These credit facilities had \$2.0 million and \$2.4 million in such costs as of June 30, 2024 and December 31, 2023, respectively.Senior Revolving Credit Facility: In February 2024, the Company amended its senior revolving credit facility to, among other things, reduce the availability under the facility from \$420 million to \$355 million and extend the maturity date to September 2025. Excluding the receivables held by the Company's VIEs, the senior revolving credit facility is secured by substantially all of the Company's finance receivables and equity interests of the majority of its subsidiaries. Advances on the senior revolving credit facility are capped at 83% of eligible finance receivables (73% of eligible finance receivables as of June 30, 2024). Borrowings under the facility bear interest, payable monthly, at rates equal to one-month SOFR with a floor of not less than 0.50%, plus a 3.00% margin and a benchmark adjustment. The effective interest rate was 8.43% at June 30, 2024. The Company pays an unused commitment fee between 0.50% and 1.00% based upon the average outstanding balance. As of June 30, 2024, the Company had \$133.7 million of immediate available liquidity to draw down cash under the facility and held \$4.3 million in unrestricted cash.Variable Interest Entity Debt: As part of its overall funding strategy, the Company has transferred certain finance receivables to affiliated VIEs for asset-backed financing transactions, including securitizations. The following debt arrangements are issued by the Company's SPEs, which are considered VIEs under GAAP and are consolidated into the financial statements of their primary beneficiary.These debts are supported by the expected cash flows from the underlying collateralized finance receivables. Collections on these finance receivables are remitted to restricted cash collection accounts, which totaled \$103.4 million and \$109.9 million as of June 30, 2024 and December 31, 2023, respectively. Cash inflows from the finance receivables are distributed to the lenders/investors, the service providers, and/or the residual interest that the Company owns in accordance with a monthly contractual priority of payments. The SPEs pay a servicing fee to the Company, which is eliminated in consolidation. Distributions from the SPEs to the Company are permitted under the debt arrangements.At each sale of receivables from the Company's affiliates to the SPEs, the Company makes certain representations and warranties about the quality and nature of the collateralized receivables. The debt arrangements require the Company to repurchase the receivables in certain circumstances, including circumstances in which the representations and warranties made by the Company concerning the quality and characteristics of the receivables are inaccurate. Assets transferred to each SPE are legally isolated from the Company and its affiliates, as well as the claims of the Company and its affiliates' creditors. Further, the assets of each SPE are owned by such SPE and are not available to satisfy the debts or other obligations of the Company or any of its affiliates.22 Table of ContentsThe following table presents the assets and liabilities of our consolidated VIEs: A Dollars in thousands A (Unaudited)June 30, 2024 A December 31, 2023 A Assets A A A Cash A \$ 380.4 A \$ 378.4 Net finance receivables A \$ 1,308,676.4 A \$ 1,278,568.4 Allowance for credit losses A (134,533.4) A (133,207.4) Restricted cash A \$ 118,031.4 A \$ 123,899.4 Other assets A \$ 2,967.4 A \$ 2,880.4 Total assets A \$ 1,295,521.4 A \$ 1,272,518.4 Liabilities A A A A Net debt A \$ 1,227,841.4 A \$ 1,200,380.4 Accounts payable and accrued expenses A \$ 33.4 A \$ 218.4 Total liabilities A \$ 1,227,874.4 A \$ 1,200,598.4 A RMR IV Revolving Warehouse Credit Facility: In April 2021, the Company and its SPE, RMR IV, entered into a credit agreement that provides for a \$125 million revolving warehouse credit facility to RMR IV. In April and May 2023, the Company and RMR IV amended and restated the credit agreement that provides for a revolving warehouse credit facility to (i) extend the amortizing loan conversion date from April 2023 to May 2025 and the termination date from April 2024 to May 2026; (ii) decrease the capped advances on the facility from 81% to 77% of eligible finance receivables; and (iii) increase the margin from 2.35% to 2.80%. RMR V Revolving Warehouse Credit Facility: In November 2022, the Company and its SPE, RMR V, amended and restated the credit agreement that provides for a \$100 million revolving warehouse credit facility to RMR V to extend the date at which the facility converts to an amortizing loan and the termination date to November 2024 and November 2025, respectively. The debt is secured by finance receivables and other related assets that the Company purchased from its affiliates, which the Company then sold and transferred to RMR V. Advances on the facility are capped at 80% of eligible finance receivables (80% of eligible finance receivables as of June 30, 2024).Borrowings under the facility bear interest, payable monthly, at a per annum rate, which in the case of a conduit lender is the commercial paper rate, plus a margin of 2.75%.  The Company excluded outstanding shares of common stock totaling 0.4 million and 0.6 million for the three months ended June 30, 2024 and 2023, respectively, and 0.4 million and 0.6 million for the six months ended June 30, 2024 and 2023, respectively, from the computation of diluted earnings per share because they were anti-dilutive. Note 10. Share-Based Compensation The Company previously adopted the 2007 Plan, the 2011 Plan, and the 2015 Plan (including re-approval as amended and restated in April 2017 and May 2021). On May 16, 2024, the stockholders of the Company approved the 2024 Plan. As of June 30, 2024, subject to adjustments as provided in the 2024 Plan, the maximum aggregate number of shares of the Company's common stock that could be issued under the 2024 Plan could not exceed the sum of (i) 381,000 shares plus (ii) any shares remaining available for the grant of awards as of May 16, 2024 under the 2015 Plan, plus (iii) any shares subject to an award granted under the 2015 Plan which award is forfeited, cash-settled, cancelled, terminated, expires, or lapses for any reason after May 16, 2024 without the issuance of shares or pursuant to which such shares are forfeited (subject to adjustment for anti-dilution purposes as provided in the 2024 Plan). Of the amount described in the preceding sentence, no more than 381,000 shares may be issued under the 2024 Plan pursuant to the grant of incentive stock options (subject to adjustment for anti-dilution purposes). As of May 16, 2024, there were 1.0 million shares available for grant under the 2024 Plan, inclusive of shares previously available for grant under the 2015 Plan that were rolled over to the 2024 Plan. No further grants will be made under the 2015 Plan. However, awards that are outstanding under the 2007 Plan, the 2011 Plan, and the 2015 Plan will continue in accordance with their respective terms. As of June 30, 2024, there were 0.5 million shares available for grant under the 2024 Plan. For the three months ended June 30, 2024 and 2023, the Company recorded share-based compensation expense of \$3.3 million and \$2.3 million, respectively. The Company recorded \$5.1 million and \$4.4 million in share-based compensation expense for the six months ended June 30, 2024 and 2023, respectively. As of June 30, 2024, unrecognized share-based compensation expense to be recognized over future periods approximated \$18.2 million. This amount will be recognized as expense over a weighted-average period of 1.9 years. Share-based compensation expenses are recognized on a straight-line basis over the requisite service period of the agreement. All share-based compensation is classified as equity awards. The Company allows for the settlement of share-based awards on a net share basis. With net share settlement, the employee does not surrender any cash or shares upon the exercise of stock options or the vesting of stock awards or stock units. Rather, the Company withholds the number of shares with a value equivalent to the option exercise price (for stock options) and the statutory tax withholding (for all share-based awards). Net share settlements have the effect of reducing the number of shares that would have otherwise been issued as a result of exercise or vesting. Long-term incentive program: The Company issues PRSUs, service-based RSUs, and RSAs to certain members of senior management under the Company's LTIP. Recurring annual grants are made at the discretion of the Board. The annual grants are subject to cliff- and graded-vesting, generally concluding at the end of the third calendar year and subject to continued employment or as otherwise provided in the underlying award agreements. Vested PRSUs are subject to an additional one-year holding period following the vesting date. The actual value of the PRSUs that may be earned can range from 0% to 150% of target based on positive or negative cumulative total shareholder return concluding at the end of the third calendar year. Prior to 2022, the Company issued NQSOs, performance-contingent RSUs, CSPUs, and RSAs to certain members of senior management under the LTIP. The CSPUs were cash incentive awards, and the associated expense was not based on the market price of the Company's common stock. These annual grants were subject to cliff- and graded-vesting, generally concluding at the end of 27 Table of Contents the third calendar year and subject to continued employment or as otherwise provided in the underlying award agreements. The actual value of the performance-contingent RSUs and CSPUs that could be earned ranged from 0% to 150% of target based on the percentile ranking of the Company's compound annual growth rate of pre-provision net income and pre-provision net income per share compared to a public company peer group over a three-year performance period. Key team member incentive program: The Company also has a KTIIP for certain other members of senior management. Recurring annual participation in the program is at the discretion of the Board and executive management. The annual grants are subject to graded-vesting, generally concluding at the end of the third calendar year and subject to continued employment or as otherwise provided in the underlying award agreements. Prior to 2024, the annual grant was subject to performance over a one-year period. Payout under the program ranged from 0% to 150% of target based on the achievement of five Company performance metrics and individual performance goals (subject to continued employment and certain other terms and conditions of the program). If earned, the RSA was issued following the one-year performance period and vested ratably over a subsequent two-year period (subject to continued employment or as otherwise provided in the underlying award agreement). Inducement and retention program: From time to time, the Company issues stock awards and other long-term incentive awards in conjunction with employment offers to select new employees and retention grants to select existing employees. The Company issues these awards to attract and retain talent and to provide market competitive compensation. The grants have various vesting terms, including fully-vested awards at the grant date, cliff-vesting, and graded-vesting over periods of up to five years (subject to continued employment or as otherwise provided in the underlying award agreements). Non-employee director compensation program: The Company awards its non-employee directors a cash retainer and shares of restricted common stock. The RSAs are granted on the fifth business day following the Company's annual meeting of stockholders and fully vest on the earlier of the first anniversary of the grant date or the completion of the directors' annual service to the Company (so long as the period between the date of the annual stockholders' meeting related to the grant date and the date of the next annual stockholders' meeting is not less than 50 weeks). The following are the terms and amounts of the awards issued under the Company's share-based incentive programs: Nonqualified stock options: The exercise price of all stock options is equal to the Company's closing stock price on the date of grant. Stock options are subject to various vesting terms, including graded- and cliff-vesting over periods of up to five years. In addition, stock options vest and become exercisable in full or in part under certain circumstances, including following the occurrence of a change of control (as defined in the option award agreements). Participants who are awarded options must exercise their options within a maximum of ten years of the grant date. performance and customer loyalty. Our goal is to consistently grow our finance receivables and to soundly manage our portfolio risk, while providing our customers with attractive and easy-to-understand loan products that serve their varied financial needs. Our products include: **Large Loans** (>\$2,500) As of June 30, 2024, we had 247.4 thousand large installment loans outstanding, representing \$1.3 billion in net finance receivables. This included 63.5 thousand large loan convenience checks, representing \$186.4 million in net finance receivables. **Small Loans** ($\leq$ \$2,500) As of June 30, 2024, we had 296.9 thousand small installment loans outstanding, representing \$505.6 million in net finance receivables. This included 156.7 thousand small loan convenience checks, representing \$236.9 million in net finance receivables. **Retail Loans** As of June 30, 2024, we had 1.6 thousand retail purchase loans outstanding, representing \$2.1 million in net finance receivables. **Optional Insurance Products** We offer optional payment and collateral protection insurance to our direct loan customers. Small and large installment loans are our core products and will be the drivers of future growth. We ceased accepting applications for our retail loan product offering in November 2022, to focus on growing our core loan portfolio. We continue to own and service our existing portfolio of retail loans. Our primary sources of revenue are interest and fee income from our loan products, of which interest and fees relating to small and large installment loans are the largest component. In addition to interest and fee income from loans, we derive revenue from optional insurance products purchased by customers of our direct loan products.

Outlook We continually assess the macroeconomic environment in which we operate in order to appropriately and timely adapt to current market conditions. Macroeconomic factors, including, but not limited to, inflationary pressures, higher interest rates, and impacts from current geopolitical events outside the U.S., may affect our business, liquidity, financial condition, and results of operations. As inflation accelerated and geopolitical stability began to deteriorate in the fourth quarter of 2021, we began to proactively tighten our credit models. Ongoing inflationary pressures, higher interest rates, and geopolitical events outside of the U.S. continue to create economic uncertainty. We have therefore continued to maintain tighter underwriting guidelines. More recently, due to moderating inflation and expectations for an improving economic environment, we have increased the growth in our higher-margin, small loan portfolio. We grew the small loan portfolio by \$61 million, or 14%, year-over-year. To balance the risk associated with the growth in our higher-margin small loan portfolio, we also continue to deploy a barbell strategy of originating larger amounts of high-quality, auto-secured loans. However, we continue to thoughtfully manage our growth and our portfolio in this economic environment. Our allowance for credit losses was 10.5% of net finance receivables as of June 30, 2024. Our contractual delinquency as a percentage of net finance receivables was 6.9% as of June 30, 2024, consistent with the prior-year period. Going forward, macroeconomic conditions may necessitate changes to the macroeconomic assumptions within our forecast and to our credit loss performance outlook, either of which could lead to further changes in our allowance for credit losses, reserve ratio, and provision for credit losses expense. We proactively diversified our funding over the past few years and continue to maintain a strong liquidity profile. As of June 30, 2024, we had \$149.4 million of available liquidity, comprised of unrestricted cash on hand and immediate availability to draw down cash from our revolving credit facilities. In addition, we had \$564.4 million of unused capacity on our revolving credit facilities (subject to the borrowing base) as of June 30, 2024. We believe our liquidity position provides substantial runway to support the fundamental operations of our business and to fund future growth. Factors Affecting Our Results of Operations Our business is impacted by several factors affecting our revenues, costs, and results of operations, including the following:

Quarterly Information and Seasonality. Our loan volume and contractual delinquency follow seasonal trends. Demand for our loans is typically highest during the second, third, and fourth quarters, which we believe is largely due to customers borrowing money for vacation, back-to-school, and holiday spending. Loan demand has generally been the lowest during the first quarter, which we believe is largely due to the timing of income tax refunds. Delinquencies generally reach their lowest point in the first half of the year and rise in the second half of the year. Changes in quarterly growth or liquidation could result in larger allowance for credit loss releases in periods of portfolio liquidation and larger provisions for credit losses in periods of portfolio growth. Consequently, we experience seasonal fluctuations in our operating results. However, changes in macroeconomic factors, including inflation, rising interest rates, and geopolitical conflict, have impacted our typical seasonal trends for loan volume and delinquency. Growth in Loan Portfolio. The revenue that we generate from interest and fees is largely driven by the balance of loans that we originate. Average net finance receivables were \$1.8 billion for the first six months of 2024 and \$1.7 billion for the prior-year period. We source our loans through our branches, centrally-managed direct mail program, digital partners, and our consumer website. The majority of our loans, regardless of origination channel, are serviced through our branches. Increasing the number of loans per branch and growing our state footprint allows us to increase the number of customers we are able to serve. We continue to assess our branch network for clear opportunities to add additional branches in new and existing states where it is favorable for us to conduct business or consolidate operations into larger branches within close geographic proximity. This branch optimization is consistent with our omni-channel strategy and builds upon our recent successes in entering new states with a lighter branch footprint, while still providing customers with best-in-class service. Product Mix. We are exposed to different credit risks and charge different interest rates and fees with respect to the various types of loans we offer. Our product mix also varies to some extent by state, and we may further diversify our product mix in the future. The interest rates and fees vary from state to state, depending on the competitive environment and relevant laws and regulations. Asset Quality and Allowance for Credit Losses. Our results of operations are highly dependent upon the credit quality of our loan portfolio. The credit quality of our loan portfolio is the result of our ability to enforce sound underwriting standards, maintain diligent servicing of the portfolio, and respond to changing economic conditions as we grow our loan portfolio.

Table of Contents

The primary underlying factors driving the provision for credit losses for each loan type are our underwriting standards, delinquency trends, the general economic conditions in the areas in which we conduct business, loan portfolio growth, and the effectiveness of our servicing and collection efforts. We monitor these factors, and the amount and past due status of all loans, to identify trends that might require us to modify the allowance for credit losses. Interest Rates. Our costs of funds are affected by changes in interest rates, as the interest rates that we pay on certain of our credit facilities are variable. As a component of our strategy to manage the interest rate risk associated with future interest payments on our variable-rate debt, a majority of our funding was held at a fixed rate as of June 30, 2024, representing 88% of our total debt. Operating Costs. Our financial results are impacted by the costs of operations and head office functions. Those costs are included in general and administrative expenses within our consolidated statements of comprehensive income. Components of Results of Operations Interest and Fee Income. Our interest and fee income consists primarily of interest earned on outstanding loans. Accrual of interest income on finance receivables is suspended when an account becomes 90 days delinquent. If the account is charged off, the accrued interest income is reversed as a reduction of interest and fee income. Most states allow certain fees in connection with lending activities, such as loan origination fees, acquisition fees, and maintenance fees. Some states allow for higher fees while keeping interest rates lower. Loan fees are additional charges to the customer and generally are included in the annual percentage rate shown in the Truth in Lending disclosure that we make to our customers. The fees may or may not be refundable to the customer in the event of an early payoff, depending on state law. Fees are recognized as income over the life of the loan on the constant yield method. Insurance Income, Net. Our insurance operations are a material part of our overall business and are integral to our lending activities. Insurance income, net consists primarily of earned premiums, net of certain direct costs, from the sale of various optional payment and collateral protection insurance products offered to customers who obtain loans directly from us. Insurance income, net also includes the earned premiums and direct costs associated with the non-file insurance that we purchase to protect us from credit losses where, following an event of default, we are unable to take possession of personal property collateral because our security interest is not perfected. We do not sell insurance to non-borrowers. Direct costs included in insurance income, net are claims paid, claims reserves, ceding fees, and premium taxes paid. We do not allocate to insurance income, net, any other head office or branch administrative costs associated with management of insurance operations, management of our captive insurance company, marketing and selling insurance products, legal and compliance review, or internal audits. As reinsurer, we maintain restricted reserves comprised of restricted cash and restricted available-for-sale investments for life insurance claims in an amount determined by the unaffiliated insurance company. As of June 30, 2024, the restricted reserves consisted of \$21.8 million of unearned premium reserves and \$1.2 million of unpaid claims reserves. The unaffiliated insurance company maintains the reserves for non-life claims. Other Income. Our other income consists primarily of late charges assessed on customers who fail to make a payment within a specified number of days following the due date of the payment. In addition, interest income from restricted cash, commissions earned from the sale of an auto club product, and investment income from restricted available-for-sale securities are included in other income. Provision for Credit Losses. Provisions for credit losses are charged to income in amounts that we estimate as sufficient to maintain an allowance for credit losses at an adequate level to provide for lifetime expected credit losses on the related finance receivable portfolio. Credit loss experience, current conditions, reasonable and supportable economic forecasts, delinquency of finance receivables, loan portfolio growth, the value of underlying collateral, and management's judgment are factors used in assessing the overall adequacy of the allowance and the resulting provision for credit losses. Substantial adjustments to the allowance may be necessary if there are significant changes in forecasted economic conditions or loan portfolio performance. General and Administrative Expenses. Our financial results are impacted by the costs of operations and head office functions. Those costs are included in general and administrative expenses within our consolidated statements of comprehensive income. Our general and administrative expenses are comprised of four categories: personnel, occupancy, marketing, and other. We measure our general and administrative expenses as a percentage of average net finance receivables, which we refer to as our operating expense ratio.

Table of Contents

Our personnel expenses are the largest component of our general and administrative expenses and consist primarily of the salaries and wages, overtime, contract labor, relocation costs, incentives, benefits, and related payroll taxes associated with all of our operations and head office employees. Our occupancy expenses consist primarily of the cost of renting our facilities, all of which are leased, and the utility, depreciation of leasehold improvements and furniture and fixtures, communication services, data processing, and other non-personnel costs associated with operating our business. Our marketing expenses consist primarily of costs associated with our direct mail campaigns (including postage and costs associated with selecting recipients), digital marketing, maintaining our consumer website, and local marketing by branches. These costs are expensed as incurred. Other expenses consist primarily of legal, compliance, audit, and consulting costs, as well as software maintenance and support, non-employee director compensation, electronic payment processing costs, bank service charges, office supplies, credit bureau charges, and the amortization of software, software licenses, and implementation costs. We frequently experience fluctuations in other expenses as we grow our loan portfolio and expand our market footprint. For a discussion regarding how risks and uncertainties associated with the current regulatory environment may impact our future expenses, net income, and overall financial condition, see Part II, Item 1A, **Risk Factors**.

Interest Expense. Our interest expense consists primarily of paid and accrued interest for debt, unused line fees, and amortization of debt issuance costs on debt. Income Taxes. Income taxes consist of state and federal income taxes. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to temporary differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The change in deferred tax assets and liabilities is recognized in the period in which the change occurs, and the effects of future tax rate changes are recognized in the period in which the enactment of new rates occurs. marketing and growth of receivables in branches opened during 2023 and 2024, partially offset by credit tightening for disciplined growth and the transition of small loan customers to large loans. Retail loans outstanding decreased \$4.2 million, or 67.2%, to \$2.1 million at June 30, 2024, from \$6.3 million at June 30, 2023. We ceased accepting applications for our retail loan product offering as of November 2022 to focus on growing our core loan portfolio. Net income increased \$2.4 million, or 40.2%, to \$8.4 million during the three months ended June 30, 2024, from \$6.0 million during the prior-year period. The increase was due to an increase in revenue of \$9.5 million, partially offset by an increase in general and administrative expenses of \$3.2 million, an increase in interest expense of \$1.6 million, an increase in provision for credit losses of \$1.3 million, and an increase in income taxes of \$1.0 million. Revenue. Total revenue increased \$9.5 million, or 7.1%, to \$143.0 million during the three months ended June 30, 2024, from \$133.5 million during the prior-year period. The components of revenue are explained in greater detail below. Interest and Fee Income. Interest and fee income increased \$9.8 million, or 8.3%, to \$127.9 million during the three months ended June 30, 2024, from \$118.1 million during the prior-year period. The increase was primarily due to a 4.5% increase in average net finance receivables and a 1.1% increase in annualized average yield. The increase in yield was due to price increases and product mix to higher-rate small loan business. The following table sets forth the average net finance receivables balance and average yield for our loan products: Average Net Finance Receivables for the Three Months Ended Average Yields for the Three Months Ended (1) Dollars in thousands 2Q 24 2Q 23 YoY %Inc (Dec) 2Q 24 2Q 23 YoY %Inc (Dec) Large loans \$ 1,255,729 \$ 1,223,339 \$ 32,390 \$ 2.6 % \$ 26.0 % \$ 0.1 % Small loans \$ 490,615 \$ 443,601 \$ 47,014 \$ 10.6 % \$ 37.3 % \$ 2.8 % Retail loans \$ 2,433 \$ 7,191 \$ (4,758) \$ (66.2) % \$ 16.6 % \$ 16.6 % Total interest and fee yield \$ 1,748,777 \$ 1,674,131 \$ 74,646 \$ 4.5 % \$ 29.3 % Annualized interest and fee income as a percentage of average net finance receivables. 37 Table of Contents Total originations increased to \$426.1 million during the three months ended June 30, 2024, from \$399.0 million during the prior-year period. Quarterly origination volume was higher than the prior-year period primarily due to an increase in small loan convenience checks. During both the three months ended June 30, 2024 and the prior-year period, personal property insurance premiums represented the largest component of aggregate earned insurance premiums, and life insurance claims expense represented the largest component of direct insurance expenses. The following table summarizes the components of insurance income, net: Insurance Premiums and Direct Expenses for the Three Months Ended Dollars in thousands 2Q 24 2Q 23 YoY \$(B)(W) YoY %\$(B)(W) Earned premiums \$ 13,901 \$ 14,746 \$ (845) \$ (5.7) % Claims, reserves, and certain direct expenses \$ (3,394) \$ (3,543) \$ 149 \$ 4.2 % Insurance income, net \$ 10,507 \$ 11,203 \$ (696) \$ (6.2) % Earned premiums decreased by \$0.8 million, and claims, reserves, and certain direct expenses decreased by \$0.1 million compared to the prior-year period. The decrease in earned premiums was primarily due to our strategic shifts in product and geographic mix which resulted in fewer active policies. The decrease in claims, reserves, and certain direct expenses was primarily due to a decrease in claims expense. Other Income. Other income increased \$0.4 million, or 10.1%, to \$4.6 million during the three months ended June 30, 2024, from \$4.2 million during the prior-year period, primarily due to higher late charges of \$0.2 million associated with portfolio growth and an increase in sales of our auto club product of \$0.1 million. Provision for Credit Losses. Our provision for credit losses increased \$1.3 million, or 2.4%, to \$53.8 million during the three months ended June 30, 2024, from \$52.6 million during the prior-year period. The increase was due to a change in provision expense of \$0.7 million and an increase in net credit losses of \$0.6 million, in each case compared to the prior-year period. The increase in the provision for credit losses is explained in greater detail below. Allowance for Credit Losses. We evaluate delinquency and losses in each of our loan products in establishing the allowance for credit losses. During the three months ended June 30, 2024, and the prior-year period, the allowance for credit losses included releases of \$1.7 million and \$2.4 million, respectively. The allowance for credit losses as a percentage of finance receivables decreased to 10.5% as of June 30, 2024, from 10.7% as of the prior-year period due to changes in estimated future macroeconomic impacts on credit losses, partially offset by portfolio growth. Net Credit Losses. Net credit losses increased \$0.6 million, or 1.0%, to \$55.5 million during the three months ended June 30, 2024, from \$55.0 million during the prior-year period. The increase was primarily due to higher average net finance receivables. Annualized net credit losses as a percentage of average net finance receivables were 12.7% during the three months ended June 30, 2024, compared to 13.1% during the prior-year period. Delinquency Performance. Our contractual delinquency as a percentage of net finance receivables remained consistent at 6.9% as of both June 30, 2024 and the prior-year period. The following tables include delinquency balances by aging category and by product: Contractual Delinquency by Aging Dollars in thousands 2Q 24 2Q 23 Current \$ 1,497,219 \$ 1,433,787 \$ 63,432 \$ 4.4 % \$ 4.4 % 1 to 29 days past due \$ 153,788 \$ 153,788 \$ 0 \$ 0.0 % \$ 0.0 % 30 to 59 days past due \$ 34,924 \$ 34,924 \$ 0 \$ 0.0 % \$ 0.0 % 60 to 89 days past due \$ 27,689 \$ 27,689 \$ 0 \$ 0.0 % \$ 0.0 % 90 to 119 days past due \$ 21,607 \$ 21,607 \$ 0 \$ 0.0 % \$ 0.0 % 120 to 149 days past due \$ 19,333 \$ 19,333 \$ 0 \$ 0.0 % \$ 0.0 % 150 to 179 days past due \$ 19,183 \$ 19,183 \$ 0 \$ 0.0 % \$ 0.0 % Total contractual delinquency \$ 122,736 \$ 122,736 \$ 0 \$ 0.0 % \$ 0.0 % Total net finance receivables \$ 1,773,743 \$ 1,688,937 \$ 84,806 \$ 5.0 % \$ 5.0 % Contractual Delinquency by Product Dollars in thousands 2Q 24 2Q 23 Large loans \$ 76,432 \$ 76,432 \$ 0 \$ 0.0 % \$ 0.0 % Small loans \$ 46,015 \$ 46,015 \$ 0 \$ 0.0 % \$ 0.0 % Retail loans \$ 289 \$ 289 \$ 0 \$ 0.0 % \$ 0.0 % Total contractual delinquency \$ 122,736 \$ 122,736 \$ 0 \$ 0.0 % \$ 0.0 % General and Administrative Expenses. Our general and administrative expenses increased \$3.2 million, or 5.7%, to \$60.1 million during the three months ended June 30, 2024, from \$56.9 million during the prior-year period. The absolute dollar increase in general and administrative expenses is explained in greater detail below. Personnel. The largest component of general and administrative expenses was personnel expense, which increased \$0.7 million, or 1.9%, to \$37.1 million during the three months ended June 30, 2024, from \$36.4 million during the prior-year period. The increase was driven by higher incentive costs of \$1.1 million. This increase was partially offset by higher capitalized loan origination costs, which reduce personnel expenses, of \$0.5 million compared to the prior-year period. Occupancy. Occupancy expenses were \$6.1 million during the three months ended June 30, 2024, comparable to \$6.2 million during the prior-year period. Marketing. Marketing expenses increased \$1.0 million, or 25.8%, to \$4.8 million during the three months ended June 30, 2024, from \$3.8 million during the prior-year period due to increased activity in our direct mail campaigns to support growth. Other Expenses. Other expenses increased \$1.6 million, or 15.1%, to \$12.1 million during the three months ended June 30, 2024, from \$10.5 million during the prior-year period. The prior-year period included insurance settlement proceeds of \$1.0 million which reduced other expenses. The remaining increase was primarily due to investment in digital and technological capabilities of \$0.4 million and collections expense of \$0.3 million compared to the prior-year period. Operating Expense Ratio. Our annualized operating expense ratio increased by 0.2% to 13.8% during the three months ended June 30, 2024, from 13.6% during the prior-year period. The prior-year period included insurance settlement proceeds of \$1.0 million, which decreased the ratio by 0.2%. Interest Expense. Interest expense increased \$1.6 million, or 10.1%, to \$17.9 million during the three months ended June 30, 2024, from \$16.2 million during the prior-year period. The increase was primarily due to an increase in our average cost of debt as well as an increase in the average balance of our debt facilities. An increase in variable rate funding costs increased our annualized average cost of debt 0.35% to 5.25% during the three months ended June 30, 2024, from 4.90% as of the prior-year period. The 39 Table of Contents average balance of our debt facilities increased to \$1.4 billion during the three months ended June 30, 2024, from \$1.3 billion during the prior-year period. Income Taxes. Income taxes increased \$1.0 million, or 55.1%, to \$2.8 million during the three months ended June 30, 2024, from \$1.8 million during the prior-year period. The increase was primarily due to a \$3.4 million increase in income before income taxes compared to the prior-year period. Our effective tax rates were 24.7% and 22.9% for the three months ended June 30, 2024 and the prior-year period, respectively. The increase in the effective tax rate was primarily related to a favorable state earnings mix in the prior-year period. Comparison of the Six Months Ended June 30, 2024, Versus the Six Months Ended June 30, 2023 Net Income. Net income increased \$8.9 million, or 60.8%, to \$23.7 million during the six months ended June 30, 2024, from \$14.7 million during the prior-year period. The increase was due to an increase in revenue of \$18.5 million, partially offset by an increase in general and administrative expenses of \$4.4 million, an increase in income taxes of \$2.8 million and an increase in interest expense of \$2.4 million. Revenue. Total revenue increased \$18.5 million, or 6.9%, to \$287.3 million during the six months ended June 30, 2024, from \$268.9 million during the prior-year period. The components of revenue are explained in greater detail below. Interest and Fee Income. Interest and fee income increased \$18.2 million, or 7.6%, to \$256.7 million during the six months ended June 30, 2024, from \$238.5 million during the prior-year period. The increase was primarily due to a 4.2% increase in average net finance receivables and a 1.0% increase in annualized average yield. The increase in yield was due to price increases and product mix to higher-rate small loan business. The six months ended June 30, 2024 and June 30, 2023 included reductions in revenue reversals of an estimated \$1.7 million and \$1.9 million attributable to the loan sales that occurred during the fourth quarters of 2023 and 2022, respectively. Other income increased \$0.9 million, or 11.3%, to \$9.1 million during the six months ended June 30, 2024, from \$8.2 million during the prior-year period, primarily due to higher late charges of \$0.4 million associated with portfolio growth, higher interest income of \$0.2 million from cash reserves, and an increase in sales of our auto club product of \$0.1 million. Provision for Credit Losses. Our provision for credit losses remained consistent at \$100.2 million during the six months ended June 30, 2024, from the prior-year period. Net credit losses increased \$4.6 million, offset by a decrease of \$4.6 million in the allowance for credit losses, in each case compared to the prior-year period. The provision for credit losses is explained in greater detail below. Allowance for Credit Losses. We evaluate delinquency and losses in each of our loan products in establishing the allowance for credit losses. During the six months ended June 30, 2024, and the prior-year period, the allowance for credit losses included a release of \$2.0 million and a build of \$2.6 million, respectively. The allowance for credit losses as a percentage of finance receivables decreased to 10.5% as of June 30, 2024, from 10.7% as of the prior-year period. The decrease was primarily due to changes in estimated future macroeconomic impacts on credit losses, partially offset by portfolio growth. Net Credit Losses. Net credit losses increased \$4.6 million, or 4.7%, to \$102.2 million during the six months ended June 30, 2024, from \$97.6 million during the prior-year period. The increase was primarily due to higher average net finance receivables. Annualized net credit losses as a percentage of average net finance receivables were 11.7% during the six months ended June 30, 2024, compared to 11.6% during the prior-year period. Our net credit loss ratios during the six months ended June 30, 2024 and June 30, 2023 were inclusive of estimated 130 basis point and 140 basis point benefits from accelerated charge-offs in each of the fourth quarters of 2023 and 2022, respectively, attributable to the loan sales. Delinquency Performance. Our contractual delinquency as a percentage of net finance receivables remained consistent at 6.9% as of both June 30, 2024 and the prior-year period. 41 Table of Contents A General and Administrative Expenses. Our general and administrative expenses increased \$4.4 million, or 3.8%, to \$120.6 million during the six months ended June 30, 2024, from \$116.2 million during the prior-year period. The absolute dollar increase in general and administrative expenses is explained in greater detail below. Personnel. The largest component of general and administrative expenses was personnel expense, which decreased \$0.1 million, or 0.1%, to \$74.9 million during the six months ended June 30, 2024, from \$75.0 million during the prior-year period. The decrease was primarily due to higher capitalized loan origination costs, which reduce personnel expenses, of \$0.9 million, and lower incentives of \$0.2 million, compared to the prior-year period. These decreases were partially offset by increased labor expenses of \$0.9 million. Occupancy. Occupancy expenses were \$12.5 million during the six months ended June 30, 2024, comparable to \$12.4 million during the prior-year period. Marketing. Marketing expenses increased \$1.9 million, or 26.7%, to \$9.2 million during the six months ended June 30, 2024, from \$7.2 million during the prior-year period. The increase was primarily due to increased activity in our direct mail campaigns to support growth. Other Expenses. Other expenses increased \$2.5 million, or 11.4%, to \$24.0 million during the six months ended June 30, 2024, from \$21.5 million during the prior-year period. The prior-year period included insurance settlement proceeds of \$1.0 million which reduced other expenses. The remaining increase was primarily due to our investment in digital and technological capabilities of \$0.7 million, compared to the prior-year period. Additionally, we often experience increases in other expenses including legal expenses, collections expense, bank fees, and certain professional expenses as we grow our loan portfolio and expand our market footprint. Operating Expense Ratio. Our annualized operating expense ratio remained consistent at 13.8% during the six months ended June 30, 2024 and the prior-year period. Interest Expense. Interest expense increased \$2.4 million, or 7.2%, to \$35.4 million during the six months ended June 30, 2024, compared to \$33.0 million during the prior-year period. The increase was primarily due to an increase in our average cost of debt as well as an increase in the average balance of our debt facilities. The annualized average cost of debt increased 0.19% to 5.17% during the six months ended June 30, 2024, from 4.98% as of the prior-year period. The average balance of our debt facilities increased to \$1.4 billion during the six months ended June 30, 2024, from \$1.3 billion during the prior-year period. Income Taxes. Income taxes increased \$2.8 million, or 59.5%, to \$7.5 million during the six months ended June 30, 2024, from \$4.7 million during the prior-year period. The increase was primarily due to a \$11.7 million increase in income before income taxes compared to the prior-year period. Our effective

tax rates were 24.1% and 24.2% for the six months ended June 30, 2024 and the prior-year period, respectively. Liquidity and Capital Resources Our primary cash needs relate to the funding of our lending activities and, to a lesser extent, expenditures relating to improving our technology infrastructure and expanding and maintaining our branch locations. We have historically financed, and plan to continue to finance, our short-term and long-term operating liquidity and capital needs through a combination of cash flows from operations and borrowings under our debt facilities, including our senior revolving credit facility, revolving warehouse credit facilities, and asset-backed securitization transactions, all of which are described below. We continue to seek ways to diversify our funding sources. As of June 30, 2024, we had a funded debt-to-equity ratio (debt divided by total stockholders’ equity) of 4.0 to 1.0 and a stockholders’ equity ratio (total stockholders’ equity as a percentage of total assets) of 19.3%. Cash and cash equivalents decreased to \$4.3 million as of June 30, 2024, from \$4.5 million as of the prior year-end. We had immediate availability to draw down cash from our revolving credit facilities of \$145.1 million and \$108.1 million as of June 30, 2024 and the prior year-end, respectively. Our unused capacity on our revolving credit facilities (subject to the borrowing base) was \$564.4 million and \$551.5 million as of June 30, 2024, and the prior year-end, respectively. Our total debt was \$1.4 billion as of both June 30, 2024, and the prior year-end, respectively. Based upon anticipated cash flows, we believe that cash flows from operations and our various financing alternatives will provide sufficient financing for debt maturities and operations over the next twelve months, as well as into the future. 42 Table of Contents From time to time, we have extended the maturity date of and increased the borrowing limits under our senior revolving credit facility. While we have successfully obtained such extensions and increases in the past, there can be no assurance that we will be able to do so if and when needed in the future. In addition, the revolving period maturities of our securitizations and warehouse credit facilities (each as described below within Financing Arrangements and Restricted Cash Reserve Accounts) range from October 2024 to May 2027. As of June 30, 2024, we did not exercise our right to redeem the notes of our RMIT 2020-1 and RMIT 2021-1 securitizations, for which the revolving periods ended in September 2023 and February 2024, respectively. There can be no assurance that we will be able to secure an extension of the warehouse credit facilities or close additional securitization transactions if and when needed in the future. Dividends. See Note 12, Subsequent Events of the Notes to Consolidated Financial Statements in Part I, Item 1, Financial Statements, for information regarding our cash dividend following the end of the quarter. While we intend to pay our quarterly dividend for the foreseeable future, all subsequent dividends will be reviewed and declared at the discretion of the Board and will depend on many factors, including our financial condition, earnings, cash flows, capital requirements, level of indebtedness, statutory and contractual restrictions applicable to the payment of dividends, and other considerations that the Board deems relevant. Our dividend payments may change from time to time, and the Board may choose not to continue to declare dividends in the future. Cash Flow. Operating Activities. Net cash provided by operating activities during the six months ended June 30, 2024 was \$130.0 million, compared to \$114.7 million during the prior-year period, a net increase of \$15.2 million. The increase in net cash provided was primarily due to the growth of our loan portfolio. Investing Activities. Investing activities consist of originations and repayments of finance receivables, purchases of intangible assets, and purchases of property and equipment for new and existing branches. Net cash used in investing activities during the six months ended June 30, 2024 was \$84.6 million, compared to \$84.8 million during the prior-year period, a net decrease in cash used of \$0.2 million. The decrease in net cash used was primarily driven by increased repayments of finance receivables and proceeds from maturities of restricted available-for-sale investments, partially offset by increased originations as we grow our loan portfolio. Financing Activities. Financing activities consist of borrowings and payments on our outstanding indebtedness. Net cash used in financing activities during the six months ended June 30, 2024 was \$30.9 million, compared to \$20.3 million during the prior-year period, a net increase in cash used of \$10.6 million. The net increase in cash used was primarily due to an increase in the net payments on debt instruments of \$10.6 million. Financing Arrangements and Restricted Cash Reserve Accounts. As of June 30, 2024, we had five credit facilities outstanding and, from time to time, engaged in the private offering and sale of asset-backed notes. As part of our overall funding strategy, we have transferred certain finance receivables to affiliated VIEs for asset-backed financing transactions. Our debt arrangements described below, other than our senior revolving credit facility, are issued by each of our RMR and RMIT SPEs, which are considered VIEs under GAAP. These debts are supported by the expected cash flows from the underlying collateralized finance receivables. Collections on these finance receivables are remitted to restricted cash collection accounts, which totaled \$103.4 million and \$109.9 million as of June 30, 2024 and December 31, 2023, respectively. Our debt arrangements also contain various debt covenants. We were in compliance with all such debt covenants as of June 30, 2024. 43 Table of Contents Revolving Credit Facilities. RMC Reinsurance. Our wholly owned subsidiary, RMC Reinsurance, Ltd., is required to maintain reserves against life insurance policies ceded to it, as determined by the ceding company. These reserves are comprised of restricted cash and restricted available-for-sale investments, which totaled \$20.9 million and \$2.2 million, respectively, as of June 30, 2024. Critical Accounting Policies and Estimates Management’s discussion and analysis of financial condition and results of operations is based upon our consolidated financial statements, which have been prepared in accordance with GAAP and conform to general practices within the consumer finance industry. The preparation of these financial statements requires estimates and assumptions that affect the reported amounts of assets and liabilities, revenues and expenses, and disclosure of contingent assets and liabilities for the periods indicated in the financial statements. Management bases estimates on historical experience and other assumptions it believes to be reasonable under the circumstances and evaluates these estimates on an ongoing basis. Actual results may differ from these estimates under different assumptions or conditions. Allowance for Credit Losses. The allowance for credit losses is based on historical credit experience, current conditions, and reasonable and supportable economic forecasts. The historical loss experience is adjusted for quantitative and qualitative factors that are not fully reflected in the historical data. In determining our estimate of expected credit losses, we evaluate information related to credit metrics, changes in our lending strategies and underwriting practices, and the current and forecasted direction of the economic and business environment. These metrics include, but are not limited to, loan portfolio mix and growth, unemployment, credit loss trends, delinquency trends, changes in underwriting, and operational risks. We selected a PD / LGD model to estimate our base allowance for credit losses, in which the estimated loss is equal to the product of PD and LGD. Historical net finance receivables are tracked over the term of the pools to identify the incidences of loss (PDs) and the average severity of losses (LGDs). To enhance the precision of the allowance for credit loss estimate, we evaluate our finance receivable portfolio on a pool basis and segment each pool of finance receivables with similar credit risk characteristics. As part of our evaluation, we consider loan portfolio characteristics such as product type, loan size, loan term, internal or external credit scores, delinquency status, geographical location, and vintage. Based on analysis of historical loss experience, we selected the following segmentation: product type, FICO score, and delinquency status. As finance receivables are originated, provisions for credit losses are recorded in amounts sufficient to maintain an allowance for credit losses at an adequate level to provide for estimated losses over the contractual life of the finance receivables (considering 44 Table of Contents the effect of prepayments). Subsequent changes to the contractual terms that are a result of re-underwriting are not included in the finance receivable’s contractual life (considering the effect of prepayments). We use our segmentation loss experience to forecast expected credit losses. Historical information about losses generally provides a basis for the estimate of expected credit losses. We also consider the need to adjust historical information to reflect the extent to which current conditions differ from the conditions that existed for the period over which historical information was evaluated. These adjustments to historical loss information may be qualitative or quantitative in nature. Macroeconomic forecasts are required for our allowance for credit loss model and require significant judgment and estimation uncertainty. We consider key economic factors, most notably unemployment rates, to incorporate into our estimate of the allowance for credit losses. We engaged a major rating service provider to assist with compiling a reasonable and supportable forecast which we use to support the adjustments of our historical loss experience. Due to the judgment and uncertainty in estimating the expected credit losses, we may experience changes to the macroeconomic assumptions within our forecast, as well as changes to our credit loss performance outlook, both of which could lead to further changes in our allowance for credit losses, allowance as a percentage of net finance receivables, and provision for credit losses. Potential macroeconomic changes have created conditions that increase the level of uncertainty associated with our estimate of the amount and timing of future credit losses from our loan portfolio. Macroeconomic Sensitivity. To demonstrate the sensitivity of forecasting macroeconomic conditions, we stressed our macroeconomic model with 10% increased weighting towards slower near-term growth that would have increased our reserves as of June 30, 2024 by \$1.5 million. The macroeconomic scenarios are highly influenced by timing, severity, and duration of changes in the underlying economic factors. This makes it difficult to estimate how potential changes in economic factors affect the estimated credit losses. Therefore, this hypothetical analysis is not intended to represent our expectation of changes in our estimate of expected credit losses due to a change in the macroeconomic environment, nor does it consider management’s judgment of other quantitative and qualitative information which could increase or decrease the estimate. Regulatory Developments. On March 7, 2023, the CFPB provided us with the Notice seeking to establish supervisory authority over us pursuant to section 1024(a)(1)(C) of the Consumer Financial Protection Act of 2010. Under that provision, the CFPB may establish supervisory authority over any non-bank covered person that it has reasonable cause to determine is engaging, or has engaged, in conduct that poses risks to consumers with regard to the offering or provision of consumer financial products or services. We responded to the Notice by voluntarily consenting to the CFPB’s supervisory authority and entering into the Consent Agreement dated January 4, 2024. Pursuant to the Consent Agreement and related CFPB order, the CFPB will have supervisory authority over us for a period of two years ending January 8, 2026. The Consent Agreement does not constitute an admission by us that we are a nonbank covered person who is engaging, or has engaged, in conduct that poses risks to consumers with regard to the offering or provision of consumer financial products or services. See Government Regulation in Part I, Item 1 Business and Risks Related to Regulation and Legal Proceedings in Part I, Item 1A Risk Factors in our Annual Report on Form 10-K for the fiscal year ended December 31, 2023 for a further discussion of the regulation and regulatory risks to which we are subject. On March 6, 2024, the SEC adopted a final rule to require registrants to disclose certain climate-related information in their registration statements and annual reports. On April 4, 2024, the SEC issued an order staying the effectiveness of the final rule pending completion of the judicial review of consolidated challenges to the rule by the U.S. Court of Appeals for the Eighth Circuit. We will continue to monitor the outcome of this judicial review. 45 Table of Contents ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK. Interest Rate Risk Interest rate risk arises from the possibility that changes in interest rates will affect our results of operations and financial condition. We originate finance receivables either at prevailing market rates or at statutory limits. Our finance receivables are structured on a fixed-rate, fixed-term basis. Accordingly, subject to statutory limits, our ability to react to changes in prevailing market rates is dependent upon the speed at which our customers pay off or renew loans in our existing loan portfolio, which allows us to originate new loans at prevailing market rates. Because our large loans have longer maturities than our small loans and typically renew at a slower rate than our small loans, our reaction time to changes may be affected as our large loans change as a percentage of our portfolio. We also are exposed to changes in interest rates as a result of certain borrowing activities. As of June 30, 2024, the interest rates on 87.9% of our debt (the securitizations) were fixed. We maintain liquidity and fund our business operations in part through variable-rate borrowings under a senior revolving credit facility and multiple revolving warehouse credit facilities. As of June 30, 2024, the balances and key terms of the credit facilities were as follows: Revolving Credit Facility A Balance (in thousands) A Interest Payment Frequency A Rate Type A Floor A Margin A Effective Interest Rate A Senior A \$ 145,701 A Monthly A 1-month SOFR A 0.50 % A 3.00 % A 8.43 % RMR IV Warehouse A \$ 10 A Monthly A 1-month SOFR A 8 % A 2.80 % A 8.23 % RMR V Warehouse A \$ 13,122 A Monthly A Conduit A 8 % A 2.75 % A 8.28 % RMR VI Warehouse A \$ 4,744 A Monthly A 1-month SOFR A 8 % A 2.50 % A 7.93 % RMR VII Warehouse A \$ 3,503 A Monthly A 1-month SOFR A 8 % A 3.00 % A 8.43 % Total A \$ 167,080 A A A A A A A Based on the underlying rates and the outstanding balances as of June 30, 2024, an increase of 100 basis points in the rates of our revolving credit facilities would result in approximately \$1.7 million of increased interest expense on an annual basis, in the aggregate, under these borrowings. The nature and amount of our debt may vary as a result of future business requirements, market conditions, and other factors. 46 Table of Contents ITEM 4. CONTROLS AND PROCEDURES. Evaluation of Disclosure Controls and Procedures Our management, with the participation of our chief executive officer and chief financial officer, evaluated the effectiveness of our disclosure controls and procedures as of June 30, 2024. The term disclosure controls and procedures, as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act, means controls and other procedures of a company that are designed to ensure that information required to be disclosed by a company in the reports that it files or submits under the Exchange Act is recorded, processed, summarized, and reported within the time periods specified in the SEC’s rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed by a company in the reports that it files or submits under the Exchange Act is accumulated and communicated to the company’s management, including its principal executive officer and principal financial officer, as appropriate to allow timely decisions regarding required disclosure. Based on the evaluation of our disclosure controls and procedures as of June 30, 2024, our chief executive officer and chief financial officer concluded that, as of such date, our disclosure controls and procedures were effective. Management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving their objectives, and management necessarily applies its judgment in evaluating the cost/benefit relationship of possible controls and procedures. Changes in Internal Control There were no changes in our internal control over financial reporting identified in management’s evaluation pursuant to Rules 13a-15(d) or 15d-15(d) of the Exchange Act during the period covered by this Quarterly Report on Form 10-Q that materially affected, or are reasonably likely to materially affect, our internal control over financial reporting. 47 Table of Contents Part II Other information ITEM 1. LEGAL PROCEEDINGS. The Company is involved in various legal proceedings and related actions that have arisen in the ordinary course of its business that have not been fully adjudicated. The Company’s management does not believe that these matters, when ultimately concluded and determined, will have a material adverse effect on its financial condition, liquidity, or results of operations. ITEM 1A. RISK FACTORS. There have been no material changes to our risk factors from those included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2023. In addition to the other information set forth in this report and in our other reports and statements that we file with the SEC, you should carefully consider the factors discussed in Part I, Item 1A. Risk Factors in our Annual Report on Form 10-K for the fiscal year ended December 31, 2023 (which was filed with the SEC on February 22, 2024), which could materially affect our business, financial condition, and/or future operating results. The risks described in our Annual Report on Form 10-K are not the only risks facing our company. Additional risks and uncertainties not currently known to the Company or that the Company currently deems to be immaterial also may materially and adversely affect the Company’s business, financial condition, and/or operating results. ITEM 5. OTHER INFORMATION. During the three months ended June 30, 2024, none of the Company’s officers or directors adopted or terminated a 10b5-1 trading arrangement or a non-10b5-1 trading arrangement, each as such terms are defined in Item 408(a) of Regulation S-K. 48 Table of Contents ITEM 6. The Company hereby grants to the Participant the right and option (the "Option") to purchase, on the terms and conditions hereinafter set forth, all or any part of an aggregate of the number of shares of Common Stock (the "Shares") set forth on the signature page hereto, subject to adjustment as set forth in the Plan. The purchase price of the Shares subject to the Option shall be the Option Price set forth on the signature page hereto (the "Option Price"). The Option is intended to be a Nonqualified Option, and is not intended to be treated as an Incentive Option. 2.Definitions. In addition to other terms defined in the Agreement, whenever the following terms are used in this Agreement, they shall have the meanings set forth below. Capitalized terms not otherwise defined herein shall have the same meanings as in the Plan. (a)Cause. "Cause" shall mean a Participant's termination of employment or service resulting from the Participant's (i) termination for Cause as defined under the Participant's employment, change in control, consulting, or other similar plan or agreement with or established by the Company or an Affiliate that is applicable to the Participant, if any, or (ii) if the Participant is not a participant in or has not entered into any such plan or agreement or, if any such plan or agreement does not define Cause, then "Cause" shall mean: (A) the Participant's engagement in misconduct which is materially injurious to the Company or its Affiliates, (B) the Participant's continued refusal to substantially perform his or her duties to the Company, (C) the Participant's repeated dishonesty in the performance of his or her duties to the Company, (D) the Participant's commission of an act or acts constituting any (x) fraud against, or misappropriation or embezzlement from, the Company or any of its Affiliates, (y) crime involving moral turpitude, or (z) offense that could result in a jail sentence of at least one year, or (E) the Participant's material breach of any confidentiality, non-solicitation, or non-competition covenant entered into between the Participant and the Company. The determination of Cause shall be made by the Administrator and its determination shall be final and conclusive. Without in any way limiting the effect of the foregoing, for purposes of the Plan and this Agreement, a Participant's employment or service shall also be deemed to have terminated for Cause if, after the Participant's employment or service has terminated, facts and circumstances are discovered that would have justified, in the opinion of the Administrator, a termination for Cause. (b)Good Reason. "Good Reason" shall mean (i) "Good Reason" as defined under the Participant's employment, change in control, consulting, or other similar plan or agreement with or established by the Company or an Affiliate that is applicable to the Participant, if any, or (ii) if the Participant is not a participant in or has not entered into any such plan or agreement or if any such plan or agreement does not define Good Reason, then a Participant's termination shall be for Good Reason if termination results due to any of the following without the Participant's consent: (A) with respect to Employees, a change caused by the Company in the Participant's duties and responsibilities which is materially inconsistent with the Participant's position at the Company, or a material reduction in the Participant's annual base salary (excluding any reduction in the Participant's salary that is part of a plan to reduce salaries of comparably situated employees of the Company generally); and (B) with respect to Directors in connection with a Change of Control, the Participant's ceasing to serve as a Director, or, if the Company is not the surviving Company in a Change of Control event, a member of the board of directors of the surviving entity, in either case, due to the Participant's failure to be nominated to serve as a director of such entity or the Participant's failure to be elected to serve as a director of such entity, but not due to the Participant's decision not to continue service on the Board of Directors of the Company or the board of directors of the surviving entity, as the case may be; provided that, in any case, notwithstanding anything to the contrary in the foregoing subparts (i) or (ii), the Participant shall only have Good Reason to terminate employment or service following the applicable entity's failure to remedy the act which is alleged to constitute Good Reason within thirty (30) days following such entity's receipt of written notice from the Participant specifying such act, so long as such notice is provided within sixty (60) days after such event has first occurred (or after the Participant reasonably should have been aware of the first occurrence of such event). The determination of Good Reason shall be made by the Administrator and its determination shall be final and conclusive. (c)Qualifying Termination. "Qualifying Termination" shall mean termination of employment or service of a Participant (i) as a result of the Participant's death or Disability, (ii) by the Company and/or its Affiliates without Cause, or (iii) by the Participant for Good Reason. (d)Retirement. "Retirement" shall have the meaning given such term under an employment, change in control, consulting, or other similar plan or agreement with or established by the Company or an Affiliate that is applicable to the Participant, if any, or if the Participant is not a participant in or has not entered into any such plan or agreement or if such plan or agreement does not define Retirement, then "Retirement" shall mean (i) with respect to all Participants, the termination of employment by the Participant on or after either (A) the Participant's attainment of age 65, or (B) the Participant's attainment of age 55 and completion of ten (10) years of service; and (ii) with respect to the Chief Executive Officer only, the termination of employment by the Chief Executive Officer on or after both (A) the Chief Executive Officer's attainment of age 55 and completion of at least five years of service, and (B) the date upon which the sum of the Chief Executive Officer's age plus years of service equals 65. For this purpose, the Participant shall be credited with a year of service for each consecutive twelve-month period he or she is employed or in service during his or her period of employment or service with the Company. Employment or service shall not be deemed to be terminated or interrupted by a leave of absence, sick leave or vacation granted to the Participant by the Company. The Administrator shall have authority to determine if a Retirement has occurred. 3.Vesting. (a)Subject to the Participant's continued employment or service through the applicable vesting date, the Option shall vest and become exercisable at the time(s) set forth on the signature page hereto; provided, however, that vesting of all or a portion of the Shares subject to the Option may be accelerated pursuant to Sections 3(c) and (d). The Administrator shall have authority to determine if and to the extent that the Option shall have become vested in whole or in part. 2A (b)If the Participant's employment or service with the Company is terminated prior to the applicable vesting date for any reason other than a Qualifying Termination, Retirement, or a termination for Cause, the vested portion, if any, of the Option shall remain exercisable for the Option Period (as defined in Section 4(a)), and the unvested portion of the Option shall immediately terminate. If the Participant's employment or service with the Company is terminated due to Retirement, the vested portion, if any, of the Option shall remain exercisable for the Option Period, and the unvested portion shall continue to vest as if the Participant remained employed or in service. If the Participant's employment or service with the Company is terminated for Cause, both the vested and unvested portions of the Option shall immediately terminate. (c)Notwithstanding Sections 3(a) and (b) herein, if the Participant's employment or service with the Company is terminated prior to the applicable vesting date due to a Qualifying Termination, then a pro-rata portion of the unvested Shares subject to the Option as of each applicable vesting date, determined as of the date of the Qualifying Termination in accordance with the provisions of this Section 3(c), shall be deemed vested and exercisable. The pro-rata portion of the unvested Shares that shall be deemed vested and exercisable as of each applicable vesting date shall be determined by multiplying the total number of the unvested Shares subject to vesting on the applicable vesting date by a fraction, the numerator of which is the number of calendar days from the Date of Grant through the date of the Qualifying Termination, and the denominator of which is the total number of calendar days in the period commencing on the Date of Grant and ending on the applicable vesting date. The remaining unvested Shares subject to the Option shall be forfeited as of the date of the Qualifying Termination. Following a Qualifying Termination, the use of the term "Shares" subject to the Option shall only include the vested portion of the Shares as determined pursuant to the provisions of this Section 3. (d)Notwithstanding the foregoing, in the event of a Change of Control prior to the applicable vesting date, the following shall apply: (i)To the extent that the successor or surviving company in the Change of Control event does not assume or substitute for the Option (or in which the Company is the ultimate parent corporation and does not continue the Option) on substantially similar terms or with substantially equivalent economic benefits (as determined by the Administrator) as Options outstanding under the Plan immediately prior to the Change of Control event, the Option shall become fully vested and exercisable. (ii)Further, in the event that the Option is substituted, assumed, or continued as provided in Section 3(d)(i) herein, the Option will nonetheless become vested and exercisable if the Participant's employment or service is terminated by the Company and its Affiliates without Cause or by the Participant with Good Reason within six months before (in which case vesting shall not occur until the effective date of the Change of Control) or one year after the effective date of a Change of Control (in which case vesting shall occur as of the Participant's Termination Date). (iii)Notwithstanding any other provision of the Plan to the contrary, in the event that the Participant has entered into or is a participant in a change in control, employment, consulting, or similar plan or agreement with or established by the Company or an Affiliate, the Participant shall be entitled to the greater of the benefits provided upon a Change of Control of the Company under the Plan or the benefits provided upon a change of control of the Company under the other respective plan or 3A agreement, and such other respective plan or agreement shall not be construed to reduce in any way the benefits otherwise provided to the Participant upon the occurrence of a Change of Control as defined in the Plan. 4.Exercise of Option. (a)Period of Exercise. To the extent vested and exercisable (as determined in accordance with Section 3 herein) and subject to the provisions of the Plan and this Agreement, the Participant may exercise the Option at any time prior to the earlier of (i) the fifth anniversary of the date the Participant's employment or service is terminated; or (ii) the tenth anniversary of the Date of Grant (the "Option Period"). (b)Method of Exercise. Subject to Sections 3 and 4(a), the Option may be exercised by delivering to the Company at its principal office written notice of intent to so exercise; provided that, the Option may be exercised with respect to whole Shares only. Such notice shall specify the number of shares to be purchased pursuant to an Option and the aggregate purchase price to be paid therefor and shall be accompanied by payment of such purchase price. The payment of the Option Price may be made (i) in cash or by cash equivalent; and, except where prohibited by the Administrator or Applicable Law (and subject to such terms and conditions as may be established by the Administrator), payment may also be made (ii) by delivery (by either actual delivery or attestation) of shares of Common Stock owned by the Participant for such time period, if any, as may be determined by the Administrator; (iii) by shares of Common Stock withheld upon exercise; (iv) by delivery of written notice of exercise to the Company and delivery to a broker of written notice of exercise and irrevocable instructions to promptly deliver to the Company the amount of sale or loan proceeds to pay the Option Price; or (v) by any combination of the foregoing methods. Notwithstanding the foregoing, unless the Administrator determines otherwise, in the event that any portion of the Option is exercisable and is scheduled to expire on the last day of the Option Period and both (A) the date on which such portion of the Option is scheduled to expire falls during a Company blackout trading period applicable to the Participant (whether such period is imposed at the election of the Company or is required by Applicable Law to be imposed) and (B) the Option Price per share of such portion of the Option is less than the Fair Market Value, then on the date that such portion of the Option is scheduled to expire, such portion of the Option (to the extent not previously exercised by the Participant) shall be automatically exercised on behalf of the Participant through a net settlement of both the Option Price and the applicable withholding taxes due (if any) upon such automatic exercise (as described in subparagraph (iii) above), and the net number of shares of Common Stock resulting from such automatic exercise (or the cash equivalent thereof) shall be delivered to the Participant as soon as practicable thereafter. Participant shall not have any rights to dividends or other rights of a stockholder with respect to Shares subject to an Option until the Participant has given written notice of exercise of the Option, paid in full for such Shares and, if applicable, has satisfied any other conditions imposed by the Administrator pursuant to the Plan, and such Shares have been issued. (i)Notwithstanding any other provision of the Plan or this Agreement to the contrary, the Option may not be exercised prior to the completion of any registration or qualification of the Option or the Shares under any Applicable Law (including, but not limited to, the requirements of the Securities Act) that the Administrator shall in its sole discretion determine to be necessary or advisable. 4A (ii)Upon the Company's determination that the Option has been validly exercised as to any of the Shares, the Company shall issue certificates in the Participant's name for such Shares. However, the Company shall not be liable to the Participant for damages relating to any delays in issuing the certificates to him, any loss of the certificates, or any mistakes or errors in the issuance of the certificates or in the certificates themselves. Notwithstanding the foregoing, the issuance of Shares may, in the Company's discretion, be

respect of the Option, its exercise or any payment or transfer under or with respect to the Option and to take such other action as may be necessary in the opinion of the Administrator to satisfy all obligations for the payment of such withholding taxes. Without limiting the generality of the foregoing, to the extent permitted by the Administrator, the Participant may satisfy, in whole or in part, the foregoing withholding liability by delivery of shares of Common Stock held by the Participant (which are fully vested and not subject to any pledge or other security interest) or by having the Company withhold from the number of Shares otherwise deliverable to the Participant hereunder Shares with a Fair Market Value as of the date that the amount of tax to be withheld is determined no greater than the aggregate amount of such withholding obligations based on the maximum statutory withholding rate in the Participant’s applicable jurisdiction for federal, state, local, and foreign income and payroll tax purposes. The Participant further agrees to make adequate provision for any sums required to satisfy all applicable federal, state, local, and foreign tax withholding obligations of the Company which may arise in connection with the Option. (b)The Participant acknowledges that the Company has made no warranties or representations to the Participant with respect to the tax consequences (including but not limited to income tax consequences) with respect to the transactions contemplated by this Agreement, and the Participant is in no manner relying on the Company or its representatives for an assessment of such tax consequences. The Participant acknowledges that there may be adverse tax consequences upon the grant, vesting, or exercise of the Option and/or the acquisition or disposition of the Shares subject to the Option, and that he or she has been advised that he or she should consult with his or her own attorney, accountant and/or tax advisor regarding the decision to enter into this Agreement and the consequences thereof. The Participant also acknowledges that the Company has no responsibility to take or refrain from taking any actions in order to achieve a certain tax result for the Participant. 9.Compliance with Applicable Law. Upon the acquisition of any Shares pursuant to the exercise of the Option, the Participant will make or enter into such written representations, warranties, and agreements as the Administrator may reasonably request in order to comply with Applicable Law or with the Plan or this Agreement. Notwithstanding any other provision in the Plan or this Agreement to the contrary, the Company shall not be obligated to issue, deliver, or transfer Shares, make any other distribution of benefits, or take any other action, unless such delivery, distribution, or action is in compliance with Applicable Law (including but not limited to the requirements of the Securities Act). 10.Notices. Any notice necessary under this Agreement shall be addressed to the Company in care of its Secretary at the principal executive office of the Company and to the Participant at the address appearing in the personnel or business records of the Company for the Participant or to either party at such other 6A address as either party hereto may hereafter designate in writing to the other. Any such notice shall be deemed effective upon receipt thereof by the addressee. 11.Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the state of Delaware without regard to conflicts of laws, and in accordance with applicable federal laws of the United States. Any and all disputes between the Participant or any person claiming through him or her and the Company or any Affiliate relating to the Plan or this Agreement shall be brought only in the state courts of Greenville, South Carolina, or the United States District Court for the District of South Carolina, Greenville division, as appropriate. 12.Option Subject to Plan. By entering into this Agreement, the Participant agrees and acknowledges that the Participant has received and read a copy of the Plan and Plan prospectus. The Participant acknowledges and agrees that the Option is subject to the Plan. The terms and provisions of the Plan, as they may be amended from time to time, are hereby incorporated herein by reference. In the event of a conflict between any express term or provision contained herein and a term or provision of the Plan, the applicable terms and provisions of the Plan will govern and prevail, unless the Administrator determines otherwise. 13.Signature in Counterparts. This Agreement may be signed in counterparts, each of which shall be an original, with the same effect as if the signatures thereto and hereto were upon the same instrument. 14.Amendments; Waiver; Superseding Effect. This Agreement may be modified or amended as provided in the Plan. The waiver by the Company of a breach of any provision of this Agreement by the Participant shall not operate or be construed as a waiver of any subsequent breach by the Participant. The Agreement supersedes any statements, representations, or agreements of the Company with respect to the grant of the Option or any related rights, and the Participant hereby waives any rights or claims related to any such statements, representations, or agreements. 15.Recoupment and Forfeiture. As a condition to receiving the Award, the Participant agrees that he or she shall abide by (a) the Company’s Dodd-Frank Act Compensation Recoupment (Clawback) Policy, (b) the Company’s Supplemental Compensation Recoupment (Clawback) Policy, (c) the Company’s Stock Ownership and Retention Policy (including but not limited to such policy’s stock retention requirements), and/or (d) other policies adopted by the Company or an Affiliate, each as in effect from time to time and to the extent applicable to the Participant. Further, the Participant shall be subject to such compensation recovery, recoupment, forfeiture, or other similar provisions as may apply under Applicable Law. 16.Administration. The authority to construe and interpret this Agreement and the Plan, and to administer all aspects of the Plan, shall be vested in the Administrator, and the Administrator shall have all powers with respect to this Agreement as are provided in the Plan, including but not limited to the sole authority to determine whether and to what degree the Option is vested and exercisable. Any interpretation of this Agreement by the Administrator and any decision made by it with respect to this Agreement is final and binding. 17.Severability. The provisions of this Agreement are severable and if any one or more provisions shall be held illegal or invalid for any reason, such illegality or invalidity shall not affect the remaining parts of this Agreement, and the Agreement shall be construed and enforced as if the illegal or invalid provision had not been included. 18.Right of Offset. Notwithstanding any other provision of the Plan or this Agreement, the Company may at any time (subject to any Code Section 409A considerations) reduce the amount of any payment or benefit otherwise payable to or on behalf of the Participant by the amount of any obligation of the Participant to the Company or an Affiliate that is or becomes due and payable, and, by entering into this Agreement, the Participant shall be deemed to have consented to such reduction. 19.Electronic Delivery and Acceptance. The Company may, in its sole discretion, elect to deliver the Agreement, the Plan, the Plan prospectus, Company annual reports, stockholder communications, and any other documents related to current or future participation in the Plan by electronic means. By entering into this Agreement, the Participant hereby consents to receive such documents by electronic delivery and agrees to participate in the Plan through an online or electronic system established and maintained by the Company or a third party designated by the Company. The Participant’s online or electronic acceptance of the Agreement constitutes the Participant’s agreement to the Agreement’s terms and the Participant’s acknowledgement that he or she has received the documents described above. The Company hereby grants to the Participant a Restricted Stock Award for shares of Common Stock (the Award), subject to the terms and conditions of the Plan and this Agreement, for the number of shares of Common Stock (the Shares) set forth on the signature page hereto, subject to adjustment as set forth in the Plan. 2.Definitions. Whenever the following terms are used in this Agreement, they shall have the meanings set forth below. Capitalized terms not otherwise defined herein shall have the same meanings as in the Plan. (a)Cause. Cause shall mean a Participant’s termination of employment or service resulting from the Participant’s (i) termination for Cause as defined under the Participant’s employment, change in control, consulting, or other similar plan or agreement with or established by the Company or an Affiliate that is applicable to the Participant, if any, or (ii) if the Participant is not a participant in or has not entered into any such plan or agreement or, if any such plan or agreement does not define Cause, then Cause shall mean: (A) the Participant’s engagement in misconduct which is materially injurious to the Company or its Affiliates, (B) the Participant’s continued refusal to substantially perform his or her duties to the Company, (C) the Participant’s repeated dishonesty in the performance of his or her duties to the Company, (D) the Participant’s commission of an act or acts constituting any (x) fraud against, or misappropriation or embezzlement from, the Company or any of its Affiliates, (y) crime involving moral turpitude, or (z) offense that could result in a jail sentence of at least one year, or (E) the Participant’s material breach of any confidentiality, non-solicitation, or non-competition covenant entered into between the Participant and the Company. The determination of Cause shall be made by the Administrator and its determination shall be final and conclusive. Without in any way limiting the effect of the foregoing, for purposes of the Plan and this Agreement, a Participant’s employment or service shall also be deemed to have terminated for Cause if, after the Participant’s employment or service has terminated, facts and circumstances are discovered that would have justified, in the opinion of the Administrator, a termination for Cause. (b)Good Reason. Good Reason shall mean (i) Good Reason as defined under the Participant’s employment, change in control, consulting, or other similar plan or agreement with or established by the Company or an Affiliate that is applicable to the Participant, if any, or (ii) if the Participant is not a participant in or has not entered into any such plan or agreement or if any such plan or agreement does not define Good Reason, then a Participant’s termination shall be for Good Reason if termination results due to any of the following without the Participant’s consent: (A) with respect to Employees, a change caused by the Company in the Participant’s duties and responsibilities which is materially inconsistent with the Participant’s position at the Company, or a material reduction in the Participant’s annual base salary (excluding any reduction in the Participant’s salary that is part of a plan to reduce salaries of comparably situated employees of the Company generally); and (B) with respect to Directors in connection with a Change of Control, the Participant’s ceasing to serve as a Director, or, if the Company is not the surviving Company in a Change of Control event, a member of the board of directors of the surviving entity, in either case, due to the Participant’s failure to be nominated to serve as a director of such entity or the Participant’s failure to be elected to serve as a director of such entity, but not due to the Participant’s decision not to continue service on the Board of Directors of the Company or the board of directors of the surviving entity, as the case may be; provided that, in any case, notwithstanding anything to the contrary in the foregoing subparts (i) or (ii), the Participant shall only have Good Reason to terminate employment or service following the applicable entity’s failure to remedy the act which is alleged to constitute Good Reason within thirty (30) days following such entity’s receipt of written notice from the Participant specifying such act, so long as such notice is provided within sixty (60) days after such event has first occurred (or after the Participant reasonably should have been aware of the first occurrence of such event). The determination of Good Reason shall be made by the Administrator and its determination shall be final and conclusive. (c)Qualifying Termination. Qualifying Termination shall mean termination of employment or service of a Participant (i) as a result of the Participant’s death or Disability, (ii) by the Company and/or its Affiliates without Cause, or (iii) by the Participant for Good Reason. 3.Vesting; Forfeiture. (a)Subject to the Participant’s continued employment or service through the applicable vesting date and except as otherwise provided in this Section 3, the Award shall vest at the time(s) set forth on the signature page hereto. The Administrator has authority to determine whether and to what degree the Award shall be deemed vested. (b)Notwithstanding Section 3(a) herein, with respect to Employees and Consultants, in the event that the Participant’s employment or service with the Company is terminated due to a Qualifying Termination, then a pro-rata portion of the unvested Shares subject to the Award as of each applicable vesting date, determined as of the date of the Qualifying Termination in accordance with the provisions of this Section 3(b), shall be deemed vested. The pro-rata portion of the unvested Shares subject to the Award that shall be deemed vested as of each applicable vesting date shall be determined by multiplying the total number of the unvested Shares subject to vesting on the applicable vesting date, by a fraction, the numerator of which is the number of calendar days from the Date of Grant through the date of the Qualifying Termination, and the denominator of which is the total number of calendar days in the period commencing on the Date of Grant and ending on the applicable vesting date. The remaining unvested Shares subject to the Award shall be forfeited as of the date of the Qualifying Termination. (c)Notwithstanding Section 3(a) herein, with respect to Directors, in the event that the Participant’s employment or service with the Company is terminated due to death or Disability, then the Award shall, to the extent not then vested or previously forfeited or cancelled, become fully vested effective as of the Participant’s Termination Date. 2A (d)Notwithstanding Section 3(a) herein, in the event of a Change of Control, then the Award shall, to the extent not then vested or previously forfeited or cancelled, become vested as follows: (i)To the extent that the successor or surviving company in the Change of Control event does not assume or substitute for the Award (or in which the Company is the ultimate parent corporation and does not continue the Award) on substantially similar terms or with substantially equivalent economic benefits (as determined by the Administrator) as Awards outstanding under the Plan immediately prior to the Change of Control event, the Award shall become fully vested as of the date of the Change of Control. (ii)Further, in the event that the Award is substituted, assumed, or continued as provided in Section 3(d)(i) herein, the Award will nonetheless become vested if the Participant’s employment or service is terminated by the Company and its Affiliates without Cause or by the Participant with Good Reason within six months before (in which case vesting shall not occur until the effective date of the Change of Control) or one year after the effective date of a Change of Control (in which case vesting shall occur as of the Participant’s Termination Date). (iii)Notwithstanding any other provision of the Plan to the contrary, in the event that the Participant has entered into or is a participant in a change in control, employment, consulting, or similar plan or agreement with or established by the Company or an Affiliate, the Participant shall be entitled to the greater of the benefits provided upon a Change of Control of the Company under the Plan or the benefits provided upon a change of control of the Company under the other respective plan or agreement, and such other respective plan or agreement shall not be construed to reduce in any way the benefits otherwise provided to the Participant upon the occurrence of a Change of Control as defined in the Plan. (e)If the Participant’s employment or service with the Company is terminated for any reason other than a Change of Control, a Qualifying Termination with respect to Employees and Consultants, or death or disability with respect to Directors as provided herein (including but not limited to a termination for Cause), the unvested portion of the Award shall immediately terminate and the Participant shall have no rights with respect to the Award or the Shares underlying the unvested portion of the Award. 4.Rights as a Stockholder; Settlement of Award. (a)The Participant shall not have any rights to dividends, voting rights, or other rights of a stockholder with respect to Shares subject to an Award unless and until certificates for such shares have been issued to him or her (or other written evidence of ownership in accordance with Applicable Law has been provided). A certificate or certificates for Shares subject to the Award (or other written evidence of ownership) shall be issued in the name of the Participant as soon as practicable after the Award has been granted. Notwithstanding the foregoing, the Administrator may (i) require that the Participant deliver certificates (or other written evidence of ownership) for the Shares to the Administrator or its designee to be held in escrow until the Award vests and is no longer subject to a substantial risk of forfeiture (in which case the Shares will be promptly released to the Participant) or is forfeited (in which case the Shares will be returned to the Company without the payment of consideration therefor); and/or (ii) require that the Participant deliver to the Company a stock power or similar instrument, endorsed in blank, related to the Shares subject to the Award which are subject to forfeiture. Except as otherwise provided in the Plan or this Agreement, the Participant shall have all voting, dividend, and other rights of a stockholder with respect to the Shares following issuance of the certificate or certificates (or other written evidence of ownership) for the Shares; provided, however, that if any dividends are declared and paid by the Company with respect to such Shares, such dividends shall be subject to the same vesting schedule, forfeiture terms, and other restrictions as are applicable to the Shares upon which such dividends are paid. (b)Notwithstanding any other provision of the Plan or this Agreement to the contrary, no Shares shall be distributable upon vesting of the Award prior to the completion of any registration or qualification of the Award or the Shares under any Applicable Law (including, but not limited to, the requirements of the Securities Act) that the Administrator shall in its sole discretion determine to be necessary or advisable. (c)The Company shall not be liable to the Participant for damages relating to any delays in issuing the certificates to him or her (subject to any Code Section 409A requirements), any loss of the certificates, or any mistakes or errors in the issuance of the certificates or in the certificates themselves. Notwithstanding the foregoing, the issuance of Shares may, in the Company’s discretion, be effected on a non-certificated basis, to the extent permitted under the Plan. (d)The Award, if vested in accordance with the terms of this Agreement, shall be payable in whole shares. The total number of Shares that may be acquired upon vesting of the Award (or portion thereof) shall be rounded down to the nearest whole share. 5.No Right to Continued Employment or Service; No Right to Further Awards. Neither the Plan nor this Agreement nor any other action related to the Plan shall confer upon the Participant any right to continue in the employ or service of the Company or an Affiliate or interfere in any way with the right of the Company or an Affiliate to terminate the Participant’s employment or service at any time. Except as otherwise provided in the Plan or this Agreement, or as may be determined by the Administrator, all rights of the Participant with respect to the unvested portion of the Award shall terminate on the Participant’s Termination Date. The grant of the Award does not create any obligation to grant further awards. 6.Legend on Certificates. The Shares acquired upon vesting of the Award shall be subject to the rules, regulations, and other

requirements of the Securities and Exchange Commission, any stock exchange upon which such Shares are listed, and any other Applicable Law, and the Administrator may cause a restrictive legend or legends to be put on any certificates for such Shares to make appropriate reference to such restrictions. 7.Transferability. The Award may not be assigned, alienated, pledged, attached, sold, or otherwise transferred or encumbered by the Participant other than transfers for no consideration by will or by the laws of descent and distribution, and any such purported assignment, alienation, pledge, attachment, sale, transfer, or encumbrance shall be void and unenforceable against the Company or any Affiliate; provided that the designation of a beneficiary shall not constitute an assignment, alienation, pledge, attachment, sale, transfer, or encumbrance. No such permitted transfer of the Award to heirs or legatees of the Participant shall be effective to bind the Company unless the Administrator shall have been furnished with written notice thereof and a copy of such evidence as the Administrator may deem necessary to establish the validity of the transfer and the acceptance by the transferee or transferees of the terms and conditions hereof. 4A 8.Withholding; Tax Consequences. (a)Prior to the delivery of a certificate or certificates for the Shares subject to the Award (or other written evidence of ownership), the Participant may be required to pay to the Company or any Affiliate in cash the amount of any tax or other amount required by any governmental authority to be withheld and paid over by the Company or an Affiliate to such authority for the account of the Participant. Notwithstanding the foregoing, the Company shall have the right and is hereby authorized to withhold (including from payroll or any other amounts payable to the Participant), any applicable withholding taxes in respect of the Award, its vesting, or any payment or transfer under or with respect to the Award and to take such other action as may be necessary in the opinion of the Administrator to satisfy all obligations for the payment of such withholding taxes. Without limiting the generality of the foregoing, to the extent permitted by the Administrator, the Participant may satisfy, in whole or in part, the foregoing withholding liability by delivery of shares of Common Stock held by the Participant (which are fully vested and not subject to any pledge or other security interest) or by having the Company withhold from the number of Shares otherwise deliverable to the Participant hereunder Shares with a Fair Market Value as of the date that the amount of tax to be withheld is determined no greater than the aggregate amount of such withholding obligations based on the maximum statutory withholding rate in the Participant's applicable jurisdiction for federal, state, local, and foreign income and payroll tax purposes. The Participant further agrees to make adequate provision for any sums required to satisfy all applicable federal, state, local, and foreign tax withholding obligations of the Company which may arise in connection with the Award. (b)The Participant acknowledges that the Company has made no warranties or representations to the Participant with respect to the tax consequences (including but not limited to income tax consequences) with respect to the transactions contemplated by this Agreement, and the Participant is in no manner relying on the Company or its representatives for an assessment of such tax consequences. The Participant acknowledges that there may be adverse tax consequences upon the grant or vesting of the Award and/or the acquisition or disposition of the Shares subject to the Award and that he or she has been advised that he or she should consult with his or her own attorney, accountant, and/or tax advisor regarding the decision to enter into this Agreement and the consequences thereof. The Participant also acknowledges that the Company has no responsibility to take or refrain from taking any actions in order to achieve a certain tax result for the Participant. 9.Compliance with Applicable Law. Upon the acquisition of any Shares pursuant to the vesting of the Award, the Participant will make or enter into such written representations, warranties, and agreements as the Administrator may reasonably request in order to comply with Applicable Law or with the Plan or this Agreement. Notwithstanding any other provision in the Plan or this Agreement to the contrary, the Company shall not be obligated to issue, deliver, or transfer Shares, make any other distribution of benefits, or take any other action, unless such delivery, distribution, or action is in compliance with Applicable Law (including but not limited to the requirements of the Securities Act). 10.Notices. Any notice necessary under this Agreement shall be addressed to the Company in care of its Secretary at the principal executive office of the Company and to the Participant at the address appearing in the personnel or business records of the Company for the Participant or to either party at such other 5A address as either party hereto may hereafter designate in writing to the other. Any such notice shall be deemed effective upon receipt thereof by the addressee. 11.Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the state of Delaware without regard to conflicts of laws, and in accordance with applicable federal laws of the United States. Any and all disputes between the Participant or any person claiming through him or her and the Company or any Affiliate relating to the Plan or this Agreement shall be brought only in the state courts of Greenville, South Carolina, or the United States District Court for the District of South Carolina, Greenville division, as appropriate. 12.Award Subject to Plan. By entering into this Agreement, the Participant agrees and acknowledges that the Participant has received and read a copy of the Plan and Plan prospectus. The Participant acknowledges and agrees that the Award is subject to the Plan. The terms and provisions of the Plan, as they may be amended from time to time, are hereby incorporated herein by reference. In the event of a conflict between any express term or provision contained herein and a term or provision of the Plan, the applicable terms and provisions of the Plan will govern and prevail, unless the Administrator determines otherwise. 13.Signature in Counterparts. This Agreement may be signed in counterparts, each of which shall be an original, with the same effect as if the signatures thereto and hereto were upon the same instrument. 14.Amendments; Waiver; Superseding Effect. This Agreement may be modified or amended as provided in the Plan. The waiver by the Company of a breach of any provision of this Agreement by the Participant shall not operate or be construed as a waiver of any subsequent breach by the Participant. The Agreement supersedes any statements, representations, or agreements of the Company with respect to the grant of the Award or any related rights, and the Participant hereby waives any rights or claims related to any such statements, representations, or agreements. 15.Recoupment and Forfeiture. As a condition to receiving the Award, the Participant agrees that he or she shall abide by (a) the Company's Dodd-Frank Act Compensation Recoupment (Clawback) Policy, (b) the Company's Supplemental Compensation Recoupment (Clawback) Policy, (c) the Company's Stock Ownership and Retention Policy (including but not limited to such policy's stock retention requirements), and/or (d) other policies adopted by the Company or an Affiliate, each as in effect from time to time and to the extent applicable to the Participant. Further, the Participant shall be subject to such compensation recovery, recoupment, forfeiture, or other similar provisions as may apply under Applicable Law. 6A 16.Administration. The authority to construe and interpret this Agreement and the Plan, and to administer all aspects of the Plan, shall be vested in the Administrator, and the Administrator shall have all powers with respect to this Agreement as are provided in the Plan, including but not limited to the sole authority to determine whether and to what degree the Award is earned and vested. Any interpretation of this Agreement by the Administrator and any decision made by it with respect to this Agreement is final and binding. 17.Severability. The provisions of this Agreement are severable and if any one or more provisions shall be held illegal or invalid for any reason, such illegality or invalidity shall not affect the remaining parts of this Agreement, and the Agreement shall be construed and enforced as if the illegal or invalid provision had not been included. 18.Right of Offset. Notwithstanding any other provision of the Plan or this Agreement, the Company may at any time (subject to any Code Section 409A considerations) reduce the amount of any payment or benefit otherwise payable to or on behalf of the Participant by the amount of any obligation of the Participant to the Company or an Affiliate that is or becomes due and payable, and, by entering into this Agreement, the Participant shall be deemed to have consented to such reduction. 19.Electronic Delivery and Acceptance. The Company may, in its sole discretion, elect to deliver the Agreement, the Plan, the Plan prospectus, Company annual reports, stockholder communications, and any other documents related to current or future participation in the Plan by electronic means. By entering into this Agreement, the Participant hereby consents to receive such documents by electronic delivery and agrees to participate in the Plan through an online or electronic system established and maintained by the Company or a third party designated by the Company. The Participant's online or electronic acceptance of the Agreement constitutes the Participant's agreement to the Agreement's terms and the Participant's acknowledgement that he or she has received the documents described above. (a)The Company hereby grants to the Participant an Award (the "Award") of Restricted Stock Units in the form of service-based Restricted Stock Units (the "Restricted Stock Units" or "RSUs"), which Award represents a contingent right to acquire shares of Common Stock (the "Shares"). Each RSU is equivalent to one share of Common Stock for purposes of determining the number of shares of Common Stock subject to the Award. (b)For the purposes herein, the Shares subject to the Award are units that will be reflected in a book account maintained by the Company and that will be settled in shares of Common Stock if and only to the extent permitted under the Plan and this Agreement. Prior to issuance of any shares of Common Stock, the Award shall represent an unsecured obligation of the Company, payable (if at all) only from the Company's general assets. The Award is subject to the terms and conditions of the Plan and this Agreement, including the provisions set forth on the signature page hereto. 2.Definitions. In addition to other terms defined in the Agreement, whenever the following terms are used in this Agreement, they shall have the meanings set forth below. Capitalized terms not otherwise defined herein shall have the same meanings as in the Plan. (a)Cause. "Cause" shall mean a Participant's termination of employment or service resulting from the Participant's (i) termination for Cause as defined under the Participant's employment, change in control, consulting, or other similar plan or agreement with or established by the Company or an Affiliate that is applicable to the Participant, if any, or (ii) if the Participant is not a participant in or has not entered into any such plan or agreement or, if any such plan or agreement does not define Cause, then "Cause" shall mean: (A) the Participant's engagement in misconduct which is materially injurious to the Company or its Affiliates, (B) the Participant's continued refusal to substantially perform his or her duties to the Company, (C) the Participant's repeated dishonesty in the performance of his or her duties to the Company, (D) the Participant's commission of an act or acts constituting any (x) fraud against, or misappropriation or embezzlement from, the Company or any of its Affiliates, (y) crime involving moral turpitude, or (z) offense that could result in a jail sentence of at least one year, or (E) the Participant's material breach of any confidentiality, non-solicitation, or non-competition covenant entered into between the Participant and the Company. The determination of Cause shall be made by the Administrator and its determination shall be final and conclusive. Without in any way limiting the effect of the foregoing, for purposes of the Plan and this Agreement, a Participant's employment or service shall also be deemed to have terminated for Cause, if after the Participant's employment or service has terminated, facts and circumstances are discovered that would have justified, in the opinion of the Administrator, a termination for Cause. (b)Good Reason. "Good Reason" shall mean (i) Good Reason as defined under the Participant's employment, change in control, consulting, or other similar plan or agreement with or established by the Company or an Affiliate that is applicable to the Participant, if any, or (ii) if the Participant is not a participant in or has not entered into any such plan or agreement or if any such plan or agreement does not define Good Reason, then "Good Reason" shall be for Good Reason if termination results due to any of the following without the Participant's consent: a change caused by the Company in the Participant's duties and responsibilities which is materially inconsistent with the Participant's position at the Company, or a material reduction in the Participant's annual base salary (excluding any reduction in the Participant's salary that is part of a plan to reduce salaries of comparably situated employees of the Company generally); provided that, in any case, notwithstanding anything to the contrary in the foregoing subparts (i) or (ii), the Participant shall only have Good Reason to terminate employment or service following the applicable entity's failure to remedy the act which is alleged to constitute Good Reason within thirty (30) days following such entity's receipt of written notice from the Participant specifying such act, so long as such notice is provided within sixty (60) days after such event has first occurred (or after the Participant reasonably should have been aware of the first occurrence of such event). The determination of Good Reason shall be made by the Administrator and its determination shall be final and conclusive. (c)Qualifying Termination. "Qualifying Termination" shall mean the termination of employment or service of a Participant (i) as a result of the Participant's death or Disability, (ii) by the Company and/or its Affiliates without Cause, or (iii) by the Participant for Good Reason. (d)Retirement. "Retirement" shall have the meaning given such term under an employment, change in control, consulting, or other similar plan or agreement with or established by the Company or an Affiliate that is applicable to the Participant, if any, or if the Participant is not a participant in or has not entered into any such plan or agreement or if such plan or agreement does not define Retirement, then "Retirement" shall mean (i) with respect to all Participants, the termination of employment by the Participant on or after either (A) the Participant's attainment of age 65, or (B) the Participant's attainment of age 55 and completion of ten (10) years of service; and (ii) with respect to the Chief Executive Officer only, the termination of employment by the Chief Executive Officer on or after both (A) the Chief Executive Officer's attainment of age 55 and completion of at least five years of service, and (B) the date upon which the sum of the Chief Executive Officer's age plus years of service equals 65. For this purpose, the Participant shall be credited with a year of service for each consecutive twelve-month period he or she is employed or in service during his or her period of employment or service with the Company. Employment or service shall not be deemed to be terminated or interrupted by a leave of absence, sick leave or vacation granted to the Participant by the Company. The Administrator shall have authority to determine if a Retirement has occurred. (e)Retirement Eligible. The Participant shall be Retirement Eligible if he or she has met the requirements for a Retirement as of the Date of Grant or thereafter and prior to the vesting date(s) set forth on the signature page hereto. 2A 3.Vesting; Forfeiture. (a)Subject to the Participant's continued employment or service through the applicable vesting date and except as otherwise provided in this Section 3, the Award shall vest at the time(s) set forth on the signature page hereto. To be clear, the provisions of this Section 3 shall apply even if the Participant is Retirement Eligible on the Date of Grant or becomes Retirement Eligible prior to the applicable vesting date. The Administrator shall have authority to determine whether and to what degree the Award shall be deemed vested. (b)Notwithstanding Section 3(a) herein, the following shall apply: In the event that the Participant's employment with the Company is terminated due to a Qualifying Termination, then a pro-rata portion of the unvested Shares subject to the Award, determined as of the date of the Qualifying Termination in accordance with the provisions of this Section 3(b), shall be deemed vested. The pro-rata portion of the unvested Shares subject to the Award that shall be deemed vested as of each applicable vesting date shall be determined by multiplying the total number of the unvested Shares subject to vesting on the applicable vesting date, by a fraction, the numerator of which is the number of calendar days from the Date of Grant through the date of the Qualifying Termination, and the denominator of which is the total number of calendar days in the period commencing on the Date of Grant and ending on the applicable vesting date. The remaining unvested Shares subject to the Award shall be forfeited as of the date of the Qualifying Termination. In the event that the Participant's employment with the Company terminates due to Retirement, the unvested Shares subject to the Award as of the Termination Date shall continue to vest as if the Participant remained employed. If the Participant's employment or service with the Company is terminated prior to the applicable vesting date for any reason other than Retirement or a Qualifying Termination (including but not limited to a termination for Cause), the Award shall immediately terminate and the Participant shall have no rights with respect to the Award or the unvested Shares underlying the Award. (c)Notwithstanding Section 3(a) herein, in the event of a Change of Control, then the Award shall, to the extent not then vested or previously forfeited or cancelled, become vested as follows: (i)To the extent that the successor or surviving company in the Change of Control event does not assume or substitute for the Award (or in which the Company is the ultimate parent corporation and does not continue the Award) on substantially similar terms or with substantially equivalent economic benefits (as determined by the Administrator) as Awards outstanding under the Plan immediately prior to the Change of Control event, the Award shall become fully vested as of the date of the Change of Control. (ii)Further, in the event that the Award is substituted, assumed, or continued as provided in Section 3(d)(i) herein, the Award will nonetheless become vested if the Participant's employment or service is terminated by the Company and its Affiliates without Cause or by the Participant with Good Reason within six months before (in which case vesting shall not occur until the effective date of the Change of Control) or one year after the effective date of a Change of Control (in which case vesting shall occur as of the Participant's Termination Date). (iii)Notwithstanding any other provision of the Plan to the contrary, in the event that the Participant has entered into or is a participant in a change in control, employment, consulting, or similar plan or agreement with or established by the Company or an Affiliate, the Participant shall be entitled to the greater of the benefits provided upon a Change of Control of the Company 3A under the Plan or the benefits provided upon a change of control of the Company under the other respective plan or agreement, and such other respective plan or agreement shall not be construed to reduce in any way the benefits otherwise provided to the Participant upon the occurrence of a Change of Control as defined in the Plan. 4.Settlement of Award; Delivery of Shares. (a)No certificate or certificates for Shares shall be issued at the time of grant of the Award. A certificate or certificates for the Shares underlying the Award (or, in the case of

uncertificated Shares, other written evidence of ownership in accordance with Applicable Law) shall be issued in the name of the Participant (or his or her beneficiary) only in the event, and to the extent, that the Award has vested and been earned in accordance with the provisions of this Agreement, including Schedule A. Any Shares or other benefits payable pursuant to the Award shall, upon vesting and earning of the Award as determined pursuant to Section 3, be distributed to the Participant (or his or her beneficiary) within 70 days following the applicable vesting date (including, for clarity, the applicable vesting date in the event the employment of the Participant terminates due to Retirement). If such 70-day period begins in one calendar year and ends in another, the Participant (or his or her beneficiary) shall not have the right to designate the calendar year of the payment (except as permitted by Code Section 409A or otherwise provided below with respect to a delay in payments if the Participant is a ~~an~~specified employee~~ed~~). Further, if calculation of the amount of the payment is not administratively practicable due to events beyond the control of the Participant (or his or her beneficiary), the payment will be treated as made within the applicable 70-day time period specified herein if the payment is made during the first taxable year of the Participant in which the calculation of the amount of the payment is administratively practicable or otherwise in accordance with Code Section 409A. (b)Except as otherwise provided in this Section 4(b), the Participant shall not be deemed to be the holder of any Shares subject to the Award and shall not have any dividend rights, voting rights or other rights as a stockholder unless and until (and only to the extent that) the Award has vested and been earned and certificates for such Shares have been issued to him or her (or, in the case of uncertificated shares, other written evidence of ownership in accordance with Applicable Law shall have been provided). As of any date that the Company pays an ordinary cash dividend on its common stock, the Company shall credit to the Participant~~â€™~~s book account a dollar amount equal to (i) the per share cash dividend paid by the Company on its Common Stock on such date, multiplied by (ii) that number of Shares set forth on the signature page hereto (a ~~an~~Dividend Equivalent Right~~â€™~~). Any Dividend Equivalent Rights credited pursuant to the foregoing provisions of this Section 4(b) shall be subject to the same vesting, earning, payment, and other terms, conditions and restrictions as the Shares subject to the Award (and, for clarification, shall not be paid unless and until the corresponding portion of the Shares subject to the Award have been earned, vested and settled); provided, however, that the amount of any Dividend Equivalent Rights that become earned, vested and entitled to settlement pursuant to the terms of this Agreement and Schedule A shall be paid in cash. (c)Notwithstanding any other provision of the Plan or this Agreement to the contrary, no Shares shall be distributable upon vesting of the Award prior to the completion of any registration or qualification of the Award or the Shares under any Applicable Law (including, but not limited to, the requirements of the Securities Act) that the Administrator shall in its sole discretion determine to be necessary or advisable. 4A. (d)The Company shall not be liable to the Participant for damages relating to any delays in issuing the certificates to him or her (subject to any Code Section 409A requirements), any loss of the certificates, or any mistakes or errors in the issuance of the certificates or in the certificates themselves. Notwithstanding the foregoing, the issuance of Shares may, in the Company~~â€™~~s discretion, be effected on a non-certificated basis, to the extent permitted under the Plan. (e)The Award, if vested in accordance with the terms of this Agreement, shall be payable in whole Shares. The total number of Shares that may be acquired upon settlement of the Award (or portion thereof) shall be rounded down to the nearest whole share. 5.No Right to Continued Employment or Service; No Right to Further Awards. Neither the Plan nor this Agreement nor any other action related to the Plan shall confer upon the Participant any right to continue in the employ or service of the Company or an Affiliate or interfere in any way with the right of the Company or an Affiliate to terminate the Participant~~â€™~~s employment or service at any time. Except as otherwise provided in the Plan or this Agreement, or as may be determined by the Administrator, all rights of the Participant with respect to the unvested portion of the Award shall terminate on the Participant~~â€™~~s Termination Date. The grant of the Award does not create any obligation to grant further awards. 6.Legend on Certificates. The Shares acquired upon vesting of the Award shall be subject to the rules, regulations, and other requirements of the Securities and Exchange Commission, any stock exchange upon which such Shares are listed, and any other Applicable Law, and the Administrator may cause a restrictive legend or legends to be put on any certificates for such Shares to make appropriate reference to such restrictions. 7.Transferability. The Award may not be assigned, alienated, pledged, attached, sold, or otherwise transferred or encumbered by the Participant other than transfers for no consideration by will or by the laws of descent and distribution, and any such purported assignment, alienation, pledge, attachment, sale, transfer, or encumbrance shall be void and unenforceable against the Company or any Affiliate; provided that the designation of a beneficiary shall not constitute an assignment, alienation, pledge, attachment, sale, transfer, or encumbrance. No such permitted transfer of the Award to heirs or legatees of the Participant shall be effective to bind the Company unless the Administrator shall have been furnished with written notice thereof and a copy of such evidence as the Administrator may deem necessary to establish the validity of the transfer and the acceptance by the transferee or transferees of the terms and conditions hereof. 8.Withholding; Tax Consequences. (a)Prior to the delivery of a certificate or certificates for the Shares subject to the Award (or other written evidence of ownership), the Participant may be required to pay to the Company or any Affiliate in cash the amount of any tax or other amount required by any governmental authority to be withheld and paid over by the Company or an Affiliate to such authority for the account of the Participant. Notwithstanding the foregoing, the Company shall have the right and is hereby authorized to withhold (including from payroll or any other amounts payable to the Participant), any applicable withholding taxes in respect of the Award, its vesting, or any payment or transfer under or with respect to the Award and to 5A take such other action as may be necessary in the opinion of the Administrator to satisfy all obligations for the payment of such withholding taxes. Without limiting the generality of the foregoing, to the extent permitted by the Administrator, the Participant may satisfy, in whole or in part, the foregoing withholding liability by delivery of shares of Common Stock held by the Participant (which are fully vested and not subject to any pledge or other security interest) or by having the Company withhold from the number of Shares otherwise deliverable to the Participant hereunder Shares with a Fair Market Value as of the date that the amount of tax to be withheld is determined no greater than the aggregate amount of such withholding obligations based on the maximum statutory withholding rate in the Participant~~â€™~~s applicable jurisdiction for federal, state, local, and foreign income and payroll tax purposes. The Participant further agrees to make adequate provision for any sums required to satisfy all applicable federal, state, local, and foreign tax withholding obligations of the Company which may arise in connection with the Award. (b)The Participant acknowledges that the Company has made no warranties or representations to the Participant with respect to the tax consequences (including but not limited to income tax consequences) with respect to the transactions contemplated by this Agreement, and the Participant is in no manner relying on the Company or its representatives for an assessment of such tax consequences. The Participant acknowledges that there may be adverse tax consequences upon the grant or vesting of the Award and/or the acquisition or disposition of the Shares subject to the Award and that he or she has been advised that he or she should consult with his or her own attorney, accountant, and/or tax advisor regarding the decision to enter into this Agreement and the consequences thereof. The Participant also acknowledges that the Company has no responsibility to take or refrain from taking any actions in order to achieve a certain tax result for the Participant. 9.Compliance with Applicable Law. Upon the acquisition of any Shares pursuant to the vesting of the Award, the Participant will make or enter into such written representations, warranties, and agreements as the Administrator may reasonably request in order to comply with Applicable Law or with the Plan or this Agreement. Notwithstanding any other provision in the Plan or this Agreement to the contrary, the Company shall not be obligated to issue, deliver, or transfer Shares, make any other distribution of benefits, or take any other action, unless such delivery, distribution, or action is in compliance with Applicable Law (including but not limited to the requirements of the Securities Act). 10.Notices. Any notice necessary under this Agreement shall be addressed to the Company in care of its Secretary at the principal executive office of the Company and to the Participant at the address appearing in the personnel or business records of the Company for the Participant or to either party at such other address as either party hereto may hereafter designate in writing to the other. Any such notice shall be deemed effective upon receipt thereof by the addressee. 11.Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the state of Delaware without regard to conflicts of laws, and in accordance with applicable federal laws of the United States. Any and all disputes between the Participant or any person claiming through him or her and the Company or any Affiliate relating to the Plan or this Agreement shall be brought only in the state courts of Greenville, South Carolina, or the United States District Court for the District of South Carolina, Greenville division, as appropriate. 6A. 12.Award Subject to Plan. By entering into this Agreement, the Participant agrees and acknowledges that the Participant has received and read a copy of the Plan and Plan prospectus. The Participant acknowledges and agrees that the Award is subject to the Plan. The terms and provisions of the Plan, as they may be amended from time to time, are hereby incorporated herein by reference. In the event of a conflict between any express term or provision contained herein and a term or provision of the Plan, the applicable terms and provisions of the Plan will govern and prevail, unless the Administrator determines otherwise. 13.Signature in Counterparts. This Agreement may be signed in counterparts, each of which shall be an original, with the same effect as if the signatures thereto and hereto were upon the same instrument. 14.Amendment; Waiver; Superseding Effect. This Agreement may be modified or amended as provided in the Plan. The waiver by the Company of a breach of any provision of this Agreement by the Participant shall not operate or be construed as a waiver of any subsequent breach by the Participant. The Agreement supersedes any statements, representations, or agreements of the Company with respect to the grant of the Award or any related rights, and the Participant hereby waives any rights or claims related to any such statements, representations, or agreements. 15.Recoupment and Forfeiture. As a condition to receiving the Award, the Participant agrees that he or she shall abide by (a) the Company~~â€™~~s Dodd-Frank Act Compensation Recoupment (Clawback) Policy, (b) the Company~~â€™~~s Supplemental Compensation Recoupment (Clawback) Policy, (c) the Company~~â€™~~s Stock Ownership and Retention Policy (including but not limited to such policy~~â€™~~s stock retention requirements), and/or (d) other policies adopted by the Company or an Affiliate, each as in effect from time to time and to the extent applicable to the Participant. Further, the Participant shall be subject to such compensation recovery, recoupment, forfeiture, or other similar provisions as may apply under Applicable Law. 16.Administration. The authority to construe and interpret this Agreement and the Plan, and to administer all aspects of the Plan, shall be vested in the Administrator, and the Administrator shall have all powers with respect to this Agreement as are provided in the Plan, including but not limited to the sole authority to determine whether and to what degree the Award is earned and vested. Any interpretation of this Agreement by the Administrator and any decision made by it with respect to this Agreement is final and binding. 17.Severability. The provisions of this Agreement are severable and if any one or more provisions shall be held illegal or invalid for any reason, such illegality or invalidity shall not affect the remaining parts of this Agreement, and the Agreement shall be construed and enforced as if the illegal or invalid provision had not been included. 7A. 18.Right of Offset. Notwithstanding any other provision of the Plan or this Agreement, the Company may at any time (subject to any Code Section 409A considerations) reduce the amount of any payment or benefit otherwise payable to or on behalf of the Participant by the amount of any obligation of the Participant to the Company or an Affiliate that is or becomes due and payable, and, by entering into this Agreement, the Participant shall be deemed to have consented to such reduction. 19.Electronic Delivery and Acceptance. The Company may, in its sole discretion, elect to deliver the Agreement, the Plan, the Plan prospectus, Company annual reports, stockholder communications, and any other documents related to current or future participation in the Plan by electronic means. By entering into this Agreement, the Participant hereby consents to receive such documents by electronic delivery and agrees to participate in the Plan through an online or electronic system established and maintained by the Company or a third party designated by the Company. The Participant~~â€™~~s online or electronic acceptance of the Agreement constitutes the Participant~~â€™~~s agreement to the Agreement~~â€™~~s terms and the Participant~~â€™~~s acknowledgement that he or she has received the documents described above. (a)The Company hereby grants to the Participant an Award (the ~~an~~Award~~â€™~~) of Restricted Stock Units in the form of Performance Restricted Stock Units (~~an~~Performance Restricted Stock Units~~â€™~~ or ~~an~~PRSU~~â€™~~s), which Award represents a contingent right to acquire shares of Common Stock (the ~~an~~Shares~~â€™~~). Each PRSU is equivalent to one share of Common Stock for purposes of determining the number of shares of Common Stock subject to the Award. (b)For the purposes herein, the Shares subject to the Award are units that will be reflected in a book account maintained by the Company and that will be settled in shares of Common Stock if and only to the extent permitted under the Plan and this Agreement. In addition to other terms defined in the Agreement, whenever the following terms are used in this Agreement, they shall have the meanings set forth below. Capitalized terms not otherwise defined herein shall have the same meanings as in the Plan. (a)Cause. ~~an~~Cause~~â€™~~ shall mean a Participant~~â€™~~s termination of employment or service resulting from the Participant~~â€™~~s (i) termination for ~~an~~Cause~~â€™~~ as defined under the Participant~~â€™~~s employment, change in control, consulting, or other similar plan or agreement with or established by the Company or an Affiliate that is applicable to the Participant, if any, or (ii) if the Participant is not a participant in or has not entered into any such plan or agreement or, if any such plan or agreement does not define ~~an~~Cause~~â€™~~, then ~~an~~Cause~~â€™~~ shall mean: (A) the Participant~~â€™~~s engagement in misconduct which is materially injurious to the Company or its Affiliates, (B) the Participant~~â€™~~s continued refusal to substantially perform his or her duties to the Company, (C) the Participant~~â€™~~s repeated dishonesty in the performance of his or her duties to the Company, (D) the Participant~~â€™~~s commission of an act or acts constituting any (x) fraud against, or misappropriation or embezzlement from, the Company or any of its Affiliates, (y) crime involving moral turpitude, or (z) offense that could result in a jail sentence of at least one year, or (E) the Participant~~â€™~~s material breach of any confidentiality, non-solicitation, or non-competition covenant entered into between the Participant and the Company. The determination of ~~an~~Cause~~â€™~~ shall be made by the Administrator and its determination shall be final and conclusive. Without in any way limiting the effect of the foregoing, for purposes of the Plan and this Agreement, a Participant~~â€™~~s employment or service shall A also be deemed to have terminated for Cause if, after the Participant~~â€™~~s employment or service has terminated, facts and circumstances are discovered that would have justified, in the opinion of the Administrator, a termination for Cause. (b)Good Reason. ~~an~~Good Reason~~â€™~~ shall mean (i) ~~an~~Good Reason~~â€™~~ as defined under the Participant~~â€™~~s employment, change in control, consulting, or other similar plan or agreement with or established by the Company or an Affiliate that is applicable to the Participant, if any, or (ii) if the Participant is not a participant in or has not entered into any such plan or agreement or if any such plan or agreement does not define ~~an~~Good Reason~~â€™~~, then a Participant~~â€™~~s termination shall be for ~~an~~Good Reason~~â€™~~ if termination results due to any of the following without the Participant~~â€™~~s consent: a change caused by the Company in the Participant~~â€™~~s duties and responsibilities which is materially inconsistent with the Participant~~â€™~~s position at the Company, or a material reduction in the Participant~~â€™~~s annual base salary (excluding any reduction in the Participant~~â€™~~s salary that is part of a plan to reduce salaries of comparably situated employees of the Company generally); provided that, in any case, notwithstanding anything to the contrary in the foregoing subparts (i) or (ii), the Participant shall only have ~~an~~Good Reason~~â€™~~ to terminate employment or service following the applicable entit~~â€™~~y~~â€™~~s failure to remedy the act which is alleged to constitute ~~an~~Good Reason~~â€™~~ within thirty (30) days following such entit~~â€™~~y~~â€™~~s receipt of written notice from the Participant specifying such act, so long as such notice is provided within sixty (60) days after such event has first occurred (or after the Participant reasonably should have been aware of the first occurrence of such event). The determination of ~~an~~Good Reason~~â€™~~ shall be made by the Administrator and its determination shall be final and conclusive. (c)Qualifying Termination. ~~an~~Qualifying Termination~~â€™~~ shall mean the termination of employment or service of a Participant (i) as a result of the Participant~~â€™~~s death, Disability or Retirement, (ii) by the Company and/or its Affiliates without Cause, or (iii) by the Participant for Good Reason. (d)Retirement. ~~an~~Retirement~~â€™~~ shall have the meaning given such term under an employment, change in control, consulting, or other similar plan or agreement with or established by the Company or an Affiliate that is applicable to the Participant, if any, or if the Participant is not a participant in or has not entered into any such plan or agreement or if such plan or agreement does not define ~~an~~Retirement~~â€™~~, then ~~an~~Retirement~~â€™~~ shall mean (i) with respect to all Participants, the termination of employment by the Participant on or after either (A) the Participant~~â€™~~s attainment of age 65, or (B) the Participant~~â€™~~s attainment of age 55 and completion of ten (10) years of service; and (ii) with respect to the Chief Executive Officer only, the termination of employment by the Chief Executive Officer on or after both (A) the Chief Executive Officer~~â€™~~s attainment of age 55 and completion of at least five years of service, and (B) the date upon which the sum of the

Chief Executive Officerâ€™s age plus years of service equals 65. For this purpose, the Participant shall be credited with a year of service for each consecutive twelve-month period he or she is employed or in service during his or her period of employment or service with the Company. Employment or service shall not be deemed to be terminated or interrupted by a leave of absence, sick leave or vacation granted to the Participant by the Company. The Administrator shall have authority to determine if a Retirement has occurred. 3.Vesting; Forfeiture. (a)The actual number of Shares, if any, that may be earned and vested during the Performance Period, as set forth on the signature page hereto (the â€œPerformance Periodâ€), will be determined by the Administrator following the end of the Performance Period based on attainment of the performance goals, as set forth on the signature page hereto and as provided in Schedule A (the â€œPerformance Goalsâ€); provided, however, that, except as otherwise provided in this Section 3, the Award 2A shall not vest, in whole or in part, and the Participant shall not be entitled to any Shares, unless the Participant remains employed or in service from the Date of Grant until the Service Period Completion Date (as defined on the signature page hereto). To be clear, except as otherwise provided in the Agreement (including this Section 3), no Shares shall vest and be issuable to the Participant unless the Participant is continuously employed by or in service with the Company from the Date of Grant until the Service Period Completion Date and the Performance Goals are met. The Administrator has authority to determine whether and to what degree the Award shall be deemed earned and vested. (b)If the Participantâ€™s employment or service with the Company is terminated prior to the Service Period Completion Date for any reason other than a Qualifying Termination (including but not limited to a termination for Cause), the Award shall immediately terminate and the Participant shall have no rights with respect to the Award or the Shares underlying the Award. (c)Notwithstanding Sections 3(a) and (b) herein, if the Participantâ€™s employment or service with the Company is terminated prior to the Service Period Completion Date due to a Qualifying Termination, then a pro-rata portion of the Award, determined as of the date of the Qualifying Termination in accordance with the provisions of this Agreement, shall be eligible to be earned and vested based on attainment of the Performance Goals during the Performance Period as specified in this Agreement and Schedule A as if the Participantâ€™s employment or service had not terminated prior to the Service Period Completion Date. (d)Notwithstanding Sections 3(a) and (b) herein, in the event a Change of Control occurs during the Performance Period, the Award shall be deemed earned and vested as follows: (i)To the extent that the successor or surviving company in the Change of Control event does not assume or substitute for the Award (or in which the Company is the ultimate parent corporation and does not continue the Award) on substantially similar terms or with substantially equivalent economic benefits (as determined by the Administrator) as Awards outstanding under the Plan immediately prior to the Change of Control event, the Award shall be deemed earned and vested to the extent of the attainment of the Performance Goals set forth on Schedule A, calculated and determined as of (or as close in time as practicable to) the effective date of the Change of Control. (ii)Further, in the event that the Award is substituted, assumed or continued as provided in Section 3(d)(i) herein, the Award will be deemed earned to the extent of the attainment of the Performance Goals set forth on Schedule A, calculated and determined as of (or as close in time as practicable to) the effective date of the Change of Control, and will convert to a time-based RSU which will vest, subject to continued employment or service, on the last day of the Performance Period; provided that, if the Participantâ€™s employment or service is terminated by the Company or an Affiliate without Cause or by the Participant with Good Reason within (A) six months before or (B) one year after the effective date of a Change of Control, then the Award, to the extent earned based on the foregoing provisions of Section 3(d)(ii), shall be deemed vested as of the date of the Change of Control in the event subpart (A) herein applies or as of the date of the Participantâ€™s termination of employment or service in the event subpart (B) herein applies. (iii)Notwithstanding any other provision of the Plan to the contrary, in the event that the Participant has entered into or is a participant in a change in control, employment, consulting, or similar plan or agreement with or established by the Company or an Affiliate, the Participant shall be entitled to the greater of the benefits provided upon a Change of Control of the Company 3A under the Plan or the benefits provided upon a change of control of the Company under the other respective plan or agreement, and such other respective plan or agreement shall not be construed to reduce in any way the benefits otherwise provided to the Participant upon the occurrence of a Change of Control as defined in the Plan. 4.Settlement of Award; Delivery of Shares. (a)No certificate or certificates for Shares shall be issued at the time of grant of the Award. A certificate or certificates for the Shares underlying the Award (or, in the case of uncertificated Shares, other written evidence of ownership in accordance with Applicable Law) shall be issued in the name of the Participant (or his or her beneficiary) only in the event, and to the extent, that the Award has vested and been earned in accordance with the provisions of this Agreement, including Schedule A. Any Shares or other benefits payable pursuant to the Award shall (except as otherwise provided in this Section 4(a) in the event of a Change of Control), upon vesting and earning of the Award, be distributed to the Participant (or his or her beneficiary) no earlier than the date of the first anniversary of the Service Period Completion Date, but in any event within 70 days following the first anniversary of the Service Period Completion Date (such date of distribution, the â€œSettlement Dateâ€); provided that, if the Participantâ€™s employment is terminated due to Cause prior to the Settlement Date (for clarity, including but not limited to termination during the period between the Service Period Completion Date and the Settlement Date), then the Award shall be forfeited in its entirety and the Participant shall have no rights with respect to the Award or any Share or other benefits underlying the Award. Notwithstanding the foregoing, the Settlement Date shall be determined as follows in the event of a Change of Control: (a) any distributions as a result of a Change of Control as provided in Section 3(d)(i) or as provided in Section 3(d)(ii) due to a termination of employment not for Cause by the Company or an Affiliate or by the Participant for Good Reason within six months before the Change of Control shall be paid within 70 days following the date of the Change of Control; (b) any distributions under Section 3(d)(ii) due to the termination of employment or service by the Company or an Affiliate not for Cause or by the Participant for Good Reason within one year following a Change of Control shall be paid within 70 days following the Participantâ€™s Termination Date; and (c) any distributions as a result of a Change of Control as provided in Section 3(d)(ii) other than due to a termination of employment by the Company or an Affiliate not for Cause or by the Participant for Good Reason (that is, a distribution as a result of continued employment or service until the end of the Performance Period) shall be paid within 70 days following the end of the Performance Period. If the 70-day period described in this Section 4(a) begins in one calendar year and ends in another, the Participant (or his or her beneficiary) shall not have the right to designate the calendar year of the payment (except as permitted by Code Section 409A or otherwise provided below with respect to a delay in payments if the Participant is a â€œspecified employeeâ€). Further, if calculation of the amount of the payment is not administratively practicable due to events beyond the control of the Participant (or his or her beneficiary), the payment will be treated as made within the applicable 70-day time period specified herein if the payment is made during the first taxable year of the Participant in which the calculation of the amount of the payment is administratively practicable or otherwise in accordance with Code Section 409A. Notwithstanding the foregoing, if the Participant is or may be a â€œspecified employeeâ€ (as defined under Code Section 409A), and the distribution is considered deferred compensation under Code Section 409A, then such distribution if made due to separation from service shall be subject to delay as provided in Section 20 of the Plan (or any successor provision thereto). (b)Except as otherwise provided in this Section 4(b), the Participant shall not be deemed to be the holder of any Shares subject to the Award and shall not have any dividend rights, voting rights or other rights as a stockholder unless and until (and only to the extent that) the Award has vested and been earned and certificates for such Shares have been issued to him or her (or, in the case of uncertificated 4A shares, other written evidence of ownership in accordance with Applicable Law shall have been provided). As of any date that the Company pays an ordinary cash dividend on its common stock, the Company shall credit to the Participantâ€™s book account a dollar amount equal to (i) the per share cash dividend paid by the Company on its Common Stock on such date, multiplied by (ii) that number of Shares equal to the number of Target PRSUs (â€œTarget PRSUsâ€) set forth on the signature page hereto (a â€œDividend Equivalent Rightâ€). Any Dividend Equivalent Rights credited pursuant to the foregoing provisions of this Section 4(b) shall be subject to the same vesting, earning, Performance Goals, payment, and other terms, conditions and restrictions as the Shares subject to the Award (and, for clarification, shall not be paid unless and until the corresponding portion of the Shares subject to the Award have been earned, vested and settled); provided, however, that the amount of any Dividend Equivalent Rights that become earned, vested and entitled to settlement pursuant to the terms of this Agreement and Schedule A shall be paid in cash. (c)Notwithstanding any other provision of the Plan or this Agreement to the contrary, no Shares shall be distributable upon vesting of the Award prior to the completion of any registration or qualification of the Award or the Shares under any Applicable Law (including, but not limited to, the requirements of the Securities Act) that the Administrator shall in its sole discretion determine to be necessary or advisable. (d)The Company shall not be liable to the Participant for damages relating to any delays in issuing the certificates to him or her (subject to any Code Section 409A requirements), any loss of the certificates, or any mistakes or errors in the issuance of the certificates or in the certificates themselves. Notwithstanding the foregoing, the issuance of Shares may, in the Companyâ€™s discretion, be effected on a non-certificated basis, to the extent permitted under the Plan. (e)The Award, if vested in accordance with the terms of this Agreement, shall be payable in whole Shares. The total number of Shares that may be acquired upon settlement of the Award (or portion thereof) shall be rounded down to the nearest whole share. 5.No Right to Continued Employment or Service; No Right to Further Awards. Neither the Plan nor this Agreement nor any other action related to the Plan shall confer upon the Participant any right to continue in the employ or service of the Company or an Affiliate or interfere in any way with the right of the Company or an Affiliate to terminate the Participantâ€™s employment or service at any time. Except as otherwise provided in the Plan or this Agreement, or as may be determined by the Administrator, all rights of the Participant with respect to the unvested portion of the Award shall terminate on the Participantâ€™s Termination Date. The grant of the Award does not create any obligation to grant further awards. 6.Legend on Certificates. The Shares acquired upon vesting of the Award shall be subject to the rules, regulations, and other requirements of the Securities and Exchange Commission, any stock exchange upon which such Shares are listed and any other Applicable Law, and the Administrator may cause a restrictive legend or legends to be put on any certificates for such Shares to make appropriate reference to such restrictions. 7.Transferability. The Award may not be assigned, alienated, pledged, attached, sold, or otherwise transferred or encumbered by the Participant other than transfers for no consideration by will or by the laws of descent and distribution, and any such purported assignment, alienation, pledge, attachment, sale, transfer, or 5A encumbrance shall be void and unenforceable against the Company or any Affiliate; provided that the designation of a beneficiary shall not constitute an assignment, alienation, pledge, attachment, sale, transfer, or encumbrance. No such permitted transfer of the Award to heirs or legatees of the Participant shall be effective to bind the Company unless the Administrator shall have been furnished with written notice thereof and a copy of such evidence as the Administrator may deem necessary to establish the validity of the transfer and the acceptance by the transferee or transferees of the terms and conditions hereof. 8.Withholding; Tax Consequences. (a)Prior to the delivery of a certificate or certificates for the Shares subject to the Award (or other written evidence of ownership), the Participant may be required to pay to the Company or any Affiliate in cash the amount of any tax or other amount required by any governmental authority to be withheld and paid over by the Company or an Affiliate to such authority for the account of the Participant. Notwithstanding the foregoing, the Company shall have the right and is hereby authorized to withhold (including from payroll or any other amounts payable to the Participant), any applicable withholding taxes in respect of the Award, its vesting, or any payment or transfer under or with respect to the Award and to take such other action as may be necessary in the opinion of the Administrator to satisfy all obligations for the payment of such withholding taxes. Without limiting the generality of the foregoing, to the extent permitted by the Administrator, the Participant may satisfy, in whole or in part, the foregoing withholding liability by delivery of shares of Common Stock held by the Participant (which are fully vested and not subject to any pledge or other security interest) or by having the Company withhold from the number of Shares otherwise deliverable to the Participant hereunder Shares with a Fair Market Value as of the date that the amount of tax to be withheld is determined no greater than the aggregate amount of such withholding obligations based on the maximum statutory withholding rate in the Participantâ€™s applicable jurisdiction for federal, state, local, and foreign income and payroll tax purposes. The Participant further agrees to make adequate provision for any sums required to satisfy all applicable federal, state, local, and foreign tax withholding obligations of the Company which may arise in connection with the Award. (b)The Participant acknowledges that the Company has made no warranties or representations to the Participant with respect to the tax consequences (including but not limited to income tax consequences) with respect to the transactions contemplated by this Agreement, and the Participant is in no manner relying on the Company or its representatives for an assessment of such tax consequences. The Participant acknowledges that there may be adverse tax consequences upon the grant or vesting of the Award and/or the acquisition or disposition of the Shares subject to the Award and that he or she has been advised that he or she should consult with his or her own attorney, accountant, and/or tax advisor regarding the decision to enter into this Agreement and the consequences thereof. The Participant also acknowledges that the Company has no responsibility to take or refrain from taking any actions in order to achieve a certain tax result for the Participant. 9.Compliance with Applicable Law. Upon the acquisition of any Shares pursuant to the vesting of the Award, the Participant will make or enter into such written representations, warranties, and agreements as the Administrator may reasonably request in order to comply with Applicable Law or with the Plan or this Agreement. Notwithstanding any other provision in the Plan or this Agreement to the contrary, the Company shall not be obligated to issue, deliver or transfer Shares, make any other distribution of benefits, or take any other action, unless such delivery, distribution, or action is in compliance with Applicable Law (including but not limited to the requirements of the Securities Act). 6A 10.Notices. Any notice necessary under this Agreement shall be addressed to the Company in care of its Secretary at the principal executive office of the Company and to the Participant at the address appearing in the personnel or business records of the Company for the Participant or to either party at such other address as either party hereto may hereafter designate in writing to the other. Any such notice shall be deemed effective upon receipt thereof by the addressee. 11.Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the state of Delaware without regard to conflicts of laws, and in accordance with applicable federal laws of the United States. Any and all disputes between the Participant or any person claiming through him or her and the Company or any Affiliate relating to the Plan or this Agreement shall be brought only in the state courts of Greenville, South Carolina, or the United States District Court for the District of South Carolina, Greenville division, as appropriate. 12.Award Subject to Plan. By entering into this Agreement, the Participant agrees and acknowledges that the Participant has received and read a copy of the Plan and Plan prospectus. The Participant acknowledges and agrees that the Award is subject to the Plan. The terms and provisions of the Plan, as they may be amended from time to time, are hereby incorporated herein by reference. In the event of a conflict between any express term or provision contained herein and a term or provision of the Plan, the applicable terms and provisions of the Plan will govern and prevail, unless the Administrator determines otherwise. 13.Signature in Counterparts. This Agreement may be signed in counterparts, each of which shall be an original, with the same effect as if the signatures thereto and hereto were upon the same instrument. 14.Amendment; Waiver; Superseding Effect. This Agreement may be modified or amended as provided in the Plan. The waiver by the Company of a breach of any provision of this Agreement by the Participant shall not operate or be construed as a waiver of any subsequent breach by the Participant. The Agreement supersedes any statements, representations, or agreements of the Company with respect to the grant of the Award or any related rights, and the Participant hereby waives any rights or claims related to any such statements, representations, or agreements. 15.Recompound and Forfeiture. As a condition to receiving the Award, the Participant agrees that he or she shall abide by (a) the Companyâ€™s Dodd-Frank Act Compensation Recoupment (Clawback) Policy, (b) the Companyâ€™s Supplemental Compensation Recoupment (Clawback) Policy, (c) the Companyâ€™s Stock Ownership and Retention Policy (including but not limited to such policyâ€™s stock retention requirements) and/or (d) other policies adopted by the Company or an Affiliate, each as in effect from time to time and to the extent applicable to the Participant. Further, the Participant shall be subject to such compensation recovery, recoupment, forfeiture, or other similar provisions as may apply under Applicable Law. 7A 16.Administration. The authority to construe and interpret this Agreement and the Plan, and to administer all aspects of the Plan, shall be vested in the Administrator, and the Administrator shall have all powers with respect to this Agreement as are provided in the Plan, including but not limited to the sole authority to determine whether and to what degree the Award is earned and vested. Any interpretation of this Agreement by the Administrator and any decision made by it with respect to this Agreement is final and binding. 17.Severability. The provisions of this Agreement are severable and if any one or more provisions shall be held illegal or invalid for any reason, such illegality or invalidity shall not affect the remaining parts of this Agreement, and the Agreement shall be construed and enforced as if the illegal or invalid provision had not been included. 18.Right of Offset. Notwithstanding any other provision of the Plan or this Agreement, the Company may at any time (subject to any Code Section 409A considerations) reduce the amount of any payment or benefit otherwise payable to or on behalf of the Participant by the amount of any obligation of the Participant to the Company or an Affiliate that is or becomes due and payable, and by entering into this Agreement, the Participant shall be deemed to have consented to such reduction. 19.Electronic Delivery and Acceptance. The Company may, in its sole discretion, elect to deliver the Agreement, the Plan, the Plan prospectus, Company annual reports, stockholder communications, and any other documents related to current or future participation in the Plan by electronic means. By entering into this Agreement, the Participant hereby consents to receive such documents by electronic delivery and agrees to participate in the Plan through an online or electronic system established and maintained by the Company or a third

agreement to the Agreement's terms and the Participant's acknowledgement that he or she has received the documents described above. Purpose of the Plan; Eligibility The purpose of the Plan is to enable the Company to attract, retain, motivate, and reward selected officers and other employees of the Company and its Affiliates by providing them with the opportunity to earn incentive compensation awards (each, an "award" or "bonus") based on attainment of performance

objectives. Officers and other employees of the Company and its Affiliates who are selected by the Committee shall be eligible to participate in the Plan. 2. Definitions In addition to other terms defined herein, the following capitalized terms used in the Plan have the respective meanings set forth in this Section: (a)Affiliate means any Parent or Subsidiary of the Company, and also includes any other business entity which is controlled by, under common control with, or controls the Company. (b)Applicable Law means any applicable laws, rules, and regulations (or similar guidance), including but not limited to the Code. (c)Board shall mean the Board of Directors of the Company. (d)Change of Control shall (except as may be otherwise required, if at all, under Code Section 409A) be deemed to have occurred on the earliest of the following dates: (i)The date any entity or person shall have become the beneficial owner of, or shall have obtained voting control over, more than fifty percent (50%) of the total voting power of the Company's then outstanding voting stock; (ii)The date of the consummation of (A) a merger, consolidation, recapitalization, or reorganization of the Company (or similar transaction involving the Company), in which the holders of the Company's common stock immediately prior to the transaction have voting control over less than fifty percent (50%) of the voting securities of the surviving corporation immediately after such transaction, or (B) the sale or disposition of all or substantially all the assets of the Company; (iii)The date there shall have been a change in a majority of the Board within a 12-month period unless the nomination for election by the Company's stockholders or the appointment of each new director (other than as a result of any settlement of a proxy or consent solicitation contest or any action taken to avoid such a contest) was approved by the vote of two-thirds of the members of the Board (or a committee of the Board, if nominations are approved by a Board committee rather than the Board) then still in office who were in office at the beginning of the 12-month period; or (iv)The date on which the stockholders of the Company approve of a complete liquidation or dissolution of the Company to the extent that stockholder approval is required by Applicable Law. (For the purposes herein, the term "person" shall mean any individual, corporation, partnership, group, association, or other person, as such term is defined in Section 13(d)(3) or Section 14(d)(2) of the Exchange Act, other than the Company, a Subsidiary of the Company, or any employee benefit plan(s) sponsored or maintained by the Company or any Subsidiary thereof, and the term "beneficial owner" shall have the meaning given in the term in Rule 13d-3 under the Exchange Act.) For the purposes of clarity, a transaction shall not constitute a Change of Control if its principal purpose is to change the state of the Company's incorporation, create a holding company that would be owned in substantially the same proportions by the persons who held the Company's securities immediately before such transaction, or is another transaction of other similar effect. Notwithstanding the preceding provisions of Section 2(d), in the event that any awards granted under the Plan are deemed to be deferred compensation subject to (and not exempt from) the provisions of Code Section 409A, then distributions related to such awards to be made upon a Change of Control may be permitted, in the Committee's discretion (if and to the extent permitted under Code Section 409A), upon the occurrence of one or more of the following events (as they are defined and interpreted under Code Section 409A): (A) a change in the ownership of the Company; (B) a change in effective control of the Company; or (C) a change in the ownership of a substantial portion of the assets of the Company. The Administrator shall have full and final authority, in its discretion (subject to any Code Section 409A considerations), to determine whether a Change of Control of the Company has occurred, the date of the occurrence of the Change of Control, and any incidental matters related thereto. (e)Code means the Internal Revenue Code of 1986, as amended, or any successor thereto. Any reference herein to a specific Code section shall be deemed to include all related regulations or other guidance with respect to such Code section. (f)Committee shall mean the Human Resources and Compensation Committee of the Board (or a subcommittee thereof), the Board, or such other committee of the Board to which the Board has delegated power to act under or pursuant to the provisions of the Plan. For clarity, the term "Committee" includes the Board (or subcommittee of the Committee or other committee of the Board) if exercising the authority of the Committee under the Plan. (g)Company means Regional Management Corp., a Delaware corporation, together with any successor thereto. In the Committee's discretion, the term "Company" may also refer to the Company and any or all of its Affiliates. (h)[Reserved.] (i)[Reserved.] (j)Disability or Disabled shall, except as may be otherwise determined by the Committee (taking into account any Code Section 409A considerations), as applied to any Participant, have the meaning given in any severance or change in control plan or agreement, employment agreement, 2A consulting agreement, or other similar arrangement, if any, that is applicable to the Participant, or, if there is no such plan, agreement, or arrangement applicable to the Participant (or if such plan, agreement, or arrangement does not define Disability or Disabled), Disability or Disabled shall mean the inability of the Participant to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death, or which has lasted or can be expected to last for a continuous period of not less than 12 months. The Committee shall have authority to determine if a Disability has occurred. (k)Exchange Act shall mean the Securities Exchange Act of 1934, as amended, or any successor thereto. (l)Parent shall mean a parent corporation, whether now or hereafter existing, as defined in Code Section 424(e). (m)Participant shall mean each officer and other employee of the Company or any of its Affiliates whom the Committee designates as a participant under the Plan. (n)Person shall mean "person," as such term is used for purposes of Section 13(d) or 14(d) of the Exchange Act. (o)Performance Period shall mean a period established by the Committee during which performance shall be measured to determine if any bonuses will be paid under the Plan. A Performance Period may be coincident with one or more fiscal years or fiscal quarters of the Company, or any portion thereof, and performance periods may be overlapping. (p)Plan shall mean the Regional Management Corp. Annual Incentive Plan, as amended and restated effective May 16, 2024, and as it may be further amended and/or restated. (q)Share shall mean a share of common stock of the Company, or any successor securities thereto. (r)Subsidiary shall mean a subsidiary corporation, whether now or hereafter existing, as defined in Code Section 424(f) (or any successor section thereto). 3. Administration (a)The Plan shall be administered and interpreted by the Committee; provided, however, that the Board may, in its sole discretion, take any action delegated to the Committee under this Plan as it may deem necessary. Members of the Committee shall be deemed independent if and to the extent required under applicable rules of any applicable stock exchange or national securities association. The Committee shall select Participants, establish the performance objective(s) for any Performance Period in accordance with Section 4, and determine whether and to what extent such performance objective(s) have been obtained. Any determination made by the Committee under the Plan shall be final, conclusive, and binding on the Company, any of its Subsidiaries or other Affiliates, any Participant, and any other person. The Committee's authority to grant awards and authorize payments under the Plan shall not in any way restrict the authority of the Company to grant compensation to employees or other service providers under any other compensation plan, program, or arrangement of the Company. 3A (b)The Committee may employ such legal counsel, consultants, and agents (including counsel or agents who are employees of the Company or any of its Subsidiaries) as it may deem desirable for the administration of the Plan and may rely upon any opinion received from any such counsel or consultant or agent and any computation received from such consultant or agent. All expenses incurred in the administration of the Plan, including, without limitation, for the engagement of any counsel, consultant, or agent, shall be paid by the Company. No member or former member of the Board or the Committee shall be liable for any act, omission, interpretation, construction, or determination made in connection with the Plan other than as a result of such individual's willful misconduct. (c)The Committee may delegate ministerial authority under the Plan to selected officers, employees, or agents of the Company, subject to the requirements of Applicable Law and such terms and conditions as may be established by the Committee. The Committee also shall have the authority and discretion to establish terms and conditions of awards (including but not limited to the establishment of subplans) as the Committee determines to be necessary or appropriate to conform to the applicable requirements or practices of jurisdictions outside of the United States. 4. Bonuses (a)Performance Objectives. The Committee shall select those persons who shall be eligible to participate in the Plan and shall establish the performance objective or objectives that must be satisfied during a Performance Period in order for a Participant to be eligible to receive a bonus for such Performance Period. The performance objective(s) established by the Committee may be based on individual, business unit/division/function, and/or corporate performance measures, and such performance measures may be objective or subjective. Such performance measures may include but are in no way limited to the following, as determined by the Committee: (i) consolidated income before or after taxes (including income before interest, taxes, depreciation and amortization); (ii) EBITDA; (iii) adjusted EBITDA; (iv) operating income; (v) net income; (vi) adjusted cash net income; (vii) adjusted cash net income per share; (viii) net income per share and/or earnings per share (in each case, on a basic and/or diluted basis); (ix) book value per share; (x) return on members' equity; or stockholders' equity; (xi) expense management (including, without limitation, total general and administrative expense percentages); (xii) return on investment; (xiii) improvements in capital structure; (xiv) profitability of an identifiable business unit or product; (xv) maintenance or improvement of profit margins; (xvi) stock price; (xvii) market share; (xviii) revenue or sales (including, without limitation, net loans charged off, average finance receivables, net loans charged off as percent of average net finance receivables, and net finance receivables); (xix) costs (including, without limitation, total general and administrative expense percentage); (xx) cash flow; (xxi) working capital; (xxii) multiple of invested capital; (xxiii) total debt (including, without limitation, total debt as a multiple of EBITDA); (xxiv) total return; and (xxv) environmental, social, and governance (ESG) factors (including but not limited to diversity, equity and inclusion and talent management), crisis management, and/or other factors. The foregoing criteria may relate to the Company, one or more of its Subsidiaries or other Affiliates, or one or more of its divisions, departments or units, or any combination of the foregoing, and may be applied on an absolute basis, in relation to performance in a prior period and/or in relation to one or more peer group companies, indices, or other relative measures, or any combination thereof, all as the Committee shall determine. (b)Target Incentive Bonuses. The Committee shall establish target incentive bonuses for each individual Participant for each Performance Period. 4A (c)Determination of Bonuses; Maximum Amount Payable. As soon as practicable after the applicable Performance Period ends, the Committee shall determine (i) whether and to what extent any of the performance objective(s) established for the relevant Performance Period have been satisfied, and (ii) for each Participant who is employed by the Company or one of its Subsidiaries or other Affiliates on the last day of the applicable Performance Period (unless otherwise determined by the Committee), the actual bonus, if any, to which such Participant shall be entitled, taking into consideration the extent to which the performance objective(s) have been met and such other factors as the Committee may deem appropriate. Payment of any bonuses that have been earned shall be made in accordance with Section 5. For clarity, a bonus shall not be deemed earned by a Participant unless and until the Committee determines the extent, if any, to which such bonus has been earned. Further, any provision of this Plan notwithstanding, in no event shall any Participant receive a bonus under this Plan in respect of any fiscal year of the Company in excess of \$3,000,000. (d)Discretion. Notwithstanding any other provision in the Plan, the Committee shall have the unilateral right, in its absolute discretion, to increase, reduce, or eliminate the amount of an award granted to any Participant, including an award otherwise earned and payable pursuant to the terms of the Plan (subject to the Participant award limitations stated in Section 4(c)). The establishment of the Plan does not limit the authority of the Committee to grant bonuses (including bonuses outside of the Plan) to such eligible persons as may be determined by the Committee based on such performance objectives as may be established by the Committee (subject, with respect to bonuses granted under the Plan, to the Participant award limitation stated in Section 4(c) herein). (e)Death or Disability. If a Participant dies or becomes Disabled prior to the last day of the applicable Performance Period, such Participant may, in the Committee's discretion, receive an annual bonus equal to the bonus otherwise payable to such Participant based upon actual Company performance for the applicable Performance Period or, if determined by the Committee, based upon achieving targeted performance objectives, multiplied by a fraction, the numerator of which is the number of days that have elapsed during the Performance Period in which the Participant's death or Disability occurs prior to and including the date of the Participant's death or Disability and the denominator of which is the total number of days in the Performance Period, or such other amount as the Committee may deem appropriate. (f)Other Termination of Employment. Unless otherwise determined by the Committee and except as may otherwise be provided in Section 4(e) above or pursuant to the terms of any severance or change in control plan or agreement, employment agreement, consulting agreement or similar plan, agreement, or arrangement that is applicable to the Participant, no bonuses shall be payable under this Plan in respect of any Performance Period to any Participant whose employment terminates prior to the last day of such Performance Period. (g)Partial Performance Period. Unless otherwise determined by the Committee, if a Participant is hired or rehired by the Company (or any of its Subsidiaries or other Affiliates), or otherwise selected to be a participant in the Plan, after the beginning of a Performance Period for which a bonus is payable hereunder, such Participant may, if determined by the Committee, receive a bonus equal to the bonus otherwise payable to such Participant based upon actual Company performance for the applicable Performance Period or, if determined by the Committee, based upon achieving targeted performance objectives, multiplied by a fraction, the numerator of which is the number of days of active employment with the Company (or any of its Subsidiaries or other Affiliates) during the Performance Period and the denominator of which is the total number of days in the Performance Period, or such other amount as the Committee may deem appropriate. 5A (h)Change of Control. In the event of a Change of Control, the Committee (as constituted immediately prior to the Change of Control) shall, in its sole discretion, determine whether and to what extent the performance criteria have been met or shall be deemed to have been met for the year in which the Change of Control occurs and for any completed Performance Period for which a determination has not yet been made under Section 4(c). (i)Forfeiture/Clawback. Notwithstanding anything in the Plan to the contrary, the Committee may in its discretion at any time provide that an award or benefits related to an award shall be forfeited and/or recouped if the Participant, during employment or service or following termination of employment or service for any reason, engages in certain specified conduct, including but not limited to violation of policies of the Company or an Affiliate, breach of non-solicitation, noncompetition, confidentiality, or other restrictive covenants, or other conduct by the Participant that is determined by the Committee to be detrimental to the business or reputation of the Company or any Affiliate. In addition, without limiting the effect of the foregoing, as a condition to the grant of an award or receipt of any benefit under the Plan, each Participant shall be deemed to have agreed to comply with the Company's Dodd-Frank Act Compensation Recoupment (Clawback) Policy, Supplemental Compensation Recoupment (Clawback) Policy, Stock Ownership and Retention Policy (including but not limited to such policy's stock retention requirements), and/or other policies adopted by the Company or an Affiliate, each as in effect from time to time and to the extent applicable to the Participant. Further, each Participant shall be subject to such compensation recovery, recoupment, forfeiture or other similar provisions as may apply under Applicable Law. (j)Adjustments. The Committee is authorized at any time before, during, or after a Performance Period, in its discretion, to adjust or modify the terms of awards or performance measures, or specify new awards, due to such factors as the Committee determines to be relevant, including but in no way limited to extraordinary items, transactions, events or developments; in recognition of any other unusual, nonrecurring or infrequent events affecting the Company or the financial statements of the Company; changes in Applicable Law, accounting principles, tax rates (and interpretations thereof); the occurrence of acquisitions or divestitures, significant litigation or claim judgments or settlements, asset write-downs or impairment charges, foreign exchange gains and losses, a change in the Company's fiscal year, or business conditions or the Committee's assessment of the business strategy of the Company; or due to any other specific unusual or infrequent events, in each case as determined by the Committee. 5. Payment (a)General. Except as otherwise provided hereunder, payment of any bonus amount determined under Section 4 shall be made to each Participant as soon as practicable after the Committee determines the extent, if any, to which one or more of the applicable performance objectives have been attained and the amount, if any, of any bonus earned by each Participant; provided, however, that in any event all payments made hereunder shall be structured in a manner intended to be in accordance with or exempt from the requirements of Code Section 409A. Without limiting the effect of the foregoing, awards payable under the Plan shall be paid no later than the later of (i) the 15th day of the third month following the end of the Participant's first taxable year in which the right to payment is no longer subject to a substantial risk of forfeiture, or (ii) the 15th day of the third month following the end of the Company's first taxable year in which the right to payment is no longer subject to a substantial risk of forfeiture, or shall otherwise be structured in a manner intended to be exempt from or in compliance with Code Section 409A. In the Committee's discretion, payment of any bonus may be conditioned upon the Participant's execution of a waiver and release in form acceptable to the Committee, which waiver and release must 6A be executed and have become irrevocable prior to the expiration of the time periods described in the preceding sentence. (b)Form of Payment. All bonuses under this Plan shall be payable in cash, or, at the discretion of the Committee, in awards or Shares under the Company's 2024 Long-Term Incentive Plan, 2015 Long-Term Incentive Plan, 2011 Stock Incentive Plan, or any successor plan, in each case as such plan may be amended from time to time. 6. General Provisions (a)Effectiveness of the Plan. The Plan became effective on the date on which it was adopted by the Board (August 23, 2011, the "Effective Date"), subject to the approval of the stockholders of the Company, which approval was obtained. The Plan was amended and restated effective March 23, 2015 and further amended and restated effective May 16, 2024. The Plan as amended and restated effective May 16, 2024 shall apply with respect to awards granted on or after January 1, 2024 unless the Committee determines otherwise. The Plan shall be subject to further stockholder approval if and to the extent required under Applicable Law. (b)Amendment and Termination. The Board or the Committee may at any time amend, suspend, discontinue, or terminate the Plan and any awards granted under the Plan; provided, however, that approval of an amendment to the Plan by the stockholders of the Company shall be required to the extent, if any, that

stockholder approval is required under Applicable Law. Further, the Committee shall have unilateral authority to amend the Plan and any award (without Participant consent) to the extent necessary to comply with Applicable Law or changes to Applicable Law. (c)No Right to Continued Employment or Awards. Nothing in this Plan shall be construed as conferring upon any Participant any right to continue in the employment of or service to the Company or any of its Subsidiaries or other Affiliates. Except as may be otherwise provided in the Plan or determined by the Board or the Committee, all rights of a Participant with respect to an award shall terminate upon the Participant's termination of employment or service. No Participant shall have any claim to be granted any award, and there is no obligation for uniformity of treatment of Participants or beneficiaries. The terms and conditions of awards and the Committee's determinations and interpretations with respect thereto need not be the same with respect to each Participant (whether or not the Participants are similarly situated). (d)No Limitation on Corporate Actions. Nothing contained in the Plan shall be construed to prevent the Company or any of its Affiliates from taking any corporate action which is deemed by it to be appropriate or in its best interest, whether or not such action would have an adverse effect on any awards made under the Plan. No employee, beneficiary, or other person shall have any claim against the Company or any of its Affiliates as a result of any such action. Further, notwithstanding any other Plan provision to the contrary, the Company shall not be obligated to make any distribution of benefits under the Plan, or take any other action, unless such distribution or action is in compliance with Applicable Law. (e)Successors and Assigns; Nonalienation of Benefits. The Plan shall be binding upon the Company, its successors and assigns, and Participants, their legal representatives, executors, administrators, and beneficiaries. No Participant or beneficiary shall have the power or right to transfer, anticipate, or otherwise encumber the Participant's interest under the Plan, without the Company's consent. The Company's obligations under this Plan are not assignable or transferable except to (i) a 7A corporation which acquires all or substantially all of the Company's assets or (ii) any corporation into which the Company may be merged or consolidated. (f)Withholding; Other Tax Matters. Participants are solely responsible and liable for the satisfaction of all taxes and penalties that may arise in connection with participation in the Plan (including but not limited to any taxes arising under Code Section 409A). A Participant shall be required to pay to the Company or any of its Affiliates and the Company or any of its Affiliates shall have the right and is hereby authorized to withhold from any payment due under this Plan or from any compensation or other amount owing to the Participant, applicable withholding taxes with respect to any payment under this Plan and to take such action as may be necessary in the opinion of the Company to satisfy all obligations for the payment of such withholding taxes. The Company has no responsibility to take or refrain from taking any actions in order to achieve a certain tax result for a Participant or any other person, or to indemnify or gross up any Participant or other person with respect to any tax obligations. (g)Severability. If any provision of this Plan is held unenforceable, the remainder of the Plan shall continue in full force and effect without regard to such unenforceable provision and shall be applied as though the unenforceable provision were not contained in the Plan. (h)Governing Law. The Plan shall be governed by and construed in accordance with the laws of the State of Delaware without regard to conflicts of laws, and any and all disputes by a Participant relating to the Plan shall be brought only in the state courts of Greenville, South Carolina, or the United States District Court for the District of South Carolina, Greenville division, as appropriate. (i)Headings. Headings are inserted in this Plan for convenience of reference only and are to be ignored in a construction of the provisions of the Plan. (j)Compliance with Section 409A. Notwithstanding any other provision in the Plan or an award to the contrary, if and to the extent that Code Section 409A is deemed to apply to the Plan or any award, it is the general intention of the Company that the Plan and all such awards shall, to the extent practicable, comply with, or be exempt from, Code Section 409A, and the Plan and any such awards shall, to the extent practicable, be construed in accordance therewith. Deferrals of any benefit distributable under the Plan otherwise exempt from Code Section 409A in a manner that would cause Code Section 409A to apply shall not be permitted unless such deferrals are in compliance with, or exempt from, Code Section 409A. In the event that the Company (or a successor thereto) has any stock which is publicly traded on an established securities market or otherwise, distributions that are subject to Code Section 409A to any Participant who is a "specified employee" (as defined under Code Section 409A) upon a separation from service may only be made following the expiration of the six-month period after the date of separation from service (with such distributions to be made during the seventh month following separation of service), or, if earlier than the end of the six-month period, the date of death of the specified employee, or as otherwise permitted under Code Section 409A. For purposes of Code Section 409A, each installment payment provided under the Plan or an award shall be treated as a separate payment. Without in any way limiting the effect of any of the foregoing, (i) in the event that Code Section 409A requires that any special terms, provisions, or conditions be included in the Plan or any award, then such terms, provisions, and conditions shall, to the extent practicable, be deemed to be made a part of the Plan or award, as applicable, and (ii) terms used in the Plan or an award shall be construed in accordance with Code Section 409A if and to the extent required. Further, in the event that the Plan or any award shall be deemed not to comply with Code Section 409A, then neither the Company, the Board, the Committee, 8A nor its or their designees or agents shall be liable to any Participant or other person for actions, decisions, or determinations made in good faith. (k)No Trust; Unfunded Plan. The Company shall not be required to establish or maintain a special fund or segregate assets with respect to any obligations under the Plan, and neither a Participant nor any other person shall have any interest in any particular assets of the Company. Nothing contained in the Plan shall be construed as creating a trust of any kind or any other fiduciary relationship between the Company and the Participants or any other person or constitute a guarantee that the assets of the Company shall be sufficient to pay any benefits. To the extent that any person acquires a right to receive payments under the Plan, such right shall be no greater than the right of an unsecured creditor of the Company. 9A EX-31.1 8-rm-ex31 1.htm EX-31.1 EX-31.1 EXHIBIT 31.1 CERTIFICATION I, Robert W. The Company formerly offered retail loans but ceased accepting applications for retail loan products effective November 2022. The Company continues to own and service its existing portfolio of retail loans. As of June 30, 2024, the Company operated under the name æœRegional Financeæœ online and in branch locations in 19 states across the United States. The Companyæœ™s large loan receivables are direct loans to customers, some of which are convenience check receivables and the vast majority of which are secured by non-essential household goods, automobiles, and/or other vehicles. Convenience checks are direct loans originated by mailing checks to customers based on a pre-screening process that includes a review of the prospective customeræœ™s credit profile provided by national credit reporting bureaus or data aggregators. A recipient of a convenience check is able to enter into a loan by endorsing and depositing or cashing the check. The Companyæœ™s small loan portfolio is comprised of branch small loan receivables and convenience check receivables. Branch small loan receivables are direct loans to customers and are secured by non-essential household goods and, in some instances, an automobile. Retail loan receivables consist principally of retail installment sales contracts collateralized by the purchased furniture, appliances, and other retail items and are initiated by and purchased from retailers, subject to the Companyæœ™s credit approval. The Companyæœ™s loan volume and contractual delinquency follow seasonal trends. Demand for the Companyæœ™s loans is typically highest during the second, third, and fourth quarters, which the Company believes is largely due to customers borrowing money for vacation, back-to-school, and holiday spending. Loan demand has generally been the lowest during the first quarter, which the Company believes is largely due to the timing of income tax refunds. Delinquencies generally reach their lowest point in the first half of the year and rise in the second half of the year. Changes in quarterly growth or liquidation could result in larger allowance for credit loss releases in periods of portfolio liquidation and larger provisions for credit losses in periods of portfolio growth. Consequently, the Company experiences seasonal fluctuations in its operating results. However, changes in macroeconomic factors, including inflation, rising interest rates, and geopolitical conflict, have impacted the Companyæœ™s typical seasonal trends for loan volume and delinquency. Basis of Presentation and Significant Accounting Policies Basis of presentation: The consolidated financial statements of the Company have been prepared in accordance with SEC regulations and GAAP for interim financial information and, accordingly, do not include all information and note disclosures required by GAAP for complete financial statements. The interim financial statements in this Quarterly Report on Form 10-Q have not been audited by an independent registered public accounting firm in accordance with standards of the Public Company Accounting Oversight Board (United States), but in the opinion of management, the interim financial statements include all adjustments, consisting only of normal recurring adjustments, necessary for a fair presentation of the Companyæœ™s financial position, results of operations, and cash flows in accordance with GAAP. These consolidated financial statements should be read in conjunction with the Companyæœ™s Annual Report on Form 10-K for the fiscal year ended December 31, 2023, as filed with the SEC. Significant accounting policies: The following is a description of significant accounting policies used in preparing the financial statements. The accounting and reporting policies of the Company are in accordance with GAAP. Principles of consolidation: The consolidated financial statements include the accounts of the Company and its wholly owned subsidiaries. All intercompany balances and transactions have been eliminated in consolidation. The Company operates through a separate wholly owned subsidiary in each state. The Company also consolidates VIEs when it is considered to be the primary beneficiary of the VIE because it has (i) power over the significant activities of the VIE and (ii) the obligation to absorb losses or the right to receive returns that could be significant to the VIE. Variable interest entities: The Company transfers pools of loans to SPEs to secure debt for general funding purposes. These entities have the limited purpose of acquiring finance receivables, in addition to holding and making payments on the related debts. Assets transferred to each SPE are legally isolated from the Company and its affiliates, as well as the claims of the Companyæœ™s and its affiliatesæœ™ creditors. Further, the assets of each SPE are owned by such SPE and are not available to satisfy the debts or other obligations of the Company or any of its affiliates. The Company continues to service the finance receivables transferred to the SPEs. The lenders and investors in the debt issued by the SPEs generally only have recourse to the assets of the SPEs and do not have recourse to the general credit of the Company. The SPEsæœ™ debt arrangements are structured to provide credit enhancements to the lenders and investors, which may include overcollateralization, subordination of interests, excess spread, and reserve funds. These enhancements, along with the isolated finance receivables pools, increase the creditworthiness of the SPEs above that of the Company as a whole. This increases the marketability of the Companyæœ™s collateral for borrowing purposes, leading to more favorable borrowing terms, improved interest rate risk management, and additional flexibility to grow the business. The SPEs are considered VIEs under GAAP and are consolidated into the financial statements of their primary beneficiary. The Company is considered to be the primary beneficiary of the SPEs because it has (i) power over the significant activities through its role as servicer of the finance receivables under each debt arrangement, (ii) the obligation to absorb losses that could be significant through note investment, if applicable, and (iii) the obligation to absorb losses or the right to receive returns that could be significant through the Companyæœ™s interest in the monthly residual cash flows of the SPEs. Consolidation of VIEs results in these transactions being accounted for as secured borrowings; therefore, the pooled receivables and the related debts remain on the consolidated balance sheet of the Company. Each debt is secured solely by the assets of the VIEs and not by any other assets of the Company. The assets of the VIEs are the only source of funds for repayment on each debt, and restricted cash held by the VIEs can only be used to support payments on the debt. The Company recognizes revenue and provision for credit losses on the finance receivables of the VIEs and interest expense on the related secured debt. Use of estimates: The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, revenues and expenses, and disclosure of contingent assets and liabilities for the periods indicated in the financial statements. Actual results could differ from those estimates. Estimates that are susceptible to change relate to the determination of the allowance for credit losses, the valuation of deferred tax assets and liabilities, and the fair value of financial instruments. Recent accounting pronouncements: In November 2023, the FASB issued ASU 2023-07, improving the disclosure requirements for reportable segments, primarily through enhanced disclosures about significant segment expenses. These enhanced disclosures require reporting of incremental segment information on an annual and interim basis for all public entities, including public entities with only one reportable segment, to enable investors to develop more decision-useful financial analyses. The amendments in this update are effective for annual periods beginning after December 15, 2023 and interim periods within annual periods beginning after December 15, 2024, and early adoption is permitted. The segment reporting guidance should be applied retrospectively to all prior periods presented in the financial statements, and upon transition, the expense categories and amounts disclosed in the prior periods should be based on the significant segment expense categories identified and disclosed in the period of adoption. The Company is currently evaluating the impact of this update on its consolidated financial statements. In December 2023, the FASB issued ASU 2023-09, enhancing the transparency and decision usefulness of income tax disclosures. The amendment, among other things, improves transparency of income tax disclosures by requiring more consistent categories and greater disaggregation of information in rate reconciliations, and disaggregation of income taxes paid by jurisdiction. The amendments in this update are effective for annual periods beginning after December 15, 2024, and early adoption is permitted for annual financial statements that have not yet been issued or made available for issuance. The income tax guidance should be applied on a prospective basis, however, retrospective application is permitted. The Company is currently evaluating the impact of this update on its consolidated financial statements. Net finance receivables: Generally, the Company classifies finance receivables as held for investment based on managementæœ™s intent at the time of origination. The Company determines classification on a receivable-by-receivable basis. The Company classifies finance receivables as held for investment due to its ability and intent to hold them until their contractual maturities. Net finance receivables consist of the Companyæœ™s installment loans. The Company carries net finance receivables at amortized cost, which includes remaining principal balance, accrued interest, and net unamortized deferred origination costs and unamortized fees. Loan renewals are a significant piece of new volume and are considered a terminal event of the previous loan. The Company may renew delinquent secured or unsecured loan accounts if the customer meets the Companyæœ™s underwriting criteria and it does not appear the cause of past delinquency will affect the customeræœ™s ability to repay the renewed loan. Finance receivable origination fees and costs: Non-refundable fees received and direct costs (personnel and digital loan origination costs) incurred for the origination of finance receivables are deferred and recognized to interest income over their contractual lives using the constant yield method. Unamortized amounts are recognized in interest income at the time that finance receivables are paid in full, renewed, or charged off. Nonaccrual status: Accrual of interest income on finance receivables is suspended when an account becomes 90 days delinquent. If the account is charged off, the accrued interest income is reversed as a reduction of interest and fee income. Interest received on such loans is accounted for on the cash-basis method, until qualifying for return to accrual. Under the cash-basis method, interest income is recorded when the payment is received. Loans resume accruing interest when the past due status is brought below 90 days. The Company made a policy election to not record an allowance for credit losses related to accrued interest because it has nonaccrual and charge-off policies that result in the timely suspension and reversal of accrued interest. Allowance for credit losses: The allowance for credit losses is based on historical credit experience, current conditions, and reasonable and supportable economic forecasts. The historical loss experience is

The programs consist of offering payment deferrals, interest rate reductions, term extensions, and, in limited instances, settlements. Customers may also pursue financial assistance through external sources, such as filing for bankruptcy protection. Modification programs available to our customers are described in more detail below: Customers with temporary hardships may be offered payment deferrals related to past due payments. Such deferrals extend the customer's maturity date and are generally considered insignificant delays. During the second quarter of 2023, the Company enhanced its policy for determining an insignificant delay in payment. The Company's previous policy for an insignificant delay in payment was two or fewer deferrals in a rolling twelve-month period, which was updated to be three or fewer deferrals in a rolling twelve-month period. The rolling twelve-month period for the prior-year disclosures begins on or after January 1, 2023 (the date of adoption). The change had no material impact to the Company's disclosures. Customers with delinquent loans who meet certain criteria are eligible to receive a reduced interest rate and/or term extension, making the monthly payments more affordable. The Company may also agree to settle a past-due loan by accepting less than the full principal balance owed in certain limited cases once it is determined that collection of the entire outstanding balance is unlikely. Customers who receive bankruptcy protection may receive principal forgiveness, interest rate reductions, and/or term extensions. net finance receivables at amortized cost, which includes remaining principal balance, accrued interest, and net unamortized deferred origination costs and unamortized fees.Loan renewals are a significant piece of new volume and are considered a terminal event of the previous loan. The Company may renew delinquent secured or unsecured loan accounts if the customer meets the Company's underwriting criteria and it does not appear the cause of past delinquency will affect the customer's ability to repay the renewed loan. Finance receivable origination fees and costs Finance receivable origination fees and costs: Non-refundable fees received and direct costs (personnel and digital loan origination costs) incurred for the origination of finance receivables are deferred and recognized to interest income over their contractual lives using the constant yield method. Unamortized amounts are recognized in interest income at the time that finance receivables are paid in full, renewed, or charged off. Nonaccrual status Nonaccrual status: Accrual of interest income on finance receivables is suspended when an account becomes 90 days delinquent. If the account is charged off, the accrued interest income is reversed as a reduction of interest and fee income. Interest received on such loans is accounted for on the cash-basis method, until qualifying for return to accrual. Under the cash-basis method, interest income is recorded when the payment is received. Loans resume accruing interest when the past due status is brought below 90 days. The Company made a policy election to not record an allowance for credit losses related to accrued interest because it has nonaccrual and charge-off policies that result in the timely suspension and reversal of accrued interest. Allowance for credit losses Allowance for credit losses: The allowance for credit losses is based on historical credit experience, current conditions, and reasonable and supportable economic forecasts. The historical loss experience is adjusted for quantitative and qualitative factors that are not fully reflected in the historical data. In determining its estimate of expected credit losses, the Company evaluates information related to credit metrics, changes in its lending strategies and underwriting practices, and the current and forecasted direction of the economic and business environment. These metrics include, but are not limited to, loan portfolio mix and growth, unemployment, credit loss trends, delinquency trends, changes in underwriting, and operational risks.The Company selected a PD / LGD model to estimate its base allowance for credit losses, in which the estimated loss is equal to the product of PD and LGD. Historical net finance receivables are tracked over the term of the pools to identify the incidences of loss (PDs) and the average severity of losses (LGDs). To enhance the precision of the allowance for credit loss estimate, the Company evaluates its finance receivable portfolio on a pool basis and segments each pool of finance receivables with similar credit risk characteristics. As part of its evaluation, the Company considers loan portfolio characteristics such as product type, loan size, loan term, internal or external credit scores, delinquency status, geographical location, and vintage. Based on analysis of historical loss experience, the Company selected the following segmentation: product type, FICO score, and delinquency status.As finance receivables are originated, provisions for credit losses are recorded in amounts sufficient to maintain an allowance for credit losses at an adequate level to provide for estimated losses over the contractual life of the finance receivables (considering the effect of prepayments). Subsequent changes to the contractual terms that are a result of re-underwriting are not included in the finance receivable's contractual life (considering the effect of prepayments). The Company uses its segmentation loss experience to forecast expected credit losses. Historical information about losses generally provides a basis for the estimate of expected credit losses. The Company also considers the need to adjust historical information to reflect the extent to which current conditions differ from the conditions that existed for the period over which historical information was evaluated. These adjustments to historical loss information may be qualitative or quantitative in nature.Reasonable and supportable macroeconomic forecasts are required for the Company's allowance for credit loss model. The Company engaged a major rating service to assist with compiling a reasonable and supportable forecast. The Company reviews macroeconomic forecasts to use in its allowance for credit losses. The Company adjusts the historical loss experience by relevant qualitative factors for these expectations. The Company does not require reversion adjustments, as the contractual lives of its portfolio are shorter than its available forecast periods. The Company charges credit losses against the allowance for all products when an account reaches 180 days contractually delinquent, subject to certain exceptions. The Company's customer accounts without a lien on a vehicle in a confirmed bankruptcy are charged off in the month following the bankruptcy notification or at 60 days contractually delinquent, subject to certain exceptions. Deceased borrower accounts are charged off in the month following the proper notification of passing, with the exception of borrowers with credit life insurance. Subsequent recoveries of amounts charged off, if any, are credited to the allowance. Restricted cash Restricted cash: Restricted cash includes cash and cash equivalents for which the Company's ability to withdraw funds is contractually limited. The Company's restricted cash consists of cash reserves that are maintained as collateral for potential credit life insurance claims and cash restricted for debt servicing of the Company's revolving warehouse credit facilities and securitizations. Restricted available-for-sale investments Restricted available-for-sale investments: The Company classifies its investments in debt securities that were purchased with the Company's restricted cash as restricted available-for-sale investments and carries the investments at fair value. Unrealized gains and losses, net of taxes, are excluded from earnings and reported in other comprehensive income or loss until realized. The unrealized gains and losses, net of taxes, are recorded on the consolidated balance sheet in accumulated other comprehensive income or loss in stockholders' equity. Realized gains and losses from the sale of available-for-sale investments are specifically identified and reclassified from accumulated other comprehensive income or loss and included within earnings on the consolidated statement of income. Share-based compensation Share-based compensation: The Company measures compensation cost for share-based awards at estimated fair value and recognizes compensation expense over the service period for awards expected to vest. The Company uses the closing stock price on the date of grant as the fair value of RSAs, performance-contingent RSUs, and service-based RSUs. The fair value of NQSOs is determined using the Black-Scholes valuation model, and the fair value of PRSUs is determined using the Monte Carlo valuation model. The Black-Scholes and Monte Carlo models require the input of assumptions, including expected volatility, expected dividends, expected term, risk-free interest rate, and a discount associated with post-vest holding restrictions, changes to which can affect the fair value estimate. Expected volatility is based on the Company's historical stock price volatility. Expected dividends are calculated using the expected dividend yield (annualized dividends divided by the grant date stock price). The expected term is calculated by using the simplified method (average of the vesting and original contractual terms) due to insufficient historical data to estimate the expected term. The risk-free rate is based on the zero-coupon U.S. Treasury bond rate over the expected term of the awards. The estimated discount associated with post-vest holding restrictions is calculated using a blend of the Finnerty and Chaffe models. In addition, the estimation of share-based awards that will ultimately vest requires judgment, and to the extent actual results or updated estimates differ from current estimates, such amounts will be recorded as a cumulative adjustment in the period estimates are revised. Note 1. Nature of Business
<p><p style="font-size:10pt;margin-top:4.5pt;font-family:Times New Roman;margin-bottom:0;text-align:left;">The Company was incorporated and began operations in 1987. The Company is engaged in the consumer finance business,
offering large loans, small loans, and related payment and collateral protection insurance products. The Company formerly offered retail loans but ceased accepting
applications for retail loan products effective November 2022. The Company continues to own and service its existing portfolio of retail loans. As of June 30, 2024, the
Company operated under the name "Regional Finance" online and in branch locations in <span style="font-size:10pt;font-family:'Calibri',sans-
serif,color:#000000;white-space:pre-wrap,min-width:fit-content;">19<span style="color:#000000;white-space:pre-wrap;font-size:10pt;font-family:'Calibri',sans-

space:pre-wrap;font-size:10pt;font-family:'Calibri',sans-serif,min-width:fit-content;">The Company's large loan receivables are direct loans to customers, some of which are
convenience check receivables and the vast majority of which are secured by non-essential household goods, automobiles, and/or other vehicles. Convenience checks are direct
loans originated by mailing checks to customers based on a pre-screening process that includes a review of the prospective customer's credit profile provided by national
credit reporting bureaus or data aggregators. A recipient of a convenience check is able to enter into a loan by endorsing and depositing or cashing the check. The Company's
small loan portfolio is comprised of branch small loan receivables and convenience check receivables. Branch small loan receivables are direct loans to customers and are
secured by non-essential household goods and, in some instances, an automobile. Retail loan receivables consist principally of retail installment sales contracts collateralized
by the purchased furniture, appliances, and other retail items and are initiated by and purchased from retailers, subject to the Company's credit approval.<p><p style="font-size:10pt;margin-top:9pt;font-family:Times New Roman;margin-bottom:0;text-align:left;">The Company's loan volume and contractual delinquency follow seasonal trends. Demand for the Company's loans is
typically highest during the second, third, and fourth quarters, which the Company believes is largely due to customers borrowing money for vacation, back-to-school, and
holiday spending. Loan demand has generally been the lowest during the first quarter, which the Company believes is largely due to the timing of income tax refunds.
Delinquencies generally reach their lowest point in the first half of the year and rise in the second half of the year. Changes in quarterly growth or liquidation could result in
larger allowance for credit loss releases in periods of portfolio liquidation and larger provisions for credit losses in periods of portfolio growth. Consequently, the Company
experiences seasonal fluctuations in its operating results. However, changes in macroeconomic factors, including inflation, rising interest rates, and geopolitical conflict, have
impacted the Company's typical seasonal trends for loan volume and delinquency.<p><p id="note_02" style="font-size:10pt;margin-top:13.5pt;font-family:Times

receive returns that could be significant to the VIE.<span style="color:#000000;white-space:pre-wrap;font-size:10pt;font-family:'Calibri',sans-serif,min-width:fit-

content;">Variable interest entities:The
Company transfers pools of loans to SPEs to secure debt for general funding purposes. These entities have the limited purpose of acquiring finance receivables, in addition to
holding and making payments on the related debts. Assets transferred to each SPE are legally isolated from the Company and its affiliates, as well as the claims of the
Company's and its affiliates' creditors. Further, the assets of each SPE are owned by such SPE and are not available to satisfy the debts or other obligations of the Company or
any of its affiliates. The Company continues to service the finance receivables transferred to the SPEs. The lenders and investors in the debt issued by the SPEs generally only
have recourse to the assets of the SPEs and do not have recourse to the general credit of the Company.<p><p style="font-size:10pt;margin-top:9pt;font-family:Times
New Roman;margin-bottom:0;text-align:left;">The
SPEs' debt arrangements are structured to provide credit enhancements to the lenders and investors, which may include overcollateralization, subordination of interests,
excess spread, and reserve funds. These enhancements, along with the isolated finance receivables pools, increase the creditworthiness of the SPEs above that of the Company

as a whole. This increases the marketability of the Company's collateral for borrowing purposes, leading to more favorable borrowing terms, improved interest rate risk management, and additional flexibility to grow the business.

The SPEs are considered VIEs under GAAP and are consolidated into the financial statements of their primary beneficiary. The Company is considered to be the primary beneficiary of the SPEs because it has (i) power over the significant activities through its role as servicer of the finance receivables under each debt arrangement, (ii) the obligation to absorb losses that could be significant through net investment, if applicable, and (iii) the obligation to absorb losses or the right to receive returns that could be significant through the Company's interest in the monthly residual cash flows of the SPEs.

Consolidation of VIEs results in these transactions being accounted for as secured borrowings; therefore, the pooled receivables and the related debts remain on the consolidated balance sheet of the Company. Each debt is secured solely by the assets of the VIEs and not by any other assets of the Company. The assets of the VIEs are the only source of funds for repayment on each debt, and restricted cash held by the VIEs can only be used to support payments on the debt. The Company recognizes revenue and provision for credit losses on the finance receivables of the VIEs and interest expense on the related secured debt.

Estimates that are susceptible to change relate to the determination of the allowance for credit losses, the valuation of deferred tax assets and liabilities, and the fair value of financial instruments.

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, revenues and expenses, and disclosure of contingent assets and liabilities for the periods indicated in the financial statements. Actual results could differ from those estimates.

Recent accounting pronouncements:

In November 2023, the FASB issued ASU 2023-07, improving the disclosure requirements for reportable segments, primarily through enhanced disclosures about significant segment expenses. These enhanced disclosures require reporting of incremental segment information on an annual and interim basis for all public entities, including public entities with only one reportable segment, to enable investors to develop more decision-useful financial analyses. The amendments in this update are effective for annual periods beginning after December 15, 2023 and interim periods within annual periods beginning after December 15, 2024, and early adoption is permitted. The segment reporting guidance should be applied retrospectively to all prior periods presented in the financial statements, and upon transition, the expense categories and amounts disclosed in the prior periods should be based on the significant segment expense categories identified and disclosed in the period of adoption. The Company is currently evaluating the impact of this update on its consolidated financial statements.

In December 2023, the FASB issued ASU 2023-09, enhancing the transparency and decision usefulness of income tax disclosures. The amendment, among other things, improves transparency of income tax disclosures by requiring more consistent categories and greater disaggregation of information in rate reconciliations, and disaggregation of income taxes paid by jurisdiction. The amendments in this update are effective for annual periods beginning after December 15, 2024, and early adoption is permitted for annual financial statements that have not yet been issued or made available for issuance. The income tax guidance should be applied on a prospective basis, however, retrospective application is permitted. The Company is currently evaluating the impact of this update on its consolidated financial statements.

Net finance receivables:

Generally, the Company classifies finance receivables as held for investment based on management's intent at the time of origination. The Company determines classification on a receivable-by-receivable basis. The Company classifies finance receivables as held for investment due to its ability and intent to hold them until their contractual maturities. Net finance receivables consist of the Company's installment loans. The Company carries net finance receivables at amortized cost, which includes remaining principal balance, accrued interest, and net unamortized deferred origination costs and unamortized fees.

Loan renewals are a significant piece of new volume and are considered a terminal event of the previous loan. The Company may renew delinquent secured or unsecured loan accounts if the customer meets the Company's underwriting criteria and it does not appear the cause of past delinquency will affect the customer's ability to repay the renewed loan.

Finance receivable origination fees and costs:

Non-refundable fees received and direct costs (personnel and digital loan origination costs) incurred for the origination of finance receivables are deferred and recognized to interest income over their contractual lives using the constant yield method. Unamortized amounts are recognized in interest income at the time that finance receivables are paid in full, renewed, or charged off.

Accrual of interest income on finance receivables is suspended when an account becomes 90 days delinquent. If the account is charged off, the accrued interest income is reversed as a reduction of interest and fee income. Interest received on such loans is accounted for on the cash-basis method, until qualifying for return to accrual. Under the cash-basis method, interest income is recorded when the payment is received. Loans resume accruing interest when the past due status is brought below 90 days.

The Company made a policy election to not record an allowance for credit losses related to accrued interest because it has nonaccrual and charge-off policies that result in the timely suspension and reversal of accrued interest.

Nonaccrual status:

Accrual of interest income on finance receivables is suspended when an account becomes 90 days delinquent. If the account is charged off, the accrued interest income is reversed as a reduction of interest and fee income. Interest received on such loans is accounted for on the cash-basis method, until qualifying for return to accrual. Under the cash-basis method, interest income is recorded when the payment is received. Loans resume accruing interest when the past due status is brought below 90 days.

Allowance for credit losses:

The allowance for credit losses is based on historical credit experience, current conditions, and reasonable and supportable economic forecasts. The historical loss experience is adjusted for quantitative and qualitative factors that are not fully reflected in the historical data. In determining its estimate of expected credit losses, the Company evaluates information related to credit metrics, changes in its lending strategies and underwriting practices, and the current and forecasted direction of the economic and business environment. These metrics include, but are not limited to, loan portfolio mix and growth, unemployment, credit loss trends, delinquency trends, changes in underwriting, and operational risks.

The Company selected a PD/LGD model to estimate its base allowance for credit losses, in which the estimated loss is equal to the product of PD and LGD. Historical net finance receivables are tracked over the term of the pools to identify the incidences of loss (PDs) and the average severity of losses (LGDs).

To enhance the precision of the allowance for credit loss estimate, the Company evaluates its finance receivable portfolio on a pool basis and segments each pool of finance receivables with similar credit risk characteristics. As part of its evaluation, the Company considers loan portfolio characteristics such as product type, loan size, loan term, internal or external credit scores, delinquency status, geographical location, and vintage. Based on analysis of historical loss experience, the Company selected the following segmentation: product type, FICO score, and delinquency status.

As finance receivables are originated, provisions for credit losses are recorded in amounts sufficient to maintain an allowance for credit losses at an adequate level to provide for estimated losses over the contractual life of the finance receivables (considering the effect of prepayments). Subsequent changes to the contractual terms that are a result of re-underwriting are not included in the finance receivable's contractual life (considering the effect of prepayments). The Company uses its segmentation loss experience to forecast expected credit losses. Historical information about losses generally provides a basis for the estimate of expected credit losses. The Company also considers the need to adjust historical information to reflect the extent to which current conditions differ from the conditions that existed for the period over which historical information was evaluated. These adjustments to historical loss information may be qualitative or quantitative in nature.

Reasonable and supportable macroeconomic forecasts are required for the Company's allowance for credit loss model. The Company engaged a major rating service to assist with compiling a reasonable and supportable forecast. The Company reviews macroeconomic forecasts to use in its allowance for credit losses. The Company adjusts the historical loss experience by relevant qualitative factors for these expectations. The Company does not require reversion adjustments, as the contractual lives of its portfolio are shorter than its available forecast periods.

The Company charges credit losses against the allowance for all products when an account reaches 180 days contractually delinquent, subject to certain exceptions. The Company's customer accounts without a lien on a vehicle in a confirmed bankruptcy are charged off in the month following the bankruptcy notification or at 60 days contractually delinquent, subject to certain exceptions. Deceased borrower accounts are charged off in the month following the proper notification of passing, with the exception of borrowers with credit life insurance. Subsequent recoveries of amounts charged off, if any, are credited to the allowance.

Restricted cash includes cash and cash equivalents for which the Company's ability to withdraw funds is contractually limited. The Company's restricted cash consists of cash reserves that are maintained as collateral for potential credit life insurance claims and cash restricted for debt servicing of the Company's revolving warehouse credit facilities and securitizations.

Unrealized gains and losses, net of taxes, are recorded on the consolidated balance sheet in accumulated other comprehensive income or loss until realized. Realized gains and losses from the sale of available-for-sale investments are specifically identified and reclassified from accumulated other comprehensive income or loss and included within earnings on the consolidated statement of income.

size:10pt;margin-top:9pt;font-family:Times New Roman;margin-bottom:0;text-align:left;">Share-based compensation:The Company measures compensation cost for share-based awards at estimated fair value and recognizes compensation expense over the service period for awards expected to vest. The Company uses the closing stock price on the date of grant as the fair value of RSAs, performance-contingent RSUs, and service-based RSUs. The fair value of NOSOs is determined using the Black-Scholes valuation model, and the fair value of PRSUs is determined using the Monte Carlo valuation model. The Black-Scholes and Monte Carlo models require the input of assumptions, including expected volatility, expected dividends, expected term, risk-free interest rate, and a discount associated with post-vest holding restrictions, changes to which can affect the fair value estimate. Expected volatility is based on the Company's historical stock price volatility. Expected dividends are calculated using the expected dividend yield (annualized dividends divided by the grant-date stock price). The expected term is calculated by using the simplified method (average of the vesting and original contractual terms) due to insufficient historical data to estimate the expected term. The risk-free rate is based on the zero-coupon U.S. Treasury bond rate over the expected term of the awards. The estimated discount associated with post-vest holding restrictions is calculated using a blend of the Finnerty and Chaffe models. In addition, the estimation of share-based awards that will ultimately vest requires judgment, and to the extent actual results or updated estimates differ from current estimates, such amounts will be recorded as a cumulative adjustment in the period estimates are revised.</div><p style="font-size:10pt;margin-top:4.5pt;font-family:Times New Roman;margin-bottom:0;text-align:left;">Basis of presentation:The consolidated financial statements of the Company have been prepared in accordance with SEC regulations and GAAP for interim financial information and, accordingly, do not include all information and note disclosures required by GAAP for complete financial statements. The amendments in this update are effective for annual periods beginning after December 15, 2024, and early adoption is permitted for annual financial statements that have not yet been issued or made available for issuance. The income tax guidance should be applied on a prospective basis, however, retrospective application is permitted. The Company is currently evaluating the impact of this update on its consolidated financial statements.</p><p style="font-size:10pt;margin-top:9pt;font-family:Times New Roman;margin-bottom:0;text-align:left;">Net finance receivables:Generally, the Company classifies finance receivables as held for investment based on management's intent at the time of origination. The Company determines classification on a receivable-by-receivable basis. The Company classifies finance receivables as held for investment due to its ability and intent to hold them until their contractual maturities. Net finance receivables consist of the Company's installment loans. The Company carries net finance receivables at amortized cost, which includes remaining principal balance, accrued interest, and net unamortized deferred origination costs and unamortized fees.</p><p style="font-size:10pt;margin-top:9pt;font-family:Times New Roman;margin-bottom:0;text-align:left;">Loan renewals are a significant piece of new volume and are considered a terminal event of the previous loan. The Company may renew delinquent secured or unsecured loan accounts if the customer meets the Company's underwriting criteria and it does not appear the cause of past delinquency will affect the customer's ability to repay the renewed loan.</p><p style="font-size:10pt;margin-top:9pt;font-family:Times New Roman;margin-bottom:0;text-align:left;">Finance receivable origination fees and costs:Non-refundable fees received and direct costs (personnel and digital loan origination costs) incurred for the origination of finance receivables are deferred and recognized to interest income over their contractual lives using the constant yield method. Unamortized amounts are recognized in interest income at the time that finance receivables are paid in full, renewed, or charged off.</p><p style="font-size:10pt;margin-top:9pt;font-family:Times New Roman;margin-bottom:0;text-align:left;">Nonaccrual status:Accrual of interest income on finance receivables is suspended when an account becomes90days delinquent. If the account is charged off, the accrued interest income is reversed as a reduction of interest and fee income. Interest received on such loans is accounted for on the cash-basis method, until qualifying for return to accrual. Under the cash-basis method, interest income is recorded when the payment is received. Loans resume accruing interest when the past due status is brought below90days. The Company made a policy election to not record an allowance for credit losses related to accrued interest because it has nonaccrual and charge-off policies that result in the timely suspension and reversal of accrued interest.</p><p style="font-size:10pt;margin-top:9pt;font-family:Times New Roman;margin-bottom:0;text-align:left;">P90D P90Y90Allowance for credit losses:The allowance for credit losses is based on historical credit experience, current conditions, and reasonable and supportable economic forecasts. The historical loss experience is adjusted for quantitative and qualitative factors that are not fully reflected in the historical data. In determining its estimate of expected credit losses, the Company evaluates information related to credit metrics, changes in its lending strategies and underwriting practices, and the current and forecasted direction of the economic and business environment. These metrics include, but are not limited to, loan portfolio mix and growth, unemployment, credit loss trends, delinquency trends, changes in underwriting, and operational risks.</p><p style="font-size:10pt;margin-top:9pt;font-family:Times New Roman;margin-bottom:0;text-align:left;">The

Company selected a PD / LGD model to estimate its base allowance for credit losses, in which the estimated loss is equal to the product of PD and LGD. Historical net finance receivables are tracked over the term of the pools to identify the incidences of loss (PDs) and the average severity of losses (LGDs).</p><p style="font-size:10pt;margin-top:9pt;font-family:Times New Roman;margin-bottom:0;text-align:left;">To enhance the precision of the allowance for credit loss estimate, the Company evaluates its finance receivable portfolio on a pool basis and segments each pool of finance receivables with similar credit risk characteristics. As part of its evaluation, the Company considers loan portfolio characteristics such as product type, loan size, loan term, internal or external credit scores, delinquency status, geographical location, and vintage. Based on analysis of historical loss experience, the Company selected the following segmentation: product type, FICO score, and delinquency status.</p><p style="font-size:10pt;margin-top:9pt;font-family:Times New Roman;margin-bottom:0;text-align:left;">As finance receivables are originated, provisions for credit losses are recorded in amounts sufficient to maintain an allowance for credit losses at an adequate level to provide for estimated losses over the contractual life of the finance receivables (considering the effect of prepayments). Subsequent changes to the contractual terms that are a result of re-underwriting are not included in the finance receivable's contractual life (considering the effect of prepayments). The Company uses its segmentation loss experience to forecast expected credit losses. Historical information about losses generally provides a basis for the estimate of expected credit losses. The Company also considers the need to adjust historical information to reflect the extent to which current conditions differ from the conditions that existed for the period over which historical information was evaluated. These adjustments to historical loss information may be qualitative or quantitative in nature.</p><p style="font-size:10pt;margin-top:9pt;font-family:Times New Roman;margin-bottom:0;text-align:left;">Reasonable and supportable macroeconomic forecasts are required for the Company's allowance for credit loss model. The Company engaged a major rating service to assist with compiling a reasonable and supportable forecast. The Company reviews macroeconomic forecasts to use in its allowance for credit losses. The Company adjusts the historical loss experience by relevant qualitative factors for these expectations. The Company does not require reversion adjustments, as the contractual lives of its portfolio are shorter than its available forecast periods.</p><p style="font-size:10pt;margin-top:9pt;font-family:Times New Roman;margin-bottom:0;text-align:left;">The Company charges credit losses against the allowance for all products when an account reaches180 days contractually delinquent, subject to certain exceptions. The Company's customer accounts without a lien on a vehicle in a confirmed bankruptcy are charged off in the month following the bankruptcy notification or at60 days contractually delinquent, subject to certain exceptions. Deceased borrower accounts are charged off in the month following the proper notification of passing, with the exception of borrowers with credit life insurance. Subsequent recoveries of amounts charged off, if any, are credited to the allowance.</p><p style="font-size:10pt;margin-top:9pt;font-family:Times New Roman;margin-bottom:0;text-align:left;">P180D P60D</p><p style="font-size:10pt;margin-top:9pt;font-family:Times New Roman;margin-bottom:0;text-align:left;">Restricted cash Restricted cash includes cash and cash equivalents for which the Company's ability to withdraw funds is contractually limited. The Company's restricted cash consists of cash reserves that are maintained as collateral for potential credit life insurance claims and cash restricted for debt servicing of the Company's revolving warehouse credit facilities and securitizations.Restricted available for sale investments The Company classifies its investments in debt securities that were purchased with the Company's restricted cash as restricted available-for-sale investments and carries the investments at fair value. Unrealized gains and losses, net of taxes, are excluded from earnings and reported in other comprehensive income or loss until realized. The unrealized gains and losses, net of taxes, are recorded on the consolidated balance sheet in accumulated other comprehensive income or loss in stockholders' equity. Realized gains and losses from the sale of available-for-sale investments are specifically identified and reclassified from accumulated other comprehensive income or loss and included within earnings on the consolidated statement of income.</p><p style="font-size:10pt;margin-top:9pt;font-family:Times New Roman;margin-bottom:0;text-align:left;">Share-based compensation The Company measures compensation cost for share-based awards at estimated fair value and recognizes compensation expense over the service period for awards expected to vest. The Company uses the closing stock price on the date of grant as the fair value of RSAs, performance-contingent RSUs, and service-based RSUs. The fair value of NQSOs is determined using the Black-Scholes valuation model, and the fair value of PRSUs is determined using the Monte Carlo valuation model. The Black-Scholes and Monte Carlo models require the input of assumptions, including expected volatility, expected dividends, expected term, risk-free interest rate, and a discount associated with post-vest holding restrictions, changes to which can affect the fair value estimate. Expected volatility is based on the Company's historical stock price volatility. Expected dividends are calculated using the expected dividend yield (annualized dividends divided by the grant date stock price). The expected term is calculated by using the simplified method (average of the vesting and original contractual terms) due to insufficient historical data to estimate the expected term. The risk-free rate is based on the zero-coupon U.S. Treasury bond rate over the expected term of the awards. The estimated discount associated with post-vest holding restrictions is calculated using a blend of the Finnerty and Chaffe models. In addition, the estimation of share-based awards that will ultimately vest requires judgment, and to the extent actual results or updated estimates differ from current estimates, such amounts will be recorded as a cumulative adjustment in the period estimates are revised.</p><p id="note_03" style="font-size:10pt;margin-top:13.5pt;font-family:Times New Roman;margin-bottom:0;text-align:left;">Note 3. Cash inflows from the finance receivables are distributed to the lenders/investors, the service providers, and/or the residual interest that the Company owns in accordance with a monthly contractual priority of payments. Dividends declared per common share

The following methods and assumptions were used to estimate the fair value of each class of financial instruments for which it is practicable to estimate that value:

Cash and restricted cash is recorded at cost, which approximates fair value due to its highly liquid nature.

Restricted available-for-sale investments are priced using an external pricing service, which the Company corroborates using a secondary external vendor. For additional information on the Company's restricted available-for-sale investments, see Note 4.

Restricted Available-for-Sale Investments

The following methods and assumptions were used to estimate the fair value of net finance receivables using a discounted cash flows methodology. The application of this methodology requires the Company to make certain estimates and judgments. These estimates and judgments include, but are not limited to, prepayment rates, default rates, loss severity, and risk-adjusted discount rates.

family: 'Calibri', sans-serif; min-width: fit-content; "> million and \$ 4.4 million in share-based compensation expense for the six months ended June 30, 2024 and 2023, respectively. As of June 30, 2024, unrecognized share-based compensation expense to be recognized over future periods approximated \$ 18.2 million . This amount will be recognized as expense over a weighted-average period of 1.9 years. Share-based compensation expenses are recognized on a straight-line basis over the requisite service period of the agreement. All share-based compensation is classified as equity awards. <p> <p> The Company allows for the settlement of share-based awards on a net share basis. With net share settlement, the employee does not surrender any cash or shares upon the exercise of stock options or the vesting of stock awards or stock units. Rather, the Company withholds the number of shares with a value equivalent to the option exercise price (for stock options) and the statutory tax withholding (for all share-based awards). Net share settlements have the effect of reducing the number of shares that would have otherwise been issued as a result of exercise or vesting. <p> Long-term incentive program: The Company issues PRSUs, service-based RSUs, and RSAs to certain members of senior management under the Company's LTIP. Recurring annual grants are made at the discretion of the Board. The annual grants are subject to cliff- and graded-vesting, generally concluding at the end of the third calendar year and subject to continued employment or as otherwise provided in the underlying award agreements. Vested PRSUs are subject to an additional one-year holding period following the vesting date. The actual value of the PRSUs that may be earned can range from 0 % to 150 % of target based on positive or negative cumulative total shareholder return concluding at the end of the third calendar year Prior to 2022, the Company issued NOSOs, performance-contingent RSUs, CSPUs, and RSAs to certain members of senior management under the LTIP. The CSPUs were cash incentive awards, and the associated expense was not based on the market price of the Company's common stock. These annual grants were subject to cliff- and graded-vesting, generally concluding at the end of the third calendar year and subject to continued employment or as otherwise provided in the underlying award agreements. The actual value of the performance-contingent RSUs and CSPUs that could be earned ranged from 0 % to 150 % of target based on the percentile ranking of the Company's compound annual growth rate of pre-provision net income and pre-provision net income per share compared to a public company peer group over a three-year performance period. Key team member incentive program: The Company also has a KTIP for certain other members of senior management. Recurring annual participation in the program is at the discretion of the Board and executive management. The annual grants are subject to graded-vesting, generally concluding at the end of the third calendar year and subject to continued employment or as otherwise provided in the underlying award agreements. Prior to 2024, the annual grant was subject to performance over a one-year period. Payout under the program ranged from 0 % to 150 % of target based on the achievement of five Company performance metrics and individual performance goals (subject to continued employment and certain other terms and conditions of the program). If earned, the RSA was issued following the one-year performance period and vested ratably over a subsequent two-year period (subject to continued employment or as otherwise provided in the underlying award agreement). From time to time, the Company issues stock awards and other long-term incentive awards in conjunction with employment offers to select new employees and retention grants to select existing employees. The Company issues these awards to attract and retain talent and to provide market competitive compensation. The grants have various vesting terms, including fully-vested awards at the grant date, cliff-vesting, and graded-vesting over periods of up to five years (subject to continued employment or as otherwise provided in the underlying award agreements). Non-employee director compensation program: The Company awards its non-employee directors a cash retainer and shares of restricted common stock. The RSAs are granted on the fifth business day following the Company's annual meeting of stockholders and fully vest upon the earlier of the first anniversary of the grant date or the completion of the directors' annual service to the Company (so long as the period between the date of the annual stockholders' meeting related to the grant date and the date of the next annual stockholders' meeting is not less than 50 weeks). The following are the terms and amounts of the awards issued under the Company's share-based incentive programs: Nonqualified stock options: The exercise price of all stock options is equal to the Company's closing stock price on the date of grant. Stock options are subject to various vesting terms, including graded- and cliff-vesting over periods of up to five years . In addition, stock options vest and become exercisable in full or in part under certain circumstances, including following the occurrence of a change of control (as defined in the option award agreements). Participants who are awarded options must exercise their options within a maximum of ten years of the grant date. The following table summarizes the stock option activity for the six months ended June 30, 2024. <table style="margin-left: auto; border-spacing: 0; table-layout: fixed; width: 100.0%; border-collapse: separate; margin-right: auto; "> <tr style="visibility: collapse; "> <td style="width: 45.831%; "> <td style="width: 1.34%; "> <td style="width: 1%; "> <td style="width: 8.158%; "> <td style="width: 1%; "> <td style="width: 1.66%; "> <td style="width: 1%; "> <td style="width: 11.578%; "> <td style="width: 1%; "> <td style="width: 1.34%; "> <td style="width: 1%; "> <td style="width: 13.557%; "> <td style="width: 1%; "> <td style="width: 1.66%; "> <td style="width: 1%; "> <td style="width: 6.8790000000000004%; "> </tr> <tr style="height: 10pt; background-color: #ffffff; white-space: pre-wrap; word-break: break-word; "> <td style="vertical-align: bottom; "> <p style="font-size: 10pt; margin-top: 0; font-family: Times New Roman; margin-bottom: 0; text-align: left; "> Dollars and shares in thousands, except per share amounts </p> <td style="vertical-align: bottom; text-align: left; "> <p style="font-size: 8pt; margin-top: 0; font-family: Times New Roman; margin-bottom: 0; text-align: center; "> Number of Shares </p> <td style="vertical-align: bottom; border-bottom: 0.5pt solid #ffffff; text-align: left; "> <p style="font-size: 8pt; margin-top: 0; font-family: Times New Roman; margin-bottom: 0; text-align: center; "> </p> <td style="vertical-align: bottom; text-align: left; "> <p style="font-size: 8pt; margin-top: 0; font-family: Times New Roman; margin-bottom: 0; text-align: center; "> </p> </td> </tr>
