Notes to Condensed Consolidated Financial Statements (unaudited)

Note 1. Description of Business

Airbnb, Inc. (the "Company" or "Airbnb") was incorporated in Delaware in June 2008 and is headquartered in San Francisco, California. The Company operates a global platform for unique stays and experiences. The Company's marketplace model connects hosts and guests (collectively referred to as "customers") online or through mobile devices to book spaces and experiences around the world.

Note 2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying unaudited condensed consolidated financial statements have been prepared in conformity with generally accepted accounting principles in the United States of America ("U.S. GAAP") and the applicable rules and regulations of the Securities and Exchange Commission (the "SEC") regarding interim financial information. Certain information and note disclosures normally included in the consolidated financial statements prepared in accordance with U.S. GAAP have been condensed or omitted pursuant to such rules and regulations. As such, the information included in this Quarterly Report on Form 10-Q should be read in conjunction with the audited consolidated financial statements and the related notes thereto as of and for the year ended December 31, 2023, included in the Company's Annual Report on Form 10-K, filed with the SEC on February 16, 2024. The results for the interim periods are not necessarily indicative of results for the full year. Certain immaterial amounts in prior periods have been reclassified to conform with current period presentation.

In the opinion of management, these unaudited condensed consolidated financial statements reflect all adjustments, consisting only of normal recurring adjustments, which are necessary for the fair statement of the unaudited condensed consolidated financial position, results of operations and cash flows for these interim periods.

Principles of Consolidation

The accompanying unaudited condensed consolidated financial statements include the accounts of the Company and its wholly-owned subsidiaries in accordance with consolidation accounting guidance. All intercompany transactions have been eliminated in consolidation.

Use of Estimates

The preparation of the Company's unaudited condensed consolidated financial statements in conformity with U.S. GAAP requires management to make certain estimates and assumptions that affect the amounts reported in the unaudited condensed consolidated financial statements and accompanying notes. The Company regularly evaluates its estimates, including those related to bad debt reserves, fair value of investments, useful lives of long-lived assets and intangible assets, valuation of goodwill and intangible assets from acquisitions, contingent liabilities, insurance reserves, revenue recognition, valuation of common stock, stock-based compensation, and income and non-income taxes, among others. Actual results could differ materially from these estimates.

As the impact of the uncertain macroeconomic conditions, including inflation and rising interest rates, continues to evolve, estimates and assumptions about future events and their effects cannot be determined with certainty and therefore require increased judgment. These estimates and assumptions may change in future periods and will be recognized in the unaudited condensed consolidated financial statements as new events occur and additional information becomes known. To the extent the Company's actual results differ materially from those estimates and assumptions, the Company's future unaudited condensed consolidated financial statements could be affected.

Recently Adopted Accounting Standards

In June 2022, the Financial Accounting Standards Board (the "FASB") issued guidance related to the fair value measurement of an equity security subject to contractual sale restrictions that prohibit the sale of the equity security. The new guidance also introduced new disclosure requirements for equity securities subject to contractual sale restrictions that are measured at fair value. The Company adopted the guidance effective January 1, 2024. There was no impact to the Company's unaudited condensed consolidated financial statements or disclosures upon adoption.

Recently Issued Accounting Standards Not Yet Adopted

In December 2023, the FASB issued an update which expands income tax disclosure in an entity's income tax rate reconciliation table and regarding cash taxes paid both in the U.S. and foreign jurisdictions. The update is effective for public companies in fiscal years beginning after December 15, 2024 on a prospective basis, with the option to apply the update retrospectively. Early adoption is permitted. The Company does not expect the adoption of the new guidance to have a material impact on its unaudited condensed consolidated financial statements other than the expanded footnote disclosure.

In November 2023, the FASB issued an update to improve disclosure of reportable segments on an annual and interim basis, primarily through enhanced disclosures about significant segment expenses. The update is effective for public companies in fiscal years beginning after December 15, 2023, and for interim periods beginning after December 15, 2024, on a retrospective basis with early adoption permitted. The Company does not expect the adoption of the new guidance to have a material impact on its unaudited condensed consolidated financial statements other than the expanded footnote disclosure.

There are other new accounting pronouncements issued by the FASB that the Company has adopted or will adopt, as applicable, and the Company does not believe any of these accounting pronouncements have had, or will have, a material impact on its unaudited condensed consolidated financial statements or disclosures.

Note 6.6. Derivative Instruments and Hedging

The Company has a portion of its business denominated and transacted in foreign currencies, which subjects the Company to foreign exchange risk, and uses derivative instruments to manage financial exposures that occur in the normal course of business. The Company does not hold or issue derivatives for trading or speculative purposes.

The Company may elect to designate certain derivatives to partially offset its business exposure to foreign exchange risk. However, the Company may choose not to hedge certain exposures for a variety of reasons including accounting considerations or the prohibitive economic cost of hedging particular exposures. There can be no assurance the hedges will offset more than a portion of the financial impact resulting from movements in foreign exchange rates.

Foreign Exchange Risk

To protect revenue from fluctuations in foreign currency exchange rates, the Company may enter into forward contracts, option contracts, or other instruments, and may designate these instruments as cash flow hedges. The Company generally hedges portions of its forecasted foreign currency exposure associated with revenue, for up to 18 months.

The Company may also enter into derivative instruments that are not designated as accounting hedges to offset a portion of the foreign currency exchange gains and losses generated by the remeasurement of certain assets and liabilities denominated in non-functional currencies.

To limit credit risk, the Company generally enters into master netting arrangements with the respective counterparties to the Company's derivative contracts, under which the Company is allowed to settle transactions with a single net amount payable by one party to the other. As of **March 31, 2024** **June 30, 2024**, the potential effect of these rights of off-set associated with the Company's derivative contracts would be a reduction to both derivative assets and liabilities of **\$15 million** **\$13 million**, resulting in net derivative assets of **\$22 million** **\$51 million**.

The 2022 Credit Facility provides a \$200 million sub-limit for the issuance of letters of credit.

The 2022 Credit Facility contains customary events of default, affirmative and negative covenants, including restrictions on the Company's and certain of its subsidiaries' ability to incur debt and liens, undergo fundamental changes, as well as certain financial covenants. Note 9. Commitments and Contingencies

Commitments

The Company has commitments including purchase obligations for web-hosting services and other commitments for brand marketing. As of March 31, 2024 June 30, 2024, there were no material changes outside the ordinary course of business to the Company's commitments, as disclosed in its Annual Report on Form 10-K for the year ended December 31, 2023.

Platform Related Taxes and Collection Obligations

Some states and localities in the United States and elsewhere in the world impose transient occupancy or lodging accommodations taxes ("Lodging Taxes") on the use or occupancy of lodging accommodations or other traveler services. As of **March 31, 2024** **June 30, 2024**, the Company collects and remits Lodging Taxes in approximately 33,000 jurisdictions **around the world** on behalf of its hosts. Such Lodging Taxes are generally remitted to tax jurisdictions within a 30 to 90-day period following the end of each month.

Airbnb, Inc.

Notes to Condensed Consolidated Financial Statements (unaudited)

As of December 31, 2023 and **March 31, 2024** **June 30, 2024**, the Company had an obligation to remit Lodging Taxes collected from guests on bookings in these jurisdictions totaling \$274 million and **\$508 million** **\$400 million**, respectively. These payables were recorded in accrued expenses, accounts payable, and other current liabilities on the unaudited condensed consolidated balance sheets.

In jurisdictions where the Company does not collect and remit Lodging Taxes, hosts are primarily responsible for such taxes. The Company has estimated Lodging Tax liabilities in a certain number of jurisdictions with respect to state, city, and local taxes where management believes it is probable that the Company can be held jointly liable with hosts for taxes and the related amounts can be reasonably estimated. As of December 31, 2023 and **March 31, 2024** **June 30, 2024**, accrued obligations related to these estimated taxes, including estimated penalties and interest, totaled \$114 million and **\$124 million** **\$160 million**, respectively. As of **March 31, 2024** **June 30, 2024**, the Company estimates that the reasonably possible loss related to certain Lodging Taxes that can be determined in excess of the amounts accrued is between **\$38** **\$41** million to **\$48** **\$51** million; however, no assurance can be given as to the outcomes and the Company could be subject to significant additional tax liabilities. With respect to all other jurisdictions' Lodging Taxes for which a loss is probable or reasonably possible, the Company is unable to determine an estimate of the possible loss or range of loss beyond the amounts already accrued.

The Company's potential obligations with respect to Lodging Taxes could be affected by various factors, which include, but are not limited to, whether the Company determines or any tax authority asserts that the Company has a responsibility to collect lodging and related taxes on either historical or future transactions, or by the introduction of new ordinances and taxes that subject the Company's operations to such taxes. Accordingly, the ultimate resolution of Lodging Taxes may be greater or less than the reserve amounts that the Company has recorded.

The Company is currently involved in disputes brought by certain domestic and international states and localities involving the payment of Lodging Taxes. These jurisdictions are asserting that the Company is liable or jointly liable with hosts to collect and remit Lodging Taxes. These disputes are in various stages and the Company continues to vigorously defend these claims. The Company believes that the statutes

Airbnb, Inc.

Notes to Condensed Consolidated Financial Statements (unaudited)

at issue impose a Lodging Tax obligation on the person exercising the taxable privilege of providing accommodations, or the Company's hosts.

The imposition of such taxes on the Company could increase the cost of a guest booking and potentially cause a reduction in the volume of bookings on the Company's platform, which would adversely impact the Company's results of operations. The Company will continue to monitor the application and interpretation of lodging and related taxes and ordinances and will adjust accruals based on any new information or further developments.

The Company is under audit and inquiry by various domestic and foreign tax authorities with regard to non-income tax matters. The subject matter of these contingent liabilities primarily arises from the Company's transactions with its **customers, as well as the tax treatment of certain employee benefits and related employment taxes. In jurisdictions with disputes connected to transactions with customers, customers.** Such disputes involve the applicability of transactional taxes (such as sales, value-added, **business**, and similar taxes) to services provided, as well as the applicability of withholding tax on payments made to such hosts.

As of June 30, 2024, the Company accrued \$23 million related to the Canada Digital Services Tax that was enacted on June 28, 2024, which was retroactive to January 1, 2022. The amount accrued related to years 2022 and 2023 was \$20 million. In addition, the Company has identified reasonably possible exposures related to transactional taxes and business taxes and has not accrued for these amounts since the likelihood of the contingent liability is less than probable. As of June 30, 2024, the Company estimates that the reasonably possible loss related to these matters in excess of the amounts accrued is between \$355 million and \$375 million; however, no assurance can be given as to the outcomes and the Company could be subject to significant additional tax liabilities.

As of December 31, 2023 and **March 31, 2024** **June 30, 2024**, the Company accrued a total of \$521 million and **\$428 million** **\$445 million** of estimated tax liabilities, including interest and penalties, related to hosts' withholding tax obligations, respectively. As of **March 31, 2024** **June 30, 2024**, the Company estimates that the reasonably possible loss related to withholding income taxes that can be determined in excess of the amounts accrued is between **\$95** **\$145** million to **\$115** **\$155** million; however, no assurance can be given as to the outcomes and the Company could be subject to significant additional tax liabilities. Due to the inherent complexity and uncertainty of these matters and judicial processes in certain jurisdictions, the final outcomes may exceed the estimated liabilities recorded.

The Company has identified reasonably possible exposures related to transactional taxes and business taxes and has not accrued for these amounts since the likelihood of the contingent

liability is less than probable. As of March 31, 2024, the Company estimates that the reasonably possible loss related to these matters in excess of the amounts accrued is between \$320 million and \$340 million; however, no assurance can be given as to the outcomes and the Company could be subject to significant additional tax liabilities.

In 2017, Italy passed a law purporting to require short-term rental platforms that process payments to withhold and remit host income tax and collect and remit tourist tax, amongst other obligations ("2017 Law"). The Company challenged this law before the Italian courts and the Court of Justice of the European Union ("CJEU"). In December 2022, the CJEU found that European law does not prohibit member states from passing legislation requiring short-term rental platforms to withhold income taxes from their hosts, however a requirement to appoint a tax representative, on which the 2017 Law and the withholding obligations are based, is contrary to European Union ("EU") law. In October 2023, the Italian national court upheld the ruling of the CJEU. The Company's subsidiary in Italy and subsidiary in Ireland continue to be, or could be in the future, subject to tax audits in Italy, including in relation to permanent establishment, transfer pricing, and withholding obligations.

In May 2023, the Guardia di Finanza de Milano ("GdF") issued a Tax Audit Report recommending to the Italian tax authorities a formal tax assessment of 779 million Euro on Airbnb's subsidiary in Ireland relating to the 2017 Law and associated withholding tax obligations. On December 13, 2023, without admitting any liability, Airbnb Ireland signed an agreement with the Italian Revenue Agency ("ITA") in settlement of the 2017-2021 audit period for an aggregate payment of 576 million Euro (\$621 million). Such agreement settles a dispute about Airbnb Ireland's obligations to withhold and remit host income tax, including taxes, interest, and penalties, for those relevant periods. The GdF conducted a withholding tax audit of Airbnb Ireland UC for the 2022 and 2023 tax years and issued a report to the ITA in March 2024. The Company expects to begin began settlement discussions with the ITA in June 2024 and expects to reconvene with the second ITA in the third quarter of 2024.

With respect to all other transactional taxes and withholding tax on payments made to hosts and transactional taxes for which a loss is probable or reasonably possible, the Company is unable to determine an estimate of the possible loss or range of loss beyond the amounts already accrued.

Payroll Taxes

The Company is subject to regular payroll tax examinations by various international, state and local jurisdictions. Although management believes its tax withholding remittance practices are appropriate, the Company may be subject to additional tax liabilities, including interest and penalties, if any tax authority disagrees with the Company's withholding and remittance practices, or if there are changes in laws, regulations, administrative practices, principles or interpretations related to payroll tax withholding in the various international, state and local jurisdictions.

In addition, as of December 31, 2023 and March 31, 2024 June 30, 2024, the Company accrued a total of \$43 million and \$45 million \$63 million of estimated tax liabilities related to employment taxes on certain employee benefits, respectively.

Legal and Regulatory Matters

The Company has been and is currently a party to various legal and regulatory matters arising in the normal course of business. Such proceedings and claims, even if not meritorious, can require significant financial and operational resources, including the diversion of management's attention from the Company's business objectives.

Regulatory Matters

The Company operates in a complex legal and regulatory environment and its operations are subject to various U.S. and foreign laws, rules, and regulations, including those related to: Internet activities; short-term rentals, long-term rentals and home sharing; real estate, property rights, housing and land use; travel and hospitality; privacy and data protection; intellectual property; competition; health and safety; protection of minors; consumer protection; employment; payments, money transmission, economic and trade sanctions, anti-corruption and anti-bribery; taxation; and others. In addition, the nature of the Company's business exposes it to inquiries and potential claims related to the compliance of the business with applicable law and regulations. In some instances, applicable laws and regulations do not yet exist or are being applied, interpreted or implemented to address aspects of the Company's business, and such adoption or interpretation could

further alter or impact the Company's business.

In certain instances, the Company has been party to litigation with municipalities relating to or arising out of certain regulations. In addition, the implementation and enforcement of regulation can have an impact on the Company's business.

Intellectual Property

The Company has been and is currently subject to claims relating to intellectual property, including alleged patent infringement. Adverse results in such lawsuits may include awards of substantial monetary damages, costly royalty or licensing agreements, or orders preventing the Company from offering certain features, functionalities, products, or services, and may also cause the Company to change its business practices or require development of non-infringing products or technologies, which could result in a loss of revenue or otherwise harm its business. To date, the Company has not incurred any material costs as a result of such cases and has not recorded any material liabilities in its consolidated financial statements related to such matters.

Litigation and Other Legal Proceedings

The Company is currently involved in, and may in the future be involved in, legal proceedings, claims, and government investigations in the ordinary course of business. These include proceedings, claims, and investigations relating to, among other things, regulatory matters, commercial matters, intellectual property, competition, tax, employment, pricing, discrimination, consumer rights, personal injury, and property rights.

Depending on the nature of the proceeding, claim, or investigation, the Company may be subject to monetary damage awards, fines, penalties, and/or injunctive orders. Furthermore, the outcome of these matters could materially adversely affect the Company's business, results of operations, and financial condition. The outcomes of legal proceedings, claims, and government investigations are inherently unpredictable and subject to significant judgment to determine the likelihood and amount of loss related to such matters. While it is not possible to determine the outcomes, the Company believes based on its current knowledge that the resolution of all such pending matters will not, either individually or in the aggregate, have a material adverse effect on the Company's business, results of operations, financial condition, or cash flows.

The Company establishes an accrued liability for loss contingencies related to legal matters when a loss is both probable and reasonably estimable. These accruals represent management's best estimate of probable losses. Such currently accrued amounts are not material to the Company's unaudited condensed consolidated financial statements. However, management's views and estimates related to these matters may change in the future, as new events and circumstances arise and the matters continue to develop. Until the final resolution of legal matters, there may be an exposure to losses in excess of the amounts accrued. With respect to outstanding legal matters, based on current knowledge, the amount or range of reasonably possible loss will not, either individually or in the aggregate, have a material adverse effect on the Company's business, results of operations, financial condition, or cash flows. Legal fees are expensed as incurred.

Host Protections

The Company offers AirCover coverage, which includes but is not limited to, the Company's Host Damage Protection program that provides protection of up to \$3 million for direct physical loss or damage to a host's covered property caused by guests during a confirmed booking and when the host and guest are unable to resolve the dispute. The Host Liability Insurance and Experiences Liability Insurance provides primary coverage for up to \$1 million per occurrence, subject to a \$1 million cap per listing location, and includes various market standard conditions, limitations, and exclusions.

Indemnifications

The Company has entered into indemnification agreements with certain of its employees, officers and directors. The indemnification agreements and the Company's Amended and Restated Bylaws (the "Bylaws") require the Company to indemnify its directors and officers and those employees who have entered into indemnification agreements to the fullest extent not prohibited by Delaware law. Subject to certain limitations, the indemnification agreements and Bylaws also require the Company to advance expenses incurred by its directors and officers and those employees who have entered into indemnification agreements. No demands have been made upon the Company to provide indemnification or advancement under the indemnification agreements or the Bylaws, and thus, there are no indemnification or advancement claims that the Company is aware of that could have a material adverse effect on the Company's business, results of operations, financial condition, or cash flows.

In the ordinary course of business, the Company has included limited indemnification provisions in certain agreements with parties with whom the Company has commercial relations, which provisions are of varying scope and terms with respect to indemnification of certain matters, which may include losses arising out of the Company's breach of such agreements or out of intellectual property infringement claims made by third parties. It is not possible to determine the maximum potential loss under these indemnification provisions due to the limited history of prior indemnification claims and the unique facts and circumstances involved in each particular provision. To date, no significant costs have been incurred, either individually or collectively, in connection with the Company's indemnification provisions.

Note 10. Income Taxes

The Company's tax provision for interim periods is determined by using an estimated annual effective tax rate, adjusted for discrete items arising in that quarter. In each quarter, the Company updates the estimated annual effective tax rate and makes a year-to-date adjustment to the provision. The estimated annual effective tax rate is subject to significant volatility due to several factors, including accurately predicting the Company's pre-tax and taxable income and loss and the mix of jurisdictions to which they relate, intercompany transactions, audit-related developments, and changes in statutes, regulations, case law, and administrative actions.

The Company recorded income tax expense of \$13 million \$26 million and \$29 million \$126 million for the three months ended March 31, 2023 June 30, 2023 and 2024, and \$39 million and \$155 million for the six months ended June 30, 2023 and 2024, respectively, which were primarily driven by related to current and deferred tax on U.S. and foreign earnings, the accrual of interest on certain uncertain tax positions, and the income tax benefit from excess tax benefits on stock-based compensation arising during the quarter. The increase in tax expense was driven by deferred tax expense on the utilization of U.S. deferred tax assets due to the lack of a valuation allowance in the current period.

The Company's significant tax jurisdictions include the United States, California, and Ireland. The Company is currently under examination for income taxes by the Internal Revenue Service ("IRS") for the 2013, 2016, 2017, and 2018 tax years. The primary issue under examination in the 2013 audit is the valuation of the Company's international intellectual property which was sold to a subsidiary in 2013. In the year ended December 31, 2019, new information became available which required the Company to remeasure its reserve for unrecognized tax benefits. The Company recorded additional tax expense of \$196 million during the year ended December 31, 2019. In December 2020, the Company received a Notice of Proposed Adjustment ("NOPA") from the IRS which proposed an increase to the Company's U.S. taxable income that could result in additional income tax expense and cash liability of \$1.3 billion, plus penalties and interest, which exceeds its current reserve recorded in its consolidated financial statements by more than \$1.0 billion. The Company disagrees with the proposed adjustment and continues to vigorously contest it. In February 2021, the Company submitted a protest to the IRS describing its disagreement with the proposed adjustment and requesting the case be transferred to the IRS Independent Office of Appeals ("IRS Appeals"). In December 2021, the Company received a rebuttal from the IRS with the same proposed adjustments that were in the NOPA. In January 2022, the Company entered into an administrative dispute process with IRS Appeals. An acceptable outcome is was not expected to be reached with IRS Appeals, and in May 2024, the Company expects to receive received a Statutory Notice of Deficiency ("Notice") from the IRS related to the aforementioned valuation of its international intellectual property consistent with the previously received NOPA, claiming property. The Notice claims that the Company owes \$1.3 billion in tax, plus penalties and interest. The Company will continue to pursue all available remedies to resolve this dispute, including petitioning dispute. In July 2024, the Company petitioned the U.S. Tax Court ("Tax Court") for redetermination, and if necessary, appealing the Company will appeal the Tax Court's decision to the appropriate appellate court. The Company believes that adequate amounts have been reserved for any adjustments that may ultimately result from these examinations. If the IRS prevails in the assessment of additional tax due based on its position and such tax and related interest and penalties, if any, exceeds the Company's current reserves, such outcome could have a material adverse impact on the Company's financial position and results of operations, and any assessment of additional tax could require a significant cash payment and have a material adverse impact on the Company's unaudited condensed consolidated statements of cash flow.

On August 16, 2022, the Inflation Reduction Act was signed into law, with tax provisions primarily focused on implementing a 15% minimum tax known as the Corporate Alternative Minimum Tax ("CAMT") on global adjusted financial statement income and a 1% excise tax on net share repurchases. The Inflation Reduction Act became effective beginning in fiscal year 2023. The Company anticipates paying a material amount of additional federal taxes in 2024 due to the CAMT. The additional CAMT will result in tax credits that are expected to offset the Company's federal tax in subsequent years, thus there is no impact to the overall tax provision.

Key Business Metrics and Non-GAAP Financial Measures

We track the following key business metrics and financial measures that are not calculated and presented in accordance with generally accepted accounting principles in the United States of America ("U.S. GAAP") ("non-GAAP financial measures") to evaluate our operating performance, identify trends, formulate financial projections, and make strategic decisions. Accordingly, we believe that these key business metrics and non-GAAP financial measures provide useful information to investors and others in understanding and evaluating our results of operations in the same manner as our management team. We believe that non-GAAP financial information, when taken collectively, may be helpful to investors because it provides consistency and comparability with past financial performance, and assists in comparisons with other companies, some of which use similar non-GAAP financial information to supplement their U.S. GAAP results.

These key business metrics and non-GAAP financial measures are presented for supplemental informational purposes only, should not be considered a substitute for financial information presented in accordance with U.S. GAAP, and may be different from similarly titled metrics or measures presented by other companies. A reconciliation of each non-GAAP financial measure to the most directly comparable financial measure stated in accordance with U.S. GAAP is provided under the subsection titled "— Adjusted EBITDA Reconciliation" and "— Free Cash Flow

Reconciliation" below. Investors are encouraged to review the related U.S. GAAP financial measures and the reconciliation of these non-GAAP financial measures to their most directly comparable U.S. GAAP financial measures.

Nights and Experiences Booked

Nights and Experiences Booked is a key measure of the scale of our platform, which in turn drives our financial performance. Nights and Experiences Booked on our platform in a period represents the sum of the total number of nights booked for stays and the total number of seats booked for experiences, net of cancellations and alterations that occurred in that period. For example, a booking made on February 15 would be reflected in Nights and Experiences Booked for our quarter ended March 31. If, in the example, the booking were canceled on

Table of Contents

May 15, Nights and Experiences Booked would be reduced by the cancellation for our quarter ended June 30. A night can include one or more guests and can be for a listing with one or more bedrooms. Nights and Experiences Booked grows as we attract new customers to our platform and as repeat guests increase their activity on our platform. A seat is booked for each participant in an experience. Substantially all of the bookings on our platform to date have come from nights. We believe Nights and Experiences Booked is a key business metric to help investors and others understand and evaluate our results of operations in the same manner as our management team, as it represents a single unit of transaction on our platform.

For the three months ended **March 31, 2024** **June 30, 2024**, we had **132.6 million** **125.1 million** Nights and Experiences, a 9% increase from **115.1 million** for the same period in the prior year. For the six months ended **June 30, 2024**, we had **257.7 million** Nights and Experiences Booked, a **9.5%** 9% increase from **121.1 million** **236.2 million** for the same period in the prior year. The increase was driven by growth across all regions, with the strongest growth **percentages** in Asia Pacific and Latin America, as we continue to focus on international expansion.

Gross Booking Value

GBV represents the dollar value of bookings on our platform in a period and is inclusive of host earnings, service fees, cleaning fees, and taxes, net of cancellations and alterations that occurred during that period. The timing of recording GBV and any related cancellations is similar to that described in the subsection titled "— Key Business Metrics and Non-GAAP Financial Measures — Nights and Experiences Booked" above. Revenue from the booking is recognized upon check-in; accordingly, GBV is a leading indicator of revenue. The entire amount of a booking is reflected in GBV during the quarter in which booking occurs, whether the guest pays the entire amount of the booking upfront or elects to use our Pay Less Upfront program. Growth in GBV reflects our ability to attract and retain customers and reflects growth in Nights and Experiences Booked.

For the three months ended **March 31, 2024** **June 30, 2024**, our GBV was **\$22.9 billion** **\$21.2 billion**, a 11% increase from **\$19.1 billion** for the same period in the prior year. For the six months ended **June 30, 2024**, our GBV was **\$44.1 billion**, a 12% increase from **\$20.4 billion** **\$39.5 billion** for the same period in the prior year. The increase was primarily due to an increase in Nights and Experiences Booked, combined with a modest increase in ADR. We saw GBV growth across all regions, with the strongest growth **percentages** in **Asia Pacific** and **Latin America** and **Asia Pacific, America**.

Non-GAAP Financial Measures

Our non-GAAP financial measures include Adjusted EBITDA and Free Cash Flow, which are described below. A reconciliation of each non-GAAP financial measure to the most directly comparable financial measure stated in accordance with U.S. GAAP is provided below. Investors are encouraged to review the related U.S. GAAP financial measures and the reconciliation of these non-GAAP financial measures to their most directly comparable U.S. GAAP financial measures. Adjusted EBITDA has limitations as a financial measure, should be considered as supplemental in nature, and is not meant as a substitute for the related financial information prepared in accordance with U.S. GAAP. Because of these limitations, you should consider Adjusted EBITDA alongside other financial performance measures, including net income and our other U.S. GAAP results. Free Cash Flow has limitations as an analytical tool and should not be considered in isolation or as a substitute for analysis of other U.S. GAAP financial measures, such as net cash provided by operating activities. Free Cash Flow does not reflect our ability to meet future contractual commitments and may be calculated differently by other companies in our industry, limiting its usefulness as a comparative measure.

(1) Stock-based compensation expense, which has been, and will continue to be for the foreseeable future, a significant recurring expense in our business and an important part of our compensation strategy.

The above items are excluded from our Adjusted EBITDA measure because they are non-cash in nature, or because the amount and timing of these items are unpredictable, not driven by core results of operations, and renders comparisons with prior periods and competitors less meaningful.

Adjusted EBITDA increased by \$162 million \$75 million to \$424 million and \$894 million while Adjusted EBITDA Margin increased from 14% to 20% remained consistent at 33% for the three months ended March 31, 2024 June 30, 2024 and 2023. Adjusted EBITDA increased by \$237 million to \$1.3 billion and Adjusted EBITDA margin increased from 25% to 27% for the six months ended June 30, 2024, compared to the same period in the prior year. The improvements in Adjusted EBITDA and Adjusted EBITDA Margin were primarily driven by the continued strength in our business and a modest increase in ADR, and discipline in managing our cost structure. The provision for income taxes increased primarily due to increased profitability and additional deferred tax expense resulting from last year's valuation allowance release on our U.S. deferred tax assets and the utilization of some of those assets in the current year, the accrual of interest on certain uncertain tax positions, partially offset by the income tax benefit from excess tax benefits on stock-based compensation arising during the quarter. three and six months ended June 30, 2024.

In 2021, the Organization for Economic Co-operation and Development ("OECD") established an inclusive framework on base erosion and profit shifting and agreed on a two-pillar solution to global taxation, focusing on global profit allocation, known to as Pillar One and a 15% global minimum effective tax rate, known as Pillar Two. On December 15, 2022, the EU member states agreed to implement the OECD's global minimum tax rate of 15%. The OECD issued Pillar Two model rules and continues to release guidance on these rules. The inclusive framework calls for tax law changes by participating countries to take effect in 2024 and 2025. Various countries have enacted or have announced plans to enact new tax laws to implement the global minimum tax. We considered the applicable tax law changes on Pillar Two implementation in the relevant countries, and concluded there was no material impact to our tax provision for the three and six months ended March 31, 2024 June 30, 2024. We will continue to evaluate the impact of these tax law changes on future reporting periods.

Liquidity and Capital Resources

Sources and Conditions of Liquidity

As of **March 31, 2024** **June 30, 2024**, our principal sources of liquidity were cash, cash equivalents and short-term investments totaling **\$11.1 billion** **\$11.3 billion**. As of **March 31, 2024** **June 30, 2024**, cash and cash equivalents totaled **\$7.8 billion** **\$7.9 billion**, which included **\$2.2 billion** **\$2.1 billion** held by our foreign subsidiaries. Cash and cash equivalents consist of checking and interest-bearing accounts and highly-liquid securities with an original maturity of 90 days or less. As of **March 31, 2024** **June 30, 2024**, short-term investments totaled **\$3.3 billion** **\$3.4 billion**. Short-term investments primarily consist of highly-liquid investment grade corporate debt securities, time deposits, commercial paper, certificates of deposit, U.S. government and government agency debt securities ("government bonds"), and mortgage-backed and asset-backed securities. These amounts do not include funds of **\$8.7 billion** **\$10.3 billion** as of **March 31, 2024** **June 30, 2024**, that we held for bookings in advance of guests completing check-ins that we record separately on our unaudited condensed consolidated balance sheet in funds receivable and amounts held on behalf of customers with a corresponding liability in funds payable and amounts payable to customers.

Our cash and cash equivalents are generally held at large global systemically important banks (or "G-SIBs") which are subject to high capital requirements and are required to regularly perform stringent stress tests related to their ability to absorb capital losses. Our cash, cash equivalents, and short-term investments held outside the United States may be repatriated, subject to certain limitations, and would be available to be used to fund our domestic operations. However, repatriation of such funds may result in additional tax liabilities. We believe that our existing cash, cash equivalents, and short-term investments balances in the United States are sufficient to fund our working capital needs in the United States.

We have access to \$1.0 billion of commitments and a \$200 million sub-limit for the issuance of letters of credit under the 2022 Credit Facility. As of **March 31, 2024** **June 30, 2024**, no amounts were drawn under the 2022 Credit Facility and outstanding letters of credit totaled \$25 million.

Material Cash Requirements

As of **March 31, 2024** **June 30, 2024**, we had outstanding \$2.0 billion in aggregate principal amount of indebtedness of our 0% convertible senior notes due in 2026. On March 3, 2021, in connection with the pricing of the 2026 Notes, we entered into privately negotiated capped call transactions (the "Capped Calls") with certain of the initial purchasers and other financial institutions (the "option counterparties") at a cost of approximately \$100 million. The cap price of the Capped Calls was \$360.80 per share of Class A common stock, which represented a premium of 100% over the last reported sale price of the Class A common stock of \$180.40 per share on March 3, 2021, subject to certain customary adjustments under the terms of the Capped Call Transactions.

Table of Contents

In February 2024, our board of directors approved an additional share repurchase program to purchase up to \$6.0 billion of our Class A common stock. During the three **and six** months ended **March 31, 2024** **June 30, 2024**, we repurchased an aggregate of **4.7 million** **4.9 million** and **9.6 million** shares of Class A common stock for **\$750** **\$749** million and **\$1.5 billion**, respectively through our share repurchase programs. As of **March 31, 2024** **June 30, 2024**, we had **\$6.0 billion** **\$5.3 billion** available to repurchase shares of Class A common stock under our share repurchase program.

Cash Flows

The following table summarizes our cash flows for the periods indicated (in millions):

	Three Months Ended March 31,		Six Months Ended June 30,	
	2023	2024	2023	2024
Net cash provided by operating activities				
Net cash provided by operating activities				
Net cash provided by operating activities				
Net cash used in investing activities				
Net cash provided by financing activities				
Effect of exchange rate changes on cash, cash equivalents and restricted cash				
Net increase in cash, cash equivalents, and restricted cash				

Net cash provided by operating activities for the **three** **six** months ended **March 31, 2024** **June 30, 2024** was **\$1.9 billion** **\$3.0 billion**, which was primarily due to net income of **\$264 million** **\$819 million**, additional cash provided by **a \$1.0 billion increase in** unearned fees **of \$1.2 billion**, resulting from growth in bookings, and **increase from** accrued expenses and other liabilities of **\$325 million** **\$230 million**. Additionally, we had adjustments for non-cash charges, primarily consisting of **\$295 million** **\$677 million** of stock-based compensation expense.

Net cash used in investing activities for the **three** **six** months ended **March 31, 2024** **June 30, 2024** was **\$84 million** **\$194 million**, which was primarily due to purchases of short-term investments, partially offset by proceeds resulting from sales and maturities of short-term investments.

Net cash provided by financing activities for the **three** **six** months ended **March 31, 2024** **June 30, 2024** was **\$2.1 billion** **\$2.9 billion**, primarily due to **a decrease** **an increase** in funds payable and amounts payable to customers of **\$3.0 billion** **\$4.7 billion**, partially offset by share repurchases of **\$750 million** **\$1.5 billion** and an increase in taxes paid related to net share settlement of equity awards of **\$155 million** **\$309 million**.

The effect of exchange rate changes on cash, cash equivalents, and restricted cash on our consolidated statements of cash flows relates to certain of our assets, principally cash balances held on behalf of customers, that are denominated in currencies other than the functional currency of certain of our subsidiaries. For the **three** **six** months ended **March 31, 2024** **June 30, 2024**, we recorded a decrease of **\$111 million** **\$202 million** in cash, cash equivalents, and restricted cash, primarily due to the strengthening of the U.S. dollar. The impact of exchange rate changes on cash balances can serve as a natural hedge for the effect of exchange rates on our liabilities to our hosts and guests.

We assess our liquidity in terms of our ability to generate cash to fund our short- and long-term cash requirements. As such, we believe that the cash flows generated from operating activities will meet our anticipated cash requirements in the short-term. In addition to normal working capital requirements, we anticipate that our short- and long-term cash requirements will include share repurchases, introduction of new products and offerings, timing and extent of spending to support our efforts to develop our platform, debt repayments, and expansion of sales and marketing activities. Our future capital requirements, however, will depend on many factors, including, but not limited to our growth, headcount, and ability to attract and retain customers on our platform. Additionally, we may in the future raise additional capital or incur additional indebtedness to continue to fund our strategic initiatives. On a long-term basis, we would rely on either our access to the capital markets or our credit facility for any long-term funding not provided by operating cash flows and cash on hand. In the event that additional financing is required from outside sources, we may seek to raise additional funds at any time through equity, equity-linked arrangements, and/or debt, which may not be available on favorable terms, or at all. If we are unable to raise additional capital when desired and at reasonable rates, our business, results of operations, and financial condition could be materially adversely affected. Our liquidity is subject to various risks including the risks identified in the section titled "Quantitative and Qualitative Disclosures about Market Risk" in Item 3.

Critical Accounting Estimates

Our discussion and analysis of our financial condition and results of operations are based upon our unaudited condensed consolidated financial statements, which have been prepared in accordance with U.S. GAAP. The preparation of these unaudited condensed consolidated financial statements requires us to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues, costs and expenses, and related disclosures. See "Management's Discussion and Analysis of Financial Condition and Results of Operations" in our 2023 Annual Report for a discussion of the assumptions and judgments involved in our critical accounting estimates. On an ongoing basis, we evaluate our estimates and assumptions. Our actual results may differ from these estimates under different assumptions or conditions.

Recent Accounting Pronouncements

See Note 2, *Summary of Significant Accounting Policies*, to our unaudited condensed consolidated financial statements included in Item 1 of Part 1 of this Quarterly Report on Form 10-Q for a description of recently adopted accounting pronouncements and recently issued accounting pronouncements not yet adopted.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

There have been no material changes in our market risk during the three **and six** months ended **March 31, June 30, 2024**. For additional information, see Part II, Item 7A. "*Quantitative and Qualitative Disclosures About Market Risk*" in our Annual Report on Form 10-K for the year ended December 31, 2023.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

Our management, with the participation of our principal executive officer and principal financial officer, conducted an evaluation of the effectiveness of the design and operation of our disclosure controls and procedures, as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act, as of the end of the period covered by this Quarterly Report on Form 10-Q. Based on that evaluation, our principal executive officer and principal financial officer have concluded that our disclosure controls and procedures were effective as of **March 31, 2024** **June 30, 2024**, the end of the period covered by this Quarterly Report on Form 10-Q, to provide reasonable assurance that information required to be disclosed by us in reports that we file or submit under the Exchange Act is (i) recorded, processed, summarized and reported within the time periods specified in the SEC rules and forms and (ii) accumulated and communicated to our management, including our principal executive officer and principal financial officer, as appropriate to allow timely decisions regarding required disclosure.

Changes in Internal Control Over Financial Reporting

There were no changes in our internal control over financial reporting, as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act, during the quarter ended **March 31, 2024** **June 30, 2024** that materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Limitations on Controls

Our disclosure controls and procedures and internal control over financial reporting are designed to provide reasonable assurance of achieving their desired objectives. Management does not expect, however, that our disclosure controls and procedures or our internal control over financial reporting will prevent or detect all error and fraud. Any control system, no matter how well designed and operated, is based upon certain assumptions and can provide only reasonable, not absolute, assurance that its objectives will be met. Further, no evaluation of controls can provide absolute assurance that misstatements due to error or fraud will not occur or that all control issues and instances of fraud, if any, within our company have been detected.

PART II - OTHER INFORMATION

Item 1. Legal Proceedings

We are currently involved in, and may in the future be involved in, legal proceedings, claims, and government investigations in the ordinary course of business. These include proceedings, claims, and investigations relating to, among other things, regulatory matters, commercial matters, intellectual property, competition, tax, employment, pricing, discrimination, consumer rights, personal injury, and property rights. See Note 9, *Commitments and Contingencies*, to our unaudited condensed consolidated financial statements included in Item 1 of Part 1 of this Quarterly Report on Form 10-Q.

Depending on the nature of the proceeding, claim, or investigation, we may be subject to monetary damage awards, fines, penalties, or injunctive orders. Furthermore, the outcome of these matters could materially adversely affect our business, results of operations, and financial condition. The outcomes of legal proceedings, claims, and government investigations are inherently unpredictable and subject to significant judgment to determine the likelihood and amount of loss related to such matters. While it is not possible to determine the outcomes, we believe based on our current knowledge that the resolution of all such pending matters will not, either individually or in the aggregate, have a material adverse effect on our business, results of operations, cash flows, or financial condition.

Item 1A. Risk Factors

There have been no material changes from the risk factors set forth in Part I, Item 1A of our Annual Report on Form 10-K for the fiscal year ended December 31, 2023 (the "Annual Report"). Our business, operations, and financial results are subject to various risks and uncertainties that could materially adversely affect our business, results of operations, financial condition, and the trading price of our Class A common stock. You should carefully read and consider the risks and uncertainties included in the Annual Report, together with all of the other information in the Annual Report and this Quarterly Report on Form 10-Q, including the section titled "Management's Discussion and Analysis of Financial Condition and Results of Operations" and our unaudited condensed consolidated financial statements and related notes, and other documents that we file with the U.S. Securities and Exchange Commission. The risks and uncertainties described in these reports may not be the only ones we face. The factors discussed in these reports, among others, could cause our actual results to differ materially from historical results and those expressed in forward-looking statements made by us or on our behalf in filings with the SEC, press releases, communications with investors, and oral statements.

Participation in any of Shares; Exercise Price. The Corporation and the Warrantholder (as defined below) hereby acknowledge that on October 26, 2020, the Corporation effected a 2-for-1 stock split with respect to its issued and outstanding shares of common stock and preferred stock (the "Stock Split"), and as a result, for value received [], or its permitted assigns (the "Warrantholder") Airbnb's employee benefit plans is entitled, upon the terms and expressly subject to the written terms and conditions hereinafter set forth herein, to acquire from the Corporation, contained in whole or in part, at any time after the date hereof, up to an aggregate of [] fully paid and nonassessable shares of Class A Common Stock at a purchase price per share of Class A Common Stock equal to the Exercise Price. The number of shares of Class A Common Stock (the "Shares") for which the Warrant is exercisable is subject to adjustment as provided herein, and all references to "Class A Common Stock" and "Shares" herein shall be deemed to include any such adjustment or series of adjustments. Notwithstanding any other provision hereof, if an exercise of any portion of this Warrant is to be made in connection with a Deemed Liquidation Event or other transaction by the Corporation, such exercise may at the election of the Warrantholder be conditioned upon the consummation of such transaction, in which case such exercise shall not be deemed to be effective until immediately prior to the consummation of such transaction. The Corporation hereby represents and warrants that as of December 14, 2020, there has not occurred any event of the type that would require an adjustment to the Exercise Price or the number of Shares issuable upon exercise of this Warrant pursuant to Section 12 of the Warrant other than (1) the Stock Split and (2) any event in respect of which the applicable subsection of Section 12 of the Warrant has been waived in accordance with Section 18 of the Warrant.

3. Exercise of Warrant; Term.

(i) Subject to Section 2, to the extent permitted by applicable laws and regulations, the right to purchase the Shares represented by this Warrant is exercisable, in whole or in part by the Warrantholder, at any time after the date hereof, but in no event later than 5:00 p.m., New York City time, April 17, 2030 (the "Expiration Time"), by (A) the surrender of this Warrant and Notice of Exercise annexed hereto, duly completed and executed on behalf of the Warrantholder, at the principal executive office of the Corporation located at 888 Brannan Street Suite 4 San Francisco, CA 94103 (or such other office or agency of the Corporation in the United States as it may designate by notice in writing to the Warrantholder at the address of the Warrantholder appearing on the books of the Corporation), and (B) payment of the Exercise Price in accordance with Section 3(ii).

(ii) The payment of the Exercise Price may be made, at the election of the Warrantholder, (A) by tendering in cash, by certified or cashier's check payable to the order of the Corporation, or by wire transfer of immediately available funds to an account designated by the Corporation or (B) on a "cashless basis," by surrendering Shares for that number of shares of Class A Common Stock equal to the quotient obtained by dividing (x) the product of the number of Shares surrendered, multiplied by the difference between the Exercise Price and the Market Price by (b) the

Market Price; provided, that, if the difference between the Exercise Price and the Market Price is equal to zero or a negative number (*i.e.*, the Exercise Price is greater than the Market Price), then the Warrant holder shall not be entitled to receive any Shares pursuant to a "cashless" exercise in accordance with this Section 3(ii). [For the avoidance of doubt, for purposes of clause (x) above, the phrase "number of Shares surrendered" shall mean the number of Shares as to which this Warrant is so exercised.]

(iii) If the Warrantholder does not exercise this Warrant in its entirety, the Warrantholder will be entitled to receive from the Corporation within a reasonable time, and in any event not exceeding three business days, a new warrant in substantially identical form for the purchase of that number of Shares equal to the difference between the number of Shares subject to this Warrant and the number of Shares as to which this Warrant is so exercised. Notwithstanding anything in this Warrant to the contrary, the Warrantholder hereby acknowledges and agrees that its exercise of this Warrant for Shares is subject to the condition that the Warrantholder will have first received any applicable Regulatory Approvals.

4. Issuance of Shares; Authorization; Listing. Certificates for Shares issued upon exercise of this Warrant will be issued in such name or names, subject to compliance with Section 8, as the Warrantholder may designate and will be delivered to such named Person or Persons within a reasonable time, not to exceed two Business Days after the date on which this Warrant has been duly exercised in accordance with the terms of this Warrant. The Corporation hereby represents and warrants that any Shares issued upon the exercise of this Warrant in accordance with the provisions of Section 3 will be duly and validly authorized and issued, fully paid and nonassessable and free from all taxes, liens and charges (other than liens or charges created by the Warrantholder, income and franchise taxes incurred by the Warrantholder in connection with the exercise of the Warrant or taxes incurred by the Warrantholder in respect of any transfer of Shares occurring contemporaneously therewith). The Corporation agrees that the Shares so issued will be deemed for all purposes to have been issued to the Warrantholder as of the close of business on the date on which this Warrant and payment of the Exercise Price are delivered to the Corporation in accordance with the terms of this Warrant, notwithstanding that the stock transfer books of the Corporation may then be closed or certificates representing such Shares may not be actually delivered on such date. The Corporation will at all times reserve and keep available, out of its authorized but unissued Class A Common Stock, solely for the purpose of providing for the exercise of this Warrant, the aggregate number of shares of Class A Common Stock issuable upon exercise of this Warrant, and will not take or permit any action that would result in an increase in the number of Shares issuable upon exercise of this Warrant without first properly authorizing and reserving any additional shares of Class A Common Stock necessary to comply with this Section 4. The Corporation will use its reasonable best efforts to ensure that the Shares may be issued without violation of any applicable law or regulation or of any requirement of any securities exchange on which the Shares are listed or traded, and, to the extent such Shares are listed or traded, to cause the Shares issuable upon exercise of this Warrant, as soon as reasonably practical after such exercise, to be listed on any such securities exchange. The Corporation and the Warrantholder will reasonably cooperate to take such other actions as are necessary to obtain any Regulatory Approvals or other approvals or authorizations of any Governmental Entities applicable to Warrantholder's exercise of its rights hereunder, including those applicable to the Corporation with respect to the issuance of the Shares. Before taking any action which would cause an adjustment pursuant to Section 12 to reduce the Exercise Price below the then par value (if any) of the Class A Common Stock, the Corporation shall take any and all corporate action which may, in the opinion of its counsel, be necessary in order that the Corporation may validly and legally issue fully paid and non-assessable shares of Class A Common Stock at the Exercise Price as so adjusted.

5. No Fractional Shares or Scrip. No fractional Shares or scrip representing fractional Shares shall be issued upon any exercise of this Warrant. In lieu of any fractional Share to which the Warrantholder would otherwise be entitled, the Warrantholder shall be entitled to receive a cash payment equal to (i) the Market Price of one share of Class A Common Stock on the last trading day preceding the date of exercise less the Exercise Price for one such share, multiplied by (ii) the relevant fraction.

6. No Rights as Stockholders; Transfer Books. This Warrant does not entitle the Warrantholder to any voting rights or other rights as a stockholder of the Corporation prior to the date of exercise hereof. The Corporation will at no time close its transfer books in any manner which interferes with the timely exercise of this Warrant.

7. Charges, Taxes and Expenses. Issuance of certificates for Shares to the Warrantholder upon the exercise of this Warrant shall be made without charge to the Warrantholder for any issue or transfer tax or other incidental expense in respect of the issuance of such certificates, all of which taxes and expenses shall be paid by the Corporation.

8. Transfer/Assignment.

(i) Subject to compliance with clauses (ii) and (iii) of this Section 8, this Warrant and all rights hereunder are transferable, in whole or in part, by the registered holder hereof in person or by duly authorized attorney. Following any transfer that is permissible in accordance with the Transfer Restrictions Agreements, the Warrantholder shall provide the Corporation notice thereof and, if the Warrantholder requests, a new warrant shall be made and delivered by the Corporation, of the same tenor and date as this Warrant but registered in the name of one or more transferees, upon surrender of this Warrant, duly endorsed, to the office or agency of the Corporation described in Section 3. All expenses (other than stock transfer taxes) and other charges payable in connection with the preparation, execution and delivery of the new warrants pursuant to this Section 8 shall be paid by the Corporation.

(ii) Notwithstanding anything herein to the contrary, this Warrant and all rights hereunder, and any Shares issued upon exercise of this Warrant, are subject to the applicable restrictions on transfer and other provisions as set forth in the Transfer Restrictions Agreements, which TAO Finance 1, LLC, TCS Finance (A), LLC, Redwood IV Finance 1, LLC, TCS Finance 1, LLC and the Corporation executed and delivered in connection with the issuance of the Original Warrants.

(iii) If and for so long as required by the Transfer Restrictions Agreements, this Warrant and any Shares issued upon exercise of this Warrant shall contain a legend in the form required by and as set forth in the Transfer Restrictions Agreements.

9. Exchange and Registry of Warrant. This Warrant is exchangeable, upon the surrender hereof by the Warrantholder to the Corporation and without payment of any charge, for a new warrant or warrants of like tenor and representing the right to purchase the same aggregate number of Shares. The Corporation shall maintain a registry showing the name and address of the Warrantholder as the registered holder of this Warrant. This Warrant may be surrendered for exchange or exercise, in accordance with its terms, at the office of the Corporation, and the Corporation shall be entitled to rely in all respects, prior to written notice to the contrary, upon such registry.

10. Loss, Theft, Destruction or Mutilation of Warrant. Upon receipt by the Corporation of evidence reasonably satisfactory to it of the loss, theft, destruction or mutilation of this Warrant, and in the case of any such loss, theft or destruction, upon receipt of a bond, indemnity or security reasonably satisfactory to the Corporation, or, in the case of any such mutilation, upon surrender and cancellation of this Warrant, the Corporation shall make and deliver, in lieu of such lost, stolen, destroyed or mutilated Warrant, a new Warrant of like tenor and representing the right to purchase the same aggregate number of Shares as provided for in such lost, stolen, destroyed or mutilated Warrant.

11. Saturdays, Sundays, Holidays, etc. If the last or appointed day for the taking of any action or the expiration of any right required or granted herein shall not be a Business Day, then such action may be taken or such right may be exercised on the next succeeding day that is a Business Day.

12. Adjustments and Other Rights. The Exercise Price and the number of Shares issuable upon exercise of this Warrant shall be subject to adjustment from time to time as follows; provided, that if more than one subsection of this Section 12 is applicable to a single event and the application of more than one subsection would result in duplication of the appropriate adjustment from such event, the Adjustment Notice (as defined below) shall so indicate and the Warrantholder shall elect by written notice

to the Corporation which subsection of this Section 12 shall apply, with the Corporation and the Warrantholder bound by the Warrantholder's election:

(i) Stock Splits, Subdivisions, Reclassifications or Combinations. If the Corporation shall (i) declare and pay a dividend or make a distribution on its Common Stock in shares of Common Stock, (ii) subdivide or reclassify the outstanding shares of Common Stock into a greater number of shares or (iii) combine or reclassify the outstanding shares of Common Stock into a smaller number of shares, the number of Shares issuable upon exercise of this Warrant at the time of the record date for such dividend or distribution or the effective date of such subdivision, combination or reclassification shall be proportionately adjusted so that the Warrantholder, effective as of the close of business on such date, shall be entitled to receive, upon exercise of this Warrant, the number of shares of Common Stock which such holder would have owned or been entitled to receive in respect of the shares of Common Stock subject to this Warrant after such date had this Warrant been exercised immediately prior to such date. In such event, the Exercise Price in effect at the time of the record date for such dividend or distribution or the effective date of such subdivision, combination or reclassification shall be adjusted to the number obtained by dividing (x) the product of (1) the number of Shares issuable upon the exercise of this Warrant before such adjustment and (2) the Exercise Price in effect immediately prior to the record or effective date, as the case may be, for the dividend, distribution, subdivision, combination or reclassification giving rise to this adjustment by (y) the new number of Shares issuable upon exercise of the Warrant determined pursuant to the immediately preceding sentence.

(ii) Certain Issuances of Common Shares or Convertible Securities. If the Corporation shall issue shares of Common Stock (or rights or warrants or other securities exercisable or convertible into or exchangeable (collectively, a "conversion") for shares of Common Stock) (collectively, "convertible securities") (other than in a Permitted Transaction or a transaction to which subsection (i) of this Section 12 is applicable) at a price per share (or having a conversion or exercise price per share) that is less than the Exercise Price in effect immediately prior to such issuance of such shares (or such convertible securities) (the "Pre-Issuance Exercise Price") then, in such event, (A) there shall be calculated a fraction (I) the denominator of which shall be the sum of (x) the number of shares of Common Stock of the Corporation outstanding on such date and (y) the number of additional shares of Common Stock issued (or into which convertible securities may be exercised or convert) and (II) the numerator of which shall be the sum of (1) the number of shares of Common Stock outstanding on such date and (2) the number of shares of Common Stock which the aggregate consideration receivable by the Corporation for the total number of shares of Common Stock so issued (or into which convertible securities may be exercised or convert) would purchase at the Pre-Issuance Exercise Price (such fraction, the "Adjustment Factor"); and (B) the Exercise Price payable upon exercise of the Warrant shall be adjusted by multiplying such Pre-Issuance Exercise Price by the Adjustment Factor. For the avoidance of doubt, no adjustment shall be implemented under this subsection unless the Adjustment Factor is less than 1.0. For purposes of the foregoing calculations, all shares of Common Stock issuable upon exercise of Options (as defined in the Restated Certificate) outstanding immediately prior to such issuance or upon conversion or exchange of Convertible Securities (as defined in the Restated Certificate) (including the Preferred Stock (as defined in the Restated Certificate)) outstanding (assuming exercise of any outstanding Options (as defined in the Restated Certificate) therefor) immediately prior to such issuance shall be treated as outstanding shares of Common Stock.

For purposes of the foregoing, (a) "Permitted Transactions" shall mean issuances of Exempted Securities; and (b) in the case of the issuance of shares of Common Stock or convertible securities without consideration, the consideration shall be deemed to be the par value per share of Class A Common Stock. Any adjustment made pursuant to this Section 12(ii) shall become effective immediately upon the date of such issuance.

Upon the expiration or termination of any unexercised, unconverted or unexchanged convertible security (or portion thereof) the issuance of which resulted in an adjustment pursuant to this Section

12(ii), the number of Shares issuable upon exercise of this Warrant and the Exercise Price shall be recalculated assuming such convertible security (or portion thereof) had never been issued and such adjustment so recalculated shall become effective immediately upon the date of such expiration or termination.

(iii) Other Distributions. In case the Corporation shall fix a record date for the making of a distribution to all holders of shares of its Common Stock of securities, evidences of indebtedness, assets, cash, rights or warrants (excluding dividends or distributions referred to in Section 12(i)), in each such case, the Exercise Price in effect prior to such record date shall be reduced immediately thereafter to the price determined by multiplying the Exercise Price in effect immediately prior to the reduction by the quotient of (x) the Market Price of the Common Stock on the last trading day preceding the first date on which the Common Stock trades without the right to receive such distribution, minus the amount of cash or publicly traded securities or the Fair Market Value of any non-publicly traded securities, evidences of indebtedness, assets, rights or warrants to be so distributed in respect of one share of Common Stock (the “Per Share Fair Market Value”) divided by (y) such Market Price on such date specified in clause (x); such adjustment shall be made successively whenever such a record date is fixed. In such event, the number of Shares issuable upon the exercise of this Warrant shall be increased to the number obtained by dividing (x) the product of (1) the number of Shares issuable upon the exercise of this Warrant before such adjustment, and (2) the Exercise Price in effect immediately prior to the distribution giving rise to this adjustment by (y) the new Exercise Price determined in accordance with the immediately preceding sentence. In the event that such distribution is not so made, the Exercise Price and the number of Shares issuable upon exercise of this Warrant then in effect shall be readjusted, effective as of the date when the Board of Directors determines not to distribute such shares, evidences of indebtedness, assets, rights, cash or warrants, as the case may be, to the Exercise Price that would then be in effect and the number of Shares that would then be issuable upon exercise of this Warrant if such record date had not been fixed.

(iv) Certain Repurchases of Common Stock. In case the Corporation effects a Pro Rata Repurchase of Common Stock, then the Exercise Price shall be adjusted to the price determined by multiplying the Exercise Price in effect immediately prior to the effective date of such Pro Rata Repurchase by a fraction of which the numerator shall be (i) the product of (x) the number of shares of Common Stock outstanding immediately before such Pro Rata Repurchase and (y) the Market Price of a share of Common Stock on the trading day immediately preceding the first public announcement by the Corporation or any of its Affiliates of the intent to effect such Pro Rata Repurchase, minus (ii) the aggregate purchase price of the Pro Rata Repurchase, and of which the denominator shall be the product of (i) the number of shares of Common Stock outstanding immediately prior to such Pro Rata Repurchase minus the number of shares of Common Stock so repurchased and (ii) the Market Price per share of Common Stock on the trading day immediately preceding the first public announcement by the Corporation or any of its Affiliates of the intent to effect such Pro Rata Repurchase. In such event, the number of shares of Common Stock issuable upon the exercise of this Warrant shall be adjusted to the number obtained by dividing (x) the product of (1) the number of Shares issuable upon the exercise of this Warrant before such adjustment, and (2) the Exercise Price in effect immediately prior to the Pro Rata Repurchase giving rise to this adjustment by (y) the new Exercise Price determined in accordance with the immediately preceding sentence.

(v) Deemed Liquidation Event. In the event the Corporation is a party to any Deemed Liquidation Event, the Corporation shall give the Warrantheholder at least 10 days' advance written notice (each, a “Transaction Notice”) of the anticipated date for such Deemed Liquidation Event. If the Corporation has delivered a Transaction Notice and the Warrantheholder has not elected to exercise

this Warrant under Section 3 in connection with such Deemed Liquidation Event, or if the Expiration Time is set to occur prior the consummation of such Deemed Liquidation Event, then upon the effective date of, and immediately prior to, the consummation of such Deemed Liquidation Event or immediately prior to such Expiration Time, as applicable, this Warrant shall be automatically deemed to be exercised in full on a “cashless basis” pursuant to and in accordance with Section 3(ii) (provided, that the Market Price of one share of Class A Common Stock shall be deemed to be equal to the applicable aggregate consideration in respect of one share of Class A Common Stock that is payable upon the closing of such Deemed Liquidation Event (based on the amount of any such consideration in the form of cash or publicly traded securities and the Fair Market Value of any such consideration in the form of non-publicly traded securities or other property or assets)); provided, that if, at such time such applicable aggregate consideration in respect of one share of Class A Common Stock is less than the Exercise Price, then this Warrant shall instead cease to be exercisable and shall terminate in full for no consideration.

(vi) Liquidation. In the event of any dissolution, liquidation or winding-up, whether voluntary or involuntary, of the Corporation, or if any other dissolution of the Corporation by operation of law is effected, then each Warrantholder shall be entitled to receive any applicable distributions with respect to its Warrant on an equal basis with the holders of Class A Common Stock, as if such Warrant had been exercised immediately prior to such event, less the aggregate applicable Exercise Price. Nothing in this subsection (vi) shall have the effect of requiring a Warrantholder to make any actual payment to the Corporation.

(vii) Certain Events. If any event of the type contemplated by the provisions of this Section 12 but not expressly provided for by such provisions occurs, then the Corporation shall make an appropriate adjustment in the number of Shares issuable upon exercise of this Warrant so as to protect the rights of the Warrantholder in a manner consistent with the provisions of this Section 12; provided, that no such adjustment pursuant to this Section 12(vii) shall decrease the number of Shares issuable pursuant to this Warrant.

(viii) Rounding of Calculations; Minimum Adjustments. All calculations under this Section 12 shall be made to the nearest one-tenth (1/10th) of a cent or to the nearest one-hundred thousandth (1/100,000th) of a share, as the case may be. Any provision of this Section 12 to the contrary notwithstanding, no adjustment in the Exercise Price or the number of Shares into which this Warrant is exercisable shall be made if the amount of such adjustment would be less than the greater of \$0.01 or one-ten thousandth (1/10,000th) of a share of Class A Common Stock, but any such amount shall be carried forward and an adjustment with respect thereto shall be made at the time of and together with any subsequent adjustment which, together with such amount and any other amount or amounts so carried forward, shall aggregate \$0.01 or 1/10,000th of a share of Class A Common Stock, or more.

(ix) Timing of Issuance of Additional Class A Common Stock Upon Certain Adjustments. In any case in which the provisions of this Section 12 shall require that an adjustment shall become effective immediately after a record date for an event, the Corporation may defer until the occurrence of such event (i) issuing to the Warrantholder of this Warrant exercised after such record date and before the occurrence of such event the additional shares of Class A Common Stock issuable upon such exercise by reason of the adjustment required by such event over and above the shares of Class A Common Stock issuable upon such exercise before giving effect to such adjustment and (ii) paying to such Warrantholder any amount of cash in lieu of a fractional share of Class A Common Stock; provided, however, that the Corporation upon request shall deliver to such Warrantholder a due bill or other

appropriate instrument evidencing such Warrantholder's right to receive such additional shares, and such cash, upon the occurrence of the event requiring such adjustment.

(x) Statement Regarding Adjustments. Whenever the Exercise Price or the number of Shares into which this Warrant is exercisable shall be adjusted as provided in Section 12, the Corporation shall forthwith file at the principal office of the Corporation a statement showing in reasonable detail the facts requiring such adjustment and the Exercise Price that shall be in effect and the number of Shares or type of other securities or property into which this Warrant shall be exercisable after such adjustment, and the Corporation shall also cause a copy of such statement to be provided to each Warrantholder in the manner described in Section 19.

(xi) Notice of Adjustment Event. In the event that the Corporation shall (x) propose to take any action of the type described in this Section 12 (but only if the action of the type described in this Section 12 would result in an adjustment in the Exercise Price or the number of Shares into which this Warrant is exercisable or a change in the type of securities or property to be delivered upon exercise of this Warrant), the Corporation shall in any such case give prior written notice (an "Adjustment Notice") to the Warrantholder, in the manner set forth in Section 19, which notice shall specify the record date, if any, with respect to any such action, the approximate date on which such action is to take place, and a description of such action in reasonable detail. Such notice shall also set forth the facts with respect thereto as shall be reasonably necessary to indicate the effect on the Exercise Price and the number, kind or class of shares or other securities or property which shall be deliverable upon exercise of this Warrant. In the case of any such action which would require the fixing of a record date, such notice shall be given at least 10 days prior to the date so fixed (provided that, with respect to any applicable stock split, subdivision, reclassification or combination described in Section 12(i), such notice shall be given on the date so fixed), and in case of all other action, such notice shall be given at least 10 days prior to the taking of such proposed action. Failure to give such notice, or any defect therein, shall not affect the legality or validity of any such action.

(xii) Proceedings Prior to Any Action Requiring Adjustment. As a condition precedent to the taking of any action which would require an adjustment pursuant to this Section 12, the Corporation shall take any action which may be necessary, including obtaining regulatory, stock exchange or stockholder approvals or exemptions, in order that the Corporation may thereafter validly and legally issue as fully paid and nonassessable all shares of Common Stock or other securities or property that the Warrantholder is entitled to receive upon exercise of this Warrant pursuant to this Section 12.

(xiii) Adjustment Rules. Any adjustments pursuant to this Section 12 shall be made successively whenever an event referred to herein shall occur. If an adjustment in Exercise Price made hereunder would reduce the Exercise Price to an amount below par value of the Class A Common Stock, then such adjustment in Exercise Price made hereunder shall reduce the Exercise Price to the par value of the Class A Common Stock.

13. [Reserved.] [Letter Agreement. In connection with the issuance of the Original Warrant, an affiliate of the Warrantholder, TCS Finance (A), LLC ("TCS Finance (A)") and the Corporation have executed and delivered a letter agreement, dated as of April 6, 2020 (as amended, restated, supplemented or modified from time to time, the "Letter Agreement"), pursuant to which, among other things, the Warrantholder TCS Finance (A) and the Corporation executed and delivered amendments to the Investor Rights Agreement and ROFR and Co-Sale Agreement, providing that TCS Finance (A), and the

Warrantholder, as an Affiliate of TCS Finance (A), may, in certain circumstances, be deemed to be, and may, in certain circumstances, have the rights and obligations of, (i) a "Major Investor" for purposes of the Investor Rights Agreement and (ii) an "Investor" (as defined in the ROFR and Co-Sale Agreement) for purposes of the ROFR and Co-Sale Agreement, in each case upon the terms and subject to the conditions set forth in such amendments, as applicable.]

14. **No Impairment.** Except for any action that may be taken by the Corporation with the requisite consent of the Major Investors, the Investors (as defined in the Investor Rights Agreement) and/or the Investors (as defined in the ROFR and Co-Sale Agreement), the Corporation shall not, by amendment of its Restated Certificate, Bylaws or any of its other governance documents (including but not limited to the Investor Rights Agreement, the ROFR and Co-Sale Agreement and other agreement governing the rights and obligations of shareholders of the Corporation), or through any reorganization, transfer of assets, consolidation, merger, dissolution, issue or sale of securities, or any other voluntary action, avoid or seek to avoid the observance or performance of any of the terms to be observed or performed by it hereunder, but shall at all times in good faith assist in the carrying out of all the provisions of this Warrant and in the taking of all such action as may reasonably be requested by the Warrantholder in order to protect the exercise rights of the Warrantholder, consistent with the terms of this Warrant.

15. **Governing Law.** This Warrant will be governed by and construed in accordance with the laws of the State of Delaware applicable to contracts made and to be performed entirely within such State. To the extent permitted by applicable law, each of the parties hereto hereby unconditionally waives trial by jury in any legal action or proceeding relating to this Warrant.

16. **Binding Effect.** This Warrant shall be binding upon any successors or assigns of the Corporation.

17. **Equitable Relief.** Each party hereto acknowledges that a breach or threatened breach by it of any of its obligations under this Warrant would give rise to irreparable harm to the other party for which monetary damages would not be an adequate remedy and hereby agrees that in the event of a breach or a threatened breach by such party of any such obligations, the other party shall, in addition to any and all other rights and remedies that may be available to it in respect of such breach, be entitled to seek equitable relief, including a restraining order, an injunction, specific performance and any other relief that may be available from a court of competent jurisdiction.

18. **Amendments.** This Warrant may be modified or amended and the observance of any term of this Warrant may be waived, in each case, only with the written consent of the Corporation and the Warrantholder. No failure or delay by either party in exercising any right, power or privilege hereunder shall operate as a waiver thereof nor shall any single or partial exercise thereof preclude any other or further exercise thereof or the exercise of any other right, power or privilege.

19. **Notices.** Any notice, request, instruction or other document to be given hereunder by any party to the other will be in writing and will be deemed to have been duly given (a) on the date of delivery if delivered personally, or by facsimile, upon confirmation of receipt, or (b) on the second Business Day following the date of dispatch if delivered by a recognized next day courier service. Arbitration

You and Airbnb, Inc. (the "**Parties**") each agree that any and all controversies, disputes or claims arising out of, relating to or concerning your employment relationship or the termination thereof, including without limitation, the validity, enforceability, interpretation of this agreement to arbitrate, and including, but not limited to, claims for unpaid wages, wrongful termination, claims relating to equity interests that may have been granted to you, and/or any other claims arising from your employment whether sounding in tort, contract, federal, state, local or other statutory violation or otherwise, and without regard to legal characterization of theory, shall be brought only in your individual capacity and finally resolved on an individual basis (to the fullest extent permitted under applicable law) through binding arbitration by JAMS under the JAMS Employment Arbitration Rules and Procedures then effect and subject to the JAMS Policy on Employment Arbitration Minimum Standards of Procedural Fairness (the "**JAMS Rules**"), available at www.jamsadr.com or upon request to HR, and in accordance with the Federal Arbitration Act ("**FAA**").

The arbitration shall be before a single arbitrator appointed pursuant to the JAMS Rules and shall occur in San Francisco County California, or alternatively in the county of your primary work location, if you are based outside of San Francisco. The award shall be a reasoned written decision, that states the factual and legal conclusions and legal basis therefore, and shall be in English. The agreement to arbitrate does not restrict your right to file administrative claims you may bring before any government agency where you are permitted by law to file such claims (including the National Labor Relations Board, the Equal Opportunity Commission and the Department of Labor), or prevent you from pursuing claims for which this agreement would be invalid as a matter of law. The Parties further agree that this Agreement is intended to be strictly construed to provide for arbitration as the sole and exclusive means for resolution of all disputes hereunder to the fullest extent permitted by law. The Parties expressly waive any entitlement to have such controversies decided by a court or a jury. The Parties agree that judgment on any award in arbitration shall be enforceable in any court with competent jurisdiction. This clause shall not preclude either Party from seeking provisional remedies in aid of arbitration from a court of competent jurisdiction.
