Note 2. Summary of Significant Accounting Policies Basis of Presentation and Principles of Consolidation The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with generally accepted accounting principles in the United States of America (â€œGAAPâ€) and the requirements of the U.S. Securities and Exchange Commission (the â€œSECâ€) for interim reporting. Certain information and disclosures normally included in the financial statements prepared in accordance with GAAP have been condensed or omitted pursuant to such rules and regulations. Therefore, these unaudited condensed consolidated financial statements should be read in conjunction with the audited consolidated financial statements and notes included in the Company's Annual Report on Form 10-K for the fiscal year ended June 30, 2024 filed with the SEC on August 26, 2024. The unaudited condensed consolidated financial statements include accounts of the Company and its consolidated subsidiaries, after eliminating all inter-company transactions and balances. The interim unaudited condensed consolidated financial statements have been prepared on a basis consistent with the annual consolidated financial statements and, in the opinion of management, reflect all adjustments, which include only normal and recurring adjustments, necessary to state fairly the Companyâ€™s financial condition, its operations and cash flows for the periods presented. The historical results are not necessarily indicative of future results, and the results of operations for the three months ended September 30, 2024 are not necessarily indicative of the results to be expected for the full year or any other period.Certain prior period amounts reported in our unaudited condensed consolidated financial statements and notes thereto have been reclassified to conform to the current year presentation. Effective July 1, 2024, the Company adjusted the classification of support services related to subscription license to be included within â€œlicenseâ€ on the unaudited condensed consolidated statements of operations. Prior to July 1, 2024, support services related to subscription license was included in a line item entitled â€œSaaS and Support.â€ The presentation of cost of revenues has been conformed to reflect the changes related to the presentation of revenues. Such reclassifications related to the presentation of revenues and cost of revenues did not affect total revenues, operating income, or net income. There was no change to the Company's revenue recognition policy, except for the change in classification noted herein.Accordingly, effective July 1, 2024, SaaS revenues include subscription fees from clients accessing our SaaS solutions, premium support services related to SaaS, and updates, if any, to the subscribed service during the subscription term. The Company recognizes SaaS revenues ratably over the contract term beginning on the commencement date of each contract, which is the date when the Companyâ€™s service is available to clients. License revenues include subscription fees from providing clients with the right to functional intellectual property where clients can benefit from the subscription licenses on their own and support services related to the licenses, which entitles clients to receive technical support and software updates, on a when and if available basis. The Company recognizes license revenues related to subscription fees at a point in time when control of the term software application is transferred to the client, which generally occurs at the time of delivery or upon commencement of the renewal term. The Company recognizes license revenues related to support ratably over the term of the support contract which corresponds to the underlying license agreement. 6 Table of Contents Use of Estimates The preparation of the accompanying unaudited condensed consolidated financial statements in conformity with GAAP requires the Company to make estimates and assumptions that affect the amounts reported and disclosed in the unaudited condensed consolidated financial statements and accompanying notes. Those estimates and assumptions include, but are not limited to, revenue recognition including determination of the standalone selling price (â€œSSPâ€) of the deliverables included in multiple deliverable revenue arrangements; allowance for credit losses; the depreciable lives of long-lived assets including intangible assets; the expected useful life of deferred commissions; the fair value of stock-based awards; the fair value of assets acquired and liabilities assumed in business combinations; goodwill and long-lived assets impairment assessment; the fair value of contingent consideration liabilities; the incremental borrowing rate used to determine the operating lease liabilities; valuation allowances on deferred tax assets; uncertain tax positions; and loss contingencies. The Company evaluates estimates and assumptions on an ongoing basis using historical experience and other factors and adjusts those estimates and assumptions when facts and circumstances dictate. As future events and their effects cannot be determined with precision, actual results could differ from these estimates, and those differences could be material to the unaudited condensed consolidated financial statements. Significant Accounting PoliciesThere have been no material changes to the Company's significant accounting policies as described in Note 2, Summary of Significant Accounting Policies, to the consolidated financial statements included in Part II, Item 8 of the Companyâ€™s Annual Report on Form 10-K for the fiscal year ended June 30, 2024.Concentrations of Credit Risk and Significant Clients Financial instruments that potentially subject the Company to concentrations of credit risk consist of cash and cash equivalents and accounts receivable. This guidance will be applied retrospectively and will be effective for the Company for fiscal year ending June 30, 2025, and for interim periods beginning July 1, 2025. The Company is currently evaluating the impact of the adoption on its consolidated financial statements.In December 2023, the FASB issued ASU No. 2023-09, Income Taxes (ASC 740): Improvements to Income Tax Disclosures, which

requires additional income tax disclosures to better assess how an entityâ€™s operations, related tax risks, tax planning and operational opportunities affect its tax rate and prospects of future cash flows. Fair Value Measurements The authoritative guidance on fair value measurements establishes a three-tier fair value hierarchy for disclosure of fair value measurements as follows:Level 1â€”Inputs are unadjusted, quoted prices in active markets for identical, assets or liabilities at the measurement date; Level 2â€”Inputs are quoted prices in markets that are not active, or inputs which are observable, either directly or indirectly, for substantially the full term of the asset or liability; Level 3â€”Prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable (i.e., supported by little or no market activity). 9 Table of Contents Money market funds are classified as Level 1 as the assets are valued using quoted prices in active markets. Liabilities for contingent consideration related to business combinations are classified as Level 3 liabilities as the Company uses unobservable inputs in the valuation, specifically related to the projected total contract value generated by the acquired businesses for a distinct period of time.The following table sets forth the Companyâ€™s financial assets that were measured at fair value on a recurring basis as of the date indicated by level within the fair value hierarchy (in thousands):Â Â Â September 30, 2024 Â Â Â Level 1 Â Â Level 2 Â Â Level 3 Â Â Total Â Financial assets: Â Â Â Â Â Â Â Â Â Â Â Cash equivalents: Â Â Â Â Â Â Â Â Â Â Â Money market funds Â $ 160,373 Â Â $ â€” Â Â $ â€” Â Â $ 160,373 Â Total financial assets Â $ 160,373 Â Â $ â€” Â Â $ â€” Â Â $ 160,373 Â Â Â Â June 30, 2024 Â Â Â Level 1 Â Â Level 2 Â Â Level 3 Â Â Total Â Financial assets: Â Â Â Â Â Â Â Â Â Â Â Cash equivalents: Â Â Â Â Â Â Â Â Â Â Â Money market funds Â $ 78,677 Â Â $ â€” Â Â $ â€” Â Â $ 78,677 Â Total financial assets Â $ 78,677 Â Â $ â€” Â Â $ â€” Â Â $ 78,677 Â Â The following tables set forth the Companyâ€™s financial liabilities that were measured at fair value on a recurring basis as of the dates indicated by level within the fair value hierarchy (in thousands): Â Â Â September 30, 2024 Â Â Â Level 1 Â Â Level 2 Â Â Level 3 Â Â Total Â Financial Liabilities: Â Â Â Â Â Â Â Â Â Â Â Liability for contingent consideration, current portion Â $ â€” Â Â $ â€” Â Â $ 154 Â Â $ 154 Â Liability for contingent consideration, non-current portion Â Â â€” Â Â Â Â â€” Â Â Â 104 Â Â Â 104 Â Total financial liabilities Â $ â€” Â Â $ â€” Â Â $ 258 Â Â $ 258 Â Â Â Â Â Â Â Â Â Â Â June 30, 2024 Â Â Â Level 1 Â Â Level 2 Â Â Level 3 Â Â Total Â Financial Liabilities: Â Â Â Â Â Â Â Â Â Â Â Liability for contingent consideration, current portion Â $ â€” Â Â $ â€” Â Â $ 2,405 Â Â $ 2,405 Â Liability for contingent consideration, non-current portion Â â€” Â Â Â â€” Â Â Â 153 Â Â Â 153 Â Total financial liabilities Â $ â€” Â Â $ â€” Â Â $ 2,558 Â Â $ 2,558 Â Â In connection with the acquisition of TDI, the Company is obligated to pay up to $1.1 million in cash on achievement of certain performance measures and in some cases, continued employment or service with the Company or its subsidiaries. The fair value of the contingent consideration liability was measured based on the probability of achieving certain performance measures pursuant to the acquisition agreement. The total fair value of the contingent consideration liability was $0.8 million as of September 30, 2024 and June 30, 2024, of which $0.1 million was included as part of purchase consideration upon acquisition and $0.7 million was accounted for as post-combination compensation costs to be recognized over the required service period. Accordingly, the Company recorded a contingent consideration liability of $0.2 million as of September 30, 2024 and June 30, 2024 in other liabilities on the unaudited condensed consolidated balance sheets. In connection with the acquisition of Paragon Data Labs, Inc. in May 2023, the Company recorded a contingent consideration liability of $4.3 million on the acquisition date for the estimated fair value of the contingent consideration. The fair value was measured based on the probability of achieving certain performance measures pursuant to the acquisition agreement. During the three months ended September 30, 2024, the Company paid $1.4 million related to the contingent consideration. The fair value of the contingent consideration was not material as of September 30, 2024 and was $2.4 million as of June 30, 2024, which was included in other current liabilities on the unaudited condensed consolidated balance sheets.The fair value of the contingent consideration was initially estimated on the acquisition date using the Monte Carlo simulation and included key assumptions used by management related to the estimated probability of occurrence and discount rates. Subsequent changes in the fair value of the contingent consideration liabilities, resulting from managementâ€™s revision of key assumptions and estimates, have been recorded in general and administrative expenses in the unaudited condensed consolidated statements of operations. 10 Table of Contents Gains and losses arising from exchange rate fluctuation on these liabilities not denominated in U.S. dollars have been included in interest and other income (expense), net on the unaudited condensed consolidated statements of operations. The capitalized implementation costs are amortized on a straight-line basis over the term of the associated cloud computing arrangement when the module or component of the cloud computing arrangement is ready for its intended use in the same line item as fees for the associated cloud computing arrangement in the unaudited condensed consolidated statements of operations. The Company capitalized $0.8 million and $1.0 million of costs related to cloud computing implementation during the three months ended September 30, 2024 and 2023, respectively. Commitments and Contingencies Other Purchase CommitmentsThe Companyâ€™s other purchase commitments primarily consist of third-party cloud services, support fees and software subscriptions to support operations in the ordinary course of business. There were no material purchase commitments that were entered into during the three months ended September 30, 2024.In December 2021, the Company entered into an agreement with Microsoft, pursuant to which the Company is committed to spend a minimum of $110.0 million on cloud services. The committed spend period concludes at the end of December 2028, with the Company having the option to extend any remaining commitment into a further 12-month period to the end of December 2029. As of September 30, 2024, the Company had $90.9 million remaining on this commitment. LitigationFrom time to time, the Company is a party to claims, lawsuits, and proceedings which arise in the ordinary course of business. The Company warrants to its clients that it has all necessary rights and licenses to the intellectual property comprised in its products and services and indemnifies those clients against intellectual property claims with respect to such products and services, so such claims, lawsuits and proceedings might in the future include claims of alleged infringement of intellectual property rights. The Company records a liability when it believes that it is probable that a loss will be incurred, and the amount of loss or range of loss can be reasonably estimated. Given the unpredictable nature of legal proceedings, the Company bases its estimate on the information available at the time of the assessment. As additional information becomes available, the Company reassesses the potential liability and may revise the estimate. The Company is not presently a party to any litigation the outcome of which, it believes, if determined adversely to the Company, would individually or in the aggregate have a material adverse effect on the business, operating results, or financial condition. 12 Table of Contents Note 10. Debt On October 5, 2021, the Company entered into a Credit Agreement, as amended on June 6, 2022 and further amended on November 17, 2022 (the â€œCredit Agreementâ€) among the Company, the guarantors party thereto, the lenders party thereto and JPMorgan Chase Bank, N.A., as Administrative Agent (â€œJPMorganâ€). The Credit Agreement provides for a five-year, senior secured revolving credit facility of $100.0 million with a sub-facility for letters of credit in the aggregate amount of up to $10.0 million (the â€œJPMorgan Credit Facilityâ€). The Credit Agreement also provides that the Company may seek additional revolving credit commitments in an aggregate amount not to exceed $50.0 million, subject to certain administrative procedures, including approval by the Administrative Agent. Future borrowings under the JPMorgan Credit Facility will bear interest, at the Companyâ€™s election, at an annual rate based on either (a) an adjusted secured overnight financing rate (SOFR, as described in the Credit Agreement) plus a percentage spread (ranging from 1.75% to 2.50%) or (b) an alternate base rate (as described in the Credit Agreement) plus a percentage spread (ranging from 0.75% to 1.50%), in each case based on the Companyâ€™s total net leverage ratio. In addition, a commitment fee accrues with respect to the unused amount of the JPMorgan Credit Facility at an annual rate ranging from 0.25% to 0.40%, based on the Companyâ€™s total net leverage ratio.In connection with the execution of the Credit Agreement, the Company also entered into a pledge and security agreement (the â€œSecurity Agreementâ€) dated as of October 5, 2021 among the Company, the subsidiary grantors thereto and JPMorgan, as administrative agent for the secured parties. Under the Security Agreement, borrowings under the JPMorgan Credit Facility are secured by a first priority pledge of all of the capital stock and substantially all of the assets (excluding real estate interests) of each subsidiary of the Company and the subsidiary guarantors.The Credit Agreement provides that the Company must maintain compliance with a maximum consolidated total net leverage ratio covenant, as determined in accordance with the Credit Agreement. It also contains affirmative, negative and financial covenants, including limitations on certain other indebtedness, loans and investments, liens, mergers, asset sales, and transactions with affiliates, as well as customary events of default. The Company was in compliance with all covenants as of September 30, 2024. As of September 30, 2024 and June 30, 2024, there were no outstanding borrowings under the JPMorgan Credit Facility. All employees, non-employee directors and selected third-party service providers of the Company and its subsidiaries and affiliates are eligible to receive grants under the 2021 Plan. Eligible employees may purchase the Companyâ€™s common stock under the ESPP.Stock Awards The Company has granted time-based and performance-based stock options, RSUs and PSUs, collectively referred to as â€œStock Awards.â€ The Company accounts for stock-based compensation using the fair value method which requires the Company to measure stock-based compensation based on the grant-date fair value of the awards and recognize compensation expense over the requisite service or performance period. Awards that contain only service conditions, are generally earned over four years and expensed on a straight-line basis over that term. Compensation expense for awards that contain performance conditions is calculated using the graded vesting method and the portion of expense recognized in any period may fluctuate depending on changing estimates of the achievement of the performance conditions.Stock OptionsStock options granted generally become exercisable ratably over a four-year period following the date of grant and expire ten years from the date of grant. 13 Table of Contents Stock option activity under the Companyâ€™s equity incentive plans during the three months ended September 30, 2024 was as follows (in thousands, except per share data):Â Â Â Number of Options Â Â Weighted-AverageExercisePrice Â Â Weighted-AverageRemainingContractualTerm(in years) Â Â AggregateIntrinsicValue (1) Â Balance as of June 30, 2024 Â Â 6,866 Â Â $ 10.40 Â Â Â 4.4 Â Â $ 180,360 Â Exercised Â Â (2,038) Â Â 11.24 Â Â Â Â Â Â Â Â Forfeited Â Â (13) Â Â 23.23 Â Â Â Â Â Â Â Â Balance as of September 30, 2024 Â Â 4,815 Â Â $ 10.01 Â Â Â 4.0 Â Â $ 182,100 Â Vested and exercisable as of September 30, 2024 Â Â 4,670 Â Â $ 9.66 Â Â Â 3.9 Â Â $ 178,262 Â Vested and expected to vest as of September 30, 2024 Â Â 4,815 Â Â $ 10.01 Â Â Â 4.0 Â Â $ 182,100 Â Â (1)Aggregate intrinsic value for stock options represents the difference between the exercise price and the per share fair value of the Companyâ€™s common stock as of the end of the period, multiplied by the number of stock options outstanding.There were no stock options granted during the three months ended September 30, 2024. As of September 30, 2024, total unrecognized compensation cost related to the ESPP was $0.2 million, which will be amortized over a weighted-average vesting term of 0.2 years. Note 12. Income Taxes The Company determines its income tax provision for interim periods using an estimate of its annual effective tax rate adjusted for discrete items occurring during the periods presented. The primary difference between its effective tax rate and the federal statutory rate is the full valuation allowance the Company has established on its federal and state net operating losses and credits. Income taxes from international operations were not material for the three months ended September 30, 2024 and 2023.The Company files income tax returns in the U.S. federal jurisdiction, various state jurisdictions and various foreign jurisdictions. In the normal course of business, the Company is subject to examination by taxing authorities. The Company is not currently under audit by the Internal Revenue Service or other similar tax authorities. The Companyâ€™s tax returns remain open to examination as follows: U.S. federal and states, all tax years; and significant foreign jurisdictions, generally 2019 through 2024. Note 13. Net Loss Per Share Basic net loss per share is computed by dividing the net loss by the weighted-average number of common shares outstanding for the period. Diluted net loss per share is calculated by giving effect to all potentially dilutive securities outstanding for the period using the treasury stock method. Basic net loss per share is the same as diluted net loss per share because the Company reported net losses for all periods presented. Managementâ€™s Discussion and Analysis of Financial Condition and Results of Operations Cautionary Notes Regarding Forward-Looking Statements The following discussion and analysis of our financial condition and results of operations should be read together with our unaudited condensed consolidated financial statements and related notes and other financial information included in this Quarterly Report on Form 10-Q and our audited consolidated financial statements and related notes thereto included in our Annual Report on Form 10-K for the fiscal year ended June 30, 2024 filed with the Securities and Exchange Commission (the â€œSECâ€) on August 26, 2024. The following discussion contains forward-looking statements that reflect our plans, estimates, and beliefs. Our actual results could differ materially from those discussed in the forward-looking statements. Factors that could cause or contribute to these differences include those discussed below and elsewhere in this Quarterly Report on Form 10-Q and in our Annual Report on Form 10-K, particularly in the section titled â€œCautionary Note regarding Forward-Looking Statements" and "Risk Factors.â€ Our historical results are not necessarily indicative of the results that may be expected for any period in the future. Unless otherwise noted, any reference to a year preceded by the word â€œfiscalâ€ refers to the fiscal year ended June 30 of that year. Highlights for the three months ended September 30, 2024 During the three months ended September 30, 2024, we generated total revenues of $118.8 million with a gross margin of 73%. Our operating cash flow was $24.4 million. Total cash and cash equivalents as of September 30, 2024 were $253.8 million. Our remaining performance obligations, which represent all future revenue under contract yet to be recognized, were $549.4 million as of September 30, 2024. How We Generate Revenue We generate revenues primarily from software subscriptions, typically with one-year or multi-year contract terms. We sell our software through a direct sales model, which targets clients based on end market, geography, firm size, and business need. We recognize revenues from SaaS subscriptions ratably over the term of the contract, while we recognize revenues from the license component of on-premise subscriptions upfront and the support component of such subscriptions ratably over the support term. We generally price our subscriptions based on the number of users adopting our solution and the modules deployed. We expect the vast majority of our new ARR (as defined below) growth in the future to be from the sale of SaaS subscriptions. We generate service revenues primarily from professional services. Our clients utilize these services to configure and implement one or more modules of the Intapp Intelligent Cloud platform, integrate those modules with the existing platform and with other core systems in their IT environment, upgrade their existing deployment, and provide training for their employees. Other professional services include strategic consulting and advisory work, which are generally provided on a standalone basis. Key Factors Affecting Our Performance Market Adoption of our Cloud Platform. Our future growth depends on our ability to win new professional and financial services clients and expand within our existing client base, primarily through the continued acceptance of our cloud business. Our cloud business has historically grown faster than our overall business, and represents an increasing proportion of our ARR. We must demonstrate to new and existing clients the benefits of selecting our cloud platform, and support those deployments once live with reliable and secure service. From a sales perspective, our ability to add new clients and expand within existing accounts depends upon a number of factors, including the quality and effectiveness of our sales personnel and marketing efforts, and our ability to convince key decision makers within professional and financial services firms to embrace the Intapp Intelligent Cloud platform over point solutions, internally developed solutions, and horizontal solutions. If our clients do not continue to see the ability of our platform to generate return on investment relative to other software alternatives, net revenue retention could suffer and our operating results may be adversely affected. Continued Investment in Innovation and Growth. We have made substantial investments in research and development and sales and marketing to achieve a leadership position in our market and grow our revenues and client base. We intend to continue to invest in research and development to build new capabilities and maintain the core technology underpinning our differentiated platform. In addition, we expect to invest in sales and marketing to broaden our reach with new clients in the U.S. and abroad and deepen our penetration with existing clients. With our revenue growth objectives, we expect to continue to make such investments for the foreseeable future. We intend to continue to gradually increase our general and administrative spending to support our growing operational needs. 17 Table of Contents We have a track record of successfully identifying and integrating complementary businesses within the professional and financial services industry. To complement our organic investment in innovation and accelerate our growth, we will continue to evaluate acquisition opportunities that help us extend our platform, broaden and deepen our market leadership, and add new clients. Key Business Metrics We review a number of operating and financial metrics, including the following key metrics to help us evaluate our business, measure our performance and the effectiveness of our sales and marketing efforts, identify trends affecting our business, formulate business plans and budgets, and make strategic decisions. Annual Recurring Revenues (â€œARRâ€) ARR represents the annualized recurring value of all active SaaS and on-premise license contracts at the end of a reporting period. Contracts with a term other than one year are annualized by taking the committed contract value for the current period divided by number of days in that period then multiplying by 365. As a metric, ARR mitigates fluctuations in revenue recognition due to certain factors, including contract term and the sales mix of SaaS contracts and licenses. ARR does not have any standardized meaning and may not be comparable to similarly titled measures presented by other companies. ARR should be viewed independently of revenues and deferred revenues and is not intended to be combined with or to replace either of those elements of our financial statements. ARR is not a forecast and the active contracts at the end of a reporting period used in calculating ARR may or may not be extended or renewed by our clients. ARR was $417.2 million and $350.1 million as of September 30, 2024 and 2023, respectively, an increase of 19%. Cloud ARR Cloud ARR is the portion of our ARR which represents the annualized recurring value of our active SaaS contracts. We believe Cloud ARR provides important information about our ability to sell new SaaS subscriptions to existing clients and to acquire new SaaS clients. Cloud ARR was $309.1 million and $242.5 million as of September 30, 2024 and 2023, respectively, an increase of 27%, and represented 74% and 69% of ARR as of September 30, 2024 and 2023, respectively. Net Revenue Retention ("NRR") We measure our ability to grow and retain ARR from existing clients using a metric we refer to as NRR. We calculate this by starting with the ARR from the cohort of all clients as of the twelve months prior to the applicable fiscal period, or prior period ARR. We then calculate the ARR from these same clients as of the current fiscal period, or current period ARR. We then divide the current period ARR by the prior period ARR to calculate the NRR. This metric accounts for changes in our recurring revenue base from cross-sell (additional solution capabilities sold), upsell (additional seats sold), price changes, and client attrition (including contraction of solution capabilities, contraction of seats and client churn). We upsold additional seats and cross-sold new solutions to our existing clients such that our trailing twelve monthsâ€™ NRR as of September 30, 2024 was 114%, which is within our expected range of 113% to 117%. Cloud NRR Cloud NRR is the portion of our NRR which represents the net revenue retention of our SaaS contracts. We calculate Cloud NRR by starting with the Cloud ARR from the cohort of all clients as of the twelve months prior to the applicable fiscal period, or prior period Cloud ARR. We then calculate the Cloud ARR from these same clients as of the current fiscal period, or current period Cloud ARR. We then divide the current period Cloud ARR by the prior period Cloud ARR to calculate the Cloud NRR.â€¯Our trailing twelve monthsâ€™ Cloud NRR as of September 30, 2024 was 119%. Number of Clients We believe our ability to increase the number of clients on our platform is a key indicator of the growth of our business and our future business opportunities. We define a client at the end of any reporting period as an entity with at least one active subscription as of the measurement date. As of September 30, 2024, we had over 2,600 clients. No single client represented more than 10% of total revenues for either of the three months ended September 30, 2024 and 2023. Our client base includes some of the largest and most reputable professional and financial services firms globally. These clients have the financial and operating resources needed to purchase, deploy, and successfully use the full capabilities of our software platform, and as such, we believe the number of our clients with contracts greater than $100,000 of ARR is an important metric for highlighting our progress on the path to full adoption of our platform by our professional and financial services clients. As of September 30, 2024 and 2023, we had 707 and 626 clients, respectively, with contracts greater than $100,000 of ARR. 18 Table of Contents Components of Our Results of Operations Certain prior period amounts reported thereto have been reclassified to conform to the current year presentation. Effective July 1, 2024, we adjusted the classification of support services related to subscription license to be included within â€œlicenseâ€ on the unaudited condensed consolidated statements of operations. Prior to July 1, 2024, support services related to subscription license was included in a line item entitled â€œSaaS and Support.â€ The presentation of cost of revenues has been conformed to reflect the changes related to the presentation of revenues. Such reclassifications related to the presentation of revenues and cost of revenues effective as of July 1, 2024 and did not affect total revenues, operating income, or net income. There was no change to the revenue recognition policy, except for the change in classification noted herein. Revenues We generate revenues from the sale of our SaaS solutions and premium support services related to SaaS, and subscriptions to our term software applications and support services related to licenses. We generate professional services revenues primarily by delivering professional services for the configuration, implementation and upgrade of our solutions. SaaS SaaS revenues include subscription fees from clients accessing our SaaS solutions, premium support services related to SaaS, and updates, if any, to the subscribed service during the subscription term. We recognize SaaS revenues ratably over the contract term beginning on the commencement date of each contract, which is the date when the service is provisioned and made available to our clients. The initial term of our SaaS contracts is generally one to three years in duration. License License revenues include subscription fees from providing clients with the right to functional intellectual property where clients can benefit from the subscription licenses on their own and support services related to the licenses, which entitles clients to receive technical support and software updates, on a when and if available basis. We recognize license revenues related to subscription fees at a point in time when control of our term software application is transferred to the client, which generally occurs at the time of delivery or upon commencement of the renewal term. License fees are generally payable in advance on an annual basis over the term of the license arrangement, which is typically non-cancelable. We recognize License revenues related to support ratably over the term of the support contract which corresponds to the underlying license agreement. We expect to continue to generate a relatively consistent stream of license revenues from our existing license clients. However, over time as we focus on new sales of our SaaS solutions and encourage existing license clients to migrate to SaaS solutions, we expect revenues from license to decrease as a

percentage of total revenues. Professional Services Our professional services primarily consist of implementation, configuration and upgrade services provided to clients and others. These engagements are billed to clients either on a time and materials or milestone basis; revenues are recognized as invoiced or in proportion to the work performed, respectively. We expect the demand for our professional services to increase due to client growth and the need for implementation, upgrade, and migration services for new and existing clients. This demand will be affected by the mix of professional services that are provided by us versus provided by our third-party implementation partners, reflecting our strategy to de-emphasize professional services revenue. Cost of Revenues Our cost of revenues consists primarily of expenses related to providing SaaS solutions, premium support services related to SaaS, support services related to license and professional services to our clients, including personnel costs (salaries, bonuses, benefits and stock-based compensation) and related expenses for client support and services personnel, as well as cloud infrastructure costs, third-party expenses, amortization of capitalized internal-use software costs and acquired intangible assets, and allocated overhead costs. We expect our cost of revenues to increase in absolute dollars as we expand our SaaS client base over time as this will result in increased cloud infrastructure costs and increased costs for additional personnel to provide technical support services to our growing client base. Cost of SaaS Our cost of SaaS revenues comprises the direct costs to deliver and support our SaaS solutions and premium support services related to SaaS, including personnel costs, allocated overhead costs for facilities and IT, third-party hosting fees related to cloud services, amortization of capitalized internal-use software costs and amortization of acquired intangible assets. Cost of License Our cost of license revenues comprises the direct costs to support our license, including personnel costs, and allocated overhead costs for facilities and IT. 19 Table of Contents Cost of Professional Services Our cost of professional services revenues comprises the personnel-related costs for our professional services employees and contractors responsible for delivering implementation, upgrade and migration services to our clients. This includes personnel costs and allocated overhead costs for facilities and IT. We expect the cost of professional services revenues to increase in absolute dollars as we continue to hire personnel and engage contractors to provide implementation, upgrade and migration services to our growing client base. Operating Expenses Research and Development Our research and development expenses consist primarily of personnel-related costs for engineering and product development employees, costs of third-party services, and allocations of various overhead, cloud hosting costs and facilities costs. We expect our research and development expenses to continue to increase in absolute dollars for the foreseeable future as we continue to dedicate substantial internal resources to develop, improve and expand the functionality of our solutions. Sales and Marketing Our sales and marketing expenses consist primarily of costs incurred for personnel-related costs for our sales and marketing employees as well as sales commissions and benefits, costs of marketing events and online advertising, allocations of various overhead and facilities costs and travel and entertainment expenses. We capitalize client acquisition costs (principally commissions paid to sales personnel) and subsequently amortize these costs over the expected period of benefit. In the medium-term, we expect to see an increase in sales and marketing expense as we continue to expand our direct sales force to take advantage of opportunities for growth and increase in in-person meetings, conferences, and attendance at trade shows. General and Administrative Our general and administrative expenses consist primarily of personnel-related costs as well as professional services and facilities costs related to our executive, finance, human resources, information technology and legal functions. As a public company, we expect to continue to incur significant accounting and legal costs related to compliance with rules and regulations enacted by the SEC, including the costs of maintaining compliance with the Sarbanes-Oxley Act, as well as insurance, investor relations and other costs associated with being a public company. Interest and Other Income (Expense), Net Interest and other income (expense), net consists primarily of interest income from our cash and cash equivalents, non-cash interest expense related to the amortization of deferred financing costs, and gains and losses from foreign currency transactions. Income Tax Expense Our income tax expense consists of an estimate of federal, state, and foreign income taxes based on enacted federal, state, and foreign tax rates, as adjusted for allowable credits, deductions, uncertain tax positions, changes in the valuation of our deferred tax assets and liabilities, and changes in tax laws. We maintain a full valuation allowance on our federal and state deferred tax assets as we have concluded that it is more likely than not that the deferred tax assets will not be realized. 20 Table of Contents Results of Operations The following tables set forth our results of operations for the periods presented, expressed in total U.S. dollar terms and as a percentage of our total revenues (percentages may not add up due to rounding): Â Â Â Three Months Ended September 30, Â Â 2024 Â 2023 Â Â (in thousands, except for percentages) Revenues: Â Â Â Â Â Â Â Â Â Â Â Â Â Â SaaS Â $ 76,876 Â Â Â 65 Â % Â $ 58,913 Â Â Â 58 Â % License Â Â 28,492 Â Â Â 24 Â Â Â Â 28,051 Â Â Â 28 Â Â Professional services Â Â 13,437 Â Â Â 11 Â Â Â Â 14,611 Â Â Â 14 Â Â Total revenues Â Â 118,805 Â Â Â 100 Â Â Â Â 101,575 Â Â Â 100 Â Â Cost of revenues (1): Â Â Â Â Â Â Â Â Â Â Â Â Â Â SaaS Â Â 15,318 Â Â Â 13 Â Â Â Â 12,711 Â Â Â 13 Â Â License Â Â 1,752 Â Â Â 1 Â Â Â Â 1,702 Â Â Â 1 Â Â Professional services Â Â 14,864 Â Â Â 13 Â Â Â Â 17,160 Â Â Â 17 Â Â Total cost of revenues Â Â 31,934 Â Â Â 27 Â Â Â Â 31,573 Â Â Â 31 Â Â Gross profit Â Â 86,871 Â Â Â 73 Â Â Â Â 70,002 Â Â Â 69 Â Â Operating expenses (1): Â Â Â Â Â Â Â Â Â Â Â Â Â Â Research and development Â Â 32,427 Â Â Â 27 Â Â Â Â 28,496 Â Â Â 28 Â Â Sales and marketing Â Â 37,760 Â Â Â 32 Â Â Â Â 34,419 Â Â Â 34 Â Â General and administrative Â Â 23,938 Â Â Â 20 Â Â Â Â 21,052 Â Â Â 21 Â Â Total operating expenses Â Â 94,125 Â Â Â 79 Â Â Â Â 83,967 Â Â Â 83 Â Â Operating loss Â Â (7,254) Â Â (6) Â Â Â (13,965) Â Â (14) Â Interest and other income (expense), net Â Â 3,422 Â Â Â 3 Â Â Â Â (943) Â Â (1) Â Net loss before income taxes Â Â (3,832) Â Â (3) Â Â Â (14,908) Â Â (15) Â Income tax expense Â Â (688) Â Â (1) Â Â Â (413) Â Â â€” Â Â Net loss Â $ (4,520) Â Â (4) % Â $ (15,321) Â Â (15) % Â Â Â Â Â Â Â Â Â Â Â Â Â Â

judgments are based on historical experience, future expectations and other factors and assumptions we believe to be reasonable under the circumstances. The most significant estimates and judgments are reviewed on an ongoing basis and are revised when necessary. Actual amounts may differ from these estimates and judgments. There have been no material changes to our critical accounting policies or estimates from those disclosed in our Annual Report on Form 10-K for the fiscal year ended June 30, 2024, filed with the SEC on August 26, 2024. Recent Accounting Pronouncements See Note 2 to our unaudited condensed consolidated financial statements included elsewhere in this Quarterly Report on Form 10-Q for more information regarding recent accounting pronouncements and our assessment of their impact. 25 Table of Contents Item 3. Quantitative and Qualitative Disclosures About Market Risk We are exposed to market risks in the ordinary course of our business, including foreign currency exchange, credit, inflation, and interest rate risks. Foreign Currency Exchange Risk Our reporting currency is the U.S. dollar and the functional currency for all of our foreign subsidiaries is the U.S. dollar, except Rekoop Ltd., which uses the British pound. The majority of our revenue and expenses are denominated in U.S. dollars. However, we have foreign currency risks as we have contracts with clients and payroll obligations and a limited number of supply contracts with vendors which have payments denominated in foreign currencies. The volatility of exchange rates depends on many factors that we cannot forecast with reliable accuracy. We have experienced and will continue to experience fluctuations in foreign exchange gains and losses related to changes in foreign currency exchange rates. We have not engaged in the hedging of foreign currency transactions to date, although we may choose to do so in the future. Our exposure to foreign currency exchange risk relates primarily to our accounts receivable, cash balances, other employee compensation related obligations and lease liabilities denominated in currencies other than the U.S. dollar. If a hypothetical 10% change in foreign currency exchange rates were to occur in the future, the resulting gain or loss would be immaterial on our operating results over the next twelve months. Credit Risk We routinely assess the creditworthiness of our clients. We have not experienced any material losses related to non-payment of receivables from individual or groups of clients due to loss of creditworthiness during the three months ended September 30, 2024 and 2023. Clients representing in excess of 10% of our accounts receivable balance at September 30, 2024 and June 30, 2024 were zero and one, respectively. Due to these factors, management believes that we do not have additional credit risk beyond the amounts already provided for collection losses in our accounts receivable. Inflation Risk We do not believe that inflation has had a material effect on our business, results of operations, or financial condition. Nonetheless, if our costs were to become subject to significant inflationary pressures, we may not be able to fully offset such higher costs, particularly if inflationary pressures occur during an economic downturn. Further, our clients may not buy new products or may refrain from expanding current product usage as a result of the impact of increasing costs on their spend. These matters could harm our business, results of operations, or financial condition. Interest Rate Risk Our exposure to market risk for changes in interest rates relates primarily to our cash held in cash deposits and cash equivalents invested in money market funds and our senior secured revolving credit facility of up to $100.0 million. As of September 30, 2024, we had cash and cash equivalents of $253.8 million held with multiple high credit quality financial institutions, including investments in money market funds. Our investments are subject to market risk due to changes in interest rates, which may affect our interest income. A hypothetical 100 basis points increase or decrease in interest rates would not have a material impact on our operating results or the fair value of our cash and cash equivalents over the next twelve months. As of September 30, 2024, we had no outstanding loan balance under our senior secured revolving credit facility. Future borrowings under this facility will accrue interest at a variable rate based on, at our election, either (a) an adjusted secured overnight financing rate (SOFR, as described in the Credit Agreement) plus a percentage spread (ranging from 1.75% to 2.50%) or (b) an alternate base rate (as described in the Credit Agreement) plus a percentage spread (ranging from 0.75% to 1.50%), in each case based on the Companyâ€™s total net leverage ratio. As a result, we will be exposed to increased interest rate risk if we draw down on the facility. For further information refer to Note 10, Debt, in the Notes to Consolidated Financial Statements included in Part II, Item 8 of the Companyâ€™s Annual Report on Form 10-K for the fiscal year ended June 30, 2024 for further information on the Credit Agreement and the Security Agreement. 26 Table of Contents Item 4. Controls and Procedures Evaluation of Disclosure Controls and Procedures Our management, under the supervision and with the participation of our Chief Executive Officer (principal executive officer) and Chief Financial Officer (principal financial officer), has evaluated the effectiveness of our disclosure controls and procedures, as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act, as of the end of the period covered by this Quarterly Report on Form 10-Q. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed by a company in the reports that it files or submits under the Exchange Act is recorded, processed, summarized, and reported within the time periods specified in the SECâ€™s rules and forms, and that such information is accumulated and communicated to the Companyâ€™s management, including its principal executive and principal financial officers, or persons performing similar functions, as appropriate to allow timely decisions regarding required disclosure. Based on such evaluation, our Chief Executive Officer and Chief Financial Officer concluded that, as of the end of the period covered by this Quarterly Report on Form 10-Q, our disclosure controls and procedures were effective at the reasonable assurance level. Changes in Internal Control over Financial Reporting There were no changes in our internal control over financial reporting identified in connection with the evaluation required by Rules 13a-15(d) and 15d-15(d) of the Exchange Act that occurred during the quarter ended September 30, 2024 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting. Inherent Limitations on Effectiveness of Controls Our management, including our Chief Executive Officer and Chief Financial Officer, believes that our disclosure controls and procedures and internal control over financial reporting are designed to provide reasonable assurance of achieving their objectives and are effective at the reasonable assurance level. However, management does not expect that our disclosure controls and procedures or our internal control over financial reporting will prevent or detect all errors and all fraud. A control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within the company have been detected. The design of any system of controls also is based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions. Over time, controls may become inadequate because of changes in conditions, or the degree of compliance with the policies or procedures may deteriorate. Because of the inherent limitations in a cost-effective control system, misstatements due to error or fraud may occur and not be detected. 27 Table of Contents PART IIâ€”OTHER INFORMATION Item 1. Legal Proceedings The information contained in Note 9. â€œCommitments and Contingenciesâ€”Litigationâ€ in our unaudited condensed consolidated financial statements included elsewhere in this Quarterly Report on Form 10-Q is incorporated herein by reference. From time to time, we may be subject to legal proceedings and claims in the ordinary course of business. We cannot predict the results of any such disputes, and regardless of the potential outcomes, the existence thereof may have an adverse material impact on us due to diversion of management time and attention as well as the financial costs related to resolving such disputes. Item 1A. Risk Factors There have been no material changes to the risk factors disclosed under Part I, Item 1A â€œRisk Factorsâ€ in our Annual Report on Form 10-K for the fiscal year ended June 30, 2024, the current effects of which are discussed in more detail in Part I, Item 2 â€œManagementâ€™s Discussion and Analysis of Financial Condition and Results of Operationsâ€ of this Quarterly Report on Form 10-Q. If any of these risks or uncertainties actually occur, our business, financial condition, prospects, results of operations and cash flow could be materially and adversely affected. In that case, the market price of our common stock could decline. These risks are not the only risks we face. Additional risks or uncertainties not currently known to us, or that we currently deem immaterial, may also have a material adverse effect on our business, financial condition, prospects, results of operations or cash flows, as well as the market price of our securities. We cannot assure you that any of the events discussed in the risk factors will not occur. Item 2. Unregistered Sales of Equity Securities and Use of Proceeds None. Item 3. Defaults Upon Senior Securities Not applicable. Item 4. Mine Safety Disclosures Not applicable. Item 5. Summary of Significant Accounting Policies Basis of Presentation and Principles of Consolidation The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with generally accepted accounting principles in the United States of America (â€œGAAPâ€) and the requirements of the U.S. Securities and Exchange Commission (the â€œSECâ€) for interim reporting. Certain information and disclosures normally included in the financial statements prepared in accordance with GAAP have been condensed or omitted pursuant to such rules and regulations. Therefore, these unaudited condensed consolidated financial statements should be read in conjunction with the audited consolidated financial statements and notes included in the Company's Annual Report on Form 10-K for the fiscal year ended June 30, 2024 filed with the SEC on August 26, 2024. The unaudited condensed consolidated financial statements include accounts of the Company and its consolidated subsidiaries, after eliminating all inter-company transactions and balances. The interim unaudited condensed consolidated financial statements have been prepared on a basis consistent with the annual consolidated financial statements and, in the opinion of management, reflect all adjustments, which include only normal and recurring adjustments, necessary to state fairly the Companyâ€™s financial condition, its operations and cash flows for the periods presented. The historical results are not necessarily indicative of future results, and the results of operations for the three months ended September 30, 2024 are not necessarily indicative of the results to be expected for the full year or any other period.Certain prior period amounts reported in our unaudited condensed consolidated financial statements and notes thereto have been reclassified to conform to the current year presentation. Effective July 1, 2024, the Company adjusted the classification of support services related to subscription license to be included within â€œlicenseâ€ on the unaudited condensed consolidated statements of operations. Prior to July 1, 2024, support services related to subscription license was included in a line item entitled â€œSaaS and Support.â€ The presentation of cost of revenues has been conformed to reflect the changes related to the presentation of revenues. Such reclassifications related to the presentation of revenues and cost of revenues did not affect total revenues, operating income, or net income. There was no change to the Company's revenue recognition policy, except for the change in classification noted herein.Accordingly, effective July 1, 2024, SaaS revenues include subscription fees from clients accessing our SaaS solutions, premium support services related to SaaS, and updates, if any, to the subscribed service during the subscription term. The Company recognizes SaaS revenues ratably over the contract term beginning on the commencement date of each contract, which is the date when the Companyâ€™s service is available to clients. License revenues include subscription fees from providing clients with the right to functional intellectual property where clients can benefit from the subscription licenses on their own and support services related to the licenses, which entitles clients to receive technical support and software updates, on a when and if available basis. The Company recognizes license revenues related to subscription fees at a point in time when control of the term software application is transferred to the client, which generally occurs at the time of delivery or upon commencement of the renewal term. The Company recognizes license revenues related to support ratably over the term of the support contract which corresponds to the underlying license agreement. Use of Estimates The preparation of the accompanying unaudited condensed consolidated financial statements in conformity with GAAP requires the Company to make estimates and assumptions that affect the amounts reported and disclosed in the unaudited condensed consolidated financial statements and accompanying notes. Those estimates and assumptions include, but are not limited to, revenue recognition including determination of the standalone selling price (â€œSSPâ€) of the deliverables included in multiple deliverable revenue arrangements; allowance for credit losses; the depreciable lives of long-lived assets including intangible assets; the expected useful life of deferred commissions; the fair value of stock-based awards; the fair value of assets acquired and liabilities assumed in business combinations; goodwill and long-lived assets impairment assessment; the fair value of contingent consideration liabilities; the incremental borrowing rate used to determine the operating lease liabilities; valuation allowances on deferred tax assets; uncertain tax positions; and loss contingencies. The Company evaluates estimates and assumptions on an ongoing basis using historical experience and other factors and adjusts those estimates and assumptions when facts and circumstances dictate. As future events and their effects cannot be determined with precision, actual results could differ from these estimates, and those differences could be material to the unaudited condensed consolidated financial statements. Significant Accounting PoliciesThere have been no material changes to the Company's significant accounting policies as described in Note 2, Summary of Significant Accounting Policies, to the consolidated financial statements included in Part II, Item 8 of the Companyâ€™s Annual Report on Form 10-K for the fiscal year ended June 30, 2024.Concentrations of Credit Risk and Significant Clients Financial instruments that potentially subject the Company to concentrations of credit risk consist of cash and cash equivalents and accounts receivable. The Company maintains its cash and cash equivalents with multiple high credit quality financial institutions. The Company is exposed to credit risk for cash and cash equivalents held in financial institutions to the extent that such amounts recorded on the balance sheet are in excess of amounts that are insured by the Federal Deposit Insurance Corporation. The Company has not experienced any such losses. No client individually accounted for 10% or more of the Companyâ€™s revenues for either of the three months ended September 30, 2024 and 2023. As of September 30, 2024, no client individually accounted for 10% or more of the Companyâ€™s total accounts receivable. As of June 30, 2024, one client individually accounted for 16% of the Companyâ€™s total accounts receivable.Accounting Pronouncements Not Yet Adopted In November 2023, the FASB issued ASU No. 2023-07, Segment Reporting (ASC 280): Improvements to Reportable Segment Disclosures, which expands annual and interim disclosure requirements for reportable segments, primarily through enhanced disclosures about significant segment expenses. This guidance will be applied retrospectively and will be effective for the Company for fiscal year ending June 30, 2025, and for interim periods beginning July 1, 2025. The Company is currently evaluating the impact of the adoption on its consolidated financial statements.In December 2023, the FASB issued ASU No. 2023-09, Income Taxes (ASC 740): Improvements to Income Tax Disclosures, which requires additional income tax disclosures to better assess how an entityâ€™s operations, related tax risks, tax planning and operational opportunities affect its tax rate and prospects of future cash flows. This guidance will be effective for the Companyâ€™s fiscal year beginning July 1, 2025, and should be applied on a prospective or retrospective basis. The Company expects the adoption to result in additional disclosures only. Fair Value Measurements The authoritative guidance on fair value measurements establishes a three-tier fair value hierarchy for disclosure of fair value measurements as follows:Level 1â€”Inputs are unadjusted, quoted prices in active markets for identical, assets or liabilities at the measurement date; Level 2â€”Inputs are quoted prices in markets that are not active, or inputs which are observable, either directly or indirectly, for substantially the full term of the asset or liability; Level 3â€”Prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable (i.e., supported by little or no market activity). Money market funds are classified as Level 1 as the assets are valued using quoted prices in active markets. Liabilities for contingent consideration related to business combinations are classified as Level 3 liabilities as the Company uses unobservable inputs in the valuation, specifically related to the projected total contract value generated by the acquired businesses for a distinct period of time.The following table sets forth the Companyâ€™s financial assets that were measured at fair value on a recurring basis as of the date indicated by level within the fair value hierarchy (in thousands):Â Â Â September 30, 2024 Â Â Â Level 1 Â Â Level 2 Â Â Level 3 Â Â Total Â Financial assets: Â Â Â Â Â Â Â Â Â Â Â Â Cash equivalents: Â Â Â Â Â Â Â Â Â Â Â Â Money market funds Â $ 160,373 Â Â $ â€” Â Â $ â€” Â Â $ 160,373 Â Total financial assets Â $ 160,373 Â Â $ â€” Â Â $ â€” Â Â $ 160,373 Â Â Â Â June 30, 2024 Â Â Â Level 1 Â Â Level 2 Â Â Level 3 Â Â Total Â Financial assets: Â Â Â Â Â Â Â Â Â Â Â Â Cash equivalents: Â Â Â Â Â Â Â Â Â Â Â Â Money market funds Â $ 78,677 Â Â $ â€” Â Â $ â€” Â Â $ 78,677 Â Total financial assets Â $ 78,677 Â Â $ â€” Â Â $ â€” Â Â $ 78,677 Â Â The following tables set forth the Companyâ€™s financial liabilities that were measured at fair value on a recurring basis as of the dates indicated by level within the fair value hierarchy (in thousands): Â Â Â September 30, 2024 Â Â Â Level 1 Â Â Level 2 Â Â Level 3 Â Â Total Â Financial Liabilities: Â Â Â Â Â Â Â Â Â Â Â Â Liability for contingent consideration, current portion Â $ â€” Â Â $ â€” Â Â $ 154 Â Â $ 154 Â Liability for contingent consideration, non-current portion Â Â â€” Â Â Â â€” Â Â Â 104 Â Â Â 104 Â Total financial liabilities Â $ â€” Â Â $ â€” Â Â $ 258 Â Â $ 258 Â Â Â Â Â Â Â Â Â Â Â Â June 30, 2024 Â Â Â Level 1 Â Â Level 2 Â Â Level 3 Â Â Total Â Financial Liabilities: Â Â Â Â Â Â Â Â Â Â Â Â Liability for contingent consideration, current portion Â $ â€” Â Â $ â€” Â Â $ 2,405 Â Â $ 2,405 Â Liability for contingent consideration, non-current portion Â â€” Â Â Â â€” Â Â Â 153 Â Â Â 153 Â Total financial liabilities Â $ â€” Â Â $ â€” Â Â $ 2,558 Â Â $ 2,558 Â Â In connection with the acquisition of TDI, the Company is obligated to pay up to $1.1 million in cash on achievement of certain performance measures and in some cases, continued employment or service with the Company or its subsidiaries. The total fair value of the contingent consideration liability was $0.8 million as of September 30, 2024 and June 30, 2024, of which $0.1 million was included as part of purchase consideration upon acquisition and $0.7 million was accounted for as post-combination compensation costs to be recognized over the required service period. Accordingly, the Company recorded a contingent consideration liability of $0.2 million as of September 30, 2024 and June 30, 2024 in other liabilities on the unaudited condensed consolidated balance sheets. In connection with the acquisition of Paragon Data Labs, Inc. in May 2023, the Company recorded a contingent consideration liability of $4.3 million on the acquisition date for the estimated fair value of the contingent consideration. The fair value was measured based on the probability of achieving certain performance measures pursuant to the acquisition agreement. During the three months ended September 30, 2024, the Company paid $1.4 million related to the contingent consideration. The fair value of the contingent consideration was not material as of September 30, 2024 and was $2.4 million as of June 30, 2024, which was included in other current liabilities on the unaudited condensed consolidated balance sheets.The fair value of the contingent consideration was initially estimated on the acquisition date using the Monte Carlo simulation and included key assumptions used by management related to the estimated probability of occurrence and discount rates. Subsequent changes in the fair value of the contingent consideration liabilities, resulting from managementâ€™s revision of key assumptions and estimates, have been recorded in general and administrative expenses in the unaudited condensed consolidated statements of operations. Stockholders' Equity and Stock-Based Compensation Equity Incentive Plans In June 2021, the Companyâ€™s Board of Directors adopted, and its stockholders approved, the 2021 Omnibus Incentive Plan (the â€œ2021 Planâ€) and the 2021 Employee Stock Purchase Plan (â€œESPPâ€). The 2021 Plan provides for the grant of restricted shares, restricted share units (â€œRSUsâ€), performance shares, performance share units (â€œPSUsâ€), deferred share units, share options and share appreciation rights. All employees, non-employee directors and selected third-party service providers of the Company and its subsidiaries and affiliates are eligible to receive grants under the 2021 Plan. Eligible employees may purchase the Companyâ€™s common stock under the ESPP.Stock Awards The Company has granted time-based and performance-based stock options, RSUs and PSUs, collectively referred to as â€œStock Awards.â€ The Company accounts for stock-based compensation using the fair value method which requires the Company to measure stock-based compensation based on the grant-date fair value of the awards and recognize compensation expense over the requisite service or performance period. Awards that contain only service conditions, are generally earned over four years and expensed on a straight-line basis over that term. Compensation expense for awards that contain performance conditions is calculated using the graded vesting method and the portion of expense recognized in any period may fluctuate depending on changing estimates of the achievement of the performance conditions.Stock OptionsStock options granted generally become exercisable ratably over a four-year period following the date of grant and expire ten years from the date of grant. The ESPP provides an offering period that begins on June 1 and December 1 of each year and each offering period consists of one six-month purchase period. Certain information and disclosures normally included in the financial statements prepared in accordance with GAAP have been condensed or omitted pursuant to such rules and regulations. Therefore, these unaudited condensed consolidated financial statements should be read in conjunction with the audited consolidated financial statements and notes included in the Company's Annual Report on Form 10-K for the fiscal year ended June 30, 2024 filed with the SEC on August 26, 2024. The unaudited condensed consolidated financial statements include accounts of the Company and its consolidated subsidiaries, after eliminating all inter-company transactions and balances. The interim unaudited condensed consolidated financial statements have been prepared on a basis consistent with the annual consolidated financial statements and, in the opinion of management, reflect all adjustments, which include only normal and recurring adjustments, necessary to state fairly the Companyâ€™s financial condition, its operations and cash flows for the periods presented. The historical results are not necessarily indicative of future results, and the results of operations for the three months ended September 30, 2024 are not necessarily indicative of the results to be expected for the full year or any other period.Certain prior period amounts reported in our unaudited condensed consolidated financial statements and notes thereto have been reclassified to conform to the current year presentation. Effective July 1, 2024, the Company adjusted the classification of support services related to subscription license to be included within â€œlicenseâ€ on the unaudited condensed consolidated statements of operations. Prior to July 1, 2024, support services related to subscription license was included in a line item entitled â€œSaaS and Support.â€ The presentation of cost of revenues has been conformed to reflect the changes related to the presentation of revenues. Such reclassifications related to the presentation of revenues and cost of revenues did not affect total revenues, operating income, or net income. There was no change to the Company's revenue recognition policy, except for the change in classification noted herein.Accordingly, effective July 1, 2024, SaaS revenues include subscription fees from clients accessing our SaaS solutions, premium support services related to SaaS, and updates, if any, to the subscribed service during the subscription term. The Company recognizes SaaS revenues ratably over the contract term beginning on the commencement date of each contract, which is the date when the Companyâ€™s service is available to clients. License revenues include subscription fees from providing clients with the right to functional intellectual property where clients can benefit from the subscription licenses on their own and support services related to the licenses, which entitles clients to receive technical support and software updates, on a when and if available basis. The Company recognizes license revenues related to subscription fees at a point in time when control of the term software application is transferred to the client, which generally occurs at the time of delivery or upon commencement of the renewal term. The Company recognizes license revenues related to support ratably over the term of the support contract which corresponds to the underlying license agreement. Use of Estimates Use of Estimates The preparation of the accompanying unaudited condensed consolidated financial statements in conformity with GAAP requires the Company to make estimates and assumptions that affect the amounts reported and disclosed in the unaudited condensed consolidated financial statements and accompanying notes. Those estimates and assumptions include, but are not limited to, revenue recognition including determination of the standalone selling price (â€œSSPâ€) of the deliverables included in multiple deliverable revenue arrangements; allowance for credit losses; the depreciable lives of long-lived assets including intangible assets; the expected useful life of deferred commissions; the fair value of stock-based awards; the fair value of assets acquired and liabilities assumed in business combinations; goodwill and long-lived assets impairment assessment; the fair value of contingent consideration liabilities; the incremental borrowing rate used to determine the operating lease liabilities; valuation allowances on deferred tax assets; uncertain tax positions; and loss contingencies. The Company evaluates estimates and assumptions on an ongoing basis using historical experience and other factors and adjusts those estimates and assumptions when facts and circumstances dictate. As future events and their effects cannot be determined with precision, actual results could differ from these estimates, and those differences could be material to the unaudited condensed consolidated financial statements. Concentrations of Credit Risk and Significant Clients Concentrations of Credit Risk and Significant Clients Financial instruments that potentially subject the Company to concentrations of credit risk consist of cash and cash equivalents and accounts receivable. The Company maintains its cash and cash equivalents with multiple high credit quality financial institutions. The Company is exposed to credit risk for cash and cash equivalents held in financial institutions to the extent that such amounts recorded on the balance sheet are in excess of amounts that are insured by the Federal Deposit Insurance Corporation. The Company has not experienced any such losses. No client individually accounted for 10% or more of the Companyâ€™s revenues for either of the three months ended September 30, 2024 and 2023. Accounting Pronouncements Not Yet Adopted Accounting Pronouncements Not Yet Adopted In November 2023, the FASB issued ASU No. 2023-07, Segment Reporting (ASC 280): Improvements to Reportable Segment Disclosures, which expands annual and interim disclosure requirements for reportable segments, primarily through enhanced disclosures about significant segment expenses. This guidance will be applied retrospectively and will be effective for the Company for fiscal year ending June 30, 2025, and for interim periods beginning July 1, 2025. The Company is currently evaluating the impact of the adoption on its consolidated financial statements.In December 2023, the FASB issued ASU No. 2023-09, Income Taxes (ASC 740): Improvements to Income Tax Disclosures, which requires additional income tax disclosures to better assess how an entityâ€™s operations, related tax risks, tax planning and operational opportunities affect its tax rate and prospects of future cash flows. This guidance will be effective for the Companyâ€™s fiscal year beginning July 1, 2025, and should be applied on a prospective or retrospective basis. The Company expects the adoption to result in additional disclosures only. Deferred Commissions Deferred CommissionsDeferred commissions were $30.7 million and $32.4 million as of September 30, 2024 and June 30, 2024, respectively. Amortization expense with respect to deferred commissions, which is included in sales and marketing expense in the Companyâ€™s unaudited condensed consolidated statements of operations, was $4.0 million and $3.5 million for the three months ended September 30, 2024 and 2023, respectively. There was no impairment loss in relation to the costs capitalized for the periods presented. Description of Business Intapp, Inc. ("Intapp" or the "Company") is a leading global provider of AI-powered solutions for professionals at advisory, capital markets and legal firms. The Company empowers the world's premier accounting, consulting, investment banking, legal, private capital and real assets firms with the technology they need to operate more competitively, deliver timely insights to their professionals, and meet rapidly changing client, investor, and regulatory requirements. Using the power of Applied AI, its purpose-built vertical software as a service ("SaaS") solutions accelerate the flow of information firmwide, activate expertise, empower teams, strengthen client relationships, manage risk, and help firms adapt more quickly in a highly complex ecosystem. The Company serves clients primarily in the United States ("U.S.") and the United Kingdom ("U.K."). References to "the Company," "us," "we," or "our" in these unaudited condensed consolidated financial statements refer to the consolidated operations of Intapp and its consolidated subsidiaries. Note 2. Summary of Significant Accounting Policies Basis of Presentation and Principles of Consolidation The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with generally accepted accounting principles in the United States of America ("GAAP") and the requirements of the U.S. Securities and Exchange Commission (the "SEC") for interim reporting. Certain information and disclosures normally included in the financial statements prepared in accordance with GAAP have been condensed or omitted pursuant to such rules and regulations. Therefore, these unaudited condensed consolidated financial statements should be read in conjunction with the audited consolidated financial statements and notes included in the Company's Annual Report on Form 10-K for the fiscal year ended June 30, 2024 filed with the SEC on August 26, 2024. The unaudited condensed consolidated financial statements include accounts of the Company and its consolidated subsidiaries, after eliminating all inter-company transactions and balances. The interim unaudited condensed consolidated financial statements have been prepared on a basis consistent with the annual consolidated financial statements and, in the opinion of management, reflect all adjustments, which include only normal and recurring adjustments, necessary to state fairly the Company's financial condition, its operations and cash flows for the periods presented. The historical results are not necessarily indicative of future results, and the results of operations for the three months ended September 30, 2024 are not necessarily indicative of the results to be expected for the full year or any other period. Certain prior period amounts reported in our unaudited condensed consolidated financial statements and notes thereto have been reclassified to conform to the current year presentation. Effective July 1, 2024, the Company adjusted the classification of support services related to subscription license to be included within "license" on the unaudited condensed consolidated statements of operations. Prior to July 1, 2024, support services related to subscription license was included in a line item entitled "SaaS and Support." The presentation of cost of revenues has been conformed to reflect the changes related to the presentation of revenues. Such reclassifications related to the presentation of revenues and cost of revenues did not affect total revenues, operating income, or net income. There was no change to the Company's revenue recognition policy, except for the change in classification noted herein. Accordingly, effective July 1, 2024, SaaS revenues include subscription fees from clients accessing our SaaS solutions, premium support services related to SaaS, and updates, if any, to the subscribed service during the subscription term. The Company recognizes SaaS revenues ratably over the contract term beginning on the commencement date of each contract, which is the date when the Company's service is available to clients. License revenues include subscription fees from providing clients with the right to functional intellectual property where clients can benefit from the subscription licenses on their own and support services related to the licenses, which entitles clients to receive technical support and software updates, on a when and if available basis. The Company recognizes license revenues related to subscription fees at a point in time when control of the term software application is transferred to the client, which generally occurs at the time of delivery or upon commencement of the renewal term. The Company recognizes license revenues related to support ratably over the term of the support contract which corresponds to the underlying license agreement. Use of Estimates The preparation of the accompanying unaudited condensed consolidated financial statements in conformity with GAAP requires the Company to make estimates and assumptions that affect the amounts reported and disclosed in the unaudited condensed consolidated financial statements and accompanying notes. Those estimates and assumptions include, but are not limited to, revenue recognition including determination of the standalone selling price ("SSP") of the deliverables included in multiple deliverable revenue arrangements; allowance for credit losses; the depreciable lives of long-lived assets including intangible assets; the expected useful life of deferred commissions; the fair value of stock-based awards; the fair value of assets acquired and liabilities assumed in business combinations; goodwill and long-lived assets impairment assessment; the fair value of contingent consideration liabilities; the incremental borrowing rate used to determine the operating lease liabilities; valuation allowances on deferred tax assets; uncertain tax positions; and loss contingencies. The Company evaluates estimates and assumptions on an ongoing basis using historical experience and other factors and adjusts those estimates and assumptions when facts and circumstances dictate. As future events and their effects cannot be determined with precision, actual results could differ from these estimates, and those differences could be material to the unaudited condensed consolidated financial statements. Significant Accounting Policies There have been no material changes to the Company's significant accounting policies as described in Note 2, Summary of Significant Accounting Policies, to the consolidated financial statements included in Part II, Item 8 of the Company's Annual Report on Form 10-K for the fiscal year ended June 30, 2024. Concentrations of Credit Risk and Significant Clients Financial instruments that potentially subject the Company to concentrations of credit risk consist of cash and cash equivalents and accounts receivable. The Company maintains its cash and cash equivalents with multiple high credit quality financial institutions. The Company is exposed to credit risk for cash and cash equivalents held in financial institutions to the extent that such amounts recorded on the balance sheet are in excess of amounts that are insured by the Federal Deposit Insurance Corporation. The Company has not experienced any such losses. No client individually accounted for 10% or more of the Company's revenues for either of the three months ended September 30, 2024 and 2023. As of September 30, 2024, <span style="font-size:10pt;font-family:Times New

As of June 30, 2024, one client individually accounted for 16% of the Company's total accounts receivable. Accounting Pronouncements Not Yet Adopted In November 2023, the FASB issued ASU No. 2023-07, Segment Reporting (ASC 280): Improvements to Reportable Segment Disclosures, which expands annual and interim disclosure requirements for reportable segments, primarily through enhanced disclosures about significant segment expenses. This guidance will be applied retrospectively and will be effective for the Company for fiscal year ending June 30, 2025, and for interim periods beginning July 1, 2025. The Company is currently evaluating the impact of the adoption on its consolidated financial statements. In December 2023, the FASB issued ASU No. 2023-09, Income Taxes (ASC 740): Improvements to Income Tax Disclosures, which requires additional income tax disclosures to better assess how an entity's operations, related tax risks, tax planning and operational opportunities affect its tax rate and prospects of future cash flows. This guidance will be effective for the Company's fiscal year beginning July 1, 2025, and should be applied on a prospective or retrospective basis. The Company expects the adoption to result in additional disclosures only. Fair Value Measurements The authoritative guidance on fair value measurements establishes a three-tier fair value hierarchy for disclosure of fair value measurements as follows: Level 1—Inputs are unadjusted, quoted prices in active markets for identical, assets or liabilities at the measurement date; Level 2—Inputs are quoted prices in markets that are not active, or inputs which are observable, either directly or indirectly, for substantially the full term of the asset or liability; Level 3—Prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable (i.e., supported by little or no market activity). Money market funds are classified as Level 1 as the assets are valued using quoted prices in active markets. Liabilities for contingent consideration related to business combinations are classified as Level 3 liabilities as the Company uses unobservable inputs in the valuation, specifically related to the projected total contract value generated by the acquired businesses for a distinct period of time. The following table sets forth the Company's financial assets that were measured at fair value on a recurring basis as of the date indicated by level within the fair value hierarchy (in thousands): <table style="margin-left:auto;border-spacing:0;table-layout:fixed;width:100.0%;border-collapse:separate;margin-right:auto;"> <tr style="visibility:collapse;"> <td style="width:50.38%;box-sizing:content-box;"></td> <td style="width:1.22%;box-sizing:content-box;"></td> <td style="width:1%;box-sizing:content-box;"></td> <td style="width:9.184000000000001%;box-sizing:content-box;"></td> <td style="width:1%;box-sizing:content-box;"></td> <td style="width:1.22%;box-sizing:content-box;"></td> <td style="width:1%;box-sizing:content-box;"></td> <td style="width:9.184000000000001%;box-sizing:content-box;"></td> <td style="width:1%;box-sizing:content-box;"></td> <td style="width:1.22%;box-sizing:content-box;"></td> <td style="width:1%;box-sizing:content-box;"></td> <td style="width:9.184000000000001%;box-sizing:content-box;"></td> <td style="width:1%;box-sizing:content-box;"></td> <td style="width:1.22%;box-sizing:content-box;"></td> <td style="width:1%;box-sizing:content-box;"></td> <td style="width:9.184000000000001%;box-sizing:content-box;"></td> <td style="width:1%;box-sizing:content-box;"></td> </tr> <tr style="height:10pt;background-color:#ffffff;white-space:pre-wrap;word-break:break-word;"> <td style="vertical-align:bottom;text-align:center;"> </td> <td style="vertical-align:bottom;"> </td> <td colspan="14" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> September 30, 2024 </td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #ffffff03;text-align:left;"> </td> </tr> <tr style="height:10pt;background-color:#ffffff;white-space:pre-wrap;word-break:break-word;"> <td style="vertical-align:bottom;text-align:center;"> </td> <td style="vertical-align:bottom;"> </td> <td colspan="2" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> Level 1 </td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #ffffff03;text-align:left;"> </td> <td style="vertical-align:bottom;text-align:left;"> </td> <td colspan="2" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> Level 2 </td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #ffffff03;text-align:left;"> </td> <td style="vertical-align:bottom;text-align:left;"> </td> <td colspan="2" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> Level 3 </td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #ffffff03;text-align:left;"> </td> <td style="vertical-align:bottom;text-align:left;"> </td> <td colspan="2" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> Total </td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #ffffff03;text-align:left;"> </td> </tr> <tr style="height:10pt;background-color:#cff0fc;white-space:pre-wrap;word-break:break-word;"> <td style="vertical-align:middle;"> Financial assets: </td> <td style="vertical-align:bottom;"> </td> <td colspan="2" style="vertical-align:bottom;"> </td> <td style="vertical-align:bottom;"> </td> <td style="vertical-align:bottom;"> </td> <td colspan="2" style="vertical-align:bottom;"> </td> <td style="vertical-align:bottom;"> </td> <td colspan="2" style="vertical-align:bottom;"> </td> <td style="vertical-align:bottom;"> </td> </tr> <tr style="height:10pt;background-color:#ffffff;white-space:pre-wrap;word-break:break-word;"> <td style="vertical-align:middle;"> Cash equivalents: </td> <td style="vertical-align:bottom;"> </td> <td colspan="2" style="vertical-align:bottom;"> </td> <td style="vertical-align:bottom;"> </td> <td style="vertical-align:bottom;"> </td> <td colspan="2" style="vertical-align:bottom;"> </td> <td style="vertical-align:bottom;"> </td> <td colspan="2" style="vertical-align:bottom;"> </td> <td style="vertical-align:bottom;"> </td> </tr> <tr style="height:10pt;background-color:#cff0fc;word-break:break-word;"> <td style="text-indent:10pt;white-space:pre-wrap;vertical-align:middle;"><p style="margin-left:10pt;text-indent:0;font-size:10pt;margin-top:0;font-family:Times New

The Company warrants to its clients that it has all necessary rights and licenses to the intellectual property comprised in its products and services and indemnifies those clients against intellectual property claims with respect to such products and services, so such claims, lawsuits and proceedings might in the future include claims of alleged infringement of intellectual property rights. The Company records a liability when it believes that it is probable that a loss will be incurred, and the amount of loss or range of loss can be reasonably estimated. Given the unpredictable nature of legal proceedings, the Company bases its estimate on the information available at the time of the assessment. As additional information becomes available, the Company reassesses the potential liability and may revise the estimate. The Company is not presently a party to any litigation the outcome of which, it believes, if determined adversely to the Company, would individually or in the aggregate have a material adverse effect on the business, operating results, or financial condition.</p>
110000000 2028-12 P12M 2029-12 90900000 Note 10. Debt On October 5, 2021, the Company entered into a Credit Agreement, as amended on June 6, 2022 and further amended on November 17, 2022 (the “Credit Agreement”) among the Company, the guarantors party thereto, the lenders party thereto and JPMorgan Chase Bank, N.A., as Administrative Agent (“JPMorgan”). The Credit Agreement provides for a five-year, senior secured revolving credit facility of $100.0 million with a sub-facility for letters of credit in the aggregate amount of up to $10.0 million (the “JPMorgan Credit Facility”). The Credit Agreement also provides that the Company may seek additional revolving credit commitments in an aggregate amount not to exceed $50.0 million, subject to certain administrative procedures, including approval by the Administrative Agent. Future borrowings under the JPMorgan

Credit Facility will bear interest, at the Company's election, at an annual rate based on either (a) an adjusted secured overnight financing rate (SOFR, as described in the Credit Agreement) plus a percentage spread (ranging from 1.75% to 2.50%) or (b) an alternate base rate (as described in the Credit Agreement) plus a percentage spread (ranging from 0.75% to 1.50%), in each case based on the Company's total net leverage ratio. In addition, a commitment fee accrues with respect to the unused amount of the JPMorgan Credit Facility at an annual rate ranging from 0.25% to 0.40%, based on the Company's total net leverage ratio. In connection with the execution of the Credit Agreement, the Company also entered into a pledge and security agreement (the "Security Agreement") dated as of October 5, 2021 among the Company, the subsidiary grantors thereto and JPMorgan, as administrative agent for the secured parties. Under the Security Agreement, borrowings under the JPMorgan Credit Facility are secured by a first priority pledge of all of the capital stock and substantially all of the assets (excluding real estate interests) of each subsidiary of the Company and the subsidiary guarantors. The Credit Agreement provides that the Company must maintain compliance with a maximum consolidated total net leverage ratio covenant, as determined in accordance with the Credit Agreement. It also contains affirmative, negative and financial covenants, including limitations on certain other indebtedness, loans and investments, liens, mergers, asset sales, and transactions with affiliates, as well as customary events of default. The Company was in compliance with all covenants as of September 30, 2024. As of September 30, 2024 and June 30, 2024, there were no outstanding borrowings under the JPMorgan Credit Facility. Stockholders' Equity and Stock-Based Compensation Equity Incentive Plans In June 2021, the Company's Board of Directors adopted, and its stockholders approved, the 2021 Omnibus Incentive Plan (the "2021 Plan") and the 2021 Employee Stock Purchase Plan ("ESPP"). The 2021 Plan provides for the grant of restricted shares, restricted share units ("RSUs"), performance shares, performance share units ("PSUs"), deferred share units, share options and share appreciation rights. All employees, non-employee directors and selected third-party service providers of the Company and its subsidiaries and affiliates are eligible to receive grants under the 2021 Plan. Eligible employees may purchase the Company's common stock under the ESPP. Stock Awards The Company has granted time-based and performance-based stock options, RSUs and PSUs, collectively referred to as "Stock Awards." The Company accounts for stock-based compensation using the fair value method which requires the Company to measure stock-based compensation based on the grant-date fair value of the awards and recognize compensation expense over the requisite service or performance period. Awards that contain only service conditions, are generally earned over four years and expensed on a straight-line basis over that term. Compensation expense for awards that contain performance conditions is calculated using the graded vesting method and the portion of expense recognized in any period may fluctuate depending on changing estimates of the achievement of the performance conditions. Stock Options Stock options granted generally become exercisable ratably over a four-year period following the date of grant and expire ten years from the date of grant. Stock option activity under the Company's equity incentive plans during the three months ended September 30, 2024 was as follows (in thousands, except per share data):

Note 12. Income Taxes The Company determines its income tax provision for interim periods using an estimate of its annual effective tax rate adjusted for discrete items occurring during the periods presented. The primary difference between its effective tax rate and the federal statutory rate is the full valuation allowance the Company has established on its federal and state net operating losses and credits. Income taxes from international operations were not material for the three months ended September 30, 2024 and 2023. The Company files income tax returns in the U.S. federal jurisdiction, various state jurisdictions and various foreign jurisdictions. In the normal course of business, the Company is subject to examination by taxing authorities. The Company is not currently under audit by the Internal Revenue Service or other similar tax authorities. The Company's tax returns remain open to examination as follows: U.S. federal and states, all tax years; and significant foreign jurisdictions, generally 2019 through 2024. Note 13. Net Loss Per Share Basic net loss per share is computed by dividing the net loss by the weighted-average number of common shares outstanding for the period. Diluted net loss per share is calculated by giving effect to all potentially dilutive securities outstanding for the period using the treasury stock method. Basic net loss per share is the same as diluted net loss per share because the Company reported net losses for all periods presented. The following table sets forth the computation of basic and diluted net loss per share for the periods presented (in thousands, except per share data):   <table
