#### NOTE 1: BASIS OF PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES

Whole Earth Brands, Inc. and its consolidated subsidiaries ("Whole Earth Brands" or the "Company") is a global industry-leading platform, focused on the "better for you" consumer packaged goods ("CPG") and ingredients space. The Company has a global platform of branded products and ingredients, focused on the consumer transition towards natural alternatives and clean label products.

On June 24, 2020, Act II Global Acquisition Corp., a Cayman Islands exempted company ("Act II"), domesticated into a Delaware corporation (the "Domestication"), and on June 25, 2020 (the "Closing"), consummated the indirect acquisition (the "Business Combination") of (i) all of the issued and outstanding equity interests of Merisant Company ("Merisant"), Merisant Luxembourg Sarl ("Merisant Luxembourg"), Mafco Worldwide LLC ("Mafco Worldwide"), Mafco Shanghai LLC ("Mafco Shanghai"), EVD Holdings LLC ("EVD Holdings"), and Mafco Deutschland GmbH (together with Merisant, Merisant Luxembourg, Mafco Worldwide, Mafco Shanghai, and EVD Holdings, and their respective direct and indirect subsidiaries, "Merisant and Mafco Worldwide"), and (ii) certain assets and liabilities of Merisant and Mafco Worldwide included in the Transferred Assets and Liabilities (as defined in the Purchase Agreement (as hereafter defined)), from Flavors Holdings Inc. ("Flavors Holdings"), MW Holdings I LLC ("MW Holdings I"), MW Holdings III LLC ("MW Holdings III"), and Mafco Foreign Holdings, Inc. ("Mafco Foreign Holdings," and together with Flavors Holdings, MW Holdings I, and MW Holdings III, the "Sellers"), pursuant to that certain Purchase Agreement (the "Purchase Agreement") entered into by and among Act II and the Sellers dated as of December 19, 2019, as amended. In connection with the Domestication, Act II changed its name to "Whole Earth Brands, Inc."

Upon the completion of the Domestication, each of Act II's then-issued and outstanding ordinary shares converted, on a one-for-one basis, into shares of common stock of Whole Earth Brands. Additionally, immediately after the Business Combination, the Company issued an aggregate of 7,500,000 shares of Whole Earth Brands common stock and 5,263,500 private placement warrants (the "Private Warrants") exercisable for 2,631,750 shares of Whole Earth Brands common stock to certain investors. On the date of Closing, the Company's common stock and warrants began trading on The Nasdaq Stock Market under the symbols "FREE" and "FREEW," respectively.

As a result of the Business Combination, for accounting purposes, Act II was deemed to be the acquirer and Mafco Worldwide and Merisant Company were deemed to be the acquired parties.

**Basis of Presentation**—The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") for interim financial reporting. The balance sheet data as of December 31, 2022 was derived from the audited consolidated financial statements. These unaudited condensed consolidated financial statements should be read in conjunction with the Company's audited consolidated and combined financial statements for the year ended December 31, 2022 included in the Company's Annual Report on Form 10-K.

In the opinion of management, the financial statements contain all adjustments necessary to state fairly the financial position of the Company as of **March 31, 2023** **June 30, 2023** and the results of operations and cash flows for all periods presented. All adjustments in the accompanying unaudited condensed consolidated financial statements, which management believes are necessary to state fairly the financial position, results of operations and cash flows, have been reflected and are of a normal recurring nature. Results of operations for interim periods are not necessarily indicative of results to be expected for the full year.

**Principles of Consolidation**—The condensed consolidated financial statements include the accounts of Whole Earth Brands, Inc., and its indirect and wholly owned subsidiaries. All significant intercompany accounts and transactions have been eliminated in consolidation.

**Use of Estimates**—The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the unaudited condensed consolidated financial statements and accompanying notes. Actual results could differ from these estimates.

**Reclassifications**—Certain previously reported amounts have been reclassified to conform to the current presentation.

**Recently Adopted Accounting Pronouncements**—The Company qualifies as an emerging growth company (an "EGC") and as such, has elected the extended transition period for complying with certain new or revised accounting pronouncements. During the extended transition period, the Company is not subject to certain new or revised accounting standards applicable to public companies.

In June 2016, the FASB issued ASU 2016-13, "Financial Instruments - Credit Losses (Topic 326)." The standard requires entities to estimate losses on financial assets measured at amortized cost, including trade receivables, debt securities and loans, using an expected credit loss model. The expected credit loss model should consider reasonable and supportable forecasts in addition to the previously considered past events and current conditions. This guidance also includes enhanced requirements for disclosures related to credit loss estimates. Entities must apply the standard provision as a cumulative-effect adjustment to retained earnings as of the beginning of the first reporting period in which the guidance is effective. The Company adopted this standard on January 1, 2023. The adoption of this standard did not have a material impact on the Company's unaudited condensed consolidated financial statements and related disclosures and a cumulative-effect adjustment was not deemed necessary.

**Warrant Liabilities**—The Company accounts for the Private Warrants in accordance with ASC Topic 815, "Derivatives and Hedging." Under the guidance contained in ASC Topic 815-40, the Private Warrants do not meet the criteria for equity treatment and must be recorded as liabilities. Accordingly, the Company classifies the Private Warrants as liabilities at their fair value and adjusts the warrants to fair value at each reporting period. The liability is subject to re-measurement at each balance sheet date, and any change in fair value is recognized in the Company's statement of operations.

**Derivative Instruments**—The Company's earnings and cash flows are subject to fluctuations due to changes in interest rates. The Company uses derivative financial instruments, including interest rate swaps, to manage interest rate exposures and hedge the variability of interest payments on future debt obligations. The Company does not use derivative financial instruments for trading or speculative purposes.

The Company formally documents all relationships between hedging instruments and hedged items, as well as the risk management objective and strategy for undertaking hedge transactions. This process includes linking the derivatives designated as cash flow hedges to specific forecasted transactions or variability of cash flows. The Company also formally assesses, both at the inception of a hedge transaction and on an ongoing basis, whether the designated derivatives that are used in hedging transactions are highly effective in offsetting changes in the cash flow of the hedged items as well as monitors the credit worthiness of the counterparties to ensure no issues exist which would affect the value of the derivatives. When a derivative is determined not to be highly effective as a hedge or the underlying hedged transaction is no longer probable, the Company discontinues hedge accounting prospectively and reclassifies any hedge related gains or losses previously recorded in other comprehensive income (loss) to other expense (income) within the statement of operations.

To the extent the hedge is effective, the Company records derivative financial instruments at fair value in its condensed consolidated balance sheet and changes in the fair value are recorded in accumulated other comprehensive income (loss) and reclassified to earnings when the hedged item affects earnings. Cash flows from derivative instruments are classified in the condensed consolidated statements of cash flows based on the nature of the derivative contract. Additional information pertaining to the Company's derivative instruments is provided in Note 7.

No other significant accounting policies and estimates have changed from those detailed in Note 1 to the Company's audited consolidated and combined financial statements for the year ended December 31, 2022.

## **NOTE 2: BUSINESS COMBINATION**

On December 17, 2020, the Company entered into a stock purchase agreement (the "Wholesome Purchase Agreement") with WSO Investments, Inc. ("WSO Investments" and together with its subsidiaries, "Wholesome" and affiliates). WSO Investments is the direct parent of its wholly-owned subsidiary Wholesome Sweeteners, Incorporated, which was

formed to import, market, distribute, and sell organic sugars, unrefined specialty sugars, and related products. Wholesome is included within the Company's Branded CPG reportable segment. Wholesome's results are included in the Company's consolidated statement of operations from the date of acquisition.

On February 5, 2021, pursuant to the terms of the Wholesome Purchase Agreement, the Company purchased and acquired all of the issued and outstanding shares of capital stock for an initial cash purchase price of \$180 million plus up to an additional \$55 million (the "Earn-Out Amount") upon the satisfaction of certain post-closing financial metrics. Subject to the terms and conditions of the Wholesome Purchase Agreement, payment of the Earn-Out Amount, in whole or in part, was subject to Wholesome achieving certain EBITDA thresholds at or above approximately \$30 million during the period beginning August 29, 2020, and ending December 31, 2021 (the "Earn-Out Period"). A portion of the Earn-Out Amount (up to \$27.5 million) could be paid, at the Company's election, in freely tradeable, registered shares of Company common stock calculated using the 20-day volume weighted average trading price per share as of the date of determination. Calculation of the achievement of the Earn-Out Amount was subject to certain adjustments more thoroughly described in the Wholesome Purchase Agreement.

Following the completion of the Earn-Out Period, the Company determined, in accordance with the terms of the Purchase Agreement, that the sellers were entitled to receive the Earn-Out Amount in full. The Company elected to satisfy part of the Earn-Out Amount in common stock and on February 23, 2022, issued 2,659,574 shares of the Company's common stock. The remaining \$30 million portion of the \$55 million Earn-Out Amount was paid in cash which was funded from available capacity under the Company's revolving credit facility. The settlement of the earn-out resulted in a non-cash gain of \$1.1 million that was recorded in the first quarter of 2022 which represents the difference in the value of the common stock issued using the 20-day volume weighted average trading price per share as compared to the trading price on the date of issuance.

As further described in Note 2, following the completion of the Wholesome Earn-Out Period, the Company determined, in accordance with the terms of the Purchase Agreement, that the sellers were entitled to receive the Earn-Out Amount in full. The Company elected to satisfy part of the Earn-Out Amount in common stock and on February 23, 2022, issued 2,659,574 shares of the Company's common stock. The remaining \$30 million portion of the \$55 million Earn-Out Amount was paid in cash which was funded from available capacity under the Company's revolving credit facility.

On June 15, 2022, the Company and certain of its subsidiaries entered into a first amendment (the "First Amendment") to the Amended and Restated Loan Agreement dated as of February 5, 2021 (the "Amended and Restated Loan Agreement"). The First Amendment increased the aggregate principal amount of the Revolving Credit Facility from \$75 million to \$125 million (the "Amended Revolving Credit Facility") and transitioned from LIBOR to Secured Overnight Financing Rate ("SOFR") as the benchmark for purposes of calculating interest for all loans outstanding under the Amended and Restated Loan Agreement. At the election of the Company, loans outstanding under the Amended and Restated Loan Agreement will accrue interest at a rate per annum equal to (i) term SOFR plus 0.10%, 0.15%, or 0.25% in case of, respectively, a one-month, three-month, or six-month interest period ("Adjusted Term SOFR"), or (ii) the greater of the prime rate, the federal funds effective rate plus 0.50%, and one-month Adjusted Term SOFR plus 1.00%, in each case plus the applicable margin which is equal to (i) with respect to Amended Revolving Credit Facility and letters of credit, (A) 2.75%, in the case of base rate advances, and (B) 3.75% in the case of SOFR advances, and (ii) with respect to the Term Loan Facility, (A) 3.50%, in the case of base rate advances, and (B) 4.50% in the case of SOFR advances, advances, with a SOFR floor of 1.00%. In connection with the Amendment, the Company paid fees and incurred transaction costs of \$0.7 million, all of which was deferred.

The transition to SOFR did not materially impact the interest rates applied to the Company's borrowings. No other material changes were made to the terms of the Company's Amended and Restated Loan Agreement as a result of the First Amendment.

Each warrant is exercisable for one-half of one share of the Company's common stock at a price of \$11.50 per whole share, subject to adjustment. Warrants may only be exercised for a whole number of shares as no fractional shares will be issued. As of both **March 31, 2023** **June 30, 2023** and December 31, 2022, the Company had 19,491,320 Public Warrants outstanding and 771,980 Private Warrants outstanding.

#### TABLE OF CONTENTS

#### Whole Earth Brands, Inc. Notes to Condensed Consolidated Financial Statements (Unaudited)

There were no Warrants exercised for shares of the Company's common stock in the three six months ended March 31, 2023 June 30, 2023 and 2022.

#### **NOTE 7: FAIR VALUE MEASUREMENTS**

The Company measures and records in its consolidated financial statements certain assets and liabilities at fair value. ASC Topic 820 "Fair Value Measurement and Disclosures," establishes a fair value hierarchy for instruments measured at fair value that distinguishes between assumptions based on market data (observable inputs) and the Company's own assumptions (unobservable inputs). This hierarchy consists of the following three levels:

- Level 1 – Assets and liabilities whose values are based on unadjusted quoted prices for identical assets or liabilities in an active market.
- Level 2 – Assets and liabilities whose values are based on inputs other than those included in Level 1, including quoted market prices in markets that are not active; quoted prices of assets or liabilities with similar attributes in active markets; or valuation models whose inputs are observable or unobservable but corroborated by market data.
- Level 3 – Assets and liabilities whose values are based on valuation models or pricing techniques that utilize unobservable inputs that are significant to the overall fair value measurement.

On June 9, 2023, the Company entered into an interest rate swap with a notional value of \$183.3 million that matures on February 5, 2026 to exchange variable for fixed rate interest payments related to the Term Loan Facility. The effective date of the interest rate swap was June 30, 2023. The interest rate swap is designated as a cash flow hedge and is considered highly effective. As a result, no ineffectiveness has been recognized in the condensed consolidated statement of operations during the three and six months ended June 30, 2023. As of June 30, 2023, the fair value of the interest rate swap was recorded in other assets in the condensed consolidated balance sheet in the amount of \$0.9 million with the unrealized gain recognized in other comprehensive income (loss). The change in fair value will subsequently be reclassified from other comprehensive income (loss) into interest expense, net in the periods when the hedge transaction affects earnings. As of June 30, 2023, the Company expects approximately \$1.8 million to be reclassified from other comprehensive income (loss) and into interest expense, net over the next twelve months. The interest rate swap fair value is considered Level 2 within the fair value hierarchy as it includes quoted market prices for similar instruments as well as interest rates and yield curves that are observable in the market.

Certain assets are measured at fair value on a nonrecurring basis; that is, the instruments are not measured at fair value on an ongoing basis but are subject to fair value adjustments in certain circumstances (for example, when there is evidence of impairment).

*Current Assets and Other Financial Assets and Liabilities*—Cash and cash equivalents, trade accounts receivable and trade accounts payable are measured at carrying value, which approximates fair value because of the short-term maturities of these instruments.

*Investment in securities*—The Company has assets in an investment fund that holds surplus funds from its terminated qualified pension plan that will be used to fund future contributions to the defined contribution plan at Flavors & Ingredients and is presented in other assets in the condensed consolidated balance sheet. The investment is classified as available-for-sale and carried at fair market value. At March 31, 2023 June 30, 2023, both the estimated fair value and cost basis of the investment fund was \$2.5 million \$2.3 million and utilized Level 2 inputs.

*Debt*—The Company measures its term loan and revolving facilities at original carrying value, net of unamortized deferred financing costs and fees. At March 31, 2023 June 30, 2023, the estimated fair value of the term loan was \$312.4 million \$289.1 million as compared to a carrying value of \$359.3 million \$358.8 million. At December 31, 2022, the estimated fair value of the term loan was \$338.0 million as compared to a carrying value of \$359.9 million. The estimated fair value of the outstanding principal balance of the term loan utilized Level 2 inputs as it is based on quoted market prices for identical or similar instruments. The fair value of the revolving facility at both March 31, 2023 June 30, 2023 and December 31, 2022 approximated carrying value.

#### NOTE 11: EARNINGS PER SHARE

Basic earnings (loss) per common share ("EPS") is calculated by dividing net income (loss) by the weighted average number of common shares outstanding for the period. Warrants issued are not considered outstanding at the date of issuance. RSUs and RSAs also are not considered outstanding until they have vested. Contingently issuable shares associated with outstanding PSUs that have cliff vesting based on achievement of a performance condition were not included in the earnings per share calculations for the periods presented as the applicable vesting conditions had not been satisfied.

Diluted EPS is calculated by dividing net income (loss) by the weighted average shares outstanding assuming dilution. Dilutive common shares outstanding is computed using the treasury stock method and reflects the additional shares that would be outstanding if dilutive warrants were exercised and restricted stock units and restricted stock awards were settled for common shares during the period.

For warrants that are liability-classified, during the periods when the impact would be dilutive, the Company assumes share settlement of the instruments as of the beginning of the reporting period and adjusts the numerator to remove the change in the fair value of warrant liability and adjusts the denominator to include the dilutive shares using the treasury stock method.

## Acquisition

On December 17, 2020, we entered into a stock purchase agreement (the "Wholesome Purchase Agreement") with WSO Investments, Inc. ("WSO Investments" and together with its subsidiaries "Wholesome"), WSO Holdings, LP ("WSO Partnership"), Edwards Billington and Son, Limited ("EBS"), WSO Holdings, LLC ("WSO LLC," and together with WSO Partnership and EBS, the "WSO Sellers"), and WSO Partnership, in its capacity as representative for the WSO Sellers. WSO Investments is the direct parent of its wholly-owned subsidiary Wholesome Sweeteners, Incorporated, which was formed to import, market, distribute, and sell organic sugars, unrefined specialty sugars, and related products.

On February 5, 2021, pursuant to the terms of the Wholesome Purchase Agreement, (i) we purchased and acquired all of the issued and outstanding shares of capital stock of WSO Investments from the WSO Sellers, for (x) an initial cash purchase price of \$180 million (subject to customary post-closing adjustments), plus (y) as more thoroughly described below, up to an additional \$55 million (the "Earn-Out Amount") upon the satisfaction of certain post-closing financial metrics by Wholesome; and (ii) WSO Investments became an indirect wholly-owned subsidiary of the Company (collectively, the "Wholesome Transaction"). Subject to the terms and conditions of the Wholesome Purchase Agreement, and as more thoroughly described therein, payment of the Earn-Out Amount, in whole or in part, was subject to Wholesome achieving certain EBITDA thresholds at or above approximately \$30 million during the period beginning August 29, 2020, and ending December 31, 2021 (the "Earn-Out Period"). A portion of the Earn-Out Amount (up to \$27.5 million) could be paid, at our election, in freely tradeable, registered shares of Company common stock calculated using the 20-day volume weighted average trading price per share as of the date of determination. Calculation of the achievement of the Earn-Out Amount was subject to certain adjustments more thoroughly described in the Wholesome Purchase Agreement.

Following the completion of the Earn-Out Period, we determined, in accordance with the terms of the Purchase Agreement, that the sellers were entitled to receive the Earn-Out Amount in full. We elected to satisfy part of the Earn-Out Amount in common stock and on February 23, 2022, issued 2,659,574 shares of the Company's common stock. The remaining \$30 million portion of the \$55 million Earn-Out Amount was paid in cash which was funded from available capacity under our revolving credit facility. The settlement of the earn-out resulted in a non-cash gain of \$1.1 million that was recorded in the first quarter of 2022 which represents the difference in the value of the common stock issued using the 20-day volume weighted average trading price per share as compared to the trading price on the date of issuance.

## Inflation and Supply Chain Impact

During the first quarter half of 2023, we have continued to experience experienced inflationary cost increases in raw materials and transportation costs, as well as supply chain challenges. We expect these cost pressures and supply chain challenges to continue during 2023, costs. These cost increases have resulted in, and could continue to result in, negative impacts to our results of operations. However, we continue to monitor the inflationary environment and impacts to our operations and have taken measures to mitigate the impact of these inflationary pressures.

There continues to be an increasingly competitive labor market at certain of our manufacturing facilities that has led to an increase in employee turnover and changes in the availability of our workers. Labor shortages and increased turnover rates have resulted in and could continue to result in increased costs and could negatively impact our ability to meet customer demand. However, we expect we will be able to deliver products to fulfill customer orders on a timely basis and we intend to continue to monitor customer demand along with our supply chain and logistics capabilities to drive our business and meet our obligations.

## TABLE OF CONTENTS

## Liquidity and Capital Resources

We have historically funded operations with cash flow from operations and, when needed, with borrowings, which are described below.

We believe our sources of liquidity and capital, and our Credit Facilities will be sufficient to finance our continued operations, growth strategy and additional expenses we expect to incur for at least the next twelve months.

## TABLE OF CONTENTS

The following table shows summary cash flow information for the **three six** months ended **March 31, 2023** June 30, 2023 and **March 31, 2022** June 30, 2022 (in thousands):

The decrease increase in cash provided by operations was primarily attributable to higher interest and income tax payments being largely offset by favorable working capital changes and lower income tax payments, partially offset by higher interest payments during the three six months ended March 31, 2023 June 30, 2023. Cash paid for income taxes, net of income tax refunds was \$3.2 million \$2.4 million for the three six months ended March 31, 2023 June 30, 2023 compared to \$1.0 million \$5.8 million for the three six months ended March 31, 2022 June 30, 2022. Cash paid for interest for the three six months ended March 31, 2023 June 30, 2023 was \$10.3 million \$20.9 million compared to \$5.6 million \$11.5 million for the three six months ended March 31, 2022 June 30, 2022.

#### Debt

As of March 31, 2023 June 30, 2023 and December 31, 2022, term loan borrowings were \$359.3 \$358.8 million and \$359.9 million, respectively, net of debt issuance costs of \$8.2 \$7.8 million and \$8.5 million, respectively. There were \$72.0 million and \$76.0 million of borrowings under the revolving credit facility as of March 31, 2023 June 30, 2023 and December 31, 2022, respectively. Additionally, as of March 31, 2023 June 30, 2023 and December 31, 2022, unamortized debt issuance costs related to the revolving credit facility were \$1.8 million \$2.1 million and \$2.0 million, respectively, which are included in other assets in the condensed consolidated balance sheet. As of March 31, 2023 June 30, 2023 and December 31, 2022, there were \$3.3 million and \$2.1 million, respectively, of outstanding letters of credit that reduced our availability under the revolving credit facility. See Note 7 to our consolidated and combined financial statements in our Annual Report on Form 10-K for the year ended December 31, 2022 for further information and significant terms and conditions associated with the Term Loan Facility and Revolving Facility.

#### TABLE OF CONTENTS

As further described in Note 2, following the completion of the Wholesome Earn-Out Period, we determined, in accordance with the terms of the Purchase Agreement, that the sellers were entitled to receive the Earn-Out Amount in full. We elected to satisfy part of the Earn-Out Amount in common stock and on February 23, 2022, issued 2,659,574 shares of the Company's common stock. The remaining \$30 million portion of the \$55 million Earn-Out Amount was paid in cash which was funded from available capacity under our revolving credit facility.

#### TABLE OF CONTENTS

On June 15, 2022, we and certain of our subsidiaries entered into a first amendment (the "First Amendment") to the Amended and Restated Loan Agreement dated as of February 5, 2021 (the "Amended and Restated Loan Agreement"). The First Amendment increased the aggregate principal amount of the Revolving Credit Facility from \$75 million to \$125 million (the "Amended Revolving Credit Facility") and transitioned from LIBOR to Secured Overnight Financing Rate ("SOFR") as the benchmark for purposes of calculating interest for all loans outstanding under the Amended and Restated Loan Agreement. At our election, loans outstanding under the Amended and Restated Loan Agreement will accrue interest at a rate per annum equal to (i) term SOFR plus 0.10%, 0.15%, or 0.25% in case of, respectively, a one-month, three-month, or six-month interest period ("Adjusted Term SOFR"), or (ii) the greater of the prime rate, the federal funds effective rate plus 0.50%, and one-month Adjusted Term SOFR plus 1.00%, in each case plus the applicable margin which is equal to (i) with respect to Amended Revolving Credit Facility and letters of credit, (A) 2.75%, in the case of base rate advances, and (B) 3.75% in the case of SOFR advances, and (ii) with respect to the Term Loan Facility, (A) 3.50%, in the case of base rate advances, and (B) 4.50% in the case of SOFR advances, advances, with a SOFR floor of 1.00%. In connection with the First Amendment, we paid fees and incurred transaction costs of \$0.7 million, all of which was deferred.

The transition to SOFR did not materially impact the interest rates applied to our borrowings. No other material changes were made to the terms of our Amended and Restated Loan Agreement as a result of the First Amendment.

On April 24, 2023, we and certain of our subsidiaries entered into a second amendment (the "Second Amendment") to the Amended and Restated Loan Agreement. The Second Amendment changed the maximum consolidated total leverage ratio covenant as follows: (i) the consolidated total leverage ratio will temporarily increase by 0.25 turns for the first quarter of 2023, 0.5 turns on a quarterly basis through the fourth quarter of 2023, and 0.25 turns in the first quarter of 2024; and (ii) beginning in the second quarter of 2024, the consolidated total leverage ratio will return to a level not to exceed 5.5x. No other material changes were made in terms of our Amended and Restated Loan Agreement as a result of the Second Amendment.

### Critical Accounting Policies and Recently Issued Accounting Pronouncements

There have been no changes to critical accounting policies and estimates from those disclosed in our audited consolidated and combined financial statements for the year ended December 31, 2022. For information regarding our critical accounting policies and accounting pronouncements, see our unaudited condensed consolidated financial statements and the related notes to those statements included under Item 1. hereof and our 2022 Annual Report on Form 10-K.

### Item 3. Quantitative and Qualitative Disclosures About Market Risk

We are exposed to market risk from changes in interest rates of our variable rate debt under our Loan Agreement, which consists of a Term Loan Facility and a Revolving Credit Facility. At June 30, 2023, we had \$366.6 million and \$72.0 million of aggregate principal amounts outstanding under our Term Loan Facility and Revolving Credit Facility, respectively.

Loans outstanding under the Term Loan Facility currently accrue interest at a rate per annum equal to 90-day SOFR subject to a floor of 1% plus a margin of 4.50% and the Revolving Credit Facility currently accrues interest at a rate per annum equal to 90-day SOFR plus a margin of 3.75%. Based on the amounts outstanding under the Term Loan Facility and Revolving Credit Facility at June 30, 2023, adding 1% to the applicable interest rate under the Term Loan Facility and Revolving Credit Facility would result in an increase of approximately \$4.4 million in our annual interest expense, which may be mitigated by the interest rate swap with a notional value of \$183.3 million, as described below.

As discussed in Note 7 to our condensed consolidated financial statements, we are a party to an interest rate swap with a notional value of \$183.3 million that involves the exchange of variable for fixed rate interest payments in order to reduce future interest rate volatility of the variable rate interest payments related to the Term Loan Facility. While the current expectation is to maintain the interest rate swap through maturity, due to risks for hedging gains and losses, cash settlement costs or changes to our capital structure, we may not elect to maintain the interest rate swap with respect to our variable rate indebtedness, and any swaps we enter into may not fully mitigate interest rate risk.

### TABLE OF CONTENTS

There have been no other significant changes in market risk from those addressed in the Company's Annual Report on Form 10-K for the year ended December 31, 2022 during the three six months ended March 31, 2023 June 30, 2023. See the information set forth in Part II, Item 7A, Quantitative and Qualitative Disclosures About Market Risk, of the Company's Annual Report on Form 10-K for the year ended December 31, 2022.
