UNITED STATES SECURITIES AND EXCHANGE COMMISSION  
Washington, DC 20549

## FORM 10-Q

QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934  
 TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the quarterly period ended **June** **September** 30, 2024  
Commission file number: **1-11416001-11416**

### CONSUMER PORTFOLIO SERVICES, INC.

(Exact name of registrant as specified in its charter)

California  
(State or other jurisdiction of incorporation or organization)

33-0459135  
(IRS Employer Identification No.)

3800 Howard Hughes Parkway, Suite 1400,  
Las Vegas, Nevada  
(Address of principal executive offices)

89169  
(Zip Code)

**Registrant's telephone number, including Area Code: (949) 753-6800**

Former name, former address and former fiscal year, if changed since last report: N/A

Securities registered pursuant to Section 12(b) of the Act:

<u>Title of Each Class</u>	<u>Trading Symbol</u>	<u>Name of Each Exchange on Which Registered</u>
Common Stock, no par value	CPSS	The NASDAQ Stock Market LLC (Global Market)

Indicate by check mark whether the registrant (1) filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports) and (2) has been subject to such filing requirements for the past 90 days. Yes  No

Indicate by check mark whether the registrant has submitted electronically every Interactive Data File required to be submitted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes  No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer or a smaller reporting company. See definition of "accelerated filer", "large accelerated filer" and "smaller reporting company" in Rule 12b-2 of the Exchange Act.

Large Accelerated Filer  Accelerated Filer  Non-Accelerated Filer  Smaller Reporting Company  Emerging Growth Company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes  No

As of **July 24, 2024** **October 31, 2024** the registrant had **21,327,143** **21,405,198** common shares outstanding.

**CONSUMER PORTFOLIO SERVICES, INC. AND SUBSIDIARIES**  
**NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

**(1) Summary of Significant Accounting Policies**

**Description of Business**

We were formed in California on March 8, 1991. We specialize in purchasing and servicing retail automobile installment sale contracts ("automobile contracts" or "finance receivables") originated by licensed motor vehicle dealers located throughout the United States ("dealers") in the sale of new and used automobiles, light trucks and passenger vans. Through our purchases, we provide indirect financing to dealer customers for borrowers with limited credit histories or past credit problems ("sub-prime customers"). We serve as an alternative source of financing for dealers, allowing sales to customers who otherwise might not be able to obtain financing. In addition to purchasing installment purchase contracts directly from dealers, we have also (i) lent money directly to consumers for loans secured by vehicles, (ii) purchased immaterial amounts of vehicle purchase money loans from non-affiliated lenders, and (iii) acquired installment purchase contracts in four merger and acquisition transactions. In this report, we refer to all of such contracts and loans as "automobile contracts."

**Basis of Presentation**

Our Unaudited Condensed Consolidated Financial Statements have been prepared in conformity with accounting principles generally accepted in the United States of America, with the instructions to Form 10-Q and with Article 10 of Regulation S-X of the Securities and Exchange Commission, and include all adjustments that are, in management's opinion, necessary for a fair presentation of the results for the interim periods presented. All such adjustments are, in the opinion of management, of a normal recurring nature. Results for the ~~six-month~~ nine month period ended **June 30, 2024** September 30, 2024 are not necessarily indicative of the operating results to be expected for the full year.

Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted from these Unaudited Condensed Consolidated Financial Statements. These Unaudited Condensed Consolidated Financial Statements should be read in conjunction with the Consolidated Financial Statements and Notes to Consolidated Financial Statements included in our Annual Report on Form 10-K for the year ended December 31, 2023.

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires us to make estimates and assumptions that affect the reported amounts of assets and liabilities as of the date of the financial statements, as well as the reported amounts of income and expenses during the reported periods.

**Finance Receivables Measured at Fair Value**

Effective January 1, 2018, we adopted the fair value method of accounting for finance receivables acquired on or after that date. For each finance receivable acquired after 2017, we consider the price paid on the purchase date as the fair value for such receivable. We estimate the cash to be received in the future with respect to such receivables, based on our experience with similar receivables acquired in the past. We then compute the internal rate of return that results in the present value of those estimated cash receipts being equal to the purchase date fair value. Thereafter, we recognize interest income on such receivables on a level yield basis using that internal rate of return as the applicable interest rate. Cash received with respect to such receivables is applied first against such interest income, and then to reduce the recorded value of the receivables.

**CONSUMER PORTFOLIO SERVICES, INC. AND SUBSIDIARIES**  
**NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

We re-evaluate the fair value of such receivables at the close of each measurement period. If the reevaluation were to yield a value materially different from the recorded value, an adjustment would be required.

Anticipated credit losses are included in our estimation of cash to be received with respect to receivables. In accordance with the fair value accounting standards, credit losses are included in our computation of the appropriate level yield, therefore we do not thereafter make periodic provision for credit losses, as our best estimate of the lifetime aggregate of credit losses is included in that initial computation. Also, because we include anticipated credit losses in our computation of the level yield, the computed level yield is materially lower than the average contractual rate applicable to the receivables. Because our initial recorded value is fixed as the price we pay for the receivable, rather than as the contractual principal balance, we do not record acquisition fees as an amortizing asset related to the receivables, nor do we capitalize costs of acquiring the receivables. Rather we recognize the costs of acquisition as expenses in the period incurred.

**Other Income**

The following table presents the primary components of Other Income for the three-month and six-month nine-month periods ending **June 30, 2024** **September 30, 2024** and 2023:

	Three Months Ended				Six Months Ended				Three Months Ended		Nine Months Ended	
	June 30,		June 30,		September 30,		September 30,

**Leases**

The Company has operating leases for corporate offices, equipment, software and hardware. The Company has entered into operating leases for the majority of its real estate locations, primarily office space. These leases are generally for periods of three to seven years with various renewal options. The depreciable life of leased assets is limited by the expected lease term. Leases with an initial term of 12 months or less are not recorded on the balance sheet and the related lease expense is recognized on a straight-line basis over the lease term.

**Stock-based Compensation**

We recognize compensation costs in the financial statements for all share-based payments based on the grant date fair value estimated in accordance with the provisions of ASC 718 "Stock Compensation".

For the three and **six nine** months ended **June 30, 2024** **September 30, 2024**, we recorded stock-based compensation costs in the amount of **\$809,000** **727,000** and **\$1,624** million, respectively. These stock-based compensation costs were **\$905,000** **816,000** and **\$1,8** **2.6**million for the three and **six nine** months ended **June 30, 2023** **September 30, 2023**. As of **June 30, 2024** **September 30, 2024**, unrecognized stock-based compensation costs to be recognized over future periods equaled **\$4,43.7** million. This amount will be recognized as expense over a weighted-average period of **1.51.3** years.

The following represents stock option activity for the six months ended June 30, 2024:

**Reclassifications**

Some items in the prior year financial statements were reclassified to conform to the current presentation. Reclassifications had no effect on net income or shareholders' equity.

**Financial Covenants**

Certain of our securitization transactions, our warehouse credit facilities and our residual interest financing contain various financial covenants requiring minimum financial ratios and results. Such covenants include maintaining minimum levels of liquidity and net worth and not exceeding maximum leverage levels. As of **June 30, 2024** September 30, 2024, we were in compliance with all such covenants. In addition, certain of our debt agreements other than our term securitizations contain cross-default provisions. Such cross-default provisions would allow the respective creditors to declare a default if an event of default occurred with respect to other indebtedness of ours, but only if such other event of default were to be accompanied by acceleration of such other indebtedness.

**CONSUMER PORTFOLIO SERVICES, INC. AND SUBSIDIARIES**  
**NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

**Provision for Contingent Liabilities**

We are routinely involved in various legal proceedings resulting from our consumer finance activities and practices, both continuing and discontinued. Our legal counsel has advised us on such matters where, based on information available at the time of this report, there is an indication that it is both probable that a liability has been incurred and the amount of the loss can be reasonably determined.

**Recent Accounting Pronouncements**

In November 2023, the FASB issued ASU No. 2023-07, "Segment Reporting (Topic 280)," which is intended to enhance the disclosures on reportable segments. This new standard will be effective for annual reporting periods beginning after December 15, 2023, with early adoption permitted. The Company is currently evaluating the impact of ASU 2023-07; however, at the current time, the Company does not believe this ASU will have a material impact on its consolidated financial statements.

**CONSUMER PORTFOLIO SERVICES, INC. AND SUBSIDIARIES**  
**NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

In December 2023, the FASB issued ASU No. 2023-09, "Income Taxes (Topic 740)," which is intended to provide greater transparency in various income tax components that affect the rate reconciliation based on the applicable taxing jurisdictions, as well as the qualitative and quantitative aspects of those components. This new standard will be effective for annual reporting periods beginning on or after December 15, 2024, with early adoption permitted. The Company is currently evaluating the impact of ASU 2023-09; however, at the current time, the Company does not believe this ASU will have a material impact on its consolidated financial statements.

**(2) Finance Receivables**

Our portfolio of finance receivables consists of small-balance homogeneous contracts comprising a single segment and class that is collectively evaluated for impairment on a portfolio basis according to delinquency status. Our contract purchase guidelines are designed to produce a homogenous portfolio. For key terms such as interest rate, length of contract, monthly payment and amount financed, there is relatively little variation from the average for the portfolio. We report delinquency on a contractual basis. Once a contract becomes greater than 90 days delinquent, we do not recognize additional interest income until the obligor under the contract makes sufficient payments to be less than 90 days delinquent. Any payments received on a contract that is greater than 90 days delinquent are first applied to accrued interest and then to principal reduction.

In January 2018 the Company adopted the fair value method of accounting for finance receivables acquired after 2017. Finance receivables measured at fair value are recorded separately on the Company's Balance Sheet and are excluded from all tables in this footnote.

We consider an automobile contract delinquent when an obligor fails to make at least 90% of a contractually due payment by the following due date, which date may have been extended within limits specified in the servicing agreements. The period of delinquency is based on the number of days payments are contractually past due, as extended where applicable. Automobile contracts less than 31 days delinquent are not reported as delinquent. In certain circumstances we will grant obligors one-month payment extensions. The only modification of terms is to advance the obligor's next due date by one month and extend the maturity date of the receivable by one month. In certain limited cases, a two-month extension may be granted. There are no other concessions, such as a reduction in interest rate, forgiveness of principal or of accrued interest. Accordingly, we consider such extensions to be insignificant delays in payments. The following table summarizes the delinquency status of finance receivables as of **June 30, 2024** September 30, 2024 and December 31, 2023:

Delinquency Status	June 30, 2024		December 31, 2023		September 30, 2024		December 31, 2023	
	(In thousands)				(In thousands)		(In thousands)	
	\$	8,030	\$	17,771	\$	4,687	\$	17,771
<b>Current</b>								
<b>31-60 days</b>		2,625		5,626		1,900		5,626
<b>61-90 days</b>		1,617		3,087		1,316		3,087
<b>91 + days</b>		442		1,069		371		1,069
	<b>\$</b>	<b>12,714</b>	<b>\$</b>	<b>27,553</b>	<b>\$</b>	<b>8,274</b>	<b>\$</b>	<b>27,553</b>

Finance receivables totaling \$371,000 and \$1.1 million at September 30, 2024 and December 31, 2023, respectively, have been placed on non-accrual status as a result of their delinquency status.

CONSUMER PORTFOLIO SERVICES, INC. AND SUBSIDIARIES  
NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

**Finance receivables totaling \$442,000 and \$1.1 million at June 30, 2024 and December 31, 2023, respectively, have been placed on non-accrual status as a result of their delinquency status.**

**Allowance for Credit Losses – Finance Receivables**

The allowance for credit losses is a valuation account that is deducted from the amortized cost basis of finance receivables to present the net amount expected to be collected. Charge offs are deducted from the allowance when management believes that collectability is unlikely.

Management estimates the allowance using relevant available information, from internal and external sources, relating to past events, current conditions and, reasonable and supportable forecasts. We believe our historical credit loss experience provides the best basis for the estimation of expected credit losses. Consequently, we use historical loss experience for older receivables, aggregated into vintage pools based on their calendar quarter of origination, to forecast expected losses for less seasoned quarterly vintage pools.

We measure the weighted average monthly incremental change in cumulative net losses for the vintage pools in the relevant historical period. For the pools in the relevant historical period, we consider each pool's performance from its inception through the end of the current period. We then apply the results of the historical analysis to less seasoned vintage pools beginning with each vintage pool's most recent actual cumulative net loss experience and extrapolating from that point based on the historical data. We believe the pattern and magnitude of losses on older vintages allows us to establish a reasonable and supportable forecast of less seasoned vintages.

Our contract purchase guidelines are designed to produce a homogenous portfolio. For key credit characteristics of individual contracts such as obligor credit history, job stability, residence stability and ability to pay, there is relatively little variation from the average for the portfolio. Similarly, for key structural characteristics such as loan-to-value, length of contract, monthly payment and amount financed, there is relatively little variation from the average for the portfolio. Consequently, we do not believe there are significant differences in risk characteristics between various segments of our portfolio.

Our methodology incorporates historical pools that are sufficiently seasoned to capture the magnitude and trends of losses within those vintage pools. Furthermore, the historical period encompasses a substantial volume of receivables over periods that include fluctuations in the competitive landscape, the Company's rates of growth, size of our managed portfolio and fluctuations in economic growth and unemployment.

In consideration of the depth and breadth of the historical period, and the homogeneity of our portfolio, we generally do not adjust historical loss information for differences in risk characteristics such as credit or structural composition of segments of the portfolio or for changes in environmental conditions such as changes in unemployment rates, collateral values or other factors. Throughout our history we have observed how events such as extreme weather, political unrest, and other qualitative factors have influenced the performance of our portfolio. Consequently, we have considered how such qualitative factors may affect future credit losses and have incorporated our judgement of the effect of those factors into our estimates.

The following table presents the amortized cost basis of our finance receivables by annual vintage as of **June 30, 2024** **September 30, 2024** and **December 31, 2023**.

<b>Annual Vintage Pool</b>	<b>June 30,</b>		<b>December 31,</b>		<b>September 30,</b>		<b>December 31,</b>

**(3) Securitization Trust Debt**

We have completed many securitization transactions that are structured as secured borrowings for financial accounting purposes. The debt issued in these transactions is shown on our Unaudited Condensed Consolidated Balance Sheets as "Securitization trust debt," and the components of such debt are summarized in the following table:

Series	Weighted Average Contractual Debt Interest Rate at						Outstanding			
	Final	Receivables		Outstanding	Outstanding	Final	Receivables		Outstanding	
	Scheduled	Pledged at		Principal at	Principal at	Scheduled	Pledged at		Principal at	
	Payment	June 30,	Initial	June 30,	December 31,	June 30,	Payment	September 30,	Initial	Sept
Date (1)	2024 (2)	Principal	2024	2023	2024	Date (1)	2024 (2)	Principal	2024	(Dollars in thousands)
	(Dollars in thousands)

(1) The Final Scheduled Payment Date represents final legal maturity of the securitization trust debt. Securitization trust debt is expected to become due and to be paid prior to those dates, based on amortization of the finance receivables pledged to the trusts. Expected payments, which will depend on the performance of such receivables, as to which there can be no assurance, are \$524.2 million in 2024, \$879.3 million in 2025, \$582.5 million in 2026, \$385.6 million in 2027, \$243.6 million in 2028, \$102.8 million in 2029, and \$18.2 million in 2030.

(2) Includes reposessed assets that are included in Other assets on our Unaudited Condensed Consolidated Balance Sheet.

CONSUMER PORTFOLIO SERVICES, INC. AND SUBSIDIARIES  
NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

Debt issuance costs of \$17.2 million and \$14.6million as of **June 30, 2024** September 30, 2024 and December 31, 2023, respectively, have been excluded from the table above. These debt issuance costs are presented as a direct deduction to the carrying amount of the Securitization trust debt on our Consolidated Balance Sheets.

**CONSUMER PORTFOLIO SERVICES, INC. AND SUBSIDIARIES**  
**NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

All of the securitization trust debt was sold in private placement transactions to qualified institutional buyers. The debt was issued through our wholly-owned bankruptcy remote subsidiaries and is secured by the assets of such subsidiaries, but not by our other assets.

The terms of the securitization agreements related to the issuance of the securitization trust debt and the warehouse credit facilities require that we meet certain delinquency and credit loss criteria with respect to the pool of receivables, and certain of the agreements require that we maintain minimum levels of liquidity and not exceed maximum leverage levels. As of **June 30, 2024** **September 30, 2024**, we were in compliance with all such covenants.

We are responsible for the administration and collection of the automobile contracts. The securitization agreements also require certain funds be held in restricted cash accounts to provide additional collateral for the borrowings, to be applied to make payments on the securitization trust debt or as pre-funding proceeds from a term securitization prior to the purchase of additional collateral. As of **June 30, 2024** **September 30, 2024**, restricted cash under the various agreements totaled approximately **\$256.9 million**, **\$271.0 million**. Interest expense on the securitization trust debt consists of the stated rate of interest plus amortization of additional costs of borrowing. Additional costs of borrowing include facility fees, amortization of deferred financing costs and discounts on notes sold. Deferred financing costs and discounts on notes sold related to the securitization trust debt are amortized using a level yield method. Accordingly, the effective cost of the securitization trust debt is greater than the contractual rate of interest disclosed above.

Our wholly-owned bankruptcy remote subsidiaries were formed to facilitate the above asset-backed financing transactions. Similar bankruptcy remote subsidiaries issue the debt outstanding under our credit facilities. Bankruptcy remote refers to a legal structure in which it is expected that the applicable entity would not be included in any bankruptcy filing by its parent or affiliates. All of the assets of these subsidiaries have been pledged as collateral for the related debt. All such transactions, treated as secured financings for accounting and tax purposes, are treated as sales for all other purposes, including legal and bankruptcy purposes. None of the assets of these subsidiaries are available to pay other creditors.

**(4) Debt**

The terms and amounts of our other debt outstanding at June 30, 2024 and December 31, 2023 are summarized below:

<u>Description</u>	<u>Interest Rate</u>	<u>Maturity</u>	<b>Amount Outstanding at</b>

Residual interest financing	11.50%	March 2029	50,000	–
Subordinated renewable notes	Weighted average rate of 9.22% and 8.45% at September 30, 2024 and December 31, 2023, respectively	Weighted average maturity of October 2026 and February 2026 at September 30, 2024 and December 31, 2023, respectively	24,288	17,188
			\$ 233,347	\$ 301,813

On July 11, 2024, we renewed our two-year \$200 million revolving credit agreement with Citibank, N.A. The revolving period for this facility was extended to July 2026 followed by an amortization period through July 2027 for any receivables pledged at the end of the revolving period. There was \$109.1 million outstanding under this facility at September 30, 2024.

On March 29, 2024, we renewed our two-year \$200 million revolving credit agreement with Ares Agent Services, L.P. The revolving period for this facility was extended to March 2026 followed by an amortization period through March 2028 for any receivables pledged at the end of the revolving period. There was \$13.3 million amount outstanding under this facility at June 30, 2024 September 30, 2024.

**CONSUMER PORTFOLIO SERVICES, INC. AND SUBSIDIARIES**  
**NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

On March 22, 2024, we completed a \$50 million securitization of residual interests from previously issued securitizations. In the transaction, a qualified institutional buyer purchased \$50.0 million of asset-backed notes secured by an 80% interest in a CPS affiliate that owns the residual interests in five CPS securitizations issued from January 2022 through January 2023. The sold notes ("2024-1 Notes"), issued by CPS Auto Securitization Trust 2024-1, consist of a single class with a coupon of 11.50%. At **June 30, 2024** **September 30, 2024** there was \$50.0 million outstanding under this facility.

On July 11, 2024, we renewed our two-year \$200 million revolving credit agreement with Citibank, N.A. The revolving period for this facility was extended to July 2026 followed by an amortization period through July 2027 for any receivables pledged at the end of the revolving period. There was \$70.7 million outstanding under this facility at June 30, 2024.

Unamortized debt issuance costs of **\$921,000** **873,000** and \$125,000 as of **June 30, 2024** **September 30, 2024** and December 31, 2023, respectively, have been excluded from the amount reported above for residual interest financing. Similarly, unamortized debt issuance costs of **\$1,83.3** million and \$599,000 as of **June 30, 2024** **September 30, 2024** and December 31, 2023, respectively, have been excluded from the Warehouse lines of credit amounts in the table above. These debt issuance costs are presented as a direct deduction to the carrying amount of the debt on our Unaudited Condensed Consolidated Balance Sheets.

**(5) Interest Income and Interest Expense**

CONSUMER PORTFOLIO SERVICES, INC. AND SUBSIDIARIES  
NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

**(6) Earnings Per Share**

Earnings per share for the three-month and **six-month** **nine-month** periods ended **June 30, 2024** **September 30, 2024** and 2023 were calculated using the weighted average number of shares outstanding for the related period. The following table reconciles the number of shares used in the computations of basic and diluted earnings per share for the three-month and **six-month** **nine-month** periods ended **June 30, 2024** **September 30, 2024** and 2023:

	Three Months Ended		Six Months Ended		Three Months Ended		Nine Months Ended	
	June 30,		June 30,		September 30,		September 30,	
	2024	2023	2024	2023	2024	2023	2024	2023
	(In thousands)		(In thousands)		(In thousands)		(In thousands)	
<b>Weighted average number of common shares outstanding during the period used to compute basic earnings per share</b>	21,263	20,866	21,203	20,643	21,343	21,154	21,250	20,815
<b>Incremental common shares attributable to exercise of outstanding options and warrants</b>	3,000	4,507	3,230	4,741	2,810	4,064	3,090	4,516
<b>Weighted average number of common shares used to compute diluted earnings per share</b>	24,263	25,373	24,433	25,384	24,153	25,218	24,340	25,331

If the anti-dilutive effects of common stock equivalents were considered, shares included in the diluted earnings per share calculation for the three-month and **six-month** **nine-month** periods ended **June 30, 2024** **September 30, 2024** would have included an additional 1.6 million and 1.7 million shares, respectively, attributable to the exercise of outstanding options and warrants. For the three-month and **six-month** **nine-month** periods ended **June 30, 2023** would have included an additional **September 30, 2023**, 1.5 million shares, would be included in the diluted earnings per share calculation.

**(7) Income Taxes**

We file numerous consolidated and separate income tax returns with the United States and with many states. With few exceptions, we are no longer subject to U.S. federal, state, or local examinations by tax authorities for years before 2015.

As of **June 30, 2024** **September 30, 2024** and December 31, 2023, we had no unrecognized tax benefits for uncertain tax positions. We do not anticipate that total unrecognized tax benefits will significantly change due to any settlements of audits or expirations of statutes of limitations over the next 12 months.

**CONSUMER PORTFOLIO SERVICES, INC. AND SUBSIDIARIES**  
**NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

The Company and its subsidiaries file a consolidated federal income tax return and combined or stand-alone state franchise tax returns for certain states. We utilize the asset and liability method of accounting for income taxes, under which deferred income taxes are recognized for the future tax consequences attributable to the differences between the financial statement values of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred taxes of a change in tax rates is recognized in income in the period that includes the enactment date.

Deferred tax assets are recognized subject to management's judgment that realization is more likely than not. A valuation allowance is recognized for a deferred tax asset if, based on the weight of the available evidence, it is more likely than not that some portion of the deferred tax asset will not be realized. In making such judgments, significant weight is given to evidence that can be objectively verified. Although realization is not assured, we believe that the realization of the recognized net deferred tax asset of \$2.4 1.6 million as of **June 30, 2024** **September 30, 2024** is more likely than not based on forecasted future net earnings. Our net deferred tax asset of \$2.4 1.6 million consists of approximately \$1.3 667,000 million of net U.S. federal deferred tax assets and \$1.1 898,000 million of net state deferred tax assets.

CONSUMER PORTFOLIO SERVICES, INC. AND SUBSIDIARIES

NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

Income tax expense was \$22.10 million and \$46.0 million for the three months and six nine months ended June 30, 2024 September 30, 2024, representing effective income tax rates of 30%, compared to income tax expense of \$47.38 million and \$9.313.1 million for the three months and six nine months ended June 30, 2023 September 30, 2023, and represents an representing effective income tax rates of 25.27% and 26% respectively.

**(8) Legal Proceedings**

*Consumer Litigation.* We are routinely involved in various legal proceedings resulting from our consumer finance activities and practices, both continuing and discontinued. Consumers can and do initiate lawsuits against us alleging violations of law applicable to collection of receivables, and such lawsuits sometimes allege that resolution as a class action is appropriate. For the most part, we have legal and factual defenses to consumer claims, which we routinely contest or settle (for immaterial amounts) depending on the particular circumstances of each case.

Following our filing of a complaint for a deficiency judgment in the Superior Court at Waterbury, Connecticut, the defendant filed a cross-claim on October 16, 2019 alleging that our deficiency notices were not compliant with Connecticut law, and seeking relief on behalf of a class of Connecticut obligors whose vehicles we had repossessed. The complaint seeks primarily damages, injunctive relief, waiver of contract deficiencies, and attorney fees and interest. The defendant's contract provided for resolution of disputes exclusively by arbitration, and exclusively on an individual basis, not a class basis. Nevertheless, in August 2021, the court denied our motion to compel arbitration, without opinion. In April 2024, a motion for certification of a class was filed but has not been ruled upon. It is reasonable to expect that resolution of these claims will be on a class basis.

*Wage and Hour Claim.* On September 24, 2018, a former employee filed a lawsuit against us in the Superior Court of Orange County, California, alleging that we incorrectly classified our sales representatives as outside salespersons exempt from overtime wages, mandatory break periods and certain other employee protective provisions of California and federal law. The complaint seeks injunctive relief, an award of unpaid wages, liquidated damages, and attorney fees and interest. The plaintiff purports to act on behalf of a class of similarly situated employees and ex-employees. We believe that our compensation practices with respect to our sales representatives are compliant with applicable law. In August 2023, the parties settled by agreement the claims of the plaintiff and a California settlement class for \$1.1 million. The settlement was preliminarily approved by the court on March 1, 2024 and remains subject October 9, 2024. Under the settlement, the Company paid, after September 30, 2024, \$1.1 million to final court approval, the settlement administrator.

**CONSUMER PORTFOLIO SERVICES, INC. AND SUBSIDIARIES**  
**NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

*In General.* There can be no assurance as to the outcomes of the matters described or referenced above. We record at each measurement date, most recently as of **June 30, 2024** **September 30, 2024**, our best estimate of probable incurred losses for legal contingencies, including the matters identified above. The amount of losses that may ultimately be incurred cannot be estimated with certainty. However, based on such information as is available to us, we believe that the total of probable incurred losses for legal contingencies as of **June 30, 2024** **September 30, 2024** is \$2.3 million, and that the range of reasonably possible losses for the legal proceedings and contingencies we face, including those described or identified above, as of **June 30, 2024** **September 30, 2024** does not exceed \$4.3 million.

Accordingly, we believe that the ultimate resolution of such legal proceedings and contingencies should not have a material adverse effect on our consolidated financial condition. We note, however, that in light of the uncertainties inherent in contested proceedings there can be no assurance that the ultimate resolution of these matters will not be material to our operating results for a particular period, depending on, among other factors, the size of the loss or liability imposed and the level of our income for that period.

**(9) Fair Value Measurements**

ASC 820, "Fair Value Measurements" clarifies the principle that fair value should be based on the assumptions market participants would use when pricing an asset or liability and establishes a fair value hierarchy that prioritizes the information used to develop those assumptions. Under the standard, fair value measurements would be separately disclosed by level within the fair value hierarchy.

**CONSUMER PORTFOLIO SERVICES, INC. AND SUBSIDIARIES**  
**NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

ASC 820 defines fair value, establishes a framework for measuring fair value, establishes a three-level valuation hierarchy for disclosure of fair value measurement and enhances disclosure requirements for fair value measurements. The three levels are defined as follows: level 1 - inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets; level 2 - inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument; and level 3 - inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Effective January 2018 we have elected to use the fair value method to value our portfolio of finance receivables acquired in January 2018 and thereafter.

Our valuation policies and procedures have been developed by our Accounting department in conjunction with our Risk department and with consultation with outside valuation experts. Our policies and procedures have been approved by our Chief Executive and our Board of Directors and include methodologies for valuation, internal reporting, calibration and back testing. Our periodic review of valuations includes an analysis of changes in fair value measurements and documentation of the reasons for such changes. There is little available third-party information such as broker quotes or pricing services available to assist us in our valuation process.

Our level 3, unobservable inputs reflect our own assumptions about the factors that market participants use in pricing similar receivables and are based on the best information available in the circumstances. They include such inputs as estimates for the magnitude and timing of net charge-offs and the rate of amortization of the portfolio of finance receivable. Significant changes in any of those inputs in isolation would have a significant effect on our fair value measurement.

---

CONSUMER PORTFOLIO SERVICES, INC. AND SUBSIDIARIES

NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

For the quarter ended **June 30, 2024** September 30, 2024, the Company evaluated the appropriate fair value and future earnings rate of existing receivables compared to recently acquired receivables and our assessment of potential additional future net losses on the portfolio of finance receivables carried at fair value and did not record a mark down to that portfolio.

The table below presents a reconciliation of the finance receivables measured at fair value on a recurring basis using significant unobservable inputs:

	Three Months Ended		Six Months Ended	
	June 30,		June 30,	
	2024	2023	2024	2023
(In thousands)				
Balance at beginning of period	\$ 2,791,373	\$ 2,575,117	\$ 2,722,662	\$ 2,476,617
Finance receivables at fair value acquired during period	424,867	305,450	753,760	658,048
Payments received on finance receivables at fair value	(208,964)	(215,314)	(419,899)	(421,940)
Net interest income accretion on fair value receivables	(52,401)	(46,833)	(106,648)	(94,305)

**(10) Subsequent Events**

On July 11, 2024 November 1, 2024, we renewed amended our two-year revolving credit agreement with Citibank, N.A., to add a subordinate third party lender that increases the rate at which we receive advances secured by automobile contracts pledged to this credit facility. The revolving period amendment allows us to advance up to 96% of the purchase price of the automobile contracts. This amendment also increases the capacity for this facility was extended from \$200 million to July 2026 followed by an amortization period through July 2027 for any receivables pledged at the end of the revolving period. There was \$70.7 million outstanding under this facility at June 30, 2024 \$225 million.

#### Cautionary Note Regarding Forward-Looking Statements

Discussions of certain matters contained in this report may constitute forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (the "Securities Act") and Section 21E of the Exchange Act, and as such, may involve risks and uncertainties. You can generally identify forward-looking statements as statements containing the words "will," "would," "believe," "may," "could," "expect," "anticipate," "intend," "estimate," "judgment," "assume," "plans," "goals," "strategy," "future," "likely," "should" or other similar expressions.

Examples of forward-looking statements include, among others, statements we make regarding:

- charge-offs and recovery rates;
- the willingness or ability of obligors to pay pursuant to contractual terms;
- our ability to enforce rights under contracts;
- our ability to and rates at which we plan to acquire automobile contracts;
- the anticipated levels of recoveries upon sale of repossessed vehicles;
- revenues or expenses;
- provisions for credit losses;

**CONSUMER PORTFOLIO SERVICES, INC. AND SUBSIDIARIES**  
**NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

- expected industry and general economic trends;
- accrued losses for legal contingencies;
- anticipated deferred tax assets;
- estimates of taxable income;
- our ability to service and repay our debt;
- the structuring of securitization transactions as secured financings and the effects of such structures on financial items and future profitability; or
- the effect of the change in structure on our profitability and the duration of the period in which our profitability would be affected by the change in securitization structure.

Our actual results, performance and achievements may differ materially from the results, performance and achievements expressed or implied in such forward-looking statements. Some of the factors that might cause such a difference include, but are not limited to, the following:

- unexpected exogenous events, such as a widespread public health emergency;
- mandates imposed in reaction to such events, such as prohibitions of otherwise permissible activity;
- changes in general economic conditions;
- changes in performance of our automobile contracts;
- increases in interest rates;
- our ability to generate sufficient operating and financing cash flows;
- competition;
- the level of losses incurred on contracts in our managed portfolio;
- adverse decisions by courts or regulators;
- regulatory changes with respect to consumer finance;
- changes in the market for used vehicles;
- levels of cash releases from existing pools of contracts;
- the terms on which we are able to finance contract purchases;
- the willingness or ability of dealers to assign contracts to us on acceptable terms;
- the terms on which we are able to complete term securitizations once contracts are acquired;
- any breach in the security of our systems; and
- such other factors as discussed through the "Risk Factors" section of this report.

Forward-looking statements are neither historical facts nor guarantees of performance. Instead, they are based only on our current beliefs, expectations and assumptions regarding the future of our business, plans and strategies, projections, anticipated events and trends, the economy and other uncertain conditions. Because forward-looking statements relate to the future, they involve risks, uncertainties and assumptions. Actual results may differ from expectations due to many factors beyond our ability to control or predict, including those described herein, and in any documents incorporated by reference in this report. Therefore, you should not rely on any of these forward-looking statements. For these statements, we claim the protection of the safe harbor for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995.

We undertake no obligation to publicly update any forward-looking information. You are advised to consult any additional disclosure we make in our periodic reports filed with the SEC.

**Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations**

**Overview**

We are a specialty finance company. Our business is to purchase and service retail automobile contracts originated primarily by franchised automobile dealers and, to a lesser extent, by select independent dealers in the United States in the sale of new and used automobiles, light trucks and passenger vans. Through our automobile contract purchases, we provide indirect financing to the customers of dealers who have limited credit histories or past credit problems, who we refer to as sub-prime customers. We serve as an alternative source of financing for dealers, facilitating sales to customers who otherwise might not be able to obtain financing from traditional sources, such as commercial banks, credit unions and the captive finance companies affiliated with major automobile manufacturers. In addition to purchasing installment purchase contracts directly from dealers, we have also (i) originated vehicle purchase money loans by lending directly to consumers, (ii) acquired installment purchase contracts in four merger and acquisition transactions, and (iii) purchased immaterial amounts of vehicle purchase money loans from non-affiliated lenders. In this report, we refer to all of such contracts and loans as "automobile contracts."

We were incorporated and began our operations in March 1991. From inception through **June 30, 2024** **September 30, 2024**, we have originated a total of approximately **\$22.1 billion** **\$22.6 billion** of automobile contracts, primarily by purchasing retail installment sales contracts from dealers, and to a lesser degree, by originating loans secured by automobiles directly with consumers. In addition, we acquired a total of approximately \$822.3 million of automobile contracts in mergers and acquisitions in 2002, 2003, 2004 and 2011. Recent contract purchase volumes and managed portfolio levels are shown in the table below:

Contract Purchases and Outstanding Managed Portfolio			
Contract Purchases and Outstanding Managed Portfolio		Contract Purchases and Outstanding Managed Portfolio

2023	1,357,752	3,194,623	1,357,752
<b>Six months ended June 30, 2024</b>	<b>778,185</b>	<b>3,378,885</b>	
<b>Nine months ended September 30, 2024</b>			<b>1,224,130</b>
			<b>3,521,336</b>

In May 2021 we began purchasing some contracts for immediate sale to a third-party to whom we refer applications that don't meet our lending criteria. We service all such contracts on behalf of the third-party. We earn fees for originating the receivable and also servicing fees on active accounts in the third-party portfolio. For the **six** **nine** months ended **June 30, 2024** **September 30, 2024**, we originated **\$23.4 million** **\$29.5 million** under this third-party program. As of **June 30, 2024** **September 30, 2024**, our managed portfolio includes **\$205.6 million** **\$191.5 million** of such third-party receivables.

Our principal executive offices are in Las Vegas, Nevada. Most of our operational and administrative functions take place in Irvine, California. Credit and underwriting functions are performed primarily in that California branch with certain of these functions also performed in our Florida, Nevada, and Virginia branches. We service our automobile contracts from our California, Nevada, Virginia, Florida and Illinois branches.

The programs we offer to dealers and consumers are intended to serve a wide range of sub-prime customers, primarily through franchised new car dealers. We originate automobile contracts with the intention of financing them on a long-term basis through securitizations. Securitizations are transactions in which we sell a specified pool of contracts to a special purpose subsidiary of ours, which in turn issues asset-backed securities to fund the purchase of the pool of contracts from us.

#### Securitization and Warehouse Credit Facilities

Throughout the period for which information is presented in this report, we have purchased automobile contracts with the intention of financing them on a long-term basis through securitizations, and on an interim basis through warehouse credit facilities. All such financings have involved identification of specific automobile contracts, sale of those automobile contracts (and associated rights) to one of our special-purpose subsidiaries, and issuance of asset-backed securities to be purchased by institutional investors. Depending on the structure, these transactions may be accounted for under generally accepted accounting principles as sales of the automobile contracts or as secured financings. All of our active securitizations are structured as secured financings.

When structured to be treated as a secured financing for accounting purposes, the subsidiary is consolidated with us. Accordingly, the sold automobile contracts and the related debt appear as assets and liabilities, respectively, on our consolidated balance sheet. We then periodically (i) recognize interest and fee income on the contracts, and (ii) recognize interest expense on the securities issued in the transaction. For automobile contracts acquired after 2017 we take account of estimated credit losses in our computation of a level yield used to determine recognition of interest on the contracts. For contracts acquired before 2018, we adopted CECL on January 1, 2020 and we may, as circumstances warrant, record or reverse expense provisions for credit losses.

Since 1994 we have conducted 102 103 term securitizations of automobile contracts that we originated. As of **June 30, 2024** **September 30, 2024**, 18 of those securitizations are active and all are structured as secured financings. We generally conduct our securitizations on a quarterly basis, near the beginning of each calendar quarter, resulting in four securitizations per calendar year. However, we completed only three securitizations in 2020. In April 2020 we postponed our planned securitization due to the onset of the pandemic and the effective closure of the capital markets in which our securitizations are executed. Subsequently we successfully completed securitizations in June and September 2020, and then on a regular quarterly schedule from January 2021 through **June 2024, 2020**.

Our recent history of term securitizations is summarized in the table below:

Recent Asset-Backed Term Securitizations			
Period	\$ in thousands		Recent Asset-Backed Term Securitizations
	Number of Term Securitizations	Receivables Pledged in Term Securitizations	
2018	4	883,452	
2019	4	1,014,124	
2020	3	741,867	
2021	4	1,145,002	
2022	4	1,537,383	
2023	4	1,352,114	
<b>Six months ended June 30, 2024</b>	<b>3</b>	<b>957,707</b>	
<b>Nine months ended September 30, 2024</b>			<b>4</b>
			<b>1,533,854</b>

Generally, prior to a securitization transaction we fund our automobile contract purchases primarily with proceeds from warehouse credit facilities. We currently have short-term funding capacity of \$400 million over two credit facilities. The first credit facility was established in May 2012. This facility was most recently renewed in July 2024, extending the revolving period to July 2026, with an optional amortization period through July 2027. In addition, the capacity was doubled from \$100 million to \$200 million in July 2022.

In November 2015, we entered into another \$100 million facility. This facility was most recently renewed in March 2024, extending the revolving period to March 2026, followed by an amortization period to March 2028. In June 2022, we doubled the capacity for this facility from \$100 million to \$200 million.

In a securitization and in our warehouse credit facilities, we are required to make certain representations and warranties, which are generally similar to the representations and warranties made by dealers in connection with our purchase of the automobile contracts. If we breach any of our representations or warranties, we will be obligated to repurchase the automobile contract at a price equal to the principal balance plus accrued and unpaid interest. We may then be entitled under the terms of our dealer agreement to require the selling dealer to repurchase the contract at a price equal to our purchase price, less any principal payments made by the customer. Subject to any recourse against dealers, we will bear the risk of loss on repossession and resale of vehicles under automobile contracts that we repurchase.

In a securitization, the related special purpose subsidiary may be unable to release excess cash to us if the credit performance of the securitized automobile contracts falls short of pre-determined standards. Such releases represent a material portion of the cash that we use to fund our operations. An unexpected deterioration in the performance of securitized automobile contracts could therefore have a material adverse effect on both our liquidity and results of operations.

Receivables we originate and service for third-parties are not pledged to our warehouse facilities or included in our securitizations.

#### Financial Covenants

Certain of our securitization transactions and our warehouse credit facilities contain various financial covenants requiring certain minimum financial ratios and results. Such covenants include maintaining minimum levels of liquidity and net worth and not exceeding maximum leverage levels. In addition, certain of our debt agreements other than our term securitizations contain cross-default provisions. Such cross-default provisions would allow the respective creditors to declare a default if an event of default occurred with respect to other indebtedness of ours, but only if such other event of default were to be accompanied by acceleration of such other indebtedness. As of **June 30, 2024** **September 30, 2024**, we were in compliance with all such covenants.

#### Results of Operations

*Comparison of Operating Results for the three months ended **June 30, 2024** **September 30, 2024** with the three months ended **June 30, 2023** **September 30, 2023***

**Revenues.** During the three months ended **June 30, 2024** **September 30, 2024**, our revenues were **\$95.9 million** **\$100.6 million**, an increase of **\$11.0 million** **\$8.5 million**, or **13.0%** **9.2%**, from the prior year revenue of **\$84.9 million** **\$92.1 million**. The primary reason for the increase in revenues is the increase in interest income resulting from the increase in the average outstanding balance of finance receivables measured at fair value. Revenues for the three months ended **June 30, 2024** **September 30, 2024** include a \$5.5 million mark up to the recorded value of the finance receivables measured at fair value. The marks are estimates based on our evaluation of the appropriate fair value and future earnings rate of existing receivables compared to recently acquired receivables and increases or decreases in our estimates of future net losses. In the current period, our re-evaluation of the fair values of these receivables resulted in a mark up for certain older receivables and a mark down to the fair values of newer receivables. The fair value mark up on the older receivables exceeded the mark down to the newer receivables resulting in a net mark up of \$5.5 million. There was **no** **a \$6.0 million** mark up or mark down to the fair value portfolio in the prior year period.

Interest income for the three months ended **June 30, 2024** September 30, 2024 increased **\$5.7 million** \$9.9 million, or **6.9% 11.9%**, to **\$88.4 million** \$93.2 million from **\$82.6 million** \$83.3 million in the prior year. The primary reason for the increase in interest income is the **7.5% 11.7%** increase in the average balance of our loan portfolio over the prior year period. The interest yield on our total loan portfolio **decreased increased** from **11.4% 11.3%** in the prior year period to **11.3% 11.4%** in the current year period. The interest yield on receivables measured at fair value is reduced to take account of expected losses and is therefore less than the yield on other finance receivables. The table below shows the average balance and interest yield of our loan portfolio for the three months ended **June 30, 2024** September 30, 2024 and 2023:

<u>Interest Earning Assets</u>	Three Months Ended June 30,						Three Months Ended September 30,

	Average Balance	Interest	Interest Yield	Average Balance	Interest	Interest Yield	Average Balance	Interest	Interest Yield	Average Balance	Interest	Interest Yield
<b>Interest Earning Assets</b>												
<b>Loan Portfolio</b>	<b>\$ 3,122,278</b>	<b>\$ 88,367</b>	<b>11.3%</b>	<b>\$ 2,903,988</b>	<b>\$ 82,637</b>	<b>11.4%</b>	<b>\$ 3,278,336</b>	<b>\$ 93,158</b>	<b>11.4%</b>	<b>\$ 2,934,749</b>	<b>\$ 83,261</b>	<b>11.3%</b>

Other income was \$2.0 million \$1.9 million for the three months ended June 30, 2024 September 30, 2024 compared to \$2.2 million \$2.8 million for the comparable period in 2023. This 9.4% 31.8% decrease was primarily driven by the decrease in origination and servicing fees we earned from third party receivables. These fees were \$1.7 million \$1.6 million for the quarter ended June 30, 2024 September 30, 2024 compared to \$1.9 million \$2.5 million in the prior year period.

**Expenses.** Our operating expenses consist largely of interest expense, provision for credit losses, employee costs, sales and general and administrative expenses. Provision for credit losses is affected by the balance and credit performance of our portfolio of finance receivables (other than our portfolio of finance receivables measured at fair value, as to which expected credit losses have the effect of reducing the internal rate of return or the recorded value applicable to such receivables). Interest expense is significantly affected by the volume of automobile contracts we purchased during the trailing 12-month period and the use of our warehouse facilities and asset-backed securitizations to finance those contracts. Employee costs and general and administrative expenses are incurred as applications and automobile contracts are received, processed and serviced. Factors that affect profit margins and net income include changes in the automobile and automobile finance market environments, and macroeconomic factors such as interest rates and changes in the unemployment level.

**Employee costs include base salaries, commissions and bonuses paid to employees, and certain expenses related to the accounting treatment of outstanding stock options and are one of our most significant operating expenses. These costs (other than those relating to stock options) generally fluctuate with the level of applications and automobile contracts purchased and serviced.**

Other operating expenses consist largely of facilities expenses, telephone and other communication services, credit services, computer services, sales and advertising expenses, and depreciation and amortization.

Total operating expenses were \$89.2 million \$93.7 million for the three months ended June 30, 2024 September 30, 2024, compared to \$66.3 million \$77.9 million for the prior period, an increase of \$22.9 million \$15.8 million, or 34.6% 20.4%. The increase is primarily due to increases in interest expense and a decrease in the reduction to provision for credit losses. To a lesser extent, increases to employee costs and general and administrative expenses also contributed to the increase in operating expenses during the period. costs.

Employee costs were \$23.7 million \$24.2 million during the three months ended June 30, 2024 September 30, 2024 compared to \$21.1 million \$21.8 million for the same quarter in the prior year, an increase of \$2.6 million \$2.4 million, or 12.2% 10.8%. The table below summarizes our employees by category as well as contract purchases and units in our managed portfolio as of, and for the three-month periods ended, June 30, 2024 September 30, 2024 and 2023:

	Three Months Ended June 30,		Three Months Ended September 30,	
	2024	2023	2024	2023
	(Dollars in millions)		(Dollars in millions)	
Contracts purchased (dollars)	\$ 431.9	\$ 318.4	\$ 445.9	\$ 322.4
Contracts purchased (units)	19,710	15,296	20,179	15,275
Managed portfolio outstanding (dollars)	\$ 3,173.3	\$ 2,910.3	\$ 3,329.8	\$ 2,943.3
Managed portfolio outstanding (units)	187,968	176,458	194,434	177,709
Number of Originations staff	198	165	200	181
Number of Sales staff	106	102	116	103
Number of Servicing staff	532	448	525	511
Number of other staff	89	88	84	72
Total number of employees	925	803	925	867

General and administrative expenses include costs associated with purchasing and servicing our portfolio of finance receivables, including expenses for facilities, credit services, and telecommunications. General and administrative expenses was \$13.3 million, an increase of **\$1.5 million** **\$231,000** from **\$11.8 million** **\$13.0 million** in the prior year period.

Interest expense for the three months ended **June 30, 2024** **September 30, 2024** was **\$46.7 million** **\$50.1 million** and represented **52.4%** **53.4%** of total operating expenses, compared to **\$35.7 million** **\$37.9 million** in the previous year, when it was **53.9%** **48.7%** of total operating expenses.

Interest on securitization trust debt increased by **\$8.8 million** **\$11.3 million** for the three months ended **June 30, 2024** **September 30, 2024** compared to the prior period. The average balance of securitization trust debt increased to **\$2,555.2 million** **\$2,706.3 million** for the three months ended **June 30, 2024** **September 30, 2024** compared to **\$2,333.0 million** **\$2,349.7 million** for the three months ended **June 30, 2023** **September 30, 2023**. The annualized average rate on our securitization trust debt was **5.9%** **6.4%** for the three months ended **June 30, 2024** **September 30, 2024** compared to **5.0%** **5.4%** in the prior year period. The blended interest rates on new term securitizations have been increasing since 2022. For each quarterly securitization transaction, the blended cost of funds is ultimately the result of many factors including the market interest rates for benchmark swaps of various maturities against which our bonds are priced and the margin over those benchmarks that investors are willing to accept, which in turn, is influenced by investor demand for our bonds at the time of the securitization. These and other factors have resulted in fluctuations in our securitization trust debt interest costs. The blended interest rates of our recent securitizations are summarized in the table below:

Period	Blended Cost of Funds on Recent Asset-Backed Term Securitizations
January 2021	1.11%
April 2021	1.65%
July 2021	1.55%
October 2021	2.09%
January 2022	2.54%
April 2022	4.83%
July 2022	6.02%
October 2022	8.48%
January 2023	6.48%
April 2023	7.17%
July 2023	7.13%
October 2023	7.89%
January 2024	6.51%
April 2024	6.69%
June 2024	6.56%
September 2024	5.52%

Interest expense on warehouse credit line debt increased decreased by \$694,000 \$665,000 to \$5.7 million \$4.0 million for the three months ended June 30, 2024 September 30, 2024 compared to \$5.0 million \$4.7 million in the prior year period. The increase decrease was primarily due to the higher lower utilization of our credit lines during the quarter compared to last year. The average balance of our warehouse debt was \$215.4 million \$132.3 million during the three months ended June 30, 2024 September 30, 2024 compared to \$193.4 million \$170.9 million for the same period in 2023. The annualized average rate on our credit line debt was 10.6% 12.1% for the three months ended June 30, 2024 September 30, 2024 compared to 10.4% 10.9% in the prior year period.

Interest expense on subordinated renewable notes was \$542,000 \$581,000 for the three months ended June 30, 2024 September 30, 2024. The average balance of the outstanding subordinated debt was \$22.3 million \$23.2 million for the three months ended June 30, 2024 September 30, 2024 compared to \$22.2 million \$19.9 million for the prior year period. The average yield of subordinated notes increased to 9.7% 10.0% compared to 8.6% 8.8% in the prior period.

In June 2021, we completed a residual interest financing of our residual interests from previously issued securitizations in the amount of \$50.0 million. In March 2024, we completed a new residual interest financing of our residual interests from previously issued securitizations in the amount of \$50.0 million. Interest expense for these residual interest financings was \$2.5 million for the three months ended **June 30, 2024** **September 30, 2024** compared to \$1.1 for the same period in 2023.

The following table presents the components of interest income and interest expense and a net interest yield analysis for the three-month periods ended **June 30, 2024** **September 30, 2024** and 2023:

Our evaluation of the allowance for credit losses indicated that the reserves against future losses are adequate as of **June 30, 2024** **September 30, 2024**. The allowance applies only to our finance receivables originated through December 2017, which we refer to as our legacy portfolio. Finance receivables that we have originated since January 2018 are accounted for at fair value. Under the fair value method of accounting, we recognize interest income net of expected credit losses. Thus, no provision for credit loss expense is recorded for finance receivables measured at fair value.

For the three months ended **June 30, 2024** **September 30, 2024**, we recorded a reduction to provision for credit losses on finance receivables in the amount of **\$2.0 million** **\$994,000**. The reserve decrease was primarily due to better than expected recovery rates and a decrease in lifetime expected credit losses resulting from improved credit performance as our previous estimates for future losses exceeded actual incurred losses. This compares to **\$9.7 million** **\$2.0 million** in reductions to provision for credit losses for the three months ended **June 30, 2023** **September 30, 2023**. Sales expenses consist primarily of commission-based compensation paid to our employee sales representatives. Our sales representatives earn a salary plus commissions based on volume of contract purchases. Sales expense increased to **\$5.9 million** **\$5.7 million** during the three months ended **June 30, 2024** **September 30, 2024** from **\$5.5 million** **\$5.3 million** for the same quarter in 2023. We purchased **\$431.9 million** **\$445.9 million** of new contracts during the three months ended **June 30, 2024** **September 30, 2024** compared to **\$318.4 million** **\$322.4 million** in the prior year period.

Occupancy expenses was **\$1.4 million** **\$1.3 million** for the three months ending **June 30, 2024** **September 30, 2024**, which is down from the **\$1.6 million** in the **second** **third** quarter of 2023.

Depreciation and amortization expenses increased to **\$221,000** **\$214,000** compared to **\$211,000** **\$199,000** in the previous year.

For the three months ended **June 30, 2024** **September 30, 2024**, we recorded income tax expense of **\$2.0 million** **\$2.1 million**, representing a 30% effective tax rate. In the prior period, our income tax expense was **\$4.6 million** **\$3.8 million**, representing a **25%** **27%** effective tax rate.

Comparison of Operating Results for the **six nine** months ended **June 30, 2024** **September 30, 2024** with the **six nine** months ended **June 30, 2023** **September 30, 2023**

**Revenues.** During the **six nine** months ended **June 30, 2024** **September 30, 2024**, our revenues were **\$187.6 million** **\$288.2 million**, an increase of **\$19.7 million** **\$28.2 million**, or **11.7%** **10.8%**, from the prior year revenue of **\$168.0 million** **\$260.0 million**. The primary reason for the increase in revenues is the increase in interest income resulting from the increase in the average outstanding balance of finance receivables measured at fair value. Revenues for the **three nine** months ended **June 30, 2024** **September 30, 2024** include a **\$10.5 million** **\$16.0 million** mark up to the recorded value of the finance receivables measured at fair value. The marks are estimates based on our evaluation of the appropriate fair value and future earnings rate of existing receivables compared to recently acquired receivables and increases or decreases in our estimates of future net losses. In the current period, our re-evaluation of the fair values of these receivables resulted in a mark up for certain older receivables and a mark down to the fair values of newer receivables. The fair value mark up on the older receivables exceeded the mark down to the newer receivables resulting in a net mark up of **\$10.5 million** **\$16.0 million**. There was **no** **\$6.0** mark up or mark down to the fair value portfolio in the prior year period.

Interest income for the **six nine** months ended **June 30, 2024** **September 30, 2024** increased **\$10.0 million** **\$19.8 million**, or **6.1% 8.1%**, to **\$172.7 million** **\$265.8 million** from **\$162.7 million** **\$246.0 million** in the prior year. The primary reason for the increase in interest income is the **6.2% 8.0%** increase in the average balance of our loan portfolio over the prior year period. The interest yield on our total loan portfolio is 11.3% in the current year period and prior year period. The interest yield on receivables measured at fair value is reduced to take account of expected losses and is therefore less than the yield on other finance receivables. The table below shows the average balance and interest yield of our loan portfolio for the **six nine** months ended **June 30, 2024** **September 30, 2024** and 2023:

Interest Earning Assets	Six Months Ended June 30,						Nine Months Ended September 30,					
	2024			2023			2024			2023		
	(Dollars in thousands)						(Dollars in thousands)					
	Average Balance	Interest Interest	Yield	Average Balance	Interest Interest	Yield	Average Balance	Interest Interest	Yield	Average Balance	Interest Interest	Yield
Interest Earning Assets												
Loan Portfolio	\$ 3,058,047	\$ 172,655	11.3%	\$ 2,880,293	\$ 162,699	11.3%	\$ 3,131,477	\$ 265,812	11.3%	\$ 2,898,445	\$ 245,960	11.3%

Other income was **\$4.5 million** **\$6.4 million** for the **six nine** months ended **June 30, 2024** **September 30, 2024** compared to **\$5.3 million** **\$8.1 million** for the comparable period in 2023. This **15.0% 20.9%** decrease was primarily driven by the decrease in origination and servicing fees we earned from third party receivables. These fees were **\$3.8 million** **\$5.5 million** for the **six nine** months ended **June 30, 2024** **September 30, 2024** compared to **\$4.6 million** **\$7.2 million** in the prior year period.

**Expenses.** Our operating expenses consist largely of interest expense, provision for credit losses, employee costs, sales and general and administrative expenses. Provision for credit losses is affected by the balance and credit performance of our portfolio of finance receivables (other than our portfolio of finance receivables measured at fair value, as to which expected credit losses have the effect of reducing the internal rate of return or the recorded value applicable to such receivables). Interest expense is significantly affected by the volume of automobile contracts we purchased during the trailing 12-month period and the use of our warehouse facilities and asset-backed securitizations to finance those contracts. Employee costs and general and administrative expenses are incurred as applications and automobile contracts are received, processed and serviced. Factors that affect profit margins and net income include changes in the automobile and automobile finance market environments, and macroeconomic factors such as interest rates and changes in the unemployment level.

Employee costs include base salaries, commissions and bonuses paid to employees, and certain expenses related to the accounting treatment of outstanding stock options and are one of our most significant operating expenses. These costs (other than those relating to stock options) generally fluctuate with the level of applications and automobile contracts purchased and serviced.

Other operating expenses consist largely of facilities expenses, telephone and other communication services, credit services, computer services, sales and advertising expenses, and depreciation and amortization.

Total operating expenses were **\$174.4 million** **\$268.1 million** for the **six** **nine** months ended **June 30, 2024** **September 30, 2024**, compared to **\$130.9 million** **\$208.8 million** for the prior period, an increase of **\$43.5 million** **\$59.3 million**, or **33.2%** **28.4%**. The increase is primarily due to increases in interest expense and a decrease in the reduction to provision for credit losses. To a lesser extent, increases to employee costs and general and administrative expenses also contributed to the increase in operating expenses during the period.

Employee costs were **\$48.1 million** **\$72.3 million** during the **six** **nine** months ended **June 30, 2024** **September 30, 2024** compared to **\$43.2 million** **\$65.0 million** for the same period in the prior year. The table below summarizes our employees by category as well as contract purchases and units in our managed portfolio as of, and for the **six-month** **nine-month** periods ended, **June 30, 2024** **September 30, 2024** and 2023:

	Six Months Ended June 30,		Nine Months Ended September 30,	
	2024	2023	2024	2023
	(Dollars in millions)		(Dollars in millions)	
<b>Contracts purchased (dollars)</b>	\$ 778.2	\$ 733.5	\$ 1,224.1	\$ 1,056.0
<b>Contracts purchased (units)</b>	36,124	35,471	56,303	50,746
<b>Managed portfolio outstanding (dollars)</b>	\$ 3,173.3	\$ 2,910.3	\$ 3,329.8	\$ 3,181.8
<b>Managed portfolio outstanding (units)</b>	187,968	176,458	194,434	189,747
<b>Number of Originations staff</b>	198	165	200	181
<b>Number of Sales staff</b>	106	102	116	103
<b>Number of Servicing staff</b>	532	448	525	511
<b>Number of other staff</b>	89	88	84	72
<b>Total number of employees</b>	925	803	925	867

General and administrative expenses include costs associated with purchasing and servicing our portfolio of finance receivables, including expenses for facilities, credit services, and telecommunications. General and administrative expenses was \$27.0 million \$40.3 million for the six nine months ended June 30, 2024 September 30, 2024, an increase of \$3.8 million \$4.1 million from \$23.2 million \$36.2 million in the prior year period.

Interest expense for the six nine months ended June 30, 2024 September 30, 2024 was \$88.7 million \$138.7 million, compared to \$68.5 million \$106.4 million in the previous year, an increase of \$20.2 million \$32.3 million.

Interest on securitization trust debt increased by **\$18.3 million** **\$29.6 million** for the **six nine** months ended **June 30, 2024** **September 30, 2024** compared to the prior period. The average balance of securitization trust debt increased to **\$2,471.7 million** **\$2,549.9 million** for the **six nine** months ended **June 30, 2024** **September 30, 2024** compared to **\$2,308.1 million** **\$2,322.0 million** for the **six nine** months ended **June 30, 2023** **September 30, 2023**. The annualized average rate on our securitization trust debt was **6.0%** **6.1%** for the **six nine** months ended **June 30, 2024** **September 30, 2024** compared to **4.8%** **5.0%** in the prior year period. The blended interest rates on new term securitizations have been increasing since 2022. For each quarterly securitization transaction, the blended cost of funds is ultimately the result of many factors including the market interest rates for benchmark swaps of various maturities against which our bonds are priced and the margin over those benchmarks that investors are willing to accept, which in turn, is influenced by investor demand for our bonds at the time of the securitization. These and other factors have resulted in fluctuations in our securitization trust debt interest costs. The blended interest rates of our recent securitizations are summarized in the table below:

Blended Cost of Funds on Recent Asset-Backed Term Securitizations		
Period	Blended Cost of Funds on Recent Asset-Backed Term Securitizations	Blended Cost of Funds
January 2021		1.11%
April 2021		1.65%
July 2021		1.55%
October 2021		2.09%
January 2022		2.54%
April 2022		4.83%
July 2022		6.02%
October 2022		8.48%
January 2023		6.48%
April 2023		7.17%
July 2023		7.13%
October 2023		7.89%
January 2024		6.51%
April 2024		6.69%
June 2024		6.56%
September 2024	6.56%	5.52%

Interest expense on warehouse credit line debt increased decreased by \$166,000 \$499,000 to \$10.0 million \$14.0 million for the six nine months ended June 30, 2024 September 30, 2024 compared to \$9.9 million \$14.5 million in the prior year period. The increase decrease was primarily due to higher rates on the debt lower utilization of our credit lines during the six month period quarter compared to last year. The average balance of our warehouse debt was \$190.1 million \$170.7 million during the six nine months ended June 30, 2024 September 30, 2024 compared to \$194.2 million \$186.3 million for the same period in 2023. The annualized average rate on our credit line debt was 10.5% 11.0% for the six nine months ended June 30, 2024 September 30, 2024 compared to 10.2% 10.4% in the prior year period.

Interest expense on subordinated renewable notes was \$1.0 million \$1.6 million for the six nine months ended June 30, 2024 September 30, 2024. The average balance of the outstanding subordinated debt decreased by \$1.6 million to \$21.6 million was \$22.1 million for the six nine months ended June 30, 2024 compared to \$23.2 million for ending September 30, 2024, consistent with the prior year. The average yield of subordinated notes increased to 9.7% 9.8% compared to 8.5% 8.6% in the prior period.

In June 2021, we completed a residual interest financing of our residual interests from previously issued securitizations in the amount of \$50.0 million. In March 2024, we completed a new residual interest financing of our residual interests from previously issued securitizations in the amount of \$50.0 million. Interest expense on the residual interest financing was \$3.7 million \$6.2 million for the six nine months ended June 30, 2024 September 30, 2024 compared to \$2.1 million \$3.2 million for the same period in 2023.

The following table presents the components of interest income and interest expense and a net interest yield analysis for the **six-month** **nine-month** periods ended **June 30, 2024** **September 30, 2024** and 2023:

	Six Months Ended June 30,						Nine Months Ended September 30,

**Our evaluation of the allowance for credit losses indicated that the reserves against future losses are adequate as of June 30, 2024 September 30, 2024. The allowance applies only to our finance receivables originated through December 2017, which we refer to as our legacy portfolio. Finance receivables that we have originated since January 2018 are accounted for at fair value. Under the fair value method of accounting, we recognize interest income net of expected credit losses. Thus, no provision for credit loss expense is recorded for finance receivables measured at fair value.**

For the **six nine** months ended **June 30, 2024 September 30, 2024**, we recorded a reduction to provision for credit losses on finance receivables in the amount of **\$3.6 million \$4.6 million**. The reserve decrease was primarily due to better than expected recovery rates and a decrease in lifetime expected credit losses resulting from improved credit performance as our previous estimates for future losses exceeded actual incurred losses. This compares to **\$18.7 million \$20.7 million** in reductions to provision for credit losses for the **six nine** months ended **June 30, 2023 September 30, 2023**.

Sales expenses consist primarily of commission-based compensation paid to our employee sales representatives. Our sales representatives earn a salary plus commissions based on volume of contract purchases **sales**. Sales expenses remained consistent at \$16.5 million for both the nine months ending September 30, 2024, and sales of ancillary products and services that we offer our dealers. Sales expense decreased to \$10.8 million during the six months ended June 30, 2024 from \$11.2 million in the same period in 2023, last year. We purchased \$778.2 million \$1,224.1 million of new contracts during the **six nine** months ended **June 30, 2024 September 30, 2024** compared to **\$733.5 million \$1,056.0 million** in the prior year period.

Occupancy expenses was **\$3.0 million \$4.3 million** for the **six nine** months ending **June 30, 2024 September 30, 2024**, which is down from **\$3.2 million \$4.8 million** for the same period in 2023.

Depreciation and amortization expenses decreased to **\$436,000 \$650,000** compared to **\$442,000 \$642,000** in the previous year.

For the **six nine** months ended **June 30, 2024 September 30, 2024**, we recorded income tax expense of **\$4.0 million \$6.0 million**, representing a 30% effective tax rate. In the prior period, our income tax expense was **\$9.3 million \$13.1 million**, representing a **25% 26% effective tax rate**.

#### Credit Experience

Our financial results are dependent on the performance of the automobile contracts in which we retain an ownership interest. Broad economic factors such as recession and significant changes in unemployment levels influence the credit performance of our portfolio, as does the weighted average age of the receivables at any given time. The tables below document the delinquency, repossession and net credit loss experience of all such automobile contracts that we originated or own an interest in as of the respective dates shown.

(1) All amounts and percentages are based on the amount remaining to be repaid on each automobile contract. The information in the table represents the gross principal amount of all automobile contracts we have purchased, including automobile contracts subsequently sold in securitization transactions that we continue to service. The table does not include certain contracts we have serviced for third parties on which we earn servicing fees only and have no credit risk.

(2) We consider an automobile contract delinquent when an obligor fails to make at least 90% of a contractually due payment by the following due date, which date may have been extended within limits specified in the Servicing Agreements. The period of delinquency is based on the number of days payments are contractually past due. Automobile contracts less than 31 days delinquent are not included. The delinquency aging categories shown in the tables reflect the effect of extensions.

(3) Amount in repossession represents financed vehicles that have been repossessed but not yet liquidated.

(4) Amount in repossession and accounts past due more than 90 days are on non-accrual.

**Net Charge-Off Experience (1)**

**Total Managed Portfolio (Excludes Third Party Portfolio)**

	<b>Finance Receivables Portfolio</b>

Net Charge-Off Experience (1) Total Managed Portfolio (Excludes Third Party Portfolio)					
	September 30, 2024	Finance Receivables Portfolio			December 31, 2023
		September 30, 2023	(Dollars in thousands)		
Average servicing portfolio outstanding	\$ 3,278,336	\$ 2,934,749		\$ 2,913,571	
Annualized net charge-offs as a percentage of average servicing portfolio (2)	7.3%	6.9%		6.5%	

(1) All amounts and percentages are based on the principal amount scheduled to be paid on each automobile contract.

(2) Net charge-offs include the remaining principal balance, after the application of the net proceeds from the liquidation of the vehicle (excluding accrued and unpaid interest) and amounts collected subsequent to the date of charge-off, including some recoveries which have been classified as other income in the accompanying interim consolidated financial statements. **June 30, 2024** **September 30, 2024** and **June 30, 2023** **September 30, 2023** percentages represent three months ended **June 30, 2024** **September 30, 2024** and **June 30, 2023** **September 30, 2023** annualized. December 31, 2023 represents 12 months ended December 31, 2023.

#### Extensions

In certain circumstances we will grant obligors one-month payment extensions to assist them with temporary cash flow problems. In general, we are bound by our securitization agreements to refrain from agreeing to more than two such extensions in any 12-month period and to more than ~~six~~ eight over the life of the contract. The only modification of terms is to advance the obligor's next due date by one month and extend the maturity date of the receivable by one month. In some cases, a two-month extension may be granted. There are no other concessions such as a reduction in interest rate, forgiveness of principal or of accrued interest.

The basic question in deciding to grant an extension is whether or not we will (a) be delaying the inevitable repossession and liquidation or (b) risk losing the vehicle as a result of not being able to locate the obligor and vehicle. In both of those situations, the loss would likely be higher than if the vehicle had been repossessed without the extension. The benefits of granting an extension include minimizing current losses and delinquencies, minimizing lifetime losses, getting the obligor's account current (or close to it) and building goodwill so that the obligor might prioritize us over other creditors on future payments. Our servicing staff are trained to identify when a past due obligor is facing a temporary problem that may be resolved with an extension. In some cases, the extension will be granted in conjunction with our receiving all or a portion of a past due payment from the obligor, thereby indicating an additional monetary and psychological commitment to the contract on the obligor's part.

The credit assessment for granting an extension is initially made by our collector, who bases the recommendation on the collector's discussions with the obligor. In such assessments the collector will consider, among other things, the following factors: (1) the reason the obligor has fallen behind in payment; (2) whether or not the reason for the delinquency is temporary, and if it is, have conditions changed such that the obligor can begin making regular monthly payments again after the extension; (3) the obligor's past payment history, including past extensions if applicable; (4) the obligor's willingness to communicate and cooperate on resolving the delinquency; and (5) a numeric score from our internal risk assessment system that indicating the likelihood that the extension will prove beneficial. If the collector believes the obligor is a good candidate for an extension, an approval is obtained from a supervisor, who will review the same factors stated above prior to offering the extension to the obligor. After receiving an extension, an account remains subject to our normal policies and procedures for interest accrual, reporting delinquency and recognizing charge-offs.

**3841**

We believe that a prudent extension program is an integral component to mitigating losses in our portfolio of sub-prime automobile receivables. The table below summarizes the status, as of **June 30, 2024** **September 30, 2024**, for accounts that received extensions from 2010 through 2023:

Period of Extension	# Extensions Granted	Active or Paid Off at June 30, 2024	% Active or Paid Off at June 30, 2024	Charged Off > 6 Months After Extension	% Charged Off > 6 Months After Extension	Charged Off <= 6 Months After Extension	% Charged Off <= 6 Months After Extension	Avg Months to Charge Off Post Extension

Note: Table excludes extensions on portfolios serviced for third parties

We view these results as a confirmation of the effectiveness of our extension program. For example, of the accounts granted extensions in 2019, **65.3%** **61.2%** were either paid in full or active and performing as of **June 30, 2024** **September 30, 2024**. Each of these successful accounts represent continued payments of interest and principal (including payment in full in many cases), where without the extension we likely would have incurred a substantial loss and no interest revenue after the extension.

---

**3942**

For the extension accounts that ultimately charge off, we consider any that charged off more than six months after the extension to be at least partially successful. For example, of the accounts granted extensions in **2012** **2018** that subsequently charged off, such charge offs occurred, on average, **18.20** months after the extension, indicating that even in the cases of an ultimate loss, the obligor serviced the account with additional payments of principal and interest.

Additional information about our extensions is provided in the tables below:

	Six Months Ended June 30,			Year Ended December 31,			Nine Months Ended September 30,	Nine Months Ended September 30,	Year Ended December 31,

Since 2019, we have been able to reduce extensions by working with our servicing staff to be more selective in granting extensions including, where appropriate, to exhaust all possibilities of payment by the customer before granting an extension. However, as delinquency rates have risen, so has the average number of extensions granted.

#### Non-Accrual Receivables

It is not uncommon for our obligors to fall behind in their payments. However, with the diligent efforts of our Servicing staff and systems for managing our collection efforts, we regularly work with our customers to resolve delinquencies. Our staff are trained to employ a counseling approach to assist our customers with their cash flow management skills and help them to prioritize their payment obligations in order to avoid losing their vehicle to repossession. Through our experience, we have learned that once a customer becomes greater than 90 days past due, it is not likely that the delinquency will be resolved and will ultimately result in a charge-off. As a result, we do not recognize any interest income for contracts that are greater than 90 days past due.

If a contract exceeds the 90 days past due threshold at the end of one period, and then makes the necessary payments such that it becomes less than or equal to 90 days delinquent at the end of a subsequent period, it would be restored to full accrual status for our financial reporting purposes. At the time a contract is restored to full accrual in this manner, there can be no assurance that full repayment of interest and principal will ultimately be made. However, we monitor each obligor's payment performance and are aware of the severity of his delinquency at any time. The fact that the delinquency has been reduced below the 90-day threshold is a positive indicator. Should the contract again exceed the 90-day delinquency level at the end of any reporting period, it would again be reflected as a non-accrual account.

Our policy for placing a contract on non-accrual status is independent of our policy to grant an extension. In practice, it would be an uncommon circumstance where an extension was granted and the account remained in a non-accrual status, since the goal of the extension is to bring the contract current (or nearly current).

#### Liquidity and Capital Resources

Our business requires substantial cash to support our purchases of automobile contracts and other operating activities. Our primary sources of cash have been cash flows from the proceeds from term securitization transactions and other sales of automobile contracts, amounts borrowed under various revolving credit facilities (also sometimes known as warehouse credit facilities), customer payments of principal and interest on finance receivables, fees for origination of automobile contracts, and releases of cash from securitization transactions and their related spread accounts. Our primary uses of cash have been the purchases of automobile contracts, repayment of amounts borrowed under lines of credit, securitization transactions and otherwise, operating expenses such as employee, interest, occupancy expenses and other general and administrative expenses, the establishment of spread accounts and initial overcollateralization, if any, the increase of credit enhancement to required levels in securitization transactions, and income taxes. There can be no assurance that internally generated cash will be sufficient to meet our cash demands. The sufficiency of internally generated cash will depend on the performance of securitized pools (which determines the level of releases from those pools and their related spread accounts), the rate of expansion or contraction in our managed portfolio, and the terms upon which we are able to acquire and borrow against automobile contracts.

Net cash provided by operating activities for the six-month nine-month period ended **June 30, 2024** September 30, 2024 was **\$96.0 million** \$165.8 million, a decrease of **\$24.7 million** \$16.2 million, compared to net cash provided by operating activities for the six-month nine-month period ended **June 30, 2023** September 30, 2023 of **\$120.7 million** \$181.9 million. Net cash from operating activities is generally provided by net income from operations adjusted for significant non-cash items such as our provision for credit losses and marks to finance receivables measured at fair value.

Net cash used in investing activities was **\$317.8 million** \$536.8 million for the six nine months ended **June 30, 2024** September 30, 2024 compared to **\$193.1 million** \$275.8 million in the prior year period. Net cash used in investing activities generally relates to new purchases of automobile contracts net of principal payments and other proceeds received during the period. Purchases of finance receivables excluding acquisition fees were **\$753.8 million** \$1,195.9 million and **\$658.0 million** \$958.6 million during the first six nine months of 2024 and 2023, respectively.

4144

---

Net cash provided by financing activities for the **six** nine months ended **June 30, 2024** **September 30, 2024** was **\$363.0 million** **\$524.7 million** compared to **\$64.8 million** **\$73.1 million** in the prior year period. Cash provided by financing activities is primarily related to the issuance of securitization trust debt, reduced by the amount of repayment of securitization trust debt and net proceeds or repayments on our warehouse lines of credit and other debt. In the first **six** nine months of 2024, we issued **\$1,307.1 million** **\$1,453.9 million** in new securitization trust debt compared to **\$657.7 million** **\$949.4 million** for the same period in 2023. We repaid **\$564.0 million** **\$840.5 million** in securitization trust debt in the **six** nine months ended **June 30, 2024** **September 30, 2024** compared to repayments of securitization trust debt of **\$541.0 million** **\$814.5 million** in the prior year period. In the **six** nine months ended **June 30, 2024** **September 30, 2024**, we had net repayments on warehouse lines of credit of **\$150.7 million** **\$125.6 million**, compared to net advances from warehouse lines of credit of **\$41.0 million** **\$46.4 million** in the prior year's period.

We purchase automobile contracts from dealers for a cash price approximately equal to their principal amount, adjusted for an acquisition fee which may either increase or decrease the automobile contract purchase price. Those automobile contracts generate cash flow, however, over a period of years. We have been dependent on warehouse credit facilities to purchase automobile contracts and our securitization transactions for long term financing of our contracts. In addition, we have accessed other sources, such as residual financings and subordinated debt in order to finance our continuing operations.

The acquisition of automobile contracts for subsequent financing in securitization transactions, and the need to fund spread accounts and initial overcollateralization, if any, and increase credit enhancement levels when those transactions take place, results in a continuing need for capital. The amount of capital required is most heavily dependent on the rate of our automobile contract purchases, the required level of initial credit enhancement in securitizations, and the extent to which the previously established trusts and their related spread accounts either release cash to us or capture cash from collections on securitized automobile contracts. Of those, the factor most subject to our control is the rate at which we purchase automobile contracts.

We are and may in the future be limited in our ability to purchase automobile contracts due to limits on our capital. As of **June 30, 2024** **September 30, 2024**, we had unrestricted cash of **\$9.8 million** **\$8.1 million** and **\$7.1 million** **\$294.2 million** aggregate available borrowings under our two warehouse credit facilities (assuming the availability of sufficient eligible collateral). As of **June 30, 2024** **September 30, 2024**, we had approximately **\$33.8 million** **\$20.9 million** of such eligible collateral. Our plans to manage our liquidity include maintaining our rate of automobile contract purchases at a level that matches our available capital, and, as appropriate, minimizing our operating costs. During the **six-month** **nine-month** period ended **June 30, 2024** **September 30, 2024**, we completed **three** **four** securitizations aggregating **\$1,307.1 million** **\$1,453.9 million** of notes sold.

Our liquidity will also be affected by releases of cash from the trusts established with our securitizations. While the specific terms and mechanics of each spread account vary among transactions, our securitization agreements generally provide that we will receive excess cash flows, if any, only if the amount of credit enhancement has reached specified levels and the net losses related to the automobile contracts in the pool are below certain predetermined levels. In the event delinquencies or net losses on the automobile contracts exceed such levels, the terms of the securitization may require increased credit enhancement to be accumulated for the particular pool. There can be no assurance that collections from the related trusts will continue to generate sufficient cash.

Our warehouse credit facilities contain various financial covenants requiring certain minimum financial ratios and results. Such covenants include maintaining minimum levels of liquidity and net worth and not exceeding maximum leverage levels. In addition, certain of our debt agreements other than our term securitizations contain cross-default provisions. Such cross-default provisions would allow the respective creditors to declare a default if an event of default occurred with respect to other indebtedness of ours, but only if such other event of default were to be accompanied by acceleration of such other indebtedness. As of **June 30, 2024** **September 30, 2024**, we were in compliance with all such financial covenants.

We have and will continue to have a substantial amount of indebtedness. At **June 30, 2024** **September 30, 2024**, we had approximately **\$2,939.8 million** **\$3,105.0 million** of debt outstanding. Such debt consisted primarily of **\$2,736.2 million** **\$2,875.8 million** of securitization trust debt and **\$82.2 million** **\$105.8 million** of debt from warehouse lines of credit. Our securitization trust debt has increased by **\$470.8 million** **\$610.3 million** while our warehouse lines of credit debt has decreased by **\$151.9 million** **\$128.2 million** since December 31, 2023 (each net of deferred financing costs). Since 2005, we have offered renewable subordinated notes to the public on a continuous basis, and such notes have maturities that range from six months to 10 years. We had **\$22.4 million** **\$24.3 million** and **\$17.2 million** in subordinated renewable notes outstanding at **June 30, 2024** **September 30, 2024** and December 31, 2023, respectively. On June 30, 2021, we completed a \$50.0 million securitization of residual interests from other previously issued securitizations. On March 2024, we completed a new residual interest financing of our residual interests from previously issued securitizations in the amount of \$50.0 million. As of **June 30, 2024** **September 30, 2024**, all \$100.0 million of this debt remains outstanding.

Although we believe we are able to service and repay our debt, there is no assurance that we will be able to do so. If our plans for future operations do not generate sufficient cash flows and earnings, our ability to make required payments on our debt would be impaired. If we fail to pay our indebtedness when due, it could have a material adverse effect on us and may require us to issue additional debt or equity securities.

#### **Item 4. Controls and Procedures**

We maintain a system of internal controls and procedures designed to provide reasonable assurance as to the reliability of our published financial statements and other disclosures included in this report. As of the end of the period covered by this report, we evaluated the effectiveness of the design and operation of such disclosure controls and procedures. Based upon that evaluation, the principal executive officer (Charles E. Bradley, Jr.) and the principal financial officer (Denesh Bharwani) concluded that the disclosure controls and procedures are effective in recording, processing, summarizing and reporting, on a timely basis, material information relating to us that is required to be included in our reports filed under the Securities Exchange Act of 1934. There has been no change in our internal controls over financial reporting during our most recently completed fiscal quarter that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

## PART II — OTHER INFORMATION

### Item 1. Legal Proceedings

The information provided under the caption “Legal Proceedings,” Note 8 to the Unaudited Condensed Financial Statements, included in Part I of this report, is incorporated herein by reference.

### Item 1A. Risk Factors

We remind the reader that risk factors are set forth in Item 1A of our report on Form 10-K, filed with the U.S. Securities and Exchange Commission on March 15, 2024. Where we are aware of material changes to such risk factors as previously disclosed, we set forth below an updated discussion of such risks. The reader should note that the other risks identified in our report on Form 10-K remain applicable.

*We have substantial indebtedness.*

We have and will continue to have a substantial amount of indebtedness. At **June 30, 2024** **September 30, 2024**, we had approximately **\$2,939.8 million** **\$3,105.0 million** of debt outstanding. Such debt consisted primarily of **\$2,736.2 million** **\$2,875.8 million** of securitization trust debt and **\$82.2 million** **\$105.8 million** of debt from warehouse lines of credit. Our securitization trust debt has increased by **\$470.8 million** **\$610.3 million** while our warehouse lines of credit debt has decreased by **\$151.9 million** **\$128.2 million** since December 31, 2023 (each net of deferred financing costs). Since 2005, we have offered renewable subordinated notes to the public on a continuous basis, and such notes have maturities that range from six months to 10 years. We had **\$22.4 million** **\$24.3 million** and **\$17.2 million** in subordinated renewable notes outstanding at **June 30, 2024** **September 30, 2024** and December 31, 2023, respectively. On June 30, 2021, we completed a \$50.0 million securitization of residual interests from other previously issued securitizations. On March 2024, we completed a new residual interest financing of our residual interests from previously issued securitizations in the amount of \$50.0 million. As of **June 30, 2024** **September 30, 2024**, all \$100.0 million of this debt remains outstanding.

**Our substantial indebtedness could adversely affect our financial condition by, among other things:**

- increasing our vulnerability to general adverse economic and industry conditions;
- requiring us to dedicate a substantial portion of our cash flow from operations to payments on our indebtedness, thereby reducing amounts available for working capital, capital expenditures and other general corporate purposes;
- limiting our flexibility in planning for, or reacting to, changes in our business and the industry in which we operate;
- placing us at a competitive disadvantage compared to our competitors that have less debt; and
- limiting our ability to borrow additional funds.

Although we believe we are able to service and repay such debt, there is no assurance that we will be able to do so. If we do not generate sufficient operating profits, our ability to make required payments on our debt would be impaired. Failure to pay our indebtedness when due could have a material adverse effect.

### Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

During the three months ended **June 30, 2024** **September 30, 2024**, we repurchased **371,847** **70,000** shares from existing shareholders, as reflected in the table below.

**4447**

#### Issuer Purchases of Equity Securities

Period(1)	Total Number of Shares Purchased	Average Price Paid per Share	Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs	Approximate Dollar Value of Shares that May Yet be Purchased Under the Plans or Programs (2)
April 2024	133,160	\$ 8.57	133,160	\$ 9,496,129
May 2024	111,032	\$ 8.56	111,032	\$ 8,545,525
June 2024	127,655	\$ 8.99	127,655	\$ 7,398,160
Total	<u><u>371,847</u></u>	<u><u>\$ 8.71</u></u>	<u><u>371,847</u></u>	

Period(1)	Total Number of Shares Purchased	Average Price Paid per Share	Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs	Approximate Dollar Value of Shares that May Yet be Purchased Under the Plans or Programs (2)
July 2024	–	\$ –	–	\$ 6,949,160
August 2024	–	\$ –	–	\$ 6,949,160
September 2024	70,000	\$ 9.85	70,000	\$ 6,259,660
Total	<u><u>70,000</u></u>	<u><u>\$ 9.85</u></u>	<u><u>70,000</u></u>	

(1) Each monthly period is the calendar month.

(2) In April 2024, our board of directors authorized the purchase of an additional \$10 million of our common stock. Through **June 30, 2024** **September 30, 2024**, our board of directors had authorized the purchase of up to \$113.2 million of our outstanding securities, under a program first announced in our annual report for the year 2002, filed on June 26, 2003. All purchases described in the table above were under the program announced in June 2003, which has no fixed expiration date.

#### Item 5. Other Information

During the quarter ended **June 30, 2024** **September 30, 2024**, no director or officer adopted or terminated any Rule 10b5-1 trading arrangement or non-Rule 10b5-1 trading arrangement, as each term is defined in Item 408(a) of Regulation S-K.

#### Item 6. Exhibits

The Exhibits listed below are filed with this report.

4.14	Instrument defining the rights of holders of long-term debt of certain consolidated subsidiaries of the registrant are omitted pursuant to the exclusion set forth in subdivisions (b)(iv)(iii)(A) and (b)(v) of Item 601 of Regulation S-K (17 CFR 229.601). The registrant agrees to provide copies of such instruments to the United States Securities and Exchange Commission upon request.

## CERTIFICATION

I, Charles E. Bradley, Jr., certify that:

1. I have reviewed this quarterly report on Form 10-Q for the quarterly period ended **June 30, 2024** September 30, 2024 of Consumer Portfolio Services, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the period presented in this report;
4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
  - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
  - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
  - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
  - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

## CERTIFICATION

I, Denesh Bharwani, certify that:

1. I have reviewed this quarterly report on Form 10-Q for the quarterly period ended **June 30, 2024** **September 30, 2024** of Consumer Portfolio Services, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the period presented in this report;
4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
  - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
  - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
  - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
  - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

Exhibit 32

**Certification Pursuant To  
18 U.S.C. Section 1350,  
As Adopted Pursuant To  
Section 906 of The Sarbanes-Oxley Act Of 2002**

In connection with the Quarterly Report on Form 10-Q of Consumer Portfolio Services, Inc. (the "Company") for the quarterly period ended **June 30, 2024** **September 30, 2024**, as filed with the Securities and Exchange Commission on the date hereof (the "Report"), Charles E. Bradley, Jr., as Chief Executive Officer of the Company, and Denesh Bharwani, as Chief Financial Officer of the Company, each hereby certifies, pursuant to 18 U.S.C. §1350, as adopted pursuant to §906 of the Sarbanes-Oxley Act of 2002, that:

- (1) The Report fully complies with the requirements of Section 13(a) or 15(d) of the Securities Exchange Act of 1934; and
- (2) The information contained in the Report fairly presents, in all material respects, the financial condition and results of operations of the Company.
