PPG INDUSTRIES INC.

(Exact name of registrant as specified in its charter)

25-0730780

(I.R.S. Employer Identification No.)

Pennsylvania

(State or Other Jurisdiction of Incorporation or Organization)

One PPG Place, Pittsburgh, Pennsylvania

(Address of Principal Executive Offices)

15272

(Zip Code)

(412) 434-3131

(Registrant's Telephone Number, Including Area Code)

Not Applicable

(Former Name, Former Address and Former Fiscal Year, if Changed Since Last Report)

Securities registered pursuant to Section 12(b) of the Act:

<u>Title of each class</u>	<u>Trading Symbol(s)</u>	<u>Name of each exchange on which registered</u>
Common Stock, par value \$1.66 ^{2/3}	PPG	New York Stock Exchange
0.875% Notes due 2025	PPG 25	New York Stock Exchange
1.875% Notes due 2025	PPG 25A	New York Stock Exchange
1.400% Notes due 2027	PPG 27	New York Stock Exchange
2.750% Notes due 2029	PPG 29A	New York Stock Exchange

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes ☒ No ☐

Indicate by check mark whether the registrant has submitted electronically every Interactive Data File required to be submitted pursuant to Rule 405 of Regulation S-T (§ 232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit such files). Yes ☒ No ☐

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, smaller reporting company, or an emerging growth company. See the definitions of "large accelerated filer," "accelerated filer," "smaller reporting company," and "emerging growth company" in Rule 12b-2 of the Exchange Act.

Large Accelerated Filer	<input checked="" type="checkbox"/>	Accelerated Filer	<input type="checkbox"/>
Non-accelerated Filer	<input type="checkbox"/>	Smaller Reporting Company	<input type="checkbox"/>
		Emerging Growth Company	<input type="checkbox"/>

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act. ☐

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Act). Yes ☐ No ☒

As of **September 30, 2023** **March 31, 2024**, **235.8 million** **234.5 million** shares of the Registrant's common stock, par value \$1.66 ^{2/3} per share, were outstanding.

The accompanying notes to the condensed consolidated financial statements are an integral part of this condensed consolidated statement.

PPG INDUSTRIES, INC. AND SUBSIDIARIES

Notes to Condensed Consolidated Financial Statements (Unaudited)

1. Basis of Presentation

The condensed consolidated financial statements included herein are unaudited and have been prepared following the requirements of the Securities and Exchange Commission (the "SEC") and accounting principles generally accepted in the United States of America ("U.S. GAAP") for interim reporting. Under these rules, certain footnotes and other financial information that are normally required for annual financial statements can be condensed or omitted. These statements include all adjustments, consisting only of normal, recurring adjustments, necessary for a fair presentation of the financial position and shareholders' equity of PPG as of September 30, 2023, March 31, 2024 and the results of its operations for the three and nine months ended September 30, 2023 and 2022 and cash flows for the nine three months ended September 30, 2023 March 31, 2024 and 2022, 2023. All intercompany balances and transactions have been eliminated. Material subsequent events are evaluated through the report issuance date and disclosed where applicable. These condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and notes included in PPG's 2022 2023 Annual Report on Form 10-K (the "2022 2023 Form 10-K").

Net sales, expenses, assets and liabilities can vary during each quarter of the year. Accordingly, the results of operations for the three and nine months ended September 30, 2023 March 31, 2024 and the trends in these unaudited condensed consolidated financial statements may not necessarily be indicative of the results to be expected for the full year.

Certain prior period amounts have been reclassified to conform to the current period presentation. These reclassifications had no impact on our previously reported Net income, total assets, cash flows or shareholders' equity.

2. New Accounting Standards

Recently Adopted Accounting Standards Adopted in 2023

Effective January 1, 2023 January 1, 2024, PPG adopted Accounting Standards Update ("ASU") No. 2022-04, "Liabilities 2023-02, "Investment - Supplier Finance Programs. Equity Method and Joint Ventures (Topic 323): Accounting for Investments in Tax Credit Structures Using the Proportional Amortization Method." This ASU is intended permits reporting entities to enhance elect to account for tax equity investments under the transparency surrounding the use of supplier finance programs. The guidance does not affect the recognition, measurement, or financial statement presentation of obligations covered by supplier finance programs.

PPG has certain voluntary supply chain finance programs with financial intermediaries which provide participating suppliers the option to be paid by the intermediary earlier than the original invoice due date. PPG's responsibility is limited to making payments on the terms originally negotiated with the suppliers, proportional amortization method, regardless of whether the intermediary pays tax credit program from which the supplier in advance income tax credits are received, if certain conditions are met. Adoption of the original due date. The range this ASU did not have a material impact on PPG's consolidated financial position, results of payment terms PPG negotiates with suppliers are consistent, regardless of whether a supplier participates in a supply chain finance program. The total amount due to financial intermediaries to settle supplier invoices under supply chain finance programs was \$208 million and \$390 million as of September 30, 2023 and December 31, 2022, respectively. These amounts are included within Accounts payable and accrued liabilities on the accompanying condensed consolidated balance sheet, operations or cash flows.

Recently Issued Accounting Standards

There were no accounting pronouncements promulgated prior In November 2023, the Financial Accounting Standards Board ("FASB") issued ASU No. 2023-07 "Improvements to September 30, 2023 Reportable Segment Disclosures (Topic 280)". This ASU updates current reportable segment disclosure requirements to require disclosures of significant reportable segment expenses that are regularly provided to the Chief Operating Decision Maker ("CODM") and included within each reported measure of a segment's profit or loss. This ASU also requires disclosure of the title and position of the individual identified as the CODM and an explanation of how the CODM uses the reported measures of a segment's profit or loss in assessing segment performance and deciding how to allocate resources. This ASU will be effective for the annual period ending December 31, 2024. Adoption of this ASU will result in additional disclosure, but it will not impact PPG's consolidated financial position, results of operations or cash flows.

In December 2023, the FASB issued ASU No. 2023-09 "Improvements to Income Tax Disclosures (Topic 740)". This ASU updates current income tax disclosure requirements to require disclosures of specific categories of information within the effective until a future date which are expected to have a material tax rate reconciliation, as well as disclosure of income taxes paid disaggregated by jurisdiction. This ASU will be effective for the annual period ending December 31, 2025. Adoption of this ASU will result in additional disclosure, but it will not impact on PPG's PPG's consolidated financial position, results of operations or cash flows.

3. Inventories

		September	December		
(\$ in millions)	(\$ in millions)	30, 2023	31, 2022	(\$ in millions)	March 31, 2024
Finished products	Finished products	\$1,201	\$1,209		
Work in process	Work in process	256	238		
Raw materials	Raw materials	710	784		
Supplies	Supplies	50	41		
Total Inventories	Total Inventories	\$2,217	\$2,272		
					December 31, 2023

Most U.S. inventories are valued using the last-in, first-out method. These inventories represented approximately 16% and 21%20% of total inventories at September 30, 2023 March 31, 2024 and December 31, 2022 December 31, 2023, respectively. If the first-in, first-out ("FIFO") method of inventory valuation had been used, inventories would have been \$262 million \$252 million and \$272 million \$249 million higher as of September 30, 2023 March 31, 2024 and December 31, 2022 December 31, 2023, respectively.

4. Goodwill and Other Identifiable Intangible Assets

The Company tests indefinite-lived intangible assets and goodwill for impairment by performing either a qualitative evaluation or a quantitative test at least annually, or more frequently if an indication of impairment arises. The qualitative evaluation is an assessment of factors to determine whether it is more likely than not that the fair value of a reporting unit or asset is less than its carrying amount.

The Company did not identify an indication of goodwill impairment for any of its reporting units or an indication of impairment of any of its indefinite-lived intangible assets during the nine months quarter ended September 30, 2023 March 31, 2024.

The change in the carrying amount of goodwill attributable to each reportable segment for the nine three months ended September 30, 2023 March 31, 2024 was as follows:

(\$ in millions)	Performance Industrial			(\$ in millions)	Performance Industrial		Total
	Coatings	Coatings	Total		Coatings	Coatings	
January 1, 2023	\$4,881	\$1,197	\$6,078				
January 1, 2024							
Acquisitions, including purchase accounting adjustments	Acquisitions, including purchase accounting adjustments	125	11	136			
Foreign currency impact	Foreign currency impact	(16)	(17)	(33)			
September 30, 2023	\$4,990	\$1,191	\$6,181				
Foreign currency impact							
Foreign currency impact							
March 31, 2024							

As of both March 31, 2024 and December 31, 2023, accumulated goodwill impairment losses totaled \$158 million.

A summary of the carrying value of the Company's identifiable intangible assets is as follows:

		September 30, 2023			December 31, 2022				March 31, 2024				December 31, 2023			
		Gross Carrying Amount			Gross Accumulated Amortization				Gross Carrying Amount				Gross Carrying Amount			
(\$ in millions)	(\$ in millions)	Amount	Amortization	Net	Amount	Amortization	Net	(\$ in millions)	Amount	Amortization	Net	Amount	Amortization	Net	Amount	
Indefinite-Lived Identifiable Intangible Assets																
Trademarks	Trademarks	\$1,405	\$—	\$1,405	\$1,325	\$—	\$1,325									
Definite-Lived Identifiable Intangible Assets																
Acquired technology	Acquired technology	\$839	(\$664)	\$175	\$827	(\$636)	\$191									
Customer-related	Customer-related	1,882	(1,190)	692	1,855	(1,112)	743									
Trade names	Trade names	313	(171)	142	311	(158)	153									
Other	Other	49	(47)	2	50	(48)	2									
Total Definite-Lived Intangible Assets	Total Definite-Lived Intangible Assets	\$3,083	(\$2,072)	\$1,011	\$3,043	(\$1,954)	\$1,089									
Total Identifiable Intangible Assets	Total Identifiable Intangible Assets	\$4,488	(\$2,072)	\$2,416	\$4,368	(\$1,954)	\$2,414									

The Company's identifiable intangible assets with definite lives are being amortized over their estimated useful lives.

As of September 30, 2023 March 31, 2024, estimated future amortization expense of identifiable intangible assets is as follows:

(\$ in millions)	(\$ in millions)	Future Amortization		(\$ in millions)	Future Amortization Expense
		Expense	Expense		
Remaining three months of 2023		\$30			
2024		\$132			

Remaining		
nine		
months of		
2024		
2025	2025	\$120
2026	2026	\$98
2027	2027	\$90
2028	2028	\$78
2029		
Thereafter	Thereafter	\$463

5. Business Restructuring

The Company records restructuring liabilities that represent charges incurred in connection with consolidations of certain operations, including both operations from acquisitions and headcount reduction programs. These charges consist primarily of severance costs and certain other cash costs. As a result of these programs, the Company also incurs incremental non-cash accelerated depreciation expense for certain assets due to their reduced expected useful life. These charges are not allocated to the Company's reportable business segments. Refer to Note 16, 15, "Reportable Business Segment Information" for additional information.

The following table summarizes restructuring reserve activity for the nine three months ended September 30, 2023 March 31, 2024 and 2022: 2023:

		Total Reserve			
		Total Reserve		Total Reserve	
(\$ in millions)	(\$ in millions)	2023	2022	2024	2023
January 1	January 1	\$169	\$231		
Approved restructuring actions		12	84		
Release of prior reserves and other adjustments ^(a)					
Release of prior reserves and other adjustments ^(a)					
Release of prior reserves and other adjustments ^(a)	Release of prior reserves and other adjustments ^(a)	(16)	(48)		
Cash payments	Cash payments	(44)	(63)		
Foreign currency impact	Foreign currency impact	(2)	(23)		
September 30		\$119	\$181		
March 31					

(a) Certain releases were recorded to reflect the current estimate of costs to complete planned business restructuring actions.

The majority of the approved business restructuring actions and associated cash outlays are expected to be completed in 2023 and 2024.

6. Borrowings

Credit Agreements

In April 2023, PPG entered into a €500 million term loan credit agreement (the "Term Loan"). The Term Loan provides the Company with the ability to increase the size of the loan by an amount not to exceed €250 million. The Term Loan contains covenants that are consistent with those in the Credit Agreement discussed below and that are usual and customary restrictive covenants for facilities of its type, which include, with specified exceptions, limitations on the Company's ability to create liens or other encumbrances, to enter into sale and leaseback transactions and to enter into consolidations, mergers or transfers of all or substantially all of its assets. The Term Loan terminates and all amounts outstanding are payable in April 2026. In April 2023, PPG borrowed €500 million under the Term Loan. In December 2023, PPG obtained lender commitments sufficient to increase

the size of the Term Loan by €250 million. In January 2024, PPG borrowed the additional €250 million. The Term Loan is denominated in euro and has been designated as a hedge of the net investment in the Company's European operations. For more information, refer to Note 12.11 "Financial Instruments, Hedging Activities and Fair Value Measurements."

In February 2021, PPG entered into a \$2.0 billion term loan credit agreement (the "Term Loan Credit Agreement") to finance the Company's acquisition of Tikkurila, and to pay fees, costs and expenses related thereto. The Term Loan Credit Agreement provided the Company with the ability to borrow up to an aggregate principal amount of \$2.0 billion on an unsecured basis. In addition to the amounts borrowed to finance the acquisition of Tikkurila, the Term Loan Credit Agreement allowed the Company to make up to eleven additional borrowings prior to December 31, 2021, to be used for working capital and general corporate purposes. The Term Loan Credit Agreement contains covenants that are consistent with those in the Credit Agreement discussed below and that are usual and customary restrictive covenants for facilities of its type, which include, with specified exceptions, limitations on the Company's ability to create liens or other encumbrances, to enter into sale and leaseback transactions and to enter into consolidations, mergers or transfers of all or substantially all of its assets. The Term Loan Credit Agreement matures and all outstanding borrowings are due and payable on the third anniversary of the date of the initial borrowing under the Agreement. In March 2023, PPG amended the Term Loan Credit Agreement to replace the LIBOR-based reference interest rate option with a reference interest rate option based upon Term Secured Overnight Financing Rate ("SOFR"). The other terms of the Term Loan Credit Agreement remain unchanged. In June 2021, PPG borrowed \$700 million under the Term Loan Credit Agreement to finance the Company's acquisition of Tikkurila, and to pay fees, costs and expenses related thereto. In December 2021, PPG borrowed an additional \$700 million under the Term Loan Credit Agreement. In 2022 and 2023, PPG repaid \$300 million and \$800 million, respectively, of the Term Loan Credit Agreement using cash on hand. Borrowings of \$300 million and \$1.1 billion were outstanding under the Term Loan Credit Agreement as of September 30, 2023 and December 31, 2022, respectively.

In March 2023, PPG amended its five-year credit agreement (the "Credit Agreement") dated as of August 30, 2019. The amendments to the Credit Agreement replace the LIBOR-based reference interest rate option with a reference interest rate option based upon Term SOFR. The other terms of the Credit Agreement remain unchanged. In July 2023, PPG amended and restated the Credit Agreement, extending the term through July 27, 2028. The amended and restated Credit Agreement provides for a \$2.3 billion unsecured revolving credit facility. The Company has the ability to increase the size of the Credit Agreement by up to an additional \$750 million, subject to the receipt of lender commitments and other conditions precedent. The Company has the right, subject to certain conditions set forth in the Credit Agreement, to designate certain subsidiaries of the Company as borrowers under the Credit Agreement. In connection with any such designation, the Company is required to guarantee the obligations of any such subsidiaries under the Credit Agreement. There were no amounts outstanding under the Credit Agreement as of September 30, 2023, March 31, 2024 and December 31, 2022, December 31, 2023.

Borrowings under the Credit Agreement may be made in U.S. Dollars or in euros. The Credit Agreement provides that loans will bear interest at rates based, at the Company's option, on one of two specified base rates plus a margin based on certain formulas defined in the Credit Agreement. Additionally, the Credit Agreement contains a Commitment Fee, as defined in the Credit Agreement, on the amount of unused commitments under the Credit Agreement ranging from 0.060% to 0.125% per annum.

The Term Loan, Term Loan Credit Agreement also supports the Company's commercial paper borrowings which are classified as long-term based on PPG's intent and ability to refinance these borrowings on a long-term basis. There were no commercial paper borrowings outstanding as of both March 31, 2024 and December 31, 2023.

The Credit Agreement requires contains usual and customary restrictive covenants for facilities of its type, which include, with specified exceptions, limitations on the Company's ability to create liens or other encumbrances, to enter into sale and leaseback transactions and to enter into consolidations, mergers or transfers of all or substantially all of its assets. The Credit Agreement also requires the Company to maintain a ratio of Total Indebtedness to Total Capitalization, as defined in the Term Loan, Term Loan Credit Agreement and Credit Agreement, of 60% or less; provided, that for any fiscal quarter in which the Company has made an acquisition for consideration in excess of \$1 billion and for the next five fiscal quarters thereafter, the ratio of Total Indebtedness to Total Capitalization may not exceed 65% at any time. As of September 30, 2023, March 31, 2024, Total Indebtedness to Total Capitalization as defined under the Term Loan, Term Loan Credit Agreement and Credit Agreement was 43%.

The Credit Agreement also supports contains, among other things, customary events of default that would permit the Company's commercial paper borrowings which are classified as long-term based on PPG's intent lenders to accelerate the loans, including the failure to make timely payments when due under the Credit Agreement or other material indebtedness, the failure to satisfy covenants contained in the Credit Agreement, a change in control of the Company and ability to refinance these borrowings on a long-term basis. There were no commercial paper borrowings outstanding as specified events of September 30, 2023 bankruptcy and December 31, 2022.

As of September 30, 2023, PPG was in full compliance with the restrictive covenants under its various credit agreements, loan agreements and indentures. insolvency.

Other Long-term Debt Issued and Repaid Activities

In March 2023, PPG's \$300 million 3.2% notes matured, and the Company repaid this obligation using cash on hand.

In May 2022, PPG completed a public offering of €300 million 1.875% Notes due 2025 and €700 million 2.750% Notes due 2029. These notes were issued pursuant to PPG's existing shelf registration statement and pursuant to an indenture between the Company and The Bank of New York Mellon Trust Company, N.A., as trustee, as supplemented (the "2022 Indenture"). The 2022 Indenture governing these notes contains covenants that limit the Company's ability to, among other things, incur certain liens securing indebtedness, engage in certain sale-leaseback transactions, and enter into certain consolidations, mergers, conveyances, transfers or leases of all or substantially all the Company's assets. The terms of these notes also require the Company to make an offer to repurchase Notes upon a Change of Control Triggering Event (as defined in the 2022 Indenture) at a price equal to 101% of their principal amount plus accrued and unpaid interest. The Company may issue additional debt from time to time pursuant to the Indenture. The aggregate cash proceeds from the notes, net of discounts and fees, were \$1,061 million. The notes are denominated in euro and have been designated as hedges of net investments in the Company's European operations. For more information, refer to Note 12.11 "Financial Instruments, Hedging Activities and Fair Value Measurements." for additional information.

In March 2022, PPG privately placed a 15-year €50 million 1.95% fixed interest note. This note contains covenants materially consistent with the 1.875% Notes notes discussed above. This debt arrangement is denominated in euros and has been designated as a net investment hedge of the Company's European operations. Refer to Note 12.11 "Financial Instruments, Hedging Activities and Fair Value Measurements" for additional information.

In February 2021, PPG entered into a \$2.0 billion Term Loan Credit Agreement (the "Term Loan Credit Agreement") to finance the Company's acquisition of Tikkurila, and to pay fees, costs and expenses related thereto. The Term Loan Credit Agreement provided the Company with the ability to borrow up to an aggregate principal amount of \$2.0 billion on an unsecured basis. In addition to the amounts borrowed to finance the acquisition of Tikkurila, the Term Loan Credit Agreement allowed the Company to make up to eleven additional borrowings prior to December 31, 2021, to be used for working capital and general corporate purposes. The Term Loan Credit Agreement contains covenants that are consistent with those in the Credit Agreement discussed above and that are usual and customary restrictive covenants for facilities of its type, which include, with specified exceptions, limitations on the Company's ability to create liens or other encumbrances, to enter into sale and leaseback transactions and to enter into consolidations, mergers or transfers of all or substantially all of its assets. The Term Loan Credit Agreement matures and all outstanding borrowings are due and payable on the third anniversary of the date of

the initial borrowing under the Agreement. In June 2021, PPG borrowed \$700 million under Term Loan Credit Agreement to finance the Company's acquisition of Tikkurila, and to pay fees, costs and expenses related thereto. In December 2021, PPG borrowed an additional \$700 million under the Term Loan Credit Agreement. In 2022 and 2023, PPG repaid \$300 million and \$1.1 billion, respectively, of the Term Loan Credit Agreement using cash on hand. The Term Loan Credit Agreement was fully repaid as of December 31, 2023.

Restrictive Covenants and Cross-Default Provisions

As of March 31, 2024, PPG was in full compliance with the restrictive covenants under its various credit agreements, loan agreements and indentures.

Additionally, the Company's Credit Agreement contains customary cross-default provisions. These provisions provide that a default on a debt service payment of \$100 million or more for longer than the grace period provided under another agreement may result in an event of default under this agreement. None of the Company's primary debt obligations are secured or guaranteed by the Company's affiliates.

Letters of Credit and Surety Bonds

The Company had outstanding letters of credit and surety bonds of \$235 million \$229 million and \$232 million as of September 30, 2023 March 31, 2024 and December 31, 2023.

7. Impairment and Other Related Charges, Net

In the first quarter 2022, Russian military forces invaded Ukraine. This military action had significant and immediate adverse economic impacts on businesses operating in Russia and Ukraine. Based on deteriorating business conditions and regulatory restrictions, including the impact of economic sanctions imposed on Russia by the United States, the European Union and other governments, PPG immediately ceased sales to Russian state-owned entities, announced that the Company would cease all new investments in Russia and commenced actions to wind down most of the Company's operations in Russia.

Based on this change in facts and circumstances, the long-term cash flow forecast for the Company's operations in Russia was significantly reduced. This reduction in the long-term cash flow forecast indicated that the carrying amounts of long-lived assets and certain indefinite-lived intangible assets associated with the Company's operations in Russia may not be recoverable, and the carrying value of these assets was tested for impairment. Additionally, the Company evaluated trade receivables for estimated future credit losses, inventories for declines in net realizable value and other current assets for impairment in light of the deteriorating economic conditions in Russia and Ukraine. As a result, during the three months ended March 31, 2022, the Company recognized \$290 million of Impairment and other related (income)/charges, net in the condensed consolidated statement of income, comprised of \$201 million of long-lived asset impairment charges and \$89 million of other related charges.

The \$201 million of long-lived asset impairment charges recorded during first quarter 2022 was comprised of \$124 million related to indefinite-lived intangible assets, \$54 million related to property, plant and equipment, net and \$23 million related to definite-lived intangible assets. The \$89 million of other related charges represented reserves established for receivables and other current assets and the write-down of inventories impacted by the adverse economic consequences of the Russian invasion of Ukraine.

In the second quarter 2022, the Company released a portion of the previously established reserves due to the collection of certain trade receivables and recorded recoveries due to the realization of certain previously written-down inventories, resulting in recognition of income of \$60 million within Impairment and other related (income)/charges, net.

The Company divested its legacy industrial Russian operations during the third quarter 2023 and continues to explore various options to complete its exit from Russia, including a possible sale of its remaining Russia business or controlled withdrawal from the Russia market.

During the three and nine months ended September 30, 2023 and the twelve months ended December 31, 2022, net sales in Russia represented approximately 1% of PPG net sales.

8. Earnings Per Common Share

The effect of dilutive securities on the weighted average common shares outstanding included in the calculation of earnings per diluted common share for the three and nine months ended September 30, 2023 March 31, 2024 and 2022 was 2023 were as follows:

		Three Months Ended September 30		Nine Months Ended September 30	
(number of shares in millions)	(number of shares in millions)	2023	2022	2023	2022
(number of shares in millions)

(a) Excluded from the computation of earnings per diluted share due to their antidilutive effect. Effect were 0.4 million and 1.2 million outstanding stock options for the three months ended March 31, 2024 and 2023, respectively.

9.8. Income Taxes

	Nine Months Ended September 30	
	2023	2022
Effective tax rate on pretax income	22.5 %	23.7 %
The effective tax rate of 23.7% for the nine months ended September 30, 2022 reflected a tax benefit of \$27 million on the \$230 million net charges associated with PPG's operations in Russia.		
	Three Months Ended March 31	
	2024	2023
Effective tax rate on pretax income	24.0 %	22.7 %

Income tax expense for the nine three months ended September 30, 2023 March 31, 2024 and 2022 2023 is based on an estimated annual effective rate, which requires management to make its best estimate of annual pretax income or loss. During the year, PPG management regularly updates forecasted annual pretax results for the various countries in which PPG operates based on changes in factors such as prices, shipments, product mix, raw material inflation and manufacturing operations. To the extent that actual 2023 2024 pretax results for U.S. and foreign income or loss vary from estimates, the actual Income tax expense recognized in 2023 2024 could be different from the forecasted amount used to estimate Income tax expense for the nine three months ended September 30, 2023 March 31, 2024.

10.9. Pensions and Other Postretirement Benefits

In March 2023, the Company purchased group annuity contracts that transferred to third-party insurance companies pension benefit obligations for certain of the Company's retirees in the U.S. who were receiving their monthly retirement benefit payments from the U.S. pension plan. The amount of each affected retiree's annuity payment is equal to the amount of such individual's pension benefit. The purchase of group annuity contracts was funded directly by the assets of the U.S. plans. By transferring the obligations and assets to the insurance companies, the Company reduced its overall pension projected benefit obligation by \$309 million and recognized a non-cash Pension settlement charge of \$190 million.

The service cost component of net periodic pension benefit cost/(income) and other postretirement benefit cost is included in Cost of sales, exclusive of depreciation and amortization, Selling, general and administrative, and Research and development, net in the accompanying condensed consolidated statement of income. Except for the Pension settlement charge in the quarter ended March 31, 2023, all other components of net periodic benefit cost are recorded in Other charges/(income), income, net in the accompanying condensed consolidated statement of income.

Net periodic pension benefit cost/(income) cost and other postretirement benefit cost for the three and nine months ended September 30, 2023 March 31, 2024 and 2022 were 2023 was as follows:

Net periodic benefit cost	Net periodic benefit cost	\$6	\$6	\$17	\$19
Net periodic benefit cost					
Net periodic benefit cost					

Net periodic pension cost was **higher/lower** for **both** the three and nine months ended **September 30, 2023** **March 31, 2024** compared to **2022, 2023**, primarily due the Pension settlement charge recognized in the first quarter 2023 and higher interest cost driven by an increase in discount rates. In addition, declines in the market value of pension investments during 2022 resulted in a lower asset base to generate returns on plan assets in 2023.

PPG expects **2023 2024** full year net periodic pension **cost expense** of approximately **\$220 \$26** million which includes the impact of the \$190 million Pension settlement charge recognized during the first quarter 2023. PPG expects 2023 full year **and** net periodic other postretirement **benefit cost expense** of approximately **\$25 \$22** million.

March 31	

(\$ in millions)	2024	2023
Non-U.S. defined benefit pension mandatory contributions	\$1	\$1

PPG does not expect to be required to make significant mandatory contributions to its defined benefit pension plans during the remaining **three nine** months of **2023, 2024**. In addition to any mandatory contributions, PPG may elect to make voluntary contributions to its defined benefit pension plans in **2023 2024** and beyond.

(a) The tax cost related to unrealized foreign currency translation adjustments on net investment hedges was **\$85 \$68** million and **\$96 \$64** million as of **September 30, 2023 March 31, 2024** and **2022, 2023**, respectively.

(b) The tax (benefit)/cost benefit related to the adjustment for pension and other postretirement benefits was **\$(47) million \$1 million** and **\$6 \$46** million for the **nine three** months ended **September 30, 2023 March 31, 2024** and **2022, 2023**, respectively. Reclassifications from AOCL are included in the computation of net periodic benefit cost (See Note **10, 9**, "Pensions and Other Postretirement Benefits").

12.11. Financial Instruments, Hedging Activities and Fair Value Measurements

Financial instruments include cash and cash equivalents, short-term investments, cash held in escrow, marketable equity securities, accounts receivable, company-owned life insurance, accounts payable, short-term and long-term debt instruments, and derivatives. The fair values of these financial instruments approximated their carrying values at **September 30, 2023 March 31, 2024** and **December 31, 2022 December 31, 2023**, in the aggregate, except for long-term debt instruments.

Hedging Activities

The Company has exposure to market risk from changes in foreign currency exchange rates and interest rates. As a result, financial instruments, including derivatives, have been used to hedge a portion of these underlying economic exposures. Certain of these instruments may qualify as fair value, cash flow, and net investment hedges upon meeting the requisite criteria, including effectiveness of offsetting hedged or underlying exposures. Changes in the fair value of derivatives that do not qualify for hedge accounting are recognized in Income before income taxes in the period incurred.

Fair Value Measurements

The Company follows a fair value measurement hierarchy to measure its assets and liabilities. As of **September 30, 2023**, **March 31, 2024** and **December 31, 2022**, the assets and liabilities measured at fair value on a recurring basis were cash equivalents, equity securities and derivatives. In addition, the Company measures its pension plan assets at fair value (see Note 14, "Employee Benefit Plans" under Item 8 in the **2022** Form 10-K for further details). The Company's financial assets and liabilities are measured using inputs from the following three levels:

Level 1 inputs are quoted prices in active markets for identical assets and liabilities that the Company has the ability to access at the measurement date. Level 1 inputs are considered to be the most reliable evidence of fair value as they are based on unadjusted quoted market prices from various financial information service providers and securities exchanges.

Level 2 inputs are directly or indirectly observable prices that are not quoted on active exchanges, which include quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability and inputs that are derived principally from or corroborated by observable market data by correlation or other means. The fair values of the derivative instruments reflect the instruments' contractual terms, including the period to maturity, and uses observable market-based inputs, including forward curves.

Level 3 inputs are unobservable inputs employed for measuring the fair value of assets or liabilities. The Company did not have any recurring financial assets or liabilities recorded in its condensed consolidated balance sheet as of **September 30, 2023**, **March 31, 2024** and **December 31, 2022** that were measured using Level 3 inputs.

(b) Excludes finance lease obligations of \$10 million \$8 million and short-term borrowings of \$10 million \$4 million as of December 31, 2022 December 31, 2023.

The fair values of the debt instruments were measured using Level 2 inputs, including discounted cash flows and interest rates then currently available to the Company for instruments of the same remaining maturities.

13.12. Stock-Based Compensation

The Company's stock-based compensation includes stock options, restricted stock units ("RSUs") and grants of contingent shares that are earned based on achieving targeted levels of total shareholder return ("TSR"). All current grants of stock options, RSUs and contingent shares are made under the PPG Industries, Inc. Amended and Restated Omnibus Incentive Plan ("PPG Amended Omnibus Plan"), which was amended and restated effective April 21, 2016.

Stock-based compensation expense and the associated income tax benefit recognized during the three and nine months ended September 30, 2023 and 2022 were as follows:

(\$ in millions)	Three Months Ended	
	March 31	
	2024	2023

Stock-based compensation expense	\$12	\$17
Income tax benefit recognized	\$2	\$4

(\$ in millions)	Three Months Ended September 30		Nine Months Ended September 30	
	2023	2022	2023	2022
Stock-based compensation expense	\$8	\$9	\$42	\$27
Income tax benefit recognized	\$2	\$2	\$9	\$6

Grants of stock-based compensation during the **nine** three months ended **September 30, 2023** **March 31, 2024** and **2022** 2023 were as follows:

		Nine Months Ended September 30			
		2023		2022	
		Fair Shares	Value	Fair Shares	Value
		Three Months Ended March 31		Three Months Ended March 31	
		2024		2024	
		Shares	Fair Value	Shares	Fair Value
Stock options	Stock options	410,001	\$38.55	487,277	\$36.52
Restricted stock units	Restricted stock units	289,573	\$125.79	223,729	\$141.50
Contingent shares (a)	Contingent shares (a)	52,389	\$129.03	57,134	\$151.87

(a) The number of contingent shares represents the target value of the award.

Stock options are generally exercisable 36 months after being granted and have a maximum term of 10 years. Compensation expense for stock options is recorded over the vesting period based on the fair value on the date of grant. The fair value of the stock options granted during the **nine** three months ended **September 30, 2023** **March 31, 2024** was calculated with the following weighted average assumptions:

Weighted average exercise price	\$ 130.08 142.65
Risk-free interest rate	3.9 4.3 %
Expected life of option in years	6.5
Expected dividend yield	1.7 %
Expected volatility	27.8 28.4 %

The risk-free interest rate is determined by using the U.S. Treasury yield curve at the date of the grant and using a maturity equal to the expected life of the option. The expected life of options is calculated using the average of the vesting term and the maximum term, as prescribed by accounting guidance on the use of the simplified method for determining the expected term of an employee share option. The expected dividend yield and volatility are based on historical stock prices and dividend amounts over past time periods equal in length to the expected life of the options.

Time-based RSUs generally vest over the three-year period following the date of grant, unless forfeited, and will be paid out in the form of stock, cash or a combination of both at the Company's discretion at the end of the vesting period. Performance-based RSUs vest based on achieving specific annual performance targets for adjusted earnings per **diluted** share growth and cash flow return on capital over the three calendar year-end periods following the date of grant. Unless forfeited, the performance-based RSUs will be paid out in the form of stock, cash or a combination of both at the Company's discretion at the end of the three-year performance period if PPG meets the performance targets.

The amount paid upon vesting of performance-based RSUs may range from 0% to 200% of the original grant, based upon the level of adjusted earnings per share growth achieved and frequency with which the annual cash flow return on capital performance target is met over the three calendar year periods comprising the vesting period. Performance against the earnings per share growth and the cash flow return on capital target is calculated annually, and the annual payout for each goal is weighted equally over the three-year period.

The Company also provides grants of contingent shares to selected key executives that may be earned based on PPG's TSR over the three-year period following the date of grant. Contingent share grants (referred to as "TSR awards") are made annually and are paid out at the end of each three-year period based on the Company's stock performance. Performance is measured by determining the percentile rank of the **TSR total shareholder return** of PPG common stock in relation to the TSR of the S&P 500 Index for the three-

year period following the date of grant. This comparison group represents the entire S&P 500 Index as it existed at the beginning of the performance period, excluding any companies that were removed from the index because they ceased to be publicly traded. The payment of awards following the three-year award period is based on performance achieved in accordance with the scale set forth in the plan agreement and may range from 0% to 200% of the initial grant. A payout of 100% is earned if target performance is achieved. Contingent share awards earn dividend equivalents for the award period, which are paid to participants or credited to the participants' deferred compensation plan accounts with the award payout at the end of the period based on the actual number of contingent shares that are earned. Any payments made at the end of the award period may be in the form of stock, cash or a combination of both. The TSR awards are classified as liability awards, and compensation expense is recognized over the three-year award period based on the fair value of the awards (giving consideration to the Company's percentile rank of TSR) remeasured in each reporting period until settlement of the awards.

14.13. Commitments and Contingent Liabilities

PPG is involved in a number of lawsuits and claims, both actual and potential, including some that it has asserted against others, in which substantial monetary damages are sought. These lawsuits and claims may relate to contract, patent, environmental, product liability, antitrust, employment and other matters arising out of the conduct of PPG's current and past business activities. To the extent that these lawsuits and claims involve personal injury, property damage and certain other claims, PPG believes it has adequate insurance; however, certain of PPG's insurers are contesting coverage with respect to some of these claims, and other certain insurers may contest coverage with respect to some of the claims in the future. PPG's lawsuits and claims against others include claims against insurers and other third parties with respect to actual and contingent losses related to environmental, asbestos and other matters.

The results of any current or future litigation and claims are inherently unpredictable. However, management believes that, in the aggregate, the outcome of all lawsuits and claims involving PPG will not have a material effect on PPG's consolidated financial position or liquidity; however, such outcome may be material to the results of operations of any particular period in which costs, if any, are recognized.

Asbestos Matters

As of September 30, 2023 March 31, 2024, the Company was aware of certain asbestos-related claims pending against the Company and certain of its subsidiaries. The Company is defending these asbestos-related claims vigorously. The asbestos-related claims consist of claims against the Company alleging:

- exposure to asbestos or asbestos-containing products manufactured, sold or distributed by the Company or its subsidiaries ("Products Claims");
- personal injury caused by asbestos on premises presently or formerly owned, leased or occupied by the Company ("Premises Claims"); and
- asbestos-related claims against a subsidiary the Company acquired in 2013 ("Subsidiary Claims").

The Company monitors and reviews the activity associated with its asbestos claims and evaluates, on a periodic basis, its estimated liability for such claims and all underlying assumptions to determine whether any adjustment to the reserves for these claims is required. Additionally, as a supplement to its periodic monitoring and review, the Company conducts discussions with counsel and engages valuation consultants to analyze its claims history and estimate the amount of the Company's potential liability for asbestos-related claims. The As of both March 31, 2024 and December 31, 2023, the Company's asbestos-related reserves totaled \$48 million and \$51 million as of September 30, 2023 and December 31, 2022, respectively, million.

The Company believes that, based on presently available information, the total reserves of \$48 million for asbestos-related claims will be sufficient to encompass all of the Company's current and estimable potential future asbestos liabilities. These reserves, which are included within Other liabilities on the accompanying consolidated balance sheets, involve significant management judgment and represent the Company's current best estimate of its liability for these claims.

The amount reserved for asbestos-related claims by its nature is subject to many uncertainties that may change over time, including (i) the ultimate number of claims filed; (ii) whether closed, dismissed or dormant claims are reinstituted, reinstated or revived; (iii) the amounts required to resolve both currently known and future unknown claims; (iv) the amount of insurance, if any, available to cover such claims; (v) the unpredictable aspects of the tort system, including a changing trial docket and the jurisdictions in which trials are scheduled; (vi) the outcome of any trials, including potential judgments or jury verdicts; (vii) the lack of specific information in many cases concerning exposure for which the Company is allegedly responsible, and the claimants' alleged diseases resulting from such exposure; and (viii) potential changes in applicable federal and/or state tort liability law. All of these factors may have a material effect upon future asbestos-related liability estimates. While the ultimate outcome of the Company's asbestos litigation cannot be predicted with certainty, the Company believes that any financial exposure resulting from its asbestos-related claims will not have a material adverse effect on the Company's consolidated financial position, liquidity or results of operations.

Environmental Matters

In management's opinion, the Company operates in an environmentally sound manner and the outcome of the Company's environmental contingencies will not have a material effect on PPG's financial position or liquidity; however, any such outcome may be material to the results of operations of any particular period in which costs, if any, are recognized. Management anticipates that the resolution of the Company's environmental contingencies will occur over an extended period of time.

As remediation at certain environmental sites progresses, PPG continues to refine its assumptions underlying the estimates of the expected future costs of its remediation programs. PPG's ongoing evaluation may result in additional charges against income to adjust the reserves for these sites. In 2023 2024 and 2022, 2023, certain charges have been recorded based on updated estimates to increase existing reserves for these sites. Certain other charges related to environmental remediation actions are expensed as incurred.

As of September 30, 2023 March 31, 2024 and December 31, 2022 December 31, 2023, PPG had reserves for environmental contingencies associated with PPG's former chromium manufacturing plant in Jersey City, New Jersey ("New Jersey Chrome"), glass and chemical manufacturing sites, and for other environmental contingencies, including current manufacturing locations and National Priority List sites. These reserves are reported as Accounts payable and accrued liabilities and Other liabilities in the accompanying condensed consolidated balance sheet.

Environmental Reserves

	(\$ in millions)	September 30, 2023	December 31, 2022	(\$ in millions)	March 31, 2024	December 31, 2023

Cash outlays for environmental remediation activities						

Remediation: New Jersey Chrome

In June 2009, PPG entered into a settlement agreement with the New Jersey Department of Environmental Protection ("NJDEP") and Jersey City, New Jersey (which had asserted claims against PPG for lost tax revenue) which was in the form of a Partial Consent Judgment (the "JCO" "Consent"). Under the JCO, Consent, PPG accepted sole responsibility for the remediation activities at its former chromium manufacturing location in Jersey City and a number of additional surrounding sites. Remediation of the New Jersey Chrome sites requires PPG to remediate soil and groundwater contaminated by hexavalent chromium, as well as perform certain other environmental remediation activities. The most significant assumptions underlying the estimate of remediation costs for all New Jersey Chrome sites relate to the extent and concentration of chromium in the soil.

PPG regularly evaluates the assessments of costs incurred to date versus current progress and the potential cost impacts of the most recent information, including the extent of impacted soils and groundwater, and engineering, administrative and other associated costs. Based on these assessments, the reserve is adjusted accordingly. As of September 30, 2023, March 31, 2024 and December 31, 2022, 2023, PPG's reserve for remediation of all New Jersey Chrome sites was \$48 \$50 million and \$58 \$53 million, respectively. The major cost components of this liability are related to PPG's remedial obligations under the JCO for excavation of impacted soil, as well as long term monitoring, groundwater remediation. These components each account for approximately 70% 65% and 10%, respectively, of the amount accrued at September 30, 2023, March 31, 2024, respectively.

There are multiple, future events yet to occur, including further remedy selection and design, remedy implementation and execution and applicable governmental agency or community organization approvals. Considerable uncertainty exists regarding the timing of these future events for the New Jersey Chrome sites. Further resolution of these events is expected to occur over the next several years. As these events occur and to the extent that the cost estimates of the environmental remediation remedies change, the existing reserve for this environmental remediation matter will continue to be adjusted.

Remediation: Glass, Chemicals and Other Sites

Among other sites at which PPG is managing environmental liabilities, remedial actions are occurring at a chemical manufacturing site in Barberton, Ohio where PPG has completed a Facility Investigation and Corrective Measure Study under the United States Environmental Protection Agency's Resource Conservation and Recovery Act

Corrective Action Program. PPG has also been addressing the impacts from a legacy plate glass manufacturing site in Kokomo, Indiana under the Voluntary Remediation Program of the Indiana Department of Environmental Management and a site associated with a legacy plate glass manufacturing site near Ford City, Pennsylvania under the Pennsylvania Land Recycling Program under the oversight of the Pennsylvania Department of Environmental Protection. PPG is currently performing additional investigation and remedial activities at these locations.

With respect to certain other waste sites, the financial condition of other potentially responsible parties also contributes to the uncertainty of estimating PPG's final costs. Although contributors of waste to sites involving other potentially responsible parties may face governmental agency assertions of joint and several liability, in general, final allocations of costs are made based on the relative contributions of wastes to such sites. PPG is generally not a major contributor to such sites.

Remediation: Reasonably Possible Matters

In addition to the amounts currently reserved for environmental remediation, the Company may be subject to loss contingencies related to environmental matters estimated to be as much as \$100 million to \$200 million. Such unreserved losses are reasonably possible but are not currently considered to be probable of occurrence. These reasonably possible unreserved losses relate to environmental matters at a number of sites, none of which are individually significant. The loss contingencies related to these sites include significant unresolved issues such as the nature and extent of contamination at these sites and the methods that may have to be employed to remediate them.

The impact of evolving programs, such as natural resource damage claims, industrial site re-use initiatives and domestic and international remediation programs, also adds to the present uncertainties with regard to the ultimate resolution of this unreserved exposure to future loss. The Company's assessment of the potential impact of these environmental contingencies is subject to considerable uncertainty due to the complex, ongoing and evolving process of investigation and remediation, if necessary, of such environmental contingencies, and the potential for technological and regulatory developments.

15. 14. Revenue Recognition

The Company recognizes revenue when control of the promised goods or services is transferred to the customer and in amounts that the Company expects to collect. The timing of revenue recognition takes into consideration the various shipping terms applicable to the Company's sales. For most transactions, control passes in accordance with agreed upon delivery terms.

The Company delivers products to company-owned stores, home centers and other regional or national consumer retail outlets, paint dealers, concessionaires and independent distributors, company-owned distribution networks, and directly to manufacturing companies and retail customers. Each product delivered to a third-party customer is considered to satisfy a performance obligation. Performance obligations generally occur at a point in time and are satisfied when control of the goods passes to the customer. The Company is entitled to collection of the sales price under normal credit terms in the regions in which it operates. Accounts receivable are recognized when there is an unconditional right to consideration. Payment terms vary from customer to customer, depending on creditworthiness, prior payment history and other considerations.

The Company also provides services by applying coatings to customers' manufactured parts and assembled products and by providing technical support to certain customers. Performance obligations are satisfied over time as critical milestones are met and as services are provided. PPG is entitled to payment as the services are rendered. For the three and nine months ended September 30, 2023 March 31, 2024 and 2022, 2023, service revenue constituted less than 5% of total revenue.

Net sales by segment and region for the three and nine months ended September 30, 2023 March 31, 2024 and 2022, 2023 were as follows:

	Three Months Ended September 30		Nine Months Ended September 30	
	Three Months Ended March 31

and decorative coatings, adhesives, sealants and finishes, along with paint strippers, stains and related chemicals, pavement marking products, transparencies and transparent armor. armor and paint films.

The Industrial Coatings reportable business segment is comprised of the automotive original equipment manufacturer ("OEM") coatings, industrial coatings, packaging coatings and specialty coatings and materials operating segments. This reportable business segment primarily supplies a variety of protective and decorative coatings and finishes along with adhesives, sealants, metal pretreatment products, optical monomers and coatings, low-friction coatings, paint films, precipitated silicas and other specialty materials.

Reportable business segment net sales and segment income for the three and nine months ended September 30, 2023 March 31, 2024 and 2022 2023 were as follows:

Income before income taxes

(a) Business restructuring-related costs, net include business restructuring charges, offset by releases related to previously approved programs, which are included in Other charges/(income), net on the condensed consolidated statement of income, accelerated depreciation of certain assets, which is included in Depreciation on the condensed consolidated statement of income and other restructuring-related costs, which are included in Cost of sales, exclusive of depreciation and amortization and Selling, general and administrative on the condensed consolidated statement of income.

(b) Portfolio optimization includes advisory, legal, accounting, valuation, other professional or consulting fees and certain internal costs directly incurred to effect acquisitions, as well as similar fees and other costs to effect divestitures and other portfolio optimization exit actions. These costs are included in Selling, general and administrative expense on the condensed consolidated statement of income.

(c) In the first quarter 2023, PPG purchased group annuity contracts that transferred pension benefit obligations for certain of the Company's retirees in the U.S. to third-party insurance companies, resulting in a non-cash pension settlement charge.

(b) Included in business restructuring-related costs, net are business restructuring charges, accelerated depreciation of certain assets and other related costs, offset by releases related to previously approved programs.

(c) Transaction-related costs include losses on the sale of certain assets, which are included in Other charges/(income), net in the condensed consolidated statement of income, including the loss recognized in the third quarter 2023 on the sale of the Company's legacy industrial Russian operations, resulting primarily from the recognition of accumulated foreign currency translation losses upon the divestiture. Transaction-related costs also include advisory, legal, accounting, valuation, other professional or consulting fees, and certain internal costs directly incurred to effect acquisitions, which are included in Selling, general and administrative expense in the condensed consolidated statement of income, and the impact for the step up to fair value of inventory acquired in certain acquisitions, which is included in Cost of sales, exclusive of depreciation and amortization in the condensed consolidated statement of income.

(d) The Company incurred expenses due to damages at a southern U.S. factory resulting from a winter storm in 2020. In the first quarter 2023, the Company received reimbursement under its insurance policies related to the for damages incurred at this a southern U.S. factory due to this storm. from a winter storm in 2020.

(e) In 2022.

16. Supplier Finance Programs

PPG has certain voluntary supply chain finance programs with financial intermediaries which provide participating suppliers the Company recorded impairment and other related charges option to be paid by the intermediary earlier than the original invoice due date. PPG's responsibility is limited to making payments on the wind down terms originally negotiated with the suppliers, regardless of whether the intermediary pays the supplier in advance of the Company's operations original due date. The range of payment terms PPG negotiates with suppliers are consistent, regardless of whether a supplier participates in Russia, a supply chain finance program. These amounts are included within Accounts payable and accrued liabilities on the accompanying condensed consolidated balance sheet.

The rollforward of outstanding obligations confirmed as valid under the supplier finance programs for the three months ended March 31, 2024 is as follows:

(\$ in millions)	2024
January 1	\$301
Invoices confirmed	183
Confirmed invoices paid	(207)
Currency impact	(6)
March 31	\$271

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion and analysis of our financial condition and results of operations should be read in conjunction with our unaudited financial statements and the notes thereto included in the condensed consolidated financial statements in Part I, Item 1, "Financial Statements," of this report and in conjunction with the 2022 2023 Form 10-K.

Highlights

Net sales were approximately \$4.6 billion \$4.3 billion for the three months ended September 30, 2023 March 31, 2024, an increase a decrease of 3.9% 1.6% compared to the prior year, driven by higher selling prices and favorable foreign currency translation, partially offset by lower sales volumes. The increase in Net sales was led by the aerospace coatings, automotive OEM coatings and PPG Comex businesses which were able to realize the benefit of strong demand. Sales volumes were negatively impacted in some businesses by soft global industrial production, including a slower than anticipated recovery in China.

Income before income taxes was \$557 million \$538 million for the three months ended September 30, 2023 March 31, 2024, an increase of \$139 million \$185 million compared to the prior year. This increase was primarily due to strong selling price realization and moderating raw material costs, the absence of a \$190 million Pension settlement charge recorded in the first quarter 2023.

Three Months Ended September 30, 2023 March 31, 2024

Net sales increased \$176 million decreased \$69 million due to the following:

- Higher selling prices (+3%)
- Favorable foreign currency translation (+2%)
- Net acquisitions and divestitures (+1%)

Partially offset by:

- Lower sales volumes (-2%)

For specific business results, see the Performance of Reportable Business Segments section within Item 2 of this Form 10-Q.

Cost of sales, exclusive of depreciation and amortization, decreased \$69 million \$151 million primarily due to lower sales volumes and moderating raw material input costs.

Selling, general and administrative expense increased \$116 million \$72 million primarily due to wage and other cost inflation and growth-related investments.

Depreciation expense increased \$11 million primarily due to higher performance-based incentive compensation expense, partially offset by savings from accelerated depreciation related to previously approved restructuring actions.

Interest expense Other charges/(income), net increased \$18 million by \$23 million primarily due to the unfavorable impact absence of higher interest rates on PPG's variable rate a first quarter 2023 insurance recovery related to hurricane damage at a southern U.S. factory.

Interest expense decreased \$4 million primarily due to lower debt obligations. balances. Interest income increased \$25 million \$17 million primarily due to higher interest rates.

Nine Months Ended September 30, 2023

Net sales increased \$429 million due to the following:

- Higher selling prices (+5%)

Partially offset by:

- Lower sales volumes (-2%)

For specific business results, see the Performance levels of Reportable Business Segments section within Item 2 of this Form 10-Q.

Cost of sales, exclusive of depreciation cash and amortization, decreased \$259 million primarily due to lower sales volumes cash equivalents and moderating raw material costs.

Selling, general and administrative expense increased \$221 million primarily due to wage and other cost inflation and higher performance-based incentive compensation expense, partially offset by savings from previously approved restructuring actions.

Interest expense increased \$76 million primarily due to the unfavorable impact of higher interest rates on PPG's variable rate debt obligations. Interest income increased \$62 million primarily due to higher interest rates.

Impairment and other related charges of \$230 million were recorded in the nine months ended September 30, 2022 associated with the wind down of the Company's operations in Russia. Refer to Note 7, "Impairment and Other Related Charges, Net" in Part I, Item 1 of this Form 10-Q for additional information. There were no impairment charges recorded during 2023.

A Pension pension settlement charge of \$190 million was recorded in the first quarter 2023 associated with the Company's purchase of group annuity contracts that transferred pension benefit obligations for certain of the Company's retirees in the U.S. to third-party insurance companies. Refer to Note 10, 9, "Pensions and Other Postretirement Benefits" in Part I, Item 1 of this Form 10-Q for additional information.

Adjusted earnings per diluted share*	\$1.86	\$1.82	2.2 %
*See Regulation G Reconciliation below			

Adjusted earnings per diluted share for the three and nine months ended September 30, 2023 March 31, 2024 increased year-over-year primarily due to increased selling prices and moderating raw material costs, partially offset by wage and other cost inflation and lower sales volumes.

Regulation G Reconciliations - Results from Operations

PPG believes investors' understanding of the Company's performance is enhanced by the disclosure of net income from continuing operations, earnings per diluted share from continuing operations, PPG's effective tax rate and segment income adjusted for certain items. PPG's management considers this information useful in providing insight into the Company's ongoing performance because it excludes the impact of items that cannot reasonably be expected to recur on a quarterly basis or that are not attributable to our primary operations. Net income from continuing operations, earnings per diluted share from continuing operations, the effective tax rate and segment income adjusted for these items are not recognized financial measures determined in accordance with U.S. generally accepted accounting principles ("U.S. GAAP") and should not be considered a substitute for net income from continuing operations, earnings per diluted share from continuing operations, the effective tax rate, segment income or other financial measures as computed in accordance with U.S. GAAP. In addition, adjusted net income, adjusted earnings per diluted share and the adjusted effective tax rate may not be comparable to similarly titled measures as reported by other companies.

Income before income taxes from continuing operations is reconciled to adjusted income before income taxes from continuing operations, the effective tax rate from continuing operations is reconciled to the adjusted effective tax rate from continuing operations and net income from continuing operations (attributable to PPG) and earnings per share – assuming dilution (attributable to PPG) are reconciled to adjusted net income from continuing operations (attributable to PPG) and adjusted earnings per share – assuming dilution below.

Three Months Ended September 30, 2023 March 31, 2024

Performance Coatings net sales increased decreased due to the following:

- Lower sales volumes (-3%)

Partially offset by:

- Higher selling prices (+3% 1%)
- Favorable foreign currency translation (+3% 1%)

Architectural coatings – EMEA net sales, excluding the impact of currency, acquisitions divestitures and the wind down of Russia operations divestitures ("organic sales") increased decreased by a low single digit mid-single-digit percentage year over year with higher selling prices partially offset driven by lower sales volumes. Year-over-year Consumer confidence remained weak during the quarter, and the timing of the Easter holiday negatively impacted results by deferring sales volumes are approaching prior year levels as into the second quarter 2024. Regional demand for architectural coatings products is stabilizing at lower absolute levels. While aggregate demand remains at lower levels and remained uneven by country, with challenging sales were robust volumes in certain countries during the third quarter, western Europe partially offset by positive sales trends in central and eastern Europe.

Architectural coatings - Americas and Asia Pacific organic sales increased decreased by a low single-digit percentage. Solid organic growth at PPG Comex was partially offset mid-single-digit percentage compared to the prior year driven by the timing of the Easter holiday and lower demand for do-it-yourself ("DIY") products in sales volume compared to an elevated first quarter 2023, which included a \$40 million customer load-in. In Mexico, the U.S. and Canada, PPG Comex achieved record quarterly sales, business continued to benefit from our strong concessionaire network.

Automotive refinish coatings organic sales were slightly relatively flat versus prior year as higher year over year. Price gains in all regions and sales volume growth in the EMEA and Asia-Pacific regions prices were partially offset by lower sales volumes in the U.S., primarily due to shifting order patterns from certain U.S. distribution customers, volumes. In the U.S., sales volumes declined reflecting a strong prior year comparable period and as body shop activity remains solid, with backlogs in the U.S. beginning to normalize closer to historical levels as supply chain conditions improve, moderated. In Europe, weaker market demand drove a small decline in sales volumes were solidly above third quarter 2022 levels as demand from distributors rebounded, volumes. In China, demand for PPG refinish products continues is recovering and expected to recover, continue to improve in the coming quarters.

Aerospace coatings organic sales were higher increased by a mid-teen mid-single-digit percentage, driven led by increases in both price higher prices and volume. This strong organic sales growth volumes as demand was achieved despite global air travel remaining below pre-pandemic levels. Demand remained strong in all major product categories throughout the quarter, regions. Global air travel remains below pre-pandemic levels for both domestic and international flights.

Protective and marine coatings organic sales increased by a mid-single-digit low single-digit percentage year over year primarily due to higher sales volumes, which were driven by solid selling price realization global energy and higher sales volumes. The third quarter was the second consecutive quarter with positive year-over-year sales volume growth, marine demand for our sustainably advantaged products.

Traffic solutions organic sales decreased by a mid-single-digit percentage compared year over year due to the same quarter last year, with lower sales volumes and prices. The U.S. delivered mid-single-digit percentage volume declines growth which was offset by a challenging environment in all regions. In the U.S., the Company continues to prioritize higher margin business, Argentina.

Segment income increased \$90 million was \$402 million, an increase of 2% versus the prior year, primarily due to higher selling prices and moderating year over year input costs.

Nine Months Ended September 30, 2023

Performance Coatings net sales increased due to the following:

- Higher selling prices (+6%)

Partially offset by:

- Lower sales volumes (-2%)

Architectural coatings – EMEA organic sales were flat year over year as selling price increases were raw material costs partially offset by lower sales volumes. Demand for architectural coatings products in many countries decreased stemming from reduced remodeling activity and lower consumer confidence due to continued geopolitical issues in Europe. However, demand for architectural coatings products is beginning to stabilize at lower absolute levels.

Architectural coatings - Americas and Asia Pacific organic sales increased by a low single-digit percentage. Solid organic growth at PPG Comex was partially offset by lower demand for DIY products in the U.S. and Canada. In Mexico, PPG Comex architectural coatings organic sales increased compared to the prior year driven by selling price increases and continued strong demand in the concessionaire network.

Automotive refinish coatings organic sales increased by a low single-digit percentage year over year as selling price increases in all regions more than offset lower sales volumes.

Aerospace coatings organic sales increased significantly year over year with strength in all regions driven by double-digit increases in both selling price and sales volume.

Protective and marine coatings organic sales increased by a mid-single-digit percentage primarily due to selling price increases in all regions and strong demand in Europe, the U.S. and Latin America.

Traffic solutions organic sales decreased by a mid-single-digit percentage as volume, higher selling, prices in all regions were more than offset by lower sales volumes, general and administrative costs and wage inflation.

Segment income increased \$257 million versus the prior year primarily due to higher selling prices and moderating year over year input costs, which more than offset lower sales volumes.

Looking Ahead

In the **fourth** second quarter, demand for aerospace coatings and PPG Comex products in Mexico is expected to remain robust. Demand conditions robust, and we expect to experience continued strength in Europe the aerospace and for protective and marine coatings businesses. In the second quarter, automotive refinish coatings is expected to decline compared to record results last year due the timing of orders, and we expect to see the benefit of summer seasonal sales in traffic solutions. In architectural DIY globally are anticipated coatings, comparisons to remain at lower levels. Raw material the second quarter 2023 will be positively impacted by the timing of Easter. We expect to realize continued benefits from moderating input costs, and transportation availability continue to broadly improve. several businesses have implemented targeted, incremental price increases. Aggregate organic sales for the Performance Coatings segment are anticipated to increase by a low single-digit percentage compared to the **fourth** second quarter **2022**, 2023.

In the industrial coatings business, organic sales decreased by a mid-single-digit percentage year over year as higher selling prices partially offset due to lower sales volumes and prices. Overall, global industrial production remained sluggish resulting in lower sales volumes in Europe and China due to softer general industrial production. Sales all regions except Asia Pacific, where volumes were negatively impacted by lower demand in the wood, consumer electronics and general finishes subsegments, increased a high single-digit percentage.

Packaging coatings organic sales decreased by a high-single-digit percentage primarily due to lower demand in all regions driven were flat year over year with solidly higher volumes stemming from PPG share gains offset by lower demand in the metal packaged food and beverage markets, index-based pricing.

Specialty coatings and materials organic sales decreased increased by a mid-single-digit percentage primarily due to lower strong sales volumes partially offset by higher selling prices, the absence of European energy-related surcharge pricing in the prior year period.

Segment income increased \$54 million versus the prior \$9 million year over year primarily due to higher selling prices moderating input costs and moderating year over year raw material costs, partially offset by lower sales volumes.

Nine Months Ended September 30, 2023

Industrial Coatings segment net sales increased due to the following:

- Higher selling prices (+5%)
- Net acquisitions and divestitures (+1%)

Partially offset by:

- Lower sales volumes (-3%)
- Unfavorable foreign currency translation (-1%)

Automotive OEM coatings organic sales increased by a high single-digit percentage year over year driven by higher selling prices and strong sales volume growth in all regions. Sales volume growth was led by the EMEA and Asia-Pacific regions, where retail sales and industry build rates remain robust compared to a weak prior-year base.

In the industrial coatings business, organic sales decreased by a mid-single-digit percentage year over year as higher selling prices were more than offset by lower sales volumes in all regions due to softening global industrial demand.

Packaging coatings organic sales decreased by a mid-single-digit percentage year over year due to lower sales volume in all regions driven by broad demand weakness. These sales volumes decreases were partially offset by higher selling prices in most regions.

Specialty coatings and materials organic sales decreased by a mid-single-digit percentage primarily due to lower sales volumes, partially offset by higher selling prices.

Segment income increased \$248 million versus the prior year primarily due to higher selling prices and moderating year over year raw material costs, other wage deflation, which more than offset lower selling prices and lower sales volumes.

Looking Ahead

In the fourth second quarter, global industrial production is expected to remain at lower levels, a low level with improvement in the Asia Pacific region offset by sluggishness in Europe. Aggregate organic sales are anticipated to decrease by a low single-digit percentage be similar to the second quarter 2023. Automotive industry build rates are expected to increase modestly in the second quarter with growth in China and Latin America offsetting anticipated declining builds in Europe. Additionally, packaging coatings is expected to have positive sales volume growth in all regions compared to the fourth quarter 2022. Similar prior-year second quarter. For the segment, lower prices are anticipated in 2024 due to the third quarter, automotive industry build rates and retail activity are expected to continue to be solid while other industrial production end-use markets are expected to be soft, including softness in the industrial coatings, packaging coatings, index pricing and the specialty coatings and materials businesses. The duration and scope absence of the automotive industry labor actions in the fourth quarter could result in incrementally higher impacts to the Company sales and earnings; although, the overall exposure for the Company is a small percentage of total revenue. In the fourth quarter 2023, the pricing gains realized in 2022 will reach their anniversary, European energy-related surcharge pricing.

Liquidity and Capital Resources

PPG had cash and short-term investments totaling \$1.3 billion \$1.2 billion and \$1.2 billion \$1.6 billion at September 30, 2023 March 31, 2024 and December 31, 2022 December 31, 2023, respectively.

The Company continues to believe that cash on hand and short-term investments, cash from operations and the Company's access to capital markets will be sufficient to fund our operating activities, capital spending, acquisitions, dividend payments, debt service, share repurchases, contributions to pension plans and contractual obligations.

Cash (used for)/from operating activities

Cash used for operating activities for the three months ended March 31, 2024 was \$60 million and cash from operating activities for the nine three months ended September 30, 2023 and 2022 March 31, 2023 was \$1,513 million and \$376 million, respectively, \$85 million. The \$1,137 million \$145 million increase in cash used for operating activities was primarily due to higher net income driven by higher selling prices and moderating raw material costs and favorable unfavorable changes in working capital in the first quarter 2024 compared to the prior year.

Operating Working Capital

Operating working capital is a subset of total working capital and represents (1) trade receivables – net of the allowance for doubtful accounts (2) FIFO inventories and (3) trade liabilities. We believe operating working capital represents the key components of working capital under the operating control of our businesses. A key metric we use to measure our working capital management is operating working capital as a percentage of sales (current quarter sales annualized).

Cash used for investing activities

Cash used for investing activities for the **nine** three months ended **September 30, 2023** **March 31, 2024** and **2022** 2023 was **\$399 million** **\$239 million** and **\$246 million** **\$64 million**, respectively. The **\$153** **\$175** million increase in cash used for investing activities was primarily due to higher **spending on business acquisitions** and **lower proceeds from asset sales**, **capital expenditures** compared to the prior year.

Total capital spending **in 2023** is expected to be approximately **\$575 million** **\$600 million in 2024** in support of future organic growth opportunities.

Cash used for (used for)/from financing activities

Cash used for financing activities for the **nine** three months ended **September 30, 2023** **March 31, 2024** and **2022** 2023 was **\$1,005 million** **\$35 million** and **\$56 million**, respectively. **cash from financing activities** for the three months ended **March 31, 2023** was **\$277 million**. The **\$949 million** **\$312 million** increase in cash used for financing activities was primarily due to **repayments of long-term debt** **share repurchases** and **lower proceeds from the issuance of debt**, partially offset by the absence of net payments on **proceeds from commercial paper**, **paper** and **short-term debt**.

Credit Agreements

In April 2023, PPG entered into a €500 million term loan credit agreement (the "Term Loan"). The Term Loan provides the Company with the ability to increase the size of the loan by an amount not to exceed €250 million. The Term Loan contains covenants that are consistent with those in the Credit Agreement discussed below and that are usual and customary restrictive covenants for facilities of its type, which include, with specified exceptions, limitations on the Company's ability to create liens or other encumbrances, to enter into sale and leaseback transactions and to enter into consolidations, mergers or transfers of all or substantially all of its assets. The Term Loan terminates and all amounts outstanding are payable in April 2026. In April 2023, PPG borrowed €500 million under the Term Loan. In December 2023, PPG obtained lender commitments sufficient to increase the size of the Term Loan by €250 million. In January 2024, PPG borrowed the additional €250 million.

In February 2021, PPG entered into a \$2.0 billion term loan credit agreement Term Loan Credit Agreement (the "Term Loan Credit Agreement") to finance the Company's acquisition of Tikkurila, and to pay fees, costs and expenses related thereto. The Term Loan Credit Agreement provided the Company with the ability to borrow up to an aggregate principal amount of \$2.0 billion on an unsecured basis. In addition to the amounts borrowed to finance the acquisition of Tikkurila, the Term Loan Credit Agreement allowed the Company to make up to eleven additional borrowings prior to December 31, 2021, to be used for working capital and general corporate purposes. The Term Loan Credit Agreement contains covenants that are consistent with those in the Credit Agreement discussed below above and that are usual and customary restrictive covenants for facilities of its type, which include, with specified exceptions, limitations on the Company's ability to create liens or other encumbrances, to enter into sale and leaseback transactions and to enter into consolidations, mergers or transfers of all or substantially all of its assets. The Term Loan Credit Agreement matures and all outstanding borrowings are due and payable on the third anniversary of the date of the initial borrowing under the Agreement. In March 2023, PPG amended the Term Loan Credit Agreement to replace the LIBOR-based reference interest rate option with a reference interest rate option based upon Term Secured Overnight Financing Rate ("SOFR"). The other terms of the Term Loan Credit Agreement remain unchanged. In June 2021, PPG borrowed \$700 million under the Term Loan Credit Agreement to finance the Company's acquisition of Tikkurila, and to pay fees, costs and expenses related thereto. In December 2021, PPG borrowed an additional \$700 million under the Term Loan Credit Agreement. In 2022 and 2023, PPG repaid \$300 million and \$800 million, \$1.1 billion, respectively, of the Term Loan Credit Agreement using cash on hand. Borrowings of \$300 million and \$1.1 billion were outstanding under the The Term Loan Credit Agreement was fully repaid as of September 30, 2023 and December 31, 2022, respectively. December 31, 2023.

In March 2023, PPG amended its five-year credit agreement (the "Credit Agreement") dated as of August 30, 2019. The amendments to the Credit Agreement replace the LIBOR-based reference interest rate option with a reference interest rate option based upon Term SOFR. The other terms of the Credit Agreement remain remained unchanged. In July 2023, PPG amended and restated the Credit Agreement, extending the term through July 27, 2028. The amended and restated Credit Agreement provides for a \$2.3 billion unsecured revolving credit facility. The Company has the ability to increase the size of the Credit Agreement by up to an additional \$750 million, subject to the receipt of lender commitments and other conditions precedent. The Company has the right, subject to certain conditions set forth in the Credit Agreement, to designate certain subsidiaries of the Company as borrowers under the Credit Agreement. In connection with any such designation, the Company is required to guarantee the obligations of any such subsidiaries under the Credit Agreement. There were no amounts outstanding under the Credit Agreement as of September 30, 2023 March 31, 2024 and December 31, 2022 December 31, 2023.

The Term Loan Term Loan Credit Agreement and the Credit Agreement require the Company to maintain a ratio of Total Indebtedness to Total Capitalization, as defined in the Term Loan Term Loan Credit Agreement and the Credit Agreement, of 60% or less; provided, that for any fiscal quarter in which the Company has made an acquisition for consideration in excess of \$1 billion \$1 billion and for the next five fiscal quarters thereafter, the ratio of Total Indebtedness to Total Capitalization may not exceed 65% at any time. As of September 30, 2023 March 31, 2024, Total Indebtedness to Total Capitalization as defined under the Term Loan, Term Loan Credit Agreement and Credit Agreement was 43%.

The Credit Agreement also supports the Company's commercial paper borrowings which are classified as long-term based on PPG's intent and ability to refinance these borrowings on a long-term basis. There were no commercial paper borrowings outstanding as of September 30, 2023 March 31, 2024 and December 31, 2022 December 31, 2023.

Other Debt Issued and Repaid

In March 2023, PPG's \$300 million \$300 million 3.2% notes matured, and the Company repaid this obligation using cash on hand.

In May 2022, PPG completed a public offering of €300 million 1.875% Notes due 2025 and €700 million 2.750% Notes due 2029. Refer to Note 6, "Borrowings" in Part I, Item 1 of this Form 10-Q for additional information.

In March 2022, PPG privately placed a 15-year €50 million 1.95% fixed interest note. Refer to Note 6, "Borrowings" in Part I, Item 1 of this Form 10-Q for additional information.

Other Liquidity Information

Restructuring

Aggregate restructuring savings including the impact of acquisition synergies, were approximately \$15 million \$8 million in the third first quarter 2023, 2024. Total restructuring savings are expected to be at least \$60 million \$35 million in 2023, 2024. In addition, the Company continues to review its cost structure to identify additional cost savings opportunities. Refer to Note 5, "Business Restructuring" in Part I, Item 1 of this Form 10-Q for further details on the Company's business restructuring programs. We expect cash outlays related to these actions of \$60 million approximately \$80 million in 2024.

Strategic Reviews

During the first quarter 2024, PPG announced that it would review strategic alternatives for its architectural coatings U.S. and Canada business and its global silicas products business. Through these strategic reviews, PPG will assess whether some or all of these businesses are better suited to \$70 million grow faster with a partner or different owner, or may be better suited to operate as a core business within another company, as a standalone entity, or in 2023, a joint venture. PPG is executing on the strategic reviews and will communicate the path forward once determined.

Currency

Comparing spot exchange rates at December 31, 2022 March 31, 2024 and at September 30, 2023 December 31, 2023, the U.S. dollar strengthened against the currencies of many countries within Europe and Asia where PPG operates, partially offset by weakening against the Mexican peso. As a result, consolidated net assets at March 31, 2024 decreased by \$12 million compared to December 31, 2023.

Comparing average exchange rates during the first three months of 2024 to those of the first three months of 2023, the U.S. dollar weakened against the currencies of many countries within the regions PPG operates, most notably the Mexican peso. As a result, consolidated net assets at September 30, 2023 increased by \$200 million compared to December 31, 2022.

Comparing average exchange rates during the first nine months of 2023 to those of the first nine months of 2022, the U.S. dollar weakened against the currencies of certain countries where PPG operates, including the Mexican peso and the euro, **Peso**, partially offset by strengthening against the Chinese yuan. The weakening of the U.S. dollar **Yuan**. This had a favorable impact on Income before income taxes for the **nine three** months ended **September 30, 2023** **March 31, 2024** of **\$11** **\$10** million from the translation of these foreign earnings into U.S. dollars.

New Accounting Standards

Refer to Note 2, "New Accounting Standards" in Part I, Item 1 of this Form 10-Q for further details on recently issued accounting guidance.

Commitments and Contingent Liabilities, including Environmental Matters

PPG is involved in a number of lawsuits and claims, both actual and potential, including some that it has asserted against others, in which substantial monetary damages are sought. See Part II, Item 1, "Legal Proceedings" of this Form 10-Q and Note **14, 13**, "Commitments and Contingent Liabilities" in Part I, Item 1 of this Form 10-Q for a description of certain of these lawsuits.

As discussed in Part II, Item 1 and Note **14, 13**, although the result of any future litigation of such lawsuits and claims is inherently unpredictable, management believes that, in the aggregate, the outcome of all lawsuits and claims involving PPG, including asbestos-related claims, will not have a material effect on PPG's consolidated financial position or liquidity; however, any such outcome may be material to the results of operations of any particular period in which costs, if any, are recognized.

As also discussed in Note **14, 13**, PPG has significant reserves for environmental contingencies. Refer to the Environmental Matters section of Note **14 13** for details of these reserves. It is PPG's policy to accrue expenses for contingencies when it is probable that a liability has been incurred and the amount of loss can be reasonably estimated. Reserves for environmental contingencies are exclusive of claims against third parties and are generally not discounted. In management's opinion, the Company operates in an environmentally sound manner and the outcome of the Company's environmental contingencies will not have a material effect on PPG's financial position or liquidity; however, any such outcome may be material to the results of operations of any particular period in which costs, if any, are recognized. Management anticipates that the resolution of the Company's environmental contingencies will occur over an extended period of time.

Critical Accounting Estimates

Management has evaluated the accounting policies used in the preparation of the financial statements and related notes presented in this Form 10-Q and believes those policies to be reasonable and appropriate. We believe that the most critical accounting estimates made in the preparation of our financial statements are those related to accounting for contingencies, under which we accrue a loss when it is probable that a liability has been incurred and the amount can be reasonably estimated, and to accounting for pensions, other postretirement benefits, business combinations, goodwill and other identifiable intangible assets with indefinite lives because of the importance of management judgment in making the estimates necessary to apply these policies.

For a comprehensive discussion of the Company's critical accounting estimates, see Item 7, "Management's Discussion and Analysis of Financial Condition and Results of Operations" of our **2022 2023** Form 10-K. There were no material changes in the Company's critical accounting estimates from the **2022 2023** Form 10-K.

Forward-Looking Statements

Management's Discussion and Analysis and other sections of this Quarterly Report contain forward-looking statements that reflect the Company's current views with respect to future events and financial performance. You can identify forward-looking statements by the fact that they do not relate strictly to current or historic facts. Forward-looking statements are identified by the use of the words "aim," "believe," "expect," "anticipate," "intend," "estimate," "project," "outlook," "forecast," "looking ahead" and other expressions that indicate future events and trends. Any forward-looking statement speaks only as of the date on which such statement is made, and the Company undertakes no obligation to update any forward looking statement, whether as a result of new information, future events or otherwise. You are advised, however, to consult any further disclosures we make on related subjects in our reports to the Securities and Exchange Commission ("SEC"). Also, note the following cautionary statements.

Many factors could cause actual results to differ materially from the Company's forward-looking statements. Such factors include statements related to the expected effects on our business of COVID-19, global economic conditions, geopolitical issues in Europe, increasing price and product competition by our competitors, fluctuations in cost and availability of raw materials, energy, labor and logistics, the ability to achieve selling price increases, the ability to recover margins, customer inventory levels, PPG inventory levels, our ability to maintain favorable supplier relationships and arrangements, the timing of and the realization of anticipated cost savings from restructuring initiatives, the ability to identify additional cost savings opportunities, the timing and expected benefits of our acquisitions, difficulties in integrating acquired businesses and achieving expected synergies therefrom, the amount of future share repurchases, economic and political conditions in the markets we serve, the ability to penetrate existing, developing and emerging foreign and domestic markets, foreign exchange rates and fluctuations in such rates, fluctuations in tax rates, the impact of future legislation, the impact of environmental regulations, unexpected business disruptions, the unpredictability of existing and possible future litigation, including asbestos litigation, and government investigations. However, it is not possible to predict or identify all such factors.

Consequently, while the list of factors presented here and in the **2022 2023** Form 10-K under Item 1A is considered representative, no such list should be considered to be a complete statement of all potential risks and uncertainties. Unlisted factors may present significant additional obstacles to the realization of forward-looking statements.

Consequences of material differences in the results compared with those anticipated in the forward-looking statements could include, among other things, lower sales or income, business disruption, operational problems, financial loss, legal liability to third parties, other factors set forth in Item 1A of the **2022 2023** Form 10-K and similar risks, any of which could have a material adverse effect on the Company's consolidated financial condition, results of operations or liquidity.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

Foreign Currency Risk

We conduct operations in many countries around the world. Our results of operations are subject to both currency transaction risk and currency translation risk. Certain foreign currency forward contracts outstanding during **2023 2024** and **2022 2023** served as a hedge of a portion of PPG's exposure to foreign currency transaction risk. The fair value of these contracts was a net **liability asset** of **\$18** **\$53** million and **a net asset \$24 \$23** million as of **September 30, 2023** **March 31, 2024** and **December 31, 2022** **December 31, 2023**, respectively. The potential reduction in PPG's Income before income taxes resulting from the impact of adverse changes in exchange rates on the fair value of its outstanding foreign currency hedge contracts of 10% for European and Canadian currencies and 20% for Asian and Latin American currencies was **\$350** **\$409** million for the **nine three** months ended **September 30, 2023** **March 31, 2024** and **\$304** **\$402** million for the year ended **December 31, 2022** **December 31, 2023**.

PPG had U.S. dollar to euro cross currency swap contracts with a total notional amount of \$475 million **and \$775 million** as of **September 30, 2023** **both March 31, 2024** and **December 31, 2022, respectively** **December 31, 2023**. The fair value of these contracts were net assets of **\$50** **\$41** million and **\$88** **\$33** million as of **September 30, 2023** **March 31,**

2024 and December 31, 2022 December 31, 2023, respectively. A 10% increase in the value of the euro to the U.S. dollar would have had an unfavorable effect on the fair value of these swap contracts by reducing the value of these instruments by \$43 \$44 million and \$73 \$46 million at September 30, 2023 March 31, 2024 and December 31, 2022 December 31, 2023, respectively.

As of September 30, 2023 March 31, 2024 and December 31, 2022 December 31, 2023, PPG had non-U.S. dollar denominated borrowings outstanding of \$3.1 billion \$3.5 billion and \$2.6 \$3.3 billion, respectively. A weakening of the U.S. dollar by 10% against European currencies and by 20% against Asian and South American currencies would have resulted in unrealized translation losses on these borrowings of \$350 \$385 million at September 30, 2023 March 31, 2024 and \$293 \$363 million at December 31, 2022 December 31, 2023.

Interest Rate Risk

The Company manages its interest rate risk by balancing its exposure to fixed and variable rates while attempting to minimize its interest costs. PPG has interest rate swaps which converted \$375 million and \$525 million of fixed rate debt to variable rate debt as of September 30, 2023 both March 31, 2024 and December 31, 2022, respectively. December 31, 2023. The fair values of these contracts was a liability of \$27 \$20 million and \$20 \$14 million as of September 30, 2023 March 31, 2024 and December 31, 2022 December 31, 2023, respectively. An increase in variable interest rates of 10% would have lowered the fair values of these swaps and increased annual interest expense by \$7 \$6 million and \$5 million for both the nine months periods ended September 30, 2023 March 31, 2024 and December 31, 2023, respectively. Considering the year ended December 31, 2022. A debt balance outstanding at March 31, 2024 and December 31, 2023, a 10% increase in interest rates in the U.S., Canada, Mexico and Europe and a 20% increase in interest rates in Asia and South America would have increased annual interest expense associated with PPG's variable rate debt obligations by \$4 \$3 million for both the nine months ended September 30, 2023 and the year ended December 31, 2022. by \$2 million, respectively. Further a 10% reduction in interest rates would have increased the fair value of the Company's fixed rate debt by approximately \$102 \$94 million and \$116 \$96 million at September 30, 2023 March 31, 2024 and December 31, 2022 December 31, 2023, respectively; however, such changes would not have had an effect on PPG's Income before income taxes or cash flows.

There were no other material changes in the Company's exposure to market risk from December 31, 2022 December 31, 2023 to September 30, 2023 March 31, 2024. Refer to Note 12, 11, "Financial Instruments, Hedging Activities and Fair Value Measurements" in Part I, Item 1 of this Form 10-Q for a description of our instruments subject to market risk.

Item 4. Controls and Procedures

a. Evaluation of disclosure controls and procedures. Based on their evaluation as of the end of the period covered by this Form 10-Q, the Company's principal executive officer and principal financial officer have concluded that the Company's disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934 (the "Exchange Act")) are effective to ensure that information required to be disclosed by the Company in reports that it files or submits under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in Securities and Exchange Commission rules and forms and to ensure that information required to be disclosed by the Company in the reports that it files or submits under the Exchange Act is accumulated and communicated to the Company's management, including its principal executive and principal financial officers, as appropriate, to allow timely decisions regarding required disclosure.

b. Changes in internal control over financial reporting. There were no changes in the Company's internal control over financial reporting that occurred during the Company's most recent fiscal quarter that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

PART II. OTHER INFORMATION

Item 1. Legal Proceedings

PPG is involved in a number of lawsuits and claims, both actual and potential, including some that it has asserted against others, in which substantial monetary damages are sought. These lawsuits and claims may relate to contract, patent, environmental, product liability, asbestos exposure, antitrust, employment, securities and other matters arising out of the conduct of PPG's current and past business activities. To the extent these lawsuits and claims involve personal injury, property damage and certain other claims, PPG believes it has adequate insurance; however, certain of PPG's insurers are contesting coverage with respect to some of these claims, and other certain insurers may contest coverage. coverage with respect to claims in the future. PPG's lawsuits and claims against others include claims against insurers and other third parties with respect to actual and contingent losses related to environmental, asbestos and other matters.

From the late 1880's until the early 1970's, PPG owned property located in Cadogan and North Buffalo Townships, Pennsylvania which was used for the disposal of solid waste from PPG's former glass manufacturing facility in Ford City, Pennsylvania. In October 2018, the Pennsylvania Department of Environmental Protection (the "DEP") approved PPG's cleanup plan for the Cadogan Property. In April 2019, PPG and the DEP entered into a consent order and agreement ("CO&A") which incorporated PPG's approved cleanup plan and a draft final permit for the collection and discharge of seeps emanating from the former disposal area. The CO&A includes a civil penalty of \$1.2 million for alleged past unauthorized discharges. PPG's former disposal area is also the subject of a citizens' suit filed by the Sierra Club and PennEnvironment seeking remedial measures beyond the measures specified in PPG's approved cleanup plan, a civil penalty in addition to the penalty included in the CO&A and plaintiffs' attorneys fees. PPG and the plaintiffs settled plaintiffs' claims for injunctive relief and PPG agreed to enhancements to the DEP approved cleanup plan and a \$250,000 donation to a Pennsylvania nonprofit organization. This settlement has been memorialized by an amendment to the CO&A which was appended to a Consent Agreement between PPG and the plaintiffs which has been entered by the federal court. The remaining claims in the case for attorneys' fees and a civil penalty are not affected by this settlement. A trial on the issue of a civil penalty under the Clean Water Act has been scheduled for June 3, 2024. PPG believes that the remaining claims are without merit and intends to defend itself against these claims vigorously.

For many years, PPG has been a defendant in lawsuits involving claims alleging personal injury from exposure to asbestos. For a description of asbestos litigation affecting the Company, see Note 14, 13, "Commitments and Contingent Liabilities" in Part I, Item 1 of this Form 10-Q.

In the past, the Company and others have been named as defendants in several cases in various jurisdictions claiming damages related to exposure to lead and remediation of lead-based coatings applications. PPG has been dismissed as a defendant from most of these lawsuits and has never been found liable in any of these cases. After having not been named in a new lead-related lawsuit for 15 years, PPG was named as a defendant in two Pennsylvania state court lawsuits filed by the Counties of Montgomery and Lehigh on October 4, 2018 and October 12, 2018, respectively. Both suits seek declaratory relief arising out of alleged public nuisances in the counties associated with the presence of lead paint on various buildings constructed prior to 1980. By Opinion and Order dated May 5, 2023, the Pennsylvania Commonwealth Court reversed both lower trial courts, unanimously ruling the Counties failed to plead valid causes of action, and remanding both cases to their respective trial courts for dismissal. On June 5, 2023, the Counties filed Petitions for Allowance of Appeal with the Pennsylvania Supreme Court. Acceptance of such Petitions is discretionary. The Company continues to believe these actions are without merit and intends to defend itself vigorously until the Counties have exhausted their appellate options.

Item 1A. Risk Factors

There were no material changes in the Company's risk factors from the risks disclosed in the 2022 2023 Form 10-K.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

Issuer Purchases of Equity Securities

No shares were repurchased in The following table summarizes the Company's stock repurchase activity for the three months ended September 30, 2023 under the current March 31, 2024:

Month	Total Number of Shares Purchased	Average Price Paid per Share	Total Number of Shares Purchased as Part of Publicly Announced Programs	Maximum Number of Shares That May Yet Be Purchased Under the Programs (1)
January 2024				
Repurchase program	—	\$—	—	7,162,444
February 2024				
Repurchase program	—	\$—	—	7,134,117
March 2024				
Repurchase program	1,061,901	\$141.29	1,061,901	5,936,211
Total quarter ended March 31, 2024				
Repurchase program	1,061,901	\$141.29	1,061,901	5,936,211

(1) In December 2017, PPG's board of directors approved a \$2.5 billion share repurchase program approved in December 2017. program. The maximum number of remaining shares that may yet to be purchased under this the program is 8,553,947 shares as have been calculated using PPG's closing stock price on the last business day of September 30, 2023, the respective month. This repurchase program has no expiration date.

In addition to the Company's share repurchase program authorized in December 2017, PPG's Board of Directors authorized the repurchase of an additional \$2.5 billion of outstanding common stock on April 18, 2024.

Item 5. Other Information

Rule 10b5-1 Trading Plans

During the three months ended September 30, 2023 March 31, 2024, none of the Company's directors or officers, as defined in Section 16 of the Securities Exchange Act of 1934, adopted or terminated a "Rule 10b5-1 trading arrangement" or a "non-Rule 10b5-1 trading arrangement," as each term is defined in Item 408(a) of Regulation S-K of the Securities Exchange Act of 1934.

Item 6. Exhibits

See the Index to Exhibits on page 36, 33.

PPG INDUSTRIES, INC. AND SUBSIDIARIES

PRINCIPAL EXECUTIVE OFFICER CERTIFICATION

I, Timothy M. Knavish, certify that:

1. I have reviewed this quarterly report on Form 10-Q of PPG Industries, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
