Securities registered pursuant to Section 12(b) of the Act:

Title of each class	Trading Symbol(s)	Name of each exchange on which registered
Units of Beneficial Interest	MVO	New York Stock Exchange

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes  No

Indicate by check mark whether the registrant has submitted electronically every Interactive Data File required to be submitted pursuant to Rule 405 of Regulation S-T (§ 232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit such files). Yes  No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, a smaller reporting company, or an emerging growth company. See the definitions of "large accelerated filer," "accelerated filer," "smaller reporting company," and "emerging growth company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer

Accelerated filer

Non-accelerated filer

Smaller reporting company

Emerging growth company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes  No

As of August 9, 2022, 11,500,000 Units of Beneficial Interest in MV Oil Trust were outstanding.

**MV OIL TRUST**  
**NOTES TO CONDENSED FINANCIAL STATEMENTS**  
**(Unaudited)**

**Note 1—Organization of the Trust**

MV Oil Trust (the "Trust") is a statutory trust formed on August 3, 2006, under the Delaware Statutory Trust Act pursuant to a Trust Agreement (the "Trust Agreement") among MV Partners, LLC, a Kansas limited liability company ("MV Partners"), as trustor, The Bank of New York Mellon Trust Company, N.A., as Trustee (the "Trustee"), and Wilmington Trust Company, as Delaware Trustee (the "Delaware Trustee").

The Trust was created to acquire and hold a term net profits interest for the benefit of the Trust unitholders pursuant to a conveyance from MV Partners to the Trust. The term net profits interest represents the right to receive 80% of the net proceeds (calculated as described below in Note 5) from production from the underlying properties (as defined below) (the "net profits interest"). The net profits interest consists of MV Partners' net interests in all of its oil and natural gas properties located in the Mid-Continent region in the states of Kansas and Colorado (the "underlying properties"). The underlying properties include approximately 860 producing oil and gas wells.

The net profits interest is passive in nature, and the Trustee has no management control over and no responsibility relating to the operation of the underlying properties. The net profits interest entitles the Trust to receive 80% of the net proceeds attributable to MV Partners' interest from the sale of production from the underlying properties during the term of the Trust. The net profits interest will terminate on the later to occur of (1) June 30, 2026 or (2) the time when 14.4 million barrels of oil equivalent ("MMBoe") have been produced from the underlying properties and sold (which amount is the equivalent of 11.5 MMBoe with respect to the Trust's net profits interest), and the Trust will soon thereafter wind up its affairs and terminate. As of June 30, 2022, cumulatively, since inception, the Trust has received payment for 80% of the net proceeds attributable to MV Partners' interest from the sale of 13.2 MMBoe of production from the underlying properties (which amount is the equivalent of 10.5 MMBoe with respect to the Trust's net profits interest).

The Trustee can authorize the Trust to borrow money to pay administrative or incidental expenses of the Trust that exceed cash held by the Trust. The Trustee may authorize the Trust to borrow from the Trustee or the Delaware Trustee as a lender provided the terms of the loan are similar to the terms it would grant to a similarly situated commercial customer with whom it did not have a fiduciary relationship. The Trustee may also deposit funds awaiting distribution in an account with itself and make other short-term investments with the funds distributed to the Trust.

**Note 2—Basis of Presentation**

The accompanying Condensed Statements of Assets and Trust Corpus as of December 31, 2021, which has been derived from audited financial statements, and the unaudited interim condensed financial statements as of June 30, 2022 and for the three and six months ended June 30, 2022 and June 30, 2021, have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission (the "SEC"). Accordingly, certain information and note disclosures normally included in annual financial statements have been condensed or omitted pursuant to those rules and regulations.

The preparation of financial statements requires the Trust to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates. The Trustee believes such information includes all the disclosures necessary to make the information presented not misleading. The information furnished reflects all adjustments that are, in the opinion of the Trustee, necessary for a fair presentation of the results of the interim period presented. The financial information should be read in conjunction with the financial statements and notes thereto included in the Trust's Annual Report on Form 10-K for the year ended December 31, 2021.

### Note 3—Trust Accounting Policies

The Trust uses the modified cash basis of accounting to report receipts of the net profits interest and payments of expenses incurred. The net profits interest represents the right to receive revenues (oil, gas and natural gas liquid sales) less direct operating expenses (lease operating expenses, lease maintenance, lease overhead, and production and property taxes) and an adjustment for lease equipment costs and lease development expenses (which are capitalized in financial statements prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP")) of the underlying properties times 80%. Actual cash receipts may vary due to timing delays of actual cash receipts from the property operators or purchasers and due to wellhead and pipeline volume balancing agreements or practices. The actual cash distributions of the Trust will be made based on the terms of the conveyance that created the Trust's net profits interest. Expenses of the Trust, which include accounting, engineering, legal and other professional fees, Trustee fees, an administrative fee paid to MV Partners and out-of-pocket expenses, are recognized when paid. Under U.S. GAAP, revenues and expenses would be recognized on an accrual basis. Amortization of the investment in net profits interest is recorded on a unit-of-production method in the period in which the cash is received with respect to such production. Such amortization does not reduce distributable income, rather it is charged directly to Trust Corpus.

This comprehensive basis of accounting other than U.S. GAAP corresponds to the accounting permitted for royalty trusts by the SEC as specified by Staff Accounting Bulletin Topic 12:E, Financial Statements of Royalty Trusts.

Investment in the net profits interest was recorded initially at the historical cost of MV Partners and is periodically assessed to determine whether its aggregate value has been impaired below its total capitalized cost based on the underlying properties. The Trust will provide a write-down to its investment in the net profits interest if and when total capitalized costs, less accumulated amortization, exceed undiscounted future net revenues attributable to the proved oil and gas reserves of the underlying properties.

No new accounting pronouncements were adopted or issued during the quarter ended June 30, 2022 that would impact the financial statements of the Trust.

### Note 4—Investment in Net Profits Interest

The net profits interest was recorded at the historical cost of MV Partners on January 24, 2007, the date of conveyance of the net profits interest to the Trust, and was calculated as follows:

Oil and gas properties		\$ 96,210,819
Accumulated depreciation and depletion		(40,468,762)
Hedge asset		7,237,537
Net property value to be conveyed		62,979,594
Times 80% net profits interest to Trust		<u>\$ 50,383,675</u>

### Note 5—Income from Net Profits Interest

	Three months ended June 30,		Six months ended June 30,	
	2022	2021	2022	2021
Excess of revenues over direct operating expenses and lease equipment and development costs(1)	\$ 6,553,256	\$ 3,277,967	\$ 12,909,107	\$ 4,936,407
Times net profits interest over the term of the Trust	80%	80%	80%	80%
Income from net profits interest before reserve adjustments	5,242,605	2,622,374	10,327,285	3,949,126
MV Partners reserve for future capital expenditures(2)	0	0	0	0
Income from net profits interest(3)	<u>\$ 5,242,605</u>	<u>\$ 2,622,374</u>	<u>\$ 10,327,285</u>	<u>\$ 3,949,126</u>

(1) Excess of revenues over direct operating expenses and lease equipment and development costs reflect expenses and costs incurred by MV Partners during the December through February production periods for the three months ended June 30, 2022 and 2021, respectively, and during each of the September through February production periods for the six months ended June 30, 2022 and 2021, respectively. Pursuant to the terms of the conveyance of the net profits interest, lease equipment and development costs are to be deducted when calculating the distributable income to the Trust.

(2) Pursuant to the terms of the conveyance of the net profits interest, MV Partners can reserve up to \$1.0 million for future capital expenditures at any time. During the three and six months ended June 30, 2022 and 2021, MV Partners did not withhold or release any dollar amounts due to the Trust. The reserve balance was \$1,000,000 at June 30, 2022 and 2021.

(3) The income from net profits interest is based upon the cash receipts from MV Partners for the oil and gas production. The revenues from oil production are typically received by MV Partners one month after production; thus, the cash received by the Trust during the three months ended June 30, 2022 substantially represents the production by MV Partners from December 2021 through February 2022, and the cash received by the Trust during the three months ended June 30, 2021 substantially represents the production by MV Partners from December 2020 through February 2021. The cash received by the Trust during the six months ended June 30, 2022 substantially represents the production by MV Partners from September 2021 through February 2022, and the cash received by the Trust during the six months ended June 30, 2021 substantially represents the production by MV Partners from September 2020 through February 2021.

For the three and six months ended June 30, 2022 and 2021, MV Purchasing, LLC, which is majority-owned by the indirect equity owners of MV Partners, purchased a majority of the production from the underlying properties. Sales to MV Purchasing, LLC are under short-term arrangements, ranging from one to six months, using market-sensitive pricing.

#### **Note 6—Income Taxes**

The Trust is a Delaware statutory trust and is not required to pay federal or state income taxes. Accordingly, no provision for federal or state income taxes has been made.

#### **Note 7—Distributions to Unitholders**

MV Partners makes quarterly payments of the net profits interest to the Trust. The Trustee determines for each quarter the amount available for distribution to the Trust unitholders. This distribution is expected to be made on or before the 25th day of the month following the end of each quarter to the Trust unitholders of record on the 15th day of the month following the end of each quarter (or the next succeeding business day). Such amounts will be equal to the excess, if any, of the cash received by the Trust relating to the preceding quarter, over the expenses of the Trust paid during such quarter, subject to adjustments for changes made by the Trustee during such quarter in any cash reserves established for future expenses of the Trust. As previously disclosed, the Trustee intends to build a cash reserve of approximately \$1.265 million for the payment of future known, anticipated or contingent expenses or liabilities. The Trustee may increase or decrease the targeted amount at any time, and may increase or decrease the rate at which it is withholding funds to build the cash reserve at any time, without advance notice to the unitholders. Cash held in reserve will be invested as required by the Trust Agreement. Any cash reserved in excess of the amount necessary to pay or provide for the payment of future known, anticipated or contingent expenses or liabilities eventually will be distributed to unitholders, together with interest earned on the funds.

The first quarterly distribution during 2022 was \$4,715,000, or \$0.410 per Trust unit, and was made on January 25, 2022 to Trust unitholders owning Trust units as of January 14, 2022. Such distribution included the net proceeds attributable to the sale of production received by MV Partners from October 1, 2021 through December 31, 2021. The Trustee withheld \$105,417 from the net proceeds otherwise available for distribution towards the building of the cash reserve described above.

The second quarterly distribution during 2022 was \$4,887,500, or \$0.425 per Trust unit, and was made on April 25, 2022 to Trust unitholders owning Trust units as of April 18, 2022. Such distribution included the net proceeds attributable to the sale of production received by MV Partners from January 1, 2022 through March 31, 2022. The Trustee withheld \$105,417 from the net proceeds otherwise available for distribution towards the building of the cash reserve described above.

The first quarterly distribution during 2021 was \$1,265,000, or \$0.110 per Trust unit, and was made on January 25, 2021 to Trust unitholders owning Trust units as of January 15, 2021. Such distribution included the net proceeds attributable to the sale of production received by MV Partners from October 1, 2020 through December 31, 2020.

The second quarterly distribution during 2021 was \$2,415,000, or \$0.210 per Trust unit, and was made on April 23, 2021 to Trust unitholders owning Trust units as of April 15, 2021. Such distribution included the net proceeds of production collected by MV Partners from January 1, 2021 through March 31, 2021.

#### **Note 8—Advance for Trust Expenses**

Under the terms of the Trust Agreement, the Trustee is allowed to borrow money to pay Trust expenses. During the three months ended June 30, 2022 and 2021, there were no borrowings or amounts owed for money borrowed in previous quarters. MV Partners has provided a letter of credit in the amount of \$1.8 million to the Trustee to protect the Trust against the risk that it does not have sufficient cash to pay future expenses.

#### **Note 9—Subsequent Events**

The third quarterly distribution during 2022 was \$8,050,000, or \$0.700 per Trust unit, and was made on July 25, 2022 to Trust unitholders owning Trust units as of July 15, 2022. Such distribution included the net proceeds of production collected by MV Partners from April 1, 2022 through June 30, 2022. The Trustee withheld \$421,668 from the net proceeds otherwise available for distribution towards the building of the cash reserve described in Note 7.

#### **Item 2. Trustee's Discussion and Analysis of Financial Condition and Results of Operations.**

The following discussion of the Trust's financial condition and results of operations should be read in conjunction with the financial statements and notes thereto. The Trust's purpose is, in general, to hold the net profits interest, to distribute to the Trust unitholders cash that the Trust receives in respect of the net profits interest, and to perform certain administrative functions in respect of the net profits interest and the Trust units. The Trust derives substantially all of its income and cash flows from the net profits interest. All information regarding operations has been provided to the Trustee by MV Partners.

#### **Results of Operations**

##### *Results of Operations for the Quarters Ended June 30, 2022 and 2021*

The cash received by the Trust from MV Partners during the quarter ended June 30, 2022 substantially represents the production by MV Partners from December 2021 through February 2022. The cash received by the Trust from MV Partners during the quarter ended June 30, 2021 substantially represents the production by MV Partners from December 2020 through February 2021. The revenues from oil production are typically received by MV Partners one month after production. The Trust's income from net profits interest increased \$2,620,231 to \$5,242,605 for the quarter ended June 30, 2022 from \$2,622,374 for the quarter ended June 30, 2021. The increase was primarily due to a \$3,275,289 increase in excess of revenues over direct operating expenses and lease equipment and development costs for the underlying properties to \$6,553,256 from \$3,277,967 for the same period in the prior year. These amounts were reduced by a Trustee holdback for future expenses of \$355,105 and \$207,374 for the quarters

ended June 30, 2022 and 2021, respectively. This increase of \$147,731 is primarily the result of the Trustee's decision to build a cash reserve of approximately \$1.265 million for the payment of future known, anticipated or contingent expenses or liabilities of the Trust, commencing with the distribution payable in the first quarter of 2022. The Trustee paid general and administrative expenses of \$228,829 and \$160,032 for the quarters ended June 30, 2022 and 2021, respectively. During the quarters ended June 30, 2022 and 2021, MV Partners did not withhold or release any dollar amounts due to the Trust from the previously established reserve for future capital expenditures. These factors resulted in distributable income for the quarter ended June 30, 2022 of \$4,887,500, an increase of \$2,472,500 from \$2,415,000 for the quarter ended June 30, 2021.

The average price received for crude oil sold was \$77.53 per Bbl and the average price received for natural gas sold was \$5.31 per Mcf for the period from January 1, 2022 through March 31, 2022. The average price received for crude oil sold was \$47.51 per Bbl and the average price received for natural gas sold was \$2.18 per Mcf for the period from January 1, 2021 through March 31, 2021.

The overall production sales volumes attributable to the net profits interest for the oil and gas production collected during the period from January 1, 2022 through March 31, 2022 were 114,429 Bbls of oil, 6,996 Mcf of natural gas and 24 Bbls of natural gas liquids, for a total of 115,610 barrels of oil equivalent. The overall production sales volumes attributable to the net profits interest for the oil and gas production collected during the period from January 1, 2021 through March 31, 2021 were 124,275 Bbls of oil, 8,798 Mcf of natural gas and 24 Bbls of natural gas liquids, for a total of 125,757 barrels of oil equivalent.

#### *Results of Operations for the Six Months Ended June 30, 2022 and 2021*

The cash received by the Trust from MV Partners during the six months ended June 30, 2022 substantially represents the production by MV Partners from September 2021 through February 2022. The cash received by the Trust from MV Partners during the six months ended June 30, 2021 substantially represents the production by MV Partners from September 2020 through February 2021. The revenues from oil production are typically received by MV Partners one month after production. The Trust's income from net profits interest increased \$6,378,159 to \$10,327,285 for the six months ended June 30, 2022 from \$3,949,126 for the six months ended June 30, 2021. The increase was primarily due to a \$7,972,700 increase in excess of revenues over direct operating expenses and lease equipment and development costs for the underlying properties to \$12,909,107 from \$4,936,407 for the same period in the prior year. These amounts were reduced by a Trustee holdback for future expenses of \$724,785 and \$269,126 for the six months ended June 30, 2022 and 2021, respectively. This increase of \$455,659 is primarily the result of the Trustee's decision to build a cash reserve of approximately \$1.265 million for the payment of future known, anticipated or contingent expenses or liabilities of the Trust, commencing with the distribution payable in the first quarter of 2022. The Trustee paid general and administrative expenses of \$560,450 and \$565,784 for the six months ended June 30, 2022 and 2021, respectively. During the six months ended June 30, 2022 and 2021, MV Partners did not withhold or release any dollar amounts due to the Trust from the previously established reserve for future capital expenditures. These factors resulted in distributable income for the six months ended June 30, 2022 of \$9,602,500, an increase of \$5,922,500 from \$3,680,000 for the six months ended June 30, 2020.

The average price received for crude oil sold was \$74.97 per Bbl and the average price received for natural gas sold was \$4.68 per Mcf for the period from October 1, 2021 through March 31, 2022. The average price received for crude oil sold was \$41.34 per Bbl and the average price received for natural gas sold was \$1.91 per Mcf for the period from October 1, 2020 through March 31, 2021.

The overall production sales volumes attributable to the net profits interest for the oil and gas production collected during the period from October 1, 2021 through March 31, 2022 were 241,858 Bbls of oil, 15,300 Mcf of natural gas and 41 Bbls of natural gas liquids, for a total of 244,434 barrels of oil equivalent. The overall production sales volumes attributable to the net profits interest for the oil and gas production collected during the period from October 1, 2020 through March 31, 2021 were 256,477 Bbls of oil, 15,894 Mcf of natural gas and 47 Bbls of natural gas liquids, for a total of 259,156 barrels of oil equivalent.

#### **Liquidity and Capital Resources**

Other than Trust administrative expenses, including any reserves established by the Trustee for future liabilities, the Trust's only use of cash is for distributions to Trust unitholders. Administrative expenses include payments to the Trustee as well as an annual administrative fee to MV Partners pursuant to an administrative services agreement. Each quarter, the Trustee determines the amount of funds available for distribution. Available funds are the excess cash, if any, received by the Trust from the net profits interest and payments from other sources (such as interest earned on any amounts reserved by the Trustee) in that quarter, over the Trust's expenses paid for that quarter. Available funds are reduced by any cash the Trustee decides to hold as a reserve against future expenses. As of June 30, 2022, \$461,481 was held by the Trustee as such a reserve.

The Trustee may cause the Trust to borrow funds required to pay expenses if the Trustee determines that the cash on hand and the cash to be received are insufficient to cover the Trust's expenses. If the Trust borrows funds, the Trust unitholders will not receive distributions until the borrowed funds are repaid. During the three and six months ended June 30, 2022 and 2021, there were no such borrowings. MV Partners has provided a letter of credit in the amount of \$1.8 million to the Trustee to protect the Trust against the risk that it does not have sufficient cash to pay future expenses.

As previously disclosed, the Trustee intends to build a reserve for the payment of future known, anticipated or contingent expenses or liabilities. The Trustee intends to withhold a portion of the proceeds otherwise available for distribution each quarter to gradually build a cash reserve to approximately \$1.265 million. This amount is in addition to the \$1.8 million letter of credit described above. The Trustee may increase or decrease the targeted amount at any time, and may increase or decrease the rate at which it is withholding funds to build the cash reserve at any time, without advance notice to the unitholders. Cash held in reserve will be invested as required by the Trust Agreement. Any cash reserved in excess of the amount necessary to pay or provide for the payment of future known, anticipated or contingent expenses or liabilities eventually will be distributed to unitholders, together with interest earned on the funds. Through August 9, 2022, the Trustee has withheld a total of \$632,502 from the proceeds otherwise available for distribution towards the building of the cash reserve described above.

Income to the Trust from the net profits interest is based on the calculation and definitions of "gross proceeds" and "net proceeds" contained in the conveyance.

As substantially all of the underlying properties are located in mature fields, MV Partners does not expect future costs for the underlying properties to change significantly as compared to recent historical costs other than changes due to fluctuations in the general cost of oilfield services. MV Partners may establish a capital reserve of up to \$1,000,000 in the aggregate at any given time to reduce the impact on distributions of uneven capital expenditure timing. As of June 30, 2022, \$1,000,000 was held by MV Partners as a capital reserve.

The Trust does not have any transactions, arrangements or other relationships with unconsolidated entities or persons that could materially

affect the Trust's liquidity or the availability of capital resources.

#### Note Regarding Forward-Looking Statements

This Form 10-Q includes "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). All statements other than statements of historical fact included in this Form 10-Q, including without limitation the statements under "Trustee's Discussion and Analysis of Financial Condition and Results of Operations" are forward-looking statements. Although MV Partners advised the Trust that it believes that the expectations reflected in the forward-looking statements contained herein are reasonable, no assurance can be given that such expectations will prove to have been correct. Important factors that could cause actual results to differ materially from expectations ("Cautionary Statements") are disclosed in this Form 10-Q and in the Trust's Annual Report on Form 10-K for the year ended December 31, 2021 (the "Form 10-K"), including under the section "Item 1A. Risk Factors". All subsequent written and oral forward-looking statements attributable to the Trust or persons acting on its behalf are expressly qualified in their entirety by the Cautionary Statements.

#### Item 3. Quantitative and Qualitative Disclosures About Market Risk.

The Trust is a smaller reporting company as defined by Rule 12b-2 of the Exchange Act and is not required to provide the information under this Item.

#### Item 4. Controls and Procedures.

*Evaluation of Disclosure Controls and Procedures.* The Trustee maintains disclosure controls and procedures designed to ensure that information required to be disclosed by the Trust in the reports that it files or submits under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the rules and regulations promulgated by the SEC. Disclosure controls and procedures include controls and procedures designed to ensure that information required to be disclosed by the Trust is accumulated and communicated by MV Partners to The Bank of New York Mellon Trust Company, N.A., as Trustee of the Trust, and its employees who participate in the preparation of the Trust's periodic reports as appropriate to allow timely decisions regarding required disclosure.

As of the end of the period covered by this report, the Trustee carried out an evaluation of the Trust's disclosure controls and procedures. A Trust Officer of the Trustee has concluded that the disclosure controls and procedures of the Trust are effective.

Due to the contractual arrangements of (i) the Trust Agreement and (ii) the conveyance of the net profits interest, the Trustee relies on (A) information provided by MV Partners, including historical operating data, plans for future operating and capital expenditures, reserve information and information relating to projected production, and (B) conclusions and reports regarding reserves by the Trust's independent reserve engineers. See "Risk Factors—The trust and the public trust unitholders have no voting or managerial rights with respect to MV Partners, the operator of the underlying properties. As a result, public trust unitholders have no ability to influence the operation of the underlying properties" and "Trustee's Discussion and Analysis of Financial Condition and Results of Operations" in the Form 10-K for a description of certain risks relating to these arrangements and reliance on information when reported by MV Partners to the Trustee and recorded in the Trust's results of operations.

*Changes in Internal Control over Financial Reporting.* During the quarter ended June 30, 2022, there was no change in the Trust's internal control over financial reporting that has materially affected, or is reasonably likely to materially affect, the Trust's internal control over financial reporting. The Trustee notes for purposes of clarification that it has no authority over, and makes no statement concerning, the internal control over financial reporting of MV Partners.

## PART II—OTHER INFORMATION

#### Item 1A. Risk Factors.

There have not been any material changes from the risk factors previously disclosed in the Trust's response to Item 1A to Part I of the Form 10-K.

#### Item 6. Exhibits.

The exhibits listed below are filed or furnished as part of this Quarterly Report on Form 10-Q.

Exhibit Number	Description
31	<a href="#">Certification pursuant to Section 302 of the Sarbanes-Oxley Act of 2002</a>
32	<a href="#">Certification pursuant to Section 906 of the Sarbanes-Oxley Act of 2002</a>

## SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned thereunto duly authorized.

MV OIL TRUST

By: The Bank of New York Mellon Trust Company, N.A., as Trustee

By: /s/ ELAINA C. RODGERS  
Elaina C. Rodgers  
Vice President

The Registrant, MV Oil Trust, has no principal executive officer, principal financial officer, board of directors or persons performing similar functions. Accordingly, no additional signatures are available and none have been provided. In signing the report above, the Trustee does not imply that it has performed any such function or that such function exists pursuant to the terms of the Trust Agreement under which it serves.

## CERTIFICATION

I, Elaina C. Rodgers, certify that:

1. I have reviewed this quarterly report on Form 10-Q of MV Oil Trust (the "Trust"), for which The Bank of New York Mellon Trust Company, N.A., acts as Trustee;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, distributable income and changes in Trust corpus of the registrant as of, and for, the periods presented in this report;
4. I am responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and I have:
  - a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under my supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to me by others within those entities, particularly during the period in which this report is being prepared;
  - b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under my supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report my conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
  - d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. I have disclosed, based on my most recent evaluation of internal control over financial reporting, to the registrant's auditors:
  - a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
  - b) Any fraud, whether or not material, that involves any persons who have a significant role in the registrant's internal control over financial reporting.

In giving the foregoing certifications in paragraphs 4 and 5, I have relied to the extent I consider reasonable on information provided to me by MV Partners, LLC.

Re: Certification pursuant to 18 U.S.C. Section 1350, as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002

Ladies and Gentlemen:

In connection with the Quarterly Report of MV Oil Trust (the "Trust") on Form 10-Q for the quarterly period ended June 30, 2022 as filed with the Securities and Exchange Commission on the date hereof (the "Report"), the undersigned, not in its individual capacity but solely as the trustee of the Trust, certifies pursuant to 18 U.S.C. 1350, as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002, that to its knowledge:

- (1) The Report fully complies with the requirements of Section 13(a) or 15(d) of the Securities Exchange Act of 1934, as amended; and
- (2) The information contained in the Report fairly presents, in all material respects, the financial condition and results of operations of the Trust.

The above certification is furnished solely pursuant to Section 906 of the Sarbanes-Oxley Act of 2002 (18 U.S.C. 1350) and is not being filed as part of the Report or as a separate disclosure document.

The Bank of New York Mellon Trust Company, N.A.  
Trustee for MV Oil Trust
