#### HENNESSY ADVISORS, INC.

#### NOTES TO UNAUDITED CONDENSED FINANCIAL STATEMENTS

##### (1) Basis of Financial Statement Presentation

The accompanying unaudited condensed balance sheet as of September 30, 2023, which has been derived from audited financial statements, and the unaudited interim condensed financial statements as of and for the three and six months ended December 31, 2023 and March 31, 2024, have been prepared pursuant

to the rules and regulations of the Securities and Exchange Commission and include the accounts of Hennessy Advisors, Inc. (the "Company," "we," "us," or "our"). Certain information and footnote disclosures in these unaudited interim condensed financial statements, normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States, have been condensed or omitted pursuant to rules and regulations of the Securities and Exchange Commission for Quarterly Reports on Form 10-Q. In the opinion of management, the unaudited interim condensed financial statements reflect all adjustments necessary for a fair statement of the Company's financial position at **December** **March** 31, **2023** **2024**, the Company's operating results for the three **and** six months ended **December** **March** 31, **2023** **2024** and **2022** **2023**, and the Company's cash flows for the **three** **six** months ended **December** **March** 31, **2023** **2024** and **2022** **2023**. These unaudited interim condensed financial statements and notes should be read in conjunction with the Company's audited financial statements and notes thereto for fiscal year 2023, which are included in the Company's Annual Report on Form 10-K for the fiscal year ended September 30, 2023.

The preparation of financial statements requires management to make estimates and assumptions. Making estimates requires management to exercise significant judgment. Accordingly, the actual results could differ substantially from those estimates.

The Company's operating activities consist primarily of providing investment advisory services to 16 open-end mutual funds and one exchange-traded fund ("ETF") branded as the Hennessy Funds. The Company serves as the investment advisor to all classes of the Hennessy Cornerstone Growth Fund, the Hennessy Focus Fund, the Hennessy Cornerstone Mid Cap 30 Fund, the Hennessy Cornerstone Large Growth Fund, the Hennessy Cornerstone Value Fund, the Hennessy Total Return Fund, the Hennessy Equity and Income Fund, the Hennessy Balanced Fund, the Hennessy Energy Transition Fund, the Hennessy Midstream Fund, the Hennessy Gas Utility Fund, the Hennessy Japan Fund, the Hennessy Japan Small Cap Fund, the Hennessy Large Cap Financial Fund, the Hennessy Small Cap Financial Fund, and the Hennessy Technology Fund (collectively, the "Hennessy Mutual Funds"), as well as to the Hennessy Stance ESG ETF. The Company also provides shareholder services to investors in the Hennessy Mutual Funds.

The employee retention credit ("ERC"), as originally enacted on March 27, 2020, by the CARES Act, was a refundable tax credit against certain employment taxes equal to 50% of the qualified wages an eligible employer paid to employees and allowed claims through December 31, 2021, by eligible employers who retained employees during the COVID-19 pandemic. The Company filed Form 941-X to request an ERC from the Internal Revenue Service. In May 2023, the Company received an ERC of approximately \$0.3 million plus accrued interest. For-profit entities do not have specific guidance to apply under accounting principles generally accepted in the United States to account for ERCs and therefore follow guidance in accordance with Accounting for Government Grants and Disclosure of Government Assistance ("IAS 20"). In accordance with IAS 20, the Company netted the credit against related payroll expense in the period received.

The Company's operating revenues consist of contractual investment advisory and shareholder service fees paid to it by the Hennessy Funds. The Company earns investment advisory fees from each Hennessy Fund by, among other things:

- acting as portfolio manager for the fund or overseeing the sub-advisor acting as portfolio manager for the fund, which includes managing the composition of the fund's portfolio (including the purchase, retention, and disposition of portfolio securities in accordance with the fund's investment objectives, policies, and restrictions), seeking best execution for the fund's portfolio, managing the use of soft dollars for the fund, and managing proxy voting for the fund;
- performing a daily reconciliation of portfolio positions and cash for the fund;
- monitoring the liquidity of the fund;
- monitoring the fund's compliance with its investment objectives and restrictions and federal securities laws;

- maintaining a compliance program (including a code of ethics), conducting ongoing reviews of the compliance programs of the fund's service providers (including any sub-advisor), including their codes of ethics, as appropriate, conducting onsite visits to the fund's service providers (including any sub-advisor) as feasible, monitoring incidents of abusive trading practices, reviewing fund expense accruals, payments, and fixed expense ratios, evaluating insurance providers for fidelity bond, directors and officers and errors and omissions insurance, and cybersecurity insurance coverage, managing regulatory examination compliance and responses, conducting employee compliance training, reviewing reports provided by service providers, and maintaining books and records;
- if applicable, overseeing the selection and continued employment of the fund's sub-advisor, reviewing the fund's investment performance, and monitoring the sub-advisor's adherence to the fund's investment objectives, policies, and restrictions;
- overseeing service providers that provide accounting, administration, distribution, transfer agency, custodial, sales, marketing, public relations, audit, information technology, and legal services to the fund;
- maintaining in-house marketing and distribution departments on behalf of the fund;
- preparing or directing the preparation of all regulatory filings for the fund, including writing and annually updating the fund's prospectus and related documents;
- for each annual report of the fund, preparing or reviewing a written summary of the fund's performance during the most recent 12-month period;
- monitoring and overseeing the accessibility of the fund on financial institution platforms;
- paying the incentive compensation of the fund's compliance officer and employing other staff such as legal, marketing, national accounts, distribution, sales, administrative, and trading oversight personnel, as well as management executives;
- providing a quarterly compliance certification to the Board of Trustees of Hennessy Funds Trust (the "Funds' Board of Trustees"); and
- preparing or reviewing materials for the Funds' Board of Trustees, presenting to or leading discussions with the Funds' Board of Trustees, preparing or reviewing all meeting minutes, and arranging for training and education of the Funds' Board of Trustees.

6

---

The Company earns shareholder service fees from Investor Class shares of the Hennessy Mutual Funds by, among other things, maintaining a toll free number that the current investors in the Hennessy Funds may call to ask questions about their accounts and actively participating as a liaison between investors in the Hennessy Funds and U.S. Bank Global Fund Services.

Investment advisory and shareholder service fee revenues are earned and calculated daily by the Hennessy Funds' accountants at U.S. Bank Global Fund Services and are subsequently reviewed by management.

The Company recognizes revenues when its obligations related to the investment advisory and shareholder services are satisfied, and it is probable that a significant reversal of the revenue amount would not occur in future periods. Management judgment is required in assessing the probability of significant revenue reversal and in identification of distinct services. Investment advisory and shareholder services are performed over time because investors in the Hennessy Funds are receiving and consuming the benefits as they are provided by the Company. Fees are based on contractual percentages of net asset values and recognized for services provided during the period, which are distinct from services provided in other periods. Such fees are affected by changes in net asset values, including market appreciation or depreciation, foreign exchange translation, and net inflows or outflows. Assets under management represent the broad range of financial assets the Company manages for the Hennessy Funds on a discretionary basis pursuant to investment management and

shareholder servicing agreements that are expected to continue for at least 12 months. In general, reported assets under management reflect the valuation methodology that corresponds to the basis used for determining revenue. The fees are computed and billed monthly, at which time they are recognized in accordance with Accounting Standards Codification 606 — Revenue from Contracts with Customers.

The Company's contractual agreements for investment advisory and shareholder services prove that a contract exists with fixed and determinable fees, and the services are rendered daily. The collectability is deemed probable because the fees are received from the Hennessy Funds in the month subsequent to the month in which the services are provided.

**(2) Management Contracts Purchased**

Throughout its history, the Company has completed 12 purchases of the assets related to the management of 32 33 investment funds, some of which were reorganized into already existing Hennessy Funds. In accordance with Financial Accounting Standards Board ("FASB") guidance, the Company periodically reviews the carrying value of its management contracts asset to determine if any impairment has occurred. The fair value of the management contracts asset was estimated as of September 30, 2023, by applying the income approach and is based on management estimates and assumptions, including third-party valuations that utilize appropriate valuation techniques. It was determined there was no impairment as of such date. As of December 31, 2023, management performed a qualitative analysis and determined it was more likely than not that there continued to be no impairment.

Under Accounting Standards Codification 350 — Intangibles - Goodwill and Other, intangible assets that have indefinite useful lives are not amortized but are tested at least annually for impairment. The Company considered various factors, such as likelihood of continued renewal, whether there are foreseeable limits on net cash flows, and whether the Company is dependent on a limited number of investors, in determining the useful life of the management contracts. Based on analysis, the Company considers the management contract asset to be an intangible asset with an indefinite useful life and no impairment as of the end of the current period.

**(3) Investment Advisory Agreements**

The Company has investment advisory agreements with Hennessy Funds Trust under which it provides investment advisory services to all classes of the 16 Hennessy Mutual Funds and the Hennessy Stance ESG ETF.

The investment advisory agreements must be renewed annually (except in limited circumstances) by (i) the Funds' Board of Trustees or the vote of a majority of the outstanding shares of the applicable Hennessy Fund and (ii) the vote of a majority of the trustees of Hennessy Funds Trust who are not interested persons of the Hennessy Funds. If an investment advisory agreement is not renewed, it terminates automatically. There are two additional circumstances in which an investment advisory agreement terminates. First, an investment advisory agreement automatically terminates if the Company assigns them to another advisor (assignment includes "indirect assignment," which is the transfer of the Company's common stock in sufficient quantities deemed to constitute a controlling block). Second, an investment advisory agreement may be terminated prior to its expiration upon 60 days' written notice by either the applicable Hennessy Fund or the Company.

The Company has entered into sub-advisory agreements for the Hennessy Focus Fund, the Hennessy Equity and Income Fund, the Hennessy Japan Fund, the Hennessy Japan Small Cap Fund, and the Hennessy Stance ESG ETF. Under each of these sub-advisory agreements, the sub-advisor is responsible for the investment and reinvestments of the assets of the applicable Hennessy Fund in accordance with the terms of such agreement and the applicable Hennessy Fund's Prospectus and Statement of Additional Information. The sub-advisors are subject to the direction, supervision, and control of the Company and the Funds' Board of Trustees. In exchange for sub-advisory services, the Company (not the Hennessy Funds) pays sub-advisory fees to the sub-advisors out of its own assets. Sub-advisory fees are calculated as a percentage of the applicable fund's average daily net asset value.

#### (4) Fair Value Measurements

The Company applies Accounting Standards Codification 820 — Fair Value Measurement for all financial assets and liabilities, which establishes a framework for measuring fair value and expands disclosures about fair value measurements. The standard defines fair value as "the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date." It also establishes a fair value hierarchy consisting of the following three levels that prioritize the inputs to the valuation techniques used to measure fair value:

- Level 1 – Unadjusted, quoted prices in active markets for identical assets or liabilities that an entity has the ability to access at the measurement date;
- Level 2 – Other significant observable inputs other than quoted prices included in Level 1(including, but not limited to, quoted prices in active markets for similar assets or liabilities, quoted prices in markets that are not active for identical or similar assets or liabilities, and model-derived valuations in which all significant inputs and significant value drivers are observable in active markets); and
- Level 3 – Significant unobservable inputs (including the entity's own assumptions about what market participants would use to price the asset or liability based on the best available information) when observable inputs are not available.

Based on the definitions, the following tables represent the Company's assets categorized in the Level 1 to Level 3 hierarchies:

There were no transfers between levels during the three months ended December March 31, 2023 2024, or the year ended September 30, 2023.

The fair values of receivables, payables, and accrued liabilities approximate their book values given the short-term nature of those instruments.

The fair value of the 2026 Notes (see Note 7) was approximately \$38.2 million \$38.5 million as of December March 31, 2023 2024, based on the last trading price of the notes on that date (Level 1).

## (5) Leases

The Company determines if an arrangement is an operating lease at inception. Operating leases are included in operating lease right-of-use assets and current and long-term operating lease liabilities on the Company's balance sheet. There were no long-term operating leases as of September 30, 2023. During the quarter ended March 31, 2021, 2024, the Company renewed the lease for its office in Novato, California for an additional three years, which years. The renewed lease will expire on July 31, 2027. The renewal created a long-term operating lease as of such date. March 31, 2024. There were no other long-term operating leases as of March 31, 2024.

10

Upon renewal of the lease for its office in Novato, California, the Company recorded a right-of-use asset of \$1.1 million on its balance sheet. The renewed lease expires on July 31, 2024, and is therefore a short-term operating lease as of December 31, 2023. There were no long-term operating leases as of December 31, 2023, and September 30, 2023.

10

Operating lease right-of-use assets and liabilities are recognized at the lease commencement date based on the present value of lease payments over the lease term. In determining the present value of lease payments, the Company

uses its incremental borrowing rate based on the information available at the lease commencement date. The Company's lease terms may include options to extend the lease when it is reasonably certain that it will exercise any such options. For its leases, the Company concluded that it is not reasonably certain that any renewal options would be exercised, and, therefore, the amounts are not recognized as part of operating lease right-of-use assets or operating lease liabilities. Leases with initial terms of 12 months or less, and certain office equipment leases that are deemed insignificant, are not recorded on the balance sheet and are expensed as incurred and included within rent expense under general and administrative expense. Lease expense related to operating leases is recognized on a straight-line basis over the expected lease terms.

The Company's most significant leases are real estate leases of office facilities. The Company leases office space under non-cancelable operating leases. Its principal executive office is located in Novato, California, and it has additional offices in Austin, Texas, Dallas, Texas, Boston, Massachusetts, and Chapel Hill, North Carolina. Only the office lease in Novato, California has been capitalized because the other operating leases have terms of 12 months or less, including leases that are month-to-month in nature. ## Overview

Our primary business activity is providing investment advisory services to a family of 16 open-end mutual funds and one ETF branded as the Hennessy Funds. We manage 12 of the 17 Hennessy Funds internally. For the remaining five funds, we have delegated the day-to-day portfolio management responsibilities to sub-advisors, subject to our oversight. We oversee the selection and continued employment of each sub-advisor, review each fund's investment performance, and monitor each sub-advisor's adherence to each applicable fund's investment objectives, policies, and restrictions. In addition, we conduct ongoing reviews of the compliance programs of sub-advisors and make onsite visits to sub-advisors, as feasible. Our secondary business activity is providing shareholder services to investors in the Hennessy Mutual Funds.

We derive our operating revenues from investment advisory fees paid to us by the Hennessy Funds and shareholder service fees paid to us by the Hennessy Mutual Funds. These fees are calculated as a percentage of the average daily net assets of each applicable Hennessy Fund. The percentage amount of the investment advisory fees varies by fund. The percentage amount of the shareholder service fees is consistent across all Hennessy Mutual Funds, but shareholder service fees are charged on Investor Class shares only. The dollar amount of the fees we receive fluctuates with changes in the average net asset value of each Hennessy Fund, which are affected by each fund's investment performance, purchases and redemptions of shares, general market conditions, and the success of our marketing, sales, and public relations efforts.

On a total return basis, the Dow Jones Industrial Average was up 13.09% 20.03% for the three six months ended December 31, 2023 March 31, 2024. During the most recent quarter, equity prices advanced as investors reacted positively to encouraging signs increasingly felt that inflation is moderating, would continue to moderate, the economy would continue to expand, and the employment outlook would remain strong. While the rate of inflation continues to be above the Federal Reserve's stated 2% target, the market increasingly seems continues to believe anticipate that the potential for slowing economic Federal Reserve will cut rates during this calendar year, although at a slower pace compared to expectations at the end of 2023. Further, the prospect of rate cuts while the economy continues to expand has provided comfort to those who believed rate cuts would only occur once the economy started to contract. While revenue growth could bring inflation close to the Federal Reserve's stated goal. Notwithstanding this past quarter's anemic revenue and has outpaced earnings growth for S&P 500 companies, earnings broadly came in higher than recent quarters, consensus estimates which may speak to for the idea quarter ended March 31, 2024, suggest the opposite. If the estimates hold true, strengthened earnings growth is an indicator that companies profit margins are reining in expenses, which may in turn bolster margins in 2024, stabilizing and, perhaps, even expanding.

Long-term U.S. bond yields decreased meaningfully increased during the three months ended December 31, 2023 March 31, 2024, as encouraging inflation estimates for economic growth continued to be adjusted upward, albeit slightly. In addition, the unemployment rate, while higher than at the end of 2023, continued to demonstrate an economy that is stronger than many expected. The result of stronger economic data pointed to the potential that has been a ratcheting down of expectations regarding Federal Reserve could be done raising rates for the foreseeable future, interest rate cuts. While the Federal Reserve continues to indicate that it reserves the right to raise rates, a few months ago, the market believes that the Federal Reserve is more likely to cut rates in 2024 rather than raise them. According to Bloomberg, the market is pricing in anticipated six rates cuts in 2024. With 2024, the labor market continuing to show signs of strength, we expect investors to focus on any weakness as a signal that inflation could moderate further. Economic growth is now pricing in 2024 is expected to be 1.3% versus an expectation of 2.4% in 2023, fewer than two, according to Bloomberg. Any unexpected strength The market's ability to rally in either the labor market or face of higher 10-year rates and fewer short-term rate cuts suggests that a "soft landing" could be expected. The prospect of lower short-term rates while the economy continues to grow has likely fueled the recent rally. While investors had at large could pose a risk to one point anticipated more rate cuts in the market's belief near term, that lower rates are was likely predicated on the horizon, fear of an economic recession.

The decrease in both periods, the increase in investment advisory fees was due mainly to increased average daily net assets of the Hennessy Funds, and the increase in shareholder service fees was due to a decrease an increase in the average daily net assets held in Investor Class shares of the Hennessy Mutual Funds. Assets held in Investor Class shares of the Hennessy Mutual Funds are subject to a shareholder service fee, whereas assets held in Institutional Class shares of the Hennessy Mutual Funds are not subject to a shareholder service fee.

We collect investment advisory fees from each of the Hennessy Funds at differing annual rates. These annual rates range between 0.40% and 1.25% of average daily net assets. The In both periods, the increase in general and administrative expense was primarily due to increased professional services expense, commission expense on sales of our investment products.

**Fund Distribution and Other Expense:** Fund distribution and other expense consists primarily of financial institution fees incurred by us for distribution of the Hennessy Funds and also for the operations of the Hennessy Stance ESG ETF. Fund distribution and other expense does not include sub-advisory fees, which are shown separately.

The distribution component of fund distribution and other expense consists of fees paid to various financial institutions that offer the Hennessy Funds as potential investments to their clients. When the Hennessy Funds are purchased through one of these financial institutions, the institution typically charges an asset-based fee, which is recorded as a fund distribution expense on our statement of operations to the extent paid by us. The Hennessy Mutual Funds, but not the Hennessy Stance ESG ETF, may be purchased directly and when purchased directly, we do not incur any such expense. These fees generally increase or decrease in line with the net assets of the Hennessy Funds held through these financial institutions, which are affected by inflows, outflows, and fund performance. In addition, some financial institutions charge a minimum fee if the average daily net assets of a Hennessy Fund held by such an institution are less than a threshold amount. In such cases, we pay the minimum fee.

The distribution component of fund distribution and other expenses is affected by many factors, including the following:

- average daily net assets held by financial institutions;
- the split of average daily net assets held by financial institutions in Institutional Class shares of the Hennessy Mutual Funds versus Investor Class shares of the Hennessy Mutual Funds; and
- fee minimums at various financial institutions.

The other component of fund distribution and other expense consists of fees incurred by us for the operations of the Hennessy Stance ESG ETF. We receive a unitary investment advisory fee from the Hennessy Stance ESG ETF and then pay all of its operating expenses (with limited exceptions), including fund administration, fund accounting, transfer agency, custody, licensing, audit, and tax services.

Comparing the three months ended December 31, 2022 March 31, 2023, to the three months ended December 31, 2023 March 31, 2024, fund distribution and other expense increased by 56.8% 52.3%, from \$0.10 million \$0.1 million to \$0.15 million \$0.2 million. As a percentage of total revenue, fund distribution and other expense increased 0.9 0.7 percentage points to 2.4% 2.9%.

The increase in fund distribution and other expense was primarily due to increased average daily net assets of the Hennessy Funds. Additionally, there was an increase in operating expenses relating to the Hennessy Stance ESG ETF, which had greater average daily net assets resulting from the purchase of assets related to the CCM Core Impact Fund in the current period.

Comparing the six months ended March 31, 2023, to the six months ended March 31, 2024, fund distribution and other expense increased by 54.2%, from \$0.2 million to \$0.4 million. As a percentage of total revenue, fund distribution and other expense increased 0.8 percentage points to 2.7%. The increase in fund distribution and other expense was primarily due to the additional expenses relating to the Hennessy Stance ESG ETF resulting from the purchase of assets related to the CCM Funds in the current period, and also due to increased average daily net assets of the Hennessy Funds. The increase can also be attributed to a full period of fees incurred by us for the operations of the Hennessy Stance ESG ETF in the current period. We began advising the Hennessy Stance ESG ETF on December 22, 2022, and therefore only a partial period of expenses related to its operations were incurred in the prior comparable period.

**Sub-Advisory Fees Expense:** Comparing the three months ended December 31, 2022 March 31, 2023, to the three months ended December 31, 2023 March 31, 2024, sub-advisory fees expense decreased increased by 6.0% 12.5%, from \$1.0 million \$0.9 million to \$0.9 million \$1.0 million. As a percentage of total revenue, sub-advisory fees expense decreased 1.0 0.6 percentage point points to 14.8% 15.1%. The decrease

Comparing the six months ended March 31, 2023, to the six months ended March 31, 2024, sub-advisory fees expense increased by 3.1%, from \$1.9 million to \$2.0 million. As a percentage of total revenue, sub-advisory fees expense decreased 0.7 percentage points to 15.0%.

In both periods, the dollar value increase in sub-advisory fees expense was due to decreased increased average daily net assets of the sub-advised Hennessy Funds, partly offset by the expense associated with new sub-advisory relationships relating to the Hennessy Stance ESG ETF that became effective on December 22, 2022, and the increase in assets of the Hennessy Stance ESG ETF as a result of the purchase of assets related to the management of the CCM Funds and subsequent reorganization of such assets into the Hennessy Stance ESG ETF.

Depreciation Expense: Comparing the three months ended December 31, 2022 March 31, 2023, to the three months ended December 31, 2023 March 31, 2024, depreciation expense increased by 40.8% 1.8%, from \$0.05 million \$0.056 million to \$0.07 million \$0.057 million. The Comparing the six months ended March 31, 2023, to the six months ended March 31, 2024, depreciation expense increased by 20.0%, from \$0.11 million to \$0.13 million. As a percentage of total revenue, depreciation expense remained the same at 0.9%.

In both periods, the dollar value increase in depreciation expense resulted from new fixed asset purchases, partially offset by the write-off of fully depreciated assets.

The Comparing the six months ended March 31, 2023, to the six months ended March 31, 2024, interest expense increased from \$1.13 million to \$1.14 million.

In both periods, the increase in interest expense was due to the manner in which interest expense is calculated under accounting principles generally accepted in the United States. The issuance costs related to the 2026 Notes that have been capitalized are amortized over time and therefore increase the carrying amount of the 2026 Notes. As the carrying amount of the 2026 Notes increases, the interest expense on the 2026 Notes for financial statement purposes also increases.

#### Interest Income

Interest income consists of interest earned on cash and cash equivalents. Comparing the three months ended December 31, 2022 March 31, 2023, to the three months ended December 31, 2023 March 31, 2024, interest income increased from \$0.47 million \$0.58 million to \$0.79 million \$0.77 million. Comparing the six months ended March 31, 2023, to the six months ended March 31, 2024, interest income increased from \$1.0 million to \$1.6 million.

The In both periods, the increase in interest income resulted from increased interest rates, as well as an increased cash balance.

#### Income Tax Expense

Comparing the three months ended December 31, 2022 March 31, 2023, to the three months ended December 31, 2023 March 31, 2024, income tax expense remained flat at increased by 40.2%, from \$0.4 million to \$0.6 million. Comparing the six months ended March 31, 2023, to the six months ended March 31, 2024, income tax expense increased by 27.5%, from \$0.8 million to \$1.0 million.

In both periods, the increase in income tax expense was due to increased net operating income, as well as a higher effective income tax rate in the current period due to a greater exposure to state income tax liability based on the location of our fund shareholders.

#### Net Income

Comparing the three months ended December 31, 2022 March 31, 2023, to the three months ended December 31, 2023 March 31, 2024, net income increased by 7.2% 28.9%, from \$1.1 million \$1.2 million to \$1.2 million \$1.5 million. Comparing the six months ended March 31, 2023, to the six months ended March 31, 2024, net income increased by 18.4%, from \$2.3 million to \$2.7 million.

The In both periods, the increase in net income was primarily due to increased revenue, and additionally due to increased interest income in the current period.

#### Critical Accounting Policies and Estimates

Our financial statements and accompanying notes are prepared in accordance with accounting principles generally accepted in the United States, which require the use of estimates, judgments, and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the periods presented. These accounting policies, methods, and estimates are an integral part of the financial statements prepared by management and are based upon management's current judgments. Those judgments are normally based on knowledge and experience with regard to past and current events and assumptions about future events. Certain accounting policies, methods, and estimates are particularly sensitive because of their significance to the financial statements and because future events affecting them may differ markedly from management's current judgment. For a discussion of the accounting policies and estimates that we believe are most critical to understanding our results of operations and financial position, see the section titled "Management's Discussion and Analysis of Financial Condition and Results of Operations" in our Annual Report on Form 10-K for the fiscal year ended September 30, 2023.

#### Liquidity and Capital Resources

We continually review our capital requirements to ensure that we have funding available to support our business model. Management anticipates that cash and other liquid assets on hand as of December 31, 2023 March 31, 2024, will be sufficient to meet our capital requirements for one year from the issuance date of this report, as well as our longer-term capital requirements for periods beyond one year from the issuance date of this report. To the extent that liquid resources and cash provided by operations are not adequate to meet long-term capital requirements, management plans to raise additional capital by either, or both, seeking bank financing or accessing the capital markets. There can be no assurance that we will be able to raise additional capital.

On October 20, 2021, we completed a public offering of our 2026 Notes in the aggregate principal amount of \$40.25 million, which included the full exercise of the underwriters' overallotment option. The 2026 Notes mature on December 31, 2026, and may be redeemed in whole or in part at any time or from time to time at our option on or after December 31, 2023. The 2026 Notes bear interest at 4.875% per annum, payable on the last day of each calendar quarter and at maturity, beginning December 31, 2021. The 2026 Notes are direct unsecured obligations, rank equally in right of payment with any of our future unsecured unsubordinated indebtedness, senior to any of our future indebtedness that expressly provides that it is subordinate to the 2026 Notes, effectively subordinate to all of our existing and future secured indebtedness, and structurally subordinated to all existing and future indebtedness and other obligations of any future subsidiaries of ours.

Our total assets under management as of December 31, 2023 March 31, 2024, was \$3.3 \$3.9 billion, an increase of \$0.3 \$1.0 billion, or 9.0% 35.5%, compared to December 31, 2022 March 31, 2023. The primary sources of our revenue, liquidity, and cash flow are our investment advisory fees and shareholder service fees, which are based on and generated by our average assets under management. Our average assets under management for both the three six months ended December 31, 2023 and 2022, March 31, 2024, was unchanged at \$3.0 billion \$3.2 billion, an increase of \$0.2 billion, or 7.7%, compared to the six months ended March 31, 2023. As of December 31, 2023 March 31, 2024, we had cash and cash equivalents of \$59.6 million.

The following table summarizes key financial data relating to our liquidity and use of cash:

	For the Three Months		For the Six Months	
	Ended December 31,		Ended March 31,	
	2023	2022	2024	2023
Net cash provided by (used in) operating activities	\$ 416	\$ (32)		
Net cash provided by operating activities			\$ 2,289	\$ 1,955
Net cash used in investing activities	(250)		(381)	(1,110) (526)

Net cash used in financing activities	(1,037)	(1,024)	(2,062)	(2,047)
Net decrease in cash and cash equivalents	\$ (871)	\$ (1,437)	\$ (883)	\$ (618)

The increase in cash provided by operating activities of ~~\$0.4 million~~ \$0.3 million was primarily due to timing of cash payments and also due to increased net income in the current period.

The ~~decrease~~ increase in cash used in investing activities of ~~\$0.1~~ \$0.6 million was due to the costs associated with the purchase of assets related to the management of an ETF that was reorganized into the Hennessy Stance ESG ETF CCM Funds in the prior comparable current period.

The increase in cash used in financing activities of ~~\$0.01 million~~ \$0.02 million was due to the increased dollar amount of dividends paid as a result of having more shares outstanding in the current period than in the prior comparable period.

**2024 OMNIBUS INCENTIVE PLAN**  
**RESTRICTED STOCK UNIT AWARD AGREEMENT**

[Name]

[Address]

[Telephone]: (\_\_\_\_) \_\_\_\_-\_\_\_\_

Dear \_\_\_\_\_:

You have been granted an award of restricted stock units of Hennessy Advisors, Inc. (the "Company") under the Hennessy Advisors, Inc. 2024 Omnibus Incentive Plan (the "Plan") and this Restricted Stock Unit Award Agreement (this "Agreement"). Capitalized terms used herein and not defined have the meaning given to them in the Plan.

Grant Date: \_\_\_\_\_, 20\_\_\_\_

Number of Restricted Stock

Units: \_\_\_\_\_ (\_\_\_\_) Units

Vesting Schedule:

Your Restricted Stock Units shall vest as follows:

- Twenty-five percent (25%) of your Restricted Stock Units will vest on each of the first four anniversaries of the Grant Date, provided you are employed by the Company or an Affiliate on the applicable vesting date.
- If your employment terminates as a result of death, Disability or Retirement at a time when the Company could not terminate you for Cause, any unvested Restricted Stock Units will become fully vested on such date of termination.
- Upon any other termination of employment prior to the date the Restricted Stock Units are vested, the Restricted Stock Units will be immediately forfeited.

Settlement:

As soon as practicable (and in no event more than 30 days) after your Restricted Stock Units vest, the Company will deliver to you a whole number of Shares equal to the number of Restricted Stock Units that have vested.

Transferability of Shares:

By accepting this Agreement, you agree not to sell any Shares acquired under this Agreement at a time when applicable laws, Company policies or an agreement between the Company and its underwriters prohibit a sale.

---

Rights as Shareholder:

You will not be deemed for any purposes to be a shareholder of the Company with respect to any of the Restricted Stock Units unless and until Shares are issued therefor upon vesting of the units.

Transferability of Award:

You may not transfer or assign this Agreement for any reason, other than under your will or as required by intestate laws. Any attempted transfer or assignment will be null and void.

Change of Control:

Upon a Change of Control, all Restricted Stock Units shall become vested in full provided you are an employee of the Company or an Affiliate on the date of such Change of Control. The remaining terms of the Agreement shall remain in effect without change.

Tax Withholding:

To the extent that the vesting of, or other event with respect to, the Restricted Stock Units results in income to you for Federal, state, or local income tax purposes, or the Company or an Affiliate is otherwise required to withhold taxes with respect to the Restricted Stock Units, you shall deliver to the Company at the time the Company is obligated to withhold taxes such amount as the Company requires to meet its withholding obligation, and if you fail to do so, the Company has the right and authority to deduct or withhold from other compensation payable to you an amount sufficient to satisfy its withholding obligations. You may satisfy the withholding requirement, in whole or in part, by electing to have the Company withhold for its own account that number of Shares otherwise deliverable to you upon vesting or settlement having an aggregate Fair Market Value on the date the tax is to be determined equal to the taxes to be withheld in connection with the vesting or settlement of the Restricted Stock Units; provided that the amount to be withheld may not exceed the maximum statutory Federal, state, and local tax withholding obligations associated with the transaction to the extent needed for the Company to avoid an accounting charge. Your election must be irrevocable, in writing, and submitted to the Secretary of the Company before the applicable vesting or settlement date. The Fair Market Value of any fractional Share not used to satisfy the withholding obligation (as determined on the date the tax is determined) will be paid to you in cash.

Recoupment; Rescission of Exercise: If the Company determines that recoupment of incentive compensation paid to or otherwise received by you pursuant to your Restricted Stock Units is required under any law or any recoupment policy of the Company, then your Restricted Stock Units will terminate immediately on the date of such determination to the extent required by such law or recoupment policy, any prior vesting of such Restricted Stock Units may be deemed to be rescinded and the Company may recoup any such incentive compensation in accordance with such recoupment policy or as required by law. The Company shall have the right to offset against any amounts due from the Company to you the amount owed by you hereunder and any withholding amount tendered by you with respect to any such incentive compensation.

In addition, if (i) the Company or an Affiliate terminates you for Cause, (ii) you terminate your employment or service at a time when you could be terminated for Cause, or (iii) your termination is not for Cause, but the Administrator later determines that you could have been terminated for Cause if all of the facts had been known at the time of termination of employment or service, then any Restricted Stock Units that became vested during the period beginning six months prior to such termination and ending on the date of your termination may be rescinded by the Company within two years of such termination of employment or service by written notice to you at your last address on file with the Company. In the event of any such rescission, you shall pay to the Company the amount of any gain realized or payment received as a result of the rescinded Restricted Stock Units in such manner and on such terms and conditions as may be required, and the Company shall be entitled to offset against any amounts due from the Company to you the amount owed by you hereunder and any withholding amount tendered by you with respect to such Restricted Stock Units.

Miscellaneous:

- The existence of this Agreement shall not affect in any way the right or power of the Company or its shareholders to make or authorize any or all adjustments, recapitalizations, reorganizations, or other changes in the Company's capital structure or its business, or any merger or consolidation of the Company, or any issuance of bonds, debentures, preferred, or prior preference stock senior to or affecting the common stock of the Company or the rights thereof, or dissolution or liquidation of the Company, or any sale or transfer of all or any part of the Company's assets or business or any other corporate act or proceeding, whether of a similar character or otherwise.
- As a condition of the granting of the Restricted Stock Units, you agree, for yourself and your legal representatives or guardians, that this Agreement shall be interpreted by the Administrator and that any interpretation by the Administrator of the terms of this Agreement and any determination made by the Administrator pursuant to this Agreement shall be final, binding and conclusive.
- This Agreement may be amended only by written consent signed by both you and the Company, unless the amendment is not to your detriment. Notwithstanding the foregoing, this Agreement may be amended without your consent in accordance with the provisions of the Plan.
- This Agreement may be executed in counterparts.

This Agreement is granted under and governed by the terms and conditions of the Plan. Additional provisions regarding this Agreement can be found in the Plan.
