Quarterly Highlights

Financing Activity

- On February 28, 2025, we used cash-on-hand and our unsecured line of credit to repay our \$70 million Unsecured Term Loan on the maturity date.

Development Activity

- As previously announced, we will be opening Gather Food Hall & Bar located on the ground floor of the historic Bulletin Building. Totalling 13,000 sf, the food hall will feature a collection of artisan concepts, curated and operated by New York based Hospitality HQ (HHQ).
- Avira, our Multi-Family project at Schuylkill Yards, is 96% leased as of April 21, 2025 and we anticipate stabilizing the project in the 2nd quarter of this year.
- Solaris, our Multi-Family project in Austin, Texas, is 56% leased as of April 21, 2025 and we anticipate stabilizing the project by the end of 2025.

Leasing Activity

- During the quarter (through April 18, 2025) we executed commercial leases totaling 235,002 square feet within the wholly owned portfolio and an additional 105,391 square feet in our joint venture portfolio, resulting in combined activity of 340,393 square feet detailed below:

Flight to Quality Continues

Highlights

- 80% of all pharmaceutical and biotech companies in the U.S. have offices in Greater Philadelphia.
- Cell and gene therapy companies located in Philadelphia reeled in \$7 billion in private investment capital over the last 5 years.
- The growing life sciences sector represents 112,000 employees in Pennsylvania.
- 450,000 students attend institutions in the greater Philadelphia region.
- 30,000+ degrees conferred annually in Philadelphia, over 50% in STEM and Health fields.
- Philadelphia area universities issue 9% of all life science PhDs.
- #1 growth rate of 25-34 year old college educated population among 25 largest metro areas since 2008.
- The Philadelphia Region retains 50% of its college graduates.
- While Philadelphia is the 6th largest city in the United States by population, it ranks among the most affordable in the country, with a Cost of Living Index only 1.5% above the national average. Comparatively speaking, New York City's Cost of Living Index is 125% greater than the national average. Given its proximity to New York City and road and rail infrastructure, Philadelphia has become a nexus for urban living in the Northeast and Mid-Atlantic region, particularly in this highly mobile work environment.

- Life Sciences venture capital funding reached \$34 billion in 2024, exceeding 2023's total of \$30 billion. Later-stage venture capital deals accounted for a greater share of all life sciences deals in 2024.
- The Life Sciences industry saw robust job growth in 2024, with employment rising by approximately 7%, outpacing many other sectors.
- The biotech IPO market shows signs of recovery in 2024 with 57.1% of IPOs trading above offer price, the highest percentage in four years.

In Philadelphia:

- 2024 Leasing activity: Over 600,000 SF in the Philadelphia Metro.
- Philadelphia area life sciences companies raised nearly \$1 billion in financing in 2024.
- Demand in Greater Philadelphia remains strong, the region has 24.8 million SF of existing lab and manufacturing inventory, with an additional 2 million SF under construction and renovation, and another 5 million SF of additional development potential.
- Philadelphia is currently home to 12% of cell and gene therapy companies worldwide.
- In January 2022, in a partnership with Pennsylvania Biotechnology Center, we launched B+labs, a Life Science incubator at Cira Centre directly adjacent to the Schuylkill Yards neighborhood in the University City section of Philadelphia, Pennsylvania.
- As part of our B+labs initiative, we completed the conversion of the 9th floor from office to Graduate Labs. These labs are 100% occupied as of March 31, 2025. In January 2025, we completed the conversion of the 8th floor from office to Graduate Labs.

UPTOWN ATX

AUSTIN, TX

Overview

- Uptown ATX is a mixed-use, 66 acre transit-oriented community with an extraordinary existing amenity base at the nearby Domain. The campus is home to approximately 596,000 SF for IBM. Once redeveloped, the project will include office, multifamily, hotels, retail and a new CapMetro light rail stop.
- Uptown ATX sits at the population center of Greater Austin, and at the crossroads of three major highways. The area is served by multi-modal transportation options including CapMetro light rail and a bus line.
- The project will offer over 11 acres of park space, and access to more than 23 miles of existing and planned jogging trails and bike routes.

Project Status

- We have received our required government and third party approvals for campus-wide redevelopment which includes our master plan and related zoning.
- With existing buildings in-place, we have completed construction on:
 1. Block A (4.203 acres):
 - Office: 347,838 SF
 - Multi-Family Units: 341
 - Retail: 14,841 SF
 - Parking Spaces: 1,525
- In addition, Blocks B, D, F and L give us capacity to build an additional 3.2 million square feet without disturbing the existing buildings.
- Buildings 902 and 905: Per our master plan, we have taken these buildings out of service for future demolition to provide additional roadway access throughout the site.
- Metro Rail Station: Expect groundbreaking in the third quarter of 2025 with opening of the station in the first quarter of 2027.
- Through a zoning change, the City of Austin increased our density from 3.1 FAR to 12.1 FAR and increased our maximum building height from 180 feet to 491 feet. In addition, this increased density can be shared between blocks (increasing the maximum density to 28 million SF beyond Block A, which compared to our existing 6.1 million SF masterplan).

Based on our current development plan, we can develop 1.0 million SF of office, 0.5 million SF of Life Science and 1,900 multi-family units with the existing buildings remaining in place.

Schuylkill Yards

PHILADELPHIA, PA

Overview

- Brandywine is the master developer of Schuylkill Yards, a multi-phase 14 acre/5.1 million SF development of life science, research and academic facilities, office, residential, retail and hospitality space in Philadelphia.
- With extensions, we control the Schuylkill Yards master development through 2053 and no requirement to acquire the leasehold parcels until commencement of construction.
- Adjacent to the nation's 3rd busiest rail station, Schuylkill Yards will be one of the most transit-rich developments in the United States, featuring 6.5 acres of public space.
- Project is located within a federal opportunity zone which provides incentives for additional equity capital sources.

Project Status

- On June 10, 2019, Drexel Square, a 1.3-acre park located at the corner of 30th and Market Street was opened to the public.
 - Completed the redevelopment of The Bulletin Building during Q2 2020 which is fully leased to Spark Therapeutics through 2033.
 - We have acquired the leasehold interests in three parcels of land to develop two mixed-use buildings and a life science building.
1. *3025 JFK (West Tower):* Substantially completed construction on the 428,000 SF mixed-use building in Q4 2023, with final completion occurring Q1 2024.
 2. *3151 Market:* Substantially completed construction on the 417,000 rentable SF purpose built life science building, including 70 parking spaces. Completion occurred in Q4 2024.
 3. *3001 JFK (East Tower):* A planned 775,000 SF office/life science building with ground floor retail.

(1) Reflects 2025 expirations renewed prior to 2025 which will be reflected in the leasing activity statistics (p. 18-19) during the quarter in which the new leases commence.

(2) Reflects 2025 expirations that vacated prior to 2025 before the lease was originally scheduled to expire, and as a result, were reflected in the leasing activity statistics (p.18-19) during the quarter in which the lease vacated.

(3) Reflects annualized base rent and current reimbursement for operating expenses and real estate taxes. Current annualized rent assumes base rent as of the end of the current reporting period, while final annualized rent assumes the base rent at the end of the lease term.

(4) Reflects lease renewals through April 18, 2025 that will commence subsequent to the end of the current period and early termination options exercised by the tenant through April 18, 2025.

(5) Does not include development/redevelopment and held for sale property expirations.

(6) Adjusted expirations based on new leasing that replaces an existing, occupied and vacating lease.

Non-GAAP Measures

We believe that the measures defined below that are not determined in accordance with generally accepted accounting principles (“GAAP”) are helpful to investors in measuring our performance and comparing it to that of other real estate investment trusts (“REITs”). Since these measures exclude certain items includable in their respective most comparable GAAP measures, reliance on the measures has limitations; management uses supplemental measures that are weighed in balance with other GAAP and non-GAAP measures. These measures are not necessarily indications of our cash flow available to fund cash needs. Additionally, they should not be used as an alternative to the respective most comparable GAAP measures when evaluating our financial performance or to cash flow from operating, investing and financing activities when evaluating our liquidity or ability to make cash distributions or pay debt service.

Funds from Operations (FFO)

FFO is a widely recognized measure of REIT performance. Although FFO is a non-GAAP financial measure, the Company believes that information regarding FFO is helpful to shareholders and potential investors. The Company computes FFO in accordance with standards established by the National Association of Real Estate Investment Trusts (NAREIT), which may not be comparable to FFO reported by other REITs that do not compute FFO in accordance with the NAREIT definition, or that interpret the NAREIT definition differently than the Company. NAREIT defines FFO as net income (loss) before noncontrolling interests of unitholders (preferred and common) and excluding gains (losses) on sales of depreciable operating property, impairment losses on depreciable consolidated real estate, impairment losses on investments in unconsolidated real estate ventures and extraordinary items (computed in accordance with GAAP); plus real estate related depreciation and amortization (excluding amortization of deferred financing costs), and after adjustment for unconsolidated real estate ventures. We also present an adjusted FFO to exclude certain items related to capital market, transactional items and certain other non-recurring items in order to facilitate a review of normalized operating results. Net income, the GAAP measure that the Company believes to be most directly comparable to FFO, includes depreciation and amortization expenses, gains or losses on property sales and noncontrolling interests. FFO per share is calculated by dividing FFO by fully diluted shares available to common shareholders and limited partnership unitholders.

To facilitate a clear understanding of the Company's historical operating results, FFO should be examined in conjunction with net income (determined in accordance with GAAP) as presented in the financial statements included elsewhere in this supplemental package. FFO does not represent cash generated from operating activities in accordance with GAAP and should not be considered to be an alternative to net income (loss) (determined in accordance with GAAP) as an indication of the Company's financial performance or to be an alternative to cash flow from operating activities (determined in accordance with GAAP) as a measure of the Company's liquidity, nor is it indicative of funds available for the Company's cash needs, including its ability to make cash distributions to shareholders.

Cash Available for Distribution (CAD)

Cash available for distribution, CAD, is a measure that is not intended to represent cash flow for the period and is not indicative of cash flow provided by operating activities as determined under GAAP. CAD is presented solely as a supplemental disclosure with respect to liquidity because the Company believes it provides useful information regarding the Company's ability to fund its dividends. Although not intended to represent cash flow for the period, the Company believes that to further understand our liquidity, CAD should be compared with our cash flows determined in accordance with GAAP, as presented in our consolidated financial statements. Because all companies do not calculate CAD the same way, the presentation of CAD may not be comparable to similarly titled measures of other companies.

Earnings Before Interest, Taxes, Depreciation and Amortization (EBITDAre)

EBITDAre is a non-GAAP financial measure. The Company computes EBITDAre in accordance with standards established by NAREIT, which may not be comparable to EBITDAre reported by other REITs that do not compute EBITDAre in accordance with the NAREIT definition, or that interpret the NAREIT definition differently than the Company. EBITDAre is defined as net income (loss) (computed in accordance with GAAP), plus interest expense, plus income tax expense (if any), plus depreciation and amortization, plus (minus) losses and gains on the disposition of depreciated property, plus impairment write-downs of depreciated property and investments in unconsolidated real estate ventures, plus adjustments to reflect the Company's share of EBITDAre of unconsolidated real estate ventures. EBITDAre is not intended to represent cash flow for the period, is not presented as an alternative to operating income as an indicator of operating performance, should not be considered in isolation or as a substitute for measures of performance prepared in accordance with GAAP and is not indicative of operating income or cash provided by operating activities as determined under GAAP. EBITDAre is presented solely as a supplemental disclosure with respect to liquidity because the Company believes it provides useful information regarding the Company's ability to service or incur debt.

The Company has included two EBITDA-based coverage ratios (an interest coverage ratio and a debt service coverage ratio) and other leverage metrics, which are non-GAAP financial measures. The Company has provided these ratios so that investors may evaluate the non-GAAP ratios and the Company is providing such ratios as supplemental disclosure with respect to liquidity because the Company believes such ratios provide useful information regarding the Company's ability to service or incur debt.

Net Operating Income (NOI)

NOI is a financial measure equal to net income available to common shareholders, the most directly comparable GAAP financial measure, plus corporate general and administrative expense, depreciation and amortization, interest expense, noncontrolling interest in the Operating Partnership and losses from early extinguishment of debt, less interest income, development and management income, gains from property dispositions, gains on sale from discontinued operations, gains on early extinguishment of debt, income from discontinued operations, income from unconsolidated real estate ventures and noncontrolling interest in property partnerships. In some cases the Company also presents NOI on a cash basis, which is NOI after eliminating the effects of straight-lining of rent and deferred market intangible amortization. NOI presented by the Company may not be comparable to NOI reported by other REITs that define NOI differently. Cash NOI provides revenues and expenses directly associated with our portfolio of real estate and provides meaningful information about occupancy rates, rental rates and operating costs that may not be apparent from net income. NOI should not be considered an alternative to net income as an indication of our performance or to cash flows as a measure of the Company's liquidity or its ability to make distributions.

Net Operating Income (NOI) (continued)

NOI is a useful measure for evaluating the operating performance of our properties, as it excludes certain components from net income available to common shareholders in order to provide results that are more closely related to a property's results of operations. The Company uses NOI internally to evaluate the performance of our operating segments and to make decisions about resource allocations. The Company believes it provides useful information to investors regarding our financial condition and results of operations, as it reflects only the income and expense items incurred at the property level, as well as the impact on operations from trends in occupancy rates, rental rates, operating costs and acquisition and development activity on an unlevered basis.

Same Store Properties

In our analysis of NOI, particularly to make comparisons of NOI between periods meaningful, it is important to provide information for properties that were in-service and owned by us throughout each period presented. We refer to properties acquired or placed in-service prior to the beginning of the earliest period presented and owned by us through the end of the latest period presented as Same Store Properties. Same Store Properties therefore exclude properties placed in-service, acquired, repositioned, held for sale or in development or redevelopment after the beginning of the earliest period presented or disposed of prior to the end of the latest period presented. Accordingly, it takes at least one year and one quarter after a property is acquired for that property to be included in Same Store Properties.

Revenue Maintaining Capital Expenditures

Revenue maintaining capital expenditures are a component of the Company's CAD calculation and represent the portion of capital expenditures (including the Company's share of unconsolidated joint ventures) required to maintain the Company's current level of cash available for distribution. Revenue maintaining capital expenditures include current tenant improvement and allowance expenditures for all tenant spaces that have been owned for at least one year, and that were not vacant during the twelve-month period prior to the date that the tenant improvement or allowance expenditure was incurred. Revenue maintaining capital expenditures also include other expenditures intended to maintain the Company's current revenue base. Accordingly, the Company excludes capital expenditures related to development and redevelopment projects, as well as certain projects at our core properties that are intended to attract prospective tenants in order to increase revenues and/or occupancy rates. Because all companies do not calculate revenue maintaining capital expenditures the same way, the Company's presentation may not be comparable to similarly titled measures of other companies.

The Statements of Cash Flows prepared in accordance with GAAP include both the costs associated with developing/redeveloping and acquiring properties and those expenditures necessary for operating and maintaining existing properties. Disaggregating capital expenditures into Revenue Maintaining Capital Expenditures and Revenue Creating Capital Expenditures is useful in evaluating both the economic performance of our properties and their valuation.

Revenue Creating Capital Expenditures

Revenue creating capital expenditures include direct and indirect capital expenditures (including the Company's share of unconsolidated joint ventures) related to current tenant spaces that have not been owned for at least a year or were vacant for more than a year. Because all companies do not calculate revenue creating capital expenditures the same way, the Company's presentation may not be comparable to similarly titled measures of other companies.

Speculative Revenue

Speculative revenue represents the amount of rental revenue that the Company projects to be recorded during the current calendar year from new and renewal leasing activity in our core portfolio that has yet to be executed as of the beginning of the year. This revenue is primarily attributable to the absorption of portfolio square footage that was either vacant at the beginning of the year or due to expire at some point during the year.

Forward Looking Statements

Certain statements in this package may constitute "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Such forward-looking statements can generally be identified by our use of forward-looking terminology such as "will," "strategy," "expects," "seeks," "believes," "potential," or other similar words. Because such statements involve known and unknown risks, uncertainties and contingencies, actual results may differ materially from the expectations, intentions, beliefs, plans or predictions of the future expressed or implied by such forward-looking statements. These forward-looking statements, including our 2023 guidance, are based upon the current beliefs and expectations of our management and are inherently subject to significant business, economic and competitive uncertainties and contingencies, many of which are difficult to predict and generally not within our control. Such risks, uncertainties and contingencies include, among others: risks related to the impact of COVID-19 and other potential future outbreaks of infectious diseases on our financial condition, results of operations and cash flows and those of our tenants as well as on the economy and real estate and financial markets; reduced demand for office space and pricing pressures, including from competitors, that could limit our ability to lease space or set rents at expected levels or that could lead to declines in rent; uncertainty and volatility in capital and credit markets, including changes that reduce availability, and increase costs, of capital; the potential loss or bankruptcy of tenants or the inability of tenants to meet their rent and other lease obligations; risks of acquisitions and dispositions, including unexpected liabilities and integration costs; delays in completing, and cost overruns incurred in connection with, our developments and redevelopments; disagreements with joint venture partners; unanticipated operating and capital costs; uninsured casualty losses and in ability to obtain adequate insurance, including coverage for terrorist acts; asset impairments; our dependence upon certain geographic markets; changes in governmental regulations, tax laws and rates and similar matters; unexpected costs of REIT qualification compliance; and costs and disruptions as the result of a cybersecurity incident or other technology disruption.

The declaration and payment of future dividends (both timing and amount) is subject to the determination of our Board of Trustees, in its sole discretion, after considering various factors, including our financial condition, historical and forecast operating results, and available cash flow, as well as any applicable laws and contractual covenants and any other relevant factors. Our Board's practice regarding declaration of dividends may be modified at any time and from time to time. Additional information on factors which could impact the Company and the forward-looking statements contained herein are included in the Company's filings with the Securities and Exchange Commission, including the Company's Form 10-K for the year ended December 31, 2024, filed with the Securities and Exchange Commission on February 27, 2025. We assume no obligation to update or supplement forward-looking statements that become untrue because of subsequent events except as required by law.
