QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the quarterly period ended **March 31, 2023** **June 30, 2023**

OR

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the transition period from to

Commission file number 001-39113

**BLACKSKY TECHNOLOGY INC.**

(Exact name of registrant as specified in its charter)

Delaware

47-1949578

(State or other jurisdiction of incorporation or organization)

(I.R.S. Employer  
Identification No.)

13241 Woodland Park Road

20171

Suite 300

Herndon, Virginia

(Address of Principal Executive Offices)

(Zip Code)

(571) 267-1571

Registrant's telephone number, including area code

Securities registered pursuant to Section 12(b) of the Act:

Title of each class	Trading Symbol(s)	Name of each exchange on which registered
<b>Class A common stock, par value \$0.0001 per share</b>	<b>BKSY</b>	<b>The New York Stock Exchange</b>
<b>Warrants, each whole warrant exercisable for one share of Class A common stock at an exercise price of \$11.50</b>	<b>BKSY.W</b>	<b>The New York Stock Exchange</b>

Indicate by check mark whether the registrant: (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports); and (2) has been subject to such filing requirements for the past 90 days. Yes  No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes  No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See the definitions of "large accelerated filer," "accelerated filer" and "smaller reporting company" in Rule 12b-2 of the Exchange Act. (Check one):

Large accelerated filer

Accelerated filer

O

Non-accelerated filer

Smaller reporting company

□

Emerging growth company

□

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Act). Yes  No

As of **May 8, 2023** **August 7, 2023**, there were **139,333,003** **140,824,094** shares of the registrant's class A common stock, at \$0.0001 par value, outstanding.

#### **SPECIAL NOTE REGARDING FORWARD LOOKING STATEMENTS**

This Quarterly Report on Form 10-Q contains, and our officers and representatives may from time to time make, forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (the "Securities Act"), and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), which statements involve substantial risks and uncertainties. All statements contained in this Quarterly Report on Form 10-Q other than statements of historical fact, including statements regarding our future results of operations and financial position, our business strategy and plans, and our objectives for future operations, are forward-looking statements. The words "believe," "may," "will," "potentially," "estimate," "continue," "anticipate," "plan," "intend," "could," "would," "expect" and similar expressions that convey uncertainty of future events or outcomes are intended to identify forward-looking statements. Forward-looking statements included in this Quarterly Report on Form 10-Q include, but are not limited to, statements regarding:

- our ability to retain or recruit key employees;
- our ability to grow distribution channels and partner ecosystems;
- our anticipated capital expenditures, liquidity, and our estimates regarding our capital requirements;
- our ability to integrate proprietary and third-party sensor data;
- our ability to add new satellites to our commercial operations;
- our ability to invest in our software, research and development capabilities;
- our ability to grow a third-party developer community;
- our ability to expand our services and offerings to customers both domestically and internationally;
- our ability to continue delivering data in a cost-effective manner;
- our ability to maintain and protect our brand;

- our ability to expand within our current customer base;
- our ability to compete with legacy satellite imaging providers and other emergent geospatial intelligence providers;
- our ability to maintain intellectual property protection for our products or avoid or defend claims of infringement;
- our ability to comply with laws and regulations applicable to our business;
- our expectations about market trends and needs;
- our estimates of market growth, future revenue, expenses, including stock-based compensation expense, cash flows, capital requirements and additional financing;
- our expectations regarding our ability to progress toward becoming operating cash flow positive;
- our ability to grow our imagery and software analytical services revenue;
- our ability to manage the timing of capital expenditures to allow for additional flexibility to optimize our long-term liquidity requirements;
- our ability to optimize our cash spend to meet short and long-term operational needs;
- the volatility of the trading price of our common stock;
- the performance of our Spectra AI platform;
- our plans and expectations for our next generation satellites ("Gen-3");
- the impact of local, regional, national and international economic conditions and events;
- the effect of COVID-19 on the foregoing; and
- other factors including but not limited to those detailed under the section entitled "Risk Factors" in our Annual Report on Form 10-K for the year ended December 31, 2022 and filed by us with the Securities and Exchange Commission (the "SEC") on March 23, 2023.

[Table of Contents](#)

We have based these forward-looking statements largely on our current expectations and projections about future events and trends that we believe may affect our financial condition, results of operations, business strategy, short-term and long-term business operations and objectives and financial needs. These forward-looking statements are subject to a number of risks, uncertainties and assumptions, including those described in Part I, Item 1A. "Risk Factors" in our Annual Report on Form 10-K for the year ended December 31, 2022. Moreover, we operate in a very competitive and rapidly changing environment. New risks emerge from time to time. It is not possible for us to predict all risks, nor can we assess the impact of all factors on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements we may make. In light of these risks, uncertainties and assumptions, the forward-looking events and trends discussed in this Quarterly Report on Form 10-Q may not occur and actual results could differ materially and adversely from those anticipated or implied in the forward-looking statements.

You should not rely upon forward-looking statements as predictions of future events. Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee that the future results, performance, or events and circumstances reflected in the forward-looking statements will be achieved or occur. We undertake no obligation to revise or publicly release the results of any revision to these forward-looking statements, whether written or oral, except as required by law.

### **BLACKSKY TECHNOLOGY INC.** **NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS** **March 31, June 30, 2023**

#### **1. Organization and Business**

BlackSky Technology Inc. ("BlackSky" or the "Company"), headquartered in Herndon, Virginia, is a leading provider of real-time geospatial intelligence. The Company owns and operates one of the industry's leading high-performance low earth orbit ("LEO") small satellite constellations. The constellation is optimized to cost-efficiently capture imagery at high revisit rates where and when customers need it. BlackSky's Spectra AI software platform processes millions of observations a day from our proprietary satellite constellation and from multiple external data sources including imaging, radar and radio frequency satellites, environmental sensors, asset tracking sensors, Internet of Things ("IoT") connected devices, internet-enabled narrative sources, and a variety of geotemporal data feeds. Spectra AI employs advanced, proprietary artificial intelligence ("AI") and machine learning ("ML") techniques to process, analyze, and transform these data feeds into alerts, information, and insights. Customers can access Spectra AI's data and analytics through easy-to-use web services or through platform application interfaces.

As of March 31, 2023, BlackSky had 16 satellites in commercial operation. BlackSky has two primary operating subsidiaries, BlackSky Global LLC and BlackSky Geospatial Solutions, Inc. The Company also owns fifty percent of LeoStella LLC ("LeoStella"), its joint venture with Thales Alenia Space US Investment LLC ("Thales"). LeoStella is a vertically-integrated small satellite design and manufacturer based in Tukwila, Washington, from which the Company procures satellites to operate its business. The Company accounts for LeoStella and X-Bow Launch Systems Inc. ("X-Bow"), a space technology company specializing in additive manufacturing of solid rocket motors of which BlackSky owns less than 20%, as equity method investments (see Note 6).

On March 8, 2023, Our equity issuances in the six months ended June 30, 2023 included a private placement and an at-the-market ("ATM") offering. In March 2023, the Company completed the closing of a private placement whereby the Company issued 16.4 million shares of 16.4 million of the Company's Class A common stock as well as an equal number of corresponding warrants, to purchase up to an additional 16.4 million shares of Class A common stock. The for a purchase price of each \$1.79 per share and associated warrant was \$1.79 warrant. The aggregate Company received \$29.4 million in gross proceeds to the Company from the private placement were \$29.4 million before deducting the placement. The Company also sold 1.0 million common shares in its June ATM offering, at an average purchase price per share of \$1.82, resulting in gross proceeds of \$1.9 million. The transaction costs for these equity issuances consisted of legal fees, accounting fees, placement agent fees, and other offering expenses payable by third-party costs directly related to the Company, equity issuances. During the six months ended June 30, 2023, \$1.5 million of transaction costs that had been incurred were recorded as a reduction to additional paid-in capital in the unaudited condensed consolidated statements of changes in stockholders' equity and unaudited condensed consolidated balance sheets, and as a reduction to the proceeds from the transaction in the unaudited condensed consolidated statements of cash flows.

On May 9, 2023, BlackSky and its subsidiaries entered into the Second Amendment (the "Amendment") to its Amended and Restated Loan and Security Agreement with Intelsat Jackson Holdings SA ("Intelsat") and Seahawk SPV Investment LLC ("Seahawk"), dated October 31, 2019 and previously amended on September 9, 2021. The Amendment amends the secured loan facility to, among other things, extend the maturity date of the loan, roll the cash interest payment due on May 1, 2023 into the outstanding principal to be paid on the maturity date, and increase the interest rate. See Note 8 for more information regarding the issuance of the private placement warrants. Amendment.

#### **2. Basis of Presentation and Summary of Significant Accounting Policies**

##### ***Basis of Preparation***

The Company has prepared its unaudited condensed consolidated financial statements in accordance with Generally Accepted Accounting Principles in the United States of America ("GAAP") and the instructions to Form 10-Q and Article 8 of Regulation S-X of the Securities and Exchange Commission (the "SEC"). The accompanying unaudited condensed consolidated financial statements include the accounts of the Company and its wholly-owned subsidiaries. In addition, the unaudited condensed consolidated financial statements include

## [Table of Contents](#)

the Company's proportionate share of the earnings or losses of its equity method investments and a corresponding increase or decrease to its investment, with recorded losses limited to the carrying value of the Company's investment. All intercompany transactions and balances have been eliminated upon consolidation.

Effective January 1, 2022, the Company reorganized its captions on in the unaudited condensed consolidated statements of operations and comprehensive loss to better align the Company's broad portfolio. As a result, for the threesix months ended **March 31, 2022**June 30, 2022, the amounts presented to reflect the impact of the reorganization have been recasted. This resulted in a **\$2.4** **\$5.6** million reclassification between imagery & software analytical services revenue and professional & engineering services revenue and a **\$2.3** **\$4.2** million reclassification between imagery & software analytical service costs, excluding depreciation and amortization and professional & engineering service costs, excluding depreciation and amortization in the Company's unaudited condensed consolidated statements of operations and comprehensive loss.

## [Table of Contents](#)

As previously disclosed in the Company's Form 10-K for the year ended December 31, 2022, effective January 1, 2022, the Company adopted Accounting Standards Codification ("ASC") Topic 842, *Leases*, using the modified retrospective method, with the cumulative effect of initially applying these updates recognized at the date of initial application. The adoption of this standard is reflected in the amounts and disclosures set forth in this Form 10-Q. In accordance with the adoption on a modified retrospective basis, comparative periods prior to the effective date were adjusted, resulting in a **\$4** an **\$8** thousand change to selling, general and administrative for the threesix months ended **March 31, 2022**June 30, 2022 in the unaudited condensed consolidated statements of operations and comprehensive loss.

The Company made one disclosure related to 2022 that was previously undisclosed. The disclosure relates to payments made to Thales Alenia Space in Note **13** **14** – Related Party Transactions. The Company believes the disclosure is immaterial to the 2022 consolidated financial statements.

The Company's unaudited condensed consolidated financial statements have been prepared on a historical cost basis, except for certain financial assets and liabilities, including derivative financial instruments, which are stated at fair value. Unless otherwise indicated, amounts presented in the Notes pertain to the Company's continuing operations.

### **Use of Estimates**

The preparation of the unaudited condensed consolidated financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingencies at the reporting date, and the reported amounts of revenue and expenses during the reporting period. These estimates are based on management's best knowledge of current events and actions the Company may undertake in the future. Actual results could materially differ from these estimates. Significant estimates made by the Company include, but are not limited to, revenue and associated cost recognition, the collectability of accounts receivable, the recoverability and useful lives of property and equipment, the valuation of equity warrants and warrant liabilities, fair value estimates, the recoverability of goodwill and intangible assets, the provision for income taxes, and stock-based compensation.

### **Investments**

The Company invests in short-term investments, which generally consist of A-1, or higher, rated corporate debt and governmental securities. The investments are classified as held-to-maturity and have a stated maturity date of one year or less from the balance sheet date. Any investments with original maturities less than three months are considered cash equivalents.

As of **March 31, 2023**June 30, 2023 and December 31, 2022, the Company's short-term investments had a carrying value of **\$11.8 million** **\$16.6 million** and \$38.0 million, respectively, which represents amortized cost, and an aggregate fair value of **\$11.8 million** **\$16.6 million** and \$37.9 million, respectively, which represents a Level 1 measurement based off of the fair value hierarchy. The gross unrecognized holding losses as of **March 31, 2023**June 30, 2023 and December 31, 2022 were \$0

## [Table of Contents](#)

and \$0.1 million, respectively; the gross unrecognized holding gains as of **March 31, 2023**June 30, 2023 and December 31, 2022 were **\$4 thousand** and \$0, respectively. \$0.

### **Fair Value of Financial Instruments**

The Company accounts for certain assets and liabilities at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The process for analyzing the fair value measurement of certain financial instruments on a recurring, or non-recurring, basis includes significant judgment and estimates of inputs including, but not limited to, share price, volatility, discount for lack of marketability, application of an appropriate discount rate, and probability of liquidating events. The Company utilizes the market valuation methodology and specific option pricing methodology, such as the Monte Carlo simulation, method to value the more complex financial instruments and the Black-Scholes option-pricing model to value standard common stock warrants and common stock options.

## [Table of Contents](#)

The framework for measuring fair value specifies a hierarchy of valuation techniques based on whether the inputs to those valuation techniques are observable or unobservable. Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect the Company's assumptions. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement).

The three levels of the fair value hierarchy are as follows:

*Level 1 Inputs.* Inputs are unadjusted quoted prices in active markets for identical assets or liabilities available at the measurement date.

*Level 2 Inputs.* Inputs are unadjusted quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets and liabilities in markets that are not active, inputs other than quoted prices that are observable, and inputs derived from or corroborated by observable market data.

*Level 3 Inputs.* Inputs are unobservable inputs which reflect the Company's own assumptions on what assumptions market participants would use in pricing the asset or liability based on the best available information.

## **Revenue Recognition**

The Company generates revenue from the sale of imagery and software analytical services and professional and engineering services. Imagery and software analytical services revenue includes imagery, data, software, and analytics. This revenue is recognized from services rendered under non-cancellable subscription order agreements or variable not-to-exceed purchase orders. Professional and engineering services revenue is generated from both time and materials basis contracts and firm fixed price service solutions contracts and firm fixed price long-term engineering and construction contracts.

The Company generates revenue primarily through contracts with government agencies. Some of the fixed price contracts include multiple promises, which are generally separated as distinct performance obligations. The Company allocates the transaction price to each performance obligation based on the relative standalone selling prices using observable sales transactions where applicable.

In accordance with Accounting Standards Update No. 2014-09, *"Revenue from Contracts with Customers (Topic 606)"* ("ASC 606"), the Company uses the five-step model of identifying the contract with a customer, identifying the performance obligations contained in a contract, determining transaction price, allocating transaction price, and determining when performance obligations are satisfied, which can require the application of significant judgment, as further discussed below.

Revenue is measured at the fair value of consideration received or receivable and net of discounts. The Company applies a policy election to exclude transaction taxes collected from customer sales when the tax is both imposed on and concurrent with a specific revenue-producing transaction. The Company estimates any

## [Table of Contents](#)

variable consideration, and whether the transaction price is constrained, upon execution of each contract. The Company did not have any active contracts with significant variable consideration as of **March 31, 2023**/**June 30, 2023**.

### **Imagery & Software Analytical Services Revenue**

#### *Imagery*

Imagery services include imagery delivered from the Company's satellites in orbit via our Spectra AI platform and in limited cases directly uploaded to certain customers. Customers can directly task our proprietary satellite constellation to collect and deliver imagery over specific locations, sites and regions that are critical to their operations. We offer customers several service level options that include basic plans for on-demand tasking or multi-year assured access programs, where customers can secure priority access and imaging capacity

## [Table of Contents](#)

at a premium over a region of interest on a take or pay basis. Imagery revenue is recognized ratably over the subscription period or at the point in time the customer receives access to the imagery.

#### Data, Software, and Analytics

The Company leverages proprietary AI and ML algorithms to analyze data coming from both the Company's proprietary sensor network and third-party space and terrestrial sources to provide hard-to-get data, insights, and analytics for customers. The Company continues to integrate and enhance its offerings by performing contract development, while retaining the intellectual property rights. The Company also offers services related to object, change and anomaly detection, site monitoring, and enhanced analytics, through which the Company can detect key pattern of life changes in critical locations such as ports, airports, and construction sites; retail activity; commodities stockpiles; and other sites that contain critical commodities and supply chain inventory.

Our analytics services are also offered on a subscription or consumption basis and provide customers with access to our site monitoring, event monitoring and global data services. Software analytical services revenue derived from data, software, and analytics is recognized from the rendering of analytical and monitoring services over time on a firm fixed price basis, or at the point in time the customer receives access to an analytic product.

#### **Professional and Engineering Services Revenue**

The Company ~~provides~~ performs various professional and engineering services, including providing technology enabled professional service solutions to support customer-specific software development requests, integration, testing, and training. The Company uses system engineers to support customer efforts to manage mass quantities training, as well as developing and delivering advanced satellite and payload systems for a limited number of data. ~~customers~~ that leverage the Company's capabilities in mission systems engineering and operations, ground station operations, and software and systems development.

For firm fixed price professional and engineering service contracts, the Company recognizes revenue over time using total estimated costs the cost-to-cost method to measure progress to complete the performance obligation, ("Estimate at Completion" or "EAC"). A performance obligation's obligation's EAC includes all direct costs such as labor and fringe, materials, subcontract costs and overhead. In addition, We recognize changes in estimated contract sales or costs and the resulting changes in contract profit on a cumulative basis. If it is determined that a loss is expected to result in an EAC of an individual performance obligation, includes the entire amount of the estimable future losses estimated to be incurred loss is charged against income in the period the loss is identified. The following table presents the effect of aggregate net EAC adjustments on contracts, as two of our professional and when known. engineering services contracts:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2023	2022	2023	2022
	(in thousands)			
Revenue	\$ (1,145)	\$ (1,360)	\$ (1,500)	\$ (2,163)

#### [Table of Contents](#)

During the three and six months ended June 30, 2023 and 2022, there was no revenue recognized from performance obligations satisfied in previous periods.

For contracts structured as cost-plus-fixed-fee or on a time and materials basis, the Company generally recognizes revenue based on the right-to-invoice when practically expedient, as the Company is contractually able to invoice the customer based on the control transferred to the customer in an amount that corresponds directly with the value to the customer of the entity's performance completed to date.

The Company also develops and delivers advanced launch vehicle, satellite and payload systems for a limited number of customers that leverage the Company's capabilities in mission systems engineering and operations, ground station operations, and software and systems development. These systems are sold to government customers under fixed price contracts. The Company generally recognizes revenue over time using the cost-to-cost method to measure progress, pursuant to which the extent of progress towards completion is measured based on the ratio of costs incurred to date to the EAC. The estimation of total estimated costs at completion is subject to many variables and requires judgment. The Company recognizes changes in contract estimates on a cumulative catch-up basis in the period in which the changes are identified. Such changes in contract estimates can result in the recognition of revenue in a current period for performance obligations which were satisfied or partially satisfied in a prior period. If at any time, the estimate of profitability for a performance obligation indicates a probable anticipated loss, the Company recognizes the total loss for the performance obligation in the period it is identified. Changes in estimates related to contracts accounted for using the cost-to-cost measure of progress are recognized in the period in which such changes are made for the inception-to-date effect of the changes. For the three months ended March 31, 2023 and 2022, the Company recognized \$0.4 million and \$1.2 million, respectively, of unfavorable cumulative adjustments to revenue directly from estimated cost increases on two professional and engineering services contracts (see Note 5). All, or a portion, of this cumulative adjustment will be recognized in future revenue as the percentage of completion increases over time. During the three months ended March 31, 2023, there was no revenue recognized from performance obligations satisfied in previous periods.

#### [Table of Contents](#)

#### **Imagery and Software Analytical Service and Professional and Engineering Service Costs**

Imagery and software analytical service costs primarily include internal labor to support the ground station network and space operations, third-party data and imagery, and cloud computing and hosting services. The Company recognizes stock-based compensation expense for those employees whose work supports the imagery and software

analytical service costs we provide to customers, under imagery and software analytical service costs, excluding depreciation and amortization. For those employees who provide these services to support customer-based programs, the stock-based compensation expense is classified under imagery and software analytical services costs.

Professional and engineering service costs primarily include the cost of internal labor for design and engineering in support of long-term development contracts for **launch vehicle, satellite, satellites** and payload systems, as well as subcontract direct materials and external labor costs to build and test specific components, such as the communications system, payload demands, and sensor integration. In addition, we also recognize internal labor costs and external subcontract labor costs for our customer-centric software service solutions. We recognize stock-based compensation expense for those employees who provide professional and engineering services support to customers, under professional and engineering service costs, excluding depreciation and amortization.

#### ***Sponsor Shares***

On September 9, 2021, BlackSky's predecessor company, Osprey Technology Acquisition Corp. ("Osprey"), completed its merger (the "Merger") with Osprey Technology Merger Sub, Inc., a wholly owned subsidiary of Osprey, and BlackSky Holdings, Inc. ("Legacy BlackSky"). Osprey pre-Merger class B common shares were exchanged for shares of the Company's class A common stock (the "Sponsor Shares") upon completion of the Merger. The Company accounted for the Sponsor Shares in accordance with the guidance contained in ASC 815-40, under which the Sponsor Shares did not meet the criteria for equity treatment and were recorded as derivative liabilities in the Company's unaudited condensed consolidated balance sheets as of **March 31, 2023** **June 30, 2023**. The Sponsor Shares are adjusted to fair value at each reporting period and the change in fair value is recognized in **(loss)** gain on derivatives in the Company's unaudited condensed consolidated statements of operations and comprehensive loss.

#### ***Warrant Liability***

In October 2019, Osprey, BlackSky's predecessor company and special purpose acquisition company, issued 15.8 million public warrants and 8.3 million private placement warrants in connection with its public offering. In March 2023, the Company issued 16.4 million private placement warrants in connection with a private placement of shares of Class A common stock and accompanying warrants (see Note **8** **9** and Note **10** **11**). The Company accounts for its warrants as either equity-classified or liability-classified instruments based on an assessment of the warrant's specific terms and applicable authoritative guidance in ASC 480, *"Distinguishing Liabilities from Equity"* ("ASC 480") and ASC 815, *"Derivatives and Hedging"* ("ASC 815"). The assessment considers whether the warrants are freestanding financial instruments that would require classification as a liability under ASC 480, as well as whether the warrants qualify for equity classification or require liability classification after consideration of the guidance and criteria outlined in ASC 815, including whether the warrants are indexed to the Company's own common shares and whether the warrant holders could potentially require "net cash settlement" in a circumstance outside of the Company's control, among other conditions that

#### [Table of Contents](#)

impact classification. This assessment, which requires the use of professional judgment, is conducted at the time of warrant issuance.

For issued or modified warrants that meet all of the criteria for equity classification, the warrants are required to be recorded as a component of additional paid-in capital at the time of issuance. For issued or modified warrants that do not meet all of the criteria for equity classification, the warrants are required to be recorded at their initial fair value on the date of issuance. The Company accounted for the warrants issued in

#### [Table of Contents](#)

October 2019 and March 2023 in accordance with the guidance contained in ASC 815-40-55-2, as liabilities at their fair value.

As of **March 31, 2023** **June 30, 2023**, the Company's unaudited condensed consolidated balance sheets included liability classified warrants, reported as derivative liabilities. The fair value of the public warrants was estimated as of **March 31, 2023** **June 30, 2023** using the public warrants' quoted market price. The October 2019 and March 2023 private placement warrants were valued using a Black-Scholes option pricing model for initial and subsequent measurements. The liabilities associated with the public warrants and the private placement warrants are subject to re-measurement at each balance sheet date until exercised, and any change in fair value is recognized in **(loss)** gain on derivatives in the Company's unaudited condensed consolidated statements of operations and comprehensive loss.

#### ***Stock-Based Compensation***

##### [Restricted Stock Awards and Restricted Stock Units](#)

The Company has granted restricted stock awards ("RSAs") and grants restricted stock units ("RSUs") to certain employees, for which the grant date fair value is equal to the trading price fair value of the Class A common stock on the date of grant. In order to determine the fair value of its Class A common stock on the date of grant and prior to the Merger, Legacy BlackSky historically performed a valuation analysis using a combination of market and income approaches. Subsequent to the Merger, the Company uses the New York Stock Exchange ("NYSE") trading price as the fair value of the Class A common stock for valuation purposes. For all awards for which vesting is only subject to a service condition, including those subject to graded vesting, the Company has elected to use the straight-line method to recognize the fair value as compensation cost over the requisite service period.

Certain of the Company's outstanding RSUs had performance vesting conditions that were triggered upon the consummation of the Merger. Therefore, since the performance conditions attributable to these RSUs had been met, the Company commenced recording the associated compensation expense, inclusive of a catch-up amount for the service period between their grant date and satisfaction of the performance condition, as of the closing of the Merger. The fair value of the RSUs that include a

performance condition is recognized as compensation expense over the requisite service period using the accelerated attribution method, which accounts for RSUs with discrete vesting dates as if they were a separate award. Expense related to stock-based payments is classified in the unaudited condensed consolidated statements of operations and comprehensive loss based upon the classification of each employees' cash compensation.

#### Stock Options

The Company uses the Black-Scholes option pricing model to value all options and the straight-line method to recognize the fair value as compensation cost over the requisite service period. The fair value of each option granted was estimated as of the date of grant. The Company did not grant options in the ~~three~~six months ended ~~March 31, 2023~~June 30, 2023. The Company uses the following inputs when applying the Black-Scholes option pricing model:

*Expected Dividend Yield.* The Black-Scholes valuation model requires an expected dividend yield as an input. The dividend yield is based on historical experience and expected future changes. The Company currently has no plans to pay dividends on its Class A common stock.

*Expected Volatility.* The Company does not have enough historical share price history; therefore, the expected volatility was estimated based upon the historical share price volatility of guideline comparable companies.

#### [Table of Contents](#)

*Risk-free Interest Rate.* The yield on actively traded non-inflation indexed U.S. Treasury notes was used to extrapolate an average risk-free interest rate based on the expected term of the underlying grants.

*Expected Term.* For options granted in 2021 and 2022, since there was not a history of option exercises as a public company, the Company considered the option vesting terms and contractual period, as well as the demographics of the holders, in estimating the expected term. For options granted prior to 2021, the expected

#### [Table of Contents](#)

term was the estimated duration to a liquidation event based on a weighted average consideration of the most likely exit prospects for that stage of development. Legacy BlackSky was privately funded and, accordingly, the lack of marketability was factored into the expected term of options granted. The Company will review its estimate in the future and adjust it, if necessary, due to changes in the Company's historical exercises.

The most significant assumption used to determine the fair value of the Legacy BlackSky equity-based awards was the estimated fair value of the Class A common stock on the grant date. In order to determine the fair value of its Class A common stock on the date of grant and prior to the Merger, Legacy BlackSky historically performed a valuation analysis using a combination of market and income approaches. Subsequent to the Merger, the Company uses the NYSE trading price as the fair value of the Class A common stock for valuation purposes.

Legacy BlackSky historically adjusted the exercise price of certain outstanding stock options. For each award with an adjusted exercise price, Legacy BlackSky calculated the incremental fair value, which was the excess of the fair value of the modified award over the fair value of the original award immediately before the modification. The incremental fair value was recognized as stock-based compensation expense immediately to the extent that the modified stock option already had vested, and for stock options that were not yet vested, the incremental fair value has been recognized as stock-based compensation expense over the remaining vesting period.

#### **Transaction Costs**

Transaction costs consist of legal fees, accounting fees, placement agent fees, ~~commissions~~, and other third-party costs related directly to the ~~March 2023 private placement~~. Upon the closing of the ~~March 2023 private placement~~, ~~transaction~~ our equity issuances and debt restructuring. Transaction costs that had been incurred ~~were on~~ on ~~equity issuances~~ are allocated to the components of the transaction based on their relative fair market value, including common equity and equity warrants classified as derivatives and, as such, based on our allocation, ~~were~~ are either expensed in the unaudited condensed consolidated statements of operations or ~~and~~ comprehensive loss ~~and~~ or recorded as a reduction to additional paid-in capital in the unaudited condensed consolidated statements of changes in stockholders' equity and unaudited condensed consolidated balance sheets.

The Company also incurred lender fees and other incremental third-party costs associated with our debt Amendment, as described in Note 8 below. Lender fees were capitalized and included in long-term debt - net of current portion in the unaudited condensed consolidated balance sheets. Third-party costs associated with the debt modification were expensed in the unaudited condensed consolidated statements of operations and comprehensive loss.

#### **3. Accounting Standards Updates ("ASU")**

##### ***Accounting Standards Recently Adopted***

Effective January 1, 2023, the Company adopted ASU No. 2016-13, "Financial Instruments - Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments". The amendments in this update are primarily for entities holding financial assets and net investment leases measured under an incurred loss impairment methodology. The new methodology reflects expected credit losses and requires consideration of a broader range of reasonable and supportable information to inform credit loss estimates, which includes losses on trade accounts receivable. This ASU was applied on a modified retrospective basis. There were no material impacts to the consolidated financial statements upon adoption.

**4. Revenue****Disaggregation of Revenue**

The Company earns revenue through the sale of imagery and software analytical services and professional and engineering services. The Company's management primarily disaggregates revenue as follows: (i) imagery; (ii) data, software and analytics; (iii) engineering professional services; and (iv) professional engineering services. This disaggregation allows the Company to evaluate market trends in certain imagery and software analytical services and professional and engineering services. These offerings currently have both recurring and non-recurring price attributes, particularly the professional and engineering services offerings.

The following table disaggregates revenue by type for the three and six months ended **March 31, 2023**, **June 30, 2023** and 2022:

		Three months ended March 31,				Three Months Ended June 30,				Six Months Ended June 30,			
		2023		2022		2023		2022		2023		2022	
		(in thousands)				(in thousands)				(in thousands)			
Imagery	Imagery	\$ 12,912	\$ 3,610	Imagery	\$ 12,778	\$ 6,833	\$ 25,690	\$ 10,443					
Data, software and analytics	Data, software and analytics	2,848	3,760	Data, software and analytics	2,550	3,339	5,398	7,099					
Professional services						Professional services			3,707	3,178	6,335	5,580

<b>Backlog</b>									

Backlog represents the future sales the Company expects to recognize on firm orders it receives and is equivalent to the Company's remaining performance obligations at the end of each period. It comprises both funded backlog (firm orders for which funding is authorized and appropriated) and unfunded backlog. The

[Table of Contents](#)

Company's backlog excludes unexercised contract options. As of **March 31, 2023** **June 30, 2023**, the Company had **\$243.7** **\$262.5** million of backlog, which represents the transaction price of executed contracts less inception to date revenue recognized. The Company expects to recognize revenue relating to its backlog, of which a portion is recorded in deferred revenue in the unaudited condensed consolidated balance sheets, of **\$50.5** **\$40.1** million, **\$26.4** **\$43.9** million, and **\$166.8** **\$178.5** million in the **nine** **six** months **ended** **ending** December 31, 2023, fiscal year 2024, and thereafter, respectively.

## 5. Contract Assets and Liabilities

The components of contract assets and contract liabilities consisted of the following:

		March 31,		December 31,		June 30,		December 31,	
		2023		2022		2023		2022	
		(in thousands)				(in thousands)

(1) Total contract assets - long term is included in other assets in the unaudited condensed consolidated balance sheets.

Deferred revenue and other contract liabilities are reported as contract liabilities in the accompanying unaudited condensed consolidated balance sheets. Contract liabilities include payments received and billings made in advance of the satisfaction of performance obligations under the contract and are realized when the associated revenue is recognized under the contract. Contract assets include (i) unbilled revenue, which is the

## Table of Contents

amount of revenue recognized in excess of the amount billed to customers, where the rights to payment are not just subject to the passage of time; and (ii) costs incurred to fulfill contract obligations. Other contract assets and other contract liabilities primarily relate to contract commissions on customer contracts.

## Table of Contents

Changes in short-term and long-term contract assets and contract liabilities for the threesix months ended March 31, 2023June 30, 2023 were as follows:

	Contract Assets			Contract Liabilities			Contract Assets			Contract Liabilities

## 6. Equity Method Investments

### LeoStella

The Company accounts for its investment in LeoStella as an equity method investment. The Company did not make any additional capital investments in LeoStella during the three and six months ended **March 31, 2023** June 30, 2023 or 2022.

LeoStella's revenue from related parties was \$13.0 million and \$4.9 million \$12.3 million for the three months ended **March 31, 2023** June 30, 2023 and 2022, respectively, and \$14.6 million and \$17.2 million for the six months ended June 30, 2023 and 2022, respectively. The Company had differences between the carrying value of its equity method investments and the underlying equity in the net assets of the investees of \$2.5 million and \$2.6 million \$2.6 million as of **March 31, 2023** June 30, 2023 and December 31, 2022, respectively. The difference is the result of the elimination of upstream intra-entity profits from the sale of satellites.

The following table presents summarized financial information for the Company's investments in LeoStella and X-Bow for the three and six months ended **March 31, 2023** June 30, 2023 and 2022.

Summarized statements of operations	Summarized statements of operations	Three Months Ended March 31,				Three Months Ended June 30,				Six Months Ended June 30,

## 8. Debt and Other Financing

The carrying value of the Company's outstanding debt consisted of the following amounts:

	June 30, 2023	December 31, 2022
	(in thousands)	
Current portion of long-term debt	\$ —	\$ —
Non-current portion of long-term debt	80,622	77,132
<b>Total long-term debt</b>	<b>80,622</b>	<b>77,132</b>
Unamortized debt issuance cost	(1,208)	(913)
<b>Outstanding balance</b>	<b>\$ 79,414</b>	<b>\$ 76,219</b>

The outstanding debt was solely comprised of loans from related parties with effective interest rates of 11.32% to 11.56% and a maturity date of October 31, 2026.

On May 9, 2023, BlackSky and its subsidiaries entered into an Amendment to its Amended and Restated Loan and Security Agreement with Intelsat and Seahawk, dated October 31, 2019 and previously amended on September 9, 2021. The Amendment amends the secured loan facility to, among other things: (i) extend the maturity date of the loan from October 31, 2024 to October 31, 2026, (ii) roll the cash interest payment due on May 1, 2023 into the outstanding principal to be paid on the maturity date; (iii) increase the interest rate on the loan as of the Amendment date from 9% to 12%, of which (x) 9.6% will be paid in kind as principal due on the maturity date, with the remainder paid as cash interest on a semi-annual basis, until May 1, 2025 and (y) after May 1, 2025, up to 4% can be paid in kind as principal due on the maturity date, with the remainder to be paid as cash interest on a semi-annual basis, and (iv) add certain financial covenants. This facility is secured by substantially all of the Company's assets, is guaranteed by the Company's subsidiaries, and contains customary covenants and events of default. The Amendment was accounted for as a debt modification and related transaction costs of \$1.3 million were recorded during the six months ended June 30, 2023.

### Fair Value of Debt

The estimated fair value of the Company's outstanding long-term debt was \$78.8 million and \$73.2 million as of June 30, 2023 and December 31, 2022, respectively, which is different than the historical costs of such

### Table of Contents

long-term debt as reflected in the Company's unaudited condensed consolidated balance sheets. The fair value of the long-term debt was estimated using Level 3 inputs, based on interest rates available for debt with terms and maturities similar to the Company's existing debt arrangements and credit rating.

### Compliance with Debt Covenants

As part of the Amendment, the Company is required to maintain a minimum cash and cash equivalents balance of not less than \$10.0 million, measured quarterly as of the last day of each fiscal quarter. In addition, the Company is required to maintain Adjusted EBITDA, measured quarterly as of the last day of each fiscal quarter, of not less than:

- \$5.0 million for the trailing four quarter period ending as of December 31, 2024 through September 30, 2025 and
- \$10.0 million for the trailing four quarter period ending as of December 31, 2025 and as of the end of each fiscal quarter thereafter.

The section entitled "Non-GAAP Financial Measures" has additional information on the Company's definition of Adjusted EBITDA. As of June 30, 2023, all debt instruments contain customary covenants and events of default. The Company was in compliance with all covenants as of June 30, 2023.

## 9. Equity Warrants Classified as Derivative Liabilities

### ***Warrant Issuances***

In March 2023, the Company completed the closing of a private placement whereby the Company issued warrants to purchase up to 16.4 million shares of Class A common stock.

The purchase price of each share and associated warrant was \$1.79. Including the issuance of Company's Class A common stock (see Note 10 11), the aggregate gross proceeds to the Company from the private placement were \$29.4 million, before deducting the placement agent fees and other offering expenses payable by the Company. The Company intends to use the net proceeds from the private placement for general corporate purposes, including working capital.

The warrants have an exercise price of \$2.20 per share of Class A common stock, and are exercisable beginning on September 8, 2023 until September 8, 2028. The March 2023 private placement warrants provide that a holder of warrants will not have the right to exercise any portion of its warrants if such holder, together with its affiliates, would beneficially own in excess of 4.99% of the number of shares of common stock outstanding immediately after giving effect to such exercise; provided, however, that each holder may increase or decrease the beneficial ownership limitation by giving notice to the Company; but not to any percentage in excess of 9.99%.

The Company incurred transaction costs which consisted of legal fees, accounting fees, placement agent fees, and other third-party costs directly related to the March 2023 private placement. The transaction costs of \$0.9 million related to the 2023 private placement warrants were included in other (expense) income, expense, net in the unaudited condensed consolidated statements of operations and comprehensive loss for the three six months ended March 31, 2023 June 30, 2023.

The Company also has approximately 24.1 million additional outstanding warrants, including 15.8 million public warrants and 8.3 million 8.3 million private placement warrants, issued by Osprey, our predecessor company, in 2019 in connection with its initial public offering as a special purpose acquisition company. The 2019 warrants are each exercisable for one share of the Company's Class A common stock.

### ***Warrant Valuation***

Equity warrants that are classified as derivative liabilities must be measured at fair value upon issuance and re-valued at the end of each reporting period through expiration and are included in derivative liabilities in the

### Table of Contents

Company's unaudited condensed consolidated balance sheets. Any change in fair value between the respective reporting dates is recognized as an unrealized gain or loss in the accompanying unaudited condensed consolidated statements of operations and comprehensive loss (see Note 14 15). The Company's derivative liabilities were made up of only equity warrants and the Sponsor Shares as of March 31, 2023 June 30, 2023 and December 31, 2022.

The following table is a summary of the number of shares of the Company's Class A common stock issuable upon exercise of warrants at March 31, 2023 June 30, 2023:

		(Gain) loss in value for the Fair three Value months at ended March										Loss in value for the Fair Six Value Months at June										
		Number of Shares					Exercise Price	Redemption Price	Expiration Date	Classification	March 31, 2023	31, 2023	Number of Shares					Exercise Price	Redemption Price	Expiration Date	Classification	Ended 30, June 30, 2023

#### Fair Value of Debt

The estimated fair value of the Company's outstanding long-term debt was \$68.3 million and \$73.2 million as of March 31, 2023 and December 31, 2022, respectively, which is different than the historical costs of such

#### Table of Contents

**long-term debt as reflected in the Company's unaudited condensed consolidated balance sheets. The fair value of the long-term debt was estimated using Level 3 inputs, based on interest rates available for debt with terms and maturities similar to the Company's existing debt arrangements and credit rating.**

## **15. 16. Commitments and Contingencies**

### **Legal Proceedings**

From time to time, the Company may become involved in various claims and legal proceedings arising in the ordinary course of business, which, by their nature, are inherently unpredictable. The Company is not currently a party to any material claims or legal proceedings the outcome of which, if determined adversely to the Company, would individually or in the aggregate, have a material adverse effect on the Company's business, financial condition or results of operations. Regardless of outcome, litigation and other legal proceedings can have an adverse impact on the Company because of defense and settlement costs, diversion of management resources and other factors.

### **Compliance with Debt Covenants**

As of March 31, 2023, all debt instruments contain customary covenants and events of default. There are no covenants tied to financial metrics and the Company was in compliance with all non-financial covenants as of March 31, 2023.

## **16. 17. Concentrations, Risks, and Uncertainties**

For the three months ended **March 31, 2023** **June 30, 2023** and 2022, revenue from customers representing 10% or more of the consolidated revenue from continuing operations was **\$13.6 million** **\$14.6 million** and **\$8.0 million** **\$7.1 million**, respectively, respectively, and **\$28.2 million** and **\$15.1 million**, respectively, for the six months ended **June 30, 2023** and 2022. Accounts receivable related to these customers as of **March 31, 2023** **June 30, 2023** and December 31, 2022 was **\$7.4** **\$5.8 million** and **\$0**, respectively.

Revenue from the U.S. federal government and agencies was **\$13.7 million** **\$14.0 million** and **\$11.1 million** **\$12.1 million** for the three months ended **March 31, 2023** **June 30, 2023** and 2022, respectively, respectively, and **\$27.7 million** and **\$23.2 million**, respectively, for the six months ended June 30, 2023 and 2022. Accounts receivable related to U.S. federal government and agencies was **\$8.7 million** **\$1.7 million** and **\$2.5 million** as of **March 31, 2023** **June 30, 2023** and December 31, 2022, respectively.

The Company generally extends credit on account, without collateral. Outstanding accounts receivable balances are evaluated by management, and accounts are reserved when it is determined collection is not probable. As of **March 31, 2023** **June 30, 2023** and 2022, the Company evaluated the realizability of the aged accounts receivable, giving consideration to each customer's financial history and liquidity position, credit rating and the facts and circumstances of collectability on each outstanding account, and did not have a significant reserve for uncollectible account.

## **18. Subsequent Events**

The Company evaluated subsequent events through August 9, 2023 and determined that there have been no events that have occurred that would require adjustments to our disclosures or the consolidated financial statements.

### [Table of Contents](#)

## **17. Subsequent Events**

On May 9, 2023, BlackSky and its subsidiaries entered into the Second Amendment (the "Amendment") to its Amended and Restated Loan and Security Agreement with Intelsat Jackson Holdings SA and Seahawk SPV Investment LLC, dated October 31, 2019 and previously amended on September 9, 2021.

The Amendment amends the secured loan facility to, among other things: (i) extend the maturity date of the loan from October 31, 2024 to October 31, 2026, (ii) roll the cash interest payment due on May 1, 2023 into the outstanding principal to be paid on the maturity date; (iii) increase the interest rate on the loan as of the Amendment date from 9% to 12%, of which (x) 9.6% will be paid in kind as principal due on the maturity date, with the remainder paid as cash interest on a semi-annual basis, until May 1, 2025 and (y) after May 1, 2025, up to 4% can be paid in kind as principal due on the maturity date, with the remainder to be paid as cash interest on a semi-annual basis, and (iv) add certain financial covenants.

### [Table of Contents](#)

## **ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS**

*The following discussion and analysis of our financial condition and results of operations should be read in conjunction with our consolidated financial statements and related notes appearing elsewhere in this Quarterly Report on Form 10-Q. As discussed in the section titled "Special Note Regarding Forward Looking Statements," the following discussion and analysis contains forward looking statements that involve risks and uncertainties, as well as assumptions that, if they never materialize or prove incorrect, could cause our results to differ materially*

from those expressed or implied by such forward-looking statements. Factors that could cause or contribute to these differences include, but are not limited to, those discussed in the section titled "Risk Factors" under Part I, Item 1A of our Annual Report on Form 10-K filed with the SEC on March 23, 2023. Unless the context otherwise requires, references in this "Management's Discussion and Analysis of Financial Condition and Results of Operations" to "BlackSky", "the Company", "we", "us" and "our" refer to the business and operations of BlackSky Technology Inc. and its consolidated subsidiaries and BlackSky Holdings, Inc. ("Legacy BlackSky") and its consolidated subsidiaries prior to the completion of its merger on September 9, 2021 with a wholly owned subsidiary of Osprey Technology Acquisition Corp (the "Merger").

## Company Overview

We own and operate one of the industry's leading high-performance low earth orbit ("LEO") small satellite constellations. Our constellation is optimized to cost-efficiently capture imagery at high revisit rates where and when our customers need it. The orbital configuration of our constellation is designed to collect data on the most critical and strategic locations in the world. With sixteen satellites in orbit as of March 31, 2023, our Our constellation is able to image certain locations approximately every 60 to 90 minutes, from dawn to dusk, providing our customers with insights and situational awareness throughout the day. Our satellites are designed with agile pointing capabilities that enable our customers to task our constellation on demand to collect specific locations of interest. Our tasking methodology employs proprietary artificial intelligence ("AI")-enabled software to efficiently collect images of the most important strategic and economic assets and areas of interest to our customers. We believe that our focus on critical strategies and economic infrastructure and the AI-enabled tasking of our constellation differentiates us from many of our competitors, who are primarily dedicated to mapping the entirety of the Earth on a routine basis. Our differentiated approach to space enables us to deliver highly targeted and valuable intelligence with a smaller constellation fleet that has the added benefit of greater operating and capital efficiencies.

Our Spectra AI software platform can, among other things, process millions of observations a day from our proprietary satellite constellation and from multiple external data sources including imaging, radar and radio frequency satellites, environmental sensors, asset tracking sensors, Internet-of-Things ("IoT") connected devices, internet-enabled narrative sources, and a variety of geotemporal data feeds. Spectra AI employs advanced, proprietary AI and machine learning ("ML") techniques to process, analyze, and transform these data feeds into alerts, information, and insights that our customers receive, all fully automated. Customers can access Spectra AI's data and analytics through easy-to-use web services or through platform application programming interfaces.

Our next generation satellites ("Gen-3"), expected to launch in 2024, are designed to improve our imaging resolution even further and include short wave infrared imaging technology for a broad set of imaging conditions, including nighttime and low-light. We believe these advancements will expand the relevance and certainty of our analytics to continue to ensure our importance to our customers. We also believe the combination of our high-revisit, small satellite constellation, our Spectra AI platform, and low constellation cost is transforming the market for geospatial imagery and space-based data and analytics.

Our operating strategy is to continue to enhance the capabilities of our satellite constellation, to increase the number of third-party data sources processed by our Spectra AI platform, and to expand our analytics offerings in order to increase the value we deliver to our customers. Our two strategic assets—our satellite constellation and our Spectra AI platform—are mutually reinforcing: as we capture ever more information about the world's most important strategic and economic assets and locations, our proprietary database expands and increases its utility; enabling us to better detect, understand, and predict changes that matter most to our customers. Our business has a natural and powerful "flywheel" effect: the more data we collect and analyze, the more valuable the insights we can deliver to our customers.

## Table of Contents

Our current customer base and end market mix are weighted towards U.S. and international defense and intelligence customers and markets. We believe there are significant opportunities to expand our imagery and software analytical services, as well as our professional and engineering service offerings, to a broad set of customers both domestically and internationally. In addition, our services and products can benefit customers in a variety of commercial markets including, but not limited to, energy and utilities, insurance, commodities, mining, manufacturing, logistics, supply chain management, agriculture, environmental monitoring, disaster and risk management, engineering and construction, and retail and consumer behavior.

We offer a variety of pricing and utilization options for our imagery and software analytical service offerings, with the majority of our agreements structured as subscription contracts, followed by usage-based pricing and transactional licenses. These options provide customers flexibility to utilize our imagery and software analytical services in a manner that best suits their business needs. We offer a range of pricing tiers that enables the customer to manage collection priorities, when during critical events they can pay a premium to prioritize their monitoring and collection requirements. At other times, customers can select lower priority collections to allow for more economical utilization. We currently derive revenue from variable and fixed pricing price plans that allow our customers to choose what matters most to them—platform licensing-levels, priority for imagery tasking, and whether to apply analytics or monitoring capabilities overtop the imaging service.

## Components of Operating Results

### Revenue

Our revenue is generated by selling imagery and software analytics services through our Spectra AI platform and by providing professional and engineering services to strategic customers on a project basis.

#### • **Imagery and Software Analytical Services Revenue**

- **Imagery:** We offer our customers high-revisit, on-demand high resolution electro optical satellite imaging services. Through our Spectra AI platform, customers can directly task our proprietary satellite constellation to collect and deliver imagery over specific locations, sites, and regions that are critical to their operations. We offer customers several service level options that include basic plans for on-demand tasking or multi-year assured access programs, where customers can secure priority access and imaging capacity at a premium over a region of interest on a take or pay basis.
- **Data, Software, and Analytics:** Our analytics services are also offered on a subscription or consumption basis and provide customers with access to our site monitoring, event monitoring and global data services. We leverage our proprietary AI and ML algorithms to analyze data coming from both our proprietary sensor network and third-party space sources in real-time to provide data, insights, and analytics for our customers. We provide services related to object, change and anomaly detection, site monitoring, and enhanced analytics through which we can detect key pattern of life changes in critical locations. These critical locations can include strategic locations and infrastructure such as ports, airports, and construction sites; retail activity; commodities stockpiles; and other sites that contain critical commodities and supply chain inventory.

We expect continued imagery and software analytical services revenue growth in the year ending December 31, 2023, and beyond, as compared to the each prior year, as a result of increases in our sales orders driven by stronger customer demand.

- **Professional and Engineering Services Revenue**—We develop and deliver advanced launch vehicle, satellite, and payload systems for specific strategic customers that desire to leverage our capabilities in mission systems engineering and operations, ground station operations, software, analytics and systems development. These systems are sold to government customers under fixed price contracts and are often bundled with our imagery services offerings. In certain cases, we retain rights to intellectual property for developed technology of certain systems, and this paid effort offsets some of our product development effort.

We also provide technology enabled professional service solutions to support customer-specific feature request and to support the integration, testing, and training of our imagery and software analytical services

#### [Table of Contents](#)

into the customer's organizational processes and workflows. We also provide software systems engineering

#### [Table of Contents](#)

development services to support the integration of high volume and mass quantities of data in their operating platforms.

We expect continued meaningful contribution from our professional and engineering services revenue. The expected increase in revenue will be primarily from commencing contracts with existing U.S. and international defense and intelligence customers for whom we need to perform development work prior to the implementation of their subscription service contracts.

#### **Costs and Expenses**

Our costs and expenses are incurred from the following categories:

- Imagery and software analytical services costs primarily include internal aerospace and geospatial software development labor, third-party data and imagery, internal labor to support the ground stations and space operations, and cloud computing and hosting services. Costs are expensed as incurred except for incremental costs to obtain a contract, primarily sales commissions on contracts greater than one year, which are capitalized and amortized to selling, general, and administrative expenses on a systematic basis consistent with the transfer of goods and services and directly identifiable costs to fulfill a contract. Expense related to stock-based payments is classified in the unaudited condensed consolidated statements of operations and comprehensive loss based upon the classification of each employees' cash compensation. We recognize stock-based compensation expense for those employees whose work supports the imagery and software analytical service costs we provide to customers, under imagery and software analytical service costs, excluding depreciation and amortization.
- Professional and engineering service costs primarily include the cost of internal labor for design and engineering in support of long-term development contracts for launch vehicle, satellite, and payload systems as well as subcontract direct materials and external labor costs to build and test specific components, such as the communications system, payload demands, and sensor integration. In addition, we also recognize internal labor costs and external subcontract labor costs for our customer-centric software service solutions. We recognize stock-based compensation expense for those employees who provide professional and engineering services support to customers, under professional and engineering service costs, excluding depreciation and amortization.

#### **Operating Expenses**

Our operating expenses are incurred from the following categories:

- Selling, general, and administrative expense consists of salaries and benefit costs, development costs, professional fees, and other expenses which includes other personnel-related costs, stock-based compensation expenses for those employees who generally support our business and operations, and occupancy costs. Our development costs include internal labor costs to design and plan critical real-time software and geospatial analytic solutions and solution enhancements, including mapping, analysis, site target monitoring, and news feeds.
- Research and development expense consists of employees' salaries, taxes, and benefits costs incurred for data science modeling and algorithm development related to our Spectra AI platform, and for the strategic development efforts to support our long-term strategy. In addition, we employ and classify third-party vendors who fulfill our strategic projects as research and development expense. We intend to continue to invest appropriate resources in research and development efforts, as we believe that investment is critical to maintaining our competitive position.
- Depreciation expense is related to property and equipment which mainly consists of operational satellites. Amortization expense is related to intangible assets which mainly consists of customer relationships.

#### **Results of Operations for the Three and Six Months Ended March 31, 2023 June 30, 2023 and 2022**

Effective January 1, 2022, the Company reorganized its captions on in the unaudited condensed consolidated statements of operations and comprehensive loss to better align the Company's broad portfolio. As a result, for the three and six months ended March 31, 2022 June 30, 2022, the amounts presented to reflect the impact of the reorganization have been

#### [Table of Contents](#)

been recasted. Period to period comparisons are not necessarily indicative of future results. The following table provides the components of results of operations for the three and six months ended March 31, 2023 June 30, 2023 and 2022:

		Three Months Ended March 31, \$ %				Three Months Ended June 30, \$ %				Six Months Ended June 30, \$ %

### Imagery and Software Analytical Services Revenue

Imagery and software analytical services revenue significantly increased for the three and six months ended March 31, 2023 June 30, 2023, as compared to the same period periods in 2022, driven by increased imagery and analytics orders from existing customers and several firm-fixed price subscription contracts with new domestic and international customers.

### Professional and Engineering Services Revenue

Professional and engineering services revenue decreased for the three and six months ended March 31, 2023 June 30, 2023, as compared to the same period periods in 2022, primarily due to a lower quarterly percentage of completion achieved in two engineering services contracts as a result of an increase in the program's maturity year-over-year.

## Costs and Expenses

Three Months Ended March 31,				Three Months Ended June 30,				Six Months Ended June 30,			
2023	2022	\$ Change	% Change	2023	2022	\$ Change	% Change	2023	2022	\$ Change	% Change
(dollars in thousands)										(dollars in thousands)

#### Imagery and Software Analytical Service Costs

Imagery and software analytical service costs, excluding depreciation and amortization, increased slightly for the three and six months ended March 31, 2023 June 30, 2023, as compared to the same period periods in 2022, primarily due to increased data volumes and maintaining the growth of our satellite and ground stations networks, networks, partially offset by lower costs to manage our data infrastructure.

[Table of Contents](#)

#### Professional and Engineering Service Costs

Professional and engineering service costs, excluding depreciation and amortization, decreased for the three and six months ended March 31, 2023 June 30, 2023 as compared to the same period periods in 2022, primarily due to fewer costs incurred on two engineering services contracts, driven by an increase in the programs' maturity year-over-year. In addition, we experienced a decrease in \$2.5 million of unfavorable changes in our estimate to complete on two engineering services contracts in 2023 during the three and six months ended June 30, 2023 as compared to the prior year. The estimation of total costs to complete on long-term projects are subject to many variables and requires judgment and we may have future changes in estimates, which may have an impact on professional and engineering service costs and associated revenues.

Selling, general, and administrative expenses decreased during the three months ended March 31, 2023 June 30, 2023 and decreased during the six months ended June 30, 2023 as compared to the same period periods in 2022. Stock-based compensation expense decreased approximately \$6.6 million \$0.5 million and \$7.1 million, respectively, related to the vesting of a significant number of restricted stock units ("RSUs") in 2022. Salaries and payroll-related benefits increased due to headcount growth in expansion of the sales software engineers, team and administrative functions. AI capabilities. In addition, our information technology and other administrative expenses increased due to additional corporate insurance costs to support have decreased for both periods as a larger employee base and increased travel as we built out our sales organization and our employees attended industry conferences. result of lower premiums.

The following is our forecast for total RSU expense as of March 31, 2023 June 30, 2023, which, in addition to the amounts recognized in selling, general, and administrative expenses, includes the portion that will be capitalized or classified in imagery and software analytical service costs and professional and engineering service costs:

			(in thousands)					(in thousands)

## Depreciation and Amortization

	Three Months Ended March 31,				Three Months Ended June 30,				Six Months Ended June 30,								
	2023		2022		\$ Change		%		2023		2022		\$ Change		%		
	(dollars in thousands)								(dollars in thousands)								
Depreciation of satellites	Depreciation of satellites	\$ 8,474	\$ 7,103	\$ 1,371	19.3	%	Depreciation of satellites	\$ 10,341	\$ 8,666	\$ 1,675	19.3	%	\$ 18,815	\$ 15,768	\$ 3,047	19.3	%
Depreciation of all other property and equipment	Depreciation of all other property and equipment	1,041	148	893	603.4	%	Depreciation of all other property and equipment	1,294	371	923	248.8	%	2,335	519	1,816	349.9	%
Amortization	Amortization	140	140	—	—	%	Amortization	141	140	1	0.7	%	281	281	—	—	%
Depreciation and amortization	Depreciation and amortization	\$ 9,655	\$ 7,391	\$ 2,264	30.6	%	Depreciation and amortization	\$ 11,776	\$ 9,177	\$ 2,599	28.3	%	\$ 21,431	\$ 16,568	\$ 4,863	29.4	%

Depreciation expense from satellites increased for the three and six months ended March 31, 2023 June 30, 2023 as compared to the same period in 2022, primarily driven by increased an increase in the number of satellites in service.

Depreciation expense from all other property and equipment increased for the three and six months ended March 31, 2023 June 30, 2023 as compared to the same period in 2022, primarily driven by capitalization of software and additional computer site equipment that was placed into service.

Amortization expense remained flat for the three and six months ended March 31, 2023 June 30, 2023 as compared to the same period in 2022.

• NM - Fluctuation in terms of percentage change is not meaningful.

#### Table of Contents

#### Gain (Loss) gain on derivatives

Fluctuations in our equity warrants and other equity instruments that we classify as derivative liabilities in the unaudited condensed consolidated balance sheets and measure at fair value are significantly driven by our common stock price. Fluctuations to these instruments are inversely related to changes in our common stock price and the gains or losses recognized in the period are non-cash fair value adjustments. These instruments generated losses during the three and six months ended June 30, 2023 and three months ended June 30, 2022. During the six months ended June 30, 2022, these instruments generated gains during the three months ended March 31, 2023 and March 31, 2022, a gain.

#### Income on equity method investment

The fluctuations in earnings from our equity method investment is directly related to the operating performance of our joint venture LeoStella.

#### **Interest income**

Interest income increased during the three and six months ended **March 31, 2023** **June 30, 2023** as a result of our short-term investments purchased in the second quarter of 2022.

[Table of Contents](#)

#### **Interest expense**

Interest expense increased during the three and six months ended **March 31, 2023** **June 30, 2023** as a result of a higher effective interest rate on our loans from related parties.

#### **Other (expense) income, expense, net**

For the three and six months ended **March 31, 2023** **June 30, 2023**, other income (expense) expense, net included \$0.8 million of transaction costs associated with our debt modification during the second quarter of 2023. For the six months ended **June 30, 2023**, other expense, net primarily also included \$0.9 million of transaction costs associated with new warrants that are accounted for as derivative liabilities.

#### **Non-GAAP Financial Measures**

In addition to our results determined in accordance with GAAP, management utilizes certain non-GAAP performance measures, such as Adjusted EBITDA for purposes of evaluating our ongoing operations and for internal planning and forecasting purposes. Our management and board of directors believe that this non-GAAP operating measure, when reviewed collectively with our GAAP financial information, provides useful supplemental information to investors in assessing our operating performance.

##### **Adjusted EBITDA**

Adjusted EBITDA is defined as net income or loss attributable to us before interest income, interest expense, income tax expense or benefit, depreciation and amortization, as well as significant non-cash and/or non-recurring expenses as our management believes these items are not useful in evaluating our core operating performance. These items include, but are not limited to stock-based compensation expense, unrealized (gain) loss on certain warrants/shares classified as derivative liabilities, severance, income on equity method investment, investment loss on short-term investments, and transaction costs associated with debt and equity instruments accounted for as derivative liabilities, **financings**. We have presented Adjusted EBITDA because it is a key measure used by our management and board of directors to understand and evaluate our operating performance, generate future operating plans and make strategic decisions regarding the allocation of capital. In particular, we believe that the exclusion of certain items in calculating Adjusted EBITDA can produce a useful measure for period-to-period comparisons of our business. Accordingly, we believe that Adjusted EBITDA provides useful information in understanding and evaluating our operating results. In addition, we believe that Adjusted EBITDA provides additional information for investors to use in evaluating our ongoing operating results and trends. This non-GAAP measure provides investors with incremental information for the evaluation of our performance after isolation of certain items deemed unrelated to our core business operations.

Adjusted EBITDA is presented as a supplemental measure to our GAAP measures of performance. When evaluating Adjusted EBITDA, you should be aware that we may incur future expenses similar to those excluded when calculating this measure. In addition, our presentation of this measure should not be construed as an inference that our future results will be unaffected by unusual or non-recurring items. Furthermore, our computation of

[Table of Contents](#)

Adjusted EBITDA may not be directly comparable to similarly titled measures computed by other companies, as the nature of the adjustments that other companies may include or exclude when calculating Adjusted EBITDA may differ from the adjustments reflected in our measure. Because of these limitations, Adjusted EBITDA should not be considered in isolation, nor should this measure be viewed as a substitute for the most directly comparable GAAP measure, which is net loss. We compensate for the limitations of non-GAAP measures by relying primarily on our GAAP results. You should review the reconciliation of our net loss to Adjusted EBITDA below and not rely on any single financial measure to evaluate our performance.

[Table of Contents](#)

The table below reconciles our **Net** **net** loss to **Adjusted** **adjusted** EBITDA for the three and six months ended **March 31, 2023** **June 30, 2023** and 2022:

	Three Months Ended		Three Months Ended

### Liquidity and Capital Resources

As of **March 31, 2023** **June 30, 2023**, our existing sources of liquidity included cash and cash equivalents and short-term investments. Our cash and cash equivalents excluding restricted cash totaled **\$57.0** **\$41.1** million and **\$34.2** million as of **March 31, 2023** **June 30, 2023** and December 31, 2022, respectively, and our short-term investments totaled **\$11.8** **\$16.6** million and **\$38.0** million as of **March 31, 2023** **June 30, 2023** and December 31, 2022, respectively. We have incurred losses and generated negative cash flows from operations since our inception in September 2014. As of **March 31, 2023** **June 30, 2023**, we had an accumulated deficit of **\$562.4** **\$595.9** million.

Our short-term liquidity as of **March 31, 2023** **June 30, 2023** was comprised of the following:

		(in thousands)
Cash and cash equivalents		\$ 56,964
Restricted cash <sup>(1)</sup>		1,835
Short-term investments <sup>(2) (1)</sup>		11,792
		<u>71,591</u>
		<u>59,513</u>

<sup>(1)</sup> We expect that \$1.0 million of restricted cash will transfer to cash and cash equivalents by June 30, 2023.

<sup>(2)</sup> Short-term investments are included in cash flows from investing activities in the unaudited condensed consolidated statements of cash flows.

We expect cash and cash equivalents and cash generated from operating activities to be sufficient to meet our working capital and capital expenditure needs for the foreseeable future. Our future long-term capital requirements will depend on many factors including our growth rate, the timing and extent of spending to support solution development efforts, the expansion of sales and marketing activities, the ongoing investments in technology

## [Table of Contents](#)

infrastructure, the introduction of new and enhanced solutions, and the continuing market acceptance of our solutions. From time to time, we may seek additional equity or debt financing to fund capital expenditures, strategic initiatives or investments and our ongoing operations. We do not have a line of credit or access to immediate funds. However, an additional source of liquidity is our ability to offer and we are not subject sell from time to any financial or minimum cash metrics, time up to \$75.0 million of newly issued shares in open trading windows at market prices through a designated broker dealer pursuant to an at-the-market ("ATM") offering. If we decide, or are required, to seek additional financing from outside sources, we may not be able to raise it on terms acceptable to us or at all. If we are unable to raise additional capital when desired, our business, financial condition and results of operations could be adversely affected.

On May 9, 2023, we entered into the Second Amendment (the "Amendment") to our Amended and Restated Loan and Security Agreement with Intelsat Jackson Holdings SA and Seahawk SPV Investment LLC, dated October 31, 2019 and previously amended on September 9, 2021.

The Amendment amends the secured loan facility to, among other things: (i) extend the maturity date of the loan from October 31, 2024 to October 31, 2026, (ii) roll the cash interest payment due on May 1, 2023 into the outstanding principal to be paid on the maturity date; (iii) increase the interest rate on the loan as of the Amendment date from 9% to 12%, of which (x) 9.6% will be paid in kind as principal due on the maturity date, with the remainder paid as cash interest on a semi-annual basis, until May 1, 2025 and (y) after May 1, 2025, up to 4% can be paid in kind as principal due on the maturity date, with the remainder to be paid as cash interest on a semi-annual basis, and (iv) add certain financial covenants. As part of our new financial covenants, we are required to maintain a minimum cash and cash equivalents balance of not less than \$10.0 million, measured quarterly as of the last day of each fiscal quarter.

**Table** [In addition, we are required to maintain Adjusted EBITDA, measured quarterly as of Contents the last day of each fiscal quarter, of not less than:](#)

- \$5.0 million for the trailing four quarter period ending as of December 31, 2024 through September 30, 2025 and
- \$10.0 million for the trailing four quarter period ending as of December 31, 2025 and as of the end of each fiscal quarter thereafter.

Please refer to the section entitled "Non-GAAP Financial Measures" for additional information on our definition of Adjusted EBITDA.

## **Funding Requirements**

While our expenses may continue to exceed our revenues in the near term due to investments we are making in sales, marketing and products to increase our market share, we expect this difference to decline as we progress to becoming operating cash flow positive. We expect to continue to incur capital expenditures as we procure and launch satellites to increase image collection capacity, as well as investing in our Gen-3 satellites and our Spectra AI platform to significantly expand our product capabilities in the future.

## **Short-Term Liquidity Requirements**

As of [March 31, 2023](#) [June 30, 2023](#), our current assets were [approximately \\$91.4](#) [\\$79.1](#) million, consisting primarily of cash and cash equivalents, restricted cash, short-term investments, trade receivables, prepaid expenses and other current assets, and contract assets.

As of [March 31, 2023](#) [June 30, 2023](#), our current liabilities were [approximately \\$20.9](#) [\\$17.4](#) million, consisting primarily of accounts payable and accrued liabilities, contract liabilities, and other non-recurring current liabilities. Accordingly, we have sufficient cash and working capital to fund our short-term liquidity requirements.

## **Long-Term Liquidity Requirements**

We anticipate that our most significant long-term liquidity and capital needs will relate to continued funding of operations, satellite development capital expenditures, launch capital expenditures, and ongoing investments in our Spectra AI platform and internal infrastructure that will enable us to scale the business efficiently and securely. We

## [Table of Contents](#)

can manage the timing for a large part of our capital expenditures, including the design, build, and launch of our new satellites currently under development, to provide us with additional flexibility to optimize our long-term liquidity requirements. Macroeconomic conditions and credit markets could also impact the availability and, or, the cost of potential future debt or equity financing.

## **Cash Flow Analysis**

The following table provides a summary of cash flow data for the [three](#) [six](#) months ended [March 31, 2023](#) [June 30, 2023](#) and 2022:

	Three Months Ended March 31,			\$	Six Months Ended June 30,			\$
	2023		2022	Change	2023		2022	Change
	(in thousands)				(in thousands)			
Net cash used in operating activities	Net cash used in operating activities	\$ (16,602)	\$ (12,676)	\$ (3,926)	Net cash used in operating activities	\$ (15,625)	\$ (27,789)	\$ 12,164

Net cash provided by (used in) investing activities <sup>(1)</sup>	10,518	(13,425)	23,943				
Net cash used in investing activities <sup>(1)</sup>				Net cash used in investing activities <sup>(1)</sup>	(6,655)	(68,958)	62,303
Net cash provided by (used in) financing activities	28,867	(3,599)	32,466	Net cash provided by (used in) financing activities	28,199	(4,012)	32,211
Net increase (decrease) in cash, cash equivalents, and restricted cash	22,783	(29,700)	52,483	Net increase (decrease) in cash, cash equivalents, and restricted cash	5,919	(100,759)	106,678
Cash, cash equivalents, and restricted cash - beginning of year	37,016	168,104	(131,088)	Cash, cash equivalents, and restricted cash - beginning of year	37,016	168,104	(131,088)
Cash, cash equivalents, and restricted cash - end of period <sup>(2)</sup>	\$ 59,799	\$ 138,404	\$ (78,605)	Cash, cash equivalents, and restricted cash - end of period <sup>(2)</sup>	\$ 42,935	\$ 67,345	\$ (24,410)

(1) Includes purchases of \$11.8 million \$19.4 million of short-term investments not categorized as cash, cash equivalents, or restricted cash

(2) \$11.8 \$16.6 million of short-term investments are not classified as cash, cash equivalents, or restricted cash. Our short-term liquidity at March 31, 2023 June 30, 2023 was \$71.6 \$59.5 million

## Operating activities

For the three six months ended March 31, 2023 June 30, 2023, net cash used in operating activities was approximately \$16.6 \$15.6 million. The contributor to the significant decrease in cash used during the three six months ended March 31, 2023 June 30, 2023 was the decrease in cash used for working capital which was partially offset by in addition to the decrease in the operating loss, adjusted for depreciation, amortization, stock-based compensation expense, (loss) gain on derivatives, and other non-cash items in the three six months ended March 31, 2023 June 30, 2023 as compared to the three six months ended March 31, 2022 June 30, 2022. The increase decrease in cash used for working capital was the result of delayed cash receipts from our largest customers as we restructured our banking

## [Table an increase in liabilities during the second quarter of Contents](#)

relationships with new and existing financial institutions. 2023. The operating loss decrease in the three six months ended March 31, 2023 June 30, 2023 was primarily due to increased imagery and analytics revenue, revenue and decreased professional & engineering service costs.

## Investing activities

The net cash provided by used in investing activities was due to the redemption and maturity purchases of \$38.1 million of our short-term investments in corporate debt and governmental government securities partially offset by similar purchases of \$11.8 \$19.4 million at a new financial institution. We during the six months ended June 30, 2023. In addition, we continue to have significant cash outflows for satellite procurement and launch related services. Cash paid for the procurement of satellites and other launch-related costs increased in the three months ended March 31, 2023 as compared to the three months ended March 31, 2022 primarily due to the launch of two additional Gen-2 satellites.

We also continue to incur labor costs for internally developed capitalized software as we add innovative new services and tools to our Spectra AI platform. These costs were partially offset by the redemption and maturity of \$41.1 million of our short-term investments in corporate debt and governmental securities in the six months ended June 30,

2023.

## Financing activities

The most significant impact in the change in cash flows from financing activities in the three six months ended March 31, 2023 June 30, 2023 as compared to the three six months ended March 31, 2022 June 30, 2022 is the receipt of the \$29.4 million \$30.1 million in proceeds from our March 2023 private placement equity issuances, net of equity and accompanying warrants, issuance costs, of which \$17.7 million was allocated to the liability-classified warrants in accordance with our accounting policy. Our equity issuances in the six months ended June 30, 2022 included a private placement warrants, of 16.4 million shares at a purchase price of \$1.79 per share, which resulted in \$29.4 million in gross proceeds and also included the sale of 1.0 million shares under our ATM offering program, which resulted in \$1.9 million in gross proceeds.

In addition, we incurred \$0.6 million withholding tax payments on vesting of RSUs decreased from \$4.0 million in payments for deferred offering costs during the three six months ended March 31, 2023 June 30, 2022 to \$0.4 million in the six months ended June 30, 2023. We also incurred \$0.9 million of transaction

## [Table of Contents](#)

costs related to derivative liabilities and \$0.6 million of payments related to debt modification costs in the six months ended June 30, 2023.

## Critical Accounting Estimates

The preparation of our unaudited condensed consolidated financial statements and related notes requires management to make judgments, estimates, and assumptions that affect the reported amounts of assets, liabilities, revenue, and expenses. Management has based its estimates on historical experience and on various other assumptions that are believed to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions.

For a description of our significant accounting policies see Note 2—"Basis of Presentation and Summary of Significant Accounting Policies," of the notes to the unaudited condensed consolidated financial statements. An accounting policy is considered to be critical if it requires an accounting estimate to be made based on assumptions about matters that are highly uncertain at the time the estimate is made, and if different estimates that reasonably could have been used, or changes in the accounting estimates that are reasonably likely to occur periodically, could materially impact the unaudited condensed consolidated financial statements. Management believes the following critical accounting policies reflect the more significant estimates and assumptions used in the preparation of our unaudited condensed consolidated financial statements.

## Revenue Recognition

The recognition and measurement of revenue requires the use of judgments and estimates. Specifically, judgment is used in interpreting complex arrangements with nonstandard terms and conditions and determining when all criteria for revenue recognition have been met.

We primarily generate revenue from the sale of imagery, data, software, and analytics, as well as, professional and engineering services.

Identifying the contract with customer, identifying the performance obligations contained in a contract, determining transaction price, allocating transaction price, and determining when performance obligations are satisfied can require the application of significant judgment, as further discussed below.

## [Table of Contents](#)

### *Identifying the Performance Obligations in a Contract*

We execute contracts for a single promise or multiple promises. Specifically, our firm fixed price contracts typically include multiple promises which are accounted for as separate performance obligations. Significant judgment is required in determining performance obligations, and these decisions could change the amount of revenue and profit or loss recorded in each period.

### *Classification of Revenue*

We classify revenue as imagery and software analytical services, and professional and engineering services in our unaudited condensed consolidated statements of operations and comprehensive loss based on the predominant attributes of the performance obligations.

### *Determination of and Allocation of Transaction Price*

Each customer purchase order sets forth the transaction price for the products and services purchased under the arrangement. The Company estimates any variable consideration, and whether the transaction price is constrained, upon execution of each contract. We may adjust the transaction price over time for any estimated constraints that become probable based on service level provisions within some of our customer purchase orders. For contracts with multiple performance obligations, we evaluate whether the stated selling prices for the products or services represent their standalone selling prices. When it is necessary to allocate the transaction price to multiple performance obligations, management typically uses the expected cost plus a reasonable profit margin to estimate the standalone selling price of each product or service. We also sell standard products or services with observable standalone revenue transactions. In these situations, the observable standalone revenue transactions are used to determine the standalone selling price.

## [Table of Contents](#)

## **Determination of when Performance Obligations are Satisfied**

Imagery revenue is recognized ratably over the subscription period or at the point in time the customer receives access to the imagery. Software analytical services revenue derived from data, software, and analytics is recognized from the rendering of analytical and monitoring services over time on a firm-fixed price basis, or at the point in time the customer receives access to an analytic product. Professional and engineering services revenue is generated from both time and materials basis contracts and firm-fixed price service solutions contracts and firm-fixed price long-term engineering and construction contracts. Due to the long-term nature of our engineering and construction contracts, we generally recognize revenue over time using a cost-to-cost measure of progress because it best depicts the transfer of control to the customer as we incur costs on the contracts. Under the percentage-of-completion cost-to-cost measure of progress, the extent of progress towards completion is measured based on the ratio of costs incurred to date to the total estimated costs to complete the performance obligation(s). The estimation of total estimated costs at completion is subject to many variables and requires judgment. We recognize changes in contract estimates on a cumulative catch-up basis in the period in which the changes are identified. Such changes in contract estimates can result in the recognition of revenue in a current period for performance obligations which were satisfied or partially satisfied in a prior period. If at any time, the estimate of contract profitability indicates a probable anticipated loss on the contract, we recognize the total loss as and when known.

## **Equity Valuations**

Equity valuations impact various amounts and accounting conclusions reflected in our unaudited condensed consolidated financial statements, inclusive of the recognition of equity-based compensation and warrant valuations. The following discussion provides additional details regarding the significant estimates, assumptions, and judgments that impacted the determination of the fair values of equity-based compensation awards, warrants, and the common stock that comprise our capital structure. The following discussion also explains why these estimates, assumptions, and judgments could be subject to uncertainties and future variability.

### **Equity-Based Compensation**

We have equity and equity-based awards available for issuance under our 2021 Equity Incentive Plan ("2021 Plan"), 2014 stock incentive plan, and 2011 stock incentive plan. Awards issued include stock options, restricted

#### [Table of Contents](#)

stock awards ("RSAs"), and RSUs. Awards under these Plans were approved by the board of directors, and awards that have been canceled, forfeited, or expired are available for issuance in connection with our 2021 Plan.

For purposes of recognizing equity-based compensation related to RSAs, RSUs, and stock options granted to employees, management estimates the grant date fair values of such awards to measure the costs to be recognized for services received. For awards with time-based vesting conditions, we recognize compensation costs based upon the straight-line amortization of the grant date fair value of the awards over the requisite service period. When equity-based compensation awards include a performance condition, no compensation is recognized until the performance condition is deemed probable to occur; we then recognize compensation costs based on the accelerated attribution method, which accounts for awards with discrete vesting dates as if they were a separate award.

### **Stock Option and Class A Common Stock Warrant Valuations**

We use the Black-Scholes option-pricing model to value all options and Class A common stock warrants. Estimating the fair value of stock options using the Black-Scholes option-pricing model requires the application of significant assumptions, such as the fair value of our Class A common stock, the estimated term of the options, risk-free interest rates, the expected volatility of the price of our Class A common stock, and an expected dividend yield. Each of these assumptions is subjective, requires significant judgment, and is based upon management's best estimates. If any of these assumptions were to change significantly in the future, equity-based compensation related to future awards may differ significantly, as compared with awards previously granted.

We have largely moved towards granting RSUs to the bulk of our employees, for which the grant date fair value is equal to the trading price fair value of the Class A common stock on the date of grant. For stock options, which are primarily granted to certain management employees, we use the following inputs under Black-Scholes as follows:

#### [Table of Contents](#)

**Expected Dividend Yield**—The Black-Scholes valuation model requires an expected dividend yield as an input. The dividend yield is based on historical experience and expected future changes. We currently have no plans to pay dividends on our Class A common stock and, accordingly, have assumed no dividend yield upon valuation of our stock options.

**Expected Volatility**—As there was no observable volatility with respect to our Legacy BlackSky Class A common stock and due to the lack of sufficient history of BlackSky Class A common stock, the expected volatility of our Legacy BlackSky and BlackSky Class A common stock was estimated based upon the historical share price volatility of guideline comparable companies.

**Risk-free Interest Rate**—The yield on actively traded, non-inflation indexed U.S. Treasury notes was used to extrapolate an average risk-free interest rate based on the expected term of the underlying grants.

**Expected Term**—For options granted since 2021, as there is not a significant history of option exercises as a public company, we considered the option vesting terms and contractual period, as well as the demographics of the holders, in estimating the expected term. For options granted prior to 2021 when we were a private company, the expected term was the estimated duration to a liquidation event based on a weighted average consideration of the most likely exit prospects for that stage of development. We will continue to review our estimate in the future and adjust it, if necessary, due to changes in our historical exercises.

## **Private Placement Warrants and Sponsor Shares**

We have classified the private placement warrants issued in October 2019 and March 2023 and Sponsor Shares as long-term liabilities in our unaudited condensed consolidated balance sheets as of **March 31, 2023****June 30, 2023** and December 31, 2022. The private placement warrants issued in October 2019 and the Sponsor Shares were initially recorded at fair value on the date of the Merger and the private placement warrants issued in March 2023 were recorded at fair value on the date of issuance. The Private Placement Warrants were recorded at fair value using a Black-Scholes option pricing model and the Sponsor Shares were recorded at fair value using a Monte Carlo simulation model. These liabilities are re-measured to fair value at each subsequent reporting date and recorded to **(loss)** gain on derivatives on our unaudited condensed consolidated statements of operations and comprehensive loss. We will continue to adjust the liability for changes in fair value until the financial instruments are exercised, redeemed, cancelled or released.

#### [Table of Contents](#)

The fair value models require inputs including, but not limited to, the fair value of our Class A common stock, the risk-free interest rate, expected term, expected dividend yield and expected volatility. The fair value of our Class A common stock is the closing stock price on the NYSE as of the measurement date. The risk-free interest rate assumption is determined by using U.S. Treasury rates for the same period as the expected terms of the financial instruments. The dividend yield assumption is based on the dividends expected to be paid over the expected life of the financial instruments. We have historically been a private company and lacked sufficient company-specific historical and implied volatility information. Therefore, the expected stock volatility includes both BlackSky's Class A common stock and public warrant historical volatility as well as the historical volatility of a publicly traded set of peer companies. Changes in these assumptions can materially affect the estimate of the fair value of these instruments and ultimately the change in fair value.

#### **ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK**

Not applicable.

#### **ITEM 4. CONTROLS AND PROCEDURES**

##### ***Evaluation of Disclosure Controls and Procedures***

Disclosure controls are procedures that are designed with the objective of ensuring that information required to be disclosed in our reports filed under the Exchange Act, such as this Quarterly Report on Form 10-Q, is recorded, processed, summarized, and reported within the time period specified in the SEC's rules and forms. Disclosure

#### [Table of Contents](#)

controls are also designed with the objective of reasonably ensuring that such information is accumulated and communicated to our management, including the chief executive officer and chief financial officer, as appropriate to allow timely decisions regarding required disclosure. Our management evaluated, with the participation of our Chief Executive Officer and Chief Financial Officer (our "Certifying Officers"), the effectiveness of our disclosure controls and procedures as of **March 31, 2023****June 30, 2023**, pursuant to Rule 13a-15(b) under the Exchange Act. Based upon that evaluation, our Certifying Officers concluded that, as of **March 31, 2023****June 30, 2023**, our disclosure controls and procedures were effective at a reasonable assurance level.

In designing and evaluating the disclosure controls and procedures, management recognized that controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives. Further, because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that misstatements due to error or fraud will not occur or that all control issues and instances of fraud, if any, within the Company will be detected.

##### ***Changes in Internal Control Over Financial Reporting***

There was no change in our internal control over financial reporting, (as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) during the quarter ended **March 31, 2023****June 30, 2023** that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

#### [Table of Contents](#)

## **PART II - OTHER INFORMATION**

#### **ITEM 1. LEGAL PROCEEDINGS**

From time to time, we may be involved in claims and proceedings arising in the ordinary course of our business. The outcome of any such claims or proceedings, regardless of the merits, is inherently uncertain.

#### **ITEM 1A. RISK FACTORS**

For risk factors relating to our business, please refer to the section entitled "Risk Factors" in our Form 10-K for the year ended December 31, 2022 and filed by us with the SEC on March 23, 2023. Any of those factors could result in a significant or material adverse effect on our results of operations or financial condition. Additional risk factors not presently known to us or that we currently deem immaterial may also impair our business or results of operations. We may disclose changes to such factors or disclose additional factors from time to time in our future filings with the SEC.

## ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

On March 8, 2023 December 15, 2022, we completed entered into an "at the closing market" (ATM) sales agreement with Jefferies LLC as our sales agent, under which we may offer and sell from time to time up to \$75 million of a private placement pursuant to the terms and conditions of a securities purchase agreement dated March 6, 2023 by and among the Company and certain institutional and accredited investors. At the closing of the 2023 private placement, we issued and sold to the investors 16,403,677 shares of our Class A common stock and 16,403,677 accompanying warrants.

in negotiated transactions or transactions that are deemed to be an ATM offering. The week of June 12, 2023, we raised gross proceeds of \$1.9 million through the sale of 1,039,439 shares in an ATM offering that concluded on June 16, 2023. We sold such shares at an average purchase price per share of each share \$1.82. After deducting commissions and other offering expenses associated warrant was \$1.79. The aggregate gross with the ATM offering of \$0.9 million, the net proceeds to us from the 2023 private placement transaction were \$29.4 million, before deducting placement agent fees equal to 4.21% of the gross proceeds from the private placement, and other offering expenses payable by us. The warrants have an exercise price of \$2.20 per share, and are exercisable beginning on September 8, 2023, through September 8, 2028 approximately \$1.0 million. We currently intend to use the net proceeds from the 2023 private placement sale of the shares for working capital and other general corporate purposes, including working capital.

The issuance of shares and warrants in the 2023 private placement was made in a transaction not involving a public offering pursuant to an exemption from the registration requirements of the Securities Act in reliance upon Section 4(a)(2) of the Securities Act. purposes.

## ITEM 3. DEFAULTS UPON SENIOR SECURITIES

Not applicable.

## ITEM 4. MINE SAFETY DISCLOSURES

Not applicable.

## ITEM 5. OTHER INFORMATION

On May 9, 2023, BlackSky and its subsidiaries entered into the Second Amendment (the "Amendment") to its Amended and Restated Loan and Security Agreement with Intelsat Jackson Holdings SA and Seahawk SPV Investment LLC, dated October 31, 2019 and previously amended on September 9, 2021.

The Amendment amends the secured loan facility to, among other things: (i) extend the maturity date of the loan from October 31, 2024 to October 31, 2026, (ii) roll the cash interest payment due on May 1, 2023 into the outstanding principal to be paid on the maturity date; (iii) increase the interest rate on the loan as of the Amendment date from 9% to 12%, of which (x) 9.6% will be paid in kind as principal due on the maturity date, with the remainder paid as cash interest on a semi-annual basis, until May 1, 2025 and (y) after May 1, 2025, up to 4% can be None.

### [Table of Contents](#)

paid in kind as principal due on the maturity date, with the remainder to be paid as cash interest on a semi-annual basis, and (iv) add certain financial covenants.

The foregoing description of the Amendment does not purport to be complete and is qualified in its entirety by the terms and conditions of the Amendment, which is attached hereto as Exhibit 10.3 and is incorporated herein by reference.

Exhibit 10.3

Execution

**SECOND AMENDMENT TO AMENDED AND RESTATED LOAN AND SECURITY AGREEMENT**

**THIS SECOND AMENDMENT TO AMENDED AND RESTATED LOAN AND SECURITY AGREEMENT** (this "Amendment") is entered into as of May 9, 2023 (the "Second Amendment Effective Date"), by and among INTELSAT JACKSON HOLDINGS SA ("Intelsat"), as a lender, SEAHAWK SPV INVESTMENT LLC ("Seahawk"), as a lender, (such lenders referred to herein each, individually, as a "Consenting Lender" and, collectively, as the "Consenting Lenders"), Intelsat, as collateral agent for the Lenders (as defined below) (in its capacity as collateral agent, together with its successors and assigns in such capacity, the "Collateral Agent"), BLACKSKY TECHNOLOGY INC., a Delaware corporation ("Parent"), BLACKSKY INTERNATIONAL LLC, a Delaware limited liability company ("Blacksky International"), BLACKSKY HOLDINGS, INC., a Delaware corporation ("Blacksky Holdings"), BLACKSKY GLOBAL LLC, a Delaware limited liability company ("Blacksky Global"), BLACKSKY GEOSPATIAL SOLUTIONS, INC., a Delaware corporation ("Blacksky Geospatial"), BLACKSKY EUROPE LIMITED, a company formed under the laws of England and Wales ("Blacksky Europe") and SFI IP HOLDCO, LLC, a Delaware limited liability company ("IP Holdco", and together with Parent, Blacksky International, Blacksky Holdings, Blacksky Global, Blacksky Geospatial and Blacksky Europe, each, a "Co-Borrower" and, collectively, the "Co-Borrowers").

**Recitals**

A. The Co-Borrowers, Intelsat and Seahawk are party to that certain Amended and Restated Loan and Security Agreement, dated as of October 31, 2019 (as amended on September 9, 2021, and as may have been further amended, restated, amended and restated, supplemented or otherwise modified prior to the date hereof, the "Loan Agreement" and, the Loan Agreement as amended by this Amendment, the "Amended Loan Agreement").

B. The Lenders have extended credit to the Co-Borrowers for the purposes permitted in the Loan Agreement.

C. The Co-Borrowers have requested that the Collateral Agent and the Lenders amend the Loan Agreement to, among other things, increase the interest rate, permit some interest to be paid in kind, extend the maturity date and add certain financial covenants. The Consenting Lenders constitute all of the Lenders party to the Loan Agreement as of the date of this Amendment.

D. The Lenders and the Collateral Agent have agreed to amend the Loan Agreement to make the edits requested, in accordance with the terms, subject to the conditions and in reliance upon the representations and warranties set forth below.

### **Agreement**

**Now, Therefore**, in consideration of the foregoing recitals and other good and valuable consideration, the receipt and adequacy of which are hereby acknowledged, and intending to be legally bound, the parties hereto agree as follows:

**1. Definitions.** Capitalized terms used but not defined in this Amendment, including its preamble and recitals, shall have the meanings given to them in the Loan Agreement.

**2. Amendments to Loan Agreement.**

---

**2.1 Section 2.1.2 (Repayment).** Section 2.1.2 of the Loan Agreement is hereby amended and restated in its entirety to read as follows:

#### **"2.1.2 Repayment.**

(a) *Interest Payment Dates.* The aggregate principal amount of all outstanding Advances (including any interest added to principal to the extent permitted or required hereunder) shall accrue interest at the applicable per annum rate set forth in Section 2.1.4(a). The amount of interest accrued up to and including October 31, 2022 shall be added, on a pro-rata basis, to the outstanding principal amount of each Lender's Advances on each anniversary of the Effective Date (each, a "**AnnualPIK Interest Payment Date**"). The amount of interest accrued from November 1, 2022 and up to and including April 30, 2023 shall be added, on a pro-rata basis, to the outstanding principal amount of each Lender's Advances on May 1, 2023. Except to the extent that the Co-Borrowers pay any such interest in cash on or prior to the applicable Semi-Annual PIK and Reduced Cash Interest Payment Date, (a) the amount of interest accruing at the rate of 9.60% per annum from May 1, 2023 and up to and including April 30, 2025 shall be added, on a pro-rata basis, to the outstanding principal amount of each Lender's Advances on each May 1 and November 1 occurring during such period (beginning November 1, 2023 through May 1, 2025) (each, a "**Semi-AnnualPIK and Reduced Cash Interest Payment Date**") and (b) the remainder of the amount of interest during such period shall be paid in cash on each Semi-Annual PIK and Reduced Cash Interest Payment Date; provided, that any Lender may elect, in a written notice delivered to Co-Borrowers before a Semi-Annual PIK and Reduced Cash Interest Payment Date, to have all cash interest payable to it under this clause (b) added to the outstanding principal amount of such Lender's Advances on the applicable Semi-Annual PIK and Reduced Cash Interest Payment Date (in lieu of being paid in cash). Except to the extent that the Co-Borrowers pay any such interest in cash on or prior to the applicable Semi-Annual Cash and PIK Interest Payment Date, (a) the amount of interest accruing at the rate of 4.00% per annum from May 1, 2025 and up to and including the date on which all Advances outstanding hereunder are paid in full shall be added, on a pro-rata basis, to the outstanding principal amount of each Lender's Advances on each May 1 and November 1 occurring during such period (beginning November 1, 2025) (each, a "**Semi-AnnualPIK and Cash Interest Payment Date**"), and (b) the remainder of the amount of interest during such period shall be paid in cash on each Semi-Annual PIK and Cash Interest Payment Date.

(b) *Principal and Interest Payments.* All then unpaid principal amount of each Advance owed by the Co-Borrowers to the Lenders, together with all accrued and unpaid interest, fees, and other amounts due and owing by the Co-Borrowers pursuant to this Agreement, shall be due and payable in cash on the Maturity Date; provided, however, that if the Advances are repaid or prepaid prior the Maturity Date, all interest accrued since the most recent PIK Interest Payment Date shall be due and payable in cash on the date of such repayment or prepayment."

**2.2 Section 2.1.3(c) (Voluntary Prepayment).** Section 2.1.3(c) of the Loan Agreement is hereby amended and restated it in its entirety to read as follows:

"(c) *Voluntary Prepayment.* Co-Borrowers shall be permitted to prepay all or any portion of the Advances, in each case, without premium or penalty (except with respect to the calculation of the applicable Redemption Price and for

2

---

prepayments made pursuant to Section 2.1.3(b) which are made in connection with a Change of Control), in an amount not less than the lesser of (i) the total amount of Advances outstanding under this Agreement or (ii) \$1,000,000, in each case, so long as (1) such Co-Borrower delivers written notice to each Lender of its election to prepay the Advances (or any portion thereof) at least five (5) Business Days (or such lesser amount permitted by the Required Lenders in their reasonable discretion) prior to such prepayment and (2) such Co-Borrowers pay, on the date of such prepayment (x) the Redemption Price for the principal amount to be prepaid, plus accrued and unpaid interest on such principal amount to be prepaid, and (y) all other sums, if any, that shall have become due and payable hereunder in connection with such principal amount to be repaid; provided that a notice of the prepayment delivered by any Co-Borrower may state that such notice of prepayment is conditioned upon the occurrence of other events, in which case such notice may be revoked by such Co-Borrower (by notice to each Lender on or prior to the specified effective date of such event) if such condition is not satisfied; provided, further that with respect to any prepayments made pursuant to Section 2.1.3(b) which are made in connection with a Change of Control, the Co-Borrowers shall pay to the Lenders, without duplication, an amount equal to the sum of (x) all outstanding principal due in connection with the Advances (or portion thereof) to be prepaid, plus accrued and unpaid interest thereon plus (y) all other sums, if any, that shall have become due and payable hereunder in connection with such Advances (or portion thereof) plus (z) an amount equal to 1% of the aggregate principal amount of such Advances (or portion thereof)."

**2.3 Section 2.1.4(a) (Interest Rate).** Section 2.1.4(a) of the Loan Agreement is hereby amended and restated it in its entirety to read as follows:

"(a) *Interest Rate.* Subject to Sections 2.1.2 and 2.1.4(b), the principal amount outstanding for each Advance shall accrue interest at a per annum rate equal to the applicable interest rate set forth opposite the corresponding period set forth in the chart below:

<u>Applicable Period</u>	<u>Interest Rate</u>
Effective Date through October 31, 2022	4.0%
November 1, 2022, through the day before the Second Amendment Date	9.0%
Second Amendment Date and thereafter	12.0%

"

**2.4 Section 2.3(a) (Lender Expenses and Agent Expenses).** Section 2.3(a) of the Loan Agreement is hereby amended and restated it in its entirety to read as follows:

**(a) Collateral Agent and Lender Expenses.** Co-Borrowers shall pay all Agent Expenses and Lender Expenses (including reasonable and documented attorneys' fees and expenses, plus expenses for documentation and negotiation of this Agreement) incurred through and after the Effective Date, when due; provided that the aggregate amount of Agent Expenses and Lender Expenses in connection with the closing of this Agreement and the other Loan Documents on or about the Effective Date shall not exceed Two Hundred Fifty Thousand Dollars (\$250,000)

3

---

per Lender; provided, further, that the aggregate amount of Agent Expenses and Lender Expenses required to be paid by the Co-Borrowers in connection with the closing of the Second Amendment on or about the Second Amendment Date shall not exceed Thirty Seven Thousand Five Hundred Dollars (\$37,500) per Lender and an additional Thirty Seven Thousand Five Hundred Dollars (\$37,500) for Collateral Agent."

**2.5 [Reserved].**

**2.6 Section 6.13 (Financial Covenants).** A new Section 6.13 is hereby added to the Loan Agreement to read as follows:

**"6.13 Financial Covenants.**

**(a) Adjusted EBITDA.** Co-Borrowers shall maintain Adjusted EBITDA, measured quarterly as of the last day of each fiscal quarter, of not less than (i) Five Million Dollars (\$5,000,000) for the trailing four quarter period ending as of December 31, 2024, March 31, 2025, June 30, 2025 and September 30, 2025 and (ii) Ten Million Dollars (\$10,000,000) for the trailing four quarter period ending as of December 31, 2025 and as of the end of each fiscal quarter thereafter.

**(b) Liquidity.** Co-Borrowers shall maintain Liquidity, measured quarterly as of the last day of each fiscal quarter, of not less than Ten Million Dollars (\$10,000,000), beginning with the fiscal quarter ending June 30, 2023."

**2.7 Section 10 (Notices).** Section 10 of the Loan Agreement is hereby amended by deleting the phrase "SPACEFLIGHT INDUSTRIES, INC. 1505 Westlake Avenue N, Suite 600, Seattle, WA 98109 Attn: Legal Department Email: legal@spaceflightindustries.com" and replacing it with the phrase BLACKSKY TECHNOLOGY INC. 13241 Woodland Park Road, Suite 300, Herndon VA 20171 Attn: Legal Department Email: legal@blacksky.com".

**2.8 Section 14 (Definitions).** The definition of the term "Cash Equivalents" set forth in Section 14 of the Loan Agreement is hereby amended and restated in its entirety to read as follows:

**"Cash Equivalents"** means (a) marketable direct obligations issued or unconditionally guaranteed by the United States or any agency or any State thereof having maturities averaging not more than one (1) year from the date of acquisition; (b) commercial paper maturing no more than one (1) year after its creation and having the highest rating from either Standard & Poor's Ratings Group or Moody's Investors Service, Inc.; (c) SVB's (or any other comparable United States based commercial or retail bank or financial institution with assets in excess of \$500,000,000) certificates of deposit balances with an average maturity of no more than one (1) year after issue; and (d) money market funds at least ninety-five percent (95%) of the assets of which constitute Cash Equivalents of the kinds described in clauses (a) through (c) of this definition."

**2.9 Section 14 (Definitions).** The definition of the term "Maturity Date" set forth in Section 14 of the Loan Agreement is hereby amended and restated in its entirety to read as follows:

**"Maturity Date"** means October 31, 2026."

4

**2.10 Section 14 (Definitions).** The definition of the term “**Permitted Indebtedness**” set forth in Section 14 of the Loan Agreement is hereby amended by deleting the phrase “unsecured Subordinated Debt” and replacing it with the phrase “Subordinated Debt”.

**2.11 Section 14 (Definitions).** The definition of the term “**Permitted Liens**” set forth in Section 14 of the Loan Agreement is hereby amended by deleting clause (o) in its entirety and replacing it with the following:

“(o) Liens securing (i) the Commercial Credit Facility and (ii) so long as there is an effective subordination, intercreditor, or other similar agreement in form and substance satisfactory to the Required Lenders between the Collateral Agent (on behalf of the Lenders) and the holder of such Indebtedness (or an agent or other representative thereof), Subordinated Debt;”

**2.12 Section 14 (Definitions).** The definition of the term “**PIK Interest Payment Date**” set forth in Section 14 of the Loan Agreement is hereby amended and restated it in its entirety to read as follows:

“**PIK Interest Payment Date**” means each Annual PIK Interest Payment Date, Semi-Annual PIK and Cash Interest Payment Date and Semi-Annual PIK and Reduced Cash Interest Payment Date, as applicable.”

**2.13 Section 14 (Definitions).** The definition of the term “**PIK Interest**” set forth in Section 14 of the Loan Agreement is deleted in its entirety.

**2.14 Section 14 (Definitions).** The new definitions below are hereby added to the definitions in Section 14 of the Loan Agreement in alphabetical order:

**“Adjusted EBITDA”** means, for any period ending on the measurement date, net income or loss attributable to Co-Borrowers on a consolidated basis less interest expense, less income tax expense, less depreciation and amortization expense, less non-cash and/or non-recurring expenses (including, but not limited to, realized loss on conversion of bridge notes, stock-based compensation expense, unrealized (gain)/loss on certain warrants/shares classified as derivatives, satellite impairment loss, (gain)/loss on debt extinguishment, (gain)/loss from discontinued operations, severance and loss/(gain) on equity method investment), transaction related legal settlements, and transaction costs associated with derivative liabilities.

**“Annual PIK Interest Payment Date”** is defined in Section 2.1.2 of this Agreement.

**“Liquidity”** means the sum of Co-Borrowers’ unrestricted cash and Cash Equivalents, in each case, held in a Collateral Account that is subject to a Control Agreement in favor of the Collateral Agent.

**“Redemption Price”** means the following amount with respect to the any principal amount to be prepaid:

(a) prior to April 30, 2024, the present-day value of interest that would be payable on such principal amount up to and including April 30, 2024, discounted at an interest rate equal to the US Treasury yield with a corresponding maturity plus 0.50%, plus the amount that would be payable on April 30, 2024, per clause (b) of this definition;

(b) on or after April 30, 2024, but prior to October 31, 2024, an amount equal to the sum of (i) the amount of principal to be repaid and (ii) 6% multiplied by the principal amount to be repaid;

(c) on or after October 31, 2024, but prior to October 31, 2025, an amount equal to the sum of (i) the amount of principal to be repaid and (ii) 3% multiplied by the principal amount to be repaid; and

(d) on or after October 31, 2025, an amount equal to the principal amount to be repaid.

**"SecondAmendment"** means that certain Second Amendment to Amended and Restated Loan and Security Agreement, dated as of the Second Amendment Date, by and among Intelsat, as a lender, Seahawk SPV Investment LLC, as a lender, the Collateral Agent and the Co-Borrowers.

**"SecondAmendment Date"** means May 9, 2023."

**"Semi-AnnualPIK and Cash Interest Payment Date"** is defined in Section 2.1.2 of this Agreement.

**"Semi-AnnualPIK and Reduced Cash Interest Payment Date"** is defined in Section 2.1.2 of this Agreement.

### **3. Conditions to Effectiveness; Limitation of Amendments.**

**3.1** This Amendment shall become effective upon satisfaction of the conditions set forth in this Section 3.1.

a. Receipt by the Collateral Agent of the following, all of which shall be reasonably satisfactory to the Collateral Agent:

- i. delivery of this Amendment, duly executed by the parties hereto, including each Co-Borrower and each Lender; and
- ii. a certificate of a Responsible Officer or applicable manager of each Co-Borrower other than Blacksky Europe, dated the date of this Amendment, certifying that (x) the conditions set forth in clauses (d) and (e) of this Section 3.1 have been satisfied, (w) copies of the Operating Documents of such Co-Borrower previously delivered to Collateral Agent remain unchanged (or providing copies of any amendments thereto), (x) copies of the resolutions of such Co-Borrower's board of directors, members, or managers, as applicable, approving the Loan Documents (including any amendment thereto) and the transactions contemplated thereby remain unchanged and (y) the incumbency (including specimen signatures) of certain officers of such Co-Borrower.

b. Payment of the fees and Lender Expenses and Agent Expenses then due as specified in Section 2.3(a) of the Amended Loan Agreement.

c. Payment by Co-Borrowers to each Lender party hereto of an amendment fee equal to one half percent (0.50%) of the unpaid principal amount of the Term

6

---

Loan held by such Lender, plus the amount of accrued and unpaid interest thereon.

- d. Each of the representations and warranties in Amended Loan Agreement shall be true and accurate in all material respects (or in all respects if qualified by materiality or Material Adverse Effect).
- e. No Default or Event of Default shall have occurred and shall be continuing.

**3.2** The amendments set forth in Section 2 above are effective for the purposes set forth herein and shall be limited precisely as written and shall not be deemed to (a) be a consent to any amendment, waiver or modification of any other term or condition of any Loan Document, or (b) otherwise prejudice any right or remedy which Collateral Agent or the Lenders may now have or may have in the future under or in connection with any Loan Document.

**3.3** This Amendment shall be construed in connection with and as part of the Loan Documents and all terms, conditions, representations, warranties, covenants and agreements set forth in the Loan Documents are hereby ratified and confirmed and shall remain in full force and effect.

**4. Prior Agreement; Reaffirmation.**

**4.1** Except as expressly set forth herein, the Loan Documents are hereby ratified and reaffirmed and shall remain in full force and effect. This Amendment is not a novation and the terms and conditions of this Amendment shall be in addition to and supplemental to all terms and conditions set forth in the Loan Documents. In the event of any conflict or inconsistency between this Amendment and the terms of such documents, the terms of this Amendment shall be controlling, but such document shall not otherwise be affected or the rights therein impaired. On and after the effectiveness of this Amendment, each reference in any Loan Document (other than this Amendment) to the "Loan Agreement", "thereunder", "thereof" or words of like import shall mean and be a reference to Amended Loan Agreement.

**4.2** Each Co-Borrower hereby ratifies and reaffirms the validity and enforceability (without defense, counterclaim or offset of any kind) of the Liens and security interests granted by such Co-Borrower to the Collateral Agent to secure any of the Obligations (including as may be expanded, increased or amended from time to time) pursuant to the Amended Loan Agreement.

**5. Integration.** This Amendment and the Loan Documents represent the entire agreement about this subject matter and supersede prior negotiations or agreements. All prior agreements, understandings, representations, warranties, and negotiations between the parties about the subject matter of this Amendment and the Loan Documents merge into this Amendment and the Loan Documents.

**6. Counterparts.** This Amendment may be executed in any number of counterparts and all of such counterparts taken together shall be deemed to constitute one and the same instrument. Delivery of an executed signature page to this Agreement by facsimile or other electronic imaging transmission shall be as effective as delivery of a manually signed counterpart of this Agreement. For all purposes of this Agreement and any document to be signed or delivered in connection with or pursuant to this Agreement, the words "execution,"

7

---

"signed," "signature," "delivery," and words of like import shall be deemed to include electronic signatures, deliveries or the keeping of records in electronic form, as the case may be, each of which shall be of the same legal effect, validity or enforceability as a manually executed signature, physical delivery or the use of a paper-based recordkeeping system, as the case may be.

**7. Governing Law, Venue, Jury Trial Waiver and Judicial Reference.** The provisions of Section 11 of the Loan Agreement shall apply to this Amendment *mutatis mutandis*.

*[Signature Page Follows.]*

8

---

**In Witness Whereof**, the parties hereto have caused this Amendment to be duly executed and delivered as of the date first written above.

**CERTIFICATION PURSUANT TO  
RULES 13a-14(a) AND 15d-14(a) UNDER THE SECURITIES EXCHANGE ACT OF 1934,  
AS ADOPTED PURSUANT TO SECTION 302 OF THE SARBANES-OXLEY ACT OF 2002**

I, Brian O'Toole, certify that:

1. I have reviewed this Quarterly Report on Form 10-Q for the quarterly period ended March 31, 2023 June 30, 2023 of BlackSky Technology Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
  - a. Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - b. Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - c. Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
  - d. Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
  - a. All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and

b. Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
