SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

This Quarterly Report on Form 10-Q ("Quarterly Report") contains forward-looking statements about us and our industry that involve substantial risks and uncertainties. All statements other than statements of historical facts contained in this Quarterly Report are forward-looking statements, including statements regarding our expectations

regarding our revenue, restaurant operating costs, operating expenses, and other results of operations, as well as our key performance metrics; our liquidity and the sufficiency of our capital resources; our expectations regarding financial and macroeconomic trends; our plans regarding innovation, including Infinite Kitchen, and the resulting potential benefit to our business; our ability to achieve or maintain profitability; and management's plans, priorities, initiatives and strategies. In some cases, you can identify forward-looking statements because they contain words or phrases such as "anticipate," "are confident that," "believe," "contemplate," "continue," "could," "estimate," "expect," "intend," "may," "plan," "potential," "predict," "project," "should," "target," "will," or "would" or the negative of these words or other similar terms or expressions.

You should not rely on forward-looking statements as predictions of future events. We have based the forward-looking statements contained in this Quarterly Report primarily on our current expectations and projections about future events and trends that we believe may affect our business, financial condition and operating results. The outcome of the events described in these forward-looking statements is subject to risks and uncertainties, many of which involve factors or circumstances that are beyond our control, that could cause actual performance or results to differ materially from those expressed in or suggested by the forward-looking statements. In light of these risks and uncertainties, the forward-looking events and circumstances discussed in this Quarterly Report may not occur and actual results could differ materially from those anticipated or implied in the forward-looking statements. These risks and uncertainties include our ability to compete effectively, uncertainties regarding changes in economic conditions and geopolitical events, and the customer behavior trends they drive, our ability to open new restaurants, our ability to effectively identify and secure appropriate sites for new restaurants, our ability to expand into new markets and the risks such expansion presents, the impact of severe weather conditions or natural disasters on our restaurant sales and results of operations, the profitability of new restaurants we may open, and the impact of any such openings on sales at our existing restaurants, our ability to preserve the value of our brand, food safety and foodborne illness concerns, the effect on our business of increases in labor costs, labor shortages, and difficulties in hiring, training, rewarding and retaining a qualified workforce, the impact of pandemics or disease outbreaks, our ability to achieve profitability in the future, our ability to identify, complete, and integrate acquisitions, the effect on our business of governmental regulation and changes in employment laws, the effect on our business of expenses and potential management distraction associated with litigation, potential privacy and cybersecurity incidents, the effect on our business of restrictions and costs imposed by privacy, data protection, and data security laws, regulations, and industry standards, and our ability to enforce our rights in our intellectual property. Additional information regarding these and other risks and uncertainties that could cause actual results to differ materially from our expectations is included in Part I, Item 1A in our Annual Report on Form 10-K for the fiscal year ended December 31, 2023, and elsewhere in this Quarterly Report.

New risks and uncertainties emerge from time to time, and it is not possible for us to predict all risks and uncertainties that could have an impact on the forward-looking statements contained in this Quarterly Report. The results, events and circumstances reflected in the forward-looking statements may not be achieved or occur, and actual results, events or circumstances could differ materially from those described in the forward-looking statements.

In addition, statements that contain "we believe" and similar statements reflect our beliefs and opinions on the relevant subject. These statements are based on information available to us as of the date of this Quarterly Report. While we believe that information provides a reasonable basis for these statements, that information may be limited or incomplete. Our statements should not be read to indicate that we have conducted an exhaustive inquiry into, or review of, all relevant information. These statements are inherently uncertain, and investors are cautioned not to unduly rely on these statements.

The forward-looking statements made in this Quarterly Report relate only to events as of the date on which the statements are made. We undertake no obligation to update any forward-looking statements made in this Quarterly Report to reflect events or circumstances after the date of this Quarterly Report or to reflect new information or the occurrence of unanticipated events, except as required by law. We may not actually achieve the plans, intentions or expectations disclosed in our forward-looking statements, and you should not place undue reliance on our forward-looking statements. Our forward-looking statements do not reflect the potential impact of any future acquisitions, mergers, dispositions, joint ventures, or investments.

GLOSSARY

General

Comparable Restaurant Base. Comparable Restaurant Base for any measurement period is defined as all restaurants that have operated for at least twelve full months as of the end of such measurement period, other than any restaurants that had a material, temporary closure during the relevant measurement period. A restaurant is considered to have had a material, temporary closure if it had no operations for a consecutive period of at least 30 days. No restaurants were excluded from our Comparable Restaurant Base for the thirteen weeks ended March 31, 2024. Two restaurants were excluded from our Comparable Restaurant Base for the thirteen weeks ended March 26, 2023. Such adjustment did not result in a material change to our key performance metrics.

Channels

We have five main sales channels: In-Store, Marketplace, Native Delivery, Outpost and Catering, and Pick-Up. We own and operate all of these channels other than our Marketplace Channel, which is operated by various third-party delivery marketplaces.

In-Store Channel. In-Store Channel refers to sales to customers who make in-store purchases in our restaurants, whether they pay by cash, credit card, or digital scan-to-pay. Digital scan-to-pay was eliminated during fiscal year 2023. Purchases made in our In-Store Channel via cash or credit card are referred to as “Non-Digital” transactions, and purchases made in our In-Store Channel via digital scan-to-pay, prior to its elimination, were included as part of our Owned Digital Channels (defined below).

Marketplace Channel. Marketplace Channel refers to sales to customers for delivery or pick-up made through third-party delivery marketplaces, including Caviar, DoorDash, Grubhub, Postmates, Uber Eats, ezCater, Sharebite, and others.

Native Delivery Channel. Native Delivery Channel refers to sales to customers for delivery made through the Sweetgreen website or mobile app.

Outpost and Catering Channel. Outpost and Catering Channel refers to sales to customers for delivery made through the Sweetgreen website or mobile app to our Outposts, which are our designated offsite drop-off points at offices, residential buildings, and hospitals. In addition, our Outpost and Catering Channel includes our catering offerings, which refer to sales to customers made through our catering website for pickup at one of our restaurants or delivery to a customer-specified address.

Pick-Up Channel. Pick-Up Channel refers to sales to customers made for pick-up at one of our restaurants through the Sweetgreen website or mobile app.

Owned Digital Channels. Owned Digital Channels encompasses our Pick-Up Channel, Native Delivery Channel, and Outpost and Catering Channel, and purchases made in our In-Store Channel via digital scan-to-pay, prior to the elimination of digital scan-to-pay during fiscal year 2023.

Total Digital Channels. Total Digital Channels consist of our Owned Digital Channels and our Marketplace Channel, and include our revenues from all of our channels except those from Non-Digital transactions made through our In-Store Channel.

Key Performance Metrics and Non-GAAP Financial Measures

For definitions of our key performance metrics, Net New Restaurant Openings, Average Unit Volume (“AUV”), Same-Store Sales Change, Total Digital Revenue Percentage, and Owned Digital Revenue Percentage, as well as definitions of our Non-GAAP Financial Measures, Restaurant-Level Profit, Restaurant-Level Profit Margin, Adjusted EBITDA, and Adjusted EBITDA Margin, see the section titled “Management’s Discussion and Analysis of Financial Condition and Results of Operations—Key Performance Metrics and Non-GAAP Financial Measures.”

Restaurant-Level Profit, Restaurant-Level Profit Margin, Adjusted EBITDA, and Adjusted EBITDA Margin are financial measures that are not calculated in accordance with accounting principles generally accepted in the United States of America (“GAAP”). See the section titled “Management’s Discussion and Analysis of Financial Condition and Results of Operations—Non-GAAP Financial Measures” for more information, including the limitations of such measures, and a reconciliation of each of these measures to the most directly comparable financial measures stated in accordance with GAAP.

SWEETGREEN, INC. AND SUBSIDIARIES

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

1. DESCRIPTION OF BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Sweetgreen, Inc., a Delaware corporation, together with its wholly owned subsidiaries (the "Company"), is a mission-driven, next generation restaurant and lifestyle brand that serves healthy food at scale. The Company's bold vision is to be as ubiquitous as traditional fast food, but with the transparency and quality that consumers increasingly expect. As of March 31, 2024, the Company owned and operated 227 restaurants in 19 states and Washington, D.C. During the thirteen weeks ended March 31, 2024, the Company had 6 Net New Restaurant Openings.

The Company was founded in November 2006 and incorporated in the state of Delaware in October 2009 and currently is headquartered in Los Angeles, California. The Company's operations are conducted as one operating segment and one reportable segment, as the Company's chief operating decision maker, who is the Company's Chief Executive Officer, reviews financial information on an aggregate basis for purposes of allocating resources and evaluating financial performance. The Company's revenue is derived from retail sales of food and beverages by company-owned restaurants.

The Company has prepared the accompanying unaudited condensed consolidated financial statements in accordance with U.S. generally accepted accounting principles ("GAAP") for interim financial statements and pursuant to the rules and regulations of the Securities and Exchange Commission (the "SEC"). In the opinion of management, the accompanying unaudited condensed consolidated financial statements reflect all adjustments consisting of normal recurring adjustments necessary for a fair presentation of the Company's financial position and results of operations. Interim results of operations are not necessarily indicative of the results that may be achieved for the full year. The financial statements and related notes do not include all information and footnotes required by U.S. generally accepted accounting principles for annual reports and should be read in conjunction with the consolidated financial statements for the fiscal year ended December 31, 2023.

Principles of Consolidation—The accompanying condensed consolidated financial statements include the accounts of the Company. All intercompany balances and transactions have been eliminated in consolidation.

Fiscal Year—The Company's fiscal year is a 52- or 53-week period that ends on the Sunday closest to the last day of December. Fiscal year 2024 is a 52-week period that ends December 29, 2024 and fiscal year 2023 was a 53-week period that ended December 31, 2023. In a 52-week fiscal year, each quarter includes 13 weeks of operations. In a 53-week fiscal year, the first, second and third quarters each include 13 weeks of operations, and the fourth quarter includes 14 weeks of operations.

Management's Use of Estimates—The condensed consolidated financial statements have been prepared by the Company in accordance with GAAP and the rules and regulations of the SEC. The preparation of condensed consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the condensed consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Significant accounting estimates made by the Company include the income tax valuation allowance, impairment of long-lived assets and right-of-use assets ("ROU assets"), legal liabilities, valuation of the contingent consideration liability, lease accounting matters, valuation of intangible assets acquired in business combinations, goodwill and stock-based compensation. These estimates are based on information available as of the date of the condensed consolidated financial statements; therefore, actual results could differ from those estimates.

Cash and Cash Equivalents—The Company considers all highly liquid investments with a maturity of three months or less at the time of purchase to be cash equivalents. Amounts receivable from credit card processors are converted to cash shortly after the related sales transaction and are considered to be cash equivalents because they are both short-term and highly liquid in nature. Amounts receivable from sales transactions as of March 31, 2024 and December 31, 2023, were \$4.5 million and \$3.0 million, respectively.

Restricted Cash—The Company's restricted cash balance relates to certificates of deposit that are collateral for letters of credit to lease agreements entered into by the Company.

[Table of Contents](#)

The reconciliation of cash and cash equivalents and restricted cash presented in the Company's accompanying condensed consolidated balance sheets to the total amount shown in its condensed consolidated statements of cash flows is as follows:

	As of March 31, 2024	As of December 31, 2023
(dollar amounts in thousands)		
Reconciliation of cash, cash equivalents and restricted cash:		
Cash and cash equivalents	\$ 243,756	\$ 257,230
Restricted cash, noncurrent	125	125
Total cash, cash equivalents and restricted cash shown on statement of cash flows	<u>\$ 243,881</u>	<u>\$ 257,355</u>

Recently Issued Accounting Pronouncements Not Yet Adopted — In December 2023, the FASB issued ASU No. 2023-09, "Income Taxes (Topic 740): Improvements to Income Tax Disclosures." The ASU includes amendments requiring enhanced income tax disclosures, primarily related to standardization and disaggregation of rate reconciliation categories and income taxes paid by jurisdiction. The guidance is effective for fiscal years beginning after December 15, 2024, with early adoption permitted, and should be applied either prospectively or retrospectively. The Company is currently evaluating the impact of adopting this ASU on its disclosures.

The Company reviewed all other recently issued accounting pronouncements and concluded that they were either not applicable or not expected to have a significant impact to the condensed consolidated financial statements.

2. REVENUE RECOGNITION

The following table presents the Company's revenue for the thirteen weeks ended March 31, 2024 and March 26, 2023 disaggregated by significant revenue channel:

	Thirteen weeks ended	
	March 31, 2024	March 26, 2023
(dollar amounts in thousands)		
Owned Digital Channels	\$ 51,812	\$ 48,261
In-Store Channel (Non-Digital component)	64,927	49,391
Marketplace Channel	41,111	27,410
Total Revenue	<u>\$ 157,850</u>	<u>\$ 125,062</u>

Gift Cards

Gift card liability included in gift card and loyalty liability within the accompanying condensed consolidated balance sheet was as follows:

	As of March 31, 2024	As of December 31, 2023
(dollar amounts in thousands)		
Gift Card Liability	<u>\$ 2,959</u>	<u>\$ 2,797</u>

Revenue recognized from the redemption of gift cards that was included in gift card and loyalty liability at the beginning of the year was as follows:

	Thirteen weeks ended	
	March 31, 2024	March 26, 2023
(dollar amounts in thousands)		
Revenue recognized from gift card liability balance at the beginning of the year	<u>\$ 664</u>	<u>\$ 325</u>

3. FAIR VALUE

The following tables present information about the Company's financial liabilities measured at fair value on a recurring basis:

	Fair Value Measurements as of March 31, 2024				Fair Value Measurements as of December 31, 2023			
	Total	Level 1	Level 2	Level 3	Total	Level 1	Level 2	Level 3
(dollar amounts in thousands)								
Contingent consideration	10,377	—	—	10,377	8,350	—	—	8,350

The fair value of the contingent consideration was determined based on significant inputs not observable in the market.

In connection with the Company's acquisition of Spyce on September 7, 2021, the former equity holders of Spyce may receive up to \$ 20 million (in the form of up to 714,285 additional shares of Class A common stock, calculated based on the initial offering price of the Company's Class A common stock of \$28.00 per share sold in the Company's initial public offering ("IPO") (the "Reference Price")), contingent on the achievement of certain performance milestones between the closing date of the acquisition and June 30, 2026.

Additionally, as of the date of the achievement of any of the three milestones, if the Volume-Weighted Average Price of the Company's Class A common stock as of such milestone achievement date ("VWAP Price") is less than the Reference Price, then the Company shall pay to each former equity holder of Spyce, in respect of each share of Class A Common stock issued to such holder upon the achievement of such milestone, an amount in cash equal to the delta between the Reference Price and the VWAP Price. The contingent consideration payable upon the achievement of the three milestones, was valued using the Monte Carlo method. The analysis considered, among other items, the equity value, the contractual terms of the Spyce merger agreement, potential liquidity event scenarios (prior to the IPO), the Company's credit-adjusted discount rate, equity volatility, risk-free rate, and the probability that milestone targets required for issuance of shares under the contingent consideration will be achieved. During the fourth quarter of fiscal 2023, the first milestone was achieved, which resulted in former equity holders of Spyce being eligible to receive \$6.0 million, which was paid during the thirteen weeks ended March 31, 2024. Of this \$ 6.0 million, based on a VWAP Price of \$10.20, \$2.1 million was issued in the form of Class A common stock, and \$ 3.9 million was paid in cash to the former Spyce equity holders. As the stock was issued and payment was made within one year from December 31, 2023, it was included in other current liabilities within the Consolidated Balance Sheets for the fiscal year ended December 31, 2023 and was issued during the thirteen weeks ended March 31, 2024.

The following table provides a roll forward of the aggregate fair values of the Company's contingent consideration, for which fair value is determined using Level 3 inputs.

	Contingent Consideration
(dollar amounts in thousands)	
Balance—December 31, 2023	\$ 8,350
Change in fair value	2,027
Balance—March 31, 2024	\$ 10,377

The Company did not record any non-cash impairment charges during the thirteen weeks ended March 31, 2024 and March 26, 2023.

4. PROPERTY AND EQUIPMENT

Property and equipment are stated at cost. Depreciation is calculated using the straight-line method over the estimated useful lives of the assets. Leasehold improvements are amortized using the straight-line method over the shorter of the lease term or estimated useful life. A summary of property and equipment is as follows:

[Table of Contents](#)

(dollar amounts in thousands)	As of March 31, 2024	As of December 31, 2023
Kitchen equipment	\$ 92,162	\$ 89,814
Computers and other equipment	38,806	37,984
Furniture and fixtures	38,308	36,692
Leasehold improvements	271,966	262,191
Assets not yet placed in service	24,969	26,269
Total property and equipment	466,211	452,950
Less: accumulated depreciation	(199,079)	(186,048)
Property and equipment, net	<u>\$ 267,132</u>	<u>\$ 266,902</u>

Depreciation expense for the thirteen weeks ended March 31, 2024 and March 26, 2023 was \$ 13.7 million and \$11.1 million, respectively.

As of March 31, 2024, the Company had 9 facilities under construction due to open during fiscal year 2024. As of December 31, 2023, the Company had 7 facilities under construction, all of which were due to open during fiscal year 2024. Depreciation commences after a store opens and the related assets are placed in service.

Total research and development cost was \$ 0.3 million for both the thirteen weeks ended March 31, 2024 and March 26, 2023. Research and development cost is recorded within general and administrative cost in the Company's accompanying condensed consolidated statement of operations.

5. GOODWILL AND INTANGIBLE ASSETS, NET

During the thirteen weeks ended March 31, 2024, there were no changes in the carrying amount of goodwill of \$ 36.0 million.

The following table presents the Company's intangible assets, net balances:

(dollar amounts in thousands)	As of March 31, 2024	As of December 31, 2023
Internal use software	\$ 40,036	\$ 38,336
Developed technology	20,050	20,050
Total intangible assets	60,086	58,386
Accumulated amortization	(33,730)	(30,979)
Intangible assets, net	<u>\$ 26,356</u>	<u>\$ 27,407</u>

Developed technology intangible assets were recognized in conjunction with the Company's acquisition of Spyce on September 7, 2021. The estimated useful life of developed technology is five years and the assets were placed into service during the fiscal year ended December 31, 2023.

Amortization expense for intangible assets was \$ 2.8 million and \$2.0 million for the thirteen weeks ended March 31, 2024 and March 26, 2023, respectively.

Estimated future amortization of internal use software and developed technology is as follows:

(dollar amounts in thousands)	
2024	\$ 7,483
2025	7,755
2026	5,698
2027	4,083
2028	1,337
Total	<u>\$ 26,356</u>

6. ACCRUED EXPENSES

Accrued expenses consist of the following:

	As of March 31, 2024	As of December 31, 2023
(dollar amounts in thousands)		
Fixed asset accrual	\$ 3,769	\$ 3,577
Accrued general and sales tax	4,475	3,438
Rent deferrals	1,173	1,330
Accrued delivery fee	1,334	1,197
Accrued settlements and legal fees	964	1,439
Other accrued expenses	10,288	9,864
Total accrued expenses	<u>\$ 22,003</u>	<u>\$ 20,845</u>

7. DEBT

Credit Facility—On December 14, 2020, the Company entered into a First Amended and Restated Revolving Credit, Delayed Draw Term Loan and Security Agreement (as subsequently amended, as discussed below, the “2020 Credit Facility”) with EagleBank. The 2020 Credit Facility superseded the Company’s 2017 revolving credit facility with EagleBank and allows the Company to borrow (i) up to \$35.0 million (subsequently increased to \$45.0 million) in the aggregate principal amount under the refinanced revolving facility and (ii) up to \$10.0 million in the aggregate principal amount under a delayed draw term loan facility, which expired on December 14, 2021, and which was never drawn on. The refinanced revolving facility originally matured on December 14, 2022 (and has since been extended to December 13, 2024). However, if the Company issues certain convertible debt or unsecured indebtedness under the 2020 Credit Facility, then the refinanced revolving facility will mature on the earlier to occur of (i) the maturity date indicated in the previous sentence and (ii) 90 days prior to the scheduled maturity date for any portion of such permitted convertible debt or unsecured indebtedness.

On May 9, 2022, the Company and Eagle Bank amended the 2020 Credit Facility to allow for the issuance of Letters of Credit of up to \$ 1.5 million. In connection therewith, the Company entered into a \$950,000 irrevocable standby Letter of Credit with Eagle Bank with The Travelers Indemnity Company as the beneficiary in connection with the Company’s workers compensation insurance policy.

On December 13, 2022, the Company and Eagle Bank amended the 2020 Credit Facility to extend the maturity date from December 14, 2022 to December 13, 2024. The amendment also increased the revolving facility cap by \$10.0 million, to allow for the Company to borrow up to \$45.0 million in the aggregate principal amount under the refinanced revolving facility. The Company incurred \$ 0.1 million of loan origination fees related to the amendment, which was recorded within other current assets on the audited consolidated balance sheets and will be amortized over the life of the facility. Under the 2020 Credit Facility, interest accrues on the outstanding loan balance and is payable monthly at a rate of the adjusted one-month term Secured Overnight Financing Rate, plus 2.90%, with a floor on the interest rate at 3.75%. As of March 31, 2024 and December 31, 2023, the Company had no outstanding balance under the 2020 Credit Facility.

On April 26, 2023, the Company and Eagle Bank further amended the 2020 Credit Facility to allow for an increase to the issuance of Letters of Credit of up to \$3.5 million. In connection therewith, the Company increased its irrevocable standby Letter of Credit with Eagle Bank to \$ 1.95 million, with The Travelers Indemnity Company as the beneficiary in connection with the Company’s workers’ compensation insurance policy. This replaced the previous amendment dated May 9, 2022.

Under the 2020 Credit Facility, the Company is required to maintain certain levels of liquidity (defined as total cash and cash equivalents on hand plus the available amount under the revolving facility) which liquidity amount shall be no less than the trailing 90-day cash burn. The Company was in compliance with the applicable financial covenants as of March 31, 2024 and December 31, 2023.

The obligations under the 2020 Credit Facility are guaranteed by the Company’s existing and future material subsidiaries and secured by substantially all of the Company’s and subsidiaries guarantor’s assets. The 2020 Credit Facility also restricts the Company’s ability, and the ability of the Company’s subsidiary guarantors, to, among other things, incur liens; incur additional indebtedness; transfer or dispose of assets; make acquisitions, change the nature of the business; guarantee obligations; pay dividends to shareholders or

repurchase stock; and make advances, loans, or other investments. The 2020 Credit Facility contains customary events of default, including, without limitation, failure to pay the outstanding loans or accrued interest on the due date.

8. LEASES

The Company leases restaurants and corporate office space under various non-cancelable lease agreements that expire on various dates through 2038. Lease terms for restaurants generally include a base term of 10 years, with options to extend these leases for additional periods of 5 to 15 years.

The components of lease cost for the thirteen weeks ended March 31, 2024 and March 26, 2023 were as follows:

(dollar amounts in thousands)	Classification	Thirteen weeks ended	
		March 31, 2024	March 26, 2023
Operating lease cost	Occupancy and related expense		
	General and administrative expense		
	Pre-opening costs	\$ 12,382	\$ 11,829
Variable lease cost	Occupancy and related expense		
	General and administrative expense	2,947	2,612
Short term lease cost	Occupancy and related expense		
	General and administrative expense	114	145
Sublease income	General and administrative expense	—	(178)
Total lease cost		\$ 15,443	\$ 14,408

As of March 31, 2024, future minimum lease payments for operating leases consisted of the following:

(dollar amounts in thousands)	
2024	\$ 36,157
2025	57,000
2026	55,895
2027	51,660
2028	45,577
Thereafter	148,323
Total	\$ 394,612
Less: imputed interest	90,211
Total lease liabilities	\$ 304,401

As of March 31, 2024 and December 31, 2023 the Company had additional operating lease commitments of \$ 24.0 million and \$25.9 million, respectively, for non-cancelable leases without a possession date, which the Company anticipates will commence in fiscal year 2024 or early 2025. The nature of such lease commitments is consistent with the nature of the leases that the Company has executed thus far.

A summary of lease terms and discount rates for operating leases as of March 31, 2024 and December 31, 2023 is as follows:

	March 31, 2024	December 31, 2023
Weighted average remaining lease term (years):		
Operating Leases	7.29	7.41
Weighted average discount rate:		
Operating Leases	6.59 %	6.51 %

Supplemental cash flow information related to leases for the thirteen weeks ended March 31, 2024 and March 26, 2023:

	March 31, 2024	March 26, 2023
Cash paid for amounts included in the measurement of lease liabilities:		
Operating cash flows from operating leases, net of lease incentives	\$ 10,610	\$ 12,789
Right of use assets obtained in exchange for lease obligations:		
Operating leases	\$ 7,357	\$ 10,532

9. COMMON STOCK

As of March 31, 2024 and December 31, 2023, the Company had reserved shares of common stock for issuance in connection with the following:

	As of March 31, 2024	As of December 31, 2023
Options outstanding under the 2009 Stock Plan, 2019 Equity Incentive Plan, Spyce Food Co. 2016 Stock Option Plan and Grant Plan and 2021 Equity Incentive Plan	14,569,140	13,219,388
Shares reserved for achievement of Spyce milestones	506,243	714,285
Shares reserved for employee stock purchase plan	4,111,331	4,111,331
RSUs and PSUs outstanding under the 2019 Equity Incentive Plan and 2021 Equity Incentive Plan	7,477,911	7,572,945
Shares available for future issuance under the 2021 Equity Incentive Plan	8,943,292	10,572,899
Total reserved shares of common stock	35,607,917	36,190,848

10. STOCK-BASED COMPENSATION

2021 Equity Incentive Plan

In connection with the Company's IPO, the Company adopted the 2021 Equity Incentive Plan (the "2021 Plan"), which allows for issuance of stock options (including incentive stock options and non-qualified stock options), restricted stock units ("RSUs"), including performance-based awards, and other types of awards. The maximum number of shares of common stock that may be issued under the 2021 Plan is 35,166,753, which is the sum of (i) 11,500,000 new shares, plus (ii) an additional number of shares consisting of (a) shares that were available for the issuance of awards under any prior equity incentive plans in place (which shall include the Prior Stock Plans (as defined below)) and the options to purchase certain shares of common stock, assumed by the Company, pursuant to the Spyce Food Co. 2016 Stock Option and Grant Plan, prior to the time the Company's 2021 Plan became effective and (b) any shares of the Company's common stock subject to outstanding stock options or other stock awards granted under the Prior Stock Plans that on or after the Company's 2021 Plan became effective, terminate or expire prior to the exercise or settlement; are not issued because the award is settled in cash; are forfeited because of the failure to vest; or are reacquired or withheld (or not issued) to satisfy a tax withholding obligation or the purchase or exercise price. Options granted during, or prior to, the thirteen weeks ended March 31, 2024 generally have vesting terms between twelve months and four years and have a contractual life of 10 years.

The Company issues shares of Class A common stock upon the vesting and settlement of RSUs and upon the exercises of stock options under the 2021 Plan. The 2021 Plan is administered by the Company's board of directors (the "Board"), or a duly authorized committee of the Board.

2009 Stock Plan and 2019 Equity Incentive Plan

Prior to the Company's IPO, the Company granted stock options, RSUs and performance-based restricted stock awards ("PSUs") to its employees, as well as non-employees (including directors and others who provide substantial services to the Company) under the Company's 2009 Stock Plan and 2019 Equity Incentive Plan (collectively, the "Prior Stock Plans"). Awards permitted to be granted under the Prior Stock Plans include incentive stock options to the Company's employees and non-qualified stock options to the

Company's employees and non-employees, as well as stock appreciation rights, restricted stock awards, RSUs (including PSUs), and other forms of stock awards to the Company's employees, directors and consultants and any of the Company's affiliated employees and consultants.

Options granted in the fiscal year ended December 26, 2021 and prior generally have vesting terms between one year and four years and have a contractual life of 10 years. No further stock awards will be granted under the Prior Stock Plans now that the 2021 Equity Incentive Plan is effective; however, awards outstanding under the Prior Stock Plans will continue to be governed by their existing terms.

Spyce Acquisition

In conjunction with the Spyce acquisition, the Company issued shares of Class S stock which converted to the Class A common stock upon the Company's IPO. Shares of Class S stock that were issued to certain Spyce employees, and the corresponding shares of Class A common stock received by such employees in connection with the Company's IPO, were subject to time-based service requirements and vested on September 7, 2023, as these requirements were met. As the value is fixed, the grant date fair value of these shares represents the fair value of the shares on the acquisition date. For the thirteen weeks ended March 26, 2023, the Company recognized stock-based compensation expense of \$0.8 million related to the vested portion of such shares.

2021 Employee Stock Purchase Plan

In conjunction with the IPO, the Board adopted, and the Company's stockholders approved, the Company's 2021 employee stock purchase plan (the "ESPP"). The Company's ESPP authorizes the issuance of 3,000,000 shares of common stock under purchase rights granted to the Company's employees or to the employees of any of its designated affiliates. The number of shares of the Company's common stock reserved for issuance will automatically increase on January 1 of each year for a period of 10 years, which began on January 1, 2023, by the lesser of (i) 1% of the total number of shares of the Company's common stock outstanding on December 31 of the immediately preceding year; and (ii) 4,300,000 shares, except before the date of any such increase, the Board may determine that such increase will be less than the amount set forth in clauses (i) and (ii). On January 1, 2023 the ESPP authorized shares increased by 1,111,331 to 4,111,331 in accordance with the above. The Board delegated the authority to manage the ESPP to the Compensation Committee of the Board, which provided that there would be no increase in the share reserve for the ESPP for calendar year 2024.

As of March 31, 2024, there had been no offering period or purchase period under the ESPP, and no such period will begin unless and until determined by the administrator.

Stock Options

The following table summarizes the Company's stock option activity for the thirteen weeks ended March 31, 2024 and March 26, 2023:

	Number of Shares	Weighted Average Exercise Price Per Share	Weighted-Average Remaining Contractual Term (In Years)	Aggregate Intrinsic Value
(dollar amounts in thousands except per share amounts)				
Balance—December 31, 2023	13,219,388	\$ 7.77	5.97	\$ 53,758
Options granted	1,720,782	15.52		
Options exercised	(257,201)	7.74		
Options forfeited	(80,989)	13.51		
Options expired	(32,840)	18.97		
Balance—March 31, 2024	14,569,140	\$ 8.63	6.26	\$ 242,599
Exercisable—March 31, 2024	10,419,232	\$ 6.92	5.19	\$ 191,264
Vested and expected to vest—March 31, 2024	14,569,140	\$ 8.63	6.26	\$ 242,599

	Number of Shares	Weighted Average Exercise Price Per Share	Weighted-Average Remaining Contractual Term (In Years)	Aggregate Intrinsic Value
(dollar amounts in thousands except per share amounts)				
Balance—December 25, 2022	13,813,922	\$ 7.86	6.63	\$ 34,454
Options granted	1,014,844	7.95		
Options exercised	(160,964)	4.77		
Options forfeited	(256,242)	8.66		
Options expired	(44,238)	11.09		
Balance—March 26, 2023	14,367,322	\$ 7.88	6.75	\$ 17,845
Exercisable—March 26, 2023	9,945,317	\$ 6.24	5.79	\$ 17,638
Vested and expected to vest—March 26, 2023	14,367,322	\$ 7.88	6.75	\$ 17,845

The weighted-average fair value of options granted during the thirteen weeks ended March 31, 2024 and March 26, 2023 was \$7.58 and \$8.43, respectively.

The fair value of each option granted has been estimated as of the date of the grant using the Black-Scholes option-pricing model. The Company has elected to account for forfeitures as they occur.

As of March 31, 2024, there was \$23.4 million in unrecognized compensation expense related to unvested stock-based compensation arrangements and is expected to be recognized over a weighted average period 2.22 years.

Restricted Stock Units and Performance Stock Units

Restricted stock units

The following table summarizes the Company's RSU activity for the thirteen weeks ended March 31, 2024 and March 26, 2023:

	Number of Shares	Weighted-Average Grant Date Fair Value
(dollar amounts in thousands except per share amounts)		
Balance—December 31, 2023	951,517	\$ 17.41
Granted	369,031	16.83
Released	(116,649)	18.41
Forfeited	(25,988)	17.47
Balance—March 31, 2024	1,177,911	17.13

	Number of Shares	Weighted-Average Grant Date Fair Value
(dollar amounts in thousands except per share amounts)		
Balance—December 25, 2022	1,780,681	\$ 23.40
Granted	214,431	8.42
Released	(155,558)	22.15
Forfeited	(229,151)	22.65
Balance—March 26, 2023	1,610,403	\$ 23.77

As of March 31, 2024, unrecognized compensation expense related to RS Us was \$12.5 million and is expected to be recognized over a weighted average period of 1.90 years. The fair value of shares released as of the vesting date during the thirteen weeks ended March 31, 2024 was \$1.2 million.

Performance stock units

In October 2021, the Company granted 2,100,000 PSUs to each founder (the “founder PSUs”) for a total of 6,300,000 PSUs, under the 2019 Equity Incentive Plan. The founder PSUs vest upon the satisfaction of a service condition and the achievement of certain stock price goals. As of March 31, 2024 unrecognized compensation expense related to the founder PSUs was \$22.8 million and is expected to be recognized over a weighted average period of 1.25 years.

Subsequent to the Company's IPO, the Company issued 321,428 PSUs to the Spyce founders (“Spyce PSUs”) based on three separate performance-based milestone targets. During the thirteen weeks ended March 31, 2024, the Company modified the number of shares underlying these grants and the vesting terms to remove the performance-based component, resulting in the total number of shares decreasing to 85,395, all of which are scheduled to vest on March 15, 2025. The expense related to these RSUs is included within the RSU section above.

There were no PSU grants during the thirteen weeks ended March 31, 2024 and March 26, 2023.

A summary of stock-based compensation expense recognized during the thirteen weeks ended March 31, 2024 and March 26, 2023 is as follows:

	Thirteen weeks ended	
	March 31, 2024	March 26, 2023
(dollar amounts in thousands)		
Stock-options	\$ 2,336	\$ 2,472
Restricted stock units	1,648	2,745
Performance stock units	5,642	9,048
Total stock-based compensation	\$ 9,626	\$ 14,265

11. INCOME TAXES

The Company's entire pretax loss for the thirteen weeks ended March 31, 2024 and March 26, 2023 was from its U.S domestic operations. The Company's tax provision for interim periods is determined using an estimate of its annual effective tax rate, adjusted for discrete items arising during interim periods. For the thirteen weeks ended March 31, 2024 and March 26, 2023, there were no significant discrete items recorded and the Company recorded \$0.1 million and \$0.3 million in income tax expense, respectively.

On March 27, 2020, President Trump signed into law the CARES Act (as defined below). Intended to provide economic relief to those impacted by the COVID-19 pandemic, the CARES Act includes provisions, among others, to enhance business' liquidity and provide for refundable employee retention tax credits, which could be used to offset payroll tax liabilities. On March 11, 2021, President Biden signed the American Rescue Plan Act (“ARPA”). The ARPA includes several provisions, such as measures that extend and expand the employee retention credit, previously enacted under the CARES Act, through September 30, 2021. As there is no authoritative guidance under U.S. GAAP on accounting for government assistance to for-profit business entities, the Company accounts for the ERC (as defined below) by analogy to International Accounting Standard (“IAS”) 20, Accounting for Government Grants and Disclosure of Government Assistance. In accordance with IAS 20, management determined it has reasonable assurance for receipt of the ERC and recorded the ERC benefit of \$1.8 million within Labor and other related expenses and \$5.1 million within general and administrative expenses in the Condensed Consolidated Statement of Operations for the fiscal year ended December 31, 2023 as an offset to Social Security tax expense. As of March 31, 2024 the Company received \$3.4 million cash payment, reducing the ERC receivable within other current assets on the Condensed Consolidated Balance Sheet to \$3.6 million.

12. NET LOSS PER SHARE

During the thirteen weeks ended March 31, 2024 and March 26, 2023, the rights, including the liquidation and dividend rights, of the holders of Class A and Class B common stock were identical, except with respect to voting. As the liquidation and dividend rights were identical, the undistributed earnings were allocated on a

proportionate basis and the resulting net loss per share attributable to common stockholders were, therefore, the same for both Class A and Class B common stock on an individual or combined basis.

The following table sets forth the computation of net loss per common share:

	Thirteen weeks ended	
	March 31, 2024	March 26, 2023
(dollar amounts in thousands)		
Numerator:		
Net loss	\$ (26,067)	\$ (33,657)
Denominator:		
Weighted-average common shares outstanding—basic and diluted	112,772,776	111,297,064
Earnings per share—basic and diluted	\$ (0.23)	\$ (0.30)

The Company's potentially dilutive securities, which include preferred stock, time-based vesting restricted stock units, performance stock units, contingently issuable stock and options to purchase common stock, have been excluded from the computation of diluted net loss per share as the effect would be antidilutive. Therefore, the weighted-average number of common shares outstanding used to calculate both basic and diluted net loss per share is the same. The Company excluded the following potential common shares, presented based on amounts outstanding at each period end, from the computation of diluted net loss per share for the periods indicated because including them would have had an anti-dilutive effect:

	Thirteen weeks ended	
	March 31, 2024	March 26, 2023
Options to purchase common stock	14,569,140	14,367,322
Time-based vesting restricted stock units	1,177,911	1,610,403
Performance stock units	6,300,000	6,621,428
Contingently issuable stock	506,243	714,285
Total common stock equivalents	22,553,294	23,313,438

13. RELATED-PARTY TRANSACTIONS

The Company's founders and Chief Financial Officer each hold indirect minority passive interests in Luzzatto Opportunity Fund II, LLC, an entity which holds indirect equity interests in Welcome to the Dairy, LLC, which is the owner of the properties leased by the Company for the Company's principal corporate headquarters. For both the thirteen weeks ended March 31, 2024 and March 26, 2023, total payments to Welcome to the Dairy, LLC, totaled \$1.0 million.

14. COMMITMENTS AND CONTINGENCIES

Lease Commitments

The Company is obligated under various operating leases related to its office facilities, restaurant locations, and certain equipment under non-cancelable operating leases that expire on various dates. Under certain of these leases, the Company is liable for contingent rent based on a percentage of sales in excess of specified thresholds and typically responsible for its proportionate share of real estate taxes, CAMs and other occupancy costs. Refer to Note 8, Leases, for additional information.

Purchase Obligations

Purchase obligations include agreements to purchase goods or services that are enforceable and legally binding on us and that specify all significant terms. The majority of the Company's purchase obligations relate to amounts owed for supplies within its restaurants and are due within the next twelve months.

Legal Contingencies

The Company is subject to various claims, lawsuits, governmental investigations and administrative proceedings that arise in the ordinary course of business. The Company does not believe that the ultimate resolution of any of these matters will have a material effect on the Company's financial position, results of operations, liquidity, or capital resources. However, an increase in the number of these claims, or one or more successful claims under which the Company incurs greater liabilities than the Company currently anticipates, could materially and adversely affect the Company's business, financial position, results of operations, and cash flows.

15. SUBSEQUENT EVENTS

The Company evaluated subsequent events through May 9, 2023, the date its accompanying condensed consolidated financial statements were available to be issued. Except as discussed below, there are no events that require adjustment to or disclosure in these condensed consolidated financial statements.

On April 30, 2024, the Company entered into a sublease agreement with FPM Development, LLC to sublease the former vacated Sweetgreen Support Center ("Phase I") as well as the current Sweetgreen Support Center ("Phase II"). The term of the sublease commenced on May 1, 2024 and will end on February 28, 2032 (or on such earlier date as the term may sooner expire, as set forth in the Sublease Agreement or the Lease). In accordance with the agreement, substantially all of Phase I was delivered to the Subtenant on May 1, 2024, and the Company anticipates delivering the remainder of Phase I and Phase II on or around August 1, 2024.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

You should read the following discussion and analysis of our financial condition and results of operations together with the condensed consolidated financial statements and related notes included elsewhere in this report. This discussion contains forward-looking statements based upon current plans, expectations and beliefs that involve risks and uncertainties. Our actual results may differ materially from those anticipated in these forward-looking statements as a result of various factors, including those discussed in the section titled "Risk Factors" included under Part I, Item 1A in our Annual Report on Form 10-K for the fiscal year ended December 31, 2023. See the section titled "Special Note Regarding Forward-Looking Statements" in this Quarterly Report. Unless the context otherwise requires, all references in this section to "we," "us," "our," the "Company," or "Sweetgreen" refer to Sweetgreen, Inc. and its subsidiaries.

Overview

We are a mission-driven, next generation restaurant and lifestyle brand that serves healthy food at scale. Our bold vision is to be as ubiquitous as traditional fast food, but with the transparency and quality that consumers increasingly expect. As of March 31, 2024, we owned and operated 227 restaurants in 19 states and Washington, D.C.

Factors Affecting Our Business

Expanding Restaurant Footprint

Opening new restaurants is an important driver of our revenue growth. During the thirteen weeks ended March 31, 2024 and March 26, 2023, we had 6 and 9 Net New Restaurant Openings, respectively, bringing our total count as of March 31, 2024 to 227 restaurants in 19 states and Washington, D.C.

We are still in the very nascent stages of our journey, and one of our greatest immediate opportunities is to grow our footprint in both existing and new U.S. markets and, over time, internationally.

Real Estate Selection

We utilize a rigorous, data-driven real estate selection process to identify the location and timing of opening new restaurants, both in new and existing U.S. markets and in urban and suburban areas, with both high anticipated foot or vehicle traffic and proximity to workplaces, residences and other restaurant and retail businesses that support our multi-channel approach, including our Native Delivery, Marketplace Delivery and Outpost and Catering Channels.

Macroeconomic Conditions, Inflation, and Supply Chain Constraints

Consumer spending on food outside the home fluctuates with macroeconomic conditions. Consumers tend to allocate higher spending to food outside the home when macroeconomic conditions are stronger, and reduce spending on food outside the home during weaker economies. Our customers have in the past demonstrated a willingness to pay a premium for a craveable, convenient, and healthier alternative to traditional fast-food and fast-casual offerings. However, as a premium offering in the fast-casual industry, we are exposed both to consumers trading the convenience of food away from home for the cost benefit of cooking, and to consumers selecting less expensive fast-casual alternatives during weaker economic periods.

While we have historically been able to partially offset inflation and other increases in the costs of core operating resources, such as wage increases and increases in cost of goods sold, by gradually increasing menu prices or other customer fees, such as service fees and delivery fees, coupled with more efficient purchasing practices, productivity improvements, and greater economies of scale, there can be no assurance that we will be able to continue to do so in the current macroeconomic environment or regulatory environment or in the future. In particular, current and future macroeconomic conditions could cause additional menu price increases to negatively impact our Same Store Sales Growth. There can be no assurance that future cost increases, including as a result of inflation, can be offset by increased menu prices or that our current or future menu prices will be fully absorbed by our customers without any resulting change to their demand for our products.

[Table of Contents](#)

During the first fiscal quarter of 2023, there was an interruption by our supplier to the supply of packaging to our stores. This caused a disruption in our stores, as well as higher costs of packaging materials, which negatively impacted our restaurant operating costs during that period.

We are adding a new protein to our menu, steak, in the second quarter of 2024, which will add a new ingredient for our customer base. With the introduction of beef on our menu, we may experience an increase in commodity cost.

Seasonality

Our revenue fluctuates as a result of seasonal factors and weather conditions. Historically, our revenue has been lower in the first and fourth fiscal quarters of the year due, in part, to the holiday season and the fact that fewer people eat out during periods of inclement weather (generally the winter months, though inclement weather conditions may occur in certain markets at any time of the year) than during periods of mild to warm weather (the spring, summer, and fall months). In addition, a core part of our menu, salads, has proven to be more popular among consumers in the warmer months. Recently, as consumer behavior trends have changed, due in part to the emergence of hybrid or remote work environments, the seasonality in our business has been less predictable than in prior years although we have seen an increased and prolonged negative impact on our revenue around national holidays.

Sales Channel Mix

Our revenue is derived from sales of food and beverage to customers through our five sales channels: In-Store Channel, Pick-Up Channel, Native Delivery Channel, Marketplace Channel, and Outpost and Catering Channel. There have been historical fluctuations in the mix of sales between our various channels. Due to the fact that our Native Delivery, Outpost and Catering, and Marketplace Channels require the payment of third-party fees in order to fulfill deliveries, sales through these channels have historically negatively impacted our margins. Additionally, historically, orders on our Native Delivery, Outpost and Catering and Marketplace Channels have resulted in a higher rate of refunds and credits than our In-Store and Pick-Up Channels, which has a negative impact on revenue from these channels. We have also historically prioritized promotions and discounts on our Owned Digital Channels, which also reduces revenue from these channels. If we see a shift in sales through the Native Delivery, Outpost and Catering, and Marketplace channels, our margins may decrease. However, over time, we expect that our margins will improve on our Native Delivery, Outpost and Catering, and Marketplace Channels as we scale each of these channels.

Key Performance Metrics and Non-GAAP Financial Measures

We track the following key performance metrics and non-GAAP financial measures to evaluate our performance, identify trends, formulate financial projections, and make strategic decisions. We believe that these key performance metrics, which include certain non-GAAP financial measures, provide useful information to investors and others in understanding and evaluating our results of operations in the same manner as our management team. These key performance metrics and non-GAAP financial measures are presented for supplemental informational purposes only, should not be considered a substitute for financial information presented in accordance with GAAP, and may be different from similarly titled metrics or measures presented by other companies.

	Thirteen weeks ended	
	March 31, 2024	March 26, 2023
(dollar amounts in thousands)		
Net New Restaurant Openings	6	9
Average Unit Volume (as adjusted) ⁽¹⁾	\$2,889	\$ 2,932
Same-Store Sales Change (%) (as adjusted) ⁽²⁾	5 %	5 %
Total Digital Revenue Percentage	59 %	61 %
Owned Digital Revenue Percentage	33 %	39 %

(1) No restaurants were excluded from the Comparable Restaurant Base for the thirteen weeks ended March 31, 2024. Our results for the thirteen weeks ended March 26, 2023 have been adjusted to reflect the temporary closures of two restaurants, which were excluded from the Comparable Restaurant Base. Such adjustments did not result in a material change to AUV.

(2) Our results for the thirteen weeks ended March 31, 2024 have been adjusted to reflect the temporary closures of three restaurants, which were excluded from the calculation of Same-Store Sales Change. Such adjustments did not result in a material change to Same-Store Sales Change. No restaurants were excluded from the calculation of Same-Store Sales Change during the thirteen weeks ended March 26, 2023.

Net New Restaurant Openings

Net New Restaurant Openings reflect the number of new Sweetgreen restaurant openings during a given reporting period, net of any permanent Sweetgreen restaurant closures during the same given period. Before we open new restaurants, we incur pre-opening costs, as further described below. During fiscal year 2024 and fiscal year 2025, we plan to integrate our Infinite Kitchen into a greater number of our new restaurants. Beginning in fiscal year 2025, we plan to return to a new restaurant growth rate of 15-20% per year, with fiscal year 2025 targeting the low end of this range and fiscal year 2026 targeting the upper end of this range.

Average Unit Volume

AUV is defined as the average trailing revenue for the prior four fiscal quarters for all restaurants in the Comparable Restaurant Base. The measure of AUV allows us to assess changes in guest traffic and per transaction patterns at our restaurants. Fiscal year 2023 was a 53-week year, in order to provide a measurement period that is consistent with comparable periods that span a 52-week year, rather than simply excluding the extra week, we applied an averaging methodology to the last period of fiscal 2023 to adjust for the extra week. Comparable Restaurant Base for any measurement period is defined as all restaurants that have operated for at least twelve full months as of the end of such measurement period, other than any restaurants that had a material, temporary closure during the relevant measurement period. For the thirteen weeks ended March 31, 2024, no restaurants were excluded from the Comparable Restaurant Base. For the thirteen weeks ended March 26, 2023, two restaurants were excluded from the Comparable Restaurant Base to reflect the temporary closure of such restaurants during the period. This adjustment did not result in a material change to AUV.

Same-Store Sales Change

Same-Store Sales Change reflects the percentage change in year-over-year revenue for the relevant fiscal period for all restaurants that have operated for at least 13 full fiscal months as of the end of such fiscal period, excluding the 14th week in any 14-week period and the 53rd week in any 53-week period, as applicable; provided, that for any restaurant that has had a temporary closure (which historically has been defined as a closure of at least five days during which the restaurant would have otherwise been open) during any prior or current fiscal month, such fiscal month, as well as the corresponding fiscal month for the prior or current fiscal year, as applicable, will be excluded when calculating Same-Store Sales Change for that restaurant. Fiscal year 2023 was a 53-week year, which resulted in a misalignment in our comparable weeks in fiscal year 2024. To adjust for this misalignment, in calculating Same-Store Sales Change for each fiscal quarter and the full fiscal year 2024, we shifted each week within fiscal year 2023 forward by one week to better align with the 2024 calendar year, specifically to match the timing of holidays and achieve a more accurate comparable Same-Store Sales Change to the prior period. During the thirteen weeks ended March 31, 2024, three restaurants were excluded from the calculation of Same-Store Sales Change. Such adjustments did not result in a material change to Same-Store Sales Change. This measure highlights the performance of existing restaurants, while excluding the impact of new restaurant openings and closures.

Total Digital Revenue Percentage and Owned Digital Revenue Percentage

Our Total Digital Revenue Percentage is the percentage of our revenue attributed to purchases made through our Total Digital Channels. Our Owned Digital Revenue Percentage is the percentage of our revenue attributed to purchases made through our Owned Digital Channels.

Non-GAAP Financial Measures

In addition to our consolidated financial statements, which are presented in accordance with GAAP, we present certain non-GAAP financial measures, including Restaurant-Level Profit, Restaurant-Level Profit Margin, Adjusted

EBITDA, and Adjusted EBITDA Margin. We believe these measures are useful to investors and others in evaluating our performance because these measures:

- facilitate operating performance comparisons from period to period by isolating the effects of some items that vary from period to period without any correlation to core operating performance or that vary widely among similar companies. These potential differences may be caused by variations in capital structures (affecting interest expense), tax positions (such as the impact on periods or companies of changes in effective tax rates or NOL), and the age and book depreciation of facilities and equipment (affecting relative depreciation expense);
- are widely used by analysts, investors, and competitors to measure a company's operating performance; are used by our management and board of directors for various purposes, including as measures of performance, and as a basis for strategic planning and forecasting; and
- are used internally for a number of benchmarks, including to compare our performance to that of our competitors.

Restaurant-Level Profit, Restaurant-Level Profit Margin, Adjusted EBITDA, and Adjusted EBITDA Margin have limitations as analytical tools, and you should not consider them in isolation or as substitutes for analysis of our results as reported under GAAP. In particular, Restaurant-Level Profit and Adjusted EBITDA should not be viewed as substitutes for, or superior to, loss from operations or net loss prepared in accordance with GAAP as a measure of profitability. Some of these limitations are:

- although depreciation and amortization are non-cash charges, the assets being depreciated and amortized may have to be replaced in the future, and Restaurant-Level Profit and Adjusted EBITDA do not reflect all cash capital expenditure requirements for such replacements or for new capital expenditure requirements;
- Restaurant-Level Profit and Adjusted EBITDA do not reflect changes in, or cash requirements for, our working capital needs;
- Restaurant-Level Profit and Adjusted EBITDA do not reflect the impact of the recording or release of valuation allowances or tax payments that may represent a reduction in cash available to us;
- Restaurant-Level Profit and Adjusted EBITDA do not consider the potentially dilutive impact of stock-based compensation;
- Restaurant-Level Profit is not indicative of overall results of the Company and does not accrue directly to the benefit of stockholders, as corporate-level expenses are excluded;
- Adjusted EBITDA does not take into account any income or costs that management determines are not indicative of ongoing operating performance, such as stock-based compensation; loss on disposal of property and equipment; certain other expenses; Spyce acquisition costs; ERP implementation and related costs; legal settlements; and, in certain periods, impairment and closure costs and restructuring charges; and
- other companies, including those in our industry, may calculate Restaurant-Level Profit and Adjusted EBITDA differently, which reduces their usefulness as comparative measures.

Because of these limitations, you should consider Restaurant-Level Profit, Restaurant-Level Profit Margin, Adjusted EBITDA and Adjusted EBITDA Margin alongside other financial performance measures, loss from operations, net loss, and our other GAAP results.

Restaurant-Level Profit and Restaurant-Level Profit Margin

We define Restaurant-Level Profit as loss from operations adjusted to exclude general and administrative expense, depreciation and amortization, pre-opening costs, loss on disposal of property and equipment, and in certain periods, impairment and closure costs and restructuring charges. Restaurant-Level Profit Margin is Restaurant-Level Profit as a percentage of revenue.

As it excludes general and administrative expense, which is primarily attributable to our corporate headquarters, which we refer to as our Sweetgreen Support Center, we evaluate Restaurant-Level Profit and Restaurant-Level Profit Margin as a measure of profitability of our restaurants.

The following table sets forth a reconciliation of our loss from operations to Restaurant-Level Profit, as well as the calculation of loss from operations margin and Restaurant-Level Profit Margin for each of the periods indicated:

(dollar amounts in thousands)	Thirteen weeks ended	
	March 31, 2024	March 26, 2023
Loss from operations	\$ (26,915)	\$ (35,322)
Add back:		
General and administrative	36,865	34,907
Depreciation and amortization	16,427	13,110
Pre-opening costs	1,432	3,366
Impairment and closure costs	157	190
Loss on disposal of property and equipment ⁽¹⁾	66	48
Restructuring charges ⁽²⁾	505	638
Restaurant-Level Profit	\$ 28,537	\$ 16,937
Loss from operations margin	(17)%	(28)%
Restaurant-Level Profit Margin	18 %	14 %

(1) Loss on disposal of property and equipment includes the loss on disposal of assets related to retirements and replacement or write-off of leasehold improvements or equipment.

(2) Restructuring charges are expenses that are paid in connection with reorganization of our operations. These costs primarily include lease and related costs associated with our vacated former Sweetgreen Support Center, including the impairment and the amortization of the operating lease asset.

Adjusted EBITDA and Adjusted EBITDA Margin

We define Adjusted EBITDA as net loss adjusted to exclude income tax expense, interest income, interest expense, depreciation and amortization, stock-based compensation expense, loss on disposal of property and equipment, other (income) expense, Spyce acquisition costs, ERP implementation and related costs, and, in certain periods, impairment and closure costs, restructuring charges and legal settlements. Adjusted EBITDA Margin is Adjusted EBITDA as a percentage of revenue.

The following table sets forth a reconciliation of our net loss to Adjusted EBITDA, as well as the calculation of net loss margin and Adjusted EBITDA Margin for each of the periods indicated:

(dollar amounts in thousands)	Thirteen weeks ended	
	March 31, 2024	March 26, 2023
Net loss	\$ (26,067)	\$ (33,657)
Non-GAAP adjustments:		
Income tax expense	90	318
Interest income	(3,016)	(3,062)
Interest expense	19	21
Depreciation and amortization	16,427	13,110
Stock-based compensation ⁽¹⁾	9,626	14,265
Loss on disposal of property and equipment ⁽²⁾	66	48
Impairment and closure costs ⁽³⁾	157	190
Other expense ⁽⁴⁾	2,059	1,058
Spyce acquisition costs ⁽⁵⁾	—	161
Restructuring charges ⁽⁶⁾	505	638
ERP implementation and related costs ⁽⁷⁾	226	216
Legal settlements ⁽⁸⁾	21	—
Adjusted EBITDA	\$ 113	\$ (6,694)
Net loss margin	(17)%	(27)%
Adjusted EBITDA Margin	— %	(5)%

(1) Includes non-cash, stock-based compensation.

(2) Loss on disposal of property and equipment includes the loss on disposal of assets related to retirements and replacement or write-off of leasehold improvements or equipment.

(3) Includes costs related to impairment of long-lived assets and store closures.

(4) Other expense includes the change in fair value of the contingent consideration. See Note 3 to our condensed consolidated financial statements included elsewhere in this Quarterly Report.

(5) Spyce acquisition costs includes one-time costs we incurred in order to acquire Spyce including, severance payments, retention bonuses, and valuation and legal expenses.

(6) Restructuring charges are expenses that are paid in connection with reorganization of our operations. These costs primarily include lease and related non-cash expenses associated with our vacated former Sweetgreen Support Center, including the impairment and the amortization of the operating lease asset.

(7) Represents the amortization costs associated to the implementation from our cloud computing arrangements in relation to our new ERP.

(8) Expenses recorded for accruals related to the settlements of legal matters.

Components of Results of Operations

Revenue

We recognize food and beverage revenue, net of discounts and incentives, when payment is tendered at the point of sale as the performance obligation has been satisfied, through our three disaggregated revenue channels: Owned Digital Channels, In-Store-Channel (Non-Digital component), and Marketplace Channel. Provisions for discounts are provided for in the same period the related sales are recorded. Sales taxes and other taxes collected from customers and remitted to governmental authorities are presented on a net basis, and as such, are excluded from revenue. We expect revenue to increase as we focus on opening additional restaurants, diversify and expand

our menu, make investments in our Owned Digital Channels to attract new customers and increase order frequency in our existing customers, as well as any increases in the price of our menu items.

Gift Cards

We also sell gift cards that do not have an expiration date. Upon sale, gift cards are recorded as unearned revenue and included within gift card liability in the accompanying consolidated balance sheets. The revenue from gift cards is recognized when redeemed by customers. Because we do not track addresses of gift card purchasers, the relevant jurisdiction related to the requirement for escheatment, the legal obligation to remit unclaimed assets to the state, is our state of incorporation, which is Delaware. The state of Delaware requires escheatment after five years from issuance. We do not recognize breakage income because of our requirements to escheat unredeemed gift card balances.

Delivery

The majority of our restaurant locations offer a delivery option. Delivery services are fulfilled by third-party service providers whether delivery is ordered through our Native Delivery Channel or Marketplace Channel. With respect to Native Delivery Channel sales, we control the delivery services and recognize revenue, including delivery revenue, when the delivery partner transfers food or beverage to the customer. For these sales, we receive payment directly from the customer at the time of sale. With respect to Marketplace Channel sales, we recognize revenue, excluding delivery fees collected by the delivery partner as we do not control the delivery service, when control of the food or beverage is delivered to the end customer. We receive payment from the delivery partner subsequent to the transfer of food and the payment terms are short-term in nature. For all delivery sales, we are considered the principal and recognize the revenue on a gross basis. For a more detailed discussion of our third-party delivery fees and our expectations regarding our margins, see the section titled “—Sales Channel Mix” above.

Restaurant Operating Costs, Exclusive of Depreciation and Amortization

Food, Beverage, and Packaging

Food, beverage, and packaging costs include the direct costs associated with food, beverage, and packaging of our menu items. We anticipate food, beverage and packaging costs on an absolute dollar basis will increase for the foreseeable future to the extent we experience additional in-store orders, as we open additional restaurants, and as a result our revenue grows. Food, beverage, and packaging costs as a percentage of revenue may vary, as these costs are impacted by menu mix and fluctuations in commodity costs, inflation, and availability, as well as geographic scale and proximity. We will continue to innovate in key areas, including menu, which could lead to increases in commodity costs as we add items such as beef to our menu.

Labor and Related Expenses

Labor and related expenses include salaries, bonuses, benefits, payroll taxes, workers compensation expenses, and other expenses related to our restaurant employees. As with other variable expense items, we expect labor costs to grow as our revenue grows. Other factors that influence labor costs include each jurisdiction's minimum wage and payroll tax legislation, inflation, the strength of the labor market for hourly employees, benefit costs, health care costs, and the size and location of our restaurants.

Occupancy and Related Expenses

Occupancy and related expenses consist of restaurant-level occupancy expenses (including rent, common area maintenance (“CAM”) expenses and real estate taxes), and exclude occupancy expenses associated with unopened restaurants, which are recorded separately in pre-opening costs. We anticipate occupancy and related expenses on an absolute dollar basis will increase for the foreseeable future to the extent we continue to open new restaurants and revenue grows. Occupancy and related expenses as a percentage of revenue are impacted by geographic location, type of restaurant build, and amount of revenue.

Other Restaurant Operating Costs

Other restaurant operating costs include other operating expenses incidental to operating our restaurants, such as repairs and maintenance, utilities, certain local taxes, third-party delivery fees, non-perishable supplies, restaurant-level marketing, credit card fees and property insurance. We expect that other restaurant operating costs will increase on an absolute dollar basis for the foreseeable future to the extent we continue to open new restaurants and our revenue grows. Other restaurant operating costs as a percentage of revenue are expected to increase in line with growth in our Native Delivery, Outpost and Catering, and Marketplace Channels, as these channels require us to pay third-party delivery fees. However, as revenue increases, we expect that other restaurant operating costs, such as repairs and maintenance and property insurance, as a percentage of revenue will decline.

Operating Expenses

General and Administrative

General and administrative expenses consist primarily of operations, technology, finance, legal, human resources, administrative personnel, and other personnel costs that support restaurant development and operations, as well as stock-based compensation expense and brand-related marketing. As a percentage of revenue, we expect our general and administrative expenses to vary from period to period and to decrease over time.

Depreciation and Amortization

Depreciation and amortization include the depreciation of fixed assets, including leasehold improvements and equipment, and the amortization of external costs, certain internal costs directly associated with developing computer software applications for internal use, and developed technology acquired as part of our Spyce acquisition. We expect that depreciation and amortization expenses will increase on an absolute dollar basis as we continue to build new restaurants and make investments in our digital platform.

Pre-Opening Costs

Pre-opening costs primarily consist of rent, wages, travel for training and restaurant opening teams, food, marketing, and other restaurant costs that we incur prior to the opening of a restaurant. These expenses will increase in proportion to the increase of our new restaurant openings. These costs are expensed as incurred. Pre-opening costs depend on the number of new stores we open during each period. As a result, while we expect that pre-opening costs on an absolute dollar basis will fluctuate from period to period, we expect pre-opening costs to begin to increase in fiscal year 2025 in connection with the reacceleration of our new restaurant growth rate described above.

Impairment and Closure Costs

Impairment includes impairment charges related to our long-lived assets, which include property and equipment, and operating lease assets.

Loss on Disposal of Property and Equipment

Loss on disposal of property and equipment includes the net book value of assets that have been retired and consists primarily of furniture, equipment and fixtures that were replaced in the normal course of business.

Restructuring Charges

Restructuring charges are expenses that are paid in connection with the reorganization of our operations. These costs primarily include operating lease asset impairment costs related to our vacated former Sweetgreen Support Center, as well as the amortization of the underlying operating lease asset and related real estate and CAM charges, severance and related benefits from workforce reductions at our Sweetgreen Support Center, and costs related to abandoning certain potential future restaurant sites, which are a result of our efforts to streamline our future new restaurant openings, and other related expenses.

Interest Income and Interest Expense

Interest income consists of interest earned on our cash and cash equivalents. Interest expense includes mainly amortization of deferred financing costs from our debt origination and commitment fees.

Other Expense

Other expense consists primarily of changes in the fair value of our contingent consideration liability. We will continue to remeasure the liability associated with our contingent consideration liability until the underlying service conditions are met, or the performance period expires.

Income Tax Expense

Income tax expense consists of federal and state tax expense on our operating activity, and changes to our deferred tax asset and deferred tax liability. For additional information, see Note 11 to our condensed consolidated financial statements included elsewhere in this Quarterly Report.

Results of Operations

Comparison of the thirteen weeks ended March 31, 2024 and March 26, 2023

The following table summarizes our results of operations for the thirteen weeks ended March 31, 2024 and March 26, 2023:

(dollar amounts in thousands)	Thirteen weeks ended		Dollar Change	Percentage Change
	March 31, 2024	March 26, 2023		
Revenue	\$ 157,850	\$ 125,062	\$ 32,788	26 %
Restaurant operating costs (exclusive of depreciation and amortization presented separately below):				
Food, beverage, and packaging	43,718	35,587	8,131	23 %
Labor and related expenses	45,766	39,243	6,523	17 %
Occupancy and related expenses	14,448	12,630	1,818	14 %
Other restaurant operating costs	25,381	20,665	4,716	23 %
Total cost of restaurant operations	129,313	108,125	21,188	20 %
Operating expenses:				
General and administrative	36,865	34,907	1,958	6 %
Depreciation and amortization	16,427	13,110	3,317	25 %
Pre-opening costs	1,432	3,366	(1,934)	(57 %)
Impairment and closure costs	157	190	(33)	(17 %)
Loss on disposal of property and equipment	66	48	18	38 %
Restructuring charges	505	638	(133)	(21 %)
Total operating expenses	55,452	52,259	3,193	6 %
Loss from operations	(26,915)	(35,322)	8,407	(24 %)
Interest income	(3,016)	(3,062)	46	(2 %)
Interest expense	19	21	(2)	(10 %)
Other expense	2,059	1,058	1,001	95 %
Net loss before income taxes	(25,977)	(33,339)	7,362	(22 %)
Income tax expense	90	318	(228)	(72 %)
Net loss	\$ (26,067)	\$ (33,657)	\$ 7,590	(23 %)

Revenue

(dollar amounts in thousands)	Thirteen weeks ended		Percentage Change
	March 31, 2024	March 26, 2023	
Revenue	157,850	125,062	26 %
Average Unit Volume	2,889	2,932	(1 %)
Same-Store Sales Change	5 %	5 %	— %

The increase in revenue for the thirteen weeks ended March 31, 2024 was primarily due to an increase of \$21.1 million of incremental revenue associated with 41 Net New Restaurant Openings during or subsequent to the thirteen weeks ended March 26, 2023. In addition, \$6.4 million of the increase was the result of a positive Same-Store Sales Change of 5% due to menu price increases that were implemented subsequent to the thirteen weeks ended March 26, 2023. The remaining \$5.3 million of the increase was due to additional fiscal year-over-year comparable restaurant sales growth, which would have been reflected in our Same-Store Sales Change had we not adjusted for the misalignment in our comparable weeks resulting from fiscal year 2023 being a 53-week year, as described above.

Restaurant Operating Costs

Food, Beverage, and Packaging

(dollar amounts in thousands)	Thirteen weeks ended		Percentage Change
	March 31, 2024	March 26, 2023	
Food, beverage, and packaging	43,718	35,587	23 %
As a percentage of total revenue	28 %	28 %	— %

The increase in food, beverage, and packaging costs for the thirteen weeks ended March 31, 2024 was primarily due to the 41 Net New Restaurant Openings during or subsequent to the thirteen weeks ended March 26, 2023, partially offset by a decrease in packaging costs, which were higher in the prior-year period due to a packaging supply chain disruption.

As a percentage of revenue, food, beverage, and packaging costs for the thirteen weeks ended weeks ended March 31, 2024 remained consistent compared to the thirteen weeks ended March 26, 2023, primarily due to menu price increases.

Labor and Related Expenses

(dollar amounts in thousands)	Thirteen weeks ended		Percentage Change
	March 31, 2024	March 26, 2023	
Labor and related expenses	45,766	39,243	17 %
As a percentage of total revenue	29 %	31 %	(2 %)

The increase in labor and related expenses for the thirteen weeks ended March 31, 2024 was primarily due to the 41 Net New Restaurant Openings during or subsequent to the thirteen weeks ended March 26, 2023. The increase was also due to an increase in staffing expenses across all restaurant locations, primarily related to an increase in prevailing wage rates in many of our markets as a result of continued wage rate inflation in the industry, partially offset by improved labor optimization. The prior year period also included a \$1.8 million benefit received during the thirteen weeks ended March 26, 2023, related to refundable employee retention tax credits ("ERC") issued as part of the Coronavirus Aid, Relief and Economic Security Act (the "Cares Act").

[Table of Contents](#)

As a percentage of revenue, the decrease in labor and related expenses for the thirteen weeks ended March 31, 2024 was primarily due to higher revenue and improvement in labor optimization, as discussed above compared to the thirteen weeks ended March 26, 2023. These decreases were partially offset by a \$1.8 million benefit received during the thirteen weeks ended March 26, 2023, related to a refundable ERC issued as part of the Cares Act.

Occupancy and Related Expenses

(dollar amounts in thousands)	Thirteen weeks ended		Percentage Change
	March 31, 2024	March 26, 2023	
Occupancy and related expenses	14,448	12,630	14 %
As a percentage of total revenue	9 %	10 %	(1 %)

The increase in occupancy and related expenses for the thirteen weeks ended March 31, 2024 was primarily due to the 41 Net New Restaurant Openings during or subsequent to the thirteen weeks ended March 26, 2023.

As a percentage of revenue, occupancy and related expenses for the thirteen weeks ended March 31, 2024 decreased compared to the thirteen weeks ended March 26, 2023, primarily due to higher revenue.

Other Restaurant Operating Costs

(dollar amounts in thousands)	Thirteen weeks ended		Percentage Change
	March 31, 2024	March 26, 2023	
Other restaurant operating costs	25,381	20,665	23%
As a percentage of total revenue	16 %	17 %	(1)%

The increase in other restaurant operating costs for the thirteen weeks ended March 31, 2024 was primarily due to the 41 Net New Restaurant Openings during or subsequent to the thirteen weeks ended March 26, 2023. This includes increases in delivery fees, primarily related to the increase in revenue through our Marketplace Channel, utilities and repair and maintenance expenses, credit card and online processing fees related to the increase in revenue, and office systems, kitchen, cleaning and related supplies to support the Net New Restaurant Openings described above.

As a percentage of revenue, other restaurant operating costs for the thirteen weeks ended March 31, 2024 decreased compared to the thirteen weeks ended March 26, 2023, primarily due to higher revenue.

Operating Expenses

General and Administrative

(dollar amounts in thousands)	Thirteen weeks ended		Percentage Change
	March 31, 2024	March 26, 2023	
General and administrative	36,865	34,907	6 %
As a percentage of total revenue	23 %	28 %	(5 %)

The increase in general and administrative expenses for the thirteen weeks ended March 31, 2024 was primarily due to a \$5.1 million benefit received during the thirteen weeks ended March 26, 2023 from ERC, a \$0.9 million increase in marketing and advertising costs, and \$0.8 million increase in management salaries and benefits including bonus. These increases were partially offset by a \$4.6 million decrease in stock-based compensation expense primarily related to the decrease in expense associated with restricted stock units and performance-based restricted stock units issued prior to our IPO.

As a percentage of revenue, the decrease in general and administrative expenses for the thirteen weeks ended March 31, 2024 was primarily due to the comparatively higher revenue in the current period, partially offset by the net effect of the fluctuations noted above.

Depreciation and Amortization

(dollar amounts in thousands)	Thirteen weeks ended		Percentage Change
	March 31, 2024	March 26, 2023	
Depreciation and amortization	16,427	13,110	25 %
As a percentage of total revenue	10 %	10 %	— %

The increase in depreciation and amortization for the thirteen weeks ended March 31, 2024 was primarily due to the 41 Net New Restaurant Openings during or subsequent to the thirteen weeks ended March 26, 2023.

As a percentage of revenue, depreciation and amortization remained flat for the thirteen weeks ended March 31, 2024 compared to the thirteen weeks ended March 26, 2023 which was primarily due to the increases noted above, offset by comparatively higher revenue in the current period.

Pre-Opening Costs

(dollar amounts in thousands)	Thirteen weeks ended		Percentage Change
	March 31, 2024	March 26, 2023	
Pre-opening costs	1,432	3,366	(57%)
As a percentage of total revenue	1 %	3 %	(2 %)

The decrease in pre-opening costs for the thirteen weeks ended March 31, 2024 was primarily due to 6 gross new restaurant openings during the thirteen weeks ended March 31, 2024 compared to 12 gross new restaurant openings in the same quarter of the prior year.

As a percentage of revenue, pre-opening costs decreased in the thirteen weeks ended March 31, 2024 compared to the thirteen weeks ended March 26, 2023, due to the variances noted above as well as comparatively higher revenue in the current period.

Impairment and Closure Costs

(dollar amounts in thousands)	Thirteen weeks ended		Percentage Change
	March 31, 2024	March 26, 2023	
Impairment and closure costs	157	190	(17%)
As a percentage of total revenue	— %	— %	— %

During the thirteen weeks ended March 31, 2024, we recorded closure costs of \$0.2 million related to lease and related costs associated with previously closed restaurants, including the amortization of operating lease assets, and expenses associated with CAM and real estate taxes.

Restructuring Charges

(dollar amounts in thousands)	Thirteen weeks ended		Percentage Change
	March 31, 2024	March 26, 2023	
Restructuring charges	505	638	(21%)
As a percentage of total revenue	— %	1 %	(1%)

During the thirteen weeks ended March 31, 2024, we recorded restructuring charges of \$0.5 million associated with our former Sweetgreen Support Center, which we vacated in fiscal year 2022, including continued amortization of the operating lease asset and related real estate and CAM charges.

Loss on Disposal of Property and Equipment

(dollar amounts in thousands)	Thirteen weeks ended		Percentage Change
	March 31, 2024	March 26, 2023	
Loss on disposal of property and equipment	66	48	38%
As a percentage of total revenue	— %	— %	— %

The increase in loss on disposal of property and equipment was due to timing of furniture, equipment and fixture replacements at multiple restaurants for the thirteen weeks ended March 31, 2024 compared to the prior year period.

Interest Income and Interest Expense

(dollar amounts in thousands)	Thirteen weeks ended		Percentage Change
	March 31, 2024	March 26, 2023	
Interest income	(3,016)	(3,062)	(2 %)
Interest expense	19	21	(10 %)
Total interest income, net	\$ (2,997)	\$ (3,041)	(1 %)
As a percentage of total revenue	(2)%	(2)%	1 %

The decrease in interest income, net, was primarily due to a lower cash balance in our money market accounts during the thirteen weeks ended March 31, 2024 compared to the prior year period.

Other Expense

(dollar amounts in thousands)	Thirteen weeks ended		Percentage Change
	March 31, 2024	March 26, 2023	
Other expense (income)	2,059	1,058	95 %
As a percentage of total revenue	1 %	1 %	— %

The change in other expense for each of the thirteen weeks ended March 31, 2024 was primarily due to a change in the fair value of our contingent consideration compared to the prior year, which was issued as part of the Spyce acquisition in the third quarter of fiscal year 2021.

Liquidity and Capital Resources

Sources and Material Cash Requirements

To date, we have funded our operations through proceeds received from previous common stock and preferred stock issuances, our ability to obtain lending commitments and through cash flow from operations. Additionally, in November 2021, we completed our IPO, from which we received net proceeds of \$384.7 million from sales of our shares of Class A common stock, after deducting underwriting discounts and commissions and offering expenses. As of March 31, 2024 and December 31, 2023, we had \$243.8 million and \$257.2 million in cash and cash equivalents, respectively. As of March 31, 2024, we had access to a \$43.1 million revolver loan(s) under our 2020 Credit Agreement after giving effect to a \$1,945,000 irrevocable standby Letter of Credit outstanding thereunder. As of March 31, 2024, there have been no draws on the revolving facility. Based on our current operating plan, we believe our existing cash and cash equivalents and access to available revolving loan(s), will be sufficient to fund our operating lease obligations, capital expenditures, and working capital needs for at least the next 12 months. We believe we will meet longer-term expected future cash requirements and obligations through a combination of cash flows from operating activities, available cash balances, and available revolving loan(s). If we are unable to generate positive operating cash flows, additional debt and equity financings may be necessary to sustain future operations, and there can be no assurance that such financing will be available to us on commercially reasonable terms, or at all.

Our primary liquidity and capital requirements are for new restaurant development, initiatives to improve the team member and customer experience in our restaurants, marketing-related costs, research and development costs, working capital and general corporate needs. Additionally, during the thirteen weeks ended March 31, 2024, we made a cash payment of approximately \$3.9 million related to the Spyce milestone payment. See Note 3 for further details. We have not required significant working capital because customers generally pay using cash or credit and debit cards and, as a result, our operations do not require significant receivables. Additionally, our operations do not require significant inventories due, in part, to our use of numerous fresh ingredients. Further, we are able to sell most of our inventory items before payment is due to the supplier of such items.

Material Cash Requirements

Our material cash requirements primarily consist of operating lease obligations and purchase obligations. The timing and nature of these commitments are expected to have an impact on our liquidity and capital requirements in future periods. Refer to Note 7, Debt, and Note 8, Leases, in the accompanying condensed consolidated financial statements included in Part I, Item 1 for additional information relating to our long-term debt and operating leases.

Purchase obligations include agreements to purchase goods or services that are enforceable and legally binding on us and that specify all significant terms. The majority of our purchase obligations relate to amounts owed for supplies within our restaurants and are due within the next twelve months.

Credit Facility

On December 14, 2020, we entered into a First Amended and Restated Revolving Credit, Delayed Draw Term Loan and Security Agreement (as subsequently amended, as discussed below, the "2020 Credit Facility") with EagleBank. The 2020 Credit Facility superseded our 2017 revolving credit facility with EagleBank and allows us to borrow (i) up to \$35.0 million (subsequently increased to \$45.0 million) in the aggregate principal amount under the refinanced revolving facility and (ii) up to \$10.0 million in the aggregate principal amount under a delayed draw term loan facility, which expired on December 14, 2021, and which was never drawn on. The refinanced revolving facility originally matured on December 14, 2022 (and has since been extended to December 13, 2024). However, if we issue certain convertible debt or unsecured indebtedness that are permitted under the 2020 Credit Facility, then the refinanced revolving facility will mature on the earlier to occur of (i) the maturity date indicated in the previous sentence and (ii) 90 days prior to the scheduled maturity date for any portion of such permitted convertible debt or unsecured indebtedness, as applicable.

On May 9, 2022, we and Eagle Bank amended the 2020 Credit Facility to allow for the issuance of Letters of Credit of up to \$1.5 million under the revolving facility. In connection therewith, we entered into a \$950,000 irrevocable standby Letter of Credit with Eagle Bank, with The Travelers Indemnity Company as the beneficiary in connection with our workers compensation insurance policy.

On December 13, 2022, we and Eagle Bank amended the 2020 Credit Facility to extend the maturity date from December 14, 2022 to December 13, 2024. The amendment also increased the revolving facility cap by \$10.0 million, to allow for us to borrow up to \$45.0 million in the aggregate principal amount under the refinanced revolving facility.

On April 26, 2023, we and Eagle Bank further amended the 2020 Credit Facility to allow for an increase to the issuance of Letters of Credit of up to \$3.5 million. In connection therewith, we increased our irrevocable standby Letter of Credit with Eagle Bank to \$1.95 million, with The Travelers Indemnity Company as the beneficiary in connection with our workers' compensation insurance policy. This replaced the previous amendment dated May 9, 2022.

Under the 2020 Credit Facility, interest accrues on the outstanding loan balance and is payable monthly at a rate of the adjusted one-month term Secured Overnight Financing Rate, plus 2.90%, with a floor on the interest rate at 3.75%. As of March 31, 2024 and December 31, 2023, we had no outstanding balance under the 2020 Credit Facility.

The obligations under the 2020 Credit Facility are guaranteed by our existing and future material subsidiaries and secured by substantially all of our and our subsidiary guarantor's assets. The 2020 Credit Facility also restricts our

[Table of Contents](#)

ability, and the ability of our subsidiary guarantors to, among other things, incur liens; incur additional indebtedness; transfer or dispose of assets; make acquisitions; change the nature of the business; guarantee obligations; pay dividends to shareholders or repurchase stock; and make advances, loans, or other investments. The 2020 Credit Facility contains customary events of default, including, without limitation, failure to pay the outstanding loans or accrued interest on the due date.

Cash Flows

The following table summarizes our cash flows for the periods indicated:

(amounts in thousands)	Thirteen weeks ended March 31, 2024	Thirteen weeks ended March 26, 2023
Net cash provided by (used in) operating activities	\$ 3,426	\$ (3,130)
Net cash used in investing activities	(15,022)	(32,379)
Net cash (used in) provided by financing activities	(1,878)	723
Net decrease in cash and cash equivalents and restricted cash	<u>\$ (13,474)</u>	<u>\$ (34,786)</u>

Operating Activities

For the thirteen weeks ended March 31, 2024, cash provided by (used in) operating activities increased \$6.6 million compared to the thirteen weeks ended March 26, 2023. The increase was primarily due to a \$2.1 million increase in income after excluding non-cash items and the impact of unfavorable working capital fluctuations of \$4.4 million, which primarily related to the timing of payroll and other payments in the ordinary course of business.

Investing Activities

For the thirteen weeks ended March 31, 2024, cash used in investing activities was \$(15.0) million, a decrease of \$17.4 million compared to the thirteen weeks ended March 26, 2023. Investing activities for the thirteen weeks ended March 31, 2024 consisted primarily of purchases of property and equipment of \$13.4 million related to 6 gross new restaurant openings (excluding tenant improvement allowances), restaurants in process, renovations, and prepayments associated with the deployment of our Infinite Kitchen and other restaurants related equipment. In addition we had cash outflow for the thirteen weeks ended March 31, 2024 of \$1.6 million related to purchase of intangible assets.

Investing activities for the thirteen weeks ended March 26, 2023 consisted primarily of purchases of property and equipment of \$30.9 million related to 12 gross new restaurant openings (excluding tenant improvement allowances), restaurants in process, renovations, and prepayments associated with the deployment of our Infinite Kitchen and other restaurants related equipment. In addition we had cash outflow for the thirteen weeks ended March 26, 2023 of \$1.5 million related to purchase of intangible assets.

Financing Activities

For the thirteen weeks ended March 31, 2024, cash used in financing activities increased \$2.6 million compared to the thirteen weeks ended March 26, 2023. This was primarily due to a payment associated with the contingent consideration offset by an increase in proceeds received from stock option exercises.

Critical Accounting Estimates

The preparation of financial statements in conformity with GAAP requires us to make certain estimates and assumptions. These estimates and assumptions affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the balance sheet date, as well as reported amounts of revenue and

expenses during the reporting period. Our most significant estimates and judgments involve difficult, subjective, or complex judgments made by management. Actual results may differ from these estimates. To the extent that there are differences between our estimates and actual results, our future financial statement presentation, financial condition, results of operations, and cash flows will be affected. There have been no material changes to our critical accounting estimates as described in our Annual Report on Form 10-K for the fiscal year ended December 31, 2023.

Recent Accounting Pronouncements

See Note 1 to our condensed consolidated financial statements included elsewhere in this Quarterly Report for recently adopted accounting pronouncements and recently issued accounting pronouncements not yet adopted as of the date of this Quarterly Report.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

We have operations solely within the United States, and we are exposed to market risks in the ordinary course of business. The primary risks we face are commodity price risks, interest rate risk, the effects of inflation, and macroeconomic risks. There have been no material changes to our exposure to market risks as described in Part II, Item 7A of our Annual Report on Form 10-K for the fiscal year ended December 31, 2023.

ITEM 4. CONTROLS AND PROCEDURES

Disclosure Controls and Procedures

Under the supervision and with the participation of our management, including the Chief Executive Officer and Chief Financial Officer, we conducted an evaluation of the effectiveness of our disclosure controls and procedures (as defined in Rule 13a-15(e) and 15d-15(e) under the Exchange Act) as of the end of the period covered by this report. Based on this evaluation, our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures were effective as of such date. Our disclosure controls and procedures are designed to ensure that information required to be disclosed in the reports we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms and that such information is accumulated and communicated to management including the Chief Executive Officer and Chief Financial Officer, to allow timely decisions regarding required disclosures.

Our disclosure controls and procedures are based on assumptions about the likelihood of future events, and even effective disclosure controls and procedures can only provide reasonable assurance of achieving their objectives. Because of their inherent limitations, we cannot guarantee that our disclosure controls and procedures will succeed in achieving their stated objectives in all cases, that they will be complied with in all cases, or that they will prevent or detect all misstatements.

Changes in Internal Control Over Financial Reporting

There were no changes to our internal control over financial reporting that occurred during the fiscal quarter ended March 31, 2024 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II - OTHER INFORMATION**ITEM 1. LEGAL PROCEEDINGS**

We are subject to various claims, lawsuits, governmental investigations, and administrative proceedings that arise in the ordinary course of business. We do not believe that the ultimate resolution of any of these matters will have a material effect on our financial position, results of operations, liquidity, or capital resources. However, an increase in the number of these claims, or one or more successful claims under which we incur greater liabilities than we currently anticipate, could materially and adversely affect our business, financial position, results of operations, and cash flows.

ITEM 1A. RISK FACTORS

There have been no material changes to the risk factors disclosed in our Annual Report on Form 10-K for the fiscal year ended December 31, 2023.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

On February 7, 2024, we issued an aggregate of 208,042 shares of our Class A common stock to former equityholders of Spyce in satisfaction of the first milestone payment due in connection with our acquisition of Spyce.

The foregoing transaction did not involve any underwriters, underwriting discounts or commissions, or any public offering. We believe the issuance of the above securities was exempt from registration under the Securities Act by virtue of Section 4(a)(2) of the Securities Act or Regulation D or promulgated thereunder. The recipients of these securities acquired the securities for investment only and not with a view to or for sale in connection with any distribution thereof and appropriate legends were affixed to the securities issued in this transaction. Each of the recipients of securities in this transaction was an accredited or sophisticated person and had adequate access, through employment, business, or other relationships, to information about us.

ITEM 3. DEFAULTS UPON SENIOR SECURITIES

None.

ITEM 4. MINE SAFETY DISCLOSURES

Not applicable.

ITEM 5. OTHER INFORMATION

During our last fiscal quarter, our directors and officers (as defined in Rule 16a-1(f) under the Exchange Act) adopted or terminated the contracts, instructions or written plans for the purchase or sale of the Company's securities set forth in the table below.

Name	Position	Action	Adoption/ Termination Date	Type of Trading Arrangement		Total Shares of Class A Common Stock to be Sold***	Total Shares of Class A Common Stock to be Purchased	Expiration Date
				Rule 10b5- 1*	Non- Rule 10b5- 1**			
Youngme Moon	Director	Termination	March 2, 2024	X		up to 97,500	N/A	November 23, 2024

CERTIFICATIONS

I, Jonathan Neman, certify that:

1. I have reviewed this Quarterly Report on Form 10-Q of Sweetgreen, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in exchange act rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

(Principal Financial Officer)

CERTIFICATION

Pursuant to the requirement set forth in Rule 13a-14(b) of the Securities Exchange Act of 1934, as amended, (the "Exchange Act") and Section 1350 of Chapter 63 of Title 18 of the United States Code (18 U.S.C. §1350), Jonathan Neman, Chief Executive Officer of Sweetgreen, Inc. (the "Company"), and Mitch Reback, Chief Financial Officer of the Company, each hereby certifies that, to the best of his knowledge:

1. The Company's Quarterly Report on Form 10-Q for the period ended March 31, 2024, to which this Certification is attached as Exhibit 32.1 (the "Quarterly Report"), fully complies with the requirements of Section 13(a) or Section 15(d) of the Exchange Act; and
2. The information contained in the Quarterly Report fairly presents, in all material respects, the financial condition and results of operations of the Company.

Dated: May 9, 2024

In Witness Whereof, the undersigned have set their hands hereto as of the 9th day of May, 2024.

/s/ Jonathan Neman
