Hollysys Announces Expected Completion Date of Merger Transaction with Ascendent Capital Partners

BEIJING, July 18, 2024 /PRNewswire/ — Hollysys Automation Technologies Ltd. (NASDAQ: HOLI) ("Hollysys" or the "Company") today announced that it expects to complete its merger transaction with a buyer controlled by Ascendent Capital Partners as soon as July 25, 2024.

The parties have successfully obtained all necessary approvals and expect to satisfy (or obtain waiver of) all closing conditions by this anticipated closing date. The Company has notified Nasdaq of its intention to delist its shares from the NASDAQ Global Select Market on that date or shortly thereafter.

About Hollysys Automation Technologies Ltd.

Hollysys is a leading automation control system solutions provider in China, with overseas operations in eight other countries and regions throughout Asia. Leveraging its proprietary technology and deep industry know-how, Hollysys empowers its customers with enhanced operational safety, reliability, efficiency, and intelligence which are critical to their businesses. Hollysys derives its revenues mainly from providing integrated solutions for industrial automation and rail transportation. In industrial automation, Hollysys delivers the full spectrum of automation hardware, software, and services spanning field devices, control systems, enterprise manufacturing management and cloud-based applications. In rail transportation, Hollysys provides advanced signaling control and SCADA (Supervisory Control and Data Acquisition) systems for high-speed rail and urban rail (including subways). Founded in 1993, with technical expertise and innovation, Hollysys has grown from a research team specializing in automation control in the power industry into a group providing integrated automation control system solutions for customers in diverse industry verticals. As of June 30, 2023, Hollysys had cumulatively carried out more than 45,000 projects for approximately 23,000 customers in various sectors including power, petrochemical, high-speed rail, and urban rail, in which Hollysys has established leading market positions.
