HARROW, INC.
NOTES TO THE UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
For the Three and Nine Months Ended September 30, 2023 March 31, 2024 and 2022 2023

NOTE 1. DESCRIPTION OF BUSINESS AND BASIS OF PRESENTATION

Company and Background

Harrow, Inc. (together with its consolidated subsidiaries, unless the context indicates or otherwise requires, the “Company” or “Harrow”) is a leading eyecare pharmaceutical company engaged in the discovery, development, and commercialization of innovative ophthalmic pharmaceutical products for the U.S. market. Harrow helps U.S. eyecare professionals preserve the gift of sight by making its comprehensive portfolio of prescription and non-prescription pharmaceutical products accessible and affordable to millions of Americans each year. The Company owns commercial rights to one of the largest portfolios of branded ophthalmic pharmaceutical products in the U.S. that are marketed under its Harrow name. The Company also owns and operates ImprimisRx, one of the nation’s leading ophthalmology-focused pharmaceutical-compounding businesses.

The Company owns non-controlling equity interests in Surface Ophthalmics, Inc. (“Surface”) and Melt Pharmaceuticals, Inc. (“Melt”), both companies that began as subsidiaries of Harrow. Harrow also owns royalty rights in various drug candidates being developed by Surface and Melt.

Effective September 29, 2023, the Company changed its corporate name from Harrow Health, Inc. to Harrow, Inc. pursuant to a Certificate of Amendment to the Company’s Amended and Restated Certificate of Incorporation filed with the Secretary of State of the State of Delaware.

Basis of Presentation

The Company has prepared the accompanying unaudited condensed consolidated financial statements in accordance with accounting principles generally accepted in the United States of America (“GAAP”) for interim financial information and in accordance with the rules and regulations of the U.S. Securities and Exchange Commission. Accordingly, they do not include all of the information and footnotes required by GAAP for audited financial statements. In the opinion of management, all adjustments (consisting of only normal recurring adjustments) considered necessary for a fair presentation have been included. Operating results for the three and nine months ended September 30, 2023 March 31, 2024 are not necessarily indicative of the results that may be expected for a fair year ending December 31, 2023 December 31, 2024 or for any other period. For further information, refer to the Company’s audited consolidated financial statements and notes thereto included in the Company’s Annual Report on Form 10-K for the year ended December 31, 2022 December 31, 2023.

The accompanying unaudited condensed consolidated financial statements include the accounts of the Company and its wholly owned and majority-owned subsidiaries.

Harrow consolidates entities in which it has a controlling financial interest. The Company assesses control under the variable interest entity (“VIE”) model to determine whether the Company is the primary beneficiary of that entity. The Company consolidates (i) entities in which it holds and/or controls, directly or indirectly, more than 50% of the voting rights, and (ii) VIEs for which the Company is deemed to be the primary beneficiary. All intercompany accounts and transactions have been eliminated in consolidation.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following represents an update for the three and nine months ended September 30, 2023 March 31, 2024 to the significant accounting policies described in the Company’s Annual Report on Form 10-K for the year ended December 31, 2022 December 31, 2023.

Risks, Uncertainties and Liquidity

The Company is subject to certain regulatory standards, approvals, guidelines and inspections which could impact the Company’s ability to make, dispense, and sell certain products. If the Company was required to cease compounding and selling certain products as a result of regulatory guidelines or inspections, this may have a material impact on the Company’s financial condition, liquidity and results of operations.

Credit Losses

The Company estimates and records a provision for its expected credit losses related to its financial instruments, including its trade receivables. Management considers historical collection rates, the current financial status of the Company’s customers, macroeconomic factors, and other industry-specific factors when evaluating for current expected credit losses. Forward-looking information is also considered in the evaluation of current expected credit losses. However, because of the short time to the expected receipt of accounts receivable, management believes that the carrying value, net of expected losses, approximates fair value and therefore, relies more on historical and current analysis of such financial instruments, including its trade receivables.

To determine the provision for credit losses for accounts receivable, the Company has disaggregated its accounts receivable by class of customer at the business component level, as management determined that risk profile of the Company’s customers is consistent based on the type and industry in which they operate, mainly in the pharmaceuticals industry. Each business component is analyzed for estimated credit losses individually. In doing so, the Company establishes a historical loss matrix, based on the previous collections of accounts receivable by the age of such receivables, and evaluates the current and forecasted financial position of its customers, as available. Further, the Company considers macroeconomic factors and the status of the pharmaceuticals industry to estimate if there are current expected credit losses within its trade receivables based on the trends of the Company’s expectation of the future status of such economic and industry-specific factors. Also, specific allowance amounts are established based on review of outstanding invoices to record the appropriate provision for customers that have a higher probability of default.

The accounts receivable balance on the Company’s condensed consolidated balance sheet as of September 30, 2023 was \$18,468,000, net of \$108,000 of allowances. The following table provides a roll-forward of the allowance for credit losses that is deducted from the amortized cost basis of accounts receivable to present the net amount expected to be collected at September 30, 2023:

Balance at January 1, 2023	\$	73,000
Change in expected credit losses		68,000
Write-offs, net of recoveries		(33,000)
Balance at September 30, 2023	\$	108,000

Business Combinations and Asset Acquisitions

The Company evaluates acquisitions of assets and other similar transactions to assess whether the transaction should be accounted for as a business combination or asset acquisition by first applying a screen to determine if substantially all of the fair value of the gross assets acquired is concentrated in a single identifiable asset or group of similar identifiable assets. If the screen is met, the transaction is accounted for as an asset acquisition. If the screen is not met, further determination is required as to whether the Company has acquired inputs, process, and output, which would meet the requirements of a business. If determined to be a business combination, the Company accounts for the transaction under the acquisition method of accounting as indicated in Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”).

ASC 805, *Business Combinations*, requires the acquiring entity in a business combination to recognize the fair value of all assets acquired, liabilities assumed, and any non-controlling interest in the acquiree and establishes the acquisition date as the fair value measurement point. Accordingly, the Company recognizes assets acquired and liabilities assumed in business combinations, including any contingent assets and liabilities, and any non-controlling interest in the acquiree based on the fair value estimates as of the date of acquisition. The Company recognizes and measures goodwill as of the acquisition date, as the excess of the fair value of the consideration paid over the fair value of the identified net assets acquired.

The consideration for the Company’s business acquisitions may include future payments that are contingent upon the occurrence of a particular event or events. The obligation for such contingent consideration payments are recorded at fair value on the acquisition date. The contingent consideration obligations are then evaluated each reporting period. Changes in the fair value of contingent consideration, other than changes due to payments, would be recognized as a gain or loss and recorded in the condensed consolidated statement of operations.

If determined to be an asset acquisition, the Company accounts for the transaction under ASC 805-50, *Business Combinations – Related Issues*, which requires the acquiring entity in an asset acquisition to recognize assets acquired and liabilities assumed based on the cost to the acquiring entity or a relative fair value basis, which includes transaction costs in addition to consideration given. No gain or loss is recognized as of the date of acquisition unless the fair value of non-cash assets given as consideration differs from the assets' carrying amounts on the acquiring entity's financial statements. Consideration transferred that is non-cash will be measured based on either the cost (which shall be measured based on the fair value of the consideration given) or the fair value of the assets acquired, and liabilities assumed, whichever is more clearly evident and more reliably measurable. Goodwill is not recognized in an asset acquisition and any excess consideration transferred over the fair value of the net assets acquired is allocated to the identifiable assets based on relative fair values.

Fair Value Measurements

Fair value measurements are determined based on the assumptions that market participants would use in pricing an asset or liability. GAAP establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. The established fair value hierarchy prioritizes the use of inputs used in valuation methodologies into the following three levels:

- Level 1: Applies to assets or liabilities for which there are quoted prices (unadjusted) for identical assets or liabilities in active markets. A quoted price in an active market provides the most reliable evidence of fair value and must be used to measure fair value whenever available.
- Level 2: Applies to assets or liabilities for which there are significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3: Applies to assets or liabilities for which there are significant unobservable inputs that reflect a reporting entity's own assumptions about the assumptions that market participants would use in pricing an asset or liability. For example, Level 3 inputs would relate to forecasts of future earnings and cash flows used in a discounted future cash flows method.

At September 30, 2023, March 31, 2024 and December 31, 2022, December 31, 2023, the Company measured its investment in Eton Pharmaceuticals, Inc. ("Eton") on a recurring basis. The Company's investment in Eton is classified as Level 1 as the fair value is determined using quoted market prices in active markets for the same securities. As of September 30, 2023, March 31, 2024 and December 31, 2022, December 31, 2023, the fair market value of the Company's investment in Eton was \$8,265,000, 7,433,000 and \$5,589,000, 8,681,000, respectively. The Company sold its remaining interest in April 2024 (see Note 16).

The Company's 2026 Notes (as defined in Note 13(11)) are carried at face value, including the unamortized premium, less unamortized debt issuance costs, the 2027 Notes (as described in Note 13(11)) are carried at face value less unamortized debt issuance costs, and the Oaktree Loan (as defined in Note 13(11)) is carried at face value less the original issue discount and unamortized debt issuance costs on the condensed consolidated balance sheets and the Company presents fair value for disclosure purposes only. The 2026 Notes and 2027 Notes are classified as Level 1 instruments as the fair value is determined using quoted market prices in active markets for the same securities. The Oaktree Loan is classified as a Level 2 instrument and its fair value is determined through an income approach that considers collateral coverage, yield calibration, yield analysis and any adjustments to implied yield associated with the Company's fundamental measures.

The following table presents the estimated fair values and the carrying values:

	September 30, 2023		December 31, 2022		March 31, 2024		December 31, 2023	
	Carrying Value	Fair Value	Carrying Value	Fair Value	Carrying Value	Fair Value	Carrying Value	Fair Value
2026 Notes	\$ 73,020,000	\$ 71,760,000	\$ 72,436,000	\$ 71,550,000	\$ 73,413,000	\$ 73,560,000	\$ 73,218,000	\$ 70,260,000
2027 Notes	\$ 37,234,000	\$ 41,297,000	\$ 31,738,000	\$ 35,112,000	\$ 37,591,000	\$ 41,860,000	\$ 37,413,000	\$ 40,363,000
Oaktree Loan	\$ 71,932,000	\$ 75,973,000	\$ -	\$ -	\$ 73,144,000	\$ 76,725,000	\$ 72,541,000	\$ 76,627,000

The Company's other financial instruments include cash and cash equivalents, accounts receivable, accounts payable and accrued expenses, accrued payroll and related liabilities, deferred revenue and customer deposits and operating lease liabilities. The carrying amount of these financial instruments, except for operating lease liabilities, approximates fair value due to the short-term maturities of these instruments. Based on borrowing rates currently available to the Company, the carrying value of the operating lease liabilities approximate their respective fair values.

Basic and Diluted Net Loss per Common Share

Basic net loss per common share is computed by dividing net loss attributable to common stockholders for the period by the weighted average number of common shares outstanding during the period. Diluted net loss per share is computed by dividing the net loss attributable to common stockholders for the period by the weighted average number of common and common equivalent shares, such as stock options, restricted stock units ("RSUs"), performance stock units ("PSUs"), and warrants, outstanding during the period. Common equivalent shares (using the treasury stock method) from stock options, unvested RSUs, unvested PSUs and warrants were 4,588,982 4,318,057 and 5,622,997 4,750,340 at September 30, 2023 March 31, 2024 and 2022, 2023, respectively, and are excluded in the calculation of diluted net loss per common share for the periods presented, because the effect is anti-dilutive. Included in the basic and diluted net loss per share calculation were RSUs awarded to directors that had vested, but the issuance and delivery of the shares are deferred until the director resigns. The number of shares underlying vested RSUs at September 30, 2023 March 31, 2024 and 2022 2023 was 244,352 223,928 and 303,454 336,264, respectively.

The following table shows the computation of basic net loss per share of common stock for the three and nine months ended September 30, 2023, March 31, 2024 and 2022: 2023: STOCK

Income Taxes

The Company's effective tax rate was (8.81) (0.11)% and (0.50) 4.16% for the nine three months ended September 30, 2023, March 31, 2024 and 2022, 2023, respectively. The Company's effective tax rate for the nine three months ended September 30, 2023, March 31, 2024 and 2022, 2023 differs from the U.S. federal statutory tax rate of 21% due to state taxes, permanent book-tax differences related to Internal Revenue Code of 1986, as amended ("IRC"), Section 162(m) excess officer compensation limitation and share-based compensation and the change in valuation allowance.

The Company's effective tax rate was (53.96)% and (0.54)% for the three months ended September 30, 2023, and 2022, respectively. The Company's effective tax rate for the three months ended September 30, 2023, and 2022 differs from the U.S. federal statutory tax rate of 21% due to state taxes, permanent book-tax differences related to IRC Section 162(m) excess officer compensation limitation and share-based compensation and change in valuation allowance.

As of September 30, 2023, March 31, 2024 and December 31, 2022, December 31, 2023, there were no unrecognized tax benefits included in the condensed consolidated balance sheets that would, if recognized, affect the effective tax rate.

Investment in Eton Pharmaceuticals, Inc.

As of September 30, 2023, the Company owned 1,982,000 shares of Eton common stock (representing less than 10% of the equity interests of Eton as of such date). At September 30, 2023, the fair market value of Eton's common stock was \$4.17 per share. In accordance with ASC 321, *Investments — Equity Securities*, the Company recorded unrealized holding gains (losses) from its Eton common stock position of \$1,348,000 and \$2,676,000 during the three and nine months ended September 30, 2023, respectively, and \$(1,031,000) and \$(4,341,000) during the same periods in 2022, respectively, related to the change in fair market value of its investment in Eton during the measurement period. As of September 30, 2023, the fair market value of the Company's investment in Eton was \$8,265,000.

Investment in Melt Pharmaceuticals, Inc. – Related Party

As of September 30, 2023, the Company owns 3,500,000 shares of common stock and 2,334,256 shares of preferred stock of Melt (representing in aggregate approximately 36.46% of the Melt's equity interests of Melt as of such date). March 31, 2024). The Company analyzes its investment in Melt and related agreements on a regular basis to evaluate its position of variable interests in Melt. The Company has determined that it does not have the ability to control Melt, however it has the ability to exercise significant influence over the operating and financial decisions of Melt and uses the equity method of accounting for this investment. Under this method, the Company recognizes its portion of earnings and losses in Melt in its condensed consolidated financial statements and adjusts the carrying amount of its investment in Melt accordingly. Any intra-entity profits and losses are eliminated. During the year ended December 31, 2021, the Company reduced the carrying value of its common stock investment in Melt to \$

0 as

On a result of the Company recording its share of equity losses in Melt since its deconsolidation in 2019. As of September 30, 2023, and at the time of entering into the Melt Loan Agreement (see Note 5), the Company owned 100% of Melt's indebtedness. Following the reduction of quarterly basis, management assesses whether there are any indicators that the carrying value of the Company's common stock investment equity method investments may be other than temporarily impaired. Indicators include financial condition, operating performance, and near-term prospects of the investee. To the extent indicators suggest that a loss in Melt to \$0, value may have occurred, the Company began recording 100% will evaluate both quantitative and qualitative factors to determine if the loss in value is other than temporary. If a potential loss in value is determined to be other than temporary, the Company will recognize an impairment loss based on the estimated fair value of the equity method losses of Melt, based on investments. The Company has no other investments other than its ownership of Melt's total indebtedness. In addition, the Company treats interest paid in kind on the Melt Loan Agreement as an in-substance capital contribution common stock and reduces its investment preferred stock positions in Melt accordingly, rather than recording interest income. The Company has and no other requirements to advance funds to Melt.

The following table summarizes the Company's investments in Melt as of September 30, 2023 March 31, 2024:

	Cost	Share of Equity Method	Paid-in-Kind	In-substance Capital	Net Carrying	Cost	Share of Equity Method	Net Carrying
	Basis	Losses	Interest	Contributions	Value	Basis	Losses	Value
Common stock	\$ 5,810,000	\$ (5,810,000)	\$ -	\$ -	\$ -	\$ 5,810,000	\$ (5,810,000)	\$ -

See Note 5.4 for more information and related party disclosure regarding Melt.

Investment in Surface Ophthalmics, Inc. – Related Party

As of September 30, 2023, the Company owned 3,500,000 common shares of Surface (representing approximately 20% of the equity interests of Surface as of such date) and uses the equity method of accounting for this investment, as management has determined that the Company has the ability to exercise significant influence over the operating and financial decisions of Surface. Under this method, the Company recognizes earnings and losses in Surface in its condensed consolidated financial statements and adjusts the carrying amount of its investment in Surface accordingly. The Company's share of earnings and losses are based on the Company's ownership interest of Surface. Any intra-entity profits and losses are eliminated. During the year ended December 31, 2021, the Company reduced its common stock investment in Surface to \$0 as a result of the Company recording its share of equity losses of Surface. The Company has no other investments in Surface and no other requirements to advance funds to Surface.

The following table summarizes the Company's investment in Surface as of September 30, 2023:

	Cost Basis	Share of Equity Method Losses	Net Carrying Value
Common stock	\$ 5,320,000	\$ (5,320,000)	\$ -

See Note 6 for more information and related party disclosure regarding Surface.

Recently Adopted Accounting Pronouncements

In September 2016, FASB issued Accounting Standards Update (“ASU”) 2016-13, *Measurement of Credit Losses on Financial Instruments*. This ASU replaces the incurred loss impairment methodology in current GAAP with a methodology that reflects expected credit losses and requires consideration of a broader range of reasonable and supportable information for credit loss estimates on certain types of financial instruments, including trade receivables. In addition, new disclosures are required. The ASU, as subsequently amended, is effective for the Company for the fiscal years beginning after December 15, 2022. The Company adopted ASU 2016-13 on January 1, 2023. Based on the composition of the Company’s accounts receivable, investment portfolio, and other financial assets, including current market conditions and historical credit loss activity, the adoption of this standard did not have a material impact on the Company’s consolidated financial statements or disclosures. Specifically, the Company’s estimate of expected credit losses as of September 30, 2023, using its expected credit loss evaluation process described above, resulted in no adjustments to the provision for credit losses and no cumulative-effect adjustment to accumulated deficit on the adoption date of the standard.

Accounting Guidance Issued but Not Adopted at September 30, 2023 March 31, 2024

In August 2023, FASB the Financial Accounting Standards Board (“FASB”) issued ASU Accounting Standards Update (“ASU”) 2023-05, *Business Combinations—Joint Venture Formations (Subtopic 805-60): Recognition and Initial Measurement*, which applies to the formation of entities that meet the definition of a joint venture (or a corporate joint venture) and requires joint ventures to initially measure all contributions received upon formation at fair value. The new guidance does not impact accounting by the venturers. The new guidance is applicable to joint venture entities with a formation date on or after January 1, 2025 on a prospective basis. Joint ventures formed prior to the effective date may elect to apply the new guidance retrospectively back to their original formation date. We The Company will apply the guidance in ASU 2023-05 prospectively to any future arrangements meeting the definition of a joint venture.

In October 2023, FASB issued ASU 2023-06, *Disclosure Improvements—Codification Amendments in Response to the SEC’s Disclosure Update and Simplification Initiative*. This ASU modifies the disclosure or presentation requirements of a variety of topics in the codification by aligning them with the SEC’s regulations. The amendments to the various topics should be applied prospectively, and the effective date for the Company for each amendment will be determined based on the effective date of the SEC’s removal of the related disclosure from Regulation S-X or Regulation S-K. If the SEC has not removed the applicable requirement by June 30, 2027, then the related amendment in ASU 2023-06 will be removed from the codification and will not become effective. Early adoption of this ASU is prohibited. The Company does not expect the amendments in this ASU to have a material impact on the disclosures or presentation in its consolidated financial statements.

In November 2023, FASB issued ASU 2023-07, *Segment Reporting (Topic 280) - Improvements to Reportable Segment Disclosures*, which enhances the disclosures required for operating segments in the Company’s annual and interim consolidated financial statements. ASU 2023-07 is effective for the Company in our annual reporting for fiscal 2024 and for interim period reporting beginning in fiscal 2025 on a retrospective basis, with all required disclosures to be made for all prior periods presented in the consolidated financial statements. Early adoption is permitted. The Company is currently evaluating the impact of ASU 2023-07 on its consolidated financial statements.

In December 2023, FASB issued ASU 2023-09, *Income Taxes (Topic 740) - Improvements to Income Tax Disclosures*, which enhances the disclosures required for income taxes in the Company’s annual consolidated financial statements. Notably, this ASU requires entities to disclose specific categories in the effective tax rate reconciliation and provide additional information for reconciling items that meet a quantitative threshold. ASU 2023-09 is effective for the Company in its annual reporting for fiscal year 2025 on a prospective basis. Early adoption and retrospective reporting are permitted. The Company is currently evaluating the impact of ASU 2023-09 on its consolidated financial statements.

Reclassifications

Certain prior period items and amounts have been reclassified to conform to the classifications used to prepare the condensed consolidated financial statements for the current period. These reclassifications had no material impact on the Company’s condensed consolidated financial position, results of operations, or cash flows as previously reported.

NOTE 3. REVENUES

The Company accounts for contracts with customers in accordance with ASC 606, *Revenue* *Revenues from Contracts with Customers*. The Company has three primary streams of revenue: (1) *product revenues*, including revenue recognized from sales of products through its pharmacy and outsourcing facility and sales of branded products to wholesalers through a third-party logistics (“3PL”) partner, (2) revenue recognized from a *commission agreement with a third party*, transfer of acquired product sales and profits in 2023, and (3) revenue recognized from intellectual property licenses and *asset purchase agreements*, related arrangements.

Product Revenues

The Company sells prescription medications directly through its pharmacy, outsourcing facility and 3PL partner. Revenue from the Company’s pharmacy services includes: (i) the portion of the price the client pays directly to the Company, net of any volume-related or other discounts paid back to the client, (ii) the price paid to the Company by individuals, and (iii) customer copayments made directly to the pharmacy network. Sales taxes are not included in revenue. Following the core principles of ASC 606, the Company has identified the following:

1. *Identify the contract(s) with a customer:* A contract is deemed to exist when the customer places an order through receipt of a prescription, via an online order or via receipt of a purchase order from a customer. For branded products, orders are received through the Company’s 3PL partner, and the customer takes title of the products via formal purchase orders placed and fulfilled.

2. *Identify the performance obligations in the contract:* Obligations for fulfillment of the Company's contracts consist of delivering the product to customers at their specified destination. For shipping and handling activities under ASC 606, if the customer takes control of the goods after shipment, shipping and handling activities would always be considered a fulfillment activity and not treated as a separate performance obligation. If the customer takes control of the goods before shipment, entities must make an accounting policy election to treat shipping and handling activities as either a fulfillment cost or as a separate performance obligation. The Company has elected to treat its shipping and handling activities as a fulfillment cost.
3. *Determine the transaction price:* The transaction price is based on an amount that reflects the consideration to which the Company expects to be entitled, net of accruals for estimated rebates, wholesaler chargebacks, discounts, copay assistance and other deductions (collectively, sales deductions) and an estimate for returns and replacements established at the time of sale. The Company utilizes the services of a third-party professional services firm to estimate rebates and chargebacks associated with sales of its branded products. The transfer of promised goods is satisfied within a year, and therefore there are no significant financing components. There is no non-cash consideration related to product sales.
4. *Allocate the transaction price to the performance obligations in the contract:* Because there is only one performance obligation for product sales, no allocation is necessary.
5. *Recognize revenue when (or as) the entity satisfies a performance obligation:* Revenue from products is recognized upon transfer of control of a product to a customer. This generally occurs upon shipment unless contractual terms with a customer state that transfer of control occurs at delivery.

Commission Revenues

The Company had entered into an agreement whereby it was paid a fee calculated based on sales the Company generates from a pharmaceutical product that is owned by a third party. The revenue earned from this arrangement was recognized, at which point there was no future performance obligation required by the Company and no consequential continuing involvement on the Company's part to recognize the associated revenue.

Revenues From Transfer of Acquired Product Sales and Profits

The Company has entered into agreements whereby it purchased the exclusive commercial rights to assets associated with certain ophthalmic products from other pharmaceutical companies (the "Sellers"). During a temporary, transition period, the Sellers continue to manufacture and market these products and transfer the net profit from the sale of the products to the Company. The revenue recognized by the Company from the transfer of net profit was recognized at the time profit from the product sales were calculated by the Sellers and confirmed by the Company, typically on a monthly basis, at which point there is no future performance obligation required by the Company and no consequential continuing involvement on the Company's part to recognize the associated revenue. On a quarterly basis, the Sellers invoice the Company for all credits and reimbursements ("Chargebacks") made to customers related to the products. The Company uses historical actual experience to estimate Chargebacks associated with the net sales and profit transferred. The estimated Chargebacks are recorded as a reduction in revenues from transfer of acquired product sales and profits in the Company's condensed consolidated statements of operations, and recorded as a reduction to accounts receivable in the condensed consolidated balance sheets, at the time the revenue is recognized.

Intellectual Property License and Related Arrangements Revenues

The As of March 31, 2024, the Company currently holds five intellectual property licenses and related agreements arrangements pursuant to which the Company has agreed to license or sell to a customer with the right to access the Company's intellectual property. License arrangements may consist of non-refundable upfront license fees, data transfer fees, research reimbursement payments, exclusive license rights to patented or patent pending compounds, technology access fees, and various performance or sales milestones. These arrangements can be multiple-element arrangements, the revenue of which is recognized at the point in time that the performance obligation is met.

Non-refundable fees that are not contingent on any future performance by the Company and require no consequential continuing involvement on the part of the Company are recognized as revenue when the license term commences and the licensed data, technology, compounded drug preparation and/or other deliverables are delivered. Such deliverables may include physical quantities of compounded drug preparations, design of the compounded drug preparations and structure-activity relationships, the conceptual framework and mechanism of action, and rights to the patents or patent applications for such compounded drug preparations. The Company defers recognition of non-refundable fees if it has continuing performance obligations without which the technology, right, product or service conveyed in conjunction with the non-refundable fee has no utility to the licensee and that are separate and independent of the Company's performance under the other elements of the arrangement. In addition, if the Company's continued involvement is required, through research and development services that are related to its proprietary know-how and expertise of the delivered technology or can only be performed by the Company, then such non-refundable fees are deferred and recognized over the period of continuing involvement. Guaranteed minimum annual royalties are recognized on a straight-line basis over the applicable term.

NOTE 4.RECENT PRODUCT ACQUISITIONS, LICENSES AND DIVESTITURES

Acquisition of VEVYETM U.S. and Canadian Commercial Rights

In July 2023, the Company acquired commercial rights of VEVYE (cyclosporine ophthalmic solution) 0.1%, an ophthalmic drug product, for the U.S. and Canadian markets (the “VEVYE Acquisition”). The Company acquired the commercial rights to VEVYE by entering into a license agreement with Novaliq GmbH (“Novaliq”). As consideration, the Company made initial payments to Novaliq totaling \$8,000,000 and will pay low double-digit royalties on net sales of VEVYE along with potential commercial milestone payments.

The Company accounted for the VEVYE Acquisition as an acquisition of assets and capitalized the initial payments of \$8,000,000 and costs of \$70,000 associated with the transaction.

Acquisition of Certain U.S. and Canadian Commercial Rights to Santen and Eyeavance Products

In July 2023, the Company entered into an Asset Purchase Agreement with Eyeavance Pharmaceuticals, LLC and a License Agreement with Santen S.A.S. (collectively, the “Santen Agreements”), each a subsidiary of Santen Pharmaceuticals Co., Ltd. (collectively, “Santen”). Pursuant to the Santen Agreements, the Company acquired the exclusive commercial rights to assets associated with the following ophthalmic products (collectively, the “Santen Products”): FLAREX, NATACYN, ZERVIAE, VERKAZIA and FRESHKOTE in the US, and VERKAZIA and CATIONORM PLUS in Canada.

The transactions pursuant to the Santen Agreements are referred to in these notes as the “Santen Products Acquisition.”

Under the terms of the Santen Agreements, the Company made an initial one-time payment of \$8,000,000. In addition, the Santen Agreements provide for various one-time contingent milestone payments associated with certain manufacturing-related events as well as low-double digit royalty payments on net sales of VERKAZIA and high-single digit royalty payments on net sales of CATIONORM PLUS. Under the Santen Agreements, the Company also assumed certain obligations associated with other third parties that require mid-single digit royalties on sales of FRESHKOTE and ZERVIAE. Immediately following the closing and subject to certain conditions, prior to the transfer of the Santen Products new drug applications (“NDAs”) and other marketing authorizations to the Company, Santen continued to sell the Santen Products on the Company’s behalf and transfer the net profit from the sale of the Santen Products to the Company. See Note 18 regarding the transfer of certain marketing authorizations of the Santen Products.

The assets acquired in the Santen Products Acquisition are identifiable intangible asset groups in similar asset classes and all directly related to the product NDAs and marketing authorizations acquired. The developed technology is within one major intangible asset class. No workforce/employees were included in the Santen Products Acquisition and the Company is required to utilize its own business inputs/processes to transfer and commercialize the Santen Products.

The Company incurred \$139,000 in costs associated with the Santen Products Acquisition, and including such acquisition costs, the payment of \$8,000,000 at closing and a near term milestone of \$500,000. The total purchase price of the Santen Products Acquisition was \$8,639,000 and was accounted for as an asset acquisition. At the time of the Santen Products Acquisition and as of September 30, 2023, the remaining contingent consideration due was not considered probable and reasonably estimable and therefore, no amount was included in the purchase price of the Santen Products Acquisition. At the time the contingent consideration due becomes probable and reasonably estimable the additional consideration, if any, paid will be allocated to all of the assets on a pro rata basis based on their initial estimated fair values as a percent of the total purchase price.

Acquisition of ILEVRO, NEVANAC, VIGAMOX, MAXIDEX, and TRIESENCE

In December 2022, the Company entered into an Asset Purchase Agreement (the “Fab 5 APA”) with Novartis Technology, LLC and Novartis Innovative Therapies AG (together, “Novartis”), pursuant to which the Company agreed to purchase from Novartis the exclusive commercial rights to assets associated with the following ophthalmic products (collectively the “Fab 5 Products”) in the U.S. (the “Fab 5 Acquisition”): ILEVRO, NEVANAC, VIGAMOX, MAXIDEX, and TRIESENCE.

Under the terms of the Fab 5 APA, the Company made a one-time payment of \$130,000,000 at closing in January 2023, with up to another \$45,000,000 due in a milestone payment related to the timing of the commercial availability of TRIESENCE. Pursuant to the Fab 5 APA and various ancillary agreements, immediately following the closing and subject to certain conditions and prior to the transfer of the Fab 5 Products NDAs to the Company, Novartis will continue to sell the Fab 5 Products on the Company’s behalf and transfer the net profit from the sale of the Fab 5 Products to the Company. Novartis has agreed to supply certain Fab 5 Products to the Company for a period of time after the NDAs are transferred and to assist with technology transfer of the Fab 5 Products manufacturing to other third-party manufacturers, if needed.

The assets acquired in the Fab 5 Acquisition are identifiable intangible asset groups in similar asset classes and all directly related to the five product NDAs acquired. The developed technology is within one major intangible asset class. No workforce/employees were included in the Fab 5 Acquisition and the Company is required to utilize its own business inputs/processes to transfer and commercialize the Fab 5 Products and NDAs.

The Company incurred \$558,000 in costs associated with the Fab 5 Acquisition and including such acquisition costs and the payment of \$130,000,000 at closing. The total purchase price of the Fab 5 Acquisition was \$130,558,000 and was accounted for as an asset acquisition. At the time of the Fab 5 Acquisition and as of September 30, 2023, the contingent consideration due related to the commercial availability of TRIESENCE was not considered probable and reasonably estimable and, therefore, no amount was included in the purchase price of the Fab 5 Acquisition. At the time the contingent consideration due related to the commercial availability of TRIESENCE becomes probable and reasonably estimable the additional consideration, if any, paid will be allocated to all of the assets on a pro rata basis based on their initial estimated fair values as a percent of the total purchase price. The Company does not consider any amounts related to TRIESENCE to be in-process research and development (IPR&D) as considered within the scope of ASC 730, *Research and Development*.

Divestiture of Non-Ophthalmic Assets

In October 2022, wholly-owned subsidiaries of the Company (collectively, “Imprimis”) entered into an Asset Purchase Agreement (the “RPC Agreement”) with Innovation Compounding Pharmacy, LLC (the “Buyer”). Under the terms of the RPC Agreement, Imprimis agreed to sell substantially all of its assets associated with its non-ophthalmology related compounding product line, including but not limited to, certain intellectual property rights, customer lists, databases, and formulations (the “RPC Assets”). The Buyer agreed to make offers of employment to nine of the Company’s employees that were responsible for the sales activities associated with the RPC Assets. Under the terms of the RPC Agreement, the Buyer paid Imprimis an aggregate cash amount of \$6,000,000 in October 2022. In addition, the Buyer is obligated to pay up to \$4,500,000 to Imprimis based on mutually agreed upon revenue milestones during the calendar year 2023 (the “Contingent Amount”). During the year ended December 31, 2022, no amount related to the Contingent Amount was recognized by the Company. The Company will recognize a gain related to the Contingent Amount if/when the contingency (in this case, revenue thresholds for 2023) become likely and reasonably estimable.

In connection with the RPC Agreement, Imprimis entered into a separate transition services agreement (the “RPC TSA”) with the Buyer related to providing ongoing services associated with the RPC Assets, such as procuring and dispensing prescription orders, providing accounting and billing services and collecting accounts receivable. Imprimis provided transition services to the Buyer for approximately nine months following the effective date of the RPC Agreement and expects to wind down transition services in subsequent periods. The Company collected and will continue to collect cash on behalf of the Buyer for revenue generated by sales of RPC Assets from October 2022 through the transition period and the Company is obligated to transfer cash generated by such sales to the Buyer. The Company’s condensed consolidated balance sheet as of September 30, 2023 includes accounts receivable of \$59,000 for cash to be collected on behalf of the Buyer for sales of RPC Assets sold through September 30, 2023.

There were no amount due from the Buyer for reimbursement of services performed under the RPC TSA as of September 30, 2023. The receivable amount of \$59,000 was additionally recorded within accrued expenses on the condensed consolidated balance sheet as of September 30, 2023, and represents a payable to the Buyer. The Company recorded a loss from the RPC TSA and disposition and sale of certain related assets and unusable inventory of \$159,000 and \$330,000 during the three and nine months ended September 30, 2023, respectively, which is presented in other expense, net on the condensed consolidated statements of operations.

NOTE 5. INVESTMENT IN, AND NOTE RECEIVABLE FROM MELT PHARMACEUTICALS, INC. - RELATED PARTY TRANSACTIONS

In December 2018, the Company entered into an **asset purchase agreement** **Asset Purchase Agreement with Melt** (the “Melt APA”) **with Melt.** Pursuant to the terms of the Melt APA, Melt was assigned certain intellectual property and related rights from the Company to develop, formulate, make, sell, and sub-license certain Company conscious sedation and analgesia related formulations (collectively, the “Melt Products”). Under the terms of the Melt APA, Melt is required to make mid-single digit royalty payments to the Company on net sales of the Melt Products while any patent rights remain outstanding, as well as other conditions.

In February 2019, the Company entered into a Management **Service Services** Agreement **with Melt** (the “Melt MSA”), whereby the Company provided to Melt certain administrative services and support, including bookkeeping, web services and human resources related activities, and Melt was required to pay the Company a monthly amount of \$10,000. The Melt MSA was terminated effective July 1, 2023. During the three **and nine** months ended **September 30, 2023** **March 31, 2024** and **2022, 2023**, the Company recorded \$0 and \$89,000, and \$30,000 and **\$100,000** 59,000, respectively, due from Melt for reimbursable expenses and amounts payable pursuant to the Melt MSA, which are included in prepaid expenses and other current assets in the accompanying condensed consolidated balance sheets. As of **September 30, 2023** **March 31, 2024** and **December 31, 2022** **December 31, 2023**, the Company was due \$228,000 and \$139,000, respectively, from Melt for reimbursable expenses and amounts due under the Melt MSA. The Company made a cash advance to Melt of \$500,000 MSA and Melt repaid the \$500,000 cash advance during the nine months ended **September 30, 2023.**

During the nine months ended **September 30, 2023**, **In March 2024**, Melt sold approximately 2,000,000 shares of **completed** its Series B Preferred Stock **and financing which** raised over \$17,000,000 **in gross proceeds from third party investors, of approximately \$23,900,000.**

The Company’s Chief Executive Officer, Mark L. Baum, was previously a member of the Melt board of directors until his resignation during the year ended December 31, 2021. Mr. Baum re-joined the Melt board of directors in January 2023. At the time Mr. Baum re-joined, the Melt board of directors consisted of five members, including Mr. Baum, who is the only representative of the Company on Melt’s board of directors.

Melt Note Receivable

On September 1, 2021, the Company entered into a loan and security agreement in the principal amount of \$13,500,000 (the “Melt Loan Agreement”), as lender, with Melt, as borrower. Amounts borrowed under the Melt Loan Agreement bear interest at 12.50% per annum, which interest can be paid in-kind at the option of Melt until the maturity date. The Melt Loan Agreement permits Melt to pay interest only on the principal amount loaned thereunder through the term and all amounts owed were previously due and payable on September 1, 2022. In April 2022, the Company entered into a First Amendment and in September 2022, a Second Amendment (together, the “Amendments”) to the Melt Loan Agreement. The Amendments (i) extended the maturity date of the Melt Loan Agreement to September 1, 2023, which can be extended further to September 1, 2026 upon Melt completing a qualifying financing of a minimum amount of \$10,000,000 from third-party investors, (ii) added conditions related to minimum cash amounts following a qualifying financing, and (iii) clarified the definition of material adverse effects. Melt may elect to prepay all, but not less than all, of the amounts owed prior to the maturity date at any time without penalty.

Melt has granted the Company a security interest in substantially all of its personal property, rights and assets, including intellectual property rights, to secure the payment of all amounts owed under the Melt Loan Agreement. The Melt Loan Agreement contains customary representations, warranties and covenants, including covenants by Melt limiting additional indebtedness, liens, mergers and acquisitions, dispositions, investments, distributions, subordinated debt, and transactions with affiliates. The Melt Loan Agreement includes customary events of default, and upon the occurrence of an event of default (subject to cure periods for certain events of default), all amounts owed by Melt thereunder may be declared immediately due and payable by the Company, and the interest rate on the loan may be increased by 3% per annum. The Melt Loan Agreement is currently in default due to non-payment on September 1, 2023. The Company and Melt are involved in ongoing discussions to resolve the default.

In connection with the Melt Loan Agreement, the Company and Melt entered into a Right of First Refusal Agreement providing the Company with the right, but not the obligation, to match any offer received by Melt associated with the commercial rights to any of Melt’s drug candidates for a period of five years following the effective date of the Melt Loan Agreement.

The net funds received by Melt excluded \$908,000 owed to the Company for reimbursable expenses and amounts due under the Melt MSA prior to the effective date of the note receivable. As of September 30, 2023 and December 31, 2022, aggregate principal and accrued interest payable to the Company pursuant to the Melt Loan Agreement amounted to \$17,765,000 and \$15,984,000, respectively. In accordance with ASC 323, *Investments – Equity Method and Joint Ventures*, the carrying amount of the note receivable has been reduced by the Company’s allocated share of Melt’s losses based on its ownership of Melt’s total indebtedness (see Note 2).

The aggregate intrinsic value in the table above represents the total pre-tax amount of the proceeds, net of exercise price, which would have been received by option holders had exercised and immediately sold all shares underlying options with an exercise price lower than the market price on **September 30, 2023** at the closing price of the Company's common stock of **\$14.37** on that date.

During the **nine** months ended **September 30, 2023**, the Company granted stock options to certain employees. The stock options have contractual terms of ten years. Vesting terms for options granted to employees during the **nine** months ended **September 30, 2023** are as follows: 25% of the shares subject to the option vest and become exercisable on the first anniversary of the grant date and the remaining 75% of the shares vest and become exercisable quarterly in equal installments thereafter over three years. Certain option awards provide for accelerated vesting in the event of certain modifications to the option award agreement.

The fair value of each option award is estimated on the date of grant using the Black-Scholes-Merton option pricing model. The expected term of the awards was determined in accordance with the "simplified approach," as the Company has limited, relevant, historical data on employee exercise behavior. The expected risk-free interest rate is based on the U.S. Treasury yield for a period consistent with the expected term of the awards. The financial statement effect of forfeitures is estimated at the time of grant and revised, if necessary, if the actual effect differs from the estimate. For employees and directors, the Company assigns a forfeiture factor of 10%. These factors could change in the future, which would affect compensation expense in future periods. Utilizing these assumptions, the fair value is determined at the date of grant.

The table below illustrates the fair value per share determined using the Black-Scholes-Merton option pricing model with the following assumptions:

Weighted-average fair value of options granted	
Expected terms (in years)

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion and analysis of our financial condition and results of operations should be read in conjunction with our financial statements and the related notes thereto contained in Part I, Item 1 of this Quarterly Report on Form 10-Q (this "Quarterly Report"). Our financial statements have been prepared and, unless otherwise stated, the information derived therefrom as presented in this discussion and analysis is in accordance with accounting principles generally accepted in the United States of America ("GAAP").

The information contained in this Quarterly Report is not a complete description of our business or the risks associated with an investment in our common stock. You should carefully review and consider the various disclosures made by us in this Quarterly Report and in our other reports filed with the U.S. Securities and Exchange Commission (the "SEC"), including our Annual Report on Form 10-K for the fiscal year ended December 31, 2022, December 31, 2023 and subsequent reports, for greater detail. As used in this discussion and analysis, unless the context indicates otherwise, the terms the "Company," "Harrow," "we," "us" and "our" refer to Harrow and its consolidated subsidiaries, consisting of ImprimisRx, LLC, ImprimisRx NJ, LLC dba ImprimisRx, Imprimis NJOF, LLC, Harrow IP, LLC and its consolidated subsidiaries. In this discussion and analysis, we refer to our consolidated subsidiaries ImprimisRx, LLC, ImprimisRx NJ, LLC and Imprimis NJOF, LLC collectively as "ImprimisRx."

In addition to historical information, the following discussion contains forward-looking statements regarding future events and our future performance. Forward-looking statements can be identified by terminology such as "will," "may," "should," "expects," "plans," "anticipates," "believes," "intends," "potential" or "continue" or the negative of these terms or other comparable terminology. All statements made in this Quarterly Report other than historical information are forward-looking statements. These forward-looking statements involve risks and uncertainties and reflect only our current views, expectations and assumptions as of the date of this report. If risks or uncertainties materialize or assumptions prove incorrect, actual results or events could differ materially from those expressed or implied by such forward-looking statements. Risks that could cause actual results to differ from those expressed or implied by the forward-looking statements include, among others, risks related to: liquidity or results of operations; our ability to successfully implement our business plan, develop and commercialize our products and proprietary formulations in a timely manner or at all, identify and acquire additional products, manage our pharmacy operation and our business, recruit and retain qualified personnel, manage any growth we may experience and successfully realize the benefits of any and any other acquisitions and collaborative arrangements we may pursue; competition from pharmaceutical companies, outsourcing facilities and other companies; and business conditions, including inflation and supply chain challenges; regulatory and legal risks and uncertainties related to our pharmaceutical business in general; physician interest in and market acceptance of our current and any future formulations and compounding products; and risks and uncertainties described under the heading "Risk Factors" in Part II, Item 1A of this Quarterly Report and in our other filings with the SEC. Forward-looking statements speak only as of the date they are made and, except as required by law, we do not intend to publicly update any forward-looking statement for any reason.

Overview

We are a leading eyecare pharmaceutical company engaged in the discovery, development, and commercialization of innovative ophthalmic products for the U.S. market. Harrow helps U.S. eyecare professionals preserve the gift of sight by making its comprehensive portfolio of prescription and non-prescription ophthalmic products accessible and affordable to millions of Americans each year. We own commercial rights to one of the largest portfolios of branded ophthalmic products in North America, all of which are marketed under our the Harrow name. We also own and operate ImprimisRx, one of the nation's largest pharmaceutical-compounding businesses. In addition, we have a non-controlling equity interest in Surface Ophthalmics, Inc. ("Surface") ("Melt"), both and two other companies that began as subsidiaries of Harrow and were subsequently carved-out of our corporate structure and are now independent companies. We also own royalty rights in certain drug candidates being developed by Surface and Melt.

33/23

We believe the primary factors affecting our performance are our ability to increase revenues of our branded pharmaceutical products, p and certain non-proprietary products, grow and gain operating efficiencies in our operations, potential regulatory-related restrictions, optimiz options for our drug products, and continue to pursue development and commercialization opportunities for certain of our ophthalmology and ot commercially available. We believe we have built a tangible and intangible infrastructure that will allow us to scale revenues efficiently in t activities will require significant costs and other resources, which we may not have or be able to obtain from operations or other sources. See below.

The following describes certain developments in 2023 2024 to date that are important to understand our financial condition and result: unaudited condensed consolidated financial statements included in this Quarterly Report for additional information about each of these developments:

- *IHEEZO Reimbursement, Launch and Studies*
- *Apotex - Canadian Out-License*

IHEEZO Reimbursement

We are also working to ensure our continued access to the Medicare market for the ambulatory surgery center (ASC), hospital and out office use market for IHEEZO. In this regard, we are designing and intend to execute, during 2024, clinical studies to build data sets that could be used by Medicare Administrative Contractors (MACs) to extend our temporary pass-through period for IHEEZO in ASCs and HOPDs. We are also meeting with CMS to discuss the impact of the new policy which has historically not allowed for the separate billing of anesthesia services in the physician's office. We intend to request CMS to clarify that J-Code 2403, IHEEZO's permanent J-Code, is appropriate to be billed for the anesthesia product itself (i.e., IHEEZO in our case setting). In March 2024, we received communication from a representative at CMS that the inclusion of J-Code 2403 in CMS's April 2024 quarterly update to the Medicare Physician Fee Schedule (MPFS) will allow for the separate billing of IHEEZO at the physician office sales prices (ASP) of some Medicare Part B-covered drugs and biologicals confirms that IHEEZO is separately payable in the physician office setting.

Recently we sponsored an in-vivo (in human) study to compare the effects of IHEEZO with povidone-iodine (PVI) compared to a solution with PVI. The primary intent of the study is to show that IHEEZO does not act as a “barrier” to PVI, which had otherwise been shown. Findings Company received communication from the study are positive showing National Correct Coding Initiative (NCCI) program of CMS’s similar barrier risk CMS decided to tetracaine (e.g., a non-gel anesthetic) increase the MUE for IHEEZO’s J-Code (J2403) from 1 to 2. While not its communication to the Company that the MUE edit will be (1) effective in July 2024, and (2) made retroactive for procedures dating to January

Acquisition of ILEVRO, NEVANAC, VIGAMOX, MAXIDEX and TRIESENCE **VEVYE U.S. Launch**

In December 2022, **January 2024**, we entered into an Asset Purchase Agreement (the “Purchase Agreement”) with Novartis Technologies AG (together, “Novartis”), pursuant to which the Company agreed to purchase from Novartis the exclusive commercial rights to its ophthalmic products (collectively the “Fab 5 Products”) in the U.S. (the “Fab 5 Acquisition”):

- ILEVRO (nepafenac ophthalmic suspension) 0.3%, a non-steroidal, anti-inflammatory eye drop indicated for pain and inflammation associated with ocular surgery.
- NEVANAC (nepafenac ophthalmic suspension) 0.1%, a non-steroidal, anti-inflammatory eye drop indicated for pain and inflammation associated with ocular surgery.
- VIGAMOX (moxifloxacin hydrochloride ophthalmic solution) 0.5%, a fluoroquinolone antibiotic eye drop for the treatment of bacterial conjunctivitis caused by susceptible strains of organisms.
- MAXIDEX (dexamethasone ophthalmic suspension) 0.1%, a steroid eye drop for steroid-responsive inflammatory conditions of the palpebral conjunctiva and anterior segment of the globe.
- TRIESENCE (triamcinolone acetonide injectable suspension) 40 mg/ml, a steroid injection for the treatment of certain ophthalmic conditions following vitrectomy.

We closed the Fab 5 Acquisition on January 20, 2023. Under the terms of the Purchase Agreement, we made a one-time payment of \$45,000,000 due in a milestone payment related to the timing of the commercial availability of TRIESENCE. Pursuant to the Purchase Agreement, immediately following the closing and subject to certain conditions, for a period that lasted approximately nine months, and prior to the submission of new drug applications (the “NDAs”) to us, Novartis continued to sell the Products on our behalf and transferred the net profit from the sale of the Products to us to supply certain Products to the Company for a period of time after the NDAs are transferred to us and to assist with technology transfer of the Products to third-party manufacturers, if needed.

On April 28, 2023, we transferred the NDAs for ILEVRO, NEVANAC and MAXIDEX. In July 2023, we transferred the NDA for TRIESENCE. TRIESENCE is expected to transfer upon around the timing of its commercial availability.

Oaktree Credit and Guaranty Agreement

On March 27, 2023, we entered into a Credit Agreement and Guaranty (the “Oaktree Loan”) with Oaktree Fund Administration, L.P. and its lenders (together, “Oaktree”), providing for a loan to us with a principal amount of up to \$100,000,000. Upon entering into the Oaktree Loan, we repaid \$65,000,000 from the Oaktree Loan and used the net proceeds to repay all amounts owed by us pursuant to the BR Loan (as defined below). No interest was paid on the BR Loan, and no exit or prepayment fees were paid as a result of the payoff of the BR Loan. The additional principal loan amount of up to \$35,000,000 (the “Tranche B”) will be made available to the Company upon the commercialization of TRIESENCE.

On July 18, 2023, we entered into the First Amendment to Credit Agreement and Guaranty and Consent (the “Oaktree Amendment”). Pursuant to the Oaktree Amendment, the overall credit facility size was increased from \$100,000,000 to \$112,500,000, and we made other changes related to the terms of the loan. In satisfaction of certain conditions to funding, we drew down a principal amount of \$12,500,000 (the “Loan Increase”) on August 1, 2023 to fund the Santen Products Acquisition and for other working capital and general corporate purposes. No other material changes to the terms of the Oaktree Amendment. Following entry into the Oaktree Amendment and the funding of the Loan Increase upon closing of the Santen Products Acquisition, the total principal loan amount of \$77,500,000 under the Oaktree Loan and an additional Tranche B loan amount of up to \$35,000,000 will be made available to the Company upon commercialization of TRIESENCE, provided, that if Tranche B is not drawn by the Company on or before March 27, 2024, the amount available to the Company will be reduced to \$30,000,000.

The Oaktree Loan is secured by nearly all of the assets, including intellectual property, of the Company and its material subsidiaries. The loan matures on January 19, 2026 and carries an interest rate equal to the Secured Overnight Financing Rate plus 6.5% per annum. The Oaktree Loan requires a certain level of cash flow sweeps during the term of the Oaktree Loan (there is no amortization of the principal amount or excess cash flow sweeps during the term of the Oaktree Loan).

In December 2022, the Company entered into an underwriting agreement with B. Riley Securities, Inc., as representative of the sellers, pursuant to which we agreed to sell \$35,000,000 aggregate principal amount of 11.875% Senior Notes due 2027 (the “2027 Notes”) plus up to \$5,250,000 aggregate principal amount of 2027 Notes pursuant to the option to purchase additional 2027 Notes. In January 2023, the underwriters exercised the option to purchase additional 2027 Notes for an aggregate principal amount of \$5,250,000.

In July 2023, we acquired commercial rights of **launched** VEVYE (cyclosporine ophthalmic solution) 0.1%, an ophthalmic drug product (the “VEVYE Acquisition”). VEVYE, which is dispensed topically in a unique ten microliter per one drop and is labeled for twice-daily cyclosporine-based product indicated for **water-free cyclosporine dissolved in a semifluorinated alkane approved to treat both** the treatment of f disease (DED). VEVYE was approved on May 30, 2023 by the FDA. We acquired the commercial rights to VEVYE by entering into a license (“**Novaliq**”). As consideration, we made initial payments to Novaliq totaling \$8,000,000 and will pay low double-digit royalties on net sales commercial milestone payments.

In July 2023, we entered into an Asset Purchase Agreement with Eyevance Pharmaceuticals, LLC and a License Agreement with Santen Agreements⁽¹⁾), each a subsidiary of Santen Pharmaceuticals Co., Ltd. (collectively, “Santen”). Pursuant to the Santen Agreements, we acquired assets associated with the following ophthalmic products (collectively, the “Santen Products”):

- FLAREX® (fluorometholone acetate ophthalmic suspension) 0.1%, a corticosteroid prepared as a sterile topical ophthalmic suspension indicated for the treatment of steroid-responsive inflammatory conditions of the palpebral and bulbar conjunctiva, cornea, and anterior segment of the eye.

- NATAcYN® (natamycin ophthalmic suspension) 5%, a sterile, antifungal drug for the treatment of fungal blepharitis, conjunctivitis, and corneal ulcers caused by fungi, including *Fusarium solani* keratitis.
- TOBRADEx® ST (tobramycin and dexamethasone ophthalmic suspension) 0.3%/0.05%, a topical antibiotic and corticosteroid combination for the treatment of ocular conditions for which a corticosteroid is indicated and where superficial bacterial ocular infection or a risk of bacterial infection is suspected.
- ZERVATE® (cetirizine ophthalmic solution) 0.24%, a histamine-1 (H1) receptor antagonist indicated for treatment of ocular itching associated with allergic conjunctivitis.
- FRESHKOTE®, a preservative-free formulation for temporary relief of symptoms of dry eye.

- VERKAZIA® (cyclosporine ophthalmic emulsion) 0.1%, an orphan designated drug that is a calcineurin inhibitor immunosuppressant in keratoconjunctivitis.

- CATIONORM® PLUS, a preservative-free formulation for dry eye or allergy relief.

The transactions pursuant to the PARx Solutions to the Santen Agreements are referred to in this Quarterly Report as the “Santen Products A patient access program for VEVYE.

Under the terms of the Santen Agreements, we made an initial one-time payment of \$8,000,000. In addition, the Santen Agreements provide for payments associated with certain manufacturing-related events as well as low-double digit royalty payments on net sales of VERKAZIA and net sales of CATIONORM PLUS. Under the Santen Agreements, we also assumed certain obligations associated with other third party agreements, including FRESHKOTE and ZERVIA. Immediately following the closing and subject to certain conditions, prior to the transfer of the Santen Products to us, Santen continued to sell the Santen Products on our behalf and transfer the net profit from the sale of the Santen Products to us. In March 2023, we transferred the U.S. NDAs and rights of the Santen Products, and expect Santen to transfer the Canadian marketing authorizations of VERKAZIA to us by March 31, 2024.

Common Stock Offering

In July 2023, we closed a public offering of shares of our common stock at an offering price of \$17.75 per share (the "Offering"). We sold 247,000 shares of common stock in the Offering, resulting in us receiving aggregate net proceeds of \$64,520,000, after deducting underwriting discounts and commissions of \$4,480,000.

B. Riley Loan and Security Agreement – Paid

On December 14, 2022, we entered into a Loan and Security Agreement (the "BR Loan") with B. Riley Commercial Capital, LLC, as lender. The BR Loan provided for a loan facility of up to \$100,000,000 to the Company with a maturity date of December 14, 2025, at an interest rate of 10% per annum. The BR Loan was secured by an intellectual property security agreement and by all assets of the Company and its material subsidiaries. In January 2023, we repaid the BR Loan simultaneously with the consummation of the Fab 5 Acquisition, and subsequently paid back the BR Loan in March 2023 at the time of the Fab 5 Acquisition. No remaining amounts are due under the BR Loan, and no exit or prepayment fees were paid as a result of the payoff of the BR Loan.

Results of Operations

The following period-to-period comparisons of our financial results for the three and nine months ended September 30, 2023 and September 30, 2022, are not necessarily indicative of results for any future period.

Revenues

Our revenues include amounts recorded from sales of proprietary compounded formulations, sales of branded products to wholesalers and distributors, and commissions from third parties and revenues received from royalty payments owed to us pursuant to out-license arrangements.

The following presents our revenues for the three and nine months ended September 30, 2023, March 31, 2024 and 2022:

	For the Three Months Ended September 30,		\$ Variance	For the Nine Months Ended September 30,
	2023	2022		2023
Product sales, net	\$ 31,809,000	\$ 21,575,000	\$ 10,234,000	\$ 81,804,000
Commission revenues	-	1,044,000	(1,044,000)	-
Transfer of profits/sales	2,456,000	204,000	2,252,000	12,034,000
Total revenues	\$ 34,265,000	\$ 22,823,000	\$ 11,442,000	\$ 93,838,000

	For the Three Months Ended March 31,	
	2024	2023
Product sales, net	\$ 34,508,000	\$ 20,450,000
Other revenues	79,000	5,650,000
Total revenues	\$ 34,587,000	\$ 26,100,000

The increase in revenues between periods was related to an increase in sales of our branded ophthalmology products, as well as an increase in sales of our non-ophthalmology compounded products. The Company recorded \$5,650,000 in revenues associated with the transfer of profits of recently acquired products sales and profits related where ("NDAs") had not yet transferred to the Fab 5 Acquisition and Santen Products Acquisition. This increase in 2023 was offset slightly by a decrease in sales of DEXYCU® (which agreement terminated January 1, 2023) and a decrease in sales from our non-ophthalmology compounded products. In the fourth quarter of 2022, Harrow. During the three and nine months ended September 30, 2023, March 31, 2024, revenues including transfer of profits from branded products totaled \$14,496,000 and \$33,863,000, respectively, as \$13,868,000, compared to \$654,000 and \$1,896,000 \$6,272,000 (transfer of profits) during the same periods period in the prior year, respectively.

year.

Cost of Sales

Our cost of sales includes direct and indirect costs to manufacture formulations and sell products, including active pharmaceutical ingredients, storage, royalties, shipping and handling costs, manufacturing equipment and tenant improvements depreciation, the write-off of obsolete inventory NDAs, and other related expenses.

The following presents our cost of sales for the three and nine months ended September 30, 2023 March 31, 2024 and 2022: 2023:

	For the Three Months Ended September 30,			For the Nine Months Ended September 30,
	2023	2022	Variance	2023
Cost of sales	\$ 10,067,000	\$ 6,721,000	\$ 3,346,000	\$ 28,338,000

	For the Three Months Ended March 31,	
	2024	2023
Cost of sales	\$ 10,553,000	\$ 8,270,000

The increase in our cost of sales was largely attributable to the amortization of acquired product NDAs and product licenses which totaled \$341,000 for the three and nine months ended September 30, 2023, respectively, compared to \$341,000 and \$1,023,000 during the prior year periods, respectively. The increase was also due to expenses associated with unit volumes sold and increased direct and indirect costs associated with production of our products.

Gross Profit and Margin

	For the Three Months Ended September 30,			For the Nine Months Ended September 30,			For the Three Months Ended March 31,
	2023	2022	Variance	2023	2022	Variance	2024
Gross profit	\$ 24,198,000	\$ 16,102,000	\$ 8,096,000	\$ 65,500,000	\$ 49,048,000	\$ 16,452,000	\$ 24,034,000
Gross margin	70.62 %	70.55 %	0.07 %	69.80 %	71.85 %	(2.05) %	69.48 %

The decrease in gross margin between the nine months ended September 30, 2023 March 31, 2024 and 2022 2023 was primarily due to the amortization of acquired product NDAs from the Fab 5 Acquisition, beginning an increase in January 2023. sales associated with our branded ophthalmology products, which have a higher gross margin profile than our compounded products.

Selling, General and Administrative Expenses

Our selling, general and administrative expenses include personnel costs, including wages and stock-based compensation, corporate facilities, consulting, insurance, filing, legal and accounting fees and expenses as well as costs associated with our marketing activities and sales of our products and other non-proprietary pharmacy products and formulations.

The following presents our selling, general and administrative expenses for the three and nine months ended **September 30, 2023** March

	For the Three Months Ended September 30,		\$	For the Nine Months Ended
	2023	2022	Variance	2023
Selling, general and administrative	\$ 21,033,000	\$ 15,421,000	\$ 5,612,000	\$ 56,878,000

	For the Three Months Ended March 31,	
	2024	2023
Selling, general and administrative	\$ 28,813,000	\$ 15,861,000

The increase in selling, general and administrative expenses between periods was primarily attributable to an increase in stock-based compensation of \$11,521,000 for the three and nine months ended September 30, 2023, respectively, compared to the prior year periods, including new equity incentive awards granted in April 2023. Other areas of increased expenses included regulatory enhancements, costs to support the transition of recent product launches, and in expenses related to the addition of new employees in sales, marketing and other departments to support current and expected growth, including the acquisition of IHEEZO VEVYE in April December 2023.

In addition, stock-based compensation expense increased by \$2,260,000 for the three months ended March 31, 2024, compared to the prior year increase.

Research and Development Expenses

Our research and development (“R&D”) expenses primarily include personnel costs, including wages and stock-based compensation, of intellectual property, investigator-initiated research and evaluations, formulation development, acquired in-process R&D and other costs relate assets.

The following presents our research and development expenses for the three and nine months ended September 30, 2023 March 31, 2024

	For the Three Months Ended September 30,		\$ Variance	For the Nine Months Ended September 30,
	2023	2022		2023
Research and development	\$ 1,421,000	\$ 775,000	\$ 646,000	\$ 3,316,000

Research and development	For the Three Months Ended March 31,	
	2024	2023
	\$ 2,149,000	\$ 73

The increase in R&D expenses between periods was primarily attributable to increased activity related to our expanded branded product development efforts, product launches, clinical and medical support.

Interest Expense, Net

Interest expense, net was \$5,749,000 and \$16,200,000 \$5,415,000 for the three and nine months ended September 30, 2023 March 31, 2024. The increase during the periods period ended \$1,800,000 and \$5,386,000 \$4,747,000 for the same periods period in 2022 2023 was primarily due to the result of an increase in the outstanding principal amount of our debt issuance costs.

Equity in Losses of Unconsolidated Entities

During the three and nine months ended September 30, 2023, we recorded a loss of \$0, related to our share of losses in Melt, compared to the same periods in 2022, respectively, as the Company reduced the carrying value of its investment in Melt to \$0 at the end of 2022. obligations.

Investment (Loss) Gain (Loss) from Eton

During the three and nine months ended September 30, 2023 March 31, 2024, we recorded a gain loss of \$1,348,000 and \$2,676,000, related to the change in fair market value of Eton’s common stock compared to losses a gain of \$(1,031,000) and \$(4,341,000) \$2,042,000 for the same periods in 2022, respectively. 2023.

Loss on Extinguishment of Debt

During the nine three months ended September 30, 2023 March 31, 2023, we recorded a loss on extinguishment of debt of \$5,465,000 related to the extinguishment of a loan.

Other Expense, Income, Net

During the three and nine months ended September 30, 2023 March 31, 2024, we recorded other expense, net income of \$195,000 \$26,000 and \$344,000, respectively, related primarily to transition services and write-off of inventories associated with the divestment of our non-operating subsidiary Nashville.

Tax Expense

During the three and nine months ended September 30, 2023, we recorded income tax expense of \$1,539,000 and \$1,236,000, respectively, during the same periods in 2022, respectively.

Liquidity and Capital Resources

Liquidity

Our cash and cash equivalents on hand at **September 30, 2023** **March 31, 2024** was \$65,610,000, **\$68,538,000**, compared to **\$96,272,000** **December 31, 2023**.

As of the date of this Quarterly Report, we believe that cash and cash equivalents of **\$65,610,000** **\$68,538,000** at September 30, 2023, **proceeds received from the sale of our Eton investment in April 2024**, will be sufficient to sustain our planned level of operations and capital expenditures for the next 12 months. In addition, we may consider the sale of certain assets including, but not limited to, part of, or all of, our investments in Eton, Surface Melt, Melt and any of our consolidated subsidiaries. However, we may pursue acquisitions of revenue generating products, or drug candidate development, which could involve large expenditures or we may experience growth more rapidly or on a larger scale than we expect, any of which could result in the need for additional financing more rapidly than anticipated and could require us to seek additional financing to support our operations.

We expect to use our current cash position and funds generated from our operations and any financing to pursue our business plan commercializing drug candidates, compounded formulations and technologies, integrating and developing our operations, pursuing potential opportunities arise, including potential acquisitions of additional drug products, drug candidates, and/or assets or technologies, pharmacies, outside manufacturers, and otherwise fund our operations. We may also use our resources to conduct clinical trials or other studies in support of our efforts which we pursue FDA approval, to pursue additional development programs or to explore other development opportunities.

Net Cash Flow

The following provides detailed information about our net cash flows for the **nine** three months ended **September 30, 2023** March 31, 2024

	For the Nine Months Ended	
	2023	
Net cash (used in) provided by operating activities	\$	(4,856,000)
Net cash used in investing activities		(152,350,000)
Net cash provided by (used in) financing activities		126,546,000
Net (decrease) increase in cash and cash equivalents		(30,660,000)
Cash and cash equivalents at beginning of the period		96,270,000
Cash and cash equivalents at end of the period	\$	65,610,000

	For the Three Months Ended	
	March 31, 2024	
Net cash (used in) provided by:		
Operating activities	\$	(4,628,000)
Investing activities		(110,000)
Financing activities		(809,000)
Net change in cash and cash equivalents		(5,547,000)
Cash and cash equivalents at beginning of the period		74,085,000
Cash and cash equivalents at end of the period	\$	68,538,000

Operating Activities

Net cash (used in) provided by used in operating activities during the **nine** three months ended **September 30, 2023** March 31, 2024 was \$12,287,000 compared to cash provided by operating activities of \$5,417,000 during the same period in the prior year. The increase decrease in net cash used in operating activities was mainly attributed to an increase in revenues during 2023 and a decrease of \$8,396,000 in accounts receivable related to product sales collections during the **nine** three months ended **September 30, 2023** March 31, 2024 compared to an increase of \$2,309,000 in 2022, 2023. The increase in net cash used in operating activities in 2023 was also attributed impacted due to an increase in inventory level associated with the commercial launch of IHEEZO, product acquisitions and integrations and increased costs of goods sold.

Investing Activities

Net cash used in investing activities during the **nine** three months ended **September 30, 2023** March 31, 2024 was \$(152,350,000) compared to cash used in investing activities of \$(1,738,000) during the same period in the prior year. Cash used in investing activities in 2023 was primarily associated with related to Products Acquisition and VEVYE Acquisition, acquisition of five branded products which closed in January 2023. Cash used in investing activities was primarily associated with related to equipment and software purchases.

Financing Activities

Net cash provided by (used in) financing activities during the nine months ended September 30, 2023 and 2022 was \$126,546,000 compared to cash provided by financing activities of \$(809,000) during the same period in the prior year. Cash provided by financing activities during the **nine** three months ended **September 30, 2023** March 31, 2024 was primarily related to proceeds received from the sale of the notes and entering into loan arrangements, offset by payment of payroll equity instruments in exchange for shares withheld from employees.

Sources of Capital

Our principal sources of cash consist of cash provided by operating activities, and in 2022 and 2023, proceeds from the sale of the 2027 Loan and Oaktree Amendment. **activities**. We may also sell some or all of our ownership interests in Surface, Melt or our other subsidiaries, also a portion of our Eton common stock.

40

subsidiaries.

We may acquire new products, product candidates and/or businesses and, as a result, we may need significant additional capital to support proposed business operations. We may receive additional proceeds from the exercise of stock purchase warrants that are currently outstanding financing from a variety of sources, including other equity or debt financings, funding from corporate partnerships or licensing arrangements, a transaction. If we issue equity or convertible debt securities to raise additional funds, our existing stockholders may experience substantial dilution. Debt securities may have more favorable terms or rights, preferences and privileges senior to those of our existing stockholders. If we raise additional financing through licensing arrangements or sales of assets, we may be required to relinquish potentially valuable rights to our product candidates or proprietary technologies or licenses on terms that are not favorable to us. If we raise funds by incurring additional debt, we may be required to pay significant interest expenses or to our equity capitalization may increase. Obtaining commercial loans, assuming they would be available, would increase our liabilities and may impose restrictions on our activities, such as the financial and operating covenants. Further, we may incur substantial costs in pursuing transactions, including investment banking fees, legal fees, accounting fees, printing and distribution expenses and other costs. We may also incur expenses in connection with certain securities we may issue, such as convertible notes and warrants, which would adversely impact our financial

We may be unable to obtain financing when necessary as a result of, among other things, our performance, general economic conditions in our industry and pharmacy industries, or our operating history, including our past bankruptcy proceedings. In addition, the fact that we have a limited history of obtaining financing may affect the availability or cost to us of future financings. As a result, sufficient funds may not be available when needed from any source or, if available, on terms that are acceptable to us. If we are unable to raise funds to satisfy our capital needs when needed, then we may need to forego pursuit of acquisition opportunities, we may not be able to continue to operate our business pursuant to our business plan, which would require us to modify our business plan to a sustainable level by, among other things, delaying, scaling back or eliminating some or all of our ongoing or planned investments in research and development, sales and marketing and other activities, or we may be forced to discontinue our operations entirely.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

We maintain disclosure controls and procedures that are designed to ensure that information required to be disclosed in our reports under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), is recorded, processed, summarized and reported within the time periods specified by the SEC, and that such information is accumulated and communicated to our management, including our principal executive officer and principal financial officer, in a manner that allows for timely decisions regarding required disclosure.

Under the supervision and with the participation of our principal executive officer and principal financial officer, our management conducted an evaluation of our disclosure controls and procedures, as such term is defined under Rule 13a-15(e) promulgated under the Exchange Act, as they existed on September 30, 2023. In this evaluation, our principal executive officer and principal financial officer have concluded that our disclosure controls and procedures were effective as of September 30, 2023. March 31, 2024, the end of the period covered by this Quarterly Report.

Changes in Internal Control over Financial Reporting

There has been no change in our internal control over financial reporting (as defined in Rule 13a-15(f) under the Exchange Act) during the period ended March 31, 2024, that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

OTHER INFORMATION**

Item 1. Legal Proceedings

See Note 16 14 to our unaudited condensed consolidated financial statements included in this Quarterly Report for information on incorporated into this Item by reference.

Item 1A. Risk Factors

In addition to the other information contained in this Quarterly Report you should consider the risk factors and the other information for the year ended December 31, 2022 December 31, 2023, including our audited financial statements and the related notes and “Management Financial Condition and Results of Operations.” If any such risks actually occur, our business, financial condition, results of operations and future materially and adversely affected. In these circumstances, the market price of our common stock would likely decline and you may lose all or part of your investment. Additional risks and uncertainties not presently known to us or that we currently deem immaterial also may impair our business operations.

Our sales depend on coverage and reimbursement from government and commercial third-party payers, and pricing and reimbursement pressure to continue to affect, our profitability.

Sales of our branded products depend on the availability and extent of coverage and reimbursement from third-party payers, including government and private insurance plans. Governments and private payors continue to pursue initiatives to manage drug utilization and contain costs. Further, post the pandemic, the economic downturn and inflation continue and are likely to increase across the markets we serve. Payors are increasingly focused on cost containment and are expected to continue to result, in lower reimbursement rates for our branded products or narrower populations for which payors will pay. Increased scrutiny of the price of drugs and other healthcare costs, together with payor dynamics, have limited, and are likely to continue to limit, our ability to raise prices for our products based on their value, which can have a material adverse effect on our business. In the United States, particularly over the past few years, various proposals have been introduced and/or signed into law that attempt to lower drug prices. These include legislation promulgated by the IRA that limits the ability to increase drug prices for certain drugs in Medicare, redesigns Medicare Part D benefits to shift a greater portion of the costs to manufacturers, and enables the use of reference pricing if drug prices are increased at a rate faster than inflation in addition to rebates imposed on manufacturers associated with drug waste (which we refer to as TRISENCE). Additional proposals focused on drug pricing continue to be debated, and additional executive orders focused on drug pricing have been adopted and implemented in some form. Government actions or ballot initiatives at the state level also represent a highly active area of policy making. We are pursuing proposals that limit drug reimbursement under state-run Medicaid programs based on reference prices or permitting importation of drugs. We may also eventually be adopted at the federal level. Relatedly, despite IHEEZO being issued a J-Code for physician-office billing, CMS has announced a rule which has historically not allowed for the separate billing of anesthesia services in the physician's office, which could be viewed in conflict with our current in-office applications. Because our application for a J-Code for IHEEZO specifically disclosed the likely significant utilization of IHEEZO in the office setting along with additional communications to this effect, we intend to request that CMS clarify that J-Code 2403, IHEEZO's permanent J-Code for anesthesia itself (i.e., IHEEZO in our case) in the physician's office setting. If CMS disagrees with our position, it is possible the separate reimbursement for IHEEZO will be limited to the surgical setting only (e.g., ASCs).

We cannot predict which or how many policy, regulatory, administrative, or legislative changes may ultimately be or effectively estimate the impact of such changes, if enacted and implemented. However, to the extent that payer actions further decrease or modify the coverage or reimbursement available for our products, increased rebates or shift other costs to us, limit or affect our decisions regarding the pricing of or otherwise reduce the use of our products, we expect such actions to have a material adverse effect on our business and results of operations.

SECOND AMENDMENT TO LICENSE AND SUPPLY AGREEMENT

This Second Amendment (the “Second Amendment”) is made and entered into as of the 4th day of August, 2023 (the “Second Amendment”) between Sintetica S.A., a Swiss corporation having its principal place of business at Via Penate 5, 6850 Mendrisio, Switzerland, (“Sintetica”) limited liability company having its principal place of business at 102 Woodmont Blvd., Suite 610, Nashville, TN 37205 USA, (“Harrow”), referred to herein individually as a “Party” and collectively as the “Parties.”

WHEREAS Sintetica and Harrow previously entered into a License and Supply Agreement with a Signing Date of July 25, 2021, as a “Agreement”);

WHEREAS Harrow wishes to pay Sintetica and Sintetica wishes to receive from Harrow the milestone payments for Milestone Number 7.2(a)(i) and 7.2(a)(ii)(a), and at a discounted amount; and

WHEREAS, Sintetica and Harrow desire to amend the Agreement as set forth herein.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, and with the intent that the parties hereby agree as follows:

1. All capitalized terms used in this Second Amendment but not defined shall have the meanings ascribed to them under the terms of the Agreement.
2. Replace Section 7.2(d) in its entirety with the following:
(d) As of the Second Amendment Effective Date, Harrow has paid to Sintetica and Sintetica has received from Harrow the milestone payments for Milestone Numbers 7.2(a)(i) and 7.2(a)(ii)(a), and the conditions for payment of Milestone Numbers 7.2(a)(ii)(b) and 7.2(a)(ii)(c) are deemed to have been satisfied. Harrow shall pay to Sintetica an amount equal to four million four hundred fifty thousand dollars (\$4,450,000.00) for full satisfaction of Milestone Numbers 7.2(a)(ii)(b) and 7.2(a)(ii)(c) (“Final Milestone Payment”). Once Sintetica receives the Final Milestone Payment, Harrow shall pay to Sintetica pursuant to Section 7.2.
3. Replace Section 11.7(v) in its entirety with the following:
(v) Notwithstanding 11.7(iii), for any and all terminations by Sintetica under Section 11.2, or Section 11.3, Section 11.6(a), Section 11.7, or Section 11.8, the amount due in accordance with Section 7.2(a)(ii)(b) and Section 7.2(a)(ii)(c), if not already paid, shall become immediately due and payable, as if not already paid, set forth in Section 7.2 if Sintetica has already made the PDUFA filing fee payment pursuant to Section 4.2.
4. Replace Section 11.7(vi) in its entirety with the following:
(vi) Harrow shall have the right to sell or otherwise dispose of any inventory of the Product on hand at the time of such termination. Harrow shall make payments to Sintetica in accordance with Section 7.2(a)(ii)(b) and Section 7.2(a)(ii)(c) or Section 7.4, if not already paid.
5. In all other respects, the terms and conditions of the Agreement will remain in full force and effect as written; provided, however, that the Second Amendment will control over the terms and conditions of the Agreement to the extent there are any inconsistencies between the Agreement and this Second Amendment.
