Table of ContentsConagra Brands, Inc. and SubsidiariesNotes to Unaudited Condensed Consolidated Financial Statements(columnar dollars in millions except per share amounts)1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIESThe accompanying Condensed Consolidated Financial Statements of Conagra Brands, Inc. (the â€œCompanyâ€, â€œConagra Brandsâ€, â€œweâ€, â€œusâ€, or â€œourâ€) have been prepared in accordance with U.S. generally accepted accounting principles (â€œU.S. GAAPâ€) for interim financial information and with the rules and regulations for reporting on Form 10-Q. Accordingly, they do not include certain information and disclosures required for comprehensive financial statements. The unaudited financial information reflects all adjustments, which are, in the opinion of management, necessary for a fair presentation of the results of operations, financial position, and cash flows for the periods presented. During the first quarter of fiscal 2025, we determined that certain assets were held for sale. We have reclassified these assets within our Condensed Consolidated Balance Sheets for all periods presented (see Note 3).Â All other adjustments are of a normal recurring nature. The results of operations for any quarter or a partial fiscal year period are not necessarily indicative of the results to be expected for other periods or the full fiscal year. These Condensed Consolidated Financial Statements should be read in conjunction with the Consolidated Financial Statements and related notes included in our Annual Report on Form 10-K for the fiscal year ended May 26, 2024.Â There were no significant changes to our accounting policies from those disclosed in Note 1, â€œSummary of Significant Accounting Policiesâ€, to the Consolidated Financial Statements in that Form 10-K.Recently IssuedÂ Accounting Pronouncements and Disclosure RulesIn November 2023, the FASB issued ASU 2023-07, Segment Reporting (Topic 280): Improvements to Reportable Segment Disclosures, to improve reportable segment disclosure requirements, primarily through enhanced disclosures about significant segment expenses. The disclosure requirements must be applied retrospectively to all prior periods presented in the financial statements. The effective date for the standard is for fiscal years beginning after December 15, 2023 and interim periods within fiscal years beginning after December 15, 2024. Early adoption is permitted. We are in the process of analyzing the impact of the ASU on our related disclosures. We will adopt this guidance in the fourth quarter of fiscal 2025, when it becomes effective.In DecemberÂ 2023, the FASB issued ASU 2023-09, Improvements to Income Tax Disclosures,Â to provideÂ more detailed income tax disclosure requirements. The guidance requires entities to disclose disaggregated information about their effective tax rate reconciliation as well as information on income taxes paid. The disclosure requirements will be applied on a prospective basis, with the option to apply it retrospectively. The effective date for the standard is for fiscal years beginning after December 15, 2024. Early adoption is permitted. We are in the process of analyzing the impact of the ASU on our related disclosures. We will adopt this guidance in the fourth quarter of fiscal 2026, when it becomes effective.In March 2024, the Securities and Exchange Commission (â€œSECâ€) issued final climate-related disclosureÂ rules that will require disclosure of material climate-related risks and material direct greenhouse gasÂ emissions from operations owned or controlled (Scope 1) and/or material indirect greenhouse gas emissions from purchased energy consumed in owned or controlled operations (Scope 2). Additionally, the rules require disclosure in the notes to the financial statements of the effects of severe weather events and other natural conditions, subject to certain materiality thresholds. In April 2024, the SEC stayed its implementation of this rule pending the outcome of legal challenges. However, we continue to monitor developments and analyze the potential impact of the new rules on our related disclosures. â€‹In November 2024, the FASB issued ASU 2024-03, Disaggregation of Income Statement Expenses, to provide disaggregated disclosures of specific expense categories underlying certain income statement expense line items on an annual and interim basis. The disclosure requirements will be applied on a prospective basis, with the option to apply it retrospectively. The effective date for the standard is for fiscal years beginning after December 15, 2026 and interim periods within fiscal years beginning after December 15, 2027. Early adoption is permitted. We are in the process of analyzing the impact of the ASU on our related disclosures.â€‹2. ACQUISITIONSIn July 2024, we acquired the manufacturing operations of an existing co-manufacturer of our cooking spray products, for a cash purchase price of $51.2 million, including working capital adjustments. Approximately $46.0 million of the purchase price has been classified as goodwill, which is deductible for income tax purposes. The settlement of certain pre-existing contractual agreements between Conagra and the co-manufacturer as part of the transaction resulted in a net gain of $3.4 million within selling, general and administrative (â€œSG&Aâ€) expenses in the first half of fiscal 2025. In August 2024, we acquired the outstanding equity of Sweetwood Smoke & Co., maker of FATTYÂ® smoked meat sticks, for a cash purchase price of $179.4 million, net of cash acquired and including working capital adjustments. Approximately $129.9 million of the purchase price has been classified as goodwill, which is deductible for income tax purposes. Approximately $55.8 million and $5.5 million of the purchase price has been allocated to non-amortizing and amortizing intangible assets, respectively. 5 Table of ContentsFor each of these acquisitions, the amounts allocated to goodwill were primarily attributable to anticipated synergies, future growth opportunities, and other intangibles that do not qualify for separate recognition such as an assembled workforce. The results of each of these acquisitions, subsequent to the acquisitions closings, are primarily included in the Grocery & Snacks segment and through November 24, 2024, were not material to our Condensed Consolidated Statements of Earnings. Under the acquisition method of accounting, the assets acquired and liabilities assumed in these acquisitions were recorded at their respective estimated fair values at the date of acquisition.3. DIVESTITURES AND ASSETS HELD FOR SALEDivestituresDuring the first quarter of fiscal 2025, we completed the sale of our 51.8% ownership stake in Agro Tech Foods Limited (â€œATFLâ€) for net proceeds ofÂ $76.8 million. Prior to the transaction, our majority ownership of ATFL was consolidated within our International segment. We recognized a loss of $2.3 million on the sale within SG&A expenses in the first quarter of fiscal 2025. In connection with this divestiture, we also released $41.8 million and $38.0 million of currency translation losses from accumulated other comprehensive loss and noncontrolling interests, respectively. In the second quarter of fiscal 2024, we recognized an impairment charge of $34.2 million within SG&A expenses related to this business.The assets and liabilities related to ATFL have been reclassified as assets and liabilities held for sale within our Condensed Consolidated Balance Sheet for the period presented prior to the divestiture. The assets and liabilities classified as held for sale reflected in our Condensed Consolidated Balance Sheet were as follows:â€‹â€‹â€‹â€‹â€‹â€‹Â Â Â Â May 26, 2024Current assetsâ€‹$ 32.0Noncurrent assets (including goodwill of $46.4 million)â€‹â€‹ 89.2Current liabilitiesâ€‹â€‹ 14.8Noncurrent liabilitiesâ€‹â€‹ 1.9â€‹Other Assets Held for SaleAs a result of managementâ€™s decision to exit a certain manufacturing facility and related warehouse in our Refrigerated & Frozen segment in fiscal 2024, we began to actively market these assets during the first quarter of fiscal 2025. We anticipate entering into a definitive agreement to sell these assets in the next twelve months. Accordingly, these assets have been reclassified as assets held for sale within our Condensed Consolidated Balance Sheets for all periods presented.â€‹In addition, we actively market certain other assets from time to time. These assets have also been reclassified as assets held for sale within our Condensed Consolidated Balance Sheets for periods prior to the disposal of the individual asset groups.The related assets classified as held for sale reflected in our Condensed Consolidated Balance Sheets were $21.2 million and $21.4 million as of November 24, 2024 and May 26, 2024, respectively.4. RESTRUCTURING ACTIVITIESSee our Consolidated Financial Statements and related notes included in our Annual Report on Form 10-K for the fiscal year endedÂ May 26, 2024 for additional information on our restructuring activities.Conagra Restructuring PlanFrom fiscal 2019 through November 24, 2024, we haveÂ approved $333.2Â million ($92.7Â million of cash charges and $240.5 million of non-cash charges) and recognized cumulative charges of $303.3Â million as part of a restructuring plan to improve SG&A expense effectiveness and efficiencies and to optimize our supply chain network (the â€œConagra Restructuring Planâ€). In the second quarter and firstÂ half of fiscal 2025, we recognized charges of $79.5Â million and $83.8 million, respectively, in connection with the Conagra Restructuring Plan. In the second quarter and first half of fiscal 2024, we recognized charges of $3.6 million and $27.4 million, respectively, in connection with the Conagra Restructuring Plan. We incur costs related to the Conagra Restructuring Plan over a multi-year period.6 Table of ContentsDuring the first halfÂ of fiscal 2025, we recognized the following pre-tax expenses for the Conagra Restructuring Plan:â€‹â€‹â€‹â€‹â€‹â€‹

future economic conditions, industry-specific conditions, product pricing, and necessary capital expenditures. The use of different assumptions or estimates for future cash flows, discount rates, or terminal growth rates could produce substantially different estimates of the fair value.As a result of our impairment tests, we recognized impairment charges in SG&A expenses of $18.9 million within our Grocery & Snacks and Refrigerated & Frozen segments for certain brands that continued to have lower than expected sales and profit margins. There were no impairments to goodwill.Amortizing intangible assets carry a remaining weighted average life of approximately 17Â years. Amortization expense was $13.5Â million and $26.9Â million for theÂ second quarter and first half of fiscal 2025, respectively, and $13.3 million and $26.8 million for the second quarter and first half of fiscal 2024, respectively.Â Based on amortizing assets recognized in our Condensed Consolidated Balance Sheet as of November 24, 2024, amortization expense is estimated to average $43.3Â million for each of the next five years.8. DERIVATIVE FINANCIAL INSTRUMENTSSee our Consolidated Financial Statements and related notes included in our Annual Report on Form 10-K for the fiscal year ended May 26, 2024, for additional information on our derivative activities.Derivatives Designated as Cash Flow HedgesDuring the first quarter of fiscal 2019, we entered into deal-contingent forward starting interest rate swap contracts to hedge a portion of the interest rate risk related to our issuance of long-term debt to help finance the acquisition of Pinnacle Foods,Â Inc. We settled these contracts during the second quarter of fiscal 2019 and deferred a $47.5 million gain in accumulated other comprehensive income that is being amortized as a reduction of interest expense over the lives of the related debt instruments. The unamortized amount at November 24, 2024Â was $26.7Â million.Economic Hedges of Forecasted Cash FlowsMany of our derivatives do not qualify for, and we do not currently designate certain commodity or foreign currency derivatives to achieve, hedge accounting treatment. We reflect realized and unrealized gains and losses from derivatives used to economically hedge anticipated commodity consumption and to mitigate foreign currency cash flow risk in earnings immediately within general corporate expense (within cost of goods sold). The gains and losses are reclassified to segment operating results in the period in which the underlying item being economically hedged is recognized in cost of goods sold. In the event that management determines a particular derivative entered into as an economic hedge of a forecasted commodity purchase has ceased to function as an economic hedge, we cease recognizing further gains and losses on such derivatives in corporate expense and begin recognizing such gains and losses within segment operating results immediately.9 Table of ContentsThe following table presents the net derivative gains (losses) from economic hedges of forecasted commodity consumption and the foreign currency risk of certain forecasted transactions, under this methodology:â€‹â€‹â€‹

Overall gross profit was flat as the impacts of input cost inflation and unfavorable operating leverage were offset by productivity and lower transportation costs. Overall segment operating profit decreased in our Refrigerated & Frozen and Foodservice segments, slightly offset by an increase in our Grocery & Snacks and International segments. Corporate expenses were lowerÂ and selling, general and administrative (â€œSG&Aâ€) expenses were higher primarily due to items impacting comparability, as discussed below. We recognized lower equity method investment earnings, lower interest expense, and lower income tax expense, in each case compared to the second quarter of fiscalÂ 2024. Excluding items impacting comparability, our effective tax rate was lower than the second quarter of fiscalÂ 2024.Diluted earnings per share in the second quarter of fiscal 2025Â andÂ 2024 wasÂ $0.59 and $0.60, respectively. Diluted earnings per share was affected by slightly lower net income in the second quarter of fiscal 2025 compared to the second quarter of fiscalÂ 2024.Trends Impacting Our BusinessOur industry continues to be impacted by shifting consumer behavior, commodity cost fluctuations, exchange rate volatility, labor cost inflation, input cost inflation, supply chain disruptions, and other global macroeconomic challenges. During the first half of fiscal 2025, we experienced a moderate amount of input cost inflation and negative impacts from exchange rates, which we were able to partially offset through our on-going productivity initiatives.We expect consumer trends to continue to evolve and our volumes to improve over time, however, economic pressures on consumers, including the challenges of high inflation,Â may continue to negatively impact our volumes throughout fiscal 2025.Â We will continue to evaluate the evolving macroeconomic environment to take action to mitigate the impact on our business, consolidated results of operations, and financial condition.Items Impacting ComparabilitySegment presentation of gains and losses from derivatives used for economic hedging of anticipated commodity input costs and foreign currency exchange rate risks of anticipated transactions is discussed in further detail in Note 8,Â â€œDerivative Financial Instrumentsâ€, to the Condensed Consolidated Financial Statements contained in this report.Â We had $10.9 million of derivative gains and $11.2 million of derivative losses in the second quarter of fiscal 2025 and 2024, respectively, and $9.6 million and $16.4 million of derivative gains in the first half of fiscal 2025 and 2024, respectively, which were included in general corporate expenses and reflected as items impacting comparability.Other items of note impacting comparability for the second quarter of fiscal 2025 included the following:â—charges totaling $79.5 million ($60.4 million after-tax) in connection with our restructuring plans, â—charges of $18.9 million ($14.5 million after-tax) related to the impairments of certain brand intangible assets, andâ—an income tax benefit of $14.4 million primarily associated with the recognition of certain unrecognized tax benefits and release of valuation allowances on certain deferred tax assets based upon interactions with the taxing authorities.Items of note impacting comparability for the second quarter of fiscalÂ 2024 included the following:â—a charge of $34.2 million ($34.2 million after-tax) related to the impairment of a business held for sale,â—charges of $14.0 million ($10.4 million after-tax) related to legacy legal matters, andâ—charges totaling $3.5 million ($2.7 million after-tax) in connection with our restructuring plans.Items of note impacting comparability for the first half of fiscalÂ 2025 included the following:â—an income tax benefit of $225.8 million primarily associated with the release of valuation allowances on certain deferred tax assets based upon interactions with the taxing authorities,21 Table of Contentsâ—charges totaling $83.8 million ($63.6 million after-tax) in connection with our restructuring plans,â—charges of $18.9 million ($14.5 million after-tax) related to the impairments of certain brand intangible assets,â—a gain of $17.0 million ($12.8 million after-tax) associated with insurance proceeds from the previous fire that occurred at one of our manufacturing facilities, andâ—net charges totaling $3.4 million ($2.6 million after-tax) related to legacy legal matters.Items of note impacting comparability for the first half of fiscalÂ 2024 included the following:â—a charge of $34.2 million ($34.2 million after-tax) related to the impairment of a business held for sale,â—charges totaling $27.9 million ($20.8 million after-tax) in connection with our restructuring plans, andâ—charges of $14.0 million ($10.4 million after-tax) related to legacy legal matters.SEGMENT REVIEWWe reflect our results of operations in four reporting segments: Grocery & Snacks, Refrigerated & Frozen, International, and Foodservice.Grocery & SnacksThe Grocery & Snacks reporting segment principally includes branded, shelf-stable food products sold in various retail channels in the United States.Refrigerated & FrozenThe Refrigerated & Frozen reporting segment principally includes branded, temperature-controlled food products sold in various retail channels in the United States.InternationalThe International reporting segment principally includes branded food products, in various temperature states, sold in various retail and foodservice channels outside of the United States.FoodserviceThe Foodservice reporting segment includes branded and customized food products, including meals, entrees, sauces, and a variety of custom-manufactured culinary products that are packaged for sale to restaurants and other foodservice establishments primarily in the United States.Net Salesâ€‹â€‹â€‹â

respectively. The decrease was driven by an overall reduction of our debt balances. See Note 5, â€œDebt and Revolving Credit Facilityâ€, to the Condensed Consolidated Financial Statements contained in this report for further discussion.25 Table of ContentsEquity Method Investment EarningsEquity method investment earnings wereÂ $48.5 million andÂ $54.3 million for the second quarter of fiscal 2025 and 2024, respectively. Equity method investment earnings were $77.6 million and $89.8 million for the first half of fiscal 2025 and 2024, respectively. Ardent Mills earnings for the second quarter and first half of fiscalÂ 2025Â continued to reflectÂ slightly lower volume trends as seen throughout the industry.Income TaxesIn the second quarter of fiscalÂ 2025Â and 2024, we recognized income tax expense ofÂ $61.5 million and $102.9 million, respectively. In the first half of fiscal 2025 and 2024, we recognized an income tax benefit of $77.4 million and income tax expense of $201.2 million, respectively. The effective tax rate (calculated as the ratio of income tax expense to pre-tax income, inclusive of equity method investment earnings) was approximatelyÂ 17.8% andÂ 26.5% for the second quarter of fiscalÂ 2025Â and 2024, respectively. The effective tax rate was approximately (11.5)% and 24.9% for the first half of fiscal 2025 and 2024, respectively. See Note 12, â€œIncome Taxesâ€, to the Condensed Consolidated Financial Statements contained in this report for a discussion on the change in effective tax rates.Earnings Per ShareDiluted earnings per share in the second quarter of fiscal 2025Â andÂ 2024 wasÂ $0.59 andÂ $0.60, respectively. Diluted earnings per share in the first half of fiscal 2025 and 2024 was $1.57 and $1.26, respectively. The increase reflected higher net income in the first half of fiscal 2025 compared to the first half of fiscal 2024.LIQUIDITY AND CAPITAL RESOURCESSources of Liquidity and CapitalThe primary objective of our financing strategy is to maintain a prudent capital structure that provides us flexibility to pursue our growth objectives. We use a combination of equity and short- and long-term debt. We use short-term debt principally to finance ongoing operations, including our seasonal requirements for working capital (accounts receivable, prepaid expenses and other current assets, and inventories, less accounts and other payables, accrued payroll, and other accrued liabilities). We strive to maintain solid investment grade credit ratings.Management believes that existing cash balances, cash flows from operations, existing credit facilities, our commercial paper program, and access to capital markets will provide sufficient liquidity to meet our debt obligations, including any repayment of debt or refinancing of debt, working capital needs, planned capital expenditures, other contractual obligations, and payment of anticipated quarterly dividends for at least the next twelve months and the foreseeable future thereafter.Borrowing Facilities and Long-Term DebtAt November 24, 2024, we had a revolving credit facility (the â€œRevolving Credit Facilityâ€) with a syndicate of financial institutions providing for a maximum aggregate principal amount outstanding at any one time of $2.0Â billion (subject to increase to a maximum aggregate principal amount of $2.5Â billion with the consent of the lenders). The Revolving Credit Facility matures on AugustÂ 26, 2027Â and is unsecured. The Company may request the term of the Revolving Credit Facility be extended for additional one-year or two-year periods from the then-applicable maturity date on an annual basis. We have historically used a credit facility principally as a back-up for our commercial paper program. As of November 24, 2024, there were no outstanding borrowings under the Revolving Credit Facility.As of November 24, 2024, we had $849.0 million outstanding under our commercial paper program. The highest level of borrowings outstanding during the first half ofÂ fiscal 2025Â was $1.0 billion. We had $586.0Â million outstanding under our commercial paper program as of May 26, 2024.During the second quarter of fiscal 2025, we prepaid the remaining outstanding $250.0 million aggregate principal amount of our unsecured term loan (the â€œTerm Loanâ€). The repayment was primarily funded by operating cash flows. For additional information about our long-term debt balances, refer to Note 5, â€œDebt and Revolving Credit Facilityâ€, to the Condensed Consolidated Financial Statements contained in this report and Note 3, â€œLong-Term Debtâ€, to the Consolidated Financial Statements contained in the Companyâ€™s Annual Report on Form 10-K for the fiscal year ended May 26, 2024. The weighted average coupon interest rate of long-term debt obligations outstanding as of November 24, 2024 was approximately 4.9%.â€‹26 Table of ContentsWe expect to maintain or have access to sufficient liquidity to retire or refinance long-term debt at maturity or otherwise, from operating cash flows, our commercial paper program, access to the capital markets, and our Revolving Credit Facility. We continuously evaluate opportunities to refinance our debt; however, any refinancing is subject to market conditions and other factors, including financing options that may be available to us from time to time, and there can be no assurance that we will be able to successfully refinance any debt on commercially acceptable terms at all.As of the end of the second quarter of fiscal 2025, our senior long-term debt ratings were all investment grade. A significant downgrade in our credit ratings would not affect our ability to borrow amounts under the Revolving Credit Facility, although borrowing costs would increase. A downgrade of our short-term credit ratings would impact our ability to borrow under our commercial paper program by negatively impacting borrowing costs and causing shorter durations, as well as making access to commercial paper more difficult, or impossible.Our most restrictive debt agreement (the Revolving Credit Facility) generally requires our ratio of earnings before interest, taxes, depreciation and amortization (â€œEBITDAâ€) to interest expenseÂ not be less than 3.0 to 1.0 and our ratio of funded net debt to EBITDA not to exceed 4.5Â to 1.0. Each ratio is to be calculated on a rolling four-quarter basis. As of November 24, 2024, we were in compliance with all financial covenants.Equity and DividendsWe repurchase shares of our common stock from time to time after considering market conditions and in accordance with repurchase limits authorized by our Board. Under our current share repurchase authorization, we may repurchase our shares periodically over several years, depending on market conditions and other factors, and may do so in open market purchases or privately negotiated transactions. The share repurchase authorization has no expiration date. During the first quarter of fiscal 2025, we repurchased 2.1 million shares of our common stock under this authorization for an aggregate of $64.0 million. We did not repurchase any shares of common stock during the second quarter of fiscal 2025. The Companyâ€™s total remaining share repurchase authorization as of November 24, 2024 was $852.6Â million.On November 27, 2024, the Company paid a quarterly cash dividend on shares of its common stock of $0.35Â per share to stockholders of record as of close of business on October 31, 2024. On December 12, 2024, we announced that our Board had authorized a quarterly dividend of $0.35 per share to be paid on February 27, 2025, to stockholders of record as of close of business on January 27, 2025.Contractual ObligationsAs part of our ongoing operations, we enter into contractual arrangements that obligate us to make future cash payments. These obligations impact our liquidity and capital resource needs. In addition to principal and interest payments on our outstanding long-term debt and notes payable balances, discussed above, our contractual obligations primarily consist of leaseÂ payments, income taxes, pension and postretirement benefits, and unconditional purchase obligations. In the second quarter of fiscal 2025, we entered into a warehousing service agreement with obligations totaling approximately $187 million over a term of 10 years. There were no other material changes to our contractual obligations from those disclosed in the Companyâ€™s Annual Report on Form 10-K for the fiscal year ended May 26, 2024.Capital ExpendituresWe continue to make investments in our business and operating facilities. Our estimate of capital expenditures for fiscalÂ 2025 is approximately $450Â million.Cash FlowsDuring the first half of fiscal 2025, we used $41.6 million of cash, which was the net result of $754.2Â million generated from operating activities, $366.0Â million used in investing activities, $425.2Â million used in financing activities, and a decrease of $4.6 million due to the effects of changes in foreign currency exchange rates.Cash generated from operating activities totaled $754.2Â million and $854.6Â million in theÂ first half of fiscal 2025Â and 2024, respectively. The decreaseÂ in operating cash flows for theÂ first half of fiscal 2025Â compared to theÂ first half of fiscal 2024Â was primarily driven by lower operating profits and lower dividend payments received from one of our equity method investments partially offset by the timing of payments of accounts payable and the accelerated receipt of our outstanding receivables. In the second quarter of fiscal 2025, we utilized certain customer payment term offerings to accelerate receipt on our outstanding receivables in exchange for a slightly higher prompt pay discount, which increased our cash flow from operations by approximately $155 million. Operating cash flows in the first half of fiscal 2025 also benefited from lower tax payments as a result of recent interactions with the U.S. Internal Revenue Service (â€œIRSâ€) allowing for additional tax deductions. 27 Table of ContentsCash used in investing activities totaled $366.0 million and $203.9Â million in theÂ first half of fiscal 2025Â and 2024, respectively. Investing activities in the first half of fiscal 2025 consisted primarily of capital expenditures totaling $215.4Â million, and the purchases of an existing co-manufacturer and Sweetwood Smoke & Co. for a total of $230.6 million, net of cash acquired, which were partially offset by net proceeds totaling $76.8 million from the sale of our ownership stake in Agro Tech Foods Limited (â€œATFLâ€). Investing activities in the first half of fiscal 2024 consisted primarily of capital expenditures totaling $214.0Â million. Cash used in financing activities totaled $425.2Â million and $683.4Â million in the first half of fiscal 2025 and 2024, respectively.Â Financing activities in theÂ first half of fiscal 2025Â principally reflected repayments of long-term debt of $270.2 million, cash dividends paid of $335.1Â million, and common stock repurchases of $64.0 million partially offset by net short-term borrowing issuances of $264.4 million. Financing activities in theÂ first half of fiscal 2024Â principally reflected repayments of long-term debt of $760.6Â million, the issuance of long-term debt totaling $500.0 million, net short-term borrowingÂ repayments of $81.2Â million, and cash dividends paid of $324.7Â million.Cash Held by International SubsidiariesThe Company had cash and cash equivalents of $37.4Â million at November 24, 2024 and $77.7Â million at May 26, 2024, of which $28.3Â million at November 24, 2024 and $66.7Â million at May 26, 2024 was held in foreign countries. A deferred tax liability is provided for certain undistributed foreign earnings that are not considered to be indefinitely reinvested or cannot be remitted in a tax-neutral transaction.Â Other undistributed foreign earnings are invested indefinitely and therefore we have not provided deferred taxes on those earnings.CRITICAL ACCOUNTING ESTIMATESFor further discussion of our critical accounting estimates, please refer to the â€œManagementâ€™s Discussion and Analysis of Financial Condition and Results of Operationsâ€ section in Part II, Item 7, of our Annual Report on Form 10-K for the fiscal year ended May 26, 2024.â€‹ITEMÂ 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISKThe principal market risks affecting us are exposures to price fluctuations of commodity and energy inputs, interest rates, and foreign currencies.Other than the changes noted below, there have been no material changes in our market risk during the twenty-sixÂ weeksÂ ended November 24, 2024. For additional information, refer to the â€œQuantitative and Qualitative Disclosures About Market Riskâ€ section in Part II, ItemÂ 7A of our Annual Report on Form 10-K for the fiscal year ended May 26, 2024.Commodity Market RiskWe purchase commodity inputs such as wheat, corn, vegetable oils, pork, dairy products, and energy to be used in our operations. These commodities are subject to price fluctuations that may create price risk. We enter into commodity hedges to manage this price risk using physical forward contracts or derivative instruments. We have policies governing the hedging instruments our businesses may use. These policies include limiting the dollar risk exposure for each of our businesses. We also monitor the amount of associated counter-party credit risk for all non-exchange-traded transactions.Interest Rate RiskWe may use interest rate swaps to manage the effect of interest rate changes on the fair value of our existing debt as well as the forecasted interest payments for the anticipated issuance of debt.The carrying amount of long-term debt (including current installments) was $7.27Â billion as of November 24, 2024. Based on current market rates, the fair value of this debt at November 24, 2024 was estimated at $7.12 billion. As of November 24, 2024, a 1% increase in the interest rates would decrease the fair value of our fixed rate debt by approximately $340.6 million, while a 1% decrease in interest rates would increase the fair value of our fixed rate debt by approximately $382.7 million.Foreign Currency RiskIn order to reduce exposures for our processing activities related to changes in foreign currency exchange rates, we may enter into forward exchange or option contracts for transactions denominated in a currency other than the functional currency for certain of our operations. This activity primarily relates to economically hedging against foreign currency risk in purchasing inventory and capital equipment, sales of finished goods, and future settlement of foreign denominated assets and liabilities.28 Table of ContentsEffect of Hypothetical 10% FluctuationThe potential gain or loss on the fair value of our outstanding commodity and foreign exchange contracts, assuming a hypothetical 10% fluctuation in commodity prices and foreign currency exchange rates, would have been (in millions):â€‹â€‹â€‹

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIESThe accompanying Condensed Consolidated Financial Statements of Conagra Brands, Inc. (the â€œCompanyâ€, â€œConagra Brandsâ€, â€œweâ€, â€œusâ€, or â€œourâ€) have been prepared in accordance with U.S. generally accepted accounting principles (â€œU.S. GAAPâ€) for interim financial information and with the rules and regulations for reporting on Form 10-Q. Accordingly, they do not include certain information and disclosures required for comprehensive financial statements. The unaudited financial information reflects all adjustments, which are, in the opinion of management, necessary for a fair presentation of the results of operations, financial position, and cash flows for the periods presented. During the first quarter of fiscal 2025, we determined that certain assets were held for sale. We have reclassified these assets within our Condensed Consolidated Balance Sheets for all periods presented (see Note 3).Â All other adjustments are of a normal recurring nature. The results of operations for any quarter or a partial fiscal year period are not necessarily indicative of the results to be expected for other periods or the full fiscal year. These Condensed Consolidated Financial Statements should be read in conjunction with the Consolidated Financial Statements and related notes included in our Annual Report on Form 10-K for the fiscal year ended May 26, 2024.Â There were no significant changes to our accounting policies from those disclosed in Note 1, â€œSummary of Significant Accounting Policiesâ€, to the Consolidated Financial Statements in that Form 10-K.Recently IssuedÂ Accounting Pronouncements and Disclosure RulesIn November 2023, the FASB issued ASU 2023-07, Segment Reporting (Topic 280): Improvements to Reportable Segment Disclosures, to improve reportable segment disclosure requirements, primarily through enhanced disclosures about significant segment expenses. The disclosure requirements must be applied retrospectively to all prior periods presented in the financial statements. The effective date for the standard is for fiscal years beginning after December 15, 2023 and interim periods within fiscal years beginning after December 15, 2024. Early adoption is permitted. We are in the process of analyzing the impact of the ASU on our related disclosures. We will adopt this guidance in the fourth quarter of fiscal 2025, when it becomes effective.In DecemberÂ 2023, the FASB issued ASU 2023-09, Improvements to Income Tax Disclosures,Â to provideÂ more detailed income tax disclosure requirements. The guidance requires entities to disclose disaggregated information about their effective tax rate reconciliation as well as information on income taxes paid. The disclosure requirements will be applied on a prospective basis, with the option to apply it retrospectively. The effective date for the standard is for fiscal years beginning after December 15, 2024. Early adoption is permitted. We are in the process of analyzing the impact of the ASU on our related disclosures. We will adopt this guidance in the fourth quarter of fiscal 2026, when it becomes effective.In March 2024, the Securities and Exchange Commission (â€œSECâ€) issued final climate-related disclosureÂ rules that will require disclosure of material climate-related risks and material direct greenhouse gasÂ emissions from operations owned or controlled (Scope 1) and/or material indirect greenhouse gas emissions from purchased energy consumed in owned or controlled operations (Scope 2). Additionally, the rules require disclosure in the notes to the financial statements of the effects of severe weather events and other natural conditions, subject to certain materiality thresholds. In April 2024, the SEC stayed its implementation of this rule pending the outcome of legal challenges. However, we continue to monitor developments and analyze the potential impact of the new rules on our related disclosures. â€‹In November 2024, the FASB issued ASU 2024-03, Disaggregation of Income Statement Expenses, to provide disaggregated disclosures of specific expense categories underlying certain income statement expense line items on an annual and interim basis. The disclosure requirements will be applied on a prospective basis, with the option to apply it retrospectively. The effective date for the standard is for fiscal years beginning after December 15, 2026 and interim periods within fiscal years beginning after December 15, 2027. Early adoption is permitted. We are in the process of analyzing the impact of the ASU on our related disclosures. ACQUISITIONSIn July 2024, we acquired the manufacturing operations of an existing co-manufacturer of our cooking spray products, for a cash purchase price of $51.2 million, including working capital adjustments. Approximately $46.0 million of the purchase price has been classified as goodwill, which is deductible for income tax purposes. The settlement of certain pre-existing contractual agreements between Conagra and the co-manufacturer as part of the transaction resulted in a net gain of $3.4 million within selling, general and administrative (â€œSG&Aâ€) expenses in the first half of fiscal 2025. In August 2024, we acquired the outstanding equity of Sweetwood Smoke & Co., maker of FATTYÂ® smoked meat sticks, for a cash purchase price of $179.4 million, net of cash acquired and including working capital adjustments. Approximately $129.9 million of the purchase price has been classified as goodwill, which is deductible for income tax purposes. Approximately $55.8 million and $5.5 million of the purchase price has been allocated to non-amortizing and amortizing intangible assets, respectively. For each of these acquisitions, the amounts allocated to goodwill were primarily attributable to anticipated synergies, future growth opportunities, and other intangibles that do not qualify for separate recognition such as an assembled workforce. The results of each of these acquisitions, subsequent to the acquisitions closings, are primarily included in the Grocery & Snacks segment and through November 24, 2024, were not material to our Condensed Consolidated Statements of Earnings. Under the acquisition method of accounting, the assets acquired and liabilities assumed in these acquisitions were recorded at their respective estimated fair values at the date of acquisition. (the â€œCompanyâ€, â€œConagra Brandsâ€, â€œweâ€, â€œusâ€, or â€œourâ€) have been prepared in accordance with U.S. generally accepted accounting principles (â€œU.S. GAAPâ€) for interim financial information and with the rules and regulations for reporting on Form 10-Q. Accordingly, they do not include certain information and disclosures required for comprehensive financial statements. The unaudited financial information reflects all adjustments, which are, in the opinion of management, necessary for a fair presentation of the results of operations, financial position, and cash flows for the periods presented. During the first quarter of fiscal 2025, we determined that certain assets were held for sale. We have reclassified these assets within our Condensed Consolidated Balance Sheets for all periods presented (see Note 3).Â All other adjustments are of a normal recurring nature. The results of operations for any quarter or a partial fiscal year period are not necessarily indicative of the results to be expected for other periods or the full fiscal year. These Condensed Consolidated Financial Statements should be read in conjunction with the Consolidated Financial Statements and related notes included in our Annual Report on Form 10-K for the fiscal year ended May 26, 2024.Â There were no significant changes to our accounting policies from those disclosed in Note 1, â€œSummary of Significant Accounting Policiesâ€, to the Consolidated Financial Statements in that Form 10-K. Recently Issued Accounting Pronouncements and Disclosure Rules Recently IssuedÂ Accounting Pronouncements and Disclosure RulesIn November 2023, the FASB issued ASU 2023-07, Segment Reporting (Topic 280): Improvements to Reportable Segment Disclosures, to improve reportable segment disclosure requirements, primarily through enhanced disclosures about significant segment expenses. The disclosure requirements must be applied retrospectively to all prior periods presented in the financial statements. The effective date for the standard is for fiscal years beginning after December 15, 2023 and interim periods within fiscal years beginning after December 15, 2024. Early adoption is permitted. We are in the process of analyzing the impact of the ASU on our related disclosures. We will adopt this guidance in the fourth quarter of fiscal 2025, when it becomes effective.In DecemberÂ 2023, the FASB issued ASU 2023-09, Improvements to Income Tax Disclosures,Â to provideÂ more detailed income tax disclosure requirements. The guidance requires entities to disclose disaggregated information about their effective tax rate reconciliation as well as information on income taxes paid. The disclosure requirements will be applied on a prospective basis, with the option to apply it retrospectively. The effective date for the standard is for fiscal years beginning after December 15, 2024. Early adoption is permitted. We are in the process of analyzing the impact of the ASU on our related disclosures. We will adopt this guidance in the fourth quarter of fiscal 2026, when it becomes effective.In March 2024, the Securities and Exchange Commission (â€œSECâ€) issued final climate-related disclosureÂ rules that will require disclosure of material climate-related risks and material direct greenhouse gasÂ emissions from operations owned or controlled (Scope 1) and/or material indirect greenhouse gas emissions from purchased energy consumed in owned or controlled operations (Scope 2). Additionally, the rules require disclosure in the notes to the financial statements of the effects of severe weather events and other natural conditions, subject to certain materiality thresholds. In April 2024, the SEC stayed its implementation of this rule pending the outcome of legal challenges. However, we continue to monitor developments and analyze the potential impact of the new rules on our related disclosures. â€‹In November 2024, the FASB issued ASU 2024-03, Disaggregation of Income Statement Expenses, to provide disaggregated disclosures of specific expense categories underlying certain income statement expense line items on an annual and interim basis. The disclosure requirements will be applied on a prospective basis, with the option to apply it retrospectively. The effective date for the standard is for fiscal years beginning after December 15, 2026 and interim periods within fiscal years beginning after December 15, 2027. Early adoption is permitted. We are in the process of analyzing the impact of the ASU on our related disclosures. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES The accompanying Condensed Consolidated Financial Statements of Conagra Brands, Inc. (the "Company", "Conagra Brands", "we", "us", or "our") have been prepared in accordance with U.S. generally accepted accounting principles ("U.S. GAAP") for interim financial information and with the rules and regulations for reporting on Form 10-Q. Accordingly, they do not include certain information and disclosures required for comprehensive financial statements. The unaudited financial information reflects all adjustments, which are, in the opinion of management, necessary for a fair presentation of the results of operations, financial position, and cash flows for the periods presented. During the first quarter of fiscal 2025, we determined that certain assets were held for sale. We have reclassified these assets within our Condensed Consolidated Balance Sheets for all periods presented (see Note 3). All other adjustments are of a normal recurring nature. The results of operations for any quarter or a partial fiscal year period are not necessarily indicative of the results to be expected for other periods or the full fiscal year. These Condensed Consolidated Financial Statements should be read in conjunction with the Consolidated Financial Statements and related notes included in our Annual Report on Form 10-K for the fiscal year ended May 26, 2024. There were no significant changes to our accounting policies from those disclosed in Note 1, "Summary of Significant Accounting Policies", to the Consolidated Financial Statements in that Form 10-K. Recently Issued Accounting Pronouncements and Disclosure Rules In November 2023, the FASB issued ASU 2023-07, Segment Reporting (Topic 280): Improvements to Reportable Segment Disclosures, to improve reportable segment disclosure requirements, primarily through enhanced disclosures about significant segment expenses. The disclosure requirements must be applied retrospectively to all prior periods presented in the financial statements. The effective date for the standard is for fiscal years beginning after December 15, 2023 and interim periods within fiscal years beginning after December 15, 2024. Early adoption is permitted. We are in the process of analyzing the impact of the ASU on our related disclosures. We will adopt this guidance in the fourth quarter of fiscal 2025, when it becomes effective. In December 2023, the FASB issued ASU 2023-09, Improvements to Income Tax Disclosures, to provide more detailed income tax disclosure requirements. The guidance requires entities to disclose disaggregated information about their effective tax rate reconciliation as well as information on income taxes paid. The disclosure requirements will be applied on a prospective basis, with the option to apply it retrospectively. The effective date for the standard is for fiscal years beginning after December 15, 2024. Early adoption is permitted. We are in the process of analyzing the impact of the ASU on our related disclosures. We will adopt this guidance in the fourth quarter of fiscal 2026, when it becomes effective. In March 2024, the Securities and Exchange Commission ("SEC") issued final climate-related disclosure rules that will require disclosure of material climate-related risks and material direct greenhouse gas emissions from operations owned or controlled (Scope 1) and/or material indirect greenhouse gas emissions from purchased energy consumed in owned or controlled operations (Scope 2). Additionally, the rules require disclosure in the notes to the financial statements of the effects of severe weather events and other natural conditions, subject to certain materiality thresholds. In April 2024, the SEC stayed its implementation of this rule pending the outcome of legal challenges. However, we continue to monitor developments and analyze the potential impact of the new rules on our related disclosures. In November 2024, the FASB issued ASU 2024-03, Disaggregation of Income Statement Expenses, to provide disaggregated disclosures of specific expense categories underlying certain income statement expense line items on an annual and interim basis. The disclosure requirements will be applied on a prospective basis, with the option to apply it retrospectively. The effective date for the standard is for fiscal years beginning after December 15, 2026 and interim periods within fiscal years beginning after December 15, 2027. Early adoption is permitted. ACQUISITIONS In July 2024, we acquired the manufacturing operations of an existing co-manufacturer of our cooking spray products, for a cash purchase price of $51.2 million, including working capital adjustments. Approximately $46.0 million of the purchase price has been classified as goodwill, which is deductible for income tax purposes. The settlement of certain pre-existing contractual agreements between Conagra and the co-manufacturer as part of the transaction resulted in a net gain of $3.4 million within selling, general and administrative ("SG&A") expenses in the first half of fiscal 2025. In August 2024, we acquired the outstanding equity of Sweetwood Smoke & Co., maker of FATTY® smoked meat sticks, for a cash purchase price of $179.4 million, net of cash acquired and including working capital adjustments. Approximately $129.9 million of the purchase price has been classified as goodwill, which is deductible for income tax purposes. Approximately $55.8 million and $5.5 million of the purchase price has been allocated to non-amortizing and amortizing intangible assets, respectively. For each of these acquisitions, the amounts allocated to goodwill were primarily attributable to anticipated synergies, future growth opportunities, and other intangibles that do not qualify for separate recognition such as an assembled workforce. The results of each of these acquisitions, subsequent to the acquisitions closings, are primarily included in the Grocery & Snacks segment and through November 24, 2024, were not material to our Condensed Consolidated Statements of Earnings. Under the acquisition method of accounting, the assets acquired and liabilities assumed in these acquisitions were recorded at their respective estimated fair values at the date of acquisition. 5120000046000000.034000001794000001299000005580000055000000 3. DIVESTITURES AND ASSETS HELD FOR SALE Divestitures During the first quarter of fiscal 2025, we completed the sale of our 51.8% ownership stake in Agro Tech Foods Limited ("ATFL") for net proceeds of $76.8 million. Prior to the transaction, our majority ownership of ATFL was consolidated within our International segment. We recognized a loss of $2.3 million on the sale within SG&A expenses in the first quarter of fiscal 2025. In connection with this divestiture, we also released $41.8 million and $38.0 million of currency translation losses from accumulated other comprehensive loss and noncontrolling interests, respectively. In the second quarter of fiscal 2024, we recognized an impairment charge of $34.2 million within SG&A expenses related to this business.</p><p style="font-family:'Times New Roman','Times','serif';font-size:10pt;text-align:justify;text-indent:18pt;margin:0pt 0pt 12pt 0pt;">The assets and liabilities related to ATFL have been reclassified as assets and liabilities held for sale within our Condensed Consolidated Balance Sheet for the period presented prior to the divestiture. DEBT AND REVOLVING CREDIT FACILITY Senior Notes During the fourth quarter of fiscal 2024, we repaid the entire outstanding $1.0 billion aggregate principal amount of our 4.30% senior notes on their maturity date of May 1, 2024. The repayment was funded by an unsecured term loan described below, along with the issuance of commercial paper and operating cash flows. During the first quarter of fiscal 2024, we repaid the entire outstanding $500.0 million aggregate principal amount of our 0.50% senior notes on their maturity date of August 11, 2023. The repayment was primarily funded using the net proceeds from the issuance of $500.0 million aggregate principal amount of 5.30% senior notes due October 1, 2026. Term Loans During the second quarter of fiscal 2023, we borrowed the full $500.0 million aggregate principal amount available under our unsecured term loan (the "Term Loan") from a syndicate of financial institutions. During the second quarter of fiscal 2024, we prepaid $250.0 million of the aggregate principal amount outstanding under the Term Loan. During the second quarter of fiscal 2025, we prepaid the remaining $250.0 million of the aggregate principal amount outstanding under the Term Loan. During the fourth quarter of fiscal 2024, we entered into an unsecured Term Loan Agreement with a financial institution and borrowed the full principal amount, $300.0 million, available thereunder (the "2024 Term Loan"). The 2024 Term Loan matures on April 29, 2025. Revolving Credit Facility At November 24, 2024, we had a revolving credit facility (the "Revolving Credit Facility") with a syndicate of financial institutions providing for a maximum aggregate principal amount outstanding at any one time of $2.0 billion (subject to increase to a maximum aggregate principal amount of $2.5 billion with consent of the lenders). The Revolving Credit Facility matures on August 26, 2027 and is unsecured. The Company may request the term of the Revolving Credit Facility be extended for additional one-year or two-year periods from the then-applicable maturity date on an annual basis. As of November 24, 2024, there were no outstanding borrowings under the Revolving Credit Facility. Debt Covenants The Revolving Credit Facility generally requires our ratio of earnings before interest, taxes, depreciation and amortization ("EBITDA") to interest expense to be not less than 3.0 to 1.0 and our ratio of funded net debt to EBITDA not to exceed 4.5 to 1.0, with each ratio to be calculated on a rolling four-quarter basis. As of November 24, 2024, we were in compliance with all financial covenants under the Revolving Credit Facility. Commercial Paper As of November 24, 2024 and May 26, 2024, we had $849.0 million and $586.0 million, respectively, outstanding under our commercial paper program. FINANCING ARRANGEMENTS Supplier Financing Arrangements In order to manage our cash flow and related liquidity, we work with our suppliers to optimize our terms and conditions, which include the extension of payment terms. A number of factors may impact our future payment terms, including our relative creditworthiness, overall market liquidity, and changes in interest rates and other general economic conditions. Certain suppliers have access to third-party services that allow them to view our scheduled payments online and finance advances on our scheduled payments at the sole discretion of the supplier and the third-party. Our current payment terms with these suppliers, which we deem to be commercially reasonable, range up to 120 days. We have no direct financial relationship with the financial institutions utilized by the third parties, and we have pledged no assets in connection with our accounts payable programs. All amounts due to participating suppliers are paid to the third party on the original invoice due dates, regardless of whether a particular invoice was sold. Supplier participation in these agreements is voluntary. As of November 24, 2024 and May 26, 2024, $290.7 million and $334.1 million, respectively, of our total accounts and other payables were payable to suppliers who utilized these third-party services. The associated payments are included in net cash flows from operating activities within our Condensed Consolidated Statements of Cash Flows. We have also concluded that certain obligations to our suppliers, including amounts due and scheduled payment terms, are impacted by these third-party service programs and these arrangements are classified as notes payable within our Condensed Consolidated Balance Sheets. The proceeds and payments associated with short-term borrowings are reflected as financing activities within our Condensed Consolidated Statements of Cash Flows. As of November 24, 2024 and May 26, 2024, we had approximately $47.5 million and $43.2 million, respectively, of short-term borrowings related to these arrangements.

This required us to reassign assets and liabilities between the reporting units, assess whether there were indicators of impairment for the impacted reporting units, and evaluate other assets in the reporting units for impairment, including indefinite-lived intangibles (brand names and trademarks). The fair value of our reporting units is typically estimated using a discounted cash flow method. The fair value of our indefinite-lived intangibles is determined using the "relief from royalty" methodology. Both the "relief from royalty" methodology and the discounted cash flow method require us to estimate the future cash flows as well as to select a risk-adjusted discount rate to measure the present value of the anticipated cash flows. When determining future cash flow estimates, we consider historical results adjusted to reflect current and anticipated operating conditions. We estimate cash flows for a reporting unit over a discrete period (typically five years) and a terminal period (considering expected long-term growth rates and trends). We used a discount rate of 7.50% and a terminal growth rate that ranged between 1% to 1.5% in estimating the fair value of our reporting units. Estimating the fair value of individual reporting units and our indefinite-lived intangible assets requires us to make assumptions and estimates in areas such as future economic conditions, industry-specific conditions, product pricing, and necessary capital expenditures. The use of different assumptions or estimates for future cash flows, discount rates, or terminal growth rates could produce substantially different estimates of the fair value. As a result of our impairment tests, we recognized impairment charges in SG&A expenses of $18.9 million within our Grocery & Snacks and Refrigerated & Frozen segments for certain brands that continued to have lower than expected sales and profit margins. There were no impairments to goodwill. Amortizing intangible assets carry a remaining weighted average life of approximately 17 years. Amortization expense was $13.5 million and $26.9 million for the second quarter and first half of fiscal 2025, respectively, and $13.3 million and $26.8 million for the second quarter and first half of fiscal 2024, respectively. Based on amortizing assets recognized in our Condensed Consolidated Balance Sheet as of November 24, 2024, amortization expense is estimated to average $43.3 million for each of the next five years. <table style="border-collapse:collapse;font-size:16pt;height:max-content;padding-left:0pt;padding-right:0pt;width:100%;"><tr style="height:1pt;"><td style="vertical-align:bottom;white-space:nowrap;width:45.25%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.77%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;width:1.12%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;width:8.15%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.77%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;width:1.12%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;width:8.16%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.78%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.13%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:8.16%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.78%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.13%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:8.16%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.78%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.13%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:7.5%;margin:0pt;padding:0pt;"> </td></tr><tr><td style="vertical-align:bottom;white-space:nowrap;width:45.25%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.77%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;width:1.12%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;width:8.15%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.77%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;width:1.12%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;width:8.16%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.78%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.13%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:8.16%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.78%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.13%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:7.5%;margin:0pt;padding:0pt;"> </td></tr><tr><td style="vertical-align:bottom;white-space:nowrap;width:45.25%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.77%;margin:0pt;padding:0pt;"> </td><td colspan="2" style="vertical-align:bottom;width:9.28%;border-bottom:1px solid #000000;margin:0pt;padding:0pt;"> Grocery & Snacks </td><td style="vertical-align:bottom;white-space:nowrap;width:1.77%;margin:0pt;padding:0pt;"> </td><td colspan="2" style="vertical-align:bottom;width:9.29%;border-bottom:1px solid #000000;margin:0pt;padding:0pt;"> Refrigerated & Frozen </td><td style="vertical-align:bottom;white-space:nowrap;width:1.78%;margin:0pt;padding:0pt;"> </td><td colspan="2" style="vertical-align:bottom;white-space:nowrap;width:9.3%;border-bottom:1px solid #000000;margin:0pt;padding:0pt;"> International </td><td style="vertical-align:bottom;white-space:nowrap;width:1.78%;margin:0pt;padding:0pt;"> </td><td colspan="2" style="vertical-align:bottom;white-space:nowrap;width:9.3%;border-bottom:1px solid #000000;margin:0pt;padding:0pt;"> Foodservice </td><td style="vertical-align:bottom;white-space:nowrap;width:1.78%;margin:0pt;padding:0pt;"> </td><td colspan="2" style="vertical-align:bottom;white-space:nowrap;width:8.63%;border-bottom:1px solid

DERIVATIVE FINANCIAL INSTRUMENTS See our Consolidated Financial Statements and related notes included in our Annual Report on Form 10-K for the fiscal year ended May 26, 2024, for additional information on our derivative activities. Derivatives Designated as Cash Flow Hedges During the first quarter of fiscal 2019, we entered into deal-contingent forward starting interest rate swap contracts to hedge a portion of the interest rate risk related to our issuance of long-term debt to help finance the acquisition of Pinnacle Foods, Inc. We settled these contracts during the second quarter of fiscal 2019 and deferred a $47.5 million gain in accumulated other comprehensive income that is being amortized as a reduction of interest expense over the lives of the related debt instruments. The unamortized amount at November 24, 2024 was $26.7 million. Economic Hedges of Forecasted Cash Flows Many of our derivatives do not qualify for, and we do not currently designate certain commodity or foreign currency derivatives to achieve, hedge accounting treatment. We reflect realized and unrealized gains and losses from derivatives used to economically hedge anticipated commodity consumption and to mitigate foreign currency cash flow risk in earnings immediately within general corporate expense (within cost of goods sold). The gains and losses are reclassified to segment operating results in the period in which the underlying item being economically hedged is recognized in cost of goods sold. In the event that management determines a particular derivative entered into as an economic hedge of a forecasted commodity purchase has ceased to function as an economic hedge, we cease recognizing further gains and losses on such derivatives in corporate expense and begin recognizing such gains and losses within segment operating results immediately. The following table presents the net derivative gains (losses) from economic hedges of forecasted commodity consumption and the foreign currency risk of certain forecasted transactions, under this methodology: <table style="border-collapse:collapse;font-size:16pt;height:max-content;margin-left:auto;margin-right:auto;padding-left:0pt;padding-right:0pt;width:100%;"><tr style="height:1pt;"><td style="vertical-align:top;width:49.62%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.89%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.22%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:9.15%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.89%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.22%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:9.15%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:3.1%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.22%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:9.15%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.89%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.22%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-

SHARE-BASED PAYMENTS For the second quarter and first half of fiscal 2025, we recognized total stock-based compensation expense (including restricted stock units and performance shares) of $9.2 million and $29.8 million, respectively. For the second quarter and first half of fiscal 2024, we recognized total stock-based compensation expense of $6.2 million and $3.5 million, respectively. In the first half of fiscal 2025, we granted 2.2 million restricted stock units at a weighted average grant date price of $29.85 per share unit and 0.7 million performance shares at a weighted average grant date price of $29.86 per share. Performance shares are granted to selected executives and other key employees with vesting contingent upon meeting various Company-wide performance goals. The performance goals for the three-year performance periods ending in fiscal 2025 (the "2025 performance period") and 2026 (the "2026 performance period") are based on our net sales and diluted earnings per share ("EPS") growth, subject to certain adjustments, measured over the defined performance period, with each year of the performance period weighted one-third. The performance goals for the three-year performance period ending in fiscal 2027 (the "2027 performance period") is based on our net sales and diluted EPS on a three-year cumulative basis, subject to certain adjustments, measured over the defined performance period. For each of the 2025 performance period, 2026 performance period, and 2027 performance period, the awards actually earned will range from zero to two hundred percent of the targeted number of performance shares for such performance period. Dividend equivalents are paid on the portion of performance shares actually earned at our regular dividend rate in additional shares of common stock. Awards, if earned, will be paid in shares of our common stock. Subject to limited exceptions set forth in our performance share plan, any shares earned will be distributed after the end of the performance period, and generally only if the participant continues to be employed with the Company through the date of distribution. For awards where performance against the performance target has not been certified, the value of the performance shares is adjusted based upon the market price of our common stock and current forecasted performance against the performance targets at the end of each reporting period and amortized as compensation expense over the vesting period. Forfeitures are accounted for as they occur. 92000000298000006200000350000022000029.8570000029.860 10. EARNINGS PER SHARE Basic earnings per share is calculated on the basis of weighted average outstanding shares of common stock. Diluted earnings per share is computed on the basis of basic weighted average outstanding shares of common stock adjusted for the dilutive effect of stock options, restricted stock unit awards, and other dilutive securities. The

INCOME TAXES In the second quarter of fiscal 2025 and 2024, we recognized income tax expense of $61.5 million and $102.9 million, respectively. The effective tax rate (calculated as the ratio of income tax expense to pre-tax income, inclusive of equity method investment earnings) was 17.8% and 26.5% for the second quarter of fiscal 2025 and 2024, respectively. In the first half of fiscal 2025 and 2024, we recognized an income tax benefit of $77.4 million and income tax expense of $201.2 million, respectively. The effective tax rate was (11.5)% and 24.9% for the first half of fiscal 2025 and 2024, respectively. The effective tax rate in the second quarter of fiscal 2025 reflected a $10.4 million benefit related to the release of valuation allowances booked against certain deferred tax assets, and a $9.1 million benefit from the settlement of tax issues that were previously reserved. The effective tax rate in the first half of fiscal 2025 reflected the above-cited items, as well as a $210.4 million deferred tax benefit related to the release of valuation allowances booked against certain deferred tax assets. Recent interactions with the U.S. Internal Revenue Service (IRS) regarding certain elections that had previously been under IRS review make the realization of certain deferred tax assets likely. The realization of these deferred tax assets allows for both current and future tax deductions through 2036. The effective tax rate in the second quarter and first half of fiscal 2024 reflected the impact of an impairment of goodwill that is non-deductible for tax purposes, in addition to tax expense associated with no longer asserting permanent reinvestment of a foreign subsidiary when we reclassified certain assets and liabilities to held for sale. During the first half of fiscal 2024, goodwill impairment charges totaling $20.7 million were recognized with no associated tax benefit. We have previously made the assessment that the current earnings of certain foreign subsidiaries were not indefinitely reinvested or that we could not remit to the U.S. parent in a tax-neutral transaction. Accordingly, we have recorded a deferred tax liability of $1.7 million on approximately $33.3 million of cumulative earnings as of November 24, 2024. The deferred tax liability relates to local withholding taxes that will be owed when this cash is distributed. In the first quarter of fiscal 2025, we paid $16.9 million of withholding taxes previously accrued in connection with the restructuring of our ownership interest in Ardent Mills. 615000001029000000.001780.265-774000002012000000.1150.249104000009100000-210400000-210400000207000000170000033300000169000000 13. CONTINGENCIES Litigation Matters We are a party to certain litigation matters as a result of our acquisition of Beatrice Company (“Beatrice”) in fiscal 1991, including litigation proceedings related to lead-based pigment businesses divested by Beatrice prior to our acquisition. These lawsuits have generally sought damages for personal injury, property damage, economic loss, and governmental expenditures allegedly caused by the use of lead-based paint. We have denied liability, both on the merits of the claims and on the basis that we do not believe we are the successor to any such liability. In one such action, we agreed to pay $101.7 million, in seven annual installments from fiscal 2020 through fiscal 2026 (of which $85.0 million had been paid as of November 24, 2024), as part of a 2019 settlement, which also included a guarantee of up to $15.0 million in payments to be made in the event of default by a co-defendant, NL Industries, Inc. We had accrued $16.9 million within other accrued liabilities as of November 24, 2024 and $28.9 million ($11.8 million within other accrued liabilities and $17.1 million within other noncurrent liabilities) as of May 26, 2024. We are party to a number of matters asserting product liability claims against the Company related to certain Pam® and other cooking spray products. For example, during fiscal 2024, a jury entered a verdict against the Company for $3.1 million in compensatory damages and $4.0 million in punitive damages in one of these lawsuits captioned Reese v. Conagra Brands, Inc., et al. (“Reese”). We have appealed the judgment in the Reese lawsuit. These lawsuits generally seek damages for personal injuries allegedly caused by defects in the design, manufacture, or safety warnings of our cooking spray products and we have denied liability, however, we cannot predict with certainty the results of these proceedings. The Company believes adequate provision has been made in its Condensed Consolidated Financial Statements for all probable and reasonably estimable losses for the litigation related to the cooking spray products based on information available to us at the time of our evaluation. Additionally, we have put the applicable insurance carriers on notice of these cooking spray matters and had recognized a related insurance receivable of $9.0 million ($4.0 million within receivables and $5.0 million within other assets) as of November 24, 2024 and $14.7 million ($7.1 million within receivables and $7.6 million within other assets) as of May 26, 2024 in connection with a settlement agreement with one of these insurance carriers. We are party to various other lawsuits including product liability claims, putative class action lawsuits challenging various product claims made in the Company’s product labeling, and matters challenging the Company’s wage and hour practices. While we cannot predict with certainty the results of these or any other legal proceedings, we do not expect these matters to have a material adverse effect on our financial condition, results of operations, or business. Our accrual for all litigation matters, including those matters described above that are probable and estimable, was $52.3 million ($33.3 million within other accrued liabilities and $19.0 million within other noncurrent liabilities) as of November 24, 2024 and $76.3 million ($30.4 million within other accrued liabilities and $45.9 million within other noncurrent liabilities) as of May 26, 2024. Environmental Matters SEC regulations require us to disclose certain information about environmental proceedings if a governmental authority is a party to such proceedings and such proceedings involve potential monetary sanctions that we reasonably believe will exceed a stated threshold. Pursuant to the SEC regulations, the Company uses a threshold of $1.0 million for purposes of determining whether disclosure of any such proceedings is required. . . . . We are a party to certain environmental proceedings relating to businesses divested by Beatrice prior to our acquisition in fiscal 1991, including litigation and administrative proceedings involving Beatrice’s possible status as a potentially responsible party at approximately 35 Superfund, proposed Superfund, or state-equivalent sites (the “Beatrice sites”). The Beatrice sites consist of locations previously owned or operated by predecessors of Beatrice that used or produced petroleum, pesticides, fertilizers, dyes, inks, solvents, polychlorinated biphenyls, acids, lead, sulfur, tannery wastes, and/or other contaminants. Reserves for these Beatrice environmental proceedings have been established based on our best estimate of the undiscounted remediation liabilities, which estimates include evaluation of investigatory studies, extent of required clean-up, the known volumetric contribution of Beatrice and other potentially responsible parties, and its experience in remediating sites. The accrual for Beatrice-related environmental matters totaled $38.4 million ($3.2 million within other accrued liabilities and $35.2 million within other noncurrent liabilities) as of November 24, 2024 and $39.3 million ($3.3 million within other accrued liabilities and $36.0 million within other noncurrent liabilities) as of May 26, 2024, a majority of which relates to the Superfund and state-equivalent sites referenced above. General After taking into account liabilities recognized for all of the foregoing matters, management believes the ultimate resolution of such matters should not have a material adverse effect on our financial condition, results of operations, or liquidity; however, it is reasonably possible that a change of the estimates of any of the foregoing matters may occur in the future that could have a material adverse effect on our financial condition, results of operations, or liquidity. Costs of legal services associated with the foregoing matters are recognized within SG&A expenses as services are provided. 10170000007850000000.015000000.016900000289000001180000017100000310000040000000.090000000.040000000.050000000.014700000071000007600000052300006 14. PENSION AND POSTRETIREMENT BENEFITS We have defined benefit retirement plans

("pension plans") for eligible salaried and hourly employees. Benefits are based on years of credited service and average compensation or stated amounts for each year of service. We also sponsor postretirement plans which provide certain medical and dental benefits to qualifying U.S. employees. Components of pension and postretirement plan costs (benefits) are: <table The spot-rate approach applies separate discount rates for each projected benefit payment in the calculation of pension service and interest cost. The weighted-average discount rates for service and interest costs under the spot-rate approach used for pension cost in fiscal 2025 were 5.72% and 5.51%, respectively. During the second quarter and first half of fiscal 2025, we contributed $3.0 million and $5.9 million, respectively, to our pension plans and contributed $1.5 million and $3.4 million, respectively, to our postretirement plans. Based upon the current funded status of the plans and the current interest rate environment, we anticipate making further contributions of approximately $5.8 million to our pension plans during the remainder of fiscal 2025. We anticipate making further contributions of approximately $3.2 million to our postretirement plans during the remainder of fiscal 2025. These estimates are based on ERISA guidelines, current tax laws, plan asset performance, and liability assumptions, which are subject to change.</p><p style="font-family:'Times New FAIR VALUE MEASUREMENTS Financial Accounting Standards Board guidance establishes a three-level fair value hierarchy based upon the assumptions (inputs) used to price assets or liabilities. The three levels of inputs used to measure fair value are as follows: Level 1 — Unadjusted quoted prices in active markets for identical assets or liabilities, Level 2 — Observable inputs other than those included in Level 1, such as quoted prices for similar assets and liabilities in active markets or quoted prices for identical assets or liabilities in inactive markets, and Level 3 — Unobservable inputs reflecting our own assumptions and best estimate of what inputs market participants would use in pricing the asset or liability. The fair values of our Level 2 derivative instruments were determined using valuation models that use market observable inputs including both forward and spot prices for currencies and commodities. Derivative assets and liabilities included in Level 2 primarily represent commodity and foreign currency option and forward contracts. The following table presents our financial assets and liabilities measured at fair value on a recurring basis, based upon the level within the fair value hierarchy in which the fair value measurements fall, as of November 24, 2024: <table style="border-collapse:collapse;font-size:16pt;height:max-content;padding-left:0pt;padding-right:0pt;width:100%;"><tr style="height:1pt;"><td Impairment of Assets Held for Sale In the second quarter of fiscal 2024, we recognized an impairment charge totaling $34.2 million in our International segment. The impairment was measured based upon the estimated sales price of the disposal group (see Note 3). Impairment of Intangible Assets In the second quarter of fiscal 2025, we recognized charges for the impairment of indefinite-lived brands of $18.2 million in our Refrigerated & Frozen segment and $0.7 million in our Grocery & Snacks segment. The fair value of these brands was estimated using the "relief from royalty" method (see Note 7). Other Asset Impairments In the second quarter of fiscal 2025, we recognized charges of $64.7 million in our Refrigerated & Frozen segment for the impairment of certain long-lived assets based upon a discounted cash flow valuation model and included in restructuring activities (see Note 4). The impairment was based upon management's intent to exit a manufacturing facility which became probable in the second quarter of fiscal 2025, which reduced the future expected cash flows to be generated at this facility. In the first quarter of fiscal 2024, we recognized charges for the impairment of certain long-lived assets based upon a discounted cash flow valuation model and included in restructuring activities. Impairments totaled $0.6 million in our Grocery & Snacks segment and $14.1 million in our International segment. The majority of these impairment charges were based upon management's decision to exit certain manufacturing facilities in fiscal 2024, which reduced the future expected cash flows to be generated at these facilities. Long-Term Debt Fair Value The carrying amount of long-term debt (including current installments) was $7.27 billion and $7.51 billion as of November 24, 2024 and May 26, 2024, respectively. Based on current market rates, the fair value of this debt (level 2 liabilities) at November 24, 2024 and May 26, 2024 was estimated at $7.12 billion and $7.26 billion, respectively. The following table presents our financial assets and liabilities measured at fair value on a recurring basis, based upon the level within the fair value hierarchy in which the fair value measurements fall, as of November 24, 2024. <table style="border-collapse:collapse;font-size:16pt;height:max-content;padding-left:0pt;padding-right:0pt;width:100%;"><tr style="height:1pt;"><td style="vertical-align:top;width:58.07%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.91%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.24%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:7.32%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.91%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.24%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:7.32%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.91%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.24%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:7.32%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.91%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.24%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:7.32%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.91%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.24%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:7.32%;margin:0pt;padding:0pt;"> </td></tr><tr><td style="vertical-align:bottom;width:58.07%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.91%;margin:0pt;padding:0pt;"> </td><td colspan="2" style="vertical-align:bottom;width:8.56%;border-bottom:1px solid #000000;margin:0pt;padding:0pt;"> Level 1 </td><td style="vertical-align:bottom;white-space:nowrap;width:1.91%;margin:0pt;padding:0pt;"> </td><td colspan="2" style="vertical-align:bottom;width:8.56%;border-bottom:1px solid #000000;margin:0pt;padding:0pt;"> Level 2 </td><td style="vertical-align:bottom;white-space:nowrap;width:1.91%;margin:0pt;padding:0pt;"> </td><td colspan="2" style="vertical-align:bottom;width:8.56%;border-bottom:1px solid #000000;margin:0pt;padding:0pt;"> Level 3 </td><td style="vertical-align:bottom;white-space:nowrap;width:1.91%;margin:0pt;padding:0pt;"> </td><td colspan="2" style="vertical-align:bottom;width:8.56%;border-bottom:1px solid #000000;margin:0pt;padding:0pt;"> Net Value </td></tr><tr><td style="vertical-align:top;width:58.07%;background:#cceeff;margin:0pt;padding:0pt;"> Assets: </td><td style="vertical-align:bottom;white-space:nowrap;width:1.91%;background:#cceeff;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.24%;background:#cceeff;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:7.32%;background:#cceeff;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.91%;background:#cceeff;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.24%;background:#cceeff;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:7.32%;background:#cceeff;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.91%;background:#cceeff;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.24%;background:#cceeff;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:7.32%;background:#cceeff;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.91%;background:#cceeff;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.24%;background:#cceeff;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:7.32%;background:#cceeff;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.91%;background:#cceeff;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.24%;background:#cceeff;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:7.32%;background:#cceeff;margin:0pt;padding:0pt;"><p style="font-

We reflect our results of operations in four reporting segments: Grocery & Snacks, Refrigerated & Frozen, International, and Foodservice. The Grocery & Snacks reporting segment principally includes branded, shelf-stable food products sold in various retail channels in the United States. The Refrigerated & Frozen reporting segment principally includes branded, temperature-controlled food products sold in various retail channels in the United States. The International reporting segment principally includes branded food products, in various temperature states, sold in various retail and foodservice channels outside of the United States.
The Foodservice reporting segment includes branded and customized food products, including meals, entrees, sauces and a variety of custom-manufactured culinary products packaged for sale to restaurants and other foodservice establishments primarily in the United States. We do not aggregate operating segments when determining our reporting segments. Operating profit for each of the segments is based on net sales less all identifiable operating expenses. General corporate expense; pension and postretirement non-service income (expense); interest expense, net; income taxes; and equity method investment earnings have been excluded from segment operations. <table style="border-collapse:collapse;font-size:16pt;height:max-content;padding-left:0pt;padding-right:0pt;width:100%;"><tr style="height:1pt;"><td style="vertical-align:top;width:39.25%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.48%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.61%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;width:12.04%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.48%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.61%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;width:12.04%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.48%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.61%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;width:12.04%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.67%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.6%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;width:12.05%;margin:0pt;padding:0pt;"> </td></tr><tr><td style="vertical-align:bottom;white-space:nowrap;width:39.25%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.48%;margin:0pt;padding:0pt;"> </td><td colspan="5" style="vertical-align:bottom;white-space:nowrap;width:28.79%;border-bottom:1px solid #000000;margin:0pt;padding:0pt;"> Thirteen Weeks Ended </td><td style="vertical-align:bottom;white-space:nowrap;width:1.48%;margin:0pt;padding:0pt;"> </td><td colspan="5" style="vertical-align:bottom;white-space:nowrap;width:28.99%;border-bottom:1px solid #000000;margin:0pt;padding:0pt;"> Twenty-Six Weeks Ended </td></tr><tr><td style="vertical-align:bottom;white-space:nowrap;width:39.25%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.48%;margin:0pt;padding:0pt;"> </td><td colspan="2" style="vertical-align:bottom;white-space:nowrap;width:13.65%;border-bottom:1px solid #000000;margin:0pt;padding:0pt;"> November 24, 2024 </td><td style="vertical-align:bottom;white-space:nowrap;width:1.48%;margin:0pt;padding:0pt;">
