financial statements at that date. The results of operations for the three and nine months ended September 30, 2024 are not necessarily indicative of the results that may be expected for the fiscal year ending December 31, 2024. Â The accompanying condensed consolidated financial statements have been prepared assuming that the Company will continue as a going concern. The Company has not generated revenue or cash flow from operations since inception. As of September 30, 2024, the Company had a working capital of $67,820 which is not expected to be sufficient to fund the Companyâ€™s planned operations for the next 12 months. These factors raise substantial doubt regarding the Companyâ€™s ability to continue as a going concern. The Companyâ€™s ability to continue as a going concern is dependent upon the Companyâ€™s ability to raise sufficient financing to acquire or commercialize its products into a profitable business. The Company intends to finance its commercialization activities and its working capital needs largely from the sale of equity securities and/or with additional funding from other traditional financing sources until such time that funds provided by operations are sufficient to fund working capital requirements. The unaudited condensed consolidated financial statements of the Company do not include any adjustments relating to the recoverability and classification of recorded assets, or the amounts and classifications of liabilities that might be necessary should the Company be unable to continue as a going concern. Â The Companyâ€™s fiscal year ends on December 31. Â On April 13, 2022, the Companyâ€™s Initial Public Offering was deemed effective with trading commencing on April 14, 2022. The Company received net proceeds of $14.2 million on April 19, 2022 (See Note 7). Â Effective October 16, 2024, the Company completed a 1 for 22 reverse split, whereby for each 22 shares of common stock the Company issued one share of common stock . All share, other equity instruments and per share information in the accompanying condensed consolidated financial statements and footnotes have been retroactively adjusted for the effects of the reverse split for all periods presented. Â Note 2. Summary of Significant Accounting Policies Â Basis of Presentation Â The accompanying condensed consolidated financial statements have been prepared by the Company in accordance with generally accepted accounting principles (â€œGAAPâ€) in the United States (â€œU.S.â€) and are expressed in U.S. dollars. Â 7 Â Â SHARPS TECHNOLOGY, INC. NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS FOR THE THREE AND NINE MONTHS ENDED SEPTEMBER 30, 2024 AND 2023 Â Note 2. Summary of Significant Accounting Policies (continued) Â Use of Estimates Â The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates. As of September 30, 2024, the most significant estimates relate to derivative liabilities, stock-based compensation, long-lived asset impairments and accounting for debt and equity financing. Â Cash and Cash Equivalents Â The Company considers all highly liquid investments purchased with an original or remaining maturity of three months or less at the date of purchase to be cash equivalents. Cash and cash equivalents are maintained with various financial institutions. At September 30, 2024 and December 31, 2023, the Company had no cash equivalents. Â Inventories Â The Company values inventory at the lower of cost (average cost) or net realizable value. Work-in-process and finished goods inventories consist of material, labor, and manufacturing overhead. Net realizable value is the estimated selling price in the ordinary course of business, less reasonably predictable costs of completion, disposal, and transportation. A reserve is established for any excess or obsolete inventories or they may be written off. At September 30, 2024, and December 31, 2023, inventory is comprised of raw materials, including packaging, work in process (components) and finished goods. Â Fair Value Measurements Â ASC 820, Fair Value Measurements and Disclosures, requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. ASC 820 establishes a fair value hierarchy based on the level of independent, objective evidence surrounding the inputs used to measure fair value. A financial instrumentâ€™s categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. ASC 820 prioritizes the inputs into three levels that may be used to measure fair value. Â The Companyâ€™s outstanding warrants are valued on a recurring basis with the trading price which could cause fluctuations in operating results at the reporting periods. Â Level 1 Â Level 1 applies to assets or liabilities for which there are quoted prices in active markets for identical assets or liabilities. Valuations are based on quoted prices that are readily and regularly available in an active market and do not entail a significant degree of judgment. Â Level 2 Â Level 2 applied to assets or liabilities for which there are other than Level 1 observable inputs such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical assets or liabilities in markets with insufficient volume or infrequent transactions (less active markets); or model-derived valuations in which significant inputs are observable or can be derived principally from, or corroborated by, observable market data. Â Level 2 instruments require more management judgment and subjectivity as compared to Level 1 instruments. For instance: determining which instruments are most similar to the instrument being priced requires management to identify a sample of similar securities based on the coupon rates, maturity, issuer credit rating and instrument type, and subjectively select an individual security or multiple securities that are deemed most similar to the security being priced; and determining whether a market is considered active requires management judgment. Â 8 Â Â SHARPS TECHNOLOGY, INC. NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS FOR THE THREE AND NINE MONTHS ENDED SEPTEMBER 30, 2024 AND 2023 Â Note 2. Summary of Significant Accounting Policies (continued) Â Level 3 Â Level 3 applied to assets or liabilities for which there are unobservable inputs to the valuation methodology that are significant to the measurement of the fair value of the assets or liabilities. The determination for Level 3 instruments requires the most management judgment and subjectivity. Â Fixed Assets Â Fixed assets are stated at cost. Expenditures for maintenance and repairs are charged to operations as incurred. The Companyâ€™s fixed assets consist of land, building, machinery and equipment, molds and website. Depreciation is calculated using the straight-line method commencing on the date the asset is operating in the way intended by management over the following useful lives: Building â€“ 20 years, Machinery and Equipment â€“ 3 - 10 years and Website and Computer Systems â€“ 3 years. The expected life for Molds is based on the lesser of the number of parts that will be produced based on the expected mold capability or 5 years. Â Impairment of Long-Lived Assets Â Long-lived assets are reviewed for impairment or whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability is measured by comparison of the carrying amount of an asset group to the future net undiscounted cash flows that the assets are expected to generate. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the assets exceeds the projected discounted future net cash flows arising from the asset. Â There were no impairment losses recognized during the three and nine months ended September 30, 2024 and 2023. Â Purchased Identified Intangible Assets Â The Companyâ€™s identified intangible assets are amortized on a straight-line basis over their estimated useful lives of 5 years. The Company makes judgments about the recoverability of finite-lived intangible assets whenever facts and circumstances indicate that the useful life is shorter than originally estimated or that the carrying amount of assets may not be recoverable. If such facts and circumstances exist, the Company assesses recoverability by comparing the projected undiscounted net cash flows associated with the related asset or group of assets over their remaining lives against their respective carrying amounts. Impairments, if any, are based on the excess of the carrying amount over the fair value of those assets. If the useful life is shorter than originally estimated, the Company would accelerate the rate of amortization and amortize the remaining carrying value over the new shorter useful life. The Company evaluates the carrying value of indefinite-lived intangible assets whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable, and an impairment charge would be recognized to the extent that the carrying amount of such assets exceeds their estimated fair value. Â Stock-based Compensation Expense Â The Company measures its stock-based awards made to employees based on the estimated fair values of the awards as of the grant date. For stock option awards, the Company uses the Black-Scholes option-pricing model. Stock-based compensation expense is recognized over the requisite service period and is based on the value of the portion of stock-based payment awards that is ultimately expected to vest. The Company recognizes forfeitures of stock-based awards as they occur on a prospective basis. Â Stock-based compensation expense for awards granted to non-employees as consideration for services received is measured on the date of performance at the fair value of the consideration received or the fair value of the equity instruments issued, whichever can be more reliably measured. Â 9 Â Â SHARPS TECHNOLOGY, INC. NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS FOR THE THREE AND NINE MONTHS ENDED SEPTEMBER 30, 2024 AND 2023 Â Note 2. Summary of Significant Accounting Policies (continued) Â Derivative Instruments Â The Company accounts for common stock warrants as either equity-classified or liability-classified instruments based on an assessment of the specific terms of the warrants and applicable authoritative guidance in Financial Accounting Standards Board (â€œFASBâ€) Accounting Standards Codification (â€œASC 480â€), Distinguishing Liabilities from Equity (â€œASC 480â€) and ASC 815, Derivatives and Hedging (â€œASC 815â€). The assessment considers whether the warrants are freestanding financial instruments pursuant to ASC 480, meet the definition of a liability pursuant to ASC 480, and meet all of the requirements for equity classification under ASC 815, including whether the warrants are indexed to the Companyâ€™s own stock and whether the holders of the warrants could potentially require net cash settlement in a circumstance outside of the Companyâ€™s control, among other conditions for equity classification. This assessment, which requires the use of professional judgment, is conducted at the time of warrant issuance and as of each subsequent quarterly period end date while the warrants are outstanding. Â At their issuance date and as of September 30, 2024, certain warrants (see Notes 8 and 10) were accounted for as liabilities as these instruments did not meet all of the requirements for equity classification under ASC 815-40 based on the terms of the aforementioned warrants. The resulting warrant liabilities are re-measured at each balance sheet date until their exercise or expiration, and any change in fair value is recognized in the Companyâ€™s condensed consolidated statements of operations. Â Foreign Currency Translation/Transactions Â The Company has determined that the functional currency for its foreign subsidiary is the local currency. For financial reporting purposes, assets and liabilities denominated in foreign currencies are translated at current exchange rates and profit and loss accounts are translated at weighted average exchange rates. Resulting translation gains and losses are included as a separate component of stockholdersâ€™ equity as accumulated other comprehensive income or loss. Gains or losses resulting from transactions entered into in other than the functional currency are recorded as foreign exchange gains and losses in the condensed consolidated statements of operations. Â Comprehensive income (loss) Â Comprehensive income (loss) consists of the Companyâ€™s consolidated net loss and foreign currency translation adjustments related to its subsidiary. Foreign currency translation adjustments included in comprehensive loss were not tax effected as the Company has a full valuation allowance at September 30, 2024 and December 31, 2023. Accumulated other comprehensive income (loss) is a separate component of stockholdersâ€™ equity and consists of the cumulative foreign currency translation adjustments. Â Basic and Diluted Loss Per Share Â The Company computes net loss per share in accordance with ASC 260, Earnings per Share. ASC 260 requires presentation of both basic and diluted earnings per share (EPS) on the face of the consolidated statements of operations. Basic EPS is computed by dividing net income (loss) available to common stockholders (numerator) by the weighted average number of shares outstanding (denominator) during the period. Diluted EPS gives effect to all dilutive potential common shares outstanding during the period using the treasury stock method and convertible preferred stock using the if-converted method. In computing diluted EPS, the average stock price for the period is used in determining the number of shares assumed to be purchased from the exercise of stock options or warrants. Diluted EPS excludes all dilutive potential shares if their effect is anti-dilutive. As of September 30, 2024, there were 958,693 stock options and warrants, post reverse split effected, that could potentially dilute basic EPS in the future that were not included in the computation of diluted EPS because to do so would have been anti-dilutive for the periods presented. Â 10 Â Â SHARPS TECHNOLOGY, INC. NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS FOR THE THREE AND NINE MONTHS ENDED SEPTEMBER 30, 2024 AND 2023 Â Note 2. Summary of Significant Accounting Policies (continued) Â Income Taxes Â The Company must make certain estimates and judgments in determining income tax expenses for financial statement purposes. These estimates and judgments are used in the calculation of tax credits, tax benefits, tax deductions, and in the calculation of certain deferred taxes and tax liabilities. Significant changes to these estimates may result in an increase or decrease to the Companyâ€™s tax provision in a subsequent period. Â The provision for income taxes was comprised of the Companyâ€™s current tax liability and changes in deferred income tax assets and liabilities. The calculation of the current tax liability involves dealing with uncertainties in the application of complex tax laws and regulations and in determining the liability for tax positions, if any, taken on the Companyâ€™s tax returns in accordance with authoritative guidance on accounting for uncertainty in income taxes. Deferred income taxes are determined based on the differences between the financial reporting and tax basis of assets and liabilities. The Company must assess the likelihood that it will be able to recover the Companyâ€™s deferred tax assets. If recovery is not likely on a more-likely-than-not basis, the Company must increase its provision for income taxes by recording a valuation allowance against the deferred tax assets that it estimates will not ultimately be recoverable. However, should there be a change in the Companyâ€™s ability to recover its deferred tax assets, the provision for income taxes would fluctuate in the period of such change. Â Research and Development Costs Â Research and development costs are expensed as incurred. Â Advance payments for goods or services that will be used or rendered for future research and development activities are deferred and capitalized. Such amounts are recognized as an expense as the related goods are delivered or the services are performed. Â Contingencies Â Liabilities for loss contingencies arising from claims, assessments, litigations, fines and penalties and other sources are recognized when it is probable that a liability has been incurred and the amount of the assessment can be reasonably estimated. Gain contingencies are evaluated and not recognized until the gain is realizable or realized. Â Recent Accounting Pronouncements Â On August 5, 2020, the FASB issued ASU 2020-06, Debt â€“ Debt with Conversion and Other Options (Subtopic 470-20) and Derivatives and Hedging â€“ Contracts in Entityâ€™s Own Equity (Subtopic 815-40), which simplifies the accounting for certain financial instruments with characteristics of liabilities and equity, including convertible instruments and contracts on an entityâ€™s own equity. The ASU is part of the FASBâ€™s simplification initiative, which aims to reduce unnecessary complexity in U.S. GAAP. ASU 2020-06 simplifies the guidance in U.S. GAAP on the issuerâ€™s accounting for convertible debt instruments, requires entities to provide expanded disclosures about â€œthe terms and features of convertible instrumentsâ€ and how the instruments have been reported in the entityâ€™s financial statements. It also removes from ASC 815-40-25-10 certain conditions for equity classification and amends certain guidance in ASC 260, Earnings per Share, on the computation of EPS for convertible instruments and contracts on an entityâ€™s own equity. An entity can use either a full or modified retrospective approach to adopt the ASUâ€™s guidance. The ASUâ€™s amendments are effective for smaller public business entities fiscal years beginning after December 15, 2023. The Company does not expect the pronouncement to have a material impact on the Company and will disclose the nature and reason for any elections that the Company makes. Summary of Significant Accounting Policies (continued) Â In December 2023, the FASB issued ASU 2023-09, Income Taxes (Topic 740): Improvements to Income Tax Disclosures. The new guidance requires disaggregated information about the effective tax rate reconciliation and additional information on taxes paid that meet a quantitative threshold. The new guidance is effective for public companies for annual reporting periods beginning after December 15, 2024, a, with early adoption permitted. The Company is currently evaluating the impacts of the new guidance on its disclosures within the consolidated financial statements. Â The Company does not expect the adoption of any accounting pronouncements to have a material impact on the condensed consolidated financial statements. Â We reviewed all other recently issued accounting pronouncements and have concluded they are not applicable or not expected to be significant to the accounting for our operations. Â Note 3. Asset Acquisition Â Safegard Medical, Kft Â In June 2020, the Company entered into a Share Purchase Agreement (â€œAgreementâ€) with Safegard Medical, Kft (â€œSafegardâ€) and amendments to the Agreement, collectively, the Agreements, to purchase either the stock or certain assets of a manufacturing facility for $2.5M in cash, plus additional consideration of common stock and options with a fair market value of $200,000 and $183,135, respectively. The Agreements provided the Company various periods for due diligence and post due diligence, requirements for escrow payments through the closing date (â€œClosing Dateâ€). Â Through the Closing Date, the Agreements provided the Company with the exclusive use of the facility in exchange for payment of the facilityâ€™s operating costs. The monthly fee (â€œOperating Costsâ€), which primarily covered the facilityâ€™s operating costs, was mainly comprised of the sellerâ€™s workforce costs, materials and other recurring monthly operating cost. Â The acquisition of Safegard, which closed on July 6, 2022, did not meet the

definition of a business pursuant to ASC 805-10, and accordingly was accounted for as an asset acquisition in accordance with ASC 805-50. The cost of the acquisition was $2,936,712, including transaction costs of $53,576, with the allocation to the assets acquired on a relative fair value basis. The intangibles relate to permits and a limited workforce acquired. Under ASC 805-50, no goodwill is recognized. The operating results for Safegard are included in the condensed consolidated financial statements for the period beginning after the closing on July 6, 2022. Â The relative fair value of the assets acquired and related deferred tax liability during 2022 was as follows: Schedule of Fair Value of Assets AcquisitionÂ Â Â Â Â LandÂ $226,000Â Building and affixed assetsÂ Â 2,648,000Â MachineryÂ Â 158,000Â InventoryÂ Â 32,000Â IntangiblesÂ Â 64,712Â Deferred tax liabilityÂ Â (192,000) Â Â Â Â Â TotalÂ $2,936,712Â Â The useful lives for the acquired assets is Building - 20 years; Machinery â€“ 5 to 10 years; Intangibles â€“ 5 years. Debt Financing Â On September 20, 2024, the Company entered into a securities purchase agreement (the â€œSecurities Purchase Agreementâ€) and a Senior Secured Note (the â€œNoteâ€) for an aggregate principal amount of $4,375,000, including OID interest of $875,000 maturing on January 31, 2025, with certain purchasers (the â€œPurchasersâ€), and the issuance of approximately 259,091 (pre reverse - 5,700,006) unregistered shares of the Companyâ€™s Common Stock. The aggregate gross proceeds to the Company were approximately $3.5 million, before deducting fees to the placement agent and other offering expenses payable by the Company of $514,700 and an escrow deposit of $250,000 required until certain security liens are filed. The Note and the common stock were recorded at the relative fair values of $2.6M and $852,000, respectively, in accordance with ASC 470-20-25-2. The aforementioned expenses were allocated based on the aforementioned fair values as a reduction to the carrying amount of the debt and a reduction of the equity in accordance with ASC 505-10. For the three and nine months ended September 30, 2024, the Company recorded accreted interest and fees of $75,192. Â In connection with the Securities Purchase Agreement and Note, the Company entered into a Registration Rights Agreement with the Purchasers (the â€œRegistration Rights Agreementâ€), requiring the Company to file a resale registration statement (the â€œRegistration Statementâ€) with the U.S. Securities and Exchange Commission (the â€œCommissionâ€) to register the unregistered shares of Common Stock. within forty-five (45) calendar days following the filing date, which is thirty (30) days after the closing date. The Company filed the required resale registration statement on October 23, 2024. Â Note 8. Stockholdersâ€™ Equity Â Capital Structure Â On December 11, 2017, the Company was incorporated in Wyoming with 20,000,000 shares of common stock authorized with a $0.0001 par value. Effective, April 18, 2019, the Companyâ€™s authorized common stock was increased to 50,000,000 shares of common stock. The articles of incorporation also authorized 10,000 preferred shares with a $0.001 par value. Â Effective March 22, 2022, the Company completed a plan and agreement of merger with Sharps Technology, Inc., a Nevada corporation (â€œSharps Nevadaâ€). Pursuant to the merger agreement, (i) the Company merged with and into Sharps Nevada, (ii) each 3.5 shares of common stock of the Company were converted into one share of common stock of Sharps Nevada and (iii) the articles of incorporation and bylaws of Sharps Nevada, became the articles of incorporation and bylaws of the surviving corporation. The Companyâ€™s authorized common stock and preferred stock increased from 50,000,000 to 100,000,000 and 10,000 to 1,000,000 shares, respectively. The par value of preferred stock decreased from $0.001 to $0.0001 per share. Â In July 2024, the shareholders approved the increase of the authorized common stock from 100,000,000 to 500,000,000 which was subsequently filed as an amendment to the articles of incorporation with the state of Nevada. Â Common Stock Â On September 23, 2024, as noted in Note 7, in connection with the Securities Purchase Agreement and Note the Company issued 259,091 (pre reverse - 5,700,006) shares of unregistered common stock. Â Â Â Â f) In connection with the IPO in April 2022, the Company issued 340,900 (pre reverse -7,500,000) warrants (Trading Warrants) as a component of the Units and 51,136 (pre reverse - 1,125,000) warrants to the underwriter (Overallotment Warrants), as noted in Common Stock above. The Trading and Overallotment Warrants were recorded at the FMV, being the trading price of the warrants, on the IPO effective date and the Warrants are classified as a Liability based on ASC 815. The Warrant liability requires remeasurement at each reporting period based on the trading price of the warrants. During the three and nine months ended September 30, 2024, the Company recorded an FMV gain adjustment of $198,375 and $690,001, respectively. During the three and nine months ended September 30, 2023, the Company recorded an FMV gain adjustment of $258,750Â and $172,500, respectively. (See Note 10). Â Â Â Â Â g) The Company issued 10,695 (pre reverse -235,295) Warrants (â€œNote Warrantsâ€) to the note holders in connection with the repayment on the IPO on April 19, 2022. The Note Warrants, which are recorded at the FMV being the trading price of the warrants, are classified as a Liability based on ASC 815. The Note Warrants require remeasurement at each reporting period. During the three and nine months ended September 30, 2024, the Company recorded a FMV gain of $5,411 and $18,822, respectively. For the three and nine months ended September 30, 2023, the Company recorded a FMV gain/(loss) adjustment of $7,059. (See Note 10). Â 17 Â Â Â SHARPS TECHNOLOGY, INC. Stockholdersâ€™ Equity (continued) Â Â (h) The underwriter received 8,523 (pre reverse - 187,500) warrants in connection with the IPO for a nominal cost of $11,250. The Warrants have an exercise price of $117.04 (pre reverse - $5.32) and are exercisable after October 9, 2022. The FMV at the date of issuance was $228,750 computed using the Black Scholes valuation model with the following assumptions: a) volatility of 93.47%, five-year term, risk free interest rate 2.77% and 0% dividend rate. The estimated FMV was classified as additional issuance costs. Â Note 9. Preferred Stock Â In February 2018, the Company Board of Directors issued one share of Series A Preferred Stock to Alan Blackman, the Companyâ€™s co-founder and former Director. The Series A Preferred Stock entitled the holder to vote on any matters related to the election of directors and was reduced from 50.1% at December 31, 2021 to 29.5%, effective with the IPO. The Series A Preferred Stock has no right to dividends, or distributions in the event of a liquidation and is not convertible into common stock. In connection with final settlement with Mr. Blackman on August 2024, the Series A Preferred Stock were cancelled and forfeited without any further consideration. The Series A Preferred was returned to the status of an authorized but unissued share of preferred stock of the Company (See Note 15). Â Note 10. Warrant Liability Â Certain Warrants are accounted for as liabilities in accordance with ASC 815-40 and are presented as a Warrant liability in the accompanying condensed consolidated balance sheets. The warrant liabilities are measured at fair value at inception and on a recurring basis, with changes in fair value presented within the condensed consolidated statements of operations. Â At September 30, 2024, the stock options outstanding and the options exercisable have exercise prices that exceed the stock market price at September 30, 2024 and as such no intrinsic value exists. Intrinsic value is defined as the difference between the exercise price of the options and the market price of the Companyâ€™s common stock. Â During the nine months ended September 30, 2024, the Company granted five-year options (the â€œOptionsâ€) to purchase a total of 63,409 shares of the Companyâ€™s common stock, par value $0.0001 per share (the â€œCommon Stockâ€) to its directors, executive officers, employees and consultants pursuant to the Companyâ€™s 2023 Equity Incentive Plan. The Options are exercisable at an average price of $6.27 per share which was based on the closing price on the respective grant dates. Â As of September 30, 2024, there was $232,353 of unrecognized stock-based compensation related to unvested stock options with a weighted average fair value of $7.25 per share, which is expected to be recognized over a weighted-average period of 12 months as of September 30, 2024. Â For the three and nine months ended September 30, 2024, the Company recognized stock-based compensation expense of $116,193 recorded in general and administrative and $435,908, respectively, of which $432,567 and $3,341 was recorded in general and administrative and research and development expenses. Â For the three and nine months ended September 30, 2023, the Company recognized stock-based compensation expense of $178,895Â and $796,606, respectively, which was recorded in general and administrative. Income Taxes Â At the end of each interim reporting period, the Company estimates its effective tax rate expected to be applied for the full year. This estimate is used to determine the income tax provision or benefit on a year-to-date basis and may change in subsequent interim periods. Accordingly, the Companyâ€™s effective tax rate for the three and nine months ended September 30, 2024 and 2023 was 0%. The Companyâ€™s effective tax rates for both periods were affected primarily by a full valuation allowance on domestic net deferred tax assets. Â Note 13. Related Party Transactions and Balances Â As of September 30, 2024 and December 31, 2023, accounts payable and accrued liabilities include $152,500 and $32,974, respectively, payable to officers and directors of the Company. The amounts are unsecured, non-interest bearing and are due on demand. Â Note 14. Fair Value Measurements Â The Companyâ€™s financial instruments include cash, accounts payable, and warrant liability. Cash and warrant liability are measured at fair value. Accounts payable is measured at amortized cost and approximates fair value due to its short duration. Nephron Pharmaceuticals and Affiliates Â On September 29, 2022, the Company entered into an agreement (the â€œNPC Agreementâ€) with Nephron Pharmaceuticals Corporation (â€œNPCâ€) and various affiliates of NPC, including InjectEZ, LLC. The NPC Agreement was intended to support several areas of the Companyâ€™s development and growth. The Company and NPC intended to supplement the NPC Agreement by entering into a manufacturing supply agreement, a sales and distribution agreement and a pharma services program to support growth, and a future agreement to support manufacturing expansion. As noted below, the sales and distribution agreement was terminated on March 8, 2024, and replaced. The original manufacturing supply agreement, noted above, was replaced as part of the Asset Purchase Agreement, entered into on September 22, 2023 and the Pharma Services agreement continues to be in place, although no activities have occurred to date. Further, under the additional agreement with NPC and affiliates of NPC (â€œNephron Agreementâ€), the Company would provide technical advice and assistance to support manufacturing by InjectEZ, purchase certain quantities of syringes as they may order or require, and collaborate with Nephron on certain related business endeavors, but no activities have occurred to date. The Company will continue working to amend the terms of this NPC Agreement and Nephron Agreement, based on the Amended Asset Purchase Agreement below dated May 20, 2024. (See below) Â On March 8, 2024, the Company and Nephron Pharmaceuticals Corporation terminated their distribution agreement dated December 8, 2022, which was partially replaced by the Agreement with Roncadelle, as stated below, and we continue to seek other parties to distribute for the US domestic market. The Company entered into a new logistics services agreement on the warehousing side with Owens and Minor (â€œO&Mâ€) to replace Nephronâ€™s distribution services. The Company can utilize O&M to provide 3PL services for both the Company and Roncadelle products, in North and South America when needed. Â The Company and Nephron continue to maintain the Pharma Services Program (PSP), although no activities have occurred to date, which focuses on the creation of new business development and growth opportunities for both companies. These opportunities will include the development and sale of next generation drug delivery systems that will be produced by the Company and can be purchased by the healthcare industry, pharmaceutical markets, and Pharma companies such as Nephron and others. Â On May 20, 2024, the Company entered into an Amendment to the Asset Purchase Agreement dated September 22, 2023, with Nephron and Nephronâ€™s InjectEZ, LLC, (collectively, the â€œSellerâ€). The September 22, 2023 agreement superseded the manufacturing and supply agreement entered into in connection with the NPC Agreement on September 29, 2022, and the Nephron Agreement entered into on September 29, 2022. The Amended Asset Purchase Agreement includes the purchase of certain assets for $35M plus assumed liabilities of $4M, continues to provide for the Company to lease the Facility but excludes any leasehold improvements previously included. In connection with the Asset Purchase agreement, the Company paid a non-refundable deposit of $1M to be held in escrow under an agreeable escrow agreement as a deposit on the purchase price. The Asset Purchase agreement stipulated that the $1M deposit would be maintained until July 19, 2024, at which date, if the contemplated transaction was not consummated, through no fault of the Seller, the escrow would be released to the Seller by the escrow agent. The escrow deposit of $1,000,000 was released to the Seller and recorded in Other Expense as a forfeited agreement cost in the three months ended June 30, 2024. The Company and Seller continue to work towards a further amendment of the Asset Purchase Agreement. The closing of the Asset Purchase Agreement is contingent on obtaining further amendments and the necessary financing. There can be no assurance that the closing of the asset sale will occur. Â 24 Â Â Sales and Distribution Agreement â€“ Roncadelle Â On March 4, 2024 (the â€œEffectiveâ€) Company entered into a cooperative sales and distribution agreement (the â€œAgreementâ€) with Roncadelle Operations s.r.l (â€œRoncadelleâ€). In conjunction with the execution of the Agreement, Roncadelle appointed the Company as its exclusive distributor of Roncadelle products in the United States, Canada, Central and South America and their territories. The Company appointed Roncadelle as its exclusive distributor of Sharps products in Europe, Middle East, APAC, South Africa and Australia and their territories. The Company and Roncadelle agreed to bear their own separate costs and expenses, including fees and other expenses, relating to external advisors and the preparation, negotiation, execution and performance of this Agreement and any related documents. The Agreement is effective as of the Effective Date for the initial period of one (1) year (the â€œInitial Termâ€). Upon expiration of the Initial Term, the term of the Agreement shall automatically renew for additional successive one-year terms, unless either party provides written notice of non-renewal at least ninety (90) days prior to the end of the then-current term, unless any renewal term is terminated earlier pursuant to the terms of the Agreement or applicable law. The Company continues to work with Roncadelle for product introductions and execution of the Agreement for future sales. Â Supply Agreement -Stericare Solutions Â On July 24, 2024, the Company, entered into a Supply Agreement (the â€œSupply Agreementâ€) with Stericare Solutions, LLC, a Texas limited liability company, (â€œStericareâ€), pursuant to which Stericare agreed to purchase 520 million units of 10ml polypropylene (â€œPPâ€) Sologard syringes from the Company. The specific purchase price is confidential but revenues are expected in excess of $50M. Pursuant to the Supply Agreement, Stericare has agreed to purchase 520 million units of 10ml PP Sologard syringes in the following increments: 40 million units in the first year, and 120 million units every year for the remaining life of the Supply Agreement. The Supply Agreement has a five (5) year term targeted to commence November 2024 (the â€œInitial Termâ€). Upon expiration of the Initial Term, the Supply Agreement will automatically renew for additional one (1) year periods (each, a â€œRenewal Termâ€), unless a party gives the other party written notice of termination at least ninety (90) days prior to the end of the Initial Term or Renewal Term. The Agreement may be terminated by either party upon written notice to the other party if the other party breaches any material term or condition of this Agreement and fails to cure such breach within thirty (30) days after receipt of written notice thereof. The Agreement may be terminated by either party upon written notice to the other party if the other party becomes insolvent, makes an assignment for the benefit of creditors, or a petition under any bankruptcy or insolvency Law is filed by or against such party and is not dismissed within 120 days. If either party is acquired by a competitor of the other party, then either party can terminate the Agreement with six (6) months written notice. Â 25 Â Â On July 12, 2023, The Nasdaq Stock Market LLC (â€œNasdaqâ€) notified the Company that the bid price of its common stock had closed at less than $1.00 per share over the previous 30 consecutive business days, and, as a result, the Company was no longer in compliance with Nasdaq Listing Rule 5550(a)(2) (the â€œNasdaq Ruleâ€). In accordance with Listing Rule 5810(c)(3)(A), the Company was provided 180 calendar days, or until January 8, 2024, to regain compliance with the Rule. Subsequently, on January 16, 2024, the Company was provided an additional 180 calendar day compliance period, or until July 8, 2024, to demonstrate compliance. Pursuant to Nasdaqâ€™s letter on July 9, 2024, the Company has not regained compliance with Listing Rule 5550(a)(2). Accordingly, its securities will be delisted from the Nasdaq Capital Market unless the Company requests a hearing and appeals Nasdaqâ€™s determination by July 16, 2024., the trading of the Companyâ€™s common stock and warrants will be suspended at the opening of business on July 18, 2024. The Company filed a hearing request before the deadline. In the interim, the Companyâ€™s common stock and warrants have remained listed on NASDAQ under its existing symbols, â€œSTSSâ€ and â€œSTSWâ€ while it awaits the results from the hearing on August 13, 2024. Â On July 15, 2024, the Company held a Special Meeting of its stockholders. At the Meeting, the following three (3) proposals were each approved. Â 1. The Companyâ€™s stockholders approved the amendment to the Companyâ€™s articles of incorporation to increase the authorized shares of common stock from 100,000,000 shares to 500,000,000 shares; Â Â Â 2. The Companyâ€™s stockholders approved a proposal to authorize the Companyâ€™s Board of Directors (the â€œBoardâ€), in its discretion at any time within one year after stockholder approval is obtained, to amend the Companyâ€™s Articles of Incorporation to effect a reverse stock split of shares of the Companyâ€™s common stock, at a ratio of up to 1-for-8, with the exact ratio to be determined by the Companyâ€™s Board and included in a public announcement; Â Â Â 3. The Companyâ€™s stockholders approved a proposal for the issuance of securities in one or more non-public offerings where the maximum discount at which the securities will be offered will be equivalent to a discount not to exceed 20% below the market price of our common stock in accordance with Nasdaq Marketplace Rule 5635(d). Â On October 7, 2024, the Company held a Special Meeting of its stockholders. The Companyâ€™s stockholders approved a proposal to authorize the Companyâ€™s Board in its discretion at any time within one year after stockholder approval is obtained, to amend the Companyâ€™s Articles of Incorporation to effect a reverse stock split of shares of the Companyâ€™s common stock, at a ratio with a range of 1-for-8 to 1 for 22, with the exact ratio to be determined by the Companyâ€™s Board. The Board approved the 1 for 22 reverse stock split on October 7, 2024 which went into effect on October 16, 2024. Â Nasdaq notified the Company on November 13, 2024 that the Company regained compliance on November 5, 2024 with Listing Rule 5550(a)(2), (the â€œBid Price Ruleâ€) Â Critical Accounting Policies and Significant Judgments and Estimates Â This managementâ€™s discussion and analysis of our financial condition and results of operations is based on our financial statements, which we have prepared in accordance with accounting principles generally accepted in the United States. The preparation of our financial statements requires us to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of our financial statements, as well as the reported revenues and expenses during the reported periods. We evaluate these estimates and judgments on an ongoing basis. We base our estimates on historical experience and on various other factors that we believe are reasonable under the circumstances, the results of which form the basis for making judgments about the carrying value of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions. The FMV adjustments, based on the trading price of outstanding warrants classified as liabilities, could impact the operating results in the reporting periods. Â Nature of Business Â Sharps Technology, Inc. (â€œSharpsâ€ or the â€œCompanyâ€) continues to regard itself as a pre-revenue medical device company that has designed and patented various safety syringes and is seeking commercialization by manufacturing and distribution of its products. Through September 30, 2024, no substantial syringe product sales have occurred. Â 26 Â Â The accompanying unaudited condensed consolidated financial statements include the accounts of Sharps Technology, Inc. and its wholly owned subsidiary, Safegard Medical, Kft. and Sharps Technology Acquisition Corp. collectively referred to as the â€œCompany.â€ All intercompany transactions and balances have been eliminated. Â The Companyâ€™s fiscal year ends on December 31. Â On April 13, 2022, the Companyâ€™s Initial Public Offering was deemed effective with trading commencing on April 14, 2022. The Company received net proceeds of $14.2 million on April 19, 2022. (See Capital Structure and Note 8 to the Unaudited Condensed Consolidated Financial Statements) Â Summary of Significant Accounting Policies Â Our significant accounting policies are described in Note 2 of the accompanying condensed consolidated financial statements and further discussed in our annual financial statements included in our annual report on Form 10-K for the year ended December 31, 2023. Â Off-Balance Sheet Arrangements Â During the periods presented, we did not have any off-balance sheet arrangements as defined under Regulation S-K Item 303(a)(4). Â Research and Development Â For the three months ended September 30, 2024, Research and Development (â€œR&Dâ€) expenses decreased to $145,611 compared to $225,191 for the three months ended September 30, 2023. The decrease of $79,580 was due to reduced R&D activities in 2024 as compared to 2023, primarily due to lower depreciation expense of $46,000 and lower R&D labor and consulting of $41,000 due to the overall shift to manufacturing. Â 27 Â Â General and Administrative Â For the three months ended September 30, 2024, General and Administrative (â€œG&Aâ€) expenses were $1,869,598 as compared to $2,133,167 for the three months ended September 30, 2023. The decrease of $263,569 was primarily attributable to: i) a decrease in payroll and consulting fees of $57,000 from $895,000 in 2023 to $838,000 in 2024, primarily due to lower consulting services and compensation expense, ii) decrease in stock compensation expense, due to the timing of option awards, vesting and options valuations, of approximately $85,000 from $201,000 in 2023 to $116,000 in 2024. Further, we had decreases in public company and investor relation costs ($65,600), travel ($17,000), computer costs ($44,000), insurance ($39,000), patent fees ($10,000), and other expenses ($50,700), partially offset by higher professional fees ($68,300), marketing ($2,000), rent ($12,000), depreciation expense ($16,000) and board costs ($6,500). Â Other expense (income) Â Other was an expense of $70,905 for the three months ended September 30, 2024, compared to income of $17,620 for three months ended September 30, 2023. In 2024 and 2023 the Company generated interest income of $4,377 and $17,620, respectively. The totals in each period related to interest earned from cash balances held in interest bearing accounts. In addition, in 2024 the Company incurred accreted interest costs associated with debt financing (See Note 7 to the Unaudited Condensed Consolidated Financial Statements). Â FMV Adjustment for Derivatives Â Certain Warrants require the Fair Market Value (â€œFMVâ€) to be remeasured at each reporting date while outstanding with recognition of the changes in fair value to other income or expense in the condensed consolidated statement of operations. For the three months ended September 30, 2024 and 2023, the Company recorded a $416,560 FMV gain, net of a modification charge of $155,703 for the warrants exercised at the reduced exercise prices and the related modification charge and $572,264 FMV gain to reflect adjustments required for outstanding Warrants liabilities. This is compared to a $321,981 FMV gain for the three months ended September 30, 2023 (See Notes 8 and 10 to the Unaudited Condensed Consolidated Financial Statements). The decrease of $259,993 was primarily due to a shift to increased manufacturing and reduced R&D activities in 2024 as compared to the 2023 period which amounted to lower expenses of $121,600, principally materials of $104,000. In addition, depreciation expense decreased $138,300. Â 28 Â Â General and Administrative Â For the nine months ended September 30, 2024, General and Administrative (â€œG&Aâ€) expenses were $5,257,015 as compared to $6,425,154 for the nine months ended September 30, 2023. The decrease of $1,168,139 was primarily attributable to: i) increases in payroll and consulting fees of $307,800 from $2,206,000Â in 2023 to $2,514,502 in 2024, primarily due to compensation increases and additional consulting fees, ii) decrease in stock compensation expense, due to the timing of option awards, vesting and option valuations, of approximately $397,800 from $838,000 in 2023 to $441,200 in 2024, iii) decrease in public company and investor relations costs of $288,700 from $644,000 to $361,300 in 2024 primarily due to lower offering costs in the 2024 period and reduced investor relations activities. Further, we had decreases due to lower: a) marketing costs ($278,400) relating to promoting the Company, b) travel ($65,900), c) insurance costs ($87,000), d) rent ($45,000), e) general operating costs ($85,300), f) computer costs ($13,600), g) patent maintenance and registration fees ($2,200) and h) a contract settlement of $375,000 in 2023. These decreases were partially offset by higher: a) professional fees ($68,000, b) board costs ($41,500) and c) depreciation ($53,500). Â Other expense (income) Â Other was an expense of $1,046,593 for the nine months ended September 30, 2024, compared to income of $(94,492) for nine months ended September 30, 2023. In 2024 and 2023 the Company generated interest income of $(28,689) and $(94,492), respectively. The interest income in each period was related to interest income earned from cash balances held in interest bearing accounts. In the second quarter of 2024, the Companyâ€™s initial syringe sale of $10,871, which approximated cost, was to a distributor in South America. The escrow deposit of $1M, relating to the Asset Purchase Agreement, was released to the Seller on July 19, 2024, under the terms of the agreement and recorded as a forfeited agreement cost (See Note 15 to the Unaudited Condensed Consolidated Financial Statements). In addition, in the third quarter of 2024, the Company recorded accreted interest expense of $75,192 in connection with the debt financing (See Note 7 to the Unaudited Condensed Consolidated Financial Statements). Â FMV Adjustment for Derivatives Â Certain Warrants require the Fair Market Value (â€œFMVâ€) to be remeasured at each reporting date while outstanding with recognition of the changes in fair value to other income or expense in the consolidated statement of operations. For the nine months ended September 30, 2024 and 2023, the Company recorded a $2,088,747 and $415,958 FMV gain to reflect adjustments required for outstanding Warrants liabilities. (See Notes 8 and 10 to the Unaudited Condensed Consolidated Financial Statements) Â Liquidity and Capital Resources Â At September 30, 2024 and December 31, 2023, we had a cash balance of $2,473,197 and $3,012,908, respectively. The Company had working capital of $67,820 and $1,145,569 as of September 30, 2024 and December 31, 2023, respectively. The decrease in our working capital was primarily due to use of cash in operations and investing discussed below offset by net proceeds from the Reg A and Inducement Offerings in May and June 2024 and the net proceeds from the debt financing in September 2024 (See below and Notes 7 and 8 to the Unaudited Condensed Consolidated Financial Statements). Â The Company continues to assess liquidity requirements and plans to continue to seek funding through equity offerings and/or debt financing opportunities. Â On September 20, 2024, the Company entered into a securities purchase agreement (the â€œSecurities Purchase Agreementâ€) and a Senior Secured Note (the â€œNoteâ€) for an aggregate principal amount of $4,375,000, including OID interest of $875,000 maturing on January 31, 2025, with certain purchasers (the â€œPurchasersâ€), and the issuance of approximately 259,091 (pre reverse - 5,700,006) unregistered shares of the Companyâ€™s Common Stock. The aggregate gross

proceeds to the Company were approximately $3.5 million, before deducting fees to the placement agent and other offering expenses payable by the Company of $514,700 and an escrow deposit of $250,000 required until certain security liens are filed. Â On May 31 and June 13, 2024, the Company entered into subscription agreements with certain institutional investors, pursuant to which the Company agreed to issue and sell to the investors 4,197,000 shares (the â€œSharesâ€) of Common Stock, par value $0.0001 per share of the Company at a price of $0.38 and received gross proceeds to the Company of $1.6M before expenses to the placement agent and other offering expenses of $298,000 with net proceed, after reflecting par value, have been recorded in Additional Paid in Capital of $1,296, 922. The shares issued in the offering were offered at-the-market under Nasdaq rules and pursuant to the Companyâ€™s Form 1-A (the â€œOffering Statementâ€), initially filed by the Company with the Securities and Exchange Commission under the Securities Act of 1933, as amended on May 21, 2024, and qualified on May 30, 2024. Â 29 Â Â On May 30, 2024, the Company offered warrant inducements (the â€œInducement Agreementâ€) to certain warrant holders (the â€œWarrant Holdersâ€) which references the warrants registered for sale under both the registration statements on Form S-1 (file No. 333-263715) and/or the registration statement on Form S-1 (File No. 333-275011) (collectively, the â€œRegistration Statementsâ€) for up to a total of 499,932 (pre reverse - 10,998,524) warrants to purchase shares of the Companyâ€™s common stock, par value $0.0001 per share. Pursuant to the Inducement Agreement, the exercise price of the existing warrants was reduced from $14.08 (pre reverse - $0.64) per share to $7.26 (pre reverse - $0.33) per share. In addition, for each warrant that was exercised, as a result of the Inducement Agreement, the Company agreed to issue the Warrant Holders unregistered warrants with an exercise price of $9.90 (pre reverse - $0.45) per share (â€œInducement Warrantsâ€). In the aggregate, 260,799 (pre reverse - 5,737,573) warrants were exercised as a result of the Inducement Agreement and accordingly, 260,799 Inducement Warrants were issued. The Company received gross proceeds of $1.9M before expenses to the placement agent and other expenses of $285,000. The net proceeds, after reflecting par value, has been recorded in Additional Paid in Capital of $978,407 and with respect to the Inducement Warrants, a liability under ASC 815 was recorded in the amount of $693,064. Certain outstanding warrants, with an exercise price of $14.08 (pre reverse - $0.64), were reduced to $7.26 (pre reverse - $0.33) based on anti-dilution terms in the respective warrant agreements. Â On September 29, 2023, the Company completed two simultaneous offerings and received aggregate gross proceeds of approximately $5.6 million, before expenses to the placement agent and other offering expenses of $716,000. Â Â a. The first offering, the securities purchase agreement offering (the â€œShelf Offeringâ€) with institutional investors and the Company resulted in the Company receiving net proceeds from the Shelf Offering and the sale of pre-funded of approximately $2.5 million, includes the value of the pre-funded warrants recorded in APIC, net of $362,000 in fees relating to the placement agent and other offering expenses. The Shelf Offering was priced at the market under Nasdaq rules. In connection with the Shelf Offering, the Company issued 164,478 (pre reverse -3,618,521 shares of common at a purchase price of $14.08 per unit, adjusted to $7.26 (reverse effected) at May 30, 2024, based on anti-dilution terms in the warrants and 36,636 (pre reverse -800,000) pre-funded warrants at $14.058 (pre reverse - $0.639) per pre-funded warrants. The exercise price of the pre-funded warrants will be $0.001 per share. Â Â Â Â b. The second offering, the securities purchase agreement offering (â€œPrivate Placementâ€) with institutional investors and the Company received net proceeds from the Private Placement of approximately $2.4 million, net of $354,000 in fees relating to the placement agent and other offering expense. In connection with the Private Placement, the Company issued: (i) 117,340 (pre reverse - 2,581,479) PIPE Shares (or PIPE Pre-Funded Warrants in lieu thereof) and (ii) PIPE Warrants (non-trading) to purchase 397,727 (pre reverse -8,750,003) shares of our common stock, at a combined purchase price of $23,63 (pre reverse- $1.074) per unit (or $23.606 (pre reverse - $1.073) per pre-funded unit). The PIPE Warrants have a term of five and one-half (5.5) years from the issuance date and are exercisable for one share of common stock at an exercise price of $14.08 adjusted to $7.26 (reverse affected) at May 30, 2024, based on anti-dilution terms in the warrants. The net proceeds, after reflecting par value, has been recorded in Additional Paid in Capital of $1.6 million and with respect to the PIPE Warrants recorded as a liability under ASC 815 of $985,204. On October 16, 2023, the Company filed an S-1 (Resale) Registration Statement in connection with the Private Placement and on October 26, 2023 the S-1 went effective. (See Note 10). Â On February 3, 2023, the Company completed a securities purchase agreement (â€œOfferingâ€) with institutional investors and received net proceeds from the Offering of approximately $3.2 million, net of $600,000 in fees relating to the placement agent and other offering expenses. The Offering was priced at the market under Nasdaq rules. In connection with the Offering, the Company issued 102,206 (pre reverse - 2,248,521) units at a purchase price of $37.18 (pre reverse - $1.69 per unit. Each unit consisted of one share of common stock and one non-tradable warrant (â€œOffering Warrantsâ€) exercisable for one share of common stock at a price after effect of the October reverse split, of $34.32, adjusted to $14.08 at September 29, 2023 and to $7.26 at May 30, 2024, based on anti-dilution terms in the warrants and a term of five years. The Offering Warrants have a term of five years from the issuance date. On February 13, 2023, the Company filed an S-1 (Resale) Registration Statement in connection with the Offering and on April 14, 2023, an Amendment to the S-1 was filed and went effective. (See Note 10) Â On April 13, 2022, the Companyâ€™s initial public offering (â€œIPOâ€) was declared effective by the SEC pursuant to which the Company issued and sold an aggregate of 170,454 (pre reverse - 3,750,000) units (â€œUnitsâ€), each consisting of one share of common stock and two warrants, to purchase one share of common stock for each whole warrant, with an initial exercise price of $ 93.50 (pre reverse - $4.25) per share, adjusted to and with the effect of reverse split October 2024, $34.32 at February 3, 2023 and to $14.08 at September 29, 2023 and to $7.26 at May 30, 2024, based on anti-dilution terms in the warrants, and a term of five years. In addition, the Company granted Aegis Capital Corp., as underwriter a 45-day over-allotment option to purchase up to 15% of the number of shares included in the units sold in the offering, and/or additional warrants equal to 15% of the number of Warrants included in the units sold in the offering, in each case solely to cover over-allotments, which the Aegis Capital Corp. partially exercised with respect to 51,136 (pre reverse -1,125,000) warrants on April 19, 2022. Â The Companyâ€™s common stock and warrants began trading on the Nasdaq Capital Market or Nasdaq on April 14, 2022. The net proceeds from the IPO, prior to payments of certain listing and professional fees were approximately $14.2 million. The net proceeds, after reflecting par value, has been recorded in Additional Paid in Capital of $9.0 million and with respect to the Warrants as a liability under ASC 815 of $5.2M. (See Note 10) Â 30 Â Â Cash Flows Â Net Cash Used in Operating Activities Â The Company used cash of $5,172,135 and $ 6,144,937 in operating activities for the nine months ended September 30, 2024 and 2023, respectively. The decrease in cash used of $972,802 was principally due to lower operating expenses during the nine months ended September 30, 2024. Â Net Cash Used in Investing Activities Â For the nine months ended September 30, 2024 and 2023, the Company used cash in investing activities of $1,069,659 and $431,379, respectively. In both periods cash was used to acquire or pay deposits for fixed assets, equipment and software. In 2024, the cash used for acquiring or paying deposits for fixed assets equipment and software was $69,659 as compared to $431,379 in the 2023 period. In connection with the Asset Purchase agreement the Company paid a non-refundable deposit of $1M to be held in escrow under an agreeable escrow agreement as a deposit on the purchase price. Under the terms of the Asset Purchase Agreement, the escrow deposit was released to the Seller and the Company recorded a forfeited agreement cost in Other Expenses (See Note 14 to the Unaudited Condensed Consolidated Financial Statements). Â Net Cash Provided by Financing Activities Â For the nine months ended September 30, 2024 and 2023, the Company provided cash from financing activities of $5,707,946 and $8,029,628, respectively. In the 2023 period, cash was provided from the offerings completed in February and September 2023. In the 2024 period, cash was provided from the exercise of pre-funded warrants, net proceeds from a Reg A offering and Warrant Inducements and a debt financing arrangement during September 2024 (See Note 7 and 8 to the Unaudited Condensed Consolidated Financial Statements). Â Off-Balance Sheet Arrangements Â We do not have any off-balance sheet arrangements as defined in Regulation S-K Item 303(a)(4). Â Emerging Growth Company Status Â We are an â€œemerging-growth companyâ€, as defined in the JOBS Act, and, for as long as we continue to be an emerging growth company, we may choose to take advantage of exemptions from various reporting requirements applicable to other public companies but not to emerging growth companies, including, but not limited to, not being required to have our independent registered public accounting firm audit our internal control over financial reporting under Section 404 of the Sarbanes-Oxley Act, reduced disclosure obligations regarding executive compensation in our periodic reports and proxy statements and exemptions from the requirements of holding a nonbinding advisory vote on executive compensation and stockholder approval of any golden parachute payments not previously approved. As an emerging growth company, we can also delay adopting new or revised accounting standards until such time as those standards apply to private companies. We intend to avail ourselves of these options. Once adopted, we must continue to report on that basis until we no longer qualify as an emerging growth company. Â We will cease to be an emerging growth company upon the earliest of: (i) the end of the fiscal year following the fifth anniversary of the initial public offering; (ii) the first fiscal year after our annual gross revenue are $1.07 billion or more; (iii) the date on which we have, during the previous three-year period, issued more than $1.0 billion in non-convertible debt securities; or (iv) the end of any fiscal year in which the market value of our common stock held by non-affiliates exceeded $700 million as of the end of the second quarter of that fiscal year. We cannot predict if investors will find our common stock less attractive if we choose to rely on these exemptions. If, as a result of our decision to reduce future disclosure, investors find our common shares less attractive, there may be a less active trading market for our common shares and the price of our common shares may be more volatile. Â 31 Â Â We are also a â€œsmaller reporting company,â€ meaning that the market value of our stock held by non-affiliates plus the aggregate amount of gross proceeds to us as a result of the IPO is less than $700 million and our annual revenue was less than $100 million during the most recently completed fiscal year. We may continue to be a smaller reporting company if either (i) the market value of our stock held by non-affiliates is less than $250 million or (ii) our annual revenue was less than $100 million during the most recently completed fiscal year and the market value of our stock held by non-affiliates is less than $700 million. If we are a smaller reporting company at the time, we cease to be an emerging growth company, we may continue to rely on exemptions from certain disclosure requirements that are available to smaller reporting companies. Specifically, as a smaller reporting company we may choose to present only the two most recent fiscal years of audited financial statements in our Annual Report on Form 10-K and, similar to emerging growth companies, smaller reporting companies have reduced disclosure obligations regarding executive compensation. Â ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK Â Not required for smaller reporting companies. Â ITEM 4. CONTROLS AND PROCEDURES Â Evaluation of Disclosure Controls and Procedures Â As required by Rule 13a-15(b) under the Exchange Act, our management, including our Chief Executive Officer and Chief Financial Officer, evaluated the effectiveness of our disclosure controls and procedures as of the end of the period covered by this Quarterly Report on Form 10-Q. Based upon that evaluation, our Chief Executive Officer and Chief Financial Officer concluded that, as of the end of the period covered by this Quarterly Report on Form 10-Q, our disclosure controls and procedures were effective to provide reasonable assurance that information required to be disclosed by us in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the SECâ€™s rules and forms and to provide reasonable assurance that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer. Â Changes in Internal Control over Financial Reporting Â There were no changes in our internal control over financial reporting identified in connection with the evaluation of internal controls that occurred during the period covered by this Quarterly Report on Form 10-Q that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting. Â 32 Â Â PART II â€“ OTHER INFORMATION Â ITEM 1. LEGAL PROCEEDINGS Â From time to time, we may become involved in legal proceedings arising in the ordinary course of our business. Regardless of outcome, litigation can have an adverse impact on us due to defense and settlement costs, diversion of management resources, negative publicity, reputational harm and other factors. Â On July 10, 2024, Barry Berler (â€œBerlerâ€), a co-founder and former Chief Technology Officer of the Company, commenced a lawsuit in the United States District Court for the Eastern District of New York, Barry Berler v. Sharps Technology, Inc. and Alan Blackman, Case No. 2:24-cv-04787. In this case, Berler asserts claims for damages of an aggregate of $456,000 for alleged (1) failure to make full payment of certain monthly payments under his consulting agreement with the Company (the â€œConsulting Agreementâ€) in the amount of $52,500, (2) failure to pay a bonus with a target of $216,000 under the Consulting Agreement, (3) $187,500, representing 50% of the severance payment paid by the Company to Mr. Blackman, the Companyâ€™s co-founder and former Chief Operating Officer and Co-Chairman, and a declaration and injunctive relief establishing that Berler is the rightful owner of 50% of the Companyâ€™s Series A Preferred Stock (which preferred stock is no longer outstanding). The Company has accrued for the claim for unpaid monthly consulting fees. The Company believes that Berlerâ€™s claims are without merit, intends to defend itself vigorously and has requested dismissal of these claims. In addition, on September 17, 2024, the Company filed an answer and counterclaims with respect thereto, including for recoupment of certain compensation the Company has previously paid to Berler. Â On June l7, 2024, Berler filed a demand for arbitration and statement of claim under the commercial arbitration rules of the American Arbitration Association (â€œAAAâ€) asserting claims for payment of $500,000 plus interest, under the Companyâ€™s royalty agreement with Berler, as amended, rescission thereof and reversion to Berler of the intellectual property rights subject thereto. The Company believes that Berlerâ€™s claims are without merit and intends to defend itself vigorously in connection with these claims. Â On April 3, 2024, Plastomold Industries Ltd. (â€œPlastomoldâ€) commenced a lawsuit against the Company in the United States District Court for the Eastern District of New York, Plastomold Industries Ltd v. Sharps Technology, Inc., Case No. 2:24-CV-02580, asserting claims for damages in the amount of $1.762 million for alleged (1) failure to pay invoices, of which approximately $1 million would relate to a maintenance agreement for units allegedly manufactured and sold using machinery that was defective and has never successfully produced any saleable products, (2) breach of the implied covenant of good faith and fair dealing, (3) unjust enrichment, and (4) conversion. Plastomold asserts it provided certain products and services to the Company for which its invoices were not fully paid. The Company believes that Plastomoldâ€™s claims are without merit and intends to defend itself vigorously. On June 3, 2024, the Company filed an answer and affirmative defenses and counterclaim, which counterclaim is for damages that the Company believes would exceed the claims asserted by Plastomold, based on the insufficiency of Plastomoldâ€™s services and the results thereof, including the failure to provide machinery capable of reliably manufacturing the designated products in compliance with design specifications and functionality requirements, and with respect to which test results failed. Â ITEM 1A. RISK FACTORS Â Factors that could cause our actual results to differ materially from those in this Quarterly Report are any of the risks described in the Form 10-K for the year ended December 31, 2023, any of these factors could result in a significant or material adverse effect on our results of operations or financial condition. Additional risk factors not presently known to us or that we currently deem immaterial may also impair our business or results of operations. As of the date of this Quarterly Report, there have been no material changes to the risk factors disclosed in the Form 10-K for the year ended December 31, 2023. We may disclose changes to such factors or disclose additional factors from time to time in our future filings with the SEC. Â ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS Â Recent Sale of Unregistered Equity Securities Â During the quarter ended September 30, 2024 the Company, under Reg A, issued 190,773 (pre reverse: 4.1M) unregistered but qualified shares of common stock. Â During the quarter ended September 30, 2024 the Company issued 259,091 (pre reserve: 5,700,006) shares of unregistered common stock. Â Use of Proceeds Â On April 13, 2022, our Registration Statement on Form S-1 (No. 333-263715) was declared effective by the SEC pursuant to which we issued and sold an aggregate of 3,750,000 units, (not reverse effected), each consisting of one share of common stock and two warrants, to purchase one share of common stock for each whole warrant, with an initial exercise price of $4.25 per share (not reverse affected) and a term of five years. In addition, we granted Aegis Capital Corp., as underwriter a 45-day over-allotment option to purchase up to 15% of the number of shares included in the units sold in the offering, and/or additional warrants equal to 15% of the number of Warrants included in the units sold in the offering, in each case solely to cover over-allotments, which the Aegis Capital Corp. partially exercised with respect to 1,125,000 warrants on April 19, 2022. No payments for such expenses were made directly or indirectly to (i) any of our officers or directors or their associates, (ii) any persons owning 10% or more of any class of our equity securities or (iii) any of our affiliates. There has been no material change in the expected use of the net proceeds from our IPO as described in our final prospectus filed with the SEC on April 15, 2022. As of December 31, 2013, we have used the net proceeds from the IPO for working capital, acquisition of the Hungary facility and capital expenditures. Â 33 Â Â ITEM 6. Description of Business Â Nature of Business and Going Concern Â Sharps Technology, Inc. (â€œSharpsâ€ or the â€œCompanyâ€) is a pre-revenue medical device company that has designed and patented various safety syringes and is seeking commercialization by manufacturing and distribution of its products. Â The accompanying condensed consolidated financial statements include the accounts of Sharps Technology, Inc., and its wholly owned subsidiaries, Safegard Medical, Kft. and Sharps Technology Acquisition Corp. collectively referred to as the â€œCompany.â€ The condensed consolidated balance sheet as of September 30, 2024 and the condensed consolidated statements of operations, statements of comprehensive loss, statements of stockholdersâ€™ equity and the statements of cash flow for three and nine months ended September 30, 2024 and 2023 (the â€œinterim statementsâ€) are unaudited. All intercompany transactions and balances have been eliminated. In the opinion of management, all adjustments (which include normal recurring adjustments) necessary to present fairly the financial position and operating results for the interim periods have been made. Certain information and footnote disclosure, normally included in annual financial statements prepared in accordance with accounting principles generally accepted in the United States, have been condensed or omitted. The interim statements should be read in conjunction with the consolidated financial statements for the year ended December 31, 2023 and notes thereto contained in the Companyâ€™s Form 10-K filed with the Securities and Exchange Commission. The condensed consolidated balance sheet at December 31, 2023 has been derived from the audited financial statements at that date. The results of operations for the three and nine months ended September 30, 2024 are not necessarily indicative of the results that may be expected for the fiscal year ending December 31, 2024. Â The accompanying condensed consolidated financial statements have been prepared assuming that the Company will continue as a going concern. The Company has not generated revenue or cash flow from operations since inception. As of September 30, 2024, the Company had a working capital of $67,820 which is not expected to be sufficient to fund the Companyâ€™s planned operations for the next 12 months. These factors raise substantial doubt regarding the Companyâ€™s ability to continue as a going concern. The Companyâ€™s ability to continue as a going concern is dependent upon the Companyâ€™s ability to raise sufficient financing to acquire or commercialize its products into a profitable business. The Company intends to finance its commercialization activities and its working capital needs largely from the sale of equity securities and/or with additional funding from other traditional financing sources until such time that funds provided by operations are sufficient to fund working capital requirements. The unaudited condensed consolidated financial statements of the Company do not include any adjustments relating to the recoverability and classification of recorded assets, or the amounts and classifications of liabilities that might be necessary should the Company be unable to continue as a going concern. Â The Companyâ€™s fiscal year ends on December 31. Â On April 13, 2022, the Companyâ€™s Initial Public Offering was deemed effective with trading commencing on April 14, 2022. The Company received net proceeds of $14.2 million on April 19, 2022 (See Note 7). Â Effective October 16, 2024, the Company completed a 1 for 22 reverse split, whereby for each 22 shares of common stock the Company issued one share of common stock . All share, other equity instruments and per share information in the accompanying condensed consolidated financial statements and footnotes have been retroactively adjusted for the effects of the reverse split for all periods presented. Summary of Significant Accounting Policies Â Basis of Presentation Â The accompanying condensed consolidated financial statements have been prepared by the Company in accordance with generally accepted accounting principles (â€œGAAPâ€) in the United States (â€œU.S.â€) and are expressed in U.S. dollars. Â Â SHARPS TECHNOLOGY, INC. NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS FOR THE THREE AND NINE MONTHS ENDED SEPTEMBER 30, 2024 AND 2023 Â Note 2. Summary of Significant Accounting Policies (continued) Â Use of Estimates Â The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates. As of September 30, 2024, the most significant estimates relate to derivative liabilities, stock-based compensation, long-lived asset impairments and accounting for debt and equity financing. Â Cash and Cash Equivalents Â The Company considers all highly liquid investments purchased with an original or remaining maturity of three months or less at the date of purchase to be cash equivalents. Cash and cash equivalents are maintained with various financial institutions. At September 30, 2024 and December 31, 2023, the Company had no cash equivalents. Â Inventories Â The Company values inventory at the lower of cost (average cost) or net realizable value. Work-in-process and finished goods inventories consist of material, labor, and manufacturing overhead. Net realizable value is the estimated selling price in the ordinary course of business, less reasonably predictable costs of completion, disposal, and transportation. A reserve is established for any excess or obsolete inventories or they may be written off. At September 30, 2024, and December 31, 2023, inventory is comprised of raw materials, including packaging, work in process (components) and finished goods. Â Fair Value Measurements Â ASC 820, Fair Value Measurements and Disclosures, requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. ASC 820 establishes a fair value hierarchy based on the level of independent, objective evidence surrounding the inputs used to measure fair value. A financial instrumentâ€™s categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. ASC 820 prioritizes the inputs into three levels that may be used to measure fair value. Â The Companyâ€™s outstanding warrants are valued on a recurring basis with the trading price which could cause fluctuations in operating results at the reporting periods. Â Level 1 Â Level 1 applies to assets or liabilities for which there are quoted prices in active markets for identical assets or liabilities. Valuations are based on quoted prices that are readily and regularly available in an active market and do not entail a significant degree of judgment. Â Level 2 Â Level 2 applied to assets or liabilities for which there are other than Level 1 observable inputs such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical assets or liabilities in markets with insufficient volume or infrequent transactions (less active markets); or model-derived valuations in which significant inputs are observable or can be derived principally from, or corroborated by, observable market data. Â Level 2 instruments require more management judgment and subjectivity as compared to Level 1 instruments. For instance: determining which instruments are most similar to the instrument being priced requires management to identify a sample of similar securities based on the coupon rates, maturity, issuer credit rating and instrument type, and subjectively select an individual security or multiple securities that are deemed most similar to the security being priced; and determining whether a market is considered active requires management judgment. Â Â SHARPS TECHNOLOGY, INC. NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS FOR THE THREE AND NINE MONTHS ENDED SEPTEMBER 30, 2024 AND 2023 Â Note 2. Summary of Significant Accounting Policies (continued) Â Level 3 Â Level 3 applied to assets or liabilities for which there are unobservable inputs to the valuation methodology that are significant to the measurement of the fair value of the assets or liabilities. The determination for Level 3 instruments requires the most management judgment and subjectivity. Â Fixed Assets Â Fixed assets are stated at cost. Expenditures for maintenance and repairs are charged to operations as incurred. The Companyâ€™s fixed assets consist of land, building, machinery and equipment, molds and website. Depreciation is calculated using the straight-line method commencing on the date the asset is operating in the way intended by management over the following useful lives: Building â€“ 20 years, Machinery and Equipment â€“ 3 - 10 years and Website and Computer Systems â€“ 3 years. The expected life for Molds is based on the lesser of the number of parts that will be produced based on the expected mold capability or 5 years. Â Impairment of Long-Lived Assets Â Long-lived assets are reviewed for impairment or whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability is measured by comparison of the carrying amount of an asset group to the future net undiscounted cash flows that the assets are expected to generate. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the assets exceeds the projected discounted future net cash flows arising from the asset. Â There were no impairment losses recognized during the three and nine months ended September 30, 2024 and 2023. Â Purchased Identified Intangible Assets Â The Companyâ€™s identified intangible assets are amortized on a straight-line basis over their estimated useful lives of 5 years. The Company makes judgments about the recoverability of finite-lived intangible assets whenever facts and circumstances indicate that the useful life is shorter than originally estimated or that the carrying amount of assets may not be recoverable. If such facts and circumstances exist, the Company assesses recoverability by comparing the projected undiscounted net cash flows associated with the related asset or group of assets over their remaining lives against their respective carrying amounts. Impairments, if any, are based on the excess of the carrying amount over the fair value of those assets. If the useful life is shorter than originally estimated, the Company would accelerate the rate of amortization and amortize the remaining carrying value over the new shorter useful life. The Company evaluates the carrying value of indefinite-lived intangible assets whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable, and an impairment charge would be recognized to the extent that the carrying amount of such assets exceeds their estimated fair value. Â Stock-based Compensation Expense Â The Company measures its stock-based awards made to employees based on the estimated fair values of the awards as of the grant date. For stock option awards, the Company uses the Black-Scholes option-pricing model. Stock-based compensation expense is recognized over the requisite service period and is based on the value of the portion of stock-based payment awards that is ultimately expected to vest. The Company recognizes forfeitures of stock-based awards as they occur on a prospective basis. Â Stock-based compensation expense for awards granted to non-employees as consideration for services received is measured on the date of performance at the fair value of the consideration received or the fair value of the equity instruments issued, whichever can be more reliably measured. Â Â SHARPS TECHNOLOGY, INC. NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS FOR THE THREE AND NINE MONTHS ENDED SEPTEMBER 30, 2024 AND 2023 Â Note 2. Summary of Significant Accounting Policies (continued) Â Derivative Instruments Â The Company accounts for common stock warrants as either equity-classified or liability-classified instruments based on an assessment of the specific terms of the warrants and applicable authoritative guidance in Financial Accounting Standards Board (â€œFASBâ€) Accounting Standards Codification (â€œASC 480â€), Distinguishing Liabilities from Equity (â€œASC 480â€) and ASC 815, Derivatives and Hedging (â€œASC 815â€). The assessment considers whether the warrants are freestanding financial instruments pursuant to ASC 480, meet the definition of a liability pursuant to ASC 480, and meet all of the requirements for equity classification under ASC 815, including whether the warrants are indexed to the Companyâ€™s own stock and whether the holders of the warrants could potentially require net cash settlement in a circumstance outside of the Companyâ€™s control, among other conditions for equity classification. This assessment, which requires the use of professional judgment, is conducted at the time of warrant issuance and as of each subsequent quarterly period end date while the warrants are outstanding. Â At their issuance date and as of September 30, 2024, certain warrants (see Notes 8 and 10) were accounted for as liabilities as these instruments did not meet all of the requirements for equity classification under ASC 815-40 based on the terms of the aforementioned warrants. The resulting warrant liabilities are re-measured at each balance sheet date until their exercise or expiration, and any change in fair value is recognized in the Companyâ€™s condensed consolidated statements of operations. Â Foreign Currency Translation/Transactions Â The Company has determined that the functional currency for its foreign subsidiary is the local currency. For financial reporting purposes, assets and liabilities denominated in foreign currencies are translated at current exchange rates and profit and loss accounts are translated at weighted average exchange rates. Resulting translation gains and losses are included as a separate component of stockholdersâ€™ equity as accumulated other comprehensive income or loss. Gains or losses resulting from transactions entered into in other than the functional currency are recorded as foreign exchange gains and losses in the condensed consolidated statements of operations. Â Comprehensive income (loss) Â Comprehensive income (loss) consists of the Companyâ€™s consolidated net loss and foreign currency translation adjustments related to its subsidiary. Foreign currency translation adjustments included in comprehensive loss were not tax effected as the Company has a full valuation allowance at September 30, 2024 and December 31, 2023. Accumulated other comprehensive income (loss) is a separate component of stockholdersâ€™ equity and consists of the cumulative foreign currency translation adjustments. Â Basic and Diluted Loss Per Share Â The Company computes net loss per share in accordance with ASC 260, Earnings per Share. ASC 260 requires presentation of both basic and diluted earnings per share (EPS) on the face of the consolidated statements of operations. Basic EPS is computed by dividing net income (loss) available to common stockholders (numerator) by the weighted average number of shares outstanding (denominator) during the period. Diluted EPS gives effect to all dilutive potential common shares outstanding during the period using the treasury stock method and convertible preferred stock using the if-converted method. In computing diluted EPS, the average stock price for the period is used in determining the number of shares assumed to be purchased from the exercise of stock options or warrants. Diluted EPS excludes all dilutive potential shares if their effect is anti-dilutive. As of September 30, 2024, there were 958,693 stock options and warrants, post reverse split effected, that could potentially dilute basic EPS in the future that were not included in the computation of diluted EPS because to do so would have been anti-dilutive for the periods presented. Â Â SHARPS TECHNOLOGY, INC. NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS FOR THE THREE AND NINE MONTHS ENDED SEPTEMBER 30, 2024 AND 2023 Â Note 2. Summary of Significant Accounting Policies (continued) Â Income Taxes Â The Company must make certain estimates and judgments in determining income tax expenses for financial statement purposes. These estimates and judgments are used in the calculation of tax credits, tax benefits, tax deductions, and in the calculation of certain deferred taxes and tax liabilities. Significant changes to these

estimates may result in an increase or decrease to the Companyâ€™s tax provision in a subsequent period. Â The provision for income taxes was comprised of the Companyâ€™s current tax liability and changes in deferred income tax assets and liabilities. The calculation of the current tax liability involves dealing with uncertainties in the application of complex tax laws and regulations and in determining the liability for tax positions, if any, taken on the Companyâ€™s tax returns in accordance with authoritative guidance on accounting for uncertainty in income taxes. Deferred income taxes are determined based on the differences between the financial reporting and tax basis of assets and liabilities. The Company must assess the likelihood that it will be able to recover the Companyâ€™s deferred tax assets. If recovery is not likely on a more-likely-than-not basis, the Company must increase its provision for income taxes by recording a valuation allowance against the deferred tax assets that it estimates will not ultimately be recoverable. However, should there be a change in the Companyâ€™s ability to recover its deferred tax assets, the provision for income taxes would fluctuate in the period of such change. Â Research and Development Costs Â Research and development costs are expensed as incurred. Â Advance payments for goods or services that will be used or rendered for future research and development activities are deferred and capitalized. Such amounts are recognized as an expense as the related goods are delivered or the services are performed. Â Contingencies Â Liabilities for loss contingencies arising from claims, assessments, litigations, fines and penalties and other sources are recognized when it is probable that a liability has been incurred and the amount of the assessment can be reasonably estimated. Gain contingencies are evaluated and not recognized until the gain is realizable or realized. Â Recent Accounting Pronouncements Â On August 5, 2020, the FASB issued ASU 2020-06, Debt â€“ Debt with Conversion and Other Options (Subtopic 470-20) and Derivatives and Hedging â€“ Contracts in Entityâ€™s Own Equity (Subtopic 815-40), which simplifies the accounting for certain financial instruments with characteristics of liabilities and equity, including convertible instruments and contracts on an entityâ€™s own equity. The ASU is part of the FASBâ€™s simplification initiative, which aims to reduce unnecessary complexity in U.S. GAAP. ASU 2020-06 simplifies the guidance in U.S. GAAP on the issuerâ€™s accounting for convertible debt instruments, requires entities to provide expanded disclosures about â€œthe terms and features of convertible instrumentsâ€ and how the instruments have been reported in the entityâ€™s financial statements. It also removes from ASC 815-40-25-10 certain conditions for equity classification and amends certain guidance in ASC 260, Earnings per Share, on the computation of EPS for convertible instruments and contracts on an entityâ€™s own equity. An entity can use either a full or modified retrospective approach to adopt the ASUâ€™s guidance. The ASUâ€™s amendments are effective for smaller public business entities fiscal years beginning after December 15, 2023. The Company does not expect the pronouncement to have a material impact on the Company and will disclose the nature and reason for any elections that the Company makes. Â Â SHARPS TECHNOLOGY, INC. NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS FOR THE THREE AND NINE MONTHS ENDED SEPTEMBER 30, 2024 AND 2023 Â Note 2. Summary of Significant Accounting Policies (continued) Â In December 2023, the FASB issued ASU 2023-09, Income Taxes (Topic 740): Improvements to Income Tax Disclosures. The new guidance requires disaggregated information about the effective tax rate reconciliation and additional information on taxes paid that meet a quantitative threshold. The new guidance is effective for public companies for annual reporting periods beginning after December 15, 2024, a, with early adoption permitted. The Company is currently evaluating the impacts of the new guidance on its disclosures within the consolidated financial statements. Â The Company does not expect the adoption of any accounting pronouncements to have a material impact on the condensed consolidated financial statements. Â We reviewed all other recently issued accounting pronouncements and have concluded they are not applicable or not expected to be significant to the accounting for our operations. The Agreements provided the Company various periods for due diligence and post due diligence, requirements for escrow payments through the closing date (â€œClosing Dateâ€). Â Through the Closing Date, the Agreements provided the Company with the exclusive use of the facility in exchange for payment of the facilityâ€™s operating costs. The monthly fee (â€œOperating Costsâ€), which primarily covered the facilityâ€™s operating costs, was mainly comprised of the sellerâ€™s workforce costs, materials and other recurring monthly operating cost. Â The acquisition of Safegard, which closed on July 6, 2022, did not meet the definition of a business pursuant to ASC 805-10, and accordingly was accounted for as an asset acquisition in accordance with ASC 805-50. The cost of the acquisition was $2,936,712, including transaction costs of $53,576, with the allocation to the assets acquired on a relative fair value basis. The intangibles relate to permits and a limited workforce acquired. Under ASC 805-50, no goodwill is recognized. The operating results for Safegard are included in the condensed consolidated financial statements for the period beginning after the closing on July 6, 2022. Â Stockholdersâ€™ Equity Note 8. Stockholdersâ€™ Equity Â Capital Structure Â On December 11, 2017, the Company was incorporated in Wyoming with 20,000,000 shares of common stock authorized with a $0.0001 par value. Effective, April 18, 2019, the Companyâ€™s authorized common stock was increased to 50,000,000 shares of common stock. The

articles of incorporation also authorized 10,000 preferred shares with a $0.001 par value. Â Effective March 22, 2022, the Company completed a plan and agreement of merger with Sharps Technology, Inc., a Nevada corporation (â€œSharps Nevadaâ€). Pursuant to the merger agreement, (i) the Company merged with and into Sharps Nevada, (ii) each 3.5 shares of common stock of the Company were converted into one share of common stock of Sharps Nevada and (iii) the articles of incorporation and bylaws of Sharps Nevada, became the articles of incorporation and bylaws of the surviving corporation. The Companyâ€™s authorized common stock and preferred stock increased from 50,000,000 to 100,000,000 and 10,000 to 1,000,000 shares, respectively. The par value of preferred stock decreased from $0.001 to $0.0001 per share. Â In July 2024, the shareholders approved the increase of the authorized common stock from 100,000,000 to 500,000,000 which was subsequently filed as an amendment to the articles of incorporation with the state of Nevada. Â Common Stock Â On September 23, 2024, as noted in Note 7, in connection with the Securities Purchase Agreement and Note the Company issued 259,091 (pre reverse - 5,700,006) shares of unregistered common stock. Â Â On May 31 and June 13, 2024, the Company entered into subscription agreements with certain institutional investors, pursuant to which the Company agreed to issue and sell to the investors 190,773 (pre reverse - 4,197,000) shares (the â€œSharesâ€) of Common Stock, par value $0.0001 per share of the Company at a price of $8.36 (pre reverse -$0.38) and received gross proceeds to the Company of $1.6M, before expenses to the placement agent and other offering expenses of $298,000 with net proceeds, after reflecting par value, have been recorded in Additional Paid in Capital of $1,296,903. The shares issued in the offering were offered at-the-market under Nasdaq rules and pursuant to the Companyâ€™s Form 1-A (the â€œOffering Statementâ€), initially filed by the Company with the Securities and Exchange Commission under the Securities Act of 1933, as amended on May 21, 2024, and qualified on May 30, 2024. Â On May 30, 2024, the Company offered warrant inducements (the â€œInducement Agreementâ€) to certain warrant holders (the â€œWarrant Holdersâ€) which references the warrants registered for sale under both the registration statements on Form S-1 (file No. 333-263715) and/or the registration statement on Form S-1 (File No. 333-275011) (collectively, the â€œRegistration Statementsâ€) for up to a total of 499,932 (pre reverse - 10,998,524) warrants to purchase shares of the Companyâ€™s common stock, par value $0.0001 per share. Pursuant to the Inducement Agreement, the exercise price of the existing warrants was reduced from $14.08 (pre reverse -$0.64) per share to $7.26 (pre reverse -$0.33) per share. In addition, for each warrant that was exercised, as a result of the Inducement Agreement, the Company agreed to issue the Warrant Holders unregistered warrants with an exercise price of $9.90 (pre reverse - $0.45) per share (â€œInducement Warrantsâ€). In the aggregate, 260,799 (pre reverse -5,737,573) warrants were exercised as a result of the Inducement Agreement and accordingly, 260,799 Inducement Warrants were issued. The Company received gross proceeds of $1.9M before expenses to the placement agent and other expenses of $285,000. The net proceeds, after reflecting par value, has been recorded in Additional Paid in Capital of $978,955 and with respect to the Inducement Warrants, a liability under ASC 815 was recorded in the amount of $693,064. Certain outstanding warrants, with an exercise price of $14.08 (pre reverse -$0.64), were reduced to $7.26 (pre reverse -$0.33) based on anti-dilution terms in the respective warrant agreements. Â The Company recorded a fair value charge in the three months and nine months ended September 30, 2024 to reflect the modification of the exercise price at the initial inducement date for the non-trading warrants relating to the February and September 2023 warrants below. (See Note 10) Â Â SHARPS TECHNOLOGY, INC. NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS FOR THE THREE AND NINE MONTHS ENDED SEPTEMBER 30, 2024 AND 2023 Â Note 8 Stockholdersâ€™ Equity (continued) Â On September 29, 2023, the Company completed two simultaneous offerings and received aggregate gross proceeds of approximately $5.6 million, before expenses to the placement agent and other offering expenses of $716,000. Â Â a. The first offering, the securities purchase agreement offering (the â€œShelf Offeringâ€) with institutional investors and the Company resulted in the Company receiving net proceeds from the Shelf Offering and the sale of pre-funded of approximately $2.5 million, includes the value of the pre-funded warrants recorded in APIC, net of $362,000 in fees relating to the placement agent and other offering expenses. The Shelf Offering was priced at the market under Nasdaq rules. In connection with the Shelf Offering, the Company issued 164,478 (pre reverse -3,618,521) shares of common at a purchase price of $14.08 per unit, adjusted to $7.26 (reverse effected) at May 30, 2024, based on anti-dilution terms in the warrants and 36,636 (pre reverse -800,000) pre-funded warrants at $14.058 (pre reverse -$0.639) per pre-funded warrants. The exercise price of the pre-funded warrants will be $0.001 per share. Â Â b. The second offering, the securities purchase agreement offering (â€œPrivate Placementâ€) with institutional investors and the Company received net proceeds from the Private Placement of approximately $2.4 million, net of $354,000 in fees relating to the placement agent and other offering expense. In connection with the Private Placement, the Company issued: (i) 117,340 (pre reverse - 2,581,479) PIPE Shares (or PIPE Pre-Funded Warrants in lieu thereof) and (ii) PIPE Warrants (non-trading) to purchase 397,727 (pre reverse -8,750,003) shares of our common stock, at a combined purchase price of $23.63 (pre reverse -$1.074) per unit or $23.606 (pre reverse - $1.073) per pre-funded unit. The PIPE Warrants have a term of five and one-half (5.5) years from the issuance date and are exercisable for one share of common stock at an exercise price, after effect of the October 2024 reverse split, of $14.08 adjusted to $7.26 at May 30, 2024, based on anti-dilution terms in the warrants. See Note 8(a) Warrants below for further adjustment. The net proceeds, after reflecting par value, has been recorded in Additional Paid in Capital of $1.6 million and with respect to the PIPE Warrants recorded as a liability under ASC 815 of $985,204. On October 16, 2023, the Company filed an S-1 (Resale) Registration Statement in connection with the Private Placement and on October 26, 2023 the S-1 went effective. (See Note 10). Â On February 3, 2023, the Company completed a securities purchase agreement (â€œOfferingâ€) with institutional investors and received net proceeds from the Offering of approximately $3.2 million, net of $600,000 in fees relating to the placement agent and other offering expenses. The Offering was priced at the market under Nasdaq rules. In connection with the Offering, the Company issued 102,206 (pre reverse - 2,248,521) units at a purchase price of $37.18 (pre reverse - $1.69) per unit. Each unit consisted of one share of common stock and one non-tradable warrant (â€œOffering Warrantsâ€) exercisable for one share of common stock at a price, after effect of the October 2024 reverse split, of $34.32, adjusted to $14.08 at September 29, 2023 and to $7.26 at May 30, 2024, based on anti-dilution terms in the warrants and a term of five years. See Note 8(a) for further adjustment. The Offering Warrants have a term of five years from the issuance date. On February 13, 2023, the Company filed an S-1 (Resale) Registration Statement in connection with the Offering and on April 14, 2023, an Amendment to the S-1 was filed and went effective. (See Note 10) Â On April 13, 2022, the Companyâ€™s initial public offering (â€œIPOâ€) was declared effective by the SEC pursuant to which the Company issued and sold an aggregate of 170,454 (pre reverse -3,750,000) units (â€œUnitsâ€), each consisting of one share of common stock and two warrants, to purchase one share of common stock for each whole warrant, with an initial exercise price of $ 93.50 (pre reverse -$4.25) per share, adjusted to and with the effect of reverse split October 2024, $34.32 at February 3, 2023 and to $14.08 at September 29, 2023 and to $7.26 at May 30, 2024, based on anti-dilution terms in the warrants, and a term of five years. In addition, the Company granted Aegis Capital Corp., as underwriter a 45-day over-allotment option to purchase up to 15% of the number of shares included in the units sold in the offering, and/or additional warrants equal to 15% of the number of Warrants included in the units sold in the offering, in each case solely to cover over-allotments, which the Aegis Capital Corp. partially exercised with respect to 51,136 (pre reverse -1,125,000) warrants on April 19, 2022. Â The Companyâ€™s common stock and warrants began trading on the Nasdaq Capital Market or Nasdaq on April 14, 2022. Commitments and Contingencies Â Contingencies Â On July 10, 2024, Barry Berler (â€œBerlerâ€), a co-founder and former Chief Technology Officer of the Company, commenced a lawsuit in the United States District Court for the Eastern District of New York, Barry Berler v. Sharps Technology, Inc. and Alan Blackman, Case No. 2:24-cv-04787. In this case, Berler asserts claims for damages of an aggregate of $456,000 for alleged (1) failure to make full payment of certain monthly payments under his consulting agreement with the Company (the â€œConsulting Agreementâ€) in the amount of $52,500, (2) failure to pay a bonus with a target of $216,000

under the Consulting Agreement, (3) $187,500, representing 50% of the severance payment paid by the Company to Mr. Blackman, the Companyâ€™s co-founder and former Chief Operating Officer and Co-Chairman and a declaration and injunctive relief establishing that Berler is the rightful owner of 50% of the Companyâ€™s Series A Preferred Stock (which preferred stock is no longer outstanding). The Company has accrued for the claim for unpaid monthly consulting fees. The Company believes that Berlerâ€™s claims are without merit, intends to defend itself vigorously and has requested dismissal of these claims. In addition, on September 17, 2024, the Company filed an answer and counterclaims with respect thereto, including for recoupment of certain compensation the Company has previously paid to Berler. Â On June l7, 2024, Berler filed a demand for arbitration and statement of claim under the commercial arbitration rules of the American Arbitration Association (â€œAAAâ€) asserting claims for payment of $500,000 plus interest, under the Companyâ€™s royalty agreement with Berler, as amended, rescission thereof and reversion to Berler of the intellectual property rights subject thereto. The Company believes that Berlerâ€™s claims are without merit and intends to defend itself vigorously in connection with these claims. Â On April 3, 2024, Plastomold Industries Ltd. (â€œPlastomoldâ€) commenced a lawsuit against the Company in the United States District Court for the Eastern District of New York, Plastomold Industries Ltd v. Sharps Technology, Inc., Case No. 2:24-CV-02580, asserting claims for damages in the amount of $1.762 million for alleged (1) failure to pay invoices, of which approximately $1 million would relate to a maintenance agreement for units allegedly manufactured and sold using machinery that was defective and has never successfully produced any saleable products, (2) breach of the implied covenant of good faith and fair dealing, (3) unjust enrichment, and (4) conversion. Plastomold asserts it provided certain products and services to the Company for which its invoices were not fully paid. The Company believes that Plastomoldâ€™s claims are without merit and intends to defend itself vigorously. On June 3, 2024, the Company filed an answer and affirmative defenses and counterclaim, which counterclaim is for damages that the Company believes would exceed the claims asserted by Plastomold, based on the insufficiency of Plastomoldâ€™s services and the results thereof, including the failure to provide machinery capable of reliably manufacturing the designated products in compliance with design specifications and functionality requirements, and with respect to which test results failed. Â Commitments Â On August 1, 2022, the Company cancelled the consulting agreement with Alan Blackman, Co- Chairman and Chief Operating Officer and entered into an Employment Agreement. which provided for annual salary of $256,000, which provides for increases, and provisions compensation adjustments, expense and tax differential reimbursements, benefits and bonuses. As of September 1, 2022, the annual salary is $320,000. At September 30, 2022, the Company approved and accrued a $250,000 bonus to Mr. Blackman for services provided in 2022, of which $65,000 was paid subsequent to December 31, 2022. The Company terminated Mr. Blackmanâ€™s Employment Agreement effective May 1, 2023. Mr. Blackman continued to serve as the Co-Chairman and a member of the Board of Directors. Subsequent to June 30, 2023, the Company and Mr. Blackman entered into a separation agreement whereby, Mr. Blackman was paid severance payments of approximately $346,000 plus other medical benefits of approximately $29,000 which were fully paid by August 31, 2024. Further, all unvested options were fully vested, and the Company recorded a charge of $60,000 in 2023. In connection with the separation agreement, Mr. Blackman no longer served as Co-Chairman or Board member and agreed to vote his Series A Preferred Stock in favor of the election, reelection, and/or designation of each individual nominated to serve as a director on the Board of Director as shall be identified in an applicable proxy statement filed by the Company for such election of directors. Once the payments due Mr. Blackman were fully paid, the Series A Preferred Stock were deemed immediately cancelled and forfeited and without further consideration. The Series A Preferred has been returned to the status of an authorized but unissued share of preferred stock of the Company. Â On May 20, 2024, the Company entered into an amendment to the Asset Purchase agreement (â€œAsset Purchaseâ€) with InjectEZ, LLC (â€œSellerâ€) for the purchase of certain assets for $35M. In connection with the Asset Purchase agreement the Company paid a non-refundable deposit of $1M to be held in escrow under an agreeable escrow agreement as a deposit on the purchase price. The Asset Purchase agreement stipulated that the $1M deposit would be maintained until July 19, 2024, at which date, if the contemplated transaction was not consummated, through no fault of the Seller, the escrow would be released to the Seller by the escrow agent. The escrow deposit of $1,000,000 was released to the Seller and recorded a forfeited agreement cost in Other Expenses in the nine months ended September 30, 2024. The Company and Seller are currently working towards a further amendment of the Asset Purchase Agreement. To the extent a further amendment is executed, the closing of the Asset Purchase Agreement will be contingent on obtaining the necessary financing and there can be no assurance that the closing of the asset sale will occur. Â Â SHARPS TECHNOLOGY, INC. NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS FOR THE THREE AND NINE MONTHS ENDED SEPTEMBER 30, 2024 AND 2023 Â Note 2. Summary of Significant Accounting Policies (continued) Â Use of Estimates Use of Estimates Â The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates. As of September 30, 2024, the most significant estimates relate to derivative liabilities, stock-based compensation, long-lived asset impairments and accounting for debt and equity financing. Â Cash and Cash Equivalents Cash and Cash Equivalents Â The Company considers all highly liquid investments purchased with an original or remaining maturity of three months or less at the date of purchase to be cash equivalents. Cash and cash equivalents are maintained with various financial institutions. At September 30, 2024 and December 31, 2023, the Company had no cash equivalents. Â Inventories Inventories Â The Company values inventory at the lower of cost (average cost) or net realizable value. Work-in-process and finished goods inventories consist of material, labor, and manufacturing overhead. Net realizable value is the estimated selling price in the ordinary course of business, less reasonably predictable costs of completion, disposal, and transportation. A reserve is established for any excess or obsolete inventories or they may be written off. At September 30, 2024, and December 31, 2023, inventory is comprised of raw materials, including packaging, work in process (components) and finished goods. Â Fair Value Measurements Fair Value Measurements Â ASC 820, Fair Value Measurements and Disclosures, requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. ASC 820 establishes a fair value hierarchy based on the level of independent, objective evidence surrounding the inputs used to measure fair value. A financial instrumentâ€™s categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. ASC 820 prioritizes the inputs into three levels that may be used to measure fair value. Â The Companyâ€™s outstanding warrants are valued on a recurring basis with the trading price which could cause fluctuations in operating results at the reporting periods. Â Level 1 Â Level 1 applies to assets or liabilities for which there are quoted prices in active markets for identical assets or liabilities. Valuations are based on quoted prices that are readily and regularly available in an active market and do not entail a significant degree of judgment. Â Level 2 Â Level 2 applied to assets or liabilities for which there are other than Level 1 observable inputs such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical assets or liabilities in markets with insufficient volume or infrequent transactions (less active markets); or model-derived valuations in which significant inputs are observable or can be derived principally from, or corroborated by, observable market data. Â Level 2 instruments require more management judgment and subjectivity as compared to Level 1 instruments. For instance: determining which instruments are most similar to the instrument being priced requires management to identify a sample of similar securities based on the coupon rates, maturity, issuer credit rating and instrument type, and subjectively select an individual security or multiple securities that are deemed most similar to the security being priced; and determining whether a market is considered active requires management judgment. Â Â SHARPS TECHNOLOGY, INC. NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS FOR THE THREE AND NINE MONTHS ENDED SEPTEMBER 30, 2024 AND 2023 Â Note 2. Summary of Significant Accounting Policies (continued) Â Level 3 Â Level 3 applied to assets or liabilities for which there are unobservable inputs to the valuation methodology that are significant to the measurement of the fair value of the assets or liabilities. The determination for Level 3 instruments requires the most management judgment and subjectivity. Â Fixed Assets Fixed Assets Â Fixed assets are stated at cost. Expenditures for maintenance and repairs are charged to operations as incurred. The Companyâ€™s fixed assets consist of land, building, machinery and equipment, molds and website. Depreciation is calculated using the straight-line method commencing on the date the asset is operating in the way intended by management over the following useful lives: Building â€“ 20 years, Machinery and Equipment â€“ 3 - 10 years and Website and Computer Systems â€“ 3 years. The expected life for Molds is based on the lesser of the number of parts that will be produced based on the expected mold capability or 5 years. Â Impairment of Long-Lived Assets Impairment of Long-Lived Assets Â Long-lived assets are reviewed for impairment or whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability is measured by comparison of the carrying amount of an asset group to the future net undiscounted cash flows that the assets are expected to generate. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the assets exceeds the projected discounted future net cash flows arising from the asset. Â There were no impairment losses recognized during the three and nine months ended September 30, 2024 and 2023. Â Purchased Identified Intangible Assets Â The Companyâ€™s identified intangible assets are amortized on a straight-line basis over their estimated useful lives of 5 years. The Company makes judgments about the recoverability of finite-lived intangible assets whenever facts and circumstances indicate that the useful life is shorter than originally estimated or that the carrying amount of assets may not be recoverable. If such facts and circumstances exist, the Company assesses recoverability by comparing the projected undiscounted net cash flows associated with the related asset or group of assets over their remaining lives against their respective carrying amounts. Impairments, if any, are based on the excess of the carrying amount over the fair value of those assets. If the useful life is shorter than originally estimated, the Company would accelerate the rate of amortization and amortize the remaining carrying value over the new shorter useful life. The Company evaluates the carrying value of indefinite-lived intangible assets whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable, and an impairment charge would be recognized to the extent that the carrying amount of such assets exceeds their estimated fair value. Â Stock-based Compensation Expense Stock-based Compensation Expense Â The Company measures its stock-based awards made to employees based on the estimated fair values of the awards as of the grant date. For stock option awards, the Company uses the Black-Scholes option-pricing model. Stock-based compensation expense is recognized over the requisite service period and is based on the value of the portion of stock-based payment awards that is ultimately expected to vest. The Company recognizes forfeitures of stock-based awards as they occur on a prospective basis. Â Stock-based compensation expense for awards granted to non-employees as consideration for services received is measured on the date of performance at the fair value of the consideration received or the fair value of the equity instruments issued, whichever can be more reliably measured. Â Â SHARPS TECHNOLOGY, INC. NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS FOR THE THREE AND NINE MONTHS ENDED SEPTEMBER 30, 2024 AND 2023 Â Note 2. Summary of Significant Accounting Policies (continued) Â Derivative Instruments Derivative Instruments Â The Company accounts for common stock warrants as either equity-classified or liability-classified instruments based on an assessment of the specific terms of the warrants and applicable authoritative guidance in Financial Accounting Standards Board (â€œFASBâ€) Accounting Standards Codification (â€œASC 480â€), Distinguishing Liabilities from Equity (â€œASC 480â€) and ASC 815, Derivatives and Hedging (â€œASC 815â€). The assessment considers whether the warrants are freestanding financial instruments pursuant to ASC 480, meet the definition of a liability pursuant to ASC 480, and meet all of the requirements for equity classification under ASC 815, including whether the warrants are indexed to the Companyâ€™s own stock and whether the holders of the warrants could potentially require net cash settlement in a circumstance outside of the Companyâ€™s control, among other conditions for equity classification. This assessment, which requires the use of professional judgment, is conducted at the time of warrant issuance and as of each subsequent quarterly period end date while the warrants are outstanding. Â At their issuance date and as of September 30, 2024, certain warrants (see Notes 8 and 10) were accounted for as liabilities as these instruments did not meet all of the requirements for equity classification under ASC 815-40 based on the terms of the aforementioned warrants. The resulting warrant liabilities are re-measured at each balance sheet date until their exercise or expiration, and any change in fair value is recognized in the Companyâ€™s condensed consolidated statements of operations. Â Foreign Currency Translation/Transactions Foreign Currency Translation/Transactions Â The Company has determined that the functional currency for its foreign subsidiary is the local currency. For financial reporting purposes, assets and liabilities denominated in foreign currencies are translated at current exchange rates and profit and loss accounts are translated at weighted average exchange rates. Resulting translation gains and losses are included as a separate component of stockholdersâ€™ equity as accumulated other comprehensive income or loss. Gains or losses resulting from transactions entered into in other than the functional currency are recorded as foreign exchange gains and losses in the condensed consolidated statements of operations. Â Comprehensive income (loss) Comprehensive income (loss) Â Comprehensive income (loss) consists of the Companyâ€™s consolidated net loss and foreign currency translation adjustments related to its subsidiary. Foreign currency translation adjustments included in comprehensive loss were not tax effected as the Company has a full valuation allowance at September 30, 2024 and December 31, 2023. Accumulated other comprehensive income (loss) is a separate component of stockholdersâ€™ equity and consists of the cumulative foreign currency translation adjustments. Â Basic and Diluted Loss Per Share Basic and Diluted Loss Per Share Â The Company computes net loss per share in accordance with ASC 260, Earnings per Share. ASC 260 requires presentation of both basic and diluted earnings per share (EPS) on the face of the consolidated statements of operations. Basic EPS is computed by dividing net income (loss) available to common stockholders (numerator) by the weighted average number of shares outstanding (denominator) during the period. Diluted EPS gives effect to all dilutive potential common shares outstanding during the period using the treasury stock method and convertible preferred stock using the if-converted method. In computing diluted EPS, the average stock price for the period is used in determining the number of shares assumed to be purchased from the exercise of stock options or warrants. Diluted EPS excludes all dilutive potential shares if their effect is anti-dilutive. As of September 30, 2024, there were 958,693 stock options and warrants, post reverse split effected, that could potentially dilute basic EPS in the future that were not included in the computation of diluted EPS because to do so would have been anti-dilutive for the periods presented. Â Â SHARPS TECHNOLOGY, INC. NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS FOR THE THREE AND NINE MONTHS ENDED SEPTEMBER 30, 2024 AND 2023 Â Note 2. Summary of Significant Accounting Policies (continued) Â Income Taxes Income Taxes Â The Company must make certain estimates and judgments in determining income tax expenses for financial statement purposes. These estimates and judgments are used in the calculation of tax credits, tax benefits, tax deductions, and in the calculation of certain deferred taxes and tax liabilities. Significant changes to these estimates may result in an increase or decrease to the Companyâ€™s tax provision in a subsequent period. Â The provision for income taxes was comprised of the Companyâ€™s current tax liability and changes in deferred income tax assets and liabilities. The calculation of the current tax liability involves dealing with uncertainties in the application of complex tax laws and regulations and in determining the liability for tax positions, if any, taken on the Companyâ€™s tax returns in accordance with authoritative guidance on accounting for uncertainty in income taxes. Deferred income taxes are determined based on the differences between the financial reporting and tax basis of assets and liabilities. The Company must assess the likelihood that it will be able to recover the Companyâ€™s deferred tax assets. If recovery is not likely on a more-likely-than-not basis, the Company must increase its provision for income taxes by recording a valuation allowance against the deferred tax assets that it estimates will not ultimately be recoverable. However, should there be a change in the Companyâ€™s ability to recover its deferred tax assets, the provision for income taxes would fluctuate in the period of such change. Â

Research and Development Costs Research and Development Costs Â Research and development costs are expensed as incurred. Â Advance payments for goods or services that will be used or rendered for future research and development activities are deferred and capitalized. Such amounts are recognized as an expense as the related goods are delivered or the services are performed. Â Contingencies Contingencies Â Liabilities for loss contingencies arising from claims, assessments, litigations, fines and penalties and other sources are recognized when it is probable that a liability has been incurred and the amount of the assessment can be reasonably estimated. Gain contingencies are evaluated and not recognized until the gain is realizable or realized. Â Recent Accounting Pronouncements Recent Accounting Pronouncements Â On August 5, 2020, the FASB issued ASU 2020-06, Debt â€" Debt with Conversion and Other Options (Subtopic 470-20) and Derivatives and Hedging â€" Contracts in Entityâ€™s Own Equity (Subtopic 815-40), which simplifies the accounting for certain financial instruments with characteristics of liabilities and equity, including convertible instruments and contracts on an entityâ€™s own equity. The ASU is part of the FASBâ€™s simplification initiative, which aims to reduce unnecessary complexity in U.S. GAAP. ASU 2020-06 simplifies the guidance in U.S. GAAP on the issuerâ€™s accounting for convertible debt instruments, requires entities to provide expanded disclosures about â€œthe terms and features of convertible instrumentsâ€ and how the instruments have been reported in the entityâ€™s financial statements. It also removes from ASC 815-40-25-10 certain conditions for equity classification and amends certain guidance in ASC 260, Earnings per Share, on the computation of EPS for convertible instruments and contracts on an entityâ€™s own equity. An entity can use either a full or modified retrospective approach to adopt the ASUâ€™s guidance. The ASUâ€™s amendments are effective for smaller public business entities fiscal years beginning after December 15, 2023. The Company does not expect the pronouncement to have a material impact on the Company and will disclose the nature and reason for any elections that the Company makes. Â Â SHARPS TECHNOLOGY, INC. NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS FOR THE THREE AND NINE MONTHS ENDED SEPTEMBER 30, 2024 AND 2023 Â Note 2. Summary of Significant Accounting Policies (continued) Â In December 2023, the FASB issued ASU 2023-09, Income Taxes (Topic 740): Improvements to Income Tax Disclosures. The new guidance requires disaggregated information about the effective tax rate reconciliation and additional information on taxes paid that meet a quantitative threshold. The new guidance is effective for public companies for annual reporting periods beginning after December 15, 2024, a, with early adoption permitted. The Company is currently evaluating the impacts of the new guidance on its disclosures within the consolidated financial statements. Â The Company does not expect the adoption of any accounting pronouncements to have a material impact on the condensed consolidated financial statements. Â We reviewed all other recently issued accounting pronouncements and have concluded they are not applicable or not expected to be significant to the accounting for our operations. Warrants and rights outstanding are derivative securities that give the holder the right to purchase securities (usually equity) from the issuer at a specific price within a certain time frame. Warrants are often included in a new debt issue to entice investors by a higher return potential. The main difference between warrants and call options is that warrants are issued and guaranteed by the company, whereas options are exchange instruments and are not issued by the company. Also, the lifetime of a warrant is often measured in years, while the lifetime of a typical option is measured in months. Disclose the title of issue of securities called for by warrants and rights outstanding, the aggregate amount of securities called for by warrants and rights outstanding, the date from which the warrants or rights are exercisable, and the price at which the warrant or right is exercisable. + ReferencesReference 1: http://fasb.org/us-gaap/role/ref/legacyRef -Name Accounting Standards Codification -Topic 718 -SubTopic 10 -Section 50 -Paragraph 1 -Subparagraph (a) -Publisher FASB -URI https://asc.fasb.org/1943274/2147480429/718-10-50-1 + Details Name: us-gaap_ScheduleOfStockholdersEquityNoteWarrantsOrRightsTextBlock Namespace Prefix: us-gaap_ Data Type: dtr-types:textBlockItemType Balance Type: na Period Type: duration X - Details Name: us-gaap_StatementEquityComponentsAxis=us-gaap_WarrantMember Namespace Prefix: Data Type: na Balance Type: Period Type: XML 40 R29.htm IDEA: XBRL DOCUMENT v3.24.3 Stock Options (Tables) 9 Months Ended Sep. 30, 2024 Share-Based Payment Arrangement [Abstract] Â Schedule of Stock Options Granted and Outstanding A summary of options granted and outstanding is presented below. Description of Business   Nature of Business and Going Concern   Sharps Technology, Inc. (“Sharps” or the “Company”) is a pre-revenue medical device company that has designed and patented various safety syringes and is seeking commercialization by manufacturing and distribution of its products.   The accompanying condensed consolidated financial statements include the accounts of Sharps Technology, Inc., and its wholly owned subsidiaries, Safegard Medical, Kft. and Sharps Technology Acquisition Corp. collectively referred to as the “Company.” The condensed consolidated balance sheet as of September 30, 2024 and the condensed consolidated statements of operations, statements of comprehensive loss, statements of stockholders’ equity and the statements of cash flow for three and nine months ended September 30, 2024 and 2023 (the “interim statements”) are unaudited. All intercompany transactions and balances have been eliminated. In the opinion of management, all adjustments (which include normal recurring adjustments) necessary to present fairly the financial position and operating results for the interim periods have been made. Certain information and footnote disclosure, normally included in annual financial statements prepared in accordance with accounting principles generally accepted in the United States, have been condensed or omitted. The interim statements should be read in conjunction with the consolidated financial statements for the year ended December 31, 2023 and notes thereto contained in the Company’s Form 10-K filed with the Securities and Exchange Commission. The condensed consolidated balance sheet at December 31, 2023 has been derived from the audited financial statements at that date. The results of operations for the three and nine months ended September 30, 2024 are not necessarily indicative of the results that may be expected for the fiscal year ending December 31, 2024.   The accompanying condensed consolidated financial statements have been prepared assuming that the Company will continue as a going concern. The Company has not generated revenue or cash flow from operations since inception. As of September 30, 2024, the Company had a working capital of $67,820 which is not expected to be sufficient to fund the Company’s planned operations for the next 12 months. These factors raise substantial doubt regarding the Company’s ability to continue as a going concern. The Company’s ability to continue as a going concern is dependent upon the Company’s ability to raise sufficient financing to acquire or commercialize its products into a profitable business. The Company intends to finance its commercialization activities and its working capital needs largely from the sale of equity securities and/or with additional funding from other traditional financing sources until such time that funds provided by operations are sufficient to fund working capital requirements. The unaudited condensed consolidated financial statements of the Company do not include any adjustments relating to the recoverability and classification of recorded assets, or the amounts and classifications of liabilities that might be necessary should the Company be unable to continue as a going concern.   The Company’s fiscal year ends on December 31.   On April 13, 2022, the Company’s Initial Public Offering was deemed effective with trading commencing on April 14, 2022. The Company received net proceeds of $14.2 million on April 19, 2022 (See Note 7).   Effective October 16, 2024, the Company completed a 1 for 22 reverse split, whereby for each 22 shares of common stock the Company issued one share of common stock . All share, other equity instruments and per share information in the accompanying condensed consolidated financial statements and footnotes have been retroactively adjusted for the effects of the reverse split for all periods presented.   <p style="font: 10pt Times New Roman, Times, Serif; margin: 0pt 0pt 0pt 0;

Summary of Significant Accounting Policies   Basis of Presentation   The accompanying condensed consolidated financial statements have been prepared by the Company in accordance with generally accepted accounting principles (“GAAP”) in the United States (“U.S.”) and are expressed in U.S. dollars.   SHARPS TECHNOLOGY, INC. NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS FOR THE THREE AND NINE MONTHS ENDED SEPTEMBER 30, 2024 AND 2023   Note 2. Summary of Significant Accounting Policies (continued)   Use of Estimates   The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates. As of September 30, 2024, the most significant estimates relate to derivative liabilities, stock-based compensation, long-lived asset impairments and accounting for debt and equity financing.   Cash and Cash Equivalents   The Company considers all highly liquid investments purchased with an original or remaining maturity of three months or less at the date of purchase to be cash equivalents. Cash and cash equivalents are maintained with various financial institutions. At September 30, 2024 and December 31, 2023, the Company had no cash equivalents.   Inventories   The Company values inventory at the lower of cost (average cost) or net realizable value. Work-in-process and finished goods inventories consist of material, labor, and manufacturing overhead. Net realizable value is the estimated selling price in the ordinary course of business, less reasonably predictable costs of completion, disposal, and transportation. A reserve is established for any excess or obsolete inventories or they may be written off. At September 30, 2024, and December 31, 2023, inventory is comprised of raw materials, including packaging, work in process (components) and finished goods.   Fair Value Measurements   ASC 820, Fair Value Measurements and Disclosures, requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. ASC 820 establishes a fair value hierarchy based on the level of

*independent, objective evidence surrounding the inputs used to measure fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. ASC 820 prioritizes the inputs into three levels that may be used to measure fair value.   The Company's outstanding warrants are valued on a recurring basis with the trading price which could cause fluctuations in operating results at the reporting periods.   Level 1   Level 1 applies to assets or liabilities for which there are quoted prices in active markets for identical assets or liabilities. Valuations are based on quoted prices that are readily and regularly available in an active market and do not entail a significant degree of judgment.   Level 2   Level 2 applied to assets or liabilities for which there are other than Level 1 observable inputs such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical assets or liabilities in markets with insufficient volume or infrequent transactions (less active markets); or model-derived valuations in which significant inputs are observable or can be derived principally from, or corroborated by, observable market data.   Level 2 instruments require more management judgment and subjectivity as compared to Level 1 instruments. For instance: determining which instruments are most similar to the instrument being priced requires management to identify a sample of similar securities based on the coupon rates, maturity, issuer credit rating and instrument type, and subjectively select an individual security or multiple securities that are deemed most similar to the security being priced; and determining whether a market is considered active requires management judgment.
 SHARPS TECHNOLOGY, INC. NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS FOR THE THREE AND NINE MONTHS ENDED SEPTEMBER 30, 2024 AND 2023   Note 2. Summary of Significant Accounting Policies (continued)   Level 3   Level 3 applied to assets or liabilities for which there are unobservable inputs to the valuation methodology that are significant to the measurement of the fair value of the assets or liabilities. The determination for Level 3 instruments requires the most management judgment and subjectivity.   Fixed Assets   Fixed assets are stated at cost. Expenditures for maintenance and repairs are charged to operations as incurred. The Company's fixed assets consist of land, building, machinery and equipment, molds and website. Depreciation is calculated using the straight-line method commencing on the date the asset is operating in the way intended by management over the following useful lives: Building – <span id="xdx_90D_eus-gaap--PropertyPlantAndEquipmentUsefulLife_iI_dtY_c20240930__us-gaap--PropertyPlantAndEquipmentByTypeAxis__us-gaap--BuildingMember_zfFFDUZ05bbg" title="Property plant and equipment asset useful life">20 years, Machinery and Equipment – <span id="xdx_901_eus-gaap--PropertyPlantAndEquipmentUsefulLife_iI_dtY_c20240930__us-gaap--PropertyPlantAndEquipmentByTypeAxis__us-gaap--MachineryAndEquipmentMember__srt--RangeAxis__srt--MinimumMember_zQDlHxyYqlR4" title="Property plant and equipment asset useful life">3 - <span id="xdx_907_eus-gaap--*

The expected life for Molds is based on the lesser of the number of parts that will be produced based on the expected mold capability or 5 years.   Impairment of Long-Lived Assets   Long-lived assets are reviewed for impairment or whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability is measured by comparison of the carrying amount of an asset group to the future net undiscounted cash flows that the assets are expected to generate. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the assets exceeds the projected discounted future net cash flows arising from the asset.   There were no impairment losses recognized during the three and nine months ended September 30, 2024 and 2023.   Purchased Identified Intangible Assets   The Company’s identified intangible assets are amortized on a straight-line basis over their estimated useful lives of 5 years. The Company makes judgments about the recoverability of finite-lived intangible assets whenever facts and circumstances indicate that the useful life is shorter than originally estimated or that the carrying amount of assets may not be recoverable. If such facts and circumstances exist, the Company assesses recoverability by comparing the projected undiscounted net cash flows associated with the related asset or group of assets over their remaining lives against their respective carrying amounts. Impairments, if any, are based on the excess of the carrying amount over the fair value of those assets. If the useful life is shorter than originally estimated, the Company would accelerate the rate of amortization and amortize the remaining carrying value over the new shorter useful life. The Company evaluates the carrying value of indefinite-lived intangible assets whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable, and an impairment charge would be recognized to the extent that the carrying amount of such assets exceeds their estimated fair value.   Stock-based Compensation Expense   The Company measures its stock-based awards made to employees based on the estimated fair values of the awards as of the grant date. For stock option awards, the Company uses the Black-Scholes option-pricing model. Stock-based compensation expense is recognized over the requisite service period and is based on the value of the portion of stock-based payment awards that is ultimately expected to vest. The Company recognizes forfeitures of stock-based awards as they occur on a prospective basis.   Stock-based compensation expense for awards granted to non-employees as consideration for services received is measured on the date of performance at the fair value of the consideration received or the fair value of the equity instruments issued, whichever can be more reliably measured. Summary of Significant Accounting Policies (continued)   Derivative Instruments   The Company accounts for common stock warrants as either equity-classified or liability-classified instruments based on an assessment of the specific terms of the warrants and applicable authoritative guidance in Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC 480”), Distinguishing Liabilities from Equity (“ASC 480”) and ASC 815, Derivatives and Hedging (“ASC 815”). The assessment considers whether the warrants are freestanding financial instruments pursuant to ASC 480, meet the definition of a liability pursuant to ASC 480, and meet all of the requirements for equity classification under ASC 815, including whether the warrants are indexed to the Company’s own stock and whether the holders of the warrants could potentially require net cash settlement in a circumstance outside of the Company’s control, among other conditions for equity classification. This assessment, which requires the use of professional judgment, is conducted at the time of warrant issuance and as of each subsequent quarterly period end date while the warrants are outstanding.   At their issuance date and as of September 30, 2024, certain warrants (see Notes 8 and 10) were accounted for as liabilities as these instruments did not meet all of the requirements for equity classification under ASC 815-40 based on the terms of the aforementioned warrants. The resulting warrant liabilities are re-measured at each balance sheet date until their exercise or expiration, and any change in fair value is recognized in the Company’s condensed consolidated statements of operations.   Foreign Currency Translation/Transactions   The Company has determined that the functional currency for its foreign subsidiary is the local currency. For financial reporting purposes, assets and liabilities denominated in foreign currencies are translated at current exchange rates and profit and loss accounts are translated at weighted average exchange rates. Resulting translation gains and losses are included as a separate component of stockholders’ equity as accumulated other comprehensive income or loss. Gains or losses resulting from transactions entered into in other than the functional currency are recorded as foreign exchange gains and losses in the condensed consolidated statements of operations.   Comprehensive income (loss)   Comprehensive income (loss) consists of the Company’s consolidated net loss and foreign currency translation adjustments related to its subsidiary. Foreign currency translation adjustments included in comprehensive loss were not tax effected as the Company has a full valuation allowance at September 30, 2024 and December 31, 2023. Accumulated other comprehensive income (loss) is a separate component of stockholders’ equity and consists of the cumulative foreign currency translation adjustments.   Basic and Diluted Loss Per Share   The Company computes net loss per share in accordance with ASC 260, Earnings per Share. ASC 260 requires presentation of both basic and diluted earnings per share (EPS) on the face of the consolidated statements of operations. Basic EPS is computed by dividing net income (loss) available to common stockholders (numerator) by the weighted average number of shares outstanding (denominator) during the period. Diluted EPS gives effect to all dilutive potential common shares outstanding during the period using the treasury stock method and convertible preferred stock using the if-converted method. In computing diluted EPS, the average stock price for the period is used in determining the number of shares assumed to be purchased from the exercise of stock options or warrants. Diluted EPS excludes all dilutive potential shares if their effect is anti-dilutive. As of September 30, 2024, there were <span id="xdx_90A_eus-gaap--AntidilutiveSecuritiesExcludedFromComputationOfEarningsPerShareAmount_c20240101__20240930__us-gaap--AntidilutiveSecuritiesExcludedFromComputationOfEarningsPerShareByAntidilutiveSecuritiesAxis__custom--StockOptionAndWarrantsMember_zBLuoIKyQ3x3" title="Antidilutive shares amount">958,693 stock

options and warrants, post reverse split effected, that could potentially dilute basic EPS in the future that were not included in the computation of diluted EPS because to do so would have been anti-dilutive for the periods presented.   SHARPS TECHNOLOGY, INC. NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS FOR THE THREE AND NINE MONTHS ENDED SEPTEMBER 30, 2024 AND 2023   Note 2. Summary of Significant Accounting Policies (continued)   Income Taxes   The Company must make certain estimates and judgments in determining income tax expenses for financial statement purposes. These estimates and judgments are used in the calculation of tax credits, tax benefits, tax deductions, and in the calculation of certain deferred taxes and tax liabilities. Significant changes to these estimates may result in an increase or decrease to the Company's tax provision in a subsequent period.   The provision for income taxes was comprised of the Company's current tax liability and changes in deferred income tax assets and liabilities. The calculation of the current tax liability involves dealing with uncertainties in the application of complex tax laws and regulations and in determining the liability for tax positions, if any, taken on the Company's tax returns in accordance with authoritative guidance on accounting for uncertainty in income taxes. Deferred income taxes are determined based on the differences between the financial reporting and tax basis of assets and liabilities. The Company must assess the likelihood that it will be able to recover the Company's deferred tax assets. If recovery is not likely on a more-likely-than-not basis, the Company must increase its provision for income taxes by recording a valuation allowance against the deferred tax assets that it estimates will not ultimately be recoverable. However, should there be a change in the Company's ability to recover its deferred tax assets, the provision for income taxes would fluctuate in the period of such change.   Research and Development Costs   Research and development costs are expensed as incurred.   Advance payments for goods or services that will be used or rendered for future research and development activities are deferred and capitalized. Such amounts are recognized as an expense as the related goods are delivered or the services are performed.   Contingencies   Liabilities for loss contingencies arising from claims, assessments, litigations, fines and penalties and other sources are recognized when it is probable that a liability has been incurred and the amount of the assessment can be reasonably estimated. Gain contingencies are evaluated and not recognized until the gain is realizable or realized.   Recent Accounting Pronouncements   On August 5, 2020, the FASB issued ASU 2020-06, Debt – Debt with Conversion and Other Options (Subtopic 470-20) and Derivatives and Hedging – Contracts in Entity's Own Equity (Subtopic 815-40), which simplifies the accounting for certain financial instruments with characteristics of liabilities and equity, including convertible instruments and contracts on an entity's own equity. The ASU is part of the FASB's simplification initiative, which aims to reduce unnecessary complexity in U.S. GAAP. ASU 2020-06 simplifies the guidance in U.S. GAAP on the issuer's accounting for

convertible debt instruments, requires entities to provide expanded disclosures about “the terms and features of convertible instruments” and how the instruments have been reported in the entity’s financial statements. It also removes from ASC 815-40-25-10 certain conditions for equity classification and amends certain guidance in ASC 260, Earnings per Share, on the computation of EPS for convertible instruments and contracts on an entity’s own equity. An entity can use either a full or modified retrospective approach to adopt the ASU’s guidance. The ASU’s amendments are effective for smaller public business entities fiscal years beginning after December 15, 2023. The Company does not expect the pronouncement to have a material impact on the Company and will disclose the nature and reason for any elections that the Company makes.   SHARPS TECHNOLOGY, INC. NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS FOR THE THREE AND NINE MONTHS ENDED SEPTEMBER 30, 2024 AND 2023   Note 2. Summary of Significant Accounting Policies (continued)   In December 2023, the FASB issued ASU 2023-09, Income Taxes (Topic 740): Improvements to Income Tax Disclosures. The new guidance requires disaggregated information about the effective tax rate reconciliation and additional information on taxes paid that meet a quantitative threshold. The new guidance is effective for public companies for annual reporting periods beginning after December 15, 2024, a, with early adoption permitted. The Company is currently evaluating the impacts of the new guidance on its disclosures within the consolidated financial statements.   The Company does not expect the adoption of any accounting pronouncements to have a material impact on the condensed consolidated financial statements.   We reviewed all other recently issued accounting pronouncements and have concluded they are not applicable or not expected to be significant to the accounting for our operations. Level 2   Level 2 applied to assets or liabilities for which there are other than Level 1 observable inputs such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical assets or liabilities in markets with insufficient volume or infrequent transactions (less active markets); or model-derived valuations in which significant inputs are observable or can be derived principally from, or corroborated by, observable market data.   Level 2 instruments require more management judgment and subjectivity as compared to Level 1 instruments. For instance: determining which instruments are most similar to the instrument being priced requires management to identify a sample of similar securities based on the coupon rates, maturity, issuer credit rating and instrument type, and subjectively select an individual security or multiple securities that are deemed most similar to the security being priced; and determining whether a market is considered active requires management judgment.

Expenditures for maintenance and repairs are charged to operations as incurred. The Company’s fixed assets consist of land, building, machinery and equipment, molds and website. Depreciation is calculated using the straight-line method commencing on the date the asset is operating in the way intended by management over the following useful lives: Building - <span id="xdx_90D_eus-gaap--PropertyPlantAndEquipmentUsefulLife_iI_dtY_c20240930__us-gaap--PropertyPlantAndEquipmentByTypeAxis__us-gaap--BuildingMember_zfFFDUZ05bbg" title="Property plant and equipment asset useful life">20 years, Machinery and Equipment - <span id="xdx_901_eus-gaap--PropertyPlantAndEquipmentUsefulLife_iI_dtY_c20240930__us-gaap--PropertyPlantAndEquipmentByTypeAxis__us-gaap--MachineryAndEquipmentMember__srt--RangeAxis__srt--MinimumMember_zQDlHxyYqlR4" title="Property plant and equipment asset useful life">3 - <span id="xdx_907_eus-gaap--PropertyPlantAndEquipmentUsefulLife_iI_dtY_c20240930__us-gaap--PropertyPlantAndEquipmentByTypeAxis__us-gaap--MachineryAndEquipmentMember__srt--RangeAxis__srt--MaximumMember_zIimvDqNBFI6" title="Property plant and equipment asset useful life">10 years and Website and Computer Systems - <span id="xdx_909_eus-gaap--PropertyPlantAndEquipmentUsefulLife_iI_dtY_c20240930__us-gaap--PropertyPlantAndEquipmentByTypeAxis__custom--WebsiteMember_zTb8yQXBBNHf" title="Property plant and equipment asset useful life">3 years. The expected life for Molds is based on the lesser of the number of parts that will be produced based on the expected mold capability or 5 years.   P20Y P3Y P10Y P3Y Impairment of Long-Lived Assets   Long-lived assets are reviewed for impairment or whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability is measured by comparison of the carrying amount of an asset group to the future net undiscounted cash flows that the assets are expected to generate. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the assets exceeds the projected discounted future net cash flows arising from the asset.   There were no impairment losses recognized during the three and nine months ended September 30, 2024 and 2023.   Purchased Identified Intangible Assets   The Company’s identified intangible assets are amortized on a straight-line basis over their estimated useful lives of 5 years. The Company makes judgments about the recoverability of finite-lived intangible

assets whenever facts and circumstances indicate that the useful life is shorter than originally estimated or that the carrying amount of assets may not be recoverable. If such facts and circumstances exist, the Company assesses recoverability by comparing the projected undiscounted net cash flows associated with the related asset or group of assets over their remaining lives against their respective carrying amounts. Impairments, if any, are based on the excess of the carrying amount over the fair value of those assets. If the useful life is shorter than originally estimated, the Company would accelerate the rate of amortization and amortize the remaining carrying value over the new shorter useful life. The Company evaluates the carrying value of indefinite-lived intangible assets whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable, and an impairment charge would be recognized to the extent that the carrying amount of such assets exceeds their estimated fair value.   Stock-based Compensation Expense   The Company measures its stock-based awards made to employees based on the estimated fair values of the awards as of the grant date. For stock option awards, the Company uses the Black-Scholes option-pricing model. Stock-based compensation expense is recognized over the requisite service period and is based on the value of the portion of stock-based payment awards that is ultimately expected to vest. The Company recognizes forfeitures of stock-based awards as they occur on a prospective basis.   Stock-based compensation expense for awards granted to non-employees as consideration for services received is measured on the date of performance at the fair value of the consideration received or the fair value of the equity instruments issued, whichever can be more reliably measured.   SHARPS TECHNOLOGY, INC. NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS FOR THE THREE AND NINE MONTHS ENDED SEPTEMBER 30, 2024 AND 2023   Note 2. Summary of Significant Accounting Policies (continued)   Derivative Instruments   The Company accounts for common stock warrants as either equity-classified or liability-classified instruments based on an assessment of the specific terms of the warrants and applicable authoritative guidance in Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC 480”), Distinguishing Liabilities from Equity (“ASC 480”) and ASC 815, Derivatives and Hedging (“ASC 815”). The assessment considers whether the warrants are freestanding financial instruments pursuant to ASC 480, meet the definition of a liability pursuant to ASC 480, and meet all of the requirements for equity classification under ASC 815, including whether the warrants are indexed to the Company’s own stock and whether the holders of the warrants could potentially require net cash settlement in a circumstance outside of the Company’s control, among other conditions for equity classification. This assessment, which requires the use of professional judgment, is conducted at the time of warrant issuance and as of each subsequent quarterly period end date while the warrants are outstanding.   At their issuance date and as of September 30, 2024, certain warrants (see Notes 8 and 10) were accounted for as liabilities as these instruments did not meet all of the requirements for equity classification under ASC 815-40 based on the terms of the aforementioned warrants. The resulting warrant liabilities are re-measured at each balance sheet date until their exercise or expiration, and any change in fair value is recognized in the Company’s condensed consolidated statements of operations.   Foreign Currency Translation/Transactions   The Company has determined that the functional currency for its foreign subsidiary is the local currency. For financial reporting purposes, assets and liabilities denominated in foreign currencies are translated at current exchange rates and profit and loss accounts are translated at weighted average exchange rates. Resulting translation gains

and losses are included as a separate component of stockholders' equity as accumulated other comprehensive income or loss. Gains or losses resulting from transactions entered into in other than the functional currency are recorded as foreign exchange gains and losses in the condensed consolidated statements of operations.   Comprehensive income (loss)   Comprehensive income (loss) consists of the Company's consolidated net loss and foreign currency translation adjustments related to its subsidiary. Foreign currency translation adjustments included in comprehensive loss were not tax effected as the Company has a full valuation allowance at September 30, 2024 and December 31, 2023. Accumulated other comprehensive income (loss) is a separate component of stockholders' equity and consists of the cumulative foreign currency translation adjustments.   Basic and Diluted Loss Per Share   The Company computes net loss per share in accordance with ASC 260, Earnings per Share. ASC 260 requires presentation of both basic and diluted earnings per share (EPS) on the face of the consolidated statements of operations. Basic EPS is computed by dividing net income (loss) available to common stockholders (numerator) by the weighted average number of shares outstanding (denominator) during the period. Diluted EPS gives effect to all dilutive potential common shares outstanding during the period using the treasury stock method and convertible preferred stock using the if-converted method. In computing diluted EPS, the average stock price for the period is used in determining the number of shares assumed to be purchased from the exercise of stock options or warrants. Diluted EPS excludes all dilutive potential shares if their effect is anti-dilutive. As of September 30, 2024, there were <span id="xdx_90A_eus-gaap--AntidilutiveSecuritiesExcludedFromComputationOfEarningsPerShareAmount_c20240101__20240930__us-gaap--AntidilutiveSecuritiesExcludedFromComputationOfEarningsPerShareByAntidilutiveSecuritiesAxis__custom--StockOptionAndWarrantsMember_zBLuoIKyQ3x3" title="Antidilutive shares amount">958,693 stock options and warrants, post reverse split effected, that could potentially dilute basic EPS in the future that were not included in the computation of diluted EPS because to do so would have been anti-dilutive for the periods presented.   SHARPS TECHNOLOGY, INC. NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS FOR THE THREE AND NINE MONTHS ENDED SEPTEMBER 30, 2024 AND 2023   Note 2. Summary of Significant Accounting Policies (continued)   958693 Income Taxes   The Company must make certain estimates and judgments in determining income tax expenses for financial statement purposes. These estimates and judgments are used in the calculation of tax credits, tax benefits, tax deductions, and in the calculation of certain deferred taxes and tax liabilities. Significant changes to these estimates may result in an increase or decrease to the Company's tax provision in a subsequent period.   The provision for income taxes was comprised of the Company's current tax liability and changes in deferred income tax assets and liabilities. The calculation of the current tax liability involves dealing with uncertainties in the application of complex tax laws and regulations and in determining the liability for tax positions, if any, taken on the Company's tax returns in accordance with authoritative guidance on accounting for uncertainty in income taxes. Deferred income taxes are determined based on the differences between the financial reporting and tax basis of assets and liabilities. The Company must assess the likelihood that it will be able to recover the Company's deferred tax assets. If recovery is not likely on a more-likely-than-not basis, the Company must increase its provision for income taxes by recording a valuation allowance against the deferred tax assets that it estimates will not ultimately be recoverable. However, should there be a change in the Company's ability to recover its deferred tax assets, the provision for income taxes would fluctuate in the period of such change.   <p id="xdx_84F_eus-gaap--ResearchAndDevelopmentExpensePolicy_z4vvVMYju8i8"

style="font: 10pt Times New Roman, Times, Serif; margin: 0pt 0pt 0pt 0; text-align: justify">Research and Development Costs   Research and development costs are expensed as incurred.   Advance payments for goods or services that will be used or rendered for future research and development activities are deferred and capitalized. Such amounts are recognized as an expense as the related goods are delivered or the services are performed.   Contingencies   Liabilities for loss contingencies arising from claims, assessments, litigations, fines and penalties and other sources are recognized when it is probable that a liability has been incurred and the amount of the assessment can be reasonably estimated. Gain contingencies are evaluated and not recognized until the gain is realizable or realized.   Recent Accounting Pronouncements   On August 5, 2020, the FASB issued ASU 2020-06, Debt – Debt with Conversion and Other Options (Subtopic 470-20) and Derivatives and Hedging – Contracts in Entity's Own Equity (Subtopic 815-40), which simplifies the accounting for certain financial instruments with characteristics of liabilities and equity, including convertible instruments and contracts on an entity's own equity. The ASU is part of the FASB's simplification initiative, which aims to reduce unnecessary complexity in U.S. GAAP. ASU 2020-06 simplifies the guidance in U.S. GAAP on the issuer's accounting for convertible debt instruments, requires entities to provide expanded disclosures about "the terms and features of convertible instruments" and how the instruments have been reported in the entity's financial statements. It also removes from ASC 815-40-25-10 certain conditions for equity classification and amends certain guidance in ASC 260, Earnings per Share, on the computation of EPS for convertible instruments and contracts on an entity's own equity. An entity can use either a full or modified retrospective approach to adopt the ASU's guidance. The ASU's amendments are effective for smaller public business entities fiscal years beginning after December 15, 2023. The Company does not expect the pronouncement to have a material impact on the Company and will disclose the nature and reason for any elections that the Company makes.   SHARPS TECHNOLOGY, INC. NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS FOR THE THREE AND NINE MONTHS ENDED SEPTEMBER 30, 2024 AND 2023   Note 2. Summary of Significant Accounting Policies (continued)   In December 2023, the FASB issued ASU 2023-09, Income Taxes (Topic 740): Improvements to Income Tax Disclosures. The new guidance requires disaggregated information about the effective tax rate reconciliation and additional information on taxes paid that meet a quantitative threshold. The new guidance is effective for public companies for annual reporting periods beginning after December 15, 2024, a, with early adoption permitted. The Company is currently evaluating the impacts of the new guidance on its disclosures within the consolidated financial statements.   The Company does not expect the adoption of any accounting pronouncements to have a material impact on the condensed consolidated financial statements.   We reviewed all other recently issued accounting pronouncements and have concluded they are not applicable or not expected to be significant to the accounting for our operations. Note 3. Asset Acquisition   Safegard Medical, Kft   In June 2020, the Company entered into a Share Purchase Agreement (“Agreement”) with Safegard Medical, Kft (“Safegard”) and amendments to the Agreement, collectively, the Agreements, to purchase either the stock or certain assets of a manufacturing facility for $<span id="xdx_90F_eus-gaap--PaymentsToAcquireBusinessesGross_pn5n6_c20200601__20200630__us-gaap--BusinessAcquisitionAxis__custom--SafegardMedicalIncMember__us-gaap--TypeOfArrangementAxis__custom--SharePurchaseAgreementMember_zkDcdYETiCs8" title="Consideration paid in cash">2.5M in cash, plus additional consideration of common stock and options with a fair market value of $200,000 and $183,135, respectively. The Agreements provided the Company various periods for due diligence and post due diligence, requirements for escrow payments through the closing date (“Closing Date”).   Through the Closing Date, the Agreements provided the Company with the exclusive use of the facility in exchange for payment of the facility’s operating costs. The monthly fee (“Operating Costs”), which primarily covered the facility’s operating costs, was mainly comprised of the seller’s workforce costs, materials and other recurring monthly operating cost.   The acquisition of Safegard, which closed on July 6, 2022, did not meet the definition of a business pursuant to ASC 805-10, and accordingly was accounted for as an asset acquisition in accordance with ASC 805-50. The cost of the acquisition was $2,936,712, including transaction costs of $53,576, with the allocation to the assets acquired on a relative fair value basis. The intangibles relate to permits and a limited workforce acquired. Under ASC 805-50, no goodwill is recognized. The operating results for Safegard are included in the condensed consolidated financial statements for the period beginning after the closing on July 6, 2022.</p> <p style="font: 10pt Times New Roman, Times, Serif; margin: 0pt 0pt 0pt 0; text-align: justify"> </p> <p id="xdx_891_eus-gaap--ScheduleOfBusinessAcquisitionsByAcquisitionTextBlock_zITHKT5SKAKj" style="font: 10pt Times New Roman, Times, Serif; margin: 0pt 0pt 0pt 0; text-align: justify">The relative fair value of the assets acquired and related deferred tax liability during 2022 was as follows:</p> <p style="font: 10pt Times New Roman, Times, Serif; margin: 0pt 0pt 0pt 0; text-align: justify">Schedule of Fair Value of Assets Acquisition </p> <p style="font: 10pt Times New Roman, Times, Serif; margin: 0pt 0pt 0pt 0; text-align: justify"></p> <table cellpadding="0" cellspacing="0" style="font: 10pt Times New Roman, Times, Serif; border-collapse: collapse; width: 70%"> <tr style="display: none; vertical-align: bottom; background-color: rgb(204,238,255)"> <td> </td> <td> </td> <td> </td> <td style="text-align: left"> </td><td id="xdx_497_20220706__us-gaap--BusinessAcquisitionAxis__custom--SafegardMedicalIncMember_zGwXKy86eZEl" style="text-align: right"> </td><td style="text-align: left"> </td></tr> <tr id="xdx_407_eus-gaap--BusinessCombinationRecognizedIdentifiableAssetsAcquiredAndLiabilitiesAssumedLand_iI_maBCRIAzqVv_zG3wN4mZ style="vertical-align: bottom; background-color: rgb(204,238,255)"> <td style="width: 80%">Land</td><td style="width: 2%"> </td> <td style="width: 1%; text-align: left"><span style="font-family: Times New Roman, Times, Serif; font-size: 10pt">$</td><td style="width: 16%; text-align: right"><span style="font-family: Times New Roman, Times, Serif; font-size:

Preferred Stock   In February 2018, the Company Board of Directors issued one share of Series A Preferred Stock to Alan Blackman, the Company's co-founder and former Director. The Series A Preferred Stock entitled the holder to vote on any matters related to the election of directors and was reduced from 50.1% at December 31, 2021 to 29.5%, effective with the IPO. The Series A Preferred Stock has no right to dividends, or distributions in the event of a liquidation and is not convertible into common stock. In connection with final settlement with Mr. Blackman on August 2024, the Series A Preferred Stock were cancelled and forfeited without any further consideration. The Series A Preferred was returned to the status of an authorized but unissued share of preferred stock of the Company (See Note 15).   The Series A Preferred Stock entitled the holder to vote on any matters related to the election of directors and was reduced from 50.1% at December 31, 2021 to 29.5%, effective with the IPO. Note 10. Warrant Liability   Certain Warrants are accounted for as liabilities in accordance with ASC 815-40 and are presented as a Warrant liability in the accompanying condensed consolidated balance sheets. The warrant liabilities are measured at fair value at inception and on a recurring basis, with changes in fair value presented within the condensed consolidated statements of operations. Income Taxes   At the end of each interim reporting period, the Company estimates its effective tax rate expected to be applied for the full year. This estimate is used to determine the income tax provision or benefit on a year-to-date basis and may change in subsequent interim periods. Accordingly, the Company’s effective tax rate for the three and nine months ended September 30, 2024 and 2023 was 0%. The Company’s effective tax rates for both periods were affected primarily by a full valuation allowance on domestic net deferred tax assets.   0 0 0 0 Note 13. Commitments and Contingencies   Contingencies   On July 10, 2024, Barry Berler (“Berler”), a co-founder and former Chief Technology Officer of the Company, commenced a lawsuit in the United States District Court for the Eastern District of New York, Barry Berler v. Sharps Technology, Inc. and Alan Blackman, Case No. 2:24-cv-04787. In this case, Berler asserts claims for damages of an aggregate of $456,000 for alleged (1) failure to make full payment of certain monthly payments under his consulting agreement with the Company (the “Consulting Agreement”) in the amount of $52,500, (2) failure to pay a bonus with a target of $216,000 under the Consulting Agreement, (3) $187,500, representing 50% of the severance payment paid by the Company to Mr. Blackman, the Company’s co-founder and former Chief Operating Officer and Co-Chairman and a declaration and injunctive relief establishing that Berler is the rightful owner of 50% of the Company’s Series A Preferred Stock (which preferred stock is no longer outstanding). The Company has accrued for the claim for unpaid monthly consulting fees. The Company believes that Berler’s claims are without merit, intends to defend itself vigorously and has requested dismissal of these claims. In addition, on September 17, 2024, the Company filed an answer and counterclaims with respect thereto, including for recoupment of certain compensation the Company has previously paid to Berler.   On June l7, 2024, Berler filed a demand for arbitration and statement of claim under the commercial arbitration rules of the American Arbitration Association (“AAA”) asserting claims for payment of $500,000 plus interest, under the Company’s royalty agreement with Berler, as amended, rescission thereof and reversion to Berler of the intellectual property rights subject thereto. The Company believes that Berler’s claims are without merit and intends to defend itself vigorously in connection with these claims.   On April 3, 2024, Plastomold Industries Ltd. (“Plastomold”) commenced a lawsuit against the Company in the United States District Court for the Eastern District of New York, Plastomold Industries Ltd v. Sharps Technology, Inc., Case No. 2:24-CV-02580, asserting claims for damages in the amount of $1.762 million for alleged (1) failure to pay invoices, of which approximately $1 million would relate to a maintenance agreement for units allegedly manufactured and sold using machinery that was defective and has never successfully produced any saleable products, (2) breach of the implied covenant of good faith and fair dealing, (3) unjust enrichment, and (4) conversion. Plastomold asserts it provided certain products and services to the Company for which its invoices were not fully paid. The Company believes that Plastomold’s claims are without merit and intends to defend itself vigorously. On June 3, 2024, the Company filed an answer and affirmative defenses and counterclaim, which counterclaim is for damages that the Company believes would exceed the claims asserted by Plastomold, based on the insufficiency of Plastomold’s services and the results thereof, including the failure to provide machinery capable of reliably manufacturing the designated products in compliance with design specifications and functionality requirements, and with respect to which test results failed. <p style="font: 10pt Times New Roman,

Subsequent to June 30, 2023, the Company and Mr. Blackman entered into a separation agreement whereby, Mr. Blackman was paid severance payments of approximately $346,000 plus other medical benefits of approximately $29,000 which were fully paid by August 31, 2024. Further, all unvested options were fully vested, and the Company recorded a charge of $60,000 in 2023. In connection with the separation agreement, Mr. Blackman no longer served as Co-Chairman or Board member and agreed to vote his Series A Preferred Stock in favor of the election, reelection, and/or designation of each individual nominated to serve as a director on the Board of Director as shall be identified in an applicable proxy statement filed by the Company for such election of directors. Once the payments due Mr. Blackman were fully paid, the Series A Preferred Stock were deemed immediately cancelled and forfeited and without further consideration. The Series A Preferred has been returned to the status of an authorized but unissued share of preferred stock of the Company.
