Item 1. *Business*

General

Welltower Inc. (NYSE:WELL), an S&P 500 company headquartered in Toledo, Ohio, is driving the transformation of health care infrastructure. The company invests with leading seniors housing operators, post-acute providers and health systems to fund the real estate and infrastructure needed to scale innovative care delivery models and improve people's wellness and overall health care experience. Welltower™, a real estate investment trust ("REIT"), owns interests in properties concentrated in major, high-growth markets in the United States ("U.S."), Canada and the United Kingdom ("U.K."), consisting of seniors housing, post-acute communities and outpatient medical properties. More information is available on the Internet at www.welltower.com. The information on our website is not incorporated by reference in this Annual Report on Form 10-K, and our web address is included as an inactive textual reference only.

Our primary objectives are to protect stockholder capital and enhance stockholder value. We seek to pay consistent cash dividends to stockholders and create opportunities to increase dividend payments to stockholders as a result of annual increases in net operating income and portfolio growth. To meet these objectives, we invest across the full spectrum of seniors housing and health care real estate and diversify our investment portfolio by property type, relationship and geographic location.

On March 7, 2022, we announced our intent to complete an UPREIT reorganization. In February 2022, the company formerly known as Welltower Inc. ("Old Welltower") formed WELL Merger Holdco Inc. ("New Welltower") as a wholly owned subsidiary, and New Welltower formed WELL Merger Holdco Sub Inc. ("Merger Sub") as a wholly owned subsidiary. On April 1, 2022, Merger Sub merged with and into Old Welltower, with Old Welltower continuing as the surviving corporation and a wholly owned subsidiary of New Welltower (the "Merger"). In connection with the Merger, Old Welltower's name was changed to "Welltower OP Inc.", and New Welltower inherited the name "Welltower Inc." Effective May 24, 2022, Welltower OP Inc. ("Welltower OP") converted from a Delaware corporation into a Delaware limited liability company named Welltower OP LLC (the "LLC Conversion"). Following the LLC Conversion, New Welltower's business continues to be conducted through Welltower OP and New Welltower does not have substantial assets or liabilities, other than through its investment in Welltower OP.

Welltower Inc. is the initial member and majority owner of Welltower OP, with an approximate ownership interest of 99.751%99.765% as of December 31, 2022December 31, 2023. Welltower Inc. issues equity from time to time, the net proceeds of which it is obligated to contribute as additional capital to Welltower OP. All debt including credit facilities, senior notes and secured debt is incurred by Welltower OP or its subsidiaries, and Welltower Inc. has fully and unconditionally guaranteed all existing and future senior unsecured notes.

Unless stated otherwise or the context otherwise requires, references to "Welltower" mean Welltower Inc. and references to "Welltower OP" mean Welltower OP LLC. References to "we," "us," "our" or the "company" mean collectively Welltower, Welltower OP and those entities/subsidiaries owned or controlled by Welltower and/or Welltower OP.

Portfolio of Properties

Please see "Item 7 – Management's Discussion and Analysis of Financial Condition and Results of Operation – Executive Summary – Company Overview" for a table that summarizes our portfolio as of December 31, 2022December 31, 2023.

Property Types

We invest in seniors housing and health care real estate and evaluate our business through three reportable segments: Seniors Housing Operating, Triple-net and Outpatient Medical. For additional information regarding our segments, please see Note 18 to our consolidated financial statements. The accounting policies of the segments are the same as those described in the summary of significant accounting policies in Note 2 to our consolidated financial statements. The following is a summary of our various property types.

Seniors Housing Operating

Our Seniors Housing Operating properties include seniors apartments, independent living and independent supportive living, continuing care retirement communities, assisted living, Alzheimer's/dementia care and include care homes with or without nursing (U.K.), which assist with activities of daily living that preserve a person's mobility and social systems to promote cognitive engagement. Our properties include stand-alone properties that provide one level of service, combination properties that provide multiple levels of service and communities or campuses that provide a wide range of services. Properties are primarily often held in joint venture entities with operating partners. We utilize the structure authorized by the REIT Investment Diversification and Empowerment Act of 2007, which is commonly referred to as a "RIDEA" structure (the provisions of the Internal Revenue Code authorizing the RIDEA structure were enacted as part of the Housing and Economic Recovery Act of 2008).

Seniors Apartments Seniors apartments generally refer to age-restricted or age-targeted multi-unit housing with self-contained living units for older adults, usually aged 55+ who are able to care for themselves. Seniors apartments generally do not offer other additional services such as meals.

Independent Living and Independent Supportive Living (Canada) Independent living and independent supportive living generally refers to age-restricted, multifamily properties with central dining that provide residents access to meals and other services such as housekeeping, linen service, transportation and social and recreational activities.

Continuing Care Retirement Communities Continuing care retirement communities typically include a combination of detached homes and properties offering independent living, assisted living and/or long-term/post-acute care services on one campus. These communities appeal to residents because there is no need to relocate when health and medical needs change. Resident payment plans vary, but can include entrance fees, condominium fees and rental fees. Many of these communities also charge monthly maintenance fees in exchange for a living unit, meals and some health services.

Assisted Living Assisted living refers to state-regulated rental properties that provide independent living services, but also provide supportive care from trained employees to residents who require assistance with activities of daily living, including, but not limited to, management of medications, bathing, dressing, toileting, ambulating and eating.

Alzheimer's/Dementia Care Alzheimer's/Dementia Care refers to state-regulated rental properties that generally provide assisted living and independent living services, but also provide supportive care to residents with memory loss, Alzheimer's disease and/or other types of dementia. Amenities vary, but may include enhanced security, specialized design features and memory-enhancing therapies that promote relaxation and help slow cognitive decline.

Care Homes with or without Nursing (U.K.) Care homes without nursing, regulated by the Care Quality Commission ("CQC"), are rental properties that provide essentially the same services as U.S. assisted living. Care homes with nursing, also regulated by the CQC, are licensed daily rate or rental properties where most individuals require 24-hour nursing and/or medical care. Generally, these properties are licensed for various national and local reimbursement programs. Unlike the U.S., care homes with nursing in the U.K. generally do not provide post-acute care.

As of December 31, 2022 December 31, 2023, we had relationships with 43 51 operators partners to manage our Seniors Housing Operating properties. In each instance, our partner provides management services to the properties pursuant to an incentive-based management contract. We rely on our partners to effectively and efficiently manage these properties. For the year ended December 31, 2022 December 31, 2023, our relationship with Sunrise Senior Living ("Sunrise") accounted for approximately approxima20% tely 17% o of f our Seniors Housing Operating segment revenues and 14% 12% of our total revenues. Additionally Revera accounted for approximately 8% of our Seniors Housing Operating segment revenues and 6% our total revenues. Revera owns a controlling interest in Sunrise Senior Living.

Triple-net

Our Triple-net properties offer services including independent living and independent supportive living (Canada), assisted living, continuing care retirement communities, Alzheimer's/dementia care and care homes with or without nursing (U.K.) described above, as well as long-term/post-acute care. Our properties include stand-alone properties that provide one level of service, combination facilities that provide multiple levels of service, and communities or campuses that provide a wide range of services. We invest primarily through acquisitions, development and joint venture partnerships. Our properties are primarily leased to operators under long-term, triple-net master leases that obligate the tenant to pay all operating costs, utilities, real estate taxes, insurance, building repairs, maintenance costs and all obligations under certain ground leases. In addition, such triple-net master leases often require our tenants to fund a minimum amount related to capital expenditures. We are not involved in property management.

Long-Term/Post-Acute Care Facilities Post-acute care is at the leading edge of reducing health care costs while improving quality. These high-impact centers help patients recover from illness or surgery with the goals of getting the patient home and healed faster and reducing hospital readmission rates. Our long-term/post-acute care properties generally offer skilled nursing/post-acute care, inpatient rehabilitation and long-term acute care services. Skilled nursing/post-acute care refers to licensed daily rate or rental properties where most individuals require 24-hour nursing and/or medical care. Generally, these properties are licensed for Medicaid and/or Medicare reimbursement in the U.S. or provincial reimbursement in Canada. All properties offer some level of rehabilitation services. Some properties focus on higher acuity patients and offer rehabilitation units specializing in cardiac, orthopedic, dialysis, neurological or pulmonary rehabilitation. Inpatient rehabilitation properties provide intensive inpatient services after illness, injury or surgery to patients able to tolerate and benefit from three hours of rehabilitation per day. Long-term acute care properties provide inpatient services for patients with complex medical conditions that require more intensive care, monitoring or emergency support than is available in most skilled nursing/post-acute care properties.

Our Triple-net segment accounted for 16%, 19% 16% and 17% 19% of total revenues for the years ended December 31, 2022 December 31, 2023, 2022 and 2021, and 2020, respectively. respectively. For the year ended December 31, 2022 December 31, 2023, our revenues related to our relationship with ProMedica Health System Integra Healthcare Properties ("ProMedica" Integra") accounted for approximately 26% 21% of our Triple-net segment revenues and 4% 3% of total revenues. In December 2022, ProMedica relinquished to Welltower its 15% interest in 147 skilled nursing facilities previously owned by the Welltower/ProMedica joint venture in exchange for a lease modification, which relieved ProMedica from its lease obligation on the 147 skilled nursing properties and amended the lease on the remaining 58 assisted living and memory care properties that

continue to be held by the Welltower/ProMedica joint venture. The 58 assisted living and memory care assets continue to be

operated by ProMedica and backed by the existing guaranty. Concurrently, Welltower and Integra Healthcare Properties ("Integra") entered into master leases for the skilled nursing portfolio. Approximately 15 portfolio, which are subleased to a variety of regional operators will enter into subleases with Integra to operate manage the properties. Also in December 2022 and January 2023, we sold to Integra a 15% ownership interest in 85 of those skilled nursing facilities and Integra is expected to buy into the remaining 62 assets throughout 2023.

For the year years ended December 31, 2022, December 31, 2023 and 2022 our revenues related to our relationship with Genesis Healthcare ("Genesis") accounted for approximately approximately 2% of our our Triple-net segment revenues and less than 1% of our total revenues. During 2020, Genesis indicated substantial doubt as total revenues, compared to their ability to continue as a going concern. As a result, effective July 1, 2020, we recognized reserves 6% of our Triple-net segment revenue and 1% of our total revenues for all existing straight-line rent receivable balances of $91,025,000 as a reduction to rental income and now recognize rental income from Genesis on a cash basis. Additionally, in the year ended December 31, 2021. In March 2021, we entered into definitive agreements to substantially exit our operating relationship with Genesis. As of December 31, 2022 December 31, 2023, our relationship with Genesis was comprised of one property owned 100% by us and leased to Genesis, a loan balance net of allowance for credit losses losses of $168,949,000, $191,105,000, approximately 9.5 million shares of GEN Series A common stock and a 25% ownership stake in an unconsolidated joint venture that includes two master leases for 28 properties operated by Genesis.

Outpatient Medical

Outpatient Medical Buildings Demand for outpatient medical services is growing as more procedures are performed safely and efficiently outside the hospital setting. State-of-the-art outpatient centers are needed in accessible, consumer-friendly locations. Our portfolio of outpatient medical buildings is an integral part of creating health care provider connectivity in local markets and generally include physician offices, ambulatory surgery centers, diagnostic facilities, outpatient services and/or labs. Approximately 87% of our outpatient medical building portfolio is affiliated with health systems (buildings directly on or adjacent to hospital campuses or with tenants that are satellite locations for the health system and its physicians). We typically lease our outpatient medical buildings to multiple tenants and provide varying levels of property management. Our Outpatient Medical segment accounted for 12% 11%, 13% 12% and 16% 13% of total revenues for each of the years ended December 31, 2022 December 31, 2023, 2021 2022 and 2020, 2021, respectively. No single tenant exceeds 20% of segment revenues.

Investments

Providing high-quality and affordable health care to an aging global population requires vast investments and infrastructure development. We invest in seniors housing and health care real estate primarily through acquisitions, developments and joint venture partnerships. For additional information regarding acquisition and development activity, please see Note 3 to our consolidated financial statements. Our portfolio creates opportunities to connect partners across the continuum of care and drive efficiency. We seek to diversify our investment portfolio by property type, relationship and geographic location. In determining whether to invest in a property, we focus on the following: (1) the experience of the obligor's/partner's management team; (2) the historical and projected financial and operational performance of the property; (3) the credit of the obligor/partner; (4) the security for any lease or loan; (5) the real estate attributes of the building and its location; (6) the capital committed to the property by the obligor/partner; and (7) the operating fundamentals of the applicable industry.

We monitor our investments through a variety of methods determined by the type of property. Our asset management process for seniors housing properties generally includes review of monthly financial statements and other operating data for each property, review of obligor/partner creditworthiness, property inspections, and review of covenant

compliance relating to licensure, real estate taxes, letters of credit and other collateral. Our internal property management division manages and monitors the outpatient medical portfolio with a comprehensive process including review of, among other things, tenant relations, lease expirations, the mix of health service providers, hospital/health system relationships, property performance, capital improvement needs, and market conditions.

Investment Types

Real Property Our properties are primarily comprised of land, buildings, improvements and related rights. Our triple-net properties are generally leased to operators under long-term operating leases. The leases generally have a fixed contractual term of 12 to 15 years and contain one or more five to 15-year renewal options. Certain of our leases also contain purchase options, a portion of which could result in the disposition of properties for less than full market value if the options were to be exercised. Most of our rents are received under triple-net leases requiring the operator to pay rent and all additional charges incurred in the operation of the leased property. The tenants are required to repair rebuild and maintain the leased properties. properties, and our leases often require the tenants to fund a minimum amount related to capital expenditures. Substantially all these operating leases are designed with escalating rent structures. Leases with fixed annual rental escalators are generally recognized on a straight-line basis over the initial lease period, subject to a collectability assessment. Rental income related to leases with contingent rental escalators is generally recorded based on the contractual cash rental payments due for the period.

At December 31, 2022 December 31, 2023, approximately 96 97% of our triple-net properties were subject to master leases. A master lease is a lease of multiple properties to one tenant entity under a single lease agreement. From time to time, we may acquire additional properties that are then leased to the tenant under the master lease. The tenant is required to make one monthly payment that represents rent on all the properties that are subject to the master lease. Typically, the master lease tenant can exercise its right to purchase the properties or to renew the master lease only with respect to all leased properties at the same time. We believe this bundling feature benefits us because the tenant cannot limit the purchase or renewal to better performing properties and terminate the leasing arrangement with respect to poorer performing properties. This spreads our risk among the entire group of

properties within the master lease. The bundling feature should provide a similar advantage to us if the master lease tenant is in bankruptcy. Subject to certain restrictions, a debtor in bankruptcy has the right to assume or reject its unexpired leases and executory contracts. In the context of integrated master leases such as ours, our tenants in bankruptcy would be required to assume or reject the master lease as a whole, rather than deciding on a property by property basis.

Our Outpatient Medical portfolio is primarily self-managed and consists mainly of multi-tenant properties leased to health care providers. Our leases typically include increasers and some form of operating expense reimbursement by the tenant. As of December 31, 2022 December 31, 2023, 62% of our portfolio included leases with full pass through, 31% 31% with a partial expense reimbursement (modified gross) and 7% 7% with no expense reimbursement (gross). Our outpatient medical leases are non-cancellable operating leases that have a weighted-average remaining term of seven years at December 31, 2022 December 31, 2023 and are often credit enhanced by security deposits, guarantees and/or letters of credit.

Construction We provide funds for the construction of are party to agreements to develop or redevelop properties for tenants primarily as part of long-term operating leases. funded through capital that we and/or our joint venture partners provide. We capitalize certain interest costs associated with funds used for the construction of properties owned by us. The amount capitalized is based upon the amount advanced during the construction period using the rate of interest that approximates our company-wide cost of financing. Our interest expense is reduced by the amount capitalized. The construction period commences upon initial funding once expenditures for the property have been made and activities necessary to get the property ready for its intended use are in progress and terminates upon the earlier of the completion of when the applicable property or the end of a specified period. is substantially complete and ready for its intended use. During the construction period, we advance funds to the tenants in accordance with agreed upon terms and conditions which require, among other things, periodic site visits by a company representative. During the construction period, we generally require an additional credit enhancement in the form of payment and performance bonds holding back a portion of the development fee, requiring a credit support for cost-overrun obligations and/or completion guarantees. At December 31, 2022 As of December 31, 2023, we had outstanding construction investments of $1,021,080,000 $1,304,441,000 and were committed to provide additional funds of approximately $1,883,449,000 $966,829,000 to complete construction for consolidated investment properties. We also provide for construction loans which, depending on the terms and conditions, could be treated as loans or investments in unconsolidated entities.

Loans Our real estate loans are typically structured to provide us with interest income, principal amortization and transaction fees. Real estate loans consist of mortgage loans and other real estate loans which are primarily collateralized by a first, second or third mortgage lien, a leasehold mortgage on, or an assignment of the partnership interest in the related properties, corporate guarantees and/or personal guarantees. Non-real estate loans are generally corporate loans with no real estate backing. At December 31, 2022 As of December 31, 2023, we had outstanding loans, net of allowances, of $1,180,012,000 $1,691,706,000 with an interest yield of approximately 9.9% 10.5% per annum. Our yield on loans depends upon a number of factors, including the stated interest rate, average principal amount outstanding during the term of the loan and any interest rate adjustments. The loans outstanding at December 31, 2022 as of December 31, 2023 are generally subject to one to 15-year terms with principal amortization schedules and/or balloon payments of the outstanding principal balances at the end of the term.

Investments in Unconsolidated Entities Investments in entities that we do not consolidate but for which we can exercise significant influence over operating and financial policies are reported under the equity method of accounting. At December 31, 2022 As of December 31, 2023, we had investments in unconsolidated entities of $1,499,790,000. $1,636,531,000. Our investments in unconsolidated entities generally represent interests ranging from 10% to 88% 95% in real estate assets. Under the equity method of accounting, our share of the investee's earnings or losses is included in our consolidated results of operations. The initial carrying value of investments in unconsolidated entities is based on the amount paid to purchase the entity interest inclusive of transaction costs. We evaluate our equity method investments for impairment based upon a comparison of the estimated fair value of the equity method investment to its carrying value. When we determine a decline in the estimated fair value of such an investment below its carrying value is other-than-temporary, an impairment is recorded.

In Substance Real Estate Additionally, we provide loans to third parties for the acquisition, development and construction of real estate. Under these arrangements, it is possible that we will participate in the expected residual profits of the project through the sale, refinancing or acquisition of the property. We evaluate the characteristics of each arrangement, including its risks and rewards, to determine whether they are more similar to those associated with a loan or an investment in real estate. Arrangements with characteristics implying real estate joint ventures are treated as in substance real estate investments, accounted for using the equity method, and are presented as investments in unconsolidated entities. We have made loans related to 2124 properties with a carrying value of $649,267,000 $832,746,000 as of December 31, 2022 December 31, 2023, which are classified as in substance real estate investments.

Principles of Consolidation

The consolidated financial statements are in conformity with U.S general accepted accounting principles (“U.S. GAAP”) and include the accounts of our wholly-owned wholly owned subsidiaries and joint venture entities that we control, through voting rights or other means. All material intercompany transactions and balances have been eliminated in consolidation.

At inception of joint venture transactions, we identify entities for which control is achieved through means other than voting rights (“variable interest entities” or “VIEs”) and determine which business enterprise is the primary beneficiary of its operations. A VIE is broadly defined as an entity where either (i) the equity investors as a group, if any, do not have a controlling financial interest, or (ii) the equity investment at risk is insufficient to finance that entity’s activities without additional subordinated financial support. We consolidate investments in VIEs when we are determined to be the primary beneficiary. Accounting Standards Codification Topic 810, "Consolidations", requires enterprises to perform a qualitative approach to determining whether or not a VIE will need to be consolidated. This evaluation is based on an enterprise’s ability to direct and influence the activities of a VIE that most significantly impact that entity’s economic performance.

For investments in joint ventures, U.S. GAAP may preclude consolidation by the sole general partner in certain circumstances based on the type of rights held by the limited partner(s). We assess the limited partners’ rights and their impact on our consolidation conclusions, and we reassess if there is a change to the terms or in the exercisability of the rights of the limited partners, the sole general partner increases or decreases its ownership of limited partnership interests, or there is an increase or decrease in the number of outstanding limited partnership interests. We similarly evaluate the rights of managing members of limited liability companies.

Borrowing Policies

We utilize a combination of debt and equity to fund investments. Generally, we intend to issue unsecured, fixed-rate public debt with long-term maturities to approximate the maturities on our triple-net leases and investment strategy. For short-term purposes, we may borrow on our primary unsecured credit facility or issue commercial paper. We typically replace these borrowings with long-term capital such as senior unsecured notes or common stock. When terms are deemed favorable, we may invest in properties subject to existing mortgage indebtedness. In addition, we may obtain secured financing for unleveraged properties in which we have invested or may refinance properties acquired on a leveraged basis. In certain agreements with our lenders, we are subject to restrictions with respect to secured and unsecured indebtedness.

Competition

We compete with other real estate investment trusts, real estate partnerships, private equity and hedge fund investors, banks, insurance companies, finance/investment companies, government-sponsored agencies, taxable and tax-exempt bond funds, health care operators, developers and other investors in the acquisition, development, leasing and financing of health care and seniors housing properties. We compete for investments based on a number of factors including relationships, certainty of execution, investment structures and underwriting criteria. Our ability to successfully compete is impacted by economic and demographic trends, availability of acceptable investment opportunities, our ability to negotiate beneficial investment terms, availability and cost of capital, construction and renovation costs and applicable laws and regulations.

The operators/tenants of our properties compete with properties that provide comparable services in the local markets. Operators/tenants compete for patients and residents based on a number of factors including quality of care, reputation, physical appearance of properties, location, services offered, family preferences (including a preference for home health services instead of residing in one of our communities), physicians, staff and price. We also face competition from other health care facilities for tenants, such as physicians and other health care providers that provide comparable facilities and services.

Council and ENGs, taken together with other employee initiatives, such as tailored messaging, training and discussions on equality and belonging, support our efforts to compete for and foster talent and inclusiveness in an ever-changing workforce.

In addition, we have several social initiatives in place that are focused on fostering a more diverse workforce, engaging with our communities and promoting the health and well-being of our employees, tenants and residents. Since its inception, the Foundation has provided more than $42 million in cash and in-kind support. We encourage our employees to give back to the community by matching their contributions and donating their time to eligible charitable organizations. Funds are also allocated to each of our ENGs to make charitable contributions in support of their programming efforts. Additionally, the Foundation facilitates presentations for charities to compete in the Give-WELL campaign. This campaign enables our employees to present and vote for charities that will receive donations from the Foundation. During 2022, 2023, we sponsored our third fourth annual Day of Giving so our employees could collaborate to make an impact with local charitable organizations through volunteer opportunities. Certain Government Regulations

United States

Health Law Matters — Generally

Typically, operators of seniors housing facilities do not receive significant funding from government programs and are largely subject to state laws, as opposed to federal laws. Operators of long-term/post-acute care facilities and hospitals do receive significant funding from government programs, and these facilities are subject to extensive regulation, including federal and state laws covering the type and quality of medical and/or nursing care provided, ancillary services (*e.g.*, respiratory, occupational, physical and infusion therapies), qualifications of the administrative personnel and nursing staff, the adequacy of the physical plant and equipment, reimbursement and rate setting and operating policies. In addition, as described below, operators of these facilities are subject to extensive laws and regulations pertaining to health care fraud and abuse, including, but not limited to, the federal Anti-Kickback Statute (“AKS”), the federal Stark Law (“Stark Law”), and the federal False Claims Act (“FCA”), as well as comparable state laws. Hospitals, physician group practice clinics, and other health care providers that operate in our portfolio are subject to extensive federal, state, and local licensure, registration, certification, and inspection laws, regulations, and industry standards, as well as other conditions of participation in federal and state government programs such as Medicare and Medicaid. Further, operators of long-term care facilities are required to have in place compliance and ethics programs that meet the requirements of federal laws and regulations. Our tenants’ failure to comply with applicable laws and regulations could result in, among other things: loss of accreditation; denial of reimbursement; imposition of fines; suspension, decertification, or exclusion from federal and state health care programs; loss of license; or closure of the facility. See risk factors “The requirements of, or changes to, governmental reimbursement programs, such as Medicare or Medicaid, could have a material adverse effect on our obligors’ liquidity, financial condition and results of operations, which could adversely affect our obligors’ ability to meet their obligations to us” and “Our operators’ or tenants’ failure to comply with federal, state, local and industry-regulated licensure, certification and inspection laws, regulations, and standards could adversely affect such operators’ or tenants’ operations, which could adversely affect our operators’ and tenants’ ability to meet their obligations to us” in “Item 1A – Risk Factors” below. Moreover, in light of certain arrangements that Welltower may pursue with healthcare entities who are directly subject to laws and regulations pertaining to health care, fraud and abuse, and, given that certain of our arrangements are structured under the provisions of the REIT Investment Diversification and Empowerment Act of 2007 ("RIDEA"), certain health care fraud and abuse laws and data privacy laws could apply directly to Welltower. See risk factor "We assume operational and legal risks with respect to our properties managed in RIDEA structures that could have a material adverse effect on our business results of operations, and financial condition" in "Item 1A - Risk Factors" below.

Licensing and Certification

The primary regulations that affect seniors housing facilities are state licensing and certification laws. For example, certain health care facilities are subject to a variety of licensure and certificate of need (“CON”) laws and regulations. Where applicable, CON laws generally require, among other requirements, that a facility demonstrate the need for (1) constructing a new facility, (2) adding beds or expanding an existing facility, (3) investing in major capital equipment or adding new services, (4) changing the ownership or control of an existing licensed facility or (5) terminating services that have been previously approved through the CON process. Certain state CON laws and regulations may restrict the ability of operators to add new properties or expand an existing facility’s size or services. In addition, CON laws may constrain the ability of an operator to transfer responsibility for operating a particular facility to a new operator.

With respect to licensure, generally our seniors housing and long-term/post-acute care facilities are required to be licensed by the applicable state regulatory authority and certified for participation in Medicare, Medicaid and other federal and state health care programs. authority. The failure of our operators to maintain or renew any required license or regulatory approval as well as the failure of our operators to correct serious deficiencies identified in a compliance survey could require those operators to discontinue operations at a property. In addition, if property and could result in suspension of new admissions or loss of licensure. Our entities are named on licenses for nearly all of the RIDEA portfolio and the loss of a property is found to be out of compliance with Medicare, Medicaid or license for one facility can require reporting in other federal or state health care program conditions of participation, the property operator may be excluded from participating in those government health care programs. jurisdictions.

Reimbursement

The reimbursement methodologies applied to health care facilities continue to evolve. Federal and state authorities have considered and implemented and may continue seeking to implement new or modified reimbursement methodologies, including value-based reimbursement methodologies that may negatively impact health care property operations. Likewise, third-party payors may continue imposing greater controls on operators, including through changes in reimbursement rates and fee structures. The impact of any such changes, if implemented, may result in a material adverse effect on our portfolio. No assurance can be given that current revenue sources or levels will be maintained. Accordingly, there can be no assurance that payments under a government health care program are currently, or will be in the future, sufficient to fully reimburse the property operators for their operating and capital expenses.

- *Seniors Housing Facilities* The majority of the revenues received by the operators of U.S. seniors housing facilities are from private pay sources. The remaining revenue source is primarily Medicaid provided under state waiver programs for home and community-based care. There can be no guarantee that a state Medicaid program operating pursuant to a waiver will be able to maintain its waiver status. Rates paid by self-pay residents are set by the facilities and are determined by local market conditions and operating costs. Generally, facilities receive a higher payment per day for a private pay resident than for a Medicaid beneficiary who requires a comparable level of care. The level of Medicaid reimbursement varies from state to state. Thus, the revenues generated by operators of our assisted living facilities may be adversely affected by payor mix, acuity level, or changes in Medicaid eligibility and reimbursement levels.
- *Long-Term/Post-Acute Care Facilities* The majority of the revenues received by the operators of these facilities are from the Medicare and Medicaid programs, with the balance representing reimbursement payments from private payors and patients. Consequently, changes in federal or state reimbursement policies may adversely affect an operator’s ability to cover its expenses, including our rent or debt service. Long-term/post-acute care facilities are subject to periodic pre- and post-payment reviews and other audits by federal and state authorities. A review or audit of a property operator’s claims could result in recoupments, denials or delay of payments in the future. Due to the significant judgments and estimates inherent in payor settlement accounting, no assurance can be given as to the adequacy of any reserves maintained by our property operators to cover potential adjustments to reimbursements or to cover settlements made to payors.

- *Medicare Reimbursement* Generally, long-term/post-acute care facilities are reimbursed by Medicare under prospective payment systems, which generally provide reimbursement based upon a predetermined fixed amount per episode of care and are updated by CMS, the Centers for Medicare and Medicaid Services ("CMS"), an agency of the Department of Health and Human Services ("HHS") annually. There is a risk under these payment systems that costs will exceed the fixed payments, or that payments may be set below the costs to provide certain items and services. Further, there is risk that Medicare Skilled Nursing Facility ("SNF") payment reforms may impact our tenants and operators. In addition, the The HHS Office of Inspector General has released recommendations to address SNF skilled nursing facility ("SNF") billing practices and Medicare payment rates, which may impact our tenants and operators. In September 2022, HHS announced that additional data about the ownership of all Medicare-certified nursing homes will be released to the public. public, and in June 2023, CMS began publishing additional information regarding Medicare-certified nursing homes with common owners and operators, referred to as "affiliated entities," including names of affiliated owners and aggregate data on the safety, staffing, and quality of affiliated entities. This information will make it easier for stakeholders (such as state licensing officials, state and federal law enforcement and researchers) and the public to identify common owners of nursing homes across different nursing home locations. The information will also allow for greater accessibility to information regarding facilities' performance and any common ownership links among facilities with poor performance. CMS announced it is increasing scrutiny and oversight over the country's poorest performing nursing facilities by strengthening requirements for completion of the Special Focus Facility Program and increasing enforcement actions against facilities that fail to demonstrate improvement, including denial of payment and potential loss of Medicare certification.
- *Medicaid Reimbursement* Many states reimburse SNFs using fixed daily rates, which are applied prospectively based on patient acuity and the historical costs incurred in providing patient care. In most states, Medicaid does not fully reimburse the cost of providing services. Certain states are attempting to slow the rate of Medicaid growth by freezing rates or restricting eligibility and benefits. In addition, Medicaid reimbursement rates may decline if state revenues in a particular state are not sufficient to fund budgeted expenditures.

- *Medicare Reimbursement for Physicians, Hospital Outpatient Departments ("HOPDs"), and Ambulatory Surgical Centers ("ASCs")* Changes in reimbursement to physicians, HOPDs and ASCs may further affect our tenants and operators. Generally, Medicare reimburses physicians under the Physician Fee Schedule, while HOPDs and ASCs are reimbursed under prospective payment systems. The Physician Fee Schedule and the HOPD and ASC prospective payment

  systems are updated annually by CMS. These annual Medicare payment regulations have resulted in lower net pay increases than providers of those services have often expected. In addition, the Medicare and Children's Health Insurance Program Reauthorization Act of 2015 ("MACRA") includes payment reductions for providers who do not meet government quality standards. The implementation of pay-for-quality models like those required under MACRA has the potential to produce funding disparities that could adversely impact some provider tenants in outpatient medical buildings and other health care properties. Changes in Medicare Advantage plan payments may also indirectly affect our operators and tenants that contract with Medicare Advantage plans.
- *Health Reform Laws* The Patient Protection and Affordable Care Act and the Health Care and Education Reconciliation Act of 2010 (collectively, the "Health Reform Laws") dramatically altered how health care is delivered and reimbursed in the U.S. and any substantial changes may directly impact us or the operators and tenants of our properties. Other health reform measures could be implemented as a result of political, legislative, regulatory and administrative developments and judicial proceedings. On February 28, 2022, President Biden announced reforms to be implemented by CMS to ensure that: (a) every nursing home provides a sufficient number of staff who are adequately trained to provide high-quality care; (b) poorly performing nursing homes are held accountable for improper and unsafe care and immediately improve their services or are cut off from taxpayer dollars; and (c) the public has better information about nursing home conditions so that they can find the best available options. These reforms include minimum staffing requirements, reinforced safeguards against unnecessary medications, more funding for inspection activities, increased scrutiny on poor performers and expanded financial penalties and other sanctions. More recently, on November 15, 2023, CMS issued a Final Rule to implement portions of the Patient Protection and Affordable Care Act that require the disclosure of certain ownership and managerial information regarding Medicare SNFs and Medicaid nursing facilities, including updates to identify REIT ownership of SNFs. We cannot predict whether the existing Health Reform Laws, or future health care reform legislation, executive order, or regulatory changes, will have a material impact on our operators' or tenants' property or business.
- *Medicare Reimbursement for Physicians, Hospital Outpatient Departments ("HOPDs"), and Ambulatory Surgical Centers ("ASCs")* Changes in reimbursement to physicians, HOPDs and ASCs may further affect our tenants and operators. Generally, Medicare reimburses physicians under the Physician Fee Schedule, while HOPDs and ASCs are reimbursed under prospective payment systems. The Physician Fee Schedule and the HOPD and ASC prospective payment systems are updated annually by CMS. These annual Medicare payment regulations have resulted in lower net pay increases than providers of those services have often expected. In addition, the Medicare and Children's Health Insurance Program Reauthorization Act of 2015 ("MACRA") includes payment reductions for providers who do not meet

  government quality standards. The implementation of pay-for-quality models like those required under MACRA has the potential to produce funding disparities that could adversely impact some provider tenants in outpatient medical buildings and other health care properties. Changes in Medicare Advantage plan payments may also indirectly affect our operators and tenants that contract with Medicare Advantage plans.

Fraud & Abuse Enforcement

Long-term/post-acute care facilities (and seniors housing facilities that receive Medicaid payments) are subject to federal, state, and local laws, regulations, and applicable guidance that govern the operations and financial and other arrangements that may be entered into by health care providers. Certain of these laws, such as the AKS and Stark Law, prohibit direct or indirect payments of any kind for the purpose of inducing or encouraging the referral of patients for medical products or services reimbursable by government health care programs. Other government health program laws require providers to furnish only medically necessary services and submit to the government valid and accurate statements for each service. Our operators and tenants that receive payments from federal health care programs, such as Medicare and Medicaid, are subject to substantial financial penalties under the Civil Monetary Penalties Act and the FCA upon a finding of noncompliance with such laws. In addition, states may also have separate false claims acts, which, among other things, generally prohibit health care providers from filing false claims or making false statements to receive payments. Federal and state FCAs contain "whistleblower" provisions that permit private individuals to bring health care fraud enforcement claims on behalf of the government. Still other laws require providers to comply with a variety of safety, health and other requirements relating to the condition of the licensed property and the quality of care provided. Sanctions for violations of these laws, regulations and other applicable guidance may include, but are not limited to, criminal and/or civil penalties and fines, loss of licensure, immediate termination of government payments, exclusion from any government health care program, damage assessments and imprisonment. In certain circumstances, violation of these rules (such as those prohibiting abusive and fraudulent behavior) with respect to one property may subject other facilities under common control or ownership to sanctions, including exclusion from participation in the Medicare and Medicaid programs, as well as other government health care programs, and revocation of healthcare licenses. In the ordinary course of its business, a property operator is regularly subjected to inquiries, investigations and audits by the federal and state agencies that oversee these laws and regulations.

Prosecutions, investigations or whistleblower actions could have a material adverse effect on a property operator's liquidity, financial condition, and operations, which could adversely affect the ability of the operator to meet its financial obligations to us. In addition, government investigations and enforcement actions brought against the health care industry have increased dramatically over the past several years and are expected to continue. The costs for an operator of a health care property associated with both defending such enforcement actions and the undertakings in settling these actions can be substantial and could have a material adverse effect on the ability of an operator to meet its obligations to us. In addition, Welltower could potentially be directly subject to these health care fraud and abuse laws, as well as potential investigation or enforcement, as a result of our RIDEA-structured arrangements, and certain collaboration or other arrangements we may pursue with stakeholders who are directly subject to these laws.

Federal and State Data Privacy and Security Laws

The Health Insurance Portability and Accountability Act of 1996 ("HIPAA"), as amended by the Health Information Technology for Economic and Clinical Health Act, and numerous other state and federal laws govern the collection, security, dissemination, use, access to and confidentiality of personal information, including individually identifiable health information. Violations of these laws may result in regulatory scrutiny, lawsuits or substantial civil and/or criminal fines and penalties. penalties, including regulatory consent orders. The costs to a business such as ours or to an operator of a health care property associated with developing and maintaining programs and systems to comply with data privacy and security laws, defending against privacy and security related claims or enforcement actions and paying any assessed fines, can be substantial. Moreover, such costs could have a material adverse effect on the ability of an operator to meet its obligations to us. Finally, data privacy and security laws and regulations continue to develop, including with regard to HIPAA and U.S. state privacy laws. The California Consumer Privacy Act ("CCPA") has been amended by the California Privacy Rights Act. These updates and the Virginia Consumer Data Protection Act went into effect January 1, 2023. Similar comprehensive privacy laws from California, Colorado, Connecticut and Utah are all in effect, and further state comprehensive privacy laws and certain health-focused privacy laws, such as the Washington My Health My Data Act, will go into effect in 2023. become effective over the course of 2024. Furthermore, many states have introduced legislation that would revise or implement new such laws and many states have promulgated regulations, which continue to evolve, to implement existing legislation. As we use data to better inform our investments and the efficacy of care in our communities, these developments may add potential uncertainty and costs towards compliance obligations, business operations or transactions that depend on data. These new evolving privacy laws may create restrictions or requirements in our, our operators' and other business partners' use, sharing and securing retention of data. New privacy and security laws could require substantial investment in resources to comply with regulatory changes as privacy and security laws proliferate in divergent ways or impose additional obligations, and potentially create new privacy related legal risks.

United Kingdom

In the U.K., care home services are principally regulated by the Health and Social Care Act 2008 (as amended) and other regulations. regulations including the Health and Care Act 2022. This legislation subjects service providers to a number of legally binding "Fundamental Standards" and requires, amongst other things, that all persons carrying out "Regulated Activities" in the U.K., and the managers of such persons, be registered. Providers of care home services are also subject (as data controllers) to laws governing their use of personal data (including in relation to their employees, clients and recipients of their services). These laws currently take the form of the U.K.'s Data Protection Act 2018 and the U.K. General Data Protection Regulation (collectively "U.K. DP Laws"). U.K. DP Laws impose a significant number of obligations on controllers with the potential for fines of up to 4% of annual worldwide turnover or £17.5 million, whichever is greater. Further, to the extent that an entity established in the U.K. or any other jurisdiction offers goods or services to individuals in the European Economic Area, that entity entities may also be subject to the E.U. General Data Protection Regulation ("E.U. GDPR"). Similarly, the E.U. GDPR imposes obligations on controllers with the potential for fines of up to 4% of annual worldwide turnover or €20 million, whichever is greater. The U.K. DP Laws may be subject to change with the introduction of the Data Protection and Digital Information ("DPDI") Bill in 2023. Entities incorporated in or carrying on a business in the U.K., as well as individuals residing in the U.K., are also subject to the U.K. Bribery Act 2010. The U.K. has national minimum wage legislation with a maximum fine for non-payment of £20,000 per worker and employers who fail to pay will be banned from being a company director for up to 15 years. In addition, the Working Time and Holiday Pay Bill 2019-2021 is currently going through the U.K. Parliament, which makes provision for the expiration of the Working Time Regulations 1998, provides for additional regulations governing working time and makes provisions for holiday pay for employees.

Canada

Senior living residences in Canada are provincially regulated. Within each province, there are different categories for senior living residences that are generally based on the level of care sought and/or required by a resident (e.g. assisted or retirement living, senior living residences, residential care, long-term care). In some of these categories and depending on the province, residences may be government funded, or the individual residents may be eligible for a government subsidy, while other residences are exclusively private-pay. private pay. The governing legislation and regulations vary by province, but generally the object of the laws is to set licensing requirements and minimum standards for senior living residences, and regulate operations. These laws empower regulators in each province to take a variety of steps to ensure compliance, conduct inspections, issue reports and generally regulate the industry.

Our operations in Canada are subject to privacy legislation, including, in certain provinces, privacy laws specifically related to personal health information. Although the obligations of senior living residences in the various provinces differ, they all include the obligation to protect personal information. Under some of these laws, notification to the regulator in the event of an actual or suspected privacy breach is mandatory. The powers of privacy regulators and penalties for violations of privacy law vary according to the applicable law or are left to the courts. In September 2021, the province of Quebec adopted significant amendments to its privacy legislation, including a new enforcement scheme with significant penalties and fines: up to CAD $10 million or 2% of global turnover (whichever is greater) for administrative monetary penalties and up to CAD $25 million or 4% of global turnover for penal fines. The amendments will go into take effect in three stages: (i) a few provisions on September 22, 2022, (ii) most provisions on September 22, 2023 (including the new enforcement scheme), and (iii) one provision on September 23, 2024. Senior living residences may also be subject to laws pertaining to residential tenancy, provincial and/or municipal laws applicable to fire safety, food services, zoning, occupational health and safety, public health and the provision of community health care and funded long-term/post-acute care.

General

Prior to the Reorganization on April 1, 2022, whereby the Company's predecessor, which had been known as Old Welltower, Inc. until that date ("Old Welltower"), became a wholly owned subsidiary of WELL Merger Holdco Sub Inc. in a transaction intending to qualify as a reorganization under section Section 368(a)(1)(F) of the Internal Revenue Code of 1986, as amended (the "Code"). In connection with the Reorganization, Old Welltower changed its name to Welltower OP Inc., WELL Merger Holdco Sub Inc. changed its name to Welltower Inc. and Old Welltower became a "qualified REIT subsidiary" of the Company. Effective on May 24, 2022, Welltower OP Inc. converted from a Delaware corporation into a Delaware limited liability company named Welltower OP LLC (under both names, "Welltower OP"). LLC. Prior to the Reorganization, Old Welltower elected to be taxed as a REIT and was organized and operated in a manner intended to qualify as a REIT. As a result of the Reorganization, the Company is treated as a continuation of Old Welltower for U.S. federal income tax purposes and references in this summary to "the Company," "us," or "we" include references to Old Welltower unless otherwise specified or clearly required by the context.

We have been organized and operated in a manner intended to qualify as a REIT and we intend to continue to operate in such a manner as to qualify as a REIT, but there can be no assurance that we will qualify or remain qualified as a REIT. Qualification and taxation as a REIT depend upon our ability to meet a variety of qualification tests imposed under U.S. federal income tax law with respect to our income, assets, distributions and share ownership, as discussed below under "Qualification as a REIT."

In any year in which we qualify as a REIT, in general, we will not be subject to U.S. federal income tax on that portion of our REIT taxable income or capital gain that is distributed to stockholders. We may, however, be subject to tax at normal corporate rates on any taxable income or capital gain not distributed. If we elect to retain and pay income tax on our net capital gain, stockholders would be taxed on their proportionate shares of our undistributed net capital gain and would receive a refundable credit for their shares of any taxes paid by us on such gain.

Despite qualifying as a REIT, we may be subject to U.S. federal income and excise tax as follows:

- To the extent that we do not distribute all of our net capital gain or distribute at least 90%, but less than 100%, of our "REIT taxable income," as adjusted, we will be subject to tax on the undistributed amount at regular corporate tax rates;
- If we have net income from the sale or other disposition of "foreclosure property" that is held primarily for sale to customers in the ordinary course of business or other non-qualifying income from foreclosure property, such income will be taxed at the highest corporate rate;
- Any net income from prohibited transactions (which are, in general, sales or other dispositions of property held primarily for sale to customers in the ordinary course of business, other than dispositions of foreclosure property) will be subject to a 100% tax;
- If we fail to satisfy either the 75% or 95% gross income tests (as discussed below), but nonetheless maintain our qualification as a REIT because certain other requirements are met, we will be subject to a 100% tax on an amount equal to (1) the gross income attributable to the greater of (i) 75% of our gross income over the amount of qualifying gross income for purposes of the 75% gross income test (discussed below) or (ii) 95% of our gross income over the amount of qualifying gross income for purposes of the 95% gross income test (discussed below) multiplied by (2) a fraction intended to reflect our profitability;
- If we fail to distribute during each year at least the sum of (1) 85% of our REIT ordinary income for the year, (2) 95% of our REIT capital gain net income for such year (other than capital gain that we elect to retain and pay tax on) and (3) any undistributed taxable income from preceding periods, years, we will be subject to a 4% excise tax on the excess of such required distribution over amounts actually distributed; and distributed and;
- We will be subject to a 100% tax on certain amounts from certain transactions involving our "taxable REIT subsidiaries" that are not conducted on an arm's length basis. See "Investments in Taxable REIT Subsidiaries."

We have acquired assets from "C" corporations in carryover basis transactions and may do so again in the future. A "C" corporation is generally defined as a corporation that is required to pay full corporate level U.S. federal income tax. If we recognize gain on the disposition of such assets during the five-year period beginning on the date on which the assets were acquired by us, then, to the extent of the assets' "built-in gain" (e.g., the excess of the fair market value of the asset over the adjusted tax basis of the asset, in each case determined as of the beginning of the five-year period), we will be subject to tax on the gain at the highest regular corporate rate applicable. The results described in this paragraph with respect to the recognition of built-in gain assume that the "C" corporation did not make and was not treated as making an election to treat the built-in gain assets as sold to an unrelated party. party on the date they were acquired by us. For our assets that are subject to the built-in gains tax, the potential amount of built-in gains tax will be an additional factor when considering a possible sale of such assets within the five-year period beginning on the date on which the assets were acquired by us. See Note 19 to our consolidated financial statements for additional information regarding the built-in gains tax.

Qualification as a REIT

A REIT is defined as a corporation, trust or association:

(1) which is managed by one or more trustees or directors;

(2) the beneficial ownership of which is evidenced by transferable shares or by transferable certificates of beneficial interest;

(3) which would be taxable as a domestic corporation but for the U.S. federal income tax law relating to REITs;

(4) which is neither a financial institution nor an insurance company;

(5) the beneficial ownership of which is held by 100 or more persons in each taxable year of the REIT except for its first

taxable year;

(6) not more than 50% in value of the outstanding stock of which is owned during the last half of each taxable year, excluding its first taxable year, directly, indirectly or constructively, by or for five or fewer individuals (which includes certain entities) (the "Five or Fewer Requirement"); and

(7) which meets certain income and asset tests described below.

Conditions (1) to (4), inclusive, must be met during the entire taxable year and condition (5) must be met during at least 335 days of a taxable year of 12 months or during a proportionate part of a taxable year of less than 12 months. For purposes of condition (6), pension funds and certain other tax-exempt entities are treated as individuals, subject to a

REFINITIV

“look-through” exception in the case of certain pension funds.

Based on publicly available information, we believe we have satisfied the share ownership requirements set forth in (5) and (6) above. In addition, Article VI of our by-laws provides for restrictions regarding ownership and transfer of shares. These restrictions are intended to assist us in continuing to satisfy the share ownership requirements described in (5) and (6) above but may not ensure that we will, in all cases, be able to satisfy such requirements.

We have complied with, and will continue to comply with, tax regulatory rules to send annual letters to certain of our stockholders requesting information regarding the actual ownership of our stock. If, despite sending the annual letters, we do not know, or after exercising reasonable diligence would not have known, whether we failed to meet the Five or Fewer Requirement, we will be treated as having met the Five or Fewer Requirement. If we fail to comply with these tax regulatory rules, we will be subject to a monetary penalty. If our failure to comply were due to intentional disregard of the requirement, the penalty would be increased. However, if our failure to comply were due to reasonable cause and not willful neglect, no penalty would be imposed.

For purposes of the REIT income and asset tests our assets and income will include any asset owned and any income earned directly or indirectly through a disregarded entity, including a “qualified REIT subsidiary,” and a proportionate share of the assets of, and any income earned through, any entity we own that is treated as a partnership for U.S. federal income tax purposes, including Welltower OP. A corporation will qualify as a “qualified REIT subsidiary” if 100% of its stock is owned by a REIT, and the REIT does not elect to treat the subsidiary as a taxable REIT subsidiary.

We will own substantially all of our assets and earn substantially all of our income through Welltower OP and its direct or indirect subsidiaries. Prior to the LLC Conversion, Welltower OP was treated as a “qualified REIT subsidiary,” provided that we continue to qualify qualified as a REIT. REIT during this period. After the LLC Conversion, Welltower OP became a disregarded entity for U.S. federal income tax purposes and was treated as a disregarded entity until the admission of additional regarded members were admitted to Welltower OP, at which time Welltower OP became a regarded entity treated as a partnership for U.S. federal income tax purposes.

Although we intend for any partnership in which we have acquired or will acquire an interest, directly or indirectly (a “Subsidiary Partnership”), to operate in a manner consistent with the requirements for our qualification as a REIT, we will be an indirect limited partner or non-managing member in some of the Subsidiary Partnerships. Though we nonetheless expect that all such Subsidiary Partnerships will be required to operate in a manner consistent with the requirements for our qualification as a REIT, if a Subsidiary Partnership in which we own an interest but do not have control takes or expects to take actions that could jeopardize our status as a REIT or require us to pay tax, we may be forced to dispose of our interest in such entity. In addition, it is possible that a Subsidiary Partnership could take an action which could cause us to fail a gross income or asset test and that we would not become aware of such action in time for us to dispose of our interest in the Subsidiary Partnership or take other corrective action on a timely basis. In that case, we could fail to qualify as a REIT unless we were able to qualify for a statutory REIT “savings” provision, which could require us to pay a significant penalty tax to maintain our REIT qualification.

Income Tests There are two separate percentage tests relating to our sources of gross income that we must satisfy each taxable year:

- At least 75% of our gross income (excluding gross income from certain sales of property held primarily for sale) generally must be directly or indirectly derived each taxable year from “rents from real property,” dividends or other distributions on, and gain (other than gain from prohibited transactions) from the sale or other disposition of, REIT shares, mortgages on real property, other income from investments relating to real property or certain income from qualified temporary investments (the “75% gross income test”).
- At least 95% of our gross income (excluding gross income from certain sales of property held primarily for sale) generally must be directly or indirectly derived each taxable year from any of the sources qualifying for the 75% gross income test and from dividends (including dividends from taxable REIT subsidiaries) and interest (the “95% gross income test”).

Income from hedging and non-U.S. currency transactions is excluded from the 95% and 75% gross income tests if certain requirements are met but otherwise will constitute gross income which does not qualify under the 95% or 75% gross income tests.

Rents received by us will qualify as “rents from real property” for purposes of satisfying the gross income tests for a REIT only if several conditions are met:

- The amount of rent must not be based in whole or in part on the income or profits of any person, although rents generally will not be excluded merely because they are based on a fixed percentage or percentages of receipts or sales.
- Rents received from a tenant will not qualify as rents from real property if the REIT, or an owner of 10% or more of the REIT, directly or constructively owns 10% or more of the tenant, unless the tenant is our taxable REIT subsidiary and certain other requirements are met with respect to the real property being rented.
- If rent attributable to personal property leased in connection with a lease of real property is greater than 15% of the total rent received under the lease, then the portion of rent attributable to such personal property will not qualify as “rents from real property.”
- For rents to qualify as rents from real property, we generally must not furnish or render services to tenants, other than through a taxable REIT subsidiary or an “independent contractor” from whom we derive no income, except that we may directly provide services that are usually or customarily rendered in the geographic area in which the property is located in connection with the rental of real property for occupancy only or are not otherwise considered rendered to the occupant for the occupant’s convenience.
- We may lease “qualified health care properties” on an arm’s-length basis to a taxable REIT subsidiary if the property is operated on behalf of such subsidiary by a person that qualifies as an “independent contractor” and that is, or is related to a person that is, actively engaged in the trade or business of operating health care facilities for any person unrelated to us or our taxable REIT subsidiary (such person, an “eligible independent contractor”). If this is the case, the rent that the REIT receives from the taxable REIT subsidiary generally will be treated as “rents from real property.” A “qualified health care property” includes any real property and any personal property that is, or is necessary or incidental to the use of, a hospital, nursing facility, assisted living facility, congregate care facility, qualified continuing care facility, or other licensed facility that extends medical or nursing or ancillary services to patients and is operated by a provider of such services that is eligible for participation in the Medicare program with respect to such facility.

A REIT is permitted to render a de minimis amount of impermissible services to tenants of a property and still treat amounts rents received with respect to that property as rent from real property. The amount received or accrued by the REIT during the taxable year for the impermissible services with respect to a property may not exceed 1% of all amounts received or accrued by the REIT directly or indirectly from the property. The amount received for any service or management operation for this purpose shall be deemed to be not less than 150% of the direct cost of the REIT in furnishing or rendering the service or providing the management or operation. Furthermore, impermissible services may be furnished to tenants by a taxable REIT subsidiary subject to certain conditions, which would permit us to still treat rents received with respect to the property as rent from real property.

The term “interest” generally does not include any amount if the determination of the amount depends in whole or in part on the income or profits of any person, although an amount generally will not be excluded from the term “interest” solely by reason of being based on a fixed percentage of receipts or sales or by reason of being based on the income or profits of a debtor which derives substantially all of its income with respect to the property securing such debt from the leasing of substantially all of such property to tenants, to the extent that the rents paid by the tenants would qualify as rents from real property if the Company earned such amounts directly.

If we fail to satisfy one or both of the 75% or 95% gross income tests for any taxable year, we may nevertheless qualify as a REIT for such year if we are eligible for certain relief provisions provided by the Internal Revenue Code. These relief provisions generally will be available if (1) following our identification of the failure, we file a schedule for such taxable year describing each item of our gross income, and (2) the failure to meet such tests was due to reasonable cause and not due to willful neglect. It is not now possible to determine the circumstances under which we may be entitled to the benefit of these relief provisions. If these relief provisions apply, a 100% tax is imposed on an amount equal to (1) the gross income attributable to (i) 75% of our gross income over the amount of qualifying gross income for purposes of the 75% gross income test and (ii) 95% of our gross income over the amount of qualifying gross income for purposes of the 95% gross income test, multiplied by (2) a fraction intended to reflect our profitability. The Secretary of the Treasury is given broad authority to determine whether particular items of income or gain qualify under the 75% and 95% gross income tests and to exclude items from the measure of gross income for such purposes.

Asset Tests Within 30 days after the close of each quarter of our taxable year, we must also satisfy several tests relating to the nature and diversification of our assets determined in accordance with generally accepted accounting principles. At least 75% of the value of our total assets must be represented by real estate assets (including interests in real property, interests in mortgages on real property or on interests in real property, shares in other REITs and debt instruments issued by publicly offered REITs), cash, cash items (including receivables arising in the ordinary course of our operation), government securities and qualified temporary investments (the “75% asset test”). Although the remaining 25% of our assets generally may be invested without restriction, we are prohibited from owning securities representing more than 10% of either the vote (the “10% vote test”) or value (the “10% value test”) of the outstanding securities of any issuer other than another REIT or a taxable REIT subsidiary. Further, no more than 20% of our total assets may be represented by securities of one or more taxable REIT subsidiaries (the “20% asset test”) and no more than 5% of the value of our total assets may be represented by securities of any non-governmental issuer (the “5% asset test”) other than a qualified REIT subsidiary, (the “5% asset test”), another REIT or a taxable REIT subsidiary. Each of the 10% vote test, the 10% value test and the 20% and 5% asset tests must be satisfied at the end of each quarter. There are special rules which provide relief if the value-related tests are not satisfied due to changes in the value of the assets of a REIT.

Certain items are excluded from the 10% value test, including: (1) straight debt securities meeting certain requirements; (2) any loan to an individual or an estate; (3) any rental agreement described in Section 467 of the Internal Revenue Code, other than with a “related person”; (4) any obligation to pay rents from real property; (5) certain securities issued by a state or any subdivision thereof, the District of Columbia, a non-U.S. government, or any political subdivision thereof, or the Commonwealth of Puerto Rico; (6) any security issued by a REIT; and (7) any other arrangement that, as determined by the Secretary of the Treasury, is excepted from the definition of security (“10% Value Excluded Securities”). If a REIT, or its taxable REIT subsidiary, holds (1) straight debt securities of a corporate or partnership issuer and (2) securities of such issuer that are not 10% Value Excluded Securities and have an aggregate value greater than 1% of such issuer’s outstanding securities, the straight debt securities will be included in the 10% value test.

A REIT’s interest as a partner in a partnership is not treated as a security for purposes of applying the 10% value test to securities issued by the partnership. Further, any debt instrument issued by a partnership that is not a 10% Value Excluded Security will not be a security for purposes of applying the 10% value test (1) to the extent of the REIT’s interest as a partner in the partnership or (2) if at least 75% of the partnership’s gross income (excluding gross income from prohibited transactions) would qualify for the 75% gross income test. For purposes of the 10% value test, a REIT’s interest in a partnership’s assets is determined by the REIT’s proportionate interest in any securities issued by the partnership (other than the excluded securities described in the preceding paragraph).

If a REIT or its “qualified business unit” uses a non-U.S. currency as its functional currency, the term “cash” includes such non-U.S. currency, but only to the extent such non-U.S. currency is (i) held for use in the normal course of the activities of the REIT or “qualified business unit” which give rise to items of income or gain that are included in the 95% and 75% gross income tests or are directly related to acquiring or holding assets qualifying under the 75% asset test, and (ii) not held in connection with dealing or engaging in substantial and regular trading in securities.

With respect to corrections of failures as to violations of the 10% vote test, the 10% value test or the 5% asset test, a REIT may avoid disqualification as a REIT by disposing of sufficient assets to cure a violation due to the ownership of assets that do not exceed the lesser of 1% of the REIT’s assets at the end of the relevant quarter or $10,000,000, provided that the disposition occurs within six months following the last day of the quarter in which the REIT first identified the violation. For violations of any of the REIT asset tests due to reasonable cause and not willful neglect that exceed the thresholds described in the preceding sentence, a REIT can avoid disqualification as a REIT after the close of a taxable quarter by taking certain steps, including disposition of sufficient assets within the six month period described above to meet the applicable asset test, paying a tax equal to the greater of $50,000 or the highest corporate tax rate multiplied by the net income generated by the non-qualifying assets during the period of time that the assets were held as non-qualifying assets and filing a schedule with the Internal Revenue Service ("IRS") that describes the non-qualifying assets.

Investments in Taxable REIT Subsidiaries REITs may own more than 10% of the voting power and value of securities in taxable REIT subsidiaries. Unlike a qualified REIT subsidiary, other disregarded entity or partnership, the income and assets of a taxable REIT subsidiary are not attributable to the REIT for purposes of satisfying the income and asset ownership requirements applicable to REIT qualification. We Except as noted below with respect to a corporate entity that operates a health care or lodging facility, we and any taxable corporate entity in which we own an interest, directly or indirectly, are allowed to jointly elect to treat such entity as a “taxable REIT subsidiary.”

Certain of our subsidiaries have elected or will elect taxable REIT subsidiary status. Taxable REIT subsidiaries are subject to full corporate level U.S. federal taxation on their earnings but are permitted to engage in certain types of activities that cannot be performed directly by REITs without jeopardizing the REIT status of their parent REIT. The taxes to which our taxable REIT subsidiaries are subject will reduce the cash available for such taxable REIT subsidiaries to distribute as dividends to us.

The Internal Revenue Service IRS may redetermine amounts from transactions between a REIT and its taxable REIT subsidiary where there is a lack of arm’s-length dealing between the parties. Any taxable income allocated to, or deductible expenses allocated away, from a taxable REIT subsidiary would increase its tax liability. Further, certain redetermined amounts from certain transactions involving a REIT and its taxable REIT subsidiaries could be subject to a 100% tax if not conducted on an arm’s length basis.

A taxable REIT subsidiary does not include any corporation that directly or indirectly operates or manages a lodging facility or a health care facility unless such facility is operated on behalf of such subsidiary by a person that is an independent contractor and certain other requirements are met. The failure of a subsidiary of ours to qualify as a taxable REIT subsidiary as a result of operating a lodging facility or a health care facility could have an adverse effect on the Company’s ability to comply with the REIT income and asset tests, and thus could impair the Company’s ability to qualify as a REIT unless the Company could avail itself of certain relief provisions under the Code. Code and pay any tax resulting therefrom.

For tax years beginning after December 31, 2022, the Inflation Reduction Act of 2022 (“IRA”) imposes among other things, a 15% Corporate Alternative Minimum Tax (“Corporate AMT”) on certain U.S. corporations with average adjusted financial statement income in excess of $1 billion. Although, by its terms, the Corporate AMT is not applicable to REITs, it is not certain whether or how the Corporate AMT would apply to our TRSs.

In December 2022, Treasury The IRS has issued Notice 2023-7, several notices indicating its intention to propose regulations and provide other providing guidance regarding the Corporate AMT and issuing certain interim rules on which taxpayers may rely. Until further regulations and guidance from the IRS and Treasury are is released, the impact of the Corporate AMT on our TRSs is uncertain and it is possible that our taxable REIT subsidiaries will be subject to material U.S. federal income taxes under the Corporate AMT.

Investments in REIT Subsidiaries The Company, through Welltower OP, owns and may acquire direct or indirect interests in one or more entities that have elected or will elect to be taxed as REITs under the Code (each, a “Subsidiary REIT”). A Subsidiary REIT is subject to the various REIT qualification requirements and other limitations described herein that are applicable to the Company. If a Subsidiary REIT were to fail to qualify as a REIT, then (i) that Subsidiary REIT would become subject to U.S. federal income tax and (ii) the Subsidiary REIT’s failure to qualify could have an adverse effect on the Company’s ability to comply with the REIT income and asset tests, and thus could impair the Company’s ability to qualify as a REIT unless the Company could avail itself of certain relief provisions under the Code. Code and pay any tax resulting therefrom.

Annual Distribution Requirements In order to avoid being taxed as a regular corporation, we are required to make distributions (other than capital gain distributions) to our stockholders which qualify for the dividends paid deduction in an amount at least equal to (1) the sum of (i) 90% of our “REIT taxable income” (computed without regard to the dividends paid deduction and our net capital gain) and (ii) 90% of the after-tax net income, if any, from foreclosure property, minus (2) a portion of certain items of non-cash income. These distributions must be paid in the taxable year to which they relate, or in the following taxable year if declared before we timely file our tax return for that year and if paid on or before the first regular distribution payment after such declaration. Prior to 2014, with respect to all REITs, the amount distributed could not be preferential. This means that every stockholder of the class of stock to which a distribution is made must be treated the same as every other stockholder of that class, and no class of stock may be treated otherwise than in accordance with its dividend rights as a class (the “preferential dividend rule”). The preferential dividend rule no longer applies to publicly offered REITs, REITs; however, the rule is still applicable to REITs which are not publicly offered, which would include several of our Subsidiary REITs. To the extent that we do not distribute all of our net capital gain or distribute at least 90%, but less than 100%, of our “REIT taxable income,” as adjusted, we will be subject to tax on the undistributed amount at regular corporate tax rates. As discussed above, we may be subject to an excise tax if we fail to meet certain other distribution requirements. Although we intend to make timely distributions sufficient to satisfy these annual distribution requirements, for subsequent years, economic, market, legal, tax or other factors could limit our ability to meet those requirements.

It is also possible that, from time to time, we may not have sufficient cash or other liquid assets to meet the 90% distribution requirement, or to distribute such greater amount as may be necessary to avoid income and excise taxation, due to, among other things, (1) timing differences between (i) cash receipts and cash expenditures and (ii) the inclusion of income and deduction of expenses in arriving at our taxable income, or (2) the payment of expenditures that may not be deductible to us. In the event that timing differences occur, we may find it necessary to arrange for borrowings or, if possible, pay dividends in the form of taxable stock dividends in order to meet the distribution requirement.

Under certain circumstances, including in the event of a deficiency determined by the Internal Revenue Service, IRS, we may be able to rectify a resulting failure to meet the distribution requirement for a year by paying “deficiency dividends” to stockholders in a later year, which may be included in our deduction for distributions paid for the earlier year. Thus, we may be able to avoid being disqualified as a REIT and/or taxed on amounts distributed as deficiency dividends; however, we will be required to pay applicable penalties and interest based upon the amount of any deduction taken for deficiency dividend distributions.

Failure to Qualify as a REIT If we fail to qualify for taxation as a REIT in any taxable year, we will be subject to U.S. federal income tax on our taxable income at regular corporate rates. Distributions to stockholders in any year in which we fail to qualify as a REIT will not be deductible by us. As a result, we anticipate that our failure to qualify as a REIT would reduce the cash available for distribution by us to our stockholders. In addition, if we fail to qualify as a REIT, we will not be required to distribute any amounts to our stockholders, and all distributions to stockholders will be taxable as regular corporate dividends to the extent of our current and accumulated earnings and profits. profits and will not be eligible for the 20% deduction under Section 199A of the Code applicable to certain non-corporate shareholders, including individuals, prior to January 1, 2026. In such event, corporate stockholders may be eligible for the dividends-received deduction. In addition, non-corporate stockholders, including individuals, may be eligible for the preferential tax rates on qualified dividend income. Non-corporate stockholders, including individuals, generally may deduct up to 20% of dividends from a REIT, other than capital gain dividends and dividends treated as qualified dividend income, for taxable years beginning before January 1, 2026 for purposes of determining their U.S. federal income tax, subject to certain holding period requirements and other limitations. If we fail to qualify as a REIT, such stockholders may not claim this deduction with respect to dividends paid by us. Unless entitled to relief under specific statutory provisions, we also will be disqualified from taxation as a REIT for the four taxable years following the year during which qualification was lost. It is not possible to state whether in all circumstances we would be entitled to statutory relief. Failure to qualify for even one year could result in our need to incur indebtedness or liquidate investments in order to pay potentially significant resulting tax liabilities.

In addition to the relief described above under “Income Tests” and “Asset Tests,” statutory relief is available in the event that we violate a provision of the Internal Revenue Code that would result in our failure to qualify as a REIT if: (1) the violation is due to reasonable cause and not due to willful neglect; (2) we pay a penalty of $50,000 for each failure to satisfy the provision; and (3) the violation does not include a violation described under “Income Tests” or “Asset Tests” above. It is not now possible to determine the circumstances under which we may be entitled to the benefit of these relief provisions.

Material U.S. Federal Income Tax Consequences to Holders of Our Stock and the Debt Securities of the Company and Welltower OP

The following discussion is a summary of the material U.S. federal income tax consequences to you of acquiring, owning and disposing of stock of the Company or debt securities of the Company or Welltower OP. This discussion is limited to holders who hold stock of the Company or debt securities of the Company or Welltower OP as “capital assets” within the meaning of Section 1221 of the Code (generally, property held for investment). This discussion does not address all U.S. federal income tax consequences relevant to a holder’s particular circumstances, including the alternative minimum tax. In addition, except where specifically noted, it does not address consequences relevant to holders subject to special rules, including, without limitation:

- U.S. expatriates and former citizens or long-term residents of the United States;
- U.S. holders (as defined below) whose functional currency is not the U.S. dollar;
- persons holding stock or debt securities as part of a hedge, straddle or other risk reduction strategy or as part of a conversion transaction or other integrated investment;
- banks, insurance companies, and other financial institutions;
- REITs or regulated investment companies;

- brokers, dealers or traders in securities;
- "controlled foreign corporations," "passive foreign investment companies," and corporations that accumulate earnings to avoid U.S. federal income tax;
- S corporations, partnerships or other entities or arrangements treated as partnerships for U.S. federal income tax purposes (and investors therein);
- tax-exempt organizations or governmental organizations;

- persons subject to special tax accounting rules as a result of any item of gross income with respect to stock or debt securities being taken into account in an applicable financial statement;
- persons deemed to sell stock or debt securities under the constructive sale provisions of the Code; and
- persons who hold or receive our stock pursuant to the exercise of any employee stock option or otherwise as compensation.

THIS DISCUSSION IS FOR INFORMATIONAL PURPOSES ONLY AND IS NOT INTENDED AS TAX ADVICE. INVESTORS SHOULD CONSULT THEIR TAX ADVISORS WITH RESPECT TO THE APPLICATION OF THE U.S. FEDERAL INCOME TAX LAWS TO THEIR PARTICULAR SITUATIONS AS WELL AS ANY TAX CONSEQUENCES OF THE ACQUISITION, OWNERSHIP AND DISPOSITION OF OUR STOCK OR DEBT SECURITIES ARISING UNDER OTHER U.S. FEDERAL TAX LAWS (INCLUDING ESTATE AND GIFT TAX LAWS), UNDER THE LAWS OF ANY STATE, LOCAL OR NON-U.S. TAXING JURISDICTION OR UNDER ANY APPLICABLE TAX TREATY.

For purposes of this discussion, a "U.S. holder" is a beneficial owner of stock of the Company or debt securities of the Company or Welltower OP that, for U.S. federal income tax purposes, is or is treated as:

- an individual who is a citizen or resident of the United States;
- an entity classified as a corporation for U.S. federal income tax purposes and created or organized under the laws of the United States, any state thereof or the District of Columbia;
- an estate the income of which is subject to U.S. federal income tax regardless of its source; or
- a trust that (1) is subject to the primary supervision of a U.S. court and the control of one or more "United States persons" (within the meaning of Section 7701(a)(30) of the Code) or (2) has a valid election in effect to be treated as a United States person for U.S. federal income tax purposes.

For purposes of this discussion, a "non-U.S. holder" is any beneficial owner of our stock or debt securities that is neither a U.S. holder nor an entity treated as a partnership for U.S. federal income tax purposes.

If an entity treated as a partnership for U.S. federal income tax purposes holds our stock or debt securities, the tax treatment of a partner in the partnership will depend on the status of the partner, the activities of the partnership and certain determinations made at the partner level. Accordingly, partnerships holding stock of the Company or debt securities of the Company or Welltower OP and the partners in such partnerships should consult their tax advisors regarding the U.S. federal income tax consequences to them.

Taxation of Taxable U.S. Holders of Our Stock

Distributions Generally Distributions out of our current or accumulated earnings and profits will be treated as dividends and, other than with respect to capital gain dividends and certain amounts which have previously been subject to corporate level tax, as discussed below, will be taxable to our taxable U.S. holders as ordinary income when actually or constructively received. See "Tax Rates" below. As long as we qualify as a REIT, these distributions will not be eligible for the dividends-received deduction in the case of U.S. holders that are corporations or, except to the extent described in "Tax Rates" below, the preferential rates on qualified dividend income applicable to non-corporate U.S. holders, including individuals. For purposes of determining whether distributions to holders of our stock are out of our current or accumulated earnings and profits, our earnings and profits will be allocated first to our outstanding preferred stock, if any, and then to our outstanding common stock.

To the extent that we make distributions on our stock in excess of our current and accumulated earnings and profits allocable to such stock, these distributions will be treated first as a tax-free return of capital to a U.S. holder to the extent of the U.S. holder's adjusted tax basis in such shares of stock. This treatment will reduce the U.S. holder's adjusted tax basis in such shares of stock by such amount, but not below zero. Distributions in excess of our current and accumulated earnings and profits and in excess of a U.S. holder's adjusted tax basis in its shares will be taxable as capital gain. Such gain will be taxable as long-term capital gain if the shares have been held for more than one year. Dividends we declare in October, November, or December of any year and which are payable to a holder of record on a specified date in any of these months will be treated as both paid by us and received by the holder on December 31 of that year, provided we actually pay the dividend on or before January 31 of the following year. U.S. holders may not include in their own income tax returns any of our net operating losses or capital losses.

U.S. holders that receive taxable stock distributions, including distributions partially payable in our common stock and partially payable in cash, would be required to include the full amount of the distribution (i.e., the cash and the stock portion) as a dividend (subject to limited exceptions) to the extent of our current and accumulated earnings and profits for U.S. federal income tax purposes, as described above. The amount of any distribution payable in our common stock generally is equal to the amount of cash that could have been received instead of the common stock. Depending on the circumstances of a U.S. holder, the tax on the distribution may exceed the amount of the distribution received in cash, in which case such U.S. holder would have to pay the tax using cash from other sources. If a U.S. holder sells the common stock it received in connection with a taxable stock distribution in order to pay this tax and the proceeds of such sale are less than the amount required to be included in income with respect to the stock portion of the distribution, such U.S. holder could have a capital loss with respect to the stock sale that could not be used to offset such income. A U.S. holder that receives common stock pursuant to such distribution generally has a tax basis in such common stock equal to the amount of cash that could have been received instead of such common stock as described above, and has a holding period in such common stock that begins on the day immediately following the payment date for the distribution.

Capital Gain Dividends Dividends that we properly designate as capital gain dividends will be taxable to our taxable U.S. holders as a gain from the sale or disposition of a capital asset held for more than one year, to the extent that such gain does not exceed our actual net capital gain for the taxable year. U.S. holders that are corporations may, however, be required to treat up to 20% of certain capital gain dividends as ordinary income.

Retention of Net Capital Gains We may elect to retain, rather than distribute as a capital gain dividend, all or a portion of our net capital gains. If we make this election, we would pay tax on our retained net capital gains. In addition, to the extent we so elect, our earnings and profits (determined for U.S. federal income tax purposes) would be adjusted accordingly, and a U.S. holder generally would:

- include its pro rata share of our undistributed capital gain in computing its long-term capital gains in its U.S. federal income tax return for its taxable year in which the last day of our taxable year falls, subject to certain limitations as to the amount that is includable;
- be deemed to have paid its share of the capital gains tax imposed on us on the designated amounts included in the U.S. holder's income as long-term capital gain;
- receive a credit or refund for the amount of tax deemed paid by it; and
- increase the adjusted tax basis of its stock by the difference between the amount of includable gains and the tax deemed to have been paid by it.

In addition, a U.S. holder that is a corporation is required to appropriately adjust its earnings and profits for the retained capital gains in accordance with Treasury Regulations. These Treasury Regulations have not yet been promulgated so the appropriate method for making such adjustment is unclear.

Passive Activity Losses and Investment Interest Limitations Distributions we make and gain arising from the sale or exchange of our stock by a U.S. holder will not be treated as passive activity income. As a result, U.S. holders generally will not be able to apply any "passive losses" against this income or gain. A U.S. holder generally may elect to treat capital gain dividends, capital gains from the disposition of our stock and income designated as qualified dividend income, as described in "Tax Rates" below, as investment income for purposes of computing the investment interest limitation, but in such case, the holder will be taxed at ordinary income rates on such amount. Other distributions made by us, to the extent they do not constitute a return of capital, generally will be treated as investment income for purposes of computing the investment interest limitation.

Dispositions of Our Stock Except as described below under "Redemption or Repurchase by Us," if a U.S. holder sells or disposes of shares of our stock, it will recognize gain or loss for U.S. federal income tax purposes in an amount equal to the difference between the amount of cash and the fair market value of any property received on the sale or other disposition of the shares and the holder's adjusted tax basis in the shares. This gain or loss, except as provided below, will be long-term capital gain or loss if the holder has held such stock for more than one year. However, if a U.S. holder recognizes a loss upon the sale or other disposition of stock that it has held for six months or less, after applying certain holding period rules, the loss recognized will be treated as a long-term capital loss to the extent the U.S. holder received distributions from us which were required to be treated as long-term capital gains. The deductibility of capital losses is subject to limitations.

Redemption or Repurchase by Us A redemption or repurchase of shares of our stock will be treated under Section 302 of the Code as a distribution (and taxable as a dividend to the extent of our current and accumulated earnings and profits as described above under "Distributions Generally") unless the redemption or repurchase satisfies one of the tests set forth in Section 302(b) of the Code and is therefore treated as a sale or exchange of the redeemed or repurchased shares. The redemption or repurchase generally will be treated as a sale or exchange if it:

- is "substantially disproportionate" with respect to the U.S. holder,
- results in a "complete redemption" of the U.S. holder's stock interest in us, or
- is "not essentially equivalent to a dividend" with respect to the U.S. holder,

all within the meaning of Section 302(b) of the Code.

In determining whether any of these tests has been met, shares of our stock, including common stock and other equity interests in us, considered to be owned by the U.S. holder by reason of certain constructive ownership rules set forth in the Code, as well as shares of our stock actually owned by the U.S. holder, generally must be taken into account. Because the determination as to whether any of the alternative tests of Section 302(b) of the Code will be satisfied with respect to the U.S. holder depends upon the facts and circumstances at the time that the determination must be made, U.S. holders are advised to consult their tax advisors to determine such tax treatment.

If a redemption or repurchase of shares of our stock is treated as a distribution, the amount of the distribution will be measured by the amount of cash and the fair market value of any property received. See "Distributions Generally." A U.S. holder's adjusted tax basis in the redeemed or repurchased shares generally will be transferred to the holder's remaining shares of our stock, if any. If a U.S. holder owns no other shares of our stock, under certain circumstances, such basis may be transferred to a related person or it may be lost entirely. Prospective investors should consult their tax advisors regarding the U.S. federal income tax consequences of a redemption or repurchase of our stock.

If a redemption or repurchase of shares of our stock is not treated as a distribution, it will be treated as a taxable sale or exchange in the manner described under "Dispositions of Our Stock."

Tax Rates Currently, the maximum tax rate for non-corporate taxpayers for (1) long-term capital gains, including certain "capital gain dividends," generally is 20% (although depending on the characteristics of the assets which produced these gains and on designations which we may make, certain capital gain dividends may be taxed at a 25% rate) and (2) "qualified dividend income" generally is 20%. In general, dividends payable by REITs are not eligible for the reduced tax rate applicable to qualified dividend income, except to the extent that certain holding period requirements have been met and the REIT's dividends are attributable to dividends received from taxable corporations (such as its taxable REIT subsidiaries) or to income that was subject to tax at the corporate/REIT level (for example, if the REIT distributed taxable income that it retained and paid tax on in the prior taxable year). Capital gain dividends will only be eligible for the rates described above to the extent that they are properly designated by us as "capital gain dividends." As mentioned above, U.S. holders that are corporations may be required to treat up to 20% of some capital gain dividends as ordinary income. In addition, non-corporate U.S. holders, including individuals, generally may deduct up to 20% of dividends from a REIT, other than capital gain dividends and dividends treated as qualified dividend income, for taxable years beginning before January 1, 2026 for purposes of determining their U.S. federal income tax (but not for purposes of the 3.8% Medicare tax), subject to certain holding period requirements and other limitations.

Taxation of Tax-Exempt U.S. Holders of Our Stock

Dividend income from us and gain arising upon a sale of shares of our stock generally should not be unrelated business taxable income ("UBTI") to a tax-exempt U.S. holder, except as described below. This income or gain will be UBTI, however, to the extent a tax-exempt U.S. holder holds its shares as "debt-financed property" within the meaning of the Code. Generally, "debt-financed property" is property the acquisition or holding of which was financed through a borrowing by the tax-exempt holder.

For tax-exempt U.S. holders that are social clubs, voluntary employee benefit associations or supplemental unemployment benefit trusts exempt from U.S. federal income taxation under Sections 501(c)(7), (c)(9) or (c)(17) of the Code, respectively, income from an investment in our shares will constitute UBTI unless the organization is able to properly claim a deduction for amounts set aside or placed in reserve for specific purposes so as to offset the income generated by its investment in our shares. These prospective investors should consult their tax advisors concerning these "set aside" and reserve requirements.

REFINITIV

Notwithstanding the above, however, a portion of the dividends paid by a “pension-held REIT” may be treated as UBTI as to certain trusts that hold more than 10%, by value, of the interests in the REIT. A REIT will not be a “pension-held REIT” if it is able to satisfy the “not closely held” requirement without relying on the “look-through” exception with respect to certain trusts or if such REIT is not “predominantly held” by “qualified trusts.” As a result of restrictions on ownership and transfer of our stock contained in our charter, we do not expect to be classified as a “pension-held REIT,” and as a result, the tax treatment described above should be inapplicable to our holders. However, because our common stock is (and, we anticipate, will continue to be) publicly traded, we cannot guarantee that this will always be the case.

Taxation of Non-U.S. Holders of Our Stock

The following discussion addresses the rules governing U.S. federal income taxation of the acquisition, ownership and disposition of our stock by non-U.S. holders. These rules are complex, and no attempt is made herein to provide more than a brief summary of such rules. Accordingly, the discussion does not address all aspects of U.S. federal income taxation and does not address other U.S. federal, state, local or non-U.S. tax consequences that may be relevant to a non-U.S. holder in light of its particular circumstances. We urge non-U.S. holders to consult their tax advisors to determine the impact of U.S. federal, state, local and non-U.S. income and other tax laws and any applicable tax treaty on the acquisition, ownership and disposition of shares of our stock, including any reporting requirements.

Distributions Generally Distributions (including any taxable stock distributions) that are neither attributable to gains from sales or exchanges by us of United States real property interests (“USRPIs”) nor designated by us as capital gain dividends (except as described below) will be treated as dividends of ordinary income to the extent that they are made out of our current or accumulated earnings and profits. Such distributions ordinarily will be subject to withholding of U.S. federal income tax at a 30% rate or such lower rate as may be specified by an applicable income tax treaty, unless the distributions are treated as effectively connected with the conduct by the non-U.S. holder of a trade or business within the United States (and, if required by an applicable income tax treaty, the non-U.S. holder maintains a permanent establishment in the United States to which such

dividends are attributable). Under certain treaties, however, lower withholding rates generally applicable to dividends do not apply to dividends from a REIT. Certain certification and disclosure requirements must be satisfied for a non-U.S. holder to be exempt from withholding under the effectively connected income exemption. Dividends that are treated as effectively connected with a U.S. trade or business generally will not be subject to withholding but will be subject to U.S. federal income tax on a net basis in the same manner as dividends paid to U.S. holders are subject to U.S. federal income tax. Any such

dividends received by a non-U.S. holder that is a corporation may also be subject to an additional branch profits tax at a 30% rate (applicable after deducting U.S. federal income taxes paid on such effectively connected income) or such lower rate as may be specified by an applicable income tax treaty.

Except as otherwise provided below, we expect to withhold U.S. federal income tax at the rate of 30% on any distributions made to a non-U.S. holder unless:

(1) a lower treaty rate applies and the non-U.S. holder furnishes an Internal Revenue Service IRS Form W-8BEN or W-8BEN-E (or other applicable documentation) evidencing eligibility for that reduced treaty rate; or

(2) the non-U.S. holder furnishes an Internal Revenue Service IRS Form W-8ECI (or other applicable documentation) claiming that the distribution is income effectively connected with the non-U.S. holder’s trade or business.

Distributions in excess of our current and accumulated earnings and profits will not be taxable to a non-U.S. holder to the extent that such distributions do not exceed the adjusted tax basis of the holder’s stock, but rather will reduce the adjusted tax basis of such stock. To the extent that such distributions exceed the non-U.S. holder’s adjusted tax basis in such stock, they generally will give rise to gain from the sale or exchange of such stock, the tax treatment of which is described below. However, such excess distributions may be treated as dividend income for certain non-U.S. holders. For withholding purposes, we expect to treat all distributions as made out of our current or accumulated earnings and profits. However, amounts withheld may be refundable if it is subsequently determined that the distribution was, in fact, in excess of our current and accumulated earnings and profits, provided that certain conditions are met.

Capital Gain Dividends and Distributions Attributable to a Sale or Exchange of United States Real Property Interests Distributions to a non-U.S. holder that we properly designate as capital gain dividends, other than those arising from the disposition of a USRPI, generally should not be subject to U.S. federal income taxation, unless:

(1) the investment in our stock is treated as effectively connected with the conduct by the non-U.S. holder of a trade or business within the United States (and, if required by an applicable income tax treaty, the non-U.S. holder maintains a permanent establishment in the United States to which such dividends are attributable), in which case the non-U.S. holder will be subject to the same treatment as U.S. holders with respect to such gain, except that a non-U.S. holder that is a corporation may also be subject to a branch profits tax of up to 30%, as discussed above; or

(2) the non-U.S. holder is a nonresident alien individual who is present in the United States for 183 days or more during the taxable year and certain other conditions are met, in which case the non-U.S. holder will be subject to U.S. federal income tax at a rate of 30% on the non-U.S. holder’s capital gains (or such lower rate specified by an applicable income tax treaty), which may be offset by U.S. source capital losses of such non-U.S. holder (even though the individual is not considered a resident of the United States), provided the non-U.S. holder has timely filed U.S. federal income tax returns with respect to such losses.

Pursuant to the Foreign Investment in Real Property Tax Act, which is referred to as “FIRPTA,” distributions to a non-U.S. holder that are attributable to gain from sales or exchanges by us of USRPIs, whether or not designated as capital gain dividends, will cause the non-U.S. holder to be treated as recognizing such gain as income effectively connected with a U.S. trade or business. Non-U.S. holders generally would be taxed at the regular rates applicable to U.S. holders, subject to any applicable alternative minimum tax and a special alternative minimum tax in the case of nonresident alien individuals. We also will be required to withhold and to remit to the Internal Revenue Service IRS 21% of any distribution to non-U.S. holders attributable to gain from sales or exchanges by us of USRPIs. Distributions subject to FIRPTA may also be subject to a 30% branch profits tax in the hands of a non-U.S. holder that is a corporation. The amount withheld is creditable against the non-U.S. holder’s U.S. federal income tax liability. However, any distribution with respect to any class of stock that is “regularly traded,” as defined by applicable Treasury Regulations, on an established securities market located in the United States is not subject to FIRPTA, and therefore, not subject to the 21% U.S. withholding tax described above, if the non-U.S. holder did not own more than 10% of such class of stock at any time during the one-year period ending on the date of the distribution. Instead, such distributions generally will be treated as ordinary dividend distributions and subject to withholding in the manner described above with respect to ordinary dividends. Furthermore, distributions to “qualified foreign pension funds” or entities all of the interests of which are held by “qualified pension funds” are exempt from FIRPTA. Non-U.S. holders should consult their tax advisors regarding the application of these rules.

Retention of Net Capital Gains Although the law is not clear on the matter, it appears that amounts we designate as retained net capital gains in respect of our stock should be treated with respect to non-U.S. holders as actual distributions of capital gain dividends. Under this approach, the non-U.S. holders may be able to offset as a credit against their U.S. federal income tax liability their proportionate share of the tax paid by us on such retained net capital gains and to receive from the Internal

REFINITIV

Revenue Service IRS a refund to the extent their proportionate share of such tax paid by us exceeds their actual U.S. federal income tax liability. If we were to designate any portion of our net capital gain as retained net capital gain, non-U.S. holders should consult their tax advisors regarding the taxation of such retained net capital gain.

Sale of Our Stock Except as described below under "Redemption or Repurchase by Us," gain realized by a non-U.S. holder upon the sale, exchange or other taxable disposition of our stock generally will not be subject to U.S. federal income tax unless such stock constitutes a USRPI. In general, stock of a domestic corporation that is a "United States real property holding corporation," or USRPHC, will constitute a USRPI. We believe that we are a USRPHC. Our stock will not, however, constitute a USRPI so long as we are a "domestically controlled qualified investment entity." A "domestically controlled qualified investment entity" includes a REIT in which at all times during a five-year testing period less than 50% in value of its stock is held directly or indirectly by non-United States persons, subject to certain rules. For purposes of determining whether a REIT is a "domestically controlled qualified investment entity," a person who at all applicable times holds less than 5% of a class of stock that is "regularly traded" is treated as a United States person unless the REIT has actual knowledge that such person is not a United States person. Because our common stock is (and, we anticipate, will continue to be) publicly traded, no assurance can be given that we are or will continue to be a "domestically controlled qualified investment entity."

Even if we do not qualify as a "domestically controlled qualified investment entity" at the time a non-U.S. holder sells our stock, gain realized from the sale or other taxable disposition by a non-U.S. holder of such stock would not be subject to U.S. federal income tax under FIRPTA as a sale of a USRPI if:

(1) such class of stock is "regularly traded," as defined by applicable Treasury Regulations, on an established securities market such as the New York Stock Exchange; and

(2) such non-U.S. holder owned, actually and constructively, 10% or less of such class of stock throughout the shorter of the five-year period ending on the date of the sale or other taxable disposition or the non-U.S. holder's holding period.

In addition, dispositions of our stock by "qualified foreign pension funds" or entities all of the interests of which are held by "qualified foreign pension funds" are exempt from FIRPTA. Non-U.S. holders should consult their tax advisors regarding the application of these rules.

Notwithstanding the foregoing, gain from the sale, exchange or other taxable disposition of our stock not otherwise subject to FIRPTA will be taxable to a non-U.S. holder if either (a) the investment in our stock is treated as effectively connected with the conduct by the non-U.S. holder of a trade or business within the United States (and, if required by an applicable income tax treaty, the non-U.S. holder maintains a permanent establishment in the United States to which such gain is attributable), in which case the non-U.S. holder will be subject to the same treatment as U.S. holders with respect to such gain, except that a non-U.S. holder that is a corporation may also be subject to the 30% branch profits tax (or such lower rate as may be specified by an applicable income tax treaty) on such gain, as adjusted for certain items, or (b) the non-U.S. holder is a nonresident alien individual who is present in the United States for 183 days or more during the taxable year and certain other conditions are met, in which case the non-U.S. holder will be subject to a 30% tax on the non-U.S. holder's capital gains (or such lower rate specified by an applicable income tax treaty), which may be offset by U.S. source capital losses of the non-U.S. holder (even though the individual is not considered a resident of the United States), provided the non-U.S. holder has timely filed U.S. federal income tax returns with respect to such losses. In addition, even if we are a domestically controlled qualified investment entity, upon disposition of our stock, a non-U.S. holder may be treated as having gain from the sale or other taxable disposition of a USRPI if the non-U.S. holder (1) disposes of such stock within a 30-day period preceding the ex-dividend date of a distribution, any portion of which, but for the disposition, would have been treated as gain from the sale or exchange of a USRPI and (2) acquires, or enters into a contract or option to acquire, or is deemed to acquire, other shares of that stock during the 61-day period beginning with the first day of the 30-day period described in clause (1), unless such class of stock is "regularly traded" and the non-U.S. holder did not own more than 10% of such class of stock at any time during the one-year period ending on the date of the distribution described in clause (1).

If gain on the sale, exchange or other taxable disposition of our stock were subject to taxation under FIRPTA or otherwise as a result of being effectively connected with the conduct by the non-U.S. holder of a trade or business within the United States, the non-U.S. holder would be required to file a U.S. federal income tax return and would be subject to regular U.S. federal income tax with respect to such gain in the same manner as a taxable U.S. holder (subject to any applicable alternative minimum tax and a special alternative minimum tax in the case of nonresident alien individuals). In addition, if the sale, exchange or other taxable disposition of our stock were subject to taxation under FIRPTA, and if shares of the applicable class of our stock were not "regularly traded" on an established securities market, the purchaser of such stock generally would be required to withhold and remit to the Internal Revenue Service IRS 15% of the purchase price.

Redemption or Repurchase by Us A redemption or repurchase of shares of our stock will be treated under Section 302 of the Code as a distribution (and taxable as a dividend to the extent of our current and accumulated earnings and profits) unless the redemption or repurchase satisfies one of the tests set forth in Section 302(b) of the Code and is therefore treated as a sale or exchange of the redeemed or repurchased shares. See "Redemption or Repurchase by Us" under "Taxation of Taxable U.S. Holders of Our Stock" above. Qualified shareholders and their owners may be subject to different rules, and should consult

their tax advisors regarding the application of such rules. If the redemption or repurchase of shares is treated as a distribution, the amount of the distribution will be measured by the amount of cash and the fair market value of any property received. See "Distributions Generally" above. If the redemption or repurchase of shares is not treated as a distribution, it will be treated as a taxable sale or exchange in the manner described above under "- Sale of Our Stock."

Taxation of Holders of Debt Securities of the Company or Welltower OP

The following summary describes the material U.S. federal income tax consequences of acquiring, owning and disposing of debt securities of the Company or Welltower OP. This discussion assumes the debt securities will be issued with less than a statutory de minimis amount of original issue discount for U.S. federal income tax purposes. In addition, this discussion is limited to persons purchasing the debt securities for cash at original issue and at their original "issue price" within the meaning of Section 1273 of the Code (i.e., the first price at which a substantial amount of the debt securities is sold to the public for cash).

U.S. Holders

Payments of Interest. Interest on a debt security generally will be taxable to a U.S. holder as ordinary income at the time such interest is received or accrued, in accordance with such U.S. holder's method of accounting for U.S. federal income tax purposes.

Sale or Other Taxable Disposition A U.S. holder will recognize gain or loss on the sale, exchange, redemption, retirement or other taxable disposition of a debt security. The amount of such gain or loss generally will be equal to the difference between the amount received for the debt security in cash or other property valued at fair market value (less amounts attributable to any accrued but unpaid interest, which will be taxable as interest to the extent not previously included in income) and the U.S. holder's adjusted tax basis in the debt security. A U.S. holder's adjusted tax basis in a debt security generally will be equal to the amount the U.S. holder paid for the debt security. Any gain or loss generally will be capital gain or loss, and will be long-term capital gain or loss if the U.S. holder has held the debt security for more than one year at the time of such sale or other taxable

disposition. Otherwise, such gain or loss will be short-term capital gain or loss. Long-term capital gains recognized by certain non-corporate U.S. holders, including individuals, generally will be taxable at reduced rates. The deductibility of capital losses is subject to limitations.

Non-U.S. Holders

Payments of Interest. Interest paid on a debt security to a non-U.S. holder that is not effectively connected with the non-U.S. holder's conduct of a trade or business within the United States generally will not be subject to U.S. federal income tax or withholding, provided that:

- the non-U.S. holder does not, actually or constructively, own 10% or more of the total combined voting power of all classes of our voting stock; stock or 10% or more of the profits or capital in Welltower OP;
- the non-U.S. holder is not a controlled foreign corporation related to us through actual or constructive stock ownership; and
- either (1) the non-U.S. holder certifies in a statement provided to the applicable withholding agent under penalties of perjury that it is not a United States person and provides its name and address; (2) a securities clearing organization, bank or other financial institution that holds customers' securities in the ordinary course of its trade or business and holds the debt security on behalf of the non-U.S. holder certifies to the applicable withholding agent under penalties of perjury that it, or the financial institution between it and the non-U.S. holder, has received from the non-U.S. holder a statement under penalties of perjury that such holder is not a United States person and provides the applicable withholding agent with a copy of such statement; or (3) the non-U.S. holder holds its debt security directly through a "qualified intermediary" (within the meaning of the applicable Treasury Regulations) and certain conditions are satisfied.

If a non-U.S. holder does not satisfy the requirements above, such non-U.S. holder will be subject to withholding tax of 30%, subject to a reduction in or an exemption from withholding on such interest as a result of an applicable tax treaty. To claim such entitlement, the non-U.S. holder must provide the applicable withholding agent with a properly executed Internal Revenue Service IRS Form W-8BEN or W-8BEN-E (or other applicable documentation) claiming a reduction in or exemption from withholding tax under the benefit of an income tax treaty between the United States and the country in which the non-U.S. holder resides or is established.

If interest paid to a non-U.S. holder is effectively connected with the non-U.S. holder's conduct of a trade or business within the United States (and, if required by an applicable income tax treaty, the non-U.S. holder maintains a permanent establishment in the United States to which such interest is attributable), the non-U.S. holder will be exempt from the U.S. federal withholding tax described above. To claim the exemption, the non-U.S. holder must furnish to the applicable withholding agent a valid Internal Revenue Service IRS Form W-8ECI, certifying that interest paid on a debt security is not subject to withholding tax because it is effectively connected with the conduct by the non-U.S. holder of a trade or business within the United States.

Any such effectively connected interest generally will be subject to U.S. federal income tax at the regular rates. A non-U.S. holder that is a corporation may also be subject to a branch profits tax at a rate of 30% (or such lower rate specified by an applicable income tax treaty) on such effectively connected interest, as adjusted for certain items.

The certifications described above must be provided to the applicable withholding agent prior to the payment of interest and must be updated periodically. Non-U.S. holders that do not timely provide the applicable withholding agent with the required certification, but that qualify for a reduced rate under an applicable income tax treaty, may obtain a refund of any excess amounts withheld by timely filing an appropriate claim for refund with the Internal Revenue Service. IRS. Non-U.S. holders should consult their tax advisors regarding their entitlement to benefits under any applicable income tax treaty.

Sale or Other Taxable Disposition A non-U.S. holder will not be subject to U.S. federal income tax on any gain realized upon the sale, exchange, redemption, retirement or other taxable disposition of a debt security (such amount excludes any amount allocable to accrued and unpaid interest, which generally will be treated as interest and may be subject to the rules discussed above in "Payments of Interest") unless:

- the gain is effectively connected with the non-U.S. holder's conduct of a trade or business within the United States (and, if required by an applicable income tax treaty, the non-U.S. holder maintains a permanent establishment in the United States to which such gain is attributable); or
- the non-U.S. holder is a nonresident alien individual present in the United States for 183 days or more during the taxable year of the disposition and certain other requirements are met.

Gain described in the first bullet point above generally will be subject to U.S. federal income tax on a net income basis at the regular rates. A non-U.S. holder that is a corporation also may be subject to a branch profits tax at a rate of 30% (or such lower rate specified by an applicable income tax treaty) on such effectively connected gain, as adjusted for certain items.

A non-U.S. holder described in the second bullet point above will be subject to U.S. federal income tax at a rate of 30% (or such lower rate specified by an applicable income tax treaty) on gain realized upon the sale or other taxable disposition of a debt security, which may be offset by U.S. source capital losses of the non-U.S. holder (even though the individual is not considered a resident of the United States), provided the non-U.S. holder has timely filed U.S. federal income tax returns with respect to such losses.

Non-U.S. holders should consult their tax advisors regarding any applicable income tax treaties that may provide for different rules.

Information Reporting and Backup Withholding

U.S. Holders A U.S. holder may be subject to information reporting and backup withholding when such holder receives payments on stock of the Company or debt securities of the Company or Welltower OP or proceeds from the sale or other taxable disposition of such stock or debt securities (including a redemption or retirement of a debt security). Certain U.S. holders are exempt from backup withholding, including corporations and certain tax-exempt organizations. A U.S. holder will be subject to backup withholding if such holder is not otherwise exempt and:

- the holder fails to furnish the holder's taxpayer identification number, which for an individual is ordinarily his or her social security number;
- the holder furnishes an incorrect taxpayer identification number;
- the applicable withholding agent is notified by the Internal Revenue Service IRS that the holder previously failed to properly report payments of interest or dividends; or
- the holder fails to certify under penalties of perjury that the holder has furnished a correct taxpayer identification number and that the Internal Revenue Service IRS has not notified the holder that the holder is subject to backup withholding.

Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules may be allowed as a refund or a credit against a U.S. holder's U.S. federal income tax liability, provided the required information is timely furnished to the Internal Revenue Service. IRS. U.S. holders should consult their tax advisors regarding their qualification for an exemption from backup withholding and the procedures for obtaining such an exemption.

REFINITIV

Non-U.S. Holders Payments of dividends on stock of the Company or interest on debt securities of the Company or Welltower OP generally will not be subject to backup withholding, provided the applicable withholding agent does not have actual knowledge or reason to know the holder is a United States person and the holder either certifies its non-U.S. status, such as by furnishing a valid Internal Revenue Service IRS Form W-8BEN, W-8BEN-E or W-8ECI, or otherwise establishes an exemption. However, information returns are required to be filed with the Internal Revenue Service IRS in connection with any distributions on stock of the Company or interest on debt securities of the Company or Welltower OP paid to the non-U.S. holder, regardless of whether such distributions constitute a dividend or whether any tax was actually withheld. In addition,

proceeds of the sale or other taxable disposition of such stock or debt securities (including a retirement or redemption of a debt security) within the United States or conducted through certain U.S.-related brokers generally will not be subject to backup withholding or information reporting if the applicable withholding agent receives the certification described above and does not have actual knowledge or reason to know that such holder is a United States person, or the holder otherwise establishes an exemption. Proceeds of a disposition of such stock or debt securities conducted through a non-U.S. office of a non-U.S. broker generally will not be subject to backup withholding or information reporting.

Copies of information returns that are filed with the Internal Revenue Service IRS may also be made available under the provisions of an applicable treaty or agreement to the tax authorities of the country in which the non-U.S. holder resides or is established.

Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules may be allowed as a refund or a credit against a non-U.S. holder's U.S. federal income tax liability, provided the required information is timely furnished to the Internal Revenue Service. IRS.

Medicare Contribution Tax on Unearned Income

Certain U.S. holders that are individuals, estates or trusts are required to pay an additional 3.8% tax on, among other things, dividends on stock, interest on debt obligations, and capital gains from the sale or other disposition of stock or debt obligations, subject to certain limitations. U.S. holders should consult their tax advisors regarding the effect, if any, of these rules on their ownership and disposition of our stock or debt securities.

Additional Withholding Tax on Payments Made to Non-U.S. Accounts

Withholding taxes may be imposed under Sections 1471 to 1474 of the Code (such sections commonly referred to as the Foreign Account Tax Compliance Act ("FATCA")) on certain types of payments made to non-U.S. financial institutions and certain other non-U.S. entities. Specifically, a 30% withholding tax may be imposed on dividends on stock of the Company, interest on debt securities of the Company or Welltower OP, in each case paid to a "foreign financial institution" or a "non-financial foreign entity" (each as defined in the Code), unless (1) the foreign financial institution undertakes certain diligence and reporting obligations, (2) the non-financial foreign entity either certifies it does not have any "substantial United States owners" (as defined in the Code) or furnishes identifying information regarding each substantial United States owner, or (3) the foreign financial institution or non-financial foreign entity otherwise qualifies for an exemption from these rules. If the payee is a foreign financial institution and is subject to the diligence and reporting requirements in clause (1) above, it must enter into an agreement with the U.S. Department of the Treasury requiring, among other things, that it undertake to identify accounts held by certain "specified United States persons" or "United States owned foreign entities" (each as defined in the Code), annually report certain information about such accounts, and withhold 30% on certain payments to non-compliant foreign financial institutions and certain other account holders. Foreign financial institutions located in jurisdictions that have an intergovernmental agreement with the United States governing FATCA may be subject to different rules.

Under the applicable Treasury Regulations and administrative guidance, withholding under FATCA generally applies to payments of dividends on stock of the Company or interest on debt securities of the Company or Welltower OP. While withholding under FATCA would have applied also to payments of gross proceeds from the sale or other disposition of stock or debt securities on or after January 1, 2019, proposed Treasury Regulations eliminate FATCA withholding on payments of gross proceeds entirely. Taxpayers generally may rely on these proposed Treasury Regulations until final Treasury Regulations are issued. Because we may not know the extent to which a distribution is a dividend for U.S. federal income tax purposes at the time it is made, for purposes of these withholding rules we may treat the entire distribution as a dividend.

Non-U.S. holders should consult their tax advisors regarding the potential application of withholding under FATCA to their investment in stock of the Company or debt securities of the Company or Welltower OP.

Other Tax Consequences

State, local and non-U.S. income tax laws may differ substantially from the corresponding U.S. federal income tax laws, and this discussion does not purport to describe any aspect of the tax laws of any state, local or non-U.S. jurisdiction, or any U.S. federal tax other than income tax. You should consult your tax advisor regarding the effect of state, local and non-U.S. tax laws with respect to our tax treatment as a REIT and on an investment in our stock or debt securities.

In addition, the tax laws and regulations in non-U.S. jurisdictions may impose costs and expenses on the Company, its subsidiaries, and assets and investments of the Company held in non-U.S. jurisdictions (including the costs of compliance with and filings under applicable laws, rules and regulations). The Company has substantial assets, and will likely be subject to tax, reporting, legal, regulatory, and other obligations, in the U.K. and Canada. The treatment of an entity for U.S. federal income tax purposes may not be determinative of its treatment for certain state, local, or non-U.S. tax purposes.

Tax Aspects of Our Investments in Welltower OP and Subsidiary Partnerships

The following discussion summarizes certain U.S. federal income tax considerations applicable to our direct or indirect investments in subsidiary partnerships (including Welltower OP).

Classification as Partnerships We are required to include in our income our distributive share of Welltower OP's and Subsidiary Partnerships' income and are entitled to deduct our distributive share of Welltower OP's and Subsidiary Partnerships' losses only if the applicable partnership is classified for U.S. federal income tax purposes as a partnership rather than as a corporation or association taxable as a corporation. An organization will be classified as a partnership, rather than as a corporation, for U.S. federal income tax purposes if it (1) is treated as a partnership under Treasury regulations relating to entity classification (the "check-the-box regulations") and (2) is not a "publicly traded partnership" taxable as a corporation.

Under the check-the-box regulations, an unincorporated entity with at least two members may elect to be classified either as an association taxable as a corporation or as a partnership. Generally, if such an entity fails to make an election, it generally will be treated as a partnership for U.S. federal income tax purposes. We believe that Welltower OP is classified as a partnership for U.S. federal income tax purposes.

A publicly traded partnership is a partnership whose interests are traded on an established securities market or are readily tradable on a secondary market (or the substantial equivalent thereof). While interests in Welltower OP and Subsidiary Partnership Partnerships will not be traded on an established securities market, they could possibly be deemed to be traded on a secondary market or its equivalent due to the redemption rights enabling the limited members to dispose of their interests. A publicly traded partnership will not, however, be treated as a corporation for any taxable year if 90% or more of the partnership's gross income for such year consists of certain passive-type income, including (as may be relevant here) real property rents, gains from the sale or other disposition of real property, interest, and dividends (the "90% Passive Income Exception"). The income requirements applicable to us in order for us to qualify as a REIT under the Code and the definition of qualifying income under the Passive Income Exception are very similar. Although differences exist between these two income tests, we do not believe that these differences would cause Welltower OP or Subsidiary Partnerships not to satisfy the 90% Passive Income Exception applicable to publicly traded partnerships.

If for any reason Welltower OP or a Subsidiary Partnership were taxable as a corporation, rather than as a partnership, for U.S. federal income tax purposes, our ability to qualify as a REIT could be jeopardized. See "Income Tests" and "Asset Tests." In addition, any change in Welltower OP's or a Subsidiary Partnership's status for tax purposes might be treated as a taxable event, in which case we might incur tax liability without any related cash distribution. See "Annual Distribution Requirements." Further, items of income and deduction of Welltower OP or a Subsidiary Partnership would not pass through to its members, and its members would be treated as shareholders for tax purposes. Consequently, Welltower OP or a Subsidiary Partnership would be required to pay income tax at corporate tax rates on its net income, and distributions to its members would constitute dividends that would not be deductible in computing such Welltower OP's or Subsidiary Partnership's taxable income.

Members, Not Partnership, Subject to Tax Except as discussed below in "Revised Partnership Audit Rules," a partnership itself is not a taxable entity for U.S. federal income tax purposes. Rather, we are required to take into account our allocable share of each partnership's income, gains, losses, deductions and credits for any taxable year of the partnership ending during our taxable year, without regard to whether we have received or will receive any distribution from such partnership.

Partnership Allocations Although a partnership agreement generally will determine the allocation of income and losses among partners, such allocations will be disregarded for tax purposes if they do not comply with the provisions of Section 704(b) of the Code and the Treasury regulations promulgated thereunder. If an allocation is not recognized for U.S. federal income tax purposes, the item subject to the allocation will be reallocated in accordance with the partners' interests in the partnership, which will be determined by considering all of the facts and circumstances relating to the economic arrangement of the partners with respect to such item. Welltower OP's and each Subsidiary Partnerships' allocations of taxable income, gain and loss are intended to comply with the requirements of Section 704(b) of the Code and the Treasury regulations promulgated thereunder.

Tax Allocations with Respect to Certain Properties Pursuant to Section 704(c) of the Code, income, gain, loss and deduction attributable to appreciated or depreciated property that is contributed to a partnership in exchange for an interest in the partnership must be allocated in a manner such that the contributing partner is charged with, or benefits from, respectively, the unrealized gain or unrealized loss associated with the property at the time of the contribution. The amount of such unrealized gain or unrealized loss is generally equal to the difference between the fair market value of contributed property at the time of contribution and the adjusted tax basis of such property at the time of contribution (a "Book-Tax Difference"). Such allocations are solely for U.S. federal income tax purposes and do not affect the book capital accounts or other economic or legal arrangements among the partners. Welltower OP's partnership agreement requires such allocations to be made in a manner permitted under Section 704(c) of the Code.

In general, the members who contribute property to Welltower OP will be allocated depreciation deductions for tax purposes which are lower than such deductions would be if determined on a pro rata basis. In addition, in the event of the disposition of any of the contributed assets (including our properties) which have a Book-Tax Difference, all gain or loss attributable to such Book-Tax Difference (to the extent not previously taken into account) will generally be allocated to the contributing members, including us, and other members will generally be allocated only their share of income attributable to gain or loss, if any, occurring after such contribution. This will tend to eliminate the Book-Tax Difference over the life of Welltower OP. However, the special allocation rules of Section 704(c) do not always entirely eliminate the Book-Tax Difference on an annual basis or with respect to a specific taxable transaction such as a sale. Thus, the carryover basis of the contributed assets in the hands of Welltower OP may cause us to be allocated lower depreciation and other deductions, and possibly an amount of taxable gain in the event of a sale of such contributed assets in excess of the economic or book income allocated to us as a result of such sale.

A Book-Tax Difference may also arise as a result of the revaluation of property owned by a partnership in connection with certain types of transactions, including in connection with certain non-prorata non-pro rata contributions of assets to, or distributions of assets by, Welltower OP in exchange for, or in redemption of, interests in Welltower OP. In the event of such a revaluation, the members (including us) who were members in the partnership immediately prior to the revaluation will be required to take any Book-Tax Difference created as a result of such revaluation into account in substantially the same manner as under the Section 704(c) rules discussed above. This would result in us being allocated income, gain, loss and deduction for tax purposes in amounts different than the economic or book income allocated to us by the partnership.

The application of Section 704(c) to Welltower OP may cause us to recognize taxable income in excess of cash proceeds, which might adversely affect our ability to comply with the REIT distribution requirements. See "Annual Distribution Requirements." The foregoing principles also apply in determining our earnings and profits for purposes of determining the portion of distributions taxable as dividend income. The application of these rules over time may result in a higher portion of distributions being taxed as dividends than would have occurred had we purchased the contributed or revalued assets at their agreed values.

Treasury The IRS has issued regulations requiring partnerships to use a "reasonable method" for allocating items affected by Section 704(c) of the Code and outlining several reasonable allocation methods. We have the discretion to determine which of the methods of accounting for Book-Tax Differences (specifically approved in the Treasury regulations) will be elected with respect to any properties contributed to or revalued by Welltower OP. We have not determined which method of accounting for Book-Tax Differences will be elected for properties contributed to or revalued by Welltower OP in the future.

Basis in Partnership Interest Our adjusted tax basis in a partnership interest generally is equal to:

- the amount of cash and the adjusted tax basis of any other property contributed (or deemed contributed) by us to the partnership; partnership,
- increased by our allocable share of the partnership's income, and
- reduced, but not below zero, by
    - our allocable share of the partnership's loss, and
    - the amount of cash and the basis of any property distributed (or deemed distributed) to us.

If the allocation of our distributive share of the partnership's loss would reduce the adjusted tax basis of our partnership interest in the partnership below zero, the recognition of such loss will be deferred until such time as the recognition of such loss would not reduce our adjusted tax basis below zero. To the extent that the partnership's distributions

(including deemed distributions) would reduce our adjusted tax basis below zero, such distributions would constitute taxable gain to us, which could be treated as ordinary income or long-term or short-term capital gain.

Partnership Audit Rules A partnership (and not its partners) must pay any "imputed underpayments," consisting of delinquent taxes, interest, and penalties deemed to arise out of an audit of the partnership, unless certain alternative methods are available and the partnership elects to utilize them. The Internal Revenue Service IRS has issued regulations providing details on many of these provisions, but it is still not entirely clear how all of these rules will be implemented. Accordingly, it is possible that in the future, we and/or any partnership in which we are a partner could be subject to, or otherwise bear the economic burden of, U.S. federal income tax, interest, and penalties resulting from a U.S. federal income tax audit.

Risks Factors

The events and consequences discussed in these risk factors could, in circumstances we may not be able to accurately predict, recognize or control, have a material adverse effect on our business, growth, reputation, prospects, financial condition, operating results, cash flows, liquidity, ability to pay dividends and stock price. These risk factors do not identify all risks that we face: our operations could also be affected by factors, events or uncertainties that are not presently known to us or that we currently do not consider to present significant risks to our operations. We group these risk factors into three categories:

- Risks arising from our business;
- Risks arising from our capital structure; and
- Risks arising from our status as a REIT.

Risks Arising from Our Business

Our investments in and acquisitions of health care and seniors housing properties may be unsuccessful or fail to meet our expectations

Some of our acquisitions may not prove to be successful. We could encounter unanticipated difficulties and expenditures relating to any acquired properties, including contingent liabilities, and acquired properties might require significant management attention that would otherwise be devoted to our ongoing business. If we agree to provide construction funding to an operator/tenant and the project is not completed, we may need to take steps to ensure completion of the project. Such expenditures may negatively affect our results of operations. Investments in and acquisitions of seniors housing and health care properties entail risks associated with real estate investments generally, including risks that the investment will not achieve expected returns, that the cost estimates for necessary property improvements will prove inaccurate or that the tenant, operator or manager will fail to meet performance expectations. Furthermore, there can be no assurance that our anticipated acquisitions and investments, the completion of which is subject to various conditions, will be consummated in accordance with anticipated timing, on anticipated terms, or at all. We may be unable to obtain or assume financing for acquisitions on favorable terms or at all. Health care properties are often highly customizable, and the development or redevelopment of such properties may require costly tenant-specific improvements. The actual costs of development or redevelopment may be greater than our estimates. We have experienced delays and disruptions to property redevelopment as a result of supply chain issues and construction material and labor shortages and may experience additional or more significant such delays in the future. We also may be unable to quickly and efficiently integrate new acquisitions, particularly acquisitions of portfolios of properties, into our existing operations, and this could have an adverse effect on our results of operations and financial condition. Acquired properties may be located in new markets, either within or outside the United States, where we may face risks associated with a lack of market knowledge or understanding of the local economy, lack of business relationships in the area, costs associated with opening a new regional office and unfamiliarity with local governmental and permitting procedures. These risks may be exacerbated by the volume and complexity of such activity, as well as geopolitical tension or instability, inflationary pressures, interest rate fluctuations and supply chain disruptions. As a result, we cannot assure you that we will achieve the economic benefit we expect from acquisitions, investment, development and redevelopment opportunities and may lead to impairment of such assets.

Acquired properties may expose us to unknown liability

We may acquire properties or invest in joint ventures that own properties subject to liabilities and without any recourse, or with only limited recourse, against the prior owners or other third parties with respect to unknown liabilities. As a result, if a liability were asserted against us based upon ownership of those properties, we might have to pay substantial sums to settle or contest it, which could adversely affect our results of operations and cash flow. Unknown liabilities with respect to acquired properties might include: liabilities for clean-up of undisclosed environmental contamination, claims by tenants, vendors or other persons against the former owners of the properties, liabilities incurred in the ordinary course of business and claims for indemnification by general partners, directors and others indemnified by the former owners of the properties.

Competition for acquisitions may result in increased prices for properties

In order to maintain current revenues and continue generating attractive returns, we seek to reinvest cash available from the proceeds of sales of our securities, principal payments on our loans receivable or the sale of properties, including non-elective dispositions in a timely manner. We face competition for acquisition opportunities from other well-capitalized investors, including publicly traded and privately held REITs, private real estate funds, domestic and foreign financial institutions, life insurance companies, sovereign wealth funds, pension trusts, partnerships and individual investors. In addition, limited development during the COVID-19 pandemic has reduced the number of new properties becoming available. This competition may adversely affect us by subjecting us to the following risks: we may be unable to acquire a desired property because of competition from other well-capitalized real estate investors and, even if we are able to acquire a desired property, competition from other real estate investors may significantly increase the purchase price.

Our investments in joint ventures could be adversely affected by our lack of exclusive control over these investments, our partners’ insolvency or failure to meet their obligations, and disputes between us and our partners

We have entered into, and may continue in the future to enter into, partnerships or joint ventures with other persons or entities, including our 85/15 joint venture with Integra Healthcare Properties. entities. Joint venture investments involve risks that may not be present with other methods of ownership, including the possibility that our partner might become insolvent, refuse to make capital contributions when due or otherwise fail to meet its obligations, which may result in certain liabilities to us for guarantees and other commitments; that our partner might at any time have economic or other business interests or goals that are or become inconsistent with our interests or goals; that we could become engaged in a dispute with our partner, which could require us to expend additional resources to resolve such dispute and could have an adverse impact on the operations and profitability of the joint venture; that our partner may be in a position to take action or withhold consent contrary to our instructions or requests; and that our joint venture partners may be structured differently than us for tax purposes, which could create conflicts of interest and risks to our REIT status. In some instances, we and/or our partner may have the right to trigger a buy-sell, put right or forced sale arrangement, which could cause us to sell our interest, acquire our partner’s interest or sell the underlying asset at a time when we otherwise would not have initiated such a transaction. Our ability to acquire our partner’s interest may be limited if we do not have sufficient cash, available borrowing capacity or other capital resources. In such event, we may be forced to sell our interest in the joint venture when we would otherwise prefer to retain it. On the other hand, our ability to transfer our interest in a joint venture to a third party may be restricted and the market for our interest may be limited and/or valued lower than fair market value. Joint ventures may require us to share decision-making authority with our partners, which could limit our ability to control the properties in the joint ventures. Even when we have a controlling interest, certain major decisions may require partner approval, such as the sale, acquisition or financing of a property.

We assume operational and legal risks with respect to our properties managed in RIDEA structures that could have a material adverse effect on our business, results of operations and financial condition

We have entered into various joint ventures that were structured under the provisions of the REIT Investment Diversification and Empowerment Act of 2007 ("RIDEA"), RIDEA, which permits REITs to own or partially own "qualified health care properties" in a structure through which we can participate directly in the cash flow of the properties' operations (as compared to receiving only contractual rent payments) in compliance with REIT requirements. A "qualified health care property" includes real property and any personal property that is, or is necessary or incidental to the use of, a hospital, nursing facility, assisted living facility, congregate care facility, qualified continuing care facility, or other licensed facility which extends medical or nursing or ancillary services to patients.

Under a RIDEA structure, we are required to rely on our operator to manage and operate the property, including complying with laws and providing resident care. However, as the owner of the property under a RIDEA structure, we are responsible for operational and legal risks and liabilities of the property, including, those relating to employment matters of our operators, compliance with health care fraud and abuse and other laws, governmental reimbursement matters, data privacy and security laws, compliance with federal, state, local and industry-related licensure, certification and inspection laws, regulations, and standards, and litigation involving our properties or residents/patients, even though we have limited ability to control or influence our operators' management of these risks. Further, our taxable REIT subsidiary ("TRS") is generally required to hold the applicable health care license and enroll in the applicable government health care programs (e.g., Medicare- Medicare and Medicaid), which subjects us to potential liability under various health care laws. Penalties for failure to comply with applicable laws may include loss or suspension of licenses and certificates of need, certification or accreditation, exclusion from government health care programs (e.g., Medicare and

Medicaid), administrative sanctions and civil monetary penalties. Although we have some general oversight approval rights and the right to review operational and financial reporting information, our operators are ultimately in control of the day-to-day business of the property, including clinical decision-making, and we rely on them to operate the properties in a manner that complies with applicable law.

We are exposed to operational risks with respect to our Seniors Housing Operating properties that could adversely affect our revenue and operations

We are exposed to various operational risks with respect to our Seniors Housing Operating properties that may increase our costs or adversely affect our ability to generate revenues. In addition to operational challenges that continue to impact us as a result of the COVID-19 pandemic, these These risks include fluctuations in occupancy experienced during the normal course of business, Medicare and Medicaid reimbursement, if applicable, and private pay rates; economic conditions; the availability and increases in the cost of labor (as a result of unionization or otherwise); competition; federal, state, local, and industry-regulated licensure, certification and inspection laws, regulations, and standards; the availability and increases in cost of general and professional liability insurance coverage; increases in property taxes; state regulation and rights of residents related to entrance fees; and federal and state housing laws and regulations, including rent and eviction restrictions imposed during the COVID-19 pandemic. regulations. Any one or a combination of these factors may adversely affect our revenue and operations and could eventually lead to impairment of our properties.

We have rights to terminate our management agreements with operators, in whole or with respect to specific properties under certain circumstances, and we may be unable to replace operators if our management agreements are terminated or not renewed

We are party to long-term management agreements with our Seniors Housing Operating managers pursuant to which they provide comprehensive property management, accounting and other services with respect to our Seniors Housing Operating properties. We have the ability to terminate any of our management agreements upon the occurrence of certain events such as insolvency relating to such manager, and in some cases, upon the failure to meet specific NOI targets without curing as well as (to the occurrence extent there is an ability to cure). In addition, many of other events or certain conditions. our management agreements are terminable by us for no cause upon a reasonable notice period and in some cases, upon payment of a termination fee.

We regularly monitor and review our rights and remedies under our management agreements. When determining if we will take significant action under those agreements, including terminating a manager, we consider numerous legal, contractual, regulatory, business and other relevant factors. In exercising our rights to terminate or not renew a management agreement, we would work with our existing seniors housing operators or potentially new operators to manage the properties; however, there is no assurance that we would be able to timely source a replacement or that any replacement manager would be effective. Any transition to a new manager would most likely require regulatory approval and potentially the approval of the holders of any liens on the property. The failure to replace on a timely basis, as well as the failure to receive these approvals, either at all or in a timely manner, could have an adverse effect on the properties and our revenue.

Decreases in our operators' or tenants' revenues or increases in our operators' or tenants' expenses, including as a result of increased labor costs, could affect their ability to make payments to us

We have very limited control over the success or failure of our operators' or tenants' businesses and, at any time, an operator or tenant may experience a downturn in their business that weakens their financial condition. Our operators' and tenants' revenues are primarily driven by occupancy, private pay rates, and Medicare and Medicaid reimbursement, if applicable. Expenses are primarily driven by the costs of labor, supplies, food, utilities, taxes, insurance and rent or debt service. Revenues from government reimbursement have, and may continue to, come under pressure due to reimbursement cuts and state budget shortfalls. Operating and borrowing costs have increased, and are expected to continue to increase, for our operators and tenants. In particular, our operators' and tenants' businesses have experienced increases in labor costs resulting from shortages of medical and non-medical staff. A number of factors have adversely affected the labor force available to our operators and tenants or labor costs, including increased industry competition, high employment levels, increased wages offered by other employers, and government regulations. In many geographic areas the scarcity of specialized medical personnel, experienced senior care professionals and other workers has been a significant operating issue affecting a wide range of healthcare providers and senior care and housing facilities. Such shortages have and may continue to impact the operations of our operators and tenants, resulting in increased labor and operating costs. Continued labor shortages or cost inflation may impact our operators' and tenants' abilities to comply with minimum staffing requirements under applicable federal and state regulations. Failure to comply with these requirements can, among other things, jeopardize a facility's compliance with the conditions of participation under relevant state and federal healthcare programs. In addition, if a facility is determined to be out of compliance with these requirements, it may be subject to fines and other regulatory penalties, including the suspension of patient admissions, the termination of Medicaid participation or the suspension or revocation of licenses.

To the extent that any decrease in revenues and/or any increase in operating expenses result in an operator or tenant not generating enough cash to make payments to us, the credit of our operator or tenant and the value of other collateral would have to be relied upon. To the extent the value of such property is reduced, we may need to record an impairment for such asset. Furthermore, if we determine to dispose of an underperforming property, such sale may result in a loss. Any such impairment or loss on sale would negatively affect our financial results. These risks are magnified where we lease multiple properties to a single operator or tenant under a master lease, as a failure or default under a master lease would expose us to these risks across multiple properties. Although our lease agreements give us the right to exercise certain remedies in the event of default on the obligations owing to us, we may determine not to do so if we believe that enforcement of our rights would be more detrimental to our business than seeking alternative approaches.

Increased competition and oversupply may affect our operators' and managers' ability to meet their obligations to us

The operators and managers of our properties compete on a local and regional basis with operators and managers of properties and other health care providers that provide comparable services for residents and patients, including on the basis of the scope and quality of care and services provided, reputation and financial condition, physical

appearance of the properties, price, and location. In addition, in light of labor shortages for medical and non-medical workers in many geographic areas, our operators and tenants increasingly compete to attract qualified and experienced employees. Our operators and managers are expected to encounter increased competition in the future that could limit their ability to attract residents and employees or expand their businesses. In addition, we expect that there will continue to be a more than adequate inventory of seniors housing facilities. We cannot be certain that the operators of all of our facilities will be able to achieve and maintain occupancy and rate levels that meet our expected yields and fulfill their obligations to us. If our operators and managers cannot compete effectively or if there is an oversupply of facilities, their financial performance could have a material adverse effect on our financial results.

A severe cold and flu season, epidemics or any other widespread illnesses could adversely affect the occupancy of our Seniors Housing Operating and Triple-net properties

Our business and operations were significantly impacted by the COVID-19 pandemic and are exposed to risks from COVID-19, severe cold and flu seasons or the occurrence of other epidemics, pandemics or other widespread illnesses. Our revenues and our operators' revenues are dependent on occupancy and the occupancy of our Seniors Housing Operating and Triple-net properties could significantly decrease in the event of a severe cold and flu season, a resurgence of COVID-19 or other epidemics, pandemics, widespread illness. illness or public health crises. Such a decrease would affect the operating income of our Seniors Housing Operating properties and the ability of our Triple-net operators to make payments to us. As we experienced during the COVID-19 pandemic, a future flu or other pandemic could significantly increase the cost burdens faced by our operators, including if they are required to implement quarantines for residents or see a reduction in occupancy, and adversely affect their ability to meet their obligations to us, which would have a material adverse effect on our financial results.

In particular, the ongoing COVID-19 pandemic The impacts of such events could be severe and far-reaching, and may continue to adversely affect impact our business, results of operations growth, reputation, prospects, in several ways, including: (i) operators and tenants could experience deteriorating financial condition, operating results, cash flows, liquidity, ability conditions and be unable or unwilling to pay dividends and stock price. The COVID-19 pandemic has had adverse effects on our business, operations and financial condition, including:

- a decline in spot occupancy in our Seniors Housing Operating portfolio from 85.8% at February 29, 2020 to the pandemic-low of 72.6% on March 12, 2021 and a possibility of continued decline, which could affect the net operating income of our Seniors Housing Operating properties and the ability of our Triple-net operators to make contractual payments to us on time and in full; (ii) we may have to restructure operators' or tenants' obligations and may not be able to do so on terms that are favorable to us;
- (iii) we may experience increased operational challenges and costs resulting from logistical challenges such as supply chain interruptions, business closures, restrictions on the movement of people and remote or hybrid work schedules, which introduce additional operational risks including cybersecurity risks; (iv) increased operational costs incurred by us and our operators across all of our properties as a result of public health measures and other regulations affecting our properties and operations, as well as additional health and safety measures adopted by us and our operators and tenants, unique pressures on seniors housing and medical practice employees during pandemics like the COVID-19 pandemic including labor shortages resulting from macroeconomic trends, decreased employee morale trends; and productivity as a result (v) costs of difficult conditions development including expenditures for materials utilized in construction and stress related labor essential to the COVID-19 pandemic, and higher operator and tenant cost of insurance and such insurance complete existing developments in progress, may not cover certain claims related to COVID-19; and
- increased operational challenges and costs resulting from logistical challenges such as supply chain interruptions, business closures, restrictions on the movement of people and remote or hybrid work schedules, which adversely impact employee productivity and morale and introduce additional operations risk, including cybersecurity risks.

We remain subject to a number of other risks relating to COVID-19, including a decline in the rental income in our Outpatient Medical segment if our tenants do not renew leases or do not make timely or full lease payments as a result of medical practice closures or decreases in revenue due to government imposed restrictions on elective medical procedures or decisions by patients to delay treatments; concessions such as rent deferrals or rent abatements that we may offer certain tenants across our Triple-net and Outpatient Medical segments; and our increased exposure to COVID-19 related litigation and publicity risks if the operators or tenants of the relevant facilities are subject to bankruptcy or insolvency.

Although the COVID-19 pandemic has subsided from its peaks, any resurgence of the pandemic, outbreaks of new variants, changes in the effectiveness of vaccines, boosters and treatments, and adoptions of new public health measures may reintroduce the risks relating to the potential impact of the COVID-19 pandemic on us. Additionally, there remains uncertainty regarding the implementation and impact of COVID-19 relief legislation, such as the Coronavirus Aid Relief, and Economic Security Act and the Paycheck Protection Program and Health Care Enhancement Act, and possible government audits and investigations related to our receipt and use of such relief funds.

increase substantially.

The insolvency or bankruptcy of our tenants, operators, borrowers, managers and other obligors may adversely affect our business, results of operations and financial condition

We are exposed to the risk that our tenants, operators, borrowers, managers or other obligors may not be able to meet the rent, principal and interest or other payments due us, which may result in a tenant, operator, borrower, manager or other obligor bankruptcy or insolvency, or that a tenant, operator, borrower, manager or other obligor might become subject to bankruptcy or insolvency proceedings for other reasons. Although our operating lease agreements provide us with the right to evict a tenant, demand immediate payment of rent and exercise other remedies, and our loans provide us with the right to terminate any funding obligation, demand immediate repayment of principal and unpaid interest, foreclose on the collateral and exercise other remedies, the bankruptcy and insolvency laws afford certain rights to a party that has filed for bankruptcy or reorganization. A tenant, operator, borrower, manager or other obligor in bankruptcy or subject to insolvency proceedings may be able to limit or delay our ability to collect unpaid rent in the case of a lease or to receive unpaid principal and interest in the case of a loan, and to exercise other rights and remedies. In addition, if a lease is rejected in a tenant bankruptcy, our claim against the tenant may be limited by applicable provisions of the bankruptcy law. We may be required to fund certain expenses (e.g., real estate taxes and maintenance) to preserve the value of an investment property, avoid the imposition of liens on a property and/or transition a property to a new tenant. In some instances, we have terminated our lease with a tenant and relet the property to another tenant. In some of those situations, we have provided working capital loans to and limited indemnification of the new obligor. If we cannot transition a leased property to a new tenant, we may take possession of that property, which may expose us to certain successor liabilities. Publicity about the operator's financial condition and insolvency proceedings may also negatively impact their and our reputations, decreasing customer demand and revenues. Should such events occur, our revenue and operating cash flow may be adversely affected.

The properties managed by Sunrise Senior Living, LLC (“Sunrise”) account for a significant portion of our revenues and net operating income and any adverse developments in its business or financial condition could adversely affect us

As of December 31, 2022 December 31, 2023, Sunrise managed 109 88 of our Seniors Housing Operating properties. These properties account for a significant portion of our revenues and net operating income. Under our management agreements, we rely on Sunrise’s personnel, expertise, technical resources and information systems, proprietary

information, good faith and judgment to manage our Seniors Housing Operating properties efficiently and effectively. We also rely on Sunrise to set appropriate resident fees, to provide accurate property-level financial results for our properties in a timely manner and to otherwise operate them in compliance with the terms of our management agreements and all applicable laws and regulations. Any adverse developments in Sunrise's business or financial condition could impair its ability to manage our properties efficiently and effectively, which could adversely affect our business, results of operations, and financial condition. For example, we depend on Sunrise's ability to attract and retain skilled management personnel who are responsible for the day-to-day operations of our Seniors Housing Operating properties. A shortage of nurses or other trained personnel or general inflationary pressures may force Sunrise to enhance its pay and benefits packages to compete effectively for such personnel, but it may not be able to offset these added costs by increasing the rates charged to residents. Any increase in labor costs and other property operating expenses, any failure by Sunrise to attract and retain qualified personnel, or significant changes in Sunrise's senior management or equity ownership could adversely affect the income we receive from our Seniors Housing Operating properties and have a material adverse effect on us. Also, if Sunrise experiences any significant financial, legal, accounting or regulatory difficulties, such difficulties could result in, among other things, acceleration of its indebtedness, impairment of its continued access to capital or the commencement of insolvency proceedings by or against it under the U.S. Bankruptcy Code, which, in turn, could adversely affect our business, results of operations and financial condition. If we determine to sell or transition properties currently managed by Sunrise, we may experience operational challenges and/or significantly declining financial performance for those properties.

We depend on Integra for a significant portion of our revenues and any failure, inability or unwillingness by them to satisfy obligations under their agreements with us could adversely affect us

As of December 31, 2023, we lease 147 properties to Integra under a triple-net master lease, which account for a significant portion of our revenues. Integra subleases these properties to various regional operators who manage the property operations. We depend on Integra to pay all insurance, taxes, utilities and maintenance and repair expenses in connection with the leased properties. We cannot assure you that Integra will have sufficient assets, income and access to financing to enable them to make rental payments to us or to otherwise satisfy their respective obligations under our lease, and any failure, inability or unwillingness by Integra to do so could have an adverse effect on our business, results of operations and financial condition. Integra has also agreed to indemnify, defend and hold us harmless from and against various claims, litigation and liabilities arising in connection with the facilities, and we cannot assure you that Integra will have sufficient assets, income, access to financing and insurance coverage to enable them to satisfy their respective indemnification obligations. Integra's failure to effectively oversee the operations of their subtenants or their obligation to maintain and improve our properties could adversely affect the subtenant operators' business reputations and the subtenant operators' ability to attract and retain patients and residents in our properties, which in turn, could adversely affect our business, results of operations and financial condition.

Ownership of property outside the U.S. may subject us to different or greater risks than those associated with our domestic operations

We have operations in the U.K. and Canada which represent 9.5%9.1% and 7.9%7.7% of total Welltower revenues, respectively. As of December 31, 2022, Revera managed 78 of our Seniors Housing Operating properties in Canada, representing a significant portion of our revenues in Canada, and also owned a controlling interest in Sunrise. International development, ownership, and operating activities involve risks that are different from those we face with respect to our domestic properties and operations. These risks include, but are not limited to, any international currency gain or loss recognized with respect to changes in exchange rates, which may not qualify under the 75% gross income test or the 95% gross income test required for us to satisfy annually in order to qualify and maintain our status as a REIT; challenges with respect to the repatriation of foreign earnings and cash; impact from international trade disputes and the associated impact on our tenants' supply chain and consumer spending levels; changes in foreign political, regulatory, and economic conditions (regionally, nationally and locally) including, challenges in managing international operations; challenges of complying with a wide variety of foreign laws and regulations, including those relating to real estate, corporate governance, operations, taxes, employment and other civil and criminal legal proceedings; foreign ownership restrictions with respect to operations in foreign countries; local businesses and cultural factors that differ from our usual standards and practices; differences in lending practices and the willingness of domestic or foreign

lenders to provide financing; regional or country-specific business cycles and political and economic instability; and failure to comply with applicable laws and regulations in the U.S. that affect foreign operations, including, but not limited to, the U.S. Foreign Corrupt Practices Act.

Further, our operations in the U.K. may be adversely impacted by global and local economic volatility experienced as a result of geopolitical tensions or conflicts, such as the ongoing conflict between Russia and Ukraine, rising inflation and interest rates, the energy crisis that has seen supply shortages and higher oil, gas and electricity prices, volatility in commodity prices, credit and capital markets, an increase in cybersecurity incidents, as well as labor market challenges affecting the recruitment and retention of employees.

If our tenants do not renew their existing leases, or if we are required to sell properties for liquidity reasons, we may be unable to lease or sell the properties on favorable terms, or at all

We cannot predict whether our tenants will renew existing leases at the end of their lease terms, which expire at various times. If these leases are not renewed, we would be required to find other tenants to occupy those properties, or sell them. There can be no assurance that we would be able to identify suitable replacement tenants or enter into leases with new tenants on terms as favorable to us as the current leases or that we would be able to lease those properties at all. Our competitors may offer space at rental rates below current market rates or below the rental rates we currently charge our customers, we may lose potential customers, and we may be pressured to reduce our rental rates below those we currently charge to retain customers when leases expire. In addition, our ability to reposition our properties with a suitable replacement tenant or operator could be significantly delayed or limited by state licensing, receivership, CON or other laws, as well as by the Medicare and Medicaid change-of-ownership rules, and we could incur substantial additional expenses in connection with any licensing, receivership or change-of-ownership proceedings. Even if tenants decide to renew or lease new space, the terms of renewals or new leases, including the cost of required renovations or concessions to tenants, may be less favorable to us than current lease terms.

Real estate investments are relatively illiquid and most of the property we own is highly customized for specific uses. Our ability to quickly sell or exchange any of our properties in response to changes in operator, economic and other conditions will be limited. Although our properties are less affected by the commercial real estate market trends, this limitation could be exacerbated by the current decline of commercial real estate as a result of high interest rates, inflation and declining property values across sectors. No assurances can be given that we will recognize full value for any property that we are required to sell. Our inability to respond rapidly to changes in the performance of our investments could adversely affect our financial condition and results of operations. In addition, we are exposed to the risks inherent in concentrating investments in real estate, and in particular, the seniors housing and health care industries. A downturn in the real estate industry could adversely affect the value of our properties and our ability to sell properties for a price or on terms acceptable to us.

Our tenants, operators and managers may not have the necessary insurance coverage to insure adequately against losses

We maintain or require our tenants, operators and managers to maintain comprehensive insurance coverage on our properties and their operations with terms, conditions, limits and deductibles that we believe are customary for similarly situated companies in our industry and we frequently review our insurance programs and requirements. Our tenants, operators and managers may not be able to maintain adequate levels of insurance and required coverages. Also, we may not be able to require the same levels of insurance coverage under our lease, management and other agreements, which could adversely affect us in the event of a significant uninsured loss. We cannot make any guarantee as to the future financial viability of the insurers that underwrite our policies and the policies maintained by our tenants, operators and managers. Insurance may not be available at a reasonable cost in the future or policies may not be maintained at a level that will fully cover all losses on our properties upon the occurrence of a catastrophic event. This may be especially the case due to increases in property insurance costs. In addition, in recent years, long-term/post-acute care and seniors housing operators and managers have

experienced substantial increases in both the number and size of patient care liability claims. As a result, general and professional liability costs have increased in some markets. Due to the uncertainty of the long term effects of the COVID-19 pandemic, general and professional liability insurance coverage may be restricted or very costly, which may adversely affect the tenants', operators' and managers' future operations, cash flows and financial conditions, and may have a material adverse effect on the tenants', operators' and managers' ability to meet their obligations to us. Finally, our use, and the usage by some of our tenants, operators and managers of self-insurance and/or use of a wholly owned captive insurance company, if not adequately funded, could have a material adverse effect on our liquidity and that of our tenants, operators and managers.

Our ownership of properties through ground leases exposes us to the loss of such properties upon breach or termination of the ground leases

We have acquired an interest in certain of our properties by acquiring a leasehold interest in the property on which the building is located, and we may acquire additional properties in the future through the purchase of interests in ground leases. Many of these ground leases impose significant limitations on our uses of the subject properties, restrict our ability to sell or otherwise transfer our interests in the properties or restrict the leasing of the properties. These restrictions may limit our ability to timely sell or exchange the properties, impair the properties' value or negatively impact our ability to find suitable tenants for the properties. As the lessee under a ground lease, we are exposed to the possibility of losing the property upon termination of the ground lease or an earlier breach of the ground lease by us.

The requirements of, or changes to, governmental reimbursement programs, such as Medicare, Medicaid or government funding, could have a material adverse effect on our obligors' liquidity, financial condition and results of operations, which could adversely affect our obligors' ability to meet their obligations to us

Some of our obligors' businesses are affected by government reimbursement. To the extent that an operator/tenant receives a significant portion of its revenues from government payors, primarily Medicare and Medicaid, such revenues may be subject to statutory and regulatory changes, retroactive rate adjustments, recovery of program overpayments or set-offs, court decisions, administrative rulings, policy interpretations, payment or other delays by fiscal intermediaries or carriers, change-of-ownership rules, government funding restrictions (at a program level or with respect to specific facilities), any lapse in Congressional funding of the Centers for Medicare and Medicaid Services and interruption or delays in payments due to any ongoing government investigations and audits at such property. Federal and state authorities may continue seeking to implement new or modified reimbursement methodologies that may negatively impact health care property operations. See "Item 1 - Business - Certain Government Regulations - United States - Reimbursement" above for additional information. Health care reimbursement will likely continue to be of paramount importance to federal and state authorities. We cannot make any assessment as to the ultimate timing or effect any future legislative reforms may have on the financial condition of our obligors and properties. There can be no assurance that adequate reimbursement levels will be available for services provided by any property operator, whether the property receives reimbursement from Medicare, Medicaid or private payors. Significant limits on the scope of services reimbursed and on reimbursement rates and fees could have a material adverse effect on an obligor's liquidity, financial condition and results of operations, which could adversely affect the ability of an obligor to meet its obligations to us. In addition, if a partial or total federal government shutdown were to occur for a prolonged period of time, federal government payment obligations, including its obligations under Medicaid and Medicare, may be delayed. Similarly, if state government shutdowns were to occur, state payment obligations may be delayed. If the federal or state governments fail to make payments under these programs on a timely basis, our business could suffer, and our financial position, results of operations or cash flows may be materially affected.

Since January 1, 2014, the Health Reform Laws have provided those states that expand their Medicaid coverage to otherwise ineligible state residents with incomes at or below 138% of the federal poverty level with an increased federal medical assistance percentage, effective January 1, 2014, when certain conditions are met. The federal government substantially funds the Medicaid expansion and as of December 2022, 2023, the number of states implementing expansion has grown to more than 75% 80% of all states. The participation by states in the Medicaid expansion could have the dual effect of increasing our tenants' revenues, through new patients, but further straining state budgets and their ability to pay our tenants.

The status of the Health Reform Laws may be subject to change and other health reform measures could be implemented as a result of political, legislative, regulatory, and administrative developments and judicial proceedings. Further the impact that the recent change of control of the House and future changes in the federal government may have on health reform (including through new legislative, executive or regulatory efforts) remains uncertain, and any changes will likely take time to unfold and could have an impact on coverage and reimbursement for health care items and services covered by plans that were authorized by the Health Reform Laws. If the operations, cash flows or financial condition of our operators and tenants are materially adversely impacted by the Health Reform Laws or future legislation, our revenue and operations may be adversely affected as well. More generally, and because of the dynamic nature of the legislative and regulatory environment for health care products and services, and in light of existing federal deficit and budgetary concerns, we cannot predict the impact that broad-based, far-reaching legislative or regulatory changes could have on the U.S. economy, our business, or that of our operators and tenants.

If controls imposed on certain of our tenants who provide health care services that are reimbursed by Medicare, Medicaid and other third-party payors to reduce admissions and length of stay affect inpatient volumes at our health care facilities, the financial condition or results of operations of those tenants could be adversely affected

Controls imposed by Medicare, Medicaid and commercial third-party payors designed to reduce admissions and lengths of stay, commonly referred to as "utilization reviews," have affected and are expected to continue to affect certain of our health care facilities, specifically our acute care hospitals and post-acute facilities. Utilization review entails the review of the admission and course of treatment of a patient by managed care plans. Inpatient utilization, average lengths of stay and occupancy rates continue to be negatively affected by payor-required pre-admission authorization and utilization review and by payor pressures to maximize outpatient and alternative health care delivery services for less acutely ill patients. Efforts to impose more stringent cost controls and reductions are expected to continue, which could negatively impact the financial condition of our tenants who provide health care services in our hospitals and post-acute facilities. If so, this could adversely affect these tenants' ability and willingness to comply with the terms of their leases with us and/or renew those leases upon expiration, which could have a material adverse effect on us.

Our operators' or tenants' failure to comply with federal, state, province, local, and industry-regulated licensure, certification and inspection laws, regulations, and standards could adversely affect such operators' or tenants' operations, which could adversely affect our operators' and tenants' ability to meet their obligations to us

Our operators and tenants generally are subject to or impacted by varying levels of federal, state, local, and industry-regulated licensure, certification and inspection laws, regulations, and standards. These laws and regulations include, among others: laws protecting consumers against deceptive practices; laws relating to the operation of our properties facilities and how our tenants and operators conduct their business, such as fire, health and safety, data security and privacy laws; federal and state laws affecting hospitals, clinics and other health care communities that participate in both Medicare and Medicaid that specify reimbursement rates, pricing, reimbursement procedures and limitations, quality of services and care, background checks, food service and physical plants, and similar foreign laws regulating the health care industry; resident rights laws (including abuse and neglect laws) and fraud laws; anti-kickback and physician referral laws; the Americans with Disabilities Act of 1990 and similar state and local laws; and safety and health standards set by the Occupational Safety and Health Administration or similar foreign agencies. Our operators' or tenants' failure to comply with any of these laws, regulations, or standards could result in loss of accreditation, denial of reimbursement, imposition of fines, suspension, decertification or exclusion from federal and state health care programs, civil liability, and in certain limited instances, criminal penalties, material restrictions on or loss of license, closure of the facility and/or the incurrence of considerable costs arising from an investigation or regulatory action. The likelihood of these actions may increase due to the uncertainty of the long term effects of the COVID-19 pandemic. Such actions may have an effect on our operators' or tenants' ability to make lease payments to us and, therefore, adversely impact us. In addition, we may be directly subject to these laws, regulations and standards, as well as potential investigation or

enforcement and liability, as a result of our RIDEA-structured arrangements, and certain other arrangements we may pursue with healthcare entities who are directly subject to these laws. See “Item 1 - Business - Certain Government Regulations - United States - Fraud & Abuse Enforcement” and “Item 1 - Business - Certain Government Regulations - United States - Health Care Matters - Generally” above.

Many of our properties may require a license, registration, and/or CON to operate. Failure to obtain a license, registration, or CON, or loss of a required license, registration, or CON would prevent a facility from operating in the manner intended by the operators or tenants. These events could materially adversely affect our operators’ or tenants’ ability to make a profit or our operators' or tenants' ability to make rent or other obligatory payments to us. State and local laws also may regulate the expansion, including the addition of new beds or services or acquisition of medical equipment, and the construction or renovation of health care facilities, by requiring a CON or other similar approval from a state agency. See “Item 1 — Business — Certain Government Regulations — United States — Licensing and Certification” above.

In addition, we cannot assure you that future changes in government regulation will not adversely affect the health care industry, including our tenants and operators, nor can we be certain that our tenants and operators will achieve and maintain occupancy and rate levels or labor cost levels that will enable them to satisfy their obligations to us.

Unfavorable resolution of pending and future litigation matters and disputes could have a material adverse effect on our financial condition

From time to time, we are directly involved or named as a party in in legal proceedings, lawsuits and other claims that involve class actions, disputes regarding property damage, care matters and other issues. We also are named as defendants in lawsuits allegedly arising out of our actions or the actions of our operators/tenants or managers in which such operators/tenants or managers have agreed to indemnify, defend and hold us harmless from and against various claims, litigation and liabilities arising in connection with their respective businesses. Employment related class action lawsuits have increased in recent years, including class action lawsuits brought against our operators in certain states regarding employee and government requirements regarding wage and hour claims and fair housing complaints, as well as class action lawsuits related to COVID-19. staffing and care. There can be no assurance that we will be able to prevail in, or achieve a favorable settlement of, pending or future litigation. In addition, pending litigation or future litigation, government proceedings or environmental matters could lead to increased costs or interruption of our normal business operations. An unfavorable resolution of pending or future litigation or legal proceedings may have a material adverse effect on our business, results of operations and financial condition. Regardless of its outcome, litigation may result in substantial costs and expenses, significantly divert the attention of management, and could damage our reputation and our brand. In addition, any such resolution could involve our agreement to terms that restrict the operation of our business. We cannot guarantee losses incurred in connection with any current or future legal or regulatory proceedings or actions will not exceed any provisions we may have set aside in respect of such proceedings or actions or will not exceed any available insurance coverage.

Development, redevelopment and construction risks could affect our profitability

We invest in various development and redevelopment projects. In deciding whether to acquire or develop a particular property, we make assumptions regarding the expected future performance of that property. In particular, we estimate the return on our investment based on expected construction costs, lease up velocity, occupancy, rental rates, operating expenses, capital costs and future competition. If our financial projections with respect to a new property are inaccurate, the property may fail to perform as we expected in analyzing our investment. Our estimate of the costs of repositioning or redeveloping an acquired property may prove to be inaccurate, which may result in our failure to meet our profitability goals.

Our development/redevelopment and construction projects are vulnerable to the impact of material shortages and inflation. For example, shortages and fluctuations in the price of lumber or in other important raw materials have resulted in and could continue to result in delays in the start or completion of, or increase the cost of, developing one or more of our projects. Pricing for labor and raw materials can be affected by various national, regional, local, economic and political factors, including changes to immigration laws that impact the availability of labor or tariffs on imported construction materials. Additional conditions and risks affecting our development/redevelopment and construction projects include: (i) liability if our communities are not constructed in compliance with the accessibility provisions of the Americans with Disabilities Acts, the Fair Housing Act or other federal, state or local requirements, which noncompliance could result in imposition of fines, an award of damage to private litigants and a requirement that we undertake structural modifications to remedy the noncompliance; (ii) cost overruns, especially in the current inflationary environment, and untimely completion of construction (including risks beyond our control, such as weather or labor conditions, material shortages or supply chain delays); (iii) the potential for fluctuation of occupancy rates and rents at redeveloped properties, which may result in our investment not being profitable; (iv) the potential that we may expend funds and management time, or fail to recover expenses already incurred, if we do not complete projects already started or abandon development or redevelopment opportunities after we begin to explore them; (v) the inability to complete leasing of a property on schedule or at all, resulting in an increase in carrying or development or redevelopment costs; (vi) the possibility that properties will be leased at below expected rental rates and (vii) to the extent the development or redevelopment activities are conducted in partnership with third parties, the possibility of disputes with our joint venture partners and the potential that we miss certain project management deadlines.

In connection with our renovation, redevelopment, development and related construction activities, we may be unable to obtain, or suffer delays in obtaining, necessary zoning, land-use, building, occupancy and other required governmental permits and authorizations, or satisfactory tax rates, incentives or abatements. Operators of new facilities we construct may need to obtain Medicare and Medicaid certification and enter into Medicare and Medicaid provider agreements and/or third-party payor contracts. In the event that the operator is unable to obtain the necessary licensure, certification, provider agreements or contracts after the completion of construction, there is a risk that we will not be able to earn any revenues on the facility until either the initial operator obtains a license or certification to operate the new facility and the necessary provider agreements or contracts or we find and contract with a new operator that is able to obtain a license to operate the facility for its intended use and the necessary provider agreements or contracts. We have experienced such delays in obtaining necessary licensing for constructed properties and may experience additional or more significant delays in the future.

We rely on our development managers, general contractors and subcontractors to oversee and manage day-to-day construction activities. If any such party underperforms or experiences financial or other problems during the construction process, we could experience significant delays, increased costs to complete the project and/or other negative impacts to our expected returns and may need to exercise contractual remedies against such party, which may include termination of the applicable underlying service contract. In the event such termination occurs mid-construction, we would likely need to engage a new service provider, which would likely result in additional costs and delays as the transition between providers occurs.

The above-described factors could result in increased costs or our abandonment of these projects. In addition, we may abandon opportunities we have begun to investigate, for a range of reasons, including changes in expected financing or construction costs, adverse changes in expected rents or expenses, adverse environmental and/or geotechnical findings, conditions to zoning approval, legal and regulatory hurdles, including moratoriums on development and redevelopment activities, changes in market and economic conditions, natural disasters and other catastrophic events; damage, vandalism or accidents, higher requirements for capital improvements; decreased demand due to competition or other market and economic conditions, or defects that we do not discover through the inspection processes, which would result in additional expenses beyond those originally expected. In addition, we may not be able to obtain financing on favorable terms, or at all, which may render us unable to proceed with our development activities. We may not be able to complete construction and lease-up of a property on budget and on schedule, which could result in increased debt service expense or construction costs. Additionally, the time frame required for development, construction and lease-up of these properties means that we may have to wait years for significant cash returns. Because we are required to make cash distributions to our stockholders, if the cash flow from operations or refinancing is not sufficient, we may be forced to borrow additional money to fund such distributions. Newly developed and acquired properties may not produce the cash flow that we expect, which could adversely affect our overall financial performance.

Bank failures or other events affecting financial institutions could have a material adverse effect on our and our operators' and tenants' liquidity, results of operations and financial condition

The failure of a bank, or events involving limited liquidity, defaults, non-performance or other adverse conditions in the financial or credit markets impacting financial institutions, or concerns or rumors about such events, may adversely impact us, either directly or through an adverse impact on our tenants, operators and borrowers. A bank failure or other event affecting financial institutions could lead to disruptions in our or our tenants', operators' and borrowers' access to bank deposits or borrowing capacity, including access to letters of credit from certain of our tenants relating to lease obligations. In addition, our or our tenants', operators' and borrowers' deposits in excess of the Federal Deposit Insurance Corporation limits may not be backstopped by the U.S. government, and banks or financial institutions with which we or our tenants, operators and borrowers do business may be unable to obtain needed liquidity from other banks, government institutions or by acquisition in the event of a failure or liquidity crisis. Any adverse effects to our tenants', operators' or borrowers' liquidity or financial performance could affect their ability to meet their financial and other contractual obligations to us, which could have a material adverse effect on our business, results of operations and financial condition.

We may experience losses caused by severe weather conditions, natural disasters or the physical effects of climate change, which could result in an increase of our or our tenants' cost of insurance, unanticipated costs associated with evacuation, a decrease in our anticipated revenues or a significant loss of the capital we have invested in a property

We maintain or require our tenants to maintain comprehensive insurance coverage on our properties with terms, conditions, limits and deductibles that we believe are appropriate given the relative risk and costs of such coverage. However, a large number of our properties are located in areas particularly susceptible to revenue loss, cost increase or damage caused by severe weather conditions or natural disasters such as hurricanes, earthquakes, tornadoes and floods, as well as the effects of climate change. For example, in 2023, the weather phenomenon known as El Niño returned. This phenomenon generally results in an increase in storms, flooding and landslides in Southern California, heavier precipitation along the Gulf of Mexico and an increase in severe weather in Florida. We believe, given current industry practice and analysis prepared by outside consultants, that our and our tenants' insurance coverage is appropriate to cover reasonably anticipated losses that may be caused by hurricanes, earthquakes, tornadoes, floods, wildfires and other severe weather conditions and natural disasters, including the effects of climate change. Nevertheless, we are always subject to the risk that such insurance will not fully cover all losses and, depending on the severity of the event and the impact on our properties, such insurance may not cover a significant portion of the losses including the costs associated with evacuation. Moreover, an increase in volatility and difficulty predicting adverse weather events, such as the changes in tornado patterns in recent years, may result in additional losses. These losses may lead to an increase of our and our tenants' cost of insurance, a decrease in our anticipated revenues from an affected property and a loss of all or a portion of the capital we have invested in an affected property. In addition, we or our tenants may not purchase insurance under certain circumstances if the cost of insurance exceeds, in our or our tenants' judgment, the value of the coverage relative to the risk of loss. Also, changes in federal and state legislation and regulation relating to climate change could result in increased capital expenditures to improve the energy efficiency and resiliency of our existing properties and could also necessitate us to spend more on our new development properties without a corresponding increase in revenue.

To the extent that significant changes in the climate occur in areas where our communities are located, we may experience extreme weather and changes in precipitation and temperature, all of which may result in physical damage to or a decrease in demand for properties located in these areas or affected by these conditions. Should the impact of climate change be material, including significant property damage to or destruction of our communities, or occur for lengthy periods of time, our financial condition or results of operations may be adversely affected. In addition, changes in federal, state and local legislation and regulation based on concerns about climate change could result in increased capital expenditures on our existing properties and our new development properties without a corresponding increase in revenue, resulting in adverse impacts to our net income. results of operations.

We may incur costs to remediate environmental contamination at our properties, which could have an adverse effect on our or our obligors' business or financial condition

Under various laws, owners or operators of real estate may be required to respond to the presence or release of hazardous substances on the property and may be held liable for property damage, personal injuries or penalties that result from environmental contamination or exposure to hazardous substances. These laws often impose liability without regard to whether the owner or operator knew of the release of the substances or caused the release. We may become liable to reimburse the government for damages and costs it incurs in connection with the contamination. Generally, such liability attaches to a person based on the person's relationship to the property. Our tenants or borrowers are primarily responsible for the condition of the property. Moreover, we review environmental site assessments of the properties that we own or encumber prior to taking an interest in them. Those assessments are designed to meet the "all appropriate inquiry" standard, which we believe qualifies us for the innocent purchaser defense if environmental liabilities arise. Based upon such assessments, we do not believe that any of our properties are subject to material environmental contamination. However, environmental liabilities may be present in our properties and we may incur costs to remediate contamination, which could have a material adverse effect on our business or financial condition or the business or financial condition of our obligors.

Cybersecurity incidents could disrupt our business and result in the loss of confidential information and legal liability

Our business is at risk from and may be impacted by cybersecurity attacks, including attempts to gain unauthorized access to our confidential data through phishing or other malicious activity, attempts to interrupt our access to, or use of information technology systems through distributed denial-of-service or ransomware attacks, breaches related to our increased receipt and use of data from multiple sources, and other electronic security breaches or other cybersecurity incidents within our environment or our business partners' environments, including those resulting from human error, product defects and technology failures. Such cyber-attacks can range from individual attempts to gain unauthorized access to our or our business partners' information technology systems to more sophisticated security threats and may be specifically targeted to our business or more general industry wide risks. Our information technology networks, and those of our business partners are essential important enablers to our ability to perform day-to-day operations of our business. While we employ a number of measures to prevent, detect and mitigate these threats, there is no guarantee such efforts will be successful in preventing or detecting a cyber-attack. Even the most well-protected information, networks, systems and facilities remain vulnerable because the techniques used in such attempted cybersecurity breaches evolve and generally are not recognized until launched against a target, and in some cases are designed not to be detected and, in fact, may not be detected. Accordingly, we may be unable to anticipate these techniques, implement adequate cybersecurity barriers or other preventative measures, or respond, mitigate the risks from and recover from an attack without operational impact, and thus it is impossible for us to entirely mitigate this risk. We regularly defend against, respond to and mitigate risks from cybersecurity breaches, which to date have not had a material impact on our operations; however, there is no assurance that such impacts will not be material in the future. Cybersecurity incidents could disrupt our or our critical business partners' business, damage our reputation, cause us to incur significant remediation expense and have a materially adverse effect on our business, financial condition and results of operations.Cybersecurity breaches that compromise proprietary, personal identifying expose us to legal or confidential information of our employees, operators, tenants and partners, or result in operational disruptions, could result in legal regulatory claims or proceedings, including enforcement actions by regulators under data privacy or disclosure regulations.

Regulatory authorities around the world have implemented or are considering implementing a number of legislative changes or regulations concerning data protection, which have required or may require us to incur additional expenses and may expose us to additional risks. We and our operators and managers are subject to numerous laws and regulations governing the protection of personal and confidential information of our clients, residents and/or employees, including U.S. federal and state laws (including the State of California CCPA and HIPAA), and non- U.S. non-U.S. laws, such as the U.K. General Data Protection Regulation and the EU General Data Protection Regulation, E.U. GDPR, which impose a number of obligations on us. These obligations vary from state to state and country to country, but generally have accountability and transparency including consent, detailed information and data removal and security requirements. Some jurisdictions impose (including the same requirements EU and U.K.) impose restrictions on transfers of data from their jurisdictions to jurisdictions that they do not consider adequate. This may have implications for our cross-border data flows and may result in additional compliance costs.

Many jurisdictions assess fines, the magnitude of which may depend on the annual global revenue of the noncompliant company and the nature, gravity and duration of, and the violation. Additionally, in some jurisdictions, data subjects may have a right to compensation for financial or non-financial losses. Complying with these laws may cause us or our operators and managers to incur substantial operational and compliance costs or require us to change our business practices. Despite efforts to bring our practices into compliance with these laws, we or our operators and managers may not be successful either due to internal or external factors such as resource allocation limitations or a lack of cooperation among our business partners. Such laws may be interpreted and applied differently depending on the jurisdiction and continue to evolve, making it difficult to predict how they may develop and apply to us. Non-compliance or alleged non-compliance with laws, contractual agreements or industry standards could result in scrutiny or proceedings against us by governmental entities, regulators, our business partners, residents of our communities, data subjects, suppliers, vendors or other parties. Further, there is a risk that compliance measures we undertake will not be implemented correctly or that individuals within our business or thatthose of our business partners will not be fully compliant with the new procedures. legal obligations. If there are breaches of these measures, we could face significant administrative and monetary sanctions, as well as reputational damage, which may have a material adverse effect on our operations, financial condition and prospects.

ESG-related commitments and expectations expose us to numerous risks

We have made, and expect to continue to make, commitments and disclosures related to ESG initiatives and goals. Statements related to ESG goals, targets and objectives reflect our current plans and do not constitute a guarantee that they will be achieved. Our ability to achieve any stated goal, target, or objective, including with respect to emissions reduction, is subject to numerous factors and conditions, some of which are outside of our control. In addition, standards for tracking and reporting on ESG matters, including emissions, have not been harmonized and continue to evolve. Similarly, our failure or perceived failure to pursue or fulfill our ESG goals, targets, and objectives, to comply with ethical, environmental, or other standards, regulations, or expectations, or to satisfy various reporting standards with respect to these matters, within the timelines we announce, or at all, could adversely affect our business or reputation, as well as expose us to government enforcement actions and private litigation.

Investors and other stakeholders have become increasingly focused on understanding how companies address a variety of ESG factors. Investors may consider a company's ESG-related business practices, scores and reporting, including the company's disclosures and ESG rating systems developed by third parties, as they evaluate investment decisions. The criteria used in these rating systems may conflict and change frequently, and we cannot predict how these third parties will score us, nor can we have any assurance that they score us or other companies accurately. We supplement our participation in ratings systems with published disclosures of our ESG activities, but some investors may desire other disclosures that we do not provide. Failure to participate in certain of the third-party ratings systems, score well in third-party rating systems or provide certain ESG disclosures could result in reputational harm when investors compare us to other companies, and could cause certain investors to be unwilling to invest in our common stock, which could adversely affect our stock price. Our business may also face increased scrutiny from investors and other stakeholders related to our ESG activities, including the goals, targets, and objectives that we announce, and our methodologies and timelines for pursuing them. If our ESG practices do not meet investor or other stakeholder expectations and standards, which continue to evolve, our reputation, our ability to attract or retain employees, and our attractiveness as an investment or business partner could be negatively affected.

At the same time, some stakeholders and regulators have expressed or pursued contrary views, legislation, and investment expectations with respect to ESG ratings and commitments, including the enactment or proposal of “anti-ESG” legislation or policies, which may expose us to additional legal or reputational risks based upon our ESG commitments and disclosures.

Our success and the success of our operators and managers depends on key personnel whose continued service is not guaranteed

Our success and the success of our operators and managers depends on the continued availability and service of key personnel, including executive officers and other highly qualified employees, and competition for their talents is intense. There is substantial competition for qualified personnel. We cannot assure you that we will retain our key personnel or that we will be able to recruit and retain other highly qualified employees in the future. Losing any key personnel could, at least temporarily, have a material adverse effect on our business and that of our operators and managers', financial position and results of operations.

Welltower is a holding company with no direct operations, and it relies on funds received from Welltower OP to pay its obligations and make distributions to stockholders

Welltower is a holding company with no direct operations. All of Welltower's property ownership, development and related business operations are conducted through Welltower OP and Welltower has no material assets or liabilities other than its investment in Welltower OP. As a result, Welltower relies on distributions from Welltower OP to make dividend payments and meet its obligations, including any tax liability on taxable income allocated to Welltower from Welltower OP. Welltower exercises exclusive control over Welltower OP, including the authority to cause Welltower OP to make distributions, subject to certain limited approval and voting rights of Welltower OP's other members as described in the Limited Liability Agreement. In addition, because Welltower is a holding company, your claims as stockholders are structurally subordinated to all existing and future liabilities and obligations to preferred equity holders of Welltower OP and its subsidiaries. Therefore, in the event of a bankruptcy, insolvency, liquidation or reorganization of Welltower OP or its subsidiaries, assets of Welltower OP or the applicable subsidiary will be available to satisfy any claims of our stockholders only after such liabilities and obligations have been satisfied in full.

Welltower is the initial member and majority owner of Welltower OP, with an approximate ownership interest of 99.751%99.765% as of December 31, 2022 December 31, 2023. In connection with our future acquisition activities or otherwise, Welltower OP may issue additional Class A Common Units ("OP Units") to third parties and admit additional members. Such issuances would reduce Welltower's percentage ownership in Welltower OP.

Risks Arising from Our Capital Structure

We may become more leveraged

Permanent financing for our investments is typically provided through a combination of public offerings of debt and equity securities and the incurrence or assumption of secured debt. The incurrence or assumption of indebtedness may cause us to become more leveraged, which could (1) require us to dedicate a greater portion of our cash flow to the payment of debt service, (2) make us more vulnerable to a downturn in the economy, (3) limit our ability to obtain additional financing, (4) negatively affect our credit ratings or outlook by one or more of the rating agencies or (5) make us more vulnerable to increases in interest rates because of the variable interest rates on some of our borrowings to the extent we have not entirely hedged such variable rate debt. In addition, any changes to benchmark rates may have an uncertain impact on our cost of funds and our access to the

REFINITIV

capital markets, which could impact our results of operations and cash flows. Uncertainty as to the nature of such potential changes may also adversely affect the trading market for our securities. Additional financing, therefore, may be unavailable, more expensive or restricted by the terms of our outstanding indebtedness.

Cash available for distributions to stockholders may be insufficient to make dividend contributions at expected levels and are made at the discretion of the Board of Directors

If cash available for distribution generated by our assets decreases due to dispositions or otherwise, we may be unable to make dividend distributions at expected levels. Our inability to make expected distributions would likely result in a decrease in the market price of our common stock. All distributions are made at the discretion of our Board of Directors in accordance with Delaware law and depend on our earnings, our financial condition, debt and equity capital available to us, our expectation of our future capital requirements and operating performance, restrictive covenants in our financial and other contractual

arrangements, maintenance of our REIT qualification, restrictions under Delaware law and other factors as our Board of Directors may deem relevant from time to time. Additionally, our ability to make distributions will be adversely affected if any of the risks described herein, or other significant adverse events, occur.

We are subject to covenants in our debt agreements that could have a material adverse effect on our business, results of operations and financial condition

Our debt agreements contain various covenants, restrictions and events of default. Among other things, these provisions require us to maintain certain financial ratios and minimum net worth and impose certain limits on our ability to incur indebtedness, create liens and make investments or acquisitions. Breaches of these covenants could result in defaults under the instruments governing the applicable indebtedness, in addition to any other indebtedness cross-defaulted against such instruments. These defaults could have a material adverse effect on our business, results of operations and financial condition.

Limitations on our ability to access capital could have an adverse effect on our ability to make future investments or to meet our obligations and commitments

We cannot assure you that we will be able to raise the capital necessary to make future investments or to meet our obligations and commitments as they mature. Our access to capital depends upon a number of factors over which we have little or no control, including rising interest rates, inflation and other general market conditions; the market's perception of our growth potential and our current and potential future earnings and cash distributions; the market price of the shares of our common stock and the credit ratings of our debt securities; changes in the credit ratings on U.S. government debt securities; uncertainty from the transition to Secured Overnight Financing Rate ("SOFR") or any other interest rate benchmark; and default or delay in payment by the U.S. of its obligations. We also rely on the financial institutions that are parties to our revolving credit facilities. If these institutions become capital constrained, tighten their lending standards or become insolvent or if they experience excessive volumes of borrowing requests from other borrowers within a short period of time, they may be unable or unwilling to honor their funding commitments to us, which would adversely affect our ability to draw on our revolving credit facilities and, over time, could negatively impact our ability to consummate acquisitions, repay indebtedness as it matures, fund capital expenditures or make distributions to our stockholders. If our access to capital is limited by these factors or other factors, it could negatively impact our ability to acquire properties, repay or refinance our indebtedness, fund operations or make distributions to our stockholders.

Downgrades in our credit ratings could have a material adverse effect on our cost and availability of capital

We plan to manage the company to maintain a capital structure consistent with our current profile, but there can be no assurance that we will be able to maintain our current credit ratings. Any downgrades in terms of ratings or outlook by any or all of the rating agencies could have a material adverse effect on our cost and availability of capital, which could in turn have a material adverse effect on our results of operations, liquidity, cash flows, the trading/redemption price of our securities and our ability to satisfy our debt service obligations and to pay dividends and distributions to our equity holders.

Increases in interest rates could have a material adverse effect on our cost of capital, and our decision to hedge against interest rate risk might not be effective

The current high interest rate environment has been increasing interest cost on new and existing variable rate debt. Such increases in the cost of capital, and any further increases resulting from future interest rate hikes, could adversely impact our ability to finance operations, acquire and develop properties, and refinance existing debt. Specifically, rate increases have corresponding impacts to our costs of borrowing and may have adverse impacts on our ability to raise funds through the offering of our securities or through the issuance of debt due to higher debt capital costs, diminished credit availability and less favorable equity markets. Additionally, increased interest rates may also result in less liquid property markets, limiting our ability to sell existing assets. Higher interest rates may also lead purchasers of our common stock to demand a greater annual dividend yield, which could adversely affect the market price of our common stock and could result in increased capitalization rates, which may lead to reduced valuation of our assets.

We may from time to time seek to manage our exposure to interest rate volatility with hedging arrangements, which involve additional risks, including the risks that counterparties may fail to honor their obligations under these arrangements, that these arrangements may not be effective in reducing our exposure to interest rate changes, that the amount of income we earn from hedging transactions may be limited by federal tax provisions governing REITs, and that these arrangements may reduce the benefits to us if interest rates decline. Developing and implementing an interest rate risk strategy is complex and no strategy can completely insulate us from risks associated with interest rate fluctuations and there can be no assurance that our hedging activities will be effective. Failure to hedge effectively against interest rate risk, if we choose to engage in such activities, could adversely affect our business, financial condition and results of operations.

Risks Arising from Our Status as a REIT

We might fail to qualify or remain qualified as a REIT

We intend to operate as a REIT under the Code, and believe we have operated and will continue to operate in such a manner. If we lose our status as a REIT, we will face serious income tax consequences that will substantially reduce the funds available for satisfying our obligations and for distribution to our stockholders because:

- Welltower would not be allowed a deduction for distributions to stockholders in computing our taxable income and would be subject to U.S. federal income tax at regular corporate rates;
- Welltower would be subject to increased state and local taxes; and
- unless Welltower is entitled to relief under statutory provisions, it could not elect to be subject to tax as a REIT for four taxable years following the year during which it was disqualified.

Since REIT qualification requires us to meet a number of complex requirements, it is possible that we may fail to fulfill them, and if we do, our earnings will be reduced by the amount of U.S. federal and other income taxes owed. A reduction in our earnings would affect the amount we could distribute to our stockholders. If we do not qualify as a REIT, we will not be required to make distributions to stockholders, since a non-REIT is not required to pay dividends to stockholders in order to maintain REIT status or avoid an excise tax. In addition, if we fail to qualify as a REIT, all distributions to stockholders will continue to be treated as dividends to the extent of our current and accumulated earnings and profits, although corporate stockholders may be eligible for the dividends received deduction, and individual stockholders may be eligible for taxation at the rates generally applicable to long-term capital gains with respect to distributions.

REFINITIV

As a result of all these factors, our failure to qualify as a REIT also could impair our ability to implement our business strategy and would adversely affect the value of our common stock. Qualification as a REIT involves the application of highly technical and complex Code provisions for which there are only limited judicial and administrative interpretations. The determination of various factual matters and circumstances not entirely within our control may affect our ability to remain qualified as a REIT. Although we believe that we qualify as a REIT, we cannot assure you that we will remain qualified as a REIT for U.S. federal income tax purposes.

Failure of Welltower OP to maintain status as a partnership for U.S. federal income tax purposes

We believe Welltower OP qualifies as a partnership for U.S. federal income tax purposes. As a partnership, Welltower OP is generally not subject to U.S. federal income tax on its income. Instead, each of the partners is allocated its share of Welltower OP's income. We cannot assure you, however, that the IRS will not challenge the status of Welltower OP as a partnership for U.S. federal income tax purposes. If the IRS were to successfully challenge the status of Welltower OP as a partnership, it would be taxable as a corporation. In such event, this would reduce the amount of distributions that Welltower OP could make. The treatment of Welltower OP as a corporation would also cause us to fail to qualify as a REIT. This would substantially reduce our cash available to pay distributions and the return on a unitholder and/or shareholder's investment.

Certain subsidiaries might fail to qualify or remain qualified as a REIT

We own interests in a number of entities which intend to operate as REITs for U.S. federal income tax purposes, some of which we consolidate for financial reporting purposes but each of which is treated as a separate REIT for federal income tax purposes (each a "Subsidiary REIT"). To qualify as a REIT, each Subsidiary REIT must independently satisfy all of the REIT qualification requirements under the Code, together with all other rules applicable to REITs. Provided that each Subsidiary

REIT qualifies as a REIT, our interests in the Subsidiary REITs will be treated as qualifying real estate assets for purposes of the REIT asset tests. If a Subsidiary REIT fails to qualify as a REIT in any taxable year, such Subsidiary REIT would be subject to federal and state income taxes and would not be able to qualify as a REIT for the four subsequent taxable years following the year during which it was disqualified. Any such failure could have an adverse effect on our ability to comply with the REIT income and asset tests, and thus our ability to qualify as a REIT, unless we are able to avail ourselves of certain relief provisions and pay any tax required by such relief provisions.

The tax imposed on any net income from "prohibited transactions" may limit our ability to engage in transactions which would be treated as sales for federal income tax purposes

Any net income of a REIT from prohibited transactions (which are, in general, sales or other dispositions of property held primarily for sale to customers in the ordinary course of business, other than dispositions of foreclosure property) is subject to a 100% tax, unless certain safe harbor exceptions apply. Although we do not intend to hold any properties that would be characterized as held for sale to customers in the ordinary course of our business (other than through a TRS), such characterizations is a factual determination and no guarantee can be given that the IRS would agree with our characterization of our properties or that we will always be able to make use of the available safe harbors.

The 90% annual distribution requirement will decrease our liquidity and may limit our ability to engage in otherwise beneficial transactions

To comply with the 90% distribution requirement applicable to REITs and to avoid the nondeductible excise tax, we must make distributions to our stockholders. Although we anticipate that we generally will have sufficient cash or liquid assets to enable us to satisfy the REIT distribution requirement, it is possible that, from time to time, we may not have sufficient cash or other liquid assets to meet the 90% distribution requirement. This may be due to timing differences between the actual receipt of income and actual payment of deductible expenses, on the one hand, and the inclusion of that income and deduction of those expenses in arriving at our taxable income, on the other hand. In addition, non-deductible expenses such as principal amortization or repayments or capital expenditures in excess of non-cash deductions may cause us to fail to have sufficient cash or liquid assets to enable us to satisfy the 90% distribution requirement. In the event that timing differences occur, or we deem

it appropriate to retain cash, we may borrow funds, even if the then-prevailing market conditions are not favorable for these borrowings, issue additional equity securities (although we cannot assure you that we will be able to do so), pay taxable stock dividends, if possible, distribute other property or securities or engage in other transactions intended to enable us to meet the REIT distribution requirements. This may require us to raise additional capital to meet our obligations.

Our use of TRSs is limited under the Code

Under the Code, no more than 20% of the value of the gross assets of a REIT may be represented by securities of one or more TRSs. This limitation may affect our ability to increase the size of our TRSs' operations and assets, and there can be no assurance that we will be able to comply with the applicable limitation, or that such compliance will not adversely affect our business. Also, our TRSs may not, among other things, operate or manage certain health care facilities, which may cause us to forgo investments we might otherwise make. Finally, we may be subject to a 100% excise tax on the income derived from certain transactions with our TRSs that are not on an arm's-length basis. We believe our arrangements with our TRSs are on arm's-length terms and intend to continue to operate in a manner that allows us to avoid incurring the 100% excise tax described above, but there can be no assurance that we will be able to avoid application of that tax.

The lease of qualified health care properties to a TRS is subject to special requirements

We lease certain qualified health care properties to TRSs (or subsidiaries of TRSs), which lessees contract with managers (or related parties) to manage the health care operations at these properties. The rents from this TRS lessee structure are treated as qualifying rents from real property if (1) they are paid pursuant to an arm's-length lease of a qualified health care property with a TRS and (2) the manager qualifies as an eligible independent contractor (as defined in the Code). If any of these conditions are not satisfied, then the rents will not be qualifying rents.

If certain sale-leaseback transactions are not characterized by the Internal Revenue Service ("IRS") IRS as "true leases," we may be subject to adverse tax consequences

We have purchased certain properties and leased them back to the sellers of such properties, and we may enter into similar transactions in the future. We intend for any such sale-leaseback transaction to be structured in such a manner that the lease will be characterized as a "true lease," thereby allowing us to be treated as the owner of the property for U.S. federal income tax purposes. However, depending on the terms of any specific transaction, the IRS might take the position that the transaction is not a "true lease" but is more properly treated in some other manner. In the event any sale-leaseback transaction is challenged and successfully re-characterized by the IRS, we would not be entitled to claim the deductions for depreciation and cost recovery generally available to an owner of property. Furthermore, if a sale-leaseback transaction were so re-characterized, we might fail to satisfy the REIT asset tests or income tests and, consequently, could lose our REIT status effective with the year of re-characterization. Alternatively, the amount of our REIT taxable income could be recalculated, which may cause us to fail to meet the REIT annual distribution requirements for a taxable year.

We could be subject to changes in our tax rates, the adoption of new U.S. or international tax legislation, or exposure to additional tax liabilities

We are subject to taxes in the U.S. and foreign jurisdictions. Because the U.S. maintains a worldwide corporate tax system, the foreign and U.S. tax systems are somewhat interdependent. Longstanding international norms that determine each country's jurisdiction to tax cross-border international trade are evolving and could reduce the ability of our

REFINITIV

foreign subsidiaries to deduct for foreign tax purposes the interest they pay on loans from us, thereby increasing the foreign tax liability of the subsidiaries; it is also possible that foreign countries could increase their withholding taxes on dividends and interest.

Our effective tax rates could be affected by changes in the mix of earnings in countries with differing statutory tax rates or changes in tax laws or their interpretation. We are also subject to the examination of our tax returns and other tax matters by the IRS and other tax authorities and governmental bodies. We regularly assess the likelihood of an adverse outcome resulting from these examinations to determine the adequacy of our provision for taxes. There can be no assurance as to the outcome of these examinations. If we were subject to review or examination by the IRS or applicable foreign jurisdiction as the result of any new tax law changes, the ultimate determination of which may change our taxes owed for an amount in excess of amounts previously accrued or recorded, our financial condition, operating results, and cash flows could be adversely affected.

The present federal income tax treatment of REITs may be modified, possibly with retroactive effect, by legislative, judicial or administrative action at any time, which could affect the federal income tax treatment of an investment in us. The federal income tax rules dealing with U.S. federal income taxation and REITs are constantly under review by persons involved in the legislative process, the IRS and the U.S. Treasury Department, which results in statutory changes as well as frequent revisions to regulations and interpretations. Also, the law relating to the tax treatment of other entities or an investment in other entities could change, making an investment in such other entities more attractive relative to an investment in a REIT.

We cannot predict how changes in the tax laws in the U.S. or foreign jurisdictions might affect our investors or us. Revisions in tax laws and interpretations thereof could significantly and negatively affect our ability to qualify as a REIT, as well as the tax considerations relevant to an investment in us, could require us to pay additional taxes on our assets or income and/or be subject to additional restrictions, could cause us to change our investments and commitments, and could adversely affect our earnings and cash flow.

These changes could, among other things, adversely affect the trading price for our common stock, our financial condition, our results of operations and the amount of cash available for the payment of dividends.

The impact to our TRSs of the Corporate Alternative Minimum Tax imposed by the Inflation Reduction Act of 2022 is uncertain and may be adverse

For tax years beginning after December 31, 2022, the Inflation Reduction Act of 2022 ("IRA") imposes among other things, a 15% Corporate Alternative Minimum Tax ("Corporate AMT") on certain U.S. corporations with average adjusted financial statement income in excess of $1 billion. Although, by its terms, the Corporate AMT is not applicable to REITs, it is not certain whether or how the Corporate AMT would apply to our TRSs.

In December 2022, the U.S. Department The IRS has issued a number of the Treasury issued Notice 2023-7, rulings indicating its intention to propose regulations and provide other providing guidance regarding the Corporate AMT and issuing certain interim rules on which taxpayers may rely. Until further regulations and guidance from the IRS and Treasury are released, the impact of the Corporate AMT on our TRSs is uncertain and it is possible that our TRSs will be subject to material U.S. federal income taxes under the Corporate AMT.

None.

Item 1C. ***Cybersecurity***

Our information technology networks, those of our operators and managers, and those of third parties on whom we rely, are important enablers to our ability to perform day-to-day operations of our business. Our business operations depend on the secure collection, storage, transmission and other processing of proprietary, confidential or sensitive data.

We have implemented and maintain various information security processes designed to identify, assess and manage material risks from cybersecurity threats. Our cybersecurity program includes several safeguards such as access controls, multi-factor authentication, continuous monitoring and alerting systems for internal and external threats and penetration testing. Additionally, we conduct regular evaluation of our cybersecurity program, encompassing internal reviews and third-party assessments to ensure its effectiveness and resilience.

Governance

The Board of Directors (the "Board") retains ultimate oversight of cybersecurity risk, which it manages through our enterprise risk management program. The Board has delegated primary responsibility of overseeing cybersecurity risks to the Audit Committee. The Audit Committee's responsibilities include reviewing cybersecurity strategies with management, assessing processes and controls pertaining to the management of our information technology operations and their effectiveness, and seeking to confirm that management's response to potential cybersecurity incidents is timely and effective. At least annually, the Audit Committee receives a cybersecurity report from management. This report may cover a variety of relevant topics, potentially including recent developments, evolving standards, vulnerability assessments, third-party and independent reviews, the threat environment, technological trends and information security considerations related to our operators, managers and third parties. The scope and focus of each report are determined based on current priorities and emerging issues in cybersecurity. The Audit Committee and management also report to the Board at least annually on data protection and cybersecurity matters.

Management and Cybersecurity Working Group

Reporting to the Chief Operating Officer, our Chief Technology Officer, with extensive cybersecurity knowledge and skills from over 20 years of relevant work experience at Welltower and elsewhere, leads the team responsible for developing and implementing our information security program across our business. This team comprises individuals with relevant educational and technical experience, many having held similar positions with responsibility for various aspects of cybersecurity at large organizations. This team works closely with the Legal department to oversee compliance and regulatory and contractual security requirements. The Chief Technology Officer also leads our Cyber Security Working Group, which is comprised of a cross-functional team including Internal Audit, Legal, Information Technology, Risk Management and Accounting leaders. These individuals meet regularly and are informed about and monitor the prevention, mitigation, detection and remediation of cybersecurity incidents. The Chief Technology Officer is responsible for reporting on cybersecurity and information technology to the Audit Committee.

Information Security Program

The information security team provides regular reports to the Chief Technology Officer and other relevant teams on various cybersecurity threats, assessments and findings. In addition to our internal cybersecurity capabilities, we also periodically engage assessors, consultants, auditors or other third parties to provide consultation and advice to assist with assessing, identifying and managing cybersecurity risks. Our management team identifies and assesses information security risks using industry practices informed by the National Institute of Standards and Technology ("NIST"), including the NIST Cybersecurity Framework.

To ensure that cybersecurity is an organization-wide effort, we provide mandatory cybersecurity training at least annually for all employees with network access, including training designed to simulate and help prevent phishing and other social engineering attacks. We also employ systems and processes designed to oversee, identify and reduce the potential impact of a security incident at a third-party vendor, service provider or otherwise implicating the third-party technology and systems we use. Additionally, we maintain cybersecurity insurance providing coverage for certain costs related to cybersecurity-related incidents that impact our cybersecurity and information technology infrastructure.

The Cybersecurity Working Group maintains and oversees an incident response plan that applies in the event of a cybersecurity threat or incident to provide a standardized framework for responding to cybersecurity incidents. The incident response plan sets out a coordinated approach to investigating, containing, documenting and mitigating incidents, including reporting findings and keeping senior management and other key stakeholders informed and involved as appropriate. The objectives of the incident response plan are to reduce the number of systems and users affected by security incidents, reduce the time a threat actor spends within our network, reduce the damage caused by the breach and reduce the time required to restore normal operations. The incident response plan also specifies the use of third-party experts for legal advice, consulting and cyber incident response.

Material Cybersecurity Risks, Threats and Incidents

While we employ several measures to prevent, detect and mitigate cybersecurity threats, there is no guarantee such efforts will be successful. We also rely on information technology and other third-party vendors to support our business, including securely processing personal, confidential, financial, sensitive or proprietary and other types of information. Despite our efforts to improve our ability, and the ability of relevant third parties', to protect against cyber threats, we may not be able to protect all information, systems, products and services. While we are not aware of any cybersecurity incidents that have materially affected us to date, there can be no guarantee that we will not be the subject of future attacks, threats or incidents, that may have a material impact on our business strategy, results of operations or financial condition. Additional information on cybersecurity risks we face can be found in Part I, Item 1A "Risk Factors" of this Form 10-K under the heading "Cybersecurity incidents could disrupt our business and result in the loss of confidential information and legal liability," which should be read in conjunction with the foregoing information.

Item 3. *Legal Proceedings*

From time to time, there are various legal proceedings pending against us that arise in the ordinary course of our business. Management does not believe that the resolution of any of these legal proceedings either individually or in the aggregate will have a material adverse effect on our business, results of operations or financial condition. Further, from time to time, we are party to certain legal proceedings for which third parties, such as tenants, operators and/or managers are contractually obligated to indemnify, defend and hold us harmless. In some of these matters, the indemnitors have insurance for the potential damages. In other matters, we are being defended by tenants and other obligated third parties and these indemnitors may not have sufficient insurance, assets, income or resources to satisfy their defense and indemnification obligations to us. The unfavorable resolution of such legal proceedings could, individually or in the aggregate, materially adversely affect the indemnitors' ability to satisfy their respective obligations to us, which, in turn, could have a material adverse effect on our business, results of operations or financial condition. It is management's opinion that there are currently no such legal proceedings pending that will, individually or in the aggregate, have such a material adverse effect. Despite management's view of the ultimate resolution of these legal proceedings, we may have significant legal expenses and costs associated with the defense of such matters. Further, management cannot predict the outcome of these legal proceedings and if management's expectation regarding such matters is not correct, such proceedings could have a material adverse effect on our business, results of operations or financial condition.

Item 7. *Management's Discussion and Analysis of Financial Condition and Results of Operations*

The following discussion and analysis is based primarily on the consolidated financial statements of Welltower Inc. presented in conformity with U.S. generally accepted accounting principles ("U.S. GAAP") for the periods presented and should be read together with the notes thereto contained in this Annual Report on Form 10-K. Other important factors are identified in "Item 1 — Business" and "Item 1A — Risk Factors" above.

On March 7, 2022, we announced our intent to complete an UPREIT reorganization. In February 2022, the company formerly known as Welltower Inc. ("Old Welltower") formed WELL Merger Holdco Inc. ("New Welltower") as a wholly owned subsidiary, and New Welltower formed WELL Merger Holdco Sub Inc. ("Merger Sub") as a wholly owned subsidiary. On April 1, 2022, Merger Sub merged with and into Old Welltower, with Old Welltower continuing as the surviving corporation and a wholly owned subsidiary of New Welltower. Welltower (the "Merger"). In connection with the Merger, Old Welltower's name was changed to "Welltower OP Inc.", and New Welltower inherited the name "Welltower Inc." Effective May 24, 2022, Welltower OP Inc. ("Welltower OP") converted from a Delaware corporation into a Delaware limited liability company named Welltower OP LLC. LLC (the "LLC Conversion"). Following the LLC Conversion, New Welltower's business continues to be conducted through Welltower OP and New Welltower does not have substantial assets or liabilities, other than through its investment in Welltower OP.

Unless stated otherwise or the context otherwise requires, references to "Welltower" mean Welltower Inc. and references to "Welltower OP" mean Welltower OP LLC. References to "we," "us" and "our" mean collectively Welltower, Welltower OP and those entities/subsidiaries owned or controlled by Welltower and/or Welltower OP.

The COVID-19 pandemic has had and may continue to have material and adverse effects on our financial condition, results of operations and cash flows in the future. The extent to which the COVID-19 pandemic impacts our operations and those of our operators and tenants will depend on future developments, which are highly uncertain and cannot be predicted with confidence, including the scope, severity and duration of the pandemic, the effectiveness of vaccines, the actions taken to contain the pandemic or mitigate its impact and the direct and indirect economic effects of the pandemic and containment measures, the overall pace of recovery, among others.

Our Seniors Housing Operating revenues are dependent on occupancy which has increased during the year ended December 31, 2022. As of December 31, 2022, nearly all communities are open for new admissions and allowing visitors, in-person tours and communal dining activities.

We have incurred increased operational costs as a result of public health measures and other regulations affecting our properties, as well as additional health and safety measures adopted by us and our operators related to the COVID-19 pandemic, including increases in labor, personal protective equipment and sanitation. We expect total Seniors Housing Operating expenses to remain elevated as many of these additional health and safety measures have become standard practice.

Item 7.*Management's Discussion and Analysis of Financial Condition and Results of Operations*

Our Triple-net operators are experiencing similar trends related to occupancy and operating costs as described above with respect to our Seniors Housing Operating properties. However, long-term/post-acute care facilities are generally experiencing a higher degree of occupancy declines. These factors may continue to impact the ability of our Triple-net operators to make contractual rent payments to us in the future. Many of our Triple-net operators received funds under the Coronavirus Aid Relief, and Economic Security Act ("CARES Act") Paycheck Protection Program and Provider Relief Fund.

Business Strategy

Our primary objectives are to protect stockholder capital and enhance stockholder value. We seek to pay consistent cash dividends to stockholders and create opportunities to increase dividend payments to stockholders as a result of annual increases in NOI and portfolio growth. To meet these objectives, we invest across the full spectrum of seniors housing and health care real estate and diversify our investment portfolio by property type, relationship and geographic location.

Substantially all of our revenues are derived from operating lease rentals, resident fees and services, and interest earned on outstanding loans receivable. receivable and interest earned on short-term deposits. These items represent our primary sources of liquidity to fund distributions and depend upon the continued ability of our obligors to make contractual rent and interest payments to us and the profitability of our operating properties. To the extent that our obligors/partners experience operating difficulties and become unable to generate sufficient cash to make payments or operating distributions to us, there could be a material adverse impact on our consolidated results of operations, liquidity and/or financial condition. To mitigate this risk, we monitor our investments through a variety of methods determined by the type of property. Our asset management process for seniors

Item 7.*Management's Discussion and Analysis of Financial Condition and Results of Operations*

housing properties generally includes review of monthly financial statements and other operating data for each property, review of obligor/partner creditworthiness, property inspections and review of covenant compliance relating to licensure, real estate taxes, letters of credit and other collateral. Our internal property management division manages and monitors the outpatient medical portfolio with a comprehensive process including review of tenant relations, lease expirations, the mix of health service providers, hospital/health system relationships, property performance, capital improvement needs and market conditions among other things. We evaluate the operating environment in each property's market to determine the likely trend in operating performance of the facility. When we identify unacceptable trends, we seek to mitigate, eliminate or transfer the risk. Through these efforts, we generally aim to intervene at an early stage to address any negative trends, and in so doing, support both the collectability of revenue and the value of our investment.

In addition to our asset management and research efforts, we also aim to structure our relevant investments to mitigate payment risk. Operating leases and loans are normally credit enhanced by guarantees and/or letters of credit. In addition, Also, operating leases are typically structured as master leases and loans are generally cross-defaulted and cross-collateralized with other real estate loans, operating leases or agreements between us and the obligor and its affiliates.

For the year ended December 31, 2022 December 31, 2023, resident fees and services and rental income represented 71% 72% and 25% 23%, respectively, of total revenues. Substantially all of our operating leases are designed with escalating rent structures. Leases with fixed annual rental escalators are generally recognized on a straight-line basis over the initial lease period, subject to a collectability assessment. Rental income related to leases with contingent rental escalators is generally recorded based on the contractual cash rental payments due for the period. Our yield on loans receivable depends upon a number of factors, including the stated interest rate, the average principal amount outstanding during the term of the loan and any interest rate adjustments.

Our primary sources of cash include resident fees and services, rent and interest receipts, interest earned on short-term deposits, borrowings under our unsecured revolving credit facility and commercial paper program, public issuances of debt and equity securities, proceeds from investment dispositions and principal payments on loans receivable. Our primary uses of cash include dividend distributions, debt service payments (including principal and interest), real property investments (including acquisitions, capital expenditures, construction advances and transaction costs), loan advances, property operating expenses, general and administrative expenses and other expenses. Depending upon the availability and cost of external capital, we believe our liquidity is sufficient to fund these uses of cash.

We also continuously evaluate opportunities to finance future investments. New investments are generally funded from temporary borrowings under our unsecured revolving credit facility and commercial paper program, internally generated cash and the proceeds from investment dispositions. Our investments generate cash from NOI and principal payments on loans receivable. Permanent financing for future investments, which replaces funds drawn under our unsecured revolving credit facility and commercial paper program, has historically been provided through a combination of the issuance of public debt and equity securities and the incurrence or assumption of secured debt. Given general economic conditions in 2023, investments were generally funded proactively via issuances of common stock.

Depending upon market conditions, we believe that new investments will be available in the future with spreads over our cost of capital that will generate appropriate returns to our stockholders. It is also likely that investment dispositions may occur in the future. To the extent that investment dispositions exceed new investments, our revenues and cash flows from operations could be adversely affected. We expect to reinvest the proceeds from any investment dispositions in new investments. To the extent that new investment requirements exceed our available cash on-hand, we expect to borrow under our unsecured revolving credit facility and commercial paper program. At December 31, 2022 December 31, 2023, we had $631,681,000 $1,993,646,000 of cash and cash equivalents, $90,611,000 $82,437,000 of restricted cash and $4,000,000,000 of available borrowing capacity under our unsecured revolving credit facility.

Key Performance Indicators, Trends and Uncertainties

We utilize several key performance indicators to evaluate the various aspects of our business. These indicators are discussed below and relate to operating performance, credit strength and concentration risk. Management uses these key performance indicators to facilitate internal and external comparisons to our historical operating results, in making operating decisions, and for budget planning purposes.

Operating Performance We believe that net income and net income attributable to common stockholders ("NICS") per the Consolidated Statements of Comprehensive Income are the most appropriate earnings measures. Other useful supplemental measures of our operating performance include funds from operations attributable to common stockholders ("FFO") and consolidated net operating income ("NOI"); however, these supplemental measures are not defined by U.S. GAAP. Please refer to the section entitled "Non-GAAP Financial Measures" for further discussion and reconciliations. These earnings measures are widely used by investors and analysts in the valuation, comparison and investment recommendations of companies.

Credit Strength We measure our credit strength both in terms of leverage ratios and coverage ratios. The leverage ratios indicate how much of our balance sheet capitalization is related to long-term debt, net of cash and restricted cash. The coverage ratios indicate our ability to service interest and fixed charges (interest and secured debt principal amortization). We expect to maintain capitalization ratios and coverage ratios sufficient to maintain a capital structure consistent with our current profile.

Item 7.*Management's Discussion and Analysis of Financial Condition and Results of Operations*

The coverage ratios are based on earnings before interest, taxes, depreciation and amortization ("EBITDA") and adjusted earnings before interest, taxes, depreciation and amortization ("Adjusted EBITDA"). Please refer to the section entitled "Non-GAAP Financial Measures" for further discussion and reconciliation of these measures. Leverage ratios and coverage ratios are widely used by investors, analysts and rating agencies in the valuation, comparison, investment recommendations and rating of companies. The following table reflects the recent historical trends for our credit strength measures for the periods presented:

Concentration Risk We evaluate our concentration risk in terms of NOI by property mix, relationship mix and geographic mix. Concentration risk is a valuable measure in understanding what portion of our NOI could be at risk if certain sectors were to experience downturns. Property mix measures the portion of our NOI that relates to our various property types. Relationship mix measures the portion of our NOI that relates to our current top five relationships. Geographic mix measures the portion of our NOI that relates to our current top five states (or international equivalents) countries).

The following table reflects our recent historical trends of concentration risk by NOI for the years indicated below:

In December 2022, ProMedica relinquished to Welltower its 15% interest in 147 skilled nursing facilities previously owned by the Welltower/ProMedica joint venture in exchange for a lease modification, which relieved ProMedica from its lease obligation on the 147 skilled nursing properties and amended the lease on the remaining 58 assisted living and memory care properties that continue to be held by the Welltower/ProMedica joint venture. The 58 assisted living and memory care assets continue to be operated by ProMedica and backed by the existing guaranty.

Concurrently with the above, Welltower and Integra Healthcare Properties ("Integra") entered into master leases for the skilled nursing portfolio. Approximately 15 regional operators will enter into subleases with Integra to operate the properties. Also in December 2022, we sold to Integra a 15% ownership interest in 54 of those skilled nursing facilities for approximately $73 million. This transaction represents the initial tranche of the newly formed joint venture owned 85% by Welltower and 15% by Integra, which is anticipated to include the 147 skilled nursing facilities. In January 2023, Integra acquired a 15% interest in 31 of the remaining 93 skilled nursing facilities for approximately $74 million, representing the second tranche of the WELL/Integra joint venture. Integra is expected to buy into the remaining 62 assets throughout 2023.

ProMedica NOI for the year ended December 31, 2022 was comprised of $59,687,000 relating to the 58 assisted living and memory care properties (3% of total NOI) and $180,441,000 relating to the 147 skilled nursing properties (8% of total NOI).

We evaluate our key performance indicators in conjunction with current expectations to determine if historical trends are indicative of future results. Our expected results may not be achieved and actual results may differ materially from our expectations. Factors that may cause actual results to differ from expected results are described in more detail in "Item 1 — Business — Cautionary Statement Regarding Forward-Looking Statements" and "Item 1A — Risk Factors" and other sections of this Annual Report on Form 10-K. Management regularly monitors economic and other factors to develop strategic and tactical plans designed to improve performance and maximize our competitive position. Our ability to achieve our financial objectives is dependent upon our ability to effectively execute these plans and to appropriately respond to emerging economic and company-specific trends. Please refer to "Item 1 — Business," "Item 1A — Risk Factors" in this Annual Report on Form 10-K for further discussion of these risk factors.

Liquidity and Capital Resources

Sources and Uses of Cash

Our primary sources of cash include resident fees and services, rent and interest receipts, interest earned on short-term deposits, borrowings under our unsecured revolving credit facility and commercial paper program, public issuances of debt and equity securities, proceeds from investment dispositions and principal payments on loans receivable. Our primary uses of cash include dividend distributions, debt service payments (including principal and interest), real property investments (including acquisitions, capital expenditures, construction advances and transaction costs), loan advances, property operating expenses, general and administrative expenses and other expenses. Depending upon the availability and cost of external capital, we believe our liquidity is sufficient to fund these uses of cash. These sources and uses of cash are reflected in our Consolidated Statements of Cash Flows and are discussed in further detail below. The following is a summary of our sources and uses of cash flows for the periods presented (dollars in thousands):

The change in new development is primarily due to the number and size of construction projects on-going during the relevant periods. Renovations, redevelopments and other capital improvements include expenditures to maximize property value, increase net operating income, maintain a market-competitive position and/or achieve property stabilization. The increase in overall development and recurring capital expenditures, tenant improvements and lease commissions is due primarily to portfolio growth and increased spending after a contraction during the pandemic.

A portion of our earnings are derived primarily from long-term investments with predictable rates of return. These investments are mainly financed with a combination of equity, senior unsecured notes, secured debt and borrowings under our primary unsecured credit facility. During inflationary periods, which generally are accompanied by rising interest rates, our ability to grow may be adversely affected because the yield on new investments may increase at a slower rate than new borrowing costs.

Transaction costs related to asset acquisitions are capitalized as a component of the purchase price. The fluctuation in other expenses is primarily due to the timing of noncapitalizable transaction costs associated with acquisitions and operator transitions. Changes in the gain on sales of properties are related to the volume and timing of property sales and the sales prices.

Depreciation and amortization fluctuates as a result of acquisitions, disposition and transitions. To the extent we acquire or dispose of additional properties in the future, our provision for depreciation and amortization will change accordingly.

Rental income has increased primarily due to the timing of the establishment of reserves for straight-line acquisitions and annual rent receivable balances relating to leases for which collection of substantially all contractual lease payments is no longer deemed probable. During the year ended December 31, 2021, we recorded reserves for previously recognized straight-line rent receivables of $49,241,000 which resulted in reduced rental income for the period. Offsetting the impact of straight-line changes, we have disposed of ten properties with a book value of $89,827,000 during 2022 and 51 properties with a book value of $486,369,000 during 2021.

Certain ain of our leases contain annual rental escalators that are contingent upon changes in the Consumer Price Index and/or changes in the gross operating revenues of the tenant's properties. These escalators are not fixed, so no straight-line rent is recorded; however, rental income is recorded based on the contractual cash rental payments due for the period. If gross operating revenues at our facilities and/or the Consumer Price Index do not increase, a portion of our revenues may not continue to increase. For the year ended December 31, 2022 December 31, 2023, we had 5087 leases with rental rate increasers increases ranging from 0.26%0.58% to 57.76%549.38% in our Triple-net portfolio. 2023.

A portion of our Triple-net properties were formed through partnerships. Income or loss from unconsolidated entities represents our share of net income or losses from partnerships where we are the noncontrolling partner. The increase in income from unconsolidated entities during the year ended December 31, 2022 is primarily related to the write off of a right of use asset and related lease liability on an unconsolidated joint venture that was restructured during the year. Net income attributable to noncontrolling interests represents our partners' share of net income relating to those partnerships where we are the controlling partner. The decrease in net income attributable to noncontrolling interests for the year ended December 31, 2022 compared to 2021 is related to the increase in ownership in existing Triple-net joint ventures.

Rental income has increased due primarily to acquisitions and construction conversions that occurred during 2021 2022 and 2022. 2023. Certain of our leases contain annual rental escalators that are contingent upon changes in the Consumer Price Index. These escalators are not fixed, so no straight-line rent is recorded; however, rental income is recorded based on the contractual cash rental payments due for the period. If the Consumer Price Index does not increase, a portion of our revenues may not continue to increase. Our leases could renew above or below current rental rates, resulting in an increase or decrease in rental income. For the year ended December 31, 2022 December 31, 2023, our consolidated Outpatient Medical portfolio signed 435,000 512,694 square feet of new leases and 1,826,000 2,255,492 square feet of renewals. The weighted-average term of these leases was seven years, with a rate of $38.19 $37.52 per square foot and tenant improvement and lease commission costs of $26.77 $28.00 per square foot. Substantially all of these leases contain an annual fixed or contingent escalation rent structure ranging from 1.0% to 7.0% 28.0%.

The decrease in interest income for the year ended December 31, 2022 is due primarily to a $178,207,000 first mortgage initiated in August 2020, which was subsequently repaid in full in June of 2021, resulting in the reversal of the previously established allowance for credit losses.

We believe that net income and net income attributable to common stockholders, as defined by U.S. GAAP, are the most appropriate earnings measurements. However, we consider FFO, NOI, SSNOI, EBITDA and Adjusted EBITDA to be useful supplemental measures of our operating performance. Historical cost accounting for real estate assets in accordance with U.S. GAAP implicitly assumes that the value of real estate assets diminishes predictably over time as evidenced by the provision for depreciation. However, since real estate values have historically risen or fallen with market conditions, many industry investors and analysts have considered presentations of operating results for real estate companies that use historical cost accounting to be insufficient. In response, the National Association of Real Estate Investment Trusts ("NAREIT") created funds from operations attributable to common stockholders ("FFO") as a supplemental measure of operating performance for REITs that

excludes historical cost depreciation from net income. FFO, as defined by NAREIT, means NICS, computed in accordance with U.S. GAAP, excluding gains (or losses) from sales of real estate and impairment of depreciable assets, plus depreciation and amortization, and after adjustments for unconsolidated entities and noncontrolling interests.

NOI is used to evaluate the operating performance of our properties. We define NOI as total revenues, including tenant reimbursements, less property operating expenses. Property operating expenses represent costs associated with managing, maintaining and servicing tenants for our properties. These expenses include, but are not limited to, property-related payroll and benefits, property management fees paid to operators, managers, marketing, housekeeping, food service, maintenance, utilities, property taxes and insurance. General and administrative expenses represent general overhead costs that are unrelated to property operations and unallocable to the properties. These expenses include, but are not limited to, payroll and benefits related to corporate employees, professional services, office expenses and depreciation of corporate fixed assets. Same store NOI ("SSNOI") is used to evaluate the operating performance of our properties using a consistent population which controls for changes in the composition of our portfolio. We believe the drivers of property level NOI for both consolidated properties and unconsolidated properties are generally the same and therefore, we evaluate SSNOI based on our ownership interest in each property ("Welltower Share"). To arrive at Welltower's Share, NOI is adjusted by adding our minority ownership share related to unconsolidated properties and by subtracting the minority partners' noncontrolling ownership interests for consolidated properties. We do not control investments in unconsolidated properties and while we consider disclosures at Welltower Share to be useful, they may not accurately depict the legal and economic implications of our joint venture arrangements and should be used with caution. As used herein, same store is generally defined as those revenue-generating properties in the portfolio for the relevant year-over-year reporting periods. Acquisitions and development conversions are included in SSNOI five full quarters or eight full quarters after acquisition or being placed into service for the QTD Pool and the YTD Pool, respectively. Land parcels, loans and sub-leases, as well as any properties sold or classified as held for sale during the respective periods are excluded from SSNOI. Redeveloped properties (including major refurbishments of a Seniors Housing Operating property

where 20% or more of units are simultaneously taken out of commission for 30 days or more or Outpatient Medical properties undergoing a change in intended use) are excluded from SSNOI until five full quarters or eight full quarters post completion of the redevelopment for the QTD Pool and YTD Pool, respectively. Properties undergoing operator transitions and/or segment transitions are also excluded from SSNOI until five full quarters or eight full quarters post completion of the transition for the QTD Pool and YTD Pool, respectively. In addition, properties significantly impacted by force majeure, acts of God, or other extraordinary adverse events are excluded from SSNOI until five full quarters or eight full quarters after the properties are placed back into service for the QTD Pool and YTD Pool, respectively. SSNOI excludes non-cash NOI and includes adjustments to present consistent ownership percentages and to translate Canadian properties and U.K. properties using a consistent exchange rate. We believe NOI and SSNOI provide investors relevant and useful information because they measure the operating performance of our properties at the property level on an unleveraged basis. We use NOI and SSNOI to make decisions about resource allocations and to assess the property level performance of our properties.

EBITDA is defined as earnings (net income) before interest, taxes, depreciation and amortization. Adjusted EBITDA is defined as EBITDA excluding unconsolidated entities and including adjustments for stock-based compensation expense, provision for loan losses, gains/losses on extinguishment of debt, gains/loss/impairments on properties, gains/losses on derivatives and financial instruments, other expenses, other impairment charges and other adjustments as deemed appropriate. We believe that EBITDA and Adjusted EBITDA, along with net income, are important supplemental measures because they provide additional information to assess and evaluate the performance of our operations. We primarily use these measures to determine our interest coverage ratio, which represents EBITDA and Adjusted EBITDA divided by total interest, and our fixed charge coverage ratio, which represents EBITDA and Adjusted EBITDA divided by fixed charges. Fixed charges include total interest and secured debt principal amortization. Covenants in our unsecured senior notes and primary credit facility contain financial ratios based on a definition of EBITDA and Adjusted EBITDA that is specific to those agreements. Our leverage ratios are defined as the proportion of net debt to total capitalization and include book capitalization, undepreciated book capitalization and market capitalization. Book capitalization represents the sum of net debt (defined as total long-term debt, excluding operating lease liabilities, less cash and cash equivalents and restricted cash), total equity and redeemable noncontrolling interests. Undepreciated book capitalization represents book capitalization adjusted for accumulated depreciation and amortization. Market capitalization represents book capitalization adjusted for the fair market value of our common stock.

Our supplemental reporting measures and similarly entitled financial measures are widely used by investors, equity and debt analysts and rating agencies in the valuation, comparison, rating and investment recommendations of companies. Management uses these financial measures to facilitate internal and external comparisons to our historical operating results and in making operating decisions. Additionally, these measures are utilized by the Board of Directors to evaluate management. None of our supplemental measures represent net income or cash flow provided from operating activities as determined in accordance with U.S. GAAP and should not be considered as alternative measures of profitability or liquidity. Finally, the supplemental measures, as defined by us, may not be comparable to similarly entitled items reported by other real estate investment trusts or other companies.

Subsequent to the initial transaction, we purchased eight of the leased properties and one of the properties was sold by the landlord and removed from the lease. No rent was paid in excess of net cash flow relating to the leasehold properties and therefore, the net impact has been excluded from Adjusted EBITDA. Additionally, in conjunction with the lease termination, during the year ended December 31, 2022, we recognized $58,621,000 in other income from the derecognition of leasehold interests and the right of use asset and related lease liability which has also been excluded from Adjusted EBITDA. gain recognized in other income.

Critical Accounting Policies & and Estimates

Our consolidated financial statements are prepared in accordance with U.S. GAAP, which requires us to make estimates and assumptions. Management considers an accounting estimate or assumption critical if:

- the nature of the estimates or assumptions is material due to the levels of subjectivity and judgment necessary to account for highly uncertain matters or the susceptibility of such matters to change; and
- the impact of the estimates and assumptions on financial condition or operating performance is material.

Management has discussed the development and selection of its critical accounting policies and estimates with the Audit Committee of the Board of Directors. Management believes the current assumptions and other considerations used to estimate amounts reflected in our consolidated financial statements are appropriate and are not reasonably likely to change in the future. However, since these estimates require assumptions to be made that were uncertain at the time the estimate was made, they bear the risk of change. If actual experience differs from the assumptions and other considerations used in estimating amounts reflected in our consolidated financial statements, the resulting changes could have a material adverse effect on our consolidated results of operations, liquidity and/or financial condition. Please refer to Note 2 to our consolidated financial statements for further information on significant accounting policies that impact us and for the impact of new accounting standards, including accounting pronouncements that were issued but not yet adopted by us.

Nature of Critical Accounting Estimate	Assumptions/Approach Used
Impairment of Real Property Owned and Investments in Unconsolidated Entities Assessing impairment of real property owned and investments in unconsolidated entities involves subjectivity in determining if indicators of impairment are present and in estimating the future undiscounted cash flows or estimated fair value of an asset. In estimating This evaluation of indicators of impairment is dependent on a number of factors including when there is an event or adverse change in the undiscounted cash flows operating performance of the property, or fair value, key assumptions that would be made are the estimation of future rental revenues, operating expenses, capitalization rates and the ability and a change in management's intent to hold and operate the respective asset. property. If an indicator of impairment of the property is identified, management estimates whether the carrying value is recoverable using observable and unobservable inputs such as historical and forecasted cash flows and estimated capitalization rates, all of which are affected by our expectations of future market or economic conditions. These estimates inputs can have a significant impact on the undiscounted cash flows flows. The evaluation of indicators of impairment of investments in unconsolidated entities is dependent on a number of factors including the performance of each investment, a change in market conditions or estimated a change in management's investment strategy. When required, we estimate the fair value of an asset. investment and assess whether any impairment is other than temporary using observable and unobservable inputs such as historical and forecasted cash flows and estimated capitalization rates. These inputs can have a significant impact on the calculation of the fair value of the investment.	Quarterly, we evaluate review our real estate investments property owned on a property by property basis to determine if there are indicators of impairment. facts and circumstances suggest the property may be impaired. These indicators may include expected operationa performance, the tenant's ability to make rent payments, a decision change in management's intent to dispose of an asset before hold and operate the end of its estimated useful life property and changes in the market that may permanently reduce the value of the property. If indicators of impairment exist, an undiscounted cash flow analysis will be prepared to determine if the value of the real property will be recoverable. If the real estimated undiscounted cash flows indicate that the carrying value of the property wil not be recoverable, the carrying value of the property is reduce to its estimated fair value and an impairment charge is recognized for the difference between the carrying value and the fair value. This analysis requires us to use judgment in determining whether indicators of impairment exist and to estimate the expected future undiscounted cash flows o estimated fair values of the property. Properties that meet the held for sale criteria are recorded at the lesser of the fair value less costs to sell or carrying value. We also evaluate investments in unconsolidated entities for indicators of impairment and when present, record impairment charges based upon a comparison of the estimated fai value of the equity method investment to its carrying value if the decline in the estimated fair value of such an investment below its carrying value is other-than-temporary. At December 31, 2022 December 31, 2023, our net real property owned was approximately $32,925,033,000. $37,063,357,000 and investments in unconsolidated entities totaled $1,636,531,000. During the year ended December 31, 2022 December 31 2023, we recorded impairment charges of $13,146,000 $15,401,000 related to one two Seniors Housing Operating properties and one Triple-net property which was were classified as held for sale for which the carrying values exceeded the fair values less costs to sell. Additionally, we recorded $4,356,000 $20,696,000 of impairment charges related to three Seniors Housing Operating properties and two Triple-net properties and one Outpatient Medical property that were held for use in which the carrying values exceeded the estimated fair values. We recorded $35,293,000 of impairment losses related to investments in unconsolidated entities.

Item 7.*Management's Discussion and Analysis of Financial Condition and Results of Operations*

Real Estate Acquisitions We believe that substantially all of our real estate acquisitions are considered asset acquisitions for which we record the related real estate acquired (tangible assets and identifiable intangible assets and liabilities) at cost on a relative fair value basis. Liabilities assumed and any associated noncontrolling interests are reflected at fair value. Tangible assets consist primarily of land, building and improvements. Identifiable intangible assets and liabilities primarily consist of the above or below market component of in-place leases and the value of in-place leases. The total amount of other intangible assets acquired is further allocated to in-place lease values and customer relationship values based on management's evaluation of the specific characteristics of each tenant's lease and our overall relationship with respect to that tenant.	The allocation of the purchase price to the related real estate acquired (tangible assets and intangible assets and liabilities) involves subjectivity as such allocations are based on a relative fair value analysis. In determining the fair values that drive such analysis, we estimate the fair value of each component of the real estate acquired which generally includes land, buildings and improvements, the above or below market component of in-place leases and the value of in-place leases. leases using a number of sources including independent appraisals, our own analysis of recently acquired or developed and existing comparable properties in our portfolio and other market data. Significant assumptions used to determine such fair values include comparable land sales, capitalization rates, discount rates, market rental rates and property operating data, all of which can be impacted by expectations about future market or economic conditions. Our estimates of the values of these components affect the amount of depreciation and amortization we record over the estimated useful life of the property or the term of the lease. During the year ended December 31, 2022 December 31, 2023, we completed $2,306,020,000 disbursed $3,558,266,000 of cash related to real estate acquisitions. These transactions were accounted for as asset acquisitions and the purchase price of each was allocated based on the relative fair values of the assets acquired and liabilities assumed.

Nature of Critical Accounting Estimate	Assumptions/Approach Used
Principles of Consolidation The consolidated financial statements include our accounts, the accounts of our wholly-owned wholly owned subsidiaries, and the accounts of joint venture entities in which we own a majority voting interest with the ability to control operations and where no substantive participating rights or substantive kick out rights have been granted to the noncontrolling interests. In addition, we consolidate those entities deemed to be variable interest entities ("VIEs") in which we are determined to be the primary beneficiary. All material intercompany transactions and balances have been eliminated in consolidation.	We make judgments about which entities are VIEs based on an assessment of whether (i) the equity investors as a group, if any, do not have a controlling financial interest, or (ii) the equity investment at risk is insufficient to finance that entity's activities without additional subordinated financial support. We make judgments with respect to our level of influence or control of an entity and whether we are (or are not) the primary beneficiary of a VIE. Consideration of various factors include, but is not limited to, our ability to direct the activities that most significantly impact the entity's economic performance, our form of ownership interest, our representation on the entity's governing body, the size and seniority of our investment, our ability and the rights of other investors to participate in policy making decisions, replace the manager and/or liquidate the entity, if applicable. Our ability to correctly assess our influence or control over an entity at inception of our involvement or on a continuous basis when determining the primary beneficiary of a VIE affects the presentation of these entities in our consolidated financial statements. If we perform a primary beneficiary analysis at a date other than at inception of the VIE, our assumptions may be different and may result in the identification of a different primary beneficiary.
Allowance for Credit Losses on Loans Receivable The allowance for credit losses is maintained at a level believed adequate to absorb potential losses in our loans receivable. The determination of the credit allowance is based on a quarterly evaluation of all outstanding loans, including general economic conditions and estimated collectability of loan payments.	The determination of the allowance for credit losses is based on a quarterly evaluation of all outstanding loans, including general economic conditions and estimated collectability of loan payments. We evaluate the collectability of our loans receivable based on a combination of factors, including, but not limited to, payment status, historical loan charge-offs, financial strength of the borrower and guarantors, and nature, extent and value of the underlying collateral. A loan is considered to have deteriorated credit quality when, based on current information and events, it is probable that we will be unable to collect all amounts due as scheduled according to the contractual terms of the loan agreement. For those loans we identified as having deteriorated credit quality, we determine the amount of credit loss on an individual basis. Placement on non-accrual status may be required. Consistent with this definition, all loans on non-accrual are deemed to have deteriorated credit quality. To the extent circumstances improve and the risk of collectability is diminished, we may return these loans to income accrual status. While a loan is on non-accrual status, any cash receipts are applied against the outstanding principal balance. For the remaining loans, we assess credit loss on a collective pool basis and use our historical loss experience for similar loans to determine the reserve for credit losses. During the year ended December 31, 2022 December 31, 2023, we recognized provision for loan losses of $10,320,000, $9,809,000, which includes a specific reserve for a Triple-net held to maturity debt security, offset by changes in the reserve based on our historical loss experience.

Item 7A. ***Quantitative and Qualitative Disclosures About Market Risk***

We are exposed to various market risks, including the potential loss arising from adverse changes in interest rates and foreign currency exchange rates. We seek to mitigate the underlying foreign currency exposures with gains and losses on derivative contracts hedging these exposures. We seek to mitigate the effects of fluctuations in interest rates by matching the terms of new investments with new long-term fixed rate borrowings to the extent possible. We may or may not elect to use financial derivative instruments to hedge interest rate exposure. These decisions are principally based on our policy to match our variable rate investments with comparable borrowings, but are also based on the general trend in interest rates at the applicable dates and our perception of the future volatility of interest rates. This section is presented to provide a discussion of the risks associated with potential fluctuations in interest rates and foreign currency exchange rates. For more information, see Notes 12 and 17 to our consolidated financial statements.

We historically borrow on our unsecured revolving credit facility and commercial paper program to acquire, construct or make loans relating to health care and seniors housing properties. Then, as market conditions dictate, we will issue equity or long-term fixed rate debt to repay the borrowings under our unsecured revolving credit facility and commercial paper program. We are subject to risks associated with debt financing, including the risk that existing indebtedness may not be refinanced or that the terms of refinancing may not be as favorable as the terms of current indebtedness. The majority of our borrowings were completed under indentures or contractual agreements that limit the amount of indebtedness we may incur. Accordingly, in the event that we are unable to raise additional equity or borrow money because of these limitations, our ability to acquire additional properties may be limited.

A change in interest rates will not affect the interest expense associated with our fixed rate debt. Interest rate changes, however, will affect the fair value of our fixed rate debt. Changes in the interest rate environment upon maturity of this fixed rate debt could have an effect on our future cash flows and earnings, depending on whether the debt is replaced with other fixed rate debt, variable rate debt or equity or repaid by the sale of assets. To illustrate the impact of changes in the interest rate markets, we performed a sensitivity analysis on our fixed rate debt instruments after considering the effects of interest rate swaps, whereby we modeled the change in net present values arising from a hypothetical 1% increase in interest rates to determine the instruments' change in fair value. The following table summarizes the analysis performed as of the dates indicated (in thousands):

Our variable rate debt, including our unsecured revolving credit facility and commercial paper program, is reflected at fair value. At December 31, 2022 December 31, 2023, we had $2,426,134,000 $1,496,447,000 outstanding related to our variable rate debt after considering the effects of interest rate swaps. Assuming no changes in outstanding balances, a 1% increase in interest rates would result in increased annual interest expense of $24,261,000. $14,964,000. At December 31, 2021 December 31, 2022, we had $1,742,268,000 $2,426,134,000 of outstanding variable rate debt. Assuming no changes in outstanding balances, a 1% increase in interest rates would have resulted in increased annual interest expense of $17,423,000. $24,261,000.

We are subject to currency fluctuations that may, from time to time, affect our financial condition and results of operations. Increases or decreases in the value of the Canadian Dollar or British Pounds Sterling relative to the U.S. Dollar impact the amount of net income we earn from our investments in Canada and the United Kingdom. Based solely on our results for the year ended December 31, 2022 December 31, 2023, including the impact of existing hedging arrangements, if these exchange rates were to increase or decrease by 10%, our net income from these investments would increase or decrease, as applicable, by less than $8,000,000. $9,000,000. We will continue to mitigate these underlying foreign currency exposures with non-U.S. denominated borrowings and gains and losses on derivative contracts. If we increase our international presence through investments in, or acquisitions or development of, seniors housing and health care properties outside the U.S., we may also decide to transact additional business or borrow funds in currencies other than U.S. Dollars, Canadian Dollars or British Pounds Sterling. To illustrate the impact of changes in foreign currency markets, we performed a sensitivity analysis on our derivative portfolio whereby we modeled the change in net present values arising from a hypothetical 1% increase in foreign currency exchange rates to determine the instruments' change in fair value. Impairment of Real Property and Investments in Unconsolidated Entities

Description of the Matter The Company, on a periodic basis, assesses whether there are indicators that (i) the carrying value of real property owned may not be recoverable or (ii) investments in unconsolidated entities may be other than temporarily impaired. At December 31, 2022 December 31, 2023, the Company's consolidated net real property owned was approximately $32.9 billion totaled $37.1 billion and its investments in unconsolidated entities totaled $1.6 billion. During 2023, the Company recorded impairment losses of $36.1 million related to real property owned and $35.3 million related to investments in unconsolidated entities.

As discussed in Note 2 to the consolidated financial statements, the Company reviews its real property quarterly owned on a property-by-property property by property basis to determine if facts and circumstances suggest that the real property may be impaired. This evaluation of indicators of impairment of a property is dependent on a number of factors, including when there is an event or adverse change in the operating performance of the property or a change in management's intent to hold and operate the property. If an indicator of impairment of the property is identified, management estimates whether the carrying value is recoverable using observable and unobservable inputs such as historical and forecasted cash flows and estimated capitalization rates. If the estimated undiscounted cash flows indicate that the real carrying value of the property will not be recoverable, the carrying value of the real property is reduced to its estimated fair value and an impairment charge is recognized for the difference between the carrying value and the fair value.

The Company also evaluates investments in unconsolidated entities for indicators of impairment and, when present, records impairment charges based upon a comparison of the estimated fair value of the equity method investment to its carrying value, if the decline in the estimated fair value of such an investment below its carrying value is other than temporary. This evaluation of indicators of impairment of investments in unconsolidated entities is dependent on a number of factors including the performance of each investment, a change in market conditions or a change in management's investment strategy. When required, the Company estimates the fair value of an investment and assesses whether any impairment is other than temporary using observable and unobservable inputs such as historical and forecasted cash flows and estimated capitalization rates.

Auditing the Company's process to evaluate management's evaluation of impairment of real property owned for impairment and investments in unconsolidated entities was complex due to (i) the high degree of subjectivity significant judgment employed by management in determining identifying whether indicators of impairment were present for certain properties, and (ii) the estimation uncertainty in determining the future undiscounted cash flows and estimated fair values, if necessary, of properties where indicators of impairment were determined to be present. In particular, the undiscounted cash flows of real property owned and, when necessary, the fair value estimates were of real property owned or investment in an unconsolidated entity. In particular, the evaluation was sensitive to significant assumptions such as forecasted cash flows, including future rental revenues leasing prospects and operating expenses, occupancy projections, and estimated capitalization rates, and anticipated hold period, all of which are can be affected by expectations about future market or economic conditions.

conditions, demand and competition.

How We Addressed the

Matter in Our Audit

We obtained an understanding, evaluated the design, and tested the operating effectiveness of controls over the Company's process to evaluate for evaluating impairment of real property owned for impairment. This included testing and investments in unconsolidated entities, including controls over the Company's review of impairment indicators by property and management's review and approval of the significant assumptions described above.

To test the Company's evaluation of impairment of real property for impairment, owned and investments in unconsolidated entities, we performed audit procedures that included, among others, assessing the methodologies used by management, applied, evaluating the significant assumptions discussed above and testing the completeness and accuracy of the underlying data used by the Company management in its analyses. analysis. We evaluated the appropriateness of indicators of impairment and the identification by management of real property owned and investments in unconsolidated entities where such indicators are present. We further assessed the progression of properties with impairment indicators identified in historical periods.

In addition, we compared the significant assumptions used by management to current industry and economic trends and evaluated whether changes to the Company's business and other relevant factors would affect the significant market information, and as needed, involved a valuation specialist to assist in evaluating certain assumptions. In addition, we assessed the historical accuracy of the Company's estimates and We performed sensitivity analyses of the significant assumptions used to evaluate determine recoverability and/or fair value (each where applicable) of the changes related real property owned or investments in unconsolidated entities and evaluated significant variances between the undiscounted future forecasted cash flows and estimated fair values of the property that would result from changes historical actual results. We also assessed whether any declines in the significant assumptions. investments in unconsolidated entities were other-than-temporary.

Real Estate Acquisitions

Description of the Matter During the year ended December 31, 2022, the Company completed approximately $2.3 billion of real estate acquisitions. As disclosed in Note 3 of the consolidated financial statements, the total purchase price for all properties acquired has been allocated to the related real estate acquired (tangible assets and identifiable intangible assets and liabilities) based upon their relative fair values.

REFINITIV

Auditing the fair values allocated by management to the real estate acquired was complex because the fair value estimates were sensitive to significant assumptions, including comparable land sales, capitalization rates, discount rates, market rental rates and property operating data, which can be impacted by expectations about future market or economic conditions.

How We Addressed the Matter in Our Audit

We obtained an understanding, evaluated the design, and tested the operating effectiveness of controls over the Company's process to account for real estate acquisitions, including controls over the Company's review of the significant assumptions discussed above.

To test the fair values allocated to the real estate acquired, we performed audit procedures that included, among others, assessing the methodologies used by management and evaluating the significant assumptions used by the Company discussed above. We compared certain of management's assumptions to external market data for similar properties and tested the clerical accuracy of the valuation models. We involved our valuation specialist in our evaluation of the significant assumptions used by the Company and the review of the valuation models.

2. Accounting Policies and Related Matters

Use of Estimates

The preparation of the consolidated financial statements in conformity with U.S. generally accepted accounting principles ("U.S. GAAP") requires us to make estimates and assumptions that affect the amounts reported in the consolidated financial statements and accompanying notes. Actual results could differ from those estimates.

Principles of Consolidation

The consolidated financial statements include the accounts of our wholly-owned wholly owned subsidiaries and joint venture entities that we control, through voting rights or other means. All material intercompany transactions and balances have been eliminated in consolidation. At inception of transactions, we identify entities for which control is achieved through means other than voting rights ("variable interest entities" or "VIEs") and determine which business enterprise is the primary beneficiary of its operations. A VIE is broadly defined as an entity where either (i) the equity investors as a group, if any, do not have a controlling financial interest, substantially all of an entity's activities either involve or are conducted on behalf of an investor that has disproportionately few voting rights, (ii) the equity investment at risk is insufficient to finance that entity's activities without additional subordinated financial support. support or (iii) the equity investors as a group lack any of the following: (a) the power through voting or similar rights to direct the activities of an entity that most significantly impact the entity's economic performance, (b) the obligation to absorb the expected losses of an entity or (c) the right to receive the expected residual returns of an entity. Criterion (iii) is generally applied to limited partnerships and similarly structured entities by assessing whether a simple majority of the limited partners hold substantive rights to participate in significant decisions of the entity or have the ability to remove the decision maker or liquidate the entity without cause. If neither of those criteria are met, the entity is a VIE.

We consolidate investments in VIEs when we are determined to be the primary beneficiary. Accounting Standards Codification Topic 810, Consolidations ("ASC 810"), requires enterprises to perform a qualitative approach to determining whether or not a VIE will need to be consolidated. This evaluation is based on an enterprise's ability to direct and influence the activities of a VIE that most significantly impact that entity's economic performance and the rights held by limited partners or non-managing members.

The designation of an entity as a VIE is reassessed upon certain events, including but not limited to: (i) a change to the contractual arrangements of the entity or in the ability of a party to exercise its participation or kick-out rights, (ii) a change to the capitalization structure of the entity or (iii) acquisitions or sales of interests that constitute a change in control.

Revenue Recognition

For our Triple-net and Outpatient Medical segments, a significant source of our revenue is generated through leasing arrangements and accounted for under ASC 842, Leases ("ASC 842"). Leases with fixed annual rental escalators are generally recognized on a straight-line basis over the initial lease period, subject to a collectability assessment. Rental income related to leases with contingent rental escalators is generally recorded based on the contractual cash rental payments due for the period. Leases in our Outpatient Medical portfolio typically include some form of operating expense reimbursement by the tenant. tenant and upon adoption of ASC 842, we elected the lessor practical expedient to not separate non-lease components from the associated lease components resulting in presenting all revenue associated with Outpatient Medical leases as leasing revenue on the Consolidated Statements of Comprehensive Income. Certain payments made to operators tenants are treated as lease incentives and amortized as a reduction of revenue over the lease term.

For our Seniors Housing Operating segment, revenue from resident fees and services is predominantly service-based, and generally is recognized monthly as services are provided under ASC 606, Revenue from Contracts with Customers. provided. Agreements with residents generally have varying terms and are cancellable by the resident with 30 days' notice. We have elected the lessor practical expedient within ASC 842 and recognize and disclose the revenues for Seniors Housing Operating resident agreement based upon the predominant component, generally the non-lease service component, under ASC 606, Revenue from Contracts with Customers. Within that reportable segment, we also recognize revenue from residential seniors apartment leases in accordance with ASC 842. Management contracts are present in some of our joint venture agreements to provide asset and property management, leasing, marketing and other services and are recognized monthly as services are provided.

Our Seniors Housing Operating segment also contains continuing care retirement communities, which operate as entrance fee communities. The entrance fee communities offer different contracts which vary in terms of how much of the entrance fee is considered to be refundable upon move-out, temporarily refundable until a period of time has passed, or nonrefundable. Refundable entrance fees are recorded as a payable within the accrued expenses and other liabilities line item of our Consolidated Balance Sheets. Nonrefundable entrance fees are recorded as deferred revenue within the same line item and are recognized into revenue over the estimated remaining stay of the resident. We use a third party actuarial expert to determine the estimated remaining stay of each resident based on demographic data.

WELLTOWER INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Interest income on loans is recognized as earned based upon the principal amount outstanding, subject to an evaluation of collectability risk.

We recognize gains on the disposition of real estate when control transfers to the buyer, generally when consideration and title are exchanged and the risks and rewards of ownership transfer. We recognize losses from dispositions of real estate when known.

Cash and Cash Equivalents

Cash and cash equivalents consist of all highly liquid investments with an original maturity of three months or less.

Restricted Cash

Restricted cash primarily consists of amounts held by lenders to provide future payments for real estate taxes, insurance, tenant and capital improvements, amounts held in escrow relating to transactions we are entitled to receive over a period of time as outlined in the escrow agreement and net proceeds from property sales that were executed as tax-

deferred dispositions under Internal Revenue Code (“IRC”) Section 1031.

Deferred Loan Expenses

Deferred loan expenses are costs incurred by us in connection with the issuance, assumption and amendments of debt arrangements. Deferred loan expenses related to debt instruments, excluding the primary unsecured credit facility, are recorded as a reduction of the related debt liability. Deferred loan expenses related to the primary unsecured credit facility are included in receivables and other assets. We amortize these costs over the term of the debt using the straight-line method, which approximates the effective interest method.

Investments in Unconsolidated Entities

Investments in entities that we do not consolidate but have the ability to exercise significant influence over operating and financial policies are reported under the equity method of accounting. Under the equity method, our share of the investee’s earnings or losses is included in our consolidated results of operations. The initial carrying value of investments in unconsolidated entities is based on the amount paid to purchase the entity equity interest inclusive of transaction costs. To the extent that our cost basis is different from the basis reflected at the entity level, the basis difference is generally amortized over the lives of the related assets and liabilities, and such amortization is included in our share of equity in earnings of the entity. For earnings of equity method investments with pro rata distribution allocations, net income or loss is allocated between the partners in the joint venture based upon their respective stated ownership. In other instances, net income or loss may be allocated between the partners in the joint venture based on the hypothetical liquidation at book value method ("HLBV method"). Under the HLBV method, we recognize income and loss in each period based on the change in liquidation proceeds we would receive from a hypothetical liquidation of the underlying investment at book value.

We evaluate our equity method investments in unconsolidated entities for impairment and, when present, record impairment charges based upon a comparison of the estimated fair value of the equity method investment to its carrying value. When we determine a value if the decline in the estimated fair value of such an investment below its carrying value is other-than-temporary, other-than-temporary. This evaluation of indicators of impairment of investments in unconsolidated entities is dependent on a number of factors including the performance of each investment, a change in conditions or a change in management's investment strategy. When required, we estimate the fair value of an investment and assess whether any impairment is recorded. other-than-temporary using observable and unobservable inputs such as historical and forecasted cash flows and estimated capitalization rates.

Equity Securities

Equity securities are measured at fair value with gains and losses recognized in loss (gain) on derivatives and financial instruments, net in the Consolidated Statements of Comprehensive Income.

Welltower OP Noncontrolling Interests

Members of Welltower OP other than Welltower have the right under the limited liability company agreement to redeem their Class A Common Units ("OP Units") for shares of Welltower common stock or cash, at Welltower's sole discretion, as the initial member. Accordingly, we classify the non-Welltower OP Units held by such other members in permanent equity because Welltower may elect to issue shares of Welltower common stock to the non-Welltower members who choose to redeem their OP Units rather than using cash.

Redeemable Noncontrolling Interests

Certain noncontrolling interests are redeemable at fair value. Accordingly, we record the carrying amount of the noncontrolling interests at the greater of (i) the initial carrying amount, increased or decreased for the noncontrolling interest’s share of net income or loss and its share of other comprehensive income or loss, and dividends contributions or distributions or (ii) the redemption value. If the interests are redeemable in the future, we accrete the carrying value to the redemption value over the period until expected redemption, currently a weighted-average period of approximately four years.five years. In accordance with ASC 810, the redeemable noncontrolling interests are classified outside of permanent equity, as a mezzanine item, on the balance sheet. At December 31, 2022 December 31, 2023, the current redemption value of redeemable noncontrolling interests exceeded the carrying value of $384,443,000 $290,605,000 by $65,575,000.

WELLTOWER INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

$46,178,000.

We entered into certain DownREIT partnerships which give a real estate seller the ability to exchange its property on a tax deferred basis for equity membership interests (“DownREIT Units”). The DownREIT Units may be redeemed any time following the first anniversary of the date of issuance at the election of the holders for one share of our common stock per unit or, at our option, cash.

Real Property Owned

Real estate acquisitions are generally classified as asset acquisitions for which we record tangible assets and identifiable intangible assets and liabilities at cost on a relative fair value basis. Liabilities assumed and any associated noncontrolling interests are reflected at fair value. Tangible assets primarily consist of land, buildings and improvements. In making estimates of relative fair value, we utilize a number of sources including independent appraisals, our own analysis of recently acquired or developed and existing comparable properties in our portfolio and other market data.

Identifiable intangible assets and liabilities consist primarily of the above or below market component of in-place leases and the value associated with the presence of in-place leases. The value allocable to the above or below market component of the acquired in-place lease is determined based upon the present value (using a discount rate which reflects the risks associated with the acquired leases) of the difference between (i) the contractual amounts to be paid pursuant to the lease over its remaining term, and (ii) management’s estimate of the amounts that would be paid using fair market rates over the remaining term of the lease. The amounts allocated to above market leases are included in acquired lease intangibles and below market leases are included in other liabilities on the balance sheet and are amortized to rental income over the remaining terms of the respective leases or lease-up period. leases.

The total amount of other intangible assets acquired is further allocated to in-place lease values and customer relationship values for in-place tenants based on management’s evaluation of the specific characteristics of each tenant’s lease and our overall relationship with that respective tenant. Characteristics considered by management in allocating these values include the nature and extent of our existing business relationships with the tenant, growth prospects for developing new business with the tenant, the tenant’s credit quality and expectations of lease renewals, among other factors. The total amount of other intangible assets acquired is further allocated to in-place lease values for in-place residents with such value representing (i) value associated with lost revenue related to tenant reimbursable operating costs that would be incurred in an assumed re-leasing period,

and (ii) value associated with lost rental revenue from existing leases during an assumed re-leasing period. This intangible asset is amortized over the remaining life of the lease or the assumed re-leasing period.

Real property developed by us is recorded at cost, including the capitalization of construction period interest. These Owned properties are depreciated on a straight-line basis over their estimated useful lives which range from 15 to 40 years for buildings and 5 to 15 years for improvements. We consider costs incurred in conjunction with re-leasing properties, including tenant improvements and lease commissions, to represent the acquisition of productive assets and, accordingly, such costs are reflected as investment activities in our Consolidated Statement of Cash Flows.

The net book value of long-lived assets real property owned is reviewed quarterly on a property by property basis to determine if facts and circumstances suggest that the assets a property may be impaired or that the depreciable life may need to be changed. We consider external factors relating to each asset and the existence impaired. This evaluation of indicators of impairment of a master lease which may link property is dependent on a number of factors, including when there is an event or adverse change in the operating performance of the property or a change in management's intent to hold and operate the property. If an indicator of impairment of the property is identified, management estimates whether the carrying value is recoverable using observable and unobservable inputs such as historical and forecasted cash flows of an individual asset to a larger portfolio of assets leased to and estimated capitalization rates. If the same tenant. If these factors and the projected estimated undiscounted cash flows of the assets over the remaining depreciation period indicate that the assets carrying value of the property will not be recoverable, the carrying value of the property is reduced to the estimated fair market value. In addition, we are exposed to value and an impairment charge is recognized for the risks inherent in concentrating investments in real estate, difference between the carrying value and in particular, the seniors housing and health care industries. A downturn in the real estate industry could adversely affect the value of our properties and our ability to sell properties for a price or on terms acceptable to us. fair value. Additionally, properties that meet the held for sale criteria are recorded at the lesser of fair value less costs to sell or the carrying value.

WELLTOWER INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Expenditures for repairs and maintenance are expensed as incurred.

Capitalization of Construction Period Interest

We capitalize interest costs associated with funds used for the construction of properties owned by us. The amount capitalized is based upon the balance outstanding during the construction period using the rate of interest which approximates our company-wide cost of financing. Our interest expense reflected in the Consolidated Statements of Comprehensive Income has been reduced by the amounts capitalized.

Loans Receivable

Loans receivable are recorded on our Consolidated Balance Sheets in real estate loans receivable, net of credit allowance, or for non-real estate loans receivable, in receivables and other assets. Real estate loans receivable consists of mortgage loans and other real estate loans which are primarily collateralized by a first, second or third mortgage lien, a leasehold mortgage on, or an assignment or pledge of the partnership interest in, the related properties, corporate guarantees and/or personal guarantees. Non-real estate loans are generally corporate loans with no real estate backing. Interest income on loans is recognized as earned based upon the principal amount outstanding, subject to an evaluation of the risk of credit loss.

In Substance Real Estate Investments

We provide loans to third parties for the acquisition, development and construction of real estate. Under these arrangements, it is possible that we will participate in the expected residual profits of the project through the sale, refinancing or acquisition of the property. We evaluate the characteristics of each arrangement, including its risks and rewards, to determine whether they are more similar to those associated with a loan or an investment in real estate. Arrangements with characteristics implying loan classification are presented as real estate loans receivable and result in the recognition of interest income. Arrangements with characteristics implying real estate joint ventures are treated as in substance real estate investments and presented as investments in unconsolidated entities and are accounted for using the equity method. The classification of each arrangement as either a real estate loan receivable or investment in unconsolidated entity involves judgment and relies on various factors, including market conditions, amount and timing of expected residual profits, credit enhancements in the form of guarantees, estimated fair value of the collateral, and significance of borrower equity in the project, among others. The classification of such arrangements is performed at inception, and periodically reassessed when significant changes occur in the circumstances or conditions described above.

Allowance for Credit Losses on Loans Receivable

The allowance for credit losses on loans receivable is maintained at a level believed adequate to absorb potential losses in our loans receivable. The determination of the credit allowance is based on a quarterly evaluation of all outstanding loans, including general economic conditions and estimated collectability of loan payments. We evaluate the collectability of our loans receivable based on a combination of credit quality indicators, including, but not limited to, payment status, historical loan charge-offs, financial strength of the borrower and guarantors, and nature, extent, and value of the underlying collateral. A loan is considered to have deteriorated credit quality when, based on current information and events, it is probable that we will be unable to collect all amounts due as scheduled according to the contractual terms of the loan agreement. For those loans we identified as having deteriorated credit quality, we determine the amount of credit loss on an individual basis. Placement on non-accrual status may be required. Consistent with this definition, all loans on non-accrual status are deemed to have deteriorated credit quality. To the extent circumstances improve and the risk of collectability is diminished, we may return these loans to income accrual status. While a loan is on non-accrual status, any cash receipts are applied against the outstanding principal balance. For the remaining loans we assess credit loss on a collective pool basis and use our historical loss experience for similar loans and expectations of future performance of the borrowers to determine the reserve for credit losses.

Goodwill

Goodwill is tested annually for impairment and is tested for impairment more frequently if events and circumstances indicate that the asset might be impaired. An impairment loss is recognized to the extent that the carrying amount, including goodwill, exceeds the reporting unit’s fair value and the implied fair value of goodwill is less than the carrying amount of that goodwill. We have not had any goodwill impairments.

Derivatives are recorded at fair value on the balance sheet as assets or liabilities. The valuation of derivative instruments requires us to make estimates and judgments that affect the fair value of the instruments. Fair values of our derivatives are estimated by pricing models that consider the forward yield curves and discount rates. The fair value of our forward exchange contracts are estimated by pricing models that consider foreign currency spot rates, forward trade rates and discount rates. Such amounts and the recognition of such amounts are subject to estimates that may change in the future. See Note 12 for additional information.

Federal Income Tax

We have elected to be treated as a REIT under the applicable provisions of the IRC, commencing with our first taxable year, and made no provision for U.S. federal income tax purposes prior to our acquisition of our taxable REIT subsidiaries ("TRSs"). As a result of these, as well as subsequent acquisitions, we now record income tax expense or benefit with respect to certain of our entities that are taxed as TRSs under provisions similar to those applicable to regular corporations and not under the REIT provisions. We account for deferred income taxes using the asset and liability method and recognize deferred tax assets and liabilities for the expected future tax consequences of events that have been included in our consolidated financial statements or tax returns. Under this method, we determine deferred tax assets and liabilities based on the differences between the financial reporting and tax bases of assets and liabilities using enacted tax rates in effect for the year in which the differences are expected to reverse. Any increase or decrease in the deferred tax liability that results from a change in circumstances, and that causes a change in our judgment about expected future tax consequences of events, is included in the tax provision when such changes occur. Deferred income taxes also reflect the impact of operating loss and tax credit carryforwards. A valuation allowance is provided if we believe it is more likely than not that all or some portion of the deferred tax asset will not be realized. Any increase or decrease in the valuation allowance that results from a change in circumstances, and that causes a change in our judgment about the realizability of the related deferred tax asset, is included in the tax provision when such changes occur. See Note 19 for additional information.

Foreign Currency

Certain of our subsidiaries' functional currencies are the local currencies of their respective countries. We translate the results of operations of our foreign subsidiaries into U.S. Dollars using average rates of exchange in effect during the period, and we translate balance sheet accounts using exchange rates in effect at the end of the period. We record resulting currency translation adjustments in accumulated other comprehensive income, a component of stockholders' equity, on our Consolidated Balance Sheets.

Earnings Per Share

Basic earnings per share is computed by dividing net income available to common stockholders by the weighted-average number of shares outstanding for the period, adjusted for non-vested shares of restricted stock. The computation of diluted earnings per share is similar to basic earnings per share, except that the number of shares is increased to include the number of additional common shares that would have been outstanding if the potentially dilutive common shares had been issued. Additionally, net income (loss)

Impact of COVID-19 Pandemic & Government Assistance

The extent to which the COVID-19 pandemic impacts our operations and those of our operators and tenants will depend on future developments, which are highly uncertain and cannot be predicted with confidence, including the scope, severity and duration of the pandemic, the actions taken to contain the pandemic or mitigate its impact, the direct and indirect economic effects of the pandemic and containment measures, the impact of new variants, the effectiveness of vaccines, and the overall pace of recovery, among others. The COVID-19 pandemic could have material and adverse effects on our financial condition, results of operations and cash flows in the future.

Our Seniors Housing Operating revenues are dependent on occupancy. As of December 31, 2022, nearly all communities are open for new admissions and allowing visitors, in-person tours and communal dining and activities. Average occupancy is as follows (unaudited):

	Three Months Ended(1)			
	March 31,	June 30,	September 30,	December 31,
2021	72.7 %	73.0 %	74.9 %	76.3 %
2022	76.3 %	77.1 %	78.0 %	78.3 %

Grant Income

(1) Average occupancy includes our minority ownership share related to unconsolidated properties and excludes the minority partners' noncontrolling ownership share related to consolidated properties. Also excludes land parcels and properties under development.

Property-level operating expenses associated with the COVID-19 pandemic related to our Seniors Housing Operating portfolio totaled $33,099,000, $63,681,000 and $110,719,000 for the years ended December 31, 2022, 2021 and 2020, respectively. These expenses were incurred as a result of public health measures and other regulations affecting our properties, as well as additional health and safety measures adopted by us and our operators related to the COVID-19 pandemic, including increases in labor and property cleaning expenses and expenditures related to our efforts to procure personal protective

equipment and supplies. We expect total Seniors Housing Operating expenses to remain elevated during the pandemic and potentially beyond as these additional health and safety measures become standard practice.

On March 27, 2020, the federal government enacted the Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”) to provide financial aid to individuals, businesses, and state and local governments. During the years ended December 31, 2022 December 31, 2023, 2021 2022 and 2020, 2021, we received government grants under the CARES Act primarily to cover increased expenses and lost revenue during the COVID-19 pandemic, as well as under similar programs in the U.K. and Canada. Grant income is recognized when there is reasonable assurance that the grant will be received and the Company will comply with all conditions attached to the grant. For the years ended December 31, 2022 December 31, 2023, 2021 2022 and 2020 2021 we recognized $21,220,000, $38,607,000 $97,933,000 and $31,927,000, $97,933,000, respectively, of government

grant income as a reduction to property operating expenses in our Consolidated Statements of Comprehensive Income. Additionally, for the years year ended December 31, 2021 and 2020, , we recognized $4,642,000 and $3,014,000, respectively, of government grant income in other income in our Consolidated Statements of Comprehensive Income. The amount of qualifying expenditures and lost revenue exceeded grant income recognized and we believe we have complied and will continue to comply with all grant conditions. In the event of non-compliance, all such amounts received are subject to recapture.

Our Triple-net operators have experienced similar occupancy trends as our Seniors Housing Operating properties. Additionally, long-term/post-acute care facilities have generally experienced a higher degree of occupancy declines. These factors may continue to impact the ability of our Triple-net operators to make contractual rent payments to us in the future. Many of our Triple-net operators received funds under the CARES Act Paycheck Protection Program and Provider Relief Fund.

New Accounting Standards

- In August 2020, the FASB issued ASU 2020-06, Debt-Debt with Conversion and Other Options (Subtopic 470-20) and Derivatives and Hedging-Contracts in Entity's Own Equity (Subtopic 815-40) Accounting for Convertible Instruments and Contracts in an Entity's Own Equity. This ASU simplifies accounting for convertible instruments and removes certain settlement conditions that are required for equity contracts to qualify for the derivative scope exception. This ASU also simplifies the diluted earnings per share calculation in certain areas and provides updated disclosure requirements. The ASU is effective for public business entities beginning after December 15, 2021, including interim periods within those fiscal years. The adoption of this standard did not have a significant impact on our consolidated financial statements.

- In November 2021, the FASB issued ASU 2021-10, Government Assistance (Topic 832): Disclosures by Business Entities about Government Assistance, which increases the transparency of government assistance including the disclosure of the types of assistance, an entity's accounting for assistance and the effect of the assistance on an entity's financial statements. The adoption of this standard did not have a material impact on our consolidated financial statements or disclosures.

- In March 2020, the FASB issued ASU 2020-04, Reference Rate Reform (Topic 848): Facilitation of an amendment to the Effects of Reference Rate Reform on Financial Reporting, reference rate reform standard, which provides the option for a limited period of time to ease the potential burden in accounting for, or recognizing the effects of, reference rate reform on contract modifications and hedge accounting. An example of such reform is the expected market transition from the London Interbank Offered Rate ("LIBOR") and other interbank offered rates to alternative reference rates. Entities that make this optional expedient election would not have to remeasure the contracts at the modification date or reassess the accounting treatment if certain criteria are met and would continue applying hedge accounting for relationships affected by reference

rate reform. In December 2022, the FASB extended the date for which this guidance can be applied from December 31, 2022 to December 31, 2024. We continue to monitor developments related to the LIBOR transition and identification of an alternative, market-accepted rate.

- In November 2023, the FASB issued Accounting Standards Update No. 2023-07, "Segment Reporting (Topic 280): Improvements to Reportable Segment Disclosures," which is intended to improve reportable segment disclosure requirements, primarily through enhanced disclosures about significant segment expenses. The guidance is effective for fiscal years beginning after December 15, 2023, and interim periods within fiscal years beginning after December 15, 2024. Early adoption is permitted. The guidance is to be applied retrospectively to all periods presented in the financial statements. We are currently evaluating the potential impact of adopting this new guidance on our consolidated financial statements and disclosures.

- In December 2023, the FASB issued Accounting Standards Update No. 2023-09, "Income Taxes (Topic 740): Improvements to Income Tax Disclosures ("ASU 2023-09")," which modifies the rules on income tax disclosures to require entities to disclose (1) specific categories in the rate reconciliation, (2) the income or loss from continuing operations before income tax expense or benefit (separated between domestic and foreign) and (3) income tax expense or benefit from continuing operations (separated by federal, state and foreign). ASU 2023-09 also requires entities to disclose their income tax payments to international, federal, state and local jurisdictions, among other changes. The guidance is effective for annual periods beginning after December 15, 2024. Early adoption is permitted for annual financial statements that have not yet been issued or made available for issuance. ASU 2023-09 should be applied on a prospective basis, but retrospective application is permitted. We are currently evaluating the potential impact of adopting this new guidance on our consolidated financial statements and disclosures.

3. Real Property Acquisitions and Development

The total purchase price for all properties acquired has been allocated to the tangible and identifiable intangible assets and liabilities at cost on a relative fair value basis. Liabilities assumed and any associated noncontrolling interests are reflected at fair value. The results of operations for these acquisitions have been included in our consolidated results of operations since the date of acquisition and are a component of the appropriate segments. Transaction costs primarily represent costs incurred with acquisitions, including due diligence costs, fees for legal and valuation services, termination of pre-existing relationships computed based on the fair value of the assets acquired, lease termination fees and other acquisition-related costs. Transaction costs directly related to asset acquisitions are capitalized as a component of purchase price and all other non-capitalizable costs are reflected in other expenses on our Consolidated Statements of Comprehensive Income.

Our acquisition of properties are at times subject to earn out provisions based on the future operating performance of the acquired properties, which could result in incremental payments in the future. Our policy is to recognize such contingent consideration when the contingency is resolved and the consideration becomes payable. As of December 31, 2023, we do not expect future payments under these provisions to be material and no liabilities for such amounts have been accrued.

The following is a summary of our real property investment activity by segment for the periods presented (in thousands):

Holiday Retirement Acquisition

On July 30, 2021, we acquired a portfolio of 85 seniors housing properties owned by Holiday Retirement for $1,576,600,000, which are included in our Seniors Housing Operating segment and in the table above for the year ended December 31, 2021. Atria Senior Living assumed operations of the portfolio following its acquisition of the Holiday Retirement management company pursuant to an incentive-based management agreement. As part of this transaction, a wholly owned subsidiary

assumed the leasehold interest in a 26 property portfolio and subsequently purchased eight of the leased properties and one of the properties was sold by the landlord, National Health Investors ("NHI"), and removed from the master lease. Effective April 1, 2022, our leasehold interest related to the master lease with NHI for the remaining 17 properties was terminated as a result of the transition or sale of the properties by NHI as NHI. The lease termination was part of an agreement to resolve outstanding litigation. litigation with NHI. In conjunction with the agreement, a wholly owned subsidiary and the lessee on the master lease agreed to release $6,883,000 of cash to the landlord, which represents the net cash flow generated from the properties since we assumed the leasehold interest. Additionally, in conjunction with the lease termination, during the year ended December 31, 2022, we recognized $58,621,000 in other income on our Consolidated Statements of Comprehensive Income from the derecognition of the right of use asset and related liability.

Affinity Living Communities ("Affinity") Acquisition

Strategic Dissolution of Revera Joint Ventures

During the year ended December 31, 2023, we entered into definitive agreements to dissolve our existing Revera joint venture relationships across the U.S., U.K. and Canada. The transactions include acquiring the remaining interests in 110 properties from Revera, while simultaneously selling interests in 31 properties to Revera.

In June 2023, we closed the U.K. portfolio portion of the transaction through the acquisition of the remaining ownership interest in 29 properties previously held in two separate consolidated joint venture structures in which we owned 75% and 90% of the interests in exchange for the disposition to Revera of our interests in four properties. In addition, we received cash from Revera of $107,341,000 relating to the net settlement of loans previously made to the joint ventures. Operations for the 29 retained properties were transitioned to Avery Healthcare.

Total proceeds related to the four properties disposed were $222,521,000, which included non-cash consideration from Revera of $241,728,000, comprised of the fair value of interests received by us of $198,837,000 and an allocation of Revera's noncontrolling interests of $42,891,000, partially offset by $9,049,000 of transaction-related expenses as well as the $10,158,000 of cash paid to equalize the value exchanged between the parties. We disposed of net real property owned of $224,208,000, resulting in a loss of $1,687,000 recognized within gain (loss) on real estate dispositions, net within our Consolidated Statements of Comprehensive Income. Consideration transferred to acquire the additional interests in the 29 properties was comprised of the fair value of interests transferred by us of $198,837,000 and $5,776,000 of cash paid for transaction-related expenses. We derecognized $180,497,000 of noncontrolling interests and $22,270,000 of liabilities previously due to Revera with an adjustment of $1,846,000 recognized in capital in excess of par value. The non-cash investing activity with respect to the sale of the four properties and non-cash financing activity with respect to the acquisition of Revera's interests in the 29 properties has been excluded from our Consolidated Statement of Cash Flows.

We closed the portion of the transactions predominantly related to the U.S. portfolio during the third quarter of 2023 through (i) the acquisition of the remaining interests in ten properties currently under development or recently developed by Sunrise Senior Living that were previously held within an equity method joint venture owned 34% by us and 66% by Revera, (ii) the disposition of our minority interests in 12 U.S. properties and one Canadian development project and (iii) the disposition of our 34% interest in the Sunrise Senior Living management company. We recorded net real estate investments of $479,525,000 related to the ten acquired and now consolidated properties, which was comprised of $31,456,000 of cash consideration and $448,069,000 of non-cash consideration. Non-cash consideration primarily includes $270,486,000 of assumed mortgage debt secured by the acquired properties, which was subsequently repaid in full by us immediately following the transaction, $47,734,000 of carryover investment from our prior 34% equity method ownership interest and $119,258,000 of fair value interests in the 13 properties transferred by us to Revera. We also derecognized $56,905,000 of equity method investments related to the 13 properties retained by Revera and recorded a gain on real estate dispositions of $62,075,000. In conjunction with this transaction, operations for two of the now wholly owned properties, along with operations for 26 existing wholly owned properties, transitioned to Oakmont Management Group. The non-cash investing activity with respect to the fair value of interests exchanged in the transaction, non-cash investing activity with respect to the carrying value of prior equity method interests now included in the basis of the acquired properties and non-cash financing activity with respect to the assumption of the secured mortgage debt have been excluded from our Consolidated Statements of Cash Flows.

REFINITIV

The Canadian portfolio consists of 85 properties in a joint venture owned 75% by us and 25% by Revera. As a part of the transaction, we intend to acquire Revera's interest in 71 properties and sell our interests in the remaining 14 properties. As of December 31, 2023, operations for all 71 retained properties have transitioned to new operators. The transaction is expected to close in the first half of 2024.

Genesis HealthCare

As part of the substantial exit of the Genesis HealthCare ("Genesis") operating relationship, which we disclosed on March 2, 2021, we transitioned the sublease of a portfolio of seven facilities from Genesis to Complete Care Management in the second quarter of 2021. As part of the March 2021 transaction, we entered into a forward sale agreement for the seven properties valued at $182,618,000, which was expected to close when the Welltower-held purchase option became exercisable. As of March 31, 2023, the right of use assets related to the properties were $115,359,000 and were reflected as held for sale with the corresponding lease liabilities of $66,530,000 on our Consolidated Balance Sheet.

On May 1, 2023, we executed a series of transactions that included the assignment of the leasehold interest to a newly formed tri-party unconsolidated joint venture with Aurora Health Network, Peace Capital (an affiliate of Complete Care Management) and us, and culminated with the closing of the purchase option by the joint venture. The transactions resulted in net cash proceeds to us of $104,240,000 (excluded from the dispositions table above) after our retained interest of $11,571,000 in the joint venture and a gain from the loss of control and derecognition of the leasehold interest of $65,485,000, which we recorded in other income within our Consolidated Statements of Comprehensive Income.

6. Leases

We lease land, buildings, office space and certain equipment. Many of our leases include a renewal option to extend the term from one to 25 years or more. Renewal options that we are reasonably certain to exercise are recognized in our right-of-use assets and lease liabilities. As most of our leases do not provide a rate implicit in the lease agreement, we generally use our incremental borrowing rate available at lease commencement, underlying collateral for the lease and the ability to borrow against that collateral on a secured basis to determine the present value of lease payments. The incremental borrowing rates were determined using our longer term borrowing rates (actual pricing through 30 years, as well as other longer-term longer term market rates).

We sublease certain real estate to a third party. Our sublease portfolio consists of a finance lease for seven buildings which are subleased to a long-term/ post-acute care operator.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Welltower, the parent entity that consolidates Welltower OP and all other subsidiaries, fully and unconditionally guarantees to each holder of all series of senior unsecured notes issued by Welltower OP that the principal of and premium, if any, and interest on the notes will be promptly paid in full when due, whether at the applicable maturity date, by acceleration or redemption or otherwise, and interest on the overdue principal of and interest on the notes, if any, if lawful, and all other obligations of Welltower OP to the holders of the notes will be promptly paid in full or performed. Welltower's guarantees of such notes are its senior unsecured obligation and rank equally with all of Welltower's other future unsecured senior indebtedness and guarantees from time to time outstanding. Welltower's guarantees of such notes are effectively subordinated to all liabilities of its subsidiaries and to its secured indebtedness to the extent of the assets securing such indebtedness. Because Welltower conducts substantially all of its business through its subsidiaries, Welltower's ability to make required payments with respect to the guarantees depends on the financial results and condition of its subsidiaries and its ability to receive funds from its subsidiaries, whether by dividends, loans, distributions or other payments.

12. Derivative Instruments

We are exposed to, among other risks, the impact of changes in foreign currency exchange rates as a result of our non-U.S. investments and interest rate risk related to our capital structure. Our risk management program is designed to manage the exposure and volatility arising from these risks, and utilizes foreign currency forward contracts, cross currency swap contracts, interest rate swaps, interest rate locks and debt issued in foreign currencies to offset a portion of these risks.

Foreign Currency Forward Contracts Designated as Cash Flow Hedges

For instruments that are designated and qualify as a cash flow hedge, the effective portion of the gain or loss on the derivative is deferred as a component of other comprehensive income ("OCI") and reclassified into earnings in the same period or periods, during which the hedged transaction affects earnings. Gains and losses on the derivative representing either hedge ineffectiveness or hedge components excluded from the assessment of effectiveness are recognized in earnings.

Cash Flow Hedges and Fair Value Hedges of Interest Rate Risk

We enter into interest rate swaps in order to maintain a capital structure containing targeted amounts of fixed and floating-rate debt and manage interest rate risk. Interest rate swaps designated as cash flow hedges involve the receipt of variable amounts from a counterparty in exchange for our fixed-rate payments. These interest rate swap agreements are used to hedge the variable cash flows associated with variable-rate debt.

Interest rate swaps designated as fair value hedges involve the receipt of fixed amounts from a counterparty in exchange for our variable-rate payments. These interest rate swap agreements hedge the exposure to changes in the fair value of fixed-rate debt attributable to changes in the designated benchmark interest rate. For derivative instruments that are designated and qualify as a fair value hedge, the gain or loss on the derivative instrument, as well as the offsetting loss or gain on the hedged item attributable to the hedged risk, are recognized in earnings. We record the gain or loss on the hedged items in interest expense, the same line item as the offsetting loss or gain on the related interest rate swaps. In March 2022, we entered into a fixed to floating swap in connection with our March 2022 senior note issuance. The As of December 31, 2023, the carrying amount of the notes, exclusive of the hedge, is $545,381,000. $545,872,000. The fair value of the swap as of December 31, 2022 December 31, 2023 was ($55,727,000) 48,314,000) and was recorded as a derivative liability with an offset to senior unsecured notes on our Consolidated Balance Sheets.

Periodically, we enter into and designate interest rate locks to partially hedge the risk of changes in interest payments attributable to increases in the benchmark interest rate during the period leading up to the probable issuance of fixed-rate debt. We designate our interest rate locks as cash flow hedges. Gains and losses when we settle our interest rate locks are amortized into earnings over the life of the related debt, except where a material amount is deemed to be ineffective, which would be immediately recognized in the Consolidated Statements of Comprehensive Income. Approximately $2,562,000 of losses, which are included in OCI, other comprehensive income ("OCI"), are expected to be reclassified into earnings in the next 12 months.

Cash flows from derivatives accounted for as a fair value or cash flow hedge are classified in the same category as the cash flows from the items being hedged in the Consolidated Statement of Cash Flows.

Foreign Currency Forward Contracts and Cross Currency Swap Contracts Designated as Net Investment Hedges

We use foreign currency forward and cross currency forward swap contracts to hedge a portion of the net investment in foreign subsidiaries against fluctuations in foreign exchange rates. For instruments that are designated and qualify as net investment hedges, the variability in the foreign currency to U.S. Dollar of the instrument is recorded as a cumulative translation adjustment component of OCI.

WELLTOWER INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

During the years ended December 31, 2022 December 31, 2023, 2021, 2022, and 2020 2021 we settled certain net investment hedges generating cash proceeds of $29,553,000, $61,853,000 and $14,505,000, and necessitating cash payments of $1,988,000, respectively. The balance of the cumulative translation adjustment will be reclassified to earnings if the hedged investment is sold or substantially liquidated.

Derivative Contracts Undesignated

We use foreign currency exchange contracts to manage existing exposures to foreign currency exchange risk. Gains and losses resulting from the changes in fair value of these instruments are recorded in interest expense on the Consolidated Statements of Comprehensive Income and are substantially offset by net revaluation impacts on foreign currency denominated balance sheet exposures. In addition, we have several interest rate cap contracts related to variable rate secured debt agreements. Gains and losses resulting from the changes in fair values of these instruments are also recorded in interest expense.

Equity Warrants

We received equity warrants through our lending activities further described in Note 7, which were accounted for as loan origination fees. The warrants provide us the right to participate in the capital appreciation of the underlying HC-One Group real estate portfolio above a designated price upon liquidation and contain net settlement terms qualifying as derivatives under ASC Topic 815. The warrants are classified within receivables and other assets on our Consolidated Balance Sheets. These warrants are measured at fair value with changes in fair value being recognized within gain (loss) on derivatives and financial instruments in our Consolidated Statements of Comprehensive Income.

15. Stock Incentive Plans

In March 2022, our Board of Directors approved the 2022 Long-Term Plan ("2022 Plan"), which authorizes up to 10,000,000 shares of common stock or units to be issued at the discretion of the Compensation Committee of the Board of Directors. Awards granted after March 28, 2022 will be are issued out of the 2022 Plan. The awards granted under the 2016 Long-Term Incentive Plan continue to vest and options expire ten years from the date of grant. Our non-employee directors, officers and key employees are eligible to participate in the 2022 Plan. The 2022 Plan allows for the issuance of, among other things, stock options, stock appreciation rights, restricted stock units, deferred stock units, performance units and dividend equivalent rights. Vesting periods for options, deferred stock units and restricted shares stock units generally range from three to five years. Options expire ten years from the date of grant.

Under our long-term incentive plan, certain restricted stock awards are market, performance and time-based. For market and performance based awards, we will grant a target number of restricted stock units, with the ultimate award determined by the total shareholder return and operating performance metrics, measured in each case over a measurement period of three to four years. Performance based awards vest after the end of the performance periods. The expected term represents the period from the grant date to the end of the performance period. Compensation expense for performance based awards is measured based on the probability of achievement of certain performance goals and is recognized over the performance period. For the portion of the grant for which the award is determined by the operating performance metrics, the compensation cost is based on the grant date closing price and management's estimate of corporate achievement of the financial metrics. If the estimated number of performance based restricted stock to be earned changes, an adjustment will be recorded to recognize the accumulated difference between the revised and previous estimates. For the portion of the grant determined by the total shareholder return ("TSR"), management used a Monte Carlo model to assess the fair value and compensation cost. For time based awards, the fair value of the restricted stock is equal to the market price of the Company's common stock on the date of grant and is amortized over the vesting periods. For purposes of measuring stock-based compensation expense, we consider whether an adjustment to the observable market price is necessary to reflect material nonpublic information that is known to us at the time the award is granted. No adjustments were deemed necessary for the years ended December 31, 2022 December 31, 2023, 2021, 2022, or 2020. 2021. Forfeitures are accounted for as they occur.

17. Disclosure about Fair Value of Financial Instruments

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. A three-level valuation hierarchy exists for disclosures of fair value measurements

based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date. A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement. The three levels are defined below:

- Level 1 - Quoted prices in active markets for identical assets or liabilities.
- Level 2 - Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The following methods and assumptions were used to estimate the fair value of each class of financial instruments for which it is practicable to estimate that value:

Mortgage Loans, Other Real Estate Loans and Non-real Estate Loans Receivable — The fair value of mortgage loans, other real estate loans and non-real estate loans receivable is generally estimated by using Level 2 and Level 3 inputs such as discounting the estimated future cash flows using the current rates at which similar loans would be made to borrowers with similar credit ratings and for the same remaining maturities.

Cash and Cash Equivalents and Restricted Cash — The carrying amount approximates fair value.

Equity Securities — Equity securities are recorded at their fair value based on Level 1 publicly available trading prices.

Equity Warrants — The fair value of equity warrants is estimated using Level 3 inputs and includes data points such as enterprise value of the underlying HC-One Group real estate portfolio, marketability discount for private company warrants,

dividend yield, volatility and risk-free rate. The enterprise value is driven by projected cash flows, weighted average cost of capital and a terminal capitalization rate.

Borrowings Under Primary Unsecured Credit Facility and Commercial Paper Program — The carrying amount of the primary unsecured credit facility and commercial paper program approximates fair value because the borrowings are interest rate adjustable.

Senior Unsecured Notes — The fair value of the senior unsecured notes payable was is estimated based on Level 1 publicly available trading prices. The carrying amount of the variable rate senior unsecured notes approximates fair value because they are interest rate adjustable.

Secured Debt — The fair value of fixed rate secured debt is estimated using Level 2 inputs by discounting the estimated future cash flows using the current rates at which similar loans would be made with similar credit ratings and for the same remaining maturities. The carrying amount of variable rate secured debt approximates fair value because the borrowings are interest rate adjustable.

Foreign Currency Forward Contracts, Interest Rate Swaps and Cross Currency Swaps — Foreign currency forward contracts, interest rate swaps and cross currency swaps are recorded in other assets or other liabilities on the balance sheet at fair value that is derived from Level 2 observable market data, including yield curves and foreign exchange rates.

Redeemable DownREIT Unitholder Interests — Our redeemable DownREIT unitholder Unitholder interests are recorded on the balance sheet at fair value using Level 2 inputs unless the fair value is below the initial amount, in which case the redeemable DownREIT unitholder Unitholder interests are recorded at the initial amount adjusted for distributions to the unitholders and income or loss attributable to the unitholders. The fair value is measured using the closing price of our common stock, as units may be redeemed at the election of the holder for cash or, at our option, one share of our common stock per unit, subject to adjustment in certain circumstances.

Items Measured at Fair Value on a Recurring Basis

The market approach is utilized to measure fair value for our financial assets and liabilities reported at fair value on a recurring basis. The market approach uses prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities. The following summarizes items measured at fair value on a recurring basis (in thousands):

The most significant assumptions utilized in the valuation of the equity warrants are the cash flows of the underlying HC-One Group enterprise, as well as the terminal capitalization rate of which was 10.0% and 10.5%, at year end December 31, 2023 and 2022, respectively.

Items Measured at Fair Value on a Nonrecurring Basis

In addition to items that are measured at fair value on a recurring basis, we also have assets and liabilities in our balance sheet that are measured at fair value on a nonrecurring basis that are not included in the tables above. Assets, liabilities and noncontrolling interests that are measured at fair value on a nonrecurring basis include those acquired, exchanged or assumed. Asset impairments (if applicable, see Note 5 for impairments of real property and Note 7 for impairments of loans receivable) are also measured at fair value on a nonrecurring basis. We have determined that the fair value measurements included in each of these

assets and liabilities rely primarily on company-specific inputs and our assumptions about the use of the assets and settlement of liabilities, as observable inputs are not available. As such, we have determined that each of these fair value measurements generally resides within Level 3 of the fair value hierarchy. We estimate the fair value of real estate and related intangibles using the income approach and unobservable data such as net operating income and estimated capitalization and discount rates. We also consider local and national industry market data including comparable sales, and commonly engage an external real estate appraiser to assist us in our estimation of fair value. We estimate the fair value of assets held for sale based on current sales price expectations or, in the absence of such price expectations, Level 3 inputs described above. We estimate the fair value of loans receivable using projected payoff valuations based on the expected future cash flows and/or the estimated fair value of collateral, net of sales costs, if the repayment of the

loan is expected to be provided solely by the collateral. We estimate the fair value of secured debt assumed in asset acquisitions using current interest rates at which similar borrowings could be obtained on the transaction date.

18. Segment Reporting

We invest in seniors housing and health care real estate. We evaluate our business and make resource allocations on our three operating segments: Seniors Housing Operating, Triple-net and Outpatient Medical. Our Seniors Housing Operating properties include seniors apartments, assisted living, independent living/continuing care retirement communities, independent supportive living communities (Canada), care homes with and without nursing (U.K.) and combinations thereof that are generally owned and/or operated through RIDEA structures (see Note 19). Our Triple-net properties include the property types described above as well as long-term/post-acute care facilities. Under the Triple-net segment, we invest in seniors housing and health care real estate through acquisition and financing of primarily single tenant properties. Properties acquired are primarily leased under triple-net leases and we are not involved in the management of the property. Our Outpatient Medical properties are typically leased to multiple tenants and generally require a certain level of property management by us.

We evaluate performance based upon consolidated NOI of each segment. We define NOI as total revenues, including tenant reimbursements, less property operating expenses. We believe NOI provides investors relevant and useful information as it measures the operating performance of our properties at the property level on an unleveraged basis. We use NOI to make decisions about resource allocations and to assess the property level performance of our properties.

Non-segment revenue consists mainly of interest income on cash investments recorded in other income. Non-segment assets consist of corporate assets including cash, deferred loan expenses and corporate offices and equipment among others. Non-property specific revenues and expenses are not allocated to individual segments in determining NOI.

The accounting policies of the segments are the same as those described in the summary of significant accounting policies (see Note 2). The results of operations for all acquisitions described in Note 3 are included in our consolidated results of operations from the acquisition dates and are components of the appropriate segments. All inter-segment transactions are eliminated.

Summary information for the reportable segments (which excludes unconsolidated entities) during the years ended December 31, 2022 December 31, 2023, 2021 2022 and 2020 2021 is as follows (in thousands):

19. Income Taxes and Distributions

We elected to be taxed as a REIT commencing with our first taxable year. To qualify as a REIT for federal income tax purposes, at least 90% of taxable income (excluding 100% of net capital gains) must be distributed to stockholders. REITs that do not distribute a certain amount of taxable income in the current year are also subject to a 4% federal excise tax. The main differences between undistributed net income for federal income tax purposes and financial statement purposes are the recognition of straight-line rent for reporting purposes, basis differences in acquisitions, recording of impairments, differing useful lives and depreciation and amortization methods for real property and the provision for loan losses for reporting purposes versus bad debt expense for tax purposes.

Cash distributions paid to common stockholders, for federal income tax purposes, are as follows for the periods presented:

REITs generally are not subject to U.S. federal income taxes on that portion of REIT taxable income or capital gain that is distributed to stockholders. For the tax year ended December 31, 2022 December 31, 2023, as a result of ownership of investments in Canada and the U.K., we were subject to foreign income taxes under the respective tax laws of these jurisdictions.

On the basis of the evaluations performed as required by the codification, valuation allowances totaling $294,558,000 330,073,000 were recorded on U.S. taxable REIT subsidiaries as well as entities in other jurisdictions to limit the deferred tax assets to the amount that we believe is more likely than not realizable. However, the amount of the deferred tax asset considered realizable could be adjusted if (i) estimates of future taxable income during the carryforward period are reduced or increased or (ii) objective negative evidence in the form of cumulative losses is no longer present (and additional weight may be given to subjective evidence such as our projections for growth). The valuation allowance rollforward is summarized as follows for the periods presented (in thousands):

As a result of certain acquisitions, REIT, we are subject to certain corporate level taxes for any related asset dispositions that may occur during the five-year period immediately after such assets were owned by a C corporation ("built-in gains tax"). The amount of income potentially subject to this special corporate level tax is generally equal to the lesser of (i) the excess of the fair value of the asset over its adjusted tax basis as of the date it became a REIT asset, or (ii) the actual amount of gain. Some but not all gains recognized during this period of time could be offset by available net operating losses and capital loss carryforwards. During the year ended December 31, 2018, we acquired certain additional assets with built-in gains as of the date of acquisition that could be subject to the built-in gains tax if disposed of prior to the expiration of the applicable five-year period. We have not recorded a deferred tax liability as a result of the potential built-in gains tax based on our intentions with respect to such properties and available tax planning strategies.

Given the applicable statute of limitations, we generally are subject to audit by the Internal Revenue Service ("IRS") for the year ended December 31, 2019 December 31, 2020 and subsequent years. The statute of limitations may vary in the states in which we own properties or conduct business. We do not expect to be subject to audit by state taxing authorities for any year prior to the year ended December 31, 2018 December 31, 2019. We are also subject to audit by the Canada Revenue Agency and provincial authorities generally for periods subsequent to May 2018 2019 related to entities acquired or formed in connection with acquisitions, and by the U.K.'s HM Revenue & Customs for periods subsequent to August 2016 2017 related to entities acquired or formed in connection with acquisitions.

At December 31, 2022 December 31, 2023, we had a net operating loss ("NOL") carryforward related to the REIT of $335,293,000.$358,461,000. Due to our uncertainty regarding the realization of certain deferred tax assets, we have not recorded a deferred tax asset related to NOLs generated by the REIT. These amounts can be used to offset future taxable income (and/or taxable income for prior years if an audit determines that tax is owed), if any. The REIT will be entitled to utilize NOLs and tax credit carryforwards only to the extent that REIT taxable income exceeds our deduction for dividends paid. The NOL carryforwards generated through December 31, 2018 December 31, 2019 will expire through 2038.2039. Beginning with the tax years after December 31, 2017, the law eliminates the NOL carryback period for REITs, replaces the 20-year NOL carryforward period with an indefinite carryforward period and, with respect to tax years beginning after 2020, limits the use of NOLs to 80% of taxable income.

At December 31, 2022 December 31, 2023 and 2021, 2022, we had an NOL carryforward related to Canadian entities of $368,979,000 467,804,000 and $316,821,000 $368,979,000 respectively. These Canadian losses have a 20-year carryforward period. At December 31, 2022 December 31, 2023 and 2021, 2022, we had an NOL carryforward related to U.K. entities of $184,779,000 218,258,000 and $193,998,000 $184,779,000 respectively. These U.K. losses do not have a finite carryforward period.

20. Variable Interest Entities

We have entered into joint ventures and have certain subsidiaries that are either wholly owned by us or by consolidated joint ventures which own certain seniors housing real estate investments and outpatient medical assets which are deemed to be VIEs. Our VIEs primarily hold real estate assets within our Seniors Housing Operating and Triple-net portfolios, the nature and risk of which are consistent with our overall portfolio. We have concluded that we are the primary beneficiary of these VIEs based on a combination of operational control of the entities and the rights to receive residual returns or the obligation to absorb losses arising from the entities. Except for capital contributions associated with the initial entity formations, the entities have been and are expected to be funded from the ongoing operations of the underlying properties. Accordingly, such entities have been consolidated, and the table below summarizes the balance sheets of consolidated VIEs in the aggregate (in thousands):

The Company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with U.S. generally accepted accounting principles. The Company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with U.S. generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements. Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

The independent registered public accounting firm of Ernst & Young LLP, as auditors of the Company's consolidated financial statements, has issued an attestation report on the Company's internal control over financial reporting.

Changes in Internal Control over Financial Reporting

During the third quarter of 2022, we implemented new enterprise resource planning and corporate performance management systems. These implementations resulted in considerable changes to our processes and control environment, including modifications to existing applications, interfaces and reports. The new systems were used during the third and fourth quarter of 2022, and the new and modified processes and controls implemented were used to prepare our consolidated financial statements for the year ended December 31, 2022 included in this report. We will continue to monitor our internal control over financial reporting under the new systems, including evaluating the operating effectiveness of related key controls.

There were no other changes in our internal control over financial reporting (as defined in Rule 13a-15(f) of the Securities Exchange Act of 1934, as amended) that occurred during the fourth quarter of the one-year period covered by this report that materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

In our opinion, Welltower Inc. and subsidiaries (the Company) maintained, in all material respects, effective internal control over financial reporting as of December 31, 2022 December 31, 2023, based on the COSO criteria.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States) (PCAOB), the consolidated balance sheets of Welltower Inc. and subsidiaries as of December 31, 2022 December 31, 2023 and 2021, 2022, the related consolidated statements of comprehensive income, equity and cash flows for each of the three years in the period ended December 31, 2022 December 31, 2023, and the related notes and financial statement schedules listed in the index Index at Item 15(a) and our report dated February 21, 2023 February 15, 2024 expressed an unqualified opinion thereon.

Basis for Opinion

The Company's management is responsible for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting included in the accompanying Management's Report on Internal Control over Financial Reporting. Our responsibility is to express an opinion on the Company's internal control over financial reporting based on our audit. We are a public accounting firm registered with the PCAOB and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects.

Our audit included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, testing and evaluating the design and operating effectiveness of internal control based on the assessed risk, and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

Definition and Limitations of Internal Control Over Financial Reporting

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

DESCRIPTION OF THE REGISTRANT'S SECURITIES REGISTERED PURSUANT TO SECTION 12 OF THE SECURITIES EXCHANGE ACT OF 1934

As of December 31, 2023, Welltower Inc. (the "Company") had the following classes of securities registered under Section 12 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"): (i) Common Stock, $1.00 par value per share ("Common Stock"); (ii) guarantee of 4.800% Notes due 2028 issued by Welltower OP LLC ("Welltower OP" or the "Issuer"); and (iii) guarantee of 4.500% Notes due 2034 issued by Welltower OP. Each of the Company's securities registered under Section 12 of the Exchange Act are listed on the New York Stock Exchange.

DESCRIPTION OF COMMON STOCK

The following is a description of the rights of Common Stock and related provisions of the Company's Amended and Restated Certificate of Incorporation, as amended (the "Certificate"), and Amended and Restated By-Laws (the "By-Laws") and applicable Delaware law. This description is qualified in its entirety by, and should be read in conjunction with, the Certificate, By-Laws, and applicable Delaware law.

Authorized Capital Stock

The Certificate authorizes the Company to issue up to 700,000,000 shares of Common Stock and 50,000,000 shares of preferred stock, $1.00 par value per share ("Preferred Stock"). As of February 9, 2024, the Company had 568,878,059 shares of Common Stock and no outstanding shares of Preferred Stock.

Dividend Rights

The holders of shares of Common Stock are entitled to receive dividends when declared by the Company's Board of Directors and after payment of, or provision for, full cumulative dividends on and any required redemptions of shares of Preferred Stock then outstanding, if any.

Voting Rights

The holders of shares of Common Stock are entitled to one vote per share on all matters to be voted on by such holders. Holders of shares of Common Stock are not entitled to cumulative voting rights.

Liquidation Rights

If the Company is voluntarily or involuntarily liquidated or dissolved, holders of shares of Common Stock are to share ratably in the Company's distributable assets remaining after the satisfaction of all of its debts and liabilities and the prior preferential rights of holders of share of Preferred Stock, if any.

Other Rights and Preferences

Holders of shares of Common Stock do not have preemptive rights, and there are no conversion rights or redemption or sinking fund provisions with respect to such shares of Common Stock. The rights, preferences and privileges of holders of shares of Common Stock are subject to, and may be adversely affected by, the rights of the holders of shares of any series of Preferred Stock which are outstanding or which the Company may designate and issue in the future.

Fully Paid and Nonassessable

All of the outstanding shares of Common Stock are fully paid and nonassessable.

Transfer Agent

The transfer agent for our common stock is Computershare Trust Company, N.A.

Listing

The Common Stock is listed on the New York Stock Exchange under the symbol "WELL."

Restrictions on Transfer of Securities

For the Company to qualify as a real estate investment trust ("REIT"), not more than 50% in value of the Company's outstanding capital stock may be owned, directly or indirectly, by five or fewer individuals at any time during the last half of the Company's taxable year. In order to ensure that this requirement is satisfied, the By-Laws (with respect to Common Stock and Preferred Stock) provide that no person may acquire securities that would result in the direct or indirect beneficial ownership of more than 9.8% of the Common Stock or more than 9.8% in value of the Company's outstanding capital stock by such person. For purposes of application of such limitations to any person, all options, warrants, convertible

REFINITIV

securities or other rights to acquire the Company's capital stock held directly or indirectly by such person will be treated as if all such rights had been exercised. If any securities in excess of this limit are issued or transferred to any person, such issuance or transfer shall be valid only with respect to such amount of securities as does not exceed this limit, and such issuance or transfer will be void with respect to the excess. The Company's Board of Directors may grant limited exemptions from the ownership restrictions set forth in the By-Laws to specified persons if the board determines that each such limited exemption is in the best interests of the Company and its stockholders.

The By-Laws further provide that, if the foregoing stock ownership limitations are determined to be invalid by virtue of any legal decision, statute, rule or regulation, then the transferee of the shares or other securities will be deemed to have acted as the Company's agent in acquiring the shares or other securities that are in excess of the limit, and will be deemed to hold such excess shares or securities on behalf of the Company. As the equivalent of treasury securities for such purposes, the excess securities will not be entitled to any voting rights, will not be considered to be outstanding for quorum or voting purposes, and will not be entitled to receive dividends, interest or any other distribution with respect to such securities. Any person who receives dividends, interest or any other distribution in respect of the excess securities will hold the same as the Company's agent and for the transferee of the excess securities following a permitted transfer.

In addition, under the By-Laws, the Company may refuse to transfer any shares, passing either by voluntary transfer, by operation of law, or under the last will and testament of any stockholder, if such transfer would or might, in the opinion of the Company's Board of Directors or counsel to the Company, disqualify the Company as a REIT.

Anti-Takeover Provisions

The Certificate and By-Laws contain provisions that may have the effect of discouraging persons from acquiring large blocks of the Company's stock or delaying or preventing a change in control of the Company. The material provisions that may have such an effect are:

- A provision permitting the Company's Board of Directors to make, amend or repeal the By-Laws.
- Authorization for the Company's Board of Directors to issue Preferred Stock in series and to fix the rights and preferences of the series, including, among other things, whether and to what extent the shares of any series will have voting rights and the extent of the preferences of the shares of any series with respect to dividends and other matters.
- A prohibition on stockholders taking action by written consent in lieu of a meeting.
- Advance notice procedures with respect to nominations of directors by stockholders and proposals by stockholders of business at an annual meeting.
- The grant only to our board of directors of the right to call special meetings of stockholders.
- Limitations on the number of shares of the Company's capital stock that may be beneficially owned, directly or indirectly, by any one stockholder.
- Limitations on transactions that involve the Company and any stockholder who beneficially owns 5% or more of the Company's voting stock.
- A provision permitting amendment by the stockholders of certain of the provisions listed above only by an affirmative vote of the holders of at least 75% of all of the outstanding shares of the Company's voting stock, voting together as a single class.

Limitations on Transactions Involving the Company and Its Stockholders

Under the By-Laws, in addition to any vote otherwise required by law, the Certificate or the By-Laws, the following transactions will require the affirmative vote of the holders of at least 75% of the voting power of our then outstanding shares of capital stock entitled to vote generally in the election of directors, voting together as a single class:

- Any merger or consolidation of the Company with or into:
  - any stockholder that owns 5% or more of the Company's voting stock; or
  - any other corporation or entity which is, or after such merger or consolidation would be, an affiliate of a stockholder that owns 5% or more of the Company's voting stock.
- Any sale, lease, exchange, mortgage, pledge, transfer or other disposition of substantially all of the Company's assets, in one transaction or a series of transactions, to or with any stockholder that owns 5% or more of the Company's voting stock or an affiliate of any such stockholder.
- Any reclassification of our securities, including any reverse stock split, or recapitalization or any other transaction that has the effect, directly or indirectly, of increasing the proportionate share of the outstanding shares of any class of the Company's equity securities that is directly or indirectly owned by any stockholder that owns 5% or more of the Company's voting stock or any affiliate of such a stockholder, whether or not the transaction involves such a stockholder.
- The adoption of any plan or proposal for the Company's liquidation or dissolution proposed by or on behalf of a stockholder that owns 5% or more of the Company's voting stock or any affiliate of such a stockholder.

These provisions will not apply to any of the transactions described above if:

- The Company is at the time of the consummation of the transaction, and at all times throughout the preceding twelve months have been, directly or indirectly, the owner of a majority of each class of the outstanding equity securities of the 5% stockholder that is a party to the transaction; or
- The transaction has been approved by a majority of the members of the Company's Board of Directors who, at the time such approval is given, were not affiliates or nominees of the 5% stockholder; or
- Both of the following conditions have been met:
  - the aggregate amount of the cash and the fair market value, as determined in good faith by the Company's Board of Directors, of the consideration other than cash to be received per share by holders of the Company's voting stock in such transaction shall be at least equal to the highest per share price paid by the 5% stockholder for any shares of voting stock acquired by it:
  - within the two-year period immediately prior to the first public announcement of the proposal of the transaction, or
  - in the transaction in which it became a 5% stockholder, whichever is higher; and

- the consideration to be received by holders of a particular class of outstanding voting stock shall be in cash or in the same form as the 5% stockholder previously paid for shares of such voting stock. If the 5% stockholder paid for shares of any class of voting stock with varying forms of consideration, the form of consideration to be paid by the 5% stockholder for such class of voting stock shall be either cash or the form used to acquire the largest number of shares of such class of voting stock previously acquired by the stockholder.

DESCRIPTION OF DEBT SECURITIES

The following description of the Company's 4.800% Notes due 2028 (the "2028 Notes") and 4.500% Notes due 2034 (the "2034 Notes," and together with the 2028 Notes, the "notes") is a summary and does not purport to be complete. This description is qualified in its entirety by reference to the Indenture, dated as of March 15, 2010 (as amended from time to time, the "Base Indenture"), among Welltower OP, as issuer, the Company, as guarantor, and The Bank of New York Mellon Trust Company, N.A., as trustee ("Trustee"), as supplemented in the case of the 2028 Notes by Supplemental Indenture No. 9, dated as of November 20, 2013, between the Company and the Trustee ("Supplemental Indenture No. 9") and in the case of the 2034 Notes by Supplemental Indenture No. 10, dated as of November 25, 2014 ("Supplemental Indenture No. 10," and together with Supplemental Indenture No. 9, the "Supplemental Indentures"). The Base Indenture as supplemented by the Supplemental Indentures shall be referred to in this description as "Indenture." In this section, unless specifically noted otherwise or unless the context otherwise requires, the terms "Issuer" and "Welltower OP" refer only to Welltower OP LLC and not its subsidiaries, the term "Company" refer only to Welltower Inc. and not its subsidiaries, and the terms "we," "us," and "our" refer only to the Company and the Issuer, collectively, and not their subsidiaries.

The Notes

The 2028 Notes

Welltower OP issued £550,000,000 aggregate principal amount of the 2028 Notes on November 20, 2013. The 2028 Notes bear interest at a rate of 4.800% per year, payable annually in arrears on November 20 of each year, commencing November 20, 2014. The 2028 Notes mature on November 20, 2028. As of December 31, 2023, £550,000,000 aggregate principal amount of the 2028 Notes was outstanding.

The 2034 Notes

Welltower OP issued £500,000,000 aggregate principal amount of the 2034 Notes on November 25, 2014. The 2034 Notes bear interest at a rate of 4.500% per year, payable annually in arrears on December 1 of each year, commencing December 1, 2015. The 2034 Notes mature on December 1, 2034. As of December 31, 2023, £500,000,000 aggregate principal amount of the 2034 Notes was outstanding.

General

Each of the notes were issued as a separate series under the Indenture, which provides that each series of notes may be re-opened and the Issuer may from time to time issue additional notes of the same series. The notes were issued in fully registered form without coupons, in minimum denominations of £100,000 and integral multiples of £1,000. The notes are evidenced by a global note in book-entry form, except under the limited circumstances described under "Book-Entry Delivery and Settlement" below.

The Bank of New York Mellon Trust Company, N.A. is the trustee under the Indenture and the paying agent for the notes is The Bank of New York Mellon, London Branch (the "Paying Agent").

If an interest payment date or the maturity date falls on a day that is not a business day, the related payment of principal or interest will be made on the next business day as if made on the date the payment was due and no interest will accrue on the amount payable for the period from and after that interest payment date or the maturity date. Interest on the notes is computed on the basis of an ACTUAL/ACTUAL (ICMA) (as defined in the rulebook of the International Capital Market Association) day count convention. The principal of each note payable at maturity or earlier redemption will be paid against presentation and surrender of the notes at the office or agency maintained for such purpose in London, initially the corporate trust office of the Paying Agent, located at One Canada Square, London E14 3AL, United Kingdom, in Sterling or, in the event the notes are redenominated into Euro, Euro.

For purposes of the notes, "business day" means any day other than a Saturday or Sunday, (1) which is not a day on which banking institutions in the City of New York or London are authorized or required by law, regulation or executive order to close and, (2) in the event that any payment by us of the principal of, and premium, if any, and interest on, the notes is to be made in Euro, on which the Trans-European Automated Real-Time Gross Settlement Express Transfer system (the TARGET2 system), or any successor thereto, is open.

The notes are senior unsecured obligations of the Issuer and rank equally with each other and with all of the Issuer's other unsecured senior indebtedness outstanding from time to time. The notes are fully and unconditionally guaranteed by the Company. Such guarantees of the notes are the Company's senior unsecured obligation. The notes are not guaranteed by Welltower OP's subsidiaries. The notes are effectively subordinated to the Issuer's secured indebtedness to the extent of the assets securing such indebtedness and to all liabilities of the Issuer's subsidiaries. The Issuer's subsidiaries are separate legal entities and have no obligation to pay any amounts due pursuant to the notes.

Issuance in Sterling

Initial holders were required to pay for the notes in Sterling, and principal, premium, if any, and interest payments in respect of the notes are payable in Sterling or, if the United Kingdom adopts Euro as its lawful currency, in Euro.

If Sterling or, in the event the notes are redenominated into Euro, Euro is unavailable to us due to the imposition of exchange controls or other circumstances beyond our control or, in the event the notes are redenominated into Euro, the Euro is no longer used by the member states of the European Monetary Union that have adopted the Euro as their currency or for the settlement of transactions by public institutions within the international banking community, then all payments in respect of the notes will be made in U.S. dollars until Sterling or Euro, as the case may be, is again available to us or so used. In such case, the amount payable on any date in Sterling or, in the event the notes are redenominated into Euro, Euro will be converted into U.S. dollars on the basis of the market exchange rate (as defined below) as determined by us in our sole discretion. Any payment in respect of the notes so made in U.S. dollars will not constitute an event of default under the Indenture. Neither the Trustee nor the Paying Agent shall be responsible for obtaining exchange rates, effecting conversions or otherwise handling redenominations.

The "market exchange rate" means the noon buying rate in The City of New York for cable transfers of Sterling or Euro, as the case may be, as certified for customs purposes (or, if not so certified, as otherwise determined) by the Federal Reserve Bank of New York.

REFINITIV

Except as permitted and described below under “Merger, Consolidation or Sale of Assets,” the Issuer has agreed to do all things necessary to preserve and keep its existence, rights and franchises, provided that it is in its best interests for the conduct of business.

To the extent permitted by law, we have agreed to file all annual, quarterly and other reports and financial statements with the Securities and Exchange Commission (“SEC”) and the trustee on or before the applicable SEC filing dates whether or not we remain required to do so under the Exchange Act.

The notes are not secured by a mortgage, pledge or other lien. The Issuer covenants in the Supplemental Indentures not to pledge or otherwise subject to any Lien, any of its property or assets or those of its subsidiaries unless the notes are secured by such pledge or Lien equally and ratably with all other obligations secured thereby so long as such other obligations shall be so secured; provided, however, that such covenant does not apply to Liens securing obligations which do not in the aggregate at any one time outstanding exceed 40% of the sum of (i) the Total Assets (as defined below) of the Issuer and its consolidated subsidiaries as of the end of the calendar year or quarter covered in our most recently filed Form 10-K or Form 10-Q, as the case may be, prior to the incurrence of such additional Liens, and (ii) the purchase price of any real estate assets or mortgages receivable acquired, and the amount of any securities offering proceeds received (to the extent that such proceeds were not used to acquire real estate assets or mortgages receivable or used to reduce Indebtedness), by the Issuer or any subsidiary since the end of such calendar quarter, including those proceeds obtained in connection with the incurrence of such additional Liens. In addition, this covenant does not apply to:

(a) Pledges or deposits by the Issuer or its subsidiaries under workers’ compensation laws, unemployment insurance laws, social security laws, or similar legislation, or good faith deposits in connection with bids, tenders, contracts (other than for the payment of Indebtedness of the Issuer or its subsidiaries), or leases to which the Issuer or any of its subsidiaries is a party, or deposits to secure public or statutory obligations of the Issuer or its subsidiaries or deposits of cash or United States Government Bonds to secure surety, appeal, performance or other similar bonds to which the Issuer or any of its subsidiaries is a party, or deposits as security for contested taxes or import duties or for the payment of rent;

(b) Liens imposed by law, such as carriers’, warehousemen’s, materialmen’s and mechanics’ liens, or Liens arising out of judgments or awards against the Issuer or any of its subsidiaries which the Issuer or such subsidiary at the time shall be currently prosecuting an appeal or proceeding for review;

(c) Liens for taxes not yet subject to penalties for non-payment and Liens for taxes the payment of which is being contested in good faith and by appropriate proceedings;

(d) Minor survey exceptions, minor encumbrances, easements or reservations of, or rights of, others for rights of way, highways and railroad crossings, sewers, electric lines, telegraph and telephone lines and other similar purposes, or zoning or other restrictions as to the use of real properties;

(e) Liens incidental to the conduct of the business of the Issuer or any of its subsidiaries or to the ownership of its or their respective properties that were not incurred in connection with the Issuer’s or such subsidiary’s Indebtedness of, all of which Liens referred to in this clause (e) do not in the aggregate materially impair the value of the properties to which they relate or materially impair their use in the operation of the business taken as a whole of the Issuer and its subsidiaries, and as to all of the foregoing referenced in clauses (a) through (e), only to the extent arising and continuing in the ordinary course of business;

(f) Purchase money Liens on property acquired or held by the Issuer or its subsidiaries in the ordinary course of business, securing Indebtedness incurred or assumed for the purpose of financing all or any part of the cost of such property; provided, that (i) any such Lien attaches concurrently with or within 20 days after the acquisition thereof, (ii) such Lien attaches solely to the property so acquired in such transaction, (iii) the principal amount of the Indebtedness secured thereby does not exceed 100% of the cost of such property, and (iv) the aggregate amount of all such Indebtedness on a consolidated basis for the Issuer and its subsidiaries shall not at any time exceed $1,000,000;

(g) Liens existing on the Issuer’s balance sheet as of December 31, 2001; and

(h) Any extension, renewal or replacement (or successive extensions, renewals or replacements), as a whole or in part, of any Lien referred to in the foregoing clauses (a) through (g) inclusive; provided, however, that the amount of any and all obligations and Indebtedness secured thereby shall not exceed the amount thereof so secured immediately prior to the time of such extension, renewal or replacement and that such extension, renewal or replacement shall be limited to all or a part of the property which secured the Lien so extended, renewed or replaced (plus improvements on such property).

The Issuer also covenants in the Supplemental Indentures that it will not create, assume, incur, or otherwise become liable in respect of, any Indebtedness if the aggregate outstanding principal amount of Indebtedness of the Issuer and its consolidated subsidiaries is, at the time of such creation, assumption or incurrence and after giving effect thereto and to any concurrent transactions, greater than 60% of the sum of (i) the Total Assets of the Issuer and its consolidated subsidiaries as of the end of the calendar year or quarter covered in our most recently filed Form 10-K or Form 10-Q, as the case may be, prior to the incurrence of such additional Indebtedness and (ii) the purchase price of any real estate assets or mortgages receivable acquired, and the amount of any securities offering proceeds received (to the extent that such proceeds were not used to acquire real estate assets or mortgages receivable or used to reduce Indebtedness), by the Issuer or any subsidiary since the end of such calendar quarter, including those proceeds obtained in connection with the incurrence of such additional Indebtedness.

The Issuer also covenants in the Supplemental Indentures that it will have or maintain, on a consolidated basis, as of the last day of each fiscal quarter, Interest Coverage (as defined below) of not less than 150%.

Finally, the Issuer covenants in the Supplemental Indentures that it will maintain, at all times, Total Unencumbered Assets (as defined below) of not less than 150% of the aggregate outstanding principal amount of the Unsecured Debt (as defined below) of the Issuer and its subsidiaries on a consolidated basis.

For purposes of the foregoing covenants, the defined terms have the following meanings:

“*Capital Lease*”—means at any time any lease of property, real or personal, which, in accordance with GAAP (as defined below), would at such time be required to be capitalized on a balance sheet of the lessee.

“*Capitalized Lease Obligations*”—means as to any Person, the obligations of such Person to pay rent or other amounts under a lease of (or other agreement conveying the right to use) real and/or personal property which obligations are required to be classified and accounted for as a Capital Lease on a balance sheet of such Person under GAAP.

“*Cash*”—means as to any Person, such Person’s cash and cash equivalents, as defined in accordance with GAAP consistently applied.

Discharge, Defeasance and Covenant Defeasance

Discharge. We may discharge some obligations to holders of any series of debt securities that either have become due and payable or will become due and payable within one year, or scheduled for redemption within one year, by irrevocably depositing with the trustee, in trust, funds in the applicable currency in an amount sufficient to pay the debt securities, including any premium and interest.

Defeasance and Covenant Defeasance. We, at our option (a), will be discharged from any and all obligations in respect of the notes (except for certain obligations to issue definitive notes in exchange for temporary notes, to register the transfer or exchange of the notes, to replace destroyed, stolen, lost or mutilated notes, and to maintain an office or agency in respect of the notes and hold moneys for payment in trust) or (b) will be released from our obligations to comply with certain of the covenants provided for in the Indenture, including but not limited to those that are specified under "Certain Covenants" above with respect to the notes, and the occurrence of an event of default with respect to any such covenants and including those events of default described below under "Events of Default" shall no longer be an event of default if, in either case, the Issuer irrevocably deposits with the Trustee, in trust, money or United Kingdom government obligations that through payment of interest thereon and principal thereof in accordance with their terms will provide money in an amount sufficient to pay all of the principal of (and premium, if any) and any interest on the notes on the dates such payments are due (which may include one or more redemption dates designated by us) in accordance with the terms of such notes.

Such a trust may only be established if, among other things, (a) no event of default or event which with the giving of notice or lapse of time, or both, would become an event of default under the Indenture shall have occurred and be continuing on the date of such deposit, and (b) the Issuer shall have delivered an opinion of counsel to the effect that the holders of the notes of such series will not recognize gain or loss for United States federal income tax purposes as a result of such deposit or defeasance and will be subject to United States federal income tax in the same manner as if such defeasance had not occurred. In the event we omit to comply with our remaining obligations under the Indenture after a defeasance of the Indenture with respect to the notes and the notes are declared due and payable because of the occurrence of any undefeased event of default, the amount of money and United Kingdom government obligations on deposit with the Trustee may be insufficient to pay amounts due on the notes at the time of the acceleration resulting from such event of default. However, we will remain liable in respect of such payments.

Sinking Fund

The notes are not entitled to any sinking fund payments.

Optional Redemption

The notes may be redeemed at the Issuer's option, at any time in whole or from time to time in part, at a redemption price, as determined by the Issuer, equal to the sum of (i) the principal amount of the notes (or portion of such notes) being redeemed plus accrued and unpaid interest thereon to but excluding the redemption date and (ii) the Make-Whole Amount, if any; provided, however, that if the Issuer redeems the notes 90 or fewer days prior to the maturity date, the redemption price will equal 100% of the principal amount of the notes (or portion of such notes) being redeemed plus accrued and unpaid interest thereon to but excluding the redemption date.

If notice has been given as provided in the Indenture and funds for the redemption of any notes (or any portion of the notes) called for redemption shall have been made available on the redemption date referred to in such notice, such notes (or any portion of the notes) will cease to bear interest on the redemption date specified in such notice and the only

right of the holders of the notes will be to receive payment of the redemption price.

Notice of any optional redemption of any notes (or any portion of the notes) will be transmitted to holders as shown in the security register for such notes, not more than 60 nor less than 30 days prior to the redemption date in the case of the 2028 Notes and not more than 30 nor less than 15 days prior to the redemption date in the case of the 2034 Notes. The notice of redemption will specify, among other items, the redemption price and the principal amount of the notes held by such holder to be redeemed.

The Issuer will notify the Trustee at least 60 business days prior to giving notice of redemption (or such shorter period as is satisfactory to the Trustee) in the case of the 2028 Notes and 5 business days prior to giving notice of redemption (or such shorter period as is satisfactory to the Trustee) in the case of the 2034 Notes of the aggregate principal amount of such notes to be redeemed and their redemption date. If less than all of the notes are to be redeemed at the Issuer's option, the Trustee shall select, in such manner as it shall deem fair and appropriate, the notes to be redeemed in whole or in part and in accordance with the procedures of the applicable depositary.

As used herein:

"*Comparable Government Bond Rate*"—means the price, expressed as a percentage (rounded to three decimal places, 0.0005 being rounded upwards), at which the gross redemption yield on the notes, if they were to be purchased at such price on the third business day prior to the date fixed for redemption or the date of accelerated payment, would be equal to the gross redemption yield on such business day of the Comparable Government Bond (as defined below) on the basis of the middle market price of the Comparable Government Bond prevailing at 11:00 a.m. (London time) on such business day as determined by an independent investment bank selected by the Issuer.

"*Comparable Government Bond*"—means, in relation to any Comparable Government Bond Rate calculation, at the discretion of an independent investment bank selected by the Issuer, a United Kingdom government bond whose maturity is closest to the maturity of the notes, or if such independent investment bank in its discretion considers that such similar bond is not in issue, such other United Kingdom government bond as such independent investment bank may, with the advice of three brokers of, and/or market makers in, United Kingdom government bonds selected by such independent investment bank, determine to be appropriate for determining the Comparable Government Bond Rate.

"*Make-Whole Amount*"—means, in connection with any optional redemption or accelerated payment of any notes, the excess, if any, of (i) the aggregate present value, as of the date of such redemption or accelerated payment of each pound Sterling of principal being redeemed or paid and the amount of interest (exclusive of interest accrued to the date of redemption or accelerated payment) that would have been payable in respect of each such pound Sterling if such redemption or accelerated payment had not been made, determined by discounting, on an annual basis (ACTUAL/ACTUAL (ICMA) (as defined in the rulebook of the International Capital Market Association)), such principal and interest at the Reinvestment Rate (as defined below) from the respective dates on which such principal and interest would have been payable if such redemption or accelerated payment had not been made, to the date of redemption or accelerated payment, over (ii) the aggregate principal amount of the notes being redeemed or paid.

"*Reinvestment Rate*"—means the Comparable Government Bond Rate plus 0.30%.

The notes are also subject to redemption prior to maturity if certain events occur involving United States taxation. If any of these special tax events do occur, the notes may be redeemed at a redemption price of 100% of their principal amount plus accrued and unpaid interest to, but not including, the redemption date. See "Redemption for Tax Reasons."

Payment of Additional Amounts

All payments in respect of the notes will be made by or on behalf of us without withholding or deduction for, or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature, imposed or levied by the United States or any taxing authority thereof or therein, unless such withholding or deduction is required by law. If such withholding or deduction is required by law, we will pay to a holder who is not a United States person (as defined below) such additional amounts on the notes as are necessary in order that the net payment by us or a paying agent of the principal of, and Make-Whole Amount, if any, and interest on, the notes to such holder, after such withholding or deduction will not be less than the amount provided in the notes to be then due and payable; provided, however, that the foregoing obligation to pay additional amounts shall not apply:

(1) to any tax, assessment or other governmental charge that would not have been imposed but for the holder, or a fiduciary, settlor, beneficiary, member or shareholder of the holder if the holder is an estate, trust, partnership or corporation, or a person holding a power over an estate or trust administered by a fiduciary holder, being considered as:

  (a) being or having been engaged in a trade or business in the United States or having or having had a permanent establishment in the United States or having or having had a qualified business unit which has the U.S. dollar as its functional currency;

  (b) having a current or former connection with the United States (other than a connection arising solely as a result of the ownership of the notes, the receipt of any payment or the enforcement of any rights thereunder) or being considered as having such relationship, including being or having been a citizen or resident of the United States;

  (c) being or having been a personal holding company, a passive foreign investment company or a controlled foreign corporation with respect to the United States or a foreign personal holding company that has accumulated earnings to avoid United States federal income tax;

  (d) being or having been a "10-percent shareholder" of the Company as defined in section 871(h)(3) of the Internal Revenue Code of 1986, as amended (the "Code"), or any successor provision; or

  (e) being a bank receiving payments on an extension of credit made pursuant to a loan agreement entered into in the ordinary course of its trade or business;

(2) to any holder that is not the sole beneficial owner of the notes, or a portion of the notes, or that is a fiduciary, partnership or limited liability company, but only to the extent that a beneficiary or settlor with respect to the fiduciary, a beneficial owner or member of the partnership or limited liability company would not have been entitled to the payment of an additional amount had the beneficiary, settlor, beneficial owner or member received directly its beneficial or distributive share of the payment;

(3) to any tax, assessment or other governmental charge that would not have been imposed but for the failure of the holder or any other person to comply with certification, identification or information reporting requirements concerning the nationality, residence, identity or connection with the United States of the holder or beneficial owner of the notes, if compliance is required by statute, by regulation of the United States or any taxing authority therein or by an applicable income tax treaty to which the United States is a party as a precondition to exemption from such tax, assessment or other governmental charge;

(4) to any tax, assessment or other governmental charge that is imposed otherwise than by withholding by us or a paying agent from the payment;

(5) to any tax, assessment or other governmental charge that would not have been imposed but for a change in law, regulation, or administrative or judicial interpretation that becomes effective more than 15 days after the payment becomes due or is duly provided for, whichever occurs later;

(6) to any estate, inheritance, gift, sales, excise, transfer, wealth, capital gains or personal property tax or similar tax, assessment or other governmental charge;

(7) to any withholding or deduction that is imposed on a payment to an individual and that is required to be made pursuant to any law implementing or complying with, or introduced in order to conform to, any European Union Directive on the taxation of savings;

(8) to any tax, assessment or other governmental charge required to be withheld by any paying agent from any payment of principal of or interest on any Note, if such payment can be made without such withholding by at least one other paying agent;

(9) to any tax, assessment or other governmental charge that would not have been imposed but for the presentation by the holder of any Note, where presentation is required, for payment on a date more than 30 days after the date on which payment became due and payable or the date on which payment thereof is duly provided for, whichever occurs later;

(10) to any withholding or deduction that is imposed on a payment pursuant to Sections 1471 through 1474 of the Code and related Treasury regulations and pronouncements (the Foreign Account Tax Compliance Act) or any successor provisions and any regulations or official law, agreement or interpretations thereof or any regulations implementing an intergovernmental approach thereto; or

(11) in the case of any combination of items (1), (2), (3), (4), (5), (6), (7), (8), (9) and (10).

The notes are subject in all cases to any tax, fiscal or other law or regulation or administrative or judicial interpretation applicable to the notes. Except as specifically provided under this heading “Payment of Additional Amounts,” we will not be required to make any payment for any tax, duty, assessment or governmental charge of whatever nature imposed by any government or a political subdivision or taxing authority of or in any government or political subdivision.

As used under this heading “Payment of Additional Amounts” and under the heading “Redemption for Tax Reasons,” the term “United States” means the United States of America (including the states and the District of Columbia and any political subdivision thereof), and the term “United States person” means any individual who is a citizen or resident of the United States for U.S. federal income tax purposes, a corporation, partnership or other entity created or organized in or under the laws of the United States, any state of the United States or the District of Columbia, including an entity treated as a corporation for United States income tax purposes, or any estate or trust the income of which is subject to United States federal income taxation regardless of its source.

Redemption for Tax Reasons

If, as a result of any change in, or amendment to, the laws (or any regulations or rulings promulgated under the laws) of the United States (or any taxing authority thereof or therein), or any change in, or amendments to, an official position regarding the application or interpretation of such laws, regulations or rulings, which change or amendment is announced or becomes effective, we become or, based upon a written opinion of independent counsel selected by the Issuer, will become obligated to pay additional amounts as described herein under the heading “Payment of Additional Amounts” with respect to the notes, then the Issuer may at any time at its option redeem, in whole, but not in part, the notes on not less than 30 nor more than 60 days’ prior notice to the holders of the notes, at a redemption price equal to 100% of the principal amount of the notes being redeemed, together with accrued and unpaid interest on the notes to, but not including, the redemption date.

Book-Entry Delivery and Settlement

The notes are represented by one or more fully registered global notes. Each such global note was deposited with, or on behalf of, a common depositary for, and in respect of interests held through, Euroclear and Clearstream. Except as described herein, certificates will not be issued in exchange for beneficial interests in the global notes. Except as set forth below, the global notes may be transferred, in whole and not in part, only to Euroclear or Clearstream or their respective nominees. Beneficial interests in the global notes will be represented, and transfers of such beneficial interests will be effected, through accounts of financial institutions acting on behalf of beneficial owners as direct or indirect participants in Euroclear or Clearstream. Investors may hold their interests in the global notes through Clearstream or Euroclear, either as a participant in such systems or indirectly through organizations which are participants in such systems. Book-entry interests in the notes and all transfers relating to the notes will be reflected in the book-entry records of Clearstream and Euroclear. Those beneficial interests will be in denominations of £100,000 and integral multiples of £1,000 in excess thereof.

Except as provided below, owners of beneficial interests in the global notes will not be entitled to have the notes registered in their names, will not receive or be entitled to receive physical delivery of the notes in definitive form and will not be considered the owners or holders of the notes under the Indenture, including for purposes of receiving any reports delivered by us or the Trustee pursuant to the Indenture. Accordingly, each person owning a beneficial interest in a note must rely on the procedures of the clearing systems and, if such person is not a participant of the clearing systems, on the procedures of the participant through which such person owns its interest,

in order to exercise any rights of a holder of notes. So long as the common depositary for Euroclear and Clearstream is the registered owner of the global notes, the common depositary for all purposes will be considered the sole holder of the notes represented by the global notes under the Indenture and the global notes.

Exchange of Global Notes for Certificated Notes

Subject to certain conditions, the notes represented by the global notes are exchangeable for certificated notes in definitive form of like tenor in minimum denominations of £100,000 principal amount and multiples of £1,000 in excess thereof if:

(1) the common depositary notifies us that it is unwilling, unable or no longer qualified to continue as depositary for the global notes and the Issuer fails to appoint a successor depositary within 90 calendar days;

(2) the Issuer, at its option, notify the Trustee in writing that the Issuer elects to cause the issuance of certificated notes; or

(3) there has occurred and is continuing an event of default with respect to the notes.

Any note that is exchangeable as above is exchangeable for certificated notes issuable in authorized denominations and registered in such names as the common depositary shall direct (in accordance with its customary procedures). Subject to the foregoing, a global note is not exchangeable, except for a global note of the same aggregate denomination to be registered in the name of the common depositary (or its nominee).

Events of Default

Each of the following events is defined in the Base Indenture as an “event of default” for any series of debt securities:

- We do not pay the principal or any premium on a debt security of that series within 30 days after its maturity date.

REFINITIV

- We do not pay interest on a debt security of that series within 30 days after its due date.
- We do not deposit any sinking fund payment for that series within 30 days after its due date.
- We remain in breach of any other term of the applicable indenture (other than a term added to the indenture solely for the benefit of another series) for 60 days after we receive a written notice of default from the trustee or holders of at least a majority in principal amount of debt securities of the affected series specifying the breach and requiring it to be remedied.
- We default under any of our other indebtedness in specified amounts after the expiration of any applicable grace period, which default results in the acceleration of the maturity of such indebtedness. Such default is not an event of default if the other indebtedness is discharged, or the acceleration is rescinded or annulled, within a period of 10 days after we receive a written notice from the trustee or holders of at least a majority in principal amount of debt securities of the affected series specifying the default and requiring that we discharge the other indebtedness or cause the acceleration to be rescinded or annulled.
- We or one of our “significant subsidiaries,” if any, files for bankruptcy or certain other events in bankruptcy, insolvency or reorganization occur. The term “significant subsidiary” means each of our significant subsidiaries, if any, as defined in Regulation S-X under the Securities Act of 1933, as amended.
- Any other event of default described in the applicable prospectus supplement occurs.

In addition to the events of default in the Base Indenture, the following constitute events of default under the Supplemental Indentures:

- We do not pay the principal or any premium on the notes at their maturity date.
- We default under any of our other indebtedness in an aggregate principal amount exceeding $10,000,000 after the expiration of any applicable grace period, which default results in the acceleration of the maturity of such indebtedness. Such default is not an event of default if the other indebtedness is discharged, or the acceleration is rescinded or annulled, within a period of 10 days after we receive notice specifying the default and requiring that we discharge the other indebtedness or cause the acceleration to be rescinded or annulled. Either the Trustee or the holders of more than 50% in principal amount of the outstanding notes may send the notice.
- The entry by a court of competent jurisdiction of one or more judgments, orders or decrees against us or any of our subsidiaries in an aggregate amount (excluding amounts fully covered by insurance) in excess of $10,000,000 and such judgments, orders or decrees remain undischarged, unstayed and unsatisfied in an aggregate amount (excluding amounts fully covered by insurance) in excess of $10,000,000 for a period of 30 consecutive days.

If an event of default has occurred and has not been cured, the trustee or the holders of at least a majority in principal amount of the debt securities of the affected series may declare the entire principal amount of all the debt securities of that series to be due and immediately payable. If an event of default occurs because of certain events in bankruptcy, insolvency or reorganization, the principal amount of all the debt securities of that series will be automatically accelerated, without any action by the trustee or any holder. At any time after the trustee or the holders have accelerated any series of debt securities, but before a judgment or decree for payment of the money due has been obtained, the holders of at least a majority in principal amount of the debt securities of the affected series may, under certain circumstances, rescind and annul such acceleration.

The trustee will be required to give notice to the holders of debt securities within 90 days after a default under the applicable indenture unless the default has been cured or waived. The trustee may withhold notice to the holders of any series of debt securities of any default with respect to that series, except a default in the payment of the principal of or interest on any debt security of that series, if specified responsible officers of the trustee in good faith determine that withholding the notice is in the interest of the holders.

Except in cases of default, where the trustee has some special duties, the trustee is not required to take any action under the applicable indenture at the request of any holders unless the holders offer the trustee reasonable protection from expenses and liability. We refer to this as an “indemnity.” If reasonable indemnity satisfactory to it is provided, the holders of a majority in principal amount of the outstanding securities of the relevant series may direct the time, method and place of conducting any lawsuit or other formal legal action seeking any remedy available to the trustee. These majority holders may also direct the trustee in performing any other action under the applicable indenture, subject to certain limitations.

Before you bypass the trustee and bring your own lawsuit or other formal legal action or take other steps to enforce your rights or protect your interests relating to the debt securities, the following must occur:

- you must give the trustee written notice that an event of default has occurred and remains uncured;
- the holders of at least a majority in principal amount of all outstanding securities of the relevant series must make a written request that the trustee take action because of the default, and must offer reasonable indemnity to the trustee against the cost and other liabilities of taking that action; and
- the trustee must have not taken action for 60 days after receipt of the notice and offer of indemnity.

However, you are entitled at any time to bring a lawsuit for the payment of money due on your security after its due date.

Every year we will furnish to the trustee a written statement by certain of our officers certifying that to their knowledge we are in compliance with the applicable indenture, or else specifying any default.

Merger, Consolidation or Sale of Assets

Under the Indenture, we are permitted to consolidate or merge with another company. In addition, we are permitted to sell substantially all of our assets to another company, or to buy substantially all of the assets of another company. However, we may not take any of these actions unless the following conditions are met:

- if we merge out of existence or sell our assets, the other company must be an entity organized under the laws of one of the states of the United States or the District of Columbia or under United States federal law and must agree to be legally responsible for our debt securities; and
- immediately after the merger, sale of assets or other transaction, we may not be in default on the debt securities. A default for this purpose would include any event that would be an event of default if the requirements regarding notice of default or continuing default for a specific period of time were disregarded.

REFINITIV

There are three types of changes we can make to the Indenture and the debt securities:

Changes Requiring Your Approval. First, there are changes we cannot make to your debt securities without your specific approval. The following is a list of those types of changes:

- change the stated maturity of the principal or interest on a debt security;
- reduce any amounts due on a debt security;
- reduce the amount of principal payable upon acceleration of the maturity of a debt security following a default;
- change the currency of payment on a debt security;
- impair your right to sue for payment;
- modify the subordination provisions, if any, in a manner that is adverse to you;
- reduce the percentage of holders of debt securities whose consent is needed to modify or amend an indenture or to waive compliance with certain provisions of an indenture;
- reduce the percentage of holders of debt securities whose consent is needed to waive past defaults or change certain provisions of the indenture relating to waivers of default; or
- waive a default or event of default in the payment of principal, interest, or premium, if any, on the debt securities.

Changes Requiring a Majority Vote. The second type of change is the kind that requires the vote of holders of debt securities owning a majority of the principal amount of the particular series affected. Most changes fall into this category, except for clarifying changes and certain other changes that would not materially adversely affect holders of the debt securities. We require the same vote to obtain a waiver of a past default; however, we cannot obtain a waiver of a payment default or any other aspect of an indenture or the debt securities listed in the first category described above under “Changes Requiring Your Approval” unless we obtain your individual consent to the waiver.

Changes Not Requiring Approval. The third type of change does not require any vote by holders of debt securities. This type is limited to clarifications and certain other changes that would not materially adversely affect holders of the debt securities.

Further Details Concerning Voting. Debt securities are not considered outstanding, and therefore the holders of debt securities are not eligible to vote on matters relating thereto, if we have deposited or set aside in trust for such holders money for payment or redemption of debt securities or if we or one of our affiliates own the debt securities. The holders of debt securities are also not eligible to vote if the debt securities have been fully defeased.

If the Corporation is the prevailing party, the arbitration may award some or all of the costs for the arbitrator's fees and/or other administrative fees to the fullest extent not prohibited by law. The existence and subject matter of all arbitration proceedings, including, any settlements or awards thereunder, shall remain confidential.

THIS OTHER STOCK UNIT AWARD AGREEMENT (the "**Agreement**"), shall be effective this [_____], by Welltower Inc., a Delaware corporation (the "**Corporation**") to [_____] (the "**Participant**"). The Agreement sets forth the terms and conditions under which the Corporation has granted an Other Stock Units Award to Participant (the "**Award**"). Capitalized terms used herein without definitions shall have the meanings given to those terms in the Welltower Inc. 2022 Long-Term Incentive Plan (the "Plan").

WHEREAS, the Participant is an employee of the Corporation or one of its Subsidiaries or a member of the Board of Directors of the Corporation and thereby provides services to Welltower OP LLC, a Delaware limited liability company ("Welltower OP") through which the Corporation conducts substantially all of its operations;

WHEREAS, concurrently with the grant of the Award, Welltower OP has issued an award to the Participant (the "OP Award") subject to the terms of the Limited Liability Company Agreement of Welltower OP, as amended from time to time (the "LLC Agreement"), the Welltower OP LLC Profits Interests Plan (the "Welltower OP Plan") and the award agreement by and between the Participant and Welltower OP (the "OP Award Agreement" and together with the LLC Agreement and the Welltower OP Plan, the "OP Award Documentation");

WHEREAS, the OP Award Documentation provides that the OP Award may ultimately be settled in shares of Common Stock or cash, subject to the satisfaction of the vesting terms and other conditions set forth in the OP Award Documentation (the "OP Award Vesting and Conversion Conditions"); and

WHEREAS, the Compensation Committee of the Board of Directors of the Corporation (the "Compensation Committee") has reviewed the OP Award Documentation and determined that, in the event the OP Award shall be settled in shares of Common Stock, the Participant shall be entitled to acquire such shares of Common Stock under the Plan upon the satisfaction of the OP Award Vesting and Conversion Conditions in accordance with the terms of the Agreement.

NOW, THEREFORE, in consideration of the past and future services provided to the Corporation by the Participant, the various covenants and agreements herein contained and other benefit to the Corporation, and intending to be legally bound hereby, the parties hereto agree as follows:

1. NATURE OF AWARD.

The Corporation hereby grants [●] stock units under which the Participant shall have the right to acquire shares of Common Stock using the Class A Common Units of Welltower OP that the Participant receives in connection with the full or partial satisfaction of the OP Award Vesting and Conversion Conditions. The final number of shares of Common Stock that may be acquired shall be based on the extent to which the OP Award Vesting and Conversion Conditions are satisfied. This purchase right shall be considered an Other Stock Unit Award granted pursuant to Article X of the Plan, and the shares of Common Stock ultimately issued to the Participant per the terms of this Agreement shall be issued under the Plan.

2. TRANSFER RESTRICTIONS.

REFINITIV

The Award may not be sold, transferred, assigned, pledged or otherwise encumbered or disposed of by the Participant, and the underlying shares of Common Stock potentially issuable to the Participant under this Agreement may not be sold, transferred, assigned, pledged or otherwise encumbered by the Participant until such shares are so issued and cease to be subject to a risk of forfeiture. Any attempt to dispose of the Participant's Award or shares issued thereunder in a manner contrary to the restrictions set forth in this Agreement shall be ineffective, null and void.

3. TERMINATION OF EMPLOYMENT OR SERVICES.

In the event of the end of the Participant's employment or services with the Corporation and its Subsidiaries prior to the time that the shares of Common Stock, if any, are issued under this Agreement, the Award shall be administered consistent with the treatment of the OP Award under the OP Award Documentation.

---

4. SECURITIES LAWS.

The Corporation may from time to time impose such conditions on the issuance of shares of Common Stock, as it deems reasonably necessary to ensure that any grant of the Award and issuance of shares of Common Stock under this Agreement will satisfy the applicable requirements of federal and state securities laws. Such conditions may include, without limitation, the partial or complete suspension of the right to receive shares of Common Stock until the Common Stock has been registered under the Securities Act of 1933, as amended. In all events, if the issuance of any shares of Common Stock is delayed by application of this Section 4, such issuance shall occur on the earliest date on which it would not violate applicable law.

5. NO EFFECT ON EMPLOYMENT OR SERVICES.

Neither this Agreement nor the Award described herein shall confer upon the Participant any right to continued employment or engagement with the Corporation or its Subsidiaries. This Agreement shall not in any way modify or restrict any rights the Corporation may have to terminate such employment or engagement.

6. ADJUSTMENTS TO AWARD.

In the event of any change or changes in the outstanding Common Stock by reason of any stock dividend, recapitalization, reorganization, merger, consolidation, split-up, combination or any similar transaction, the number of shares of Common Stock issuable to the Participant under this Agreement shall be adjusted by the Compensation Committee pursuant to Section 12.2 of the Plan in such manner as the Compensation Committee deems appropriate to prevent substantial dilution or enlargement of the rights granted to the Participant.

7. MISCELLANEOUS.

(a) This Agreement may be executed in one or more counterparts, all of which taken together will constitute one and the same instrument.

(b) The terms of this Agreement may only be amended, modified or waived by a written agreement executed by both of the parties hereto, except that the Corporation may unilaterally amend this Agreement in any manner, provided that such amendment does not materially adversely affect the rights of the Participant under this Agreement or materially increase the obligations of the Participant under this Agreement.

(c) The provisions of the Plan and OP Award Documentation are hereby made a part of this Agreement. In the event of any conflict between the provisions of this Agreement and those of the Plan or OP Award Documentation, the provisions of the Plan and the OP Award Documentation shall control.

(d) The validity, performance, construction and effect of this Agreement shall be governed by the laws of the State of Ohio, without giving effect to principles of conflicts of law; provided, however, that matters of corporate law, including the issuance of shares of Common Stock, shall be governed by the General Corporation Law of the State of Delaware.

(e) In order to administer the Plan and this Agreement and to implement or structure future equity grants, the Corporation and its agents may process any and all personal or professional data, including but not limited to Social Security or other identification number, home address and telephone number, date of birth and other information that is necessary or desirable for the administration of the Plan and/or this Agreement (the "Relevant Information"). The Participant shall have access to, and the right to change, the Relevant Information. Relevant Information will only be used in accordance with applicable law and to the extent necessary to administer the Plan and this Agreement, and the Corporation and its agents will keep the Relevant Information confidential except as specifically authorized under this paragraph.

Furthermore, in accordance with the Defend Trade Secrets Act of 2016, Participant will not be held criminally or civilly liable under any federal or state trade secret law for the disclosure of a trade secret that (x) is made (i) in confidence to a federal, state or local government official, either directly or indirectly, or to an

As used in the Plan, Confidential Information means, without limitation, any non-public confidential or proprietary information of the Parent Member, the Company or any of their respective Affiliates, including the Employer (collectively, the "Company Group"), disclosed to Participant or known by Participant as a consequence of or through Participant's relationship with the Employer, in any form, including electronic media. Confidential Information also includes, but is not limited to the business plans and financial information, marketing plans, and business opportunities of any member of the Company Group. Nothing herein shall limit in any way any obligation Participant may have relating to Confidential Information under any other agreement, promise or duty to any member of the Company Group.

(b) Non-Competition. In the course of the performance of Participant's job responsibilities for the Employer, Participant has obtained and will continue to obtain extensive and valuable knowledge and information concerning the Company Group (including confidential information relating to the Company Group and its operations, intellectual property, assets, contracts, customers, personnel, plans, marketing plans, research and development plans and prospects). Accordingly, during employment with the Employer and for the applicable Restricted Period following Participant's termination of employment, Participant will not engage in any business activities on behalf of any enterprise which competes with any member of the Company Group in the business of (i) ownership or operation of Health Care Facilities (as such term is defined in the applicable Award Notice); (ii) investment in or lending to Health Care Facilities (including to an owner or developer of Health Care Facilities); (iii) management of Health Care Facilities; or (iv) provision of any consulting, advisory, research or planning or development services to Health Care Facilities.

Participant will be deemed to be engaged in such competitive business activities if Participant participates in such a business enterprise as an employee, officer, director, consultant, agent, partner, proprietor, or other participant; provided that the ownership of no more than two percent (2%) of the stock of a publicly traded corporation engaged in a competitive business shall not be deemed to be engaging in competitive business activities. If Participant provides services to an enterprise that has some activities that compete with a member of the Company Group in any area described above and other activities that do not compete with any member of the Company Group in any of the areas described above, then so long as Participant provides services exclusively to the portion of such enterprise that does not compete with any member of the Company Group, Participant will not be deemed to be engaged in a competitive business activity as described in this Section 4(b).

(c) Non-Solicitation. During employment with the Employer and for one year following the end of Participant's employment with the Employer, Participant, to the fullest extent not prohibited by applicable law, directly or indirectly, individually or on behalf of any other person or entity, including Participant, will not encourage, induce, attempt to induce, recruit, attempt to recruit, solicit or attempt to solicit or participate in any way in hiring or retaining for employment, contractor or consulting opportunities anyone who is employed or providing full-time services as a consultant at that time by any member of the Company Group.

(d) Non-Disparagement. At all times during and following Participant's employment with the Employer, Participant will not make or direct anyone else to make on Participant's behalf any disparaging or untruthful remarks or statements, whether oral or written, about any member of the Company Group, its operations or its products, services, owners, affiliates, officers, directors, partners, members, managers, employees, or agents, or issue any communication that reflects adversely on or encourages any adverse action against any member of the Company Group. Participant will not make any direct or indirect written or oral statements to the press, television, radio, on social media or to, on or through other media or other external persons or entities concerning any matters pertaining to the business and affairs of any member of the Company Group, or any of their respective officers, directors, partners, members or managers. The restrictions described in this paragraph shall not apply to any truthful statements made in response to a subpoena or other compulsory legal process or to law enforcement or other governmental authorities.

(e) Remedies. For the avoidance of doubt, any breach of any of the provisions in this Section 4 shall constitute a material breach by Participant. Among the remedies that the Company may pursue in the event that such breach occurs prior to the occurrence of a Change in Corporate Control, an Award (including any vested portion of such Award) granted under the Plan and the Class A Common Units issued under the LLC Agreement to a Participant shall be subject to forfeiture in accordance with Section 1.C of Exhibit F of the LLC Agreement in the event that a Participant breaches any provision of Section 4 herein. Notwithstanding any other provision of the Plan, by becoming entitled to receive any payments or other benefits under the Plan, Participant is deemed to have agreed that damages would be an inadequate remedy for the Company in the event of a breach or threatened breach by Participant of any of Sections 4(a) through 4(d), inclusive. In the event of any such breach or threatened breach, and without relinquishing any other rights or remedies that the Company may have, including but not limited to the forfeiture or repayment by Participant of any payments or benefits otherwise payable or paid to Participant under the Plan, the Company may, either with or without pursuing any potential damage remedies and without being required

The Company may present this Section 4 to any third party with which Participant may have accepted employment, or otherwise entered into a business relationship, that the Company contends violates this Section 4, if the Company has reason to believe Participant has or may have breached a provision of this Section 4.

5. **Determination of Awards**

The Plan shall not be construed as creating any contract for continued services between the Parent Member or any of its Subsidiaries and any Participant, and nothing herein contained shall give any Participant the right to be retained as an employee or consultant of the Parent Member or any of its Subsidiaries or to receive any future awards or benefits under the Plan or Equity Plan.

A. The Participant is an employee of Welltower Inc., a Delaware corporation (the "Parent Member") or one of its Subsidiaries and provides services to Welltower OP LLC, a Delaware limited liability company (the "Company"), through which the Parent Member conducts substantially all of its operations.

B. The Participant originally received the grant of time-based restricted stock units set forth above ("Stock Award") under a compensatory stock plan sponsored by the Parent Member. The Participant has elected to surrender such Stock Award and in exchange receive an Award of LTIP Units under the Plan pursuant to an election form duly submitted by the Participant to the Parent Member and the Company prior to the date hereof (the "Election Form").

C. In accordance with the Welltower OP LLC Profits Interests Plan, as it may be amended from time to time (the "Plan"), the Company desires, in connection with the continued employment of the Participant, to provide the Participant with an opportunity to acquire LTIP Units (as defined in the LLC Agreement) having the rights, voting powers, restrictions, limitations as to distributions, qualifications and terms and conditions of redemption and conversion set forth herein, in the Plan and in the LLC Agreement, and thereby provide additional incentive for the Participant to promote the progress and success of the business of the Parent Member, the Company and their Subsidiaries. Upon the close of business on the Exchange Date pursuant to this Time-Based LTIP Unit Agreement (this "Agreement"), the Participant shall receive the number of LTIP Units set forth above in this Agreement (the "Award"), subject to the restrictions and conditions set forth herein, in the Plan and in the LLC Agreement.

NOW, THEREFORE, the Parent Member, the Company and the Participant agree as follows:

1. Definitions. Capitalized terms used herein without definitions shall have the meanings given to those terms in the Plan, the Equity Plan and/or the LLC Agreement. In addition, as used herein:

"Change in Corporate Control" shall have the same meaning as set forth in Section 11.1(a) of the Parent Member's 2022 Long Term Incentive Plan (the "Equity Plan") and Section 11.1(c) of the Equity Plan. In addition, in order to qualify as a "Change in Corporate Control", an event must also meet the requirements for a "change in the ownership or effective control of a corporation, or a change in the ownership of a substantial portion of the assets of a corporation" with the meaning of Treas. Reg. §1.409A-3(i)(5).

"Common Stock" or "Shares" means the Parent Member's common stock, par value $1.00 per share, either currently existing or authorized hereafter.

"Distribution Participation Date" shall have the meaning set forth in the LLC Agreement and in Section 6 hereof.

2. Effectiveness of Award. The Participant shall be admitted as a Member of the Company with beneficial ownership of the LTIP Units as of the Exchange Date by (i) signing and delivering to the Company a copy of this Agreement and (ii) signing, as a LTIP Unitholder, and delivering to the Company a counterpart signature page to the LLC Agreement (attached hereto as Exhibit A). Upon execution of this Agreement by the Participant, the Parent Member and the Company, the books and records of the Company shall reflect the issuance to the Participant of the LTIP Units. Thereupon, the Participant shall have all the rights of a LTIP Unitholder of the Company with respect to a number of LTIP Units equal to the LTIP Units, as set forth in the LLC Agreement, subject, however, to the restrictions and conditions specified in Section 3 below.

3. Vesting of LTIP Units.

(a) The vesting period of the LTIP Units (the "Vesting Period") began on the Original Grant Date and continues until the applicable Vesting Date, and shall be subject to certain vesting conditions, all as set forth above. On the first Vesting Date following the date of this Agreement and each Vesting Date thereafter, the applicable number of LTIP Units specified above shall become vested, subject to earlier forfeiture as provided in this Agreement. Except as permitted under Section 20, the LTIP Units for which the applicable Vesting Period has not expired may not be sold, assigned, transferred, pledged or otherwise disposed of or encumbered (whether voluntarily or involuntarily or by judgment, levy, attachment, garnishment or other legal or equitable proceeding). The Participant shall have the right to vote the LTIP Units if and when voting is allowed under the LLC Agreement, regardless of whether the applicable Vesting Period has expired.

(b) Any LTIP Units that do not become vested pursuant to this Section 3 or Section 4 or Section 5 hereof shall, without payment of any consideration by the Company, automatically and without notice be forfeited and become null and void, and neither the Participant nor any of his or her successors, heirs, assigns, or personal representatives will thereafter have any further rights or interests in such unvested LTIP Units.

(c) The LTIP Units that vest pursuant to this Section 3 or Section 4 or Section 5 hereof shall be treated as Vested LTIP Units (as defined in the LLC Agreement) as of the applicable Vesting Date and shall be converted into Class A Common Units in accordance with Section 8 of the Plan and the LLC Agreement.

4. Termination of Participant's Employment.

(a) If the Participant's employment with the Employer terminates, the provisions of this Section 4 shall govern the treatment of the Award exclusively, regardless of the provisions of any employment, change in control or other agreement or arrangement to which the Participant is a party, or any termination or severance policies of the Parent Member then in effect, which shall be superseded by the Plan and this Agreement.

(b) In the event of termination of the Participant's employment by reason of a Qualified Termination, the Participant shall retain the portion of the Award that has vested during the Vesting Period, and such units shall be treated as Vested LTIP Units (as defined in the LLC Agreement) and shall be converted into Class A Common Units in accordance with Section 8 of the Plan and the LLC Agreement. Unless otherwise determined by the Company, the unvested portion of the Award shall, without payment of any consideration by the Company, automatically and without notice terminate, be forfeited and become null and void and neither the Participant nor any of his or her successors, heirs, assigns, or personal representatives will thereafter have any further rights or interests in such unvested portion of the Award.

(c) As a condition of receiving any payments or benefits under the Plan and this Agreement on account of the Participant's Qualified Termination, the Company may, in its sole discretion, require the Participant to deliver an irrevocable, effective release of claims in the form determined by the Company and/or an affirmation of continued compliance with the non-competition, non-solicitation, non-disparagement and non-disclosure covenants in favor of the Company and related persons as set forth in Section 4 of the Plan.

(d) In the event of a termination of a Participant's employment for any reason other than a Qualified Termination, except as otherwise determined by the Company, then (i) the portion of this Award that is unvested shall, without payment of any consideration by the Company, automatically and without notice terminate, be forfeited and become null and void, and neither the Participant nor any of his or her successors, heirs, assigns, or personal representatives will thereafter have any further rights or interests in this Award and (ii) the Participant shall retain the portion of the Award that has vested during the Vesting Period, and such units shall be treated as Vested LTIP Units (as defined in the LLC Agreement) and shall be converted into Class A Common Units in accordance with Section 8 of the Plan and the LLC Agreement.

---

5. Change in Control. In the event that a Change in Corporate Control occurs prior to January 15, 20XX, the Vesting Period applicable to this Award shall lapse in its entirety and all of the then-unvested LTIP Units shall become Vested LTIP Units if either (i) the successor company (or a subsidiary thereof) does not assume, convert, continue or otherwise replace this Award on proportionate and equitable terms or (ii) the Participant is terminated without Cause upon or within twelve (12) months following the Change in Corporate Control.

6. Distribution Participation Date.

(a) The holder of the LTIP Units shall be entitled to receive distributions and allocations with respect to such LTIP Units to the extent provided for in the LLC Agreement, including Exhibit F thereof, as modified hereby.

(b) The Distribution Participation Date with respect to the LTIP Units shall be the applicable Vesting Date, and the Vested LTIP Units shall be entitled to certain distributions and allocations described in, and pursuant to, Exhibit F of the LLC Agreement.

7. Certain Adjustments. The LTIP Units shall be subject to adjustment as provided in the LLC Agreement, and except as otherwise provided therein, if (i) the Parent Member shall at any time be involved in a merger, consolidation, dissolution, liquidation, reorganization, exchange of shares, sale of all or substantially all of the assets or stock of the Parent Member, spin-off of a Subsidiary of the Parent Member, business unit or other transaction similar thereto, (ii) any stock dividend, stock split, reverse stock split, stock combination, reclassification, recapitalization, significant repurchases of stock, or other similar change in the capital structure of the Parent Member, or any extraordinary dividend or other distribution to holders of the Shares or Class A Common Units other than regular dividends shall occur, or (iii) any other event shall occur that in each case in the good faith judgment of the Company necessitates action by way of appropriate equitable adjustment in the terms of this Agreement, the Plan or the LTIP Units, then the Company shall take such action as it deems necessary to maintain the Participant's rights hereunder so that they are substantially proportionate to the rights existing under this Agreement and the terms of the LTIP Units prior to such event, including, without limitation: (A) adjustments in the LTIP Units; and (B) substitution of other awards under the Plan or otherwise. In the event of any change in the outstanding Shares (or corresponding change in the Conversion Factor applicable to Class A Common Units) by reason of any share dividend or split, recapitalization, merger, consolidation, spin-off, combination or exchange of shares or other corporate change, or any distribution to common shareholders of the Company other than regular dividends, any Class A Common Units, shares or other securities received by the Participant with respect to the applicable LTIP Unit which have not vested or still subject to a risk of forfeiture will be subject to the same restrictions as the LTIP Units with respect to an equivalent number of shares or securities and shall be deposited with the Company.

8. Incorporation of Plan; Interpretation by Administrator. This Agreement is subject to the terms, conditions, limitations and definitions contained in the Plan. In the event of any discrepancy or inconsistency between this Agreement and the Plan, the terms and conditions of the Plan shall control. The Administrator may make such rules and regulations and establish such procedures for the administration of this Agreement, which are consistent with the terms of this Agreement, as it deems appropriate.

9. Certificates; Legend. Each certificate, if any, issued in respect of the LTIP Units awarded under this Agreement shall be registered in the Participant's name and held by the Company until the applicable Vesting Date. If certificates representing the LTIP Units are issued by the Company, at the applicable Vesting Date, the Company shall deliver to the Participant (or, if applicable, to the Participant's legal representatives, beneficiaries or heirs) certificates representing the number of LTIP Units that vested upon the applicable Vesting Date. The records of the Company and any other documentation evidencing the LTIP Units shall bear an appropriate legend, as determined by the Company in its sole discretion, to the effect that such LTIP Units are subject to restrictions as set forth herein, in the Plan and in the LLC Agreement.

10. Tax Withholding. The Parent Member or its applicable Affiliate (including the Company) has the right to withhold from cash compensation payable to the Participant all applicable income and employment taxes due and owing at the time the applicable portion of the LTIP Units becomes includible in the Participant's income (the "Withholding Amount"), and/or to delay delivery of the LTIP Units until appropriate arrangements have been made for payment of such withholding. In the alternative, the Company has the right to retain and cancel, or sell or otherwise dispose of, such number of the LTIP Units as have a market value (determined as of the date the applicable LTIP Units vest) approximately equal to the Withholding Amount, with any excess proceeds being paid to Participant.

---

11. Amendment; Modification. This Agreement may only be modified or amended in a writing signed by the parties hereto, *provided* that the Participant acknowledges that the Plan may be amended or discontinued in accordance with the provisions thereof and that this Agreement may be amended or canceled by the Administrator, on behalf of the Parent Member and the Company, in each case for the purpose of satisfying changes in law or for any other lawful purpose, so long as no such action shall adversely affect the Participant's rights under this Agreement in any material respect without the Participant's written consent. No promises, assurances, commitments, agreements, undertakings or representations, whether oral, written, electronic or otherwise, and whether express or implied, with respect to the subject matter hereof, have been made by the parties which are not set forth expressly in this Agreement. The failure of the Participant or the Parent Member or the Company to insist upon strict compliance with any provision of this Agreement, or to assert any right the Participant or the Parent Member or the Company, respectively, may have under this Agreement, shall not be deemed to be a waiver of such provision or right or any other provision or right of this Agreement.

12. Complete Agreement. Other than as specifically stated herein or as otherwise set forth in any employment, change in control or other agreement or arrangement to which the Participant is a party which specifically refers to the LTIP Units or to the treatment of compensatory equity held by the Participant generally, this Agreement (together with those agreements and documents expressly referred to herein, for the purposes referred to herein, including but not limited to the Plan and the LLC Agreement) embody the complete and entire agreement and understanding between the parties with respect to the subject matter hereof, and supersede any and all prior promises, assurances, commitments, agreements, undertakings or representations, whether oral, written, electronic or otherwise, and whether express or implied, which may relate to the subject matter hereof in any way (including, but not limited to, all documentation and agreements pertaining to the Stock Awards other than the Election Form).

13. Investment Representation; Registration. The Participant agrees that any resale of either (1) the LTIP Units received upon the applicable Vesting Date or (2) the Shares received upon redemption of or in exchange for LTIP Units or Class A Common Units into which LTIP Units may have been converted, shall not occur during the "blackout periods" forbidding sales of Parent Member securities, as set forth in the then-applicable Parent Member employee manual or insider trading policy. In addition, any resale shall be made in compliance with the registration requirements of the Securities Act, or an applicable exemption therefrom, including, without limitation, the exemption provided by Rule 144 promulgated thereunder (or any successor rule). The Participant hereby makes the covenants, representations and warranties set forth on Exhibit B attached hereto as of the Exchange Date. All of such covenants, warranties and representations shall survive the execution and delivery of this Agreement by the Participant. The Participant shall promptly notify the Company upon discovering that any of the representations or warranties set forth on Exhibit B was false when made or have, as a result of changes in circumstances, become false. The Company will have no obligation to register under the Securities Act any of the LTIP Units or any other securities issued pursuant to this Agreement or upon conversion or exchange of the LTIP Units into other interests of the Company.

14. Status of LTIP Units under the Plan. The LTIP Units are both issued as equity securities of the Company and granted as "Awards" under the Plan. The Parent Member will have the right at its option, as set forth in the LLC Agreement, to issue Shares in exchange for Units into which LTIP Units may have been converted pursuant to the LLC Agreement, subject to certain limitations set forth in the LLC Agreement, and such Shares, if issued, will be issued under the Equity Plan. The Participant must be eligible to receive the LTIP Units in compliance with applicable federal and state securities laws and to that effect is required to complete, execute and deliver certain covenants, representations and warranties (attached as Exhibit B). The Participant acknowledges that the Participant will have no right to approve or disapprove such determination by the Parent Member.

15. Severability. If, for any reason, any provision of this Agreement is held invalid, such invalidity shall not affect any other provision of this Agreement not so held invalid, and each such other provision shall to the full extent consistent with law continue in full force and effect. If any provision of this Agreement shall be held invalid in part, such invalidity shall in no way affect the rest of such provision not held so invalid, and the rest of such provision, together with all other provisions of this Agreement, shall to the full extent consistent with law continue in full force and effect.

16. Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of Delaware, without reference to principles of conflict of laws.

17. Headings. The headings of paragraphs hereof are included solely for convenience of reference and shall not control the meaning or interpretation of any of the provisions of this Agreement.

18. Counterparts. This Agreement may be executed in multiple counterparts with the same effect as if each of the signing parties had signed the same document. All counterparts shall be construed together and constitute the same instrument.

19. Successors and Assigns. This Agreement shall be binding upon and inure to the benefit of the parties hereto and any successors to the Parent Member and any successors to the Participant by will or the laws of descent and distribution, but this Agreement shall not otherwise be assignable or otherwise subject to hypothecation by the Participant.

20. Transfer; Redemption. None of the LTIP Units shall be sold, assigned, transferred, pledged or otherwise disposed of or encumbered (whether voluntarily or involuntarily or by judgment, levy, attachment, garnishment or other legal or equitable proceeding) (each such action, a "Transfer"), or redeemed in accordance with the LLC Agreement (a) prior to vesting and (b) unless such Transfer is in compliance with all applicable securities laws (including, without limitation, the Securities Act), and such Transfer is in accordance with the applicable terms and conditions of the LLC Agreement. Any attempted Transfer of LTIP Units not in accordance with the terms and conditions of this Section 20 shall be null and void, and the Company shall not reflect on its records any change in record ownership of any LTIP Units as a result of any such Transfer and shall otherwise refuse to recognize any such Transfer.

21. Data Privacy Consent. In order to administer the Plan and this Agreement and to implement or structure future equity grants, the Parent Member and its agents may process any and all personal or professional data, including but not limited to Social Security or other identification number, home address and telephone number, date of birth and other information that is necessary or desirable for the administration of the Plan and/or this Agreement (the "Relevant Information"). By entering into this Agreement, the Participant (i) authorizes the Parent Member to collect, process, register and transfer to its agents all Relevant Information; and (ii) authorizes the Parent Member and its agents to store and transmit such information in electronic form. The Participant shall have access to, and the right to change, the Relevant Information. Relevant Information will only be used in accordance with applicable law and to the extent necessary to administer the Plan and this Agreement, and the Parent Member and its agents will keep the Relevant Information confidential except as specifically authorized under this paragraph.

22. Electronic Delivery of Documents. By accepting this Agreement, the Participant (i) consents to the electronic delivery of this Agreement, all information with respect to the Plan and any reports of the Parent Member provided generally to the Parent Member's stockholders; (ii) acknowledges that he or she may receive from the Parent Member a paper copy of any documents delivered electronically at no cost to the Participant by contacting the Parent Member by telephone or in writing; (iii) further acknowledges that he or she may revoke his or her consent to electronic delivery of documents at any time by notifying the Parent Member of such revoked consent by telephone, postal service or electronic mail; and (iv) further acknowledges that he or she is not required to consent to electronic delivery of documents.

23. Section 83(b) Election. In connection with this Agreement, the Participant hereby agrees to make an election to include in gross income in the year of transfer the fair market value of the applicable LTIP Units over the amount paid for them pursuant to Section 83(b) of the Internal Revenue Code of 1986, as amended, substantially in the form attached hereto as Exhibit C and to supply the necessary information in accordance with the regulations promulgated thereunder.

24. Acknowledgement. The Participant hereby acknowledges and agrees that this Agreement and the LTIP Units issued hereunder shall constitute satisfaction in full of all obligations of the Parent Member and the Company, if any, to grant to the Participant LTIP Units pursuant to the terms of any written employment agreement or letter or other written offer or description of employment with the Parent Member and/or the Company executed prior to or coincident with the date hereof.

4. The Member hereby confirms that, notwithstanding any provisions of the LLC Agreement to the contrary, the LTIP Units shall not be redeemable by the Member pursuant to Section 8.6 of the LLC Agreement.

RECITALS

A. The Participant is an employee of Welltower Inc., a Delaware corporation (the "Parent Member") or one of its Subsidiaries and provides services to Welltower OP LLC, a Delaware limited liability company (the "Company"), through which the Parent Member conducts substantially all of its operations.

B. The Participant originally received the grant of performance-based restricted stock units set forth above ("Stock Award") under a compensatory stock plan sponsored by the Parent Member. The Participant has elected to surrender such Stock Award and in exchange receive an Award of LTIP Units under the Plan pursuant to an election form duly submitted by the Participant to the Parent Member and the Company prior to the date hereof (the "Election Form").

C. In accordance with the Welltower OP LLC Profits Interests Plan, as it may be amended from time to time (the "Plan"), the Company desires, in connection with the continued employment of the Participant, to provide the Participant with an opportunity to acquire LTIP Units (as defined in the LLC Agreement) having the rights, voting powers, restrictions, limitations as to distributions, qualifications and terms and conditions of redemption and conversion set forth herein, in the Plan and in the LLC Agreement, and thereby provide additional incentive for the Participant to promote the progress and success of the business of the Parent Member, the Company and their Subsidiaries. Upon the close of business on the Exchange Date pursuant to this Performance LTIP Unit Agreement (this "Agreement"), the Participant shall receive the maximum number of LTIP Units, subject to the restrictions and conditions set forth herein, in the Plan and in the LLC Agreement.

D. The exact number of LTIP Units earned under this award (the "Award") shall be determined in accordance with Section 3 of this Agreement. Any LTIP Units not earned at the conclusion of the Performance Period will be forfeited, and neither the Participant nor any of his or her successors, heirs, assigns, or personal representatives will thereafter have any further rights or interests in the LTIP Units that were so forfeited.

NOW, THEREFORE, the Parent Member, the Company and the Participant agree as follows:

1. Definitions. Capitalized terms used herein without definitions shall have the meanings given to those terms in the Plan, the Equity Plan and/or the LLC Agreement. In addition, as used herein:

"Adjusted Annualized EBITDA" means the Parent Member's earnings before interest, taxes, depreciation and amortization, excluding unconsolidated entities and including adjustments for stock-based compensation expense, provision for loan losses, gains/losses on extinguishment of debt, gains/losses/impairments on properties, gains/losses on derivatives and financial instruments, other expenses, and additional other income for the three month period beginning on October 1, 20XX and ending on December 31, 20XX, and then expressed on an annualized basis.

"All REIT Index" means the MSCI US REIT Index.

"Annualized TSR Percentage" means (1 + TSR)^(1/3) - 1.

"Change in Corporate Control" shall have the same meaning as set forth in Section 11.1(a) of the Parent Member's 2022 Long Term Incentive Plan (the "Equity Plan") and Section 11.1(c) of the Equity Plan. In addition, in order to qualify as a "Change in Corporate Control", an event must also meet the requirements for a "change in the ownership or effective control of a corporation, or a change in the ownership of a substantial portion of the assets of a corporation" with the meaning of Treas. Reg. §1.409A-3(i)(5).

"Common Stock" or "Shares" means the Parent Member's common stock, par value $1.00 per share, either currently existing or authorized hereafter.

"Distribution Participation Date" shall have the meaning set forth in the LLC Agreement and in Section 6 hereof.

"Earned Award LTIP Units" means the actual number of LTIP Units that were earned by the Participant pursuant to this Agreement at the end of the Performance Period in accordance with Section 3.

REFINITIV

"Health Care REIT Index" means the FTSE NAREIT Health Care REIT Index on the grant date of the Stock Award (or a successor index including a comparable universe of publicly traded U.S. real estate investment trusts), in each case adjusted and reweighted to exclude the Parent Member from the index. Any health care REIT organization that is not in existence for the entire Performance Period shall be omitted from this index.

"Index Return" means, with respect to the Performance Period, the return of either the Health Care REIT Index, or the All REIT Index, as applicable, over the Performance Period expressed as a percentage. For the avoidance of doubt, the Index Return over the Performance Period shall be calculated in a manner designed to produce a fair comparison between the Parent Member's TSR and the Index Return for the purpose of determining Relative Performance. In the case of the Health Care REIT Index, the Index Return shall be computed as the sum of each component company's weighted TSR with each component company's weight as the average of its relative market capitalization at the beginning of the Performance Period.

"Net Debt + Preferred" means the sum of (a) the Parent Member's long-term debt, less cash and cash equivalents, and (b) the total amount of the Parent Member's preferred stock as of the end of the Performance Period (or other applicable designated period).

"Performance Period" means the period commencing on January 1, 20XX and concluding on the earlier of (i) December 31, 20XX, or (ii) a Change in Corporate Control.

"Relative Performance" means the Parent Member's TSR relative to the applicable Index Return, as expressed as an Annualized TSR Percentage.

"Total Shareholder Return" or "TSR" means for the common stock of the applicable company, the total shareholder return (share price appreciation/depreciation during the applicable Performance Period plus the value attributable to reinvested dividends paid on the shares during the applicable Performance Period). The TSR shall be expressed as a percentage. The calculation of TSR will be based on the average closing price of the shares for the twenty trading days immediately preceding the first day of the Performance Period and the average closing price of the shares for the twenty trading days immediately preceding the last day of the applicable Performance Period. The TSR will be calculated assuming that cash dividends (including extraordinary cash dividends) paid on the shares are reinvested in additional shares on the ex-dividend date and that any securities distributed to shareholders in a spinoff transaction are sold and the proceeds reinvested in additional shares on the ex-dividend date.

2. Effectiveness of Award. The Participant shall be admitted as a Member of the Company with beneficial ownership of the LTIP Units as of the Exchange Date by (i) signing and delivering to the Company a copy of this Agreement and (ii) signing, as a LTIP Unitholder, and delivering to the Company a counterpart signature page to the LLC Agreement (attached hereto as Exhibit A). Upon execution of this Agreement by the Participant, the Parent Member and the Company, the books and records of the Company shall reflect the issuance to the Participant of the LTIP Units. Thereupon, the Participant shall have all the rights of a LTIP Unitholder of the Company with respect to a number of LTIP Units equal to the LTIP Units, as set forth in the LLC Agreement, subject, however, to the restrictions and conditions specified in Section 3 below.

---

3. Vesting and Earning of LTIP Units.

(a) The number of LTIP Units that may be earned and become vested for the Performance Period (such units, the "Earned Award LTIP Units") shall be determined under this Sections 3(a) as follows: Depending on the level of achievement for each of the performance goals of the Award as determined pursuant to Annex 1, the Earned Award LTIP Units for the Performance Period shall be determined based on the Participant's individual threshold, target and high payout multiples described in Annex 1. For performance between two different tiers, the percentage payable shall be calculated using linear interpolation between tiers. The level of achievement for each listed performance goal shall be determined independently.

(b) As soon as practicable following the end of the Performance Period, the Company shall determine the Earned Award LTIP Units, if any, with respect to the Performance Period. The date on which the Company makes such a determination shall be referred to herein as the "Vesting Date". In no event shall the Vesting Date be later than 74 days after the end of the Performance Period; *provided*, that (A) in the case of the Performance Period that ends upon a Change in Corporate Control, the Vesting Date shall be no later than immediately prior to the consummation of the Change in Corporate Control and (B) in the case of a determination required by Section 4(b), the Vesting Date shall generally be no later than 74 days after the date of the Participant's Qualified Termination or on such later date as provided by the Company. If, at the conclusion of the Performance Period and as of the Vesting Date, the number of Earned Award LTIP Units is smaller than the number of LTIP Units issued to the Participant on the Exchange Date, then the Participant, as of the conclusion of the Performance Period, shall forfeit a number of LTIP Units equal to the difference without payment of any consideration by the Company and neither the Participant nor any of his or her successors, heirs, assigns, or personal representatives will thereafter have any further rights or interests in the LTIP Units that were so forfeited.

(c) Any LTIP Units that do not become earned and vested pursuant to this Section 3 or Section 4 or Section 5 hereof shall, without payment of any consideration by the Company, automatically and without notice be forfeited and become null and void, and neither the Participant nor any of his or her successors, heirs, assigns, or personal representatives will thereafter have any further rights or interests in such unearned and unvested LTIP Units.

(d) The Earned Award LTIP Units shall be treated as Vested LTIP Units (as defined in the LLC Agreement) as of the Vesting Date and shall be converted into Class A Common Units in accordance with Section 8 of the Plan and the LLC Agreement.

4. Termination of Participant's Employment.

(a) If the Participant's employment with the Employer terminates, the provisions of this Section 4 shall govern the treatment of the Award exclusively, regardless of the provisions of any employment, change in control or other agreement or arrangement to which the Participant is a party, or any termination or severance policies of the Parent Member then in effect, which shall be superseded by the Plan and this Agreement.

(b) In the event of termination of the Participant's employment by reason of a Qualified Termination prior to the end of the Performance Period, then the Company shall determine the Earned Award LTIP Units as follows: The Earned Award LTIP Units shall be determined in accordance with the computation described in Section 3(a) as if the Performance Period ended on the calendar quarter end immediately preceding the date of the Participant's Qualified Termination; *provided*, *however*, that such Earned Award LTIP Units shall be multiplied by a fraction, the numerator of which shall be the number of complete months during which the Participant was an employee of the Parent Member or its Affiliates during the Performance Period and the denominator of which shall be the total number of months in the Performance Period. The Earned Award LTIP Units shall be treated as Vested LTIP Units (as defined in the LLC Agreement) as of the Vesting Date and shall be converted into Class A Common Units in accordance with Section 8 of the Plan and the LLC Agreement.

(c) In the event of termination of the Participant's employment by reason of a Qualified Termination after the end of the Performance Period, then the Company shall determine the Earned Award LTIP Units in accordance with the computation described in Section 3. The Earned Award LTIP Units shall be treated as Vested LTIP Units (as defined in the LLC Agreement) as of the Vesting Date and shall be converted into Class A Common Units in accordance with Section 8 of the Plan and the LLC Agreement.

(d) As a condition of receiving any payments or benefits under the Plan and this Agreement on account of the Participant's Qualified Termination, the Company may, in its sole discretion, require the Participant to deliver an irrevocable, effective release of claims in the form determined by the Company and/or an affirmation of continued compliance with the non-competition, non-solicitation, non-disparagement and non-disclosure covenants in favor of the Company and related persons as set forth in Section 4 of the Plan.

(e) In the event of a termination of a Participant's employment for any reason other than a Qualified Termination prior to the end of the Performance Period, except as otherwise determined by the Company, this Award shall, without payment of any consideration by the Company, automatically and without notice terminate, be forfeited and become null and void, and neither the Participant nor any of his or her successors, heirs, assigns, or personal representatives will thereafter have any further rights or interests in this Award. In the event of a termination of the Participant's employment for any reason other than a Qualified Termination after the end of the Performance Period, then the Company shall determine the Earned Award LTIP Units in accordance with the computation described in Section 3. The Earned Award LTIP Units shall be treated as Vested LTIP Units (as defined in the LLC Agreement) as of the Vesting Date and shall be converted into Class A Common Units in accordance with Section 8 of the Plan and the LLC Agreement.

5. Change in Control. In the event that a Change in Corporate Control occurs prior to December 31, 20XX, then the Company shall determine the Earned Award LTIP Units as follows:The LTIP Units will be deemed earned as of the date of such Change in Corporate Control in accordance with the computation described in Section 3(a) as if the Performance Period ended on the day prior to the consummation of the Change in Corporate Control, except that corporate metrics not tied to TSR shall be calculated based on the results through the most recent completed fiscal quarter. To the extent provided in the documents setting forth the terms of the award for the Originally Granted Restricted Stock Units, the Award shall further be multiplied by a fraction, the numerator of which shall be the number of full and partial months from the beginning of the Performance Period through the Change in Corporate Control and the denominator of which shall be 36. The Earned Award LTIP Units shall be treated as Vested LTIP Units (as defined in the LLC Agreement) as of the Vesting Date and shall be converted into Class A Common Units in accordance with Section 8 of the Plan and the LLC Agreement.

6. Distribution Participation Date.

(a) The holder of the LTIP Units shall be entitled to receive distributions and allocations with respect to such LTIP Units to the extent provided for in the LLC Agreement, including Exhibit F thereof, as modified hereby.

(b) The Distribution Participation Date with respect to the LTIP Units shall be the Vesting Date, and the Vested LTIP Units shall be entitled to certain distributions and allocations described in, and pursuant to, Exhibit F of the LLC Agreement.

7. Certain Adjustments. The LTIP Units shall be subject to adjustment as provided in the LLC Agreement, and except as otherwise provided therein, if (i) the Parent Member shall at any time be involved in a merger, consolidation, dissolution, liquidation, reorganization, exchange of shares, sale of all or substantially all of the assets or stock of the Parent Member, spin-off of a Subsidiary of the Parent Member, business unit or other transaction similar thereto, (ii) any stock dividend, stock split, reverse stock split, stock combination, reclassification, recapitalization, significant repurchases of stock, or other similar change in the capital structure of the Parent Member, or any extraordinary dividend or other distribution to holders of the Shares or Class A Common Units other than regular dividends shall occur, or (iii) any other event shall occur that in each case in the

good faith judgment of the Company necessitates action by way of appropriate equitable adjustment in the terms of this Agreement, the Plan or the LTIP Units, then the Company shall take such action as it deems necessary to maintain the Participant's rights hereunder so that they are substantially proportionate to the rights existing under this Agreement and the terms of the LTIP Units prior to such event, including, without limitation: (A) adjustments in the LTIP Units; and (B) substitution of other awards under the Plan or otherwise. In the event of any change in the outstanding Shares (or corresponding change in the Conversion Factor applicable to Class A Common Units) by reason of any share dividend or split, recapitalization, merger, consolidation, spin-off, combination or exchange of shares or other corporate change, or any distribution to common shareholders of the Company other than regular dividends, any Class A Common Units, shares or other securities received by the Participant with respect to the applicable LTIP Unit which have not been earned or still subject to a risk of forfeiture will be subject to the same restrictions as the LTIP Units with respect to an equivalent number of shares or securities and shall be deposited with the Company.

8. Incorporation of Plan; Interpretation by Administrator. This Agreement is subject to the terms, conditions, limitations and definitions contained in the Plan. In the event of any discrepancy or inconsistency between this Agreement and the Plan, the terms and conditions of the Plan shall control. The Administrator may make such rules and regulations and establish such procedures for the administration of this Agreement, which are consistent with the terms of this Agreement, as it deems appropriate.

9. Certificates; Legend. Each certificate, if any, issued in respect of the LTIP Units awarded under this Agreement shall be registered in the Participant's name and held by the Company until the Vesting Date. If certificates representing the LTIP Units are issued by the Company, at the Vesting Date, the Company shall deliver to the Participant (or, if applicable, to the Participant's legal representatives, beneficiaries or heirs) certificates representing the number of LTIP Units that vested upon the Vesting Date. The records of the Company and any

other documentation evidencing the LTIP Units shall bear an appropriate legend, as determined by the Company in its sole discretion, to the effect that such LTIP Units are subject to restrictions as set forth herein, in the Plan and in the LLC Agreement.

10. Tax Withholding. The Parent Member or its applicable Affiliate (including the Company) has the right to withhold from cash compensation payable to the Participant all applicable income and employment taxes due and owing at the time the applicable portion of the LTIP Units becomes includible in the Participant's income (the "Withholding Amount"), and/or to delay delivery of the LTIP Units until appropriate arrangements have been made for payment of such withholding. In the alternative, the Company has the right to retain and cancel, or sell or otherwise dispose of, such number of the LTIP Units as have a market value (determined as of the date the applicable LTIP Units vest) approximately equal to the Withholding Amount, with any excess proceeds being paid to Participant.

11. Amendment; Modification. This Agreement may only be modified or amended in a writing signed by the parties hereto, *provided* that the Participant acknowledges that the Plan may be amended or discontinued in accordance with the provisions thereof and that this Agreement may be amended or canceled by the Administrator, on behalf of the Parent Member and the Company, in each case for the purpose of satisfying changes in law or for any other lawful purpose, so long as no such action shall adversely affect the Participant's rights under this Agreement in any material respect without the Participant's written consent. No promises, assurances, commitments, agreements, undertakings or representations, whether oral, written, electronic or otherwise, and whether express or implied, with respect to the subject matter hereof, have been made by the parties which are not set forth expressly in this Agreement. The failure of the Participant or the Parent Member or the Company to insist upon strict compliance with any provision of this Agreement, or to assert any right the Participant or the Parent Member or the Company, respectively, may have under this Agreement, shall not be deemed to be a waiver of such provision or right or any other provision or right of this Agreement.

12. Complete Agreement. Other than as specifically stated herein or as otherwise set forth in any employment, change in control or other agreement or arrangement to which the Participant is a party which specifically refers to the LTIP Units or to the treatment of compensatory equity held by the Participant generally, this Agreement (together with those agreements and documents expressly referred to herein, for the purposes referred to herein, including but not limited to the Plan and the LLC Agreement) embody the complete and entire agreement and understanding between the parties with respect to the subject matter hereof, and supersede any and all prior promises, assurances, commitments, agreements, undertakings or representations, whether oral, written, electronic or otherwise, and whether express or implied, which may relate to the subject matter hereof in any way (including, but not limited to, all documentation and agreements pertaining to the Stock Awards other than the Election Form).

13. Investment Representation; Registration. The Participant agrees that any resale of either (1) the LTIP Units received upon the Vesting Date or (2) the Shares received upon redemption of or in exchange for LTIP Units or Class A Common Units into which LTIP Units may have been converted, shall not occur during the "blackout periods" forbidding sales of Parent Member securities, as set forth in the then-applicable Parent Member employee manual or insider trading policy. In addition, any resale shall be made in compliance with the registration requirements of the Securities Act, or an applicable exemption therefrom, including, without limitation, the exemption provided by Rule 144 promulgated thereunder (or any successor rule). The Participant hereby makes the covenants, representations and warranties set forth on Exhibit B attached hereto as of the Exchange Date. All of such covenants, warranties and representations shall survive the execution and delivery of this Agreement by the Participant. The Participant shall promptly notify the Company upon discovering that any of the representations or warranties set forth on Exhibit B was false when made or have, as a result of changes in circumstances, become false. RECITALS

A. The Participant is an employee of the Employer and provides services to the Company (and/or its subsidiaries), through which the Parent Member conducts substantially all of its operations.

B. The Participant originally received the grant of time-based stock options set forth above ("Stock Award") under a compensatory stock plan sponsored by the Parent Member. The Participant has elected to surrender the unvested portion of such Stock Award and receive an Award of Option Units (as defined in the LLC Agreement) under the Plan pursuant to an election form duly submitted by the Participant to the Parent Member and the Company prior to the date hereof (the "Election Form").

C. In accordance with the Welltower OP LLC Profits Interests Plan, as it may be amended from time to time (the "Plan"), the Parent Member desires to provide the Participant with an opportunity to acquire Option Units having the rights, voting powers, restrictions, limitations as to distributions, qualifications and terms and conditions of redemption and conversion set forth herein, in the Plan and in the LLC Agreement, and thereby provide additional incentive for the Participant to promote the progress and success of the business of the Parent Member, the Company and its subsidiaries.

D. The Option Units being granted herein represent the portion of the Stock Award that is unvested as of the Exchange Date. Capitalized terms used herein and not otherwise defined have the meanings provided in the Plan, the Equity Plan and/or the LLC Agreement.

NOW, THEREFORE, the Parent Member, the Company and the Participant hereby agree as follows:

AGREEMENT

1. Grant of Option Units. On the terms and conditions set forth below, as well as the terms and conditions of the Plan, the Company hereby grants to the Participant the Number of Option Units set forth above (the "Option Units"). To the extent the Option Units become vested in accordance with Section 3, each Option Unit is intended to provide the Participant with the opportunity to share in the appreciation of the value of a Share in excess of the Option Unit Participation Threshold set forth above based on the terms set forth in the LLC Agreement. The Option Units will accumulate and/or participate in allocations and distributions as set forth in the LLC Agreement, in accordance with Exhibit G to the LLC Agreement.

2. Conversion and Term. Subject to earlier forfeiture, termination, acceleration or cancellation of the Option Units as provided in the LLC Agreement, Plan or this Award Agreement, until the Expiration Date, Vested Option Units shall be convertible at the Participant's election into a number of LTIP Units, as determined in accordance with the LLC Agreement, which in turn are convertible into Class A Common Units and Shares as provided in the LLC Agreement. For purposes of this Award Agreement, "Expiration Date" means the earlier of (a) the date of the Participant's termination of employment by the Employer for Cause, and (b) the tenth (10th) anniversary of the grant date of the Stock Award. Upon the Expiration Date, any Option Units which have not been converted into Vested LTIP Units shall terminate, be cancelled for no consideration and be without further force or effect.

3. Vesting Period. The vesting period of the Option Units (the "Vesting Period") began on the Original Grant Date and continues until such Vesting Dates, and subject to such vesting conditions, as set forth above. On the first Vesting Date following the date of this Award Agreement and each Vesting Date thereafter, the applicable number of Option Units specified above shall become vested, subject to earlier forfeiture as provided in this Award Agreement. Except as permitted under Section 14, the Option Units for which the applicable Vesting Period has not expired may not be sold, assigned, transferred, pledged or otherwise disposed of or encumbered (whether voluntarily or involuntarily or by judgment, levy, attachment, garnishment or other legal or equitable proceeding). The Participant shall have the right to vote the Option Units if and when voting is allowed under the LLC Agreement, regardless of whether the applicable Vesting Period has expired.

4. Termination of Participant's Employment; Continued Convertibility of Vested Option Units.

(a) If the Participant's employment with the Employer terminates, the provisions of this Section 4 shall govern the treatment of the Option Units exclusively, regardless of the provisions of any employment, change in control or other agreement or arrangement to which the Participant is a party, or any termination or

severance policies of the Parent Member then in effect, which shall be superseded by the Plan and this Award Agreement.

(b) In the event of termination of the Participant's employment by reason of a Qualified Termination, then the Participant shall retain the portions of the Option Units that are Vested Option Units. The portion of the Option Units that are Unvested Option Units shall, without payment of any consideration by the Parent Member or the Company, automatically and without notice terminate, be forfeited and become null and void and neither the Participant nor any of his or her successors, heirs, assigns, or personal representatives will thereafter have any further rights or interests in such Unvested Option Units. The portion of the Option Units that are Vested Option Units that have not been converted into Vested LTIP Units shall remain convertible as set forth in this Award Agreement and the LLC Agreement.

(c) As a condition of receiving any payments or benefits under the Plan and this Award Agreement on account of the Participant's Qualified Termination, the Company may, in its sole discretion, require the Participant to deliver an irrevocable, effective release of claims in the form determined by the Company and/or an affirmation of continued compliance with the non-competition, non-solicitation, non-disparagement and non-disclosure covenants in favor of the Company and related persons as set forth in Section 4 of the Plan.

(d) In the event of a termination of a Participant's employment for any reason other than a Qualified Termination, except as otherwise determined by the Company, then (i) the Unvested Option Units shall, without payment of any consideration by the Company, automatically and without notice terminate, be forfeited and become null and void, and neither the Participant nor any of his or her successors, heirs, assigns, or personal representatives will thereafter have any further rights or interests in the Unvested Option Units and (ii) the Participant shall retain the Vested Option Units that have not been converted into Vested LTIP Units and such Vested Option Units shall remain convertible as set forth in this Award Agreement and the LLC Agreement. In the event such a termination is for Cause, all of the Option Units shall, without payment of any consideration by the Company, automatically and without notice terminate, be forfeited and become null and void, and neither the Participant nor any of his or her successors, heirs, assigns, or personal representatives will thereafter have any further rights or interests in the Option Units.

5. Change in Control. In the event that a Change in Corporate Control occurs prior to January 15, 20XX, then the Vesting Period applicable to the Option Units shall lapse in its entirety and such Option Units shall become Vested Option Units if either (i) the successor company (or a subsidiary thereof) does not assume, convert, continue or otherwise replace such Option Units on proportionate and equitable terms or (ii) the Participant is terminated without Cause upon or within twelve (12) months following the Change in Corporate Control.

6. Incorporation of Plan; Interpretation by Administrator. This Agreement is subject to the terms, conditions, limitations and definitions contained in the Plan. In the event of any discrepancy or inconsistency between this Agreement and the Plan, the terms and conditions of the Plan shall control. The Administrator may make such rules and regulations and establish such procedures for the administration of this Agreement, which are consistent with the terms of this Agreement, as it deems appropriate.

7. Certificates; Limitations on Resale. Each certificate, if any, issued in respect of the Option Units awarded under this Award Agreement shall be registered in the Participant's name and held by the Company until the expiration of the applicable Vesting Period. If certificates representing the Option Units are issued by the Company, at the expiration of each Vesting Period, the Company shall deliver to the Participant (or, if applicable, to the Participant's legal representatives, beneficiaries or heirs) certificates representing the number of Option Units that vested upon the expiration of such Vesting Period. The Participant agrees that any resale of either (1) the Option Units received upon the expiration of the applicable Vesting Period or (2) the LTIP Units, Class A Common Units or Shares received, directly or indirectly, upon redemption of or in exchange for Option Units, other units of the Company or Class A Common Units into which Option Units may have been converted shall not occur during the "blackout periods" forbidding sales of Parent Member securities, as set forth in the then-applicable Parent Member employee manual or insider trading policy. In addition, any resale shall be made in compliance with the registration requirements of the Securities Act of 1933, as amended (the "Securities Act"), or an applicable exemption therefrom, including, without limitation, the exemption provided by Rule 144 promulgated thereunder (or any successor rule).

8. Tax Withholding. The Parent Member or its applicable affiliate has the right, to the extent applicable, to withhold from cash compensation payable to the Participant all applicable income and employment taxes due and owing at the time the applicable portion of the Option Units becomes includible in the Participant's income (the "Withholding Amount"), and/or to delay delivery of Option Units until appropriate arrangements have been made for payment of such withholding. In the alternative, the Parent Member has the right to retain and cancel, or sell or otherwise dispose of, such number of Option Units as have a market value (determined as of the date the applicable Option Units vest) approximately equal to the Withholding Amount, with any excess proceeds being paid to Participant.

9. Certain Adjustments. The Option Units shall be subject to adjustment as provided in the LLC Agreement, and except as otherwise provided therein, if (i) the Parent Member shall at any time be involved in a merger, consolidation, dissolution, liquidation, reorganization, exchange of shares, sale of all or substantially all of the assets or stock of the Parent Member, spin-off of a Subsidiary of the Parent Member, business unit or other transaction similar thereto, (ii) any stock dividend, stock split, reverse stock split, stock combination, reclassification, recapitalization, significant repurchases of stock, or other similar change in the capital structure of the Parent Member, or any extraordinary dividend or other distribution to holders of the Shares or Class A Common Units other than regular dividends shall occur, or (iii) any other event shall occur that in each case in the good faith judgment of the Company necessitates action by way of appropriate equitable adjustment in the terms of this Award Agreement, the Plan or the Option Units, then the Company shall take such action as it deems necessary to maintain the Participant's rights hereunder so that they are substantially proportionate to the rights

existing under this Award Agreement and the terms of the Option Units prior to such event, including, without limitation: (A) adjustments in the Option Units; and (B) substitution of other awards under the Plan or otherwise. In the event of any change in the outstanding Shares (or corresponding change in the Conversion Factor applicable to the Class A Common Units) by reason of any share dividend or split, recapitalization, merger, consolidation, spin-off, combination or exchange of shares or other corporate change, or any distribution to common shareholders of the Company other than regular dividends, any LTIP Units, Class A Common Units, shares or other securities received by the Participant with respect to the applicable Option Units for which the Vesting Period shall not have expired will be subject to the same restrictions as the Option Units with respect to an equivalent number of shares or securities and shall be deposited with the Company.

10. Amendment; Modification. This Award Agreement may only be modified or amended in a writing signed by the parties hereto, provided that the Participant acknowledges that the Plan may be amended or discontinued in accordance with the provisions thereof and that this Agreement may be amended or canceled by the Administrator, on behalf of the Parent Member and the Company, in each case for the purpose of satisfying changes in law or for any other lawful purpose, so long as no such action shall adversely affect the Participant's rights under this Agreement in any material respect without the Participant's written consent. No promises, assurances, commitments, agreements, undertakings or representations, whether oral, written, electronic or otherwise, and whether express or implied, with respect to the subject matter hereof, have been made by the parties which are not set forth expressly in this Agreement. The failure of the Participant or the Parent Member or the Company to insist upon strict compliance with any provision of this Agreement, or to assert any right the Participant or the Parent Member or the Company, respectively, may have under this Agreement, shall not be deemed to be a waiver of such provision or right or any other provision or right of this Agreement.

11. Complete Agreement. Other than as specifically stated herein or as otherwise set forth in any employment, change in control or other agreement or arrangement to which the Participant is a party which specifically refers to the Option Units or to the treatment of compensatory equity held by the Participant generally, this Agreement (together with those agreements and documents expressly referred to herein, for the purposes referred to herein, including but not limited to the Plan and the LLC Agreement) embody the complete and entire agreement and understanding between the parties with respect to the subject matter hereof, and supersede any and all prior promises, assurances, commitments, agreements, undertakings or representations, whether oral, written, electronic or otherwise, and whether express or implied, which may relate to the subject matter hereof in any way (including, but not limited to, all documentation and agreements pertaining to the Stock Awards other than the Election Form).

12. Governing Law. This Award Agreement shall be governed by and construed in accordance with the laws of the State of Delaware, without references to principles of conflict of laws.

13. Successors and Assigns. This Award Agreement shall be binding upon and inure to the benefit of the parties hereto and any successors to the Parent Member and any successors to the Participant by will or the laws of descent and distribution, but this Award Agreement shall not otherwise be assignable or otherwise subject to hypothecation by the Participant.

14. Transfer; Redemption. None of the Option Units shall be sold, assigned, transferred, pledged or otherwise disposed of or encumbered (whether voluntarily or involuntarily or by judgment, levy, attachment, garnishment or other legal or equitable proceeding) (each such action, a "Transfer"), or redeemed in accordance with the LLC Agreement (a) prior to vesting and (b) unless such Transfer is in compliance with all applicable securities laws (including, without limitation, the Securities Act), and such Transfer is in accordance with the applicable terms and conditions of the LLC Agreement. Any attempted Transfer of Option Units not in accordance with the terms and conditions of this Section 14 shall be null and void, and the Company shall not reflect on its records any change in record ownership of any Option Units as a result of any such Transfer, and shall otherwise refuse to recognize any such Transfer.

15. Severability. If, for any reason, any provision of this Award Agreement is held invalid, such invalidity shall not affect any other provision of this Award Agreement not so held invalid, and each such other provision shall to the full extent consistent with law continue in full force and effect. If any provision of this Award Agreement shall be held invalid in part, such invalidity shall in no way affect the rest of such provision not held so invalid, and the rest of such provision, together with all other provisions of this Award Agreement, shall to the full extent consistent with law continue in full force and effect.

16. Headings. The headings of paragraphs hereof are included solely for convenience of reference and shall not control the meaning or interpretation of any of the provisions of this Award Agreement.

17. Counterparts. This Award Agreement may be executed in multiple counterparts with the same effect as if each of the signing parties had signed the same document. All counterparts shall be construed together and constitute the same instrument.

18. Status as a Member. Unless the Participant is already a Member of the Company as of the Exchange Date, the Participant shall be admitted as a Member of the Company as of the Exchange Date with beneficial ownership of the Number of Option Units set forth above issued to the Participant as of such date pursuant to this Award Agreement by: (A) signing and delivering to the Company a copy of this Award Agreement; and (B) signing, as a Member, and delivering to the Company a counterpart signature page to the LLC Agreement (attached hereto as Exhibit A).

The Participant shall have access to, and the right to change, the Relevant Information. Relevant Information will only be used in accordance with applicable law and to the extent necessary to administer the Plan and this Award Agreement, and the Parent Member and its agents will keep the Relevant Information confidential except as specifically authorized under this paragraph.

22. Electronic Delivery of Documents. By accepting this Award Agreement, the Participant (i) consents to the electronic delivery of this Award Agreement, all information with respect to the Plan and any reports of the Parent Member provided generally to the Parent Member's stockholders; (ii) acknowledges that he or she may receive from the Parent Member a paper copy of any documents delivered electronically at no cost to the Participant by contacting the Parent Member by telephone or in writing; (iii) further acknowledges that he or she may revoke his or her consent to electronic delivery of documents at any time by notifying the Parent Member of such revoked consent by telephone, postal service or electronic mail; and (iv) further acknowledges that he or she is not required to consent to electronic delivery of documents.

The Participant has been given the opportunity to make a thorough investigation of matters relevant to the Option Units and has been furnished with, and has reviewed and understands, materials relating to the Company and the Parent Member and their respective activities (including, but not limited to, the Background Documents). The Participant has been afforded the opportunity to obtain any additional information (including any exhibits to the Background Documents) deemed necessary by the Participant to verify the accuracy of information conveyed to the Participant. (iii) The Option Units to be issued, the LTIP Units and/or Common Units issuable upon conversion of the Option Units and any Parent Member Shares issued in connection with the redemption of any such Common Units will be acquired for the account of the Participant for investment only and not with a current view to, or with any intention of, a distribution or resale thereof, in whole or in part, or the grant of any participation therein, without prejudice, however, to the Participant's right (subject to the terms of the Option Units, the Plan and this Award Agreement) at all times to sell or otherwise dispose of all or any part of his Option Units, LTIP Units, Common Units or Parent Member Shares in compliance with the Securities Act, and applicable state securities laws, and subject, nevertheless, to the disposition of his assets being at all times within his control.

(iv) The Participant acknowledges that (A) none of the Option Units to be issued, the LTIP Units issuable upon conversion of the Option Units, or the Common Units issuable upon conversion of the LTIP Units have been registered under the Securities Act or state securities laws by reason of a specific exemption or exemptions from registration under the Securities Act and applicable state securities laws and, if such Option Units, LTIP Units or Common Units are represented by certificates, such certificates will bear a legend to such effect, (B) the reliance by the Company and the Parent Member on such exemptions is predicated in part on the accuracy and completeness of the representations and warranties of the Participant contained herein, (C) such Option Units, LTIP Units or Common Units, therefore, cannot be resold unless registered under the Securities Act and applicable state securities laws, or unless an exemption from registration is available, (D) there is no public market for such Option Units, LTIP Units and Common Units and (E) neither the Company nor the Parent Member has any obligation or intention to register such Option Units, LTIP Units or the Common Units issuable upon conversion of the Option Units under the Securities Act or any state securities laws or to take any action that would make available any exemption from the registration requirements of such laws, except that, upon the redemption of the Common Units for Parent Member Shares, the Parent Member may issue such Parent Member Shares under the Welltower Inc. 2022 Long-Term Incentive Plan, as amended from time to time (the "Equity Plan") and pursuant to a Registration Statement on Form S-8 under the Securities Act, to the extent that (I) the Participant is eligible to receive such Parent Member Shares under the Equity Plan at the time of such issuance, (II) the Parent Member has filed a Form S-8 Registration Statement with the Securities and Exchange Commission registering the issuance of such Shares and (III) such Form S-8 is effective at the time of the issuance of such Parent Member Shares. The Participant hereby acknowledges that because of the restrictions on transfer or assignment of such Option Units acquired hereby and the LTIP Units and Common Units issuable upon conversion of the Option Units which are set forth in the LLC Agreement or this Award Agreement, the Participant may have to bear the economic risk of his ownership of the Option Units acquired hereby and the LTIP Units and Common Units issuable upon conversion of the Option Units for an indefinite period of time.

(v) The Participant has determined that the Option Units are a suitable investment for the Participant.

(vi) No representations or warranties have been made to the Participant by the Company or the Parent Member, or any officer, director, shareholder, agent or affiliate of any of them, and the Participant has received no information relating to an investment in the Company or the Option Units except the information specified in paragraph (a) above.

Exhibit B-2

(c) So long as the Participant holds any Option Units, the Participant shall disclose to the Company in writing such information as may be reasonably requested with respect to ownership of Option Units as the Company may deem reasonably necessary to ascertain and to establish compliance with provisions of the Code applicable to the Company or to comply with requirements of any other appropriate taxing authority.

"Normalized Funds from Operations ex-HHS" means NAREIT-defined Funds from Operations attributable to common stockholders adjusted for certain items detailed in the Parent Member's quarterly earnings releases but excluding any funding received from the US Department of Health and Human Services.

"NAREIT-defined Funds from Operations" means net income attributable to common stockholders, computed in accordance with U.S. GAAP, excluding gains (or losses) from sales of real estate and impairments of depreciable assets, plus real estate depreciation and amortization, and after adjustments for unconsolidated entities and noncontrolling interests.

"Performance Period" means the period beginning on January 1, 2022 and ending on December 31, 2024.

NOW, THEREFORE, the Parent Member, the Company and the Participant hereby agree as follows:

AGREEMENT

1. Grant of Option Units. On the terms and conditions set forth below, as well as the terms and conditions of the Plan, the Company hereby grants to the Participant the Number of Option Units set forth above (the "Option Units"). To the extent the Option Units become vested in accordance with Section 3, each Option Unit is intended to provide the Participant with the opportunity to share in the appreciation of the value of a Share in excess of the Option Unit Participation Threshold set forth above based on the terms set forth in the LLC Agreement. The Option Units will accumulate and/or participate in allocations and distributions as set forth in the LLC Agreement, in accordance with Exhibit G to the LLC Agreement.

2. Conversion and Term. Subject to earlier forfeiture, termination, acceleration or cancellation of the Option Units as provided in the LLC Agreement, Plan or this Award Agreement, until the Expiration Date, Vested Option Units shall be convertible at the Participant's election into a number of LTIP Units, as determined in accordance with the LLC Agreement, which in turn are convertible into Class A Common Units and Shares as provided in the LLC Agreement. For purposes of this Award Agreement, "Expiration Date" means the earlier of (a) the date of the Participant's termination of employment by the Employer for Cause, and (b) the tenth (10th) anniversary of the grant date of the Stock Award. Upon the Expiration Date, any Option Units which

have not been converted into Vested LTIP Units shall terminate, be cancelled for no consideration and be without further force or effect.

3. Vesting Period. The vesting period of the Option Units (the "Vesting Period") began on the Original Grant Date and continues until such Vesting Dates, and subject to such vesting conditions, as set forth above. On the first Vesting Date following the date of this Award Agreement and each Vesting Date thereafter, the applicable number of Option Units specified above shall become vested, subject to earlier forfeiture as provided in this Award Agreement. Except as permitted under Section 14, the Option Units for which the applicable Vesting Period has not expired may not be sold, assigned, transferred, pledged or otherwise disposed of or encumbered (whether voluntarily or involuntarily or by judgment, levy, attachment, garnishment or other legal or equitable proceeding). The Participant shall have the right to vote the Option Units if and when voting is allowed under the LLC Agreement, regardless of whether the applicable Vesting Period has expired.

4. Termination of Participant's Employment; Continued Convertibility of Vested Option Units.

(a) If the Participant's employment with the Employer terminates, the provisions of this Section 4 shall govern the treatment of the Option Units exclusively, regardless of the provisions of any employment, change in control or other agreement or arrangement to which the Participant is a party, or any termination or severance policies of the Parent Member then in effect, which shall be superseded by the Plan and this Award Agreement.

(b) In the event of termination of the Participant's employment by reason of a Qualified Termination, then the Participant shall retain the portions of the Option Units that are Vested Option Units. The portion of the Option Units that are Unvested Option Units shall, without payment of any consideration by the Parent Member or the Company, automatically and without notice terminate, be forfeited and become null and void and neither the Participant nor any of his or her successors, heirs, assigns, or personal representatives will thereafter have any further rights or interests in such Unvested Option Units. The portion of the Option Units that are Vested Option Units that have not been converted into Vested LTIP Units shall remain convertible as set forth in this Award Agreement and the LLC Agreement.

(c) As a condition of receiving any payments or benefits under the Plan and this Award Agreement on account of the Participant's Qualified Termination, the Company may, in its sole discretion, require the Participant to deliver an irrevocable, effective release of claims in the form determined by the Company and/or an affirmation of continued compliance with the non-competition, non-solicitation, non-disparagement and non-disclosure covenants in favor of the Company and related persons as set forth in Section 4 of the Plan.

(d) In the event of a termination of a Participant's employment for any reason other than a Qualified Termination, except as otherwise determined by the Company, then (i) the Unvested Option Units shall, without payment of any consideration by the Company, automatically and without notice terminate, be forfeited and become null and void, and neither the Participant nor any of his or her successors, heirs, assigns, or personal representatives will thereafter have any further rights or interests in the Unvested Option Units and (ii) the Participant shall retain the Vested Option Units that have not been converted into Vested LTIP Units and such Vested Option Units shall remain convertible as set forth in this Award Agreement and the LLC Agreement. In the event such a termination is for Cause, all of the Option Units shall, without payment of any consideration by the Company, automatically and without notice terminate, be forfeited and become null and void, and neither the Participant nor any of his or her successors, heirs, assigns, or personal representatives will thereafter have any further rights or interests in the Option Units.

5. Change in Control. In the event that a Change in Corporate Control occurs prior to December 13, 2026, then the Vesting Period applicable to the Option Units shall lapse in its entirety and such Option Units shall become Vested Option Units if either (i) the successor company (or a subsidiary thereof) does not assume, convert, continue or otherwise replace such Option Units on proportionate and equitable terms or (ii) the Participant is terminated without Cause upon or within twelve (12) months following the Change in Corporate Control.

6. Incorporation of Plan; Interpretation by Administrator. This Agreement is subject to the terms, conditions, limitations and definitions contained in the Plan. In the event of any discrepancy or inconsistency between this Agreement and the Plan, the terms and conditions of the Plan shall control. The Administrator may

make such rules and regulations and establish such procedures for the administration of this Agreement, which are consistent with the terms of this Agreement, as it deems appropriate.

7. Certificates; Limitations on Resale. Each certificate, if any, issued in respect of the Option Units awarded under this Award Agreement shall be registered in the Participant's name and held by the Company until the expiration of the applicable Vesting Period. If certificates representing the Option Units are issued by the Company, at the expiration of each Vesting Period, the Company shall deliver to the Participant (or, if applicable, to the Participant's legal representatives, beneficiaries or heirs) certificates representing the number of Option Units that vested upon the expiration of such Vesting Period. The Participant agrees that any resale of either (1) the Option Units received upon the expiration of the applicable Vesting Period or (2) the LTIP Units, Class A Common Units or Shares received, directly or indirectly, upon redemption of or in exchange for Option Units, other units of the Company or Class A Common Units into which Option Units may have been converted shall not occur during the "blackout periods" forbidding sales of Parent Member securities, as set forth in the then-applicable Parent Member employee manual or insider trading policy. In addition, any resale shall be made in compliance with the registration requirements of the Securities Act of 1933, as amended (the "Securities Act"), or an applicable exemption therefrom, including, without limitation, the exemption provided by Rule 144 promulgated thereunder (or any successor rule).

8. Tax Withholding. The Parent Member or its applicable affiliate has the right, to the extent applicable, to withhold from cash compensation payable to the Participant all applicable income and employment taxes due and owing at the time the applicable portion of the Option Units becomes includible in the Participant's income (the "Withholding Amount"), and/or to delay delivery of Option Units until appropriate arrangements have been made for payment of such withholding. In the alternative, the Parent Member has the right to retain and cancel, or sell or otherwise dispose of, such number of Option Units as have a market value (determined as of the date the applicable Option Units vest) approximately equal to the Withholding Amount, with any excess proceeds being paid to Participant.

9. Certain Adjustments. The Option Units shall be subject to adjustment as provided in the LLC Agreement, and except as otherwise provided therein, if (i) the Parent Member shall at any time be involved in a merger, consolidation, dissolution, liquidation, reorganization, exchange of shares, sale of all or substantially all of the assets or stock of the Parent Member, spin-off of a Subsidiary of the Parent Member, business unit or other transaction similar thereto, (ii) any stock dividend, stock split, reverse stock split, stock combination, reclassification, recapitalization, significant repurchases of stock, or other similar change in the capital structure of the Parent Member, or any extraordinary dividend or other distribution to holders of the Shares or Class A Common Units other than regular dividends shall occur, or (iii) any other event shall occur that in each case in the good faith judgment of the Company necessitates action by way of appropriate equitable adjustment in the terms of this Award Agreement, the Plan or the Option Units, then the Company shall take such action as it deems necessary to maintain the Participant's rights hereunder so that they are substantially proportionate to the rights existing under this Award Agreement and the terms of the Option Units prior to such event, including, without limitation: (A) adjustments in the Option Units; and (B) substitution of other awards under the Plan or otherwise. In the event of any change in the outstanding Shares (or corresponding change in the Conversion Factor applicable to the Class A Common Units) by reason of any share dividend or split, recapitalization, merger, consolidation, spin-off, combination or exchange of shares or other corporate change, or any distribution to common shareholders of the Company other than regular dividends, any LTIP Units, Class A Common Units, shares or other securities received by the Participant with respect to the applicable Option Units for which the Vesting Period shall not have expired will be subject to the same restrictions as the Option Units with respect to an equivalent number of shares or securities and shall be deposited with the Company.

10. Amendment; Modification. This Award Agreement may only be modified or amended in a writing signed by the parties hereto, provided that the Participant acknowledges that the Plan may be amended or discontinued in accordance with the provisions thereof and that this Agreement may be amended or canceled by the Administrator, on behalf of the Parent Member and the Company, in each case for the purpose of satisfying changes in law or for any other lawful purpose, so long as no such

action shall adversely affect the Participant's rights under this Agreement in any material respect without the Participant's written consent. No promises, assurances, commitments, agreements, undertakings or representations, whether oral, written, electronic or otherwise, and whether express or implied, with respect to the subject matter hereof, have been made by the parties which are not set forth expressly in this Agreement. The failure of the Participant or the Parent Member or the Company to insist upon strict compliance with any provision of this Agreement, or to assert any right the Participant or the Parent Member or the Company, respectively, may have under this Agreement, shall not be deemed to be a waiver of such provision or right or any other provision or right of this Agreement.

---

11. Complete Agreement. Other than as specifically stated herein or as otherwise set forth in any employment, change in control or other agreement or arrangement to which the Participant is a party which specifically refers to the Option Units or to the treatment of compensatory equity held by the Participant generally, this Agreement (together with those agreements and documents expressly referred to herein, for the purposes referred to herein, including but not limited to the Plan and the LLC Agreement) embody the complete and entire agreement and understanding between the parties with respect to the subject matter hereof, and supersede any and all prior promises, assurances, commitments, agreements, undertakings or representations, whether oral, written, electronic or otherwise, and whether express or implied, which may relate to the subject matter hereof in any way (including, but not limited to, all documentation and agreements pertaining to the Stock Awards other than the Election Form).

12. Governing Law. This Award Agreement shall be governed by and construed in accordance with the laws of the State of Delaware, without references to principles of conflict of laws.

13. Successors and Assigns. This Award Agreement shall be binding upon and inure to the benefit of the parties hereto and any successors to the Parent Member and any successors to the Participant by will or the laws of descent and distribution, but this Award Agreement shall not otherwise be assignable or otherwise subject to hypothecation by the Participant.

14. Transfer; Redemption. None of the Option Units shall be sold, assigned, transferred, pledged or otherwise disposed of or encumbered (whether voluntarily or involuntarily or by judgment, levy, attachment, garnishment or other legal or equitable proceeding) (each such action, a "Transfer"), or redeemed in accordance with the LLC Agreement (a) prior to vesting and (b) unless such Transfer is in compliance with all applicable securities laws (including, without limitation, the Securities Act), and such Transfer is in accordance with the applicable terms and conditions of the LLC Agreement. Any attempted Transfer of Option Units not in accordance with the terms and conditions of this Section 14 shall be null and void, and the Company shall not reflect on its records any change in record ownership of any Option Units as a result of any such Transfer, and shall otherwise refuse to recognize any such Transfer.

15. Severability. If, for any reason, any provision of this Award Agreement is held invalid, such invalidity shall not affect any other provision of this Award Agreement not so held invalid, and each such other provision shall to the full extent consistent with law continue in full force and effect. If any provision of this Award Agreement shall be held invalid in part, such invalidity shall in no way affect the rest of such provision not held so invalid, and the rest of such provision, together with all other provisions of this Award Agreement, shall to the full extent consistent with law continue in full force and effect.

16. Headings. The headings of paragraphs hereof are included solely for convenience of reference and shall not control the meaning or interpretation of any of the provisions of this Award Agreement.

17. Counterparts. This Award Agreement may be executed in multiple counterparts with the same effect as if each of the signing parties had signed the same document. All counterparts shall be construed together and constitute the same instrument.

18. Status as a Member. Unless the Participant is already a Member of the Company as of the Exchange Date, the Participant shall be admitted as a Member of the Company as of the Exchange Date with beneficial ownership of the Number of Option Units set forth above issued to the Participant as of such date pursuant to this Award Agreement by: (A) signing and delivering to the Company a copy of this Award Agreement; and (B) signing, as a Member, and delivering to the Company a counterpart signature page to the LLC Agreement (attached hereto as Exhibit A).

19. Status of Option Units under the Plan. The Option Units are both issued as equity securities of the Company and granted as awards under the Plan. The Parent Member will have the right at its option, as set forth in the LLC Agreement, to issue Shares in exchange for units of the Company into which Option Units may have been converted pursuant to the LLC Agreement, subject to certain limitations set forth in the LLC Agreement, and such Shares, if issued, will be issued under the Plan. The Participant must be eligible to receive the Option Units in compliance with applicable federal and state securities laws and to that effect is required to complete, execute and deliver certain covenants, representations and warranties (attached as Exhibit B). The Participant acknowledges that the Participant will have no right to approve or disapprove such determination by the Parent Member.

All of such covenants, warranties and representations shall survive the execution and delivery of this Award Agreement by the Participant. The Company will have no obligation to register under the Securities Act any Option Units or any other securities issued pursuant to this Award Agreement or upon conversion or exchange of Option Units.

21. Data Privacy Consent. In order to administer the Plan and this Award Agreement and to implement or structure future equity grants, the Parent Member and its agents may process any and all personal or professional data, including but not limited to Social Security or other identification number, home address and telephone number, date of birth and other information that is necessary or desirable for the administration of the Plan and/or this Award Agreement (the "Relevant Information"). By entering into this Award Agreement, the Participant (i) authorizes the Parent Member to collect, process, register and transfer to its agents all Relevant Information; and (ii) authorizes the Parent Member and its agents to store and transmit such information in electronic form. The Participant shall have access to, and the right to change, the Relevant Information. Relevant Information will only be used in accordance with applicable law and to the extent necessary to administer the Plan and this Award Agreement, and the Parent Member and its agents will keep the Relevant Information confidential except as specifically authorized under this paragraph.

22. Electronic Delivery of Documents. By accepting this Award Agreement, the Participant (i) consents to the electronic delivery of this Award Agreement, all information with respect to the Plan and any reports of the Parent Member provided generally to the Parent Member's stockholders; (ii) acknowledges that he or she may receive from the Parent Member a paper copy of any documents delivered electronically at no cost to the Participant by contacting the Parent Member by telephone or in writing; (iii) further acknowledges that he or she may revoke his or her consent to electronic delivery of documents at any time by notifying the Parent Member of such revoked consent by telephone, postal service or electronic mail; and (iv) further acknowledges that he or she is not required to consent to electronic delivery of documents.

(iii) The Option Units to be issued, the LTIP Units and/or Common Units issuable upon conversion of the Option Units and any Parent Member Shares issued in connection with the redemption of any such Common Units will be acquired for the account of the Participant for investment only and not with a current view to, or with any intention of, a distribution or resale thereof, in whole or in part, or the grant of any participation therein, without prejudice, however, to the Participant's right (subject to the terms of the Option Units, the Plan and this Award Agreement) at all times to sell or otherwise dispose of all or any part of his Option Units, LTIP Units, Common Units or Parent Member Shares in compliance with the Securities Act, and applicable state securities laws, and subject, nevertheless, to the disposition of his assets being at all times within his control.

(iv) The Participant acknowledges that (A) none of the Option Units to be issued, the LTIP Units issuable upon conversion of the Option Units, or the Common Units issuable upon conversion of the LTIP Units have been registered under the Securities Act or state securities laws by reason of a specific exemption or exemptions from registration under the Securities Act and applicable state securities laws and, if such Option Units, LTIP Units or Common Units are represented by certificates, such certificates will bear a legend to such effect, (B) the reliance by the Company and the Parent Member on such exemptions is predicated in part on the accuracy and completeness of the representations and warranties of the Participant contained herein, (C) such Option Units, LTIP Units or Common Units, therefore, cannot be resold unless registered under the Securities Act and applicable state securities laws, or unless an exemption from registration is available, (D) there is no public market for such Option Units, LTIP Units and Common Units and (E) neither the Company nor the Parent Member has any obligation or intention to register such Option Units, LTIP Units or the Common Units issuable upon conversion of the Option Units under the Securities Act or any state securities laws or to take any action that would make available any exemption from the registration requirements of such laws, except that, upon the redemption of the Common Units for Parent Member Shares, the Parent Member may issue such Parent Member Shares under the Welltower Inc. 2022 Long-Term Incentive Plan, as amended from time to time (the "Equity Plan") and pursuant to a Registration Statement on Form S-8 under the Securities Act, to the extent that (I) the Participant is eligible to receive such Parent Member Shares under the Equity Plan at the time of such issuance, (II) the Parent Member has filed a Form S-8 Registration Statement with the Securities and Exchange Commission registering the issuance of such Shares and (III) such Form S-8 is effective at the time of the issuance of such Parent Member Shares. The Participant hereby acknowledges that because of the restrictions on transfer or assignment of such Option Units acquired hereby and the LTIP Units and Common Units issuable upon conversion of the Option Units which are set forth in the LLC Agreement or this Award Agreement, the Participant may have to bear the economic risk of his ownership of the Option Units acquired hereby and the LTIP Units and Common Units issuable upon conversion of the Option Units for an indefinite period of time.

(v) The Participant has determined that the Option Units are a suitable investment for the Participant.

(vi) No representations or warranties have been made to the Participant by the Company or the Parent Member, or any officer, director, shareholder, agent or affiliate of any of them, and the Participant has received no information relating to an investment in the Company or the Option Units except the information specified in paragraph (a) above.

Exhibit B-2

(c) So long as the Participant holds any Option Units, the Participant shall disclose to the Company in writing such information as may be reasonably requested with respect to ownership of Option Units as the Company may deem reasonably necessary to ascertain and to establish compliance with provisions of the Code applicable to the Company or to comply with requirements of any other appropriate taxing authority.

(d) The Participant hereby agrees to make an election under Section 83(b) of the Code with respect to the Option Units awarded hereunder, and has delivered with this Award Agreement a completed, executed copy of the election form attached hereto as Exhibit C. The Participant agrees to file the election (or to permit the Company to file such election on the Participant's behalf) within thirty (30) days after the award of the Option Units hereunder with the IRS Service Center at which such Participant files his personal income tax returns.

(e) The address set forth on the signature page of this Award Agreement is the address of the Participant's principal residence, and the Participant has no present intention of becoming a resident of any country, state or jurisdiction other than the country and state in which such residence is sited.

EXHIBIT 10.17(f)

FORM OF WELLTOWER OP LLC
PROFITS INTERESTS PLAN
OUTPERFORMANCE LTIP UNIT AGREEMENT

OUTPERFORMANCE EXCHANGE EQUITY AWARD

Name of Participant (the "Participant"):	[_____]
No. of Originally Granted Restricted Stock Units:	[●●] at maximum performance
No. of LTIP Units:	[●●] at maximum performance
Exchange Date:	January 3, 2023

RECITALS

A. The Participant is an employee of Welltower Inc., a Delaware corporation (the "Parent Member") or one of its Subsidiaries and provides services to Welltower OP LLC, a Delaware limited liability company (the "Company"), through which the Parent Member conducts substantially all of its operations.

B. The Participant originally received the grant of performance-based restricted stock units set forth above ("Stock Award") under a compensatory stock plan sponsored by the Parent Member. The Participant has elected to surrender such Stock Award and in exchange receive an Award of LTIP Units under the Plan pursuant to an election form duly submitted by the Participant to the Parent Member and the Company prior to the date hereof (the "Election Form").

C. In accordance with the Welltower OP LLC Profits Interests Plan, as it may be amended from time to time (the "Plan"), the Company desires, in connection with the continued employment of the Participant, to provide the Participant with an opportunity to acquire LTIP Units (as defined in the LLC Agreement) having the rights, voting powers, restrictions, limitations as to distributions, qualifications and terms and conditions of redemption and conversion set forth herein, in the Plan and in the LLC Agreement, and thereby provide additional incentive for the Participant to promote the progress and success of the business of the Parent Member, the Company and their Subsidiaries. Upon the close of business on the Exchange Date pursuant to this Outperformance LTIP Unit Agreement (this "Agreement"), the Participant shall receive the maximum number of LTIP Units (the "LTIP Units"), subject to the restrictions and conditions set forth herein, in the Plan and in the LLC Agreement.

D. The exact number of LTIP Units earned under this award (the "Award") shall be determined in accordance with Section 3 of this Agreement. Any LTIP Units not earned at the conclusion of the Performance Period will be forfeited, and neither the Participant nor any of his or her successors, heirs, assigns, or personal representatives will thereafter have any further rights or interests in the LTIP Units that were so forfeited.

NOW, THEREFORE, the Parent Member, the Company and the Participant agree as follows:

1. Definitions. Capitalized terms used herein without definitions shall have the meanings given to those terms in the Plan, the Equity Plan and/or the LLC Agreement. In addition, as used herein:

"Absolute TSR Override Goal" means achievement by the Parent Member of Total Shareholder Return for the Performance Period calculated on an annual compounded basis, which for the entire four-year Performance Period is equal to a compounded annual growth rate of at least 10%.

"Absolute TSR Threshold Goal" means achievement by the Parent Member of Total Shareholder Return for the Performance Period calculated on an annual compounded basis, which for the entire four-year Performance Period is equal to a compounded annual growth rate of at least 5%.

"All REIT Index" means the MSCI US REIT Index.

"Annualized TSR Percentage" means (1 + TSR)^(1/4) - 1.

"Change in Corporate Control" shall have the same meaning as set forth in Section 11.1(a) of the Parent Member's 2022 Long Term Incentive Plan (the "Equity Plan") and Section 11.1(c) of the Equity Plan. In addition, in order to qualify as a "Change in Corporate Control", an event must also meet the requirements for a "change in the ownership or effective control of a corporation, or a change in the ownership of a substantial portion of the assets of a corporation" with the meaning of Treas. Reg. §1.409A-3(i)(5).

"Common Stock" or "Shares" means the Parent Member's common stock, par value $1.00 per share, either currently existing or authorized hereafter.

"Common Stock Price" means, as of a particular date, the volume weighted average of the Fair Market Value of one share of Common Stock over the 20 consecutive trading days ending on, and including such date (or if such date is not a trading day, the most recent trading day immediately preceding such date); provided that, if such date is the date upon which a Change in Corporate Control occurs, the Common Stock Price as of such date shall be equal to the fair value, as determined by the Company, of the total consideration paid or payable in the transaction resulting in the Change in Corporate Control for one share of Common Stock.

"Distribution Participation Date" shall have the meaning set forth in the LLC Agreement and in Section 6 hereof.

"Earned Award LTIP Units" means the actual number of LTIP Units that were earned by the Participant pursuant to this Agreement at the end of the Performance Period in accordance with Section 3.

"FFO Goal" means an increase of the Parent Member's funds from operations calculated on an annual compounded basis, which for the entire four-year Performance Period is equal to a compounded annual growth rate of at least 9% when compared to the Parent Member's funds from operations for the Parent Member's 2021 fiscal year, as adjusted as specifically set forth in the Parent Member's quarterly earnings releases but excluding any funding received from the US Department of Health and Human Services. The term "funds from operations" means the Parent Member's net income attributable to common stockholders of the Parent Member, computed in accordance with U.S. Generally Accepted Accounting Principles, excluding gains (or losses) from sales of real estate and impairment of depreciable assets, plus depreciation and amortization, and after adjustments for unconsolidated entities and noncontrolling interests.

"Health Care REIT Index" means the FTSE NAREIT Health Care REIT Index as of January 1, 2022 (or a successor index including a comparable universe of publicly traded U.S. real estate investment trusts), in each case adjusted and reweighted to exclude the Parent Member from the index. Any health care REIT organization that is not in existence for the entire Performance Period shall be omitted from this index.

"Index Return" means, with respect to the Performance Period, the return of either the Health Care REIT Index, or the All REIT Index, as applicable, over the Performance Period expressed as a percentage. For the avoidance of doubt, the Index Return over the Performance Period shall be calculated in a manner designed to produce a fair comparison between the Parent Member's TSR and the Index Return for the purpose of determining Relative Performance. In the case of the Health Care REIT Index, the Index Return shall be computed as the sum of each component company's weighted TSR with each component company's weight as the average of its relative market capitalization at the beginning of the Performance Period.

"Override Goal" means achievement of (i) the Absolute TSR Override Goal and (ii) Relative Performance of at least 150% against each of the All REIT Index and the Health Care REIT Index.

"Performance Period" means the period commencing on January 1, 2022 and concluding on (i) December 31, 2025 or (ii) such shorter period as may occur in connection with a Change in Corporate Control.

"Relative Performance" means the Parent Member's TSR relative to the applicable Index Return, as expressed as an Annualized TSR Percentage.

"Threshold Goals" means the Absolute TSR Threshold Goal and the FFO Goal.

"Total Shareholder Return" or "TSR" means for the Common Stock, the total shareholder return (share price appreciation/depreciation during the Performance Period plus the value attributable to reinvested dividends paid on the Shares during the applicable Performance Period). The TSR shall be expressed as a percentage. The

---

calculation of TSR will be based on the Common Stock Price as of the first day of the Performance Period and the Common Stock Price as of the last day of the applicable Performance Period. The TSR will be calculated assuming that cash dividends (including extraordinary cash dividends) paid on the Shares are reinvested in additional Shares on the ex-dividend date and that any securities distributed to shareholders in a spinoff transaction are sold and the proceeds reinvested in additional Shares on the ex-dividend date.

2. Effectiveness of Award. The Participant shall be admitted as a Member of the Company with beneficial ownership of the LTIP Units as of the Exchange Date by (i) signing and delivering to the Company a copy of this Agreement and (ii) signing, as a LTIP Unitholder, and delivering to the Company a counterpart signature page to the LLC Agreement (attached hereto as Exhibit A). Upon execution of this Agreement by the Participant, the Parent Member and the Company, the books and records of the Company shall reflect the issuance to the Participant of the LTIP Units. Thereupon, the Participant shall have all the rights of a LTIP Unitholder of the Company with respect to a number of LTIP Units equal to the LTIP Units, as set forth in the LLC Agreement, subject, however, to the restrictions and conditions specified in Section 3 below.

3. Vesting and Earning of LTIP Units.

(a) The number of Earned Award LTIP Units earned for the Performance Period shall be determined in accordance with Annex 1. For performance between different tiers, the percentage payable shall be calculated using linear interpolation between tiers.

(b) As soon as practicable following the end of the Performance Period, the Company shall determine the Earned Award LTIP Units, if any, with respect to the Performance Period. The date on which the Company makes such a determination shall be referred to herein as the "Vesting Date". The vesting of the Earned Award LTIP Units on the Vesting Date shall be subject to (i) the Participant's continued employment with the Parent Member or a Subsidiary through and including the end of the Performance Period and (ii) compliance with all of the restrictive covenants set forth in Section 4 of the Plan through and including the Vesting Date. In no event shall the Vesting Date with respect to the end of the Performance Period be later than March 15, 2026; *provided*, that in the case of the Performance Period that ends upon a Change in Corporate Control, the Vesting Date shall be no later than immediately prior to the consummation of the Change in Corporate Control. If, at the conclusion of the Performance Period and as of the Vesting Date, the number of Earned Award LTIP Units is smaller than the number of LTIP Units issued to the Participant on the Exchange Date, then the Participant, as of the conclusion of the Performance Period, shall forfeit a number of LTIP Units equal to the difference without payment of any consideration by the Company and neither the Participant nor any of his or her successors, heirs, assigns, or personal representatives will thereafter have any further rights or interests in the LTIP Units that were so forfeited.

(c) Any LTIP Units that do not become earned and vested pursuant to this Section 3 or Section 4 or Section 5 hereof shall, without payment of any consideration by the Company, automatically and without notice be forfeited and become null and void, and neither the Participant nor any of his or her successors, heirs, assigns, or personal representatives will thereafter have any further rights or interests in such unearned and unvested LTIP Units.

(d) The Earned Award LTIP Units shall be treated as Vested LTIP Units (as defined in the LLC Agreement) as of the Vesting Date and shall be converted into Class A Common Units in accordance with Section 8 of the Plan and the LLC Agreement.

4. Termination of Participant's Employment.

(a) If the Participant's employment with the Employer terminates, the provisions of this Section 4 shall govern the treatment of the Award exclusively, regardless of the provisions of any employment, change in control or other agreement or arrangement to which the Participant is a party, or any termination or severance policies of the Parent Member then in effect, which shall be superseded by the Plan and this Agreement.

(b) Except as otherwise determined by the Company or as provided in Section 5 in the event of the occurrence of a Change in Corporate Control, the Award shall, without payment of any consideration by the Company, automatically and without notice terminate, be forfeited and become null and void in the event such Participant's employment with the Parent Member and its Subsidiaries terminates for any reason other than a Qualified Termination prior to the end of the Performance Period, and neither the Participant nor any of his or her successors, heirs, assigns, or personal representatives will thereafter have any further rights or interests in this Award. Upon a Qualified Termination, a prorated portion of the Award shall be eligible to vest following the end of the Performance Period and become Earned Award LTIP Units. Such prorated portion shall be determined by multiplying (i) the number of Earned Award LTIP Units earned following the end of the Performance Period determined in accordance with Section 3(a) by (ii) a fraction, the numerator of which shall be the number of complete months during which the Participant was an employee of the Parent Member during the Performance

---

Period and the denominator of which shall be 48. In the event of a Qualified Termination, the Participant must continue to comply with all of the restrictive covenants set forth in Section 4 of the Plan through and including the Vesting Date as a condition precedent for any portion of such Participant's Award to become Earned Award LTIP Units, regardless of any time limitations on one or more of such restrictive covenants set forth in Section 4 of the Plan and notwithstanding the level of achievement of the performance goals set forth in Annex 1. The Earned Award LTIP Units shall be treated as Vested LTIP Units (as defined in the LLC Agreement) as of the Vesting Date and shall be converted into Class A Common Units in accordance with Section 8 of the Plan and the LLC Agreement.

5. Change in Control. In the event that on or prior to December 31, 2025, a Change in Corporate Control occurs, then the Earned Award LTIP Units shall be determined as of the date of such Change in Corporate Control in accordance with the computation described in Annex 1 as if the Performance Period ended on the day prior to the consummation of the Change in Corporate Control and the Vesting Date shall be no later than immediately prior to the consummation of the Change in Corporate Control, except that corporate metrics not tied to TSR (e.g., the FFO Goal) shall be calculated based on the results through the most recent completed fiscal quarter. The Earned Award LTIP Units shall be treated as Vested LTIP Units (as defined in the LLC Agreement) as of the Vesting Date and shall be converted into Class A Common Units in accordance with Section 8 of the Plan and the LLC Agreement.

6. Distribution Participation Date.

(a) The holder of the LTIP Units shall be entitled to receive distributions and allocations with respect to such LTIP Units to the extent provided for in the LLC Agreement, including Exhibit F thereof, as modified hereby.

(b) The Distribution Participation Date with respect to the LTIP Units shall be the Vesting Date, and the Vested LTIP Units shall be entitled to certain distributions and allocations described in, and pursuant to, Exhibit F of the LLC Agreement.

7. Certain Adjustments. The LTIP Units shall be subject to adjustment as provided in the LLC Agreement, and except as otherwise provided therein, if (i) the Parent Member shall at any time be involved in a merger, consolidation, dissolution, liquidation, reorganization, exchange of shares, sale of all or substantially all of the assets or stock of the Parent Member, spin-off of a Subsidiary of the Parent Member, business unit or other transaction similar thereto, (ii) any stock dividend, stock split, reverse stock split, stock combination, reclassification, recapitalization, significant repurchases of stock, or other similar change in the capital structure of the Parent Member, or any extraordinary dividend or other distribution to holders of the Shares or Class A Common Units other than regular dividends shall occur, or (iii) any other event shall occur that in each case in the good faith judgment of the Company necessitates action by way of appropriate equitable adjustment in the terms of this Agreement, the Plan or the LTIP Units, then the Company shall take such action as it deems necessary to maintain the Participant's rights hereunder so that they are substantially proportionate to the rights existing under this Agreement and the terms of the LTIP Units prior to such event, including, without limitation: (A) adjustments in the LTIP Units; and (B) substitution of other awards under the Plan or otherwise. In the event of any change in the outstanding Shares (or corresponding change in the Conversion Factor applicable to Class A Common Units) by reason of any share dividend or split, recapitalization, merger, consolidation, spin-off, combination or exchange of shares or other corporate change, or any distribution to common shareholders of the Company other than regular dividends, any Class A Common Units, shares or other securities received by the Participant with respect to the applicable LTIP Unit which have not been earned or still subject to a risk of forfeiture will be subject to the same restrictions as the LTIP Units with respect to an equivalent number of shares or securities and shall be deposited with the Company.

8. Incorporation of Plan; Interpretation by Administrator. This Agreement is subject to the terms, conditions, limitations and definitions contained in the Plan. In the event of any discrepancy or inconsistency between this Agreement and the Plan, the terms and conditions of the Plan shall control. The Administrator may make such rules and regulations and establish such procedures for the administration of this Agreement, which are consistent with the terms of this Agreement, as it deems appropriate.

9. Certificates; Legend. Each certificate, if any, issued in respect of the LTIP Units awarded under this Agreement shall be registered in the Participant's name and held by the Company until the Vesting Date. If certificates representing the LTIP Units are issued by the Company, at the Vesting Date, the Company shall deliver to the Participant (or, if applicable, to the Participant's legal representatives, beneficiaries or heirs) certificates representing the number of LTIP Units that vested upon the Vesting Date. The records of the Company and any other documentation evidencing the LTIP Units shall bear an appropriate legend, as determined by the Company in its sole discretion, to the effect that such LTIP Units are subject to restrictions as set forth herein, in the Plan and in the LLC Agreement.

---

10. Tax Withholding. The Parent Member or its applicable Affiliate (including the Company) has the right to withhold from cash compensation payable to the Participant all applicable income and employment taxes due and owing at the time the applicable portion of the LTIP Units becomes includible in the Participant's income (the "Withholding Amount"), and/or to delay delivery of the LTIP Units until appropriate arrangements have been made for payment of such withholding. In the alternative, the Company has the right to retain and cancel, or sell or otherwise dispose of, such number of the LTIP Units as have a market value (determined as of the date the applicable LTIP Units vest) approximately equal to the Withholding Amount, with any excess proceeds being paid to Participant.

11. Amendment; Modification. This Agreement may only be modified or amended in a writing signed by the parties hereto, *provided* that the Participant acknowledges that the Plan may be amended or discontinued in accordance with the provisions thereof and that this Agreement may be amended or canceled by the Administrator, on behalf of the Parent Member and the Company, in each case for the purpose of satisfying changes in law or for any other lawful purpose, so long as no such action shall adversely affect the Participant's rights under this Agreement in any material respect without the Participant's written consent. No promises, assurances, commitments, agreements, undertakings or representations, whether oral, written, electronic or otherwise, and whether express or implied, with respect to the subject matter hereof, have been made by the parties which are not set forth expressly in this Agreement. The failure of the Participant or the Parent Member or the Company to insist upon strict compliance with any provision of this Agreement, or to assert any right the Participant or the Parent Member or the Company, respectively, may have under this Agreement, shall not be deemed to be a waiver of such provision or right or any other provision or right of this Agreement.

12. Complete Agreement. Other than as specifically stated herein or as otherwise set forth in any employment, change in control or other agreement or arrangement to which the Participant is a party which specifically refers to the LTIP Units or to the treatment of compensatory equity held by the Participant generally, this Agreement (together with those agreements and documents expressly referred to herein, for the purposes referred to herein, including but not limited to the Plan and the LLC Agreement) embody the complete and entire agreement and understanding between the parties with respect to the subject matter hereof, and supersede any and all prior promises, assurances, commitments, agreements, undertakings or representations, whether oral, written, electronic or otherwise, and whether express or implied, which may relate to the subject matter hereof in any way (including, but not limited to, all documentation and agreements pertaining to the Stock Awards other than the Election Form).

13. Investment Representation; Registration. The Participant agrees that any resale of either (1) the LTIP Units received upon the Vesting Date or (2) the Shares received upon redemption of or in exchange for LTIP Units or Class A Common Units into which LTIP Units may have been converted, shall not occur during the "blackout periods" forbidding sales of Parent Member securities, as set forth in the then-applicable Parent Member employee manual or insider trading policy. In addition, any resale shall be made in compliance with the registration requirements of the Securities Act, or an applicable exemption therefrom, including, without limitation, the exemption provided by Rule 144 promulgated thereunder (or any successor rule). The Participant hereby makes the covenants, representations and warranties set forth on Exhibit B attached hereto as of the

Exchange Date. All of such covenants, warranties and representations shall survive the execution and delivery of this Agreement by the Participant. The Participant shall promptly notify the Company upon discovering that any of the representations or warranties set forth on Exhibit B was false when made or have, as a result of changes in circumstances, become false. The Company will have no obligation to register under the Securities Act any of the LTIP Units or any other securities issued pursuant to this Agreement or upon conversion or exchange of the LTIP Units into other interests of the Company.

14. Status of LTIP Units under the Plan. The LTIP Units are both issued as equity securities of the Company and granted as "Awards" under the Plan. The Parent Member will have the right at its option, as set forth in the LLC Agreement, to issue Shares in exchange for Units into which LTIP Units may have been converted pursuant to the LLC Agreement, subject to certain limitations set forth in the LLC Agreement, and such Shares, if issued, will be issued under the Equity Plan. The Participant must be eligible to receive the LTIP Units in compliance with applicable federal and state securities laws and to that effect is required to complete, execute and deliver certain covenants, representations and warranties (attached as Exhibit B). The Participant acknowledges that the Participant will have no right to approve or disapprove such determination by the Parent Member.

15. Severability. If, for any reason, any provision of this Agreement is held invalid, such invalidity shall not affect any other provision of this Agreement not so held invalid, and each such other provision shall to the full extent consistent with law continue in full force and effect. If any provision of this Agreement shall be held invalid in part, such invalidity shall in no way affect the rest of such provision not held so invalid, and the rest of such provision, together with all other provisions of this Agreement, shall to the full extent consistent with law continue in full force and effect.

---

16. Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of Delaware, without reference to principles of conflict of laws.

17. Headings. The headings of paragraphs hereof are included solely for convenience of reference and shall not control the meaning or interpretation of any of the provisions of this Agreement.

18. Counterparts. This Agreement may be executed in multiple counterparts with the same effect as if each of the signing parties had signed the same document. All counterparts shall be construed together and constitute the same instrument.

19. Successors and Assigns. This Agreement shall be binding upon and inure to the benefit of the parties hereto and any successors to the Parent Member and any successors to the Participant by will or the laws of descent and distribution, but this Agreement shall not otherwise be assignable or otherwise subject to hypothecation by the Participant.

20. Transfer; Redemption. None of the LTIP Units shall be sold, assigned, transferred, pledged or otherwise disposed of or encumbered (whether voluntarily or involuntarily or by judgment, levy, attachment, garnishment or other legal or equitable proceeding) (each such action, a "Transfer"), or redeemed in accordance with the LLC Agreement (a) prior to vesting and (b) unless such Transfer is in compliance with all applicable securities laws (including, without limitation, the Securities Act), and such Transfer is in accordance with the applicable terms and conditions of the LLC Agreement. Any attempted Transfer of LTIP Units not in accordance with the terms and conditions of this Section 20 shall be null and void, and the Company shall not reflect on its records any change in record ownership of any LTIP Units as a result of any such Transfer, and shall otherwise refuse to recognize any such Transfer.

21. Data Privacy Consent. In order to administer the Plan and this Agreement and to implement or structure future equity grants, the Parent Member and its agents may process any and all personal or professional data, including but not limited to Social Security or other identification number, home address and telephone number, date of birth and other information that is necessary or desirable for the administration of the Plan and/or this Agreement (the "Relevant Information"). By entering into this Agreement, the Participant (i) authorizes the Parent Member to collect, process, register and transfer to its agents all Relevant Information; and (ii) authorizes the Parent Member and its agents to store and transmit such information in electronic form. The Participant shall have access to, and the right to change, the Relevant Information. Relevant Information will only be used in accordance with applicable law and to the extent necessary to administer the Plan and this Agreement, and the Parent Member and its agents will keep the Relevant Information confidential except as specifically authorized under this paragraph.

22. Electronic Delivery of Documents. By accepting this Agreement, the Participant (i) consents to the electronic delivery of this Agreement, all information with respect to the Plan and any reports of the Parent Member provided generally to the Parent Member's stockholders; (ii) acknowledges that he or she may receive from the Parent Member a paper copy of any documents delivered electronically at no cost to the Participant by contacting the Parent Member by telephone or in writing; (iii) further acknowledges that he or she may revoke his or her consent to electronic delivery of documents at any time by notifying the Parent Member of such revoked consent by telephone, postal service or electronic mail; and (iv) further acknowledges that he or she is not required to consent to electronic delivery of documents.

23. Section 83(b) Election. In connection with this Agreement, the Participant hereby agrees to make an election to include in gross income in the year of transfer the fair market value of the applicable LTIP Units over the amount paid for them pursuant to Section 83(b) of the Internal Revenue Code of 1986, as amended, substantially in the form attached hereto as Exhibit C and to supply the necessary information in accordance with the regulations promulgated thereunder.

RECITALS

A. The Participant is a member of the Board of Directors of Welltower Inc., a Delaware corporation (the "Parent Member") and thereby also provides services to Welltower OP LLC, a Delaware limited liability company (the "Company"), through which the Parent Member conducts substantially all of its operations.

B. The Participant originally received the grant of deferred stock units set forth above ("Stock Award") under a compensatory stock plan sponsored by the Parent Member. The Participant has elected to surrender such Stock Award and in exchange receive an Award of LTIP Units under the Plan pursuant to an election form duly submitted by the Participant to the Parent Member and the Company prior to the date hereof (the "Election Form").

C. In accordance with the Welltower OP LLC Profits Interests Plan, as it may be amended from time to time (the "Plan"), the Company desires, in connection with the continued services of the Participant, to provide the Participant with an opportunity to acquire LTIP Units (as defined in the LLC Agreement) having the rights, voting powers, restrictions, limitations as to distributions, qualifications and terms and conditions of redemption and conversion set forth herein, in the Plan and in the LLC Agreement, and thereby provide additional incentive for the Participant to promote the progress and success of the business of the Parent Member, the Company and their Subsidiaries. Upon the close of business on the Exchange Date pursuant to this Time-Based LTIP Unit Agreement (this "Agreement"), the Participant shall receive the number of LTIP Units set forth above in this Agreement (the "Award"), subject to the restrictions and conditions set forth herein, in the Plan and in the LLC Agreement.

NOW, THEREFORE, the Parent Member, the Company and the Participant agree as follows:

1. Definitions. Capitalized terms used herein without definitions shall have the meanings given to those terms in the Plan, the Equity Plan and/or the LLC Agreement. In addition, as used herein:

"Change in Corporate Control" shall have the same meaning as set forth in Section 11.1(a) of the Parent Member's 2022 Long Term Incentive Plan (the "Equity Plan") and Section 11.1(c) of the Equity Plan. In addition, in order to qualify as a "Change in Corporate Control", an event must also meet the requirements for a "change in the ownership or effective control of a corporation, or a change in the ownership of a substantial portion of the assets of a corporation" with the meaning of Treas. Reg. §1.409A-3(i)(5).

"Common Stock" or "Shares" means the Parent Member's common stock, par value $1.00 per share, either currently existing or authorized hereafter.

"Distribution Participation Date" shall have the meaning set forth in the LLC Agreement and in Section 6 hereof.

---

2. Effectiveness of Award. The Participant shall be admitted as a Member of the Company with beneficial ownership of the LTIP Units as of the Exchange Date by (i) signing and delivering to the Company a copy of this Agreement and (ii) signing, as a LTIP Unitholder, and delivering to the Company a counterpart signature page to the LLC Agreement (attached hereto as Exhibit A). Upon execution of this Agreement by the Participant, the Parent Member and the Company, the books and records of the Company shall reflect the issuance to the Participant of the LTIP Units. Thereupon, the Participant shall have all the rights of a LTIP Unitholder of the Company with respect to a number of LTIP Units equal to the LTIP Units, as set forth in the LLC Agreement, subject, however, to the restrictions and conditions specified in Section 3 below.

3. Vesting of LTIP Units.

(a) The vesting period of the LTIP Units (the "Vesting Period") began on the Original Grant Date and continues until the Vesting Date, and shall be subject to certain vesting conditions, all as set forth above. On the Vesting Date, the applicable number of LTIP Units specified above shall become vested, subject to earlier forfeiture as provided in this Agreement. Except as permitted under Section 20, the LTIP Units for which the applicable Vesting Period has not expired may not be sold, assigned, transferred, pledged or otherwise disposed of or encumbered (whether voluntarily or involuntarily or by judgment, levy, attachment, garnishment or other legal or equitable proceeding). The Participant shall have the right to vote the LTIP Units if and when voting is allowed under the LLC Agreement, regardless of whether the applicable Vesting Period has expired.

(b) Any LTIP Units that do not become vested pursuant to this Section 3 or Section 4 or Section 5 hereof shall, without payment of any consideration by the Company, automatically and without notice be forfeited and become null and void, and neither the Participant nor any of his or her successors, heirs, assigns, or personal representatives will thereafter have any further rights or interests in such unvested LTIP Units.

(c) The LTIP Units that vest pursuant to this Section 3 or Section 4 or Section 5 hereof shall be treated as Vested LTIP Units (as defined in the LLC Agreement) as of the applicable Vesting Date and shall be converted into Class A Common Units in accordance with Section 8 of the Plan and the LLC Agreement.

4. Termination of Participant's Services.

REFINITIV

(a) If the Participant's service as a member of the Board of Directors of the Parent Member terminates, the provisions of this Section 4 shall govern the treatment of the Award exclusively, regardless of the provisions of any services, change in control or other agreement or arrangement to which the Participant is a party, or any termination or severance policies of the Parent Member then in effect, which shall be superseded by the Plan and this Agreement.

(b) If the Participant resigns from service as a member of the Board of Directors of the Parent Member, decides not to stand for reelection at the expiration of the Participant's term of office, is not nominated by the Board of Directors of the Parent Member to stand for election at the Annual Stockholders' Meeting at which the Participant's term of office expires, or, if nominated, is not reelected, then any LTIP Units held by the Participant which have not yet vested shall not be forfeited, but shall remain unvested until such time as such LTIP Units would otherwise have become vested in accordance with the Vesting Period (disregarding, for purposes of this Section 4(b), the requirement of continued service on the Board of Directors of the Parent Member as otherwise specified in this Agreement) and shall become vested on the Vesting Date. Upon vesting, such units shall be treated as Vested LTIP Units (as defined in the LLC Agreement) and shall be converted into Class A Common Units in accordance with Section 8 of the Plan and the LLC Agreement.

(c) As a condition of receiving any payments or benefits under the Plan and this Agreement on account of the termination of the Participant's service as a member of the Board of Directors of the Parent Member in the manner described in Section 4(b), the Company may, in its sole discretion, require the Participant to deliver an irrevocable, effective release of claims in the form determined by the Company and/or an affirmation of continued compliance with the non-competition, non-solicitation, non-disparagement and non-disclosure covenants in favor of the Company and related persons as set forth in Section 4 of the Plan.

(d) Notwithstanding the foregoing, if the Participant is removed from the Board of Directors of the Parent Member by the stockholders of the Parent Member for cause, or the Participant resigns or decides not to stand for reelection following delivery of notice to the stockholders of the Parent Member of a proposal to remove the Participant for cause (for these purposes, cause shall include, but not be limited to, dishonesty, incompetence, moral turpitude, other misconduct of any kind and the refusal to perform the Participant's duties and responsibilities for any reason other than illness or incapacity), then all of the LTIP Units which have not previously become vested shall, without payment of any consideration by the Company, automatically and without notice terminate, be forfeited and be and become null and void, and neither the Participant nor any of his or her successors, heirs, assigns, or personal representatives will thereafter have any further rights or interests in this Award.

(e) If the Participant ceases to serve as a member of the Board of Directors of the Parent Member as a result of the Participant's death or due to such Participant's total disability, in each case, before the LTIP Units have become vested, vesting of the LTIP Units shall be accelerated. Upon such accelerated vesting, such units shall be treated as Vested LTIP Units (as defined in the LLC Agreement) and shall be converted into Class A Common Units in accordance with Section 8 of the Plan and the LLC Agreement. A Participant shall have total disability only if he or she is "disabled" within the meaning of Section 409A of the Internal Revenue Code of 1986, as amended.

5. Change in Control. In the event that a Change in Corporate Control occurs prior to the Vesting Date, the Vesting Period applicable to this Award shall lapse in its entirety and all of the then-unvested LTIP Units shall become Vested LTIP Units.

6. Distribution Participation Date.

(a) The holder of the LTIP Units shall be entitled to receive distributions and allocations with respect to such LTIP Units to the extent provided for in the LLC Agreement, including Exhibit F thereof, as modified hereby.

(b) The Distribution Participation Date with respect to the LTIP Units shall be the applicable Vesting Date, and the Vested LTIP Units shall be entitled to certain distributions and allocations described in, and pursuant to, Exhibit F of the LLC Agreement.

7. Certain Adjustments. The LTIP Units shall be subject to adjustment as provided in the LLC Agreement, and except as otherwise provided therein, if (i) the Parent Member shall at any time be involved in a merger, consolidation, dissolution, liquidation, reorganization, exchange of shares, sale of all or substantially all of the assets or stock of the Parent Member, spin-off of a Subsidiary of the Parent Member, business unit or other transaction similar thereto, (ii) any stock dividend, stock split, reverse stock split, stock combination, reclassification, recapitalization, significant repurchases of stock, or other similar change in the capital structure of the Parent Member, or any extraordinary dividend or other distribution to holders of the Shares or Class A Common Units other than regular dividends shall occur, or (iii) any other event shall occur that in each case in the good faith judgment of the Company necessitates action by way of appropriate equitable adjustment in the terms of this Agreement, the Plan or the LTIP Units, then the Company shall take such action as it deems necessary to maintain the Participant's rights hereunder so that they are substantially proportionate to the rights existing under this Agreement and the terms of the LTIP Units prior to such event, including, without limitation: (A) adjustments in the LTIP Units; and (B) substitution of other awards under the Plan or otherwise. In the event of any change in the outstanding Shares (or corresponding change in the Conversion Factor applicable to Class A Common Units) by reason of any share dividend or split, recapitalization, merger, consolidation, spin-off, combination or exchange of shares or other corporate change, or any distribution to common shareholders of the Company other than regular dividends, any Class A Common Units, shares or other securities received by the Participant with respect to the applicable LTIP Unit which have not vested or still subject to a risk of forfeiture will be subject to the same restrictions as the LTIP Units with respect to an equivalent number of shares or securities and shall be deposited with the Company.

9. Certificates; Legend. The records of the Company and any other documentation evidencing the LTIP Units shall bear an appropriate legend, as determined by the Company in its sole discretion, to the effect that such LTIP Units are subject to restrictions as set forth herein, in the Plan and in the LLC Agreement.

10. No Tax Withholding. The Parent Member or its applicable Affiliate (including the Company) shall determine whether to issue to the Internal Revenue Service and any other applicable tax authorities and to the Participant a Form 1099 and any other reporting form that may be required to report the amount of taxable income which the Participant may have recognized under applicable federal, state and local tax laws. Neither the Parent Member nor its Affiliates will withhold such taxes, and the Participant acknowledges that the Participant is responsible for any such tax liability and may need to adjust his or her estimated tax payments to take the additional taxable income into account.

---

11. Amendment; Modification. This Agreement may only be modified or amended in a writing signed by the parties hereto, *provided* that the Participant acknowledges that the Plan may be amended or discontinued in accordance with the provisions thereof and that this Agreement may be amended or canceled by the Administrator, on behalf of the Parent Member and the Company, in each case for the purpose of satisfying changes in law or for any other lawful purpose, so long as no such action shall adversely affect the Participant's rights under this Agreement in any material respect without the Participant's written consent. No promises, assurances, commitments, agreements, undertakings or representations, whether oral, written, electronic or otherwise, and whether express or implied, with respect to the subject matter hereof, have been made by the parties which are not set forth expressly in this Agreement. The failure of the Participant or the Parent Member or the Company to insist upon strict compliance with any provision of this Agreement, or to assert any right the Participant or the Parent Member or the Company, respectively, may have under this Agreement, shall not be deemed to be a waiver of such provision or right or any other provision or right of this Agreement.

12. Complete Agreement. Other than as specifically stated herein or as otherwise set forth in any services agreement, change in control or other agreement or arrangement to which the Participant is a party which specifically refers to the LTIP Units or to the treatment of compensatory equity held by the Participant generally, this Agreement (together with those agreements and documents expressly referred to herein, for the purposes referred to herein, including but not limited to the Plan and the LLC Agreement) embody the complete and entire agreement and understanding between the parties with respect to the subject matter hereof, and supersede any and all prior promises, assurances, commitments, agreements, undertakings or representations, whether oral, written, electronic or otherwise, and whether express or implied, which may relate to the subject matter hereof in any way (including, but not limited to, all documentation and agreements pertaining to the Stock Awards other than the Election Form).

13. Investment Representation; Registration. The Participant agrees that any resale of either (1) the LTIP Units received upon the applicable Vesting Date or (2) the Shares received upon redemption of or in exchange for LTIP Units or Class A Common Units into which LTIP Units may have been converted, shall not occur during the "blackout periods" forbidding sales of Parent Member securities, as set forth in the then-applicable Parent Member employee manual or insider trading policy. In addition, any resale shall be made in compliance with the registration requirements of the Securities Act, or an applicable exemption therefrom, including, without limitation, the exemption provided by Rule 144 promulgated thereunder (or any successor rule). The Participant hereby makes the covenants, representations and warranties set forth on Exhibit B attached hereto as of the Exchange Date. All of such covenants, warranties and representations shall survive the execution and delivery of this Agreement by the Participant. The Participant shall promptly notify the Company upon discovering that any of the representations or warranties set forth on Exhibit B was false when made or have, as a result of changes in circumstances, become false. The Company will have no obligation to register under the Securities Act any of the LTIP Units or any other securities issued pursuant to this Agreement or upon conversion or exchange of the LTIP Units into other interests of the Company.

14. Status of LTIP Units under the Plan. The LTIP Units are both issued as equity securities of the Company and granted as "Awards" under the Plan. The Parent Member will have the right at its option, as set forth in the LLC Agreement, to issue Shares in exchange for Units into which LTIP Units may have been converted pursuant to the LLC Agreement, subject to certain limitations set forth in the LLC Agreement, and such Shares, if issued, will be issued under the Equity Plan. The Participant must be eligible to receive the LTIP Units in compliance with applicable federal and state securities laws and to that effect is required to complete, execute and deliver certain covenants, representations and warranties (attached as Exhibit B). The Participant acknowledges that the Participant will have no right to approve or disapprove such determination by the Parent Member.

15. Severability. If, for any reason, any provision of this Agreement is held invalid, such invalidity shall not affect any other provision of this Agreement not so held invalid, and each such other provision shall to the full extent consistent with law continue in full force and effect. If any provision of this Agreement shall be held invalid in part, such invalidity shall in no way affect the rest of such provision not held so invalid, and the rest of such provision, together with all other provisions of this Agreement, shall to the full extent consistent with law continue in full force and effect.

Any attempted Transfer of LTIP Units not in accordance with the terms and conditions of this Section 20 shall be null and void, and the Company shall not reflect on its records any change in record ownership of any LTIP Units as a result of any such Transfer and shall otherwise refuse to recognize any such Transfer.

Participant confirms that all documents, records, and books pertaining to his receipt of LTIP Units which were requested by the Participant have been made available or delivered to the Participant. The Participant has had an opportunity to ask questions of and receive answers from the Company and the Parent Member, or from a person or persons acting on their behalf, concerning the terms and conditions of the LTIP Units. **The Participant has relied upon, and is making its decision solely upon, the Background Documents and other written information provided to the Participant by the Company or the Parent Member.**

(iii) The LTIP Units to be issued, the Common Units issuable upon conversion of the LTIP Units and any Parent Member Shares issued in connection with the redemption of any such Common Units will be acquired for the account of the Participant for investment only and not with a current view to, or with any intention of, a distribution or resale thereof, in whole or in part, or the grant of any participation therein, without prejudice, however, to the Participant's right (subject to the terms of the LTIP Units, the Plan and this Agreement) at all times to sell or otherwise dispose of all or any part of his LTIP Units, Common Units or Parent Member Shares in compliance with the Securities Act, and applicable state securities laws, and subject, nevertheless, to the disposition of his assets being at all times within his control.

(iv) The Participant acknowledges that (A) neither the LTIP Units to be issued, nor the Common Units issuable upon conversion of the LTIP Units, have been registered under the Securities Act or state securities laws by reason of a specific exemption or exemptions from registration under the Securities Act and applicable state securities laws and, if such LTIP Units or Common Units are represented by certificates, such certificates will bear a legend to such effect, (B) the reliance by the Company and the Parent Member on such exemptions is predicated in part on the accuracy and completeness of the representations and warranties of the Participant contained herein, (C) such LTIP Units or Common Units, therefore, cannot be resold unless registered under the Securities Act and applicable state securities laws, or unless an exemption from registration is available, (D) there is no public market for such LTIP Units and Common Units and (E) neither the Company nor the Parent Member has any obligation or intention to register such LTIP Units or the Common Units issuable upon conversion of the LTIP Units under the Securities Act or any state securities laws or to take any action that would make available any exemption from the registration requirements of such laws, except that, upon the redemption of the Common Units for Parent Member Shares, the Parent Member may issue such Parent Member Shares under the Welltower Inc. 2022 Long-Term Incentive Plan, as amended from time to time (the "Equity Plan") and pursuant to a Registration Statement on Form S-8 under the Securities Act, to the extent that (I) the Participant is eligible to receive such Parent Member Shares under the Equity Plan at the time of such issuance, (II) the Company has filed a Form S-8 Registration Statement with the Securities and Exchange Commission registering the issuance of such Parent Member Shares and (III) such Form S-8 is effective at the time of the issuance of such Parent Member Shares. The Participant hereby acknowledges that because of the restrictions on transfer or assignment of such LTIP Units acquired hereby and the Common Units issuable upon conversion of the LTIP Units which are set forth in the LLC Agreement or this Agreement, the Participant may have to bear the economic risk of his ownership of the LTIP Units acquired hereby and the Common Units issuable upon conversion of the LTIP Units for an indefinite period of time.

(v) The Participant has determined that the LTIP Units are a suitable investment for the Participant.

(vi) No representations or warranties have been made to the Participant by the Company or the Parent Member, or any officer, director, shareholder, agent or affiliate of any of them, and the Participant has received no information relating to an investment in the Company or the LTIP Units except the information specified in paragraph (a) above.

RECITALS

A. The Participant is an employee of Welltower Inc., a Delaware corporation (the "Parent Member") or one of its Subsidiaries and provides services to Welltower OP LLC, a Delaware limited liability company (the "Company"), through which the Parent Member conducts substantially all of its operations.

B. In accordance with the Welltower OP LLC Profits Interests Plan, as it may be amended from time to time (the "Plan"), the Company desires, in connection with the continued employment of the Participant, to provide the Participant with an opportunity to acquire LTIP Units (as defined in the LLC Agreement) having the rights, voting powers, restrictions, limitations as to distributions, qualifications and terms and conditions of redemption and conversion set forth herein, in the Plan and in the LLC Agreement, and thereby provide additional incentive for the Participant to promote the progress and success of the business of the Parent Member, the Company and their Subsidiaries. Upon the close of business on the Grant Date pursuant to this Time-Based LTIP Unit Agreement (this "Agreement"), the Participant shall receive the number of LTIP Units set forth above in this Agreement (the "Award"), subject to the restrictions and conditions set forth herein, in the Plan and in the LLC Agreement.

NOW, THEREFORE, the Parent Member, the Company and the Participant agree as follows:

1. Definitions. Capitalized terms used herein without definitions shall have the meanings given to those terms in the Plan, the Equity Plan and/or the LLC Agreement. In addition, as used herein:

"Change in Corporate Control" shall have the same meaning as set forth in Section 11.1(a) of the Parent Member's 2022 Long Term Incentive Plan (the "Equity Plan") and Section 11.1(c) of the Equity Plan. In addition, in order to qualify as a "Change in Corporate Control", an event must also meet the requirements for a "change in the ownership or effective control of a corporation, or a change in the ownership of a substantial portion of the assets of a corporation" with the meaning of Treas. Reg. §1.409A-3(i)(5).

"Common Stock" or "Shares" means the Parent Member's common stock, par value $1.00 per share, either currently existing or authorized hereafter.

"Distribution Participation Date" shall have the meaning set forth in the LLC Agreement and in Section 6 hereof.

2. Effectiveness of Award. The Participant shall be admitted as a Member of the Company with beneficial ownership of the LTIP Units as of the Grant Date by (i) signing and delivering to the Company a copy of this Agreement and (ii) signing, as a LTIP Unitholder, and delivering to the Company a counterpart signature page to the LLC Agreement (attached hereto as Exhibit A). Upon execution of this Agreement by the Participant, the Parent Member and the Company, the books and records of the Company shall reflect the issuance to the Participant of the LTIP Units. Thereupon, the Participant shall have all the rights of a LTIP Unitholder of the Company with respect to a number of LTIP Units equal to the LTIP Units, as set forth in the LLC Agreement, subject, however, to the restrictions and conditions specified in Section 3 below.

3. Vesting of LTIP Units.

(a) The vesting period of the LTIP Units (the "Vesting Period") shall begin on the Grant Date and continue until the applicable Vesting Date, and shall be subject to certain vesting conditions, all as set forth above. On the first Vesting Date following the date of this Agreement and each Vesting Date thereafter, the applicable number of LTIP Units specified above shall become vested, subject to earlier forfeiture as provided in this Agreement. Except as permitted under Section 20, the LTIP Units for which the applicable Vesting Period has not expired may not be sold, assigned, transferred, pledged or otherwise disposed of or encumbered (whether voluntarily or involuntarily or by judgment, levy, attachment, garnishment or other legal or equitable proceeding). The Participant shall have the right to vote the LTIP Units if and when voting is allowed under the LLC Agreement, regardless of whether the applicable Vesting Period has expired.

REFINITIV

(b) Any LTIP Units that do not become vested pursuant to this Section 3 or Section 4 or Section 5 hereof shall, without payment of any consideration by the Company, automatically and without notice be forfeited and become null and void, and neither the Participant nor any of his or her successors, heirs, assigns, or personal representatives will thereafter have any further rights or interests in such unvested LTIP Units.

(c) The LTIP Units that vest pursuant to this Section 3 or Section 4 or Section 5 hereof shall be treated as Vested LTIP Units (as defined in the LLC Agreement) as of the applicable Vesting Date and shall be converted into Class A Common Units in accordance with Section 8 of the Plan and the LLC Agreement.

4. Termination of Participant's Employment.

(a) If the Participant's employment with the Employer terminates, the provisions of this Section 4 shall govern the treatment of the Award exclusively, regardless of the provisions of any employment, change in control or other agreement or arrangement to which the Participant is a party, or any termination or severance policies of the Parent Member then in effect, which shall be superseded by the Plan and this Agreement.

(b) In the event of termination of the Participant's employment by reason of a Qualified Termination, the Participant shall retain the portion of the Award that has vested during the Vesting Period, and such units shall be treated as Vested LTIP Units (as defined in the LLC Agreement) and shall be converted into Class A Common Units in accordance with Section 8 of the Plan and the LLC Agreement. Unless otherwise determined by the Company, the unvested portion of the Award shall, without payment of any consideration by the Company, automatically and without notice terminate, be forfeited and be and become null and void and neither the Participant nor any of his or her successors, heirs, assigns, or personal representatives will thereafter have any further rights or interests in such unvested portion of the Award.

(c) As a condition of receiving any payments or benefits under the Plan and this Agreement on account of the Participant's Qualified Termination, the Company may, in its sole discretion, require the Participant to deliver an irrevocable, effective release of claims in the form determined by the Company and/or an affirmation of continued compliance with the non-competition, non-solicitation, non-disparagement and non-disclosure covenants in favor of the Company and related persons as set forth in Section 4 of the Plan.

(d) In the event of a termination of a Participant's employment for any reason other than a Qualified Termination, except as otherwise determined by the Company, then (i) the portion of this Award that is unvested shall, without payment of any consideration by the Company, automatically and without notice terminate, be forfeited and be and become null and void, and neither the Participant nor any of his or her successors, heirs, assigns, or personal representatives will thereafter have any further rights or interests in this Award and (ii) the Participant shall retain the portion of the Award that has vested during the Vesting Period, and such units shall be treated as Vested LTIP Units (as defined in the LLC Agreement) and shall be converted into Class A Common Units in accordance with Section 8 of the Plan and the LLC Agreement.

5. Change in Control. In the event that a Change in Corporate Control occurs prior to January 15, 20XX, the Vesting Period applicable to this Award shall lapse in its entirety and all of the then-unvested LTIP Units shall become Vested LTIP Units if either (i) the successor company (or a subsidiary thereof) does not assume, convert, continue or otherwise replace this Award on proportionate and equitable terms or (ii) the Participant is terminated without Cause upon or within twelve (12) months following the Change in Corporate Control.

6. Distribution Participation Date.

(a) The holder of the LTIP Units shall be entitled to receive distributions and allocations with respect to such LTIP Units to the extent provided for in the LLC Agreement, including Exhibit F thereof, as modified hereby.

(b) The Distribution Participation Date with respect to the LTIP Units shall be the applicable Vesting Date, and the VestedLTIP Units shall be entitled to certain distributions and allocations described in, and pursuant to, Exhibit F of the LLC Agreement. Notwithstanding the foregoing, solely for purposes of regular cash distributions for any quarterly or other period, if, when and as authorized by the Board of Directors out of funds legally available for the payment of distributions, and in an amount per unit equal to the distribution payable on each Class A Common Unit for the corresponding quarterly or other period (assuming such LTIP Units were held for the entire quarter or other period), the Distribution Participation Date shall be the Grant Date.

7. Certain Adjustments. The LTIP Units shall be subject to adjustment as provided in the LLC Agreement, and except as otherwise provided therein, if (i) the Parent Member shall at any time be involved in a merger, consolidation, dissolution, liquidation, reorganization, exchange of shares, sale of all or substantially all of the assets or stock of the Parent Member, spin-off of a Subsidiary of the Parent Member, business unit or other transaction similar thereto, (ii) any stock dividend, stock split, reverse stock split, stock combination, reclassification, recapitalization, significant repurchases of stock, or other similar change in the capital structure of the Parent Member, or any extraordinary dividend or other distribution to holders of the Shares or Class A Common Units other than regular dividends shall occur, or (iii) any other event shall occur that in each case in the good faith judgment of the Company necessitates action by way of appropriate equitable adjustment in the terms of this Agreement, the Plan or the LTIP Units, then the Company shall take such action as it deems necessary to maintain the Participant's rights hereunder so that they are substantially proportionate to the rights existing under this Agreement and the terms of the LTIP Units prior to such event, including, without limitation: (A) adjustments in the LTIP Units; and (B) substitution of other awards under the Plan or otherwise.

In the event of any change in the outstanding Shares (or corresponding change in the Conversion Factor applicable to Class A Common Units) by reason of any share dividend or split, recapitalization, merger, consolidation, spin-off, combination or exchange of shares or other corporate change, or any distribution to common shareholders of the Company other than regular dividends, any Class A Common Units, shares or other securities received by the Participant with respect to the applicable LTIP Unit which have not vested or still subject to a risk of forfeiture will be subject to the same restrictions as the LTIP Units with respect to an equivalent number of shares or securities and shall be deposited with the Company.

8. Incorporation of Plan; Interpretation by Administrator. This Agreement is subject to the terms, conditions, limitations and definitions contained in the Plan. In the event of any discrepancy or inconsistency between this Agreement and the Plan, the terms and conditions of the Plan shall control. The Administrator may make such rules and regulations and establish such procedures for the administration of this Agreement, which are consistent with the terms of this Agreement, as it deems appropriate.

---

9. Certificates; Legend. Each certificate, if any, issued in respect of the LTIP Units awarded under this Agreement shall be registered in the Participant's name and held by the Company until the applicable Vesting Date. If certificates representing the LTIP Units are issued by the Company, at the applicable Vesting Date, the Company shall deliver to the Participant (or, if applicable, to the Participant's legal representatives, beneficiaries or heirs) certificates representing the number of LTIP Units that vested upon the applicable Vesting Date. The records of the Company and any other documentation evidencing the LTIP Units shall bear an appropriate legend, as determined by the Company in its sole discretion, to the effect that such LTIP Units are subject to restrictions as set forth herein, in the Plan and in the LLC Agreement.

10. Tax Withholding. The Parent Member or its applicable Affiliate (including the Company) has the right to withhold from cash compensation payable to the Participant all applicable income and employment taxes due and owing at the time the applicable portion of the LTIP Units becomes includible in the Participant's income (the "Withholding Amount"), and/or to delay delivery of the LTIP Units until appropriate arrangements have been made for payment of such withholding. In the alternative, the Company has the right to retain and cancel, or sell or otherwise dispose of, such number of the LTIP Units as have a market value (determined as of the date the applicable LTIP Units vest) approximately equal to the Withholding Amount, with any excess proceeds being paid to Participant.

11. Amendment; Modification. This Agreement may only be modified or amended in a writing signed by the parties hereto, *provided* that the Participant acknowledges that the Plan may be amended or discontinued in accordance with the provisions thereof and that this Agreement may be amended or canceled by the Administrator, on behalf of the Parent Member and the Company, in each case for the purpose of satisfying changes in law or for any other lawful purpose, so long as no such action shall adversely affect the Participant's rights under this Agreement in any material respect without the Participant's written consent. No promises, assurances, commitments, agreements, undertakings or representations, whether oral, written, electronic or otherwise, and whether express or implied, with respect to the subject matter hereof, have been made by the parties which are not set forth expressly in this Agreement. The failure of the Participant or the Parent Member or the Company to insist upon strict compliance with any provision of this Agreement, or to assert any right the Participant or the Parent Member or the Company, respectively, may have under this Agreement, shall not be deemed to be a waiver of such provision or right or any other provision or right of this Agreement.

12. Complete Agreement. Other than as specifically stated herein or as otherwise set forth in any employment, change in control or other agreement or arrangement to which the Participant is a party which specifically refers to the LTIP Units or to the treatment of compensatory equity held by the Participant generally, this Agreement (together with those agreements and documents expressly referred to herein, for the purposes referred to herein, including but not limited to the Plan and the LLC Agreement) embody the complete and entire agreement and understanding between the parties with respect to the subject matter hereof, and supersede any and all prior promises, assurances, commitments, agreements, undertakings or representations, whether oral, written, electronic or otherwise, and whether express or implied, which may relate to the subject matter hereof in any way.

13. Investment Representation; Registration. The Participant agrees that any resale of either (1) the LTIP Units received upon the applicable Vesting Date or (2) the Shares received upon redemption of or in exchange for LTIP Units or Class A Common Units into which LTIP Units may have been converted, shall not occur during the "blackout periods" forbidding sales of Parent Member securities, as set forth in the then-applicable Parent Member employee manual or insider trading policy. In addition, any resale shall be made in compliance with the registration requirements of the Securities Act, or an applicable exemption therefrom, including, without limitation, the exemption provided by Rule 144 promulgated thereunder (or any successor rule). The Participant hereby makes the covenants, representations and warranties set forth on Exhibit B attached hereto as of the Grant Date. All of such covenants, warranties and representations shall survive the execution and delivery of this Agreement by the Participant. The Participant shall promptly notify the Company upon discovering that any of the representations or warranties set forth on Exhibit B was false when made or have, as a result of changes in circumstances, become false. The Company will have no obligation to register under the Securities Act any of the LTIP Units or any other securities issued pursuant to this Agreement or upon conversion or exchange of the LTIP Units into other interests of the Company.

14. Status of LTIP Units under the Plan. The LTIP Units are both issued as equity securities of the Company and granted as "Awards" under the Plan. The Parent Member will have the right at its option, as set forth in the LLC Agreement, to issue Shares in exchange for Units into which LTIP Units may have been converted pursuant to the LLC Agreement, subject to certain limitations set forth in the LLC Agreement, and such Shares, if issued, will be issued under the Equity Plan. The Participant must be eligible to receive the LTIP Units in compliance with applicable federal and state securities laws and to that effect is required to complete, execute and deliver certain covenants,

15. Severability. If, for any reason, any provision of this Agreement is held invalid, such invalidity shall not affect any other provision of this Agreement not so held invalid, and each such other provision shall to the full extent consistent with law continue in full force and effect. If any provision of this Agreement shall be held invalid in part, such invalidity shall in no way affect the rest of such provision not held so invalid, and the rest of such provision, together with all other provisions of this Agreement, shall to the full extent consistent with law continue in full force and effect.

19. Successors and Assigns. This Agreement shall be binding upon and inure to the benefit of the parties hereto and any successors to the Parent Member and any successors to the Participant by will or the laws of descent and distribution, but this Agreement shall not otherwise be assignable or otherwise subject to hypothecation by the Participant.

20. Transfer; Redemption. None of the LTIP Units shall be sold, assigned, transferred, pledged or otherwise disposed of or encumbered (whether voluntarily or involuntarily or by judgment, levy, attachment, garnishment or other legal or equitable proceeding) (each such action, a "Transfer"), or redeemed in accordance with the LLC Agreement (a) prior to vesting and (b) unless such Transfer is in compliance with all applicable securities laws (including, without limitation, the Securities Act), and such Transfer is in accordance with the applicable terms and conditions of the LLC Agreement. Any attempted Transfer of LTIP Units not in accordance with the terms and conditions of this Section 20 shall be null and void, and the Company shall not reflect on its records any change in record ownership of any LTIP Units as a result of any such Transfer and shall otherwise refuse to recognize any such Transfer.

21. Data Privacy Consent. In order to administer the Plan and this Agreement and to implement or structure future equity grants, the Parent Member and its agents may process any and all personal or professional data, including but not limited to Social Security or other identification number, home address and telephone number, date of birth and other information that is necessary or desirable for the administration of the Plan and/or this Agreement (the "Relevant Information"). 24. Acknowledgement. No. of LTIP Units:	[●]
Vesting Period:	LTIP Units shall vest on Month Day, 20XX, subject to the Participant's continued service as a member of the Board of Directors of the Parent Member through such date (the "Vesting Date").
Grant Date:	Month Day, 20XX

RECITALS

A. The Participant is a member of the Board of Directors of Welltower Inc., a Delaware corporation (the "Parent Member") and thereby also provides services to Welltower OP LLC, a Delaware limited liability company (the "Company"), through which the Parent Member conducts substantially all of its operations.

B. In accordance with the Welltower OP LLC Profits Interests Plan, as it may be amended from time to time (the "Plan"), the Company desires, in connection with the continued services of the Participant, to provide the Participant with an opportunity to acquire LTIP Units (as defined in the LLC Agreement) having the rights, voting powers, restrictions, limitations as to distributions, qualifications and terms and conditions of redemption and conversion set forth herein, in the Plan and in the LLC Agreement, and thereby provide additional incentive for the Participant to promote the progress and success of the business of the Parent Member, the Company and their Subsidiaries. Upon the close of business on the Grant Date pursuant to this Time-Based LTIP Unit Agreement (this "Agreement"), the Participant shall receive the number of LTIP Units set forth above in this Agreement (the "Award"), subject to the restrictions and conditions set forth herein, in the Plan and in the LLC Agreement.

NOW, THEREFORE, the Parent Member, the Company and the Participant agree as follows:

1. Definitions. Capitalized terms used herein without definitions shall have the meanings given to those terms in the Plan, the Equity Plan and/or the LLC Agreement. In addition, as used herein:

"Change in Corporate Control" shall have the same meaning as set forth in Section 11.1(a) of the Parent Member's 2022 Long Term Incentive Plan (the "Equity Plan") and Section 11.1(c) of the Equity Plan. In addition, in order to qualify as a "Change in Corporate Control", an event must also meet the requirements for a "change in the ownership or effective control of a corporation, or a change in the ownership of a substantial portion of the assets of a corporation" with the meaning of Treas. Reg. §1.409A-3(i)(5).

"Common Stock" or "Shares" means the Parent Member's common stock, par value $1.00 per share, either currently existing or authorized hereafter.

"Distribution Participation Date" shall have the meaning set forth in the LLC Agreement and in Section 6 hereof.

2. Effectiveness of Award. The Participant shall be admitted as a Member of the Company with beneficial ownership of the LTIP Units as of the Grant Date by (i) signing and delivering to the Company a copy of this Agreement and (ii) signing, as a LTIP Unitholder, and delivering to the Company a counterpart signature page to the LLC Agreement (attached hereto as Exhibit A). Upon execution of this Agreement by the Participant, the Parent Member and the Company, the books and records of the Company shall reflect the issuance to the Participant of the LTIP Units. Thereupon, the Participant shall have all the rights of a LTIP Unitholder of the Company with respect to a number of LTIP Units equal to the LTIP Units, as set forth in the LLC Agreement, subject, however, to the restrictions and conditions specified in Section 3 below.

3. Vesting of LTIP Units.

(a) The vesting period of the LTIP Units (the "Vesting Period") shall begin on the Grant Date and continue until the Vesting Date, and shall be subject to certain vesting conditions, all as set forth above. On the Vesting Date, the applicable number of LTIP Units specified above shall become vested, subject to earlier forfeiture

---

as provided in this Agreement. Except as permitted under Section 20, the LTIP Units for which the applicable Vesting Period has not expired may not be sold, assigned, transferred, pledged or otherwise disposed of or encumbered (whether voluntarily or involuntarily or by judgment, levy, attachment, garnishment or other legal or equitable proceeding). The Participant shall have the right to vote the LTIP Units if and when voting is allowed under the LLC Agreement, regardless of whether the applicable Vesting Period has expired.

(b) Any LTIP Units that do not become vested pursuant to this Section 3 or Section 4 or Section 5 hereof shall, without payment of any consideration by the Company, automatically and without notice be forfeited and become null and void, and neither the Participant nor any of his or her successors, heirs, assigns, or personal representatives will thereafter have any further rights or interests in such unvested LTIP Units.

(c) The LTIP Units that vest pursuant to this Section 3 or Section 4 or Section 5 hereof shall be treated as Vested LTIP Units (as defined in the LLC Agreement) as of the applicable Vesting Date and shall be converted into Class A Common Units in accordance with Section 8 of the Plan and the LLC Agreement.

4. Termination of Participant's Services.

(a) If the Participant's service as a member of the Board of Directors of the Parent Member terminates, the provisions of this Section 4 shall govern the treatment of the Award exclusively, regardless of the provisions of any services, change in control or other agreement or arrangement to which the Participant is a party, or any termination or severance policies of the Parent Member then in effect, which shall be superseded by the Plan and this Agreement.

(b) If the Participant resigns from service as a member of the Board of Directors of the Parent Member, decides not to stand for reelection at the expiration of the Participant's term of office, is not nominated by the Board of Directors of the Parent Member to stand for election at the Annual Stockholders' Meeting at which the Participant's term of office expires, or, if nominated, is not reelected, then any LTIP Units held by the Participant which have not yet vested shall not be forfeited, but shall remain unvested until such time as such LTIP Units would otherwise have become vested in accordance with the Vesting Period (disregarding, for purposes of this Section 4(b), the requirement of continued service on the Board of Directors of the Parent Member as otherwise specified in this Agreement) and shall become vested on the Vesting Date. Upon vesting, such units shall be treated as Vested LTIP Units (as defined in the LLC Agreement) and shall be converted into Class A Common Units in accordance with Section 8 of the Plan and the LLC Agreement.

(c) As a condition of receiving any payments or benefits under the Plan and this Agreement on account of the termination of the Participant's service as a member of the Board of Directors of the Parent Member in the manner described in Section 4(b), the Company may, in its sole discretion, require the Participant to deliver an irrevocable, effective release of claims in the form determined by the Company and/or an affirmation of continued compliance with the non-competition, non-solicitation, non-disparagement and non-disclosure covenants in favor of the Company and related persons as set forth in Section 4 of the Plan.

(d) Notwithstanding the foregoing, if the Participant is removed from the Board of Directors of the Parent Member by the stockholders of the Parent Member for cause, or the Participant resigns or decides not to stand for reelection following delivery of notice to the stockholders of the Parent Member of a proposal to remove the Participant for cause (for these purposes, cause shall include, but not be limited to, dishonesty, incompetence, moral turpitude, other misconduct of any kind and the refusal to perform the Participant's duties and responsibilities for any reason other than illness or incapacity), then all of the LTIP Units which have not previously become vested shall, without payment of any consideration by the Company, automatically and without notice terminate, be forfeited and be and become null and void, and neither the Participant nor any of his or her successors, heirs, assigns, or personal representatives will thereafter have any further rights or interests in this Award.

REFINITIV

(e) If the Participant ceases to serve as a member of the Board of Directors of the Parent Member as a result of the Participant's death or due to such Participant's total disability, in each case, before the LTIP Units have become vested, vesting of the LTIP Units shall be accelerated. Upon such accelerated vesting, such units shall be treated as Vested LTIP Units (as defined in the LLC Agreement) and shall be converted into Class A Common Units in accordance with Section 8 of the Plan and the LLC Agreement. A Participant shall have total disability only if he or she is "disabled" within the meaning of Section 409A of the Internal Revenue Code of 1986, as amended.

5. Change in Control. In the event that a Change in Corporate Control occurs prior to the Vesting Date, the Vesting Period applicable to this Award shall lapse in its entirety and all of the then-unvested LTIP Units shall become Vested LTIP Units.

---

6. Distribution Participation Date.

(a) The holder of the LTIP Units shall be entitled to receive distributions and allocations with respect to such LTIP Units to the extent provided for in the LLC Agreement, including Exhibit F thereof, as modified hereby.

(b) The Distribution Participation Date with respect to the LTIP Units shall be the applicable Vesting Date, and the Vested LTIP Units shall be entitled to certain distributions and allocations described in, and pursuant to, Exhibit F of the LLC Agreement. Notwithstanding the foregoing, solely for purposes of regular cash distributions for any quarterly or other period, if, when and as authorized by the Board of Directors out of funds legally available for the payment of distributions, and in an amount per unit equal to the distribution payable on each Class A Common Unit for the corresponding quarterly or other period (assuming such LTIP Units were held for the entire quarter or other period), the Distribution Participation Date shall be the Grant Date.

7. Certain Adjustments. The LTIP Units shall be subject to adjustment as provided in the LLC Agreement, and except as otherwise provided therein, if (i) the Parent Member shall at any time be involved in a merger, consolidation, dissolution, liquidation, reorganization, exchange of shares, sale of all or substantially all of the assets or stock of the Parent Member, spin-off of a Subsidiary of the Parent Member, business unit or other transaction similar thereto, (ii) any stock dividend, stock split, reverse stock split, stock combination, reclassification, recapitalization, significant repurchases of stock, or other similar change in the capital structure of the Parent Member, or any extraordinary dividend or other distribution to holders of the Shares or Class A Common Units other than regular dividends shall occur, or (iii) any other event shall occur that in each case in the good faith judgment of the Company necessitates action by way of appropriate equitable adjustment in the terms of this Agreement, the Plan or the LTIP Units, then the Company shall take such action as it deems necessary to maintain the Participant's rights hereunder so that they are substantially proportionate to the rights existing under this Agreement and the terms of the LTIP Units prior to such event, including, without limitation: (A) adjustments in the LTIP Units; and (B) substitution of other awards under the Plan or otherwise. In the event of any change in the outstanding Shares (or corresponding change in the Conversion Factor applicable to Class A Common Units) by reason of any share dividend or split, recapitalization, merger, consolidation, spin-off, combination or exchange of shares or other corporate change, or any distribution to common shareholders of the Company other than regular dividends, any Class A Common Units, shares or other securities received by the Participant with respect to the applicable LTIP Unit which have not vested or still subject to a risk of forfeiture will be subject to the same restrictions as the LTIP Units with respect to an equivalent number of shares or securities and shall be deposited with the Company.

8. Incorporation of Plan; Interpretation by Administrator. This Agreement is subject to the terms, conditions, limitations and definitions contained in the Plan. In the event of any discrepancy or inconsistency between this Agreement and the Plan, the terms and conditions of the Plan shall control. The Administrator may make such rules and regulations and establish such procedures for the administration of this Agreement, which are consistent with the terms of this Agreement, as it deems appropriate.

9. Certificates; Legend. Each certificate, if any, issued in respect of the LTIP Units awarded under this Agreement shall be registered in the Participant's name and held by the Company until the applicable Vesting Date. If certificates representing the LTIP Units are issued by the Company, at the applicable Vesting Date, the Company shall deliver to the Participant (or, if applicable, to the Participant's legal representatives, beneficiaries or heirs) certificates representing the number of LTIP Units that vested upon the applicable Vesting Date. The records of the Company and any other documentation evidencing the LTIP Units shall bear an appropriate legend, as determined by the Company in its sole discretion, to the effect that such LTIP Units are subject to restrictions as set forth herein, in the Plan and in the LLC Agreement.

10. No Tax Withholding. The Parent Member or its applicable Affiliate (including the Company) shall determine whether to issue to the Internal Revenue Service and any other applicable tax authorities and to the Participant a Form 1099 and any other reporting form that may be required to report the amount of taxable income which the Participant may have recognized under applicable federal, state and local tax laws. Neither the Parent Member nor its Affiliates will withhold such taxes, and the Participant acknowledges that the Participant is responsible for any such tax liability and may need to adjust his or her estimated tax payments to take the additional taxable income into account.

11. Amendment; Modification. This Agreement may only be modified or amended in a writing signed by the parties hereto, *provided* that the Participant acknowledges that the Plan may be amended or discontinued in accordance with the provisions thereof and that this Agreement may be amended or canceled by the Administrator, on behalf of the Parent Member and the Company, in each case for the purpose of satisfying changes in law or for any other lawful purpose, so long as no such action shall adversely affect the Participant's rights under this Agreement in any material respect without the Participant's written consent. No promises, assurances, commitments, agreements,

undertakings or representations, whether oral, written, electronic or otherwise, and whether express or implied, with respect to the subject matter hereof, have been made by the parties which are not set forth expressly in

this Agreement. The failure of the Participant or the Parent Member or the Company to insist upon strict compliance with any provision of this Agreement, or to assert any right the Participant or the Parent Member or the Company, respectively, may have under this Agreement, shall not be deemed to be a waiver of such provision or right or any other provision or right of this Agreement.

12. Complete Agreement. Other than as specifically stated herein or as otherwise set forth in any services agreement, change in control or other agreement or arrangement to which the Participant is a party which specifically refers to the LTIP Units or to the treatment of compensatory equity held by the Participant generally, this Agreement (together with those agreements and documents expressly referred to herein, for the purposes referred to herein, including but not limited to the Plan and the LLC Agreement) embody the complete and entire agreement and understanding between the parties with respect to the subject matter hereof, and supersede any and all prior promises, assurances, commitments, agreements, undertakings or representations, whether oral, written, electronic or otherwise, and whether express or implied, which may relate to the subject matter hereof in any way.

13. Investment Representation; Registration. The Participant agrees that any resale of either (1) the LTIP Units received upon the applicable Vesting Date or (2) the Shares received upon redemption of or in exchange for LTIP Units or Class A Common Units into which LTIP Units may have been converted, shall not occur during the "blackout periods" forbidding sales of Parent Member securities, as set forth in the then-applicable Parent Member employee manual or insider trading policy. In addition, any resale shall be made in compliance with the registration requirements of the Securities Act, or an applicable exemption therefrom, including, without limitation, the exemption provided by Rule 144 promulgated thereunder (or any successor rule). The Participant hereby makes the covenants, representations and warranties set forth on Exhibit B attached hereto as of the Grant Date. All of such covenants, warranties and representations shall survive the execution and delivery of this Agreement by the Participant. The Participant shall promptly notify the Company upon discovering that any of the representations or warranties set forth on Exhibit B was false when made or have, as a result of changes in circumstances, become false. The Company will have no obligation to register under the Securities Act any of the LTIP Units or any other securities issued pursuant to this Agreement or upon conversion or exchange of the LTIP Units into other interests of the Company.

14. Status of LTIP Units under the Plan. The LTIP Units are both issued as equity securities of the Company and granted as "Awards" under the Plan. The Parent Member will have the right at its option, as set forth in the LLC Agreement, to issue Shares in exchange for Units into which LTIP Units may have been converted pursuant to the LLC Agreement, subject to certain limitations set forth in the LLC Agreement, and such Shares, if issued, will be issued under the Equity Plan. The Participant must be eligible to receive the LTIP Units in compliance with applicable federal and state securities laws and to that effect is required to complete, execute and deliver certain covenants, representations and warranties (attached as Exhibit B). The Participant acknowledges that the Participant will have no right to approve or disapprove such determination by the Parent Member.

15. Severability. If, for any reason, any provision of this Agreement is held invalid, such invalidity shall not affect any other provision of this Agreement not so held invalid, and each such other provision shall to the full extent consistent with law continue in full force and effect. If any provision of this Agreement shall be held invalid in part, such invalidity shall in no way affect the rest of such provision not held so invalid, and the rest of such provision, together with all other provisions of this Agreement, shall to the full extent consistent with law continue in full force and effect.

16. Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of Delaware, without reference to principles of conflict of laws.

17. Headings. The headings of paragraphs hereof are included solely for convenience of reference and shall not control the meaning or interpretation of any of the provisions of this Agreement.

18. Counterparts. This Agreement may be executed in multiple counterparts with the same effect as if each of the signing parties had signed the same document. All counterparts shall be construed together and constitute the same instrument.

19. Successors and Assigns. This Agreement shall be binding upon and inure to the benefit of the parties hereto and any successors to the Parent Member and any successors to the Participant by will or the laws of descent and distribution, but this Agreement shall not otherwise be assignable or otherwise subject to hypothecation by the Participant.

20. Transfer; Redemption. None of the LTIP Units shall be sold, assigned, transferred, pledged or otherwise disposed of or encumbered (whether voluntarily or involuntarily or by judgment, levy, attachment, garnishment or other legal or equitable proceeding) (each such action, a "Transfer"), or redeemed in accordance with the LLC Agreement (a) prior to vesting and (b) unless such Transfer is in compliance with all applicable securities laws (including, without limitation, the Securities Act), and such Transfer is in accordance with the applicable terms and conditions of the LLC Agreement. Any attempted Transfer of LTIP Units not in accordance with the terms and conditions of this Section 20 shall be null and void, and the Company shall not reflect on its records any change in record ownership of any LTIP Units as a result of any such Transfer and shall otherwise refuse to recognize any such Transfer.

21. Data Privacy Consent. In order to administer the Plan and this Agreement and to implement or structure future equity grants, the Parent Member and its agents may process any and all personal or professional data, including but not limited to Social Security or other identification number, home address and telephone number, date of birth and other information that is necessary or desirable for the administration of the Plan and/or this Agreement (the "Relevant Information"). By entering into this Agreement, the Participant (i) authorizes the Parent Member to collect, process, register and transfer to its agents all Relevant Information; and (ii) authorizes the Parent Member and its agents to store and transmit such information in electronic form. The Participant shall have access to, and the right to change, the Relevant Information. Relevant Information will only be used in accordance with applicable law and to the extent necessary to administer the Plan and this Agreement, and the Parent Member and its agents will keep the Relevant Information confidential except as specifically authorized under this paragraph.

22. Electronic Delivery of Documents. By accepting this Agreement, the Participant (i) consents to the electronic delivery of this Agreement, all information with respect to the Plan and any reports of the Parent Member provided generally to the Parent Member's stockholders; (ii) acknowledges that he or she may receive from the Parent Member a paper copy of any documents delivered electronically at no cost to the Participant by contacting the Parent Member by telephone or in writing; (iii) further acknowledges that he or she may revoke his or her consent to electronic delivery of documents at any time by notifying the Parent Member of such revoked consent by telephone, postal service or electronic mail; and (iv) further acknowledges that he or she is not required to consent to electronic delivery of documents.

23. Section 83(b) Election. In connection with this Agreement, the Participant hereby agrees to make an election to include in gross income in the year of transfer the fair market value of the applicable LTIP Units over the amount paid for them pursuant to Section 83(b) of the Internal Revenue Code of 1986, as amended, substantially in the form attached hereto as Exhibit C and to supply the necessary information in accordance with the regulations promulgated thereunder.

24. Acknowledgement. The Participant hereby acknowledges and agrees that this Agreement and the LTIP Units issued hereunder shall constitute satisfaction in full of all obligations of the Parent Member and the Company, if any, to grant to the Participant LTIP Units pursuant to the terms of any written services agreement or letter or other written offer or description of engagement by the Parent Member and/or the Company executed prior to or coincident with the date hereof.

4. The Member hereby confirms that, notwithstanding any provisions of the LLC Agreement to the contrary, the LTIP Units shall not be redeemable by the Member pursuant to Section 8.6 of the LLC Agreement.

5. The Member hereby irrevocably consents in advance to any amendment to the LLC Agreement intended to avoid the Company being treated as a publicly-traded partnership within the meaning of Section 7704 of the Internal Revenue Code, including, without limitation, (x) any amendment to the provisions of Section 8.6 of the LLC Agreement intended to increase the waiting period between the delivery of a Notice of Redemption and the Specified Redemption Date and/or the Valuation Date to up to sixty (60) days or (y) any other amendment to the LLC Agreement intended to make the redemption and transfer provisions, with respect to certain redemptions and transfers, more similar to the provisions described in Treasury Regulations Section 1.7704-1(f).

(iv) The Participant acknowledges that (A) neither the LTIP Units to be issued, nor the Common Units issuable upon conversion of the LTIP Units, have been registered under the Securities Act or state securities laws by reason of a specific exemption or exemptions from registration under the Securities Act and applicable state securities laws and, if such LTIP Units or Common Units are represented by certificates, such certificates will bear a legend to such effect, (B) the reliance by the Company and the Parent Member on such exemptions is predicated in part on the accuracy and completeness of the representations and warranties of the Participant contained herein, (C) such LTIP Units or Common Units, therefore, cannot be resold unless registered under the Securities Act and applicable state securities laws, or unless an exemption from registration is available, (D) there is no public market for such LTIP Units and Common Units and (E) neither the Company nor the Parent Member has any obligation or intention to register such LTIP Units or the Common Units issuable upon conversion of the LTIP Units under the Securities Act or any state securities laws or to take any action that would make available any exemption from the registration requirements of such laws, except that, upon the redemption of the Common Units for Parent Member Shares, the Parent Member may issue such Parent Member Shares under the Welltower Inc. 2022 Long-Term Incentive Plan, as amended from time to time (the "Equity Plan") and pursuant to a Registration Statement on Form S-8 under the Securities Act, to the extent that (I) the Participant is eligible to receive such Parent Member Shares under the Equity Plan at the time of such issuance, (II) the Company has filed a Form S-8 Registration Statement with the Securities and Exchange Commission registering the issuance of such Parent Member Shares and (III) such Form S-8 is effective at the time of the issuance of such Parent Member Shares. (v) The Participant has determined that the LTIP Units are a suitable investment for the Participant.

A. C. The exact number of LTIP Units earned under this award (the "Award") shall be determined in accordance with Section 3 of this Agreement. Any LTIP Units not earned at the conclusion of the Performance Period will be forfeited, and neither the Participant nor any of his or her successors, heirs, assigns, or personal representatives will thereafter have any further rights or interests in the LTIP Units that were so forfeited.

NOW, THEREFORE, the Parent Member, the Company and the Participant agree as follows:

1. Definitions. Capitalized terms used herein without definitions shall have the meanings given to those terms in the Plan, the Equity Plan and/or the LLC Agreement. In addition, as used herein:

"Adjusted Annualized EBITDA" means the Parent Member's earnings before interest, taxes, depreciation and amortization, excluding unconsolidated entities and including adjustments for stock-based compensation expense, provision for loan losses, gains/losses on extinguishment of debt, gains/losses/impairments on properties, gains/losses on derivatives and financial instruments, other expenses, and additional other income for the three month period beginning on October 1, 20XX and ending on December 31, 20XX, and then expressed on an annualized basis.

"All REIT Index" means the MSCI US REIT Index.

"Annualized TSR Percentage" means (1 + TSR)^(1/3) - 1.

"Change in Corporate Control" shall have the same meaning as set forth in Section 11.1(a) of the Parent Member's 2022 Long Term Incentive Plan (the "Equity Plan") and Section 11.1(c) of the Equity Plan. In addition, in order to qualify as a "Change in Corporate Control", an event must also meet the requirements for a "change in the ownership or effective control of a corporation, or a change in the ownership of a substantial portion of the assets of a corporation" with the meaning of Treas. Reg. §1.409A-3(i)(5).

"Common Stock" or "Shares" means the Parent Member's common stock, par value $1.00 per share, either currently existing or authorized hereafter.

"Distribution Participation Date" shall have the meaning set forth in the LLC Agreement and in Section 6 hereof.

"Earned Award LTIP Units" means the actual number of LTIP Units that were earned by the Participant pursuant to this Agreement at the end of the Performance Period in accordance with Section 3.

"Health Care REIT Index" means the FTSE NAREIT Health Care REIT Index on the Grant Date (or a successor index including a comparable universe of publicly traded U.S. real estate investment trusts), in each case adjusted and reweighted to exclude the Parent Member from the index. Any health care REIT organization that is not in existence for the entire Performance Period shall be omitted from this index.

"Index Return" means, with respect to the Performance Period, the return of either the Health Care REIT Index, or the All REIT Index, as applicable, over the Performance Period expressed as a percentage. For the avoidance of doubt, the Index Return over the Performance Period shall be calculated in a manner designed to produce a fair comparison between the Parent Member's TSR and the Index Return for the purpose of determining Relative Performance. In the case of the Health Care REIT Index, the Index Return shall be computed as the sum of each component company's weighted TSR with each component company's weight as the average of its relative market capitalization at the beginning of the Performance Period.

"Net Debt + Preferred" means the sum of (a) the Parent Member's long-term debt, less cash and cash equivalents, and (b) the total amount of the Parent Member's preferred stock as of the end of the Performance Period (or other applicable designated period).

"Performance Period" means the period commencing on January 1, 20XX and concluding on the earlier of (i) December 31, 20XX, or (ii) a Change in Corporate Control.

"Relative Performance" means the Parent Member's TSR relative to the applicable Index Return, as expressed as an Annualized TSR Percentage.

"Total Shareholder Return" or "TSR" means for the common stock of the applicable company, the total shareholder return (share price appreciation/depreciation during the applicable Performance Period plus the value attributable to reinvested dividends paid on the shares during the applicable Performance Period). The TSR shall be expressed as a percentage. The calculation of TSR will be based on the average closing price of the shares for the twenty trading days immediately preceding the first day of the Performance Period and the average closing price of the shares for the twenty trading days immediately preceding the last day of the applicable Performance Period. The TSR will be calculated assuming that cash dividends (including extraordinary cash dividends) paid on the shares are reinvested in additional shares on the ex-dividend date and that any securities distributed to shareholders in a spinoff transaction are sold and the proceeds reinvested in additional shares on the ex-dividend date.

2. Effectiveness of Award. The Participant shall be admitted as a Member of the Company with beneficial ownership of the LTIP Units as of the Grant Date by (i) signing and delivering to the Company a copy of this Agreement and (ii) signing, as a LTIP Unitholder, and delivering to the Company a counterpart signature page to the LLC Agreement (attached hereto as Exhibit A). Upon execution of this Agreement by the Participant, the Parent Member and the Company, the books and records of the Company shall reflect the issuance to the Participant of the LTIP Units. Thereupon, the Participant shall have all the rights of a LTIP Unitholder of the Company with respect to a number of LTIP Units equal to the LTIP Units, as set forth in the LLC Agreement, subject, however, to the restrictions and conditions specified in Section 3 below.

3. Vesting and Earning of LTIP Units.

(a) The number of LTIP Units that may be earned and become vested for the Performance Period (such units, the "Earned Award LTIP Units") shall be determined under this Section 3(a) as follows: Depending on the level of achievement for each of the performance goals of the Award as determined pursuant to Annex 1, the Earned Award LTIP Units for the Performance Period shall be determined based on the Participant's individual threshold, target and high payout multiples described in Annex 1. REFINITIV

performance between two different tiers, the percentage payable shall be calculated using linear interpolation between tiers. The level of achievement for each listed performance goal shall be determined independently.

(b) As soon as practicable following the end of the Performance Period, the Company shall determine the Earned Award LTIP Units, if any, with respect to the Performance Period. The date on which the Company makes such a determination shall be referred to herein as the "Vesting Date". In no event shall the Vesting Date be later than 74 days after the end of the Performance Period; *provided*, that (A) in the case of the Performance Period

that ends upon a Change in Corporate Control, the Vesting Date shall be no later than immediately prior to the consummation of the Change in Corporate Control and (B) in the case of a determination required by Section 4(b), the Vesting Date shall generally be no later than 74 days after the date of the Participant's Qualified Termination or on such later date as provided by the Company. If, at the conclusion of the Performance Period and as of the Vesting Date, the number of Earned Award LTIP Units is smaller than the number of LTIP Units issued to the Participant on the Grant Date, then the Participant, as of the conclusion of the Performance Period, shall forfeit a number of LTIP Units equal to the difference without payment of any consideration by the Company and neither the Participant nor any of his or her successors, heirs, assigns, or personal representatives will thereafter have any further rights or interests in the LTIP Units that were so forfeited.

(c) Any LTIP Units that do not become earned and vested pursuant to this Section 3 or Section 4 or Section 5 hereof shall, without payment of any consideration by the Company, automatically and without notice be forfeited and become null and void, and neither the Participant nor any of his or her successors, heirs, assigns, or personal representatives will thereafter have any further rights or interests in such unearned and unvested LTIP Units.

(d) The Earned Award LTIP Units shall be treated as Vested LTIP Units (as defined in the LLC Agreement) as of the Vesting Date and shall be converted into Class A Common Units in accordance with Section 8 of the Plan and the LLC Agreement.

4. Termination of Participant's Employment.

(a) If the Participant's employment with the Employer terminates, the provisions of this Section 4 shall govern the treatment of the Award exclusively, regardless of the provisions of any employment, change in control or other agreement or arrangement to which the Participant is a party, or any termination or severance policies of the Parent Member then in effect, which shall be superseded by the Plan and this Agreement.

(b) In the event of termination of the Participant's employment by reason of a Qualified Termination prior to the end of the Performance Period, then the Company shall determine the Earned Award LTIP Units as follows: The Earned Award LTIP Units shall be determined in accordance with the computation described in Section 3(a) as if the Performance Period ended on the calendar quarter end immediately preceding the date of the Participant's Qualified Termination; *provided*, *however*, that such Earned Award LTIP Units shall be multiplied by a fraction, the numerator of which shall be the number of complete months during which the Participant was an employee of the Parent Member or its Affiliates during the Performance Period and the denominator of which shall be the total number of months in the Performance Period. The Earned Award LTIP Units shall be treated as Vested LTIP Units (as defined in the LLC Agreement) as of the Vesting Date and shall be converted into Class A Common Units in accordance with Section 8 of the Plan and the LLC Agreement.

(c) In the event of termination of the Participant's employment by reason of a Qualified Termination after the end of the Performance Period, then the Company shall determine the Earned Award LTIP Units in accordance with the computation described in Section 3. The Earned Award LTIP Units shall be treated as Vested LTIP Units (as defined in the LLC Agreement) as of the Vesting Date and shall be converted into Class A Common Units in accordance with Section 8 of the Plan and the LLC Agreement.

(d) As a condition of receiving any payments or benefits under the Plan and this Agreement on account of the Participant's Qualified Termination, the Company may, in its sole discretion, require the Participant to deliver an irrevocable, effective release of claims in the form determined by the Company and/or an affirmation of continued compliance with the non-competition, non-solicitation, non-disparagement and non-disclosure covenants in favor of the Company and related persons as set forth in Section 4 of the Plan.

(e) In the event of a termination of a Participant's employment for any reason other than a Qualified Termination prior to the end of the Performance Period, except as otherwise determined by the Company, this Award shall, without payment of any consideration by the Company, automatically and without notice terminate, be forfeited and be and become null and void, and neither the Participant nor any of his or her successors, heirs, assigns, or personal representatives will thereafter have any further rights or interests in this Award. In the event of a termination of the Participant's employment for any reason other than a Qualified Termination after the end of the Performance Period, then the Company shall determine the Earned Award LTIP Units in accordance with the computation described in Section 3. The Earned Award LTIP Units shall be treated as Vested LTIP Units (as defined in the LLC Agreement) as of the Vesting Date and shall be converted into Class A Common Units in accordance with Section 8 of the Plan and the LLC Agreement.

5. Change in Control. In the event that a Change in Corporate Control occurs prior to December 31, 20XX, then the Company shall determine the Earned Award LTIP Units as follows:The LTIP Units will be deemed earned as of the date of such Change in Corporate Control in accordance with the computation described in Section 3(a) as if the Performance Period ended on the day prior to the consummation of the Change in Corporate Control,

except that corporate metrics not tied to TSR shall be calculated based on the results through the most recent completed fiscal quarter. To the extent provided in the documents setting forth the terms of the award for the Originally Granted Restricted Stock Units, the Award shall further be multiplied by a fraction, the numerator of which shall be the number of full and partial months from the beginning of the Performance Period through the Change in Corporate Control and the denominator of which shall be 36. The Earned Award LTIP Units shall be treated as Vested LTIP Units (as defined in the LLC Agreement) as of the Vesting Date and shall be converted into Class A Common Units in accordance with Section 8 of the Plan and the LLC Agreement.

6. Distribution Participation Date.

(a) The holder of the LTIP Units shall be entitled to receive distributions and allocations with respect to such LTIP Units to the extent provided for in the LLC Agreement, including Exhibit F thereof, as modified hereby.

(b) The Distribution Participation Date with respect to the LTIP Units shall be the Vesting Date, and each of the types of LTIP Units shall be entitled to certain distributions and allocations described in, and pursuant to, Exhibit F of the LLC Agreement.

7. Certain Adjustments. The LTIP Units shall be subject to adjustment as provided in the LLC Agreement, and except as otherwise provided therein, if (i) the Parent Member shall at any time be involved in a merger, consolidation, dissolution, liquidation, reorganization, exchange of shares, sale of all or substantially all of the assets or stock of the Parent Member, spin-off of a Subsidiary of the Parent Member, business unit or other transaction similar thereto, (ii) any stock dividend, stock split, reverse stock split, stock combination, reclassification, recapitalization, significant repurchases of stock, or other similar change in the capital structure of the Parent Member, or any extraordinary dividend or other distribution to holders of the Shares or Class A Common Units other than regular dividends shall occur, or (iii) any other event shall occur that in each case in the good faith judgment of the Company necessitates action by way of appropriate equitable adjustment in the terms of this Agreement, the Plan or the LTIP Units, then the Company shall take such action as it deems necessary to maintain the Participant's rights hereunder so that they are substantially proportionate to the rights existing under this Agreement and the terms of the LTIP Units prior to such event, including, without limitation: (A) adjustments in the LTIP Units; and (B) substitution of other awards under the Plan or otherwise. In the event of any change in the outstanding Shares (or corresponding change in the Conversion Factor applicable to Class A Common Units) by reason of any share dividend or split, recapitalization, merger, consolidation, spin-off, combination or exchange of shares or other corporate change, or any distribution to common shareholders of the Company other than regular dividends, any Class A Common Units, shares or other securities received by the Participant with respect to the applicable LTIP Unit which have not been earned or still subject to a risk of forfeiture will be subject to the same restrictions as the LTIP Units with respect to an equivalent number of shares or securities and shall be deposited with the Company.

8. Incorporation of Plan; Interpretation by Administrator. This Agreement is subject to the terms, conditions, limitations and definitions contained in the Plan. In the event of any discrepancy or inconsistency between this Agreement and the Plan, the terms and conditions of the Plan shall control. The Administrator may make such rules and regulations and establish such procedures for the administration of this Agreement, which are consistent with the terms of this Agreement, as it deems appropriate.

9. Certificates; Legend. Each certificate, if any, issued in respect of the LTIP Units awarded under this Agreement shall be registered in the Participant's name and held by the Company until the Vesting Date. If certificates representing the LTIP Units are issued by the Company, at the Vesting Date, the Company shall deliver to the Participant (or, if applicable, to the Participant's legal representatives, beneficiaries or heirs) certificates representing the number of LTIP Units that vested upon the Vesting Date. The records of the Company and any other documentation evidencing the LTIP Units shall bear an appropriate legend, as determined by the Company in its sole discretion, to the effect that such LTIP Units are subject to restrictions as set forth herein, in the Plan and in the LLC Agreement.

10. Tax Withholding. The Parent Member or its applicable Affiliate (including the Company) has the right to withhold from cash compensation payable to the Participant all applicable income and employment taxes due and owing at the time the applicable portion of the LTIP Units becomes includible in the Participant's income (the "Withholding Amount"), and/or to delay delivery of the LTIP Units until appropriate arrangements have been made for payment of such withholding. In the alternative, the Company has the right to retain and cancel, or sell or otherwise dispose of, such number of the LTIP Units as have a market value (determined as of the date the applicable LTIP Units vest) approximately equal to the Withholding Amount, with any excess proceeds being paid to Participant.

11. Amendment; Modification. This Agreement may only be modified or amended in a writing signed by the parties hereto, *provided* that the Participant acknowledges that the Plan may be amended or discontinued in accordance with the provisions thereof and that this Agreement may be amended or canceled by the Administrator, on behalf of the Parent Member and the Company, in each case for the purpose of satisfying changes in law or for any other lawful purpose, so long as no such action shall adversely affect the Participant's rights under this Agreement in any material respect without the Participant's written consent. No promises, assurances, commitments, agreements, undertakings or representations, whether oral, written, electronic or otherwise, and whether express or implied, with respect to the subject matter hereof, have been made by the parties which are not set forth expressly in this Agreement. The failure of the Participant or the Parent Member or the Company to insist upon strict compliance with any provision of this Agreement, or to assert any right the Participant or the Parent Member or the Company, respectively, may have under this Agreement, shall not be deemed to be a waiver of such provision or right or any other provision or right of this Agreement.

12. Complete Agreement. Other than as specifically stated herein or as otherwise set forth in any employment, change in control or other agreement or arrangement to which the Participant is a party which specifically refers to the LTIP Units or to the treatment of compensatory equity held by the Participant generally, this Agreement (together with those agreements and documents expressly referred to herein, for the purposes referred to herein, including but not limited to the Plan and the LLC Agreement) embody the complete and entire agreement and understanding between the parties with respect to the subject matter hereof, and supersede any and all prior promises, assurances, commitments, agreements, undertakings or representations, whether oral, written, electronic or otherwise, and whether express or implied, which may relate to the subject matter hereof in any way.

13. Investment Representation; Registration. The Participant agrees that any resale of either (1) the LTIP Units received upon the Vesting Date or (2) the Shares received upon redemption of or in exchange for LTIP Units or Class A Common Units into which LTIP Units may have been converted, shall not occur during the "blackout periods" forbidding sales of Parent Member securities, as set forth in the then-applicable Parent Member employee manual or insider trading policy. In addition, any resale shall be made in compliance with the registration requirements of the Securities Act, or an applicable exemption therefrom, including, without limitation, the exemption provided by Rule 144 promulgated thereunder (or any successor rule). The Participant hereby makes the covenants, representations and warranties set forth on Exhibit B attached hereto as of the Grant Date. All of such covenants, warranties and representations shall survive the execution and delivery of this Agreement by the Participant. The Participant shall promptly notify the Company upon discovering that any of the representations or warranties set forth on Exhibit B was false when made or have, as a result of changes in circumstances, become false.

The Participant agrees that this signature page may be attached to any counterpart of the LLC Agreement and further agrees as follows (where the term "Member" refers to the Participant): Capitalized terms used but not defined herein have the meaning ascribed thereto in the LLC Agreement.

1. The Member hereby confirms that it has reviewed the terms of the LLC Agreement and affirms and agrees that it is bound by each of the terms and conditions of the LLC Agreement, including, without limitation, the provisions thereof relating to limitations and restrictions on the transfer of Units.

2. The Member hereby confirms that it is acquiring the Units for its own account as principal, for investment and not with a view to resale or distribution, and that the Units may not be transferred or otherwise disposed of by the Member otherwise than in a transaction pursuant to a registration statement filed by the Company (which it has no obligation to file) or that is exempt from the registration requirements of the Securities Act of 1933, as amended (the "Securities Act"), and all applicable state and foreign securities laws, and the Company may refuse to transfer any Units as to which evidence of such registration or exemption from registration satisfactory to the Company is not provided to it, which evidence may include the requirement of a legal opinion regarding the exemption from such registration. If the Parent Member delivers to the Member common Shares of beneficial interest of the Parent Member ("Common Shares") upon redemption of any Units, the Common Shares will be acquired for the Member's own account as principal, for investment and not with a view to resale or distribution, and the Common Shares may not be transferred or otherwise disposed of by the Member otherwise than in a transaction pursuant to a registration statement filed by the Parent Member with respect to such Common Shares (which it has no obligation under the LLC Agreement to file) or that is exempt from the registration requirements of the Securities Act and all applicable state and foreign securities laws, and the Parent Member may refuse to transfer any Common Shares as to which evidence of such registration or exemption from such registration satisfactory to the Parent Member is not provided to it, which evidence may include the requirement of a legal opinion regarding the exemption from such registration.

The foregoing power of attorney is hereby declared to be irrevocable and a power coupled with an interest, and it shall survive and not be affected by the death, incompetency, dissolution, disability, incapacity, bankruptcy or termination of the Member and shall extend to the Member's heirs, executors, administrators, legal representatives, successors and assigns.

4. The Member hereby confirms that, notwithstanding any provisions of the LLC Agreement to the contrary, the LTIP Units shall not be redeemable by the Member pursuant to Section 8.6 of the LLC Agreement.

5. The Member hereby irrevocably consents in advance to any amendment to the LLC Agreement intended to avoid the Company being treated as a publicly-traded partnership within the meaning of Section 7704 of the Internal Revenue Code, including, without limitation, (x) any amendment to the provisions of Section 8.6 of the LLC Agreement intended to increase the waiting period between the delivery of a Notice of Redemption and the Specified Redemption Date and/or the Valuation Date to up to sixty (60) days or (y) any other amendment to the LLC Agreement intended to make the redemption and transfer provisions, with respect to certain redemptions and transfers, more similar to the provisions described in Treasury Regulations Section 1.7704-1(f).

(b) The Participant hereby represents and warrants that:

(i) The Participant is an "accredited investor" as defined in Rule 501(a) under the Securities Act of 1933, as amended (the "Securities Act"). Furthermore, the Participant, by reason of the business and financial experience of the Participant, together with the business and financial experience of those persons, if any, retained by the Participant to represent or advise him with respect to the grant to him of LTIP Units, the potential conversion of LTIP Units into Class A Common Units of the Company ("Common Units") and the potential redemption of such Common Units for the Parent Member's common Shares ("Parent Member Shares"), has such knowledge, sophistication and experience in financial and business matters and in making investment decisions of this type that the Participant (I) is capable of evaluating the merits and risks of an investment in the Company and potential investment in the Parent Member and of making an informed investment decision, (II) is capable of protecting his own interest or has engaged representatives or advisors to assist him in protecting his interests, and (III) is capable of bearing the economic risk of such investment.

(ii) The Participant understands that (A) the Participant is responsible for consulting his own tax advisors with respect to the application of the U.S. federal income tax laws, and the tax laws of any state, local or other taxing jurisdiction to which the Participant is or by reason of the award of LTIP Units may become subject, to his particular situation; (B) the Participant has not received or relied upon business or tax advice from the Parent Member, the Company or any of their respective employees, agents, consultants or advisors, in their capacity as such; (C) the Participant provides services to the Company on a regular basis and in such capacity has access to such information, and has such experience of and involvement in the business and operations of the Company, as the Participant believes to be necessary and appropriate to make an informed decision to accept this award of LTIP Units; and (D) an investment in the Company and/or the Parent Member involves substantial risks. The Participant

has been given the opportunity to make a thorough investigation of matters relevant to the LTIP Units and has been furnished with, and has reviewed and understands, materials relating to the Company and the Parent Member and their respective activities (including, but not limited to, the Background Documents). The Participant has been afforded the opportunity to obtain any additional information (including any exhibits to the Background Documents) deemed necessary by the Participant to verify the accuracy of information conveyed to the Participant. The Participant confirms that all documents, records, and books pertaining to his receipt of LTIP Units which were requested by the Participant have been made available or delivered to the Participant. The Participant has had an opportunity to ask questions of and receive answers from the Company and the Parent Member, or from a person or persons acting on their behalf, concerning the terms and conditions of the LTIP Units. **The Participant has relied upon, and is making its decision solely upon, the Background Documents and other written information provided to the Participant by the Company or the Parent Member.**

(iii) The LTIP Units to be issued, the Common Units issuable upon conversion of the LTIP Units and any Parent Member Shares issued in connection with the redemption of any such Common Units will be acquired for the account of the Participant for investment only and not with a current view to, or with any intention of, a distribution or resale thereof, in whole or in part, or the grant of any participation therein, without prejudice, however, to the Participant's right (subject to the terms of the LTIP Units, the Plan and this Agreement) at all times to sell or otherwise dispose of all or any part of his LTIP Units, Common Units or Parent Member Shares in compliance with the Securities Act, and applicable state securities laws, and subject, nevertheless, to the disposition of his assets being at all times within his control.

(iv) The Participant acknowledges that (A) neither the LTIP Units to be issued, nor the Common Units issuable upon conversion of the LTIP Units, have been registered under the Securities Act or state securities laws by reason of a specific exemption or exemptions from registration under the Securities Act and applicable state securities laws and, if such LTIP Units or Common Units are represented by certificates, such certificates will bear a legend to such effect, (B) the reliance by the Company and the Parent Member on such exemptions is predicated in part on the accuracy and completeness of the representations and warranties of the Participant contained herein, (C) such LTIP Units or Common Units, therefore, cannot be resold unless registered under the Securities Act and applicable state securities laws, or unless an exemption from registration is available, (D) there is no public market for such LTIP Units and Common Units and (E) neither the Company nor the Parent Member has any obligation or intention to register such LTIP Units or the Common Units issuable upon conversion of the LTIP Units under the Securities Act or any state securities laws or to take any action that would make available any exemption from the registration requirements of such laws, except that, upon the redemption of the Common Units for Parent Member Shares, the Parent Member may issue such Parent Member Shares under the Welltower Inc. 2022 Long-Term Incentive Plan, as amended from time to time (the "Equity Plan") and pursuant to a Registration Statement on Form S-8 under the Securities Act, to the extent that (I) the Participant is eligible to receive such Parent Member Shares under the Equity Plan at the time of such issuance, (II) the Company has filed a Form S-8 Registration Statement with the Securities and Exchange Commission registering the issuance of such Parent Member Shares and (III) such Form S-8 is effective at the time of the issuance of such Parent Member Shares. The Participant hereby acknowledges that because of the restrictions on transfer or assignment of such LTIP Units acquired hereby and the Common Units issuable upon conversion of the LTIP Units which are set forth in the LLC Agreement or this Agreement, the Participant may have to bear the economic risk of his ownership of the LTIP Units acquired hereby and the Common Units issuable upon conversion of the LTIP Units for an indefinite period of time.

(v) The Participant has determined that the LTIP Units are a suitable investment for the Participant.

(vi) No representations or warranties have been made to the Participant by the Company or the Parent Member, or any officer, director, shareholder, agent or affiliate of any of them, and the Participant has received no information relating to an investment in the Company or the LTIP Units except the information specified in paragraph (a) above.

(c) So long as the Participant holds any LTIP Units, the Participant shall disclose to the Company in writing such information as may be reasonably requested with respect to ownership of LTIP Units as the Company may deem reasonably necessary to ascertain and to establish compliance with provisions of the Code applicable to the Company or to comply with requirements of any other appropriate taxing authority.

RECITALS

A. The Participant is an employee of the Employer and provides services to the Company (and/or its subsidiaries), through which the Parent Member conducts substantially all of its operations.

B. In accordance with the Welltower OP LLC Profits Interests Plan, as it may be amended from time to time (the "Plan"), the Parent Member desires to provide the Participant with an opportunity to acquire Option Units having the rights, voting powers, restrictions, limitations as to distributions, qualifications and terms and conditions of redemption and conversion set forth herein, in the Plan and in the LLC Agreement, and thereby provide additional incentive for the Participant to promote the progress and success of the business of the Parent Member, the Company and its subsidiaries.

C. Capitalized terms used herein and not otherwise defined have the meanings provided in the Plan, the Equity Plan and/or the LLC Agreement.

NOW, THEREFORE, the Parent Member, the Company and the Participant hereby agree as follows:

AGREEMENT

1. Grant of Option Units. On the terms and conditions set forth below, as well as the terms and conditions of the Plan, the Company hereby grants to the Participant the Number of Option Units set forth above (the "Option Units"). To the extent the Option Units become vested in accordance with Section 3, each Option Unit is intended to provide the Participant with the opportunity to share in the appreciation of the value of a Share in excess of the Option Unit Participation Threshold set forth above based on the terms set forth in the LLC Agreement. The Option Units will accumulate and/or participate in allocations and distributions as set forth in the LLC Agreement, in accordance with Exhibit G to the LLC Agreement.

2. Conversion and Term. Subject to earlier forfeiture, termination, acceleration or cancellation of the Option Units as provided in the LLC Agreement, Plan or this Award Agreement, until the Expiration Date, Vested Option Units shall be convertible at the Participant's election into a number of LTIP Units, as determined in accordance with the LLC Agreement, which in turn are convertible into Class A Common Units and Shares as provided in the LLC Agreement. For purposes of this Award Agreement, "Expiration Date" means the earlier of (a) the date of the Participant's termination of employment by the Employer for Cause, and (b) the tenth (10th) anniversary of the Grant Date. Upon the Expiration Date, any Option Units which have not been converted into Vested LTIP Units shall terminate, be cancelled for no consideration and be without further force or effect.

3. Vesting Period. The vesting period of the Option Units (the "Vesting Period") shall begin on the Grant Date and continue until such Vesting Dates, and subject to such vesting conditions, as set forth above. On the first Vesting Date following the date of this Award Agreement and each Vesting Date thereafter, the applicable number of Option Units specified above shall become vested, subject to earlier forfeiture as provided in this Award Agreement. Except as permitted under Section 14, the Option Units for which the applicable Vesting Period has not expired may not be sold, assigned, transferred, pledged or otherwise disposed of or encumbered (whether voluntarily or involuntarily or by judgment, levy, attachment, garnishment or other legal or equitable proceeding). The Participant shall have the right to vote the Option Units if and when voting is allowed under the LLC Agreement, regardless of whether the applicable Vesting Period has expired.

4. Termination of Participant's Employment; Continued Convertibility of Vested Option Units.

REFINITIV

(a) If the Participant's employment with the Employer terminates, the provisions of this Section 4 shall govern the treatment of the Option Units exclusively, regardless of the provisions of any employment, change in control or other agreement or arrangement to which the Participant is a party, or any termination or severance policies of the Parent Member then in effect, which shall be superseded by the Plan and this Award Agreement.

(b) In the event of termination of the Participant's employment by reason of a Qualified Termination, then the Participant shall retain the portions of the Option Units that are Vested Option Units. The portion of the Option Units that are Unvested Option Units shall, without payment of any consideration by the Parent Member or the Company, automatically and without notice terminate, be forfeited and be and become null and void and neither the Participant nor any of his or her successors, heirs, assigns, or personal representatives will thereafter have any further rights or interests in such Unvested Option Units. The portion of the Option Units that are Vested Option Units that have not been converted into Vested LTIP Units shall remain convertible as set forth in this Award Agreement and the LLC Agreement.

(c) As a condition of receiving any payments or benefits under the Plan and this Award Agreement on account of the Participant's Qualified Termination, the Company may, in its sole discretion, require the Participant to deliver an irrevocable, effective release of claims in the form determined by the Company and/or an affirmation of continued compliance with the non-competition, non-solicitation, non-disparagement and non-disclosure covenants in favor of the Company and related persons as set forth in Section 4 of the Plan.

(d) In the event of a termination of a Participant's employment for any reason other than a Qualified Termination, except as otherwise determined by the Company, then (i) the Unvested Option Units shall, without payment of any consideration by the Company, automatically and without notice terminate, be forfeited and be and become null and void, and neither the Participant nor any of his or her successors, heirs, assigns, or personal representatives will thereafter have any further rights or interests in the Unvested Option Units and (ii) the Participant shall retain the Vested Option Units that have not been converted into Vested LTIP Units and such Vested Option Units shall remain convertible as set forth in this Award Agreement and the LLC Agreement. In the

---

event such a termination is for Cause, all of the Option Units shall, without payment of any consideration by the Company, automatically and without notice terminate, be forfeited and be and become null and void, and neither the Participant nor any of his or her successors, heirs, assigns, or personal representatives will thereafter have any further rights or interests in the Option Units.

5. Change in Control. In the event that a Change in Corporate Control occurs prior to January 15, 20XX, then the Vesting Period applicable to the Option Units shall lapse in its entirety and such Option Units shall become Vested Option Units if either (i) the successor company (or a subsidiary thereof) does not assume, convert, continue or otherwise replace such Option Units on proportionate and equitable terms or (ii) the Participant is terminated without Cause upon or within twelve (12) months following the Change in Corporate Control.

6. Incorporation of Plan; Interpretation by Administrator. This Agreement is subject to the terms, conditions, limitations and definitions contained in the Plan. In the event of any discrepancy or inconsistency between this Agreement and the Plan, the terms and conditions of the Plan shall control. The Administrator may make such rules and regulations and establish such procedures for the administration of this Agreement, which are consistent with the terms of this Agreement, as it deems appropriate.

7. Certificates; Limitations on Resale. Each certificate, if any, issued in respect of the Option Units awarded under this Award Agreement shall be registered in the Participant's name and held by the Company until the expiration of the applicable Vesting Period. If certificates representing the Option Units are issued by the Company, at the expiration of each Vesting Period, the Company shall deliver to the Participant (or, if applicable, to the Participant's legal representatives, beneficiaries or heirs) certificates representing the number of Option Units that vested upon the expiration of such Vesting Period. The Participant agrees that any resale of either (1) the Option Units received upon the expiration of the applicable Vesting Period or (2) the LTIP Units, Class A Common Units or Shares received, directly or indirectly, upon redemption of or in exchange for Option Units, other units of the Company or Class A Common Units into which Option Units may have been converted shall not occur during the "blackout periods" forbidding sales of Parent Member securities, as set forth in the then-applicable Parent Member employee manual or insider trading policy. In addition, any resale shall be made in compliance with the registration requirements of the Securities Act of 1933, as amended (the "Securities Act"), or an applicable exemption therefrom, including, without limitation, the exemption provided by Rule 144 promulgated thereunder (or any successor rule).

8. Tax Withholding. The Parent Member or its applicable affiliate has the right, to the extent applicable, to withhold from cash compensation payable to the Participant all applicable income and employment taxes due and owing at the time the applicable portion of the Option Units becomes includible in the Participant's income (the "Withholding Amount"), and/or to delay delivery of Option Units until appropriate arrangements have been made for payment of such withholding. In the alternative, the Parent Member has the right to retain and cancel, or sell or otherwise dispose of, such number of Option Units as have a market value (determined as of the date the applicable Option Units vest) approximately equal to the Withholding Amount, with any excess proceeds being paid to Participant.

9. Certain Adjustments. The Option Units shall be subject to adjustment as provided in the LLC Agreement, and except as otherwise provided therein, if (i) the Parent Member shall at any time be involved in a merger, consolidation, dissolution, liquidation, reorganization, exchange of shares, sale of all or substantially all of the assets or stock of the Parent Member, spin-off of a Subsidiary of the Parent Member, business unit or other transaction similar thereto, (ii) any stock dividend, stock split, reverse stock split, stock combination, reclassification, recapitalization, significant repurchases of stock, or other similar change in the capital structure of the Parent Member, or any

REFINITIV

extraordinary dividend or other distribution to holders of the Shares or Class A Common Units other than regular dividends shall occur, or (iii) any other event shall occur that in each case in the good faith judgment of the Company necessitates action by way of appropriate equitable adjustment in the terms of this Award Agreement, the Plan or the Option Units, then the Company shall take such action as it deems necessary to maintain the Participant's rights hereunder so that they are substantially proportionate to the rights existing under this Award Agreement and the terms of the Option Units prior to such event, including, without limitation: (A) adjustments in the Option Units; and (B) substitution of other awards under the Plan or otherwise. In the event of any change in the outstanding Shares (or corresponding change in the Conversion Factor applicable to the Class A Common Units) by reason of any share dividend or split, recapitalization, merger, consolidation, spin-off, combination or exchange of shares or other corporate change, or any distribution to common shareholders of the Company other than regular dividends, any LTIP Units, Class A Common Units, shares or other securities received by the Participant with respect to the applicable Option Units for which the Vesting Period shall not have expired will be subject to the same restrictions as the Option Units with respect to an equivalent number of shares or securities and shall be deposited with the Company.

---

10. Amendment; Modification. This Award Agreement may only be modified or amended in a writing signed by the parties hereto, provided that the Participant acknowledges that the Plan may be amended or discontinued in accordance with the provisions thereof and that this Agreement may be amended or canceled by the Administrator, on behalf of the Parent Member and the Company, in each case for the purpose of satisfying changes in law or for any other lawful purpose, so long as no such action shall adversely affect the Participant's rights under this Agreement in any material respect without the Participant's written consent. No promises, assurances, commitments, agreements, undertakings or representations, whether oral, written, electronic or otherwise, and whether express or implied, with respect to the subject matter hereof, have been made by the parties which are not set forth expressly in this Agreement. The failure of the Participant or the Parent Member or the Company to insist upon strict compliance with any provision of this Agreement, or to assert any right the Participant or the Parent Member or the Company, respectively, may have under this Agreement, shall not be deemed to be a waiver of such provision or right or any other provision or right of this Agreement.

11. Complete Agreement. Other than as specifically stated herein or as otherwise set forth in any employment, change in control or other agreement or arrangement to which the Participant is a party which specifically refers to the Option Units or to the treatment of compensatory equity held by the Participant generally, this Agreement (together with those agreements and documents expressly referred to herein, for the purposes referred to herein, including but not limited to the Plan and the LLC Agreement) embody the complete and entire agreement and understanding between the parties with respect to the subject matter hereof, and supersede any and all prior promises, assurances, commitments, agreements, undertakings or representations, whether oral, written, electronic or otherwise, and whether express or implied, which may relate to the subject matter hereof in any way.

12. Governing Law. This Award Agreement shall be governed by and construed in accordance with the laws of the State of Delaware, without references to principles of conflict of laws.

13. Successors and Assigns. This Award Agreement shall be binding upon and inure to the benefit of the parties hereto and any successors to the Parent Member and any successors to the Participant by will or the laws of descent and distribution, but this Award Agreement shall not otherwise be assignable or otherwise subject to hypothecation by the Participant.

14. Transfer; Redemption. None of the Option Units shall be sold, assigned, transferred, pledged or otherwise disposed of or encumbered (whether voluntarily or involuntarily or by judgment, levy, attachment, garnishment or other legal or equitable proceeding) (each such action, a "Transfer"), or redeemed in accordance with the LLC Agreement (a) prior to vesting and (b) unless such Transfer is in compliance with all applicable securities laws (including, without limitation, the Securities Act), and such Transfer is in accordance with the applicable terms and conditions of the LLC Agreement. Any attempted Transfer of Option Units not in accordance with the terms and conditions of this Section 14 shall be null and void, and the Company shall not reflect on its records any change in record ownership of any Option Units as a result of any such Transfer, and shall otherwise refuse to recognize any such Transfer.

15. Severability. If, for any reason, any provision of this Award Agreement is held invalid, such invalidity shall not affect any other provision of this Award Agreement not so held invalid, and each such other provision shall to the full extent consistent with law continue in full force and effect. The Participant has had an opportunity to ask questions of and receive answers from the Company and the Parent Member, or from a person or persons acting on their behalf, concerning the terms and conditions of the Option Units. **The Participant has relied upon, and is making its decision solely upon, the Background Documents and other written information provided to the Participant by the Company or the Parent Member.**

(iii) The Option Units to be issued, the LTIP Units and/or Common Units issuable upon conversion of the Option Units and any Parent Member Shares issued in connection with the redemption of any such Common Units will be acquired for the account of the Participant for investment only and not with a current view to, or with any intention of, a distribution or resale thereof, in whole or in part, or the grant of any participation therein, without prejudice, however, to the Participant's right (subject to the terms of the Option Units, the Plan and this Award Agreement) at all times to sell or otherwise dispose of all or any part of his Option Units, LTIP Units, Common Units or Parent Member Shares in compliance with the Securities Act, and applicable state securities laws, and subject, nevertheless, to the disposition of his assets being at all times within his control.

(iv) The Participant acknowledges that none of (A) the Option Units to be issued, (B) the LTIP Units issuable upon conversion of the Option Units, or (C) the Common Units issuable upon conversion of the LTIP Units have been registered under the Securities Act or state securities laws by reason of a specific exemption or exemptions from registration under the Securities Act and applicable state securities laws and, if such Option Units, LTIP Units or Common Units are represented by certificates, such certificates will bear a legend to such effect, (B) the reliance by the Company and the Parent Member on such exemptions is predicated in part on the accuracy and completeness of the representations and warranties of the Participant contained herein, (C) such Option Units, LTIP Units or Common Units, therefore, cannot be resold unless registered under the Securities Act and applicable state securities laws, or unless an exemption from registration is available, (D) there is no public market for such Option Units, LTIP Units and Common Units and (E) neither the Company nor the Parent Member has any obligation or intention to register such Option Units, LTIP Units or the Common Units issuable upon conversion of the Option Units under the Securities Act or any state securities laws or to take any action that would make available any exemption from the registration requirements of such laws, except that, upon the redemption of the Common Units for Parent Member Shares, the Parent Member may issue such Parent Member Shares under the Welltower Inc. 2022 Long-Term Incentive Plan, as amended from time to time (the "Equity Plan") and pursuant to a Registration Statement on Form S-8 under the Securities Act, to the extent that (I) the Participant is eligible to receive such Parent Member Shares under the Equity Plan at the time of such issuance, (II) the Parent Member has filed a Form S-8 Registration Statement with the Securities and Exchange Commission registering the issuance of such Shares and (III) such Form S-8 is effective at the time of the issuance of such Parent Member Shares. The Participant hereby acknowledges that because of the restrictions on transfer or assignment of such Option Units acquired hereby and the LTIP Units and Common Units issuable upon conversion of the Option Units which are set forth in the LLC Agreement or this Award Agreement, the Participant may have to bear the economic risk of his ownership of the Option Units acquired hereby and the LTIP Units and Common Units issuable upon conversion of the Option Units for an indefinite period of time.

(v) The Participant has determined that the Option Units are a suitable investment for the Participant.

(vi) No representations or warranties have been made to the Participant by the Company or the Parent Member, or any officer, director, shareholder, agent or affiliate of any of them, and the Participant has received no information relating to an investment in the Company or the Option Units except the information specified in paragraph (a) above.

(c) So long as the Participant holds any Option Units, the Participant shall disclose to the Company in writing such information as may be reasonably requested with respect to ownership of Option Units as the Company may deem reasonably necessary to ascertain and to establish compliance with provisions of the Code applicable to the Company or to comply with requirements of any other appropriate taxing authority.

FOR NON-EMPLOYEE DIRECTOR

THIS RESTRICTED STOCK UNIT GRANT AGREEMENT (the "Agreement"), made this **Month Day, 20XX** (the "Grant Date"), between Welltower Inc., a Delaware corporation (the "Corporation"), and **[_____],** the "Director").

WITNESSETH:

WHEREAS, the Director serves as a member of the Board of Directors of the Corporation;

WHEREAS, the Corporation maintains the 2022 Long-Term Incentive Plan (the "Plan") in order to promote the growth and profitability of the Corporation by providing officers, key employees and non-employee directors with incentives to achieve long-term corporate objectives, to assist the Corporation in attracting and retaining officers, key employees and non employee directors of outstanding competence, and to provide such individuals with an opportunity to acquire an equity interest in the Corporation;

WHEREAS, the Plan authorizes awards under the Plan to be made to non-employee directors with the approval of the Compensation Committee of the Board of Directors; and

WHEREAS, the Compensation Committee has determined that each non-employee director of the Corporation shall be granted Restricted Stock Units with respect to shares of the Corporation's common stock on the terms and conditions set forth below.

NOW, THEREFORE, in consideration of the past and future services the Director has provided to the Corporation as a member of the Board, and the various covenants and agreements herein contained, and intending to be legally bound hereby, the parties hereto agree as follows:

1. Grant of Restricted Stock Units.

The Corporation hereby grants to the Director Restricted Stock Units with respect to a total of [●] shares of common stock, $1.00 par value per share, of the Corporation (the "Common Stock"), subject to satisfaction of the vesting conditions and other terms set forth in this Agreement. The Director shall not be required to make any payment to the Corporation (other than his or her services as a director) in exchange for such Restricted Stock Units or in exchange for the issuance of shares of Common Stock upon vesting of Restricted Stock Units.

2. **Restricted Delivery of Shares.**

The Director shall not be entitled to the issuance of shares of Common Stock or to receive any distributions with respect to the Restricted Stock Units, except as provided in Section 10 below, until such time as the Restricted Stock Units may vest under Section 3 below. Further, except as provided in Section 10 below, the Director shall not have any of the rights and privileges of a stockholder of the Corporation (including voting rights and the right to receive dividends) with respect to the shares of Common Stock to be issued pursuant to the Restricted Stock Units until such time as the Restricted Stock Units vest and the shares of Common Stock are issued to the Director.

1. **Vesting; When Restricted Stock Units Vest.**

Subject to the terms and conditions of this Agreement, the Restricted Stock Units shall vest on 12/31/20XX, subject to the Director's continued service as a member of the Board of Directors through such date, or at such earlier time as the Restricted Stock Units may vest pursuant to Sections 8 or 9 of this Agreement.

REFINITIV

The Restricted Stock Units may not be sold, transferred, assigned, pledged or otherwise encumbered or disposed of by the Director, and the shares of Common Stock potentially issuable to the Director pursuant to these Restricted Stock Units may not be sold, transferred, assigned, pledged or otherwise encumbered by the Director until such shares are so issued.

Any attempt to dispose of the Restricted Stock Units in a manner contrary to the restrictions set forth in this Agreement shall be ineffective.

---

2. Issuance of Shares.

Except as provided in Section *5* below, whenever the Restricted Stock Units granted to the Director under this Agreement become vested pursuant to Section 3 or Sections 8 or 9 below, the Corporation shall cause a number of shares of Common Stock equal to the number of Restricted Stock Units to be issued to the Director in book entry form and registered in the name of the Director. Evidence of ownership of such shares of Common Stock shall be delivered to the Director (or to his or her designated nominee) within sixty (60) days following the vesting date. Once shares of Common Stock have been issued as a result of the vesting of Restricted Stock Units, the corresponding vested Restricted Stock Unit shall be considered cancelled and shall be of no further force or effect.

3. **Election to Defer Settlement.** The Director may elect to defer the settlement of the Restricted Stock Units for a period not to exceed eleven (11) years following the vesting date, or until the Director's termination of employment or service. Such date shall be referred to as the "Restricted Settlement Date". If the Director makes such an election, it will become irrevocable on the date of such election. If the Director makes such an election, any Dividend Equivalent Rights awarded with respect to such Restricted Stock Units shall also be Restricted under the same terms, unless the Director otherwise elects. If the Director makes such an election, but a Change in Corporate Control occurs that subjects the Director's Restricted Stock Units to Section 9 of this Agreement prior to the Restricted Settlement Date, the Director's deferral election will terminate and the Director's Restricted Stock Units and Dividend Equivalent Rights will be settled in accordance with Section 9 of this Agreement. The Company may terminate any deferral hereunder if a change in law requires such termination.

4. **No Tax Withholding.**

The Corporation shall issue to the Internal Revenue Service and to the Director a Form 1099 and any other reporting form that may be required to report the amount of tax which the Director has incurred under applicable federal, state and local tax laws. The Corporation will not withhold such taxes, and the Director acknowledges that the Director may need to adjust his or her estimated tax payments to take the additional taxable income into account.

5. **Termination of Service on the Board.**

(a) Except as provided in Sections 7(b), 8 or 9 below, if the Director resigns from service as a member of the Board of Directors, decides not to stand for reelection at the expiration of the Director's term of office, is not nominated by the Board to stand for election at the Annual Stockholders' Meeting at which the Director's term of office expires, or, if nominated, is not reelected, then any Restricted Stock Units held by the Director which have not yet vested shall not be forfeited, but shall remain unvested until such time as such Restricted Stock Units would otherwise have become vested as provided in Section 3 (disregarding, for purposes of this Section 7(a), the requirement of continued service on the Board of Directors as specified in Section 3) and shall be issued pursuant to Section 4.

(b) Notwithstanding the foregoing, if the Director is removed from the Board by the stockholders of the Corporation for cause, or the Director resigns or decides not to stand for reelection following delivery of notice to the stockholders of a proposal to remove the Director for cause (for these purposes, cause shall include, but not be limited to, dishonesty, incompetence, moral turpitude, other misconduct of any kind and the refusal to perform the Director's duties and responsibilities for any reason other than illness or incapacity), then all Restricted Stock Units which have not previously become vested shall immediately be forfeited.

6. **Effect of Death or Disability.**

(a) If the Director ceases to serve as a member of the Board as a result of the Director's death before the Restricted Stock Units granted under this Agreement have become vested, vesting of the Restricted Stock Units granted to the Director under this Agreement shall be accelerated, and the Corporation shall cause a number of shares of Common Stock equal to the number of Restricted Stock Units are intended to be issued in book entry form. Evidence of ownership of such shares of Common Stock shall be delivered to exempt from the Director's executor, administrator, or any person to whom the Director's rights with respect to the Restricted Stock Units may be transferred by the Director's

will or by the laws of descent. Any deferral election made by the Director under Section 5 will be respected in determining the form and time of settlement of Restricted Stock Units and Dividend Equivalent Rights.

(b) If the Director ceases to serve as a member of the Board as a result of the Director's total disability before the Restricted Stock Units granted under this Agreement have become vested, vesting of the Restricted Stock Units granted to the Director under this Agreement shall be accelerated, and the Corporation shall cause a number of shares of Common Stock equal to the number of Restricted Stock Units to be issued in book entry form to the Director pursuant to Section 4, free of any restrictions. A Director shall have total disability only if he or she is "disabled" within the meaning requirements of Section 409A of the Internal Revenue Code of 1986, as amended (the

"Code" "Code"). Any deferral election made by the Director under Section *5* will be respected in determining the form and time of settlement of Restricted Stock Units and Dividend Equivalent Rights.

(c) Evidence of ownership of shares of Common Stock under Sections 8(a) or 8(b) shall be delivered within sixty (60) days following the Director's death or total disability, as applicable, or within sixty (60) days following the Restricted Settlement Date if the director has made a deferral election under Section 5.

7. **Effect of Change in Corporate Control.**

Notwithstanding the other terms of this Agreement, in the event of a Change in Corporate Control (as defined below), the vesting of the Restricted Stock Units granted under this Agreement shall be accelerated, and the Director shall become entitled to immediately receive a number of shares of Common Stock equal to the number of Restricted Stock Units, which shares shall be issued in book entry form. Evidence of ownership of shares of Common Stock shall be delivered to the Director within sixty (60) days following the Change in Corporate Control.

For purposes of this Section 8, a "Change in Corporate Control" shall mean a "change in ownership or effective control" in respect of the Corporation within the meaning of Section 409A of the Code.

8. **Dividend Equivalent Rights.**

During such time as the Restricted Stock Units remain outstanding, whenever the Corporation pays dividends on the Common Stock, the Director will have the right to receive, at the election of the Director, either a cash payment or additional shares of Common Stock from the Corporation with respect to each Restricted Stock Unit in an amount equal to any dividends paid on a share of Common Stock (in either case, a "Dividend Equivalent Right"). If the Director elects to receive his or her Dividend Equivalent right in the form of shares of Common Stock, then any such shares shall be distributed in the same manner as set forth in Section 4. If the Director elects to receive his or her Dividend Equivalent Right in the form of cash payment from the Corporation, such Dividend Equivalent Right shall be paid within sixty (60) days following the applicable dividend record date. If the Director fails to make any election with respect to his or her Dividend Equivalent Rights, the Director will receive his or her Dividend Equivalent Rights in the form of a cash payment from the Corporation, which shall be paid within sixty (60) days following the applicable dividend record date. Any deferral election made by the Director under Section 5 will be respected in determining the form and time of settlement of Dividend Equivalent Rights.

The Director will have a Dividend Equivalent Right with respect to each Restricted Stock Unit that is outstanding on the dividend record date. The Director will have no Dividend Equivalent Rights as of the dividend record date in respect of any Restricted Stock Units that have vested and been exchanged for Common Stock; provided that the Director is the record holder of such Common Stock on or before such dividend record date. No fractional shares of Common Stock will be issued in satisfaction of any Dividend Equivalent Rights and any amount that is less than the then current Fair Market Value of a share of Common Stock will be paid in cash.

9. **Securities Laws.**

The Corporation may from time to time impose such conditions on the vesting of the Restricted Stock Units, and/or the issuance of shares of Common Stock upon vesting of the Restricted Stock Units, as it deems reasonably necessary to ensure that any grant of the Restricted Stock Units and issuance of shares under this Agreement will satisfy the applicable requirements of federal and state securities laws. Such conditions may include, without limitation, the partial or complete suspension of the right to receive shares of Common Stock upon the vesting of the Restricted Stock Units until the Common Stock has been registered under the Securities Act of 1933,

as amended. In all events, if the issuance of any shares of Common Stock is delayed by application of this exemption for "short-term deferrals" under Treasury Regulation Section 11, such issuance shall occur on the earliest date on which it would not violate applicable law.

10. **Grant Not to Affect Status as Director.**

Neither this Agreement nor the Restricted Stock Units granted hereunder shall confer upon the Director any right to continue the Director's service as a member of the Board of Directors of the Corporation.

11. **Adiustments to Restricted Stock Units.**

In the event of any change or changes in the outstanding Common Stock by reason of any stock dividend, recapitalization, reorganization, merger, consolidation, split-up, combination or any similar transaction, the number of Restricted Stock Units granted to the Director under this Agreement shall be adjusted by the Compensation Committee pursuant to Section 11.2 of the Plan in such manner as the Committee deems appropriate to prevent substantial dilution or enlargement of the rights granted to the Director.

12. **Miscellaneous.**

(a) This Agreement may be executed in one or more counterparts, all of which taken together will constitute one and the same instrument.

(b) The terms of this Agreement may only be amended, modified or waived by a written agreement executed by both of the parties hereto.

(c) The provisions of the Plan are hereby made a part of this Agreement. In the event of any conflict between the provisions of this Agreement and those of the Plan, the provisions of this Agreement shall control.

(d) The Restricted Stock Units under this Agreement are Restricted compensation subject to Section 409A of the Code. This Agreement is intended to satisfy the requirements of Section 409A of the Code 1.409A-1(b)(4), and shall be interpreted in a manner consistent with the requirements for such requirements. exemption. To the extent that changes are necessary to ensure that the Restricted Stock Units and any related dividend equivalent rights comply with any additional requirements for any exemption for which such Restricted Stock Units may be eligible that may be imposed by future IRS guidance on the application of Section 409A of the Code, the Director Participant and the Corporation agree to cooperate and work together in good faith to timely amend this Agreement Grant Notice or these Terms and Conditions so that the Restricted Stock Units and dividend equivalent rights will not be treated as deferred compensation subject to comply with the requirements of Section 409A of the Code.

(e) The validity, performance, construction and effect of this Agreement the Grant Notice and these Terms and Conditions shall be governed by the laws of the State of Ohio, without giving effect to principles of conflicts of law; provided, however, that matters of corporate law, including the issuance of shares of Common Stock, shall be governed by the Delaware General Corporation Law.

3. Nature of LTIP Units. The LTIP Units shall be treated as Vested LTIP Units (as defined in the LLC Agreement) and shall be converted into Class A Common Units in accordance with Section 8 of the Plan and the LLC Agreement.

4. Termination of Participant's Services. If the Participant's service as a member of the Board of Directors of the Parent Member terminates for any reason, the LTIP Units herein shall remain Vested LTIP Units.

5. Change in Control. In the event of a Change in Corporate Control, the LTIP Units granted herein shall remain Vested LTIP Units.

6. Distribution Participation Date.

(a) The holder of the LTIP Units shall be entitled to receive distributions and allocations with respect to such LTIP Units to the extent provided for in the LLC Agreement, including Exhibit F thereof, as modified hereby.

(b) The Distribution Participation Date with respect to the LTIP Units shall be the Exchange Date, and the Vested LTIP Units shall be entitled to certain distributions and allocations described in, and pursuant to, Exhibit F of the LLC Agreement.

7. Certain Adjustments. The LTIP Units shall be subject to adjustment as provided in the LLC Agreement, and except as otherwise provided therein, if (i) the Parent Member shall at any time be involved in a merger, consolidation, dissolution, liquidation, reorganization, exchange of shares, sale of all or substantially all of the assets or stock of the Parent Member, spin-off of a Subsidiary of the Parent Member, business unit or other transaction similar thereto, (ii) any stock dividend, stock split, reverse stock split, stock combination, reclassification, recapitalization, significant repurchases of stock, or other similar change in the capital structure of the Parent Member, or any extraordinary dividend or other distribution to holders of the Shares or Class A Common Units other than regular dividends shall occur, or (iii) any other event shall occur that in each case in the good faith judgment of the Company necessitates action by way of appropriate equitable adjustment in the terms of this Agreement, the Plan or the LTIP Units, then the Company shall take such action as it deems necessary to maintain the Participant's rights hereunder so that they are substantially proportionate to the rights existing under this Agreement and the terms of the LTIP Units prior to such event, including, without limitation: (A) adjustments in the LTIP Units; and (B) substitution of other awards under the Plan or otherwise. 8. Incorporation of Plan; Interpretation by Administrator. This Agreement is subject to the terms, conditions, limitations and definitions contained in the Plan. In the event of any discrepancy or inconsistency between this Agreement and the Plan, the terms and conditions of the Plan shall control. The Administrator may make such rules and regulations and establish such procedures for the administration of this Agreement, which are consistent with the terms of this Agreement, as it deems appropriate.

9. Certificates; Legend. Each certificate, if any, issued in respect of the LTIP Units awarded under this Agreement shall be registered in the Participant's name. If certificates representing the LTIP Units are issued by the Company, the Company shall deliver to the Participant (or, if applicable, to the Participant's legal representatives, beneficiaries or heirs) certificates representing the number of LTIP Units. The records of the Company and any other documentation evidencing the LTIP Units shall bear an appropriate legend, as determined by the Company in its sole discretion, to the effect that such LTIP Units are subject to restrictions as set forth herein, in the Plan and in the LLC Agreement.

10. No Tax Withholding. The Parent Member or its applicable Affiliate (including the Company) shall determine whether to issue to the Internal Revenue Service and any other applicable tax authorities and to the Participant a Form 1099 and any other reporting form that may be required to report the amount of taxable income which the Participant may have recognized under applicable federal, state and local tax laws. Neither the Parent Member nor its Affiliates will withhold such taxes, and the Participant acknowledges that the Participant is

---

responsible for any such tax liability and may need to adjust his or her estimated tax payments to take the additional taxable income into account.

11. Amendment; Modification. This Agreement may only be modified or amended in a writing signed by the parties hereto, *provided* that the Participant acknowledges that the Plan may be amended or discontinued in accordance with the provisions thereof and that this Agreement may be amended or canceled by the Administrator, on behalf of the Parent Member and the Company, in each case for the purpose of satisfying changes in law or for any other lawful purpose, so long as no such action shall adversely affect the Participant's rights under this Agreement in any material respect without the Participant's written consent. No promises, assurances, commitments, agreements, undertakings or representations, whether oral, written, electronic or otherwise, and whether express or implied, with respect to the subject matter hereof, have been made by the parties which are not set forth expressly in this Agreement. The failure of the Participant or the Parent Member or the Company to insist upon strict compliance with any provision of this Agreement, or to assert any right the Participant or the Parent Member or the Company, respectively, may have under this Agreement, shall not be deemed to be a waiver of such provision or right or any other provision or right of this Agreement.

12. Complete Agreement. Other than as specifically stated herein or as otherwise set forth in any services agreement, change in control or other agreement or arrangement to which the Participant is a party which specifically refers to the LTIP Units or to the treatment of compensatory equity held by the Participant generally, this Agreement (together with those agreements and documents expressly referred to herein, for the purposes referred to herein, including but not limited to the Plan and the LLC Agreement) embody the complete and entire agreement and understanding between the parties with respect to the subject matter hereof, and supersede any and all prior promises, assurances, commitments, agreements, undertakings or representations, whether oral, written, electronic or otherwise, and whether express or implied, which may relate to the subject matter hereof in any way (including, but not limited to, all documentation and agreements pertaining to the Stock Awards other than the Election Form).

13. Investment Representation; Registration. The Participant agrees that any resale of either (1) the LTIP Units or (2) the Shares received upon redemption of or in exchange for LTIP Units or Class A Common Units into which LTIP Units may have been converted, shall not occur during the "blackout periods" forbidding sales of Parent Member securities, as set forth in the then-applicable Parent Member employee manual or insider trading policy. In addition, any resale shall be made in compliance with the registration requirements of the Securities Act, or an applicable exemption therefrom, including, without limitation, the exemption provided by Rule 144 promulgated thereunder (or any successor rule). The Participant hereby makes the covenants, representations and warranties set forth on Exhibit B attached hereto as of the Exchange Date. All of such covenants, warranties and representations shall survive the execution and delivery of this Agreement by the Participant. The Participant shall promptly notify the Company upon discovering that any of the representations or warranties set forth on Exhibit B was false when made or have, as a result of changes in circumstances, become false. The Company will have no obligation to register under the Securities Act any of the LTIP Units or any other securities issued pursuant to this Agreement or upon conversion or exchange of the LTIP Units into other interests of the Company.

14. Status of LTIP Units under the Plan. The LTIP Units are both issued as equity securities of the Company and granted as "Awards" under the Plan. The Parent Member will have the right at its option, as set forth in the LLC Agreement, to issue Shares in exchange for Units into which LTIP Units may have been converted pursuant to the LLC Agreement, subject to certain limitations set forth in the LLC Agreement, and such Shares, if issued, will be issued under the Equity Plan. The Participant must be eligible to receive the LTIP Units in compliance with applicable federal and state securities laws and to that effect is required to complete, execute and deliver certain covenants, representations and warranties (attached as Exhibit B). The Participant acknowledges that the Participant will have no right to approve or disapprove such determination by the Parent Member.

15. Severability. If, for any reason, any provision of this Agreement is held invalid, such invalidity shall not affect any other provision of this Agreement not so held invalid, and each such other provision shall to the full extent consistent with law continue in full force and effect. If any provision of this Agreement shall be held invalid in part, such invalidity shall in no way affect the rest of such provision not held so invalid, and the rest of such provision, together with all other provisions of this Agreement, shall to the full extent consistent with law continue in full force and effect.

18. Counterparts. This Agreement may be executed in multiple counterparts with the same effect as if each of the signing parties had signed the same document. All counterparts shall be construed together and constitute the same instrument.

19. Successors and Assigns. This Agreement shall be binding upon and inure to the benefit of the parties hereto and any successors to the Parent Member and any successors to the Participant by will or the laws of descent and distribution, but this Agreement shall not otherwise be assignable or otherwise subject to hypothecation by the Participant.

20. Transfer; Redemption. None of the LTIP Units shall be sold, assigned, transferred, pledged or otherwise disposed of or encumbered (whether voluntarily or involuntarily or by judgment, levy, attachment, garnishment or other legal or equitable proceeding) (each such action, a "Transfer"), or redeemed in accordance with the LLC Agreement unless such Transfer is in compliance with all applicable securities laws (including, without limitation, the Securities Act), and such Transfer is in accordance with the applicable terms and conditions of the LLC Agreement. Any attempted Transfer of LTIP Units not in accordance with the terms and conditions of this Section 20 shall be null and void, and the Company shall not reflect on its records any change in record ownership of any LTIP Units as a result of any such Transfer and shall otherwise refuse to recognize any such Transfer.

21. Data Privacy Consent. By entering into this Agreement, the Participant (i) authorizes the Parent Member to collect, process, register and transfer to its agents all Relevant Information; and (ii) authorizes the Parent Member and its agents to store and transmit such information in electronic form. The Participant shall have access to, and the right to change, the Relevant Information. Relevant Information will only be used in accordance with applicable law and to the extent necessary to administer the Plan and this Agreement, and the Parent Member and its agents will keep the Relevant Information confidential except as specifically authorized under this paragraph.

22. Electronic Delivery of Documents. 23. Section 83(b) Election. In connection with this Agreement, the Participant hereby agrees to make an election to include in gross income in the year of transfer the fair market value of the applicable LTIP Units over the amount paid for them pursuant to Section 83(b) of the Internal Revenue Code of 1986, as amended, substantially in the form attached hereto as Exhibit C and to supply the necessary information in accordance with the regulations promulgated thereunder.

24. Acknowledgement. The Participant hereby acknowledges and agrees that this Agreement and the LTIP Units issued hereunder shall constitute satisfaction in full of all obligations of the Parent Member and the Company, if any, to grant to the Participant LTIP Units pursuant to the terms of any written services agreement or letter or other written offer or description of engagement by the Parent Member and/or the Company executed prior to or coincident with the date hereof.

The Participant hereby represents, warrants and covenants as follows:

(a) The Participant has received and had an opportunity to review the following documents (the "Background Documents"):

(vii) The Plan; and

(viii) The communications materials prepared by the Company or the Parent Member providing information regarding the terms of the LTIP Units.

The Participant also acknowledges that any delivery of the Background Documents and other information relating to the Parent Member and the Company prior to the determination by the Company of the suitability of the Participant as a holder of LTIP Units shall not constitute an offer of LTIP Units until such determination of suitability shall be made.

(b) The Participant hereby represents and warrants that:

(i) The Participant is an "accredited investor" as defined in Rule 501(a) under the Securities Act of 1933, as amended (the "Securities Act"). Furthermore, the Participant, by reason of the business and financial experience of the Participant, together with the business and financial experience of those persons, if any, retained by the Participant to represent or advise him with respect to the grant to him of LTIP Units, the potential conversion of LTIP Units into Class A Common Units of the Company ("Common Units") and the potential redemption of such Common Units for the Parent Member's common Shares ("Parent Member Shares"), has such knowledge, sophistication and experience in financial and business matters and in making investment decisions of this type that the Participant (I) is capable of evaluating the merits and risks of an investment in the Company and potential investment in the Parent Member and of making an informed investment decision, (II) is capable of protecting his own interest or has engaged representatives or advisors to assist him in protecting his interests, and (III) is capable of bearing the economic risk of such investment.

(ii) The Participant understands that (A) the Participant is responsible for consulting his own tax advisors with respect to the application of the U.S. federal income tax laws, and the tax laws of any state, local or other taxing jurisdiction to which the Participant is or by reason of the award of LTIP Units may become subject, to his particular situation; (B) the Participant has not received or relied upon business or tax advice from the Parent Member, the Company or any of their respective employees, agents, consultants or advisors, in their capacity as such; (C) the Participant provides services to the Company on a regular basis and in such capacity has access to such information, and has such experience of and involvement in the business and operations of the Company, as the Participant believes to be necessary and appropriate to make an informed decision to accept this award of LTIP Units; and (D) an investment in the Company and/or the Parent Member involves substantial risks. The Participant has been given the opportunity to make a thorough investigation of matters relevant to the LTIP Units and has been

furnished with, and has reviewed and understands, materials relating to the Company and the Parent Member and their respective activities (including, but not limited to, the Background Documents). The Participant has been afforded the opportunity to obtain any additional information (including any exhibits to the Background Documents) deemed necessary by the Participant to verify the accuracy of information conveyed to the Participant. The Participant confirms that all documents, records, and books pertaining to his receipt of LTIP Units which were requested by the Participant have been made available or delivered to the Participant. The Participant has had an opportunity to ask questions of and receive answers from the Company and the Parent Member, or from a person or persons acting on their behalf, concerning the terms and conditions of the LTIP Units. **The Participant has relied upon, and is making its decision solely upon, the Background Documents and other written information provided to the Participant by the Company or the Parent Member.**

(iii) The LTIP Units to be issued, the Common Units issuable upon conversion of the LTIP Units and any Parent Member Shares issued in connection with the redemption of any such Common Units will be acquired for the account of the Participant for investment only and not with a current view to, or with any intention of, a distribution or resale thereof, in whole or in part, or the grant of any participation therein, without prejudice, however, to the Participant's right (subject to the terms of the LTIP Units, the Plan and this Agreement) at all times to sell or otherwise dispose of all or any part of his LTIP Units, Common Units or Parent Member Shares in compliance with the Securities Act, and applicable state securities laws, and subject, nevertheless, to the disposition of his assets being at all times within his control.

(iv) The Participant acknowledges that (A) neither the LTIP Units to be issued, nor the Common Units issuable upon conversion of the LTIP Units, have been registered under the Securities Act or state securities laws by reason of a specific exemption or exemptions from registration under the Securities Act and applicable state securities laws and, if such LTIP Units or Common Units are represented by certificates, such certificates will bear a legend to such effect, (B) the reliance by the Company and the Parent Member on such exemptions is predicated in part on the accuracy and completeness of the representations and warranties of the Participant contained herein, (C) such LTIP Units or Common Units, therefore, cannot be resold unless registered under the Securities Act and applicable state securities laws, or unless an exemption from registration is available, (D) there is no public market for such LTIP Units and Common Units and (E) neither the Company nor the Parent Member has any obligation or intention to register such LTIP Units or the Common Units issuable upon conversion of the LTIP Units under the Securities Act or any state securities laws or to take any action that would make available any exemption from the registration requirements of such laws, except that, upon the redemption of the Common Units for Parent Member Shares, the Parent Member may issue such Parent Member Shares under the Welltower Inc. 2022 Long-Term Incentive Plan, as amended from time to time (the "Equity Plan") and pursuant to a Registration Statement on Form S-8 under the Securities Act, to the extent that (I) the Participant is eligible to receive such Parent Member Shares under the Equity Plan at the time of such issuance, (II) the Company has filed a Form S-8 Registration Statement with the Securities and Exchange Commission registering the issuance of such Parent Member Shares and (III) such Form S-8 is effective at the time of the issuance of such Parent Member Shares. The Participant hereby acknowledges that because of the restrictions on transfer or assignment of such LTIP Units acquired hereby and the Common Units issuable upon conversion of the LTIP Units which are set forth in the LLC Agreement or this Agreement, the Participant may have to bear the economic risk of his ownership of the LTIP Units acquired hereby and the Common Units issuable upon conversion of the LTIP Units for an indefinite period of time.

(v) The Participant has determined that the LTIP Units are a suitable investment for the Participant.

(vi) No representations or warranties have been made to the Participant by the Company or the Parent Member, or any officer, director, shareholder, agent or affiliate of any of them, and the Participant has received no information relating to an investment in the Company or the LTIP Units except the information specified in paragraph (a) above.

(c) So long as the Participant holds any LTIP Units, the Participant shall disclose to the Company in writing such information as may be reasonably requested with respect to ownership of LTIP Units as the Company may deem reasonably necessary to ascertain and to establish compliance with provisions of the Code applicable to the Company or to comply with requirements of any other appropriate taxing authority.

(d) The Participant hereby agrees to make an election under Section 83(b) of the Code with respect to the LTIP Units awarded hereunder, and has delivered with this Agreement a completed, executed copy of the election form attached hereto as Exhibit C. The Participant agrees to file the election (or to permit the Company to file such election on the Participant's behalf) within thirty (30) days after the award of the LTIP Units hereunder with the IRS Service Center at which such Participant files his personal income tax returns.

(e) The address set forth on the signature page of this Agreement is the address of the Participant's principal residence, and the Participant has no present intention of becoming a resident of any country, state or jurisdiction other than the country and state in which such residence is sited.

CLAWBACK POLICY

A. OVERVIEW

It is the policy of Welltower Inc. (the "Company") that, in the event the Company is required to prepare an accounting restatement of the Company's financial statements due to material non-compliance with any financial reporting requirement under the federal securities laws (including any such correction that is material to the previously issued financial statements, or that would result in a material misstatement if the error were corrected in the current period or left uncorrected in the current period), the Company will recover on a reasonably prompt basis the amount of any Incentive-Based Compensation Received by a Covered Executive during the Recovery Period that exceeds the amount that otherwise would have been Received had it been determined based on the restated financial statements. The Company's policy on this subject as set forth herein shall be referred to as the "Policy".

B. POLICY ADMINISTRATION AND DEFINITIONS

The Policy is administered by the Compensation Committee (the "Committee") of the Company's Board of Directors and is intended to comply with, and as applicable to be administered and interpreted consistent with, and subject to the exceptions set forth in Section 303A.14 of the New York Stock Exchange Listed Company Manual as adopted by the New York Stock Exchange to implement Rule 10D-1 under the Securities Exchange Act of 1934, as amended (collectively, "Rule 10D-1"). The Committee is authorized to amend the Policy from time-to-time to take account of developments in applicable law or the New York Stock Exchange's listing standards.

For purposes of the Policy:

"Incentive-Based Compensation" means any compensation granted, earned, or vested based in whole or in part on the Company's attainment of a financial reporting measure that was Received by a person (i) on or after October 2, 2023 and after the person began service as a Covered Executive, and (ii) who served as a Covered Executive at any time during the performance period for the Incentive-Based Compensation. A "financial reporting measure" is (i) any measure that is determined and presented in accordance with the accounting principles used in preparing the Company's financial statements and any measure derived wholly or in part from such a measure, and (ii) any measure based in whole or in part on the Company's stock price or total shareholder return.

REFINITIV

Incentive-Based Compensation is deemed to be “Received” in the fiscal period during which the relevant financial reporting measure is attained, regardless of when the compensation is actually paid or awarded.

“Covered Executive” means any “executive officer” of the Company as defined under Rule 10D-1.

“Recovery Period” means the three completed fiscal years immediately preceding the date that the Company is required to prepare the accounting restatement described in the Policy, all as determined pursuant to Rule 10D-1, and any transition period of less than nine months that is within or immediately following such three fiscal years.

If the Committee determines the amount of Incentive-Based Compensation Received by a Covered Executive during a Recovery Period exceeds the amount that would have been Received if determined or calculated based on the Company’s restated financial results, such excess amount of Incentive-Based Compensation shall be subject to recoupment by the Company pursuant to the Policy. For Incentive-Based Compensation based on stock price or total shareholder return, where the amount of erroneously awarded compensation is not subject to mathematical recalculation directly from the information in an accounting restatement, the Committee will determine the amount based on a reasonable estimate of the effect of the accounting restatement on the relevant stock price or total shareholder return. In all cases, the calculation of the excess amount of Incentive-Based Compensation to be recovered will be determined without regard to any taxes paid with respect to such compensation. Any determinations made by the Committee under the Policy shall be final and binding on all affected individuals.

The Company may effectuate any recovery pursuant to the Policy by requiring payment of such amount(s) to the Company, by set-off, by reducing future compensation, or by such other means or combination of means as the Committee determines to be appropriate. The Company need not recover the excess amount of Incentive-Based Compensation if and to the extent that the Committee determines that such recovery is impracticable and not required under Rule 10D-1, including if the Committee determines that the direct expense paid to a third party to assist in enforcing the Policy would exceed the amount to be recovered after making a reasonable attempt to recover such amounts. The Company is authorized to take appropriate steps to implement the Policy with respect to Incentive-Based Compensation arrangements with Covered Executives.

Any right of recoupment or recovery pursuant to the Policy is in addition to, and not in lieu of, any other remedies or rights of recoupment that may be available to the Company pursuant to the terms of any other policy, any employment agreement or plan or award terms, and any other legal remedies available to the Company. The Company shall not indemnify any Covered Executive against the loss of any Incentive-Based Compensation pursuant to the Policy.
