Forward-Looking Statements

This Quarterly Report on Form 10-Q (this "Report"), including Management's Discussion and Analysis of Financial Condition and Results of Operations in Item 2 of Part I of this Report, contains forward-looking statements within the meaning of the federal securities laws. These forward-looking statements generally are identified by the words "believe," "project," "expect," "anticipate," "estimate," "intend," "strategy," "plan," "may," "should," "will," "would," "will be," "will continue," "will likely result," and similar expressions. These forward-looking statements include, but are not limited to, statements regarding: the NLOP Spin-Off (as defined herein), **including the impact thereof, our corporate strategy and estimated or future economic performance and results, including**; our expectations surrounding the impact of the broader macroeconomic environment and the ability of tenants to pay **rent, rent; our** financial condition, liquidity, results of operations, and prospects; our future capital expenditure and leverage levels, debt service obligations, and plans to fund our liquidity needs; prospective statements regarding our access to the capital markets, including our "at-the-market" program ("ATM Program") **and settlement of our Equity Forwards (as defined herein); the outlook for the investment program that we manage, including possible liquidity events for the program;** statements that we make regarding our ability to remain qualified for taxation as a real estate investment trust ("REIT"); and the impact of recently issued accounting pronouncements and **other** regulatory activity.

These statements are based on the current expectations of our management. It is important to note that our actual results could be materially different from those projected in such forward-looking statements. There are a number of risks and uncertainties that could cause actual results to differ materially from these forward-looking statements. Other unknown or unpredictable risks or uncertainties, like the risks related to **inflation and increased fluctuating** interest rates, **the impact of inflation on our tenants and us**, the effects of pandemics and global outbreaks of contagious diseases, **(such as the COVID-19 pandemic)** and domestic or geopolitical crises, such as terrorism, military conflict, war or the perception that hostilities may be imminent, political instability or civil unrest, or other conflict, could also have material adverse effects on our business, financial condition, liquidity, results of operations, and prospects. You should exercise caution in relying on forward-looking statements as they involve known and unknown risks, uncertainties, and other factors that may materially affect our future results, performance, achievements, or transactions. Information on factors that could impact actual results and cause them to differ from what is anticipated in the forward-looking statements contained herein is included in this Report, as well as in our other filings with the Securities and Exchange Commission ("SEC"), including but not limited to those described in Part I, Item 1A. Risk Factors in our Annual Report on Form 10-K for the year ended **December 31, 2022 December 31, 2023**, as filed with the SEC on **February 10, 2023 February 9, 2024** (the "2022 "2023 Annual Report"), and in Part II, Item 1A. Risk Factors herein. Moreover, because we operate in a very competitive and rapidly changing environment, new risks are likely to emerge from time to time. Given these risks and uncertainties, potential investors are cautioned not to place undue reliance on these forward-looking statements as a prediction of future results, which speak only as of the date of this Report, unless noted otherwise. Except as required by federal securities laws and the rules and regulations of the SEC, we do not undertake to revise or update any forward-looking statements.

All references to "Notes" throughout the document refer to the footnotes to the consolidated financial statements of the registrant in Part I, Item 1. Financial Statements (Unaudited).

W. P. CAREY INC. NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

Note 1. Business and Organization

W. P. Carey Inc. ("W. P. Carey") is a REIT that, together with our consolidated subsidiaries, invests primarily in operationally-critical, single-tenant commercial real estate properties located in the United States and Northern and Western Europe that are leased on a long-term basis. We earn revenue principally by leasing the properties we own to companies on a triple-net lease basis, which generally requires each tenant to pay the costs associated with operating and maintaining the property.

Founded in 1973, our shares of common stock are listed on the New York Stock Exchange under the symbol "WPC."

We elected to be taxed as a REIT under Section 856 through 860 of the Internal Revenue Code effective as of February 15, 2012. As a REIT, we are not subject to federal income taxes on income and gains that we distribute to our stockholders as long as we satisfy certain requirements, principally relating to the nature of our income and the level of our distributions, as well as other factors. We also own real property in jurisdictions outside the United States through foreign subsidiaries and are subject to income taxes on our pre-tax income earned from properties in such countries.

In September 2023, we announced a plan to exit the office assets within our portfolio by (i) spinning-off spinning off 59 office properties into Net Lease Office Properties ("NLOP"), so that it will become became a separate publicly-traded REIT real estate investment trust (the "Spin-Off"), and (ii) implementing an asset sale program to dispose of 87 office properties retained by us (the "Office Sale Program"), which is targeted to be substantially completed in early the first half of 2024. NLOP was a wholly-owned subsidiary of WPC as of September 30, 2023.

On November 1, 2023, we completed the Spin-Off, contributing 59 office properties to NLOP. Following the closing of the Spin-Off, NLOP operates as a separate publicly-traded REIT, which we externally manage pursuant to certain advisory agreements (the "NLOP Advisory Agreements"). Through the date of this Report, we have disposed of 80 of the 87 office properties subject to the Office Sale Program (Note 1714).

On August 1, 2022, a non-traded REIT that we previously advised, Corporate Property Associates 18 – Global Incorporated ("CPA:18 – Global") merged with and into one of our indirect subsidiaries (the "CPA:18 Merger"). At September 30, 2023 Effective January 1, 2024, we were no longer separately analyze our business between real estate operations and investment management operations, and instead view the advisor business as one reportable segment, since our investment management operations have been determined to Carey European Student Housing Fund I, L.P. ("CESH"), a limited partnership formed for the purpose of developing, owning, be both quantitatively and operating student housing properties in Europe (Note 4). We refer to CPA:18 – Global (prior qualitatively insignificant to the CPA:18 Merger) Company's business. Our business is characterized as investing in operationally-critical, single-tenant commercial real estate properties that are leased on a long-term basis. These economic characteristics are similar across various property types, geographic locations, and CESH collectively as industries in which our tenants operate and therefore considered one operating segment. The operating results of both the "Managed Programs." real estate and investment management activities are regularly reviewed, in the aggregate, by our chief operating decision maker to evaluate performance and allocate resources. Accordingly, all operations have been considered to represent one reportable segment, which are reported on our consolidated statements of income and our consolidated balance sheets. As a result of this change, we have conformed prior period segment information to reflect how we currently view our business.

Reportable Segments

Real Estate — Lease revenues from our real estate investments generate the vast majority of our earnings. We invest primarily in commercial properties located in the United States and Northern and Western Europe, which are leased to companies on a triple-net lease basis. At September 30, 2023 March 31, 2024, our portfolio was comprised of our full or partial ownership interests in 1,472 1,282 properties, totaling approximately 179 million 168 million square feet, substantially all of which were net leased to 395 335 tenants, with a weighted-average lease term of 11.0 12.2 years and an occupancy rate of 98.9% 99.1%. In addition, at September 30, 2023 March 31, 2024, our portfolio was comprised of full or partial ownership interests in 98 96 operating properties, including 86 89 self-storage properties, ten five hotels, and two student housing properties, totaling approximately 7.5 million 7.3 million square feet.

Investment Management — We manage the real estate investment portfolio for CESH, for which we earn asset management revenue. We may also be entitled to receive certain distributions pursuant to our advisory arrangements with CESH. At September 30, 2023, CESH wholly owned one build-to-suit project.

Notes to Consolidated Financial Statements (Unaudited)

Note 2. Basis of Presentation

Basis of Presentation

Our interim consolidated financial statements have been prepared in accordance with the instructions to Form 10-Q and, therefore, do not necessarily include all information and footnotes necessary for a complete statement of our consolidated financial position, results of operations, and cash flows in accordance with generally accepted accounting principles in the United States ("GAAP"). In the opinion of management, the unaudited financial information for the interim periods presented in this Report reflects all normal and recurring adjustments necessary for a fair presentation of financial position, results of operations, and cash flows. Our interim consolidated financial statements should be read in conjunction with our audited consolidated financial statements and accompanying notes for the year ended December 31, 2022 December 31, 2023, which are included in the 2022 2023 Annual Report, as certain disclosures that would substantially duplicate those contained in the audited consolidated financial statements have not been included in this Report. Operating results for interim periods are not necessarily indicative of operating results for an entire year.

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts and the disclosure of contingent amounts in our consolidated financial statements and the accompanying notes. Actual results could differ from those estimates.

Basis of Consolidation

Our consolidated financial statements reflect all of our accounts, including those of our controlled subsidiaries. The portions of equity in consolidated subsidiaries that are not attributable, directly or indirectly, to us are presented as noncontrolling interests. All significant intercompany accounts and transactions have been eliminated.

When we obtain an economic interest in an entity, we evaluate the entity to determine if it should be deemed a VIE and, if so, whether we are the primary beneficiary and are therefore required to consolidate the entity. There have been no significant changes in our VIE policies from what was disclosed in the 2022 2023 Annual Report.

During the three months ended March 31, 2024, we declassified ten entities as VIEs, primarily related to the completion of certain tax-deferred like-kind exchanges under Section 1031 of the Internal Revenue Code ("1031 Exchange") and dispositions.

At September 30, 2023 March 31, 2024 and December 31, 2022 December 31, 2023, we considered 15 11 and 16 21 entities, respectively, to be VIEs, of which we consolidated 10 six and 11 15, respectively, as we are considered the primary beneficiary. The following table presents a summary of selected financial data of the consolidated VIEs included in our consolidated balance sheets (in thousands):

Notes to Consolidated Financial Statements (Unaudited)

At both September 30, 2023 March 31, 2024 and December 31, 2022 December 31, 2023, our five and six unconsolidated VIEs, respectively, included our interests in (i) three unconsolidated real estate investments, which we account for under the equity method of accounting (we do not consolidate these entities because we are not the primary beneficiary and the nature of our involvement in the activities of these entities allows us to exercise significant influence on, but does not give us power over, decisions that significantly affect the economic performance of these entities), and (ii) two unconsolidated investments in equity securities, which we accounted for as investments in shares of the entities at fair value. In addition, at December 31, 2023, we had a variable interest in NLOP, which we also deemed a VIE, due to our guarantee of a non-recourse mortgage loan with approximately \$19.0 million principal balance outstanding as of December 31, 2023 encumbering a property that was derecognized in the Spin-Off (Note 1). This non-recourse mortgage loan was repaid by NLOP during the first quarter of 2024 and as a result, NLOP is not deemed a VIE as of March 31, 2024. As of September 30, 2023 March 31, 2024, and December 31, 2022 December 31, 2023, the net carrying amount of our investments in these entities was \$727.2 million \$732.0 million and \$693.4 million \$729.8 million, respectively, and our maximum exposure to loss in these entities was limited to our investments.

Reimbursable affiliate costs (expenses) are now included within General and administrative expenses. Revenue Recognition

There have been no significant changes in our policies for revenue from contracts under Accounting Standards Codification ("ASC") 606 from what was disclosed in the 2022 2023 Annual Report. ASC 606 does not apply to our lease revenues, which constitute a majority of our revenues, but primarily applies to (i) revenues generated from our hotel operating properties and our Investment Management segment. (ii) investment management revenues. Revenue from contracts for our Real Estate segment primarily represented hotel operating property revenues of \$23.2 million \$10.2 million and \$3.7 million \$15.5 million for the three months ended September 30, 2023 March 31, 2024 and 2022, respectively, and \$63.3 million and \$9.1 million for the nine months ended September 30, 2023 and 2022, 2023, respectively, generated from 13 hotels located in the United States (12 of which were reclassified from net leases to operating properties in the first quarter of 2023 (Note 5); three 2023; eight of these properties were sold during the third quarter of 2023 and five are classified as held for sale as of September 30, 2023). Reference Rate Reform

During The amount as of March 31, 2024 includes \$283.8 million of proceeds from the disposition of a portfolio of 78 net-leased self-storage properties during the first quarter of 2023, we applied the guidance in ASC 848, Reference Rate Reform and elected the practical expedient to transition certain contracts that reference London Interbank Offered Rate ("LIBOR") to the Secured Overnight Financing Rate ("SOFR"), including our Senior Unsecured Credit Facility 2024 (Note 11 5), which are held by an intermediary and certain derivative instruments. The application of this guidance did not have a material impact on our consolidated financial statements. been designated for future 1031 Exchange transactions.

Note 3. Merger with CPA:18 – Global

CPA:18 Merger

On February 27, 2022, we and certain of our subsidiaries entered into a merger agreement with CPA:18 – Global, pursuant to which CPA:18 – Global would merge with and into one of our indirect subsidiaries in exchange for shares of our common stock and cash, subject to approval by the stockholders of CPA:18 – Global. The CPA:18 Merger and related transactions were approved by the stockholders of CPA:18 – Global on July 26, 2022 and completed on August 1, 2022.

At the effective time of the CPA:18 Merger, each share of CPA:18 – Global common stock issued and outstanding immediately prior to the effective time of the CPA:18 Merger was canceled and, in exchange for cancellation of such share, the rights attaching to such share were converted automatically into the right to receive (i) 0.0978 shares of our common stock and (ii) \$3.00 in cash, which we refer to herein as the Merger Consideration. Each share of CPA:18 – Global common stock owned by us or any of our subsidiaries immediately prior to the effective time of the CPA:18 Merger was automatically canceled and retired, and ceased to exist, for no Merger Consideration. In exchange for the 141,099,002 shares of CPA:18 – Global common stock that we and our subsidiaries did not previously own, we paid total merger consideration of approximately \$1.6 billion, consisting of (i) the issuance of 13,786,302 shares of our common stock with a fair value of \$1.2 billion, based on the closing

W. P. Carey 9/30/2023 10-Q– 11

price of our common stock on August 1, 2022 of \$87.46 per share, (ii) cash consideration of \$423.3 million, and (iii) cash of \$0.1 million paid in lieu of issuing any fractional shares of our common stock. Pursuant to the terms of the definitive merger agreement, in connection with the closing of the CPA:18 Merger, we waived certain back-end fees that we would have otherwise been entitled to receive from CPA:18 – Global upon its liquidation pursuant to the terms of our pre-closing advisory agreement with CPA:18 – Global.

Immediately prior to the closing of the CPA:18 Merger, CPA:18 – Global's portfolio was comprised of full or partial ownership interests in 42 leased properties (including seven properties in which we already owned a partial ownership interest), substantially all of which were net leased with a weighted-average lease term of 7.0 years, an occupancy rate of 99.3%, and an estimated contractual minimum annualized base rent ("ABR") totaling \$81.0 million, as well as 65 self-storage operating properties and two student housing operating properties totaling 5.1 million square feet. The related property-level debt was comprised of non-recourse mortgage loans with an aggregate consolidated fair value of approximately \$900.2 million with a weighted-average annual interest rate of 5.1% as of August 1, 2022. From the closing of the CPA:18 Merger through September 30, 2022, lease revenues, operating property revenues, and net loss from properties acquired were \$16.5 million, \$15.4 million, and \$0.5 million, respectively.

Two of the net lease properties that we acquired in the CPA:18 Merger were classified as Assets held for sale, with an aggregate fair value of \$85.0 million at acquisition (Note 5). From the closing of the CPA:18 Merger through September 30, 2022, lease revenues from these properties totaled \$2.1 million. We sold one of these properties in August 2022 for total proceeds, net of selling costs, of \$44.5 million, and recognized a loss on sale of \$0.2 million (Note 15). We sold the other property in October 2023 for gross proceeds of approximately \$30.4 million (Note 17).

Purchase Price Allocation

We accounted for the CPA:18 Merger as a business combination under the acquisition method of accounting. After consideration of all applicable factors pursuant to the business combination accounting rules, we were considered the "accounting acquirer" due to various factors, including the fact that our stockholders held the largest portion of the voting rights in the combined company upon completion of the CPA:18 Merger. There have been no changes to the purchase price allocation for the CPA:18 Merger from what was disclosed in the 2022 Annual Report. Costs related to the CPA:18 Merger have been expensed as incurred and classified within Merger and other expenses in the consolidated statements of income, totaling \$17.1 million for the nine months ended September 30, 2022.

Goodwill

The \$172.3 million of goodwill recorded in the CPA:18 Merger was primarily due to the premium we paid over CPA:18 – Global's estimated fair value. Management believes the premium is supported by several factors, including that the CPA:18 Merger (i) concludes our exit from the non-traded REIT business, (ii) adds a high-quality diversified portfolio of net lease assets that is well-aligned with our existing portfolio, (iii) enhances certain portfolio metrics, and (iv) adds an attractive portfolio of self-storage operating properties. The fair value of the 13,786,302 shares of our common stock issued in the CPA:18 Merger as part of the consideration paid for CPA:18 – Global of \$1.6 billion was derived from the closing market price of our common stock on the acquisition date. As required by GAAP, the fair value related to the assets acquired and liabilities assumed, as well as the shares exchanged, has been computed as of the date we gained control, which was the closing date of the CPA:18 Merger, in a manner consistent with the methodology described above. Goodwill is not deductible for income tax purposes.

Equity Investments

During the third quarter of 2022, we recognized a gain on change in control of interests of approximately \$22.5 million, which was the difference between the carrying value of approximately \$65.8 million and the fair value of approximately \$88.3 million of our previously held equity interest in 8,556,732 shares of CPA:18 – Global's common stock.

W. P. Carey 9/30/2023 10-Q– 12

Notes to Consolidated Financial Statements (Unaudited)

The CPA:18 Merger also resulted in our acquisition of the remaining interests in four investments in which we already had a joint interest and accounted for under the equity method. Upon acquiring the remaining interests in these investments, we owned 100% of these investments and thus accounted for the acquisitions of these interests utilizing the purchase method of accounting. Due to the change in control of the four jointly owned investments that occurred, we recorded a gain on change in control of interests of approximately \$11.4 million during the third quarter of 2022, which was the difference between our carrying values and the fair values of our previously held equity interests on August 1, 2022 of approximately \$17.2 million and approximately \$28.6 million, respectively. Subsequent to the CPA:18 Merger, we consolidate these wholly owned investments.

Credit Quality of Finance Receivables

We generally invest in facilities that we believe are critical to a tenant's business and therefore have a lower risk of tenant default. During the nine months ended September 30, 2023, we reclassified certain assets to net investments in sales-type leases (which are considered finance receivables), as described above under *Net Investments in Sales-Type Leases*. At both September 30, 2023 March 31, 2024 and December 31, 2022 December 31, 2023, no material balances of our finance receivables were past due. Other than the lease extension extensions and new lease noted under *Net Investments in Direct Financing Leases* above, there were no material modifications of finance receivables during the nine three months ended September 30, 2023 March 31, 2024.

We evaluate the credit quality of our finance receivables utilizing an internal five-point credit rating scale, with one representing the highest credit quality and five representing the lowest. A credit quality of one through three indicates a range of investment grade to stable. A credit quality of four through five indicates a range of inclusion on the watch list to risk of default. The credit quality evaluation of our finance receivables is updated quarterly.

A summary of our finance receivables by internal credit quality rating, excluding our allowance for credit losses, is as follows (dollars in thousands):

Interests in Unconsolidated Real Estate Investments and CESH

We own interests in certain unconsolidated real estate investments with third parties and in **the Managed Programs, CESH**. There have been no significant changes in our equity method investment policies from what was disclosed in the **2022** **2023** Annual Report.

Interests in Unconsolidated Real Estate Investments

We own equity interests in properties that are generally leased to companies through noncontrolling interests in partnerships and limited liability companies that we do not control but over which we exercise significant influence. - (b) The carrying value of this investment is affected by fluctuations in the exchange rate of the euro.
- (c) This investment is reported using the hypothetical liquidation at book value model, which may be different than pro rata ownership percentages, primarily due to the capital structure of the partnership agreement.

We received aggregate distributions of \$25.2 million and \$24.2 million from our unconsolidated real estate investments for the nine months ended September 30, 2023 and 2022, respectively. At September 30, 2023 and December 31, 2022, the aggregate unamortized basis differences on our unconsolidated real estate investments were \$18.3 million and \$19.1 million, respectively.

Managed Programs

We own interests in the Managed Programs and account for these interests under the equity method because, as their advisor, we do not exert control over, but we do have the ability to exercise significant influence over, the Managed Programs. Operating results of the Managed Programs are included in the Investment Management segment.

CPA:18 – Global— On August 1, 2022, we acquired all of the remaining interests in CPA:18 – Global and the CPA:18 – Global operating partnership in the CPA:18 Merger ([Note 1](#)). We received distributions from this investment during the nine months ended September 30, 2022 of \$1.6 million. We received distributions from our investment in the CPA:18 – Global operating partnership during the nine months ended September 30, 2022 of \$8.7 million ([Note 4](#)).

CESH— (d) We have elected to account for our investment in [2.43%](#) of CESH at fair value by selecting the equity method fair value option available under GAAP. Note 9.8. Fair Value Measurements

The fair value of an asset is defined as the exit price, which is the amount that would either be received when an asset is sold or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The guidance establishes a three-tier fair value hierarchy based on the inputs used in measuring fair value. These tiers are: Level 1, for which quoted market prices for identical instruments are available in active markets, such as money market funds, equity securities, and U.S. Treasury securities; Level 2, for which there are inputs other than quoted prices included within Level 1 that are observable for the instrument, such as certain derivative instruments including interest rate caps, interest rate swaps, and foreign currency collars; and Level 3, for securities that do not fall into Level 1 or Level 2 and for which little or no market data exists, therefore requiring us to develop our own assumptions.

Items Measured at Fair Value on a Recurring Basis

The methods and assumptions described below were used to estimate the fair value of each class of financial instrument. For significant Level 3 items, we have also provided the unobservable inputs.

Derivative Assets and Liabilities — Our derivative assets and liabilities, which are included in Other assets, net and Accounts payable, accrued expenses and other liabilities, respectively, in the consolidated financial statements, are comprised of foreign currency collars, interest rate swaps, interest rate caps, and stock warrants ([Note 10.9](#)).

Notes to Consolidated Financial Statements (Unaudited)

The valuation of our derivative instruments (excluding stock warrants) is determined using a discounted cash flow analysis on the expected cash flows of each derivative. This analysis reflects the contractual terms of the derivatives, including the period to maturity, as well as observable market-based inputs, including interest rate curves, spot and forward rates, and implied volatilities. We incorporate credit valuation adjustments to appropriately reflect both our own nonperformance risk and the respective counterparty's nonperformance risk in the fair value measurements. In adjusting the fair value of our derivative instruments for the effect of nonperformance risk, we have considered the impact of netting and any applicable credit enhancements, such as collateral postings, thresholds, mutual puts, and guarantees. These derivative instruments were classified as Level 2 as these instruments are custom, over-the-counter contracts with various bank counterparties that are not traded in an active market.

The stock warrants were measured at fair value using valuation models that incorporate market inputs and our own assumptions about future cash flows. We classified these assets as Level 3 because these assets are not traded in an active market.

Equity Method Investment in CESH — We have elected to account for our investment in CESH, which is included in Equity method investments in the consolidated financial statements, at fair value by selecting the equity method fair value option available under GAAP (Note 8.7). We classified this investment as Level 3 because we primarily used valuation models that incorporate unobservable inputs to determine its fair value.

Investment in Shares of Lineage Logistics — We have elected to apply the measurement alternative under *Accounting Standards Update 2016-01, Financial Instruments — Overall (Subtopic 825-10)* to account for our investment in shares of Lineage Logistics (a cold storage REIT), which is included in Other assets, net in the consolidated financial statements. Under this alternative, the carrying value is adjusted for any impairments or changes in fair value resulting from observable transactions for similar or identical investments in the issuer. We classified this investment as Level 3 because it is not traded in an active market. During the nine three months ended September 30, 2022 March 31, 2024, we received cash dividends of \$4.3 million \$3.0 million from our investment in shares of Lineage Logistics, which was recorded within Non-operating income in the consolidated financial statements. The fair value of this investment was \$404.9 million at both September 30, 2023 March 31, 2024 and December 31, 2022 December 31, 2023.

Investment in Shares of GCIF — We account for our investment in shares of Guggenheim Credit Income Fund ("GCIF"), which is included in Other assets, net in the consolidated financial statements, at fair value. We classified this investment as Level 2 because we used a quoted price from an inactive market to determine its fair value. During the nine months ended September 30, 2023, we received liquidating distributions from our investment in shares of GCIF totaling \$0.8 million, which reduced the cost basis of our investment (in March 2021, GCIF announced its intention to liquidate and to distribute substantially all of its assets). The fair value of our investment in shares of GCIF was \$0.9 million \$0.8 million at both March 31, 2024 and \$1.7 million at September 30, 2023 and December 31, 2022, respectively.

Investment in Preferred Shares of WLT — In January 2022, Watermark Lodging Trust, Inc. ("WLT") redeemed in full our 1,300,000 shares of its preferred stock for gross proceeds of \$65.0 million (based on the liquidation preference of \$50.00 per share) December 31, 2023. In connection with this redemption, we reclassified an unrealized gain on this investment of \$18.7 million from Accumulated other comprehensive loss to Other gains and (losses) in the consolidated financial statements (Note 13). Prior to this redemption, we accounted for this investment, which was included in Other assets, net in the consolidated financial statements, as available-for-sale debt securities at fair value (Level 3). During the nine months ended September 30, 2022, we received cash dividends of \$0.9 million from our investment in preferred shares of WLT, which was recorded within Non-operating income in the consolidated financial statements.

Investment in Common Shares of WLT — In January 2022, we reclassified our investment in 12,208,243 shares of common stock of WLT from equity method investments to equity securities, since we no longer had significant influence over WLT, following the redemption of our investment in preferred shares of WLT, as described above. As a result, we accounted for this investment, which was included in Other assets, net in the consolidated financial statements, at fair value. We classified this investment as Level 3 because it was not traded in an active market. We recognized non-cash unrealized gains of \$43.4 million on our investment in shares of common stock of WLT during the nine months ended September 30, 2022, reflecting the most recently published net asset value of WLT, which was recorded within Other gains and (losses) in the consolidated financial statements. WLT completed its previously announced sale to private real estate funds in October 2022 and we received \$82.6 million in cash proceeds.

We did not have any transfers into or out of Level 1, Level 2, and Level 3 category of measurements during either the nine three months ended September 30, 2023 March 31, 2024 or 2022, 2023. Gains and losses (realized and unrealized) recognized on items measured at fair value on a recurring basis included in earnings are reported within Other gains and (losses) on our consolidated financial statements.

The carrying value of Non-recourse mortgages, net includes unamortized deferred financing costs of less than \$0.1 million at both September 30, 2023 and December 31, 2022 December 31, 2023. There were no unamortized deferred financing costs on our Non-recourse mortgages, net as of March 31, 2024.
- (b) The carrying value of Senior Unsecured Notes, net includes unamortized discount of \$20.8 million \$18.8 million and \$24.1 million \$20.1 million at September 30, 2023 March 31, 2024 and December 31, 2022 December 31, 2023, respectively. The carrying value of Non-recourse mortgages, net includes unamortized discount of \$6.2 million \$3.4 million and \$10.3 million \$4.3 million at September 30, 2023 March 31, 2024 and December 31, 2022 December 31, 2023, respectively.
- (c) For those Senior Unsecured Notes for which there are no observable market prices (specifically, our private placement Senior Unsecured Notes (Note 11 10)), we used a discounted cash flow model that estimates the present value of future loan payments by discounting such payments at current estimated market interest rates. We consider these notes to be within the Level 3 category. For all other Senior Unsecured Notes, we determined the estimated fair value using observed market prices in an open market, which may experience limited trading volume. We consider these notes to be within the Level 2 category.

Notes to Consolidated Financial Statements (Unaudited)

- (d) We determined the estimated fair value of our non-recourse mortgage loans using a discounted cash flow model that estimates the present value of the future loan payments by discounting such payments at current estimated market interest rates. The estimated market interest rates consider interest rate risk and the value of the underlying collateral, which includes quality of the collateral, the credit quality of the tenant/obligor, and the time until maturity.

We estimated that our other financial assets and liabilities, including amounts outstanding under our Senior Unsecured Credit Facility and Unsecured Term Loan due 2026 (Note 11 10), but excluding finance receivables (Note 6 5), had fair values that approximated their carrying values at both September 30, 2023 March 31, 2024 and December 31, 2022 December 31, 2023.

Items Measured at Fair Value on a Non-Recurring Basis (Including Impairment Charges)

We periodically assess whether there are any indicators that the value of our real estate investments may be impaired or that their carrying value may not be recoverable, including investments impacted by the Spin-Off and Office Sale Program (Note 1). recoverable. There have been no significant changes in our impairment policies from what was disclosed in the 2022 2023 Annual Report.

Impairment charges, and their related triggering events and fair value measurements, recognized during the three and nine months ended September 30, 2023 and 2022 were as follows:

Real Estate and Intangibles

The impairment charges described below are reflected within Impairment charges — real estate in our consolidated statements of income.

During the three and nine months ended September 30, 2023, we recognized an impairment charge of \$15.2 million on one property in order to reduce its carrying value to its estimated fair value, which approximated its estimated selling price. This property is included in Assets held for sale, net, in our consolidated balance sheets as of September 30, 2023, and was sold in October 2023 ([Note 5](#), [Note 17](#)).

During the **nine** **three** months ended September 30, 2022, **March 31, 2024 and 2023**, we recognized an **did not incur any** impairment charge of \$10.9 million on a property in order to reduce its carrying value to its estimated fair value, which declined due to changes in expected cash flows related to the existing tenant's lease expiration in 2023. The fair value measurement was determined by estimating discounted cash flows using two significant unobservable inputs, which were the cash flow discount rate (14.0%) and terminal capitalization rate (11.0%) **charges**.

In March 2022, we entered into a transaction to restructure certain leases with Pendragon PLC (a tenant at certain automotive dealerships in the United Kingdom). Under this restructuring, we extended the leases on 30 properties by 11 years (no change to rent) and entered into an agreement to dispose of 12 properties, with the tenant continuing to pay rent until the earlier of sale date or certain specified dates over the following 12 months. As a result, during the nine months ended September 30, 2022, we recognized impairment charges totaling \$9.3 million on six of these properties in order to reduce the carrying values of the properties to their estimated fair values. The fair value measurements for the properties were determined using a direct capitalization rate analysis; the capitalization rate for the various scenarios ranged from 4.75% to 10.00%. Four of these impaired properties were sold in 2022.

W. P. Carey 9/30/2023 10-Q— 26

Notes to Consolidated Financial Statements (Unaudited)

During the nine months ended September 30, 2022, we recognized impairment charges totaling \$6.2 million on two properties in order to reduce their carrying values to their estimated fair values, which approximated their estimated selling prices. We sold one property in August 2022 and one property in March 2023.

Investment Management Goodwill

The impairment charges described below are reflected within Impairment charges — Investment Management goodwill in our consolidated statements of income.

During the three and nine months ended September 30, 2022, we recognized an impairment charge of \$29.3 million on goodwill within our Investment Management segment in order to reduce its carrying value to its estimated fair value of \$0, since future Investment Management cash flows are expected to be minimal following the CPA:18 Merger ([Note 3](#)).

Note **10.9**. Risk Management and Use of Derivative Financial Instruments

Risk Management

In the normal course of our ongoing business operations, we encounter economic risk. There are four main components of economic risk that impact us: interest rate risk, credit risk, market risk, and foreign currency risk. We are primarily subject to interest rate risk on our interest-bearing liabilities, including our Senior Unsecured Credit Facility ([Note **11.10**](#)) and unhedged variable-rate non-recourse mortgage loans. Credit risk is the risk of default on our operations and our tenants' inability or unwillingness to make contractually required payments. Market risk includes changes in the value of our properties and related loans, Senior Unsecured Notes, **and** other securities, **and the limited partnership units we hold in**

CESH, due to changes in interest rates or other market factors. We own investments in North America, Europe, and Japan and are subject to risks associated with fluctuating foreign currency exchange rates.

Credit Risk-Related Contingent Features

We measure our credit exposure on a counterparty basis as the net positive aggregate estimated fair value of our derivatives, net of any collateral received. No collateral was received as of September 30, 2023 March 31, 2024. At September 30, 2023 March 31, 2024, our total credit exposure and the maximum exposure to any single counterparty was \$30.1 million \$16.7 million and \$4.9 million \$2.8 million, respectively.

Some of the agreements we have with our derivative counterparties contain cross-default provisions that could trigger a declaration of default on our derivative obligations if we default, or are capable of being declared in default, on certain of our indebtedness. At September 30, 2023 March 31, 2024, we had not been declared in default on any of our derivative obligations. The estimated fair value of our derivatives in a net liability position was \$0.6 million \$1.4 million and \$1.7 million \$5.9 million at September 30, 2023 March 31, 2024 and December 31, 2022 December 31, 2023, respectively, which included accrued interest and any nonperformance risk adjustments. If we had breached any of these provisions at September 30, 2023 March 31, 2024 or December 31, 2022 December 31, 2023, we could have been required to settle our obligations under these agreements at their aggregate termination value of \$0.6 million \$1.4 million and \$1.7 million \$6.0 million, respectively.

Net Investment Hedges

Certain borrowings under our Senior Unsecured Notes, Unsecured Revolving Credit Facility, and Unsecured Term Loans (all as defined in [Note 11.10](#)) denominated in euro, British pounds sterling, or Japanese yen are designated as, and are effective as, economic hedges of our net investments in foreign entities.

Exchange rate variations impact our financial results because the financial results of our foreign subsidiaries are translated to U.S. dollars each period, with the effect of exchange rate variations being recorded in Other comprehensive income (loss) income as part of the cumulative foreign currency translation adjustment. As a result, changes in the value of our borrowings under our euro-denominated senior notes and changes in the value of our euro, Japanese yen, and British pound sterling borrowings under our Senior Unsecured Credit Facility, related to changes in the spot rates, will be reported in the same manner as foreign currency translation adjustments, which are recorded in Other comprehensive income (loss) income as part of the cumulative foreign currency translation adjustment. Such gains (losses) related to non-derivative net investment hedges were \$108.0 million \$88.4 million and \$215.0 million \$(71.5) million for the three months ended September 30, 2023 March 31, 2024 and 2022, respectively, and \$38.6 million and \$528.4 million for the nine months ended September 30, 2023 and 2022, 2023, respectively.

- (a) The grant date fair value of RSAs and RSUs reflect our stock price on the date of grant on a one-for-one basis. The grant date fair value of PSUs was determined utilizing a Monte Carlo simulation model to generate an estimate of our future stock price over the three-year performance period. To estimate the fair value of PSUs granted during the nine three months ended September 30, 2023 March 31, 2024, we used a risk-free interest rate of 3.8% 4.1%, an expected volatility rate of 38.2% 20.5%, and assumed a dividend yield of zero.
- (b) The grant date fair value of shares vested during the nine three months ended September 30, 2023 March 31, 2024 was \$36.0 million \$38.5 million. Employees have the option to take immediate delivery of the shares upon vesting or defer receipt to a future date pursuant to previously made deferral elections. At September 30, 2023 March 31, 2024 and December 31, 2022 December 31, 2023, we had an obligation to issue 1,196,955 1,392,421 and 1,181,947 1,196,955 shares, respectively, of our common stock underlying such deferred awards, which is recorded within Total stockholders' equity as a Deferred compensation obligation of \$62.0 million \$78.5 million and \$57.0 million \$62.0 million, respectively.
- (c) Vesting and payment of the PSUs is conditioned upon certain company and/or market performance goals being met during the relevant three-year performance period. The ultimate number of PSUs to be vested will depend on the extent to which the performance goals are met and can range from zero to three times the original awards. As a result, we recorded adjustments at September 30, 2023 March 31, 2024 to reflect the number of shares expected to be issued when the PSUs vest.

(d) At **September 30, 2023** **March 31, 2024**, total unrecognized compensation expense related to these awards was approximately **\$50.2 million** **\$66.9 million**, with an aggregate weighted-average remaining term of **2.0** **2.2** years.

Acquisitions of Noncontrolling Interests

On May 30, 2023, we acquired the remaining 3% interest in an international jointly owned investment (which we already consolidated) from the noncontrolling interest holders for nominal consideration, bringing our ownership interest to 100%. No gain or loss was recognized on the transaction. We recorded an adjustment of approximately \$1.2 million to Additional paid-in capital in our consolidated statements of equity for the nine months ended September 30, 2023 related to the difference between the consideration transferred ATM Program and the carrying value of the noncontrolling interest related to this investment.

On July 18, 2023, we acquired the remaining 10% interest in a domestic jointly owned investment (which we already consolidated) from the noncontrolling interest holders for \$2.4 million, bringing our ownership interest to 100%. No gain or loss was recognized on the transaction. We recorded an adjustment of approximately \$2.5 million to Additional paid-in capital in our consolidated statements of equity for the three and nine months ended September 30, 2023 related to the difference between the consideration transferred and the carrying value of the noncontrolling interest related to this investment.

ATM Program Forward Equity

On May 2, 2022, we established a continuous "at-the-market" offering program ("ATM Program") with a syndicate of banks, pursuant to which shares of our common stock having an aggregate gross sales price of up to \$1.0 billion may be sold (i) directly through or to the banks acting as sales agents or as principal for their own accounts or (ii) through or to participating banks or their affiliates acting as forward sellers on behalf of any forward purchasers pursuant to a forward sale agreement (our "ATM Forwards"). Effective as of that date,

During 2023, we terminated a prior ATM Program that was established on August 9, 2019.

Our prior ATM Program is discussed in the 2022 Annual Report. The following table sets forth certain information regarding the issuance of shares of our common stock under our prior ATM Program during the periods presented (net proceeds in thousands):

| | Three Months Ended September 30, | | Nine Months Ended September 30, | |

| Weighted-average price per share | \$ — | \$ — | \$ — | \$ 80.79 |

Forward Equity

We expect to settle settled the ATM Forwards in full on or prior to the maturity date of each ATM Forward via physical delivery of the outstanding shares of common stock in exchange for cash proceeds. However, subject to certain exceptions, we may also elect to cash settle or net share settle all or any portion of our obligations under any ATM Forwards. The forward sale price that we will receive received upon physical settlement of the ATM Forwards will be was (i) subject to adjustment on a daily basis based on a floating interest rate factor equal to a specified daily rate less a spread (i.e., if the specified daily rate is less than the spread on any day, the interest rate factor will result in a daily reduction of the applicable forward sale price) and (ii) decreased based on amounts related to expected dividends on shares of our common stock during the term of the ATM Forwards.

We determined that our ATM Forwards meet met the criteria for equity classification and are were therefore exempt from derivative accounting. We recorded the ATM Forwards at fair value at inception, which we determined to be zero. Subsequent changes to fair value are not required under equity classification.

In addition, we refer to our forward equity offering presented below as the August 2021 Equity Forwards (the "Equity Forwards"), which are discussed in the 2022 Annual Report. Our ATM Forwards are also presented below (gross offering proceeds at closing in thousands):

Note 14. 13. Income Taxes

We elected to be treated as a REIT and believe that we have been organized and have operated in such a manner to maintain our qualification as a REIT for federal and state income tax purposes. As a REIT, we are generally not subject to corporate level federal income taxes on earnings distributed to our stockholders. Accordingly, we have not included any provisions for federal income taxes related to the REIT in the accompanying consolidated financial statements for the three and nine months ended September 30, 2023 March 31, 2024 and 2022, 2023.

The accompanying consolidated financial statements include an interim tax provision for our TRSs and foreign subsidiaries, as necessary, for the three and nine months ended September 30, 2023 March 31, 2024 and 2022, 2023.

Note 15. 14. Property Dispositions

We have an active capital recycling program, with a goal of extending implemented the average lease term through reinvestment, improving portfolio credit quality through dispositions and acquisitions of assets, increasing the asset criticality factor Office Sale Program in our portfolio, and/or executing strategic dispositions of assets. We may decide September 2023, which is targeted to dispose of a property when it is vacant as a result of tenants vacating space, tenants electing not to renew their leases, tenant insolvency, or lease rejection be substantially completed in the bankruptcy process. In such cases, we assess whether we can obtain the highest value from the property by selling it, as opposed to re-leasing it. We may also sell a property when we receive an unsolicited offer or negotiate a price for an investment that is consistent with our strategy for that investment. When it is appropriate to do so, we classify the property as an asset held for sale on our consolidated balance sheet. first half of 2024 (Note 1).

All property dispositions are recorded within our Real Estate segment and are also discussed in Note 4 and Note 5.

On November 1, 2023 April 1, 2024, we completed the Spin-Off repaid our \$500 million of 59 office properties into NLOP, as described in further detail in Note 1. The Spin-Off was accomplished via a pro rata dividend of one NLOP common share for every 15 shares of WPC common stock outstanding. Following the closing of the Spin-Off, NLOP operates as a separate publicly-traded REIT, for which we serve as advisor pursuant to the NLOP Advisory Agreements executed in connection with the Spin-Off, as described below in further detail.

Pursuant to the NLOP Advisory Agreements, which we entered into on November 1, 2023, we provide NLOP with strategic management services, including asset management, property disposition support, and various related services. NLOP will pay us an asset management fee of approximately \$7.5 million annually, which will be proportionately reduced following the disposition of a portfolio property. In addition, NLOP will reimburse us a base administrative amount of approximately \$4.0 million annually, for certain administrative services, including day-to-day management services, investor relations, accounting, tax, legal, and other administrative matters.

On October 31, 2023, we entered into a Separation and Distribution Agreement, which set forth the various individual transactions to be consummated that comprised the Separation and the Distribution, including the assets transferred to and liabilities assumed by NLOP.

In September 2023, NLOP entered into a new \$455 million debt facility 4.6% Senior Notes at maturity (Note 11), which was executed by NLOP and funded upon the closing of the Spin-Off on November 1, 2023. Approximately \$350 million of this amount (net of transaction expenses) was retained by us in connection with the Spin-Off.

In connection with the Spin-Off, we have incurred approximately \$61.6 million in total costs, comprised of (i) \$10.0 million of advisory fees, which is included in Merger and other expenses on our consolidated statements of income (\$4.9 million of such fees were recognized during 2022 and \$5.1 million were recognized during the nine months ended September 30, 2023); and (ii) \$51.6 million of additional Spin-Off related costs, which were reimbursed to us by NLOP in connection with the Spin-Off.

Our Management's Discussion and Analysis of Financial Condition and Results of Operations should be read in conjunction with the 2022 2023 Annual Report and subsequent reports filed under the Securities Exchange Act of 1934, as amended (the "Exchange Act"). Refer to Item 1 of the 2022 2023 Annual Report for a description of our business.

Significant Developments

Strategic Plan to Exit Office Portfolio

In September 2023, we announced a plan to exit the office assets within our portfolio by (i) spinning-off 59 office properties into Net Lease Office Properties ("NLOP"), so that it will become a separate publicly-traded REIT (the "Spin-Off"), and (ii) implementing an asset sale program to dispose of 87 office properties retained by us (the "Office Sale Program"), which is targeted to be substantially completed in early 2024.

NLOP Spin-Off

On November 1, 2023, we completed the Spin-Off of 59 office properties into NLOP, as described in further detail in Note 17. Following the closing of the Spin-Off, NLOP operates as a separate publicly-traded REIT, for which we will serve as advisor pursuant to the NLOP Advisory Agreements executed in connection with the Spin-Off.

NLOP's portfolio of 59 office properties totals approximately 9.3 million leasable square feet (including 0.6 million of operating square footage for a parking garage at a domestic property) primarily leased to corporate tenants on a single-tenant net lease basis. The vast majority of the office properties owned by NLOP are located in the United States, with the balance in Europe. NLOP's portfolio consists of 62 corporate tenants operating in a variety of industries, generating ABR totaling approximately \$145 million as of September 30, 2023.

In September 2023, NLOP entered into a new \$455 million debt facility, which was executed by NLOP and funded upon the closing of the Spin-Off on November 1, 2023. Approximately \$350 million of this amount (net of transaction expenses) was retained by us in connection with the Spin-Off (Note 11, Note 17).

Office Sale Program

In addition to the Spin-Off, 87 of our office properties will be sold under the Office Sale Program, which is targeted to be substantially completed in early 2024. These properties generated ABR totaling approximately \$76 million as of September 30, 2023 or June 30, 2023, as applicable (one property was sold in July 2023). Four of the 87 properties have been sold as of the date of this Report, for gross proceeds of approximately \$143 million.

Revenues

Total revenues increased decreased for the three and nine months ended September 30, 2023 March 31, 2024 as compared to the same periods period in 2022. Real Estate revenue increased 2023, primarily due to higher lower lease revenues (substantially as a result of the Spin-Off and the Office Sale Program (Note 1), partially offset by property acquisition activity and rent escalations, escalations), as well as the net-leased properties we acquired in the CPA:18 Merger on August 1, 2022 lower other lease-related income (Note 4) and higher operating property revenues (primarily from the operating properties we acquired in the CPA:18 Merger on August 1, 2022 and the 12 hotel properties that converted from net-lease to operating properties during the first quarter of 2023).

Net Income Attributable to W. P. Carey

Net income attributable to W. P. Carey **increased** **decreased** for the three **and nine** months ended **September 30, 2023** **March 31, 2024** as compared to the same **periods** **period** in 2022. Net income from Real Estate attributable 2023, primarily due to W. P. Carey increased lower gain on sale of real estate.

AFFO

AFFO decreased for the three months ended March 31, 2024 as compared to the same period in 2023, primarily due to the impact of **real estate acquisitions** (including from properties acquired in the CPA:18 Merger on August 1, 2022), Spin-Off and Office Sale Program, as well as lower other lease-related income, partially offset by higher interest expense. In addition, we recognized a higher gain on sale the impact of real estate for the three **net investment activity** and nine months ended September 30, 2023 as compared to the same periods in 2022 (Note 6, Note 15). We recognized a gain on change in control of interests during the prior year periods in connection with the CPA:18 Merger (Note 3). We also recognized an impairment charge on goodwill within our Investment Management segment during the prior year periods (Note 9).rent escalations.

W. P. Carey 9/30/2023 3/31/2024 10-Q – 44 33

AFFO

AFFO increased for the three and nine months ended September 30, 2023 as compared to the same periods in 2022, primarily due to investment activity and rent escalations, as well as the accretive impact of the CPA:18 Merger, partially offset by higher interest expense. AFFO for the nine months ended September 30, 2023 also included certain non-recurring items that resulted in lower non-reimbursed property expenses (due to the reversal of certain property tax accruals) and a higher provision for income taxes (due to the settlement a tax audit on a portfolio of properties in Europe). In addition, AFFO from Investment Management attributable to W. P. Carey decreased primarily due to the cessation of fees and distributions previously earned from CPA:18 – Global prior to the CPA:18 Merger.

Terms and Definitions

Pro Rata Metrics — The portfolio information above contains certain metrics prepared on a pro rata basis. We refer to these metrics as pro rata metrics. We have certain investments in which our economic ownership is less than 100%. On a full consolidation basis, we report 100% of the assets, liabilities, revenues, and expenses of those investments that are deemed to be under our control or for which we are deemed to be the primary beneficiary, even if our ownership is less than 100%. Also, for all other jointly owned investments, which we do not control, we report our net investment and our net income or loss from that investment. On a pro rata basis, we generally present our proportionate share, based on our economic ownership of these jointly owned investments, of the portfolio metrics of those investments. Multiplying each of our jointly owned investments' financial statement line items by our percentage ownership and adding or subtracting those amounts from our totals, as applicable, may not accurately depict the legal and economic implications of holding an ownership interest of less than 100% in our jointly owned investments.

ABR — ABR represents contractual minimum annualized base rent for our net-leased properties and reflects exchange rates as of September 30, 2023 March 31, 2024. If there is a rent abatement, we annualize the first monthly contractual base rent following the free rent period. ABR is not applicable to operating properties, properties and is presented on a pro rata basis.

- (a) We acquired a secured loan receivable with a fair value of \$13.3 million in our merger with a former affiliate, Corporate Property Associates 17 – Global Incorporated, in October 2018, for which the outstanding principal of \$24.0 million was fully repaid to us in March 2024 (Note 5). Therefore, we recorded a \$10.7 million gain on repayment of this secured loan receivable.
- (b) Remeasurement of certain monetary assets and liabilities that are held by our subsidiaries in currencies other than their functional currency are included in other gains and (losses). This includes foreign currency-denominated intercompany loans to our foreign subsidiaries that are scheduled for settlement. Beginning in the first quarter of 2023, our intercompany loans subject to remeasurement were hedged by certain of our foreign currency-denominated unsecured debt that we de-designated as net investment hedges.
- (b) We acquired a secured loan receivable with a fair value of \$23.4 million in our merger with a former affiliate, Corporate Property Associates 17 – Global Incorporated, in October 2018 (“CPA:17 Merger”), for which the outstanding principal of \$34.0 million was fully repaid to us in September 2022. Therefore, we recorded a \$10.6 million gain on repayment of this secured loan receivable.
- (c) This insurance receivable was acquired in the CPA:17 Merger.

Gain on Change in Control of Interests Earnings from Equity Method Investments

In connection with the CPA:18 Merger, during the three and nine months ended September 30, 2022, we acquired the remaining interests Our equity method investments are more fully described in four investments in which we already had a joint interest and accounted for under the equity method. Subsequent to the CPA:18 Merger, we consolidated these wholly owned investments (Note 3 7). The following table presents earnings from equity method investments (in thousands):

Upon closing of the Spin-Off on November 1, 2023, we externally manage NLOP and earn revenue for certain asset management, property disposition support, and various related services (Note 17).

Liquidity and Capital Resources

Sources and Uses of Cash During the Period

We use the cash flow generated from our investments primarily to meet our operating expenses, service debt, and fund dividends to stockholders. Our cash flows fluctuate periodically due to a number of factors, which may include, among other things: the timing of our equity and debt offerings; the timing of purchases and sales of real estate; the timing of the repayment of mortgage loans, our Senior Unsecured Notes, and our Unsecured Term Loans; the timing of our receipt of lease revenues; the timing and amount of other lease-related payments; the timing of settlement of foreign currency transactions; changes in foreign currency exchange rates; and the timing of distributions from equity method investments. We no longer receive certain fees and distributions from CPA:18 – Global following the completion of the CPA:18 Merger on August 1, 2022 (Note 1). Despite these fluctuations, we believe that we will generate sufficient cash from operations to meet our normal recurring short-term and long-term liquidity needs. We may also use existing cash resources, available capacity under our Senior Unsecured Credit Facility, proceeds from term loans or other bank debt, proceeds from dispositions of properties (including expected proceeds from the exercise of purchase options and the Office Sale Program (Note 1)), and the issuance of additional debt or equity securities, such as issuances of common stock through our ATM Forwards Program (Note 13 12), in order to meet these our short-term and long-term liquidity needs. We assess our ability to access capital on an ongoing basis. Our sources and uses of cash during the period are described below.

Operating Activities — Net cash provided by operating activities increased by \$110.2 million \$752.8 million during the nine three months ended September 30, 2023 March 31, 2024 as compared to the same period in 2022, 2023, primarily due to an increase \$807.5 million of proceeds received from the sales of net investments in cash flow generated from sales-types leases during the current year period (Note 5), net investment activity, (including properties acquired in the CPA:18 Merger (Note 1)) and scheduled rent increases at existing properties, partially offset by higher interest expense, the impact of the Spin-Off and Office Sale Program (Note 1).

Investing Activities — Our investing activities are generally comprised of real estate-related transactions (purchases and sales) and funding for build-to-suit activities and other capital expenditures on real estate. We also received \$24.0 million from the repayment of a loan receivable (Note 5).

W. P. Carey 9/30/2023 3/31/2024 10-Q – 60 44

Financing Activities — Our financing activities are generally comprised of borrowings and repayments under our Unsecured Revolving Credit Facility and Unsecured Term Loans, issuances and repayments of the Senior Unsecured Notes, payments and prepayments of non-recourse mortgage loans, issuances of common equity, and payments of dividends to stockholders. In addition to these types of transactions, during the nine months ended September 30, 2023, we received \$249.8 million in net proceeds from the issuance of common stock under our ATM Forwards (Note 13).

Our cash resources can be used for working capital needs and other commitments and may be used for future investments.

Cash Requirements and Liquidity

As of **September 30, 2023** March 31, 2024, we had (i) **\$136.4 million** **\$777.0 million** of cash and cash equivalents, (ii) **\$283.8 million of funds that are held by an intermediary and have been designated for future 1031 Exchange transactions (Note 2), and (iii) approximately \$1.3 billion \$1.7 billion** of available capacity under our Unsecured Revolving Credit Facility (net of amounts reserved for standby letters of credit totaling \$1.9 million), and (iii) available proceeds under our ATM Forwards of approximately \$383.6 million, which were fully settled in October 2023 (Note 17). In addition, in September 2023, NLOP entered into a new \$455 million debt facility, which was executed by NLOP and funded upon the closing of the Spin-Off on November 1, 2023. Approximately \$350 million of this amount (net of transaction expenses) was retained by us in connection with the Spin-Off (Note 11, Note 17). Our Senior Unsecured Credit Facility includes a \$1.8 billion Unsecured Revolving Credit Facility and Unsecured Term Loans outstanding totaling \$557.7 million as of September 30, 2023 (Note 11), and is scheduled to mature on February 20, 2025 (Note 11). Our Unsecured Term Loan due 2026 had \$525.9 million outstanding as of September 30, 2023, and is scheduled to mature on April 24, 2026. **\$5.9 million**). As of **September 30, 2023** March 31, 2024, scheduled debt principal payments total **\$111.2 million through December 31, 2023 and \$1.3 billion through December 31, 2024 \$1.2 billion during the remainder of 2024 (including \$500 million of senior notes that were repaid in April 2024 (Note 11 15)) and \$704.7 million during 2025 (Note 10).**

During the next 12 months following **September 30, 2023** March 31, 2024 and thereafter, we expect that our significant cash requirements will include:

- **paying dividends to our stockholders;**
- **funding acquisitions of new investments (Note 5 4);**
- **funding future capital commitments (Note 4) and tenant improvement allowances (Note 5); allowances;**
- **making scheduled principal and balloon payments on our debt obligations, including (i) \$500 million of senior notes due that were repaid in April 2024 and (Note 15), (ii) €500 million of senior notes due in July 2024, and (iii) \$450 million of senior notes due in February 2025 (Note 11 10);**
- **making scheduled interest payments on our debt obligations (future interest payments total \$841.2 million \$856.0 million, with \$245.8 million \$215.7 million due during the next 12 months; interest on unhedged variable-rate debt obligations was calculated using the applicable annual variable interest rates and balances outstanding at September 30, 2023 March 31, 2024); and**
- **other normal recurring operating expenses.**

We expect to fund these cash requirements through cash generated from operations, cash received from dispositions of properties, the use of our cash reserves or unused amounts on our Unsecured Revolving Credit Facility (as described above), proceeds from term loans or other bank debt, issuances of common stock through our ATM Program (Note 13 12), and potential issuances of additional debt or equity securities. We may also choose to prepay certain of our non-recourse mortgage loan obligations, depending on our capital needs and market conditions at that time.

Our liquidity could be adversely affected by unanticipated costs and greater-than-anticipated operating expenses. To the extent that our working capital reserve is insufficient to satisfy our cash requirements, additional funds may be provided from cash from operations to meet our normal recurring short-term and long-term liquidity needs. We may also use existing cash resources, available capacity under our Unsecured Revolving Credit Facility, mortgage loan proceeds, and the issuance of additional debt or equity securities to meet these needs.

Certain amounts disclosed above are based on the applicable foreign currency exchange rate at **September 30, 2023** March 31, 2024.

Supplemental Financial Measures

In the real estate industry, analysts and investors employ certain non-GAAP supplemental financial measures in order to facilitate meaningful comparisons between periods and among peer companies. Additionally, in the formulation of our goals and in the evaluation of the effectiveness of our strategies, we use Funds from Operations ("FFO") and AFFO, which are non-GAAP measures defined by our management. We believe that these measures are useful to investors to consider because they may assist them to better understand and measure the performance of our business over time and against similar companies. A description of FFO and AFFO and reconciliations of these non-GAAP measures to the most directly comparable GAAP measures are provided below.

Funds from Operations and Adjusted Funds from Operations

Due to certain unique operating characteristics of real estate companies, as discussed below, the National Association of Real Estate Investment Trusts ("NAREIT"), an industry trade group, has promulgated a non-GAAP measure known as FFO, which we believe to be an appropriate supplemental measure, when used in addition to and in conjunction with results presented in accordance with GAAP, to reflect the operating performance of a REIT. The use of FFO is recommended by the REIT industry as a supplemental non-GAAP measure. FFO is not equivalent to, nor a substitute for, net income or loss as determined under GAAP.

We define FFO, a non-GAAP measure, consistent with the standards established by the White Paper on FFO approved by the Board of Governors of NAREIT, as restated in December 2018. The White Paper defines FFO as net income or loss computed in accordance with GAAP, excluding gains or losses from sales the sale of property, certain real estate, impairment charges on real estate or other assets incidental to the company's main business, gains or losses on changes in control of interests in real estate, and depreciation and amortization from real estate assets; and after adjustments for unconsolidated partnerships and jointly owned investments. Adjustments for unconsolidated partnerships and jointly owned investments are calculated to reflect FFO, FFO on the same basis.

We also modify the NAREIT computation of FFO to adjust GAAP net income for certain non-cash charges, such as amortization of real estate-related intangibles, deferred income tax benefits and expenses, straight-line rent and related reserves, other non-cash rent adjustments, non-cash allowance for credit losses on loans receivable and finance leases, stock-based compensation, non-cash environmental accretion expense, amortization of discounts and premiums on debt, and amortization of deferred financing costs. Our assessment of our operations is focused on long-term sustainability and not on such non-cash items, which may cause short-term fluctuations in net income but have no impact on cash flows. Additionally, we exclude non-core income and expenses, such as gains or losses from extinguishment of debt, and merger and acquisition expenses, and spin-off expenses. We also exclude realized and unrealized gains/losses on foreign currency exchange rate movements (other than those realized on the settlement of foreign currency derivatives), which are not considered fundamental attributes of our business plan and do not affect our overall long-term operating performance. We refer to our modified definition of FFO as AFFO. We exclude these items from GAAP net income to arrive at AFFO as they are not the primary drivers in our decision-making process and excluding these items provides investors a view of our portfolio performance over time and makes it more comparable to other REITs that are currently not engaged in acquisitions, mergers, and restructuring, which are not part of our normal business operations. AFFO also reflects adjustments for unconsolidated partnerships and jointly owned investments. We use AFFO as one measure of our operating performance when we formulate corporate goals, evaluate the effectiveness of our strategies, and determine executive compensation.

We believe that AFFO is a useful supplemental measure for investors to consider as we believe it will help them to better assess the sustainability of our operating performance without the potentially distorting impact of these short-term fluctuations. However, there are limits on the usefulness of AFFO to investors. For example, impairment charges and unrealized foreign currency losses that we exclude may become actual realized losses upon the ultimate disposition of the properties in the form of lower cash proceeds or other considerations. We use our FFO and AFFO measures as supplemental financial measures of operating performance. We do not use our FFO and AFFO measures as, nor should they be considered to be, alternatives to net income computed under GAAP, or as alternatives to net cash provided by operating activities computed under GAAP, or as indicators of our ability to fund our cash needs.

Amounts for the three and nine months ended September 30, 2022 are primarily comprised of costs incurred in connection with the CPA:18 Merger (Note 3).
- (i) (d) Primarily comprised of gains and losses on extinguishment of debt, the mark-to-market fair value of equity securities, and foreign currency exchange rate movements, as well as non-cash allowance for credit losses on loans receivable and finance leases.

W. P. Carey 9/30/2023 10-Q (e) – **66** Amount for the three months ended March 31, 2024 is primarily comprised of the write-off of a value added tax receivable that was previously recorded in connection with an international investment.

While we believe that FFO and AFFO are important supplemental measures, they should not be considered as alternatives to net income as an indication of a company's operating performance. These non-GAAP measures should be used in conjunction with net income as defined by GAAP. FFO and AFFO, or similarly titled measures disclosed by other REITs, may not be comparable to our FFO and AFFO measures.

Item 3. Quantitative and Qualitative Disclosures About Market Risk.

Market Risk

Market risk is the exposure to loss resulting from changes in interest rates, foreign currency exchange rates, and equity prices. The primary market risks that we are exposed to are interest rate risk and foreign currency exchange risk; however, we do not use derivative instruments to hedge credit/market risks or for speculative purposes. From time to time, we may enter into foreign currency collars to hedge our foreign currency cash flow exposures.

We are also exposed to further market risk as a result of tenant concentrations in certain industries and/or geographic regions, since adverse market factors can affect the ability of tenants in a particular industry/region to meet their respective lease obligations. In order to manage this risk, we view our collective tenant roster as a portfolio and we attempt to diversify such portfolio so that we are not overexposed to a particular industry or geographic region.

Interest Rate Risk

The values of our real estate and related fixed-rate debt obligations, as well as the values of our unsecured debt obligations, are subject to fluctuations based on changes in interest rates. The value of our real estate is also subject to fluctuations based on local and regional economic conditions and changes in the creditworthiness of lessees, which may affect our ability to refinance property-level mortgage debt when balloon payments are scheduled, if we do not choose to repay the debt when due. Interest rates are highly sensitive to many factors, including governmental monetary and tax policies, domestic and international economic and political conditions, and other factors beyond our control. An increase in interest rates would likely cause the fair value of our assets to decrease. Increases in interest rates may also have an impact on the credit profile of certain tenants.

We are exposed to the impact of interest rate changes primarily through our borrowing activities. To limit this exposure, we generally seek long-term debt financing on a fixed-rate basis. However, we are subject to variable-rate interest on our Unsecured Term Loans, Unsecured Revolving Credit Facility, and certain of our non-recourse mortgage debt. We have entered into, and may continue to enter into, interest rate swap agreements or interest rate cap agreements with counterparties related to certain of our variable-rate debt (Note 11 10). See Note 10 9 for additional information on our interest rate swaps and caps.

Our debt obligations are more fully described in Note 11 10 and Liquidity and Capital Resources — Summary of Financing in Item 2 above. The following table presents principal cash flows based upon expected maturity dates of our debt obligations outstanding at September 30, 2023 March 31, 2024 (in thousands):

(a) Amounts are based on the exchange rate at September 30, 2023 March 31, 2024, as applicable.

(b) Amounts include non-recourse mortgages and unsecured term loans subject to variable-to-fixed interest rate swaps. Amounts after 2023 are primarily comprised of principal payments for our Senior Unsecured Notes (Note 11 10). In April 2024, we repaid our \$500 million of 4.6% Senior Notes due 2024 at maturity (Note 15).

The estimated fair value of our fixed-rate debt and our variable-rate debt is affected by changes in interest rates. Annual interest expense on our unhedged variable-rate debt that does not bear interest at fixed rates at September 30, 2023 March 31, 2024 would increase or decrease by \$6.7 million \$5.7 million for our euro-denominated debt, by \$3.3 million \$3.4 million for our British pound sterling-denominated debt, by \$1.6 million for our U.S. dollar-denominated debt, by \$0.4 million for our Norwegian krone-denominated debt, and by \$0.2 million for our Japanese yen-denominated debt, for each respective 1% change in annual interest rates.

W. P. Carey 9/30/2023 3/31/2024 10-Q – 67 49

Foreign Currency Exchange Rate Risk

We own international investments, primarily in Europe, Canada, and Japan, and as a result are subject to risk from the effects of exchange rate movements in various foreign currencies, primarily the euro, the British pound sterling, the Canadian dollar, the Japanese yen, and certain other currencies which may affect future costs and cash flows. We have obtained, and may in the future obtain, non-recourse mortgage financing in the local currency. We have also completed several offerings of euro-denominated senior notes, and have borrowed under our Senior Unsecured Credit Facility and Unsecured Term Loan due 2026 in foreign currencies, including the euro, British pound sterling, and Japanese yen (Note 11 10). Volatile market conditions arising from certain macroeconomic factors may result in significant fluctuations in foreign currency exchange rates. To the extent that currency fluctuations increase or decrease rental revenues, as translated to U.S. dollars, the change in debt service (comprised of principal and interest, excluding balloon payments), as translated to U.S. dollars, will partially offset the effect of fluctuations in revenue and, to some extent, mitigate the risk from changes in foreign currency exchange rates. We estimate that, for a 1% increase or decrease in the exchange rate between the euro, British pound sterling, or Japanese yen and the U.S. dollar, there would be a corresponding change in the projected estimated cash flow (scheduled future rental revenues, net of scheduled future debt service payments for the next 12 months) for our consolidated foreign operations at September 30, 2023 March 31, 2024 of \$2.4 million, \$0.3 million, and less than \$0.1 million, respectively, excluding the impact of our derivative instruments.

In addition, we may use currency hedging to further reduce the exposure to our equity cash flow. We are generally a net receiver of these currencies (we receive more cash than we pay out), and therefore our foreign operations benefit from a weaker U.S. dollar and are adversely affected by a stronger U.S. dollar, relative to the foreign currency.

We enter into foreign currency collars to hedge certain of our foreign currency cash flow exposures. See Note 10 9 for additional information on our foreign currency collars.

Concentration of Credit Risk

Concentrations of credit risk arise when a number of tenants are engaged in similar business activities or have similar economic risks or conditions that could cause them to default on their lease obligations to us. We regularly monitor our portfolio to assess potential concentrations of credit risk. While we believe our portfolio is well-diversified, it does contain concentrations in certain areas. There have been no material changes in our concentration of credit risk from what was disclosed in the 2022 2023 Annual Report.

Item 4. Controls and Procedures.

Disclosure Controls and Procedures

Our disclosure controls and procedures include internal controls and other procedures designed to provide reasonable assurance that information required to be disclosed in this and other reports filed under the Exchange Act is recorded, processed, summarized, and reported within the required time periods specified in the SEC's rules and forms; and that such information is accumulated and communicated to management, including our chief executive officer and chief financial officer, to allow timely decisions regarding required disclosures. It should be noted that no system of controls can provide complete assurance of achieving a company's objectives and that future events may impact the effectiveness of a system of controls.

Our chief executive officer and chief financial officer, after conducting an evaluation, together with members of our management, of the effectiveness of the design and operation of our disclosure controls and procedures as of **September 30, 2023** **March 31, 2024**, have concluded that our disclosure controls and procedures (as defined in Rule 13a-15(e) under the Exchange Act) were effective as of **September 30, 2023** **March 31, 2024** at a reasonable level of assurance.

Changes in Internal Control Over Financial Reporting

There have been no changes in our internal control over financial reporting during our most recently completed fiscal quarter that have materially affected, or are reasonably likely to materially affect, our internal controls over financial reporting.

PART II — OTHER INFORMATION

Item 1A. Risk Factors

We are including the following additional risk factor, which should be read in conjunction with our description of risk factors provided in Part I, Item 1A. Risk Factors in our 2022 Annual Report:

We may not achieve some or all the expected benefits of the Spin-Off and the Office Sale Program.

We may not be able to achieve the full strategic and financial benefits expected to result from the Spin-Off and the Office Sale Program, or such benefits may be delayed due to a variety of circumstances, not all of which may be under our control. We may not achieve the anticipated benefits of the Spin-Off or the Office Sale Program for a variety of reasons, including, among others: (i) the transactions may not generate the anticipated improvements in our cost of or access to capital; (ii) we may be subject to unexpected costs related to the Spin-Off, including as a result of our indemnification obligations under the Separation and Distribution Agreement or obligations related to indebtedness associates with transfer of NLOP assets and any guaranties related thereto; and (iii) we may face challenges in completing the Office Sale Program at the prices in the timeframe we expect or at all. Failure to achieve some or all the benefits expected to result from the Spin-Off and the Office Sale Program, or a delay in realizing such benefits, may have a material adverse effect on our business, financial condition and results of operations.
