the leases at the lease terms described above and below by providing notice to the Trust at least 90 days prior to the termination of the then current term. We also have the right to purchase the respective leased hospitals at their appraised fair market value upon any of the following: (i) at the end of the lease terms or any renewal terms; (ii) upon one monthâ€™s notice should a change of control of the Trust occur, or; (iii) within the time period as specified in the lease in the event that we provide notice to the Trust of our intent to offer a substitution property/properties in exchange for one (or more) of the hospital properties leased from the Trust should we be unable to reach an agreement with the Trust on the properties to be substituted. In addition, we have rights of first refusal to: (i) purchase the respective leased facilities during and for a specified period after the lease terms at the same price, terms and conditions of any third-party offer, or; (ii) renew the lease on the respective leased facility at the end of, and for a specified period after, the lease term at the same terms and conditions pursuant to any third-party offer.In addition, we are the managing, majority member in a joint venture with an unrelated third-party that operates Clive Behavioral Health, a 100-bed behavioral health care facility located in Clive, Iowa. The real property of this facility, which was completed and opened in late 2020, is also leased from the Trust (annual rental of approximately $2.8 million and $2.7 million during 2024 and 2023, respectively) pursuant to the lease terms as provided in the table below. In connection with the lease on this facility, the joint venture has the right to purchase the leased facility from the Trust at its appraised fair market value upon either of the following: (i) by providing notice at least 270 days prior to the end of the lease terms or any renewal terms, or; (ii) upon 30 days' notice anytime within 12 months of a change of control of the Trust (UHS also has this right should the joint venture decline to exercise its purchase right). Additionally, the joint venture has rights of first offer to purchase the facility prior to any third-party sale.The table below provides certain details for each of the hospitals leased from the Trust as of September 30, 2024:Â Hospital Name Â AnnualMinimumRent Â Â End of Lease Term Â RenewalTerm(years) Â Â McAllen Medical Center Â $ 5,485,000 Â Â December, 2026 Â Â 5 Â (a) Wellington Regional Medical Center Â $ 6,639,000 Â Â December, 2026 Â Â 5 Â (b) Aiken Regional Medical Center/Aurora Pavilion Behavioral Health Services Â $ 4,072,000 Â Â December, 2033 Â Â 35 Â (c) Canyon Creek Behavioral Health Â $ 1,841,000 Â Â December, 2033 Â Â 35 Â (c) Clive Behavioral Health Hospital Â $ 2,775,000 Â Â December, 2040 Â Â 50 Â (d) Â (a)We have one 5-year renewal option at existing lease rates (through 2031).(b)We have one 5-year renewal option at fair market value lease rates (through 2031). On each January 1st through 2026, the annual rent will increase by 2.5% on a cumulative and compounded basis.(c)We have seven 5-year renewal options at fair market value lease rates (2034 through 2068). On each January 1st through 2033, the annual rent will increase by 2.25% on a cumulative and compounded basis. (d)This facility is operated by a joint venture in which we are the managing, majority member and an unrelated third-party holds a minority ownership interest. The joint venture has three, 10-year renewal options at computed lease rates as stipulated in the lease (2041 through 2070) and two additional, 10-year renewal options at fair market value lease rates (2071 through 2090). In each January through 2040 (and potentially through 2070 if three, 10-year renewal options are exercised), the annual rental will increase by 2.75% on a cumulative and compounded basis.In addition, certain of our subsidiaries are tenants in several medical office buildings (â€œMOBsâ€) and two free-standing emergency departments ("FED") owned by the Trust or by limited liability companies in which the Trust holds 95% to 100% of the ownership 10 Â interest. In connection with these two FEDs, in October, 2024, our subsidiaries exercised their 5-year renewal options on the facilities which are located in Weslaco and Mission, Texas. Each renewal option covers the period of February 1, 2025 through January 31, 2030 (the current lease terms were scheduled to expire on January 31, 2025; with aggregate annual lease rates of approximately $979,000). Pursuant to terms of the leases, and consistent with the terms of the leases currently in effect for each property, the lease rates are scheduled to increase 2% per year through the end of the renewed lease terms. Our subsidiaries have five, 5-year renewal options remaining on each of these FEDs, with the first three renewal options (covering the years 2030 through 2044) providing for 2% annual increases to the lease rates, and the remaining two, 5-year renewal options (covering the years 2045 through 2054) providing for lease rates at the then fair market value. These leases are cross-defaulted with one another and our subsidiaries have the option to purchase the leased properties upon the expiration of each five-year extended term at the fair market value at that time. During the third quarter of 2023, the Trust acquired the McAllen Doctor's Center, a 79,500 rentable square feet medical office building located in McAllen, Texas. A master lease was executed between a wholly-owned subsidiary of ours and the Trust, pursuant to the terms of which our subsidiary will master lease 100% of the rentable square feet of the MOB at an initial minimum rent of $624,000 annually. The master lease commenced during August, 2023 and is scheduled to expire in twelve years.During the first quarter of 2023, the Trust substantially completed construction on a new 86,000 rentable square feet multi-tenant MOB that is located on the campus of Northern Nevada Sierra Medical Center in Reno, Nevada. Northern Nevada Sierra Medical Center, a 170-bed newly constructed acute care hospital owned and operated by a wholly-owned subsidiary of ours, was completed and opened in April, 2022. In connection with this MOB, a ground lease and a master flex lease was executed between a wholly-owned subsidiary of ours and the Trust, pursuant to the terms of which our subsidiary will master lease approximately 68% of the rentable square feet of the MOB at an initial minimum rent of $1.3 million annually plus a pro-rata share of the common area maintenance expenses. The master flex lease could be reduced during the term if certain conditions are met. The ground lease and master flex lease each commenced during the first quarter of 2023.Other Related Party Transactions:In December, 2010, our Board of Directors approved the Companyâ€™s entering into supplemental life insurance plans and agreements on the lives of Alan B. Miller (our Executive Chairman of the Board) and his wife. As a result of these agreements, as amended in October, 2016, based on actuarial tables and other assumptions, during the life expectancies of the insureds, we would pay approximately $28 million in premiums, and certain trusts owned by our Executive Chairman of the Board, would pay approximately $9 million in premiums. Based on the projected premiums mentioned above, and assuming the policies remain in effect until the death of the insureds, we will be entitled to receive death benefit proceeds of no less than approximately $37 million representing the $28 million of aggregate premiums paid by us as well as the $9 million of aggregate premiums paid by the trusts. In connection with these policies, we will pay or have paid approximately $1.0 million, net, in premium payments during 2024 and 2023.In August, 2015, Marc D. Miller, our President and Chief Executive Officer and member of our Board of Directors, was appointed to the Board of Directors of Premier, Inc. (â€œPremierâ€), a healthcare performance improvement alliance. During 2013, we entered into a new group purchasing organization agreement (â€œGPOâ€) with Premier. In conjunction with the GPO agreement, we acquired a minority interest in Premier for a nominal amount. During the fourth quarter of 2013, in connection with the completion of an initial public offering of the stock of Premier, we received cash proceeds for the sale of a portion of our ownership interest in the GPO. Also in connection with this GPO agreement, we received shares of restricted stock of Premier which vested ratably over a seven-year period (2014 through 2020), contingent upon our continued participation and minority ownership interest in the GPO. During the third quarter of 2020, we entered into an agreement with Premier pursuant to the terms of which, among other things, our ownership interest in Premier was converted into shares of Class A Common Stock of Premier. We have elected to retain a portion of the previously vested shares of Premier, the market value of which is included in other assets on our condensed consolidated balance sheets. Based upon the closing price of Premierâ€™s stock on each respective date, the market value of our shares of Premier was approximately $45 million and $50 million as of September 30, 2024 and December 31, 2023, respectively. Any change in market value of our Premier shares since December 31, 2023 was recorded as an unrealized gain/loss in â€œOther (income) expense, netâ€ in our condensed consolidated statements of income for the three and nine-month period ended September 30, 2024. Additionally, we received cash dividends from Premier amounting to approximately $470,000 for each of the three-month periods ended September 30, 2024 and 2023, and approximately $1.4 million for each of the nine-month periods ended September 30, 2024 and 2023. The dividends are included in â€œOther (income) expense, netâ€ in our condensed consolidated statements of income. A member of our Board of Directors, Executive Committee and Finance Committee is a partner in Norton Rose Fulbright US LLP, a law firm engaged by us for a variety of legal services. The Board member and his law firm also provide personal legal services to our Executive Chairman and he acts as trustee of certain trusts for the benefit of our Executive Chairman and his family. (3) Other Noncurrent liabilities and Redeemable/Noncontrolling InterestsOther noncurrent liabilities include the long-term portion of our professional and general liability, workersâ€™ compensation reserves, pension and deferred compensation liabilities, and liabilities incurred in connection with split-dollar life insurance agreements on the lives of our chief executive officer and his wife. 11 Â As of September 30, 2024, outside owners held noncontrolling, minority ownership interests of: (i) approximately 7% in an acute care facility located in Texas; (ii) 49%, 20%, 30%, 20%, 25%, and 48% in six behavioral health care facilities located in Arizona, Pennsylvania, Ohio, Washington, Missouri, and Iowa, respectively, (iii) 26% and 49% in two behavioral health care facilities located in Michigan (one currently under construction with an expected opening in the second quarter of 2025) and; (iv) approximately 5% in an acute care facility and 49% in a surgery center, located in Nevada. The noncontrolling interest and redeemable noncontrolling interest balances of $75 million and $6 million, respectively, as of September 30, 2024, consist primarily of the third-party ownership interests in these hospitals.In connection with the two behavioral health care facilities located in Pennsylvania and Ohio, the minority ownership interests of which are reflected as redeemable noncontrolling interests on our consolidated balance sheets, the outside owners have â€œput optionsâ€ to put their entire ownership interest to us at any time. If exercised, the put option requires us to purchase the minority memberâ€™s interest at fair market value. Accordingly, the amounts recorded as redeemable noncontrolling interests on our consolidated balance sheets reflect the estimated fair market value of these ownership interests. (4) TreasuryIn September, 2024, we completed the following financing transactions:â€¢The public offering of $500 million of aggregate principal amount of 4.625% senior secured notes due on October 15, 2029 ("2029 Notes");â€¢The public offering of $500 million of aggregate principal amount of 5.050% senior secured notes due on October 15, 2034 ("2034 Notes");â€¢Amended our credit agreement to:oExtend the maturity date to September, 2029 (from August, 2026 previously);oIncrease the revolving credit facility to $1.3 billion (from $1.2 billion previously), and;oreduce the outstanding borrowings pursuant to the tranche term loan A facility by approximately $1.0 billion, to $1.2 billion, utilizing the proceeds generated from the issuance of the above-mentioned 2029 Notes and 2034 Notes.On September 26, 2024, we entered into a tenth amendment ("Tenth Amendment") to our credit agreement ("Credit Agreement"), dated as of November 15, 2010, as amended and restated at various times from March, 2011 to June, 2022, among UHS, as borrower, the several banks and other financial institutions or entities from time to time parties thereto, as lenders, and JPMorgan Chase Bank, N.A., as administrative agent. The Tenth Amendment provided for: (i) an extension of the maturity date to September 26, 2029; (ii) a new revolving credit facility of up to $1.3 billion (which as of September 30, 2024, had $1.01 billion of aggregate available borrowing capacity, net of $288 million of outstanding borrowings and $3 million of letters of credit), and; (iii) a new replacement tranche A term loan facility ("Tranche A Term Loan") of up to $1.2 billion (which had $1.2 billion of outstanding borrowings as of September 30, 2024).Pursuant to the terms of the Tenth Amendment, the Tranche A Term Loan provides for installment payments of $7.5 million per quarter commencing on December 31, 2024 through September 30, 2026, and $15.0 million per quarter commencing on December 31, 2026 through June 30, 2029. The unpaid principal balance at June 30, 2029 (scheduled to be $975.0 million) is payable on the September 26, 2029 scheduled maturity date of the Credit Agreement.Revolving credit and Tranche A Term Loan borrowings under the Credit Agreement bear interest at our election at either (1) the ABR rate which is defined as the rate per annum equal to the greatest of (a) the lenderâ€™s prime rate, (b) the weighted average of the federal funds rate, plus 0.5% and (c) one month term SOFR rate plus 1%, in each case, plus an applicable margin based upon our consolidated leverage ratio at the end of each quarter ranging from 0.25% to 0.625%, or (2) the one, three or six month term SOFR rate plus 0.1% (at our election), plus an applicable margin based upon our consolidated leverage ratio at the end of each quarter ranging from 1.25% to 1.625%. As of September 30, 2024, the applicable margins were 0.375% for ABR-based loans and 1.375% for SOFR-based loans under the revolving credit and term loan A facilities. The revolving credit facility includes a $125 million sub-limit for letters of credit. The Credit Agreement is secured by certain assets of the Company and our material subsidiaries (which generally excludes asset classes such as substantially all of the patient-related accounts receivable of our acute care hospitals, if sold to a receivables facility pursuant to the Credit Agreement, and certain real estate assets and assets held in joint-ventures with third parties) and is guaranteed by our material subsidiaries.The Credit Agreement includes a material adverse change clause that must be represented at each draw. The Credit Agreement also contains covenants that include a limitation on sales of assets, mergers, change of ownership, liens, indebtedness, transactions with affiliates, dividends and stock repurchases; and requires compliance with financial covenants including maximum leverage. We were in compliance with all required covenants as of September 30, 2024 pursuant to the terms of the Credit Agreement, as amended on September 26, 2024, and as of December 31, 2023 pursuant to the terms of the previous credit agreement. 12 Â As mentioned above, on September 26, 2024, we completed the public offering of: (i) $500,000,000 aggregate principal amount of the 4.625%, 2029 Notes, and; (ii) $500,000,000 aggregate principal amount of the 5.050%, 2034 Notes (and together with the 2029 Notes, the "2029 and 2034 Notes"), each guaranteed on a senior secured basis by all of our existing and future direct and indirect subsidiaries that guarantee our senior secured credit facility or our other first lien obligations or any junior lien obligations (the â€œSubsidiary Guarantorsâ€). The 2029 and 2034 Notes have been registered under the Securities Act of 1933, as amended (the â€œSecurities Actâ€), pursuant to the Issuerâ€™s and the Subsidiary Guarantorsâ€™ registration statement on Form S-3 (File No. 333-282135), including the prospectus dated September 16, 2024, and a related prospectus supplement dated September 17, 2024, as filed with the Securities and Exchange Commission on September 19, 2024.As of September 30, 2024, including the above-mentioned newly issued Notes, we had combined aggregate principal of $3.0 billion from the following senior secured notes:â€¢$700 million aggregate principal amount of 1.65% senior secured notes due in September, 2026 ("2026 Notes") which were issued on August 24, 2021. Interest on the 2026 Notes is payable on March 1st and September 1st until the maturity date of September 1, 2026.â€¢$500 million of aggregate principal amount of 4.625% senior secured notes due in October, 2029 ("2029 Notes") which were issued on September 26, 2024. Interest on the 2029 Notes is payable on April 15th and October 15th, commencing April 15, 2025 until the maturity date of October 15, 2029.â€¢$800 million aggregate principal amount of 2.65% senior secured notes due in October, 2030 ("2030 Notes") which were issued on September 21, 2020. Interest on the 2030 Notes is payable on April 15th and October 15th, until the maturity date of October 15, 2030.â€¢$500 million of aggregate principal amount of 2.65% senior secured notes due in January, 2032 ("2032 Notes") which were issued on August 24, 2021. Interest on the 2032 Notes is payable on January 15th and July 15th until the maturity date of January 15, 2032.â€¢$500 million of aggregate principal amount of 5.050% senior secured notes due in October, 2034 ("2034 Notes") which were issued on September 26, 2024. Interest on the 2034 Notes is payable on April 15th and October 15th, commencing on April 15, 2025 until the maturity date of October 15, 2034.The 2026 Notes, 2030 Notes and 2032 Notes (collectively the "2026, 2030 and 2032 Notes") were initially issued only to qualified institutional buyers under Rule 144A and to non-U.S. persons outside the United States in reliance on Regulation S under the Securities Act. In December, 2022, we completed a registered exchange offer in which virtually all previously outstanding 2026, 2030 and 2032 Notes were exchanged for identical 2026, 2030 and 2032 Notes that were registered under the Securities Act, and thereby became freely transferable (subject to certain restrictions applicable to affiliates and broker dealers). 2026, 2030 and 2032 Notes originally issued under Rule 144A or Regulation S that were not exchanged remain outstanding and may not be offered or sold in the United States absent registration under the Securities Act or an applicable exemption from registration requirements thereunder.The 2026, 2030 and 2032 Notes, and the 2029 and 2034 Notes (collectively "All the Notes") are guaranteed (the â€œGuaranteesâ€) on a senior secured basis by our Subsidiary Guarantors that guarantee our Credit Agreement, or other first lien obligations or any junior lien obligations. All the Notes and the Guarantees are secured by first-priority liens, subject to permitted liens, on certain of the Companyâ€™s and the Subsidiary Guarantorsâ€™ assets now owned or acquired in the future by the Company or the Subsidiary Guarantors (other than real property, accounts receivable sold pursuant to a Company-related receivables facility (as defined in the Indenture pursuant to which All The Notes were issued (the â€œIndenturesâ€), and certain other excluded assets). The Companyâ€™s obligations with respect to All the Notes, the obligations of the Subsidiary Guarantors under the Guarantees, and the performance of all of the Companyâ€™s and the Subsidiary Guarantorsâ€™ other obligations under the Indentures, are secured equally and ratably with the Companyâ€™s and the Subsidiary Guarantorsâ€™ obligations under the Credit Agreement. However, the liens on the collateral securing All the Notes and the Guarantees will be released if: (i) All the Notes have investment grade ratings; (ii) no default has occurred and is continuing, and; (iii) the liens on the collateral securing all first lien obligations (including the Credit Agreement and All the Notes) and any junior lien obligations are released or the collateral under the Credit Agreement, any other first lien obligations and any junior lien obligations is released or no longer required to be pledged. The liens on any collateral securing All the Notes and the Guarantees will also be released if the liens on that collateral securing the Credit Agreement, other first lien obligations and any junior lien obligations are released.As discussed in Note 2 to the Condensed Consolidated Financial Statements-Relationship with Universal Health Realty Income Trust and Other Related Party Transactions, on December 31, 2021, we (through wholly-owned subsidiaries of ours) entered into an asset purchase and sale agreement with Universal Health Realty Income Trust (the â€œTrustâ€). Pursuant to the terms of the agreement, which was amended during the first quarter of 2022, we, among other things, transferred to the Trust, the real estate assets of Aiken Regional Medical Center (â€œAikenâ€) and Canyon Creek Behavioral Health (â€œCanyon Creekâ€). In connection with this transaction, Aiken and Canyon Creek (as lessees), entered into a master lease and individual property leases, as amended, (with the Trust as lessor), for initial lease terms on each property of approximately twelve years, ending on December 31, 2033.

As a result of our purchase option within 13 Â the Aiken and Canyon Creek lease agreements, this asset purchase and sale transaction is accounted for as a failed sale leaseback in accordance with U.S. GAAP and we have accounted for the transaction as a financing arrangement. Our lease payments payable to the Trust are recorded to interest expense and as a reduction of the outstanding financial liability, and the amount allocated to interest expense is determined based upon our incremental borrowing rate and the outstanding financial liability. In connection with this transaction, our consolidated balance sheets at September 30, 2024 and December 31, 2023 reflect financial liabilities, which are included in debt, of approximately $75 million and $77 million, respectively.At September 30, 2024, the carrying value and fair value of our debt were approximately $4.7 billion and $4.4 billion, respectively. At December 31, 2023, the carrying value and fair value of our debt were approximately $4.9 billion and $4.6 billion, respectively. The fair value of our debt was computed based upon quotes received from financial institutions. We consider these to be â€œlevel 2â€ in the fair value hierarchy as outlined in the authoritative guidance for disclosures in connection with debt instruments.The aggregate scheduled maturities of our $4.7 billion total debt outstanding as of September 30, 2024 (before $21 million of unamortized financing costs), are as follows: (i) $38 million due during the next 12 months; (ii) $738 million due during months 13 to 24; (iii) $69 million due during months 25 to 36; (iv) $70 million due during months 37 to 48; (v) $1.3 billion due during months 49 to 60, and; (vi) $2.4 billion due in greater than 60 months.Foreign Currency Forward Exchange Contracts:We use forward exchange contracts to hedge our net investment in foreign operations against movements in exchange rates. The effective portion of the unrealized gains or losses on these contracts is recorded in foreign currency translation adjustment within accumulated other comprehensive income and remains there until either the sale or liquidation of the subsidiary. In connection with these forward exchange contracts, we recorded net cash outflows of $36 million during the nine-month period ended September 30, 2024 and net cash outflows of $8 million during the nine-month period ended September 30, 2023.Derivatives Hedging Relationships:The following table presents the effects of our foreign currency forward exchange contracts on our results of operations for the three and nine-month periods ended September 30, 2024 and 2023 (in thousands): Â Gain/(Loss) recognized in AOCI Â Â Three months ended Â Â Nine months ended Â Â September 30, Â Â September 30, Â Â September 30, Â Â September 30, Â Â 2024 Â Â 2023 Â Â 2024 Â Â 2023 Â Net Investment Hedge relationships Â Â Â Â Â Â Â Â Â Â Â Â Foreign currency forward exchange contracts $ (43,490) Â $ 19,619 Â Â $ (35,289) Â $ (10,781) No other gains or losses were recognized in income related to derivatives in Subtopic 815-20.Cash, Cash Equivalents and Restricted Cash:Cash, cash equivalents, and restricted cash as reported in the condensed consolidated statements of cash flows are presented separately on our condensed consolidated balance sheets as follows (in thousands): Â September 30, Â Â September 30, Â Â December 31, Â Â 2024 Â Â 2023 Â Â 2023 Â Cash and cash equivalents $ 106,077 Â $ 80,768 Â $ 119,439 Â Restricted cashÂ (a) Â 98,520 Â Â 99,871 Â Â 95,031 Â Total cash, cash equivalents and restricted cash $ 204,597 Â Â $ 180,639 Â Â $ 214,470 Â (a) Restricted cash is included in other noncurrent assets on the accompanying condensed consolidated balance sheets. (5) Fair Value MeasurementFair value is defined as the price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The following fair value hierarchy classifies the inputs to valuation techniques used to measure fair value into one of three levels:â€¢Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities.â€¢Level 2: Inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly. These included quoted prices for similar assets or liabilities in active markets and quoted prices for identical or similar assets or liabilities in markets that are not active.â€¢Level 3: Unobservable inputs that reflect the reporting entityâ€™s own assumptions. 14 Â The following tables present the assets and liabilities recorded at fair value on a recurring basis: Â Balance at Â Balance Sheet Basis of Fair Value Measurement Â (in thousands) September 30, 2024 Â Location Level 1 Â Level 2 Â Level 3 Â Assets: Â Â Â Â Â Â Â Â Money market mutual funds $ 115,205 Â Other noncurrent assets $ 115,205 Â Â Â Â Â Certificates of deposit Â 2,201 Â Other noncurrent assets Â Â Â 2,201 Â Â Â Equity securities Â 44,654 Â Other noncurrent assets Â 44,654 Â Â Â Â Â Deferred compensation assets Â 49,270 Â Other noncurrent assets Â 49,270 Â Â Â Â Â Â $ 211,330 Â Â $ 209,129 Â $ 2,201 Â Â - Â Liabilities: Â Â Â Â Â Â Â Â Â Foreign currency forward exchange contracts $ 1,533 Â Accounts payable and other liabilities Â Â $ 1,533 Â Â Â Deferred compensation liability Â 49,270 Â Other noncurrent liabilities Â 49,270 Â Â Â Â Â Â $ 50,803 Â Â $ 49,270 Â $ 1,533 Â Â - Â Â Â Â Â Â Â Â Â Â Â Â Balance at Â Balance Sheet Basis of Fair Value Measurement Â (in thousands) December 31, 2023 Â Location Level 1 Â Level 2 Â Level 3 Â Assets: Â Â Â Â Â Â Â Â Â Money market mutual funds $ 111,129 Â Other noncurrent assets $ 111,129 Â Â Â Â Â Certificates of deposit Â 2,300 Â Other noncurrent assets Â Â Â 2,300 Â Â Â Equity securities Â 49,923 Â Other noncurrent assets Â 49,923 Â Â Â Â Â Deferred compensation assets Â 43,060 Â Other noncurrent assets Â 43,060 Â Â Â Â Â Â $ 206,412 Â Â $ 204,112 Â $ 2,300 Â Â - Â Liabilities: Â Â Â Â Â Â Â Â Â Foreign currency forward exchange contracts $ 1,911 Â Accounts payable and other liabilities Â Â $ 1,911 Â Â Â Deferred compensation liability Â 43,060 Â Other noncurrent liabilities Â 43,060 Â Â Â Â Â Â $ 44,971 Â Â $ 43,060 Â $ 1,911 Â Â - Â The fair value of our money market mutual funds, certificates of deposit and equity securities with a readily determinable fair value are computed based upon quoted market prices in an active market. The fair value of our foreign currency exchange contracts is determined using quoted forward exchange rates and spot rates at the reporting date. (6) Commitments and ContingenciesProfessional and General Liability, Workersâ€™ Compensation Liability The vast majority of our subsidiaries are self-insured for professional and general liability exposure up to: (i) $20 million for professional liability and $3 million for general liability per occurrence in 2024, 2023, 2022 and 2021; (ii) $10 million and $3 million per occurrence, respectively, in 2020; (iii) $5 million and $3 million per occurrence, respectively, during 2019, 2018 and 2017, and; (iv) $10 million and $3 million per occurrence, respectively, prior to 2017.These subsidiaries are provided with several excess policies through commercial insurance carriers which provide for coverage in excess of the applicable per occurrence and aggregate self-insured retention or underlying policy limits up to approximately $175 million in 2024; $165 million in 2023; $162 million in 2022; $155 million in 2021 and $250 million during each of 2014 through 2020. In addition, from time to time based upon marketplace conditions, we may elect to purchase additional commercial coverage for certain of our facilities or businesses. Our behavioral health care facilities located in the U.K. have policies through a commercial insurance carrier located in the U.K. that provides for Â£18.5 million of professional liability coverage, and Â£25 million of general liability coverage. The commercial insurance limits indicated above for each policy year may have been reduced due to payment of covered claims or suits, subject to the policy terms and conditions.As of September 30, 2024, the total net accrual for our self-insured professional and general liability claims was $480 million, of which $70 million was included in current liabilities. As of December 31, 2023, the total net accrual for our self-insured professional and general liability claims was $431 million, of which $70 million was included in current liabilities.As a result of unfavorable trends experienced during the past several years, included in our results of operations were increases to our reserves for self-insured professional and general liability claims amounting to approximately $30 million and $44 million during the three and nine-month periods ended September 30, 2024, respectively, and $5 million and $25 million during the three and nine-month periods ended September 30, 2023. Our estimated liability for self-insured professional and general liability claims is based on a number of factors including, among other things, the number of asserted claims and reported incidents, estimates of losses for these 15 Â claims based on recent and historical settlement amounts, estimates of incurred but not reported claims based on historical experience, and estimates of amounts recoverable under our commercial insurance policies. While we continuously monitor these factors, our ultimate liability for professional and general liability claims could change materially from our current estimates due to inherent uncertainties involved in making this estimate. Given our significant self-insured exposure for professional and general liability claims, there can be no assurance that a sharp increase in the number and/or severity of claims asserted against us will not have a material adverse effect on our future results of operations.As of September 30, 2024, the total accrual for our workersâ€™ compensation liability claims was $136 million, $58 million of which was included in current liabilities. As of December 31, 2023, the total accrual for our workersâ€™ compensation liability claims was $130 million, $55 million of which was included in current liabilities. As a result of favorable trends experienced in prior years, included in our results of operations during the nine-month period ended September 30, 2023, was a pre-tax decrease to our reserves for self-insured workers' compensation liability claims of approximately $10 million (recorded during the second quarter of 2023).Although we are unable to predict whether or not our future financial statements will require updates to estimates for our prior year reserves for self-insured general and professional and workersâ€™ compensation claims, given the relatively unpredictable nature of these potential liabilities and the factors impacting these reserves, as discussed above, it is reasonably likely that our future financial results may include material adjustments to prior period reserves.As disclosed below in Legal Proceedings:â€¢On March 28, 2024, a jury returned a verdict for compensatory damages of $60 million and punitive damages of $475 million and a related judgment was entered against The Pavilion Behavioral Health System (the â€œPavilionâ€), an indirect subsidiary of the Company. In an order dated October 10, 2024, the trial court ordered a remittitur of punitive damages from $475 million to $120 million. The court denied the Pavilionâ€™s request for reduction of compensatory damages. The Pavilion intends to appeal the remaining judgment.â€¢Cumberland Hospital for Children and Adolescents (â€œCumberlandâ€), an indirect subsidiary of the Company, is a defendant in multi-plaintiff lawsuits filed in the Circuit Court for Richmond, Virginia (the â€œCumberland Litigationâ€), relating to allegations of inappropriate sexual contact during medical examinations by Dr. Daniel Davidow, an independent contractor and the former medical director for Cumberland. The Company and UHS of Delaware, Inc., our administrative services subsidiary (â€œUHS Delawareâ€), were also named as co-defendants in the Cumberland Litigation. Plaintiffs have asserted claims of negligence, assault and battery (against Dr. Davidow), false imprisonment, violations of the Virginia Consumer Protection Act (â€œVCPAâ€), and vicarious liability for Dr. Davidowâ€™s conduct against Cumberland, the Company, and UHS Delaware. The Company and UHS Delaware were dismissed from the action during the trial, which occurred in September, 2024. On September 27, 2024, a jury entered a verdict finding Dr. Davidow and Cumberland liable and awarded these three plaintiffs combined compensatory damages of $60 million for all liability theories, an additional combined $180 million in trebled damages for violation of the VCPA, and an additional combined $120 million in punitive damages. Cumberland is evaluating all legal options and intends to challenge this verdict, including the amounts awarded in the verdict, in post-trial proceedings and on appeal. Based upon Virginia law, we expect that the punitive damage amount should be reduced to a combined maximum of $1.05 million as a matter of law. There are approximately 40 additional plaintiffs making similar allegations with claims pending in the Cumberland Litigation.We are uncertain as to the ultimate financial exposure related to the above-mentioned Cumberland and Pavilion matters and we can make no assurances regarding their outcomes, or the amounts of damages that may be held recoverable after post-judgment proceedings and appeals. While Cumberland and Pavilion have professional liability insurance to cover a portion of these amounts, the resolution of these matters may have a material adverse effect on the Company. Without reduction for any potential amounts related to the above-mentioned Cumberland and Pavilion matters, the Company and its subsidiaries have aggregate insurance coverage of approximately $221 million remaining under commercial policies for matters applicable to the 2020 policy year (in excess of the applicable self-insured retention amounts of $10 million per occurrence for professional liability claims and $3 million per occurrence for general liability claims).In the event the resolution of the Cumberland and/or Pavilion matters exhausts all or a significant portion of the remaining commercial insurance coverage available to the Company and its subsidiaries for claims that occurred in 2020 (the applicable year for the Pavilion matter and substantially all of the Cumberland matters, as discussed above), or it requires the posting of large bonds or other collateral during appeal processes, our future results of operations and capital resources could be materially adversely impacted.Property InsuranceWe have commercial property insurance policies for our properties, covering the period of June 1, 2024 to June 1, 2025, providing property and business interruption coverage for losses in excess of $15 million per occurrence or per location (as applicable based upon the event) up to a $1 billion annual policy limitation for certain catastrophic events or perils. These commercial policies provide for coverage of up to $250 million of annual aggregate coverage for losses resulting from windstorm damage. Losses resulting from named windstorms are subject to deductibles between 3% and 5% of the total insurable value of the property. In addition, we have 16 Â commercial property insurance policies covering catastrophic losses resulting from earthquake and flood damage, each subject to aggregated loss limits (as opposed to per occurrence losses). Commercially insured earthquake coverage for our facilities is subject to various deductibles and limitations including: (i) $100 million limitation for our facilities located in California, New Madrid Seismic Zone, Pacific Northwest Seismic Zone, Alaska and certain counties in Nevada; (ii) $100 million limitation for our facilities located in fault zones within the United States; (iii) $40 million limitation for our facilities located in Puerto Rico, and; (iv) $250 million limitation for many of our facilities located in other states. Our commercially insured flood coverage has a limit of $100 million annually. There is also a $10 million sublimit for one of our facilities located in Houston, Texas, and a $1 million sublimit for our facilities located in Puerto Rico. In addition, subject to the underlying policies' deductible provisions, our facilities located in California, New Madrid Seismic Zone, Pacific Northwest Seismic Zone, Alaska and certain counties in Nevada, have $50 million of excess commercial property insurance coverage for earthquake losses in excess of $100 million. Property insurance for our behavioral health facilities located in the U.K. are provided on an all risk basis up to a Â£1.5 billion policy limit, with coverage caps per location, that includes coverage for real and personal property as well as business interruption losses.These commercial policies are subject to a deductible of: (i) $5 million per location for damage resulting from earthquake, wind, hail and flood, and; (ii) $5 million per occurrence for all other events. For per location or per occurrence losses in excess of the applicable deductible, we are self-insured, through our wholly-owned captive insurance company, for up to $10 million of annual aggregate losses. Should the $10 million self-insured annual aggregate limitation be exhausted during the policy year, we have commercial insurance coverage for the next $30 million of annual aggregate losses in excess of the applicable deductible. In the event the $30 million of commercial coverage is also exhausted, we are self-insured for all per location or per occurrence losses up to $25 million, including the $5 million deductible.Commitment to Develop, Lease and Operate an Acute Care Hospital in Washington, D.C.During 2020, we entered into various agreements with the District of Columbia (the â€œDistrictâ€) related to the development, leasing and operation of an acute care hospital and certain other facilities/structures on land owned by the District (â€œDistrict Facilitiesâ€). The agreements contemplate that we will serve as manager for development and construction of the District Facilities on behalf of the District, with a projected aggregate cost of approximately $439 million, approximately $295 million of which was incurred as of September 30, 2024, which will be entirely funded by the District. Construction of the District Facilities is expected to be completed in the Spring of 2025.Upon completion of the District Facilities, we will lease the District Facilities for a nominal rental amount for a period of 75 years and are obligated to operate the District Facilities during the lease term. We have certain lease termination rights in connection with the District Facilities beginning on the tenth anniversary of the lease commencement date for various and decreasing amounts as provided for in the agreements. Additionally, any time after the 10th anniversary of the lease term, we have a right to purchase the District Facilities for a price equal to the greater of fair market value of the District Facilities or the amount necessary to defease the bonds issued by the District to fund the construction of the District Facilities. The lease agreement also entitles the District to participation rent should certain specified earnings before interest, taxes, depreciation and amortization thresholds be achieved by the acute care hospital.Additionally, we have committed to expend no less than $75 million (approximately $12 million of which has been incurred as of September 30, 2024), over a projected 12-year period, in healthcare infrastructure including expenditures related to the District Facilities as well as other healthcare related expenditures in certain specified areas of Washington, D.C. Pursuant to the agreements, the District is entitled to certain termination fees and other amounts as specified in the agreements in the event we, within certain specified periods of time, cease to operate the acute care hospital or there is a transfer of control of us or our subsidiary operating the hospital.Legal ProceedingsWe operate in a highly regulated and litigious industry which subjects us to various claims and lawsuits in the ordinary course of business as well as regulatory proceedings and government investigations. These claims or suits include claims for damages for personal injuries, medical malpractice, commercial/contractual disputes, wrongful restriction of, or interference with, physiciansâ€™ staff privileges, and employment related claims. In addition, health care companies are subject to investigations and/or actions by various state and federal governmental agencies or those bringing claims on their behalf. Government action has increased with respect to investigations and/or allegations against healthcare providers concerning possible violations of fraud and abuse and false claims statutes as well as compliance with clinical and operational regulations. Currently, and from time to time, we and some of our facilities are subjected to inquiries in the form of subpoenas, Civil Investigative Demands, audits and other document requests from various federal and state agencies. These inquiries can lead to notices and/or actions including repayment obligations from state and federal government agencies associated with potential non-compliance with laws and regulations. Further, the federal False Claims Act allows private individuals to bring lawsuits (qui tam actions) against healthcare providers that submit claims for payments to the government. Various states have also adopted similar statutes. When such a claim is filed, the government will investigate the matter and decide if they are going to intervene in the pending case. These qui tam lawsuits are placed under seal by the court to comply with the False Claims Actâ€™s requirements. If the government chooses not to intervene, the private individual(s) can proceed independently on behalf 17 Â of the government. Health care providers that are found to violate the False Claims Act may be subject to substantial monetary fines/penalties as well as face potential exclusion from participating in

government health care programs or be required to comply with Corporate Integrity Agreements as a condition of a settlement of a False Claims Act matter. In September 2014, the Criminal Division of the Department of Justice (â€œDOJâ€) announced that all qui tam cases will be shared with their Division to determine if a parallel criminal investigation should be opened. The DOJ has also announced an intention to pursue civil and criminal actions against individuals within a company as well as the corporate entity or entities. In addition, health care facilities are subject to monitoring by state and federal surveyors to ensure compliance with program Conditions of Participation. In the event a facility is found to be out of compliance with a Condition of Participation and unable to remedy the alleged deficiency(s), the facility faces termination from the Medicare and Medicaid programs or compliance with a System Improvement Agreement to remedy deficiencies and ensure compliance.The laws and regulations governing the healthcare industry are complex covering, among other things, government healthcare participation requirements, licensure, certification and accreditation, privacy of patient information, reimbursement for patient services as well as fraud and abuse compliance. These laws and regulations are constantly evolving and expanding. Further, the original Patient Protection and Affordable Care Act, as amended by the Health and Education Reconciliation Act, has added additional obligations on healthcare providers to report and refund overpayments by government healthcare programs and authorizes the suspension of Medicare and Medicaid payments â€œpending an investigation of a credible allegation of fraud.â€ We monitor our business and have developed an ethics and compliance program with respect to these complex laws, rules and regulations. Although we believe our policies, procedures and practices comply with government regulations, there is no assurance that we will not be faced with the sanctions referenced above which include fines, penalties and/or substantial damages, repayment obligations, payment suspensions, licensure revocation, and expulsion from government healthcare programs. Even if we were to ultimately prevail in any action brought against us or our facilities or in responding to any inquiry, such action or inquiry could have a material adverse effect on us.Certain legal matters are described below:Knight v. Miller, et. al.In July 2021, a shareholder derivative lawsuit was filed by plaintiff, Robin Knight, in the Chancery Court in Delaware against the members of the Board of Directors of the Company as well as certain officers (C.A. No.: 2021-0581-SG). The Company was named as a nominal defendant. The lawsuit alleged that in March 2020 stock options were awarded with exercise prices that did not reflect the Companyâ€™s fundamentals and business prospects, and in anticipation of future market rebound resulting in excessive gains. The lawsuit made claims of breaches of fiduciary duties, waste of corporate assets, and unjust enrichment. The lawsuit sought monetary damages allegedly incurred by the Company, disgorgement of the March 2020 stock awards as well as any proceeds derived therefrom and unspecified equitable relief. Defendants denied the allegations. We filed a motion to dismiss the complaint and the court granted part and denied part of our motion. During the third quarter of 2022, we reached a preliminary settlement, which would not have had a material impact on our consolidated financial statements. The settlement required court approval which the court declined to provide. Our Board of Directors authorized the formation of a Special Litigation Committee ("SLC") to review the matter and determine whether it was in the best interests of the Company to pursue this claim. The court stayed the litigation while the SLC conducted their review. According to the SLCâ€™s status letter to the Court of Chancery, dated April 15, 2024, after a thorough examination of documentary evidence, interviews with relevant persons, and a review of the applicable law, the SLC determined that the claims asserted in the shareholder derivative lawsuit did not have merit and that pursuing them would not be in the interest of the Company. The SLC further advised the court that the SLC concluded that the claims should be dismissed. The parties jointly filed a stipulation with the court requesting dismissal of the case. After a preliminary hearing on the matter, the court requested a revised stipulation be filed which was prepared and filed with the court. During the third quarter of 2024, the court entered the stipulation dismissing the case and the matter has been concluded.Disproportionate Share Hospital Payment Matter:In late September, 2015, many hospitals in Pennsylvania, including certain of our behavioral health care hospitals located in the state, received letters from the Pennsylvania Department of Human Services (the â€œDepartmentâ€) demanding repayment of allegedly excess Medicaid Disproportionate Share Hospital payments (â€œDSHâ€), primarily consisting of managed care payments characterized as DSH payments, for the federal fiscal year (â€œFFYâ€) 2011 amounting to approximately $4 million in the aggregate. Since that time, certain of our behavioral health care hospitals in Pennsylvania have received similar requests for repayment for alleged DSH overpayments for FFYs 2012 through 2015. For FFY 2012, the claimed overpayment amounts to approximately $4 million. For FY 2013, FY 2014 and FY 2015 the initial claimed overpayments and attempted recoupment by the Department were approximately $7 million, $8 million and $7 million, respectively. The Department has agreed to a change in methodology which, upon confirmation of the underlying data being accepted by the Department, could reduce the initial claimed overpayments for FY 2013, FY 2014 and FY 2015 to approximately $2 million, $2 million and $3 million, respectively. We filed administrative appeals for all of our facilities contesting the recoupment efforts for FFYs 2011 through 2015 as we believe the Departmentâ€™s calculation methodology is inaccurate and conflicts with applicable federal and state laws and regulations. The Department agreed to postpone the recoupment of the stateâ€™s share for FFY 2011 to 2013 until all hospital appeals are resolved but recouped the federal share. For FFY 2014 and FFY 2015, the Department initiated the recoupment of the alleged overpayments (both federal and state shares). Starting in FY 2016, the first full 18 Â fiscal year after the January 1, 2015 effective date of Medicaid expansion in Pennsylvania, the Department no longer characterized managed care payments received by the hospitals as DSH payments. While the administrative appeals on the disputed DSH payments remain pending, we have been in continued settlement discussions with the Department. As a part of these discussions, we have presented certain calculation errors that we believe, if corrected, could materially reduce the alleged overpayments. We have recently reached a settlement in principle with the Department that will result in a partial repayment to us of amounts previously recouped. The parties are in the process of drafting a definitive settlement agreement codifying our agreement to conclude this matter. In the event that we are unable to complete the settlement agreement, we will continue with our administrative appeals. We can provide no assurance that we will ultimately be successful in our legal and administrative appeals related to the Departmentâ€™s repayment demands in the event the pending settlement is not finalized and we are unable to assess liability or damages with certainty at this time. If our legal and administrative appeals are unsuccessful, our future consolidated results of operations and financial condition could be adversely impacted by these repayments.Rachel Capriglione, as natural mother and Next Friend of A.T., a minor, Plaintiff, v. The Pavilion Foundation d/b/a The Pavilion Behavioral Health SystemAs previously reported on Form 8-K, as filed on April 1, 2024, the Pavilion Behavioral Health System (the â€œPavilionâ€), an indirect subsidiary of the Company, is the sole defendant in a lawsuit filed in Champaign County, Illinois, relating to the sexual assault of one minor patient by another minor patient in 2020. Plaintiff asserted claims of negligence and misrepresentation. The Pavilion denied any liability.The case went to trial in March of 2024. On March 28, 2024, a jury rejected the misrepresentation claim, returned a verdict for ordinary negligence, and awarded compensatory damages of $60 million and punitive damages of $475 million. Based on a search of verdicts in comparable cases, the magnitude of this verdict was unexpected and is unprecedented for a single-plaintiff injury case of this type in Champaign County, Illinois. The Pavilion filed post-trial motions, among other items, contesting the excessiveness of the damage awards.As previously reported on Form 8-K, as filed on October 11, 2024, in an order dated October 10, 2024, the trial court ordered a remittitur of punitive damages from $475 million to $120 million. The court denied the Pavilionâ€™s request for reduction of compensatory damages. Pursuant to Illinois law and procedure, plaintiff had 21 days from the date of the order to either accept the remittitur of the punitive damages or refuse the remittitur, which would have resulted in further legal proceedings. Plaintiff accepted the remittitur by the trial court while reserving all rights to appeal the remittitur. The Pavilion intends to appeal the remaining judgment. Although we can make no assurances regarding the ultimate outcome of this matter, or what damages will ultimately be awarded, its final resolution could have a material adverse effect on the Company K.E.E., et al., Plaintiffs v. Cumberland Hospital, LLC d/b/a Cumberland Hospital for Children and Adolescents, et al. (and related lawsuits)Cumberland Hospital for Children and Adolescents (â€œCumberlandâ€), an indirect subsidiary of the Company, is a defendant in multi-plaintiff lawsuits filed in the Circuit Court for Richmond, Virginia (the â€œCumberland Litigationâ€), relating to allegations of inappropriate sexual contact during medical examinations by Dr. Daniel Davidow, an independent contractor and the former medical director for Cumberland. The Company and UHS of Delaware, Inc., our administrative services subsidiary (â€œUHS Delawareâ€), were also named as co-defendants in the Cumberland Litigation. Plaintiffs have asserted claims of negligence, assault and battery (against Dr. Davidow), false imprisonment, violations of the Virginia Consumer Protection Act (â€œVCPAâ€), and vicarious liability for Dr. Davidowâ€™s conduct against Cumberland, the Company, and UHS Delaware. All defendants have denied liability.The claims asserted by three of the plaintiffs in the Cumberland Litigation were consolidated for trial in September of 2024. The Company and UHS Delaware were dismissed from the action during trial. As previously reported on Form 8-K, as filed on September 30, 2024, on September 27, 2024, a jury entered a verdict finding Dr. Davidow and Cumberland liable and awarded these three plaintiffs combined compensatory damages of $60 million for all liability theories, an additional combined $180 million in trebled damages for violation of the VCPA, and an additional combined $120 million in punitive damages. Cumberland is evaluating all legal options and intends to challenge this verdict, including the amounts awarded in the verdict, in post-trial proceedings and on appeal. Based upon Virginia law, we expect that the punitive damage amount should be reduced to a combined maximum of $1.05 million as a matter of law.There are approximately 40 additional plaintiffs making similar allegations with claims pending in the Cumberland Litigation.Although we can make no assurances regarding the ultimate outcomes of the various claims made in connection with the Cumberland Litigation, or what damages will ultimately be awarded, the final resolution of these matters could have a material adverse effect on the Company Other Matters:Various other suits, claims and investigations, including government subpoenas, arising against, or issued to, us are pending and additional such matters may arise in the future. Management will consider additional disclosure from time to time to the extent it 19 Â believes such matters may be or become material. The outcome of any current or future litigation or governmental or internal investigations, including the matters described above, cannot be accurately predicted, nor can we predict any resulting penalties, fines or other sanctions that may be imposed at the discretion of federal or state regulatory authorities. We record accruals for such contingencies to the extent that we conclude it is probable that a liability has been incurred and the amount of the loss can be reasonably estimated. No estimate of the possible loss or range of loss in excess of amounts accrued, if any, can be made at this time regarding the matters described above or that are otherwise pending because the inherently unpredictable nature of legal proceedings may be exacerbated by various factors, including, but not limited to: (i) the damages sought in the proceedings are unsubstantiated or indeterminate; (ii) discovery is not complete; (iii) the matter is in its early stages; (iv) the matters present legal uncertainties; (v) there are significant facts in dispute; (vi) there are a large number of parties, or; (vii) there is a wide range of potential outcomes. It is possible that the outcome of these matters could have a material adverse impact on our future results of operations, financial position, cash flows and, potentially, our reputation. (7) Segment ReportingOur reportable operating segments consist of acute care hospital services and behavioral health care services. The â€œOtherâ€ segment column below includes centralized services including, but not limited to, information technology, purchasing, reimbursement, accounting and finance, taxation, legal, advertising and design and construction. The chief operating decision making group for our acute care services and behavioral health care services is comprised of our Chief Executive Officer and the Presidents of each operating segment. The Presidents for each operating segment also manage the profitability of each respective segmentâ€™s various facilities. The operating segments are managed separately because each operating segment represents a business unit that offers different types of healthcare services or operates in different healthcare environments. The accounting policies of the operating segments are the same as those described in the summary of significant accounting policies included in our Annual Report on Form 10-K for the year ended December 31, 2023. The corporate overhead allocations, as reflected below, are utilized for internal reporting purposes and are comprised of each periodâ€™s projected corporate-level operating expenses (excluding interest expense). The overhead expenses are captured and allocated directly to each segment, to the extent possible, based upon each segmentâ€™s respective percentage of total operating expenses. 20 Â Â Â Â Three months ended September 30, 2024 Â Â Â Acute CareHospitalServices Â Â BehavioralHealthServices (a) Â Â Other Â Â TotalConsolidated Â Â Â (Dollar amounts in thousands) Â Gross inpatient revenues Â $ 12,277,563 Â Â $ 2,835,301 Â Â Â Â Â $ 15,112,864 Â Gross outpatient revenues Â $ 8,573,270 Â Â $ 268,182 Â Â Â Â Â $ 8,841,452 Â Total net revenues Â $ 2,245,517 Â Â $ 1,714,914 Â Â $ 2,596 Â Â $ 3,963,027 Â Income/(loss) before allocation of corporate overhead andÂ Â Â income taxes Â $ 199,316 Â Â $ 318,864 Â Â $ (176,647) Â $ 341,533 Â Allocation of corporate overhead Â $ (64,883) Â $ (46,898) Â $ 111,781 Â Â $ 0 Â Income/(loss) after allocation of corporate overhead andÂ Â Â before income taxes Â $ 134,433 Â Â $ 271,966 Â Â $ (64,866) Â $ 341,533 Â Total assets as of September 30, 2024 Â $ 6,481,922 Â Â $ 7,631,827 Â Â $ 240,099 Â Â $ 14,353,848 Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Nine months ended September 30, 2024 Â Â Â Acute CareHospitalServices Â Â BehavioralHealthServices (a) Â Â Other Â Â TotalConsolidated Â Â Â (Dollar amounts in thousands) Â Gross inpatient revenues Â $ 37,522,395 Â Â $ 8,375,470 Â Â Â Â Â $ 45,897,865 Â Gross outpatient revenues Â $ 25,553,451 Â Â $ 833,260 Â Â Â Â Â $ 26,386,711 Â Total net revenues Â $ 6,604,007 Â Â $ 5,102,290 Â Â $ 7,916 Â Â $ 11,714,213 Â Income/(loss) before allocation of corporate overhead andÂ Â Â income taxes Â $ 616,503 Â Â $ 999,282 Â Â $ (556,160) Â $ 1,059,625 Â Allocation of corporate overhead Â $ (194,616) Â $ (140,808) Â $ 335,424 Â Â $ 0 Â Income/(loss) after allocation of corporate overhead andÂ Â Â before income taxes Â $ 421,887 Â Â $ 858,474 Â Â $ (220,736) Â $ 1,059,625 Â Total assets as of September 30, 2024 Â $ 6,481,922 Â Â $ 7,631,827 Â Â $ 240,099 Â Â $ 14,353,848 Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Three months ended September 30, 2023 Â Â Â Acute CareHospitalServices Â Â BehavioralHealthServices (a) Â Â Other Â Â TotalConsolidated Â Â Â (Dollar amounts in thousands) Â Gross inpatient revenues Â $ 10,916,060 Â Â $ 2,703,478 Â Â Â Â Â $ 13,619,538 Â Gross outpatient revenues Â $ 7,480,353 Â Â $ 259,060 Â Â Â Â Â $ 7,739,413 Â Total net revenues Â $ 2,017,288 Â Â $ 1,542,695 Â Â $ 2,791 Â Â $ 3,562,774 Â Income/(loss) before allocation of corporate overhead andÂ Â Â income taxes Â $ 132,406 Â Â $ 262,168 Â Â $ (174,067) Â $ 220,507 Â Allocation of corporate overhead Â $ (66,355) Â $ (46,677) Â $ 113,032 Â Â $ 0 Â Income/(loss) after allocation of corporate overhead andÂ Â Â before income taxes Â $ 66,051 Â Â $ 215,491 Â Â $ (61,035) Â $ 220,507 Â Total assets as of September 30, 2023 Â $ 6,252,434 Â Â $ 7,372,995 Â Â $ 248,041 Â Â $ 13,873,470 Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Nine months ended September 30, 2023 Â Â Â Acute CareHospitalServices Â Â BehavioralHealthServices (a) Â Â Other Â Â TotalConsolidated Â Â Â (Dollar amounts in thousands) Â Gross inpatient revenues Â $ 33,278,396 Â Â $ 8,001,838 Â Â Â Â Â $ 41,280,234 Â Gross outpatient revenues Â $ 22,292,249 Â Â $ 812,467 Â Â Â Â Â $ 23,104,716 Â Total net revenues Â $ 5,993,899 Â Â $ 4,575,378 Â Â $ 9,153 Â Â $ 10,578,430 Â Income/(loss) before allocation of corporate overhead andÂ Â Â income taxes Â $ 396,229 Â Â $ 792,217 Â Â $ (529,143) Â $ 659,303 Â Allocation of corporate overhead Â $ (199,943) Â $ (139,998) Â $ 339,941 Â Â $ 0 Â Income/(loss) after allocation of corporate overhead andÂ Â Â before income taxes Â $ 196,286 Â Â $ 652,219 Â Â $ (189,202) Â $ 659,303 Â Total assets as of September 30, 2023 Â $ 6,252,434 Â Â $ 7,372,995 Â Â $ 248,041 Â Â $ 13,873,470 Â (a)Includes net revenues generated from our behavioral health care facilities located in the U.K. amounting to approximately $230 million and $203 million for the three-month periods ended September 30, 2024 and 2023, respectively, and approximately $651 million and $561 million for the nine-month periods ended September 30, 2024 and 2023, respectively. There were no excluded weighted-average stock options for the three-months ended September 30, 2024 and 799,000 for the nine-months ended September 30, 2024. The excluded weighted-average stock options totaled 5.0 million for the three months ended September 30, 2023 and 5.1 million for the nine months ended September 30, 2023. All classes of our common stock have the same dividend rights.Stock-Based Compensation: During the three-month periods ended September 30, 2024 and 2023, pre-tax compensation costs of $13.4 million and $16.2 million, respectively, was recognized related to outstanding stock options. During the nine-month periods ended September 30, 2024 and 2023, pre-tax compensation costs of $41.0 million and $48.3 million, respectively, was recognized related to outstanding stock options. In addition, during the three-month periods ended September

30, 2024 and 2023, pre-tax compensation cost of approximately $12.9 million and $6.1 million, respectively, was recognized related to restricted stock awards, restricted stock units and performance based restricted stock units. During the nine-month periods ended September 30, 2024 and 2023, pre-tax compensation costs of approximately $30.7 million and $16.4 million, respectively, was recognized related to restricted stock awards, restricted stock units and performance based restricted stock units. As of September 30, 2024 there was approximately $177.9 million of unrecognized compensation cost related to unvested options, restricted stock awards, restricted stock units and performance based restricted stock units which is expected to be recognized over the remaining weighted average vesting period of 2.5 years. There were 3,000 stock options granted during the first nine months of 2024 under the 2020 Stock Incentive Plan with a weighted-average grant date fair value of $44.58 per option. There were an aggregate of 501,290 restricted units, net of cancellations, granted during the first nine months of 2024 under the 2020 Stock Incentive Plan, including 63,362 performance based restricted stock units, with a weighted-average grant date fair value of $181.05 per share.The expense associated with stock-based compensation arrangements is a non-cash charge. In the condensed consolidated statements of cash flows, stock-based compensation expense is an adjustment to reconcile net income to cash provided by operating activities and aggregated to $72.7 million and $65.7 million during the nine-month periods ended September 30, 2024 and 2023, respectively. 22 Â (9) Dispositions and acquisitionsNine-month period ended September 30, 2024:Acquisitions:During the first nine months of 2024, there were no acquisitions.Divestitures:During the first nine months of 2024, we received $30 million from the sales of assets and businesses.Nine-month period ended September 30, 2023:Acquisitions:During the first nine months of 2023, we spent $4 million on the acquisition of businesses and property.Divestitures:During the first nine months of 2023, we received $24 million from the sales of assets and businesses. (10) DividendsWe declared and paid dividends of $13.3 million, or $.20 per share, during the third quarter of 2024 and $13.8 million, or $.20 per share, during the third quarter of 2023. We declared and paid dividends of $40.3 million, or $.60 per share, during the nine-month period ended September 30, 2024 and $42.2 million, or $.60 per share, during the nine-month period ended September 30, 2023. Included in the amounts above were dividend equivalents applicable to unvested restricted stock units which were accrued during 2024 and 2023 and will be, or were, paid upon vesting of the restricted stock unit. (11) Income TaxesOur effective income tax rates were 22.1% and 23.8% during the three-month periods ended September 30, 2024 and 2023, respectively, and 22.0% and 24.2% during the nine-month periods ended September 30, 2024, and 2023, respectively. The decrease in the effective tax rates during the three and nine-month period ended September 30, 2024, as compared to the comparable periods of 2023, was primarily due to favorable changes of $4 million and $16 million, respectively, in the net tax benefit recognized from employee share-based payments, net of the impact of executive compensation limitations pursuant to IRC section 162(m). As of January 1, 2024, our unrecognized tax benefits were approximately $2 million. The amount, if recognized, that would favorably affect the effective tax rate is approximately $2 million. During the nine months ended September 30, 2024, changes to the estimated liabilities for uncertain tax positions (including accrued interest) relating to tax positions taken during prior and current periods did not have a material impact on our financial statements.We recognize accrued interest and penalties associated with uncertain tax positions as part of the tax provision. As of September 30, 2024, we have less than $1 million of accrued interest and penalties. The U.S. federal statute of limitations remains open for 2020 and subsequent years. Foreign and U.S. state and local jurisdictions have statutes of limitations generally ranging from 3 to 4 years. The statute of limitations on certain jurisdictions could expire within the next twelve months. It is reasonably possible that the amount of uncertain tax benefits will change during the next 12 months, however, it is anticipated that any such change, if it were to occur, would not have a material impact on our results of operations.We operate in multiple jurisdictions with varying tax laws. We are subject to audits by any of these taxing authorities. We believe that adequate accruals have been provided for federal, foreign and state taxes. Â 23 Â (12) RevenueWe recognize revenue when we transfer promised goods or services to customers in an amount that reflects the consideration to which we expect to be entitled in exchange for those goods or services. Our estimate for amounts not expected to be collected based on historical experience will continue to be recognized as a reduction to net revenue. However, subsequent changes in estimate of collectability due to a change in the financial status of a payer, for example a bankruptcy, will be recognized as bad debt expense in operating charges.The performance obligation is separately identifiable from other promises in the customer contract. As the performance obligations are met (i.e. room, board, ancillary services, level of care), revenue is recognized based upon allocated transaction price. The transaction price is allocated to separate performance obligations based upon the relative standalone selling price. In instances where we determine there are multiple performance obligations across multiple months, the transaction price will be allocated by applying an estimated implicit and explicit rate to gross charges based on the separate performance obligations.In assessing collectability, we have elected the portfolio approach. This portfolio approach is being used as we have large volume of similar contracts with similar classes of customers. We reasonably expect that the effect of applying a portfolio approach to a group of contracts would not differ materially from considering each contract separately. Managementâ€™s judgment to group the contracts by portfolio is based on the payment behavior expected in each portfolio category. As a result, aggregating all of the contracts (which are at the patient level) by the particular payer or group of payers, will result in the recognition of the same amount of revenue as applying the analysis at the individual patient level.We group our revenues into categories based on payment behaviors. Each component has its own reimbursement structure which allows us to disaggregate the revenue into categories that share the nature and timing of payments. The other patient revenue consists primarily of self-pay, government-funded non-Medicaid, and other.The following table disaggregates our revenue by major source for the three and nine-month periods ended September 30, 2024 and 2023 (in thousands):Â 24 Â Â For the three months ended September 30, 2024 Â Â Acute Care Â Â Behavioral Health Â Â Other Â Â Total Â Medicare $ 322,466 Â Â 14 % Â $ 81,148 Â Â 5 % Â Â Â Â Â $ 403,614 Â Â 10 % Managed Medicare Â 361,804 Â Â 16 % Â Â 107,910 Â Â 6 % Â Â Â Â Â Â 469,714 Â Â 12 % Medicaid Â 296,966 Â Â 13 % Â Â 262,393 Â Â 15 % Â Â Â Â Â Â 559,359 Â Â 14 % Managed Medicaid Â 154,762 Â Â 7 % Â Â 422,563 Â Â 25 % Â Â Â Â Â Â 577,325 Â Â 15 % Managed Care (HMO and PPOs) Â 725,014 Â Â 32 % Â Â 401,004 Â Â 23 % Â Â Â Â Â Â 1,126,018 Â Â 28 % UK Revenue Â 0 Â Â 0 % Â Â 230,153 Â Â 13 % Â Â Â Â Â Â 230,153 Â Â 6 % Other patient revenue and adjustments, net Â 117,679 Â Â 5 % Â Â 155,332 Â Â 9 % Â Â Â Â Â Â 273,011 Â Â 7 % Other non-patient revenue Â 266,826 Â Â 12 % Â Â 54,411 Â Â 3 % Â Â 2,596 Â Â Â Â 323,833 Â Â 8 % Total Net Revenue $ 2,245,517 Â Â 100 % Â $ 1,714,914 Â Â 100 % Â $ 2,596 Â Â Â Â 3,963,027 Â Â 100 % Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â For the nine months ended September 30, 2024 Â Â Acute Care Â Â Behavioral Health Â Â Other Â Â Total Â Medicare $ 1,009,630 Â Â 15 % Â $ 234,295 Â Â 5 % Â Â Â Â Â $ 1,243,925 Â Â 11 % Managed Medicare Â 1,104,493 Â Â 17 % Â Â 307,388 Â Â 6 % Â Â Â Â Â Â 1,411,881 Â Â 12 % Medicaid Â 771,298 Â Â 12 % Â Â 804,254 Â Â 16 % Â Â Â Â Â Â 1,575,552 Â Â 13 % Managed Medicaid Â 466,881 Â Â 7 % Â Â 1,262,108 Â Â 25 % Â Â Â Â Â Â 1,728,989 Â Â 15 % Managed Care (HMO and PPOs) Â 2,129,117 Â Â 32 % Â Â 1,227,056 Â Â 24 % Â Â Â Â Â Â 3,356,173 Â Â 29 % UK Revenue Â 0 Â Â 0 % Â Â 650,655 Â Â 13 % Â Â Â Â Â Â 650,655 Â Â 6 % Other patient revenue and adjustments, net Â 375,161 Â Â 6 % Â Â 449,609 Â Â 9 % Â Â Â Â Â Â 824,770 Â Â 7 % Other non-patient revenue Â 747,427 Â Â 11 % Â Â 166,925 Â Â 3 % Â Â 7,916 Â Â Â Â 922,268 Â Â 8 % Total Net Revenue $ 6,604,007 Â Â 100 % Â $ 5,102,290 Â Â 100 % Â $ 7,916 Â Â Â Â $ 11,714,213 Â Â 100 % Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â For the three months ended September 30, 2023 Â Â Acute Care Â Â Behavioral Health Â Â Other Â Â Total Â Medicare $ 298,121 Â Â 15 % Â $ 81,689 Â Â 5 % Â Â Â Â Â $ 379,810 Â Â 11 % Managed Medicare Â 324,486 Â Â 16 % Â Â 95,094 Â Â 6 % Â Â Â Â Â Â 419,580 Â Â 12 % Medicaid Â 201,148 Â Â 10 % Â Â 204,154 Â Â 13 % Â Â Â Â Â Â 405,302 Â Â 11 % Managed Medicaid Â 181,051 Â Â 9 % Â Â 387,975 Â Â 25 % Â Â Â Â Â Â 569,026 Â Â 16 % Managed Care (HMO and PPOs) Â 651,816 Â Â 32 % Â Â 383,146 Â Â 25 % Â Â Â Â Â Â 1,034,962 Â Â 29 % UK Revenue Â 0 Â Â 0 % Â Â 202,994 Â Â 13 % Â Â Â Â Â Â 202,994 Â Â 6 % Other patient revenue and adjustments, net Â 108,676 Â Â 5 % Â Â 129,492 Â Â 8 % Â Â Â Â Â Â 238,168 Â Â 7 % Other non-patient revenue Â 251,990 Â Â 12 % Â Â 58,151 Â Â 4 % Â Â 2,791 Â Â Â Â 312,932 Â Â 9 % Total Net Revenue $ 2,017,288 Â Â 100 % Â $ 1,542,695 Â Â 100 % Â $ 2,791 Â Â $ 3,562,774 Â Â 100 % Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â For the nine months ended September 30, 2023 Â Â Acute Care Â Â Behavioral Health Â Â Other Â Â Total Â Medicare $ 961,640 Â Â 16 % Â $ 233,930 Â Â 5 % Â Â Â Â Â $ 1,195,570 Â Â 11 % Managed Medicare Â 1,013,493 Â Â 17 % Â Â 255,782 Â Â 6 % Â Â Â Â Â Â 1,269,275 Â Â 12 % Medicaid Â 445,678 Â Â 7 % Â Â 625,956 Â Â 14 % Â Â Â Â Â Â 1,071,634 Â Â 10 % Managed Medicaid Â 545,173 Â Â 9 % Â Â 1,184,315 Â Â 26 % Â Â Â Â Â Â 1,729,488 Â Â 16 % Managed Care (HMO and PPOs) Â 2,009,110 Â Â 34 % Â Â 1,160,820 Â Â 25 % Â Â Â Â Â Â 3,169,930 Â Â 30 % UK Revenue Â 0 Â Â 0 % Â Â 560,897 Â Â 12 % Â Â Â Â Â Â 560,897 Â Â 5 % Other patient revenue and adjustments, net Â 303,923 Â Â 5 % Â Â 387,327 Â Â 8 % Â Â Â Â Â Â 691,250 Â Â 7 % Other non-patient revenue Â 714,882 Â Â 12 % Â Â 166,351 Â Â 4 % Â Â 9,153 Â Â Â Â 890,386 Â Â 8 % Total Net Revenue $ 5,993,899 Â Â 100 % Â $ 4,575,378 Â Â 100 % Â $ 9,153 Â Â $ 10,578,430 Â Â 100 % Â 25 Â (13) Lease AccountingOur operating leases are primarily for real estate, including certain acute care facilities, off-campus outpatient facilities, medical office buildings, and corporate and other administrative offices. Our real estate lease agreements typically have initial terms of five to ten years. These real estate leases may include one or more options to renew, with renewals that can extend the lease term from five to ten years. The exercise of lease renewal options is at our sole discretion. When determining the lease term, we included options to extend or terminate the lease when it is reasonably certain that we will exercise that option.Five of our hospital facilities are held under operating leases with Universal Health Realty Income Trust with two leases expiring in 2026, two expiring in 2033 and one expiring in 2040 (for additional disclosure, see Note 2 to the Consolidated Financial Statements-Relationship with Universal Health Realty Income Trust and Other Related Party Transactions). ASU 2024-03 requires disclosures, in the notes to financial statements, of specified information about certain costs and expenses. This ASU is effective for fiscal years beginning after December 15, 2026, with early adoption permitted. We are currently evaluating the impact this new standard will have on the related disclosures in the consolidated financial statements.In November 2023, the FASB issued ASU 2023-07, â€œImprovements to Reportable Segment Disclosures (Topic 280)â€. ASU 2023-07 modifies reportable segment disclosure requirements, primarily through enhanced disclosures about segment expenses categorized as significant or regularly provided to the Chief Operating Decision Maker (CODM). In addition, the amendments enhance interim disclosure requirements, clarify circumstances in which an entity can disclose multiple segment measures of profit or loss, and contain other disclosure requirements. The purpose of the amendments is to enable investors to better understand an entityâ€™s overall performance and assess potential future cash flows. This ASU is effective for annual periods beginning after December 15, 2023, and interim periods within annual periods beginning after December 15, 2024, with early adoption permitted. We are currently evaluating the impact this new standard will have on the related disclosures in the consolidated financial statements, but do not believe there will be a material impact.In December 2023, the FASB issued ASU 2023-09, â€œImprovements to Income Tax Disclosures (Topic 740)â€. ASU 2023-09 requires enhanced disclosures on income taxes paid, adds disaggregation of continuing operations before income taxes between foreign and domestic earnings and defines specific categories for the reconciliation of jurisdictional tax rate to effective tax rate. This ASU is effective for fiscal years beginning after December 15, 2024, and can be applied on a prospective basis. We are currently evaluating the impact this new standard will have on the related disclosures in the consolidated financial statements.From time to time, new accounting guidance is issued by the FASB or other standard setting bodies that is adopted by the Company as of the effective date or, in some cases where early adoption is permitted, in advance of the effective date. The Company has assessed the recently issued guidance that is not yet effective and believes the new guidance will not have a material impact on our results of operations, cash flows or financial position. 26 Â Item 2. Managementâ€™s Discussion and Analysis of Financial Condition and Results of Operations Overview As of September 30, 2024, we owned and/or operated 361 inpatient facilities and 49 outpatient and other facilities, including the following, located in 39 states, Washington, D.C., the United Kingdom and Puerto Rico: Acute care facilities located in the U.S.: â€¢27 inpatient acute care hospitals; â€¢28 free-standing emergency departments, and; â€¢10 outpatient centers & 1 surgical hospital. Behavioral health care facilities (334 inpatient facilities and 10 outpatient facilities): Located in the U.S.: â€¢184 inpatient behavioral health care facilities, and; â€¢8 outpatient behavioral health care facilities. Located in the U.K.: â€¢147 inpatient behavioral health care facilities, and; â€¢2 outpatient behavioral health care facilities. Located in Puerto Rico: â€¢3 inpatient behavioral health care facilities. Net revenues from our acute care hospitals, outpatient facilities and commercial health insurer accounted for 57% of our consolidated net revenues during each of the three-month periods ended September 30, 2024 and 2023, and 56% and 57% during the nine-month periods ended September 30, 2024 and 2023, respectively. Net revenues from our behavioral health care facilities and commercial health insurer accounted for 43% of our consolidated net revenues during each of the three-month periods ended September 30, 2024 and 2023, and 44% and 43% during nine-month periods ended September 30, 2024 and 2023, respectively. Our behavioral health care facilities located in the U.K. generated net revenues of approximately $230 million and $203 million during the three-month periods ended September 30, 2024 and 2023, respectively, and $651 million and $561 million during the nine-month periods ended September 30, 2024 and 2023, respectively. Total assets at our U.K. behavioral health care facilities were approximately $1.442 billion as of September 30, 2024 and $1.327 billion as of December 31, 2023. Services provided by our hospitals include general and specialty surgery, internal medicine, obstetrics, emergency room care, radiology, oncology, diagnostic care, coronary care, pediatric services, pharmacy services and/or behavioral health services. We provide capital resources as well as a variety of management services to our facilities, including central purchasing, information services, finance and control systems, facilities planning, physician recruitment services, administrative personnel management, marketing and public relations. Forward-Looking Statements and Risk Factors You should carefully review the information contained in this Quarterly Report and should particularly consider any risk factors that we set forth in our Annual Report on Form 10-K for the year ended December 31, 2023, this Quarterly Report and in other reports or documents that we file from time to time with the Securities and Exchange Commission (the â€œSECâ€). In this Quarterly Report, we state our beliefs of future events and of our future financial performance. This Quarterly Report contains â€œforward-looking statementsâ€ that reflect our current estimates, expectations and projections about our future results, performance, prospects and opportunities. Forward-looking statements include, among other things, the information concerning our possible future results of operations, business and growth strategies, financing plans, expectations that regulatory developments or other matters will or will not have a material adverse effect on our business or financial condition, our competitive position and the effects of competition, the projected growth of the industry in which we operate, and the benefits and synergies to be obtained from our completed and any future acquisitions, and statements of our goals and objectives, and other similar expressions concerning matters that are not historical facts. Words such as â€œmay,â€ â€œwill,â€ â€œshould,â€ â€œcould,â€ â€œwould,â€ â€œpredicts,â€ â€œpotential,â€ â€œcontinue,â€ â€œexpects,â€ â€œanticipates,â€ â€œfuture,â€ â€œintends,â€ â€œplans,â€ â€œbelieves,â€ â€œestimates,â€ â€œappears,â€ â€œprojectsâ€ and similar expressions, as well as statements in future tense, identify forward-looking statements. In evaluating those statements, you should specifically consider various factors, including the risks related to healthcare industry trends and those set forth herein in Item 1A. Risk Factors and Item 7. Managementâ€™s Discussion and Analysis of Financial Condition and Results of Operations-Forward Looking Statements and Risk Factors in our Annual Report on Form 10-K for the year ended December 31, 2023 and in Item 2. Managementâ€™s Discussion and Analysis of Financial Condition and Results of Operations-Forward Looking Statements and Risk Factors, as included herein. Those factors may cause our actual results to differ materially from any of our forward-looking statements. 27 Â Forward-looking statements should not be read as a guarantee of future performance or results, and will not necessarily be accurate indications of the times at, or by which, such performance or results will be achieved. Forward-looking information is based on information available at the time and/or our good faith belief with respect to future events, and is subject to risks and uncertainties that are difficult to predict and many of which are outside of our control. Many factors, including those set forth herein in Item 1A. Risk Factors in our Annual Report on Form 10-K for the year ended December 31, 2023, and other important factors disclosed in this Quarterly Report, and from time to time in our other filings with the SEC, could cause actual performance or results to differ materially from those expressed in the statements. Such factors include, among other things, the following: â€¢the healthcare industry is labor intensive and salaries, wages and benefits are subject to inflationary pressures, as are supplies expense and other operating expenses. In the past, staffing shortages have, at times, required us to hire expensive temporary personnel and/or enhance wages and benefits to recruit and retain nurses and other clinical staff and support personnel. At certain facilities, particularly within our behavioral health care segment, there have been occasions when we were unable to fill all vacant positions and, consequently, we were required to limit patient volumes. We have also experienced general inflationary cost increases related to certain of our other operating expenses.

Many of these factors, which had a material unfavorable impact on our results of operations in prior years, have moderated more recently. However, we cannot predict future inflationary increases, which if significant, could have a material unfavorable impact on our future results of operations. We have experienced inflationary pressures, primarily in personnel costs, although those pressures have moderated more recently. The extent of any future impacts from inflation on our business and our results of operations will be dependent upon how long the elevated inflation levels persist and the extent to which the rate of inflation further increases, if at all, neither of which we are able to predict. If elevated levels of inflation were to persist or if the rate of inflation were to accelerate, our expenses could increase faster than anticipated and we may utilize our capital resources sooner than expected. Further, given the complexities of the reimbursement landscape in which we operate, our ability to pass on increased costs associated with providing healthcare to Medicare and Medicaid patients is limited due to various federal, state and local laws, which in certain circumstances, limit our ability to increase prices; â€¢in our acute care segment, we have experienced a significant increase in hospital based physician related expenses, especially in the areas of emergency room care and anesthesiology. We have implemented various initiatives to mitigate the increased expense, to the degree possible, which has moderated the rate of increase. However, significant increases in these physician related expenses could have a material unfavorable impact on our future results of operations; â€¢the increase in interest rates during the past few years has increased our interest expense significantly increasing our expenses and reducing our free cash flow and our ability to access the capital markets on favorable terms. As such, the effects of increased borrowing rates have adversely impacted our results of operations, financial condition and cash flows. We cannot predict future changes to interest rates, however, significant increases in our borrowing rates could have a material unfavorable impact on our future results of operations; â€¢President Biden signed into law fiscal year 2025 appropriations to federal agencies for continuing projects and activities through December 20, 2024. We cannot predict whether or not there will be future legislation averting a federal government shutdown, however, our operating cash flows and results of operations could be materially unfavorably impacted by a federal government shutdown; â€¢on December 29, 2022, the Consolidated Appropriations Act, 2023, was signed into law phasing out the enhanced federal medical assistance percentage rate that states received during the COVID-19 public health emergency and fully eliminated the increase on December 31, 2023. States were also permitted to begin Medicaid eligibility redeterminations on March 31, 2023, which has resulted in a decrease in Medicaid enrollment; â€¢our ability to comply with the existing laws and government regulations, and/or changes in laws and government regulations; â€¢an increasing number of legislative initiatives have been passed into law that may result in major changes in the health care delivery system on a national or state level. For example, Congress has reduced to $0 the penalty for failing to maintain health coverage that was part of the original Patient Protection and Affordable Care Act, as amended by the Health and Education Reconciliation Act (collectively, the "Legislation") as part of the Tax Cuts and Jobs Act. To date, the Biden administration has issued executive orders implementing a special enrollment period permitting individuals to enroll in health plans outside of the annual open enrollment period and reexamining policies that may undermine the Legislation or the Medicaid program. The Inflation Reduction Act of 2022 (â€œIRAâ€) was passed on August 16, 2022, which among other things, allows for the Centers for Medicare and Medicaid Services ("CMS") to negotiate prices for certain single-source drugs reimbursed under Medicare Part B and Part D. The American Rescue Plan Actâ€™s expansion of subsidies to purchase coverage through a Legislation exchange, which the IRA continued through 2025, is anticipated to increase exchange enrollment. However, if the subsidies are not extended beyond 2025, exchange enrollment may be adversely impacted; 28 Â â€¢there have been numerous political and legal efforts to expand, repeal, replace or modify the Legislation, since its enactment, some of which have been successful, in part, in modifying the Legislation, as well as court challenges to the constitutionality of the Legislation. The U.S. Supreme Court held in California v. Texas that the plaintiffs lacked standing to challenge the Legislationâ€™s requirement to obtain minimum essential health insurance coverage, or the individual mandate. The Court dismissed the case without specifically ruling on the constitutionality of the Legislation. As a result, the Legislation will continue to remain law, in its entirety, likely for the foreseeable future. On September 7, 2022, the Legislation faced its most recent challenge when a Texas Federal District Court judge, in the case of Braidwood Management v. Becerra, ruled that a requirement that certain health plans cover services without cost sharing violates the Appointments Clause of the U.S. Constitution and that the coverage of certain HIV prevention medication violates the Religious Freedom Restoration Act. The decision was appealed to the U.S. Court of Appeals for the Fifth Circuit, which on June 21, 2024, affirmed the District Courtâ€™s ruling regarding preventive services recommended by United States Preventive Services Task Force being unconstitutional. However, the Fifth Circuit overturned the nationwide injunction imposed by the District Court, preserving access to the majority of preventive services in dispute for now. On September 19, 2024, the U.S. Government filed a Petition for Writ of Certiorari, seeking review by the U.S. Supreme Court. The outcome and impacts of this litigation cannot be predicted. Any future efforts to challenge, replace or replace the Legislation or expand or substantially amend its provision is unknown. See below in Sources of Revenues and Health Care Reform for additional disclosure; â€¢as part of the Consolidated Appropriations Act of 2021 (the "CAA"), Congress passed legislation aimed at preventing or limiting patient balance billing in certain circumstances. The CAA addresses surprise medical bills stemming from emergency services, out-of-network ancillary providers at in-network facilities, and air ambulance carriers. The CAA prohibits surprise billing when out-of-network emergency services or out-of-network services at an in-network facility are provided, unless informed consent is received. In these circumstances providers are prohibited from billing the patient for any amounts that exceed in-network cost-sharing requirements. HHS, the Department of Labor and the Department of the Treasury have issued rules to implement the legislation. The rules have limited the ability of our hospital-based physicians to receive payments for services at usually higher out-of-network rates in certain circumstances, and, as a result, have caused us to increase subsidies to these physicians or to replace their services at a higher cost level; â€¢in June 2024, the U.S. Supreme Court issued its decision in Loper Bright Enters. v. Raimondo and Relentless, Inc. v. Department of Commerce, which modified the regulatory interpretation standard established 40 years ago by Chevron v. National Resources Defense Council. Chevron doctrine generally required courts to defer to federal agencies in their interpretation of federal statutes when a statute was silent or ambiguous with respect to a specific issue. In Loper Bright, the Supreme Court held that courts are no longer required to grant such deference, though they may consider an agencyâ€™s statutory interpretation. As it is highly regulated, the health care industry could be significantly impacted by the Loper Bright decision, particularly in the areas of Medicare reimbursement, decision making by the Food & Drug Administration and health care fraud and abuse compliance, where parties may no longer be able to rely on federal agenciesâ€™ policies, rules and guidance; â€¢possible unfavorable changes in the levels and terms of reimbursement for our charges by third party payers or government based payers, including Medicare or Medicaid in the United States, and government based payers in the United Kingdom; â€¢our ability to enter into managed care provider agreements on acceptable terms and the ability of our competitors to do the same; â€¢the outcome of known and unknown litigation, government investigations, inquiries, false claims act allegations, and liabilities and other claims asserted against us and other matters, and the effects of adverse publicity relating to such matters, including, but not limited to, the jury verdicts returned against The Pavilion Behavioral Health System (the "Pavilion") and Cumberland Hospital for Children and Adolescents ("Cumberland"), two of our indirect subsidiaries, as disclosed in Note 6 to the Condensed Consolidated Financial Statements - Commitments and Contingencies, Legal Proceedings. We are uncertain as to the ultimate financial exposure related to the Pavilion and Cumberland matters (which relate to occurrences in 2020) and we can make no assurances regarding timing or substance of their outcome, or the amount of damages that may be ultimately held recoverable after post-judgment proceedings and appeals. As of September 30, 2024, without reduction for any potential amounts related to the Pavilion and Cumberland matters, the Company and its subsidiaries have aggregate insurance coverage of approximately $221 million remaining under commercial policies for matters applicable to the 2020 policy year (in excess of the applicable self-insured retention amounts of $10 million per occurrence for professional liability claims and $3 million per occurrence for general liability claims). In the event the resolution of the Pavilion and Cumberland matters exhausts all or a significant portion of the remaining commercial insurance coverage available to the Company and its subsidiaries related to other matters that occurred in 2020, or the Pavilion and Cumberland matters cause the posting of large bonds or other collateral during the appeal processes, our future results of operations and capital resources could be materially adversely impacted; 29 Â â€¢competition from other healthcare providers (including physician owned facilities) in certain markets; â€¢technological and pharmaceutical improvements that increase the cost of providing, or reduce the demand for healthcare; â€¢our ability to attract and retain qualified personnel, nurses, physicians and other healthcare professionals and the impact on our labor and related expenses resulting from a shortage of nurses, physicians and other healthcare professionals; â€¢demographic changes; â€¢there is a heightened risk of future cybersecurity threats, including ransomware attacks targeting healthcare providers. If successful, future cyberattacks could have a material adverse effect on our business. Any costs that we incur as a result of a data security incident or breach, including costs to update our security protocols to mitigate such an incident or breach could be significant. Any breach or failure in our operational security systems, or any third-party security systems that we rely on, can result in loss of data or an unauthorized disclosure of or access to sensitive or confidential member or protected personal or health information and could result in violations of applicable privacy and other laws, significant penalties or fines, litigation, loss of customers, significant damage to our reputation and business, and other liability or losses. We may also incur additional costs related to cybersecurity risk management and remediation. There can be no assurance that we or our service providers, if applicable, will not suffer losses relating to cyber-attacks or other information security breaches in the future or that our insurance coverage will be adequate to cover all the costs resulting from such events; â€¢the availability of suitable acquisition and divestiture opportunities and our ability to successfully integrate and improve our acquisitions since failure to achieve expected acquisition benefits from certain of our prior or future acquisitions could result in impairment charges for goodwill and purchased intangibles; â€¢the impact of severe weather conditions, including the effects of hurricanes and climate change; â€¢our business, results of operations, financial condition, or stock price may be adversely affected if we are not able to achieve our environmental, social and governance (â€œESGâ€) goals or comply with emerging ESG regulations, or otherwise meet the expectations of our stakeholders with respect to ESG matters; â€¢as discussed below in Sources of Revenue, we receive revenues from various state and county-based programs, including Medicaid in all the states in which we operate. We receive annual Medicaid revenues of approximately $100 million, or greater, from each of Texas, Nevada, California, Illinois, Pennsylvania, Washington, D.C., Kentucky, Massachusetts, Virginia, Mississippi and Florida,. We also receive Medicaid DSH payments in certain states including, most significantly, Texas. We are therefore particularly sensitive to potential reductions in Medicaid and other state-based revenue programs as well as regulatory, economic, environmental and competitive changes in those states; â€¢our ability to continue to obtain capital on acceptable terms, including borrowed funds, to fund the future growth of our business; â€¢our inpatient acute care and behavioral health care facilities may experience decreasing admission and length of stay trends; â€¢our financial statements reflect large amounts due from various commercial and private payers and there can be no assurance that failure of the payers to remit amounts due to us will not have a material adverse effect on our future results of operations; â€¢the Budget Control Act of 2011 (the â€œ2011 Actâ€) imposed annual spending limits for most federal agencies and programs aimed at reducing budget deficits by $917 billion between 2012 and 2021, according to a report released by the Congressional Budget Office. Among its other provisions, the law established a bipartisan Congressional committee, known as the Joint Select Committee on Deficit Reduction (the â€œJoint Committeeâ€), which was tasked with making recommendations aimed at reducing future federal budget deficits by an additional $1.5 trillion over 10 years. The Joint Committee was unable to reach an agreement by the November 23, 2011 deadline and, as a result, across-the-board cuts to discretionary, national defense and Medicare spending were implemented on March 1, 2013 resulting in Medicare payment reductions of up to 2% per fiscal year with a uniform percentage reduction across all Medicare programs. Current legislation has extended these reductions through 2032. We cannot predict whether Congress will restructure the implemented Medicare payment reductions or what other federal budget deficit reduction initiatives may be proposed by Congress going forward; â€¢uninsured and self-pay patients treated at our acute care facilities unfavorably impact our ability to satisfactorily and timely collect our self-pay patient accounts; â€¢changes in our business strategies or development plans; 30 Â â€¢we have exposure to fluctuations in foreign currency exchange rates, primarily the pound sterling. We have international subsidiaries that operate in the United Kingdom. We routinely hedge our exposures to foreign currencies with certain financial institutions in an effort to minimize the impact of certain currency exchange rate fluctuations, but these hedges may be inadequate to protect us from currency exchange rate fluctuations. To the extent that these hedges are inadequate, our reported financial results or the way we conduct our business could be adversely affected. Furthermore, if a financial counterparty to our hedges experiences financial difficulties or is otherwise unable to honor the terms of the foreign currency hedge, we may experience material financial losses; â€¢the impact of a shift of care from inpatient to lower cost outpatient settings and controls designed to reduce inpatient services on our revenue, and; â€¢other factors referenced herein or in our other filings with the Securities and Exchange Commission. Given these uncertainties, risks and assumptions, as outlined above, you are cautioned not to place undue reliance on such forward-looking statements. Our actual results and financial condition could differ materially from those expressed in, or implied by, the forward-looking statements. Forward-looking statements speak only as of the date the statements are made. We assume no obligation to publicly update any forward-looking statements to reflect actual results, changes in assumptions or changes in other factors affecting forward-looking information, except as may be required by law. All forward-looking statements attributable to us or persons acting on our behalf are expressly qualified in their entirety by this cautionary statement. Critical Accounting Policies and Estimates There have been no significant changes to our critical accounting policies or estimates from those disclosed in our 2023 Annual Report on Form 10-K. Recent Accounting Standards: For a summary of accounting standards, please see Note 14 to the Condensed Consolidated Financial Statements, as included herein. Results of Operations Clinical Staffing, Physician Related Expenses and Effects of Inflation: The healthcare industry is labor intensive and salaries, wages and benefits are subject to inflationary pressures, as are supplies expense and other operating expenses. In the past, staffing shortages have, at times, required us to hire expensive temporary personnel and/or enhance wages and benefits to recruit and retain nurses and other clinical staff and support personnel. At certain facilities, particularly within our behavioral health care segment, there have been occasions when we were unable to fill all vacant positions and, consequently, we were required to limit patient volumes. We have also experienced general inflationary cost increases related to certain of our other operating expenses. Many of these factors, which had a material unfavorable impact on our results of operations in prior years, have moderated more recently. However, we cannot predict future inflationary increases, which if significant, could have a material unfavorable impact on our future results of operations. We have experienced inflationary pressures, primarily in personnel costs, although those pressures have moderated more recently. The extent of any future impacts from inflation on our business and our results of operations will be dependent upon how long the elevated inflation levels persist and the extent to which the rate of inflation further increases, if at all, neither of which we are able to predict. If elevated levels of inflation were to persist or if the rate of inflation were to accelerate, our expenses could increase faster than anticipated and we may utilize our capital resources sooner than expected. Further, given the complexities of the reimbursement landscape in which we operate, our ability to pass on increased costs associated with providing healthcare to Medicare and Medicaid patients is limited due to various federal, state and local laws, which in certain circumstances, limit our ability to increase prices. In our acute care segment, we have experienced a significant increase in hospital-based physician related expenses, especially in the areas of emergency room care and anesthesiology. We have implemented various initiatives to mitigate the increased expense, to the degree possible, which has moderated the rate of increase. However, significant increases in these physician related expenses could have a material unfavorable impact on our future results of operations. Although our ability to pass on increased costs associated with providing healthcare to Medicare and Medicaid patients is limited, as discussed above, we have been requesting and negotiating increased rates from commercial insurers to defray our increased cost of providing patient care. In addition, we have implemented various productivity enhancement programs and cost reduction initiatives including, but not limited to, the following: team-based patient care initiatives designed to optimize the level of patient care services provided by our licensed nurses/clinicians; efforts to reduce utilization of, and rates paid for, premium pay labor; consolidation of medical supply vendors to increase purchasing discounts; review and reduction of clinical variation in connection with the utilization of medical supplies, and; various other efforts to increase productivity and/or reduce costs including investments in new information technology applications. 31 Â Financial results for the three-month periods ended September 30, 2024 and 2023: The following table summarizes our results of operations and is used in the discussion below for the three-month periods ended September 30, 2024 and 2023 (dollar amounts in thousands): Â Â Three months endedSeptember 30, 2024 Â Â Three months endedSeptember 30, 2023 Â Â Â Amount Â Â Â % of NetRevenues Â Â Amount Â Â Â % of NetRevenues Â Net revenues Â $ 3,963,027 Â Â Â 100.0 % Â $ 3,562,774 Â Â Â Â 100.0 % Operating charges: Â Â Â Â Â Â Â Â Â Â Â Â Â Â Salaries, wages and benefits Â Â 1,912,308 Â Â Â 48.3 % Â Â 1,784,870 Â Â Â 50.1 % Other operating expenses Â Â 1,090,197 Â Â Â 27.5 % Â Â 941,219 Â Â Â Â 26.4 % Supplies expense Â Â 390,250 Â Â Â 9.8 % Â Â 378,667 Â Â Â 10.6 % Depreciation and amortization Â Â 149,567 Â Â Â 3.8 % Â Â 137,195 Â Â Â 3.9 % Lease and rental expense Â Â 36,540 Â Â Â 0.9 % Â Â 35,466 Â Â Â 1.0 % Subtotal-operating expenses Â Â 3,578,862 Â Â Â 90.3 % Â Â 3,277,417 Â Â Â 92.0 % Income from operations Â Â 384,165 Â Â Â 9.7 % Â Â 285,357 Â Â Â 8.0 % Interest expense, net Â Â 44,660 Â Â Â 1.1 % Â Â 53,378 Â Â Â 1.5 %

The net increase was primarily attributable to: (i) a $340 million, or 9.8%, increase in net revenues generated from our acute care hospital services and behavioral health services operated during both periods (which we refer to as â€œSame Facilityâ€), and; (ii) an other combined net increase of $60 million due to an increase in provider tax assessments (which increased net revenues and other operating expenses but had no impact on income before income taxes). Income before income taxes (before income attributable to noncontrolling interests) increased by $121 million, or 55%, to $342 million during the three-month period ended September 30, 2024 as compared to $221 million during the third quarter of 2023. The net increase was due to: â€¢an increase of $67 million at our acute care facilities, as discussed below in Acute Care Hospital Services; â€¢an increase of $57 million at our behavioral health care facilities, as discussed below in Behavioral Health Care Services, and; â€¢$3 million of other combined net decreases. Net income attributable to UHS increased by $92 million, or 55%, to $259 million during the three-month period ended September 30, 2024, as compared to $167 million during the third quarter of 2023. This increase was attributable to: â€¢a $121 million increase in income before income taxes, as discussed above; â€¢a decrease of $6 million due to an unfavorable change in income/loss attributable to noncontrolling interests, and; â€¢a decrease of $23 million resulting from an increase in the provision for income taxes resulting primarily from: (i) the increase in the provision for income taxes resulting from the $115 million increase in pre-tax income, partially offset by; (ii) a $4 million decrease in the provision for income taxes during the third quarter of 2024 from the net tax benefit recorded pursuant to ASU 2016-09, Compensation-Stock Compensation: Improvements to Employee Share-Based Payment Accounting ("ASU 2016-09"), net of the impact of executive compensation limitations pursuant to IRC section 162(m). 32 Â Financial results for the nine-month periods ended September 30, 2024 and 2023: The following table summarizes our results of operations and is used in the discussion below for the nine-month periods ended September 30, 2024 and 2023 (dollar amounts in thousands): Â Â Nine months endedSeptember 30, 2024 Â Â Nine months endedSeptember 30, 2023 Â Â Â Amount Â Â % of NetRevenues Â Â Amount Â Â % of NetRevenues Â Net revenues Â $ 11,714,213 Â Â Â 100.0 % Â $ 10,578,430 Â Â Â 100.0 % Operating charges: Â Â Â Â Â Â Â Â Â Â Â Â Â Â Salaries, wages and benefits Â Â 5,611,304 Â Â Â 47.9 % Â Â 5,308,476 Â Â Â 50.2 % Other operating expenses Â Â 3,165,483 Â Â Â 27.0 % Â Â 2,758,484 Â Â Â 26.1 % Supplies expense Â Â 1,181,886 Â Â Â 10.1 % Â Â 1,138,950 Â Â Â 10.8 % Depreciation and amortization Â Â 438,050 Â Â Â 3.7 % Â Â 422,560 Â Â Â 4.0 % Lease and rental expense Â Â 108,165 Â Â Â 0.9 % Â Â 105,775 Â Â Â 1.0 % Subtotal-operating expenses Â Â 10,504,888 Â Â Â 89.7 % Â Â 9,734,245 Â Â Â 92.0 % Income from operations Â Â 1,209,325 Â Â Â 10.3 % Â Â 844,185 Â Â Â 8.0 % Interest expense, net Â Â 146,385 Â Â Â 1.2 % Â Â 153,085 Â Â Â 1.4 % Other (income) expense, net Â Â 3,315 Â Â Â 0.0 % Â Â 31,797 Â Â Â 0.3 % Income before income taxes Â Â 1,059,625 Â Â Â 9.0 % Â Â 659,303 Â Â Â 6.2 % Provision for income taxes Â Â 233,563 Â Â Â 2.0 % Â Â 159,618 Â Â Â 1.5 % Net income Â Â 826,062 Â Â Â 7.1 % Â Â 499,685 Â Â Â 4.7 % Less: Income (loss) attributable to noncontrolling interests Â Â 16,362 Â Â Â 0.1 % Â Â (1,732) Â Â (0.0)% Net income attributable to UHS Â $ 809,700 Â Â Â 6.9 % Â $ 501,417 Â Â Â 4.7 % Net revenues increased by 10.7%, or $1.136 billion, to $11.714 billion during the nine-month period ended September 30, 2024, as compared to $10.578 billion during the first nine months of 2023. The net increase was primarily attributable to: (i) a $975 million, or 9.4%, increase in net revenues generated from our acute care hospital services and behavioral health services, on a same facility basis, and; (ii) an other combined net increase of $182 million, consisting primarily of a $174 million increase in provider tax assessments (which increased net revenues and other operating expenses but had no impact on income before income taxes), partially offset by a $21 million decrease in net revenues generated at Desert Springs Hospital Medical Center ("Desert Springs") located in Las Vegas, Nevada, which discontinued all inpatient operations during the first quarter of 2023. Income before income taxes (before income attributable to noncontrolling interests) increased by $400 million, or 61%, to $1.060 billion during the nine-month period ended September 30, 2024 as compared to $659 million during the first nine months of 2023. The net increase was due to: â€¢an increase of $220 million at our acute care facilities, as discussed below in Acute Care Hospital Services; â€¢an increase of $207 million at our behavioral health care facilities, as discussed below in Behavioral Health Care Services, and; â€¢$27 million of other combined net decreases. Net income attributable to UHS increased by $308 million, or 62%, to $810 million during the nine-month period ended September 30, 2024, as compared to $501 million during the first nine months 2023. This increase was attributable to: â€¢a $400 million increase in income before income taxes, as discussed above; â€¢a decrease of $18 million due to an unfavorable change in income/loss attributable to noncontrolling interests, and; â€¢a decrease of $74 million resulting from an increase in the provision for income taxes resulting primarily from: (i) the increase in the provision for income taxes resulting from the $382 million increase in pre-tax income, partially offset by; (ii) a $18 million decrease in the provision for income taxes during the first nine months of 2024, as compared to the comparable period of 2023, from the net tax benefit recorded pursuant to ASU 2016-09, net of the impact of executive compensation limitations pursuant to IRC section 162(m). Adjustments to self-insured professional and general liability reserves: Our estimated liability for self-insured professional and general liability claims is based on a number of factors including, among other things, the number of asserted claims and reported incidents, estimates of losses for these claims based on recent and historical settlement amounts, estimates of incurred but not reported claims based on historical experience, and estimates of amounts recoverable under our commercial insurance policies. 33 Â As a result of unfavorable trends experienced during the past several years, included in our results of operations were increases to our reserves for self-insured professional and general liability claims amounting to approximately $30 million and $44 million during the three and nine-month periods ended September 30, 2024, respectively. Approximately $23 million and $33 million of the increase is included in our same facility basis acute care hospital services' results during the three and nine-month periods ended September 30, 2024, respectively, and approximately $7 million and $11 million is included in our same facility basis behavioral health services' results during the three and nine-month periods ended September 30, 2024, respectively. Our results of operations for the comparable periods of 2023 included increases to our reserves for self-insured professional and general liability claims amounting to approximately $5 million and $25 million during the three and nine-month periods ended September 30, 2023, respectively. Approximately $4 million and $18 million of the increase is included in our same facility basis acute care hospital services' results during the three and nine-month periods ended September 30, 2023, respectively, and approximately $1 million and $7 million is included in our same facility basis behavioral health services' results during the three and nine-month periods ended September 30, 2023, respectively. Our Same Facility results also neutralize (if applicable) the effect of items that are non-operational in nature including items such as, but not limited to, gains/losses on sales of assets and businesses, impacts of settlements, legal judgments and lawsuits, impairments of long-lived and intangible assets and other amounts that may be reflected in the current or prior year financial statements that relate to prior periods. Our Same Facility basis results reflected on the table below also exclude from net revenues and other operating expenses, provider tax assessments incurred in each period as discussed below Sources of Revenue-Summary of Various State Medicaid Supplemental Payment Programs. However, these provider tax assessments are included in net revenues and other operating expenses as reflected in the table below under All Acute Care Hospital Services. The provider tax assessments had no impact on the income before income taxes as reflected on the tables below since the amounts offset between net revenues and other operating expenses. To obtain a complete understanding of our financial performance, the Same Facility results should be examined in connection with our net income as determined in accordance with U.S. GAAP and as presented in the condensed consolidated financial statements and notes thereto as contained in this Quarterly Report on Form 10-Q. The following table summarizes the results of operations for our acute care facilities on a Same Facility basis and is used in the discussion below for the three and nine-month periods ended September 30, 2024 and 2023 (dollar amounts in thousands): 34 Â Â Â Three months ended Â Â Three months ended Â Â Nine months ended Â Â Nine months ended Â Â Â September 30, 2024 Â Â September 30, 2023 Â Â September 30, 2024 Â Â September 30, 2023 Â Â Â Amount Â Â % of NetRevenues Â Â Amount Â Â % of NetRevenues Â Â Amount Â Â % of NetRevenues Â Â Amount Â Â % of NetRevenues Â Net revenues Â $ 2,147,732 Â Â Â 100.0 % Â $ 1,965,985 Â Â Â 100.0 % Â $ 6,355,078 Â Â Â 100.0 % Â $ 5,858,015 Â Â Â 100.0 % Operating charges: Â Salaries, wages and benefits Â Â 893,436 Â Â Â 41.6 % Â Â 854,284 Â Â Â 43.5 % Â Â 2,609,544 Â Â Â 41.1 % Â Â 2,517,163 Â Â Â 43.0 % Other operating expenses Â Â 598,840 Â Â Â 27.9 % Â Â 543,584 Â Â Â 27.6 % Â Â 1,754,999 Â Â Â 27.6 % Â Â 1,604,084 Â Â Â 27.4 % Supplies expense Â Â 332,799 Â Â Â 15.5 % Â Â 323,580 Â Â Â 16.5 % Â Â 1,011,602 Â Â Â 15.9 % Â Â 976,712 Â Â Â 16.7 % Depreciation and amortization Â Â 93,752 Â Â Â 4.4 % Â Â 86,437 Â Â Â 4.4 % Â Â 278,062 Â Â Â 4.4 % Â Â 273,646 Â Â Â 4.7 % Lease and rental expense Â Â 24,202 Â Â Â 1.1 % Â Â 24,443 Â Â Â 1.2 % Â Â 72,308 Â Â Â 1.1 % Â Â 72,459 Â Â Â 1.2 % Subtotal-operating expenses Â Â 1,943,029 Â Â Â 90.5 % Â Â 1,832,328 Â Â Â 93.2 % Â Â 5,726,515 Â Â Â 90.1 % Â Â 5,444,064 Â Â Â 92.9 % Income from operations Â Â 204,703 Â Â Â 9.5 % Â Â 133,657 Â Â Â 6.8 % Â Â 628,563 Â Â Â 9.9 % Â Â 413,951 Â Â Â 7.1 % Interest expense, net Â Â 1,077 Â Â Â 0.1 % Â Â (778) Â Â (0.0)% Â Â 3,363 Â Â Â 0.1 % Â Â (1,858) Â Â (0.0)% Other (income) expense, net Â Â (590) Â Â (0.0)% Â Â (490) Â Â (0.0)% Â Â (1,348) Â Â (0.0)% Â Â 5,723 Â Â Â 0.1 % Income before income taxes Â $ 204,216 Â Â Â 9.5 % Â $ 134,925 Â Â Â 6.9 % Â $ 626,548 Â Â Â 9.9 % Â $ 410,086 Â Â Â 7.0 % Three-month periods ended September 30, 2024 and 2023: During the three-month period ended September 30, 2024, as compared to the comparable prior year quarter, net revenues from our acute care hospital services, on a Same Facility basis, increased by $182 million or 9.2%. Income before income taxes (and before income attributable to noncontrolling interests) increased by $69 million, or 51%, amounting to $204 million, or 9.5% of net revenues during the third quarter of 2024, as compared to $135 million, or 6.9% of net revenues during the third quarter of 2023. Included in our Same Facility basis' net revenues and income before income taxes, during the third quarter of 2024, was approximately $40 million of net reimbursements (net of related provider taxes) recorded in connection with the Nevada state directed payment program which was approved by the Centers for Medicare and Medicaid Services in December, 2023. Please see additional disclosure below in Sources of Revenue-Nevada State Directed Payment Program ("SDP"). During the three-month period ended September 30, 2024, net revenue per adjusted admission increased by 7.0% while net revenue per adjusted patient day increased 6.5%, as compared to the comparable quarter of 2023. During the three-month period ended September 30, 2024, as compared to the comparable prior year quarter, inpatient admissions to our acute care hospitals increased by 2.1% while adjusted admissions (adjusted for outpatient activity) increased by 1.5%. Patient days at these facilities increased by 2.4% and adjusted patient days increased by 2.0% during the three-month period ended September 30, 2024, as compared to the comparable prior year quarter. The average length of inpatient stay at these facilities was 4.8 days during each of the three-month periods ended September 30, 2024 and 2023. The occupancy rate, based on the average available beds at these facilities, was 66% and 64% during the three-month periods ended September 30, 2024 and 2023, respectively. On a Same Facility basis, during the three-month period ended September 30, 2024, as compared to the comparable quarter of 2023, salaries, wages and benefits expense increased by $39 million, or 4.6%. Although our acute care facilities experienced an increase in patient volumes during the third quarter of 2024, as compared to the comparable quarter of 2023, the related incremental staffing cost increase was partially offset by the following: (i) a reduction in premium pay (overtime paid to employees and external temporary resources' expense) which decreased by approximately $8 million, or 12%, during the third quarter of 2024, as compared to the comparable quarter of 2023, and; (ii) a restructuring, that occurred in early 2024, at certain of our acute care hospitals that reduced the number of employees in positions that were not directly related to the delivery of patient care. As a percentage of net revenues, salaries, wages and benefits expense decreased to 41.6% during the third quarter of 2024 as compared to 43.5% during the third quarter of 2023. Other operating expenses increased by $55 million, or 10.2%, during the third quarter of 2024, as compared to the comparable quarter of 2023. Operating expenses incurred by our commercial health insurer, consisting primarily of medical costs, increased by $19 million during the third quarter of 2024, as compared to the comparable quarter of 2023. In addition, as discussed above in Results of Operations-Adjustments to self-insured professional and general liability reserves, included in the other operating expenses of our acute care hospital services during the third quarter of 2024, as compared to the comparable quarter of 2023, was a $19 million increase in the adjustments made to our self-insured professional and general liability reserves. Excluding these expense items from each period, other operating expenses increased by $17 million, or 4.0%. As a percentage of net revenues, other operating expenses increased to 27.9% during the third quarter of 2024, as compared to 27.6% during the comparable quarter of 2023. Supplies expense increased by $9 million, or 2.8%, during the third quarter of 2024, as compared to the third quarter of 2023. As a percentage of net revenues, supplies expense decreased to 15.5% during the three-month period ended September 30, 2024, as compared to 16.5% during the third quarter of 2023. Nine-month periods ended September 30, 2024 and 2023: During the nine-month period ended September 30, 2024, as compared to the comparable prior year period, net revenues from our acute care hospital services, on a Same Facility basis, increased by $497 million or 8.5%. Income before income taxes (and before 35 Â income attributable to noncontrolling interests) increased by $216 million, or 53%, amounting to $627 million, or 9.9% of net revenues during the first nine months of 2024, as compared to $410 million, or 7.0% of net revenues during the comparable period of 2023. Included in our Same Facility basis' net revenues and income before income taxes, during the first nine months of 2024, was approximately $117 million of net reimbursements (net of related provider taxes) recorded in connection with the Nevada state directed payment program which was approved by the Centers for Medicare and Medicaid Services in December, 2023. Please see additional disclosure below in Sources of Revenue-Nevada State Directed Payment Program ("SDP"). During the nine-month period ended September 30, 2024, net revenue per adjusted admission increased by 5.0% while net revenue per adjusted patient day increased by 5.8%, as compared to the comparable period of 2023. During the nine-month period ended September 30, 2024, as compared to the comparable prior year period, inpatient admissions to our acute care hospitals increased by 3.7% while adjusted admissions increased by 3.1%. Patient days and adjusted patient days at these facilities increased by 2.8% and 2.3%, respectively, during the nine-month period ended September 30, 2024, as compared to the comparable prior year period. The average length of inpatient stay at these facilities was 4.9 days during each of the nine-month periods ended September 30, 2024 and 2023. The occupancy rate, based on the average available beds at these facilities, was 68% and 66% during the nine-month periods ended September 30, 2024 and 2023, respectively. On a Same Facility basis during the nine-month period ended September 30, 2024, as compared to the comparable period of 2023, salaries, wages and benefits expense increased by $92 million, or 3.7%. Although our acute care facilities experienced an increase in patient volumes during the first nine months of 2024, as compared to the comparable period of 2023, the related incremental staffing cost increase was offset by the following: (i) a reduction in premium pay (overtime paid to employees and external temporary resources' expense) which decreased by approximately $40 million during the first nine months of 2024, as compared to the comparable period of 2023, and; (ii) a restructuring, that occurred in early 2024, at certain of our acute care hospitals that reduced the number of employees in positions that were not directly related to the delivery of patient care. As a percentage of net revenues, salaries, wages and benefits expense decreased to 41.1% during the first nine months of 2024 as compared to 43.0% during the comparable period of 2023. Other operating expenses increased by $151 million, or 9.4%, during the first nine months of 2024, as compared to the comparable period of 2023. Operating expenses incurred by our commercial health insurer, consisting primarily of medical costs, increased by $34 million during the first nine months of 2024, as compared to the comparable period of 2023. In addition, as discussed above in Results of Operations-Adjustments to self-insured professional and general liability reserves, included in the other operating expenses of our acute care hospital services

during the first nine months of 2024, as compared to the comparable period of 2023, was a $15 million increase in the adjustments made to our self-insured professional and general liability reserves. Excluding these expense items from each period, other operating expenses increased by $101 million, or 8.1%. Contributing to the increase during the first nine months of 2024, as compared to the comparable period of 2023, was a $37 million, or 8.6%, increase in physician-related expenses, as well as the expenses incurred in connection with the increase in patient volumes. As a percentage of net revenues, other operating expenses increased to 27.6% during the first nine months of 2024, as compared to 27.4% during the comparable period of 2023. Supplies expense increased by $35 million, or 3.6%, during the first nine months of 2024, as compared to the comparable period of 2023. As a percentage of net revenues, supplies expense decreased to 15.9% during the nine-month period ended September 30, 2024, as compared to 16.7% during the comparable period of 2023. All Acute Care Hospital Services The following table summarizes the results of operations for all our acute care operations during the three and nine-month periods ended September 30, 2024 and 2023. These amounts include: (i) our acute care results on a Same Facility basis, as indicated above; (ii) the impact of provider tax assessments which increased net revenues and other operating expenses but had no impact on income before income taxes, and; (iii) certain other amounts including, if applicable, the results of recently acquired/opened facilities and businesses as well as the operating results for Desert Springs which discontinued all inpatient operations during the first quarter of 2023. overall increase in IPPS payments is approximately 4.6.%. Including DSH payments, an increase to the Medicare Outlier threshold and certain other adjustments, we estimate our overall increase from the final IPPS 2023 rule (covering the period of October 1, 2022 through September 30, 2023) will approximate 4.4%. This projected impact from the IPPS 2023 final rule includes an increase of approximately 0.5% to partially restore cuts made as a result of the American Taxpayer Relief Act of 2012, as required by the 21st Century Cures Act, but excludes the impact of the sequestration reductions related to the 2011 Act, Bipartisan Budget Act of 2015, and Bipartisan Budget Act of 2018. In June, 2019, the Supreme Court of the United States issued a decision favorable to hospitals impacting prior year Medicare DSH payments (Azar v. Allina Health Services, No. 17-1484 (U.S. Jun. 3, 2019)). In Allina, the hospitals challenged the Medicare DSH adjustments for federal fiscal year 2012, specifically challenging CMSâ€™s decision to include inpatient hospital days attributable to Medicare Part C enrollee patients in the numerator and denominator of the Medicare/SSI fraction used to calculate a hospitalâ€™s DSH payments. This ruling addresses CMSâ€™s attempts to impose the policy espoused in its vacated 2004 rulemaking to a fiscal year in the 2004â€“2013 time period without using notice-and-comment rulemaking. This decision should require CMS to recalculate hospitalsâ€™ DSH Medicare/SSI fractions, with Medicare Part C days excluded, for at least federal fiscal year 2012, but likely federal fiscal years 2005 through 2013. In August, 2020, CMS issued a rule that proposed to retroactively negate the effects of the aforementioned Supreme Court decision, which rule has yet to be finalized. Although we can provide no assurance that we will ultimately receive additional funds, we estimate that the favorable impact of this court ruling on certain prior year hospital Medicare DSH payments could range between $18 million to $28 million in the aggregate. The 2011 Act included the imposition of annual spending limits for most federal agencies and programs aimed at reducing budget deficits by $917 billion between 2012 and 2021, according to a report released by the Congressional Budget Office. Among its other provisions, the law established a bipartisan Congressional committee, known as the Joint Committee, which was responsible for developing recommendations aimed at reducing future federal budget deficits by an additional $1.5 trillion over 10 years. The Joint Committee was unable to reach an agreement by the November 23, 2011 deadline and, as a result, across-the-board cuts to discretionary, national defense and Medicare spending were implemented on March 1, 2013 resulting in Medicare payment reductions of up to 2% per fiscal year. Subsequent legislation has extended this sequestration through 2032. The CARES Act, as amended, temporarily suspended or limited the application of this sequestration from May 1, 2020 through June 30, 2022, with a return to the full 2% Medicare payment reduction thereafter. Inpatient services furnished by psychiatric hospitals under the Medicare program are paid under a Psychiatric Prospective Payment System (â€œPsych PPSâ€). Medicare payments to psychiatric hospitals are based on a prospective per diem rate with adjustments to account for certain facility and patient characteristics. The Psych PPS also contains provisions for outlier payments and an adjustment to a psychiatric hospitalâ€™s base payment if it maintains a full-service emergency department. In July, 2024, CMS published its Psych PPS final rule for the federal fiscal year 2025. Under this final rule, payments to our behavioral health care hospitals and units from the market basket update are estimated to increase by 2.8% compared to federal fiscal year 2024. This amount includes the effect of the 3.3% net market basket update which reflects the offset of a 0.5% productivity adjustment. When all of the final patient level adjustments described below as well as proposed wage index values are considered, we estimate that Psych PPS payments will increase by 2.1% in FFY 2025. In addition to the market basket update noted above, CMS will make the following changes: â€¢Revisions to the methodology for determining the payment rates under the Inpatient Psychiatric Facility ("IPF") PPS for psychiatric hospitals and psychiatric units based on a review of the data and information collected in prior years in accordance with section 1886(s)(5)(A) of the Social Security Act, as added by the Consolidated Appropriations Act of 2023 ("CAA of 2023"). CMS finalized revisions to the IPF patient-level adjustment factors. The patient-level adjustments include Medicare Severity Diagnosis Related Groups (MSâ€“DRGs) assignment of the patientâ€™s principal diagnosis, selected comorbidities, patient age, and the variable per diem adjustments, and; â€¢Implement these revisions in a budget-neutral manner (that is, estimated payments to IPFs for FFY 2025 would be the same with or without the final revisions). â€¢Clarified the criteria regarding all-inclusive cost reporting. This clarification will require our behavioral health care hospitals, which are currently utilizing an all-inclusive charging practice, to modify both their billing practices and information technology applications to ensure compliance with future regulations. 44 Â This final rule also includes two requests for information on future revisions to the IPF PPS facility-level adjustment factors and development of the new standardized IPF Patient Assessment Instrument, required by the CAA of 2023, which IPFs participating in the IPF Quality Reporting Program will be required to report for Rate Year 2028. In July, 2023, CMS published its Psych PPS final rule for the federal fiscal year 2024. Under this final rule, payments to our behavioral health care hospitals and units are estimated to increase by 3.3% compared to federal fiscal year 2023. This amount includes the effect of the 3.5% net market basket update which reflects the offset of a 0.2% productivity adjustment. In July, 2022, CMS published its Psych PPS final rule for the federal fiscal year 2023. Under this final rule, payments to our behavioral health care hospitals and units are estimated to increase by 3.8% compared to federal fiscal year 2022. This amount includes the effect of the 4.1% net market basket update which reflects the offset of a 0.3% productivity adjustment. On November 2, 2023, in light of the Supreme Courtâ€™s decision in American Hospital Association v. Becerra (142 S. Ct. 1896 (2022)) and the district courtâ€™s remand to the agency, CMS issued a final rule outlining the remedy for the 340B-acquired drug payment policy for calendar years 2018-2022. CMS published the final rule to remedy the payment rates the Court held were invalid aspects of their past policy and will affect nearly all hospitals paid under the OPPS. As part of the final remedy, CMS will make an adjustment to the update factor to maintain budget neutrality as required by statute. CMS finalized the 340B policy for calendar year 2018 in 2017 in a budget neutral manner that included increasing payments for non-drug items and services; this payment increase was in effect from calendar years 2018 through 2022. CMS estimates that hospitals were paid $7.8 billion more for non-drug items and services during this time period than they would have been paid in the absence of the 340B payment policy. Because CMS is now making additional payments to affected 340B covered entity hospitals to pay them what they would have been paid had the 340B policy never been implemented, CMS will make a corresponding offset to maintain budget neutrality as if the 340B payment policy had never been in effect. To carry out this required $7.8 billion budget neutrality adjustment, CMS will reduce future non-drug item and service payments by adjusting the OPPS conversion factor by minus 0.5% starting in calendar year 2026 and continuing for 16 years. The impact of this 0.5% reduction on our 2026 results of operations is approximately $4 million. In November, 2024, CMS issued its OPPS final rule for 2025. The hospital market basket increase is 3.4% and the productivity adjustment reduction is 0.5% for a net market basket increase of 2.9%. When other statutorily required adjustments and hospital patient service mix are considered, including a 14.2% increase to the partial hospitalization rate, we estimate that our overall Medicare OPPS update for 2025 will aggregate to a net increase of 3.6%. In November, 2023, CMS issued its OPPS final rule for 2024. The hospital market basket increase is 3.3% and the productivity adjustment reduction is 0.2% for a net market basket increase of 3.1%. When other statutorily required adjustments and hospital patient service mix are considered, we estimate that our overall Medicare OPPS update for 2024 will aggregate to a net increase of 9.7%. This percentage reflects the impact resulting from rural floor changes to the Medicare wage index adjustment factor where certain states, such as California and Nevada, will materially benefit from this change. In November, 2022, CMS issued its OPPS final rule for 2023. The hospital market basket increase is 4.1% and the productivity adjustment reduction is -0.3% for a net market basket increase of 3.8%. The final rule provides that in light of the Supreme Court decision in American Hospital Association v. Becerra, CMS is applying the default rate, generally average sales price plus 6%, to 340B acquired drugs and biologicals for 2023. During the 2018-2022 time period, we recorded an aggregate of approximately $45 million to $50 million of Medicare revenues related to the prior 340B payment policy. When other statutorily required adjustments and hospital patient service mix are considered, as well as impact of the aforementioned 340B Program policy change, our overall Medicare OPPS update for 2023 aggregated to a net increase of approximately 0.9% which includes a 0.3% increase to behavioral health division partial hospitalization rates. On November 2, 2021, CMS issued its OPPS final rule for 2022. The hospital market basket increase is 2.7% and the productivity adjustment reduction is -0.7% for a net market basket increase of 2.0%. When other statutorily required adjustments and hospital patient service mix are considered, our overall Medicare OPPS update for 2022 aggregated to a net increase of approximately 2.4% which includes a 3.0% increase to behavioral health division partial hospitalization rates. In November, 2019, CMS finalized its Hospital Price Transparency rule that implements certain requirements under the June 24, 2019 Presidential Executive Order related to Improving Price and Quality Transparency in American Healthcare to Put Patients First. Under this final rule, effective January 1, 2021, CMS will require: hospitals to make public: (1) their standard changes (both gross charges and payer-specific negotiated charges) for all items and services online in a machine-readable format, and; (2) standard charge data for a limited set of â€œshoppable servicesâ€ the hospital provides in a form and manner that is more consumer friendly. On November 2, 2021, CMS released a final rule increasing the monetary penalty that CMS can impose on hospitals that fail to comply with the price transparency requirements. We believe that our hospitals are in full compliance with the applicable federal regulations. In November, 2023, CMS finalized multiple provisions, effective as of January 1, 2024, focused on increasing hospital price transparency and compliance enforcement including but not limited to: (1) standard charges data would be posted online using a CMS template, instead of using the hospitalâ€™s own form/format; (2) all standard charge information would be encoded with a specified set of data elements (e.g., hospital name; license number; payer/plan name; description of service; billing codes, among others); (3) other technical changes related to increasing consumersâ€™ automated accessibility to hospital standard charges, and; (4) 45 Â certifications regarding accuracy of standard charge data and related compliance warning notices from CMS and requiring accessibility to health system leadership regarding transparency noncompliance. In September, 2024, the Departments of Labor, Health and Human Services and the Treasury published final rules that: â€¢Mandate that insurers analyze the outcomes of their coverage to ensure there's equivalent access to mental health care, including provider networks, prior authorization rates and payment for out-of-network providers, and take action to get in compliance; â€¢Establish when health plans canâ€™t use prior authorization or other tactics to make it more difficult to access mental health and substance use treatment; â€¢Require additional insurers to comply with the 2008 Mental Health Parity and Addiction Equity Act. While these rules will likely improve patient access to inpatient and outpatient mental health services, we are unable to estimate the related potential impact on our results of operations. Medicaid: Medicaid is a joint federal-state funded health care benefit program that is administered by the states to provide benefits to qualifying individuals. Most state Medicaid payments are made under a PPS-like system, or under programs that negotiate payment levels with individual hospitals. Amounts received under the Medicaid program are generally significantly less than a hospitalâ€™s customary charges for services provided. In addition to revenues received pursuant to the Medicare program, we receive a large portion of our revenues either directly from Medicaid programs or from managed care companies managing Medicaid. All of our acute care hospitals and most of our behavioral health centers are certified as providers of Medicaid services by the appropriate governmental authorities. We receive revenues from various state and county-based programs, including Medicaid in all the states in which we operate. We receive annual Medicaid revenues of approximately $100 million, or greater, from each of Texas, Nevada, California, Illinois, Pennsylvania, Washington, D.C., Kentucky, Massachusetts, Virginia, Mississippi and Florida. We also receive Medicaid disproportionate share hospital payments in certain states including, most significantly, Texas. We are therefore particularly sensitive to potential reductions in Medicaid and other state-based revenue programs as well as regulatory, economic, environmental and competitive changes in those states. We can provide no assurance that reductions to revenues earned pursuant to these programs, particularly in the above-mentioned states, will not have a material adverse effect on our future results of operations. The Legislation substantially increases the federally and state-funded Medicaid insurance program, and authorizes states to establish federally subsidized non-Medicaid health plans for low-income residents not eligible for Medicaid starting in 2014. However, the Supreme Court has struck down portions of the Legislation requiring states to expand their Medicaid programs in exchange for increased federal funding. Accordingly, many states in which we operate have not expanded Medicaid coverage to individuals at 133% of the federal poverty level. Facilities in states not opting to expand Medicaid coverage under the Legislation may be additionally penalized by corresponding reductions to Medicaid disproportionate share hospital payments beginning in fiscal year 2024, as discussed below. We can provide no assurance that further reductions to Medicaid revenues, particularly in the above-mentioned states, will not have a material adverse effect on our future results of operations. Summary of Various State Medicaid Supplemental Payment Programs: The following table summarizes the revenues, taxes imposed by states in the form of a licensing fee, assessment or other mandatory payment ("Provider Taxes") and net benefit related to each of the below-mentioned Medicaid supplemental programs for three and nine-month periods ended September 30, 2024 and 2023. The Provider Taxes are recorded in other operating expenses on the condensed consolidated statements of income as included herein. 46 Â Â (amounts in millions) Â Â Â Â Three Months Ended Â Â Nine Months Ended Â Â Projected Â Â September 30, Â September 30, Â Â September 30, Â September 30, Â Full Year 2024 Â Â 2024 Â 2023 Â Â 2024 Â 2023 Â Texas Supplemental Payment Programs: Â Â Â Â Â Â Â Â Â Â Â Â Revenues $ 352 Â Â $ 124 Â $ 87 Â Â $ 243 Â $ 175 Â Provider Taxes Â (138) Â Â (47) Â (30) Â Â (96) Â (62) Net benefit $ 214 Â Â $ 77 Â Â $ 147 Â $ 113 Â Â Â Â Â Â Â Â Â Â Â Â Nevada SDP: Â Â Â Â Â Â Â Â Â Â Â Â Revenues $ 272 Â Â $ 70 Â $ 0 Â Â $ 203 Â $ 0 Â Provider Taxes Â (109) Â Â (28) Â 0 Â Â Â (82) Â 0 Â Net benefit $ 163 Â Â $ 42 Â $ 0 Â Â $ 121 Â $ 0 Â Â Â Â Â Â Â Â Â Â Â Â Various Other State Programs: Â Â Â Â Â Â Â Â Â Â Â Â Revenues $ 811 Â Â $ 177 Â $ 121 Â Â $ 568 Â $ 376 Â Provider Taxes Â (275) Â Â (63) Â (46) Â Â (189) Â (129) Net benefit $ 536 Â Â $ 114 Â $ 75 Â Â $ 379 Â $ 247 Â Â Â Â Â Â Â Â Â Â Â Â Subtotal-Provider Tax Programs: Â Â Â Â Â Â Â Â Â Â Â Â Revenues $ 1,435 Â Â $ 371 Â $ 208 Â Â $ 1,014 Â $ 551 Â Provider Taxes Â (522) Â Â (138) Â (76) Â Â (367) Â (191) Aggregate net benefit from Provider Tax Programs $ 913 Â Â $ 233 Â $ 132 Â Â $ 647 Â $ 360 Â Â Â Â Â Â Â Â Â Â Â Â Texas DSH and Nevada SPA Programs: Â Â Â Â Â Â Â Â Â Â Â Â Revenues $ 53 Â Â $ 18 Â $ 18 Â Â $ 41 Â $ 60 Â Provider Taxes Â 0 Â Â Â 0 Â Â 0 Â Â Â 0 Â Â 0 Â Net benefit $ 53 Â Â $ 18 Â $ 18 Â Â $ 41 Â $ 60 Â Â Â Â Â Â Â Â Â Â Â Â Total Supplemental Medicaid Programs: Â Â Â Â Â Â Â Â Â Â Â Â Revenues $ 1,488 Â Â $ 389 Â $ 226 Â Â $ 1,055 Â $ 611 Â Â Provider Taxes Â (522) Â Â (138) Â (76) Â Â (367) Â (191) Aggregate net benefit from all Supplemental Programs $ 966 Â Â $ 251 Â $ 150 Â Â $ 688 Â $ 420 Â Texas Supplemental Payment Programs: Certain of our acute care hospitals located in various counties of Texas participate in Medicaid supplemental payment Section 1115 Waiver indigent care programs. The 1115 Waiver has been approved by CMS through September 30, 2030. These hospitals also have affiliation agreements with third-party hospitals to provide free hospital and physician care to qualifying indigent residents of these counties. Our hospitals receive both supplemental payments from the Medicaid program and indigent care payments from third-party, affiliated hospitals. The supplemental payments are contingent on the county or hospital district making an Inter-Governmental Transfer (â€œIGTâ€) to the state Medicaid program while the indigent care payment is contingent on a transfer of funds from the applicable affiliated hospitals. However, the county or hospital district is prohibited from entering into an agreement to condition any IGT on the amount of any private hospitalâ€™s indigent care obligation. CHIRP (including QIF) On August 1, 2022, CMS approved the Comprehensive Hospital Increase Reimbursement Program ("CHIRP"), with a pool of $5.2 billion, for the rate period effective September 1, 2022 to August 31, 2023. On July 31, 2023, CMS approved the CHIRP program, with a pool of $6.5 billion, for the rate period of September 1, 2023 to August 31, 2024. On September 13, 2024, CMS approved the CHIRP program with a pool of $6.5 billion for the rate period September 1, 2024 to August 31, 2025 (with an amended CMS approval on October 1, 2024). 47 Â On January 26, 2024, the Texas Health and Human Services Commission ("THHSC") issued a final rule that will modify the CHIRP payments beginning with the State Fiscal Year (SFY) 2025 rate period to promote the advancement of the quality goals and strategies the program is designed to advance. The final modifications include: â€¢Creation of a new pay-for-performance incentive payment through a third component in CHIRP, the Alternate Participating Hospital Reimbursement for Improving Quality Award ("APHRIQA"). For state fiscal years beginning with SFY 2025, behavioral health hospitals and rural hospitals will not be included in the pay-for-performance program. â€¢The funds for payment of the APHRIQA component will be transitioned from the existing uniform rate increase components of the Uniform Hospital Rate Increase Percentage and the Average Commercial Incentive Award and will be paid using a scorecard that directs managed care organizations to pay providers for performance achievements on quality outcome measures. Payments will be distributed under APHRIQA on a semi-annual basis that aligns with the measurement period determined for quality metrics reporting. CHIRP payment levels could be reduced materially if our hospitals are not able meet the required APHRIQA pay-for-performance metrics. Certain of our acute care hospitals located in Texas recorded an aggregate of $33 million in Quality Incentive Fund (â€œQIFâ€) revenues during 2023. Included in our results of operations in connection with this program was approximately $36 million during the three and nine-month periods ended September 30, 2024 and $25 million during the three-month and nine-month periods ended September 30, 2023. This revenue was earned pursuant to contract terms with various Medicaid managed care plans which requires the annual payout of QIF funds when a managed care service delivery areaâ€™s actual claims-based CHIRP payments are less than targeted CHIRP payments for a specific rate year. We estimate that our hospitals will be entitled to approximately $55 million of aggregate QIF revenue during the year ended December 31, 2024. UC Included in these provider tax programs are reimbursements received in connection with the Texas Uncompensated Care program ("UC"). The size and distribution of the UC pool are determined based on charity care costs reported to THHSC in accordance with Medicare cost report Worksheet S-10 principles. HARP On September 24, 2021, THHSC finalized New Fee-for-Service Supplemental Payment Program:

Hospital Augmented Reimbursement Program (â€œHARPâ€) to be effective October 1, 2021. The HARP program continues the financial transition for providers who have historically participated in the Delivery System Reform Incentive Payment program described below. The program, which was approved by CMS on August 15, 2023, will provide additional funding to hospitals to help offset the cost hospitals incur while providing Medicaid services. HARP is technically a Medicaid Upper Payment Limit as payment under this program is based on a reasonable estimate of the amount that would be paid for the services under Medicare payment principles but is referred to as HARP by THHSC. In connection with this program, included in our results of operations was approximately $7 million and $13 million during the three-month periods ended September 30, 2024 and 2023, respectively, and approximately $21 million and $13 million during the nine-month periods ended September 30, 2024 and 2023, respectively. We expect our net reimbursements pursuant to HARP to approximate $42 million during the year ended December 31, 2024. Nevada State Directed Payment Program ("SDP"): As previously reported, in February, 2023, the Nevada Division of Health Care Financing and Policy (â€œDHCFPâ€) outlined a new provider fee on private hospitals located in Nevada that would effectively capture new Medicaid federal share for certain categories of services eligible for the new payment program. In late December, 2023, CMS approved the Medicaid managed care component of the Nevada SDP program, with an effective date of January 1, 2024. Payments made pursuant to this component of the Nevada SDP program, which requires annual approval by CMS, are subject to reconciliation by DHCFP based on actual Medicaid managed care utilization during 2024. There can be no assurance that the Medicaid managed care component of the Nevada SDP will continue for any period after December 31, 2024, or that it will not be modified. There was no impact from this program included in our results of operations during the three and nine-month periods ended September 30, 2023. Our results of operations for the three and nine-month periods ended September 30, 2024 included approximately $42 million and $121 million, respectively, recorded in connection with this program. Including the impact of the Medicaid fee for service upper payment limit component of the Nevada SDP program (estimated net reimbursements of $23 million attributable to our Nevada facilities during the year ended December 31, 2024), which was approved by CMS in November and December of 2023, after consideration of an updated payment model published by the DHCFP for rate year 48 Â 2025 (July 1, 2024 to June 30, 2025), we estimate that our aggregate net reimbursements pursuant to both components of the Nevada SDP program (net of related provider taxes) will approximate $163 million during the year ended December 31, 2024. In September, 2024, DHCFP published a technical bulletin (24-001) which announced the provider assessment rates for SFY 2025. Pending CMS approval, the increased assessment rate will be used to fund an increase to the SDP pool size. If approved, the funding increase to the existing Nevada program, with estimated annual net incremental benefit of approximately $56 million, would be effective July 1, 2024. Various Other State Programs: We receive substantial reimbursement from multiple states in connection with various supplemental Medicaid payment programs. The states include, but are not limited to, the state programs listed below from which we receive significant reimbursements. Kentucky Hospital Rate Increase Program (â€œHRIPâ€) In early 2021, CMS approved the Kentucky Medicaid Managed Care Hospital Rate Increase Program. In connection with this program, included in our results of operations was approximately $19 million and $15 million during the three-month periods ended September 30, 2024 and 2023, respectively, and approximately $61 million and $57 million during the nine-month periods ended September 30, 2024 and 2023, respectively. In January, 2024, CMS approved the program for the period of January 1, 2024 through December 31, 2024 at rates comparable to the prior year. We estimate that our net reimbursements pursuant to HRIP will approximate $80 million during the year ended December 31, 2024. California Supplemental Payments In California, the state continues to operate Medicaid supplemental payment programs consisting of three components: Fee For Service Payment, Managed Care-Pass-Through Payment and Managed Care-Directed Payment. The non-federal share for these programs are financed by a statewide provider tax. The Directed Payment method will be based on actual concurrent hospital Medicaid managed care in-network patient volume whereas the other programs are based on prior year Medicaid utilization. The CMS program approval status is outlined in the table below. California Hospital Fee Program CMS Approval Status: Hospital Fee Program Component CMS Methodology Approval CMS Rate Setting Approval Status Status Fee For Service Payment Approved through December 31, 2024 Approved through December 31, 2024; Paid through March 31, 2024Â Managed Care-Pass-Through Payment Approved through December 31, 2024 Approved through December 31, 2022 and paid through December 31, 2023Â Managed Care-Directed Payment Approved through December 31, 2024 Approved through December 31, 2022 and paid through December 31, 2023Â In connection with this program, included in our results of operations was approximately $8 million and $10 million during the three-month period ended September 30, 2024 and 2023, respectively, and approximately $34 million and $33 million during the nine-month periods ended September 30, 2024 and 2023, respectively. We estimate that our net reimbursements pursuant to this program will approximate $47 million during the year ended December 31, 2024. On April 25, 2024, the Office of Health Care Affordability board approved a five-year statewide health care spending growth target for 2025 through 2029 as follows 3.5%, 3.5%, 3.2%, 3.2% and 3.0%. The FY 2025 target is non-enforceable. We are unable to predict the financial impact from this spending target on our hospitals operating in California. Mississippi Hospital Access Program In September, 2023, subject to CMS approval, Mississippi announced a $689 million, two-part Medicaid payment proposal, effective retroactively to July 1, 2023, that would be funded by annual hospital assessments to the state's Medicaid program. These hospital assessments are calculated using a formula provided under state law. The first part of the proposal, known as the Mississippi Hospital Access Program (â€œMHAPâ€), would provide direct payments for hospitals that serve patients in the state's Medicaid managed care delivery system. Hospitals would be reimbursed near the average commercial rate, which is the upper limit ("UPL") for Medicaid managed care reimbursements. The second part of the proposal would supplement Medicaid payment rates for hospitals providing 49 Â inpatient and outpatient services up to Medicaid's regulated UPL. In December, 2023, CMS approved the MHAP program component. The UPL component was approved in April, 2024. In connection with this program, included in our results of operations was approximately $11 million and $3 million recorded during the three-month periods ended September 30, 2024 and 2023, respectively, and approximately $38 million and $13 million recorded during the nine-month periods ended September 30, 2024 and 2023, respectively. We estimate that our net reimbursements pursuant to these supplemental payment programs will approximate $49 million during the year ended December 31, 2024. Florida Medicaid Managed Care Directed Payment Program (â€œDPPâ€) The Florida DPP provides for an additional payment for Medicaid managed care contracted services. Although the impact of this program did not have a significant impact on our results of operations during the three and nine-month periods ended September 30, 2024 or 2023, we estimate that our net reimbursements pursuant to this DPP will approximate $43 million during the year ended December 31, 2024 (substantially all of which we anticipate recording during the fourth quarter of 2024). For the year ended December 31, 2023, our results of operations included approximately $43 million recorded in connection with this program (substantially all of which was recorded during the fourth quarter of 2023). Illinois Medicaid Supplemental Payment Programs The Illinois Medicaid Supplemental Payment Programs are comprised of three components: (1) Medicaid managed care directed payment program; (2) Medicaid managed care pass-through program, and; (3) Medicaid fee for service supplemental payment program. These programs require various related legislative and regulatory approvals each year. In connection with this program, included in our results of operations was approximately $9 million and $8 million recorded during the three-month periods ended September 30, 2024 and 2023, respectively, and approximately $28 million and $29 million recorded during the nine-month periods ended September 30, 2024 and 2023, respectively. We estimate that our net reimbursements pursuant to these supplemental payment programs will approximate $38 million during the year ended December 31, 2024. Indiana Medicaid Managed Care DPP The Indiana DPP provides for an additional payment for Medicaid managed care contracted services. In connection with this program, included in our results of operations was approximately $8 million recorded during each of the three-month periods ended September 30, 2024 and 2023, and approximately $24 million recorded during each of the nine-month periods ended September 30, 2024 and 2023. We estimate that our net reimbursements pursuant to this program will approximate $32 million during the year ended December 31, 2024. Oklahoma (Transition to Managed Care and Implementation of a Medicaid Managed Care DPP) The current Oklahoma Medicaid supplemental payment program in effect, prior to the planned implementation of the new DPP in 2024, is the Supplemental Hospital Offset Payment Program (â€œSHOPPâ€). The SHOPP component will remain in place for certain categories of Medicaid patients that will continue to be enrolled in the traditional Medicaid Fee for Service program. In May, 2022, Oklahoma enacted legislation that directs the Oklahoma Health Care Authority ("OHCA") to: (i) transition its Medicaid program from a fee for service payment model to a managed care payment model by no later than October 1, 2023, and: (ii) concurrently implement a Medicaid managed care DPP using a managed care gap of 90% of average commercial rates. In December, 2022, the OHCA delayed the implementation date of the Medicaid managed care change and related DPP until April 1, 2024. In September, 2023, CMS approved the DPP program effective as of April 1, 2024. In connection with this program, included in our results of operations was approximately $6 million and $5 million recorded during the three-month periods ended September 30, 2024 and 2023, respectively, and approximately $14 million and $10 million recorded during the nine-month periods ended September 30, 2024 and 2023, respectively. We estimate that our net reimbursements pursuant to these two supplemental payment programs (i.e. SHOPP and DPP) will approximate $20 million during the year ended December 31, 2024. South Carolina Health Access, Workforce and Quality (â€œHAWQâ€) Program In September 2023, CMS approved the South Carolina HAWQ Program retroactive to July 1, 2023 and subsequently approved by CMS in July, 2024 for the period of July 1, 2024 to June 30, 2025. This program is Medicaid managed care directed payment program that provides for a rate enhancement to Medicaid managed care encounters. In connection with this program, included in our results of operations was approximately $9 million and $6 million recorded during the three-month periods ended September 30, 2024 and 2023, respectively, and approximately $19 million and $6 million recorded during the nine-month periods ended September 30, 2024 and 2023, respectively. We estimate that our net reimbursements pursuant to these supplemental payment programs will approximate $28 million during the year ended December 31, 2024. Michigan Directed Payment Program (â€œDPPâ€) In March 2024, CMS approved the Michigan Medicaid DPP retroactive to October 1, 2023 based on average commercial rates. The Michigan DPP provides for an additional payment for Medicaid managed care contracted services. In connection with this program, 50 Â included in our results of operations was approximately $9 million and $4 million recorded during the three-month periods ended September 30, 2024 and 2023, respectively, and approximately $29 million and $14 million recorded during the nine-month periods ended September 30, 2024 and 2023, respectively. We estimate that our net reimbursements pursuant to this program will approximate $36 million during the year ended December 31, 2024. Idaho Upper Payment Limit (â€œUPLâ€) In April 2024, the Idaho Department of Health and Welfare (â€œIDHWâ€) released its updated Medicaid UPL calculation for SFY 2024 (July 1, 2023 to June 30, 2024) and revised its SFY 2023 (July 1, 2022 to June 30, 2023) UPL calculation. In connection with this program, included in our results of operations was approximately $5 million and $4 million recorded during the three-month periods ended September 30, 2024 and 2023, respectively, and approximately $27 million and $19 million recorded during the nine-month periods ended September 30, 2024 and 2023, respectively. As a result of the state agency UPL recalculation, we estimate that our net reimbursements pursuant to this program will approximate $31 million during the year ended December 31, 2024. Subject to CMS approval, the IDHW plans to continue this UPL program through SFY 2025 (July 1, 2024 to June 30, 2025) at payment levels comparable to SFY 2024. In SFY 2026, the IDHW intends to replace the UPL program with a Medicaid managed care state directed payment program. We are unable to predict whether payments levels under the planned new state directed payment program will be comparable to the SFY 2024 UPL payment levels. Tennessee Directed Payment Program (â€œDPPâ€) On April 29, 2024 the Tennessee legislature transmitted a Bill (SB1740), that was enacted into law in May, 2024, which imposes an annual coverage assessment on covered hospitals for fiscal year 2024-2025. The total assessment on all covered hospitals in the aggregate will be equal to 6% of the federally recognized annual coverage assessment base. The assessment proceeds will be used to fund an increase to the stateâ€™s SFY 2025 (July 1, 2024 to June 30, 2025) DPP payment pool to be based on average commercial rates. The state agency (TennCare) submitted the required preprint to CMS in May, 2024. If approved by CMS, the DPP payment increase will be retroactive to July 1, 2024. Although we are unable to predict whether the new DPP program will be approved by CMS, or the timing of such approval should it occur, TennCare's financial models indicate that our annual DPP reimbursements could range from $40 million to $56 million. Washington Safety Net Assessment Program On April 2, 2024, CMS approved an expanded state directed payment program in Washington whereby payments will now be based on the average commercial rates. The program was approved retroactively for the period January 1, 2024 to December 31, 2024. In connection with this program, included in our results of operations was approximately $12 million and $1 million recorded during the three-month periods ended September 30, 2024 and 2023, respectively, and approximately $32 million and $2 million recorded during the nine-month periods ended September 30, 2024 and 2023, respectively. We estimate that our net incremental benefit pursuant to this expanded program will approximate $44 million during the year ended December 31, 2024. Washington, D.C. State Directed Payment program (â€œSDPâ€) In July, 2024, the Budget Support Act (B24-0784) was approved by the mayor of Washington, D.C. This legislation includes a new Medicaid managed care directed payment program that, if ultimately approved, could become effective for the period of October 1, 2024 through September 30, 2025, with potential subsequent annual programs. Finalization of this program remains contingent upon U.S. Congressional and CMS approval. The Washington, D.C., Medicaid agency submitted the SDP preprint to CMS in July, 2024 for review and approval. Although we cannot predict if this new SDP program will be ultimately approved, or the timing of such approval should it occur, if approved in its current form, we estimate that our aggregate net benefit from this program for the period of October 1, 2024 through September 30, 2025, related to our two existing hospitals in the market, will approximate $85 million. Estimated amounts related to this program are subject to change for various reasons including modifications based upon CMS' review of the preprint payment methodology terms, as well as actual Medicaid managed care utilization for hospitals that operate in the District of Columbia, including ours. There can be no assurance that this program will continue for any period after September 30, 2025, or that it will not be modified. Texas DSH and Nevada SPA Programs: Texas DSH Upon meeting certain conditions and serving a disproportionately high share of Texasâ€™ low income patients, our qualifying facilities located in Texas receive additional reimbursement from the stateâ€™s DSH fund. The Texas DSH program was renewed for the stateâ€™s 2024 DSH fiscal year (covering the period of October 1, 2023 through September 30, 2024). In connection with this program, included in our results of operations was approximately $14 million and $13 million recorded during the three-month periods ended September 30, 2024 and 2023, respectively, and approximately $28 million and $38 million recorded 51 Â during the nine-month periods ended September 30, 2024 and 2023, respectively. We estimate that our aggregate net reimbursements earned pursuant to the Texas DSH program will approximate $36 million during 2024. The Legislation and subsequent federal legislation provides for a significant reduction in Medicaid disproportionate share payments beginning in federal fiscal year 2024 (see above in Sources of Revenues and Health Care Reform-Medicaid for additional disclosure related to the delay of these DSH reductions). HHS is to determine the amount of Medicaid DSH payment cuts imposed on each state based on a defined methodology. As Medicaid DSH payments to states will be cut, consequently, payments to Medicaid-participating providers, including our hospitals in Texas, will be reduced in the coming years. Based on the CMS final rule published in September, 2019, beginning in fiscal year 2024 (as amended by the CARES Act and the CAA), annual Medicaid DSH payments in Texas could be reduced by approximately 41% from current DSH payment levels. A series of federal continuing resolutions were passed by the federal government which provided for ongoing federal funding. In connection with certain previous DSH and UC adverse federal court decisions, including the Childrenâ€™s Hospital Association of Texas v. Azar, we continue to maintain reserves in the financial statements for cumulative Medicaid DSH and UC reimbursements related to our behavioral health hospitals located in Texas that amounted to $29 million as of September 30, 2024 and $31 million as of December 31, 2023. Nevada State Plan Amendment ("SPA") CMS initially approved an SPA in Nevada in August, 2014 and this SPA has been approved for additional state fiscal years, including the 2024 fiscal year covering the period of July 1, 2023 through June 30, 2024. CMS approval for the 2025 fiscal year, which is still pending, is expected to occur. In connection with this program, included in our results of operations was approximately $4 million and $5 million recorded during the three-month periods ended September 30, 2024 and 2023, respectively, and approximately $13 million and $22 million recorded during the nine-month periods ended September 30, 2024 and 2023, respectively. We estimate that our net reimbursements pursuant to this program will approximate $17 million during 2024. Risk Factors Related To State Supplemental Medicaid Payments: As outlined above, we receive substantial reimbursement from multiple states in connection with various supplemental Medicaid payment programs. Failure to renew these programs beyond their scheduled termination dates, failure of the public hospitals to provide the necessary IGTs for the statesâ€™ share of the DSH programs, failure of our hospitals that currently receive supplemental Medicaid revenues to qualify for future funds under these programs, or reductions in reimbursements, could cause our estimates to differ by material amounts which could have a material adverse effect on our future results of operations. In April, 2016, CMS published its final Medicaid Managed Care Rule which explicitly permits but phases out the use of pass-through payments (including supplemental payments) by Medicaid Managed Care Organizations (â€œMCOâ€) to hospitals over ten years but allows for a transition of the pass-through payments into value-based payment structures, delivery system reform initiatives or payments tied to services under a MCO contract. Since we are unable to determine the financial impact of this aspect of the final rule, we can provide no assurance that the final rule will not have a material adverse effect on our future results of operations. In November, 2020, CMS issued a final rule permitting pass-through supplemental provider payments during a time-limited

period when states transition populations or services from fee-for-service Medicaid to managed care. We receive Medicaid SDP payments from MCOs authorized by CMS under 42 CFR Â§ 438.6(c). Consistent with capitated rates paid by Medicaid state agencies to MCOâ€™s for managing Medicaid beneficiary lives under a risk-based arrangement, SDP program related capitated rates must also be developed by the state in accordance with actuarial soundness standards noted at 42 CFR Â§ 438.4 and non-compliance could result in a reduction to SDP payment levels. We incur Provider Taxes imposed by states in the form of a licensing fee, assessment or other mandatory payment which are related to: (i) healthcare items or services; (ii) the provision of, or the authority to provide, the health care items or services, or; (iii) the payment for the health care items or services that are used by respective states to finance the non-federal share of SDPâ€™s (or other Medicaid supplemental payment programs). Such Provider Taxes are subject to various federal regulations that limit the scope and amount of the taxes that can be levied by states in order to secure federal matching funds as part of their respective state Medicaid supplemental payment programs. States are subject to CMS both concurrent and retrospective review for their compliance with the applicable Provider Tax regulations and related federal statute. If CMS determines Provider Taxes used by a state Medicaid program to finance the non-federal share of a SDP (or other Medicaid supplemental payment programs) are not in compliance with the applicable Provider Tax regulations and related federal statute, Company SDP payments (and other Medicaid supplemental payments) could be subject to recoupment by the respective state agency when non-compliance is determined by CMS to exist. We believe that the SDP (and other state supplemental payment) programs are designed by each state to be in full compliance with the applicable federal regulations and federal statutes. However, we are unable to provide assurance CMS will determine on a retroactive basis that a stateâ€™s SDP (or other Medicaid supplemental payment program) design and Medicaid financing structures is in full compliance with the applicable federal regulations and federal statute(s). 52 Â On April 22, 2024, CMS issued Medicaid and Childrenâ€™s Health Insurance Program ("CHIP") Managed Care Access, Finance, and Quality Final Rule (â€œManaged Care Ruleâ€). CMS intends for the Managed Care Rule to: â€¢Strengthen standard for timely access to care and statesâ€™ monitoring and enforcement efforts; â€¢Enhance quality and fiscal and program integrity standards for state directed payments (â€œSDPsâ€); â€¢Specify the scope of in lieu of services and settings (â€œILOSsâ€) to better address health-related social needs (HRSNs); â€¢Further specify medical loss ratio (â€œMLRâ€) requirements, and; â€¢Establish a quality rating system (â€œQRSâ€) for Medicaid and CHIP managed care plans. â€¢The SDP provisions included in the Managed Care Rule include but are not limited to: â€¢Requires that provider payment levels for state directed payments for inpatient and outpatient hospital services, nursing facility services, and the professional services at an academic medical center not exceed the average commercial rate. â€¢Prohibits the use of post-payment reconciliation processes for state directed payments that are based on fee schedules. â€¢Makes explicit in regulation the existing requirement that state directed payments must comply with all federal laws concerning funding sources of the non-federal share. â€¢Requires that states ensure each provider receiving a state directed payment attest that it does not participate in any arrangement that holds taxpayers harmless for the cost of a tax. CMS concurrently released an informational bulletin regarding CMSâ€™ exercise of enforcement discretion until calendar year 2028 for existing health-care related tax programs with certain hold-harmless arrangements involving the redistribution of Medicaid payments. As disclosed herein, we receive a significant amount of Medicaid and Medicaid managed care revenue from both base payments and supplemental payments. Although we are unable to estimate the impact of the Managed Care Rule on our future results of operations, if implemented as proposed, Managed Care Rule related changes could have a material adverse impact on our future results of operations. Future changes to the terms and conditions of the various programs outlined above could materially reduce our net benefit derived from the programs which could have a material adverse impact on our future results of operations. In addition, Provider Taxes are governed by both federal and state laws and are subject to future legislative changes that, if reduced from current rates in several states, could have a material adverse impact on our future results of operations. A 6.2% increase to the Medicaid Federal Matching Assistance Percentage (â€œFMAPâ€) was included in the Families First Coronavirus Response Act. The CAA of 2023 provided for the transitional reduction of the 6.2% enhanced FMAP during 2023 to 5.0% during the second quarter, 2.5% during the third quarter and 1.5% during the fourth quarter of 2023. The impact of the enhanced FMAP Medicaid supplemental and DSH payments are reflected in our financial results for the three and nine-month periods ended September 30, 2024 and 2023. HITECH Act: In July 2010, HHS published final regulations implementing the health information technology provisions of the American Recovery and Reinvestment Act (referred to as the â€œHITECH Actâ€). The final regulation defines the â€œmeaningful useâ€ of Electronic Health Records (â€œEHRâ€) and establishes the requirements for the Medicare and Medicaid EHR payment incentive programs. The final rule established an initial set of standards and certification criteria. The implementation period for these Medicare and Medicaid incentive payments started in federal fiscal year 2011 and can end as late as 2016 for Medicare and 2021 for the state Medicaid programs. State Medicaid program participation in this federally funded incentive program is voluntary but all of the states in which our eligible hospitals operate have chosen to participate. Our acute care hospitals qualified for these EHR incentive payments upon implementation of the EHR application assuming they meet the â€œmeaningful useâ€ criteria. The governmentâ€™s ultimate goal is to promote more effective (quality) and efficient healthcare delivery through the use of technology to reduce the total cost of healthcare for all Americans and utilizing the cost savings to expand access to the healthcare system. All of our acute care hospitals have met the applicable meaningful use criteria. However, under the HITECH Act, hospitals must continue to meet the applicable meaningful use criteria in each fiscal year or they will be subject to a market basket update reduction in a subsequent fiscal year. Failure of our acute care hospitals to continue to meet the applicable meaningful use criteria would have an adverse effect on our future net revenues and results of operations. In the 2019 IPPS final rule, CMS overhauled the Medicare and Medicaid EHR Incentive Program to focus on interoperability, improve flexibility, relieve burden and place emphasis on measures that require the electronic exchange of health information between providers and patients. We can provide no assurance that the changes will not have a material adverse effect on our future results of operations. Managed Care: A significant portion of our net patient revenues are generated from managed care companies, which include health maintenance organizations, preferred provider organizations and managed Medicare (referred to as Medicare Part C or Medicare 53 Â Advantage) and Medicaid programs. In general, we expect the percentage of our business from managed care programs to continue to grow. The consequent growth in managed care networks and the resulting impact of these networks on the operating results of our facilities vary among the markets in which we operate. Typically, we receive lower payments per patient from managed care payers than we do from traditional indemnity insurers, however, during the past few years we have secured price increases from many of our commercial payers including managed care companies. Commercial Insurance: Our hospitals also provide services to individuals covered by private health care insurance. Private insurance carriers typically make direct payments to hospitals or, in some cases, reimburse their policy holders, based upon the particular hospitalâ€™s established charges and the particular coverage provided in the insurance policy. Private insurance reimbursement varies among payers and states and is generally based on contracts negotiated between the hospital and the payer. Commercial insurers are continuing efforts to limit the payments for hospital services by adopting discounted payment mechanisms, including predetermined payment or DRG-based payment systems, for more inpatient and outpatient services. To the extent that such efforts are successful and reduce the insurersâ€™ reimbursement to hospitals and the costs of providing services to their beneficiaries, such reduced levels of reimbursement may have a negative impact on the operating results of our hospitals. Surprise Billing Interim Final Rule: On September 30, 2021, the Department of Labor, and the Department of the Treasury, along with the Office of Personnel Management (â€œOPMâ€), released an interim final rule with comment period, entitled â€œRequirements Related to Surprise Billing; Part II.â€ This rule is related to Title I (the â€œNo Surprises Actâ€) of Division BB of the Consolidated Appropriations Act, 2021, and establishes new protections from surprise billing and excessive cost sharing for consumers receiving health care items/services. It implements additional protections against surprise medical bills under the No Surprises Act, including provisions related to the independent dispute resolution ("IDR") process, good faith estimates for uninsured (or self-pay) individuals, the patient-provider dispute resolution process, and expanded rights to external review. On February 28, 2022, a district judge in the Eastern District of Texas invalidated portions of the rule governing aspects of the IDR process. In light of this decision, the government issued a final rule on August 19, 2022 eliminating the rebuttable presumption in favor of the qualifying payment amount (â€œQPAâ€) by the IDR entity and providing additional factors the IDR entity should consider when choosing between two competing offers. CMS regulations and guidance implementing the IDR process has been subject to a significant amount of provider-initiated litigation. As a result, portions of those regulations and guidance materials have been vacated by a federal district court, causing CMS to, on several occasions, pause and resume IDR process operations, causing significant delay in the processing of claims. On October 27, 2023, HHS, the Department of Labor, the Department of the Treasury, and OPM issued a proposed rule intended to improve the functioning of the federal IDR process. Additionally, arguments made by the plaintiffs in such litigation have included allegations that CMSâ€™s regulations and guidance materials are favorable to payers. We cannot predict the impact of the proposed rule on our operations at this time. Other Sources: Our hospitals provide services to individuals that do not have any form of health care coverage. Such patients are evaluated, at the time of service or shortly thereafter, for their ability to pay based upon federal and state poverty guidelines, qualifications for Medicaid or other state assistance programs, as well as our local hospitalsâ€™ indigent and charity care policy. Patients without health care coverage who do not qualify for Medicaid or indigent care write-offs are offered substantial discounts in an effort to settle their outstanding account balances. Health Care Reform: Listed below are the Medicare, Medicaid and other health care industry changes which have been, or are scheduled to be, implemented as a result of the Legislation. Medicaid Federal DSH Allotment: Although the implementation has been delayed several times, the Legislation (as amended by subsequent federal legislation) requires annual aggregate reductions in federal Medicaid DSH allotment from FFY 2025 through FFY 2027. Commencing in federal fiscal year 2025, and continuing through 2027, DSH payments are scheduled to be reduced by $8 billion annually. H.R. 2872, enacted into law on January 17, 2024 delayed the aforementioned Medicaid DSH cuts through March 8, 2024.â€¯ The Consolidated Appropriations Act, 2024 was enacted into law on March 9, 2024 and delayed the $8 billion DSH cuts for FFY 2024. The $8 billion DSH reduction is now scheduled to be implemented January 1, 2025 through September 30, 2025, in effect offsetting the FFY 2025 $8 billion reduction over nine months rather than twelve months if not delayed further by Congressional action. Value-Based Purchasing: There is a trend in the healthcare industry toward value-based purchasing of healthcare services. These value-based purchasing programs include both public reporting of quality data and preventable adverse events tied to the quality and efficiency of care provided by facilities. Governmental programs including Medicare and Medicaid currently require hospitals to report certain quality data to receive full reimbursement updates. In addition, Medicare does not reimburse for care related to certain preventable adverse events. Many large commercial payers currently require hospitals to report quality data, and several commercial payers do not reimburse hospitals for certain preventable adverse events. The Legislation required HHS to implement a value-based purchasing program for inpatient hospital services which became effective on October 1, 2012. The Legislation requires HHS to reduce inpatient hospital payments for all discharges by 2% in FFY 2017 and 54 Â subsequent years. HHS will pool the amount collected from these reductions to fund payments to reward hospitals that meet or exceed certain quality performance standards established by HHS. HHS will determine the amount each hospital that meets or exceeds the quality performance standards will receive from the pool of dollars created by these payment reductions. As part of the FFY 2022 IPPS final rule and FFY 2023 final rule, as discussed above, and as a result of the COVID-19 pandemic, CMS has implemented a budget neutral payment policy to fully offset the 2% VBP withhold during each of FFY 2022 and FFY 2023. In FFY 2024, as part of the FFY 2024 IPPS final rule, CMS removed the budget neutral policy that was in place in FFY 2022 and FFY 2023. Hospital Acquired Conditions: The Legislation prohibits the use of federal funds under the Medicaid program to reimburse providers for medical assistance provided to treat hospital acquired conditions (â€œHACâ€). Beginning in FFY 2015, hospitals that fall into the top 25% of national risk-adjusted HAC rates for all hospitals in the previous year will receive a 1% reduction in their total Medicare payments. As part of the FFY 2023 final rule discussed above, and as a result of the on-going COVID-19 pandemic, CMS suppressed all nine measures in the HAC Reduction Program for the FY 2023 program year and eliminate the HAC reduction programâ€™s one percent payment penalty. In FFY 2024, as part of the FFY 2024 IPPS final rule, CMS eliminated the suppression of the applicable HAC measures and as a result reinstated the HAC reduction program. Readmission Reduction Program: In the Legislation, Congress also mandated implementation of the hospital readmission reduction program (â€œHRRPâ€). Hospitals with excessive readmissions for conditions designated by HHS will receive reduced payments for all inpatient discharges, not just discharges relating to the conditions subject to the excessive readmission standard. The HRRP currently assesses penalties on hospitals having excess readmission rates for heart failure, myocardial infarction, pneumonia, acute exacerbation of chronic obstructive pulmonary disease ("COPD") and elective total hip arthroplasty ("THA") and/or total knee arthroplasty ("TKA"), excluding planned readmissions, when compared to expected rates. In the fiscal year 2015 IPPS final rule, CMS added readmissions for coronary artery bypass graft ("CABG") surgical procedures beginning in fiscal year 2017. To account for excess readmissions, an applicable hospital's base operating DRG payment amount is adjusted for each discharge occurring during the fiscal year. Readmissions payment adjustment factors can be no more than a 3% reduction. As part of the FFY 2023 IPPS final rule discussed above, CMS modified all of the condition-specific readmission measures to include an adjustment for patient history of COVID-19 for FFY 2024. Accountable Care Organizations: The Legislation requires HHS to establish a Medicare Shared Savings Program that promotes accountability and coordination of care through the creation of accountable care organizations (â€œACOsâ€). The ACO program allows providers (including hospitals), physicians and other designated professionals and suppliers to voluntarily work together to invest in infrastructure and redesign delivery processes to achieve high quality and efficient delivery of services. The program is intended to produce savings as a result of improved quality and operational efficiency. ACOs that achieve quality performance standards established by HHS will be eligible to share in a portion of the amounts saved by the Medicare program. CMS is also developing and implementing more advanced ACO payment models that require ACOs to assume greater risk for attributed beneficiaries. On December 21, 2018, CMS published a final rule that, in general, requires ACO participants to take on additional risk associated with participation in the program. On April 30, 2020, CMS issued an interim final rule with comment in response to the COVID-19 national emergency permitting ACOs with current agreement periods expiring on December 31, 2020 the option to extend their existing agreement period by one year, and permitting certain ACOs to retain their participation level through 2021. It remains unclear to what extent providers will pursue federal ACO status or whether the required investment would be warranted by increased payment. Infectious Disease Outbreaks, Pandemics, or Other Public Health Emergencies or Crisis Our business and financial results may be harmed by an international, national or localized outbreak of a highly contagious or epidemic disease, including but not limited to, COVID-19 or similar corona viruses, Ebola or Zika, may put stress on the capacity of all or a part of our health care facilities, could result in an abnormally high demand for health care services, require that resources be diverted from one part of operations to another part, or disrupt the supply chain for equipment and supplies necessary for operations. In addition, unaffected individuals may decide to defer elective procedures or otherwise avoid medical treatment, resulting in reduced patient volumes and operating revenues. In addition to statutory and regulatory changes to the Medicare program and each of the state Medicaid programs, our operations and reimbursement may be affected by administrative rulings, new or novel interpretations and determinations of existing laws and regulations, post-payment audits, requirements for utilization review and new governmental funding restrictions, all of which may materially increase or decrease program payments as well as affect the cost of providing services and the timing of payments to our facilities. The final determination of amounts we receive under the Medicare and Medicaid programs often takes many years, because of audits by the program representatives, providersâ€™ rights of appeal and the application of numerous technical reimbursement provisions. We believe that we have made adequate provisions for such potential adjustments. Nevertheless, until final adjustments are made, certain issues remain unresolved and previously determined allowances could become either inadequate or more than ultimately required. 55 Â Finally, we expect continued third-party efforts to aggressively manage reimbursement levels and cost controls. Reductions in reimbursement amounts received from third-party payers could have a material adverse effect on our financial position and our results. Other Operating Results Interest Expense: As reflected on the schedule below, interest expense was $45 million and $53 million during the three-month periods ended September 30, 2024 and 2023, respectively, and $146 million and $153 million during the nine-month periods ended September 30, 2024 and 2023, respectively (amounts in thousands): Â Â Â Three MonthsEndedSeptember 30,2024 Â Â Three MonthsEndedSeptember 30,2023 Â Â Nine MonthsEndedSeptember 30,2024 Â Â Nine MonthsEndedSeptember 30,2023 Â Revolving credit facility (a.) The tenth amendment provides for, among other things, the following: (i) an extension of the maturity date to September 26, 2029; (ii) a $100 million increase in the revolving credit facility to $1.3 billion of aggregate borrowing capacity (which as of September 30, 2024, had $1.01 billion of aggregate available borrowing capacity, net of $288 million of borrowings outstanding and $3 million of letters of credit), and; (iii) a $1.0 billion reduction in the outstanding borrowings pursuant to the tranche A term loan facility, to $1.2 billion from $2.2 billion previously, utilizing the proceeds generated from the September, 2024, issuance of the below-mentioned senior notes due in 2029 and 2034. (b.)In September, 2020, we completed the offering of $800 million aggregate principal amount of 2.65% Senior Notes due in 2030. (c.)In August, 2021, we completed the offering of $700 million aggregate principal amount of 1.65% Senior Notes due in 2026. (d.)In August, 2021, we completed the offering of $500 million aggregate principal amount of 2.65% Senior Notes due in 2032. (e.)On September 26, 2024, we completed the offering of $500 million aggregate principal amount of 4.625% Senior Notes due in 2029. (f.)On September 26, 2024, we completed the offering of $500 million aggregate principal amount of 5.050% Senior Notes due in 2034. Interest expense decreased by $9 million during the three-month period ended September 30, 2024, as compared to the three-month period ended September 30, 2023. The changes in the various components of interest expense were as follows: (i) a net $6 million decrease in aggregate interest expense on our revolving credit, term loan A and senior notes resulting from a decrease in our aggregate average cost of borrowings pursuant to these facilities (4.7% during the third quarter of 2024 as compared to 4.9% during the comparable quarter of 2023), as well as a decrease in the aggregate average outstanding borrowings pursuant to these facilities ($4.34 billion during the third quarter of 2024 as compared to $4.65 billion during the third quarter of 2023); (ii) a $4 million decrease resulting from an increase in capitalized interest on major projects, and; (iii) a net $1 million increase in other combined interest expense. The average effective interest rates, including amortization of deferred financing costs and original issue discount, on borrowings outstanding under our revolving credit, term loan A and senior notes, which amounted to approximately $4.34 billion and $4.65 billion during the third quarters of 2024 and 2023, respectively, were 4.8% and 5.0% during the three-month periods ended September 30, 2024 and 2023, respectively. 56 Â Interest expense decreased by $7 million during the nine-month period ended September 30, 2024, as compared to the nine-month period ended September 30, 2023. The various changes in the components of interest expense were: (i) the aggregate interest expense on our revolving credit, term loan A and senior notes was relatively unchanged due primarily to a slight increase in our aggregate average cost of borrowings pursuant to these facilities (4.83% during the first nine months of 2024 as compared to 4.73% during the comparable period of 2023), offset by a slight decrease in the aggregate average outstanding borrowings pursuant to these facilities ($4.50 billion during the first nine months of 2024 as compared to $4.61 billion during the first nine months of 2023); (ii) an $11 million decrease resulting from an increase in capitalized interest on major projects, partially offset by; (iii) a net $4 million net increase in other combined interest expenses. The average effective interest rates, including amortization of deferred financing costs and original issue discount, on borrowings outstanding under our revolving credit, term loan A and senior notes, which amounted to approximately $4.50 billion and $4.61 billion during the nine-month periods ended September 30, 2024 and 2023, respectively, were 4.96% and 4.85% during the nine-month periods ended September 30, 2024 and 2023, respectively. Costs Related to Early Extinguishment of Debt: In connection with the financing transactions completed in September, 2024, our results of operations for the three and nine-month periods ended September 30, 2024, include a pre-tax charge of approximately $6 million incurred for the costs related to the extinguishment of debt consisting of the following: (i) approximately $3 million incurred to write-off deferred charges (included in other (income) expenses, net, on the accompanying condensed consolidated statements of income), and; (ii) approximately $3 million resulting from certain financing fees incurred during the third quarter of 2024 (included in other operating expenses on the accompanying condensed consolidated statements of income). Provision for Income Taxes and Effective Tax Rates: The effective tax rates, as calculated by dividing the provision for income taxes by income before income taxes, were as follows for the three and nine-month periods ended September 30, 2024 and 2023 (dollar amounts in thousands): Â Â Three months ended Â Â Nine months ended Â Â Â September 30, Â Â September 30, Â Â September 30, Â Â Â 2024 Â Â 2023 Â Â 2024 Â Â 2023 Â Provision for income taxes Â $ 75,623 Â Â $ 52,499 Â Â $ 233,563 Â Â $ 159,618 Â Income before income taxes Â Â 341,533 Â Â Â 220,507 Â Â Â 1,059,625 Â Â Â 659,303 Â Effective tax rate Â Â 22.1 % Â Â 23.8 % Â Â 22.0 % Â Â 24.2 % The provision for income taxes increased $23 million during the third quarter of 2024, as compared to the comparable quarter of 2023, due primarily to: (i) the increase in the provision for income taxes resulting from the $115 million increase in pre-tax income (consisting of $121 million increase in income before income taxes and an $6 million unfavorable change in the income/loss attributable to noncontrolling interests), partially offset by; (ii) a $4 million decrease in the provision for income taxes during the third quarter of 2024 from the net tax benefit recorded pursuant to ASU 2016-09, Compensation-Stock Compensation: Improvements to Employee Share-Based Payment Accounting ("ASU 2016-09"), net of the impact of executive compensation limitations pursuant to IRC section 162(m). The provision for income taxes increased $74 million during the first nine months of 2024, as compared to the comparable period of 2023, due primarily to: (i) the increase in the provision for income taxes resulting from the $382 million increase in pre-tax income (consisting of $400 million increase in income before income taxes and an $18 million unfavorable change in the income/loss attributable to noncontrolling interests), partially offset by; (ii) a $18 million decrease in the provision for income taxes during the first nine months of 2024, as compared to the comparable period of 2023, from the net tax benefit recorded pursuant to ASU 2016-09, net of the impact of executive compensation limitations pursuant to IRC section 162(m). Due to recent guidance and enacted laws surrounding the global 15% minimum tax rate that will be effective after 2024 from the Organization for Economic Co-operation and Development ("OECD") as well as jurisdictions that we operate in, we anticipate adverse effects to our provision for income taxes as well as cash taxes. We do not expect these adverse effects to be material and will continue to monitor changes in tax policies and laws issued by the OECD and jurisdictions that we operate in. 57 Â Liquidity Net cash provided by operating activities Net cash provided by operating activities was $1.409 billion during the nine-month period ended September 30, 2024 and $815 million during the first nine months of 2023. The net increase of $593 million was attributable to the following: â€¢a favorable change of $353 million resulting from an increase in net income plus/minus depreciation and amortization expense, stock-based compensation expense, gains on sales on sales of assets and businesses and costs related to the extinguishment of debt; â€¢a favorable change of $205 million in accounts receivable; â€¢a favorable change of $66 million in other working capital accounts; â€¢an unfavorable change of $55 million in other assets and deferred charges, and; â€¢$24 million of other combined net favorable changes. Days sales outstanding (â€œDSOâ€): Our DSO are calculated by dividing our net revenue by the number of days in the nine-month periods. The result is divided into the accounts receivable balance at September 30th of each year to obtain the DSO. Our DSO were 52 days and 58 days at September 30, 2024 and 2023, respectively. Net cash used in investing activities During the first nine months of 2024, we used $703 million of net cash in investing activities as follows: â€¢$698 million spent on capital expenditures including capital expenditures for equipment, renovations and new projects at various existing facilities; â€¢$36 million paid in connection with net cash outflows from forward exchange contracts that hedge our investment in the U.K. against movements in exchange rates, and; â€¢$30 million received from the sales of assets and businesses; During the first nine months of 2023, we used $524 million of net cash in investing activities as follows: â€¢$537 million spent on capital expenditures including capital expenditures for equipment, renovations and new projects at various existing facilities; â€¢$24 million received from the sales of assets and businesses; â€¢$8 million paid in connection with net cash outflows from forward exchange contracts that hedge our investment in the U.K. against movements in exchange rates, and; â€¢ $4 million spent on the acquisition of businesses and property. Net cash used in financing activities During the first nine months of 2024, we used $718 million of net cash in financing activities as follows: â€¢spent $2.472 billion on net repayments of debt as follows: (i) $2.259 billion related to our previous tranche A term loan facility which was extinguished in September, 2024, and replaced with a new $1.2 billion tranche A term loan facility; (ii) $207 million related to our revolving credit facility, and; (iii) $6 million related to other debt facilities; â€¢generated $2.210 billion of proceeds from additional borrowings as follows: (i) $1.200 billion related to our new tranche A term loan facility, as mentioned above; (ii) generated approximately $500 million of net proceeds (before expenses) related to the public offering, in September, 2024, of 4.625% senior secured notes due in 2029; (iii) generated approximately $498 million of net proceeds (before expenses) related to the public offering, in September, 2024, of 5.050% senior secured notes due in 2034, and; (iv) $12 million of proceeds related to other debt facilities; â€¢spent $421 million to repurchase shares of our Class B Common Stock in connection with: (i) open market purchases pursuant to our stock repurchase program ($349 million), and; (ii) income tax withholding obligations related to stock-based compensation programs ($72 million); â€¢spent $40 million to pay quarterly cash dividends of $.20 per share; â€¢generated $11 million from the issuance of shares of our Class B Common Stock pursuant to the terms of employee stock purchase plans; 58 Â â€¢spent $10 million to pay financing costs; â€¢received $9 million from the sale of ownership interests to minority members, and; â€¢spent $6 million to pay profit distributions related to noncontrolling interests in majority owned businesses. During the first nine months of 2023, we used $312 million of net cash in financing activities as follows: â€¢generated $165 million of additional borrowings related to our revolving credit facility; â€¢spent $385 million to repurchase shares of our Class B Common Stock in connection with: (i) open market purchases pursuant to our stock repurchase program ($367 million), and; (ii) income tax withholding obligations related to stock-based compensation programs ($18 million); â€¢spent $54 million on net repayments of debt as follows: (i) $49 million related to our tranche A term loan facility, and; (ii) $5 million related to other debt facilities; â€¢spent $42 million to pay quarterly cash dividends of $.20 per share; â€¢spent $5 million to pay profit distributions related to noncontrolling interests in majority owned businesses, and; â€¢generated $10 million from the issuance of shares of our Class B Common Stock pursuant to the terms of employee stock purchase plans. Expected capital expenditures during remainder of 2024 During the full year of 2024, we expect to spend approximately $850 million to $1 billion on capital expenditures which includes expenditures for capital equipment, construction of new facilities, and renovations and expansions at existing hospitals. During the first nine months of 2024 we spent approximately $698 million on capital expenditures and expect to spend approximately $152 million to $302 million during the remainder of 2024. We believe that our capital expenditure program is adequate to expand, improve and equip our existing hospitals. We expect to finance all capital expenditures and acquisitions with internally generated funds and/or additional funds, as discussed below. Capital Resources Credit Facilities and Outstanding Debt Securities In September, 2024, we completed the following financing transactions: â€¢The public offering of $500 million of aggregate principal amount of 4.625% senior secured notes due on October 15, 2029 ("2029 Notes"); â€¢The public offering of $500 million of aggregate principal amount of 5.050% senior secured notes due on October 15, 2034 ("2034 Notes"); â€¢Amended our credit agreement to: oExtend the maturity date to September, 2029 (from August, 2026 previously); oIncrease the revolving credit facility to $1.3 billion (from $1.2 billion previously), and; oreduce the outstanding borrowings pursuant to the tranche term loan A facility by approximately $1.0 billion, to $1.2 billion, utilizing the proceeds generated from the issuance of the above-mentioned 2029 Notes and 2034 Notes. On September 26, 2024, we entered into a tenth amendment ("Tenth Amendment") to our credit agreement ("Credit Agreement"), dated as of November 15, 2010, as amended and restated at various times from March, 2011 to June, 2022, among UHS, as borrower, the several banks and other financial institutions or entities from time to time parties thereto, as lenders, and JPMorgan Chase Bank, N.A., as administrative agent. The Tenth Amendment provided for: (i) an extension of the maturity date to September 26, 2029; (ii) a new revolving credit facility of up to $1.3 billion (which as of September 30, 2024, had $1.01 billion of aggregate available borrowing capacity, net of $288 million of outstanding borrowings and $3 million of letters of credit), and; (iii) a new replacement tranche A term loan facility ("Tranche A Term Loan") of up to $1.2 billion (which had $1.2 billion of outstanding borrowings as of September 30, 2024). Pursuant to the terms of the Tenth Amendment, the Tranche A Term Loan provides for installment payments of $7.5 million per quarter commencing on December 31, 2024 through September 30, 2026, and $15.0 million per quarter commencing on December 31, 2026 through June 30, 2029. The unpaid principal balance at June 30, 2029 (scheduled to be $975.0 million) is payable on the September 26, 2029 scheduled maturity date of the Credit Agreement. 59 Â Revolving credit and Tranche A Term Loan borrowings under the Credit Agreement bear interest at our election at either (1) the ABR rate which is defined as the rate per annum equal to the greatest of (a) the lenderâ€™s prime rate, (b) the weighted average of the federal funds rate, plus 0.5% and (c) one month term SOFR rate plus 1%, in each case, plus an applicable margin based upon our consolidated leverage ratio at the end of each quarter ranging from 0.25% to 0.625%, or (2) the one, three or six month term SOFR rate plus 0.1% (at our election), plus an applicable margin based upon our consolidated leverage ratio at the end of each quarter ranging from 1.25% to 1.625%. As of September 30, 2024, the applicable margins were 0.375% for ABR-based loans and 1.375% for SOFR-based loans under the revolving credit and term loan A facilities. The revolving credit facility includes a $125 million sub-limit for letters of credit. The Credit Agreement is secured by certain assets of the Company and our material subsidiaries (which generally excludes asset classes such as substantially all of the patient-related accounts receivable of our acute care hospitals, if sold to a receivables facility pursuant to the Credit Agreement, and certain real estate assets and assets held in joint-ventures with third parties) and is guaranteed by our material subsidiaries. The Credit Agreement includes a material adverse change clause that must be represented at each draw. The Credit Agreement also contains covenants that include a limitation on sales of assets, mergers, change of ownership, liens, indebtedness, transactions with affiliates, dividends and stock repurchases; and requires compliance with financial covenants including maximum leverage. We were in compliance with all required covenants as of September 30, 2024 pursuant to the terms of the Credit Agreement, as amended on September 26, 2024, and as of December 31, 2023 pursuant to the terms of the previous credit agreement. As mentioned above, on September 26, 2024, we completed the public offering of: (i) $500,000,000 aggregate principal amount of the 4.625%, 2029 Notes, and; (ii) $500,000,000 aggregate principal amount of the 5.050%, 2034 Notes (and together with the 2029 Notes, the "2029 and 2034 Notes"), each guaranteed on a senior secured basis by all of our existing and future direct and indirect subsidiaries that guarantee our senior secured credit facility or our other first lien obligations or any junior lien obligations (the â€œSubsidiary Guarantorsâ€). The 2029 and 2034 Notes have been registered under the Securities Act of 1933, as amended (the â€œSecurities Actâ€), pursuant to the Issuerâ€™s and the Subsidiary Guarantorsâ€™ registration statement on Form S-3 (File No. 333-282135), including the prospectus dated September 16, 2024, and a related prospectus supplement dated September 17, 2024, as filed with the Securities and Exchange Commission on September19, 2024. As of September 30, 2024, including the above-mentioned newly issued Notes, we had combined aggregate principal of $3.0 billion from the following senior secured notes: â€¢$700 million aggregate principal amount of 1.65% senior secured notes due in September, 2026 ("2026 Notes") which were issued on August 24, 2021. Interest on the 2026 Notes is payable on March 1st and September 1st until the maturity date of September 1, 2026. â€¢$500 million of aggregate principal amount of 4.625% senior secured notes due in October, 2029 ("2029 Notes") which were issued on September 26, 2024. Interest on the 2029 Notes is payable on April 15th and October 15th, commencing April 15, 2025 until the maturity date of October 15, 2029. â€¢$800 million aggregate principal amount of 2.65% senior secured notes due in October, 2030 ("2030 Notes") which were issued on September 21, 2020. Interest on the 2030 Notes is payable on April 15th and October 15th, until the maturity date of October 15, 2030. â€¢$500 million of aggregate principal amount of 2.65% senior secured notes due in January, 2032 ("2032 Notes") which were issued on August 24, 2021. Interest on the 2032 Notes is payable on January 15th and July 15th until the maturity date of January 15, 2032. â€¢$500 million of aggregate principal amount of 5.050% senior secured notes due in October, 2034 ("2034 Notes") which were issued on September 26, 2024. Interest on the 2034 Notes is payable on April 15th and October 15th, commencing on April 15, 2025 until the maturity date of October 15, 2034. The 2026 Notes, 2030 Notes and 2032 Notes (collectively the "2026, 2030 and 2032 Notes") were initially issued only to qualified institutional buyers under Rule 144A and to non-U.S. persons outside the United States in reliance on Regulation S under the Securities Act. In December, 2022, we completed a registered exchange offer in which virtually all previously outstanding 2026, 2030 and 2032 Notes were exchanged for identical 2026, 2030 and 2032 Notes that were registered under the Securities Act, and thereby became freely transferable (subject to certain restrictions applicable to affiliates and broker dealers). 2026, 2030 and 2032 Notes originally issued under Rule 144A or Regulation S that were not exchanged remain outstanding and may not be offered or sold in the United States absent registration under the Securities Act or an applicable exemption from registration requirements thereunder. The 2026, 2030 and 2032 Notes, and the 2029 and 2034 Notes (collectively "All the Notes") are guaranteed (the â€œGuaranteesâ€) on a senior secured basis by our Subsidiary Guarantors that guarantee our Credit Agreement, or other first lien obligations or any junior lien obligations. All the Notes and the Guarantees are secured by first-priority liens, subject to permitted liens, on certain of the Companyâ€™s and the Subsidiary Guarantorsâ€™ assets now owned or acquired in the future by the Company or the Subsidiary Guarantors (other than real property, accounts receivable sold pursuant to a Company-related receivables facility (as defined in the Indentures pursuant to which All The Notes were issued (the â€œIndenturesâ€), and certain other excluded assets). The Companyâ€™s obligations with 60 Â respect to All the Notes, the obligations of the Subsidiary Guarantors under the Guarantees, and the performance of all of the Companyâ€™s and the Subsidiary Guarantorsâ€™ other obligations under the Indenture, are secured equally and ratably with the Companyâ€™s and the Subsidiary Guarantorsâ€™ obligations under the Credit Agreement. However, the liens on the

collateral securing All the Notes and the Guarantees will be released if: (i) All the Notes have investment grade ratings; (ii) no default has occurred and is continuing, and; (iii) the liens on the collateral securing all first lien obligations (including the Credit Agreement and All the Notes) and any junior lien obligations are released or the collateral under the Credit Agreement, any other first lien obligations and any junior lien obligations is released or no longer required to be pledged. The liens on any collateral securing All the Notes and the Guarantees will also be released if the liens on that collateral securing the Credit Agreement, other first lien obligations and any junior lien obligations are released. As discussed in Note 2 to the Condensed Consolidated Financial Statements-Relationship with Universal Health Realty Income Trust and Other Related Party Transactions, on December 31, 2021, we (through wholly-owned subsidiaries of ours) entered into an asset purchase and sale agreement with Universal Health Realty Income Trust (the â€œTrustâ€). Pursuant to the terms of the agreement, which was amended during the first quarter of 2022, we, among other things, transferred to the Trust, the real estate assets of Aiken Regional Medical Center (â€œAikenâ€) and Canyon Creek Behavioral Health (â€œCanyon Creekâ€). In connection with this transaction, Aiken and Canyon Creek (as lessees), entered into a master lease and individual property leases, as amended, (with the Trust as lessor), for initial lease terms on each property of approximately twelve years, ending on December 31, 2033. As a result of our purchase option within the Aiken and Canyon Creek lease agreements, this asset purchase and sale transaction is accounted for as a failed sale leaseback in accordance with U.S. GAAP and we have accounted for the transaction as a financing arrangement. Our lease payments payable to the Trust are recorded to interest expense and as a reduction of the outstanding financial liability, and the amount allocated to interest expense is determined based upon our incremental borrowing rate and the outstanding financial liability. In connection with this transaction, our consolidated balance sheets at September 30, 2024 and December 31, 2023 reflect financial liabilities, which are included in debt, of approximately $75 million and $77 million, respectively. At September 30, 2024, the carrying value and fair value of our debt were approximately $4.7 billion and $4.4 billion, respectively. At December 31, 2023, the carrying value and fair value of our debt were approximately $4.9 billion and $4.6 billion, respectively. The fair value of our debt was computed based upon quotes received from financial institutions. We consider these to be â€œlevel 2â€ in the fair value hierarchy as outlined in the authoritative guidance for disclosures in connection with debt instruments. Our total debt as a percentage of total capitalization was approximately 41% as of September 30, 2024 and 44% as of December 31, 2023. We expect to finance all capital expenditures and acquisitions and pay dividends and potentially repurchase shares of our common stock utilizing internally generated and additional funds. Additional funds may be obtained through: (i) borrowings under our existing revolving credit facility, which had $1.01 billion of available borrowing capacity as of September 30, 2024, or through refinancing the existing Credit Agreement; (ii) the issuance of other short-term and/or long-term debt, and/or; (iii) the issuance of equity. We believe that our operating cash flows, cash and cash equivalents, available commitments under existing agreements, as well as access to the capital markets, provide us with sufficient capital resources to fund our operating, investing and financing requirements for the next twelve months. However, in the event we need to access the capital markets or other sources of financing, there can be no assurance that we will be able to obtain financing on acceptable terms or within an acceptable time. Our inability to obtain financing on terms acceptable to us could have a material unfavorable impact on our results of operations, financial condition and liquidity. Supplemental Guarantor Financial Information As of September 30, 2024, we had combined aggregate principal of $3.0 billion from All the Notes: â€¢$700 million aggregate principal amount of the 2026 Notes; â€¢$500 million of aggregate principal amount of the 2029 Notes; â€¢$800 million aggregate principal amount of the 2030 Notes; â€¢$500 million of aggregate principal amount of the 2032 Notes, and; â€¢$500 million of aggregate principal amount of the 2034 Notes. All the Notes are fully and unconditionally guaranteed pursuant to the Guarantees on a senior secured basis by the Subsidiary Guarantors. All the Notes and the Guarantees are secured by first-priority liens, subject to permitted liens, on certain of the Companyâ€™s and the Subsidiary Guarantorsâ€™ assets now owned or acquired in the future by the Company or the Subsidiary Guarantors (other than real property, accounts receivable sold pursuant to the Companyâ€™s existing receivables facility (as defined in the Indentures pursuant to which All the Notes were issued), and certain other excluded assets). The Companyâ€™s obligations with respect to All the Notes, the obligations of the Subsidiary Guarantors under the Guarantees, and the performance of all of the Companyâ€™s and the Subsidiary Guarantorsâ€™ other obligations under the Indentures, are secured equally and ratably with the Companyâ€™s and the Subsidiary Guarantorsâ€™ obligations under the Credit Agreement. However, the liens on the collateral securing All the Notes and the Guarantees 61 Â will be released if: (i) All the Notes have investment grade ratings; (ii) no default has occurred and is continuing, and; (iii) the liens on the collateral securing all first lien obligations (including the Credit Agreement and All the Notes) and any junior lien obligations are released or the collateral under the Credit Agreement, any other first lien obligations and any junior lien obligations is released or no longer required to be pledged. The liens on any collateral securing All the Notes and the Guarantees will also be released if the liens on that collateral securing the Credit Agreement, other first lien obligations and any junior lien obligations are released. All the Notes will be structurally subordinated to all obligations of our existing and future subsidiaries that are not and do not become Subsidiary Guarantors of All the Notes. No appraisal of the value of the collateral has been made, and the value of the collateral in the event of liquidation will depend on market and economic conditions, the availability of buyers and other factors. Consequently, liquidating the collateral securing All the Notes may not produce proceeds in an amount sufficient to pay any amounts due on All the Notes. We and our subsidiaries may be able to incur significant additional indebtedness in the future. Although our Credit Agreement contains restrictions on the incurrence of additional indebtedness and our Credit Agreement and All the Notes contain restrictions on our ability to incur liens to secure additional indebtedness, these restrictions are subject to a number of qualifications and exceptions, and the additional indebtedness incurred in compliance with these restrictions could be substantial. These restrictions also will not prevent us from incurring obligations that do not constitute indebtedness. In addition, if we incur any additional indebtedness secured by liens that rank equally with All the Notes, subject to collateral arrangements, the holders of that debt will be entitled to share ratably with you in any proceeds distributed in connection with any insolvency, liquidation, reorganization, dissolution or other winding up of our company. This may have the effect of reducing the amount of proceeds paid to holders of All the Notes. Federal and state fraudulent transfer and conveyance statutes may apply to the issuance of All the Notes and the incurrence of the Guarantees. Under federal bankruptcy law and comparable provisions of state fraudulent transfer or conveyance laws, which may vary from state to state, All the Notes or the Guarantees (or the grant of collateral securing any such obligations) could be voided as a fraudulent transfer or conveyance if we or any of the Subsidiary Guarantors, as applicable, (a) issued All the Notes or incurred the Guarantees with the intent of hindering, delaying or defrauding creditors or (b) under certain circumstances received less than reasonably equivalent value or fair consideration in return for either issuing All the Notes or incurring the Guarantees. Basis of Presentation The following tables include summarized financial information of Universal Health Services, Inc. and the other obligors in respect of debt issued by Universal Health Services, Inc. The summarized financial information of each obligor group is presented on a combined basis with balances and transactions within the obligor group eliminated. Investments in and the equity in earnings of non-guarantor subsidiaries, which would otherwise be consolidated in accordance with GAAP, are excluded from the below summarized financial information pursuant to SEC Regulation S-X Rule 13-01. The summarized balance sheet information for the consolidated obligor group of debt issued by Universal Health Services, Inc. is presented in the table below: Â Â Â Â Â Â Â Â (in thousands) September 30, 2024 Â Â December 31, 2023 Â Current assets $ 2,237,362 Â Â $ 2,292,716 Â Noncurrent assets (1) Â 9,151,823 Â Â Â 8,876,623 Â Current liabilities Â 1,719,008 Â Â Â 1,786,642 Â Noncurrent liabilities Â 5,614,852 Â Â Â 5,728,371 Â Due to non-guarantors Â 926,008 Â Â Â 913,481 Â (1) Includes goodwill of $3,262 million and $3,267 million as of September 30, 2024 and December 31, 2023, respectively. Â The summarized results of operations information for the consolidated obligor group of debt issued by Universal Health Services, Inc. is presented in the table below: Â Nine Months Ended Â Â Twelve Months Ended Â (in thousands) September 30, 2024 Â Â December 31, 2023 Â Net revenues $ 9,384,032 Â Â $ 11,454,260 Â Operating charges Â 8,317,425 Â Â Â 10,416,176 Â Interest expense, net Â 146,840 Â Â Â 277,521 Â Other (income) expense, net Â 1,929 Â Â Â 24,996 Â Net income $ 689,397 Â Â $ 556,423 Â Affiliates Whose Securities Collateralize the Senior Secured Notes All the Notes and the Guarantees are secured by, among other things, pledges of the capital stock of our subsidiaries held by us or by our secured Guarantors, in each case other than certain excluded assets and subject to permitted liens. Such collateral securities are 62 Â secured equally and ratably with our and the Guarantorsâ€™ obligations under our Credit Agreement. For a list of our subsidiaries the capital stock of which has been pledged to secure All the Notes, see Exhibit 22.1 to this Report. Upon the occurrence and during the continuance of an event of default under the indentures governing All the Notes, subject to the terms of the Security Agreement relating to All the Notes provide for (among other available remedies) the foreclosure upon and sale of the Collateral (including the pledged stock) and the distribution of the net proceeds of any such sale to the holders of All the Notes, the lenders under the Credit Agreement and the holders of any other permitted first priority secured obligations on a pro rata basis, subject to any prior liens on the collateral. No appraisal of the value of the collateral securities has been made, and the value of the collateral securities in the event of liquidation will depend on market and economic conditions, the availability of buyers and other factors. Consequently, liquidating the collateral securities securing All the Notes may not produce proceeds in an amount sufficient to pay any amounts due on All the Notes. The security agreement relating to All the Notes provides that the representative of the lenders under our Credit Agreement will initially control actions with respect to that collateral and, consequently, exercise of any right, remedy or power with respect to enforcing interests in or realizing upon such collateral will initially be at the direction of the representative of the lenders. No trading market exists for the capital stock pledged as collateral. The assets, liabilities and results of operations of the combined affiliates whose securities are pledged as collateral are not materially different than the corresponding amounts presented in the consolidated financial information of Universal Health Services, Inc. Off-Balance Sheet Arrangements During the three months ended September 30, 2024 there have been no material changes in the off-balance sheet arrangements consisting of standby letters of credit and surety bonds. As of September 30, 2024 we were party to certain off balance sheet arrangements consisting of standby letters of credit and surety bonds which totaled $154 million consisting of: (i) $130 million related to our self-insurance programs, and; (ii) $24 million of other debt and public utility guarantees. Â Item 3. Quantitative and Qualitative Disclosures About Market Risk There have been no material changes in the quantitative and qualitative disclosures about market risk during the nine months ended September 30, 2024. Reference is made to Item 7A. Quantitative and Qualitative Disclosures About Market Risk in our Annual Report on Form 10-K for the year ended December 31, 2023. Â Item 4. Controls and Procedures As of September 30, 2024, under the supervision and with the participation of our management, including our Chief Executive Officer (â€œCEOâ€) and Chief Financial Officer (â€œCFOâ€), we performed an evaluation of the effectiveness of our disclosure controls and procedures, as defined in Rule 13a-15(e) or Rule 15d-15(e) under the Securities Exchange Act of 1934, as amended (the â€œ1934 Actâ€). Based on this evaluation, the CEO and CFO have concluded that our disclosure controls and procedures are effective to ensure that material information is recorded, processed, summarized and reported by management on a timely basis in order to comply with our disclosure obligations under the 1934 Act and the SEC rules thereunder. Â Changes in Internal Control Over Financial Reporting There have been no changes in our internal control over financial reporting during the third quarter of 2024 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting. 63 Â PART II. OTHER INFORMATION Â Â Item 1. Legal Proceedings See Note 6 to the Condensed Consolidated Financial Statements-Commitments and Contingencies to our condensed consolidated financial statements in Item 1 of Part I of this report for a description of our legal proceedings. Such information is hereby incorporated by reference. Item 1A. Risk Factors The following is an update to the risk factors set forth in our Annual Report on Form 10-K for the fiscal year ended December 31, 2023. Other than the following update, there have been no material changes to the risk factors previously disclosed under the heading â€œRisk Factorsâ€ in our Annual Report on Form 10-K for the fiscal year ended December 31, 2023. You should carefully consider the risk factors contained in our Annual Report on Form 10-K, our Quarterly Reports on Form 10-Q and our other filings made with the Securities and Exchange Commission. We are subject to pending legal actions, purported stockholder class actions, governmental investigations, inquiries and regulatory actions. We and our subsidiaries are subject to pending legal actions, governmental investigations, inquiries and regulatory actions and judgments (see Note 6 to the Consolidated Financial Statements-Commitments and Contingencies as contained in this Quarterly Report on Form 10-Q). We may become subject to additional medical malpractice lawsuits, product liability lawsuits, class action lawsuits, investigations and other legal actions in the ordinary course of business. Defending ourselves against the allegations in the lawsuits and governmental investigations, inquiries, or similar matters and any related publicity, could potentially entail significant costs and could require significant attention from our management and our reputation could suffer significantly. We are unable to predict the outcome of these matters or to reasonably estimate the amount or range of any such loss; however, these lawsuits and the related publicity and news articles that have been published concerning these matters could have a material adverse effect on our business, financial condition, results of operations and/or cash flows which in turn could cause a decline in our stock price. In an effort to resolve one or more of these matters, we may choose to negotiate a settlement. Amounts we pay to settle any of these matters may be material. All professional and general liability insurance we purchase is subject to policy limitations. We believe that, based on our past experience and actuarial estimates, our insurance coverage is adequate considering the claims arising from the operations of our hospitals. While we continuously monitor our coverage, our ultimate liability for professional and general liability claims could change materially from our current estimates. If such policy limitations should be partially or fully exhausted in the future, or payments of claims exceed our estimates or are not covered by our insurance, it could have a material adverse effect on our operations. For example, as discussed elsewhere herein, â€¢On March 28, 2024, a jury returned a verdict for compensatory damages of $60 million and punitive damages of $475 million and a related judgment was entered against The Pavilion Behavioral Health System (the â€œPavilionâ€), an indirect subsidiary of the Company. In an order dated October 10, 2024, the trial court ordered a remittitur of punitive damages from $475 million to $120 million. The court denied the Pavilionâ€™s request for reduction of compensatory damages. The Pavilion intends to appeal the remaining judgment. â€¢Cumberland Hospital for Children and Adolescents (â€œCumberlandâ€), an indirect subsidiary of the Company, is a defendant in multi-plaintiff lawsuits filed in the Circuit Court for Richmond, Virginia (the â€œCumberland Litigationâ€), relating to allegations of inappropriate sexual contact during medical examinations by Dr. Daniel Davidow, an independent contractor and the former medical director for Cumberland. The Company and UHS of Delaware, Inc., our administrative services subsidiary (â€œUHS Delawareâ€), were also named as co-defendants in the Cumberland Litigation. Plaintiffs have asserted claims of negligence, assault and battery (against Dr. Davidow), false imprisonment, violations of the Virginia Consumer Protection Act (â€œVCPAâ€), and vicarious liability for Dr. Davidowâ€™s conduct against Cumberland, the Company, and UHS Delaware. The Company and UHS Delaware were dismissed from the action during the trial, which occurred in September, 2024. On September 27, 2024, a jury entered a verdict finding Dr. Davidow and Cumberland liable and awarded these three plaintiffs combined compensatory damages of $60 million for all liability theories, an additional combined $180 million in trebled damages for violation of the VCPA, and an additional combined $120 million in punitive damages. Cumberland is evaluating all legal options and intends to challenge this verdict, including the amounts awarded in the verdict, in post-trial proceedings and on appeal. Based upon Virginia law, we expect that the punitive damage amount should be reduced to a combined maximum of $1.05 million as a matter of law. There are approximately 40 additional plaintiffs making similar allegations with claims pending in the Cumberland Litigation. We are and may become subject to other loss contingencies, both known and unknown, which may relate to past, present and future facts, events, circumstances and occurrences. Should an unfavorable outcome occur in some or all of our legal proceedings or other 64 Â loss contingencies, or if successful claims and other actions are brought against us in the future, there could be a material adverse impact on our financial position, results of operations and liquidity. In particular, government investigations, as well as qui tam and stockholder lawsuits, may lead to material fines, penalties, damages payments or other sanctions, including exclusion from government healthcare programs. The federal False Claims Act permits private parties to bring qui tam, or whistleblower, lawsuits on behalf of the government against companies alleging that the defendant has defrauded the federal government. These private parties are entitled to share in any amounts recovered by the government, and, as a result, the number of whistleblower lawsuits that have been filed against providers has increased significantly in recent years. Because qui tam lawsuits are filed under seal, we could be named in one or more such lawsuits of which we are not aware. Settlements of lawsuits involving Medicare and Medicaid issues routinely require both monetary payments and corporate integrity agreements, each of which could have a material adverse effect on our business, financial condition, results of operations and/or cash flows. If our financial exposure in connection with litigation relating to the Pavilion Behavioral Health System and/or Cumberland Hospital for Children and Adolescents exhausts all or a significant portion of the remaining commercial insurance coverage available to our subsidiaries related to other occurrences in 2020, or it causes us to have to post a large bond or other collateral during an appeal process, our future results of operations and capital resources could be materially adversely impacted. We are uncertain as to the ultimate financial exposure related to the above-mentioned Cumberland and Pavilion matters and we can make no assurances regarding their outcomes, or the amounts of damages that may be held recoverable after post-judgment proceedings and appeals. While Cumberland and Pavilion have professional liability insurance to cover a portion of these amounts, the resolution of these matters may have a material adverse

effect on the Company. Without reduction for any potential amounts related to the above-mentioned Cumberland and Pavilion matters, the Company and its subsidiaries have aggregate insurance coverage of approximately $221 million remaining under commercial policies for matters applicable to the 2020 policy year (in excess of the applicable self-insured retention amounts of $10 million per occurrence for professional liability claims and $3 million per occurrence for general liability claims). In the event the resolution of the Cumberland and/or Pavilion matters exhausts all or a significant portion of the remaining commercial insurance coverage available to the Company and its subsidiaries for claims that occurred in 2020 (the applicable year for the Pavilion matter and substantially all of the Cumberland matters, as discussed above), or it requires the posting of large bonds or other collateral during appeal processes, our future results of operations and capital resources could be materially adversely impacted. Item 2. Unregistered Sales of Equity Securities and Use of Proceeds As of December 31, 2023, we had an aggregate available repurchase authorization of $422.9 million pursuant to our stock repurchase program. Pursuant to this program, shares of our Class B Common Stock may be repurchased, from time to time as conditions allow, on the open market or in negotiated private transactions. There is no expiration date for our stock repurchase program. As reflected below, during the three-month period ended September 30, 2024, we have repurchased 657,912 shares at an aggregate cost of approximately $153.9 million (approximately $233.85 per share) pursuant to the terms of our stock repurchase program. In addition, during the three-month period ended September 30, 2024, 127,580 shares were repurchased in connection with income tax withholding obligations resulting from stock-based compensation programs. During July, 2024, our Board of Directors authorized a $1.0 billion increase in our stock repurchase program. Balance Type: debit Period Type: instant X - DefinitionCarrying amount, attributable to parent and noncontrolling interests, of an entity's issued and outstanding stock which is not included within permanent equity. Temporary equity is a security with redemption features that are outside the control of the issuer, is not classified as an asset or liability in conformity with GAAP, and is not mandatorily redeemable. Includes any type of security that is redeemable at a fixed or determinable price or on a fixed or determinable date or dates, is redeemable at the option of the holder, or has conditions for redemption which are not solely within the control of the issuer. Includes stock with a put option held by an ESOP and stock redeemable by a holder only in the event of a change in control of the issuer. + ReferencesReference 1: http://fasb.org/us-gaap/role/ref/legacyRef -Topic 210 -SubTopic 10 -Name Accounting Standards Codification -Section S99 -Paragraph 1 -Subparagraph (SX 210.5-02(27)(b)) -Publisher FASB -URI https://asc.fasb.org/1943274/2147480566/210-10-S99-1Reference 2: http://www.xbrl.org/2003/role/disclosureRef -Topic 235 -SubTopic 10 -Name Accounting Standards Codification -Section S99 -Paragraph 1 -Subparagraph (SX 210.4-08(g)(1)(ii)) -Publisher FASB -URI https://asc.fasb.org/1943274/2147480678/235-10-S99-1Reference 3: http://www.xbrl.org/2003/role/disclosureRef -Topic 323 -SubTopic 10 -Name Accounting Standards Codification -Section 50 -Paragraph 3 -Subparagraph (c) -Publisher FASB -URI https://asc.fasb.org/1943274/2147481687/323-10-50-3Reference 4: http://www.xbrl.org/2003/role/disclosureRef -Topic 825 -SubTopic 10 -Name Accounting Standards Codification -Section 50 -Paragraph 28 -Subparagraph (f) -Publisher FASB -URI https://asc.fasb.org/1943274/2147482907/825-10-50-28 + Details Name: us-gaap_TemporaryEquityCarryingAmountIncludingPortionAttributableToNoncontrollingInterests Namespace Prefix: us-gaap_ Data Type: xbrli:monetaryItemType Balance Type: credit Period Type: instant XML 13 R5.htm IDEA: XBRL DOCUMENT v3.24.3 Condensed Consolidated Statements of Changes in Equity - In this Quarterly Report, â€œwe,â€ â€œus,â€ â€œourâ€ â€œUHSâ€ and the â€œCompanyâ€ refer to Universal Health Services, Inc. and its subsidiaries.The condensed consolidated interim financial statements include the accounts of our majority-owned subsidiaries and partnerships and limited liability companies controlled by us, or our subsidiaries, as managing general partner or managing member. The condensed consolidated interim financial statements included herein have been prepared by us, without audit, pursuant to the rules and regulations of the Securities and Exchange Commission (â€œSECâ€) and reflect all adjustments (consisting only of normal recurring adjustments) which, in our opinion, are necessary to fairly state results for the interim periods. Certain information and footnote disclosures normally included in audited consolidated financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted pursuant to such rules and regulations, although we believe that the accompanying disclosures are adequate to make the information presented not misleading. These condensed consolidated interim financial statements should be read in conjunction with the audited consolidated financial statements, significant accounting policies and the notes thereto included in our Annual Report on Form 10-K for the year ended December 31, 2023. X - DefinitionThe entire disclosure for the business description and basis of presentation concepts. Business description describes the nature and type of organization including but not limited to organizational structure as may be applicable to holding companies, parent and subsidiary relationships, business divisions, business units, business segments, affiliates and information about significant ownership of the reporting entity. Basis of presentation describes the underlying basis used to prepare the financial statements (for example, US Generally Accepted Accounting Principles, Other Comprehensive Basis of Accounting, IFRS). + ReferencesReference 1: http://fasb.org/us-gaap/role/ref/legacyRef -Topic 235 -Name Accounting Standards Codification -Publisher FASB -URI https://asc.fasb.org/235/tableOfContentReference 2: http://fasb.org/us-gaap/role/ref/legacyRef -Topic 275 -Name Accounting Standards Codification -Publisher FASB -URI https://asc.fasb.org/275/tableOfContentReference 3: http://fasb.org/us-gaap/role/ref/legacyRef -Topic 205 -Name Accounting Standards Codification -Publisher FASB -URI https://asc.fasb.org/205/tableOfContent + Details Name: us-gaap_BusinessDescriptionAndBasisOfPresentationTextBlock Namespace Prefix: us-gaap_ Data Type: dtr-types:textBlockItemType Balance Type: na Period Type: duration X - ReferencesNo definition available. + Details Name: us-gaap_OrganizationConsolidationAndPresentationOfFinancialStatementsAbstract Namespace Prefix: us-gaap_ Data Type: xbrli:stringItemType Balance Type: na Period Type: duration XML 18 R10.htm IDEA: XBRL DOCUMENT v3.24.3 Relationship with Universal Health Realty Income Trust and Other Related Party Transactions 9 Months Ended Sep. 30, 2024 Related Party Transactions [Abstract] Â Relationship with Universal Health Realty Income Trust and Other Related Party Transactions (2) Relationship with Universal Health Realty Income Trust and Other Related Party TransactionsRelationship with Universal Health Realty Income Trust:At September 30, 2024, we held approximately 5.7% of the outstanding shares of Universal Health Realty Income Trust (the â€œTrustâ€). We serve as Advisor to the Trust under an annually renewable advisory agreement, which is scheduled to expire on December 31st of each year, pursuant to the terms of which we conduct the Trustâ€™s day-to-day affairs, provide administrative services and present investment opportunities. The advisory agreement was renewed by the Trust for 2024 at the same rate in place for 2023, 2022 and 2021, providing for an advisory fee computation at 0.70% of the Trustâ€™s average invested real estate assets. We earned an advisory fee from the Trust, which is included in net revenues in the accompanying consolidated statements of income, of approximately $1.4 million and $1.3 million during the three-month periods ended September 30, 2024 and 2023, respectively, and approximately $4.1 million and $4.0 million during the nine-month periods ended September 30, 2024 and 2023, respectively.In addition, certain of our officers and directors are also officers and/or directors of the Trust. Management believes that it has the ability to exercise significant influence over the Trust, therefore we account for our investment in the Trust using the equity method of accounting.Our pre-tax share of income from the Trust was approximately $300,000 and $100,000 during the three-month periods ended September 30, 2024 and 2023, respectively, and approximately $914,000 and $670,000 during the nine-month periods ended September 30, 2024 and 2023, respectively, and is included in other (income) expense, net, on the accompanying consolidated statements of income for each period. We received dividends from the Trust amounting to $575,000 and $567,000 during the three-month periods ended September 30, 2024 and 2023, respectively, and $1.7 million during each of the nine-month periods ended September 30, 2024 and 2023. The carrying value of our investment in the Trust was approximately $6.2 million and $7.0 million at September 30, 2024 and December 31, 2023, respectively, and is included in other assets in the accompanying condensed consolidated balance sheets. The market value of our investment in the Trust was $36.0 million at September 30, 2024 and $34.1 million at December 31, 2023, based on the closing price of the Trustâ€™s stock on the respective dates.The Trust commenced operations in 1986 by purchasing certain properties from us and immediately leasing the properties back to our respective subsidiaries. The base rents are paid monthly and the bonus rent, which as of January 1, 2022 is applicable only to McAllen Medical Center, is computed and paid on a quarterly basis, based upon a computation that compares current quarter revenue to a corresponding quarter in the base year. The leases with those subsidiaries are unconditionally guaranteed by us and are cross-defaulted with one another.On December 31, 2021, we entered into an asset purchase and sale agreement with the Trust, which was amended during the first quarter of 2022, pursuant to the terms of which: (i) a wholly-owned subsidiary of ours purchased from the Trust the real estate assets of the Inland Valley Campus of Southwest Healthcare System located in Wildomar, California, at its fair market value; (ii) two wholly-owned subsidiaries of ours transferred to the Trust, at their respective fair-market values, the real estate assets of Aiken Regional Medical Center (â€œAikenâ€), located in Aiken, South Carolina (which includes a 211-bed acute care hospital and a 62-bed behavioral health facility), and Canyon Creek Behavioral Health (â€œCanyon Creekâ€), located in Temple, Texas, and; (iii) we received approximately $4.1 million in cash from the Trust.As a result of the purchase options within the lease agreements for Aiken and Canyon Creek, the asset purchase and sale transaction is accounted for as a failed sale leaseback in accordance with U.S. GAAP. We have accounted for the asset exchange and substitution transaction with the Trust as a financing arrangement and, since we did not derecognize the real property related to Aiken and Canyon Creek, we will continue to depreciate the assets. Our condensed consolidated balance sheets as of September 30, 2024 and December 31, 2023 reflects a financial liability of $74.8 million and $77.5 million, respectively, which is included in debt, for the fair value of real estate assets that we exchanged as part of the transaction. Our monthly lease payments payable to the Trust will be recorded to interest expense and as a reduction to the outstanding financial liability. The amount allocated to interest expense is determined using our incremental borrowing rate and is based on the outstanding financial liability.The aggregate rent payable to the Trust in connection with the leases on McAllen Medical Center, Wellington Regional Medical Center, Aiken Regional Medical Center and Canyon Creek Behavioral Health was approximately $5 million during each of the three months ended September 30, 2024 and 2023, and approximately $16 million and $15 million during the nine months ended September 30, 2024 and 2023, respectively.Pursuant to the Master Leases by certain subsidiaries of ours and the Trust as described in the table below, dated 1986 and 2021 (â€œthe Master Leasesâ€) which govern the leases of McAllen Medical Center and Wellington Regional Medical Center (each of which is governed by the Master Lease dated 1986), and Aiken Regional Medical Center and Canyon Creek Behavioral Health (each of which is governed by the Master Lease dated 2021), we have the option to renew the leases at the lease terms described above and below by providing notice to the Trust at least 90 days prior to the termination of the then current term. We also have the right to purchase the respective leased hospitals at their appraised fair market value upon any of the following: (i) at the end of the lease terms or any renewal terms; (ii) upon one monthâ€™s notice should a change of control of the Trust occur, or; (iii) within the time period as specified in the lease in the event that we provide notice to the Trust of our intent to offer a substitution property/properties in exchange for one (or more) of the hospital properties leased from the Trust should we be unable to reach an agreement with the Trust on the properties to be substituted. In addition, we have rights of first refusal to: (i) purchase the respective leased facilities during and for a specified period after the lease terms at the same price, terms and conditions of any third-party offer, or; (ii) renew the lease on the respective leased facility at the end of, and for a specified period after, the lease term at the same terms and conditions pursuant to any third-party offer.In addition, we are the managing, majority member in a joint venture with an unrelated third-party that operates Clive Behavioral Health, a 100-bed behavioral health care facility located in Clive, Iowa. The real property of this facility, which was completed and opened in late 2020, is also leased from the Trust (annual rental of approximately $2.8 million and $2.7 million during 2024 and 2023, respectively) pursuant to the lease terms as provided in the table below. In connection with the lease on this facility, the joint venture has the right to purchase the leased facility from the Trust at its appraised fair market value upon either of the following: (i) by providing notice at least 270 days prior to the end of the lease terms or any renewal terms, or; (ii) upon 30 days' notice anytime within 12 months of a change of control of the Trust (UHS also has this right should the joint venture decline to exercise its purchase right). Additionally, the joint venture has rights of first offer to purchase the facility prior to any third-party sale.The table below provides certain details for each of the hospitals leased from the Trust as of September 30, 2024:Â Hospital Name Â AnnualMinimumRent Â Â End of Lease Term Â RenewalTerm(years) Â Â McAllen Medical Center Â $ 5,485,000 Â Â December, 2026 Â Â 5 Â (a) Wellington Regional Medical Center Â $ 6,639,000 Â Â December, 2026 Â Â 5 Â (b) Aiken Regional Medical Center/Aurora Pavilion Behavioral Health Services Â $ 4,072,000 Â Â December, 2033 Â Â 35 Â (c) Canyon Creek Behavioral Health Â $ 1,841,000 Â Â December, 2033 Â Â 35 Â (c) Clive Behavioral Health Hospital Â $ 2,775,000 Â Â December, 2040 Â Â 50 Â (d) Â (a)We have one 5-year renewal option at existing lease rates (through 2031).(b)We have one 5-year renewal option at fair market value lease rates (through 2031). On each January 1st through 2026, the annual rent will increase by 2.5% on a cumulative and compounded basis.(c)We have seven 5-year renewal options at fair market value lease rates (2034 through 2068). On each January 1st through 2033, the annual rent will increase by 2.25% on a cumulative and compounded basis. (d)This facility is operated by a joint venture in which we are the managing, majority member and an unrelated third-party holds a minority ownership interest. The joint venture has three, 10-year renewal options at computed lease rates as stipulated in the lease (2041 through 2070) and two additional, 10-year renewal options at fair market value lease rates (2071 through 2090). In each January through 2040 (and potentially through 2070 if three, 10-year renewal options are exercised), the annual rental will increase by 2.75% on a cumulative and compounded basis.In addition, certain of our subsidiaries are tenants in several medical office buildings (â€œMOBsâ€) and two free-standing emergency departments ("FED") owned by the Trust or by limited liability companies in which the Trust holds 95% to 100% of the ownership interest. In connection with these two FEDs, in October, 2024, our subsidiaries exercised their 5-year renewal options on the facilities which are located in Weslaco and Mission, Texas. Each renewal option covers the period of February 1, 2025 through January 31, 2030 (the current lease terms were scheduled to expire on January 31, 2025; with aggregate annual lease rates of approximately $979,000). Pursuant to terms of the leases, and consistent with the terms of the leases currently in effect for each property, the lease rates are scheduled to increase 2% per year through the end of the renewed lease terms. Our subsidiaries have five, 5-year renewal options remaining on each of these FEDs, with the first three renewal options (covering the years 2030 through 2044) providing for 2% annual increases to the lease rates, and the remaining two, 5-year renewal options (covering the years 2045 through 2054) providing for lease rates at the then fair market value. These leases are cross-defaulted with one another and our subsidiaries have the option to purchase the leased properties upon the expiration of each five-year extended term at the fair market value at that time. During the third quarter of 2023, the Trust acquired the McAllen Doctor's Center, a 79,500 rentable square feet medical office building located in McAllen, Texas. A master lease was executed between a wholly-owned subsidiary of ours and the Trust, pursuant to the terms of which our subsidiary will master lease 100% of the rentable square feet of the MOB at an initial minimum rent of $624,000 annually. The master lease commenced during August, 2023 and is scheduled to expire in twelve years.During the first quarter of 2023, the Trust substantially completed construction on a new 86,000 rentable square feet multi-tenant MOB that is located on the campus of Northern Nevada Sierra Medical Center in Reno, Nevada. Northern Nevada Sierra Medical Center, a 170-bed newly constructed acute care hospital owned and operated by a wholly-owned subsidiary of ours, was completed and opened in April, 2022. In connection with this MOB, a ground lease and a master flex lease was executed between a wholly-owned subsidiary of ours and the Trust, pursuant to the terms of which our subsidiary will master lease approximately 68% of the rentable square feet of the MOB at an initial minimum rent of $1.3 million annually plus a pro-rata share of the common area maintenance expenses. The master flex

lease could be reduced during the term if certain conditions are met. The ground lease and master flex lease each commenced during the first quarter of 2023.Other Related Party Transactions:In December, 2010, our Board of Directors approved the Companyâ€™s entering into supplemental life insurance plans and agreements on the lives of Alan B. Miller (our Executive Chairman of the Board) and his wife. As a result of these agreements, as amended in October, 2016, based on actuarial tables and other assumptions, during the life expectancies of the insureds, we would pay approximately $28 million in premiums, and certain trusts owned by our Executive Chairman of the Board, would pay approximately $9 million in premiums. Based on the projected premiums mentioned above, and assuming the policies remain in effect until the death of the insureds, we will be entitled to receive death benefit proceeds of no less than approximately $37 million representing the $28 million of aggregate premiums paid by us as well as the $9 million of aggregate premiums paid by the trusts. In connection with these policies, we will pay or have paid approximately $1.0 million, net, in premium payments during 2024 and 2023.In August, 2015, Marc D. Miller, our President and Chief Executive Officer and member of our Board of Directors, was appointed to the Board of Directors of Premier, Inc. (â€œPremierâ€), a healthcare performance improvement alliance. During 2013, we entered into a new group purchasing organization agreement (â€œGPOâ€) with Premier. In conjunction with the GPO agreement, we acquired a minority interest in Premier for a nominal amount. During the fourth quarter of 2013, in connection with the completion of an initial public offering of the stock of Premier, we received cash proceeds for the sale of a portion of our ownership interest in the GPO. Also in connection with this GPO agreement, we received shares of restricted stock of Premier which vested ratably over a seven-year period (2014 through 2020), contingent upon our continued participation and minority ownership interest in the GPO. During the third quarter of 2020, we entered into an agreement with Premier pursuant to the terms of which, among other things, our ownership interest in Premier was converted into shares of Class A Common Stock of Premier. We have elected to retain a portion of the previously vested shares of Premier, the market value of which is included in other assets on our condensed consolidated balance sheets. Based upon the closing price of Premierâ€™s stock on each respective date, the market value of our shares of Premier was approximately $45 million and $50 million as of September 30, 2024 and December 31, 2023, respectively. Any change in market value of our Premier shares since December 31, 2023 was recorded as an unrealized gain/loss in â€œOther (income) expense, netâ€ in our condensed consolidated statements of income for the three and nine-month period ended September 30, 2024. Additionally, we received cash dividends from Premier amounting to approximately $470,000 for each of the three-month periods ended September 30, 2024 and 2023, and approximately $1.4 million for each of the nine-month periods ended September 30, 2024 and 2023. The dividends are included in â€œOther (income) expense, netâ€ in our condensed consolidated statements of income. A member of our Board of Directors, Executive Committee and Finance Committee is a partner in Norton Rose Fulbright US LLP, a law firm engaged by us for a variety of legal services. The Board member and his law firm also provide personal legal services to our Executive Chairman and he acts as trustee of certain trusts for the benefit of our Executive Chairman and his family. The noncontrolling interest and redeemable noncontrolling interest balances of $75 million and $6 million, respectively, as of September 30, 2024, consist primarily of the third-party ownership interests in these hospitals.In connection with the two behavioral health care facilities located in Pennsylvania and Ohio, the minority ownership interests of which are reflected as redeemable noncontrolling interests on our consolidated balance sheets, the outside owners have â€œput optionsâ€ to put their entire ownership interest to us at any time. If exercised, the put option requires us to purchase the minority memberâ€™s interest at fair market value. The Tenth Amendment provided for: (i) an extension of the maturity date to September 26, 2029; (ii) a new revolving credit facility of up to $1.3 billion (which as of September 30, 2024, had $1.01 billion of aggregate available borrowing capacity, net of $288 million of outstanding borrowings and $3 million of letters of credit), and; (iii) a new replacement tranche A term loan facility ("Tranche A Term Loan") of up to $1.2 billion (which had $1.2 billion of outstanding borrowings as of September 30, 2024).Pursuant to the terms of the Tenth Amendment, the Tranche A Term Loan provides for installment payments of $7.5 million per quarter commencing on December 31, 2024 through September 30, 2026, and $15.0 million per quarter commencing on December 31, 2026 through June 30, 2029. The unpaid principal balance at June 30, 2029 (scheduled to be $975.0 million) is payable on the September 26, 2029 scheduled maturity date of the Credit Agreement.Revolving credit and Tranche A Term Loan borrowings under the Credit Agreement bear interest at our election at either (1) the ABR rate which is defined as the rate per annum equal to the greatest of (a) the lenderâ€™s prime rate, (b) the weighted average of the federal funds rate, plus 0.5% and (c) one month term SOFR rate plus 1%, in each case, plus an applicable margin based upon our consolidated leverage ratio at the end of each quarter ranging from 0.25% to 0.625%, or (2) the one, three or six month term SOFR rate plus 0.1% (at our election), plus an applicable margin based upon our consolidated leverage ratio at the end of each quarter ranging from 1.25% to 1.625%. As of September 30, 2024, the applicable margins were 0.375% for ABR-based loans and 1.375% for SOFR-based loans under the revolving credit and term loan A facilities. The revolving credit facility includes a $125 million sub-limit for letters of credit. The Credit Agreement is secured by certain assets of the Company and our material subsidiaries (which generally excludes asset classes such as substantially all of the patient-related accounts receivable of our acute care hospitals, if sold to a receivables facility pursuant to the Credit Agreement, and certain real estate assets and assets held in joint-ventures with third parties) and is guaranteed by our material subsidiaries.The Credit Agreement includes a material adverse change clause that must be represented at each draw. The Credit Agreement also contains covenants that include a limitation on sales of assets, mergers, change of ownership, liens, indebtedness, transactions with affiliates, dividends and stock repurchases; and requires compliance with financial covenants including maximum leverage. We were in compliance with all required covenants as of September 30, 2024 pursuant to the terms of the Credit Agreement, as amended on September 26, 2024, and as of December 31, 2023 pursuant to the terms of the previous credit agreement.As mentioned above, on September 26, 2024, we completed the public offering of: (i) $500,000,000 aggregate principal amount of the 4.625%, 2029 Notes, and; (ii) $500,000,000 aggregate principal amount of the 5.050%, 2034 Notes (and together with the 2029 Notes, the "2029 and 2034 Notes"), each guaranteed on a senior secured basis by all of our existing and future direct and indirect subsidiaries that guarantee our senior secured credit facility or our other first lien obligations or any junior lien obligations (the â€œSubsidiary Guarantorsâ€). The 2029 and 2034 Notes have been registered under the Securities Act of 1933, as amended (the â€œSecurities Actâ€), pursuant to the Issuerâ€™s and the Subsidiary Guarantorsâ€™ registration statement on Form S-3 (File No. 333-282135), including the prospectus dated September 16, 2024, and a related prospectus supplement dated September 17, 2024, as filed with the Securities and Exchange Commission on September 19, 2024.As of September 30, 2024, including the above-mentioned newly issued Notes, we had combined aggregate principal of $3.0 billion from the following senior secured notes:â€¢$700 million aggregate principal amount of 1.65% senior secured notes due in September, 2026 ("2026 Notes") which were issued on August 24, 2021. Interest on the 2026 Notes is payable on March 1st and September 1st until the maturity date of September 1, 2026.â€¢$500 million of aggregate principal amount of 4.625% senior secured notes due in October, 2029 ("2029 Notes") which were issued on September 26, 2024. Interest on the 2029 Notes is payable on April 15th and October 15th, commencing April 15, 2025 until the maturity date of October 15, 2029.â€¢$800 million aggregate principal amount of 2.65% senior secured notes due in October, 2030 ("2030 Notes") which were issued on September 21, 2020. Interest on the 2030 Notes is payable on April 15th and October 15th, until the maturity date of October 15, 2030.â€¢$500 million of aggregate principal amount of 2.65% senior secured notes due in January, 2032 ("2032 Notes") which were issued on August 24, 2021. Interest on the 2032 Notes is payable on January 15th and July 15th until the maturity date of January 15, 2032.â€¢$500 million of aggregate principal amount of 5.050% senior secured notes due in October, 2034 ("2034 Notes") which were issued on September 26, 2024. Interest on the 2034 Notes is payable on April 15th and October 15th, commencing on April 15, 2025 until the maturity date of October 15, 2034.The 2026 Notes, 2030 Notes and 2032 Notes (collectively the "2026, 2030 and 2032 Notes") were initially issued only to qualified institutional buyers under Rule 144A and to non-U.S. persons outside the United States in reliance on Regulation S under the Securities Act. In December, 2022, we completed a registered exchange offer in which virtually all previously outstanding 2026, 2030 and 2032 Notes were exchanged for identical 2026, 2030 and 2032 Notes that were registered under the Securities Act, and thereby became freely transferable (subject to certain restrictions applicable to affiliates and broker dealers). 2026, 2030 and 2032 Notes originally issued under Rule 144A or Regulation S that were not exchanged remain outstanding and may not be offered or sold in the United States absent registration under the Securities Act or an applicable exemption from registration requirements thereunder.The 2026, 2030 and 2032 Notes, and the 2029 and 2034 Notes (collectively "All the Notes") are guaranteed (the â€œGuaranteesâ€) on a senior secured basis by our Subsidiary Guarantors that guarantee our Credit Agreement, or other first lien obligations or any junior lien obligations. All the Notes and the Guarantees are secured by first-priority liens, subject to permitted liens, on certain of the Companyâ€™s and the Subsidiary Guarantorsâ€™ assets now owned or acquired in the future by the Company or the Subsidiary Guarantors (other than real property, accounts receivable sold pursuant to a Company-related receivables facility (as defined in the Indenture pursuant to which All The Notes were issued (the â€œIndenturesâ€), and certain other excluded assets). The Companyâ€™s obligations with respect to All the Notes, the obligations of the Subsidiary Guarantors under the Guarantees, and the performance of all of the Companyâ€™s and the Subsidiary Guarantorsâ€™ other obligations under the Indentures, are secured equally and ratably with the Companyâ€™s and the Subsidiary Guarantorsâ€™ obligations under the Credit Agreement. However, the liens on the collateral securing All the Notes and the Guarantees will be released if: (i) All the Notes have investment grade ratings; (ii) no default has occurred and is continuing, and; (iii) the liens on the collateral securing all first lien obligations (including the Credit Agreement and All the Notes) and any junior lien obligations are released or the collateral under the Credit Agreement, any other first lien obligations and any junior lien obligations is released or no longer required to be pledged. The liens on any collateral securing All the Notes and the Guarantees will also be released if the liens on that collateral securing the Credit Agreement, other first lien obligations and any junior lien obligations are released.As discussed in Note 2 to the Condensed Consolidated Financial Statements-Relationship with Universal Health Realty Income Trust and Other Related Party Transactions, on December 31, 2021, we (through wholly-owned subsidiaries of ours) entered into an asset purchase and sale agreement with Universal Health Realty Income Trust (the â€œTrustâ€). Pursuant to the terms of the agreement, which was amended during the first quarter of 2022, we, among other things, transferred to the Trust, the real estate assets of Aiken Regional Medical Center (â€œAikenâ€) and Canyon Creek Behavioral Health (â€œCanyon Creekâ€). In connection with this transaction, Aiken and Canyon Creek (as lessees), entered into a master lease and individual property leases, as amended, (with the Trust as lessor), for initial lease terms on each property of approximately twelve years, ending on December 31, 2033. As a result of our purchase option within the Aiken and Canyon Creek lease agreements, this asset purchase and sale transaction is accounted for as a failed sale leaseback in accordance with U.S. GAAP and we have accounted for the transaction as a financing arrangement. Our lease payments payable to the Trust are recorded to interest expense and as a reduction of the outstanding financial liability, and the amount allocated to interest expense is determined based upon our incremental borrowing rate and the outstanding financial liability. In connection with this transaction, our consolidated balance sheets at September 30, 2024 and December 31, 2023 reflect financial liabilities, which are included in debt, of approximately $75 million and $77 million, respectively.At September 30, 2024, the carrying value and fair value of our debt were approximately $4.7 billion and $4.4 billion, respectively. At December 31, 2023, the carrying value and fair value of our debt were approximately $4.9 billion and $4.6 billion, respectively. The fair value of our debt was computed based upon quotes received from financial institutions. We consider these to be â€œlevel 2â€ in the fair value hierarchy as outlined in the authoritative guidance for disclosures in connection with debt instruments.The aggregate scheduled maturities of our $4.7 billion total debt outstanding as of September 30, 2024 (before $21 million of unamortized financing costs), are as follows: (i) $38 million due during the next 12 months; (ii) $738 million due during months 13 to 24; (iii) $69 million due during months 25 to 36; (iv) $70 million due during months 37 to 48; (v) $1.3 billion due during months 49 to 60, and; (vi) $2.4 billion due in greater than 60 months.Foreign Currency Forward Exchange Contracts:We use forward exchange contracts to hedge our net investment in

foreign operations against movements in exchange rates. The effective portion of the unrealized gains or losses on these contracts is recorded in foreign currency translation adjustment within accumulated other comprehensive income and remains there until either the sale or liquidation of the subsidiary. In connection with these forward exchange contracts, we recorded net cash outflows of $36 million during the nine-month period ended September 30, 2024 and net cash outflows of $8 million during the nine-month period ended September 30, 2023.Derivatives Hedging Relationships:The following table presents the effects of our foreign currency forward exchange contracts on our results of operations for the three and nine-month periods ended September 30, 2024 and 2023 (in thousands): Â Gain/(Loss) recognized in AOCI Â Â Three months ended Â Â Nine months ended Â Â September 30, Â Â September 30, Â Â September 30, Â Â September 30, Â Â 2024 Â Â 2023 Â Â 2024 Â Â 2023 Â Net Investment Hedge relationships Â Â Â Â Â Â Â Â Â Â Â Â Foreign currency forward exchange contracts $ (43,490) Â $ 19,619 Â Â $ (35,289) Â $ (10,781) No other gains or losses were recognized in income related to derivatives in Subtopic 815-20.Cash, Cash Equivalents and Restricted Cash:Cash, cash equivalents, and restricted cash as reported in the condensed consolidated statements of cash flows are presented separately on our condensed consolidated balance sheets as follows (in thousands): Â September 30, Â Â September 30, Â Â December 31, Â Â 2024 Â Â 2023 Â Â 2023 Â Cash and cash equivalents $ 106,077 Â $ 80,768 Â $ 119,439 Â Restricted cashÂ (a) Â 98,520 Â Â 99,871 Â Â 95,031 Â Total cash, cash equivalents and restricted cash $ 204,597 Â Â $ 180,639 Â Â $ 214,470 Â (a) Restricted cash is included in other noncurrent assets on the accompanying condensed consolidated balance sheets. The following fair value hierarchy classifies the inputs to valuation techniques used to measure fair value into one of three levels:â€¢Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities.â€¢Level 2: Inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly. These included quoted prices for similar assets or liabilities in active markets and quoted prices for identical or similar assets or liabilities in markets that are not active.â€¢Level 3: Unobservable inputs that reflect the reporting entityâ€™s own assumptions.The following tables present the assets and liabilities recorded at fair value on a recurring basis: Â Balance at Â Balance Sheet Basis of Fair Value Measurement Â (in thousands) September 30, 2024 Â Location Level 1 Â Level 2 Â Level 3 Â Assets: Â Â Â Â Â Â Â Â Â Â Money market mutual funds $ 115,205 Â Other noncurrent assets $ 115,205 Â Â Â Â Â Â Certificates of deposit Â 2,201 Â Other noncurrent assets Â Â Â 2,201 Â Â Â Equity securities Â 44,654 Â Other noncurrent assets Â 44,654 Â Â Â Â Â Â Deferred compensation assets Â 49,270 Â Other noncurrent assets Â 49,270 Â Â Â Â Â Â $ 211,330 Â Â $ 209,129 Â $ 2,201 Â Â - Â Liabilities: Â Â Â Â Â Â Â Â Â Â Foreign currency forward exchange contracts $ 1,533 Â Accounts payable and other liabilities Â Â $ 1,533 Â Â Â Deferred compensation liability Â 49,270 Â Other noncurrent liabilities Â 49,270 Â Â Â Â Â Â $ 50,803 Â Â $ 49,270 Â $ 1,533 Â Â - Â Â Â Â Â Â Â Â Â Â Â Â Balance at Â Balance Sheet Basis of Fair Value Measurement Â (in thousands) December 31, 2023 Â Location Level 1 Â Level 2 Â Level 3 Â Assets: Â Â Â Â Â Â Â Â Â Â Money market mutual funds $ 111,129 Â Other noncurrent assets $ 111,129 Â Â Â Â Â Â Certificates of deposit Â 2,300 Â Other noncurrent assets Â Â Â 2,300 Â Â Â Equity securities Â 49,923 Â Other noncurrent assets Â 49,923 Â Â Â Â Â Â Deferred compensation assets Â 43,060 Â Other noncurrent assets Â 43,060 Â Â Â Â Â Â $ 206,412 Â Â $ 204,112 Â $ 2,300 Â Â - Â Liabilities: Â Â Â Â Â Â Â Â Â Â Foreign currency forward exchange contracts $ 1,911 Â Accounts payable and other liabilities Â Â $ 1,911 Â Â Â Deferred compensation liability Â 43,060 Â Other noncurrent liabilities Â 43,060 Â Â Â Â Â Â $ 44,971 Â Â $ 43,060 Â $ 1,911 Â Â - Â The fair value of our money market mutual funds, certificates of deposit and equity securities with a readily determinable fair value are computed based upon quoted market prices in an active market. (ii) $10 million and $3 million per occurrence, respectively, in 2020; (iii) $5 million and $3 million per occurrence, respectively, during 2019, 2018 and 2017, and; (iv) $10 million and $3 million per occurrence, respectively, prior to 2017.These subsidiaries are provided with several excess policies through commercial insurance carriers which provide for coverage in excess of the applicable per occurrence and aggregate self-insured retention or underlying policy limits up to approximately $175 million in 2024; $165 million in 2023; $162 million in 2022; $155 million in 2021 and $250 million during each of 2014 through 2020. In addition, from time to time based upon marketplace conditions, we may elect to purchase additional commercial coverage for certain of our facilities or businesses. Our behavioral health care facilities located in the U.K. have policies through a commercial insurance carrier located in the U.K. that provides for Â£18.5 million of professional liability coverage, and Â£25 million of general liability coverage. The commercial insurance limits indicated above for each policy year may have been reduced due to payment of covered claims or suits, subject to the policy terms and conditions.As of September 30, 2024, the total net accrual for our self-insured professional and general liability claims was $480 million, of which $70 million was included in current liabilities. As of December 31, 2023, the total net accrual for our self-insured professional and general liability claims was $431 million, of which $70 million was included in current liabilities.As a result of unfavorable trends experienced during the past several years, included in our results of operations were increases to our reserves for self-insured professional and general liability claims amounting to approximately $30 million and $44 million during the three and nine-month periods ended September 30, 2024, respectively, and $5 million and $25 million during the three and nine-month periods ended September 30, 2023. Our estimated liability for self-insured professional and general liability claims is based on a number of factors including, among other things, the number of asserted claims and reported incidents, estimates of losses for these claims based on recent and historical settlement amounts, estimates of incurred but not reported claims based on historical experience, and estimates of amounts recoverable under our commercial insurance policies. While we continuously monitor these factors, our ultimate liability for professional and general liability claims could change materially from our current estimates due to inherent uncertainties involved in making this estimate. Given our significant self-insured exposure for professional and general liability claims, there can be no assurance that a sharp increase in the number and/or severity of claims asserted against us will not have a material adverse effect on our future results of operations.As of September 30, 2024, the total accrual for our workersâ€™ compensation liability claims was $136 million, $58 million of which was included in current liabilities. As of December 31, 2023, the total accrual for our workersâ€™ compensation liability claims was $130 million, $55 million of which was included in current liabilities. As a result of favorable trends experienced in prior years, included in our results of operations during the nine-month period ended September 30, 2023, was a pre-tax decrease to our reserves for self-insured workers' compensation liability claims of approximately $10 million (recorded during the second quarter of 2023).Although we are unable to predict whether or not our future financial statements will require updates to estimates for our prior year reserves for self-insured general and professional and workersâ€™ compensation claims, given the relatively unpredictable nature of these potential liabilities and the factors impacting these reserves, as discussed above, it is reasonably likely that our future financial results may include material adjustments to prior period reserves.As disclosed below in Legal Proceedings:â€¢On March 28, 2024, a jury returned a verdict for compensatory damages of $60 million and punitive damages of $475 million and a related judgment was entered against The Pavilion Behavioral Health System (the â€œPavilionâ€), an indirect subsidiary of the Company. In an order dated October 10, 2024, the trial court ordered a remittitur of punitive damages from $475 million to $120 million. The court denied the Pavilionâ€™s request for reduction of compensatory damages. The Pavilion intends to appeal the remaining judgment.â€¢Cumberland Hospital for Children and Adolescents (â€œCumberlandâ€), an indirect subsidiary of the Company, is a defendant in multi-plaintiff lawsuits filed in the Circuit Court for Richmond, Virginia (the â€œCumberland Litigationâ€), relating to allegations of inappropriate sexual contact during medical examinations by Dr. Daniel Davidow, an independent contractor and the former medical director for Cumberland. The Company and UHS of Delaware, Inc., our administrative services subsidiary (â€œUHS Delawareâ€), were also named as co-defendants in the Cumberland Litigation. Plaintiffs have asserted claims of negligence, assault and battery (against Dr. Davidow), false imprisonment, violations of the Virginia Consumer Protection Act (â€œVCPAâ€), and vicarious liability for Dr. Davidowâ€™s conduct against Cumberland, the Company, and UHS Delaware. The Company and UHS Delaware were dismissed from the action during the trial, which occurred in September, 2024. On September 27, 2024, a jury entered a verdict finding Dr. Davidow and Cumberland liable and awarded these three plaintiffs combined compensatory damages of $60 million for all liability theories, an additional combined $180 million in trebled damages for violation of the VCPA, and an additional combined $120 million in punitive damages. Cumberland is evaluating all legal options and intends to challenge this verdict, including the amounts awarded in the verdict, in post-trial proceedings and on appeal. Based upon Virginia law, we expect that the punitive damage amount should be reduced to a combined maximum of $1.05 million as a matter of law. There are approximately 40 additional plaintiffs making similar allegations with claims pending in the Cumberland Litigation.We are uncertain as to the ultimate financial exposure related to the above-mentioned Cumberland and Pavilion matters and we can make no assurances regarding their outcomes, or the amounts of damages that may be held recoverable after post-judgment proceedings and appeals. While Cumberland and Pavilion have professional liability insurance to cover a portion of these amounts, the resolution of these matters may have a material adverse effect on the Company. Without reduction for any potential amounts related to the above-mentioned Cumberland and Pavilion matters, the Company and its subsidiaries have aggregate insurance coverage of approximately $221 million remaining under commercial policies for matters applicable to the 2020 policy year (in excess of the applicable self-insured retention amounts of $10 million per occurrence for professional liability claims and $3 million per occurrence for general liability claims).In the event the resolution of the Cumberland and/or Pavilion matters exhausts all or a significant portion of the remaining commercial insurance coverage available to the Company and its subsidiaries for claims that occurred in 2020 (the applicable year for the Pavilion matter and substantially all of the Cumberland matters, as discussed above), or it requires the posting of large bonds or other collateral during appeal processes, our future results of operations and capital resources could be materially adversely impacted.Property InsuranceWe have commercial property insurance policies for our properties, covering the period of June 1, 2024 to June 1, 2025, providing property and business interruption coverage for losses in excess of $15 million per occurrence or per location (as applicable based upon the event) up to a $1 billion annual policy limitation for certain catastrophic events or perils. These commercial policies provide for coverage of up to $250 million of annual aggregate coverage for losses resulting from windstorm damage. Losses resulting from named windstorms are subject to deductibles between 3% and 5% of the total insurable value of the property. In addition, we have commercial property insurance policies covering catastrophic losses resulting from earthquake and flood damage, each subject to aggregated loss limits (as opposed to per occurrence losses). Commercially insured earthquake coverage for our facilities is subject to various deductibles and limitations including: (i) $100 million limitation for our facilities located in California, New Madrid Seismic Zone, Pacific Northwest Seismic Zone, Alaska and certain counties in Nevada; (ii) $100 million limitation for our facilities located in fault zones within the United States; (iii) $40 million limitation for our facilities located in Puerto Rico, and; (iv) $250 million limitation for many of our facilities located in other states. Our commercially insured flood coverage has a limit of $100 million annually. There is also a $10 million sublimit for one of our facilities located in Houston, Texas, and a $1 million sublimit for our facilities located in Puerto Rico. In addition, subject to the underlying policies' deductible provisions, our facilities located in California, New Madrid Seismic Zone, Pacific Northwest Seismic Zone, Alaska and certain counties in Nevada, have $50 million of excess commercial property insurance coverage for earthquake losses in excess of $100 million. Property insurance for our behavioral health facilities located in the U.K. are provided on an all risk basis up to a Â£1.5 billion policy limit, with coverage caps per location, that includes coverage for real and personal property as well as business interruption losses.These commercial policies are subject to a deductible of: (i) $5 million per location for damage resulting from earthquake, wind, hail and flood, and; (ii) $5 million per occurrence for all other events. For per location or per occurrence losses in excess of the applicable deductible, we are self-insured, through our wholly-owned captive insurance company, for up to $10 million of annual aggregate losses. Should the $10 million self-insured annual aggregate limitation be exhausted during the policy year, we have commercial insurance coverage for the next $30 million of annual aggregate losses in excess of the applicable deductible. In

the event the $30 million of commercial coverage is also exhausted, we are self-insured for all per location or per occurrence losses up to $25 million, including the $5 million deductible.Commitment to Develop, Lease and Operate an Acute Care Hospital in Washington, D.C.During 2020, we entered into various agreements with the District of Columbia (the â€œDistrictâ€) related to the development, leasing and operation of an acute care hospital and certain other facilities/structures on land owned by the District (â€œDistrict Facilitiesâ€). The agreements contemplate that we will serve as manager for development and construction of the District Facilities on behalf of the District, with a projected aggregate cost of approximately $439 million, approximately $295 million of which was incurred as of September 30, 2024, which will be entirely funded by the District. Construction of the District Facilities is expected to be completed in the Spring of 2025.Upon completion of the District Facilities, we will lease the District Facilities for a nominal rental amount for a period of 75 years and are obligated to operate the District Facilities during the lease term. We have certain lease termination rights in connection with the District Facilities beginning on the tenth anniversary of the lease commencement date for various and decreasing amounts as provided for in the agreements. Additionally, any time after the 10th anniversary of the lease term, we have a right to purchase the District Facilities for a price equal to the greater of fair market value of the District Facilities or the amount necessary to defease the bonds issued by the District to fund the construction of the District Facilities. The lease agreement also entitles the District to participation rent should certain specified earnings before interest, taxes, depreciation and amortization thresholds be achieved by the acute care hospital.Additionally, we have committed to expend no less than $75 million (approximately $12 million of which has been incurred as of September 30, 2024), over a projected 12-year period, in healthcare infrastructure including expenditures related to the District Facilities as well as other healthcare related expenditures in certain specified areas of Washington, D.C. Pursuant to the agreements, the District is entitled to certain termination fees and other amounts as specified in the agreements in the event we, within certain specified periods of time, cease to operate the acute care hospital or there is a transfer of control of us or our subsidiary operating the hospital.Legal ProceedingsWe operate in a highly regulated and litigious industry which subjects us to various claims and lawsuits in the ordinary course of business as well as regulatory proceedings and government investigations. These claims or suits include claims for damages for personal injuries, medical malpractice, commercial/contractual disputes, wrongful restriction of, or interference with, physiciansâ€™ staff privileges, and employment related claims. In addition, health care companies are subject to investigations and/or actions by various state and federal governmental agencies or those bringing claims on their behalf. Government action has increased with respect to investigations and/or allegations against healthcare providers concerning possible violations of fraud and abuse and false claims statutes as well as compliance with clinical and operational regulations. Currently, and from time to time, we and some of our facilities are subjected to inquiries in the form of subpoenas, Civil Investigative Demands, audits and other document requests from various federal and state agencies. These inquiries can lead to notices and/or actions including repayment obligations from state and federal government agencies associated with potential non-compliance with laws and regulations. Further, the federal False Claims Act allows private individuals to bring lawsuits (qui tam actions) against healthcare providers that submit claims for payments to the government. Various states have also adopted similar statutes. When such a claim is filed, the government will investigate the matter and decide if they are going to intervene in the pending case. These qui tam lawsuits are placed under seal by the court to comply with the False Claims Actâ€™s requirements. If the government chooses not to intervene, the private individual(s) can proceed independently on behalf of the government. Health care providers that are found to violate the False Claims Act may be subject to substantial monetary fines/penalties as well as face potential exclusion from participating in government health care programs or be required to comply with Corporate Integrity Agreements as a condition of a settlement of a False Claims Act matter. In September 2014, the Criminal Division of the Department of Justice (â€œDOJâ€) announced that all qui tam cases will be shared with their Division to determine if a parallel criminal investigation should be opened. The DOJ has also announced an intention to pursue civil and criminal actions against individuals within a company as well as the corporate entity or entities. In addition, health care facilities are subject to monitoring by state and federal surveyors to ensure compliance with program Conditions of Participation. In the event a facility is found to be out of compliance with a Condition of Participation and unable to remedy the alleged deficiency(s), the facility faces termination from the Medicare and Medicaid programs or compliance with a System Improvement Agreement to remedy deficiencies and ensure compliance.The laws and regulations governing the healthcare industry are complex covering, among other things, government healthcare participation requirements, licensure, certification and accreditation, privacy of patient information, reimbursement for patient services as well as fraud and abuse compliance. These laws and regulations are constantly evolving and expanding. Further, the original Patient Protection and Affordable Care Act, as amended by the Health and Education Reconciliation Act, has added additional obligations on healthcare providers to report and refund overpayments by government healthcare programs and authorizes the suspension of Medicare and Medicaid payments â€œpending an investigation of a credible allegation of fraud.â€ We monitor our business and have developed an ethics and compliance program with respect to these complex laws, rules and regulations. Although we believe our policies, procedures and practices comply with government regulations, there is no assurance that we will not be faced with the sanctions referenced above which include fines, penalties and/or substantial damages, repayment obligations, payment suspensions, licensure revocation, and expulsion from government healthcare programs. Even if we were to ultimately prevail in any action brought against us or our facilities or in responding to any inquiry, such action or inquiry could have a material adverse effect on us.Certain legal matters are described below:Knight v. Miller, et. al.In July 2021, a shareholder derivative lawsuit was filed by plaintiff, Robin Knight, in the Chancery Court in Delaware against the members of the Board of Directors of the Company as well as certain officers (C.A. No.: 2021-0581-SG). The Company was named as a nominal defendant. The lawsuit alleged that in March 2020 stock options were awarded with exercise prices that did not reflect the Companyâ€™s fundamentals and business prospects, and in anticipation of future market rebound resulting in excessive gains. The lawsuit made claims of breaches of fiduciary duties, waste of corporate assets, and unjust enrichment. The lawsuit sought monetary damages allegedly incurred by the Company, disgorgement of the March 2020 stock awards as well as any proceeds derived therefrom and unspecified equitable relief. Defendants denied the allegations. We filed a motion to dismiss the complaint and the court granted part and denied part of our motion. During the third quarter of 2022, we reached a preliminary settlement, which would not have had a material impact on our consolidated financial statements. The settlement required court approval which the court declined to provide. Our Board of Directors authorized the formation of a Special Litigation Committee ("SLC") to review the matter and determine whether it was in the best interests of the Company to pursue this claim. The court stayed the litigation while the SLC conducted their review. According to the SLCâ€™s status letter to the Court of Chancery, dated April 15, 2024, after a thorough examination of documentary evidence, interviews with relevant persons, and a review of the applicable law, the SLC determined that the claims asserted in the shareholder derivative lawsuit did not have merit and that pursuing them would not be in the interest of the Company. The SLC further advised the court that the SLC concluded that the claims should be dismissed. The parties jointly filed a stipulation with the court requesting dismissal of the case. After a preliminary hearing on the matter, the court requested a revised stipulation be filed which was prepared and filed with the court. During the third quarter of 2024, the court entered the stipulation dismissing the case and the matter has been concluded.Disproportionate Share Hospital Payment Matter:In late September, 2015, many hospitals in Pennsylvania, including certain of our behavioral health care hospitals located in the state, received letters from the Pennsylvania Department of Human Services (the â€œDepartmentâ€) demanding repayment of allegedly excess Medicaid Disproportionate Share Hospital payments (â€œDSHâ€), primarily consisting of managed care payments characterized as DSH payments, for the federal fiscal year (â€œFFYâ€) 2011 amounting to approximately $4 million in the aggregate. Since that time, certain of our behavioral health care hospitals in Pennsylvania have received similar requests for repayment for alleged DSH overpayments for FFYs 2012 through 2015. For FFY 2012, the claimed overpayment amounts to approximately $4 million. For FY 2013, FY 2014 and FY 2015 the initial claimed overpayments and attempted recoupment by the Department were approximately $7 million, $8 million and $7 million, respectively. The Department has agreed to a change in methodology which, upon confirmation of the underlying data being accepted by the Department, could reduce the initial claimed overpayments for FY 2013, FY 2014 and FY 2015 to approximately $2 million, $2 million and $3 million, respectively. We filed administrative appeals for all of our facilities contesting the recoupment efforts for FFYs 2011 through 2015 as we believe the Departmentâ€™s calculation methodology is inaccurate and conflicts with applicable federal and state laws and regulations. The Department agreed to postpone the recoupment of the stateâ€™s share for FFY 2011 to 2013 until all hospital appeals are resolved but recouped the federal share. For FFY 2014 and FFY 2015, the Department initiated the recoupment of the alleged overpayments (both federal and state shares). Starting in FY 2016, the first full fiscal year after the January 1, 2015 effective date of Medicaid expansion in Pennsylvania, the Department no longer characterized managed care payments received by the hospitals as DSH payments. While the administrative appeals on the disputed DSH payments remain pending, we have been in continued settlement discussions with the Department. As a part of these discussions, we have presented certain calculation errors that we believe, if corrected, could materially reduce the alleged overpayments. We have recently reached a settlement in principle with the Department that will result in a partial repayment to us of amounts previously recouped. The parties are in the process of drafting a definitive settlement agreement codifying our agreement to conclude this matter. In the event that we are unable to complete the settlement agreement, we will continue with our administrative appeals. We can provide no assurance that we will ultimately be successful in our legal and administrative appeals related to the Departmentâ€™s repayment demands in the event the pending settlement is not finalized and we are unable to assess liability or damages with certainty at this time. If our legal and administrative appeals are unsuccessful, our future consolidated results of operations and financial condition could be adversely impacted by these repayments.Rachel Capriglione, as natural mother and Next Friend of A.T., a minor, Plaintiff, v. The Pavilion Foundation d/b/a The Pavilion Behavioral Health SystemAs previously reported on Form 8-K, as filed on April 1, 2024, the Pavilion Behavioral Health System (the â€œPavilionâ€), an indirect subsidiary of the Company, is the sole defendant in a lawsuit filed in Champaign County, Illinois, relating to the sexual assault of one minor patient by another minor patient in 2020. Plaintiff asserted claims of negligence and misrepresentation. The Pavilion denied any liability.The case went to trial in March of 2024. On March 28, 2024, a jury rejected the misrepresentation claim, returned a verdict for ordinary negligence, and awarded compensatory damages of $60 million and punitive damages of $475 million. Based on a search of verdicts in comparable cases, the magnitude of this verdict was unexpected and is unprecedented for a single-plaintiff injury case of this type in Champaign County, Illinois. The Pavilion filed post-trial motions, among other items, contesting the excessiveness of the damage awards.As previously reported on Form 8-K, as filed on October 11, 2024, in an order dated October 10, 2024, the trial court ordered a remittitur of punitive damages from $475 million to $120 million. The court denied the Pavilionâ€™s request for reduction of compensatory damages. Pursuant to Illinois law and procedure, plaintiff had 21 days from the date of the order to either accept the remittitur of the punitive damages or refuse the remittitur, which would have resulted in further legal proceedings. Plaintiff accepted the remittitur by the trial court while reserving all rights to appeal the remittitur. The Pavilion intends to appeal the remaining judgment. Although we can make no assurances regarding the ultimate outcome of this matter, or what damages will ultimately be awarded, its final resolution could have a material adverse effect on the Company K.E.E., et al., Plaintiffs v. Cumberland Hospital, LLC d/b/a Cumberland Hospital for Children and Adolescents, et al. (and related lawsuits)Cumberland Hospital for Children and Adolescents (â€œCumberlandâ€), an indirect subsidiary of the Company, is a defendant in multi-plaintiff lawsuits filed in the Circuit Court for Richmond, Virginia (the â€œCumberland Litigationâ€), relating to allegations of inappropriate sexual contact during medical examinations by Dr. Daniel Davidow, an independent contractor and the former medical director for Cumberland. The Company and UHS of Delaware, Inc., our administrative services subsidiary (â€œUHS Delawareâ€), were also named as co-defendants in the Cumberland Litigation. Plaintiffs have asserted claims of negligence, assault and battery (against Dr. Davidow), false imprisonment, violations of the Virginia Consumer Protection Act (â€œVCPAâ€), and vicarious liability for Dr. Davidowâ€™s conduct against Cumberland, the Company, and UHS Delaware. All defendants have denied liability.The claims asserted by three of the plaintiffs in the Cumberland Litigation were consolidated for trial in September of 2024. The Company and UHS Delaware were dismissed from the action during trial. As previously reported on Form 8-K, as filed on September 30, 2024, on September 27, 2024, a jury entered a verdict finding Dr. Davidow and Cumberland liable and awarded these three plaintiffs combined compensatory damages of $60 million for all liability theories, an additional combined $180 million in trebled damages for violation of the VCPA, and an additional combined $120 million in punitive damages. Cumberland is evaluating all legal options and intends to challenge this verdict, including the amounts awarded in the verdict, in post-trial proceedings and on appeal. Based upon Virginia law, we expect that the punitive damage amount should be reduced to a combined maximum of $1.05 million as a matter of law.There are approximately 40 additional plaintiffs making similar allegations with claims pending in the Cumberland Litigation.Although we can make no assurances regarding the ultimate outcomes of the various claims made in connection with the Cumberland Litigation, or what damages will ultimately be awarded, the final resolution of these matters could have a material adverse effect on the Company Other Matters:Various other suits, claims and investigations, including government subpoenas, arising against, or issued to, us are pending and additional such matters may arise in the future. Management will consider additional disclosure from time to time to the extent it believes such matters may be or become material. The outcome of any current or future litigation or governmental or internal investigations, including the matters described above, cannot be accurately predicted, nor can we predict any resulting penalties, fines or other sanctions that may be imposed at the discretion of federal or state regulatory authorities. We record accruals for such contingencies to the extent that we conclude it is probable that a liability has been incurred and the amount of the loss can be reasonably estimated. No estimate of the possible loss or range of loss in excess of amounts accrued, if any, can be made at this time regarding the matters described above or that are otherwise pending because the inherently unpredictable nature of legal proceedings may be exacerbated by various factors, including, but not limited to: (i) the damages sought in the proceedings are unsubstantiated or indeterminate; (ii) discovery is not complete; (iii) the matter is in its early stages; (iv) the matters present legal uncertainties; (v) there are significant facts in dispute; (vi) there are a large number of parties, or; (vii) there is a wide range of potential outcomes. It is possible that the outcome of these matters could have a material adverse impact on our future results of operations, financial position, cash flows and, potentially, our reputation. The â€œOtherâ€ segment column below includes centralized services including, but not limited to, information technology, purchasing, reimbursement, accounting and finance, taxation, legal, advertising and design and construction. The chief operating decision making group for our acute care services and behavioral health care services is comprised of our Chief Executive Officer and the Presidents of each operating segment. The Presidents for each operating segment also manage the profitability of each respective segmentâ€™s various facilities. The operating segments are managed separately because each operating segment represents a business unit that offers different types of healthcare services or operates in different healthcare environments. The accounting policies of the operating segments are the same as those described in the summary of significant accounting policies included in our Annual Report on Form 10-K for the year ended December 31, 2023. The corporate overhead allocations, as reflected below, are utilized for internal reporting purposes and are comprised of each periodâ€™s projected corporate-level operating expenses (excluding interest expense). The overhead expenses are captured and allocated directly to each segment, to the extent possible, based upon each segmentâ€™s respective percentage of total operating expenses.Â Â Â Three months ended September 30, 2024 Â Â Â Acute CareHospitalServices Â Â BehavioralHealthServices (a) Â Â Other Â Â TotalConsolidated Â Â Â (Dollar amounts in thousands) Â Gross inpatient revenues Â $ 12,277,563 Â Â $ 2,835,301 Â Â Â Â Â $ 15,112,864 Â Gross outpatient revenues Â $ 8,573,270 Â Â $ 268,182 Â Â Â Â Â $ 8,841,452 Â Total net revenues Â $ 2,245,517 Â Â $ 1,714,914 Â Â $ 2,596 Â Â $ 3,963,027 Â Income/(loss) before allocation of corporate overhead andÂ Â Â income taxes Â $ 199,316 Â Â $ 318,864

There were no excluded weighted-average stock options for the three-months ended September 30, 2024 and 799,000 for the nine-months ended September 30, 2024. The excluded weighted-average stock options totaled 5.0 million for the three months ended September 30, 2023 and 5.1 million for the nine months ended September 30, 2023. All classes of our common stock have the same dividend rights.Stock-Based Compensation: During the three-month periods ended September 30, 2024 and 2023, pre-tax compensation costs of $13.4 million and $16.2 million, respectively, was recognized related to outstanding stock options. During the nine-month periods ended September 30, 2024 and 2023, pre-tax compensation costs of $41.0 million and $48.3 million, respectively, was recognized related to outstanding stock options. In addition, during the three-month periods ended September 30, 2024 and 2023, pre-tax compensation cost of approximately $12.9 million and $6.1 million, respectively, was recognized related to restricted stock awards, restricted stock units and performance based restricted stock units. During the nine-month periods ended September 30, 2024 and 2023, pre-tax compensation costs of approximately $30.7 million and $16.4 million, respectively, was recognized related to restricted stock awards, restricted stock units and performance based restricted stock units. As of September 30, 2024 there was approximately $177.9 million of unrecognized compensation cost related to unvested options, restricted stock awards, restricted stock units and performance based restricted stock units which is expected to be recognized over the remaining weighted average vesting period of 2.5 years. There were 3,000 stock options granted during the first nine months of 2024 under the 2020 Stock Incentive Plan with a weighted-average grant date fair value of $44.58 per option. There were an aggregate of 501,290 restricted units, net of cancellations, granted during the first nine months of 2024 under the 2020 Stock Incentive Plan, including 63,362 performance based restricted stock units, with a weighted-average grant date fair value of $181.05 per share.The expense associated with stock-based compensation arrangements is a non-cash charge. In the condensed consolidated statements of cash flows, stock-based compensation expense is an adjustment to reconcile net income to cash provided by operating activities and aggregated to $72.7 million and $65.7 million during the nine-month periods ended September 30, 2024 and 2023, respectively. The decrease in the effective tax rates during the three and nine-month period ended September 30, 2024, as compared to the comparable periods of 2023, was primarily due to favorable changes of $4 million and $16 million, respectively, in the net tax benefit recognized from employee share-based payments, net of the impact of executive compensation limitations pursuant to IRC section 162(m). As of January 1, 2024, our unrecognized tax benefits were approximately $2 million. The amount, if recognized, that would favorably affect the effective tax rate is approximately $2 million. During the nine months ended September 30, 2024, changes to the estimated liabilities for uncertain tax positions (including accrued interest) relating to tax positions taken during prior and current periods did not have a material impact on our financial statements.We recognize accrued interest and penalties associated with uncertain tax positions as part of the tax provision. As of September 30, 2024, we have less than $1 million of accrued interest and penalties. The U.S. federal statute of limitations remains open for 2020 and subsequent years. Foreign and U.S. state and local jurisdictions have statutes of limitations generally ranging from 3 to 4 years. The statute of limitations on certain jurisdictions

could expire within the next twelve months. It is reasonably possible that the amount of uncertain tax benefits will change during the next 12 months, however, it is anticipated that any such change, if it were to occur, would not have a material impact on our results of operations.We operate in multiple jurisdictions with varying tax laws. We are subject to audits by any of these taxing authorities. We believe that adequate accruals have been provided for federal, foreign and state taxes. Our estimate for amounts not expected to be collected based on historical experience will continue to be recognized as a reduction to net revenue. However, subsequent changes in estimate of collectability due to a change in the financial status of a payer, for example a bankruptcy, will be recognized as bad debt expense in operating charges.The performance obligation is separately identifiable from other promises in the customer contract. As the performance obligations are met (i.e. room, board, ancillary services, level of care), revenue is recognized based upon allocated transaction price. The transaction price is allocated to separate performance obligations based upon the relative standalone selling price. In instances where we determine there are multiple performance obligations across multiple months, the transaction price will be allocated by applying an estimated implicit and explicit rate to gross charges based on the separate performance obligations.In assessing collectability, we have elected the portfolio approach. This portfolio approach is being used as we have large volume of similar contracts with similar classes of customers. We reasonably expect that the effect of applying a portfolio approach to a group of contracts would not differ materially from considering each contract separately. Managementâ€™s judgment to group the contracts by portfolio is based on the payment behavior expected in each portfolio category. As a result, aggregating all of the contracts (which are at the patient level) by the particular payer or group of payers, will result in the recognition of the same amount of revenue as applying the analysis at the individual patient level.We group our revenues into categories based on payment behaviors. Each component has its own reimbursement structure which allows us to disaggregate the revenue into categories that share the nature and timing of payments. The other patient revenue consists primarily of self-pay, government-funded non-Medicaid, and other.The following table disaggregates our revenue by major source for the three and nine-month periods ended September 30, 2024 and 2023 (in thousands):Â Â For the three months ended September 30, 2024 Â Â Acute Care Â Â Behavioral Health Â Â Other Â Â Total Â Medicare $ 322,466 Â Â 14 % Â $ 81,148 Â Â 5 % Â Â Â Â Â $ 403,614 Â Â 10 % Managed Medicare Â 361,804 Â Â 16 % Â Â 107,910 Â Â 6 % Â Â Â Â Â Â 469,714 Â Â 12 % Medicaid Â 296,966 Â Â 13 % Â Â 262,393 Â Â 15 % Â Â Â Â Â Â 559,359 Â Â 14 % Managed Medicaid Â 154,762 Â Â 7 % Â Â 422,563 Â Â 25 % Â Â Â Â Â 577,325 Â Â 15 % Managed Care (HMO and PPOs) Â 725,014 Â Â 32 % Â Â 401,004 Â Â 23 % Â Â Â Â Â Â 1,126,018 Â Â 28 % UK Revenue Â 0 Â Â 0 % Â Â 230,153 Â Â 13 % Â Â Â Â Â Â 230,153 Â Â 6 % Other patient revenue and adjustments, net Â 117,679 Â Â 5 % Â Â 155,332 Â Â 9 % Â Â Â Â Â Â 273,011 Â Â 7 % Other non-patient revenue Â 266,826 Â Â 12 % Â Â 54,411 Â Â 3 % Â Â 2,596 Â Â Â Â 323,833 Â Â 8 % Total Net Revenue $ 2,245,517 Â Â 100 % Â $ 1,714,914 Â Â 100 % Â $ 2,596 Â Â Â Â 3,963,027 Â Â 100 % Â For the nine months ended September 30, 2024 Â Â Acute Care Â Â Behavioral Health Â Â Other Â Â Total Â Medicare $ 1,009,630 Â Â 15 % Â $ 234,295 Â Â 5 % Â Â Â Â Â $ 1,243,925 Â Â 11 % Managed Medicare Â 1,104,493 Â Â 17 % Â Â 307,388 Â Â 6 % Â Â Â Â Â Â 1,411,881 Â Â 12 % Medicaid Â 771,298 Â Â 12 % Â Â 804,254 Â Â 16 % Â Â Â Â Â Â 1,575,552 Â Â 13 % Managed Medicaid Â 466,881 Â Â 7 % Â Â 1,262,108 Â Â 25 % Â Â Â Â Â Â 1,728,989 Â Â 15 % Managed Care (HMO and PPOs) Â 2,129,117 Â Â 32 % Â Â 1,227,056 Â Â 24 % Â Â Â Â Â Â 3,356,173 Â Â 29 % UK Revenue Â 0 Â Â 0 % Â Â 650,655 Â Â 13 % Â Â Â Â Â Â 650,655 Â Â 6 % Other patient revenue and adjustments, net Â 375,161 Â Â 6 % Â Â 449,609 Â Â 9 % Â Â Â Â Â Â 824,770 Â Â 7 % Other non-patient revenue Â 747,427 Â Â 11 % Â Â 166,925 Â Â 3 % Â Â 7,916 Â Â Â 922,268 Â Â 8 % Total Net Revenue $ 6,604,007 Â Â 100 % Â $ 5,102,290 Â Â 100 % Â $ 7,916 Â Â $ 11,714,213 Â Â 100 % Â For the three months ended September 30, 2023 Â Â Acute Care Â Â Behavioral Health Â Â Other Â Â Total Â Medicare $ 298,121 Â Â 15 % Â $ 81,689 Â Â 5 % Â Â Â Â Â $ 379,810 Â Â 11 % Managed Medicare Â 324,486 Â Â 16 % Â Â 95,094 Â Â 6 % Â Â Â Â Â Â 419,580 Â Â 12 % Medicaid Â 201,148 Â Â 10 % Â Â 204,154 Â Â 13 % Â Â Â Â Â Â 405,302 Â Â 11 % Managed Medicaid Â 181,051 Â Â 9 % Â Â 387,975 Â Â 25 % Â Â Â Â Â Â 569,026 Â Â 16 % Managed Care (HMO and PPOs) Â 651,816 Â Â 32 % Â Â 383,146 Â Â 25 % Â Â Â Â Â Â 1,034,962 Â Â 29 % UK Revenue Â 0 Â Â 0 % Â Â 202,994 Â Â 13 % Â Â Â Â Â Â 202,994 Â Â 6 % Other patient revenue and adjustments, net Â 108,676 Â Â 5 % Â Â 129,492 Â Â 8 % Â Â Â Â Â Â 238,168 Â Â 7 % Other non-patient revenue Â 251,990 Â Â 12 % Â Â 58,151 Â Â 4 % Â Â 2,791 Â Â Â Â 312,932 Â Â 9 % Total Net Revenue $ 2,017,288 Â Â 100 % Â $ 1,542,695 Â Â 100 % Â $ 2,791 Â Â $ 3,562,774 Â Â 100 % Â For the nine months ended September 30, 2023 Â Â Acute Care Â Â Behavioral Health Â Â Other Â Â Total Â Medicare $ 961,640 Â Â 16 % Â $ 233,930 Â Â 5 % Â Â Â Â Â $ 1,195,570 Â Â 11 % Managed Medicare Â 1,013,493 Â Â 17 % Â Â 255,782 Â Â 6 % Â Â Â Â Â Â 1,269,275 Â Â 12 % Medicaid Â 445,678 Â Â 7 % Â Â 625,956 Â Â 14 % Â Â Â Â Â Â 1,071,634 Â Â 10 % Managed Medicaid Â 545,173 Â Â 9 % Â Â 1,184,315 Â Â 26 % Â Â Â Â Â Â 1,729,488 Â Â 16 % Managed Care (HMO and PPOs) Â 2,009,110 Â Â 34 % Â Â 1,160,820 Â Â 25 % Â Â Â Â Â Â 3,169,930 Â Â 30 % UK Revenue Â 0 Â Â 0 % Â 560,897 Â Â 12 % Â Â Â Â Â Â 560,897 Â Â 5 % Other patient revenue and adjustments, net Â 303,923 Â Â 5 % Â Â 387,327 Â Â 8 % Â Â Â Â Â Â 691,250 Â Â 7 % Other non-patient revenue Â 714,882 Â Â 12 % Â Â 166,351 Â Â 4 % Â Â 9,153 Â Â Â Â 890,386 Â Â 8 % Total Net Revenue $ 5,993,899 Â Â 100 % Â $ 4,575,378 Â Â 100 % Â $ 9,153 Â Â $ 10,578,430 Â Â 100 % Â X - ReferencesNo definition available. + Details Name: us-gaap_RevenueFromContractWithCustomerAbstract Namespace Prefix: us-gaap_ Data Type: xbrli:stringItemType Balance Type: na Period Type: duration X - DefinitionThe entire disclosure of revenue from contract with customer to transfer good or service and to transfer nonfinancial asset. ASU 2024-03 requires disclosures, in the notes to financial statements, of specified information about certain costs and expenses. This ASU is effective for fiscal years beginning after December 15, 2026, with early adoption permitted. We are currently evaluating the impact this new standard will have on the related disclosures in the consolidated financial statements.In November 2023, the FASB issued ASU 2023-07, â€œImprovements to Reportable Segment Disclosures (Topic 280)â€. ASU 2023-07 modifies reportable segment disclosure requirements, primarily through enhanced disclosures about segment expenses categorized as significant or regularly provided to the Chief Operating Decision Maker (CODM). In addition, the amendments enhance interim disclosure requirements, clarify circumstances in which an entity can disclose multiple segment measures of profit or loss, and contain other disclosure requirements. The purpose of the amendments is to enable investors to better understand an entityâ€™s overall performance and assess potential future cash flows. This ASU is effective for annual periods beginning after December 15, 2023, and interim periods within annual periods beginning after December 15, 2024, with early adoption permitted. We are currently evaluating the impact this new standard will have on the related disclosures in the consolidated financial statements, but do not believe there will be a material impact.In December 2023, the FASB issued ASU 2023-09, â€œImprovements to Income Tax Disclosures (Topic 740)â€. ASU 2023-09 requires enhanced disclosures on income taxes paid, adds disaggregation of continuing operations before income taxes between foreign and domestic earnings and defines specific categories for the reconciliation of jurisdictional tax rate to effective tax rate. This ASU is effective for fiscal years beginning after December 15, 2024, and can be applied on a prospective basis. We are currently evaluating the impact this new standard will have on the related disclosures in the consolidated financial statements.From time to time, new accounting guidance is issued by the FASB or other standard setting bodies that is adopted by the Company as of the effective date or, in some cases where early adoption is permitted, in advance of the effective date. Type: instant X - DefinitionThe carrying value as of the balance sheet date of the current and noncurrent portions of long-term obligations drawn from a line of credit, which is a bank's commitment to make loans up to a specific amount. Examples of items that might be included in the application of this element may consist of letters of credit, standby letters of credit, and revolving credit arrangements, under which borrowings can be made up to a maximum amount as of any point in time conditional on satisfaction of specified terms before, as of and after the date of drawdowns on the line. Includes short-term obligations that would normally be classified as current liabilities but for which (a) postbalance sheet date issuance of a long term obligation to refinance the short term obligation on a long term basis, or (b) the enterprise has entered into a financing agreement that clearly permits the enterprise to refinance the short-term obligation on a long term basis and the following conditions are met (1) the agreement does not expire within 1 year and is not cancelable by the lender except for violation of an objectively determinable provision, (2) no violation exists at the BS date, and (3) the lender has entered into the financing agreement is expected to be financially capable of honoring the agreement. + ReferencesReference 1: http://fasb.org/us-gaap/role/ref/legacyRef -Name Accounting Standards Codification -Section S99 -Paragraph 1 -Subparagraph (SX 210.5-02(22)) -SubTopic 10 -Topic 210 -Publisher FASB -URI https://asc.fasb.org/1943274/2147480566/210-10-S99-1Reference 2: http://fasb.org/us-gaap/role/ref/legacyRef -Topic 942 -SubTopic 210 -Name Accounting Standards Codification -Section S99 -Paragraph 1 -Subparagraph (SX 210.9-03(16)) -Publisher FASB -URI https://asc.fasb.org/1943274/2147478546/942-210-S99-1Reference 3: http://www.xbrl.org/2009/role/commonPracticeRef -Topic 944 -SubTopic 210 -Name Accounting Standards Codification -Section S99 -Paragraph 1 -Subparagraph (SX 210.7-03(a)(16)(a)(2)) -Publisher FASB -URI https://asc.fasb.org/1943274/2147478777/944-210-S99-1 + Details Name: us-gaap_LineOfCredit Namespace Prefix: us-gaap_ Data Type: xbrli:monetaryItemType Balance Type: credit Period Type: instant X - DefinitionAmount of increase (decrease) of the credit facility. + ReferencesReference 1: http://www.xbrl.org/2009/role/commonPracticeRef -Topic 235 -SubTopic 10 -Name Accounting Standards Codification -Section S99 -Paragraph 1 -Subparagraph (SX 210.4-08(f)) -Publisher FASB -URI https://asc.fasb.org/1943274/2147480678/235-10-S99-1 + Details Name: us-gaap_LineOfCreditFacilityIncreaseDecreaseForPeriodNet Namespace Prefix: us-gaap_ Data Type: xbrli:monetaryItemType Balance Type: credit Period Type: duration X - DefinitionMaximum borrowing capacity under the credit facility without consideration of any current restrictions on the amount that could be borrowed or the amounts currently outstanding under the facility. + ReferencesReference 1: http://fasb.org/us-gaap/role/ref/legacyRef -Topic 210 -SubTopic 10 -Name Accounting Standards Codification -Section S99 -Paragraph 1 -Subparagraph (SX 210.5-02(22)(b)) -Publisher FASB -URI https://asc.fasb.org/1943274/2147480566/210-10-S99-1Reference 2: http://fasb.org/us-gaap/role/ref/legacyRef -Topic 210 -SubTopic 10 -Name Accounting Standards Codification -Section S99 -Paragraph 1 -Subparagraph (SX 210.5-02(19)(b)) -Publisher FASB -URI https://asc.fasb.org/1943274/2147480566/210-10-S99-1 + Details Name: us-gaap_LineOfCreditFacilityMaximumBorrowingCapacity Namespace Prefix: us-gaap_ Data Type: xbrli:monetaryItemType Balance Type: credit Period Type: instant X - DefinitionAmount of borrowing capacity currently available under the credit facility (current borrowing capacity less the amount of borrowings outstanding). + ReferencesReference 1: http://www.xbrl.org/2003/role/disclosureRef -Topic 470 -SubTopic 10 -Name Accounting Standards Codification -Section 50 -Paragraph 6 -Subparagraph (b) -Publisher FASB -URI https://asc.fasb.org/1943274/2147481544/470-10-50-6Reference 2: http://fasb.org/us-gaap/role/ref/legacyRef -Topic 210 -SubTopic 10 -Name Accounting Standards Codification -Section S99 -Paragraph 1 -Subparagraph (SX 210.5-02(22)(b)) -Publisher FASB -URI https://asc.fasb.org/1943274/2147480566/210-10-S99-1Reference 3: http://fasb.org/us-gaap/role/ref/legacyRef -Topic 210 -SubTopic 10 -Name Accounting Standards Codification -Section S99 -Paragraph 1 -Subparagraph (SX 210.5-02(19)(b)) -Publisher FASB -URI https://asc.fasb.org/1943274/2147480566/210-10-S99-1 + Details Name: us-gaap_LineOfCreditFacilityRemainingBorrowingCapacity Namespace Prefix: us-gaap_ Data Type: xbrli:monetaryItemType Balance Type: credit Period Type: instant X - DefinitionAmount, after deduction of unamortized premium (discount) and debt issuance cost, of long-term debt. (1) General This Quarterly Report on Form 10-Q is for the quarterly period ended September 30, 2024. In this Quarterly Report, “we,” “us,” “our” “UHS” and the “Company” refer to Universal Health Services, Inc. and its subsidiaries. The condensed consolidated interim financial statements include the accounts of our majority-owned subsidiaries and partnerships and limited liability companies controlled by us, or our subsidiaries, as managing general partner or managing member. The condensed consolidated interim financial statements included herein have been prepared by us, without audit, pursuant to the rules and regulations of the Securities and Exchange Commission (“SEC”) and reflect all adjustments (consisting only of normal recurring adjustments) which, in our opinion, are necessary to fairly state results for the interim periods. Certain information and footnote disclosures normally included in audited consolidated financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted pursuant to such rules and regulations, although we believe that the accompanying disclosures are adequate to make the information presented not misleading. These condensed consolidated interim financial statements should be read in conjunction with the audited consolidated financial statements, significant accounting policies and the notes thereto included in our Annual Report on Form 10-K for the year ended December 31, 2023. (2) Relationship with Universal Health Realty Income Trust and Other Related Party Transactions Relationship with Universal Health Realty Income Trust: At September 30, 2024, we held approximately 5.7% of the outstanding shares of Universal Health Realty Income Trust (the “Trust”). We serve as Advisor to the Trust under an annually renewable advisory agreement, which is scheduled to expire on December 31

st of each year, pursuant to the terms of which we conduct the Trust's day-to-day affairs, provide administrative services and present investment opportunities. The advisory agreement was renewed by the Trust for 2024 at the same rate in place for 2023, 2022 and 2021, providing for an advisory fee computation at 0.70% of the Trust's average invested real estate assets. We earned an advisory fee from the Trust, which is included in net revenues in the accompanying consolidated statements of income, of approximately $1.4 million and $1.3 million during the three-month periods ended September 30, 2024 and 2023, respectively, and approximately $4.1 million and $4.0 million during the nine-month periods ended September 30, 2024 and 2023, respectively. In addition, certain of our officers and directors are also officers and/or directors of the Trust. Management believes that it has the ability to exercise significant influence over the Trust, therefore we account for our investment in the Trust using the equity method of accounting. Our pre-tax share of income from the Trust was approximately $300,000 and $100,000 during the three-month periods ended September 30, 2024 and 2023, respectively, and approximately $914,000 and $670,000 during the nine-month periods ended September 30, 2024 and 2023, respectively, and is included in other (income) expense, net, on the accompanying consolidated statements of income for each period. We received dividends from the Trust amounting to $575,000 and $567,000 during the three-month periods ended September 30, 2024 and 2023, respectively, and $1.7 million during each of the nine-month periods ended September 30, 2024 and 2023. The carrying value of our investment in the Trust was approximately $6.2 million and $7.0 million at September 30, 2024 and December 31, 2023, respectively, and is included in other assets in the accompanying condensed consolidated balance sheets. The market value of our investment in the Trust was $36.0 million at September 30, 2024 and $34.1 million at December 31, 2023, based on the closing price of the Trust's stock on the respective dates. The Trust commenced operations in 1986 by purchasing certain properties from us and immediately leasing the properties back to our respective subsidiaries. The base rents are paid monthly and the bonus rent, which as of January 1, 2022 is applicable only to McAllen Medical Center, is computed and paid on a quarterly basis, based upon a computation that compares current quarter revenue to a corresponding quarter in the base year. The leases with those subsidiaries are unconditionally guaranteed by us and are cross-defaulted with one another. On December 31, 2021, we entered into an asset purchase and sale agreement with the Trust, which was amended during the first quarter of 2022, pursuant to the terms of which: (i) a wholly-owned subsidiary of ours purchased from the Trust the real estate assets of the Inland Valley Campus of Southwest Healthcare System located in Wildomar, California, at its fair market value; (ii) two wholly-owned subsidiaries of ours transferred to the Trust, at their respective fair-market values, the real estate assets of Aiken Regional Medical Center ("Aiken"), located in Aiken, South Carolina (which includes a 211-bed acute care hospital and a 62-bed behavioral health facility), and Canyon Creek Behavioral Health ("Canyon Creek"), located in Temple, Texas, and; (iii) we received approximately $4.1 million in cash from the Trust. As a result of the purchase options within the lease agreements for Aiken and Canyon Creek, the asset purchase and sale transaction is accounted for as a failed sale leaseback in accordance with U.S. GAAP. We have accounted for the asset exchange and substitution transaction with the Trust as a financing arrangement and, since we did not derecognize the real property related to Aiken and Canyon Creek, we will continue to depreciate the assets. Our condensed consolidated balance sheets as of September 30, 2024 and December 31, 2023 reflects a financial liability of $74.8 million and $77.5 million, respectively, which is included in debt, for the fair value of real estate assets that we exchanged as part of the transaction. Our monthly lease payments payable to the Trust will be recorded to interest expense and as a reduction to the outstanding financial liability. The amount allocated to interest expense is determined using our incremental borrowing rate and is based on the outstanding financial liability. The aggregate rent payable to the Trust in connection with the leases on McAllen Medical Center, Wellington Regional Medical Center, Aiken Regional Medical Center and Canyon Creek Behavioral Health was approximately $5 million during each of the three months ended September 30, 2024 and 2023, and approximately $16 million and $15 million during the nine months ended September 30, 2024 and 2023,

*respectively. Pursuant to the Master Leases by certain subsidiaries of ours and the Trust as described in the table below, dated 1986 and 2021 ("the Master Leases") which govern the leases of McAllen Medical Center and Wellington Regional Medical Center (each of which is governed by the Master Lease dated 1986), and Aiken Regional Medical Center and Canyon Creek Behavioral Health (each of which is governed by the Master Lease dated 2021), we have the option to renew the leases at the lease terms described above and below by providing notice to the Trust at least 90 days prior to the termination of the then current term. We also have the right to purchase the respective leased hospitals at their appraised fair market value upon any of the following: (i) at the end of the lease terms or any renewal terms; (ii) upon one month's notice should a change of control of the Trust occur, or; (iii) within the time period as specified in the lease in the event that we provide notice to the Trust of our intent to offer a substitution property/properties in exchange for one (or more) of the hospital properties leased from the Trust should we be unable to reach an agreement with the Trust on the properties to be substituted. In addition, we have rights of first refusal to: (i) purchase the respective leased facilities during and for a specified period after the lease terms at the same price, terms and conditions of any third-party offer, or; (ii) renew the lease on the respective leased facility at the end of, and for a specified period after, the lease term at the same terms and conditions pursuant to any third-party offer. In addition, we are the managing, majority member in a joint venture with an unrelated third-party that operates Clive Behavioral Health, a 100-bed behavioral health care facility located in Clive, Iowa. The real property of this facility, which was completed and opened in late 2020, is also leased from the Trust (annual rental of approximately $2.8 million and $2.7 million during 2024 and 2023, respectively) pursuant to the lease terms as provided in the table below. In connection with the lease on this facility, the joint venture has the right to purchase the leased facility from the Trust at its appraised fair market value upon either of the following: (i) by providing notice at least 270 days prior to the end of the lease terms or any renewal terms, or; (ii) upon 30 days' notice anytime within 12 months of a change of control of the Trust (UHS also has this right should the joint venture decline to exercise its purchase right). Additionally, the joint venture has rights of first offer to purchase the facility prior to any third-party sale.</p><div style="font-size:10pt;font-family:Times New Roman;"><p style="font-size:10pt;margin-top:6pt;font-family:Times New Roman;margin-bottom:0;text-align:left;">The table below provides certain details for each of the hospitals leased from the Trust as of September 30, 2024:</p><p style="font-size:10pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:left;"> </p><table style="margin-left:auto;border-spacing:0;table-layout:fixed;width:80.0%;border-collapse:separate;margin-right:auto;"><tr style="visibility:collapse;"><td style="width:46.969%;box-sizing:content-box;"></td><td style="width:1.32%;box-sizing:content-box;"></td><td style="width:1%;box-sizing:content-box;"></td><td style="width:14.023%;box-sizing:content-box;"></td><td style="width:1%;box-sizing:content-box;"></td><td style="width:1.32%;box-sizing:content-box;"></td><td style="width:17.423%;box-sizing:content-box;"></td><td style="width:1%;box-sizing:content-box;"></td><td style="width:1%;box-sizing:content-box;"></td><td style="width:10.622%;box-sizing:content-box;"></td><td style="width:1%;box-sizing:content-box;"></td><td style="width:3.321%;box-sizing:content-box;"></td></tr><tr style="height:8pt;background-color:#ffffff;white-space:pre-wrap;word-break:break-word;"><td style="vertical-align:bottom;border-bottom:0.5pt solid #000000;"><p style="font-size:8pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:left;">Hospital Name</p></td><td style="vertical-align:bottom;border-bottom:0.5pt solid #ffffff03;"><p style="font-size:8pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:left;"> </p></td><td colspan="2" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"><p style="font-size:8pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-align:center;">Annual

On each January 1st through 2026, the annual rent will increase by 2.5% on a cumulative and compounded basis. (c) We have seven 5-year renewal options at fair market value lease rates (2034 through 2068). On each January 1st through 2033, the annual rent will increase by 2.25% on a cumulative and compounded basis. (d) This facility is operated by a joint venture in which we are the managing, majority member and an unrelated third-party holds a minority ownership interest. The joint venture has three, 10-year renewal options at computed lease rates as stipulated in the lease (2041 through 2070) and two additional, 10-year renewal options at fair market value lease rates (2071 through 2090). In each January through 2040 (and potentially through 2070 if three, 10-year renewal options are exercised), the annual rental will increase by 2.75% on a cumulative and compounded basis. In addition, certain of our subsidiaries are tenants in several medical office buildings ("MOBs") and two free-standing emergency departments ("FED") owned by the Trust or by limited liability companies in which the Trust holds 95% to 100% of the ownership interest. In connection with these two FEDs, in October, 2024, our subsidiaries exercised their 5-year renewal options on the facilities which are located in Weslaco and Mission, Texas. Each renewal option covers the period of February 1, 2025 through January 31, 2030 (the current lease terms were scheduled to expire on January 31, 2025; with aggregate annual lease rates of approximately $979,000). Pursuant to terms of the leases, and consistent with the terms of the leases currently in effect for each property, the lease rates are scheduled to increase 2% per year through the end of the renewed lease terms. Our subsidiaries have five, 5-year renewal options remaining on each of these FEDs, with the first three renewal options (covering the years 2030 through 2044) providing for 2% annual increases to the lease rates, and the remaining two, 5-year renewal options (covering the years 2045 through 2054) providing for lease rates at the then fair market value. These leases are cross-defaulted with one another and our subsidiaries have the option to purchase the leased properties upon the expiration of each five-year extended term at the fair market value at that time.<span

style="color:#000000;white-space:pre-wrap;font-size:10pt;font-family:Times New Roman;min-width:fit-content;">   During the third quarter of 2023, the Trust acquired the McAllen Doctor's Center, a 79,500 rentable square feet medical office building located in McAllen, Texas. A master lease was executed between a wholly-owned subsidiary of ours and the Trust, pursuant to the terms of which our subsidiary will master lease 100% of the rentable square feet of the MOB at an initial minimum rent of $624,000 annually. The master lease commenced during August, 2023 and is scheduled to expire in twelve years. During the first quarter of 2023, the Trust substantially completed construction on a new 86,000 rentable square feet multi-tenant MOB that is located on the campus of Northern Nevada Sierra Medical Center in Reno, Nevada. Northern Nevada Sierra Medical Center, a 170-bed newly constructed acute care hospital owned and operated by a wholly-owned subsidiary of ours, was completed and opened in April, 2022. In connection with this MOB, a ground lease and a master flex lease was executed between a wholly-owned subsidiary of ours and the Trust, pursuant to the terms of which our subsidiary will master lease approximately 68% of the rentable square feet of the MOB at an initial minimum rent of $1.3 million annually plus a pro-rata share of the common area maintenance expenses. The master flex lease could be reduced during the term if certain conditions are met. The ground lease and master flex lease each commenced during the first quarter of 2023. Other Related Party Transactions: In December, 2010, our Board of Directors approved the Company's entering into supplemental life insurance plans and agreements on the lives of Alan B. Miller (our Executive Chairman of the Board) and his wife. As a result of these agreements, as amended in October, 2016, based on actuarial tables and other assumptions, during the life expectancies of the insureds, we would pay approximately $28 million in premiums, and certain trusts owned by our Executive Chairman of the Board, would pay approximately $9 million in premiums. Based on the projected premiums mentioned above, and assuming the policies remain in effect until the death of the insureds, we will be entitled to receive death benefit proceeds of no less than approximately $37 million representing the $28 million of aggregate premiums paid by us as well as the $9 million of aggregate premiums paid by the trusts. In connection with these policies, we will pay or have paid approximately $1.0 million, net, in premium payments during 2024 and 2023. In August, 2015, Marc D. Miller, our President and Chief Executive Officer and member of our Board of Directors, was appointed to the Board of Directors of Premier, Inc. ("Premier"), a healthcare performance improvement alliance. During 2013, we entered into a new group purchasing organization agreement ("GPO") with Premier. In conjunction with the GPO agreement, we acquired a minority interest in Premier for a nominal amount. During the fourth quarter of 2013, in connection with the completion of an initial public offering of the stock of Premier, we received cash proceeds for the sale of a portion of our ownership interest in the GPO. Also in connection with this GPO agreement, we received shares of restricted stock of Premier which vested ratably over a seven-year period (2014 through 2020), contingent upon our continued participation and minority ownership interest in the GPO. During the third quarter of 2020, we entered into an agreement with Premier pursuant to the terms of which, among other things, our ownership interest in Premier was converted into shares of Class A Common Stock of Premier. We have elected to retain a portion of the previously vested shares of Premier, the market value of which is included in other assets on our condensed consolidated balance sheets. Based upon the closing price of Premier's stock on each respective date, the market value of our shares of Premier was approximately $45 million and $50 million as of September 30, 2024 and December 31, 2023, respectively. Any change in market value of our Premier shares since December 31, 2023 was recorded as an unrealized gain/loss in "Other (income) expense, net" in our condensed consolidated statements of income for the three and nine-month period ended September 30, 2024. Additionally, we received cash dividends from Premier amounting to approximately $470,000 for each of the three-month periods ended September 30, 2024 and 2023, and approximately $1.4 million for each of the nine-month periods ended September 30, 2024 and 2023. The dividends are included in "Other (income) expense, net" in our condensed consolidated statements of income. A member of our Board of Directors, Executive Committee and Finance Committee is a partner in Norton Rose Fulbright US LLP, a law firm engaged by us for a variety of legal services. The Board member and his law firm also provide personal legal services to our Executive Chairman and he acts as trustee of certain trusts for the benefit of our Executive Chairman and his family. 0.0570.00700.00700.00700.00701400000130000041000004000000300000100000914000670000575000567000170000017000000620000070000

The joint venture has three, 10-year renewal options at computed lease rates as stipulated in the lease (2041 through 2070) and two additional, 10-year renewal

options at fair market value lease rates (2071 through 2090). In each January through 2040 (and potentially through 2070 if three, 10-year renewal options are exercised), the annual rental will increase by 2.75% on a cumulative and compounded basis. 54850002026-12P5Y66390002026-12P5Y40720002033-12P35Y18410002033-12P35Y27750002040-12P50YP5Y2031P5Y20310.025P5YP5Y20342034206820680.0225P10Y20412070P10Y2071209030.027520.951P5Y2025-02-012030-01-312025-01-319790000.02203020440.022045205479500162400086000170O.681300000280000009000000370000002800000090000001000000100000P7Y201 (3) Other Noncurrent liabilities and Redeemable/Noncontrolling Interests Other noncurrent liabilities include the long-term portion of our professional and general liability, workers' compensation reserves, pension and deferred compensation liabilities, and liabilities incurred in connection with split-dollar life insurance agreements on the lives of our chief executive officer and his wife. As of September 30, 2024, outside owners held noncontrolling, minority ownership interests of: (i) approximately 7% in an acute care facility located in Texas; (ii) 49%, 20%, 30%, 20%, 25%, and 48% in six behavioral health care facilities located in Arizona, Pennsylvania, Ohio, Washington, Missouri, and Iowa, respectively, (iii) 26% and 49% in two behavioral health care facilities located in Michigan (one currently under construction with an expected opening in the second quarter of 2025) and; (iv) approximately 5% in an acute care facility and 49% in a surgery center, located in Nevada. The noncontrolling interest and redeemable noncontrolling interest balances of $75 million and $6 million, respectively, as of September 30, 2024, consist primarily of the third-party ownership interests in these hospitals. In connection with the two behavioral health care facilities located in Pennsylvania and Ohio, the minority ownership interests of which are reflected as redeemable noncontrolling interests on our consolidated balance sheets, the outside owners have "put options" to put their entire ownership interest to us at any time. If exercised, the put option requires us to purchase the minority member's interest at fair market value. Accordingly, the amounts recorded as redeemable noncontrolling interests on our consolidated balance sheets reflect the estimated fair market value of these ownership interests. 0.070.490.200.300.200.250.4860.260.4920.050.495000000060000000 (4) Treasury In September, 2024, we completed the following financing transactions: • The public offering of $500 million of aggregate principal amount of 4.625% senior secured notes due on October 15, 2029 ("2029 Notes"); • The public offering of $500 million of aggregate principal amount of 5.050% senior secured notes due on October 15, 2034 ("2034 Notes"); • Amended our credit agreement to: o Extend the maturity date to September, 2029 (from August, 2026 previously); <div class="item-list-element-wrapper" style="margin-left:9.065%;display:flex;margin-top:6pt;justify-content:flex-start;align-

items:baseline;margin-bottom:0;min-width:4.537%;text-align:left;">o Increase the revolving credit facility to $1.3 billion (from $1.2 billion previously), and; o reduce the outstanding borrowings pursuant to the tranche term loan A facility by approximately $1.0 billion, to $1.2 billion, utilizing the proceeds generated from the issuance of the above-mentioned 2029 Notes and 2034 Notes. On September 26, 2024, we entered into a tenth amendment ("Tenth Amendment") to our credit agreement ("Credit Agreement"), dated as of November 15, 2010, as amended and restated at various times from March, 2011 to June, 2022, among UHS, as borrower, the several banks and other financial institutions or entities from time to time parties thereto, as lenders, and JPMorgan Chase Bank, N.A., as administrative agent. The Tenth Amendment provided for: (i) an extension of the maturity date to September 26, 2029; (ii) a new revolving credit facility of up to $1.3 billion (which as of September 30, 2024, had $1.01 billion of aggregate available borrowing capacity, net of $288 million of outstanding borrowings and $3 million of letters of credit), and; (iii) a new replacement tranche A term loan facility ("Tranche A Term Loan") of up to $1.2 billion (which had $1.2 billion of outstanding borrowings as of September 30, 2024). Pursuant to the terms of the Tenth Amendment, the Tranche A Term Loan provides for installment payments of $7.5 million per quarter commencing on December 31, 2024 through September 30, 2026, and $15.0 million per quarter commencing on December 31, 2026 through June 30, 2029. The unpaid principal balance at June 30, 2029 (scheduled to be $975.0 million) is payable on the September 26, 2029 scheduled maturity date of the Credit Agreement. Revolving credit and Tranche A Term Loan borrowings under the Credit Agreement bear interest at our election at either (1) the ABR rate which is defined as the rate per annum equal to the greatest of (a) the lender's prime rate, (b) the weighted average of the federal funds rate, plus 0.5% and (c) one month term SOFR rate plus 1%, in each case, plus an applicable margin based upon our consolidated leverage ratio at the end of each quarter ranging from 0.25% to 0.625%, or (2) the one, three or six month term SOFR rate plus 0.1% (at our election), plus an applicable margin based upon our consolidated leverage ratio at the end of each quarter ranging from 1.25% to 1.625%. As of September 30, 2024, the applicable margins were 0.375% for ABR-based loans and 1.375% for SOFR-based loans under the revolving credit and term loan A facilities. The revolving credit facility includes a $125 million sub-limit for letters of credit. The Credit Agreement is secured by certain assets of the Company and our material subsidiaries (which generally excludes asset classes such as substantially all of the patient-related accounts receivable of our acute care hospitals, if sold to a receivables facility pursuant to the Credit Agreement, and certain real estate assets and assets held in joint-ventures with third parties) and is guaranteed by our material subsidiaries. The Credit Agreement includes a material adverse change clause that must be represented at each draw. The Credit Agreement also contains covenants that include a limitation on sales of assets, mergers, change of ownership, liens, indebtedness, transactions with affiliates, dividends and stock repurchases; and requires compliance with financial covenants including maximum leverage. We were in compliance with all required covenants as of September 30, 2024 pursuant to the terms of the Credit Agreement, as amended on September 26, 2024, and as of December 31, 2023 pursuant to the terms of the previous credit agreement. As mentioned above, on September 26, 2024, we completed the public offering of: (i) $500,000,000 aggregate principal amount of the 4.625%, 2029 Notes, and; (ii) $500,000,000 aggregate principal amount of the 5.050%, 2034 Notes (and together with the 2029 Notes, the "2029 and 2034 Notes"), each guaranteed on a senior secured basis by all of our existing and future direct and indirect subsidiaries that guarantee our senior secured credit facility or our other first lien obligations or any junior lien obligations (the "Subsidiary Guarantors"). The 2029 and 2034 Notes have been registered under the Securities Act of 1933, as amended (the "Securities Act"), pursuant to the

Issuer's and the Subsidiary Guarantors' registration statement on Form S-3 (File No. 333-282135), including the prospectus dated September 16, 2024, and a related prospectus supplement dated September 17, 2024, as filed with the Securities and Exchange Commission on September 19, 2024.</p><p style="font-size:10pt;margin-top:6pt;font-family:Times New Roman;margin-bottom:0;text-align:left;">As of September 30, 2024, including the above-mentioned newly issued Notes, we had combined aggregate principal of $3.0 billion from the following senior secured notes:</p><div class="item-list-element-wrapper" style="margin-left:4.528%;display:flex;margin-top:6pt;justify-content:flex-start;align-items:baseline;margin-bottom:0;min-width:4.537%;text-align:left;">•<div style="width:100%;display:inline;">$700 million aggregate principal amount of 1.65% senior secured notes due in September, 2026 ("2026 Notes") which were issued on August 24, 2021. Pursuant to the terms of the agreement, which was amended during the first quarter of 2022, we, among other things, transferred to the Trust, the real estate assets of Aiken Regional Medical Center ("Aiken") and Canyon Creek Behavioral Health ("Canyon Creek"). In connection with this transaction,

Aiken and Canyon Creek (as lessees), entered into a master lease and individual property leases, as amended, (with the Trust as lessor), for initial lease terms on each property of approximately twelve years, ending on December 31, 2033. As a result of our purchase option within the Aiken and Canyon Creek lease agreements, this asset purchase and sale transaction is accounted for as a failed sale leaseback in accordance with U.S. GAAP and we have accounted for the transaction as a financing arrangement. Our lease payments payable to the Trust are recorded to interest expense and as a reduction of the outstanding financial liability, and the amount allocated to interest expense is determined based upon our incremental borrowing rate and the outstanding financial liability. In connection with this transaction, our consolidated balance sheets at September 30, 2024 and December 31, 2023 reflect financial liabilities, which are included in debt, of approximately $75 million and $77 million, respectively. At September 30, 2024, the carrying value and fair value of our debt were approximately $4.7 billion and $4.4 billion, respectively. At December 31, 2023, the carrying value and fair value of our debt were approximately $4.9 billion and $4.6 billion, respectively. The fair value of our debt was computed based upon quotes received from financial institutions. We consider these to be “level 2” in the fair value hierarchy as outlined in the authoritative guidance for disclosures in connection with debt instruments. The aggregate scheduled maturities of our $4.7 billion total debt outstanding as of September 30, 2024 (before $21 million of unamortized financing costs), are as follows: (i) $38 million due during the next 12 months; (ii) $738 million due during months 13 to 24; (iii) $69 million due during months 25 to 36; (iv) $70 million due during months 37 to 48; (v) $1.3 billion due during months 49 to 60, and; (vi) $2.4 billion due in greater than 60 months. Foreign Currency Forward Exchange Contracts: We use forward exchange contracts to hedge our net investment in foreign operations against movements in exchange rates. The effective portion of the unrealized gains or losses on these contracts is recorded in foreign currency translation adjustment within accumulated other comprehensive income and remains there until either the sale or liquidation of the subsidiary. In connection with these forward exchange contracts, we recorded net cash outflows of $36 million during the nine-month period ended September 30, 2024 and net cash outflows of $8 million during the nine-month period ended September 30, 2023. The following fair value hierarchy classifies the inputs to valuation techniques used to measure fair value into one of three levels: • Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities. • Level 2: Inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly. These included quoted prices for similar assets or liabilities in active markets and quoted prices for identical or similar assets or liabilities in markets that are not active. <div

In addition, from time to time based upon marketplace conditions, we may elect to purchase additional commercial coverage for certain of our facilities or businesses. Our behavioral health care facilities located in the U.K. have policies through a commercial insurance carrier located in the U.K. that provides for £18.5 million of professional liability coverage, and £25 million of general liability coverage. The commercial insurance limits indicated above for each policy year may have been reduced due to payment of covered claims or suits, subject to the policy terms and conditions.</p><p style="font-size:10pt;margin-top:6pt;font-family:Times New Roman;margin-bottom:0;text-align:left;">As of September 30, 2024, the total net accrual for our self-insured professional and general liability claims was $480 million, of which $70 million was included in current liabilities. As of December 31, 2023, the total net accrual for our self-insured professional and general liability claims was $431 million, of which $70 million was included in current liabilities.</p><p style="font-size:10pt;margin-top:6pt;font-family:Times New Roman;margin-bottom:0;text-align:left;">As a result of unfavorable trends experienced during the past several years, included in our results of operations were increases to our reserves for self-insured professional and general liability claims amounting to approximately $30 million and $44 million during the three and nine-month periods ended September 30, 2024, respectively, and $5 million and $25 million during the three and nine-month periods ended September 30, 2023. Our estimated liability for self-insured professional and general liability claims is based on a number of factors including, among other things, the number of asserted claims and reported incidents, estimates of losses for these<span style="color:#000000;white-space:pre-wrap;font-

size:10pt;font-family:Times New Roman;min-width:fit-content;"> claims based on recent and historical settlement amounts, estimates of incurred but not reported claims based on historical experience, and estimates of amounts recoverable under our commercial insurance policies. While we continuously monitor these factors, our ultimate liability for professional and general liability claims could change materially from our current estimates due to inherent uncertainties involved in making this estimate. Given our significant self-insured exposure for professional and general liability claims, there can be no assurance that a sharp increase in the number and/or severity of claims asserted against us will not have a material adverse effect on our future results of operations. As of September 30, 2024, the total accrual for our workers' compensation liability claims was $136 million, $58 million of which was included in current liabilities. As of December 31, 2023, the total accrual for our workers' compensation liability claims was $130 million, $55 million of which was included in current liabilities. As a result of favorable trends experienced in prior years, included in our results of operations during the nine-month period ended September 30, 2023, was a pre-tax decrease to our reserves for self-insured workers' compensation liability claims of approximately $10 million (recorded during the second quarter of 2023). Although we are unable to predict whether or not our future financial statements will require updates to estimates for our prior year reserves for self-insured general and professional and workers' compensation claims, given the relatively unpredictable nature of these potential liabilities and the factors impacting these reserves, as discussed above, it is reasonably likely that our future financial results may include material adjustments to prior period reserves. As disclosed below in Legal Proceedings: • On March 28, 2024, a jury returned a verdict for compensatory damages of $60 million and punitive damages of $475 million and a related judgment was entered against The Pavilion Behavioral Health System (the "Pavilion"), an indirect subsidiary of the Company. In an order dated October 10, 2024, the trial court ordered a remittitur of punitive damages from $475 million to $120 million. The court denied the Pavilion's request for reduction of compensatory damages. The Pavilion intends to appeal the remaining judgment. • Cumberland Hospital for Children and Adolescents ("Cumberland"), an indirect subsidiary of the Company, is a defendant in multi-plaintiff lawsuits filed in the Circuit Court for Richmond, Virginia (the "Cumberland Litigation"), relating to allegations of inappropriate sexual contact during medical examinations by Dr. Daniel Davidow, an independent contractor and the former medical director for Cumberland. The Company and UHS of Delaware, Inc., our administrative services subsidiary ("UHS Delaware"), were also named as co-defendants in the Cumberland Litigation. Plaintiffs have asserted claims of negligence, assault and battery (against Dr. Davidow), false imprisonment, violations of the Virginia Consumer Protection Act ("VCPA"), and vicarious liability for Dr. Davidow's conduct against Cumberland, the Company, and UHS Delaware. The Company and UHS Delaware were dismissed from the action during the trial, which occurred in September, 2024. On September 27, 2024, a jury entered a verdict finding Dr. Davidow and Cumberland liable and awarded these three plaintiffs combined compensatory damages of $60 million for all liability theories, an additional combined $180 million in trebled damages for violation of the VCPA, and an additional combined $120 million in punitive damages. Cumberland is evaluating all legal options and intends to challenge this verdict, including the amounts awarded in the verdict, in post-trial proceedings and on appeal. Based upon Virginia law, we expect that the punitive damage amount should be reduced to a combined maximum of $1.05 million as a matter of law. There are approximately 40 additional plaintiffs making similar allegations with claims pending in the Cumberland Litigation. We are uncertain as to the ultimate financial exposure related to the above-mentioned Cumberland and Pavilion matters and we can make no assurances regarding their outcomes, or the amounts of damages that may be held recoverable after post-judgment proceedings and appeals. While Cumberland and Pavilion have professional liability insurance to cover a portion of these amounts, the resolution of these matters may have a material adverse effect on the Company. Without reduction for any potential amounts related to the above-mentioned Cumberland and Pavilion matters, the Company and its subsidiaries have aggregate insurance coverage of approximately $221 million remaining under commercial policies for matters applicable to the 2020 policy year (in excess of the applicable self-insured retention amounts of $10 million per occurrence for professional liability claims and $3 million per occurrence for general liability claims). In the event the resolution of the Cumberland and/or Pavilion matters exhausts all or a significant portion of the remaining commercial insurance coverage available to the Company and its subsidiaries for claims that occurred in 2020 (the applicable year for the Pavilion matter and substantially all of the Cumberland matters, as discussed above), or it requires the posting of large bonds or other collateral during appeal processes, our future results of operations and capital resources could be materially adversely impacted. Property Insurance We have commercial property insurance policies for our properties, covering the period of June 1, 2024 to June 1, 2025, providing property and business interruption coverage for losses in excess of $<span style="font-

size:10pt;font-family:Times New Roman;color:#000000;white-space:pre-wrap;min-width:fit-content;">15 million per occurrence or per location (as applicable based upon the event) up to a $1 billion annual policy limitation for certain catastrophic events or perils. These commercial policies provide for coverage of up to $250 million of annual aggregate coverage for losses resulting from windstorm damage. Losses resulting from named windstorms are subject to deductibles between 3% and 5% of the total insurable value of the property. In addition, we have commercial property insurance policies covering catastrophic losses resulting from earthquake and flood damage, each subject to aggregated loss limits (as opposed to per occurrence losses). Commercially insured earthquake coverage for our facilities is subject to various deductibles and limitations including: (i) $100 million limitation for our facilities located in California, New Madrid Seismic Zone, Pacific Northwest Seismic Zone, Alaska and certain counties in Nevada; (ii) $100 million limitation for our facilities located in fault zones within the United States; (iii) $40 million limitation for our facilities located in Puerto Rico, and; (iv) $250 million limitation for many of our facilities located in other states. Our commercially insured flood coverage has a limit of $100 million annually. There is also a $10 million sublimit for one of our facilities located in Houston, Texas, and a $1 million sublimit for our facilities located in Puerto Rico. In addition, subject to the underlying policies' deductible provisions, our facilities located in California, New Madrid Seismic Zone, Pacific Northwest Seismic Zone, Alaska and certain counties in Nevada, have $50 million of excess commercial property insurance coverage for earthquake losses in excess of $100 million. Property insurance for our behavioral health facilities located in the U.K. are provided on an all risk basis up to a £1.5 billion policy limit, with coverage caps per location, that includes coverage for real and personal property as well as business interruption losses. These commercial policies are subject to a deductible of: (i) $5 million per location for damage resulting from earthquake, wind, hail and flood, and; (ii) $5 million per occurrence for all other events. For per location or per occurrence losses in excess of the applicable deductible, we are self-insured, through our wholly-owned captive insurance company, for up to $10 million of annual aggregate losses. Should the $10 million self-insured annual aggregate limitation be exhausted during the policy year, we have commercial insurance coverage for the next $30 million of annual aggregate losses in excess of the applicable deductible. In the event the $30 million of commercial coverage is also exhausted, we are self-insured for all per location or per occurrence losses up to $25 million, including the $5 million deductible. Commitment to Develop, Lease and Operate an Acute Care Hospital in Washington, D.C. During 2020, we entered into various agreements with the District of Columbia (the “District”) related to the development, leasing and operation of an acute care hospital and certain other facilities/structures on land owned by the District (“District Facilities”). The agreements contemplate that we will serve as manager for development and construction of the District Facilities on behalf of the District, with a projected aggregate cost of approximately $439 million, approximately $295 million of which was incurred as of September 30, 2024, which will be entirely funded by the District. Construction of the District Facilities is expected to be completed in the Spring of 2025. Upon completion of the District Facilities, we will lease the District Facilities for a nominal rental amount for a period of 75 years and are obligated to operate the District Facilities during the lease term. We have certain lease termination rights in connection with the District Facilities beginning on the tenth anniversary of the lease commencement date for various and decreasing amounts as provided for in the agreements. Additionally, any time after the 10th anniversary of the lease term, we have a right to purchase the District Facilities for a price equal to the greater of fair market value of the District Facilities or the amount necessary to defease the bonds issued by the District to fund the construction of the District Facilities. The lease agreement also entitles the District to participation rent should certain specified earnings before interest, taxes, depreciation and amortization thresholds be achieved by the acute care hospital. Additionally, we have committed to expend no less than $75

million (approximately $12 million of which has been incurred as of September 30, 2024), over a projected 12-year period, in healthcare infrastructure including expenditures related to the District Facilities as well as other healthcare related expenditures in certain specified areas of Washington, D.C. Pursuant to the agreements, the District is entitled to certain termination fees and other amounts as specified in the agreements in the event we, within certain specified periods of time, cease to operate the acute care hospital or there is a transfer of control of us or our subsidiary operating the hospital. Legal Proceedings We operate in a highly regulated and litigious industry which subjects us to various claims and lawsuits in the ordinary course of business as well as regulatory proceedings and government investigations. These claims or suits include claims for damages for personal injuries, medical malpractice, commercial/contractual disputes, wrongful restriction of, or interference with, physicians' staff privileges, and employment related claims. In addition, health care companies are subject to investigations and/or actions by various state and federal governmental agencies or those bringing claims on their behalf. Government action has increased with respect to investigations and/or allegations against healthcare providers concerning possible violations of fraud and abuse and false claims statutes as well as compliance with clinical and operational regulations. Currently, and from time to time, we and some of our facilities are subjected to inquiries in the form of subpoenas, Civil Investigative Demands, audits and other document requests from various federal and state agencies. These inquiries can lead to notices and/or actions including repayment obligations from state and federal government agencies associated with potential non-compliance with laws and regulations. Further, the federal False Claims Act allows private individuals to bring lawsuits (qui tam actions) against healthcare providers that submit claims for payments to the government. Various states have also adopted similar statutes. When such a claim is filed, the government will investigate the matter and decide if they are going to intervene in the pending case. These qui tam lawsuits are placed under seal by the court to comply with the False Claims Act's requirements. If the government chooses not to intervene, the private individual(s) can proceed independently on behalf of the government. Health care providers that are found to violate the False Claims Act may be subject to substantial monetary fines/penalties as well as face potential exclusion from participating in government health care programs or be required to comply with Corporate Integrity Agreements as a condition of a settlement of a False Claims Act matter. In September 2014, the Criminal Division of the Department of Justice ("DOJ") announced that all qui tam cases will be shared with their Division to determine if a parallel criminal investigation should be opened. The DOJ has also announced an intention to pursue civil and criminal actions against individuals within a company as well as the corporate entity or entities. In addition, health care facilities are subject to monitoring by state and federal surveyors to ensure compliance with program Conditions of Participation. In the event a facility is found to be out of compliance with a Condition of Participation and unable to remedy the alleged deficiency(s), the facility faces termination from the Medicare and Medicaid programs or compliance with a System Improvement Agreement to remedy deficiencies and ensure compliance. The laws and regulations governing the healthcare industry are complex covering, among other things, government healthcare participation requirements, licensure, certification and accreditation, privacy of patient information, reimbursement for patient services as well as fraud and abuse compliance. These laws and regulations are constantly evolving and expanding. Further, the original Patient Protection and Affordable Care Act, as amended by the Health and Education Reconciliation Act, has added additional obligations on healthcare providers to report and refund overpayments by government healthcare programs and authorizes the suspension of Medicare and Medicaid payments "pending an investigation of a credible allegation of fraud." We monitor our business and have developed an ethics and compliance program with respect to these complex laws, rules and regulations. Although we believe our policies, procedures and practices comply with government regulations, there is no assurance that we will not be faced with the sanctions referenced above which include fines, penalties and/or substantial damages, repayment obligations, payment suspensions, licensure revocation, and expulsion from government healthcare programs. Even if we were to ultimately prevail in any action brought against us or our facilities or in responding to any inquiry, such action or inquiry could have a material adverse effect on us. Certain legal matters are described below: Knight v. Miller, et. al. In July 2021, a shareholder derivative lawsuit was filed by plaintiff, Robin Knight, in the Chancery Court in Delaware against the members of the Board of Directors of the Company as well as certain officers (C.A. No.: 2021-0581-SG). The Company was named as a nominal defendant. The lawsuit alleged that in March 2020 stock options were awarded with exercise prices that did not reflect the Company's fundamentals and business prospects, and in anticipation of future market rebound resulting in excessive gains. The lawsuit made claims of breaches of fiduciary duties, waste of corporate assets, and unjust enrichment. The lawsuit sought monetary damages allegedly incurred by the Company, disgorgement of the March 2020 stock awards as well as any proceeds derived therefrom and unspecified equitable relief. Defendants denied the allegations. We filed a motion to dismiss the complaint and the court granted part and denied part of our motion. During the third quarter of 2022, we reached a preliminary settlement, which would not have had a material impact on our consolidated financial statements. The settlement required court approval which the court declined to provide. Our Board of Directors authorized the formation of a Special Litigation Committee ("SLC") to review the matter and determine whether it was in the best interests of the Company to pursue this claim. The court stayed the litigation while the SLC conducted their review. According to the SLC's status letter to the Court of Chancery, dated April 15, 2024, after a thorough examination of documentary evidence, interviews with relevant persons, and a review of the applicable law, the SLC determined that the claims asserted in the shareholder derivative lawsuit did not have merit and that pursuing them would not be in the interest of the Company. The SLC further advised the court that the SLC concluded that the claims should be dismissed. The parties jointly filed a stipulation with the court requesting dismissal of the case. After a preliminary hearing on the matter, the court requested a revised stipulation be filed which was prepared and filed with the court. During the third quarter of 2024, the court entered the stipulation dismissing the case and the matter has been concluded. Disproportionate Share Hospital Payment Matter: In late September, 2015, many hospitals in Pennsylvania, including certain of our behavioral health care hospitals located in the state, received letters from the Pennsylvania Department of Human Services (the "Department") demanding repayment of allegedly excess Medicaid Disproportionate Share Hospital payments ("DSH"), primarily consisting of managed care payments characterized as DSH payments, for the federal fiscal year ("FFY") 2011 amounting to approximately $4 million in the aggregate. Since that time, certain of our behavioral health care hospitals in Pennsylvania have received similar requests for repayment for alleged DSH overpayments for FFYs 2012 through 2015. For FFY 2012, the claimed overpayment amounts to approximately $4 million. For FY 2013, FY 2014 and FY 2015 the initial claimed overpayments and attempted recoupment by the Department were approximately $7 million, $8 million and $7 million, respectively. The Department has agreed to a change in methodology which, upon confirmation of the underlying data being accepted by the Department, could reduce the initial claimed overpayments for FY 2013, FY 2014 and FY 2015 to approximately $2 million, $2 million and $3 million, respectively. We filed administrative appeals for all of our facilities contesting the

recoupment efforts for FFYs 2011 through 2015 as we believe the Department's calculation methodology is inaccurate and conflicts with applicable federal and state laws and regulations. The Department agreed to postpone the recoupment of the state's share for FFY 2011 to 2013 until all hospital appeals are resolved but recouped the federal share. For FFY 2014 and FFY 2015, the Department initiated the recoupment of the alleged overpayments (both federal and state shares). Starting in FY 2016, the first full fiscal year after the January 1, 2015 effective date of Medicaid expansion in Pennsylvania, the Department no longer characterized managed care payments received by the hospitals as DSH payments. While the administrative appeals on the disputed DSH payments remain pending, we have been in continued settlement discussions with the Department. As a part of these discussions, we have presented certain calculation errors that we believe, if corrected, could materially reduce the alleged overpayments. We have recently reached a settlement in principle with the Department that will result in a partial repayment to us of amounts previously recouped. The parties are in the process of drafting a definitive settlement agreement codifying our agreement to conclude this matter. In the event that we are unable to complete the settlement agreement, we will continue with our administrative appeals. We can provide no assurance that we will ultimately be successful in our legal and administrative appeals related to the Department's repayment demands in the event the pending settlement is not finalized and we are unable to assess liability or damages with certainty at this time. If our legal and administrative appeals are unsuccessful, our future consolidated results of operations and financial condition could be adversely impacted by these repayments. Rachel Capriglione, as natural mother and Next Friend of A.T., a minor, Plaintiff, v. The Pavilion Foundation d/b/a The Pavilion Behavioral Health System As previously reported on Form 8-K, as filed on April 1, 2024, the Pavilion Behavioral Health System (the "Pavilion"), an indirect subsidiary of the Company, is the sole defendant in a lawsuit filed in Champaign County, Illinois, relating to the sexual assault of one minor patient by another minor patient in 2020. Plaintiff asserted claims of negligence and misrepresentation. The Pavilion denied any liability. The case went to trial in March of 2024. On March 28, 2024, a jury rejected the misrepresentation claim, returned a verdict for ordinary negligence, and awarded compensatory damages of $60 million and punitive damages of $475 million. Based on a search of verdicts in comparable cases, the magnitude of this verdict was unexpected and is unprecedented for a single-plaintiff injury case of this type in Champaign County, Illinois. The Pavilion filed post-trial motions, among other items, contesting the excessiveness of the damage awards. As previously reported on Form 8-K, as filed on October 11, 2024, in an order dated October 10, 2024, the trial court ordered a remittitur of punitive damages from $475 million to $120 million. The court denied the Pavilion's request for reduction of compensatory damages. Pursuant to Illinois law and procedure, plaintiff had 21 days from the date of the order to either accept the remittitur of the punitive damages or refuse the remittitur, which would have resulted in further legal proceedings. Plaintiff accepted the remittitur by the trial court while reserving all rights to appeal the remittitur. The Pavilion intends to appeal the remaining judgment. Although we can make no assurances regarding the ultimate outcome of this matter, or what damages will ultimately be awarded, its final resolution could have a material adverse effect on the Company K.E.E., et al., Plaintiffs v. Cumberland Hospital, LLC d/b/a Cumberland Hospital for Children and Adolescents, et al. (and related lawsuits) Cumberland Hospital for Children and Adolescents ("Cumberland"), an indirect subsidiary of the Company, is a defendant in multi-plaintiff lawsuits filed in the Circuit Court for Richmond, Virginia (the "Cumberland Litigation"), relating to allegations of inappropriate sexual contact during medical examinations by Dr. Daniel Davidow, an independent contractor and the former medical director for Cumberland. The Company and UHS of Delaware, Inc., our administrative services subsidiary ("UHS Delaware"), were also named as co-defendants in the Cumberland Litigation. Plaintiffs have asserted claims of negligence, assault and battery (against Dr. Davidow), false imprisonment, violations of the Virginia Consumer Protection Act ("VCPA"), and vicarious liability for Dr. Davidow's conduct against Cumberland, the Company, and UHS Delaware. All defendants have denied liability. The claims asserted by three of the plaintiffs in the Cumberland Litigation were consolidated for trial in September of 2024. The Company and UHS Delaware were dismissed from the action during trial. As previously reported on Form 8-K, as filed on September 30, 2024, on September 27, 2024, a jury entered a verdict finding Dr. Davidow and Cumberland liable and awarded these three plaintiffs combined compensatory damages of $60 million for all liability theories, an additional combined $180 million in trebled damages for violation of the VCPA, and an additional combined $120 million in punitive damages. Cumberland is evaluating all legal options and intends to challenge this verdict, including the amounts awarded in the verdict, in post-trial proceedings and on appeal. Based upon Virginia law, we expect that the punitive damage amount should be reduced to a combined maximum of $1.05 million as a matter of law. There are approximately 40 additional plaintiffs making similar allegations with claims pending in the Cumberland Litigation. Although we can make no assurances regarding the ultimate outcomes of the various claims made in connection with the Cumberland Litigation, or what damages will ultimately be awarded, the final resolution of these matters could have a material adverse effect on the Company Other Matters: Various other suits, claims and investigations, including government subpoenas, arising against, or issued to, us are pending and additional such matters may arise in the future. The outcome of any current or future litigation or governmental or internal investigations, including the matters described above, cannot be accurately predicted, nor can we predict any resulting penalties, fines or other sanctions that may be imposed at the discretion of federal or state regulatory authorities. We record accruals for such contingencies to the extent that we conclude it is probable that a liability has been incurred and the amount of the loss can be reasonably estimated. No estimate of the possible loss or range of loss in excess of amounts accrued, if any, can be made at this time regarding the matters described above or that are otherwise pending because the inherently unpredictable nature of legal proceedings may be exacerbated by various factors, including, but not limited to: (i) the damages sought in the proceedings are unsubstantiated or indeterminate; (ii) discovery is not complete; (iii) the matter is in its early stages; (iv) the matters present legal uncertainties; (v) there are significant facts in dispute; (vi) there are a large number of parties, or; (vii) there is a wide range of potential outcomes. It is possible that the outcome of these matters could have a material adverse impact on our future results of operations, financial position, cash flows and, potentially, our reputation.

The “Other” segment column below includes centralized services including, but not limited to, information technology, purchasing, reimbursement, accounting and finance, taxation, legal, advertising and design and construction. The chief operating decision making group for our acute care services and behavioral health care services is comprised of our Chief Executive Officer and the Presidents of each operating segment. The Presidents for each operating segment also manage the profitability of each respective segment’s various facilities. The operating segments are managed separately because each operating segment represents a business unit that offers different types of healthcare services or operates in different healthcare environments. The accounting policies of the operating segments are the same as those described in the summary of significant accounting policies included in our Annual Report on Form 10-K for the year ended December 31, 2023. The corporate overhead allocations, as reflected below, are utilized for internal reporting purposes and are comprised of each period’s projected corporate-level operating expenses (excluding interest expense). The overhead expenses are captured and allocated directly to each segment, to the extent possible, based upon each segment’s respective percentage of total operating expenses. <table style="margin-left:auto;border-spacing:0;table-layout:fixed;width:100.0%;border-collapse:separate;margin-right:auto;"> <tr style="visibility:collapse;"> <td style="width:50.01%;box-sizing:content-box;"></td> <td style="width:1.16%;box-sizing:content-box;"></td> <td style="width:1%;box-sizing:content-box;"></td> <td style="width:9.162%;box-sizing:content-box;"></td> <td style="width:1%;box-sizing:content-box;"></td> <td style="width:1.16%;box-sizing:content-box;"></td> <td style="width:1%;box-sizing:content-box;"></td> <td style="width:9.162%;box-sizing:content-box;"></td> <td style="width:1%;box-sizing:content-box;"></td> <td style="width:1.16%;box-sizing:content-box;"></td> <td style="width:1%;box-sizing:content-box;"></td> <td style="width:9.162%;box-sizing:content-box;"></td> <td style="width:1%;box-sizing:content-box;"></td> <td style="width:1.16%;box-sizing:content-box;"></td> <td style="width:1%;box-sizing:content-box;"></td> <td style="width:9.862%;box-sizing:content-box;"></td> <td style="width:1%;box-sizing:content-box;"></td> </tr> <tr style="height:7pt;background-color:#ffffff;white-space:pre-wrap;word-break:break-word;"> <td style="vertical-align:bottom;"> </td> <td style="vertical-align:bottom;"> </td> <td colspan="14" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> Three months ended September 30, 2024 </td> <td style="vertical-align:bottom;border-bottom:0.5pt solid #ffffff03;text-align:left;"> </td> </tr> <tr style="height:7pt;background-color:#ffffff;white-space:pre-wrap;word-break:break-word;"> <td style="vertical-align:bottom;"> </td> <td style="vertical-align:bottom;"> </td> <td colspan="2" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> Acute Care

The decrease in the effective tax rates during the three and nine-month period ended September 30, 2024, as compared to the comparable periods of 2023, was primarily due to favorable changes of $4 million and $16 million, respectively, in the net tax benefit recognized from employee share-based payments, net of the impact of executive compensation limitations pursuant to IRC section 162(m). <span style="color:#000000;white-space:pre-wrap;font-size:10pt;font-family:Times

New Roman;min-width:fit-content;">As of January 1, 2024, our unrecognized tax benefits were approximately $2 million. The amount, if recognized, that would favorably affect the effective tax rate is approximately $2 million. During the nine months ended September 30, 2024, changes to the estimated liabilities for uncertain tax positions (including accrued interest) relating to tax positions taken during prior and current periods did not have a material impact on our financial statements. We recognize accrued interest and penalties associated with uncertain tax positions as part of the tax provision. As of September 30, 2024, we have less than $1 million of accrued interest and penalties. The U.S. federal statute of limitations remains open for 2020 and subsequent years. Foreign and U.S. state and local jurisdictions have statutes of limitations generally ranging from 3 to 4 years. The statute of limitations on certain jurisdictions could expire within the next twelve months. It is reasonably possible that the amount of uncertain tax benefits will change during the next 12 months, however, it is anticipated that any such change, if it were to occur, would not have a material impact on our results of operations. We operate in multiple jurisdictions with varying tax laws. We are subject to audits by any of these taxing authorities. We believe that adequate accruals have been provided for federal, foreign and state taxes. 0.2210.2380.220.2424000000160000002000000200000010000000P3YP4Yexpire within the next twelve monthsP12M (12) Revenue We recognize revenue when we transfer promised goods or services to customers in an amount that reflects the consideration to which we expect to be entitled in exchange for those goods or services. Our estimate for amounts not expected to be collected based on historical experience will continue to be recognized as a reduction to net revenue. However, subsequent changes in estimate of collectability due to a change in the financial status of a payer, for example a bankruptcy, will be recognized as bad debt expense in operating charges. The performance obligation is separately identifiable from other promises in the customer contract. As the performance obligations are met (i.e. room, board, ancillary services, level of care), revenue is recognized based upon allocated transaction price.The transaction price is allocated to separate performance obligations based upon the relative standalone selling price. In instances where we determine there are multiple performance obligations across multiple months, the transaction price will be allocated by applying an estimated implicit and explicit rate to gross charges based on the separate performance obligations. In assessing collectability, we have elected the portfolio approach. This portfolio approach is being used as we have large volume of similar contracts with similar classes of customers. We reasonably expect that the effect of applying a portfolio approach to a group of contracts would not differ materially from considering each contract separately. Management’s judgment to group the contracts by portfolio is based on the payment behavior expected in each portfolio category. As a result, aggregating all of the contracts (which are at the patient level) by the particular payer or group of payers, will result in the recognition of the same amount of revenue as applying the analysis at the individual patient level. We group our revenues into categories based on payment behaviors. Each component has its own reimbursement structure which allows us to disaggregate the revenue into categories that share the nature and timing of payments. The other patient revenue consists primarily of self-pay, government-funded non-Medicaid, and other. The following table disaggregates our revenue by major source for the three and nine-month periods ended September 30, 2024 and 2023 (in thousands): <table style="margin-left:auto;border-spacing:0;table-layout:fixed;width:100.0%;border-collapse:separate;margin-right:auto;"><tr style="visibility:collapse;"><td style="width:34.86%;box-sizing:content-box;"></td><td style="width:1%;box-sizing:content-box;"></td><td style="width:7.68%;box-sizing:content-box;"></td><td style="width:1%;box-sizing:content-box;"></td><td style="width:1%;box-sizing:content-box;"></td><td style="width:3.94%;box-sizing:content-box;"></td><td style="width:1%;box-sizing:content-box;"></td><td style="width:2.52%;box-sizing:content-box;"></td><td style="width:1%;box-sizing:content-box;"></td><td style="width:9.16%;box-sizing:content-box;"></td><td style="width:1%;box-sizing:content-box;"></td><td style="width:1%;box-sizing:content-box;"></td><td style="width:4.08%;box-sizing:content-box;"></td><td style="width:1%;box-sizing:content-box;"></td><td style="width:2.52%;box-sizing:content-box;"></td><td style="width:1%;box-sizing:content-box;"></td><td style="width:6.3%;box-sizing:content-box;"></td><td style="width:1%;box-sizing:content-box;"></td><td style="width:2.52%;box-sizing:content-box;"></td><td style="width:1%;box-sizing:content-box;"></td><td style="width:8.34%;box-sizing:content-box;"></td><td style="width:1%;box-sizing:content-box;"></td><td style="width:1%;box-sizing:content-box;"></td><td style="width:4.08%;box-sizing:content-box;"></td><td style="width:1%;box-sizing:content-box;"></td></tr><tr style="height:9pt;background-color:#ffffff;white-space:pre-wrap;word-break:break-word;"><td style="vertical-align:bottom;"> </td><td colspan="23" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;text-align:left;"> For the three months ended September 30, 2024 </td><td style="vertical-align:bottom;border-bottom:0.5pt solid #ffffff03;text-align:left;"> </td></tr><tr style="height:9pt;background-color:#ffffff;white-space:pre-wrap;word-break:break-word;text-align:left;"><td style="vertical-align:bottom;"> </td><td colspan="5" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;"> Acute Care </td><td style="vertical-align:bottom;border-bottom:0.5pt solid #ffffff03;"> </td><td style="vertical-align:bottom;"> </td><td colspan="5" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;"> Behavioral Health </td><td style="vertical-align:bottom;border-bottom:0.5pt solid #ffffff03;"> </td><td style="vertical-align:bottom;"> </td><td colspan="2" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;"> Other </td><td style="vertical-align:bottom;border-bottom:0.5pt solid #ffffff03;"> </td><td style="vertical-align:bottom;"> </td><td colspan="5" style="vertical-align:bottom;border-bottom:0.5pt solid #000000;"><p style="font-size:9pt;margin-top:0;font-family:Times New Roman;margin-bottom:0;text-

style="font-size:10pt;margin-top:6pt;font-family:Times New Roman;margin-bottom:0;text-align:justify;">(13) Lease Accounting Our operating leases are primarily for real estate, including

certain acute care facilities, off-campus outpatient facilities, medical office buildings, and corporate and other administrative offices. Our real estate lease agreements typically have initial terms of five to ten years. These real estate leases may include one or more options to renew, with renewals that can extend the lease term from five to ten years. The exercise of lease renewal options is at our sole discretion. When determining the lease term, we included options to extend or terminate the lease when it is reasonably certain that we will exercise that option. Five of our hospital facilities are held under operating leases with Universal Health Realty Income Trust with two leases expiring in 2026, two expiring in 2033 and one expiring in 2040 (for additional disclosure, see Note 2 to the Consolidated Financial Statements-Relationship with Universal Health Realty Income Trust and Other Related Party Transactions). We are also the lessee of the real property of certain facilities from unrelated third parties.
