Exhibits 42 Â 3 Â FORWARD LOOKING STATEMENTS Â This Quarterly Report on Form 10-Q (this "Quarterly Report") contains â€œforward-looking statementsâ€ within the meaning of Section 27A of the Securities Act of 1933, as amended (the "Securities Act"), and Section 21E of the Securities Exchange Act of 1934, as amended (the â€œExchange Actâ€), that are based on the views and beliefs of management of American Eagle Outfitters, Inc. (the â€œCompany," â€œAEO,â€ â€œwe,â€ â€œus,â€ and â€œour"), as well as assumptions and estimates made by management. Any forward-looking statement speaks only as of the date on which such statement is made, and we do not intend to correct or update any forward-looking statement, whether as a result of new information, future events, or otherwise, except as required by law. Actual results could differ materially from such forward-looking statements as a result of various risk factors, including those contained in this Quarterly Report and in the Company's Annual Report on Form 10-K for the fiscal year ended February 3, 2024 filed with the Securities and Exchange Commission (the "SEC") on March 15, 2024 (the "Fiscal 2023 Form 10-K") that may not be in the control of management. As used herein, â€œFiscal 2024â€ refers to the 52-week period that will end on February 1, 2025. â€œFiscal 2023â€ refers to the 53-week period ended February 3, 2024. All statements other than statements of historical facts contained in this Quarterly Report are forward-looking statements. Words such as â€œestimate,â€ â€œproject,â€ â€œplan,â€ â€œbelieve,â€ â€œexpect,â€ â€œanticipate,â€ â€œintend,â€ â€œpotential,â€ and similar expressions may identify forward-looking statements. Our forward-looking statements include, but are not limited to, statements about: â€¢the planned opening of approximately five to 15 American Eagle stores and approximately 25 to 40 Aerie and OFFLINE stores, which will be a mix of stand-alone and Aerie side-by-sides, during Fiscal 2024; â€¢the anticipated selection of approximately 80 to 90 American Eagle and Aerie stores in North America for remodeling during Fiscal 2024; â€¢the potential closure of approximately 10 to 20 American Eagle stores at the expiration of their lease term, primarily in North America, during Fiscal 2024; â€¢the success of our core American Eagle and Aerie brands through our omni-channel and licensed outlets within North America and internationally; â€¢the success of our business priorities and strategies; â€¢the continued validity of our trademarks; â€¢our performance during the back-to-school and holiday selling seasons; â€¢the reduction of operating expenses and capital expenditures; â€¢the accuracy of the estimates and assumptions we make pursuant to our critical accounting policies and estimates; â€¢the payment of a dividend in future periods; â€¢our ability to fund our current and long-term cash requirements through current cash holdings and available liquidity, including under our revolving credit facility; â€¢the possibility that product costs are adversely affected by foreign trade issues (including import tariffs and other trade restrictions with China and other countries), currency exchange rate fluctuations, increasing prices for raw materials, supply chain issues, political instability or other reasons; â€¢the possibility of changes in global economic and financial conditions, and resulting impacts on consumer confidence and consumer spending, as well as other changes in consumer discretionary spending habits; â€¢the effect of inflation on our business; â€¢the possibility that we may be required to take additional impairment or other restructuring charges; â€¢the impact of any global pandemic on general economic conditions; and â€¢the ability of our distribution centers and stores to maintain adequate staffing to meet increased customer demand. Because these forward-looking statements involve risks and uncertainties, there are important factors that could cause our actual results to differ materially from those in the forward-looking statements. These factors include, without limitation, the following: 4 Â â€¢the risk that general macroeconomic conditions, including the effect of inflationary economic pressures and other business factors will continue to negatively impact discretionary consumer spending and, in turn, adversely impact our revenues and margins; â€¢the risk that our inability to anticipate and respond to changing consumer preferences and fashion trends and fluctuations in consumer demand in a timely manner could adversely impact our business and results of operations; â€¢the risk that seasonality may cause sales to fluctuate and negatively impact our results of operations; â€¢the risks associated with operating in a highly competitive industry, and facing significant pricing pressures from existing and new competitors; â€¢the risk that our results could be adversely affected by events beyond our control, such as natural disasters, public health crises, political crises and results of elections, negative global climate patterns, or other catastrophic events; â€¢the risk that

impairment to goodwill, intangible assets, and other long-lived assets, including impairments relating to our Quiet Platforms business, could adversely impact our profitability; â€¢the risk that our inability to grow and optimize our digital channels and leverage omni-channel capabilities could adversely impact our business; â€¢the risk that failure to define, launch and communicate a brand-relevant customer experience could have a negative impact on our growth and profitability; â€¢the risks that our inability to execute on our key business priorities could have a negative impact on our growth and profitability; â€¢the risk that our current international operations and efforts to further expand internationally expose us to risks inherent in operating in other countries; â€¢the risk that failure to protect our reputation could have a material adverse effect on our brands; â€¢the risk that failure to manage growth in our omni-channel operations and the resulting impact on our distribution and fulfillment networks may have an adverse effect on our results of operations; â€¢the risks associated with our inability to implement and sustain adequate information technology systems could adversely impact our profitability and the loss of disruption of information technology systems could have a material adverse effect on our business; â€¢the risks related to our electronic processing of sensitive and confidential personal and business data, including cyberattacks, data breaches, other security incidents, or disruption of information technology systems or software; â€¢risks associated with our international merchandise sourcing strategy, such as import tariffs, increasing prices for raw materials, and political instability, all of which could impact our profitability; â€¢the risk that our inability to achieve planned store performance, gain market share in the face of declining shopping center traffic or attract customers to our stores could adversely impact our profitability and our results of operations; â€¢the risk that failure to properly manage and allocate our inventory could have an adverse effect on our business, sales, margins, financial condition, and results of operations; â€¢the risks associated with our significant lease obligations and are subject to risks associated with leasing substantial amounts of space, including future increases in occupancy costs and the need to generate significant cash flow to meet our lease obligations; â€¢the risk associated with our reliance on key personnel, the loss of whom could have a material adverse effect on our business; â€¢the risks associated with the increases in labor costs, including wages, could adversely impact our operational results, financial condition and results of operations; â€¢the risks associated with the current legal and regulatory environment could adversely affect our financial condition and results of operations; â€¢the risks associated with fluctuations in our tax obligations and effective tax rate could adversely affect us; and â€¢the risk that the unfavorable outcome of pending or future litigation could have an adverse impact on our business, financial condition and results of operations. 5 Â PART I - FINANCIAL INFORMATION ITEM 1. management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. On an ongoing basis, our management reviews its estimates based on currently available information. Changes in facts and circumstances may result in revised estimates.Recent Accounting Pronouncements In November 2023, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2023-07, Improvements to Reportable Segment Disclosures ("ASU 2023-07"), which requires that segment expenses deemed significant to the Chief Operating Decision Maker ("CODM") typically incorporated in measuring profit or loss of the segment should be disclosed. The guidance also requires that the difference between segment revenues and these significant segment expenses is disclosed. Any annually disclosed segment information is now required to be reported in interim periods as well. The guidance is effective for fiscal years beginning after December 15, 2023, and interim periods beginning after December 15, 2024. Public entities are required to apply the amendment retrospectively to prior periods presented in the financial statements. The Company plans to adopt ASU 2023-07 effective for its Fiscal 2024 and for the interim periods beginning in Fiscal 2025. Refer to Note 12 to the Consolidated Financial Statements for additional information regarding Segment Reporting. In December 2023, the FASB issued ASU 2023-09, Improvements to Income Tax Disclosures ("ASU 2023-09"), which requires increased transparency in tax disclosures, specifically by expanding requirements for rate reconciliation and income taxes paid information. Additionally, the amendment requires disclosures of income/(loss) from continuing operations before taxes disaggregated between domestic and foreign, and income tax expense/(benefit), disaggregated by federal, state, and foreign. Disclosure requirements about the nature and estimated range of the reasonably possible change in unrecognized tax benefits over the next year have been removed as part of this amendment. The guidance is effective for fiscal years beginning after December 15, 2024. The Company plans to adopt ASU 2023-09 effective for Fiscal 2025.Refer to Note 10 to the Consolidated Financial Statements for additional information regarding Income Taxes. Foreign Currency TranslationIn accordance with Accounting Standards Codification ("ASC") 830, Foreign Currency Matters, the Company translates assets and liabilities denominated in foreign currencies into U.S. dollars (â€œUSDâ€) (the reporting currency) at the exchange rates prevailing at the balance sheet date. The Company translates revenues and expenses denominated in foreign currencies into USD at the monthly average exchange rates for the period. Gains or losses resulting from foreign currency transactions are included in the consolidated results of operations, whereas related translation adjustments are reported as an element of other comprehensive income (loss) in accordance with ASC 220, Comprehensive Income.We are exposed to the impact of foreign exchange rate risk primarily through our Canadian and Mexican operations where the functional currency is the Canadian dollar and Mexican peso, respectively. The impact of all other foreign currencies is currently immaterial to our consolidated financial results. During the 13 and 26 weeks ended August 3, 2024, an unrealized loss of $23.5 million and $22.9 million, respectively was included in other comprehensive (loss) income, which were primarily related to the fluctuations of the USD to Mexican peso and USD to Canadian dollar exchange rates.Cash, Cash Equivalents and Short-term InvestmentsThe Company considers all highly liquid investments purchased with an original maturity of three months or less to be cash equivalents. Short-term investments classified as available-for-sale include certificates of deposit with an original maturity greater than three months, but less than one year. Refer to Note 3 to the Consolidated Financial Statements for information regarding cash, cash equivalents, and short-term investments.Accounts ReceivableThe Company's receivables are primarily generated from product sales and royalties from our licensees. The primary indicators of the credit quality of our receivables are aging, payment history, economic sector information and outside credit monitoring, and are assessed on a quarterly basis. Our credit loss exposure is mainly concentrated in our accounts receivable portfolio. Our allowance for credit losses is calculated using a loss-rate method based on historical 13 Â experience, current market conditions and reasonable forecasts. Historically, the Companyâ€™s reserves have approximated actual experience.Merchandise InventoryMerchandise inventory is valued at the lower of average cost or net realizable value, utilizing the retail method. Average cost includes merchandise design and sourcing costs and related expenses. The Company records merchandise receipts when control of the merchandise has transferred to the Company.The Company reviews its inventory levels to identify slow-moving merchandise and generally uses markdowns to clear merchandise. Additionally, the Company estimates a markdown reserve for future planned permanent markdowns related to current inventory. Markdowns may occur when inventory exceeds customer demand for reasons of style, seasonal adaptation, changes in customer preference, lack of consumer acceptance of fashion items, competition, or if it is determined that the inventory in stock will not sell at its currently ticketed price. Such markdowns may have a material adverse impact on earnings, depending on the extent and amount of inventory affected. The Company also estimates a shrinkage reserve for the period between the last physical count and the balance sheet date. The estimate for the shrinkage reserve, based on historical results, can be affected by changes in merchandise mix and changes in actual shrinkage trends.Property and EquipmentProperty and equipment is recorded on the basis of cost with depreciation computed utilizing the straight-line method over the assetâ€™s estimated useful life. The useful lives of our major classes of assets are as follows:Â Buildings Â 25Â years Leasehold improvements Â Lesser of 10 years or the term of the lease Fixtures and equipmentInformation technology Â Five yearsThreeÂ to five years Â As of August 3, 2024, the weighted average remaining useful life of our assets was approximately six years.In accordance with ASC 360, Property, Plant, and Equipment (â€œASC 360â€), the Companyâ€™s management evaluates the value of leasehold improvements, store fixtures, and operating lease right-of-use ("ROU") assets associated with retail stores. The Company evaluates long-lived assets for impairment at the individual store level, which is the lowest level at which individual cash flows can be identified. Impairment losses are recorded on long-lived assets used in operations when events and circumstances indicate that the assets might be impaired and the projected undiscounted cash flows estimated to be generated by those assets are less than the carrying amounts. When events such as these occur, the impaired assets are adjusted to their estimated fair value and an impairment loss is recorded separately as a component of operating income within the Consolidated Statements of Operations. Our impairment loss calculations require management to make assumptions and to apply judgment to estimate future cash flows and asset fair values. The significant assumption used in our fair value analysis is forecasted revenue. We do not believe that there is a reasonable likelihood that there will be a material change in the estimates or assumptions that we use to calculate long-lived asset impairment losses. However, if actual results are not consistent with our estimates and assumptions, our consolidated operating results could be adversely affected.When the Company closes, remodels, or relocates a store prior to the end of its lease term, the remaining net book value of the assets related to the store is recorded as a write-off of assets within depreciation and amortization expense. There were no long-lived asset impairment charges recorded during the 13 weeks ended August 3, 2024 and July 29, 2023. During the 26 weeks ended July 29, 2023, the Company recorded impairment of property and equipment of $10.8 million. No long-lived asset impairment charges were recorded during the 26 weeks ended August 3, 2024. Refer to Note 6 to the Consolidated Financial Statements for additional information regarding property and equipment and refer to Note 13 to the Consolidated Financial Statements for additional information regarding the impairment of these assets.Goodwill and Intangible AssetsThe Companyâ€™s goodwill is primarily related to the acquisition of its regionalized fulfillment center network, as well as its importing operations and Canadian business, and represents the excess of cost over fair value of net assets of businesses acquired. In accordance with ASC 350, Intangibles â€“ Goodwill and Other, the Company evaluates goodwill for possible impairment at least annually as of the last day of the fiscal year and upon occurrence of certain triggering events or substantive changes in circumstances that indicate that the fair value of a reporting unit may be below its carrying value. If the carrying value of the reporting unit exceeds the fair value, an impairment charge is recorded in the 14 Â period of the evaluation based on that difference. The Company last performed an annual goodwill impairment test as of February 3, 2024. As a result of the annual impairment test, the Company concluded that the goodwill assigned to the Quiet Platforms reporting unit was impaired, resulting in a charge of $39.6 million recorded within impairment, restructuring and other charges on the Consolidated Statements of Operations for Fiscal 2023, due to insufficient prospective cash flows to support the carrying value of the business. Significant, subjective assumptions used in the Companyâ€™s fair value estimate included forecasted cost of sales, forecasted operating expense and the discount rate. No indicators of impairment were present during the 13 and 26 weeks ended August 3, 2024 and July 29, 2023.Definite-lived intangible assets are initially recorded at fair value, with amortization computed utilizing the straight-line method over the assetsâ€™ estimated useful lives. The Companyâ€™s definite-lived intangible assets, which consist primarily of trademark assets, are generally amortized over 10 to 15 years.The Company evaluates definite-lived intangible assets for impairment in accordance with ASC 360 when events or circumstances indicate that the carrying value of the asset may not be recoverable. Such an evaluation includes the estimation of undiscounted future cash flows to be generated by those assets. If the sum of the estimated future undiscounted cash flows is less than the carrying amounts of the assets, then the assets are impaired and are adjusted to their estimated fair value. During Fiscal 2023, the Company recorded a $40.5 million impairment charge within impairment, restructuring and other charges on the Consolidated Statements of Operations related to the definite-lived intangible assets of Quiet Platforms, due to insufficient prospective cash flows to support the carrying value of the assets. No definite-lived intangible asset impairment charges were recorded during the 13 and 26 weeks ended August 3, 2024 and July 29, 2023.Refer to Note 7 to the Consolidated Financial Statements for additional information regarding goodwill and intangible assets. Construction AllowancesAs part of certain lease agreements for retail stores, the Company receives construction allowances from lessors, which are generally comprised of cash amounts. The Company records a receivable and an adjustment to the operating lease ROU asset at the lease commencement date (i.e., the date of initial possession of the store). The deferred lease credit is amortized as part of the single lease cost over the term of the original lease (including the pre-opening build-out period). The receivable is reduced as amounts are received from the lessor.Self-Insurance LiabilityThe Company uses a combination of insurance and self-insurance mechanisms for certain losses related to employee medical benefits and workerâ€™s compensation. Costs for self-insurance claims filed and claims incurred but not reported are accrued based on known claims and historical experience. Management believes that it has adequately reserved for its self-insurance liability, which is capped by stop-loss contracts with insurance companies. However, any significant variation of future claims from historical trends could cause actual results to differ from the accrued liability.LeasesThe Company leases all store premises, its Canadian distribution center in Mississauga, Ontario, its regional distribution facilities, some of its office space and certain information technology and office equipment. These leases are generally classified as operating leases.Store leases generally provide for a combination of base rentals and contingent rent based on store sales. Additionally, most leases include lessor incentives such as construction allowances and rent holidays. The Company is typically responsible for tenant occupancy costs including maintenance costs, common area charges, real estate taxes and certain other expenses. When measuring operating lease ROU assets and operating lease liabilities, the Company only includes cash flows related to options to extend or terminate leases once those options are executed.Some leases have variable payments. However, because they are not based on an index or rate, they are not included in the measurement of operating lease ROU assets and operating lease liabilities.When determining the present value of future payments for an operating lease that does not have a readily determinable implicit rate, the Company uses its incremental borrowing rate as of the date of initial possession of the leased asset.For leases that qualify for the short-term lease exemption, the Company does not record an operating lease liability or operating lease ROU asset. Short-term lease payments are recognized on a straight-line basis over the lease term of 12 months or less.15 Â Co-Branded and Private Label Credit CardsThe Company offers a co-branded credit card and a private-label credit card under the AE and Aerie brands. These credit cards are issued by a third-party bank (the â€œBankâ€) in accordance with a credit card agreement (the â€œAgreementâ€). The Company has no liability to the Bank for bad debt expense, provided that purchases are made in accordance with the Bankâ€™s procedures. We receive funding from the Bank based on the Agreement and card activity, which includes payments for new account activations and usage of the credit cards. We recognize revenue for this funding as we fulfill our performance obligations under the Agreement. This revenue is recorded in other revenue, which is a component of total net revenue in our Consolidated Statements of Operations.Customer Loyalty ProgramThe Company offers a highly digitized loyalty program called Real Rewards by American Eagle and Aerieâ„¢ (the â€œProgramâ€). The Program features both shared and unique benefits for loyalty members and credit card holders. Under the Program, members accumulate points based on purchase activity and earn rewards by reaching certain point thresholds. Members earn rewards in the form of discount savings certificates. Rewards earned are valid through the stated expiration date, which is 60 days from the issuance date of the reward. Rewards not redeemed during the 60-day redemption period are forfeited. Points earned under the Program on purchases at AE and Aerie are accounted for in accordance with ASC 606, Revenue from Contracts with Customers (â€œASC 606â€). The portion of the sales revenue attributed to the reward points is deferred and recognized when the reward is redeemed or when the points expire, using the relative stand-alone selling price method. Additionally, reward points earned using the co-branded credit card on non-AE or Aerie purchases are accounted for in accordance with ASC 606. As the points are earned, a current liability is recorded for the estimated cost of the reward, and the impact of adjustments is recorded in revenue. The Company defers a portion of the sales revenue attributed to the loyalty points and recognizes revenue when the points are redeemed or expire, consistent with the requirements of ASC 606.Credit AgreementIn June 2022, the Company entered into an amended and restated credit agreement (the â€œCredit Agreementâ€). The Credit Agreement provides senior secured asset-based revolving credit for loans and letters of credit up to $700 million, subject to customary borrowing base limitations (the "Credit Facility"). The Credit Facility expires on June 24, 2027.Refer to Note 8 to the Consolidated Financial Statements for additional information regarding long-term debt and other credit arrangements.Income TaxesThe Company calculates income taxes in accordance with ASC 740, Income Taxes (â€œASC 740â€), which requires the use of the liability method. Under this method, deferred tax assets and liabilities are recognized based on the difference between the Consolidated Financial Statements carrying amounts of existing assets and liabilities and their respective tax bases as computed pursuant to ASC 740. Deferred tax assets and liabilities are measured using the tax rates, based on certain judgments regarding enacted tax laws and published guidance, in effect in the years when those temporary differences are expected to reverse. A valuation allowance is established against the deferred tax assets when it is more likely than not that some portion or all of the deferred taxes may not be realized. Changes in the Companyâ€™s level and composition of earnings, tax laws or the deferred tax valuation allowance, as well as the results of tax audits, may materially impact the Companyâ€™s effective income tax rate.The Company evaluates its income tax positions in accordance with ASC 740, which prescribes a comprehensive model for recognizing, measuring, presenting and disclosing in the financial statements tax positions taken or expected to be taken on a tax return, including a decision whether to file or not to file in a particular jurisdiction. Under ASC 740, a tax benefit from an uncertain position may be recognized only if it is â€œmore likely than notâ€ that the position is sustainable based on its technical merits.The calculation of deferred tax assets and liabilities, as well as the decision to recognize a tax benefit from an uncertain position and to establish a valuation allowance, requires management to make estimates and assumptions. The Company believes that its estimates and assumptions are reasonable, although actual results may have a positive or negative material impact on the balances of deferred tax assets and liabilities, valuation allowances or net income (loss).Refer to Note 10 to the Consolidated Financial Statements for additional information regarding income taxes.16 Â Revenue RecognitionThe Company recognizes revenue pursuant to ASC 606. Revenue is recorded for store sales upon the purchase of merchandise by customers. The Companyâ€™s e-commerce operation records revenue upon the customer receipt date of the merchandise. Shipping and handling revenues are included in total net revenue. Sales tax collected from customers is excluded from revenue and is included as part of accrued income and other taxes on the Companyâ€™s Consolidated Balance Sheets.The Company recognizes royalty revenue generated from its license or franchise agreements based on a percentage of merchandise sales by the licensee/franchisee. This revenue is recorded as a component of total net revenue when earned and collection is probable.The Company defers a portion of the sales revenue attributed to loyalty points and recognizes revenue when the points are redeemed or expire, consistent with the requirements of ASC 606. Refer to Customer Loyalty Program above for additional information.Revenue associated with Quiet Platforms is recognized as the services are performed.Cost of Sales, Including Certain Buying, Occupancy and Warehousing ExpensesCost of sales consists of merchandise costs, including design, sourcing, importing and inbound freight costs, as well as markdowns, shrinkage and certain promotional costs (collectively, â€œmerchandise costsâ€), Quiet Platforms' costs to service its customers and buying, occupancy and warehousing costs and services.Design costs are related to the Company's Design Center operations and include compensation, travel and entertainment, supplies and samples for our design teams, as well as rent and depreciation for our Design Center. These costs are included in cost of sales as the respective inventory is sold. Total net revenue, net of merchandise costs, represents merchandise margin.Buying, occupancy and warehousing costs and services consist of compensation, employee benefit expenses and travel and entertainment for our buyers and certain senior merchandising executives; rent and utilities related to our stores, corporate headquarters, distribution centers and other office space; freight from our distribution centers to the stores; compensation and supplies for our distribution centers, including purchasing, receiving and inspection costs; and shipping and handling costs related to our e-commerce operation. Gross profit is the difference between total net revenue and cost of sales.Selling, General and Administrative ExpensesSelling, general and administrative expenses consist of compensation and employee benefit expenses, including salaries, incentives and related benefits associated with our stores and corporate headquarters. Selling, general and administrative expenses also include advertising costs, supplies for our stores and home office, communication costs, travel and entertainment,

leasing costs and services purchased.Selling, general and administrative expenses do not include compensation, employee benefit expenses and travel for our design, sourcing and importing teams, our buyers and our distribution centers as these amounts are recorded in cost of sales. Additionally, selling, general and administrative expenses do not include rent and utilities, operating costs of our distribution centers, and shipping and handling costs related to our e-commerce operations, all of which are included in cost of sales.17 Â Interest (Income) Expense, NetInterest (income) expense, net primarily consists of interest income from cash and cash equivalents.Other (Income), NetOther (income), net consists primarily of foreign currency fluctuations and changes in other non-operating items. Non-controlling interest was not material for any period presented and is included within other (income), net.Segment InformationThe Company has identified two operating segments (American Eagle and Aerie) that also represent our reportable segments and reflect the CODM's (defined as our Chief Executive Officer ("CEO")) internal view of analyzing results and allocating resources. Additionally, our Todd Snyder and Unsubscribed brands and Quiet Platforms have been identified as separate operating segments; however, as they do not meet the quantitative thresholds for separate disclosure, they are presented under the Other caption. For additional information regarding the Companyâ€™s segment and geographic information, refer to Note 12 to the Consolidated Financial Statements. Â 3. Fair Value MeasurementsASC 820, Fair Value Measurement Disclosures (â€œASC 820â€), defines fair value, establishes a framework for measuring fair value in accordance with GAAP and expands disclosures about fair value measurements. Fair value is defined under ASC 820 as the exit price associated with the sale of an asset or transfer of a liability in an orderly transaction between market participants at the measurement date.Financial InstrumentsValuation techniques used to measure fair value under ASC 820 must maximize the use of observable inputs and minimize the use of unobservable inputs. In addition, ASC 820 establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:â€¢Level 1 â€” Quoted prices in active markets.â€¢Level 2 â€” Inputs other than Level 1 that are observable, either directly or indirectly. â€¢Level 3 â€” Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.The Companyâ€™s cash equivalents and short-term investments are Level 1 financial assets and are measured at fair value on a recurring basis, for all periods presented. Refer to Note 3 to the Consolidated Financial Statements for additional information regarding cash equivalents and short-term investments. As of July 29, 2023, the fair value of the Company's $3.0 million in outstanding borrowings under its Credit Facility approximated the carrying value.Refer to Note 8 to the Consolidated Financial Statements for additional information regarding long-term debt and other credit arrangements.Non-Financial AssetsThe Companyâ€™s non-financial assets, which include intangible assets and property and equipment, are not required to be measured at fair value on a recurring basis. However, if certain triggering events occur and the Company is required to evaluate the non-financial asset for impairment, a resulting impairment would require that the non-financial asset be recorded at the estimated fair value. The fair value is determined by estimating the amount and timing of net future cash flows and discounting them using a risk-adjusted rate of interest. The Company estimates future cash flows based on its experience and knowledge of the market in which the store is located. There were no long-lived asset impairment charges recorded during the 13 and 26 weeks ended August 3, 2024 or during the 13 weeks ended July 29, 2023. During the 26 weeks ended July 29, 2023, the Company recorded impairment of property and equipment of $10.8 million. Refer to Note 13 to the Consolidated Financial Statements for additional information on impairment, restructuring and other charges.The fair value of the Company's ROU assets was based upon market rent assumptions.The Company evaluates goodwill for possible impairment at least annually as of the last day of the fiscal year and upon occurrence of certain triggering events or substantive changes in circumstances that indicate that the fair value of a reporting unit may be below its carrying value. The Company last performed an annual goodwill impairment test using Level 3 inputs as defined in ASC 820 as of February 3, 2024. No indicators of goodwill impairment were present during the 13 and 26 weeks ended August 3, 2024 and July 29, 2023. Â 5. As of July 29, 2023, there was $3.0 million of outstanding Credit Facility borrowings.Â 2025 NotesIn April 2020, the Company issued $415 million aggregate principal amount of convertible nior notes due 2025 ("2025 Notes") in a private placement to qualified institutional buyers in reliance on Rule 144A under the Securities Act. The 2025 Notes had a stated interest rate of 3.75%, payable semi-annually. The Company used the net proceeds from the issuance for general corporate purposes. The Company redeemed all of the remaining 2025 Notes during the 13 weeks ended April 29, 2023. See "Note Exchanges" below.The Company did not have the right to redeem the 2025 Notes prior to April 17, 2023. On or after April 17, 2023 and prior to the fortieth scheduled trading day immediately preceding the maturity date, the Company could redeem all or any portion of the 2025 Notes, at its option, for cash, if the last reported sale price of our common stock had been at least 130% of the conversion price then in effect for at least 20 trading days (whether or not consecutive) during any 30 consecutive trading day period.20 Â Note ExchangesDuring Fiscal 2022, the Company entered into separate privately negotiated exchange agreements with certain holders of the 2025 Notes, to exchange $403.2 million in aggregate principal amount of the 2025 Notes for a combination of cash and shares of the Company's common stock, plus payment of accrued and unpaid interest (together, the "Note Exchanges"). Early RedemptionOn February 10, 2023, the Company issued a notice of optional redemption for all of its remaining outstanding 2025 Notes, notifying holders that, among other things, it had elected to exercise its right to redeem any and all of the outstanding 2025 Notes on April 17, 2023 (the "Early Redemption"). Subsequent to this notice, and prior to April 17, 2023, the 2025 Note holders redeemed a total of $8.8 million aggregate principal amount for a combined 1.1 million shares of the Company's common stock.Â Following the Note Exchanges and Early Redemption, the aggregate principal amount of the 2025 Notes had been fully redeemed.Interest expense for the 2025 Notes was $0.1 million for the 26 weeks ended July 29, 2023.Â Revolving Credit FacilityIn June 2022, the Company entered into an amended and restated Credit Agreement. The Credit Agreement provides senior secured asset-based revolving credit for loans and letters of credit up to $700 million, subject to customary borrowing base limitations. The Credit Facility expires on June 24, 2027. All obligations under the Credit Facility are unconditionally guaranteed by certain subsidiaries. The obligations under the Credit Agreement are secured by certain assets of the Company and certain subsidiaries.As of August 3, 2024, there were no outstanding borrowings, and the Company was in compliance with the terms of the Credit Agreement with $12 million outstanding in stand-by letters of credit. As of July 29, 2023, the Company had $3.0 million in outstanding borrowings under the Credit Agreement and $7.7 million outstanding in stand-by letters of credit.Borrowings under the Credit Facility accrue interest at the election of the Company at an adjusted secured overnight financing rate ("SOFR") plus 0.10% plus an applicable margin (ranging from 1.125% to 1.375%) or an alternate base rate plus an applicable margin (ranging from 0.125% to 0.375%), with each such applicable margin being based on average borrowing availability under the Credit Facility. Interest is payable quarterly and at the end of each applicable interest period. There were no Credit Facility borrowings during the 13 and 26 weeks ended August 3, 2024. The total interest expense related to the Credit Facility borrowings for the 13 and 26 weeks ended July 29, 2023 was $0.5 million and $1.1 million, respectively. 9. Share-Based Compensation The Company accounts for share-based compensation under the provisions of ASC 718, Compensation - Stock Compensation, which requires the Company to measure and recognize compensation expense for all share-based payments at fair value. Total share-based compensation expense included in the Consolidated Statements of Operations for the 13 and 26 weeks ended August 3, 2024 was $6.8 million ($5.1 million, net of tax) and $27.4 million ($21.3 million, net of tax), respectively, and for the 13 and 26 weeks ended July 29, 2023 was $10.5 million ($7.7 million, net of tax) and $25.4 million ($18.4 million, net of tax), respectively. 21 Â Stock Option GrantsThe Company grants time-based stock option awards, which vest over the requisite service period of the award or at an employee's eligible retirement date, if earlier. The fair value of stock options was estimated at the date of grant using a Black-Scholes option pricing model with the following weighted-average assumptions: Â Â 26 Weeks Ended Â Â Â August 3, Â Â July 29, Â Black-Scholes Option Valuation Assumptions Â 2024 Â Â 2023 Â Risk-free interest rate (1) Â Â 4.4 % Â Â 3.4 % Dividend yield Â Â 1.9 % Â Â 2.8 % Volatility factor (2) Â Â 55.4 % Â Â 55.7 % Weighted-average expected term (3) Â 4.5Â years Â Â 4.5Â years Â Â (1)Based on the U.S. Treasury yield curve in effect at the time of grant with a term consistent with the expected life of our stock options. (2)Based on historical volatility of the Companyâ€™s common stock. (3)Represents the period of time options are expected to be outstanding. The weighted-average expected option terms were determined based on historical experience.22 Â Restricted Stock GrantsTime-based restricted stock awards are comprised of time-based restricted stock units. These awards vest over three years. Time-based restricted stock units receive dividend equivalents in the form of additional time-based restricted stock units, which are subject to the same restrictions and forfeiture provisions as the original award.Performance-based restricted stock awards include performance-based restricted stock units ("PSUs"). Annual PSU grants cliff vest, if at all, at the end of a three-year performance period upon achievement of pre-established goals. Outstanding PSUs receive dividend equivalents in the form of additional PSUs, which are subject to the same restrictions and forfeiture provisions as the original award.The grant date fair value of time-based restricted stock awards is based on the closing market price of the Companyâ€™s common stock on the date of grant. A Monte-Carlo simulation was utilized for performance-based restricted stock awards.A summary of the Companyâ€™s restricted stock activity is presented in the following table: Â Â Time-Based Restricted Stock Units Â Â Performance-Based Restricted Stock Units Â Â Â August 3, 2024 Â Â August 3, 2024 Â (Shares in thousands) Â Shares Â Â Weighted-Average Grant Date Fair Value Â Â Shares Â Â Weighted-Average Grant Date Fair Value Â Non-vested - February 3, 2024 Â Â 2,830 Â Â $ 15.83 Â Â Â 2,023 Â Â $ 18.45 Â Granted Â Â 1,068 Â Â $ 24.21 Â Â Â 467 Â Â $ 27.49 Â Vested Â Â (1,160) Â $ 17.51 Â Â Â (248) Â $ 39.81 Â Cancelled Â Â (127) Â $ 15.59 Â Â Â (32) Â $ 18.05 Â Non-vested - August 3, 2024 Â Â 2,611 Â Â $ 18.52 Â Â Â 2,210 Â Â $ 17.97 Â Â As of August 3, 2024, there was $39.0 million of unrecognized compensation expense related to non-vested, time-based restricted stock unit awards that is expected to be recognized over a weighted-average period of 2.2 years. There is $6.6 million of unrecognized compensation expense related to PSU awards that is expected to be recognized over a weighted-average period of 2.1 years.As of August 3, 2024, the Company had 11 million shares available for all equity grants. 10. Income TaxesThe provision for income taxes is based on the current estimate of the annual effective income tax rate and is adjusted as necessary for discrete quarterly events. The effective income tax rate for the 13 weeks ended August 3, 2024 was 25.4% compared to 27.0% for the 13 weeks ended July 29, 2023. The change in the effective tax rate, as compared to the prior period, is primarily due to a change in non-deductible executive compensation and international tax provisions of the Tax Cuts and Jobs Act (the â€œTax Actâ€). The effective income tax rate for the 26 weeks ended August 3, 2024 was 22.1% compared to 27.1% for the 26 weeks ended July 29, 2023. The change in the effective tax rate, as compared to the prior period, is primarily due to excess tax benefits on share-based payments and tax audit adjustments. The Company records accrued interest and penalties related to unrecognized tax benefits in income tax expense, which were insignificant for both the 13 weeks ended August 3, 2024 and July 29, 2023. The Company recognizes income tax liabilities related to unrecognized tax benefits in accordance with ASC 740 and adjusts these liabilities when its judgment changes as a result of the evaluation of new information not previously available. Unrecognized tax benefits did not change significantly during either the 13 weeks ended August 3, 2024 or July 29, 2023. Over the next twelve months, the Company believes that it is reasonably possible that unrecognized tax benefits may decrease by approximately $15 million due to settlements, expiration of statute of limitations, or other changes in unrecognized tax benefits, which is expected to have an immaterial impact on the annual effective tax rate. 11. Legal Proceedings23 Â The Company is subject to certain legal proceedings and claims arising out of the conduct of its business. In accordance with ASC 450, Contingencies (â€œASC 450â€), the Company records a reserve for estimated losses when the loss is probable and the amount can be reasonably estimated. If a range of possible loss exists and no anticipated loss within the range is more likely than any other anticipated loss, the Company records the accrual at the low end of the range, in accordance with ASC 450. As the Company believes that it has provided adequate reserves, it anticipates that the ultimate outcome of any matter currently pending against the Company will not materially affect the consolidated financial position, results of operations or consolidated cash flows of the Company. However, our assessment of any litigation or other legal claims could potentially change in light of the discovery of facts not presently known or determinations by judges, juries, or other finders of fact which are not in accord with managementâ€™s evaluation of the possible liability or outcome of such litigation or claims. 12. Segment ReportingIn accordance with ASC 280, Segment Reporting (â€œASC 280â€), the Company has identified two operating segments (American Eagle brand and Aerie brand) that also represent our reportable segments and reflect the CODM's internal view of analyzing results and allocating resources. Additionally, our Todd Snyder brand, Unsubscribed brand, and Quiet Platforms have been identified as separate operating segments; however, as they do not meet the quantitative thresholds for separate disclosure, they are presented under the Other caption, as permitted by ASC 280.Â General corporate expenses consist of general and administrative costs that management does not attribute to any of our operating segments. These costs primarily relate to corporate administration, information and technology resources, finance and human resources functional and organizational costs, depreciation and amortization of corporate assets, and other general and administrative expenses resulting from corporate-level activities and projects.Â Our CEO analyzes segment results and allocates resources between segments based on

the adjusted operating income, or the operating income in periods where there are no adjustments, of each segment. Adjusted operating income is a non-GAAP financial measure ("non-GAAP" or "adjusted") that is defined by the Company as operating income excluding impairment, restructuring and other charges. Adjusted operating income is not based on any standardized methodology prescribed by GAAP and is not necessarily comparable to similar measures presented by other companies. Non-GAAP information is provided as a supplement to, not as a substitute for, or as superior to, measures of financial performance prepared in accordance with GAAP. We believe that this non-GAAP information is useful as an additional means for investors to evaluate our operating performance, when reviewed in conjunction with our GAAP consolidated financial statements and provides a higher degree of transparency.24 Â Reportable segment information is presented in the following table:Â Â 13 weeks ended Â Â 26 weeks ended Â Â August 3, 2024 Â Â July 29, 2023 Â Â August 3, 2024 Â Â July 29, 2023 Â Â Dollars in thousands Â Net Revenue: Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â American Eagle $ 827,638 Â Â $ 767,018 Â Â $ 1,552,382 Â Â $ 1,438,110 Â Â Â Â Aerie Â 415,646 Â Â Â 380,413 Â Â Â 788,298 Â Â Â 739,495 Â Total Segment Net Revenue $ 1,243,284 Â Â $ 1,147,431 Â Â $ 2,340,680 Â Â $ 2,177,605 Â Â Â Â Other Â 57,457 Â Â Â 108,318 Â Â Â 112,441 Â Â Â 217,675 Â Â Â Â Â Intersegment Elimination Â (9,683) Â Â (54,870) Â Â (18,196) Â Â (113,475) Total Net Revenue $ 1,291,058 Â Â $ 1,200,879 Â Â $ 2,434,925 Â Â $ 2,281,805 Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Operating Income: Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â American Eagle $ 144,889 Â Â $ 128,664 Â Â $ 283,473 Â Â $ 234,203 Â Â Â Â Aerie Â 69,640 Â Â Â 57,253 Â Â Â 130,967 Â Â Â 112,922 Â Total Segment Operating Income $ 214,529 Â Â $ 185,917 Â Â $ 414,440 Â Â $ 347,125 Â Â Â Â Other Â (10,155) Â Â (10,341) Â Â (25,003) Â Â (26,648) Â Â Â Â Intersegment Elimination Â - Â Â Â - Â Â Â - Â Â Â - Â Â Â Â General corporate expenses Â (103,265) Â Â (110,286) Â Â (210,493) Â Â (211,081) Impairment, restructuring and other charges(1) Â - Â Â Â - Â Â Â - Â Â Â (21,275) Total Operating Income $ 101,109 Â Â $ 65,290 Â Â $ 178,944 Â Â $ 88,121 Â Interest (income) expense, net Â (730) Â Â 951 Â Â Â (4,168) Â Â 1,642 Â Â Â Â Other (income) expense, net Â (1,715) Â Â (2,150) Â Â (3,111) Â Â (5,461) Income before income taxes $ 103,554 Â Â $ 66,489 Â Â $ 186,223 Â Â $ 91,940 Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Capital Expenditures Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â American Eagle $ 24,087 Â Â $ 16,249 Â Â $ 36,721 Â Â $ 31,192 Â Â Â Â Aerie Â 15,874 Â Â Â 10,889 Â Â Â 27,616 Â Â Â 22,077 Â Â Â Â Other Â 4,593 Â Â Â 6,154 Â Â Â 7,457 Â Â Â 11,730 Â Â Â Â General corporate expenditures Â 16,182 Â Â Â 12,810 Â Â Â 25,151 Â Â Â 26,960 Â Total Capital Expenditures $ 60,736 Â Â $ 46,102 Â Â $ 96,945 Â Â $ 91,959 Â (1) Refer to Note 13 to the Consolidated Financial Statements for additional information. MANAGEMENTâ€™S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS. The following Management's Discussion and Analysis of Financial Condition and Results of Operations (this "MD&A") is intended to help the reader understand the Company, our operations and our present business environment. This MD&A is provided as a supplement to â€" and should be read in conjunction with â€" our MD&A for Fiscal 2023, which can be found in our Fiscal 2023 Form 10-K. In addition, the following discussion and analysis of financial condition and results of operations are based upon our Consolidated Financial Statements and should be read in conjunction with these statements and notes thereto. Introduction This MD&A is organized as follows: Â â€¢Executive Overview â€¢Key Performance Indicators â€¢Current Trends and Outlook â€¢Results of Operations â€¢Liquidity and Capital Resources â€¢Critical Accounting Estimates Â Â Recent accounting pronouncements the Company has adopted or is currently evaluating prior to adoption, including the dates of adoption or expected dates of adoption, as applicable, and the anticipated effects on the Companyâ€™s audited Consolidated Financial Statements, are included in Note 2. â€œSummary of Significant Accounting Policiesâ€ of the Notes to the Consolidated Financial Statements included herein. Executive Overview We are a leading global specialty retailer offering high-quality, on-trend clothing, accessories and personal care products at affordable prices under our American EagleÂ® and AerieÂ® brands. We have two reportable segments, American Eagle and Aerie. Our Chief Operating Decision Maker (defined as our CEO) analyzes segment results and allocates resources based on adjusted operating income (loss), which is a non-GAAP financial measure. See Note 12. â€œSegment Reporting,â€ of the Notes to the Consolidated Financial Statements included herein for additional information. Key Performance Indicators Our management evaluates the following items, which are considered key performance indicators, in assessing our performance: Comparable Sales â€" Comparable sales and comparable sales changes provide a measure of sales growth for stores and channels open at least one year over the comparable prior year period. In fiscal years following those with 53 weeks, including Fiscal 2024, the prior year period is shifted by one week to compare similar calendar weeks. A store is included in comparable sales in the 13th month of operation. However, stores that have a gross square footage change of 25% or greater due to a remodel are removed from the comparable sales base but are included in total sales. These stores are returned to the comparable sales base in the 13th month following the remodel. Sales from American Eagle, Aerie, Todd Snyder, and Unsubscribed stores, as well as sales from AEO Direct and other digital channels, are included in total comparable sales. Sales from licensed stores are not included in comparable sales. Individual American Eagle and Aerie brand comparable sales disclosures include sales from stores and AEO Direct. 27 Â Omni-Channel Sales Performance â€" Our management utilizes the following quality of sales metrics in evaluating our omni-channel sales performance: comparable sales, average unit retail price, total transactions, units per transaction, and consolidated comparable traffic. We include these metrics in our discussion within this MD&A when we believe that they enhance the understanding of the matter being discussed. Investors may find them useful as such. Each of these metrics is defined as follows (except comparable sales, which is defined separately above): â€¢Average unit retail price represents the selling price of our goods. It is the cumulative net sales divided by the net units sold for a period of time. â€¢Total transactions represents the count of customer transactions over a period of time (inclusive of Company-owned stores and AEO Direct, unless specified otherwise). â€¢Units per transaction represents the number of units sold divided by total transactions over a period of time (inclusive of Company-owned stores and AEO Direct, unless specified otherwise). â€¢Consolidated comparable traffic represents visits to our Company-owned stores, limited to those stores that qualify to be included in comparable sales as defined above, including AEO Direct, over a period of time. Gross Profit â€" Gross profit measures whether we are optimizing the profitability of our sales. Gross profit is the difference between total net revenue and cost of sales. Cost of sales consists of merchandise costs, including design, sourcing, importing, and inbound freight costs, as well as markdowns, shrinkage and certain promotional costs, Quiet Platforms costs to service its customers and buying, occupancy and warehousing costs and services. Design costs consist of compensation, rent, depreciation, travel, supplies, and samples. Buying, occupancy and warehousing costs and services consist of compensation, employee benefit expenses and travel for our buyers and certain senior merchandising executives; rent and utilities related to our stores, corporate headquarters, distribution centers and other office space; freight from our distribution centers to the stores; compensation and supplies for our distribution centers, including purchasing, receiving and inspection costs; and shipping and handling costs related to our e-commerce operations. The inability to obtain acceptable levels of sales, initial markups or any significant increase in our use of markdowns could have an adverse effect on our gross consolidated profit and results of operations. Operating Income â€" Our management views operating income as a key indicator of our performance. The key drivers of operating income are net revenue, gross profit, our ability to control selling, general and administrative ("SG&A") expenses, and our level of capital expenditures. Cash Flow and Liquidity â€" Our management evaluates cash flow from operations and investing and financing activities in determining the sufficiency of our cash position and capital allocation strategies. Cash flow has historically been sufficient to cover our uses of cash. Our management believes that cash flow and liquidity will be sufficient to fund anticipated capital expenditures and working capital requirements for the next twelve months and beyond. Current Trends and Outlook Macroeconomic Conditions and Inflation During Fiscal 2023 and the 26 weeks ended August 3, 2024, our results were negatively impacted by macro-economic challenges and global inflationary pressures impacting consumer spending behavior, which constrained revenue and increased margin pressure to clear through excess inventory. Given ongoing external uncertainties, we have taken additional actions to improve financial performance, including more operating efficiency initiatives. For further information about the risks associated with global economic conditions and the effect of economic pressures on our business, see â€œRisk Factorsâ€ in Part I, Item 1A of our Fiscal 2023 Form 10-K. Â Omni-Channel and Digital Capabilities We sell merchandise through our digital channels, www.ae.com, www.aerie.com, and our AEO apps, both domestically and internationally in approximately 80 countries. We also sell AE brand and Aerie brand merchandise on various international online marketplaces. We offer Todd Snyder and Unsubscribed brand products online at www.toddsnyder.com and www.unsubscribed.com, respectively. The digital channels reinforce each particular brand and are designed to complement the in-store experience. Over the past several years, we have invested in building our technologies and digital capabilities. We focused our investments in three key areas: making significant advances in mobile technology, investing in digital marketing and improving the digital customer experience. 28 Â Profit Improvement Program We launched our profit improvement program during Fiscal 2023, "Powering Profitable Growth," which focused on a comprehensive review of our cost structure. Early actions have been focused on the components of gross margin and contributed to margin expansion in Fiscal 2023. Other significant work streams have been identified, actioned and incorporated into our Fiscal 2024 plans. The results of these initiatives are expected to yield gross margin expansion, as well as SG&A and depreciation leverage, resulting in an improved operating profit rate. In the first half of Fiscal 2024, we saw expansion of our gross profit rate of 150 basis points and expansion of our operating rate of 340 basis points in comparison to the first half of Fiscal 2023 as a result of our initiatives. Â Results of Operations Â The second quarter of Fiscal 2024 showed continued progress on our "Powering Profitable Growth" plan, marked by the three strategic priorities. Compared to the second quarter of Fiscal 2023's: â€¢Amplifying our brands: Total revenue increased 8% to $1.291 billion from $1.201 billion, with American Eagle revenue increasing 8% year over year, and Aerie revenue increasing 9% year over year. American Eagle's comparable sales increased 5% year over year, and Aerie's comparable sales increased 4% year over year. â€¢Executing with financial discipline: Gross profit increased 10% to $499 million year over year, and increased by 90 basis points year over year to 38.6% as a percentage of revenue. â€¢Optimizing our operating capabilities: Operating income increased 55% to $101 million from $65 million last year, and increased by 240 basis points from last year to 7.8% as a percentage of revenue. Â Diluted earnings per share increased to $0.39 for the 13 weeks ended August 3, 2024 compared to $0.25 for the 13 weeks ended July 29, 2023. Additionally, there were 17 Todd Snyder stand-alone locations and five Unsubscribed locations. Comparison of the 13 weeks ended August 3, 2024 to the 13 weeks ended July 29, 2023 Â Total Net Revenue Â Total net revenue increased 8% to $1.291 billion for the 13 weeks ended August 3, 2024, compared to $1.201 billion last year. The shift in the retail calendar contributed approximately $55 million to revenue for the 13 weeks ended August 3, 2024. Digital revenue increased 12%, and store revenue increased 7%, driven by increased transaction volume through increased traffic across channels and a slight increase in units per transaction. The increase in net revenue was driven by increased transaction volume as a result of increased traffic across channels. Aerie comparable sales increased 4%. Â Other. The decrease in net revenue was primarily attributable to planned lower revenue from Quiet Platforms offset by lower intersegment eliminations (net reduction of $6 million) due to our change in strategy for this business. Buying, occupancy and warehousing costs increased by $12 million, primarily as a result of the increase in sales volume. However, as a percent to net revenue, buying, occupancy, and warehousing costs decreased by 40 basis points, driven by rent and digital delivery, reflecting a lower product cost per order. Â During the 13 weeks ended August 3, 2024 and

July 29, 2023, $2.5 million and $5.0 million, respectively, of share-based payment expense were included in gross profit, representing both time and performance-based awards. Â Our gross profit may not be comparable to that of other retailers, as some retailers include all costs related to their distribution network, as well as design costs in cost of sales and others may exclude a portion of these costs from cost of sales, including them in a line item such as SG&A expenses. Refer to Note 2 to the Consolidated Financial Statements for a description of our accounting policy regarding cost of sales, including certain buying, occupancy and warehousing expenses. Cash Flows Used for Investing Activities Investing activities for the 26 weeks ended August 3, 2024 primarily consisted of capital expenditures of $96.9 million, offset by the sales of available-for-sale investments of $100.0 million. Investing activities for the 26 weeks ended July 29, 2023 primarily consisted of capital expenditures of $92.0 million. Cash Flows Used for Financing Activities Cash used for financing activities for the 26 weeks ended August 3, 2024 consisted primarily of $130.9 million, including commissions and excise taxes, used for the repurchase of common stock under our publicly announced programs, and $48.6 million for cash dividends paid at a quarterly rate of $0.125 per share. Cash used for financing activities for the 26 weeks ended July 29, 2023 consisted primarily $39.4 million for cash dividends paid at a quarterly rate of $0.10 per share and $10.4 million for the repurchase of common stock from employees for the payment of taxes in connection with vesting of share-based payments, partially offset by $3.0 million of net borrowings under our Credit Facility. Revolving Credit Facility In June 2022, we entered into an amended and restated Credit Agreement, which provides senior secured asset-based revolving credit for loans and letters of credit up to $700 million, subject to customary borrowing base limitations. The Credit Facility expires on June 24, 2027. All obligations under the Credit Facility are unconditionally guaranteed by certain subsidiaries. The obligations under the Credit Agreement are secured by certain assets of the Company and certain subsidiaries. As of August 3, 2024, the Company was in compliance with the terms of the Credit Agreement and had no borrowings and had $12.0 million outstanding in stand-by letters of credit. As of July 29, 2023, the Company had $3.0 million in outstanding borrowings and $7.7 million outstanding in stand-by letters of credit. 38 Â Capital Expenditures for Property and Equipment For the 26 weeks ended August 3, 2024, capital expenditures totaled $96.9 million. Share Repurchases On February 1, 2024, our Board authorized the public repurchase of 30.0 million shares under a new share repurchase program, which expires on February 3, 2029. During the 26 weeks ended August 3, 2024, there were 6.0 million shares repurchased under this authorization. During the 26 weeks ended August 3, 2024 and July 29, 2023, we repurchased approximately 0.5 million and 0.7 million shares, respectively, from certain employees at market prices totaling $13.3 million and $10.4 million, respectively. These shares were repurchased for the payment of taxes, in connection with the vesting of share-based payments, as permitted under our equity incentive plans. The aforementioned repurchased shares have been recorded as treasury stock. Dividends During the 13 weeks ended August 3, 2024, our Board declared a quarterly cash dividend of $0.125 per share on June 4, 2024, which was paid on July 26, 2024. The Company maintains the right to defer the record and payment dates of any declared dividends, depending upon, among other factors, business performance and the macroeconomic environment. The payment of future dividends is at the discretion of our Board and is based on future earnings, cash flow, financial condition, capital requirements, changes in United States taxation, and other relevant factors. 39 Â Critical Accounting Estimates Our critical accounting policies and estimates are described in Item 7, Managementâ€™s Discussion and Analysis of Financial Condition and Results of Operations, and in the notes to our Consolidated Financial Statements for the year ended February 3, 2024 contained in our Fiscal 2023 Form 10-K. Any new accounting policies or updates to existing accounting policies as a result of new accounting pronouncements have been discussed in the notes to our Consolidated Financial Statements in this Quarterly Report. The application of our critical accounting policies and estimates may require our management to make judgments and estimates about the amounts reflected in the Consolidated Financial Statements. Our management uses historical experience and all available information to make these estimates and judgments, and different amounts could be reported using different assumptions and estimates. ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK. We are primarily exposed to the impact of foreign exchange rate risk primarily through our Canadian and Mexican operations where the functional currency is the Canadian dollar and Mexican peso, respectively. The impact of all other foreign currencies is currently immaterial to our consolidated financial results. An unrealized loss of $23.5 million and $22.9 million is included in accumulated other comprehensive (loss) income during the 13 and 26 weeks ended August 3, 2024, respectively. Our market risk profile as of February 3, 2024 is disclosed in Item 7A, Quantitative and Qualitative Disclosures About Market Risk, of our Fiscal 2023 Form 10-K, which is unchanged as of August 3, 2024. ITEM 4. CONTROLS AND PROCEDURES. Disclosure Controls and Procedures We maintain disclosure controls and procedures that are designed to provide reasonable assurance that information required to be disclosed in our reports under the Exchange Act, is recorded, processed, summarized, and reported within the time periods specified in the SECâ€™s rules and forms, and that such information is accumulated and communicated to the management of American Eagle Outfitters, Inc. (the â€œManagementâ€), including our principal executive officer and our principal financial officer, as appropriate, to allow timely decisions regarding required disclosure. In designing and evaluating the disclosure controls and procedures, Management recognized that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives. In connection with the preparation of this Quarterly Report, as of August 3, 2024, the Company performed an evaluation under the supervision and with the participation of our Management, including the principal executive officer and principal financial officer, of the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Rules 13a-15(e) or 15d-15(e) under the Exchange Act). Based upon that evaluation, our principal executive officer and our principal financial officer concluded that, as of the end of the period covered by this Quarterly Report, our disclosure controls and procedures were effective in the timely and accurate recording, processing, summarizing, and reporting of material financial and non-financial information within the time periods specified within the SECâ€™s rules and forms. Our principal executive officer and principal financial officer also concluded that our disclosure controls and procedures were effective to ensure that information required to be disclosed in the reports that we file or submit under the Exchange Act is accumulated and communicated to our Management, including our principal executive officer and principal financial officer, to allow timely decisions regarding required disclosure. Changes in Internal Control over Financial Reporting There has been no change in our internal control over financial reporting (as defined in Rules 13a-15(f) or 15d-15(f) of the Exchange Act) during our most recently completed fiscal quarter that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting. 40 Â PART II â€“ OTHER INFORMATION Â Â ITEM 1. LEGAL PROCEEDINGS. We are involved, from time to time, in actions associated with or incidental to our business, including, among other things, matters involving consumer privacy, trademark and other intellectual property, licensing, importation of products, taxation, and employee relations. We believe at present that the resolution of currently pending matters will not individually or in the aggregate have a material adverse effect on our consolidated financial position or results of operations. However, our assessment of any litigation or other legal claims could potentially change in light of the discovery of facts not presently known or determinations by judges, juries, or other finders of fact that are not in accord with management's evaluation of the possible liability or outcome of such litigation or claims. Consistent with SEC Regulation S-K Item 103, we have elected to disclose those environmental proceedings with a governmental entity as a party where the company reasonably believes such proceeding would result in monetary sanctions, exclusive of interest and costs, of $1.0 million or more. Applying this threshold, there are no environmental matters to disclose for this period. Refer to Note 11. â€œLegal Proceedingsâ€ of the Notes to the Consolidated Financial Statements included herein for additional information. ITEM 1A. RISK FACTORS. Risk factors that affect our business and financial results are discussed within Part I, Item 1A of our Fiscal 2023 Form 10-K. There have been no material changes to our risk factors as disclosed in the Fiscal 2023 Form 10-K. ITEM 2. Interim Financial StatementsThe accompanying Consolidated Financial Statements of American Eagle Outfitters, Inc., a Delaware corporation, at August 3, 2024 and July 29, 2023 and for the 13 and 26 week periods ended August 3, 2024 and July 29, 2023 have been prepared in accordance with generally accepted accounting principles in the United States of America (â€œGAAPâ€) for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and notes required by GAAP for complete financial statements. Certain notes and other information have been condensed or omitted from the interim Consolidated Financial Statements presented in this Quarterly Report. Therefore, these Consolidated Financial Statements should be read in conjunction with our Fiscal 2023 Form 10-K. In the opinion of the Companyâ€™s management, all adjustments (consisting of normal recurring adjustments and those described in the notes that follow) considered necessary for a fair presentation have been included. The existence of subsequent events has been evaluated through the filing date of this Quarterly Report.The Company operates under the American EagleÂ® ("AE") brand and the AerieÂ® brand, which includes the OFFLINE by AerieÂ® brand. We also operate Todd Snyder New York ("Todd Snyder"), a premium menswear brand, and Unsubscribed, which focuses on consciously made slow fashion.Founded in 1977, the Company is a leading multi-brand specialty retailer that operates nearly 1,500 retail stores in the United States ("U.S.") and internationally, online through our digital channels at www.ae.com and www.aerie.com, www.toddsnyder.com, www.unsubscribed.com and through more than 300 international store locations managed by third-party operators. Through its portfolio of brands, the Company offers high quality, on-trend clothing, accessories, and personal care products at affordable prices. We sell directly to consumers through our retail channel, which includes our stores and concession-based shop-within-shops. We operate stores in the U.S., Canada, Mexico, and Hong Kong. We also have license agreements with third parties to operate American Eagle and Aerie stores throughout Asia, Europe, India, Latin America, and the Middle East. The Company's online business, AEO Direct, ships to approximately 80 countries worldwide.As e-commerce penetration and growth has normalized coming out of the COVID-19 pandemic, the supply chain landscape has continued to evolve. In Fiscal 2023, as part of its profit improvement initiative, the Company began to streamline and shift the operations of Quiet Platforms to better align with AEO's long term strategy. As a result of these changes, Quiet Platforms has refined its focus on its core capabilities as a regionalized fulfillment center network. The network and related growth plans have been updated to reflect this refined focus. Historically, our operations have been seasonal, with a large portion of total net revenue and operating income occurring in the third and fourth fiscal quarters, reflecting increased demand during the back-to-school and year-end holiday selling seasons, respectively. Our quarterly results of operations also may fluctuate based upon such factors as the timing of certain holiday seasons, the number and timing of new store openings, the acceptability of seasonal merchandise offerings, the timing and level of markdowns, store closings and remodels, competitive factors, weather and general economic and political conditions. Summary of Significant Accounting PoliciesPrinciples of ConsolidationThe Consolidated Financial Statements include the accounts of the Company and its wholly owned subsidiaries and consolidated entities where the Company's ownership percentage is less than 100%. Non-controlling interest is included as a component of contributed capital within the Consolidated Balance Sheets and Consolidated Statements of Stockholders' Equity and was not material for any period presented. All intercompany transactions and balances have been eliminated in consolidation. At August 3, 2024, the Company operated in two reportable segments, American Eagle and Aerie.Fiscal YearOur fiscal year is a 52- or 53-week year that ends on the Saturday nearest to January 31. As used herein, "Fiscal 2024" refers to the 52-week period that will end on February 1, 2025. â€œFiscal 2023â€ refers to the 53-week period ended on February 3, 2024. EstimatesThe preparation of financial statements in conformity with GAAP requires the Companyâ€™s management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. On an ongoing basis, our management reviews its estimates based on currently available information. Changes in facts and circumstances may result in revised estimates.Recent Accounting Pronouncements In November 2023, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2023-07, Improvements to Reportable Segment Disclosures ("ASU 2023-07"), which requires that segment expenses deemed significant to the Chief Operating Decision Maker ("CODM") typically incorporated in measuring profit or loss of the segment should be disclosed. The guidance also requires that the difference between segment revenues and these significant segment expenses is disclosed. Any annually disclosed segment information is now required to be reported in interim periods as well. The guidance is effective for fiscal years beginning after December 15, 2023, and interim periods beginning after December 15, 2024. Public entities are required to apply the amendment retrospectively to prior periods presented in the financial statements. The Company plans to adopt ASU 2023-07 effective for its Fiscal 2024 and for the interim periods beginning in Fiscal 2025. Refer to Note 12 to the Consolidated Financial Statements for additional information regarding Segment Reporting. In December 2023, the FASB issued ASU 2023-09, Improvements to Income Tax Disclosures ("ASU 2023-09"), which requires increased transparency in tax disclosures, specifically by expanding requirements for rate reconciliation and income taxes paid information. Additionally, the amendment requires disclosures of income/(loss) from continuing operations before taxes disaggregated between domestic and foreign, and income tax expense/(benefit), disaggregated by federal, state, and foreign. Disclosure requirements about the nature and estimated range of the reasonably possible change in unrecognized tax benefits over the next year have been removed as part of this amendment. The guidance is effective for fiscal years beginning after December 15, 2024. The Company plans to adopt ASU 2023-09 effective for Fiscal 2025.Refer to Note 10 to the Consolidated Financial Statements for additional information regarding Income Taxes. Foreign Currency TranslationIn accordance with Accounting Standards Codification ("ASC") 830, Foreign Currency Matters, the Company translates assets and liabilities denominated in foreign currencies into U.S. dollars (â€œUSDâ€) (the reporting currency) at the exchange rates prevailing at the balance sheet date. The Company translates revenues and expenses denominated in foreign currencies into USD at the monthly average exchange rates for the period. Gains or losses resulting from foreign currency transactions are included in the consolidated results of operations, whereas related translation adjustments are reported as an element of other comprehensive income (loss) in accordance with ASC 220, Comprehensive Income.We are exposed to the impact of foreign exchange rate risk primarily through our Canadian and Mexican operations where the functional currency is the Canadian dollar and Mexican peso, respectively. The impact of all other foreign currencies is currently immaterial to our consolidated financial results. During the 13 and 26 weeks ended August 3, 2024, an unrealized loss of $23.5 million and $22.9 million, respectively was included in other comprehensive (loss) income, which were primarily related to the fluctuations of the USD to Mexican peso and USD to Canadian dollar exchange rates.Cash, Cash Equivalents and Short-term InvestmentsThe Company considers all highly liquid investments purchased with an original maturity of three months or less to be cash equivalents. Short-term investments classified as available-for-sale include certificates of deposit with an original maturity greater than three months, but less than one year. Refer to Note 3 to the Consolidated Financial Statements for information regarding cash, cash equivalents, and short-term investments.Accounts ReceivableThe Company's receivables are primarily generated from product sales and royalties from our licensees. The primary indicators of the credit quality of our receivables are aging, payment history, economic sector information and outside credit monitoring, and are assessed on a quarterly basis. Our credit loss exposure is mainly concentrated in our accounts receivable portfolio. Our allowance for credit losses is calculated using a loss-rate method based on historical experience, current market conditions and reasonable forecasts. Historically, the Companyâ€™s reserves have approximated actual experience.Merchandise InventoryMerchandise inventory is valued at the lower of average cost or net realizable value, utilizing the retail method. Average cost includes merchandise design and sourcing costs and related expenses. The Company records merchandise receipts when control of the merchandise has transferred to the Company.The Company reviews its inventory levels to identify slow-moving merchandise and generally uses markdowns to clear merchandise. Additionally, the Company estimates a markdown reserve for future planned permanent markdowns related to current inventory. Markdowns may occur when inventory exceeds customer demand for reasons of style, seasonal adaptation, changes in customer preference, lack of consumer acceptance of fashion items, competition, or if it is determined that the inventory in stock will not sell at its currently ticketed price. Such markdowns may have a material adverse impact on earnings, depending on the extent and amount of inventory affected. The Company also estimates a shrinkage reserve for the period between the last physical count and the balance sheet date. The estimate for the shrinkage reserve, based on historical results, can be affected by changes in merchandise mix and changes in actual shrinkage trends.Property and EquipmentProperty and equipment is recorded on the basis of cost with depreciation computed utilizing the straight-line method over the assetâ€™s estimated useful life. The useful lives of our major classes of assets are as follows:Â Buildings Â 25Â years Leasehold improvements Â Lesser of 10 years or the term of the lease Fixtures and equipmentInformation technology Â Five yearsThreeÂ to five years Â As of August 3, 2024, the weighted average remaining useful life of our assets was approximately six years.In accordance with ASC 360, Property, Plant, and Equipment (â€œASC 360â€), the Companyâ€™s management evaluates the value of leasehold improvements, store fixtures, and operating lease right-of-use ("ROU") assets associated with retail stores. The Company evaluates long-lived assets for impairment at the individual store level, which is the lowest level at which individual cash flows can be identified. Impairment losses are recorded on long-lived assets used in operations when events and circumstances indicate that the assets might be impaired and the projected undiscounted cash flows estimated to be generated by those assets are less than the carrying amounts. When events such as these occur, the impaired assets are adjusted to their estimated fair value and an impairment loss is recorded separately as a component of operating income within the Consolidated Statements of Operations. Our impairment loss calculations require management to make assumptions and to apply judgment to estimate future cash flows and asset fair values. The significant assumption used in our fair value analysis is forecasted revenue. We do not believe that there is a reasonable likelihood that there will be a material change in the estimates or assumptions that we use to calculate long-lived asset impairment losses. However, if actual results are not consistent with our estimates and assumptions, our consolidated operating results could be adversely affected.When the Company closes, remodels, or relocates a store prior to the end of its lease term, the remaining net book value of the assets related to the store is recorded as a write-off of assets within depreciation and amortization expense. There were no long-lived asset impairment charges recorded during the 13 weeks ended August 3, 2024 and July 29, 2023. During the 26 weeks ended July 29, 2023, the Company recorded impairment of property and equipment of $10.8 million. No long-lived asset impairment charges were recorded during the 26 weeks ended August 3, 2024. Refer to Note 6 to the Consolidated Financial Statements for additional information regarding property and equipment and refer to Note 13 to the Consolidated Financial Statements for additional information regarding the impairment of these assets.Goodwill and Intangible AssetsThe Companyâ€™s goodwill is primarily related to the acquisition of its regionalized fulfillment center network, as well as its importing operations and Canadian business, and represents the excess of cost over fair value of net assets of businesses acquired. In accordance with ASC 350, Intangibles â€“ Goodwill and Other, the Company evaluates goodwill for possible impairment at least annually as of the last day of the fiscal year and upon occurrence of certain triggering events or substantive changes in circumstances that indicate that the fair value of a reporting unit may be below its carrying value. If the carrying value of the reporting unit exceeds the fair value, an impairment charge is recorded in the period of the evaluation based on that difference. The Company last performed an annual goodwill impairment test as of February 3, 2024. As a result of the annual impairment test, the Company concluded that the goodwill assigned to the Quiet Platforms reporting unit was impaired, resulting in a charge of $39.6 million recorded within impairment, restructuring and other charges on the Consolidated Statements of Operations for Fiscal 2023, due to insufficient prospective cash flows to support the carrying value of the business. Significant, subjective assumptions used in the Companyâ€™s fair value estimate included forecasted cost of sales, forecasted operating expense and the discount rate. No indicators of impairment were present during the 13 and 26 weeks ended August 3, 2024 and July 29, 2023.Definite-lived intangible assets are initially recorded at fair value, with amortization computed utilizing the straight-line method over the assetsâ€™ estimated useful lives. The Companyâ€™s definite-lived intangible assets, which consist primarily of trademark assets, are generally amortized over 10 to 15 years.The Company evaluates definite-lived intangible assets for impairment in accordance with ASC 360 when events or circumstances indicate that the carrying value of the asset may not be recoverable. Such an evaluation includes the estimation of undiscounted future cash flows to be generated by those assets. If the sum of the estimated future undiscounted cash flows is less than the carrying amounts of the assets, then the assets are impaired and are adjusted to their estimated fair value. During Fiscal 2023, the Company recorded a $40.5 million impairment charge within impairment, restructuring and other charges on the Consolidated Statements of Operations related to the definite-lived intangible assets of Quiet Platforms, due to insufficient prospective cash flows to support the carrying value of the assets. No definite-lived intangible asset impairment charges were recorded during the

13 and 26 weeks ended August 3, 2024 and July 29, 2023.Refer to Note 7 to the Consolidated Financial Statements for additional information regarding goodwill and intangible assets.Construction AllowancesAs part of certain lease agreements for retail stores, the Company receives construction allowances from lessors, which are generally comprised of cash amounts. The Company records a receivable and an adjustment to the operating lease ROU asset at the lease commencement date (i.e., the date of initial possession of the store). The deferred lease credit is amortized as part of the single lease cost over the term of the original lease (including the pre-opening build-out period). The receivable is reduced as amounts are received from the lessor.Self-Insurance LiabilityThe Company uses a combination of insurance and self-insurance mechanisms for certain losses related to employee medical benefits and workerâ€™s compensation. Costs for self-insurance claims filed and claims incurred but not reported are accrued based on known claims and historical experience. Management believes that it has adequately reserved for its self-insurance liability, which is capped by stop-loss contracts with insurance companies. However, any significant variation of future claims from historical trends could cause actual results to differ from the accrued liability.LeasesThe Company leases all store premises, its Canadian distribution center in Mississauga, Ontario, its regional distribution facilities, some of its office space and certain information technology and office equipment. These leases are generally classified as operating leases.Store leases generally provide for a combination of base rentals and contingent rent based on store sales. Additionally, most leases include lessor incentives such as construction allowances and rent holidays. The Company is typically responsible for tenant occupancy costs including maintenance costs, common area charges, real estate taxes and certain other expenses. When measuring operating lease ROU assets and operating lease liabilities, the Company only includes cash flows related to options to extend or terminate leases once those options are executed.Some leases have variable payments. However, because they are not based on an index or rate, they are not included in the measurement of operating lease ROU assets and operating lease liabilities.When determining the present value of future payments for an operating lease that does not have a readily determinable implicit rate, the Company uses its incremental borrowing rate as of the date of initial possession of the leased asset.For leases that qualify for the short-term lease exemption, the Company does not record an operating lease liability or operating lease ROU asset. Short-term lease payments are recognized on a straight-line basis over the lease term of 12 months or less.Co-Branded and Private Label Credit CardsThe Company offers a co-branded credit card and a private-label credit card under the AE and Aerie brands. These credit cards are issued by a third-party bank (the â€œBankâ€) in accordance with a credit card agreement (the â€œAgreementâ€). The Company has no liability to the Bank for bad debt expense, provided that purchases are made in accordance with the Bankâ€™s procedures. We receive funding from the Bank based on the Agreement and card activity, which includes payments for new account activations and usage of the credit cards. We recognize revenue for this funding as we fulfill our performance obligations under the Agreement. This revenue is recorded in other revenue, which is a component of total net revenue in our Consolidated Statements of Operations.Customer Loyalty ProgramThe Company offers a highly digitized loyalty program called Real Rewards by American Eagle and Aerieâ„¢ (the â€œProgramâ€). The Program features both shared and unique benefits for loyalty members and credit card holders. Under the Program, members accumulate points based on purchase activity and earn rewards by reaching certain point thresholds. Members earn rewards in the form of discount savings certificates. Rewards earned are valid through the stated expiration date, which is 60 days from the issuance date of the reward. Rewards not redeemed during the 60-day redemption period are forfeited. Points earned under the Program on purchases at AE and Aerie are accounted for in accordance with ASC 606, Revenue from Contracts with Customers (â€œASC 606â€). The portion of the sales revenue attributed to the reward points is deferred and recognized when the reward is redeemed or when the points expire, using the relative stand-alone selling price method. Additionally, reward points earned using the co-branded credit card on non-AE or Aerie purchases are accounted for in accordance with ASC 606. As the points are earned, a current liability is recorded for the estimated cost of the reward, and the impact of adjustments is recorded in revenue. The Company defers a portion of the sales revenue attributed to the loyalty points and recognizes revenue when the points are redeemed or expire, consistent with the requirements of ASC 606.Credit AgreementIn June 2022, the Company entered into an amended and restated credit agreement (the â€œCredit Agreementâ€). The Credit Agreement provides senior secured asset-based revolving credit for loans and letters of credit up to $700 million, subject to customary borrowing base limitations (the "Credit Facility"). The Credit Facility expires on June 24, 2027.Refer to Note 8 to the Consolidated Financial Statements for additional information regarding long-term debt and other credit arrangements.Income TaxesThe Company calculates income taxes in accordance with ASC 740, Income Taxes (â€œASC 740â€), which requires the use of the liability method. Under this method, deferred tax assets and liabilities are recognized based on the difference between the Consolidated Financial Statements carrying amounts of existing assets and liabilities and their respective tax bases as computed pursuant to ASC 740. Deferred tax assets and liabilities are measured using the tax rates, based on certain judgments regarding enacted tax laws and published guidance, in effect in the years when those temporary differences are expected to reverse. A valuation allowance is established against the deferred tax assets when it is more likely than not that some portion or all of the deferred taxes may not be realized. Changes in the Companyâ€™s level and composition of earnings, tax laws or the deferred tax valuation allowance, as well as the results of tax audits, may materially impact the Companyâ€™s effective income tax rate.The Company evaluates its income tax positions in accordance with ASC 740, which prescribes a comprehensive model for recognizing, measuring, presenting and disclosing in the financial statements tax positions taken or expected to be taken on a tax return, including a decision whether to file or not to file in a particular jurisdiction. Under ASC 740, a tax benefit from an uncertain position may be recognized only if it is â€œmore likely than notâ€ that the position is sustainable based on its technical merits.The calculation of deferred tax assets and liabilities, as well as the decision to recognize a tax benefit from an uncertain position and to establish a valuation allowance, requires management to make estimates and assumptions. The Company believes that its estimates and assumptions are reasonable, although actual results may have a positive or negative material impact on the balances of deferred tax assets and liabilities, valuation allowances or net income (loss).Refer to Note 10 to the Consolidated Financial Statements for additional information regarding income taxes.Revenue RecognitionThe Company recognizes revenue pursuant to ASC 606. Revenue is recorded for store sales upon the purchase of merchandise by customers. The Companyâ€™s e-commerce operation records revenue upon the customer receipt date of the merchandise. Shipping and handling revenues are included in total net revenue. Sales tax collected from customers is excluded from revenue and is included as part of accrued income and other taxes on the Companyâ€™s Consolidated Balance Sheets.The Company recognizes royalty revenue generated from its license or franchise agreements based on a percentage of merchandise sales by the licensee/franchisee. This revenue is recorded as a component of total net revenue when earned and collection is probable.The Company defers a portion of the sales revenue attributed to loyalty points and recognizes revenue when the points are redeemed or expire, consistent with the requirements of ASC 606. Refer to Customer Loyalty Program above for additional information.Revenue associated with Quiet Platforms is recognized as the services are performed.Cost of Sales, Including Certain Buying, Occupancy and Warehousing ExpensesCost of sales consists of merchandise costs, including design, sourcing, importing and inbound freight costs, as well as markdowns, shrinkage and certain promotional costs (collectively, â€œmerchandise costsâ€), Quiet Platforms' costs to service its customers and buying, occupancy and warehousing costs and services.Design costs are related to the Company's Design Center operations and include compensation, travel and entertainment, supplies and samples for our design teams, as well as rent and depreciation for our Design Center. These costs are included in cost of sales as the respective inventory is sold. Total net revenue, net of merchandise costs, represents merchandise margin.Buying, occupancy and warehousing costs and services consist of compensation, employee benefit expenses and travel and entertainment for our buyers and certain senior merchandising executives; rent and utilities related to our stores, corporate headquarters, distribution centers and other office space; freight from our distribution centers to the stores; compensation and supplies for our distribution centers, including purchasing, receiving and inspection costs; and shipping and handling costs related to our e-commerce operation. Gross profit is the difference between total net revenue and cost of sales.Selling, General and Administrative ExpensesSelling, general and administrative expenses consist of compensation and employee benefit expenses, including salaries, incentives and related benefits associated with our stores and corporate headquarters. Selling, general and administrative expenses also include advertising costs, supplies for our stores and home office, communication costs, travel and entertainment, leasing costs and services purchased.Selling, general and administrative expenses do not include compensation, employee benefit expenses and travel for our design, sourcing and importing teams, our buyers and our distribution centers as these amounts are recorded in cost of sales. Additionally, selling, general and administrative expenses do not include rent and utilities, operating costs of our distribution centers, and shipping and handling costs related to our e-commerce operations, all of which are included in cost of sales.Interest (Income) Expense, NetInterest (income) expense, net primarily consists of interest income from cash and cash equivalents.Other (Income), NetOther (income), net consists primarily of foreign currency fluctuations and changes in other non-operating items. Non-controlling interest was not material for any period presented and is included within other (income), net.Segment InformationThe Company has identified two operating segments (American Eagle and Aerie) that also represent our reportable segments and reflect the CODM's (defined as our Chief Executive Officer ("CEO")) internal view of analyzing results and allocating resources. Additionally, our Todd Snyder and Unsubscribed brands and Quiet Platforms have been identified as separate operating segments; however, as they do not meet the quantitative thresholds for separate disclosure, they are presented under the Other caption. For additional information regarding the Companyâ€™s segment and geographic information, refer to Note 12 to the Consolidated Financial Statements. Fair Value MeasurementsASC 820, Fair Value Measurement Disclosures (â€œASC 820â€), defines fair value, establishes a framework for measuring fair value in accordance with GAAP and expands disclosures about fair value measurements. Fair value is defined under ASC 820 as the exit price associated with the sale of an asset or transfer of a liability in an orderly transaction between market participants at the measurement date.Financial InstrumentsValuation techniques used to measure fair value under ASC 820 must maximize the use of observable inputs and minimize the use of unobservable inputs. In addition, ASC 820 establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:â€¢Level 1 â€” Quoted prices in active markets.â€¢Level 2 â€” Inputs other than Level 1 that are observable, either directly or indirectly. â€¢Level 3 â€” Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.The Companyâ€™s cash equivalents and short-term investments are Level 1 financial assets and are measured at fair value on a recurring basis, for all periods presented. As of July 29, 2023, the fair value of the Company's $3.0 million in outstanding borrowings under its Credit Facility approximated the carrying value.Refer to Note 8 to the Consolidated Financial Statements for additional information regarding long-term debt and other credit arrangements.Non-Financial AssetsThe Companyâ€™s non-financial assets, which include intangible assets and property and equipment, are not required to be measured at fair value on a recurring basis. However, if certain triggering events occur and the Company is required to evaluate the non-financial asset for impairment, a resulting impairment would require that the non-financial asset be recorded at the estimated fair value. The fair value is determined by estimating the amount and timing of net future cash flows and discounting them using a risk-adjusted rate of interest. The Company estimates future cash flows based on its experience and knowledge of the market in which the store is located. There were no long-lived asset impairment charges recorded during the 13 and 26 weeks ended August 3, 2024 or during the 13 weeks ended July 29, 2023. During the 26 weeks ended July 29, 2023, the Company recorded impairment of property and equipment of $10.8 million. Refer to Note 13 to the Consolidated Financial Statements for additional information on impairment, restructuring and other charges.The fair value of the Company's ROU assets was based upon market rent assumptions.The Company evaluates goodwill for possible impairment at least annually as of the last day of the fiscal year and upon occurrence of certain triggering events or substantive changes in circumstances that indicate that the fair value of a reporting unit may be below its carrying value. The Company last performed an annual goodwill impairment test using Level 3 inputs as defined in ASC 820 as of February 3, 2024. No indicators of goodwill impairment were present during the 13 and 26 weeks ended August 3, 2024 and July 29, 2023. As of July 29, 2023, there was $3.0 million of outstanding Credit Facility borrowings.Â 2025 NotesIn April 2020, the Company issued $415 million aggregate principal amount of convertible nior notes due 2025 ("2025 Notes") in a private placement to qualified institutional buyers in reliance on Rule 144A under the Securities Act. The 2025 Notes had a stated interest rate of 3.75%, payable semi-annually. The Company used the net proceeds from the issuance for general corporate purposes. The Company redeemed all of the remaining 2025 Notes during the 13 weeks ended April 29, 2023. See "Note Exchanges" below.The Company did not have the right to redeem the 2025 Notes prior to April 17, 2023. On or after April 17, 2023 and prior to the fortieth scheduled trading day immediately preceding the maturity date, the Company could redeem all or any portion of the 2025 Notes, at its option, for cash, if the last reported sale price of our common stock had been at least 130% of the conversion price then in effect for at least 20 trading days (whether or not consecutive) during any 30 consecutive trading day period.Note ExchangesDuring Fiscal 2022, the Company entered into separate privately negotiated exchange agreements with certain holders of the 2025 Notes, to exchange $403.2 million in aggregate principal amount of the 2025 Notes for a combination of cash and shares of the Company's common stock, plus payment of accrued and unpaid interest (together, the "Note Exchanges"). Early RedemptionOn February 10, 2023, the Company issued a notice of optional redemption for all of its remaining outstanding 2025 Notes, notifying holders that, among other things, it had elected to exercise its right to redeem any and all of the outstanding 2025 Notes on April 17, 2023 (the "Early Redemption"). Subsequent to this notice, and prior to April 17, 2023, the 2025 Note holders redeemed a total of $8.8 million aggregate principal amount for a combined 1.1 million shares of the Company's common stock.Â Following the Note Exchanges and Early Redemption, the aggregate principal amount of the 2025 Notes had been fully redeemed.Interest expense for the 2025 Notes was $0.1 million for the 26 weeks ended July 29, 2023.Â Revolving Credit FacilityIn June 2022, the Company entered into an amended and restated Credit Agreement. The Credit Agreement provides senior secured asset-based revolving credit for loans and letters of credit up to $700 million, subject to customary borrowing base limitations. The Credit Facility expires on June 24, 2027. All obligations under the Credit Facility are unconditionally guaranteed by certain subsidiaries. The obligations under the Credit Agreement are secured by certain assets of the Company and certain subsidiaries.As of August 3, 2024, there were no outstanding borrowings, and the Company was in compliance with the terms of the Credit Agreement with $12 million outstanding in stand-by letters of credit. As of July 29, 2023, the Company had $3.0 million in outstanding borrowings under the Credit Agreement and $7.7 million outstanding in stand-by letters of credit.Borrowings under the Credit Facility accrue interest at the election of the Company at an adjusted secured overnight financing rate ("SOFR") plus 0.10% plus an applicable margin (ranging from 1.125% to 1.375%) or an alternate base rate plus an applicable margin (ranging from 0.125% to 0.375%), with each such applicable margin being based on average borrowing availability under the Credit Facility. Interest is payable quarterly and at the end of each applicable interest period. There were no Credit Facility borrowings during the 13 and 26 weeks ended August 3, 2024. The total interest expense related to the Credit Facility borrowings for the 13 and 26 weeks ended July 29, 2023 was $0.5 million and $1.1 million, respectively. Income TaxesThe provision for income taxes is based on the current estimate of the annual effective income tax rate and is adjusted as necessary for discrete quarterly events. The effective

income tax rate for the 13 weeks ended August 3, 2024 was 25.4% compared to 27.0% for the 13 weeks ended July 29, 2023. The change in the effective tax rate, as compared to the prior period, is primarily due to a change in non-deductible executive compensation and international tax provisions of the Tax Cuts and Jobs Act (the â€œTax Actâ€). The effective income tax rate for the 26 weeks ended August 3, 2024 was 22.1% compared to 27.1% for the 26 weeks ended July 29, 2023. The change in the effective tax rate, as compared to the prior period, is primarily due to excess tax benefits on share-based payments and tax audit adjustments. The Company records accrued interest and penalties related to unrecognized tax benefits in income tax expense, which were insignificant for both the 13 weeks ended August 3, 2024 and July 29, 2023. The Company recognizes income tax liabilities related to unrecognized tax benefits in accordance with ASC 740 and adjusts these liabilities when its judgment changes as a result of the evaluation of new information not previously available. Unrecognized tax benefits did not change significantly during either the 13 weeks ended August 3, 2024 or July 29, 2023. Over the next twelve months, the Company believes that it is reasonably possible that unrecognized tax benefits may decrease by approximately $15 million due to settlements, expiration of statute of limitations, or other changes in unrecognized tax benefits, which is expected to have an immaterial impact on the annual effective tax rate. Legal ProceedingsThe Company is subject to certain legal proceedings and claims arising out of the conduct of its business. In accordance with ASC 450, Contingencies (â€œASC 450â€), the Company records a reserve for estimated losses when the loss is probable and the amount can be reasonably estimated. If a range of possible loss exists and no anticipated loss within the range is more likely than any other anticipated loss, the Company records the accrual at the low end of the range, in accordance with ASC 450. As the Company believes that it has provided adequate reserves, it anticipates that the ultimate outcome of any matter currently pending against the Company will not materially affect the consolidated financial position, results of operations or consolidated cash flows of the Company. However, our assessment of any litigation or other legal claims could potentially change in light of the discovery of facts not presently known or determinations by judges, juries, or other finders of fact which are not in accord with managementâ€™s evaluation of the possible liability or outcome of such litigation or claims. Segment ReportingIn accordance with ASC 280, Segment Reporting (â€œASC 280â€), the Company has identified two operating segments (American Eagle brand and Aerie brand) that also represent our reportable segments and reflect the CODM's internal view of analyzing results and allocating resources. Additionally, our Todd Snyder brand, Unsubscribed brand, and Quiet Platforms have been identified as separate operating segments; however, as they do not meet the quantitative thresholds for separate disclosure, they are presented under the Other caption, as permitted by ASC 280.Â General corporate expenses consist of general and administrative costs that management does not attribute to any of our operating segments. These costs primarily relate to corporate administration, information and technology resources, finance and human resources functional and organizational costs, depreciation and amortization of corporate assets, and other general and administrative expenses resulting from corporate-level activities and projects.Â Our CEO analyzes segment results and allocates resources between segments based on the adjusted operating income, or the operating income in periods where there are no adjustments, of each segment. Adjusted operating income is a non-GAAP financial measure ("non-GAAP" or "adjusted") that is defined by the Company as operating income excluding impairment, restructuring and other charges. Adjusted operating income is not based on any standardized methodology prescribed by GAAP and is not necessarily comparable to similar measures presented by other companies. Non-GAAP information is provided as a supplement to, not as a substitute for, or as superior to, measures of financial performance prepared in accordance with GAAP. We believe that this non-GAAP information is useful as an additional means for investors to evaluate our operating performance, when reviewed in conjunction with our GAAP consolidated financial statements and provides a higher degree of transparency.Reportable segment information is presented in the following table:Â Â 13 weeks ended Â Â 26 weeks ended Â Â August 3, 2024 Â Â July 29, 2023 Â Â August 3, 2024 Â Â July 29, 2023 Â Â Dollars in thousands Â Net Revenue: Â Â Â

Non-controlling interest is included as a component of contributed capital within the Consolidated Balance Sheets and Consolidated Statements of Stockholders' Equity and was not material for any period presented. All intercompany transactions and balances have been eliminated in consolidation. At August 3, 2024, the Company operated in two reportable segments, American Eagle and Aerie. Fiscal Year Fiscal YearOur fiscal year is a 52- or 53-week year that ends on the Saturday nearest to January 31. As used herein, "Fiscal 2024" refers to the 52-week period that will end on February 1, 2025. â€œFiscal 2023â€ refers to the 53-week period ended on February 3, 2024. Estimates EstimatesThe preparation of financial statements in conformity with GAAP requires the Companyâ€™s management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. On an ongoing basis, our management reviews its estimates based on currently available information. Changes in facts and circumstances may result in revised estimates. Recent Accounting Pronouncements Recent Accounting Pronouncements In November 2023, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2023-07, Improvements to Reportable Segment Disclosures ("ASU 2023-07"), which requires that segment expenses deemed significant to the Chief Operating Decision Maker ("CODM") typically incorporated in measuring profit or loss of the segment should be disclosed. The guidance also requires that the difference between segment revenues and these significant segment expenses is disclosed. Any annually disclosed segment information is now required to be reported in interim periods as well. The guidance is effective for fiscal years beginning after December 15, 2023, and interim periods beginning after December 15, 2024. Public entities are required to apply the amendment retrospectively to prior periods presented in the financial statements. The Company plans to adopt ASU 2023-07 effective for its Fiscal 2024 and for the interim periods beginning in Fiscal 2025. Refer to Note 12 to the Consolidated Financial Statements for additional information regarding Segment Reporting. In December 2023, the FASB issued ASU 2023-09, Improvements to Income Tax Disclosures ("ASU 2023-09"), which requires increased transparency in tax disclosures, specifically by expanding requirements for rate reconciliation and income taxes paid information. Additionally, the amendment requires disclosures of income/(loss) from continuing operations before taxes disaggregated between domestic and foreign, and income tax expense/(benefit), disaggregated by federal, state, and foreign. Disclosure requirements about the nature and estimated range of the reasonably possible change in unrecognized tax benefits over the next year have been removed as part of this amendment. The guidance is effective for fiscal years beginning after December 15, 2024. The Company plans to adopt ASU 2023-09 effective for Fiscal 2025.Refer to Note 10 to the Consolidated Financial Statements for additional information regarding Income Taxes. Foreign Currency Translation Foreign Currency TranslationIn accordance with Accounting Standards Codification ("ASC") 830, Foreign Currency Matters, the Company translates assets and liabilities denominated in foreign currencies into U.S. dollars (â€œUSDâ€) (the reporting currency) at the exchange rates prevailing at the balance sheet date. The Company translates revenues and expenses denominated in foreign currencies into USD at the monthly average exchange rates for the period. Gains or losses resulting from foreign currency transactions are included in the consolidated results of operations, whereas related translation adjustments are reported as an element of other comprehensive income (loss) in accordance with ASC 220, Comprehensive Income.We are exposed to the impact of foreign exchange rate risk primarily through our Canadian and Mexican operations where the functional currency is the Canadian dollar and Mexican peso, respectively. The impact of all other foreign currencies is currently immaterial to our consolidated financial results. During the 13 and 26 weeks ended August 3, 2024, an unrealized loss of $23.5 million and $22.9 million, respectively was included in other comprehensive (loss) income, which were primarily related to the fluctuations of the USD to Mexican peso and USD to Canadian dollar exchange rates. Cash, Cash Equivalents, and Short-term Investments Cash, Cash Equivalents and Short-term InvestmentsThe Company considers all highly liquid investments purchased with an original maturity of three months or less to be cash equivalents. Short-term investments classified as available-for-sale include certificates of deposit with an original maturity greater than three months, but less than one year. Refer to Note 3 to the Consolidated Financial Statements for information regarding cash, cash equivalents, and short-term investments. Accounts Receivable Accounts ReceivableThe Company's receivables are primarily generated from product sales and royalties from our licensees. The primary indicators of the credit quality of our receivables are aging, payment history, economic sector information and outside credit monitoring, and are assessed on a quarterly basis. Our credit loss exposure is mainly concentrated in our accounts receivable portfolio. Our allowance for credit losses is calculated using a loss-rate method based on historical experience, current market conditions and reasonable forecasts. Historically, the Companyâ€™s reserves have approximated actual experience. Merchandise Inventory Merchandise InventoryMerchandise inventory is valued at the lower of average cost or net realizable value, utilizing the retail method. Average cost includes merchandise design and sourcing costs and related expenses. The Company records merchandise receipts when control of the merchandise has transferred to the Company.The Company reviews its inventory levels to identify slow-moving merchandise and generally uses markdowns to clear merchandise. Additionally, the Company estimates a markdown reserve for future planned permanent markdowns related to current inventory. Markdowns may occur when inventory exceeds customer demand for reasons of style, seasonal adaptation, changes in customer preference, lack of consumer acceptance of fashion items, competition, or if it is determined that the inventory in stock will not sell at its currently ticketed price. Such markdowns may have a material adverse impact on earnings, depending on the extent and amount of inventory affected. The Company also estimates a shrinkage reserve for the period between the last physical count and the balance sheet date. The estimate for the shrinkage reserve, based on historical results, can be affected by changes in merchandise mix and changes in actual shrinkage trends. Property and Equipment Property and EquipmentProperty and equipment is recorded on the basis of cost with depreciation computed utilizing the straight-line method over the assetâ€™s estimated useful life. The useful lives of our major classes of assets are as follows:Â Buildings Â 25Â years Leasehold improvements Â Lesser of 10 years or the term of the lease Fixtures and equipmentInformation technology Â Five yearsThreeÂ to five years Â As of August 3, 2024, the weighted average remaining useful life of our assets was approximately six years.In accordance with ASC 360, Property, Plant, and Equipment (â€œASC 360â€), the Companyâ€™s management evaluates the value of leasehold improvements, store fixtures, and operating lease right-of-use ("ROU") assets associated with retail stores. The Company evaluates long-lived assets for impairment at the individual store level, which is the lowest level at which individual cash flows can be identified. Impairment losses are recorded on long-lived assets used in operations when events and circumstances indicate that the assets might be impaired and the projected undiscounted cash flows estimated to be generated by those assets are less than the carrying amounts. When events such as these occur, the impaired assets are adjusted to their estimated fair value and an impairment loss is recorded separately as a component of operating income within the Consolidated Statements of Operations. Our impairment loss calculations require management to make assumptions and to apply judgment to estimate future cash flows and asset fair values. The significant assumption used in our fair value analysis is forecasted revenue. We do not believe that there is a reasonable likelihood that there will be a material change in the estimates or assumptions that we use to calculate long-lived asset impairment losses. However, if actual results are not consistent with our estimates and assumptions, our consolidated operating results could be adversely affected.When the Company closes, remodels, or relocates a store prior to the end of its lease term, the remaining net book value of the assets related to the store is recorded as a write-off of assets within depreciation and amortization expense. There were no long-lived asset impairment charges recorded during the 13 weeks ended August 3, 2024 and July 29, 2023. During the 26 weeks ended July 29, 2023, the Company recorded impairment of property and equipment of $10.8 million. No long-lived asset impairment charges were recorded during the 26 weeks ended August 3, 2024. Refer to Note 6 to the Consolidated Financial Statements for additional information regarding property and equipment and refer to Note 13 to the Consolidated Financial Statements for additional information regarding the impairment of these assets. Goodwill and Intangible Assets Goodwill and Intangible AssetsThe Companyâ€™s goodwill is primarily related to the acquisition of its regionalized fulfillment center network, as well as its importing operations and Canadian business, and represents the excess of cost over fair value of net assets of businesses acquired. In accordance with ASC 350, Intangibles â€“ Goodwill and Other, the Company evaluates goodwill for possible impairment at least annually as of the last day of the fiscal year and upon occurrence of certain triggering events or substantive changes in circumstances that indicate that the fair value of a reporting unit may be below its carrying value. If the carrying value of the reporting unit exceeds the fair value, an impairment charge is recorded in the period of the evaluation based on that difference. The Company last performed an annual goodwill impairment test as of February 3, 2024. As a result of the annual impairment test, the Company concluded that the goodwill assigned to the Quiet Platforms reporting unit was impaired, resulting in a charge of $39.6 million recorded within impairment, restructuring and other charges on the Consolidated Statements of Operations for Fiscal 2023, due to insufficient prospective cash flows to support the carrying value of the business. Significant, subjective assumptions used in the Companyâ€™s fair value estimate included forecasted cost of sales, forecasted operating expense and the discount rate. No indicators of impairment were present during the 13 and 26 weeks ended August 3, 2024 and July 29, 2023.Definite-lived intangible assets are initially recorded at fair value, with amortization computed utilizing the straight-line method over the assetsâ€™ estimated useful lives. The Companyâ€™s definite-lived intangible assets, which consist primarily of trademark assets, are generally amortized over 10 to 15 years.The Company evaluates definite-lived intangible assets for impairment in accordance with ASC 360 when events or circumstances indicate that the carrying value of the asset may not be recoverable. Such an evaluation includes the estimation of undiscounted future cash flows to be generated by those assets. If the sum of the estimated future undiscounted cash flows is less than the carrying amounts of the assets, then the assets are impaired and are adjusted to their estimated fair value. During Fiscal 2023, the Company recorded a $40.5 million impairment charge within impairment, restructuring and other charges on the Consolidated Statements of Operations related to the definite-lived intangible assets of Quiet Platforms, due to insufficient prospective cash flows to support the carrying value of the assets. No definite-lived intangible asset impairment charges were recorded during the 13 and 26 weeks ended August 3, 2024 and July 29, 2023.Refer to Note 7 to the Consolidated Financial Statements for additional information regarding goodwill and intangible assets. Construction Allowances Construction AllowancesAs part of certain lease agreements for retail stores, the Company receives construction allowances from lessors, which are generally comprised of cash amounts. The Company records a receivable and an adjustment to the operating lease ROU asset at the lease commencement date (i.e., the date of initial possession of the store). The deferred lease credit is amortized as part of the single lease cost over the term of the original lease (including the pre-opening build-out period). The receivable is reduced as amounts are received from the lessor. Self-Insurance Liability Self-Insurance LiabilityThe Company uses a combination of insurance and self-insurance mechanisms for certain losses related to employee medical benefits and workerâ€™s compensation. Costs for self-insurance claims filed and claims incurred but not reported are accrued based on known claims and historical experience. Management believes that it has adequately reserved for its self-insurance liability, which is capped by stop-loss contracts with insurance companies. However, any significant variation of future claims from historical trends could cause actual results to differ from the accrued liability. Leases LeasesThe Company leases all store premises, its Canadian distribution center in Mississauga, Ontario, its regional distribution facilities, some of its office space and certain information technology and office equipment. These leases are generally classified as operating leases.Store leases generally provide for a combination of base rentals and contingent rent based on store sales. Additionally, most leases include lessor incentives such as construction allowances and rent holidays. The Company is typically responsible for tenant occupancy costs including maintenance costs, common area charges, real estate taxes and certain other expenses. When measuring operating lease ROU assets and operating lease liabilities, the Company only includes cash flows related to options to extend or terminate leases once those options are executed.Some leases have variable payments. However, because they are not based on an index or rate, they are not included in the measurement of operating lease ROU assets and operating lease liabilities.When determining the present value of future payments for an operating lease that does not have a readily determinable implicit rate, the Company uses its incremental borrowing rate as of the date of initial possession of the leased asset.For leases that qualify for the short-term lease exemption, the Company does not record an operating lease liability or operating lease ROU asset. Short-term lease payments are recognized on a straight-line basis over the lease term of 12 months or less. Co-Branded and Private Label Credit Cards Co-Branded and Private Label Credit CardsThe Company offers a co-branded credit card and a private-label credit card under the AE and Aerie brands. These credit cards are issued by a third-party bank (the â€œBankâ€) in accordance with a credit card agreement (the â€œAgreementâ€). The Company has no liability to the Bank for bad debt expense, provided that purchases are made in accordance with the Bankâ€™s procedures. We receive funding from the Bank based on the Agreement and card activity, which includes payments for new account activations and usage of the credit cards. We recognize revenue for this funding as we fulfill our performance obligations under the Agreement. This revenue is recorded in other revenue, which is a component of total net revenue in our Consolidated Statements of Operations. Customer Loyalty Program Customer Loyalty ProgramThe Company offers a highly digitized loyalty program called Real Rewards by American Eagle and Aerieâ„¢ (the â€œProgramâ€). The Program features both shared and unique benefits for loyalty members and credit card holders. Under the Program, members accumulate points based on purchase activity and earn rewards by reaching certain point thresholds. Members earn rewards in the form of discount savings certificates. Rewards earned are valid through the stated expiration date, which is 60 days from the issuance date of the reward. Rewards not redeemed during the 60-day redemption period are forfeited. Points earned under the Program on purchases at AE and Aerie are accounted for in accordance with ASC 606, Revenue from Contracts with Customers (â€œASC 606â€). The portion of the sales revenue attributed to the reward points is deferred and recognized when the reward is redeemed or when the points expire, using the relative stand-alone selling price method. Additionally, reward points earned using the co-branded credit card on non-AE or Aerie purchases are accounted for in accordance with ASC 606. As the points are earned, a current liability is recorded for the estimated cost of the reward, and the impact of adjustments is recorded in revenue. The Company defers a portion of the sales revenue attributed to the loyalty points and recognizes revenue when the points are redeemed or expire, consistent with the requirements of ASC 606. Credit Agreement Credit AgreementIn June 2022, the Company entered into an amended and restated credit agreement (the â€œCredit Agreementâ€). The Credit Agreement provides senior secured asset-based revolving credit for loans and letters of credit up to $700 million, subject to customary borrowing base limitations (the "Credit Facility"). The Credit Facility expires on June 24, 2027.Refer to Note 8 to the Consolidated Financial Statements for additional information regarding long-term debt and other credit arrangements. Income Taxes Income TaxesThe Company calculates income taxes in accordance with ASC 740, Income Taxes (â€œASC 740â€), which requires the use of the liability method. Under this method, deferred tax assets and liabilities are recognized based on the difference between the Consolidated Financial Statements carrying amounts of existing assets and liabilities and their respective tax bases as computed pursuant to ASC 740. Deferred tax assets and liabilities are measured using the tax rates, based on certain judgments regarding enacted tax laws and published guidance, in effect in the years when those temporary differences are expected to reverse. A valuation allowance is established against the deferred tax assets when it is more likely than not that some portion or all of the deferred taxes may not be realized. Changes in the Companyâ€™s level and composition of earnings, tax laws or the deferred tax valuation allowance, as well as the results of tax audits, may materially impact the Companyâ€™s effective income tax rate.The Company evaluates its income tax positions in accordance with ASC 740, which prescribes a comprehensive model for recognizing, measuring, presenting and disclosing in the financial statements tax positions taken or expected to be taken on a tax return, including a decision whether to file or not to file in a particular jurisdiction. Under ASC 740, a tax benefit from an uncertain position may be recognized only if it is â€œmore likely than notâ€ that the position is sustainable based on its technical merits.The calculation of deferred tax assets and liabilities, as well as the decision to recognize a tax benefit from an uncertain position and to establish a valuation allowance, requires management to make estimates and assumptions. The Company believes that its estimates and assumptions are reasonable, although actual results may have a positive or negative material impact on the balances of deferred tax assets and liabilities, valuation allowances or net income (loss).Refer to Note 10 to the Consolidated Financial Statements for additional information regarding income taxes. Revenue Recognition Revenue RecognitionThe Company recognizes revenue pursuant to ASC 606. Revenue is recorded for store sales upon the purchase of merchandise by customers. The Companyâ€™s e-commerce operation records revenue upon the customer receipt date of the merchandise. Shipping and handling revenues are included in total net revenue. Sales tax collected from customers is excluded from revenue and is included as part of accrued income and other taxes on the Companyâ€™s Consolidated Balance Sheets.The Company recognizes royalty revenue generated from its license or franchise agreements based on a percentage of merchandise sales by the licensee/franchisee. This revenue is recorded as a component of total net revenue when earned and collection is probable.The Company defers a portion of the sales revenue attributed to loyalty points and recognizes revenue when the points are redeemed or expire, consistent with the requirements of

ASC 606. Refer to Customer Loyalty Program above for additional information.Revenue associated with Quiet Platforms is recognized as the services are performed. Cost of Sales, Including Certain Buying, Occupancy and Warehousing Expenses Cost of Sales, Including Certain Buying, Occupancy and Warehousing ExpensesCost of sales consists of merchandise costs, including design, sourcing, importing and inbound freight costs, as well as markdowns, shrinkage and certain promotional costs (collectively, â€œmerchandise costsâ€), Quiet Platforms' costs to service its customers and buying, occupancy and warehousing costs and services.Design costs are related to the Company's Design Center operations and include compensation, travel and entertainment, supplies and samples for our design teams, as well as rent and depreciation for our Design Center. These costs are included in cost of sales as the respective inventory is sold. Total net revenue, net of merchandise costs, represents merchandise margin.Buying, occupancy and warehousing costs and services consist of compensation, employee benefit expenses and travel and entertainment for our buyers and certain senior merchandising executives; rent and utilities related to our stores, corporate headquarters, distribution centers and other office space; freight from our distribution centers to the stores; compensation and supplies for our distribution centers, including purchasing, receiving and inspection costs; and shipping and handling costs related to our e-commerce operation. Gross profit is the difference between total net revenue and cost of sales. Selling, General and Administrative Expenses Selling, General and Administrative ExpensesSelling, general and administrative expenses consist of compensation and employee benefit expenses, including salaries, incentives and related benefits associated with our stores and corporate headquarters. Selling, general and administrative expenses also include advertising costs, supplies for our stores and home office, communication costs, travel and entertainment, leasing costs and services purchased.Selling, general and administrative expenses do not include compensation, employee benefit expenses and travel for our design, sourcing and importing teams, our buyers and our distribution centers as these amounts are recorded in cost of sales. Additionally, selling, general and administrative expenses do not include rent and utilities, operating costs of our distribution centers, and shipping and handling costs related to our e-commerce operations, all of which are included in cost of sales. Interest (Income) Expense, Net Interest (Income) Expense, NetInterest (income) expense, net primarily consists of interest income from cash and cash equivalents. Other (Income), Net Other (Income), NetOther (income), net consists primarily of foreign currency fluctuations and changes in other non-operating items. Non-controlling interest was not material for any period presented and is included within other (income), net. Segment Information Segment InformationThe Company has identified two operating segments (American Eagle and Aerie) that also represent our reportable segments and reflect the CODM's (defined as our Chief Executive Officer ("CEO")) internal view of analyzing results and allocating resources. Additionally, our Todd Snyder and Unsubscribed brands and Quiet Platforms have been identified as separate operating segments; however, as they do not meet the quantitative thresholds for separate disclosure, they are presented under the Other caption. For additional information regarding the Companyâ€™s segment and geographic information, refer to Note 12 to the Consolidated Financial Statements. Fair Value Measurements ASC 820, Fair Value Measurement Disclosures (â€œASC 820â€), defines fair value, establishes a framework for measuring fair value in accordance with GAAP and expands disclosures about fair value measurements. Fair value is defined under ASC 820 as the exit price associated with the sale of an asset or transfer of a liability in an orderly transaction between market participants at the measurement date.Financial InstrumentsValuation techniques used to measure fair value under ASC 820 must maximize the use of observable inputs and minimize the use of unobservable inputs. In addition, ASC 820 establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:â€¢Level 1 â€“ Quoted prices in active markets.â€¢Level 2 â€“ Inputs other than Level 1 that are observable, either directly or indirectly. â€¢Level 3 â€“ Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. Legal Proceedings and Claims The Company is subject to certain legal proceedings and claims arising out of the conduct of its business. In accordance with ASC 450, Contingencies (â€œASC 450â€), the Company records a reserve for estimated losses when the loss is probable and the amount can be reasonably estimated. If a range of possible loss exists and no anticipated loss within the range is more likely than any other anticipated loss, the Company records the accrual at the low end of the range, in accordance with ASC 450. As the Company believes that it has provided adequate reserves, it anticipates that the ultimate outcome of any matter currently pending against the Company will not materially affect the consolidated financial position, results of operations or consolidated cash flows of the Company. However, our assessment of any litigation or other legal claims could potentially change in light of the discovery of facts not presently known or determinations by judges, juries, or other finders of fact which are not in accord with managementâ€™s evaluation of the possible liability or outcome of such litigation or claims. It also includes other kinds of accounts that have the general characteristics of demand deposits in that the customer may deposit additional funds at any time and effectively may withdraw funds at any time without prior notice or penalty. Cash equivalents, excluding items classified as marketable securities, include short-term, highly liquid Investments that are both readily convertible to known amounts of cash, and so near their maturity that they present minimal risk of changes in value because of changes in interest rates. Generally, only investments with original maturities of three months or less qualify under that definition. Original maturity means original maturity to the entity holding the investment. For example, both a three-month US Treasury bill and a three-year Treasury note purchased three months from maturity qualify as cash equivalents. However, a Treasury note purchased three years ago does not become a cash equivalent when its remaining maturity is three months. Short-term investments, exclusive of cash equivalents, generally consist of marketable securities intended to be sold within one year (or the normal operating cycle if longer) and may include trading securities, available-for-sale securities, or held-to-maturity securities (if maturing within one year), as applicable. + ReferencesReference 1: http://www.xbrl.org/2009/role/commonPracticeRef -Topic 210 -SubTopic 10 -Name Accounting Standards Codification -Section S99 -Paragraph 1 -Subparagraph (SX 210.5-02(9)) -Publisher FASB -URI https://asc.fasb.org/1943274/2147480566/210-10-S99-1 + Details Name: us-gaap_CashCashEquivalentsAndShortTermInvestments Namespace Prefix: us-gaap_ Data Type: xbrli:monetaryItemType Balance Type: debit Period Type: instant X - DefinitionAmount of investments including trading securities, available-for-sale securities, held-to-maturity securities, and short-term investments classified as other and current. + ReferencesReference 1: http://fasb.org/us-gaap/role/ref/legacyRef -Topic 942 -SubTopic 210 -Name Accounting Standards Codification -Section S99 -Paragraph 1 -Subparagraph (SX 210.9-03(4)) -Publisher FASB -URI https://asc.fasb.org/1943274/2147478546/942-210-S99-1Reference 2: http://fasb.org/us-gaap/role/ref/legacyRef -Topic 942 -SubTopic 210 -Name Accounting Standards Codification -Section S99 -Paragraph 1 -Subparagraph (SX 210.9-03(5)) -Publisher FASB -URI https://asc.fasb.org/1943274/2147478546/942-210-S99-1Reference 3: http://www.xbrl.org/2009/role/commonPracticeRef -Topic 210 -SubTopic 10 -Name Accounting Standards Codification -Section S99 -Paragraph 1 -Subparagraph (SX 210.5-02(8)) -Publisher FASB -URI https://asc.fasb.org/1943274/2147480566/210-10-S99-1 + Details Name: us-gaap_ShortTermInvestments Namespace Prefix: us-gaap_ Data Type: xbrli:monetaryItemType Balance Type: debit Period Type: instant X - ReferencesNo definition available. + Details Name: us-gaap_ShortTermInvestmentsAbstract Namespace Prefix: us-gaap_ Data Type: xbrli:stringItemType Balance Type: na Period Type: duration X - Details Name: us-gaap_InvestmentTypeAxis=us-gaap_CashMember Namespace Prefix: Data Type: na Balance Type: Period Type: X - Details Name: us-gaap_InvestmentTypeAxis=us-gaap_InterestBearingDepositsMember Namespace Prefix: Data Type: na Balance Type: Period Type: X - Details Name: us-gaap_InvestmentTypeAxis=us-gaap_CertificatesOfDepositMember Namespace Prefix: Data Type: na Balance Type: Period Type: XML 46 R39.htm IDEA: XBRL DOCUMENT v3.24.2.u1 Fair Value Measurements - Summary of Financial Assets Measured at Fair Value on a Recurring Basis (Detail) - USD ($) $ in Thousands Aug. 03, 2024 Feb. 03, 2024 Jul. 29, 2023 Fair Value, Assets and Liabilities Measured on Recurring and Nonrecurring Basis [Line Items] Â Â Â Cash and cash equivalents $ 191,837 $ 354,094 $ 175,315 Fair Value Measurements, Recurring | Carrying Amount Â Â Â Fair Value, Assets and Liabilities Measured on Recurring and Nonrecurring Basis [Line Items] Â Â Â Cash and cash equivalents 191,837 Â Â Fair Value Measurements, Recurring | Cash | Carrying Amount Â Â Â Fair Value, Assets and Liabilities Measured on Recurring and Nonrecurring Basis [Line Items]

space:pre-wrap;font-size:10pt;font-family:Arial;min-width:fit-content;">Historically, our operations have been seasonal, with a large portion of total net revenue and operating income occurring in the third and fourth fiscal quarters, reflecting increased demand during the back-to-school and year-end holiday selling seasons, respectively. Our quarterly results of operations also may fluctuate based upon such factors as the timing of certain holiday seasons, the number and timing of new store openings, the acceptability of seasonal merchandise offerings, the timing and level of markdowns, store closings and remodels, competitive factors, weather and general economic and political conditions. 150030080 2. Summary of Significant Accounting Policies Principles of Consolidation The Consolidated Financial Statements include the accounts of the Company and its wholly owned subsidiaries and consolidated entities where the Company's ownership percentage is less than 100%. Non-controlling interest is included as a component of contributed capital within the Consolidated Balance Sheets and Consolidated Statements of Stockholders' Equity and was not material for any period presented. All intercompany transactions and balances have been eliminated in consolidation. At August 3, 2024, the Company operated in two reportable segments, American Eagle and Aerie. Fiscal Year Our fiscal year is a 52- or 53-week year that ends on the Saturday nearest to January 31. As used herein, "Fiscal 2024" refers to the 52-week period that will end on February 1, 2025. “Fiscal 2023” refers to the 53-week period ended on February 3, 2024. Estimates The preparation of financial statements in conformity with GAAP requires the Company’s management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. On an ongoing basis, our management reviews its estimates based on currently available information. Changes in facts and circumstances may result in revised estimates. Recent Accounting Pronouncements   In November 2023, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2023-07, Improvements to Reportable Segment Disclosures ("ASU 2023-07"), which requires that segment expenses deemed significant to the Chief Operating Decision Maker ("CODM") typically incorporated in measuring profit or loss of the segment should be disclosed. The guidance also requires that the difference between segment revenues and these significant segment expenses is disclosed. Any annually disclosed segment information is now required to be reported in interim periods as well. The guidance is effective for fiscal years beginning after December 15, 2023, and interim periods beginning after December 15, 2024. Public entities are required to apply the amendment retrospectively to prior periods presented in the financial statements. The Company plans to adopt ASU 2023-07 effective for its Fiscal 2024 and for the interim periods beginning in Fiscal 2025. Refer to Note 12 to the Consolidated Financial Statements for additional information regarding Segment Reporting. In December 2023, the FASB issued ASU 2023-09, Improvements to Income Tax Disclosures ("ASU 2023-09"), which requires increased transparency in tax disclosures, specifically by expanding requirements for rate reconciliation and income taxes paid information. Additionally, the amendment requires disclosures of income/(loss) from continuing operations before taxes disaggregated between domestic and foreign, and income tax expense/(benefit), disaggregated by federal, state, and foreign. Disclosure requirements about the nature and estimated range of the reasonably possible change in unrecognized tax benefits over the next year have been removed as part of this amendment. The guidance is effective for fiscal years beginning after December 15, 2024. The Company plans to adopt ASU 2023-09 effective for Fiscal 2025. Refer to Note 10 to the Consolidated Financial Statements for additional information regarding Income Taxes. Foreign Currency Translation In accordance with Accounting Standards Codification ("ASC") 830, Foreign Currency Matters, the Company translates assets and liabilities denominated in foreign currencies into U.S. dollars (“USD”) (the reporting currency) at the exchange rates prevailing at the balance sheet date. The Company translates revenues and expenses denominated in foreign currencies into USD at the monthly average exchange rates for the period. Gains or losses resulting from foreign currency transactions are included in the consolidated results of operations, whereas related translation adjustments are reported as an element of other comprehensive income (loss) in accordance with ASC 220, Comprehensive Income. We are exposed to the impact of foreign exchange rate risk primarily through our Canadian and Mexican operations where the functional currency is the Canadian dollar and Mexican peso, respectively. The impact of all other foreign currencies is currently immaterial to our consolidated financial results. During the 13 and 26 weeks ended August 3, 2024, an unrealized loss of $23.5 million and $22.9 million, respectively was included in other comprehensive (loss) income, which were primarily related to the fluctuations of the USD to Mexican peso and USD to Canadian dollar exchange rates. Cash, Cash Equivalents and Short-term Investments The Company considers all highly liquid investments purchased with an original maturity of three months or less to be cash equivalents. Short-term investments classified as available-for-sale include certificates of deposit with an original maturity greater than three months, but less than one year. Refer to Note 3 to the Consolidated Financial Statements for information regarding cash, cash equivalents, and short-term investments. Accounts Receivable The Company's receivables are primarily generated from product sales and royalties from our licensees. The primary indicators of the credit quality of our receivables are aging, payment history, economic sector information and outside credit monitoring, and are assessed on a quarterly basis. Our credit loss exposure is mainly concentrated in our accounts receivable portfolio. Our allowance for credit losses is calculated using a loss-rate method based on historical experience, current market conditions and reasonable forecasts. Historically, the Company’s reserves have approximated actual experience. Merchandise Inventory Merchandise inventory is valued at the lower of average cost or net realizable value, utilizing the retail method. Average cost includes merchandise design and sourcing costs and related expenses. The Company records merchandise receipts when control of the merchandise has transferred to the Company. The Company reviews its inventory levels to identify slow-moving merchandise and generally uses markdowns to clear merchandise. Additionally, the Company estimates a markdown reserve for future planned permanent markdowns related to current inventory. Markdowns may occur when inventory exceeds customer demand for reasons of style, seasonal adaptation, changes in customer preference, lack of consumer acceptance of fashion items, competition, or if it is determined that the inventory in stock will not sell at its currently ticketed price. Such markdowns may have a material adverse impact on earnings, depending on the extent and amount of inventory affected. The Company also estimates a shrinkage reserve for the period between the last physical count and the balance sheet date. The estimate for the shrinkage reserve, based on historical results, can be affected by changes in merchandise mix and changes in actual shrinkage trends. Property and Equipment Property and equipment is recorded on the basis of cost with depreciation computed utilizing the straight-line method over the asset’s estimated useful life. The useful lives of our major classes of assets are as follows: <table style="margin-left:auto;border-spacing:0;table-layout:fixed;width:100.0%;border-collapse:separate;margin-right:auto;"> <tr style="visibility:collapse;"> <td style="width:40%;"></td> <td

style="width:1%;"></td> <td style="width:59%;"></td> </tr> <tr style="height:10pt;white-space:pre-wrap;word-break:break-word;text-align:right;"> <td style="text-indent:12pt;vertical-align:top;"> Buildings </td> <td style="vertical-align:top;"> </td> <td style="vertical-align:bottom;"> 25 years </td> </tr> <tr style="height:10pt;white-space:pre-wrap;word-break:break-word;text-align:right;"> <td style="text-indent:12pt;vertical-align:top;"> Leasehold improvements </td> <td style="vertical-align:top;"> </td> <td style="vertical-align:bottom;"> Lesser of 10 years or the term of the lease </td> </tr> <tr style="height:10pt;white-space:pre-wrap;word-break:break-word;text-align:right;"> <td style="text-indent:12pt;vertical-align:top;"> Fixtures and equipment Information technology </td> <td style="vertical-align:top;"> </td> <td style="vertical-align:bottom;"> Five years Three to five years </td> </tr> </table> As of August 3, 2024, the weighted average remaining useful life of our assets was approximately six years. Property, Plant, and Equipment (“ASC 360”), the Company’s management evaluates the value of leasehold improvements, store fixtures, and operating lease right-of-use (“ROU”) assets associated with retail stores. The Company evaluates long-lived assets for impairment at the individual store level, which is the lowest level at which individual cash flows can be identified. Impairment losses are recorded on long-lived assets used in operations when events and circumstances indicate that the assets might be impaired and the projected undiscounted cash flows estimated to be generated by those assets are less than the carrying amounts. When events such as these occur, the impaired assets are adjusted to their estimated fair value and an impairment loss is recorded separately as a component of operating income within the Consolidated Statements of Operations. Our impairment loss calculations require management to make assumptions and to apply judgment to estimate future cash flows and asset fair values. The significant assumption used in our fair value analysis is forecasted revenue. We do not believe that there is a reasonable likelihood that there will be a material change in the estimates or assumptions that we use to calculate long-lived asset impairment losses. However, if actual results are not consistent with our estimates and assumptions, our consolidated operating results could be adversely affected. When the Company closes, remodels, or relocates a store prior to the end of its lease term, the remaining net book value of the assets related to the store is recorded as a write-off of assets within depreciation and amortization expense. There were no long-lived asset impairment charges recorded during the 13 weeks ended August 3, 2024 and July 29, 2023. During the 26 weeks ended July 29, 2023, the Company recorded impairment of property and equipment of $10.8 million. No long-lived asset impairment charges were recorded during the 26 weeks ended August 3, 2024. Refer to Note 6 to the Consolidated Financial Statements for additional information regarding property and equipment and refer to Note 13 to the Consolidated Financial Statements for additional information regarding the impairment of these assets. Goodwill and Intangible Assets The Company’s goodwill is primarily related to the acquisition of its regionalized fulfillment center network, as well as its importing operations and Canadian business, and represents the excess of cost over fair value of net assets of businesses acquired. In accordance with ASC 350, Intangibles – Goodwill and Other, the Company evaluates goodwill for possible impairment at least annually as of the last day of the fiscal year and upon occurrence of certain triggering events or substantive changes in circumstances that indicate that the fair value of a reporting unit may be below its carrying value. If the carrying value of the reporting unit exceeds the fair value, an impairment charge is recorded in the period of the evaluation based on that difference. The Company last performed an annual goodwill impairment test as of February 3, 2024. As a result of the annual impairment test, the Company concluded that the goodwill assigned to the Quiet Platforms reporting unit was impaired, resulting in a charge of $39.6 million recorded within impairment, restructuring and other charges on the Consolidated Statements of Operations for Fiscal 2023, due to insufficient prospective cash flows to support the carrying value of the business. Significant, subjective assumptions used in the Company’s fair value estimate included forecasted cost of sales, forecasted operating expense and the discount rate. No indicators of impairment were present during the 13 and 26 weeks ended August 3, 2024 and July 29, 2023. Definite-lived intangible assets are initially recorded at fair value, with amortization computed utilizing the straight-line method over the assets’ estimated useful lives. The Company’s definite-lived intangible assets, which consist primarily of trademark assets, are generally amortized over 10 to 15 years. The Company evaluates definite-lived intangible assets for impairment in accordance with ASC 360 when events or circumstances indicate that the carrying value of the asset may not be recoverable. Such an evaluation includes the estimation of undiscounted future cash flows to be generated by those assets. If the sum of the estimated future undiscounted cash flows is less than the carrying amounts of the assets, then the assets are impaired and are adjusted to their estimated fair value. During Fiscal 2023, the Company recorded a $40.5 million impairment charge within impairment, restructuring and other charges on the Consolidated Statements of Operations related to the definite-lived intangible assets of Quiet Platforms, due to insufficient prospective cash flows to support the carrying value of the assets. No definite-lived intangible asset impairment charges were recorded during the 13 and 26 weeks ended August 3, 2024 and July 29, 2023. Refer to Note 7 to the Consolidated Financial Statements for additional information regarding goodwill and intangible assets. Construction Allowances As part of certain lease agreements for retail stores, the Company receives construction allowances from lessors, which are generally comprised of cash amounts. The Company records a receivable and an adjustment to the operating lease ROU asset at the lease commencement date (i.e., the date of initial possession of the store). The deferred lease credit is amortized as part of the single lease cost over the term of the original lease (including the pre-opening build-out period). The receivable is reduced as amounts are received from the lessor. Self-Insurance Liability The Company uses a combination of insurance and self-insurance mechanisms for certain losses related to employee medical benefits and worker’s compensation. Costs for self-insurance claims filed and claims incurred but not reported are accrued based on known claims and historical experience. Management believes that it has adequately reserved for its self-insurance liability, which is capped by stop-loss contracts with insurance companies. However, any significant variation of future claims from historical trends could cause actual results to differ from the accrued liability. Leases <p style="font-size:10pt;margin-top:6pt;font-family:Times New Roman;margin-bottom:0;text-

align:justify;">The Company leases all store premises, its Canadian distribution center in Mississauga, Ontario, its regional distribution facilities, some of its office space and certain information technology and office equipment. These leases are generally classified as operating leases. Store leases generally provide for a combination of base rentals and contingent rent based on store sales. Additionally, most leases include lessor incentives such as construction allowances and rent holidays. The Company is typically responsible for tenant occupancy costs including maintenance costs, common area charges, real estate taxes and certain other expenses. When measuring operating lease ROU assets and operating lease liabilities, the Company only includes cash flows related to options to extend or terminate leases once those options are executed. Some leases have variable payments. However, because they are not based on an index or rate, they are not included in the measurement of operating lease ROU assets and operating lease liabilities. When determining the present value of future payments for an operating lease that does not have a readily determinable implicit rate, the Company uses its incremental borrowing rate as of the date of initial possession of the leased asset. For leases that qualify for the short-term lease exemption, the Company does not record an operating lease liability or operating lease ROU asset. Short-term lease payments are recognized on a straight-line basis over the lease term of 12 months or less. Co-Branded and Private Label Credit Cards The Company offers a co-branded credit card and a private-label credit card under the AE and Aerie brands. These credit cards are issued by a third-party bank (the “Bank”) in accordance with a credit card agreement (the “Agreement”). The Company has no liability to the Bank for bad debt expense, provided that purchases are made in accordance with the Bank’s procedures. We receive funding from the Bank based on the Agreement and card activity, which includes payments for new account activations and usage of the credit cards. We recognize revenue for this funding as we fulfill our performance obligations under the Agreement. This revenue is recorded in other revenue, which is a component of total net revenue in our Consolidated Statements of Operations. Customer Loyalty Program The Company offers a highly digitized loyalty program called Real Rewards by American Eagle and Aerie™ (the “Program”). The Program features both shared and unique benefits for loyalty members and credit card holders. Under the Program, members accumulate points based on purchase activity and earn rewards by reaching certain point thresholds. Members earn rewards in the form of discount savings certificates. Rewards earned are valid through the stated expiration date, which is 60 days from the issuance date of the reward. Rewards not redeemed during the 60-day redemption period are forfeited. Points earned under the Program on purchases at AE and Aerie are accounted for in accordance with ASC 606, Revenue from Contracts with Customers (“ASC 606”). The portion of the sales revenue attributed to the reward points is deferred and recognized when the reward is redeemed or when the points expire, using the relative stand-alone selling price method. Additionally, reward points earned using the co-branded credit card on non-AE or Aerie purchases are accounted for in accordance with ASC 606. As the points are earned, a current liability is recorded for the estimated cost of the reward, and the impact of adjustments is recorded in revenue. The Company defers a portion of the sales revenue attributed to the loyalty points and recognizes revenue when the points are redeemed or expire, consistent with the requirements of ASC 606. Credit Agreement In June 2022, the Company entered into an amended and restated credit agreement (the “Credit Agreement”). The Credit Agreement provides senior secured asset-based revolving credit for loans and letters of credit up to $700 million, subject to customary borrowing base limitations (the "Credit Facility"). The Credit Facility expires on June 24, 2027. Refer to Note 8 to the Consolidated Financial Statements for additional information regarding long-term debt and other credit arrangements. Income Taxes The Company calculates income taxes in accordance with ASC 740, Income Taxes(“ASC 740”), which requires the use of the liability method. Under this method, deferred tax assets and liabilities are recognized based on the difference between the Consolidated Financial Statements carrying amounts of existing assets and liabilities and their respective tax bases as computed pursuant to ASC 740. Deferred tax assets and liabilities are measured using the tax rates, based on certain judgments regarding enacted tax laws and published guidance, in effect in the years when those temporary differences are expected to reverse. A valuation allowance is established against the deferred tax assets when it is more likely than not that some portion or all of the deferred taxes may not be realized. Changes in the Company’s level and composition of earnings, tax laws or the deferred tax valuation allowance, as well as the results of tax audits, may materially impact the Company’s effective income tax rate. The Company evaluates its income tax positions in accordance with ASC 740, which prescribes a comprehensive model for recognizing, measuring, presenting and disclosing in the financial statements tax positions taken or expected to be taken on a tax return, including a decision whether to file or not to file in a particular jurisdiction. Under ASC 740, a tax benefit from an uncertain position may be recognized only if it is “more likely than not” that the position is sustainable based on its technical merits. The calculation of deferred tax assets and liabilities, as well as the decision to recognize a tax benefit from an uncertain position and to establish a valuation allowance, requires management to make estimates and assumptions. The Company believes that its estimates and assumptions are reasonable, although actual results may have a positive or negative material impact on the balances of deferred tax assets and liabilities, valuation allowances or net income (loss). Refer to Note 10 to the Consolidated Financial Statements for additional information regarding income taxes. Revenue Recognition The Company recognizes revenue pursuant to ASC 606. Revenue is recorded for store sales upon the purchase of merchandise by customers. The Company’s e-commerce operation records revenue upon the customer receipt date of the merchandise. Shipping and handling revenues are included in total net revenue. Sales tax collected from customers is excluded from revenue and is included as part of accrued income and other taxes on the Company’s Consolidated Balance Sheets. The Company recognizes royalty revenue generated from its license or franchise agreements based on a percentage of merchandise sales by the licensee/franchisee. This revenue is recorded as a component of total net revenue when earned and collection is probable. The Company defers a portion of the sales revenue attributed to loyalty points and recognizes revenue when the points are redeemed or expire, consistent with the requirements of ASC 606. Refer to Customer Loyalty Program above for additional information. Revenue associated with Quiet Platforms is recognized as the services are performed. Cost of Sales, Including Certain Buying, Occupancy and Warehousing Expenses Cost of sales consists of merchandise costs, including design, sourcing, importing and inbound freight costs, as well as markdowns, shrinkage and certain promotional costs (collectively, “merchandise costs”), Quiet Platforms' costs to service its customers and buying, occupancy and warehousing costs and services. Design costs are related to the Company's Design Center operations and include compensation, travel and entertainment, supplies and samples for our design teams, as well as rent and depreciation for our Design Center. These costs are included in cost of sales as the respective inventory is sold. Total net revenue, net of merchandise costs, represents merchandise margin. Buying, occupancy and warehousing costs and services consist of compensation, employee benefit expenses and travel and entertainment for our buyers and certain senior merchandising executives; rent and utilities related to our stores, corporate headquarters, distribution centers and other office space; freight from our distribution centers to the stores; compensation and supplies for our distribution centers, including purchasing, receiving and inspection costs; and shipping and handling costs related to our e-commerce operation. Gross profit is the difference between total net revenue and cost of sales. Selling, General and Administrative Expenses Selling, general and administrative expenses consist of compensation and employee benefit expenses, including salaries, incentives and related benefits associated with our stores and corporate headquarters. Selling, general and administrative expenses also include advertising costs, supplies for our stores and home office, communication costs, travel and entertainment, leasing costs and services purchased. Selling, general and administrative expenses do not include compensation, employee benefit expenses and travel for our design, sourcing and importing teams, our buyers and our distribution centers as these amounts are recorded in cost of sales. Additionally, selling, general and administrative expenses do not include rent and utilities, operating costs of our distribution centers, and shipping and handling costs related to our e-commerce operations, all of which are included in cost of sales. Interest (Income) Expense, Net <p style="font-size:10pt;margin-top:6pt;font-family:Times New Roman;margin-bottom:0;text-

Segment Information The Company has identified two operating segments (American Eagle and Aerie) that also represent our reportable segments and reflect the CODM's (defined as our Chief Executive Officer ("CEO")) internal view of analyzing results and allocating resources. Additionally, our Todd Snyder and Unsubscribed brands and Quiet Platforms have been identified as separate operating segments; however, as they do not meet the quantitative thresholds for separate disclosure, they are presented under the Other caption. For additional information regarding the Company's segment and geographic information, refer to Note 12 to the Consolidated Financial Statements. Principles of Consolidation The Consolidated Financial Statements include the accounts of the Company and its wholly owned subsidiaries and consolidated entities where the Company's ownership percentage is less than 100%. Non-controlling interest is included as a component of contributed capital within the Consolidated Balance Sheets and Consolidated Statements of Stockholders' Equity and was not material for any period presented. All intercompany transactions and balances have been eliminated in consolidation. At August 3, 2024, the Company operated in two reportable segments, American Eagle and Aerie. 12 Fiscal Year Our fiscal year is a 52- or 53-week year that ends on the Saturday nearest to January 31. As used herein, "Fiscal 2024" refers to the 52-week period that will end on February 1, 2025. "Fiscal 2023" refers to the 53-week period ended on February 3, 2024. Estimates The preparation of financial statements in conformity with GAAP requires the Company's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. On an ongoing basis, our management reviews its estimates based on currently available information. Changes in facts and circumstances may result in revised estimates. Recent Accounting Pronouncements   In November 2023, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2023-07, Improvements to Reportable Segment Disclosures ("ASU 2023-07"), which requires that segment expenses deemed significant to the Chief Operating Decision Maker ("CODM") typically incorporated in measuring profit or loss of the segment should be disclosed. The guidance also requires that the difference between segment revenues and these significant segment expenses is disclosed. Any annually disclosed segment information is now required to be reported in interim periods as well. The guidance is effective for fiscal years beginning after December 15, 2023, and interim periods beginning after December 15, 2024. Public entities are required to apply the amendment retrospectively to prior periods presented in the financial statements. The Company plans to adopt ASU 2023-07 effective for its Fiscal 2024 and for the interim periods beginning in Fiscal 2025. Refer to Note 12 to the Consolidated Financial Statements for additional information regarding Segment Reporting. In December 2023, the FASB issued ASU 2023-09, Improvements to Income Tax Disclosures ("ASU 2023-09"), which requires increased transparency in tax disclosures, specifically by expanding requirements for rate reconciliation and income taxes paid information. Additionally, the amendment requires disclosures of income/(loss) from continuing operations before taxes disaggregated between domestic and foreign, and income tax expense/(benefit), disaggregated by federal, state, and foreign. Disclosure requirements about the nature and estimated range of the reasonably possible change in unrecognized tax benefits over the next year have been removed as part of this amendment. The guidance is effective for fiscal years beginning after December 15, 2024. The Company plans to adopt ASU 2023-09 effective for Fiscal 2025. Refer to Note 10 to the Consolidated Financial Statements for additional information regarding Income Taxes. Foreign Currency Translation In accordance with Accounting Standards Codification ("ASC") 830, Foreign Currency Matters, the Company translates assets and liabilities denominated in foreign currencies into U.S. dollars ("USD") (the reporting currency) at the exchange rates prevailing at the balance sheet date. The Company translates revenues and expenses denominated in foreign currencies into USD at the monthly average exchange rates for the period. Gains or losses resulting from foreign currency transactions are included in the consolidated results of operations, whereas related translation adjustments are reported as an element of other comprehensive income (loss) in accordance with ASC 220, Comprehensive Income. We are exposed to the impact of foreign exchange rate risk primarily through our Canadian and Mexican operations where the functional currency is the Canadian dollar and Mexican peso, respectively. The impact of all other foreign currencies is currently immaterial to our consolidated financial results. During the 13 and 26 weeks ended August 3, 2024, an unrealized loss of $23.5 million and $22.9 million, respectively was included in other comprehensive (loss) income, which were primarily related to the fluctuations of the USD to Mexican peso and USD to Canadian dollar exchange rates. -23500000-22900000 Cash, Cash Equivalents and Short-term Investments The Company considers all highly liquid investments purchased with an original maturity of three months or less to be cash equivalents. Short-term investments classified as available-for-sale include certificates of deposit with an original maturity greater than three months, but less than one year. Refer to Note 3 to the Consolidated Financial Statements for information regarding cash, cash equivalents, and short-term investments. Accounts Receivable The Company's receivables are primarily generated from product sales and royalties from our licensees. The primary indicators of the credit quality of our receivables are aging, payment history, economic sector information and outside credit monitoring, and are assessed on a quarterly basis. Our credit loss exposure is mainly concentrated in our accounts receivable portfolio. Our allowance for credit losses is calculated using a loss-rate method based on historical experience, current market conditions and reasonable forecasts. Historically, the Company's reserves have approximated actual experience. Merchandise Inventory Merchandise inventory is valued at the lower of average cost or net realizable value, utilizing the retail method. Average cost includes merchandise design and sourcing costs and related expenses. The Company records merchandise receipts when control of the merchandise has transferred to the Company. The Company reviews its inventory levels to identify slow-moving merchandise and generally uses markdowns to clear merchandise. Additionally, the Company estimates a markdown reserve for future planned permanent markdowns related to current inventory. Markdowns may occur when inventory exceeds customer demand for reasons of style, seasonal adaptation, changes in customer preference, lack of consumer acceptance of fashion items, competition, or if it is determined that the inventory in stock will not sell at its currently ticketed price. Such markdowns may have a material adverse impact on earnings, depending on the extent and amount of inventory affected. The Company also estimates a shrinkage reserve for the period between the last physical count and the balance sheet date. The estimate for the shrinkage reserve, based on historical results, can be affected by changes in merchandise mix and changes in actual shrinkage trends. Property and Equipment <p style="font-size:10pt;margin-top:6pt;font-family:Times New

Roman;margin-bottom:0;text-align:justify;">Property and equipment is recorded on the basis of cost with depreciation computed utilizing the straight-line method over the asset's estimated useful life. The useful lives of our major classes of assets are as follows: <table style="margin-left:auto;border-spacing:0;table-layout:fixed;width:100.0%;border-collapse:separate;margin-right:auto;"> <tr style="visibility:collapse;"> <td style="width:40%;"></td> <td style="width:1%;"></td> <td style="width:59%;"></td> </tr> <tr style="height:10pt;white-space:pre-wrap;word-break:break-word;text-align:right;"> <td style="text-indent:12pt;vertical-align:top;"> Buildings </td> <td style="vertical-align:top;"> </td> <td style="vertical-align:bottom;"> 25 years </td> </tr> <tr style="height:10pt;white-space:pre-wrap;word-break:break-word;text-align:right;"> <td style="text-indent:12pt;vertical-align:top;"> Leasehold improvements </td> <td style="vertical-align:top;"> </td> <td style="vertical-align:bottom;"> Lesser of 10 years or the term of the lease </td> </tr> <tr style="height:10pt;white-space:pre-wrap;word-break:break-word;text-align:right;"> <td style="text-indent:12pt;vertical-align:top;"> Fixtures and equipment Information technology </td> <td style="vertical-align:top;"> </td> <td style="vertical-align:bottom;"> Five years Three to five years </td> </tr> </table> As of August 3, 2024, the weighted average remaining useful life of our assets was approximately six years. In accordance with ASC 360, Property, Plant, and Equipment ("ASC 360"), the Company's management evaluates the value of leasehold improvements, store fixtures, and operating lease right-of-use ("ROU") assets associated with retail stores. The Company evaluates long-lived assets for impairment at the individual store level, which is the lowest level at which individual cash flows can be identified. Impairment losses are recorded on long-lived assets used in operations when events and circumstances indicate that the assets might be impaired and the projected undiscounted cash flows estimated to be generated by those assets are less than the carrying amounts. When events such as these occur, the impaired assets are adjusted to their estimated fair value and an impairment loss is recorded separately as a component of operating income within the Consolidated Statements of Operations. Our impairment loss calculations require management to make assumptions and to apply judgment to estimate future cash flows and asset fair values. The significant assumption used in our fair value analysis is forecasted revenue. We do not believe that there is a reasonable likelihood that there will be a material change in the estimates or assumptions that we use to calculate long-lived asset impairment losses. However, if actual results are not consistent with our estimates and assumptions, our consolidated operating results could be adversely affected. When the Company closes, remodels, or relocates a store prior to the end of its lease term, the remaining net book value of the assets related to the store is recorded as a write-off of assets within depreciation and amortization expense. There were no long-lived asset impairment charges recorded during the 13 weeks ended August 3, 2024 and July 29, 2023. During the 26 weeks ended July 29, 2023, the Company recorded impairment of property and equipment of $10.8 million. No long-lived asset impairment charges were recorded during the 26 weeks ended August 3, 2024. Refer to Note 6 to the Consolidated Financial Statements for additional information regarding property and equipment and refer to Note 13 to the Consolidated Financial Statements for additional information regarding the impairment of these assets. The useful lives of our major classes of assets are as follows: <table style="margin-left:auto;border-spacing:0;table-layout:fixed;width:100.0%;border-collapse:separate;margin-right:auto;"> <tr style="visibility:collapse;"> <td style="width:40%;"></td> <td style="width:1%;"></td> <td style="width:59%;"></td> </tr> <tr style="height:10pt;white-space:pre-wrap;word-break:break-word;text-align:right;"> <td style="text-indent:12pt;vertical-align:top;"> Buildings </td> <td style="vertical-align:top;"> </td> <td style="vertical-align:bottom;"> 25 years </td> </tr> <tr style="height:10pt;white-space:pre-wrap;word-break:break-word;text-align:right;"> <td style="text-indent:12pt;vertical-align:top;"> Leasehold improvements </td> <td style="vertical-align:top;"> </td> <td style="vertical-align:bottom;"> Lesser of 10 years or the term of the lease </td> </tr> <tr style="height:10pt;white-space:pre-wrap;word-break:break-word;text-align:right;"> <td style="text-indent:12pt;vertical-align:top;"> Fixtures and equipment Information technology </td> <td style="vertical-align:top;"> </td> <td style="vertical-align:bottom;"> Five years Three to five years </td> </tr> </table>P25YP10YP5YP5YP6Y00108000000 Goodwill and Intangible Assets The Company's goodwill is primarily related to the acquisition of its regionalized fulfillment center network, as well as its importing operations and Canadian business, and represents the excess of cost over fair value of net assets of businesses acquired. In accordance with ASC 350, Intangibles – Goodwill and Other, the Company evaluates goodwill for possible impairment at least annually as of the last day of the fiscal year and upon occurrence of certain triggering events or substantive changes in circumstances that indicate that the fair value of a reporting unit may be below its carrying value. If the carrying value of the reporting unit exceeds the fair value, an impairment charge is recorded in the period of the evaluation based on that difference. The Company last performed an annual goodwill impairment test as of February 3, 2024. As a result of the annual impairment test, the Company concluded that the goodwill assigned to the Quiet Platforms reporting unit was impaired, resulting in a charge of $39.6 million recorded within impairment, restructuring and other charges on the Consolidated Statements of Operations for Fiscal 2023, due to insufficient prospective cash flows to support the carrying value of the business. Significant, subjective assumptions used in the Company's fair value estimate included forecasted cost of sales, forecasted operating expense and the discount rate. No indicators of impairment were present during the 13 and 26 weeks ended August 3, 2024 and July 29,

2023. Definite-lived intangible assets are initially recorded at fair value, with amortization computed utilizing the straight-line method over the assets' estimated useful lives. The Company's definite-lived intangible assets, which consist primarily of trademark assets, are generally amortized over 10 to 15 years. The Company evaluates definite-lived intangible assets for impairment in accordance with ASC 360 when events or circumstances indicate that the carrying value of the asset may not be recoverable. Such an evaluation includes the estimation of undiscounted future cash flows to be generated by those assets. If the sum of the estimated future undiscounted cash flows is less than the carrying amounts of the assets, then the assets are impaired and are adjusted to their estimated fair value. During Fiscal 2023, the Company recorded a $40.5 million impairment charge within impairment, restructuring and other charges on the Consolidated Statements of Operations related to the definite-lived intangible assets of Quiet Platforms, due to insufficient prospective cash flows to support the carrying value of the assets. No definite-lived intangible asset impairment charges were recorded during the 13 and 26 weeks ended August 3, 2024 and July 29, 2023. Refer to Note 7 to the Consolidated Financial Statements for additional information regarding goodwill and intangible assets.
396000000000P10YP15Y405000000000 Construction Allowances As part of certain lease agreements for retail stores, the Company receives construction allowances from lessors, which are generally comprised of cash amounts. The Company records a receivable and an adjustment to the operating lease ROU asset at the lease commencement date (i.e., the date of initial possession of the store). The deferred lease credit is amortized as part of the single lease cost over the term of the original lease (including the pre-opening build-out period). The receivable is reduced as amounts are received from the lessor. Self-Insurance Liability The Company uses a combination of insurance and self-insurance mechanisms for certain losses related to employee medical benefits and worker's compensation. Costs for self-insurance claims filed and claims incurred but not reported are accrued based on known claims and historical experience. Management believes that it has adequately reserved for its self-insurance liability, which is capped by stop-loss contracts with insurance companies. However, any significant variation of future claims from historical trends could cause actual results to differ from the accrued liability. Leases The Company leases all store premises, its Canadian distribution center in Mississauga, Ontario, its regional distribution facilities, some of its office space and certain information technology and office equipment. These leases are generally classified as operating leases. Store leases generally provide for a combination of base rentals and contingent rent based on store sales. Additionally, most leases include lessor incentives such as construction allowances and rent holidays. The Company is typically responsible for tenant occupancy costs including maintenance costs, common area charges, real estate taxes and certain other expenses. When measuring operating lease ROU assets and operating lease liabilities, the Company only includes cash flows related to options to extend or terminate leases once those options are executed. Some leases have variable payments. However, because they are not based on an index or rate, they are not included in the measurement of operating lease ROU assets and operating lease liabilities. When determining the present value of future payments for an operating lease that does not have a readily determinable implicit rate, the Company uses its incremental borrowing rate as of the date of initial possession of the leased asset. For leases that qualify for the short-term lease exemption, the Company does not record an operating lease liability or operating lease ROU asset. Short-term lease payments are recognized on a straight-line basis over the lease term of 12 months or less. Co-Branded and Private Label Credit Cards The Company offers a co-branded credit card and a private-label credit card under the AE and Aerie brands. These credit cards are issued by a third-party bank (the "Bank") in accordance with a credit card agreement (the "Agreement"). The Company has no liability to the Bank for bad debt expense, provided that purchases are made in accordance with the Bank's procedures. We receive funding from the Bank based on the Agreement and card activity, which includes payments for new account activations and usage of the credit cards. We recognize revenue for this funding as we fulfill our performance obligations under the Agreement. This revenue is recorded in other revenue, which is a component of total net revenue in our Consolidated Statements of Operations. Customer Loyalty Program The Company offers a highly digitized loyalty program called Real Rewards by American Eagle and Aerie™ (the "Program"). The Program features both shared and unique benefits for loyalty members and credit card holders. Under the Program, members accumulate points based on purchase activity and earn rewards by reaching certain point thresholds. Members earn rewards in the form of discount savings certificates. Rewards earned are valid through the stated expiration date, which is 60 days from the issuance date of the reward. Rewards not redeemed during the 60-day redemption period are forfeited. Points earned under the Program on purchases at AE and Aerie are accounted for in accordance with ASC 606, Revenue from Contracts with Customers ("ASC 606"). The portion of the sales revenue attributed to the reward points is deferred and recognized when the reward is redeemed or when the points expire, using the relative stand-alone selling price method. Additionally, reward points earned using the co-branded credit card on non-AE or Aerie purchases are accounted for in accordance with ASC 606. As the points are earned, a current liability is recorded for the estimated cost of the reward, and the impact of adjustments is recorded in revenue. The Company defers a portion of the sales revenue attributed to the loyalty points and recognizes revenue when the points are redeemed or expire, consistent with the requirements of ASC 606. The Program features both shared and unique benefits for loyalty members and credit card holders. Under the Program, members accumulate points based on purchase activity and earn rewards by reaching certain point thresholds. Members earn rewards in the form of discount savings certificates. Rewards earned are valid through the stated expiration date, which is 60 days from the issuance date of the reward. Rewards not redeemed during the 60-day redemption period are forfeited. Credit Agreement In June 2022, the Company entered into an amended and restated credit agreement (the "Credit Agreement"). The Credit Agreement provides senior secured asset-based revolving credit for loans and letters of credit up to $700 million, subject to customary borrowing base limitations (the "Credit Facility"). The Credit Facility expires on June 24, 2027. Refer to Note 8 to the Consolidated Financial Statements for additional information regarding long-term debt and other credit arrangements. 7000000002027-06-24 Income Taxes The Company calculates income taxes in accordance with ASC 740, Income Taxes ("ASC 740"), which requires the use of the liability method. Under this method, deferred tax assets and liabilities are recognized based on the difference between the Consolidated Financial Statements carrying amounts of existing assets and liabilities and their respective tax bases as computed pursuant to ASC 740. Deferred tax assets and liabilities are measured using the tax rates, based on certain judgments regarding enacted tax laws and published guidance, in effect in the years when those temporary differences are expected to reverse. A valuation allowance is established against the deferred tax assets when it is more likely than not that some portion or all of the deferred taxes may not be realized. Changes in the Company's level and composition of earnings, tax laws or the deferred tax valuation allowance, as well as the results of tax audits, may materially impact the Company's effective income tax rate. The Company evaluates its income tax positions in accordance with ASC 740, which prescribes a comprehensive model for recognizing, measuring, presenting and disclosing in the financial statements tax positions taken or expected to be taken on a tax return, including a decision whether to file or not to file in a particular jurisdiction. Under ASC 740, a tax benefit from an uncertain position may be recognized only if it is "more likely than not" that the position is sustainable based on its technical merits. The calculation of deferred tax assets and liabilities, as well as the decision to recognize a tax benefit from an uncertain position and to establish a valuation allowance, requires management to make estimates and assumptions. The Company believes that its estimates and assumptions are reasonable, although actual results may have a positive or negative material impact on the balances of deferred tax assets and liabilities, valuation allowances or net income (loss). Refer to Note 10 to the Consolidated Financial Statements for additional information regarding income taxes. Revenue Recognition The Company recognizes revenue pursuant to ASC 606. Revenue is recorded for store sales upon the purchase of merchandise by customers. The Company's e-commerce operation records revenue upon the customer receipt date of the merchandise. Shipping and handling revenues are included in total net revenue. Sales tax collected from customers is excluded from revenue and

is included as part of accrued income and other taxes on the Company's Consolidated Balance Sheets. The Company recognizes royalty revenue generated from its license or franchise agreements based on a percentage of merchandise sales by the licensee/franchisee. This revenue is recorded as a component of total net revenue when earned and collection is probable. The Company defers a portion of the sales revenue attributed to loyalty points and recognizes revenue when the points are redeemed or expire, consistent with the requirements of ASC 606. Refer to Customer Loyalty Program above for additional information. Revenue associated with Quiet Platforms is recognized as the services are performed. Cost of Sales, Including Certain Buying, Occupancy and Warehousing Expenses Cost of sales consists of merchandise costs, including design, sourcing, importing and inbound freight costs, as well as markdowns, shrinkage and certain promotional costs (collectively, "merchandise costs"), Quiet Platforms' costs to service its customers and buying, occupancy and warehousing costs and services. Design costs are related to the Company's Design Center operations and include compensation, travel and entertainment, supplies and samples for our design teams, as well as rent and depreciation for our Design Center. These costs are included in cost of sales as the respective inventory is sold. Total net revenue, net of merchandise costs, represents merchandise margin. Selling, general and administrative expenses do not include compensation, employee benefit expenses and travel for our design, sourcing and importing teams, our buyers and our distribution centers as these amounts are recorded in cost of sales. Fair Value Measurements ASC 820, Fair Value Measurement Disclosures (“ASC 820”), defines fair value, establishes a framework for measuring fair value in accordance with GAAP and expands disclosures about fair value measurements. Fair value is defined under ASC 820 as the exit price associated with the sale of an asset or transfer of a liability in an orderly transaction between market participants at the measurement date. Financial Instruments Valuation techniques used to measure fair value under ASC 820 must maximize the use of observable inputs and minimize the use of unobservable inputs. In addition, ASC 820 establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include: • Level 1 — Quoted prices in active markets. • Level 2 — Inputs other than Level 1 that are observable, either directly or indirectly. • Level 3 — Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. <p style="font-size:10pt;margin-top:6pt;font-family:Times New

As of July 29, 2023, the fair value of the Company's $3.0 million in outstanding borrowings under its Credit Facility approximated the carrying value. Refer to Note 8 to the Consolidated Financial Statements for additional information regarding long-term debt and other credit arrangements. Non-Financial Assets The Company's non-financial assets, which include intangible assets and property and equipment, are not required to be measured at fair value on a recurring basis. However, if certain triggering events occur and the Company is required to evaluate the non-financial asset for impairment, a resulting impairment would require that the non-financial asset be recorded at the estimated fair value. The fair value is determined by estimating the amount and timing of net future cash flows and discounting them using a risk-adjusted rate of interest. The Company estimates future cash flows based on its experience and knowledge of the market in which the store is located. There were no long-lived asset impairment charges recorded during the 13 and 26 weeks ended August 3, 2024 or during the 13 weeks ended July 29, 2023. During the 26 weeks ended July 29, 2023, the Company recorded impairment of property and equipment of $10.8 million. Refer to Note 13 to the Consolidated Financial Statements for additional information on impairment, restructuring and other charges. The fair value of the Company's ROU assets was based upon market rent assumptions. The Company evaluates goodwill for possible impairment at least annually as of the last day of the fiscal year and upon occurrence of certain triggering events or substantive changes in circumstances that indicate that the fair value of a reporting unit may be below its carrying value. The Company last performed an annual goodwill impairment test using Level 3 inputs as defined in ASC 820 as of February 3, 2024. No indicators of goodwill impairment were present during the 13 and 26 weeks ended August 3, 2024 and July 29, 2023. Long-Term Debt, Net The Company had no long-term debt outstanding as of August 3, 2024 or February 3, 2024. As of July 29, 2023, there was $3.0 million of outstanding Credit Facility borrowings. 2025 Notes In April 2020, the Company issued $415 million aggregate principal amount of convertible nior notes due 2025 ("2025 Notes") in a private placement to qualified institutional buyers in reliance on Rule 144A under the Securities Act. The 2025 Notes had a stated interest rate of 3.75%, payable semi-annually. The Company used the net proceeds from the issuance for general corporate purposes. The Company redeemed all of the remaining 2025 Notes during the 13 weeks ended April 29, 2023. See "Note Exchanges" below. The Company did not have the right to redeem the 2025 Notes prior to April 17, 2023. On or after April 17, 2023 and prior to the fortieth scheduled trading day immediately preceding the maturity date, the Company could redeem all or any portion of the 2025 Notes, at its option, for cash, if the last reported sale price of our common stock had been at least 130% of the conversion price then in effect for at least 20 trading days (whether or not consecutive) during any 30 consecutive trading day period. Note Exchanges During Fiscal 2022, the Company entered into separate privately negotiated exchange agreements with certain holders of the 2025 Notes, to exchange $403.2 million in aggregate principal amount of the 2025 Notes for a combination of cash and shares of the Company's common stock, plus payment of accrued and unpaid interest (together, the "Note Exchanges"). Early Redemption On February 10, 2023, the Company issued a notice of optional redemption for all of its remaining outstanding 2025 Notes, notifying holders that, among other things, it had elected to exercise its right to redeem any and all of the outstanding 2025 Notes on April 17, 2023 (the "Early Redemption"). Subsequent to this notice, and prior to April 17, 2023, the 2025 Note holders redeemed a total of $8.8 million aggregate principal amount for a combined 1.1 million shares of the Company's common stock. Following the Note Exchanges and Early Redemption, the aggregate principal amount of the 2025 Notes had been fully redeemed. Interest expense for the 2025 Notes was $0.1 million for the 26 weeks ended July 29, 2023. <p style="font-size:10pt;margin-top:6pt;font-family:Times New Roman;margin-bottom:0;text-

align:justify;"> Revolving Credit Facility In June 2022, the Company entered into an amended and restated Credit Agreement. The Credit Agreement provides senior secured asset-based revolving credit for loans and letters of credit up to $700 million, subject to customary borrowing base limitations. The Credit Facility expires on June 24, 2027. </p><p style="font-size:10pt;margin-top:6pt;font-family:Times New Roman;margin-bottom:0;text-align:justify;">All obligations under the Credit Facility are unconditionally guaranteed by certain subsidiaries. As of July 29, 2023, the Company had $3.0 million in outstanding borrowings under the Credit Agreement and $7.7 million outstanding in stand-by letters of credit. Borrowings under the Credit Facility accrue interest at the election of the Company at an adjusted secured overnight financing rate ("SOFR") plus 0.10% plus an applicable margin (ranging from 1.125% to 1.375%) or an alternate base rate plus an applicable margin (ranging from 0.125% to 0.375%), with each such applicable margin being based on average borrowing availability under the Credit Facility. Interest is payable quarterly and at the end of each applicable interest period. There were no Credit Facility borrowings during the 13 and 26 weeks ended August 3, 2024. The total interest expense related to the Credit Facility borrowings for the 13 and 26 weeks ended July 29, 2023 was $0.5 million and $1.1 million, respectively. 00300000041500000002025The 2025 Notes had a stated interest rate of 3.75%, payable semi-annually.0.0375payable semi-annually2023-04-171.3020304032000002023-04-178800000011000001000007000000002027-06-24012000000300000070000000.100.011250.013750.001250.003750050000001100000 9. Share-Based Compensation The Company accounts for share-based compensation under the provisions of ASC 718, Compensation - Stock Compensation, which requires the Company to measure and recognize compensation expense for all share-based payments at fair value. Total share-based compensation expense included in the Consolidated Statements of Operations for the 13 and 26 weeks ended August 3, 2024 was $6.8 million ($5.1 million, net of tax) and $27.4 million ($21.3 million, net of tax), respectively, and for the 13 and 26 weeks ended July 29, 2023 was $10.5 million ($7.7 million, net of tax) and $25.4<span style="color:#000000;white-space:pre-wrap;font-size:10pt;font-family:Arial;min-width:fit-content;"> million ($18.4 million, net of tax), respectively. Stock Option Grants The Company grants time-based stock option awards, which vest over the requisite service period of the award or at an employee's eligible retirement date, if earlier. As of August 3, 2024, there was $0.9 million of unrecognized compensation expense for stock option awards that is expected to be recognized over a weighted average period of 2.3 years. The fair value of stock options was estimated at the date of grant using a Black-Scholes option pricing model with the following weighted-average assumptions: <table style="margin-left:auto;border-spacing:0;table-layout:fixed;width:100.0%;border-collapse:separate;margin-right:auto;"> <tr style="visibility:collapse;"> <td style="width:67.193%;"></td> <td style="width:1.14%;"></td> <td style="width:1%;"></td> <td style="width:13.262%;"></td> <td style="width:1%;"></td> <td style="width:1.14%;"></td> <td style="width:1%;"></td> <td style="width:13.262%;"></td> <td style="width:1%;"></td> </tr> <tr style="height:8pt;background-color:#ffffff;white-space:pre-wrap;word-break:break-word;"> <td style="vertical-align:middle;"> </td> <td style="vertical-align:bottom;"> </td> <td colspan="6" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> 26 Weeks Ended </td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #ffffff03;text-align:left;"> </td> </tr> <tr style="height:8pt;background-color:#ffffff;white-space:pre-wrap;word-break:break-word;"> <td style="vertical-align:middle;"> </td> <td style="vertical-align:bottom;"> </td> <td colspan="2"

The weighted-average expected option terms were determined based on historical experience. Restricted Stock Grants Time-based restricted stock awards are comprised of time-based restricted stock units. These awards vest over three years. Time-based restricted stock units receive dividend equivalents in the form of additional time-based restricted stock units, which are subject to the same restrictions and forfeiture provisions as the original award. Performance-based restricted stock awards include performance-based restricted stock units ("PSUs"). Annual PSU grants cliff vest, if at all, at the end of a three-year performance period upon achievement of pre-established goals. Outstanding PSUs receive dividend equivalents in the form of additional PSUs, which are subject to the same restrictions and forfeiture provisions as the original award. The grant date fair value of time-based restricted stock awards is based on the closing market price of the Company’s common stock on the date of grant. A Monte-Carlo simulation was utilized for performance-based restricted stock awards. A summary of the Company’s restricted stock activity is presented in the following table: <table style="margin-left:auto;border-spacing:0;table-layout:fixed;width:100.0%;border-collapse:separate;margin-right:auto;"> <tr

style="font-size:10pt;margin-top:6pt;font-family:Times New Roman;margin-bottom:0;text-align:justify;">10. Income Taxes The provision for income taxes is based on the current estimate of the annual effective income tax rate and is adjusted as necessary for discrete quarterly events. The effective income tax rate for the 13 weeks ended August 3, 2024 was 25.4% compared to 27.0% for the 13 weeks ended July 29, 2023. The change in the effective tax rate, as compared to the prior period, is primarily due to a change in non-deductible executive compensation and international tax provisions of the Tax Cuts and Jobs Act (the “Tax Act”). The effective income tax rate for the 26 weeks ended August 3, 2024 was 22.1% compared to 27.1% for the 26 weeks ended July 29, 2023. The change in the effective tax rate, as compared to the prior period, is primarily due to excess tax benefits on share-based payments and tax audit adjustments. The Company records accrued interest and penalties related to unrecognized tax benefits in income tax expense, which were insignificant for both the 13 weeks ended August 3, 2024 and July 29, 2023. The Company recognizes income tax liabilities related to unrecognized tax benefits in accordance with ASC 740 and adjusts these liabilities when its judgment changes as a result of the evaluation of new information not previously available. Unrecognized tax benefits did not change significantly during either the 13 weeks ended August 3, 2024 or July 29, 2023. Over the next twelve months, the Company believes that it is reasonably possible that unrecognized tax benefits may decrease by approximately $15 million due to settlements, expiration of statute of limitations, or other changes in unrecognized tax benefits, which is expected to have an immaterial impact on the annual effective tax rate. 0.2540.270.2210.27115000000 11. Legal Proceedings The Company is subject to certain legal proceedings and claims arising out of the conduct of its business. In accordance with ASC 450, Contingencies (“ASC 450”), the Company records a reserve for estimated losses when the loss is probable and the amount can be reasonably estimated. If a range of possible loss exists and no anticipated loss within the range is more likely than any other anticipated loss, the Company records the accrual

at the low end of the range, in accordance with ASC 450. As the Company believes that it has provided adequate reserves, it anticipates that the ultimate outcome of any matter currently pending against the Company will not materially affect the consolidated financial position, results of operations or consolidated cash flows of the Company. However, our assessment of any litigation or other legal claims could potentially change in light of the discovery of facts not presently known or determinations by judges, juries, or other finders of fact which are not in accord with management's evaluation of the possible liability or outcome of such litigation or claims. Segment Reporting In accordance with ASC 280, Segment Reporting ("ASC 280"), the Company has identified two operating segments (American Eagle brand and Aerie brand) that also represent our reportable segments and reflect the CODM's internal view of analyzing results and allocating resources. Additionally, our Todd Snyder brand, Unsubscribed brand, and Quiet Platforms have been identified as separate operating segments; however, as they do not meet the quantitative thresholds for separate disclosure, they are presented under the Other caption, as permitted by ASC 280. General corporate expenses consist of general and administrative costs that management does not attribute to any of our operating segments. These costs primarily relate to corporate administration, information and technology resources, finance and human resources functional and organizational costs, depreciation and amortization of corporate assets, and other general and administrative expenses resulting from corporate-level activities and projects. Our CEO analyzes segment results and allocates resources between segments based on the adjusted operating income, or the operating income in periods where there are no adjustments, of each segment. Adjusted operating income is a non-GAAP financial measure ("non-GAAP" or "adjusted") that is defined by the Company as operating income excluding impairment, restructuring and other charges. Adjusted operating income is not based on any standardized methodology prescribed by GAAP and is not necessarily comparable to similar measures presented by other companies. Non-GAAP information is provided as a supplement to, not as a substitute for, or as superior to, measures of financial performance prepared in accordance with GAAP. We believe that this non-GAAP information is useful as an additional means for investors to evaluate our operating performance, when reviewed in conjunction with our GAAP consolidated financial statements and provides a higher degree of transparency. Reportable segment information is presented in the following table: <table style="margin-left:auto;border-spacing:0;table-layout:fixed;width:100.0%;border-collapse:separate;margin-right:auto;"> <tr style="visibility:collapse;"> <td style="width:51.18%;"></td> <td style="width:1%;"></td> <td style="width:9.32%;"></td> <td style="width:1%;"></td> <td style="width:1.18%;"></td> <td style="width:1%;"></td> <td style="width:9.32%;"></td> <td style="width:1%;"></td> <td style="width:1.18%;"></td> <td style="width:1%;"></td> <td style="width:9.32%;"></td> <td style="width:1%;"></td> <td style="width:1.18%;"></td> <td style="width:1%;"></td> <td style="width:9.32%;"></td> <td style="width:1%;"></td> </tr> <tr style="height:8pt;background-color:#ffffff;white-space:pre-wrap;word-break:break-word;"> <td style="vertical-align:bottom;"> </td> <td colspan="6" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> 13 weeks ended </td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #ffffff03;text-align:left;"> </td> <td style="vertical-align:bottom;"> </td> <td colspan="6" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> 26 weeks ended </td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #ffffff03;text-align:left;"> </td> </tr> <tr style="height:8pt;background-color:#ffffff;white-space:pre-wrap;word-break:break-word;"> <td style="vertical-align:bottom;"> </td> <td colspan="2" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> August 3, 2024 </td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #ffffff03;text-align:left;"> </td> <td style="vertical-align:bottom;"> </td> <td colspan="2" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> July 29, 2023 </td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #ffffff03;text-align:left;"> </td> <td style="vertical-align:bottom;"> </td> <td colspan="2" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> August 3, 2024 </td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #ffffff03;text-align:left;"> </td> <td style="vertical-align:bottom;"> </td> <td colspan="2" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> July 29, 2023 </td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #ffffff03;text-align:left;"> </td> </tr> <tr style="height:8pt;background-color:#ffffff;white-space:pre-wrap;word-break:break-word;"> <td style="vertical-align:bottom;"> </td> <td colspan="14" style="vertical-align:bottom;text-align:left;"> Dollars in thousands </td> <td style="vertical-align:bottom;text-align:left;"> </td> </tr> <tr style="height:10pt;background-color:#e7e6e6;white-space:pre-wrap;word-break:break-word;"> <td style="vertical-align:middle;"> Net Revenue: </td> <td colspan="2" style="vertical-align:middle;"> </td> <td style="vertical-align:middle;"> </td> <td style="vertical-align:middle;"> </td> <td colspan="2" style="vertical-align:middle;"> </td> <td style="vertical-align:middle;"> </td> <td style="vertical-align:middle;"> </td> <td colspan="2" style="vertical-align:middle;"> </td> <td style="vertical-align:middle;"> </td> <td colspan="2" style="vertical-align:middle;"> </td> <td style="vertical-align:middle;"> </td> </tr> <tr style="height:10pt;background-color:#ffffff;word-break:break-word;"> <td style="white-space:pre-wrap;vertical-align:bottom;"> American Eagle </td> <td style="white-space:nowrap;vertical-align:bottom;"> $</p></td> <td style="white-space:pre-wrap;vertical-align:bottom;text-align:center;"><p style="font-size:10pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:right;">827,638</p></td> <td style="white-space:nowrap;vertical-align:bottom;"><p style="font-size:10pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:left;"> </p></td> <td style="white-space:pre-wrap;vertical-align:bottom;"><p style="font-size:10pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:left;"> </p></td> <td style="white-space:nowrap;vertical-align:bottom;"><p style="font-size:10pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:left;">$ </td> <td style="white-space:pre-wrap;vertical-align:bottom;text-align:center;"> 767,018 </td> <td style="white-space:nowrap;vertical-align:bottom;"> </td> <td style="white-space:pre-wrap;vertical-align:bottom;"> </td> <td style="white-space:nowrap;vertical-align:bottom;"> <span style="color:#000000;font-family:Arial;min-

relates to impairment, restructuring, and other charges recorded during the 26 weeks ended July 29, 2023: (1) $21.3 million of charges related to the Quiet Platforms restructuring. Of this amount, we recorded $10.8 million of long-term asset impairment primarily related to technology that is no longer a part of our long-term strategy. All impairments were recorded due to insufficient prospective cash flows to support the asset value, resulting from the restructuring of Quiet Platforms. We recorded $5.6 million of severance based on our revised long-term strategy. We also recorded $4.9 million of contract-related charges. </table>1141400098400001574000falsefalsefalsefalsefalsefalse The Company utilizes the "if-converted" method of calculating diluted EPS, in accordance with ASU 2020-06, *Debt with Conversion and Other Options*. For all periods presented, anti-dilutive shares relate to stock options and unvested restricted stock. The change in Goodwill, gross from period to period includes the effect of foreign currency rate fluctuations. Accumulated impairment includes $39.6 million recorded in Fiscal 2023, $1.7 million recorded in Fiscal 2019 and $2.5 million recorded in Fiscal 2016. Options exercisable represent "in-the-money" vested options based upon the weighted-average exercise price of vested options compared to the Company's stock price on August 3, 2024. Based on the U.S. Treasury yield curve in effect at the time of grant with a term consistent with the expected life of our stock options. Based on historical volatility of the Company's common stock. Represents the period of time options are expected to be outstanding. The weighted-average expected option terms were determined based on historical experience. Refer to Note 13 to the Consolidated Financial Statements for additional information. Amounts represent sales from American Eagle and Aerie international retail stores, e-commerce sales that are billed to and/or shipped to foreign countries and international franchise royalty revenue. 7&$^G&J@([NY@AU3]$=T5TH.W4\]5)KEL([VYY?
