# DELTA REPORT

## 10-Q

FCF - FIRST COMMONWEALTH FINANC  
10-Q - JUNE 30, 2023 COMPARED TO 10-Q - MARCH 31, 2023

The following comparison report has been automatically generated

TOTAL DELTAS	997
CHANGES	383
DELETIONS	306
ADDITIONS	308

**UNITED STATES**  
**SECURITIES AND EXCHANGE COMMISSION**  
Washington, D.C. 20549  
**FORM 10-Q**

☒ **QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934**

For the quarterly period ended **March 31, 2023** **June 30, 2023**

Or

☐ **TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934**

For the transition period from to

Commission File Number 001-11138

**First Commonwealth Financial Corporation**

(Exact name of registrant as specified in its charter)

Pennsylvania

25-1428528

(State or other jurisdiction of incorporation or organization)

(I.R.S. Employer Identification No.)

601 Philadelphia Street

Indiana PA

15701

(Address of principal executive offices)

(Zip Code)

724-349-7220

(Registrant's telephone number, including area code)

N/A

(Former name, former address and former fiscal year, if changed since last report)

Securities registered pursuant to Section 12(b) of the Act:

Title of each class	Trading Symbol(s)	Name of each exchange on which registered
Common Stock, \$1.00 par value	FCF	New York Stock Exchange

Indicate by a check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes ☒ No ☐

Indicate by check mark whether the registrant has submitted electronically every Interactive Data File required to be submitted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit such files). Yes ☒ No ☐

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See the definitions of "large accelerated filer," "accelerated filer" and "smaller reporting company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer ☒ Accelerated filer ☐ Smaller reporting company ☐ Emerging growth company ☐

Non-accelerated filer ☐ (Do not check if a smaller reporting company)

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act. ☐

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes ☐ No ☒

The number of shares outstanding of issuer's common stock, \$1.00 par value, as of **May 9, 2023** **August 7, 2023**, was **102,890,733** **102,406,215**.

ITEM 1. *Financial Statements and Supplementary Data*  
FIRST COMMONWEALTH FINANCIAL CORPORATION AND SUBSIDIARIES  
NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

Note 1 Basis of Presentation

The accounting and reporting policies of First Commonwealth Financial Corporation and subsidiaries ("First Commonwealth" or the "Company") conform with generally accepted accounting principles in the United States of America ("GAAP"). The preparation of financial statements in conformity with GAAP requires management to make estimates, assumptions and judgments that affect the amounts reported in the financial statements and accompanying notes. Actual realized amounts could differ from those estimates. In the opinion of management, the unaudited interim consolidated financial statements include all adjustments (consisting of only normal recurring adjustments) necessary for a fair presentation of First Commonwealth's financial position, results of operations, comprehensive income, cash flows and changes in shareholders' equity as of and for the periods presented. Certain information and Note disclosures normally included in Consolidated Financial Statements prepared in accordance with GAAP have been condensed or omitted pursuant to the rules and regulations of the SEC.

For purposes of reporting cash flows, cash and cash equivalents include cash on hand, amounts due from banks, federal funds sold and interest-bearing bank deposits. Generally, federal funds are sold for one-day periods.

The results of operations for the ~~three six~~ months ended ~~March 31, 2023~~ June 30, 2023 are not necessarily indicative of the results that may be expected for the full year of 2023. These interim financial statements should be read in conjunction with First Commonwealth's 2022 Annual Report on Form 10-K.

Note 2 Acquisition

On January 31, 2023, the Company completed its acquisition of Centric Financial Corporation ("Centric") and its banking subsidiary, Centric Bank, for consideration of 9,688,478 shares of the Company's common stock. Through the acquisition, the Company obtained seven full-service banking offices and one loan production office in the Harrisburg, Philadelphia and Lancaster Metropolitan Service Areas ("MSAs").

The table below summarizes the ~~preliminary~~ net assets acquired (at fair value) and consideration transferred in connection with the Centric acquisition (dollars in thousands):

Consideration paid			
Cash paid to shareholders - fractional shares	\$	1	
Shares issued to shareholders (9,688,478 shares)		141,355

ITEM 1. Financial Statements and Supplementary Data  
FIRST COMMONWEALTH FINANCIAL CORPORATION AND SUBSIDIARIES  
NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

The Company determined that this acquisition constitutes a business combination and therefore was accounted for using the acquisition method of accounting. Accordingly, as of the date of the acquisition, the Company recorded the assets acquired, liabilities assumed and consideration paid at fair value. The \$57.1 million \$60.4 million excess of the consideration paid over the fair value of assets acquired was recorded as goodwill and is not amortizable or deductible for tax purposes. The amount of goodwill arising from the acquisition consists largely of the synergies and economies of scale expected from combining the operations of the Company with Centric.

The fair value of the 9,688,478 common shares issued was determined based on the \$14.59 closing market price of the Company's common shares on the acquisition date, January 31, 2023. While

During the valuation three-months ended June 30, 2023, valuations were finalized for provisional amounts related to loan credit marks and a supplemental executive retirement plan liability ("SERP"). The credit marks were previously considered provisional due to the availability of data required to assess the acquired assets borrowers cash flow and liabilities is substantially complete, collateral position. After receiving additional historical financial information and meeting with the borrowers a \$5.1 million decrease in fair value estimates are subject to adjustment during and increase in the provisional period, which may last up to twelve months subsequent to allowance for credit losses was recognized. Receipt of a third party valuation for the acquisition date. During this period, the Company may obtain additional information to refine the valuations and adjust the recorded fair value, although such adjustments are not expected to be significant. Valuations subject to adjustments include, but are not limited to, SERP liability decreased the fair value of acquired loans, deposits, land and building, core deposit intangible and other assets and liabilities, the liability by \$0.07 million. There was no income statement impact related to the loan mark adjustment. The SERP adjustment resulted in a \$34 thousand increase in SERP expense during the second quarter of 2023. As of June 30, 2023, the accounting for the business combination is considered complete.

The following is a description of the valuation methodologies used to estimate the fair values of major categories of assets acquired and liabilities assumed. The Company used an independent valuation specialist to assist with the determination of fair values for certain acquired assets and assumed liabilities.

*Cash and due from banks* - The estimated fair value was determined to approximate the carrying amount of these assets.

*Investment securities* - The estimated fair value of the investment portfolio was based on quoted market prices, dealer quotes, and pricing obtained from independent pricing services.

*Loans* - The estimated fair value of loans were based on a discounted cash flow methodology applied on a pooled basis for non non- purchased credit-deteriorated ("non-PCD") loans and on an individual basis for purchased credit-deteriorated ("PCD") loans. The valuation considered underlying characteristics including loan type, term, rate, payment schedule and credit rating. Other factors included assumptions related to prepayments, probability of default and loss given default. The discount rates applied were based on a build-up approach considering the funding mix, servicing costs, liquidity premium and factors related to performance risk.

Acquired loans are classified into two categories PCD loans and non-PCD loans. PCD loans are defined as a loan or group of loans that have experienced more than insignificant credit deterioration since origination. Non-PCD loans will have an allowance established on acquisition date, which is recognized as an expense through provision for credit losses. For PCD loans, an allowance is recognized on day 1 by adding it to the fair value of the loan, which is the "Day 1 amortized cost". There is no provision for credit loss expense recognized on PCD loans because the initial allowance is established by grossing-up the amortized cost of the PCD loan.

A day 1 allowance for credit losses on non-PCD loans of \$10.7 million was recorded through the provision for credit losses within the Consolidated Statements of Income. At the date of acquisition, of the \$979.5 million of loans acquired from Centric, \$304.7 million, or 31.1%, of Centric's loan portfolio, was accounted for as PCD loans as of February 1, 2023.

*Premise and equipment* - The estimated fair value of land and buildings were determined by independent market-based appraisals.

*Core deposit intangible* - The core deposit intangible was valued utilizing the cost savings method approach, which recognizes the cost savings represented by the expense of maintaining the core deposit base versus the cost of an alternative funding source. The valuation incorporates assumptions related to account retention, discount rates, deposit interest rates, deposit maintenance costs and alternative funding rates.

*Time deposits* - The estimated fair value of time deposits was determined using a discounted cash flow approach incorporating a discount rate equal to current market interest rates offered on time deposits with similar terms and maturities.

*Borrowings* - The estimated fair value of short-term borrowings was determined to approximate stated value. Subordinated debentures were valued using a discounted cash flow approach incorporating a discount rate that incorporated similar terms, maturity and credit rating.

#### Accounting for Acquired Loans

Acquired loans are classified into two categories PCD loans and non-PCD loans. PCD loans are defined as a loan or group of loans that have experienced more than insignificant credit deterioration since origination. Non-PCD loans will have an allowance established on acquisition date, which is recognized as an expense through provision for credit losses. For PCD loans, an allowance is recognized on day 1 by adding it to the fair value of the loan, which is the "Day 1 amortized cost". There is no provision for credit loss expense recognized on PCD loans because the initial allowance is established by grossing-up the amortized cost of the PCD loan.

#### ITEM 1. Financial Statements and Supplementary Data

##### FIRST COMMONWEALTH FINANCIAL CORPORATION AND SUBSIDIARIES NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

A day 1 allowance for credit losses on non-PCD loans of \$10.7 million was recorded through the provision for credit losses within the Consolidated Statements of Income. At the date of acquisition, of the \$977.1 million of loans acquired from Centric, \$302.4 million, or 30.9%, of Centric's loan portfolio, was accounted for as PCD loans.

The following table provides details related to the fair value of acquired PCD loans, loans as of February 1, 2023.

The following table presents the change in goodwill during the period (dollars in thousands):

	For the Six Months Ended June 30, 2023
<b>Goodwill at December 31, 2022</b>	<b>\$ 303,328</b>
Goodwill from Centric acquisition	60,387
<b>Goodwill at June 30, 2023</b>	<b>\$ 363,715</b>

Costs related to the acquisition totaled \$8.5 million. These amounts were expensed as incurred and are recorded as a merger and acquisition related expense in the Consolidated Statements of Income.

As a result of the full integration of the operations of Centric, it is not practicable to determine revenue or net income included in the Company's operating results relating to Centric since the date of acquisition as Centric results cannot be separately identified.

FIRST COMMONWEALTH FINANCIAL CORPORATION AND SUBSIDIARIES  
NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

Note 6 Commitments and Contingent Liabilities

Commitments and Letters of Credit

Standby letters of credit and commercial letters of credit are conditional commitments issued by First Commonwealth to guarantee the performance of a customer to a third party. The contract or notional amount of these instruments reflects the maximum amount of future payments that First Commonwealth could be required to pay under the guarantees if there were a total default by the guaranteed parties, without consideration of possible recoveries under recourse provisions or from collateral held or pledged. In addition, many of these commitments are expected to expire without being drawn upon; therefore, the total commitment amounts do not necessarily represent future cash requirements.

The following table identifies the notional amount of those instruments at the date shown below:

	March 31, 2023		December 31, 2022			June 30, 2023		December 31, 2022		
	(dollars in thousands)					(dollars in thousands)				
Financial instruments whose contract amounts represent credit risk:	Financial instruments whose contract amounts represent credit risk:				Financial instruments whose contract amounts represent credit risk:					
Commitments to extend credit	Commitments to extend credit	\$	2,478,090	\$	2,356,539	Commitments to extend credit	\$	2,576,168	\$	2,356,539
Financial standby letters of credit	Financial standby letters of credit		19,676		18,417	Financial standby letters of credit		19,190		18,417

Commercial letters of credit	Commercial letters of credit		886		573	Commercial letters of credit		876		573

ITEM 1. Financial Statements and Supplementary Data

FIRST COMMONWEALTH FINANCIAL CORPORATION AND SUBSIDIARIES  
NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

The notional amounts outstanding as of **March 31, 2023** **June 30, 2023** include amounts issued in 2023 of **\$0.1 million** **\$0.5 million** in performance **standby letters of credit** and **\$0.3 million** in **financial standby letters of credit**. There were no **financial standby letters of credit** or commercial letters of credit issued in 2023. A liability of \$0.1 million has been recorded as of both **March 31, 2023** **June 30, 2023** and December 31, 2022, which represents the estimated fair value of letters of credit issued. The fair value of letters of credit is estimated based on the unrecognized portion of fees received at the time the commitment was issued.

Unused commitments and letters of credit provide exposure to future credit loss in the event of nonperformance by the borrower or guaranteed parties. Management's evaluation of the credit risk related to these commitments resulted in the recording of a liability of **\$8.2 million** **\$7.8 million** and \$10.0 million as of **March 31, 2023** **June 30, 2023** and December 31, 2022, respectively. This liability is reflected in "Other liabilities" in the unaudited Consolidated Statements of Financial Condition. The credit risk evaluation incorporates the expected loss percentage calculated for comparable loan categories as part of the allowance for credit losses for loans as well as estimated utilization for each loan category.

Legal Proceedings

First Commonwealth and its subsidiaries are subject in the normal course of business to various pending and threatened legal proceedings in which claims for monetary damages are asserted. As of **March 31, 2023** **June 30, 2023**, management, after consultation with legal counsel, does not anticipate that the aggregate ultimate liability arising out of litigation pending or threatened against First Commonwealth or its subsidiaries will be material to First Commonwealth's consolidated financial position. On at least a quarterly basis, First Commonwealth assesses its liabilities and contingencies in connection with such legal proceedings. For those matters where it is probable that First Commonwealth will incur losses and the amounts of the losses can be reasonably estimated, First Commonwealth records an expense and corresponding liability in its consolidated financial statements. To the extent the pending or threatened litigation could result in exposure in excess of that liability, the amount of such excess is not currently estimable. Although not considered probable, the range of reasonably possible losses for such matters in the aggregate, beyond the existing recorded liability (if any), is between \$0 and \$1 million. Although First Commonwealth does not believe that the outcome of pending litigation will be material to First Commonwealth's consolidated financial position, it cannot rule out the possibility that such outcomes will be material to the consolidated results of operations and cash flows for a particular reporting period in the future.

Mortgage-backed securities include mortgage-backed obligations of U.S. Government agencies and obligations of U.S. Government-sponsored enterprises. These obligations have contractual maturities ranging from less than one year to approximately 40 years, with lower anticipated lives to maturity due to prepayments. All mortgage-backed securities contain a certain amount of risk related to the uncertainty of prepayments of the underlying mortgages. Interest rate changes have a direct impact upon prepayment speeds; therefore, First Commonwealth uses computer simulation models to test the average life and yield volatility of all mortgage-backed securities under various interest rate scenarios to monitor the potential impact on earnings and interest rate risk positions.

Expected maturities will differ from contractual maturities because issuers may have the right to call or repay obligations with or without call or prepayment penalties. Other fixed income securities within the portfolio also contain prepayment risk.

(a) Mortgage-backed and collateralized mortgage securities, which have prepayment provisions, are not assigned to maturity categories due to fluctuations in their prepayment speeds. Mortgage-Backed Securities include an amortized cost of **\$76.0 million** **\$74.1 million** and a fair value of **\$62.6 million** **\$58.3 million** for Obligations of U.S. Government agencies issued by Ginnie Mae and an amortized cost of **\$325.4 million** **\$315.8 million** and a fair value of **\$275.8 million** **\$263.5 million** for Obligations of U.S. Government-sponsored enterprises issued by Fannie Mae and Freddie Mac.

Securities held to maturity with an amortized cost of **\$115.9 million** **\$118.9 million** and \$368.8 million were pledged as of **March 31, 2023** **June 30, 2023** and December 31, 2022, respectively, to secure public deposits and for other purposes required or permitted by law.

#### Other Investments

As a member of the Federal Home Loan Bank ("FHLB"), First Commonwealth is required to purchase and hold stock in the FHLB to satisfy membership and borrowing requirements. The level of stock required to be held is dependent on the amount of First Commonwealth's mortgage-related assets and outstanding borrowings with the FHLB. This stock is restricted in that it can

#### ITEM 1. Financial Statements and Supplementary Data

##### FIRST COMMONWEALTH FINANCIAL CORPORATION AND SUBSIDIARIES NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

only be sold to the FHLB or to another member institution, and all sales of FHLB stock must be at par. As a result of these restrictions, FHLB stock is unlike other investment securities insofar as there is no trading market for FHLB stock and the transfer price is determined by FHLB membership rules and not by market participants. As of **March 31, 2023** **June 30, 2023** and December 31, 2022, our FHLB stock totaled **\$30.0 million** **\$40.2 million** and \$25.2 million, respectively, and is included in "Other investments" on the unaudited Consolidated Statements of Financial Condition.

FHLB stock is held as a long-term investment and its value is determined based on the ultimate recoverability of the par value. First Commonwealth evaluates impairment quarterly and has concluded that the par value of its investment in FHLB stock will be recovered. Accordingly, no impairment charge was recorded on these securities during the three **and six** months ended **March 31, 2023** **June 30, 2023**.

As of both **March 31, 2023** **June 30, 2023** and December 31, 2022, "Other investments" also includes \$6.2 million and \$1.2 million, respectively, in equity securities. These securities do not have a readily determinable fair value and are carried at cost. During the **three-months** **six-months** ended **March 31, 2023** **June 30, 2023** and 2022, there were no gains or losses recognized through earnings on equity securities. On a quarterly basis, management evaluates equity securities by reviewing the severity and duration of decline in estimated fair value, research reports, analysts' recommendations, credit rating changes, news stories, annual reports, regulatory filings, impact of interest rate changes and other relevant information.

#### Impairment of Investment Securities

We review our investment portfolio on a quarterly basis for indications of impairment. For available for sale securities, the review includes analyzing the financial condition and near-term prospects of the issuer, including any specific events which may influence the operations of the issuer and whether we are more likely than not to sell the security. We evaluate whether we are more likely than not to sell debt securities based upon our investment strategy for the particular type of security and our cash flow needs, liquidity position, capital adequacy, tax position and interest rate risk position. Held-to-maturity securities are evaluated for impairment on a quarterly basis using historical probability of default and loss given default information specific to the investment category. If this evaluation determines that credit losses exist an allowance for credit loss is recorded and included in earnings as a component of credit loss expense.

First Commonwealth utilizes the specific identification method to determine the net gain or loss on debt securities and the average cost method to determine the net gain or loss on equity securities.

The following table presents the gross unrealized losses and estimated fair values at **March 31, 2023** **June 30, 2023** for both available for sale and held to maturity securities by investment category and time frame for which securities have been in a continuous unrealized loss position:

As of **March 31, 2023** **June 30, 2023**, our corporate securities had an amortized cost and an estimated fair value of \$30.4 million and **\$27.3 million** **\$26.6 million**, respectively. As of December 31, 2022, our corporate securities had an amortized cost and estimated fair value of \$32.0 million and \$29.2 million, respectively. Corporate securities are comprised of debt issued by large regional banks. There were **seven** **eight** and six corporate securities, respectively, in an unrealized loss position as of **March 31, 2023** **June 30, 2023** and December 31, 2022. When unrealized losses exist, management reviews each of the issuer's asset quality, earnings trends and capital position to determine whether the unrealized loss position is a result of credit losses. All interest payments on the corporate securities are being made as contractually required.

There was no expected credit related impairment recognized on investment securities during the ~~three~~ six months ended March 31, 2023 June 30, 2023 and 2022.

First Commonwealth's loan portfolio includes five primary loan categories. When calculating the allowance for credit losses these categories are classified into fourteen portfolio segments. The composition of loans by portfolio segment includes:

## Commercial, financial, agricultural and other

*Time & Demand* - Consists primarily of commercial and industrial loans. This category consists of loans that are typically cash flow dependent and therefore have different risk and loss characteristics than other commercial loans. Loans in this category include revolving and term structures with fixed and variable interest rates. The primary macroeconomic drivers for estimating credit losses for this category include forecasts of national unemployment and economic conditions measured by GDP. At **March 31, 2023** **June 30, 2023** and December 31, 2022, this category includes **\$5.3 million** **\$2.9 million** and \$4.3 million in Paycheck Protection Program ("PPP") loans for small businesses. Because PPP loans are fully guaranteed by the SBA, there is no allowance for credit losses recognized for these loans.

*Commercial Credit Cards* - Consists of unsecured credit cards for commercial customers. These commercial credit cards have separate characteristics outside of normal commercial non-real estate loans, as they tend to have shorter overall duration. The primary macroeconomic drivers for estimating credit losses for this category include forecasts of national unemployment and economic conditions measured by GDP.

*Equipment Finance* - Consists of loans and leases to finance the purchase of equipment for commercial customers. The risk and loss characteristics are unique for this group due to the type of collateral. The primary macroeconomic drivers for estimating credit losses for this category include forecasts of national unemployment and economic conditions measured by GDP.

### ITEM 1. Financial Statements and Supplementary Data

#### FIRST COMMONWEALTH FINANCIAL CORPORATION AND SUBSIDIARIES NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

*Time & Demand Other* - Consists primarily of loans to state and political subdivisions and other commercial loans that have different characteristics than loans in the Time and Demand category. The primary macroeconomic drivers for estimating credit losses for this category include forecasts of household debt to income and economic conditions measured by GDP.

## Real estate construction

*Construction Other* - Consists of construction loans to commercial builders and developers and are secured by the properties under development.

*Construction Residential* - Consists of loans to finance the construction of residential properties during the construction period. Borrowers are typically individuals who will occupy the completed single family property.

The risk and loss characteristics of these two construction categories are different than other real estate secured categories due to the collateral being at various stages of completion. The nature of the project and type of borrower of the two construction categories provides for unique risk and loss characteristics for each category. The primary macroeconomic drivers for estimating credit losses for construction loans include forecasts of national unemployment and measures of completed construction projects.

## Residential real estate

*Residential first lien* - Consists of loans with collateral of 1-4 family residences with a senior lien position. The risk and loss characteristics are unique for this group because the collateral for these loans are the borrower's primary residence. The primary macroeconomic drivers for estimating credit losses for this category include forecasts of national unemployment and residential property values.

*Residential Junior Lien/Home Equity* - Consists of loans with collateral of 1-4 family residences with an open end line of credit or junior lien position. The junior lien position for the majority of these loans provides a higher risk of loss than other residential real estate loans. The primary macroeconomic drivers for estimating credit losses for this category include forecasts of national unemployment and residential property values.

## Commercial real estate

*Multifamily* - Consists of loans secured by commercial multifamily properties. Real estate related to rentals to consumers provide unique risk and loss characteristics. The primary macroeconomic drivers for estimating credit losses for this category include forecasts of commercial real estate values and national unemployment.

*Nonowner Occupied* - Consists of loans secured by commercial real estate non-owner occupied and provides different loss characteristics than other real estate categories. The primary macroeconomic drivers for estimating credit losses for this category include forecasts of national unemployment and economic conditions measured by GDP.

*Owner Occupied* - Consists of loans secured by commercial real estate owner occupied properties. The risk and loss characteristics of this category were considered different than other real estate categories because it is owner occupied and would impact the ability to conduct business. The primary macroeconomic drivers for estimating credit losses for this category include forecasts of national unemployment and economic conditions measured by GDP.

## Loans to individuals

*Automobile and Recreational Vehicles* - Consists of both direct and indirect loans with automobiles and recreational vehicles held as collateral. The primary macroeconomic drivers for estimating credit losses for this category include forecasts of consumer sentiment and automobile retention value.

*Consumer Credit Cards* - Consists of unsecured consumer credit cards. The primary macroeconomic drivers for estimating credit losses for this category include forecasts of consumer sentiment and economic conditions measured by GDP.

*Other Consumer* - Consists of lines of credit, student loans and other consumer loans, not secured by real estate or autos. The primary macroeconomic drivers for estimating credit losses for this category include forecasts of consumer sentiment and retail sales.

The allowance for credit losses is calculated by pooling loans of similar credit risk characteristics and applying a discounted cash flow methodology after incorporating probability of default and loss given default estimates. Probability of default represents an estimate of the likelihood of default, and loss given default measures the expected loss upon default. Inputs impacting the expected losses include a forecast of macroeconomic factors, using a weighted forecast from a nationally

NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

recognized firm. Our model incorporates a one-year forecast of macroeconomic factors, after which the factors revert back to the historical mean over a one-year period. The most significant macroeconomic factor used in estimating credit losses is the national unemployment rate. The forecasted value for national unemployment at the beginning of the forecast period was 3.47% 3.52% and during the one-year forecast period it was projected to average 4.42% 4.47%, with a peak of 4.84% 4.83%.

Credit Quality Information

As part of the on-going monitoring of credit quality within the loan portfolio, the following credit worthiness categories are used in grading our loans:

<b>Pass</b>	Acceptable levels of risk exist in the relationship. Includes all loans not classified as OAEM, substandard or doubtful.
<b>Other Assets Especially Mentioned (OAEM)</b>	Potential weaknesses that deserve management's close attention. The potential weaknesses may result in deterioration of the repayment prospects or weaken the Company's credit position at some future date. The credit risk may be relatively minor, yet constitute an undesirable risk in light of the circumstances surrounding the specific credit. No loss of principal or interest is expected.
<b>Substandard</b>	Well-defined weakness or a weakness that jeopardizes the repayment of the debt. A loan may be classified as substandard as a result of deterioration of the borrower's financial condition and repayment capacity. Loans for which repayment plans have not been met or collateral equity margins do not protect the Company may also be classified as substandard.
<b>Doubtful</b>	Loans with the characteristics of substandard loans with the added characteristic that collection or liquidation in full, on the basis of presently existing facts and conditions, is highly improbable.

The Company's internal creditworthiness grading system provides a measurement of credit risk based primarily on an evaluation of the borrower's cash flow and collateral. Category ratings are reviewed each quarter, at which time management analyzes the results, as well as other external statistics and factors related to loan performance.

ITEM 1. Financial Statements and Supplementary Data

FIRST COMMONWEALTH FINANCIAL CORPORATION AND SUBSIDIARIES  
NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

Portfolio Risks

The credit quality of our loan portfolio can potentially represent significant risk to our earnings, capital and liquidity. First Commonwealth devotes substantial resources to managing this risk primarily through our credit administration department that develops and administers policies and procedures for underwriting, maintaining, monitoring and collecting loans. Credit administration is independent of lending departments and oversight is provided by the Credit Committee of the First Commonwealth Board of Directors.

Total net charge-offs for the **three six** months ended **March 31, 2023** **June 30, 2023** and 2022 were **\$1.2 million** **\$9.8 million** and **\$1.1 million** **\$2.7 million**, respectively.

### Age Analysis of Past Due Loans by Segment

The following tables delineate the aging analysis of the recorded investments in past due loans as of **March 31, 2023**, **June 30, 2023** and December 31, 2022. Also included in these tables are loans that are 90 days or more past due and still accruing because they are well-secured and in the process of collection.

		March 31, 2023								June 30, 2023

Nonaccrual Loans

The previous tables summarize nonaccrual loans by loan segment. The Company generally places loans on nonaccrual status when the full and timely collection of interest or principal becomes uncertain, when part of the principal balance has been charged off and no restructuring has occurred, or the loans reach a certain number of days past due. Generally, loans 90 days or more past due are placed on nonaccrual status, except for consumer loans, which are placed on nonaccrual status at 150 days past due.

When a loan is placed on nonaccrual, the accrued unpaid interest receivable is reversed against interest income and all future payments received are applied as a reduction to the loan principal. Generally, the loan is returned to accrual status when (a) all delinquent interest and principal becomes current under the terms of the loan agreement or (b) the loan is both well-secured and in the process of collection and collectability is no longer in doubt.

Nonperforming Loans

Management considers loans to be nonperforming when, based on current information and events, it is determined that the Company will not be able to collect all amounts due according to the loan contract, including scheduled interest payments. When management identifies a loan as nonperforming, the credit loss is measured based on the present value of expected future cash flows, discounted at the loan's effective interest rate, except when the sole source for repayment of the loan is the operation or liquidation of collateral. When the loan is collateral dependent, the appraised value less estimated cost to sell is utilized. If management determines that the value of the loan is less than the recorded investment in the loan, a credit loss is recognized through an allowance estimate or a charge-off to the allowance for credit losses.

When the ultimate collectability of the total principal of a nonperforming loan is in doubt and the loan is on nonaccrual status, all payments are applied to principal, under the cost recovery method. When the ultimate collectability of the total principal of a

ITEM 1. Financial Statements and Supplementary Data  
FIRST COMMONWEALTH FINANCIAL CORPORATION AND SUBSIDIARIES  
NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

nonperforming loan is not in doubt and the loan is on nonaccrual status, contractual interest is credited to interest income when received under the cash basis method.

At **March 31, 2023** **June 30, 2023** and December 31, 2022, there were no nonperforming loans held for sale. During both the **three** **six** months ended **March 31, 2023** **June 30, 2023** and 2022, there were no gains recognized on the sale of nonperforming loans.

The following tables include the recorded investment and unpaid principal balance for nonperforming loans with the associated allowance amount, if applicable, as of **March 31, 2023** **June 30, 2023** and December 31, 2022. Also presented are the average recorded investment in nonperforming loans and the related amount of interest recognized while the loan was considered nonperforming. Average balances are calculated using month-end balances of the loans for the period reported and are included in the table below based on their period-end allowance position. The increase in nonperforming loans is primarily a result of **\$14.9 million** **\$18.7 million** in loans acquired from Centric, offset by the removal of \$6.4 million in accruing troubled debt restructurings ("TDR's"). The TDR's were eliminated as a result of our adoption of ASU 2022-02, Financial Instruments Credit Losses (Topic 326): Troubled Debt Restructurings and Vintage Disclosures ("ASU 2022-02"). This standard was adopted on January 1, 2023 and eliminates the accounting guidance for TDR's while enhancing disclosure requirements for loan modifications for borrowers experiencing financial difficulty.

Unfunded commitments related to nonperforming loans were \$0.2 million at both **March 31, 2023** **June 30, 2023** and December 31, 2022. After consideration of the requirements to draw and available collateral related to these commitments, it was determined that no reserve was required for these commitments at **March 31, 2023** **June 30, 2023** and December 31, 2022.

ITEM 1. *Financial Statements and Supplementary Data*  
FIRST COMMONWEALTH FINANCIAL CORPORATION AND SUBSIDIARIES  
NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

**Loan Modifications Made to Borrowers Experiencing Financial Difficulty**

The Company adopted ASU 2022-02 on January 1, 2023 on a prospective basis. Disclosures for years prior to adoption continue to reflect TDR's as nonperforming loans and include TDR disclosures required under the previous guidance. Upon adoption of this guidance, the Company no longer establishes a specific reserve for modifications to borrowers experiencing financial difficulty. Instead, these modifications are included in their respective loan segment and an allowance is determined by a loss given default and probability of default methodology.

Modifications to borrowers experiencing financial difficulty may include interest rate reductions, principal forgiveness, other- than-insignificant payment delay, term extensions or any combination thereof.

The following **table presents** **tables present** the amortized cost basis of loan modifications made to borrowers experiencing financial difficulty:

<b>For the Three Months Ended March 31, 2023</b>	<b>For the Six Months Ended June 30, 2023</b>

#### ITEM 1. Financial Statements and Supplementary Data

#### FIRST COMMONWEALTH FINANCIAL CORPORATION AND SUBSIDIARIES NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

A modification is considered to be in default when the loan is 90 days or more past due. For the three six months ended March 31, 2023 June 30, 2023, there were no modified loans that were considered to be in default. The following table shows the payment status of loans that have been modified on or after January 1, 2023, the date we adopted ASU 2022-02:

		March 31, 2023				
		Current	30 - 59 days past due	60 - 89 days past due	90 days or greater and still accruing	Total
		(dollars in thousands)				
Residential real estate	\$	25	\$ —	\$ —	\$ —	\$ 25

Troubled Debt Restructurings Disclosures Prior to Adoption of ASU 2022-02

Troubled debt restructured loans are those loans whose terms have been renegotiated to provide a reduction or deferral of principal or interest as a result of the financial difficulties experienced by the borrower, who could not obtain comparable terms from alternative financing sources. Troubled debt restructured loans are considered to be nonperforming loans.

**ITEM 1. Financial Statements and Supplementary Data**

**FIRST COMMONWEALTH FINANCIAL CORPORATION AND SUBSIDIARIES**  
**NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

The following tables provide detail, including specific reserves and reasons for modification, related to loans identified as troubled debt restructurings:

		For the Three Months Ended March 31, 2022								For the Six Months Ended June 30, 2022									
		Type of Modification				Total				Type of Modification				Total					
						Pre-Modification		Post-Modification						Pre-Modification		Post-Modification			
		Number				Outstanding		Outstanding		Number				Outstanding		Outstanding			
		of	Extend	Modify	Modify	Recorded	Recorded	Specific					of	Extend	Modify	Modify	Recorded	Recorded	Specific
		Contracts	Maturity	Rate	Payments	Investment	Investment	Reserve					Contracts	Maturity	Rate	Payments	Investment	Investment	Reserve
		(dollars in thousands)								(dollars in thousands)									
Residential real estate	Residential real estate	2	\$ —	\$ 10	\$ 59	\$ 69	\$ 69	\$ —	Residential real estate	2	\$ —	\$ 10	\$ 59	\$ 69	\$ 68	\$ —			
Residential first lien	Residential first lien	2	—	10	59	69	69	—	Residential first lien	2	—	10	59	69	68	—			
Total	Total	2	\$ —	\$ 10	\$ 59	\$ 69	\$ 69	\$ —	Total	2	\$ —	\$ 10	\$ 59	\$ 69	\$ 68	\$ —			

The troubled debt restructurings included in the above tables are also included in the nonperforming loan tables provided earlier in this note. Loans defined as modified due to a change in rate may include loans that were modified for a change in rate as well as a re-amortization of the principal and an extension of the maturity. For the **three** six months ended **March 31, 2022** **June 30, 2022**, \$10 thousand **of total** in rate modifications represent loans with modifications to the rate as well as payment as a result of re-amortization. The changes in loan balances between the pre-modification balance and the post-modification balance are due to customer payments.

For the three months ended June 30, 2022, there were no loans identified as troubled debt restructurings.

A troubled debt restructuring is considered to be in default when a restructured loan is 90 days or more past due. The following table provides information related to loans that were restructured within the past twelve months and that were considered to be in default during the **six months ended June 30, 2022**.

	2022	
	Number of Contracts	Recorded Investment
	(dollars in thousands)	
<b>Loans to individuals</b>	<b>1</b>	<b>\$ 16</b>
Automobile and recreational vehicles	1	16
<b>Total</b>	<b>1</b>	<b>\$ 16</b>

For the three months ended **March 31**:

	2022	
	Number of Contracts	Recorded Investment
	(dollars in thousands)	
<b>Residential real estate</b>	<b>1</b>	<b>\$ 17</b>

Residential first lien	1	17
<b>Total</b>	<b>1</b>	<b>\$ 17</b>

June 30, 2022, there were no loans restructured within the past twelve months that were considered to be in default.

#### Note 9 Leases

First Commonwealth has elected to apply certain practical expedients provided under ASU 2016-02 "Leases" (Topic 842) including (i) to not apply the requirements in the new standard to short-term leases; (ii) to not reassess the lease classification for any expired or existing lease; (iii) to account for lease and non-lease components separately; and (iv) to not reassess initial direct costs for any existing leases. The impact of this standard primarily relates to operating leases of certain real estate properties, including certain branch and ATM locations and office space. First Commonwealth has no material leasing arrangements for which it is the lessor of property or equipment.

#### ITEM 1. Financial Statements and Supplementary Data

##### FIRST COMMONWEALTH FINANCIAL CORPORATION AND SUBSIDIARIES NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

The following table represents the unaudited Consolidated Statements of Condition classification of the Company's right of use ("ROU") assets and lease liabilities, lease costs and other lease information.

		March 31, 2023	December 31, 2022			June 30, 2023	December 31, 2022
<b>Balance sheet:</b>	<b>Balance sheet:</b>			<b>Balance sheet:</b>			
Operating lease asset classified as premises and equipment	Operating lease asset classified as premises and equipment	\$ 52,177	\$ 40,747	Operating lease asset classified as premises and equipment			
Operating lease liability classified as other liabilities	Operating lease liability classified as other liabilities	56,622	45,149	Operating lease liability classified as other liabilities			
		For the Three Months Ended					
		March 31, 2023	March 31, 2022		June 30, 2023	June 30, 2022	June 30, 2022
<b>Income statement:</b>	<b>Income statement:</b>			<b>Income statement:</b>			

Operating lease cost classified as occupancy and equipment expense	Operating lease cost classified as occupancy and equipment expense	\$	1,494	\$	1,216	Operating lease cost classified as occupancy and equipment expense	\$	1,550	\$	1,252	\$	3,044	\$	2,468	
Weighted average lease term, in years	Weighted average lease term, in years		13.59		13.72	Weighted average lease term, in years						13.52		14.13	
Weighted average discount rate	Weighted average discount rate		3.54	%	3.19	%						3.50	%	3.24	%
Operating cash flows	Operating cash flows	\$	12,478	\$	1,164	Operating cash flows					\$	1,573	\$	1,183	

In the above table, the increase in the ROU asset and lease liability at **March 31, 2023** **June 30, 2023** compared to December 31, 2022, is primarily a result of leases assumed as part of the Centric acquisition.

The ROU assets and lease liabilities are impacted by the length of the lease term and the discount rate used to present value the minimum lease payments. First Commonwealth's lease agreements often include one or more options to renew at the Company's discretion. If we consider the renewal option to be reasonably certain, we include the extended term in the calculation of the ROU asset and lease liability.

First Commonwealth uses incremental borrowing rates when calculating the lease liability because the rate implicit in the lease is not readily determinable. The incremental borrowing rate used by First Commonwealth is an amortizing loan rate obtained from the Federal Home Loan Bank ("FHLB") of Pittsburgh. This rate is consistent with a collateralized borrowing rate and is available for terms similar to the lease payment schedules.

Future minimum payments for operating leases with initial or remaining terms of one year or more as of **March 31, 2023** **June 30, 2023** were as follows (dollars in thousands):

For the twelve months ended:

<b>March 31, June 30, 2024</b>	\$	<b>4,630</b>	<b>3,115</b>
<b>March 31, June 30, 2025</b>		<b>6,074</b>	<b>5,675</b>

#### Note 10 Income Taxes

In accordance with FASB ASC Topic 740-10, "Accounting for Uncertainty in Income Taxes," at **March 31, 2023** **June 30, 2023** and December 31, 2022, First Commonwealth had no material unrecognized tax benefits or accrued interest and penalties. If applicable, First Commonwealth will record interest and penalties as a component of noninterest expense.

First Commonwealth is subject to routine audits of our tax returns by the Internal Revenue Service ("IRS") as well as all states in which we conduct business. Generally, tax years prior to the year ended December 31, 2019 are no longer open to examination by federal and state taxing authorities.

#### ITEM 1. Financial Statements and Supplementary Data

##### FIRST COMMONWEALTH FINANCIAL CORPORATION AND SUBSIDIARIES NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

#### Note 11 Fair Values of Assets and Liabilities

FASB ASC Topic 820, "Fair Value Measurements and Disclosures" ("Topic 820"), requires disclosures for non-financial assets and non-financial liabilities, except for items that are recognized or disclosed at fair value in the financial statements on a recurring basis (at least annually). All non-financial assets are included either as a separate line item on the unaudited Consolidated Statements of Financial Condition or in the "Other assets" category of the unaudited Consolidated Statements of Financial Condition. Currently, First Commonwealth does not have any non-financial liabilities to disclose.

FASB ASC Topic 825, "Financial Instruments" ("Topic 825"), permits entities to irrevocably elect to measure select financial instruments and certain other items at fair value. The unrealized gains and losses are required to be included in earnings each reporting period for the items that fair value measurement is elected. First Commonwealth has elected not to measure any existing financial instruments at fair value under Topic 825; however, in the future we may elect to adopt this guidance for select financial instruments.

In accordance with Topic 820, First Commonwealth groups financial assets and financial liabilities measured at fair value in three levels based on the principal markets in which the assets and liabilities are transacted and the observability of the data points used to determine fair value. These levels are:

- Level 1 – Valuations for assets and liabilities traded in active exchange markets, such as the New York Stock Exchange (“NYSE”). Valuations are obtained from readily available pricing sources for market transactions involving identical assets or liabilities.
- Level 2 – Valuations for assets and liabilities traded in less active dealer or broker markets. Valuations are obtained for observable inputs for identical or comparable assets or liabilities from alternative pricing sources with reasonable levels of price transparency. Level 2 includes Obligations of U.S. Government securities issued by Agencies and Sponsored Enterprises, Obligations of States and Political Subdivisions, corporate securities, FHLB stock, loans held for sale, premise held for sale, interest rate derivatives (including interest rate caps, interest rate collars, interest rate swaps and risk participation agreements), certain other real estate owned and certain nonperforming loans.

Level 2 investment securities are valued by a recognized third party pricing service using observable inputs. The model used by the pricing service varies by asset class and incorporates available market, trade and bid information as well as cash flow information when applicable. Because many fixed-income investment securities do not trade on a daily basis, the model uses available information such as benchmark yield curves, benchmarking of like investment securities, sector groupings and matrix pricing. The model will also use processes such as an option-adjusted spread to assess the impact of interest rates and to develop prepayment estimates. Market inputs normally used in the pricing model include benchmark yields, reported trades, broker/dealer quotes, issuer spreads, two-sided markets, benchmark securities, bids, offers and reference data including market research publications.

Management validates the market values provided by the third party service by having another source price 100% of the securities on a monthly basis, monthly monitoring of variances from prior period pricing and, on a monthly basis, evaluating pricing changes compared to expectations based on changes in the financial markets.

Other investments recorded in the unaudited Consolidated Statements of Financial Condition are primarily comprised of FHLB stock whose estimated fair value is based on its par value. Additional information on FHLB stock is provided in Note 7, “Investment Securities.”

Loans held for sale include residential mortgage loans originated for sale in the secondary mortgage market. The estimated fair value for these loans was determined on the basis of rates obtained in the respective secondary market. Loans held for sale could also include the Small Business Administration guaranteed portion of small business loans. The estimated fair value of these loans is based on the contract with the third party investor. When loans held for sale include other commercial loans, fair value is determined using an executed trade or market bid obtained from potential buyers.

Interest rate derivatives are reported at an estimated fair value utilizing Level 2 inputs and are included in other assets and other liabilities, and consist of interest rate swaps where there is no significant deterioration in the counterparties’ and/or loan customers’ credit risk since origination of the interest rate swap as well as interest rate caps, interest rate collars and risk participation agreements. First Commonwealth values its interest rate swap and cap positions using a yield curve by taking market prices/rates for an appropriate set of instruments. The set of instruments currently used to determine the U.S. Dollar yield curve includes cash LIBOR rates from overnight to one year, Eurodollar futures contracts and swap rates from one year to thirty

#### ITEM 1. Financial Statements and Supplementary Data

##### FIRST COMMONWEALTH FINANCIAL CORPORATION AND SUBSIDIARIES NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

thirty years. These yield curves determine the valuations of interest rate swaps. Interest rate derivatives are further described in Note 12, “Derivatives.”

For purposes of potential valuation adjustments to our derivative positions, First Commonwealth evaluates the credit risk of its counterparties as well as our own credit risk. Accordingly, we have considered factors such as the likelihood of default, expected loss given default, net exposures and remaining contractual life, among other things, in determining if any estimated fair value adjustments related to credit risk are required. We review our counterparty exposure quarterly, and when necessary, appropriate adjustments are made to reflect the exposure.

Interest rate derivatives also include interest rate forwards entered into to hedge residential mortgage loans held for sale and the related interest-rate lock commitments. This includes forward commitments to sell mortgage loans. The fair value of these derivative financial instruments are based on derivative market data inputs as of the valuation date and the underlying value of mortgage loans for rate lock commitments.

In addition, at times the Company hedges foreign currency risk through the use of foreign exchange forward contracts. The fair value of foreign exchange forward contracts is based on the differential between the contract price and the market-based forward rate.

The estimated fair value for other real estate owned included in Level 2 is determined by either an independent market-based appraisal less estimated costs to sell or an executed sales agreement.

- Level 3 – Valuations for assets and liabilities that are derived from other valuation methodologies, including option pricing models, discounted cash flow models and similar techniques, and not based on market exchange, dealer or broker traded transactions. If the inputs used to provide the valuation are unobservable and/or there is very little, if any, market activity for the security or similar securities, the securities would be considered Level 3 securities. Level 3 valuations incorporate certain assumptions and projections in determining the fair value assigned to such assets or liabilities. The assets included in Level 3 are non-marketable equity investments, certain interest rate derivatives and certain nonperforming loans.

The estimated fair value of other investments included in Level 3 is based on carrying value as these securities do not have a readily determinable fair value.

The estimated fair value of limited partnership investments included in Level 3 is based on par value.

For interest rate derivatives included in Level 3, the fair value incorporates credit risk by considering such factors as likelihood of default and expected loss given default based on the credit quality of the underlying counterparties (loan customers).

#### ITEM 1. Financial Statements and Supplementary Data

FIRST COMMONWEALTH FINANCIAL CORPORATION AND SUBSIDIARIES  
NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

In accordance with ASU No. 2011-04, the following table provides information related to quantitative inputs and assumptions used in Level 3 fair value measurements.

						Range /						Range /

Limited Partnership Investments	Limited Partnership Investments		17,691	Par Value	N/A	N/A	Limited Partnership Investments		17,691	Par Value	N/A	N/A	

(a) The remainder of nonperforming loans valued using Level 3 inputs are not included in this disclosure as the values of those loans are based on bankruptcy agreement documentation.

(b) Unobservable inputs are defined as follows: MMBTU - one million British thermal units; BBL/d - barrels per day.

The discount rate is the significant unobservable input used in the fair value measurement of nonperforming loans. Significant increases in this rate would result in a decrease in the estimated fair value of the loans, while a decrease in this rate would result in a higher fair value measurement. Other unobservable inputs in the fair value measurement of nonperforming loans relate to gas, oil and natural gas prices. Increases in these prices would result in an increase in the estimated fair value of the loans, while a decrease in these prices would result in a lower fair value measurement.

The tables below present the balances of assets and liabilities measured at fair value on a recurring basis:

Nonperforming loans over \$250 thousand are individually reviewed to determine the amount of each loan considered to be at risk of non-collection. The fair value for nonperforming loans that are collateral-based is determined by reviewing real property appraisals, equipment valuations, accounts receivable listings and other financial information. A discounted cash flow analysis

#### ITEM 1. Financial Statements and Supplementary Data

#### FIRST COMMONWEALTH FINANCIAL CORPORATION AND SUBSIDIARIES NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

appraisals, equipment valuations, accounts receivable listings and other financial information. A discounted cash flow analysis is performed to determine fair value for nonperforming loans when an observable market price or a current appraisal is not available. For real estate secured loans, First Commonwealth's loan policy requires updated appraisals be obtained at least every twelve months on all nonperforming loans with balances of \$250 thousand and over. For real estate secured loans with balances under \$250 thousand, we rely on broker price opinions. For non-real estate secured assets, the Company normally relies on third party valuations specific to the collateral type.

The fair value for other real estate owned, determined by either an independent market-based appraisal less estimated costs to sell or an executed sales agreement, is classified as Level 2. The fair value for other real estate owned, determined using an internal valuation, is classified as Level 3. Other real estate owned has a current carrying value of \$0.4 million \$0.3 million as of March 31, 2023 June 30, 2023 and consists of five three residential real estate properties in Pennsylvania. We review whether events and circumstances subsequent to a transfer to other real estate owned have occurred that indicate the balance of those assets may not be recoverable. If events and circumstances indicate further impairment we will record a charge to the extent that the carrying value of the assets exceed their fair values, less estimated cost to sell, as determined by valuation techniques appropriate in the circumstances.

Certain other assets and liabilities, including goodwill, core deposit intangibles and customer list intangibles are measured at fair value on a nonrecurring basis; that is, the instruments are not measured at fair value on an ongoing basis but are subject to fair value adjustments only in certain circumstances. Additional information related to goodwill is provided in Note 13, "Goodwill." There were no other assets or liabilities measured at fair value on a nonrecurring basis during the three six months ended March 31, 2023 June 30, 2023.

FASB ASC Topic 825-10, "Transition Related to FSP FAS 107-1" and APB 28-1, "Interim Disclosures about Fair Value of Financial Instruments," requires disclosure of the fair value of financial assets and financial liabilities, including those financial assets and financial liabilities that are not measured and reported at fair value on a recurring basis or nonrecurring basis. The methodologies for estimating the fair value of financial assets and financial liabilities that are measured at fair value on a recurring or nonrecurring basis are as discussed above. The methodologies for other financial assets and financial liabilities are discussed below.

**Cash and due from banks and interest-bearing bank deposits:** The carrying amounts for cash and due from banks and interest-bearing bank deposits approximate the estimated fair values of such assets.

**Securities:** Fair values for securities available for sale and held to maturity are based on quoted market prices, if available. If quoted market prices are not available, fair values are based on quoted market prices of comparable instruments. The carrying value of other investments, which includes FHLB stock and other equity investments, is considered a reasonable estimate of fair value.

**Loans:** The fair values of all loans are estimated by discounting the estimated future cash flows using interest rates currently offered for loans with similar terms to borrowers of similar credit quality adjusted for past due and nonperforming loans.

**Loans held for sale:** The estimated fair value of loans held for sale is based on market bids obtained from potential buyers.

**Off-balance sheet instruments:** Many of First Commonwealth's off-balance sheet instruments, primarily loan commitments and standby letters of credit, are expected to expire without being drawn upon; therefore, the commitment amounts do not necessarily represent future cash requirements. FASB ASC Topic 460, "Guarantees" clarified that a guarantor is required to recognize, at the inception of a guarantee, a liability for the fair value of the obligation undertaken in issuing the guarantee. The carrying amount and estimated fair

value for standby letters of credit was \$0.1 million at both **March 31, 2023** **June 30, 2023** and December 31, 2022. See Note 6, "Commitments and Contingent Liabilities," for additional information.

**Deposit liabilities:** The estimated fair value of demand deposits, savings accounts and money market deposits is the amount payable on demand at the reporting date because of the customers' ability to withdraw funds immediately. The carrying value of variable rate time deposit accounts and certificates of deposit approximate their fair values at the report date. Also, fair values of fixed rate time deposits for both periods are estimated by discounting the future cash flows using interest rates currently being offered and a schedule of aggregated expected maturities.

**Short-term borrowings:** The fair values of borrowings from the FHLB were estimated based on the estimated incremental borrowing rate for similar type borrowings. The carrying amounts of other short-term borrowings, such as federal funds **purchased and securities sold under agreement to repurchase, were used to approximate fair value due to the short-term nature of the borrowings.**

ITEM 1. Financial Statements and Supplementary Data  
FIRST COMMONWEALTH FINANCIAL CORPORATION AND SUBSIDIARIES  
NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

**purchased and securities sold under agreement to repurchase, were used to approximate fair value due to the short-term nature of the borrowings.**

**Subordinated debt and long-term debt:** The fair value is estimated by discounting the future cash flows using First Commonwealth's estimate of the current market rate for similar types of borrowing arrangements.

The following table presents carrying amounts and fair values of First Commonwealth's financial instruments:

		March 31, 2023							June 30, 2023						
		Carrying Amount	Fair Value Measurements Using:				Carrying Amount		Fair Value Measurements Using:

FIRST COMMONWEALTH FINANCIAL CORPORATION AND SUBSIDIARIES  
NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

Note 12 Derivatives

Derivatives Not Designated as Hedging Instruments

First Commonwealth is a party to interest rate derivatives that are not designated as hedging instruments. These derivatives relate to interest rate swaps that First Commonwealth enters into with customers to allow customers to convert variable rate loans to a fixed rate. First Commonwealth pays interest to the customer at a floating rate on the notional amount and receives interest from the customer at a fixed rate for the same notional amount. At the same time the interest rate swap is entered into with the customer, an offsetting interest rate swap is entered into with another financial institution. First Commonwealth pays the other financial institution interest at the same fixed rate on the same notional amount as the swap entered into with the customer, and receives interest from the financial institution for the same floating rate on the same notional amount.

The changes in the fair value of the swaps offset each other, except for the credit risk of the counterparties, which is determined by taking into consideration the risk rating, probability of default and loss given default for all counterparties.

We have 31 25 risk participation agreements with financial institution counterparties for interest rate swaps related to loans in which we are a participant. The risk participation agreements provide credit protection to the financial institution should the borrower fail to perform on its interest rate derivative contract with the financial institution. We have 15 risk participation agreements with financial institution counterparties for interest rate swaps related to loans in which we are the lead bank. The risk participation agreement provides credit protection to us should the borrower fail to perform on its interest rate derivative contract with us.

First Commonwealth is also party to interest rate caps and collars that are not designated as hedging instruments. The interest rate caps relate to contracts that First Commonwealth enters into with loan customers that provide a maximum interest rate on their variable rate loan. At the same time the interest rate cap is entered into with the customer, First Commonwealth enters into an offsetting interest rate cap with another financial institution. The notional amount and maximum interest rate on both interest cap contracts are identical. The interest rate collars relate to contracts that First Commonwealth enters into with loan customers that provides both a maximum and minimum interest

rate on their variable rate loan. At the same time the interest rate collar is entered into with the customer, First Commonwealth enters into an offsetting interest rate collar with another financial institution. The notional amount and the maximum and minimum interest rates on both interest collar contracts are identical.

The fee received, less the estimate of the loss for the credit exposure, was recognized in earnings at the time of the transaction.

#### Derivatives Designated as Hedging Instruments

In August 2019, the Company entered into two interest rate swap contracts that are designated as cash flow hedges. These contracts mature on August 15, 2024 and August 15, 2026 and have notional amounts of \$30.0 million and \$40.0 million, respectively. The Company's risk management objective for these hedges is to reduce its exposure to variability in expected future cash flows related to interest payments made on subordinated debentures benchmarked to the 3-month LIBOR rate. Therefore, the interest rate swaps convert the interest rate benchmark on the first \$70.0 million of 3-month LIBOR based subordinated debentures to a fixed rate. As a result of the discontinuance of the LIBOR rate on June 30, 2023, both of these swap contracts were amended to hedge exposure to the variability of the 3-month CME Term Secured Overnight Financing Rate ("SOFR"), instead of the 3-month LIBOR rate. This change is in agreement with amendments made to the interest rate on the subordinated debentures as a result of the discontinuance of LIBOR.

During 2021, the Company entered into eight interest rate swap contracts that were designated as cash flow hedges. The interest rate swaps have a total notional amount of \$500.0 million: \$75.0 million with an original maturity of three years, \$250.0 million with an original maturity of four years and \$175.0 million with an original maturity of five years. The Company's risk management objective for these hedges is to reduce its exposure to variability in expected future cash flows related to interest payments on commercial loans benchmarked to the 1-month LIBOR rate. Therefore, the interest rate swaps convert the interest payments on the first \$500.0 million of 1-month LIBOR based commercial loans into fixed rate payments. All of these interest rate swap contracts were amended to hedge the Company's exposure to the 3-month CME SOFR rate, which is the new benchmark rate used for the commercial loans after the discontinuance of LIBOR on June 30, 2023.

The periodic net settlement of these interest rate swaps are recorded as an adjustment to "Interest on subordinated debentures" or "Interest and fees on loans" in the unaudited Consolidated Statements of Income. For the three and six months ended March 31, 2023 June 30, 2023, there was a negative impact of \$4.2 \$4.8 million and \$9.0 million, respectively, on net interest income as a result of these interest rate swaps. Changes in the fair value of the cash flow hedges are reported on the balance sheet and in OCI. When

#### ITEM 1. Financial Statements and Supplementary Data

##### FIRST COMMONWEALTH FINANCIAL CORPORATION AND SUBSIDIARIES NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

the cash flows associated with the hedged item are realized, the gain or loss included in OCI is recognized in "Interest on subordinated debentures," or "Interest and fees on loans", the same line items in the unaudited Consolidated Statements of Income as the income on the hedged items. The cash flow hedges were highly effective at March 31, 2023 June 30, 2023, and changes in the fair value attributed to hedge ineffectiveness were not material.

#### ITEM 1. Financial Statements and Supplementary Data

##### FIRST COMMONWEALTH FINANCIAL CORPORATION AND SUBSIDIARIES NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

The Company also enters into interest rate lock commitments in conjunction with its mortgage origination business. These are commitments to originate loans whereby the interest rate on the loan is determined prior to funding and the customers have locked into that interest rate. The Company locks the rate in with an investor and commits to deliver the loan if settlement occurs ("best efforts") or commits to deliver the locked loan in a binding ("mandatory") delivery program with an investor. Loans under mandatory rate lock commitments are covered under forward sales contracts of mortgage-backed securities ("MBS"). Forward sales contracts of MBS are recorded at fair value with changes in fair value recorded in "Noninterest income" in the unaudited Consolidated Statements of Income. The impact to noninterest income for the three and six months ended March 31, 2023 June 30, 2023 was an increase of \$0.3 million. \$0.1 million and \$0.4 million, respectively.

Interest rate lock commitments and commitments to deliver loans to investors are considered derivatives. The market value of interest rate lock commitments and best efforts contracts are not readily ascertainable with precision because they are not actively traded in stand-alone markets. We determine the fair value of rate lock commitments and delivery contracts by measuring the fair value of the underlying asset, which is impacted by current interest rates and taking into consideration the probability that the rate lock commitments will close or will be funded. At March 31, 2023 June 30, 2023, the underlying funded mortgage loan commitments had a carrying value of \$3.8 million \$7.5 million and a fair value of \$3.9 million \$7.9 million, while the underlying unfunded mortgage loan commitments had a notional amount of \$13.9 million \$33.5 million. At December 31, 2022, the underlying funded mortgage loan commitments had a carrying value of \$4.3 million and a fair value of \$4.0 million, while the underlying unfunded mortgage loan commitments had a notional amount of \$12.0 million. The interest rate lock commitments increased decreased other noninterest income by \$0.3 million and \$0.1 million, respectively, for the three and six months ended March 31, 2023 June 30, 2023.

In addition, based on customer activity, a small amount of interest income on loans may be exposed to changes in foreign exchange rates. Several commercial borrowers have a portion of their operations outside of the United States and from time to time borrow funds on a short-term basis to fund those operations. In order to reduce the risk related to the translation of foreign denominated transactions into U.S. dollars, the Company may enter into foreign exchange forward contracts. These contracts relate principally to the Euro and the Canadian dollar. The contracts are recorded at fair value with changes in fair value recorded in "Other operating expense" in the unaudited Consolidated Statements of Income. At March 31, 2023 June 30, 2023 and December 31, 2022, there were no foreign exchange contracts outstanding and there was no impact to other noninterest expense for the three and six months ended March 31, 2023 June 30, 2023.

#### Note 13 Goodwill

FASB ASC Topic 350-20, "Intangibles – Goodwill and Other" requires an annual valuation of the fair value of a reporting unit that has goodwill and a comparison of the fair value to the book value of equity to determine whether the goodwill has been impaired. Goodwill is also required to be tested on an interim basis if an event or circumstance indicates that it is more likely

#### ITEM 1. Financial Statements and Supplementary Data

#### FIRST COMMONWEALTH FINANCIAL CORPORATION AND SUBSIDIARIES NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

than not that an impairment loss has been incurred. When circumstances indicate that it is more likely than not that fair value is less than carrying value, a triggering event has occurred and a quantitative impairment test would be performed.

We consider First Commonwealth to be one reporting unit. The carrying amount of goodwill at March 31, 2023 June 30, 2023 and December 31, 2022 was \$360.4 million \$363.7 million and \$303.3 million, respectively. The \$57.1 million \$60.4 million increase in goodwill during the three six months ended March 31, 2023 June 30, 2023 is the result of the Centric acquisition. No impairment charges on goodwill or other intangible assets were incurred in 2023 or 2022.

We test goodwill for impairment as of November 30th each year and again at any quarter-end if any material events occur during a quarter that may affect goodwill.

As of March 31, 2023 June 30, 2023, no indicators of impairment were identified; however, changing economic conditions that may adversely affect our performance, the fair value of our assets and liabilities, or our stock price could result in impairment, which could adversely affect earnings in future periods. Management will continue to monitor events that could impact this conclusion in the future.

#### ITEM 1. Financial Statements and Supplementary Data

#### FIRST COMMONWEALTH FINANCIAL CORPORATION AND SUBSIDIARIES NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

## Note 14 Subordinated Debentures

Subordinated debentures outstanding are as follows:

											December 31,	
											December 31,	
											December 31,	
											December 31,	
				March 31, 2023	2022						June 30, 2023	2022
						</						

Interest on the debentures issued to First Commonwealth Capital Trust II is paid quarterly at a floating rate of three-month LIBOR + 2.85%, which is reset quarterly. **As a result of the discontinuance of the LIBOR rate as an available benchmark rate on June 30, 2023, beginning with the first rate reset after June 30, 2023 the rate will adjust quarterly to the three-month CME term SOFR + 0.26161%.** Subject to regulatory approval, First Commonwealth may redeem the debentures, in whole or in part, at its option at a redemption price equal to 100% of the principal amount of the debentures, plus accrued and unpaid interest to the date of the redemption. Deferred issuance costs of \$0.5 million are being amortized on a straight-line basis over the term of the securities.

In order to reduce its exposure to variability in expected future cash flows related to interest payments on First Commonwealth Capital Trust II and III, the Company entered into two interest rate swap contracts that are designated as cash flow hedges. These contracts fix the **LIBOR index rate** based portion of the interest rate on Capital Trust II at 1.515% until August 15, 2024 and on

**ITEM 1. Financial Statements and Supplementary Data**

**FIRST COMMONWEALTH FINANCIAL CORPORATION AND SUBSIDIARIES**  
**NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

Capital Trust III at 1.525% until August 15, 2026. Additional information related to these cash flow hedges can be found in Note 12- "Derivatives".

**Note 15 Revenue Recognition**

Substantially all of the Company's revenue is generated from contracts with customers. Revenue associated with financial instruments, including revenue from loans and securities, certain noninterest income streams such as fees associated with derivatives are not in scope of FASB ASC Topic 606 - "Revenue from Contracts with Customers" ("Topic 606"). Topic 606 is applicable to noninterest revenue streams such as trust income, service charges on deposits, insurance and retail brokerage commissions, card-related interchange income and gain(loss) on sale of OREO. For contracts within the scope of Topic 606, the Company immediately expenses contract acquisition costs when the asset that would have resulted from capitalizing these costs would have been amortized in one year or less.

**Noninterest revenue streams in-scope of Topic 606 are discussed below:**

***Trust Income***

Trust income is primarily comprised of fees earned from the management and administration of trusts and other customer assets. The Company's performance obligation is generally satisfied over time and the resulting fees are recognized monthly, based upon a tiered scale of market value of the assets under management at month-end. Payment is generally received a few days after month end through a direct charge to customers' accounts. The Company does not earn performance-based incentives. Optional services such as financial planning or tax return preparation services are also available to trust customers. The Company's performance obligation for these transactional-based services is generally satisfied and related revenue recognized at a point in time. Payment is received shortly after services are rendered.

**ITEM 1. Financial Statements and Supplementary Data**

**FIRST COMMONWEALTH FINANCIAL CORPORATION AND SUBSIDIARIES**  
**NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

***Service Charges on Deposit Accounts***

Service charges on deposit accounts consist of fees earned from its deposit customers for transaction-based, account maintenance, overdraft services and account analysis fees. Transaction-based fees, which include services such as ATM use fees, stop payment fees, statement rendering and ACH fees are recognized at the time the transaction is executed which is the point in time the Company fulfills the customer's request. Monthly account maintenance fees are earned over the course of the month, representing the period over which the Company satisfies the performance obligation. Overdraft fees are recognized at the point in time that the overdraft occurs. The Company's performance obligation for account analysis fees is generally satisfied, and the related revenue recognized, during the month the service is provided. Payment for service charges on deposit accounts is primarily received immediately or in the following month through a direct charge to customers' accounts.

***Insurance and Retail Brokerage Commissions***

Insurance income primarily consists of commissions received from execution of personal, business and health insurance policies when acting as an agent on behalf of insurance carriers. The Company's performance obligation is generally satisfied upon the issuance of the insurance policy. Because the Company's contracts with the insurance carriers are generally cancellable by either party, with minimal notice, insurance commissions are recognized during the policy period as received. Also, the majority of insurance commissions are received on a monthly basis during the policy period; however, some carriers pay the full annual commission to First Commonwealth at the time of policy issuance or renewal. In these cases, First Commonwealth would be required to refund any commissions it would not be entitled to as a result of cancelled or terminated policies. The Company has established a refund liability for the remaining term of the policies expected to be cancelled. The Company also receives incentive-based contingency fees from the insurance carriers. Contingency fee revenue, which totals approximately \$0.3 million per year, is recognized as received due to the immaterial amount.

Retail brokerage income primarily consists of commissions received on annuity and investment product sales through a third-party service provider. The Company's performance obligation is generally satisfied upon the issuance of the annuity policy or the execution of an investment transaction. The Company does not earn a significant amount of trailer fees on annuity sales. However, after considering the factors impacting these trailer fees, such as the uncertainty of investor behavior and changes in the market value of assets, First Commonwealth determined that it would recognize trailing fees as received because it could not reasonably estimate an amount of future trailing commissions for which collection is probable. Commissions from the third-party service provider are received on a monthly basis based upon customer activity for the month. The fees are recognized monthly with a receivable until commissions are received from the third-party service provider the following month. Because the Company acts as an agent in arranging the relationship between the customer and the third-party service provider and does

**ITEM 1. Financial Statements and Supplementary Data**

**FIRST COMMONWEALTH FINANCIAL CORPORATION AND SUBSIDIARIES**

NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

not control the services rendered to the customers, retail brokerage fees are presented net of related costs, including \$1.0 million \$2.1 million and \$0.9 million \$2.0 million in commission expense as of March 31, 2023 June 30, 2023 and 2022, respectively.

*Card-Related Interchange Income*

Card-related interchange income is primarily comprised of debit and credit card income, ATM fees and merchant services income. Debit and credit card income is primarily comprised of interchange fees earned whenever the Company's debit and credit cards are processed through card payment networks such as MasterCard. ATM fees are primarily generated when a Company cardholder uses a non-Company ATM or a non-Company cardholder uses a Company ATM. Merchant services income mainly represents fees charged to merchants to process their debit and credit card transactions, in addition to account management fees. Card-related interchange income is recognized daily as the customer transactions are settled.

*Other Income*

Other income includes service revenue from processing wire transfers, bill pay service, cashier's checks, and other services. The Company's performance obligation for these services are largely satisfied, and related revenue recognized, when the services are rendered or upon completion. Payment is typically received immediately or in the following month.

ITEM 1. Financial Statements and Supplementary Data

FIRST COMMONWEALTH FINANCIAL CORPORATION AND SUBSIDIARIES  
NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

*Gains(losses) on sales of OREO*

First Commonwealth records a gain or loss from the sale of OREO when control of the property transfers to the buyer, which generally occurs at the time of an executed deed. When First Commonwealth finances the sale of OREO to the buyer, an assessment of whether the buyer is committed to perform their obligations under the contract is completed along with an evaluation of whether collectability of the transaction price is probable. Once these criteria are met, the OREO asset is derecognized and the gain or loss on sale is recorded upon transfer of control of the property to the buyer. In determining the gain or loss on the sale, First Commonwealth adjusts the transaction price and the related gain or loss on sale if a significant financing component is present.

The following presents noninterest income, segregated by revenue streams in-scope and out-of-scope of Topic 606:

	For the Three Months Ended March 31,	
	2023	2022

Note 16 Subsequent Event

On April 24, 2023, the Board of Directors authorized an increase of \$25.0 million to the existing share repurchase program of the Company's common stock. Management is authorized to repurchase shares through Rule 10b5-1 plans, open market purchases, privately negotiated transactions, block purchases or otherwise in a manner that is intended to comply with applicable federal securities laws, including Rule 10b-18 of the Securities Exchange Act of 1934. First Commonwealth may suspend or discontinue the program at any time.

ITEM 2. *Management's Discussion and Analysis of Financial Condition and Results of Operations*  
FIRST COMMONWEALTH FINANCIAL CORPORATION AND SUBSIDIARIES

This discussion and the related financial data are presented to assist in the understanding and evaluation of the consolidated financial condition and the results of operations of First Commonwealth Financial Corporation including its subsidiaries ("First Commonwealth") for the three and six months ended **March 31, 2023** **June 30, 2023** and 2022, and should be read in conjunction with the unaudited Consolidated Financial Statements and notes thereto included in this Form 10-Q.

Forward-Looking Statements

Certain statements contained in this Quarterly Report on Form 10-Q that are not statements of historical fact constitute forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 (the "Act"), notwithstanding that such statements are not specifically identified as such. In addition, certain statements may be contained in our future filings with the Securities and Exchange Commission, in press releases, and in oral and written statements made by us or with our approval that are not statements of historical fact and constitute forward-looking statements within the meaning of the Act. Examples of forward-looking statements include, but are not limited to: (i) projections of revenues, expenses, income or loss, earnings or loss per share, the payment or nonpayment of dividends, capital structure and other financial items; (ii) statements of plans, objectives and expectations of First Commonwealth or its management or Board of Directors, including those relating to products, services or operations; (iii) statements of future economic performance; and (iv) statements of assumptions underlying such statements. Words such as "believe," "anticipate," "expect," "intend," "plan," "estimate," or words of similar meaning, or future or conditional verbs such as "will," "would," "should," "could" or "may," are intended to identify forward-looking statements. Forward-looking statements involve risks and uncertainties that may cause actual results to differ materially from those in such statements. Factors that could cause actual results to differ from those discussed in the forward-looking statements include, but are not limited to:

- Local, regional, national and international economic conditions and the impact they may have on us and our customers and our assessment of that impact.
- Volatility and disruption in national and international financial markets.
- Government intervention in the U.S. financial system.
- Changes in the mix of loan geographies, sectors and types or the level of non-performing assets and charge-offs.
- Changes in estimates of future reserve requirements based upon the periodic review thereof under relevant regulatory and accounting requirements.
- The effects of and changes in trade and monetary and fiscal policies and laws, including the interest rate policies of the Federal Reserve Board.
- Inflation, interest rate, securities market and monetary fluctuations.
- Unexpected outflows of uninsured deposits.
- The effect of changes in laws and regulations, including with respect to capital, and liquidity requirements, which may become more stringent in light of recent market events, may adversely affect our financial condition or results of operations.
- Factors that can impact the performance of our loan portfolio, including changes in real estate values and liquidity in our primary market areas, the financial health of our commercial borrowers and the success of construction projects that we finance, including any loans acquired in acquisition transactions.
- The soundness of other financial institutions.
- Political instability.
- Impairment of our goodwill or other intangible assets.
- Acts of God or of war or terrorism.
- The timely development and acceptance of new products and services and perceived overall value of these products and services by users.
- Changes in consumer spending, borrowings and savings habits.
- Changes in the financial performance and/or condition of our borrowers.
- Technological changes.
- The cost and effects of cyber incidents or other failures, interruption or security breaches of our systems or those of third-party providers.
- Acquisitions and integration of acquired businesses.
- Our ability to increase market share and control expenses.
- Our ability to attract and retain qualified employees.
- Changes in the competitive environment in our markets and among banking organizations and other financial service providers.

ITEM 2. *Management's Discussion and Analysis of Financial Condition and Results of Operations (Continued)*  
FIRST COMMONWEALTH FINANCIAL CORPORATION AND SUBSIDIARIES

- The effect of changes in accounting policies and practices, as may be adopted by the regulatory agencies, as well as the Public Company Accounting Oversight Board, the Financial Accounting Standards Board and other accounting standard setters.
- Changes in the reliability of our vendors, internal control systems or information systems.
- Changes in our liquidity position.
- Changes in our organization, compensation and benefit plans.
- The costs and effects of legal and regulatory developments, the resolution of legal proceedings or regulatory or other governmental inquiries, the results of regulatory examinations or reviews and the ability to obtain required regulatory approvals.
- Greater than expected costs or difficulties related to the integration of new products and lines of business.
- Our success at managing the risks involved in the foregoing items.

Forward-looking statements speak only as of the date on which such statements are made. We do not undertake any obligation to update any forward-looking statement to reflect events or circumstances after the date on which such statement is made, or to reflect the occurrence of unanticipated events.

#### Explanation of Use of Non-GAAP Financial Measures

In addition to the results of operations presented in accordance with generally accepted accounting principles ("GAAP"), First Commonwealth management uses, and this quarterly report contains or references, certain non-GAAP financial measures, such as net interest income on a fully taxable equivalent basis. We believe these non-GAAP financial measures provide information that is useful to investors in understanding our underlying operational performance and our business and performance trends as they facilitate comparison with the performance of others in the financial services industry. Although we believe that these non-GAAP financial measures enhance investors' understanding of our business and performance, these non-GAAP financial measures should not be considered an alternative to GAAP.

We believe the presentation of net interest income on a fully taxable equivalent basis ensures comparability of net interest income arising from both taxable and tax-exempt sources and is consistent with industry practice. Interest income per the unaudited Consolidated Statements of Income is reconciled to net interest income adjusted to a fully taxable equivalent basis on pages 55 62 and 70, respectively, for the six and three months ended March 31, 2023 June 30, 2023 and 2022.

## Results of Operations

**Three Six Months Ended March 31, 2023 June 30, 2023 Compared to Three Six Months Ended March 31, 2022 June 30, 2022**

### Net Income

For the **three six** months ended **March 31, 2023 June 30, 2023**, First Commonwealth had net income of **\$30.2 million** \$73.0 million, or **\$0.30** \$0.72 diluted earnings per share, compared to net income of **\$27.7 million** \$58.5 million, or **\$0.29** \$0.62 diluted earnings per share, in the **three six** months ended **March 31, 2022 June 30, 2022**. The increase in net income was primarily the result of a **\$26.2 million** \$50.3 million increase in net interest income and a **\$4.6 million** \$5.9 million decrease in provision for credit losses, excluding the \$10.7 million in provision expense related to the day 1 CECL adjustment on non-PCD loans acquired in the Centric acquisition. Partially offsetting these positive changes was a **\$15.7** \$25.9 million increase in noninterest expense.

For the **three six** months ended **March 31, 2023 June 30, 2023**, the Company's return on average equity was **10.56%** 12.29% and its return on average assets was **1.17%** 1.36%, compared to **10.15%** 10.86% and **1.18%** 1.23%, respectively, for the **three six** months ended **March 31, 2022 June 30, 2022**.

### Net Interest Income

Net interest income, on a fully taxable equivalent basis, was **\$94.7 million** \$192.8 million in the first **three six** months of 2023, compared to **\$68.4 million** \$142.3 million for the same period in 2022. The increase in net interest income can be attributed to growth in earning assets and a **153 159** basis point increase in the yield on interest-earning assets offset by a **105 137** basis point increase in the cost of interest-bearing liabilities. Net interest income comprises the majority of our operating revenue (net interest income before provision expense plus noninterest income), at **80.4%** 80.2% and **74.0%** 74.5% for the **three six** months ended **March 31, 2023 June 30, 2023** and 2022, respectively.

## ITEM 2. Management's Discussion and Analysis of Financial Condition and Results of Operations (Continued)

### FIRST COMMONWEALTH FINANCIAL CORPORATION AND SUBSIDIARIES

The net interest margin on a fully taxable equivalent basis was **4.01%** 3.93% for the **three six** months ended **March 31, 2023 June 30, 2023** and **3.19%** 3.29% for the **three six** months ended **March 31, 2022 June 30, 2022**. The net interest margin is affected by changes in the level of interest rates and the amount and composition of interest-earning assets and interest-bearing liabilities.

The taxable equivalent yield on interest-earning assets was **4.86%** 5.02% for the **three six** months ended **March 31, 2023 June 30, 2023**, an increase of **153 159** basis points compared to the **3.33%** 3.43% yield for the same period in 2022. This change is largely due to a higher loan portfolio yield, which improved by **147 154** basis points when compared to the **three six** months ended **March 31, 2022 June 30, 2022**. Contributing to this increase was the yield on our adjustable and variable rate commercial loan portfolios, which increased **253 262** basis points largely due to the Federal Reserve increasing short term interest rates by **450 350** basis points since **March 31, 2022 June 30, 2022**. Additionally, **five 9** basis points of the increase in the yield on interest-earning assets can be attributed to the recognition of **\$1.1 million** \$4.4 million in accretion of the purchase accounting marks recognized as a result of the Centric acquisition.

The investment portfolio yield increased **32 29** basis points in comparison to the prior year as new volume rates were higher than the portfolio yield. The average investment portfolio balance decreased **\$291.6** \$233.0 million as maturities and runoff funded loan growth. **Interest-bearing** The yield on interest-bearing deposits with banks **which increased 466 basis points for the six months ended June 30, 2023 as compared to the prior year, while the average balance decreased from \$284.4 an average of \$308.5 million in 2022 to \$46.3** \$178.1 million in 2023 increased the yield on earning assets by 1 basis points for the three months ended March 31, 2023 as its yield increased 431 basis points. 2023.

The cost of interest-bearing liabilities increased to **1.27%** 1.59% for the **three six** months ended **March 31, 2023 June 30, 2023**, from 0.22% for the same period in 2022. The cost of interest-bearing deposits increased **99 127** basis points and short-term borrowings increased **358 429** basis points in comparison to the same period last year. The increase in cost

For the **three six** months ended **March 31, 2023** **June 30, 2023**, changes in rates positively impacted net interest income by **\$14.7 million** **\$24.2 million** when compared with the same period in 2022. The higher yield on interest-earning assets impacted net interest income by **\$31.6 million** **\$70.9 million**, while the increase in the cost of interest-bearing liabilities negatively impacted net interest income by **\$16.8 million** **\$46.7 million**.

Net interest income also benefited from a \$84.2 million \$44.6 million increase in average net free funds at March 31, 2023 June 30, 2023 as compared to March 31, 2022 June 30, 2022. Average net free funds are the excess of noninterest-bearing demand deposits, other noninterest-bearing liabilities and shareholders' equity over noninterest-earning assets. The largest component higher level of the increase in net free funds was an increase the result of \$33.3 million, or 1.3%, increases in noninterest-bearing demand deposit average balances, other liabilities and shareholders' equity.

The following table reconciles interest income in the Consolidated Statements of Income to net interest income adjusted to a fully taxable equivalent basis for the **three** six months ended **March 31: June 30:**

	2023		2022			2023		2022		
	(dollars in thousands)					(dollars in thousands)

(a) Income on interest-earning assets has been computed on a fully taxable equivalent basis using the 21% federal income tax statutory rate for the three six months ended March 31, 2023 June 30, 2023 and 2022.

- (b) Loan balances include held for sale and nonaccrual loans. Income on nonaccrual loans is accounted for on the cash basis.
- (c) Loan income includes loan fees earned.
- (d) Average balances do not include reallocations from noninterest-bearing demand deposits and interest-bearing demand deposits into savings deposits, which were made for regulatory purposes.

ITEM 2. *Management's Discussion and Analysis of Financial Condition and Results of Operations (Continued)*  
FIRST COMMONWEALTH FINANCIAL CORPORATION AND SUBSIDIARIES

The following table shows the effect of changes in volumes and rates on interest income and interest expense for the **three six** months ended **March 31, 2023** **June 30, 2023** compared with **March 31, 2022** **June 30, 2022**:

(a) Changes in interest income or expense not arising solely as a result of volume or rate variances are allocated to rate variances.

(b) Changes in interest income have been computed on a fully taxable equivalent basis using the 21% federal income tax statutory rate.

Provision for Credit Losses

The provision for credit losses is determined based on management's estimates of the appropriate level of the allowance for credit losses needed for expected losses inherent in the loan portfolio and off-balance sheet commitments. The provision for credit losses is an amount added to the allowance, against which credit losses are charged.

ITEM 2. *Management's Discussion and Analysis of Financial Condition and Results of Operations (Continued)*  
FIRST COMMONWEALTH FINANCIAL CORPORATION AND SUBSIDIARIES

The table below provides a breakout of the provision for credit losses by loan category for the **three six** months ended **March 31, 2023** **June 30, 2023**:

<b>Loans to individuals</b>	<b>1,570</b>	<b>60</b>	<b>(6,037)</b>	<b>(162)</b>
Automobile and recreational vehicles	1,316	50	(6,395)	(171)
Consumer credit cards	62	3	11	—
Consumer other	192	7	347	9
<b>Provision for credit losses on loans and leases</b>	<b>\$ 2,620</b>	<b>100 %</b>	<b>\$ 3,743</b>	<b>100 %</b>
<b>Provision for credit losses - acquisition day 1 non-PCD</b>	<b>10,653</b>		<b>—</b>	
<b>Total provision for credit losses on loans and leases</b>	<b>13,273</b>		<b>3,743</b>	
<b>Provision for off-balance sheet credit exposure</b>	<b>(2,480)</b>		<b>2,320</b>	
<b>Total provision for credit losses</b>	<b>\$ 10,793</b>		<b>\$ 6,063</b>	

Total provision expense for the **three six months ended March 31, 2023** **June 30, 2023**, increased **\$6.0 million** **\$4.7 million** compared to the **three six months ended March 31, 2022** **June 30, 2022**. This increase is a result of \$10.7 million in provision expense recognized in the first quarter of 2023 as the day 1 non-PCD provision expense resulting from the Centric acquisition offset by a **\$4.2 million** **\$4.8 million** decline in the provision for off-balance sheet commitments. The negative provision for off-balance sheet commitments for the **period ending March 31, 2023** **six months ended June 30, 2023** was a result of lower off-balance sheet commitments related to construction loans and improvement in the economic variables considered in the calculation.

The allowance for credit losses was **\$133.9 million** **\$133.5 million**, or **1.55%** **1.52%**, of total loans outstanding at **March 31, 2023** **June 30, 2023**, compared to \$102.9 million, or 1.35%, at December 31, 2022 and **\$91.2 million** **\$93.6 million**, or 1.31%, at **March 31, 2022** **June 30, 2022**. Nonperforming loans as a percentage of total loans and leases **decreased** **increased** to **0.51%** **0.54%** at **March 31, 2023** **June 30, 2023** from **0.54%** **0.50%** as of **March 31, 2022** **June 30, 2022** and **increased from** 0.46% at December 31, 2022. The allowance to nonperforming loan ratio was **302.67%** **278.17%**, 289.98% and **243.38%** **262.25%** as of **March 31, 2023** **June 30, 2023**, December 31, 2022 and **March 31, 2022** **June 30, 2022**, respectively.

Management believes that the allowance for credit losses is at a level deemed appropriate to absorb expected losses inherent in the loan portfolio at **March 31, 2023** **June 30, 2023**.

ITEM 2. *Management's Discussion and Analysis of Financial Condition and Results of Operations (Continued)*  
FIRST COMMONWEALTH FINANCIAL CORPORATION AND SUBSIDIARIES

Net securities gains	Net securities gains	—	2	(2)	(100)	Net securities gains	—	2	(2)	(100)
Gain on sale of mortgage loans	Gain on sale of mortgage loans	652	1,282	(630)	(49)	Gain on sale of mortgage loans	1,905	2,843	(938)	(33)
Gain on sale of other loans and assets	Gain on sale of other loans and assets	2,086	2,319	(233)	(10)	Gain on sale of other loans and assets	3,977	3,418	559	16

Derivatives mark to market	Derivatives mark to market	(89)	347	(436)	(126)	Derivatives mark to market	(8)	389	(397)	(102)
Total noninterest income	Total noninterest income	\$ 22,963	\$ 23,976	\$ (1,013)	(4) %	Total noninterest income	\$ 47,486	\$ 48,485	\$ (999)	(2) %

Total noninterest income, excluding net securities gains, gain on sale of mortgage loans, gain on sale of other loans and assets and the derivatives mark to market for the **three six** months ended **March 31, 2023** increased **\$0.3 million** **June 30, 2023** decreased **\$0.2 million**, or 1%, compared to the **three six** months ended **March 31, 2022** **June 30, 2022**. Service charges on deposit accounts increased **\$0.7 million**, of which **\$0.1 million** can be attributed to the Centric acquisition and card-related the remainder due to increased customer activity. Card-related interchange income both increased **\$0.3 million** **\$0.6 million** as a result of increased customer activity. Insurance and retail brokerage commissions increased Trust income decreased **\$0.3 million** due to growth in annuity sales. Trust income decreased **\$0.2 million** as a result of declines in the value of assets under management, income from bank owned life insurance decreased **\$0.3 million** **\$0.5 million** compared to the prior period primarily due to changes in market interest rates and swap fee income declined **\$0.2 million** **\$1.0 million** due to a lower volume of interest rate swaps entered into by our commercial loan customers. For the **three six** months ended **March 31, 2023** **June 30, 2023**, **\$0.1 million** **\$0.5 million** in non-interest income can be attributed to the Centric acquisition.

Total noninterest income decreased \$1.0 million, or **4% 2%**, compared to the same period in the prior year. The most significant changes, other than the changes noted above, include a **\$0.6 million** **\$0.9 million** decrease in gain on sale of mortgage loans as a result of changes in volume and the spread received on mortgage loans sold. The mark to market adjustment on interest rate swaps entered into for our commercial loan customers decreased \$0.4 million. This adjustment does not reflect a realized gain or loss on the swaps, but rather relates to changes in fair value due to movements in corporate bond spreads and swap rates. The gain on sale of other loans and assets decreased **\$0.2 million** partially offset these declines with an increase of **\$0.6 million** due to a lower an increased volume of loans sold, primarily SBA loans, being sold in the first **three six** months of 2023 compared to the same period in 2022.

Subtotal	Subtotal	62,056	55,049	7,007	13	Subtotal	127,159	110,013	17,146	16
Loss on sale or write-down of assets	Loss on sale or write-down of assets	41	75	(34)	(45)	Loss on sale or write-down of assets	47	161	(114)	(71)
Merger and acquisition related	Merger and acquisition related	8,541	—	8,541	N/A	Merger and acquisition related	8,481	—	8,481	N/A

Litigation and operational losses	Litigation and operational losses	743	600	143	24	Litigation and operational losses	1,637	1,229	408	33
Total noninterest expense	Total noninterest expense	\$ 71,381	\$ 55,724	\$ 15,657	28 %	Total noninterest expense	\$ 137,324	\$ 111,403	\$ 25,921	23 %

Noninterest expense increased \$15.7 million \$25.9 million, or 28% 23%, for the three six months ended March 31, 2023 June 30, 2023 compared to the same period in 2022. Contributing to the increase in expense in 2023 is \$8.5 million in merger-related expenses associated with the Centric acquisition. Additionally, salaries and employee benefits increased \$3.3 \$9.1 million primarily due to the number of full time equivalent employees, which increased from 1,432 1,409 at March 31, 2022 June 30, 2022 to 1,536 1,483 at March 31, 2023 June 30, 2023, largely due to the Centric acquisition. Also contributing to this increase was a \$2.1 million increase in hospitalization expense as a result of higher claims in 2023. Additionally, increases in net occupancy, furniture and equipment and intangible amortization all reflected increases as a result of Centric, primarily due to the Centric acquisition. Data processing costs increased \$0.2 million \$0.5 million due to continued investment in our digital banking and other product offerings. Contributing to the increase in other operating expenses were several expense categories, including travel, interview printing and placement, postage expense due to new customer disclosures, as well as travel, telephone and operational losses, none of which were individually significant.

FDIC insurance increased \$0.7 million \$1.3 million due to both the impact of Centric as well as a 2 basis point increase in the FDIC deposit insurance assessment rate which began in the first quarterly assessment period of 2023. The assessment rate increase is estimated to increase the Company's annual FDIC assessment by approximately \$1.7 million.

For the six-months ended June 30, 2023, merger and acquisition related expenses totaled \$8.5 million and is the result of the acquisition of Centric in the first quarter of 2023.

#### Income Tax

The provision for income taxes increased \$1.0 million \$4.2 million for the three six months ended March 31, 2023 June 30, 2023, compared to the corresponding period in 2022, due to the increase in income before income taxes.

We applied the "annual effective tax rate approach" to determine the provision for income taxes, which applies an annual forecast of tax expense as a percentage of expected full year income, for the three six months ended March 31, 2023 June 30, 2023 and 2022.

We generate an annual effective tax rate that is less than the statutory rate of 21% due to benefits resulting from tax-exempt interest, income from bank-owned life insurance and tax benefits associated with low income housing tax credits, all of which are relatively consistent regardless of the level of pretax income. These provided for an effective tax rate of 20.3% and 19.5% 19.7% for the three six months ended March 31, 2023 June 30, 2023 and 2022, respectively.

As of March 31, 2023 June 30, 2023, our deferred tax assets totaled \$69.7 million \$72.9 million. Based on our evaluation, we determined that it is more likely than not that all of these assets will be realized. As a result, a valuation allowance against these assets was not recorded. In

### ITEM 2. Management's Discussion and Analysis of Financial Condition and Results of Operations (Continued)

#### FIRST COMMONWEALTH FINANCIAL CORPORATION AND SUBSIDIARIES

evaluating the need for a valuation allowance, we estimate future taxable income based on management approved forecasts, evaluation of historical earning levels and consideration of potential tax strategies. If future events differ from our current forecasts, we may need to establish a valuation allowance, which could have a material impact on our financial condition and results of operations.

#### Results of Operations

##### Three Months Ended June 30, 2023 Compared to Three Months Ended June 30, 2022

#### Net Income

For the three months ended June 30, 2023, First Commonwealth recognized net income of \$42.8 million, or \$0.42 diluted earnings per share, compared to net income of \$30.8 million, or \$0.33 diluted earnings per share, in the three months ended June 30, 2022. The increase in net income was primarily the result of a \$24.2 million increase in net interest income and a \$1.3 million decrease in the provision for credit losses offset by a \$10.3 million increase in noninterest expense.

For the three months ended June 30, 2023, the Company's return on average equity was 13.90% and its return on average assets was 1.54%, compared to 11.60% and 1.28%, respectively, for the three months ended June 30, 2022.

#### Net Interest Income

Net interest income, on a fully taxable equivalent basis, was \$98.1 million in the second quarter of 2023, compared to \$73.9 million for the same period in 2022. Accretion of purchase accounting marks related to the Centric acquisition contributed 14 basis points to the net interest margin in the second quarter of 2023. Net interest income comprises the majority of our operating revenue (i.e., net interest income before provision expense plus noninterest income), at 80.0% and 75.0% for the three months ended June 30, 2023 and 2022, respectively.

The net interest margin, on a fully taxable equivalent basis, was 3.85% and 3.38% for the three months ended June 30, 2023 and June 30, 2022, respectively. The increase in the net interest margin is attributable to both changes in the level of interest rates and the amount and composition of interest-earning assets and interest-bearing liabilities.

The taxable equivalent yield on interest-earning assets was 5.16% for the three months ended June 30, 2023, an increase of 164 basis points compared to the 3.52% yield for the same period in 2022. This is largely due to a 161 basis point increase in the loan portfolio yield when compared to the three months ended June 30, 2022 as a result of a higher interest rate environment in 2023. Contributing to this increase was the yield on our adjustable and variable rate commercial loan portfolios, which increased 268 basis points largely

due to the Federal Reserve increasing short term interest rates by 350 basis points since June 30, 2022. Additionally, 12 basis points of the increase in the yield on interest-earnings assets can be attributed to the recognition of \$3.2 million in accretion of the purchase accounting marks recognized as a result of the Centric acquisition.

The investment portfolio yield increased 26 basis points in comparison to the prior year as new volume rates were higher than the portfolio yield. The average investment portfolio balance decreased \$175.1 million as maturities and runoff funded loan growth. The average balance of interest-bearing deposits with banks decreased from \$332.3 million in 2022 to \$308.4 million in 2023 while the yield increased 447 basis points.

The cost of interest-bearing liabilities increased to 1.88% for the three months ended June 30, 2023, from 0.22% for the same period in 2022, primarily due to an increase in the cost of time deposits and savings deposits. The cost of interest-bearing deposits increased 127 basis points and short-term borrowings increased 471 basis points in comparison to the same period last year. The increase in cost of interest-bearing deposits can be attributed to higher market interest rates and changes in the mix of deposits as customers moved funds to take advantage of the increased rates on money market and time deposits. Comparing the three months ended June 30, 2023 with the comparable period in 2022, average time deposits increased \$576.0 million, or 162.5%, with an increase in the cost of these deposits of 277 basis points. Contributing to the average growth in time deposits was an average of \$99.5 million related to the Centric acquisition. Other interest-bearing deposits increased on average \$527.6 million, or 10.4%, compared to the three months ended June 30, 2022 and the cost of these deposits increased 131 basis points. The Centric acquisition contributed \$341.2 million of the growth in other interest-bearing deposits.

For the three months ended June 30, 2023, changes in interest rates positively impacted net interest income by \$9.3 million when compared with the same period in 2022. The higher yield on loans contributed to interest-earning assets positively impacting net interest income by \$39.1 million, while an increase in the cost of interest-bearing liabilities negatively impacted net interest income by \$29.8 million.

## ITEM 2. Management's Discussion and Analysis of Financial Condition and Results of Operations (Continued)

### FIRST COMMONWEALTH FINANCIAL CORPORATION AND SUBSIDIARIES

Changes in the volume of interest-earning assets and interest-bearing liabilities positively impacted net interest income by \$14.9 million during the three months ended June 30, 2023, as compared to the same period in 2022. The mix of interest-earning assets resulted in an increase of \$15.5 million in interest income, while changes in the volume and mix of interest-bearing liabilities increased interest expense by \$0.6 million. Average interest-earning assets for the three months ended June 30, 2023 increased \$1.5 billion, or 16.6%, compared to the same period in 2022. Average loans for the comparable period increased \$1.7 billion, or 23.5%.

Net interest income also benefited from a \$5.4 million increase in average net free funds at June 30, 2023 as compared to June 30, 2022. Average net free funds are the excess of noninterest-bearing demand deposits, other noninterest-bearing liabilities and shareholders' equity over noninterest-earning assets. The higher level of net free funds was the result of increases in other liabilities and shareholders' equity. Average time deposits for the three months ended June 30, 2023 increased by \$576.0 million compared to the comparable period in 2022, increasing interest expense by \$0.4 million.

The following table reconciles interest income in the Consolidated Statements of Income to net interest income adjusted to a fully taxable equivalent basis for the three months ended June 30:

	2023	2022
	(dollars in thousands)	
Interest income per Consolidated Statements of Income	\$ 131,267	\$ 76,728
Adjustment to fully taxable equivalent basis	305	244
Interest income adjusted to fully taxable equivalent basis (non-GAAP)	131,572	76,972
Interest expense	33,443	3,066
Net interest income adjusted to fully taxable equivalent basis (non-GAAP)	\$ 98,129	\$ 73,906

## ITEM 2. Management's Discussion and Analysis of Financial Condition and Results of Operations (Continued)

### FIRST COMMONWEALTH FINANCIAL CORPORATION AND SUBSIDIARIES

The following is an analysis of the average balance sheets and net interest income on a fully taxable equivalent basis for the three months ended June 30:

	2023			2022		
	Average Balance	Income / Expense (a)	Yield or Rate	Average Balance	Income / Expense (a)	Yield or Rate
	(dollars in thousands)					
Assets						
Interest-earning assets:						
Interest-bearing deposits with banks	\$ 308,412	\$ 4,043	5.26 %	\$ 332,269	\$ 658	0.79 %

Savings deposits (d)	3,549,483	12,228	1.38	3,436,339	457	0.05
Time deposits	930,447	7,036	3.03	354,403	227	0.26
Short-term borrowings	434,783	5,193	4.79	95,561	18	0.08
Long-term debt	187,379	2,349	5.03	181,859	2,251	4.96
Total interest-bearing liabilities	7,147,945	33,443	1.88	5,699,515	3,066	0.22
Noninterest-bearing liabilities and shareholders' equity:						
Noninterest-bearing demand deposits (d)	2,580,842			2,711,458		
Other liabilities	193,292			125,646		
Shareholders' equity	1,234,834			1,063,850		
<b>Total noninterest-bearing funding sources</b>	<b>4,008,968</b>			<b>3,900,954</b>		
<b>Total Liabilities and Shareholders' Equity</b>	<b>\$ 11,156,913</b>			<b>\$ 9,600,469</b>		
<b>Net Interest Income and Net Yield on Interest-Earning Assets</b>	<b>\$ 98,129</b>	<b>3.85 %</b>		<b>\$ 73,906</b>	<b>3.38 %</b>	

(a) Income on interest-earning assets has been computed on a fully taxable equivalent basis using the 21% federal income tax statutory rate for the three months ended June 30, 2023 and 2022.

(b) Loan balances include held for sale and nonaccrual loans. Income on nonaccrual loans is accounted for on the cash basis.

(c) Loan income includes loan fees earned.

(d) Average balances do not include reallocations from noninterest-bearing demand deposits and interest-bearing demand deposits into savings deposits, which were made for regulatory purposes.

**ITEM 2. Management's Discussion and Analysis of Financial Condition and Results of Operations (Continued)**  
**FIRST COMMONWEALTH FINANCIAL CORPORATION AND SUBSIDIARIES**

The following table shows the effect of changes in volumes and rates on interest income and interest expense for the three months ended June 30, 2023 compared with June 30, 2022:

FOOTNOTES:

	Analysis of Year-to-Year Changes in Net Interest Income		
	Total Change	Change Due To Volume	Change Due To Rate (a)
	(dollars in thousands)		
Interest-earning assets:			
Interest-bearing deposits with banks	\$ 3,385	\$ (47)	\$ 3,432
Tax-free investment securities	(8)	(10)	2
Taxable investment securities	(19)	(809)	790
Loans and leases	51,242	16,360	34,882
Total interest income (b)	54,600	15,494	39,106
Interest-bearing liabilities:			
Interest-bearing demand deposits	6,524	31	6,493
Savings deposits	11,771	14	11,757
Time deposits	6,809	373	6,436
Short-term borrowings	5,175	68	5,107
Long-term debt	98	68	30
Total interest expense	30,377	554	29,823
Net interest income	\$ 24,223	\$ 14,940	\$ 9,283

(a) Changes in interest income or expense not arising solely as a result of volume or rate variances are allocated to rate variances.

(b) Changes in interest income have been computed on a fully taxable equivalent basis using the 21% federal income tax statutory rate.

**Provision for Credit Losses**

The provision for credit losses is determined based on management's estimates of the appropriate level of the allowance for credit losses needed for probable losses inherent in the loan portfolio, after giving consideration to charge-offs and recoveries for the period. The provision for credit losses is an amount added to the allowance, against which credit losses are charged.

ITEM 2. Management's Discussion and Analysis of Financial Condition and Results of Operations (Continued)  
FIRST COMMONWEALTH FINANCIAL CORPORATION AND SUBSIDIARIES

The table below provides a breakout of the provision for credit losses by loan category for the three months ended June 30:

	2023		2022	
	Dollars	Percentage	Dollars	Percentage
	(dollars in thousands)			
<b>Commercial, financial, agricultural and other</b>	<b>\$ 2,260</b>	<b>71 %</b>	<b>\$ 1,698</b>	<b>43 %</b>
Time and demand	1,103	35	1,128	29
Commercial credit cards	(7)	—	78	2
Equipment finance	613	19	241	6
Time and demand other	551	17	251	6
<b>Real estate construction</b>	<b>(221)</b>	<b>(7)</b>	<b>599</b>	<b>15</b>
Construction other	254	8	425	11
Construction residential	(475)	(15)	174	4
<b>Residential real estate</b>	<b>935</b>	<b>29</b>	<b>993</b>	<b>25</b>
Residential first lien	723	22	718	18
Residential junior lien/home equity	212	7	275	7
<b>Commercial real estate</b>	<b>(685)</b>	<b>(21)</b>	<b>(1,770)</b>	<b>(45)</b>
Multifamily	234	8	356	9
Nonowner occupied	72	2	(2,178)	(55)
Owner occupied	(991)	(31)	52	1
<b>Loans to individuals</b>	<b>911</b>	<b>28</b>	<b>2,423</b>	<b>62</b>
Automobile and recreational vehicles	717	22	2,065	53
Consumer credit cards	57	2	40	1
Consumer other	137	4	318	8
<b>Provision for credit losses on loans and leases</b>	<b>\$ 3,200</b>	<b>100 %</b>	<b>\$ 3,943</b>	<b>100 %</b>
<b>Provision for off-balance sheet credit exposure</b>	<b>(410)</b>		<b>156</b>	
<b>Total provision for credit losses</b>	<b>\$ 2,790</b>		<b>\$ 4,099</b>	

The provision for credit losses on loans and leases for the three months ended June 30, 2023 decreased in comparison to the three months ended June 30, 2022 by \$0.7 million. The level of provision expense in the second quarter of 2023 is primarily the result of an increase in loan balances as well as changes in the economic forecasts used in calculation of the allowance for credit losses. The provision for off-balance sheet credit exposure decreased \$0.6 million primarily due to the level of unfunded commitments. Net charge-offs for the three months ended June 30, 2023 were \$8.7 million, of which \$7.1 million related to loans acquired from Centric for which an allowance for credit losses was established as part of the purchase accounting marks.

The level of provision expense in the second quarter of 2022 was primarily the result of increases in loan balances. Net charge-offs for the three months ended June 30, 2022 were \$1.5 million.

ITEM 2. Management's Discussion and Analysis of Financial Condition and Results of Operations (Continued)  
FIRST COMMONWEALTH FINANCIAL CORPORATION AND SUBSIDIARIES

Below is an analysis of the consolidated allowance for credit losses for the three months ended June 30, 2023 and 2022 and the year-ended December 31, 2022:

	June 30, 2023		June 30, 2022		December 31, 2022	
	(dollars in thousands)					
Balance, beginning of period	\$	133,885	\$	91,188	\$	92,522
Day 1 allowance for credit loss on PCD acquired loans		5,126		—		—
Loans charged off:						
Commercial, financial, agricultural and other		6,677		509		2,361
Real estate construction		—		—		—

Residential real estate	1	5	339
Commercial real estate	1,517	552	2,487
Loans to individuals	1,148	1,040	4,658
Total loans charged off	9,343	2,106	9,845
Recoveries of loans previously charged off:			
Commercial, financial, agricultural and other	95	79	394
Real estate construction	—	—	9
Residential real estate	33	31	187
Commercial real estate	94	5	769
Loans to individuals	456	463	1,349
Total recoveries	678	578	2,708
Net charge-offs	8,665	1,528	7,137
Provision for credit losses on loans charged to expense	3,200	3,943	17,521
Balance, end of period	\$ 133,546	\$ 93,603	\$ 102,906

#### Noninterest Income

The following table presents the components of noninterest income for the three months ended June 30:

	2023	2022	\$ Change	% Change
	(dollars in thousands)			
<b>Noninterest Income:</b>				
Trust income	\$ 2,532	\$ 2,573	\$ (41)	(2)%
Service charges on deposit accounts	5,324	4,886	438	9
Insurance and retail brokerage commissions	2,314	2,486	(172)	(7)
Income from bank owned life insurance	1,195	1,383	(188)	(14)
Card-related interchange income	7,372	7,137	235	3
Swap fee income	332	1,154	(822)	(71)
Other income	2,229	2,188	41	2
Subtotal	21,298	21,807	(509)	(2)
Gain on sale of mortgage loans	1,253	1,561	(308)	(20)
Gain on sale of other loans and assets	1,891	1,099	792	72
Derivatives mark to market	81	42	39	93
Total noninterest income	\$ 24,523	\$ 24,509	\$ 14	— %

Total noninterest income for the three months ended June 30, 2023 is comparable to the three months ended June 30, 2022. The most significant changes include a \$0.3 million decrease in gain on sale of mortgage loans due to changes in the volume and spreads on mortgage loans sold and a \$0.8 million increase in gain on sale of other loans and assets due to an increase in the volume of SBA loans sold during the quarter. Swap fee income decreased \$0.8 million due to a lower volume of interest rate swaps entered into by our commercial loan customers. Additionally, service charges on deposits increased \$0.4 million due to growth in customer accounts and transactions.

#### ITEM 2. *Management's Discussion and Analysis of Financial Condition and Results of Operations (Continued)* FIRST COMMONWEALTH FINANCIAL CORPORATION AND SUBSIDIARIES

#### Noninterest Expense

The following table presents the components of noninterest expense for the three months ended June 30:

	2023	2022	\$ Change	% Change
	(dollars in thousands)			
<b>Noninterest Expense:</b>				
Salaries and employee benefits	\$ 36,735	\$ 30,949	\$ 5,786	19 %
Net occupancy	4,784	4,170	614	15
Furniture and equipment	4,284	3,857	427	11
Data processing	3,763	3,470	293	8

Advertising and promotion	1,327	1,434	(107)	(7)
Pennsylvania shares tax	1,173	913	260	28
Intangible amortization	1,282	862	420	49
Other professional fees and services	1,182	1,197	(15)	(1)
FDIC insurance	1,277	702	575	82
Other operating	9,296	7,410	1,886	25
Subtotal	65,103	54,964	10,139	18
Loss on sale or write-down of assets	6	86	(80)	(93)
Merger and acquisition related	(60)	—	(60)	N/A
Litigation and operational losses	894	629	265	42
Total noninterest expense	\$ 65,943	\$ 55,679	\$ 10,264	18 %

Noninterest expense increased \$10.3 million, or 18%, for the three months ended June 30, 2023 compared to the same period in 2022. The increase is a result of a \$5.8 million increase in salary and employee benefit expense, primarily due to a \$1.8 million increase in hospitalization expense as well as the impact of 74 additional full-time equivalent employees, largely due to the Centric acquisition. Net occupancy expense increased \$0.6 million, of which \$0.5 million is related to the Centric acquisition. The higher intangible amortization expense is related to amortization of Centric's core deposit intangible. Also contributing to higher noninterest expense is a \$1.9 million increase in other operating expenses due to increased printing and postage related to customer compliance mailings as well as several other expense categories, such as credit reporting and meals and travel, none of which were individually significant. Data processing increased \$0.3 million due to investments in additional digital and product solutions.

FDIC insurance increased \$0.6 million due to both the impact of Centric as well as a 2 basis point increase in the FDIC deposit insurance assessment rate which began in the first quarterly assessment period of 2023.

#### Income Tax

The provision for income taxes increased \$3.19 million for the three months ended June 30, 2023, compared to the corresponding period in 2022. The effective tax rate increased 30 basis points from 19.9% for the three months ended June 30, 2022 to 20.2% for the three months ended June 30, 2023.

We applied the "annual effective tax rate approach" to determine the provision for income taxes, which applies an annual forecast of tax expense as a percentage of expected full year income, for the three months ended June 30, 2023 and 2022.

#### Liquidity

Liquidity refers to our ability to meet the cash flow requirements of depositors and borrowers, as well as our operating cash needs with cost-effective funding. We generate funds to meet these needs primarily through the core deposit base of First Commonwealth Bank and the maturity or repayment of loans and other interest-earning assets, including investments. During the first three six months of 2023, the maturity and redemption of investment securities provided \$66.2 million \$100.4 million in liquidity. These funds contributed to the liquidity used to originate loans, purchase investment securities and fund depositor withdrawals.

### ITEM 2. Management's Discussion and Analysis of Financial Condition and Results of Operations (Continued)

#### FIRST COMMONWEALTH FINANCIAL CORPORATION AND SUBSIDIARIES

The following represents our expanded sources of liquidity as of March 31, 2023 June 30, 2023:

		Outstanding Letters of Credit					Outstanding Letters of Credit			
		Total Available	Amount Used	Credit	Net Available		Total Available	Amount Used	Credit	Net Available
		(dollars in thousands)					(dollars in thousands)

Other (excess pledged)	Other (excess pledged)	43,700	—	—	43,700	Other (excess pledged)	34,132	—	—	34,132
External liquidity sources	External liquidity sources					External liquidity sources				
FHLB advances	FHLB advances	2,041,633	204,679	666,800	1,170,154	FHLB advances	2,432,168	494,495	659,250	1,278,423
FRB borrowings	FRB borrowings	1,081,368	—	—	1,081,368	FRB borrowings	1,071,028	—	—	1,071,028
Lines with other financial institutions	Lines with other financial institutions	180,000	—	—	180,000	Lines with other financial institutions	160,000	—	—	160,000

Brokered deposits <sup>(1)</sup>	Brokered deposits <sup>(1)</sup>	1,108,551	18,730	—	1,089,821	Brokered deposits <sup>(1)</sup>	1,128,932	16,683	—	1,112,249
Total liquidity	Total liquidity	\$ 5,056,352	\$ 223,409	\$ 666,800	\$ 4,166,143	Total liquidity	\$ 5,585,412	\$ 511,178	\$ 659,250	\$ 4,414,984

<sup>(1)</sup> Reflects internal policy limit. Maximum capacity with CDARS is \$1.7 billion.

The brokered deposits included in the table above are a result of our participation in the Certificate of Deposit Account Registry Services ("CDARS") program as part of an Asset/Liability Committee ("ALCO") strategy to increase and diversify funding sources. As of **March 31, 2023** **June 30, 2023**, the outstanding balance of **\$18.7 million** **\$16.7 million** carried an average weighted rate of **3.20%** **3.91%** and an average original term of **215** **219** days. These deposits are part of a reciprocal program that allows our depositors to receive expanded FDIC coverage by placing multiple certificates of deposit at other CDARS member banks.

Liquidity available through the Federal Reserve is a result of the FRB Borrower-in-Custody of Collateral program, which enables us to take certain loans that are not being used as collateral at the FHLB and pledge them as collateral for borrowings at the FRB.

During the **first quarter of 2023**, **six months ended June 30, 2023**, the Company increased its liquidity by purchasing **\$519.0 million** **\$659.3 million** in letters of credit from the FHLB of Pittsburgh, which were then used to secure public deposits. This resulted in a similar amount of previously pledged securities becoming unencumbered. Additionally, new short-term borrowings in the amount of \$250.0 million were entered into in order to provide additional on-balance sheet liquidity.

First Commonwealth's long-term liquidity source is its core deposit base. Core deposits are the most stable source of liquidity a bank can have due to the long-term relationship with a deposit customer. The following table shows a breakdown of the components of First Commonwealth's deposits:

		March 31, 2023		December 31, 2022				June 30, 2023		December 31, 2022	
		(dollars in thousands)						(dollars in thousands)			
Noninterest-bearing demand deposits <sup>(a)</sup>	Noninterest-bearing demand deposits <sup>(a)</sup>	\$	2,698,225	\$	2,670,508	Noninterest-bearing demand deposits <sup>(a)</sup>	\$	2,624,344	\$	2,670,508	
Interest-bearing demand deposits <sup>(a)</sup>	Interest-bearing demand deposits <sup>(a)</sup>		547,015		357,769	Interest-bearing demand deposits <sup>(a)</sup>		611,156		357,769	
Savings deposits <sup>(a)</sup>	Savings deposits <sup>(a)</sup>		5,127,037		4,572,183	Savings deposits <sup>(a)</sup>		4,935,124		4,572,183	
Time deposits	Time deposits		862,671		405,009	Time deposits		975,654		405,009	
Total	Total	\$	9,234,948	\$	8,005,469	Total	\$	9,146,278	\$	8,005,469	

(a) Balances include reallocations from noninterest-bearing demand deposits and interest-bearing demand deposits into savings deposits, which were made for regulatory purposes.

The level of deposits during any period is influenced by factors outside of management's control, such as the level of short-term and long-term market interest rates and yields offered on competing investments, such as money market mutual funds.

## ITEM 2. Management's Discussion and Analysis of Financial Condition and Results of Operations (Continued)

### FIRST COMMONWEALTH FINANCIAL CORPORATION AND SUBSIDIARIES

During the first **three six** months of 2023, total deposits increased **\$1.2 billion** **\$1.1 billion**, of which \$757.0 million were acquired as part of the Centric acquisition. Interest-bearing demand and savings deposits increased **\$744.1 million** **\$616.3 million**, noninterest-bearing demand deposits **increased \$27.7 million** **decreased \$46.2 million** and time deposits increased **\$457.7 million** **\$570.6 million**.

The estimated total of uninsured deposits was **\$2.5 billion** **\$2.4 billion** at **March 31, 2023** **June 30, 2023** and **\$2.1 billion** **\$2.1 billion** at December 31, 2022. Additionally, **\$1.0 billion** **\$0.9 billion** of uninsured deposits are secured by pledged investment securities or letters of credit. Uninsured amounts are estimated based on known account relationships for each depositor and insurance guidelines provided by the FDIC.

## ITEM 2. Management's Discussion and Analysis of Financial Condition and Results of Operations (Continued)

### FIRST COMMONWEALTH FINANCIAL CORPORATION AND SUBSIDIARIES

#### Market Risk

The following gap analysis compares the difference between the amount of interest-earning assets and interest-bearing liabilities subject to repricing over a period of time. The ratio of rate-sensitive assets to rate-sensitive liabilities repricing within a one-year period was **0.58** and **0.76** at **both March 31, 2023** **June 30, 2023** and December 31, 2022, respectively. A ratio of less than one indicates a higher level of repricing liabilities over repricing assets over the next twelve months. The level of First Commonwealth's ratio is largely driven by the modeling of interest-bearing non-maturity deposits, which are included in the analysis as repricing within one year.

Gap analysis has limitations due to the static nature of the model that holds volumes and consumer behaviors constant in all economic and interest rate scenarios. A lower level of rate sensitive assets to rate sensitive liabilities repricing in one year could indicate reduced net interest income in a rising interest rate scenario, and conversely, increased net interest income in a declining interest rate scenario. However, the gap analysis incorporates only the level of interest-earning assets and interest-bearing liabilities and not the sensitivity each has to changes in interest rates. The impact of the sensitivity to changes in interest rates is provided in the table below the gap analysis.

The following is the gap analysis as of **March 31, 2023**, **June 30, 2023** and December 31, 2022:

The following table presents an analysis of the potential sensitivity of our annual net interest income to gradual changes in interest rates over a 12-month time frame as compared with net interest income if rates remained unchanged and there are no changes in balance sheet categories.

		Net interest income change (12 months) for basis point movements of:						Net interest income change (12 months) for basis point movements of:			
		-200	-100	+100	+200			-200	-100	+100	+200
		(dollars in thousands)						(dollars in thousands)			
March 31, 2023 (\$)	\$	(14,089)	\$ (6,584)	\$ 7,008	\$ 13,374	June 30, 2023 (\$)	\$	(3,776)	\$ (1,380)	\$ 2,316	\$ 3,817
March 31, 2023 (%)	(3.41) %	(1.59) %	1.70 %	3.24 %		June 30, 2023 (%)	(0.91) %	(0.33) %	0.56 %	0.92 %	
December 31, 2022 (\$)	\$	(11,973)	\$ (5,486)	\$ 5,902	\$ 11,413	December 31, 2022 (\$)	\$	(11,973)	\$ (5,486)	\$ 5,902	\$ 11,413
December 31, 2022 (%)	(3.12) %	(1.43) %	1.54 %	2.98 %		December 31, 2022 (%)	(3.12) %	(1.43) %	1.54 %	2.98 %	

The following table represents the potential sensitivity of our annual net interest income to immediate changes in interest rates versus if rates remained unchanged and there are no changes in balance sheet categories.

		Net interest income change (12 months) for basis point movements of:						Net interest income change (12 months) for basis point movements of:			
		-200	-100	+100	+200			-200	-100	+100	+200
		(dollars in thousands)						(dollars in thousands)			
March 31, 2023 (\$)	\$	(51,158)	\$ (23,531)	\$ 22,066	\$ 42,563	June 30, 2023 (\$)	\$	(20,993)	\$ (8,422)	\$ 7,560	\$ 13,136
March 31, 2023 (%)	(12.38) %	(5.70) %	5.34 %	10.30 %		June 30, 2023 (%)	(5.07) %	(2.03) %	1.83 %	3.17 %	
December 31, 2022 (\$)	\$	(45,361)	\$ (20,166)	\$ 18,626	\$ 36,011	December 31, 2022 (\$)	\$	(45,361)	\$ (20,166)	\$ 18,626	\$ 36,011
December 31, 2022 (%)	(11.83) %	(5.26) %	4.86 %	9.39 %		December 31, 2022 (%)	(11.83) %	(5.26) %	4.86 %	9.39 %	

The analysis and model used to quantify the sensitivity of our net interest income becomes less meaningful in a decreasing 200 basis point scenario given the current interest rate environment. Results of the 100 and 200 basis point interest rate decline scenario are affected by the fact that many of our interest-bearing liabilities are at rates below 1%, with an assumed floor of zero in the model. In the **three six** months ended **March 31, 2023** **June 30, 2023** and 2022, the cost of our interest-bearing liabilities averaged **1.27%** **1.59%** and 0.22%, respectively, and the yield on our average interest-earning assets, on a fully taxable equivalent basis, averaged **4.86%** **5.02%** and **3.33%** **3.43%**, respectively.

Asset/liability models require that certain assumptions be made, such as prepayment rates on earning assets and the impact of pricing on non-maturity deposits, which may differ from actual experience. These business assumptions are based upon our experience, business plans and published industry experience. While management believes such assumptions to be reasonable, there can be no assurance that modeled results will approximate actual results.

**ITEM 2. Management's Discussion and Analysis of Financial Condition and Results of Operations (Continued)**  
**FIRST COMMONWEALTH FINANCIAL CORPORATION AND SUBSIDIARIES**

**Credit Risk**

First Commonwealth maintains an allowance for credit losses at a level deemed sufficient for losses inherent in the loan and lease portfolio at the date of each statement of financial condition. Management reviews the appropriateness of the allowance on a quarterly basis to ensure that the provision for credit losses has been charged against earnings in an amount necessary to maintain the allowance at a level that is appropriate based on management's assessment of probable estimated losses.

First Commonwealth's methodology for assessing the appropriateness of the allowance for credit losses consists of several key elements. These elements include an assessment of individual nonperforming loans with a balance greater than \$250 thousand, loss experience trends and other relevant factors.

First Commonwealth also maintains a reserve for unfunded loan commitments and letters of credit based upon credit risk and probability of funding. The reserve totaled **\$8.2 million** **\$7.8 million** at **March 31, 2023** **June 30, 2023** and is classified in "Other liabilities" on the unaudited Consolidated Statements of Financial Condition.

We discontinue interest accruals on a loan when, based on current information and events, it is probable that we will be unable to fully collect principal or interest due according to the contractual terms of the loan. A loan is also placed on nonaccrual status when, based on regulatory definitions, the loan is maintained on a "cash basis" due to the weakened financial condition of the borrower. Generally, loans 90 days or more past due are placed on nonaccrual status, except for consumer loans, which are placed on nonaccrual status at 150 days past due.

**ITEM 2. Management's Discussion and Analysis of Financial Condition and Results of Operations (Continued)**  
**FIRST COMMONWEALTH FINANCIAL CORPORATION AND SUBSIDIARIES**

Nonperforming loans are closely monitored on an ongoing basis as part of our loan review and work-out process. The probable risk of loss on these loans is evaluated by comparing the loan balance to the fair value of any underlying collateral or the present value of projected future cash flows. Losses or a specifically assigned allowance for loan losses are recognized where appropriate.

Nonperforming loans and leases, including loans held for sale, increased **\$8.7 million** **\$12.5 million** to **\$44.2 million** **\$48.0 million** at **March 31, 2023** **June 30, 2023**, compared to \$35.5 million at December 31, 2022. The increase in nonperforming loans is primarily a result of **\$14.9 million** **\$18.7 million** in loans acquired from Centric **offset by** **as well as an additional \$1.8 million** moved to nonaccrual during the first half of 2023. Offsetting this is the removal of \$6.4 million in accruing TDR's. The TDR's were eliminated as a result of our adoption of ASU 2022-02. The adoption of this guidance was effective January 1, 2023.

The allowance for credit losses as a percentage of nonperforming loans was **302.67%** **278.17%** as of **March 31, 2023** **June 30, 2023**, compared to 289.98% at December 31, 2022, and **243.38%** **262.25%** at **March 31, 2022** **June 30, 2022**. The amount of individually assessed reserves included in the allowance for nonperforming loans and leases was determined by using fair values obtained from current appraisals and updated discounted cash flow analyses. The allowance for credit losses includes specific reserves of **\$14.7** **\$13.1** million and general reserves of **\$112.1** **\$120.4** million as of **March 31, 2023** **June 30, 2023**. Specific reserves increased **\$14.0 million** **\$12.4 million** from December 31, 2022, and **\$14.4 million** **\$12.7 million** from **March 31, 2022** **June 30, 2022** primarily as a result of individually analyzed PCD loans acquired from Centric.

Criticized loans totaled **\$189.9 million** **\$207.1 million** at **March 31, 2023** **June 30, 2023** and represented 2% of the loan portfolio. The level of criticized loans increased as of **March 31, 2023** **June 30, 2023** when compared to December 31, 2022, by **\$57.0 million** **\$74.2 million**, or **43%** **56%**. Classified loans totaled **\$77.0 million** **\$76.4 million** at **March 31, 2023** **June 30, 2023** compared to \$44.4 million at December 31, 2022, an increase of **\$32.5 million** **\$32.0 million**, or **73%** **72%**. The increase in criticized loans is the result of **PCD \$67.2 million** in criticized loans acquired as part of the Centric acquisition.

The allowance for credit losses was **\$133.9 million** **\$133.5 million** at **March 31, 2023** **June 30, 2023**, or **1.55%** **1.52%** of total loans and leases outstanding, compared to 1.35% reported at December 31, 2022, and 1.31% at **March 31, 2022** **June 30, 2022**. General reserves, or the portion of the allowance related to loans that were not specifically evaluated, as a percentage of performing loans were 1.38% at **March 31, 2023** **June 30, 2023** compared to 1.34% at December 31, 2022 and 1.31% at **March 31, 2022** **June 30, 2022**.

(a) Includes loans acquired as part of the Centric acquisition plus day 1 gross up of PCD loans.

During the ~~three~~ ~~six~~ months ended ~~March 31, 2023~~ ~~June 30, 2023~~, originated loans and leases increased ~~\$66.8 million~~ ~~\$206.9 million~~, or ~~0.9%~~ ~~2.7%~~, compared to balances outstanding at December 31, 2022. As provided in the table above, the acquisition of Centric accounted for ~~\$948.0 million~~ ~~\$950.8 million~~ of loan growth during the first quarter of 2023.

## ITEM 2. Management's Discussion and Analysis of Financial Condition and Results of Operations (Continued)

### FIRST COMMONWEALTH FINANCIAL CORPORATION AND SUBSIDIARIES

Excluding the impact of Centric, real estate construction loans decreased ~~\$52.3 million~~ ~~\$19.4 million~~, or ~~10.2%~~ ~~3.8%~~, due to the completion of commercial real estate projects. Residential real estate grew ~~\$40.7 million~~ ~~\$80.9 million~~, or ~~1.9%~~ ~~3.7%~~, primarily due to originations of closed-end 1-4 family mortgage loans. Commercial real estate loans increased ~~\$33.8 million~~ ~~\$45.9 million~~, or ~~1.4%~~ ~~1.9%~~, primarily due to growth in loans secured by nonresidential property due in part to the completion of several construction projects. Loans to individuals increased ~~\$29.8 million~~ ~~\$55.7 million~~, or ~~2.3%~~ ~~4.3%~~, primarily due to growth in the indirect auto and recreational vehicle portfolio. Commercial, financial, agricultural and other loans increased ~~\$14.8 million~~ ~~\$43.9 million~~, or ~~3.6%~~, as a result of ~~\$29.5 million~~ ~~in~~ growth in the equipment finance portfolio.

As indicated in the table below, commercial real estate and commercial, financial and agricultural and other loans represent a significant portion of the nonperforming loans as of ~~March 31, 2023~~ ~~June 30, 2023~~.

Net charge-offs for the **three** six months ended **March 31, 2023** **June 30, 2023** totaled **\$1.2 million** **\$9.8 million**, compared to **\$1.1 million** **\$2.7 million** for the **three** six months ended **March 31, 2022** **June 30, 2022**. The most significant charge-offs during the **three** six months ended **March 31, 2023** **June 30, 2023** included **\$0.7 million** **\$7.6 million** in charge-offs related to loans acquired from Centric, of which an allowance for credit losses of \$7.1 million was established as a result of purchase accounting marks. Additionally, **\$1.4 million** in charge-offs relate to loans to individuals, primarily indirect auto loans and personal credit lines. See discussions related to the provision for credit losses and loans for more information.

#### Capital Resources

At **March 31, 2023** **June 30, 2023**, shareholders' equity was \$1.2 billion, an increase of **\$172.9 million** **\$180.3 million** from December 31, 2022. The increase was primarily the result of \$141.4 million in stock issued as part of the Centric acquisition, **\$30.2 million** **\$73.0 million** in net income and a **\$13.1 million increase** **\$0.9 million decrease** in the fair value of available for sale investments and interest rate swaps, which are reflected in the Other Comprehensive Income component of capital. Other items impacting capital include increases due to **\$2.3 million** **\$3.0 million** in treasury stock sales, offset by **\$12.4 million** **\$25.2 million** of dividends paid to shareholders and **\$1.7 million** **\$10.9 million** of common stock repurchases. Cash dividends declared per common share were **\$0.120** **\$0.245** for the **three** six months ended **March 31, 2023** **June 30, 2023**.

First Commonwealth and First Commonwealth Bank are subject to various regulatory capital requirements administered by the federal banking agencies. Failure to meet minimum capital requirements can initiate certain mandatory and possibly additional discretionary actions by regulators that, if undertaken, could have a direct material effect on First Commonwealth's financial statements. Under capital adequacy guidelines and the regulatory framework for prompt corrective action, First Commonwealth and First Commonwealth Bank must meet specific capital guidelines that involve quantitative measures of First Commonwealth's assets, liabilities and certain off-balance sheet items as calculated under regulatory accounting practices. First Commonwealth's capital amounts and classification are also subject to qualitative judgments by the regulators about components, risk weighting and other factors.

Effective January 1, 2015, the Company became subject to the new regulatory risk-based capital rules adopted by the federal banking agencies implementing Basel III. The most significant changes included higher minimum capital requirements, as the minimum Tier I capital ratio increased from 4.0% to 6.0% and a new common equity Tier I capital ratio was established with a minimum level of 4.5%. Additionally, the rules improved the quality of capital by providing stricter eligibility criteria for regulatory capital instruments and provide for a phase-in, beginning January 1, 2016, of a capital conservation buffer of 2.5% of risk-weighted assets. This buffer, which was fully phased-in as of January 1, 2019, provides a requirement to hold common equity Tier I capital above the minimum risk-based capital requirements, resulting in an effective common equity Tier I risk-weighted asset minimum ratio of 7.0% on a fully phased-in basis.

#### ITEM 2. Management's Discussion and Analysis of Financial Condition and Results of Operations (Continued)

##### FIRST COMMONWEALTH FINANCIAL CORPORATION AND SUBSIDIARIES

The Basel III Rules also permit banking organizations with less than \$15.0 billion in assets to retain, through a one-time election, the existing treatment for accumulated other comprehensive income, which currently does not affect regulatory capital. The Company elected to retain this treatment, which reduces the volatility of regulatory capital levels.

#### ITEM 2. Management's Discussion and Analysis of Financial Condition and Results of Operations (Continued)

##### FIRST COMMONWEALTH FINANCIAL CORPORATION AND SUBSIDIARIES

During the second quarter of 2018, First Commonwealth Bank, the Company's banking subsidiary, issued \$100 million in subordinated debt, which under the regulatory rules qualifies as Tier II capital. This subordinated debt issuance increased the total risk-based capital ratio by 160 basis points.

In March 2020, regulators issued interim financial rule ("IFR") "Regulatory Capital Rule: Revised Transition of the Current Expected Losses Methodology for Allowances" in response to the disrupted economic activity from the pandemic. The IFR provides financial institutions that adopt CECL during 2020 with the option to delay for two years the estimated impact of CECL on regulatory capital, followed by a three-year transition period to phase out the aggregate amount of the capital benefit provided by the initial two-year delay ("five-year transition"). The Company adopted CECL effective January 1, 2020 and elected to implement the five-year transition. Regulatory capital levels without the capital benefit at **March 31, 2023** **June 30, 2023** for both First Commonwealth and First Commonwealth Bank would have continued to be greater than the amounts needed to be considered "well capitalized", as the transition provided a capital benefit of approximately 9 to 12 basis points.

As of **March 31, 2023** **June 30, 2023**, First Commonwealth and First Commonwealth Bank met all capital adequacy requirements to which they are subject and were considered well-capitalized under the regulatory rules. To be considered well capitalized, the Company must maintain minimum Total risk-based capital, Tier I risk-based capital, Tier I leverage ratio and Common equity tier I risk-based capital as set forth in the table below:

		Actual						Required to be Considered Well Capitalized								Minimum Capital Required		Required to be Considered Well Capitalized				
		Actual								Actual

First Commonwealth Bank	First Commonwealth Bank	990,799	10.94	634,165	7.00	588,868	6.50											601,110	6.50			

On **April 24, 2023** **July 25, 2023**, First Commonwealth Financial Corporation declared a quarterly dividend of \$0.125 per share payable on **May 19, 2023** **August 18, 2023** to shareholders of record as of **May 5, 2023** **August 4, 2023**. The timing and amount of future dividends are at the discretion of First Commonwealth's Board of Directors based upon,

among other factors, capital levels, asset quality, liquidity and current and projected earnings.

In October 2021, a share repurchase program was authorized by the Board of Directors for up to an additional \$25.0 million in shares of the Company's common stock. As of March 31, 2023, 1,392,361 common shares had been repurchased under this program at an average price of \$13.92 per share. On April 24, 2023, the Board of Directors authorized a \$25 million increase in the share repurchase program. As of June 30, 2023, 2,158,754 common shares had been repurchased under this program at an average price of \$13.21 per share.

#### New Accounting Pronouncements

In March 2020, FASB released Accounting Standards Update ("ASU") 2020-04 - Reference Rate Reform (Topic 848), which provides optional guidance to ease the accounting burden in accounting for, or recognizing the effects from, reference rate reform on financial reporting. The new standard is a result of the discontinuance of the London Interbank Offered Rate ("LIBOR") as an available benchmark rate. The standard is elective and provides optional expedients and exceptions for applying GAAP to contracts, hedging relationships, or other transactions that reference LIBOR, or another reference rate expected to be discontinued. The Company has elected to apply the practical expedient allowing for a contract modification, due to reference rate reform, to be accounted for as a continuation of the existing contract and does not require contract re-measurement.

#### ITEM 2. Management's Discussion and Analysis of Financial Condition and Results of Operations (Continued) FIRST COMMONWEALTH FINANCIAL CORPORATION AND SUBSIDIARIES

measurement at the modification date or reassessment of a previous accounting determination. The amendments in the update are effective for all entities between March 12, 2020 and December 31, 2024 (In December 2022, FASB released ASU 2022-06, which extended the original sunset date in ASU 2020-04 from December 31, 2022 to December 31, 2024). The Company has established a cross-functional working group to manage the Company's transition from LIBOR. Products that

#### ITEM 3. Quantitative and Qualitative Disclosures About Market Risk FIRST COMMONWEALTH FINANCIAL CORPORATION AND SUBSIDIARIES

utilize LIBOR have been identified and have incorporated enhanced language to accommodate the transition to alternative reference rates and the use of LIBOR has been discontinued as an index for new loans. All LIBOR based loans are expected to be transitioned to a new index by June 30, 2023. The impact of the LIBOR transition is not expected to have a material impact on the Company's consolidated financial statements.

#### PART II – OTHER INFORMATION

#### ITEM 3. Quantitative and Qualitative Disclosures About Market Risk FIRST COMMONWEALTH FINANCIAL CORPORATION AND SUBSIDIARIES

Information appearing in Item 2 of this report under the caption "Market Risk" is incorporated by reference in response to this item.

#### ITEM 4. Controls and Procedures

We carried out an evaluation, under the supervision and with the participation of our management, including our Chief Executive Officer and our Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures as of the end of the period covered by this report pursuant to Rule 13a-15 under the Securities Exchange Act of 1934 (the "Exchange Act"). Based upon that evaluation, our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures are effective to provide reasonable assurance that the information required to be disclosed in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in applicable rules and forms of the Securities and Exchange Commission.

#### PART II – OTHER INFORMATION

#### FIRST COMMONWEALTH FINANCIAL CORPORATION AND SUBSIDIARIES

#### ITEM 1. LEGAL PROCEEDINGS

The information required by this item is set forth in Part I, Item 1, Note 6, "Commitments and Contingent Liabilities," which is incorporated herein by reference in response to this item.

#### ITEM 1A. RISK FACTORS

There have been no material changes to the risk factors previously disclosed under Part I, Item 1A of the Company's Annual Report on Form 10-K for the year ended December 31, 2022, except for the following risk factor.

##### **Risks Related to Recent Events Impacting the Financial Services Industry**

Recent events impacting the financial services industry, including the failure of Silicon Valley Bank and Signature Bank, have resulted in decreased confidence in banks among some consumer and commercial depositors, other counterparties and investors, as well as significant disruption, volatility and reduced valuations of equity and other securities of banks in the capital markets. These events occurred during a period of rapidly rising interest rates which, among other things, has resulted in unrealized losses in longer duration securities and loans held by banks, more competition for bank deposits and may increase the risk of a potential recession. These recent events have, and could continue to have, an adverse impact on the market price and volatility of the Company's common stock.

These recent events may also result in potentially adverse changes to laws or regulations governing banks and bank holding companies or result in the impositions of restrictions through supervisory or enforcement activities, including higher capital requirements, which could have a material impact on our business. Inability to access short-term funding, loss of client deposits or changes in our credit ratings could increase the cost of funding, limit access to capital markets or negatively impact our overall liquidity or capitalization. We may be impacted by concerns regarding the soundness or creditworthiness of other financial institutions, which can cause substantial and cascading disruption within the financial markets and increased expenses. The cost of resolving the recent bank failures may prompt the FDIC to increase its premiums above the recently increased levels or to issue additional special assessments.

## ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

On October 26, 2021, a share repurchase program was authorized for up to \$25.0 million in shares of the Company's common stock with a \$25 million increase in **October April of 2022, 2023**. The following table details the amount of shares repurchased under this program in the **first second** quarter of 2023:

<b>Month Ending:</b>	<b>Total Number of Shares Purchased</b>	<b>Average Price Paid per Share (or Unit)</b>	<b>Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs</b>	<b>Maximum Number of Shares that May Yet Be Purchased Under the Plans or Programs*</b>

## Exhibit 10.1 First Commonwealth Financial Corporation 2023 ANNUAL INCENTIVE PLAN

### 1. Purpose; Effective Date.

This 2023 Annual Incentive Plan (the "Plan") of First Commonwealth Financial Corporation (the "Company") is designed to enable the Company and its subsidiaries to attract and retain key employees and to align the interests of such key employees with the interests of shareholders by promoting and rewarding the achievement of annual performance goals. This Plan was approved by the Compensation and Human Resources Committee (the "Committee") on February 20, 2023, for the fiscal 2023 performance period. Each Award granted under this Plan shall be subject to

the terms and conditions of the First Commonwealth Financial Corporation Incentive Compensation Plan (as amended and restated effective April 28, 2015) (the "Master Plan"). Each capitalized term which is not otherwise defined in this Plan shall have the meaning given to such term in the Master Plan.

## 2. Administration.

The Plan shall be administered by the Committee in accordance with Article 3 of the Master Plan.

## 3. Participants and Performance Goals.

(a) Exhibit A identifies the Employees who have been selected by the Committee to become Participants in the Plan and the Target Award and Performance Goals for each Participant. The Performance Goals will consist of the Corporate Performance Goals identified in paragraph (b) below, and, if applicable, one or more individual Performance Goals which shall be approved by the Committee and specified in the notice of Award delivered to the Participant (collectively, the "Individual Performance Component"). Corporate Performance Goals shall be calculated from the Company's publicly reported financial statements as of and for the twelve months ending December 31, 2023 (the "Performance Period"), as adjusted for any Excluded Items as determined by the Committee in its sole discretion. The achievement of the Individual Performance Component shall be determined by the Committee in its sole discretion.

(b) The Corporate Performance Goals for the Plan shall consist of the following: (i) Core Earnings Per Share ("EPS"); (ii) Core Pre-tax Pre-provision (PTPP) Return on Average Assets ("ROA"); and (iii) Core Efficiency Ratio.

## 4. Calculation of Actual Awards.

(a) A Participant's payout for each Performance Goal shall be determined according to the following formula:

$$\text{Award Percentage} \times \text{Weight} \times \text{Base Salary}$$

For purposes of this formula:

"Award Percentage" shall mean the percentage shown for the Participant in the "Award Percentage" column of Table 1 on Exhibit A at the Performance Level which is achieved for the applicable Performance Goal as reflected in the "Performance Level" column of Table 2 on Exhibit A. If the actual performance for a Performance Goal falls between the Threshold and Target Performance Levels or between the Target and Superior Performance Levels, the Award Percentage shall be interpolated between the

Exhibit 10.1

Award Percentage for the Threshold and Target Performance Levels or between the Target and Superior Performance Levels, as the case may be, as determined by the Committee in its sole discretion. The Award Percentage for the Individual Performance Component will be determined by the Committee in its sole discretion after consideration of the Chief Executive Officer's assessment of the Participant's performance of individual scorecard objectives and contribution to the organization as a whole.

"Weight" shall mean the percentage shown for the measure in the "Weight" column of Table 2 on Exhibit A for the applicable Performance Goal.

"Base Salary" shall mean base salary of the Participant on the last day of the Performance Period.

(b) The aggregate amount payable to the Participant shall be the sum total of the payouts for the Participant's Performance Goals calculated in accordance with Section 4(a) and shall be referred to as the Participant's "Actual Award." The Committee, in its sole discretion, may increase or decrease the Award Percentages used to calculate any Participant's Actual Award if the Committee finds such an adjustment appropriate to recognize the impact of the Participant's performance or impact on the organization outside of the range of expected performance and impact. Any such adjustment cannot increase the Participant's total payout above the "Superior" level of payout assigned to the participant.

## 5. Payment of Actual Awards.

Actual Awards shall be paid in cash as soon as practicable following the certification by the Committee of results for the Performance Period. However, in any event, all payments shall be made no later than March 15, 2023, such that the payments will be exempt from Section 409A of the Code, under the "short term deferral" exemption specified in Treas. Reg. § 1.409A-1(b)(4). All Actual Awards are subject to withholding tax and any other normal deduction consistent with the Company's practices.

**6. Termination of Employment.**

Notwithstanding any provision to the contrary in the Master Plan, if the Participant ceases to be a full-time employee of the Company for any reason prior to December 31, 2023, the Participant will cease to be a participant in this Plan and will not be eligible to receive any Actual Award pursuant to this Plan.

**7. Miscellaneous Provisions.**

(a) Claw-Back Rights. In the event the Company is required to prepare an accounting restatement of its financial statements due to the Company's material noncompliance with any financial reporting requirement under the securities laws, the Committee will require reimbursement or forfeiture of any excess Award, which shall be determined as the excess of the Award paid to the Participant based on the erroneous data over the Award that would have been earned had it been based on the restated results, as determined by the Committee. In addition, the Committee will have the sole and absolute authority to require reimbursement or forfeiture of any Award by a Participant if the Committee determines that the Award was earned in whole or in part as a result of the Participant's unethical or dishonest conduct or a material violation of Company policy.

---

Exhibit 10.1

(b) Amendment or Termination. Notwithstanding any provision to the contrary in the Master Plan, the Committee has full power to amend, modify, suspend, or terminate the Plan or any Awards granted under the Plan in its sole discretion.

(c) Regulatory Approvals. The Plan and any Award made hereunder shall be subject to all applicable federal and state laws, rules and regulations, and to such approvals by any government or regulatory agency as may be required.

(d) No Effect on Employment or Service. Nothing in the Plan shall interfere with or limit in any way the right of the Company to terminate any Participant's employment or service at any time, with or without cause.

(e) No Right to Participation. No employee or officer of the Company or any subsidiary shall have the right to be selected to receive an Award under this Plan, or, having been so selected, have the right to receive a future Award.

(f) Nontransferability of Awards. No Award granted under the Plan may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will, by the laws of descent and distribution. All rights with respect to an Award granted to a Participant shall be available during his or her lifetime only to the Participant.

(g) Section 409A. The Plan will be administered, interpreted and construed in compliance with Section 409A of the Code and the regulations and other guidance promulgated thereunder ("Section 409A"), including any exemption thereunder. To the maximum extent permitted by Section 409A, all payments under the Plan are intended to be exempt from Section 409A pursuant to the exemption for short-term deferrals as specified in Treas. Reg. § 1.409A-1(b)(4), the exemption for restricted shares under Section 409A and any other exemptions available under Section 409A. Neither the Company, any of its Subsidiaries nor any of their respective predecessors, successors or affiliates (collectively, the "Company Group") shall be liable for, and nothing provided or contained in the Plan shall obligate or cause any member of the Company Group to be liable for, any tax, interest or penalties imposed on the Participant related to or arising with respect to any violation Section 409.

**First Commonwealth Financial Corporation**  
**2023-2025 LONG-TERM INCENTIVE PLAN**

**1. Purpose; Effective Date.**

This 2023-2025 Long-Term Incentive Plan (the “Plan”) of First Commonwealth Financial Corporation (the “Company”) is designed to enable the Company and its subsidiaries to attract and retain key employees and to align the interests of such key employees with the interests of shareholders by promoting share ownership and rewarding the achievement of long-term performance goals. This Plan was approved by the Compensation and Human Resources Committee (the “Committee”) on January 23, 2023, for the January 1, 2023 through December 31, 2025 performance period (the “Performance Period”). Each Award granted under this Plan shall be subject to the terms and conditions of the First Commonwealth Financial Corporation Incentive Compensation Plan (as amended and restated effective April 28, 2015) (the “Master Plan”). Each capitalized term which is not otherwise defined in this Plan shall have the meaning given to such term in the Master Plan.

**2. Administration.**

The Plan shall be administered by the Committee in accordance with Article 3 of the Master Plan.

**3. Plan Awards.**

(a) Awards under the Plan shall consist of Time-based Restricted Stock Units and Performance Units. Performance Units will vest upon the certification by the Committee of the achievement of the Performance Goals as provided in Section 5. Time-based Restricted Stock Units will vest upon the later of the vesting of the Performance Units or the third anniversary of the award. The vesting of Performance Units and Time-based Restricted Stock Units is conditioned upon the continued service by the Participant through the vesting date. All Awards will be settled in shares of Common Stock as soon as administratively practicable following the vesting date.

(b) Exhibit A identifies the Employees who have been selected by the Committee to become Participants in the Plan, each Participant’s Time-based Restricted Stock Unit Award and Target Performance Unit Award, and the Plan Performance Goals.

(c) The Performance Goals for the Performance Period are:

i. Core Return on Average Tangible Common Equity (“ROTCE”) Relative to Peers, which shall be determined by comparing the simple average of the Company’s Core ROTCE for the trailing twelve (12) quarters as of the quarter ending September, 2025 to the simple average of the Core ROTCE of each member of the Company’s Peer Group for the same trailing twelve (12) quarters as of the quarter ending September, 2025. Unless otherwise determined by the Committee, the Company’s Core ROTCE shall be calculated using the Company’s published “core” (or words of similar import) financial results, and the Core ROTCE for each member of the Peer Group shall be calculated using the core ROTCE reported through S&P Global Market Intelligence or another reporting service selected by the Committee. If Core ROTCE is not available for any member of the Peer Group, the Committee may, in its discretion, exclude that Peer Group member from the determination of Core ROTCE Relative to Peers or

Exhibit 10.2

determine Core ROTCE Relative to Peers using the most recent information available for the Peer Group Member.

ii. Total Return to Shareholders (“TRS”) Relative to Peers, which shall be determined by comparing the Company’s cumulative TRS for the Performance Period to the cumulative TRS of each member of the Company’s Peer Group for the Performance Period, in each case, as TRS is reported through S&P Global Market Intelligence or another reporting service selected by the Committee.

(d) The “Peer Group” for purposes of this Plan shall mean all publicly traded United States banks and thrifts having total assets greater than or equal to 50% and less than or equal to 200% of the total assets of the Company (rounded to the nearest \$1 billion) based upon data available as of December 31, 2025.

#### 4. Determination of Performance Units.

A Participant’s Performance Unit Award shall be determined according to the following formula:

$$(\text{Target Award} \times \text{ROTCE Payout}) + (\text{Target Award} \times \text{TRS Payout})$$

For purposes of this formula:

“Target Award” shall mean the number of shares shown for the Participant in the “Target Performance Unit Award” column of Table 1 on Exhibit A.

“ROTCE Payout” means the percentage shown in the “ROTCE Payout” column of Table 2 on Exhibit A at the performance level for the Core ROTCE Relative to Peers Performance Goal. If the actual performance for ROTCE falls between the Threshold and Target performance levels, or between the Target and Superior performance levels, the ROTCE Payout shall be interpolated between the percentage shown for the Threshold and Target performance levels, or between the percentage shown for the Target and Superior performance levels, as the case may be, as determined by the Committee in its sole discretion.

“TRS Payout” means the percentage shown in the “TRS Payout” column of Table 2 on Exhibit A at the performance level for the TRS Relative to Peers Performance Goal. If the actual performance for TRS Relative to Peers falls between the Threshold and Target performance levels, or between the Target and Superior performance levels, the TRS Payout shall be interpolated between the percentage shown for the Threshold and Target performance levels, or between the percentage shown for the Target and Superior performance levels, as the case may be, as determined by the Committee in its sole discretion.

#### 5. Certification of Performance Goals; Settlement of Performance Units.

At the end of the Performance Period, the Committee will certify in writing the extent to which the Performance Goals have been achieved. For purposes of this provision, and for so long as the Code permits, the approved minutes of the Committee meeting in which the certification is made may be treated as written certification. However, in any event, all earned Performance Units shall be paid and settled in shares of Common Stock no later than March 15, 2026, or such earlier date as is provided in the immediately succeeding sentence, such that the payments will be exempt from Section

---

Exhibit 10.2

409A of the Code, under the “short term deferral” exemption specified in Treas. Reg. § 1.409A-1(b)(4). Notwithstanding the foregoing, the Committee, in its sole discretion, may cause all or any portion of a Participant’s Performance Units to be paid and settled in shares of Common Stock prior to March 15, 2026 in the event of (i) the death of the Participant or (ii) a Change of Control, provided that any such earlier payment or settlement shall be made no later than March 15 of the year following the year of such death or Change of Control.

#### 6. Termination of Employment.

Except as otherwise determined by the Committee, if the Participant ceases to be a full-time employee of the Company for any reason prior to the end of the Performance Period, the Participant will cease to be a participant in this Plan and will not be eligible to receive any Awards pursuant to this Plan.

#### 7. Miscellaneous Provisions.

(a) Claw-Back Rights. In the event the Company is required to prepare an accounting restatement of its financial statements due to the Company’s material noncompliance with any financial reporting requirement under the securities laws, the Committee will require reimbursement or

forfeiture of any excess Award, which shall be determined as the excess of the Award paid to the Participant based on the erroneous data over the Award that would have been earned had it been based on the restated results, as determined by the Committee. In addition, the Committee will have the sole and absolute authority to require reimbursement or forfeiture of any Award by a Participant if the Committee determines that the Award was earned in whole or in part as a result of the Participant's unethical or dishonest conduct or a material violation of Company policy.

(b) **Amendment or Termination.** Notwithstanding any provision to the contrary in the Master Plan, the Committee has full power to amend, modify, suspend, or terminate the Plan or any Awards granted under the Plan in its sole discretion.

(c) **Regulatory Approvals.** The Plan and any Award made hereunder shall be subject to all applicable federal and state laws, rules and regulations, and to such approvals by any government or regulatory agency as may be required.

(d) **No Effect on Employment or Service.** Nothing in the Plan shall interfere with or limit in any way the right of the Company to terminate any Participant's employment or service at any time, with or without cause.

(e) **No Right to Participation.** No employee or officer of the Company or any subsidiary shall have the right to be selected to receive an Award under this Plan, or, having been so selected, have the right to receive a future Award.

(f) **Nontransferability of Awards.** No Award granted under the Plan may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will, by the laws of descent and distribution. All rights with respect to an Award granted to a Participant shall be available during his or her lifetime only to the Participant.

(g) **Section 409A.** The Plan will be administered, interpreted and construed in compliance with Section 409A of the Code and the regulations and other guidance promulgated thereunder ("Section 409A"), including any exemption thereunder. To the maximum extent permitted by Section 409A, all payments under the Plan are intended to be exempt from Section 409A pursuant to the exemption for short-term deferrals as

---

Exhibit 10.2

specified in Treas. Reg. § 1.409A-1(b)(4), the exemption for restricted shares under Section 409A and any other exemptions available under Section 409A. Neither the Company, any of its Subsidiaries nor any of their respective predecessors, successors or affiliates (collectively, the "Company Group") shall be liable for, and nothing provided or contained in the Plan shall obligate or cause any member of the Company Group to be liable for, any tax, interest or penalties imposed on the Participant related to or arising with respect to any violation Section 409A.

**EXHIBIT 31.1**  
**CHIEF EXECUTIVE OFFICER CERTIFICATION**  
**PURSUANT TO SECTION 302 OF THE SARBANES-OXLEY ACT OF 2002**

I, T. Michael Price, certify that:

1. I have reviewed this quarterly report on Form 10-Q of First Commonwealth Financial Corporation;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;

4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
  - a. Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - b. Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - c. Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
  - d. Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
  - a. All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
  - b. Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
