However, prior to the receipt of the requisite approval of the holders of Company Common Stock, the â€œno-shopâ€ provision permits the Company, under certain circumstances and in compliance with certain obligations set forth in the Merger Agreement, to provide non-public information and engage in discussions and negotiations with respect to an unsolicited alternative acquisition that would reasonably be expected to lead to a Superior Proposal (as defined in the Merger Agreement).The Merger Agreement also contains certain termination rights for the Company and Parent, with a termination fee equal to $11,100,000 payable by the Company to Parent under certain circumstances and a termination fee equal to $22,200,000 in cash or stock payable by Parent to the Company under certain circumstances. All intercompany transactions and balances have been eliminated in consolidation. Certain prior year amounts have been reclassified to conform to the current yearâ€™s presentation. The financial statements of our foreign subsidiaries are translated into US Dollars (â€œUSDâ€) using exchange rates in effect at period-end for assets and liabilities and average exchange rates during each reporting period for results of operations. Adjustments resulting from financial statement translations are reflected as a separate component of accumulated other comprehensive loss. Foreign currency transaction gains and losses are included in net loss.The accompanying unaudited condensed consolidated financial statements have been prepared pursuant to the rules of the Securities and Exchange Commission (the â€œSECâ€) for interim financial information, including the instructions to Form 10-Q and Rule 10-01 of the SECâ€™s Regulation S-X. Accordingly, certain information and note disclosures normally required in complete financial statements prepared in conformity with accounting principles generally accepted in the United States (â€œGAAPâ€) have been condensed or omitted. In the Companyâ€™s opinion, these condensed consolidated financial statements include all adjustments necessary for a fair presentation of the financial position, results of operations and cash flows for the interim periods presented. These unaudited condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and notes thereto included in the Companyâ€™s Annual Report on Form 10-K for the year ended DecemberÂ 31, 2023.We have made estimates and judgments affecting the amounts reported in our condensed consolidated financial statements and the accompanying notes. The actual results that we experience may differ materially from our estimates.Equity Method InvestmentsOn January 1, 2023, the Company and International Game Technology PLC (â€œIGTâ€) contributed certain tangible assets and leases to Rhode Island VLT Company, LLC (the â€œRI Joint Ventureâ€) in exchange for equity interests of the RI Joint Venture. The Company contributed video lottery terminals (â€œVLTsâ€) and player tracking equipment to the joint venture for a 40% equity interest of the RI Joint Venture. The 40% ownership in the joint venture qualifies for equity method accounting. In addition to this joint venture, the Company also has other investments in unconsolidated subsidiaries, which are accounted for using equity method accounting. The Company records its share of net income or loss within â€œOther non-operating (expense) income, netâ€ in the condensed consolidated statements of operations. For the three months ended SeptemberÂ 30, 2024 and 2023, the Company recorded (loss) income from equity method investments of $(1.1) million and $2.3 million, respectively, and for the nine months ended SeptemberÂ 30, 2024 and 2023, the Company recorded (loss) income from equity method investments of $(0.3) million and $5.3 million, respectively.12BALLYâ€™S CORPORATIONNOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (unaudited)Variable Interest EntitiesThe Company evaluates entities for which control is achieved through means other than voting rights to determine if it is the primary beneficiary of a VIE. An entity is a VIE if it has any of the following characteristics (i) has insufficient equity to permit the entity to finance its activities without additional subordinated financial support (ii) equity holders, as a group, lack the characteristics of a controlling financial interest or (iii) the entity is structured with non-substantive voting rights. The primary beneficiary of the VIE is generally the entity that has (a) the power to direct the activities of the VIE that most significantly impact the VIEâ€™s economic performance and (b) the obligation to absorb losses or the right to receive benefits that could potentially be significant to the VIE. The Company consolidates its investment in a VIE when it determines that it is its primary beneficiary.In determining whether it is the primary beneficiary of the VIE, the Company considers qualitative and quantitative factors, including, but not limited to: which activities most significantly impact the VIEâ€™s economic performance and which party controls such activities and significance of the Companyâ€™s investment and other means of participation in the VIEâ€™s expected profits/losses. Significant judgments related to these determinations include estimates about the current and future fair values and performance of assets held by these VIEs and general market conditions.Management has analyzed and concluded that Breckenridge Curacao B.V. (â€œBreckenridgeâ€) is a VIE because it does not have sufficient equity investment at risk. The Company has determined that it is the primary beneficiary and consolidates the VIE because (a) although the Company does not control all decisions of Breckenridge, the Company has the power to direct the activities of Breckenridge that most significantly impact its economic performance through various contracts with the entity and (b) the nature of these agreements between Breckenridge and the Company provides the Company with the obligation to absorb losses and the right to receive benefits based on fees that are based upon off-market rates and commensurate to the level of services provided. The Company receives significant benefits in the form of fees that are not at market and commensurate to the level of services provided. As a result, the Company consolidates all of the assets, liabilities and results of operations of Breckenridge and its subsidiaries in the accompanying condensed consolidated financial statements. As of SeptemberÂ 30, 2024 and DecemberÂ 31, 2023, Breckenridge had total assets of $166.6 million and $161.3 million, respectively, and total liabilities of $96.8 million and $87.7 million, respectively. Breckenridge had revenues of $40.9 million and $71.5 million for the three months ended SeptemberÂ 30, 2024 and 2023, respectively, and $149.4 million and $232.0 million for the nine months ended SeptemberÂ 30, 2024 and 2023, respectively.The Company may change its original assessment of a VIE upon subsequent events such as the modification of contractual arrangements that affect the characteristics or adequacy of the entityâ€™s equity investments at risk and the disposition of all or a portion of an interest held by the primary beneficiary. The Company performs this analysis on an ongoing basis.Cash and Cash Equivalents and Restricted CashCash and cash equivalents includes cash balances and highly liquid investments with an original maturity of three months or less. Restricted cash includes player deposits, payment service provider deposits, cash collateral in connection with amounts previously due to the Chicago Tribune (refer to Note 8 â€œProperty and Equipmentâ€), and VLT and table games related cash payables to certain states where we operate, which are unavailable for the Companyâ€™s use. In certain cases, where the Company is not able to extend payment terms directly with suppliers or vendors, the Company will consider deferred payable solutions that simulate such trade term extensions. These solutions generally involve entering into exchange agreements with intermediary institutions who will make payment to the supplier or vendor within the original terms on behalf of the Company, in exchange for a new bill with terms that conforms to the Companyâ€™s payment policy of net 90 days. The Company will then pay the new bill to the intermediary institutions, inclusive of any embedded premium, which the Company records as â€œInterest expense, net,â€ within three months or less.During the three and nine months ended SeptemberÂ 30, 2024, the Company borrowed $82.5Â million and $184.8Â million, respectively, under these deferred payable arrangements and during the three and nine months ended SeptemberÂ 30, 2024 repaid $61.7Â million and $103.1Â million, respectively. Amounts outstanding under these deferred payable arrangements were $84.1Â million as of SeptemberÂ 30, 2024 and are included in â€œAccrued and other current liabilitiesâ€ on the condensed consolidated balance sheets. For theÂ three and nine months ended SeptemberÂ 30, 2024, the Company incurred $1.7Â million and $3.9Â million of interest expense, respectively, under these arrangements. These arrangements were not utilized by the Company during the three and nine months ended SeptemberÂ 30, 2023.Gaming ExpensesGaming expenses include, among other things, payroll costs and expenses associated with the operation of VLTs, slots and table games, including gaming taxes payable to jurisdictions in which the Company operates outside of Rhode Island and Delaware, and marketing costs directly associated with the Companyâ€™s iGaming products and services. Gaming expenses also include racing expenses comprised of payroll costs, off track betting (â€œOTBâ€) commissions and other expenses associated with the operation of live racing and simulcasting.Advertising ExpenseThe Company expenses advertising costs as incurred. For theÂ three months ended SeptemberÂ 30, 2024 and 2023, advertising expense was $3.5Â million and $5.6Â million, respectively, and for the nine months ended SeptemberÂ 30, 2024 and 2023, advertising expense was $13.2Â million and $14.2Â million, respectively. Advertising costs are included in â€œGeneral and administrativeâ€ on the condensed consolidated statements of operations.Share-Based Compensation The Company recognized total share-based compensation expense of $4.1 million and $6.3 million for the three months ended SeptemberÂ 30, 2024 and 2023, respectively, and $11.6 million and $18.6 million for the nine months ended SeptemberÂ 30, 2024 and 2023, respectively. The total income tax benefit for share-based compensation arrangements was $1.1 million and $1.7 million for the three months ended SeptemberÂ 30, 2024 and 2023, respectively, and $3.0 million and $4.9 million for the nine months ended SeptemberÂ 30, 2024 and 2023, respectively.Strategic Partnership - Sinclair Broadcast GroupIn 2020, the Company and Sinclair Broadcast Group, Inc. (â€œSinclairâ€) entered into a Framework Agreement (the â€œFramework Agreementâ€), which provides for a long-term strategic relationship between Sinclair and the Company. Under the Framework Agreement, the Company issued warrants and options and agreed to share tax benefits and received naming, integration and other rights, including access to Sinclairâ€™s Tennis Channel, Stadium Sports Network and STIRR streaming service. Under a Commercial Agreement (the â€œCommercial Agreementâ€) contemplated by the Framework Agreement, the Company paid annual fees to Diamond Sports Group (â€œDiamondâ€), a Sinclair subsidiary, for naming rights over Diamondâ€™s regional sports networks (â€œRSNsâ€) and other consideration. 14BALLYâ€™S CORPORATIONNOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (unaudited)The Company accounted for this relationship as an asset acquisition in accordance with the â€œAcquisition of Assets Rather Than a Businessâ€ subsections of ASC 805-50, Business Combinationsâ€”Related Issues, using a cost accumulation model. The total intangible asset (â€œCommercial rights intangible assetâ€) represents the present value of the naming rights fees and other consideration, including the fair value of the warrants and options, and an estimate of the tax-sharing payments, each explained below. The Commercial rights intangible asset, net of accumulated amortization, was $202.6Â million and $225.9Â million as of SeptemberÂ 30, 2024 and DecemberÂ 31, 2023, respectively. Amortization was $7.8Â million and $7.7Â million for the three months ended SeptemberÂ 30, 2024 and 2023, respectively, and $23.4Â million and $23.2Â million for the nine months ended SeptemberÂ 30, 2024 and 2023, respectively. Refer to Note 9 â€œGoodwill and Intangible Assetsâ€ for further information.The present value of the naming rights fees was recorded as part of intangible assets, with a corresponding liability, which was accreted through interest expense. As of December 31, 2023, the total value of the liability was $57.7Â million, with $8.0Â million recorded within â€œAccrued and other current liabilitiesâ€ related to the short-term portion of the liability, and $49.7Â million related to the long-term portion of the liability reflected as â€œCommercial rights liabilityâ€ in the condensed consolidated balance sheets. Accretion expense reported in â€œInterest expense, netâ€ in our condensed consolidated statements of operations was $1.1Â million and $3.3Â million for the three and nine months ended SeptemberÂ 30, 2023, respectively. In the first quarter of 2024, the Companyâ€™s obligation to pay Diamond for the naming rights terminated upon the bankruptcy courtâ€™s approval of certain settlement terms, which the court approved on March 1, 2024. Refer to Note 17 â€œCommitments and Contingenciesâ€ for further information.Under the Framework Agreement, the Company issued to SBG (i) an immediately exercisable warrant to purchase up to 4,915,726 shares of the Company at an exercise price of $0.01 per share (â€œthe Penny Warrantsâ€), (ii) a warrant to purchase up to a maximum of 3,279,337 additional shares of the Company at a price of $0.01 per share subject to the achievement of various performance metrics (the â€œPerformance Warrantsâ€), and (iii) an option to purchase up to 1,639,669 additional shares in four tranches with purchase prices ranging from $30.00 to $45.00 per share, exercisable over a seven-year period beginning on the fourth anniversary of the November 18, 2020 closing (the â€œOptionsâ€). The exercise and purchase prices and the number of shares issuable upon exercise of the warrants and options are subject to customary anti-dilution adjustments. Refer to Note 1 â€œGeneral Informationâ€ for further information. The Penny Warrants and Options are equity classified instruments under ASC 815, Derivatives and Hedging (â€œASC 815â€). The fair value of the Penny Warrants approximates the fair value of the underlying shares and was $150.4Â million on November 18, 2020 at issuance, and was recorded to â€œAdditional paid-in-capitalâ€ in the condensed consolidated balance sheets, with an offset to the Commercial rights intangible asset. The Performance Warrants are accounted for as a derivative liability because the underlying performance metrics represent an adjustment to the settlement amount that is not indexed to the Companyâ€™s own stock and thus equity classification is precluded under ASC 815. Refer to Note 11 â€œFair Value Measurementsâ€ for further information. Under the Framework Agreement, the Company agreed to share 60% of the tax benefits it realizes from the Penny Warrants, Options, Performance Warrants and other related payments. Changes in the estimate of the tax benefit to be realized and tax rates in effect at the time, among other changes, are treated as an adjustment to the intangible asset. The liability for these obligations was $18.8Â million and $19.1Â million as of SeptemberÂ 30, 2024 and DecemberÂ 31, 2023, respectively, and is reflected in â€œCommercial rights liabilitiesâ€ within our condensed consolidated balance sheets. Provision for Income TaxesDuring the nine months ended SeptemberÂ 30, 2024 and 2023, the Company recorded a benefit for income tax of $3.7Â million, at an effective year to date tax rate of 0.8% and a provision for income tax of $153.0Â million, at an effective year to date tax rate of 62.7%, respectively. The 2024 year to date effective tax rate differed from the US federal statutory tax rate of 21%, creating a benefit for income tax on the Companyâ€™s Loss before income taxes, largely due to an increase in the valuation allowance, entirely offset by discrete tax asset related to the sale-leaseback transaction involving the real estate underlying the Ballyâ€™s Chicago project. The 2023 year to date effective tax rate was higher than the US federal statutory tax rate of 21%, largely due to an increase in the valuation allowance and a tax liability for a discrete item related to the deferred gain on sale-leaseback transactions in Mississippi and Rhode Island.15BALLYâ€™S CORPORATIONNOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (unaudited)3.Â Â Â Â CONSOLIDATED FINANCIAL INFORMATIONGeneral and Administrative ExpenseAmounts included in General and administrative for the three and nine months ended SeptemberÂ 30, 2024 and 2023 were as follows:Three Months EndedSeptember 30,Nine Months EndedSeptember 30,(in thousands)20242023202420232Advertising, general and administrative$267,342Â $210,576Â $725,754Â $655,341Â Acquisition and integration7,319Â 19,595Â 18,016Â 46,480Â Restructuring charges, net(1,068)411Â 17,921Â 20,673Â Impairment charges(1)â€”Â â€”Â 12,757Â 9,653Â Total general and administrative$273,593Â $230,582Â $774,448Â $732,147Â _____(1)Â Â Â Â Includes impairment charges on long-lived assets within the International Interactive segment in the second quarter of 2024 and impairment charges related to assets held-for-sale within the North America Interactive segment in 2023.Other Non-Operating (Expense) Income, NetAmounts included in Other non-operating (expense) income, net for the three and nine months ended SeptemberÂ 30, 2024 and 2023 were as follows: Three Months EndedSeptember 30,Nine Months EndedSeptember 30,(in thousands)20242023202420232Change in value of commercial rights liabilities$(16,932)$4,676Â $(10,615)$11,967Â Net (loss) income from equity method investments(1,073)2,254Â (284)5,344Â Gain on extinguishment of debtâ€”Â â€”Â 4,044Â Foreign exchange (loss) gain(30,246)8,459Â (26,447)2,512Â Other, net(1,603)139Â (1,024)1,082Â Total other non-operating (expense) income, net$(49,854)$15,528Â $(38,370)$24,949Â 4.Â Â Â Â RECENTLY ISSUED ACCOUNTING PRONOUNCEMENTSStandards to Be ImplementedIn October 2023, the FASB issued ASU No. 2023-06, Disclosure Improvements - Codification Amendments in Response to the SECâ€™s Disclosure Update and Simplification Initiative. 5.Â Â Â Â REVENUE RECOGNITIONThe Company recognizes revenue in accordance with ASC 606, Revenue from Contracts with Customers, which requires the revenue to be recognized when a performance obligation is satisfied by transferring the control of promised goods or services and is measured at the transaction price or the amount of consideration that the Company expects to receive through satisfaction of the identified performance obligations.The Company generates revenue from four principal sources: (1) gaming (which includes retail gaming, online gaming, sports betting and racing), (2) hotel, (3) food and beverage and (4) retail, entertainment and other. Sales tax and other taxes collected on behalf of governmental authorities are accounted for on a net basis and are not included in revenue or operating expenses.Gaming RevenuePerformance ObligationsRetail gaming service contracts involving our land-based casinos, each have an obligation to honor the outcome of a wager and to pay out an amount equal to the stated odds, including the return of the initial wager, if the customer receives a winning hand. These elements of honoring the outcome of the hand of play and generating a payout are considered one performance obligation, with an additional performance obligation for those customers earning incentives under the Companyâ€™s player loyalty program. Online gaming and sports betting represent a single performance obligation for the Company to operate contests or games and award prizes or payouts to users based on results of the arrangement. Additionally, the use of incentives across the online gaming products create future customer rights and are a separate performance obligation. Racing revenue is earned through advance deposit wagering, which consists of patrons wagering through an advance deposit account. Each wagering contract contains a single performance obligation.Transaction PriceThe Company applies a practical expedient to account for its gaming contracts on a portfolio basis as such wagers have similar characteristics and the Company reasonably expects the impact on the consolidated financial statements of applying the revenue recognition guidance to the portfolio would not differ materially from the application of an individual wagering contract. The transaction price for a retail gaming, online gaming or sports betting wagering contract is the difference between wins and losses, not the total amount wagered. In addition, in the event of a multi-stage contest, the Company will allocate transaction price ratably from contest start to the contestâ€™s final stage. The transaction price for racing operations, inclusive of live racing events conducted at the Companyâ€™s racing facilities, is the commission received from the pari-mutuel pool less contractual fees and obligations, primarily consisting of purse funding requirements, simulcasting fees, tote fees and certain pari-mutuel taxes that are directly related to the racing operations. 17BALLYâ€™S CORPORATIONNOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (unaudited)For purposes of allocating the transaction price in a wagering contract between the wagering performance obligation and the obligation associated with incentives earned under loyalty programs, the Company allocates an amount to the loyalty program contract liability based on the stand-alone selling price of the incentive earned. The performance obligation related to loyalty program incentives are deferred and recognized as revenue upon redemption by the customer.Revenue RecognitionThe allocated revenue for retail gaming wagers is recognized when the wagering occurs as all such wagers settle immediately. Online gaming revenue is recognized at the point in time when the player completes a gaming session and payout occurs. Sports betting involves a player wagering money on an outcome or series of outcomes. If a player wins the wager, the Company pays the player a pre-determined amount known as fixed odds, and its revenue is recognized as total wagers net of payouts made and incentives awarded to players. Racing revenue includes several of our casinos and resortsâ€™ share of wagering from live racing and the import of simulcast signals, and is recognized upon completion of the wager based upon an established take-out percentage. The estimated retail value related to goods and services provided to customers without charge or upon redemption under the Companyâ€™s player loyalty programs included in departmental revenues, and therefore reducing gaming revenues, are as follows for the three and nine months ended SeptemberÂ 30, 2024 and 2023:Â Three Months EndedSeptember 30,Nine Months EndedSeptember 30,(in thousands)20242023202420232024Hotel$22,697Â $26,367Â $63,603Â $72,925Â Food and beverage21,467Â 21,604Â 61,982Â 60,901Â Retail, entertainment and other2,517Â 3,185Â 7,387Â 8,196Â Â $46,681Â $51,156Â $132,972Â $142,022Â Non-gaming RevenuePerformance ObligationsHotel, food and beverage, and retail, entertainment and other services have been determined to be separate, stand-alone performance obligations and revenue is recognized as the good or service is transferred at the point in time of the transaction. Transaction PriceThe transaction price for hotel, food and beverage, and retail, entertainment and other, is the net amount collected from the customer for such goods and services. The estimated standalone selling price of hotel rooms is determined based on observable prices. The standalone selling price of these goods and services are determined based upon the actual retail prices charged to customers for those items.Revenue RecognitionHotel revenue is recognized when the customer obtains control through occupancy of the room over their stay at the hotel. Advance deposits for hotel rooms are recorded as liabilities until revenue recognition criteria are met. Food, beverage and retail revenues are recognized at the time the goods are sold from Company-operated outlets. Other revenue includes cancellation fees for hotel and meeting space services, which are recognized upon cancellation by the customer, and golf revenues from the Companyâ€™s operations of Ballyâ€™s Golf Links, which are recognized at the time of sale. The Company uses fixed and fixed-cross-currency swaps to hedge its exposure to changes in the foreign exchange rate on its foreign investment in Europe and their exposure to changes in the EUR-GBP exchange rate. Currency forward agreements involve fixing the USD-EUR exchange rate for delivery of a specified amount of foreign currency on a specified date. The currency forward agreements are typically cash settled in USD for their fair value at or close to their settlement date. Cross-currency swaps involve the receipt of functional-currency-fixed-rate amounts from a counterparty in exchange for the Company making foreign-currency-fixed-rate payments over the life of the agreement. These derivative arrangements qualify as net investment hedges under ASC 815, with the gain or loss resulting from changes in the spot value of the derivative reported in other comprehensive income (loss). Amounts are reclassified out of other comprehensive income (loss) into earnings when the hedged net investment is either sold or substantially liquidated. Additionally, the accrual of foreign currency and USD denominated coupons will be recognized in â€œInterest expense, netâ€ in the condensed consolidated statements of operations. The Companyâ€™s interest rate swaps and collars are designated as cash flow hedges under ASC 815. fair value hierarchy as the valuation inputs are based on estimates using currency spot and forward rates and standard pricing models that consider the value of future cash flows as of the balance sheet date, discounted to a present value using discount factors that match both the time to maturity and currency of the underlying instruments. These standard pricing models utilize inputs that are derived from or corroborated by observable market data such as interest rate yield curves as well as currency spot and forward rates. Changes in the fair value of these contracts are reported as a component of other comprehensive income (loss). Sinclair Performance WarrantsSinclair Performance Warrants are accounted for as a derivative instrument classified as a liability within Level 3 of the hierarchy as the warrants are not traded in active markets and are subject to certain assumptions and estimates made by management related to the probability of meeting performance milestones. These assumptions and the probability of meeting performance targets may have a significant impact on the value of the warrant. The Performance Warrants are valued using an option pricing model, considering the Companyâ€™s estimated probabilities of achieving the performance milestones for each tranche. Inputs to this valuation approach include volatility between 40% and 67%, risk free rates between 3.84% and 4.79%, the Companyâ€™s common stock price for each period and expected terms between 1.5 and 6.3 years. The fair value is recorded within â€œCommercial rights liabilitiesâ€ of the condensed consolidated balance sheets.28BALLYâ€™S CORPORATIONNOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (unaudited)Contingent ConsiderationContingent consideration related to acquisitions is recorded at fair value as a liability on the acquisition date and subsequently remeasured at each reporting date, based on significant inputs not observable in the market, which represents a Level 3 measurement within the fair value hierarchy. These changes in fair value are recognized within â€œOther non-operating (expense) income, netâ€ of the condensed consolidated statements of operations. In connection with the acquisitions of SportCaller and Monkey Knife Fight (â€œMKFâ€) in the first quarter of 2021, the Company recorded contingent consideration of $58.7 million. Certain leases include various renewal options which are included in the lease term when the Company has determined it is reasonably certain of exercising the options. Certain of these leases include percentage rent payments based on property revenues and/or rent escalation provisions determined by increases in the consumer price index (â€œCPIâ€). These percentage rent and escalation provisions are treated as variable lease payments and recognized as lease expense in the period in which the obligation for those payments are incurred. Discount rates used to determine the present value of the lease payments are based on the Companyâ€™s incremental borrowing rate commensurate with the term of the lease.The Company had total operating lease liabilities of $1.37 billion and $1.20 billion as of SeptemberÂ 30, 2024 and DecemberÂ 31, 2023, respectively, and right of use assets of $1.26 billion and $1.16 billion as of SeptemberÂ 30, 2024 and DecemberÂ 31, 2023, respectively, which were included in the condensed consolidated balance sheets.GLPI LeasesAs of SeptemberÂ 30, 2024, the Companyâ€™s Ballyâ€™s Evansville, Ballyâ€™s Dover, Ballyâ€™s Quad Cities, Ballyâ€™s Black Hawk, Ballyâ€™s Tiverton and Hard Rock Biloxi properties are leased under the terms of a master lease agreement (the â€œMaster Leaseâ€) with GLPI. All GLPI leases are accounted for as operating leases within the provisions of ASC 842, Leases (â€œASC 842â€), over the lease term or until a re-assessment event occurs. The Master Lease has an initial term of 15 years and includes four, five-year options to renew and requires combined minimum annual payments of $100.5 million, subject to minimum 1% annual escalation or greater escalation dependent on CPI. The renewal options are not reasonably certain of exercise as of SeptemberÂ 30, 2024.On January 3, 2023, the Company completed a transaction with GLP Capital, L.P (â€œGLPâ€)., an affiliate of GLPI, related to the land and real estate assets of Ballyâ€™s Tiverton and Hard Rock Biloxi for total consideration of $625.4Â million. The transaction was structured as a tax-free capital contribution and a substantial portion of the proceeds was used to reduce the Companyâ€™s debt. These properties were added to the Master Lease, increasing minimum annual payments by $48.5Â million. During the nine months ended SeptemberÂ 30, 2023, the Company recorded a gain of $374.3Â million representing the difference in the transaction price and the derecognition of assets. This gain is reflected as â€œLoss (gain) on sale-leaseback, netâ€ in the condensed consolidated statements of operations.In addition to the properties under the Master Lease explained above, the Company leases land associated with Tropicana Las Vegas under a ground lease established with GLPI in 2022. This lease has an initial term of 50 years, with the possibility of extending up to 99 years through renewal options. Annual rent under the lease is $10.5Â million, subject to minimum 1% annual escalation or greater escalation dependent on CPI. As of SeptemberÂ 30, 2024, the renewal options are not considered reasonably certain to be exercised. During the third quarter, the Company modified the lease and GLPI paid $48.6Â million to the Company to fund the demolition of the building at the Tropicana Las Vegas site in exchange for an increase in annual rent of $4.1Â million, also subject to a minimum 1% annual increase or greater based on CPI. This lease modification did not change the lease classification. The cash received is treated as a lessor incentive, leading to an adjustment in the Right of Use asset for the total funding amount. Upon modification, the Lease Liability and Right of Use asset were adjusted to reflect the present value of the increased future lease payment.33BALLYâ€™S CORPORATIONNOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (unaudited)Components of lease expense, included within â€œGeneral and administrativeâ€ in the condensed consolidated statements of operations, for operating leases during the three and nine months ended SeptemberÂ 30, 2024 and 2023 are as follows:Three Months EndedSeptember 30,Nine Months EndedSeptember 30,(in thousands)2024202320242023Operating leases:Operating lease cost$38,847Â $37,695Â $113,135Â $111,470Â Variable lease cost3,216Â 2,668Â 8,825Â 7,503Â Operating lease expense42,063Â 40,363Â 121,960Â 118,973Â Short-term lease expense5,950Â 3,642Â 17,438Â 9,753Â Total lease expense$48,013Â $44,005Â $139,398Â $128,726Â Supplemental cash flow and other information related to operating leases for the three and nine months ended SeptemberÂ 30, 2024 and 2023 are as follows:Three Months EndedSeptember 30,Nine Months EndedSeptember 30,(in thousands)2024202320242023Cash paid for amounts included in the lease liability - operating cash flows from operating leases$33,686Â $32,552Â $98,191Â $97,544Â Right of use assets obtained in exchange for operating lease liabilities$192,085Â $1,748Â $192,716Â $405,407Â Derecognition of financing obligation$(200,000)$â€”Â $(200,000)$â€”Â September 30, 2024DecemberÂ 31, 2023Weighted average remaining lease term28.7 years17.6 yearsWeighted average discount rate8.3Â %7.5Â %As of SeptemberÂ 30, 2024, future minimum lease payments under noncancelable operating leases are as follows:(in thousands)September 30, 2024Remaining 2024$45,280Â 2025163,500Â 2026163,310Â 2027157,982Â 2028160,063Â Thereafter3,476,622Â Total lease payments4,166,757Â Less: present value discount(2,798,523)Lease obligations$1,368,234Â Future minimum lease payments disclosed in the table above include $87.7Â million related to extension options that are reasonably certain of being exercised. The lease with GLP was amended in the third quarter, creating a lease modification event whereby the land components previously classified as a financing obligation were reassessed and now classified as an operating lease. This change was due to the transfer of control of the land asset from the Company to the lessor, which permitted sale recognition in accordance with ASC 842. In July 2023, Diamond commenced litigation against Sinclair, Ballyâ€™s and others as part of its bankruptcy proceedings, challenging a series of transactions between Sinclair and Diamond. One of the 19 counts in the complaint includes Ballyâ€™s as a defendant, alleging that the Commercial Agreement with Sinclair involved fraudulent transfers and unlawful distributions. In the first quarter of 2024, Diamond agreed to settle these claims against all defendants, including Ballyâ€™s. Under the settlement terms, Diamond would receive payments from Sinclair and would reject the Commercial Agreement. Ballyâ€™s would continue to have naming rights on Diamondâ€™s RSNs through the 2024 major league baseball season at no cost to either party (unless Diamond agrees with a new counterparty that will pay for such naming rights). Ballyâ€™s, in turn, would receive a release of all claims Diamond may have against it. Ballyâ€™s obligation to pay Diamond for the naming rights terminated upon the bankruptcy courtâ€™s approval of the settlement terms, which the court approved on March 1, 2024, and the Company derecognized the rights fees liability against the non-cash liability established at December 31, 2023. Ballyâ€™s has recorded a $202.6Â million non-cash liability to reflect the effect of the termination of naming rights on its remaining commercial rights intangible asset originally recorded at the time that the arrangement was agreed, which will occur in the fourth quarter of 2024.38BALLYâ€™S CORPORATIONNOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (unaudited)The Company is a party to other various legal and administrative proceedings which have arisen in the ordinary course of its business. Estimated losses are accrued for these proceedings when the loss is probable and can be estimated. The current liability for the estimated losses associated with these proceedings is not material to the Companyâ€™s consolidated financial condition and those estimated losses are not expected to have a material impact on results of operations. Although the Company maintains what it believes is adequate insurance coverage to mitigate the risk of loss pertaining to covered matters, legal and administrative proceedings can be costly, time-consuming and unpredictable.Although no assurance can be given, the Company does not believe that the final outcome of these matters, including costs to defend itself in such matters, will have a material adverse effect on the companyâ€™s condensed consolidated financial statements. Further, no assurance can be given that the amount or scope of existing insurance coverage will be sufficient to cover losses arising from such matters.Capital Expenditure CommitmentsBallyâ€™s Atlantic City - As part of the regulatory approval process with the State of New Jersey, the Company committed to spend $100Â million in capital expenditures over a five year period to invest in and improve the property. The actual cost of the development may exceed this minimum capital investment requirement. In addition, land acquisition costs and financing costs, among other types of costs, are not counted toward meeting this requirement.City of Chicago GuarantyIn connection with the Host Community Agreement, entered into by Ballyâ€™s Chicago Operating Company, LLC (the â€œDeveloperâ€), a wholly-owned indirect subsidiary of the Company, the Company provided the City of Chicago with a performance guaranty whereby the Company agreed to have and maintain available financial resources in an amount reasonably sufficient to allow the Developer to complete its obligations under the host community agreement. In addition, upon notice from the City of Chicago that the Developer has failed to perform various obligations under the host community agreement, the Company has agreed to indemnify the City of Chicago against any and all liability, claim or reasonable and documented expense the City of Chicago may suffer or incur by reason of any nonperformance of any of the Developerâ€™s obligations.Ballyâ€™s Chicago Casino FeesUnder the Illinois Gambling Act, the Company will be responsible to pay the Illinois Gaming Board a reconciliation fee payment three years after the date operations commenced (in a temporary or permanent facility) in an amount equal to 75% of the adjusted gross receipt (â€œAGRâ€) for the most lucrative 12-month period of operations, minus the amount equal to the initial payment per gaming position paid.Sponsorship CommitmentsAs of SeptemberÂ 30, 2024, the Company has entered into multiple sponsorship agreements with various professional sports leagues and teams. These agreements commit a total of $129.8Â million through 2037 and grant the Company rights to use official league marks for branding and promotions, among other benefits.39BALLYâ€™S CORPORATIONNOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (unaudited)Interactive Technology CommitmentsThe Company has certain multi-year agreements with its various market access and content providers, as well as its online sports betting platform partners, that require the Company to pay variable fees based on revenue, with minimum annual guarantees. As of SeptemberÂ 30, 2024, the cumulative minimum obligation committed in these agreements is approximately $54.7Â million through 2029.18.Â Â Â Â SEGMENT REPORTINGThe Company has three operating and reportable segments: Casinos & Resorts, International Interactive and North America Interactive. The â€œOtherâ€ category includes interest expense for the Company and certain unallocated corporate operating expenses and other adjustments, including eliminations of transactions among segments to reconcile to the Companyâ€™s consolidated results including, among other expenses, share-based compensation, acquisition and other transaction costs and certain non-recurring charges. The Companyâ€™s three reportable segments as of SeptemberÂ 30, 2024 are:Casinos & Resorts - Includes the Companyâ€™s 15 casino and resort properties, one horse racetrack and one golf course.International Interactive - Gamesysâ€™ European and Asian operations.North America Interactive - A portfolio of sports betting, iGaming, and free-to-play gaming brands, and the North American operations of Gamesys.As of SeptemberÂ 30, 2024, the Companyâ€™s operations were predominately in the US, Europe and Asia with a less substantive footprint in other countries world-wide. For geographical reporting purposes, revenue generated outside of the US has been aggregated into the International Interactive reporting segment, and consists primarily of revenue from the UK and Japan. Revenue generated from the UK and Japan represented approximately 28% and 6% of total revenue, respectively, for the three months ended September 30, 2024, approximately 25% and 11%, respectively, for the three months ended September 30, 2023, approximately 27% and 8%, respectively, for the nine months ended September 30, 2024, and approximately 25% and 11%, respectively, for the nine months ended September 30, 2023. The Company does not have any revenues from any individual customers that exceed 10% of total reported revenues. Beginning in the third quarter of 2023, the Company updated its measure of segment performance to Adjusted EBITDAR (defined below) from Adjusted EBITDA. The prior year results presented below were reclassified to conform to the new segment presentation. Management believes segment Adjusted EBITDAR is representative of its ongoing business operations including its ability to service debt and to fund capital expenditures, acquisitions and operations, in addition to it being a commonly used measure of performance in the gaming industry and used by industry analysts to evaluate operations and operating performance. The following table sets forth revenue and Adjusted EBITDAR for the Companyâ€™s three reportable segments and reconciles Adjusted EBITDAR on a consolidated basis to net (loss) income. The Other category is included in the following tables in order to reconcile the segment information to the Companyâ€™s condensed consolidated financial statements.40BALLYâ€™S CORPORATIONNOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (unaudited)Three Months EndedSeptember 30,Nine Months EndedSeptember 30,(in thousands)2024202320242023RevenueCasinos & Resorts$353,358Â $359,026Â $1,038,738Â $1,020,974Â International Interactive230,937Â 243,884Â 695,016Â 737,230Â North America Interactive45,679Â 29,567Â 136,359Â 79,199Â Total$629,974Â $632,477Â $1,870,113Â $1,837,403Â Adjusted EBITDAR(1)Casinos & Resorts$100,442Â $118,184Â $289,661Â $334,312Â International Interactive90,030Â 85,477Â 254,854Â 250,352Â North America Interactive(10,976)(17,561)(27,891)(45,809)Other(13,163)(12,883)(40,377)(46,687)Total166,333Â 173,217Â 476,247Â 492,168Â Operating (expense) incomeRent expense associated with triple net operating leases(2)(28,602)(31,594)(88,575)(94,152)Depreciation and amortization(77,800)(77,487)(316,328)(231,235)Transaction costs(19,788)(20,953)(39,123)(59,405)Restructuring 1,068Â (411)(17,921)(20,673)Tropicana Las Vegas demolition costs(19,643)â€”Â (31,904)â€”Â Share-based compensation(4,099)(6,257)(11,629)(18,587)(Loss) gain on sale-leaseback, net(150,000)â€”Â (150,000)374,321Â Impairment chargesâ€”Â â€”Â (12,757)(9,653)Merger Agreement costs(3)(9,802)â€”Â (11,791)â€”Â Payment Service Provider write-off (4)(6,333)â€”Â (6,333)â€”Â Other(8,989)721Â (15,923)(12,834)Income (loss) from operations(157,655)37,236Â (226,037)419,950Â Other (expense) incomeInterest expense, net of interest income(73,975)(70,630)(221,306)(200,987)Other(49,854)15,528Â (38,370)24,949Â Total other expense, net(123,829)(55,102)(259,676)(176,038)(Loss) income before income taxes(281,484)(17,866)(485,713)243,912Â (Benefit) provision for income taxes33,629Â (43,936)3,748Â (153,029)Net (loss) income$(247,855)$(61,802)$(481,965)$90,883Â _____(1)Â Â Â Â Adjusted EBITDAR is defined as earnings, or loss, for the Company before interest expense, net of interest income, provision (benefit) for income taxes, depreciation and amortization, non-operating (income) expense, acquisition, integration and restructuring expense, share-based compensation, and certain other gains or losses as well as, when presented for our reporting segments, an adjustment related to the allocation of corporate cost among segments, plus rent expense associated with triple net operating leases. The Buyer is acquiring the net-assets, predominantly working capital, of the Carved-Out Business, in exchange for a seven-year term note in the principal amount of â‚¬30Â million, subject to applicable interest. Certain intellectual property used in the Carved-Out Business has been placed in trust, with royalty licensing fees paid to the trust by the Buyer for a term of five years (subject to extension). All royalty licensing fees, net of trustee administrative expenses, are paid to the Company by the trust and are expected to be reported by the Company as licensing revenues. In connection with the separation transaction, the Company will acquire penny warrants that represent a 19.9% fully-diluted interest in the Buyer, which is expected to result in the deconsolidation of the Carved-Out Business. Ballyâ€™s will have no role in the management or operational governance of the Carved-Out Business.The separation transaction is intended to allow Ballyâ€™s to focus its capital and resource allocation on North American and European business, and the Carved-Out Business will benefit from focused management attention and aligned ownership.45Post transaction, the financial statements of the Company will only reflect licensing and royalty revenues received from a trust that it licenses to the Buyer, which are expected to be lower than revenues recorded under the current accounting treatment. However, the licensing and royalty revenues received from the Buyer are expected to be at higher profitability margins, leading to a modest decrease in Income from operations on an annualized basis after giving effect to the transaction. The gain or loss on sale of the net-assets of the Carved-Out Business has not yet been determined as it is subject to valuation procedures and associated goodwill allocation, the release of accumulated currency translation adjustments for the disposed entities, and other post-closing adjustments. The goodwill allocation, as well as the completion of a re-assessment of the Companyâ€™s goodwill reporting units and long-lived asset groups upon completion of the separation transaction, could result in material impairment charges. Long-lived assets, predominantly intellectual property (including those to be held in trust), subject to the cash flows of the Carved-Out Business are $332.0 million as of September 30, 2024.Operating StructureOur business is organized into three reportable segments: (i) Casinos & Resorts, (ii) International Interactive, and (iii) North America Interactive.Casinos & Resorts - includes our 15 land-based casino properties, one horse racetrack and one golf course:Property NameLocationBallyâ€™s Atlantic City Casino Resort (â€œBallyâ€™s Atlantic Cityâ€)Atlantic City, New JerseyBallyâ€™s Black Hawk(1)(2)Black Hawk, ColoradoBallyâ€™s Chicago Casino (â€œBallyâ€™s Chicagoâ€)(2)(3)Chicago, IllinoisBallyâ€™s Dover Casino Resort (â€œBallyâ€™s Doverâ€)(2)Dover, DelawareBallyâ€™s Evansville Casino & Hotel (â€œBallyâ€™s Evansvilleâ€)(2)Evansville, IndianaBallyâ€™s Kansas City Casino (â€œBallyâ€™s Kansas Cityâ€)Kansas City, MissouriBallyâ€™s Lake Tahoe Casino Resort (â€œBallyâ€™s Lake Tahoeâ€)Lake Tahoe, NevadaBallyâ€™s Quad Cities Casino & Hotel (â€œBallyâ€™s Quad Citiesâ€)(2)Rock Island, IllinoisBallyâ€™s Shreveport Casino & Hotel (â€œBallyâ€™s Shreveportâ€)Shreveport, LouisianaBallyâ€™s Tiverton Casino & Hotel (â€œBallyâ€™s Tivertonâ€)(2)Tiverton, Rhode IslandBallyâ€™s Twin River Lincoln Casino Resort (â€œBallyâ€™s Twin Riverâ€)Lincoln, Rhode IslandBallyâ€™s Vicksburg Casino (â€œBallyâ€™s Vicksburgâ€)Vicksburg, MississippiHard Rock Hotel & Casino Biloxi (â€œHard Rock Biloxiâ€)(2)Biloxi, MississippiBallyâ€™s Arapahoe ParkAurora, ColoradoBallyâ€™s Golf Links at Ferry Point (â€œBallyâ€™s Golf Linksâ€)Bronx, New York_____(1)Â Â Â Â Consists of three casino properties: Ballyâ€™s Black Hawk North Casino, Ballyâ€™s Black Hawk West Casino and Ballyâ€™s Black Hawk East Casino.(2)Â Â Â Â Properties leased from Gaming and Leisure Properties, Inc. The Regulatory Agreement contains financial and other covenants that, among other things, (i) restrict the acquisition of stock and other financial interests in us, (ii) relate to the licensing and composition of members of our management and Board of Directors (the â€œBoardâ€), (iii) prohibit certain competitive activities and related-party transactions and (iv) restrict our ability to declare or make restricted payments (including dividends), incur additional indebtedness or take certain other actions, if our leverage ratio exceeds 5.50 to 1.00 (in general being gross debt divided by Adjusted EBITDA, each as defined in the Regulatory Agreement). The Regulatory Agreement also provides affirmative obligations, including setting a minimum number of employees that we must employ in Rhode Island and providing the DBR and DoL with periodic information updates about us. Among other things, the Regulatory Agreement prohibits us and our subsidiaries from owning, operating, managing or providing gaming specific goods and services to any properties in Rhode Island (other than Ballyâ€™s Twin River and Ballyâ€™s Tiverton), Massachusetts, Connecticut or New Hampshire. A failure to comply with the Regulatory Agreement could subject us to injunctive or monetary relief, payments to the Rhode Island regulatory agencies and ultimately the revocation or suspension of our licenses to operate in Rhode Island.In addition, our master contracts with Rhode Island extended through June 30, 2043, and allow for consolidation of promotional points between Ballyâ€™s Twin River and Ballyâ€™s Tiverton, obligate Ballyâ€™s Twin River to build a 50,000 square foot expansion, obligate Ballyâ€™s to lease at least 20,000 square feet of commercial space in Providence, and commit us to invest $100 million in Rhode Island over the term, including an expansion and the addition of new amenities at Ballyâ€™s Twin River. As a licensed Technology Provider since July 1, 2021, Ballyâ€™s Twin River is entitled to an additional share of net terminal income on Video Lottery Terminals (â€œVLTsâ€) which they owned or leased. June 2021 legislation in Rhode Island also authorized a joint venture between Ballyâ€™s and IGT Global Solutions Corporation (â€œIGTâ€) to become a licensed technology provider and supply the State of Rhode Island with all VLTs at both Ballyâ€™s Twin River and Ballyâ€™s Tiverton for a 20.5-year period starting January 1, 2023. The joint venture was organized as the Rhode Island VLT Company, LLC, with IGT owning 60% of the membership interests and Ballyâ€™s or its affiliates owning 40% of the membership interests (â€œRI Joint Ventureâ€). On December 30, 2022, Ballyâ€™s Twin River and Ballyâ€™s Tiverton purchased additional machines directly from IGT to effectively own 40% of the machines. On January 1, 2023, Ballyâ€™s Twin River and Ballyâ€™s Tiverton contributed all of their machines to the RI Joint Venture in return for an aggregate 40% membership interest, and IGT contributed all of their machines at Ballyâ€™s Twin River and Ballyâ€™s Tiverton to the RI Joint Venture in return for a 60% membership interest.Macroeconomic and Other FactorsOur business is subject to risks caused by global economic challenges, including those caused by public health crises such as the COVID-19 pandemic, the impact of global and regional conflicts, rising inflation, rising interest rates and supply-chain disruptions, that can cause economic uncertainty and volatility. These challenges can negatively impact discretionary consumer spending and could result in a reduction in visitors to our properties, including those that stay in our hotels, or discretionary spending by our customers on entertainment and leisure activities. In addition, inflation generally affects our business by increasing our cost of labor. In periods of sustained inflation, it may be difficult to effectively control such increases to our costs and retain key personnel.Key Performance IndicatorsThe key performance indicator used in managing our business is consolidated Adjusted EBITDA and segment Adjusted EBITDAR which are non-GAAP measures. Adjusted EBITDA is defined as earnings, or loss, for the Company, or where noted its reporting segments, before, in each case, interest expense, net of interest income, provision (benefit) for income taxes, depreciation and amortization, non-operating (income) expense, acquisition and other transaction related costs, share-based compensation and certain other gains or losses as well as, when presented for our reporting segments, an adjustment related to the allocation of corporate cost among segments. Segment Adjusted EBITDAR is Adjusted EBITDA (as defined above) for the Companyâ€™s reportable segments, plus rent expense associated with triple net operating leases with GLPI for the real estate assets used in the operation of the Ballyâ€™s casinos and the assumption of the lease for real estate and land underlying the operations of the Ballyâ€™s Lake Tahoe property. 47We use consolidated Adjusted EBITDA and segment Adjusted EBITDAR to analyze the performance of our business and they are used as determining factors for performance-based compensation for members of our management team. We use consolidated Adjusted EBITDA and segment Adjusted EBITDAR when evaluating operating performance because we believe that the inclusion or exclusion of certain recurring and non-recurring items is necessary to provide a more fulsome understanding of our core operating results and as a means to evaluate period-to-period performance. Also, we present consolidated Adjusted EBITDA and segment Adjusted EBITDAR because they are used by some investors and creditors as indicators of the strength and performance of ongoing business operations, including our ability to service debt, and to fund capital expenditures, acquisitions and operations. These calculations are commonly used as a basis for investors, analysts and credit rating agencies to evaluate and compare operating performance and value companies within our industry. Consolidated Adjusted EBITDA and segment Adjusted EBITDAR information is presented because management believes that they are commonly used measures of performance in the gaming industry and that they are considered by many to be key indicators of our operating results. Consolidated Adjusted EBITDAR is used outside of our financial statements solely as a valuation metric. Consolidated Adjusted EBITDAR is defined as consolidated Adjusted EBITDA plus rent expense associated with triple net operating leases. Consolidated Adjusted EBITDAR is an additional metric used by analysts in valuing gaming companies subject to triple net leases since it eliminates the effects of variability in leasing methods and capital structures. This metric is included as supplemental disclosure because (i) we believe Consolidated Adjusted EBITDAR is used by gaming operator analysts and investors to determine the equity value of gaming operators and (ii) financial analysts refer to Consolidated Adjusted EBITDAR when valuing our business. We believe Consolidated Adjusted EBITDAR is useful for equity valuation purposes because (i) its calculation isolates the effects of financing real estate, and (ii) using a multiple of Consolidated Adjusted EBITDAR to calculate enterprise value allows for an adjustment to the balance sheet to recognize estimated liabilities arising from operating leases related to real estate. Consolidated Adjusted EBITDA and segment Adjusted EBITDAR should not be construed as alternatives to net income, the most directly comparable GAAP measure, as indicators of our performance. In addition, consolidated Adjusted EBITDA and segment Adjusted EBITDAR as used by us may not be defined in the same manner as other companies in our industry, and, as a result, may not be comparable to similarly titled non-GAAP financial measures of other companies. Consolidated Adjusted EBITDAR should not be viewed as a measure of overall operating performance or considered in isolation or as an alternative to net income, because it excludes the rent expense associated with our triple net operating leases with GLPI and the lease for real estate and land underlying the operations of the Ballyâ€™s Lake Tahoe property.Third Quarter 2024 and First Nine Months 2024 ResultsThe following table presents, for the periods indicated, certain revenue and income items:Â Three Months Ended September 30,Nine Months Ended September 30,(in millions)20242023202420232Total revenue$630.0Â $632.5Â $1,870.1Â $1,837.4Â (Loss) income from operations(157.7)37.2Â (226.0)420.0Â Net (loss) income(247.9)(61.8)(482.0)90.9Â 48The following table presents, for the periods indicated, certain income and expense items expressed as a percentage of total revenue:Â Three Months EndedSeptember 30,Nine Months EndedSeptember 30,Â 2024202320242023Total revenue100.0Â %100.0Â %100.0Â %100.0Â %Gaming and non-gaming expenses45.4Â %45.4Â %45.7Â %45.1Â %General and administrative43.4Â %36.5Â %41.4Â %39.8Â %Loss (gain) on sale-leaseback, net23.8Â %â€”Â %8.0Â %(20.4)%Depreciation and amortization12.3Â %12.3Â %16.9Â %12.6Â %Total operating costs and expenses125.0Â %94.1Â %112.1Â %77.1Â %(Loss) income from operations(25.0)%5.9Â %(12.1)%22.9Â %Other (expense) income:Â Â Â Interest expense, net(11.7)%(11.2)%(11.8)%

We saw total revenue increase in our Casinos & Resorts reportable segment, mainly due to the inclusion of our Ballyâ€™s Chicago temporary casino property, which contributed approximately $32.6 million and $64.2 million during the three and nine months ended September 30, 2024, respectively, partially offset by the incremental decrease in revenue associated with the closure of our Tropicana Las Vegas property during the second quarter of 2024 of approximately $25.0 million and $32.1 million, respectively. Additionally, the expanded operating jurisdictions within our North America Interactive reportable segment contributed incremental revenue of approximately $7.8 million and $33.9 million for the three and nine months ended September 30, 2024, respectively, compared to the prior year.Gaming and Non-gaming ExpensesGaming and non-gaming expenses for the three months ended September 30, 2024 decreased $0.9 million, from $287.2 millionÂ in 2023, and for the nine months ended September 30, 2024 increased $27.0 million, from $828.4 millionÂ in 2023. The overall increase in gaming and non-gaming expenses from the prior year was mainly attributable to the inclusion of expenses from our recently opened Ballyâ€™s Chicago temporary casino which contributed approximately $13.9 million and $46.9 million to the increase in both gaming and non-gaming expenses during the three and nine months ended September 30, 2024, respectively, partially offset by the incremental decrease in expense associated with the closure of our Tropicana Las Vegas property of $13.8 million and $28.9 million, respectively. General and AdministrativeGeneral and administrative expense for the three months ended September 30, 2024 increased $43.0 million from $230.6 millionÂ in the same period last year, and for the nine months ended September 30, 2024 increased $42.3 million from $732.1 millionÂ in the same period last year. The year to date fluctuation in general and administrative expense is primarily attributable to higher operating expenses associated with the opening of our Ballyâ€™s Chicago property and increased Merger Agreement costs in the current year, offset by decreased acquisition and integration costs and severance and employee related restructuring costs compared to prior year. Depreciation and AmortizationDepreciation and amortization for the three months ended September 30, 2024 was $77.8 million, an increase of $0.3 million compared to the same period last year, and for the nine months ended September 30, 2024 was $316.3 million, an increase of $85.1 million compared to the same period last year. The year to date increase was primarily driven by our Tropicana Las Vegas property, where we recorded accelerated depreciation of $80.1 million on assets as a result of the recent closure of the property on April 2, 2024. 51Income (Loss) From OperationsLoss from operations was $157.7 million for the three months ended September 30, 2024 compared to income from operations of $37.2 million in the same period last year. Loss from operations was $226.0 million for the nine months ended September 30, 2024 compared to income from operations of $420.0 million in the same period last year. The change year-over-year was driven by the loss on sale-leaseback of $150.0 million related to the lease modification event involving the real estate underlying the Ballyâ€™s Chicago project in the current year, compared to the gain on sale-leaseback of $374.3 million recorded during the first quarter of 2023 related to our Hard Rock Biloxi and Ballyâ€™s Tiverton properties, combined with the depreciation at our Tropicana Las Vegas property in the current year, as noted above. Other Income (Expense)Total other expense increased $68.7 million to $123.8 million for the three months ended September 30, 2024 from $55.1 million, and increased $83.6 million to $259.7 million for the nine months ended September 30, 2024 from $176.0 million, each compared to the same periods last year. The increase in other expense was primarily attributable to an increase in interest expense due to higher interest rates of our borrowings year-over-year and increased foreign currency losses, partially offset by increased interest income recognized on our derivative instruments. Provision (Benefit) for Income TaxesBenefit for income taxes for the three and nine months ended September 30, 2024 was $33.6 million and $3.7 million, respectively, compared to provision for income taxes of $43.9 million and $153.0 million for the three and nine months ended September 30, 2023, respectively. The effective year to date tax rate for 2024 was 0.8% compared to 62.7% in the prior year. The 2024 year to date effective tax rate differed from the US federal statutory tax rate of 21%, creating a benefit for income tax on the Companyâ€™s Loss before income taxes, largely due to an increase in the valuation allowance, entirely offset by discrete tax asset related to the sale-leaseback transaction involving the real estate underlying the Ballyâ€™s Chicago project. The 2023 year to date effective tax rate was higher than the US federal statutory tax rate of 21%, largely due to an increase in the valuation allowance and a tax liability for a discrete item related to the deferred gain on sale-leaseback transactions in Mississippi and Rhode Island.On December 15, 2022, the European Union (â€œEUâ€) Member States formally adopted the EUâ€™s Pillar Two Directive, which generally provides for a minimum effective tax rate of 15%, as established by the Organization for Economic Co-operation and Development Pillar Two Framework that was supported by over 130 countries worldwide. The EU effective dates are January 1, 2024 and January 1, 2025, for different aspects of the directive. A significant number of other countries are also implementing similar legislation. The estimated impact of this directive is immaterial to the Companyâ€™s consolidated financial statements in the current year.Net Income (Loss) and Earnings (Loss) Per ShareNet loss for the three months ended September 30, 2024 was $247.9 million, or $(5.10) per diluted share, compared to $61.8 million, or $(1.15) per diluted share, for the three months ended September 30, 2023. Net loss for the nine months ended September 30, 2024 was $482.0 million, or $(9.96) per diluted share, compared to net income of $90.9 million, or $1.67 per diluted share, for the nine months ended September 30, 2023. Adjusted EBITDA and Adjusted EBITDAR by SegmentConsolidated Adjusted EBITDA was $137.7 million for the three months ended SeptemberÂ 30, 2024 compared to $141.6 million for the same period last year. Consolidated Adjusted EBITDA was $387.7 million for the nine months ended SeptemberÂ 30, 2024, a decrease of $10.3 million, or 2.6%, from $398.0 million in the same period last year.Adjusted EBITDAR for the Casinos & Resorts segment for the three months ended SeptemberÂ 30, 2024 decreased $17.7 million to $100.4 million and for the nine months ended SeptemberÂ 30, 2024 decreased $44.7 million to $289.7 million, each compared to the same prior year periods. These decreases were primarily attributable to weather impacts across multiple properties and the closure of the Tropicana Las Vegas in the current year, partially offset by the inclusion of Ballyâ€™s Chicago that opened at the end of the third quarter of 2023.52Adjusted EBITDAR for the International Interactive segment increased $4.6 million to $90.0 million and increased $4.5 million to $254.9 million for the three and nine months ended SeptemberÂ 30, 2024, respectively, compared to the same prior year periods, driven by softness in our non-UK operations year-over-year, offset by stronger performance in the United Kingdom in the current year.Adjusted EBITDAR loss for the North America Interactive segment for the three months ended SeptemberÂ 30, 2024 was $(11.0) million compared to an adjusted EBITDAR loss of $(17.6) million for the three months ended SeptemberÂ 30, 2023. For the nine months ended SeptemberÂ 30, 2024, adjusted EBITDAR loss was $(27.9) million compared to an adjusted EBITDAR loss of $(45.8) million for the nine months ended SeptemberÂ 30, 2023. The decrease in adjusted EBITDAR losses is largely driven by expanded operating jurisdictions and stronger performance in iGaming and sportsbook in the current year.The following table presents segment Adjusted EBITDAR, which is our reportable segment GAAP measure and our primary measure for profit or loss for our reportable segments, and consolidated Adjusted EBITDA. The following table reconciles consolidated Adjusted EBITDA, which is a non-GAAP measure, to net income (loss), as derived from our financial statements (in thousands): 53Three Months EndedSeptember 30,Nine Months EndedSeptember 30,(in thousands)20242023202420232RevenueCasinos & Resorts$353,358Â $359,026Â $1,038,738Â $1,020,974Â International Interactive230,937Â 243,884Â 695,016Â 737,230Â North America Interactive45,679Â 29,567Â 136,359Â 79,199Â Total$629,974Â $632,477Â $1,870,113Â $1,837,403Â Adjusted EBITDARCasinos & Resorts$100,442Â $118,184Â $289,661Â $334,312Â International Interactive90,030Â 85,477Â 254,854Â 250,352Â North America Interactive(10,976)(17,561)(27,891)(45,809)Other(13,163)(12,883)(40,377)(46,687)Total166,333Â 173,217Â 476,247Â 492,168Â Rent expense associated with triple net operating leases(1)(28,602)(31,594)(88,575)(94,152)Adjusted EBITDA137,731Â 141,623Â 387,672Â 398,016Â Interest expense, net of interest income(73,975)(70,630)(221,306)(200,987)Benefit (provision) for income taxes33,629Â (43,936)3,748Â (153,029)Depreciation and amortization(77,800)(77,487)(316,328)(231,235)Non-operating (income) expense(2)(22,122)4,276Â (19,992)13,528Â Foreign exchange (loss) gain(30,246)8,459Â (26,447)2,512Â Transaction costs(3)(19,788)(20,953)(39,123)(59,405)Restructuring charges(4)1,068Â (411)(17,921)(20,673)Tropicana Las Vegas demolition costs(5)(19,643)â€”Â (31,904)â€”Â Decommissioning costs(6)â€”Â â€”Â (2,343)Share-based compensation(4,099)(6,257)(11,629)(18,587)(Loss) gain on sale-leaseback, net(7)(150,000)â€”Â (150,000)374,321Â Planned business divestiture(8)â€”Â (35)â€”Â (2,089)Impairment charges(9)â€”Â â€”Â (12,757)(9,653)Merger Agreement costs(10)(9,802)â€”Â (11,791)â€”Â Payment Service Provider write-off (11)(6,333)â€”Â (6,333)â€”Â Other(12)(6,475)3,549Â (7,854)507Â Net (loss) income$(247,855)$(61,802)$(481,965)$90,883Â _____(1)Â Â Â Â Consists of the operating lease components contained within our triple net master lease with GLPI for the real estate assets used in the operation of Ballyâ€™s Evansville, Ballyâ€™s Dover, Ballyâ€™s Quad Cities, Ballyâ€™s Black Hawk, Hard Rock Biloxi and Ballyâ€™s Tiverton, the individual triple net lease with GLPI for the land underlying Tropicana Las Vegas, through its closure in April 2024, and the triple net lease assumed in connection with the acquisition of Ballyâ€™s Lake Tahoe for real estate and land underlying the operations of the Ballyâ€™s Lake Tahoe facility.(2)Â Â Â Â Non-operating (income) expense includes: (i) change in value of commercial rights liabilities, (ii) gain on extinguishment of debt, (iii) non-operating items of equity method investments including our share of net income or loss on an investment and depreciation expense related to our Rhode Island joint venture, and (iv) other (income) expense, net.(3)Â Â Â Â Includes acquisition, integration and other transaction related costs, financing costs incurred in connection with the prior year sale lease-back transaction.(4)Â Â Â Â Restructuring charges representing the severance and employee related benefits related to the announced Interactive business restructuring initiatives and the closure of the Companyâ€™s Tropicana Las Vegas property on April 2, 2024.(5)Â Â Â Â Demolition costs associated with the Tropicana Las Vegas property which is part of the plan to redevelop the site with a state-of-the-art integrated resort and ballpark. Refer to Item 7 of the Companyâ€™s Annual Report on Form 10-K for the year ended DecemberÂ 31, 2023 for a complete list of our Critical Accounting Estimates. Recent Accounting Pronouncements Refer to Note 4 â€œRecently Issued Accounting Pronouncementsâ€ in Part I, Item 1 of this Quarterly Report on Form 10-Q for a description of recent accounting pronouncements that affect us.Liquidity and Capital Resources OverviewWe are a holding company. Our ability to fund our obligations depends on existing cash on hand, cash flow from our subsidiaries and our ability to raise capital. Our primary sources of liquidity and capital resources have been cash on hand, cash flow from operations, borrowings under our Revolving Credit Facility (as defined herein) and proceeds from the issuance of debt and equity securities. We assess liquidity in terms of the ability to generate cash or obtain financing in order to fund operating, investing and debt service requirements. Our primary ongoing cash requirements include the funding of operations, capital expenditures, acquisitions and other investments in line with our business strategy and debt repayment obligations and interest payments. Our strategy has been to maintain moderate leverage and substantial capital resources in order to take advantage of opportunities, to invest in our businesses and acquire properties at what we believe to be attractive valuations. As such, we have continued to invest in our land-based casino business and build on our interactive/iGaming gaming business. We believe that existing cash balances, operating cash flows and availability under our Revolving Credit Facility, as explained below, will be sufficient to meet funding needs for operating, capital expenditure and debt service purposes. The decrease in cash provided by operating activities was primarily driven by the changes in working capital, offset by increased foreign currency losses in the current year.55Investing ActivitiesNet cash used in investing activities for the nine months ended SeptemberÂ 30, 2024 was $191.1 million, an increase of $188.8 millionÂ compared to net cash used in investing activities of $2.2 million for the nine months ended SeptemberÂ 30, 2023. This change was primarily driven by the proceeds from sale-leaseback transactions in the prior year and a decrease in cash paid for acquisitions and capital expenditures year-over-year. Financing ActivitiesNet cash provided by financing activities for the nine months ended SeptemberÂ 30, 2024 was $75.7 million compared to net cash used in financing activities of $79.6 million for the nine months ended SeptemberÂ 30, 2023. This increase was mainly attributable to an increase in long-term debt borrowings offset by higher payments made year-over-year and a decrease in stock repurchases. Capital Return Program As of

SeptemberÂ 30, 2024, there was $95.5 million available for use under the capital return program, subject to limitations in our regulatory and debt agreements. Future share repurchases may be effected in various ways, which could include open-market or private repurchase transactions, accelerated stock repurchase programs, tender offers or other transactions. The amount, timing and terms of any return of capital transaction will be determined based on prevailing market conditions and other factors. There is no fixed time period to complete share repurchases.We did not pay cash dividends during the nine months ended SeptemberÂ 30, 2024 or 2023, nor do we currently intend to pay any dividends on our common stock in the foreseeable future. Any future determinations relating to our dividend policies will be made at the discretion of our Board and will depend on conditions then existing, including our financial condition, results of operations, contractual restrictions, capital and regulatory requirements and other factors our Board may deem relevant.Debt and Lease ObligationsSenior NotesOn August 20, 2021, we issued $750.0 million aggregate principal amount of 5.625% senior notes due 2029 and $750.0 million aggregate principal amount of 5.875% Senior Notes due 2031 (together, the â€œSenior Notesâ€). The indenture governing the Senior Notes contains covenants that limit the ability of the Company and its restricted subsidiaries to, among other things, (i) incur additional indebtedness, (ii) pay dividends on or make distributions in respect of capital stock or make certain other restricted payments or investments, (iii) enter into certain transactions with affiliates, (iv) sell or otherwise dispose of assets, (v) create or incur liens and (vi) merge, consolidate or sell all or substantially all of the Companyâ€™s assets. These covenants are subject to exceptions and qualifications set forth in the indenture.Credit FacilityOn October 1, 2021, we entered into the Credit Agreement providing for a senior secured term loan facility in an aggregate principal amount of $1.945 billion (the â€œTerm Loan Facilityâ€), which will mature in 2028, and a senior secured revolving credit facility in an aggregate principal amount of $620.0 million (the â€œRevolving Credit Facilityâ€), which will mature in 2026. The credit facilities allow us to increase the size of the Term Loan Facility or request one or more incremental term loan facilities or increase commitments under the Revolving Credit Facility or add one or more incremental revolving facilities in an aggregate amount not to exceed the greater of $650 million and 100% of the Companyâ€™s consolidated EBITDA for the most recent four-quarter period plus or minus certain amounts as specified in the Credit Agreement, including an unlimited amount subject to compliance with a consolidated total secured net leverage ratio. 56The credit facilities contain covenants that limit the ability of the Company and its restricted subsidiaries to, among other things, incur additional indebtedness, pay dividends or make certain other restricted payments, sell assets, make certain investments, and grant liens. These covenants are subject to exceptions and qualifications set forth in the Credit Agreement. The Revolving Credit Facility also includes certain financial covenants the Company is required to maintain throughout the term of the credit facility. These financial covenants include a provision where, in the event borrowings under the Revolving Credit Facility exceed 30% of the total revolving commitment, the Company is required to maintain a first lien secured indebtedness to Adjusted EBITDA ratio of 5.00 to 1.00. As of SeptemberÂ 30, 2024, the Company was in compliance with all applicable covenants.During 2023, the Company entered into certain currency swaps to synthetically convert $500 million of its Term Loan Facility to an equivalent fixed-rate Euro-denominated instrument, due October 2028, with a weighted average fixed interest rate of approximately 6.69% per annum. The Company also entered into additional currency swaps to synthetically convert $200 million, notional, of its floating rate Term Loan Facility, to an equivalent GBP-denominated floating rate instrument, due October 2026. Additionally, as part of the Companyâ€™s risk management program to manage its overall interest rate exposure, the Company entered into a notional aggregate amount of $500 million interest rate collar arrangements maturing in 2028 where the Companyâ€™s SOFR floating rate interest under its Term Loan Facility is capped at 4.25%, with a weighted average SOFR floor rate of 3.22%, pursuant to the interest rate collar arrangements.In the third quarter of 2024, the Company settled $500.0Â million of notional interest rate collars and received $3.9Â million in termination payments, reflecting the fair value on the settlement date. Additionally, the Company simultaneously entered into a series of interest rate contracts in a notional aggregate amount of $1.00 billion, to further manage the Companyâ€™s exposure to interest rate movements associated with the Companyâ€™s variable rate Term Loan Facility through its synthetic conversion to fixed rate debt. The tenor of these contracts were matched with the maturity of the Term Loan Facility tranche maturing on October 1, 2028.Refer to Note 10 â€œDerivative Instrumentsâ€ and Note 14 â€œLong-Term Debtâ€ in Part I, Item 1 of this Quarterly Report on Form 10-Q for further information.Operating Leases The Company is committed under various operating lease agreements for real estate and property used in operations. Minimum rent payable under operating leases was $4.17 billion as of SeptemberÂ 30, 2024, of which $45.3 million is due within the current year. Refer to Note 15 â€œLeasesâ€ in Part I, Item 1 of this Quarterly Report on Form 10-Q for further information.GLPI LeasesAs of SeptemberÂ 30, 2024, the Companyâ€™s Ballyâ€™s Evansville, Ballyâ€™s Dover, Ballyâ€™s Quad Cities, Ballyâ€™s Black Hawk, Ballyâ€™s Tiverton and Hard Rock Biloxi properties were leased under the terms of a master lease agreement (the â€œMaster Leaseâ€) with GLPI. The Master Lease has an initial term of 15 years and includes four, five-year options to renew and requires combined minimum annual payments of $100.5 million, subject to a minimum 1% annual escalation or greater escalation dependent on CPI. During 2023, the Companyâ€™s Ballyâ€™s Tiverton and Hard Rock Biloxi properties were added to the Master Lease on January 3, 2023, as a result of a transaction with GLP Capital, L.P. (â€œGLPâ€), an affiliate of GLPI, related to the land and real estate assets for a total consideration of $625.4 million. The transaction was structured as a tax-free capital contribution and a substantial portion of the proceeds were used to reduce the Companyâ€™s debt. These properties increased the minimum annual payments under the Master Lease by $48.5 million.In addition to the properties under the Master Lease, the Company leases the land associated with Tropicana Las Vegas. This lease has an initial term of 50 years (with a maximum term of 99 years with renewal options) at annual rent of $10.5Â million, subject to minimum 1% annual escalation or greater escalation dependent on CPI. During the third quarter, the Company entered into a lease modification, whereby GLPI funded $48.6Â million to the Company for the demolition of the building at the Tropicana Las Vegas site in exchange for increasing annual rent by $4.1Â million. 57In the third quarter of 2024, GLP acquired the real estate underlying the Ballyâ€™s Chicago project, assuming the existing lease, for which the Company was subject to a $200.0Â million financing obligation. Reclassifying the lease as an operating lease due to the transfer of control of the land asset from the Company to the lessor, permitted sale recognition, resulting in the Company derecognizing the $350.0Â million land asset and the $200.0Â million the long-term financing obligation, and recording a $150.0Â million loss on sale-leaseback. Additionally, in the third quarter of 2024, the Company entered into a Binding Term Sheet to form a strategic construction and financing arrangement with GLP, which includes the funding to complete the construction of Ballyâ€™s Chicago permanent casino. GLP will amend the existing land lease through a new master lease agreement with Ballyâ€™s Chicago Operating Company, LLC (â€œChicago MLAâ€). The Chicago MLA includes annual rent of $20Â million, subject to customary escalation provisions. The Chicago MLA will also provide up to $940Â million in construction financing, subject to conditions and approvals. The Company will pay additional rent under the Chicago MLA based on a 8.5% capitalization rate on funded amounts. The initial lease term for the Chicago MLA is 15 years with renewal options to be agreed upon by the parties. The Company will also sell and lease back from GLP its properties in Kansas City and Shreveport for $395 million, with initial annual rent of $32.2 million, subject to escalation. In addition, the Company plans to sell and lease back its Ballyâ€™s Twin River property to GLP by 2026 for $735 million, with initial annual rent of $58.8 million. GLP has the right to call this transaction starting October 2026. All such transactions are subject to required regulatory approvals.Capital ExpendituresCapital expenditures are accounted for as either project, maintenance or capitalized software expenditures. Project capital expenditures are for fixed asset additions that expand an existing facility or create a new facility. Maintenance capital expenditures are expenditures to replace existing fixed assets with a useful life greater than one year that are obsolete, worn out or no longer cost effective to repair, along with spending on other small projects that do not fit into the project category. Capitalized software expenditures relate to the creation, production and preparation of software for use in our online gaming operations.For the nine months ended SeptemberÂ 30, 2024, capital expenditures were $155.8 million compared to $266.2 million in the same period last year. During the nine months ended SeptemberÂ 30, 2024, we continued our spending on our planned projects and maintenance at our casino properties, the most significant being our future Ballyâ€™s Chicago permanent facility. Ballyâ€™s Twin River - In connection with our partnership with IGT, we have committed to invest $100 million in Ballyâ€™s Twin River over the term of our master contract, ending in 2043, with Rhode Island to expand the property and add additional amenities along with other capital improvements. As a major component of this, we have constructed and opened a 14,000 square foot Korean-style spa, and a 40,000 square foot casino expansion, both of which opened in the first half of 2023. Approximately $48.2Â million of the committed investment remains as of SeptemberÂ 30, 2024. Ballyâ€™s Atlantic City - Construction on our Ballyâ€™s Atlantic City property commenced in 2021. We are committed to invest approximately $100 million over five years to refurbish and upgrade Ballyâ€™s Atlantic Cityâ€™s facilities and expand its amenities, including renovated hotel rooms and suites, outdoor beer hall and lobby bar. As of SeptemberÂ 30, 2024, all investment requirements had been met and noÂ commitment to invest in non-hotel projects remains.Centre County, PA - In September 2024, we issued a termination notice to cancel the framework agreement entered into on December 31, 2020 to design, develop, construct and manage a Category 4 licensed casino in Centre County, Pennsylvania. We concluded that market circumstances have changed and that such development at this point no longer fits with our strategic objectives. In accordance with the provisions of the framework agreement, we paid a termination fee of $5 million and the charge is reflected the quarter ending September 30, 2024.58Ballyâ€™s Chicago - On June 9, 2022, a wholly-owned indirect subsidiary of the Company, Ballyâ€™s Chicago Operating Company, LLC (the â€œDeveloperâ€), signed a host community agreement with the City of Chicago to develop a destination casino resort, to be named Ballyâ€™s Chicago, in downtown Chicago, Illinois that will include approximately 3,400 slot machines, 170 table games, 10 food and beverage venues, 500 hotel rooms, a 65,000 square foot entertainment and event center, 20,000 square feet of exhibition space, 3,300 parking spaces and an outdoor green space. The project also provides the Company with the exclusive right to operate a temporary casino for up to three years while the permanent casino resort is constructed. The temporary casino commenced operations on September 9, 2023 at the Medinah Temple and includes approximately 800 gaming positions and 3 food and beverage venues. The Company currently estimates the permanent casino construction to be completed by the end of 2026. In 2024, we estimate spending of approximately $190.2 million primarily dedicated to demolition and site preparation. We expect future funding of the permanent casino construction to be financed through the GPLI agreement noted above. In connection with the entry into the host community agreement with the City of Chicago, the Company will be required to pay annual fixed host community impact fees of $4.0 million. Additionally, in connection with the host community agreement, the Company provided the City of Chicago with a performance guaranty whereby the Company agreed to have and maintain available financial resources in an amount reasonably sufficient to allow the Developer to complete its obligations under the host community agreement. In addition, upon notice from the City of Chicago that the Developer has failed to perform various obligations under the host community agreement, the Company has indemnified the City of Chicago against any and all liability, claim or reasonable and documented expense the City of Chicago may suffer or incur by reason of any nonperformance of any of the Developerâ€™s obligations.In furtherance of these obligations, the host community agreement requires us to spend at least $1.34 billion on the design, construction and outfitting of our temporary casino and our permanent resort and casino. The actual cost of the development may exceed this minimum capital investment requirement. In addition, land acquisition costs and financing costs, among other types of costs, do not count towards satisfying such minimum expenditure.Other Contractual ObligationsSponsorship Commitments - The Company has entered into several sponsorship agreements with various professional sports leagues and teams, allowing the Company use of official league marks for branding and promotions, among other rights. As of SeptemberÂ 30, 2024, obligations related to these agreements were $129.8Â million, with contracts extending through 2037.Interactive Technology Partnerships - The Company has certain multi-year agreements with its various market access and content providers, as well as its online sports betting platform partners, that require the Company to pay variable fees based on revenue, with minimum annual guarantees. As of SeptemberÂ 30, 2024, the cumulative minimum obligation committed in these agreements is approximately $54.7Â million, extending through 2029.ITEM 3.Â Â Â Â QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISKMarket risk is the risk of loss arising from adverse changes in market rates and prices, such as interest rates and foreign currency exchange rates. We are exposed to changes in interest rates primarily from variable rate long-term debt arrangements and foreign currency risk attributable to our operations outside of the US. Inflation generally affects us by increasing our cost of labor. Ballyâ€™s does not believe that inflation had a material effect on our business, financial condition or results of operations during the three months ended SeptemberÂ 30, 2024 and 2023.Interest Rate RiskAs of SeptemberÂ 30, 2024, interest on borrowings under our credit facility was subject to fluctuation based on changes in short-term interest rates. On SeptemberÂ 30, 2024, we had $2.24 billion of variable rate debt outstanding under our Term Loan and Revolving Credit Facilities and $1.49 billion of unsecured senior notes. Based upon a sensitivity analysis of our debt levels on SeptemberÂ 30, 2024, a hypothetical increase of 1% in the effective interest rate would cause an increase in interest expense of approximately $22.4Â million over the next twelve months while a decrease of 1% in the effective interest rate, not to exceed the interest rate floor, would cause a decrease in interest expense of approximately $22.4Â million over the same period.59We evaluate our exposure to market risk by monitoring interest rates in the marketplace and we have utilized derivative financial instruments to help manage this risk. As part of the Companyâ€™s risk management and hedging program, the Company utilizes interest rate swaps and collars used to hedge and offset, respectively, the variable interest rates on the credit facility as described in Note 10, â€œDerivative Instrumentsâ€ to our condensed consolidated financial statements presented in Part I, Item 1 of this Quarterly Report on Form 10-Q.We have not historically utilized derivative financial instruments for trading purposes. We do not believe that fluctuations in interest rates had a material effect on our business, financial condition or results of operations during the three months ended SeptemberÂ 30, 2024 and 2023.Foreign Currency RiskWe are exposed to fluctuations in currency exchange rates as a result of our net investments and operations in countries other than the US. A vast majority of our revenues are from the UK market and are conducted in British Pound Sterling (â€œGBPâ€) and are therefore susceptible to any movements in exchange rates between the GBP and US Dollar. Foreign currency transaction losses for the three and nine months ended SeptemberÂ 30, 2024 were $30.2 million and $26.4 million, respectively, while foreign currency transaction gains for the three and nine months ended SeptemberÂ 30, 2023 were $8.5 million and $2.5 million, respectively. Movements in currency exchange rates could impact the translation of assets and liabilities of these foreign operations which are translated at the exchange rate in effect on the balance sheet date. We have utilized operational hedges or forward currency exchange rate contracts, as well as derivative financial instruments, such as cross currency swaps, to manage the impact of currency exchange rate fluctuations on earnings and cash flows.ITEM 4.Â Â Â Â CONTROLS AND PROCEDURES Managementâ€™s Evaluation of Disclosure Controls and ProceduresOur management, with the participation of our chief executive officer (principal executive officer) and chief financial officer (principal financial officer), conducted an evaluation of the effectiveness of our disclosure controls and procedures for the reporting period ended SeptemberÂ 30, 2024 as such terms is defined in Rule 13a-15(f) under the Exchange Act. Based on that evaluation, our chief executive officer and chief financial officer concluded that, as of the end of the period covered by this report, the Companyâ€™s disclosure controls and procedures were not effective due to material weaknesses in the Companyâ€™s internal control over financial reporting as previously disclosed in the Companyâ€™s Annual Report on Form 10-K for the year ended December 31, 2023.Ongoing Remediation of Previously Identified Material WeaknessesThe Companyâ€™s management is in the process of designing and implementing effective measures to improve our internal controls over financial reporting and remediate the material weaknesses. These remediation actions are ongoing and include:â€¢Realigning resources and, where applicable, hiring qualified staff or using third-party subject matter experts with the appropriate level of experience and training to segregate key functions within our financial processes in order to support the review of significant and complex accounting matters, including appropriately analyzing, recording and disclosing accounting matters timely and accurately, specifically around assumptions used in certain estimates.â€¢Educating control owners within our International Interactive reportable segment of the appropriate design elements of journal entry controls and enhancing our monitoring control to ensure that these control activities are performed and that journal entries have a separate preparer and independent reviewer.â€¢Strengthening controls over account reconciliations and account analyses within our International Interactive reportable segment to support financial reporting requirements. Specifically, controls will address the timeliness of the review and the quality of information used in the review to ensure completeness and accuracy.â€¢Implementing a new enterprise resource planning (â€œERPâ€) system, which we believe will enhance the flow of financial information, improve data management and control and provide timely information to our management team will enable us to remediate segregation of duties over journal entries. As the implementation of the new ERP system progresses, we may change our processes and procedures which, in turn, could result in further changes to our internal control over financial reporting. As such changes occur, we will evaluate quarterly whether such changes materially affect our internal control over financial reporting.While we believe our remediation efforts above will improve the effectiveness of our internal control over financial reporting, we cannot assure that the measures will be sufficient to remediate the material weaknesses we have identified or will prevent 60potential future material weaknesses. The material weaknesses cannot be considered remediated until applicable controls have operated for a sufficient period of time and management has concluded, through testing, that these controls are operating effectively. Accordingly, we will continue to monitor and evaluate the effectiveness of our internal control over financial reporting.Changes in Internal Control over Financial ReportingThere has been no change in our internal control over financial reporting that occurred during the third

quarter of 2024 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.61PART IIITEM 1.Â Â Â Â LEGAL PROCEEDINGSWe are party to various legal proceedings that have arisen in the normal course of our business. Such proceedings can be costly, time consuming and unpredictable and, therefore, no assurance can be given that the final outcome of such proceedings will not materially impact our consolidated financial condition or results of operations. While we maintain insurance coverage that we believe is adequate to mitigate the risks of such proceedings, no assurance can be given that the amount or scope of existing insurance coverage will be sufficient to cover losses arising from such matters. Estimated losses are accrued for these proceedings when the loss is probable and can be estimated. The current liability for the estimated losses associated with these proceedings is not material to our consolidated financial condition and those estimated losses are not expected to have a material impact on our results of operations.ITEM 1A.Â Â Â Â RISK FACTORS There have been no material changes to our risk factors contained in Part I. Item IA. â€œRisk Factorsâ€ of our Annual Report on Form 10-K for the year ended DecemberÂ 31, 2023.ITEM 5.Â Â Â Â OTHER INFORMATIONDuring the three months ended SeptemberÂ 30, 2024, none of our officers or directors adopted or terminated any contract, instruction or written plan for the purchase or sale of our securities that was intended to satisfy the affirmative defense conditions of Rule 10b5-1(c) or any â€œnon-Rule 10b5-1 trading arrangement,â€ as defined in Item 408(a) of Regulation S-K.62ITEM 6.Â Â Â Â EXHIBITSEXHIBIT INDEXExhibit No.Description 10.1Binding Term Sheet, dated as of July 11, 2024, by and among Ballyâ€™s Corporation and Gaming and Leisure Properties, Inc. Agreement and Plan of Merger

On July 25, 2024, the Company entered into an Agreement and Plan of Merger (as amended, the "Merger Agreement") with SG Parent LLC, a Delaware limited liability company ("Parent"), The Queen Casino & Entertainment, Inc., a Delaware corporation and affiliate of Parent ("Queen"), Epsilon Sub I, Inc., a Delaware corporation and wholly owned subsidiary of the Company ("Merger Sub I"), Epsilon Sub II, Inc., a Delaware corporation and wholly owned subsidiary of the Company ("Merger Sub II", and together with the Company and Merger Sub I, the "Company Parties"), and, solely for purposes of specified provisions thereof, SG CQ Gaming LLC, a Delaware limited liability company ("SG Gaming" and together with Parent and Queen, the "Buyer Parties").
The Merger Agreement provides, among other things and on the terms and subject to the conditions therein, in connection with the closing of the transaction, (i) SG Gaming will contribute to the Company all shares of common stock of Queen that it owns (the "Queen Share Contribution") in exchange for 26,909,895 shares of common stock of the Company ("Company Common Stock") based on a 2.45368905950 share exchange ratio, (ii) the Company will issue approximately 3,542,205 shares of Company Common Stock to the other stockholders of Queen, (iii) immediately thereafter, Merger Sub I will merge into the Company (the "Company Merger"), with the Company surviving the Company Merger and (iv) immediately thereafter, Merger Sub II will merge into Queen (the "Queen Merger," and together with the Company Merger, the "Mergers"), with Queen surviving the Queen Merger as a direct, wholly owned subsidiary of the Company.

The transaction is expected to close in the first calendar quarter of 2025, subject to the satisfaction of closing conditions contained in the Merger Agreement, including approval of the Company Merger by (a) the affirmative vote of the holders of a majority of all of the outstanding shares of Company Common Stock entitled to vote; (b) the affirmative vote of the holders of a majority of the outstanding shares of Company Common Stock held by the unaffiliated stockholders of the Company entitled to vote; (c) the expiration of any waiting period applicable to the consummation of the Queen Share Contribution or Mergers under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended (which has occurred) and (d) receipt of specified gaming approvals by the Company and Queen (as defined in the Merger Agreement). Subject to the terms and conditions of the Merger Agreement, at the effective time of the Merger (the "Effective Time"), each share of the Company's Common Stock issued and outstanding immediately prior to the Effective Time (other than shares of common stock owned by (i) the Company or any of its wholly owned subsidiaries, (ii) Parent or any of Parent's affiliates, (iii) by holders exercising statutory appraisal rights; (iv) by SG Gaming following the Queen Share Contribution; or (v) by holders who have elected to have such shares remain issued and outstanding following the Company Merger (a "Rolling Share Election")) will be converted into the right to receive cash consideration equal to $18.25 per share of common stock (the "Per Share Price"). Each holder of shares of Company Common Stock (other than the Company or its subsidiaries) will have the option to make a Rolling Share Election.

The Merger Agreement contains customary representations, warranties and covenants of the Company Parties and the Buyer Parties, including, among others, covenants by each the Company and Queen relating (i) to conduct of their respective business prior to the closing of the Queen Share Contribution and the Mergers in the ordinary course during the period between the execution of the Merger Agreement and consummation of the Merger and (ii) not to engage in certain expressly enumerated transactions during such period. Under the terms of the Merger Agreement, the Company is subject to a customary "no-shop" provision that restricts the Company and its representatives from soliciting an alternative acquisition proposal (as described in the Merger Agreement) from third parties or providing information to or participating in any discussions or negotiations with third parties regarding any alternative acquisition proposal. However, prior to the receipt of the requisite approval of the holders of Company Common Stock, the "no-shop" provision permits the Company, under certain circumstances and in compliance with certain obligations set forth in the Merger Agreement, to provide non-public information and engage in discussions and negotiations with respect to an unsolicited alternative acquisition that would reasonably be expected to lead to a Superior Proposal (as defined in the Merger Agreement).

The Merger Agreement also contains certain termination rights for the Company and Parent, with a termination fee equal to $11,100,000 payable by the Company to Parent under certain circumstances and a termination fee equal to $22,200,000 in cash or stock payable by Parent to the Company under certain circumstances. In addition, the Company or Parent may terminate the Merger Agreement if the Merger is not consummated by July 25, 2025.

The Merger Agreement, the Merger and the transactions contemplated thereby were (i) unanimously recommended by a special committee of the board of directors of the Company (the "Board"), consisting solely of disinterested members of the Board, on July 24, 2024 and (ii) approved by the disinterested members of the Board on July 24, 2025.

The foregoing descriptions of the Merger, the Merger Agreement, and the transactions contemplated thereby are not complete and are subject to and qualified in their entirety by the full text of the Merger Agreement, which is attached as an exhibit to, and described in, the Company's Current Report on Form 8-K filed with the SEC on July 25, 2024, and amendments thereto were attached as an exhibit to, and described in, the Company's Current Reports on Forms 8-K filed with the SEC on August 28, 2024 and October 1, 2024, respectively.
Concurrently with the execution of the Merger Agreement, the Company and Parent entered into support agreements with Standard RI Ltd. ("SRL") (the "SG Support Agreement"), SBG Gaming, LLC, a designated subsidiary of Sinclair ("SBG") (the "SBG Support Agreement"), and Noel Hayden (the "Hayden Support Agreement"), each dated as of July 25, 2024 (collectively, the "Support Agreements"), pursuant to which each of them agreed, among other things, to vote their shares of Company Common Stock to adopt and approve the Merger Agreement and the other transactions contemplated by the Merger Agreement and to make a Rolling Share Election with respect to all shares of Company Common Stock owned or acquired by them, if any, including via the exercise of outstanding options or warrants. In addition, with respect to the SBG Support Agreement, the Company and SBG agreed that SBG would waive the right to receive the Per Share Price as the result of any exercise of performance warrants or options held by SBG. The SBG Support Agreement provides also that, simultaneously with the consummation of the transactions contemplated by the Merger Agreement, SBG will deliver to the Company the options it previously acquired from the Company to purchase 1,639,669 shares of Company Common Stock at prices between $30.00 and $45.00 per share for cancellation and retirement and in exchange therefor, the Company will issue to SBG warrants to purchase 384,536 shares of Company Common Stock containing terms substantially similar to the terms set forth in certain warrants currently held by SBG.

The foregoing descriptions of the Support Agreements are not complete and are subject to and qualified in their entirety by reference to each of the SG Support Agreement, SBG Support Agreement and Hayden Support Agreement, each of which is attached as an exhibit to, and described in, the Company's Current Report on Form 8-K filed with the SEC on July 25, 2024.

Significant Accounting Policies

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying unaudited condensed consolidated financial statements include the accounts of the Company, its majority-owned subsidiaries and entities the Company identifies as variable interest entities ("VIEs"), of which the Company is determined to be the primary beneficiary. All intercompany transactions and balances have been eliminated in consolidation. Certain prior year amounts have been reclassified to conform to the current year's presentation. The financial statements of our foreign subsidiaries are translated into US Dollars ("USD") using exchange rates in effect at period-end for assets and liabilities and average exchange rates during each reporting period for results of operations. Adjustments resulting from financial statement translations are reflected as a separate component of accumulated other comprehensive loss. Foreign currency transaction gains and losses are included in net loss.

The accompanying unaudited condensed consolidated financial statements have been prepared pursuant to the rules of the Securities and Exchange Commission (the "SEC") for interim financial information, including the instructions to Form 10-Q and Rule 10-01 of the SEC's Regulation S-X. Accordingly, certain information and note disclosures normally required in complete financial statements prepared in conformity with accounting principles generally accepted in the United States ("GAAP") have been condensed or omitted. In the Company's opinion, these condensed consolidated financial statements include all adjustments necessary for a fair presentation of the financial position, results of operations and cash flows for the interim periods presented.

These unaudited condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and notes thereto included in the Company's Annual Report on Form 10-K for the year ended December 31, 2023.

We have made estimates and judgments affecting the amounts reported in our condensed consolidated financial statements and the accompanying notes. The actual results that we experience may differ materially from our estimates.

Equity Method Investments

On January 1, 2023, the Company and International Game Technology PLC ("IGT") contributed certain tangible assets and leases to Rhode Island VLT Company, LLC (the "RI Joint Venture") in exchange for equity interests of the RI Joint Venture. The Company contributed video lottery terminals ("VLTs") and player tracking equipment to the joint venture for a 40% equity interest of the RI Joint Venture. The 40% ownership in the joint venture qualifies for equity method accounting. In addition to this joint venture, the Company also has other investments in unconsolidated subsidiaries, which are accounted for using equity method accounting. The Company records its share of net income or loss within "Other non-operating (expense) income, net" in the condensed consolidated statements of operations. For the three months ended September 30, 2024 and 2023, the Company recorded (loss) income from equity method investments of $(1.1) million and $2.3 million, respectively, and for the nine months ended September 30, 2024 and 2023, the Company recorded (loss) income from equity method investments of $(0.3) million and $5.3 million, respectively.

Variable Interest Entities

The Company evaluates entities for which control is achieved through means other than voting rights to determine if it is the primary beneficiary of a VIE. An entity is a VIE if it has any of the following characteristics (i) has insufficient equity to permit the entity to finance its activities without additional subordinated financial support (ii) equity holders, as a group, lack the characteristics of a controlling financial interest or (iii) the entity is structured with non-substantive voting rights. The primary beneficiary of the VIE is generally the entity that has (a) the power to direct the activities of the VIE that most significantly impact the VIE's economic performance and (b) the obligation to absorb losses or the right to receive benefits that could potentially be significant to the VIE. The Company consolidates its investment in a VIE when it determines that it is its primary beneficiary.

In determining whether it is the primary beneficiary of the VIE, the Company considers qualitative and quantitative factors, including, but not limited to: which activities most significantly impact the VIE's economic performance and which party controls such activities and significance of the Company's investment and other means of participation in the VIE's expected profits/losses. Significant judgments related to these determinations include estimates about the current and future fair values and performance of assets held by these VIEs and general market conditions.

Management has analyzed and concluded that Breckenridge Curacao B.V. ("Breckenridge") is a VIE because it does not have sufficient equity investment at risk. The Company has determined that it is the primary beneficiary and consolidates the VIE because (a) although the Company does not control all decisions of Breckenridge, the Company has the power to direct the activities of Breckenridge that most significantly impact its economic performance through various contracts with the entity and (b) the nature of these agreements between Breckenridge and the Company provides the Company with the obligation to absorb losses and the right to receive benefits based on fees that are based upon off-market rates and commensurate to the level of services provided. The Company receives significant benefits in the form of fees that are not at market and commensurate to the level of services provided. As a result, the Company consolidates all of the assets, liabilities and results of operations of Breckenridge and its subsidiaries in the accompanying condensed consolidated financial statements. As of September 30, 2024 and December 31, 2023, Breckenridge had total assets of $166.6 million and $161.3 million, respectively, and total liabilities of $96.8 million and $87.7 million, respectively. Breckenridge had revenues of $40.9 million and $71.5 million for the three months ended September 30, 2024 and 2023, respectively, and $149.4 million and $232.0 million for the nine months ended September 30, 2024 and 2023, respectively.

The Company may change its original assessment of a VIE upon subsequent events such as the modification of contractual arrangements that affect the characteristics or adequacy of the entity's equity investments at risk and the disposition of all or a portion of an interest held by the primary beneficiary. The Company performs this analysis on an ongoing basis.

Cash and Cash Equivalents and Restricted Cash

Cash and cash equivalents includes cash balances and highly liquid investments with an original maturity of three months or less. Restricted cash includes player deposits, payment service provider deposits, cash collateral in connection with amounts previously due to the Chicago Tribune (refer to Note 8 "Property and Equipment"), and VLT and table games related cash payables to certain states where we operate, which are unavailable for the Company's use.

Accounts Receivable, Net

Accounts receivable, net consists of the following:

(in thousands)	September 30, 2024	December 31, 2023
Amounts due from Rhode Island and Delaware[1]	$ 14,177	$ 13,028

Accounts receivable, net	$ 60,973	$ 70,328

(1) Represents the Company's share of VLT and table games revenue for Bally's Twin River and Bally's Tiverton due from the State of Rhode Island and for Bally's Dover from the State of Delaware.

Deferred Payables

In order to execute on its strategy of improving working capital efficiency, the Company will, from time to time, participate in trade finance or deferred payable initiatives, including programs that may securitize or accelerate liquidity realized from receivables, or alternatively extend trade terms with certain suppliers or vendors. In certain cases, where the Company is not able to extend payment terms directly with suppliers or vendors, the Company will consider deferred payable solutions that simulate such trade term extensions. These solutions generally involve entering into exchange agreements with intermediary institutions who will make payment to the supplier or vendor within the original terms on behalf of the Company, in exchange for a new bill with terms that conforms to the Company's payment policy of net 90 days. The Company will then pay the new bill to the intermediary institutions, inclusive of any embedded premium, which the Company records as "Interest expense, net," within three months or less.

During the three and nine months ended September 30, 2024, the Company borrowed $82.5 million and $184.8 million, respectively, under these deferred payable arrangements and during the three and nine months ended September 30, 2024 repaid $61.7 million and $103.1 million, respectively. Amounts outstanding under these deferred payable arrangements were $84.1 million as of September 30, 2024 and are included in "Accrued and other current liabilities" on the condensed consolidated balance sheets. For the three and nine months ended September 30, 2024, the Company incurred $1.7 million and $3.9 million of interest expense, respectively, under these arrangements. These arrangements were not utilized by the Company during the three and nine months ended September 30, 2023.

Gaming Expenses

Gaming expenses include, among other things, payroll costs and expenses associated with the operation of VLTs, slots and table games, including gaming taxes payable to jurisdictions in which the Company operates outside of Rhode Island and Delaware, and marketing costs directly associated with the Company's iGaming products and services. These marketing expenses are included within Gaming expenses in the condensed consolidated statements of operations and were $39.4 million and $43.6 million for the three months ended September 30, 2024 and 2023, respectively, and $132.6 million and $137.3 million for the nine months ended September 30, 2024 and 2023, respectively. Gaming expenses also include racing expenses comprised of payroll costs, off track betting ("OTB") commissions and other expenses associated with the operation of live racing and simulcasting.

Advertising Expense

The Company expenses advertising costs as incurred. For the three months ended September 30, 2024 and 2023, advertising expense was $3.5 million and $5.6 million, respectively, and for the nine months ended September 30, 2024 and 2023, advertising expense was $13.2 million and $14.2 million, respectively. Advertising costs are included in "General and administrative" on the condensed consolidated statements of operations.

Share-Based Compensation

The Company recognized total share-based compensation expense of $4.1 million and $6.3 million for the three months ended September 30, 2024 and 2023, respectively, and $11.6 million and $18.6 million for the nine months ended September 30, 2024 and 2023, respectively. The total income tax benefit for share-based compensation arrangements was $1.1 million and $1.7 million for the three months ended September 30, 2024 and 2023, respectively, and $3.0 million and $4.9 million for the nine months ended September 30, 2024 and 2023, respectively.

Strategic Partnership - Sinclair Broadcast Group

In 2020, the Company and Sinclair Broadcast Group, Inc. ("Sinclair") entered into a Framework Agreement (the "Framework Agreement"), which provides for a long-term strategic relationship between Sinclair and the Company. Under the Framework Agreement, the Company issued warrants and options and agreed to share tax benefits and received naming, integration and other rights, including access to Sinclair's Tennis Channel, Stadium Sports Network and STIRR streaming service. Under a Commercial Agreement (the "Commercial Agreement") contemplated by the Framework Agreement, the Company paid annual fees to Diamond Sports Group ("Diamond"), a Sinclair subsidiary, for naming rights over Diamond's regional sports networks ("RSNs") and other consideration.
The Company accounted for this relationship as an asset acquisition in accordance with the "Acquisition of Assets Rather Than a Business" subsections of ASC 805-50, *Business Combinations—Related Issues*, using a cost accumulation model. The total intangible asset ("Commercial rights intangible asset") represents the present value of the naming rights fees and other consideration, including the fair value of the warrants and options, and an estimate of the tax-sharing payments, each explained below. The Commercial rights intangible asset, net of accumulated amortization, was $202.6 million and $225.9 million as of September 30, 2024 and December 31, 2023, respectively. Amortization was $7.8 million and $7.7 million for the three months ended September 30, 2024 and 2023, respectively, and $23.4 million and $23.2 million for the nine months ended September 30, 2024 and 2023, respectively. Refer to Note 9 "Goodwill and Intangible Assets" for further information.

The present value of the naming rights fees was recorded as part of intangible assets, with a corresponding liability, which was accreted through interest expense. As of December 31, 2023, the total value of the liability was $57.7 million, with $8.0 million recorded within "Accrued and other current liabilities" related to the short-term portion of the liability, and $49.7 million related to the long-term portion of the liability reflected as "Commercial rights liability" in the condensed consolidated balance sheets. Accretion expense reported in "Interest expense, net" in our condensed consolidated statements of operations was $1.1 million and $3.3 million for the three and nine months ended September 30, 2023, respectively. In the first quarter of 2024, the Company's obligation to pay Diamond for the naming rights terminated upon the bankruptcy court's approval of certain settlement terms, which the court approved on March 1, 2024. Refer to Note 17 "Commitments and Contingencies" for further information.

Under the Framework Agreement, the Company issued to SBG (i) an immediately exercisable warrant to purchase up to 4,915,726 shares of the Company at an exercise price of $0.01 per share ("the Penny Warrants"), (ii) a warrant to purchase up to a maximum of 3,279,337 additional shares of the Company at a price of $0.01 per share subject to the achievement of various performance metrics (the "Performance Warrants"), and (iii) an option to purchase up to 1,639,669 additional shares in four tranches with purchase prices ranging from $30.00 to $45.00 per share, exercisable over a seven-year period beginning on the fourth anniversary of the November 18, 2020 closing (the "Options"). The exercise and purchase prices and the number of shares issuable upon exercise of the warrants and options are subject to customary anti-dilution adjustments. Refer to Note 1 "General Information" for further information.

The Penny Warrants and Options are equity classified instruments under ASC 815, *Derivatives and Hedging* ("ASC 815"). The fair value of the Penny Warrants approximates the fair value of the underlying shares and was $150.4 million on November 18, 2020 at issuance, and was recorded to "Additional paid-in-capital" in the condensed consolidated balance sheets, with an offset to the Commercial rights intangible asset.

The Performance Warrants are accounted for as a derivative liability because the underlying performance metrics represent an adjustment to the settlement amount that is not indexed to the Company's own stock and thus equity classification is precluded under ASC 815. Refer to Note 11 "Fair Value Measurements" for further information.

Under the Framework Agreement, the Company agreed to share 60% of the tax benefits it realizes from the Penny Warrants, Options, Performance Warrants and other related payments. Changes in the estimate of the tax benefit to be realized and tax rates in effect at the time, among other changes, are treated as an adjustment to the intangible asset. The liability for these obligations was $18.8 million and $19.1 million as of September 30, 2024 and December 31, 2023, respectively, and is reflected in "Commercial rights liabilities" within our condensed consolidated balance sheets.

Provision for Income Taxes

During the nine months ended September 30, 2024 and 2023, the Company recorded a benefit for income tax of $3.7 million, at an effective year to date tax rate of 0.8% and a provision for income tax of $153.0 million, at an effective year to date tax rate of 62.7%, respectively. The 2024 year to date effective tax rate differed from the US federal statutory tax rate of 21%, creating a benefit for income tax on the Company's Loss before income taxes, largely due to an increase in the valuation allowance, entirely offset by discrete tax asset related to the sale-leaseback transaction involving the real estate underlying the Bally's Chicago project. The 2023 year to date effective tax rate was higher than the US federal statutory tax rate of 21%, largely due to an increase in the valuation allowance and a tax liability for a discrete item related to the deferred gain on sale-leaseback transactions in Mississippi and Rhode Island.

REVENUE RECOGNITION

Revenue from Contract with Customer [Abstract]

REVENUE RECOGNITION

REVENUE RECOGNITION

The Company recognizes revenue in accordance with ASC 606, *Revenue from Contracts with Customers*, which requires the revenue to be recognized when a performance obligation is satisfied by transferring the control of promised goods or services and is measured at the transaction price or the amount of consideration that the Company expects to receive through satisfaction of the identified performance obligations.

The Company generates revenue from four principal sources: (1) gaming (which includes retail gaming, online gaming, sports betting and racing), (2) hotel, (3) food and beverage and (4) retail, entertainment and other.

Sales tax and other taxes collected on behalf of governmental authorities are accounted for on a net basis and are not included in revenue or operating expenses.

Gaming Revenue

Performance Obligations

Retail gaming service contracts involving our land-based casinos, each have an obligation to honor the outcome of a wager and to pay out an amount equal to the stated odds, including the return of the initial wager, if the customer receives a winning hand. These elements of honoring the outcome of the hand of play and generating a payout are considered one performance obligation, with an additional performance obligation for those customers earning incentives under the Company's player loyalty program.

Online gaming and sports betting represent a single performance obligation for the Company to operate contests or games and award prizes or payouts to users based on results of the arrangement. Additionally, the use of incentives across the online gaming products create future customer rights and are a separate performance obligation.

Racing revenue is earned through advance deposit wagering, which consists of patrons wagering through an advance deposit account. Each wagering contract contains a single performance obligation.

Transaction Price

The Company applies a practical expedient to account for its gaming contracts on a portfolio basis as such wagers have similar characteristics and the Company reasonably expects the impact on the consolidated financial statements of applying the revenue recognition guidance to the portfolio would not differ materially from the application of an individual wagering contract. The transaction price for a retail gaming, online gaming or sports betting wagering contract is the difference between wins and losses, not the total amount wagered. In addition, in the event of a multi-stage contest, the Company will allocate transaction price ratably from contest start to the contest's final stage.

The transaction price for racing operations, inclusive of live racing events conducted at the Company's racing facilities, is the commission received from the pari-mutuel pool less contractual fees and obligations, primarily consisting of purse funding requirements, simulcasting fees, tote fees and certain pari-mutuel taxes that are directly related to the racing operations.
For purposes of allocating the transaction price in a wagering contract between the wagering performance obligation and the obligation associated with incentives earned under loyalty programs, the Company allocates an amount to the loyalty program contract liability based on the stand-alone selling price of the incentive earned. The performance obligation related to loyalty program incentives are deferred and recognized as revenue upon redemption by the customer.

Revenue Recognition

The allocated revenue for retail gaming wagers is recognized when the wagering occurs as all such wagers settle immediately. Online gaming revenue is recognized at the point in time when the player completes a gaming session and payout occurs. Sports betting involves a player wagering money on an outcome or series of outcomes. If a player wins the wager, the Company pays the player a pre-determined amount known as fixed odds, and its revenue is recognized as total wagers net of payouts made and incentives awarded to players. Racing revenue includes several of our casinos and resorts' share of wagering from live racing and the import of simulcast signals, and is recognized upon completion of the wager based upon an established take-out percentage.

The estimated retail value related to goods and services provided to customers without charge or upon redemption under the Company's player loyalty programs included in departmental revenues, and therefore reducing gaming revenues, are as follows for the three and nine months ended September 30, 2024 and 2023:

(in thousands)	Three Months Ended September 30, 2024	Three Months Ended September 30, 2023	Nine Months Ended September 30, 2024	Nine Months Ended September 30, 2023
Hotel	$ 22,697	$ 26,367	$ 63,603	$ 72,925
Food and beverage	21,467	21,604	61,982	60,901
Retail, entertainment and other	2,517	3,185	7,387	8,196
	$ 46,681	$ 51,156	$ 132,972	$ 142,022

Non-gaming Revenue

Performance Obligations

Hotel, food and beverage, and retail, entertainment and other services have been determined to be separate, stand-alone performance obligations and revenue is recognized as the good or service is transferred at the point in time of the transaction.

Transaction Price

The transaction price for hotel, food and beverage, and retail, entertainment and other, is the net amount collected from the customer for such goods and services. The estimated standalone selling price of hotel rooms is determined based on observable prices. The standalone selling price of these goods and services are determined based upon the actual retail prices charged to customers for those items.

Revenue Recognition

Hotel revenue is recognized when the customer obtains control through occupancy of the room over their stay at the hotel. Advance deposits for hotel rooms are recorded as liabilities until revenue recognition criteria are met. Food, beverage and retail revenues are recognized at the time the goods are sold from Company-operated outlets. Other revenue includes cancellation fees for hotel and meeting space services, which are recognized upon cancellation by the customer, and golf revenues from the Company's operations of Bally's Golf Links, which are recognized at the time of sale. Additionally, other revenue includes market access and business-to-business service revenue generated by the International Interactive and North America Interactive reportable segments, which is recognized at the time the goods are sold or the service is provided, and are included in Non-gaming revenue within our condensed consolidated statements of operations.
The following tables provide a disaggregation of revenue by segment (in thousands):

Contract Assets and Contract Related Liabilities

The Company's receivables related to contracts with customers are primarily comprised of marker balances, interactive platform business-to-business service receivables, other amounts due from gaming activities, amounts due for hotel stays and amounts due from tracks and OTB locations. The Company's receivables related to contracts with customers were $30.8 million and $38.5 million as of September 30, 2024 and December 31, 2023, respectively.

The Company has the following liabilities related to contracts with customers: liabilities for loyalty programs, advance deposits made for goods and services yet to be provided and unpaid wagers. All of the contract liabilities are short-term in nature and are included in "Accrued and other current liabilities" in the condensed consolidated balance sheets.

Loyalty program incentives earned by customers are typically redeemed within one year from when they are earned and expire if a customer's account is inactive for more than 12 months; therefore, the majority of these incentives outstanding at the end of a period will either be redeemed or expire within the next 12 months.
Advance deposits are typically interactive player deposits and customer deposits for future banquet events, hotel room reservations, and gift cards. The Company holds restricted cash for interactive player deposits and records a corresponding withdrawal liability. The banquet and hotel reservation deposits are usually received weeks or months in advance of the event or hotel stay.

Unpaid wagers include the Company's outstanding chip liability and unpaid slot, pari-mutuel and sports betting tickets.

Liabilities related to contracts with customers as of September 30, 2024 and December 31, 2023 were as follows:

ACQUISITIONS

BUSINESS COMBINATIONS

Casinos & Resorts Acquisitions

Bally's Golf Links - On September 12, 2023, the Company completed the acquisition of Trump Golf Links at Ferry Point, subsequently renamed Bally's Golf Links at Ferry Point, which includes the assignment of a license agreement to operate an 18-hole links-style golf course located in the Bronx, New York.

The total purchase consideration included cash paid, net of cash acquired and net working capital adjustments, which amounted to $55.0 million. This acquisition continues the Company's strategic objective of developing a diversified portfolio within its Casinos & Resorts segment.

Total purchase consideration also includes contingent consideration valued at $58.6 million, which is the fair value, under GAAP, of expected cash payments totaling up to $125 million to the seller, based upon future events, which are uncertain. The contingent consideration was recorded at fair value, using discounted cash flow analyses with level 3 inputs, and is remeasured quarterly, with fair value adjustments recognized in earnings, until the contingencies are resolved. Inputs to this valuation approach include the Company's estimated probabilities of achieving the conditions for payment, expected terms between 1.5 and 3 Years, and discount rates between 7.2% and 7.8%. The settlement of the contingent consideration liabilities will be due to the seller in the event the license agreement is extended or if the Company is successful in its bid for a casino license.
The following table summarizes the consideration paid and the fair values of the assets acquired and liabilities assumed in connection with the Casinos & Resorts acquisition as of September 30, 2024:

DERIVATIVE INSTRUMENTS **9 Months Ended Sep. 30, 2024**

Derivative

Instruments and Hedging Activities Disclosure [Abstract]

DERIVATIVE INSTRUMENTS

DERIVATIVE INSTRUMENTS

The Company utilizes derivative instruments in order to mitigate interest rate and currency exchange rate risk in accordance with its financial risk and liability management policy.

In 2023, the Company entered into a series of interest rate contracts and cross currency swap derivative transactions with multiple bank counterparties in order to synthetically convert a notional aggregate amount of $500.0 million of the Company's USD denominated variable rate Term Loan Facility, as disclosed in Note 14 "Long-Term Debt," into fixed rate debt over five years and $200 million of the Term Loan Facility, to an equivalent GBP denominated floating rate instrument over three years. These contracts mature in October, 2028 and 2026, respectively.
In the third quarter of 2024, the Company settled $500.0 million of notional interest rate collars and received $3.9 million in termination payments, reflecting the fair value on the settlement date. The fair value on the settlement date is recorded as a component of accumulated other comprehensive income (loss), which will be reclassified into "Interest expense, net" in the condensed consolidated statements of operations in the same period in which the hedged interest payments associated with the Company's borrowings are recorded. Additionally, the Company simultaneously entered into a series of interest rate contracts in a notional aggregate amount of $1.00 billion, to further manage the Company's exposure to interest rate movements associated with the Company's variable rate Term Loan Facility through its synthetic conversion to fixed rate debt. The tenor of these contracts were matched with the maturity of the Term Loan Facility tranche maturing on October 1, 2028.

Derivative Instruments Designated as Hedging Instruments

Net Investment Hedges

Cross Currency Swaps - The Company is exposed to fluctuations in foreign exchange rates on investments it holds in its European foreign entities. The Company uses fixed and fixed-cross-currency swaps to hedge its exposure to changes in the foreign exchange rate on its foreign investment in Europe and their exposure to changes in the EUR-GBP exchange rate. Currency forward agreements involve fixing the USD-EUR exchange rate for delivery of a specified amount of foreign currency on a specified date. The currency forward agreements are typically cash settled in USD for their fair value at or close to their settlement date. Cross-currency swaps involve the receipt of functional-currency-fixed-rate amounts from a counterparty in exchange for the Company making foreign-currency-fixed-rate payments over the life of the agreement. These derivative arrangements qualify as net investment hedges under ASC 815, with the gain or loss resulting from changes in the spot value of the derivative reported in other comprehensive income (loss). Amounts are reclassified out of other comprehensive income (loss) into earnings when the hedged net investment is either sold or substantially liquidated. Additionally, the accrual of foreign currency and USD denominated coupons will be recognized in "Interest expense, net" in the condensed consolidated statements of operations. Refer to Note 11 "Fair Value Measurements" and Note 16 "Stockholders' Equity" for further information.

The following tables summarize the Company's net investment hedges as of September 30, 2024 and December 31, 2023 (in thousands):

Net Investment Hedges	Notional Sold		Notional Purchased	
Cross currency swaps	€	461,595	£	387,531
Cross currency swaps	£	546,759	$	700,000

Cash Flow Hedges

Interest Rate Contracts - The Company's objectives in using interest rate derivatives are to hedge its exposure to variability in cash flows on a portion of its floating-rate debt, to add stability to interest expense and to manage its exposure to interest rate movements. To accomplish these objectives, the Company primarily uses interest rate swaps and collars as part of its financial risk and liability management policy. The Company's interest rate swaps and collars are designated as cash flow hedges under ASC 815. The changes in the fair value of these instruments are recorded as a component of accumulated other comprehensive income (loss) and reclassified into "Interest expense, net" in the condensed consolidated statements of operations in the same period in which the hedged interest payments associated with the Company's borrowings are recorded. Refer to Note 11 "Fair Value Measurements" and Note 16 "Stockholders' Equity" for further information.

The following table summarizes the Company's cash flow hedges as of September 30, 2024 and December 31, 2023 (in thousands):

Interest Rate Contracts and Cross Currency Swaps

The fair values of interest rate contracts and cross currency swap assets and liabilities are classified within Level 2 of the fair value hierarchy as the valuation inputs are based on estimates using currency spot and forward rates and standard pricing models that consider the value of future cash flows as of the balance sheet date, discounted to a present value using discount factors that match both the time to maturity and currency of the underlying instruments. These standard pricing models utilize inputs that are derived from or corroborated by observable market data such as interest rate yield curves as well as currency spot and forward rates. Changes in the fair value of these contracts are reported as a component of other comprehensive income (loss).

Sinclair Performance Warrants

Sinclair Performance Warrants are accounted for as a derivative instrument classified as a liability within Level 3 of the hierarchy as the warrants are not traded in active markets and are subject to certain assumptions and estimates made by management related to the probability of meeting performance milestones. These assumptions and the probability of meeting performance targets may have a significant impact on the value of the warrant. The Performance Warrants are valued using an option pricing model, considering the Company's estimated probabilities of achieving the performance milestones for each tranche. Inputs to this valuation approach include volatility between 40% and 67%, risk free rates between 3.84% and 4.79%, the Company's common stock price for each period and expected terms between 1.5 and 6.3 years. The fair value is recorded within "Commercial rights liabilities" of the condensed consolidated balance sheets.

Contingent Consideration

Contingent consideration related to acquisitions is recorded at fair value as a liability on the acquisition date and subsequently remeasured at each reporting date, based on significant inputs not observable in the market, which represents a Level 3 measurement within the fair value hierarchy. The remeasurements are based primarily on the expected probability of achievement of the contingency targets which are subject to management's estimates. These changes in fair value are recognized within "Other non-operating (expense) income, net" of the condensed consolidated statements of operations.

In connection with the acquisitions of SportCaller and Monkey Knife Fight ("MKF") in the first quarter of 2021, the Company recorded contingent consideration of $58.7 million. During the second quarter of 2023, the Company, in satisfaction of contingencies related to the respective acquisition agreements, settled the remaining contingent consideration of $9.3 million, comprised of 386,926 immediately exercisable penny warrants, 103,656 shares of Bally's Corporation common stock and a de minimis payment in cash.

In connection with the acquisition of Bally's Golf Links on September 12, 2023, the Company recorded contingent consideration, which was valued at $58.8 million as of September 30, 2024. Refer to Note 6 "Business Combinations" for further information.

Convertible Loans

The Company has certain agreements with vendors to provide a portfolio of games to its customers. Pursuant to these agreements, the Company has issued loans to its vendors and has an option to convert the loans to shares of the vendors' equity, exercisable within a specified time period. The Company recorded instruments within "Other assets" at their fair value. The fair value of the loans to vendors have share values based on unobservable inputs and are classified within Level 3 of the hierarchy, with changes to fair value included within "Other non-operating (expense) income, net" of the condensed consolidated statements of operations.

Investments in Equity Securities

The Company has a long-term investment in an unconsolidated entity which it accounts for under the equity method of accounting. The Company has elected the fair value option allowed by ASC 825, *Financial Instruments*, with respect to this investment. Under the fair value option, the investment is remeasured at fair value at each reporting period through earnings. The Company measures fair value using quoted prices in active markets that are classified within Level 1 of the hierarchy, with changes to fair value included within "Other non-operating (expense) income, net" of the condensed consolidated statements of operations.

Investment in GLPI Partnership

The Company holds a limited partnership interest in GLP Capital, L.P., the operating partnership of GLPI. The investment is reported at fair value based on Level 2 inputs, with changes to fair value included within "Other non-operating (expense) income, net" of the condensed consolidated statements of operations.

Long-Term Debt

The fair value of the Company's Term Loan Facility and senior notes are estimated based on quoted prices in active markets and are classified as Level 1 measurements. The fair value of the Revolving Credit Facility approximates its carrying amount as it is revolving, variable rate debt, and is also classified as a Level 1 measurement. In the table below, the carrying amounts of the Company's long-term debt are net of debt issuance costs and debt discounts. Refer to Note 14 "Long-Term Debt" for further information.

Senior Notes

On August 20, 2021, two unrestricted subsidiaries (together, the “Escrow Issuers”) of the Company issued $750.0 million aggregate principal amount of 5.625% senior notes due 2029 (the “2029 Notes”) and $750.0 million aggregate principal amount of 5.875% Senior Notes due 2031 (the “2031 Notes” and, together with the 2029 Notes, the “Senior Notes”). The Senior Notes were issued pursuant to an indenture, dated as of August 20, 2021, among the Escrow Issuers and U.S. Bank National Association, as trustee. Certain of the net proceeds from the Senior Notes offering were placed in escrow accounts for use in connection with the Gamesys acquisition. On October 1, 2021, upon the closing of the Gamesys acquisition, the Company assumed the issuer obligation under the Senior Notes. The Senior Notes are guaranteed, jointly and severally, by each of the Company’s restricted subsidiaries that guarantees the Company’s obligations under its Credit Agreement (as defined below).

The 2029 Notes mature on September 1, 2029 and the 2031 Notes mature on September 1, 2031. Interest is payable on the Senior Notes in cash semi-annually on March 1 and September 1 of each year, beginning on March 1, 2022.

The Company may redeem some or all of the Senior Notes at any time prior to September 1, 2024, in the case of the 2029 Notes, and September 1, 2026, in the case of the 2031 Notes, at prices equal to 100% of the principal amount of the Senior Notes to be redeemed plus certain “make-whole” premiums, plus accrued and unpaid interest. In addition, prior to September 1, 2024, the Company may redeem up to 40% of the original principal amount of each series of the Senior Notes with proceeds of certain equity offerings at a redemption price equal to 105.625% of the principal amount, in the case of the 2029 Notes, and 105.875%, in the case of the 2031 Notes, plus accrued and unpaid interest. The Company may redeem some or all of the Senior Notes at any time on or after September 1, 2024, in the case of the 2029 Notes, and September 1, 2026, in the case of the 2031 Notes, at certain redemption prices set forth in the indenture plus accrued and unpaid interest.
During the nine months ended September 30, 2023, the Company repurchased and retired $15.0 million of the 2031 Notes at a weighted average price of 70.80% of the principal. In connection with the repurchase of these 2031 Notes, the Company recorded a gain on extinguishment of debt of $4.0 million recorded within “Other non-operating (expense) income, net” in the condensed consolidated statements of operations.

The indenture contains covenants that limit the ability of the Company and its restricted subsidiaries to, among other things, (1) incur additional indebtedness, (2) pay dividends on or make distributions in respect of capital stock or make certain other restricted payments or investments, (3) enter into certain transactions with affiliates, (4) sell or otherwise dispose of assets, (5) create or incur liens and (6) merge, consolidate or sell all or substantially all of the Company’s assets. These covenants are subject to exceptions and qualifications set forth in the indenture.

Credit Facility

On October 1, 2021, the Company and certain of its subsidiaries entered into a credit agreement (the “Credit Agreement”) with Deutsche Bank AG New York Branch, as administrative agent and collateral agent, and the other lenders party thereto, providing for senior secured financing of up to $2.565 billion, consisting of a senior secured term loan facility in an aggregate principal amount of $1.945 billion (the “Term Loan Facility”), which will mature in 2028, and a senior secured revolving credit facility in an aggregate principal amount of $620.0 million (the “Revolving Credit Facility”), which will mature in 2026.

The credit facilities allow the Company to increase the size of the Term Loan Facility or request one or more incremental term loan facilities or increase commitments under the Revolving Credit Facility or add one or more incremental revolving facilities in an aggregate amount not to exceed the greater of $650 million and 100% of the Company’s consolidated EBITDA for the most recent four-quarter period plus or minus certain amounts as specified in the Credit Agreement, including an unlimited amount subject to compliance with a consolidated total secured net leverage ratio as set out in the Credit Agreement.

The credit facilities are guaranteed by the Company’s restricted subsidiaries, subject to certain exceptions, and secured by a first-priority lien on substantially all of the Company’s and each of the guarantors’ assets, subject to certain exceptions.

As of June 30, 2023, with the discontinuation of the LIBOR reference rate, borrowings under the credit facilities bear interest at a rate equal to, at the Company’s option, either (1) the term Secured Overnight Financing Rate (“SOFR”), adjusted for certain additional costs and subject to a floor of 0.50% in the case of term loans and 0.00% in the case of revolving loans or (2) a base rate determined by reference to the greatest of (a) the federal funds rate plus 0.50%, (b) the prime rate, (c) the one-month SOFR rate plus 1.00%, (d) solely in the case of term loans, 1.50% and (e) solely in the case of revolving loans, 1.00%, in each case of clauses (1) and (2), plus an applicable margin. In addition, on a quarterly basis, the Company is required to pay each lender under the Revolving Credit Facility a 0.50% or 0.375% commitment fee in respect of commitments under the Revolving Credit Facility, with the applicable commitment fee determined based on the Company’s total net leverage ratio.

The credit facilities contain covenants that limit the ability of the Company and its restricted subsidiaries to, among other things, incur additional indebtedness, pay dividends or make certain other restricted payments, sell assets, make certain investments and grant liens. These covenants are subject to exceptions and qualifications set forth in the Credit Agreement. The Revolving Credit Facility contains a financial covenant regarding a maximum first lien net leverage ratio that applies when borrowings under the Revolving Credit Facility exceed 30% of the total revolving commitment. As of September 30, 2024, the Company was in compliance with all such covenants.

In an effort to mitigate the interest rate risk associated with the Company’s variable rate credit facilities, the Company utilizes interest rate and cross currency swap derivative instruments. Refer to Note 10 “Derivative Instruments” for further information.

LEASES

Leases [Abstract]	
LEASES	LEASES

Operating Leases

The Company is committed under various operating lease agreements for real estate and property used in operations. Certain leases include various renewal options which are included in the lease term when the Company has determined it is reasonably certain of exercising the options. Certain of these leases include percentage rent payments based on property revenues and/or rent escalation provisions determined by increases in the consumer price index (“CPI”). These percentage rent and escalation provisions are treated as variable lease payments and recognized as lease expense in the period in which the obligation for those payments are incurred. Discount rates used to determine the present value of the lease payments are based on the Company’s incremental borrowing rate commensurate with the term of the lease.

The Company had total operating lease liabilities of $1.37 billion and $1.20 billion as of September 30, 2024 and December 31, 2023, respectively, and right of use assets of $1.26 billion and $1.16 billion as of September 30, 2024 and December 31, 2023, respectively, which were included in the condensed consolidated balance sheets.

GLPI Leases

As of September 30, 2024, the Company’s Bally’s Evansville, Bally’s Dover, Bally’s Quad Cities, Bally’s Black Hawk, Bally’s Tiverton and Hard Rock Biloxi properties are leased under the terms of a master lease agreement (the “Master Lease”) with GLPI. All GLPI leases are accounted for as operating leases within the provisions of ASC 842, *Leases* (“ASC 842”), over the lease term or until a re-assessment event occurs. The Master Lease has an initial term of 15 years and includes four, five-year options to renew and requires combined minimum annual payments of $100.5 million, subject to minimum 1% annual escalation or greater escalation dependent on CPI. The renewal options are not reasonably certain of exercise as of September 30, 2024.

On January 3, 2023, the Company completed a transaction with GLP Capital, L.P (“GLP”)., an affiliate of GLPI, related to the land and real estate assets of Bally’s Tiverton and Hard Rock Biloxi for total consideration of $625.4 million. The transaction was structured as a tax-free capital contribution and a substantial portion of the proceeds was used to reduce the Company's debt. These properties were added to the Master Lease, increasing minimum annual payments by $48.5 million. During the nine months ended September 30, 2023, the Company recorded a gain of $374.3 million representing the difference in the transaction price and the derecognition of assets. This gain is reflected as “Loss (gain) on sale-leaseback, net” in the condensed consolidated statements of operations.

In addition to the properties under the Master Lease explained above, the Company leases land associated with Tropicana Las Vegas under a ground lease established with GLPI in 2022. This lease has an initial term of 50 years, with the possibility of extending up to 99 years through renewal options. Annual rent under the lease is $10.5 million, subject to minimum 1% annual escalation or greater escalation dependent on CPI. As of September 30, 2024, the renewal options are not considered reasonably certain to be exercised. During the third quarter, the Company modified the lease and GLPI paid $48.6 million to the Company to fund the demolition of the building at the Tropicana Las Vegas site in exchange for an increase in annual rent of $4.1 million, also subject to a minimum 1% annual increase or greater based on CPI. This lease modification did not change the lease classification. The cash received is treated as a lessor incentive, leading to an adjustment in the Right of Use asset for the total funding amount. Upon modification, the Lease Liability and Right of Use asset were adjusted to reflect the present value of the increased future lease payment.
Components of lease expense, included within “General and administrative” in the condensed consolidated statements of operations, for operating leases during the three and nine months ended September 30, 2024 and 2023 are as follows:

Financing Obligation

Bally's Chicago Operating Company, LLC., an indirect wholly-owned subsidiary of the Company, entered into a ground lease for the land on which Bally's Chicago will be built, which was accounted for as a financing obligation in accordance with ASC 470, *Debt*, as the transaction did not qualify as a sale under ASC 842. The lease commenced November 18, 2022 and had a 99-year term followed by ten separate 20-year renewals at the Company's option.

The Company recorded land within "Property and equipment, net" of $200.0 million with a corresponding liability within "Long-term portion of financing obligation" of $200.0 million on its condensed consolidated balance sheets as of December 31, 2023. All lease payments were recorded as interest expense and there was no reduction to the financing obligation. Bally's Chicago made cash payments, and recorded corresponding interest expense of $3.1 million and $4.3 million during the three months ended September 30, 2024 and 2023, respectively, and $12.4 million and $13.0 million during the nine months ended September 30, 2024 and 2023, respectively.

In the third quarter of 2024, GLP acquired the real estate underlying the Bally's Chicago project, for which the Company was subject to the financing obligation, and assumed the existing lease. The lease with GLP was amended in the third quarter, creating a lease modification event whereby the land components previously classified as a financing obligation were reassessed and now classified as an operating lease. This change was due to the transfer of control of the land asset from the Company to the lessor, which permitted sale recognition in accordance with ASC 842. As a result of this reassessment, the Company derecognized $350.0 million from "Property and equipment, net" related to the land asset and $200.0 million from the "Long-term portion of financing obligation" within our Condensed Consolidated Balance Sheets. As a result of the lease modification, a $150.0 million offset in "Loss (gain) on sale-leaseback, net" was recorded within the Condensed Consolidated Statements of Operations for the three and nine months ending September 30, 2024.

Pending Lease Transactions

On July 11, 2024, the Company entered into a Binding Term Sheet to form a strategic construction and financing arrangement with GLP, an affiliate of GLPI, which includes the funding to complete the construction of Bally's Chicago's permanent casino. GLP will amend the existing land lease through a new master lease agreement with Bally's Chicago Operating Company, LLC ("Chicago MLA"). The Chicago MLA includes annual rent of $20 million, subject to customary escalation provisions. The Chicago MLA also provides up to $940 million in construction financing, subject to conditions and approvals. The Company will pay additional rent under the Chicago MLA based on a 8.5% capitalization rate on funded amounts. The initial lease term for the Chicago MLA is 15 years with renewal options to be agreed upon by the parties.

The Company will also sell and lease back from GLP its properties in Kansas City and Shreveport for $395 million, with initial annual rent of $32.2 million, subject to escalation. In addition, the Company plans to sell and lease back its Bally's Twin River property to GLP by the end of 2026 for $735 million, with initial annual rent of $58.8 million. GLP has the right to call this transaction starting October 2026. All such transactions are subject to required regulatory approvals.

Lessor

The Company leases its hotel rooms to patrons and records the corresponding lessor revenue in Non-gaming revenue within our condensed consolidated statements of operations. The Company had lessor revenues related to the rental of hotel rooms of $41.7 million and $56.7 million for the three months ended September 30, 2024 and 2023, respectively, and $118.0 million and $155.5 million for the nine months ended September 30, 2024 and 2023, respectively. Hotel leasing arrangements vary in duration, but are short-term in nature.

Litigation

Diamond commenced reorganization proceedings under Chapter 11 of the Bankruptcy Code in March 2023. In July 2023, Diamond commenced litigation against Sinclair, Bally's and others as part of its bankruptcy proceedings, challenging a series of transactions between Sinclair and Diamond. One of the 19 counts in the complaint includes Bally's as a defendant, alleging that the Commercial Agreement with Sinclair involved fraudulent transfers and unlawful distributions. In the first quarter of 2024, Diamond agreed to settle these claims against all defendants, including Bally's. Under the settlement terms, Diamond would receive payments from Sinclair and would reject the Commercial Agreement. Bally's would continue to have naming rights on Diamond's RSNs through the 2024 major league baseball season at no cost to either party (unless Diamond agrees with a new counterparty that will pay for such naming rights). Bally's, in turn, would receive a release of all claims Diamond may have against it. Bally's obligation to pay Diamond for the naming rights terminated upon the bankruptcy court's approval of the settlement terms, which the court approved on March 1, 2024, and the Company derecognized the rights fees liability against the non-cash liability established at December 31, 2023. Bally's has recorded a $202.6 million non-cash liability to reflect the effect of the termination of naming rights on its remaining commercial rights intangible asset originally recorded at the time that the arrangement was agreed, which will occur in the fourth quarter of 2024.
The Company is a party to other various legal and administrative proceedings which have arisen in the ordinary course of its business. Estimated losses are accrued for these proceedings when the loss is probable and can be estimated. The current liability for the estimated losses associated with these proceedings is not material to the Company's consolidated financial condition and those estimated losses are not expected to have a material impact on results of operations. Although the Company maintains what it believes is adequate insurance coverage to mitigate the risk of loss pertaining to covered matters, legal and administrative proceedings can be costly, time-consuming and unpredictable.

Although no assurance can be given, the Company does not believe that the final outcome of these matters, including costs to defend itself in such matters, will have a material adverse effect on the company's condensed consolidated financial statements. Further, no assurance can be given that the amount or scope of existing insurance coverage will be sufficient to cover losses arising from such matters.

Capital Expenditure Commitments

Bally's Atlantic City - As part of the regulatory approval process with the State of New Jersey, the Company committed to spend $100 million in capital expenditures over a five year period to invest in and improve the property. The commitment calls for expenditures of no less than $85 million in aggregate by 2023. The remaining $15 million of committed capital must be spent over 2024 and 2025. From 2021 through 2025, no less than $35 million must be invested in the hotel and no less than $65 million must be invested in non-hotel projects. As of September 30, 2024, all investment requirements had been met and no commitment to invest in non-hotel projects remains.

Bally's Twin River - Pursuant to the terms of the Regulatory Agreement in Rhode Island, the Company is committed to invest $100 million in its Rhode Island properties over the term of the master contract through June 30, 2043, including an expansion and the addition of new amenities at Bally's Twin River. As of September 30, 2024, approximately $48.2 million of the commitment remains.

Bally's Chicago - Pursuant to the Host Community Agreement with the City of Chicago, the Company's indirect subsidiary is required to spend at least $1.34 billion on the design, construction and outfitting of the temporary casino and the permanent resort and casino. The actual cost of the development may exceed this minimum capital investment requirement. In addition, land acquisition costs and financing costs, among other types of costs, are not counted toward meeting this requirement.

City of Chicago Guaranty

In connection with the Host Community Agreement, entered into by Bally's Chicago Operating Company, LLC (the "Developer"), a wholly-owned indirect subsidiary of the Company, the Company provided the City of Chicago with a performance guaranty whereby the Company agreed to have and maintain available financial resources in an amount reasonably sufficient to allow the Developer to complete its obligations under the host community agreement. In addition, upon notice from the City of Chicago that the Developer has failed to perform various obligations under the host community agreement, the Company has agreed to indemnify the City of Chicago against any and all liability, claim or reasonable and documented expense the City of Chicago may suffer or incur by reason of any nonperformance of any of the Developer's obligations.

SEGMENT REPORTING	9 Months Ended Sep. 30, 2024
Segment Reporting [Abstract]	
SEGMENT REPORTING	The Company has three operating and reportable segments: Casinos & Resorts, International Interactive and North America Interactive. The "Other" category includes interest expense for the Company and certain unallocated corporate operating expenses and other adjustments, including eliminations of transactions among segments to reconcile to the Company's consolidated results including, among other expenses, share-based compensation, acquisition and other transaction costs and certain non-recurring charges.

The Company's three reportable segments as of September 30, 2024 are:

Casinos & Resorts - Includes the Company's 15 casino and resort properties, one horse racetrack and one golf course.

International Interactive - Gamesys' European and Asian operations.

North America Interactive - A portfolio of sports betting, iGaming, and free-to-play gaming brands, and the North American operations of Gamesys.

As of September 30, 2024, the Company's operations were predominately in the US, Europe and Asia with a less substantive footprint in other countries world-wide. For geographical reporting purposes, revenue generated outside of the US has been aggregated into the International Interactive reporting segment, and consists primarily of revenue from the UK and Japan. Revenue generated from the UK and Japan represented approximately 28% and 6% of total revenue, respectively, for the three months ended September 30, 2024, approximately 25% and 11%, respectively, for the three months ended September 30, 2023, approximately 27% and 8%, respectively, for the nine months ended September 30, 2024, and approximately 25% and 11%, respectively, for the nine months ended September 30, 2023. The Company does not have any revenues from any individual customers that exceed 10% of total reported revenues.

Beginning in the third quarter of 2023, the Company updated its measure of segment performance to Adjusted EBITDAR (defined below) from Adjusted EBITDA. The prior year results presented below were reclassified to conform to the new segment presentation. Management believes segment Adjusted EBITDAR is representative of its ongoing business operations including its ability to service debt and to fund capital expenditures, acquisitions and operations, in addition to it being a commonly used measure of performance in the gaming industry and used by industry analysts to evaluate operations and operating performance.

The following table sets forth revenue and Adjusted EBITDAR for the Company's three reportable segments and reconciles Adjusted EBITDAR on a consolidated basis to net (loss) income. The Other category is included in the following tables in order to reconcile the segment information to the Company's condensed consolidated financial statements.

In addition to amounts recovered, the Company received $5.1 million from the PSP as a signing bonus for entering into an extension agreement.

On November 18, 2020, the Company issued Penny Warrants, Performance Warrants and Options which participate in dividends with the Company's common stock subject to certain contingencies. In the period in which the contingencies are met, those instruments are participating securities to which income will be allocated using the two-class method. The Performance Warrants and Options do not participate in net losses. The Penny Warrants were considered exercisable for little to no consideration and are therefore included in basic shares outstanding at their issuance date. For the three and nine months ended September 30, 2024 and 2023, the shares underlying the Performance Warrants were anti-dilutive as certain contingencies were not met. SUBSEQUENT EVENTS

On October 31, 2024, the Company entered into an agreement to carve-out components of its interactive business in Asia and certain other international markets in its International Interactive reportable segment (the "Carved-Out Business") to a company (the "Buyer") formed by members of the management of the Carved-Out Business. The Buyer is acquiring the net-assets, predominantly working capital, of the Carved-Out Business, in exchange for a seven-year term note in the principal amount of €30 million, subject to applicable interest. Certain intellectual property used in the Carved-Out Business has been placed in trust, with royalty licensing fees paid to the trust by the Buyer for a term of five years (subject to extension). All royalty licensing fees, net of trustee administrative expenses, are paid to the Company by the trust and are expected to be reported by the Company as licensing revenues. The Company will also provide the Carved-Out Business with certain transition services. In connection with the separation transaction, the Company will acquire penny warrants that represent a 19.9% fully-diluted interest in the Buyer, which is expected to result in the deconsolidation of the Carved-Out Business. Bally's will have no role in the management or operational governance of the Carved-Out Business.
The gain or loss on sale of the Carved-Out Business has not yet been determined as it is subject to valuation procedures and associated Goodwill allocation, the release of accumulated currency translation adjustments for the disposed entities, and other post-closing adjustments.

SIGNIFICANT ACCOUNTING POLICIES (Policies)

Sep. 30, 2024

Accounting Policies [Abstract]

Cash and Cash Equivalents and Restricted Cash

Cash and Cash Equivalents and Restricted Cash

Cash and cash equivalents includes cash balances and highly liquid investments with an original maturity of three months or less.

Deferred Charges, Policy

Deferred Payables

In order to execute on its strategy of improving working capital efficiency, the Company will, from time to time, participate in trade finance or deferred payable initiatives, including programs that may securitize or accelerate liquidity realized from receivables, or alternatively extend trade terms with certain suppliers or vendors. In certain cases, where the Company is not able to extend payment terms directly with suppliers or vendors, the Company will consider deferred payable solutions that simulate such trade term extensions. These solutions generally involve entering into exchange agreements with intermediary institutions who will make payment to the supplier or vendor within the original terms on behalf of the Company, in exchange for a new bill with terms that conforms to the Company's payment policy of net 90 days. The Company will then pay the new bill to the intermediary institutions, inclusive of any embedded premium, which the Company records as "Interest expense, net," within three months or less.

Consolidation, Variable Interest Entity, Policy

Variable Interest Entities

The Company evaluates entities for which control is achieved through means other than voting rights to determine if it is the primary beneficiary of a VIE. An entity is a VIE if it has any of the following characteristics (i) has insufficient equity to permit the entity to finance its activities without additional subordinated financial support (ii) equity holders, as a group, lack the characteristics of a controlling financial interest or (iii) the entity is structured with non-substantive voting rights. The primary beneficiary of the VIE is generally the entity that has (a) the power to direct the activities of the VIE that most significantly impact the VIE's economic performance and (b) the obligation to absorb losses or the right to receive benefits that could potentially be significant to the VIE. The Company consolidates its investment in a VIE when it determines that it is its primary beneficiary.

In determining whether it is the primary beneficiary of the VIE, the Company considers qualitative and quantitative factors, including, but not limited to: which activities most significantly impact the VIE's economic performance and which party controls such activities and significance of the Company's investment and other means of participation in the VIE's expected profits/losses. Significant judgments related to these determinations include estimates about the current and future fair values and performance of assets held by these VIEs and general market conditions.

Equity Method Investments, Policy

Equity Method Investments

On January 1, 2023, the Company and International Game Technology PLC ("IGT") contributed certain tangible assets and leases to Rhode Island VLT Company, LLC (the "RI Joint Venture") in exchange for equity interests of the RI Joint Venture. The Company contributed video lottery terminals ("VLTs") and player tracking equipment to the joint venture for a 40% equity interest of the RI Joint Venture. The 40% ownership in the joint venture qualifies for equity method accounting. In addition to this joint venture, the Company also has other investments in unconsolidated subsidiaries, which are accounted for using equity method accounting. The Company records its share of net income or loss within "Other non-operating (expense) income, net" in the condensed consolidated statements of operations. For the three months ended September 30, 2024 and 2023, the Company recorded (loss) income from equity method investments of $(1.1) million and $2.3 million, respectively, and for the nine months ended September 30, 2024 and 2023, the Company recorded (loss) income from equity method investments of $(0.3) million and $5.3 million, respectively.

Adjusted EBITDAR should not be construed as an alternative to GAAP net income, its most directly comparable GAAP measure, nor is it directly comparable to similarly titled measures presented by other companies.
(2) Consists primarily of the operating lease components contained within certain triple net leases with GLPI. Refer to Note 15 "Leases" for further information.
(3) Costs incurred in connection with the Merger Agreement discussed in Note 1 "General Information."
(4) In the third quarter, the Company recorded a $6.3 million charge to reduce amounts due from payment service providers ("PSP") due to a circumstance whereby the payment processer for certain online sports wagering deposits failed to capture and settle funds with patrons of the Company. The Company was not able to recover the full amount due from the payment service provider, resulting in a write down to the recoverable amount. In addition to amounts recovered, the Company received $5.1 million from the PSP as a signing bonus for entering into an extension agreement.

 Agreement and Plan of Merger
 On July 25, 2024, the Company entered into an Agreement and Plan of Merger (as amended, the "Merger Agreement") with SG Parent LLC, a Delaware limited liability company ("Parent"), The Queen Casino & Entertainment, Inc., a Delaware corporation and affiliate of Parent ("Queen"), Epsilon Sub I, Inc., a Delaware corporation and wholly owned subsidiary of the Company ("Merger Sub I"), Epsilon Sub II, Inc., a Delaware corporation and wholly owned subsidiary of the Company ("Merger Sub II", and together with the Company and Merger Sub I, the "Company Parties"), and, solely for purposes of specified provisions thereof, SG CQ Gaming LLC, a Delaware limited liability company ("SG Gaming" and together with Parent and Queen, the "Buyer Parties"). The Merger Agreement provides, among other things and on the terms and subject to the conditions therein, in connection with the closing of the transaction, (i) SG Gaming will contribute to the Company all shares of common stock of Queen that it owns (the "Queen Share Contribution") in exchange for 26,909,895 shares of common stock of the Company ("Company Common Stock") based on a 2.45368905950 share exchange ratio, (ii) the Company will issue approximately 3,542,205 shares of Company Common Stock to the other stockholders of Queen, (iii) immediately thereafter, Merger Sub I will merge into the Company (the "Company Merger"), with the Company surviving the Company Merger and (iv) immediately thereafter, Merger Sub II will merge into Queen (the "Queen Merger," and together with the Company Merger, the "Mergers"), with Queen surviving the Queen Merger as a direct, wholly owned subsidiary of the Company.
 The transaction is expected to close in the first calendar quarter of 2025, subject to the satisfaction of closing conditions contained in the Merger Agreement, including approval of the Company Merger by (a) the affirmative vote of the holders of a majority of all of the outstanding shares of Company Common Stock entitled to vote; (b) the affirmative vote of the holders of a majority of the outstanding shares of Company Common Stock held by the unaffiliated stockholders of the Company entitled to vote; (c) the expiration of any waiting period applicable to the consummation of the Queen Share Contribution or Mergers under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended (which has occurred) and (d) receipt of specified gaming approvals by the Company and Queen (as defined in the Merger Agreement). Subject to the terms and conditions of the Merger Agreement, at the effective time of the Merger (the "Effective Time"), each share of the Company's Common Stock issued and outstanding immediately prior to the Effective Time (other than shares of common stock owned by (i) the Company or any of its wholly owned subsidiaries, (ii) Parent or any of Parent's affiliates, (iii) by holders exercising statutory appraisal rights; (iv) by SG Gaming following the Queen Share Contribution; or (v) by holders who have elected to have such shares remain issued and outstanding following the Company Merger (a "Rolling Share Election")) will be converted into the right to receive cash consideration equal to $18.25 per share of common stock (the "Per Share Price"). Each holder of shares of Company Common Stock (other than the Company or its subsidiaries) will have the option to make a Rolling Share Election.
 The Merger Agreement contains customary representations, warranties and covenants of the Company Parties and the Buyer Parties, including, among others, covenants by each the Company and Queen relating (i) to conduct of their respective business prior to the closing of the Queen Share Contribution and the Mergers in the ordinary course during the period between the execution of the Merger Agreement and consummation of the Merger and (ii) not to engage in certain expressly enumerated transactions during such period. Under the terms of the Merger Agreement, the Company is subject to a customary "no-shop" provision that restricts the Company and its representatives from soliciting an alternative acquisition proposal (as described in the Merger Agreement) from third parties or providing information to or participating in any discussions or negotiations with third parties regarding any alternative acquisition proposal. However, prior to the receipt of the requisite approval of the holders of Company Common Stock, the "no-shop" provision permits the Company, under certain circumstances and in compliance with certain obligations set forth in the Merger Agreement, to provide non-public information and engage in discussions and negotiations with respect to an unsolicited alternative acquisition that would reasonably be expected to lead to a Superior Proposal (as defined in the Merger Agreement).
 The Merger Agreement also contains certain termination rights for the Company and Parent, with a termination fee equal to $11,100,000 payable by the Company to Parent under certain circumstances and a termination fee equal to $22,200,000 in cash or stock payable by Parent to the Company under certain circumstances. In addition, the Company or Parent may terminate the Merger Agreement if the Merger is not consummated by July 25, 2025.
 The Merger Agreement, the Merger and the transactions contemplated thereby were (i) unanimously recommended by a special committee of the board of directors of the Company (the "Board"), consisting solely of disinterested members of the Board, on July 24, 2024 and (ii) approved by the disinterested members of the Board on July 24, 2025.
 The foregoing descriptions of the Merger, the Merger Agreement, and the transactions contemplated thereby are not complete and are subject to and qualified in their entirety by the full text of the Merger Agreement, which is attached as an exhibit to, and described in, the Company's Current Report on Form 8-K filed with the SEC on July 25, 2024, and amendments thereto were attached as an exhibit to, and described in, the Company's Current Reports on Forms 8-K filed with the SEC on August 28, 2024 and October 1, 2024, respectively. Concurrently with the execution of the Merger Agreement, the Company and Parent entered into support agreements with Standard RI Ltd. ("SRL") (the "SG Support Agreement"), SBG Gaming, LLC, a designated subsidiary of Sinclair ("SBG") (the "SBG Support Agreement"), and Noel Hayden (the "Hayden Support Agreement"), each dated as of July 25, 2024 (collectively, the "Support Agreements"), pursuant to which each of them agreed, among other things, to vote their shares of Company Common Stock to adopt and approve the Merger Agreement and the other transactions contemplated by the Merger Agreement and to make a Rolling Share Election with respect to all shares of Company Common Stock owned or acquired by them, if any, including via the exercise of outstanding options or warrants. In addition, with respect to the SBG Support Agreement, the Company and SBG agreed that SBG would waive the right to receive the Per Share Price as the result of any exercise of performance warrants or options held by SBG. The SBG Support Agreement provides also that, simultaneously with the consummation of the transactions contemplated by the Merger Agreement, SBG will deliver to the Company the options it previously acquired from the Company to purchase 1,639,669 shares of Company Common Stock at prices between $30.00 and $45.00 per share for cancellation and retirement and in exchange therefor, the Company will issue to SBG warrants to purchase 384,536 shares of Company Common Stock containing terms substantially similar to the terms set forth in certain warrants currently held by SBG.
 The foregoing descriptions of the Support Agreements are not complete and are subject to and qualified in their entirety by reference to each of the SG Support Agreement, SBG Support Agreement and Hayden Support Agreement, each of which is attached as an exhibit to, and described in, the Company's Current Report on Form 8-K filed with the SEC on July 25, 2024. 269098952.453689059503542205182511100000222000001639669300.0045.00384536SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES Basis of Presentation
 The accompanying unaudited condensed consolidated financial statements include the accounts of the Company, its majority-owned subsidiaries and entities the Company identifies as variable interest entities ("VIEs"), of which the Company is determined to be the primary beneficiary. All intercompany transactions and balances have been eliminated in consolidation. Certain prior year amounts have been reclassified to conform to the current year's presentation. The financial statements of our foreign subsidiaries are translated into US Dollars ("USD") using exchange rates in effect at period-end for assets and liabilities and average exchange rates during each reporting period for results of operations. Adjustments resulting from financial statement translations are reflected as a separate component of accumulated other comprehensive loss. Foreign currency transaction gains and losses are included in net loss.
 The accompanying unaudited condensed consolidated financial statements have been prepared pursuant to the rules of the Securities and Exchange Commission (the "SEC") for interim financial information, including the instructions to Form 10-Q and Rule 10-01 of the SEC's Regulation S-X. Accordingly, certain information and note disclosures normally required in complete financial statements prepared in conformity with accounting principles generally accepted in the United States ("GAAP") have been condensed or omitted. In the Company's opinion, these condensed consolidated financial statements include all adjustments necessary for a fair presentation of the financial position, results of operations and cash flows for the interim periods presented.
 These unaudited condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and notes thereto included in the Company's Annual Report on Form 10-K for the year ended December 31, 2023.
 We have made estimates and judgments affecting the amounts reported in our condensed consolidated financial statements and the accompanying notes. The actual results that we experience may differ materially from our estimates.
 Equity Method Investments
 On January 1, 2023, the Company and International Game Technology PLC ("IGT") contributed certain tangible assets and leases to Rhode Island VLT Company, LLC (the "RI Joint Venture") in exchange for equity interests of the RI Joint Venture. The Company contributed video lottery terminals ("VLTs") and player tracking equipment to the joint venture for a 40% equity interest of the RI Joint Venture. The 40% ownership in the joint venture qualifies for equity method accounting. In addition to this joint venture, the Company also has other investments in unconsolidated subsidiaries, which are accounted for using equity method accounting. The Company records its share of net income or loss within "Other non-operating (expense) income, net" in the condensed consolidated statements of operations. For the three months ended September 30, 2024 and 2023, the Company recorded (loss) income from equity method investments of $(1.1) million and $2.3 million, respectively, and for the nine months ended September 30, 2024 and 2023, the Company recorded (loss) income from equity method investments of $(0.3) million and $5.3 million, respectively. Variable Interest Entities
 The Company evaluates entities for which control is achieved through means other than voting rights to determine if it is the primary beneficiary of a VIE. An entity is a VIE if it has any of the following characteristics (i) has insufficient equity to permit the entity to finance its activities without additional subordinated financial support (ii) equity holders, as a group, lack the characteristics of a controlling financial interest or (iii) the entity is structured with non-substantive voting rights. The primary beneficiary of the VIE is generally the entity that has (a) the power to direct the activities of the VIE that most significantly impact the VIE's economic performance and (b) the obligation to absorb losses or the right to receive benefits that could potentially be significant to the VIE. The Company consolidates its investment in a VIE when it determines that it is its primary beneficiary.
 In determining whether it is the primary beneficiary of the VIE, the Company considers qualitative and quantitative factors, including, but not limited to: which activities most significantly impact the VIE's economic performance and which party controls such activities and significance of the Company's investment and other means of participation in the VIE's expected profits/losses. Significant judgments related to these determinations include estimates about the current and future fair values and performance of assets held by these VIEs and general market conditions.
 Management has analyzed and concluded that Breckenridge Curacao B.V. ("Breckenridge") is a VIE because it does not have sufficient equity investment at risk. The Company has determined that it is the primary beneficiary and consolidates the*

VIE because (a) although the Company does not control all decisions of Breckenridge, the Company has the power to direct the activities of Breckenridge that most significantly impact its economic performance through various contracts with the entity and (b) the nature of these agreements between Breckenridge and the Company provides the Company with the obligation to absorb losses and the right to receive benefits based on fees that are based upon off-market rates and commensurate to the level of services provided. The Company receives significant benefits in the form of fees that are not at market and commensurate to the level of services provided. As a result, the Company consolidates all of the assets, liabilities and results of operations of Breckenridge and its subsidiaries in the accompanying condensed consolidated financial statements. As of September 30, 2024 and December 31, 2023, Breckenridge had total assets of $166.6 million and $161.3 million, respectively, and total liabilities of $96.8 million and $87.7 million, respectively. Breckenridge had revenues of $40.9 million and $71.5 million for the three months ended September 30, 2024 and 2023, respectively, and $149.4 million and $232.0 million for the nine months ended September 30, 2024 and 2023, respectively.</div><div style="text-align:justify">
</div><div style="text-align:justify">The Company may change its original assessment of a VIE upon subsequent events such as the modification of contractual arrangements that affect the characteristics or adequacy of the entity's equity investments at risk and the disposition of all or a portion of an interest held by the primary beneficiary. Deferred Payables
 In order to execute on its strategy of improving working capital efficiency, the Company will, from time to time, participate in trade finance or deferred payable initiatives, including programs that may securitize or accelerate liquidity realized from receivables, or alternatively extend trade terms with certain suppliers or vendors. In certain cases, where the Company is not able to extend payment terms directly with suppliers or vendors, the Company will consider deferred payable solutions that simulate such trade term extensions. These solutions generally involve entering into exchange agreements with intermediary institutions who will make payment to the supplier or vendor within the original terms on behalf of the Company, in exchange for a new bill with terms that conforms to the Company's payment policy of net 90 days. The Company will then pay the new bill to the intermediary institutions, inclusive of any embedded premium, which the Company records as "Interest expense, net," within three months or less.
 During the three and nine months ended September 30, 2024, the Company borrowed $82.5 million and $184.8 million, respectively, under these deferred payable arrangements and during the three and nine months ended September 30, 2024 repaid $61.7 million and $103.1 million, respectively. Amounts outstanding under these deferred payable arrangements were $84.1 million as of September 30, 2024 and are included in "Accrued and other current liabilities" on the condensed consolidated balance sheets. For the three and nine months ended September 30, 2024, the Company incurred $1.7 million and $3.9 million of interest expense, respectively, under these arrangements. These arrangements were not utilized by the Company during the three and nine months ended September 30, 2023.
 Gaming Expenses
 Gaming expenses include, among other things, payroll costs and expenses associated with the operation of VLTs, slots and table games, including gaming taxes payable to jurisdictions in which the Company operates outside of Rhode Island and Delaware, and marketing costs directly associated with the Company's iGaming products and services. These marketing expenses are included within Gaming expenses in the condensed consolidated statements of operations and were $39.4 million and $43.6 million for the three months ended September 30, 2024 and 2023, respectively, and $132.6 million and $137.3 million for the nine months ended September 30, 2024 and 2023, respectively. Gaming expenses also include racing expenses comprised of payroll costs, off track betting ("OTB") commissions and other expenses associated with the operation of live racing and simulcasting.
 Advertising Expense
 The Company expenses advertising costs as incurred. For the three months ended September 30, 2024 and 2023, advertising expense was $3.5 million and $5.6 million, respectively, and for the nine months ended September 30, 2024 and 2023, advertising expense was $13.2 million and $14.2 million, respectively. Advertising costs are included in "General and administrative" on the condensed consolidated statements of operations.

 The Company recognized total share-based compensation expense of $4.1 million and $6.3 million for the three months ended September 30, 2024 and 2023, respectively, and $11.6 million and $18.6 million for the nine months ended September 30, 2024 and 2023, respectively. The total income tax benefit for share-based compensation arrangements was $1.1 million and $1.7 million for the three months ended September 30, 2024 and 2023, respectively, and $3.0 million and $4.9 million for the nine months ended September 30, 2024 and 2023, respectively.
 Strategic Partnership - Sinclair Broadcast Group
 In 2020, the Company and Sinclair Broadcast Group, Inc. ("Sinclair") entered into a Framework Agreement (the "Framework Agreement"), which provides for a long-term strategic relationship between Sinclair and the Company. Under the Framework Agreement, the Company issued warrants and options and agreed to share tax benefits and received naming, integration and other rights, including access to Sinclair's Tennis Channel, Stadium Sports Network and STIRR streaming service. Under a Commercial Agreement (the "Commercial Agreement") contemplated by the Framework Agreement, the Company paid annual fees to Diamond Sports Group ("Diamond"), a Sinclair subsidiary, for naming rights over Diamond's regional sports networks ("RSNs") and other consideration. The Company accounted for this relationship as an asset acquisition in accordance with the "Acquisition of Assets Rather Than a Business" subsections of ASC 805-50, Business Combinations—Related Issues, using a cost accumulation model. The total intangible asset ("Commercial rights intangible asset") represents the present value of the naming rights fees and other consideration, including the fair value of the warrants and options, and an estimate of the tax-sharing payments, each explained below. The Commercial rights intangible asset, net of accumulated amortization, was $202.6 million and $225.9 million as of September 30, 2024 and December 31, 2023, respectively. Amortization was $7.8 million and $7.7 million for the three months ended September 30, 2024 and 2023, respectively, and $23.4 million and $23.2 million for the nine months ended September 30, 2024 and 2023, respectively. Refer to Note 9 "Goodwill and Intangible Assets" for further information.
 The present value of the naming rights fees was recorded as part of intangible assets, with a corresponding liability, which was accreted through interest expense. As of December 31, 2023, the total value of the liability was $57.7 million, with $8.0 million recorded within "Accrued and other current liabilities" related to the short-term portion of the liability, and $49.7 million related to the long-term portion of the liability reflected as "Commercial rights liability" in the condensed consolidated balance sheets. Accretion expense reported in "Interest expense, net" in our condensed consolidated statements of operations was $1.1 million and $3.3 million for the three and nine months ended September 30, 2023, respectively. In the first quarter of 2024, the Company's obligation to pay Diamond for the naming rights terminated upon the bankruptcy court's approval of certain settlement terms, which the court approved on March 1, 2024. Refer to Note 17 "Commitments and Contingencies" for further information.
 Under the Framework Agreement, the Company issued to SBG (i) an immediately exercisable warrant to purchase up to 4,915,726 shares of the Company at an exercise price of $0.01 per share ("the Penny Warrants"), (ii) a warrant to purchase up to a maximum of 3,279,337 additional shares of the Company at a price of $0.01 per share subject to the achievement of various performance metrics (the "Performance Warrants"), and (iii) an option to purchase up to 1,639,669 additional shares in four tranches with purchase prices ranging from $30.00 to $45.00 per share, exercisable over a seven-year period beginning on the fourth anniversary of the November 18, 2020 closing (the "Options"). The exercise and purchase prices and the number of shares issuable upon exercise of the warrants and options are subject to customary anti-dilution adjustments. Refer to Note 1 "General Information" for further information.
 The Penny Warrants and Options are equity classified instruments under ASC 815, Derivatives and Hedging ("ASC 815"). The fair value of the Penny Warrants approximates the fair value of the underlying shares and was $150.4 million on November 18, 2020 at issuance, and was recorded to "Additional paid-in-capital" in the condensed consolidated balance sheets, with an offset to the Commercial rights intangible asset.
 The Performance Warrants are accounted for as a derivative liability because the underlying performance metrics represent an adjustment to the settlement amount that is not indexed to the Company's own stock and thus equity classification is precluded under ASC 815. Refer to Note 11 "Fair Value Measurements" for further information.
 Under the Framework Agreement, the Company agreed to share 60% of the tax benefits it realizes from the Penny Warrants, Options, Performance Warrants and other related payments. Changes in the estimate of the tax benefit to be realized and tax rates in effect at the time, among other changes, are treated as an adjustment to the intangible asset. The liability for these obligations was $18.8 million and $19.1 million as of September 30, 2024 and December 31, 2023, respectively, and is reflected in "Commercial rights liabilities" within our condensed consolidated balance sheets.
 Provision for Income Taxes
 During the nine months ended September 30, 2024 and 2023, the Company recorded a benefit for income tax of $3.7 million, at an effective year to date tax rate of 0.8% and a provision for income tax of $153.0 million, at an effective year to date tax rate of 62.7%, respectively. The 2024 year to date effective tax rate differed from the US federal statutory tax rate of 21%, creating a benefit for income tax on the Company's Loss before income taxes, largely due to an increase in the valuation allowance, entirely offset by discrete tax asset related to the sale-leaseback transaction involving the real estate underlying the Bally's Chicago project. The 2023 year to date effective tax rate was higher than the US federal statutory tax rate of 21%, largely due to an increase in the valuation allowance and a tax liability for a discrete item related to the deferred gain on sale-leaseback transactions in Mississippi and Rhode Island. Equity Method Investments
 On January 1, 2023, the Company and International Game Technology PLC ("IGT") contributed certain tangible assets and leases to Rhode Island VLT Company, LLC (the "RI Joint Venture") in exchange for equity interests of the RI Joint Venture. The Company contributed video lottery terminals ("VLTs") and player tracking equipment to the joint venture for a 40% equity interest of the RI Joint Venture. The 40% ownership in the joint venture qualifies for equity method accounting. In addition to this joint venture, the Company also has other investments in unconsolidated subsidiaries, which are accounted for using equity method accounting. The Company records its share of net income or loss within "Other non-operating (expense) income, net" in the condensed consolidated statements of operations. For the three months ended September 30, 2024 and 2023, the Company recorded (loss) income from equity method investments of $(1.1) million and $2.3 million, respectively, and for the nine months ended September 30, 2024 and 2023, the Company recorded (loss) income from equity method investments of $(0.3) million and $5.3 million, respectively. 0.400.40-11000002300000-3000005300000 Variable Interest Entities
 The Company evaluates entities for which control is achieved through means other than voting rights to determine if it is the primary beneficiary of a VIE. An entity is a VIE if it has any of the following characteristics (i) has insufficient equity to permit the entity to finance its activities without additional subordinated financial support (ii) equity holders, as a group, lack the characteristics of a controlling financial interest or (iii) the entity is structured with non-substantive voting rights. The primary beneficiary of the VIE is generally the entity that has (a) the power to direct the activities of the VIE that most significantly impact the VIE's economic performance and (b) the obligation to absorb losses or the right to receive benefits that could potentially be significant to the VIE. The Company consolidates its investment in a VIE when it determines that it is its primary beneficiary.
 In determining whether it is the primary beneficiary of the VIE, the Company considers qualitative and quantitative factors, including, but not limited to: which activities most significantly impact the VIE's economic performance and which party controls such activities and significance of the Company's investment and other means of participation in the VIE's expected profits/losses. Significant judgments related to these determinations include estimates about the current and future fair values and performance of assets held by these VIEs and general market conditions.

 In order to execute on its strategy of improving working capital efficiency, the Company will, from time to time, participate in trade finance or deferred payable initiatives, including programs that may securitize or accelerate liquidity realized from receivables, or alternatively extend trade terms with certain suppliers or vendors. In certain cases, where the Company is not able to extend payment terms directly with suppliers or vendors, the Company will consider deferred payable solutions that simulate such trade term extensions. These solutions generally involve entering into exchange agreements with intermediary institutions who will make payment to the supplier or vendor within the original terms on behalf of the Company, in exchange for a new bill with terms that conforms to the Company's payment policy of net 90 days. The Company will then pay the new bill to the intermediary institutions, inclusive of any embedded premium, which the Company records as "Interest expense, net," within three months or less.

REVENUE RECOGNITION The Company recognizes revenue in accordance with ASC 606, Revenue from Contracts with Customers, which requires the revenue to be recognized when a performance obligation is satisfied by transferring the control of promised goods or services and is measured at the transaction price or the amount of consideration that the Company expects to receive through satisfaction of the identified performance obligations.
 The Company generates revenue from four principal sources: (1) gaming (which includes retail gaming, online gaming, sports betting and racing), (2) hotel, (3) food and beverage and (4) retail, entertainment and other. Sales tax and other taxes collected on behalf of governmental authorities are accounted for on a net basis and are not included in revenue or operating expenses.
 Gaming Revenue
 Performance Obligations
 Retail gaming service contracts involving our land-based casinos, each have an obligation to honor the outcome of a wager and to pay out an amount equal to the stated odds, including the return of the initial wager, if the customer receives a winning hand. These elements of honoring the outcome of the hand of play and generating a payout are considered one performance obligation, with an additional performance obligation for those customers earning incentives under the Company's player loyalty program.
 Online gaming and sports betting represent a single performance obligation for the Company to operate contests or games and award prizes or payouts to users based on results of the arrangement. Additionally, the use of incentives across the online gaming products create future customer rights and are a separate performance obligation.
 Racing revenue is earned through advance deposit wagering, which consists of patrons wagering through an advance deposit account. Each wagering contract contains a single performance obligation.
 Transaction Price
 The Company applies a practical expedient to account for its gaming contracts on a portfolio basis as such wagers have similar characteristics and the Company reasonably expects the impact on the consolidated financial statements of applying the revenue recognition guidance to the portfolio would not differ materially from the application of an individual wagering contract. The transaction price for a retail gaming, online gaming or sports betting wagering contract is the difference between wins and losses, not the total amount wagered. In addition, in the event of a multi-stage contest, the Company will allocate transaction price ratably from contest start to the contest's final stage.
 The transaction price for racing operations, inclusive of live racing events conducted at the Company's racing facilities, is the commission received from the pari-mutuel pool less contractual fees and obligations, primarily consisting of purse funding requirements, simulcasting fees, tote fees and certain pari-mutuel taxes that are directly related to the racing operations. For purposes of allocating the transaction price in a wagering contract between the wagering performance obligation and the obligation associated with incentives earned under loyalty programs, the Company allocates an amount to the loyalty program contract liability based on the stand-alone selling price of the incentive earned. The performance obligation related to loyalty program incentives are deferred and recognized as revenue upon redemption by the customer.
 Revenue Recognition
 The allocated revenue for retail gaming wagers is recognized when the wagering occurs as all such wagers settle immediately. Online gaming revenue is recognized at the point in time when the player completes a gaming session and payout occurs. Sports betting involves a player wagering money on an outcome or series of outcomes. If a player wins the wager, the Company pays the player a pre-determined amount known as fixed odds, and its revenue is recognized as total wagers net of payouts made and incentives awarded to players. Racing revenue includes

*several of our casinos and resorts' share of wagering from live racing and the import of simulcast signals, and is recognized upon completion of the wager based upon an established take-out percentage.

 Performance Obligations
 Hotel, food and beverage, and retail, entertainment and other services have been determined to be separate, stand-alone performance obligations and revenue is recognized as the good or service is transferred at the point in time of the transaction.
 Transaction Price
 The transaction price for hotel, food and beverage, and retail, entertainment and other, is the net amount collected from the customer for such goods and services. The estimated standalone selling price of hotel rooms is determined based on observable prices. The standalone selling price of these goods and services are determined based upon the actual retail prices charged to customers for those items.
 Revenue Recognition
 Hotel revenue is recognized when the customer obtains control through occupancy of the room over their stay at the hotel. Advance deposits for hotel rooms are recorded as liabilities until revenue recognition criteria are met. Food, beverage and retail revenues are recognized at the time the goods are sold from Company-operated outlets. Other revenue includes cancellation fees for hotel and meeting space services, which are recognized upon cancellation by the customer, and golf revenues from the Company's operations of Bally's Golf Links, which are recognized at the time of sale. Additionally, other revenue includes market access and business-to-business service revenue generated by the International Interactive and North America Interactive reportable segments, which is recognized at the time the goods are sold or the service is provided, and are included in Non-gaming revenue within our condensed consolidated statements of operations. The following tables provide a disaggregation of revenue by segment (in thousands): <table style="border-collapse:collapse;display:inline-table;margin-bottom:5pt;vertical-align:text-bottom;width:100.000%"><tr><td style="width:1.0%"></td><td style="width:46.268%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:11.619%"></td><td style="width:0.1%"></td><td style="width:0.1%"></td><td style="width:0.384%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:11.619%"></td><td style="width:0.1%"></td><td style="width:0.1%"></td><td style="width:0.384%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:11.619%"></td><td style="width:0.1%"></td><td style="width:0.1%"></td><td style="width:0.384%"></td><td style="width:0.1%"></td><td colspan="3" style="display:none"></td><td colspan="3" style="display:none"></td><td style="width:1.0%"></td><td style="width:11.623%"></td><td style="width:0.1%"></td></tr>

 Bally's Golf Links - On September 12, 2023, the Company completed the acquisition of Trump Golf Links at Ferry Point, subsequently renamed Bally's Golf Links at Ferry Point, which includes the assignment of a license agreement to operate an 18-hole links-style golf course located in the Bronx, New York.
 The total purchase consideration included cash paid, net of cash acquired and net working capital adjustments, which amounted to $55.0 million. This acquisition continues the Company's strategic objective of developing a diversified portfolio within its Casinos & Resorts segment.
 Total purchase consideration also includes contingent consideration valued at $58.6 million, which is the fair value, under GAAP, of expected cash payments totaling up to $125 million to the seller, based upon future events, which are uncertain. The contingent consideration was recorded at fair value, using discounted cash flow analyses with level 3 inputs, and is remeasured quarterly, with fair value adjustments recognized in earnings, until the contingencies are resolved. Inputs to this valuation approach include the Company's estimated probabilities of achieving the conditions for payment, expected terms between 1.5 and 3 Years, and discount rates between 7.2% and 7.8%. The settlement of the contingent consideration liabilities will be due to the seller in the event the license agreement is extended or if the Company is successful in its bid for a casino license.</div><div style="text-align:justify">The following table summarizes the consideration paid and the fair values of the assets acquired and liabilities assumed in connection with the Casinos & Resorts acquisition as of September 30, 2024:</div><div style="text-align:justify"><table style="border-collapse:collapse;display:inline-table;margin-bottom:5pt;vertical-align:text-bottom;width:100.000%"><tr><td style="width:1.0%"></td><td style="width:80.186%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:17.614%"></td><td style="width:0.1%"></td></tr><tr><td colspan="3" style="display:none"></td><td colspan="3" style="display:none"></td></tr><tr><td colspan="3" style="padding:0 1pt"></td><td colspan="3" style="padding:2px 1pt;text-align:center;vertical-align:bottom">Bally's Golf Links</td></tr><tr><td colspan="3" style="background-color:#cceeff;padding:2px 1pt;text-align:left;vertical-align:bottom">(in thousands)</td><td colspan="3" style="background-color:#cceeff;border-top:1pt solid #000;padding:2px 1pt;text-align:left;vertical-align:bottom"><div style="text-align:center">Final(2)</div></td></tr><tr><td colspan="3" style="background-color:#ffffff;padding:2px 1pt;text-align:left;vertical-align:bottom">Total current assets</td><td style="background-color:#ffffff;padding:2px 0 2px 1pt;text-align:left;vertical-align:bottom"><span style="color:#000000;font-family:'Times New Roman',sans-serif;font-size:10pt;font-weight:400;line-height:100%">$</td><td style="background-color:#ffffff;padding:2px 0;text-align:right;vertical-align:bottom"><span style="color:#000000;font-family:'Times New Roman',sans-serif;font-

 In 2023, the Company entered into a series of interest rate contracts and cross currency swap derivative transactions with multiple bank counterparties in order to synthetically convert a notional aggregate amount of $500.0 million of the Company's USD denominated variable rate Term Loan Facility, as disclosed in Note 14 "Long-Term Debt," into fixed rate debt over five years and $200 million of the Term Loan Facility, to an equivalent GBP denominated floating rate instrument over three years. These contracts mature in October, 2028 and 2026, respectively. In the third quarter of 2024, the Company settled $500.0 million of notional interest rate collars and received $3.9 million in termination payments, reflecting the fair value on the settlement date. The fair value on the settlement date is recorded as a component of accumulated other comprehensive income (loss), which will be reclassified into "Interest expense, net" in the condensed consolidated statements of operations in the same period in which the hedged interest payments associated with the Company's borrowings are recorded. Additionally, the Company simultaneously entered into a series of interest rate contracts in a notional aggregate amount of $1.00 billion, to further manage the Company's exposure to interest rate movements associated with the Company's variable rate Term Loan Facility through its synthetic conversion to fixed rate debt. The tenor of these contracts were matched with the maturity of the Term Loan Facility tranche maturing on October 1, 2028.</div><div style="text-align:justify">

The Company uses fixed and fixed-cross-currency swaps to hedge its exposure to changes in the foreign exchange rate on its foreign investment in Europe and their exposure to changes in the EUR-GBP exchange rate. Currency forward agreements involve fixing the USD-EUR exchange rate for delivery of a specified amount of foreign currency on a specified date. The currency forward agreements are typically cash settled in USD for their fair value at or close to their settlement date. Cross-currency swaps involve the receipt of functional-currency-fixed-rate amounts from a counterparty in exchange for the Company making foreign-currency-fixed-rate payments over the life of the agreement. These derivative arrangements qualify as net investment hedges under ASC 815, with the gain or loss resulting from changes in the spot value of the derivative reported in other comprehensive income (loss). Amounts are reclassified out of other comprehensive income (loss) into earnings when the hedged net investment is either sold or substantially liquidated. Additionally, the accrual of foreign currency and USD denominated coupons will be recognized in "Interest expense, net" in the condensed consolidated statements of operations.  Cash Flow Hedges
 Interest Rate Contracts - The Company's objectives in using interest rate derivatives are to hedge its exposure to variability in cash flows on a portion of its floating-rate debt, to add stability to interest expense and to manage its exposure to interest rate movements. To accomplish these objectives, the Company primarily uses interest rate swaps and collars as part of its financial risk and liability management policy. The Company's interest rate swaps and collars are designated as cash flow hedges under ASC 815. The changes in the fair value of these instruments are recorded as a component of accumulated other comprehensive income (loss) and reclassified into "Interest expense, net" in the condensed consolidated statements of operations in the same period in which the hedged interest payments associated with the Company's borrowings are recorded. Refer to Note 11 "Fair Value Measurements" and Note 16 "Stockholders' Equity" for further information.

 Interest Rate Contracts and Cross Currency Swaps
 The fair values of interest rate contracts and cross currency swap assets and liabilities are classified within Level 2 of the fair value hierarchy as the valuation inputs are based on estimates using currency spot and forward rates and standard pricing models that consider the value of future cash flows as of the balance sheet date, discounted to a present value using discount factors that match both the time to maturity and currency of the underlying instruments. These standard pricing models utilize inputs that are derived from or corroborated by observable market data such as interest rate yield curves as well as currency spot and forward rates. Changes in the fair value of these contracts are reported as a component of other comprehensive income (loss).
 Sinclair Performance Warrants
 Sinclair Performance Warrants are accounted for as a derivative instrument classified as a liability within Level 3 of the hierarchy as the warrants are not traded in active markets and are subject to certain assumptions and estimates made by management related to the probability of meeting performance milestones. These assumptions and the probability of meeting performance targets may have a significant impact on the value of the warrant. The Performance Warrants are valued using an option pricing model, considering the Company's estimated probabilities of achieving the performance milestones for each tranche. Inputs to this valuation approach include volatility between 40% and 67%, risk free rates between 3.84% and 4.79%, the Company's common stock price for each period and expected terms between 1.5 and 6.3 years. The fair value is recorded within "Commercial rights liabilities" of the condensed consolidated balance sheets. Contingent Consideration
 Contingent consideration related to acquisitions is recorded at fair value as a liability on the acquisition date and subsequently remeasured at each reporting date, based on significant inputs not observable in the market, which represents a Level 3 measurement within the fair value hierarchy. The remeasurements are based primarily on the expected probability of achievement of the contingency targets which are subject to management's estimates. These changes in fair value are recognized within "Other non-operating (expense) income, net" of the condensed consolidated statements of operations.
 In connection with the acquisitions of SportCaller and Monkey Knife Fight ("MKF") in the first quarter of 2021, the Company recorded contingent consideration of $58.7 million. During the second quarter of 2023, the Company, in satisfaction of contingencies related to the respective acquisition agreements, settled the remaining contingent consideration of $9.3 million, comprised of 386,926 immediately exercisable penny warrants, 103,656 shares of Bally's Corporation common stock and a de minimis payment in cash.
 In connection with the acquisition of Bally's Golf Links on September 12, 2023, the Company recorded contingent consideration, which was valued at $58.8 million as of September 30, 2024. Refer to Note 6 "Business Combinations" for further information.</div><div style="text-align:justify">

 Senior Notes
 On August 20, 2021, two unrestricted subsidiaries (together, the "Escrow Issuers") of the Company issued $750.0 million aggregate principal amount of 5.625% senior notes due 2029 (the "2029 Notes") and $750.0 million aggregate principal amount of 5.875% Senior Notes due 2031 (the "2031 Notes" and, together with the 2029 Notes, the "Senior Notes"). The Senior Notes were issued pursuant to an indenture, dated as of August 20, 2021, among the Escrow Issuers and U.S. Bank National Association, as trustee. Certain of the net proceeds from the Senior Notes offering were placed in escrow accounts for use in connection with the Gamesys acquisition. On October 1, 2021, upon the closing of the Gamesys acquisition, the Company assumed the issuer obligation under the Senior Notes. The Senior Notes are guaranteed, jointly and severally, by each of the Company's restricted subsidiaries that guarantees the Company's obligations under its Credit Agreement (as defined below).
 The 2029 Notes mature on September 1, 2029 and the 2031 Notes mature on September 1, 2031. Interest is payable on the Senior Notes in cash semi-annually on March 1 and September 1 of each year, beginning on March 1, 2022.
 The Company may redeem some or all of the Senior Notes at any time prior to September 1, 2024, in the case of the 2029 Notes, and September 1, 2026, in the case of the 2031 Notes, at prices equal to 100% of the principal amount of the Senior Notes to be redeemed plus certain "make-whole" premiums, plus accrued and unpaid interest. In addition, prior to September 1, 2024, the Company may redeem up to 40% of the original principal amount of each series of the Senior Notes with proceeds of certain equity offerings at a redemption price equal to 105.625% of the principal amount, in the case of the 2029 Notes, and 105.875%, in the case of the 2031 Notes, plus accrued and unpaid interest. The Company may redeem some or all of the Senior Notes at any time on or after September 1, 2024, in the case of the 2029 Notes, and September 1, 2026, in the case of the 2031 Notes, at certain redemption prices set forth in the indenture plus accrued and unpaid interest. During the nine months ended September 30, 2023, the Company repurchased and retired $15.0 million of the 2031 Notes at a weighted average price of 70.80% of the principal. In connection with the repurchase of these 2031 Notes, the Company recorded a gain on extinguishment of debt of $4.0 million recorded within "Other non-operating (expense) income, net" in the condensed consolidated statements of operations.
 The indenture contains covenants that limit the ability of the Company and its restricted subsidiaries to, among other things, (1) incur additional indebtedness, (2) pay dividends on or make distributions in respect of capital stock or make certain other restricted payments or investments, (3) enter into certain transactions with affiliates, (4) sell or otherwise dispose of assets, (5) create or incur liens and (6) merge, consolidate or sell all or substantially all of the Company's assets. These covenants are subject to exceptions and qualifications set forth in the indenture.
 Credit Facility
 On October 1, 2021, the Company and certain of its subsidiaries entered into a credit agreement (the "Credit Agreement") with Deutsche Bank AG New York Branch, as administrative agent and collateral agent, and the other lenders party thereto, providing for senior secured financing of up to $2.565 billion, consisting of a senior secured term loan facility in an aggregate principal amount of $1.945 billion (the "Term Loan Facility"), which will mature in 2028, and a senior secured revolving credit facility in an aggregate principal amount of $620.0 million (the "Revolving Credit Facility"), which will mature in 2026.
 The credit facilities allow the Company to increase the size of the Term Loan Facility or request one or more incremental term loan facilities or increase commitments under the Revolving Credit Facility or add one or more incremental revolving facilities in an aggregate amount not to exceed the greater of $650 million and 100% of the Company's consolidated EBITDA for the most recent four-quarter period plus or minus certain amounts as specified in the Credit Agreement, including an unlimited amount subject to compliance with a consolidated total secured net leverage ratio as set out in the Credit Agreement.</div><div style="text-align:justify">

Operating Leases
 The Company is committed under various operating lease agreements for real estate and property used in operations. Certain leases include various renewal options which are included in the lease term when the Company has determined it is reasonably certain of exercising the options. Certain of these leases include percentage rent payments based on property revenues and/or rent escalation provisions determined by increases in the consumer price index ("CPI"). These percentage rent and escalation provisions are treated as variable lease payments and recognized as lease expense in the period in which the obligation for those payments are incurred. Discount rates used to determine the present value of the lease payments are based on the Company's incremental borrowing rate commensurate with the term of the lease.
 The Company had total operating lease liabilities of $1.37 billion and $1.20 billion as of September 30, 2024 and December 31, 2023, respectively, and right of use assets of $1.26 billion and $1.16 billion as of September 30, 2024 and December 31, 2023, respectively, which were included in the condensed consolidated balance sheets.
 GLPI Leases
 As of September 30, 2024, the Company's Bally's Evansville, Bally's Dover, Bally's Quad Cities, Bally's Black Hawk, Bally's Tiverton and Hard Rock Biloxi properties are leased under the terms of a master lease agreement (the "Master Lease") with GLPI. All GLPI leases are accounted for as operating leases within the provisions of ASC 842, Leases ("ASC 842"), over the lease term or until a re-assessment event occurs. The Master Lease has an initial term of 15 years and includes four, five-year options to renew and requires combined minimum annual payments of $100.5 million, subject to minimum 1% annual escalation or greater escalation dependent on CPI. The renewal options are not reasonably certain of exercise as of September 30, 2024.
 On January 3, 2023, the Company completed a transaction with GLP Capital, L.P ("GLP"),, an affiliate of GLPI, related to the land and real estate assets of Bally's Tiverton and Hard Rock Biloxi for total consideration of $625.4 million. The transaction was structured as a tax-free capital contribution and a substantial portion of the proceeds was used to reduce the Company's debt. These properties were added to the Master Lease, increasing minimum annual payments by $48.5 million. During the nine months ended September 30, 2023, the Company recorded a gain of $374.3 million representing the difference in the transaction price and the derecognition of assets. This gain is reflected as "Loss (gain) on sale-leaseback, net" in the condensed consolidated statements of operations.
 In addition to the properties under the Master Lease explained above, the Company leases land associated with Tropicana Las Vegas under a ground lease established with GLPI in 2022. This lease has an initial term of 50 years, with the possibility of extending up to 99 years through renewal options. Annual rent under the lease is $10.5 million, subject to minimum 1% annual escalation or greater escalation dependent on CPI. As of September 30, 2024, the renewal options are not considered reasonably certain to be exercised. During the third quarter, the Company modified the lease and GLPI paid $48.6 million to the Company to fund the demolition of the building at the Tropicana Las Vegas site in exchange for an increase in annual rent of $4.1 million, also subject to a minimum 1% annual increase or greater based on CPI. This lease modification did not change the lease classification. The cash received is treated as a lessor incentive, leading to an adjustment in the Right of Use asset for the total funding amount. Upon modification, the Lease Liability and Right of Use asset were adjusted to reflect the present value of the increased future lease payment.</div><div style="text-align:justify">Components of lease expense, included within "General and administrative" in the condensed consolidated statements of operations, for operating leases during the three and nine months ended September 30, 2024 and 2023 are as follows:</div><div style="text-align:justify"><table style="border-collapse:collapse;display:inline-table;margin-bottom:5pt;vertical-align:text-bottom;width:100.000%"><tr><td style="width:1.0%"></td><td style="width:38.666%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:13.519%"></td><td style="width:0.1%"></td><td style="width:0.1%"></td><td style="width:0.384%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:13.519%"></td><td style="width:0.1%"></td><td style="width:0.1%"></td><td style="width:0.384%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:13.525%"></td><td style="width:0.1%"></td></tr><tr><td colspan="3" style="padding:0 1pt"></td><td colspan="9" style="padding:2px 1pt;text-align:center;vertical-align:bottom">Three Months Ended

 Future minimum lease payments disclosed in the table above include $87.7 million related to extension options that are reasonably certain of being exercised. The table above does not include $6.5 million of payments for leases signed but not yet commenced as of September 30, 2024. Financing Obligation
 Bally's Chicago Operating Company, LLC., an indirect wholly-owned subsidiary of the Company, entered into a ground lease for the land on which Bally's Chicago will be built, which was accounted for as a financing obligation in accordance with ASC 470, Debt, as the transaction did not qualify as a sale under ASC 842. The lease commenced November 18, 2022 and had a 99-year term followed by ten separate 20-year renewals at the Company's option.
 The Company recorded land within "Property and equipment, net" of $200.0 million with a corresponding liability within "Long-term portion of financing obligation" of $200.0 million on its condensed consolidated balance sheets as of December 31, 2023. All lease payments were recorded as interest expense and there was no reduction to the financing obligation. Bally's Chicago made cash payments, and recorded corresponding interest expense of $3.1 million and $4.3 million during the three months ended September 30, 2024 and 2023, respectively, and $12.4 million and $13.0 million during the nine months ended September 30, 2024 and 2023, respectively.
 In the third quarter of 2024, GLP acquired the real estate underlying the Bally's Chicago project, for which the Company was subject to the financing obligation, and assumed the existing lease. The lease with GLP was amended in the third quarter, creating a lease modification event whereby the land components previously classified as a financing obligation were reassessed and now classified as an operating lease. This change was due to the transfer of control of the land asset from the Company to the lessor, which permitted sale recognition in accordance with ASC 842. As a result of this reassessment, the Company derecognized $350.0 million from "Property and equipment, net" related to the land asset and $200.0 million from the "Long-term portion of financing obligation"

within our Condensed Consolidated Balance Sheets. As a result of the lease modification, a $150.0 million offset in "Loss (gain) on sale-leaseback, net" was recorded within the Condensed Consolidated Statements of Operations for the three and nine months ending September 30, 2024.
 Pending Lease Transactions
 On July 11, 2024, the Company entered into a Binding Term Sheet to form a strategic construction and financing arrangement with GLP, an affiliate of GLPI, which includes the funding to complete the construction of Bally's Chicago's permanent casino. GLP will amend the existing land lease through a new master lease agreement with Bally's Chicago Operating Company, LLC ("Chicago MLA"). The Chicago MLA includes annual rent of $20 million, subject to customary escalation provisions. The Chicago MLA also provides up to $940 million in construction financing, subject to conditions and approvals. The Company will pay additional rent under the Chicago MLA based on a 8.5% capitalization rate on funded amounts. The initial lease term for the Chicago MLA is 15 years with renewal options to be agreed upon by the parties.
 The Company will also sell and lease back from GLP its properties in Kansas City and Shreveport for $395 million, with initial annual rent of $32.2 million, subject to escalation. In addition, the Company plans to sell and lease back its Bally's Twin River property to GLP by the end of 2026 for $735 million, with initial annual rent of $58.8 million. GLP has the right to call this transaction starting October 2026. All such transactions are subject to required regulatory approvals.

AND CONTINGENCIES Litigation
 Diamond commenced reorganization proceedings under Chapter 11 of the Bankruptcy Code in March 2023. In July 2023, Diamond commenced litigation against Sinclair, Bally's and others as part of its bankruptcy proceedings, challenging a series of transactions between Sinclair and Diamond. One of the 19 counts in the complaint includes Bally's as a defendant, alleging that the Commercial Agreement with Sinclair involved fraudulent transfers and unlawful distributions. In the first quarter of 2024, Diamond agreed to settle these claims against all defendants, including Bally's. Under the settlement terms, Diamond would receive payments from Sinclair and would reject the Commercial Agreement. Bally's would continue to have naming rights on Diamond's RSNs through the 2024 major league baseball season at no cost to either party (unless Diamond agrees with a new counterparty that will pay for such naming rights). Bally's, in turn, would receive a release of all claims Diamond may have against it. Bally's obligation to pay Diamond for the naming rights terminated upon the bankruptcy court's approval of the settlement terms, which the court approved on March 1, 2024, and the Company derecognized the rights fees liability against the non-cash liability established at December 31, 2023. Bally's has recorded a $202.6 million non-cash liability to reflect the effect of the termination of naming rights on its remaining commercial rights intangible asset originally recorded at the time that the arrangement was agreed, which will occur in the fourth quarter of 2024. The Company is a party to other various legal and administrative proceedings which have arisen in the ordinary course of its business. Estimated losses are accrued for these proceedings when the loss is probable and can be estimated. The current liability for the estimated losses associated with these proceedings is not material to the Company's consolidated financial condition and those estimated losses are not expected to have a material impact on results of operations. Although the Company maintains what it believes is adequate insurance coverage to mitigate the risk of loss pertaining to covered matters, legal and administrative proceedings can be costly, time-consuming and unpredictable.
 Although no assurance can be given, the Company does not believe that the final outcome of these matters, including costs to defend itself in such matters, will have a material adverse effect on the company's condensed consolidated financial statements. Further, no assurance can be given that the amount or scope of existing insurance coverage will be sufficient to cover losses arising from such matters.
 Capital Expenditure

*Commitments
 Bally's Atlantic City - As part of the regulatory approval process with the State of New Jersey, the Company committed to spend $100 million in capital expenditures over a five year period to invest in and improve the property. The commitment calls for expenditures of no less than $85 million in aggregate by 2023. The remaining $15 million of committed capital must be spent over 2024 and 2025. From 2021 through 2025, no less than $35 million must be invested in the hotel and no less than $65 million must be invested in non-hotel projects. As of September 30, 2024, all investment requirements had been met and no commitment to invest in non-hotel projects remains.
 Bally's Twin River - Pursuant to the terms of the Regulatory Agreement in Rhode Island, the Company is committed to invest $100 million in its Rhode Island properties over the term of the master contract through June 30, 2043, including an expansion and the addition of new amenities at Bally's Twin River. As of September 30, 2024, approximately $48.2 million of the commitment remains.
 Bally's Chicago - Pursuant to the Host Community Agreement with the City of Chicago, the Company's indirect subsidiary is required to spend at least $1.34 billion on the design, construction and outfitting of the temporary casino and the permanent resort and casino. The actual cost of the development may exceed this minimum capital investment requirement. In addition, land acquisition costs and financing costs, among other types of costs, are not counted toward meeting this requirement.
 City of Chicago Guaranty
 In connection with the Host Community Agreement, entered into by Bally's Chicago Operating Company, LLC (the "Developer"), a wholly-owned indirect subsidiary of the Company, the Company provided the City of Chicago with a performance guaranty whereby the Company agreed to have and maintain available financial resources in an amount reasonably sufficient to allow the Developer to complete its obligations under the host community agreement. In addition, upon notice from the City of Chicago that the Developer has failed to perform various obligations under the host community agreement, the Company has agreed to indemnify the City of Chicago against any and all liability, claim or reasonable and documented expense the City of Chicago may suffer or incur by reason of any nonperformance of any of the Developer's obligations.
 Bally's Chicago Casino Fees
 Under the Illinois Gambling Act, the Company will be responsible to pay the Illinois Gaming Board a reconciliation fee payment three years after the date operations commenced (in a temporary or permanent facility) in an amount equal to 75% of the adjusted gross receipt ("AGR") for the most lucrative 12-month period of operations, minus the amount equal to the initial payment per gaming position paid.
 Sponsorship Commitments
 As of September 30, 2024, the Company has entered into multiple sponsorship agreements with various professional sports leagues and teams. These agreements commit a total of $129.8 million through 2037 and grant the Company rights to use official league marks for branding and promotions, among other benefits. Interactive Technology Commitments
 The Company has certain multi-year agreements with its various market access and content providers, as well as its online sports betting platform partners, that require the Company to pay variable fees based on revenue, with minimum annual guarantees. As of September 30, 2024, the cumulative minimum obligation committed in these agreements is approximately $54.7 million through 2029.</div>-20260000010000000P5Y850000001500000035000000650000000100000000482000001340000000129800000054700000<div style="text-align:justify">The Company has three operating and reportable segments: Casinos & Resorts, International Interactive and North America Interactive. Adjusted EBITDAR should not be construed as an alternative to GAAP net income, its most directly comparable GAAP measure, nor is it directly comparable to similarly titled measures presented by other companies. (2) Consists primarily of the operating lease components contained within certain triple net leases with GLPI. Refer to Note 15 "Leases" for further information. (3) Costs incurred in connection with the Merger Agreement discussed in Note 1 "General Information." (4) In the third quarter, the Company recorded a $6.3 million charge to reduce amounts due from payment service providers ("PSP") due to a circumstance whereby the payment processer for certain online sports wagering deposits failed to capture and settle funds with patrons of the Company. The Company was not able to recover the full amount due from the payment service provider, resulting in a write down to the recoverable amount. Adjusted EBITDAR should not be construed as an alternative to GAAP net income, its most directly comparable GAAP measure, nor is it directly comparable to similarly titled measures presented by other companies. (2) Consists primarily of the operating lease components contained within certain triple net leases with GLPI. Refer to Note 15 “Leases” for further information. (3) Costs incurred in connection with the Merger Agreement discussed in Note 1 “General Information.” (4) In the third quarter, the Company recorded a $6.3 million charge to reduce amounts due from payment service providers (“PSP”) due to a circumstance whereby the payment processer for certain online sports wagering deposits failed to capture and settle funds with patrons of the Company. The Company was not able to recover the full amount due from the payment service provider, resulting in a write down to the recoverable amount. In addition to amounts recovered, the Company received $5.1 million from the PSP as a signing bonus for entering into an extension agreement.</div><div style="text-align:justify"><table On November 18, 2020, the Company issued Penny Warrants, Performance Warrants and Options which participate in dividends with the Company's common stock subject to certain contingencies. In the period in which the contingencies are met, those instruments are participating securities to which income will be allocated using the two-class method. The Performance Warrants and Options do not participate in net losses. The Penny Warrants were considered exercisable for little to no consideration and are therefore included in basic shares outstanding at their issuance date. For the three and nine months ended September 30, 2024 and 2023, the shares underlying the Performance Warrants were anti-dilutive as certain contingencies were not met.
