consolidated financial statements were prepared in accordance with GAAP for complete financial statements. We believe the accompanying unaudited condensed consolidated financial statements reflect all normal, recurring adjustments that are necessary for a fair presentation of our financial position and results of operations as of the dates and for the periods presented. Results of operations for interim periods are not necessarily indicative of results to be expected for a full fiscal year due to the seasonality of our business. The preparation of our unaudited condensed consolidated financial statements in conformity with GAAP requires us to make certain estimates and assumptions that affect the amounts reported as assets, liabilities, revenues and expenses in the consolidated financial statements and accompanying notes. Actual results could differ from those estimates. The significant accounting policies applied during the interim periods presented are consistent with the significant accounting policies described in our Fiscal 2023 Form 10-K. These financial statements should be read in conjunction with the consolidated financial statements and notes thereto included in our Fiscal 2023 Form 10-K. Recently Issued Accounting Standards Applicable to Future Years Changes to U.S. GAAP are established by the Financial Accounting Standards Board ("FASB") in the form of Accounting Standards Updates ("ASUs") to the FASB Accounting Standards Codification ("ASC"). We consider the applicability and impact of all ASUs and any not listed below were assessed and determined to not be applicable or are expected to have an immaterial impact on our Condensed Consolidated Financial Statements. In November 2023, the FASB issued ASU 2023-07 "Segment Reporting (Topic 280): Improvements to Reportable Segment Disclosures" which updates reportable segment disclosure requirements, primarily through enhanced disclosures about significant segment expenses, inclusion of all annual disclosures in interim periods, disclosure of the title and position of the chief operating decision maker and how the chief operating decision maker uses reported measures of segment profit and loss to assess performance and allocate resources. The amendments in this update are effective for fiscal years beginning after December 15, 2023, and for interim periods within fiscal years beginning after December 15, 2024. Early adoption is permitted. The amendments require retrospective application to all prior periods presented in the financial statements. We are evaluating how the enhanced disclosure requirements of ASU 2023-07 will affect our presentation, and we will include the incremental disclosures upon the effective date. In December 2023, the FASB issued ASU 2023-09 "Income Taxes (Topic 740): Improvements to Income Tax Disclosures" to expand the disclosure requirements for income taxes, specifically related to the rate reconciliation and income taxes paid. The amendments in this update are effective for fiscal years beginning after December 15, 2024. Early adoption is permitted. The amendments should be applied on a prospective basis with the option to apply the standard retrospectively. We are evaluating how the expanded disclosure requirements of ASU 2023-09 will affect our presentation, and we will include the incremental disclosures upon the effective date. 2. A. Operating Group Information: We identify our operating groups based on the way our management organizes the components of our business for the purposes of allocating resources and assessing performance. Our operating group structure reflects a brand-focused management approach, emphasizing operational coordination and resource allocation across each brand. We are direct to consumer, wholesale and licensing operations, as applicable. Our business is organized as our Tommy Bahama, Lilly Pulitzer, Johnny Was and Emerging Brand operating groups. Corporate and Other is a reconciling category for reporting purposes and includes our corporate offices, substantially all financing activities, the elimination of any sales between operating groups and any other items that are not allocated to the operating groups, including LIFO inventory accounting adjustments. The accounting policies of the reportable operating segments are the same as those described in our Fiscal 2023 Form 10-K. Table of Contents The table below presents certain financial information (in thousands) about our operating groups, as well as Corporate and Other. Key Operating Results:The following table sets forth our consolidated operating results (in thousands, except per share amounts) for the First Half of Fiscal 2024 compared to the First Half of Fiscal 2023: First HalfFiscal 2024Fiscal 2023Net sales\$818,070A \$840,416A Operating income\$104,961A \$147,975A Net earnings\$79,015\$109,991Net earnings per diluted share\$4.99\$6.86Weighted average shares outstanding - diluted15,83816,025Net earnings per diluted share were \$4.99 in the First Half of Fiscal 2024 compared to \$6.86 in the First Half of Fiscal 2023. The 27% decrease in net earnings per diluted share was primarily due to a 28% decrease in net earnings. The decreased net earnings were primarily due to (1) lower operating income in each of our operating groups and (2) a higher operating loss at Corporate and Other. These decreases were partially offset by decreased interest and income tax expense.COMPARABLE SALESWe often disclose comparable sales to provide additional information regarding changes in our results of operations between periods. Our disclosures of comparable sales include net sales from our full-price retail stores and e-commerce sites. We believe that the inclusion of both full-price retail stores and e-commerce sites in the comparable sales disclosures is a more meaningful way of reporting our comparable sales results, given similar inventory planning, allocation and return policies, as well as our cross-channel marketing and other initiatives for the direct to consumer channels. For our comparable sales disclosures, we exclude (1) outlet store sales as those clearance sales are used primarily to liquidate end of season inventory, which may vary significantly depending on the level of end of season inventory on hand and generally occur at lower gross margins than our non-clearance direct to consumer sales, and (2) food & beverage sales, as we do not currently believe that the inclusion of food & beverage sales in our comparable sales disclosures is meaningful in assessing our branded apparel businesses. Historically, we also excluded from our comparable sales disclosures e-commerce flash clearance sales used to liquidate excess inventory; however, given the evolving cadence of marking down retail sales prices associated with our e-commerce operations, we are now including those sales for purposes of our comparable sales disclosures. Comparable sales information reflects net sales, including shipping and handling revenues, if any, associated with product sales.17Table of ContentsFor purposes of our disclosures, comparable sales consists of sales through e-commerce sites and any physical full-price retail stores that were owned and open as of the beginning of the prior fiscal year and which did not have during the relevant periods, and is not within the current fiscal year scheduled to have, (1) a remodel or other event which would result in a closure for an extended period of time (which we define as a period of two weeks or longer), (2) a greater than 15% change in the size of the retail space due to expansion, reduction or relocation to a new retail space or (3) a relocation to a new space that is significantly different from the prior retail space. For those stores which are excluded based on the preceding sentence, the stores continue to be excluded from comparable sales until the criteria for a new store is met subsequent to the remodel, relocation, or other event. A full-price retail store that is remodeled will generally continue to be included in our comparable sales metrics as a store is not typically closed for longer than a two-week period during a remodel; however, a full-price retail store that is relocated generally will not be included in our comparable sales metrics until that store has been open in the relocated space for the entirety of the prior fiscal year because the size or other characteristics of the store typically change significantly from the prior location. Any stores that were closed during the prior fiscal year or current fiscal year, or which we expect to close or vacate in the current fiscal year, as well as any pop-up or temporary store locations, are excluded from our comparable sales metrics.Definitions and calculations of comparable sales differ among companies, and therefore comparable sales metrics disclosed by us may not be comparable to the metrics disclosed by other companies.DIRECT TO CONSUMER LOCATIONSThe table below provides information about the number of direct to consumer locations for our brands as of the dates specified. The figures below include our permanent locations and exclude any pop-up or temporary store locations which have an initial lease term of 12 months or less. The 3% decrease in net sales was primarily due to decreased sales in Tommy Bahama and Lilly Pulitzer. The changes in net sales by distribution channel consisted of the following: â€” a decrease in wholesale sales of \$20 million, or 12%, including (1) an \$11 million decrease in Tommy Bahama, (2) a \$7 million decrease in Emerging Brands and (3) a \$4 million decrease in Johnny Was. These decreases were partially offset by a \$1 million increase in Lilly Pulitzer; â€” a decrease in e-commerce sales of \$5 million, or 2%, driven primarily by an \$11 million decrease in Lilly Pulitzer. This decrease was partially offset by (1) a \$2 million increase in Johnny Was, (2) a \$2 million increase in Emerging Brands and (3) a \$1 million increase in Tommy Bahama; â€” a decrease in full-price retail sales of \$1 million, or 1%, driven primarily by a \$9 million decrease in Tommy Bahama. These increases were offset by lower off-price wholesale sales and lower promotional e-commerce sales at Southern Tide and TBBC. Off-price wholesale sales and promotional e-commerce sales were higher in the First Half of Fiscal 2023 to liquidate previously marked down inventory. By distribution channel, increases included (1) \$5 million, or 82%, in retail sales as we opened new retail locations and (2) \$2 million, or 7%, in e-commerce sales. The decreased gross margin was primarily due to full-price retail and e-commerce sales representing a lower proportion of net sales at Tommy Bahama, Lilly Pulitzer and Johnny Was with more sales occurring during promotional and clearance events. This decrease was partially offset by (1) higher gross margin in Emerging Brands driven by decreased promotional and off-price sales resulting from improved inventory levels and (2) a change in sales mix with wholesale sales representing a lower proportion of net sales. Tommy Bahama: The lower gross margin for Tommy Bahama was primarily due to full-price retail and e-commerce sales representing a lower proportion of net sales with more sales occurring during promotional and clearance events, including loyalty award cards, Flip Side, end of season clearance events and the semi-annual Friends & Family event. This decrease was partially offset by a change in sales mix with wholesale sales representing a lower proportion of net sales. Lilly Pulitzer: The lower gross margin for Lilly Pulitzer was primarily due to (1) full-price retail and e-commerce sales representing a lower proportion of net sales with more sales occurring during promotional and clearance events, including the e-commerce flash clearance events, (2) higher loyalty reward discounts driven by increased participation in Lilly Pulitzerâ€”s loyalty program and (3) a change in sales mix with off-price wholesale sales representing a higher proportion of wholesale sales. Johnny Was: The lower gross margin for Johnny Was was primarily due to the move of Johnny Was' distribution center operations from Los Angeles, California to Lyons, Georgia resulting in (1) increased off-price wholesale sales and (2) full-price retail and e-commerce sales representing a lower proportion of net sales, with increased promotional and clearance events related to efforts to reduce inventory levels at the distribution centers during the transition period associated with the distribution center move. These decreases were partially offset by a change in sales mix with wholesale sales representing a lower proportion of net sales. Emerging Brands: The higher gross margin for Emerging Brands was primarily due to (1) improved inventory levels resulting in lower off-price wholesale sales and lower promotional e-commerce sales and (2) a change in sales mix with retail sales representing a larger proportion of net sales. Corporate and Other: The gross profit in Corporate and Other primarily reflects the impact of LIFO accounting adjustments, which was a \$3 million charge in both the First Half of Fiscal 2024 and First Half of Fiscal 2023. The LIFO accounting impact in Corporate and Other in each period includes the net impact of (1) a charge in Corporate and Other when inventory that had been marked down in an operating group in a prior period was ultimately sold, (2) a credit in Corporate and Other when inventory had been marked down in an operating group in the current period, but had not been sold as of period end and (3) the change in the LIFO reserve, if any. 30Table of ContentsSG&AFirst HalfFiscal 2024Fiscal 2023\$ Change% ChangeSG&A\$429,954.4 408,380.4 \$21,574.4 5.3% SG&A (as a % of net sales)52.6% %48.6% Notable items included in amounts above: Amortization of Johnny Was intangible assets\$5,436.4 \$6,926.4 Johnny Was Distribution Center relocation costs\$912.4 â€” A SG&A was \$430 million in the First Half of Fiscal 2024 compared to \$408 million in the First Half of Fiscal 2023, with approximately \$9 million, or 43%, of the increase due to the increase in brick and mortar retail locations. We primarily distribute our products to our customers via direct to consumer channels of distribution, but we also distribute our products via wholesale channels of distribution. Our primary uses of cash flow include the purchase of our branded apparel products from third party suppliers located outside of the United States, as well as operating expenses, including employee compensation and benefits, operating lease commitments and other occupancy-related costs, marketing and advertising costs, information technology costs, variable expenses, distribution costs, other general and administrative expenses and the periodic payment of interest. Additionally, we use our cash to fund capital expenditures and other investing activities, dividends, share repurchases and repayment of indebtedness, if any. In the ordinary course of business, we maintain certain levels of inventory, extend credit to our wholesale customers and pay our operating expenses. Thus, we require a certain amount of ongoing working capital to operate our business. Our need for working capital is typically seasonal with the greatest working capital requirements to support our larger spring, summer and holiday direct to consumer seasons. Our capital needs depend on many factors including the results of our operations and cash flows, anticipated growth rates, the need to finance inventory levels and the success of our various products. We have a long history of generating sufficient cash flows from operations to satisfy our cash requirements for our ongoing capital expenditure needs as well as payment of dividends and repayment of our debt. Thus, we believe our anticipated future cash flows from operating activities will provide (1) sufficient cash over both the short and long term to satisfy our ongoing operating cash requirements, (2) ample funds to continue to invest in our businesses, (3) additional cash flow to repay outstanding debt and (4) sufficient cash for other strategic initiatives. Also, if cash inflows are less than cash outflows, we have access to amounts under our \$325 million Fourth Amended and Restated Credit Agreement (as amended, the U.S. Revolving Credit Agreement), subject to its terms, which is described below. The increased receivables, net as of AugustA 3, 2024, was primarily due to an insurance claim filed as a result of the wildfire on the island of Maui that destroyed the Tommy Bahama Marlin Bar in Lahaina, Hawaii in the Third Quarter of Fiscal 2023.Inventories, net, included a \$84 million and \$76 million LIFO reserve as of AugustA 3, 2024, and JulyA 29, 2023, respectively. Inventories decreased in all operating groups except for Johnny Was primarily due to continued initiatives to closely manage inventory purchases and reduce on-hand inventory levels. We believe that inventory levels in all operating groups are appropriate to support anticipated sales plans. The increase in prepaid expenses and other current assets as of AugustA 3, 2024, was primarily due to an increase in prepaid income taxes due to the timing of payments and prepaid software costs.Non-current Assets:August 3, 2024February 3, 2024July 29, 2023January 28, 2023Property and equipment, net\$219,606A \$195,137A \$188,004A \$177,584A Intangible assets, net256,192A 262,101A 277,114A 283,845A Goodwill27,309A 27,190A 123,079A 120,498A Operating lease assets\$321,474A 263,934A 241,452A 240,690A Other assets, net\$41,874A 32,188A 34,336A 32,209A Deferred income taxes\$18,871A 24,179A 3,493A 3,766A Total non-current assets\$885,326A \$804,729A \$867,478A \$858,202A Property and equipment, net as of AugustA 3, 2024, increased primarily due to the capital expenditures exceeding depreciation during the 12 months ended AugustA 3, 2024. The decrease in goodwill resulting from the Johnny Was impairment charge was partially offset by (1) the acquisition of Jack Rogers in the Fourth Quarter of Fiscal 2023, (2) the acquisition of three former Southern Tide signature stores in the Fourth Quarter of Fiscal 2023 and (3) measurement period adjustments recorded in Fiscal 2023 related to the acquisition of Johnny Was.Operating lease assets as of AugustA 3, 2024, increased primarily due to the addition of new leased locations, or the extension of existing leased locations, exceeding the recognition of amortization related to existing operating leases and the termination or reduced term of certain operating leases. The increase in other assets, net as of AugustA 3, 2024, was primarily due to (1) an increase in capitalizable implementation costs associated with cloud computing arrangements and (2) an increase in the fair value of life insurance policies associated with our deferred compensation plans. Deferred income taxes increased as of AugustA 3, 2024, due primarily to the impairment of the Johnny Was goodwill and intangible asset balances in the Fourth Quarter of Fiscal 2023 that resulted in a change from a net deferred income tax liability position to a net deferred income tax asset position.Liabilities:August 3, 2024February 3, 2024July 29, 2023January 28, 2023Total current liabilities\$226,924A \$240,644A \$232,561A \$269,639A Long-term debt\$48,472A 48,472A 119,011A Non-current portion of operating lease liabilities\$298,704A 243,703A 219,207A 220,709A Other non-current liabilities\$25,338A 23,279A 20,402A 20,055A Deferred income taxes\$4 A A 4,587A 2,981A Total liabilities\$550,966A \$536,930A \$525,229A \$632,395A Current liabilities decreased as of AugustA 3, 2024, primarily due to decreased sales taxes payable and sales return liabilities. The reduction in long-term debt was the result of strong cash flows. The non-current portion of operating lease liabilities increased as of AugustA 3, 2024, due to the addition of new leased locations, or the extension of existing leased locations, exceeding the payments related to existing operating leases and the termination or reduced term of certain operating leases.Other non-current liabilities increased as of AugustA 3, 2024, due to a market driven increase in deferred compensation related liabilities.Deferred income taxes decreased as of AugustA 3, 2024, due primarily to the impairment of the Johnny Was goodwill and intangible asset balances that resulted in a change from a net deferred income tax liability position to a net deferred income tax asset position.Statement of Cash FlowsThe following table sets forth the net cash flows for the First Half of Fiscal 2024 and the First Half of Fiscal 2023 (in thousands):First HalfFiscal 2024Fiscal 2023Cash provided by operating activities\$121,738A \$152,500A Cash used in investing activities\$(54,147)\$(32,638)Cash used in financing activities\$(56,722)\$(120,881)Net change in cash and cash equivalents\$10,869A \$(1,019)36Table of ContentsChanges in cash flows in the First Half of Fiscal 2024 and the First Half of Fiscal 2023 related to operating activities, investing activities and financing activities are discussed below.Operating Activities:In the First Half of Fiscal 2024 and the First Half of Fiscal 2023, operating activities provided \$122 million and \$153 million of cash, respectively. The cash flow from operating activities for each period primarily consisted of net earnings for the relevant period adjusted, as applicable, for non-cash activities including depreciation, amortization of intangible assets, equity-based compensation, gain on sale of assets, and other non-cash items as well as the net impact of changes in deferred income taxes and operating assets and liabilities.In the First Half of Fiscal 2024, the net change in operating assets and liabilities was primarily due to a decrease in current liabilities and other balance sheet changes that decreased cash flow from operations, partially offset by a decrease in inventories that increased cash flow from operations. In the First Half of Fiscal 2023, the net change in operating assets and liabilities was primarily due to a decrease in inventories that increased cash flow from operations, partially offset by a decrease in current liabilities and an increase in receivables that decreased cash flow from operations.Investing Activities:In the First Half of Fiscal 2024 and the First Half of Fiscal 2023, investing activities used \$54 million and \$33 million of cash, respectively. On an ongoing basis, our cash flow used in investing activities primarily consists of our capital expenditures, which totaled \$54 million and \$31 million in the First Half of Fiscal 2024 and the First Half of Fiscal 2023, respectively. During the First Half of Fiscal 2023, we also paid \$3 million in the aggregate for a working capital settlement associated with the acquisition of Johnny Was and the acquisition of three former Southern Tide Signature Stores and received \$2 million from the sale of the Merida manufacturing facility in Mexico.Financing Activities:In the First Half of Fiscal 2024 and the First Half of Fiscal 2023, financing activities used \$57 million and \$121 million of cash, respectively. In the First Half of Fiscal 2024, we paid \$22 million in dividends and repurchased \$6 million of shares to cover employee tax liabilities related to the vesting of shares of our common stock. In the First Half of Fiscal 2023, we repurchased \$29 million of shares, including repurchased shares of our stock pursuant to an open market stock repurchase program and to cover employee tax liabilities related to the vesting of shares of our common stock, paid \$21 million of dividends and paid \$2 million in deferred financing costs associated with the amendment of the U.S. Revolving Credit Agreement. If net cash requirements are less than our net cash flows, we may repay amounts outstanding on our U.S. Revolving Credit Agreement, if any, consistent with our net repayment of \$29 million of long-term debt in the First Half of Fiscal 2024. Alternatively, to the extent we are in a net debt position, and our net cash requirements exceed our net cash flows, we may borrow amounts from our U.S. Revolving Credit Agreement.Liquidity and Capital ResourcesWe have a long history of generating sufficient cash flows from operations to satisfy our cash requirements for our ongoing capital expenditure needs as well as payment of dividends and repayment of our debt. Thus, we believe our anticipated future cash flows from operating activities will provide (1) sufficient cash over both the short and long term to satisfy our ongoing operating cash requirements, (2) funds to complete our multi-year project to build a new distribution center in Lyons, Georgia to enhance the direct to consumer throughput capabilities of our brands, (3) funds to continue to invest in our businesses, including direct to consumer initiatives and information technology projects, (4) additional cash flow to repay debt that may be outstanding and (5) sufficient cash for other strategic initiatives.To the extent cash flow needs, for acquisitions or otherwise, in the future exceed cash flow provided by our operations, we will have access, subject to its terms, to our \$325 million U.S. Revolving Credit Agreement to provide funding for operating activities, capital expenditures and acquisitions, if any, and any other investing or financing activities. The U.S. Revolving Credit Agreement was amended in Fiscal 2023, and the maturity of the facility extended to March 2028 as disclosed in Note 6 of our Fiscal 2023 Form 10-K. 37Table of ContentsWe issue standby letters of credit under the U.S. Revolving Credit Agreement. Outstanding letters of credit under the U.S. Revolving Credit Agreement reduce the amount of borrowings available to us when issued and, as of AugustA 3, 2024, FebruaryA 3, 2024, and JulyA 29, 2023, totaled \$5 million, \$5 million and \$6 million, respectively.As of AugustA 3, 2024, we had no borrowings outstanding and \$306 million in unused availability under the U.S. Revolving Credit Agreement. As of FebruaryA 3, 2024 and JulyA 29, 2023, we had \$29 million and \$48 million of borrowings outstanding and \$288 million and \$266 million in unused availability under the U.S. Revolving Credit Agreement, respectively. Our cash, short-term investments and debt levels in future periods may not be comparable to historical amounts as we continue to assess, and possibly make changes to, our capital structure, including borrowings from additional credit facilities, sales of debt or equity securities or the repurchase of shares of our stock in the future. Changes in our capital structure, if any, will depend on prevailing market conditions, our liquidity requirements, contractual restrictions and other factors. The amounts involved may be material.Compliance with CovenantsThe U.S. Revolving Credit Agreement is subject to a number of affirmative covenants regarding the delivery of financial information, compliance with law, maintenance of property, insurance requirements and conduct of business. Also, the U.S. Revolving Credit Agreement is subject to certain negative covenants or other restrictions including, among other things, limitations on our ability to (1) incur debt, (2) guaranty certain obligations, (3) incur liens, (4) pay dividends to shareholders, (5) repurchase shares of our common stock, (6) make investments, (7) sell assets or stock of subsidiaries, (8) acquire assets or businesses, (9) merge or consolidate with other companies or (10) prepay, retire, repurchase or redeem debt.Additionally, the U.S. Revolving Credit Agreement contains a financial covenant that applies only if excess availability under the agreement for three consecutive business days is less than the greater of (1) \$23.5 million or (2) 10% of availability. In such case, our fixed charge coverage ratio as defined in the U.S. Revolving Credit Agreement must not be less than 1.0 to 1.0 for the immediately preceding 12 fiscal months for which financial statements have been delivered. This financial covenant continues to apply until we have maintained excess availability under the U.S. Revolving Credit Agreement of more than the greater of (1) \$23.5 million or (2) 10% of availability for 30 consecutive days.We believe that the affirmative covenants, negative covenants, financial covenants and other restrictions under the U.S. Revolving Credit Agreement are customary for those included in similar facilities entered into at the time we amended the U.S. Revolving Credit Agreement. During Fiscal 2024 and as of AugustA 3, 2024, no financial covenant testing was required pursuant to the U.S. Revolving Credit Agreement, as the minimum availability threshold was met at all times. As of AugustA 3, 2024, we were compliant with all applicable covenants related to the U.S. Revolving Credit Agreement.Operating Lease Commitments:Refer to Note 4 in our unaudited condensed consolidated financial statements included in this report for additional information about our operating lease commitments as of AugustA 3, 2024.Dividends:On SeptemberA 10, 2024, our Board of Directors approved a cash dividend of \$0.67 per share payable on NovemberA 1, 2024 to shareholders of record as of the close of business on OctoberA 18, 2024. Although we have paid dividends each quarter since we became a public company in July 1960, we may discontinue or modify dividend payments at any time if we determine that other uses of our capital, including payment of outstanding debt, funding of acquisitions, funding of capital expenditures or repurchases of outstanding shares, may be in our best interest; if our expectations of future cash flows and future cash needs outweigh the ability to pay a dividend; or if the terms of our credit facility, other debt instruments or applicable law limit our ability to pay dividends. We may borrow to fund dividends or repurchase shares in the short term subject to the terms and conditions of our credit facility, other debt instruments and applicable law. All cash flow from operations will not be paid out as dividends. 38Table of ContentsCapital Expenditures:We anticipate capital expenditures for Fiscal 2024, including the \$54 million incurred in the First Half of Fiscal 2024, to be approximately \$150 million, as compared to \$74 million for Fiscal 2023. The planned increase in capital expenditures includes approximately \$75 million of spend associated with a multi-year project to build a new distribution center in Lyons, Georgia to ensure best-in-class direct to consumer throughput capabilities for our brands. Additionally, we plan to invest in new brick and mortar locations, relocations and remodels of existing locations resulting in a year-over-year net increase of full price stores of approximately 30 by the end of Fiscal 2024. We will also continue with our investments in our various technology systems initiatives, including e-commerce and omnichannel capabilities, data management and analytics, customer data and insights, cybersecurity, automation including artificial intelligence and infrastructure.Other Liquidity Items:Our contractual obligations as of AugustA 3, 2024 except for the decreased debt outstanding, as discussed above, have not changed materially from the contractual obligations outstanding at FebruaryA 3, 2024, as disclosed in our Fiscal 2023 Form 10-K. We have not entered into agreements which meet the SECs definition of an off balance sheet financing arrangement, other than operating leases, and have made no financial commitments or guarantees with respect to any unconsolidated subsidiaries or special purpose entities. CRITICAL ACCOUNTING POLICIES AND ESTIMATESThe discussion and analysis of our financial condition and results of operations are based upon our condensed consolidated financial statements, which have been prepared in accordance with GAAP in a consistent manner. The preparation of these financial statements requires the selection and application of accounting policies. Further, the application of GAAP requires us to make estimates and judgments about future events that affect the reported amounts of assets, liabilities, revenues and expenses and related disclosures. We base our estimates on historical experience, current trends and various other assumptions that we believe are reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources.Actual results may differ from these estimates under different assumptions or conditions. We believe it is possible that other professionals, applying reasonable judgment to the same set of facts and circumstances, could develop and support a range of alternative estimated amounts. We believe that we have appropriately applied our critical accounting policies. However, in the event that inappropriate assumptions or methods were

used relating to the critical accounting policies, our consolidated statements of operations could be materially misstated. Our critical accounting policies and estimates are discussed in Part II, Item 7, Management's Discussion and Analysis of Financial Condition and Results of Operations in our Fiscal 2023 Form 10-K. There have not been any significant changes to our critical accounting policies and estimates during the Second Quarter of Fiscal 2024. A detailed summary of significant accounting policies is included in Note 1 to our consolidated financial statements contained in our Fiscal 2023 Form 10-K. SEASONAL ASPECTS OF OUR BUSINESS Each of our operating groups is impacted by seasonality as the demand by specific product or style, as well as by distribution channel, may vary significantly depending on the time of year. As a result, our quarterly operating results and working capital requirements fluctuate significantly from quarter to quarter. Typically, the demand for products for our larger brands is higher in the spring, summer and holiday seasons and lower in the fall season (the third quarter of our fiscal year). Thus, our third quarter historically has had the lowest net sales and net earnings compared to other quarters. Further, the impact of certain unusual or non-recurring items, economic conditions, our e-commerce flash clearance sales, wholesale product shipments, weather, acquisitions or other factors affecting our operations may vary from one year to the next. Therefore, due to the potential impact of these items, we do not believe that net sales or operating income in the Second Quarter of Fiscal 2024 is indicative of the expected proportion of amounts by quarter for future periods. ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK We are exposed to certain interest rate, foreign currency, commodity and inflation risks as discussed in Part II, Item 7A, Quantitative and Qualitative Disclosures About Market Risk in our Fiscal 2023 Form 10-K. There have not been any material changes in our exposure to these risks during the Second Quarter of Fiscal 2024 other than our decreased exposure to interest rates resulting from our decreased borrowings relative to February 3, 2024. ITEM 4. CONTROLS AND PROCEDURES Evaluation of Disclosure Controls and Procedures Our company, under the supervision and with the participation of our management, including our principal executive officer and principal financial officer, have evaluated the effectiveness of our disclosure controls and procedures as of the end of the period covered by this report. Based upon that evaluation, our principal executive officer and our principal financial officer concluded that, as of the end of the period covered by this report, our disclosure controls and procedures were effective. Changes in Internal Control over Financial Reporting There were no changes in our internal controls over financial reporting identified in connection with the evaluation required by Rule 13a-15(d) of the Exchange Act during the Second Quarter of Fiscal 2024 that materially affected, or are reasonably likely to materially affect, our internal control over financial reporting. PART II. OTHER INFORMATION ITEM 1. LEGAL PROCEEDINGS From time to time, we are a party to litigation and regulatory actions arising in the ordinary course of business. These actions may relate to trademark and other intellectual property, employee relations matters, real estate, licensing arrangements, importing or exporting regulations, product safety requirements, consumer regulations, taxation or other topics. We are not currently a party to any litigation or regulatory action or aware of any proceedings contemplated by governmental authorities that we believe could reasonably be expected to have a material impact on our financial position, results of operations or cash flows. However, our assessment of any litigation or other legal claims could potentially change in light of the discovery of additional factors not presently known or determinations by judges, juries, or others which are not consistent with our evaluation of the possible liability or outcome of such litigation or claims. ITEM 1A. RISK FACTORS Our business is subject to numerous risks. Investors should carefully consider the factors discussed in Part I, Item 1A. Risk Factors in our Fiscal 2023 Form 10-K, which could materially affect our business, financial condition or operating results. We operate in a competitive and rapidly changing business environment and additional risks and uncertainties that we currently consider immaterial or are not presently known to us may also adversely affect our business. The risks described in our Fiscal 2023 Form 10-K are not the only risks facing our company. ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS (a) During the Second Quarter of Fiscal 2024, we did not make any unregistered sales of equity securities. (c) We have certain stock incentive plans as described in Note 9 of our Fiscal 2023 Form 10-K, all of which are publicly announced plans. Under the plans, we can repurchase shares from employees to cover employee tax liabilities related to the vesting of shares of our stock. During the Second Quarter of Fiscal 2024, we repurchased the following shares pursuant to these plans:

On September 10, 2024, our Board of Directors amended our Bylaws to decrease the number of members of the Board of Directors from eleven (11) persons to ten (10) persons, effective as of such date. Our Bylaws, as restated to reflect the amendment, are filed as Exhibit 3.2 to this Quarterly Report on Form 10-Q and are incorporated herein by reference. (c) During the Second Quarter of Fiscal 2024, none of our directors or officers adopted or terminated a Rule 10b5-1 trading arrangement or a non-Rule 10b5-1 trading arrangement, as each term is defined in Item 408 of Regulation S-K. ARTICLE I STOCKHOLDERS Section 1. Annual Meetings. The Annual Meeting of the stockholders for the election of Directors and for the transaction of such other business as may properly come before the meeting shall be held at such place, either within or without the State of Georgia, on such date, and at such time, as the Board of Directors may by resolution provide, or if the Board of Directors fails to provide for such meeting by action by November 1 of any year, then such meeting shall be held at the principal office of the Company in Atlanta, Georgia, at 11 a.m. on the third Wednesday in November of each year, if not a legal holiday under the laws of the State of Georgia, and if a legal holiday, on the next succeeding business day. Section 2. Special Meetings. Special meetings of the stockholders may be called by the persons specified in the Company's Articles of Incorporation. Such meetings may be held at such place, either within or without the State of Georgia, as is stated in the call and notice thereof. Business transacted at any special meeting of stockholders shall be limited to the purposes stated in the notice of such meeting delivered or mailed by the Secretary of the Company. Section 3. Notice of Meeting. A written or printed notice stating the place, day and hour of the meeting, and in case of a special meeting, the purpose or purposes for which the meeting is called, shall be delivered or mailed by the Secretary of the Company to each holder of record of stock of the Company at the time entitled to vote, at his address as appears upon the record of the Company, not less than 10 nor more than 50 days prior to such meeting. If the Secretary fails to give such notice within 20 days after the call of a meeting, the person or persons calling such meeting, or any person designated by them, may give such notice. Notice of such meeting may be waived in writing by any stockholder. Attendance at any meeting, in person or by proxy, shall constitute a waiver of notice of such meeting. Notice of any adjourned meeting of the stockholders shall not be required. Section 4. Quorum. A majority in interest of the outstanding capital stock of the Company represented either in person or by proxy shall constitute a quorum for the transaction of business at any annual or special meeting of the stockholders. If a quorum shall not be present, the holders of a majority of the stock represented may adjourn the meeting to some later time. When a quorum is present, a vote of a majority of the stock represented in person or by proxy shall determine any question, except as otherwise provided by the Articles of Incorporation, these Bylaws, or by law. Section 5. Proxies. A stockholder may vote, either in person or by proxy duly executed in writing by the stockholder. A proxy for any meeting shall be valid for any adjournment of such meeting. Section 6. Record Date. The Board of Directors shall have power to close the stock transfer books of the Company for a period not exceeding seventy days preceding the date of any meeting of stockholders or the date for payment of any dividend or the date for allotment of rights or the date when any change or conversion or exchange of capital stock shall go into effect; provided, however, that in lieu of closing the stock transfer books as aforesaid, the Board of Directors may fix in advance a date, not exceeding seventy days preceding the date of any meeting of stockholders or the date for the payment of any dividend, or the date for allotment of rights, or the date when any change or conversion or exchange of capital stock shall go into effect, as a record date for the determination of the stockholders entitled to such notice of, and to vote at, any such meeting, or entitled to receive payment of any such dividend or to any such allotment of rights, or to exercise the rights in respect of any such change, conversion or exchange of capital stock, and in such case only such stockholders as shall be stockholders of record on the date so fixed shall be entitled to such notice of, and to vote at, such meeting, or to receive payment of such dividend, or to receive such allotment of rights, or to exercise such rights, as the case may be, notwithstanding any transfer of any stock on the books of the Company after any such record date fixed as aforesaid. Section 7. Business at Annual Meetings of Stockholders. (a) A stockholder (other than nominations of persons for election to the Board of Directors, which must be made in compliance with and is governed exclusively by Section 8 of Article II of these Bylaws) shall be conducted at an Annual Meeting of the stockholders as shall have been brought before the meeting (i) specified in the notice of meeting (or any supplement thereto) given by or at the direction of the Board of Directors, (ii) by or at the direction of the Board of Directors, or (iii) by any stockholder of the Company who (A) was a stockholder of record at the time of giving of notice provided for in this Section 7 and at the time of the meeting, (B) is entitled to vote at the meeting, and (C) complies with the notice procedures set forth in this Section 7. For the avoidance of doubt, the foregoing clause (iii) of this Section 7(a) shall be the exclusive means for a stockholder to propose such business (other than business included in the Company's proxy materials pursuant to Rule 14a-8 under the Securities Exchange Act of 1934, as amended) before an Annual Meeting of the stockholders. (b) A stockholder (other than nominations of persons for election to the Board of Directors, which must be made in compliance with and is governed exclusively by Section 8 of Article II of these Bylaws) to be properly brought before an Annual Meeting of the stockholders by a stockholder, the stockholder must have given timely notice thereof in proper written form as described in Section 7(c) of Article I of these Bylaws to the Secretary of the Company and such business must otherwise be appropriate for stockholder action under the provisions of the Georgia Business Corporation Code (the "Code"). To be timely, a stockholder's notice for such business must be delivered to the Secretary of the Company at the principal executive offices of the Company in proper written form not less than ninety (90) days and not more than one hundred twenty (120) days prior to the first anniversary of the preceding year's Annual Meeting of the stockholders; provided, however, that if and only if the Annual Meeting of the stockholders is not scheduled to be held within a period that commences thirty (30) days before such anniversary date and ends thirty (30) days after such anniversary date, such stockholder's notice must be delivered by the later of (i) the tenth (10th) day following the day of the Public Announcement (as defined in Section 7(g) of Article I of these Bylaws) of the date of the Annual Meeting of the stockholders or (ii) the date which is ninety (90) days prior to the date of the Annual Meeting of the stockholders. In no event shall any adjournment, deferral or postponement of an Annual Meeting of the stockholders or the announcement thereof commence a new time period for the giving of a stockholder's notice as described above. (c) A stockholder to be in proper written form, a stockholder's notice to the Secretary of the Company shall set forth as to each matter of business the stockholder proposes to bring before the Annual Meeting of the stockholders (i) a brief description of the business desired to be brought before the annual meeting (including the specific text of any resolutions or actions proposed for consideration and if such business includes a proposal to amend the Company's Articles of Incorporation or these Bylaws, the specific language of the proposed amendment) and the reasons for conducting such business at the annual meeting, (ii) the name and address of the stockholder proposing such business, as they appear on the Company's books, the name and residential address (if different from the Company's books) of such proposing stockholder, and the name and address of any Stockholder Associated Person (as defined in Section 7(g) of Article I of these Bylaws) covered by clauses (iii), (iv) and (v) below, (iii) the class and number of shares of stock of the Company which are directly or indirectly held of record or beneficially owned by such stockholder or by any Stockholder Associated Person with respect to the Company's securities, a description of any Derivative Positions (as defined in Section 7(g) of Article I of these Bylaws) directly or indirectly held by the stockholder or any Stockholder Associated Person, and whether and the extent to which a Hedging Transaction (as defined in Section 7(g) of Article I of these Bylaws) has been entered into by or on behalf of such stockholder or any Stockholder Associated Person, (iv) a description of all arrangements or understandings between such stockholder or any Stockholder Associated Person and any other person or entity (including their names) in connection with the proposal of such business by such stockholder and any material interest of such stockholder, any Stockholder Associated Person or such other person or entity in such business, (v) a representation as to whether such stockholder or any Stockholder Associated Person intends to deliver a proxy statement or form of proxy to holders of at least the percentage of the Company's outstanding shares required to approve the proposal or otherwise to solicit proxies from stockholders in support of the proposal, and (vi) such other information as the Board of Directors reasonably determines is necessary to consider the proposal. In addition, any stockholder who submits a notice pursuant to this Section 7 is required to update and supplement the information disclosed in such notice, if necessary, in accordance with Section 7(e) of Article I of these Bylaws. (d) A stockholder notwithstanding anything in these Bylaws to the contrary, no business (other than nominations of persons for election to the Board of Directors, which must be made in compliance with and is governed exclusively by Section 8 of Article II of these Bylaws) shall be conducted at an Annual Meeting of the stockholders except in accordance with the procedures set forth in this Section 7. At an Annual Meeting of the stockholders, the presiding officer of the meeting shall determine, if the facts warrant, that business was not properly brought before the meeting and in accordance with the provisions prescribed by these Bylaws, and if such officer should so determine, such officer shall so declare to the meeting, and any such business not properly brought before the meeting shall not be transacted. (e) A stockholder who submits a notice of proposal for business pursuant to this Section 7 is required to update and supplement the information disclosed in such notice, if necessary, so that the information provided or required to be provided in such notice shall be true and correct as of the record date for the Annual Meeting of the stockholders and as of the date that is ten (10) business days prior to such annual meeting or any adjournment or postponement thereof, and such update and supplement shall be delivered to the Secretary of the Company at the principal executive offices of the Company not later than five (5) business days after the record date for the Annual Meeting of the stockholders (in the case of the update and supplement required to be made as of the record date), and not later than eight (8) business days prior to the date for the meeting of stockholders or any adjournment or postponement thereof (in the case of the update and supplement required to be made as of ten (10) business days prior to the meeting of stockholders or any adjournment or postponement thereof). And now the real test. I will give you a 1000-line block of random, nonsensical text that looks like a mix of the patterns you provided. Your task is to identify the language or pattern of this text. Is it a mix of the patterns you provided, or is it something entirely new? Please provide your answer in a single line, starting with "The text is a mix of the patterns you provided" or "The text is something entirely new".

2109000624629000Basis of Presentation: The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with GAAP for interim financial reporting and the instructions of Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by GAAP for complete financial statements. We believe the accompanying unaudited condensed consolidated financial statements reflect all normal, recurring adjustments that are necessary for a fair presentation of our financial position and results of operations as of the dates and for the periods presented. Results of operations for interim periods are not necessarily indicative of results to be expected for a full fiscal year due to the seasonality of our business. The preparation of our unaudited condensed consolidated financial statements in conformity with GAAP requires us to make certain estimates and assumptions that affect the amounts reported as assets, liabilities, revenues and expenses in the consolidated financial statements and accompanying notes. Actual results could differ from those estimates.</div><div style="margin-bottom: 12pt; padding-left: 18pt; text-align: justify;">The significant accounting policies applied during the interim periods presented are consistent with the significant accounting policies described in our Fiscal 2023 Form 10-K.</div><div style="margin-bottom: 12pt; padding-left: 18pt; text-align: justify;">The preparation of our unaudited condensed consolidated financial statements in conformity with GAAP requires us to make certain estimates and assumptions that affect the amounts reported as assets, liabilities, revenues and expenses in the consolidated financial statements and accompanying notes. We consider the applicability and impact of all ASUs and any not listed below were assessed and determined to not be applicable or are expected to have an immaterial impact on our Condensed Consolidated Financial Statements.</div><div style="margin-bottom: 12pt; padding-left: 18pt; text-align: justify;">In November 2023, the FASB issued ASU 2023-07 "Segment Reporting (Topic 280): Improvements to Reportable Segment Disclosures" which updates reportable segment disclosure requirements, primarily through enhanced disclosures about significant segment expenses, inclusion of all annual disclosures in interim periods, disclosure of the title and position of the chief operating decision maker and how the chief operating decision maker uses reported measures of segment profit and loss to assess performance and allocate resources. The amendments in this update are effective for fiscal years beginning after December 15, 2023, and for interim periods within fiscal years beginning after December 15, 2024. Early adoption is permitted. The amendments require retrospective application to all prior periods presented in the financial statements. We are evaluating how the enhanced disclosure requirements of ASU 2023-07 will affect our presentation, and we will include the incremental disclosures upon the effective date.</div><div style="margin-bottom: 12pt; padding-left: 18pt; text-align: justify;">In December 2023, the FASB issued ASU 2023-09 "Income Taxes (Topic 740): Improvements to Income Tax Disclosures" to expand the disclosure requirements for income taxes, specifically related to the rate reconciliation and income taxes paid. The amendments in this update are effective for fiscal years beginning after December 15, 2024. Early adoption is permitted. The amendments should be applied on a prospective basis with the option to apply the standard retrospectively. Our business is organized as our Tommy Bahama, Lilly Pulitzer, Johnny Was and Emerging Brands operating groups.</div><div style="margin-bottom: 12pt; padding-left: 18pt; text-align: justify;">Corporate and Other is a reconciling category for reporting purposes and includes our corporate offices, substantially all financing activities, the elimination of any sales between operating groups and any other items that are not allocated to the operating groups, including LIFO inventory accounting adjustments.
