Revisions in estimates could materially impact the results of operations and financial position.The Companyâ€™s operations could be impacted in ways the Company is not able to predict today. While the Company believes it has made reasonable accounting estimates based on the facts and circumstances that were available as of the reporting date, to the extent there are differences between these estimates and actual results, the Companyâ€™s results of operations and financial position could be materially impacted.Revenue RecognitionThe Company recognizes the majority of its revenue from its direct-to-consumer (brick-and-mortar retail stores and concessions as well as e-commerce) and wholesale distribution channels at a point in time when it satisfies a performance obligation and transfers control of the product to the respective customer.The Company also recognizes royalty revenue from its trademark license agreements. The Companyâ€™s trademark license agreements represent symbolic licenses that are dependent on the Companyâ€™s continued support over the term of the license agreement. The amount of revenue that is recognized from the licensing arrangements is based on sales-based royalty and advertising fund contributions as well as specific fixed payments, where applicable. The Companyâ€™s trademark license agreements customarily provide for a multi-year initial term ranging from three to fifteen years and may contain options to renew prior to expiration for an additional multi-year period. The unrecognized portion of upfront payments is included in deferred royalties in accrued expenses and other long-term liabilities depending on the short or long-term nature of the payments to be recognized. As of NovemberÂ 2, 2024, the Company had $14.7 million and $33.1 million of deferred royalties related to these upfront payments included in accrued expenses and other current liabilities and other long-term liabilities, respectively. This compares to $5.0 million and $14.8 million of deferred royalties related 8Table of ContentsÂ Â Â Â

an initial conversion price of approximately $24.70 per share, subject to adjustment upon the occurrence of certain events. In accordance with the terms of the 2028 Indenture, the Company has adjusted the conversion rate and the conversion price of the 2028 Notes for quarterly dividends exceeding $0.225 per share (the conversion price is approximately $22.22 per share as of NovemberÂ 2, 2024). Prior to November 15, 2027, the 2028 Notes are convertible only upon the occurrence of certain events and during certain periods, and thereafter, at any time until the close of business on the second scheduled trading day immediately preceding the maturity date of the 2028 Notes. The 2028 Notes are not redeemable prior to maturity, unless certain significant corporate events occur, and no sinking fund is provided for the 2028 Notes. As of NovemberÂ 2, 2024, none of the conditions allowing holders of the 2028 Notes to convert had been met. The Company expects to settle the principal amount of the 2028 Notes in fiscal 2029 in cash and any excess in shares.If the Company undergoes a â€œfundamental change,â€ as defined in the 2028 Indenture, subject to certain conditions, holders of the 2028 Notes may require the Company to purchase for cash all or any portion of their 2028 Notes. The fundamental change purchase price will be 100% of the principal amount of the 2028 Notes to be purchased plus any accrued and unpaid interest up to but excluding the fundamental change purchase date.The 2028 Indenture contains certain other customary terms and covenants, including that upon certain events of default occurring and continuing, either the 2028 Trustee or the holders of at least 25% in principal amount of the outstanding 2028 Notes may declare 100% of the principal of, and accrued and unpaid interest on, all the 2028 Notes to be due and payable.In connection with the exchange of the 2024 Notes in January 2024 and March 2024, the conversion feature embedded in the Additional 2028 Notes failed to satisfy the requirements for the derivative scope exception for contracts indexed to the Companyâ€™s own stock. The conversion feature of the Additional 2028 Notes required bifurcation from the host contract. The embedded derivative was measured at fair value of $7.8Â million as of NovemberÂ 2, 2024. As of the transaction dates, a total debt discount of $11.8Â million was recorded as the excess of the principal amount of the Additional 2028 Notes over the fair value of the host contract.During the first quarter of fiscal 2025, the Company incurred approximately $0.9Â million of debt issuance costs related to the March Additional 2028 Notes including third-party offering costs. During fiscal 2024, the Company incurred $5.9Â million and $2.0Â million of debt issuance costs related to the Initial 2028 Notes and the January Additional 2028 Notes, respectively, including third-party offering costs. Debt issuance costs were recorded as a contra-liability (other than $0.5Â million expensed related to the 2024 Notes that were subject to modification accounting) and are presented net against the 2028 Notes balance on the Companyâ€™s condensed consolidated balance sheets. These costs are being amortized to interest expense over the term of the 2028 Notes.27Table of ContentsÂ Â Â Â

All other material terms in the previously existing lease for the Montreal Location (including base rent of approximately CAD$0.6Â million ($0.4Â million) per year) remain the same.Aggregate lease costs recorded under the leases for the Los Angeles Location were $5.8Â million and $5.6Â million for the nine months ended November 2, 2024 and OctoberÂ 28, 2023, respectively. The Marciano Entities have a 100% ownership interest in the Los Angeles Location, with Mr. Maurice Marciano having a 56.3% ownership interest and Mr. Paul Marciano having a 43.7% ownership interest. Accordingly, Mr. Maurice Marcianoâ€™s interest in the lease amounts for the Los Angeles Location were $3.3Â million and $3.2 million for the nine months ended November 2, 2024 and OctoberÂ 28, 2023, respectively. Mr. Paul Marcianoâ€™s interest in the lease amounts for the Los Angeles Location were $2.5Â million and $2.4Â million for the nine months ended November 2, 2024 and OctoberÂ 28, 2023, respectively.32Table of ContentsÂ Â Â Â

The put arrangement for Guess Brazil, representing 40% of the total outstanding equity interest of that subsidiary, may be exercised at the discretion of the noncontrolling interest holder by providing written notice to the Company every third anniversary beginning in March 2019, subject to certain time restrictions. The redemption value of the Guess Brazil put arrangement is based on a multiple of Guess Brazilâ€™s earnings before interest, taxes, depreciation and amortization subject to certain adjustments and is classified as a redeemable noncontrolling interest outside of permanent equity in the Companyâ€™s condensed consolidated balance sheet. As of NovemberÂ 2, 2024 and FebruaryÂ 3, 2024, the carrying value of the redeemable noncontrolling interest related to Guess Brazil was $0.4 million and $0.5 million, respectively.The Company (through a wholly-owned European subsidiary) was previously party to a put arrangement with respect to the securities that represented the remaining noncontrolling interest for its majority-owned Russian subsidiary, Guess? CIS, LLC (â€œGuess CISâ€), which was established through a majority-owned joint venture during fiscal 2016. The put arrangement for Guess CIS (the â€œPut Optionâ€), representing 30% of the total outstanding equity interest of that subsidiary, was exercisable at the sole discretion of the noncontrolling interest holder (the â€œMinority Holderâ€) by providing written notice to the Company through DecemberÂ 31, 2025. The redemption value of the Put Option was based on a multiple of Guess CISâ€™s earnings before interest, taxes, depreciation and amortization subject to certain adjustments and was classified as a redeemable noncontrolling interest outside of permanent equity in the Companyâ€™s condensed consolidated balance sheet. The carrying value of the redeemable noncontrolling interest related to Guess CIS was â‚¬8.0 million as of JanuaryÂ 28, 2023.In November 2022, the Minority Holder exercised the Put Option, triggering a contractual obligation for the Company to purchase the Minority Holderâ€™s 30% interest in Guess CIS. Following a comprehensive review of the various economic sanctions imposed by the United States and European governments with respect to Russia, and obtaining guidance from the U.S. Department of the Treasuryâ€™s Office of Foreign Assets Control, the Company determined that its acquisition of the Minority Holderâ€™s 30% interest in Guess CIS pursuant to the Companyâ€™s pre-sanctions contractual obligation to fulfill the Minority Holderâ€™s exercise of the Put Option was not prohibited by current economic sanctions, including the U.S. ban on new investment in Russia. From time to time, the Company may enter into interest rate swap agreements to effectively convert its floating-rate debt to a fixed-rate basis. The principal objective is to eliminate or reduce the variability of the cash flows in interest payments associated with the Companyâ€™s floating-rate debt, thus reducing the impact of interest rate changes on future interest payment cash flows. In connection with the sale of the U.S. distribution center, the Company settled its interest rate swap agreement, recognizing a gain of $0.8Â million. We undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as required by law. Business Update, Market Trends and UncertaintiesMacroeconomic conditions, including declines in consumer spending, inflation, higher interest rates, foreign exchange rate fluctuations and the impact of the ongoing wars in Ukraine and Gaza are continuing to negatively impact our business.We continue to carefully monitor global and regional developments and respond appropriately. We also continue to strategically manage expenses in order to protect profitability and mitigate, to the extent possible, the residual effect of supply chain disruptions, including the Red Sea crisis. The duration and scope of these conditions cannot be predicted, and therefore, any anticipated negative financial impact to our operating results cannot be reasonably estimated.Business SegmentsOur businesses are grouped into five reportable segments for management and internal financial reporting purposes: Europe, Americas Retail, Americas Wholesale, Asia and Licensing. Our Europe, Americas Retail, Americas Wholesale and Licensing reportable segments are the same as their respective operating segments. Certain components of our Asia operating segment are separate operating segments based on region, which have been aggregated into the Asia reportable segment for disclosure purposes. On April 2, 2024, we completed the rag & bone acquisition and have integrated rag & bone into our existing segments for financial reporting purposes. We evaluate segment performance based primarily on revenues and earnings (loss) from operations before corporate performance-based compensation costs, asset impairment charges, net gains (losses) on lease modifications, separation charges, transaction costs, restructuring charges, gain on sale of assets and certain non-recurring credits (charges), if any. We believe this segment reporting reflects how our business segments are managed and how each segmentâ€™s performance is evaluated by our chief operating decision maker to assess performance and make resource allocation decisions. Information regarding these segments is summarized in â€œPart I, Item 1. Financial Statements â€“ Note 9 â€“ Segment Information.â€ProductsWe derive our net revenue from the sale of GUESS?, G by GUESS (GbG), GUESS Kids, GUESS JEANS, MARCIANO and rag & bone apparel and certain accessories and our licenseesâ€™ products through our worldwide network of directly-operated and licensed retail stores, wholesale customers and distributors, as well as our online sites. We also derive royalty revenue from worldwide licensing activities.rag & bone AcquisitionOn April 2, 2024, the Company and global brand management firm WHP Global completed the previously announced acquisition of New York-based fashion brand rag & bone. Under the terms of the agreement, we acquired all the rag & bone operating assets and assumed the related operating liabilities of the 47Table of ContentsÂ Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â business. In addition, a joint venture owned 50% each by the Company and WHP Global acquired rag & boneâ€™s intellectual property. As of April 2, 2024, we integrated rag & bone into our existing segments for financial reporting purposes.Foreign Currency VolatilitySince the majority of our international operations are conducted in currencies other than the U.S. dollar (primarily the euro, British pound, Canadian dollar, Chinese yuan, Japanese yen, Korean won, Mexican peso, Polish zloty, Russian rouble and Turkish lira), currency fluctuations can have a significant impact on the translation of our international revenues and earnings (loss) into U.S. dollars.Some of our transactions, primarily those in Europe, Canada, South Korea, China, Hong Kong and Mexico, are denominated in U.S. dollars, Swiss francs, British pounds and Russian roubles, exposing them to exchange rate fluctuations when these transactions (such as inventory purchases or periodic lease payments) are converted to their functional currencies. As a result, fluctuations in exchange rates can impact the operating margins of our foreign operations and reported earnings (loss), and are largely dependent on the transaction timing and magnitude during the period that the currency fluctuates. When these foreign exchange rates weaken versus the U.S. dollar at the time the respective U.S. dollar denominated payment is made relative to the payments made in the comparable period, our product margins have been and could continue to be unfavorably impacted.In addition, there are certain real estate leases denominated in a currency other than the functional currency of the respective entity that entered into the agreement (primarily Swiss francs, Russian roubles and Polish zloty). As a result, we may be exposed to volatility related to unrealized gains or losses on the translation of present value of future lease payment obligations when translated at the exchange rate as of a reporting period-end. During the first nine months of fiscal 2025, the average U.S. dollar rate was stronger against the Turkish lira, Canadian dollar, Chinese yuan, Russian rouble, Japanese yen, Korean won and Mexican peso and weaker against the euro, British pound and Polish zloty. Overall, this had an unfavorable impact on the translation of our international revenues and earnings from operations for the nine months ended November 2, 2024 compared to the same prior-year period.For the remainder of fiscal 2025, if the U.S. dollar strengthens relative to the respective fiscal 2024 foreign exchange rates, foreign exchange could negatively impact our revenues and operating results, as well as our international cash and other balance sheet items, particularly in Canada, Europe (primarily the euro, Turkish lira, British pound and Russian rouble) and Mexico. Alternatively, if the U.S. dollar weakens relative to the respective fiscal 2024 foreign exchange rates, our revenues and operating results, as well as our other cash balance sheet items, could be positively impacted by foreign currency fluctuations during the remainder of fiscal 2025, particularly in these regions. At roughly prevailing exchange rates, we expect currencies to continue to be a headwind on revenues and earnings from operations for the remainder of fiscal 2025.We enter into derivative financial instruments to offset some, but not all, of the exchange risk on foreign currency transactions. For additional discussion regarding our exposure to foreign currency risk, forward contracts designated as hedging instruments and forward contracts not designated as hedging instruments, refer to â€œItem 3. Quantitative and Qualitative Disclosures About Market Risk.â€Inflation ImpactsOur financial results have been and may continue to be impacted by inflationary pressures affecting our overall cost structure, including transportation, employee compensation, raw materials and other costs. We estimate certain of our costs are impacted by inflation and other factors as follows:Transportation. Our inbound and outbound transportation costs vary by the method of shipping, including air, ocean and ground. Each of these methods may be impacted by various factors, including inflation and other considerations, such as an imbalance between the overall freight capacity on the marketplace and 48Table of ContentsÂ Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â demand, as well as geopolitical conflicts. Compared to pre-pandemic levels, the increase in our transportation costs was primarily attributable to higher inbound freight costs. Employee Compensation. We have been impacted by the ongoing shortage of available qualified candidates for employment, as well as increases in compensation to attract and retain employees. We continue to evaluate our compensation and benefit offerings to be competitive with the current market and evaluate strategies to be more effective and efficient at all levels within the organization, including how to best serve our customers. Raw Materials. The costs of raw materials for our products have increased, both as a result of inflation and our ongoing initiatives to improve the quality and sustainability of our products. In addition, because a significant portion of our products are manufactured in other countries, declines in the relative value of local currencies versus the U.S. dollar have exacerbated many of these pricing pressures. We seek to minimize the impact of inflation by continuously optimizing our supply chain, including logistics, as well as efficiently managing our workforce. It is difficult to determine the portion of cost increases solely attributable to inflation versus other factors, such as the cost of improvements to our products and imbalances in the supply chain.These increased costs have negatively impacted our margins and expenses. Continued inflationary and other pressures could further impact our gross margin and selling, general and administrative expenses as a percentage of net sales if the sales price of our products does not increase with higher costs. Furthermore, prolonged inflationary conditions have had and could continue to have an adverse impact on consumer discretionary spending, which has negatively impacted our sales and results and could continue to negatively impact our

sales and results in the future. In addition, inflation could materially increase the interest rates on any future debt we may incur.We expect inflationary pressures will persist in the near term. The extent to which such pressures may impact our business depends on many factors, including our customersâ€™ ability and willingness to accept price increases, our ability to improve our margins and potential downward pricing pressures if our competitors do not also raise their prices. Please refer to â€œPart I, Item 1A. Risk Factorsâ€ of our most recent Annual Report on Form 10-K for further information on the potential impacts and risk associated with inflation.Russia-Ukraine WarWe are currently operating in Russia through our wholesale and retail channels and we have immaterial wholesale operations through local wholesale partners in Ukraine. Our operations in Russia are operated primarily through Guess? CIS, LLC (â€œGuess CISâ€), a wholly-owned Russian subsidiary. Guess CIS currently operates 45 retail stores in Russia and acts as a distributor for our wholesale partners in Russia. We also operate in Russia through other local wholesale partners and by selling directly to retail customers through our European online store. Prior to February 2022, we also sold directly to retail customers in Ukraine and Belarus through our European online store.Our operations in Russia, Belarus and Ukraine represented slightly less than 4% of our total revenue for the nine months ended November 2, 2024 and slightly more than 4% for the nine months ended October 28, 2023, with our operations in Russia comprising over 90% of this total revenue. As of NovemberÂ 2, 2024, our total assets in Russia, all of which are held by Guess CIS, represented less than 2% of our total assets, consisting primarily of leasehold right of use assets, store inventory, furnishings and fixtures and receivables. We only maintain inventory in Russia in an amount sufficient for operating our Russian retail stores. We do not maintain inventory or hold any other significant assets in Belarus or Ukraine. We do not rely, directly or indirectly, on goods sourced in Russia, Belarus or Ukraine. Other than such labor and services necessary to conduct our direct operations in Russia in the ordinary course of business, we do not rely, directly or indirectly, on services sourced in Russia, Belarus or Ukraine.There has been no material impact to our existing operations as a result of the ongoing war in Ukraine, although we are limited in our ability to expand our business in Russia due to the U.S. ban on new investments 49Table of ContentsÂ Â Â Â

â€œPlanâ€).Â Â Â Â WHEREAS, the Compensation Committee of the Companyâ€™s Board (the â€œCommitteeâ€) has determined to grant performance-based restricted stock units (this â€œAwardâ€) to the Grantee under the Plan in order to increase Granteeâ€™s participation in the success of the Company;Â Â Â Â NOW, THEREFORE, the parties hereto agree as follows:1.Definitions; Incorporation of Plan Terms. Capitalized terms used herein without definition shall have the meanings assigned to them in the Plan [Add for Mr. Alberiniâ€™s award: , except where a capitalized term is defined in the Executive Employment Agreement between the Company and the Grantee, entered into January 27, 2019, as amended (the â€œEmployment Agreementâ€), and this Agreement indicates the definition used in the Employment Agreement shall apply for purposes of this Agreement as well]. This Award and all rights of the Grantee under this Agreement are subject to, and the Grantee agrees to be bound by, all of the terms and conditions of the Plan, incorporated herein by this reference. Except as specifically provided in this Agreement, in the event of any conflict or inconsistency between the Plan and this Agreement, the Plan shall govern.2.Grant of Restricted Stock Units. The Company hereby grants to the Grantee as of the Date of Grant (set forth above) a right to receive a â€œtargetâ€ of [_____] shares of the Companyâ€™s common stock subject to the terms, conditions, and restrictions set forth herein (the â€œRestricted Stock Units,â€ and such target number of Restricted Stock Units, the â€œTarget Number of Restricted Stock Unitsâ€). As used herein, the term â€œRestricted Stock Unitâ€ shall mean a non-voting unit of measurement which is deemed for bookkeeping purposes to be equivalent to one outstanding share of the Companyâ€™s common stock, par value $0.01 per share (the â€œCommon Stockâ€), solely for purposes of the Plan and this Agreement. The Restricted Stock Units shall be used solely as a device for the determination of the number of shares of Common Stock to eventually be delivered to the Grantee if such Restricted Stock Units vest pursuant to this Agreement. The Restricted Stock Units shall not be treated as property or as a trust fund of any kind. The Grantee shall have no rights as a shareholder of the Company, no dividend rights (except as expressly provided in Section 4 with respect to Dividend Equivalent rights) and no voting rights with respect to the Restricted Stock Units and any shares of Common Stock underlying or issuable in respect of such Restricted Stock Units (â€œAward 1Sharesâ€) until such shares of Common Stock are actually issued to and held of record by the Grantee. This Award is in complete satisfaction of the Granteeâ€™s right to receive stock options or other equity-based awards from the Company with respect to the Companyâ€™s 2025 fiscal year.3.Vesting. A. Â Â Â Â Subject to Section 3(B) below and except as otherwise expressly provided in Sections 7 and 8 herein, this Award shall vest and become nonforfeitable on the last day of the Performance Period (as defined below) (the â€œVesting Dateâ€); provided that the Grantee has been continuously in Service with the Company from the Date of Grant through the Vesting Date. Except as specifically provided herein, Service for only a portion of the vesting period, even if a substantial portion, will not entitle the Grantee to any proportionate vesting. The number of Restricted Stock Units subject to this Award that vest will be equal to the Target Number of Restricted Stock Units multiplied by a â€œVesting Percentageâ€ determined based on the Companyâ€™s TSR Percentile (as defined below) for the Performance Period in accordance with the following table:TSR Percentile for the Performance PeriodVesting PercentageBelow 25th TSR Percentile0%25th TSR Percentile25%50th TSR Percentile100%75th TSR Percentile and Above150%If the Companyâ€™s TSR Percentile for the Performance Period is between two points in the preceding table, the Vesting Percentage will be determined by linear interpolation between the Vesting Percentages for those two levels. In no event will the Vesting Percentage be greater than one hundred fifty percent (150%). Not later than seventy four (74) days after the end of the Performance Period, the Committee will certify, by resolution or other appropriate action in writing, the Vesting Percentage that has been achieved and the number of Restricted Stock Units that vest pursuant to this Section 3(A) (or Sections 7 and 8, as applicable) based on the satisfaction of the performance criteria above. Such number of Restricted Stock Units that vest will be rounded to the nearest whole unit and are referred to herein as the â€œVested Restricted Stock Units.â€ Restricted Stock Units that are not Vested Restricted Stock Units, after giving effect to the foregoing provisions and Section 3(B), as of the last day of the Performance Period shall immediately terminate and be cancelled. As used herein, the term â€œServiceâ€ means employment by the Company or a Subsidiary.B.Â Â Â Â Notwithstanding anything to the contrary in this Agreement, the number of Restricted Stock Units subject to this Award that become Vested Restricted Stock Units shall not exceed the number of Restricted Stock Units determined by dividing five times the Date of Grant fair value of this Award (as determined by the Company for financial statement reporting purposes) by the Fair Market 2Value of a share of Common Stock on the applicable vesting date. In the event that such limit is exceeded, the number of Restricted Stock Units that would otherwise be Vested Restricted Stock Units pursuant to Section 3(A) shall be reduced to the extent necessary such that the actual number of Vested Restricted Stock Units does not exceed such limit.C.Â Â Â Â For purposes of this Award, the following definitions shall apply:i.Â Â Â Â â€œPerformance Periodâ€ means the period of time beginning with the Date of Grant and ending with the last day of the Companyâ€™s fiscal year 2027. ii.Â Â Â Â â€œTSR Percentileâ€ means the percentile ranking of the Companyâ€™s TSR among the TSRs for the Company Peer Group members for the Performance Period.iii.Â Â Â Â â€œTSRâ€ means total shareholder return and shall be determined with respect to the Company and any other Company Peer Group member by dividing: (a) the sum of (1) the difference obtained by subtracting the applicable Beginning Price from the applicable Ending Price plus (2) all dividends and other distributions as to which the ex-dividend date occurs during the Performance Period (for purposes of clarity, without duplicating any dividends and other distributions as to which the ex-dividend date occurs during the period of twenty (20) consecutive trading days ending on the last trading day of the Performance Period that are taken into account in the determination of Ending Price) by (b) the Beginning Price. Any non-cash distributions shall be ascribed such dollar value as may be determined by or at the direction of the Committee. For the purpose of determining TSR, the value of dividends and other distributions shall be determined by treating them as reinvested in additional shares of stock at the closing market price on the corresponding ex-dividend date.iv.Â Â Â Â â€œBeginning Priceâ€ means, with respect to the Company and any other Company Peer Group member, the average of the closing market prices of such companyâ€™s common stock on the principal exchange on which such stock is traded for the twenty (20) consecutive trading days beginning with the first trading day of the Performance Period. For the purpose of determining Beginning Price, the value of dividends and other distributions shall be determined by treating them as reinvested in additional shares of stock at the closing market price on the corresponding ex-dividend date. Â Â Â Â v.Â Â Â Â â€œEnding Priceâ€ means, with respect to the Company and any other Company Peer Group member, the average of the closing market prices of such companyâ€™s common stock on the principal exchange on which such stock is traded for the twenty (20) consecutive trading days ending on the last trading day of the Performance Period. For the purpose of determining Ending Price, the value of dividends and other distributions shall be determined by treating them as reinvested in additional shares of stock at the closing market price on the corresponding ex-dividend date.3vi.Â Â Â Â â€œCompany Peer Groupâ€ means the Company and each of the following companies: Abercrombie & Fitch Co.The Gap, Inc.American Eagle Outfitters, Inc.Levi Straus and Co.Capri Holdingslululemon athletica inc.The Childrenâ€™s Place, Inc.PVH Corp.Columbia Sportswear CompanyRalph Lauren CorporationDeckers Outdoor CorporationTapestry, Inc.Fossil Group, Inc.Urban Outfitters, Inc.The Company Peer Group shall be subject to adjustment by the Committee for changes that occur prior to the end of the Performance Period as follows: In the event of a merger or other business combination of a Company Peer Group member (including, without limitation, the acquisition of a Company Peer Group member, or all or substantially all of its assets, by a separate entity), such Company Peer Group member shall be excluded from the Company Peer Group; provided, however, that in the event of a merger or other business combination of two Company Peer Group members (including, without limitation, the acquisition of one Company Peer Group member, or all or substantially all of its assets, by another Company Peer Group member), the surviving, resulting or successor entity, as the case may be, shall continue to be treated as a member of the Company Peer Group, provided that the common stock (or similar equity security) of such entity is listed or traded on a national securities exchange as of the end of the Performance Period. In the event a member of the Company Peer Group files for bankruptcy or liquidates, such company shall continue to be treated as a Company Peer Group member; provided that such companyâ€™s Ending Price will be treated as $0 if the company is no longer listed or traded on a national securities exchange as of the end of the Performance Period. Other than as provided above, in the event that the common stock (or similar equity security) of a Company Peer Group member is otherwise not listed or traded on a national securities exchange at the end of the Performance Period, such entity shall be excluded from the Company Peer Group.With respect to the computation of TSR, Beginning Price, and Ending Price, there shall also be an equitable and proportionate adjustment to the extent (if any) necessary to preserve the intended incentives of this Award and mitigate the impact of any stock split, stock dividend or reverse stock split occurring during the Performance Period (or during the applicable 20-day period in determining Beginning Price or Ending Price, as the case may be). The Committeeâ€™s determination of whether such an adjustment4is required (and the extent of any such adjustment) shall be final and binding.4.Dividend Equivalents. If a cash dividend is paid with respect to the Common Stock during the Performance Period and while any Restricted Stock Units subject to this Award are outstanding, the Grantee shall be credited with an amount in cash equal to the dividends the Grantee would have received if he had been the owner of the shares of Common Stock subject to the outstanding Target Number of Restricted Stock Units; provided, however, that no amount shall be credited with respect to shares that have been delivered to the Grantee as of the applicable dividend record date. Any amounts credited under this Section 4 (â€œDividend Equivalentsâ€) shall be subject to the same terms and conditions as the Restricted Stock Units to which they relate (including, without limitation, application of the applicable Vesting Percentage) and shall vest and be paid (or, if applicable, be forfeited) at the same time as the Restricted Stock Units to which they relate. 5.Delivery of Shares. The Company shall deliver or cause to be delivered to the Grantee the number of Award Shares subject to any Restricted Stock Units that vest pursuant to the terms hereof as soon as administratively practicable after (and in no event later than 74 days following) the corresponding date on which such Restricted Stock Units vest (whether on the Vesting Date or the applicable date of vesting pursuant to Section 7 or Section 8). Any Dividend Equivalents described in Section 4 above related to such Award Shares shall be paid in cash at the same time as the delivery of the Award Shares under this Section 5.6.No Restriction on Right of Company to Effect Corporate Changes; Adjustments Upon Specified Events. Neither the grant of the Award, the Plan nor this Award Agreement shall affect or restrict in any way the right or power of the Company or its shareholders to make or authorize any adjustment, recapitalization, reorganization or other change in the capital structure or business of the Company, or any merger or consolidation of the Company, or any issue of stock or of options, warrants or rights to purchase stock or of bonds, debentures, preferred or prior preference stocks whose rights are superior to or affect the Common Stock or the rights thereof or which are convertible into or exchangeable for Common Stock, or the dissolution or liquidation of the Company, or any sale or transfer of all or any part of the assets or business of the Company, or any other corporate act or proceeding, whether of a similar character or otherwise.Upon the occurrence of certain events relating to the Companyâ€™s Common Stock contemplated by Section 16(b) of the Plan, the Committee will make adjustments, if appropriate, in the number of Restricted Stock Units and the number and kind of securities subject to this Award. 7.Effect of Certain Cessations of Service. [Add the following clauses A through D in the award for Mr. Alberini:A.Â Â Â Â If, at any time prior to the Vesting Date, the Granteeâ€™s Service is terminated by the Company without â€œCauseâ€ (as defined in the 5Employment Agreement), by the Grantee for â€œGood Reasonâ€ (as defined in the Employment Agreement), or upon expiration of the â€œEmployment Termâ€ (as defined in the Employment Agreement) then in effect by reason of the Companyâ€™s delivery of a non-renewal notice pursuant to Section 2 of the Employment Agreement if the Company did not have Cause to deliver such non-renewal notice (such termination of employment, a â€œQualifying Terminationâ€), and such a Qualifying Termination occurs outside the Change in Control Window described in Section 7(B) below, the Target Number of Restricted Stock Units shall be pro-rated by multiplying the Target Number of Restricted Stock Units by the â€œEquity Award Pro-Rata Fraction.â€ For purposes of this Award, the â€œEquity Award Pro-Rata Fractionâ€ means the fraction obtained by dividing (i) the total number of days the Grantee was employed by the Company between the first day of the Performance Period and the date of the termination of the Granteeâ€™s employment, by (ii) the total number of days in the Performance Period. Such pro-rated number of Target Number of Restricted Stock Units shall remain outstanding and eligible to vest on the Vesting Date based on the Vesting Percentage determined under Section 3(A) as though the Granteeâ€™s employment had not been terminated. If a Change in Control occurs after the date of the Qualifying Termination and before the Vesting Date, Section 8(A) shall apply to the Award, and the pro-rata vesting provision of this Section 7(A) shall be given effect in calculating the number of Restricted Stock Units that vest on the Change in Control. If a Change in Control occurs before the date of the Qualifying Termination and a Qualifying Termination occurs before the Vesting Date, the pro-rata vesting provision of this Section 7(A) shall be given effect after taking Section 8 into account, and any Restricted Stock Units that vest as a result shall vest as of the Qualifying Termination.B.Â Â Â Â If, at any time prior to the Vesting Date, the Granteeâ€™s Service is terminated in a Qualifying Termination that occurs within twelve (12) months before, upon, or within two (2) years after a Change in Control (such period, the â€œChange in Control Windowâ€), Section 8(C) below shall apply to the Award (and in such circumstances Section 7(A) shall not apply to the Award).C.Â Â Â Â If, at any time prior to the Vesting Date, the Granteeâ€™s Service is terminated due to the Granteeâ€™s death or â€œDisabilityâ€ (as such term is defined in the Employment Agreement), the Target Number of Restricted Stock Units shall be pro-rated by multiplying the Target Number of Restricted Stock Units by the Equity Award Pro-Rata Fraction. Such pro-rated number of Target Number of Restricted Stock Units shall remain outstanding and eligible to vest on the Vesting Date based on the Vesting Percentage determined under Section 3(A) as though the Granteeâ€™s employment had not been terminated. If a Change in Control occurs after the date of such a termination of Service and before the Vesting Date, Section 8(A) shall apply to the Award, and the pro-rata vesting provision of this Section 7(C) shall be given effect in calculating the number of 6Restricted Stock Units that vest on the Change in Control. If a Change in Control occurs before the date of such a termination of Service and such a termination of Service occurs before the Vesting Date, the pro-rata vesting provision of this Section 7(C) shall be given effect after taking Section 8 into account, and any Restricted Stock Units that vest as a result shall vest as of the date of such termination of Service.D.Â Â Â Â If the Granteeâ€™s Service terminates for any other reason, this Award and the Restricted Stock Units subject hereto, to the extent outstanding and unvested as of the date of such termination of Service, shall terminate and be cancelled as of the date of such termination of Service. Sections 14(a) and 14(b) of the Plan shall not apply to this Award.] [Add the following clauses A and B in the award for Mr. Benarouche:A.Â Â Â Â If, at any time prior to the Vesting Date, the Granteeâ€™s Service is terminated due to the Granteeâ€™s death or Disability, the Target Number of Restricted Stock Units shall be pro-rated by multiplying the Target Number of Restricted Stock Units by the Equity Award Pro-Rata Fraction (as defined below). Such pro-rated number of Target Number of Restricted Stock Units shall remain outstanding and eligible to vest on the Vesting Date based on the Vesting Percentage determined under Section 3(A) as though the Granteeâ€™s employment had not been terminated. If a Change in Control occurs after the date of such a termination of Service and before the Vesting Date, Section 8(A) shall apply to the Award, and the pro-rata vesting provision of this Section 7(A) shall be given effect in calculating the number of Restricted Stock Units that vest on the Change in Control. If a Change in Control occurs before the date of such a termination of Service and such a termination of Service occurs before the Vesting Date, the pro-rata vesting provision of this Section 7(A) shall be given effect after taking Section 8 into account, and any Restricted Stock Units that vest as a result shall vest as of the date of such termination of Service. For purposes of this Award, the â€œEquity Award Pro-Rata Fractionâ€ means the fraction obtained by dividing (i) the total number of days the Grantee was employed by the Company between the first day of the Performance Period and the date of the termination of the Granteeâ€™s employment, by (ii) the total number of days in the Performance Period.B.Â Â Â Â If the Granteeâ€™s Service terminates for any other reason, this Award and the Restricted Stock Units subject hereto, to the extent outstanding and unvested as of the date of such termination of Service, shall terminate and be cancelled as of the date of such termination of Service. Notwithstanding anything to the contrary in Section 3, Section 5 or Section 7 of this Agreement or any provision of the Plan, the following provisions shall apply upon a Change in Control:A.Â Â Â Â If a Change in Control occurs and this Award (to the extent outstanding) is not continued following such event or assumed or converted into restricted7stock units of any successor entity to the Company or a parent thereof (the â€œSuccessor Entityâ€), this Award will vest as of the date of such Change in Control with respect to a number of Restricted Stock Units determined as follows:i.Â Â Â Â If the Change in Control occurs during the Companyâ€™s 2025 fiscal year, this Award shall be become vested as to the Target Number of Restricted Stock Units.ii.Â Â Â Â If the Change in Control occurs during the Performance Period and after the Companyâ€™s 2025 fiscal year, the number of Restricted Stock Units subject to this Award that vest in accordance with this Section 8(A)(ii) shall be determined as though the Performance Period ended as of the date of the Change in Control, and the Vesting Percentage under Section 3(A) shall be determined based on actual TSR performance for such shortened performance period.Â Â Â Â The foregoing provisions do not supersede [For Mr. Alberiniâ€™s award â€” Section 7(D); For the award for Mr. Benarouche - Section 7(B)] to the extent the Granteeâ€™s Service to the Company terminates and such provision is triggered prior to a Change in Control.B.Â Â Â Â If this Award (to the extent then outstanding) is continued following a Change in Control or is assumed or converted into restricted stock units of any Successor Entity, the number of Restricted Stock Units subject to this Award shall be adjusted as provided in the next sentence, and such adjusted number of Restricted Stock Units shall remain eligible to vest on the Vesting Date in accordance with this Section 8(B). In such circumstances, the number of Restricted Stock Units subject to this Award shall be adjusted in connection with the Change in Control as follows:i.Â Â Â Â If the Change in Control occurs during the Companyâ€™s 2025 fiscal year, the number of Restricted Stock Units subject to this Award that shall remain eligible to

vest in accordance with this Section 8(B) shall be equal to the Target Number of Restricted Stock Units.ii.Â Â Â Â If the Change in Control occurs during the Performance Period and after the Companyâ€™s 2025 fiscal year, the number of Restricted Stock Units subject to this Award that shall remain eligible to vest in accordance with this Section 8(B) shall be determined as though the Performance Period ended as of the date of the Change in Control, and the Vesting Percentage under Section 3(A) shall be determined based on actual TSR performance for such shortened performance period. In such circumstances, the performance-based vesting conditions of Section 3(A) shall no longer apply to this Award (except as expressly provided above to the extent applicable in making the adjustment provided8for in Section 8(B)(ii) above, if applicable), and the number of Restricted Stock Units subject to this Award (as so adjusted pursuant to Section 8(B)(i) or (ii) above, as applicable) shall remain eligible to vest on the original Vesting Date (without such date being modified due to the occurrence of the Change in Control), subject to the Grantee remaining continuously in Service with the Company following such Change in Control through the Vesting Date [For Mr. Alberiniâ€™s award add: (subject to the accelerated vesting provisions set forth in Section 7(A) and 7(C) above)] [For the award for Mr. Benarouche add: (subject to the accelerated vesting provisions set forth in Section 7(A) above)]. [Add the following clause C only in the award for Mr. Alberini:C.Â Â Â Â If the Granteeâ€™s Service is terminated in a Qualifying Termination that occurs within the Change in Control Window, the Award shall vest (or shall be deemed to have vested) on the Change in Control (or, if later, the Qualifying Termination) as to one hundred percent (100%) of the number of Restricted Stock Units subject to the Award after applying Section 8(A) or Section 8(B), as applicable.] 9.Restrictions on Transfer. The Grantee may not sell, assign, transfer, pledge, encumber or otherwise alienate, hypothecate or dispose of this Award or the Granteeâ€™s right hereunder to receive Award Shares, except as otherwise provided in the Committeeâ€™s sole discretion consistent with the Plan and applicable securities laws. 10.Taxes.A.Â Â Â Â Subject to the Companyâ€™s ability to comply with applicable laws, rules, and regulations, and unless the Grantee has provided in advance of the applicable withholding event sufficient cash to cover the applicable withholding obligations, upon any distribution of shares of Common Stock in respect of the Award, the Company shall automatically reduce the number of shares to be delivered by (or otherwise reacquire) the appropriate number of whole shares, valued at their then fair market value (at the time of such withholding, based on the last closing price (in regular trading) of a share of the Companyâ€™s common stock on the New York Stock Exchange available at the time of such withholding) to satisfy any withholding obligations (including both income tax and the Granteeâ€™s portion of employment tax withholding obligations) of the Company or its Subsidiaries with respect to such distribution of shares. In the event that the Company cannot legally satisfy such withholding obligations by such reduction of shares, or in the event of a cash payment or any other withholding event in respect of the Award, the Company shall be entitled to require a cash payment by or on behalf of the Grantee and/or to deduct from other compensation payable to the Grantee any sums required by federal, state or local tax law to be withheld with respect to such distribution or payment.9 B.Â Â Â Â It is intended that any amounts payable under this Agreement shall either be exempt from or comply with Section 409A of the Code (including the Treasury regulations and other published guidance relating thereto) (â€œCode Section 409Aâ€) so as not to subject the Grantee to payment of any additional tax, penalty or interest imposed under Code Section 409A. The provisions of this Agreement shall be construed and interpreted to avoid the imputation of any such additional tax, penalty or interest under Code Section 409A yet preserve (to the nearest extent reasonably possible) the intended benefit payable to the Grantee.C.Â Â Â Â If the Grantee is a â€œspecified employeeâ€ within the meaning of Treasury Regulation Section 1.409A-1(i) as of the date of the Granteeâ€™s â€œseparation from serviceâ€ (as such term is defined for purposes of Code Section 409A), the Grantee shall not be entitled to any payment or benefit pursuant to this Award until the earlier of (i) the date which is six (6) months after the Granteeâ€™s separation from service for any reason other than death, or (ii) the date of the Granteeâ€™s death. The provisions of this Section 10(C) shall only apply if, and to the extent, required to avoid the imputation of any tax, penalty or interest pursuant to Code Section 409A. Any amounts otherwise payable to the Grantee upon or in the six (6) month period following the Granteeâ€™s separation from service that are not so paid by reason of this Section 10(C) shall be paid (without interest) as soon as practicable (and in all events within thirty (30) days) after the date that is six (6) months after the Granteeâ€™s separation from service (or, if earlier, as soon as practicable, and in all events within thirty (30) days, after the date of the Granteeâ€™s death).11.Compliance. The Grantee hereby agrees to cooperate with the Company, regardless of Granteeâ€™s employment status with the Company, to the extent necessary for the Company to comply with applicable state and federal laws and regulations relating to the Restricted Stock Units.12.Notices. This Agreement shall be governed by and construed according to the laws of the State of Delaware, without regard to Delaware or other laws that might cause other law to govern under applicable principles of conflicts of law.Â  For purposes of litigating any dispute that arises under this Agreement, the parties hereby submit to and consent to the jurisdiction of the State of California, and10agree that such litigation shall be conducted in the courts of Los Angeles County, or the federal courts for the United States for the Central District of California, and no other courts, where this Agreement is made and/or to be performed.15.Electronic Delivery. The Company may, in its sole discretion, decide to deliver any documents related to the Restricted Stock Units awarded under the Plan or future restricted stock or restricted stock units that may be awarded under the Plan by electronic means or request Granteeâ€™s consent to participate in the Plan by electronic means. Grantee hereby consents to receive such documents by electronic delivery and agrees to participate in the Plan through an on-line or electronic system established and maintained by the Company or another third party designated by the Company.16.Severability. The Plan may be amended pursuant to Section 18 of the Plan. This Award Agreement may be amended by the Board or the Committee from time to time. Any such amendment must be in writing and signed by the Company. Neither the grant of the Restricted Stock Units, this Agreement nor any other action taken in connection herewith shall constitute or be evidence of any agreement or understanding, express or implied, that the Grantee is an employee of the Company or any subsidiary of the Company.19.Committeeâ€™s Powers. No provision contained in this Agreement shall in any way terminate, modify or alter, or be construed or interpreted as terminating, modifying or altering any of the powers, rights or authority vested in the Committee or, to the extent delegated, in its delegate pursuant to the terms of the Plan or resolutions adopted in furtherance of the Plan, including, without limitation, the right to make certain determinations and elections with respect to the Restricted Stock Units.20.Entire Agreement. This Award Agreement and the Plan set forth the entire agreement and understanding between the parties hereto with respect to the matters covered herein, and supersede any prior agreements and understandings concerning such matters. This Award Agreement may be executed in one or more counterparts, each of which shall be deemed to be an original, but all such counterparts shall together constitute one and the same agreement. The headings of sections and subsections herein are included solely for convenience of reference and shall not affect the meaning of any of the provisions of this Award Agreement. This Award Agreement shall be assumed by, be binding upon and inure to the benefit of any successor or successors to the Company. 1121.Plan. The Grantee acknowledges having read and understanding the Plan, the Prospectus for the Plan and this Award Agreement. Upon termination of this Agreement, all rights of the Grantee hereunder shall cease.23.Clawback Policy. This Award is subject to the terms of the Companyâ€™s recoupment, clawback or similar policy as it may be in effect from time to time, as well as any similar provisions of applicable law, any of which could in certain circumstances require repayment or forfeiture of this Award or any shares of Common Stock or other cash or property received with respect to this Award (including any value received from a disposition of the shares acquired in respect of this Award). Capitalized terms used herein without definition shall have the meanings assigned to them in the Plan. This Award and all rights of the Grantee under this Agreement are subject to, and the Grantee agrees to be bound by, all of the terms and conditions of the Plan, incorporated herein by this reference. Except as specifically provided in this Agreement, in the event of any conflict or inconsistency between the Plan and this Agreement, the Plan shall govern.2.Grant of Restricted Stock Units. The Company hereby grants to the Grantee as of the Date of Grant (set forth above) a right to receive [â—] shares of the Companyâ€™s common stock subject to the terms, conditions, and restrictions set forth herein (the â€œRestricted Stock Unitsâ€). As used herein, the term â€œRestricted Stock Unitâ€ shall mean a non-voting unit of measurement which is deemed for bookkeeping purposes to be equivalent to one outstanding share of the Companyâ€™s common stock, par value $0.01 per share (the â€œCommon Stockâ€) solely for purposes of the Plan and this Agreement. The Restricted Stock Units shall not be treated as property or as a trust fund of any kind. The Grantee shall have no rights as a shareholder of the Company, no dividend rights (except as expressly provided in Section 4 with respect to Dividend Equivalent Rights) and no voting rights with respect to the Restricted Stock Units and any shares of Common Stock underlying or issuable in respect of such Restricted Stock Units (â€œAward Sharesâ€) until such shares of Common Stock are actually issued to and held of record by the Grantee. This Award is in complete satisfaction of the Granteeâ€™s right, if any, to receive equity-based awards from the Company with respect to the Companyâ€™s 2025 fiscal year. 3.Vesting. A.Â Â Â Â If both the Licensing Segment Earnings from Operations Threshold and the Total Revenue Threshold (each as determined pursuant to Section 3(B)) are achieved for the Performance Period then, except as otherwise expressly provided in Sections 7 and 8 herein, this Award shall vest as to (i) one-third of the Restricted Stock Units on January 30, 2025 (the â€œFirst Trancheâ€), (ii) one-third of the Restricted Stock Units on January 30, 2026 (the â€œSecond Trancheâ€), and (iii) one-third of the Restricted Stock Units on January 30, 2027 (the â€œThird Trancheâ€); provided that Grantee has been continuously in Service with the Company from the Date of Grant through each applicable vesting date. Except as specifically provided herein, employment or service for only a portion of the vesting period, even if a substantial portion, will not entitle the Grantee to any proportionate vesting. As used herein, the term â€œServiceâ€ means employment by the Company or a Subsidiary or service to the Company as a member of the Board.B. Â Â Â Â No portion of this Award shall vest notwithstanding satisfaction of the continued Service requirement for vesting described in Section 3(A) above unless the Committee certifies, following the end of the Companyâ€™s 2025 fiscal year, that the Company achieved (i) Licensing Segment Earnings from Operations (as defined below) for the Companyâ€™s 2025 fiscal year (the â€œPerformance Periodâ€) equal to or above the level established by the Committee with respect to the Award in connection with the grant of the Award (the â€œLicensing Segment Earnings from Operations Thresholdâ€) or (ii) Total Revenue (as defined below) for the Performance Period equal to or above the level established by the Committee with respect to the Award in connection with the grant of the Award (the â€œTotal Revenue Thresholdâ€).C.Â Â Â Â If either a Change in Control or the death or Disability (as defined below) of the Grantee occurs before the last day of the Performance Period, the performance-based requirements of Sections 3(A) and 3(B) shall be deemed met as of the date of such event. D.Â Â Â Â If both the Licensing Segment Earnings from Operations Threshold and the Total Revenue Threshold are not met for the Performance Period (and Section 3(C) does not apply), this Award and the Restricted Stock Units subject hereto shall terminate and be cancelled as of the last day of the Performance Period. If either (but not both) the Licensing Segment Earnings from Operations Threshold or the Total Revenue Threshold is not met for the Performance Period (and Section 3(C) does not apply), fifty percent (50%) of the total number of Restricted Stock Units subject to this Award (rounded to the nearest whole number) shall terminate and be cancelled as of the last day of the Performance Period.E.Â Â Â Â For purposes of this Award, â€œDisabledâ€ and â€œDisabilityâ€ shall (i) have the meaning defined under the Companyâ€™s then-current long-term disability insurance plan, 2policy, program or contract as entitles the Grantee to payment of disability benefits thereunder, or (ii) if there shall be no such plan, policy, program or contract, mean permanent and total disability as defined in Section 22(e)(3) of the Code. Â Â Â Â For purposes of this Award, â€œLicensing Segment Earnings from Operationsâ€ means: the Companyâ€™s earnings from operations derived from the Companyâ€™s Licensing Segment for the Performance Period as calculated in accordance with generally accepted accounting principles (â€œGAAPâ€), but adjusted (without duplication and to the extent that the particular item would have otherwise impacted Licensing Segment Earnings from Operations for such period) to exclude the financial statement impact of the following items: (a) any positive or negative charges or accruals incurred for the Performance Period for litigation matters, but only where such charges or accruals for any particular matter exceed $500,000 for the Performance Period, (b) any professional service and legal fees and related costs excluded from the Companyâ€™s adjusted results for the Performance Period, as reflected in the Companyâ€™s press release financials for such period, (c) reorganization charges incurred for the Performance Period, including employee severance related costs, store and other real estate closure related costs and professional fees, (d) impairment charges (including, but not limited to stores, ROU, goodwill and other assets), (e) changes in accounting standards or methods that are implemented during the Performance Period in accordance with GAAP (to the extent not taken into account by the Committee when it established the goals), and (f) acquisitions, costs associated with such acquisitions, and the costs incurred in connection with potential acquisitions that are required to be expensed under GAAP, in each case for the Performance Period.For purposes of this Award, â€œTotal Revenueâ€ means: total Company revenue for the Performance Period as calculated in accordance with GAAP, but adjusted (without duplication and to the extent that the particular item would have otherwise impacted Earnings from Operations for such period) to exclude the financial statement impact of: (a) changes in accounting standards or methods that are implemented during the Performance Period in accordance with GAAP (to the extent not taken into account by the Committee when it established the goals), and (b) acquisitions during the Performance Period.4.Dividend Equivalents. If a cash dividend is paid with respect to the Common Stock while any Restricted Stock Units subject to the Award are outstanding, the Grantee shall be credited with an amount in cash equal to the dividends the Grantee would have received if he had been the owner of the shares of Common Stock subject to such outstanding Restricted Stock Units; provided, however, that no amount shall be credited with respect to shares that have been delivered to the Grantee as of the applicable dividend record date. Any amounts credited under this Section 4 (â€œDividend Equivalentsâ€) shall be subject to the same terms and conditions as the Restricted Stock Units to which they relate and shall vest and be paid (or, if applicable, be forfeited) at the same time as the Restricted Stock Units to which they relate. 5.Delivery of Shares. The Company shall deliver or cause to be delivered to the Grantee the number of Award Shares subject to the First Tranche that vest pursuant to the terms hereof in connection with the end of the Performance Period within ten days following 3certification by the Committee of the satisfaction of the performance criteria set forth in Section 3(B) (and in no event later than 74 days following the end of the Performance Period), and in all other cases in which one or more Restricted Stock units subject to the Award become vested the Company shall deliver or cause to be delivered to the Grantee the number of Award Shares that vested on the applicable vesting date under this Agreement on (or within three business days following, unless vesting is triggered by the Granteeâ€™s death or Disability in which case the applicable period will be within 74

days following) the applicable vesting date. Any Dividend Equivalents described in Section 4 above related to such Award Shares shall be paid in cash at the same time as the delivery of the Award Shares under this Section 5.6.No Restriction on Right of Company to Effect Corporate Changes; Adjustments Upon Specified Events. Neither the grant of the Award, the Plan nor this Award Agreement shall affect or restrict in any way the right or power of the Company or its shareholders to make or authorize any adjustment, recapitalization, reorganization or other change in the capital structure or business of the Company, or any merger or consolidation of the Company, or any issue of stock or of options, warrants or rights to purchase stock or of bonds, debentures, preferred or prior preference stocks whose rights are superior to or affect the Common Stock or the rights thereof or which are convertible into or exchangeable for Common Stock, or the dissolution or liquidation of the Company, or any sale or transfer of all or any part of the assets or business of the Company, or any other corporate act or proceeding, whether of a similar character or otherwise.Upon the occurrence of certain events relating to the Companyâ€™s Common Stock contemplated by Section 16(b) of the Plan, the Committee will make adjustments, if appropriate, in the number of Restricted Stock Units and the number and kind of securities subject to the Award. 7.Effect of Certain Cessations of Service. The continued Service vesting requirement set forth under Section 3(A) of this Award shall be deemed to be satisfied, and any then-outstanding Restricted Stock Units shall be deemed vested, in the event of the Granteeâ€™s Disability or death while in Service. For purposes of clarity, any Restricted Stock Units that vest pursuant to the preceding sentence shall still be paid at the applicable time set forth in Section 5. If the Granteeâ€™s Service terminates for any other reason, this Award and the Restricted Stock Units subject hereto, to the extent outstanding and unvested as of the date of such termination of Service, shall terminate and be cancelled as of the date of such termination of Service. Sections 14(a) and 14(b) of the Plan shall not apply to the Award.8.Change in Control. Notwithstanding anything to the contrary in Section 3, Section 5 or Section 7 of this Agreement or any provision of the Plan, the following provisions shall apply upon a Change in Control:A.Â Â Â Â Â If a Change in Control occurs and the then-outstanding and unvested portion of this Award is not continued following such event or assumed or converted into restricted stock units of any successor entity to the Company or a parent thereof (the â€œSuccessor Entityâ€), the continued Service vesting requirement set forth under Section 3(A) of this Award shall be deemed to be satisfied, and the outstanding Restricted Stock Units subject to such portion shall be deemed vested, upon such Change in Control.4B.Â Â Â Â Â If the then-outstanding and unvested portion of this Award is continued following such event or is assumed or converted into restricted stock units of any Successor Entity, the continued Service requirement set forth in Section 3(A) above (and the accelerated vesting provisions set forth in Section 7 above) shall continue to apply following such Change in Control.9.Restrictions on Transfer. The Grantee may not sell, assign, transfer, pledge, encumber or otherwise alienate, hypothecate or dispose of this Award or the Granteeâ€™s right hereunder to receive Award Shares, except as otherwise provided in the Committeeâ€™s sole discretion consistent with the Plan and applicable securities laws. 10.Taxes.A.Â Â Â Â Â The settlement of this Award is conditioned on the Grantee making arrangements reasonably satisfactory to the Company for the withholding of all applicable federal, state, local or foreign taxes as may be required under applicable law.B.Â Â Â Â Â It is intended that any amounts payable under this Agreement shall either be exempt from or comply with Section 409A of the Code (including the Treasury regulations and other published guidance relating thereto) (â€œCode Section 409Aâ€) so as not to subject the Grantee to payment of any additional tax, penalty or interest imposed under Code Section 409A. The provisions of this Agreement shall be construed and interpreted to avoid the imputation of any such additional tax, penalty or interest under Code Section 409A yet preserve (to the nearest extent reasonably possible) the intended benefit payable to the Grantee.C.Â Â Â Â Â If the Grantee is a â€œspecified employeeâ€ within the meaning of Treasury Regulation Section 1.409A-1(i) as of the date of the Granteeâ€™s â€œseparation from serviceâ€ (as such term is defined for purposes of Code Section 409A), the Grantee shall not be entitled to any payment or benefit pursuant to this Award until the earlier of (i) the date which is six (6) months after the Granteeâ€™s separation from service for any reason other than death, or (ii) the date of the Granteeâ€™s death. The provisions of this Section 10(C) shall only apply if, and to the extent, required to avoid the imputation of any tax, penalty or interest pursuant to Code Section 409A. Any amounts otherwise payable to the Grantee upon or in the six (6) month period following the Granteeâ€™s separation from service that are not so paid by reason of this Section 10(C) shall be paid (without interest, except as otherwise provided for in Section 8(A)) as soon as practicable (and in all events within thirty (30) days) after the date that is six (6) months after the Granteeâ€™s separation from service (or, if earlier, as soon as practicable, and in all events within thirty (30) days, after the date of the Granteeâ€™s death). For avoidance of doubt, Dividend Equivalents under Section 4 shall continue to be credited during the period of such six-month delay until the vested Restricted Stock Units are actually settled.11.Compliance. The Grantee hereby agrees to cooperate with the Company, regardless of Granteeâ€™s employment status with the Company, to the extent necessary for the Company to comply with applicable state and federal laws and regulations relating to the Restricted Stock Units.512.Notices. Any notice required or permitted under this Agreement shall be deemed given when personally delivered, or when deposited in a United States Post Office, postage prepaid, addressed, as appropriate, to the Grantee either at the address on record with the Company or such other address as may be designated by Grantee in writing to the Company; or to the Company, Attention: Stock Plan Administration, 1444 South Alameda Street, Los Angeles, California 90021, or such other address as the Company may designate in writing to the Grantee.13.Failure to Enforce Not a Waiver. The failure of the Company or the Grantee to enforce at any time any provision of this Agreement shall in no way be construed to be a waiver of such provision or of any other provision hereof.14.Governing Law. This Agreement shall be governed by and construed according to the laws of the State of Delaware, without regard to Delaware or other laws that might cause other law to govern under applicable principles of conflicts of law.Â  For purposes of litigating any dispute that arises under this Agreement, the parties hereby submit to and consent to the jurisdiction of the State of California, and agree that such litigation shall be conducted in the courts of Los Angeles County, or the federal courts for the United States for the Central District of California, and no other courts, where this Agreement is made and/or to be performed.15.Electronic Delivery. The Company may, in its sole discretion, decide to deliver any documents related to the Restricted Stock Units awarded under the Plan or future restricted stock or restricted stock units that may be awarded under the Plan by electronic means or request Granteeâ€™s consent to participate in the Plan by electronic means. Grantee hereby consents to receive such documents by electronic delivery and agrees to participate in the Plan through an on-line or electronic system established and maintained by the Company or another third party designated by the Company.16.Severability. The provisions of this Agreement are severable and if any one or more provisions are determined to be illegal or otherwise unenforceable, in whole or in part, the remaining provisions shall nevertheless be binding and enforceable.17.Amendments. The Plan may be amended pursuant to Section 18 of the Plan. This Award Agreement may be amended by the Board or the Committee from time to time. Any such amendment must be in writing and signed by the Company. Any such amendment that materially and adversely affects the Granteeâ€™s rights under this Award Agreement requires the consent of the Grantee in order to be effective with respect to the Award.18.Agreement Not a Contract of Employment. Neither the grant of the Restricted Stock Units, this Agreement nor any other action taken in connection herewith shall constitute or be evidence of any agreement or understanding, express or implied, that the Grantee is an employee of the Company or any subsidiary of the Company.19.Committeeâ€™s Powers. No provision contained in this Agreement shall in any way terminate, modify or alter, or be construed or interpreted as terminating, modifying or altering any of the powers, rights or authority vested in the Committee or, to the extent delegated, in its delegate pursuant to the terms of the Plan or resolutions adopted in furtherance of the Plan, including, without limitation, the right to make certain determinations and elections with respect to the Restricted Stock Units.620.Entire Agreement. This Award Agreement and the Plan set forth the entire agreement and understanding between the parties hereto with respect to the matters covered herein, and supersede any prior agreements and understandings concerning such matters. This Award Agreement may be executed in one or more counterparts, each of which shall be deemed to be an original, but all such counterparts shall together constitute one and the same agreement. The headings of sections and subsections herein are included solely for convenience of reference and shall not affect the meaning of any of the provisions of this Award Agreement. This Award Agreement shall be assumed by, be binding upon and inure to the benefit of any successor or successors to the Company.21.Plan. The Grantee acknowledges having read and understanding the Plan, the Prospectus for the Plan and this Award Agreement. Unless otherwise expressly provided in other sections of this Award Agreement, provisions of the Plan that confer discretionary authority on the Board do not and shall not be deemed to create any rights in the Grantee unless such rights are expressly set forth herein or are otherwise in the sole discretion of the Board so conferred by appropriate action of the Board under the Plan after the date hereof.22.Termination of this Agreement. Upon termination of this Agreement, all rights of the Grantee hereunder shall cease.23.Clawback Policy. This Award is subject to the terms of the Companyâ€™s recoupment, clawback or similar policy as it may be in effect from time to time, as well as any similar provisions of applicable law, any of which could in certain circumstances require repayment or forfeiture of the Award or any shares of Common Stock or other cash or property received with respect to the Award (including any value received from a disposition of the shares acquired in respect of the Award). The vesting schedule requires the Grantee's continued employment or service through each applicable vesting date as a condition to the vesting of the applicable installment of the Award and the rights and benefits under this Agreement. Employment or service for only a portion of the vesting period, even if a substantial portion, will not entitle the Grantee to any proportionate vesting or avoid or mitigate a termination of rights and benefits upon or following a termination of employment or services as provided in Section 8 below or under the Plan.4.Acknowledgment of Nature of Plan and Stock Units. In accepting the Award, Grantee understands, acknowledges and agrees that:(a)the Plan is established voluntarily by the Company, it is discretionary in nature and may be modified, amended, suspended or terminated by the Company at any time, as provided in the Plan;(b)the Award of Stock Units is voluntary and occasional and does not create any contractual or other right to receive future awards of stock units, or benefits in lieu of stock units even if stock units have been awarded in the past;(c)all decisions with respect to future awards, if any, will be at the sole discretion of the Company;(d)Grantee's participation in the Plan is voluntary;(e)the Stock Units and the shares of Common Stock subject to the Stock Units, and the income and value of same, are not intended to replace any pension rights or compensation;(f)unless otherwise agreed with the Company, the Stock Units and the shares of Common Stock subject to the Stock Units, and the income and value of same, are not granted as consideration for, or in connection with, any service the Grantee may provide as a director of a Subsidiary;(g)the Stock Units and the shares of Common Stock subject to the Stock Units, and the income and value of same, are not part of normal or expected compensation or salary for any purposes, including, but not limited to, calculation of any severance, resignation, termination, redundancy, end of service payments, bonuses, long-service awards, pension or retirement benefits or similar payments;(h)neither the Award of Stock Units nor any provision of this Agreement, the Plan or the policies adopted pursuant to the Plan confers upon Grantee any right with respect to employment or service or continuation of current employment or service; neither shall the Award of Stock Units nor any provision of this Agreement, the Plan or the policies adopted pursuant to the Plan constitute or be evidence of any agreement or understanding, express or implied, that the Grantee is an employee of or otherwise rendering services to the Company or any Subsidiary; and, in the event that Grantee is not an employee of the Company or any Subsidiary, the Stock Units shall not be interpreted to form an employment contract or relationship with the Company or any Subsidiary;(i)the future value of the underlying shares is unknown and cannot be predicted with certainty;(j)neither the Company, the Grantee's actual employer nor any other Subsidiary shall be liable for any foreign exchange rate fluctuation between the Grantee's local currency and the United States Dollar that may affect the value of the Stock Units or of any amount due to the Grantee pursuant to the settlement of the Stock Units or the subsequent sale of any shares of Common Stock acquired upon settlement;(k)if Grantee receives shares, the value of such shares acquired on vesting of the Stock Units may increase or decrease in value;(l)no claim or entitlement to compensation or damages arises from forfeiture of the Stock Units, and no claim or entitlement to compensation or damages shall arise from any diminution in value of the Stock Units or shares received upon vesting of the Stock Units, resulting from termination of the Grantee's employment by the Company or the Grantee's actual employer (for any reason whatsoever, whether or not later found to be invalid or in breach of local labor laws or the terms of the Grantee's employment agreement, if any) and, in consideration of the grant of the Award to which the Grantee is otherwise not entitled, Grantee irrevocably releases the Company, the Grantee's actual employer and all other Subsidiaries from any such claim that may arise; if, notwithstanding the foregoing, any such claim is found by a court of competent jurisdiction to have arisen, then, by signing this Agreement, Grantee shall be deemed irrevocably to have waived his or her entitlement to pursue such claim and agrees to execute any and all documents necessary to request dismissal or withdrawal of such claim; (m)the Company is not providing any tax, legal or financial advice, nor is the Company making any recommendations regarding Grantee's participation in the Plan, or Grantee's acquisition or sale of the underlying shares of Common Stock;(n)Grantee is hereby advised to consult with his or her own tax, legal and financial advisors regarding Grantee's participation in the Plan before taking any action relatedto the Plan; and(o)except as otherwise provided in this Agreement, the Plan or by the Company in its discretion, the Stock Units and benefits evidenced by this Agreement do not create any entitlement to have the Stock Units or any such benefits transferred to, or assumed by, another company nor to be exchanged, cashed out or substituted for, in connection with any corporate transaction affecting the shares.5.Dividend and Voting Rights.(a)Limitations on Rights Associated with Stock Units. The Grantee shall have no rights as a shareholder of the Company, no dividend rights (except as expressly provided in Section 5(b) with respect to Dividend Equivalent Rights) and no voting rights with respect to the Stock Units and any shares of Common Stock underlying or issuable in respect of such Stock Units until such shares of Common Stock are actually issued to and held of record by the Grantee. No adjustments will be made for dividends or other rights of a holder for which the record date is prior to the date of issuance of such shares of Common Stock, which form may be either: (i) in one or more stock certificates or (ii) in book entry, registered in the name of the Grantee.(b)Dividend Equivalent Rights Distributions. If a cash dividend is paid with respect to Company Common Stock, the Grantee shall be credited as of the applicable dividend payment date with the total cash dividend the Grantee would have received had the Grantee's unvested restricted Stock Units been actual Company Common Stock and such amounts shall become earned and payable in the same proportion and in the same manner as the related restricted Stock Units.6.Restrictions on Transfer. Neither the Award, nor any interest therein or amount or shares payable in respect thereof may be sold, assigned, transferred, pledged or otherwise disposed of, alienated or encumbered, either voluntarily or involuntarily, and any such attempted sale, assignment, transfer, pledge or disposal shall be void. The transfer restrictions in the preceding sentence shall not apply to (a) transfers to the Company, or (b) transfers by will or the laws of descent and distribution.7.Timing and Manner of Payment of Stock Units. On or as soon as administratively practical following each vesting of the applicable portion of the total Award pursuant to Sections 3 or 9, the Company shall deliver to the Grantee a number of shares of Common Stock (either by delivering one or more certificates for such shares or by entering such shares in book entry form, as determined by the Company in its discretion) equal to the number of Stock Units subject to this Award that vest on the applicable vesting date, unless such Stock Units terminate prior to the given vesting date pursuant to Section 8. The Company's obligation to deliver shares of

Common Stock or otherwise make payment with respect to vested Stock Units is subject to the conditions precedent that the Grantee or other person entitled under the Plan to receive any shares with respect to the vested Stock Units deliver to the Company anyrepresentations or other documents or assurances required pursuant to Section 19(g) of the Plan and such delivery complies with local and foreign laws and other legal requirements, including exchange control laws or the requirements of any stock exchange upon which the shares may then be listed. The Grantee shall have no further rights with respect to any Stock Units that are paid or that terminate pursuant to Section 8.8.Effect of Cessation of Employment. Unless the Committee determines otherwise in its sole discretion, the Grantee's Stock Units shall terminate to the extent such units have not become vested prior to the first date the Grantee is no longer actively employed with the Company or one of its Subsidiaries (for any reason whatsoever, whether or not later found to be invalid or in breach of local labor laws or the terms of the Grantee's employment agreement, if any), regardless of any notice period mandated under local law (e.g., active employment would not include a period of â€œgarden leaveâ€ or similar period pursuant to local law). If the Grantee is employed by a Subsidiary and that entity ceases to be a Subsidiary, such event shall be deemed to be a termination of employment of the Grantee for purposes of this Agreement, unless the Grantee otherwise continues to be employed by the Company or another of its Subsidiaries following such event. If any unvested Stock Units are terminated hereunder, such Stock Units shall automatically terminate and be cancelled as of the applicable termination date without payment of any consideration by the Company and without any other action by the Grantee, or the Grantee's beneficiary or personal representative, as the case may be. The Committee shall have the exclusive discretion to determine when the Grantee is no longer actively employed for purposes of his or her Award (including whether the Grantee may still be considered to be employed while on a leave of absence).9.Change in Control. Notwithstanding anything provided in Section 17 of the Plan to the contrary, in the event of a Change in Control and except as the Committee (as constituted immediately prior to such Change in Control) may otherwise determine in its sole discretion, all of the Stock Units shall thereon become fully vested and payable to the Grantee.10.Responsibility for Taxes. Regardless of any action the Company or the Grantee's actual employer takes with respect to any or all income tax (including federal, state and local taxes), social insurance, fringe benefit tax, payroll tax, payment on account or other tax-related items related to the Grantee's participation in the Plan and legally applicable to the Grantee (â€œTax-Related Itemsâ€), the Grantee acknowledges that the ultimate liability for all Tax-Related Items legally due by the Grantee is and remains the Grantee's responsibility and may exceed the amount actually withheld by the Company or the Grantee's actual employer. The Grantee further acknowledges that the Company and/or the Grantee's actual employer (i) make no representations or undertakings regarding the treatment of any Tax-Related Items in connection with any aspect of the Stock Units, including the grant of the Stock Units, the vesting of theStock Units, the conversion of the Stock Units into shares or the receipt of an equivalent cash payment, the subsequent sale of any shares acquired at vesting and the receipt of any dividends or Dividend Equivalent Rights; and (ii) do not commit to and are under no obligation to structure the terms of the grant or any aspect of the Stock Units to reduce or eliminate the Grantee's liability for Tax-Related Items or achieve a particular tax result. Further, if the Grantee becomes subject to Tax Related Items in more than one jurisdiction, the Grantee acknowledges that the Company and/or the Grantee's actual employer (or former employer, as applicable) may be required to withhold or account for Tax Related Items in more than one jurisdiction.Prior to the relevant taxable or tax withholding event, as applicable, the Grantee shall pay, or make adequate arrangements satisfactory to the Company or to the Grantee's actual employer to satisfy all Tax-Related Items. In this regard, the Grantee authorizes the Company or the Grantee's actual employer to satisfy their withholding obligations with respect to all Tax-Related Items by one or a combination of the following: (i) withholding from Grantee's wages or other cash compensation payable to Grantee by the Company or the Grantee's actual employer or from any equivalent cash payment received upon vesting of the Stock Units; (ii) withholding from the proceeds of the sale of shares to be issued on the vesting of Stock Units either through a voluntary sale or a mandatory sale arranged by the Company (or the Grantee's behalf pursuant to this authorization without further consent); or (iii) withholding in shares of Common Stock to be issued on the vesting of Stock Units. Depending on the withholding method, the Company may withhold or account for Tax-Related Items by considering applicable minimum statutory withholding amounts or other applicable withholding rates, including maximum applicable rates, in which case the Grantee will receive a refund of any over-withheld amount in cash and will have no entitlement to the Common Stock equivalent. If the Company or the Grantee's actual employer satisfies the obligation for Tax-Related Items by withholding a number of whole shares of Common Stock as described herein, the Grantee is deemed to have been issued the full number of shares of Common Stock subject to the Stock Units, notwithstanding that a number of the shares of Common Stock is held back solely for the purpose of paying the Tax-Related Items due as a result of the vesting of the Stock Units. Grantee shall pay to the Company or to the Grantee's actual employer any amount of Tax-Related Items that the Company or the Grantee's actual employer may be required to withhold as a result of Grantee's participation in the Plan that cannot be satisfied by the means previously described. The Company may refuse to deliver shares to Grantee if Grantee fails to comply with Grantee's obligation in connection with the Tax-Related Items as described herein.11.Data Privacy. Grantee hereby explicitly and unambiguously consents to the collection, use and transfer, in electronic or other form, of Grantee's personal data as described in this Agreement by and among, as applicable, Grantee's actual employer, the Company, its Subsidiaries and its affiliates for the exclusive purpose of implementing, administering and managing Grantee's participation in the Plan.Grantee understands that the Company and Grantee's employer may hold certain personal information about Grantee, including, but not limited to, Grantee's name, home address and telephone number, date of birth, social insurance number or other identification number, salary, nationality, job title, any shares of stock or directorships held in the Company, details of all Stock Units or any other entitlement to shares awarded, canceled, vested, unvested or outstanding in Grantee's favor (â€œDataâ€), for the purpose of implementing, administering and managing the Plan. Grantee understands that Data may be transferred to any third parties assisting in the implementation, administration and management of the Plan, that these recipients may be located in Grantee's country, or elsewhere, and that the recipient's country (e.g., the United States) may have different data privacy laws and protections than Grantee's country. Grantee understands that Grantee may request a list with the names and addresses of any potential recipients of the Data by contacting Grantee's local human resources representative. Grantee authorizes the recipients to receive, possess, use, retain and transfer the Data, in electronic or other form, for the purposes of implementing, administering and managing Grantee's participation in the Plan, including any requisite transfer of such Data as may be required to a broker, escrow agent or other third party with whom the shares received upon vesting of the Stock Units may be deposited. Grantee understands that Data will be held only as long as is necessary to implement, administer and manage Grantee's participation in the Plan. Grantee understands that he or she may, at any time, view Data, request additional information about the storage and processing of Data, require any necessary amendments to Data or refuse or withdraw the consents herein, in any case without cost, by contacting in writing Grantee's local human resources representative. Further, the Grantee understands that he or she is providing the consents herein on a purely voluntary basis. If the Grantee does not consent, or if Grantee later seeks to revoke his or her consent, Grantee's employment status or service and career with the Grantee's actual employer will not be adversely affected; the only consequence of refusing or withdrawing the Grantee's consent is that the Company would not be able to grant Stock Units or other equity awards to Grantee, or administer or maintain such awards. Grantee understands that refusal or withdrawal of consent may affect his or her ability to participate in the Plan. For more information on the consequences of Grantee's refusal to consent or withdrawal of consent, Grantee understands that he or she may contact his or her local human resources representative.12.Electronic Delivery. The Company may, in its sole discretion, decide to deliver any documents related to the Stock Units awarded under the Plan or future stock units that may be awarded under the Plan by electronic means or request Grantee's consent to participate in the Plan by electronic means. Grantee hereby consents to receive such documents by electronic delivery and agrees to participate in the Planthrough an on- line or electronic system established and maintained by the Company or third party designated by the Company.13.Language. If Grantee has received this Agreement or any other document related to the Plan translated into a language other than English and if the meaning of the translated version is different than the English version, the English version will control.14.Compliance. Grantee hereby agrees to cooperate with the Company, regardless of Grantee's employment status with the Company, to the extent necessary for the Company to comply with applicable state and federal laws and regulations relating to the Stock Units.15.Notices. Any notice required or permitted under this Agreement shall be deemed given when personally delivered, or when deposited in a United States Post Office or a corresponding non-U.S. postal service, postage prepaid, addressed, as appropriate, to the Grantee either at the address on record with the Company or such other address as may be designated by Grantee in writing to the Company; or to the Company, Attention: Stock Plan Administration, 1444 South Alameda Street, Los Angeles, California 90021, or such other address as the Company may designate in writing to the Grantee.16.Failure to Enforce Not a Waiver. The failure of the Company or the Grantee to enforce at any time any provision of this Agreement shall in no way be construed to be a waiver of such provision or of any other provision hereof.17.Governing Law. This Agreement shall be governed by and construed according to the laws of the State of Delaware, without regard to Delaware or other laws that might cause other law to govern under applicable principles of conflicts of law. For purposes of litigating any dispute that arises under this Award of Stock Units or this Agreement, the parties hereby submit to and consent to the jurisdiction of the State of California, and agree that such litigation shall be conducted in the courts of Los Angeles County, or the federal courts for the United States for the Central District of California, and no other courts, where this Award of Stock Units is made and/or to be performed; and waive, to the fullest extent permitted by law, any objection that the laying of the venue of any legal or equitable proceedings related to, concerning or arising from such dispute which is brought in any such court is improper or that such proceedings have been brought in an inconvenient forum.18.Continuance of Employment. Nothing contained in this Agreement or the Plan constitutes an employment or service commitment by the Company, affects the Grantee's status as an employee at will who is subject to termination without cause, confers upon the Grantee any right to remain employed by or in service to the Company or any of its subsidiaries, interferes in any way with the right of the Company or any of its subsidiaries at any time to terminate such employment or services, or affects the right of the Company or any of its subsidiaries to increase ordecrease the Grantee's other compensation or benefits. Nothing in this Agreement, however, is intended to adversely affect any independent contractual right of the Grantee without his or her consent thereto.19.Committee's Powers. No provision contained in this Agreement shall in any way terminate, modify or alter, or be construed or interpreted as terminating, modifying or altering any of the powers, rights or authority vested in the Committee or, to the extent delegated, in its delegate pursuant to the terms of the Plan or resolutions adopted in furtherance of the Plan, including, without limitation, the right to make certain determinations and elections with respect to the Stock Units.20.Severability. The provisions of this Agreement are severable and if any one or more provisions are determined to be illegal or otherwise unenforceable, in whole or in part, the remaining provisions shall nevertheless be binding and enforceable.21.Entire Agreement. This Agreement and the Plan together constitute the entire agreement and supersede all prior understandings and agreements, written or oral, of the parties hereto with respect to the subject matter hereof. The Plan may be amended pursuant to Section 18 of the Plan. This Agreement may be amended by the Board or the Committee from time to time. Any such amendment must be in writing and signed by the Company. Any such amendment that materially and adversely affects the Grantee's rights under this Agreement requires the consent of the Grantee in order to be effective with respect to the Award. The Company may, however, unilaterally waive any provision hereof in writing to the extent such waiver does not adversely affect the interests of the Grantee hereunder, but no such waiver shall operate as or be construed to be a subsequent waiver of the same provision or a waiver of any other provision hereof.22.Compliance with Section 409A. It is intended that the terms of the Award will not result in the imposition of any tax liability pursuant to Section 409A of the Code. The Agreement shall be construed and interpreted consistent with that intent.23.Imposition of Other Requirements. The Company reserves the right to impose other requirements on the Grantee's participation in the Plan, on the Stock Units and on any shares of Common Stock acquired under the Plan, to the extent the Company determines it is necessary or advisable for legal or administrative reasons. The Grantee agrees to sign any additional agreements or undertakings that may be necessary to accomplish the foregoing.24.Appendix. This Award shall be subject to any special terms and conditions set forth in the Appendix to this Agreement for the Grantee's country. Moreover, if the Grantee relocates to one of the countries included in the Appendix, the special terms and conditions for such country will apply to the Grantee, to the extent the Company determines that the application of such terms and conditions is necessary or advisable for legal or administrative reasons. The Appendix constitutes part of this Agreement.25.Insider Trading. The Grantee acknowledges that, depending on his or her country, the Grantee may be subject to insider trading restrictions and/or market abuse law, which may affect the Grantee's ability to acquire or sell shares of Common Stock or right to shares (e.g., Stock Units) under the Plan during such times as the Grantee is considered to have â€œinside informationâ€ regarding the Company (as defined by the laws in his or her country). Any restrictions under these laws or regulations are separate from and in addition to any restrictions that may be imposed under any applicable Company insider trading policy. The Grantee acknowledges that it is his or her responsibility to comply with any applicable restrictions, and the Grantee is advised to speak to his or her personal advisor on this matter.26.Foreign Asset/Account Reporting Requirements and Exchange Controls. The Grantee acknowledges that his or her country may have certain foreign asset and/or foreign account reporting requirements and exchange controls which may affect his or her ability to acquire or hold shares of Common Stock under the Plan or cash received from participating in the Plan (including from any dividends paid on shares acquired under the Plan) in a brokerage or bank account outside the Grantee's country. The Grantee may be required to report such accounts, assets or transactions to the tax or other authorities in his or her country. The Grantee also may be required to repatriate sale proceeds or other funds received as a result of his or her participation in the Plan to his or her country through a designated bank or broker within a certain time after receipt. The Grantee acknowledges that it is his or her responsibility to be compliant with such regulations, and the Grantee is advised to consult his or her personal legal advisor for any details.27.Clawback Policy. This Award is subject to the terms of the Company's recoupment, clawback or similar policy as it may be in effect from time to time, as well as any similar provisions of applicable law, any of which could in certain circumstances require repayment or forfeiture of the Award or any shares of Common Stock or other cash or property received with respect to the Award (including any value received from a disposition of the shares acquired in respect of the Award).IN WITNESS WHEREOF, the Company has caused this Agreement to be executed on its behalf by a duly authorized officer and the Grantee has hereunto set his or her hand as of the date and year first above written.GUESS?, INC.,a Delaware corporationBy:Â Â Â Â Print Name:Its:GRANTEESignatureDENNIS SECORPrint Name EX-31.1 5 a10q-q3fy25ex311.htm EX-31.1 DocumentExhibitÂ 31.1Â I, Carlos Alberini, certify that:1.I have reviewed this quarterly report on Form 10-Q of Guess?,Â Inc.;2.Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;3.Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;4.The registrantâ€™s other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act RulesÂ 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act RulesÂ 13a-15(f) and 15d-15(f)) for the registrant and have:a)Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;b)Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;c)Evaluated the effectiveness of the registrantâ€™s disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; andd)Disclosed in this report any change in the registrantâ€™s internal control over financial reporting that occurred during the registrantâ€™s most recent fiscal quarter (the registrantâ€™s fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrantâ€™s internal control over financial reporting; and5.The registrantâ€™s other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrantâ€™s auditors and the audit committee of the registrantâ€™s board of directors (or persons performing the equivalent functions):a)All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrantâ€™s ability to record, process, summarize and report financial information; andb)Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrantâ€™s internal control over financial reporting.Date:December 6, 2024By:/s/ CARLOS ALBERINICarlos AlberiniChief Executive Officer EX-31.2 6 a10q-q3fy25ex312.htm EX-31.2 DocumentExhibitÂ 31.2Â I, Dennis Secor, certify that:1.I have reviewed this quarterly report on FormÂ 10-Q of Guess?,Â Inc.;2.Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;3.Based on my knowledge, the financial statements, and other

GUESS? branded products, some of which are produced under license, are also sold internationally through a series of retail store licensees and wholesale distributors. On April 2, 2024, the Company acquired all the operating assets and a 50% interest in the intellectual property assets of New York-based fashion brand rag & bone, a leader in the American fashion scene, which directly operates stores in the U.S. and in the U.K., and is also available in high-end boutiques, department stores and through e-commerce globally.ReclassificationsThe Company has made certain reclassifications to prior period amounts to conform to the current period presentation within the accompanying condensed consolidated financial statements and notes to the condensed consolidated financial statements.Interim Financial StatementsIn the opinion of management, the accompanying unaudited condensed consolidated financial statements of the Company contain all adjustments, consisting of normal recurring adjustments, considered necessary for a fair presentation of the condensed consolidated balance sheets as of NovemberÂ 2, 2024 and FebruaryÂ 3, 2024, and the condensed consolidated statements of income (loss), comprehensive income (loss), cash flows and stockholdersâ€™ equity for the three and nine months ended November 2, 2024 and OctoberÂ 28, 2023. The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with U.S. Generally Accepted Accounting Principles (â€œGAAPâ€) for interim financial information and the instructions to RuleÂ 10-01 of Regulation S-X of the United States Securities and Exchange Commission (the â€œSECâ€). Accordingly, they have been condensed and do not include all of the information and footnotes required by GAAP for complete financial statements. The results of operations and cash flows for the three and nine months ended November 2, 2024 are not necessarily indicative of the results of operations to be expected for the full fiscal year. These financial statements should be read in conjunction with the Companyâ€™s Annual Report on Form 10-K for the year ended FebruaryÂ 3, 2024.Fiscal PeriodsThe Company operates on a 52/53-week fiscal year calendar, which ends on the Saturday nearest to January 31 of each year. The three and nine months ended November 2, 2024 had the same number of days as the three and nine months ended October 28, 2023. All references herein to â€œfiscal 2025â€, â€œfiscal 2024â€ and â€œfiscal 2023â€ represent the results of the 52-week fiscal year ending FebruaryÂ 1, 2025, the 53-week fiscal year ended FebruaryÂ 3, 2024 and the 52-week fiscal year ended JanuaryÂ 28, 2023, respectively. Business Update, Market Trends and UncertaintiesMacroeconomic conditions, including declines in consumer spending, inflation, higher interest rates, foreign exchange rate fluctuations and the impact of the ongoing wars in Ukraine and Gaza are continuing to negatively impact the Companyâ€™s businesses. The Company continues to carefully monitor global and regional developments and respond appropriately. The Company also continues to strategically manage expenses in order to protect profitability and mitigate, to the extent possible, the residual effect of supply chain disruptions, including the Red Sea crisis. The duration and scope of these conditions cannot be predicted, and therefore, any anticipated negative financial impact to the Companyâ€™s operating results cannot be reasonably estimated.Summary of Significant Accounting Policies The accounting policies of the Company are set forth in further detail in Note 1 to the Companyâ€™s Consolidated Financial Statements contained in the Companyâ€™s fiscal 2024 Annual Report on Form 10-K. The Company includes herein certain updates to those policies.Cash, Cash Equivalents and Restricted CashCash and cash equivalents consist of cash on hand and marketable securities with original maturities of three months or less. The Companyâ€™s restricted cash is held for future payment of a special cash dividend declared in March 2024 as nonvested restricted stock awards vest.Use of EstimatesThe preparation of the financial statements in conformity with accounting principles generally accepted in the U.S. requires management to make estimates and assumptions that affect the amounts reported in the financial statements and disclosed in the accompanying notes. Significant areas requiring the use of management estimates relate to the allowances for doubtful accounts, sales return and markdown allowances, valuation of inventories, share-based compensation, income taxes, recoverability of deferred income taxes, unrecognized income tax benefits, the useful life of assets for depreciation and amortization, evaluation of asset impairment (including goodwill and long-lived assets, such as property and equipment and operating lease right-of-use (â€œROUâ€) assets), pension obligations, workersâ€™ compensation and medical self-insurance expense and accruals, litigation reserves, restructuring expense and accruals, convertible senior notes and accounting for business combinations. These estimates and assumptions may change as a result of the impact of global economic conditions, such as the uncertainty regarding the impact of the ongoing wars in Ukraine and Gaza, global inflationary pressures, volatility in foreign exchange rates and declining consumer spending. Actual results could differ from those estimates. Revisions in estimates could materially impact the results of operations and financial position.The Companyâ€™s operations could be impacted in ways the Company is not able to predict today. While the Company believes it has made reasonable accounting estimates based on the facts and circumstances that were available as of the reporting date, to the extent there are differences between these estimates and actual results, the Companyâ€™s results of operations and financial position could be materially impacted.Revenue RecognitionThe Company recognizes the majority of its revenue from its direct-to-consumer (brick-and-mortar retail stores and concessions as well as e-commerce) and wholesale distribution channels at a point in time when it satisfies a performance obligation and transfers control of the product to the respective customer.The Company also recognizes royalty revenue from its trademark license agreements. The Companyâ€™s trademark license agreements represent symbolic licenses that are dependent on the Companyâ€™s continued support over the term of the license agreement. The amount of revenue that is recognized from the licensing arrangements is based on sales-based royalty and advertising fund contributions as well as specific fixed payments, where applicable. The Companyâ€™s trademark license agreements customarily provide for a multi-year initial term ranging from three to fifteen years and may contain options to renew prior to expiration for an additional multi-year period. The unrecognized portion of upfront payments is included in deferred royalties in accrued expenses and other long-term liabilities depending on the short or long-term nature of the payments to be recognized. As of NovemberÂ 2, 2024, the Company had $14.7 million and $33.1 million of deferred royalties related to these upfront payments included in accrued expenses and other current liabilities and other long-term liabilities, respectively. This compares to $5.0 million and $14.8 million of deferred royalties related to these upfront payments included in accrued expenses and other current liabilities and other long-term liabilities, respectively, as of FebruaryÂ 3, 2024. During the three and nine months ended November 2, 2024, the Company recognized $4.3 million and $13.0 million in net royalties, respectively, related to the amortization of deferred royalties. During the three and nine months ended October 28, 2023, the Company recognized $3.6 million and $10.7 million in net royalties, respectively, related to the amortization of deferred royalties.Refer to Note 9 for further information on disaggregation of revenue by segment and country.Allowance for Doubtful AccountsIn the normal course of business, the Company grants credit directly to certain wholesale customers after a credit analysis is performed based on financial and other criteria. Accounts receivable are recorded net of an allowance for doubtful accounts. The Company maintains allowances for doubtful accounts for estimated losses that may result from the inability of its wholesale customers and licensing partners to make their required payments. The Company bases its allowances on analysis of the aging of accounts receivable at the date of the financial statements, assessments of historical and current collection trends, evaluation of the impact of current and future forecasted economic conditions and whether the Company has obtained credit insurance or other guarantees. Management performs regular evaluations concerning the ability of its customers to make required payments and records a provision for doubtful accounts based on these evaluations.As of NovemberÂ 2, 2024, approximately 42% of the Companyâ€™s total net trade accounts receivable and 63% of its European net trade receivables were subject to credit insurance coverage, certain bank guarantees or letters of credit for collection purposes. The Companyâ€™s credit insurance coverage contains certain terms and conditions specifying deductibles and annual claim limits. Management evaluates the creditworthiness of the counterparties to the credit insurance, bank guarantees and letters of credit and records a provision for the risk of loss on these instruments based on these evaluations as considered necessary.The Companyâ€™s credit losses for the periods presented were not significant compared to sales and did not significantly exceed managementâ€™s estimates. Refer to Note 6 for further information on the Companyâ€™s allowance for doubtful accounts.Advertising and Marketing CostsThe Company expenses the cost of advertising as incurred. Advertising and marketing expenses charged to operations for the three and nine months ended November 2, 2024 were $25.7Â million and $68.6Â million, respectively. During the three and nine months ended October 28, 2023, advertising and marketing expenses charged to operations were $13.8Â million and $36.6Â million, respectively.Recently Adopted Accounting GuidanceCommon Control ArrangementsIn March 2023, the Financial Accounting Standards Board (â€œFASBâ€) issued authoritative guidance to amend certain provisions of Accounting Standards Codification 842 that apply to arrangements between related parties under common control. The amendment requires leasehold improvements associated with common control leases to be amortized over the useful life to the common control group, and requires certain disclosures when the lease term is shorter than the useful life of the asset. This Accounting Standards Update (â€œASUâ€) is effective for fiscal years beginning after December 15, 2023, including interim periods within those fiscal years. The Company adopted this guidance during the three months ended May 4, 2024, which had no material impact on the Companyâ€™s consolidated financial position, results of operations or cash flows.Recently Issued Accounting GuidanceJoint Venture FormationsIn August 2023, the FASB issued authoritative guidance regarding the initial measurement of joint ventures. Upon formation, a joint venture is required to recognize and initially measure its assets and liabilities at fair value. The new guidance is applicable to joint ventures with a formation date on or after

January 1, 2025. Early adoption and retrospective application of the amendments are permitted. The Company is currently evaluating the impact this guidance will have on its consolidated financial statements.Segment ReportingIn November 2023, the FASB issued authoritative guidance which modifies the disclosure requirements of reportable segments. This guidance is designed to improve reportable segment disclosure requirements, primarily through enhanced disclosures of significant segment expenses. This ASU is effective for fiscal years beginning after December 15, 2023, and for interim periods beginning after December 15, 2024. The Company is currently evaluating the impact this guidance will have on its consolidated financial statements.Income Tax DisclosuresIn December 2023, the FASB issued authoritative guidance to enhance the transparency and decision usefulness of income tax disclosures. The additional disclosures required by this update are related to the effective tax rate reconciliation and income taxes paid by jurisdiction. This ASU is effective for annual periods beginning after December 15, 2024. The Company is currently evaluating the impact this guidance will have on its consolidated financial statements.Expense DisaggregationIn November 2024, the FASB issued authoritative guidance regarding expense disaggregation disclosures. The guidance requires interim and annual disclosure, within the notes to the Companyâ€™s financial statements, of (a) purchases of inventory, (b) employee compensation, (c) depreciation, and (d) intangible asset amortization included in each relevant expense caption presented on the face of the income statement within continuing operations. The requirements also include: (1) inclusion of certain amounts that are already required to be disclosed under current GAAP in the same disclosure as the other disaggregation requirements, (2) a qualitative description of the amounts remaining in relevant expense captions that are not separately disaggregated quantitatively, and (3) disclosure of the total amount of selling expenses and, in annual reporting periods, an entityâ€™s definition of selling expenses. The new guidance is effective for annual reporting periods beginning after December 15, 2026, and interim reporting periods beginning after December 15, 2027. Early adoption is permitted. The Company is currently evaluating the impact this guidance will have on its consolidated financial statements. This included the direct operation of 34 stores in the U.S. and two stores in the U.K. Concurrent with the closing of the acquisition, (i) a joint venture owned 50% by each of the Company and global management firm WHP Global (the â€œJoint Ventureâ€) acquired rag & boneâ€™s intellectual property and (ii) the Company, through Guess Europe Sagl, a wholly owned subsidiary of the Company, entered into an Intellectual Property License Agreement (the â€œLicense Agreementâ€) with the Joint Venture granting the Company the exclusive right to use rag & bone intellectual property to manufacture licensed products worldwide and to sell licensed products in specified territories in exchange for payment of royalty fees by the Company to the Joint Venture.The Company paid total cash consideration of approximately $57.1 million at closing for both the operating assets and its 50% interest in the licensing assets. In addition, there is potential for incremental earnout consideration to the sellers, of which the Company could be responsible for a maximum of $12.8Â million, based on preset levels of sales and EBITDA performance of the rag & bone operations in its fiscal year ending January 4, 2025. The Company recorded a $2.0 million payable with respect to the potential earnout payment during the quarter ended May 4, 2024 based on its assessment of the fair value measurement of such earnout as of April 2, 2024. There was no material change in the assessed fair value of the potential earnout as of NovemberÂ 2, 2024.The transaction is intended to provide the following strategic and financial benefits:â€¢Leverage the Companyâ€™s powerful infrastructure to accelerate rag & bone growth and drive synergies;â€¢Expand the Companyâ€™s global lifestyle brand portfolio with the rag & bone brand, allowing the Company to reach a very attractive customer base that is complimentary to that of the Guess and Marciano brands.Purchase Price AllocationThe rag & bone acquisition was accounted for as a business combination in accordance with ASC Topic 805. Consistent with ASC Topic 805, rag & bone was consolidated into the Companyâ€™s condensed consolidated financial statements starting on the acquisition date. Under the acquisition method, the Company records the identifiable assets acquired and liabilities assumed at their respective fair values on the acquisition date. There are various estimates and judgments related to the valuation of identifiable assets acquired and liabilities assumed. These estimates and judgments have the potential to materially impact the Companyâ€™s condensed consolidated financial statements.The purchase price allocation as of the acquisition date was based on a preliminary valuation and is subject to change as more detailed analyses are completed and additional information about the fair value of assets acquired and liabilities assumed becomes available. For each of the three months ended AugustÂ 3, 2024 and NovemberÂ 2, 2024, purchase price allocation adjustments were immaterial. The purchase price consideration was allocated to assets acquired and liabilities assumed based on their respective fair values as follows (in thousands):Apr 2, 2024Cash and cash equivalents$2,083Â Accounts receivable23,582Â Inventory52,105Â Other current assets10,900Â Total current assets88,670Â Property and equipment12,605Â Operating lease right-of-use assets38,821Â Other assets61,840Â Total assets acquired$201,936Â Accounts payable$23,752Â Accrued expenses11,923Â Current portion of operating lease liabilities16,588Â Total current liabilities52,263Â Long-term operating lease liabilities44,496Â Total liabilities assumed$96,759Â Fair value of net assets acquired$105,177Â Cash$57,064Â Earnout consideration2,040Â Vendor consideration46,073Â Fair value of acquisition consideration$105,177Â The Company recorded an allocation of the purchase price to the tangible assets acquired and liabilities assumed based on their fair values at the acquisition date, including the fair value of the equity method investment in the Joint Venture. The fair value of inventories, which is primarily made up of finished goods, was determined based on market assumptions for realizing a reasonable profit after selling costs. The fair value of intangibles reflects the rag & bone wholesale customer relationships, which is reported in other assets on the Companyâ€™s condensed consolidated balance sheets and will be amortized over a ten-year period reflecting the economic life of such relationships. In the acquisition, the Company assumed off-market leases for retail stores, which will be unwound over 3.5 years.The Company considers the difference between the total fair value received, inclusive of the deferred tax asset recognized by the Company associated with the transaction, and consideration paid, to be a vendor consideration liability, which reflects the incentive the Company received to enter into the rag & bone transaction and related License Agreement. As such, a $46.1Â million vendor consideration liability was recorded on the Companyâ€™s condensed consolidated balance sheets and no goodwill was recognized as of the acquisition date. The vendor consideration liability will be amortized over five years.During the three months ended NovemberÂ 2, 2024, the Company incurred no transaction-related costs in connection with the acquisition of rag & bone. During the nine months ended November 2, 2024, the Company incurred $5.7 million of transaction-related costs in connection with the acquisition of rag & bone, which were included in selling, general and administrative expenses in the condensed consolidated statements of income (loss) and comprehensive income (loss). Pro Forma Financial InformationFor the three months ended NovemberÂ 2, 2024 and the period April 2, 2024 through NovemberÂ 2, 2024, rag & boneâ€™s aggregate net revenue was $73.8 million and $161.0 million, respectively. The following financial information presents the Companyâ€™s consolidated net revenues as if the acquisition had occurred on January 29, 2023 (in thousands):Three Months EndedNine Months EndedNov 2, 2024Oct 28, 2023Nov 2, 2024Oct 28, 2023Pro-forma net revenue$738,518Â $720,435Â $2,096,263Â $2,070,000Â The Company did not have any nonrecurring pro forma adjustments directly attributable to the rag & bone acquisition included in the reported pro forma revenue.These pro forma revenues were based on estimates and assumptions, which the Company believes are reasonable and have been calculated after applying the Companyâ€™s accounting policies. They are not the results that would have been realized had the acquisition actually occurred on January 29, 2023 and are not necessarily indicative of the Companyâ€™s consolidated net revenue in future periods.Equity Method Investment in and License Agreement with the Joint VentureThe Company determined that it does not have a controlling financial interest in the Joint Venture, as the Company does not control the governing body of the Joint Venture and does not have the right to direct the most significant activities of the Joint Venture, which include monetizing the rag & bone intellectual property through licensing arrangements. The Company accounts for its 50% interest in the Joint Venture, through which it exercises significant influence, under the equity method. The Company initially recorded its investment in the Joint Venture at cost, which is derived from fair value due to the bundled nature of the rag & bone transaction, and included the acquisition of the rag & bone operating net assets, the License Agreement, as well as the Joint Venture investment. As of NovemberÂ 2, 2024, the carrying value of the Joint Venture investment is approximately $45.0 million, inclusive of the Companyâ€™s interest held through a non-interest bearing loan of $15.6 million. The carrying value for the Companyâ€™s equity investment is reported in other assets on the Companyâ€™s condensed consolidated balance sheets.The Company and the Joint Venture entered into the License Agreement concurrent with the overall rag & bone transaction. The License Agreement grants the Company the exclusive right to use rag & bone intellectual property to manufacture licensed products worldwide and to sell licensed products in specified territories. The initial term of the License Agreement is ten years, and the License Agreement automatically renews for up to four successive renewal terms of ten years (unless the Company provides notice of non-renewal). The Joint Venture, through WHP Global, has the right to terminate the License Agreement upon certain breaches by the Company. Under the terms of the License Agreement, the Company will pay the Joint Venture royalties equal to specified percentages of net sales of licensed products, which vary based on sales channel, subject to an annual guaranteed minimum royalty during the term of the License Agreement. The Company records the royalty expenses within cost of product sales.Pursuant to the agreement governing the operations of the Joint Venture, cash earnings of the Joint Venture will be distributed to the Company and WHP Global on a pro rata basis based on their respective equity ownership interests, subject to certain adjustments agreed to between the Company and WHP Global. The Company will subsequently adjust the carrying amount based on its share of the Joint Ventureâ€™s net income or loss. The Companyâ€™s share of equity income will be included within results from operations in the condensed consolidated statements of income (loss), subject to adjustments for intercompany profits associated with the License Agreement. The Company also leases some of its equipment, as well as computer hardware and software, under operating and finance lease agreements expiring on various dates through July 2029.The Companyâ€™s lease agreements primarily provide for lease payments based on a minimum annual rental amount, a percentage of annual sales volume, periodic adjustments related to inflation or a combination of such lease payments. Certain retail store leases provide for lease payments based upon the minimum annual rental amount and a percentage of annual sales volume, generally ranging from 3% to 26%, when specific sales volumes are exceeded. The Companyâ€™s retail concession leases also provide for lease payments primarily based upon a percentage of annual sales volume, which averages approximatelyÂ 26%. During the nine months ended November 2, 2024, the Company closed on the sale and leaseback of its U.S. distribution center. The lease payments escalate at a fixed percentage rate annually for the first ten years. After the initial lease term, the Company has the option to renew the lease for two five-year extension periods. The transaction met the criteria for sale-leaseback accounting and, as such, a net gain of $13.8Â million was recognized on the sale of the assets during the nine months ended November 2, 2024.In addition to the amounts as disclosed below, the Company has estimated additional operating lease commitments of approximately $8.3 million for leases where the Company has not yet taken possession of the underlying asset as of NovemberÂ 2, 2024. The Companyâ€™s effective income tax rate was an expense of 355.1% for the nine months ended November 2, 2024 compared to a benefit of 6.3% for the nine months ended October 28, 2023. The change in the effective income tax rate was primarily due to a net $41.8Â million unrealized loss on the fair value remeasurement of derivatives related to the Companyâ€™s 2028 Notes and the related convertible note hedge recorded in the current period which was disregarded for income tax purposes, compared to a discrete income tax benefit recognized during the third quarter of fiscal 2024 as a result of the consolidation of certain business functions into Switzerland as described below.Intra-Entity TransactionsDuring fiscal 2022, the Company completed an intra-entity transfer of intellectual property rights from certain U.S. entities to a wholly-owned Swiss subsidiary, more closely aligning the Companyâ€™s intellectual property rights with its business operations. This transaction resulted in a taxable gain in the U.S. The U.S. taxable gain generated by this intercompany transfer of intellectual property was primarily offset by the recognition of a deferred income tax asset in the Swiss subsidiary.During fiscal 2024, the Company recognized a one-time net tax benefit of Swiss Franc 33.7Â million related to the consolidation of certain business functions into Switzerland that was approved by the Switzerland tax authority during the third quarter of fiscal 2024.Changes in Income Tax LawDuring calendar year 2019, Switzerland implemented income tax reform (â€œSwiss tax reformâ€) that was effective as of January 1, 2020. The Swiss tax reform eliminated certain preferential income tax treatments and included transitional relief measures which provided for future income tax deductions. During fiscal 2020, the Company recognized a one-time income tax benefit of approximately $8.1Â million related primarily to the recognition of a deferred income tax asset associated with the estimated value of an income tax basis step-up of the Companyâ€™s Switzerland subsidiaryâ€™s assets. During fiscal 2023, the Company recorded a $2.3Â million reserve for uncertain income tax positions related to such deferred income tax asset. During fiscal 2024, based on recent developments among European Union tax authorities, the Company wrote off the $8.1Â million tax benefit related to the value of the income tax basis step-up of the Companyâ€™s Switzerland subsidiaryâ€™s assets, resulting in a net income tax expense of $5.8Â million.Unrecognized Income Tax BenefitThe Company and its subsidiaries are subject to U.S. federal and foreign income tax, as well as income tax of multiple state and foreign local jurisdictions. From time-to-time, the Company is subject to routine income and other audits on various income tax matters around the world in the ordinary course of business. As of NovemberÂ 2, 2024, the Company does not expect its ongoing income tax or other tax audits to have a material impact on the financial statements.As of NovemberÂ 2, 2024 and FebruaryÂ 3, 2024, the Company had $67.7Â million and $63.4Â million, respectively, of aggregate accruals for uncertain income tax positions, including penalties and interest. This includes an accrual of $19.9Â million for the estimated transition tax (excluding interest) related to the 2017 Tax Cuts and Jobs Act (the â€œTax Reformâ€) and $20.6Â million for the intra-entity transfer of intellectual property rights from certain U.S. entities to a wholly-owned Swiss subsidiary, substantially offset by the related deferred income tax benefit recorded by the Swiss subsidiary. The Company reviews and updates the estimates used in the accrual for uncertain income tax positions, as appropriate, as more definitive information or interpretations become available from income taxing authorities, and on the completion of income tax audits, the receipt of assessments, expiration of statutes of limitations, or occurrence of other events.During fiscal 2021, the Company became aware of a foreign withholding income tax regulation that could be interpreted to apply to certain of its previous transactions. The Company currently does not expect its exposure, if any, will have a material impact on its consolidated financial position, results of operations or cash flows.Indefinite Reinvestment AssertionThe Company has historically considered the undistributed earnings of its foreign subsidiaries to be indefinitely reinvested. As a result of the Tax Reform, the Company had a substantial amount of previously taxed earnings that could be distributed to the U.S. without additional U.S. taxation. As of NovemberÂ 2, 2024, the Company determined that approximately $73.3Â million of such foreign earnings are not indefinitely reinvested. The incremental tax cost to repatriate these earnings to the U.S. is immaterial. The Company intends to indefinitely reinvest the remaining earnings from the Companyâ€™s foreign subsidiaries for which a deferred income tax liability has not already been recorded. The Company continues to evaluate its plans for reinvestment or repatriation of unremitted foreign earnings and regularly reviews its cash positions and determination of indefinite reinvestment of foreign earnings. If the Company determines that all or a portion of such foreign earnings are no longer indefinitely reinvested, the Company may be subject to additional foreign withholding taxes and U.S. state income taxes, beyond the one-time transition tax. Certain components of the Companyâ€™s Asia operating segment are separate operating segments based on region, which have been aggregated into the Asia reportable segment for disclosure purposes. On April 2, 2024, the Company completed the rag & bone acquisition and has integrated rag & bone into its existing segments for financial reporting purposes.Management evaluates segment performance based primarily on revenues and earnings (loss) from operations before corporate performance-based compensation costs, asset impairment charges, net gains (losses) on lease modifications, separation charges, transaction costs, restructuring charges, gain on sale of assets and certain non-recurring credits (charges), if any. All intercompany revenues are eliminated in consolidation and are not reviewed when evaluating segment performance. fiscal 2021. These loans are primarily unsecured, have remaining terms of less than one year and incur interest at annual rates ranging between 1.5% to 6.0%. As of NovemberÂ 2, 2024 and FebruaryÂ 3, 2024, the Company had outstanding borrowings of $5.0 million and $12.1 million, respectively, under these term loans.Finance Lease ObligationsThe Company has entered into finance leases for equipment used in its European distribution centers. These finance lease agreements provide for monthly minimum lease payments and expire on various dates through May 2027 with an average effective interest rate of approximately 4%. As of NovemberÂ 2, 2024 and FebruaryÂ 3, 2024, these finance lease obligations totaled $5.6 million and $8.1 million, respectively. The Company also has smaller finance leases related to computer hardware and software and other equipment. As of NovemberÂ 2, 2024 and FebruaryÂ 3, 2024, these finance lease obligations totaled $5.2 million and $7.3 million, respectively.Mortgage Debt During fiscal 2017, the Company entered into a ten-year $21.5 million real estate secured loan (the â€œMortgage Debtâ€) which was secured by the Companyâ€™s U.S. distribution center based in Louisville, Kentucky. The Mortgage Debt required the Company to comply with a fixed charge coverage ratio on a trailing four-quarter basis if consolidated cash, cash equivalents, short-term investment balances and availability under borrowing arrangements fell below certain levels. In addition, the Mortgage Debt contained customary covenants, including covenants that limited or restricted the Companyâ€™s ability to incur liens on the mortgaged property and enter into certain contractual obligations. Upon the occurrence of an event of default under the Mortgage Debt, the lender could have terminated the Mortgage Debt and declared all amounts outstanding to be immediately due and payable. The Mortgage Debt specified a number of events of default (some of which were subject to applicable grace or cure periods), including, among other things, non-payment defaults, covenant defaults, cross-defaults to other material indebtedness, bankruptcy and insolvency defaults and material judgment defaults. In May 2023, the Company amended the terms of the Mortgage Debt, which was previously payable at a variable rate based on the London Interbank Offered Rate (â€œLIBORâ€), to provide for the interest rate to be based on the Secured Overnight Financing Rate (â€œSOFRâ€), effective May 1, 2023. The Company also amended its existing interest rate swap agreement, resulting in a swap fixed rate of approximately 3.14%. During the nine months ended November 2, 2024, the Company paid the $16.3 million remaining balance of the Mortgage Debt when it sold the associated building and land and extinguished this debt.Credit FacilitiesLong-Term 2023 Credit FacilityDuring fiscal 2023, the Company amended and restated its senior secured asset-based revolving credit facility with Bank of America, N.A. and other lenders party thereto to extend the maturity date of the credit facility to December 20, 2027, among other changes (as amended, the â€œ2023 Credit Facilityâ€). In addition, the Company entered into agreements to amend the 2023 Credit Facility to permit, among other things, an exchange and subscription offering and certain related transactions on each of April 12, 2023 and March 28, 2024. The 2023 Credit Facility previously provided for a borrowing capacity in an amount up to $150 million, which was increased in March 2024 by $50Â million to a total borrowing capacity under the facility up to $200 million. The borrowing facility includes a Canadian sub-facility up to $20 million, subject to a borrowing base. Based on applicable accounts receivable, inventory and eligible cash, subject to certain allowances, the Company could have borrowed up to $192.3Â million under the 2023 Credit Facility as of NovemberÂ 2, 2024. The 2023 Credit Facility has an option to expand the borrowing capacity by up to $100 million subject to certain terms and conditions, including the willingness of existing or new lenders to assume such increased amount. The 2023 Credit Facility is available for direct borrowings and the issuance of letters of credit, subject to certain letters of credit sublimits, and may be used for repayment of debt, working capital and other general corporate purposes. As of NovemberÂ 2, 2024, the Company had $7.7 million in outstanding standby letters of credit, no outstanding documentary letters of credit and no outstanding borrowings under the 2023 Credit Facility. As of FebruaryÂ 3, 2024, the Company had $6.6 million in outstanding standby letters of credit, no outstanding documentary letters of credit and no outstanding borrowings under the 2023 Credit Facility. All obligations under the 2023 Credit Facility are unconditionally guaranteed by the Company and the Companyâ€™s existing and future domestic and Canadian subsidiaries, subject to certain exceptions, and are secured by a first priority lien on substantially all of the assets of the Company and such domestic and Canadian subsidiaries, as applicable.Direct borrowings under the 2023 Credit Facility made by the Company and its domestic subsidiaries bear interest at the U.S. base rate plus an applicable margin (varying from 0.25% to 0.75%) or at Term SOFR plus a spread adjustment plus an applicable margin (varying from 1.25% to 1.75%), provided that Term SOFR may not be less than zero. The U.S. base rate is based on the greater of (i) the U.S. prime rate, (ii) the federal funds rate, plus 0.5%, and (iii) Term SOFR plus a spread adjustment for a 30-day interest period, plus 1.0%, provided that the U.S. base rate may not be less than zero. Direct borrowings under the 2023 Credit Facility made by the Companyâ€™s Canadian subsidiaries bear interest at the Canadian prime rate plus an applicable margin (varying from 0.25% to 0.75%) or at the Term Canadian Overnight Repo Rate Average (â€œCORRAâ€) rate plus an applicable margin (varying from 1.25% to 1.75%), provided that the Term CORRA rate may not be less than zero. The Canadian rate is based on the greater of (i) the Canadian prime rate and (ii) the Term CORRA rate for a one-month interest period, plus 1.0%, provided that the Canadian prime rate may not be less than zero. The applicable margins are calculated quarterly and vary based on the average daily availability of the aggregate borrowing base. The Company is also obligated to pay certain commitment, letter of credit and other fees customary for a credit facility of this size and type.The 2023 Credit Facility contains various annual sustainability key performance targets, the achievement of which would result in an adjustment to the interest margin ranging from plus 5 basis points to minus 5 basis points per year and the commitment fee ranging from plus 1 basis point to minus 1 basis point per year. The 2023 Credit Facility requires the Company to comply with a fixed charge coverage ratio on a trailing four-quarter basis if a default or an event of default occurs under the 2023 Credit Facility or availability under the 2023 Credit Facility falls below the greater of 10% of the aggregate borrowing base or $12.5Â million. In addition, the 2023 Credit Facility contains customary covenants, including covenants that limit or restrict the Company and certain of its subsidiariesâ€™ ability to: incur liens, incur indebtedness, make investments, dispose of assets, make certain restricted payments, merge or consolidate and enter into certain transactions with affiliates. Upon the occurrence of an event of default under the 2023 Credit Facility, the lenders may cease making loans, terminate the 2023 Credit Facility and declare all amounts outstanding to be immediately due and payable. The 2023 Credit Facility specifies a number of events of default (some of which are subject to applicable grace or cure periods), including, among other things, non-payment defaults, covenant defaults, cross-defaults to other material indebtedness, bankruptcy and insolvency defaults, and material judgment defaults. The 2023 Credit Facility allows for both secured and unsecured borrowings outside of the 2023 Credit Facility up to specified amounts.Long-Term 2024 Credit FacilityDuring fiscal 2023, Guess Europe Sagl, a wholly owned subsidiary of the Company, entered into a credit agreement for a â‚¬250Â million revolving credit facility with an initial five-year term. During the second quarter of fiscal 2025, Guess Europe Sagl entered into agreements with certain lenders, which expanded the borrowing capacity under the credit agreement (as amended, the â€œ2024 Credit Facilityâ€) from â‚¬250Â million to â‚¬350 million.In connection with the â‚¬100 million expansion in the size of the revolving line of credit, the 2024 Credit Facility provides for an increase in the applicable margin for outstanding borrowings and unused commitments under the revolving credit facility. Borrowings under the 2024 Credit Facility bear interest based on the daily balance outstanding at the Euro Interbank Offered Rate (EURIBOR) plus an applicable margin (varying from 1.10% to 1.45%), provided that EURIBOR may not be less than zero. The 2024 Credit Facility carries a commitment fee equal to the available but unused borrowing capacity multiplied by 35% of an applicable margin (varying from 1.10% to 1.45%). The Company is also required to pay a utilization fee on the total amount of the loans outstanding under the 2024 Credit Facility at rates varying from 0.10% to 0.20%, depending on the balance outstanding. The applicable margins are calculated quarterly and vary based on the leverage ratio of the guarantor and its subsidiaries as set forth in the 2024 Credit Facility.The 2024 Credit Facility contains various annual sustainability key performance targets, the achievement of which would result in an adjustment to the interest margin ranging from plus 5 basis points to minus 5 basis points per year. The 2024 Credit Facility includes a financial covenant requiring a maximum leverage ratio of the guarantor and its subsidiaries and also includes customary representations and warranties, affirmative and negative covenants and events of default. As of NovemberÂ 2, 2024, the Company had $232.9 million of outstanding borrowings and $146.3 million available for future borrowings under the 2024 Credit Facility. As of FebruaryÂ 3, 2024, the Company had no outstanding borrowings and $269.7 million available for future borrowings under the revolving credit facility prior to its amendment in 2024.Other Credit FacilitiesThe Company, through its Chinese subsidiary, maintains a short-term uncommitted bank borrowing agreement that provides for a borrowing capacity up to $30 million, primarily for working capital purposes. Pursuant to the exchange and subscription agreements, the Company exchanged approximately $184.9Â million in aggregate principal amount of its 2024 Notes for $163.0Â million in aggregate principal amount of Initial 2028 Notes and an aggregate of approximately $33.3Â million in cash, representing accrued and unpaid interest and other consideration on the 2024 Notes, and issued $112.0Â million aggregate principal amount of Initial 2028 Notes for cash at par. Immediately following the closing of the aforementioned April 2023 transactions, $115.1Â million in aggregate principal amount of the 2024 Notes remained outstanding. In addition, the Company concurrently repurchased $42.8Â million, including excise tax, of its common stock through broker-assisted market transactions, pursuant to the Companyâ€™s 2021 Share Repurchase Program. The Company evaluated all April 2023 exchanges and determined approximately 74% of the exchanged notes were accounted for as extinguishment of debt and approximately 26% were accounted for as modification of debt. As a result of these transactions entered into during April 2023, the Company recognized a $7.7Â million loss on extinguishment of debt during the first quarter of fiscal 2024.In January 2024, the Company exchanged approximately $67.1Â million of its 2024 Notes for approximately $64.8Â million of additional 3.75% convertible senior notes due 2028 (the â€œJanuary Additional 2028 Notesâ€) in privately negotiated exchange and subscription agreements with a limited number of holders of its 2024 Notes. The January Additional 2028 Notes have the same terms, constitute a single series with, and have the same CUSIP number as the Initial 2028 Notes. The January Additional 2028 Notes were initially recorded at fair value of approximately $71.9Â million upon the exchange. Immediately following the closing of these January 2024 transactions, approximately $48.1Â million of the 2024 Notes remained outstanding and classified within current liabilities. In addition, the Company concurrently repurchased $21.3Â million, including excise tax, of its common stock through broker-assisted market transactions, pursuant to the Companyâ€™s 2021 Share Repurchase Program. The Company evaluated all January 2024 exchanges and determined that all of the exchanged notes were accounted for as extinguishment of debt. As a result of these transactions entered into during January 2024, the Company recognized a $4.7Â million loss on extinguishment of debt during the fourth quarter of fiscal 2024.In March 2024, the Company exchanged approximately $14.6Â million of its 2024 Notes for approximately $12.1Â million of additional 3.75% convertible senior notes due 2028 (the â€œMarch Additional 2028 Notesâ€, together with the January Additional 2028 Notes, the â€œAdditional 2028 Notesâ€; collectively with the â€œInitial 2028 Notesâ€, the â€œ2028 Notesâ€) in a privately negotiated exchange and subscription agreement with a holder of its 2024 Notes. The March Additional 2028 Notes have the same terms, constitute a single series with, and have the same CUSIP number as the Initial 2028 Notes. The March Additional 2028 Notes were initially recorded at fair value of approximately $16.7Â million upon the exchange. Immediately following the closing of this March 2024 transaction, approximately $33.5Â million of the 2024 Notes remained outstanding, which were settled during April 2024. In addition, the Company concurrently repurchased $10.3Â million of its common stock through broker-assisted market transactions, pursuant to the Companyâ€™s 2024 Share Repurchase Program. The Company evaluated the March 2024 exchange and determined that all of the exchanged notes were accounted for as extinguishment of debt. As a result of this transaction entered into during March 2024, the Company recognized a $2.0Â million loss on extinguishment of debt during the first quarter of fiscal 2025.3.75% Convertible Senior Notes due 2028In connection with the issuance of the Initial 2028 Notes, the Company entered into an indenture (the â€œ2028 Indentureâ€) with respect to the 2028 Notes with U.S. Bank Trust Company, N.A., as trustee (the â€œ2028 Trusteeâ€). The 2028 Notes are senior unsecured obligations of the Company and bear interest at an annual rate of 3.75% payable semi-annually in arrears on April 15 and October 15 of each year, beginning on October 15, 2023. The 2028 Notes will mature on April 15, 2028, unless earlier repurchased or converted in accordance with their terms.The 2028 Notes are convertible in certain circumstances into cash, shares of the Companyâ€™s common stock, or a combination of cash and shares of the Companyâ€™s common stock, at the Companyâ€™s election, at an initial conversion rate of 40.4858 shares of common stock per $1,000 principal amount of 2028 Notes, which is equivalent to an initial conversion price of approximately $24.70 per share, subject to adjustment upon the occurrence of certain events. In accordance with the terms of the 2028 Indenture, the Company has adjusted the conversion rate and the conversion price of the 2028 Notes for quarterly dividends exceeding $0.225 per share (the conversion price is approximately $22.22 per share as of NovemberÂ 2, 2024). Prior to November 15, 2027, the 2028 Notes are convertible only upon the occurrence of certain events and during certain periods, and thereafter, at any time until the close of business on the second scheduled trading day immediately preceding the maturity date of the 2028 Notes. The 2028 Notes are not redeemable prior to maturity, unless certain significant corporate events occur, and no sinking fund is provided for the 2028 Notes. As of NovemberÂ 2, 2024, none of the conditions allowing holders of the 2028 Notes to convert had been met. The Company expects to settle the principal amount of the 2028 Notes in fiscal 2029 in cash and any excess in shares.If the Company undergoes a â€œfundamental change,â€ as defined in the 2028 Indenture, subject to certain conditions, holders of the 2028 Notes may require the Company to purchase for cash all or any portion of their 2028 Notes. The fundamental change purchase price will be 100% of the principal amount of the 2028 Notes to be purchased plus any accrued and unpaid interest up to but excluding the fundamental change purchase date.The 2028 Indenture contains certain other customary terms and covenants, including that upon certain events of default occurring and continuing, either the 2028 Trustee or the holders of at least 25% in principal amount of the outstanding 2028 Notes may declare 100% of the principal of, and accrued and unpaid interest on, all the 2028 Notes to be due and payable.In connection with the exchange of the 2024 Notes in January 2024 and March 2024, the conversion feature embedded in the Additional 2028 Notes failed to satisfy the requirements for the derivative scope exception for contracts indexed to the Companyâ€™s own stock. The conversion feature of the Additional 2028 Notes required bifurcation from the host contract. The embedded derivative was measured at fair value of $7.8Â million as of NovemberÂ 2, 2024. As of the transaction dates, a total debt discount of $11.8Â million was recorded as the excess of the principal amount of the Additional 2028 Notes over the fair value of the host contract.During the first quarter of fiscal 2025, the Company incurred approximately $0.9Â million of debt issuance costs related to the March Additional 2028 Notes including third-party offering costs. During fiscal 2024, the Company incurred $5.9Â million and $2.0Â million of debt issuance costs related to the Initial 2028 Notes and the January Additional 2028 Notes, respectively, including third-party offering costs. Debt issuance costs were recorded as a contra-liability (other than $0.5Â million expensed related to the 2024 Notes that were subject to modification accounting) and are presented net against the 2028 Notes balance on the Companyâ€™s condensed consolidated balance sheets. These costs are being amortized to interest expense over the term of the 2028 Notes.2.00% Convertible Senior Notes due 2024In April 2019, the Company issued $300Â million principal amount of the 2024 Notes in a private offering. In connection with the issuance of the 2024 Notes, the Company entered into an indenture (the â€œ2024 Indentureâ€) with respect to the 2024 Notes with U.S. Bank N.A., as trustee. The 2024 Notes were senior unsecured obligations of the Company and bore interest at an annual rate of 2.00% payable semi-annually in arrears on April 15 and October 15 of each year. The Company incurred $5.3Â million of debt issuance costs, which were comprised of $3.8Â million of discounts and commissions payable to the initial purchasers and approximately $1.5Â million of third-party offering costs. These costs were amortized to interest expense over the term of the 2024 Notes.The 2024 Notes were convertible as described below into cash, shares of the Companyâ€™s common stock, or a combination of cash and shares of the Companyâ€™s common stock, at the Companyâ€™s election, at an initial conversion rate of 38.7879 shares of common stock per $1,000 principal amount of 2024 Notes, which was equivalent to an initial conversion price of approximately $25.78 per share, subject to adjustment upon the occurrence of certain events. In accordance with the terms of the 2024 Indenture, the Company had adjusted the conversion rate and the conversion price of the 2024 Notes for quarterly dividends exceeding $0.1125 per share. Prior to NovemberÂ 15, 2023, the 2024 Notes were convertible only upon the occurrence of certain events and during certain periods. Beginning November 15, 2023, the 2024 Notes became convertible at any time until the close of business on the second scheduled trading day immediately preceding the maturity date of the 2024 Notes. The 2024 Notes were not redeemable prior to maturity, unless certain significant corporate events occurred, and no sinking fund was provided for the 2024 Notes.In April 2024, upon maturity of the 2024 Notes, the Company settled the remaining $33.5Â million principal amount of the 2024 Notes for $33.3Â million in cash and 122,313 shares of common stock. The Company also exercised the convertible note hedge in connection with the remaining 2024 Notes and received 90,729 shares of common stock, which were recorded at fair value on settlement. As of NovemberÂ 2, 2024, there were no 2024 Notes outstanding.The Notes consist of the following (in thousands):Nov 2, 2024Feb 3, 20242024 NotesPrincipal$â€”Â $48,078Â Unamortized debt issuance costsâ€”Â (30)Net carrying amount$â€”Â $48,048Â Fair value, net1$â€”Â $49,182Â Initial 2028 NotesPrincipal$275,000Â $275,000Â Unamortized debt discount and issuance costs2,3(6,726)(8,034)Net carrying amount$268,274Â $266,966Â Fair value, net1$272,289Â $295,550Â Additional 2028 NotesPrincipal$76,947Â $64,826Â Unamortized debt discount and issuance costs3(12,364)(11,465)Embedded derivative47,760Â 16,390Â Net carrying amount$72,343Â $69,751Â Fair value, net1$73,466Â $60,099Â Net carrying amount of Initial and Additional 2028 Notes$340,617Â $336,717Â _____Notes:1The fair value of the Notes is determined based on inputs that are observable in the market and have been classified as Level 2 in the fair value hierarchy.2The unamortized debt discount related to the Initial 2028 Notes is due to the result of the modification accounting for a portion of the exchanged notes. This discount represents both an increase in the fair value of the embedded conversion feature, which is calculated as the difference between the fair value of the embedded conversion feature immediately before and after the exchange, and cash paid to modified noteholders. The change in conversion feature value reduces the carrying amount of the convertible debt instrument with a corresponding increase in additional paid-in capital. The additional cash paid to modified noteholders increased the debt discount. This debt discount is being amortized to interest expense over five years.3For each of the three and nine months ended November 2, 2024, the weighted average effective interest rate including amortization of debt discount and issuance costs was 4.5% and 9.3% for the Initial 2028 Notes and Additional 2028 Notes, respectively. For each of the three and nine months ended October 28, 2023, the weighted average effective interest rate including amortization of debt discount and issuance costs was 4.5% for the Initial 2028 Notes.4The fair value of the embedded derivative is measured using significant unobservable inputs and are classified as Level 3 in the fair value hierarchy.Interest expense for the Notes for the three and nine months ended November 2, 2024 and OctoberÂ 28, 2023 consists of the following (in thousands):Three Months EndedNine Months EndedÂ Nov 2, 2024Oct 28, 2023Nov 2, 2024Oct 28, 20232024 NotesCoupon interest$â€”Â $325Â $334Â $2,247Â Amortization of debt discount and issuance costsâ€”Â 50Â 28Â 334Â Total$â€”Â $375Â $362Â $2,581Â Initial 2028 NotesCoupon interest$2,578Â $2,578Â $7,734Â $5,557Â Amortization of debt discount and issuance costs435Â 415Â 1,307Â 894Â Total$3,013Â $2,993Â $9,041Â $6,451Â Additional 2028 NotesCoupon interest$721Â $â€”Â $2,088Â $â€”Â Amortization of debt discount and issuance costs774Â â€”Â 2,211Â â€”Â Total$1,495Â $â€”Â $4,299Â $â€”Â Convertible Bond Hedge and Warrant TransactionsIn April 2023, in connection with the offering of the Initial 2028 Notes, the Company entered into convertible note hedge transactions whereby the Company had the option to purchase a total of approximately 11.1Â million shares of its common stock at an initial strike price of approximately $24.70 per share (the â€œInitial 2028 Bond Hedgeâ€). The total cost of the Initial 2028 Bond Hedge transactions was $51.8Â million. In addition, the Company sold warrants whereby the holders of the warrants had the option to purchase a total of approximately 11.1Â million shares of the Companyâ€™s common stock at an initial strike price of $41.80 per share (the â€œInitial 2028 Warrantsâ€). The Company received $20.2Â million in cash proceeds from the sale of these warrants. Both the number of shares underlying the Initial 2028 Bond Hedge and the Initial 2028 Warrants and the strike price of the instruments are subject to customary adjustments. In accordance with the original terms of the Initial 2028 Bond Hedge confirmations and the Initial 2028 Warrants confirmations, the Company has adjusted the strike prices with respect to the Initial 2028 Bond Hedge and the Initial 2028 Warrants for quarterly dividends exceeding $0.225 per share (approximately $22.22 per share and $37.61 per share, respectively, as of NovemberÂ 2, 2024). The purchase of the Initial 2028 Bond Hedge is intended to offset dilution from the conversion of the Initial 2028 Notes to the extent the market price per share of the Companyâ€™s common stock exceeds the then-applicable strike price of the Initial 2028 Bond Hedge. The warrant transaction may have a dilutive effect with respect to the Companyâ€™s common stock to the extent the market price per share of the Companyâ€™s common stock exceeds the then-applicable strike price of the warrants. In April 2023, the Initial 2028 Bond Hedge and the Initial 2028 Warrants were recorded in stockholdersâ€™ equity, were not accounted for as derivatives and were not remeasured each reporting period.Concurrently, in connection with the retirement of $184.9Â million in principal amount of the 2024 Notes in April 2023, the Company entered into Partial Termination Agreements with certain financial institutions to unwind a portion of the convertible note hedge transactions and warrant transactions the Company had entered into in connection with the issuance of the 2024 Notes. The terminated portion is in a notional amount corresponding to the amount of exchanged 2024 Notes. As a result, the Company received $7.2Â million, which reduced the number of purchase options to approximately 4.6Â million shares of common stock at an adjusted strike price of approximately $24.92 per share. Additionally, the Company paid $1.0Â million related to terminated warrants, which reduced the number of shares that may be purchased pursuant to the warrants to 4.6Â million shares of common stock at an adjusted strike price of approximately $45.31 per share. This transaction resulted in a $6.2Â million net increase in additional paid-in capital in the Companyâ€™s condensed consolidated balance sheet as of April 29, 2023. For the remaining portion of the convertible note hedge transactions and warrant transactions entered into in connection with the 2024 Notes, both the number of shares underlying the instruments and the strike price of the instruments were subject to customary adjustments pursuant to their original terms. In accordance with the original terms of the convertible note hedge confirmations and warrant confirmations, the Company had adjusted the strike prices with respect to the convertible note hedges and warrants for quarterly dividends exceeding $0.1125 per share. The remaining convertible note hedges and warrant transactions continued to serve to partially offset the potential dilution arising from the conversion of the 2024 Notes that remained outstanding.In connection with the exchange of the 2024 Notes in January 2024 and March 2024, the Company purchased incremental bond hedges (the â€œAdditional 2028 Bond Hedgeâ€, together with the Initial 2028 Bond Hedge, the â€œ2028 Bond Hedgeâ€) and sold incremental warrants (the â€œAdditional 2028 Warrantsâ€) with the same terms and conditions as the Initial 2028 Bond Hedge and the Initial 2028 Warrants, each with a notional amount equal to the notional amount of the Additional 2028 Notes. The Company paid premiums of $16.2Â million and $6.5Â million to purchase the Additional 2028 Bond Hedge in January 2024 and March 2024, respectively, and received $5.8Â million and $3.7Â million for the issuance of the Additional 2028 Warrants in January 2024 and March 2024, respectively. The Additional 2028 Bond Hedge purchased and the Additional 2028 Warrants issued have terms that are identical to the Initial 2028 Bond Hedge and the Initial 2028 Warrants, except the notional amounts match the number of shares issuable upon conversion of the Additional 2028 Notes. Similarly, in connection with the retirement of $67.1Â million and $14.6Â million in principal amount of the 2024 Notes in January 2024 and March 2024, respectively, the Company entered into Partial Termination Agreements with certain financial institutions to unwind a portion of the convertible note hedge transactions and warrant transactions the Company had entered into in connection with the issuance of the 2024 Notes. The terminated portion is in a notional amount corresponding to the amount of exchanged 2024 Notes. As a result, the Company received $1.9Â million and $1.3Â million for the unwind of the convertible bond hedge in January 2024 and March 2024, respectively, and paid $0.1Â million and $0.5Â million for the unwind of the warrants in January 2024 and March 2024, respectively. These transactions in January 2024 and March 2024 resulted in net increases of $1.8Â million and $0.8Â million, respectively, in paid-in capital in the Companyâ€™s consolidated balance sheet as of May 4, 2024. As a result of the unwind transactions, the convertible note hedge transactions and warrant transactions that remained outstanding had a notional amount of approximately 1.3Â million shares of common stock, corresponding to the number of shares into which the remaining 2024 Notes were convertible. In addition, upon maturity of the 2024 Notes in April 2024, the Company exercised the convertible note hedge in connection with the remaining 2024 Notes and there was no outstanding convertible note hedge as of NovemberÂ 2, 2024. The warrant transactions remain outstanding and have a notional amount of approximately 0.3Â million shares of common stock with a current strike price of $40.65 per share as of NovemberÂ 2, 2024.The

Additional 2028 Warrants meet the scope exception for derivatives indexed to and settled in the Companyâ€™s own stock. Therefore, the Additional 2028 Warrants are recorded in stockholdersâ€™ equity, are not accounted for as derivatives and are not remeasured each reporting period. The Additional 2028 Bond Hedge does not qualify for the scope exception for derivatives indexed to the Companyâ€™s own stock because the settlement of the Additional 2028 Bond Hedge is indexed to the same inputs as the settlement of the Additional 2028 Notes which do not qualify for the scope exception. Additionally, in connection with the purchase of the Additional 2028 Bond Hedge, the Initial 2028 Bond Hedge was modified and merged with the Additional 2028 Bond Hedge. The result is that the Initial 2028 Bond Hedge no longer qualifies for the derivative scope exception for contracts indexed to the Companyâ€™s own stock. As a result, in January 2024, the Company recognized a derivative asset of $84.7Â million for the 2028 Bond Hedge in other assets in the Companyâ€™s condensed consolidated balance sheet, of which $16.2Â million relates to the Additional 2028 Bond Hedge purchased for cash and $68.5Â million relates to the reclassification of the pre-existing Initial 2028 Bond Hedge, which resulted in an increase of $68.5Â million in paid-in capital in the Companyâ€™s condensed consolidated balance sheet. The 2028 Bond Hedge is subsequently required to be remeasured to fair value each reporting period with changes in fair value recognized in net earnings (loss). The Distributorship Agreement provided for (i) the Company to receive a 35% discount from the Footwear Companyâ€™s wholesale prices, (ii) no minimum sales requirements or advertising spending requirements for the Company, (iii) an initial 15 month term with annual renewals thereafter, and (iv) other standard terms and conditions for similar arrangements. Refer to Note 16 for further information.Legal and Other ProceedingsThe Company is involved in legal proceedings, arising both in the ordinary course of business and otherwise, including the proceedings described below as well as various other claims and other matters incidental to the Companyâ€™s business. Unless otherwise stated, the resolution of any particular proceeding is not currently expected to have a material adverse impact on the Companyâ€™s financial position, results of operations or cash flows. Even if such an impact could be material, the Company may not be able to estimate the reasonably possible loss or range of loss until developments in the proceedings have provided sufficient information to support an assessment. The Company has received customs tax assessment notices from the Italian Customs Agency (â€œICAâ€) regarding its customs tax audit of one of the Companyâ€™s European subsidiaries for the period from July 2010 through December 2012. Such assessments totaled â‚¬9.8 million ($10.6 million), including potential penalties and interest through such assessment dates. The Company strongly disagreed with the ICAâ€™s positions and therefore filed appeals with the Milan First Degree Tax Court (â€œMFDTCâ€). Those appeals were split into a number of different cases that were then heard by different sections of the MFDTC. The MFDTC ruled in favor of the Company on all of these appeals. The ICA subsequently appealed â‚¬9.7 million ($10.5 million) of these favorable MFDTC judgments with the Appeals Court. As of NovemberÂ 2, 2024, â‚¬8.5 million ($9.2 million) have been decided in favor of the Company and â‚¬1.2 million ($1.3 million) have been decided in favor of the ICA. The Company believes that the unfavorable Appeals Court ruling is incorrect and inconsistent with the prior rulings on similar matters by both the MFDTC and other judges within the Appeals Court, and has appealed the decision to the Supreme Court. The ICA has appealed most of the favorable Appeals Court rulings to the Supreme Court. As of NovemberÂ 2, 2024, of the cases that have been appealed to the Supreme Court, â‚¬1.5 millionÂ ($1.6 million) have been decided in favor of the Company based on the merits of the case and â‚¬0.2 millionÂ ($0.2 million) have been remanded back to the lower court for further consideration. There can be no assurances the Company will be successful in the remaining appeals. It also continues to be possible that the Company will receive similar or even larger assessments for periods subsequent to December 2012 or other claims or charges (including additional interest amounts) related to the matter in the future. Although the Company believes that it has a strong position and will continue to vigorously defend this matter, it is unable to predict with certainty whether or not these efforts will ultimately be successful or whether the outcome will have a material impact on the Companyâ€™s financial position, results of operations or cash flows. On January 11, 2022, Legion Partners Holdings, LLC (â€œLegionâ€), a stockholder of Guess common stock, sent two letters to the Board of Directors of Guess (the â€œBoardâ€). One letter sought books and records pursuant to Section 220 of the Delaware General Corporation Law (the â€œ220 Demandâ€) to purportedly investigate potential breaches of fiduciary duties by the Board in connection with the Boardâ€™s renomination of Mr. Maurice Marciano to the Board and certain related party transactions. The second letter demanded that the Board take action to cause the Company to investigate and commence legal proceedings for breach of fiduciary duty claims the Company may have in connection with alleged misconduct of Mr. Paul Marciano, the Boardâ€™s oversight of and response to such alleged misconduct, and the Boardâ€™s review and approval of certain related-party transactions (the â€œLitigation Demandâ€). On January 31, 2022, the Company responded to both letters informing Legion that the Company was reviewing the formation of a committee in response to the Litigation Demand and detailing the deficiencies with the 220 Demand under Delaware law, including that Legion failed to state a proper purpose and that the scope of Legionâ€™s requested books and records was overbroad. The Company subsequently formed a Demand Review Committee, which engaged in a review of the matters detailed in the Litigation Demand.On April 14, 2022, the Employees Retirement System of Rhode Island (â€œERSRIâ€), a stockholder of Guess common stock, sent a letter to the Company seeking books and records pursuant to Section 220 of the Delaware General Corporation Law to purportedly investigate potential breaches of fiduciary duties by the Board in connection with alleged misconduct of Mr. Paul Marciano, the Boardâ€™s oversight of and response to such alleged misconduct, and the Boardâ€™s review and approval of certain related-party transactions. The Company responded to the letter on April 19, 2022, negotiated a Confidentiality Agreement, and completed its production of books and records to ERSRI.On September 19, 2022, ERSRI filed a stockholder derivative lawsuit styled Employees Retirement System of Rhode Island, derivatively on behalf of Guess?, Inc. v. Paul Marciano, et al., in the Court of Chancery of the State of Delaware against the Company, as the nominal defendant, Mr. Paul Marciano and other members of the Board, alleging breach of fiduciary duties relating to the continued service of Mr. Paul Marciano as a director of the Board and as the Companyâ€™s Chief Creative Officer following prior allegations of improper conduct by him relating to the treatment of models and other women. ERSRI did not make a demand on the Board before instituting the lawsuit and alleged such demand would have been futile. On October 28, 2022, ERSRI amended the complaint to include an additional basis for alleging demand futility. ERSRI sought monetary damages and possible injunctive relief.On September 29, 2023, the Company and all defendants in the ERSRI action entered into a Stipulation and Agreement of Compromise, Settlement, and Release (the â€œStipulationâ€), which was approved by the Court on January 4, 2024 and resolved all claims asserted against all defendants in the ERSRI action without any admission or finding of wrongdoing attributed to them personally or to the Company. Under the terms of the Stipulation, the Company will implement certain governance and compliance enhancements. These enhancements include an agreement by the Company to appoint two new independent directors to the Board, including one to be selected by ERSRI and mutually agreed to by the Company, by no later than the Companyâ€™s 2025 Annual Meeting of Shareholders. The governance enhancements also include the establishment of a Diversity, Equity, and Inclusion Council (the â€œDEI Councilâ€), which will be comprised of the aforementioned new independent director to be selected by ERSRI and two consultants, including one consultant to be selected by ERSRI. Once formed, the DEI Council will report directly to the Board and be responsible for overseeing the development and implementation of the Companyâ€™s policies and procedures related to harassment, discrimination and retaliation, including, in certain circumstances, having the authority to conduct investigations and to recommend disciplinary action, up to and including termination, of senior executives or Board members found to have engaged in misconduct. The DEI Council will also be responsible for overseeing a commitment to be added to the Companyâ€™s Governance Guidelines regarding the Companyâ€™s measures to prevent and respond to sexual harassment and discrimination. The Stipulation also includes certain agreements by Mr. Paul Marciano relating to meetings or activities with current or prospective Company models. In addition to the governance enhancements, pursuant to the Stipulation, (a) the defendants in the ERSRI action caused the Company to receive (i) a payment of $22Â million upon Court approval of the settlement pursuant to the terms of the Stipulation, and (ii) the right to receive an additional payment of $8Â million contingent on the recovery from the insurers currently being sought by the Company and the insureds in pending litigation against the insurers, and (b) the Company was responsible to pay an attorneyâ€™s fee award to ERSRIâ€™s counsel. The $22Â million received by the Company and the related attorneyâ€™s fee award under the terms of the Stipulation was accounted for by the Company when approved by the Court.On February 16, 2023, Legion filed a stockholder derivative lawsuit styled Legion Partners Holdings, LLC, derivatively on behalf of Guess?, Inc. v. Paul Marciano, et al. in the Court of Chancery of the State of Delaware against the Company, as the nominal defendant, Mr. Paul Marciano and other members of the Board, alleging breach of fiduciary duties relating to the continued service of Mr. Paul Marciano to the Company following the prior allegations described in the ERSRI stockholder derivative lawsuit. Legion sought monetary damages and possible injunctive relief. On March 15, 2023, the Company moved for a more definite statement and moved to dismiss or stay the action. On May 9, 2023, Legion voluntarily dismissed the claims against Mr. Paul Marciano without prejudice. On April 3, 2024, based on the settlement of the derivative suit with ERSRI, as described above, the Court dismissed the Legion action with prejudice.On June 3, 2023, the Company received a letter from an individual seeking to settle certain claims against Mr. Paul Marciano and the Company relating to allegations of improper treatment of the individual by Mr. Paul Marciano in 2016. The letter did not make an assertion of damages. The individual was initially represented by the same attorney who represented plaintiffs in similar actions in 2021 and 2022, which were settled out of court in 2022 to avoid the cost of litigation and without admitting liability or fault. The individual subsequently retained a different attorney. No complaint has been filed with respect to the allegations in the June 2023 letter, and Mr. Paul Marciano and the Company dispute the allegations and intend to vigorously defend themselves with regard to this matter.On July 30, 2024, the Company received a letter from an individual seeking to settle certain claims against Mr. Paul Marciano, Mr. Maurice Marciano, certain current and former members of the Board, the Companyâ€™s former Chief Executive Officer and the Company. The letter provided notice of several potential claims based on allegations that the individual was treated improperly by Mr. Paul Marciano while discussing a prospective modeling opportunity between 2015 and 2016. No complaint has been filed with respect to the allegations in the July 2024 letter. The Company and Mr. Paul Marciano dispute the allegations and intend to vigorously defend this matter.Redeemable Noncontrolling InterestsThe Company is party to a put arrangement with respect to the common securities that represent the remaining noncontrolling interest for its majority-owned subsidiary, Guess Brasil ComÃ©rcio e DistribuiÃ§Ã£o S.A. (â€œGuess Brazilâ€). The put arrangement for Guess Brazil, representing 40% of the total outstanding equity interest of that subsidiary, may be exercised at the discretion of the noncontrolling interest holder by providing written notice to the Company every third anniversary beginning in March 2019, subject to certain time restrictions. The redemption value of the Guess Brazil put arrangement is based on a multiple of Guess Brazilâ€™s earnings before interest, taxes, depreciation and amortization subject to certain adjustments and is classified as a redeemable noncontrolling interest outside of permanent equity in the Companyâ€™s condensed consolidated balance sheet. As of NovemberÂ 2, 2024 and FebruaryÂ 3, 2024, the carrying value of the redeemable noncontrolling interest related to Guess Brazil was $0.4 million and $0.5 million, respectively.The Company (through a wholly-owned European subsidiary) was previously party to a put arrangement with respect to the securities that represented the remaining noncontrolling interest for its majority-owned Russian subsidiary, Guess? CIS, LLC (â€œGuess CISâ€), which was established through a majority-owned joint venture during fiscal 2016. The put arrangement for Guess CIS (the â€œPut Optionâ€), representing 30% of the total outstanding equity interest of that subsidiary, was exercisable at the sole discretion of the noncontrolling interest holder (the â€œMinority Holderâ€) by providing written notice to the Company through DecemberÂ 31, 2025. The redemption value of the Put Option was based on a multiple of Guess CISâ€™s earnings before interest, taxes, depreciation and amortization subject to certain adjustments and was classified as a redeemable noncontrolling interest outside of permanent equity in the Companyâ€™s condensed consolidated balance sheet. The carrying value of the redeemable noncontrolling interest related to Guess CIS was â‚¬8.0 million as of JanuaryÂ 28, 2023.In November 2022, the Minority Holder exercised the Put Option, triggering a contractual obligation for the Company to purchase the Minority Holderâ€™s 30% interest in Guess CIS. Following a comprehensive review of the various economic sanctions imposed by the United States and European governments with respect to Russia, and obtaining guidance from the U.S. Department of the Treasuryâ€™s Office of Foreign Assets Control, the Company determined that its acquisition of the Minority Holderâ€™s 30% interest in Guess CIS pursuant to the Companyâ€™s pre-sanctions contractual obligation to fulfill the Minority Holderâ€™s exercise of the Put Option was not prohibited by current economic sanctions, including the U.S. ban on new investment in Russia. As such, following the exercise of the Put Option by the Minority Holder, the Company and the Minority Holder entered into an agreement to proceed with the Companyâ€™s acquisition of the Minority Holderâ€™s 30% interest in Guess CIS for a purchase price of â‚¬8.0 million, subject to the formal approval of the acquisition by the relevant Russian government commission and certain other customary conditions. This formal approval was received, and the purchase was completed in May 2023. As a result of this transaction, there was no redeemable noncontrolling interest related to Guess CIS as of NovemberÂ 2, 2024 and FebruaryÂ 3, 2024.A reconciliation of the total carrying amount of redeemable noncontrolling interests is (in thousands):Nine Months EndedNov 2, 2024Oct 28, 2023Beginning balance$522Â $9,154Â Foreign currency translation adjustment(158)(60)Purchase of redeemable noncontrolling interest â€”Â (8,581)Ending balance$364Â $513Â  X - ReferencesNo definition available. + Details Name: us-gaap_CommitmentsAndContingenciesDisclosureAbstract Namespace Prefix: us-gaap_ Data Type: xbrli:stringItemType Balance Type: na Period Type: duration X - DefinitionThe entire disclosure for commitments and contingencies. + ReferencesReference 1: http://www.xbrl.org/2009/role/commonPracticeRef -Topic 405 -SubTopic 30 -Name Accounting Standards Codification -Publisher FASB -URI https://asc.fasb.org/405-30/tableOfContentReference 2: http://www.xbrl.org/2003/role/disclosureRef -Topic 440 -SubTopic 10 -Name Accounting Standards Codification -Section 50 -Paragraph 4 -Subparagraph (a) -Publisher FASB -URI https://asc.fasb.org/1943274/2147482648/440-10-50-4Reference 3: http://www.xbrl.org/2009/role/commonPracticeRef -Topic 450 -Name Accounting Standards Codification -Publisher FASB -URI https://asc.fasb.org/450/tableOfContentReference 4: http://www.xbrl.org/2003/role/disclosureRef -Topic 954 -SubTopic 440 -Name Accounting Standards Codification -Section 50 -Paragraph 1 -Subparagraph (a) -Publisher FASB -URI https://asc.fasb.org/1943274/2147478522/954-440-50-1Reference 5: http://www.xbrl.org/2003/role/disclosureRef -Topic 440 -SubTopic 10 -Name Accounting Standards Codification -Section 50 -Paragraph 4 -Subparagraph (c) -Publisher FASB -URI https://asc.fasb.org/1943274/2147482648/440-10-50-4Reference 6: http://fasb.org/us-gaap/role/ref/legacyRef -Topic 440 -Name Accounting Standards Codification -Publisher FASB -URI https://asc.fasb.org/440/tableOfContent + Details Name: us-gaap_CommitmentsAndContingenciesDisclosureTextBlock Namespace Prefix: us-gaap_ Data Type: dtr-types:textBlockItemType Balance Type: na Period Type: duration XML 37 R23.htm IDEA: XBRL DOCUMENT v3.24.3 Defined Benefit Plans 9 Months Ended Nov. 02, 2024 Retirement Benefits [Abstract] Â  Defined Benefit Plans Defined Benefit PlansSupplemental Executive Retirement PlanThe Companyâ€™s Supplemental Executive Retirement Plan (â€œSERPâ€) provides select employees who satisfy certain eligibility requirements with certain benefits upon retirement, termination of employment, death, disability or a change in control of the Company, in certain prescribed circumstances. The guidance establishes a fair value hierarchy, which prioritizes the inputs used in measuring fair value into three broad levels as follows:Level 1â€”Inputs are unadjusted quoted prices in active markets for identical assets or liabilities that can be accessed at the measurement date.Level 2â€”Inputs include quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability (i.e. interest rates, yield curves,Â etc.) and inputs that are derived principally from or corroborated by observable market data by correlation or other means (market corroborated inputs).Level 3â€”Unobservable inputs that reflect assumptions about what market participants would use in pricing the asset or liability. These inputs are based on the best information available, including the Companyâ€™s own data.The following presents the fair value hierarchy for those assets and liabilities measured at fair value on a recurring basis (in thousands):Fair Value MeasurementsFair Value MeasurementsÂ at Nov 2, 2024at Feb 3, 2024RecurringÂ FairÂ ValueÂ MeasuresLevelÂ 1LevelÂ 2LevelÂ 3TotalLevelÂ 1LevelÂ 2LevelÂ 3TotalAssets:Â Â Â Â Â Â Â Â Â Foreign exchange currency contracts$â€”Â $2,796Â $â€”Â $2,796Â $â€”Â $2,278Â $â€”Â $2,278Â 2028 Bond Hedgeâ€”Â â€”Â 35,493Â 35,493Â â€”Â â€”Â 85,918Â 85,918Â Interest rate swapsâ€”Â â€”Â â€”Â â€”Â 797Â â€”Â 797Â Total$â€”Â $2,796Â $35,493Â $38,289Â $â€”Â $3,075Â $85,918Â $88,993Â Liabilities:Â Â Foreign exchange currency contracts$â€”Â $169Â $â€”Â $169Â $â€”Â $1,702Â $â€”Â $1,702Â Embedded derivativeâ€”Â â€”Â 7,760Â 7,760Â â€”Â â€”Â 16,390Â 16,390Â Deferred compensation obligationsâ€”Â 19,696Â â€”Â 19,696Â â€”Â 17,164Â â€”Â 17,164Â Total$â€”Â $19,865Â $7,760Â $27,625Â $â€”Â $18,866Â $16,390Â $35,256Â Â Foreign exchange currency contracts may be entered into by the Company to hedge the future payment of inventory and intercompany transactions by non-U.S. subsidiaries. Periodically, the Company may also use foreign exchange currency contracts to hedge the translation and economic exposures related to its net investments in certain of its international subsidiaries. The fair values of the Companyâ€™s foreign exchange currency contracts are based on quoted foreign exchange forward rates at the reporting date. The fair values of the Companyâ€™s interest rate swaps are based upon inputs corroborated by observable market data. Deferred compensation obligations to employees are adjusted based on changes in the fair value of the underlying employee-directed investments. Fair value of these obligations is based upon inputs corroborated by observable market data.The fair values of the embedded derivative and the 2028 Bond Hedge related to the Additional 2028 Notes were initially measured based on the observed transactions. Subsequent fair values are measured using a binomial lattice model utilizing observable inputs (e.g. the Companyâ€™s stock price) and unobservable inputs (e.g. the expected volatility and instrument specific credit spread) that cause the valuation measurements to be classified as Level 3. The following assumptions were used within the model:Valuation AssumptionsNov 2, 2024Feb 3, 2024Expected volatility30Â %30Â %Risk-free interest rate4.2Â %4.1Â %Credit spread2.6Â %4.3Â %Dividend yield7.1Â %5.2Â %Term to maturity3.5 years4.2 yearsStock price$16.97Â $22.86Â As of NovemberÂ 2, 2024, if the expected volatility were increased to 40%, keeping all other inputs constant, the fair value of the embedded derivative would increase from $7.8Â million to $11.7Â million and the fair value of the 2028 Bond Hedge would increase from $35.5Â million to $53.6Â million. If the expected volatility were decreased to 20%, the fair value of the embedded derivative would decrease from $7.8Â million to $3.9Â million and the fair value of the 2028 Bond Hedge would decrease from $35.5Â million to $17.8Â million. If the credit spread increased from 2.6% to 3.6%, keeping all other inputs constant, the fair value of the embedded derivative would increase from $7.8Â million to $8.2Â million and the fair value of the 2028 Bond Hedge would increase from $35.5Â million to $37.3Â million. If the credit spread decreased from 2.6% to 1.6%, the fair value of the embedded derivative would decrease from $7.8Â million to $7.4Â million and the fair value of the 2028 Bond Hedge would decrease from $35.5Â million to $33.8Â million.The following presents a reconciliation of the Companyâ€™s financial assets and liabilities measured at fair value as of NovemberÂ 2, 2024, using significant unobservable inputs (Level 3), and the change in fair value recorded in other income (expense), net in the consolidated statements of income (loss) (in thousands):Embedded Derivative2028 Bond HedgeBalance as of February 3, 2024$(16,390)$85,918Â Â Â Initial bifurcation of embedded derivative(6,538)â€”Â Â Â Â Purchase of Additional 2028 Bond Hedgeâ€”Â 6,538Â Â Â Gain (loss) on fair value remeasurement15,168Â (56,963)Balance as of November 2, 2024$(7,760)$35,493Â The Company included â‚¬8.0 million ($8.6 million) and â‚¬7.1 million ($7.7 million) in other assets in the Companyâ€™s condensed consolidated balance sheets related to its investment in certain private equity funds as of NovemberÂ 2, 2024 and FebruaryÂ 3, 2024, respectively. The Company uses net asset value per share as a practical expedient to measure the fair value of this investment and has not included this investment in the fair value hierarchy as disclosed above. As of NovemberÂ 2, 2024, the Company had an unfunded commitment to invest an additional â‚¬3.7 million ($4.0 million) in the private equity funds.The fair values of the Companyâ€™s debt instruments (see Note 10) are based on the amount of future cash flows associated with each instrument discounted using the Companyâ€™s incremental borrowing rate. As of NovemberÂ 2, 2024 and FebruaryÂ 3, 2024, the carrying value was not materially different from fair value, as the interest rates on the Companyâ€™s debt approximated rates currently available to the Company.Â The fair value of the Companyâ€™s Notes (see Note 11) is determined based on inputs that are observable in the market and have been classified as Level 2 in the fair value hierarchy. The carrying amount of the Companyâ€™s remaining financial instruments, which principally include cash and cash equivalents, trade receivables, accounts payable and accrued expenses, approximates fair value due to the relatively short maturity of such instruments. Long-Lived Assets Long-lived assets, such as property and equipment and operating lease ROU assets, are reviewed for impairment quarterly or whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. The majority of the Companyâ€™s long-lived assets relate to its retail operations, which consist primarily of regular retail and flagship locations. The Company considers each individual regular retail location as an asset group for impairment testing, which is the lowest level at which individual cash flows can be identified. The Company also evaluates impairment risk for retail locations that are expected to be closed in the foreseeable future. The Company has flagship locations that are used as a regional marketing tool to build brand awareness and promote the Companyâ€™s current product. Provided the flagship locations continue to meet the appropriate criteria, impairment for these locations is tested at a reporting unit level similar to goodwill since they do not have separately identifiable cash flows. An asset is considered to be impaired if the Company determines that the carrying value may not be recoverable based upon its assessment of the assetâ€™s ability to continue to generate earnings from operations and positive cash flow in future periods or if significant changes in the Companyâ€™s strategic business objectives and utilization of the assets occur. If the carrying amount of an asset exceeds its estimated undiscounted future cash flows adjusted for lease payments, an impairment charge is recognized in the amount by which the carrying amount of the asset exceeds the estimated fair value. The Company uses estimates of market participant rents to calculate fair value of ROU assets and discounted future cash flows of the asset group to quantify fair value for other long-lived assets. These nonrecurring fair value measurements are considered Level 3 inputs as defined above. The impairment loss calculations require management to apply judgment in estimating future cash flows and the discount rates that reflect the risk inherent in future cash flows. Future expected cash flows for assets in regular retail locations are based on managementâ€™s estimates of future cash flows over the remaining lease period or expected life, if shorter. For expected location closures, the Company will evaluate whether it is necessary to shorten the useful life for any of the assets within the respective asset group. The Company will use this revised useful life when estimating the asset groupâ€™s future cash flows. The Company considers historical trends, expected future business trends and other factors when estimating the future cash flow for each regular retail location. The Company also considers factors such as the following: the Russia-Ukraine war, including the related sanctions and trade restrictions imposed on Russia; the local environment for each regular retail location, including mall traffic and competition; the Companyâ€™s ability to successfully implement strategic initiatives; and the ability to control variable costs such as cost of sales and payroll and, in some cases, renegotiate lease costs. As discussed further in Note 1, macroeconomic conditions, including declines in consumer spending, inflation, higher interest rates, foreign exchange rate fluctuations and the impact of the ongoing wars in Ukraine and Gaza continued to negatively impact the Companyâ€™s financial results during the three and nine months ended November 2, 2024 and OctoberÂ 28, 2023, and could continue to impact the Companyâ€™s operations in ways the Company is not able to predict today. The Company has made reasonable assumptions and judgments to determine the fair value of the assets tested based on the facts and circumstances that were available as of the reporting date. If actual results are not consistent with the assumptions and judgments used in estimating future cash flows and asset fair values, there may be additional exposure to future impairment losses that could be material to the Companyâ€™s results of operations. The Company recorded asset impairment charges of $1.1 million and $4.5 million during the three and nine months ended November 2, 2024, respectively. The Company recorded asset impairment charges of $1.7 million and $6.3 million during the three and nine months ended October 28, 2023, respectively. The Company recognized $0.8 million and $3.7 million in impairment of property and equipment during the three and nine months ended November 2, 2024, respectively, related to certain retail locations primarily in the Americas and Europe driven by under-performance and expected store closures. The Company recognized $1.6 million and $6.0 million in impairment of property and equipment related to certain retail locations primarily in the Americas and Europe during the three and nine months ended October 28, 2023, respectively. The Company recognized $0.3 million and $0.8 million impairment charges on ROU assets during the three and nine months ended November 2, 2024, respectively, and immaterial impairment charges on ROU assets during each of the three and nine months ended October 28, 2023. GoodwillGoodwill is tested annually for impairment or more frequently if events and circumstances indicate that the asset might be impaired. An impairment loss is recognized to the extent that the carrying amount exceeds the assetâ€™s fair value. This determination is made at the reporting unit level which may be either an operating segment or one level below an operating segment if discrete financial information is available. Two or more reporting units within an operating segment may be aggregated for impairment testing if they have similar economic characteristics. During the three months ended NovemberÂ 2, 2024, the Company assessed qualitative factors and determined that it is not more likely than not that the fair values of its reporting units are less than their carrying amounts. The Companyâ€™s primary objective is to hedge the variability in forecasted cash flows due to the foreign currency risk. The Company enters into certain forward exchange currency contracts to hedge the risk of a portion of these anticipated foreign currency transactions against foreign currency rate fluctuations. The Company may also hedge the translation and economic exposures related to its net investments in certain of its international subsidiaries.Interest Rate Swap AgreementsThe Company is exposed to interest rate risk on its floating-rate debt. From time to time, the Company may enter into interest rate swap agreements to effectively convert its floating-rate debt to a fixed-rate basis. The principal objective is to eliminate or reduce the variability of the cash flows in interest payments associated with the Companyâ€™s floating-rate debt, thus reducing the impact of interest rate changes on future interest payment cash flows. In connection with the sale of the U.S. distribution center, the Company settled its interest rate swap agreement, recognizing a gain of $0.8Â million. Interim Financial Statements Interim Financial StatementsIn the opinion of management, the accompanying unaudited condensed consolidated financial statements of the Company contain all adjustments, consisting of normal recurring adjustments, considered necessary for a fair presentation of the condensed consolidated balance sheets as of NovemberÂ 2, 2024 and FebruaryÂ 3, 2024, and the condensed consolidated statements of income (loss), comprehensive income (loss), cash flows and stockholdersâ€™ equity for the three and nine months ended November 2, 2024 and OctoberÂ 28, 2023. The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with U.S. Generally Accepted Accounting Principles (â€œGAAPâ€) for interim financial information and the instructions to RuleÂ 10-01 of Regulation S-X of the United States Securities and Exchange Commission (the â€œSECâ€). Accordingly, they have been condensed and do not include all of the information and footnotes required by GAAP for complete financial statements. The results of operations and cash flows for the three and nine months ended November 2, 2024 are not necessarily indicative of the results of operations to be expected for the full fiscal year. Fiscal Periods Fiscal PeriodsThe Company operates on a 52/53-week fiscal year calendar, which ends on the Saturday nearest to January 31 of each year. The three and nine months ended November 2, 2024 had the same number of days as the three and nine months ended October 28, 2023. All references herein to â€œfiscal 2025â€, â€œfiscal 2024â€ and â€œfiscal 2023â€ represent the results of the 52-week fiscal year ending FebruaryÂ 1, 2025, the 53-week fiscal year ended FebruaryÂ 3, 2024 and the 52-week fiscal year ended JanuaryÂ 28, 2023, respectively. Cash, Cash Equivalents and Restricted Cash Cash, Cash Equivalents and Restricted CashCash and cash equivalents consist of cash on hand and marketable securities with original maturities of three months or less. The Companyâ€™s restricted cash is held for future payment of a special cash dividend declared in March 2024 as nonvested restricted stock awards vest. Use of Estimates Use of EstimatesThe preparation of the financial statements in conformity with accounting principles generally accepted in the U.S. requires management to make estimates and assumptions that affect the amounts reported in the financial statements and disclosed in the accompanying notes. Significant areas requiring the use of management estimates relate to the allowances for doubtful accounts, sales return and markdown allowances, valuation of inventories, share-based compensation, income taxes, recoverability of deferred income taxes, unrecognized income tax benefits, the useful life of assets for depreciation and amortization, evaluation of asset impairment (including goodwill and long-lived assets, such as property and equipment and operating lease right-of-use (â€œROUâ€) assets), pension obligations, workersâ€™ compensation and medical self-insurance expense and accruals, litigation reserves, restructuring expense and accruals, convertible senior notes and accounting for business combinations. These estimates and assumptions may change as a result of the impact of global economic conditions, such as the uncertainty regarding the impact of the ongoing wars in Ukraine and Gaza, global inflationary pressures, volatility in foreign exchange rates and declining consumer spending. Actual results could differ from those estimates. Revisions in estimates could materially impact the results of operations and financial position.The Companyâ€™s operations could be impacted in ways the Company is not able to predict today. While the Company believes it has made reasonable accounting estimates based on the facts and circumstances that were available as of the reporting date, to the extent there are differences between these estimates and actual results, the Companyâ€™s results of operations and financial position could be materially impacted. Revenue Recognition Revenue RecognitionThe Company recognizes the majority of its revenue from its direct-to-consumer (brick-and-mortar retail stores and concessions as well as e-commerce) and wholesale distribution channels at a point in time when it satisfies a performance obligation and transfers control of the product to the respective customer.The Company also recognizes royalty revenue from its trademark license agreements. The Companyâ€™s trademark license agreements represent symbolic licenses that are dependent on the Companyâ€™s continued support over the term of the license agreement. The amount of revenue that is recognized from the licensing arrangements is based on sales-based royalty and advertising fund contributions as well as specific fixed payments, where applicable. The Companyâ€™s trademark license agreements customarily provide for a multi-year initial term ranging from three to fifteen years and may contain options to renew prior to expiration for an additional multi-year period. The unrecognized portion of upfront payments is included in deferred royalties in accrued expenses and other long-term liabilities depending on the short or long-term nature of the payments to be recognized. Allowance for Doubtful Accounts Allowance for Doubtful AccountsIn the normal course of business, the Company grants credit directly to certain wholesale customers after a credit analysis is performed based on financial and other criteria. Accounts receivable are recorded net of an allowance for doubtful accounts. The Company maintains allowances for doubtful accounts for estimated losses that may result from the inability of its wholesale customers and licensing partners to make their required payments. The Company bases its allowances on analysis of the aging of accounts receivable at the date of the financial statements, assessments of historical and current collection trends, evaluation of the impact of current and future forecasted economic conditions and whether the Company has obtained credit insurance or other guarantees. Management performs regular evaluations concerning the ability of its customers to make required payments and records a provision for doubtful accounts based on these evaluations.As of NovemberÂ 2, 2024, approximately 42% of the Companyâ€™s total net trade accounts receivable and 63% of its European net trade receivables were subject to credit insurance coverage, certain bank guarantees or letters of credit for collection purposes. The Companyâ€™s credit insurance coverage contains certain terms and conditions specifying deductibles and annual claim limits. Management evaluates the creditworthiness of the counterparties to the credit insurance, bank guarantees and letters of credit and records a provision for the risk of loss on these instruments based on these evaluations as considered necessary. Advertising and Marketing Costs Advertising and Marketing CostsThe Company expenses the cost of advertising as incurred. Recently Adopted and Recently Issued Accounting Guidance Recently Adopted Accounting GuidanceCommon Control ArrangementsIn March 2023, the Financial Accounting Standards Board (â€œFASBâ€) issued authoritative guidance to amend certain provisions of Accounting Standards Codification 842 that apply to arrangements between related parties under common control. The amendment requires leasehold improvements associated with common control leases to be amortized over the useful life to the common control group, and requires certain disclosures when the lease term is shorter than the useful life of the asset. This Accounting Standards Update (â€œASUâ€) is effective for fiscal years beginning after December 15, 2023, including interim periods within those fiscal years. The Company adopted this guidance during the three months ended May 4, 2024, which had no material impact on the Companyâ€™s consolidated financial position, results of operations or cash flows.Recently Issued Accounting GuidanceJoint Venture FormationsIn August 2023, the FASB issued authoritative guidance regarding the initial measurement of joint ventures. Upon formation, a joint venture is required to recognize and initially measure its assets and liabilities at fair value. The new guidance is applicable to joint ventures with a formation date on or after January 1, 2025. Early adoption and retrospective application of the amendments are permitted. The Company is currently evaluating the impact this guidance will have on its consolidated financial statements.Segment ReportingIn November 2023, the FASB issued authoritative guidance which modifies the disclosure requirements of reportable segments. This guidance is designed to improve reportable segment disclosure requirements, primarily through enhanced disclosures of significant segment expenses. This ASU is effective for fiscal years beginning after December 15, 2023, and for interim periods beginning after December 15, 2024. The Company is currently evaluating the impact this guidance will have on its consolidated financial statements.Income Tax DisclosuresIn December 2023, the FASB issued authoritative guidance to enhance the transparency and decision usefulness of income tax disclosures. The additional disclosures required by this update are related to the effective tax rate reconciliation and income taxes paid by jurisdiction. This ASU is effective for annual periods beginning after December 15, 2024. The Company is currently evaluating the impact this guidance will have on its consolidated financial statements.Expense DisaggregationIn November 2024, the FASB issued authoritative guidance regarding expense disaggregation disclosures. The guidance requires interim and annual disclosure, within the notes to the Companyâ€™s financial statements, of (a) purchases of inventory, (b) employee compensation, (c) depreciation, and (d) intangible asset amortization included in each relevant expense caption presented on the face of the income statement within continuing operations. The requirements also include: (1) inclusion of certain amounts that are already required to be disclosed under current GAAP in the same disclosure as the other disaggregation requirements, (2) a qualitative description of the amounts remaining in relevant expense captions that are not separately disaggregated quantitatively, and (3) disclosure of the total amount of selling expenses and, in annual reporting periods, an entityâ€™s definition of selling expenses. The new guidance is effective for annual reporting periods beginning after December 15, 2026, and interim reporting periods beginning after December 15, 2027. Early adoption is permitted. The Company is currently evaluating the impact this guidance will have on its consolidated financial statements. This discount represents both an increase in the fair value of the embedded conversion feature, which is calculated as the difference between the fair value of the embedded conversion feature immediately before and after the exchange, and cash paid to modified noteholders. The change in conversion feature value reduces the carrying amount of the convertible debt instrument with a corresponding increase in additional paid-in capital. The additional cash paid to modified noteholders increased the debt discount. This debt discount is being amortized to interest expense over five years.3For each of the three and nine months ended November 2, 2024, the weighted average effective interest rate including amortization of debt discount and issuance costs was 4.5% and 9.3% for the Initial 2028 Notes and Additional 2028 Notes, respectively. For each of the three and nine months ended October 28, 2023, the weighted average effective interest rate including amortization of debt discount and issuance costs was 4.5% for the Initial 2028 Notes.4The fair value of the embedded derivative is measured using significant unobservable inputs and are classified as Level 3 in the fair value hierarchy. The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with U.S. Generally Accepted Accounting Principles (“GAAP”) for interim financial information and the instructions to Rule 10-01 of Regulation S-X of the United States Securities and Exchange Commission (the “SEC”). Accordingly, they have been condensed and do not include all of the information and footnotes required by GAAP for complete financial statements. The results of operations and cash flows for the three and nine months ended November 2, 2024 are not necessarily indicative of the results of operations to be expected for the full fiscal year. These financial statements should be read in conjunction with the Company’s Annual Report on Form 10-K for the year ended February 3, 2024. Fiscal Periods The Company operates on a 52/53-week fiscal year calendar, which ends on the Saturday nearest to January 31 of each year. The three and nine months ended November 2, 2024 had the same number of days as the three and nine months ended October 28, 2023. All references herein to “fiscal 2025”, “fiscal 2024” and “fiscal 2023” represent the results of the 52-week fiscal year ending February 1, 2025, the 53-week fiscal year ended February 3, 2024 and the 52-week fiscal year ended January 28, 2023, respectively. Business Update, Market Trends and Uncertainties Macroeconomic conditions, including declines in consumer spending, inflation, higher interest rates, foreign exchange rate fluctuations and the impact of the ongoing wars in Ukraine and Gaza are continuing to negatively impact the Company’s businesses. The Company continues to carefully monitor global and regional developments and respond appropriately. The Company also continues to strategically manage expenses in order to protect profitability and mitigate, to the extent possible, the residual effect of supply chain disruptions, including the Red Sea crisis. The duration and scope of these conditions cannot be predicted, and therefore, any anticipated negative financial impact to the Company’s operating results cannot be reasonably estimated. Summary of Significant Accounting Policies The accounting policies of the Company are set forth in further detail in Note 1 to the Company’s Consolidated Financial Statements contained in the Company’s fiscal 2024 Annual Report on Form 10-K. The Company includes herein certain updates to those policies. Cash, Cash Equivalents and Restricted Cash Cash and cash equivalents consist of cash on hand and marketable securities with original maturities of three months or less. The Company’s restricted cash is held for future payment of a special cash dividend declared in March 2024 as nonvested restricted stock awards vest. Use of Estimates The preparation of the financial statements in conformity with accounting principles generally accepted in the U.S. requires management to make estimates and assumptions that affect the amounts reported in the financial statements and disclosed in the accompanying notes. Significant areas requiring the use of management estimates relate to the allowances for doubtful accounts, sales return and markdown allowances, valuation of inventories, share-based compensation, income taxes, recoverability of deferred income taxes, unrecognized income tax benefits, the useful life of assets for depreciation and amortization, evaluation of asset impairment (including goodwill and long-lived assets, such as property and equipment and operating lease right-of-use (“ROU”) assets), pension obligations, workers’ compensation and medical self-insurance expense and accruals, litigation reserves, restructuring expense and accruals, convertible senior notes and accounting for business combinations. These estimates and assumptions may change as a result of the impact of global economic conditions, such as the uncertainty regarding the impact of the ongoing wars in Ukraine and Gaza, global inflationary pressures, volatility in foreign exchange rates and declining consumer spending. Actual results could differ from those estimates. Revisions in estimates could materially impact the results of operations and financial position. The Company’s operations could be impacted in ways the Company is not able to predict today. While the Company believes it has made reasonable accounting estimates based on the facts and circumstances that were available as of the reporting date, to the extent there are differences between these estimates and actual results, the Company’s results of operations and financial position could be materially impacted. Revenue Recognition The Company recognizes the majority of its revenue from its direct-to-consumer (brick-and-mortar retail stores and concessions as well as e-commerce) and wholesale distribution channels at a point in time when it satisfies a performance obligation and transfers control of the product to the respective customer. The Company also recognizes royalty revenue from its trademark license agreements. The Company’s trademark license agreements represent symbolic licenses that are dependent on the Company’s continued support over the term of the license agreement. The amount of revenue that is recognized from the licensing arrangements is based on sales-based royalty and advertising fund contributions as well as specific fixed payments, where applicable. The Company’s trademark license agreements customarily provide for a multi-year initial term ranging from three to fifteen years and may contain options to renew prior to expiration for an additional multi-year period. The unrecognized portion of upfront payments is included in deferred royalties in accrued expenses and other long-term liabilities depending on the short or long-term nature of the payments to be recognized. As of November 2, 2024, the Company had $14.7 million and $33.1 million of deferred royalties related to these upfront payments included in accrued expenses and other current liabilities and other long-term liabilities, respectively. This compares to $5.0 million and $14.8 million of deferred royalties related to these upfront payments included in accrued expenses and other current liabilities and other long-term liabilities, respectively, as of February 3,

*2024. During the three and nine months ended November 2, 2024, the Company recognized $4.3 million and $13.0 million in net royalties, respectively, related to the amortization of deferred royalties. During the three and nine months ended October 28, 2023, the Company recognized $3.6 million and $10.7 million in net royalties, respectively, related to the amortization of deferred royalties. Refer to Note 9 for further information on disaggregation of revenue by segment and country. Allowance for Doubtful Accounts In the normal course of business, the Company grants credit directly to certain wholesale customers after a credit analysis is performed based on financial and other criteria. Accounts receivable are recorded net of an allowance for doubtful accounts. The Company maintains allowances for doubtful accounts for estimated losses that may result from the inability of its wholesale customers and licensing partners to make their required payments. The Company bases its allowances on analysis of the aging of accounts receivable at the date of the financial statements, assessments of historical and current collection trends, evaluation of the impact of current and future forecasted economic conditions and whether the Company has obtained credit insurance or other guarantees. Management performs regular evaluations concerning the ability of its customers to make required payments and records a provision for doubtful accounts based on these evaluations. As of November 2, 2024, approximately 42% of the Company's total net trade accounts receivable and 63% of its European net trade receivables were subject to credit insurance coverage, certain bank guarantees or letters of credit for collection purposes. The Company's credit insurance coverage contains certain terms and conditions specifying deductibles and annual claim limits. Management evaluates the creditworthiness of the counterparties to the credit insurance, bank guarantees and letters of credit and records a provision for the risk of loss on these instruments based on these evaluations as considered necessary. The Company's credit losses for the periods presented were not significant compared to sales and did not significantly exceed management's estimates. Refer to Note 6 for further information on the Company's allowance for doubtful accounts. Advertising and Marketing Costs The Company expenses the cost of advertising as incurred. Advertising and marketing expenses charged to operations for the three and nine months ended November 2, 2024 were $25.7 million and $68.6 million, respectively. During the three and nine months ended October 28, 2023, advertising and marketing expenses charged to operations were $13.8 million and $36.6 million, respectively. Recently Adopted Accounting Guidance Common Control Arrangements In March 2023, the Financial Accounting Standards Board ("FASB") issued authoritative guidance to amend certain provisions of Accounting Standards Codification 842 that apply to arrangements between related parties under common control. The amendment requires leasehold improvements associated with common control leases to be amortized over the useful life to the common control group, and requires certain disclosures when the lease term is shorter than the useful life of the asset. This Accounting Standards Update ("ASU") is effective for fiscal years beginning after December 15, 2023, including interim periods within those fiscal years. The Company adopted this guidance during the three months ended May 4, 2024, which had no material impact on the Company's consolidated financial position, results of operations or cash flows. Recently Issued Accounting Guidance Joint Venture Formations In August 2023, the FASB issued authoritative guidance regarding the initial measurement of joint ventures. Upon formation, a joint venture is required to recognize and initially measure its assets and liabilities at fair value. The new guidance is applicable to joint ventures with a formation date on or after January 1, 2025. Early adoption and retrospective application of the amendments are permitted. The Company is currently evaluating the impact this guidance will have on its consolidated financial statements. Segment Reporting In November 2023, the FASB issued authoritative guidance which modifies the disclosure requirements of reportable segments. This guidance is designed to improve reportable segment disclosure requirements, primarily through enhanced disclosures of significant segment expenses. This ASU is effective for fiscal years beginning after December 15, 2023, and for interim periods beginning after December 15, 2024. The Company is currently evaluating the impact this guidance will have on its consolidated financial statements. Income Tax Disclosures In December 2023, the FASB issued authoritative guidance to enhance the transparency and decision usefulness of income tax disclosures. The additional disclosures required by this update are related to the effective tax rate reconciliation and income taxes paid by jurisdiction. This ASU is effective for annual periods beginning after December 15, 2024. The Company is currently evaluating the impact this guidance will have on its consolidated financial statements. Expense Disaggregation In November 2024, the FASB issued authoritative guidance regarding expense disaggregation disclosures. The guidance requires interim and annual disclosure, within the notes to the Company's financial statements, of (a) purchases of inventory, (b) employee compensation, (c) depreciation, and (d) intangible asset amortization included in each relevant expense caption presented on the face of the income statement within continuing operations. The requirements also include: (1) inclusion of certain amounts that are already required to be disclosed under current GAAP in the same disclosure as the other disaggregation requirements, (2) a qualitative description of the amounts remaining in relevant expense captions that are not separately disaggregated quantitatively, and (3) disclosure of the total amount of selling expenses and, in annual reporting periods, an entity's definition of selling expenses. The new guidance is effective for annual reporting periods beginning after December 15, 2026, and interim reporting periods beginning after December 15, 2027. Early adoption is permitted. The Company is currently evaluating the impact this guidance will have on its consolidated financial statements. 0.50 Reclassifications The Company has made certain reclassifications to prior period amounts to conform to the current period presentation within the accompanying condensed consolidated financial statements and notes to the condensed consolidated financial statements. As of November 2, 2024, approximately 42% of the Company's total net trade accounts receivable and 63% of its European net trade receivables were subject to credit insurance coverage, certain bank guarantees or letters of credit for collection purposes. The Company's credit insurance coverage contains certain terms and conditions specifying deductibles and annual claim limits. Management evaluates the creditworthiness of the counterparties to the credit insurance, bank guarantees and letters of credit and records a provision for the risk of loss on these instruments based on these evaluations as considered necessary. 0.420.63 Advertising and Marketing Costs The Company expenses the cost of advertising as incurred.2570000006860000013800000036600000 Recently Adopted Accounting Guidance Common Control Arrangements In March 2023, the Financial Accounting Standards Board ("FASB") issued authoritative guidance to amend certain provisions of Accounting Standards Codification 842 that apply to arrangements between related parties under common control. The amendment requires leasehold improvements associated with common control leases to be amortized over the useful life to the common control group, and requires certain disclosures when the lease term is shorter than the useful life of the asset. This Accounting Standards Update ("ASU") is effective for fiscal years beginning after December 15, 2023, including interim periods within those fiscal years. The Company adopted this guidance during the three months ended May 4, 2024, which had no material impact on the Company's consolidated financial position, results of operations or cash flows. Recently Issued Accounting Guidance Joint Venture Formations In August 2023, the FASB issued authoritative guidance regarding the initial measurement of joint ventures. Upon formation, a joint venture is required to recognize and initially measure its assets and liabilities at fair value. The new guidance is applicable to joint ventures with a formation date on or after January 1, 2025. Early adoption and retrospective application of the amendments are permitted. The Company is currently evaluating the impact this guidance will have on its consolidated financial statements. Segment Reporting In November 2023, the FASB issued authoritative guidance which modifies the disclosure requirements of reportable segments. This guidance is designed to improve reportable segment disclosure requirements, primarily through enhanced disclosures of significant segment expenses. This ASU is effective for fiscal years beginning after December 15, 2023, and for interim periods beginning after December 15, 2024. The Company is currently evaluating the impact this guidance will have on its consolidated financial statements. Income Tax Disclosures In December 2023, the FASB issued authoritative guidance to enhance the transparency and decision usefulness of income tax disclosures. The additional disclosures required by this update are related to the effective tax rate reconciliation and income taxes paid by jurisdiction. This ASU is effective for annual periods beginning after December 15, 2024. The Company is currently evaluating the impact this guidance will have on its consolidated financial statements. Expense Disaggregation In November 2024, the FASB issued authoritative guidance regarding expense disaggregation disclosures. The guidance requires interim and annual disclosure, within the notes to the Company's financial statements, of (a) purchases of inventory, (b) employee compensation, (c) depreciation, and (d) intangible asset amortization included in each relevant expense caption presented on the face of the income statement within continuing operations. The requirements also include: (1) inclusion of certain amounts that are already required to be disclosed under current GAAP in the same disclosure as the other disaggregation requirements, (2) a qualitative description of the amounts remaining in relevant expense captions that are not separately disaggregated quantitatively, and (3) disclosure of the total amount of selling expenses and, in annual reporting periods, an entity's definition of selling expenses. The new guidance is effective for annual reporting periods beginning after December 15, 2026, and interim reporting periods beginning after December 15, 2027. Early adoption is permitted. The Company is currently evaluating the impact this guidance will have on its consolidated financial statements. Acquisition of rag & bone On April 2, 2024, the Company completed the acquisition of the operating assets and liabilities of rag & bone, a lifestyle and apparel fashion brand. This included the direct operation of 34 stores in the U.S. and two stores in the U.K. Concurrent with the closing of the acquisition, (i) a joint venture owned 50% by each of the Company and global management firm WHP Global (the "Joint Venture") acquired rag & bone's intellectual property and (ii) the Company, through Guess Europe Sagl, a wholly owned subsidiary of the Company, entered into an Intellectual Property License Agreement (the "License Agreement") with the Joint Venture granting the Company the exclusive right to use rag & bone intellectual property to manufacture licensed products worldwide and to sell licensed products in specified territories in exchange for payment of royalty fees by the Company to the Joint Venture. The Company paid total cash consideration of approximately $57.1 million at closing for both the operating assets and its 50% interest in the licensing assets. In addition, there is potential for incremental earnout consideration to the sellers, of which the Company could be responsible for a maximum of $12.8 million, based on preset levels of sales and EBITDA performance of the rag & bone operations in its fiscal year ending January 4, 2025. The Company recorded a $2.0 million payable with respect to the potential earnout payment during the quarter ended May 4, 2024 based on its assessment of the fair value measurement of such earnout as of April 2, 2024. There was no material change in the assessed fair value of the potential earnout as of November 2, 2024.</span></div><div style="margin-bottom:5pt;text-align:justify;text-indent:22.5pt"><span style="color:#000000;font-family:'Times New Roman',sans-serif;font-size:11.5pt;font-weight:400;line-height:120%">The transaction is intended to provide the following strategic and financial benefits:</span></div><div style="padding-left:36pt;text-align:justify;text-indent:-18pt"><span style="color:#000000;font-family:'Times New Roman',sans-serif;font-size:11.5pt;font-weight:400;line-height:120%">•</span><span style="color:#000000;font-family:'Times New Roman',sans-serif;font-size:11.5pt;font-weight:400;line-height:120%;padding-left:13.98pt">Leverage the Company's powerful infrastructure to accelerate rag & bone growth and drive synergies;</span></div><div style="margin-bottom:5pt;padding-left:36pt;text-align:justify;text-indent:-18pt"><span style="color:#000000;font-family:'Times New Roman',sans-serif;font-size:11.5pt;font-style:italic;font-weight:700;line-height:120%">•</span><span style="color:#000000;font-family:'Times New Roman',sans-serif;font-size:11.5pt;font-weight:400;line-height:120%;padding-left:13.98pt">Expand the Company's global lifestyle brand portfolio with the rag & bone brand, allowing the Company to reach a very attractive customer base that is complimentary to that of the Guess and Marciano brands.</span></div><div style="margin-bottom:5pt;margin-top:5pt"><span style="color:#000000;font-family:'Times New Roman',sans-serif;font-size:11.5pt;font-style:italic;font-weight:400;line-height:120%">Purchase Price Allocation</span></div><div style="margin-bottom:5pt;margin-top:5pt;text-align:justify;text-indent:22.5pt"><span style="color:#000000;font-family:'Times New Roman',sans-serif;font-size:11.5pt;font-weight:400;line-height:120%">The rag & bone acquisition was accounted for as a business combination in accordance with ASC Topic 805. at the acquisition date, including the fair value of the equity method investment in the Joint Venture. The fair value of inventories, which is primarily made up of finished goods, was determined based on market assumptions for realizing a reasonable profit after selling costs. The fair value of intangibles reflects the rag & bone wholesale customer relationships, which is reported in other assets on the Company's condensed consolidated balance sheets and will be amortized over a ten-year period reflecting the economic life of such relationships. In the acquisition, the Company assumed off-market leases for retail stores, which will be unwound over 3.5 years. The Company considers the difference between the total fair value received, inclusive of the deferred tax asset recognized by the Company associated with the transaction, and consideration paid, to be a vendor consideration liability, which reflects the incentive the Company received to enter into the rag & bone transaction and related License Agreement. As such, a $46.1 million vendor consideration liability was recorded on the Company's condensed consolidated balance sheets and no goodwill was recognized as of the acquisition date. The vendor consideration liability will be amortized over five years. During the three months ended November 2, 2024, the Company incurred no transaction-related costs in connection with the acquisition of rag & bone. During the nine months ended November 2, 2024, the Company incurred $5.7 million of transaction-related costs in connection with the acquisition of rag & bone, which were included in selling, general and administrative expenses in the condensed consolidated statements of income (loss) and comprehensive income (loss). These pro forma revenues were based on estimates and assumptions, which the Company believes are reasonable and have been calculated after applying the Company's accounting policies. They are not the results that would have been realized had the acquisition actually occurred on January 29, 2023 and are not necessarily indicative of the Company's consolidated net revenue in future periods. Equity Method Investment in and License Agreement with the Joint Venture The Company determined that it does not have a controlling financial interest in the Joint Venture, as the Company does not control the governing body of the Joint Venture and does not have the right to direct the most significant activities of the Joint Venture, which include monetizing the rag & bone intellectual property through licensing arrangements. The Company accounts for its 50% interest in the Joint Venture, through which it exercises significant influence, under the equity method. The Company initially recorded its investment in the Joint Venture at cost, which is derived from fair value due to the bundled nature of the rag & bone transaction, and included the acquisition of the rag & bone operating net assets, the License Agreement, as well as the Joint Venture investment. As of November 2, 2024, the carrying value of the Joint Venture investment is approximately $45.0 million, inclusive of the Company's interest held through a non-interest bearing loan of $15.6 million. The carrying value for the Company's equity investment is reported in other assets on the Company's condensed consolidated balance sheets.</span></div><div style="margin-bottom:5pt;margin-top:5pt;text-align:justify;text-indent:22.5pt"><span style="color:#000000;font-family:'Times New Roman',sans-serif;font-size:11.5pt;font-weight:400;line-height:120%">The Company and the Joint Venture entered into the License Agreement concurrent with the overall rag & bone transaction. *locations under operating lease agreements expiring on various dates through August 2044. The Company also leases some of its equipment, as well as computer hardware and software, under operating and finance lease agreements expiring on various dates through July 2029. The Company's lease agreements primarily provide for lease payments based on a minimum annual rental amount, a percentage of annual sales volume, periodic adjustments related to inflation or a combination of such lease payments. Certain retail store leases provide for lease payments based upon the minimum annual rental amount and a percentage of annual sales volume, generally ranging from 3% to 26%, when specific sales volumes are exceeded. The Company's retail concession leases also provide for lease payments primarily based upon a percentage of annual sales volume, which averages approximately 26%. During the nine months ended November 2, 2024, the Company closed on the sale and leaseback of its U.S. distribution center. The lease payments escalate at a fixed percentage rate annually for the first ten years. After the initial lease term, the Company has the option to renew the lease for two five-year extension periods. The transaction met the criteria for sale-leaseback accounting and, as such, a net gain of $13.8 million was recognized on the sale of the assets during the nine months ended November 2, 2024. In addition to the amounts as disclosed below, the Company has estimated additional operating lease commitments of approximately $8.3 million for leases where the Company has not yet taken possession of the underlying asset as of November 2, 2024. As such, the related operating lease ROU assets and operating lease liabilities have not been recognized in the Company's condensed consolidated balance sheet as of November 2, 2024.</span></div><div The Company also leases some of its equipment, as well as computer hardware and software, under operating and finance lease agreements expiring on various dates through July 2029. The Company's lease agreements primarily provide for lease payments based on a minimum annual rental amount, a percentage of annual sales volume, periodic adjustments related to inflation or a combination of such lease payments. Certain retail store leases provide for lease payments based upon the minimum annual rental amount and a percentage of annual sales volume, generally ranging from 3% to 26%, when specific sales volumes are exceeded. The Company's retail concession leases also provide for lease payments primarily based upon a percentage of annual sales volume, which averages approximately 26%. During the nine months ended November 2, 2024, the Company closed on the sale and leaseback of its U.S. distribution center. The lease payments escalate at a fixed percentage rate annually for the first ten years. After the initial lease term, the Company has the option to renew the lease for two five-year extension periods. The transaction met the criteria for sale-leaseback accounting and, as such, a net gain of $13.8 million was recognized on the sale of the assets during the nine months ended November 2, 2024. In addition to the amounts as disclosed below, the Company has estimated additional operating lease commitments of approximately $8.3 million for leases where the Company has not yet taken possession of the underlying asset as of November 2, 2024. As such, the related operating lease ROU assets and operating lease liabilities have not been recognized in the Company's condensed consolidated balance sheet as of November 2, 2024.</span></div><div
