**DESTINATION XL GROUP, INC.**

**Notes to Consolidated Financial Statements**

***(Unaudited)***

**1. Basis of Presentation**

In the opinion of management of Destination XL Group, Inc., a Delaware corporation (collectively with its subsidiaries, referred to as the "Company"), the accompanying unaudited Consolidated Financial Statements contain all adjustments necessary for a fair presentation of the interim financial statements. These financial statements do not include all disclosures associated with annual financial statements and, accordingly, should be read in conjunction with the notes to the Company's audited Consolidated Financial Statements for the fiscal year ended **January 28**.

2023 February 3, 2024 included in the Company's Annual Report on Form 10-K, which was filed with the Securities and Exchange Commission on March 16, 2023 March 21, 2024.

The information set forth in these statements may be subject to normal year-end adjustments. The information reflects all adjustments that, in the opinion of management, are necessary to present fairly the Company's results of operations, financial position and cash flows for the periods indicated. The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. The Company's business historically has been seasonal in nature, and the results of the interim periods presented are not necessarily indicative of the results to be expected for the full year.

The Company's fiscal year is a 52- or 53- week period ending on the Saturday closest to January 31. Fiscal 2024 is a 52-week period ending on February 1, 2025 and fiscal 2023 is a 53-week period ending on February 3, 2024, and fiscal 2022 was a 52-week period which ended on January 28, 2023.

#### **Segment Information**

The Company has two principal operating segments: its stores and its direct business. The Company considers its stores and direct operating segments to be similar in terms of economic characteristics, production processes and operations, and has therefore aggregated them into one reportable segment, retail segment, consistent with its omni-channel business approach.

#### **Cash and Cash Equivalents**

Cash and cash equivalents consist of cash in banks and short-term investments, which have a maturity of ninety days or less when acquired. Included in cash equivalents are credit card and debit card receivables from banks, which generally settle within two to four business days.

#### **Short-Term Investments**

Short-term investments consist of those investments that have a maturity date, when acquired, that is greater than three months and twelve months or less. These investments are classified as held-to-maturity and are carried at amortized cost, which approximates fair value due to the short period between purchase and maturity.

#### **Concentration of Credit Risk**

Cash and cash equivalents include amounts due from third party financial institutions, which from time to time, may be in excess of the Federal Deposit Insurance Corporation ("FDIC") insurance limits. The Company is potentially exposed to a concentration of credit risk when cash and cash equivalent deposits in these financial institutions are in excess of FDIC limits. The Company considers the credit risk associated with these financial instruments to be minimal as cash and cash equivalents are held by financial institutions with high credit ratings and it has not historically sustained any credit losses associated with its cash and cash equivalents balances. In addition, the Company's cash and cash equivalents include money market accounts with Citizens Bank, N.A. and investments in U.S. government-backed securities held with Fidelity Investments.

#### **Fair Value of Financial Instruments**

ASC Topic 825, *Financial Instruments*, requires disclosure of the fair value of certain financial instruments. ASC Topic 820, "Fair Value Measurements and Disclosures," defines fair value, establishes a framework for measuring fair value and enhances disclosures about fair value measurements.

The valuation techniques utilized are based upon observable and unobservable inputs. Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect internal market assumptions. These two types of inputs create the following fair value hierarchy:

Level 1 – Quoted prices in active markets for identical assets or liabilities.

Level 2 – Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the related assets or liabilities.

Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of assets or liabilities.

The Company utilizes observable market inputs (quoted market prices) when measuring fair value whenever possible.

The carrying amounts of cash and cash equivalents, accounts receivable, accounts payable and accrued expenses approximate fair value because of the short maturity of these instruments. See Note 109 - *Fair Value Measurement* for information regarding the fair value of certain financial assets.

#### **Accumulated Other Comprehensive Income (Loss) - ("AOCI")**

Other comprehensive income (loss) includes amounts related to foreign currency and In the fourth quarter of fiscal 2023, the Company terminated its frozen retirement plans, and which was the only AOCI activity. As a result, there is no remaining AOCI as of February 3, 2024.

For the Consolidated Statements first three months of Comprehensive Income (Loss). Other fiscal 2023, other comprehensive income (loss) and reclassifications from AOCI for the three and nine months ended October 28, 2023 and October 29, 2022 were as follows:

(1) In connection with the Company's decision to terminate its frozen retirement plans, the Company completed a termination of its Supplemental Executive Retirement Plan ("SERP") in the third quarter of fiscal 2023 and recognized the loss in AOCI of \$31,000, with no related tax effect. Results for the nine months ended October 28, 2023 also reflect the partial settlement of the Pension Plan which resulted in the recognition of \$4.2 million loss on termination, or \$3.1 million net of taxes.

(2) Includes the amortization of the unrecognized loss on retirement plans, which was charged to "Selling, General and Administrative" Expense on the Consolidated Statements of Operations for all periods presented. The Company recognized expense of \$47,000 ~~58,000~~, or \$35,000 ~~43,000~~ net of taxes, for the three months ended October 28, 2023 and expense of \$139,000, or \$103,000 net of taxes, for the nine months ended October 28, 2023. For the three and nine months ended October 29, 2022, the Company recognized income of \$9,000 and \$29,000, respectively, as a result of a change in amortization from average remaining future service to average remaining lifetime. There was no related tax effect for the three and nine months ended October 29, 2022 ~~April 29, 2023~~.

#### Stock-based Compensation

All share-based payments, including grants of employee stock options and restricted stock, are recognized as an expense in the Consolidated Statements of Operations based on their fair values and vesting periods. The fair value of stock options is determined using the Black-Scholes valuation model and requires the input of subjective assumptions. These assumptions include estimating the length of time employees will retain their vested stock options before exercising them (the "expected term"), the estimated volatility of the Company's common stock price over the expected term and the number of options that will ultimately not complete their vesting requirements ("forfeitures"). The Company reviews its valuation assumptions at each grant date and, as a result, is likely to change its valuation assumptions used to value employee stock-based awards granted in future periods. The values derived from using the Black-Scholes model are recognized as an expense over the vesting period, net of estimated forfeitures. The estimation of stock-based awards

that will ultimately vest requires judgment. Actual results and future changes in estimates may differ from the Company's current estimates.

**The** There were no grants of stock options in the first three months of fiscal 2024. For the first three months of fiscal 2023, the fair value of each stock option grant **is** was estimated on the date of grant using the Black-Scholes option-pricing model based on the assumptions in the table below as it relates to stock options granted during the first nine months of fiscal 2023 and fiscal 2022.

	October 28, 2023	October 29, 2022	April 29, 2023
Expected volatility	86.3% - 92.1%	87.9% - 123.7%	86.3% - 92.1%
Risk-free interest rate	3.71%-4.42%	2.52% - 4.41%	3.71%-4.42%
Expected term	2.5 yrs.	2.0 - 3.5 yrs.	2.5 yrs.
Dividend rate	—	—	—
Weighted average fair value of options granted	\$ 3.24	\$ 3.46	\$ 3.24

During the third quarter of fiscal 2023, the Company granted performance stock units (PSUs) with a market condition. The respective grant-date fair value and derived service periods assigned to the PSUs were determined using a Monte Carlo model. The valuation included assumptions with respect to the volatility, risk-free rate and cost of equity are discussed in Note 6, "Stock-Based Compensation."

#### **Impairment of Long-Lived Assets**

The Company reviews its long-lived assets for events or changes in circumstances that might indicate the carrying amount of the assets may not be recoverable. The Company's judgment regarding the identification of impairment indicators is based on operational performance at the store level. Factors considered by the Company that could result in an impairment triggering event include significant changes in the use of assets, a current period operating or cash flow loss, underperformance of a store relative to historical or expected operating results, and an accumulation of costs significantly in excess of the amount originally expected for the construction of the long-lived store assets. The Company assesses the recoverability of the assets by determining whether the carrying value of such assets over their respective remaining lives can be recovered through projected undiscounted future cash flows. The model for undiscounted future cash flows includes assumptions, at the individual store level, with respect to expectations for future sales and gross margin rates as well as an estimate for occupancy costs used to estimate the fair value of the respective store's operating lease right-of-use asset. The amount of impairment, if any, is measured based on projected discounted future cash flows using a discount rate reflecting the Company's average cost of funds.

There were no impairments or non-cash gains recognized in the first three months of fiscal 2024 and nine months ended October 28, 2023 or fiscal 2023.

## Advertising Costs

The Company expenses in-store advertising costs as incurred. Creative production costs, if any, are expensed in the period in which the advertising is first aired, and media costs are expensed as incurred. Direct response advertising costs, if any, are expensed in the period in which the mailing occurs. Advertising expense, which is included in selling, general and administrative expenses, was \$7.3 million and \$7.0 million for the first three months ended October 29, 2022. For the nine months ended October 29, 2022, the Company recognized a non-cash gain of \$0.6 million. The non-cash gain related to the Company's decision to close certain retail stores, which resulted in a revaluation of the existing lease liabilities. The portion of the gain that related to previously recorded impairment charges against the operating lease right-of-use asset was included as an offset to previously recorded asset impairment charges. Accordingly, for the nine months ended October 29, 2022, \$0.4 million was included as an offset to asset impairment charges. The remaining gain for the nine months ended October 29, 2022 was included as a reduction of store occupancy costs. fiscal 2024 and fiscal 2023, respectively.

## Leases

The Company determines if an arrangement contains a lease at the inception of a contract. Right-of-use assets represent the Company's right to use an underlying asset for the lease term and lease liabilities represent the Company's obligation to make lease payments arising from the lease. Right-of-use ("ROU") assets and lease liabilities are recognized at the commencement date based on the present value of the remaining future minimum lease payments, initial direct costs and any lease incentives are included in the value of those ROU assets. As the interest rate implicit in the Company's leases is not readily determinable, the Company utilizes its incremental borrowing rate, based on information available at the lease measurement date, to determine the present value of future payments. The Company elected the lessee non-lease component separation practical expedient, which permits the Company to not separate non-lease components from the lease components to which they relate. The Company also made an accounting policy election that the recognition requirement of ASC 842 will not be applied to certain, if any, non-store leases, with a term of 12 months or less, recognizing those lease payments on a straight-line basis over the lease term. At October 28, 2023 May 4, 2024, the Company had no short-term leases.

The Company's store leases typically contain options that permit renewals for additional periods of up to five years each. In general, for store leases with an initial term of 10 years or more, the options to extend are not considered reasonably certain at lease commencement. For store leases with an initial term of 5 years, the Company evaluates each lease independently and, when the Company considers it reasonably certain that it will exercise an option to extend, the associated payment of that option will be included in the measurement of the ROU asset and lease liability. Renewal options are not included in the lease term for automobile and equipment leases because they are not considered reasonably certain of being exercised at lease commencement. Renewal options were not considered for the Company's corporate headquarters and distribution center lease, which was entered into in 2006 and was for an initial 20-year term. At the end of the initial term, the Company will have the opportunity to extend this lease for six additional successive periods of five years.

For store leases, the Company accounts for lease components and non-lease components as a single lease component. Certain store leases may require additional payments based on sales volume, as well as reimbursement for real estate taxes, common area maintenance and insurance, and are expensed as incurred as variable lease costs. Other store leases contain one periodic fixed lease payment that

10

---

includes real estate taxes, common area maintenance and insurance. These fixed payments are considered part of the lease payment and included in the ROU assets and lease liabilities. Tenant allowances are included as an offset to the right-of-use asset and amortized as reductions to rent expense over the associated lease term.

See Note 4, "Leases" for additional information.

### **Recently Issued Accounting Pronouncements - Not Yet Adopted**

In September 2022, the FASB issued Accounting Standards Update ("ASU") 2022-04, *Liabilities – Supplier Finance Programs*, which is intended to enhance the transparency surrounding the use of supplier finance programs in connection with the purchase of goods and services. The guidance requires companies that use supplier finance programs to make annual disclosures about the program's key terms, the balance sheet presentation of related amounts, the confirmed amount outstanding at the end of the period and associated rollforward information. The new standard does not affect the recognition, measurement, or financial statement presentation of supplier finance program obligations. ASU 2022-04 was adopted in the first quarter of fiscal 2023, with the exception of the rollforward information, which is not effective until fiscal 2024. The adoption of ASU 2022-04 did not have a material effect on the Company's Consolidated Financial Statements as the Company does not participate in supplier finance programs.

### **Recently Issued Accounting Pronouncements - Not Yet Adopted**

In July 2023, the FASB issued ASU 2023-03, *Presentation of Financial Statements (Topic 205), Income Statement - Reporting Comprehensive Income (Topic 220), Distinguishing Liabilities from Equity (Topic 480), Equity (Topic 505), and Compensation - Stock Compensation (Topic 718): Amendments to SEC Paragraphs Pursuant to SEC Staff Accounting Bulletin No. 120, SEC Staff Announcement at the March 24, 2022 EITF Meeting, and Staff Accounting Bulletin Topic 6.B, Accounting Series Release 280 - General Revision of Regulation S-X: Income or Loss Applicable to Common Stock*, which amends or supersedes various SEC paragraphs within the Accounting Standards Codification to conform to past SEC announcements and guidance issued by the SEC. The ASU does not provide any new guidance, and as such, there is no transition effective date. ASU 2023-03 is not expected to have a material impact on the Company's Consolidated Financial Statements.

In October 2023, the FASB issued ASU 2023-06, *Disclosure Improvements: Codification Amendment in Response to the SEC's Disclosure Update and Simplification Initiative*. ASU-2023-06 incorporates several disclosure and presentation requirements currently residing in the SEC Regulations S-X and S-K. The amendments will be applied prospectively and are effective when the SEC removes the related requirements from Regulations S-X or S-K. Any amendments the SEC does not remove by June 30, 2027 will not be effective. The ASU is not expected to have a material impact on our consolidated financial statements or related disclosures because the Company is currently subjected to the reporting requirements of Regulations S-X and S-K.

In November 2023, the FASB issued ASU 2023-07, *Segment Reporting (Topic 280)*, which requires all public entities to provide enhanced disclosures about significant segment expenses. The amendments in this ASU are to be applied retrospectively and are effective for our annual financial statements starting in fiscal 2024 and interim periods starting in fiscal 2025, with early adoption permitted. We are currently evaluating the impact of this accounting standard.

In December 2023, the FASB issued ASU 2023-09, *Income Taxes (Topic 740)*, which enhances transparency about income tax information through improvements to income tax disclosures primarily related to the rate reconciliation and income taxes paid and to improve the effectiveness of income tax disclosures. This ASU will be effective for fiscal year 2025, and allows for adoption on a prospective basis, with a retrospective option. Early adoption is permitted. We are currently evaluating the effect of adopting this new accounting standard.

In March 2024, the FASB issued ASU 2024-01 *Compensation – Stock Compensation (Topic 718): Scope Application of Profits Interest and Similar Awards*, which clarified how an entity determines whether a profits interest or similar award is within the scope of Accounting Standards Codification ("ASC") 718, Compensation – Stock Compensation, by adding illustrative guidance. The guidance in ASU 2024-01 is effective for annual reporting periods beginning after December 15, 2024, and can be applied either retrospectively to all prior periods presented in the consolidated financial statements or prospectively to profits interest and similar awards granted or modified on or after the date at which the entity first applies the amendments. Early adoption is permitted. The adoption of ASU 2024-01 is not expected to have any impact on the Company's consolidated financial statements.

There were no other new accounting pronouncements, issued or effective during the first **nine** **three** months of fiscal **2023**, **2024**, which had or are expected to have a significant impact on the Company's Consolidated Financial Statements.

## **2. Revenue Recognition**

The Company operates as a retailer of big and tall men's clothing, which includes stores and direct. Revenue is recognized by the operating segment that initiates a customer's order. Store sales are defined as sales that originate and are fulfilled directly at the store level. Direct sales are

defined as sales that originate online, including those initiated online at the store level, on its website or on third-party marketplaces. Generally, all revenues are recognized when control of the promised goods is transferred to customers, in an amount that reflects the consideration in exchange for those goods. Sales tax collected from customers and remitted to taxing authorities is excluded from revenue and is included as part of accrued expenses on the Consolidated Balance Sheets.

*Unredeemed Gift Cards, Gift Certificates, and Credit Vouchers.* Upon issuance of a gift card, gift certificate, or credit voucher, a liability is established for its cash value. The liability is relieved and net sales are recorded upon redemption by the customer. Based on historical redemption patterns, the Company can reasonably estimate the amount of gift cards, gift certificates, and credit vouchers for which redemption is remote, which is referred to as "breakage." Breakage is recognized over two years in proportion to historical redemption trends and is recorded as sales in the Consolidated Statements of Operations. The gift card liability, net of breakage, was \$2.0 million and \$3.4 million at October 28, 2023 May 4, 2024 and January 28, 2023 February 3, 2024, respectively.

11

---

*Unredeemed Loyalty Coupons.* The Company offers a free loyalty program to its customers for which points accumulate based on the purchase of merchandise. Under ASC 606, *Revenue from Contracts with Customers*, these loyalty points provide the customer with a material right and a distinct performance obligation with revenue deferred and recognized when the points are expected to redeem or expire. The cycle of earning and redeeming loyalty points is generally under one year in duration. The loyalty accrual, net of breakage, was \$1.7 million and \$1.6 million at October 28, 2023 May 4, 2024 and January 28, 2023 February 3, 2024, respectively.

*Shipping.* Shipping and handling costs are accounted for as fulfillment costs and are included in cost of sales for all periods presented. Amounts related to shipping and handling that are billed to customers are recorded in sales, and the related costs are recorded in cost of goods sold, including occupancy costs, in the Consolidated Statements of Operations.

#### Disaggregation of Revenue

As noted above under *Segment Information* in Note 1, the Company's business consists of one reportable segment, its retail segment. Substantially all of the Company's revenue is generated from its stores and direct businesses. *Results for the nine months ended October 29, 2022 included operating results from the wholesale segment, which was discontinued in the first quarter of fiscal 2022.* Accordingly, the Company has determined that the following sales channels depict the nature, amount, timing, and uncertainty of how revenue and cash flows are affected by economic factors:

For the Three Months Ended				For the Nine Months Ended				For the Three Months Ended
Oct (in thou sand s)	Oct ober 28, 202 3	Oct ober 28, 202 3	Oct ober 29, 202 2					
								May 4, 2024

### 3. Debt

## **Credit Agreement with Citizens Bank, N.A.**

On October 28, 2021, the Company entered into a credit facility with Citizens Bank, N.A. On April 20, 2023, the Company entered into the First Amendment to Credit Agreement N.A., which provided for the replacement of the London Interbank Offering Rate ("LIBOR") interest rate options with the secured overnight financing rate ("SOFR") based options (as amended, the "Credit Facility").

The Credit Facility provides for a \$125.0 million secured, asset-based credit facility with a maturity date of October 28, 2026 (the "Credit Facility"). The maximum committed borrowing of \$125.0 million includes a sublimit of \$20.0 million for commercial and standby letters of credit and a sublimit of up to \$15.0 million for swing line loans. The Company's ability to borrow under the Credit Facility is determined using an availability formula based on eligible assets.

**Effective April 20, 2023, borrowings** Borrowings under the Credit Facility bear interest at either a Base Rate loan or Daily Simple SOFR rate, at the Company's option. Base Rate loans will bear interest at a rate equal to (i) the greater of: (a) the Prime Rate, (b) the Federal Funds effective rate plus 0.50% per annum and (c) the Daily Simple SOFR rate plus 1.00% per annum (provided the Base Rate shall never be less than the Floor (as defined in the Credit Facility)), plus (ii) a varying percentage, based on the Company's average excess availability, of either 0.25% or 0.50% (the "Applicable Margin"). Daily Simple SOFR loans will bear interest at a rate equal to (i) the Daily Simple SOFR rate plus an adjustment of 0.10% (provided the Daily Simple SOFR rate shall never be less than the Floor), plus (ii) the Applicable Margin. Any swingline loan will continue to bear interest at a rate equal to the Base Rate plus the Applicable Margin. The Company is subject to an unused line fee of 0.25%.

borrowing base) and (ii) \$7.5 million, then the Company is required to maintain a minimum consolidated fixed charge coverage ratio of 1.0:1.0 until such time as availability has exceeded the greater of (1) 10% of the Revolving Loan Cap and (2) \$7.5 million for 30 consecutive days.

At **October 28, 2023** **May 4, 2024**, the Company had no borrowings outstanding under the Credit Facility and unused availability was **\$87.6** **79.2** million. The Company had no borrowings during the first **nine months** **quarter** of fiscal **2023**, **2024**, resulting in an average unused excess availability of approximately **\$84.3** **71.8** million. Outstanding standby letters of credit were \$4.3 million and outstanding documentary letters were **\$0.4** **1.5** million at **October 28, 2023** **May 4, 2024**. At **October 28, 2023** **May 4, 2024**, the Company's prime-based interest rate was 8.75%.

#### 4. Leases

The Company leases all of its store locations and its corporate headquarters, which also includes its distribution center, under operating leases. The store leases typically have initial terms of 5 years to 10 years, with options that usually permit renewal for additional five-year periods. The initial term of the lease for the corporate headquarters is for 20 years, with the opportunity to extend for six additional consecutive periods of five years, beginning in fiscal 2026. The Company also leases certain equipment and other assets under operating leases, typically with initial terms of 3 to 5 years. The Company is generally obligated for the cost of property taxes, insurance and common area maintenance fees relating to its leases, which are considered variable lease costs and are expensed as incurred.

ASC 842 requires the assessment of any lease modification to determine if the modification should be treated as a separate lease and if not, modification accounting would be applied. Lease modification accounting requires the recalculation of the ROU asset, lease

12

---

liability and lease expense over the respective lease term. As of **October 28, 2023** **May 4, 2024**, the Company's operating leases liabilities represent the present value of the remaining future minimum lease payments updated based on concessions and lease modifications.

Lease costs related to store locations are included in cost of goods sold including occupancy costs on the Consolidated Statements of Operations, and expenses and lease costs related to the corporate headquarters and equipment leases are included in selling, general and administrative expenses on the Consolidated Statements of Operations.

The following table is a summary of the Company's components of net lease cost for the three and nine months ended **October 28, 2023** **May 4, 2024** and **October 29, 2022** **April 29, 2023**:

## 5. Long-Term Incentive Plans

The following is a summary of the Company's Long-Term Incentive Plan ("LTIP"). All equity awards granted under long-term incentive plans are issued from the Company's stockholder-approved 2016 Incentive Compensation Plan. See Note 6, *Stock-Based Compensation*.

The LTIPs are granted annually and each LTIP covers a three-year performance period. Each participant in the LTIP participates based on that participant's "Target Cash Value" which is defined as the participant's annual base salary (on the participant's effective date) multiplied by his or her LTIP percentage. Under each LTIP, 50% of each participant's Target Cash Value is subject to time-based vesting and 50% is subject to performance-based vesting. Awards for any achievement of performance targets are not granted until the performance targets are achieved and then are subject to additional vesting through August 31 following the end of the applicable performance period.

### 2020-2022 2021-2023 LTIP

The performance targets for the Company's **2020-2022 2021-2023** LTIP were approved by the Compensation Committee of the Board of Directors (the "Compensation Committee") on **June 11, 2020** **March 8, 2021**, and covered a three-year period performance period, which ended on **January 28, 2023** **February 3, 2024**. The time-vested portion of the **2020-2022 2021-2023** LTIP vests in four annual installments, with the remaining installment vesting on **April 1, 2024** **April 1, 2025**.

On **March 6, 2023** **March 29, 2024**, the Compensation Committee approved a grant of awards, **effective April 1, 2024**, **equal to \$2.8** **3.0** million for the achievement of the performance target for the **2020-2022 2021-2023** LTIP. **The** **In** **an** **effort** **to** **preserve** **share** **availability** **under** **the** **2016** **Plan**, **all** **awards**, **were** **granted** **on** **March 23, 2023**, **following** **completion** **of** **the** **audited** **financial** **statements**, **in** **a** **combination** **of** **50%** **cash** **and** **50%** **restricted** **stock** **units** ("RSUs"). **All** **awards** **were** **which** **are** **subject** **to** **further** **vesting** **through** **August 31, 2023**. **In** **connection** **with** **the** **grant** **of** **267,219** **RSUs**, **the** **Company** **reclassified** **\$1.1** **million** **of** **its** **liability** **accrual** **from** **"Accrued** **expenses** **and** **other** **current** **liabilities**" **to** **"Additional** **paid-in** **capital**". **See** **the** **Consolidated** **Statement** **of** **Changes** **August 31, 2024**, **were** **granted** **in** **Stockholders'** **Equity**. **cash**.

### Active LTIPs

At **October 28, 2023** **May 4, 2024**, the Company had three active LTIPs: the **2021-2023 2022-2024** LTIP, the **2022-2024 2023-2025** LTIP and the **2023-2025 2024-2026** LTIP. The time-based awards under the **2021-2023** LTIP were granted in a combination of 25% stock options and 75% cash, and the time-based awards under the **2022-2024** LTIP and the **2023-2025** each LTIP were granted in a combination of 50% RSUs and 50% cash.

Performance targets for the **2021-2023 2022-2024** LTIP, **2022-2024** the **2023-2025** LTIP and the **2023-2025 2024-2026** LTIP were established and approved by the Compensation Committee on **March 8, 2021** **April 9, 2022**, **April 9, 2022** **May 1, 2023** and **May 1, 2023** **April 1, 2024**, respectively. The performance period for each LTIP is three years. Awards for any achievement of performance targets will not be granted until the performance targets are achieved and then will be subject to an additional service requirement through **August 31, 2024** **August 31, 2025**, **August 31, 2025** **August 31, 2026** and **August 31, 2026** **August 31, 2027**, respectively. The time-based awards under the **2021-2023** LTIP, **2022-2024** LTIP, the **2023-2025** LTIP, and **2023-2025** the **2024-2026** LTIP vest in four equal installments through **April 1, 2025** **April 1, 2026**, **April 1, 2026** **April 1, 2027** and **April 1, 2027** **April 1, 2028**, respectively. Assuming that the Company achieves the performance targets at target levels and all time-based awards vest, the compensation expense associated with the **2021-2023** LTIP, **2022-2024** LTIP, **2023-2025** LTIP and **2023-2025 2024-2026** LTIP is

estimated to be approximately \$4.1 **4.8** million, \$4.7 **5.1** million and \$4.9 **5.3** million, respectively. Approximately half of the compensation expense for each LTIP relates to the time-based awards, which are being expensed straight-line over **49** months, **48** months, and **47** months respectively, and

1449

---

months, respectively.

At **October 28, 2023** **May 4, 2024**, the Company had accrued \$2.3 million under the 2021-2023 LTIP and \$1.4 million under the 2022-2024 LTIP and \$0.1 million under the 2024-2026 LTIP for the performance awards. At **October 28, 2023** **May 4, 2024**, the Company had no accrual for the performance-based awards under the 2023-2025 LTIP.

## 6. Stock-Based Compensation

The Company has one active stock-based compensation plan: the 2016 Incentive Compensation Plan (as amended, the "2016 Plan"). A grant of a stock option award or stock appreciation right will reduce the outstanding reserve on a one-for-one basis, meaning one share for every share granted. A grant of a full-value award, including, but not limited to, restricted stock, restricted stock units and deferred stock, will reduce the outstanding reserve by a fixed ratio of 1.9 shares for every share granted. At **October 28, 2023** **May 4, 2024**, 15,120,538 shares were authorized under the 2016 Plan, of which **2,288,734** **1,445,584** shares remained available for grant.

In accordance with the terms of the 2016 Plan, any shares outstanding under the previous 2006 Incentive Compensation Plan (the "2006 Plan") at August 4, 2016 that subsequently terminate, expire or are cancelled for any reason without having been exercised or paid are added back and become available for issuance under the 2016 Plan, with stock options being added back on a one-for-one basis and full-value awards being added back on a 1 to 1.9 basis. At **October 28, 2023** **May 4, 2024**, **90,487** **59,254** stock options remained outstanding under the 2006 Plan.

The 2016 Plan is administered by the Compensation Committee. The Compensation Committee is authorized to make all determinations with respect to amounts and conditions covering awards. Options are not granted at a price less than fair value on the date of the grant. Except with respect to 5% of the shares available for awards under the 2016 Plan, no award will become exercisable unless such award has been outstanding for a minimum period of one year from its date of grant.

The following tables summarize the share activity and stock option activity for the first **nine** **three** months of fiscal **2023**: **2024**:

- (3) On August 11, 2023, the Company granted 573,000 performance share units ("PSUs") in connection with the extension of Mr. Kanter's employment agreement. The award consists of nine tranches, with the first tranche vesting if and when the 30-day volume-weighted closing price of the Company's common stock is equal to or greater than \$6.50 per share. Each subsequent tranche will vest upon achievement of the 30-day volume-weighted closing price of the Company's common stock in \$0.25 **installments** **increments** with the ninth tranche vesting when such price is equal to or greater than \$8.50 per share. The PSUs are subject to a one-year minimum vesting period, and any unvested PSUs will expire on August 11, 2026. The \$2.4 million fair value is being expensed over the respective derived service periods of each tranche which range from 12 to 13 months. The respective fair value and derived service periods assigned to the PSUs were determined using a Monte Carlo model based on: a weighted historical volatility of 57.8%, a term of 3 years, stock price on the date of grant of \$4.98 per share, a risk-free rate of 4.6% and a cost of equity of 11.0%.
- (4) Represented compensation, with a fair value of **\$101,242** **40,493**, to certain directors, who are required to receive shares, in **lieu of cash**, in order to satisfy their minimum equity ownership under the *Non-Employee Director Compensation Plan*. excluded from the computation of basic earnings per share. Shares of deferred stock are not considered issued and outstanding until the vesting date of the deferral period.

## 8. Income Taxes

In the second quarter of fiscal 2022, the Company determined that it was more likely than not that it would be able to realize the benefits of substantially all of its deferred tax assets in the United States. Accordingly, in the second quarter of fiscal 2022, the Company released substantially

all of its deferred tax valuation allowance. As a result of the valuation allowance being released, the Company returned to a normal tax provision for fiscal 2023.

The Company's tax provision for income taxes for interim periods is determined using an estimate of its annual effective tax rate, adjusted for discrete items, if any. Each quarter, the Company updates its estimate of the annual effective tax rate and makes a year-to-date adjustment to the provision.

For the ~~third~~first quarter and first nine months of fiscal 2024 and 2023, the Company's effective tax rate was ~~30.2~~30.4% and ~~27.2~~26.6%, respectively.

For the third quarter of fiscal 2022, The increase in the effective tax rate was 16.6% and primarily reflected due to permanent book to tax differences combined with a \$2.0 million discrete tax expense lower pretax income as compared to adjust the release of valuation allowance. For the first nine months quarter of fiscal 2022, the Company recognized an income tax benefit of \$32.9 million, which included a discrete tax benefit of \$33.5 million for the release of the valuation allowance discussed above.

The Company made tax payments of \$0.7 million and \$0.3 million for the first nine months of fiscal 2023 and fiscal 2022, respectively. 2023.

## 9. Termination of Retirement Plans

### Noncontributory Pension Plan

In connection with the acquisition of Casual Male Corp. in May 2002, the Company assumed the assets and liabilities of the Casual Male Noncontributory Pension Plan "Casual Male Corp. Retirement Plan", which was previously known as the J. Baker, Inc. Qualified Plan (the "Pension Plan"). Casual Male Corp. froze all future benefits under this plan on May 1, 1997.

On May 3, 2023, the Audit Committee approved the termination of the Pension Plan, which was then approved and ratified by the Board of Directors on May 4, 2023 with a final termination approval on June 8, 2023. On July 1, 2023, the Company completed a partial settlement through the purchase of nonparticipating annuities. The Company made a cash contribution during the first nine months of fiscal 2023 of \$1.7 million. The remaining pension liability, net of plan assets, at October 28, 2023 was approximately \$0.1 million. The remaining plan assets are invested in short-term investments and cash equivalents.

Results for the nine months ended October 28, 2023, included a charge of \$4.2 million recorded in the second quarter, representing a pro-rata portion of the unrealized loss in "Accumulated Other Comprehensive Loss" on the Consolidated Balance Sheet. The Company expects to settle the remaining obligation under the Pension Plan by the end of fiscal 2023, at which time the Company will recognize the remaining unrealized loss, including any remaining tax effects, that is part of "Accumulated Other Comprehensive Loss."

Net periodic pension cost for the three and nine months ended October 28, 2023 and October 29, 2022 was as follows: 16

**Supplemental Executive Retirement Plan ("SERP")**

In connection with the acquisition of Casual Male Corp. in May 2002, the Company also assumed the liability of the Casual Male Supplemental Executive Retirement Plan.

17

On May 3, 2023, the Audit Committee approved the termination of the SERP, which was then approved and ratified by the Board of Directors on May 4, 2023. During the third quarter of fiscal 2023, the Company completed the termination of the SERP through the purchase of a nonparticipating annuity. In connection with that termination, during the third quarter of fiscal 2023, the Company made a cash contribution of \$0.4 million and recognized a loss on the termination of the plan of \$57,000, which included the recognition of the unrealized loss of \$31,000 in Accumulated Other Comprehensive Loss.

**10.9. Fair Value Measurement**

At **October 28, 2023** **May 4, 2024** and **January 28, 2023** **February 3, 2024**, the Company held U.S. treasury bills which were classified as held-to-maturity and carried at amortized cost.

#### **11.10. Stock Repurchase Program and Subsequent Event**

On March 14, 2023, the Company's Board of Directors ("Board") approved a stock repurchase program, effective March 16, 2023, which was subsequently amended in November 2023. Under the amended program, the Company was initially authorized to repurchase up to \$15.0 million of its common stock, including excise tax, through open market and privately negotiated transactions. The Company completed the initial authorization during the third quarter of fiscal 2023.

Subsequent to the end of the third quarter, on November 15, 2023, the Board approved an amendment to the stock repurchase program to increase the amount authorized under the program from \$15.0 million to \$25.0 million, effective November 17, 2023. The timing and the amount of any repurchases of common stock will be determined based on the Company's evaluation of market conditions and other factors. The stock repurchase program will expire on March 16, 2024, but may be suspended, terminated or modified at any time for any reason. The Company expects to finance any repurchases from cash generated from operations.

During the first nine months quarter of fiscal 2023, 2024, the Company repurchased 3.152,802 million shares at an aggregate a total cost, including fees, of \$14.9211,182 million, excluding excise taxes., completing its stock repurchase program.

The Inflation Reduction Act of 2022 imposed a nondeductible 1% excise tax on the net value of certain share repurchases made after December 31, 2022. Beginning in fiscal year 2023, the applicable excise tax is being charged to additional paid-in capital in the Company's Consolidated Balance Sheet as part of the cost basis of the shares repurchased, with the corresponding liability for the excise tax payable recorded in accrued expenses and other current liabilities, liabilities until paid. This liability is partially offset by a 1% credit permitted under the rules for the fair value of shares issued by the Company. For the nine months ended October 28, 2023 At May 4, 2024, the Company has had accrued \$0.10.2 million for the payment of excise taxes.

## SEGMENT REPORTING

We currently have two principal operating segments: our stores and direct business. We consider our stores and direct business segments to be similar in terms of economic characteristics, production processes and operations, and have therefore aggregated them into one reportable segment, retail segment, consistent with our omni-channel business approach.

## COMPARABLE SALES

Our customer's shopping experience continues to evolve across multiple channels, and we are continually adapting to meet the guest's needs. The majority of our stores have the capability of fulfilling online orders if merchandise is not available in the warehouse. As a result, we continue to see more certain transactions that begin online but are ultimately completed at the store level. Similarly, if a customer

visits a store and the item is out of stock, the associate can order the item through our website. A customer also has the ability to order online and

pick-up in a store and at curbside. We define store sales as sales that originate and are fulfilled directly at the store level. Digital commerce sales, which we also refer to as direct sales, are defined as sales that originate online, whether through our website, at the store level or through a third-party marketplace.

Stores that have been open for at least 13 months are included in comparable sales. Stores that have been remodeled or relocated during the period are also included in our determination of comparable stores sales. Stores that have been expanded by more than 25% are considered non-comparable for the first 13 months. If a store is temporarily closed for more than 7 days, it is removed from the calculation of comparable sales until it reopens and upon its anniversary is once again removed from the calculation until the reopen date. The method of calculating comparable sales varies across the retail industry and, as a result, our calculation of comparable sales is not necessarily comparable to similarly titled measures reported by other retailers.

Our comparable sales for the third quarter decreased 6.7% with fiscal 2024 were below our expectations. We believe that many of our customers are still feeling the economic impacts of high inflation and have chosen to moderate their discretionary spending on apparel. This behavior resulted in lower than expected traffic levels to our stores and lower conversion rates in our direct business, both of which were the primary contributors to our comparable sales decrease of 11.3% in the first quarter. Comparable sales for our stores were down 8.1% 11.4% and our direct business was down 3.2% 11.0%. The decrease was primarily driven by a slowdown in traffic. Despite this pressure these economic impacts on our top line, results, we maintained are still maintaining our low promotional stance and proactively managing our inventory levels and receipts. This enabled us to end the quarter in a solid strong margin position, with our merchandise margin improvement nearly mitigating the deleveraging of occupancy costs. This gross margin managed performance, coupled with our operating lower SG&A expenses, and generated enabled us to end the first quarter of fiscal 2024 with net income of \$0.06 per diluted share and an adjusted EBITDA margin (a non-GAAP measure) of 7.3% 7.1%. Further, we

We continued to strengthen maintain our strong financial position, successfully managing our liquidity and our inventory levels, which are down 6.5% 9.0% to last year, year's first quarter. Our inventory turn has improved by almost 30% from fiscal 2019 and we generated \$22.7 million in free cash flow year to date.

Net income for the third quarter of fiscal 2023 was \$4.0 million, or \$0.06 per diluted share, as compared to net income of \$10.5 million, or \$0.16 per diluted share, for the third quarter of fiscal 2022.

For the first nine months of fiscal 2023, net income was \$22.6 million, or \$0.35 per diluted share, as compared to net income of \$80.8 million, or \$1.20 per diluted share, for the first nine months of fiscal 2022. Net income for the first nine months of fiscal 2022 included the release of substantially all of the valuation allowance against our deferred tax assets. Assuming a normalized tax rate and adjusting for the loss from retirement plan terminations and asset impairments (gains), if any, adjusted net income for the first nine months of fiscal 2023, was \$25.8 million, or \$0.40 per diluted share, as compared to net income of \$34.6 million, or \$0.52 per diluted share, for the first nine months of fiscal 2022. clearance inventory remains below our 10% benchmark.

As of October 28, 2023 May 4, 2024, we had cash and investments of \$60.4 million \$53.2 million as compared to \$23.5 million \$46.0 million at October 29, 2022. As of October 28, 2023, we had April 29, 2023 with no debt outstanding and unused excess availability of \$87.6 million, and no borrowings during the first nine months, \$79.2 million. With cash on hand, no outstanding debt and full availability under our credit facility, we are continuing to pursue our strategic initiatives this year to grow our business.

#### Through Progress on Our Long-Range Plan and Future Growth Strategy

We continue to make progress on our long-term strategic growth initiatives and believe that these initiatives will lead to greater brand awareness, enabling us to take a greater share of the nine months ended October 28, 2023, addressable market, and grow our top line:

**Marketing & Brand Building:** Working with our newly retained creative and media agencies, we repurchased 3.1 million shares at a total cost, including fees, of \$14.9 million. campaign that we believe will drive an emotional connection to the DXL brand and drive brand awareness. Subsequent to the end of the third first quarter of fiscal 2023, effective November 17, 2023 the Board 2024, on May 13th, we launched our new multichannel marketing campaign in three test markets. This is our first advertising campaign since 2017. Media includes broadcast television, connected TV, streaming video, audio, paid digital channels, and out-of-home, as well as all-owned marketing. We are prepared to invest cautiously in this initiative, with total marketing costs increasing to approximately 7.0%-7.5% of Directors amended the stock repurchase program to increase the number of shares authorized to be repurchased from \$15.0 million to \$25.0 million.

In May 2023, sales in fiscal 2024. If we also made the decision to terminate our frozen, noncontributory pension plan and the frozen supplemental executive retirement plan ("SERP"). Given the current high interest rates, experience favorable results, we saw this as an opportunistic use of excess cash to eliminate these variable liabilities. In connection with that decision, during the second quarter, we completed a partial settlement of our pension obligations through the purchase of nonparticipating annuities. Our results for the nine months ended October 28, 2023 include a loss of \$4.2 million, representing a pro-rata portion of the unrealized loss in Accumulated Other Comprehensive Loss. We expect to complete the final settlement of the terminated pension plan by the end of fiscal 2023. In the third quarter, we completed the termination of the SERP plan, recognizing a loss for the three and nine months ended October 28, 2023 of \$0.1 million.

### Our Future Growth Strategy

Last quarter, we shared our long-term strategic plan to meaningfully accelerate the growth trajectory of the Company. We are actively working on these initiatives fund our marketing and continue to believe there is a substantial opportunity to take a greater share of market and grow our top line. Despite this more challenging quarter, we remain relentlessly disciplined and committed to our strategy and initiatives.

Our Company is in a fundamentally different position today than it was pre-pandemic. We have achieved a heightened level of operational excellence, recapitalized our balance sheet to provide a greater level of financial flexibility, made investments in our technical capabilities, and upgraded our leadership team. Since we repositioned DXL in fiscal 2019, we have grown comparable sales by more than 25% and more than doubled our adjusted EBITDA margin rate. This trajectory supports our strong belief in the longer-term opportunity for DXL in the men's big & tall apparel category. As we look beyond fiscal 2023, we are excited about our long-term growth plan. Our goal is to accelerate the trajectory of the Company meaningfully over the next three to five years, by focusing on four specific growth initiatives: store development, website replatform, brand building and alliances/collaborations. initiative at greater levels over time.

**Store Development:** As we have stated before, we believe there are at least 50 net new store opportunities. New store development addresses another factor critical to our growth. While we have stores in every major metro metropolitan market across the United States, there are geographic voids in certain markets where big + tall consumers are not being serviced served by a DXL. In our most recent DXL store. Our consumer research across 2,500 has indicated that 44% of big + tall men both customers and non-customers, 49% self-reported that they do not shop with us because a store is not near them, while 37% 35% self-reported that they do not shop with us because a store location is not convenient. This During the first quarter of fiscal 2024, we opened our first new DXL store since 2018 in Queens, NY. We expect to open two more new of eight stores before year-end and that we plan to open another 10 new stores in fiscal 2024, and with 15 to 20 new stores per year planned in fiscal 2025. We have also converted seven Casual Male stores to DXL this year and expect to convert three more by the end of 2023. 2025 through 2027.

**New Website Replatform Platform:** We are upgrading transitioning our website from our legacy infrastructure to a new, modern commerce platform, with various features and functionality launching throughout in a phased approach with the first phase launching the last week of May 2024. A second phase is scheduled to launch in late summer with the final phase occurring after the holiday season. We believe this modernization upgrade will offer provide immediate performance improvements and customer experience benefits while positioning by eliminating friction points, optimizing search capability, and enhancing speed and response times. We expect this new platform, engineered by a leading eCommerce technology provider, will position us to deliver a greater pace of change respond faster and more effectively to make changes in the future.

**Marketing and Brand-Building Alliances & Collaborations:** We believe one Collaborating with other retailers allows us to overcome the challenge of our greatest opportunities is to address our overall brand awareness levels. Over the past few years, we have transformed our brand position and differentiated ourselves in terms of experience, fit, and assortment. However, many of our target reaching consumers simply do not know DXL. We now have the financial flexibility, informed consumer research, and the right messaging to invest in building our brand. For the past several years, our advertising-to-sales ratio has been between 5.0% to 6.0%. Our plan is to increase our advertising-to-sales ratio over the next few years. We expect to invest more in brand building and top-of-funnel marketing to grow our customer file. We have begun a search for a creative agency to develop, build and execute a campaign that will drive an emotional connection who may never be exposed to the DXL brand through our organic channels. On April 29th, we announced our latest collaboration with Nordstrom which will allow us to bring the DXL experience beyond our four walls and drive brand awareness. directly to the Nordstrom customer. We are targeting a campaign launch very excited to be launching DXL on Nordstrom's digital marketplace platform. We are currently in discovery mode for late Spring 2024 collaborative offers with several other brands and

we are prepared optimistic that some of these brands could play a role in our assortment, similar to conservatively spend another 1.0% to 2.0% of sales to initially fund that initiative and, the collaboration with results, fund our marketing and brand building initiatives at greater levels over time.

**Alliances/Collaborations:** We strongly believe that our "fit authority" is one of our biggest assets and that we can develop successful collaborations with other brands, who are interested in finding a cost-effective way to expand their offering to include big + tall men's apparel. During the third quarter, we launched UNTUCKit, Fit by DXL in partnership with UNTUCKit which is being sold exclusively by DXL. In addition, we also added Hugo Boss and Faherty to our list of national brands this quarter, each with a level of merchandise exclusivity that cannot be found elsewhere. All three programs have exceeded our initial expectations and we will look for door expansions in all three for fiscal 2024. We believe these examples are only the beginning, and we are working in real-time on additional retail brand alliances. Lastly, we also launched our new fit technology and size mapping in twelve of our stores. UNTUCKIT.

## RESULTS OF OPERATIONS

## Sales

The following table presents sales by segment for the three and nine months ended **October 28, 2023** **May 4, 2024** and **October 29, 2022** **April 29, 2023**:

Wh	oles	ale	seg	me	nt	—	—	—	9	39	
Tot	11	12	38	40							
al	9,	9,	4,	1,							
sale	18	67	67	96

	<u>  </u>	<u>  </u>	<u>  </u>	<u>  </u>							

Total sales for the **third** **first** quarter of fiscal **2023** **2024** were **\$119.2 million** **\$115.5 million**, as compared to **\$129.7 million** **\$125.4 million** in the **third** **first** quarter of fiscal **2022**, **2023**. Comparable sales for the **third** **first** quarter decreased **6.7%** **11.3%** with comparable sales from our stores down **8.1%** **11.4%** and our direct business down **3.2%** **11.0%**. The **remainder** decrease in comparable store sales was slightly offset by an increase in non-comparable sales of the decrease was **\$1.8 million** and a **\$3.0 million** shift in calendar weeks due to the 53rd week in fiscal 2023.

The decrease in comparable sales from closed stores and during the first quarter was primarily driven by a decrease in non-comparable sales.

21

Comparable sales traffic in August decreased 6.5%, slightly improved in September to a decrease of 5.4%, but in October comparable sales decreased to 8.3%. Through the third quarter, we saw a further slowdown in store traffic as consumer spending continues to be negatively impacted by the economy and inflationary pressures. Store our stores. While traffic was down, 5.9% while our three new stores that opened in fiscal 2023 in Queens, New York, Cincinnati, Ohio, and Pasadena, California all drove strong dollars per transaction and conversion combined new-to-file rates that were down approximately 2.0%, three times the chain average during the first quarter of 2024. The eleven Casual Male stores that were converted to DXL in fiscal 2023 also performed stronger than the chain average, with dollars per transaction down more than conversion. Sales were particularly softer in categories that outperformed last year due to a resurgence of back-to-work and social events. comparable sales approximately flat. The decrease of 3.2% in the our direct business was primarily due to driven by a decrease in marketplace sales. The DXL website, which was down 1.5%, performed better as a result of improvements in email marketing and growth from our mobile app.

Sales for the first nine months of fiscal 2023 were \$384.7 million as compared to \$402.0 million for the first nine months of fiscal 2022. Comparable sales for the first nine months of fiscal 2023 decreased 2.5%, with comparable sales from our stores down 2.7% and direct down 2.0%.conversion rates.

#### Gross Margin Rate

For the **third** **first** quarter of fiscal **2023**, **2024**, our gross margin rate, inclusive of occupancy costs, was **47.5%** **48.2%** as compared to a gross margin rate of **50.0%** **48.6%** for the **third** **first** quarter of fiscal **2022**, **2023**.

Our gross margin rate decreased by 250-basis 40-basis points, with a decrease in merchandise margin of 110-basis points and an increase of 140-basis 175-basis points in occupancy costs primarily due to the deleveraging of sales and increased rents as a result of lease extensions. The decrease extensions, which was partially offset by an increase in merchandise margin of 110-basis points was due to continued cost pressures on certain private-label 135-basis points. The improvement in merchandise much margin of which we continued to absorb rather than passing on to the customer through price increases. We also experienced increased shipping costs related to direct-to-consumer shipments and costs related to our loyalty program with more sales tendered with loyalty certificates, as compared to the third quarter of fiscal 2022. These cost increases were partially offset by lower inbound freight costs.

For the first nine months of fiscal 2023, our gross margin rate, inclusive of occupancy costs, was 48.8% as compared to a gross margin rate of 50.8% for the first nine months of fiscal 2022. The decrease of 200-basis 135-basis points was due to a decrease shift in merchandise margins of 120-basis points and an 80-basis point increase in occupancy costs. Similar to the third quarter merchandise margin, the decrease was due to cost pressures on certain private-label merchandise, increased direct-to-consumer mix, favorable shipping costs and costs related to our a reduction in

loyalty program. The 80-basis point increase in occupancy costs was due to a combination of the deleveraging of sales expense and increased rents as a result of lease extensions, marketplace commissions.

For fiscal 2023, 2024, we expect gross margin rates to be approximately 180-basis 30- to 50-basis points lower than fiscal 2022, of which approximately half of this decrease being attributable 2023 and reflect some occupancy deleveraging due to the expected deleveraging of occupancy costs on the lower sales base, expectations.

#### *Selling, General and Administrative Expenses*

As a percentage of sales, SG&A (selling, general and administrative) expenses for the third first quarter of fiscal 2023 2024 were 40.2% 41.1% as compared to 37.3% 38.5% for the third first quarter of fiscal 2022. For the first nine months of fiscal 2023, SG&A expenses, as a percentage of sales, were 37.4% as compared to 35.9% for the first nine months of fiscal 2022.

2023. On a dollar basis, SG&A expenses decreased by \$0.4 million and \$0.8 million for the third first quarter and first nine months of fiscal 2023, respectively 2024 as compared to the third first quarter and first nine months of fiscal 2022, 2023. The decreases were decrease was primarily due to a decrease in store payroll and performance-based incentive accruals, partially offset by an increase in payroll-related advertising costs from new positions added in the past year and operating costs to support our long-range growth initiatives.

Marketing costs were 6.3% of sales for the first quarter of fiscal 2024 as compared to 5.5% of sales for the first quarter of fiscal 2023. For fiscal 2024, marketing costs are expected to be approximately 7.0%-7.5% of sales.

Management views SG&A expenses through two primary cost centers: Customer Facing Costs and Corporate Support Costs. Customer Facing Costs, which include store payroll, marketing and other store and direct operating costs, represented 21.0% 23.0% of sales in the first nine months quarter of fiscal 2023 2024 as compared to 20.4% 21.1% of sales in the first nine months quarter of fiscal 2022, 2023. Corporate Support Costs,

20

---

which include the distribution center and corporate overhead costs, represented 16.4% 18.1% of sales in the first nine months quarter of fiscal 2023 2024 as compared to 15.5% 17.4% of sales in the first nine months quarter of fiscal 2022. Marketing costs for the first nine months of fiscal 2023 were 5.6% of sales as compared to 5.5% of sales for the first nine months of fiscal 2022. For fiscal 2023, marketing costs are expected to be approximately 5.7% of sales.

#### *Impairment (Gain) of Assets*

There were no impairments or non-cash gains recognized in the first nine months of fiscal 2023. For the nine months ended October 29, 2022, we recognized a non-cash gain of \$0.6 million. The non-cash gain related to the decision to close certain retail stores, which resulted in a revaluation of the existing lease liabilities. The portion of the gain that related to previously recorded impairment charges against the operating lease right-of-use asset was included as an offset to previously recorded asset impairment charges. Accordingly, for the nine months ended October 29, 2022, \$0.4 million was included in the Impairment (Gain) of Assets line of the Consolidated Statement of Operations for the first nine months of fiscal 2022. The remaining gain was recorded as a reduction to occupancy costs.

22

---

#### *Depreciation and Amortization*

Depreciation and amortization for the third first quarter of fiscal 2023 2024 decreased to \$3.4 million \$3.3 million as compared to \$3.8 million \$3.5 million for the third first quarter of fiscal 2022. For the first nine months of fiscal 2023, depreciation and amortization decreased to \$10.3 million as

compared to \$11.7 million for the first nine months of fiscal 2022. The decrease was due to a lower depreciable cost base, especially from our store assets, due to our limited capital spending since fiscal 2020.

#### *Loss from Termination of Retirement Plans*

During the second quarter of fiscal 2023, Our capital expenditures have increased as we identified an opportunity have started to eliminate a variable liability by taking advantage of the current high-interest rate environment open new store locations and terminating the frozen pension plan are investing in certain other infrastructure and SERP.

In the second quarter of fiscal 2023, we completed a partial settlement of the pension obligation through the purchase of nonparticipating annuities. We made a cash contribution to the plan during the first nine months of fiscal 2023 of \$1.7 million. The remaining pension liability as of October 28, 2023, was approximately \$0.1 million. For the nine months ended October 28, 2023, we recognized a charge of \$4.2 million, representing a pro-rata portion of the unrealized loss that is part of accumulated other comprehensive loss on the balance sheet. We expect to settle the remaining obligation and recognize the remaining unrealized loss from the terminated pension plan by the end of fiscal 2023.

In the third quarter of fiscal 2023, we completed the termination of the SERP through the purchase of a nonparticipating annuity. We made a cash contribution to the SERP during the first nine months of fiscal 2023 of \$0.4 million and recognized a loss on the termination of \$0.1 million, which is included in the Consolidated Statement of Operations for the three and nine months ended October 28, 2023. technology projects.

#### *Interest Income/Expense, Income, Net*

Net interest income for the third first quarter of fiscal 2023 2024 was \$0.6 million, as compared to net interest expense of \$0.1 million \$0.3 million for the third first quarter of fiscal 2022. For the first nine months of fiscal 2023, net interest income was \$1.4 million as compared to net interest expense of \$0.4 million for the first nine months of fiscal 2022. For the third quarter and first nine months of fiscal 2023, interest 2023. Interest income was earned from investments in U.S. government-backed investments and money market accounts. Interest costs for all both periods were immaterial because we had no outstanding debt and no borrowings under our credit facility during any either period.

#### *Income Taxes*

As a result of releasing substantially all of the valuation allowance against our deferred tax assets during fiscal 2022, we have returned to a normal tax provision for fiscal 2023. Our tax provision for income taxes for interim periods is determined using an estimate of our annual effective tax rate, adjusted for discrete items, if any. Each quarter, we update our estimate of the annual effective tax rate and make a year-to-date adjustment to the provision.

Accordingly, for For the third first quarter and first nine months of fiscal 2024 and fiscal 2023, the Company's our effective tax rate was 30.2% 30.4% and 27.2% 26.6%, respectively.

For the third quarter of fiscal 2022, The increase in the effective tax rate was 16.6% and primarily reflected due to permanent book to tax differences combined with a \$2.0 million discrete tax expense lower pretax income as compared to adjust the release of valuation allowance. For the first nine months quarter of fiscal 2022, the Company recognized an income tax benefit of \$32.9 million, which included a discrete tax benefit of \$33.5 million for the release of the valuation allowance discussed above.

We are able to utilize our remaining NOL carryforwards to reduce our cash federal and state income taxes. We began the year with \$78.9 million in federal NOL carryforwards. 2023.

#### *Net Income*

For the third first quarter of fiscal 2023, 2024, we recorded net income of \$4.0 million \$3.8 million, or \$0.06 per diluted share, as compared to net income of \$10.5 million \$7.0 million, or \$0.16 per diluted share, for the third quarter of fiscal 2022. Net income for the first nine months of fiscal 2023 was \$22.6 million, or \$0.35 per diluted share, as compared to net income of \$80.8 million, or \$1.20 \$0.11 per diluted share, for the first nine months of fiscal 2022.

On a non-GAAP basis, assuming a normalized tax rate of 27% and adjusting for asset impairments (gains), if any, and for the loss on the termination of the retirement plans, adjusted net income for the third quarter of fiscal 2023 2023. The decrease in earnings was \$4.2 million, or

\$0.07 per diluted share, as compared to adjusted net income of \$9.2 million, or \$0.14 per diluted share for the third quarter of fiscal 2022. For the first nine months of fiscal 2023, adjusted net income decreased in sales, which was \$25.8 million, or \$0.40 per diluted share, as compared to adjusted net income of \$34.6 million, or \$0.52 per diluted share for the first nine months of fiscal 2022. partially offset by improvement in merchandise margin and lower selling, general and administrative expenses.

#### Inventory

As of **October 28, 2023** **May 4, 2024**, our inventory decreased by approximately **\$7.0 million** **\$9.0 million** to **\$99.9 million** **\$91.2 million**, as compared to **\$106.8 million** **\$100.3 million** at **October 29, 2022** **April 29, 2023**. Managing our inventory remains a primary focus for us given the impact that inflation appears We continue to have had on

23

---

consumer discretionary spending for clothing. Based on the sales trends we started to see in March 2023, we began taking proactive measures to manage our inventory and adjust our receipt plan given the ongoing macroeconomic factors affecting consumer spending. At **October 28, 2023** **May 4, 2024**, our clearance inventory was 9.7% of our total inventory, as compared to **6.7%** **7.8%** at **October 29, 2022** **April 29, 2023** and still below our historical benchmark of approximately 10.0%. Our inventory turnover rate has improved by almost 30% from fiscal 2019.

#### SEASONALITY

Historically, and consistent with the retail industry, we have experienced seasonal fluctuations as it relates to our operating income, net income, and free cash flow. Traditionally, a significant portion of our operating income, net income, and free cash flow is generated in the second and fourth quarters. Our inventory is typically at peak levels by the end of the third quarter, which represents a significant use of cash, which is then relieved in the fourth quarter as we sell-down our inventory through the holiday shopping season.

#### LIQUIDITY AND CAPITAL RESOURCES

Our primary sources of liquidity are our cash and cash equivalents, short-term investments, cash generated from operations and availability under our credit facility, which is discussed below. At **October 28, 2023** **May 4, 2024**, we had no outstanding debt, including no borrowings under our credit facility during the first **nine** **three** months of fiscal **2023** **2024**. Cash that is in excess of our forecasted needs may be invested in money market accounts and U.S. government-backed securities.

We believe that our cash and cash equivalent balances, short-term investments, cash generated from operations, and borrowings available to us under our credit facility will be adequate to meet our liquidity needs and capital expenditure requirements for at least the next 12 months. However, we remain cautious regarding the effect that the current macroeconomic conditions including inflation and high interest costs, may have on consumer spending, as well as including inflation, high interest costs, and other geopolitical conflicts around the continuing geopolitical impact of Russia's invasion of Ukraine and the Israel-Hamas war on our business and the global economy. We also believe that cash flows from operating activities and cash on hand will be sufficient to satisfy our current capital requirements. In the longer-term, however, longer term, to the extent future capital requirements exceed cash on hand plus cash flows from operating activities, we anticipate that working capital will be financed by our credit facility, as discussed below.

21

---

For the first **nine** **three** months of fiscal **2023** **2024**, cash flow from operations increased to **\$33.1 million** was **(\$1.1 million)** as compared to **\$30.2 million** **(\$4.2 million)** for the first **nine** **three** months of fiscal **2022** **2023**. Free cash flow, a non-GAAP measure, increased to **\$22.7 million** was **(\$7.0 million)** for the first **nine** **three** months of fiscal **2023** **2024** as compared to **\$22.3 million** **(\$5.9 million)** for the first **nine** **three** months of fiscal **2022** **2023**. The increase decrease in free cash flow was primarily due to a decrease an increase in merchandise purchases capital expenditures

primarily related to the store openings as we continue well as due to drive more productive inventory utilization, partially offset by a decrease in operating income.

Cash flow used for investing activities increased decreased by \$51.3 million \$7.7 million for the first nine three months of fiscal 2023 2024 as compared to the first nine three months of fiscal 2022, 2023, primarily due to the purchase of a net decrease in short-term investments, net of maturities, of \$48.9 million and investment activity, partially offset by an increase in capital expenditures of \$2.4 million.

Cash flow used for financing activities for the first nine months of fiscal 2023 increased by \$1.0 million as compared to the first nine months of fiscal 2022, primarily due to an increase in shares repurchased. expenditures.

#### Stock Repurchase Program

In March 2023, the Company's Board of Directors approved a stock repurchase program, which was subsequently amended in November 2023. Under the stock repurchase program, as amended, the Company was initially authorized to repurchase up to \$15.0 million \$25.0 million of its common stock through open market and privately negotiated transactions. Subsequent to the end of the third quarter, the Board of Directors approved an amendment to the stock repurchase program to increase the amount authorized for repurchase from \$15.0 million to \$25.0 million, effective November 17, 2023. The timing and the amount of any repurchases of common stock will be determined based on the Company's evaluation of market conditions and other factors. The stock repurchase program will expire on March 16, 2024, but may be suspended, terminated or modified at any time for any reason. The Company expects to finance any repurchases from cash generated from operations.

During the first nine months quarter of fiscal 2023, 2024, we repurchased 3.1 million 52,802 shares at a total cost, including fees, of \$14.9 million.

Shares of repurchased common \$211,182, completing the stock are held as treasury stock.

#### Credit Facility

On October 28, 2021, we entered into The Company has a \$125.0 million revolving credit agreement with Citizens Bank, N.A., with a maturity date of October 28, 2026. On April 20, 2023, the Company entered into the First Amendment to Credit Agreement which provided for the replacement of the London Interbank Offering Rate ("LIBOR") interest rate options with the secured overnight financing rate ("SOFR") based options (as amended, the (the "Credit Facility"). The Credit Facility includes a sublimit of \$20.0 million for commercial and standby letters of credit and a sublimit of up to \$15.0 million for swingline loans. Effective April 20, 2023, borrowings Borrowings under the Credit Facility bear interest at either a Base Rate loan or Daily Simple SOFR rate, at the Company's option. Base Rate loans will bear interest at a rate equal to (i) the greater of: (a) the Prime Rate, (b) the Federal Funds effective rate plus 0.50% per annum and (c) the Daily Simple SOFR rate plus 1.00% per annum (provided the Base Rate shall never be less than the Floor (as defined in the Credit Facility)), plus (ii) a varying percentage, based on the Company's average excess availability, of either 0.25% or 0.50% (the "Applicable Margin"). Daily Simple SOFR loans will bear interest at a rate equal to (i) the Daily Simple SOFR rate plus an adjustment of 0.10% (provided the Daily Simple SOFR rate shall never be less than the Floor), plus (ii) the Applicable Margin. Any swingline loan will continue to bear interest at a rate equal to the Base Rate plus the Applicable Margin. We are subject to an unused line fee of 0.25%.

We had no outstanding borrowings under the Credit Facility at October 28, 2023 May 4, 2024 and no borrowings during the first nine three months of fiscal 2023 2024. At October 28, 2023 May 4, 2024, outstanding standby letters of credit were \$4.3 million and outstanding documentary letters of credit were \$0.4 million \$1.5 million. The average unused excess availability during the first nine three months of fiscal 2023 2024 was approximately \$84.3 million \$71.8 million and the unused excess availability at October 28, 2023 May 4, 2024 was \$87.6 million \$79.2 million.

#### Capital Expenditures

For fiscal 2023, we expect our capital expenditures to range from \$15.5 million to \$17.5 million, of which approximately \$7.8 million is discretionary spending for new or improved stores with the remaining for non-discretionary, infrastructure improvements.

The following table sets forth the open stores and related square footage at **October 28, 2023** **May 4, 2024** and **October 29, 2022** **April 29, 2023**, respectively:

Store Concept (square footage in thousands)	October 28, 2023		October 29, 2022		May 4, 2024		April 29, 2023

Total Stores	282	1,899	283	1,901	284	1,920	281	1,892

During the **third** **first** quarter of fiscal **2023, 2024**, we opened a new DXL store in **Queens, New York** **Coon Rapids, Minnesota**. Subsequent to the end of the first quarter, we opened our second store in **Thousand Oaks, California** and expect to open **two** **six** additional **new** **DXL** stores with one in the **Cincinnati** market and one in the **Los Angeles** market by the end of fiscal **2023, 2024**. During the first nine months, fiscal **2024**, we completed the conversion of **seven** also plan to convert **five** Casual Male stores to the DXL store format and completed the remodel **five** of **one** our existing DXL store. By the end of stores. We expect our capital expenditures to range from \$22.0 million to \$25.0 million in fiscal **2023**, we expect to have opened a total of 3 new DXL stores and 10 Casual Male-to-DXL conversion stores and to have begun construction on at least 5 DXL remodels. **2024**. Over the next three to five years, we believe we could potentially open approximately 50 net new DXL stores across the country, which could average 6,000 square feet or 300,000 sq. ft. in total, a 15% increase over our current square footage.

## CRITICAL ACCOUNTING POLICIES AND ESTIMATES

There have been no material changes to the critical accounting policies and estimates disclosed in our Fiscal **2022** **2023** Annual Report. See Note 1 to the Consolidated Financial Statements included in this report for information on recent accounting pronouncements and changes in accounting principles.

### Non-GAAP Financial Measures

Free cash flow, **adjusted net income**, **adjusted net income per diluted share**, adjusted EBITDA and adjusted EBITDA margin are non-GAAP measures. These non-GAAP measures are not presented in accordance with GAAP and should not be considered superior to or as a substitute for net income or cash flows from operating activities or any other measure of performance derived in accordance with GAAP. In addition, all companies do not calculate non-GAAP financial measures in the same manner and, accordingly, the non-GAAP measures presented in this Quarterly Report may not be comparable to similar measures used by other companies. We believe that inclusion of these non-GAAP measures helps investors gain a better understanding of our performance, especially when

25

comparing such results to previous periods and that they are useful as an additional means for investors to evaluate our operating results, when reviewed in conjunction with our GAAP financial statements.

Reconciliations of these non-GAAP measures are presented in the following tables (certain columns may not foot due to rounding):

**Free Cash Flow.** We define free cash flow as cash flow from operating activities less capital expenditures. Free cash flow excludes the mandatory and discretionary repayment of debt. Free cash flow is a metric that management uses to monitor liquidity. Management believes this metric is important to investors because it demonstrates the Company's ability to strengthen liquidity while supporting its capital projects and new store growth. We expect to fund our ongoing capital expenditures with cash flow from operations.

The following table reconciles free cash flow:

(in millions)	For the nine months ended	
	October 28, 2023	October 29, 2022
Cash flow from operating activities (GAAP basis)	\$ 33.1	\$ 30.2
Capital expenditures	(10.4)	(7.9)
<b>Free Cash Flow (non-GAAP basis)</b>	<b>\$ 22.7</b>	<b>\$ 22.3</b>

**Adjusted Net Income and Adjusted Net Income Per Diluted Share:** Adjusted net income and adjusted net income per diluted share is calculated by excluding any asset impairment charge (gain) and the loss from the termination of retirement plans, subtracting the actual income tax provision (benefit) and applying an effective tax rate of 27%. The Company believes that this comparability is useful in comparing the actual results period to period. Adjusted net income per diluted share is then calculated by dividing the adjusted net income by the weighted average shares outstanding for the respective period, on a diluted basis.

<b>Free Cash Flow (non-GAAP basis)</b>	<b>\$ (7.0)</b>	<b>\$ (5.9)</b>

**Adjusted EBITDA and Adjusted EBITDA Margin.** Adjusted EBITDA is calculated as earnings before interest, taxes, depreciation and amortization and is before any loss from the termination impairment (gain) of retirement plans or impairment of assets. **assets, if any.** Adjusted EBITDA margin is calculated as Adjusted EBITDA divided by Sales. We believe that providing adjusted EBITDA and adjusted EBITDA margin is useful to investors in evaluating our performance and are key metrics to measure profitability and economic productivity. The following table reconciles adjusted EBITDA from net income and calculates adjusted EBITDA margin:

### Item 3. Quantitative and Qualitative Disclosures about Market Risk.

In the normal course of business, our financial position and results of operations are routinely subject to a variety of risks, including market risk associated with interest rate movements on borrowings. We regularly assess these risks and have established policies and business practices to protect against the adverse effects of these and other potential exposures.

There have not been any material changes to our interest rate previously disclosed in Part II, Item 7A of our Fiscal 2022 2023 Annual Report.

### Item 4. Controls and Procedures.

As required by Rule 13a-15 under the Exchange Act, our management, under the supervision and with the participation of our Chief Executive Officer and Chief Financial Officer, evaluated the effectiveness of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act) as of **October 28, 2023** **May 4, 2024**. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed by a company in the reports that it files or submits under the Exchange Act is accumulated and communicated to the company's management, including its principal executive and principal financial officers, as appropriate to allow timely decisions regarding required disclosure. Management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving their objectives and management necessarily applies its judgment in evaluating the cost-benefit relationship of possible controls and procedures. Based on this evaluation, our Chief Executive Officer and Chief Financial Officer concluded that, as of **October 28, 2023** **May 4, 2024**, our disclosure controls and procedures were effective.

Changes in Internal Control over Financial Reporting

We have not experienced any changes in our internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) during the three months ended **October 28, 2023** **May 4, 2024** that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

**PART II. OTHER INFORMATION**

**Item 1. Legal Proceedings.**

We are subject to various legal proceedings and claims that arise in the ordinary course of business. Management currently believes that the resolution of these matters will not have a material adverse impact on our future results of operations or financial position.

**Item 1A. Risk Factors.**

There have been no material changes to the risk factors as previously disclosed in Part I, Item 1A of our Fiscal **2022** **2023** Annual Report.

**Item 2. Unregistered Sales of Equity Securities and Use of Proceeds.**

On March 14, 2023, the Company's Board of Directors approved a stock repurchase program pursuant to which the Company was initially authorized to repurchase up to \$15.0 million of its common stock through open market and privately negotiated transactions. The **Initial** **authorization was completed during the third quarter of fiscal 2023. Subsequent to the end of the third quarter, on November 15, 2023, the Board of Directors approved an amendment to the stock repurchase program** **was amended on November 15, 2023** to increase the amount authorized under the program from \$15.0 million to \$25.0 million, **effective November 17, 2023**. The **timing and Company completed the amount of any repurchases**

of common stock will be determined based on the Company's evaluation of market conditions and other factors. The stock repurchase program will expire on March 16, 2024, but may be suspended, terminated or modified at any time for any reason, in the first quarter of fiscal 2024.

  - a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the

effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and

d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and

5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):

- All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
- Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
