Business Editors Â VERSABANK ANNOUNCES EXERCISE OF OVER-ALLOTMENT OPTION IN PUBLIC OFFERING Â  
LONDON, ON/CNW â€" VersaBank (Nasdaq:VBNK; TSX:VBNK) (the âœBankâ) today announced that the  
underwriters of its previously announced public offering of common shares (the âœOfferingâ) have fully exercised  
their option to purchase an additional 849,056 common shares at a price of US\$13.25 (approximately CAD\$19.07) per  
share, resulting in additional gross proceeds of US\$11,249,992 (approximately CAD\$16,194,363). The sale of the  
additional shares closed today. After giving effect to the full exercise of the over-allotment option, the total number of  
common shares sold by the Bank in the Offering increased to 6,509,434 and gross proceeds increased to  
US\$86,250,001 (approximately CAD\$124,156,876). Â The Bank expects that the net proceeds from the Offering will be  
used for general banking purposes and will qualify as Common Equity Tier 1 capital for the Bank. Â Raymond James &  
Associates, Inc. acted as the sole bookrunning manager, and Keefe, Bruyette & Woods, A Stifel Company, and Roth  
Canada, Inc. acted as co-managers for the Offering. Â No securities regulatory authority has either approved or  
disapproved the contents of this news release. This news release shall not constitute an offer to sell or the solicitation of  
an offer to buy, nor shall there be any sale of these securities in any province, state or jurisdiction in which such offer,  
solicitation or sale would be unlawful prior to the registration or qualification under the securities laws of any such  
province, state or jurisdiction. Â All amounts expressed in Canadian dollars or "C\$" have been converted from United  
States dollars based on the C\$/US\$ daily average exchange rate on December 23, 2024 (as reported by the Bank of  
Canada). Â About VersaBank Â VersaBank is a North American bank (federally chartered in Canada and the United  
States) with a difference. VersaBank has a branchless, digital, business-to-business model based on its proprietary  
state-of-the-art technology that enables it to profitably address underserved segments of the banking industry in a  
significantly risk mitigated manner. Because VersaBank obtains substantially all of its deposits and undertakes the  
majority of its lending electronically through financial intermediary partners, it benefits from significant operating  
leverage that drives efficiency and return on common equity. In March 2022, VersaBank launched its unique Receivable  
Purchase Program (âœRPPâ) funding solution for point-of-sale finance companies, which has been highly successful  
in Canada for nearly 15 years, to the underserved multi-trillion-dollar U.S. market. VersaBank also owns Washington,  
DC-based DRT Cyber Inc., a North America leader in the provision of cyber security services to address the rapidly  
growing volume of cyber threats challenging financial institutions, multi-national corporations and government entities.
