —	\$ —	\$ 53,481	\$ —
Interest rate swaps - pay-fixed, receive floating	\$ 35,395	\$ —	\$ —	\$ 35,395	\$ —	\$ —	\$ 32,222	\$ —
Interest rate swaps - pay-floating, receive fixed	\$ (1,959)	\$ —	\$ —	\$ (1,959)	\$ —	\$ —	\$ —	\$ —
Treasury rate lock	\$ 2,236	\$ —	\$ —	\$ 2,236	\$ —	\$ —	\$ 319	\$ —

(1) During the three months ended June 30, 2023, the interest rate swap option asset and offsetting liability associated with the Parkmerced mezzanine investment was settled, resulting in equal decreases in other assets and accrued liabilities and other.

#### Financial Assets and Liabilities Not Measured at Fair Value

We believe that the carrying value of the consolidated amounts of cash and cash equivalents, restricted cash, accounts receivable, and accounts payable approximated their estimated fair value as of June 30, 2023 and December 31, 2022, due to their relatively short-term nature and high probability of realization. The carrying value of our revolving credit facility and term loans, which we classify as Level 2 in the GAAP fair value hierarchy, approximated their estimated fair value as of June 30, 2023 and December 31, 2022, as they bear interest at floating rates which approximate market rates.

We classify the fair value of our non-recourse property debt, unsecured notes payable, and seller financing notes receivable within Level 2 of the GAAP fair value hierarchy, as summarized in the following table (in thousands):

	As of June 30, 2023		As of December 31, 2022	
	Carrying Value	Fair Value	Carrying Value	Fair Value
Non-recourse property debt	\$ 2,211,002	\$ 1,966,566	\$ 1,994,651	\$ 1,753,222
Unsecured notes payable	\$ 400,000	\$ 373,648	\$ 400,000	\$ 371,368
Seller financing note receivable, net (1)	\$ 32,032	\$ 32,573	\$ 31,611	\$ 32,286

(1) During the year ended December 31, 2022, we provided \$ 40.0 million of seller financing as partial consideration for the sale of our New England portfolio. The contractual interest rate on the note is 4.5 %. The difference between the stated rate and the effective interest rate as of the date of sale resulted in a discount recorded of \$ 8.5 million. The seller financing note and related discount are included in other assets, net in our condensed consolidated balance sheets.

#### *Nonrecurring Fair Value Measurements*

As of June 30, 2023, assets measured at fair value on a nonrecurring basis in our condensed consolidated balance sheets consist of one real estate asset that was written down to its estimated fair value for impairment purposes. Our estimate of fair value was determined using the stated price within the purchase and sale agreement for this asset, which is classified as Level 2 within the GAAP fair value hierarchy. As of June 30, 2023, the fair value of the real estate asset, net of estimated transaction costs, measured on a nonrecurring basis was \$ 19.9 million. There were no assets measured at fair value on a nonrecurring basis as of December 31, 2022. Refer to [Note 3](#) for further detail on the non-cash impairment.

#### **Note 9 — Derivative Financial Instruments and Hedging Activities**

##### *Risk Management Objective of Using Derivatives*

Our objectives in using interest rate derivatives are to add predictability to interest expense and to manage our exposure to interest rate movements. To accomplish these objectives, we primarily use interest rate swaps and treasury locks as part of our interest rate management strategy. Interest rate swaps involve the receipt of variable-rate and fixed-rate amounts from a counterparty in exchange for us making fixed-rate or variable-rate payments over the life of the agreements without exchange of the underlying notional amounts.

Changes in fair value of derivatives designated as cash flow hedges are recognized in accumulated other comprehensive income and subsequently reclassified into earnings as an increase or decrease to interest expense. During the three and six months ended June 30, 2023, we reclassified gains of \$ 5.4 million and \$ 9.5 million out of accumulated other comprehensive income into interest expense, respectively. During the three and six months ended June 30, 2022, we reclassified losses of \$ 2.0 million and \$ 2.0 million out of accumulated other comprehensive income into interest expense, respectively.

Changes in fair value of derivatives not designated in a hedge relationship, or economic hedges, are recognized in gain on derivative instruments in our condensed consolidated statements of operations once realized. During the three and six months ended June 30, 2023, we recorded gains of \$ 11.4 million and \$ 9.3 million, respectively. During the three and six months ended June 30, 2022, no amounts were recognized related to derivatives not designated in a hedge relationship.

During the three months ended June 30, 2023, we decided to de-designate \$ 830 million of pay-fixed, receive-floating interest rate swaps. As a result, the accumulated unrealized gains at time of de-designation of \$ 29.5 million will be reclassified into earnings over the remaining term of the associated debt, and future changes in the fair value of these derivatives will be recognized in gain on derivative instruments, net in our condensed consolidated statements of operations.

As of June 30, 2023, we estimate that during the next 12 months, we will reclassify into earnings approximately \$ 10.8 million of the unrealized gain in accumulated other comprehensive income.

During the three months ended June 30, 2023, we entered into \$ 480 million of pay-floating, receive-fixed interest rate swaps, which will not be designated as accounting hedges and accordingly, the changes in the fair value of these derivatives are recognized in gain on derivative instruments, net, in our condensed consolidated statements of operations. These derivative instruments economically offset \$ 480 million of the previously issued interest rate swaps noted above and were done in anticipation of the closing of the Core JV, as proceeds from the transaction were utilized to pay off \$ 325 million of previously hedged term loans. As a result of these instruments, we expect to receive monthly fixed interest income representing the spread between the pay-fixed and receive-fixed legs of our interest rate swap positions over a weighted-average term of 3.4 years.

The following table summarizes our derivative financial instruments (dollars in thousands):

As of June 30, 2023					
	Number of Instruments	Aggregate Notional Amount	Derivative Assets (included in Other Assets, net)	Derivative Liabilities (included in Accrued Liabilities and Other)	
			Fair Value		
<b>Derivatives designated as hedging instruments:</b>					
Treasury rate locks	1	\$ 150,000	\$ 2,236	\$ —	—
<b>Derivatives not designated as hedging instruments:</b>					
Interest rate swap, floating to fixed	10	\$ 830,000	\$ 35,395	\$ —	—
Interest rate swap, fixed to floating	6	\$ 480,000	—	\$ ( 1,959 )	—

As of December 31, 2022					
	Number of Instruments	Aggregate Notional Amount	Derivative Assets (included in Other Assets, net)	Derivative Liabilities (included in Accrued Liabilities and Other)	
			Fair Value		
<b>Derivatives designated as hedging instruments:</b>					
Treasury rate locks	1	\$ 100,000	\$ 319	\$ —	—
Interest rate swaps, floating to fixed	10	\$ 830,000	\$ 32,222	\$ —	—

#### Note 10 — Variable Interest Entities

##### Consolidated Entities

AIR consolidates the AIR Operating Partnership, a VIE of which AIR is the primary beneficiary. AIR, through the AIR Operating Partnership, consolidates all VIEs for which it is the primary beneficiary. Substantially all of the assets and liabilities of AIR are those of the AIR Operating Partnership.

The AIR Operating Partnership consolidates (i) four VIEs that own interests in one or more apartment communities and are typically structured to generate a return for their partners through the operation and ultimate sale of the communities and (ii) one VIE related to a lessor entity that owns an interest in a property leased to a third party. The AIR Operating Partnership is the primary beneficiary in the limited partnerships in which it is the sole decision maker and has a substantial economic interest.

The table below summarizes apartment community information regarding VIEs consolidated by the AIR Operating Partnership:

	June 30, 2023 (1)	December 31, 2022
VIEs with interests in apartment communities	4	5
Apartment communities owned by VIEs	15	16
Apartment homes in communities owned by VIEs	5,041	5,369

(1) During the three months ended June 30, 2023, we purchased the remaining noncontrolling interest in a consolidated limited partnership in one apartment community with 328 apartment homes. Subsequent to this purchase, this apartment community no longer represents a VIE.

Assets of the AIR Operating Partnership's consolidated VIEs must first be used to settle the liabilities of such consolidated VIEs. These consolidated VIEs' creditors do not have recourse to the general credit of the AIR Operating

Partnership. Assets and liabilities of VIEs, excluding those of the AIR Operating Partnership, are summarized in the table below (in thousands):

	June 30, 2023	December 31, 2022
<b>ASSETS:</b>		
Net real estate	\$ 1,040,597	\$ 1,066,482
Cash and cash equivalents	71,262	54,319
Restricted cash	2,009	2,378
Other assets, net	21,465	20,944
<b>LIABILITIES:</b>		
Non-recourse property debt, net	\$ 1,204,242	\$ 1,212,065
Accrued liabilities and other	36,246	35,365

#### *Unconsolidated Entities*

As discussed in [Note 3](#), during the three months ended June 30, 2023, we formed an unconsolidated joint venture with a global asset manager, by selling a 70 % interest in our Huntington Gateway property, a 443 -unit property located in Virginia. Our 30 % interest and \$ 28.0 million preferred interest in the joint venture meets the definition of a VIE; however, we are not the primary beneficiary and do not consolidate this community. As of June 30, 2023, the carrying value of AIR's interest is \$ 34.6 million, which is included in other assets, net, in our condensed consolidated balance sheets. As of June 30, 2023, AIR's exposure to the obligations of the VIE is limited to the carrying value of the limited partnership interests, and \$ 28.2 million of the joint venture's guarantor non-recourse liabilities, which represents 30 %.

We have a 20 % interest in a joint venture with an affiliate of Blackstone, which meets the definition of a VIE. The joint venture includes three multi-family properties with 1,748 units located in Virginia. We are not the primary beneficiary and do not consolidate these communities. As of June 30, 2023 and December 31, 2022, the carrying value of the investment of \$ 19.4 million and \$ 20.7 million, respectively, is included in other assets, net, in our condensed consolidated balance sheets. As of June 30, 2023, AIR's exposure to the obligations of the VIE is limited to the carrying value of the limited partnership interests, and \$ 79.0 million of Blackstone's guarantor liabilities, which represents 20 %.

We have an interest in a partnership that owns Parkmerced Apartments, which meets the definition of a VIE. However, we are not the primary beneficiary and do not consolidate this partnership. As of June 30, 2023 and December 31, 2022, the investment balance of \$ 158.5 million and \$ 158.7 million, respectively, is included in other assets, net, in our condensed consolidated balance sheets. Subsequent to the December 2020 separation from Apartment Investment and Management Company ("Aimco"), all risks and rewards of ownership are Aimco's; however, as legal transfer has not occurred, there is an equal and offsetting liability included in accrued liabilities and other in our condensed consolidated balance sheets. Accordingly, there is no net effect on AIR's stockholders' equity or the AIR Operating Partnership's partners' capital.

#### **Note 11 — Business Segments**

We have two segments: Same Store and Other Real Estate. Our Same Store segment includes communities that are owned and managed by AIR and have reached a stabilized level of operations. Our Other Real Estate segment includes four properties acquired in 2022, four properties previously leased to Aimco, one property acquired in 2023, and one community that is expected to be sold.

Our chief operating decision maker ("CODM") uses proportionate property net operating income ("NOI") to assess the operating performance of our communities. Proportionate property NOI reflects our share of rental and other property revenues, excluding utility reimbursements, less direct property operating expenses, net of utility reimbursements. In our condensed consolidated statements of operations, utility reimbursements are included in rental and other property revenues in accordance with GAAP.

As of June 30, 2023, our Same Store segment included 63 apartment communities with 22,794 apartment homes and our Other Real Estate segment included 10 apartment communities with 2,945 apartment homes.

The following tables present the total revenues, property operating expenses, proportionate property net operating income (loss), and income (loss) before income tax expense of our segments on a proportionate basis, excluding amounts

[Table of Contents](#)

related to communities sold. To reflect how the CODM evaluates the business, prior period segment information has been recast to conform with our reportable segment composition as of June 30, 2023 (in thousands):

	Same Store	Other Real Estate	Proportionate and Other Adjustments (1)	Corporate and Amounts Not Allocated to Segments (2)	Corporate and Amounts Not Allocated to Segments (2)	Consolidated

<b>Income from before income tax expense</b>	<b>\$ 210,852</b>	<b>\$ 2,024</b>	<b>\$ 19,917</b>	<b>\$ 381,170</b>	<b>\$ 613,963</b>	

(1) Represents adjustments to: (i) include AIR's proportionate share of the results of unconsolidated apartment communities, which is excluded in the related consolidated amounts, and (ii) exclude the noncontrolling interests in consolidated real estate partnerships' proportionate share of the results of communities, which is included in the related consolidated amounts. Also includes the reclassification of utility reimbursements from revenues to property operating

expenses for the purpose of evaluating segment results. Utility reimbursements are included in rental and other property revenues in our condensed consolidated statements of operations prepared in accordance with GAAP.

- (2) Includes: (i) the operating results of apartment communities sold during the periods shown or held for sale at the end of the period, if any, (ii) property management revenues, which are not part of our segment performance measure, property management expenses and casualty gains and losses, which are included in consolidated property operating expenses and are not part of our segment performance measure, and (iii) the depreciation of capitalized costs of non-real estate assets.
- (3) Includes depreciation and amortization, general and administrative expenses, and other expenses, net, and may also include write-offs of deferred leasing commissions, which are not included in our measure of segment performance.
- (4) Includes interest income, interest expense, loss on extinguishment of debt, gain on dispositions of real estate, provision for impairment loss, and loss from unconsolidated real estate partnerships.

The assets of our segments and the consolidated assets not allocated to our segments were as follows (in thousands):

	June 30, 2023	December 31, 2022
Same Store	\$ 4,481,117	\$ 4,610,356
Other Real Estate	1,466,200	1,251,581

- (1) Includes the assets not allocated to our segments including: (i) corporate assets; (ii) the mezzanine loan investment where the rights and obligations of ownership have been assigned to Aimco; and (iii) properties sold or classified as held for sale.

For the six months ended June 30, 2023 and 2022, capital additions related to our segments were as follows (in thousands):

	2023	2022
Same Store	\$ 80,362	\$ 85,695
Other Real Estate	7,675	658
<b>Total capital additions</b>	<b>\$ 88,037</b>	<b>\$ 86,353</b>

## ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

### Forward-Looking Statements

*The Private Securities Litigation Reform Act of 1995 provides a "safe harbor" for forward-looking statements in certain circumstances. This Quarterly Report on Form 10-Q contains information that is forward-looking within the meaning of the federal securities laws, including, without limitation, statements regarding: the payment of dividends and distributions in the future; our ability to maintain current or meet projected occupancy, rental rate and property operating results; expectations regarding consumer demand, growth in revenue and strength of other performance metrics and models; the effect of acquisitions and dispositions; expectations regarding acquisitions as well as sales and the formation of joint ventures and the use of proceeds thereof; the availability and cost of corporate debt; our ability to comply with debt covenants; and risks related to the provision of property management services to third parties and our ability to collect property management and asset management related fees.*

*These forward-looking statements are based on management's current expectations, estimates and assumptions and subject to risks and uncertainties, that could cause actual results to differ materially from such forward-looking statements, including, but not limited to: real estate and operating risks, including fluctuations in real estate values and the general economic climate in the markets in which we operate and competition for residents in such markets; national and local economic conditions, including inflation, the pace of job growth, the level of unemployment, and recession; the amount, location, and quality of competitive new housing supply, which may be impacted by global supply chain disruptions; the timing and effects of acquisitions and dispositions; changes in operating costs, including energy costs; negative economic conditions in our geographies of operation; loss of key personnel; AIR's ability to maintain current or meet projected occupancy, rental rate and property operating results; expectations regarding sales of apartment communities and the use of proceeds thereof; insurance risks, including the cost of insurance, and natural disasters and severe weather such as hurricanes; financing risks, including interest rate changes and the availability and cost of financing; the risk that cash flows from operations may be insufficient to meet required payments of principal and interest; the risk that earnings may not be sufficient to maintain compliance with debt covenants, including financial coverage ratios; legal and regulatory risks, including costs associated with prosecuting or defending claims and any adverse outcomes; the terms of laws and governmental regulations that affect us and interpretations of those laws and regulations; and possible environmental liabilities, including costs, fines or penalties that may be incurred due to necessary remediation of contamination of apartment communities presently or previously owned by AIR. Other risks and uncertainties are described in this Quarterly Report on Form 10-Q, as well as the section entitled "Risk Factors" in Item 1A of AIR's and AIR Operating Partnership's combined Annual Report on Form 10-K for the year ended December 31, 2022, and subsequent filings with the SEC.*

*In addition, our current and continuing qualification as a real estate investment trust involves the application of highly technical and complex provisions of the Internal Revenue Code of 1986, as amended (the "Code") and depends on our ability to meet the various requirements imposed by the Code, through actual operating results, distribution levels and diversity of stock ownership.*

*These forward-looking statements reflect management's judgment as of this date, and we assume no obligation to revise or update them to reflect future events or circumstances.*

*Certain financial and operating measures found herein and used by management are not defined under GAAP. These measures are defined and reconciled to the most directly comparable GAAP measures under the Non-GAAP Measures heading and include: NAREIT Funds from Operations, Pro forma Funds from Operations, and the measures used to compute our leverage ratios.*

### Executive Overview

We created AIR to be the most efficient and effective way to invest in U.S. multi-family real estate, due to our simplified business model, diversified portfolio of stabilized apartment communities, and low leverage. The Board of Directors has set the following strategic objectives:

- Pursue a simple, efficient, and predictable business model with a low-risk premium.
- Maintain a high quality and diversified portfolio of stabilized multi-family properties.
- Continuously improve our best-in-class property operations platform, the "AIR Edge," to generate above-market organic growth.
- Maintain an efficient cost structure and our commitment to keep net general and administrative expenses less than or equal to 15-basis points of gross asset value.
- Maintain a flexible, low levered balance sheet with access to public debt markets.
- Enhance portfolio quality through a disciplined approach to capital allocation, targeting accretive opportunities on a leverage neutral basis.
- Form private capital partnerships as a source of equity capital for accretive growth.

- Continue our commitment to corporate responsibility with transparent and measurable goals.

We own and operate a portfolio of stabilized apartment communities, diversified by both geography and price point, in 10 states and the District of Columbia. As of June 30, 2023, our portfolio included 73 apartment communities with 25,739 apartment homes, in which we held an average ownership of approximately 87%. We also have one land parcel and one indirect land interest that we lease to third parties.

Our business is organized around four areas of strategic focus: operational excellence; portfolio management; balance sheet; and team and culture. The results from the execution of our strategy are further described in the sections that follow.

#### *Operational Excellence*

Second quarter 2023 Same Store NOI margin was 74.2%, up 120-basis points year-over-year and an AIR record for the second quarter, the result of:

- 8.8% growth in Residential Rents, and
- Sustained cost control with controllable expenses increasing only 100 basis points.

Second quarter signed lease rate growth is higher than assumed in our annual plan with a blended rate increase of 6.5% benefiting from (i) 10-basis points from 2021 acquisitions (now in Same Store) and (ii) 70-basis points from capital enhancement activity.

Average Daily Occupancy ("ADO") declined 190-basis points sequentially due to (i) normal and expected seasonality (110-basis points of decline) due to the frictional vacancy of the leasing season and (ii) increased move-outs of non-paying residents as COVID-related protections expired (60-basis points). ADO is anticipated to reach its low point in July, and then increase in the third and fourth quarters.

#### *Acquisition Portfolio Performance*

Year	Apartment Communities	% of Gross Asset Value	Year-over-Year Variance (1)		
			Rev	Exp	NOI
Class of 2021 (2)	5	8.0%	19.0%	(2.2%)	30.5%
Sequential Variance (3)					
Year	Apartment Communities	% of Gross Asset Value	Sequential Variance (3)		
Class of 2021 (2)	5	8.0%	Sequential Variance (3)		
Class of 2022 and 2023 (4)	5	9.0%	Sequential Variance (3)		
<b>Acquisition Portfolio</b>	<b>10</b>	<b>17.0%</b>	<b>Sequential Variance (3)</b>		
<b>Total Portfolio</b>	<b>73</b>	<b>100.0%</b>	<b>Sequential Variance (3)</b>		

(1) Represents variance for the three months ended June 30, 2023, compared to three months ended June 30, 2022.

(2) Acquisitions from 2021 are included in, and contribute to, Same Store Portfolio metrics.

(3) Represents variance for the three months ended June 30, 2023, compared to three months ended March 31, 2023.

(4) Acquisition property results are often volatile, sometimes by design, when properties are first added to the AIR platform. Common examples are the implementation of AIR's "no smoking" policy and AIR's requirement of high credit ratings from new residents. Over three or four years, results become stable as new residents are selected by AIR, increasing numbers of high quality residents renew their leases, and the disturbance of property upgrades is in the past.

#### *Transactions*

AIR has property operation expertise, termed the AIR Edge, which results in higher property NOI, enabling AIR to acquire properties and deploy the AIR Edge to improve their profitability and value. This enables AIR to sell properties

at market NOI cap rates and unlevered IRRs, and to reinvest capital in acquisition properties which generally enjoy accelerated growth in profitability relative to general market rates.

AIR's business is to acquire properties, deploy the AIR Edge, and generate returns 200-basis points, or higher, than AIR's cost of capital, as measured by unlevered IRR. "Paired trades" make agnostic to changes in market conditions insofar as AIR is buying and selling at roughly the same time. The benefits – enhanced total NOI growth and higher FFO – are realized primarily in years two through four as it requires more than one turn of the rent roll to implement AIR's menu of high credit standards, measured customer satisfaction, customer retention, lowered operating costs, and completion of planned capital improvements.

#### Joint Venture Transactions

As previously announced, AIR formed two joint ventures in the quarter, the first of which closed on June 30, 2023 through the sale of a 70% interest in Huntington Gateway (the "Value-Add JV"), and the second of which closed on July 17, 2023 through the sale of a 47% interest in eight of ten properties (the "Core JV"). The remaining two properties within the Core JV are expected to close before year-end. AIR now has four separate joint venture partnerships, each (i) with world-class investors interested in doing more with AIR, (ii) paying asset and property management fees, and (iii) providing substantial opportunity to earn "promotes." For AIR, joint ventures are a strategic source of attractively priced capital, and provide AIR the resources to pursue a broader opportunity set to pursue growth. AIR expects to sell further interests of the existing joint ventures to increase expected returns on its retained investment, and to make available additional capital to invest in future AIR Edge properties with higher returns.

	California JV September 2020	Washington, D.C. JV October 2021	Core JV July 2023	Value-Add JV June 2023
Gross Asset Value @ 100%	\$2.4B	\$0.5B	\$1.1B	\$0.1B
AIR / JV Partner Ownership	61% / 39%	20% / 80%	53% / 47%	30% / 70% (1)
Number of Properties	12	3	10	1
Units	4,051	1,748	3,093	443
Average Revenue per Unit	\$3,389	\$2,070	\$2,534	\$2,307

(1) Legal ownership sold is 70%, while AIR will receive 50% of JV cash flow during the hold period.

#### Dispositions

AIR is nearing completion of its strategic exit from New York City through:

- The sale of two properties with 62 apartment homes to a developer for gross proceeds of \$33.2 million and a non-cash GAAP loss of \$8.2 million; and
- Signing a contract to sell its remaining New York City property, at a price which resulted in a non-cash GAAP write-down of \$15.4 million.

In aggregate since the Separation, AIR has recognized non-cash GAAP gains of \$1.5 billion on \$2.2 billion of dispositions.

#### Balance Sheet and Liquidity

To lower its cost of capital and enhance financial returns, AIR targets Net Leverage to EBITDAre between 5.0x to 6.0x with focus on fixed-rate, long-term debt with well laddered maturities. We maintain flexibility through (i) ample unused and available credit, (ii) holding properties with substantial value unencumbered by property debt, and (iii) maintaining an investment grade rating.

Balance sheet highlights, pro forma for the announced joint ventures, include:

- Reduction in Net Leverage to EBITDAre to 5.9x, within AIR's targeted range, and extension of its weighted-average maturities by more than seven months;
- 96% fixed-rate leverage with limited repricing risk before the second quarter of 2025;
- Available liquidity of \$2.3 billion and access to more potentially secured by \$5.8 billion in unencumbered property value; and
- Limited refunding risk with the ability to fund all maturities through 2027 from cash on hand, and a 10-year commitment to make \$1 billion of property loans with up to 10-year maturities.

## *Dividend and Equity Capital Markets*

On July 25, 2023, the AIR Board of Directors declared a quarterly cash dividend of \$0.45 per share of Common Stock, payable on August 29, 2023 to shareholders of record on August 18, 2023. The Board of Directors targeted a 75% payout ratio on Pro forma FFO in setting the dividend for 2023, which is also expected to have favorable tax characteristics due to AIR's tax basis refreshed at the time of the Separation from Aimco.

## *Team and Culture*

Our team and culture are keys to our success. We have a relentless focus on productivity and innovation. We continuously seek to reduce costs through the use of additional automation and continued technological investment, and by avoiding costs, for example by retention of residents. We apply this same focus to our general and administrative expenses, expecting these costs to be lower, as a percentage of the gross asset value of our investments, than are our peers'.

We are defined by a commitment to our mission, vision, and values. We strive to provide an exceptional living experience for residents and a great place to work for teammates, to be a good neighbor in the communities we serve, and a good steward for our investors. We are accountable to teammates in return for their hard and meaningful work of providing homes for others. We see our workforce as a team, and not employees only. Our view is relational, and not transactional, reflecting a longer view of the benefits of a cohesive and caring team.

Our intentional focus on a collaborative and productive culture based on respect for others and personal responsibility is reinforced by a preference for promotion from within. We focus on succession planning and talent development to produce a strong, stable team that is the enduring foundation of our success. The Compensation and Human Resources Committee of the Board of Directors is responsible for succession planning in all leadership positions, both in the short-term and the long-term, with particular focus on CEO succession.

Our focus on our team and culture is widely recognized. In 2023, AIR was named a Kingsley Excellence Elite Five multifamily company and a winner of the 2023 Kingsley Excellence Awards for customer service. Of the winners, AIR ranked second among all operators, and first among publicly traded REITs. AIR is committed to world-class customer service, which we deliver through listening to, learning from, and responding to our residents every day. We also benefit from the support of great leadership, contributions from exceptional teammates, and a strong culture. These strengths are confirmed by such awards as AIR's 2023 Top Workplaces USA Award (the second consecutive year), a 10-time winner of Top Workplace in Colorado (by the Denver Post), Top Workplace in Philadelphia (by The Philadelphia Inquirer), and in South Florida (by the Sun Sentinel) as well as Built in 2023 Best Places to Work in Colorado, Los Angeles, Miami, and Washington, D.C. We take seriously our responsibility to care for our customers, our neighbors, and each other as teammates. We are grateful for these recognitions and consider them confirmation of our success.

## **Results of Operations**

Because our operating results depend primarily on income from our apartment communities, the supply of and demand for apartments influences our operating results. Additionally, the level of expenses required to operate and maintain our apartment communities and the pace and price at which we acquire and dispose of our apartment communities affects our operating results.

The following discussion and analysis of the results of our operations and financial condition should be read in conjunction with the accompanying condensed consolidated financial statements included in Item 1.

## *Financial Highlights*

Net loss attributable to common stockholders per common share, on a dilutive basis was \$0.01 and \$0.09 for the three and six months ended June 30, 2023, respectively, compared to net income attributable to common stockholders per common share on a diluted basis of \$1.26 and \$3.66 for the three and six months ended June 30, 2022, respectively, due primarily to:

- Impairments recorded in the current year as discussed below as well as lower gains on dispositions of real estate,
- Lower interest income from the note receivable from Aimco, which was repaid in the second and third quarters of 2022, and the associated \$12.9 million prepayment penalty received from Aimco in connection with its partial repayment during the second quarter of 2022, and
- Higher interest expense due to higher interest rates and higher leverage; offset partially by

- Increased contribution from property operations, and
- Lower loss on extinguishment of debt.

Pro forma FFO per share was \$0.58 and \$1.12 for the three and six months ended June 30, 2023, respectively, compared to \$0.66 and \$1.23 for the three and six months ended June 30, 2022, respectively, due primarily to the below factors. Before consideration of the impact from the Aimco note receivable contribution of \$0.15 and \$0.19 per share for the three and six months ended June 30, 2022, Pro forma FFO per share was \$0.51 and \$1.04, respectively.

- A decrease in interest income as noted above,
- An increase in interest expense as noted above; offset partially by
- Increased contribution in property operations.

*Results of Operations for the Three and Six Months Ended June 30, 2023, Compared to 2022*

**Property Operations**

We have two segments: Same Store and Other Real Estate. Our Same Store segment includes communities that are owned and managed by AIR and have reached a stabilized level of operations. Our Other Real Estate segment includes four properties acquired in 2022, four properties previously leased to Aimco, one property acquired in 2023, and one community that is expected to be sold.

As of June 30, 2023, our Same Store segment included 63 apartment communities with 22,794 apartment homes and our Other Real Estate segment included 10 apartment communities with 2,945 apartment homes.

**Proportionate Property Net Operating Income**

Our proportionate share of financial information includes our share of unconsolidated real estate partnerships and excludes the noncontrolling interest partners' share of consolidated real estate partnerships. We believe proportionate information benefits the users of our financial information by providing the amount of revenues, expenses, assets, liabilities, and other items attributable to our stockholders.

We use proportionate property NOI to assess the operating performance of our communities. Proportionate property NOI reflects our share of rental and other property revenues, excluding utility reimbursements, less direct property operating expenses, net of utility reimbursements. In our condensed consolidated statements of operations, utility reimbursements are included in rental and other property revenues in accordance with GAAP.

We do not include offsite costs associated with property management, casualty gains or losses, or the results of apartment communities sold or held for sale in our assessment of segment performance. Accordingly, these items are not allocated to our segment results discussed below.

Please see [Note 11](#) to the condensed consolidated financial statements in Item 1 for further discussion regarding our segments, including a reconciliation of these proportionate amounts to consolidated rental and other property revenues and property operating expenses.

(dollars in thousands)	Three Months Ended		Historical Change		Change Attributable to Changes in Ownership		Change Excluding Changes in Ownership	
	June 30, 2023	June 30, 2022	\$	%	\$	%	\$	%
Rental and other property revenues, before utility reimbursements:								
Same Store	\$ 160,180	\$ 147,075	\$ 13,105	8.9 %	\$ 233	0.1 %	\$ 12,872	8.8 %
Other Real Estate	29,684	3,718	25,966	nm	—	— %	25,966	nm
Total	189,864	150,793	39,071	25.9 %	233	0.1 %	38,838	25.8 %
Property operating expenses, net of utility reimbursements:								
Same Store	41,330	39,667	1,663	4.2 %	65	0.1 %	1,598	4.1 %
Other Real Estate	10,640	1,989	8,651	nm	—	— %	8,651	nm
Total	51,970	41,656	10,314	24.8 %	65	0.1 %	10,249	24.7 %
Proportionate property net operating income:								
Same Store	118,850	107,408	11,442	10.7 %	168	0.1 %	11,274	10.6 %
Other Real Estate	19,044	1,729	17,315	nm	—	— %	17,315	nm
Total	\$ 137,894	\$ 109,137	\$ 28,757	26.3 %	\$ 168	0.1 %	\$ 28,589	26.2 %

For the three months ended June 30, 2023, compared to 2022, excluding changes attributable to changes in ownership, our Same Store proportionate property NOI increased by 10.6%. This increase was attributable primarily to a \$12.9 million, or 8.8%, increase in rental and other property revenues due to an 8.8% increase in residential rental rates, and a 1.0% increase in late fees and other, partially offset by a 1.1% decrease in ADO.

Other Real Estate proportionate property NOI for the three months ended June 30, 2023, compared to 2022, increased by \$17.3 million, due primarily to contribution from one property acquired in 2023, four properties acquired in 2022, and NOI contribution from the four properties acquired on September 1, 2022, when their respective master leases were canceled.

(dollars in thousands)	Six Months Ended		Historical Change		Change Attributable to Changes in Ownership		Change Excluding Changes in Ownership	
	June 30, 2023	June 30, 2022	\$	%	\$	%	\$	%
Rental and other property revenues, before utility reimbursements:								
Same Store	\$318,082	\$290,405	\$27,677	9.5 %	\$ 460	0.1 %	\$ 27,217	9.4 %
Other Real Estate	59,501	4,952	54,549	nm	—	— %	54,549	nm
Total	377,583	295,357	82,226	27.8 %	460	0.1 %	81,766	27.7 %
Property operating expenses, net of utility reimbursements:								
Same Store	82,577	79,553	3,024	3.8 %	95	0.1 %	2,929	3.7 %
Other Real Estate	21,911	2,928	18,983	nm	—	— %	18,983	nm
Total	104,488	82,481	22,007	26.7 %	95	0.1 %	21,912	26.6 %
Proportionate property net operating income:								
Same Store	235,505	210,852	24,653	11.7 %	365	0.1 %	24,288	11.6 %
Other Real Estate	37,590	2,024	35,566	nm	—	— %	35,566	nm
Total	\$273,095	\$212,876	\$60,219	28.3 %	\$ 365	0.1 %	\$ 59,854	28.2 %

For the six months ended June 30, 2023, compared to 2022, excluding changes attributable to changes in ownership, our Same Store proportionate property NOI increased by 11.6%. This increase was attributable primarily to a \$27.2 million, or 9.4%, increase in rental and other property revenues due to a 9.4% increase in residential rental rates, and a 0.6% increase in late fees and other, partially offset by a 0.7% decrease in ADO.

Other Real Estate proportionate property NOI for the six months ended June 30, 2023, compared to 2022, increased by \$35.6 million, due primarily to contribution from one property acquired in 2023, four properties acquired in 2022, and NOI contribution from the four properties acquired on September 1, 2022, when their respective master leases were canceled.

#### *Non-Segment Real Estate Operations*

Operating income amounts not attributed to our segments include offsite costs associated with property management, casualty losses, and the results of apartment communities sold or held for sale, which we do not allocate to our segments for purposes of evaluating segment performance.

For the three months ended June 30, 2023, compared to 2022, non-segment real estate operations decreased by \$6.6 million due primarily to \$6.7 million of lower NOI attributable to sold properties.

For the six months ended June 30, 2023, compared to 2022, non-segment real estate operations decreased by \$20.6 million, due primarily to \$16.4 million of lower NOI attributable to sold properties, a \$2.6 million increase in casualty losses, and a \$1.6 million increase in property management expenses, net.

#### *Depreciation and Amortization*

For the three and six months ended June 30, 2023, compared to 2022, depreciation and amortization expense increased \$10.6 million, or 13.5%, and \$21.7 million, or 13.3%, respectively, due primarily to properties acquired subsequent to June 30, 2022, offset partially by the reduction in depreciation associated with properties sold.

#### *Other expenses (income), net*

Other expenses (income), net, includes costs associated with our risk management activities, partnership administration expenses, and certain non-recurring items.

Other expenses (income), net, decreased \$5.6 million, from income of \$3.1 million for the three months ended June 30, 2022, to expense of \$2.5 million for the three months ended June 30, 2023, due primarily to fees earned in connection with the closing of the Value-Add JV, and services provided under the transition services agreement for the 2022 sale of the New England portfolio, offset partially by the 2022 gain on the sale of a cost basis investment in the prior year.

For the six months ended June 30, 2023, compared to 2022, other expense, net, increased \$5.2 million, due primarily to services provided under the transition services agreement for the 2022 sale of the New England portfolio, offset partially by the 2022 gain on the sale of a cost basis investment in the prior year.

#### *Interest Income*

For the three and six months ended June 30, 2023, compared to 2022, interest income decreased by \$24.1 million, or 94.1%, and \$36.1 million, or 92.3%, respectively, due primarily to lower interest income associated with our note receivable from Aimco, which was repaid in the second and third quarters of 2022, the \$12.9 million prepayment penalty received from Aimco in connection with its partial repayment during the second quarter of 2022, and lower interest income associated with properties leased to Aimco through September 1, 2022, when the leases were canceled.

#### *Interest Expense*

For the three and six months ended June 30, 2023, compared to 2022, interest expense increased \$11.5 million, or 44.3%, and \$25.6 million, or 53.2%, respectively, due primarily to higher rates on our term loans and revolving credit facility, interest expense associated with our senior unsecured notes issued in the second quarter of 2022, and higher outstanding property debt balances.

#### *Loss on Extinguishment of Debt*

During the three months ended June 30, 2023 or 2022, we did not incur a loss on extinguishment of debt.

For the six months ended June 30, 2023, compared to 2022, loss on extinguishment of debt decreased by \$21.6 million, due to prepayment penalties incurred from the early payment of property debt in 2022.

#### *(Loss) Gain on Dispositions and Impairments of Real Estate*

During the three and six months ended June 30, 2023, we recognized \$17.5 million of loss (gain) on dispositions and impairments of real estate due primarily to:

- A non-cash impairment loss on real estate due to the evaluation of the expected hold period of two real estate assets in our Other Real Estate reporting segment. Given management's assessment of the likelihood of the sale of these assets, which occurred during the three months ended June 30, 2023, we reduced the carrying value to their estimated fair value and recognized a non-cash impairment loss on real estate of \$8.2 million;
- A non-cash impairment loss on real estate due to the evaluation of the expected hold period of one additional real estate asset in our Other Real Estate reporting segment. Given management's assessment of the likelihood of its pending sale, which is expected to occur by year end, we reduced the carrying value to its estimated fair value and recognized a non-cash impairment loss on real estate of \$15.4 million; offset partially by
- A \$6.4 million gain in connection with the formation of the Value-Add JV.

During the three and six months ended June 30, 2022, we recognized \$175.6 million and \$587.6 million, respectively, of gain on dispositions of real estate related to the sale of four and 12 apartment communities, respectively, and we did not recognize any real estate impairment losses.

#### *Gain on Derivative Instruments*

During the three and six months ended June 30, 2023, we recognized \$11.4 million and \$9.3 million, respectively, of gains on derivative instruments that are not designated as cash flow hedges. Of the \$11.4 million, \$5.3 million represents cash gains and \$6.1 million represents non-cash gains. Of the \$9.3 million, \$5.3 million represents cash gains and \$4.0 million represents non-cash gains, net.

#### **Critical Accounting Estimates**

We prepare our condensed consolidated financial statements in accordance with GAAP, which requires us to make estimates and assumptions. We believe that the critical accounting policies that involve our more significant judgments and estimates used in the preparation of our condensed consolidated financial statements relate to the impairment of our long-lived assets.

Our critical accounting estimates are described in more detail in Item 7, *Management's Discussion and Analysis of Financial Condition and Results of Operations*, of AIR's and the AIR Operating Partnership's combined Annual Report on Form 10-K for the year ended December 31, 2022. There have been no other significant changes in our critical accounting estimates from those reported in our Form 10-K and we believe that the related judgments and assessments have been consistently applied and produce financial information that fairly depicts the financial condition, results of operations, and cash flows for all periods presented.

#### **Non-GAAP Measures**

Certain key financial indicators we use in managing our business and in evaluating our financial condition and operating performance are non-GAAP measures. Key non-GAAP measures we use are defined and described below, and for those non-GAAP measures used or disclosed within this quarterly report, we provide reconciliations of the non-GAAP measures to the most directly comparable financial measure computed in accordance with GAAP.

#### *NAREIT Funds From Operations and Pro forma Funds From Operations*

Many of our investors focus on multiples of Funds From Operations ("FFO") as defined by the National Association of Real Estate Investment Trusts ("NAREIT"), referred to herein as "NAREIT FFO." These investors also focus on NAREIT FFO, as adjusted for non-cash, unusual, or non-recurring items. We refer to this metric as Pro forma Funds From Operations ("Pro forma FFO") and use it as a measure of operational performance.

NAREIT FFO is a non-GAAP measure that we believe, when considered with the financial statements determined in accordance with GAAP, is helpful to investors in understanding our performance because it captures features particular to real estate performance by recognizing that real estate assets generally appreciate over time or maintain residual value to

a much greater extent than do other depreciable assets such as machinery, computers, or other personal property. NAREIT defines FFO as net income computed in accordance with GAAP, excluding: (i) depreciation and amortization related to real estate; (ii) gains and losses from sales and impairment of depreciable assets and land used in our primary business; and (iii) income taxes directly associated with a gain or loss on the sale of real estate; and adjustments for our share of FFO of unconsolidated partnerships and joint ventures. Adjustments for unconsolidated partnerships and joint ventures are calculated on the same basis to determine NAREIT FFO. We calculate NAREIT FFO attributable to AIR common stockholders (diluted) by subtracting dividends on Preferred Stock and preferred units and amounts allocated from NAREIT FFO to participating securities.

In addition to NAREIT FFO, we use Pro forma FFO to measure short-term performance. Pro forma FFO represents NAREIT FFO as defined above, excluding certain amounts that are unique or occur infrequently.

NAREIT FFO and Pro forma FFO should not be considered alternatives to net income determined in accordance with GAAP, as indications of our performance. Although we use these non-GAAP measures for comparability in assessing our performance compared to other REITs, not all REITs compute these same measures and those who do may not compute them in the same manner. Accordingly, there can be no assurance that our basis for computing these non-GAAP measures is comparable with that of other REITs.

NAREIT FFO and Pro forma FFO are calculated as follows (in thousands, except per share data):

	Three Months Ended		Six Months Ended	
	June 30, 2023	June 30, 2022	June 30, 2023	June 30, 2022
<b>Net (loss) income attributable to AIR common stockholders</b>	\$ (1,439)	\$ 196,722	\$ (12,896)	\$ 572,603
Adjustments:				
Real estate depreciation and amortization, net of noncontrolling partners' interest	83,749	73,922	173,761	155,379
Loss (gain) on dispositions and impairments of real estate, net of noncontrolling partners' interest	17,472	(175,450)	17,472	(587,453)
Income tax adjustments related to gain on dispositions and other tax-related items	—	(1,100)	—	(1,100)
Common noncontrolling interests in AIR OP's share of above adjustments and amounts allocable to participating securities	(6,889)	6,328	(12,811)	26,577
<b>NAREIT FFO attributable to AIR common stockholders</b>	<b>\$ 92,893</b>	<b>\$ 100,422</b>	<b>\$ 165,526</b>	<b>\$ 166,006</b>
Adjustments:				
Gain on derivative instruments (1)	(11,390)	—	(9,246)	—
Non-cash straight-line rent (2)	3,090	642	6,180	1,284
Business transformation and transition related costs (3)	310	1,593	523	2,462
Loss on extinguishment of debt (4)	—	—	2,008	23,636
Casualty losses and other	281	322	2,127	678
Common noncontrolling interests in AIR OP's share of above adjustments and amounts allocable to participating securities	533	(160)	(93)	(1,738)
<b>Pro forma FFO attributable to AIR common stockholders</b>	<b>\$ 85,717</b>	<b>\$ 102,819</b>	<b>\$ 167,025</b>	<b>\$ 192,328</b>
Weighted-average common shares outstanding – basic				
Dilutive common share equivalents	55	209	65	280
Total shares and dilutive share equivalents	148,887	156,136	148,886	156,607
Net income attributable to AIR per share – diluted	\$ (0.01)	\$ 1.26	\$ (0.09)	\$ 3.66
NAREIT FFO per share – diluted	\$ 0.62	\$ 0.64	\$ 1.11	\$ 1.06
Pro forma FFO per share – diluted	\$ 0.58	\$ 0.66	\$ 1.12	\$ 1.23

- (1) During 2023, in anticipation of future financing transactions, we entered into treasury locks that did not qualify for hedge accounting under GAAP. Changes in the fair value of these instruments are included in net (loss) income attributable to AIR common stockholders. Any non-cash changes in fair value is excluded in the determination of Pro forma FFO.
- (2) In 2018 and 2022, we assumed 99-year ground leases with scheduled rent increases. Due to the terms of the leases, GAAP rent expense will exceed cash rent payments until 2076 and 2079, respectively. We include the cash rent payments for these ground leases in Pro forma FFO

but exclude the incremental straight-line non-cash rent expense. The rent expense for these leases is included in other expenses, net, in our condensed consolidated statements of operations.

- (3) During 2023 and 2022, we incurred consulting, placement, legal, and other transformation related costs as we fully implement AIR's business model, including projects intended to increase efficiency and reduce costs in future periods. As we engage in and finalize our finance transformation initiative that modernizes our systems and processes, including a new ERP system, we expect to continue to incur these costs throughout 2023. We excluded these costs from Pro forma FFO because we believe they are not related to ongoing operating performance.
- (4) During 2023 and 2022, we incurred debt extinguishment costs related to the prepayment of debt. In 2023, these costs are related to the prepayment of high-cost, floating-rate debt. We excluded these costs from Pro forma FFO because we believe they are not representative of future cash flows.

Please see the Results of Operations section for discussion of the factors affecting our Pro forma FFO for 2023.

#### *Leverage Ratios*

We target Net Leverage to Adjusted EBITDAre between 5.0x and 6.0x. We also focus on Proportionate Debt to Adjusted EBITDAre. We believe these ratios, which are based in part on non-GAAP financial information, are commonly used by investors and analysts to assess the relative financial risk associated with balance sheets of companies within the same industry, and they are believed to be similar to measures used by rating agencies to assess entity credit quality.

Our leverage ratios for the three months ended June 30, 2023, are presented below:

	Annualized Current Quarter	Annualized Current Quarter Pro forma for the Core Joint Venture Transaction
Proportionate Debt to Adjusted EBITDAre	6.3x	5.7x
Net Leverage to Adjusted EBITDAre	6.5x	5.9x

Proportionate Debt, as used in our leverage ratios, is a non-GAAP measure and includes our share of the long-term, non-recourse property debt, outstanding borrowings under our revolving credit facility, term loans, and unsecured notes. Proportionate Debt excludes unamortized debt issuance costs because these amounts represent cash expended in earlier periods and do not reduce our contractual obligations. We reduce our recorded debt by the amounts of cash and restricted cash on-hand, excluding tenant security deposits included in restricted cash, assuming the remaining amounts of cash and restricted cash would be used to reduce our outstanding leverage.

We believe Proportionate Debt is useful to investors as it is a measure of our net exposure to debt obligations. Proportionate Debt, as used in our leverage ratios, is calculated as set forth in the table below.

Preferred equity represents the redemption amounts for AIR's Preferred Stock and the AIR Operating Partnership's Preferred Partnership Units and, although perpetual in nature, are another component of our overall leverage.

The reconciliation of total indebtedness to Proportionate Debt and Preferred Equity, as used in our leverage ratios, is as follows (in thousands):

	June 30, 2023
Total indebtedness	\$ 3,684,577
Adjustments:	
Debt issuance costs related to non-recourse property debt and term loans	18,425
Proportionate share adjustments related to debt obligations	(360,696)
Cash and restricted cash	(129,913)
Tenant security deposits included in restricted cash	11,633
Proportionate share adjustments related to cash and restricted cash	9,082
<b>Proportionate Debt</b>	<b>\$ 3,233,108</b>
Perpetual Preferred Stock	2,000
Preferred noncontrolling interests in AIR Operating Partnership	77,143
<b>Net Leverage</b>	<b>\$ 3,312,251</b>
Leverage reduction funded by Core Joint Venture transaction	(451,904)
<b>Net Leverage, Pro forma for Core Joint Venture transaction</b>	<b>\$ 2,860,347</b>

We calculated Adjusted EBITDAre used in our leverage ratios based on annualized current quarter amounts. EBITDAre and Adjusted EBITDAre are non-GAAP measures, which we believe are useful to investors, creditors, and rating agencies as a supplemental measure of our ability to incur and service debt because they are recognized measures of performance by the real estate industry and facilitate comparison of credit strength between AIR and other companies. EBITDAre and Adjusted EBITDAre should not be considered alternatives to net income as determined in accordance with GAAP as indicators of liquidity. There can be no assurance that our method of calculating EBITDAre and Adjusted EBITDAre is comparable with that of other real estate investment trusts. NAREIT defines EBITDAre as net income computed in accordance with GAAP, before interest expense, income taxes, and depreciation and amortization expense, which we have further adjusted for:

- gains and losses on dispositions of depreciated property;
- impairment write-downs of depreciated property; and
- adjustments to reflect our share of EBITDAre of investments in unconsolidated entities and consolidated entities with non-controlling interests.

EBITDAre is defined by NAREIT and provides for an additional performance measure independent of capital structure for greater comparability between real estate investment trusts. We define Adjusted EBITDAre as EBITDAre adjusted for the effect of the following items for the reasons set forth below:

- the amount by which GAAP rent expense exceeds cash rent payments for two long-term ground leases until 2076 and 2079 is excluded. The excess of GAAP rent expense over the cash payments for these leases does not reflect a current obligation that affects our ability to service debt; and
- applicable Pro forma FFO adjustments to NAREIT FFO under the heading "NAREIT Funds From Operations and Pro forma Funds From Operations," excluding items that are not included in EBITDAre, to exclude certain amounts that are unique or occur infrequently.

The reconciliation of net income to EBITDAre and Adjusted EBITDAre, as used in our leverage ratios, is as follows (in thousands):

	Three Months Ended June 30, 2023
Net income	\$ 598
Adjustments:	
Interest expense	37,554
Income tax expense	1,177
Depreciation and amortization	89,260
Loss on dispositions and impairments of real estate	17,472
Net income attributable to noncontrolling interests in consolidated real estate partnerships	(684)
EBITDAre adjustments attributable to noncontrolling interests and unconsolidated real estate partnerships	(6,765)
<b>EBITDAre</b>	<b>\$ 138,612</b>
Pro forma FFO and other adjustments, net (1)	(8,554)
<b>Quarterly Adjusted EBITDAre</b>	<b>\$ 130,058</b>
<b>Adjusted EBITDAre, before removal of annualization impact for non-recurring items</b>	<b>\$ 520,232</b>
Removal of annualization impact for non-recurring items (2)	(7,218)
<b>Adjusted EBITDAre</b>	<b>\$ 513,014</b>
Core Joint Venture transaction, annualized	(27,410)
<b>Pro forma Adjusted EBITDAre</b>	<b>\$ 485,604</b>

(1) Includes pro forma adjustments to NAREIT FFO under the heading NAREIT Funds From Operations and Pro forma Funds From Operations, excluding items that are not included in EBITDAre such as prepayment penalties, net. EBITDAre has also been adjusted by \$0.8 million to reflect the disposition of two properties and the Value-Add Joint Venture, as if the transactions closed on April 1, 2023.

(2) Second quarter 2023 EBITDAre benefits from \$2.4 million of items that are not expected to recur in the future. As such, they were not annualized in the computation of Adjusted EBITDAre.

## Liquidity and Capital Resources

### Liquidity

Liquidity is the ability to meet present and future financial obligations. Our primary source of liquidity is cash flows from operations. Additional sources are proceeds from dispositions of apartment communities, proceeds from refinancing existing property debt, borrowings under new property debt, borrowings under our credit facilities, and proceeds from equity offerings.

As of June 30, 2023, our available liquidity was \$1.8 billion, which consisted of:

- \$96.7 million of our share of cash and cash equivalents;
- \$12.5 million of our share of restricted cash, excluding amounts related to tenant security deposits, which consists primarily of escrows held by lenders for capital additions, property taxes, and insurance;
- \$703.7 million of available capacity to borrow under our revolving credit facility after consideration of letters of credit; and
- \$1.0 billion of committed property level financing through our secured credit facility with Fannie Mae.

After consideration of the completion of the Core JV, total liquidity is approximately \$2.3 billion.

Additional liquidity may also be provided through future secured and unsecured financings.

Uses for liquidity include normal operating activities, payments of principal and interest on outstanding debt, capital expenditures, dividends paid to stockholders, distributions paid to noncontrolling interest partners, and acquisitions of apartment communities. We use our cash and cash equivalents and cash provided by operating activities to meet short-term liquidity needs. In the event that our cash and cash equivalents and cash provided by operating activities are not

sufficient to meet our short-term liquidity needs, we have additional means, such as short-term borrowing availability and proceeds from apartment community sales and debt refinancing. We may use our revolving credit facility for working capital and other short-term purposes, such as funding investments on an interim basis. We expect to meet our long-term liquidity requirements, including apartment community acquisitions, primarily through secured and unsecured borrowings, the issuance of equity securities (including OP Units), the sale of apartment communities, and cash generated from operations. Additionally, we expect to meet our liquidity requirements associated with our debt maturities.

There have been no material changes to our contractual obligations and commitments outside the ordinary course of business from those disclosed in Item 7, *Management's Discussion and Analysis of Financial Condition and Results of Operations*, of AIR's and the AIR Operating Partnership's combined Annual Report on Form 10-K for the year ended December 31, 2022.

#### *Leverage and Capital Resources*

The availability of credit and its related effect on the overall economy may affect our liquidity and future financing activities, both through changes in interest rates and access to financing. Any adverse changes in the lending environment could negatively affect our liquidity. We believe we have mitigated much of this exposure by reducing our short and intermediate-term maturity risk through refinancing such loans with long-dated debt.

If financing options become unavailable for our future debt needs, we may consider alternative sources of liquidity, such as reductions in capital spending, or proceeds from apartment community dispositions.

The combination of secured and unsecured debt, preferred OP Units, and redeemable noncontrolling interests in a consolidated real estate partnership comprise our total leverage. The weighted-average remaining term to maturity for our total leverage was 6.6 years as of June 30, 2023, inclusive of extension options, with a weighted-average interest rate of 4.3%. Subsequent to the Core JV transaction, the weighted-average interest rate for total leverage is 4.0% and the average remaining term to maturity is 7.2 years, inclusive of extension options. We have sufficient committed credit to repay all debt coming due through 2027.

Under our credit agreement and unsecured notes payable, we have agreed to maintain certain financial covenants, as well as other covenants customary for similar credit arrangements. The financial covenants we are required to maintain include a maximum leverage ratio of no greater than 0.60 to 1.00; a fixed charge coverage ratio of no less than 1.50 to 1.00, a maximum secured indebtedness to total assets ratio of no greater than 0.40 to 1.00, a maximum unsecured leverage ratio no greater than 0.60 to 1.00, and a minimum unsecured interest coverage ratio no less than 1.50 to 1.00. We believe we were in compliance with these covenants as of June 30, 2023 and expect to remain in compliance during the next 12 months.

#### *Changes in Cash, Cash Equivalents, and Restricted Cash*

The following discussion relates to changes in consolidated cash, cash equivalents, and restricted cash due to operating, investing, and financing activities, which are presented in our condensed consolidated statements of cash flows in Item 1 of this report.

##### Operating Activities

For the six months ended June 30, 2023, net cash provided by operating activities was \$182.7 million. Our operating cash flow is affected primarily by rental rates, occupancy levels, operating expenses related to our portfolio of apartment communities, and changes in working capital items. Cash provided by operating activities for the six months ended June 30, 2023, decreased by \$18.8 million compared to the same period in 2022, due primarily to lower net operating income associated with apartment communities sold, partially offset by an increase contribution from properties recently acquired.

##### Investing Activities

For the six months ended June 30, 2023, our net used in investing activities of \$228.4 million consisted primarily of purchases of real estate and capital expenditures. Net cash provided by investing activities of \$574.7 million for the same period in 2022 consisted primarily of proceeds from dispositions of real estate and proceeds from the partial repayment of the notes receivable from Aimco, which was repaid in the second and third quarters of 2022, offset partially by purchases of real estate and capital expenditures.

Capital additions totaled \$88.0 million and \$86.4 million during the six months ended June 30, 2023 and 2022, respectively. We generally fund capital additions with cash provided by operating activities and cash proceeds from sales of apartment communities.

We categorize capital spending for communities in our portfolio broadly into six primary categories:

- capital replacements, which do not increase the useful life of an asset from its original purchase condition. Capital replacements represent capital additions made to replace the portion of our investment in acquired apartment communities consumed during our period of ownership;
- capital improvements, which represent capital additions made to replace the portion of acquired apartment communities consumed prior to our period of ownership;
- capital enhancements, which may include kitchen and bath remodeling, energy conservation projects, and investments in more durable, longer-lived materials designed to reduce costs, and do not significantly disrupt property operations;
- initial capital expenditures, which represent capital additions contemplated in the underwriting at our recently acquired communities. These amounts are considered in the underwriting of the acquisition and are therefore included with the purchase price when determining expected returns;
- casualty, which represents capitalized costs incurred in connection with the restoration of an apartment community after a casualty event; and
- entitlement and planning.

We exclude the amounts of capital spending related to apartment communities sold or classified as held for sale at the end of the period from the foregoing measures.

A summary of the capital spending for these categories, along with a reconciliation of the total for these categories to the capital expenditures reported in the accompanying condensed consolidated statements of cash flows, are presented below (in thousands):

	<b>Six Months Ended</b>	
	<b>June 30, 2023</b>	<b>June 30, 2022</b>
Capital replacements	\$ 17,372	\$ 12,916
Capital improvements	5,880	6,855
Capital enhancements	44,756	41,920
Initial capital expenditures	15,250	12,807
Casualty	4,646	10,828
Entitlement and planning	133	1,027
<b>Total capital additions</b>	<b>\$ 88,037</b>	<b>\$ 86,353</b>
Plus: additions related to apartment communities sold and held for sale	3,307	3,446
Consolidated capital additions	\$ 91,344	\$ 89,799
Plus: net change in accrued capital spending	(1,956)	800
<b>Total capital expenditures per condensed consolidated statements of cash flows</b>	<b>\$ 89,388</b>	<b>\$ 90,599</b>

For the six months ended June 30, 2023 and 2022, we capitalized \$0.7 million and \$0.7 million of interest costs, respectively, and \$8.3 million and \$7.7 million of indirect costs, respectively.

#### Financing Activities

Net cash used in financing activities of \$125.7 million for the six months ended June 30, 2023 consisted primarily of net repayments on our revolving credit facility and the payment of dividends, partially offset by net proceeds from non-recourse property debt. Net cash used in financing activities of \$768.0 million for the six months ended June 30, 2022 consisted primarily of repayments on non-recourse debt and term loans, payment of dividends, and repurchases of common stock, offset partially by proceeds from the issuance of unsecured notes payable.

## Future Capital Needs

We expect to fund any future acquisitions, debt maturities, and other capital spending principally with proceeds from apartment community sales (including the formation of joint ventures), secured and unsecured borrowings, the issuance of equity securities (including OP Units), and operating cash flows. We believe, based on the information available at this time, that we have sufficient cash on hand and access to additional sources of liquidity to meet our operational needs for 2023 and beyond.

## ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Our chief market risks are refunding risk, that is the availability of property debt or other cash sources to refund maturing property debt, and repricing risk, that is the possibility of increases in base interest rates and credit risk spreads. We use short-term debt financing and working capital primarily to fund short-term uses and generally expect to refinance such borrowings with cash from operating activities, proceeds from apartment community sales, long-term debt, or equity financings. Our objective in managing these risks is to reduce fluctuations in earnings and cash flows associated with changes in interest rate movements. We use derivative financial instruments, principally interest rate swaps and treasury rate locks, to reduce our exposure to interest rate risk. We do not hold or issue derivatives for speculative purposes and closely monitor the credit quality of the institutions with which we transact.

As of June 30, 2023, on a consolidated basis, we had \$800.0 million of outstanding borrowings on our term loans, and \$292.0 million of variable-rate borrowings under our revolving credit facility. After consideration of our interest rate swap derivatives, which reduce our total variable rate exposure by \$350 million, we estimate that a change in the floating rate of 100-basis points with constant credit risk spreads would increase or decrease interest expense by \$7.4 million, net, on an annual basis. Subsequent to the Core JV close, our floating rate debt, after consideration of our interest rate swaps, is \$125 million, or 4% of total leverage; we estimate that a change in the floating rate of 100-basis points with constant credit risk spreads would increase or decrease interest expense by \$1.3 million, net, on an annual basis.

As of June 30, 2023, we had \$129.9 million of cash and cash equivalents and restricted cash, a portion of which bears interest at variable rates, which may partially mitigate the effect of an increase in variable rates on our variable-rate debt discussed above.

We estimate the fair value of debt instruments as described in [Note 5](#) to the condensed consolidated financial statements in Item 1. The estimated fair value of total indebtedness, including our term loans, revolving credit facility, and unsecured notes payable, was approximately \$3.4 billion as of June 30, 2023, inclusive of a \$270.8 million mark-to-market asset, of which the amount attributable to AIR common stockholders is \$219.0 million.

## ITEM 4. CONTROLS AND PROCEDURES

### AIR

#### Disclosure Controls and Procedures

AIR's management, with the participation of AIR's chief executive officer and chief financial officer, has evaluated the effectiveness of AIR's disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act) as of the end of the period covered by this report. Based on such evaluation, AIR's chief executive officer and chief financial officer have concluded that, as of the end of such period, AIR's disclosure controls and procedures are effective.

#### Changes in Internal Control Over Financial Reporting

There has been no change in AIR's internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) during the second quarter of 2023 that has materially affected, or is reasonably likely to materially affect, AIR's internal control over financial reporting.

### *The AIR Operating Partnership*

#### Disclosure Controls and Procedures

The AIR Operating Partnership's management, with the participation of the chief executive officer and chief financial officer of AIR, who are the equivalent of the AIR Operating Partnership's chief executive officer and chief financial officer, respectively, has evaluated the effectiveness of the AIR Operating Partnership's disclosure controls and

procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act) as of the end of the period covered by this report. Based on such evaluation, the chief executive officer and chief financial officer of AIR have concluded that, as of the end of such period, the AIR Operating Partnership's disclosure controls and procedures are effective.

**Changes in Internal Control Over Financial Reporting**

There has been no change in the AIR Operating Partnership's internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) during the second quarter of 2023 that has materially affected, or is reasonably likely to materially affect, the AIR Operating Partnership's internal control over financial reporting.

**PART II. OTHER INFORMATION****ITEM 1A. RISK FACTORS**

As of the date of this report, there have been no material changes from the risk factors in AIR's and the AIR Operating Partnership's combined Annual Report on Form 10-K for the year ended December 31, 2022.

**ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS****AIR***Unregistered Sales of Equity Securities*

From time to time, we may issue shares of Common Stock in exchange for OP Units. Such shares are issued based on an exchange ratio of one share for each common OP Unit. We may also issue shares of Common Stock in exchange for limited partnership interests in consolidated real estate partnerships. During the three months ended June 30, 2023, we did not issue any shares of Common Stock in exchange for OP Units or limited partnership interests in consolidated real estate partnerships.

*Repurchases of Equity Securities*

AIR's Board of Directors has authorized a share repurchase program of its outstanding capital stock for \$500 million. This authorization has no expiration date. These repurchases may be made from time to time in the open market or in privately negotiated transactions. As of June 30, 2023, there was \$183.3 million remaining available for future share repurchases under this authorization. There were no share repurchases during the three months ended June 30, 2023.

**The AIR Operating Partnership***Unregistered Sales of Equity Securities*

The AIR Operating Partnership did not issue nor repurchase any unregistered OP Units during the three months ended June 30, 2023.

*Repurchases of Equity Securities*

The AIR Operating Partnership's Partnership Agreement generally provides that after holding common OP Units for one year, limited partners other than AIR have the right to redeem their common OP Units for cash or, at our election, shares of AIR Common Stock on a one-for-one basis (subject to customary antidilution adjustments). During the three months ended June 30, 2023, no common OP Units were redeemed in exchange for Common Stock.

The following table summarizes the AIR Operating Partnership's repurchases or redemptions of common OP Units in exchange for cash during the three months ended June 30, 2023:

Fiscal period	Total Number of Units Repurchased	Average Price Paid per Unit	Total Number of Units Repurchased as Part of Publicly Announced Plans or Programs	Maximum Number of Units that May Yet Be Repurchased Under Plans or Programs (1)
April 1 – April 30, 2023	110,316	\$ 35.78	N/A	N/A
May 1 – May 31, 2023	35,624	\$ 35.20	N/A	N/A
June 1 – June 30, 2023	2,144	\$ 35.42	N/A	N/A
<b>Total</b>	<b>148,084</b>	<b>\$ 35.63</b>		

(1) The terms of the AIR Operating Partnership's Partnership Agreement do not provide for a maximum number of OP Units that may be repurchased, and other than the express terms of its Partnership Agreement, the AIR Operating Partnership has no publicly announced plans or programs of repurchase.

**Dividend and Distribution Payments**

As a REIT, AIR is required to distribute annually to holders of its Common Stock at least 90% of its "real estate investment trust taxable income," which, as defined by the Code and United States Department of Treasury regulations, is generally equivalent to net taxable ordinary income. Our credit agreement includes customary covenants, including a restriction on dividends and distributions and other restricted payments, but permits dividends and distributions during any

four consecutive fiscal quarters in an aggregate amount of up to 95% of AIR's FFO for such period, subject to certain non-cash adjustments, or such amount as may be necessary to maintain AIR's REIT status.

## ITEM 6. EXHIBITS

**CHIEF EXECUTIVE OFFICER CERTIFICATION**

I, Terry Considine, certify that:

1. I have reviewed this quarterly report on Form 10-Q of Apartment Income REIT Corp.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officers and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
  - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
  - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officers and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
  - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
  - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
