AsÂ ofÂ DecemberÂ 31,Â 2024,Â theÂ totalÂ unrecognizedÂ compensationÂ costÂ relatedÂ toÂ stockÂ optionsÂ wasÂ $3.5Â million,Â whichÂ the Company expects toÂ recognize over two years. As ofÂ December 31, 2024,Â the total unrecognizedÂ compensation cost relatedÂ to restricted stock awards was $6.3Â million, which the Company expects to recognize over two years.During the three monthsÂ ended December 31,Â 2024 and 2023, theÂ Company recorded a deferredÂ tax benefit of $0.5Â million and $0.3Â million, respectively,Â related to the stock-based compensation chargeÂ recognized related to employees of Lesaka.Â During the six monthsÂ endedÂ DecemberÂ 31,Â 2024Â andÂ 2023,Â theÂ CompanyÂ recordedÂ aÂ deferredÂ taxÂ benefitÂ ofÂ $0.8Â millionÂ andÂ $0.3Â million, respectively,Â relatedÂ to theÂ stock-basedÂ compensationÂ chargeÂ recognizedÂ relatedÂ to employeesÂ of Lesaka.Â DuringÂ these periodsÂ the Company recorded a valuation allowance related to the full deferred tax benefit recognizedÂ because it does not believe that

the stock-based compensationÂ deduction wouldÂ be utilizedÂ as itÂ does notÂ anticipate generatingÂ sufficient taxableÂ income inÂ the UnitedÂ States. The Company deductsÂ the difference betweenÂ the market value onÂ the date of exerciseÂ by the optionÂ recipient and theÂ exercise price from income subject to taxation in the United States. 37 14.Â (Loss) Earnings per share The CompanyÂ has issued redeemableÂ common stockÂ which is redeemableÂ at an amountÂ other thanÂ fair value.Â Redemption ofÂ a class ofÂ common stockÂ at otherÂ than fairÂ value increasesÂ or decreasesÂ the carryingÂ amount ofÂ the redeemableÂ common stockÂ and is reflected in basic earningsÂ per share using the two-classÂ method. There were noÂ redemptions of common stock, orÂ adjustments to the carrying valueÂ of the redeemableÂ common stockÂ during the threeÂ and six monthsÂ ended December 31,Â 2024 and 2023.Â Accordingly, the two-class methodÂ presented below doesÂ not include the impactÂ of any redemption.Â The Companyâ€™sÂ redeemable common stockÂ is described in Note 14 to the Companyâ€™sÂ audited consolidated financial statements included in its Annual Report on Form 10-KÂ for the year ended June 30, 2024. Basic (loss) earnings per shareÂ includes shares of restricted stock thatÂ meet the definition of aÂ participating security because these shares are eligibleÂ to receive nonÂ -forfeitable dividendÂ equivalents at theÂ same rate asÂ common stock.Â Basic (loss) earningsÂ per share has been calculated usingÂ the two-class method andÂ basic (loss) earnings perÂ share for the threeÂ and six months endedÂ December 31, 2024 andÂ 2023, reflectsÂ only undistributedÂ earnings. TheÂ computation belowÂ of basicÂ (loss) earningsÂ per shareÂ excludes theÂ net loss
attributableÂ toÂ sharesÂ ofÂ unvestedÂ restrictedÂ stockÂ (participatingÂ non-vestedÂ restrictedÂ stock)Â fromÂ theÂ numeratorÂ andÂ excludesÂ the dilutive impact of these unvested shares of restricted stock from the denominator. Diluted (loss)Â earningsÂ per shareÂ has beenÂ calculatedÂ to giveÂ effectÂ to theÂ numberÂ of sharesÂ of additionalÂ commonÂ stock that would haveÂ been outstandingÂ if theÂ potential dilutiveÂ instruments hadÂ been issuedÂ in eachÂ period. StockÂ options areÂ included inÂ the calculation of diluted (loss) earnings per share utilizing the treasuryÂ stock method and are not considered to beÂ participating securities, as theÂ stock optionsÂ do notÂ contain non-forfeitableÂ dividend rights.Â The CompanyÂ has excludedÂ employee stockÂ options toÂ purchase 257,445Â and 51,704Â shares of commonÂ stock from the calculationÂ of diluted loss perÂ share during theÂ three months ended December 31, 2024 and 2023 because the effect would be antidilutive.Â The Company has excluded employee stock options toÂ purchase 338,725and 46,756Â shares ofÂ common stockÂ from theÂ calculation ofÂ diluted lossÂ per shareÂ during theÂ six monthsÂ ended DecemberÂ 31, 2024 and 2023, because the effect would be antidilutive. TheÂ calculationÂ of dilutedÂ (loss) earningsÂ perÂ shareÂ includes theÂ dilutiveÂ effectÂ ofÂ a portionÂ of theÂ restrictedÂ stock grantedÂ to employeesÂ asÂ theseÂ sharesÂ ofÂ restrictedÂ stockÂ areÂ consideredÂ contingentlyÂ returnableÂ sharesÂ forÂ theÂ purposesÂ ofÂ theÂ dilutedÂ (loss) earnings per share calculation and the vesting conditions in respect ofÂ a portion of the restricted stock had been satisfied. Â 38 14.Â (Loss) Earnings per share (continued) The vesting conditions for all awards made are discussed in Note 17 to the Companyâ€™s audited consolidated financial statements included in its Annual Report on Form 10-K for the year ended JuneÂ 30, 2024.

The Company isÂ working on obtaining aÂ separate lending facility toÂ fund a portion ofÂ its Consumer lending during theÂ twelve monthsÂ ended JuneÂ 30, 2025.Â The CompanyÂ expected toÂ have thisÂ facility inÂ place onÂ July 1,Â 2024, however,Â the Company hasÂ been unable toÂ finalize terms asÂ the separateÂ lending facilityÂ will form partÂ of a broaderÂ refinancing ofÂ the Companyâ€™s facilities. Therefore, the Company has included an intercompany interest expense in its Consumer Segment Adjusted EBITDA forÂ the three andÂ six monthsÂ ended DecemberÂ 31, 2024. TheÂ Company doesÂ not allocateÂ once-off items,Â stock-based compensationÂ charges, depreciation and amortization, impairmentÂ of goodwill or other intangible assets, otherÂ items (including gains or losses on disposalÂ of investments, fairÂ value adjustmentsÂ to equityÂ securities), interestÂ income, certainÂ interest expense,Â income taxÂ expense orÂ loss from equity-accounted investments toÂ its reportable segments.Â Group costs generallyÂ include: employee relatedÂ costs in relationÂ to employees specifically hiredÂ for groupÂ roles andÂ related directlyÂ to managingÂ the US-listedÂ entity; expendituresÂ related toÂ compliance withÂ the Sarbanes-Oxley Act ofÂ 2002; non-employee directorsâ€™Â fees; legalÂ fees; group andÂ US-listed relatedÂ audit fees; andÂ directors and officerâ€™s insurance premiums.Â Once-offÂ items representÂ non-recurringÂ expense items,Â including costsÂ relatedÂ to acquisitionsÂ and transactions consummatedÂ orÂ ultimatelyÂ notÂ pursued.Â UnrealizedÂ lossÂ FVÂ forÂ currencyÂ adjustmentsÂ representsÂ foreignÂ currencyÂ mark-to-market adjustmentsÂ onÂ certainÂ intercompanyÂ accounts.Â InterestÂ adjustmentÂ representsÂ theÂ intercompanyÂ interestÂ expenseÂ includedÂ inÂ the Consumer Segment Adjusted EBITDA. The Stock-based compensation adjustments reflect stock-based compensation expense and are excluded from the calculation of Segment AdjustedÂ EBITDA and are therefore reported as reconcilingÂ items to reconcile the reportable segmentsâ€™ Segment Adjusted EBITDA to the Companyâ€™s loss before income tax expense. Effective from fiscal 2025, all lease charges are allocated to the Companyâ€™s operatingÂ segments, whereas in fiscal 2024 the Company presented certain lease charges onÂ a separate line outside ofÂ its operatingÂ segments. Prior periodÂ information has beenÂ re-presented to includeÂ the leaseÂ charges which wereÂ previously reported on a separate line in the Companyâ€™s Consumer and MerchantÂ (now Merchant, Enterprise and Consumer) operating segments. The reconciliation of the reportableÂ segmentsâ€™ measure of profit orÂ loss to loss before income taxesÂ for the three and six months ended December 31, 2024 and 2023, is as follows:Â Three months ended Six months ended December 31, December 31, 2024 2023 2024 2023 Reportable segments' measure of profit or lossÂ $ 14,630$ 10,963$ 26,942$ 20,808Operating loss: Group costs (2,820)(2,011)(5,769)(3,833)Once-off costs (488)816(2,293)738Interest adjustment 757- 1,588-Unrealized Loss FV for currency adjustments (435)122(216)20Stock-based compensation charge adjustments (2,644)(1,804)(5,021)(3,563)Depreciation and amortization (8,223)(5,813)(14,499)(11,669)Loss on disposal of equity-accounted investments (161)-(161)-Change in fair value of equity securities (33,731)-(33,731)-Reversal of allowance of EMI doubtful debt ---250Interest incomeÂ 7214851,307934Interest expenseÂ (6,174)(4,822)(11,206)(9,731)Loss before income tax expense $ (38,568)$ (2,064)$ (43,059)$ (6,046) Â Â Â Â 45 18.Â Operating segments (continued) Operating segments (continued)The following tables summarizeÂ supplemental segment informationÂ for the three and six monthsÂ ended December 31, 2024 and 2023:Â Three months ended Six months ended December 31, December 31, 2024 2023 2024 2023 Revenues Merchant $ 115,811$ 117,182$ 231,441$ 229,243Enterprise 8,93311,92120,81521,388Consumer 22,92916,70744,00132,287Total reportable segmentÂ revenue 147,673145,810296,257282,918Segment Adjusted EBITDA Merchant(1)(2)10,3197,49717,87314,407Enterprise(2)(31)8913311,706Consumer(1)(2)4,3422,5758,7384,695Total Segment AdjustedÂ EBITDA 14,63010,96326,94220,808Depreciation and amortization Merchant 3,0271,9445,2543,904Enterprise 9497194215Consumer 235179437348Subtotal: Operating segmentsÂ 3,3562,2205,8854,467Group costs 4,8673,5938,6147,202TotalÂ 8,2235,81314,49911,669Expenditures for long-lived assets Merchant 5,7832,0529,6694,736Enterprise 242646105Consumer 511120568166Subtotal: Operating segmentsÂ 6,3182,19810,2835,007Group costs ----TotalÂ $ 6,318$ 2,198$ 10,283$ 5,007(1) Segment AdjustedÂ EBITDA for theÂ three months ended DecemberÂ 31, 2024, includesÂ retrenchments costs forÂ Consumer of $0.01Â million (ZAR 0.1Â million). Segment Adjusted EBITDAÂ for Merchant includes retrenchment costsÂ of $0.2Â million (ZAR 4.7Â million) andÂ Consumer includesÂ retrenchment costsÂ of $0.2Â million (ZAR 2.8Â million) for the six months ended December 31, 2023.The segmentÂ information asÂ reviewed byÂ the chief operatingÂ decision makerÂ does not includeÂ a measure ofÂ segment assets per segment as all ofÂ the significant assets areÂ used in the operationsÂ of all, rather thanÂ any one, of the segments.Â The Company doesÂ not have dedicated assetsÂ assigned to aÂ particular operating segment.Â Accordingly,Â it is not meaningfulÂ to attempt an arbitraryÂ allocation and segment asset allocation is therefore not presented. 46 19.Â Income tax Income tax in interim periods For the purposes of interimÂ financial reporting, the CompanyÂ determines the appropriate incomeÂ tax provision by firstÂ applying the effectiveÂ tax rateÂ expected toÂ be applicableÂ for theÂ full fiscalÂ year toÂ ordinary income.Â This amountÂ is thenÂ adjusted forÂ the tax effectÂ ofÂ significantÂ unusualÂ items,Â forÂ instance,Â changesÂ inÂ taxÂ law,Â valuationÂ allowancesÂ andÂ non-deductibleÂ transaction-related expenses thatÂ are reportedÂ separately,Â and have anÂ impact on theÂ tax charge.Â The cumulative effectÂ of any changeÂ in the enactedÂ tax rate, if and when applicable, on the opening balance of deferred tax assetsÂ and liabilities is also included in the tax charge as a discrete event in the interim period in which the enactment date occurs.

ForÂ theÂ threeÂ andÂ sixÂ monthsÂ endedÂ DecemberÂ 31,Â 2024,Â theÂ Companyâ€™sÂ effectiveÂ taxÂ rateÂ wasÂ impactedÂ byÂ theÂ tax expense recorded by theÂ Companyâ€™s profitable South African operations,Â non-deductible expenses (including transaction-related expenditures), the on-goingÂ losses incurredÂ by certain ofÂ the Companyâ€™sÂ South AfricanÂ businesses and theÂ associated valuationÂ allowances created related to the deferred tax assets recognized regarding net operating losses incurredÂ by these entities. ForÂ theÂ threeÂ andÂ sixÂ monthsÂ endedÂ DecemberÂ 31,Â 2023,Â theÂ Companyâ€™sÂ effectiveÂ taxÂ rateÂ wasÂ impactedÂ byÂ theÂ tax expense recorded by the Companyâ€™sÂ profitable South African operations,Â non-deductible expenses, theÂ on-going losses incurredÂ by certain of the Companyâ€™s South African businesses and the associated valuation allowances created related to the deferred tax assets recognized regarding net operating losses incurred by these entities. Uncertain tax positions As of three months ended December 31, 2024 and June 30, 2023, the Company had noÂ unrecognized tax benefits. The Company files incomeÂ tax returnsÂ mainly inÂ South Africa,Â Botswana, NamibiaÂ and inÂ the U.S.Â federal jurisdiction.Â As ofÂ December 31,Â 2024, the Companyâ€™s South African subsidiaries are no longer subject to income tax examination by the South African Revenue ServiceÂ for periods beforeÂ June 30,Â 2020. TheÂ Company isÂ subject toÂ income taxÂ in otherÂ jurisdictions outsideÂ South Africa,Â none ofÂ which are individually material to its financial position, statement of cash flows, or results of operations.Â 20.Â Commitments and contingencies Guarantees The South AfricanÂ Revenue Service andÂ certain of theÂ Companyâ€™s customers,Â suppliers and otherÂ business partners haveÂ asked the CompanyÂ to provideÂ them withÂ guarantees, includingÂ standby lettersÂ of credit,Â issued byÂ South AfricanÂ banks. TheÂ Company is required to procure these guarantees for these third parties to operateÂ its business. RMB hasÂ issuedÂ guaranteesÂ toÂ theseÂ thirdÂ partiesÂ amountingÂ toÂ ZAR 33.1Â millionÂ ($1.8Â million,Â translatedÂ atÂ exchangeÂ rates applicable as of December 31, 2024) thereby utilizing part of the Companyâ€™sÂ short-term facilities. The Company pays commission of between 3.42% per annum to 3.44% per annum of the faceÂ value of these guarantees and doesÂ not recover any of the commissionÂ from third parties. Nedbank hasÂ issued guaranteesÂ to theseÂ third partiesÂ amounting toÂ ZAR 2.1Â million ($0.1Â million, translatedÂ at exchangeÂ rates applicable as of December 31, 2024) thereby utilizing part of the Companyâ€™sÂ short-term facilities. The Company pays commission of between 0.47% per annum to 1.84% per annum of the faceÂ value of these guarantees and doesÂ not recover any of the commissionÂ from third parties. The Company has not recognized any obligation related to these guarantees in its consolidated balance sheet as of December 31, 2024. The maximumÂ potential amount thatÂ the Company couldÂ pay under theseÂ guarantees is ZAR 35.2Â million ($2.1Â million, translated at exchangeÂ rates applicableÂ as ofÂ December 31,Â 2024). AsÂ discussed inÂ Note 9,Â the CompanyÂ has cededÂ and pledgedÂ certain bank accounts to Nedbank asÂ security for the guaranteesÂ issued by themÂ with an aggregate valueÂ of ZAR 2.1Â million ($0.1Â million, translated atÂ exchangeÂ ratesÂ applicableÂ asÂ ofÂ DecemberÂ 31,Â 2024).Â TheÂ guaranteesÂ haveÂ reducedÂ theÂ amountÂ availableÂ underÂ its indirectÂ and derivative facilities in the Companyâ€™sÂ short-term credit facilities described in Note 9. Contingencies TheÂ CompanyÂ isÂ subjectÂ toÂ aÂ varietyÂ ofÂ insignificantÂ claimsÂ andÂ suitsÂ thatÂ ariseÂ fromÂ timeÂ toÂ timeÂ inÂ theÂ ordinaryÂ courseÂ of business. ManagementÂ currently believesÂ that theÂ resolution ofÂ these otherÂ matters, individuallyÂ or inÂ the aggregate,Â will notÂ have a material adverse impact on the Companyâ€™sÂ financial position, results of operations or cash flows. 47 21.Â Subsequent events Proposed acquisition of Recharger On November 20, 2024,Â the Company announced theÂ acquisition of Recharger (Pty)Â Ltd (â€œRechargerâ€).Â The acquisition isÂ subject toÂ theÂ satisfactionÂ ofÂ customaryÂ closingÂ conditions,Â includingÂ certainÂ regulatoryÂ approvals.Â AsÂ ofÂ JanuaryÂ 29,Â 2025,Â all regulatory approvals, including approval byÂ the Competition Commission (SouthÂ Africa), were satisfied. The acquisitionÂ is expected to close in the third quarter of fiscal 2025. The purchaseÂ consideration ofÂ ZAR 507Â million willÂ be paidÂ over twoÂ tranches withÂ the first trancheÂ settled at closingÂ and the second trancheÂ a year later.Â The purchase considerationÂ will be settledÂ through aÂ combination ofÂ ZAR 332Â million in cashÂ and ZAR 175Â million in shares ofÂ the Companyâ€™sÂ common stock. The shareÂ price applied to determineÂ the number of sharesÂ of common stock to beÂ issued forÂ the equityÂ consideration will beÂ based onÂ the volume-weightedÂ average priceÂ of the Companyâ€™sÂ common sharesÂ for the three-month period priorÂ to the disbursalÂ of each tranche. TheÂ Company will alsoÂ make a ZAR 43Â million contribution to Recharger at closing which will be used exclusively to repay a loan due by RechargerÂ to the seller. The Company expects the acquisitionÂ to act as anÂ entry point for itÂ into the South AfricanÂ private utilities space whileÂ augmenting the Enterprise divisionâ€™s alternativeÂ payment offering. As ofÂ January 29, 2025,Â all regulatory approvals,Â including approval byÂ the Competition Commission, have been satisfied. TheÂ transaction is expected toÂ close in the third quarterÂ of fiscal 2025, onceÂ the remaining procedural customary closing conditions are satisfied.Â The purchaseÂ consideration ofÂ ZAR 507Â million willÂ be paidÂ over twoÂ tranches withÂ the first trancheÂ settled at closingÂ and the second trancheÂ a year later.Â The purchase considerationÂ will be settledÂ through aÂ combination ofÂ ZAR 332 millionÂ in cash andÂ ZAR 175 millionÂ in sharesÂ of ourÂ common stock.Â The shareÂ price appliedÂ to determineÂ the numberÂ of sharesÂ of ourÂ common stockÂ to be issued for the equity consideration will be based on the volume-weighted average priceÂ of our shares for the three-month period prior toÂ theÂ disbursalÂ ofÂ eachÂ tranche. We willÂ alsoÂ makeÂ aÂ ZARÂ 43Â millionÂ contributionÂ toÂ RechargerÂ atÂ closingÂ whichÂ willÂ beÂ used exclusively to repay a loan due by Recharger to the seller.

WeÂ expectÂ theÂ acquisitionÂ toÂ actÂ as anÂ entryÂ pointÂ forÂ usÂ intoÂ theÂ SouthÂ AfricanÂ private utilitiesÂ spaceÂ whileÂ augmentingÂ the Enterprise divisionâ€™s alternativeÂ payment offering. Improvement in our Broad Based Black EconomicÂ Empowerment (â€œB-BBEEâ€) rating to level 3 B-BBEE isÂ a keyÂ strategic priorityÂ for us. AchievementÂ of B-BBEEÂ objectives isÂ measured byÂ a scorecardÂ which establishesÂ a weightingÂ forÂ variousÂ elements.Â ScorecardsÂ areÂ independentlyÂ reviewedÂ byÂ accreditedÂ BEEÂ verificationÂ agenciesÂ whichÂ issueÂ a certificate that presents an entityâ€™s BEE Contributor Status Level, withÂ level 1 being the highestÂ and â€œno ratingâ€ (a levelÂ below level 8) as the lowest. During fiscal 2025 we reported that our independently verified B-BBEE rating improved to a level 3 rating from a level 4 rating achieved in fiscal year 2024. Â 53 Critical Accounting PoliciesOur unaudited condensed consolidatedÂ financial statements have beenÂ prepared in accordance with U.S.Â GAAP,Â which requires managementÂ toÂ makeÂ estimatesÂ andÂ assumptionsÂ aboutÂ futureÂ eventsÂ thatÂ affectÂ theÂ reportedÂ amountÂ ofÂ assetsÂ andÂ liabilitiesÂ and disclosureÂ ofÂ contingentÂ assets andÂ liabilities.Â As futureÂ eventsÂ andÂ theirÂ effectsÂ cannot beÂ determinedÂ withÂ absoluteÂ certainty,Â the determinationÂ ofÂ estimatesÂ requiresÂ managementâ€™sÂ judgmentÂ basedÂ onÂ aÂ varietyÂ ofÂ assumptionsÂ andÂ otherÂ determinantsÂ suchÂ as historical experience, current and expected market conditions and certain scientific evaluation techniques. Critical accounting policies are thoseÂ that reflectÂ significant judgmentsÂ or uncertaintiesÂ and mayÂ potentially resultÂ in materiallyÂ differentÂ results underÂ different assumptionsÂ andÂ conditions.Â WeÂ haveÂ identifiedÂ theÂ followingÂ criticalÂ accountingÂ policies thatÂ areÂ describedÂ inÂ moreÂ detailÂ inÂ our Annual Report on Form 10-K for the year ended June 30, 2024: Â â—Business Combinations and the Recoverability of Goodwill; â—Intangible Assets Acquired Through Acquisitions; â—Revenue recognition â€“ principal versus agent considerations; â—ValuationÂ of investment in Cell C; â—Recoverability of equity securities and equity-accounted investments; â—Deferred Taxation; â—Stock-based Compensation; â—Accounts Receivable and Allowance for Doubtful Accounts Receivable;Â and â—Lending. Recent accounting pronouncements adoptedRefer to NoteÂ 1 toÂ our unaudited condensedÂ consolidated financial statementsÂ for a fullÂ description of accountingÂ pronouncements adopted, including the dates of adoption and the effects onÂ our unaudited condensed consolidated financial statements. ReferÂ toÂ NoteÂ 1Â toÂ ourÂ unauditedÂ condensedÂ consolidatedÂ financialÂ statementsÂ forÂ aÂ fullÂ descriptionÂ ofÂ recentÂ accounting pronouncementsÂ notÂ yetÂ adoptedÂ asÂ ofÂ DecemberÂ 31,Â 2024,Â includingÂ theÂ expectedÂ datesÂ ofÂ adoptionÂ andÂ effectsÂ onÂ ourÂ financial condition, results of operations and cash flows. Currency Exchange Rate InformationÂ Actual exchange rates The actual exchange rates for and at the end of the periods presented wereÂ as follows: Table 1 Three months ended Six months ended YearÂ ended December 31, December 31, June 30, 2024 2023 2024 2023 2024 ZAR : $ average exchange rateÂ 17.9054 18.7313 17.9327 18.6885 18.7070 Highest ZAR : $ rate during periodÂ 18.8296 19.4568 18.8296 19.4568 19.4568 Lowest ZAR : $ rate during periodÂ 17.3354 18.2076 17.1144 17.6278 17.6278 Rate at end of periodÂ 18.8296 18.2982 18.8296 18.2982 18.1808 Â 54 Translation exchangeÂ rates for financial reporting purposesWe are requiredÂ to translate our results of operations from ZAR to U.S. dollars on a monthlyÂ basis. Thus, the average rates used to translate thisÂ data forÂ the three andÂ six months endedÂ December 31, 2024Â and 2023, varyÂ slightly from theÂ averages shownÂ in the table above. Except asÂ described below,Â the translation rates weÂ use in presenting ourÂ results of operations areÂ the rates shown inÂ the following table: Three months ended Six months ended YearÂ ended Table 2 December 31, December 31, June 30, 2024 2023 2024 2023 2024 Income and expense items: $1 = ZARÂ 17.8495 18.7108 17.7967 18.7124 18.6844 Balance sheet items: $1 = ZARÂ 18.8296 18.2982 18.8296 18.2982 18.1808 WeÂ have translatedÂ the resultsÂ of operationsÂ and operatingÂ segment informationÂ for theÂ three andÂ six monthsÂ ended December 31, 2024Â and 2023,Â provided inÂ the tablesÂ below usingÂ the actualÂ average exchangeÂ rates perÂ month (i.e.Â for eachÂ of OctoberÂ 2024, NovemberÂ 2024,Â andÂ DecemberÂ 2024Â forÂ theÂ secondÂ quarterÂ ofÂ fiscalÂ 2025)Â betweenÂ theÂ USDÂ andÂ ZARÂ inÂ orderÂ toÂ reduceÂ the reconciliationÂ of informationÂ presented toÂ our chiefÂ operating decisionÂ maker.Â The impactÂ of usingÂ this methodÂ compared withÂ the average rate for theÂ quarter and year toÂ date is not significant,Â however, it does result inÂ minor differences. We believe that presentation usingÂ theÂ averageÂ exchangeÂ ratesÂ perÂ monthÂ comparedÂ withÂ theÂ averageÂ exchangeÂ rateÂ perÂ quarterÂ andÂ yearÂ toÂ dateÂ improvesÂ the accuracy of the information presented in our external financialÂ reporting and leads to fewer differences between our external reporting measures which are supplementally presented in ZAR, and our internal managementÂ information, which is also presented in ZAR. Results of OperationsThe discussionÂ of ourÂ consolidated overallÂ results ofÂ operations isÂ based onÂ amounts asÂ reflectedÂ in ourÂ unaudited condensed consolidated financialÂ statements whichÂ are preparedÂ in accordanceÂ with U.S.Â GAAP.Â WeÂ analyze ourÂ results ofÂ operations bothÂ in U.S. dollars, as presented in the unaudited condensed consolidatedÂ financial statements, and supplementally in ZAR, because ZAR is the functionalÂ currency ofÂ the entitiesÂ which contributeÂ the majorityÂ of ourÂ results andÂ is theÂ currency inÂ which theÂ majority ofÂ our transactionsÂ areÂ initiallyÂ incurredÂ andÂ measured.Â PresentationÂ of ourÂ reportedÂ resultsÂ in ZARÂ is aÂ non-GAAPÂ measure.Â DueÂ toÂ the significant impact of currencyÂ fluctuations between the U.S.Â dollar and ZAR onÂ our reported results and becauseÂ we use the U.S.Â dollar as our reportingÂ currency,Â we believe thatÂ the supplemental presentationÂ of our resultsÂ of operations inÂ ZAR is usefulÂ to investors to understand the changes in the underlying trends of our business.Â 55

OurÂ operatingÂ segmentÂ revenueÂ presentedÂ inÂ â€œâ€”ResultsÂ ofÂ operationsÂ byÂ operatingÂ segmentâ€Â representsÂ totalÂ revenueÂ per operating segment before intercompanyÂ eliminations. A reconciliation betweenÂ total operating segment revenue andÂ revenue, as well asÂ theÂ reconciliationÂ betweenÂ ourÂ segmentÂ performanceÂ measureÂ andÂ netÂ lossÂ beforeÂ taxÂ (benefits)Â expense,Â isÂ presentedÂ inÂ our unauditedÂ condensedÂ consolidatedÂ financialÂ statementsÂ inÂ NoteÂ 18Â toÂ thoseÂ statements.Â OurÂ chiefÂ operatingÂ decisionÂ makerÂ isÂ our ExecutiveÂ ChairmanÂ andÂ heÂ evaluatesÂ segmentÂ performanceÂ basedÂ onÂ segmentÂ earningsÂ beforeÂ interest,Â tax,Â depreciationÂ and amortizationÂ (â€œEBITDAâ€),Â adjustedÂ forÂ itemsÂ mentionedÂ inÂ theÂ nextÂ sentenceÂ (â€œSegmentÂ AdjustedÂ EBITDAâ€)Â forÂ eachÂ operating segment.Â WeÂ do notÂ allocate onceÂ -offÂ items (asÂ defined below),Â stock-basedÂ compensation charges,Â depreciationÂ and amortization, impairmentÂ ofÂ goodwillÂ orÂ otherÂ intangibleÂ assets,Â otherÂ itemsÂ (includingÂ gainsÂ orÂ lossesÂ onÂ disposalÂ ofÂ investments,Â fairÂ value adjustments to equity securities, fair value adjustments toÂ currency options), interest income, interest expense, incomeÂ tax expense or loss from equity-accounted investmentsÂ to our reportable segments. Once-offÂ items represent non-recurring expense items,Â including costs relatedÂ toÂ acquisitionsÂ andÂ transactionsÂ consummatedÂ orÂ ultimatelyÂ notÂ pursued.Â The Stock-basedÂ compensationÂ adjustments reflect stock-based compensation expense and are both excludedÂ from the calculation of Segment Adjusted EBITDAÂ and are therefore reported as reconciling items to reconcile the reportable segmentsâ€™Â Segment Adjusted EBITDA to our loss before incomeÂ tax expense. Effective from fiscal 2025, all lease charges are allocated to our operating segments, whereas inÂ fiscal 2024 we presented certain lease chargesÂ onÂ aÂ separateÂ lineÂ outsideÂ ofÂ ourÂ operatingÂ segments.Â PriorÂ periodÂ informationÂ hasÂ beenÂ re-presentedÂ toÂ includeÂ theÂ lease chargesÂ whichÂ wereÂ previouslyÂ reportedÂ onÂ aÂ separateÂ lineÂ inÂ ourÂ ConsumerÂ andÂ MerchantÂ (andÂ nowÂ Merchant,Â ConsumerÂ and Enterprise)Â operating segments.

GroupÂ AdjustedÂ EBITDAÂ representsÂ SegmentÂ AdjustedÂ EBITDAÂ afterÂ deductingÂ groupÂ costs.Â ReferÂ alsoÂ â€œResultsÂ of Operationsâ€”Use of Non-GAAP Measuresâ€ below. Our fiscal 2025 financialÂ results include Adumo fromÂ October 1, 2024. AdumoÂ is not included in ourÂ financial results for fiscal 2024. WeÂ analyze ourÂ business andÂ operationsÂ in termsÂ of threeÂ inter-relatedÂ but independentÂ operating segments:Â (1) MerchantÂ (2) Enterprise and (3) Consumer.Â In addition, corporate activitiesÂ that are impracticable toÂ allocate directly to theÂ operating segments, as well as any inter-segment eliminations, are included in Group costs. Inter-segment revenue eliminations are includedÂ in Eliminations.Â Second quarter of fiscal 2025 compared to second quarterÂ of fiscal 2024 The following factors hadÂ a significant impact onÂ our results of operationsÂ during the second quarterÂ of fiscal 2025 as compared with the same period in the prior year: â—Lower revenue in ZAR: Our revenues decreased 2% in ZAR, primarily dueÂ to fewer low margin prepaid airtime sales and a lower contribution from Enterprise, whichÂ was partially offset byÂ the inclusion of Adumo,Â an increase in value-addedÂ services activity in Merchant, as well as higher transaction, insurance and lendingÂ revenues in Consumer;â—Operating incomeÂ decrease: Operating incomeÂ decreased primarilyÂ due to higherÂ costs and theÂ increase in amortizationÂ of acquisition-relatedÂ intangible assetsÂ relatedÂ toÂ theÂ acquisitionÂ ofÂ Adumo,Â whichÂ was partiallyÂ offsetÂ byÂ contributionÂ from Adumo from October 1, 2024;Â â—Non-cash fair value adjustment related to equity securities: We recorded a nonÂ -cash fair value loss of $33.7 million during the second quarter of fiscal 2025 related to our investment in MobiKwik; â—Higher net interestÂ charge:Â Net interest chargeÂ increased to $5.5Â million (ZAR 97.7Â million) from $4.3Â million (ZAR 81.2 million) primarily due to higherÂ overall borrowings, which was partiallyÂ offset by an increase inÂ interest received as a result of the inclusion of Adumo; and â—Foreign exchangeÂ movements:Â The U.S.Â dollar wasÂ 5% weakerÂ against theÂ ZAR duringÂ the secondÂ quarter ofÂ fiscal 2025 compared to the prior period, which positively impacted our U.S. dollarÂ reported results. Â 56 Consolidated overall results of operations This discussion is based on the amounts prepared in accordance with U.S. GAAP. The increaseÂ wasÂ primarilyÂ dueÂ toÂ theÂ inclusionÂ ofÂ Adumo;Â higherÂ employee-relatedÂ expensesÂ (includingÂ theÂ impactÂ ofÂ annualÂ salary increases);Â higher stock-based compensationÂ charges,Â audit andÂ travel expenses; andÂ the year-over-year impactÂ of inflationary increases on certain expenses. Depreciation and amortizationÂ expense increased byÂ $2.4 million (ZAR 38.2Â million),Â or 41.5% (35.1%). TheÂ increase was due toÂ theÂ inclusionÂ ofÂ acquisition-relatedÂ intangibleÂ assetÂ amortizationÂ relatedÂ toÂ intangibleÂ assetsÂ identifiedÂ pursuantÂ toÂ theÂ Adumo acquisition and an increase in depreciation expense related toÂ additional POS devices deployed. Our operating incomeÂ margin for theÂ second quarter ofÂ fiscal 2025 andÂ 2024 was 0.5%Â and 1.6%, respectively.Â WeÂ discuss the components of operating loss margin under â€œâ€”Results of operationsÂ by operating segment.â€Â The change in fair value ofÂ equity securities of $33.7 million duringÂ the first half of fiscal 2025 representsÂ a non-cash fair value adjustment lossÂ related toÂ MobiKwik. WeÂ did notÂ record anyÂ changes inÂ the fairÂ value ofÂ equity interestsÂ in MobiKwikÂ during the second quarter of fiscal 2024, orÂ any fair value adjustments forÂ Cell C during the second quarterÂ of fiscal 2025 or 2024, respectively. WeÂ continueÂ to carryÂ our investmentÂ in CellÂ C atÂ $0 (zero).Â Refer toÂ Note 5Â for theÂ methodology andÂ inputs usedÂ in theÂ fair value calculation for MobiKwik and Cell C. We recorded a loss of $0.2Â million related to the change inÂ our investment in an equity securityÂ recorded under the equity method to consolidation during fiscal 2025. ReferÂ to Note 2 to our consolidated financial statementsÂ for additional information regardingÂ this loss. Interest on surplus cash increasedÂ to $0.7 million (ZAR 12.9 million)Â from $0.5 million (ZAR 9.1 million),Â primarily due to the inclusion of Adumo. Interest expense increasedÂ to $6.2 million (ZAR 110.6Â million) from $4.8 millionÂ (ZAR 90.3 million. InÂ ZAR, the increase was primarilyÂ by higherÂ overall borrowingsÂ during theÂ second quarterÂ of fiscalÂ 2025 comparedÂ with theÂ comparable periodÂ in theÂ prior quarter. Fiscal 2025 tax expenseÂ was $(6.4) million (ZAR (117.0)Â million) compared to $0.7Â million (ZAR 12.8 million)Â in fiscal 2024. Our effective tax rate for fiscal 2025 was impacted by deferred tax impact related to the fair value adjustment to our equity securities, the taxÂ expense recordedÂ by ourÂ profitable SouthÂ African operations,Â a deferredÂ tax benefitÂ related toÂ acquisition-related intangible asset amortization,Â non-deductible expensesÂ (in transactionÂ -related expenses)Â ,Â the on-goingÂ losses incurredÂ by certainÂ of ourÂ South African businesses andÂ the associated valuationÂ allowances created relatedÂ to the deferredÂ tax assetsÂ recognized regarding net operating losses incurred by these entities. Our effectiveÂ tax rateÂ for fiscalÂ 2024 wasÂ impacted byÂ the taxÂ expense recordedÂ by ourÂ profitable SouthÂ African operations,Â a deferred tax benefit related to acquisition-related intangible asset amortization, non-deductible expenses, the on-going losses incurred by certain of ourÂ South African businesses andÂ the associated valuation allowancesÂ created related to theÂ deferred tax assets recognized regarding net operating losses incurred by these entities. (2) Lease expenses which were previously presentedÂ on a separately line inÂ fiscal 2024 are now included in Merchant,Â Consumer and Enterprise Segment Adjusted EBITDA. The prior period has beenÂ re-presented to conform with current period presentation. (3) Group Adjusted EBITDAÂ is a non-GAAP measure, referÂ to reconciliation below atÂ â€œâ€”Results of Operationsâ€”Use ofÂ Non-GAAP Measuresâ€. Â 59 MerchantSegment revenue primarily decreased due fewer low marginÂ prepaid airtime sales (â€œPinned airtimeâ€), which was partially offset by the inclusion of Adumo,Â a higher volume of value-addedÂ services provided (prepaid airtimeÂ and gaming). In ZAR,Â the increase in SegmentÂ AdjustedÂ EBITDAÂ is primarilyÂ dueÂ toÂ theÂ inclusionÂ ofÂ Adumo,Â whichÂ was partiallyÂ offsetÂ byÂ higherÂ operatingÂ expenses incurred,Â especiallyÂ employment-relatedÂ expenditures,Â to expandÂ ourÂ offering.Â WeÂ recordedÂ a significantÂ proportionÂ of ourÂ airtime sales inÂ revenue (seeÂ further below)Â and costÂ of sales, whileÂ only earningÂ a relativelyÂ small margin.Â This significantlyÂ depresses the Segment Adjusted EBITDA marginsÂ shown by the business.Â From the first quarterÂ of fiscal 2025, weÂ have experienced a shiftÂ in the mix betweenÂ the sale ofÂ Pinned Airtime andÂ distribution of pinlessÂ prepaid airtimeÂ (â€œPinless Airtimeâ€), andÂ this trend hasÂ continued through to the second quarter of fiscalÂ 2025, with the volume of Pinned Airtime salesÂ decreasing, which results in a lower revenue and related cost of sales, and an overall improved margin. Our Segment Adjusted EBITDA margin for theÂ second quarter of fiscal 2025 and 2024 was 8.9% and 6.4%, respectively.ConsumerSegmentÂ revenueÂ increasedÂ primarilyÂ dueÂ to higherÂ transactionÂ feesÂ generatedÂ fromÂ the higherÂ EPEÂ account holdersÂ base,Â an increaseÂ inÂ certainÂ issuingÂ feeÂ baseÂ pricesÂ andÂ transactionÂ activityÂ inÂ ourÂ issuingÂ business,Â insuranceÂ premiumsÂ collected,Â lending revenues following an increase in loan originations and the inclusion ofÂ Adumo. This increase in revenue has translated intoÂ improved profitability, which was partially offset by a higher allowance for credit losses following an increase in loan originations in December 2024, higher insurance-related claims, interestÂ expense (of approximately ZAR 13.6Â million) incurred to fundÂ our lending book,Â higher computer software license costs, and the year-over-year impact of inflationary increases on certain expenses. As noted during the first quarter of fiscal 2025, we intend to obtain a separate lending facility to fund a portion of our lending during fiscal 2025. WeÂ expected to have this facility in place on July 1, 2024, however, we have been unable to finalize terms as the separate lending facility will form partÂ ofÂ aÂ broaderÂ refinancingÂ ofÂ theÂ Companyâ€™sÂ facilities.Â Therefore,Â weÂ haveÂ includedÂ anÂ intercompanyÂ interestÂ expenseÂ inÂ our Consumer Segment Adjusted EBITDA for the

second quarterÂ of fiscal 2025 compared with the second quarter of fiscal 2024. Our Segment Adjusted EBITDA margin for theÂ second quarter of fiscal 2025 and 2024 was 18.9%Â and 15.4%, respectively. EnterpriseSegment revenueÂ decreased primarilyÂ due toÂ fewer adÂ hoc hardwareÂ sales as wellÂ as lowerÂ revenue generatedÂ from theÂ sale of prepaid airtime vouchers.Â In ZAR, theÂ significant decrease in Segment AdjustedÂ EBITDA is primarily dueÂ to the impact ofÂ fewer sales.Â Our Segment AdjustedÂ (loss) EBITDA marginÂ for the secondÂ quarter of fiscalÂ 2025 and 2024Â was (0.35)% andÂ 7.5%, respectively. Group costsOur groupÂ costs primarilyÂ include employeeÂ related costsÂ in relationÂ to employeesÂ specifically hiredÂ for groupÂ roles andÂ costs relatedÂ directlyÂ toÂ managingÂ theÂ US-listedÂ entity;Â expendituresÂ relatedÂ toÂ complianceÂ withÂ theÂ Sarbanes-OxleyÂ ActÂ ofÂ 2002;Â non-employee directorsâ€™ fees; legal fees; group and US-listed related auditÂ fees; and directorsâ€™ and officersâ€™ insurance premiums. Our group costs for fiscalÂ 2025 increased compared with the priorÂ period due to higher employeeÂ costs resulting from an increase in the number of individuals allocated to group costs and base salary adjustments,Â travel, audit, consulting and legal fees. First half of fiscal 2025 compared to first half of fiscal 2024 The followingÂ factors had aÂ significant impact onÂ our results ofÂ operations duringÂ the first halfÂ of fiscal 2025Â as compared with the same period in the prior year: â—Flat revenue: Our revenuesÂ were flat andÂ increased 0.2% inÂ ZAR, primarilyÂ due to theÂ inclusion of Adumo,Â an increase in value-added services activity in Merchant, as well as higher transaction, insurance and lending revenues in Consumer, which was partially offset by fewer Pinned Airtime sales andÂ a lower contribution from Enterprise;â—Operating income decrease, before transaction costs: Operating income, before Adumo-related transaction costs, decreased primarilyÂ dueÂ toÂ increasedÂ costsÂ andÂ theÂ increaseÂ inÂ amortizationÂ ofÂ acquisition-relatedÂ intangibleÂ assetsÂ relatedÂ toÂ the acquisition of Adumo, which was partially offset by contributionÂ from Adumo from October 1, 2024;Â â—Non-cash fair value adjustment related to equity securities: We recorded a nonÂ -cash fair value loss of $33.7 million during the first half of fiscal 2025 related to our investment in MobiKwik; â—Higher net interest charge:Â Net interest charge increased to $9.9 million (ZAR 177.5Â million) from $8.8 million (ZAR 164.3 million) primarily due to higherÂ overall borrowings, which was partiallyÂ offset by an increase inÂ interest received as a result of the inclusion of Adumo; and â—Foreign exchange movements:Â The U.S. dollar wasÂ 5% weaker against theÂ ZAR during the firstÂ half of fiscal 2025Â compared to the prior period, which adversely impacted our U.S. dollar reportedÂ results. Â 60 Consolidated overall results of operations This discussion is based on the amounts prepared in accordance with U.S. GAAP. The increase was primarily due to the inclusion of Adumo; higher employee-related expenses (including annual bonuses andÂ annual salary increases); higher stock-basedÂ compensation charges,Â consulting fees, auditÂ fees, and travel expenses;Â and the year-over-yearÂ impact of inflationary increases on certain expenses. Depreciation and amortizationÂ expense increased by $2.8Â million (ZAR 41.7 million),Â or 24.3% (19.1%). TheÂ increase was due toÂ theÂ inclusionÂ ofÂ acquisition-relatedÂ intangibleÂ assetÂ amortizationÂ relatedÂ toÂ intangibleÂ assetsÂ identifiedÂ pursuantÂ toÂ theÂ Adumo acquisition and an increase in depreciation expense related to additionalÂ POS devices deployed. Transaction costs related to Adumo acquisitionÂ includes fees paid toÂ external service providers associatedÂ with legal and advisory services procured to close the transaction on October 1, 2024. Our operating (loss)Â income marginÂ for the first halfÂ of fiscal 2025Â and 2024 wasÂ 0.3% and 0.9%,Â respectively.Â WeÂ discuss the components of operating loss margin under â€œâ€"Results of operationsÂ by operating segment.â€Â The change in fair value ofÂ equity securities of $33.7 million duringÂ the first half of fiscal 2025 representsÂ a non-cash fair value adjustment loss related to MobiKwik. We did not record any changes in the fair value of equity interests in MobiKwik during the first half of fiscalÂ 2024, or any fairÂ value adjustments forÂ Cell C duringÂ the first half ofÂ fiscal 2025 orÂ 2024, respectively.Â WeÂ continue to carry our investment in Cell C at $0 (zero). We recorded a loss of $0.2Â million related to the change inÂ our investment in an equity securityÂ recorded under the equity method to consolidation during fiscal 2025. ReferÂ to Note 2 to our consolidated financial statementsÂ for additional information regardingÂ this loss. Interest on surplus cash increased to $1.3 million (ZAR 23.4 million) from $0.9 million (ZAR 17.4 million), primarily due to the inclusion of Adumo and higher overall average cash balances on deposit duringÂ the first half of fiscal 2025 compared with 2024. Interest expenseÂ increased toÂ $11.2Â million fromÂ $9.7 millionÂ and, inÂ ZAR, decreasedÂ to ZARÂ 200.9 millionÂ from ZARÂ 181.8 million. In ZAR, the increase was primarily as a result of higher overall borrowings during the first half of fiscal 2025 compared with the comparable periodÂ in the prior quarter,Â which was partially offsetÂ by lower interest expenseÂ incurred on certain ofÂ our borrowing for which we were able to negotiate lower rates of interest towards the end ofÂ calendar 2024. Fiscal 2025 tax expenseÂ was $(6.3) million (ZAR (115.6)Â million) compared to $1.0Â million (ZAR 17.7 million)Â in fiscal 2024. Our effective tax rate for fiscal 2025 was impacted by deferred tax impact related to the fair value adjustment to our equity securities, the taxÂ expense recordedÂ by ourÂ profitable SouthÂ African operations,Â a deferredÂ tax benefitÂ related toÂ acquisition-relatedÂ intangible asset amortization,Â non-deductible expensesÂ (in transactionÂ -related expenses),Â the on-goingÂ losses incurredÂ by certainÂ of ourÂ South African businesses andÂ the associated valuationÂ allowances created relatedÂ to the deferredÂ tax assetsÂ recognized regarding net operating losses incurred by these entities. Our effectiveÂ tax rateÂ for fiscalÂ 2024 wasÂ impacted byÂ the taxÂ expense recordedÂ by ourÂ profitable SouthÂ African operations,Â a deferred tax benefit related to acquisition-related intangible asset amortization, non-deductible expenses, the on-going losses incurred by certain of ourÂ South African businesses andÂ the associated valuation allowancesÂ created related to theÂ deferred tax assets recognized regarding net operating losses incurred by these entities. (3) Group Adjusted EBITDAÂ is a non-GAAP measure, referÂ to reconciliation below atÂ â€œâ€"Results of Operationsâ€"Use ofÂ Non-GAAP Measuresâ€. Â 63 MerchantSegment revenueÂ primarily increasedÂ due theÂ inclusion ofÂ Adumo, aÂ higher volumeÂ of value-addedÂ services providedÂ (Pinless Airtime and gaming), whichÂ was partially offset byÂ fewer Pinned Airtime sales.Â In ZAR, the increaseÂ in Segment Adjusted EBITDA is primarily due to the inclusion of Adumo, which was partially offset by higher operating expenses incurred, especially employment-related expenditures, to expand our offering. From the first quarter of fiscal 2025,Â we have experienced a shift in the mix between the sale of PinnedÂ Airtime and distributionÂ of Pinless Airtime, andÂ this trend has continuedÂ through to the secondÂ quarter of fiscal 2025, with the volume ofÂ Pinned Airtime sales decreasing,Â which results inÂ a lower revenue andÂ related cost of sales,Â and an overallÂ improved margin. Our SegmentÂ Adjusted EBITDAÂ marginÂ (calculated asÂ Segment AdjustedÂ EBITDA dividedÂ by revenue)Â for theÂ first halfÂ of fiscal 2025 and 2024 was 7.7% and 6.3%, respectively.ConsumerSegmentÂ revenueÂ increasedÂ primarilyÂ dueÂ to higherÂ transactionÂ feesÂ generatedÂ fromÂ the higherÂ EPEÂ account holdersÂ base,Â an increaseÂ inÂ certainÂ issuingÂ feeÂ baseÂ pricesÂ andÂ transactionÂ activityÂ inÂ ourÂ issuingÂ business,Â insuranceÂ premiumsÂ collected,Â lending revenues following an increase in loan originations and the inclusion ofÂ Adumo. This increase in revenue has translated into improved profitability, which was partially offset by a higher allowance for credit losses following an increase in loan originations in December 2024, higher insurance-related claims, interestÂ expense (of approximately ZAR 28.5Â million) incurred to fundÂ our lending book, higher computerÂ softwareÂ licenseÂ costs,Â andÂ theÂ year-over-yearÂ impactÂ ofÂ inflationaryÂ increasesÂ onÂ certainÂ expenses.Â As discussedÂ inÂ our commentaryÂ forÂ theÂ secondÂ quarterÂ of fiscalÂ 2025,Â weÂ have includedÂ an intercompanyÂ interest expenseÂ in ourÂ ConsumerÂ Segment Adjusted EBITDA for first half of fiscal 2025 compared with the first halfÂ of fiscal 2024. Our Segment Adjusted EBITDA margin for theÂ first half of fiscal 2025 and 2024 was 19.9% and 14.5%, respectively. EnterpriseSegment revenueÂ decreased primarilyÂ due toÂ fewer adÂ hoc hardwareÂ sales as wellÂ as lowerÂ revenue generatedÂ from theÂ sale of prepaid airtime vouchers.Â In ZAR, the significant decrease in Segment Adjusted EBITDA is primarily dueÂ to the impact of few sales.Â Our Segment Adjusted EBITDA margin for the first halfÂ of fiscal 2025 and 2024 was 1.6% and 8.0%, respectively. Group costsOur group costs for fiscalÂ 2025 increased compared with the priorÂ period due to higher employeeÂ costs resulting from an increase in the number of individuals allocated to group costs and base salary adjustments,Â higher bonus expense, travel, audit, consultingÂ and legal fees. The presentation of Group Adjusted EBITDA isÂ aÂ non-GAAPÂ measure.Â WeÂ provideÂ thisÂ non-GAAPÂ measureÂ toÂ enhanceÂ ourÂ evaluationÂ andÂ understandingÂ ofÂ ourÂ financial performanceÂ andÂ trends.Â WeÂ believeÂ thatÂ thisÂ measureÂ isÂ helpfulÂ toÂ usersÂ ofÂ ourÂ financialÂ informationÂ understandÂ keyÂ operating performance andÂ trends in ourÂ business becauseÂ it excludes certainÂ non-cash expensesÂ (including depreciationÂ and amortizationÂ and stock-based compensation charges) and incomeÂ and expenses that we consider once-off in nature. Non-GAAP MeasuresGroupÂ AdjustedÂ EBITDAÂ isÂ earningsÂ beforeÂ interest,Â tax,Â depreciationÂ andÂ amortizationÂ (â€œEBITDAâ€),Â adjustedÂ forÂ non-operationalÂ transactionsÂ (includingÂ lossÂ onÂ disposalÂ ofÂ equity-accountedÂ investments,Â changeÂ inÂ fairÂ valueÂ ofÂ equityÂ securities), (earnings) loss from equity-accountedÂ investments, stock-based compensationÂ charges and once-offÂ items. For instance, transaction costs include costs incurred related to acquisitions andÂ transactions consummated or ultimately not pursued. The transactions can span multipleÂ quarters,Â forÂ instanceÂ inÂ fiscalÂ 2025Â weÂ incurredÂ significantÂ transactionÂ costsÂ relatedÂ toÂ theÂ acquisitionÂ ofÂ AdumoÂ overÂ a number of quarters, and the transactions are generally non-recurring. Indirect taxÂ provision releaseÂ relates toÂ the reversalÂ of aÂ non-recurring indirectÂ tax provisionÂ created inÂ fiscal 2023Â which was resolvedÂ inÂ fiscalÂ 2025Â followingÂ settlementÂ ofÂ theÂ matterÂ withÂ theÂ taxÂ authority.Â IncomeÂ recognizedÂ relatedÂ toÂ closureÂ ofÂ legacy businesses representsÂ (i) gainsÂ recognizedÂ related toÂ the releaseÂ of theÂ foreign currencyÂ translation reserveÂ on deconsolidationÂ of a subsidiaries andÂ (ii) costsÂ incurred relatedÂ to subsidiariesÂ which weÂ are inÂ the processÂ of deregistering/Â liquidation andÂ therefore we consider these costs non-operational and ad hoc in nature.Â Liquidity and Capital ResourcesAs of December 31, 2024, our cash and cashÂ equivalents were $60.6 million and comprised of U.S. dollar-denominated balances of $3.1 million,Â ZAR-denominated balances ofÂ ZAR 961.0 millionÂ ($55.9 million), andÂ other currency deposits,Â primarily Botswana pula, of $1.6Â million, all amountsÂ translated at exchangeÂ rates applicable asÂ of December 31,Â 2024. TheÂ decrease in ourÂ unrestricted cash balances from June 30, 2024, wasÂ primarily due to the utilization of cashÂ reserves to fund certain scheduled andÂ other repayments of ourÂ borrowings,Â purchase ATMsÂ and vaults,Â pay annualÂ bonuses, payÂ for expensesÂ includedÂ in ourÂ group costs,Â and toÂ make an investment in working capital, which was partially offset byÂ positive contribution from our Merchant and Consumer operationsÂ . We generallyÂ invest any surplus cash held byÂ our South African operations in overnightÂ call accounts that we maintain atÂ South African banking institutions,Â and any surplusÂ cash held byÂ our non-South AfricanÂ companies inÂ U.S. dollar-denominated money market accounts. Â 66 Historically,Â we have financedÂ most of ourÂ operations, research andÂ development, working capital,Â and capital expenditures,Â as wellÂ asÂ acquisitionsÂ andÂ strategicÂ investments,Â throughÂ internallyÂ generatedÂ cashÂ andÂ ourÂ financingÂ facilities.Â WhenÂ considering whether to borrow under our financingÂ facilities, we consider the costÂ of capital, cost of financing, opportunity costÂ of utilizing surplus cash andÂ availability ofÂ tax efficientÂ structures toÂ moderate financingÂ costs. ForÂ instance, inÂ fiscal 2022,Â we obtainedÂ loan facilities from RMBÂ to fundÂ a portionÂ of ourÂ acquisition ofÂ Connect. FollowingÂ the acquisitionÂ of Connect,Â we nowÂ utilize aÂ combination of shortÂ andÂ long-termÂ facilities toÂ fund ourÂ operatingÂ activities andÂ a long-termÂ asset-backedÂ facility toÂ fundÂ the acquisitionÂ of POS devices andÂ vaults.Â Refer to NoteÂ 12 to ourÂ consolidated financialÂ statements forÂ the year endedÂ June 30, 2024,Â as well asÂ Note 9 to these condensed consolidated financial statements for additionalÂ information related to our borrowings. Long-term borrowings WeÂ haveÂ aggregateÂ long-termÂ borrowingÂ outstandingÂ ofÂ ZARÂ 3.6Â billionÂ ($188.7Â millionÂ translatedÂ atÂ exchangeÂ ratesÂ asÂ of December 31, 2024)Â as described in NoteÂ 9. These borrowingsÂ include outstandingÂ long-term borrowings obtainedÂ by Lesaka SA of ZAR 1.0 billion,Â including accruedÂ interest, whichÂ was used toÂ partially fundÂ the acquisition ofÂ Connect. The LesakaÂ SA borrowing arrangementsÂ wereÂ amendedÂ inÂ MarchÂ 2023Â toÂ includeÂ aÂ ZAR 200Â millionÂ revolvingÂ creditÂ facility.Â WeÂ haveÂ utilizedÂ ZARÂ 199.0 million of this facility as of December 31, 2024. In contemplationÂ of the Connect transaction, Connect obtained total facilities of ZAR 1.3 billion, which wereÂ utilized to repay its existingÂ borrowings, to fund aÂ portion of its capital expendituresÂ and to settle obligations under theÂ transaction documents,Â and whichÂ has subsequentlyÂ been upsizedÂ for itsÂ operational requirementsÂ and hasÂ an outstanding balance as of December 31, 2024, of ZAR 1.2 billion. We also have a revolving credit facility, of ZAR 300.0 million which is utilized to fund a portion of our merchant finance loans receivable book. On September 30, 2024,Â we obtained aÂ ZAR 665.0 million fundingÂ facility from RMB whichÂ has been usedÂ to (i) settle anÂ amount of ZAR 232Â .2 million dueÂ to the AdumoÂ sellers; (ii) payÂ ZAR 207.2 millionÂ to acquire 2,601,410Â shares of ourÂ common stock from one of the Adumo sellersâ€™ indirect shareholders;Â (iii) pay ZAR 147.5 million notified by Investec Bank Limited to Adumo and us as a result of theÂ acquisition, (iv) pay anÂ origination fee ofÂ ZAR 7.6 million toÂ RMB and (v) payÂ ZAR 70.0 million ofÂ transaction-related expenses.Â On December 10, 2024, we obtained a ZAR 250.0 million general banking facility from

RMB which is repayable in full by the end of February 2025. We have includedÂ additional information regarding this general banking facility under available short-term borrowings. Restricted cash We haveÂ also entered into cession and pledgeÂ agreements with Nedbank related toÂ our Nedbank indirect credit facilitiesÂ and we have ceded and pledgedÂ certain bank accounts toÂ Nedbank. The funds includedÂ in these bank accountsÂ are restricted as theyÂ may not be withdrawn without the expressÂ permission of Nedbank. Our cash,Â cash equivalents and restrictedÂ cash presented in our consolidated statement of cash flows as of December 31, 2024, includes restricted cash ofÂ $0.1 million that has been ceded and pledged. Â 67 Arrangement with African Bank to fund our ATMs InÂ SeptemberÂ 2024,Â weÂ entered intoÂ anÂ arrangementÂ with AfricanÂ Bank LimitedÂ (â€œAfricanÂ Bankâ€)Â andÂ certainÂ cash-in-transit service providersÂ to fundÂ our ATMs.Â Under thisÂ arrangement, AfricanÂ Bank willÂ use itsÂ cash resourcesÂ to fundÂ our ATMsÂ and itÂ is specifically recorded that the cash in our ATMs are African Bankâ€™s property.Â Therefore,Â as we have not utilized a facility to obtain the cash, and do not own or control the cash for an extended periodÂ of time, we do not record cash or cash equivalents and borrowingsÂ in ourÂ consolidated statementÂ of financialÂ position.Â Cash withdrawnÂ from ourÂ ATMsÂ by ourÂ EPE customersÂ and otherÂ consumers are settled through the interbank settlementÂ system from the ATMÂ users bank account to AfricanÂ Bankâ€™s bankÂ accounts. WeÂ pay African Bank aÂ monthly feeÂ for theÂ service providedÂ which is calculatedÂ based onÂ the cumulativeÂ daily outstandingÂ balance ofÂ cash utilized multiplied by the South African prime interest rateÂ less 1%. We areÂ exposed to the risk of cash lost while it is in ourÂ ATMsÂ (i.e. from theft) and are required to repay African Bank for any shortages. Cash flows from operating activities Second quarter Net cashÂ used operatingÂ activities duringÂ the secondÂ quarter ofÂ fiscal 2025Â was $9.2 millionÂ (ZAR 163.6Â million) comparedÂ to net cash providedÂ by operating activitiesÂ of $0.6 millionÂ (ZAR 10.9 million)Â during the secondÂ quarter of fiscalÂ 2024. Excluding the impact ofÂ income taxes,Â our cashÂ used inÂ operating activitiesÂ during theÂ second quarterÂ of fiscalÂ 2025 includesÂ cash utilizedÂ for the significant netÂ growth in ourÂ Consumer financeÂ loans receivable book,Â which was partiallyÂ offset byÂ was positively impactedÂ by the contribution from our Merchant and Consumer businesses. During the secondÂ quarter of fiscalÂ 2025, we paidÂ first provisional SouthÂ African tax paymentsÂ of $3.1 millionÂ (ZAR 56.3 million) related to our 2025. We also paid taxesÂ totaling $0.1 million in other taxÂ jurisdictions, primarily in Botswana during theÂ second quarter of fiscal 2025.Â During the secondÂ quarter of fiscalÂ 2024, we paidÂ first provisional SouthÂ African tax paymentsÂ of $2.7 millionÂ (ZAR 49.5 million) relatedÂ to our 2024 taxÂ year and SouthÂ African tax paymentsÂ related to prior yearsÂ of $0.07 millionÂ (ZAR 1.3 million). ExcludingÂ the impact of incomeÂ taxes,Â ourÂ cashÂ usedÂ inÂ operatingÂ activitiesÂ duringÂ theÂ firstÂ halfÂ ofÂ fiscalÂ 2025Â includesÂ cashÂ utilizedÂ forÂ theÂ settlementÂ of working capital movements within our Merchant and EnterpriseÂ businesses related to quarter-end transaction processing activities and whichÂ wereÂ settledÂ inÂ theÂ followingÂ weekÂ (ourÂ fourthÂ quarterÂ ofÂ fiscalÂ 2024Â closedÂ onÂ aÂ Sunday),Â andÂ theÂ netÂ growthÂ inÂ ourÂ the significant netÂ growth in ourÂ Consumer financeÂ loans receivable book,Â which was partiallyÂ offset byÂ was positively impactedÂ by the contribution from Merchant and Consumer businesses. Cash flows from financing activities Second quarter During the second quarter of fiscal 2025, we utilized $48.9 million from our SouthÂ African overdraft facilities to fund our ATMs and our cash management business through Connect, and repaidÂ $4.5 million of those facilities. We utilized $12.9 million of our long-term borrowings toÂ settle aÂ portion of theÂ Adumo purchase consideration,Â pay certain transactionÂ expenses, repay Adumoâ€™s borrowings, repurchase shares of our common stock, fund the acquisition of certain capital expenditures and for working capital requirements. We repaidÂ $8.3Â millionÂ ofÂ long-termÂ borrowingsÂ inÂ accordanceÂ withÂ ourÂ repaymentÂ scheduleÂ andÂ paidÂ $7.2Â millionÂ toÂ settle Adumoâ€™s borrowings.Â WeÂ also paidÂ an originationÂ fee ofÂ $0.4 millionÂ to secureÂ additional borrowingsÂ as wellÂ as paidÂ dividendsÂ to theÂ non-controlling interest of $0.3 million. During the second quarter of fiscal 2024,Â we utilized $69.0 million from our South African overdraft facilities toÂ fund our ATMs and our cash management business through Connect, and repaidÂ $66.0 million of those facilities. We utilized $8.6 million of our long-term borrowings to fundÂ the acquisition of certainÂ capital expenditures and forÂ working capital requirements. WeÂ repaid $3.2 million ofÂ long-

Off-Balance Sheet ArrangementsWe have no offÂ -balance sheet arrangements.Â Capital ExpendituresWeÂ expectÂ capital spendingÂ for theÂ third quarterÂ of fiscalÂ 2025 toÂ primarilyÂ include spendingÂ for acquisitionÂ of POSÂ devices, vaults,Â computer software, computer and office equipment, as well as forÂ our ATM infrastructure and branch network in South Africa. Our capitalÂ expenditures forÂ the secondÂ quarter ofÂ fiscal 2025Â and 2024Â are discussedÂ under â€œâ€”LiquidityÂ and CapitalÂ Resourcesâ€”Cash flowsÂ from investingÂ activities.â€ AllÂ of ourÂ capital expendituresÂ for theÂ past threeÂ fiscal yearsÂ were fundedÂ through internally generatedÂ funds,Â or,Â followingÂ theÂ ConnectÂ acquisition,Â ourÂ asset-backedÂ borrowingÂ arrangement.Â WeÂ hadÂ outstandingÂ capital commitments as of December 31, 2024, of $0.5 million. We expectÂ to fund these expenditures through internally generated funds and available facilities. Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â 70 Item 3. Quantitative and Qualitative Disclosures AboutÂ Market Risk In addition to the tables below, seeÂ Note 5 to the unaudited condensed consolidated financial statements forÂ a discussion of market risk. WeÂ haveÂ short andÂ long-term borrowingsÂ in SouthÂ Africa whichÂ attract interestÂ at ratesÂ that fluctuateÂ based onÂ changes inÂ the South African primeÂ and 3-month JIBARÂ interest rates. TheÂ following table illustratesÂ the effect onÂ our annual expectedÂ interest charge, translated at exchange rates applicableÂ as of December 31, 2024,Â as a result ofÂ changes in the SouthÂ African prime and 3-month JIBAR interest rates,Â using ourÂ outstanding shortÂ and long-termÂ borrowings asÂ of DecemberÂ 31, 2024. TheÂ effect ofÂ a hypotheticalÂ 1% (i.e. 100 basis points)Â increase and aÂ 1% decrease inÂ the interest ratesÂ applicable to theÂ borrowings as ofÂ December 31, 2024,Â are shown. The selected 1% hypothetical change does not reflect what could be consideredÂ the best- or worst-case scenarios. Table 20 As of December 31, 2024 Annual expected interest chargeÂ ($ â€™000) Hypothetical change in interest rates Estimated annual expected interest charge after hypothetical change in interest ratesÂ ($ â€™000) Interest on South African borrowings 17,874 1% 25,855 (1%) 23,390 The following table summarizes ourÂ exchange-traded equity security with equity andÂ liquidity price risk asÂ of December 31, 2024. The effects of a hypothetical 10% increase and a 10% decrease in market prices as of December 31, 2024, is also shown. The selected 10% hypothetical change does not reflect what could beÂ considered the best or worst case scenarios. Indeed, resultsÂ could be far worse due both to the nature of equity markets and the liquidity risk associated with theÂ equity security. Controls and Procedures UnderÂ theÂ supervisionÂ andÂ withÂ theÂ participationÂ ofÂ ourÂ management,Â includingÂ ourÂ executiveÂ chairmanÂ andÂ ourÂ groupÂ chief financial officer, we conductedÂ an evaluation of our disclosure controls and procedures, as such term is definedÂ under Rule 13a-15(e) promulgated under the Securities Exchange Act of 1934, as amended, as ofÂ December 31, 2024. We previously identified and disclosed in Part II, Item 9A of our Annual Report on Form 10-K for theÂ year ended June 30, 2024, material weaknesses in our internal control over financial reportingÂ related to: (1) information technology general controls (â€œITGCsâ€),
specificallyÂ insufficientÂ riskÂ assessment,Â designÂ andÂ implementation,Â monitoringÂ activitiesÂ andÂ trainingÂ ofÂ individualsÂ toÂ operate controlsÂ in theÂ areas ofÂ user accessÂ andÂ program-
changeÂ managementÂ forÂ certainÂ informationÂ technologyÂ systemsÂ that supportÂ our financial reporting processes and (2) insufficient design and implementation of controls and associated policiesÂ and procedures in our annual goodwill impairment assessment. A material weakness is a deficiency,Â or combination of deficiencies, in internal controlÂ over financialÂ reporting such thatÂ there isÂ a reasonable possibilityÂ that aÂ material misstatement ofÂ our annual orÂ interim consolidated financial statements will not be prevented or detected on a timely basis. As a resultÂ of insufficient time toÂ design and implement proceduresÂ to remediate theÂ material weaknesses discussed inÂ our Annual Report on FormÂ 10-K forÂ our fiscalÂ year ended JuneÂ 30, 2024 (asÂ described above), theÂ executive chairman andÂ the group chiefÂ financial officer concluded that our disclosure controls and procedures wereÂ not effective as of December 31, 2024. NotwithstandingÂ theÂ previouslyÂ identifiedÂ materialÂ weaknesses,Â managementÂ believesÂ theÂ condensedÂ consolidatedÂ financial statements includedÂ in this QuarterlyÂ Report onÂ Form 10-Q fairlyÂ present, inÂ all material respects,Â our financialÂ condition, resultsÂ of operations and cash flows as of and for the periods presented in accordance withÂ GAAP. Remediation PlanManagementÂ is activelyÂ workingÂ to remediateÂ the identifiedÂ materialÂ weakness andÂ is committedÂ to remediatingÂ the material weakness in a timely manner. OurÂ remediation process is ongoing and includes, but is not limited to, the following steps: -
theÂ reviewÂ ofÂ ITGCsÂ andÂ implementationÂ ofÂ changesÂ toÂ certainÂ controlsÂ toÂ addressÂ theÂ issuesÂ relatedÂ toÂ theÂ material weaknesses identified above; andÂ -the review and implementation of changes to the design of the controls relatedÂ to the goodwill impairment assessment. The remediation planÂ may be adjustedÂ as is appropriate,Â as we continueÂ to evaluate andÂ enhance our internalÂ control over financial reporting. Other than theÂ design and implementation ofÂ the remediation plan, thereÂ have not been any changesÂ in our internal control over financial reportingÂ during the fiscal quarterÂ ended December 31, 2024,Â that have materially affected,Â or are reasonably likelyÂ to materially affect, our internal control over financial reporting. 72 Part II. Other InformationItem 1A. Risk Factors See â€œItemÂ 1A RISKÂ FACTORSâ€Â in PartÂ I ofÂ our AnnualÂ Report onÂ Form 10-KÂ for theÂ fiscal yearÂ ended JuneÂ 30, 2024,Â for a discussionÂ ofÂ riskÂ factorsÂ relatingÂ toÂ (i)Â ourÂ business,Â (ii)Â operatingÂ inÂ SouthÂ AfricaÂ andÂ otherÂ foreignÂ markets,Â (iii) government regulation, and (iv) our common stock. ExceptÂ as set forth below, there have been no materialÂ changes from the risk factors previously disclosed in our Annual Report on Form 10-K for the fiscal year ended June 30,Â 2024. We may not be ableÂ to successfully integrate Adumoâ€™sÂ operations with our business. On October 1, 2024, we announced the closing of our ZAR 1.67 billion ($96.2 million) investment to acquire a 100% interest in Adumo. Integrating AdumoÂ into our companyÂ may require significantÂ attention from ourÂ senior management whichÂ may divert their attentionÂ fromÂ ourÂ day-to-dayÂ business.Â TheÂ difficultiesÂ ofÂ integrationÂ mayÂ beÂ increasedÂ byÂ culturalÂ differencesÂ betweenÂ ourÂ two organizations and the necessity of retaining and integrating personnel, including Adumoâ€™s key employees and management team. The services of these individuals will be important to the continuedÂ growth and success of Adumoâ€™s business and to our ability to integrate Adumo withÂ us. IfÂ we wereÂ to loseÂ the servicesÂ of theseÂ key employeesÂ or failÂ to sufficientlyÂ integrate them,Â our abilityÂ to operate Adumo successfully would likely be materially and adversely impacted. As such, if we are unable to successfully integrate Adumoâ€™s operations into our business we could be required to record material impairments, and as a result, our financial condition, results of operations,Â cash flows and stock price could suffer. WeÂ depend uponÂ third-party suppliers,Â making usÂ vulnerable toÂ supply shortagesÂ and priceÂ fluctuations, whichÂ could harm our business. WeÂ obtain ourÂ smart cards, ATMs,Â electronic paymentÂ and POS devices,Â components for ourÂ safe assets, componentsÂ to repair the ISV (independent software vendor)Â divisionâ€™s POS hardware, and the otherÂ hardware we use inÂ our business from aÂ limited number of suppliers, andÂ do not manufactureÂ this equipment ourselves.Â We generally do not haveÂ long-term agreements withÂ our manufacturers or component suppliers.Â If our suppliersÂ become unwilling orÂ unable to provideÂ us with adequateÂ supplies of partsÂ or products when we need them,Â or if theyÂ increase their prices,Â we may notÂ be able toÂ find alternativeÂ sources in aÂ timely mannerÂ and could beÂ faced with a critical shortage. ThisÂ could harm our ability to meet customerÂ demand and cause our revenuesÂ to decline. Even if we areÂ able to secure alternative sources in a timely manner,Â our costs could increase as a result of supply or geopolitical shocks, whichÂ may lead toÂ anÂ increaseÂ inÂ theÂ pricesÂ ofÂ goodsÂ andÂ servicesÂ fromÂ thirdÂ parties.Â AÂ supplyÂ interruption,Â suchÂ asÂ theÂ recentÂ globalÂ shortageÂ of semiconductors, orÂ an increaseÂ in demandÂ beyond currentÂ suppliersâ€™ capabilitiesÂ could harmÂ our abilityÂ to distributeÂ our equipment and thus toÂ acquire new customersÂ who use ourÂ technology. AnyÂ interruption in theÂ supply of theÂ hardware necessary toÂ operate our technology, or our inability to obtain substitute equipment at acceptable prices in aÂ timely manner, could impair our ability to meet the demand of our customers, which would have an adverse effect onÂ our business. We doÂ not have a South African bankingÂ license and, therefore, we provideÂ our EPE solution through anÂ arrangement with a third-party bank, whichÂ limits our control over thisÂ business and the economic benefit weÂ derive from it. IfÂ this arrangement were to terminate,Â we wouldÂ not beÂ able toÂ operate ourÂ EPE businessÂ without alternateÂ means ofÂ access toÂ a bankingÂ license. WeÂ are also requiredÂ to complyÂ with theÂ requirements ofÂ payment schemes,Â includingÂ VISA andÂ Mastercard.Â Furthermore,Â we provide certain ofÂ our services underÂ partnerships with SouthÂ African banks. We willÂ be unable toÂ provide our paymentsÂ and card-acquiring businesses if weÂ fail to complyÂ with payment schemeÂ rules, and/or failsÂ to maintain certainÂ regulatory licenses andÂ registrations, and/ or if we were unable to continue to partner with South African banks to provideÂ our payments and card acquiring services.Â TheÂ SouthÂ AfricanÂ retailÂ bankingÂ marketÂ isÂ highlyÂ regulated.Â UnderÂ currentÂ lawÂ andÂ regulations,Â ourÂ EasyPayÂ Everywhere (â€œEPEâ€) business activities requireÂ us to be registered asÂ a bank in South AfricaÂ or to have access to anÂ existing banking license.Â We are not currently so registered,Â but we have an agreementÂ with Grindrod Bank, a subsidiaryÂ of African Bank Limited, thatÂ enables us to implementÂ our EPEÂ program inÂ complianceÂ with theÂ relevant lawsÂ and regulations.Â If thisÂ agreementÂ were toÂ be terminated,Â we
wouldÂ notÂ beÂ ableÂ toÂ operateÂ theseÂ servicesÂ unlessÂ weÂ wereÂ ableÂ toÂ obtainÂ accessÂ toÂ aÂ bankingÂ licenseÂ throughÂ alternateÂ means. Furthermore, we haveÂ to comply with theÂ South African FinancialÂ Intelligence Centre Act,Â 2001 and moneyÂ laundering and terrorist financingÂ controlÂ regulations,Â whenÂ weÂ openÂ newÂ bankÂ accountsÂ forÂ ourÂ customersÂ andÂ whenÂ theyÂ transact.Â FailureÂ toÂ effectively implement andÂ monitor responsesÂ to theÂ legislation andÂ regulations mayÂ result inÂ significant finesÂ or prosecutionÂ of GrindrodÂ Bank and ourselves.Â WeÂ are requiredÂ to complyÂ with theÂ requirements ofÂ payment schemes,Â including VISAÂ and Mastercard.Â WeÂ have deployedÂ a significant number of devices, and anyÂ mandatory compliance upgrades to our deployed POSÂ devices would require significant capital expenditures and/or beÂ disruptive to ourÂ customer base. FailureÂ to comply withÂ the payment schemesâ€™Â rules may resultÂ in significant fines and/or a loss of license to participate in the scheme(s). Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â 73 We provide card acquiring servicesÂ to our customersÂ by partnering withÂ Nedbank Limited andÂ ABSA Bank Limited,Â and payment processing servicesÂ in partnershipÂ with theÂ largest banksÂ in SouthÂ Africa. IfÂ these agreementsÂ were toÂ be terminated,Â Adumo would not be able to operateÂ its payment services unless itÂ were able to obtainÂ alternative card acquiring orÂ payment processing agreements with other partnersÂ or obtain a directÂ designation license withÂ the scheme's andÂ regulatory bodies. InÂ addition, if weÂ were to lose our PASA registrationsÂ or fail to have them renewed, it would be unable to operate its payment services. Compliance with the requirements under these various regulatory regimes mayÂ cause us to incur significant additional costs and failure toÂ comply withÂ such requirementsÂ could resultÂ in theÂ shutdown ofÂ the non-complyingÂ facility,Â the impositionÂ of liens,Â fines and/or civil or criminal liability. InÂ addition,Â theÂ SouthÂ AfricanÂ FinancialÂ AdvisoryÂ andÂ IntermediaryÂ ServicesÂ Act,Â 2002,Â requiresÂ personsÂ whoÂ actÂ as intermediaries between financial productÂ suppliers and consumers inÂ South Africa to registerÂ as financial service providers.Â EasyPay Insurance wasÂ granted a FinancialÂ Service Provider,Â or FSP,Â license onÂ June 9, 2015,Â and EasyPay FinancialÂ Services (Pty) LtdÂ was grantedÂ a FSPÂ license onÂ July 11,Â 2017. IfÂ our FSPÂ licenses areÂ withdrawn orÂ suspended, weÂ may beÂ stopped fromÂ continuing our financial services businesses in South Africa unless we are able to enter into a representativeÂ arrangement with a third party FSP. Furthermore, theÂ proposed ConductÂ of FinancialÂ Institutions BillÂ will makeÂ significant changesÂ to theÂ current licensingÂ regime however, the current proposal is that existing licences will be converted. The second draft of the Conduct ofÂ Financial Institutions Bill was published for public comment on September 29, 2020. Item 2. Unregistered Sales of Equity Securities andÂ Use of Proceeds OnÂ FebruaryÂ 5,Â 2020,Â ourÂ boardÂ ofÂ directorsÂ approvedÂ theÂ replenishmentÂ ofÂ ourÂ existingÂ shareÂ repurchaseÂ authorizationÂ to repurchase up to an aggregate of $100 million of common stock. The authorizationÂ has no expiration date. Section 3.05 *Use of Proceeds*. The Company shall use the proceeds from the sale of the Investor Shares for (i) capital expenditures; (ii) acquisitions in the financial technology sector pursuant to guidelines to be adopted by the Company taking into consideration the recommendations of the Advisory Committee; and (iii) general corporate purposes. A majority of all such proceeds the Company shall not use for the foregoing purposes in developing countries or emerging markets specified on Annex D. The Company shall not use its or its Subsidiaries' capital expenditures or cash reserves in the territories of any country that is not a member of the World Bank or for reimbursements for goods produced in or services supplied from any such territory. Notwithstanding anything herein to the contrary, each Investor acknowledges that nothing in this Section 3.05 shall prohibit the Company from using its existing cash reserves in countries or markets not specified in Annex D, provided such use complies with Applicable Law and does not violate Section 3.03(d).

Section 3.06 *Preemptive Rights*. For so long as the Investors hold in aggregate 5% of the outstanding shares of Common Stock of the Company, each Investor shall have the right to purchase its pro-rata share of New Securities in the manner set out below:

(a) If the Company proposes to issue New Securities, it shall give each Investor written notice (the "**Issue Notice**") describing the New Securities, their price, and their general terms of issuance, and specifying each of such Investor's pro-rata share (the "**Pro-Rata Share**"). Each Investor shall have thirty (30) days after any such notice is delivered (the "**Notification Date**") to give the Company written notice that it agrees to purchase part or all of its pro-rata share of the New Securities for the price and on the terms specified in the Issue Notice (the "**Subscription Notice**"). Each Investor may also notify the Company in the Subscription Notice that it is willing to buy a specified number of the New Securities not taken up by the other Investors (the "**Unpurchased Securities**" and the "**Additional Securities**") for the price and on the terms specified in the Issue Notice.

(b) For the avoidance of doubt, the Company shall not issue any New Securities until after the Notification Date.

(c) If an Investor has indicated that it is willing to buy Additional Securities (an "**Overallotment Investor**"), the Company shall give such Overallotment Investor written notice of the total number of Unpurchased Securities within five (5) days of the expiry of the thirty (30) day period referred to in Section 3.06(a). Such notice shall specify the payment process for the New Securities to be purchased by such Overallotment Investor pursuant to the Subscription Notice.

(d) On the tenth (10th) Business Day after expiry of the thirty (30) day period referred to in Section 3.06(a):

(i) each Investor shall subscribe for the number of its pro-rata shares specified in the Subscription Notice;

(ii) if an Investor has indicated that it is willing to buy Additional Securities, such Overallotment Investor shall subscribe for the lower of the number of Additional Securities and its pro rata share of the Unpurchased Securities;

(iii) each Investor shall pay the relevant consideration to the Company; and

(iv) the Company shall register in the name of each Investor the number of New Securities for which such Investor has subscribed.

(e) If the Company has not consummated the proposed issuance of New Securities within one hundred twenty (120) days following the date of the Issuance Notice, the Company may not issue such New Securities without again complying with this Section 3.06.

(f) "**New Securities**" shall mean any Equity Securities of the Company; provided, that the term "**New Securities**" does not include:

(i) Common Stock (or options to purchase Common Stock) issued or issuable to officers, directors and employees of, or consultants to, the Company pursuant to an equity incentive plan that has been approved by the Board, not to exceed five percent (5%) of the then issued and outstanding shares of Common Stock;

(ii) Common Stock issuable upon the exercise, exchange or conversion of Equity Securities outstanding as of the date of this Agreement or issued after the date hereof pursuant to exercisable, exchangeable or convertible Equity Securities issued in a transaction to which this Section 3.06 was applicable;

(iii) Common Stock issued or issuable in connection with any stock split or stock dividend of the Company;

(iv) Common Stock (or options or warrants to purchase Common Stock) issued or issuable to banks, equipment lessors or other financial institutions pursuant to a debt financing or commercial leasing transaction approved by the Board of Directors, not to exceed two and one-half percent (2.5%) of the then issued and outstanding shares of Common Stock; and

(v) Common Stock issued or issuable pursuant to the bona fide acquisition of another Person by the Company by purchase of substantially all of the assets of such Person, or exchange of shares or otherwise, approved by the Board of Directors, not to exceed five percent (5%) of the then issued and outstanding shares of Common Stock.

(g) If any Investor is unable to exercise, in whole or in part, its right to purchase New Securities pursuant to this Section 3.06, such Investor shall have the right to transfer its rights to purchase New Securities to any Affiliate of any Investor.

Section 3.07 *Registration Rights*

(a) Short Form Registration.

(i) On June 10, 2016, the Company filed with the SEC a Registration Statement on Form S-3 or the form (or any successor form) then available to the Company (including any amendment to a currently effective Registration Statement) for an offering to be made on a continuous basis pursuant to Rule 415 under the Securities Act or any successor rule thereto (each such, a "**Shelf Registration Statement**"). The Shelf Registration Statement filed on June 10, 2016 (the "**Initial Registration Statement**") covers all Registrable Securities then outstanding for an offering to be made on a delayed or continuous basis pursuant to Rule 415 under the Securities Act or any successor rule thereto (a "**Shelf Registration**") which was declared effective on June 24, 2016. After the filing of a Shelf Registration Statement, an Investor requests registration under the Securities Act of all or any portion of its Registrable Securities (including Registrable Securities acquired pursuant to Section 3.06) pursuant to such Shelf Registration, the Company shall, as soon as practicable, but in any event no later than thirty (30) days after the date of such request, prepare and file such additional Registration Statement to cover such additional Registrable Securities.

(ii) At any time that a Shelf Registration Statement is effective but no more than once each calendar quarter, if an Investor delivers a notice to the Company (a "**Shelf Takedown Notice**") stating that such Investor (and each other Investor to join in such Shelf Takedown) intends to effect an offering of all or part of its Registrable Securities included on such Shelf Registration Statement (a "**Shelf Takedown**") and the Company is eligible to use such Shelf Registration Statement for such Shelf Takedown, then the Company shall take all actions reasonably required, including amending or supplementing such Shelf Registration Statement, to enable such Registrable Securities to be offered and sold as expeditiously as possible pursuant to such Shelf Takedown Notice; provided, however, that before an Investor delivers a Shelf Takedown Notice, it shall provide written notice to the Company (a "**Takedown Notice**") stating that such Investor is considering a Shelf Takedown and stating the number of Registrable Securities requested to be included by such other Investor(s); and provided further that in no event shall the Company be required to comply with more than one (1) Shelf Takedown Notice in the aggregate in any calendar quarter from any Shelf Investors. Each Shelf Takedown Notice shall specify the number of Registrable Securities to be offered and sold under the Shelf Takedown by all participating. The Company shall prepare and file with the SEC a Shelf Supplement as soon as practicable (but in no event later than five (5) Business Days) after the date on which it received the Shelf Takedown Notice and, if such Shelf Supplement relates to such Shelf Registration Statement, shall use its commercially reasonable efforts to cause such Shelf Supplement to be declared effective by the SEC as soon as practicable thereafter.

(iii) If, pursuant to Rule 415(a)(5) under the Securities Act or any successor rule thereto, the Initial Registration Statement may no longer be used for offers and sales of any of the securities registered for resale on such registration statement (the "**Initial Registrable Securities**") and (C) any of the Initial Registrable Securities are Registrable Securities at the time that the Company shall (B) have occurred, file with the SEC within the time limits required by Rule 415 under the Securities Act or any successor rule thereto a new Registration Statement covering any Initial Registrable Securities that have not ceased to be Registrable Securities (a "**New Registration Statement**") for an offering to be made on a delayed or continuous basis pursuant to Rule 415 under the Securities Act or any successor rule thereto and shall use its commercially reasonable efforts to cause such New Registration Statement to be declared effective by the SEC as soon as practicable thereafter.

(iv) The Company may postpone for up to forty-five (45) days the filing of a Shelf Supplement for a Shelf Takedown if the Board determines in its reasonable good faith judgment that such Shelf Takedown would (A) materially interfere with or negatively affect any material pending or contemplated financing, financing, securities offering or other similar transaction involving the Company, (B) require premature disclosure of material information that the Company has a bona fide business purpose for preserving as confidential or (C) render the Company unable to comply with requirements under the Securities Act or Exchange Act. The Company shall, following the decision of the Board to delay such filing, provide each Investor with a certificate signed by the Chairman of the Board stating that it has determined to postpone the filing, the reason for the postponement and the expected date of filing. The Company may delay a Shelf Takedown hereunder only once in any period of 12 consecutive months.

(v) If the Investors request a Shelf Takedown and elect to distribute the Registrable Securities covered by their request pursuant to Section 3.07(a)(iii) in the Shelf Takedown shall select the investment banking firm or firms to act as the managing underwriter or underwriters in connection with such offering; provided, that such selection shall be subject to the consent of the Company, which consent shall not be unreasonably withheld, conditioned or delayed.

(vi) The Company shall not include in any Shelf Takedown any securities which are not Registrable Securities without the prior written consent of the Investors participating in the Shelf Takedown. If a Shelf Takedown involves an underwritten offering and the managing underwriter of the requested Shelf Takedown advises the Company and the Investors participating in the Shelf Takedown in its reasonable and good faith opinion the number of shares of Common Stock proposed to be included in the Shelf Takedown, including all Registrable Securities and all other shares of Common Stock proposed to be included in such offering, exceeds the number of shares of Common Stock which can be sold in such underwritten offering without the offering price of the Common Stock proposed to be sold in such underwritten offering, the Company shall include in such Shelf Takedown, (i) first, the shares of Common Stock that the Investors propose to sell, and (ii) second, the shares of Common Stock, if any, proposed to be included therein by any other Persons (including shares of Common Stock to be sold for the account of the Company or Common Stock) allocated among such Persons in such manner as they may agree. If the managing underwriter has imposed a limitation on the number of Registrable Securities that may be included in such offering and the Investors collectively intend to include in such offering more than such limitation, then the number of Registrable Securities that each such Investor is entitled to include in such offering shall be allocated pro rata among the Investors on the basis of the number of Registrable Securities owned by each such Investor.

(b) Registration Procedures. In connection with the Company's obligations under Section 3.07(a) and the Investors' request that any Registrable Securities be distributed in a Shelf Takedown pursuant to the provisions of Section 3.07(a), the Company shall use its commercially reasonable efforts to effect the registration of the offer and sale of such Registrable Securities under the Securities Act in accordance with the intended method of disposition thereof, and pursuant thereto the Company shall as soon as practicable and as applicable:

(i) subject to Section 3.07(a)(iv), prepare and file with the SEC a Registration Statement covering such Registrable Securities and use its commercially reasonable efforts to cause such Registration Statement to be declared effective;

(ii) prepare and file with the SEC such amendments, post-effective amendments and supplements, including Shelf Supplements, to such Registration Statement and the Prospectus used in connection therewith as may be necessary to keep such Registration Statement effective and to comply with the provisions of the Securities Act with respect to the disposition of all Registrable Securities subject thereto for a period ending on the date on which all the Registrable Securities subject thereto have been sold pursuant to such Registration Statement;

(iii) at least five (5) Business Days before filing such Registration Statement, Prospectus or amendments or supplements to the same with the SEC, furnish to one counsel selected by the Investors copies of such documents proposed to be filed, which documents shall be subject to the review, comment and approval of such counsel; provided that the Company shall not have any obligation to modify any information (other than any information related to any seller) if the Company reasonably expects that so doing would cause (A) the Registration Statement to contain an untrue statement of a material fact or omit any material fact required to be stated therein or necessary to make the statements therein not misleading, (B) the Prospectus to contain an untrue statement of a material fact or to omit to state a material fact necessary in order to make the statements made, in light of the circumstances under which they were made, not misleading;

(iv) notify each selling Investor, promptly after the Company receives notice thereof, of the time when such Registration Statement has been declared effective or a supplement, including a Shelf Supplement, to any Prospectus forming a part of such Registration Statement has been filed with the SEC;

(v) furnish to each selling Investor such number of copies of the Prospectus included in such Registration Statement (including each preliminary Prospectus) and any supplement thereto, including a Shelf Supplement (including all exhibits and documents incorporated by reference therein), and such other documents as such seller may reasonably request in order to facilitate the disposition of the Registrable Securities owned by such seller;

(vi) use its commercially reasonable efforts to register or qualify such Registrable Securities under such other securities or "blue sky" laws of such jurisdictions as any selling Investor reasonably requests and do any and all other acts or things reasonably necessary or advisable to enable such Investor to consummate the disposition in such jurisdictions of the Registrable Securities owned by Investor; provided, that the Company shall not be required to (1) qualify generally to do business, subject itself to general taxation or consent to general service of process in any jurisdiction where it would not otherwise be required to do so but for this Section 3.07(b)(vi);

(vii) notify each selling Investor, at any time when a Prospectus relating thereto is required to be delivered under the Securities Act of the happening of any event that would cause the Prospectus included in such Registration Statement (as then in effect) to contain an untrue statement of a material fact or omit any fact necessary in order to make the statements therein, in light of the circumstances under which they were made, not misleading, and, at the request of any such Investor, the Company shall promptly prepare a supplement or amendment to such Prospectus so that, as thereafter delivered to the purchasers of such Registrable Securities, such Prospectus shall not contain an untrue statement of a material fact or omit to state any fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading;

(viii) make available, upon reasonable notice and during normal business hours, for inspection by any selling Investor, any underwriter participating in any disposition pursuant to such Registration Statement and any attorney, accountant or other agent retained by any such Investor or underwriter (collectively, the "**Inspectors**"), all financial and other records, pertinent corporate documents and properties of the Company as shall be reasonably necessary to enable them to exercise their due diligence responsibility, and cause the Company's officers, directors and employees to supply all information reasonably requested by any such Inspector in connection with such Registration Statement;

(ix) provide a transfer agent and registrar (which may be the same entity) for all such Registrable Securities not later than the effective date of such registration;

(x) use its commercially reasonable efforts to cause such Registrable Securities to be listed on each securities exchange on which the common stock is then listed;

(xi) in connection with an underwritten offering, enter into such customary agreements (including underwriting agreement in customary form) and take all such other customary actions as the participating Investors or the underwriter of such offering reasonably request in order to expedite or facilitate the disposition of such Registrable Securities (including, without limitation, making appropriate officers of the Company available to participate in "road show" and other customary marketing activities (including one-on-one meetings with prospective purchasers of the Registrable Securities), provided that the Company shall not be obligated to participate in any non-telephonic road show more than once in any eighteen (18) month period);

(xii) otherwise comply with all applicable rules and regulations of the SEC and make available to its stockholders, as soon as reasonably practicable, an earnings statement that satisfies the provisions of Section 11(a) of the Securities Act and Rule 158 thereunder (or any successor rule thereto) no later than thirty (30) days after the end of the 12-month period beginning with the

first day of the Company's first full fiscal quarter after the effective date of such Registration Statement, which earnings statement shall cover said 12-month period, and which requirement will be deemed to be satisfied if the Company timely files complete and accurate information on Forms 10-K, 10-Q and 8-K under the Exchange Act and otherwise complies with Rule 158 under the Securities Act or any successor rule thereto;

(xiii) furnish to each selling Investor and each underwriter, if any, with (i) a written legal opinion of the Company's outside counsel, dated the closing date of the offering, in form and substance as is customarily given in opinions of counsel to underwriters in underwritten registered offerings; and (ii) on the date of the effective date of any post-effective amendment to the applicable Registration Statement and at the closing of the respective dates of delivery thereof, a "comfort" letter signed by the Company's independent public accounting firm in form and substance as is customarily given in accountants' letters to underwriters in underwritten registered offerings;

(xiv) without limiting Section 3.07(b)(v), use its commercially reasonable efforts to cause such Registrable Securities to be approved by such other governmental agencies or authorities as may be necessary by virtue of the business and operations of the Company to enable the Investors to consummate the disposition of such Registrable Securities in accordance with their intended method of distribution thereof;

(xv) notify the Investors promptly of any request by the SEC for the amending or supplementing of such Registration Statement or Prospectus or for additional information;

(xvi) advise the Investors, promptly after it shall receive notice or obtain knowledge thereof, of the issuance of any stop order by the SEC suspending the effectiveness of such Registration Statement or the initiation or threatening of any proceeding for such purpose and promptly use its commercially reasonable efforts to prevent the issuance of any stop order or to obtain its withdrawal at the earliest possible moment if such stop order should be issued;

(xvii) if any Registration Statement refers to any Investor by name or otherwise as the holder of any securities of the Company and if in its sole and exclusive judgment such Investor is or might be deemed to be an underwriter or a controlling person" (within the meaning of Section 15 of the Securities Act and Section 20 of the Exchange Act) of the Company (each such Person, a "**Controlling Person**") and such Investor shall have the right to require (A) the inclusion therein of language, in form and substance as is satisfactory to such Investor and presented to the Company a reasonable period of time prior to the filing of such Registration Statement, to the effect that the holding by such Investor of such securities is not to be construed as a recommendation by the Investor of the investment quality of the Company's securities covered thereby and that such holding does not imply that such Investor will assist in meeting any future financial requirements of the Company, or (B) in the event that such reference to such Investor by name or otherwise is not required by the Securities Act or any similar federal statute then in force, the deletion of the reference to such Investor;

(xviii) cooperate with the Investors to facilitate the timely preparation and delivery of certificates representing the Registrable Securities to be sold pursuant to such Registration Statement or Rule 144 free of any restrictive legends and in such denominations and registered in such names as the Investors may request a reasonable period of time prior to sales of Registrable Securities pursuant to such Registration Statement or Rule 144, provided that the Company may satisfy its obligations hereunder without issuing physical stock certificates through the use of The Depository Trust Company's Direct Registration System;

(xix) upon the Registration Statement covering the Registrable Securities being declared effective by the SEC, removing the restrictive notation placed on the Registrable Securities as contemplated by Section 3.02(f)(iv) of the Subscription Agreement;

(xx) take no direct or indirect action prohibited by Regulation M under the Exchange Act; provided, that, to the extent that such prohibition is applicable to the Company, the Company will take all reasonable action to make any exception or exemption thereto inapplicable to the Registrable Securities contemplated hereby.

(xxi) otherwise use its commercially reasonable efforts to take all other steps necessary to effect the registration of such Registrable Securities contemplated hereby.

(c) Expenses. All expenses (other than Selling Expenses) incurred by the Company in complying with its obligations pursuant to this Agreement and in connection with the registration and disposition of Registrable Securities shall be paid by the Company, including, without limitation, all (i) registration and filing fees (including, without limitation, any fees required to be made with, or the listing of any Registrable Securities on, any securities exchange or over-the-counter trading platform on which Registrable Securities are listed or quoted); (ii) underwriting expenses (other than underwriting discounts, commissions expenses of any audits incident to or required by any such registration; (iv) fees and expenses of counsel and "blue sky" laws (including, without limitation, fees and disbursements of counsel for the Company in connection with blue sky qualifications or exemptions of the Registrable Securities); (v) printing expenses; (vi) messenger, telephone and delivery expenses of the Company's counsel and independent registered public accounting firm; (vii) Financial Industry Regulatory Authority, Inc. filing fees (if any); and (ix) reasonable and documented fees and expenses of one counsel for the

Investors participating in such registration as a group (selected by the Investors holding Registrable Securities included in the registration). In addition, the Company shall be responsible for all of its internal expenses incurred in connection with the transactions contemplated by this Agreement (including, without limitation, all salaries and expenses of its officers and employees performing legal or accounting duties) and the expense of any annual audits. All Selling Expenses relating to the offer and sale of Registrable Securities registered under the Securities Act pursuant to this Agreement shall be borne and paid by the holders of such Registrable Securities, in proportion to the number of Registrable Securities included in such registration for each such holder.

(d) Indemnification.

(i) The Company shall indemnify and hold harmless, to the fullest extent permitted by law, each holder of Registrable Securities, such holder's officers, directors, managers, members, partners, stockholders and Affiliates, each other Person acting on behalf of such holder of Registrable Securities and each other Controlling Person, if any, of the foregoing Persons, against all losses, claims, actions, damages, liabilities and expenses, joint or several, to which any of the foregoing Persons may become subject under the Securities Act or otherwise, insofar as such losses, claims, liabilities or expenses arise out of or are based upon (A) any untrue or alleged untrue statement of a material fact contained in any Registration Statement, Prospectus, preliminary Prospectus, free writing prospectus (as defined in Rule 405 under the Securities Act or any successor rule thereto) or any amendment thereof or supplement thereto or any omission or alleged untrue statement of a material fact required to be stated therein or necessary to make the statements therein (in the case of a Prospectus, preliminary Prospectus or free writing prospectus, in light of the circumstances under which they were made) not misleading or (B) any violation by the Company of the Securities Act or any other similar federal or state securities laws or any rule or regulation thereunder applicable to the Company and relating to action or inaction required of the Company in connection with any such registration, qualification or compliance; and shall reimburse such Persons for any reasonable and documented legal or other expenses in connection with investigating or defending any such loss, claim, action, damage or liability as the same are incurred by or contained in any information furnished in writing to the Company by such holder or by such holder's failure to deliver a copy of the Registration Statement, Prospectus, preliminary Prospectus, free writing prospectus (as defined in Rule 405 under the Securities Act or any successor rule thereto) or any amendments or supplements thereto (if the same was required by applicable law to be so delivered) after the Company has furnished such holder with a sufficient number of copies of the same. In connection with any written confirmation of the sale of Registrable Securities. This indemnity shall be in addition to any liability the Company may otherwise have.

(ii) In connection with any registration in which a holder of Registrable Securities is participating, each such holder shall furnish to the Company in writing such information as the Company reasonably requests for use in connection with any such Registration Statement or Prospectus and, to the extent permitted by law, shall indemnify and hold harmless, to the fullest extent permitted by law, each director of the Company, each officer of the Company who shall sign such Registration Statement, each Person acting on behalf of the holders of Registrable Securities and each Controlling Person who controls any of the foregoing Persons, against all claims, actions, damages, liabilities or expenses resulting from any untrue or alleged untrue statement of material fact contained in the Registration Statement, Prospectus, preliminary Prospectus, free writing prospectus (as defined in Rule 405 under the Securities Act or any successor rule thereto) or any amendment thereof or supplement thereto or any omission or alleged untrue statement of a material fact required to be stated therein or necessary to make the statements therein (in the case of a Prospectus, preliminary Prospectus or free writing prospectus, in light of the circumstances under which they were made) not misleading, but only with respect to any statement or omission that such holder expressly and exclusively furnished in writing by such holder; provided, however, that the obligation to indemnify shall be several, not joint and several, for each holder and shall not exceed an amount equal to the net proceeds (after underwriting fees, commissions or discounts) actually received by such holder from the sale of Registrable Securities effected pursuant to such Registration Statement. This indemnity shall be in addition to any liability the selling holder may otherwise have.

(iii) Promptly after receipt by an indemnified party of notice of the commencement of any action referred to in this Section 3.07(d), such indemnified party shall, if a claim in respect thereof is made against an indemnifying party, give written notice to the latter of the commencement of such action. The failure of any indemnified party to notify an indemnifying party of any such action shall not (unless such failure shall have a material adverse effect on the indemnifying party) relieve the indemnifying party from any liability in respect of such action that it may have to such indemnified party otherwise than under this Section 3.07(d). If any such action is brought against an indemnified party, the indemnifying party shall be entitled to participate in and to assume the defense of such action that are subject or potentially subject to indemnification hereunder, jointly with any other indemnifying party similarly notified to the extent that it may wish, with counsel reasonably satisfactory to such indemnified party, and after written notice from the indemnifying party to such indemnified party of its election so to assume the defense thereof, the indemnifying party shall not be responsible for any legal or other expenses subsequently incurred by the indemnified party in connection with the defense thereof; provided that, if (A) any indemnified party shall have reasonably concluded that there may be one or more legal defenses available to such indemnified party which are additional to or conflict with those available to the indemnifying party, (B) such claim or litigation involves or could have an effect upon matters beyond the scope of the indemnity provided hereunder, (C) such action seeks an injunction or equitable relief against any indemnified party or involves actual or alleged criminal activity by the indemnified party, (D) the indemnifying party shall not have the right to assume the defense of such action on behalf of such indemnified party, without such indemnified party's prior written consent (but, without such consent, shall have the right to participate therein with counsel of its choice), or (E) the indemnifying party shall reimburse such indemnified party and any Controlling Person of such indemnified party for the fees and expenses of any counsel retained by the indemnified party which is reasonably determined by counsel to the indemnified party to be required to adequately defend the interests of the indemnified party covered by the indemnity provided hereunder. If the indemnifying party is not entitled to, or elects not to, assume the defense of a

claim, it shall not be obligated to pay the fees and expenses of more than one counsel for all parties indemnified by such indemnifying party with respect to such claim, unless in the reasonable judgment of any indemnified party a conflict of interest may exist between such indemnified party and any other of such indemnified parties with respect to such claim. In such instance, the indemnified parties shall have a right to retain one separate counsel, chosen by the holders of a majority of the Registrable Securities included in the registration, at the expense of the indemnifying party. An indemnifying party shall not be liable for any settlement of any action or claim effected without its written consent, such consent not to be unreasonably withheld.

(iv) If the indemnification provided for hereunder is held by a court of competent jurisdiction to be unavailable to an indemnified party with respect to any loss, claim, damage, liability or action referred to herein, then the indemnifying party, in lieu of indemnifying such indemnified party hereunder, shall contribute to the amount paid or payable by such indemnified party as a result of such loss, claim, damage, liability or action in such proportion as is appropriate to reflect the relative fault of the indemnifying party and of the indemnified party on the other in connection with the statements or omissions which resulted in such loss, claim, damage, liability or action as well as any other relevant equitable considerations; provided that the maximum amount of liability in respect of such contribution shall be limited, in the case of each holder of Registrable Securities, to an amount equal to the net proceeds (after underwriting fees, commissions or discounts) actually received by such seller from the sale of Registrable Securities effected pursuant to such registration. The relative fault of the indemnifying party and of the indemnified party shall be determined by reference to, among other things, whether the untrue or alleged untrue statement of a material fact or the omission or alleged omission to state a material fact relates to information supplied by the indemnifying party or by the indemnified party and the parties' relative intent, knowledge, access to information and opportunity to correct or prevent such statement or omission. The parties agree that it would not be just and equitable if contribution pursuant hereto were determined by pro rata allocation or by any other method of allocation which does not take account of the equitable considerations referred to herein. No Person guilty of fraudulent misrepresentation within the meaning of Section 11(f) of the Securities Act shall be entitled to contribution from any Person who was not guilty of such fraudulent misrepresentation.

(e) Participation in Underwritten Registrations. No Person may participate in any registration hereunder which is underwritten unless such Person (i) agrees to sell such Person's securities on the basis provided in any underwriting arrangements approved by the Persons entitled hereunder to approve such arrangements and (ii) completes and executes all questionnaires, powers of attorney, indemnities, underwriting agreements and other documents required under the terms of such arrangements; provided that no holder of Registrable Securities included in any underwritten registration shall be required to make any representations or warranties to the Company or the underwriters (other than representations and warranties regarding such holder, such holder's ownership of its shares of Registrable Securities to be sold in the offering and such holder's intended method of distribution) or to undertake any indemnification obligations to the Company or the underwriters with respect thereto, except as otherwise provided in Section 3.07(d).

(f) Rule 144 Compliance. With a view to making available to the Investors the benefits of Rule 144 or regulation of the SEC that may at any time permit a holder to sell securities of the Company to the public without registration, the Company shall:

(i) make and keep public information available, as those terms are understood and defined in Rule 144, at all times after the date hereof;

(ii) use commercially reasonable efforts to file with the SEC in a timely manner all reports and other documents required of the Company under the Exchange Act; and

(iii) furnish to any Investor so long as it owns Registrable Securities, promptly upon request, a written statement by the Company as to its compliance with the reporting requirements of Rule 144 and the Exchange Act, a copy of the most recent annual or quarterly report of the Company, and such other reports and documents so filed or furnished by the Company as such Investor may reasonably request in connection with the sale of Registrable Securities without Registration.

(g) Lock-up Agreement. Each Investor agrees that in connection with any registered offering of Company Stock or any securities convertible into or exchangeable or exercisable for Company Stock, and upon the request of the managing underwriter in such offering, such Investor shall not, without the prior written consent of such managing underwriter, during the period commencing on the effective date of such registration specified by such managing underwriter (such period not to exceed ninety (90) days), (i) offer, pledge, sell, contract to sell, grant any option to purchase, purchase any option or contract to sell, hedge the beneficial ownership of or otherwise dispose of, directly or indirectly, any shares of Common Stock or any securities convertible into, exercisable for or exchangeable for Common Stock (including, without limitation, shares of Common Stock or such other securities which may be deemed to be beneficially owned by such Investor in accordance with the rules and regulations of the SEC and securities which may be issued upon exercise of a stock option or warrant) held immediately before the effectiveness of the Registration Statement for such offering, or (ii) enter into any swap, hedge or other arrangement that transfers to another, in whole or in part, any of the economic consequences of ownership of such securities, whether any such transaction described in clause (i) or (ii) above is to be settled by delivery of Common Stock or such other securities, in cash or otherwise, provided, however, that the foregoing shall not prevent any Investor from exercising the Put Option Investor Shares. The foregoing provisions of this Section 3.07(g) shall not apply to sales of Registrable Securities to be included

in such offering pursuant to Section 3.07(a), and shall be applicable to the Investors only if all officers and directors of the Company and all stockholders owning more than five percent (5%) of the Company's outstanding Common Stock are subject to the same restrictions. Each Investor agrees to execute and deliver such other agreements as may be reasonably requested by the managing underwriter which are consistent with the foregoing or which are necessary to give further effect thereto. Notwithstanding anything to the contrary contained in this Section 3.07(g), each Investor shall be released, pro rata, from any lock-up agreement entered into pursuant to this Section 3.07(g) in the event and to the extent that the managing underwriter discretionarily waives or terminates the restrictions of any lock-up agreement pertaining to any officer, director or holder of more than five percent (5%) of the outstanding Common Stock.

(h) Preservation of Rights. Section 4.03 *Obligations Irrevocable*. The obligations of the Company hereunder are irrevocable and shall not be terminated, suspended or affected in any manner by the deterioration of the financial situation or the interruption of the operations of the Company (whether by condemnation, expropriation, nationalization or otherwise) or the insolvency of the Company or the filing of any bankruptcy proceeding or any similar proceeding by or against the Company or any other circumstances whatsoever.

ANNEX A

ANTI-CORRUPTION GUIDELINES FOR IFC TRANSACTIONS

The purpose of these Guidelines is to clarify the meaning of the terms "Corrupt Practice", "Fraudulent Practice", "Coercive Practice", and "Obstructive Practice" in the context of the Investors' operations.

1. CORRUPT PRACTICES

A "Corrupt Practice" is the offering, giving, receiving or soliciting, directly or indirectly, of anything of value to influence improperly the actions of another party.

INTERPRETATION

A. Corrupt Practices are understood as kickbacks and bribery. The conduct in question must involve the use of improper means (such as bribery) to violate or derogate a duty owed by the recipient in order for the payor to obtain an undue advantage or to avoid an obligation. Antitrust, securities and other violations of law that are not of this nature are excluded from the definition of Corrupt Practices.

B. It is acknowledged that foreign investment agreements, concessions and other types of contracts commonly require investors to make contributions for bona fide social development purposes or to provide funding for activities related to the project. Similarly, investors are often required or expected to make contributions to charities. These practices are not viewed as Corrupt Practices for purposes of these definitions, so long as they are permitted under local law and fully disclosed in the payor's books and records. Similarly, an investor will not be held liable for corrupt or fraudulent practices committed by entities that administer bona fide social or charitable contributions.

C. In the context of conduct between private parties, the offering, giving, receiving or soliciting of corporate gifts that are customary by internationally-accepted industry standards shall not constitute Corrupt Practices unless it violates Applicable Law.

D. Payment by private sector persons of the reasonable travel and entertainment expenses of public officials that are consistent with existing practice under relevant law and international conventions will not be treated as Corrupt Practices.

E. The World Bank Group[1] does not condone facilitation payments. For the purposes of implementation, the interpretation of "Corrupt Practices" relating to facilitation payments will take into account relevant law and international conventions pertaining to corruption.

2. FRAUDULENT PRACTICES

A "Fraudulent Practice" is any action or omission, including a misrepresentation that knowingly or recklessly misleads, or attempts to mislead, a party to obtain a financial or other benefit or to avoid an obligation.

INTERPRETATION

A. An action, omission, or misrepresentation will be regarded as made recklessly if it is made with reckless indifference as to whether it is true or false. Mere inaccuracy in such information, committed through simple negligence, is not enough to constitute a "Fraudulent Practice" for purposes of this Agreement.

B. Fraudulent Practices are intended to cover actions or omissions that are directed to or against a World Bank Group member country in connection with the award or implementation of a government contract or concession in a project financed by the World Bank, IFC, Multilateral Guarantee Agency, or Partial Risk Guarantee operations. Similarly, other illegal behavior on other third parties are not condoned but are not specifically sanctioned in this Agreement, but will not be considered as a Fraudulent Practice for purposes of this Agreement.

3. COERCIVE PRACTICES

A "Coercive Practice" is impairing or harming, or threatening to impair or harm, directly or indirectly, any party or property to influence improperly the actions of a party.

[1] The "World Bank" is the International Bank for Reconstruction and Development, an international organization established by Articles of Agreement among its member countries and the "World Bank Group" refers to the International Bank for Reconstruction and Development, the International Development Association, the International Finance Corporation, the Multilateral Investment Guarantee Agency, and the International Centre for Settlement of Investment Disputes.

INTERPRETATION

A. Coercive Practices are actions undertaken for the purpose of bid rigging or in connection with public procurement contracting or in furtherance of a Corrupt Practice or a Fraudulent Practice.

B. Coercive Practices are threatened or actual illegal actions such as personal injury or abduction, damage or injury to legally recognizable interests, in order to obtain an undue advantage or to avoid an obligation. It is not intended to cover hard bargaining, the exercise of legal or contractual remedies or litigation.

4. COLLUSIVE PRACTICES

A "Collusive Practice" is an arrangement between two or more parties designed to achieve an improper purpose, including to influence improperly the actions of another party.

INTERPRETATION

Collusive Practices are actions undertaken for the purpose of bid rigging or in connection with public procurement or governmental contracting or in furtherance of a Corrupt Practice or a Fraudulent Practice.

5. OBSTRUCTIVE PRACTICES

An "Obstructive Practice" is (i) deliberately destroying, falsifying, altering or concealing of evidence material to the investigation or making false statements to investigators, in order to materially impede a World Bank Group investigation into allegations of a Corrupt Practice, Fraudulent Practice, Coercive Practice or Collusive Practice, and/or threatening, harassing or intimidating any party to prevent it from disclosing its knowledge of matters relevant to the investigation or from pursuing the investigation, or (ii) an act intended to materially impede the exercise of IFC's access to contractually required information in connection with a World Bank Group investigation into allegations of a Corrupt Practice, Fraudulent Practice, Coercive Practice or Collusive Practice.

INTERPRETATION

Any action legally or otherwise properly taken by a party to maintain or preserve its regulatory, legal or contractual rights, such as the attorney-client privilege, regardless of whether such action had the effect of impeding an investigation, does not constitute an Obstructive Practice.

GENERAL INTERPRETATION

A person should not be liable for actions taken by unrelated third parties unless the first party participated in the prohibited act in question.

Recent accounting pronouncements adopted

In November 2023, the Financial Accounting Standards Board ("FASB") issued *Improvements to Reportable Segment Disclosures (Topic 280)*, which expands reportable segment disclosure requirements, primarily through enhanced disclosures about significant segment expenses. The guidance requires disclosure of the title and position of the chief operating decision maker ("CODM") and how the CODM uses reported measures of segment profit or loss in assessing segment performance and deciding how to allocate resources. In addition, the guidance requires interim disclosures that were previously only annually required, permits the disclosure of more than one measure of segment profit or loss under certain circumstances, and requires all annual disclosures currently required by Topic 280 to be included in interim periods. The Company adopted this guidance effective July 1, 2024 for the year ended June 30, 2025, and for interim periods commencing from July 1, 2025 (i.e. for the quarter ended September 30, 2025).

Recent accounting pronouncements not yet adopted as of December 31, 2024

In December 2023, the FASB issued guidance regarding *Income Taxes (Topic 740)*, which requires entities, on an annual basis, to (1) disclose specific categories in the income tax rate reconciliation and (2) provide additional information for reconciling items that meet a quantitative threshold. Quantitative disclosures are required to be presented in percentages and currency amounts. Qualitative disclosures are required to explain the nature of reconciling items and the judgment used in categorizing them. The guidance is effective for the Company beginning July 1, 2025. The Company is currently assessing the impact of this guidance on its financial statements and related disclosures.

In November 2024, the FASB issued guidance regarding *Income Statement—Reporting Comprehensive Income—Expense Disaggregation Disclosures (Subtopic 220-40)*, which requires disaggregated disclosure of income statement expenses for public business entities. The guidance does not change the specific expense captions an entity presents on the face of the income statement; rather, it requires disaggregation of certain expense captions into specified categories in disclosures within the footnotes to the financial statements. The guidance is effective for the Company beginning July 1, 2027. Early adoption is permitted. The Company is currently assessing the impact of this guidance on its financial statements and related disclosures.

Trade receivables include amounts due from customers which generally have a very short credit term of 30 days or less, with the exception of [illegible] which are provided to settlement. The duration is less than a year in all cases and generally less than 90 days in many instances. The short-term nature of these exposures often results in balances at month-end that are not representative of exposures during the month. The month-end outstanding balance are more volatile than the monthly average balance and can be affected by operational timing issues and the fact that a balance is outstanding at month-end is not necessarily an indication of increased risk but rather a matter of operational timing.

Credit risk in respect of trade receivables are generally not significant and for these basin credit exposures, the Company determined to use a lifetime loss rate by processing of invoice amounts (as opposed to outstanding balances). The allowance has been calculated by multiplying the lifetime loss rate with recent invoice/origination amounts. Manual assessment of recovery indicators is performed to assess the credit risk of these receivables over short periods of time. Different balances have different rates to identify accounts in distress and specific allowances are immediately created. Write-off rates are low due to the historically low credit losses experienced and subsequent recovery from distressed accounts is not significant.

5. Fair value of financial instruments

Initial recognition and measurement

Financial instruments are recognized when the Company becomes a party to the transaction. Initial measurement is at cost, which includes transaction costs.

Risk management

The Company manages its exposure to currency exchange, translation, interest rate, credit, microlending and liquidity risks as discussed below.

Currency exchange risk

The Company is subject to currency exchange risk because it purchases components for its safe assets, assembles, and inventories that it is required to settle in other currencies, primarily the euro, renminbi, and has used forward contracts in order to limit its exposure in these transactions to fluctuations in exchange rates between the South African rand ("ZAR"), on the one hand, and the U.S. dollar and the euro, on the other hand.

Translation risk

Translation risk relates to the risk that the Company's results of operations will vary significantly as the U.S. dollar, but it receives a significant amount of its revenues and incurs a significant amount of its expenses in ZAR. The U.S. dollar to ZAR exchange rate has fluctuated significantly over the past three years. As exchange rates are outside the Company's control, there can be no assurance that future fluctuations will not adversely affect the Company's results of operations and financial condition.

5. Fair value of financial instruments (continued)

Risk management (continued)

Interest rate risk

As a result of its normal borrowing activities, the Company's operating results are primarily exposed to changes in interest rates. Interest rates in South Africa it manages through regular financing activities. The South African Reserve Bank maintained rates during calendar 2024 however the South African Reserve Bank announced a 25-basis point reduction in the South African repurchase rate in September 2024 and November 2024, with further reductions expected in the short-to-medium term. Changes in interest rates affect the amount of interest income earned on cash balances and the cost of borrowings. Assuming the current level of borrowings outstanding, the Company expects that in the foreseeable future, however, the Company would experience a higher cost of borrowing if interest rates increased materially. The Company periodically evaluates the cost and benefits of interest rate risk management alternatives and may enter into such transactions in the future. The Company generally maintains surplus cash in cash equivalents and short-term investments, which are held in a variety of interest-bearing securities.

Credit risk

Credit risk relates to the risk of loss that the Company would incur as a result of non-performance by counterparties. The Company maintains credit risk policies in respect of its counterparties to minimize overall credit risk. These policies include an evaluation of a potential counterparty's financial condition, credit rating, and other credit criteria and risk mitigation tools as the Company's management deems appropriate. With respect to credit risk on financial instruments, the Company maintains a policy of entering into such transactions only with South African and European financial institutions that have a credit rating of "A" (or its equivalent) or better, as determined by credit rating agencies such as Standard & Poor's, Moody's and Fitch Ratings.

Consumer microlending credit risk

The Company is exposed to credit risk in its Consumer microlending activities, which provides unsecured short-term loans to qualifying customers. Credit bureau checks as well as an affordability test are conducted as part of the origination process, both of which are performed by third parties. The Company considers this policy to be taken private because the affordability test performed considers the customer's debts and total expenditures on normal household and lifestyle expenses. Additionally, its customers make payments when they are due or risk the future withholding of cash.

The Company maintains an allowance for doubtful finance loans receivable related to its Consumer microlending activities, which is determined by using historical data and credit bureau checks. The Company considers these procedures to be appropriate because it takes into account a variety of factors such as the customer's credit capacity and customer-specific risk factors when originating a loan.

Equity price risk relates to the risk of loss that the Company would incur as a result of the volatility in the exchange-traded price of equity securities that it holds. The market price of these securities may fluctuate for a variety of reasons and, consequently, the amounts realized in a subsequent sale of these securities may significantly differ from the reported market value.

Equity liquidity risk relates to the risk of loss that the Company would incur as a result of the lack of liquidity on the exchange on which these securities are listed. The Company may not be able to sell some or all of its equity securities for an extended period of time without influencing the exchange-traded price, or at all.

5. Fair value of financial instruments (continued)

Financial instruments (continued)

The following section describes the valuation methodologies the Company uses to measure its significant financial assets and liabilities at fair value.

In general, and where applicable, the Company uses quoted prices in active markets for identical assets or liabilities to determine fair value. This pricing methodology would apply to Level 1 investments. If quoted prices for identical assets or liabilities are not available to determine fair value, then the Company uses quoted prices for similar assets and liabilities or inputs that are observable either directly or indirectly. These inputs would be included in Level 2 investments. Level 3 inputs are generally unobservable, values typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability. The fair values are therefore determined using model-based techniques that include option pricing models, discounted cash flow models, and similar techniques. Investments classified using Level 2 or Level 3 inputs are generally investments in limited liquidity securities or investments that trade infrequently.

Asset measured at fair value using significant observable inputs – investment in MobiKwik

The Company's investment in equity shares of One MobiKwik Systems Limited ("MobiKwik"), MobiKwik is listed on the National Stock Exchange of India ("NSE") on December 18, 2024. Up until its listing date, the Company elected to measure its investment in MobiKwik at cost minus impairment, if any, plus or minus changes resulting from observable price changes in orderly transactions for the identical or a similar investment of the same issuer ("cost plus or minus changes in observable prices equity securities"). From the date of MobiKwik's listing, the Company has used MobiKwik's closing price reported on the NSE on the last trading day related to last day of the reporting period to determine the fair value of the equity securities owned by the Company. The Company has determined the fair value per MobiKwik share of ₹ 685 INR (or $8.14 USD using INR exchange rates applicable as of December 31, 2024).

Refer to Note 6 for additional information.

Asset measured at fair value using significant unobservable inputs – investment in Cell C

The Company's Level 3 asset represents 75,000,000 "A" shares in Cell C, a provider in South Africa. The Company used a discounted cash flow model developed by the Company to determine the fair value of its investment in Cell C as of December 31, 2024 and June 30, 2024, respectively. The Company incorporates the following key valuation inputs and assumptions into the model: Cell C's deferred tax assets would be utilized as its net income becomes positive, the Company utilized the latest business plan provided by Cell C management for the period ending December 31, 2027, for which December 31, 2024 and June 30, 2024 WACC rates reflect the Company's assessment of risk to Cell C achieving its business plan.

The following key valuation inputs were used as of December 31, 2024 and June 30, 2024:

Weighted Average Cost of Capital ("WACC"):	Between 21% and 25% over the period of the business plan (December 31, 2024 and June 30, 2024)
Long term growth rate:	4.5% (4.5% as of June 30, 2024)
Marketability discount:	20% (20% as of June 30, 2024)
Minority discount:	24% (24% as of June 30, 2024)
Net adjusted external debt - December 31, 2024:	ZAR7.4 billion ($0.4 billion), no lease liabilities
Net adjusted external debt - June 30, 2024:	ZAR7.9 billion ($0.4 billion), no lease liabilities

(1) translated from ZAR to U.S. dollars at exchange rates as of December 31, 2024 and June 30, 2024, respectively. Adjustments to net adjusted external debt are included

(2) Translated from ZAR to U.S. dollars at exchange rates applicable as of June 30, 2024.

The following table presents the impact on the carrying value of the investment in Cell C from an increase in the WACC rate and the EBITDA margins respectively used in the valuation of Cell C translated at exchange rates applicable as of December 31, 2024:

Sensitivity for fair value of Cell C investment	1.0% increase	1.0% decrease
WACC rate	$ -	$ 426
EBITDA margin	$ 1,059	$ -

The aggregate fair value of the MobiKwik and Cell C's shares as of December 31, 2024 represented 5.6% of the Company's total assets, including these shares. The Company expects that there will be short-term equity price volatility with respect to these shares, particularly given that Cell C remains in a turnaround process.

The Company measures equity investments without readily determinable fair values at fair value on a nonrecurring basis. The fair values are determined based on valuation techniques using the best information available, and may include, quoted market prices, and discounted cash flow projections. An impairment charge is recorded when the cost of the asset exceeds its fair value and the excess is determined to be other-than-temporary. Refer to Note 6 for impairment charges recorded during the reporting periods presented herein. The Company has measured at fair value on a nonrecurring basis.

Sale and impairment of Finbond shares during the three and six months ended December 31, 2023

On August 10, 2023, the Company, through its wholly owned subsidiary Net1 Applied Technologies South Africa (Pty) Ltd, entered into an agreement with Finbond to sell all its remaining shareholding to Finbond in exchange for 64.8 million newly issued Finbond shares (the "Transaction"). The Transaction was subject to certain conditions, including the approval by Finbond's shareholders, which were finalized in December 2023. The cash proceeds of approximately ZAR 44 million, or approximately $2.4 million, were used to repay capitalized interest under the Company's borrowing facilities.

As noted above, the Company entered into an agreement to exit its position in Finbond and determined that it no longer exercised significant influence over Finbond. Accordingly, the Company ceased applying the equity method of accounting to its investment in Finbond, including the foreign currency translation reserve and other equity account amounts as at September 30, 2023. The Company recognized an impairment loss of ZAR 1,543 million ($82 million) during the quarter ended September 30, 2023, which represents the difference between the determined fair value of the Company's interest in Finbond and the Company's carrying value, including the foreign currency translation reserve, before the impairment. The ZAR/USD exchange rate used in the 2023 impairment referred to above to calculate the determined fair value of Finbond was the price of ZAR [illegible] as at August [illegible], 2023.

Borrowings

9. Borrowings

Refer to Note 12 to the Company's audited consolidated financial statements for the year ended June 30, 2024 for additional information regarding its borrowings.

Reference rate reform

After the transition away from certain interbank offered rates in foreign jurisdictions a number of reference interest rate reforms are accelerating rapidly. The Johannesburg Interbank Average Rate ("JIBAR") will be replaced by the new South African Overnight Index Average ("ZARONIA"). Certain of the Company's borrowings reference JIBAR as a basis for determining the interest rate at which rand-denominated overnight funds are obtained. The uncertainty surrounding the timing and manner in which the transition would occur and how this will affect the Company's borrowings may result in its borrowers to negotiate changes to its existing borrowing agreements or to introduce ZARONIA in its future borrowing agreements.

South Africa

The Company is currently renegotiating its borrowing facilities and expects the negotiations to be concluded in March 2025. The amounts below have been translated at the closing rates applicable as of the dates specified. The JIBAR, an average of 3 month deposit rates, on December 31, 2024 was 7.96% (June 30, 2024: 8.24%) and the benchmark rate at which private sector banks lend to the public in South Africa, prime, was 11.25% (June 30, 2024: 11.50%). On January 31, 2025, following a 0.25% reduction in the South African repo rate, the rate at which private sector banks borrow funds from the South African Reserve Bank was 7.75%.

(Loss) Earnings Per Share [Abstract]

(Loss) Earnings Per Share

14. (Loss) Earnings per share

The Company has issued redeemable common stock which is redeemable at an amount other than fair value. Accordingly, basic and diluted (loss) earnings per share using the two-class method is not reflected in the consolidated statements of income. The amount of the redeemable common stock is reported in the consolidated statements of changes in equity. The carrying value of the redeemable common stock during the three and six months ended December 31, 2024 and 2023 is equal to the redemption value. The two-class method presented below does not include the impact of any redemption. The Company's redeemable common stock is described in Note 14 to the Company's audited consolidated financial statements included in its Annual Report on Form 10-K for the year ended June 30, 2024.

Basic (loss) earnings per share includes shares of restricted stock that meet the definition of a participating security as these shares are eligible to receive non-forfeitable dividend equivalents at the same rate as common stock. Basic (loss) earnings per share has been calculated using the two-class method and basic (loss) earnings per share for the three and six months ended December 31, 2024 and 2023 reflects only undistributed earnings. The computation below of basic (loss) earnings per share excludes the net loss attributable to unvested restricted stock (participating non-vested restricted stock) from the numerator and excludes the dilutive impact of those unvested shares of restricted stock from the denominator.

Diluted (loss) earnings per share has been calculated to give effect to the number of shares of common stock that would have been outstanding if the potential dilutive instruments had been issued in each period. Stock options are excluded from diluted (loss) earnings per share utilizing the treasury stock method and are not considered in periods in which they have an exercise price in excess of the average market price for the period. Unvested stock options do not contain non-forfeitable dividend rights. The Company has excluded shares of common stock from the calculation of diluted loss per share during the three months ended December 31, 2024 and 2023 because the effect would be antidilutive. The Company has excluded employee stock options, shares of common stock from the calculation of diluted loss per share during the six months ended December 31, 2024 and 2023, because the effect would be antidilutive.

The calculation of diluted (loss) earnings per share includes the dilutive effect of a portion of the unvested restricted stock granted to employees as these shares of restricted stock are considered contingently returnable shares for the purposes of the calculation and the vesting conditions in respect of a portion of the restricted stock have been met.

Income tax in interim periods

The Company has not included the transaction related expenses in the calculation of the effective tax rate, and when applicable, on the opening balance of deferred tax assets and liabilities in the interim period in which the enactment date occurs. style="position:relative;width:727px;z-index:1;"> Recent accounting pronouncements not yet adopted as of December 31, 2024 In December 2023, the FASB issued guidance regarding Income Taxes (Topic 740) to improve income tax disclosure requirements. The guidance requires entities, on an annual basis, to (1) disclose specific categories in the income tax rate reconciliation and (2) provide additional information for reconciling items that meet a quantitative threshold (if the effect of those reconciling items is equal to or greater than five percent of the amount computed by multiplying pre-tax income or loss by the applicable statutory income tax rate). This guidance is effective for the Company beginning July 1, 2025. The Company is currently assessing the impact of this guidance on its financial statements and related disclosures. In November 2024, the FASB issued guidance regarding Income Statement—Reporting Comprehensive Income—Expense Disaggregation Disclosures (Subtopic 220-40) which requires disaggregated disclosure of income statement expenses for public business entities. The guidance does not change the expense captions an entity presents on the face of the income statement; rather, it requires disaggregation of certain expense captions into specified categories in disclosures within the footnotes to the financial statements. This guidance is effective for the Company beginning July 1, 2027. Early adoption is permitted. The Company is currently assessing the impact of this guidance on its financial statements and related disclosures. Unaudited Interim Financial Information The accompanying unaudited condensed consolidated financial statements include all majority-owned subsidiaries over which the Company exercises control and have been prepared in accordance with U.S. generally accepted accounting principles ("GAAP") and the rules and regulations of the United States Securities and Exchange Commission for Quarterly Reports on Form 10-Q and include all the information and disclosures required for interim financial reporting. The results of operations for the three and six months ended December 31, 2024 and 2023, are not necessarily indicative of the results for the full year. The Company believes that the disclosures are adequate to make the information presented not misleading. These unaudited condensed consolidated financial statements should be read in conjunction with the financial statements, accounting policies and financial notes thereto included in the Company's Annual Report on Form 10-K for the fiscal year ended June 30, 2024. In the opinion of management, the accompanying unaudited condensed consolidated financial statements reflect all adjustments (consisting only of normal recurring adjustments), which are necessary for a fair representation of financial results for the interim periods presented. References to "Lesaka" are references solely to Lesaka Technologies, Inc. References to the "Company" refer to Lesaka and its consolidated subsidiaries, collectively, unless the context otherwise requires. Recent accounting pronouncements adopted In November 2023, the Financial Accounting Standards Board ("FASB") issued guidance regarding Segment Reporting (Topic 280) to improve reportable segment disclosure requirements, primarily through enhanced disclosures about significant segment expenses. In addition, the guidance enhances interim disclosure requirements, clarifies circumstances in which an entity can disclose multiple segment measures of profit or loss, provides new segment disclosure requirements for entities with a single reportable segment, and contains other disclosure requirements. This guidance is effective for the Company beginning July 1, 2024 for its year ended June 30, 2025, and for interim periods commencing from July 1, 2025 (i.e. for the quarter ended September 30, 2025). The duration is less than a year in all cases and generally less than 30 days in many instances. The short-term nature of these exposures often results in balances at month-end that are disproportionately small compared to the total invoiced amounts. The month-end outstanding balance are more volatile than the monthly invoice amounts because they are affected by operational timing issues and the fact that a balance is outstanding at month-end is not necessarily an indication of increased risk but rather a matter of operational timing. Credit risk in respect of trade receivables are generally not significant and the Company has not developed a sophisticated model for these basic credit exposures. The Company determined to use a lifetime loss rate by expressing write-off experience as a percentage of corresponding invoice amounts (as opposed to outstanding balances). The allowance for credit losses related to these receivables has been calculated by multiplying the lifetime loss rate with recent invoice/origination amounts. Management actively monitors performance of these receivables over short periods of time. Different balances have different rules to identify an account in distress. Once balances in distress are identified, specific allowances are immediately created. Subsequent recovery from distressed accounts is not significant. Current portion of amount outstanding related to sale of interest in Carbon represents an amount due related to the sale of the loan in Carbon Tech Limited ("Carbon"), with a face value of $ 3.0 million, which was sold in September 2022 for $ 0.75 million, net of an allowance for doubtful loans receivable of $ 0.75 million. The Company has not yet received the outstanding $ 0.75 million related to the sale of the $ 3.0 million loan, and continues to engage with the purchaser to recover the outstanding balance. Investment in 7.625 % of Cedar Cellular Investment 1 (RF) (Pty) Ltd 8.625 % notes represents the investment in a note which was due to mature in August 2022 and forms part of Cell C's capital structure. The carrying value as of each of December 31, 2024, and June 30, 2024, respectively was $ 0 (zero). Other receivables include prepayments, deposits, income taxes receivable and other receivables. 3. Fair value of financial instruments Initial recognition and measurement Financial instruments are recognised when the Company becomes a party to the transaction. Initial measurements are at cost, which includes transaction costs. Risk management The Company manages its exposure to currency exchange, translation, interest rate, credit, microlending credit and equity price and liquidity risks as discussed below. Currency exchange risk The Company is subject to currency exchange risk because it purchases components for its safe assets, that the Company assembles, and inventories that it is required to settle in other currencies, primarily the euro, renminbi, and U.S. dollar. The Company has used forward contracts in order to limit its exposure in these transactions to fluctuations in exchange rates between the South African rand (“ZAR”), on the one hand, and the U.S. dollar and the euro, on the other hand. Translation risk Translation risk relates to the risk that the Company’s results of operations will vary significantly as the U.S. dollar is its reporting currency, but it earns a significant amount of its revenues and incurs a significant amount of its expenses in ZAR. The U.S. dollar to the ZAR exchange rate has fluctuated significantly over the past three years. As exchange rates are outside the Company’s control, there can be no assurance that future fluctuations will not adversely affect the Company’s results of operations and financial condition. 5. Fair value of financial instruments (continued) Risk management (continued) Interest rate risk As a result of its normal borrowing activities, the Company’s operating results are exposed to fluctuations in interest rates, which it manages primarily through regular financing activities. Interest rates in South Africa remained unchanged for the majority of calendar 2024 however the South African Reserve Bank announced a 25-basis point reduction in the South African repurchase rate in each of September 2024 and November 2024, with further reductions expected in the short-term. Therefore, ignoring the impact of changes to the margin on its borrowings refer to Note 9) and value of borrowings outstanding, the Company expects its cost of borrowing to decline moderately in the foreseeable future, however, the Company would expect a higher cost of borrowing if interest rates were to increase in the future. The Company periodically evaluates the cost and effectiveness of interest rate hedging strategies to manage this risk. The Company generally maintains surplus cash in cash equivalents and held to maturity investments and has occasionally invested in marketable securities. Credit risk Credit risk relates to the risk of loss that the Company would incur as a result of non-performance by counterparties. The Company maintains credit risk policies in respect of its counterparties to minimize overall credit risk, These policies include an evaluation of a potential counterparty’s financial condition, credit rating, and other credit criteria and risk mitigation tools as the Company’s management deems appropriate. With respect to credit risk on financial instruments, the Company maintains a policy of entering into such transactions only with South African and European financial institutions that have a credit rating of “B” (or its equivalent) or better, as determined by credit rating agencies such as Standard & Poor’s, Moody’s and Fitch Ratings. Consumer microlending credit risk The Company is exposed to credit risk in its Consumer microlending activities, which provides unsecured short-term loans to qualifying customers. Credit bureau checks as well as an affordability test are conducted as part of the

origination process, both of which are in line with local regulations. The Company considers this policy to be appropriate because the affordability test it performs takes into account a variety of factors such as other debts and total expenditures on normal household and lifestyle expenses. Additional allowances may be required should the ability of its customers to make payments when due deteriorate in the future. Judgment is required to assess the ultimate recoverability of these finance loan receivables, including ongoing evaluation of the creditworthiness of each customer. Merchant lending The Company maintains an allowance for doubtful finance loans receivable related to its Merchant services segment with respect to short-term loans to qualifying merchant customers. The Company's risk management procedures include adhering to its proprietary lending criteria which uses an online system loan application process, obtaining necessary customer transaction history data and credit bureau checks. The Company considers these procedures to be appropriate because it takes into account a variety of factors such as the customer's credit capacity and customer-specific risk factors when originating a loan. Equity price and liquidity risk Equity price risk relates to the risk of loss that the Company would incur as a result of the volatility in the exchange-traded price of equity securities that it holds. The market price of these securities may fluctuate for a variety of reasons and, consequently, the amount that the Company may obtain in a subsequent sale of these securities may significantly differ from the reported market value. Equity liquidity risk relates to the risk of loss that the Company would incur as a result of the lack of liquidity on the exchange on which those securities are listed. The Company may not be able to sell some or all of these securities at one time. or over an extended period of time without influencing the exchange-traded price. or at all. 5. Fair value of financial instruments (continued) Financial instruments (continued) The following section describes the valuation methodologies the Company uses to measure its significant financial assets and liabilities at fair value. In general, and where applicable, the Company uses quoted prices in active markets for identical assets or liabilities to determine fair value. This pricing methodology would apply to Level 1 investments. If quoted prices in active markets for identical assets or liabilities are not available to determine fair value. then the Company uses quoted prices for similar assets and liabilities or inputs other than the quoted prices that are observable either directly or indirectly. These investments would be included in Level 2 investments. In circumstances in which inputs are generally unobservable, values typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability. The fair values are therefore determined using model- based techniques that include option pricing models. discounted cash flow models, and similar techniques. Investments valued using such techniques are included in Level 3 investments. Asset measured at fair value using significant observable inputs - investment in MobiKwik The Company's owns 6,215,620 equity shares of One MobiKwik Systems Limited ("MobiKwik"). MobiKwik listed on the National Stock Exchange of India ("NSE") on December 18, 2024. Up until its listing MobiKwik did not have a readily determinable fair value and the Company elected to measure its investment in MobiKwik at cost minus impairment, if if any, plus or minus changes resulting from observable price changes in orderly transactions for the identical or a similar investment of the same issuer ("cost plus or minus changes in observable prices equity securities"). From the date of MobiKwik's listing, the Company has used MobiKwik's closing price reported on the NSE on the last trading day related to last day of the Company's reporting period to determine the fair value of the equity securities owned by the Company. The Company has determined a fair value per MobiKwik share of $ 6.85 (INR 586.15 per share at the USD: INR exchange rates applicable as of December 31, 2024). Refer to Note 6 for additional information. Asset measured at fair value using significant unobservable inputs - investment in Cell C The Company's Level 3 asset represents an investment of 75,000,000 class "A" shares in Cell C, a significant mobile telecoms provider in South Africa. The Company used a discounted cash flow model developed by the Company to determine the fair value of its investment in Cell C as of December 31, 2024 and June 30, 2024, respectively, and valued Cell C at $ 0.0 (zero) and $ 0.0 (zero) as of December 31, 2024, and June 30, 2024, respectively. The Company incorporates the payments under Cell C's lease liabilities into the cash flow forecasts and assumes that Cell C's deferred tax assets would be utilized over the forecast period. The Company has assumed a marketability discount of 20 % and a minority discount of 24 %. The Company utilized the latest business plan provided by Cell C management for the period ending December 31, 2027, for the December 31, 2024, and June 30, 2024, valuations. Adjustments have been made to the WACC rate to reflect the Company's assessment of risk to Cell C achieving its business plan. Borrowings Refer to Note 12 to the Company's audited consolidated financial statements included in its Annual Report on Form 10-K for the year ended June 30, 2024, for additional information regarding its borrowings. Reference rate reform After the transition away from certain interbank offered rates in foreign jurisdictions ("IBOR reform "), the reforms to South Africa's reference interest rate are now accelerating rapidly. The Johannesburg Interbank Average Rate ("JIBAR") will be replaced by the new South African Overnight Index Average ("ZARONIA"). Certain of the Company's borrowings reference JIBAR as a base interest rate. ZARONIA reflects the interest rate at which rand-denominated overnight wholesale funds are obtained by commercial banks. There is uncertainty surrounding the timing and manner in which the transition would occur and how this would affect our borrowings. The Company is engag ing with its borrowers to negotiate changes to its existing borrowing agreements or to introduce language to cater for the transition to ZARONIA in its future borrowing agreements. South Africa The Company is currently renegotiating its borrowing facilities and expects the process to be concluded before March 31, 2025. The amounts below have been translated at exchange rates applicable as of the dates specified. The JIBAR, an average of 3 month negotiable certificates of deposit ("NCD") rates, on December 31, 2024, was 7.75 %. The prime rate, the benchmark rate at which private sector banks lend to the public in South Africa, on December 31, 2024, was 11.25 %, and reduced to 11.00 % on January 31, 2025, following a 0.25% reduction in the South African repo rate, the rate at which private sector banks borrow funds from the South African Reserve Bank. (Loss) Earnings per share The Company has issued redeemable common stock which is redeemable at an amount other than fair value. Redemption of a class of common stock at other than fair value increases or decreases the carrying amount of the redeemable common stock and is reflected in basic earnings per share using the two-class method. There were no redemptions of common stock, or adjustments to the carrying value of the redeemable common stock during the three and six months ended December 31, 2024 and 2023. Accordingly, the two-class method presented below does not include the impact of any redemption. The Company's redeemable common stock is described in Note 14 to the Company's audited consolidated financial statements included in its Annual Report on Form 10-K for the year ended June 30, 2024. Basic (loss) earnings per share includes shares of restricted stock that meet the definition of a participating security because these <div id="a16360" style="position:absolute;font-

family:Times New Roman';left:4px;top:169px;">shares are eligible to receive non -forfeitable dividend equivalents at the same rate as common stock. Basic (loss) earnings per share has been calculated using the two-class method and basic (loss) earnings per share for the three and six months ended December 31, 2024 and 2023, reflects only undistributed earnings. The computation below of basic (loss) earnings per share excludes the net loss attributable to shares of unvested restricted stock (participating non-vested restricted stock) from the numerator and excludes the dilutive impact of these unvested shares of restricted stock from the denominator. Diluted (loss) earnings per share has been calculated to give effect to the number of shares of additional common stock that would have been outstanding if the potential dilutive instruments had been issued in each period. Stock options are included in the calculation of diluted (loss) earnings per share utilizing the treasury stock method and are not considered to be participating securities, as the stock options do not contain non-forfeitable dividend rights. The Company has excluded employee stock options to purchase 257,445 and 51,704 shares of common stock from the calculation of diluted loss per share during the three months ended December 31, 2024 and 2023 because the effect would be antidilutive. The Company has excluded employee stock options to purchase 338,725 and 46,756 shares of common stock from the calculation of diluted loss per share during the six months ended December 31, 2024 and 2023, because the effect would be antidilutive. The calculation of diluted (loss) earnings per share includes the dilutive effect of a portion of the restricted stock granted to employees as these shares of restricted stock are considered contingently returnable shares for the purposes of the diluted (loss) earnings per share calculation and the vesting conditions in respect of a portion of the restricted stock had been satisfied. 14. (Loss) Earnings per share (continued) The vesting conditions for all awards made are discussed in Note 17 to the Company's audited consolidated financial statements included in its Annual Report on Form 10-K for the year ended June 30, 2024. The following table presents net loss attributable to Lesaka and the share data used in the basic and diluted loss per share computations using the two-class method: <div style="position:absolute; width:7.8px; height:16px;

Operating segments Operating segments The Company discloses segment information as reflected in the management information systems reports that its chief operating decision maker uses in making decisions and to report certain entity-wide disclosures about products and services, and the countries in which the entity holds material assets or reports material revenues. Change to internal reporting structure and re cast of previously reported information The Company's chief operating decision maker is the Company's Executive Chairman. He changed the Company's operating and internal reporting structures to present a new segment, Enterprise, separately. The chief operating decision maker has decided to analyze the Company's operating performance primarily based on three operational lines, namely, (i) Merchant, which focuses on both formal and informal sector merchants. Formal sector merchants are generally in urban areas, have higher revenues and have access to multiple service providers. Informal sector merchants, which are often sole proprietors and usually have lower revenues compared with formal section merchants, operate in rural areas or in informal urban areas and do not always have access to a full-suite of traditional banking products; (ii) Consumer, which primarily focuses on individuals who have historically been excluded from traditional financial services and to whom we offer transactional accounts (banking), insurance, lending (short-term loans), payments solutions (digital wallet) and various value-added services; and (iii) Enterprise, which comprises large-scale corporate and government organizations, including but not limited to banks, mobile network operators ("MNOs") and municipalities. Reallocation of certain activities among operating segments The change in our operating segments during the second quarter of fiscal 2025 included the separation of Enterprise out of Merchant. The Company has also allocated the majority of Adumo's operations to Merchant, which with a smaller part of its operations focusing on the provision of physical and digital prepaid and secure payout solutions for South African businesses with large individual end-users being allocated to Consumer. Previously reported information has been recast. The Merchant segment includes revenue generated from the sale of prepaid airtime, and fees earned from the provision of value. added services ("VAS") and card-acquiring services to informal sector merchants. It also includes activities related to the provision of goods and services provided to corporate and other juristic entities. The Company earns fees from processing activities performed (including card acquiring and the provision of a payment gateway services) for its customers, and rental and license fees from the provision of point of sales ("POS") hardware and software to the hospitality industry. The Company also provides cash management and payment services to merchant customers through a digital vault which is located at the customer's premises and through which the Company is able to provide the services which generate processing fee revenue. From July 1, 2023, the segment includes fees earned from transactions performed by customers utilizing its ATM infrastructure. 18. Operating segments (continued) Reallocation of certain activities among operating segments (continued) The Consumer segment includes activities related to the provision of financial services to customers, including a bank account, loans and insurance products. The Company charges monthly administration fees for all bank accounts. Customers that have a bank account managed by the Company are issued cards that can be utilized to withdraw funds at an ATM or to transact at a merchant POS. The Company earns processing fees from transactions processed for these customers. The Company also earns fees on transactions performed by other banks' customers utilizing its ATM (until June 30, 2023) or POS. The Company provides short-term loans to customers in South Africa for which it earns initiation and monthly service fees, and interest revenue from the second quarter of fiscal 2025. The Company writes life insurance contracts, primarily funeral-benefit policies, and policy holders pay the Company a monthly insurance premium. The Company also earns fees from the provision of physical and digital prepaid and secure payout solutions for South African businesses. The Enterprise segment provides its business and government-related customers with transaction processing services that involve the collection, transmittal and retrieval of all transaction data. This segment also includes sales of hardware and licenses to customers. Hardware includes the sale of POS devices, SIM cards and other consumables which can occur on an ad hoc basis. Licenses include the right to use certain technology developed by the Company. The reconciliation of the reportable segment's revenue to revenue from external customers for the three months ended December 31, 2024 and 2023, is as follows: <div

Operating segments (continued) The Company evaluates segment performance based on segment earnings before interest, tax, depreciation and amortization ("EBITDA"), adjusted for items mentioned in the next sentence ("Segment Adjusted EBITDA"), the Company's reportable segments' measure of profit or loss. The Company is working on obtaining a separate lending facility to fund a portion of its Consumer lending during the twelve months ended June 30, 2025. The Company expected to have this facility in place on July 1, 2024, however, the Company has been unable to finalize terms as the separate lending facility will form part of a broader refinancing of the Company's facilities. Therefore, the Company has included an intercompany interest expense in its Consumer Segment Adjusted EBITDA for the three and six months ended December 31, 2024. The Company does not allocate once-off items, stock-based compensation charges, depreciation and amortization, impairment of goodwill or other intangible assets, other items (including gains or losses on disposal of investments, fair value adjustments to equity securities), interest income, certain interest expense, income tax expense or loss from equity-accounted investments to its reportable segments. Group costs generally include: employee related costs in relation to employees specifically hired for group roles and related directly to managing the US-listed entity; expenditures related to compliance with the Sarbanes-Oxley Act of 2002; non-employee directors' fees; legal fees; group and US-listed related audit fees; and directors and officer's insurance premiums. Once-off items represent non-recurring expense items, including costs related to acquisitions and transactions consummated or ultimately not pursued. Unrealized loss FV for currency adjustments represents foreign currency mark-to-market adjustments on certain intercompany accounts. Interest adjustment represents the intercompany interest expense included in the Consumer Segment Adjusted EBITDA. The Stock-based compensation adjustments reflect stock-based compensation expense and are excluded from the calculation of Segment Adjusted EBITDA and are therefore reported as reconciling items to reconcile the reportable segments' Segment Adjusted EBITDA to the Company's loss before income tax expense. Effective from fiscal 2025, all lease charges are allocated to the Company's operating segments, whereas in fiscal 2024 the Company presented certain lease charges on a separate line outside of its operating segments. Prior period information has been re-presented to include the lease charges which were previously reported on a separate line in the Company's Consumer and Merchant (now Merchant, Enterprise and Consumer) operating segments. The reconciliation of the reportable segments' measure of profit or loss to loss before income taxes for the three and six months ended December 31, 2024 and 2023, is as follows: <div style="position:absolute; width:5px; height:15.4px; left:437.1px; top:165.3px; background-

The segment information as reviewed by the chief operating decision maker does not include a measure of segment assets per segment as all of the significant assets are used in the operations of all, rather than any one, of the segments. The Company does not have dedicated assets assigned to a particular operating segment. Accordingly, it is not meaningful to attempt an arbitrary allocation and segment asset allocation is therefore not presented.   <div

Subsequent events Proposed acquisition of Recharger On November 20, 2024, the Company announced the acquisition of Recharger (Pty) Ltd ("Recharger"), The acquisition is subject to the satisfaction of customary closing conditions, including certain regulatory approvals. As of January 29, 2025, all regulatory approvals, including approval by the Competition Commission (South Africa), were satisfied. The acquisition is expected to close in the third quarter of fiscal 2025. The purchase consideration of ZAR 507 million will be paid over two tranches with the first tranche settled at closing and the second tranche a year later. The purchase consideration will be settled through a combination of ZAR 332 million in cash and ZAR 175 million in shares of the Company's common stock. The share price applied to determine the number of shares of common stock to be issued for the equity consideration will be based on the volume-weighted average price of the Company's common shares for the three-month period prior to the disbursal of each tranche. The Company will also make a ZAR 43 million contribution to Recharger at closing which will be used exclusively to repay a loan due by Recharger to the seller. The Company expects the acquisition to act as an entry point for it into the South African private utilities space while augmenting the Enterprise division's alternative payment offering. 5070000000233200000017500000043000000falsefalsefalsefalse
