ContentsEVENTBRITE, INC. Notes to Unaudited Condensed Consolidated Financial Statements1. Overview and Basis of Presentation Description of Business Eventbrite, Inc. (Eventbrite or the Company) operates a two-sided marketplace that connects millions of creators and consumers every month to share their passions, artistry and causes through live experiences. Creators use the Company's highly-scalable

includes the face value of tickets sold on behalf of creators and their share of service charges, which amounts are to be remitted to the creators. Such amounts were \$26.2 million and \$44.2 million as of June 30, 2024 and December 31, 2023, respectively. 6. Accounts Receivable, Net Accounts receivable, net is comprised of invoiced amounts to customers who use a third-party facilitated payment processor (FPP) or our advertising services. In evaluating the Company's ability to collect outstanding receivable balances, the Company considers various factors including the age of the balance, the creditworthiness of the customer and the customer's current financial condition. Accounts receivable deemed uncollectible are charged against the allowance for credit losses when identified. Bad debt expense was immaterial in all of the periods presented in the condensed consolidated financial statements. The following table summarizes the Company's accounts receivable balance (in thousands):

June 30, 2024	December 31, 2023
Accounts receivable, net	\$6,018.4
Allowance for credit losses	(1,162)
Accounts receivable, net	\$4,856.4

7. Creator Signing Fees, Net Creator signing fees are incentives that are offered and paid by the Company to secure exclusive ticketing and payment processing rights with certain creators. Creator signing fees are presented net of reserves on the condensed consolidated balance sheet. The benefit the Company receives by securing exclusive ticketing and payment processing rights with certain creators from creator signing fees is inseparable from the customer relationship with the creators and accordingly the amortization of these fees is recorded as a reduction of revenue in the condensed consolidated statements of operations. As of June 30, 2024, the balance of creator signing fees, net is being amortized over a weighted-average remaining contract life of 2.6 years on a straight-line basis. The write-offs and other adjustments for the three and six months ended June 30, 2024 include a reserve release to reflect losses recovered from a litigation settlement in June 2024. The following table summarizes the activity in creator signing fees for the periods indicated (in thousands):

Three Months Ended June 30, 2024	Six Months Ended June 30, 2024	2023
Balance, beginning of period	\$1,933.4	\$1,948.4
Creator signing fees paid	\$1,937.4	\$1,748.4
Write-offs and other adjustments	2,798.4	849.4
Balance, end of period	\$1,544.4	\$2,569.4

8. Creator Advances, Net Creator advances are incentives that are offered by the Company which provide the creator with funds in advance of the event. Creator advances are presented net of reserves on the condensed consolidated balance sheet. These are subsequently recovered by withholding amounts due to the Company from the sale of tickets for the event until the creator payment has been fully recovered. The following table summarizes the activity in creator advances for the periods indicated (in thousands):

Three Months Ended June 30, 2024	Six Months Ended June 30, 2024	2023
Balance, beginning of period	\$5,626.4	\$5,844.4
Creator advances paid	\$687.4	\$1,004.4
Creator advances recouped	(432)	(115)
Write-offs and other adjustments	971.4	1,264.4
Balance, end of period	\$6,852.4	\$6,954.4

9. Accounts Payable, Creators Accounts payable, creators consists of unremit ticket sale proceeds, net of Eventbrite service fees and applicable taxes. Amounts are remitted to creators within five business days subsequent to the completion of the related event. Creators may apply to receive a portion of these proceeds prior to completion of their events. For qualified creators, the Company passes ticket sales proceeds to the creator prior to the event, subject to certain limitations. Internally, the Company refers to these payments as advance payouts. When an advance payout is made, the Company reduces its cash and cash equivalents with a corresponding decrease to its accounts payable, creators. As of June 30, 2024 and December 31, 2023, advance payouts outstanding was \$152.3 million and \$115.3 million, respectively. 10. Chargebacks and Refunds Reserve The terms of the Company's standard merchant agreement obligate creators to reimburse attendees who are entitled to refunds. The Company records estimates for refunds and chargebacks of its fees as contra-revenue. When the Company provides advance payouts, it assumes risk that the event may be canceled, fraudulent or materially not as described, resulting in significant chargebacks and refund requests. See Note 9, Accounts Payable, Creators. If the creator is insolvent, has spent the proceeds of the ticket sales for event-related costs, has canceled the event, or has engaged in fraudulent activity, the Company may not be able to recover its losses from these events, and such unrecoverable amounts could equal the value of the transaction or transactions settled to the creator prior to the event that is disputed, plus any associated chargeback fees not assumed by the creator. The Company records reserves for estimated advance payout losses as an operating expense classified within sales, marketing and support. Reserves are recorded based on the Company's assessment of various factors, including the amounts paid and outstanding to creators in conjunction with the advance payout program, macroeconomic conditions, and actual chargeback and refund activity trends. The chargebacks and refunds reserve was \$8.2 million and \$8.1 million, which primarily includes reserve balances for estimated advance payout losses of \$6.0 million and \$6.0 million, as of June 30, 2024 and December 31, 2023, respectively. The Company will adjust reserves in the future to reflect best estimates of future outcomes. The Company cannot predict the outcome of or estimate the possible recovery or range of recovery from these matters. It is possible that the reserve amount will not be sufficient and the Company's actual losses could be materially different from its current estimates. 12. Table of Contents 11. 14. Operating Leases The Company has operating leases primarily for office space. Operating lease right-of-use assets and operating lease liabilities are recognized at the lease commencement date based on the present value of the lease payments over the lease term. Right-of-use assets also include adjustments related to prepaid or deferred lease payments and lease incentives. In calculating the present value of the lease payments, the Company utilizes its incremental borrowing rate, as the rates implicit in the leases were not readily determinable. The incremental borrowing rate is estimated to approximate the interest rate on a collateralized basis with similar terms and payments, and in economic environments where the leased asset is located. The components of operating lease costs were as follows (in thousands):

Three Months Ended June 30, 2024	Six Months Ended June 30, 2024	2023

19. Fair Value Measurement The Company measures its financial assets and liabilities at fair value at each reporting date using a fair value hierarchy that requires the Company to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. A financial instrument's classification within the fair value hierarchy is based upon the lowest level of 14. Table of Contents input that is significant to the fair value measurement. Three levels of inputs may be used to measure fair value: Level 1 - Observable inputs that reflect quoted prices (unadjusted) for identical assets or liabilities in active markets; Level 2 - Other inputs that are directly or indirectly observable in the marketplace; Level 3 - Unobservable inputs that are supported by little or no market activity. The Company's cash equivalents, funds receivable, accounts receivable, accounts payable and other current liabilities approximate their fair value. All of the Company's financial assets and liabilities are Level 1, except for debt. See Note 15, Debt, for details regarding the fair value of the Company's Convertible Notes. 15. See Note 15, "Debt" for contractual obligations to settle commitments relating to the Convertible Notes and Note 12, "Leases" for operating leases for office space. Other than as described in Note 12 and Note 15, there were no material changes to the Company's contractual obligations from those disclosed in the 2023 Form 10-K. Litigation and Loss Contingencies In addition to the litigation discussed below, from time to time, the Company may become a party to litigation and subject to claims incident to the ordinary course of business, including intellectual property claims, labor and employment claims, breach of contract claims, tax and other matters. Future litigation may be necessary to defend the Company or its creators. The results of any current or future litigation cannot be predicted with certainty, and regardless of the outcome, litigation can have an adverse impact on the Company because of defense and settlement costs, diversion of management resources and other factors. The Company accrues estimates for resolution of legal and other contingencies when losses are probable and reasonably estimable. The Company's assessment of losses is re-evaluated each accounting period and is based on all available information, including impact of negotiations, settlements, rulings, advice of legal counsel and other information and events pertaining to each case. Nevertheless, it is possible that additional future legal costs including settlements, judgments, legal fees and other related defense costs could have a material adverse effect on the Company's business, consolidated financial position, results of operations or liquidity. The matter discussed below summarizes the Company's current significant ongoing pending litigation. Commercial Contract Litigation On June 18, 2020, the Company filed a Complaint in the United States District Court for the Northern District of California against M.R.G. Concerts Ltd. (MRG) and Matthew Gibbons (Gibbons), asserting claims for breach of contract, breach of the implied covenant of good faith and fair dealing, declaratory judgment, unfair competition and common counts under California law, arising out of MRG and Gibbons' termination of certain contracts with the Company and their refusal to make various payments to the Company required by those contracts. MRG asserted counterclaims against the Company for breach of one of the contracts in issue, as well as for breach of the implied covenant of good faith and fair dealing, unfair competition and declaratory judgment. A jury trial commenced on May 16, 2022. On May 23, 2022, the jury issued a verdict in Eventbrite's favor and awarded the Company \$11.0 million in damages. Defendants filed a motion seeking to reduce the verdict or hold a new trial, and the Company filed a motion for pre-judgment and post-judgment interest as well as to recover its attorneys' fees and costs of suit per the parties' contracts. On November 1, 2022, the District Court denied defendants' motion, granted the Company's motion, and entered an Amended Final Judgment in the Company's favor in the amount of \$14.9 million. MRG appealed in April 2023. On December 26, 2023, the Ninth Circuit Court of Appeals found in MRG's favor, vacating the judgment as to damages, reversing the District Court's decision denying remittitur, and remanding the case back to the District Court to enter an amended final judgment reducing damages by \$6.3 million and accompanying prejudgment interest. On April 16, 2024, the District Court entered the Amended Final Judgment in favor of Eventbrite in the amount of approximately \$7.6 million, with additional interest accruing per day. On June 28, 2024, MRG and Eventbrite executed an agreement for MRG to pay Eventbrite the settlement amount of \$8.3 million. The Company determined that the gain was realizable and recognized a loss recovery of \$4.4 million as a credit to general and administrative expenses and a gain of \$3.9 million to other income in relation to this verdict as of June 30, 2024. Tax Matters The Company is currently under audit in certain jurisdictions with regard to indirect tax matters. The Company establishes reserves for indirect tax matters when it determines that the likelihood of a loss is probable and the loss is reasonably estimable. Accordingly, the Company has established a reserve for the potential settlement of issues related to sales and other indirect taxes in the amount of \$0.8 million and \$1.1 million as of June 30, 2024 and December 31, 2023, respectively. These amounts, which represent management's best estimates of its potential liability, include potential interest and penalties of \$0.2 million and \$0.2 million as of June 30, 2024 and December 31, 2023, respectively. 16. Table of Contents The Company does not believe that any ultimate liability resulting from any of these matters will have a material adverse effect on its business, consolidated financial position, results of operations or liquidity. However, the outcome of these matters is inherently uncertain. Therefore, if one or more of these matters were resolved against the Company for amounts in excess of management's expectations, the Company's financial statements, including in a particular reporting period in which any such outcome becomes probable and estimable, could be materially adversely affected. Indemnification In the ordinary course of business, the Company enters into contractual arrangements under which the Company agrees to provide indemnification of varying scope and terms to business partners and other parties with respect to certain matters, including, but not limited to, losses arising out of the breach of such agreements, intellectual property infringement claims made by third parties, and other liabilities relating to or arising from the Company's online ticketing platform or the Company's acts or omissions. In these circumstances, payment may be conditional on the other party making a claim pursuant to the procedures specified in the particular contract. Further, the Company's obligations under these agreements may be limited in terms of time and/or amount, and in some instances, the Company may have recourse against third parties for certain payments. In addition, the Company has indemnification agreements with its directors and executive officers that require the Company, among other things, to indemnify them against certain liabilities that may arise by reason of their status or service as directors or officers. The terms of such obligations vary. 17. Stockholders' Equity Common Stock Repurchase On March 14, 2024, the Company announced that its Board of Directors approved a share repurchase program with authorization to purchase up to \$100.0 million of the Company's Class A common stock, which does not have an expiration date. During the six months ended June 30, 2024, the Company repurchased 6,787,969 shares of its Class A common stock for an aggregate amount of \$37.2 million, which includes amounts accrued for the 1% excise tax as a result of the Inflation Reduction Act of 2022. As of June 30, 2024, approximately \$63.0 million remained available and authorized for future repurchases. The volume and timing of any repurchases is subject to general market conditions, as well as management of capital, general business conditions, other investment opportunities and other factors. Shares may be repurchased through open market purchases, block trades, privately negotiated transactions, accelerated share repurchase

The differences in the tax provision for the periods presented and the U.S. federal statutory rate is rmarily due to foreign taxes in profitable jurisdictions and the recording of a full valuation allowance on our deferred tax assets in certain jurisdictions including the United States. The computation of the provision for income taxes for interim periods is determined by applying the estimated annual effective tax rate to year-to-date earnings from recurring operations and adjusting for discrete tax items recorded in the period. Our cash and cash equivalents include bank deposits, U.S. Treasury bills and money market funds held by financial institutions. Our short-term investment portfolio, which consists of U.S. Treasury bills, is designed to preserve principal and provide liquidity. Our funds receivable represents cash-in-transit from credit card processors that is received to our bank accounts within five business days of the underlying ticket transaction. As of JuneA 30, 2024, approximately 19% of our cash was held outside of the United States. We do not expect to incur significant taxes related to these amounts. The cash was held primarily to fund our foreign operations and on behalf of, and to be remitted to, creators. Collectively, our cash and cash equivalents balances represent a mix of cash that belongs to us and cash that is due to creators. The amounts due to creators, which were \$314.7 million as of JuneA 30, 2024, are captioned on our condensed consolidated balance sheets as accounts payable, creators. These ticketing proceeds are legally unrestricted, and we invest a portion of creator cash in U.S. Treasury bills with original maturities less than one year. For qualified creators, we pass ticket sales proceeds to the creator prior to the event, subject to certain limitations. Internally, we refer to these payments as advance payouts. When we provide advance payouts, we assume risk that the event may be canceled, fraudulent or materially not as described, resulting in significant chargebacks and refund requests. The terms of our standard merchant agreement obligate creators to repay us for ticket sales advanced under such circumstances. If the creator is insolvent, has spent the proceeds of the ticket sales for event-related costs, has canceled the event, or has engaged in fraudulent activity, we may not be able to recover our advance payout losses from these events. Such unrecoverable amounts could equal up to the value of the ticket sales or amounts settled to the creator prior to the event that has been postponed or canceled or is otherwise disputed. We record estimates for losses related to chargebacks and refunds based on various factors, including the amounts paid and outstanding to creators in conjunction with the advance payout program, macroeconomic conditions, and actual chargeback and refund activity trends. Due to the nature of macroeconomic events, including but not limited to shifts in consumer behavior, inflation, increased labor costs, and increased interest rates, there is a high degree of uncertainty around these reserves and our actual losses could be materially different from our current estimates. We will adjust our recorded reserves in the future to reflect our best estimates of future outcomes, and we may pay in cash a portion of, all of, or a greater amount than the \$8.2 million provision recorded as of JuneA 30, 2024.In June 2020, we issued the 2025 Notes, and in March 2021, we issued the 2026 Notes. The 2025 Notes mature on December 1, 2025 and the 2026 Notes mature on September 15, 2026. Under certain circumstances, holders may surrender their notes of a series for conversion prior to the applicable maturity date. Upon conversion, the notes may be settled in cash, shares of Class A common stock, or a combination of cash and shares of Class A common stock, at our election.On March 14, 2024, we announced that our Board of Directors approved a share repurchase program with authorization to purchase up to \$100.0A million of the CompanyA's Class A common stock, which does not have an expiration date. Through JuneA 30, 2024, we repurchased 6,787,969 shares of our Class A common stock for an aggregate amount of \$37.2 million. As of JuneA 30, 2024, approximately \$63.0 million remained available and authorized for future repurchases.We believe that our existing cash, together with cash generated from operations, will be sufficient to meet our anticipated cash needs for at least the next 12 months. However, our liquidity assumptions may prove to be incorrect, and we could exhaust our available financial resources sooner than we currently expect. Net cash used in investing activities of \$68.7 million for the six months ended JuneA 30, 2023 primarily consisted of \$150.6A million in purchases of short-term investments, offset by a \$85.5 million maturity of short-term investments. Cash Flows from Financing Activities Net cash used in financing activities of \$41.8 million during the six months ended JuneA 30, 2024 was primarily due to the \$36.5A million repurchase of our Class A common stock and \$5.8 million in taxes paid related to net share settlement of equity awards.Net cash used in financing activities of \$1.9 million during the six months ended JuneA 30, 2023 was primarily due to \$3.2 million in taxes paid related to net share settlement of equity awards, offset by \$0.7 million in proceeds from the exercise of stock options.Effect of exchange rate changes on cash, cash equivalents and restricted cash The effect of exchange rate changes on cash, cash equivalents and restricted cash on our condensed consolidated statements of cash flows relates to certain of our assets, primarily cash balances held on behalf of creators that are denominated in currencies other than the functional currency. These cash assets held for creators are directly offset by a corresponding liability to creators. During the six months ended June 30, 2024 and JuneA 30, 2023, we recorded a \$2.7 million and \$2.8 million increase in cash, cash equivalents and restricted cash, respectively, primarily due to the weakening of the U.S. dollar. The impact of the effect of exchange rate changes are primarily attributed to creator cash balances, which can serve as a natural hedge for the effect of exchange rates on accounts payable, creators presented within operating activities.Contractual Obligations and CommitmentsOur principal commitments consist of obligations under the Convertible Notes (including principal and coupon interest) and operating leases for office space, as well as non-cancellable purchase commitments. See Note 16, "Commitments and Contingencies" to our unaudited condensed consolidated financial statements included elsewhere in this Quarterly Report on Form 10-Q for additional information.Off-Balance Sheet Arrangements We do not currently have any off-balance sheet arrangements and did not have any such arrangements as of JuneA 30, 2024. Critical Accounting Policies and Estimates Our unaudited condensed consolidated financial statements are prepared in accordance with U.S. GAAP. The preparation of these unaudited condensed consolidated financial statements requires us to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenue and expenses, and related disclosures. Our estimates are based on historical experience and various other assumptions that we believe to be reasonable under the circumstances, and we evaluate our estimates and assumptions on an ongoing basis. We are not aware of any specific event or circumstance that would require an update to our estimates or assumptions or a revision of the carrying value of assets or liabilities as of the date of filing of this 29Table of ContentsQuarterly Report on Form 10-Q. These estimates and assumptions may change in the future, however, as new events occur and additional information is obtained. Our actual results could differ from these estimates.Our significant accounting policies are discussed in the "Notes to Consolidated Financial Statements, Note 2 "Significant Accounting Policies" in the 2023 Form 10-K. There have been no significant changes to these policies that have had a material impact on our unaudited condensed consolidated financial statements and related notes.30Table of ContentsItem 3. Quantitative and Qualitative Disclosures About Market RiskInterest Rate Sensitivity We are exposed to market risk for changes in interest rates related primarily to balances of our financial instruments including cash and cash equivalents and short-term investments. As of JuneA 30, 2024, we had cash and cash equivalents of \$575.5 million and short-term investments of \$56.7 million, which consisted primarily of money market funds and U.S. Treasury bills. The primary objective of our investment approach is to preserve capital principal and provide liquidity. Our primary exposure to market risk is interest income sensitivity, which is affected by changes in the general level of interest rates in the United States. A 10% change in the level of market interest rates would not have a material effect on our business, financial conditions or results of operations. In addition, our Convertible Notes are subject to fixed annual interest charges. These Convertible Notes therefore are not exposed to financial or economic risk associated with changes in interest rates. However, the fair value of these Convertible Notes may fluctuate when interest rates change or can be affected when the market price of our Class A common stock fluctuates. We carry the Convertible Notes at face value less unamortized issuance cost on our balance sheet, and we present the fair value for required disclosure purposes only.Foreign Currency Risk Many creators live or operate outside the United States, and therefore, we have significant ticket sales denominated in foreign currencies, most notably the British Pound, Euro, Canadian Dollar and Australian Dollar. Our international revenue, as well as costs and expenses denominated in foreign currencies, expose us to the risk of fluctuations in foreign currency exchange rates against the U.S. dollar. Accordingly, we are subject to foreign currency risk, which may adversely impact our financial results. The functional currency of our international subsidiaries is the U.S. dollar. Movements in foreign exchange rates are recorded in other income (expense), net in our consolidated statements of operations. We have experienced and will continue to experience fluctuations in foreign exchange gains and losses related to changes in exchange rates. If our foreign-currency denominated assets, liabilities, revenues or expenses increase, our results of operations may be more significantly impacted by fluctuations in the exchange rates of the currencies in which we do business. A 10% increase or decrease in individual currency exchange rates would not have a material impact on our consolidated results of operations.Item 4. Controls and ProceduresEvaluation of Disclosure Controls and ProceduresOur management, with the participation of the principal executive officer and principal financial officer, conducted an evaluation of the effectiveness of the design and operation of our disclosure controls and procedures, as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act, as of the end of the period covered by this report.Based on that evaluation, our principal executive officer and principal financial officer concluded that, as of JuneA 30, 2024, our disclosure controls and procedures were effective to provide reasonable assurance that the information required for disclosure in reports filed or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in SEC rules and forms, and that such information is accumulated and communicated to Company management, including our principal executive officer and principal financial officer, as appropriate, to allow timely decisions regarding required disclosures.Changes in Internal Control Over Financial ReportingThere have been no changes in our internal control over financial reporting, as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act, that occurred during the quarter ended JuneA 30, 2024 which have materially affected, or are reasonably likely to materially affect, our internal control

over financial reporting. Inherent Limitations on Effectiveness of Disclosure Controls and ProceduresIn designing and evaluating the disclosure controls and procedures and internal control over financial reporting, management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives. In addition, the design of disclosure controls and procedures and internal control over financial reporting must reflect the fact that there are resource constraints and that management is required to apply judgment in evaluating the benefits of possible controls and procedures relative to their costs.31Table of ContentsPART II. OTHER INFORMATIONItem 1. Legal ProceedingsSee Note 16, "Commitments and Contingencies" for our unaudited condensed consolidated financial statements included elsewhere in this Quarterly Report on Form 10-Q. Item 1A. Risk Factors There have been no material changes from the risk factors set forth in Part I, Item 1A, of our 2023 Form 10-K, except for the following risk factors which supplement the risk factors previously disclosed and should be considered in conjunction with the risk factors set forth in the 2023 Form 10-K. You should carefully consider the risks and uncertainties described in the 2023 Form 10-K, together with all of the other information in the 2023 Form 10-K and this Quarterly Report on Form 10-Q, including the section titled "Management's Discussion and Analysis of Financial Condition and Results of Operations" and our unaudited condensed consolidated financial statements and related notes, and other documents that we file with the U.S. Securities and Exchange Commission. The risks and uncertainties described in the 2023 Form 10-K and this Quarterly Report on Form 10-Q may not be the only ones we face. If any of the risks actually occur, our business, results of operations, financial condition and prospects could be harmed. In that event, the market price of our Class A common stock could decline, and you could lose part or all of your investment. Some creators rely on our third-party distribution partners, such as Meta, Bandaintown and TikTok to connect with and attract consumers and we depend on this network of distribution partners to reach consumers. Our platform enables the sale and distribution of event tickets through select third-party platforms, such as Meta, Bandaintown and TikTok. Creators are able to publicize their events and sell tickets through these third-party platforms, and these distribution partnerships enable consumers to discover Eventbrite events on other platforms where they spend time. This dynamic enables creators to reach more consumers and makes our platform more appealing to creators looking to grow their audiences. These third-party distribution partners have in the past, and may in the future, terminate their relationship with us, fail to maintain integrations, limit certain integration functionality, change their treatment of our services, restrict access to their platform by creators or consumers, or change their algorithms or consumer experience at any time, thereby impacting the business performance of Eventbrite and its creators. For example, in late 2023, Meta discontinued its Facebook native ticketing product. This means that consumers are no longer able to buy tickets to Eventbrite events directly on Facebook, rather they can continue buying Eventbrite tickets through a clickout experience. If any such third-party services become incompatible with our platform or the use of our platform and solutions on such third-party platforms are restricted in the future, our business may be harmed. In addition, to the extent that Google, or other leading large technology companies that have a significant presence in our key markets disintermediate ticketing or event management providers, whether by offering their own comprehensive event-focused or shopping capabilities, or by referring leads to suppliers, other favored partners or themselves directly, there could be harm to our business, financial condition and results of operations. We rely on the experience and expertise of our senior management team, key technical employees and other highly skilled personnel and the failure to retain, motivate or integrate any of these individuals could have an adverse effect on our business, financial condition and results of operations. Our success depends upon the continued service of our senior management team and key technical employees, as well as our ability to continue to attract and retain additional highly qualified personnel. Our future success depends on our continuing ability to identify, hire, develop, motivate, retain and integrate highly skilled personnel for all areas of our organization. Each of our employees could terminate his or her relationship with us at any time. The loss of any member of our senior management team or key personnel might significantly delay or prevent the achievement of our business objectives and could harm our business and our relationships. Competition in our industry for qualified employees is intense. To execute on our business strategy, we must attract and retain highly qualified personnel. We have had difficulty filling certain open positions in the past. We recently began implementing a reduction in force that eliminates approximately 11% of our workforce, and this action may hurt our employer brand and make it more difficult to hire employees in the future. We face significant competition for personnel, specifically for engineers experienced in designing and developing cloud-based platform products. Many of the companies with which we compete for experienced personnel have greater resources than we have, and we have had to offer, and believe we will need to continue to offer, increasingly competitive compensation and benefits packages. 32Table of ContentsIn addition, prospective and existing employees often consider the value of the equity awards they receive in connection with their employment. If there is limited upside to the value of our equity awards, it may adversely affect our ability to recruit and retain key employees, and some of our existing employees have option awards that are priced at below our current stock price. Further, we may need to increase our employee compensation levels in response to competition, labor market conditions, rising inflation or labor shortages, which would increase our operating expenses and reduce our margins. We may not be able to hire new employees quickly enough to meet our needs, including as a result of labor market shortages. New hires require training and take time before they achieve full productivity and may not become as productive as we expect. This may be more difficult given our shift to a flexible work from home model. If we fail to effectively manage our hiring needs or successfully integrate new hires, our efficiency and ability to meet forecasts, as well as our employee morale, productivity and retention, could suffer, which may harm our business, financial condition and results of operations. We cannot guarantee that our share repurchase program will be utilized to the full value approved or that it will enhance long-term stockholder value. Our board of directors has authorized management to repurchase shares of our Class A common stock at management's discretion. Share repurchases may be made through a variety of methods, which may include open market purchases, privately negotiated transactions, block trades or accelerated share repurchase transactions or by any combination of such methods. Any such repurchases will be made from time to time subject to market and economic conditions, applicable legal requirements and other relevant factors. The manner, timing and amount of any share repurchases may fluctuate and will be determined by us based on a variety of factors, including the market price of our Class A common stock, our priorities for the use of cash to support our business operations and plans, general business and market conditions, tax laws, and alternative investment opportunities, all of which may be further impacted by macroeconomic conditions and factors, including rising interest rates, and inflation, global conflicts, and public health crises. Our share repurchase program authorization does not have an expiration date nor does it obligate us to acquire any specific number or dollar value of shares. Our share repurchase programs may be modified, suspended or terminated at any time, which may result in a decrease in the trading prices of our Class A common stock. Additionally, the Inflation Reduction Act of 2022 introduced a 1% excise tax on share repurchases, which increases the costs associated with repurchasing shares of our Class A common stock. Even if our share repurchase program is fully implemented, it may not enhance long-term stockholder value or may not prove to be the best use of our cash. Share repurchases could have an impact on our share trading prices, increase the volatility of the price of our Class A common stock, or reduce our available cash balance such that we will be required to seek financing to support our operations. 33Table of ContentsItem 2. (the "Company") hereby grants an award of the number of Performance Stock Units listed above (the "Award," the "Performance Stock Units" or the "PSUs") to the Grantee named above. Each vested Performance Stock Unit represents the contingent right to receive, in accordance with this Agreement attached and the Vesting Schedule attached hereto as Exhibit A (together, the "Agreement"), up to two shares of Class A Common Stock, par value \$0.00001 per share (the "Stock") of the Company. 1. Restrictions on Transfer of Award. This Award may not be sold, transferred, pledged, assigned or otherwise encumbered or disposed of by the Grantee, and any shares of Stock issuable with respect to the Award may not be sold, transferred, pledged, assigned or otherwise encumbered or disposed of until (i) the Performance Stock Units have vested as provided in Paragraph 2 of this Agreement and (ii) shares of Stock have been issued to the Grantee in accordance with the terms of the Plan and this Agreement. 2. Vesting and Expiration of Performance Stock Units. The PSUs shall vest on December 31, 2026, in the event the Grantee does not incur a termination of service with the Company and its Subsidiaries prior to such date or except as otherwise set forth on Exhibit A (the "Vesting Date"). The number of shares of Stock to be issued in respect of the PSUs that vest shall be determined by the Administrator by multiplying the number of PSUs times the Average Achievement Factor (as defined in Exhibit A). For the avoidance of doubt, in the event the Average Achievement Factor equals zero, no shares of Stock will be issued in respect of the PSUs and all PSUs shall terminate for no consideration on the Determination Date (as defined in Exhibit A). Any PSUs that are unvested as of the date Grantee incurs a termination of service with the Company and its Subsidiaries (after giving effect to any accelerated vesting as set forth on Exhibit A) shall thereupon terminate for no consideration. The Administrator may at any time accelerate the vesting schedule set forth on Exhibit A. The maximum number of shares of Stock that may be issued in settlement of the PSUs is 12.1 This should be the Total Target Number of PSUs. 2 To equal 2 times the Total Target Number of PSUs. 13. Termination of Service. The Performance Stock Units shall terminate as set forth in Exhibit A. 4. Issuance of Shares of Stock. As soon as practicable following the vesting of the Performance Stock Units pursuant to Exhibit A (but in no event later than two and one-half months after the end of the year in which the Vesting Date occurs), the Company shall issue to the Grantee the number of shares of Stock based on the aggregate number of Performance Stock Units that have vested pursuant to Exhibit A and the Grantee shall thereafter have all the rights of a stockholder of the Company with respect to such shares. 5. Incorporation of Plan. Notwithstanding anything herein to the contrary, this Agreement shall be subject to and governed by all the terms and conditions of the Plan, including the powers of the Administrator set forth in Section 2(b) of the Plan. Capitalized terms in this Agreement shall have the meaning specified in the Plan, unless a different meaning is specified herein. 6. Tax Withholding. (a) The Grantee acknowledges that, regardless of any action taken by the Company or, if different, any Subsidiary employing or retaining the Grantee (the "Employer"), the ultimate liability for all income tax, social insurance, payroll tax, fringe benefits tax, payment on account or other tax related items related to the Grantee's participation in the Plan and legally applicable to the Grantee (the "Tax-Related Items"), is and remains the Grantee's responsibility and may exceed the amount, if any, actually withheld by the Company or the Employer. The Grantee further acknowledges that the Company and/or the Employer (i) make no representations or undertakings regarding the treatment of any Tax-Related Items in connection with any aspect of the Performance Stock Units, including, but not limited to, the grant, vesting or settlement of the Performance Stock Units, the subsequent sale of shares of Stock acquired pursuant to such settlement and the receipt of any dividends and/or Dividend Equivalent Rights; and (ii) do not commit to and are under no obligation to structure the terms of the grant or any aspect of the Performance Stock Units to reduce or eliminate the Grantee's liability for Tax-Related Items or achieve any particular tax result. Further, if the Grantee is subject to Tax-Related Items in more than one jurisdiction, the Grantee acknowledges that the Company and/or the Employer (or former employer, as applicable) may be required to withhold or account for Tax-Related Items in more than one jurisdiction. (b) Prior to any relevant taxable or tax withholding event, as applicable, the Grantee agrees to make adequate arrangements satisfactory to the Company and/or the Employer to satisfy all Tax-Related Items. In this regard, the Grantee authorizes the Company and/or the Employer, or their respective agents, at their discretion, to satisfy any applicable withholding obligations with regard to all Tax-Related Items by one or a combination of the following: (i) withholding from the Grantee's wages or other cash compensation paid to the Grantee by the Company and/or the Employer; (ii) withholding from proceeds of the sale of shares of Stock acquired upon settlement of the Performance Stock Units either through a voluntary sale or through a mandatory sale arranged by the Company (on the Grantee's behalf pursuant to this 2 authorization); (iii) withholding from shares of Stock to be issued to the Grantee upon settlement of the Performance Stock Units, provided, however, that if the Grantee is a Section 16 officer of the Company under the Exchange Act, then the Company will withhold in shares of Stock upon the relevant taxable or tax withholding event, as applicable, unless the use of such withholding method is problematic under applicable tax or securities law or has materially adverse accounting consequences, in which case, the obligation for Tax-Related Items may be satisfied by one or a combination of methods (i) and (ii) above; or (iv) any other method of withholding determined by the Company and permitted by applicable law. (c) Depending on the withholding method, the Company and/or the Employer may withhold or account for Tax-Related Items by considering applicable minimum statutory withholding amounts or other applicable withholding rates, including maximum applicable rates in the Grantee's jurisdiction(s), in which case the Grantee may receive a refund of any over-withheld amount in cash and will have no entitlement to the equivalent amount in shares of Stock. If the obligation for Tax-Related Items is satisfied by withholding in shares of Stock, for tax purposes, the Grantee is deemed to have been issued the full number of shares of Stock subject to the vested Performance Stock Units, notwithstanding that a number of the shares of Stock are held back solely for the purpose of paying the Tax-Related Items. (d) The Grantee agrees to pay to the Company or the Employer any amount of Tax-Related Items that the Company or the Employer may be required to withhold or account for as a result of the Grantee's participation in the Plan that cannot be satisfied by the means previously described. The Company may refuse to issue or deliver the shares of Stock, or the proceeds of the sale of shares of Stock, if the Grantee fails to comply with his or her obligations in connection with the Tax-Related Items. 7. Section 409A of the Code. This Agreement shall be interpreted in such a manner that all provisions relating to the settlement of the Award are exempt from the requirements of Section 409A of the Code as if such short-term deferrals as described in Section 409A of the Code. 8. No Obligation to Continue Employment. The grant of the Performance Stock Units shall not be interpreted as forming or amending an employment contract with the Company or any Subsidiary (including the Employer), and shall not be construed as giving the Grantee the right to be retained in the employ of, or to continue providing

services to, the Company or any Subsidiary (including the Employer). Neither the Plan nor this Agreement shall interfere in any way with the right of the Company or any Subsidiary to terminate the employment of the Grantee at any time.9.Integration. This Agreement constitutes the entire agreement between the parties with respect to this Award and supersedes all prior agreements and discussions between the parties concerning such subject matter.10.Notices. Notices hereunder shall be mailed or delivered to the Company at its principal place of business and shall be mailed or delivered to the Grantee at the address on file 3with the Company or, in either case, at such other address as one party may subsequently furnish to the other party in writing.11.Modifications and Waivers. No provision of this Agreement shall be modified, waived or discharged unless the modification, waiver or discharge is agreed to in writing and signed by the Grantee and by an authorized officer of the Company (other than the Grantee). No waiver by either party of any breach of, or of compliance with, any condition or provision of this Agreement by the other party shall be considered a waiver of any other condition or provision or of the same condition or provision at another time.12.Choice of Law. This Agreement shall be governed by, and construed in accordance with, the laws of the State of Delaware, as such laws are applied to contracts entered into and performed in such State, without regard to such state's conflict of laws provisions.13.Venue. Unless the Grantee and the Company and/or the Employer have agreed otherwise in a separate written alternative dispute resolution agreement, for purposes of litigating any dispute that arises directly or indirectly from the relationship of the parties evidenced by the Performance Stock Units or this Agreement, the parties hereby submit to and consent to the exclusive jurisdiction of the State of California and agree that such litigation shall be conducted only in the courts of San Francisco County, California, or the federal courts for the United States for the Northern District of California, where this grant is made and/or to be performed, and no other courts.14.Severability. The provisions of this Agreement are severable and if any one or more provisions are determined to be illegal or otherwise unenforceable, in whole or in part, the remaining provisions shall nevertheless be binding and enforceable.15.Imposition of Other Requirements. The Company reserves the right to impose other requirements on the Performance Stock Units and the shares of Stock acquired upon settlement of the Performance Stock Units, to the extent the Company determines it is necessary or advisable for legal or administrative reasons, and to require the Grantee to accept any additional agreements or undertakings that may be necessary to accomplish the foregoing.16.Electronic Delivery and Acceptance of Documents. The Grantee agrees to accept by email all documents relating to the Company, the Plan or these Performance Stock Units and all other documents that the Company is required to deliver to its security holders (including, without limitation, disclosures that may be required by the U.S. Securities and Exchange Commission). The Grantee also agrees that the Company may deliver these documents by posting them on a website maintained by the Company or by a third party under contract with the Company. The Grantee hereby consents to receive such documents by electronic delivery and agrees to participate in the Plan through the electronic acceptance procedure established and maintained by the Company or a third party designated by the Company. If the Company posts these documents on a website, it shall notify the Grantee by email of their availability. The Grantee acknowledges that he or she may incur costs in connection with electronic delivery, including the cost of accessing the internet and printing fees, and that an interruption of internet 4access may interfere with his or her ability to access the documents. This consent shall remain in effect until the Performance Stock Units expire or until the Grantee gives the Company written notice that it should deliver paper documents.17. Insider Trading Restrictions / Market Abuse Laws. By accepting the Performance Stock Units, the Grantee acknowledges that he or she is bound by all the terms and conditions of the Company's insider trading policy as may be in effect from time to time. The Grantee further acknowledges that, depending on the Grantee's or his or her broker's country of residence or where the shares of Stock are listed, he or she may be subject to insider trading restrictions and/or market abuse laws which may affect the Grantee's ability to accept, acquire, sell or otherwise dispose of shares of Stock, rights to shares of Stock (e.g., Performance Stock Units) or rights linked to the value of shares of Stock under the Plan during such times as the Grantee is considered to have inside information regarding the Company (as defined by the laws in the applicable jurisdictions). Local insider trading laws and regulations may prohibit the cancellation or amendment of orders the Grantee placed before the Grantee possessed inside information. Furthermore, the Grantee could be prohibited from (i) disclosing the inside information to any third party, which may include fellow employees and (ii) tipping third parties or causing them otherwise to buy or sell securities. Any restrictions under these laws or regulations are separate from and in addition to any restrictions that may be imposed under the Company's insider trading policy as may be in effect from time to time. The Grantee acknowledges that it is the Grantee's responsibility to comply with any applicable restrictions, and the Grantee should speak to his or her personal advisor on this matter.5The foregoing Agreement is hereby accepted and the terms and conditions thereof hereby agreed to by the undersigned. Electronic acceptance of this Agreement pursuant to the Company's instructions to the Grantee (including through an online acceptance process) is acceptable. Overview and Basis of Presentation	Overview and Basis of Presentation
Presentation	Description of Business

Eventbrite, Inc. (Eventbrite or the Company) operates a two-sided marketplace that connects millions of creators and consumers every month to share their passions, artistry and causes through live experiences. Creators use the Company's highly-scalable self-service ticketing and marketing tools to plan, promote and sell tickets to their events and event seekers use the Company's website and mobile application to discover and purchase tickets to experiences they love.

Basis of Presentation

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) and the applicable rules and regulations of the Securities and Exchange Commission (SEC) for interim financial information. Accordingly, they do not include all of the information and footnotes required by U.S. GAAP for complete financial statements.

The accompanying unaudited condensed consolidated financial statements have been prepared on the same basis as the audited consolidated financial statements and, in the opinion of management, reflect all adjustments of a normal and recurring nature considered necessary to state fairly the Company's consolidated financial position, results of operations and cash flows for the interim periods. The condensed consolidated balance sheet at December 31, 2023 has been derived from audited consolidated financial statements as of that date. All intercompany transactions and balances have been eliminated. The interim results for the three and six months ended June 30, 2024 are not necessarily indicative of the results that may be expected for the year ending December 31, 2024 or for any other future annual or interim period.

The information included in this Quarterly Report on Form 10-Q should be read in conjunction with "Management's Discussion and Analysis of Financial Condition and Results of Operations," "Quantitative and Qualitative Disclosures About Market Risk" and the Consolidated Financial Statements and notes thereto included in Items 7, 7A and 8, respectively, in the Company's Annual Report on Form 10-K for the year ended December 31, 2023 (2023 Form 10-K).

Reclassifications

Certain reclassifications may have been made to the Company's prior year's condensed consolidated financial statements to conform to the Company's current year presentation. These reclassifications had no effect on the Company's previously reported loss before income taxes.

Significant Accounting Policies

There have been no changes to the Company's significant accounting policies described in the 2023 Form 10-K that have had a material impact on the Company's unaudited condensed consolidated financial statements and related notes.

Use of Estimates

In order to conform with U.S. GAAP, the Company is required to make certain estimates, judgments and assumptions when preparing its condensed consolidated financial statements. These estimates, judgments and assumptions affect the reported assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, as well as the reported amounts of revenue and expenses during the reported periods. These estimates include, but are not limited to, the recoverability of creator signing fees and creator advances, chargebacks and refunds reserve, certain assumptions used in the valuation of equity awards, assumptions used in determining the fair value of business combinations, the allowance for credit losses, and indirect tax reserves. The Company evaluates these estimates on an ongoing basis. Actual results could differ from those estimates and such differences could be material to the Company's condensed consolidated financial statements.

Comprehensive Income (Loss)

For all periods presented, comprehensive income (loss) equaled net income (loss). Therefore, the condensed consolidated statements of comprehensive income (loss) have been omitted from the unaudited condensed consolidated financial statements.

Segment Information

The Company's Chief Executive Officer (CEO) is the chief operating decision maker. The Company's CEO reviews discrete financial information presented on a consolidated basis for purposes of allocating resources and evaluating the Company's financial performance. Accordingly, the Company has determined that it operates as a single operating segment and has one reportable segment.

Revenue Recognition

[Revenue from Contract with Customer \[Abstract\]](#)
[Revenue Recognition](#)

**6 Months Ended
Jun. 30, 2024**

Revenue Recognition

The Company derives its revenues from a mix of marketplace activities. Revenue is primarily derived from ticketing fees and payment processing fees. The Company also derives a portion of revenues from organizer fees and advertising services. The Company's customers are event creators who use the Company's platform to sell tickets and market events to consumers. Revenue is recognized when or as control of the promised goods or services is transferred to customers, in an amount that reflects the consideration the Company expects to receive in exchange for those goods or services.

Ticketing Revenue

For ticketing services, the Company's service provides a platform to the event creator and consumer to transact. The Company's performance obligation is to facilitate and process that transaction and issue the ticket, and ticketing revenue is recognized by the Company when the ticket is sold. The amount that the Company earns for its ticketing services is fixed which typically consists of a flat fee and a percentage-based fee per ticket. As a result, the Company records ticketing revenue on a net basis related to its ticketing service fees.

For payment processing services, the Company provides the event creator with the choice of whether to use Eventbrite Payment Processing (EPP) or to use a third-party payment processor, referred to as Facilitated Payment Processing (FPP).

Under the EPP option, the Company is the merchant of record and is responsible for processing the transaction and collecting the face value of the ticket and all associated fees at the time the ticket is sold. The Company is also responsible for remitting these amounts collected, less the Company's fees, to the event creator. For EPP services, the Company determined that it is the principal in providing the service as the Company is responsible for fulfilling the promise to process the payment and has discretion in establishing the price of its service. As a result, the Company records revenue on a gross basis related to its EPP service fees. Costs incurred for processing the ticketing transactions are included in cost of net revenues in the condensed consolidated statements of operations. Under the FPP option, the Company is not responsible for processing the transaction or collecting the face value of the ticket and associated fees. In this case, the Company records revenue on a net basis related to its FPP service fees.

Revenue is presented net of indirect taxes, customer refunds, payment chargebacks, estimated uncollectible amounts, creator royalties and amortization of creator signing fees. As part of its commercial agreements, the Company offers upfront payments to qualifying creators entering into new or renewed ticketing arrangements in order to incentivize them to organize certain events on the Company's platform or obtain exclusive rights to ticket their events.

If an event is canceled by a creator, then any obligations to provide refunds to event attendees are the responsibility of that creator. If a creator is unwilling or unable to fulfill their refund obligations, the Company may, at its discretion, provide attendee refunds.

Advertising Revenue

Advertising revenue represents services that enable creators to promote featured content on the Eventbrite platform or mobile application. The Company considers that it satisfies its performance obligation as it provides the services to customers and recognizes revenue as advertising impressions are displayed to consumers.

Organizer Fee Revenue

In the second quarter of 2023, the Company expanded access to its comprehensive suite of event marketing tools to all creators and introduced new pricing plans and subscription packages to creators when publishing events on the Eventbrite marketplace. Under the new pricing plans, the Company charges an organizer fee under two plan options.

The Flex plan is charged per event. The Company considers that it satisfies its performance obligation as it provides services to creators to publish their event on the Eventbrite marketplace and recognizes revenue, based on the ticket capacity selected, at that point-in-time. The Pro plan is a monthly or annual subscription to publish unlimited events. The Company considers that it satisfies its performance obligation as it provides the subscribed services under the plan and recognizes revenue ratably over the subscription period. Organizer fees are nonrefundable.

Creator Signing Fees, Net

Creator signing fees are incentives that are offered and paid by the Company to secure exclusive ticketing and payment processing rights with certain creators. Creator signing fees are presented net of reserves on the condensed consolidated balance sheet. The benefit the Company receives by securing exclusive ticketing and payment processing rights with certain creators from creator signing fees is inseparable from the customer relationship with the creators and accordingly the amortization of these fees is recorded as a reduction of revenue in the condensed consolidated statements of operations.

As of June 30, 2024, the balance of creator signing fees, net is being amortized over a weighted-average remaining contract life of 2.6 years on a straight-line basis. The write-offs and other adjustments for the three and six months ended June 30, 2024 include a reserve release to reflect losses recovered from a litigation settlement in June 2024. The following table summarizes the activity in creator signing fees for the periods indicated (in thousands):

Cash, Cash Equivalents and Restricted Cash

The Company considers all highly liquid financial instruments, including bank deposits, money market funds and U.S. Treasury securities with an original maturity of three months or less at the date of purchase to be cash equivalents. Due to the short-term nature of the instruments, the carrying amounts reported in the condensed consolidated balance sheets approximate their fair value.

Cash and cash equivalents balances include the face value of tickets sold on behalf of creators and their share of service charges, which are to be remitted to the creators. Such balances were \$288.5 million and \$259.2 million as of June 30, 2024 and December 31, 2023, respectively. These ticketing proceeds are legally unrestricted, and the Company invests a portion of ticketing proceeds in U.S. Treasury bills with original maturities less than one year. These amounts due to creators are included in accounts payable, creators on the condensed consolidated balance sheets.

During 2023, the Company issued letters of credit relating to contracts entered into with other parties under lease agreements and other agreements which were collateralized with cash. This cash was classified as noncurrent restricted cash on the condensed consolidated balance sheets. The following table provides a reconciliation of cash and cash equivalents and restricted cash reported within the condensed consolidated balance sheets that sum to the total of the same amounts shown in the condensed consolidated statements of cash flows (in thousands):

Short-term Investments

6 Months Ended Jun. 30, 2024

Short-term Investments

The Company invests certain of its excess cash in short-term debt instruments which consist of U.S. Treasury bills with original maturities less than one year. All short-term investments are classified as held-to-maturity and are recorded and held at amortized cost. Investments are considered to be impaired when a decline in fair value is deemed to be other-than-temporary. Once a decline in fair value is determined to be other-than-temporary, the carrying value of an instrument is adjusted to its fair value on a non-recurring basis. No such fair value impairment was recognized during the six months ended June 30, 2024 or year ended December 31, 2023.

The following tables summarize the Company's financial instruments that were measured at fair value on a non-recurring basis (in thousands):

Funds Receivable

6 Months Ended Jun. 30, 2024

Funds ReceivableFunds receivable represents cash-in-transit from third-party payment processors that is received by the Company within approximately five business days from the date of the underlying ticketing transaction. For periods ending on a weekend or a bank holiday, the funds receivable balance will typically be higher than for periods ending on a weekday, as the Company settles payment processing activity on business days. The funds receivable balance includes the face value of tickets sold on behalf of creators and their share of service charges, which amounts are to be remitted to the creators. Such amounts were \$26.2 million and \$44.2 million as of June 30, 2024 and December 31, 2023, respectively.

Accounts Receivable, Net

Accounts receivable, net is comprised of invoiced amounts to customers who use a third-party facilitated payment processor (FPP) or our advertising services. In evaluating the Company's ability to collect outstanding receivable balances, the Company considers various factors including the age of the balance, the creditworthiness of the customer and the customer's current financial condition. Accounts receivable deemed uncollectible are charged against the allowance for credit losses when identified. Bad debt expense was immaterial in all of the periods presented in the condensed consolidated financial statements. Revenue from Contract with Customer [Abstract]

Creator Signing Fees, Net

6 Months Ended Jun. 30, 2024

Revenue Recognition

The Company derives its revenues from a mix of marketplace activities. Revenue is primarily derived from ticketing fees and payment processing fees. The Company also derives a portion of revenues from organizer fees and advertising services. The Company's customers are event creators who use the Company's platform to sell tickets and market events to consumers. Revenue is recognized when or as control of the promised goods or services is transferred to customers, in an amount that reflects the consideration the Company expects to receive in exchange for those goods or services.

Ticketing Revenue

For ticketing services, the Company's service provides a platform to the event creator and consumer to transact. The Company's performance obligation is to facilitate and process that transaction and issue the ticket, and ticketing revenue is recognized by the Company when the ticket is sold. The amount that the Company earns for its ticketing services is fixed which typically consists of a flat fee and a percentage-based fee per ticket. As a result, the Company records ticketing revenue on a net basis related to its ticketing service fees.

For payment processing services, the Company provides the event creator with the choice of whether to use Eventbrite Payment Processing (EPP) or to use a third-party payment processor, referred to as Facilitated Payment Processing (FPP).

Under the EPP option, the Company is the merchant of record and is responsible for processing the transaction and collecting the face value of the ticket and all associated fees at the time the ticket is sold. The Company is also responsible for remitting these amounts collected, less the Company's fees, to the event creator. For EPP services, the Company determined that it is the principal in providing the service as the Company is responsible for fulfilling the promise to process the payment and has discretion in establishing the price of its service. As a result, the Company records revenue on a gross basis related to its EPP service fees. Costs incurred for processing the ticketing transactions are included in cost of net revenues in the condensed consolidated statements of operations. Under the FPP option, the Company is not responsible for processing the transaction or collecting the face value of the ticket and associated fees. In this case, the Company records revenue on a net basis related to its FPP service fees.

Revenue is presented net of indirect taxes, customer refunds, payment chargebacks, estimated uncollectible amounts, creator royalties and amortization of creator signing fees. As part of its commercial agreements, the Company offers upfront payments to qualifying creators entering into new or renewed ticketing arrangements in order to incentivize them to organize certain events on the Company's platform or obtain exclusive rights to ticket their events.

If an event is canceled by a creator, then any obligations to provide refunds to event attendees are the responsibility of that creator. If a creator is unwilling or unable to fulfill their refund obligations, the Company may, at its discretion, provide attendee refunds.

Advertising Revenue

Advertising revenue represents services that enable creators to promote featured content on the Eventbrite platform or mobile application. The Company considers that it satisfies its performance obligation as it provides the services to customers and recognizes revenue as advertising impressions are displayed to consumers.

Organizer Fee Revenue

In the second quarter of 2023, the Company expanded access to its comprehensive suite of event marketing tools to all creators and introduced new pricing plans and subscription packages to creators when publishing events on the Eventbrite marketplace. Under the new pricing plans, the Company charges an organizer fee under two plan options.

The Flex plan is charged per event. The Company considers that it satisfies its performance obligation as it provides services to creators to publish their event on the Eventbrite marketplace and recognizes revenue, based on the ticket capacity selected, at that point-in-time. The Pro plan is a monthly or annual subscription to publish unlimited events. The Company considers that it satisfies its performance obligation as it provides the subscribed services under the plan and recognizes revenue ratably over the subscription period. Organizer fees are nonrefundable.

Creator Signing Fees, Net

Creator signing fees are incentives that are offered and paid by the Company to secure exclusive ticketing and payment processing rights with certain creators. Creator signing fees are presented net of reserves on the condensed consolidated balance sheet. The benefit the Company receives by securing exclusive ticketing and payment processing rights with certain creators from creator signing fees is inseparable from the customer relationship with the creators and accordingly the amortization of these fees is recorded as a reduction of revenue in the condensed consolidated statements of operations.

As of June 30, 2024, the balance of creator signing fees, net is being amortized over a weighted-average remaining contract life of 2.6 years on a straight-line basis. The write-offs and other adjustments for the three and six months ended June 30, 2024 include a reserve release to reflect losses recovered from a litigation settlement in June 2024. Creator Advances, Net

Creator advances are incentives that are offered by the Company which provide the creator with funds in advance of the event. Creator advances are presented net of reserves on the condensed consolidated balance sheet. Accounts Payable, Creators

Accounts Payable, Creators

Accounts payable, creators consists of unremitted ticket sale proceeds, net of Eventbrite service fees and applicable taxes. Amounts are remitted to creators within five business days subsequent to the completion of the related event. Creators may apply to receive a portion of these proceeds prior to completion of their events.

For qualified creators, the Company passes ticket sales proceeds to the creator prior to the event, subject to certain limitations. Internally, the Company refers to these payments as advance payouts. When an advance payout is made, the Company reduces its cash and cash equivalents with a corresponding decrease to its accounts payable, creators. As of June 30, 2024 and December 31, 2023, advance payouts outstanding was \$152.3 million and \$115.3 million, respectively.

Chargebacks and Refunds Reserve

Revenue from Contract with Customer [Abstract]
Chargebacks and Refunds Reserve

Chargebacks and Refunds Reserve

The terms of the Company's standard merchant agreement obligate creators to reimburse attendees who are entitled to refunds. The Company records estimates for refunds and chargebacks of its fees as contra-revenue. When the Company provides advance payouts, it assumes risk that the event may be canceled, fraudulent or materially not as described, resulting in significant chargebacks and refund requests. See Note 9, "Accounts Payable, Creators." If the creator is insolvent, has spent the proceeds of the ticket sales for event-related costs, has canceled the event, or has engaged in fraudulent activity, the Company may not be able to recover its losses from these events, and such unrecoverable amounts could equal the value of the transaction or transactions settled to the creator prior to the event that is disputed, plus any associated chargeback fees not assumed by the creator. The Company records reserves for estimated advance payout losses as an operating expense classified within sales, marketing and support.

Reserves are recorded based on the Company's assessment of various factors, including the amounts paid and outstanding to creators in conjunction with the advance payout program, macroeconomic conditions, and actual chargeback and refund activity trends. The chargebacks and refunds reserve was \$8.2 million and \$8.1 million, which primarily includes reserve balances for estimated advance payout losses of \$6.0 million and \$6.0 million, as of June 30, 2024 and December 31, 2023, respectively.

The Company will adjust reserves in the future to reflect best estimates of future outcomes. The Company cannot predict the outcome of or estimate the possible recovery or range of recovery from these matters. It is possible that the reserve amount will not be sufficient and the Company's actual losses could be materially different from its current estimates.

Operating Leases

The Company has operating leases primarily for office space. Operating lease right-of-use assets and operating lease liabilities are recognized at the lease commencement date based on the present value of the lease payments over the lease term. Right-of-use assets also include adjustments related to prepaid or deferred lease payments and lease incentives. In calculating the present value of the lease payments, the Company utilizes its incremental borrowing rate, as the rates implicit in the leases were not readily determinable. The incremental borrowing rate is estimated to approximate the interest rate on a collateralized basis with similar terms and payments, and in economic environments where the leased asset is located.

The components of operating lease costs were as follows (in thousands):

Fair Value Measurement

[Fair Value Disclosures \[Abstract\]](#)
[Fair Value Measurement](#)

Fair Value Measurement

The Company measures its financial assets and liabilities at fair value at each reporting date using a fair value hierarchy that requires the Company to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. A financial instrument’s classification within the fair value hierarchy is based upon the lowest level of

input that is significant to the fair value measurement. Three levels of inputs may be used to measure fair value:

Level 1 – Observable inputs that reflect quoted prices (unadjusted) for identical assets or liabilities in active markets.

Level 2 – Other inputs that are directly or indirectly observable in the marketplace.

Level 3 – Unobservable inputs that are supported by little or no market activity.

The Company’s cash equivalents, funds receivable, accounts receivable, accounts payable and other current liabilities approximate their fair value. All of the Company’s financial assets and liabilities are Level 1, except for debt. See Note 15, “Debt,” for details regarding the fair value of the Company’s Convertible Notes.

Commitments and Contingencies

[Commitments and Contingencies Disclosure \[Abstract\]](#)
[Commitments and Contingencies](#)

Commitments and Contingencies

The Company’s principal commitments consist of obligations under the Convertible Notes (including principal and coupon interest); and operating leases for office space, as well as non-cancellable purchase commitments. See Note 15, “Debt” for contractual obligations to settle commitments relating to the Convertible Notes and Note 12, “Leases” for operating leases for office space.

Other than as described in Note 12 and Note 15, there were no material changes to the Company’s contractual obligations from those disclosed in the 2023 Form 10-K.

Litigation and Loss Contingencies

In addition to the litigation discussed below, from time to time, the Company may become a party to litigation and subject to claims incident to the ordinary course of business, including intellectual property claims, labor and employment claims, breach of contract claims, tax and other matters. Future litigation may be necessary to defend the Company or its creators.

The results of any current or future litigation cannot be predicted with certainty, and regardless of the outcome, litigation can have an adverse impact on the Company because of defense and settlement costs, diversion of management resources and other factors.

The Company accrues estimates for resolution of legal and other contingencies when losses are probable and reasonably estimable. The Company’s assessment of losses is re-evaluated each accounting period and is based on all available information, including input of negotiations, settlements, rulings, advice of legal counsel and other information and events pertaining to each case. Nevertheless, it is possible that additional future legal costs including settlements, judgments, legal fees and other related defense costs could have a material adverse effect on the Company’s business, consolidated financial position, results of operations or liquidity.

The matter discussed below summarizes the Company’s current significant ongoing pending litigation.

Commercial Contract Litigation

On June 18, 2020, the Company filed a Complaint in the United States District Court for the Northern District of California against M.R.G. Concerts Ltd. (MRG) and Matthew Gibbons (Gibbons), asserting claims for breach of contract, breach of the implied covenant of good faith and fair dealing, declaratory judgment, unfair competition and common counts under California law, arising out of MRG and Gibbons’ termination of certain contracts with the Company and their refusal to make various payments to the Company required by those contracts. MRG asserted counterclaims against the Company for breach of one of the contracts in issue, as well as for breach of the implied covenant of good faith and fair dealing, unfair competition and declaratory judgment. A jury trial commenced on May 16, 2022. On May 23, 2022, the jury issued a verdict in Eventbrite’s favor and awarded the Company \$11.0 million in damages. Defendants filed a motion seeking to reduce the verdict or hold a new trial, and the Company filed a motion for pre-judgment and post-judgment interest as well as to recover its attorneys’ fees and costs of suit per the parties’ contracts. On November 1, 2022, the District Court denied defendants’ motion, granted the Company’s motion, and entered an Amended Final Judgment in the Company’s favor in the amount of \$14.9 million. MRG appealed in April 2023. On December 26, 2023, the Ninth Circuit Court of Appeals found in MRG’s favor, vacating the judgment as to damages, reversing the District Court’s decision denying remittitur, and remanding the case back to the District Court to enter an amended final judgment reducing damages by \$6.3 million and accompanying prejudgment interest. On April 16, 2024, the District Court entered the Amended Final Judgment in favor of Eventbrite in the amount of approximately \$7.6 million, with additional interest accruing per day. On June 28, 2024, MRG and Eventbrite executed an agreement for MRG to pay Eventbrite the settlement amount of \$8.3 million. The Company determined that the gain was realizable and recognized a loss recovery of \$4.4 million as a credit to general and administrative expenses and a gain of \$3.9 million to other income in relation to this verdict as of June 30, 2024.

Tax Matters

The Company is currently under audit in certain jurisdictions with regard to indirect tax matters. The Company establishes reserves for indirect tax matters when it determines that the likelihood of a loss is probable and the loss is reasonably estimable. Accordingly, the Company has established a reserve for the potential settlement of issues related to sales and other indirect taxes in the amount of \$0.8 million and \$1.1 million as of June 30, 2024 and December 31, 2023, respectively. These amounts, which represent management’s best estimates of its potential liability, include potential interest and penalties of \$0.2 million and \$0.2 million as of June 30, 2024 and December 31, 2023, respectively.

The Company does not believe that any ultimate liability resulting from any of these matters will have a material adverse effect on its business, consolidated financial position, results of operations or liquidity. However, the outcome of these matters is inherently uncertain. Therefore, if one or more of these matters were resolved against the Company for amounts in excess of management’s expectations, the Company’s financial statements, including in a particular reporting period in which any such outcome becomes probable and estimable, could be materially adversely affected.

Indemnification

In the ordinary course of business, the Company enters into contractual arrangements under which the Company agrees to provide indemnification of varying scope and terms to business partners and other parties with respect to certain matters, including, but not limited to, losses arising out of the breach of such agreements, intellectual property infringement claims made by third parties, and other liabilities relating to or arising from the Company's online ticketing platform or the Company's acts or omissions. In these circumstances, payment may be conditional on the other party making a claim pursuant to the procedures specified in the particular contract. Further, the Company's obligations under these agreements may be limited in terms of time and/or amount, and in some instances, the Company may have recourse against third parties for certain payments. In addition, the Company has indemnification agreements with its directors and executive officers that require the Company, among other things, to indemnify them against certain liabilities that may arise by reason of their status or service as directors or officers. The terms of such obligations vary.

Equity Incentive Plans

In August 2018, the 2018 Stock Option and Incentive Plan (2018 Plan) was adopted by the Board of Directors and approved by the stockholders and became effective in connection with the IPO. The 2018 Plan replaced the 2010 Stock Plan (2010 Plan) as the Board of Directors determined not to make additional awards under the 2010 Plan. The 2010 Plan will continue to govern outstanding equity awards granted thereunder.

The 2018 Plan allows for the granting of options, stock appreciation rights, restricted stock, restricted stock units (RSUs), unrestricted stock awards, performance-based restricted stock units (PSUs), dividend equivalent rights and cash-based awards. Every January 1, the number of shares of stock reserved and available for issuance under the 2018 Plan will cumulatively increase by five percent of the number of shares of Class A and Class B common stock outstanding on the immediately preceding December 31, or a lesser number of shares as approved by the Board of Directors.

As of June 30, 2024, there were 5,310,131 and 6,328,544 options issued and outstanding under the 2010 Plan and 2018 Plan, respectively (collectively, the Plans). As of June 30, 2024, 5,549,171 shares of Class A common stock were available for grant under the 2018 Plan.

Stock options granted typically vest over a four-year period from the date of grant. Options awarded under the Plans are exercisable for up to ten years.

[Earnings Per Share \[Abstract\]](#)
[Earnings Per Share](#)

Earnings Per Share

Basic net income (loss) per share is calculated by dividing the net income (loss) by the weighted-average number of shares of Class A common stock outstanding during the period. Diluted net income (loss) per share is computed by giving effect to all potentially dilutive securities outstanding for the period.

The following table sets forth the computation of basic and diluted net income (loss) per share (in thousands, except per share data):

	Three Months Ended June 30,		Six Months Ended June 30,	
	2024	2023	2024	2023
Net income (loss)	\$ 1,063	\$ (2,921)	\$ (3,427)	\$ (15,607)
Weighted-average shares used in computing earnings per share, basic	96,142	99,995	95,557	99,748
Weighted-average shares used in computing earnings per share, diluted	96,290	99,995	95,557	99,748
Net income (loss) per share, basic and diluted	\$ 0.01	\$ (0.03)	\$ (0.04)	\$ (0.16)

The following outstanding shares of potentially dilutive securities were excluded from the computation of diluted net income (loss) per share because including them would have had an anti-dilutive effect (in thousands):

	June 30, 2024	June 30, 2023
Shares related to Convertible Notes	19,538	19,538
Stock options to purchase common stock	11,639	12,675
Restricted stock units	15,557	13,566
ESPP	182	136
Total shares of potentially dilutive securities	46,916	45,915

For the 2025 Notes and 2026 Notes, the conversion spread of 11.9 million shares and 7.6 million shares, respectively, will have a dilutive impact on diluted net income per share of Class A common stock when the average market price of the Company's Class A common stock for a given period exceeds the conversion price of \$12.60 per share for the 2025 Notes and \$27.89 per share for the 2026 Notes.

Income Taxes

The Company recorded an income tax expense of \$0.8 million and \$1.1 million for the three and six months ended June 30, 2024, respectively, compared to \$0.5 million and \$1.1 million for the three and six months ended June 30, 2023, respectively. The increase was primarily attributable to insignificant non-routine tax expenses recorded during the prior year and changes in taxable earnings mix.

The differences in the tax provision for the periods presented and the U.S. federal statutory rate is primarily due to foreign taxes in profitable jurisdictions and the recording of a full valuation allowance on the Company's net deferred tax assets.

Level 2 - Other inputs that are directly or indirectly observable in the marketplace.
Level 3 - Unobservable inputs that are supported by little or no market activity.

The Company's cash equivalents, funds receivable, accounts receivable, accounts payable and other current liabilities approximate their fair value. All of the Company's financial assets and liabilities are Level 1, except for debt. See Note 15, "Debt," for details regarding the fair value of the Company's Convertible Notes.

consolidated financial statements. The Company's Chief Executive Officer (CEO) is the chief operating decision maker. The Company's CEO reviews discrete financial information presented on a consolidated basis for purposes of allocating resources and evaluating the Company's financial performance. Accordingly, the Company has determined that it operates as a single operating segment and has one reportable segment.

Revenue Recognition

The Company derives its revenues from a mix of marketplace activities. Revenue is primarily derived from ticketing fees and payment processing fees. The Company also derives a portion of revenues from organizer fees and advertising services. The Company's customers are event creators who use the Company's platform to sell tickets and market events to consumers. Revenue is recognized when or as control of the promised goods or services is transferred to customers, in an amount that reflects the consideration the Company expects to receive in exchange for those goods or services.

The Company provides the event creator with the choice of whether to use Eventbrite Payment Processing (EPP) or to use a third-party payment processor, referred to as Facilitated Payment Processing (FPP). Under the FPP option, the Company is the merchant of record and is responsible for processing the transaction and collecting the face value of the ticket and all associated fees at the time the ticket is sold. The Company is also responsible for remitting these amounts collected, less the Company's fees, to the event creator. For EPP services, the Company determined that it is the principal in providing the service as the Company is responsible for fulfilling the promise to process the payment and has discretion in establishing the price of its service. As a result, the Company records revenue on a gross basis related to its EPP service fees. Costs incurred for processing the ticketing transactions are included in cost of net revenues in the condensed consolidated statements of operations. Under the FPP option, the Company is not responsible for processing the transaction or collecting the face value of the ticket and associated fees. In this case, the Company records revenue on a net basis related to its FPP service fees.

Revenue is presented net of indirect taxes, customer refunds, payment chargebacks, estimated uncollectible amounts, creator royalties and amortization of creator signing fees. As part of its commercial agreements, the Company offers upfront payments to qualifying creators entering into new or renewed ticketing arrangements in order to incentivize them to organize certain events on the Company's platform or obtain exclusive rights to ticket their events.

If a creator is unwilling or unable to fulfill their refund obligations, the Company may, at its discretion, provide attendee refunds.

Advertising revenue represents services that enable creators to promote featured content on the Eventbrite platform or mobile application. The Company considers that it satisfies its performance obligation as it provides the services to customers and recognizes revenue as advertising impressions are displayed to consumers.

The Flex plan is charged per event. The Company considers that it satisfies its performance obligation as it provides services to creators to publish their event on the Eventbrite marketplace and recognizes revenue based on the ticket capacity selected, at that point-in-time. The Pro plan is a monthly or annual subscription to publish unlimited events. The Company considers that it satisfies its performance obligation as it provides the subscribed services under the plan and recognizes revenue ratably over the subscription period. Organizer fees are nonrefundable.

Creator signing fees are incentives that are offered and paid by the Company to secure exclusive ticketing and payment processing rights with certain creators. Creator signing fees are presented net of reserves on the condensed consolidated balance sheet. The benefit the Company receives by securing exclusive ticketing and payment processing rights with certain creators from creator signing fees is inseparable from the customer relationship with the creators and accordingly the amortization of these fees is recorded as a reduction of revenue in the condensed consolidated statements of operations.

As of June 30, 2024, the balance of creator signing fees, net is being amortized over a weighted average remaining contract life of 2.6 years on a straight-line basis. The write offs and other adjustments for the three and six months ended June 30, 2024 include a reserve release to reflect losses recovered from a litigation settlement in June 2024. The following table summarizes the activity in creator signing fees for the periods indicated (in thousands).
