### NOTE 3 – EARNINGS PER SHARE AND CASH DIVIDENDS

The Company presents net income attributable to Movado Group, Inc. after adjusting for noncontrolling interests, as applicable, per share on a basic and diluted basis. Basic earnings per share is computed using weighted-average weighted average shares outstanding during the period. Diluted earnings per share is computed using the weighted-average weighted average number of shares outstanding adjusted for dilutive common stock equivalents.

The number of shares used in calculating basic and diluted earnings per share is as follows (in thousands):

	Three Months Ended October 31,		Nine Months Ended October 31,		Three Months Ended April 30,	
	2023	2022	2023	2022	2024	2023
Weighted average common shares outstanding:						
Basic	22,209	22,379	22,222	22,590	22,253	22,226
Effect of dilutive securities:						
Stock awards and options to purchase shares of common stock	468	415	419	454	420	446
Diluted	22,677	22,794	22,641	23,044	22,673	22,672

7

For the three months ended October 31, 2023 April 30, 2024 and 2022, 2023, approximately 497,000 590,000 and 433,000 345,000, respectively, of potentially dilutive common stock equivalents were excluded from the computation of diluted earnings per share because their effect would have been antidilutive. ## NOTE 5 – DEBT AND LINES OF CREDIT

On October 12, 2018, the Company, together with Movado Group Delaware Holdings Corporation, Movado Retail Group, Inc. and Movado LLC (together with the Company, the “U.S. Borrowers”), each a wholly owned domestic subsidiary of the Company and Movado Watch Company S.A. its U.S. and MGI Luxury Group S.A., each a wholly owned Swiss subsidiary of subsidiaries (collectively, the Company, entered into “Borrowers”) are parties to an Amended and Restated Credit Agreement originally dated October 12, 2018 (as subsequently amended, the “Credit Agreement”) with the lenders party thereto and Bank of America, N.A. as administrative agent (in such capacity, the “Agent”). As a result of the merger of Movado Watch Company S.A. into MGI Luxury Group S.A. in July 2022, MGI Luxury Group S.A. (subsequently renamed MGI Luxury Group GmbH as a result of the conversion of its corporate form) became the sole Swiss subsidiary of the Company party to the Credit Agreement (in such capacity, the “Swiss Borrower” and, together with the U.S. Borrowers, the “Borrowers”). The Credit Agreement provides for a \$100.0 million senior secured revolving credit facility (the “Facility”) and has a maturity date of October 28, 2026. The Facility includes a \$15.0 million letter of credit subfacility, a \$25.0 million swingline subfacility and a \$75.0 million sublimit for borrowings by the Swiss Borrower, with provisions for uncommitted increases to the Facility of up to \$50.0 million in the aggregate subject to customary terms and conditions. The Credit Agreement contains affirmative and negative covenants binding on the Company and its subsidiaries that are customary for credit facilities of this type, including, but not limited to, restrictions and limitations on the incurrence of debt and liens, dispositions of assets, capital expenditures, dividends and other payments in respect of equity interests, the making of loans and equity investments, mergers, consolidations, liquidations and dissolutions, and transactions with affiliates (in each case, subject to various exceptions).

The borrowings under the Facility are joint and several obligations of the Borrowers and are also cross-guaranteed by each Borrower, except that the Swiss Borrower is not liable for, nor does it guarantee, the obligations of the U.S. Borrowers. In addition, the Borrowers’ obligations under the Facility are secured by first priority liens, subject to permitted liens, on substantially all of the U.S. Borrowers’ assets other than certain excluded assets. The Swiss Borrower does not provide collateral to secure the obligations under the Facility.

As of both October 31, 2023 April 30, 2024, and October 31, 2022 April 30, 2023, there were no amounts of loans outstanding under the Facility. Availability under the Facility was reduced by the aggregate number of letters of credit outstanding, issued in connection with retail and operating facility leases to various landlords and for Canadian payroll to the Royal Bank of Canada, totaling approximately \$0.3 million at both October 31, 2023 April 30, 2024 and October 31, 2022 April 30, 2023. At October 31, 2023 April 30, 2024, the letters of credit have expiration dates through May 31, 2024 April 28, 2025. As of both October 31, 2023 April 30, 2024, and October 31, 2022 April 30, 2023, availability under the Facility was \$99.7 million.

The Company had weighted average borrowings under the Facility of zero during both the three and nine months ended October 31, 2023 April 30, 2024 and 2022, respectively, 2023.

A The Company's Swiss subsidiary of the Company maintains unsecured lines of credit with a Swiss bank that are subject to repayment upon demand. As of October 31, 2023 April 30, 2024, and 2022, 2023, there were no borrowings against these lines. As of October 31, 2023 April 30, 2024 and 2022, 2023, two European banks had guaranteed obligations to third parties on behalf of two of the Company's foreign subsidiaries in the dollar equivalent of \$1.5 1.3 million, and \$1.1 million, respectively, for both periods, in various foreign currencies, of which \$0.8 0.7 million (\$0.1 million was refunded in November) and \$0.5 0.6 million, respectively, was a restricted deposit as it relates to lease agreements.

Cash paid for interest, including unused commitments fees and amortization of debt fees, was \$0.2 0.1 million for both the nine-month three month periods ended October 31, 2023 April 30, 2024 and October 31, 2022 April 30, 2023.

## NOTE 7 – FAIR VALUE MEASUREMENTS

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Accounting guidance establishes a fair value hierarchy which prioritizes the inputs used in measuring fair value into three broad levels as follows:

- Level 1 – Quoted prices in active markets for identical assets or liabilities.
- Level 2 – Inputs, other than the quoted prices in active markets, that are observable either directly or indirectly.
- Level 3 – Unobservable inputs based on the Company's assumptions.

The guidance requires the use of observable market data if such data is available without undue cost and effort.

The following tables present the fair value hierarchy for those assets and liabilities measured at fair value on a recurring basis as of **October 31, 2023**, **April 30, 2024** and **January 31, 2023**, **January 31, 2024** (in thousands):

The fair values of the Company's available-for-sale securities are based on quoted market prices. The fair value of the short-term investment, which is a guaranteed investment certificate, is based on its purchase price plus one half of a percent calculated annually. The assets related to the Company's defined contribution supplemental executive retirement plan ("SERP") consist of both employer (employee unvested) and employee assets which are invested in investment funds with fair values calculated based on quoted market prices. The SERP liability represents the Company's liability to the employees in the plan for their vested balances. The hedge derivatives consist of cash flow hedging instruments and forward contracts (see Note 6 for further discussion) and are entered into by the Company principally to reduce its exposure to Swiss Franc and Euro exchange rate risks. Fair values of the Company's hedge derivatives are calculated based on quoted foreign exchange rates and quoted interest rates.

The Company sponsors a defined benefit pension plan in Switzerland. The plan covers certain international employees and is based on years of service and compensation on a career-average pay basis. The assets within the plan are classified as a Level 3 asset within the fair value hierarchy and consist of an investment in pooled assets and include separate employee accounts that are invested in equity securities, debt securities and real estate. The values of the separate accounts invested are based on values provided by the administrator of the funds that cannot be readily derived from or corroborated by observable market data. The value of the assets is part of the defined benefit plan and included in other non-current liabilities at October 31, 2023 and January 31, 2023 and other non-current assets in the consolidated balance sheets Consolidated Balance Sheets at October 31, 2022 April 30, 2024, January 31, 2024, and April 30, 2023.

There were no transfers between any levels of the fair value hierarchy for any of the Company's fair value measurements.

#### *Investments Without Readily Determinable Fair Values*

From time to time the Company may make minority investments in growth companies in the consumer products sector and other sectors relevant to its business, including certain of the Company's suppliers and customers, as well as in venture capital funds that invest in companies in media, entertainment, information technology and technology-related fields and in digital assets. Through fiscal 2023, 2024, the Company invested approximately \$5.3 8.4 million and during the first nine months quarter of fiscal 2024, 2025, the Company invested an additional \$2.0 3.1 million in venture capital funds. The Company has evaluated and will regularly evaluate the carrying value of its investments. One consumer products company in which the Company made an equity investment in fiscal year 2022 sold its business and assets in the first quarter of fiscal 2024 in a transaction that is expected to yield little or no return for equity holders. As a result, the Company has fully impaired its \$0.5 million investment in this entity in the first quarter of fiscal 2024 and is recorded in Other income, net in the Consolidated Statements of Operations. The carrying value of the investments are recorded in Other non-current assets in the Consolidated Balance Sheets at October 31, 2023 April 30, 2024, January 31, 2023 January 31, 2024 and October 31, 2022 April 30, 2023.

#### **NOTE 8 – COMMITMENTS AND CONTINGENCIES**

The Company has minimum commitments related to the Company's license agreements and endorsement agreements with brand ambassadors, and also includes service agreements. The Company sources, distributes, advertises and sells watches and jewelry pursuant to its exclusive license agreements with unaffiliated licensors. Royalty amounts under the license agreements are generally based on a stipulated percentage of revenues, although most of these agreements contain provisions for the payment of minimum annual royalty amounts. The license agreements have various terms, and some have renewal options, provided that minimum sales levels are achieved. Additionally, the license agreements require the Company to pay minimum annual advertising amounts.

11

The Company believes that income tax reserves are adequate; however, amounts asserted by taxing authorities could be greater or less than amounts accrued and reflected in the consolidated balance sheet. Consolidated Balance Sheet. Accordingly, the Company could record adjustments to the

11

amounts for federal, state, and foreign liabilities in the future as the Company revises estimates or settles or otherwise resolves the underlying matters. In the ordinary course of business, the Company may take new positions that could increase or decrease unrecognized tax benefits in

future periods.

In December 2016, U.S. Customs and Border Protection ("U.S. Customs") issued an audit report concerning the methodology used by the Company to allocate the cost of certain watch styles imported into the U.S. among the component parts of those watches for tariff purposes. The report disputed the reasonableness of the Company's historical allocation formulas and proposed an alternative methodology that would imply \$5.1 million in underpaid duties for all imports that entered the United States during the audit period which extended from August 1, 2011 through July 15, 2016, plus possible penalties and interest. Although the Company believes that U.S. Customs' alternative duty methodology and estimate are not consistent with the Company's facts and circumstances and has consistently disputed U.S. Customs' position, the Company established reserves for a portion of the alleged underpayment indicated in the audit report. Between February 2017 and January 2021, the Company made numerous submissions to U.S. Customs containing supplemental analyses and information in response to U.S. Customs' information requests. On May 1, 2023, the statute of limitations lapsed with respect to all entries encompassed by the audit period. As a result, during the second quarter of fiscal 2024, the Company released the reserves that it had established in respect of those entries.

The Company is involved in legal proceedings and claims from time to time, in the ordinary course of its business. Legal reserves are recorded in accordance with the accounting guidance for contingencies. Contingencies are inherently unpredictable and it is possible that results of operations, balance sheets or cash flows could be materially and adversely affected in any particular period by unfavorable developments in, or resolution or disposition of, such matters. For those legal proceedings and claims for which the Company believes that it is probable that a reasonably estimable loss may result, the Company records a reserve for the potential loss. For proceedings and claims where the Company believes it is reasonably possible that a loss may result that is materially in excess of amounts accrued for the matter, the Company either discloses an estimate of such possible loss or range of loss or includes a statement that such an estimate cannot be made. As of **October 31, 2023** **April 30, 2024**, the Company is party to legal proceedings and contingencies, the resolution of which is not expected to materially affect its financial condition, future results of operations beyond the amounts accrued, or cash flows.

#### NOTE 9 – INCOME TAXES

The Company recorded an income tax provision of \$**4.5** **2.3** million and \$**8.4** **2.5** million for the three months ended **October 31, 2023** **April 30, 2024** and **2022**, **2023**, respectively.

The effective tax rate was **20.4** **42.9**% and **21.9** **21.5**% for the three months ended **October 31, 2023** **April 30, 2024** and **2022**, **2023**, respectively. The significant components of the effective tax rate changed primarily due to **changes in jurisdictional earnings and return to provision adjustments recorded in the prior year.**

**The Company recorded an income tax provision of \$9.9 million and \$20.9 million for the nine months ended October 31, 2023 and 2022, respectively.**

**The effective tax rate was 22.0% and 22.1% for the nine months ended October 31, 2023 and 2022, respectively. The significant components of the effective tax rate changed primarily due to the release of certain foreign valuation allowances in the prior year and a limitation on a portion of the foreign tax credits and deductions related to the tax on GILTI, partially offset by return to provision adjustments recorded in the prior year. Global Intangible Low-Taxed Income ("GILTI") and no tax benefit being recognized on certain foreign losses.**

At **October 31, 2023** **April 30, 2024**, the Company had no deferred tax liability for substantially all of the undistributed foreign earnings of approximately \$**286.6** **305.2** million because the Company intends to permanently reinvest such earnings in its foreign operations. It is not practicable to estimate the tax liability related to a future distribution of these permanently reinvested foreign earnings.

Products in the licensed brands category include the following brands manufactured and distributed under license agreements with the respective brand owners: Coach®, Tommy Hilfiger®, Hugo Boss®, Lacoste® and Calvin Klein®.

Gross margins vary among the brands included in the Company's portfolio and also among watch models within each brand. Watches in the Company's owned brands category generally earn higher gross margin percentages than watches in the licensed brands category. The difference in gross margin percentages within the licensed brands category is primarily due to the impact of royalty payments made on the licensed brands. Gross margins in the Company's e-commerce business generally earn higher gross margin percentages than those of the traditional wholesale business. Gross margins in the Company's outlet business are affected by the mix of product sold and may exceed those of the wholesale business since the Company earns margins on its outlet store sales from manufacture to point of sale to the consumer.

(subsequently renamed MGI Luxury Group GmbH as a result of the conversion of its corporate form) became the sole Swiss subsidiary of the Company party to the Credit Agreement (in such capacity, the "Swiss Borrower" and, together with the U.S. Borrowers, the "Borrowers"). The Credit Agreement provides for a \$100.0 million senior secured revolving credit facility (the "Facility") and has a maturity date of October 28, 2026. The Facility includes a \$15.0 million letter of credit subfacility, a \$25.0 million swingline subfacility and a \$75.0 million sublimit for borrowings by the Swiss Borrower, with provisions for uncommitted increases to the Facility of up to \$50.0 million in the aggregate subject to customary terms and conditions. The Credit Agreement contains affirmative and negative covenants binding on the Company and its subsidiaries that are customary for credit facilities of this type, including, but not limited to, restrictions and limitations on the incurrence of debt and liens, dispositions of assets, capital expenditures, dividends and other payments in respect of equity interests, the making of loans and equity investments, mergers, consolidations, liquidations and dissolutions, and transactions with affiliates (in each case, subject to various exceptions).

The borrowings under the Facility are joint and several obligations of the Borrowers and are also cross-guaranteed by each Borrower, except that the Swiss Borrower is not liable for, nor does it guarantee, the obligations of the U.S. Borrowers. In addition, the Borrowers' obligations under the Facility are secured by first priority liens, subject to permitted liens, on substantially all of the U.S. Borrowers' assets other than certain excluded assets. The Swiss Borrower does not provide collateral to secure the obligations under the Facility.

As of both October 31, 2023 April 30, 2024, and October 31, 2022 April 30, 2023, there were no amounts of loans outstanding under the Facility. Availability under the Facility was reduced by the aggregate number of letters of credit outstanding, issued in connection with retail and operating facility leases to various landlords and for Canadian payroll to the Royal Bank of Canada, totaling approximately \$0.3 million at both October 31, 2023 April 30, 2024 and October 31, 2022 April 30, 2023. At October 31, 2023 April 30, 2024, the letters of credit have expiration dates through May 31, 2024 April 28, 2025. As of both October 31, 2023 April 30, 2024, and October 31, 2022 April 30, 2023, availability under the Facility was \$99.7 million. For additional information regarding the Facility, see Note 5 – Debt and Lines of Credit to the Consolidated Financial Statements.

The Company had weighted average borrowings under the Facility of zero during both the three and nine months ended October 31, 2023 April 30, 2024 and 2022, respectively, 2023.

A The Company's Swiss subsidiary of the Company maintains unsecured lines of credit with a Swiss bank that are subject to repayment upon demand. As of October 31, 2023 April 30, 2024, and 2022, 2023, these lines of credit totaled 6.5 million Swiss Francs for both periods, with a dollar equivalent of \$7.1 million and \$6.5 million \$7.3 million, respectively. As of October 31, 2023 April 30, 2024, and 2022, 2023, there were no borrowings against these lines. As of October 31, 2023 April 30, 2024 and 2022, 2023, two European banks had guaranteed obligations to third parties on behalf of two of the Company's foreign

29

subsidiaries in the dollar equivalent of \$1.5 million and \$1.1 million \$1.3 million, respectively, for both periods, in various foreign currencies, of which \$0.8 million (\$0.1 million was refunded in November) \$0.7 million and \$0.5 million \$0.6 million, respectively, was a restricted deposit as it relates to lease agreements.

Cash paid for interest, including unused commitments fees and amortization of debt fees, was \$0.2 million \$0.1 million for both the nine-month three month periods ended October 31, 2023 April 30, 2024 and October 31, 2022, respectively, April 30, 2023.

From time to time the Company may make minority investments in growth companies in the consumer products sector and other sectors relevant to its business, including certain of the Company's suppliers and customers, as well as in venture capital funds that invest in companies in media, entertainment, information technology and technology-related fields and in digital assets. During fiscal 2022, the Company committed to invest up to \$21.5 million in such investments. The Company funded approximately \$5.3 million \$8.4 million of these commitments through fiscal 2023 2024 and an additional \$2.0 million \$3.1 million during the first nine months quarter of fiscal 2024 2025 and may be called upon to satisfy capital calls in respect of the remaining \$14.2 million \$10.0 million in such commitments at any time during a period generally ending ten years after the first capital call in respect of a given commitment. One consumer products company in which the Company made an equity investment in fiscal year 2022 sold its business and assets in the first quarter of fiscal 2024 in a transaction that is expected to yield little or no return for equity holders. As a result, the Company fully impaired its \$0.5 million investment in this entity in the first quarter of fiscal 2024.

On March 23, 2023 The Company paid cash dividends of \$0.35 per share, or \$7.8 million, during the three months ended April 30, 2024. During the three months ended April 30, 2023, the Company declared paid a special cash dividend of \$1.00 per share, as well as a quarterly cash dividend of \$0.35 per share, both paid on April 19, 2023, to shareholders for a total amount of record on April 5, 2023. The total dividends of \$29.9 million were paid on April 19, 2023. The Company paid cash dividends of \$0.35 per share, or \$7.7 million, during the three months ended July 31, 2023; and \$0.35 per share, or \$7.8 million, during the three months ended October 31, 2023. The Company paid cash dividends of \$0.35 per share, or \$7.9 million, during the three months ended April 30, 2022; \$0.35 per share, or \$7.9 million, during the three months ended July 31, 2022; and \$0.35 per share, or \$7.8 million, during the three months ended October 31, 2022. Although the Company currently expects to continue to declare cash dividends in the future, the decision of whether to declare any future cash dividend, including the amount of any such dividend and the establishment of record and payment dates, will be determined, in each quarter, by the Board of Directors, in its sole discretion.

On March 25, 2021, the Board approved a share repurchase program under which the Company was authorized to purchase up to \$25.0 million of its outstanding common stock through September 30, 2022, depending on market conditions, share price and other factors. On November 23, 2021, the Board approved a share repurchase program under which the Company is authorized to purchase up to an additional \$50.0 million of its

outstanding common stock through November 23, 2024, depending on market conditions, share price and other factors. Under both the share repurchase programs, program, the Company is permitted to purchase shares of its common stock from time to time through open market purchases, repurchase plans, block trades or otherwise. During the nine three months ended October 31, 2023 April 30, 2024, the Company repurchased a total of 85,722 39,000 shares of its common stock under the November 23, 2021 share repurchase program at a total cost of \$2.3 million \$1.1 million, or an average of \$27.40 \$27.85 per share. At October 31, 2023 April 30, 2024, zero remains available for purchase under the Company's March 25, 2021 repurchase program and \$18.6 million \$16.8 million remains available for purchase under the Company's November 23, 2021 repurchase program. During the nine three months ended October 31, 2022 April 30, 2023, the Company repurchased a total of 795,456 14,000 shares of its common stock under the March 25, 2021 share repurchase program and November 23, 2021 share repurchase program at a total cost of \$28.2 million \$0.4 million, or an average of \$35.39 \$27.24 per share.

#### Off-Balance Sheet Arrangements

The Company does not have off-balance sheet financing or unconsolidated special-purpose entities.

#### Accounting Changes and Recent Accounting Pronouncements

See Note 2- Recent Accounting Pronouncements to the accompanying unaudited Consolidated Financial Statements for a description of recent accounting pronouncements which may impact the Company's Consolidated Financial Statements in future reporting periods.

#### Item 3. Quantitative and Qualitative Disclosures About Market Risk

##### Foreign Currency Exchange Rate Risk

The Company's primary market risk exposure relates to foreign currency exchange risk (see Note 6 – Derivative Financial Instruments to the Consolidated Financial Statements). A significant portion of the Company's purchases are denominated in Swiss Francs and, to a lesser extent, the Japanese Yen. The Company also sells to third-party customers in a variety of foreign currencies, most notably the Euro, Swiss Franc and the British Pound. The Company reduces its exposure to the Swiss Franc, Euro, British Pound, Chinese Yuan and Japanese Yen exchange rate risk through a hedging program. Under the hedging program, the Company manages most of its foreign currency exposures on a consolidated basis, which allows it to net certain exposures and take advantage of natural offsets. In the event

30

these exposures do not offset, from time to time the Company uses various derivative financial instruments to further reduce the net exposures to currency fluctuations, predominately forward and option contracts. Certain of these contracts meet the requirements of qualified hedges. In these circumstances, the Company designates and documents these derivative instruments as a cash flow hedge of a specific underlying exposure, as well as the risk management objectives and strategies for undertaking the hedge transactions. Changes in the fair value of hedges designated and documented as a cash flow hedge and which are highly effective, are recorded in other comprehensive income until the underlying transaction affects earnings, and then are later reclassified into earnings in the same account as the hedged transaction. The earnings impact is mostly offset by the effects of currency movements on the underlying hedged transactions. To the extent that the Company does not engage in a hedging program, any change in the Swiss Franc, Euro, British Pound, Chinese Yuan and Japanese Yen exchange rates to local currency would have an equal effect on the Company's earnings.

From time to time the Company uses forward exchange contracts, which do not meet the requirements of qualified hedges, to offset its exposure to certain foreign currency receivables and liabilities. These forward contracts are not designated as qualified hedges and, therefore, changes in the fair value of these derivatives are recognized in earnings in the period they arise, thereby offsetting the current earnings effect resulting from the revaluation of the related foreign currency receivables and liabilities.

25

As of **October 31, 2023** **April 30, 2024**, the Company's entire net forward contracts hedging portfolio consisted of **20.7 million** **2.8 million** Chinese Yuan equivalent, **28.0 million** **22.0 million** Swiss Francs equivalent, **24.7 million** **22.2 million** U.S. dollars equivalent, **27.6 million** **18.2 million** Euros equivalent (including **3.0 million** **6.0 million** Euros designated as cash flow hedges) and **5.8 million** **1.2 million** British Pounds equivalent with various expiry dates ranging through **April 4, 2024** **October 3, 2024**, compared to a portfolio of **35.1 million** **24.7 million** Chinese Yuan equivalent, **40.0 million** **24.0 million** Swiss Francs equivalent, **24.4 million** **17.1 million** U.S. dollars equivalent, **41.0 million** **38.4 million** Euros equivalent (including **14.0 million** **21.0 million** Euros designated as cash flow hedges) and **7.5 million** **2.8 million** British Pounds equivalent with various expiry dates ranging through **April 20, 2023** **September 14, 2023**, as of **October 31, 2022** **April 30, 2023**. If the Company were to settle its Swiss Franc forward contracts at **October 31, 2023** **April 30, 2024**, the result would be a **\$0.6 million** **\$0.7 million** loss. If the Company were to settle its Euro forward contracts at **October 31, 2023** **April 30, 2024**, the result would be **an immaterial loss**, a **\$0.1 million gain**. As of **October 31, 2023** **April 30, 2024**, the Company's British Pound, Chinese Yuan and US Dollar forward contracts had no gain or loss.

### Commodity Risk

The Company considers its exposure to fluctuations in commodity prices to be primarily related to gold used in the manufacturing of the Company's watches. Under its hedging program, the Company can purchase various commodity derivative instruments, primarily futures contracts. When held, these derivatives are documented as qualified cash flow hedges, and the resulting gains and losses on these derivative instruments are first reflected in other comprehensive income, and later reclassified into earnings, partially offset by the effects of gold market price changes on the underlying actual gold purchases. The Company did not hold any future contracts in its gold hedge portfolio as of **October 31, 2023** **April 30, 2024** and **2022**, **2023**; thus, any changes in the gold purchase price will have an equal effect on the Company's cost of sales.

### Debt and Interest Rate Risk

Floating rate debt at **October 31, 2023** **April 30, 2024** and **2022**, **2023** was zero for both periods. During the **nine** **three** months ended **October 31, 2023** **April 30, 2024**, the Company had no weighted average borrowings. The Company does not hedge these interest rate risks.

### Item 4. Controls and Procedures

#### Evaluation of Disclosure Controls and Procedures

The Company's disclosure controls and procedures are designed to provide reasonable assurance of achieving their objectives. However, it should be noted that a control system, no matter how well conceived or operated, can only provide reasonable, not absolute, assurance that its objectives will be met and may not prevent all errors or instances of fraud.

The Company, under the supervision and with the participation of its management, including the Chief Executive Officer and the Chief Financial Officer, has evaluated the effectiveness of the Company's disclosure controls and procedures, as such terms are defined in Rule 13a-15(e) under the Securities Exchange Act of 1934, as amended (the "Exchange Act"). Based on that evaluation, the Chief Executive Officer and the Chief Financial Officer concluded that the Company's disclosure controls and procedures are effective at a reasonable assurance level as of the end of the period covered by this report.

#### Changes in Internal Control Over Financial Reporting

There have been no changes in the Company's internal control over financial reporting (as defined in Rule 13a-15(f) under the Exchange Act) during the three months ended **October 31, 2023** **April 30, 2024**, that has materially affected, or is reasonably likely to materially affect, the Company's internal control over financial reporting.

## PART II – OTHER INFORMATION

### Item 1. Legal Proceedings

The Company is involved in legal proceedings and claims from time to time, in the ordinary course of its business. Legal reserves are recorded in accordance with the accounting guidance for contingencies. Contingencies are inherently unpredictable and it is possible that results of operations, balance sheets or cash flows could be materially and adversely affected in any particular period by unfavorable developments in, or resolution or disposition of, such matters. For those legal proceedings and claims for which the Company believes that it is probable that a reasonably estimable loss may result, the Company records a reserve for the potential loss. For proceedings and claims where the Company believes it is reasonably possible that a loss may result that is materially in excess of amounts accrued for the matter, the Company either discloses an estimate of such possible loss or range of loss or includes a statement that such an estimate cannot be made.

In December 2016, U.S. Customs and Border Protection (“U.S. Customs”) issued an audit report concerning the methodology used by the Company to allocate the cost of certain watch styles imported into the U.S. among the component parts of those watches for tariff purposes. The report disputed the reasonableness of the Company’s historical allocation formulas and proposed an alternative methodology that would imply \$5.1 million in underpaid duties for all imports that entered the United States during the audit period which extended from August 1, 2011 through July 15, 2016, plus possible penalties and interest. Although the Company believes that U.S. Customs’ alternative duty methodology and estimate are not consistent with the Company’s facts and circumstances and has consistently disputed U.S. Customs’ position, the Company established reserves for a portion of the alleged underpayment indicated in the audit report. Between February 2017 and January 2021, the Company made numerous submissions to U.S. Customs containing supplemental analyses and information in response to U.S. Customs’ information requests. On May 1, 2023, the statute of limitations lapsed with respect to all entries encompassed by the audit period. As a result, during the second quarter of fiscal 2024, the Company released the reserves that it had established in respect of those entries.

In addition to the above matters, the Company is involved in other legal proceedings and contingencies, the resolution of which is not expected to materially affect its financial condition, future results of operations, or cash flows.

### Item 1A. Risk Factors

As of **October 31, 2023** **April 30, 2024**, there have been no material changes to any of the risk factors previously reported in the Company’s **2023** **2024** Annual Report on Form 10-K.

### Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

On **March 25, 2021**, the Board approved a share repurchase program under which the Company was authorized to purchase up to \$25.0 million of its outstanding common stock from time to time through September 30, 2022, depending on market conditions, share price and other factors. On November 23, 2021, the Board approved a share repurchase program under which the Company is authorized to purchase up to **an additional** \$50.0 million of its outstanding common stock **from time to time** through November 23, 2024, depending on market conditions, share price and other factors. Under **both the** share repurchase **programs, program**, the Company is permitted to purchase shares of its common stock through open market purchases, repurchase plans, block trades or otherwise. During the three months ended **October 31, 2023** **April 30, 2024**, the Company repurchased a total of **69,722** **39,000** shares of its common stock at a total cost of **\$1.9 million** **\$1.1 million**, or an average of **\$27.49** **\$27.85** per share.

There An aggregate of 37,859 shares were no shares repurchased during the three months ended October 31, 2023, April 30, 2024 as a result of the surrender of shares of common stock in connection with the vesting of restricted stock awards or stock options; however there was a reduction of 739 shares repurchased during the three months ended October 31, 2023, related to activity during the three months ended July 31, 2023. options.
