**AGREE REALTY CORPORATION**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**  
**March 31, June 30, 2024**  
**(Unaudited)**

**Note 1 – Organization**

Agree Realty Corporation (the “Company”), a Maryland corporation, is a fully integrated real estate investment trust (“REIT”) primarily focused on the ownership, acquisition, development and management of retail properties net leased to industry leading tenants. The Company was founded in 1971 by its current Executive Chairman, Richard Agree, and its common stock was listed on the New York Stock Exchange in 1994.

The Company's assets are held by, and all of its operations are conducted through, directly or indirectly, Agree Limited Partnership (the “Operating Partnership”), of which Agree Realty Corporation is the sole general partner and in which it held a 99.7% common equity interest as of March 31, 2024 June 30, 2024 and December 31, 2023. There is a one-for-one relationship between the limited partnership interests in the Operating Partnership (“Operating Partnership Common Units”) owned by the Company and shares of Company common stock outstanding. The Company also owns 100% of the Series A preferred equity interest in the Operating Partnership. This preferred equity interest corresponds on a one-for-one basis to the Company's Series A Preferred Stock (Refer to Note 6 – *Common and Preferred Stock*), providing income and distributions to the Company equal to the dividends payable on that stock.

As of March 31, 2024 June 30, 2024 and December 31, 2023, the non-controlling interest in the Operating Partnership consisted of a 0.3% common ownership interest in the Operating Partnership held by the Company's founder and Executive Chairman. The Operating Partnership Common Units may, under certain circumstances, be exchanged for shares of common stock on a one-for-one basis. The Company, as sole general partner of the Operating Partnership, has the option to settle exchanged Operating Partnership Common Units held by others for cash based on the current trading price of its shares. Assuming the exchange of all non-controlling Operating Partnership Common Units, there would have been 100,976,594 100,972,243 shares of common stock outstanding at March 31, 2024 June 30, 2024.

As of March 31, 2024 June 30, 2024, the Company owned 2,161 2,202 properties, with a total gross leasable area (“GLA”) of approximately 44.9 million 45.8 million square feet. As of March 31, 2024 June 30, 2024, the Company's portfolio was approximately 99.6% 99.8% leased and had a weighted average remaining lease term (excluding extension options) of approximately 8.2 8.1 years. A significant majority of its properties are leased to national tenants and approximately 68.8% 68.4% of its annualized base rent was derived from tenants, or parent entities thereof, with an investment grade credit rating from S&P Global Ratings, Moody's Investors Service, Fitch Ratings or the National Association of Insurance Commissioners.

The terms “Agree Realty,” the “Company,” “Management,” “we,” “our” or “us” refer to Agree Realty Corporation and all of its consolidated subsidiaries, including the Operating Partnership.

**Note 2 – Summary of Significant Accounting Policies**

**Basis of Accounting**

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (“GAAP”) for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by GAAP for audited financial statements. The unaudited condensed consolidated financial statements reflect all adjustments (consisting only of normal recurring adjustments) which are, in the opinion of management, necessary for a fair presentation of the results for the interim period presented. Operating results for the three and six months ended March 31, 2024 June 30, 2024 may not be indicative of the results that may be expected for the year ending December 31, 2024.

6

---

[Table of Contents](#)

Amounts as of December 31, 2023 included in the condensed consolidated financial statements have been derived from the audited consolidated financial statements as of that date. The unaudited condensed consolidated financial statements,

included herein, should be read in conjunction with the audited consolidated financial statements and notes thereto, as well as Management's Discussion and Analysis of Financial Condition and Results of Operations, in the Company's Form 10-K for the year ended December 31, 2023.

**Consolidation**

Under the agreement of limited partnership of the Operating Partnership, the Company, as the sole general partner, has exclusive responsibility and discretion in the management and control of the Operating Partnership. The Company consolidates the Operating Partnership under the guidance set forth in Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) Topic 810, *Consolidation*, and as a result, the unaudited condensed consolidated financial statements include the accounts of the Company, the Operating Partnership and its wholly owned subsidiaries. All material intercompany accounts and transactions are eliminated, including the Company's Series A preferred equity interest in the Operating Partnership.

**Real Estate Investments**

The Company records the acquisition of real estate at cost, including acquisition and closing costs. For properties developed by the Company, all direct and indirect costs related to planning, development and construction, including interest, real estate taxes and other miscellaneous costs incurred during the construction period, are capitalized for financial reporting purposes and recorded as property under development until construction has been completed.

### **Assets Held for Sale**

Assets are classified as real estate held for sale based on specific criteria as outlined in FASB ASC Topic 360, *Property, Plant & Equipment*. Properties classified as real estate held for sale are recorded at the lower of their carrying value or their fair value, less anticipated selling costs. Any properties classified as held for sale are not depreciated. Assets are generally classified as real estate held for sale once management has actively engaged in marketing the asset and has received a firm purchase commitment that is expected to close within one year.

### **Acquisitions of Real Estate**

The acquisition of property for investment purposes is typically accounted for as an asset acquisition. The Company allocates the purchase price to land, building, assumed debt, if any, and identified intangible assets and liabilities, based in each case on their relative estimated fair values and without giving rise to goodwill. Intangible assets and liabilities represent the value of in-place leases and above- or below-market leases. In making estimates of fair values, the Company may use various sources, including data provided by independent third parties, as well as information obtained by the Company as a result of its due diligence, including expected future cash flows of the property and various characteristics of the markets where the property is located.

In allocating the fair value of the identified tangible and intangible assets and liabilities of an acquired property, land is valued based upon comparable market data or independent appraisals. Buildings are valued on an as-if vacant basis based on a cost approach utilizing estimates of cost and the economic age of the building or an income approach utilizing various market data. In-place lease intangibles are valued based on the Company's estimates of costs related to tenant acquisition and the carrying costs that would be incurred during the time it would take to locate a tenant if the property were vacant, considering current market conditions and costs to execute similar leases at the time of the acquisition. Above- and below-market lease intangibles are recorded based on the present value of the difference between the contractual amounts to be paid pursuant to the leases at the time of acquisition and the Company's estimate of current market lease rates for the property. In the case of sale-leaseback transactions, it is typically assumed that the lease is not in-place prior to the close of the transaction.

7

---

### **[Table of Contents](#)**

### **Depreciation and Amortization**

Land, buildings and improvements are recorded and stated at cost. The Company's properties are depreciated using the straight-line method over the estimated remaining useful life of the assets, which are generally 40 years for buildings and

7

---

### **[Table of Contents](#)**

10 to 20 years for improvements. Properties classified as held for sale and properties under development or redevelopment are not depreciated. Major replacements and betterments, which improve or extend the life of the asset, are capitalized and depreciated over their estimated useful lives.

In-place lease intangible assets and the capitalized above- and below-market lease intangibles are amortized over the non-cancelable term of the lease as well as any option periods included in the estimated fair value. In-place lease intangible assets are amortized to amortization expense and above- and below-market lease intangibles are amortized as a net adjustment to rental income. In the event of early lease termination, the remaining net book value of any above- or below-market lease intangible is recognized as an adjustment to rental income.

The following schedule summarizes the Company's amortization of lease intangibles for the three and six months ended **March 31, 2024** **June 30, 2024** and 2023 (presented in thousands):

### Impairments

The Company reviews real estate investments and related lease intangibles for possible impairment when certain events or changes in circumstances indicate that the carrying amount of the asset may not be recoverable through operations plus estimated disposition proceeds. Events or changes in circumstances that may occur include, but are not limited to, significant changes in real estate market conditions, estimated residual values, the Company's ability or expectation to re-lease properties that are vacant or become vacant or a change in the anticipated holding period for a property.

Management determines whether an impairment in value has occurred by comparing the estimated future cash flows (undiscounted and without interest charges), including the residual value of the real estate, to the carrying cost of the individual asset.

Impairments are measured to the extent the current book value exceeds the estimated fair value of the asset less disposition costs for any assets classified as held for sale.

The valuation of impaired assets is determined using valuation techniques including discounted cash flow analysis, analysis of recent comparable sales transactions and purchase offers received from third parties, which are Level 3 inputs. The Company may consider a single valuation technique or multiple valuation techniques, as appropriate, when estimating the fair value of its real estate. Estimating future cash flows is highly subjective and estimates can differ materially from actual results.

equivalents. Cash and cash equivalents consist of deposit, checking, and money market accounts. The account balances periodically exceed the Federal Deposit Insurance Corporation ("FDIC") insurance coverage, and as a result, there is a concentration of credit risk related to amounts on deposit in excess of FDIC insurance coverage. Cash held in **escrows escrow** primarily relates to proposed like-kind exchange transactions pursued under Section 1031 of the Internal Revenue Code of 1986, as amended (the "Internal Revenue Code"). The Company had **\$14.3 million** **\$23.1 million** and \$13.4 million in cash and cash equivalents and cash held in escrow as of **March 31, 2024** **June 30, 2024** and December 31, 2023, respectively, in excess of the FDIC insured limit.

The following table provides a reconciliation of cash and cash equivalents and cash held in escrow, both as reported within the condensed consolidated balance sheets, to the total of the cash and cash equivalents and cash held in escrow as reported within the condensed consolidated statements of cash flows (*presented in thousands*):

	March 31, 2024	December 31, 2023	June 30, 2024	December 31, 2023

## Revenue Recognition and Accounts Receivable

The Company leases real estate to its tenants under long-term net leases which are accounted for as operating leases. Under this method, leases that have fixed and determinable rent increases are recognized on a straight-line basis over the lease term. Rental increases based upon changes in the consumer price indexes, or other variable factors, are recognized only after changes in such factors have occurred and are then applied according to the lease agreements. Certain leases also provide for additional rent based on tenants' sales volumes. These rents are recognized when determinable after the tenant exceeds a sales breakpoint.

Recognizing rent escalations on a straight-line method results in rental revenue in the early years of a lease being higher than actual cash received, creating a straight-line rent receivable asset which is included in the accounts receivable - tenants line item in the condensed consolidated balance sheets. The balance of straight-line rent receivables at **March 31, 2024** **June 30, 2024** and December 31, 2023 was **\$68.6 million** **\$71.5 million** and \$65.9 million, respectively. To the extent any of the tenants under these leases become unable to pay their contractual cash rents, the Company may be required to write down the straight-line rent receivable from those tenants, which would reduce rental income.

The Company reviews the collectability of charges under its tenant operating leases on a regular basis, taking into consideration changes in factors such as the tenant's payment history, the financial condition of the tenant, business conditions in the industry in which the tenant operates and economic conditions in the area where the property is located. In the event that collectability with respect to any tenant changes, the Company recognizes an adjustment to rental revenue. The Company's review of collectability of charges under its operating leases also includes any accrued rental revenue related to the straight-line method of reporting rental revenue.

As of **March 31, 2024** **June 30, 2024**, the Company had **three six** leases across **three four** tenants where collection is not considered probable. For these tenants, the Company is recording rental income on a cash basis and has written off any outstanding receivables, including straight-line rent receivables. Adjustments to rental revenue related to tenants accounted for on the cash basis resulted in an increase to rental income of **less than \$0.1 million** for the three months ended **March 31, 2024** **June 30, 2024** and **\$0.1 million** for the six months ended **June 30, 2024**, due to the receipt of amounts previously considered uncollectible.

In addition to the tenant-specific collectability assessment performed, the Company may also recognize a general allowance, as a reduction to rental revenue, for its operating lease receivables which are not expected to be fully collectible based on the potential for settlement of arrears. The Company had no general allowance at **March 31, 2024** **June 30, 2024** and December 31, 2023.

The Company's leases provide for reimbursement from tenants for common area maintenance, insurance, real estate taxes and other operating expenses. A portion of the Company's operating cost reimbursement revenue is estimated each period

## [Table of Contents](#)

The Company's leases provide for reimbursement from tenants for common area maintenance, insurance, real estate taxes and other operating expenses. A portion of the Company's operating cost reimbursement revenue is estimated each period and is recognized as rental revenue in the period the recoverable costs are incurred and accrued, and the related revenue is earned. The balance of unbilled operating cost reimbursement receivable at **March 31, 2024** **June 30, 2024** and December 31, 2023 was **\$10.1 million** **\$10.4 million** and \$14.0 million, respectively. Unbilled operating cost reimbursement receivable is reflected in accounts receivable – tenants, net in the condensed consolidated balance sheets.

The Company has adopted the practical expedient in FASB ASC Topic 842, *Leases* ("ASC 842") that allows lessors to combine non-lease components with the lease components when the timing and patterns of transfer for the lease and non-lease components are the same and the lease is classified as an operating lease. As a result, all rentals and reimbursements pursuant to tenant leases are reflected as one-line, rental income, in the condensed consolidated statement of operations and comprehensive income.

## Earnings per Share

Earnings per share of common stock **has have** been computed pursuant to the guidance in the FASB ASC Topic 260, *Earnings Per Share*. The guidance requires the classification of the Company's unvested restricted common shares ("restricted shares"), which contain rights to receive non-forfeitable dividends, as participating securities requiring the two-class method of computing net income per share of common stock. In accordance with the two-class method, earnings per share **has have** been computed by dividing net income less net income attributable to unvested restricted shares by the weighted average number of shares of common stock outstanding less unvested restricted shares. Diluted earnings per share is computed by dividing net income less net income attributable to unvested restricted shares by the weighted average shares of common shares and potentially dilutive securities in accordance with the treasury stock method.

The following is a reconciliation of the numerator and denominator used in the computation of basic and diluted net earnings per share of common stock for each of the periods presented (*presented in thousands, except for share data*):

## **Forward Equity Sales**

The Company occasionally sells shares of common stock through forward sale agreements to enable the Company to set the price of such shares upon pricing the offering (subject to certain adjustments) while delaying the issuance of such shares and the receipt of the net proceeds by the Company.

To account for the forward sale agreements, the Company considers the accounting guidance governing financial instruments and derivatives.

To date, the Company has concluded that its forward sale agreements are not liabilities as they do not embody obligations to repurchase its shares nor do they embody obligations to issue a variable number of shares for which the monetary value are predominantly fixed, varying with something other than the fair value of the shares, or varying inversely in relation to its shares. The Company then evaluates whether the agreements meet the derivatives and hedging guidance scope exception to be accounted for as equity instruments. The Company has concluded that the agreements are classifiable as equity contracts based on the following assessments: (i) none of the agreements' exercise

contingencies are based on observable markets or indices besides those related to the market for the Company's own stock price and operations; and (ii) none of the settlement provisions precluded the agreements from being indexed to its own stock.

The Company also considers the potential dilution resulting from the forward sale agreements on the earnings per share calculations. The Company uses the treasury stock method to determine the dilution resulting from forward sale agreements during the period of time prior to settlement.

#### **Equity Offering Costs**

Underwriting commissions and offering costs of equity offerings are reflected as a reduction of additional paid-in-capital in the Company's condensed consolidated balance sheets.

#### **Income Taxes**

The Company has made an election to be taxed as a REIT under Sections 856 through 860 of the Internal Revenue Code and related regulations. The Company generally will not be subject to federal income taxes on amounts distributed to stockholders, providing it distributes 100% of its REIT taxable income and meets certain other requirements for qualifying as a REIT. For the periods covered in the condensed consolidated financial statements, the Company believes it has qualified as a REIT. Accordingly, no provision has been made for federal income taxes related to the Company's REIT taxable income in the accompanying condensed consolidated financial statements.

The Company has elected taxable REIT subsidiary ("TRS") status for certain subsidiaries pursuant to the provisions of the REIT Modernization Act. A TRS is able to engage in activities resulting in income that previously would have been disqualified from being eligible REIT income under the federal income tax regulations. As a result, certain activities of the Company which occur within its TRS entities are subject to federal income taxes. All provisions for federal income taxes in the accompanying condensed consolidated financial statements are attributable to the Company's TRS.

#### **Table of Contents**

Notwithstanding its qualification for taxation as a REIT, the Company is subject to certain state and local income and franchise taxes, which are included in income and other tax expense on the condensed consolidated statement of operations and comprehensive income.

The Company is subject to the provisions of FASB ASC Topic 740-10 ("ASC 740-10") and regularly analyzes its various federal and state filing positions and only recognizes the income tax effect in its financial statements when certain criteria

regarding uncertain income tax positions have been met. The Company believes that its income tax positions are documented and supported and would more likely than not be sustained upon examination by all relevant taxing authorities. Therefore, no provisions for uncertain income tax positions have been recorded pursuant to ASC 740-10 in the condensed consolidated financial statements. The Company has elected to record related interest and penalties, if any, as income and other tax expense on the condensed consolidated statements of operations and comprehensive income. The Company has no material interest or penalties relating to income taxes recognized for the three **and six** months ended **March 31, 2024** **June 30, 2024** and 2023.

Earnings and profits that determine the taxability of distributions to stockholders differ from net income reported for financial reporting purposes due to differences in the estimated useful lives and methods used to compute depreciation and the carrying value (basis) of the investments in properties for tax purposes, among other things.

#### **Management's Responsibility to Evaluate Its Ability to Continue as a Going Concern**

When preparing financial statements for each annual and interim reporting period, management has the responsibility to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern within one year after the date that the financial statements are issued. In making its evaluation, the Company considers, among other things, any risks and/or uncertainties to its results of operations, contractual obligations in the form of near-term debt maturities, dividend requirements, or other factors impacting the Company's liquidity and capital resources. No conditions or events that raised substantial doubt about the ability to continue as a going concern within one year were identified as of the issuance date of the condensed consolidated financial statements contained in this Quarterly Report on Form 10-Q.

#### **Segment Reporting**

The Company is primarily in the business of acquiring, developing and managing retail real estate. The Company's chief operating decision maker, which is its Chief Executive Officer, does not distinguish or group operations on a geographic or other basis when assessing the financial performance of the Company's portfolio of properties. Accordingly, the Company has a single reportable segment for disclosure purposes.

#### **Use of Estimates**

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of (1) assets and liabilities and the disclosure of contingent assets and liabilities as of the date of the financial statements, and (2) revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### **Fair Values of Financial Instruments**

The Company's estimates of fair value of financial and non-financial assets and liabilities are based on the framework established in the fair value accounting guidance, ASC Topic 820 *Fair Value Measurement* ("ASC 820"). The framework specifies a hierarchy of valuation inputs which was established to increase consistency, clarity and comparability in fair value measurements and related disclosures. The guidance describes a fair value hierarchy based on three levels of inputs that may be used to measure fair value, two of which are considered observable and one that is considered unobservable. The following describes the three levels:

Level 1 – Valuation is based upon quoted prices in active markets for identical assets or liabilities.

12

---

#### **Table of Contents**

Level 2 – Valuation is based upon inputs other than Level 1 inputs that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

12

---

#### **Table of Contents**

Level 3 – Valuation is generated from model-based techniques that use at least one significant assumption not observable in the market. These unobservable assumptions reflect estimates of assumptions that market participants would use in pricing the asset or liability. Valuation techniques include option pricing models, discounted cash flow models and similar techniques.

#### **Recent Accounting Pronouncements**

In March 2022, the FASB issued ASU 2022-03, *"Fair Value Measurement of Equity Securities Subject to Contractual Sale Restrictions (Topic 820)"* ("ASU 2022-03"). ASU 2022-03 clarifies that contractual sale restrictions on the sale of an equity security is not considered part of the unit of account of the equity security and, therefore, are not considered in measuring the fair value of equity securities. In addition, the amendment requires the disclosure of: (1) the fair value of equity securities subject to contractual sale restrictions reflected in the balance sheet, (2) the nature and remaining duration of the restrictions, and (3) any circumstances that could cause a lapse in the restrictions. The amendments in ASU 2022-03 are effective for the Company for fiscal years beginning after December 15, 2023 and interim periods within those fiscal years. The amendment is applied prospectively. There was no impact upon adoption of the guidance on January 1, 2024 as the Company does not have sale restrictions on equity securities.

In August 2023, the FASB issued ASU 2023-05, *Business Combinations – Joint Venture Formations (Subtopic 805-60)* ("ASU 2023-05"). ASU 2023-05 addresses the accounting for contributions made to a joint venture, upon formation, in a joint venture's separate financial statements. ASU 2023-05 will require that a joint venture apply a new basis of accounting upon formation. By applying a new basis of accounting, a joint venture, upon formation, will recognize and initially measure its assets and liabilities at fair value (with exceptions to fair value measurement that are consistent with the business combinations guidance). The amendments in ASC 2023-05 are effective prospectively for all joint ventures formed on or after January 1, 2025. Joint ventures formed prior to January 1, 2025 may elect to apply the amendments retrospectively and early adoption is permitted. The Company does not have joint ventures and as such does not anticipate any impact from the amendments.

In November 2023, the FASB issued ASU 2023-07, *Segment Reporting (Topic 280): Improvements to Reportable Segment Disclosures* ("ASU 2023-07"). ASU 2023-07 is intended to improve reportable segment disclosure by requiring disclosure of incremental segment information on an annual and interim basis such as, annual and interim disclosure of significant segment expenses that are regularly provided to the chief operating decision maker, interim disclosure of a reportable segment's profit or loss and assets and require that a public entity that has a single reportable segment provide all the disclosures required by ASU 2023-07 and all existing segment disclosures in Topic 280. The amendments in ASU 2023-07 do not change how a public entity identifies its operating segments, aggregates those operating segments, or applies the quantitative thresholds to determine its reportable segments. The amendments in ASU 2023-07 are effective for fiscal years beginning after December 15, 2023, and interim periods within fiscal years beginning after December 15, 2024. The disclosures are applied retrospectively to all periods presented and early adoption is permitted. The Company has one reportable segment and continues to evaluate additional disclosures that may be required in its Form 10-K for the year ended December 31, 2024.

In December 2023, the FASB issued ASU 2023-09, *Income Taxes (Topic 740) – Improvements to Income Tax Disclosures* ("ASU 2023-09"). ASU 2023-09 requires annual disclosure of specific categories in the income tax rate reconciliation and **provide provides** additional information for reconciling items that meet a quantitative threshold within the rate reconciliation. In addition, the amendments require annual disclosure of income taxes paid disaggregated by federal, state and foreign jurisdictions as well as individual jurisdictions in which income taxes paid is equal to or greater than 5 percent of total income taxes paid. ASU 2023-09 is effective for annual periods beginning after December 15, 2024 on a prospective basis, however early adoption and retrospective adoption is permitted. The Company continues to evaluate the impact of the guidance and potential additional disclosures required.

GHG emissions disclosures 2025 and the remaining climate risk disclosures will be required for 2026 annual periods beginning in 2026. In the initial year of compliance, GHG emissions disclosures are required for the most recently completed fiscal year, however, if these disclosures were provided in previous SEC filings for the historic years presented, that historical disclosure is also required. filings. The Company continues to evaluate monitor the status of the SEC Climate Reporting Rules and is evaluating the additional disclosures required.

### Note 3 – Leases

#### Tenant Leases

The Company is primarily focused on the ownership, acquisition, development and management of retail properties leased to industry leading tenants.

Substantially all of the Company's tenants are subject to net lease agreements. A net lease typically requires the tenant to be responsible for minimum monthly rent and actual property operating expenses incurred, including property taxes, insurance and maintenance. In addition, the Company's tenants are typically subject to future rent increases based on fixed amounts or increases in the consumer price index and certain leases provide for additional rent calculated as a percentage of the tenants' gross sales above a specified level. Certain of the Company's properties are subject to leases under which it retains responsibility for specific costs and expenses of the property.

The Company's leases typically provide the tenant with one or more multi-year renewal options to extend their leases, subject to generally the same terms and conditions, including rent increases, consistent with the initial lease term.

The Company attempts to maximize the amount it expects to derive from the underlying real estate property following the end of the lease, to the extent it is not extended. The Company maintains a proactive leasing program that, combined with the quality and locations of its properties, has made its properties attractive to tenants. The Company intends to continue to hold its properties for long-term investment and, accordingly, places a strong emphasis on the quality of construction and an on-going program of regular and preventative maintenance.

The Company has elected the practical expedient in ASC 842 on not separating non-lease components from associated lease components.

The lease and non-lease components combined as a result of this election largely include tenant rentals and maintenance charges, respectively. The Company applies the accounting requirements of ASC 842 to the combined component.

#### Deferred Revenue

As of **March 31, 2024**, **June 30, 2024** and December 31, 2023, there was **\$23.3 million**, **\$26.6 million** and \$21.9 million, respectively, in deferred revenues resulting from rents paid in advance. Deferred revenues are recognized within accounts payable, accrued expenses, and other liabilities on the condensed consolidated balance sheets as of these dates.

#### Land Lease Obligations

The Company is the lessee under land lease agreements for certain of its properties. ASC 842 requires a lessee to recognize right of use assets and lease obligation liabilities that arise from leases, whether qualifying as operating or finance. As of **March 31, 2024**, **June 30, 2024** and December 31, 2023, the Company had **\$60.0 million**, **\$60.3 million** and \$60.2 million, respectively, of right of use assets, net, recognized within other assets in the condensed consolidated balance sheets, while the corresponding lease obligations, net, of **\$22.8 million**, **\$23.1 million** and \$23.0 million, respectively, were recognized within accounts payable, accrued expenses, and other liabilities on the condensed consolidated balance sheets as of these dates.

The Company's land leases do not include any variable lease payments. These leases typically provide multi-year renewal options to extend their term as lessee at the Company's option. Option periods are included in the calculation of the lease obligation liability only when options are reasonably certain to be exercised. Certain of the Company's land leases qualify as finance leases as a result of purchase options that are reasonably certain of being exercised or automatic transfer of title to the Company at the end of the lease term.

Amortization of right of use assets for operating land leases is classified as land lease expense and was \$0.4 million for the three months ended **March 31, 2024**, **June 30, 2024** and 2023 and \$0.8 million for the six months ended **June 30, 2024** and 2023. There was no amortization of right of use assets for finance land leases, as the underlying leased asset (land) has an infinite life. Interest expense on finance land leases was less than \$0.1 million during the three months ended **March 31, 2024**, **June 30, 2024** and 2023 and \$0.1 million for the six months ended **June 30, 2024** and 2023.

In calculating its lease obligations under ground leases, the Company uses discount rates estimated to be equal to what it would have to pay to borrow on a collateralized basis over a similar term, for an amount equal to the lease payments, in a similar economic environment.

## Note 8 – Derivative Instruments and Hedging Activity

### Background

The Company is exposed to certain risks arising from both its business operations and economic conditions. The Company principally manages its exposures to a wide variety of business and operational risks through management of its core business activities. The Company manages economic risk, including interest rate, liquidity and credit risk primarily by managing the amount, sources and duration of its debt funding and, to a limited extent, the use of derivative instruments. For additional information regarding the leveling of the Company's derivatives, refer to Note 9 – *Fair Value Measurements*.

The Company's objective in using interest rate derivatives is to manage its exposure to interest rate movements and add stability to interest expense. To accomplish this objective, the Company uses interest rate swaps as part of its interest rate risk management strategy. Interest rate swaps designated as cash flow hedges involve the receipt of variable rate amounts from a counterparty in exchange for the Company making fixed rate payments over the life of the agreement without exchange of the underlying notional amount.

### 2023 Hedge Activity

In June 2023, the Company entered into \$350.0 million of ~~forward starting~~ forward-starting interest rate swap agreements to hedge against variability in future cash flows resulting from changes in SOFR. The swaps exchange variable rate SOFR interest on \$350.0 million of SOFR indexed debt to a weighted average fixed interest rate of 3.57% beginning August 1, 2023 through the maturity date of January 1, 2029. The swaps are designated to hedge the variable rate interest payments of the 2029 Unsecured Term Loan indexed to SOFR. As of ~~March 31, 2024~~ June 30, 2024, these interest rate swaps were valued as ~~net assets~~ an asset of approximately ~~\$5.7 million~~ \$6.9 million.

In December 2023, the Company entered into \$150.0 million of forward-starting interest rate swap agreements to hedge against ~~changes~~ variability in future cash flows resulting from changes in SOFR. The swaps exchange variable rate SOFR interest on \$150.0 million of SOFR indexed debt to a weighted average fixed interest rate of 3.60% beginning December 31, 2024 through the maturity date of December 31, 2034. ~~The swaps are designated~~ In addition, in May 2024, the Company entered into a \$150.0 million US Treasury lock at 4.51% to hedge ~~previously unhedged variable rate~~ against the variability in future cash flows resulting from changes in interest ~~payments indexed to SOFR. As of March 31, 2024, these rates. The Company terminated the \$150.0 million forward-starting interest rate swaps were valued~~ swap agreements and the \$150.0 million US Treasury lock upon completion of the underwritten public offering of the 2034 Senior Unsecured Public Notes, receiving \$4.4 million, net upon termination. This settlement was included as ~~net assets~~ a component of approximately ~~\$1.4 million~~, accumulated OCI, to be recognized as an adjustment to income over the term of the debt.

### Recognition

The Company recognizes all derivative instruments as either assets or liabilities at fair value on the balance sheet. The Company recognizes its derivatives within other assets, net and accounts payable, accrued expenses and other liabilities on the condensed consolidated balance sheets.

The Company recognizes all changes in fair value for hedging instruments designated and qualifying for cash flow hedge accounting treatment as a component of other comprehensive income (OCI).

Accumulated OCI relates to (i) the change in fair value of interest rate derivatives and (ii) realized gains or losses on settled derivative instruments. Amounts are reclassified out of accumulated OCI as an adjustment to interest expense for (i) realized gains or losses related to effective interest rate swaps and (ii) realized gains or losses on settled derivative instruments, amortized over the term of the hedged debt transaction. During the next twelve months, the Company estimates that an additional \$7.2 million \$7.6 million will be reclassified as a decrease to interest expense.

The Company had the following outstanding interest rate derivatives that were designated as cash flow hedges of interest rate risk (presented in thousands, except number of instruments):

The Company does not use derivative instruments for trading or other speculative purposes and did not have any other derivative instruments or hedging activities as of **March 31, 2024** **June 30, 2024**.

#### **Credit-Risk-Related Contingent Features**

The Company has agreements with its derivative counterparties that contain a provision where the Company could be declared in default on its derivative obligations if repayment of the underlying indebtedness is accelerated by the lender due to the Company's default on the indebtedness.

Although the derivative contracts are subject to master netting arrangements, which serve as credit mitigants to both the Company and its counterparties under certain situations, the Company does not net its derivative fair values or any existing rights or obligations to cash collateral on the condensed consolidated balance sheets.

As of **March 31, 2024** **June 30, 2024** and December 31, 2023, the fair value of derivatives related to these agreements, which includes interest but excludes any adjustment for nonperformance risk, was a net asset position of **\$7.6 million** **\$7.3 million** and a net liability position of \$4.1 million, respectively. There was no offsetting of derivative assets or liabilities as of **March 31, 2024** **June 30, 2024** and December 31, 2023.

## **Note 9 – Fair Value Measurements**

### **Assets and Liabilities Measured at Fair Value**

The Company accounts for fair values in accordance with ASC 820. ASC 820 defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. ASC 820 applies to reported balances that are required or permitted to be measured at fair value under existing accounting pronouncements; accordingly, the standard does not require any new fair value measurements of reported balances.

ASC 820 emphasizes that fair value is a market-based measurement, not an entity-specific measurement. Therefore, a fair value measurement should be determined based on the assumptions that market participants would use in pricing the asset or liability. As a basis for considering market participant assumptions in fair value measurements, ASC 820 establishes a fair value hierarchy that distinguishes between market participant assumptions based on market data obtained from sources independent of the reporting entity (observable inputs that are classified within Levels 1 and 2 of the hierarchy) and the reporting entity's own assumptions about market participant assumptions (unobservable inputs classified within Level 3 of the hierarchy).

Level 1 inputs utilize quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company has the ability to access. Level 2 inputs are inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs may include quoted prices for similar assets and liabilities in active

markets, as well as inputs that are observable for the asset or liability (other than quoted prices), such as interest rates, foreign exchange rates, and yield curves that are observable at commonly quoted intervals. Level 3 inputs are unobservable inputs for the asset or liability, which are typically based on an entity's own assumptions, as there is little, if any, related market activity. In instances where the determination of the fair value measurement is based on inputs from different levels of the fair value hierarchy, the level in the fair value hierarchy within which the entire fair value measurement falls, is based on the lowest level input that is significant to the fair value measurement in its entirety. The Company's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the asset or liability.

### **Derivative Financial Instruments**

The Company uses interest rate swap agreements to manage its interest rate risk. The valuation of these instruments is determined using widely accepted valuation techniques including discounted cash flow analysis on the expected cash flows of each derivative. This analysis reflects the contractual terms of the derivatives, including the period to maturity, and uses observable market-based inputs, including interest rate curves.

To comply with the provisions of ASC 820, the Company incorporates credit valuation adjustments to appropriately reflect both its own nonperformance risk and the respective counterparty's nonperformance risk in the fair value measurements. In adjusting the fair value of its derivative contracts for the effect of nonperformance risk, the Company has considered the impact of netting and any applicable credit enhancements, such as collateral postings, thresholds, mutual puts, and guarantees.

Although the Company has determined that the majority of the inputs used to value its derivatives fall within Level 2 of the fair value hierarchy, the credit valuation adjustments associated with its derivatives utilize Level 3 inputs, such as estimates of current credit spreads to evaluate the likelihood of default by itself and its counterparties. However, as of **March 31, 2024** **June 30, 2024** and December 31, 2023, the Company has

assessed the significance of the impact of the credit valuation adjustments on the overall valuation of its derivative positions and has determined that the credit valuation adjustments are not significant to the overall valuation of its derivatives. As a result, the Company has determined that its derivative valuations in their entirety are classified in Level 2 of the fair value hierarchy.

## Table of Contents

The table below presents the Company's assets and liabilities measured at fair value on a recurring basis as of **March 31, 2024**, **June 30, 2024** and December 31, 2023 (presented in thousands):

	Total Fair Value	Level 2	Total Fair Value	Level 2
<b>March 31, 2024</b>

Derivative liabilities - interest rate swaps	\$ 4,501	\$ 4,501	\$ 4,501	\$ 4,501

## Other Financial Instruments

The carrying values of cash and cash equivalents, cash held in escrow, accounts receivable and accounts payable and accrued liabilities are reasonable estimates of their fair values because of the short maturity of these financial instruments.

The Company estimated the fair value of its debt based on its incremental borrowing rates for similar types of borrowing arrangements with the same remaining maturity and on the discounted estimated future cash payments to be made for other debt. The discount rate used to calculate the fair value of debt approximates current lending rates for loans and assumes the debt is outstanding through maturity. Since such amounts are estimates that are based on limited available market information for similar transactions, there can be no assurance that the disclosed value of any financial instrument could be realized by immediate settlement of the instrument.

## Table of Contents

The Company determined that the valuation of its Unsecured Term Loan, Senior Unsecured Notes and Revolving Credit Facility are classified as Level 2 of the fair value hierarchy and its fixed rate mortgages are classified as Level 3 of the fair value hierarchy. The Senior Unsecured Notes had carrying values of \$2.24 billion and \$1.79 billion as of **March 31, 2024**, **June 30, 2024** and December 31, 2023, respectively, and had fair values of \$2.05 billion and \$1.60 billion, respectively. The Mortgage Notes Payable had carrying values of \$42.7 million, \$42.5 million and \$42.8 million as of **March 31, 2024**, **June 30, 2024** and December 31, 2023, respectively, and had fair values of \$40.9 million, \$40.6 million and \$41.2 million, respectively. The fair value of the Revolving Credit Facility and Unsecured Term Loan are estimated to be equal to the carrying value as they are variable rate debt.

## Note 10 – Equity Incentive Plan

In May 2020, 2024, the Company's stockholders approved the Agree Realty Corporation 2024 Omnibus Incentive Plan (the "2024 Plan"), which replaced the Agree Realty Corporation 2020 Omnibus Incentive Plan (the "2020 Plan"). The 2020, 2024 Plan provides for the award to employees, directors and consultants of the Company of options, restricted stock, restricted stock units, stock appreciation rights, performance awards (which may take the form of performance units or performance shares) and other awards to acquire up to an aggregate of 700,000, 2,000,000 shares of the Company's common stock. As of March 31, 2024, June 30, 2024, 33,907, 2,000,000 shares of common stock were available for issuance under the 2020, 2024 Plan.

#### **Restricted Stock - Employees**

Restricted shares have been granted to certain employees which vest based on continued service to the Company.

The holder of a restricted share award is generally entitled at all times on and after the date of issuance of the restricted shares to exercise the rights of a stockholder of the Company, including the right to vote the shares and the right to receive dividends on the shares. Restricted share awards granted prior to 2023 vest over a five-year period while awards granted in 2023 and 2024 vest over a three-year period.

The Company estimates the fair value of restricted share grants at the date of grant and amortizes those amounts into expense on a straight-line basis over the appropriate vesting period. The Company used 0% for the forfeiture rate for determining the fair value of restricted stock. The Company recognized expense related to restricted share grants of \$1.3 million, \$1.5 million and \$1.0 million, \$1.2 million during the three months ended March 31, 2024, June 30, 2024 and 2023, respectively and \$2.8 million and \$2.2 million for the six months ended June 30, 2024 and 2023, respectively.

#### **Table of Contents**

As of March 31, 2024, June 30, 2024, there was \$14.1 million, \$12.3 million of total unrecognized compensation costs related to the outstanding restricted shares, which is expected to be recognized over a weighted average period of 2.5, 2.3 years. The intrinsic value of restricted shares redeemed during the three, six months ended March 31, 2024, June 30, 2024 and 2023, was \$2.2 million and \$2.6 million, respectively.

Restricted share activity is summarized as follows:

	Shares Outstanding (in thousands)	Weighted Average Grant Date Fair Value	Shares Outstanding (in thousands)	Weighted Average Grant Date Fair Value

#### **Performance Units**

Performance units are subject to a three-year performance period, following the conclusion of which shares awarded are to be determined by the Company's total shareholder return ("TSR") compared to the constituents of the MSCI US REIT Index and a defined peer group. Fifty percent of the award is based upon the TSR percentile rank versus the constituents in the MSCI US REIT Index for the three-year performance period; and fifty percent of the award is based upon TSR percentile rank versus a specified net lease peer group for the three-year performance period. For performance units granted

27

---

[Table of Contents](#)

prior to 2023, vesting of the performance units following their issuance will occur ratably over a three-year period, with the initial vesting occurring immediately following the conclusion of the performance period such that all units vest within five years of the original award date. Performance units granted in 2023 and 2024 vest following the conclusion of the performance period such that all units will vest three years from the original award date.

The grant date fair value of these awards is determined using a Monte Carlo simulation pricing model. For the performance units granted prior to 2023, compensation expense is amortized on an attribution method over a five-year period. For performance units granted in 2023 and 2024, compensation expense is amortized on a straight-line basis over a three-year period. Compensation expense related to performance units ~~is~~ are determined at the grant date and is not adjusted throughout the measurement or vesting periods.

The Monte Carlo simulation pricing model for issued grants utilizes the following assumptions: (i) expected term (equal to the remaining performance measurement period at the grant date); (ii) volatility (based on historical volatility); and (iii) risk-free rate (interpolated based on 2- and 3-year rates). The Company used 0% for the forfeiture rate for determining the fair value of performance units.

The following assumptions were used when determining the grant date fair value:

	2024	2023	2022
Expected term (years)	2.9	2.9	2.9
Volatility	20.0 %	23.6 %	33.5 %
Risk-free rate	4.5 %	4.4 %	1.8 %

The Company recognized expense related to performance units for which the three-year performance period has not yet been completed of ~~\$0.6 million~~ ~~\$0.8 million~~ and ~~\$0.4 million~~ ~~\$0.6 million~~ for the three months ended ~~March 31, 2024~~ ~~June 30, 2024~~ and 2023, respectively and ~~\$1.4 million~~ and ~~\$1.0 million~~ for the six months ended ~~June 30, 2024~~ and 2023, respectively. As of ~~March 31, 2024~~ ~~June 30, 2024~~, there was ~~\$7.9 million~~ ~~\$7.0 million~~ of total unrecognized compensation costs related to performance units for which the three-year performance period has not yet been completed, which is expected to be recognized over a weighted average period of ~~2.5~~ ~~2.3~~ years.

~~The Company recognized expense related to~~ ~~For those~~ performance units for which the three-year performance period was completed, however the shares have not yet vested, ~~the Company recognized expense of~~ ~~\$0.2 million~~ ~~\$0.1 million~~ for each of the three months ended ~~March 31, 2024~~ ~~June 30, 2024~~ and 2023 and ~~\$0.3 million~~ for each of the six months ended ~~June 30, 2024~~ and 2023. As of ~~March 31, 2024~~ ~~June 30, 2024~~, there was ~~\$0.5 million~~ ~~\$0.4 million~~ of total unrecognized compensation costs related to performance ~~units for which the three-year performance period has been completed, however the shares have not yet vested, which is expected to be recognized over a weighted average period of 1.2 years.~~

The Company used 0% for the forfeiture rate for determining the fair value of this restricted stock.

#### **Note 11 – Commitments and Contingencies**

In the ordinary course of business, the Company is party to various legal actions which the Company considers to be routine in nature and incidental to the operation of its business. The Company believes that the outcome of the proceedings will not have a material adverse effect upon the Company's consolidated financial position or results of operations.

#### **Cautionary Note Regarding Forward-Looking Statements**

This report contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (the "Securities Act") and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). The Company intends such forward-looking statements to be covered by the safe harbor provisions for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995 and includes this statement for purposes of complying with these safe harbor provisions. Forward-looking statements, which are based on certain assumptions and describe the Company's future plans, strategies and expectations, are generally identifiable by use of the words "anticipate," "estimate," "should," "expect," "believe," "intend," "may," "will," "seek," "could," "project" or similar expressions. You should not rely on forward-looking statements since they involve known and unknown risks, uncertainties and other factors which are, in some cases, beyond the Company's control and which could materially affect the Company's results of operations, financial condition, cash flows, performance or future achievements or events. Currently, one of the most significant factors, however, is the adverse effect of macroeconomic conditions, including inflation and the potential impacts of pandemics, epidemics or other public health emergencies or fear of such events on the financial condition, results of operations, cash flows and performance of the Company and its tenants, the real estate market and the global economy and financial markets. The extent to which macroeconomic trends may impact the Company and its tenants will depend on future developments, which are highly uncertain and cannot be predicted with confidence. Moreover, you should interpret many of the risks identified in this report, as well as the risks set forth below, as being heightened as a result of the ongoing and numerous adverse impacts of macroeconomic conditions. Additional factors which may cause actual results to differ materially from current expectations include, but are not limited to: the factors included in the Company's [Annual Report on Form 10-K for the year ended December 31, 2023](#), including those set forth under the headings "Business," "Risk Factors" and "Management's Discussion and Analysis of Financial Condition and Results of Operations"; global and national economic conditions and changes in general economic, financial and real estate market conditions; the financial failure of, or other default in payment by, tenants under their leases and the potential resulting vacancies; the Company's concentration with certain

### **Overview**

The Company is a fully integrated REIT primarily focused on the ownership, acquisition, development and management of retail properties net leased to industry leading tenants. The Company was founded in 1971 by its current Executive Chairman, Richard Agree, and its common stock was listed on the New York Stock Exchange ("NYSE") in 1994. The Company's assets are held by, and all of its operations are conducted through, directly or indirectly, the Operating Partnership, of which the Company is the sole general partner and in which it held a 99.7% common interest as of **March 31, 2024** **June 30, 2024**. Refer to Note 1- *Organization* in the Notes to the condensed consolidated financial statements in this Form 10-Q for further information on the ownership structure. Under the agreement of limited partnership of the Operating Partnership, the Company, as the sole general partner, has exclusive responsibility and discretion in the management and control of the Operating Partnership.

As of **March 31, 2024** **June 30, 2024**, the Company's portfolio consisted of **2,161** **2,202** properties located in 49 states and totaling approximately **44.9 million** **45.8 million** square feet of GLA. The portfolio was approximately **99.6%** **99.8%** leased and had a weighted average remaining lease term of approximately **8.2** **8.1** years. A significant majority of the Company's properties are leased to national tenants and approximately **68.8%** **68.4%** of our annualized base rent was derived from tenants, or parent entities thereof, with an investment grade credit rating from S&P Global Ratings, Moody's Investors Service, Fitch Ratings or the National Association of Insurance Commissioners. Substantially all of our tenants are subject to net lease agreements. A net lease typically requires the tenant to be responsible for minimum monthly rent and property operating expenses including property taxes, insurance and maintenance.

The Company elected to be taxed as a REIT for federal income tax purposes commencing with the taxable year ended December 31, 1994. We believe that we have been organized and have operated in a manner that has allowed us to qualify as a REIT for federal income tax purposes and we intend to continue operating in such a manner.

The variances in rental income, real estate tax expense, property operating expense and depreciation and amortization expense shown above were due to the acquisitions and the ownership of an increased number of properties during the three months ended **March 31, 2024** June 30, 2024 compared to the three months ended **March 31, 2023** June 30, 2023, as further described under *Results of Operations - Overall* above. In addition, during the three months ended June 30, 2024 the Company recognized, within rental income, \$2.0 million of termination income related to two existing lease agreements, resulting in an increase of \$1.9 million over the termination income recognized during the three months ended June 30, 2023.

The increase was primarily the result of growth in compensation costs due to inflationary increases and higher stock-based compensation expense as a result of changing the vesting period for awards granted in 2023 and 2024. General and administrative expenses as a percentage of total revenue decreased to 6.4% **in for the first quarter of 2024** **three months ended June 30, 2024** down from **7.0% in 6.5% for the first quarter of 2023** **three months ended June 30, 2023**.

No such costs were incurred during the same period in 2023. Provisions for impairment are recorded when events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable through operations plus estimated disposition proceeds and are not necessarily comparable period-to-period.

**A gain** **Gain** on sale of assets, net of **\$2.1 million** **was recognized** **increased \$6.9 million to \$7.2 million** on the sale of **six** **10** assets during the three months ended **March 31, 2024** **2024**. No dispositions were completed June 30, 2024 as compared to **\$0.3 million** on the sale of one asset during the three months ended **March 31, 2023** June 30, 2023. The increase was primarily due to the growth in disposition volume during 2024 as **a result** **no gain on sale of assets was recognized during the period** **compared to 2023**. Gains and **loss** **losses** on sales of assets are

dependent on levels of disposition activity and the carrying value of the assets relative to their sales prices. As a result, such gains and losses on sales are not necessarily comparable period-to-period.

#### Senior Unsecured Revolving Credit Facility

The Company's First Amendment to the Third Amended and Restated Revolving Credit Agreement provides for a \$1.00 billion Revolving Credit Facility and converted the interest rate on the existing \$1.00 billion Revolving Credit Facility from a spread over LIBOR to a spread over SOFR plus a SOFR adjustment of 10 basis points. The Revolving Credit Facility includes an accordion option that allows the Company to request additional lender commitments up to a total of \$1.75 billion. The Revolving Credit Facility will mature in January 2026 with Company options to extend the maturity date to January 2027.

The Revolving Credit Facility's interest rate is based on a pricing grid with a range of 72.5 to 140 basis points over SOFR, determined by the Company's credit ratings and leverage ratio, plus a SOFR adjustment of 10 basis points. The margins

for the Revolving Credit Facility are subject to improvement based on the Company's leverage ratio, provided its credit ratings meet a certain threshold. In addition, in connection with the Company's ongoing environmental, social and governance ("ESG") initiatives, pricing on the Revolving Credit Facility may be reduced if specific ESG rating improvements are achieved. As of **March 31, 2024** **June 30, 2024** the Revolving Credit Facility bore interest of **6.19%** **6.21%**, which is comprised

of SOFR of **5.32%** **plus 5.34%** the pricing grid spread of **76.5** **77.5** basis points, **and the 10 basis point SOFR adjustment.** **adjustment and one basis point reduction due to improvements achieved in 2023 on the Company's ESG rating score.**

The Company and Richard Agree, the Executive Chairman of the Company, were parties to a Reimbursement Agreement dated November 18, 2014 (the "Reimbursement Agreement"). Pursuant to the Reimbursement Agreement, Mr. Agree had agreed to reimburse the Company for any loss incurred under the Revolving Credit Facility in an amount not to exceed \$14.0 million to the extent that the value of the Operating Partnership's assets available to satisfy the Operating Partnership's obligations under the Revolving Credit Facility is less than \$14.0 million. The parties terminated the Reimbursement Agreement and entered into a new reimbursement agreement dated October 3, 2023 (the "New Reimbursement Agreement"). Pursuant to the New Reimbursement Agreement, Mr. Agree has agreed to reimburse the Company for his proportionate share of loss incurred under the Revolving Credit Facility in an amount to be determined by facts and circumstances at the time of loss.

Unsecured Term Loan

The 2029 Unsecured Term Loan includes an accordion option that allows the Company to request additional lender commitments up to a total of \$500.0 million and matures in January 2029. Borrowings under the 2029 Unsecured Term Loan are priced at SOFR plus a spread of 80 to 160 basis points over SOFR, depending on the Company's credit ratings, plus a SOFR adjustment of 10 basis points. The Company used the existing \$350.0 million of **forward starting** **forward-starting** interest rate swaps to hedge the variable SOFR priced interest to a weighted average fixed rate of 3.57% until January 2029.

Senior Unsecured Notes – Private Placement

The Senior Unsecured Notes (collectively the "Private Placements") were issued in private placements to individual investors. The Private Placements did not involve a public offering in reliance on the exemption from registration pursuant to Section 4(a)(2) of the Securities Act.

Senior Unsecured Notes – Public Offerings

The Senior Unsecured Public Notes (collectively the "Public Notes") are fully and unconditionally guaranteed by Agree Realty Corporation and certain wholly owned subsidiaries of the Operating Partnership. These guarantees are senior unsecured obligations of the guarantors, rank equally in right of payment with all other existing and future senior unsecured indebtedness and are effectively subordinated to all secured indebtedness of the Operating Partnership and each guarantor (to the extent of the value of the collateral securing such indebtedness).

The Public Notes are governed by an Indenture, dated August 17, 2020, among the Operating Partnership, the Company and respective trustee (as amended and supplemented by an officer's certificate dated at the issuance of each of the Public Notes, the "Indenture"). The Indenture contains various restrictive covenants, including limitations on the ability of the guarantors and the issuer to incur additional indebtedness and requirements to maintain a pool of unencumbered assets.

In May 2024, the Operating Partnership completed an underwritten public offering of \$450.0 million in aggregate principal amount of its 5.625% Notes due 2034 (the "2034 Senior Unsecured Public Notes"). The public offering was priced at 98.83% of the principal amount, resulting in net proceeds of \$444.7 million. Upon completion of the underwritten public offering, the Company terminated \$150.0 million of forward-starting interest rate swap agreements as well as the \$150.0 million US Treasury lock that hedged the 2034 Senior Unsecured Public Notes, receiving \$4.4 million, net upon termination. Considering the effect of the terminated swap agreements, the blended all-in rate to the Company for the 2034 Senior Unsecured Public Notes is 5.65%.

**Operating** - Most of the Company's cash from operations is generated by rental income from its investment portfolio. Net cash provided by operating activities for the ~~three~~ six months ended ~~March 31, 2024~~ June 30, 2024 increased by ~~\$9.0 million~~ \$16.4 million over the same period in 2023, primarily due to the increase in the size of the Company's real estate investment portfolio.

- Cash used for property acquisitions decreased \$175.0 million \$293.7 million due to the overall decrease in the level of acquisition activity;
- Proceeds from asset sales increased by \$21.1 million \$53.6 million. The increase was primarily due to the growth in disposition volume during 2024 as compared to 2023. - Net proceeds from the issuance of common stock decreased by \$195.1 million \$400.2 million;
- Total dividends and distributions paid to its common and preferred stockholders and non-controlling interest increased by \$9.5 million \$17.0 million due to the increase in the annualized common dividend rate and an increased number of common shares outstanding. The Company's annualized common stock dividend declared during the first quarter three months ended June 30, 2024 of 2024 of \$2.964 \$3.000 per common share, represents a 2.9% increase over the annualized dividend amount of \$2.880 \$2.916 per common share declared in the same period in 2023;

#### **Recent Accounting Pronouncements**

Refer to Note 2 – *Summary of Significant Accounting Policies* in the condensed consolidated financial statements for a summary and anticipated impact of each applicable accounting pronouncement on the Company's financial statements.

### **Critical Accounting Policies and Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States ("GAAP") requires the Company's management to use judgment in the application of accounting policies, including making estimates and assumptions. Management bases estimates on the best information available at the time, its experience, and on various other assumptions believed to be reasonable under the circumstances. These estimates affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting periods. If management's judgment or interpretation of the facts and circumstances relating to various transactions or other matters had been different, it is possible that different accounting principles would have been applied, resulting in a different presentation of the interim condensed consolidated financial statements. From time to time, the Company may re-evaluate its estimates and assumptions. In the event estimates or assumptions prove to be different from actual results, adjustments are made in subsequent periods to reflect more current estimates and assumptions about matters that are inherently uncertain. A summary of the Company's critical accounting policies is included in its [Annual Report on Form 10-K for the fiscal year ended December 31, 2023](#). The Company has not made any material changes to these policies during the periods covered by this Quarterly Report on Form 10-Q.

### **Non-GAAP Financial Measures**

#### ***Funds from Operations ("FFO" or "Nareit FFO")***

FFO is defined by the National Association of Real Estate Investment Trusts, Inc. ("Nareit") to mean net income computed in accordance with GAAP, excluding gains (or losses) from sales of real estate assets and/or changes in control, plus real estate related depreciation and amortization and any impairment charges on depreciable real estate assets, and after adjustments for unconsolidated partnerships and joint ventures. Historical cost accounting for real estate assets in accordance with GAAP implicitly assumes that the value of real estate assets diminishes predictably over time. Since real estate values instead have historically risen or fallen with market conditions, most real estate industry investors consider FFO to be helpful in evaluating a real estate company's operations.

FFO should not be considered an alternative to net income as the primary indicator of the Company's operating performance, or as an alternative to cash flow as a measure of liquidity. Further, while the Company adheres to the Nareit definition of FFO, its presentation of FFO is not necessarily comparable to similarly titled measures of other REITs due to the fact that all REITs may not use the same definition.

#### ***Core Funds from Operations ("Core FFO")***

The Company defines Core FFO as Nareit FFO with the addback of (i) noncash amortization of acquisition purchase price related to above- and below- market lease intangibles and discount on assumed mortgage debt and (ii) certain infrequently occurring items that reduce or increase net income in accordance with GAAP. Management believes that its measure of Core FFO facilitates useful comparison of performance to its peers who predominantly transact in sale-leaseback transactions and are thereby not required by GAAP to allocate purchase price to lease intangibles. Unlike many of its peers, the Company has acquired the substantial majority of its net-leased properties through acquisitions of properties from third parties or in connection with the acquisitions of ground leases from third parties.

Core FFO should not be considered an alternative to net income as the primary indicator of the Company's operating performance, or as an alternative to cash flow as a measure of liquidity. Further, the Company's presentation of Core FFO is not necessarily comparable to similarly titled measures of other REITs due to the fact that all REITs may not use the same definition.

#### ***Adjusted Funds from Operations ("AFFO")***

AFFO is a non-GAAP financial measure of operating performance used by many companies in the REIT industry. AFFO further adjusts FFO and Core FFO for certain non-cash items that reduce or increase net income computed in accordance with GAAP. Management considers AFFO a useful supplemental measure of the Company's performance; however,

AFFO should not be considered an alternative to net income as an indication of its performance, or to cash flow as a measure of liquidity or ability to make distributions. The Company's computation of AFFO may differ from the methodology for calculating AFFO used by other equity REITs, and therefore may not be comparable to such other REITs.

### Reconciliations

### ITEM 3. Quantitative and Qualitative Disclosures about Market Risk

The Company is exposed to interest rate risk primarily through borrowing activities. There is inherent roll-over risk for borrowings as they mature and are renewed at current market rates. The extent of this risk is not quantifiable or predictable because of the variability of future interest rates and future financing requirements.

40

[Table of Contents](#)

The Company's interest rate risk is monitored using a variety of techniques. The table below presents the principal payments (*presented in thousands*) and the weighted average interest rates on outstanding debt, by year of expected maturity, to evaluate the expected cash flows and sensitivity to interest rate changes. Average interest rates shown reflect the impact of the swap agreements employed to fix interest rates.

Average Interest Rate		4.16 %		4.26 %	2.45 %	3.51 %			4.16 %		4.26 %	2.45 %		

(1) The Revolving Credit Facility matures in January 2026, with options to extend the maturity date by six months up to two times, for a maximum maturity of January 2027.

(2) The interest rate of the Unsecured Term Loan reflects the credit spread of 85 basis points, plus a 10 basis point SOFR adjustment and the impact of the interest rate swaps which convert \$350.0 million of SOFR based interest to a fixed interest rate of 3.57%.

The table above incorporates those exposures that exist as of **March 31, 2024** **June 30, 2024**; it does not consider those exposures or positions which could arise after that date. As a result, the Company's ultimate realized gain or loss with respect to interest rate fluctuations will depend on the exposures that arise during the period and interest rates.

The Company seeks to limit the impact of interest rate changes on earnings and cash flows and to lower the overall borrowing costs by closely monitoring its variable rate debt and converting such debt to fixed rates when the Company deems such conversion advantageous. From time to time, the Company may enter into interest rate swap agreements or other interest rate hedging contracts. While these agreements are intended to lessen the impact of rising interest rates, they also expose the Company to the risks that the other parties to the agreements will not perform. The Company could incur significant costs associated with the settlement of the agreements, the agreements may be unenforceable or the underlying transactions fail to qualify as highly effective cash flow hedges under GAAP guidance.

In June 2023, the Company entered into \$350.0 million of **forward starting** **forward-starting** interest rate swap agreements to hedge against variability in future cash flows resulting from changes in SOFR. The swaps exchange variable SOFR rate interest on \$350.0 million of SOFR indexed debt to a weighted average fixed interest rate of 3.57% beginning August 1, 2023 through the maturity date of January 1, 2029. The swaps are designated to hedge the variable rate interest payments of the 2029 Unsecured Term Loan indexed to SOFR. As of **March 31, 2024** **June 30, 2024**, these interest rate swaps were valued as an asset of approximately **\$5.7 million** **\$6.9 million**.

In December 2023, the Company entered into \$150.0 million **of** forward-starting interest rate swap agreements to hedge against **changes** **variability** in future cash flows resulting from changes in SOFR. The **swaps exchange variable** **Company hedged its exposure to the variability in future cash flows for a forecasted issuance of long-term debt over a maximum period ending December 2034.**

[Table of Contents](#)

In May 2024, the Company entered into a \$150.0 million US Treasury lock which fixed the US Treasury rate SOFR interest on \$150.0 million notional amount at 4.51% to hedge against the variability in future cash flows resulting from changes in interest rates. Upon completion of SOFR indexed debt to a weighted average fixed the underwritten public offering of the 2034 Senior Unsecured Public Notes in May 2024, the Company terminated the \$150.0 million forward-starting interest rate swap agreements as well as the \$150.0 million US Treasury lock, receiving \$4.4 million, net upon termination. This settlement was included as a component of 3.60% beginning December 31, 2024 through the maturity date of December 31, 2034. The swaps are designated accumulated OCI, to hedge previously unhedged variable rate interest payments indexed to SOFR. As of March 31, 2024, these interest rate swaps were valued be recognized as an asset adjustment to income over the term of approximately \$1.4 million.

the debt. The Company does not use derivative instruments for trading or other speculative purposes and the Company did not have any other derivative instruments or hedging activities as of March 31, 2024 June 30, 2024.

The fair value of the mortgage notes payable and senior unsecured notes is estimated to be \$40.9 million \$40.6 million and \$1.60 billion \$2.05 billion, respectively, as of March 31, 2024 June 30, 2024. The fair value of the Revolving Credit Facility and Unsecured Term Loan approximate their carrying values as they are variable rate debt.

**ITEM 4. Controls and Procedures**

If the registration ceases to be effective, the Grantee will not be able to transfer or sell shares issued pursuant to this Award unless exemptions from registration under applicable securities laws are available. Such exemptions from registration are very limited and might be unavailable. The Grantee agrees that any resale by him or her of the shares of Common Stock issued pursuant to this Award will comply in all respects with the requirements of all applicable securities laws, rules, and regulations (including, without limitation, the provisions of the Securities Act of 1933, as amended (the "[Securities Act](#)"), the Securities Exchange Act of 1934, as amended (the "[Exchange Act](#)"), and the respective rules and regulations promulgated thereunder) and any other law, rule, or regulation applicable thereto, as such laws, rules, and regulations may be amended from time to time. The Company will not be obligated to either issue the shares or permit the resale of any shares if such issuance or resale would violate any such requirements. Grantee further agrees that the Company may place a legend upon each certificate representing the Restricted Stock acquired hereunder, which legend will refer to the restrictions on transferability contained or referred to herein.

**SECTION 6. Construction.** This Award is made and granted pursuant to the Plan and is in all respects limited by and subject to the terms of the Plan. In the event of any conflict between the provisions of this Award and the terms of the Plan, the terms of the Plan shall be controlling. To the extent not prohibited by applicable law or the Plan, the terms of any employment, severance or change in control agreement between the Grantee and the Company shall supersede the terms and definitions under the Plan and this Award with respect to the Restricted Stock awarded hereunder. All decisions of the Committee with respect to any question or issue arising under the Plan or this Award shall be conclusive and binding on all persons having an interest in the Award.

---

**SECTION 7. Withholding Obligations.** The Grantee hereby authorizes withholding from payroll and any other amounts payable to Grantee by the Company or any of its affiliates, and otherwise agrees to make adequate provision for, any sums required to satisfy the federal, state, local and foreign tax withholding obligations of the Company or any of its affiliates that may arise in connection with the grant of the Restricted Stock, the lapse in respect of the Restricted Stock of the restrictions set forth in [Section 3.1](#) or the forfeiture condition set forth in [Section 4](#), or the payment of dividends on the Restricted Stock. Grantee will not be entitled to receive, and neither the Company nor any of its affiliates will have any obligation to issue, a certificate for any shares of Common Stock subject to this Award unless and until the tax withholding obligations of the Company and/or any of its affiliate are satisfied.

**SECTION 8. Transfer of Personal Data.** The Grantee authorizes, agrees and unambiguously consents to the transmission by the Company (or any of its Affiliates) of any personal data information related to the Restricted Stock awarded under this Award for legitimate business purposes (including, without limitation, the administration of the Plan). This authorization and consent is freely given by the Grantee.

**SECTION 9. Compliance with Laws.** The issuance of the Restricted Stock or unrestricted shares pursuant to this Award shall be subject to, and shall comply with, any applicable requirements of any foreign and U.S. federal and state securities laws, rules and regulations (including, without limitation, the provisions of the Securities Act, the Exchange Act and in each case any respective rules and regulations promulgated thereunder) and any other law or regulation applicable thereto. The Company shall not be obligated to issue the Restricted Stock or any of the shares pursuant to this Award if any such issuance would violate any such requirements.

**SECTION 10. Notices.** Any notice to be given to the Company hereunder shall be in writing and shall be addressed to the Company at 32301 Woodward Avenue, Royal Oak, MI 48073, attention: General Counsel, or at such other address as the Company may hereafter designate to the Grantee by written notice as provided herein. Any notice to be given to the Grantee hereunder shall be addressed to the Grantee at the address on record with the Company, or at such other address as he may hereafter designate to the Company by written notice as provided herein. Notices hereunder shall be deemed to have been duly given: (i) when personally delivered, (ii) three (3) days after having been mailed by registered or certified mail to the party entitled to receive the same, (iii) one (1) day after having been mailed by a nationally recognized overnight courier or (iv) upon receipt when sent by electronic transmission.

**SECTION 11. Successors and Assigns.** This Award shall be binding upon and inure to the benefit of the parties hereto and the successors and assigns of the Company and the Grantee's heirs and representatives of his estate.

**SECTION 12. Section 83(b) Election.** The Grantee may make a timely Code section 83(b) election with respect to the portion of the Restricted Stock that are unvested as of the date of this Grant Date by filing the form attached hereto as [Appendix A](#) with the Internal Revenue Service within thirty (30) days following the Grant Date. If the Grantee decides to file a Code section 83(b) election in respect of the Grantee's Restricted Stock, the Grantee must provide the Company with a copy of such Code section 83(b) election simultaneously with filing it with the Internal Revenue Service. The Grantee should consult with and rely upon the advice of the Grantee's personal tax advisor regarding whether or not it is appropriate for the Grantee to make a Code section 83(b) election in respect of the Grantee's Restricted Stock. In no event shall the Company have any liability or obligation with respect to the making of or failure to make any such Code Section 83(b) election.

---

**SECTION 13. Entire Statement of Award.** This Award and the terms and conditions of the Plan constitute the entire understanding between the Grantee and the Company and its Affiliates, and, except as set forth in [Section 6](#), supersede all other agreements, whether written or oral, with respect to the Award.

**SECTION 14. Resolution of Disputes.** Any dispute or disagreement which may arise under, or as a result of, or in any way relate to, the interpretation, construction or application of this Award shall be determined by the Committee. Any determination made hereunder shall be final, binding and conclusive on the Grantee, the Grantee's heirs, executors, administrators and successors, and the Company and its Affiliates for all purposes.

PERFORMANCE UNIT AWARD NOTICE

AgreeRealtyCorporation

\_\_\_\_\_, 20\_\_

THIS PERFORMANCE UNIT AWARD NOTICE, dated as of \_\_\_\_\_, 20\_\_, sets forth the terms of a grant of performance units by Agree Realty Corporation, a Maryland corporation (the "Company"), to the Grantee named below.

WHEREAS, the Company has adopted the Agree Realty Corporation 2024 Omnibus Incentive Plan (the "Plan") in order to enhance the ability of the Company to attract and retain highly qualified employees and to motivate those employees to improve the business results of the Company; and

WHEREAS, the Committee has determined to grant to the Grantee an award of Performance Units as provided herein to encourage the Grantee's efforts toward the continuing success of the Company.

The Company grants to the Grantee an award on the following terms and subject to the following conditions:

1. **Grant by the Company.** The Company grants to the Grantee a Performance Award for Performance Units (the "Award"). Subject to the terms and conditions hereof, payment with respect to vested Awards shall be made entirely in the form of shares of Restricted Stock of the Company. This Award shall be construed in accordance and consistent with, and subject to, the provisions of the Plan (the provisions of which are hereby incorporated by reference) and, except as otherwise expressly set forth herein, the capitalized terms used in this Award shall have the same definitions as set forth in the Plan.

AWARD SUMMARY

Name of Grantee: \_\_\_\_\_

Target Number of Performance Units: \_\_\_\_\_

Grant Date: \_\_\_\_\_, 20\_\_

Performance Period: January 1, 20\_\_ through December 31, 20\_\_

\_\_\_\_\_

2. **Performance Objective.** Performance Units shall be earned based on the achievement of (i) as to 50% of the Award, relative annualized Total Shareholder Return compared to the Total Shareholder Return during the Performance Period of the constituent companies comprising the MSCI US REIT index (the "MSCI Peer Group") (where the Company is considered part of the peer group) and (ii) as to 50% of the Award, relative annualized Total Shareholder Return compared to the Total Shareholder Return of designated peer companies over the Performance Period as provided on the attached Appendix A (the "TSR Peer Group") (where the Company is considered to be part of the peer set) with the result expressed as a percentile. "Performance Period" shall be defined as the period from January 1, 20\_\_ through December 31, 20\_\_. "Total Shareholder Return" shall be defined as the increase in value of a fixed amount invested in the common shares of an entity, taking into account both stock price appreciation and dividends or other distributions, during the Performance Period (dividends are calculated as if they are reinvested in a company's stock as of the ex-dividend date based on such date's closing stock price). In determining the value of shares at the beginning and end of the Performance Period, the Committee shall use the average closing price for the twenty (20) trading days ending on the beginning and end of the Performance Period. The applicable MSCI and TSR Peer Groups for the Performance Period shall be the group of publically traded REITs listed on the attached Appendix A.
3. **Peer Group Adjustments.** Any company in the MSCI Peer Group or the TSR Peer Group that files for bankruptcy protection shall be placed at the bottom of the applicable Peer Group. Any company in the MSCI Peer Group or the TSR Peer Group that is acquired and is no longer separately trading will be excluded from the applicable Peer Group, and the size of the applicable Peer Group will be reduced by one. No changes to the MSCI Peer Group or the TSR Peer Group will be made as a result of an acquisition or divestiture by a company in the applicable Peer Group of a portion of its business, as such events are generally considered to be part of the ordinary course of business; however, in the instance where a peer company has entered an agreement to be acquired and such transaction has not yet been consummated at the end of the performance period, such peer company will be excluded from results as if it had already been acquired.
- 
4. **Determination of Award and Notice.** As soon as possible after the end of the Performance Period, but in no event later than March 15 of the year following the end of the Performance Period, the Compensation Committee of the Board of Directors (the "Committee") will certify in writing whether and to what extent the performance measures have been achieved for the Performance Period and determine the number of shares of Restricted Stock, if any, to be issued to the Grantee in accordance with the matrix set forth in Appendix A; provided, that, if the Committee certifies that the performance measures have been met, the Committee may, in its sole discretion, reduce the number of shares to be issued to the Grantee with respect to the Award. The date of the Committee's certification pursuant to this Section 4 shall hereinafter be referred to as the "Certification Date." The Company will notify the Grantee of the Committee's certification promptly following the Certification Date. Any Restricted Stock earned shall vest following the end of the Performance Period on the Certification Date, in accordance with the Company's standard form of restricted stock award agreement.
5. **Forfeiture of Award Prior to Vesting Date.** Except as provided by the Committee, the Grantee will not be entitled to any issuance of shares with respect to the Award if the Grantee is not, for any reason, employed by the Company or an Affiliate of the Company on the Certification Date.

6. **Change in Control.** In the event of a Change in Control where such Performance Award is not assumed or substituted by the successor/acquirer company, such Performance Award shall vest at the greater of target or actual performance through the date of the Change in Control. In the event such Performance Award is assumed or substituted by the successor/acquirer company, such Performance Award shall be immediately converted into Restricted Stock Units, the number of which shall be determined at the greater of target or actual performance through the date of the Change in Control (or as near to this date as practicable). Such Restricted Stock Units or substitute award shall maintain the original vesting date of such underlying Performance Award. Notwithstanding any other provision of this Agreement to the contrary, in the event that the Grantee is terminated without Cause or terminates with Good Reason (as defined below) within twenty four (24) months following the Change in Control, such Restricted Stock Units or substitute award shall become fully vested and all applicable restrictions shall immediately lapse.

For purposes of this Award, “Good Reason” shall mean, without Grantee’s consent, (i) a material and adverse change in Grantee’s title or (ii) a material reduction in Grantee’s base salary; provided that, prior to terminating employment for Good Reason, Grantee must provide written notice to the Company within thirty (30) days after the initial existence of the condition constituting Good Reason and provide the Company a period of thirty (30) days to remedy such condition; and provided further that if the Company fails to cure such condition, the Grantee must resign Grantee’s employment within thirty (30) days following the Company’s failure to remedy the condition constituting Good Reason.

- 
7. **No Rights as a Shareholder.** Prior to any issuance of shares, the Grantee shall not at any time have any rights as a shareholder with respect to any Award. No dividends (or dividend equivalents) will be paid on any unearned Performance Units. Dividends on earned Performance Units shall accrue from the Grant Date until the Certification Date and shall be paid in the same time and manner as such Performance Units.
8. **No Right to Continued Employment.** Nothing in this Award or the Plan shall interfere with or limit in any way the right of the Company to terminate the Grantee’s employment, nor confer upon the Grantee any right to continuance of employment by the Company or any Affiliate.
9. **Construction.** This Award is made and granted pursuant to the Plan and is in all respects limited by and subject to the terms of the Plan. In the event of any conflict between the provisions of this Award and the terms of the Plan, the terms of the Plan shall be controlling. To the extent not prohibited by applicable law or the Plan, the terms of any employment, severance or change in control agreement between the Grantee and the Company shall supersede the terms and definitions under the 2024 Omnibus Incentive Plan and this Agreement with respect to the Performance Units awarded hereunder. All decisions of the Committee with respect to any question or issue arising under the Plan or this Award shall be conclusive and binding on all persons having an interest in the Award.
10. **Resolution of Disputes.** Any dispute or disagreement which may arise under, or as a result of, or in any way relate to, the interpretation, construction or application of this Award shall be determined by the Committee. Any determination made hereunder shall be final, binding and conclusive on the Grantee, the Grantee’s heirs, executors, administrators and successors, and the Company and its Affiliates for all purposes.
11. **Entire Statement of Award.** This Award and the terms and conditions of the Plan constitute the entire understanding between the Grantee and the Company and its Affiliates, and supersede all other agreements, whether written or oral, with respect to the Award.
12. **Successors and Assigns.** This Award shall be binding upon and inure to the benefit of the parties hereto and the successors and assigns of the Company and the Grantee’s heirs and representatives of his estate.
13. **Headings.** The headings of this Award are inserted for convenience only and do not constitute a part of this Award.
14. **Other Payments or Awards.** Nothing contained in this Award shall be deemed in any way to limit or restrict the Company from making any award or payment to the Grantee under any other plan, arrangement or understanding, whether now existing or hereafter in effect.
-

15. **Effect on Other Benefits.** In no event will the value, at any time, of the Performance Units or any other payment or right to payment under this Award be included as compensation or earnings for purposes of any other compensation, retirement, or benefit plan offered to employees of, or other service providers to, the Company unless otherwise specifically provided for in such plan.
16. **Notices.** Any notice to be given to the Company hereunder shall be in writing and shall be addressed to the Company at 32301 Woodward Avenue, Royal Oak, MI 48073, attention: **[Chief Financial Officer]**, or at such other address as the Company may hereafter designate to the Grantee by written notice as provided herein. Any notice to be given to the Grantee hereunder shall be addressed to the Grantee at the address set forth beneath the Grantee's signature hereto, or at such other address as he may hereafter designate to the Company by written notice as provided herein. Notices hereunder shall be deemed to have been duly given: (i) when personally delivered, (ii) three (3) days after having been mailed by registered or certified mail to the party entitled to receive the same, (iii) one (1) day after having been mailed by a nationally recognized overnight courier or (iv) on the date sent by electronic mail transmission.
17. **Transfer of Personal Data.** The Grantee authorizes, agrees and unambiguously consents to the transmission by the Company of any personal data information related to the Performance Units awarded under this Award for legitimate business purposes (including, without limitation, the administration of the Plan). This authorization and consent is freely given by the Grantee.
18. **Governing Law.** This Award shall be deemed to be a contract made under the laws of the State of Maryland and for all purposes shall be governed by, construed and enforced in accordance with the internal laws of said State, without giving effect to any choice of law or conflict of law provisions or rules that would cause the application of the laws of any jurisdiction other than the State of Maryland.
19. **Compliance with Laws.** The issuance of any shares pursuant to this Award shall be subject to, and shall comply with, any applicable requirements of any foreign and U.S. federal and state securities laws, rules and regulations (including, without limitation, the provisions of the Securities Act, the Exchange Act and in each case any respective rules and regulations promulgated thereunder) and any other law or regulation applicable thereto. The Company shall not be obligated to issue any shares pursuant to this Award if any such issuance would violate any such requirements.
- 
20. **Code Section 409A.** The Award is intended to either be exempt from or to comply with Code Section 409A and shall be interpreted and administered consistent with that intent, provided, however, that the Company makes no representation regarding the status of the Award under Code Section 409A and the Company shall not be liable for any additional tax, interest or penalty that may be imposed upon the Grantee, or other damage that may be suffered by the Grantee, as a result of the Award being subject to and not in compliance with Code Section 409A. Each payment required to be made hereunder shall be treated as a separate and distinct payment for purposes of Code Section 409A. If (i) an amount owing to the Grantee hereunder constitutes nonqualified deferred compensation subject to Code Section 409A, (ii) the amount is considered to be payable to the Grantee as a result of the Grantee's "separation from service" with the Company and its Affiliates for purposes and within the meaning of Code Section 409A, and (iii) the Grantee is at the time of separation from service a "specified employee" of the Company and its Affiliates, then (notwithstanding any other provision hereof) the amount shall not be paid to the Grantee any earlier than the time when such amount may be paid to the Grantee without the Grantee being subject to liability for additional tax on such amount under Code Section 409A.

21. **Tax Withholding Obligation.** If upon the Certification Date, any vesting date or other applicable date there shall be payable by the Company or an affiliate of the Company any statutory income and/or employment tax withholding, in the Company's discretion, then unless provided otherwise by the Company, such tax withholding obligations, if any, will be satisfied by the Company withholding a number of shares of Common Stock that would otherwise be vested under the Award in an amount that the Company determines has a fair market value sufficient to meet such tax withholding obligations, up to the maximum statutory withholding requirement. In the Company's discretion, it may require or permit reimbursement or payment of such tax withholding obligations by wire transfer, certified check, additional payroll withholding or other means acceptable to the Company and upon such terms and conditions as the Company may prescribe. The Company may also permit the Grantee to tender shares to the Company subsequent to receipt of such shares in respect of an Award. The Company is permitted to defer issuance of shares until reimbursement or payment by the Grantee to the Company or an affiliate of the Company of the amount of any such tax.

The Grantee is ultimately liable and responsible for all taxes owed by such Grantee in connection with the Award, regardless of any action the Company takes with respect to any tax withholding obligations that arise in connection with the Award. The Company makes no representation or undertaking regarding the treatment of any tax withholding in connection with the grant or issuance of the Performance Units or the subsequent sale of any of the shares underlying the Performance Units. The Company does not commit and is under no obligation to structure the Award program to reduce or eliminate the Participant's tax liability.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement as of \_\_\_\_\_,
