AMETEK, Inc.
Notes to Consolidated Financial Statements
September 30, 2023 March 31, 2024
(Unaudited)

1. Basis of Presentation

The accompanying consolidated financial statements are unaudited. AMETEK, Inc. (the "Company") believes that all adjustments (which primarily consist of normal recurring accruals) necessary for a fair presentation of the consolidated financial position of the Company at **September 30, 2023** **March 31, 2024**, the consolidated results of its operations for the three and nine months ended **September 30, 2023** **March 31, 2024** and **2022** **2023** and its cash flows for the **nine** **three** months ended **September 30, 2023** **March 31, 2024** and **2022** **2023** have been included. Quarterly results of operations are not necessarily indicative of results for the full year. The accompanying consolidated financial statements should be read in conjunction with the audited consolidated financial statements and related notes presented in the Company's Annual Report on Form 10-K for the year ended **December 31, 2022** **December 31, 2023** as filed with the U.S. Securities and Exchange Commission.

2. Recent Accounting Pronouncements

Recent Accounting Pronouncements

In November 2023, the FASB issued ASU No. 2023-07, Segment Reporting (Topic 280): Improvements to Reportable Segment Disclosures ("ASU 2023-07"), which requires disclosure of significant segment expenses and other segment items on an annual and interim basis under ASC 280. ASU 2023-07 is effective for annual periods beginning after December 15, 2023, and for

interim periods beginning after December 15, 2024. Early adoption is permitted and the amendments in this ASU should be applied on a retrospective basis to all periods presented. The Company has not determined the impact ASU 2023-07 may have on the Company's financial statement disclosures.

In December 2023, the FASB issued ASU No. 2023-09, Income Taxes (Topic 740): Improvements to Income Tax Disclosures ("ASU 2023-09"), which improves income tax disclosures by requiring (1) consistent categories and greater disaggregation of information in the rate reconciliation and (2) income taxes paid disaggregated by jurisdiction. It also includes certain other amendments to improve the effectiveness of income tax disclosures. ASU 2023-09 is effective for annual periods beginning after December 15, 2024. Early adoption is permitted. The ASU indicates that all entities will apply its guidance prospectively with an option for retroactive application to each period in the financial statements. The Company has not determined the impact ASU 2023-09 may have on the Company's financial statement disclosures.

3. Revenues

The outstanding contract asset and liability accounts were as follows:

	2023	2022

------------	------------	-------------------	-------------------

The net change for the **nine** **three** months ended **September 30, 2023** **March 31, 2024** was primarily driven by contract liabilities, specifically growth in advance payments from **customers**, **customers** being largely offset by the increase in contract assets. For the **nine** **three** months ended **September 30, 2023** **March 31, 2024** and **2022**, **2023**, the Company recognized revenue of **\$297.7 million** **\$219.0 million** and **\$252.4 million** **\$199.3 million**, respectively, that was previously included in the beginning balance of contract liabilities.

Contract assets are reported as a component of Other current assets in the consolidated balance sheet. At **September 30, 2023** **March 31, 2024** and **December 31, 2022** **December 31, 2023**, **\$59.4 million** **\$47.5 million** and **\$41.0 million** **\$57.3 million** of Customer advanced payments (contract liabilities), respectively, were recorded in Other long-term liabilities in the consolidated balance sheets.

Product Warranties

The Company provides limited warranties in connection with the sale of its products. The warranty periods for products sold vary among the Company's operations, but the majority do not exceed one year. The Company calculates its warranty expense provision based on its historical warranty experience and adjustments are made periodically to reflect actual warranty expenses. Product warranty obligations are reported as a component of Accrued liabilities and other in the consolidated balance sheet.

Accounts Receivable

The Company maintains allowances for estimated losses resulting from the inability of customers to meet their financial obligations to the Company. The Company recognizes an allowance for credit losses, on all accounts receivable and contract assets, which considers risk of future credit losses based on factors such as historical experience, contract terms, as well as general and market business conditions, country, and political risk. Balances are written off when determined to be uncollectible.

AMETEK, Inc.
Notes to Consolidated Financial Statements
September 30, 2023
(Unaudited)

At September 30, 2023 March 31, 2024, the Company had \$936.8 million \$983.9 million of accounts receivable, net of allowances of \$13.9 million \$13.3 million. Changes in the allowance were not material for the three and nine months ended September 30, 2023 March 31, 2024.

3.4. Earnings Per Share

The calculation of basic earnings per share is based on the weighted average number of common shares considered outstanding during the periods. The calculation of diluted earnings per share reflects the effect of all potentially dilutive securities (principally outstanding stock options and restricted stock grants). The number of weighted average shares used in the calculation of basic earnings per share and diluted earnings per share was as follows:

Diluted shares					
Diluted shares					

The calculation of diluted earnings per share for the three months ended March 31, 2024 excluded an immaterial number of stock options because the exercise prices of these stock options exceeded the average market price of the Company's common shares, and the effect of their inclusion would have been antidilutive. There were no antidilutive shares for the three months ended March 31, 2023.

4.5. Fair Value Measurements

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date.

The Company utilizes a valuation hierarchy for disclosure of the inputs to the valuations used to measure fair value. This hierarchy prioritizes the inputs into three broad levels as follows. Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities. Level 2 inputs are quoted prices for similar assets and liabilities in active markets or inputs that are observable for the asset or liability, either directly or indirectly through market corroboration, for substantially the full term of the financial instrument. Level 3 inputs are unobservable inputs based on the Company's own assumptions used

AMETEK, Inc.
Notes to Consolidated Financial Statements
March 31, 2024
(Unaudited)

to measure assets and liabilities at fair value. A financial asset or liability's classification within the hierarchy is determined based on the lowest level input that is significant to the fair value measurement.

The following table provides the Company's assets that are measured at fair value on a recurring basis, consistent with the fair value hierarchy, at **September 30, 2023** **March 31, 2024** and **December 31, 2022** **December 31, 2023**:

The fair value of mutual fund investments is based on quoted market prices. The mutual fund investments are shown as a component of investments and other assets on the consolidated balance sheet.

For the **nine** **three** months ended **September 30, 2023** **March 31, 2024** and **2022**, **2023**, gains and losses on the investments noted above were not significant. No transfers between level 1 and level 2 investments occurred during the **nine** **three** months ended **September 30, 2023** **March 31, 2024** and **2022**.

AMETEK, Inc.

2023.

Foreign Currency

At September 30, 2023 March 31, 2024, the Company had a Euro forward contract for a total notional value of 40.0 50.0 million Euros. The foreign currency forward contract is valued as a level 2 liability as it is corroborated by foreign currency exchange rates and shown as a component of other current liabilities on the consolidated balance sheet. For the nine three months ended September 30, 2023 March 31, 2024, realized and unrealized gains and losses on the foreign currency forward contracts were not significant.

Financial Instruments

Cash, cash equivalents and mutual fund investments are recorded at fair value at September 30, 2023 March 31, 2024 and December 31, 2022 December 31, 2023 in the accompanying consolidated balance sheet.

The following table provides the estimated fair values of the Company's financial instrument liabilities, for which fair value is measured for disclosure purposes only, compared to the recorded amounts at September 30, 2023 March 31, 2024 and December 31, 2022 December 31, 2023:

	September 30, 2023		December 31, 2022	
	Recorded Amount	Fair Value	Recorded Amount	Fair Value
	(In thousands)			
Long-term debt (including current portion)	\$ (2,158,388)	\$ (1,989,002)	\$ (2,161,643)	\$ (2,010,867)

Long-term debt (including current portion)	\$ (2,179,727)	\$ (2,072,710)	\$ (2,197,538)	\$ (2,087,607)

The fair value of net short-term borrowings approximates the carrying value. The Company's net long-term debt is all privately held with no public market for this debt, therefore, the fair value of net long-term debt was computed based on comparable current market data for similar debt instruments and is considered a level 3 liability.

5.6. Hedging Activities

The Company has designated certain foreign-currency-denominated long-term borrowings as hedges of the net investment in certain foreign operations. As of September 30, 2023 March 31, 2024, these net investment hedges included British-pound-and Euro-denominated long-term debt. These borrowings were designed to create net investment hedges in certain designated foreign subsidiaries. The Company designated the British-pound- and Euro-denominated loans as hedging instruments to offset

AMETEK, Inc.
Notes to Consolidated Financial Statements
March 31, 2024
(Unaudited)

translation gains or losses on the net investment due to changes in the British pound and Euro exchange rates. These net investment hedges are evidenced by management's contemporaneous documentation supporting the hedge designation. Any gain or loss on the hedging instruments (the debt) following hedge designation is reported in accumulated other comprehensive income in the same manner as the translation adjustment on the hedged investment based on changes in the spot rate, which is used to measure hedge effectiveness.

At September 30, 2023 March 31, 2024, the Company had \$274.8 million \$284.3 million of British-pound-denominated loans, which were designated as a hedge against the net investment in British pound functional currency foreign subsidiaries. At September 30, 2023 March 31, 2024, the Company had \$562.1 million \$558.3 million in Euro-denominated loans, which were designated as a hedge against the net investment in Euro functional currency foreign subsidiaries. As a result of the British-pound- and Euro-denominated loans designated and 100% effective as net investment hedges, \$4.1 million \$16.2 million of pre-tax currency remeasurement gains have been included in the foreign currency translation component of other comprehensive income for the nine three months ended September 30, 2023 March 31, 2024.

7.8. Leases

The Company has commitments under operating leases for certain facilities, vehicles and equipment used in its operations. Cash used in operations for operating leases was not materially different from operating lease expense for the nine three months ended **September 30, 2023** **March 31, 2024** and **2022**. The Company's leases have a weighted average remaining lease term of approximately **5.7** years. Certain lease agreements contain provisions for future rent increases.

8. Acquisitions

9. Acquisitions

The Company spent \$246.7 million in cash, net of cash acquired, to acquire Bison Gear & Engineering Corp. ("Bison") in March 2023 and United Electronic Industries ("UEI") in August 2023. Bison is a leading manufacturer of highly engineered motion control solutions serving diverse markets and applications. Bison is part of EMG. UEI is a leading provider of data acquisition and control solutions initial accounting for the aerospace, defense, energy and semiconductor industries. UEI December 2023 Paragon Medical acquisition is part of EIG.

The following table represents being finalized, including the allocation measurement of the purchase price for acquired tangible and intangible assets and liabilities, as well as, the net assets associated income tax considerations. All amounts could change, potentially materially, as there is significant additional information that the Company must obtain to finalize the valuations of the 2023 acquisitions based on assets acquired and liabilities assumed, and to finalize the estimated fair values at acquisition (in millions):

Property, plant and equipment	\$	13.4
Goodwill		82.6
Other intangible assets		124.0
Net working capital and other ⁽¹⁾		26.7
Total cash paid	\$	246.7

(1) Includes \$12.9 million in accounts receivable, whose fair value contractual cash flows and expected cash flows are approximately equal.

The amount allocated to goodwill is reflective of the benefits the Company expects to realize from the acquisitions. Bison's engineering expertise and broad product portfolio complement the Company's existing motion control and automation solutions business. UEI's innovative solutions complement the Company's existing testing and data acquisition expertise. The Company expects approximately \$73.5 million of the goodwill relating to the acquisitions will be tax deductible in future years.

At September 30, 2023, the purchase price allocated to other intangible assets of \$124.0 million consists of \$23.8 million of indefinite-lived intangible trade names, which are not subject to amortization. The remaining \$100.2 million of other intangible assets consists of \$75.8 million of customer relationships, which are being amortized over a period of 20 years, and \$24.4 million of purchased technology, which is being amortized over a period of 10 to 20 years. Amortization expense for each of the next five years for the 2023 acquisition is expected to approximate \$5 million per year. assets.

The Company finalized its measurements of certain tangible and intangible assets and liabilities for its September 2022 August 2023 acquisition of Navitar, Inc. and its October 2022 acquisition of RTDS Technologies, United Electronic Industries, which had no material impact to the consolidated statement of income and balance sheet. The Company has substantially completed its purchase accounting, however it is in the process of finalizing the accounting for income taxes, for its acquisition of Bison. The Company is in the process of finalizing the measurement of the intangible assets and tangible assets and liabilities, including accounting for income taxes, for its acquisition of UEI.

The acquisitions had an immaterial impact on reported net sales, net income, and diluted earnings per share for the three and nine months ended September 30, 2023. Had the acquisitions been made at the beginning of 2023 or 2022, pro forma net sales, net income, and diluted earnings per share for the three and nine months ended September 30, 2023 and 2022, would not have been materially different than the amounts reported.

Acquisitions Subsequent to September 30, 2023

In October 2023 the Company acquired acquisition of Amplifier Research Corp., for approximately \$105 million in cash. Amplifier Research has estimated annual sales of approximately \$60 million. Amplifier Research is a leading manufacturer of radio frequency and microwave amplifiers and electromagnetic compatibility testing equipment. Amplifier Research has joined EIG.

In October 2023, the Company entered into a definitive agreement to acquire Paragon Medical, for approximately \$1.9 billion in cash. Paragon Medical has estimated annual sales of approximately \$500 million. Paragon Medical is a leading provider of medical components and instruments. Paragon Medical serves a wide range of specialty applications including orthopedics, minimally invasive surgery, robotic surgery, and drug delivery. Paragon's product portfolio includes single-use and consumable surgical instruments and implantable components sold to a diverse blue-chip customer base of leading medical

device manufacturers. The transaction is subject to customary closing conditions, including applicable regulatory approvals. Paragon Medical will join EMG.

10.11. Income Taxes

At September 30, 2023 March 31, 2024, the Company had gross uncertain tax benefits of \$207.4 million \$244.1 million, of which \$153.9 million \$195.1 million, if recognized, would impact the effective tax rate.

The following is a reconciliation of the liability for uncertain tax positions (in millions):

The additions above primarily reflect the tax positions for foreign tax planning initiatives. The Company recognizes interest and penalties accrued related to uncertain tax positions in income tax expense. The amounts recognized in income tax expense for interest and penalties during the three and nine months ended September 30, 2023 March 31, 2024 and 2022 2023 were not significant.

The effective tax rate for the three months ended September 30, 2023 March 31, 2024 was 17.7% 18.5%, compared with 19.0% 19.5% for the three months ended September 30, 2022 March 31, 2023. The lower effective tax rate in the third first quarter of 2023 2024 is primarily reflects greater utilization due to lower foreign and state taxes compared to the first quarter of research and development credits. 2023.

11.12. Share-Based Compensation

The Company's share-based compensation plans are described in Note 11, Share-Based Compensation, to the consolidated financial statements in Part II, Item 8, filed on the Company's Annual Report on Form 10-K for the year ended December 31, 2022 December 31, 2023.

Performance Restricted Stock Units

In March **2023, 2024**, the Company granted performance restricted stock units ("PRSUs") to officers and certain key management-level employees. The PRSUs vest over a period up to three years from the grant date based on continuous service, with the number of shares earned (0% to 200% of the target award) depending upon the extent to which the Company achieves certain financial and market performance targets measured over the period from January 1 of the year of grant to December 31 of the third year. Half of the PRSUs were valued in a manner similar to restricted stock as the financial targets are based on the Company's operating results, which represents a performance condition. The grant date fair value of these PRSUs are recognized as compensation expense over the vesting period based on the probable number of awards to vest at each reporting date.

The other half of the PRSUs were valued using a Monte Carlo model as the performance target is related to the Company's total shareholder return compared to a group of peer companies, which represents a market condition. The Company recognizes the grant date fair value of these awards as compensation expense ratably over the vesting period.

14. Contingencies

Asbestos Litigation

The Company (including its subsidiaries) has been named as a defendant in a number of asbestos-related lawsuits. Certain of these lawsuits relate to a business which was acquired by the Company and do not involve products which were manufactured or sold by the Company. In connection with these lawsuits, the seller of such business has agreed to indemnify the Company against these claims (the "Indemnified Claims"). The Indemnified Claims have been tendered to, and are being defended by, such seller. The seller has met its obligations, in all respects, and the Company does not have any reason to believe such party would fail to fulfill its obligations in the future. To date, no judgments have been rendered against the Company as a result of any asbestos-related lawsuit. The Company believes that it has good and valid defenses to each of these claims and intends to defend them vigorously.

Environmental Matters

Certain historic processes in the manufacture of products have resulted in environmentally hazardous waste by-products as defined by federal and state laws and regulations. At September 30, 2023 March 31, 2024, the Company is named a Potentially Responsible Party ("PRP") at 1312 non-AMETEK-owned former waste disposal or treatment sites (the "non-owned" sites). The Company is identified as a "de minimis" party in 12 a majority of these sites based on the low volume of waste attributed to the Company relative to the amounts attributed to other named PRPs. In eight of these sites, the Company has reached a tentative agreement on the cost of the de minimis settlement to satisfy its obligation and is awaiting executed agreements. The tentatively agreed-to settlement amounts are fully reserved. In the other four sites, the Company is continuing to investigate the accuracy of the alleged volume attributed to the Company as estimated by the parties primarily responsible for remedial activity at the sites to establish an appropriate settlement amount. At the remaining site where the Company is a non-de minimis PRP, the Company is participating in the investigation and/or related required remediation as part of a PRP Group and reserves have been established to satisfy the Company's expected obligations. The Company historically has resolved these issues within established reserve levels and reasonably expects this result will continue. In addition to these non-owned sites, the Company has an ongoing practice of providing reserves for probable remediation activities at certain of its current or previously owned manufacturing locations (the "owned" sites). For claims and proceedings against the Company with respect to other environmental matters, reserves are established once the Company has determined that a loss is probable and estimable. This estimate is refined as the Company moves through the various stages of investigation, risk assessment, feasibility study and corrective action processes. In certain instances, the Company has developed a range of estimates for such costs and has recorded a liability based on the best estimate. It is reasonably possible that the actual cost of remediation of the individual sites could vary from the current estimates and the amounts accrued in the consolidated financial statements; however, the amounts of such variances are not expected to result in a material change to the consolidated financial statements. In estimating the Company's liability for remediation, the Company also considers the likely proportionate share of the anticipated remediation expense and the ability of the other PRPs to fulfill their obligations.

Total environmental reserves at September 30, 2023 March 31, 2024 and December 31, 2022 December 31, 2023 were \$39.7 \$35.6 million and \$41.1 \$37.1 million, respectively, for both non-owned and owned sites. For the nine three months ended September 30, 2023 March 31, 2024, the Company recorded \$4.7 \$3.3 million in reserves. Additionally, the Company spent \$6.1 \$4.8 million on environmental matters for the nine three months ended September 30, 2023 March 31, 2024.

The Company has agreements with other former owners of certain of its acquired businesses, as well as new owners of previously owned businesses. Under certain of the agreements, the former or new owners retained, or assumed and agreed to indemnify the Company against, certain environmental and other liabilities under certain circumstances. The Company and some of these other parties also carry insurance coverage for some environmental matters.

The Company believes it has established reserves for the environmental matters described above, which are sufficient to perform all known responsibilities under existing claims and consent orders. In the opinion of management, based on presently available information and the Company's historical experience related to such matters, an adequate provision for probable costs has been made and the ultimate cost resulting from these actions is not expected to materially affect the consolidated results of operations, financial position or cash flows of the Company.

CERTIFICATIONS

I, David A. Zapico, certify that:

1. I have reviewed this Quarterly Report on Form 10-Q of AMETEK, Inc. (the "Registrant");
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the Registrant as of, and for, the periods presented in this report;
4. The Registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the Registrant and have:
 - a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the Registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c) Evaluated the effectiveness of the Registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d) Disclosed in this report any change in the Registrant's internal control over financial reporting that occurred during the Registrant's most recent fiscal quarter (the Registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the Registrant's internal control over financial reporting; and
5. The Registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the Registrant's auditors and the audit committee of Registrant's board of directors (or persons performing the equivalent functions):
 - a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the Registrant's ability to record, process, summarize and report financial information; and
 - b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the Registrant's internal control over financial reporting.
