Mr. Wu Tianhua, Chairman and CEO of UP Fintech stated: â€œBoth of our financial and operating performance have achieved significant growth in the third quarter. Total revenue reached US\$101.1 million, a historical high and representing a sequential increase of 15.6% and a year-over-year growth of 44.1%. Bottom line also largely increased in GAAP and non-GAAP basis. Net income attributable to ordinary shareholders of UP Fintech reached US\$17.8 million, representing a quarter-over-quarter growth of 584.6% and a year-over-year growth of 34.0%. Non-GAAP net income attributable to ordinary shareholders of UP Fintech amounted to US\$20.1 million, a quarter-over-quarter increase of 286.5% and a year-over-year increase of 25.6%. In the third quarter, we added 50,500 customers with deposits, more than doubled from a year ago and the total number of customers with deposits at the end of the third quarter reached approximately 1,032,800. We took advantage of the active market condition in October and by now we have already achieved our annual guidance of acquiring 150,000 newly customers with deposits. Driven by strong net asset inflow from retail clients and mark to market gains, total account balance further increased 6.7% quarter-over-quarter and 115.9% year-over-year to US\$40.8 billion, setting another historic high. We continued to add new products on our platform to enhance user experience, which we believe is key to our long-term success. In the third quarter, we officially launched Hong Kong stock option trading and short selling. In early November, we have upgraded the Hong Kong stock option feature by offering weekly option in addition to monthly option. Additionally, in September, we introduced the Tiger Boss debit card, along with the T+0 automatic subscription and redemption feature for our wealth management product, Tiger Vault. This integration allows users to manage their investment portfolios more conveniently, seamlessly bridging daily spending, wealth management, and stock investments. Our corporate businesses continued to perform well in the third quarter of 2024. During this period, we underwrote a total of 13 U.S. and Hong Kong IPOs, including â€œNIP Groupâ€ and â€œVoicecomm Technologyâ€ and we served as the exclusive lead bank for the U.S. IPOs of â€œNIP Groupâ€ and â€œXCHG Limitedâ€. In our ESOP business, we added 18 new clients in the third quarter, bringing the total number of ESOP clients served to 597 as of September 30, 2024. Å 1 Å Financial Highlights for Third Quarter 2024 Å Total revenues increased 44.1% year-over-year to US\$101.1 million. Å Total net revenues increased 47.1% year-over-year to US\$85.4 million. Å Net income attributable to ordinary shareholders of UP Fintech was US\$17.8 million compared to a net income of US\$13.2 million in the same quarter of last year, an increase of 34.0%. Å Non-GAAP net income attributable to ordinary shareholders of UP Fintech was US\$20.1 million, compared to a non-GAAP net income of US\$16.0 million in the same quarter of last year, an increase of 25.6%. A reconciliation of non-GAAP financial metrics to the most comparable GAAP metrics is set forth below. Operating Highlights for Third Quarter 2024 Å Total account balance increased 115.9% year-over-year to US\$40.8 billion. Å Total margin financing and securities lending balance increased 101.8% year-over-year to US\$4.5 billion. Å Total number of customers with deposit increased 19.3% year-over-year to 1,032,800. Commissions were US\$41.2 million, an increase of 77.7% from US\$23.2 million in the same quarter of last year, due to an increase in trading volume. Financing service fees were US\$2.8 million, a decrease of 15.2% from US\$3.3 million in the same quarter of last year, primarily due to a decrease in margin financing and securities lending activities of our fully disclosed account customers. Interest income was US\$48.0 million, an increase of 25.2% from US\$38.3 million in the same quarter of last year, primarily due to the increase in margin financing and securities lending activities of our consolidated account customers. Other revenues were US\$9.1 million, an increase of 69.8% from US\$5.4 million in the same quarter of last year, primarily due to the increase in IPO subscription incomes. Interest expense was US\$15.7 million, an increase of 29.4% from US\$12.1 million in the same quarter of last year, primarily due to the increase in margin financing and securities lending activities. OPERATING COSTS AND EXPENSES Total operating costs and expenses were US\$59.3 million, an increase of 21.7% from US\$48.8 million in the same quarter of last year. Execution and clearing expenses were US\$3.5 million, an increase of 48.3% from US\$2.4 million in the same quarter of last year due to an increase in our trading volume. Employee compensation and benefits expenses were US\$28.8 million, an increase of 10.8% from US\$26.0 million in the same quarter of last year, primarily due to an increase of global headcount to support our global expansion. Occupancy, depreciation and amortization expenses were US\$2.2 million, a slight decrease of 3.2% from US\$2.2 million in the same quarter of last year. Communication and market data expenses were US\$9.7 million, an

increase of 28.4% from US\$7.6 million in the same quarter of last year due to increased IT-related fees. Marketing and branding expenses were US\$8.2 million, an increase of 59.2% from US\$5.2 million in the same quarter of last year, primarily due to higher marketing spending this quarter. General and administrative expenses were US\$6.9 million, an increase of 27.3% from US\$5.4 million in the same quarter of last year due to the increase in professional service expense and general expenses resulting from business expansion and changes. 3A **NET INCOME** attributable to ordinary shareholders of UP Fintech Net income attributable to ordinary shareholders of UP Fintech was US\$17.8 million, as compared to a net income of US\$13.2 million in the same quarter of last year. Net income per ADS **â€œdiluted** was US\$0.110, as compared to a net income per ADS **â€œdiluted** of US\$0.083 in the same quarter of last year. Non-GAAP net income attributable to ordinary shareholders of UP Fintech, which excludes share-based compensation, was US\$20.1 million, as compared to a US\$16.0 million non-GAAP net income attributable to ordinary shareholders of UP Fintech in the same quarter of last year. Non-GAAP net income per ADS **â€œdiluted** was US\$0.124 as compared to a non-GAAP net income per ADS **â€œdiluted** of US\$0.100 in the same quarter of last year. For the third quarter of 2024, the Companyâ€™s weighted average number of ADSs used in calculating non-GAAP net income per ADS **â€œdiluted** was 164,482,794. As of September 30, 2024, the Company had a total of 2,373,182,132 Class A and B ordinary shares outstanding, or the equivalent of 158,212,142 ADSs. **CERTAIN OTHER FINANCIAL ITEMS** As of September 30, 2024, the Companyâ€™s cash and cash equivalents, term deposits and long-term deposits were US\$432.3 million, compared to US\$327.7 million as of December 31, 2023. As of September 30, 2024, the allowance balance of receivables from customers was US\$15.7 million compared to US\$1.0 million as of December 31, 2023, which was due to a bad debt provision concerning the recoverability of a specific Hong Kong stock pledge business faced with extreme market situation and significant price drop, leading to a provision for the loan balance. **Conference Call Information:** UP Fintechâ€™s management will hold an earnings conference call at 8:00 AM on November 12, 2024, U.S. Eastern Time (9:00 PM on November 12, 2024, Singapore/Hong Kong Time). Please dial in 10 minutes prior to the call start time using the conference access information. Additionally, a live and archived webcast of the conference call will be available at <https://ir.itigerup.com> 4A **Use of Non-GAAP Financial Measures** In evaluating our business, we consider and use non-GAAP net loss or income attributable to ordinary shareholders of UP Fintech and non-GAAP net loss or income per ADS - diluted as supplemental measures to review and assess our operating performance. The presentation of the non-GAAP financial measures is not intended to be considered in isolation or as a substitute for the financial information prepared and presented in accordance with the United States Generally Accepted Accounting Principles (â€œU.S. GAAPâ€). We define non-GAAP net loss or income attributable to ordinary shareholders of UP Fintech as net loss or income attributable to ordinary shareholders of UP Fintech excluding share-based compensation. Non-GAAP net loss or income per ADS - diluted is non-GAAP net loss or income attributable to ordinary shareholders of UP Fintech divided by the weighted average number of diluted ADSs. We present these non-GAAP financial measures because they are used by our management to evaluate our operating performance and formulate business plans. Non-GAAP net loss or income attributable to ordinary shareholders of UP Fintech enables our management to assess our operating results without considering the impact of share-based compensation. We also believe that the use of these non-GAAP financial measures facilitates investors' assessment of our operating performance. These non-GAAP financial measures are not defined under U.S. GAAP and are not presented in accordance with U.S. GAAP. These non-GAAP financial measures have limitations as an analytical tool. One of the key limitations of using these non-GAAP financial measures is that they do not reflect all items of income and expenses that affect our operations. Share-based compensation has been and may continue to be incurred in our business and are not reflected in the presentation of non-GAAP net loss or income attributable to ordinary shareholders of UP Fintech. Further, these non-GAAP financial measures may differ from the non-GAAP financial information used by other companies, including peer companies, and therefore their comparability may be limited. These non-GAAP financial measures should not be considered in isolation or construed as alternatives to total operating costs and expenses, net loss or income attributable to ordinary shareholders of UP Fintech or any other measure of performance or as an indicator of our operating performance. Investors are encouraged to review these historical non-GAAP financial measures in light of the most directly comparable GAAP measures. These non-GAAP financial measures presented here may not be comparable to similarly titled measures presented by other companies. Other companies may calculate similarly titled measures differently, limiting the usefulness of such measures when analyzing our data comparatively. We encourage investors and others to review our financial information in its entirety and not rely on a single financial measure. **About UP Fintech Holding Limited** UP Fintech Holding Limited is a leading online brokerage firm focusing on global investors.
