During the nine months ended November 2, 2024, 1,313,235 potentially dilutive shares were excluded given the Company's net loss and 243,880 potentially dilutive shares were excluded because the assumed proceeds resulted in these awards being antidilutive. For the three and nine months ended November 2, 2024, the Company excluded 574,941 nonvested stock units which were subject to the achievement of performance-based or market-based vesting conditions from the computation of diluted weighted average common shares and common equivalent shares outstanding because these conditions were not achieved as of November 2, 2024. For the three and nine months ended October 28, 2023, the Company excluded 640,042 nonvested stock units which were subject to the achievement of performance-based or market-based vesting conditions from the computation of diluted weighted average common shares and common equivalent shares outstanding because these conditions were not achieved as of October 28, 2023. Warrants related to the 2.00% convertible senior notes due April 2024 (the "2024 Notes") to purchase approximately 0.3 million and 4.6 million shares of the Company's common shares at adjusted strike prices of $40.65 and $44.53 per share were outstanding as of November 2, 2024 and October 28, 2023, respectively. Warrants related to the 3.75% convertible senior notes due April 2028 (the "2028 Notes", and together with the 2024 Notes, the "Notes") to purchase approximately 15.8 million and 11.1 million shares of the Company's common shares at adjusted strike prices of $37.61 and $41.51 per share were outstanding as of November 2, 2024 and October 28, 2023, respectively. During the three and nine months ended November 2, 2024 and October 28, 2023, these warrants were excluded from the computation of diluted net earnings (loss) per share since the warrants' adjusted strike price was greater than the average market price of the Company's common stock. On March 14, 2022, the Board of Directors expanded the repurchase authorization under the 2021 Share Repurchase Program by $100 million. In January 2024, the Board of Directors expanded the repurchase authorization by approximately $1.4 million to cover the repurchases associated with the January 2024 issuance of the January Additional 2028 Notes (as defined in Note 11). As of February 3, 2024, the Company had no remaining authority under the 2021 Share Repurchase Program to purchase its common stock. On March 25, 2024, the Board of Directors authorized a new $200 million share repurchase program (the "2024 Share Repurchase Program"). Repurchases under the 2024 Share Repurchase Program may be made on the open market or in privately negotiated transactions, pursuant to Rule 10b5-1 trading plans or other available means. There is no minimum or maximum number of shares to be repurchased under the program and the program may be discontinued at any time without prior notice. During the three months ended November 2, 2024, there were no share repurchases. During the nine months ended November 2, 2024, the Company repurchased 2.6 million shares of the Company's common stock under its 2024 Share Repurchase Program at an aggregate cost of $60.8 million, including excise tax. The Company's effective income tax rate was an expense of 355.1% for the nine months ended November 2, 2024 compared to a benefit of 6.3% for the nine months ended October 28, 2023. The change in the effective income tax rate was primarily due to a net $41.8 million unrealized loss on the fair value remeasurement of derivatives related to the Company's 2028 Notes and the related convertible note hedge recorded in the current period which was disregarded for income tax purposes, compared to a discrete income tax benefit recognized during the third quarter of fiscal 2024 as a result of the consolidation of certain business functions into Switzerland as described below. Intra-Entity Transactions During fiscal 2022, the Company completed an intra-entity transfer of intellectual property rights from certain U.S. entities to a wholly-owned Swiss subsidiary, more closely aligning the Company's intellectual property rights with its business operations. This transaction resulted in a taxable gain in the U.S. The U.S. taxable gain generated by this intercompany transfer of intellectual property was primarily offset by the recognition of a deferred income tax asset in the Swiss subsidiary. During fiscal 2024, the Company recognized a one-time net tax benefit of Swiss Franc 33.7 million related to the consolidation of certain business functions into Switzerland that was approved by the Switzerland tax authority during the third quarter of fiscal 2024. Changes in Income Tax Law During calendar year 2019, Switzerland implemented income tax reform ("Swiss tax reform") that was effective as of January 1, 2020. The Swiss tax reform eliminated certain preferential income tax treatments and included transitional relief measures which provided for future income tax deductions. During fiscal 2020, the Company recognized a one-time income tax benefit of approximately $8.1 million related primarily to the recognition of a deferred income tax asset associated with the estimated value of an income tax basis step-up of the Company's Switzerland subsidiary's assets. During fiscal 2023, the Company recorded a $2.3 million reserve for uncertain income tax positions related to such deferred income tax asset. During fiscal 2024, based on recent developments among European Union tax authorities, the Company wrote off the $8.1 million tax benefit related to the value of the income tax basis step-up of the Company's Switzerland subsidiary's assets, resulting in a net income tax expense of $5.8 million. Unrecognized Income Tax Benefit The Company and its subsidiaries are subject to U.S. federal and foreign income tax, as well as income tax of multiple state and foreign local jurisdictions. From time-to-time, the Company is subject to routine income and other audits on various income tax matters around the world in the ordinary course of business. As of November 2, 2024, the Company does not expect its ongoing income tax or other tax audits to have a material impact on the financial statements. As of November 2, 2024 and February 3, 2024, the Company had $67.7 million and $63.4 million, respectively, of aggregate accruals for uncertain income tax positions, including penalties and interest. This includes an accrual of $19.9 million for the estimated transition tax (excluding interest) related to the 2017 Tax Cuts and Jobs Act (the "Tax Reform") and $20.6 million for the intra-entity transfer of intellectual property rights from certain U.S. entities to a wholly-owned Swiss subsidiary, substantially offset by the related deferred income tax benefit recorded by the Swiss subsidiary. The Company reviews and updates the estimates used in the accrual for uncertain income tax positions, as appropriate, as more definitive information or interpretations become available from income taxing authorities, and on the completion of income tax audits, the receipt of assessments, expiration of statutes of limitations, or occurrence of other events. During fiscal 2021, the Company became aware of a foreign withholding income tax regulation that could be interpreted to apply to certain of its previous transactions. The Company currently does not expect its exposure, if any, will have a material impact on its consolidated financial position, results of operations or cash flows. Indefinite Reinvestment Assertion The Company has historically considered the undistributed earnings of its foreign subsidiaries to be indefinitely reinvested. As a result of the Tax Reform, the Company had a substantial amount of previously taxed earnings that could be distributed to the U.S. without additional U.S. taxation. As of November 2, 2024, the Company determined that approximately $73.3 million of such foreign earnings are not indefinitely reinvested. The incremental tax cost to repatriate these earnings to the U.S. is immaterial. The Company intends to indefinitely reinvest the remaining earnings from the Company's foreign subsidiaries for which a deferred income tax liability has not already been recorded. The Company continues to evaluate its plans for reinvestment or repatriation of unremitted foreign earnings and regularly reviews its cash positions and determination of indefinite reinvestment of foreign earnings. If the Company determines that all or a portion of such foreign earnings are no longer indefinitely reinvested, the Company may be subject to additional foreign withholding taxes and U.S. state income taxes, beyond the one-time transition tax.</span></div>3,551-0.063-418000003370000-8100000230000081000058000006770000063400000199000001990000020600000206000007330000Segment Information<div style="margin-bottom:5pt;margin-top:5pt;text-align:justify;text-indent:22.5pt"><span style="color:#000000;font-family:'Times New Roman',sans-serif;font-size:11.5pt;font-weight:400;line-height:120%">The Company's businesses are grouped into five reportable segments for management and internal financial reporting purposes: Europe, Americas Retail, Americas Wholesale, Asia and Licensing. entered into term loans with certain banks primarily in Europe during fiscal 2021. These loans are primarily unsecured, have remaining terms of less than one year and incur interest at annual rates ranging between 1.5% to 6.0%. As of November 2, 2024 and February 3, 2024, the Company had outstanding borrowings of $5.0 million and $12.1 million, respectively, under these term loans. Finance Lease Obligations The Company has entered into finance leases for equipment used in its European distribution centers. These finance lease agreements provide for monthly minimum lease payments and expire on various dates through May 2027 with an average effective interest rate of approximately 4%. As of November 2, 2024 and February 3, 2024, these finance lease obligations totaled $5.6 million and $8.1 million, respectively. The Company also has smaller finance leases related to computer hardware and software and other equipment. As of November 2, 2024 and February 3, 2024, these finance lease obligations totaled $5.2 million and $7.3 million, respectively. <div style="margin-

bottom:5pt;margin-top:5pt;text-align:justify">Mortgage Debt During fiscal 2017, the Company entered into a ten-year $21.5 million real estate secured loan (the "Mortgage Debt") which was secured by the Company's U.S. distribution center based in Louisville, Kentucky. The Mortgage Debt required the Company to comply with a fixed charge coverage ratio on a trailing four-quarter basis if consolidated cash, cash equivalents, short-term investment balances and availability under borrowing arrangements fell below certain levels. In addition, the Mortgage Debt contained customary covenants, including covenants that limited or restricted the Company's ability to incur liens on the mortgaged property and enter into certain contractual obligations. Upon the occurrence of an event of default under the Mortgage Debt, the lender could have terminated the Mortgage Debt and declared all amounts outstanding to be immediately due and payable. The Mortgage Debt specified a number of events of default (some of which were subject to applicable grace or cure periods), including, among other things, non-payment defaults, covenant defaults, cross-defaults to other material indebtedness, bankruptcy and insolvency defaults and material judgment defaults. In May 2023, the Company amended the terms of the Mortgage Debt, which was previously payable at a variable rate based on the London Interbank Offered Rate ("LIBOR"), to provide for the interest rate to be based on the Secured Overnight Financing Rate ("SOFR"), effective May 1, 2023. The Company also amended its existing interest rate swap agreement, resulting in a swap fixed rate of approximately 3.14%. During the nine months ended November 2, 2024, the Company paid the $16.3 million remaining balance of the Mortgage Debt when it sold the associated building and land and extinguished this debt. Credit Facilities Long-Term 2023 Credit Facility During fiscal 2023, the Company amended and restated its senior secured asset-based revolving credit facility with Bank of America, N.A. and other lenders party thereto to extend the maturity date of the credit facility to December 20, 2027, among other changes (as amended, the "2023 Credit Facility"). In addition, the Company entered into agreements to amend the 2023 Credit Facility to permit, among other things, an exchange and subscription offering and certain related transactions on each of April 12, 2023 and March 28, 2024. The 2023 Credit Facility previously provided for a borrowing capacity in an amount up to $150 million, which was increased in March 2024 by $50 million to a total borrowing capacity under the facility up to $200 million. The borrowing facility includes a Canadian sub-facility up to $20 million, subject to a borrowing base. Based on applicable accounts receivable, inventory and eligible cash, subject to certain allowances, the Company could have borrowed up to $192.3 million under the 2023 Credit Facility as of November 2, 2024. The 2023 Credit Facility has an option to expand the borrowing capacity by up to $100 million subject to certain terms and conditions, including the willingness of existing or new lenders to assume such increased amount. The 2023 Credit Facility is available for direct borrowings and the issuance of letters of credit, subject to certain letters of credit sublimits, and may be used for repayment of debt, working capital and other general corporate purposes. As of November 2, 2024, the Company had $7.7 million in outstanding standby letters of credit, no outstanding documentary letters of credit and no outstanding borrowings under the 2023 Credit Facility. As of February 3, 2024, the Company had $6.6 million in outstanding standby letters of credit, no outstanding documentary letters of credit and no outstanding borrowings under the 2023 Credit Facility. All obligations under the 2023 Credit Facility are unconditionally guaranteed by the Company and the Company's existing and future domestic and Canadian subsidiaries, subject to certain exceptions, and are secured by a first priority lien on substantially all of the assets of the Company and such domestic and Canadian subsidiaries, as applicable. Direct borrowings under the 2023 Credit Facility made by the Company and its domestic subsidiaries bear interest at the U.S. base rate plus an applicable margin (varying from 0.25% to 0.75%) or at Term SOFR plus a spread adjustment plus an applicable margin (varying from 1.25% to 1.75%), provided that Term SOFR may not be less than zero. The U.S. base rate is based on the greater of (i) the U.S. prime rate, (ii) the federal funds rate, plus 0.5%, and (iii) Term SOFR plus a spread adjustment for a 30-day interest period, plus 1.0%, provided that the U.S. base rate may not be less than zero. Direct borrowings under the 2023 Credit Facility made by the Company's Canadian subsidiaries bear interest at the Canadian prime rate plus an applicable margin (varying from 0.25% to 0.75%) or at the Term Canadian Overnight Repo Rate Average ("CORRA") rate plus an applicable margin (varying from 1.25% to 1.75%), provided that the Term CORRA rate may not be less than zero. The Canadian rate is based on the greater of (i) the Canadian prime rate and (ii) the Term CORRA rate for a one-month interest period, plus 1.0%, provided that the Canadian prime rate may not be less than zero. The applicable margins are calculated quarterly and vary based on the average daily availability of the aggregate borrowing base. The Company is also obligated to pay certain commitment, letter of credit and other fees customary for a credit facility of this size and type. The 2023 Credit Facility contains various annual sustainability key performance targets, the achievement of which would result in an adjustment to the interest margin ranging from plus 5 basis points to minus 5 basis points per year and the commitment fee ranging from plus 1 basis point to minus 1 basis point per year. The 2023 Credit Facility requires the Company to comply with a fixed charge coverage ratio on a trailing four-quarter basis if a default or an event of default occurs under the 2023 Credit Facility or availability under the 2023 Credit Facility falls below the greater of 10% of the aggregate borrowing base or $12.5 million. In addition, the 2023 Credit Facility contains customary covenants, including covenants that limit or restrict the Company and certain of its subsidiaries' ability to: incur liens, incur indebtedness, make investments, dispose of assets, make certain restricted payments, merge or consolidate and enter into certain transactions with affiliates. Upon the occurrence of an event of default under the 2023 Credit Facility, the lenders may cease making loans, terminate the 2023 Credit Facility and declare all amounts outstanding to be immediately due and payable. The 2023 Credit Facility specifies a number of events of default (some of which are subject to applicable grace or cure periods), including, among other things, non-payment defaults, covenant defaults, cross-defaults to other material indebtedness, bankruptcy and insolvency defaults, and material judgment defaults. The 2023 Credit Facility allows for both secured and unsecured borrowings outside of the 2023 Credit Facility up to specified amounts. Long-Term 2024 Credit Facility During fiscal 2023, Guess Europe Sagl, a wholly owned subsidiary of the Company, entered into a credit agreement for a €250 million revolving credit facility with an initial five-year term. During the second quarter of fiscal 2025, Guess Europe Sagl entered into agreements with certain lenders, which expanded the borrowing capacity under the credit agreement (as amended, the "2024 Credit Facility") from €250 million to €350 million. In connection with the €100 million expansion in the size of the revolving line of credit, the 2024 Credit Facility provides for an increase in the applicable margin for outstanding borrowings and unused commitments under the revolving credit facility. Borrowings under the 2024 Credit Facility bear interest based on the daily balance outstanding at the Euro Interbank Offered Rate (EURIBOR) plus an applicable margin (varying from 1.10% to 1.45%), provided that EURIBOR may not be less than zero. The 2024 Credit Facility carries a commitment fee equal to the available but unused borrowing capacity multiplied by 35% of an applicable margin (varying from 1.10% to 1.45%). The Company is also required to pay a utilization fee on the total amount of the loans outstanding under the 2024 Credit Facility at rates varying from 0.10% to 0.20%, depending on the balance outstanding. The applicable margins are calculated quarterly and vary based on the leverage ratio of the guarantor and its subsidiaries as set forth in the 2024 Credit Facility. The 2024 Credit Facility contains various annual sustainability key performance targets, the achievement of which would result in an adjustment to the interest margin ranging from plus 5 basis points to minus 5 basis points per year. The 2024 Credit Facility includes a financial covenant requiring a maximum leverage ratio of the guarantor and its subsidiaries and also includes customary representations and warranties, affirmative and negative covenants and events of default. As of November 2, 2024, the Company had $232.9 million of outstanding borrowings and $146.3 million available for future borrowings under the 2024 Credit Facility. As of February 3, 2024, the Company had no outstanding borrowings and $269.7 million available for future borrowings under the revolving credit facility prior to its amendment in 2024. Other Credit Facilities The Company, through its Chinese subsidiary, maintains a short-term uncommitted bank borrowing agreement that provides for a borrowing capacity up to $30 million, primarily for working capital purposes. The Company had $26.7 million and $17.9 million in outstanding borrowings under this agreement as of November 2, 2024 and February 3, 2024, respectively. The Company, through its Japanese subsidiary, maintains a short-term uncommitted bank borrowing agreement that provides for a borrowing capacity up to ¥1.0 billion ($6.5 million), primarily for working capital purposes. The Company had $2.9 million and $3.7 million in outstanding borrowings under this agreement as of November 2, 2024 and February 3, 2024, respectively.</span></div>From time-to-time, the Company will obtain other financing in foreign countries for working capital to finance its local operations.<div style="margin-bottom:5pt;margin-top:5pt;text-align:justify;text-indent:22.5pt"><span style="color:#000000;font-family:'Times New Roman',sans-serif;font-size:11.5pt;font-weight:400;line-height:120%">Borrowings and finance lease obligations are summarized (in thousands):</span></div><div style="margin-bottom:5pt;margin-top:5pt"><table style="border-collapse:collapse;display:inline-table;margin-bottom:5pt;vertical-align:text-bottom;width:100.000%"><tr><td style="width:1.0%"></td><td style="width:72.438%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:11.765%"></td><td style="width:0.1%"></td><td style="width:0.530%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:11.767%"></td><td style="width:0.1%"></td></tr><tr><td colspan="3" style="padding:2px 1pt;text-align:left;vertical-align:bottom"><span style="color:#000000;font-family:'Times New Roman',sans-serif;font-size:11pt;font-weight:700;line-height:100%"> </span></td><td colspan="3" style="padding:2px 1pt;text-align:center;vertical-align:bottom"><span style="color:#000000;font-family:'Times New Roman',sans-serif;font-size:11pt;font-weight:700;line-height:100%">Nov 2, 2024</span></td><td colspan="3" style="padding:0 1pt"></td><td colspan="3" style="padding:2px 1pt;text-align:center;vertical-align:bottom"><span style="color:#000000;font-family:'Times New Roman',sans-serif;font-size:11pt;font-weight:700;line-height:100%">Feb 3, 2024</span></td></tr><tr><td colspan="3" style="background-color:#cceeff;padding:2px 1pt;text-align:left;vertical-align:bottom"><span style="color:#000000;font-family:'Times New Roman',sans-serif;font-size:11pt;font-weight:400;line-height:100%">Term loans</span></td><td style="background-color:#cceeff;border-top:1pt solid #000000;padding:2px 0 2px 1pt;text-align:left;vertical-align:bottom"><span style="color:#000000;font-family:'Times New Roman',sans-serif;font-size:11pt;font-weight:400;line-height:100%">$</td><td style="background-color:#cceeff;border-top:1pt solid #000000;padding:2px 0;text-align:right;vertical-align:bottom">4,967 </td><td style="background-color:#cceeff;border-top:1pt solid #000000;padding:2px 1pt 2px 0;text-align:right;vertical-align:bottom"></td><td colspan="3" style="background-color:#cceeff;padding:0 1pt"></td><td style="background-color:#cceeff;border-top:1pt solid #000000;padding:2px 0 2px 1pt;text-align:left;vertical-align:bottom">$</td><td style="background-color:#cceeff;border-top:1pt solid #000000;padding:2px 0;text-align:right;vertical-align:bottom">12,060 </td><td style="background-color:#cceeff;border-top:1pt solid #000000;padding:2px 1pt 2px 0;text-align:right;vertical-align:bottom"></td></tr><tr><td colspan="3" style="background-color:#ffffff;padding:2px 1pt;text-align:left;vertical-align:bottom">Finance

Pursuant to the exchange and subscription agreements, the Company exchanged approximately $184.9 million in aggregate principal amount of its 2024 Notes for $163.0 million in aggregate principal amount of Initial 2028 Notes and an aggregate of approximately $33.3 million in cash, representing accrued and unpaid interest and other consideration on the 2024 Notes, and issued $112.0 million aggregate principal amount of Initial 2028 Notes for cash at par. Immediately following the closing of the aforementioned April 2023 transactions, $115.1 million in aggregate principal amount of the 2024 Notes remained outstanding. In addition, the Company concurrently repurchased $42.8 million, including excise tax, of its common stock through broker-assisted market transactions, pursuant to the Company’s 2021 Share Repurchase Program. The Company evaluated all April 2023 exchanges and determined approximately 74% of the exchanged notes were accounted for as extinguishment of debt and approximately 26% were accounted for as modification of debt. As a result of these transactions entered into during April 2023, the Company recognized a $7.7 million loss on extinguishment of debt during the first quarter of fiscal 2024. In January 2024, the Company exchanged approximately $67.1 million of its 2024 Notes for approximately $64.8 million of additional 3.75% convertible senior notes due 2028 (the “January Additional 2028 Notes”) in privately negotiated exchange and subscription agreements with a limited number of holders of its 2024 Notes. The January Additional 2028 Notes have the same terms, constitute a single series with, and have the same CUSIP number as the Initial 2028 Notes. The January Additional 2028 Notes were initially recorded at fair value of approximately $71.9 million upon the exchange. Immediately following the closing of these January 2024 transactions, approximately $48.1 million of the 2024 Notes remained outstanding and classified within current liabilities. In addition, the Company concurrently repurchased $21.3 million, including excise tax, of its common stock through broker-assisted market transactions, pursuant to the Company’s 2021 Share Repurchase Program. The Company evaluated all January 2024 exchanges and determined that all of the exchanged notes were accounted for as extinguishment of debt. As a result of these transactions entered into during January 2024, the Company recognized a $4.7 million loss on extinguishment of debt during the fourth quarter of fiscal 2024. In March 2024, the Company exchanged approximately $14.6 million of its 2024 Notes for approximately $12.1 million of additional 3.75% convertible senior notes due 2028 (the “March Additional 2028 Notes”, together with the January Additional 2028 Notes, the “Additional 2028 Notes”, collectively with the “Initial 2028 Notes”, the “2028 Notes”) in a privately negotiated exchange and subscription agreement with a holder of its 2024 Notes. The March Additional 2028 Notes have the same terms, constitute a single series with, and have the same CUSIP number as the Initial 2028 Notes. The March Additional 2028 Notes were initially recorded at fair value of approximately $16.7 million upon the exchange. Immediately following the closing of this March 2024 transaction, approximately $33.5 million of the 2024 Notes remained outstanding, which were settled during April 2024. In addition, the Company concurrently repurchased $10.3 million of its common stock through broker-assisted market transactions, pursuant to the Company’s 2024 Share Repurchase Program. The Company evaluated the March 2024 exchange and determined that all of the exchanged notes were accounted for as extinguishment of debt. As a result of this transaction entered into during March 2024, the Company recognized a $2.0 million loss on extinguishment of debt during the first quarter of fiscal 2025. 3.75% Convertible Senior Notes due 2028 In connection with the issuance of the Initial 2028 Notes, the Company entered into an indenture (the “2028 Indenture”) with respect to the 2028 Notes with U.S. Bank Trust Company, N.A., as trustee (the “2028 Trustee”). The 2028 Notes are senior unsecured obligations of the Company and bear interest at an annual rate of 3.75% payable semi-annually in arrears on April 15 and October 15 of each year, beginning on October 15, 2023. The 2028 Notes will mature on April 15, 2028, unless earlier repurchased or converted in accordance with their terms. The 2028 Notes are convertible in certain circumstances into cash, shares of the Company’s common stock, or a combination of cash and shares of the Company’s common stock, at the Company’s election, at an initial conversion rate of 40.4858 shares of common stock per $1,000 principal amount of 2028 Notes, which is equivalent to an initial conversion price of approximately $24.70 per share, subject to adjustment upon the occurrence of certain events. In accordance with the terms of the 2028 Indenture, the Company has adjusted the conversion rate and the conversion price of the 2028 Notes for quarterly dividends exceeding $0.225 per share (the conversion price is approximately $22.22 per share as of November 2, 2024). Prior to November 15, 2027, the 2028 Notes are convertible only upon the occurrence of certain events and during certain periods, and thereafter, at any time until the close of business on the second scheduled trading day immediately preceding the maturity date of the 2028 Notes. The 2028 Notes are not redeemable prior to maturity, unless certain significant corporate events occur, and no sinking fund is provided for the 2028 Notes. As of November 2, 2024, none of the conditions allowing holders of the 2028 Notes to convert had been met. The Company expects to settle the principal amount of the 2028 Notes in fiscal 2029 in cash and any excess in shares. If the Company undergoes a “fundamental change,” as defined in the 2028 Indenture, subject to certain conditions, holders of the 2028 Notes may require the Company to purchase for cash all or any portion of their 2028 Notes. The fundamental change purchase price will be 100% of the principal amount of the 2028 Notes to be purchased plus any accrued and unpaid interest up to but excluding the fundamental change purchase date. The 2028 Indenture contains certain other customary terms and covenants, including that upon certain events of default occurring and continuing, either the 2028 Trustee or the holders of at least 25% in principal amount of the outstanding 2028 Notes may declare 100% of the principal of, and accrued and unpaid interest on, all the 2028 Notes to be

due and payable. In connection with the exchange of the 2024 Notes in January 2024 and March 2024, the conversion feature embedded in the Additional 2028 Notes failed to satisfy the requirements for the derivative scope exception for contracts indexed to the Company's own stock. The conversion feature of the Additional 2028 Notes required bifurcation from the host contract. The embedded derivative was measured at fair value of $7.8 million as of November 2, 2024. As of the transaction dates, a total debt discount of $11.8 million was recorded as the excess of the principal amount of the Additional 2028 Notes over the fair value of the host contract. During the first quarter of fiscal 2025, the Company incurred approximately $0.9 million of debt issuance costs related to the March Additional 2028 Notes including third-party offering costs. During fiscal 2024, the Company incurred $5.9 million and $2.0 million of debt issuance costs related to the Initial 2028 Notes and the January Additional 2028 Notes, respectively, including third-party offering costs. Debt issuance costs were recorded as a contra-liability (other than $0.5 million expensed related to the 2024 Notes that were subject to modification accounting) and are presented net against the 2028 Notes balance on the Company's condensed consolidated balance sheets. These costs are being amortized to interest expense over the term of the 2028 Notes. 2.00% Convertible Senior Notes due 2024 In April 2019, the Company issued $300 million principal amount of the 2024 Notes in a private offering. In connection with the issuance of the 2024 Notes, the Company entered into an indenture (the "2024 Indenture") with respect to the 2024 Notes with U.S. Bank N.A., as trustee. The 2024 Notes were senior unsecured obligations of the Company and bore interest at an annual rate of 2.00% payable semi-annually in arrears on April 15 and October 15 of each year. The Company incurred $5.3 million of debt issuance costs, which were comprised of $3.8 million of discounts and commissions payable to the initial purchasers and approximately $1.5 million of third-party offering costs. These costs were amortized to interest expense over the term of the 2024 Notes. The 2024 Notes were convertible as described below into cash, shares of the Company's common stock, or a combination of cash and shares of the Company's common stock, at the Company's election, at an initial conversion rate of 38.7879 shares of common stock per $1,000 principal amount of 2024 Notes, which was equivalent to an initial conversion price of approximately $25.78 per share, subject to adjustment upon the occurrence of certain events. In accordance with the terms of the 2024 Indenture, the Company had adjusted the conversion rate and the conversion price of the 2024 Notes for quarterly dividends exceeding $0.1125 per share. Prior to November 15, 2023, the 2024 Notes were convertible only upon the occurrence of certain events and during certain periods. Beginning November 15, 2023, the 2024 Notes became convertible at any time until the close of business on the second scheduled trading day immediately preceding the maturity date of the 2024 Notes. The 2024 Notes were not redeemable prior to maturity, unless certain significant corporate events occurred, and no sinking fund was provided for the 2024 Notes. In April 2024, upon maturity of the 2024 Notes, the Company settled the remaining $33.5 million principal amount of the 2024 Notes for $33.3 million in cash and 122,313 shares of common stock. The Company also exercised the convertible note hedge in connection with the remaining 2024 Notes and received 90,729 shares of common stock, which were recorded at fair value on settlement. As of November 2, 2024, there were no 2024 Notes outstanding.</span></div><div style="margin-bottom:5pt;margin-top:5pt;text-align:justify;text-indent:22.5pt"><span the Notes is determined based on inputs that are observable in the market and have been classified as Level 2 in the fair value hierarchy. 2The unamortized debt discount related to the Initial 2028 Notes is due to the result of the modification accounting for a portion of the exchanged notes. This discount represents both an increase in the fair value of the embedded conversion feature, which is calculated as the difference between the fair value of the embedded conversion feature immediately before and after the exchange, and cash paid to modified noteholders. The change in conversion feature value reduces the carrying amount of the convertible debt instrument with a corresponding increase in additional paid-in capital. The additional cash paid to modified noteholders increased the debt discount. This debt discount is being amortized to interest expense over five years. 3For each of the three and nine months ended November 2, 2024, the weighted average effective interest rate including amortization of debt discount and issuance costs was 4.5% and 9.3% for the Initial 2028 Notes and Additional 2028 Notes, respectively. For each of the three and nine months ended October 28, 2023, the weighted average effective interest rate including amortization of debt discount and issuance costs was 4.5% for the Initial 2028 Notes. 4The fair value of the embedded derivative is measured using significant unobservable inputs and are classified as Level 3 in the fair value hierarchy. Warrant Transactions In April 2023, in connection with the offering of the Initial 2028 Notes, the Company entered into convertible note hedge transactions whereby the Company had the option to purchase a total of approximately 11.1 million shares of its common stock at an initial strike price of approximately $24.70 per share (the “Initial 2028 Bond Hedge”). The total cost of the Initial 2028 Bond Hedge transactions was $51.8 million. In addition, the Company sold warrants whereby the holders of the warrants had the option to purchase a total of approximately 11.1 million shares of the Company’s common stock at an initial strike price of $41.80 per share (the “Initial 2028 Warrants”). The Company received $20.2 million in cash proceeds from the sale of these warrants. Both the number of shares underlying the Initial 2028 Bond Hedge and the Initial 2028 Warrants and the strike price of the instruments are subject to customary adjustments. In accordance with the original terms of the Initial 2028 Bond Hedge confirmations and the Initial 2028 Warrants confirmations, the Company has adjusted the strike prices with respect to the Initial 2028 Bond Hedge and the Initial 2028 Warrants for quarterly dividends exceeding $0.225 per share (approximately $22.22 per share and $37.61 per share, respectively, as of November 2, 2024). The purchase of the Initial 2028 Bond Hedge is intended to offset dilution from the conversion of the Initial 2028 Notes to the extent the market price per share of the Company’s common stock exceeds the then-applicable strike price of the Initial 2028 Bond Hedge. The warrant transaction may have a dilutive effect with respect to the Company’s common stock to the extent the market price per share of the Company’s common stock exceeds the then-applicable strike price of the warrants. In April 2023, the Initial 2028 Bond Hedge and the Initial 2028 Warrants were recorded in stockholders’ equity, were not accounted for as derivatives and were not remeasured each reporting period. Concurrently, in connection with the retirement of $184.9 million in principal amount of the 2024 Notes in April 2023, the Company entered into Partial Termination Agreements with certain financial institutions to unwind a portion of the convertible note hedge transactions and warrant transactions the Company had entered into in connection with the issuance of the 2024 Notes. The terminated portion is in a notional amount corresponding to the amount of exchanged 2024 Notes. As a result, the Company received $7.2 million, which reduced the number of purchase options to approximately 4.6 million shares of common stock at an adjusted strike price of approximately $24.92 per share. Additionally, the Company paid $1.0 million related to terminated warrants, which reduced the number of shares that may be purchased pursuant to the warrants to 4.6 million shares of common stock at an adjusted strike price of approximately $45.31 per share. This transaction resulted in a $6.2 million net increase in additional paid-in capital in the Company’s condensed consolidated balance sheet as of April 29, 2023. For the remaining portion of the convertible note hedge transactions and warrant transactions entered into in connection with the 2024 Notes, both the number of shares underlying the instruments and the strike price of the instruments were subject to customary adjustments pursuant to their original terms. In accordance with the original terms of the convertible note hedge confirmations and warrant confirmations, the Company had adjusted the strike prices with respect to the convertible note hedges and warrants for quarterly dividends exceeding $0.1125 per share. The remaining convertible note hedges and warrant transactions continued to serve to partially offset the potential dilution arising from the conversion of the 2024 Notes that remained outstanding. In connection with the exchange of the 2024 Notes in January 2024 and March 2024, the Company purchased incremental bond hedges (the “Additional 2028 Bond Hedge”, together with the Initial 2028 Bond Hedge, the “2028 Bond Hedge”) and sold incremental warrants (the “Additional 2028 Warrants”) with the same terms and conditions as the Initial 2028 Bond Hedge and the Initial 2028 Warrants, each with a notional amount equal to the notional amount of the Additional 2028 Notes. The Company paid premiums of $16.2 million and $6.5 million to purchase the Additional 2028 Bond Hedge in January 2024 and March 2024, respectively, and received $5.8 million and $3.7 million for the issuance of the Additional 2028 Warrants in January 2024 and March 2024, respectively. The Additional 2028 Bond Hedge purchased and the Additional 2028 Warrants issued have terms that are identical to the Initial 2028 Bond Hedge and the Initial 2028 Warrants, except the notional amounts match the number of shares issuable upon conversion of the Additional 2028 Notes. Similarly, in connection with the retirement of $67.1 million and $14.6 million in principal amount of the 2024 Notes in January 2024 and March 2024, respectively, the Company entered into Partial Termination Agreements with certain financial institutions to unwind a portion of the convertible note hedge transactions and warrant transactions the Company had entered into in connection with the issuance of the 2024 Notes. The terminated portion is in a notional amount corresponding to the amount of exchanged 2024 Notes. As a result, the Company received $1.9 million and $1.3 million for the unwind of the convertible bond hedge in January 2024 and March 2024, respectively, and paid $0.1 million and $0.5 million for the unwind of the warrants in January 2024 and March 2024, respectively. These transactions in January 2024 and March 2024 resulted in net increases of $1.8 million and $0.8 million, respectively, in paid-in capital in the Company’s consolidated balance sheet as of May 4, 2024. As a result of the unwind transactions, the convertible note hedge transactions and warrant transactions that remained outstanding had a notional amount of approximately 1.3 million shares of common stock, corresponding to the number of shares into which the remaining 2024 Notes were convertible. In addition, upon maturity of the 2024 Notes in April 2024, the Company exercised the convertible note hedge in connection with the remaining 2024 Notes and there was no outstanding convertible note hedge as of November 2, 2024. The warrant transactions remain outstanding and have a notional amount of approximately 0.3 million shares of common stock with a current strike price of $40.65 per share as of November 2, 2024. The Additional 2028 Warrants meet the scope exception for derivatives indexed to and settled in the Company’s own stock. Therefore, the Additional 2028 Warrants are recorded in stockholders’ equity, are not accounted for as derivatives and are not remeasured each reporting period. The Additional 2028 Bond Hedge does not qualify for the scope exception for derivatives indexed to the Company’s own stock because the settlement of the Additional 2028 Bond Hedge is indexed to the same inputs as the settlement of the Additional 2028 Notes which do not qualify for the scope exception. Additionally, in connection with the purchase of the Additional 2028 Bond Hedge, the Initial 2028 Bond Hedge was modified and merged with the Additional 2028 Bond Hedge. The result is that the Initial 2028 Bond Hedge no longer qualifies for the derivative scope exception for contracts

indexed to the Company's own stock. As a result, in January 2024, the Company recognized a derivative asset of $84.7 million for the 2028 Bond Hedge in other assets in the Company's condensed consolidated balance sheet, of which $16.2 million relates to the Additional 2028 Bond Hedge purchased for cash and $68.5 million relates to the reclassification of the pre-existing Initial 2028 Bond Hedge, which resulted in an increase of $68.5 million in paid-in capital in the Company's condensed consolidated balance sheet. The 2028 Bond Hedge is subsequently required to be remeasured to fair value each reporting period with changes in fair value recognized in net earnings (loss).</span></div>2750000000.037518490000016300000033300000112000000115100000428000000.740.26-770000006710000064800000.037571900000481000002130000047000001460000012100000.037516700000033500000103000020000000.03750.037524.700.22522.2210.25178000001180000090000059000002000000500000.020030000000000.020053000003800000150000025.780.112533500000style="margin-bottom:5pt;margin-top:5pt;text-align:justify;text-indent:22.5pt"><span the Notes is determined based on inputs that are observable in the market and have been classified as Level 2 in the fair value hierarchy. 2The unamortized debt discount related to the Initial 2028 Notes is due to the result of the modification accounting for a portion of the exchanged notes. This discount represents both an increase in the fair value of the embedded conversion feature, which is calculated as the difference between the fair value of the embedded conversion feature immediately before and after the exchange, and cash paid to modified noteholders. The change in conversion feature value reduces the carrying amount of the convertible debt instrument with a corresponding increase in additional paid-in capital. The additional cash paid to modified noteholders increased the debt discount. This debt discount is being amortized to interest expense over five years. 3For each of the three and nine months ended November 2, 2024, the weighted average effective interest rate including amortization of debt discount and issuance costs was 4.5% and 9.3% for the Initial 2028 Notes and Additional 2028 Notes, respectively. For each of the three and nine months ended October 28, 2023, the weighted average effective interest rate including amortization of debt discount and issuance costs was 4.5% for the Initial 2028 Notes. 4The fair value of the embedded derivative is measured using significant unobservable inputs and are classified as Level 3 in the fair value hierarchy.

left:14.75pt">As a result of the achievement of certain market-based vesting conditions, there were 43,150 shares that vested in addition to the original target number of shares granted in fiscal 2022. 72278019.5523591720.3517260117.77250920.9078358720.1843150Related Party Transactions The Company and its subsidiaries periodically enter into transactions with certain entities (the "Marciano Entities") that are owned by or for the respective benefit of, Paul Marciano, who is an executive and member of the Board of the Company, and Maurice Marciano, who is the brother of Paul Marciano and was a member of the Board until his retirement in September 2023. Leases The Company leases warehouse and administrative facilities from certain of the Marciano Entities. There were four of these leases in effect as of November 2, 2024 with expiration or option exercise dates ranging from calendar years 2025 to 2030, including two leases with respect to the Company's North American corporate headquarters in Los Angeles, California (the "Los Angeles Location"), a lease for the Company's Canadian warehouse and administrative facility in Montreal, Quebec (the "Montreal Location") and a lease for the Company's showroom and office space in Paris, France (the "Paris Location"). In August 2023, the Company (through a wholly-owned Canadian subsidiary) entered into a three-year lease extension through August 2026 with respect to the Montreal Location. All other material terms in the previously existing lease for the Montreal Location (including base rent of approximately CAD$0.6 million ($0.4 million) per year) remain the same. Aggregate lease costs recorded under the leases for the Los Angeles Location were $5.8 million and $5.6 million for the nine months ended November 2, 2024 and October 28, 2023, respectively. The Marciano Entities have a 100% ownership interest in the Los Angeles Location, with Mr. Maurice Marciano having a 56.3% ownership interest and Mr. Paul Marciano having a 43.7% ownership interest. Accordingly, Mr. Maurice Marciano's interest in the lease amounts for the Los Angeles Location were $3.3 million and $3.2 million for the nine months ended November 2, 2024 and October 28, 2023, respectively. Mr. Paul Marciano's interest in the lease amounts for the Los Angeles Location were $2.5 million and $2.4 million for the nine months ended November 2, 2024 and October 28, 2023, respectively. Aggregate lease costs recorded under the lease for the Montreal Location were $0.3 million for each of the nine months ended November 2, 2024 and October 28, 2023. The Marciano Entities have a 100% ownership interest in the Montreal Location, with each of Mr. Maurice Marciano and Mr. Paul Marciano having a 50% ownership interest. Accordingly, the interests in the lease amounts for the Montreal Location for each of Mr. Maurice Marciano and Mr. Paul Marciano were approximately $160,000 for each of the nine months ended November 2, 2024 and October 28, 2023. Aggregate lease costs recorded under the lease for the Paris Location were $1.0 million and $0.9 million for the nine months ended November 2, 2024 and October 28, 2023, respectively. The Marciano Entities have a 66.7% ownership interest in the Paris Location, with each of Mr. Maurice Marciano and Mr. Paul Marciano having a 33.3% ownership interest. Accordingly, the interests in the lease amounts for the Paris Location for each of Mr. Maurice Marciano and Mr. Paul Marciano were approximately $0.3 million for each of the nine months ended November 2, 2024 and October 28, 2023. The Company believes that, at the time it entered into the related party leases, the terms of such leases were no less favorable to the Company than would have been available from unaffiliated third parties. Refer to Note 3 for more information on lease commitments. Aircraft Arrangements The Company periodically charters aircraft owned by certain of the Marciano Entities through informal arrangements with such Marciano Entities and independent third-party management companies contracted by such Marciano Entities to manage their aircraft. The Marciano Entities have a 100% ownership interest in the aircraft, with each of Mr. Maurice Marciano and Mr. Paul Marciano having a 50% ownership interest. The total fees paid by the Company to the independent third-party management companies under these arrangements for the nine months ended November 2, 2024 and October 28, 2023 were approximately $2.3 million and $2.6 million, respectively. The approximate dollar value of the amount of each of Mr. Maurice Marciano's and Mr. Paul Marciano's interest in these transactions was approximately $1.0 million for each of the nine months ended November 2, 2024 and October 28, 2023, respectively. The Company believes that the terms of the charter arrangements are no less favorable to the Company than would have been available from unaffiliated third parties. Minority Investment The Company has a 30% ownership interest in a privately-held men's footwear company (the "Footwear Company"). The Marciano Entities have a 45% ownership interest in the Footwear Company, with each of Mr. Maurice Marciano and Mr. Paul Marciano having a 22.5% ownership interest. Accordingly, each of Mr. Maurice Marciano and Mr. Paul Marciano has a 22.5% interest in each of the transactions between the Company and the Footwear Company described below. In fiscal 2021, the Company provided the Footwear Company with a $2.0 million revolving credit facility at an annual interest rate of 2.75% and a maturity date of November 2023. In October 2023, the Company and the Footwear Company amended the revolving credit facility to extend the term by three years to November 30, 2026 and to adjust the interest rate, effective December 1, 2023, to a floating rate equal to the one month term SOFR plus 1.75% per annum. As of November 2, 2024 and February 3, 2024, the Company had a note receivable of $1.1 million and $0.6 million, respectively, included in other assets in its condensed consolidated balance sheets related to outstanding borrowings by the Footwear Company under this revolving credit facility. In May 2022, the Company entered into a Fulfillment Services Agreement with the Footwear Company under which the Company provides certain fulfillment services for the Footwear Company's U.S. wholesale and e-commerce businesses from the Company's U.S. distribution center on a cost-plus 5% basis. The Footwear Company also pays rent to the Company for the use of a small office space in the Company's U.S. headquarters. In June 2022, the Company (through a wholly-owned Swiss subsidiary) entered into a Distributorship Agreement with the Footwear Company under which the Company was designated as the exclusive distributor (excluding e-commerce) for the Footwear Company in the European Union and other specified countries. The Distributorship Agreement provided for (i) the Company to receive a 35% discount from the Footwear Company's wholesale prices, (ii) no minimum sales requirements or advertising spending requirements for the Company, (iii) an initial 15 month term with annual renewals thereafter, and (iv) other standard terms and conditions for similar arrangements. In May 2023, the Distributorship Agreement was amended to (i) reflect a reduction in the amount of sales services to be performed by the Company, (ii) revise the wholesale discount to 22%, and (iii) provide an annual 2% advertising commitment by the Company. During the nine months ended November 2, 2024, there were less than $2,500 in fees received with respect to the U.S. fulfillment services, approximately $8,700 in fees received with respect to office rent and $314,000 in amounts paid related to the distributorship arrangements. During the nine months ended October 28, 2023, there were approximately $9,500 in fees received with respect to the U.S. fulfillment services, approximately $13,000 in fees received with respect to office rent and less than $26,000 in amounts paid related to the distributorship arrangements. Vendor Purchases The Company purchases faux fur products from a privately-held fashion accessories company (the "Fashion Company"). The Marciano Entities have a 16% ownership interest in the Fashion Company, with each of Mr. Maurice Marciano and Mr. Paul Marciano having an 8% ownership interest. In addition, Carlos Alberini, Chief Executive Officer of the Company, has a 4% ownership interest in the Fashion Company. The total payments made by the Company to the Fashion Company were approximately $2.8 million and $3.0 million for the nine months ended November 2, 2024 and October 28, 2023, respectively. Based on their respective ownership interests in the Fashion Company, the approximate dollar value of the amount of each individual's interest in these transactions were approximately (i) for each of Mr. Maurice Marciano and Mr. Paul Marciano, $221,000 and $242,000 for the nine months ended November 2, 2024 and October 28, 2023, respectively, and (ii) for Mr. Alberini, $111,000 and $121,000 for the nine months ended November 2, 2024 and October 28, 2023, respectively. The Company believes that the price paid by the Company for the Fashion Company's products and the terms of the transactions between the Company and the Fashion Company have not been affected by this passive investment of Messrs. Marciano and Mr. Alberini in the Fashion Company. Vendor Collaboration During April 2023, the Company entered into a co-branding collaboration arrangement in connection with a large-scale music festival with a privately-held alcoholic beverage company (the "Beverage Company"). The Marciano Entities have a 15% ownership interest in the Beverage Company, with each of Mr. Maurice Marciano and Mr. Paul Marciano having a 7.5% ownership interest. In addition, Nicolai Marciano, the Chief New Business Development Officer of the Company and son of Mr. Paul Marciano, has a 1.4% ownership interest in the Beverage Company. Accordingly, each of Mr. Maurice Marciano and Mr. Paul Marciano has a 7.5% interest and Mr. Nicolai Marciano has a 1.4% interest in the transaction between the Company and the Beverage Company described below. The co-branding arrangement provided for (i) the Beverage Company to pay a $100,000 fee, provide certain beverage products, facilitate the acquisition of additional third-party sponsors for the event and co-brand its social media posts with the Company and (ii) the Company to engage social-media influencers to attend the event and promote both companies through social-media posts, and provide promotional travel, lodging, hospitality and other ancillary expenses for select attendees at the co-branded event. Charitable Donations The Company has periodically made donations to Smile Project, a charitable organization of which director Elsa Michael is co-founder and president, consisting of monetary donations made through Guess Foundation (Italy) and product donations made by one of the Company's European subsidiaries. Ms. Michael does not receive any compensation in connection with her work with Smile Project. The total amount of donations made by the Company to Smile Project during the nine months ended November 2, 2024 were approximately $124,000, consisting of product donations valued at $102,000 and monetary donations of $22,000. The total amount of donations made by the Company to Smile Project during the nine months ended October 28, 2023 were approximately $505,000, consisting of a product donations valued at $483,000 and monetary donations of $22,00042P3Y60000040000058000000560000010.5630.437330000032000002500000240000030000030000010.500.501600001600001600001600001000000900000.6 and Contingencies Investment Commitments As of November 2, 2024, the Company had an unfunded commitment to invest €3.7 million ($4.0 million) in certain private equity funds. Refer to Note 16 for further information. Legal and Other Proceedings The Company is involved in legal proceedings, arising both in the ordinary course of business and otherwise, including the proceedings described below as well as various other claims and other matters incidental to the Company's business. Unless otherwise stated, the resolution of any particular proceeding is

*not currently expected to have a material adverse impact on the Company's financial position, results of operations or cash flows. Even if such an impact could be material, the Company may not be able to estimate the reasonably possible loss or range of loss until developments in the proceedings have provided sufficient information to support an assessment. The Company has received customs tax assessment notices from the Italian Customs Agency ("ICA") regarding its customs tax audit of one of the Company's European subsidiaries for the period from July 2010 through December 2012. Such assessments totaled €9.8 million ($10.6 million), including potential penalties and interest through such assessment dates. The Company strongly disagreed with the ICA's positions and therefore filed appeals with the Milan First Degree Tax Court ("MFDTC"). Those appeals were split into a number of different cases that were then heard by different sections of the MFDTC. The MFDTC ruled in favor of the Company on all of these appeals. The ICA subsequently appealed €9.7 million ($10.5 million) of these favorable MFDTC judgments with the Appeals Court. As of November 2, 2024, €8.5 million ($9.2 million) have been decided in favor of the Company and €1.2 million ($1.3 million) have been decided in favor of the ICA. The Company believes that the unfavorable Appeals Court ruling is incorrect and inconsistent with the prior rulings on similar matters by both the MFDTC and other judges within the Appeals Court, and has appealed the decision to the Supreme Court. The ICA has appealed most of the favorable Appeals Court rulings to the Supreme Court. As of November 2, 2024, of the cases that have been appealed to the Supreme Court, €1.5 million ($1.6 million) have been decided in favor of the Company based on the merits of the case and €0.2 million ($0.2 million) have been remanded back to the lower court for further consideration. There can be no assurances the Company will be successful in the remaining appeals. It also continues to be possible that the Company will receive similar or even larger assessments for periods subsequent to December 2012 or other claims or charges (including additional interest amounts) related to the matter in the future. Although the Company believes that it has a strong position and will continue to vigorously defend this matter, it is unable to predict with certainty whether or not these efforts will ultimately be successful or whether the outcome will have a material impact on the Company's financial position, results of operations or cash flows. On January 11, 2022, Legion Partners Holdings, LLC ("Legion"), a stockholder of Guess common stock, sent two letters to the Board of Directors of Guess (the "Board"). One letter sought books and records pursuant to Section 220 of the Delaware General Corporation Law (the "220 Demand") to purportedly investigate potential breaches of fiduciary duties by the Board in connection with the Board's renomination of Mr. Maurice Marciano to the Board and certain related party transactions. The second letter demanded that the Board take action to cause the Company to investigate and commence legal proceedings for breach of fiduciary duty claims the Company may have in connection with alleged misconduct of Mr. Paul Marciano, the Board's oversight of and response to such alleged misconduct, and the Board's review and approval of certain related-party transactions (the "Litigation Demand"). On January 31, 2022, the Company responded to both letters informing Legion that the Company was reviewing the formation of a committee in response to the Litigation Demand and detailing the deficiencies with the 220 Demand under Delaware law, including that Legion failed to state a proper purpose and that the scope of Legion's requested books and records was overbroad. The Company subsequently formed a Demand Review Committee, which engaged in a review of the matters detailed in the Litigation Demand. On April 14, 2022, the Employees Retirement System of Rhode Island ("ERSRI"), a stockholder of Guess common stock, sent a letter to the Company seeking books and records pursuant to Section 220 of the Delaware General Corporation Law to purportedly investigate potential breaches of fiduciary duties by the Board in connection with alleged misconduct of Mr. Paul Marciano, the Board's oversight of and response to such alleged misconduct, and the Board's review and approval of certain related-party transactions. The Company responded to the letter on April 19, 2022, negotiated a Confidentiality Agreement, and completed its production of books and records to ERSRI. On September 19, 2022, ERSRI filed a stockholder derivative lawsuit styled Employees Retirement System of Rhode Island, derivatively on behalf of Guess?, Inc. v. Paul Marciano, et al., in the Court of Chancery of the State of Delaware against the Company, as the nominal defendant, Mr. Paul Marciano and other members of the Board, alleging breach of fiduciary duties relating to the continued service of Mr. Paul Marciano as a director of the Board and as the Company's Chief Creative Officer following prior allegations of improper conduct by him relating to the treatment of models and other women. ERSRI did not make a demand on the Board before instituting the lawsuit and alleged such demand would have been futile. On October 28, 2022, ERSRI amended the complaint to include an additional basis for alleging demand futility. ERSRI sought monetary damages and possible injunctive relief. On September 29, 2023, the Company and all defendants in the ERSRI action entered into a Stipulation and Agreement of Compromise, Settlement, and Release (the "Stipulation"), which was approved by the Court on January 4, 2024 and resolved all claims asserted against all defendants in the ERSRI action without any admission or finding of wrongdoing attributed to them personally or to the Company. Under the terms of the Stipulation, the Company will implement certain governance and compliance enhancements. These enhancements include an agreement by the Company to appoint two new independent directors to the Board, including one to be selected by ERSRI and mutually agreed to by the Company, by no later than the Company's 2025 Annual Meeting of Shareholders. The governance enhancements also include the establishment of a Diversity, Equity, and Inclusion Council (the "DEI Council"), which will be comprised of the aforementioned new independent director to be selected by ERSRI and two consultants, including one consultant to be selected by ERSRI. Once formed, the DEI Council will report directly to the Board and be responsible for overseeing the development and implementation of the Company's policies and procedures related to harassment, discrimination and retaliation, including, in certain circumstances, having the authority to conduct investigations and to recommend disciplinary action, up to and including termination, of senior executives or Board members found to have engaged in misconduct. The DEI Council will also be responsible for overseeing a commitment to be added to the Company's Governance Guidelines regarding the Company's measures to prevent and respond to sexual harassment and discrimination. The Stipulation also includes certain agreements by Mr. Paul Marciano relating to meetings or activities with current or prospective Company models. In addition to the governance enhancements, pursuant to the Stipulation, (a) the defendants in the ERSRI action caused the Company to receive (i) a payment of $22 million upon Court approval of the settlement pursuant to the terms of the Stipulation, and (ii) the right to receive an additional payment of $8 million contingent on the recovery from the insurers currently being sought by the Company and the insureds in pending litigation against the insurers, and (b) the Company was responsible to pay an attorney's fee award to ERSRI's counsel. The $22 million received by the Company and the related attorney's fee award under the terms of the Stipulation was accounted for by the Company when approved by the Court. On February 16, 2023, Legion filed a stockholder derivative lawsuit styled Legion Partners Holdings, LLC, derivatively on behalf of Guess?, Inc. v. Paul Marciano, et al. in the Court of Chancery of the State of Delaware against the Company, as the nominal defendant, Mr. Paul Marciano and other members of the Board, alleging breach of fiduciary duties relating to the continued service of Mr. Paul Marciano to the Company following the prior allegations described in the ERSRI stockholder derivative lawsuit. Legion sought monetary damages and possible injunctive relief. On March 15, 2023, the Company moved for a more definite statement and moved to dismiss or stay the action. On May 9, 2023, Legion voluntarily dismissed the claims against Mr. Paul Marciano without prejudice. On April 3, 2024, based on the settlement of the derivative suit with ERSRI, as described above, the Court dismissed the Legion action with prejudice. On June 3, 2023, the Company received a letter from an individual seeking to settle certain claims against Mr. Paul Marciano and the Company relating to allegations of improper treatment of the individual by Mr. Paul Marciano in 2016. The letter did not make an assertion of damages. The individual was initially represented by the same attorney who represented plaintiffs in similar actions in 2021 and 2022, which were settled out of court in 2022 to avoid the cost of litigation and without admitting liability or fault. The individual subsequently retained a different attorney. No complaint has been filed with respect to the allegations in the June 2023 letter, and Mr. Paul Marciano and the Company dispute the allegations and intend to vigorously defend themselves with regard to this matter. On July 30, 2024, the Company received a letter from an individual seeking to settle certain claims against Mr. Paul Marciano, Mr. Maurice Marciano, certain current and former members of the Board, the Company's former Chief Executive Officer and the Company. The letter provided notice of several potential claims based on allegations that the individual was treated improperly by Mr. Paul Marciano while discussing a prospective modeling opportunity between 2015 and 2016. No complaint has been filed with respect to the allegations in the July 2024 letter. The Company and Mr. Paul Marciano dispute the allegations and intend to vigorously defend this matter. Redeemable Noncontrolling Interests The Company is party to a put arrangement with respect to the common securities that represent the remaining noncontrolling interest for its majority-owned subsidiary, Guess Brasil Comércio e Distribuição S.A. ("Guess Brazil"). The put arrangement for Guess Brazil, representing 40% of the total outstanding equity interest of that subsidiary, may be exercised at the discretion of the noncontrolling interest holder by providing written notice to the Company every third anniversary beginning in March 2019, subject to certain time restrictions. The redemption value of the Guess Brazil put arrangement is based on a multiple of Guess Brazil's earnings before interest, taxes, depreciation and amortization subject to certain adjustments and is classified as a redeemable noncontrolling interest outside of permanent equity in the Company's condensed consolidated balance sheet. As of November 2, 2024 and February 3, 2024, the carrying value of the redeemable noncontrolling interest related to Guess Brazil was $0.4 million and $0.5 million, respectively. The Company (through a wholly-owned European subsidiary) was previously party to a put arrangement with respect to the securities that represented the remaining noncontrolling interest for its majority-owned Russian subsidiary, Guess? CIS, LLC ("Guess CIS"), which was established through a majority-owned joint venture during fiscal 2016. The put arrangement for Guess CIS (the "Put Option"), representing 30% of the total outstanding equity interest of that subsidiary, was exercisable at the sole discretion of the noncontrolling interest holder (the "Minority Holder") by providing written notice to the Company through December 31, 2025. The redemption value of the Put Option was based on a multiple of Guess CIS's earnings before interest, taxes, depreciation and amortization subject to certain adjustments and was classified as a redeemable noncontrolling interest outside of permanent equity in the Company's condensed consolidated balance sheet. The carrying value of the redeemable noncontrolling interest related to Guess CIS was €8.0 million as of January 28, 2023. In November 2022, the Minority Holder exercised the Put Option, triggering a contractual obligation for the Company to purchase the Minority Holder's 30% interest in Guess CIS. Following a comprehensive review of the various economic sanctions imposed by the United States and European governments with respect to Russia, and obtaining guidance from the U.S. Department of the Treasury's Office of Foreign Assets Control, the Company determined that its acquisition of the Minority Holder's 30% interest in Guess CIS pursuant to the Company's pre-sanctions contractual obligation to fulfill the Minority Holder's exercise of the Put Option was not prohibited by current economic sanctions, including the U.S. ban on new investment in Russia. As such, following the exercise of the Put Option by the Minority Holder, the Company and the Minority Holder entered into an agreement to proceed with the Company's acquisition of the Minority Holder's 30% interest in Guess CIS for a purchase price of €8.0 million, subject to the formal approval of the acquisition by the relevant Russian government commission and certain other customary conditions. This formal approval was received, and the purchase was completed in May 2023. As a result of this transaction, there was no redeemable noncontrolling interest related to Guess CIS as of November 2, 2024 and February 3, 2024. A reconciliation of the total carrying amount of redeemable noncontrolling interests is (in thousands): <table style="border-collapse:collapse;display:inline-table;margin-bottom:5pt;vertical-align:text-*

*each of the nine months ended November 2, 2024 and October 28, 2023. Foreign Pension Plans In certain foreign jurisdictions, primarily in Switzerland, the Company is required to guarantee the returns on Company-sponsored defined contribution plans in accordance with local regulations. The Company's contributions must be made in an amount at least equal to the employee's contribution. Minimum employee contributions are based on the respective employee's age, salary and gender. As of November 2, 2024 and February 3, 2024, the foreign pension plans had a total projected benefit obligation of $59.9 million and $56.3 million, respectively, and plan assets held in independent investment fiduciaries of $52.5 million and $49.4 million, respectively. The net liability of $7.4 million and $6.8 million was included in other long-term liabilities in the Company's condensed consolidated balance sheets as of November 2, 2024 and February 3, 2024, respectively.</span></div><div style="margin-bottom:5pt;margin-top:5pt;text-align:justify;text-indent:22.5pt"><span style="color:#000000;font-family:'Times New Value Measurements<div

*style="margin-bottom:5pt;margin-top:5pt;text-align:justify;text-indent:22.5pt">Authoritative guidance defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The guidance establishes a fair value hierarchy, which prioritizes the inputs used in measuring fair value into three broad levels as follows: Level 1—Inputs are unadjusted quoted prices in active markets for identical assets or liabilities that can be accessed at the measurement date. Level 2—Inputs include quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability (i.e. interest rates, yield curves, etc.) and inputs that are derived principally from or corroborated by observable market data by correlation or other means (market corroborated inputs). Level 3—Unobservable inputs that reflect assumptions about what market participants would use in pricing the asset or liability. These inputs are based on the best information available, including the Company's own data. The following presents the fair value hierarchy for those assets and liabilities measured at fair value on a recurring basis (in thousands): <table Company's interest rate swaps are based upon inputs corroborated by observable market data. Deferred compensation obligations to employees are adjusted based on changes in the fair value of the underlying employee-directed investments. Fair value of these obligations is based upon inputs corroborated by observable market data. The fair values of the embedded derivative and the 2028 Bond Hedge related to the Additional 2028 Notes were initially measured based on the observed transactions. Subsequent fair values are measured using a binomial lattice model utilizing observable inputs (e.g. the Company's stock price) and unobservable inputs (e.g. the expected volatility and instrument specific credit spread) that cause the valuation measurements to be classified as Level 3. The Company uses net asset value per share as a practical expedient to measure the fair value of this investment and has not included this investment in the fair value hierarchy as disclosed above. As of November 2, 2024, the Company had an unfunded commitment to invest an additional €3.7 million ($4.0 million) in the private equity funds. The fair values of the Company's debt instruments (see Note 10) are based on the amount of future cash flows associated with each instrument discounted using the Company's incremental borrowing rate. As of November 2, 2024 and February 3, 2024, the carrying value was not materially different from fair value, as the interest rates on the Company's debt approximated rates currently available to the Company. The fair value of the Company's Notes (see Note 11) is determined based on inputs that are observable in the market and have been classified as Level 2 in the fair value hierarchy. The carrying amount of the Company's remaining financial instruments, which principally include cash and cash equivalents, trade receivables, accounts payable and accrued expenses, approximates fair value due to the relatively short maturity of such instruments. Long-Lived Assets Long-lived assets, such as property and equipment and operating lease ROU assets, are reviewed for impairment quarterly or whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. The majority of the Company's long-lived assets relate to its retail operations, which consist primarily of regular retail and flagship locations. The Company considers each individual regular retail location as an asset group for impairment testing, which is the lowest level at which individual cash flows can be identified. The Company also evaluates impairment risk for retail locations that are expected to be closed in the foreseeable future. The Company has flagship locations that are used as a regional marketing tool to build brand awareness and promote the Company's current product. Provided the flagship locations continue to meet the appropriate criteria, impairment for these locations is tested at a reporting unit level similar to goodwill since they do not have separately identifiable cash flows. An asset is considered to be impaired if the Company determines that the carrying value may not be recoverable based upon its assessment of the asset's ability to continue to generate earnings from operations and positive cash flow in future periods or if significant changes in the Company's strategic business objectives and utilization of the assets occur. If the carrying amount of an asset exceeds its estimated undiscounted future cash flows adjusted for lease payments, an impairment charge is recognized in the amount by which the carrying amount of the asset exceeds the estimated fair value. The Company uses estimates of market participant rents to calculate fair value of ROU assets and discounted future cash flows of the asset group to quantify fair value for other long-lived assets. These nonrecurring fair value measurements are considered Level 3 inputs as defined above. The impairment loss calculations require management to apply judgment in estimating future cash flows and the discount rates that reflect the risk inherent in future cash flows. Future expected cash flows for assets in regular retail locations are based on management's estimates of future cash flows over the remaining lease period or expected life, if shorter. For expected location closures, the Company will evaluate whether it is necessary to shorten the useful life for any of the assets within the respective asset group. The Company will use this revised useful life when estimating the asset group's future cash flows. The Company considers historical trends, expected future business trends and other factors when estimating the future cash flow for each regular retail location. The Company also considers factors such as the following: the Russia-Ukraine war, including the related sanctions and trade restrictions imposed on Russia; the local environment for each regular retail location, including mall traffic and competition; the Company's ability to successfully implement strategic initiatives; and the ability to control variable costs such as cost of sales and payroll and, in some cases, renegotiate lease costs. As discussed further in Note 1, macroeconomic conditions, including declines in consumer spending, inflation, higher interest rates, foreign exchange rate fluctuations and the impact of the ongoing wars in Ukraine and Gaza continued to negatively impact the Company's financial results during the three and nine months ended November 2, 2024 and October 28, 2023, and could continue to impact the Company's operations in ways the Company is not able to predict today. The Company has made reasonable assumptions and judgments to determine the fair value of the assets tested based on the facts and circumstances that were available as of the reporting date. If actual results are not consistent with the assumptions and judgments used in estimating future cash flows and asset fair values, there may be additional exposure to future impairment losses that could be material to the Company's results of operations. The Company recorded asset impairment charges of $1.1 million and $4.5 million during the three and nine months ended November 2, 2024, respectively. The Company recorded asset impairment charges of $1.7 million and $6.3 million during the three and nine months ended October 28, 2023, respectively. The Company recognized $0.8 million and $3.7 million in impairment of property and equipment during the three and nine months ended November 2, 2024, respectively, related to certain retail locations primarily in the Americas and Europe driven by under-performance and expected store closures. The Company recognized $1.6 million and $6.0 million in impairment of property and equipment related to certain retail locations primarily in the Americas and Europe during the three and nine months ended October 28, 2023, respectively. The Company recognized $0.3 million and $0.8 million impairment charges on ROU assets during the three and nine months ended November 2, 2024, respectively, and immaterial impairment charges on ROU assets during each of the three and nine months ended October 28, 2023. Goodwill Goodwill is tested annually for impairment or more frequently if events and circumstances indicate that the asset might be impaired. An impairment loss is recognized to the extent that the carrying amount exceeds the asset's fair value. This determination is made at the reporting unit level which may be either an operating segment or one level below an operating segment if discrete financial information is available. Two or more reporting units within an operating segment may be aggregated for impairment testing if they have similar economic characteristics. During the three months ended November 2, 2024, the Company assessed qualitative factors and determined that it is not more likely than not that the fair values of its reporting units are less than their carrying amounts. The following presents the fair value hierarchy for those assets and liabilities measured at fair value on a recurring basis (in thousands): <table style="border-collapse:collapse;display:inline-table;margin-bottom:5pt;vertical-align:text-bottom;width:100.000%"><tr><td style="width:1.0%"></td><td style="width:31.063%"></td><td style="width:0.1%"></td><td style="width:0.1%"></td><td style="width:0.530%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:6.648%"></td><td style="width:0.1%"></td><td style="width:0.530%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:6.648%"></td><td style="width:0.1%"></td><td style="width:0.1%"></td><td style="width:0.530%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:6.648%"></td><td style="width:0.1%"></td><td style="width:0.530%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:6.648%"></td><td style="width:0.1%"></td><td style="width:0.1%"></td><td style="width:0.530%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:6.648%"></td><td style="width:0.1%"></td><td style="width:0.530%"></td><td style="width:0.1%"></td><td style="width:1.0%"></td><td style="width:6.661%"></td><td style="width:0.1%"></td></tr><tr><td colspan="3" style="padding:0 1pt"></td><td colspan="3" style="padding:0 1pt"></td><td colspan="21" style="padding:2px 1pt;text-align:center;vertical-align:bottom">Fair Value Measurements</td><td colspan="3" style="padding:0 1pt"></td><td colspan="21" style="padding:2px 1pt;text-align:center;vertical-align:bottom">Fair Value Measurements</td></tr><tr><td colspan="3" style="padding:2px 1pt;text-align:left;vertical-align:bottom">  </td><td colspan="3" style="padding:0 1pt"></td><td colspan="21" style="padding:2px 1pt;text-align:center;vertical-align:bottom">at Nov 2, 2024</td><td colspan="3" style="padding:0 1pt"></td><td colspan="21" style="padding:2px 1pt;text-align:center;vertical-align:bottom">at Feb 3, 2024</td></tr><tr><td colspan="3" style="padding:2px 1pt;text-align:left;vertical-align:bottom">Recurring Fair Value Measures</td><td colspan="3" style="padding:0 1pt"></td><td colspan="3" style="border-top:1pt solid #000000;padding:2px 1pt;text-align:center;vertical-align:bottom">Level 1</td><td colspan="3" style="border-top:1pt solid #000000;padding:0 1pt"></td><td colspan="3" style="border-top:1pt solid #000000;padding:2px 1pt;text-align:center;vertical-align:bottom">Level 2</td><td colspan="3" style="border-top:1pt solid #000000;padding:0 1pt"></td><td colspan="3" style="border-top:1pt solid #000000;padding:2px 1pt;text-align:center;vertical-align:bottom">Level 3</td><td colspan="3" style="border-top:1pt solid #000000;padding:0 1pt"></td><td colspan="3" style="border-top:1pt solid #000000;padding:2px 1pt;text-align:center;vertical-align:bottom"><span style="color:#000000;font-family:'Times New Roman',sans-serif;font-size:10pt;font-

The Company's primary objective is to hedge the variability in forecasted cash flows due to the foreign currency risk. The Company enters into certain forward exchange currency contracts to hedge the risk of a portion of these anticipated foreign currency transactions against foreign currency rate fluctuations. The Company may also hedge the translation and economic exposures related to its net investments in certain of its international subsidiaries. Interest Rate Swap Agreements The Company is exposed to interest rate risk on its floating-rate debt. From time to time, the Company may enter into interest rate swap agreements to effectively convert its floating-rate debt to a fixed-rate basis. The principal objective is to eliminate or reduce the variability of the cash flows in interest payments associated with the Company's floating-rate debt, thus reducing the impact of interest rate changes on future interest payment cash flows. In connection with the sale of the U.S. distribution center, the Company settled its interest rate swap agreement, recognizing a gain of $0.8 million. As of November 2, 2024, there was no related net unrealized loss, net of tax, in AOCL.
