amounts required by U.S. GAAP for complete financial statements. However, in the opinion of management, all adjustments (consisting only of normal recurring accruals) necessary for a fair presentation of the results of the interim periods presented have been made. The results of operations for the interim periods are not necessarily indicative of the results that may be expected for the full year. For further information, refer to the consolidated financial statements and footnotes thereto included in the 2023 Form 10-K. Reclassifications in certain instances, amounts reported in the prior year annual audited consolidated financial statements or the interim condensed consolidated financial statements have been reclassified to conform to the current financial statement presentation.

Use of Estimates The preparation of the consolidated financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from these estimates. Estimates that are particularly susceptible to change in the near term include: the determination of the allowance for credit losses, the fair value of investment securities, the credit impairment of investment securities, the mortgage banking derivatives, interest rate swap derivatives, Consumer Program derivative, the valuation of goodwill, and deferred tax assets. Management monitors and continually reassess these at each reporting period.

Interest Rate Swaps The Company is subject to interest rate risk exposure in the normal course of business through its core lending operations. Primarily to help mitigate interest rate risk associated with its loan portfolio, the Company entered into interest rate swaps in May and August 2023 with a large U.S. financial institution as the counterparty. Interest rate swaps are contractual agreements whereby one party pays a floating interest rate on a notional principal amount and receives a fixed-rate payment on the same notional principal, or vice versa, for a fixed period of time. Interest rate swaps change in value with movements in benchmark interest rates, such as Prime or the Secured Overnight Financing Rate (SOFR). Interest rate swaps subject the Company to market risk associated with changes in interest rates, changes in interest rate volatility, 8 Table of Contents as well as the credit risk that the counterparty will fail to perform. The Company's interest rate swaps are pay-fixed and receive-floating whereby the Company receives a variable rate of interest based on SOFR. The Company's interest rate swaps meet the definition of derivative instruments under ASC 815, Derivatives and Hedging, and are accounted for both initially and subsequently at their fair value. The Company assessed the derivative instruments at inception and determined they met the requirements under ASC 815 to be accounted for as fair value hedges. Fair value hedge relationships mitigate exposure to the change in fair value of the hedged risk in an asset, liability or firm commitment. The Company's interest rate swaps are fair value hedges that are accounted for using the portfolio layer method, which allows the Company to hedge the interest rate risk of prepayable loans by designating as the hedged item a stated amount of two separate and distinct closed portfolios of consumer and commercial loans that are expected to be outstanding for the designated hedge periods. Under the fair value hedging model, gains or losses attributable to the change in fair value of the derivative instruments, as well as the gains and losses attributable to the change in fair value of the hedged items, are recognized in interest income in the same income statement line item with the hedged item in the period in which the change in fair value occurs. The corresponding adjustment to the hedged asset or liability are included in the basis of the hedged items, while the corresponding change in the fair value of the derivative instruments are recorded as an adjustment to other assets or other liabilities, as applicable. The Company presents interest rate swaps on the balance sheets on a net basis when a right of offset exists, based on transactions with a single counterparty and any cash collateral paid to and/or received from that counterparty are subject to legally enforceable master netting arrangements. As of June 30, 2024, the gross amounts of interest rate swap derivative assets and liabilities were \$3.1 million and \$0, respectively, and are recorded in other assets in the consolidated balance sheet. The following table represents the carrying value of the portfolio layer method hedged assets and the cumulative fair value hedging adjustments included in the carrying value of the hedged assets as of June 30, 2024 and December 31, 2023:

Recent Accounting Pronouncements In November 2023, the FASB issued ASU 2023-07, Segment Reporting (Topic 280): Improvements to Reportable Segment Disclosures. This ASU expands current disclosure requirements primarily through enhanced disclosures about significant segment expenses. Specifically, the ASU (i) requires disclosure of significant segment expenses that are regularly provided to the chief operating decision maker, (ii) requires disclosure of an amount for other segment items by reportable segment and a description of its composition, (iii) requires providing in each interim period all current annual disclosures of a reportable segment's profit or loss and assets, and (iv) allows an entity to provide additional measures of profit or loss used by the CODM in assessing performance and deciding how to allocate resources in addition to providing the measure for this that is most consistent with GAAP, (v) requires disclosure of the title and position of the CODM and an explanation of how the CODM uses reported measures of segment profit or loss in assessing segment performance and deciding how to allocate resources, and (vi) requires an entity that has a single reportable segment to provide all disclosures required by this ASU and Topic 280. This ASU is effective for the Company's annual disclosures beginning for the year ended December 31, 2024 and its interim disclosures thereafter, with early adoption permitted. The Company is currently evaluating the impact of this ASU to its consolidated financial statement disclosures. In December 2023, the FASB issued ASU 2023-09, Income Taxes (Topic 740): Improvements to Income Tax Disclosures. This ASU requires annual disclosure of certain information relating to the rate reconciliation, income taxes paid by jurisdiction, income (or loss) from continuing operations before income tax expense (or benefit) disaggregated between domestic and foreign, and income tax expense (or benefit) from continuing operations disaggregated by federal, state, and foreign. The ASU also eliminates certain requirements relating to unrecognized tax benefits and certain deferred tax disclosure relating to subsidiaries and corporate joint ventures. This ASU is effective for the Company's annual disclosures beginning for the year ended December 31, 2025. The Company is currently evaluating the impact of this ASU to its financial statement disclosures.

Table of Contents In March 2024, the FASB issued ASU 2024-01, Compensation - Stock Compensation (Topic 718): Scope Application of Profits Interest and Similar Awards. This ASU adds an illustrative example to clarify how an entity should determine whether a profits interest or similar award is within the scope of ASC 718. The amendments in this standard will be effective for the Company on January 1, 2025. The Company does not believe this standard will have a material impact on its consolidated financial statements.

In November 2024, the FASB issued ASU 2024-03, Income Statement Reporting Comprehensive Income Expense Disaggregation Disclosures (Subtopic 220-40). This ASU requires more disclosures about specific types of expenses included in the expense captions presented on the face of the income statement as well as disclosures about selling expenses, but does not change the requirements for the presentation of expenses on the face of the income statement. The amendments in this standard will be effective for the Company on January 1, 2027, and is required to be applied prospectively, with early adoption permitted. The Company does not believe this standard will have a material impact on its consolidated financial statements.

Investment securities with a carrying amount of approximately \$153.2 million and \$200.2 million at June 30, 2024 and December 31, 2023, respectively, were pledged to secure public deposits, certain other deposits, a line of credit for advances from the FHLB of Atlanta, and repurchase agreements. Management measures expected credit losses on held-to-maturity securities on a collective basis by major security type with each type sharing similar risk characteristics, and considers historical credit loss information that is adjusted for current conditions and reasonable and supportable forecasts. With regard to U.S. Treasury and residential mortgage-backed securities issued by the U.S. government, or agencies thereof, it is expected that the securities will not be settled at prices less than the amortized cost basis of the securities as such securities are backed by the full faith and credit of and/or guaranteed by the U.S. government. Accordingly, no allowance for credit losses has been recorded for these securities. With regard to securities issued by states and political subdivisions and other held-to-maturity securities, management considers (i) issuer bond ratings, (ii) historical loss rates for given bond ratings, (iii) whether issuers continue to make 11 Table of Contents timely principal and interest payments under the contractual terms of the securities and (iv) internal forecasts. As of June 30, 2024, Primis did not have a material allowance for credit losses on held-to-maturity securities. As of June 30, 2024, there were 143 investment securities available-for-sale that were in an unrealized loss position. The unrealized losses related to investment securities available-for-sale as of June 30, 2024 and December 31, 2023, relate to changes in interest rates relative to when the investment securities were purchased, and do not indicate credit-related impairment. Primis performs quantitative analysis and if needed, a qualitative analysis in this determination. As a result of the Company's analysis, none of the securities were deemed to require an allowance for credit losses. Primis has the ability and intent to retain these securities for a period of time sufficient to recover all unrealized losses. The following tables present information regarding investment securities available-for-sale and held-to-maturity in a continuous unrealized loss position as of June 30, 2024 and December 31, 2

million related to loans collateralized secured borrowings as of June 30, 2024 and December 31, 2023, respectively.(2)Includes \$13.0 million and \$12.8 million related to loans collateralized secured borrowings as of June 30, 2024 and December 31, 2023, respectively.The accounting policy related to the allowance for credit losses is considered a critical policy given the level of estimation, judgment, and uncertainty in the levels of the allowance required to account for the expected losses in the loan portfolio and the material effect such estimation, judgment, and uncertainty can have on the consolidated financial results.Consumer Program LoansThe Company has \$194.2 million and \$199.3 million of loans outstanding in the Consumer Program as of June 30, 2024 and December 31, 2023, respectively, or 6% of our total gross loan portfolio as of each date. Loans in the Consumer Program are included within the Consumer Loans category disclosures in this footnote. As of June 30, 2024, 42% of the loans were in a promotional period requiring no payment of interest on their loans with 77% of these promotional loan periods ending in the second half of 2024 through the second quarter of 2025. As of December 31, 2023, 45% of the loans 13 Table of Contentswere in a promotional period requiring no payment of interest on their loans with 70% of these promotional loan periods ending in the second half of 2024 through the first quarter of 2025. During the three and six months ended June 30, 2024, \$3.7 million and \$9.3 million, respectively, of promotional loans paid off prior to the end of their promotional periods while \$2.7 million and \$7.5 million, respectively, of promotional loans reached the end of the promotional period and began amortizing.Accrued Interest ReceivableAccrued interest receivable on loans totaled \$20.5 million and \$20.1 million at June 30, 2024 and December 31, 2023, respectively, and is included in other assets in the consolidated balance sheets.Nonaccrual and Past Due LoansLoans are considered past due if the required principal and interest payments have not been received as of the date such payments were due. Loans are placed on nonaccrual status when, in management's opinion, the borrower may be unable to meet payment obligations as they become due, as well as when required by regulatory provisions. In determining whether or not a borrower may be unable to meet payment obligations for each class of loans, we consider the borrower's debt service capacity through the analysis of current financial information, if available, and/or current information with regards to our collateral position. Regulatory provisions would typically require the placement of a loan on nonaccrual status if (i)A principal or interest has been in default for a period of 90 days or more unless the loan is both well secured and in the process of collection or (ii)A full payment of principal and interest is not expected. Loans may be placed on nonaccrual status regardless of whether or not such loans are considered past due. When interest accrual is discontinued, all unpaid accrued interest is reversed. Interest income on nonaccrual loans is recognized only to the extent that cash payments are received in excess of principal due. A loan may be returned to accrual status when all the principal and interest amounts contractually due are brought current and future principal and interest amounts contractually due are reasonably assured, which is typically evidenced by a sustained period (at least six months) of repayment performance by the borrower.14 Table of ContentsThe following table presents the aging of the recorded investment in past due loans by class of loans held for investment as of June 30, 2024 and December 31, 2023 (in thousands):

37 Table of Contents12. A SUBSEQUENT EVENT: On October 24, 2024, the Company entered into a purchase and assumption agreement with EverBank, N.A. (the "EverBank") for sale of the Company's Life Premium Finance division (the "LPF"). EverBank will acquire LPF from the Company, except for a subset of mostly fixed rate and rate-capped loans that will be retained by the Bank. All of the LPF operations, including its employees, will be assumed by EverBank as part of the transaction that is expected to result in a pre-tax gain of \$4.5 million for the Company, net of advisory and legal fees, at the initial closing in the fourth quarter of 2024. EverBank will acquire approximately \$370 million of loans from the division with the Bank providing interim servicing until the transition of the business at the final closing which is expected on January 31, 2025. Between the first and second closings, EverBank will purchase loans generated by the division in ordinary course at par. After the second closing, EverBank will service the Bank's retained portfolio for the duration of the portfolio. As of June 30, 2024, the Company had not made the decision to sell LPF and had not identified specific loans that it might sell, therefore the amortized cost balance of the loans remains in the loans held for investment on the condensed consolidated balance sheets and an analysis whether LPF should be presented as discontinued operations under U.S. GAAP as of and for the three and six months ended June 30, 2024 was not deemed to be necessary. ITEM 2A - MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS Management's discussion and analysis is presented to aid the reader in understanding and evaluating the financial condition and results of operations of Primis. This discussion and analysis should be read with the condensed consolidated financial statements, the footnotes thereto, and the other financial data included in this report and in our Annual Report on Form 10-K for the year ended December 31, 2023. Results of operations for the three and six months ended June 30, 2024 are not necessarily indicative of results that may be attained for any other period. The emphasis of this discussion will be on the three and six months ended June 30, 2024 compared to the three months and six ended June 30, 2023 for the consolidated statements of income (loss) and comprehensive income (loss). For the consolidated balance sheets, the emphasis of this discussion will be the balances as of June 30, 2024 compared to December 31, 2023. This discussion and analysis contains statements that may be considered forward-looking statements as defined in, and subject to the protections of the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. See the following section for additional information regarding forward-looking statements. FORWARD-LOOKING STATEMENTS Statements and financial discussion and analysis contained in this Quarterly Report on Form 10-Q that are not statements of historical fact constitute forward-looking statements made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. Forward-looking statements are not historical facts and are based on current expectations, estimates and projections about our industry, management's beliefs and certain assumptions made by management, many of which, by their nature, are inherently uncertain and beyond our control. Accordingly, we caution you that any such forward-looking statements are not guarantees of future performance and are subject to risks, assumptions and uncertainties that are difficult to predict. Although we believe that the expectations reflected in these forward-looking statements are reasonable as of the date made, actual results may prove to be materially different from the results expressed or implied by the forward-looking statements. The words "believe," "may," "expect," "anticipate," "estimate," "project," "predict," "intend," "continue," "would," "hope," "might," "assume," "objective," "seek," "plan," "strive" or similar words, or the negatives of these words, identify forward-looking statements. Forward-looking statements involve risks and uncertainties that may cause our actual results to differ materially from the expectations of future results we express or imply in any forward-looking statements. In addition to the Risk Factors contained in this Quarterly Report on Form 10-Q, as well as the Risk Factors previously disclosed in our Annual Report 38 Table of Contents Form 10-K for the year ended December 31, 2023, and the other reports we file with the Securities and Exchange Commission, factors that could contribute to those differences include, but are not limited to: the effects of future economic, business and market conditions and disruptions in the credit and financial markets, domestic and foreign; potential increases in the provision for credit losses and other general competitive, economic, political, and market factors, including those affecting our business, operations, pricing, products, or services; fraudulent and negligent acts by loan applicants, mortgage brokers and our employees; our ability to recover certain losses related to fraudulent loans under the Company's insurance policies and to successfully complete the claims process and minimize the financial impact of these loans; our ability to implement our various strategic and growth initiatives, including our Panacea Financial and Life Premium Finance Divisions, new digital banking platform, VIBE fulfillment service and Primis Mortgage Company as well as our cost saving project to reduce administrative and branch expenses; adverse results from current or future litigation, regulatory examinations or other legal and/or regulatory actions; changes in the local economies in our market areas which adversely affect our customers and their ability to transact profitable business with us, including the ability of our borrowers to repay their loans according to their terms or a change in the value of the related collateral; changes in interest rates, inflation, loan demand, real estate values, or competition, as well as labor shortages, supply chain disruptions, the threat of recession and volatile equity capital markets; changes in the availability of funds resulting in increased costs or reduced liquidity, as well as the adequacy of our cash flow from operations and borrowings to meet our short-term liquidity needs; a deterioration or downgrade in the credit quality and credit agency ratings of the investment securities in our investment securities portfolio; impairment concerns and risks related to our investment securities portfolio of collateralized mortgage obligations, agency mortgage-backed securities and obligations of states and political subdivisions; the incurrence and impairment of goodwill associated with current or future acquisitions and adverse short-term effects on our results of operations; increased credit risk in our assets and increased operating risk caused by a material change in commercial, consumer and/or real estate loans as a percentage of our total loan portfolio, including as a result of rising or elevated interest rates, inflation and recessionary concerns; the concentration of our loan portfolio in loans collateralized by real estate; our level of construction and land development and commercial real estate loans; risk related to a third-party's ability to satisfy its contractual obligation to reimburse us for waived interest on loans with promotional features that pay off early; our ability to identify and address potential cybersecurity risks on our systems and/or third party vendors and service providers on which we rely, heightened by the developments in generative artificial intelligence and increased use of our virtual private network platform, including data security breaches, credential stuffing, malware, denial-of-service attacks, hacking and identity theft, a failure of which could disrupt our business and result in the disclosure of and/or misuse or misappropriation of confidential or proprietary information, disruption or damage to our systems, increased costs, losses, or adverse effects to our reputation; changes in the levels of loan prepayments and the resulting effects on the value of our loan portfolio; the failure of assumptions and estimates underlying the establishment of and provisions made to the allowance for credit losses; our ability to expand and grow our business and operations, including the acquisition of additional banks, and our ability to realize the cost savings and revenue enhancements we expect from such activities; government intervention in the U.S. financial system, including the effects of legislative, tax, accounting and regulatory actions and reforms, including the Dodd-Frank Wall Street Reform and Consumer Protection Act (the "Dodd-Frank Act"), the Jumpstart Our Business Startups Act, the Consumer Financial Protection Bureau, the capital ratios of Basel III as adopted by the federal banking authorities, and the Tax Cuts and Jobs Act of 2017, as well as the possibility that the U.S. could default on its debt obligations and the risk of inflation and interest rate increases resulting from monetary and fiscal stimulus response, which may have unanticipated adverse effects on our customers, and our financial condition and results of operations; increased competition for deposits and loans adversely affecting rates and terms; 39 Table of Contents the continued service of key management personnel; the potential payment of interest on demand deposit accounts to effectively compete for customers; potential environmental liability risk associated with properties that we assume upon foreclosure; increased asset levels and changes in the composition of assets and the resulting impact on our capital levels and regulatory capital ratios; risks of current or future mergers, acquisitions and dispositions, including the related time and cost of implementing transactions and the potential failure to achieve expected gains, revenue growth or expense savings; increases in regulatory capital requirements for banking organizations generally, which may adversely affect our ability to expand our business or could cause us to shrink our business; acts of God or of war or other conflicts, including the current conflicts in Ukraine/Russia and the Middle East, acts of terrorism, pandemics or other catastrophic events that may affect general economic conditions; changes in accounting policies, rules and practices and applications or determinations made thereunder; any inability or failure to implement and maintain effective internal control over financial reporting and/or disclosure control or inability to remediate our existing material weaknesses in our internal controls deemed ineffective; failure to maintain effective internal controls and procedures, including the ability to remediate identified material weaknesses in internal control over financial reporting expeditiously; the risk that our deferred tax assets could be reduced if future taxable income is less than currently estimated, if corporate tax rates in the future are less than current rates, or if sales of our capital stock trigger limitations on the amount of net operating loss carryforwards that we may utilize for income tax purposes; our ability to attract and retain qualified employees, including as a result of heightened labor shortages; risks related to environmental, social and governance strategies and initiatives, the scope and pace of which could alter our reputation and shareholder, associate, customer and third-party affiliations; our ability to de-consolidate Panacea Financial Holdings, Inc. (the "PFH") and recognize gains on our investment in PFH common stock as a result of de-consolidation; negative publicity and the impact on our reputation; our ability to realize the value of derivative assets that are recorded at fair value due to changes in fair value driven by actual results being materially different than our assumptions; and other factors and risks described under "Risk Factors" herein and in any of the reports that we file with the Securities and Exchange Commission (the "SEC") under the Exchange Act. Forward-looking statements are not guarantees of performance or results and should not be relied upon as representing management's views as of any subsequent date. A forward-looking statement may include a statement of the assumptions or bases underlying the forward-looking statement. We believe we have chosen these assumptions or bases in good faith and that they are reasonable. We caution you, however, that assumptions or bases almost always vary from actual results, and the differences between assumptions or bases and actual results can be material. When considering forward-looking statements, you should refer to the risk factors and other cautionary statements in this Quarterly Report on Form 10-Q and in our periodic and current reports filed with the SEC for specific factors that could cause our actual results to be different from those expressed or implied by our forward-looking statements. These statements speak only as of the date of this Quarterly Report on Form 10-Q (or an earlier date to the extent applicable). Except as required by applicable law, we undertake no obligation to update publicly these statements in light of new information or future events. OVERVIEW Primis Financial Corp. (the "Primis," the "we," the "us," the "company" or the "Company") is the bank holding company for Primis Bank (the "Primis Bank" or the "Bank"), a Virginia state-chartered bank which commenced operations on April 14, 2005. Primis Bank provides a range of financial services to individuals and small and medium-sized businesses. As of June 30, 2024, Primis Bank had twenty-four full-service branches in Virginia and Maryland and also provides services to customers through certain online and mobile applications. Twenty-two full-service retail branches are in Virginia and two full-service retail branches are in Maryland. The Company is headquartered in McLean, Virginia and has an administrative office in Glen Allen, Virginia and an operations center in Alee, Virginia. Primis Mortgage Company, a residential mortgage lender headquartered in Wilmington, North Carolina, is a consolidated subsidiary of Primis Bank. PFH is a consolidated subsidiary of Primis and owns the rights to the Panacea Financial brand and its intellectual property and partners with the 40 Table of Contents Bank to offer a suite of financial products and services for doctors, their practices, and ultimately the broader healthcare industry. While Primis Bank offers a wide range of commercial banking services, it focuses on making loans secured primarily by commercial real estate and other types of secured and unsecured commercial loans to small and medium-sized businesses in a number of industries, as well as loans to individuals for a variety of purposes. Primis Bank invests in real estate-related securities, including collateralized mortgage obligations and agency mortgage backed securities. Primis Bank's principal sources of funds for loans and investing in securities are deposits and, to a lesser extent, borrowings. Primis Bank offers a broad range of deposit products, including checking (NOW), savings, money market accounts and certificates of deposit. Primis Bank actively pursues business relationships by utilizing the business contacts of its senior management, other bank officers and its directors, thereby capitalizing on its knowledge of its local market areas. Current Economic Environment U.S. economic growth accelerated in the first half of 2024, with Real Gross Domestic Product growing by an annualized 1.6% in the first quarter and another 3% in the second quarter. According to the U.S. Bureau of Labor and Statistics, the rate of unemployment has increased from year end to 4.1% in June 2024. The Federal Reserve (the "Fed") raised interest rates 500 bps from May of 2022 through 2023, a pace that has not been experienced in more than 40 years, and sits at a range of 5.25% to 5.50% as of June 30, 2024. Inflation, while beginning to show signs of moderating, remains higher than the Fed's long term target rate of 2.0% and the Fed appears committed to maintaining high rates until inflation is back at their target rate. The Fed has indicated that future rate adjustments will be data-dependent. This higher rate environment is continuing to put strong margin pressure on all banks, including Primis, as the cost of deposits has increased alongside the Fed rate increases while many loans in bank's portfolios are fixed due to borrowers locking in historic low rates in the past few years prior to the rate hikes noted above. However, loan growth in the current environment will benefit from the higher rates and should assist in partially offsetting growth in deposit costs. A FINANCIAL HIGHLIGHTS - Net income available to common shareholders for the three months ended June 30, 2024 totaled \$3.4 million, or \$0.14 basic and diluted earnings per share, compared to a net loss of \$2.0 million, or (\$0.08) basic and diluted loss per share for the three months ended June 30, 2023. Net income to common shareholders for the six months ended June 30, 2024 totaled \$5.9 million, or \$0.24 basic and diluted earnings per share, compared to \$6.4 million, or \$0.26 basic and diluted earnings per share for the six months ended June 30, 2023. Total assets as of June 30, 2024 were \$4.0 billion, an increase of 2.8% compared to December 31, 2023. Total loans as of June 30, 2024 were \$3.3 billion, an increase of \$81.1 million, or 2.5%, from December 31, 2023. Total deposits were \$3.3 billion at June 30, 2024, an increase of 2.0% compared to December 31, 2023. Non-time deposits increased to \$2.9 billion as of June 30, 2024, an increase of \$87.7 million, or 3.1%, compared to December 31, 2023. The ratio of gross loans (excluding loans held for sale) to deposits stayed steady at 98% at June 30, 2024, compared to December 31, 2023. Net interest margin of 2.72% in the second quarter of 2024 was up from 2.36% in the second quarter of 2023 and down from 2.84% in the first quarter of 2024. Net interest income increased during both the three and six

months ended June 30, 2024 compared to the same periods in 2023 and noninterest expenses were down during the three and six months ended June 30, 2024 compared to year end with 2023.

(A) Allowance for credit losses to total loans was 1.56% at June 30, 2024, compared to 1.62% at December 31, 2023. Asset quality remained relatively stable from year end with nonperforming assets as a percent of total assets (excluding SBA guarantees) at 0.25% as of June 30, 2024 compared to 0.20% at December 31, 2023.

(B) RESULTS OF OPERATIONS

Net Income Three-Month Comparison. Net income available to common shareholders for the three months ended June 30, 2024 totaled \$3.4 million, or \$0.14 basic and diluted earnings per share, compared to a net loss of \$2.0 million, or \$(0.08) basic and diluted earnings per share for the three months ended June 30, 2023. The increase in net income during the three months ended June 30, 2024 compared to the three months ended June 30, 2023 was driven primarily by \$1.5 million higher net interest income, \$1.9 million higher noninterest income, \$0.7 million lower noninterest expense, and \$1.2 million less provision for credit losses on loans. Additional details of each of these will be discussed in the remaining sections of this Results of Operations discussion.

Six-Month Comparison. Net income available to common shareholders for the six months ended June 30, 2024 totaled \$5.9 million, or \$0.24 basic and diluted earnings per share, compared to \$6.4 million, or \$0.26 basic and diluted earnings per share for the six months ended June 30, 2023. The results between the two periods were relatively unchanged due to an increase in net interest income of \$1.5 million and noncontrolling interests of \$3.6 million offset by a decline of \$5.4 million in noninterest income. Noncontrolling interests related to losses attributable to other stockholders of an entity that we are required to consolidated under U.S. GAAP in which we own approximately 19%. A Details of the other key areas comprising our net income during the six months will be discussed in the remaining sections of this Results of Operations discussion.

Net Interest Income Our operating results depend primarily on our net interest income, which is the difference between interest and dividend income on interest-earning assets such as loans and investments, and interest expense on interest-bearing liabilities such as deposits and borrowings.

Three-Month Comparison. Net interest income was \$24.9 million for the three months ended June 30, 2024, compared to \$23.3 million for the three months ended June 30, 2023. Our net interest margin for the three months ended June 30, 2024 was 2.72%, compared to 2.36% for the three months ended June 30, 2023. Margin increased by 36 basis points as a result of net interest income growing by \$1.5 million while average interest earning assets decreased from the prior year. The growth in income was due to interest earning asset yield growth of 65 basis points outpacing interest bearing liability rate growth of 37 basis points. Higher lending rates fueled by an increase in benchmark rates year-over-year and the redeployment of excess cash into higher yielding assets drove interest income. A Average interest bearing assets declined as a result of our decision on June 30, 2023 to begin sweeping excess cash off the balance sheet that had accumulated as a result of the increase in deposits from growth of our digital deposit platform during the three months ended June 30, 2023. The cost of interest bearing liabilities increased primarily due to benchmark interest rate increases in all deposits and higher average borrowings, partially offset by a decline in average interest-bearing deposits as a result of the aforementioned sweep activity since June 30, 2023.

The following table details average balances of interest-earning assets and interest-bearing liabilities, the amount of interest earned/paid on such assets and liabilities, and the yield/rate for the periods indicated:

Six-Month Comparison. Net interest income was \$50.1 million for the six months ended June 30, 2024, compared to \$48.7 million for the six months ended June 30, 2023. Our net interest margin for the six months ended June 30, 2024 was 2.78%, compared to 2.57% for the six months ended June 30, 2023. Margin increased by 21 basis points as a result of net interest income growing by \$1.5 million while average interest earning assets decreased from the prior year. The growth in income was due to interest earning asset yield growth of 69 basis points outpacing interest bearing liability rate growth of 56 basis points. Higher lending rates fueled by an increase in benchmark rates year-over-year and the redeployment of excess cash into higher yielding assets drove interest income. A Average interest bearing assets declined as a result of our decision to sweep excess cash off of the balance sheet as described in the three-month comparison. The cost of interest bearing liabilities increased primarily due to increases in rates on all interest-bearing liabilities as a result of benchmark interest rate increases, partially offset by a 4% decrease in average interest-bearing liabilities.

17.76%, 1.997%, 1.980% Miscellaneous lending expenses decreased 25.56%, 56.86% (283) Other operating expenses decreased 2,070,000 526 Total noninterest expenses decreased 29,786,436 (653) Noninterest expenses declined 2% to \$29.8 million during the three months ended June 30, 2024, compared to \$30.4 million during the three months ended June 30, 2023. The decline was driven by higher fraud losses, FDIC insurance assessments and data processing costs in the prior year, partially offset by higher professional fees and salaries and benefits in 2024. The fraud losses during the three months ended June 30, 2023 was primarily related to a substantial increase in deposit account fraud, which was also seen across the industry during that time. The FDIC insurance costs were higher during the three months ended June 30, 2023 as a result of the higher deposit base driven by the growth of the digital platform compared to the same period in 2024, less growth in deposits, and excess deposit cash sweeps being utilized during the quarter. The data processing expenses were higher during the three months ended June 30, 2023 driven by substantially higher application volume on the digital deposit platform as a result of a savings account rate promotion offered during 2023 that did not re-occur in 2024. During the three months ended June 30, 2024 these declines in noninterest expenses were offset by higher professional fees related to the SEC pre-clearance and restatement process. The higher salaries and benefits expense was driven by growth in the mortgage line of business and Panacea division. The following table presents the major categories of noninterest expense for the six months ended June 30, 2024 and 2023:

For the Six Months Ended June 30, 2024 (in thousands)	For the Six Months Ended June 30, 2023 (in thousands)
Salaries and benefits	\$3,822,246
Occupancy expenses	\$2,740,046
Furniture and equipment expenses	\$1,263,946
Amortization of core deposit intangible	\$1,697,946
FDIC insurance assessments	\$1,199,646
Data processing expenses	\$4,578,846
Marketing expenses	\$5,079,946
Telephone and communication expenses	\$1,090,446
Miscellaneous lending expenses	\$2,452,246
Other operating expenses	\$57,323,346
Total noninterest expenses	\$57,393,346

Noninterest expenses were essentially flat when comparing the six months ended June 30, 2024 to 2023. Decreases in expenses were driven by fraud losses (recoveries), miscellaneous lending expenses, and data processing and were offset by increases in professional fees and salaries and benefits. The decreases in noninterest expenses in fraud losses (recoveries) and data processing was primarily for the same reasons as discussed above for the three months ended June 30, 2024 compared to 2023. The decrease in miscellaneous lending expenses during the six months ended June 30, 2024 compared to 2023 was primarily related to a decline in the calculated credit loss reserve for unfunded commitments. The offsetting increases in noninterest expenses during the six months ended June 30, 2024 compared to 2023 in professional fees and salaries and benefits was primarily for the same reasons as discussed above for the three months ended June 30, 2024 compared to 2023.

FINANCIAL CONDITION The following illustrates key balance sheet categories as of June 30, 2024 and December 31, 2023 (in thousands):

June 30, 2024	December 31, 2023
Total cash and cash equivalents	\$66,580,446
Securities available-for-sale	\$232,867,446
Loans held for sale	\$94,644,446
Net loans	\$3,248,988,446
Other assets	\$312,290,446
Total assets	\$3,966,018,446
Total deposits	\$3,356,463,446
Borrowings	\$200,079,446
Other liabilities	\$36,265,446
Total liabilities	\$3,571,807,446
Total equity	\$112,854,000

Total equity was \$112,854 million as of June 30, 2024 and December 31, 2023, respectively. As of June 30, 2024 and December 31, 2023, a majority of our loans were to customers located in Virginia and Maryland. We are not dependent on any single customer or group of customers whose insolvency would have a material adverse effect on our operations. Our loan portfolio grew 2.5% in the first six months of 2024 which was driven by growth in multi-family residential, non-owner occupied commercial real estate, and consumer loans. The majority of this growth was concentrated in loan growth in the Panacea and Life Premium Finance divisions that are diversified geographically and are spread across the nation. The overall loan portfolio growth was partially offset by a reduction in our construction and land development portfolio due to paydowns of loans in that portfolio. On October 24, 2024, the Company entered into a purchase and assumption agreement with EverBank for sale of the Company's LPF division. EverBank will acquire LPF from the Company, except for a subset of mostly fixed rate and rate-capped loans that will be retained by the Bank. All of the LPF operations, including its employees, will be assumed by EverBank as part of the transaction that is expected to result in a pre-tax gain of \$4.5 million for the Company, net of advisory and legal fees, at the initial closing in the fourth quarter of 2024. EverBank will acquire approximately \$370 million of loans from the division with the Bank providing interim servicing until the transition of the business at the final closing which is expected on January 31, 2025. Between the first and second closings, EverBank will purchase loans generated by the division in ordinary course at par. After the second closing, EverBank will service the Bank's retained portfolio for the duration of the portfolio. As of June 30, 2024, the Company had not made the decision to sell LPF and had not identified specific loans that it might sell, therefore the amortized cost balance of the loans remains in the condensed consolidated balance sheets in Item 1 in this Form 10-Q and where loans held for investment are disclosed in this MD&A.

The composition of our loans held for investment portfolio consisted of the following as of June 30, 2024 and December 31, 2023 (in thousands):

June 30, 2024	December 31, 2023

through the analysis of any available current financial information with regards to the borrower, that the borrower is incapable of servicing unsecured debt, there is little or no prospect for near term improvement and no realistic strengthening action of significance is pending or, in the case of secured debt, when it is determined, through analysis of current information with regards to our collateral position, that amounts due from the borrower are in excess of the calculated current fair value of the collateral. Losses on installment loans are recognized in accordance with regulatory guidelines. All other consumer loan losses are recognized when delinquency exceeds 120 cumulative days with the exception of the Consumer Program loans that are charged-off once they become 90 days past due.

financial operations before income tax expenses (or benefit) disaggregated between domestic and foreign, and income tax expense (or benefit) from continuing operations disaggregated by federal, state, and foreign. The ASU also eliminates certain requirements relating to unrecognized tax benefits and certain deferred tax disclosure relating to subsidiaries and corporate joint ventures. This ASU is effective for the Company's annual disclosures beginning for the year ended December 31, 2025. The Company is currently evaluating the impact of this ASU to its financial statement disclosures. In March 2024, the FASB issued ASU 2024-01, A Compensation - Stock Compensation (Topic 718): Scope Application of Profits Interest and Similar Awards. This ASU adds an illustrative example to clarify how an entity should determine whether a profits interest or similar award is within the scope of ASC 718. The amendments in this standard will be effective for the Company on January 1, 2025. The Company does not believe this standard will have a material impact on its consolidated financial statements. In November 2024, the FASB issued ASU 2024-03, Income Statement's "Reporting Comprehensive Income" Expense Disaggregation Disclosures (Subtopic 220-40). This ASU requires more disclosures about specific types of expenses included in the expense captions presented on the face of the income statement as well as disclosures about selling expenses, but does not change the requirements for the presentation of expenses on the face of the income statement. The amendments in this standard will be effective for the Company on January 1, 2027, and is required to be applied prospectively, with early adoption permitted. The Company does not believe this standard will have a material impact on its consolidated financial statements. controlling financial interest in an entity by first evaluating whether the entity is a voting interest entity or a variable interest entity ("VIE") under U.S. GAAP. Voting interest entities are entities in which the total equity investment at risk is sufficient to enable the entity to finance itself independently and provides the equity holders with the obligation to absorb losses, the right to receive residual returns and the right to make decisions about the entity's activities. We consolidate voting interest entities in which we have all, or at least a majority, of the voting interest. As defined in U.S. GAAP, VIEs are entities that lack one or more of the characteristics of a voting interest entity. A controlling financial interest in a VIE is present when an enterprise has both the power to direct the activities of the VIE that most significantly impact the VIE's economic performance and an obligation to absorb losses or the right to receive benefits that could potentially be significant to the VIE. The enterprise with a controlling financial interest, known as the primary beneficiary, consolidates the VIE. The Company has investments in VIEs for which we are not the primary beneficiary and, as such, are not included in our consolidated financial statements. The Company also has an investment in a VIE for which we are the primary beneficiary.

On December 21, 2023, PFH completed a \$24.5 million Series B financing round led by a global venture capital firm. As part of the financing round, Primis acquired approximately 19% of PFH's common stock for an immaterial purchase price due to previous operating losses in the Bank's Panacea Financial Division. The Company performed an analysis and determined that PFH is a VIE because it lacks one or more of the characteristics of a voting interest entity. The Company's analysis further determined that it has a controlling financial interest in PFH due to the substantial historical activities between PFH and the Bank's Panacea Financial Division coupled with the limited activities of PFH outside of its relationship with Primis as of December 31, 2023. Further, there are employees of Primis that have historically carried out substantially all of the activities of PFH. Accordingly, the Company determined it is the primary beneficiary of PFH and consolidated it as of December 31, 2023 and no circumstances have changed during the three or six months ended June 30, 2024 that changed this prior determination.

Operating Segments

The Company, through its Bank subsidiary, provides a broad range of financial services. While the Company's chief operating decision maker monitors the revenue streams of the various financial products and services, operations are managed and financial performance is evaluated on an organization-wide basis. Management has determined that the Company has two reportable segments: Primis Mortgage and Primis Bank, as discussed in Note 11 – Segment Information.

The unaudited condensed consolidated financial statements and notes thereto have been prepared in accordance with U.S. GAAP for interim financial information and instructions for Form 10-Q and follow general practice within the banking industry. Accordingly, the unaudited condensed consolidated financial statements do not include all of the information and footnotes required by U.S. GAAP for complete financial statements. However, in the opinion of management, all adjustments (consisting only of normal recurring accruals) necessary for a fair presentation of the results of the interim periods presented have been made. The results of operations for the interim periods are not necessarily indicative of the results that may be expected for the full year. For further information, refer to the consolidated financial statements and footnotes thereto included in the 2023 Form 10-K.

Reclassifications

In certain instances, amounts reported in the prior year annual audited consolidated financial statements or the interim condensed consolidated financial statements have been reclassified to conform to the current financial statement presentation.

Use of Estimates

The Company is subject to interest rate risk exposure in the normal course of business through its core lending operations. Primarily to help mitigate interest rate risk associated with its loan portfolio, the Company entered into interest rate swaps in May and August 2023 with a large U.S. financial institution as the counterparty. Interest rate swaps are contractual agreements whereby one party pays a floating interest rate on a notional principal amount and receives a fixed-rate payment on the same notional principal, or vice versa, for a fixed period of time. Interest rate swaps change in value with movements in benchmark interest rates, such as Prime or the Secured Overnight Financing Rate ("SOFR"). Interest rate swaps subject the Company to market risk associated with changes in interest rates, changes in interest rate volatility, as well as the credit risk that the counterparty will fail to perform. The Company's interest rate swaps are pay-fixed and receive-floating whereby the Company receives a variable rate of interest based on SOFR. The Company's interest rate swaps meet the definition of derivative instruments under ASC 815, "Derivatives and Hedging", and are accounted for both initially and subsequently at their fair value. The Company assessed the derivative instruments at inception and determined they met the requirements under ASC 815 to be accounted for as fair value hedges. Fair value hedge relationships mitigate exposure to the change in fair value of the hedged risk in an asset, liability or firm commitment. The Company's interest rate swaps are fair value hedges that are accounted for using the portfolio layer method, which allows the Company to hedge the interest rate risk of prepayable loans by designating as the hedged item a stated amount of two separate and distinct closed portfolios of consumer and commercial loans that are expected to be outstanding for the designated hedge periods. Under the fair value hedging model, gains or losses attributable to the change in fair value of the derivative instruments, as well as the gains and losses attributable to the change in fair value of the hedged items, are recognized in interest income in the same income statement line item with the hedged item in the period in which the change in fair value occurs. The corresponding adjustment to the hedged asset or liability are included in the basis of the hedged items, while the corresponding change in the fair value of the derivative instruments are recorded as an adjustment to other assets or other liabilities, as applicable. The Company presents interest rate swaps on the balance sheets on a net basis when a right of offset exists, based on transactions with a single counterparty and any cash collateral paid to and/or received from that counterparty are subject to legally enforceable master netting arrangements. As of June 30, 2024, the gross amounts of interest rate swap derivative assets and liabilities were \$3.1 million and \$0, respectively, and are recorded in other assets in the consolidated balance sheet.

The following table represents the carrying value of the portfolio layer method hedged assets and the cumulative fair value hedging adjustments included in the carrying value of the hedged assets as of June 30, 2024 and December 31, 2023:

inter-company accounts and transactions have been eliminated in consolidation. Primis consolidates subsidiaries in which it holds, directly or indirectly, more than 50 percent of the voting rights or where it exercises control. Entities where Primis holds 20 to 50 percent of the voting rights, or has the ability to exercise significant influence, or both, are accounted for under the equity method. Primis owns EVB Statutory Trust I (the "Trust") which is an unconsolidated subsidiary and the junior subordinated debt owed to the Trust is reported as a liability of Primis. Primis consolidates PFH, as a result of the determination that it has a controlling financial interest over the entity as further described below.

On December 21, 2023, PFH completed a \$24.5 million Series B financing round led by a global venture capital firm. As part of the financing round, Primis acquired approximately 19% of PFH's common stock for an immaterial purchase price due to previous operating losses in the Bank's Panacea Financial Division. Basis of Presentation

The unaudited condensed consolidated financial statements and notes thereto have been prepared in accordance with U.S. GAAP for interim financial information and instructions for Form 10-Q and follow general practice within the banking industry. Accordingly, the unaudited condensed consolidated financial statements do not include all of the information and footnotes required by U.S. GAAP for complete financial statements. However, in the opinion of management, all adjustments (consisting only of normal recurring accruals) necessary for a fair presentation of the results of the interim periods presented have been made. The results of operations for the interim periods are not necessarily indicative of the results that may be expected for the full year. For further information, refer to the consolidated financial statements and footnotes thereto included in the 2023 Form 10-K.

Reclassifications

In certain instances, amounts reported in the prior year annual audited consolidated financial statements or the interim condensed consolidated financial statements have been reclassified to conform to the current financial statement presentation.

Use of Estimates

The preparation of the consolidated financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from these estimates. Estimates that are particularly susceptible to change in the near term include: the determination of the allowance for credit losses, the fair value of investment securities, the credit impairment of investment securities, the mortgage banking derivatives, interest rate swap derivatives, Consumer Program derivative, the valuation of goodwill, and deferred tax assets. Management monitors and continually reassesses these at each reporting period.

Interest Rate Swaps

The Company is subject to interest rate risk exposure in the normal course of business through its core lending operations. Primarily to help mitigate interest rate risk associated with its loan portfolio, the Company entered into interest rate swaps in May and August 2023 with a large U.S. financial institution as the counterparty. Interest rate swaps are contractual agreements whereby one party pays a floating interest rate on a notional principal amount and receives a fixed-rate payment on the same notional principal, or vice versa, for a fixed period of time. Interest rate swaps change in value with movements in benchmark interest rates, such as Prime or the Secured Overnight Financing Rate ("SOFR"). Interest rate swaps subject the Company to market risk associated with changes in interest rates, changes in interest rate volatility.

The Company's interest rate swaps are pay-fixed and receive-floating whereby the Company receives a variable rate of interest based on SOFR.

The Company's interest rate swaps meet the definition of derivative instruments under ASC 815, "Derivatives and Hedging", and are accounted for both initially and subsequently at their fair value. The Company assessed the derivative instruments at inception and determined they met the requirements under ASC 815 to be accounted for as fair value hedges. Fair value hedge relationships mitigate exposure to the change in fair value of the hedged risk in an asset, liability or firm commitment. The Company's interest rate swaps are fair value hedges that are accounted for using the portfolio layer method, which allows the Company to hedge the interest rate risk of prepayable loans by designating as the hedged item a stated amount of two separate and distinct closed portfolios of consumer and commercial loans that are expected to be outstanding for the designated hedge periods. Under the fair value hedging model, gains or losses attributable to the change in fair value of the derivative instruments, as well as the gains and losses attributable to the change in fair value of the hedged items, are recognized in interest income in the same income statement line item with the hedged item in the period in which the change in fair value occurs. The corresponding adjustment to the hedged asset or liability are included in the basis of the hedged items, while the corresponding change in the fair value of the derivative instruments are recorded as an adjustment to other assets or other liabilities, as applicable. The Company presents interest rate swaps on the balance sheets on a net basis when a right of offset exists, based on transactions with a single counterparty and any cash collateral paid to and/or received from that counterparty are subject to legally enforceable master netting arrangements. As of June 30, 2024, the gross amounts of interest rate swap derivative assets and liabilities were \$3.1 million and \$0, respectively, and are recorded in other assets in the consolidated balance sheet.

The following table represents the carrying value of the portfolio layer method hedged assets and the cumulative fair value hedging adjustments included in the carrying value of the hedged assets as of June 30, 2024 and December 31, 2023:

(or benefit) from continuing operations disaggregated by federal, state, and foreign. The ASU also eliminates certain requirements relating to unrecognized tax benefits and certain deferred tax disclosure relating to subsidiaries and corporate joint ventures. This ASU is effective for the Company's annual disclosures beginning for the year ended December 31, 2025. The Company is currently evaluating the impact of this ASU to its financial statement disclosures.

In March 2024, the FASB issued ASU 2024-01, "Compensation - Stock Compensation (Topic 718): Scope Application of Profits Interest and Similar Awards." This ASU adds an illustrative example to clarify how an entity should determine whether a profits interest or similar award is within the scope of ASC 718. The amendments in this standard will be effective for the Company on January 1, 2025. The Company does not believe this standard will have a material impact on its consolidated financial statements.

In November 2024, the FASB issued ASU 2024-03, "Income Statement—Reporting Comprehensive Income—Expense Disaggregation Disclosures (Subtopic 220-40)." This ASU requires more disclosures about specific types of expenses included in the expense captions presented on the face of the income statement as well as disclosures about selling expenses, but does not change the requirements for the presentation of expenses on the face of the income statement. The amendments in this standard will be effective for the Company on January 1, 2027, and is required to be applied prospectively, with early adoption permitted. The Company does not believe this standard will have a material impact on its consolidated financial statements.

Loans are placed on nonaccrual status when, in management's opinion, the borrower may be unable to meet payment obligations as they become due, as well as when required by regulatory provisions. In determining whether or not a borrower may be unable to meet payment obligations for each class of loans, we consider the borrower's debt service capacity through the analysis of current financial information, if available, and/or current information with regards to our collateral position. Regulatory provisions would typically require the placement of a loan on nonaccrual status if (i) principal or interest has been in default for a period of 90 days or more unless the loan is both well secured and in the process of collection or (ii) full payment of principal and interest is not expected. Loans may be placed on nonaccrual status regardless of whether or not such loans are considered past due. When interest accrual is discontinued, all unpaid accrued interest is reversed. Interest income on nonaccrual loans is recognized only to the extent that cash payments are received in excess of principal due. A loan may be returned to accrual status when all the principal and interest amounts contractually due are brought current and future principal and interest amounts contractually due are reasonably assured, which is typically evidenced by a sustained period (at least six months) of repayment performance by the borrower.</p><p style="font

Interest received on nonaccrual loans was zero and \$0.2 million for the three and six months ended June 30, 2024, respectively, and zero and \$0.01 million for the three and six months ended June 30, 2023, respectively. <p style="font-family:Times New Roman; font-size:10pt; line-height:1.19; margin:0pt 0pt 12pt 0pt;">Modifications Provided to Borrowers Experiencing Financial Difficulty </p><p style="font-family:Times New Roman; font-size:10pt; line-height:1.19; text-align:justify; text-indent:1.44pt; margin:0pt 0pt 12pt 0pt;">The Bank determines that a borrower may be experiencing financial difficulty if the borrower is currently delinquent on any of its debt, or if the Bank is concerned that the borrower may not be able to perform in accordance with the current terms of the loan agreement in the foreseeable future. Many aspects of the borrower's financial situation are assessed when determining whether they are experiencing financial difficulty, particularly as it relates to commercial borrowers due to the complex nature of the loan structure, business/industry risk and borrower/guarantor structures. Concessions may include the reduction of an interest rate at a rate lower than current market rates for a new loan with similar risk, extension of the maturity date, reduction of accrued interest, or principal forgiveness. When evaluating whether a concession has been granted, the Bank also considers whether the borrower has provided additional collateral or guarantors and whether such additions adequately compensate the Bank for the restructured terms, or if the revised terms are consistent with those currently being offered to new loan customers. </p><p style="font-family:Times New Roman; font-size:10pt; line-height:1.19; text-align:justify; text-indent:1.44pt; margin:0pt 0pt 12pt 0pt;">The assessments of whether a borrower is experiencing financial difficulty at the time a concession has been granted is subjective in nature and management's judgment is required when determining whether the concession results in a modification that is accounted for as a new loan or a continuation of the existing loan under U.S. GAAP. </p><p style="font-family:Times New Roman; font-size:10pt; line-height:1.19; text-align:justify; text-indent:1.44pt; margin:0pt 0pt 12pt 0pt;">Although each occurrence is unique to the borrower and is evaluated separately, for all portfolio segments, loans modified as a result of borrowers experiencing financial difficulty are typically modified through reductions in interest rates, reductions in payments, changing the payment terms from principal and interest to interest only, and/or extensions in term maturity. </p><p style="font-family:Times New Roman; font-size:10pt; line-height:1.19; text-align:justify; text-indent:1.44pt; margin:0pt 0pt 12pt 0pt;">For the quarter ended June 30, 2024, one loan with an amortized cost basis of \$109 thousand was modified to a borrower experiencing financial difficulty, representing 0.02% of the secured by first liens loan segment. This loan was modified to reduce the interest rate to 6.68% from 7.98% through its 6/16/2042 maturity. Additionally, during the quarter, one loan with an amortized cost of \$846 thousand, assigned to secured by first liens and constituting 0.14% of this portfolio was no longer designated as a financial difficulty modification. This loan, recognized as an FDM in February 22, 2023, resumed contractual payments in August 2023 and has had 15 consecutive months of satisfactory performance. </p><p style="font-family:Times New Roman; font-size:10pt; line-height:1.19; text-align:justify; text-indent:1.44pt; margin:0pt 0pt 12pt 0pt;">Two existing, other consumer loan modifications, with a total \$45 thousand in amortized cost and representing 0.01% of this segment, have had no payment delinquencies in the quarter. Of these two modifications, one loan with \$15 thousand in amortized cost, was modified to interest only payments for eleven months, with a return to principal and interest payments in August 2024. Total contractual payments for this loan prior to modification would have been \$549. The other existing consumer loan, with \$30 thousand in amortized cost was modified to interest only payments for nine months, with principal and interest payments to resume June 2024. The amount of the allowance represents management's best estimate of current expected credit losses on loans considering available information, from internal and external sources, relevant to assessing collectability over the loans' contractual terms, adjusted for expected prepayments when appropriate. <p style="font-family: 'Times New Roman', 'Times', 'serif'; font-size: 10pt; line-height: 1.19; text-align: justify; text-indent: 14.4pt; margin: 0pt 0pt 12pt 0pt;">In calculating the allowance for credit losses, most loans are segmented into pools based upon similar characteristics and risk profiles. For allowance modeling purposes, our loan pools include but are not limited to (i) commercial real estate - owner occupied, (ii) commercial real estate - non-owner occupied, (iii) construction and land development, (iv) commercial, (v) agricultural loans, (vi) residential 1-4 family and (vii) consumer loans. We periodically reassess each pool to ensure the loans within the pool continue to share similar characteristics and risk profiles and to determine whether further segmentation is necessary. For each loan pool, we measure expected credit losses over the life of each loan utilizing <p style="font-family: 'Times New Roman', 'Times', 'serif'; font-size: 10pt; line-height: 1.19; text-align: justify; margin: 0pt 0pt 12pt 0pt;">a combination of inputs: (i) probability of default, (ii) probability of attrition, (iii) loss given default and (iv) exposure at default. Internal data is supplemented by, but not replaced by, peer data when required, primarily to determine the probability of default input. The various pool-specific inputs may be adjusted for current macroeconomic assumptions. Significant macroeconomic variables utilized in our allowance models include, among other things, (i) Virginia Gross Domestic Product, (ii) Virginia House Price Index, and (iii) Virginia unemployment rates. <p style="font-family: 'Times New Roman', 'Times', 'serif'; font-size: 10pt; line-height: 1.19; text-align: justify; text-indent: 14.4pt; margin: 0pt 0pt 12pt 0pt;">Management qualitatively adjusts allowance model results for risk factors that are not considered within our quantitative modeling processes but are nonetheless relevant in assessing the expected credit losses within our loan pools. Qualitative factor ("Q-Factor") adjustments are driven by key risk indicators that management tracks on a pool-by-pool basis. <p style="font-family: 'Times New Roman', 'Times', 'serif'; font-size: 10pt; line-height: 1.19; text-align: justify; text-indent: 14.4pt; margin: 0pt 0pt 12pt 0pt;">In some cases, management may determine that an individual loan exhibits unique risk characteristics which differentiate the loan from other loans within our loan pools. In such cases, the loans are evaluated for expected credit losses on an individual basis and excluded from the collective evaluation. <p style="font-family: 'Times New Roman', 'Times', 'serif'; font-size: 10pt; Unvested Units outstanding, end of period

The following table details activity in the allowance for credit losses on off-balance sheet credit exposures:

	December 31, 2024	December 31, 2023
Allowance for Credit Losses - Off-Balance Sheet Credit Exposures	\$10.1 million	\$9.6 million
Off-balance sheet credit exposures primarily consist of amounts available under outstanding lines of credit and letters of credit detailed above. For the period of exposure, the estimate of expected credit losses considers both the likelihood that funding will occur and the amount expected to be funded over the estimated remaining life of the commitment or other off-balance sheet exposure.		
The likelihood and expected amount of funding are based on historical utilization rates. The amount of the allowance represents management's best estimate of expected credit losses on commitments expected to be funded over the contractual life of the commitment. Estimating credit losses on amounts expected to be funded uses the same methodology as described for loans in Note 3 – Loans and Allowance for Credit Losses, as if such commitments were funded. The allowance for credit losses on off-balance sheet credit exposures is reflected in other liabilities in our consolidated balance sheets.		
Credit loss expense	\$0.5 million	\$0.4 million

Almost all of our unfunded lines of credit and undisbursed construction loan funds are variable rate. The amount of certificate of deposit accounts maturing in less than one year was \$380.5 million as of June 30, 2024, including \$75.0 million of brokered CDs. Management anticipates that funding requirements for these commitments can be met in the normal course of business.</p><p style="font-family: Times New Roman', 'Times', 'serif', font-size: 10pt; font-weight: bold; line-height: 1.19; text-align: justify; text-indent: 14.4pt; margin: 0pt 0pt 11pt 0pt;">Primis also had commitments on the subscription agreements entered into for investments in non-marketable equity securities of\$1.0million and\$1.0million as of June 30, 2024 and December 31, 2023, respectively.<p style="font-family: Times New Roman', 'Times', 'serif', font-size: 11pt; min-height: 0.0pt; margin: 0pt;"><table style="border-collapse: collapse; font-size: 16pt; height: max-content; padding-left: 0pt; padding-right: 0pt; width: 100%;"><tr><td style="height: 1pt;"><td style="vertical-align: bottom; width: 73.45%; margin: 0pt; padding: 0pt;"><div style="height: 1pt; overflow: hidden; overflow-wrap: break-word; position: relative;"><div style="bottom: 0pt; position: absolute; width: 100%;"><p style="font-family: Times New Roman', 'Times', 'serif', font-size: 11pt; line-height: 1.27; margin: 0pt 0pt 0.05pt 0pt;"><p style="font-size: 1pt; margin-bottom: 8pt; visibility: hidden;"></p></div></div></td><td style="vertical-align: bottom; white-space: nowrap; width: 2.71%; margin: 0pt; padding: 0pt;"><div style="height: 1pt; overflow: hidden; overflow-wrap: break-word; position: relative;"><div style="bottom: 0pt; position: absolute; width: 100%;"><p style="font-family: Times New Roman', 'Times', 'serif', font-size: 11pt; line-height: 1.27; margin: 0pt 0pt 0.05pt 0pt;"><p style="font-size: 1pt; margin-bottom: 8pt; visibility: hidden;"></p></div></div></td><td style="vertical-align: bottom; white-space: nowrap; width: 8.98%; margin: 0pt; padding: 0pt;"><div style="height: 1pt; overflow: hidden; overflow-wrap: break-word; position: relative;"><div style="bottom: 0pt; position: absolute; width: 100%;"><p style="font-family: Times New Roman', 'Times', 'serif', font-size: 11pt; line-height: 1.27; margin: 0pt 0pt 0.05pt 0pt;"><p style="font-size: 1pt; margin-bottom: 8pt; visibility: hidden;"></p></div></div></td><td style="vertical-align: bottom; white-space: nowrap; width: 2.71%; margin: 0pt; padding: 0pt;"><div style="height: 1pt; overflow: hidden; overflow-wrap: break-word; position: relative;"><div style="bottom: 0pt; position: absolute; width: 100%;"><p style="font-family: Times New Roman', 'Times', 'serif', font-size: 11pt; line-height: 1.27; margin: 0pt 0pt 0.05pt 0pt;"><p style="font-size: 1pt; margin-bottom: 8pt; visibility: hidden;"></p></div></div></td><td style="vertical-align: bottom; white-space: nowrap; width: 1.55%; margin: 0pt; padding: 0pt;"><div style="height: 1pt; overflow: hidden; overflow-wrap: break-word; position: relative;"><div style="bottom: 0pt; position: absolute; width: 100%;"><p style="font-family: Times New Roman', 'Times', 'serif', font-size: 11pt; line-height: 1.27; margin: 0pt 0pt 0.05pt 0pt;"><p style="font-size: 1pt; margin-bottom: 8pt; visibility: hidden;"></p></div></div></td><td style="vertical-align: bottom; white-space: nowrap; width: 8.98%; margin: 0pt; padding: 0pt;"><div style="height: 1pt; overflow: hidden; overflow-wrap: break-word; position: relative;"><div style="bottom: 0pt; position: absolute; width: 100%;"><p style="font-family: Times New Roman', 'Times', 'serif', font-size: 11pt; line-height: 1.27; margin: 0pt 0pt 0.05pt 0pt;"><p style="font-size: 1pt; margin-bottom: 8pt; visibility: hidden;"></p></div></div></td><td style="vertical-align: bottom; white-space: nowrap; width: 2.71%; margin: 0pt; padding: 0pt;"><div style="height: 1pt; overflow: hidden; overflow-wrap: break-word; position: relative;"><div style="bottom: 0pt; position: absolute; width: 100%;"><p style="font-family: Times New Roman', 'Times', 'serif', font-size: 11pt; line-height: 1.27; margin: 0pt 0pt 0.05pt 0pt;"><p style="font-size: 1pt; margin-bottom: 8pt; visibility: hidden;"></p></div></div></td><td style="vertical-align: bottom; white-space: nowrap; width: 1.5
