Â Rail Vision Ltd. Â Date: January 15, 2025 By: /s/ Ofer Naveh Â Name: Ofer Naveh Â Title: Chief Financial Officer Â Â EX-99.1 2 ex99-1.htm Â Exhibit 99.1 Â Rail Vision Regains Compliance with Nasdaq Minimum Bid Price Rule Â Raâ anana, Israel, January 15, 2025 â" Rail Vision Ltd. (Nasdaq: RVSN) (the "Company"), a technology company at the forefront of revolutionizing railway safety and the data-related market, today announced that it has received a written notice from Nasdaq Stock Market LLC (the "Nasdaq") informing the Company that it has regained compliance with the minimum bid price requirement for continued listing set forth in Nasdaq Listing Rule 5550(a)(2). Rail Vision is now in compliance with all applicable listing standards and its ordinary shares will continue to be listed and traded on the Nasdaq Capital Market. Â Rail Vision was previously notified by Nasdaq on July 22, 2024, that it was not in compliance with the minimum bid price rule because its shares failed to meet the closing bid price of \$1.00 or more for 30 consecutive business days, as required by the Nasdaq Listing Rules. Â To regain compliance with the minimum bid price requirement, the Company was required to maintain a minimum closing bid price of \$1.00 or more for at least 10 consecutive trading days. From December 27, 2024 through January 14, 2025, a period of 10 consecutive trading days, the closing bid price of the Company's ordinary shares was greater than \$1.00 per share. Accordingly, the Company has regained compliance with Nasdaq Listing Rule 5550(a)(2) and Nasdaq considers the prior bid price deficiency matter now closed. Â About Rail Vision Ltd. Â Rail Vision is a technology company that is seeking to revolutionize railway safety and the data-related market. The Company has developed cutting-edge, artificial intelligence-based, industry-leading technology specifically designed for railways. The Company has developed its railway detection and systems to save lives, increase efficiency, and dramatically reduce expenses for the railway operators. Rail Vision believes that its technology will significantly increase railway safety around the world, while creating significant benefits and adding value to everyone who relies on the train ecosystem: from passengers using trains for transportation to companies that use railways to deliver goods and services. In addition, the company believes that its technology has the potential to advance the revolutionary concept of autonomous trains into a practical reality. Words such as "expects," "anticipates," "intends," "plans," "believes," "seeks," "estimates" and similar expressions or variations of such words are intended to identify forward-looking statements. Forward-looking statements are not historical facts, and are based upon management's current expectations, beliefs and projections, many of which, by their nature, are inherently uncertain. Such expectations, beliefs and projections are expressed in good faith. However, there can be no assurance that management's expectations, beliefs and projections will be achieved, and actual results may differ materially from what is expressed in or indicated by the forward-looking statements. Forward-looking statements are subject to risks and uncertainties that could cause actual performance or results to differ materially from those expressed in the forward-looking statements. For a more detailed description of the risks and uncertainties affecting the Company, reference is made to the Company's reports filed from time to time with the Securities and Exchange Commission (the "SEC"), including, but not limited to, the risks detailed in the Company's annual report on Form 20-F filed with the SEC on March 28, 2024. Forward-looking statements speak only as of the date the statements are made. The Company assumes no obligation to update forward-looking statements to reflect actual results, subsequent events or circumstances, changes in assumptions or changes in other factors affecting forward-looking information except to the extent required by applicable securities laws. If the Company does update one or more forward-looking statements, no inference should be drawn that the Company will make additional updates with respect thereto or with respect to other forward-looking statements.
