AND SUBSIDIARIESNOTES TO CONSOLIDATED FINANCIAL STATEMENTS(Dollars in thousands, except per share amounts, unless otherwise noted)(unaudited)1.Â Â Basis of Financial ReportingThe accompanying unaudited consolidated financial statements of Nelnet, Inc. and subsidiaries (the â€œCompanyâ€) as of June 30, 2024 and for the three and six months ended June 30, 2024 and 2023 have been prepared on the same basis as the audited consolidated financial statements for the year ended DecemberÂ 31, 2023 and, in the opinion of the Companyâ€™s management, the unaudited consolidated financial statements reflect all adjustments, consisting of normal recurring adjustments, necessary for a fair presentation of results of operations for the interim periods presented. The preparation of financial statements in conformity with U.S. generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect the amounts reported in the consolidated financial statements and accompanying notes. Actual results could differ from those estimates. Operating results for the three and six months ended June 30, 2024 are not necessarily indicative of the results for the year ending DecemberÂ 31, 2024. The unaudited consolidated financial statements should be read in conjunction with the Companyâ€™s Annual Report on Form 10-K for the year ended DecemberÂ 31, 2023 (the "2023 Annual Report"). 2.Â Â Reclassifications and Immaterial Error CorrectionsDuring the second quarter of 2024, the Company identified certain immaterial errors in the previously issued consolidated financial statements that have been corrected to conform to the June 30, 2024 presentation.Loan SalesThe Company determined the reversal of provision for loan losses resulting from the sale of loans should be presented as a reduction to the provision for loan losses rather than the historical presentation as a gain/(loss) on sale of loans included in "other income (expense)" on the consolidated statements of income. Prior period amounts have been corrected to conform to the current period presentation resulting in a reclassification of $21.0 million and $43.1 million for the three and six months ended June 30, 2023, respectively. This correction had no impact on previously reported consolidated assets, liabilities, total equity, net income, and cash flows from operating activities.Solar Tax Equity InvestmentsThe Company relies on audited financial statements provided by third parties to record its share of earnings or losses on its solar tax equity investments. The Company determined that the Hypothetical Liquidation at Book Value (HLBV) method of accounting was not consistently adopted by all third parties in such audited financial statements for those solar tax equity investments made under a lease pass-through structure. The adoption of the HLBV method of accounting accelerates accounting losses in the initial years of the investment but has no impact on the overall economics of the transaction. During the second quarter of 2024, the Company fully adopted HLBV accounting for these investments and prior period amounts have been corrected, resulting in an increase in solar investment losses included in "other, net" in "other income (expense)" on the consolidated statements of income of $2.2 million and $3.2 million for the three and six months ended June 30, 2023, respectively, partially offset by an increase in "net loss attributed to noncontrolling interests" of $1.0 million and $1.3 million for the three and six months ended June 30, 2023, respectively. The after-tax net income impact to Nelnet, Inc. was a reduction of $0.8 million and $1.4 million for the three and six months ended June 30, 2023, respectively. Consolidated "total equity" on the consolidated balance sheet was reduced $21.8 million as of December 31, 2023 and $16.7 million as of December 31, 2022, with the 2022 impact reflecting the cumulative impact of this correction through such date.9.Â Â Loans and Accrued Interest Receivable and Allowance for Loan LossesLoans and accrued interest receivable consisted of the following:As ofAs ofÂ June 30, 2024December 31, 2023Non-Nelnet Bank:Federally insured loans:Stafford and other$2,308,561Â 2,936,174Â Consolidation7,175,172Â 8,750,033Â Total9,483,733Â 11,686,207Â Private education loans247,437Â 277,320Â Consumer and other loans179,447Â 85,935Â Non-Nelnet Bank loans9,910,617Â 12,049,462Â Nelnet Bank:Private education loans354,412Â 360,520Â Consumer and other loans187,939Â 72,352Â Nelnet Bank loans542,351Â 432,872Â Accrued interest receivable619,472Â 764,385Â Loan discount and deferred lender fees, net of unamortized loan premiums and deferred origination costs(36,157)(33,872)Allowance for loan losses:Non-Nelnet Bank:Federally insured loans(54,180)(68,453)Private education loans(13,065)(15,750)Consumer and other loans(14,135)(11,742)Non-Nelnet Bank allowance for loan losses(81,380)(95,945)Nelnet Bank:Private education loans(3,559)(3,347)Consumer and other loans(11,825)(5,351)Nelnet Bank allowance for loan losses(15,384)(8,698)Â $10,939,519Â 13,108,204Â The following table summarizes the allowance for loan losses as a percentage of the ending loan balance for each of the Company's loan portfolios.As ofAs ofJune 30, 2024December 31, 2023Non-Nelnet Bank:Federally insured loans (a)0.57Â %0.59Â %Private education loans5.28Â %5.68Â %Consumer and other loans (b)7.88Â %13.66Â %Nelnet Bank:Private education loans1.00Â %0.93Â %Consumer and other loans6.29Â %7.40Â %(a)Â Â Â Â As of June 30, 2024 and DecemberÂ 31, 2023, the allowance for loan losses as a percent of the risk sharing component of federally insured student loans not covered by the federal guaranty was 20.9% and 21.8%, respectively.(b)Â Â Â Â Decrease as of June 30, 2024 compared with DecemberÂ 31, 2023 is due to the change in the mix of loans outstanding at the end of each period reported.Loan SalesDuring the three months ended June 30, 2024 and 2023, the Company sold $133.8 million and $158.3 million, respectively, of consumer loans, and recognized losses from such sales of $1.4 million and $5.5 million, respectively. During the six months ended June 30, 2024 and 2023, the Company sold $333.9 million and $420.2 million, respectively, of FFELP and consumer loans, and recognized losses from such sales of $1.6 million and $15.8 million, respectively. For certain of these loan sales, the Company has sold portfolios of loans to unrelated third parties who securitized such loans. As partial consideration received for the loans sold, the Company received residual interest in the loan securitizations and asset-backed investment securities that are included in "investments and notes receivable" on the Company's consolidated balance sheets.10Activity in the Allowance for Loan LossesThe following table presents the activity in the allowance for loan losses by portfolio segment.Balance at beginning of periodProvision (negative provision) for loan losses (a)Charge-offsRecoveriesBalance at end of periodThree months ended June 30, 2024Non-Nelnet Bank:Federally insured loans$61,723Â (1,970)(5,573)â€”Â 54,180Â Private education loans14,736Â â€”Â (1,827)156Â 13,065Â Consumer and other loans18,761Â (2,255)(2,634)263Â 14,135Â Nelnet Bank:Private education loans3,660Â 255Â (460)104Â 3,559Â Consumer and other loans7,128Â 7,519Â (2,837)15Â 11,825Â $106,008Â 3,549Â (13,331)538Â 96,764Â Three months ended June 30, 2023Non-Nelnet Bank:Federally insured loans$79,331Â â€”Â (5,270)â€”Â 74,061Â Private education loans15,175Â â€”Â (1,069)216Â 14,322Â Consumer and other loans35,317Â (12,873)(2,880)441Â 20,005Â Nelnet Bank:Federally insured loans160Â (4)(2)â€”Â 154Â Private education loans2,894Â 517Â (506)â€”Â 2,905Â Consumer and other loans1,827Â 989Â â€”Â â€”Â 2,816Â $134,704Â (11,371)(9,727)657Â 114,263Â Six months ended June 30, 2024Non-Nelnet Bank:Federally insured loans$68,453Â (3,840)(10,433)â€”Â 54,180Â Private education loans15,750Â (265)(2,840)420Â 13,065Â Consumer and other loans11,742Â 6,335Â (4,586)644Â 14,135Â Nelnet Bank:Private education loans3,347Â 1,012Â (906)106Â 3,559Â Consumer and other loans5,351Â 11,236Â (4,804)42Â 11,825Â $104,643Â 14,478Â (23,569)1,212Â 96,764Â Six months ended June 30, 2023Non-Nelnet Bank:Federally insured loans$83,593Â 2,411Â (11,943)â€”Â 74,061Â Private education loans15,411Â 240Â (1,709)380Â 14,322Â Consumer and other loans30,263Â (5,770)(5,149)661Â 20,005Â Nelnet Bank:Federally insured loans170Â (12)(4)â€”Â 154Â Private education loans2,390Â 1,129Â (614)â€”Â 2,905Â Consumer and other loansâ€”Â 2,816Â â€”Â â€”Â 2,816Â $131,827Â 814Â (19,419)1,041Â 114,263Â 11(a) The following table presents the reduction to provision for loan losses as a result of the loan sales described under "Loan Sales" above.Â Â Â Â Provision for current periodLoan sale reduction to provisionProvision(negative provision) for loan lossesThree months ended June 30, 2024Non-

Unfunded Loan CommitmentsAs of June 30, 2024 and DecemberÂ 31, 2023, Nelnet Bank had a liability of approximately $119,000 and $158,000, respectively, related to $11.5 million and $12.3 million, respectively, of unfunded private education, consumer, and other loan commitments. When a new loan commitment is made, the Company records an allowance that is included in "other liabilities" on the consolidated balance sheet by recording a provision for loan losses. When the loan is funded, the Company transfers the liability to the allowance for loan losses. Below is a reconciliation of the provision for loan losses reported in the consolidated statements of income.Three months endedSix months endedJune 30,June 30,20242023202420232023Provision for loan losses from allowance activity table above$3,549Â (11,371)14,478Â 814Â Provision (negative provision) for unfunded loan commitments62Â (9)(38)(23)Provision (negative provision) for loan losses reported in consolidated statements of income$3,611Â (11,380)14,440Â 791Â 12Key Credit Quality IndicatorsLoan Status and DelinquenciesKey credit quality indicators for the Companyâ€™s federally insured, private education, consumer, and other loan portfolios are loan status, including delinquencies. The impact of changes in loan status is incorporated into the allowance for loan losses calculation. Delinquencies have the potential to adversely impact the Companyâ€™s earnings through increased servicing and collection costs and account charge-offs.Â The following table presents the Companyâ€™s loan status and delinquency amounts.As of June 30, 2024As of December 31, 2023As of June 30, 2023Federally insured loans - Management proactively assesses the risk and size of this loan category and, when necessary, takes actions to mitigate the credit risk.Nonaccrual StatusThe Company does not place federally insured loans on nonaccrual status due to the government guaranty. The amortized cost of private education, consumer, and other loans on nonaccrual status, as well as the allowance for loan losses related to such loans, as of June 30, 2024 and DecemberÂ 31, 2023, was not material.15Amortized Cost Basis by Origination YearThe following table presents the amortized cost of the Company's private education, consumer, and other loans by loan status and delinquency amount as of June 30, 2024 based on year of origination. Effective July 1, 2010, no new loan originations can be made under the FFEL Program and all new federal loan originations must be made under the Federal Direct Loan Program. On July 15, 2024, this facility was amended to reduce the maximum financing amount from $875 million to $800 million, and to extend the expiration of liquidity provisions and final maturity date to JanuaryÂ 31, 2025 and JanuaryÂ 31, 2026, respectively.(b)Â Â Â Â This facility has a static advance rate until the expiration date of the liquidity provisions. The maximum advance rates for this facility are 90% to 96%, and the minimum advance rates are 84% to 90%. In the event the liquidity provisions are not extended, the valuation agent has the right to perform a one-time mark to market on the underlying loans funded in this facility, subject to a floor. The loans would then be funded at this new advance rate until the final maturity date of the facility.(c)Â Â Â Â On April 2, 2024, this facility was amended to reduce the maximum financing amount from $432 million to $375 million, and to extend the expiration of liquidity provisions and final maturity date to AprilÂ 1, 2025 and AprilÂ 1, 2026, respectively.(d)Â Â Â Â On March 11, 2024, this facility was amended to reduce the maximum financing amount from $200 million to $150 million.Unsecured Line of CreditThe Company has a $495.0 million unsecured line of credit that has a maturity date of SeptemberÂ 22, 2026. As of June 30, 2024, no amount was outstanding on the line of credit and $495.0 million was available for future use.Repurchase AgreementThe Company has a

repurchase agreement with a non-affiliated third party, the proceeds of which are collateralized by certain private education loan asset-backed securities (bond investments). The outstanding balance under this agreement as of June 30, 2024 was $111.2 million. The agreement has various maturity dates through DecemberÂ 20, 2024 or earlier if either party provides 180 daysâ€™ prior written notice, and the Company is subject to margin deficit payment requirements if the fair value of the securities subject to the agreement is less than the original purchase price of such securities on any scheduled reset date. See note 6 for additional information about the private education loan asset-backed securities investments serving as collateral for this repurchase agreement.Debt RepurchasesThe Company has repurchased certain of its own asset-backed securities (bonds and notes payable) in the secondary market. For accounting purposes, these notes are eliminated in consolidation and are not included in the Company's consolidated financial statements. However, these securities remain legally outstanding at the trust level and the Company could sell these notes to third parties or redeem the notes at par as cash is generated by the trust estate.Â Upon a sale of these notes to third parties, the Company would obtain cash proceeds equal to the market value of the notes on the date of such sale. As of June 30, 2024, the Company holds $311.7 million (par value) of its own FFELP asset-backed securities.In April 2023, the Company redeemed $188.6 million of FFELP loan asset-backed debt securities (bonds and notes payable) prior to their maturity. The remaining unamortized debt discount associated with these bonds at the time of redemption was written-off, resulting in a $25.9 million non-cash expense recognized in April 2023. This expense is included in "interest expense on bonds and notes payable and bank deposits" on the consolidated statements of income.195.Â Â Derivative Financial InstrumentsNon-Nelnet Bank DerivativesThe Company uses settled-to-market derivative financial instruments to manage interest rate risk. Derivative instruments used as part of the Company's interest rate risk management strategy are further described in note 5 of the notes to consolidated financial statements included in the 2023 Annual Report. A tabular presentation of such derivatives outstanding as of June 30, 2024 and DecemberÂ 31, 2023 is presented below.Basis SwapsThe following table summarizes the Companyâ€™s outstanding basis swaps, in which the Company receives and pays the term adjusted Secured Overnight Financing Rate (SOFR) plus the tenor spread adjustment to LIBOR. Prior to the discontinuation of LIBOR on June 30, 2023, the Company received three-month LIBOR set discretely in advance and paid one-month LIBOR plus or minus a spread as defined in the agreements (the "1:3 Basis Swaps"). As such, the Company records these derivative instruments in the consolidated balance sheets on a gross basis as either an asset (included in "other assets") or liability (included in "other liabilities") measured at fair value. The following table summarizes the fair value of the Company's Nelnet Bank derivatives as reflected in the consolidated balance sheets.Fair value of asset derivativesFair value of liability derivativesAs of June 30, 2024As of December 31, 2023As of June 30, 2024As of December 31, 2023Interest rate swaps - Nelnet Bank$2,112Â 452Â 780Â 1,976Â Statements of IncomeThe following table summarizes the components of "derivative market value adjustments and derivative settlements, net" included in the consolidated statements of income.Three months ended June 30,Six months ended June 30,Â 20242023202420232023Settlements:Â Â 1:3 basis swaps$249Â (65)614Â 794Â Interest rate swaps - floor income hedges1,193Â 47Â 2,383Â 22,525Â Interest rate swaps - Nelnet Bank207Â 83Â 409Â 83Â Total settlements - income1,649Â 65Â 3,406Â 23,402Â Change in fair value:Â Â 1:3 basis swaps(232)235Â (586)211Â Interest rate swaps - floor income hedges1,168Â 662Â 7,228Â (36,726)Interest rate swaps - Nelnet Bank597Â 1,108Â 2,855Â 1,108Â Total change in fair value - income (expense)1,533Â 2,005Â 9,497Â (35,407)Derivative market value adjustments and derivative settlements, net - income (expense)$3,182Â 2,070Â 12,903Â (12,005)216.Â Â Investments and Notes Receivable"Restricted investments" and â€œinvestments and notes receivableâ€ consisted of the following:As of June 30, 2024As of December 31, 2023Amortized costGross unrealized gainsGross unrealized losses Fair valueAmortized costGross unrealized gainsGross unrealized lossesFair valueRestricted available-for-sale investments (at fair value):FFELP loan and other debt securities$47,968Â 2,473Â (83)50,358Â 16,993Â 1,069Â (93)17,969Â Non-restricted available-for-sale investments (at fair value):Non-Nelnet Bank:FFELP loan$220,076Â 6,910Â (1,450)225,536Â 271,479Â 4,883Â (5,393)270,969Â Private education loan (a)258,390Â â€”Â (22,442)235,948Â 281,791Â â€”Â (28,874)252,917Â Other debt securities33,673Â 2,042Â â€”Â 35,715Â 41,693Â 2,020Â (1,275)42,438Â Total Non-Nelnet Bank512,139Â 8,952Â (23,892)497,199Â 594,963Â 6,903Â (35,542)566,324Â Nelnet Bank:FFELP loan (b)227,124Â 8,090Â (1,350)233,864Â 304,555Â 4,488Â (2,286)306,757Â Private education loanâ€”Â â€”Â â€”Â 17,083Â 20Â (10)17,093Â Other debt securities158,609Â 917Â (1,418)158,108Â 49,284Â 117Â (1,641)47,760Â Total Nelnet Bank385,733Â 9,007Â (2,768)391,972Â 370,922Â 4,625Â (3,937)371,610Â Total available-for-sale asset-backed securities$897,872Â 17,959Â (26,660)889,171Â 965,885Â 11,528Â (39,479)937,934Â Equity securities59,621Â 50,907Â Total investments at fair value948,792Â 988,841Â Other Investments and Notes Receivable (not measured at fair value):Held-to-maturity investmentsNon-Nelnet Bank:Debt securities3,500Â 4,700Â Nelnet Bank:FFELP loan asset-backed securities (b)217,283Â 149,938Â Private education loan asset-backed securities8,100Â 8,100Â Total Nelnet Bank225,383Â 158,038Â Total held-to-maturity investments228,883Â 162,738Â Venture capital and funds:Measurement alternative196,803Â 194,084Â Equity method114,800Â 91,464Â Total venture capital and funds311,603Â 285,548Â Real estate:Equity method125,989Â 103,811Â Investment in ALLO:Voting interest/equity method (c)â€”Â 10,693Â Preferred membership interest and accrued and unpaid preferred return (d)176,092Â 155,047Â Total investment in ALLO176,092Â 165,740Â Beneficial interest in loan securitizations (e):Consumer loans, net of allowance for credit losses of $5,911 as of June 30, 2024163,853Â 134,113Â Private education loans59,326Â 68,372Â Federally insured student loans20,790Â 22,594Â Total beneficial interest in loan securitizations243,969Â 225,079Â Solar (f)(176,105)(146,040)Notes receivable28,565Â 53,747Â Tax liens, affordable housing, and other8,645Â 7,243Â Total investments (not measured at fair value)947,641Â 857,866Â Total investments and notes receivable$1,896,433Â $1,846,707Â 22(a)Â Â Â Â Â A portion of the private education loan asset-backed securities were subject to a repurchase agreement with a third party, as discussed in note 4 under "Repurchase Agreement." As of June 30, 2024, the par value and fair value of these securities was $148.1 million and $130.7 million, respectively.(b)Â Â Â Â On May 22, 2024, securities at Nelnet Bank with a fair value of $70.6 million were transferred from available-for-sale to held-to-maturity. The securities were reclassified at fair value at the time of the transfer, and such transfer represented a non-cash transaction. Accumulated other comprehensive income as of May 22, 2024 included pre-tax unrealized gains of $3.4 million related to the transfer. These unrealized gains will be amortized, consistent with the amortization of any premiums on such securities, over the remaining lives of the respective securities as an adjustment of yield.(c)Â Â Â Â The Company accounts for its voting membership interests in ALLO under the Hypothetical Liquidation at Book Value (HLBV) method of accounting. Under the HLBV method of accounting on its ALLO voting membership interests investment, the Company recognized no losses and $12.2 million of losses during the three months ended June 30, 2024 and 2023, respectively, and losses of $10.7 million and $32.4 million during the six months ended June 30, 2024 and 2023, respectively. Losses from the Company's investment in ALLO are included in "other, net" in "other income (expense)" on the consolidated statements of income. Absent additional equity contributions with respect to ALLO's voting membership interests, the Company will not recognize additional losses for its voting membership interests in ALLO.(d)Â Â Â Â As of June 30, 2024, the outstanding preferred membership interests and accrued and unpaid preferred return of ALLO held by the Company was $169.5 million and $6.6 million, respectively. The Company historically earned a preferred annual return of 6.25% that increased to 10.00% on April 1, 2024 for $155.0 million of preferred membership interests of ALLO held by the Company. During the second quarter of 2024, the Company purchased an additional $14.5 million of preferred membership interests of ALLO, which earn a preferred annual return of 20.0%. The Company recognized income on its ALLO preferred membership interests of $4.2 million and $2.3 million during the three months ended June 30, 2024 and 2023, respectively, and $6.6 million and $4.5 million during the six months ended June 30, 2024 and 2023, respectively. This income is included in "other, net" in "other income (expense)" on the consolidated statements of income.(e)Â Â Â Â The Company has partial ownership in certain consumer, private education, and federally insured student loan securitizations. As of the latest remittance reports filed by the various trusts prior to or as of June 30, 2024, the Company's ownership correlates to approximately $1.12 billion, $500 million, and $315 million of consumer, private education, and federally insured student loans, respectively, included in these securitizations. During the three months ended June 30, 2024, the Company recorded a $5.9 million allowance for credit losses (and related provision expense) related to certain of the Company's beneficial interest in consumer loan securitizations. As of June 30, 2024, the Company's estimate of future cash flows from the beneficial interest in certain consumer loan securitizations was lower than previously anticipated due to increased consumer loan defaults within such securitizations.(f)Â Â Â Â As of June 30, 2024, the Company has funded a total of $502.8 million in solar investments that remain outstanding, which includes $219.8 million funded by syndication partners. The carrying value of the Companyâ€™s investment in a solar project is reduced by tax credits earned when the solar project is placed-in-service. As of June 30, 2024, the Company has earned a total of $474.4 million of tax credits on those projects that remain outstanding, which includes $218.4 million earned by syndication partners. The solar investment negative carrying value on the consolidated balance sheet of $176.1 million as of June 30, 2024 represents the sum of total tax credits earned on solar projects placed-in-service through June 30, 2024 and the calculated HLBV cumulative net losses being larger than the total investment contributions made by the Company and its syndication partners on such projects. The solar investment negative carrying value as of June 30, 2024 excluding the portion owned by syndication partners, which is reflected as "noncontrolling interests" on the consolidated balance sheet, was $84.0 million.The Company accounts for its solar investments using the HLBV method of accounting. For the majority of the Companyâ€™s solar investments, the HLBV method of accounting results in accelerated losses in the initial years of investment. The following table presents (i) the Company's recognized net (losses) gains, which include net losses attributable to third-party noncontrolling interest investors (syndication partners), included in â€œother, netâ€ in "other income (expense)" on the consolidated statements of income, (ii) solar net gains (losses) attributed to noncontrolling interest investors included in â€œnet loss attributable to noncontrolling interestsâ€ on the consolidated statements of income, and (iii) the Company's recognized net (losses) gains excluding net gains (losses) attributed to noncontrolling interest investors (such amount reflecting the before tax net income impact of such solar tax equity investments to the Company). (b)Â Â Â Â On April 12, 2024, the Company announced a change in its solar engineering, procurement, and construction (EPC) operations to focus exclusively on the commercial solar market and will discontinue its residential solar operations. As a result, during the three months ended June 30, 2024, the Company recognized non-cash impairment charges on certain solar facilities and inventory related to the residential solar operations.Restructure ChargesGRNE SolarOn April 12, 2024, the Company announced a change in its solar EPC operations to focus exclusively on the commercial solar market and will discontinue its residential solar operations. The restructuring plan included a reduction in headcount of approximately 40 associates. The Company incurred a restructure charge of $1.6 million related to these staff reductions and commissions paid for canceled contracts, which is included in "salaries and benefits" in the consolidated statements of income. Loan Servicing and Systems (LSS)In June 2024, the Company announced a reduction in headcount after the completion of the transfer of direct loan servicing volume to one platform and the required servicing platform enhancements for the Company's new student loan servicing contract with the Department of Education. Approximately 220 associates who work in LSS, including some in related shared services that support LSS, were notified their positions were being eliminated. The Company estimates incurring a charge of $7.1 million related to these staff reductions, of which $2.1 million was recognized in the second quarter of 2024, which is included in "salaries and benefits" in the consolidated statements of income. The remaining expense will be recognized during the third and fourth quarters of 2024. 2710.Â Â Bank DepositsThe following table summarizes Nelnet Bankâ€™s interest-bearing deposits, excluding intercompany deposits:As ofAs ofJune 30, 2024December 31, 2023Retail and other savings$622,080Â 520,017Â Brokered CDs, net of brokered deposit fees246,156Â 203,522Â Retail and other CDs, net of issuance fees22,236Â 20,060Â Total interest-bearing deposits$890,472Â 743,599Â As of June 30, 2024 and DecemberÂ 31, 2023, Nelnet Bank had intercompany deposits from Nelnet, Inc. and its subsidiaries totaling $143.0 million and $104.0 million, respectively, including a $40.0 million pledged deposit from Nelnet, Inc. as required under a Capital and Liquidity Maintenance Agreement with the FDIC. Revenue earned by the Company related to this contract was $87.0 million and $95.7 million for the three months ended June 30, 2024 and 2023, respectively, and $192.5 million and $204.6 million for the six months ended June 30, 2024 and 2023, respectively. The Company's legacy student loan servicing contract with the Department was scheduled to expire on December 14, 2023. In April 2023, Nelnet Servicing received a contract award from the Department, pursuant to which it was selected to provide continued servicing capabilities for the Department's student aid recipients under a new Unified Servicing and Data Solution (USDS) contract (the "New Government Servicing Contract") which replaced the legacy Department student loan servicing contract. The New Government Servicing Contract became effective April 24, 2023 and has a five year base period, with 2 two-year and 1 one-year possible extensions. The Department's total loan servicing volume of existing borrowers was allocated by the Department to Nelnet Servicing and four other third-party servicers that were awarded a USDS contract. Under the New Government Servicing Contract, Nelnet Servicing immediately began to make required servicing platform enhancements, for which it will be compensated from the Department on certain of these investments. Servicing under the New Government Servicing Contract went live on April 1, 2024 and the Company recognized revenue in accordance with this new contract beginning in the second quarter of 2024. The Company earned revenue for servicing borrowers under the legacy servicing contract with the Department through March 31, 2024.The New Government Servicing Contract has multiple revenue components with tiered pricing based on borrower volume, while revenue earned under the legacy servicing contract was primarily based on borrower status. Assuming borrower volume remains consistent under the New Government Servicing Contract, the Company expects revenue earned on a per borrower blended basis will decrease under the New Government Servicing Contract versus the legacy contract. However, consistent with the legacy contract, the Company expects to earn additional revenue from the Department under the New Government Servicing Contract for change requests and other support services. In addition, the Company has executed an agreement with a third-party servicer awarded a USDS contract to license its servicing software to such entity. The Company began earning remote hosted servicing revenue from this new customer during the second quarter of 2024. The amount of revenue earned by the Company from this new customer will depend on the number of servicing borrowers allocated by the Department to this servicer. 15.Â Fair ValueThe following tables present the Companyâ€™s financial assets and liabilities that are measured at fair value on a recurring basis.Â As of June 30, 2024As of December 31, 2023Â Level 1Level 2TotalLevel 1Level 2TotalAssets:Â Â Â Investments:Asset-backed debt securities - available-for-sale$100Â 939,429Â 939,529Â 99Â 955,804Â 955,903Â Equity securities187Â â€”Â 187Â 73Â â€”Â 73Â Equity securities measured at net asset value (a)59,434Â 50,834Â Total investments287Â 939,429Â 999,150Â 172Â 955,804Â 1,006,810Â Derivative instrumentsâ€”Â 2,112Â 2,112Â â€”Â 452Â 452Â Total assets$287Â 941,541Â 1,001,262Â 172Â 956,256Â 1,007,262Â Liabilities:Derivative instruments$â€”Â 780Â 780Â â€”Â 1,976Â 1,976Â Total liabilities$â€”Â 780Â 780Â â€”Â 1,976Â 1,976Â (a)Â Â Â Â In accordance with the Fair Value Measurements Topic of the FASB Accounting Standards Codification, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy.35The following table summarizes the fair values of all of the Companyâ€™s financial instruments on the consolidated balance sheets:Â As of June 30, 2024Â Fair valueCarrying valueLevel 1Level 2Level 3Financial assets:Â Â Â Â Loans receivable$10,902,478Â 10,320,047Â â€”Â â€”Â 10,902,478Â Accrued loan interest receivable619,472Â 619,472Â â€”Â 619,472Â â€”Â Cash and cash equivalents145,478Â 145,478Â 145,478Â â€”Â â€”Â Investments (at fair value)999,150Â 999,150Â 287Â 939,429Â â€”Â Investments - held-to-maturity234,263Â 228,883Â â€”Â 234,263Â â€”Â Notes receivable28,565Â 28,565Â â€”Â 28,565Â â€”Â Beneficial interest in loan securitizations261,850Â 243,969Â â€”Â â€”Â 261,850Â Restricted cash538,446Â 538,446Â 538,446Â â€”Â â€”Â Restricted cash â€“ due to customers259,479Â 259,479Â 259,479Â â€”Â â€”Â Derivative instruments2,112Â 2,112Â â€”Â 2,112Â â€”Â Financial liabilities:Â Â Bonds and notes payable9,560,951Â 9,567,708Â â€”Â 9,560,951Â â€”Â Accrued interest payable27,141Â 27,141Â â€”Â 27,141Â â€”Â Bank deposits869,437Â 890,472Â 575,265Â 294,172Â â€”Â Due to customers388,876Â 388,876Â 388,876Â â€”Â â€”Â Derivative instruments780Â 780Â â€”Â 780Â â€”Â Â As of December 31, 2023Â Fair valueCarrying valueLevel 1Level 2Level 3Financial assets:Â Â Â Â Loans receivable$12,800,638Â 12,343,819Â â€”Â â€”Â 12,800,638Â Accrued loan interest receivable764,385Â 764,385Â â€”Â 764,385Â â€”Â Cash and cash equivalents168,112Â 168,112Â 168,112Â â€”Â â€”Â Investments (at fair value)1,006,810Â 1,006,810Â 172Â 955,804Â â€”Â Investments - held-to-maturity163,622Â 162,738Â â€”Â 163,622Â â€”Â Notes receivable53,747Â 53,747Â â€”Â 53,747Â â€”Â Beneficial interest in loan securitizations262,093Â 225,079Â â€”Â â€”Â 262,093Â Restricted cash488,723Â 488,723Â 488,723Â â€”Â â€”Â Restricted cash â€“ due to customers368,656Â 368,656Â 368,656Â â€”Â â€”Â Derivative instruments452Â 452Â â€”Â 452Â â€”Â Financial liabilities:Â Â Bonds and notes payable11,629,359Â 11,828,393Â â€”Â 11,629,359Â â€”Â Accrued interest payable35,391Â 35,391Â â€”Â 35,391Â â€”Â Bank deposits722,973Â 743,599Â 467,420Â 255,553Â â€”Â Due to customers425,507Â 425,507Â 425,507Â â€”Â â€”Â Derivative instruments1,976Â 1,976Â â€”Â 1,976Â â€”Â The methodologies for estimating the fair value of financial assets and liabilities are described in note 23 of the notes to consolidated financial statements included in the 2023 Annual Report.ITEM 2.Â Â MANAGEMENTâ€™S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS(Managementâ€™s Discussion and Analysis of Financial Condition and Results of Operations is for the three and six months ended June 30, 2024 and 2023. The words â€œanticipate,â€ â€œassume,â€ â€œbelieve,â€ â€œcontinue,â€ â€œcould,â€ â€œensure,â€ â€œestimate,â€ â€œexpect,â€ â€œforecast,â€ â€œfuture,â€ â€œintend,â€ â€œmay,â€ â€œplan,â€ â€œpotential,â€ â€œpredict,â€ â€œscheduled,â€ â€œshould,â€ â€œwill,â€ â€œwould,â€ and similar expressions, as well as statements in future tense, are intended to identify forward-looking statements.The forward-looking statements are based on assumptions and analyses made by management in light of management's experience and its perception of historical trends, current conditions, expected future developments, and other factors that management believes are appropriate under the circumstances. These statements are subject to known and unknown risks, uncertainties, assumptions, and other factors that may cause the actual results and performance to be materially different from any future results or performance expressed or implied by such forward-looking statements.Â These factors include, among others, the risks and uncertainties set forth in the â€œRisk Factorsâ€ section of the 2023 Annual Report and include such risks and uncertainties as:â€¢risks related to the ability to successfully maintain and increase allocated volumes of student loans serviced by the Company under existing and future servicing contracts with the Department, risks related to unfavorable contract modifications or interpretations, and risks related to the Company's ability to comply with agreements with third-party customers for the servicing of Federal Direct Loan Program, Federal Family Education Loan Program (the "FFEL Program" or FFELP), private education, and consumer loans;â€¢loan portfolio risks such as prepayment risk, credit risk, interest rate basis and repricing risk, risks related to the use of derivatives to manage exposure to interest rate fluctuations, uncertainties regarding the expected benefits from purchased securitized and unsecuritized FFELP, private education, consumer, and other loans, or investment interests therein, and initiatives to purchase additional FFELP, private education, consumer, and other loans;â€¢financing and liquidity risks, including risks of changes in the interest rate environment;â€¢risks from changes in the terms of education loans and in the educational credit and services markets resulting from changes in applicable laws, regulations, and government programs and budgets;â€¢risks related to a breach of or failure in the Company's operational or information systems or infrastructure, or those of third-party vendors, including disclosure of confidential or personal information and/or damage to reputation resulting from cyber breaches;â€¢risks related to use of artificial intelligence;â€¢uncertainties inherent in forecasting future cash flows from student loan assets and related asset-backed securitizations;â€¢risks related to the ability of Nelnet Bank to achieve its business objectives and effectively deploy loan and deposit strategies and achieve expected market penetration;â€¢risks related to the expected benefits to the Company from its continuing investment in ALLO Holdings, LLC (referred to collectively with its subsidiary ALLO Communications LLC as "ALLO"), and risks related to investments in solar projects, including risks of not being able to realize tax credits which remain subject to recapture by taxing authorities and rising construction costs;â€¢risks and uncertainties related to other initiatives to pursue additional strategic investments (and anticipated income therefrom) including venture capital and real estate investments, reinsurance, acquisitions, and other activities (including risks associated with errors that occasionally occur in converting loan servicing portfolios to a new servicing platform), including activities that are intended to diversify the Company both within and outside of its historical core education-related businesses;â€¢risks and uncertainties associated with climate change; andâ€¢risks and uncertainties associated with litigation matters and maintaining compliance with the extensive regulatory requirements applicable to the Company's businesses, and uncertainties inherent in the estimates and assumptions about future events that management is required to make in the preparation of the Companyâ€™s consolidated financial statements.All forward-looking statements contained in this report are qualified by these cautionary statements and are made only as of the date of this document. Although the Company may from time to time voluntarily update or revise its prior forward-looking statements to reflect actual results or changes in the Company's expectations, the Company disclaims any commitment to do so except as required by law.37OVERVIEWThe Company is a diversified hybrid holding company with primary businesses being consumer lending, loan servicing, payments, and technology - all with a large customer emphasis in the education space. The largest operating businesses engage in loan servicing and education technology services and payments. A significant portion of the Company's revenue is net interest income earned on a portfolio of federally insured student loans. The Company also makes investments to further diversify both within and outside of its historical core education-related businesses including, but not limited to, investments in a fiber communications company (ALLO), early-stage and emerging growth companies (venture capital investments), real estate, reinsurance, and renewable energy (solar). The Company is also actively expanding its private education, consumer, and other loan portfolios, and in November 2020 launched Nelnet Bank.Reclassifications and Immaterial Error CorrectionsThe accompanying Management's Discussion and Analysis of Financial Condition and Results of Operations gives effect to the immaterial error corrections made to the previously reported consolidated financial statements for the three and six months ended June 30, 2023. For additional information, see note 2 of the notes to consolidated financial statements included under Part I, Item 1 of this report.GAAP Net Income and Non-GAAP Net Income, Excluding AdjustmentsThe Company prepares its financial statements and presents its financial results in accordance with GAAP. However, it also provides additional non-GAAP financial information related to specific items management believes to be important in the evaluation of its operating results and performance. A reconciliation of the Company's GAAP net income to Non-GAAP net income, excluding derivative market value adjustments, and a discussion of why the Company believes providing this additional information is useful to investors, is provided below.Three months ended June 30,Six months ended June 30,20242023GAAP net income attributable to Nelnet, Inc.$45,091Â 27,426Â 118,498Â 53,385Â Realized and unrealized derivative market value adjustments (a)(1,533)(2,005)(9,497)35,407Â Tax effect (b)368Â 481Â 2,279Â (8,498)Non-GAAP net income attributable to Nelnet, Inc., excluding derivative market value adjustments$43,926Â 25,902Â 111,280Â 80,294Â Earnings per share:GAAP net income attributable to Nelnet, Inc.$1.23Â 0.73Â 3.22Â 1.43Â Realized and unrealized derivative market value adjustments (a)(0.04)(0.05)(0.26)0.95Â Tax effect (b)0.01Â 0.01Â 0.06Â (0.23)Non-GAAP net income attributable to Nelnet, Inc., excluding derivative market value adjustments$1.20Â 0.69Â 3.02Â 2.15Â (a) "Derivative market value adjustments" includes both the realized portion of gains and losses (corresponding to variation margin received or paid on derivative instruments that are settled daily at a central clearinghouse) and the unrealized portion of gains and losses that are caused by changes in fair values of derivatives which do not qualify for "hedge treatment" under GAAP. "Derivative market value adjustments" does not include "derivative settlements" that represent the cash paid or received during the current period to settle with derivative instrument counterparties the economic effect of the Company's derivative instruments based on their contractual terms.The accounting for derivatives requires that changes in the fair value of derivative instruments be recognized currently in earnings, with no fair value adjustment of the hedged item, unless specific hedge accounting criteria is met.Â Management has structured all of the Companyâ€™s derivative transactions with the intent that each is economically effective; however, the Companyâ€™s derivative instruments do not qualify for hedge accounting in the consolidated financial statements.Â As a result, the change in fair value of derivative instruments is reported in current period earnings with no consideration for the corresponding change in fair value of the hedged item.Â Under GAAP, the cumulative net realized and unrealized gain or loss caused by changes in fair values of derivatives in which the Company plans to hold to maturity will equal zero over the life of the contract. However, the net realized and unrealized gain or loss during any given reporting period fluctuates significantly from period to period.The Company believes these point-in-time estimates of asset and liability values related to its derivative instruments that are subject to interest rate fluctuations are subject to volatility mostly due to timing and market factors beyond the control of management, and affect the period-to-period comparability of the results of operations. Accordingly, the Companyâ€™s management utilizes operating results excluding these items for comparability purposes when making decisions regarding the Companyâ€™s performance and in presentations with credit rating agencies, lenders, and investors. Consequently, the Company reports this non-GAAP information because the Company believes that it provides additional information regarding operational and performance indicators that are closely assessed by management. There is no comprehensive, authoritative guidance for the presentation of such non-GAAP information, which is only meant to supplement GAAP results by providing additional information that management utilizes to assess performance. (b)Â Â Â Â Â The tax effects are calculated by multiplying the realized and unrealized derivative market value adjustments by the applicable statutory income tax rate.38Operating SegmentsThe Company's reportable operating segments are described in note 1 of the notes to consolidated financial statements included in the 2023 Annual Report. They include:â€¢Loan Servicing and Systems (LSS) - referred to as Nelnet Diversified Services (NDS)â€¢Education Technology Services and Payments (ETSP) - referred to as Nelnet Business Services (NBS)â€¢Asset Generation and Management (AGM), part of the Nelnet Financial Services (NFS) divisionâ€¢Nelnet Bank, part of the NFS divisionThe Company earns fee-based revenue through its NDS and NBS reportable operating segments. The Company earns net interest income on its loan portfolio, consisting primarily of FFELP loans, through its AGM reportable operating segment. This segment is expected to generate significant amounts of cash as the FFELP portfolio amortizes. The Company actively works to maximize the amount and timing of cash flows generated from its FFELP portfolio and seeks to acquire additional loan assets to leverage its servicing scale and expertise to generate incremental earnings and cash flow. Nelnet Bank operates as an internet industrial bank franchise focused on the private education and unsecured consumer loan markets, with a home office in Salt Lake City, Utah. Other operating segments included in the NFS division include the Company's U.S. Securities and Exchange Commission (SEC)-registered investment advisor subsidiary, property and casualty reinsurance activities, investment activities in real estate, and investment debt securities (primarily student loan and other asset-backed securities) and interest expense incurred on debt used to finance such investments. Other business activities and operating segments that are not reportable and not part of the NFS division are combined and included in Corporate and Other Activities ("Corporate"). Corporate also includes interest income earned on cash balances held at the corporate level and interest expense incurred on unsecured and secured corporate related debt transactions, certain investment activities including its investment in ALLO and early-stage and emerging growth companies (venture capital investments), and certain shared service activities that are allocated to each operating segment based on estimated use of such activities and services. In addition, Corporate includes corporate costs and overhead functions not allocated to operating segments, including executive management, investments in innovation, and other holding company organizational costs.39The information below presents the operating results (net income (loss) before taxes) for each of the Company's reportable and certain other operating segments reconciled to the consolidated financial statements for the three and six months ended June 30, 2024 and 2023. See note 9 of the notes to consolidated financial statements included under Part I, Item 1 of this report for additional information.Derivative settlements, net1,649Â 65Â 3,406Â 23,402Â The Company maintains an overall risk management strategy that incorporates the use of derivative instruments to reduce the economic effect of interest rate volatility. Derivative settlements for each applicable period should be evaluated with the Company's net interest income. The majority of derivative settlements received in the periods presented was from the Company's derivatives used to hedge loans earning fixed rate floor income. To minimize the Company's exposure to market volatility and increase liquidity, the Company terminated this derivative portfolio ($2.8 billion notional amount) on March 15, 2023. Subsequent to terminating these derivatives, during the second and fourth quarters of 2023, the Company entered into a total of $400 million notional amount of derivatives to hedge loans earning fixed rate floor income and other loans and investments in which the Company receives a fixed rate. See AGM operating segment - results of operations for additional information.Derivative market value adjustments, net1,533Â 2,005Â 9,497Â (35,407)Includes the realized and unrealized gains and losses that are caused by changes in fair values of derivatives which do not qualify for "hedge treatment" under GAAP. The majority of the derivative market value adjustments during the periods presented related to the changes in fair value of the Company's floor income interest rate swaps. Such changes reflect that a decrease in the forward yield curve during a reporting period results in a decrease in the fair value of the Company's floor income interest rate swaps, and an increase in the forward yield curve during a reporting period results in an increase in the fair value of such swaps. To minimize the Company's exposure to market volatility and increase liquidity, the Company terminated this derivative portfolio ($2.8 billion notional amount) on March 15, 2023. As such, the Company expects the derivative market value adjustments in future periods will be less substantial.Total other income (expense), net258,494Â 224,055Â 569,366Â 466,102Â 41Cost of services:Cost to provide education technology services and payments40,222Â 40,407Â 88,832Â 88,110Â Represents direct costs to provide payment processing and instructional services in ETSP. The Company's legacy student loan servicing contract with the Department was scheduled to expire on December 14, 2023. In April 2023, Nelnet Servicing received a contract award from the Department, pursuant to which it was selected to provide continued servicing capabilities for the Department's student aid recipients under a new Unified Servicing and Data Solution (USDS) contract (the "New Government Servicing Contract") which replaced the legacy Department student loan servicing contract. The New Government Servicing Contract became effective April 24, 2023 and has a five year base period, with 2 two-year and 1 one-year possible extensions. The Department's total loan servicing volume of existing borrowers was allocated by the Department to Nelnet Servicing and four other third-party servicers that were awarded a USDS contract. Under the New Government Servicing Contract, Nelnet Servicing immediately began to make required servicing platform enhancements, for which it will be compensated from the Department on certain of these investments. Servicing under the New Government Servicing Contract went live on April 1, 2024 and the Company recognized revenue in accordance with this new contract beginning in the second quarter of 2024. The Company earned revenue for servicing borrowers under the legacy servicing contract with the Department through March 31, 2024.The New Government Servicing Contract has multiple revenue components with tiered pricing based on borrower volume, while revenue earned under the legacy servicing contract was primarily based on borrower status. Assuming borrower volume remains consistent under the New Government Servicing Contract, the Company expects revenue earned on a per borrower blended basis will decrease under the New Government Servicing Contract versus the legacy contract. However, consistent with the legacy contract, the Company expects to earn additional revenue from the Department under the New Government Servicing Contract for change requests and other support services. In addition, the Company has executed an agreement with a third-party servicer awarded a USDS contract to license its servicing software to such entity. The Company began earning remote hosted servicing revenue from this new customer during the second quarter of 2024. The amount of revenue earned by the Company from this new customer will depend on the number of servicing borrowers allocated by the Department to this servicer.Department of Education Debt ReliefIn August 2022, the Department announced a broad-based student debt relief plan that would have provided up to $20,000 in one-time debt relief to income-qualified recipients with Department held student loans. On June 30, 2023, the Supreme Court ruled that the Department was prohibited from implementing this plan. After the invalidation of this broad-based relief plan, the Department announced plans to enter into a negotiated rulemaking process to achieve debt relief for federal student loan borrowers using provisions of the Higher Education Act (HEA). Publicly available negotiated rulemaking sessions occurred in the fourth quarter of 2023 and the first quarter of 2024. The Department published draft regulations for public comment in April 2024, including regulations that would grant automatic discharge for all federal student loans older than 20 or 25 years. Final publication and effective date for all pending forgiveness regulations pursuant to the HEA are expected in Fall of 2024. The April 2024 draft publication did not include regulations to provide forgiveness for borrowers â€œexperiencing financial hardship;â€ 44however, publication and comment period for such regulations are expected in early 2025, depending on the results of the presidential election. The Company cannot predict the timing, nature, or ultimate outcome of any student debt relief program as a result of the negotiated rulemaking process. Revenue earned under the New Government Servicing Contract will decrease in future periods if the Department successfully implements its debt relief plan and/or if the Department initiates additional loan forgiveness or cancellation programs in the future.Private Education Loan ServicingOn July 17, 2024, Discover Financial Services (Discover) announced the sale of its approximately $10 billion private education student loan portfolio, representing approximately 400,000 borrowers, to partnerships managed by two global investment firms, with Firstmark Services, a division of the Company, assuming responsibility for servicing the portfolio upon the sale. The

conversion of these loans to the Companyâ€™s platform is anticipated to occur in the fourth quarter of 2024.Summary and Comparison of Operating ResultsÂ Three months ended June 30,Six months ended June 30,Â 20242023202420232Additional informationNet interest income$1,2581,0583,1522,095Increase was due to higher interest rates.Loan servicing and systems revenue109,052122,020236,252261,247See table below for additional information.Intersegment servicing revenue6,1067,24612,99115,036Represents revenue earned by LSS from servicing loans for AGM and Nelnet Bank. In the first half of 2023, the Company reduced staff to manage expenses due to delays in the government's student debt relief and return to repayment programs and lower pricing and reduced servicing volume for LSS's Department servicing contract. In June 2024, the Company announced a reduction in headcount after the completion of the transfer of direct loan servicing volume to one platform and the required servicing platform enhancements for the New Government Servicing Contract. Approximately 220 associates were notified their positions were being eliminated. The Company estimates incurring a charge of $7.1 million related to these staff reductions, of which $2.1 million was recognized in the second quarter of 2024. The Company uses this metric to monitor and assess the segmentâ€™s performance, manage operating costs, identify and evaluate business trends affecting the segment, and make strategic decisions, and believes that it provides additional information to facilitate an understanding of the operating performance of the segment and provides a meaningful comparison of the results of operations between periods.Before tax operating margin decreased due primarily to a decrease in loan servicing and systems revenue as described in the table below, while operating expenses remained relatively consistent period over period. Operating expenses have been elevated due to costs incurred for the completion of the transfer of direct loan servicing volume to one platform, making platform enhancements for the new student loan servicing contact with the Department, and preparation of the conversion of the Discover portfolio. The Company expects before tax operating margin to continue to be lower than historical prior year results for the remainder of 2024 until the full cost savings from the June 2024 staff reductions are realized and revenue is generated from servicing the Discover portfolio. 45Loan servicing and systems revenueThe following table presents disaggregated revenue by service offering for each reporting period.Three months ended June 30,Six months ended June 30,Â 20242023202420232Additional informationGovernment loan servicing$87,014Â 95,736Â 192,490Â 204,618Â Represents revenue from the Company's servicing contracts with the Department. The Company recognized revenue in accordance with the New Government Servicing Contract beginning April 1, 2024. Decrease in the second quarter of 2024 compared with the same period in 2023 was due to lower revenue earned on a per borrower blended basis under the new contract and a decrease in the number of borrowers serviced. Decrease for the first half of 2024 compared with the same period in 2023 was also due to the legacy servicing contract reduction of the monthly fee earned per borrower on certain borrower statuses by $0.19 effective April 1, 2023 and a decrease of borrowers serviced due to the Department transferring one million of the Company's existing borrowers to another third-party servicer during the second and third quarters of 2023. These decreases were partially offset by an increase in the average revenue earned on a per borrower blended basis as a result of borrowers moving to a repayment status on September 1, 2023.Private education and consumer loan servicing12,959Â 12,063Â 25,577Â 24,225Â Increase was due to $0.5 million deconversion revenue recognized in the second quarter of 2024 and rate increases based on contractual consumer price index changes, partially offset by a decrease in the number of borrowers serviced.FFELP loan servicing3,245Â 3,554Â 6,624Â 6,921Â Represents revenue from servicing third-party customers' FFELP portfolios. This increase was partially offset by a decrease in FACTS learning management services revenue as a result of decrease in economic aid provided to private schools in response to the COVID 19 pandemic. Learning management instructional services revenue provided to private schools has been funded by the CARES Act and the Emergency Assistance to Non-Public Schools (EANS) programs. The EANS I program funding ended on September 30, 2023 and EANS II program funding ends on September 30, 2024. As economic aid provided to schools under the EANS programs stopped on September 30, 2023 (EANS I) and winds down (EANS II), future instructional services revenue will decrease from recent historical periods. Revenue earned under the EANS programs was $9.6 million and $20.2 million for the three and six month ended June 30, 2024 compared with $17.1 million and $33.5 million for the same periods in 2023, respectively. As of the latest remittance reports filed by the various trusts prior to or as of June 30, 2024, the Companyâ€™s ownership correlates to approximately $1.94 billion of loans included in these securitizations. The loans held in these securitizations are not included in the above table. Interest income earned by the Company from the beneficial interest in loan securitizations is included in "investment income" on the Company's consolidated statements of income and is not a component of the Company's loan interest income. Since late 2021, the Company has experienced accelerated run-off of its FFELP portfolio due to FFELP borrowers consolidating their loans into Federal Direct Loan Program loans as a result of the continued extension of the CARES Act payment pause on Department held loans and the initiatives offered by the Department for FFELP borrowers to consolidate their loans to qualify for loan forgiveness under the Public Service Loan Forgiveness and other programs. After multiple extensions of the student loans payment pause under the CARES Act, the payment and interest accrual suspension ended August 31, 2023, and Federal Direct Loan Program borrowers returned to repayment on September 1, 2023. In August 2022, the Department announced a broad-based student debt relief plan that would have provided up to $20,000 in one-time debt relief to income-qualified recipients with Department held student loans. On June 30, 2023, the Supreme Court ruled that the Department was prohibited from implementing this plan. After the invalidation of this broad-based relief plan, the Department announced plans to enter into a negotiated rulemaking process to achieve debt relief for federal student loan borrowers using provisions of the Higher Education Act (HEA). The Department released proposed regulatory text prior to holding its statutorily-required negotiated rulemaking sessions. Notably, the Department proposed forgiveness for certain groups of borrowers with privately-held FFELP loans without consolidation into the Federal Direct Loan Program as a prerequisite requirement for such forgiveness. Publicly available negotiated rulemaking sessions occurred in the fourth quarter of 2023 and the first quarter of 2024. The Department published draft regulations for public comment in April 2024, including regulations that would grant automatic discharge for all federal student loans, including privately-held FFELP loans, older than 20 or 25 years. Final publication and effective date for all pending forgiveness regulations pursuant to the HEA are expected in Fall of 2024. The April 2024 draft publication did not include regulations to provide forgiveness for borrowers (including borrowers with privately-held FFELP loans) â€œexperiencing financial hardship;â€ however, publication and comment period for such regulations are expected in early 2025, depending on the results of the presidential election. In addition, during 2023, the Department issued final regulations on the Saving on a Valuable Education (SAVE) income-driven repayment (IDR) plan. The SAVE plan makes significant changes to IDR to lower monthly payment amounts, subsidize interest, and accelerate time to forgiveness for some borrowers. FFELP borrowers can access the new income-driven repayment 49changes by consolidating their loans into the Federal Direct Loan Program. The benefits of the SAVE plan are conferred not exclusively on a go-forward basis, as has been the case with previous IDR rulemaking, meaning borrowers who consolidate into the Federal Direct Loan Program receive credit toward forgiveness for months in repayment prior to consolidation. The new income-driven repayment regulations were effective July 1, 2024; however, the Biden-Harris Administration announced implementation for some features starting July 30, 2023 and SAVE forgiveness starting February 2024. Two groups of states sued to block implementation of the SAVE program. As of the date of this filing, SAVE is not operational due to a nationwide injunction ordered by the 8th Circuit Court of Appeals. In response to the injunction, the Biden-Harris Administration placed approximately 8 million borrowers enrolled in the SAVE program into administrative forbearance. During the forbearance period, borrowers will not have to make student loan payments, and no interest will accrue. The proposed forgiveness regulations and implementation of the SAVE IDR plan regulations have increased, and may continue to increase, consolidation and prepayment activity as FFELP borrowers (i) consolidate their loans into the Federal Direct Loan Program in order to be eligible for potential debt relief for Department borrowers and the SAVE plan and (ii) begin receiving automatic forgiveness for loans older than 20 or 25 years. Prepayments could significantly increase if the federal government and/or the Department initiate additional loan forgiveness or cancellation, other repayment options or plans, or consolidation loan programs.Allowance for Loan Losses, Loan Delinquencies, and Loan Charge-offsFor a summary of the allowance as a percentage of the ending balance and loan status and delinquency amounts for each of AGM's loan portfolios as of June 30, 2024 and DecemberÂ 31, 2023; and the activity in AGM's allowance for loan losses and net charge-offs as a percentage of average loans for the three and six months ended June 30, 2024 and 2023, see note 3 of the notes to consolidated financial statements included under Part I, Item 1 of this report.Loan Spread AnalysisThe following table analyzes the loan spread on AGMâ€™s portfolio of loans, which represents the spread between the yield earned on loan assets and the costs of the liabilities and derivative instruments used to fund the assets. The spread amounts included in the following table are calculated by using the notional dollar values found in the table under the caption "Net loan interest income, including settlements on derivatives" below, divided by the average balance of loans or debt outstanding.Â Three months ended June 30,Six months ended June 30,20242023202420232Variable loan yield, gross8.16Â %7.73Â %8.07Â %7.42Â %Consolidation rebate fees(0.81)(0.80)(0.80)(0.81)Discount accretion, net of premium and deferred origination costs amortization0.07Â 0.06Â 0.07Â 0.05Â Variable loan yield, net7.42Â 6.99Â 7.34Â 6.66Â Loan cost of funds - interest expense (a)(6.50)(5.94)(6.50)(5.73)Loan cost of funds - derivative settlements (b) (c)0.01Â (0.00Â)0.01Â 0.01Â Variable loan spread0.93Â 1.05Â 0.85Â 0.94Â Fixed rate floor income, gross0.01Â 0.01Â 0.01Â 0.03Â Fixed rate floor income - derivative settlements (b) (d)0.04Â 0.00Â 0.04Â 0.34Â Fixed rate floor income, net of settlements on derivatives0.05Â 0.01Â 0.05Â 0.37Â Core loan spread0.98Â %1.06Â %0.90Â %1.31Â %Average balance of AGM's loans$10,484,458Â 13,616,889Â 11,022,981Â 13,804,065Â Average balance of AGM's debt outstanding10,168,761Â 13,011,224Â 10,778,080Â 13,187,073Â (a)Â Â Â Â In the second quarter of 2023, the Company redeemed certain asset-backed debt securities prior to their maturity, resulting in the recognition of $25.9 million in interest expense from the write-off of the remaining unamortized debt discount associated with these bonds at the time of redemption. This non-cash expense was excluded from the table above.(b)Â Â Â Â Derivative settlements represent the cash paid or received during the current period to settle with derivative instrument counterparties the economic effect of the Company's derivative instruments based on their contractual terms. Derivative accounting requires that net settlements with respect to derivatives that do not qualify for "hedge treatment" under GAAP be recorded in a separate income statement line

item below net interest income.Â The Company maintains an overall risk management strategy that incorporates the use of derivative instruments to reduce the economic effect of interest rate volatility.Â As such, management believes derivative settlements for each applicable period should be evaluated with the Companyâ€™s net interest income (loan spread) as presented in this table. The Company reports this non-GAAP information because the Company believes that it provides additional information regarding operational and performance indicators that are closely assessed by management.Â There is no comprehensive, authoritative guidance for the presentation of such non-GAAP information, 50which is only meant to supplement GAAP results by providing additional information that management utilizes to assess performance.Â See note 5 of the notes to consolidated financial statements included under Part I, Item 1 of this report for additional information on the Company's Non-Nelnet Bank derivative instruments, including the net settlement activity recognized by the Company for each type of derivative for the 2024 and 2023 periods presented in the table under the caption "Consolidated Financial Statement Impact Related to Derivatives - Statements of Income" in note 5 and in this table.A reconciliation of core loan spread, which includes the impact of derivative settlements on loan spread, to loan spread without derivative settlements follows.Three months ended June 30,Six months ended June 30,2024202320242023Core loan spread0.98Â %1.06Â %0.90Â %1.31Â %Derivative settlements (1:3 basis swaps)(0.01)0.00Â (0.01)(0.01)Derivative settlements (fixed rate floor income)(0.04)(0.00Â)(0.04)(0.34)Loan spread0.93Â %1.06Â %0.85Â %0.96Â %(c)Â Â Â Â Derivative settlements consist of net settlements received (paid) related to the Companyâ€™s 1:3 basis swaps.(d)Â Â Â Â Derivative settlements consist of net settlements received related to the Companyâ€™s floor income interest rate swaps.The relationship between the indices in which AGM earns interest on its loans and funds such loans has a significant impact on loan spread. See Item 3, â€œQuantitative and Qualitative Disclosures About Market Risk - Interest Rate Risk - AGM Operating Segment,â€ which provides additional detail on AGMâ€™s FFELP student loan assets and related funding for those assets. In an increasing interest rate environment, student loan spread on FFELP loans increases in the short term because of the timing of interest rate resets on the Company's assets occurring daily in contrast to the timing of the interest rate resets on the Company's debt occurring either monthly or quarterly.Variable loan spread was lower during the three and six months ended June 30, 2024 compared with the same periods in 2023 due to a significant increase in short-term rates during 2023 compared with an insignificant change in rates during 2024.The difference between variable loan spread and core loan spread is fixed rate floor income earned on a portion of AGM's federally insured student loan portfolio.Â A summary of fixed rate floor income and its contribution to core loan spread follows:Â Three months ended June 30,Six months ended June 30,2024202320242023Fixed rate floor income, gross$159Â 456Â 338Â 1,567Â Derivative settlements (a)1,193Â 47Â 2,383Â 22,525Â Fixed rate floor income, net$1,352Â 503Â 2,721Â 24,092Â Fixed rate floor income contribution to spread, net0.05Â %0.01Â %0.05Â %0.37Â %(a)Â Â Â Â Derivative settlements consist of net settlements received related to the Company's derivatives used to hedge student loans earning fixed rate floor income.The decrease in gross fixed rate floor income for the three and six months ended June 30, 2024 compared with the same periods in 2023 was due to higher interest rates in 2024 compared with 2023.The Company had a significant portfolio of derivative instruments in which the Company paid a fixed rate and received a floating rate to economically hedge loans earning fixed rate floor income. On March 15, 2023, to minimize the Company's exposure to market volatility and increase liquidity, the Company terminated its derivative portfolio hedging loans earning fixed rate floor income ($2.8 billion in notional amount of derivatives). Through March 15, 2023, the Company had received cash or had a receivable from its clearinghouse related to variation margin equal to the fair value of the $2.8 billion notional amount of fixed rate floor derivatives as of March 15, 2023 of $183.2 million, which included $19.1 million related to current period settlements. Subsequent to terminating these derivatives, during the second and fourth quarters of 2023, the Company entered into a total of $400.0 million notional amount of derivatives to hedge loans earning fixed rate floor income and other loans and investments in which the Company receives a fixed rate.The increase in net derivative settlements received by the Company during the three months ended June 30, 2024, compared with the same period in 2023, was due to an increase in the notional amount of derivatives outstanding. The decrease in net derivative settlements received by the Company during the six months ended June 30, 2024, compared with the same period in 2023, was due to a decrease in the notional amount of derivatives outstanding and less favorable terms on the $400.0 million of notional derivatives entered into in 2023 compared with the $2.8 billion notional derivatives that were terminated due to an increase in interest rates from when the terminated derivatives were initially executed.51Summary and Comparison of Operating ResultsThree months ended June 30,Six months ended June 30,Â 2024202320242023Additional informationInterest income:Loan interest$193,707Â 237,906Â 403,335Â 458,818Â See table below for additional analysis.Investment interest13,709Â 15,857Â 35,544Â 29,664Â Decrease for the second quarter of 2024 compared with the same period in 2023 was due to a decrease of interest earned on the Company's partial ownership in loan securitizations that are accounted for as held-to-maturity beneficial interest investments, partially offset by an increase of interest earned on restricted cash due to higher balances and interest rates. Increase for the first half of 2024 compared with the same period in 2023 was due to an increase of interest earned on the Company's beneficial interest investments and an increase of interest earned on restricted cash due to higher balances and interest rates.Total interest income207,416Â 253,763Â 438,879Â 488,482Â Loan interest expense164,315Â 218,602Â 348,460Â 400,665Â See table below for additional analysis.Intercompany interest expense7,317Â 13,711Â 14,077Â 20,846Â Represents interest paid by AGM to Nelnet, Inc. Derivative settlements for each applicable period should be evaluated with the Company's net interest income as reflected in the table below. The majority of derivative settlements received in the periods presented was from the Company's derivative portfolio used to hedge loans earning fixed rate floor income. The decrease in net derivative settlements received by the Company for the first half of 2024 compared with the same period in 2023 was due to the termination of the floor income interest rate swaps ($2.8 billion notional amount) in March 2023. See above under "Loan Spread Analysis" for further information.Derivative market value adjustments, net936Â 897Â 6,642Â (36,515)Includes the realized and unrealized gains and losses that are caused by changes in fair values of derivatives which do not qualify for "hedge treatment" under GAAP. The majority of the derivative market value adjustments during the periods presented related to the changes in fair value of the Company's floor income interest rate swaps. Such changes reflect that a decrease in the forward yield curve during a reporting period results in a decrease in the fair value of the Company's floor income interest rate swaps, and an increase in the forward yield curve during a reporting period results in an increase in the fair value of such swaps. To minimize the Company's exposure to market volatility and increase liquidity, AGM terminated its portfolio of floor income interest rate swaps ($2.8 billion notional amount) in March 2023. As such, the Company expects the derivative market value adjustments in future periods will be less substantial. Intersegment expenses also include costs for certain corporate activities and services that are allocated to each operating segment based on estimated use of such activities and services. The majority of shared service costs incurred by the Company to support Nelnet Bank were not allocated to Nelnet Bank through the bankâ€™s de novo period which ended at the end of 2023. The shared service and support costs incurred by the Company related to Nelnet Bank and not allocated to Nelnet Bank were $1.8 million and $3.5 million for the second quarter and first half of 2023, respectively.Total operating expenses5,925Â 4,064Â 10,806Â 6,996Â (Loss) income before income taxes(3,718)1,744Â (2,571)1,650Â Income tax benefit (expense)916Â (396)657Â (362)Represents income tax expense at an effective tax rate of 24.6% and 22.7% for the second quarter of 2024 and 2023, respectively, and 25.6% and 21.9% for the first half of 2024 and 2023, respectively.Net (loss) income$(2,802)1,348Â (1,914)1,288Â Additional information:Net (loss) income$(2,802)1,348Â (1,914)1,288Â See "Overview - GAAP Net Income and Non-GAAP Net Income, Excluding Adjustments" above for additional details about non-GAAP net income, excluding derivative market value adjustments.Derivative market value adjustments, net(597)(1,108)(2,855)(1,108)Tax effect143Â 266Â 685Â 266Â Net (loss) income, excluding derivative market value adjustments$(3,256)506Â (4,084)446Â 56NFS Other Operating SegmentsThe following table summarizes the operating results of other operating segments included in NFS that are not reportable. The net results recognized relates primarily to the Company's proportionate share of certain real estate investments accounted for under the equity method.(d)Â Â Â Â Represents interest income earned on investment debt securities (primarily student loan and other asset-backed securities, including Nelnet-owned asset-backed securities which it has repurchased and are eliminated in consolidation), unrealized gains/losses on marketable equity securities, realized gains/losses on marketable equity securities and investment debt securities, and other costs to manage these investments. Also includes interest expense incurred on debt used to finance such investments. The decrease in interest income and interest expense in 2024 compared with 2023 was due to a decrease in the average balance of investments and debt outstanding, respectively. See Item 3, "Quantitative and Qualitative Disclosures About Market Risk - Interest Rate and Market Risk - Investments," which provides additional detail on the Company's investment portfolio and debt used to finance such investments. Included in first half of 2023 was $3.6 million of realized losses on sales of asset-backed and marketable securities, which are included in "other income, net" in the table above.58CORPORATE AND OTHER ACTIVITIES â€“ RESULTS OF OPERATIONSOther business activities and operating segments that are not reportable and not part of the NFS division are combined and included in Corporate and Other Activities (â€œCorporateâ€). These costs are allocated to each operating segment based on estimated use of such activities and services. The amount allocated to operating segments is reflected as â€œintersegment expenses, netâ€ in the table above. Also includes corporate costs and overhead functions not allocated to operating segments, including executive management, investments in innovation, and other holding company organizational costs.(b)Â Â Â Â Nelnet Renewable Energy includes solar tax equity investments made by the Company, administrative and management services provided by the Company on tax equity investments made by third parties, and solar construction and development. As of June 30, 2024, the Company has invested a total of $502.8 million (which includes $219.8 million syndicated to third-party investors) in solar tax equity investments that remain outstanding. Due to the management and control of each of these investment partnerships, such partnerships that invest in tax equity investments are consolidated on the Companyâ€™s consolidated financial statements, with the co-investorâ€™s portion being presented as noncontrolling interests.Included in tax equity investments in the table above is the Company's share of income or loss from solar investments accounted for under the Hypothetical Liquidation at Book Value (HLBV) method of accounting. For the majority of the Company's solar investments, the HLBV method of accounting results in accelerated losses in the initial years of investment. Nelnet Renewable Energy recognized net losses on its tax equity investments of $2.6 million and $10.1 million for the three months ended June 30, 2024 and 2023, respectively, and net gains of $0.2 million in the first half of 2024 compared with net losses of $13.0 million for the same period in 2023. These income statement amounts, which include amounts attributable to third-party noncontrolling interest investors, are included in â€œother income, netâ€ in the table above. There were minimal net losses attributable to third-party noncontrolling interest investors in the second quarter of 2024 compared with $8.4 million for the same period in 2023 and $1.6 million in the first half of 2024 compared with $11.4 million for the same period in 2023. Amounts applicable to noncontrolling interest investors are reflected in â€œnet loss attributable to noncontrolling interestsâ€ in the table above.60Nelnet Renewable Energy syndicates tax equity investments to third parties and earns management and performance fees. Management fee income recognized by Nelnet Renewable Energy was $0.9 million and $0.3 million for the three months ended June 30, 2024 and 2023, respectively, and $1.6 million and $0.6 million for the six months ended June 30, 2024 and 2023, respectively, which is included in "other income, net" in the table above.In addition to solar tax equity investments, the Company has a solar construction company (GRNE Solar) that provides full-service engineering, procurement, and construction (EPC) services to residential homes and commercial entities. Since the acquisition of 80% of GRNE Solar's ownership interests in 2022, it has incurred low and, in some cases, negative margins on certain projects. Due to the complexity and long-term nature of existing construction contracts, the Company may continue to incur low and/or negative margins to complete projects. In addition, higher interest rates reduced residential demand and made community solar projects more costly. On April 12, 2024, the Company announced a change in its solar EPC operations to focus exclusively on the commercial solar market and will discontinue its residential solar operations. As a result, residential revenue will continue to decline from recent historical amounts as existing customer contracts are completed. Residential solar construction revenue was $0.9 million and $2.4 million for the three months ended June 30, 2024 and 2023, respectively, and $3.1 million and $5.2 million for the six months ended June 30, 2024 and 2023, respectively. In addition, during the second quarter of 2024, the Company recognized non-cash impairment charges of $1.9 million on certain solar facilities and inventory related to the residential solar operations, which is reflected in "impairment expense" in the table above, and $1.6 million in severance costs and commissions paid for cancelled projects, which is included in "salaries and benefits" in the table above. For additional information, see note 9 of the notes to consolidated financial statements included under Part I, Item 1 of this report. On June 30, 2024, the Company acquired the remaining 20% of GRNE Solar for $0.3 million.(c)Â Â Â Â Represents primarily the Company's share of loss on its voting membership interests and income on its preferred membership interest in ALLO.The Company accounts for its approximately 45% voting membership interests in ALLO under the HLBV method of accounting. Under the HLBV method of accounting on its ALLO voting membership interests investment, the Company recognized no losses in the second quarter of 2024 compared with losses of $12.2 million for the same period in 2023 and losses of $10.7 million in the first half of 2024 compared with $32.4 million for the same period in 2023. These amounts are reflected in â€œother income, netâ€ in the table above. Absent additional equity contributions with respect to ALLO's voting membership interests, the Company will not recognize additional losses for its voting membership interests in ALLO.As of June 30, 2024, the outstanding preferred membership interests and accrued and unpaid preferred return of ALLO held by the Company was $169.5 million and $6.6 million, respectively. The Company historically earned a preferred annual return of 6.25% that increased to 10.00% on April 1, 2024 for $155.0 million of preferred membership interests of ALLO held by the Company. During the second quarter of 2024, the Company purchased an additional $14.5 million of preferred membership interests of ALLO, which earn a preferred annual return of 20.0%. The Company recognized income on its ALLO preferred membership interests of $4.2 million and $2.3 million for the three months ended June 30, 2024 and 2023, respectively, and $6.6 million and $4.5 million for the six months ended June 30, 2024 and 2023, respectively. These amounts are reflected in â€œother income, netâ€ in the table above.As part of the ALLO recapitalization transaction completed in 2020, the Company and SDC (a third-party global digital infrastructure investor and member of ALLO) entered into an agreement, in which the Company has a contingent payment obligation to pay SDC a contingent payment amount of up to $35.0 million in the event the Company disposes of its voting membership interests of ALLO that it holds and realizes from such disposition certain targeted return levels. The Company recognized an expense of $0.3 million and $1.4 million for the three months ended June 30, 2024 and 2023, respectively, and $0.6 million and $1.4 million for the six months ended June 30, 2024 and 2023, respectively, which is included in â€œother expensesâ€ in the table above.(d)Â Â Â Â Represents the operating results of the Companyâ€™s venture capital investments, including Hudl which the Company accounts for using the measurement alternative method, and the administrative costs to manage this portfolio.61LIQUIDITY AND CAPITAL RESOURCESThe Companyâ€™s Loan Servicing and Systems, and Education Technology Services and Payments operating segments are non-capital intensive and both produce positive operating cash flows. As such, a minimal amount of debt and equity capital is allocated to these segments and any liquidity or capital needs are satisfied using cash flow from operations. Nelnet Bank was funded by the Company with an initial capital contribution of $100.0 million in November 2020 and the Company has contributed an additional $40.0 million to Nelnet Bank since its inception. Based on Nelnet Bank's business plan for growth and current financial condition, the Company believes it will make additional capital contributions to the bank in future periods. Cash and investments held at Nelnet Bank are generally not available for Company activities outside of Nelnet Bank. See â€œLiquidity Impact Related to Nelnet Bankâ€ included below for additional information.Therefore, the Liquidity and Capital Resources discussion is concentrated on the Companyâ€™s liquidity and capital needs to meet existing debt obligations in the Asset Generation and Management operating segment and the Company's other initiatives to pursue additional strategic investments.Sources of LiquidityAs of June 30, 2024, the Company's sources of liquidity

To satisfy this requirement, the Company has purchased bonds issued in the securitizations. The Company is required to retain these bonds as described under the caption â€œRepurchase Agreementâ€ below.(c)Â Â Â Â The Company has repurchased certain of its own asset-backed securities (bonds and notes payable) in the secondary market. For accounting purposes, these notes are eliminated in consolidation and are not included in the Company's consolidated financial statements. However, these securities remain legally outstanding at the trust level and the Company could sell these notes to third parties, redeem the notes at par as cash is generated by the trust estate, or pledge the securities as collateral on repurchase agreements.Â Upon a sale of these notes to third parties, the Company would obtain cash proceeds equal to the market value of the notes on the date of such sale.(d)Â Â Â Â The Company has a $495.0 million unsecured line of credit that matures on SeptemberÂ 22, 2026. As of June 30, 2024, there was no amount outstanding on the unsecured line of credit and $495.0 million was available for future use.The Company intends to use its liquidity position to capitalize on market opportunities, including FFELP, private education, consumer, and other loan acquisitions (or investment interests therein); strategic acquisitions and investments; and capital management initiatives, including stock repurchases, debt repurchases, and dividend distributions. The timing and size of these opportunities will vary and will have a direct impact on the Company's cash and investment balances.62Cash FlowsThe Company has historically generated positive cash flow from operations. During the six months ended June 30, 2024 and 2023, the Company generated $345.3 million and $198.4 million, respectively, in cash from operating activities. The increase in 2024 compared with 2023 was due to:â€¢An increase in net income;â€¢Proceeds of $5.7 million from the Company's clearinghouse for margin payments on derivatives during the six months ended June 30, 2024 compared with payments of $209.9 million for the same period in 2023;â€¢Adjustments to net income for the impact of provision for loan losses and the non-cash change in deferred income taxes; andâ€¢The impact of changes to accrued interest receivable and other assets during the six months ended June 30, 2024 compared with the same period in 2023.These factors were partially offset by:â€¢Adjustments to net income for the non-cash change in depreciation and amortization, derivative market value adjustments, and gain/loss on investments; â€¢No proceeds from the termination of derivative instruments during the six months ended June 30, 2024 compared with $164.1 million for the same period in 2023; andâ€¢The impact of changes to accounts receivable and other liabilities during the six months ended June 30, 2024 compared with the same period in 2023.The primary items included in the statement of cash flows for investing activities are the purchase, origination, repayment, and sale of loans, the purchase and sale of available-for-sale securities, and the purchase of other investments (primarily solar investments). The primary items included in financing activities are proceeds from the issuance of and payments on bonds and notes payable, the change in deposits at Nelnet Bank used to fund loans and investment activity, and repurchases of common stock. Cash provided by investing activities and used in financing activities for the six months ended June 30, 2024 was $1.8 billion and $2.3Â billion, respectively. Cash provided by investing activities and used in financing activities for the six months ended June 30, 2023 was $0.9 billion and $1.6 billion, respectively. Investing and financing activities are further addressed in the discussion that follows.Liquidity Needs and Sources of Liquidity Available to Satisfy Debt Obligations Secured by Loan Assets and Related CollateralThe following table shows AGM's debt obligations outstanding that are secured by loan assets and related collateral.Â As of June 30, 2024Carrying amountFinal maturityBonds and notes issued in asset-backed securitizations$8,540,072Â 8/26/30 - 9/25/69FFELP and consumer loan warehouse facilities970,956Â 7/15/25 - 4/1/26Â $9,511,028Â Â Bonds and Notes Issued in Asset-backed SecuritizationsThe majority of AGMâ€™s portfolio of student loans is funded in asset-backed securitizations that are structured to substantially match the maturity of the funded assets, thereby minimizing liquidity risk. Cash generated from student loans funded in asset-backed securitizations provide the sources of liquidity to satisfy all obligations related to the outstanding bonds and notes issued in such securitizations. In addition, due to (i) the difference between the yield AGM receives on the loans and cost of financing within these transactions, and (ii) the servicing and administration fees AGM earns from these transactions, AGM has created a portfolio that will generate earnings and significant cash flow over the life of these transactions.As of June 30, 2024, based on cash flow models developed to reflect managementâ€™s current estimate of, among other factors, prepayments, defaults, deferment, forbearance, and interest rates, AGM currently expects future undiscounted cash flows from its portfolio to be approximately $1.25 billion as detailed below. The actual timing of cash flows released from the securitizations could be impacted based on when and if the Company terminates a securitization by exercising clean-up calls on the underlying securities when the assets in such securitization reach a certain threshold.The forecasted cash flow presented below includes loans funded in asset-backed securitizations as of June 30, 2024, the majority of which are federally insured student loans.Â As of June 30, 2024, AGM had $8.7 billion of loans included in asset-63backed securitizations, which represented 88.1% of its total loan portfolio. The forecasted cash flow does not include cash flows that the Company expects to receive related to loans funded in its warehouse facilities, unencumbered private education, consumer, and other loans funded with operating cash, loans acquired subsequent to June 30, 2024, loans owned by Nelnet Bank, and cash flows relating to the Company's ownership of beneficial interest in loan securitizations (such beneficial interest investments are classified as "investments and notes receivable" on the Company's consolidated balance sheets).Asset-backed Securitization Cash Flow Forecast$1.25 billion(dollars in millions)The forecasted future undiscounted cash flows of approximately $1.25 billion include approximately $0.75 billion (as of June 30, 2024) of overcollateralization included in the asset-backed securitizations.Â These excess net asset positions are included in the consolidated balance sheets in the balances ofÂ "loans and accrued interest receivable, net" and "restricted cash." The difference between the total estimated future undiscounted cash flows and the overcollateralization of approximately $0.50 billion, or approximately $0.38 billion after income taxes based on the estimated effective tax rate, represents estimated future net interest income (earnings) from the portfolio and is expected to be accretive to the Company's balance of consolidated shareholders' equity from the June 30, 2024 balance.The Company uses various assumptions, including prepayments and future interest rates, when preparing its cash flow forecast.Â These assumptions are further discussed below.Prepayments:Â The primary variable in establishing a life of loan estimate is the level and timing of prepayments. Prepayment rates equal the amount of loans that prepay annually as a percentage of the beginning of period balance, net of scheduled principal payments.Â A number of factors can affect estimated prepayment rates, including the level of consolidation activity, borrower default rates, and utilization of debt management options such as income-based repayment, deferments, and forbearance.Â Should any of these factors change, management may revise its assumptions, which in turn would impact the projected future cash flow. The Companyâ€™s cash flow forecast above assumes prepayment rates of 6% for both federally insured consolidation and Stafford loans. Prepayment rates for private education loans range from 11% to 20%.Since late 2021, the Company has experienced accelerated run-off (prepayments) of its FFELP portfolio due to FFELP borrowers consolidating their loans into Federal Direct Loan Program loans to qualify for loan forgiveness under various 64initiatives and programs offered by the federal government and the Department. See "Nelnet Financial Services Division - Results of Operations - Asset Generation and Management Operating Segment - Loan Activity" included in this report's Management's Discussion and Analysis of Financial Condition and Results of Operations for additional information related to the federal government and the Department's initiatives for debt relief that has increased, and may continue to increase, prepayment activity. Prepayments could significantly increase if the federal government and the Department initiate additional loan forgiveness or cancellation, other repayment options or plans, or consolidation loan programs. In addition, see Part I, Item 1A, "Risk Factors - Loan Portfolio - Prepayments risk" in the Company's 2023 Annual Report for additional information related to risks associated with loan prepayments.The following table summarizes the estimated impact to the above forecasted cash flows if prepayments were greater than the prepayment rate assumptions used to calculate the forecasted cash flows.Increase in prepayment rateReduction in forecasted cash flow from table aboveForecasted cash flow using increased prepayment rate2x$0.11 billion$1.14 billion4x$0.29 billion$0.96 billion10x$0.49 billion$0.76 billionIf the entire AGM student loan portfolio prepaid, the Company would receive the full amount of overcollateralization included in the asset-backed securitizations of approximately $0.75 billion (as of June 30, 2024); however, the Company would not receive the $0.50 billion ($0.38 billion after tax) of estimated future earnings from the portfolio.Interest rates: The Company funds a portion of its student loans with floating rate securities that are indexed to 90-day SOFR.Â Meanwhile, the interest earned on the Companyâ€™s student loan assets is indexed primarily to the 30-day average SOFR in effect for each day in a calendar quarter.Â The different interest rate characteristics of the Companyâ€™s loan assets and liabilities funding these assets result in basis risk.Â The Companyâ€™s cash flow forecast assumes, for the life of the portfolio, a relationship between the various SOFR indices that is implied by the current forward SOFR curves. If the forecast is computed assuming a spread of an additional 12 basis points between Term SOFR and 30-day average SOFR for the life of the portfolio, the cash flow forecast would be reduced by approximately $5 million to $25 million. The Company uses the current forward interest rate yield curve to forecast cash flows.Â A change in the forward interest rate curve would impact the future cash flows generated from the portfolio. See Item 3, "Quantitative and Qualitative Disclosures About Market Risk - Interest Rate Risk - AGM Operating Segment" for additional information about various interest rate risks which may impact future cash flows from AGM's loan assets.Warehouse FacilitiesWarehousing allows the Company to buy and manage loans prior to transferring them into more permanent financing arrangements. For a summary of the Company's warehouse facilities outstanding as of June 30, 2024, see note 4 of the notes to consolidated financial statements included under Part I, Item 1 of this report. The Company has been reducing its warehouse capacity based on its estimated future loan purchases and to save on unused facility costs. On July 1, 2024, the Company obtained a consumer loan warehouse facility that has an aggregate maximum financing amount available of $125 million, an advance rate of 80%, liquidity provisions to JanuaryÂ 1, 2026, and a final maturity date of AugustÂ 1, 2026. On July 5, 2024, the Company advanced $76 million of debt in this facility and has $49 million available for future fundings. Upon termination or expiration of the warehouse facilities, the Company would expect to access the securitization market, obtain replacement warehouse facilities, use operating cash, consider the sale of assets, or transfer collateral to satisfy any remaining obligations.Asset-backed Securities TransactionsThe Company, through its subsidiaries, has historically funded loans by completing asset-backed securitizations. Depending on market conditions, the Company anticipates continuing to access the asset-backed securitization market. Such asset-backed securitization transactions would be used to refinance loans included in its warehouse facilities and existing asset-backed securitizations and/or finance loans purchased from third parties and loans that are currently unencumbered.There were no asset-backed securitization transactions completed during the six months ended June 30, 2024.65Other Uses of LiquidityThe Company no longer originates FFELP loans, but continues to acquire FFELP loan portfolios from third parties and believes additional loan purchase opportunities exist, including opportunities to purchase private education, consumer, and other loans (or investment interests therein).The Company plans to fund additional loan acquisitions and related investments using current cash; cash provided by operating activities; proceeds from the sale of certain investments; its unsecured line of credit, its Union Bank student loan participation agreement, its Union Bank student loan asset-backed securities participation agreement, and its third-party repurchase agreement (each as described below), and/or establishing similar secured and unsecured borrowing facilities; using its existing warehouse facilities (as described above); increasing the capacity under existing and/or establishing new warehouse facilities; and continuing to access the asset-backed securities market.Repurchase AgreementIn December 2020, Wells Fargo announced the sale of its approximately $10.0 billion portfolio of private education loans representing approximately 445,000 borrowers. The Company entered into a joint venture with other investors to acquire the loans, and under the joint venture, the Company had an approximately 8% interest in the loans and has a corresponding 8% interest in residual interests in the 2021 securitizations of the loans discussed below. During 2021, the Company sponsored four asset-backed securitization transactions to permanently finance a total of $8.7 billion of private education loans sold by Wells Fargo (which represented the total remaining loans originally purchased from Wells Fargo, factoring in borrower payments from the date of purchase). As sponsor, the Company is required to provide a certain level of risk retention, and has purchased bonds issued in such securitizations to satisfy this requirement. The bonds purchased to satisfy the risk retention requirement are reflected on the Company's consolidated balance sheets as "investments and notes receivable" and as of June 30, 2024, the fair value of these bonds was $235.9 million. The Company must retain these investment securities until the latest of (i) the date the aggregate outstanding principal balance of the loans in the securitization is 33% or less of the initial loan balance and (ii) the date the aggregate outstanding principal balance of the bonds is 33% or less of the aggregate initial outstanding principal balance of the bonds, at which time the Company can sell its investment securities (bonds) to a third party. The Company entered into a repurchase agreement with a third party, of which a portion of the proceeds from such agreement was used to purchase the asset-backed investments, and such investments serve as collateral on the repurchase obligations. As of June 30, 2024, $111.2 million was outstanding on the Company's repurchase agreement. As of AugustÂ 8, 2024, the maturity dates on this facility vary from NovemberÂ 27, 2024 through DecemberÂ 20, 2024, and the facility is subject to early termination upon 180 days' prior written notice provided by the Company or the counterparty prior to the maturity dates. The Company is subject to cash margin deficit payment requirements in the event the fair value of the securities subject to the repurchase agreement becomes less than the original purchase price of such securities.Upon termination or maturity of the repurchase agreement, there can be no assurance that the Company will be able to maintain this or a similar agreement, or find alternative funding if necessary. If necessary, the Company would expect to use operating cash, consider the sale of unencumbered investments, or borrow on its unsecured line of credit to satisfy any remaining obligations.Union Bank Participation AgreementsThe Company maintains an agreement with Union Bank, a related party, as trustee for various grantor trusts, under which Union Bank has agreed to purchase from the Company participation interests in student loans. As of June 30, 2024, $440.4 million of loans were subject to outstanding participation interests held by Union Bank, as trustee, under this agreement. The agreement automatically renews annually and is terminable by either party upon five business days' notice. This agreement provides beneficiaries of Union Bankâ€™s grantor trusts with access to investments in interests in student loans, while providing liquidity to the Company.Â The Company can participate loans to Union Bank to the extent of availability under the grantor trusts, up to $900.0 million or an amount in excess of $900.0 million if mutually agreed to by both parties. Loans participated under this agreement have been accounted for by the Company as loan sales.Â Accordingly, the participation interests sold are not included on the Companyâ€™s consolidated balance sheets.The Company also has an agreement with Union Bank under which Union Bank has agreed to purchase from the Company participation interests in FFELP loan asset-backed securities (bond investments). The agreement automatically renews annually and is terminable by either party upon five business days' notice. On May 4, 2024, the agreement automatically renewed for another year through May 4, 2025. The Company can participate FFELP loan asset-backed securities to Union Bank to the extent of availability under the grantor trusts, up to $400.0 million or an amount in excess of $400.0 million if mutually agreed 66to by both parties. The Company maintains legal ownership of the FFELP loan asset-backed securities and, in its discretion, approves and accomplishes any sale, assignment, transfer, encumbrance, or other disposition of the securities. As such, the FFELP loan asset-backed securities subject to this agreement are included on the Company's consolidated balance sheets as "investments and notes receivable" and the participation interests outstanding have been accounted for by the Company as a secured borrowing. As of June 30, 2024, $0.1 million (par value) of FFELP loan asset-backed securities were subject to outstanding participation interests held by Union Bank, as trustee, under this agreement.Liquidity Impact Related to Beneficial Interest in Loan SecuritizationsThe Company has partial ownership in consumer, private education, and federally insured student loan third-party securitizations that are classified as "beneficial interest in loan securitizations" and included in "investments and notes receivable" on the Company's consolidated balance sheets. These residual interests were acquired by the Company or have been received by the Company as consideration from selling portfolios of loans to unrelated third parties who securitized such loans. As of the latest remittance reports filed by the various trusts prior to or as of June 30, 2024, the Company's ownership correlates to approximately $1.94 billion of loans included in these securitizations. Interest income earned by the Company from the beneficial interest in loan securitizations is included in "investment income" on the Company's consolidated statements of income and is not a component of the Company's loan interest income.As of June 30, 2024, the investment balance on the Company's consolidated balance sheet of its beneficial interest in loan securitizations was $244.0 million. For a summary of this investment balance, see note 6 of the notes to consolidated financial statements included under Part I, Item 1 of this report.The Company's partial ownership percentage in each loan securitization grants the Company the right to receive the corresponding percentage of cash flows generated by the securitization. As of June 30, 2024, based on cash flow models developed to reflect managementâ€™s current estimate of, among other factors, prepayments, defaults, deferment, forbearance, and interest rates, the Company currently expects future undiscounted cash flows from its partial ownership in these securitizations to be approximately $378.3 million. The vast majority of

these cash flows are expected to be received over the next 5 years. The difference between the total estimated future undiscounted cash flows from these residual interests ($378.3 million) and the investment carrying value ($244.0 million) of $134.3 million, or $102.1 million after income taxes based on the estimated effective tax rate, represents estimated future investment interest income (earnings) from these investments and is expected to be accretive to the Company's balance of consolidated shareholders' equity from the June 30, 2024 balance.The undiscounted future cash flows from the consumer and private education loan securitizations are highly subject to credit risk (defaults). If defaults are higher than management's current estimate, the forecasted cash flows and estimated future investment interest income (earnings) from these securitizations would be adversely impacted.Liquidity Impact Related to Nelnet BankNelnet Bank launched operations in November 2020. Nelnet Bank was funded by the Company with an initial capital contribution of $100.0 million. In addition, the Company made a pledged deposit of $40.0 million with Nelnet Bank, as required under an agreement with the FDIC discussed below. Prior to Nelnet Bankâ€™s launch of operations, Nelnet Bank, Nelnet, Inc. (the parent), and Michael S. Dunlap (Nelnet, Inc.â€™s controlling shareholder) entered into a Capital and Liquidity Maintenance Agreement and a Parent Company Agreement with the FDIC in connection with Nelnet, Inc.â€™s role as a source of financial strength for Nelnet Bank. As part of the Capital and Liquidity Maintenance Agreement, Nelnet, Inc. is obligated to (i) contribute capital to Nelnet Bank for it to maintain capital levels that meet FDIC requirements for a â€œwell capitalizedâ€ bank, including a leverage ratio of capital to total assets of at least 12%; (ii) provide and maintain an irrevocable asset liquidity takeout commitment for the benefit of Nelnet Bank in an amount equal to the greater of either 10% of Nelnet Bankâ€™s total assets or such additional amount as agreed to by Nelnet Bank and Nelnet, Inc.; (iii) provide additional liquidity to Nelnet Bank in such amount and duration as may be necessary for Nelnet Bank to meet its ongoing liquidity obligations; and (iv) establish and maintain a pledged deposit of $40.0 million with Nelnet Bank.Under the regulatory framework for prompt corrective action, Nelnet Bank is subject to various regulatory capital requirements administered by the FDIC and the UDFI and must meet specific capital standards. Failure to meet minimum capital requirements can initiate certain mandatory and possibly additional discretionary actions by regulators that, if undertaken, could have a direct material adverse effect on Nelnet Bankâ€™s business, results of operations, or financial condition. On January 1, 2020, the Community Bank Leverage Ratio (CBLR) framework, as issued jointly by the Office of the Comptroller of the Currency, the Federal Reserve Board, and the FDIC, became effective. Any banking organization with total consolidated assets of less than $10 billion, limited amounts of certain types of assets and off-balance sheet exposures, and a community bank leverage ratio greater than 9% may opt into the CBLR framework quarterly. The CBLR framework allows banks to satisfy capital standards and be considered "well capitalized" under the prompt corrective action framework if their leverage ratio is 67greater than 9%, unless the banking organization's federal banking agency determines that the banking organization's risk profile warrants a more stringent leverage ratio. The FDIC has ordered Nelnet Bank to maintain at least a 12% leverage ratio. Nelnet Bank has opted into the CBLR framework for the quarter ended June 30, 2024 with a leverage ratio of 12.3%. Nelnet Bank intends to maintain at all times regulatory capital levels that meet both the minimum level necessary to be considered â€œwell capitalizedâ€ under the FDICâ€™s prompt corrective action framework and the minimum level required by the FDIC.Since inception, the Company has made additional contributions of $40 million to Nelnet Bank. Based on Nelnet Bank's business plan for growth and current financial condition, the Company believes it will make additional capital contributions to the bank in future periods.Liquidity Impact Related to Nelnet Renewable EnergyThe Companyâ€™s Nelnet Renewable Energy business makes solar tax equity investments in renewable energy solar partnerships. Through June 30, 2024, the Company has invested a total of $502.8 million (which includes $219.8 million syndicated to third-party investors) in tax equity investments that remain outstanding. These investments provide a federal income tax credit under the Internal Revenue Code, equaling 30% to 40% of the eligible project cost, with the tax credit available when the project is placed-in-service. The Company is allowed to reduce its tax estimates paid to the U.S. Treasury based on the credits earned. Based on the timing of when the Company funds a project and decreases its tax estimate to the U.S. Treasury due to earning of the tax credit, the amount of capital funded to solar tax equity investments at any point in time is not significant and has a minimal impact on the Companyâ€™s liquidity. As of June 30, 2024, the Company is committed to fund an additional $125.7 million on tax equity investments, of which $83.0 million is expected to be provided by syndication partners.In addition to solar tax equity investments, the Company has a strategy to own solar energy project assets. The Company plans to fund a portion of its current growth plans in owning solar energy projects using third-party debt and third-party tax equity. The collateral on any third-party debt would be limited to the assets of the specific solar projects. Any capital requirements for the origination or purchase of solar projects not funded by third-party debt and third-party tax equity would be provided by the Company using operating cash, borrowings on its unsecured line of credit, and/or the sale of investments.Liquidity Impact Related to ALLOUpon the deconsolidation of ALLO on December 21, 2020, the Company recorded its 45% voting membership interests in ALLO at fair value, and accounts for such investment under the HLBV method of accounting. In addition, the Company recorded its remaining non-voting preferred membership units of ALLO at fair value, and accounts for such investment as a separate equity investment. The Company historically earned a preferred annual return of 6.25% that increased to 10.00% on April 1, 2024 for $155.0 million of preferred membership interests of ALLO. On January 1, 2025, the preferred annual return on the $155.0 million of preferred membership interests of ALLO will increase to 13.5%, commencing July 1, 2025, the return will increase to 15.0%, commencing January 1, 2026, the preferred return will increase to 17.5%, and beginning on January 1, 2027 and on each January 1 of each calendar year thereafter, the annual return will increase by an additional 2.5%. During the second quarter of 2024, the Company purchased an additional $14.5 million of preferred membership interests in ALLO, which earn a preferred annual return of 20.0%. Accrued and unpaid preferred returns are converted to additional preferred membership interests each December 31. As of June 30, 2024, the accrued and unpaid preferred return was $6.6 million. If ALLO needs additional capital to support its growth in existing or new markets, the Company has the option to contribute additional capital to maintain its voting equity interest and/or may purchase additional preferred membership interests that include a preferred return. Based on ALLO's business plan for growth and current financial condition, the Company believes it will make additional capital contributions to ALLO in future periods.In addition to equity contributions, ALLO has issued debt to fund its growth. As of June 30, 2024, ALLO has $912 million (par value) of debt outstanding.As part of the ALLO recapitalization transaction in December 2020, the Company and SDC entered into an agreement, in which the Company has a contingent payment obligation to pay SDC a contingent payment amount of up to $35.0 million in the event the Company disposes of its voting membership interests of ALLO that it holds and realizes from such disposition certain targeted return levels. As of June 30, 2024, the estimated fair value of the contingent payment is $10.4 million.Liquidity Impact Related to Hedging ActivitiesThe Company utilizes derivative instruments to manage interest rate sensitivity. By using derivative instruments, the Company is exposed to market risk which could impact its liquidity.All Non-Nelnet Bank over-the-counter derivative contracts executed by the Company are cleared post-execution at a regulated clearinghouse. Clearing is a process by which a third party, the clearinghouse, steps in between the original counterparties and 68guarantees the performance of both, by requiring that each post liquid collateral on an initial (initial margin) and mark-to-market (variation margin) basis to cover the clearinghouseâ€™s potential future exposure in the event of default. Based on the derivative portfolio outstanding as of June 30, 2024, the Company does not anticipate any movement in interest rates having a material impact on its capital or liquidity profile, nor does the Company expect that any movement in interest rates would have a material impact on its ability to make variation margin payments to its third-party clearinghouse and/or payments to its counterparties for its non-centrally cleared derivatives.Other Debt FacilitiesAs discussed above, the Company has a $495.0 million unsecured line of credit with a maturity date of SeptemberÂ 22, 2026. As of June 30, 2024, the unsecured line of credit had no amount outstanding and $495.0 million was available for future use. Upon the maturity date of this facility, there can be no assurance that the Company will be able to maintain this line of credit, increase or maintain the amount outstanding under the line, or find alternative funding if necessary.On December 21, 2023, the Company entered into a $10.0 million participation agreement with a third-party, the proceeds of which are collateralized by consumer loans. The third-party participant does not have the right to pledge, transfer, or otherwise dispose of their participation interest in all or any portion of the loans subject to this agreement. As such, the consumer loans subject to this agreement are included on the Company's consolidated balance sheet and the participation interests outstanding have been accounted for by the Company as a secured borrowing. This participation agreement will amortize as the consumer loans subject to the participation pay down. As of June 30, 2024, the outstanding balance on this participation agreement was $7.6 million.Stock RepurchasesThe Board of Directors has authorized a stock repurchase program to repurchase up to a total of five million shares of the Company's Class A common stock during the three-year period ending MayÂ 8, 2025. As of June 30, 2024, 3,341,735 shares remained authorized for repurchase under the Company's stock repurchase program. Shares may be repurchased from time to time on the open market, in private transactions (including with related parties), or otherwise, depending on various factors, including share prices and other potential uses of liquidity.Shares repurchased by the Company during the first half of 2024 are shown below. Certain of these repurchases were made pursuant to trading plans adopted by the Company in accordance with Rule 10b5-1 under the Securities Exchange Act of 1934. For additional information on stock repurchases during the second quarter of 2024, see "Stock Repurchases" under Part II, Item 2 of this report.Total shares repurchasedPurchase price (in thousands)Average price of shares repurchased (per share) (a)Quarter ended March 31, 2024396,724Â $35,469Â 89.41Â Quarter ended June 30, 2024487,980Â 46,842Â 95.99Â Total884,704Â $82,311Â 93.04Â (a) Â Â Â Â The average price of shares repurchased for the three months ended June 30, 2024 includes excise taxes.DividendsOn JuneÂ 14, 2024, the Company paid a second quarter 2024 cash dividend on the Company's Class A and Class B common stock of $0.28 per share. In addition, the Company's Board of Directors has declared a third quarter 2024 cash dividend on the Company's outstanding shares of Class A and Class B common stock of $0.28 per share. The third quarter cash dividend will be paid on SeptemberÂ 13, 2024 to shareholders of record at the close of business on AugustÂ 30, 2024.The Company plans to continue making regular quarterly dividend payments, subject to future earnings, capital requirements, financial condition, and other factors.CRITICAL ACCOUNTING POLICIES AND ESTIMATESThis Managementâ€™s Discussion and Analysis of Financial Condition and Results of Operations discusses the Companyâ€™s consolidated financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States. The preparation of these financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the reported amounts of income and expenses during the reporting periods. The Company bases its estimates and judgments on historical experience and on various other factors that the Company believes are reasonable under the circumstances. Actual results may differ from these estimates under varying assumptions or 69conditions. Note 2 of the notes to consolidated financial statements included in the Companyâ€™s 2023 Annual Report includes a summary of the significant accounting policies and methods used in the preparation of the consolidated financial statements.On an on-going basis, management evaluates its estimates and judgments, particularly as they relate to accounting policies that management believes are most â€œcriticalâ€ - that is, they are most important to the portrayal of the Companyâ€™s financial condition and results of operations and they require managementâ€™s most difficult, subjective, or complex judgments, often as a result of the need to make estimates about the effect of matters that are inherently uncertain. Management has identified the allowance for loan losses as a critical accounting policy and estimate, as discussed further under Part II, Item 7, â€œManagementâ€™s Discussion and Analysis of Financial Condition and Results of Operations â€“ Critical Accounting Policies and Estimates â€“ Allowance for Loan Lossesâ€ in the Companyâ€™s 2023 Annual Report. For additional information regarding changes in the Companyâ€™s allowance for loan losses for the three and six months ended June 30, 2024 and 2023, see the caption â€œActivity in the Allowance for Loan Lossesâ€ in note 3 of the notes to consolidated financial statements included under Part I, Item 1 of this report. There have been no material changes to the Companyâ€™s critical accounting policy and estimate since December 31, 2023.RECENT ACCOUNTING PRONOUNCEMENTSIn November 2023, the FASB issued accounting guidance which improves reportable segment disclosure requirements primarily through enhanced disclosures about significant segment expenses that are regularly provided to the chief operating decision maker and included within each reported measure of segment profit (referred to as the â€œsignificant expense principleâ€). This guidance will be effective for the Company for the year ending December 31, 2024 annual financial statements, with early adoption permitted. The guidance will be applied retrospectively for all prior periods presented in the financial statements. The Company intends to adopt the standard when it becomes effective for the year ending December 31, 2024 annual financial statements. While the Company is continuing to evaluate the impact this pronouncement will have on its ongoing financial reporting, it currently believes there will be limited impacts to the disclosures included in the notes to consolidated financial statements due to the segment expense detail already disclosed for each reportable segment.In December 2023, the FASB issued accounting guidance to address investor requests for more transparency about income tax information through improvements to income tax disclosures primarily related to the rate reconciliation and income taxes paid information. This guidance will be effective for the Company for the year ending December 31, 2025 annual financial statements, with early adoption permitted. The guidance will be applied on a prospective basis. The Company intends to adopt the standard when it becomes effective for the year ending December 31, 2025. Management is currently evaluating the impact this guidance will have on the disclosures included in the notes to consolidated financial statements.ITEM 3.Â QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK(All dollars are in thousands, except share amounts, unless otherwise noted)Interest Rate Risk - AGM Operating SegmentAGMâ€™s primary market risk exposure arises from fluctuations in its borrowing and lending rates, the spread between which could impact AGM due to shifts in market interest rates.The following table sets forth AGMâ€™s loan assets and debt instruments by rate characteristics:Â As of June 30, 2024As of December 31, 2023Â DollarsPercentDollarsPercentFixed-rate loan assets$532,794Â 5.4Â %$510,666Â 4.2Â %Variable-rate loan assets9,377,823Â 94.6Â 11,538,796Â 95.8Â Total$9,910,617Â 100.0Â %$12,049,462Â 100.0Â %Fixed-rate debt instruments$460,293Â 4.8Â %$561,557Â 4.8Â %Variable-rate debt instruments9,058,363Â 95.2Â 11,142,596Â 95.2Â Total$9,518,656Â 100.0Â %$11,704,153Â 100.0Â %FFELP loans originated prior to April 1, 2006 generally earn interest at the higher of the borrower rate, which is fixed over a period of time, or a floating rate based on the special allowance payment (SAP) formula set by the Department. The SAP rate is based on an applicable index plus a fixed spread that depends on loan type, origination date, and repayment status. The Company generally finances its FFELP student loan portfolio with variable rate debt. In low and/or declining interest rate environments, when the fixed borrower rate is higher than the SAP rate, the Companyâ€™s FFELP student loans earn at a fixed rate while the interest on the variable rate debt typically continues to reflect the low and/or declining interest rates. In these interest rate environments, the Company may earn additional spread income that it refers to as floor income.70Depending on the type of loan and when it was originated, the borrower rate is either fixed to term or is reset to an annual rate each July 1. As a result, for loans where the borrower rate is fixed to term, the Company may earn floor income for an extended period of time, which the Company refers to as fixed rate floor income, and for those loans where the borrower rate is reset annually on July 1, the Company may earn floor income to the next reset date, which the Company refers to as variable rate floor income. All FFELP loans first originated on or after April 1, 2006 effectively earn at the SAP rate, since lenders are required to rebate fixed rate floor income and variable rate floor income for those loans to the Department.Absent the use of derivative instruments, a rise in interest rates will reduce the amount of floor income received and has an impact on earnings due to interest margin compression caused by increasing financing costs, until such time as the federally insured loans earn interest at a variable rate in accordance with their SAP formulas. In higher interest rate environments, where the interest rate rises above the borrower rate and fixed rate loans effectively become variable rate loans, the impact of the rate fluctuations is reduced.No variable-rate floor income was earned by the Company in 2024 or 2023.A summary of fixed rate floor income earned by the AGM operating segment follows.Three months ended June 30,Six months ended June 30,2024202320242023Fixed rate floor income, gross$159Â 456Â $338Â 1,567Â Derivative settlements (a)1,193Â 47Â 2,383Â 22,525Â Fixed rate floor income, net$1,352Â 503Â $2,721Â 24,092Â (a)Â Â Â Â Derivative settlements consist of settlements received related to the Company's derivatives used to hedge student loans earning fixed rate floor income.Gross fixed rate floor income decreased for the three and six months ended June 30, 2024 compared with the same periods in 2023 due to higher interest rates in 2024 compared with 2023.The Company had a significant portfolio of derivative instruments in which the Company paid a fixed rate and received a floating rate to economically hedge loans earning fixed rate floor income. During the first quarter of 2023, to minimize the Company's exposure to market volatility and increase liquidity, the Company terminated its derivative portfolio hedging loans earning fixed rate floor income ($2.8 billion in notional amount of derivatives). Through March 15, 2023, the Company had received cash or had a receivable from its clearinghouse related to variation margin equal to the fair value of the $2.8 billion notional amount of fixed rate floor derivatives as of March 15, 2023 of $183.2 million, which included $19.1 million related to current period settlements. Subsequent to terminating these derivatives, during the second and fourth quarters of 2023, the Company entered into a total of $400.0 million notional amount of derivatives to hedge loans earning fixed rate floor income and other loans and investments in which the Company receives a fixed rate.The increase in net derivative settlements received by the Company during the three months ended June 30, 2024, compared with the same period in 2023, was due to an increase in the notional amount of derivatives outstanding. The decrease in net derivative settlements received by the Company during the six months ended June 30, 2024, compared with the same period in 2023, was due to a decrease in the notional amount of derivatives outstanding and less favorable terms on the $400.0 million of notional

derivatives entered into in 2023 compared with the $2.8 billion notional derivatives that were terminated due to an increase in interest rates from when the terminated derivatives were initially executed.For further details of the Companyâ€™s derivatives used to hedge fixed rate loans, see note 5 of the notes to consolidated financial statements included in Part I, Item 1 of this report.71The following table shows AGMâ€™s federally insured student loan assets that were earning fixed rate floor income as of June 30, 2024. Prior to the discontinuation of LIBOR on June 30, 2023, the Company received three-month LIBOR set discretely in advance and paid one-month LIBOR plus or minus a spread as defined in the agreements (the "1:3 Basis Swaps"). The Company entered into these derivative instruments to better match the interest rate characteristics on its student loan assets and the debt funding such assets. Since the auction feature has essentially been inoperable for substantially all auction rate securities since 2008, the Auction Rate Securities generally pay interest to the holder at a maximum rate as defined by the indenture. While these rates will vary, they will generally be based on a spread to SOFR or Treasury Securities, or the Net Loan Rate as defined in the financing documents.(d)Â Â Â Â Assets include accrued interest receivable and restricted cash.Â Funding represents overcollateralization (equity) and other liabilities included in FFELP loan asset-backed securitizations and warehouse facilities.72Sensitivity AnalysisThe following tables summarize the effect on the Companyâ€™s consolidated earnings, based upon a sensitivity analysis performed on AGMâ€™s assets and liabilities assuming hypothetical increases and decreases in interest rates of 100 basis points and 300 basis points while funding spreads remain constant. In addition, a sensitivity analysis was performed assuming the funding index increases 10Â basis points and 30 basis points while holding the asset index constant, if the funding index is different than the asset index. The sensitivity analysis was performed on AGMâ€™s variable rate assets (including loans earning fixed rate floor income) and liabilities.Â Interest ratesChange from increase of100 basis pointsChange from increase of300 basis pointsChange from decrease of100 basis pointsChange from decrease of300 basis pointsÂ DollarsPercentDollarsPercentDollarsPercentDollarsPercentÂ Three months ended June 30, 2024Effect on earnings:Â Â Â Increase in pre-tax net income before impact of derivative settlements$862Â 1.5Â %$2,910Â 5.0Â %$1,479Â 2.5Â %$6,858Â 11.7Â %Impact of derivative settlements746Â 1.3Â 2,238Â 3.8Â (746)(1.3)(2,238)(3.8)Increase in net income before taxes$1,608Â 2.8Â %$5,148Â 8.8Â %$733Â 1.2Â %$4,620Â 7.9Â %Increase in basic and diluted earnings per share$0.03Â $0.11Â $0.02Â $0.10Â Â Three months ended June 30, 2023Effect on earnings:Â Â Â Increase in pre-tax net income before impact of derivative settlements$712Â 2.4Â %$3,029Â 10.2Â %$314Â 1.1Â %$3,762Â 12.7Â %Impact of derivative settlements (a)33Â 0.1Â 99Â 0.3Â (33)(0.1)(99)(0.3)Increase in net income before taxes$745Â 2.5Â %$3,128Â 10.5Â %$281Â 1.0Â %$3,663Â 12.4Â %Increase in basic and diluted earnings per share$0.02Â $0.06Â $0.01Â $0.07Â Â Six months ended June 30, 2024Effect on earnings:Â Â Â Increase in pre-tax net income before impact of derivative settlements$1,573Â 1.0Â %$5,410Â 3.6Â %$3,420Â 2.2Â %$15,415Â 10.1Â %Impact of derivative settlements1,492Â 1.0Â 4,476Â 2.9Â (1,492)(1.0)(4,476)(2.9)Increase in net income before taxes$3,065Â 2.0Â %$9,886Â 6.5Â %$1,928Â 1.2Â %$10,939Â 7.2Â %Increase in basic and diluted earnings per share$0.06Â $0.20Â $0.04Â $0.23Â Â Six months ended June 30, 2023Effect on earnings:Â Â Â Â Â Â Â Â Increase in pre-tax net income before impact of derivative settlements$1,484Â 2.4Â %$7,432Â 12.2Â %$390Â 0.6Â %$7,412Â 12.2Â %Impact of derivative settlements (a)33Â 0.1Â 99Â 0.2Â (33)(0.1)(99)(0.2)Increase in net income before taxes$1,517Â 2.5Â %$7,531Â 12.4Â %$357Â 0.5Â %$7,313Â 12.0Â %Increase in basic and diluted earnings per share$0.03Â $0.15Â $0.01Â $0.15Â (a)On March 15, 2023, the Company terminated its derivative portfolio hedging loans earning fixed rate floor income. To achieve this objective, the Company manages and mitigates Nelnet Bankâ€™s exposure to fluctuations in market interest rates through several techniques, including managing the maturity, repricing, and mix of fixed and variable rate assets and liabilities and the use of derivative instruments.The following table presents Nelnet Bank's loan assets, asset-backed security investments, and deposits by rate characteristics:Â As of June 30, 2024As of December 31, 2023Â DollarsPercentDollarsPercentFixed-rate loan assets$534,988Â $424,284Â Fixed-rate investments72,195Â 34,644Â Total fixed-rate assets607,183Â 52.4Â %458,928Â 47.7Â %Variable-rate loan assets7,363Â 8,588Â Variable-rate investments545,160Â 495,004Â Total variable rate assets552,523Â 47.6Â 503,592Â 52.3Â Total assets$1,159,706Â 100.0Â %$962,520Â 100.0Â %Fixed-rate deposits$323,857Â 31.3Â %$280,736Â 33.1Â %Variable-rate deposits (a)709,600Â 68.7Â 566,828Â 66.9Â Total deposits$1,033,457Â 100.0Â %$847,564Â 100.0Â %(a)Â Â Â Â Nelnet Bank uses derivative instruments to hedge exposure to variability in cash flows of variable rate deposits to minimize the exposure to volatility in cash flows from future changes in interest rates. For accounting purposes, these notes are eliminated in consolidation and are not included in the Company's consolidated financial statements. However, these securities remain legally outstanding at the trust level and the Company could sell these notes to third parties or redeem the notes at par as cash is generated by the trust estate.Â Upon a sale of these notes to third parties, the Company would obtain cash proceeds equal to the market value of the notes on the date of such sale. The table above includes these repurchased bonds.(b)Â Â Â Â The majority of the Companyâ€™s asset-backed securities earn floating rates with expected returns of approximately SOFR + 100 to 350 basis points to maturity. As of June 30, 2024, $206.5 million (par value) of the Companyâ€™s asset-backed securities earn a weighted average fixed rate of 3.22%. (c)Â Â Â Â Interest incurred by the Company on amounts borrowed under the participation agreement is at a variable rate of SOFR + 62.5 basis points.(d)Â Â Â Â Interest incurred by the Company on amounts borrowed under repurchase agreements is at a variable rate of SOFR + 100 to 140 basis points.The Companyâ€™s portfolio of asset-backed investment securities has limited liquidity, and the Company could incur a significant loss if the investments were sold prior to maturity at an amount less than the original purchase price. As of June 30, 2024, the gross unrealized loss on the Companyâ€™s available-for-sale debt securities was $26.7 million, and the aggregate fair value of available-for-sale debt securities with unrealized losses was $401.2 million. The Company currently has the intent and ability to retain these investments, and none of the unrealized losses were due to credit losses. See note 6 of the notes to consolidated financial statements included under Part I, Item 1 of this report for additional information.ITEM 4.Â CONTROLS AND PROCEDURESDisclosure Controls and ProceduresThe Companyâ€™s management, with the participation of the Company's principal executive and principal financial officers, evaluated the effectiveness of the Companyâ€™s disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934) as of June 30, 2024. Based on this evaluation, the Companyâ€™s principal executive and principal financial officers concluded that the Company's disclosure controls and procedures were effective as of June 30, 2024.75Changes in Internal Control over Financial ReportingThere were no changes in the Companyâ€™s internal control over financial reporting during the fiscal quarter ended June 30, 2024 that have materially affected, or are reasonably likely to materially affect, the Companyâ€™s internal control over financial reporting.PART II. Unless otherwise indicated, shares owned and tendered by employees to satisfy tax withholding obligations were purchased at the closing price of the Companyâ€™s shares on the date of vesting.(b)Â Â Â Â The average price of shares repurchased excludes excise taxes.(c)Â Â Â Â On MayÂ 9, 2022, the Company announced that its Board of Directors authorized a stock repurchase program to repurchase up to a total of five million shares of the Company's Class A common stock during the three-year period ending MayÂ 8, 2025.Working capital and dividend restrictions/limitationsThe Company's $495.0 million unsecured line of credit, which is available through SeptemberÂ 22, 2026, imposes restrictions on the payment of dividends through covenants requiring a minimum consolidated net worth and a minimum level of unencumbered cash, cash equivalent investments, and available borrowing capacity under the line of credit. In addition, trust indentures and other financing agreements governing debt issued by the Company's lending subsidiaries generally have limitations on the amounts of funds that can be transferred to the Company by its subsidiaries through cash dividends at certain times. Further, Nelnet Bank is subject to laws and regulations that restrict the ability of Nelnet Bank to pay dividends to the Company, and authorize regulatory authorities to prohibit or limit the payment of dividends by Nelnet Bank to the Company. These provisions do not currently materially limit the Company's ability to pay dividends, and, based on the Company's current financial condition and recent results of operations, the Company does not currently anticipate that these provisions will materially limit the future payment of dividends.76ITEM 5.Â OTHER INFORMATIONRule 10b5-1 Trading PlansThe following table describes contracts, instructions, or written plans for the purchase or sale of the Company's securities adopted by the Company's directors or executive officers during the second quarter of 2024, each of which is intended to satisfy the affirmative defense conditions of Rule 10b5-1(c), referred to as Rule 10b5-1 trading plans.Name and TitleDate of Adoption of Rule 10b5-1 Trading PlanScheduled Expiration Date of Rule 10b5-1 Trading Plan (a)Aggregate Number of Securities to Be Purchased or SoldWilliam J. 91003123D0005P00020 C. Section C: Performance Work Statement (PWS) 1. Introduction The U.S Department of Education (Department) Office of Federal Student Aid (FSA) issued Solicitation No. 91003122R0007 (Solicitation) seeking servicers to provide continued servicing capabilities for FSAâ€™s student aid recipients using the requirements applicable under Title IV Additional Servicers (TIVAS) and Not-For-Profit (NFP) servicers (collectively, Legacy Servicers) resulting Unified Servicing and Data Solution (USDS) contract (Contract) which will replace the existing, Legacy Servicersâ€™ contracts, and provide the following: â€¢ Complete Student Loan Servicing; â€¢ Student Loan Consolidation Origination and Disbursement; â€¢ Financial Reporting; â€¢ Processing of Specialty Claims (discharge, forgiveness, and cancellation); â€¢ Complete Fulfillment; â€¢ Operational Reporting; â€¢ Compliance Monitoring; and â€¢ Data Integrations with other FSA Systems. 2. BACKGROUND AND GOALS FSA administers all phases of the Federal student financial aid programs from a studentâ€™s submission of the Free Application for Federal Student Aid (FAFSAâ®) through retirement of student loan debt. Federal Student loans have become a core component of postsecondary education financing. FSA directly manages servicing for more than 35 million non-defaulted Federal student loan borrowers with a total value over $1.25 trillion. This contract supports the following FSA goals: â€¢ Provide all federally managed borrowers with complete account management capabilities on StudentAid.gov; â€¢ Reduce the disruption of account transfers; and â€¢ Increase accountability for servicers via clear, measurable service-level agreements. 3. REQUIREMENTS, MILESTONES, AND DELIVERABLES 1) General Operating Requirements The USDS Servicer shall provide services as more fully described in Attachment 01 - Business Operations Servicing Requirements (Attachment 1), Attachment 02 â€“ Financial Technical Requirements (Attachment 2) and associated attachments; and Attachment 03 â€“ IT Requirements Repository (Attachment 3). As fully described in Attachments 1, 2, and 3, the services and related requirements provided by the USDS Servicer include but are not limited to: a. Integration: USDS Servicer shall integrate with existing FSA or third-party solutions, and Next Gen solutions, as necessary. Post-award integration requirements will be managed by the Change Management Process, as described in Attachment 05 â€“ Business Change Management Plan (Attachment 5 or Change Management). b. Adaptability, Flexibility, and Ongoing Performance: USDS Servicer shall adapt and adhere to changes in FSAâ€™s operating environment. USDS Servicer shall adhere to FSAâ€™s Change Management Process. The USDS Â PAGE 13 OF 99 91003123D0005P00020 Servicerâ€™s solution shall have the ability to efficiently scale to changes in borrower account and transaction volumes. Performance testing results are a requirement of this effort. c. Customer Experience Focus: USDS Servicer shall prioritize borrower needs and preferences to deliver an improved borrower experience. USDS Servicer shall implement an approach that minimizes risk and disruption to borrowers while deploying more efficient and effective solutions. d. Monitoring and Adhering to Changes in Laws, Regulations, and other Policies: USDS Servicer shall comply with all applicable Federal and State rules, laws, regulations, and Department guidelines applicable to the USDS Program (including all accessibility elements such as 504/508 compliance). USDS Servicer shall establish a process to monitor changes to applicable laws and regulations to ensure compliance. If the USDS Servicer identifies a change in applicable law, the USDS Servicer must notify FSA by email to the Contracting Officer (CO) to determine the implications of such change to the Contract, the technical design, and/or operational procedures. This includes any scope changes to the Contract to ensure compliance with applicable Federal and State laws and regulations. e. Cybersecurity, Hosting, and Middleware: USDS Servicer shall ensure the USDS solution meets Federal Information Security Management Act (FISMA) and National Institute of Standards and Technology (NIST) standards. See Cybersecurity and IT Requirements as fully described in Department of Education Security and Privacy Requirements for IT Procurements within Attachment 3 and referenced under section C.5 of this document. f. Financial Accuracy and Compliance: USDS Servicer shall adhere to the requirements listed in Attachment 2, and associated Financial Technical Requirements, and provide measures for ensuring the compliance and accuracy of financial transactions and reporting. g. Requirements Changes: Changes to the business operations, finance, technical, and/or cybersecurity requirements delivered under this Contract must follow the change management process as described in Attachment 5. h. Specialty Servicing Programs: The specialty servicing programs (e.g., PSLF, TEACH, TPD) require the USDS Servicer to strictly adhere to the requirements in Attachment 1. USDS Servicer is responsible for the following: providing borrowers with basic information about these programs; connecting borrowers to resources on StudentAid.gov and at 1-800-4-FEDAID: and processing borrower account status changes, discharges, and forgiveness based on information transmitted by FSA. i. Specialty Servicing Tasks. There are discrete specialty tasks that FSA intends to award to USDS Servicer(s) via task orders (Task Orders) under the Contract. Task Orders may include, but are not limited to: FSA Image Repository; Decommissioned Servicer Data Support and Payment Support; Legacy Loan Consolidation Adjustments (work contained within CLIN 12); and FFEL Guaranty Agency Rehabilitation Loan Purchases. These anticipated Task Orders are further described in Section C.3. Specialty Servicing Tasks. j. Trained Personnel: USDS Servicer shall ensure personnel are trained and aware of pertinent, applicable laws, regulations, programs, and FSAâ€™s performance expectations. Development of training content and material shall be done in coordination with FSA and/or FSAâ€™s designees, as required. Â PAGE 14 OF 99

91003123D0005P00020 k. Performance Management: USDS Servicer shall adhere to FSAâ€™s Service Level Agreements (SLAs)/Service Level Objectives (SLOs) and shall include performance management mechanisms that enable improved and ongoing achievement of metrics. FSA will utilize the performance management framework and methodology in Attachment 08 â€“ Service Level Methodology Performance Metrics (Attachment 8) and Attachment 09 â€“ SLA and Future Borrower Allocation Calculator (Attachment 9) to support USDS performance management and to document achievement of the established SLAs and SLOs. Attachment 9 explains the process by which the SLAs and SLOs will be measured. In order to strengthen transparency, FSA reserves the right to publicly release data related to USDS Servicerâ€™s performance including, but not limited to, call center performance and timeliness. See also â€œService Level Agreements & Objectives Performance Incentiveâ€ under Part II Contract Clauses, Section I, Subsection 3 Additional Clauses, of the Contract for the functioning of these requirements as a performance incentive. l. Quality Control and Compliance Management: USDS Servicer shall document, provide policies and procedures, and adhere to its quality management system to ensure quality is measured and managed on a consistent basis. USDS Servicer shall maintain a sound compliance management system (CMS) that is integrated into the overall framework for product design, delivery, and administration across the entire product and service lifecycle. Compliance must be part of the day-to-day responsibilities of management and the employees; issues should be self-identified; and corrective action(s) must be initiated by the USDS Servicer. USDS Servicer must manage relationships with USDS subcontractors and service providers to ensure such subcontractors and service providers effectively manage compliance with applicable statutory, regulatory, and contractual requirements. m. Allocation of Current Borrower Accounts: FSA reserves the right to unilaterally shift current borrower accounts among USDS Servicers at the COâ€™s direction when it is in the best interest of FSA or its borrowers, at no additional cost to FSA. It is anticipated that the movement of borrower accounts will be done with reasonable and prudent cause. n. Allocation of New Borrower Accounts: The allocation of new borrower account volume during Task Order performance will be determined based on the performance of each USDS Servicer in relation to the other USDS Servicers awarded as further described in Attachment 21 and Attachment 9. [added with P00009] FSA may stop the allocation of new borrower account volume if all planned activities of the Initial Task Order are not complete by 07/16/2024. FSA may, at its discretion, chose to not allocate new borrower accounts after that date, until such time as all cyber requirements outlined in the Contract are met, and a second ATO is approved. o. Non-Compliance and Invoicing: For any borrower accounts that the USDS Servicer caused or substantially contributed to non-compliant servicing of such borrower accounts, the servicing of such shall not be billable to FSA from the initial point of occurrence. Such non-compliant servicing includes borrower accounts not being serviced in compliance with any applicable statutory requirements, regulatory requirements, the terms and conditions of the Contract, or FSA guidance. FSA guidance is written operational or technical direction necessary to accomplish contractual requirements. For example, the USDS Servicer properly using the FSA provided parameters for an outreach call campaign as per the Business Operations Servicing Requirements number 33003.020. Examples of non-compliant servicing of borrower accounts include, but are not limited to: inaccurate payment counts towards forgiveness, incorrect interest calculations, incorrect balances, incorrect interest determination and calculations, notices not being sent properly or not adhering Â PAGE 15 OF 99 91003123D0005P00020 to due diligence requirements. FSA reserves the right to request reimbursement of fees that have been invoiced and paid to the USDS Servicer for improper servicing, in a manner determined by FSA, and all other remedies available to FSA under the Contract and law. p. Borrower Account Data Ownership: FSA has exclusive ownership of all information created, received, stored, retrieved, modified, handled, and/or archived as part of this Contract. The USDS Servicer shall have no rights in such information and no rights to such information shall vest in the USDS Servicer by virtue of its performance of this Contract. The USDS Servicer shall not use borrower account data in any manner other than as authorized under the Contract and necessary for performance in accordance with applicable laws and regulations. q. Contractor Acknowledgement: USDS Servicer acknowledges that it is not the U.S. Department of Education, and is not acting as the U.S. Government under this Contract. As such the USDS Servicer acknowledges that any claim or defense of Sovereign Immunity or Qualified Immunity is not applicable to work performed under the Contract and any Task Order issued under the Contract. r. Personnel Security Requirements: The USDS Servicer shall comply with the Department of Education Acquisition Regulation (EDAR) clause 3452.204-72 Contractor Vetting Security Requirements and the Contractor Vetting Security Requirements document contained in Attachment 3. s. Identity, Credential, and Access Management (ICAM) Requirements: i. General ICAM Requirements: 1. All contractors accessing Department and FSA networks and/or data centers who are classified as Privileged Users (PU) are required to use Government furnished Personal Identity Verification (PIV) cards for authentication and access. Note: FSA prohibits contractors from granting access to FSA systems without approval by the Department. 2. The USDS Servicer shall not issue the PIV-I card to the PUs of the FSA system until FSA has approved access for these PUs. 3. The USDS Servicer shall ensure that both PUs and non-Privileged Users, who work on IT resources and applications (for example, the USDS Servicer systems) containing or accessing FSAâ€™s data, utilize PIV/PIV-I cards. The USDS Servicer shall provide card readers and require PUs and non-Privileged Users to use the PIV/PIV-I card for authentication and access to IT resources and applications containing or accessing FSAâ€™s data satisfying an Identity Assurance Level (IAL3) and Authentication Assurance Level 3 (AAL3) as defined in NIST SP 800-63-3. [ADDED P00005] If the USDS Servicer wants to define and document an alternative PIV-I process for these two use cases: a) Servicers that lose, misplace, or forget their PIV-I b) FSA employees and Contractors that need to access the Servicer sites and donâ€™t have a PIV-I. This would include servicer oversight, penetration test teams, 508 compliance testing, etc. Â PAGE 16 OF 99 91003123D0005P00020 The servicer/vendor must document this process for the two use cases above in the appropriate locations in their System Security Plan (SSP) (i.e. IA-02, AC-02, Access Control Policy, etc.) and be approved by the FSA CISO prior to use. The process for servicer contractors who lose, misplace, need to reset the PIN, etc. must be similar in duration (24 hours with ability to renew) to what ED/FSA employees use for when they donâ€™t have access to their PIV card. This process must be documented in the appropriate locations in their USDS System Security Plan (SSP) (i.e. IA-02, AC-02, Access Control Policy, etc.) and be approved by the FSA CISO prior to use. Additionally, a monthly report showing those individuals requesting alternative PIV-I along with both the duration (not to exceed 10 business days) and number of times theyâ€™ve requested an alternative PIV-I needs to be provided to FSA. FSA leaves it to the Servicer to determine the format. To keep reporting dates synchronized, send it when the â€œPersonnel Roster and Monthly PIV Card Reportâ€ is due. It needs to be sent to the ISSO and ISO and doesnâ€™t need to be sent to FSA-CyberArkTeam@ed.gov or FSA_Cyber_Audits@ed.gov The monthly alternate PIV-I report should also include the following fields as a minimum: individualâ€™s name, reason/use case, duration (star/end), Total Days Using Alternate PIV, Cumulative Frequency. For example, Name Reason/Use Case Start End Total Days Using Alternate PIV Cumulative Frequency John Doe Lost PIV 6/22/2023 6/25/2023 4 2 times Jane Smith Expired PIV Certificate 6/2/2023 13 3 times 4. The USDS Servicer shall ensure that a Privileged Access Management (PAM) system is utilized for all PU access to information systems. The PAM solution will manage access and log user activity. USDS Servicer must provide monthly access logs to FSA. 5. The USDS Servicer shall ensure that websites require multi-factor authentication when providing access to PII and other sensitive information. 6. The USDS Servicer shall request ed.gov accounts, and ensure PIV cards are issued, for all individuals that require access to Department and/or FSA business information systems, networks, or email accounts. 7. For a USDS Servicer(s) using a Government furnished equipment (GFE) Laptop, the user shall use the Department provided Virtual Private Network (VPN) solution(s). Â PAGE 17 OF 99 91003123D0005P00020 ii. ICAM Reporting Requirements: 1. The USDS Servicer shall provide a monthly PIV Card report to FSA including: a) Number of PUs with PIV cards disabled in the last 30 calendar days. b) Number of PUs with PIV cards enabled in the last 30 calendar days. c) Total number of PUs with PIV cards. 2. The USDS Servicer shall track and retain records of everyone who has approved access (user ID) to the servicing system, including clearances, training, and signed security documents; ensure that necessary clearances do not lapse; and suspend FSA access for anyone not in compliance. 3. The USDS Servicer shall provide a monthly PIV and/or PIV Card report(s) to FSA including: a) Number of PUs with PIV cards disabled in the last 30 calendar days. b) Number of PUs with PIV cards enabled in the last 30 calendar days. c) Total number of PUs with PIV cards. 4. The USDS Servicer shall send an email to all FSA System Security Officers at any time a user is no longer employed or no longer requires access to FSA systems, advising the FSA System Security Officers that the status of the person(s) identified is "no longer employed" or "no longer requires access to FSA systems." This email shall be sent at least 5 calendar days prior to an employee's removal from the Contract or immediately in cases that require immediate removal of an individual for security or suitability reasons. t. USDS Servicer shall submit its Background Investigation Requests electronically. USDS Servicer shall: i. Follow the term FSA 39-8 â€“ Supplemental Instructions to EDAR 3452.204-72, Contractor Security Vetting Requirements. (DEVIATION) (AUG 2023) located in Section G subsection K. 2) Operating Elements and Related Requirements The USDS Servicer shall provide operating elements and related requirements as more fully described in Attachment 1. Such requirements include: a. Customer Accounts Migration: i. USDS Servicer shall receive historical and current customer borrower accounts from Legacy Servicers. This includes both active and non-active borrower accounts. USDS Servicer shall cooperate with Legacy Servicers in transferring borrower accounts to the USDS Servicer. USDS Servicer should expect reasonable cooperation from Legacy Servicers. USDS Servicer shall promptly report to FSA any issues or disputes regarding the transfer of borrower accounts. ii. USDS Servicer shall ensure that borrower accounts successfully transfer. Transfer data includes: borrower accountâ€™s historical record of balances and transactions, loan consolidation, origination and disbursement records (e.g., underlying loan pay-off, lender detail, funding histories), auto-pay preferences, complete payment history, deferment and forbearance history, repayment plan history, contact preferences, and prior loan transfer imaged Â PAGE 18 OF 99 91003123D0005P00020 records. Additional borrower data types may be added through contract modification, Task Order modification or through the Change Management Process over the life of the Contract. iii. USDS Servicer shall transfer loan data and images from closed/inactive borrower accounts from each non-default retiring Legacy Servicer. USDS Servicer must be able to reopen/ rebuild loans and return the borrower accounts to active servicing. iv. USDS Servicer shall send and support the development and delivery of customer communications about the migration of borrower accounts before, during, and after the migration per FSA instructions. Communications under this Contract to customers being transferred cannot start until after Authorization to Operate (ATO) has been granted. v. USDS Servicer shall convert Loan Consolidation Origination and Disbursement data in accordance with Attachment 1. Future CLIN 7 development work includes developing the requirements state where as follows: i. USDS Servicer shall convert all underlying loan detail and payoff information including all loan verification detail, loan summary statements, initial payoff information (including all financial and non-financial transactions), and under and over payment detail from active consolidation origination and disbursement systems. USDS Servicer shall ensure the solution is able to process all under- and over-payment adjustments. vi. Upon decommissioning as a Federal Loan Servicer, the USDS Servicer shall support the offloading and transfer of all historical borrower account data in accordance with the Phase-Out Plan, reviewed and approved by FSA, as further described in paragraph C.4.c below and in the records retention section of Attachment 1. b. General Borrower Account Servicing Requirements: i. USDS Servicer shall ensure the solution can execute the full range of servicing functions as fully described in Attachments 1, 2, and 3. The services provided by the USDS Servicer and associated requirements include, but are not limited to: 1. Provide staff, either in-house or through subcontracting, who perform front-end contact center agent and back- office agent work necessary to deliver all requirements. 2. Establish the Contact Center with the following hours of operation: : Monday 8 AM to 11 PM EST, Tuesday through Friday 8 AM to 8 PM EST, and Saturday 10 AM to 2 PM EST. This excludes Federal holidays a. From April 1, 2024, through March 31, 2025 â€¢ Mon: 0800-2100 ET â€¢ Tue â€“ Wed: 0800-2000 ET â€¢ Thur â€“ Fri: 0800-1800 ET b. From April 1, 2025 through the end of the contract. â€¢ Mon: 0800-2300 ET â€¢ Tue â€“ Fri: 0800-2000 ET â€¢ Sat: 1000-1400 ET 2. Â PAGE 19 OF 99 91003123D0005P00020 3. Have a Call Management System that will be used to handle all inbound and outbound calls including required recording and reporting, as well as Interactive Voice Response capabilities. 4. Provide the migration of all physical documentation, for borrower accounts assigned to them, from the existing Legacy Servicers. USDS Servicer is required to cooperate with existing Legacy Servicers in transferring physical documentation to the USDS Servicer. USDS Servicer should expect reasonable cooperation from Legacy Servicers. USDS Servicer must report disputes regarding transfer of physical documentation to FSA without delay. 5. Provide Loan servicing for all borrowers in all loan statuses and monitor borrowers as they move through those statuses. 6. Establish repayment plans for borrowers across FSA-held Title IV Loans. 7. Determine and execute eligibility determination, annual recertification, and payment recalculation for Income- Driven Repayment (IDR) plans tied to a borrowerâ€™s income, family situation, and other characteristics that may fluctuate. IDR plans include, but are not limited to Income-Contingent, Income-Based, Pay-As-You-Earn, and Revised-Pay-As-You-Earn. 8. Process, predetermine, and/or execute discharge/forgiveness under various Title IV programs (e.g., Income- Driven Repayment, Closed School, Automatic Closed School, Death, False Certification). 9. Execution, discharge and forgiveness for Public Service Loan Forgiveness, Teacher Loan Forgiveness, Total Permanent Disability, and Borrower Defense. 10. Determination, execution, and implementation of eligibility for various forbearance/deferment programs. 11. Engage in delinquency management and default prevention to assist borrowers in staying current with their repayment plans. 12. Accurately report the status of borrower accounts to the national Credit Reporting Agencies (CRAs) in compliance with the Fair Credit Reporting Act (FCRA) and respond timely to borrower disputes. 13. Process loan consolidation origination and disbursement, including application, pay off, booking new loans, maintaining borrower account histories, performing all reconciliation and financial reporting, and other activities. o This includes the processing of under/over payment adjustments for legacy consolidation loans and any future decommissioned consolidation origination systems. 14. Accommodate changes in repayment plan options, in accordance with Attachment 5. 15. Accurately complete retroactive adjustment processing (e.g., retroactive application of deferments, forbearances, payments, and manual adjustments). 16. Respond to control mail, congressional mail, FSA escalations, FSA feedback, borrower complaints and borrower account disputes. 17. Comply with all applicable Federal, and State laws, rules, and regulations applicable to its performance under the Contract (e.g., the Fair Credit Reporting Act, the Fair Debt Collections Practices Act, the Truth in Lending Act, etc.) Â PAGE 20 OF 99 91003123D0005P00020 and shall maintain a sound compliance management system (CMS) that is integrated into the overall framework for product design, delivery, and administration across their entire product and service lifecycle. 18. Execute internal quality control on all operational activities, submit operational and performance reports to facilitate transparency, oversight, and accountability, promptly notify FSA of any issue or instances of non- compliance, and support monitoring and oversight. c. Financial Functions: i. USDS Servicer shall perform all financial functions as outlined in Attachment 2 and associated attachments. This includes, but is not limited to: 1. Process specific financial and non-financial activity/transactions to correctly record all transactions processed to the servicing system and sending equivalent summary transactions to FSAâ€™s general ledger (FMS). Perform various accounting process flows for loan account types unique to the Government sector. 2. Utilize specific file transmission mechanisms and processing channels for various system integration processes associated with the Oracle FMS used by FSA. 3. Utilize specific financial report and reconciliation file layouts to complete accurate financial deliverables that comply with all associated requirements by the required due date as indicated in the Finance Requirements. Generate various reports and reconciliations to demonstrate that the underlying servicing system data and process flows incorporated in the various reports and ensure reconciliations generated are accurate. 4. Incorporate a system of internal controls consistent with requirements derived from applicable Federal laws, regulations, policies and authoritative guidance. These laws, regulations, and guidance include, but are not limited to: Federal Financial Management Improvement Act (FFMIA); Federal Managers' Financial Integrity Act (FMFIA); CFO Act; Government Performance and Results Act (GPRA); GAO's Standards for Internal Control (i.e., the "Green Book"); OMB Circulars A-123 and A- 130; FISMA; NIST Special Publications; the Treasury Financial Manual (TFM); GAO's Financial Audit Manual (FAM); and GAO's Federal Information System Controls Audit Manual (FISCAM). ii. USDS Servicer shall conduct error and dispute resolution investigation and processing, including, but not limited to: 1. Borrower account maintenance, including manual correction of errors identified through data integrity scans and manual adjustments as identified by FSA. 2. Payment and refund processing, including researching lost or misapplied payments and payment reapplication at the request of borrowers or FSA. iii. USDS Servicer shall maintain data history, including retroactive processing (e.g., â€œas-wasâ€ vs â€œas-isâ€), and tracing loans through consolidation payoff (initial payoff, under and over payments) transactions. This data shall be available and shared with other solutions and systems as directed by FSA. Â PAGE 21 OF 99 91003123D0005P00020 iv. USDS Servicer shall provide timely support for FSAâ€™s future-state processing solution from requirements gathering through development, including access to the USDS Servicerâ€™s Subject Matter Experts and solution set (e.g., system code, workflows, processing tools and infrastructure/environment, etc.). d. FSA Branding: i. FSA requires that all public-facing, USDS Servicer products shall follow the FSA Servicer Brand Guidelines, as more fully described in Attachment 11 (FSA Servicer Brand Guidelines). The FSA Brand Guidelines include the FSA Writing Style Guide and co-branding elements for all public-facing products. In addition, when directly presenting FSA brand elements such as the FSA logo, the USDS Servicer shall follow the FSA Brand Style guide and FSA Design System (collectively, Style Guide and Design) attached hereto as Attachment 10. ii. As further described in the FSA Servicer Brand Guidelines and Style Guide and Design, the USDS Servicer shall comply with the following FSA brand requirements when creating, designing, developing, writing, updating, and maintaining both information technology products and document products: 1. FSA Servicer Brand Guideline and Style Guide and Design requirements apply to all websites and mobile apps, all configured screens within information systems, all mobile application screens, all social media, and all customer-facing

documentation/content that is intended for use by students, parents, borrowers, or schools. 2. The FSA Servicer Brand Guidelines and Style Guide and Design requirements apply to all new or edited content and does not imply the need to audit all past content for compliance. 3. Documentation that is purely internal in nature for use by FSA staff and contractors, such as project management documentation and documentation used to manage information systems, shall not be subject to the branding requirements. Information technology that is purely back-end in nature (the user base consists of system administrators or only IT-personnel) shall not be subject to the branding requirements. 4. USDS Servicer shall submit brand layouts or plans, appropriate to the product they are producing and specified by the FSA Servicer Brand Guidelines and Style Guide and Design prior to work on co- branded or FSA branded elements of the product(s). FSA may require changes to conform with the FSA Servicer Brand Guidelines and Style Guide and Design. FSA will work with the USDS Servicer to provide additional design elements when needed. a) Screen mock-ups showing planned FSA servicer co-branding for websites, configured screens within information systems, mobile applications, and social media shall be submitted for Department approval. b) Templates and layouts customer-facing documentation shall be submitted for Department approval. 5. FSA may modify or update the FSA Servicer Brand Guidelines and Style Guide and Design at any time through modification of the Task Order and/or Contract. When such modifications occur, the USDS Servicer shall incorporate relevant updates into the next major product release or at another time as agreed to by FSA. Â PAGE 22 OF 99 91003123D0005P00020 6. The USDS Servicer may request a waiver from specific elements of the FSA Servicer Brand Guidelines and Style Guide and Design. FSA will consider such requests and may also work with the USDS Servicer to achieve an alternative solution to the specific branding element(s) at issue in the waiver request. The final decision on specific elements waived and any potential consideration or reduction in price due to a reduction in requirements must be accomplished through modification of the Contract and/or applicable Task Order. e. Imaging, Printing, and Mailing: i. USDS Servicer shall receive, image, index, and process physical mail. USDS Servicer shall also provide tracking of and reporting on outbound mail items. USDS Servicer shall identify cost efficiency opportunities and work with FSA to implement changes to processes and practices (e.g., statement or envelope design). Changes effecting requirements and/or prices must be accomplished through modification of the Contract and/or applicable Task Order. ii. USDS Servicer shall generate and send all communications necessary for servicing all assigned borrower accounts under the terms of the Contract (physical and electronic). iii. USDS Servicer shall enable borrowers, customers, partners, and other relevant third parties to be able to fax materials and tag the faxes upon receipt for tracking. iv. USDS Servicer shall image and index inbound correspondence, including physical checks, as well as materials received via fax. USDS Servicer shall then provide access or visibility to the images to FSA. v. USDS Servicer shall provide skip tracing capability to identify updated contact information for invalid postal mail and invalid phone numbers. f. Digital Engagement Layer: i. USDS Servicer shall provide a digital engagement and mobile responsive website solution for borrowers, customers and partners to interact with FSA and complete customer tasks (e.g., view statements and make payments) and partner tasks (e.g., view student loan history and download resources for students). ii. USDS Servicer shall provide an access portal to Title IV partners (e.g., FSA, etc.) as described below: 1. The access shall provide customer account access to FSA and other partners as approved by FSA. The portal shall display, at a minimum, customer demographic detail, loan detail, loan disbursement detail, and access to images (bills, repayment plans, applications, communications etc.). The portal shall allow for downloading and printing of information displayed. 2. The portal shall include a Loan Holder Services website that Guarantee Agencies (GA) and Lenders will use for loan consolidation application processing. 3. The portal shall allow FSA and other trading partners (schools will not access this data) access to the FSA Image Repository, Decommissioned Servicer data, and Legacy Consolidation Support data as outlined in Section C.3 Specialty Servicing Tasks, below. Â PAGE 23 OF 99 91003123D0005P00020 3) Specialty Servicing Tasks FSA anticipates awarding Specialty Servicing Tasks to one (1) or more USDS Servicers. As further described in Attachment 1, USDS Servicer is required to have a plan to provide the following Specialty Servicing Tasks: a. Specialty Servicing Task 1 â€“ FSA Image Repository: USDS Servicer shall transfer in, maintain, and provide access to an FSA image repository (FSA Image Repository). The FSA Image Repository maintains all historical images from previously decommissioned servicing systems and ancillary systems. All images shall be accessed via the partner portal. b. Specialty Servicing Task 2 â€“ Decommissioned Servicer Data Support and Payment Support Servicing Functions: Decommissioned servicer data includes archived data that is stored from decommissioned servicers including but not limited to ACS Education Servicing System (ACES) and Direct Loan Servicing System (DLSS), decommissioned NFP servicers and future decommissioned TIVAS servicers. The USDS Servicers shall: i. Provide FSA the ability to access pre-defined queries, which will be provided during Contract performance, as well as perform ad-hoc queries of the data. ii. Provide payment support services such as processing refunds, researching missing payments, providing check copies. c. Specialty Servicing Task 3 â€“ Legacy Loan Consolidation Origination and Disbursement Support Functions: Legacy loan consolidation origination and support functions include performing all manual adjustments received for underlying loans held by FEEL Lenders, Guaranty Agencies, the Debt Management and Collection System (DMCS), and Direct Loans that were previously consolidated by decommissioned consolidation vendors (e.g. ACES, Title IV Additional Servicer (TIVAS), or other Title IV servicers), (collectively, Legacy Consolidation Vendors). USDS Servicer shall: i. Process all under/over payments received on legacy consolidation loans. ii. Convert all data for all under/over payment adjustments that have been processed since the Legacy Consolidation Vendor was decommissioned. iii. Create updated Consolidation Origination Loan History Records for each adjustment processed and upload such records to the FSA Image Repository. iv. Create adjustment spreadsheets needed to complete the adjustment processing. d. Specialty Servicing Task 4 â€“ FFEL Guaranty Agency Rehabilitation Loan Purchases: USDS Servicer shall support rehabilitation loan purchases from participating FFEL guarantors. This support function includes: i. Acceptance of rehabilitated loan assignments from guaranty agencies. ii. Creation and transmittal of purchase funding request files to FMS and loan purchase detail and summary files to FSA. iii. Full reconciliation of loan purchases and transferred of data. iv. Support for overpayments and underpayments of the purchase amount Â PAGE 24 OF 99 91003123D0005P00020 v. Inclusion of rehabilitated loan purchases in default management processes 4) USDS Servicing IT Requirements As fully described in Attachment 3, USDS Servicer is required to provide the following IT Requirements as part of the Contract: a. FSA System Development Lifecycle (SDLC): The USDS Servicer shall comply with the FSA System Development Lifecycle process (FSA-SDLC), currently named the Lifecycle Management Methodology (LMM) as fully described in Attachment 06 - Lifecycle Management Methodology Process Guide (Attachment 6), during the term of the Contract. Document templates for compliance are provided within Attachment 04 - IT Deliverable Repository (Attachment 4). b. Collaboration Requirement: In carrying out the scope of work under the Contract, the USDS Servicer shall collaborate with and share technical information with FSA and other contractor support staff in the holistic delivery of solutions, services, and results to FSA. This collaboration may be required in specific situations at the direction of the CO or as may be delegated to the COR. The USDS Servicer is responsible for coordinating any necessary non-disclosure agreements between the USDS Servicer and collaborating support contractors. See EDAR 3452.227-72 Use and Non-Disclosure Agreement and EDAR 3452.227-73 Limitations on the use or disclosure of Government-furnished information marked with restrictive legends for more information. c. Transition Support: In accordance with FAR Part 52.237-3, the services provided under the Contract are vital to the Government and must be continued without interruption. The USDS Servicer shall provide phase-in and phase-out services as further described below. i. Transition Support Instructions: To ensure a smooth transition, and support of such continuity of service requirements as may be stipulated in the Contract; the USDS Servicer shall submit a Phase-In Plan as a part of the Contract. ii. The USDS Servicer shall establish and implement plans for an orderly phase-out of the contracted operations at the termination of the Contract (Phase-Out Plan), as further described below. The USDS Servicer shall submit a Phase-Out Plan to the CO for evaluation and approval six (6) months after Contract award. The USDS Servicerâ€™s phase-out procedures shall not disrupt or adversely impact the day-to-day conduct of Government business. The USDS Servicer shall maintain the Phase-Out Plan as Contract changes are made and provide the CO with the copies of changes and revisions for review and approval prior to finalizing the updated Phase-Out Plan. The USDS Servicer will use this plan to ensure the smooth transition of services to a successor contractor in accordance with FAR 52.237-3. iii. Transition Support (Phase-In): The USDS Servicer shall develop comprehensive procedures for phasing- in its performance to the level required and within the time allowed under the terms of the Contract and, if required, by a Task Order. 1. The period between Initial Task Order award date and Go Live date will constitute the phase-in period (Phase-In Period). During the Phase-In-Period, the USDS Servicer shall prepare to assume full responsibility for all areas of operation in accordance with the terms and conditions of the Contract. The USDS Servicer shall take all actions necessary for a smooth transition of the USDS operations. Â PAGE 25 OF 99 91003123D0005P00020 2. FSA will make all applicable GFE and Government Furnished Information (GFI) available to the USDS Servicer during the Phase-In-Period. 3. During the Phase-In-Period, the USDS Servicer shall ensure it is ready to fully perform the Contract without assistance from the Legacy Servicers or the Government by the Go-Live date. Phase-In tasks include but are not limited to: a) Establish a USDS Servicerâ€™s Project Management Office to coordinate phase-in tasks and to be the single point of contact for the Government during the Phase-In-Period. b) Recruit and hire necessary personnel. c) Obtain all required certifications and clearances, including personnel security clearances. d) Participate in development of joint inventories (e.g., borrower account and Federal records) and sign for Government furnished property/ equipment/information. e) Develop and submit any required deliverables. f) Attend post-award meetings as required. g) Accomplish necessary training to support the operations and maintenance functions of the USDS program. iv. Transition Support (Phase-Out): The USDS Servicer shall develop a Phase-Out Plan (Phase-Out Plan) to affect a smooth and orderly transfer of contract responsibility to a successor. The Phase-Out Plan shall fully describe how the USDS Servicer will approach project Phase-Out including but not limited to the following issues: employee notification; retention of key personnel; turn-over of work-in-progress, inventories (e.g. Federal records including borrower accounts, Standard Operating Procedures (SOPs), software licenses, telephone lines), Government property; GFE, GFI, removal of USDS Servicer property form Government facilities; data and information transfer; surrender of Federal records, and any other actions required to ensure continuity of operations. 1. The USDS Servicerâ€™s Phase-Out Plan shall require that the USDS Servicer and the Government to conduct an inventory of all systems, GFE, Federal records, contract deliverables, work in progress, and other items required for the support of the USDS Solution. Following such inventory, the USDS Servicer will conduct a joint inventory with the successor contractor and/or FSA to ensure a smooth transition of all applicable services. 2. The Phase-Out Plan must also include the following: reconciliation of all property accounts, requisitions, work-in-progress; turn-in of excess property; USDS Servicersâ€™ work areas clean-up; plan for training successor contractor, specialized equipment, utilities systems, and ongoing work that the successor would be required to complete; transfer of Federal records, sanitizing USDS Servicer equipment and systems of all Federal records, and, security debriefings in accordance with FSA security procedures for incumbent personnel holding security clearances. v. The Phase-Out Plan must address the phase-in activities required under FAR 52.237-3 including a training program for the incoming contractor, transition dates for work described in the plan observation periods, access to employees of on-site interviews etc. The Phase-Out Plan must include an Â PAGE 26 OF 99 91003123D0005P00020 observation period at which time management personnel of the incoming workforce can observe operations and performance methods of the USDS Servicer. This will allow for orderly turnover of facilities, equipment, and Federal records and will help to ensure continuity of service. The USDS Servicer shall not defer any requirements of the Transition-Out plan for the purpose of avoiding responsibility or of transferring services to the succeeding contractor. The USDS Servicer shall fully cooperate with the succeeding contractor and the Government so as not to interfere with their work or duties. vi. Decommissioning Plan: The USDS Servicer shall provide an IT Decommissioning Plan in compliance with NIST SP 800-14, "Generally Accepted Principles and Practices for Securing Information Technology Systems", NIST SP 800-53 "Recommended Security Controls for Federal Information Systems", NIST SP 800-64 "Security Considerations in the System Development Life Cycle", and NIST SP 800-88 "Guidelines for Media Sanitization". The Decommissioning Plan is to address decommissioning in connection with any expiration/termination of the Contract and/or the removal/retirement of USDS Servicerâ€™s equipment used in performance of the Contract. Such decommissioning of USDS Servicerâ€™s equipment and systems shall be at no additional cost to FSA. d. Intellectual Property: Unless specified in a Task Order, FSAâ€™s interest in Intellectual property is defined in the Clauses of the Contract. e. Software Licensing: i. The USDS Servicer shall provide a listing of all required commercial off the shelf (COTS) software to include product descriptions and quantities with itemized unit and extended costs for each product. ii. If FSA procures or funds any software through the USDS Servicer, the USDS Servicers shall provide FSA visibility and access to license oversight, including real-time distribution (even if being distributed by the USDS Servicer) and usage at time of procurement. iii. For any COTS software not procured through the USDS Servicer, software will be distributed by FSA as needed. Administrator and support access will be shared with USDS Servicer for software management, maintenance, support, deployment and/or distribution so long as FSA retains required visibility. f. Contractor Support of Technology Refreshment: As part of its standard technology refreshment program, FSA requires regularly scheduled and periodic upgrades of the underlying infrastructure, support software, and enabling frameworks to (at minimum) N-1 versions (where N is the latest version and N-1 is the second latest version). i. SaaS, PaaS, and/or IaaS Solutions: The USDS Servicer performing integration services for FSA in connection with FISMA-approved cloud computing services (SaaS, PaaS, IaaS) shall ensure the infrastructure, support software, and enabling components and frameworks are maintained to (at minimum) N-1 versions as part of a standard technology refreshment program. ii. Infrastructure and COTS Software: The USDS Servicer shall support refreshment activities, including infrastructure and software upgrades and patches led by FSAâ€™s infrastructure and middleware vendors. As needed, the USDS Servicer shall support planning and scheduling, impact analysis, changes to the application, and testing. Â PAGE 27 OF 99 91003123D0005P00020 iii. Applications and Enabling Components and Frameworks: The USDS Servicer shall ensure that functionality and application design are optimized; maintenance is cost efficient; the enabling technology remains under support by third party vendors (e.g., IBM, Oracle, or Microsoft); the application code and its underlying frameworks are maintained at the N-1 or N version. USDS Servicer must comply with the Attachment 19 - Technology Standards and Products Guide (Attachment 19). g. Cybersecurity Requirements: The USDS Servicer shall comply with the cybersecurity and privacy requirements as described in the 2022 Security and Privacy Requirements for Information Technology Procurements document within Attachment 3. Any solution making use of cloud services must use FedRAMP certified cloud packages and be approved by the Department for use. h. FSA Cybersecurity Requirements: The following sub-sections describe FSA Cybersecurity requirements that supplement Attachment 3. i. FSA General Cybersecurity Requirements: 1. The USDS Servicer shall ensure the solution is defined, designed, developed, and maintained in a manner such that it implements the cybersecurity requirements and standards. FSA and the Department have implemented a risk-based approach and measurement methodology for each system and the information systemâ€™s cybersecurity performance under FSA contracts. The USDS Servicer shall ensure that the USDS systems and associated technologies meets all requirements for cybersecurity including but not limited to the cybersecurity scorecard. 2. The USDS Servicer shall ensure that it fully participates, and enters in the appropriate agreements, with the FSA and Department of Homeland Security (DHS) Cyber Hygiene programs. 3. The USDS Servicer shall designate a Security Manager, who shall serve as a primary contact point regarding security related issues. The Security Manager shall work with the designated Information System Security Officer (ISSO) to ensure that the USDS information system(s) used for performance of the Contract remains secure, vulnerabilities are addressed, and that all required security documentation and reporting is maintained. 4. The USDS Servicer shall allow FSA access to FSA information including data schemas, meta data, and other associated data artifacts on USDS Servicerâ€™s systems. USDS Servicer is required to ensure FSA can fully and appropriately retrieve FSA information from USDS Servicerâ€™s systems. USDS Servicer must ensure FSA has the ability to store, read, and process such information. This requirement includes, but is not limited to data stored on recovery media, tape backups, images, etc. 5. The USDS Servicer shall provide data loss prevention capability to ensure that Controlled Unclassified Information (CUI) and privacy data are monitored and protected. Â PAGE 28 OF 99 91003123D0005P00020 6. The USDS Servicerâ€™s designated security personnel must obtain an ed.gov account (network/e- mail) and PIV Badge. 7. The USDS Servicerâ€™s security personnel must obtain access to the Governmentâ€™s Cyber Security Assessment and Management (CSAM) system to provide reporting for the USDS Servicerâ€™s systems associated with the scope of the Contract. The USDS Servicerâ€™s security personnel shall be responsible for maintaining all system security artifacts in CSAM, including, but not limited to, the System Security Plan (SSP). 8. The USDS Servicerâ€™s security personnel must obtain access to the Departmentâ€™s PowerBI system where system scorecards are stored for the applicable USDS system(s) that has an ATO. 9. The USDS Servicer shall be liable for breaches of security resulting from failure to follow applicable Federal, NIST, DHS, Department and FSA security processes and/or Federal law, guidance documents, and security standards. 10. Machine to Machine Communication (MTM). USDS Servicer must be capable of sending log data in real time via machine-to-machine communication over encrypted sessions to FSAâ€™s SOC SIEM, which is in a FedRAMP GovCloud. The log types are defined in OMB-M-21-31, Appendix C and Executive Order (EO) 14028. 11. [P00019 Revised] Continuous Diagnostics and Mitigation Program (CDM). To be implemented no later than 07/31/2024, the USDS Servicer shall implement continuous security monitoring in accordance with NIST SP 800-137 and CISAâ€™s latest release of â€œContinuous Diagnostics and Mitigation Program, Technical Capabilities, Volume Two: Requirements Catalogâ€. The CDM capabilities shall be capable of satisfying an ongoing security authorization. The USDS Servicer's Continuous Monitoring must feed into the Department and FSA continuous monitoring programs via machine-to-machine near-real-time updates and static

frequency-based updates. The USDS Servicer shall ensure all information is entered into the Department's FISMA management tool and kept current with all changes. USDS Servicer must adhere to the DHS deployment phases as required by DHS. See Attachment 3 for additional CDM requirements documents. 12. End Point Detection and Response (EDR). USDS Servicer must provide end point detection and response (EDR) in accordance with DHS requirements. The EDR solution must be able to integrate with DHS. See Attachment 3 for additional EDR requirements documents. 13. [P00019 Revised] IPv6. Compliance with networks operating only at Internet Protocol Version 6 (IPv6) must be in accordance with OMB 21-07 timelines. See also Attachment 3 (Security and Privacy Requirements for Information Technology Procurements). The IPv6 implementation schedule is revised to implement according to the Detailed Implementation Plan with road map submitted to obtain native IPv6 compliance for getting to: At least 50% of IP-enabled assets on Federal networks are operating in IPv6-only environment by 9/30/2024; At least 80% of IP- enabled assets on Federal networks are operating in IPv6-only environment by 9/30/2025; and Identify and justify Federal information systems that cannot be converted to use IPv6 and provide a schedule for replacing or retiring these systems. Â PAGE 29 OF 99 91003123D0005P00020 ii. FSA Data Segregation Requirements: 1. Physical Separation: a) USDS Servicer shall provide and maintain a physically segregated network. b) USDS Servicer shall ensure separate hardware for each landing zone to include, but not limited to network devices, routers, switches, firewalls, and load balancers. c) In non-cloud environments, the USDS Servicer shall ensure virtual machines exist on physically separate equipment for each landing zone including virtual routers and switches. 2. Logical Separation: a) FSA data and transactions on mainframes shall be hosted in separate partitions that do not share resources with other IT users of the mainframe. b) For virtual and cloud environments, the USDS Servicer shall ensure FSA systems are hosted in separate instances, also may be referred to as containers, or tenants. 3. Monitoring and reporting segregation: a) The USDS Servicer shall provide a quarterly report that identifies systems by name and IP address to identify potential problems in maintaining segregation of USDS systems. b) The USDS Servicer shall monitor, track, and report monthly on physical segregation to ensure it is maintained. c) The USDS Servicer shall follow an FSA approved process for changes to network configurations. d) The USDS Servicer shall provide a report to validate that moves, additions, and changes have been appropriately requested and implemented. e) The USDS Servicer shall use the change-management process to identify potential security gaps in segregation maintenance and shall report status and findings quarterly. iii. FSA Cybersecurity References: 1. The USDS Servicer shall use the current versions and current revisions for applicable Federal Cybersecurity Laws and Regulations, OMB Memorandums, NIST guidance documents, Department of Homeland Security Guidance documents, Department of Education policy and guidance documents, and Federal Student Aid policy, procedures, and guidance documents. 2. On a quarterly basis, FSA will provide the USDS Servicer with a list of updated Cybersecurity References. Any work required to comply with the updated references shall be coordinated through the Information System Owner, ISSO, Program Manager, COR, and CO. 3. The USDS Servicer understands and agrees that (i) any list of updated Cybersecurity References provided by FSA is provided purely as a courtesy; (ii) FSA does not provide any warranties, including but not limited to those of accuracy and currency, related to such lists; (iii) nothing in the lists, nor any other information provided by FSA shall be interpreted as legal advice and (iv) the USDS Servicer is required to Â PAGE 30 OF 99 91003123D0005P00020 perform independent due diligence and seek the advice of its legal counsel on all questions of compliance, including those related the Cybersecurity References. i. FSA IT Retirement Requirements: i. When an Information Resource, as defined in OMB A-130 and 44 USC 3502, reaches the end of its life cycle, and access to the resource by all users has been terminated, data resident on the resources shall be protected and transferred to the Department in a usable form within 120 days after resource retirement and in a format that ensuring the data is available for future use, and other assets shall be disposed of in accordance with NIST publication 800-88. ii. The USDS Servicer shall complete the destruction of all copies of Federal records on the USDS Servicer systems, as directed by the CO, within an agreed upon timeframe, after the end of the Contract performance period or after the Contract is suspended or terminated by FSA for any reason. j. FSA Information Data Exchange: i. The USDS Servicer shall provide cybersecurity relevant date, to support Information Security Continuous Monitoring (ISCM) for Federal Information Systems and Organizations, in a machine-to- machine manner to the FSA Security Operations Center. ii. The USDS Servicer shall implement Internet access via TIC or MTIPS in accordance OMB Memorandum M-19-26, "Update to the Trusted Internet Connections (TIC) Initiativeâ€, September 12, 2019. k. Capacity Planning and Management: i. The USDS Servicer shall provide capacity planning and management information to the Department, including, but not limited to: capacity planning reports and recommendations; annual forecast and recommendations it proposes to adopt in fulfillment of the Contract with specific sizes, quantities, specifications and timing. ii. The USDS Servicer shall support FSAâ€™s capacity planning schedule and process. The USDS Servicer will provide input relative to the performance of the application/tool and its supporting infrastructure. This will, include but not be limited to system response time and/or latency, system capacity, storage requirements, utilization, performance, etc. iii. The USDS Servicer shall monitor and manage capacity to ensure that information technology resources are being operated within minimum and maximum thresholds. iv. The USDS Servicer shall produce written capacity management reports at intervals defined in Attachment 04a â€“ Deliverable Table of Attachment 4 (Attachment 4a) . The capacity management report must summarize actions taken since the last report and which provide prescriptive recommendations to minimize cost and maximize efficiency. v. The USDS Servicer shall keep the USDS system(s)â€™s average annual uptime at 99.99% excluding scheduled maintenance. l. Data Planning and Management: Â PAGE 31 OF 99 91003123D0005P00020 i. Data Planning: The USDS Servicer shall provide a Data Migration Plan for solutions that involve the movement, creation, modification, or decommissioning of operations data supporting any FSA information system in accordance with the approved Federal records schedule in Attachment 1 and paragraph m of this section, Federal Records and Controlled Unclassified Information (CUI), below. Refer to the FSA System Development Lifecycle (FSA SDLC)/Lifecycle Management Methodology (LMM) section of the Federal Student Aid Technology Office IT Standards Library for additional information. https://studentaid.ed.gov/about/contracting-info/it-standards ii. Data Management: The USDS Servicer shall provide detailed file layouts for all production data files, loads, and extracts comprising or supporting any USDS Servicer information system(s) per the guidance provided in the current Federal Student Aid Data Standardization Policies and Procedures within Attachment 4. Additionally, the USDS Servicer shall include detailed source target mapping, conceptual (where applicable), logical and physical data models, and detailed data dictionaries for all production database structures per the guidance provided in Federal Student Aid Data Model Standards and Guidelines, Registration Policies and Procedures, and Federal Student Aid Enterprise Data Dictionary Standards within Attachment 4. The USDS Servicer shall provide this information on an as-needed basis when requested by FSA. m. Federal Records and Controlled Unclassified Information (CUI): i. "Federal record" as defined in 44 U.S.C. Â§ 3301, includes all recorded information, regardless of form or characteristics, made or received by the Department under Federal law or in connection with the transaction of public business and preserved or appropriate for preservation by the Department or its legitimate successor as evidence of the organization, functions, policies, decisions, procedures, operations, or other activities of the U. S. Government or because of the informational value of data in them. ii. The term Federal record: 1. Includes Department Records. 2. Does not include personal materials. 3. Applies to records created, received, or maintained by the USDS Servicer pursuant to the Contract. 4. May include deliverables and documentation associated with deliverables, as described in the Contract. iii. The USDS Servicer shall comply with all applicable Federal records management laws and regulations, as well as National Archives and Records Administration (NARA) records policies, including but not limited to, the Federal Records Act (44 U.S.C. chs. 21, 29, 31, 33), NARA regulations at 36 CFR Chapter XII Subchapter B, including 36 CFR part 1236, and those policies associated with the safeguarding of Federal records covered by the Privacy Act of 1974, as amended (5 U.S.C. 552a). These Federal laws, regulations, and policies include the appropriate preservation of all Federal records, regardless of form or characteristics, mode of transmission, or state of completion. iv. In accordance with 36 CFR 1222.32, all data created for U.S. Government use and delivered to, or falling under the legal control of the U. S. Government are Federal records subject to the provisions of 44 U.S.C. chapters 21, 29, 31, and 33, the Freedom of Information Act (5 U.S.C. 552), as amended, and the Privacy Act Â PAGE 32 OF 99 91003123D0005P00020 of 1974 (5 U.S.C. 552a), as amended and must be managed and scheduled for disposition only as permitted by Federal statute or regulation. v. In accordance with 36 CFR 1222.32, USDS Servicer shall maintain all Federal records created for U.S. Government use, created during Contract performance, and/or delivered to, or under the legal control of the U.S. Government in accordance with Federal law. Electronic Federal records and associated metadata must be accompanied by sufficient technical documentation to facilitate their understanding and use. vi. USDS Servicer must additionally manage Federal records which contain CUI in accordance with all applicable laws, regulations, and U.S. Government-wide policies (LRGWP) to include Executive Order EO 13556, 32 CFR Part 2002, ED Directive OCIO 3-113, and NIST-800-171 Revision 2 (or current version). vii. The USDS Servicer is responsible for preventing the alienation or unauthorized destruction of Federal records, under the Contract, including all forms of mutilation. Federal records may not be removed from the legal custody of the Department or destroyed except in accordance with the provisions of the Contract and Federal Records Act. Willful and unlawful destruction, damage or alienation of Federal records is subject to the fines and penalties imposed by 18 U.S.C. 2701. The USDS Servicer shall immediately report any unlawful or accidental removal, defacing, alteration, or destruction of Federal records to the CO. viii. The USDS Servicer shall immediately notify the CO upon discovery of any inadvertent or unauthorized disclosures of information, data, documentary materials, records or equipment. The USDS Servicer shall ensure that the appropriate personnel, administrative, technical, and physical safeguards are established to ensure the security and confidentiality of all Federal records in accordance with applicable law. ix. The USDS Servicer shall not remove material from U.S. Government facilities or systems, or facilities or systems operated or maintained on the U.S. Government's behalf, without the express written permission of the Departmentâ€™s Records Officer. x. Under no circumstances shall the USDS Servicer retain possession of, nor access to, Federal records, or any copies thereof, after the expiration or termination of the Contract. Under no circumstances shall the USDS Servicer destroy Federal records except in accordance with the provisions of the Contract and the Federal Records Act. xi. The USDS Servicer is required to obtain the CO's approval prior to engaging in any contractual relationship (sub-contractor) in support of the Contract requiring the disclosure to the subcontractor of information, documentary material and/or Federal records generated under, or relating to, the performance of the Contract. The USDS Servicer (and any sub-contractor) is required to abide by U.S. Government and Department guidance for protecting sensitive, proprietary information, classified, and CUI. The U.S. Government reserves the right to inspect, at any time, USDS Servicer and subcontractor policies, procedures, and strategies for ensuring that Federal records are appropriately preserved. xii. The USDS Servicerâ€™s use of U.S. Government IT equipment is limited to Contract performance or any purposes otherwise authorized by the Contract and in accordance with Department policy. xiii. The USDS Servicer shall not create or maintain any Federal records containing any non-public Department information not specified or authorized by the Contract. Â PAGE 33 OF 99 91003123D0005P00020 xiv. The USDS Servicer shall not retain, use, sell, or disseminate copies of any Federal record or deliverable that contains information covered by the Privacy Act of 1974, as amended (5 U.S.C. 552a), or that which is generally protected from public disclosure by an exemption to the Freedom of Information Act, as amended (5 U.S.C. 552). xv. The Department owns the rights to all data and Federal records produced as part of the Contract. All deliverables under the Contract are the property of the U.S. Government for which the Department shall have unlimited rights to use, dispose of, or disclose such data contained therein as it determines to be in the public interest. Any of the Contractorâ€™s rights in the data or deliverables must be identified, as required by FAR 52.227-11 through FAR 52.227-20. xvi. The USDS Servicer shall incorporate the substance of this Federal Records and Controlled Unclassified Information (CUI) section, its terms and requirements including this paragraph, in all subcontracts requiring the disclosure to a subcontractor of information, documentary material, and/or Federal records generated under, or relating to, the performance of the Contract, and require written subcontractor acknowledgement of same. Violation by a subcontractor of any provision set forth in this clause will be attributed to the USDS Servicer. xvii. All USDS Servicer employees assigned to the Contract who create, work with, or otherwise handle Federal records are required to complete Department-provided records management training. The USDS Servicer is responsible for confirming training has been completed according to Department policies, including initial training and any annual or refresher training. USDS Servicer must confirm the applicable individuals complete the training as follows: 1. All USDS Servicer personnel with Department email accounts or access to Department IT networks or networks with Department data must complete records management training within 60 calendar days of employment and must complete annual refresher training. 2. All USDS Servicer personnel that create, receive, access, or use Federal records on behalf of the Department, regardless of whether those individuals have Department email accounts or IT network access. 3. USDS Servicer is required to take the annual Information Management Requirements training, because the Contract includes CUI and the CUI Identification and Marking Training is required. Additional Category or POC specific trainings may be assigned. USDS Servicer will maintain completion certificates and provide them to FSA upon request. 4. Annual training must be completed within 60 calendar days of receiving the training materials. 5. Attestation that all applicable staff have completed training will be sent by email to the CO or COR with a cc to the CO, from an official authorized to communicate on behalf of the USDS Servicer. xviii. Electronic Information System Requirements: Any electronic information system should address, at minimum, the regulations in 36 CFR 1236.10. Information systems that process, store, or transmit CUI must fulfill the requirements outlined in 32 CFR 2002.14(g). xix. Marking Requirements: The USDS Servicer shall mark CUI as outlined in Department training. Â PAGE 34 OF 99 91003123D0005P00020 xx. Handling and Safeguarding Requirements: The USDS Servicer will ensure that CUI is managed appropriately. The requirements include safeguarding, controlled environments, shipping and mailing or transporting protections, and reproduction protections (see 32 CFR 2002.14(a-e)). xxi. Information Security Incidents (ISI) Requirements: USDS Servicer must immediately report all suspected security incidents, breaches, and events involving Department information to the Departmentâ€™s Computer Incident Response Center (EDCIRC) email: edcirc@ed.gov, and EDâ€™s Security Operations Center (EDSOC) email: edsoc@ed.gov; voice: 202-243-6550, regardless of whether the ISI is suspected, known, or determined to involve IT systems operated in support of the Contract. In the event of an ISI, the Department must be provided immediate access to all USDS Servicer and/or subcontractor IT systems used in support of the Contract for inspection and analysis. n. IT Accessibility Requirements (Section 508 of the Rehabilitation Act) Please note that a hyperlink included provides guidance on the following statements except for the last bullet relating to acceptance criteria. i. Section 508 of the Rehabilitation Act, as amended by P.L. 105-220, requires that when Federal agencies develop, procure, maintain, or use information and communication technology (ICT), it shall be accessible to people with disabilities. Products, platforms and services delivered as part of this work statement that are or contain ICT, must conform to the Revised 508 Standards, at 36 C.F.R. Â§ 1194.1 & Apps. A, C & D (found at https://www.access-board.gov/guidelines-and-standards/communications-and-it/about-the-ict- refresh/final-rule/text-of-the-standards-and-guidelines). ii. Applicable requirements for software features and components: Where the USDS Servicer provides client server software (installed on a computer), the WCAG Level AA Success Criteria, 502 Interoperability with Assistive Technology, 503 Application applies. iii. Applicable requirements to Webpage and Web Applications: Where the USDS Servicer provides web-based application (browser based), the WCAG Level AA Success Criteria applies (found at: https://www.w3.org/TR/WCAG20/). iv. Applicable requirements for hardware features and components: Where the USDS Servicer provides hardware (e.g., Copiers, fax machines, phones, scanner etc.), the requirements for hardware features and comments applies (found at https://www.access-board.gov/ict/#E206-hardware). v. Applicable support services and documentation: Where the USDS Servicer provides support documentation or services for ICT, such documentation and services shall conform to the requirements in Chapter 6 (found at https://www.access-board.gov/guidelines-and-standards/communications-and-it/about-the-ict- refresh/final-rule/text-of-the-standards-and-guidelines#602-support-documentation). vi. Section 508 Compliance Criteria: Prior to acceptance, the Government reserves the right to perform testing on required ICT items to validate the USDS Servicerâ€™s Section 508 conformance claims. 1. If Department OCIO testing of ICT implementations and enhancements determines such enhancements fail to meet Section 508 requirements, then final payment for the implementation may be withheld by the Government until the product is updated to pass 508 compliance testing by Department OCIO. Â PAGE 35 OF 99 91003123D0005P00020 2. If FSA determines that Section 508 conformance claims for COTS software products provided by the USDS Servicer represents a higher level of conformance than what is provided to FSA, then the Government may, at its option: a) Require the USDS Servicer to remediate the item to align with the USDS Servicerâ€™s original accessibility (Section 508) conformance claims prior to acceptance; and b) Require the USDS Servicer to substitute a compliant product. o. Technology Business Management Data Reporting i. The Technology Business Management (TBM) Data Report â€“ The USDS Servicer must submit the TBM Data Report. The TBM Data Report Template is included within Attachment 4. The USDS Servicer shall submit the TBM Data Report as an annual deliverable, as requested by the Department, and as-need when the distribution percentages need to be changed. The USDS Servicer shall complete all pertinent fields of the TBM Data Report and provide timely delivery consistent with the due date for the annual Capital Planning and Investment Control (CPIC) submission. The specific deliverable descriptions for the TBM IT Towers and IT Cost Pools are provided within Attachment 4. ii. The USDS Servicer shall review all of the provided informational materials and select the IT Towers and IT Cost Pools that pertain to the Contract. Not all IT Towers nor all of the IT Cost Pools may apply to the Contract. The USDS Servicer shall enter the appropriate amounts into each cell for each pertinent fiscal year. The USDS Servicer shall ignore the first IT Cost Pool for Internal Labor which pertains to Government FTE costs which will be provided by FSA before the initial deliverable due date in August 2023. p. Contractor Qualifications â€“ Capability Maturity Model Integration (CMMI) The USDS

Servicer shall maintain mature IT management processes and a mature System Development Life Cycle (SDLC) methodology. This can be demonstrated through a minimum of a Capability Maturity Model Integration (CMMI) Level 2 assessment. FSA accepts either CMMI-Dev or CMMI-Services. Self-certification of CMMI Level 2 is adequate only if followed up with achievement of full certification within a year of Contract award. FSA has a strong preference for CMMI Level 3. CMMI is desired; however, a similar rating like ISO 9001 or equivalent in the commercial space may also be taken under consideration. For example, FSA will accept a combination of ISO 9001 and ISO 27001 certifications, with a list of CMMI attributes they conform to. Personnel assigned to the Contract must comply with the USDS Servicerâ€™s CMMI Level 2 or equivalent processes and be familiar with the CMMI or equivalent requirements that apply to their role. q. Network Management For all telecommunication requirement changes, the USDS Servicer shall submit a written request through the Federal Student Aid Enterprise Change Management (ECM) process. All such changes, new or existing, shall conform to Federal Student Aid Security standards and shall undergo security reviews. r. IT Incident Management The USDS Servicer shall use the FSA data center services and the Departmentâ€™s Help Desk to report all incidents (Incidents). Incidents include those occurring inside the FSA data center environment, and those Incidents occurring in Â PAGE 36 OF 99 91003123D0005P00020 USDS Servicerâ€™s applications outside of the FSA data center environment. Until service is restored, the USDS Servicer shall assist in timely notification, within 30 minutes of the Incident occurrence and within 24 hours of follow up issues, escalation and resolution of any Incidents that impact application degradation or outages. The USDS Servicer shall collaboratively participate in identifying the root cause of Incident. The USDS Servicer shall also, develop solutions that resolve the issues, implement, and test any corrective actions. In matters relevant to FSA systems impacted by the USDS Servicerâ€™s work effort, the USDS Servicer shall provide FSA and the FSA data center support and input into root-cause analysis. 5) Milestones a. ATO & Security Requirements: USDS Servicer shall be able to meet Security and Privacy Requirements as described within Attachment 3 prior to Code Freeze date; and be ready to provide services in compliance with Requirements by the Go Live date. b. Business Operations Servicing Requirements: USDS Servicer shall provide services in support of FSAâ€™s Business Operations Servicing Requirements as fully described in Attachment 1 and associated attachments. As part of the Initial Task Order awarded under the Contract, all system development work in support of these requirements must be completed by the Code Freeze date and any other efforts to implement these requirements (e.g., system deployments, procedure development, staffing, training, etc.) must be ready by the Go Live date. c. Financial Technical Requirements: USDS Servicer shall provide services in support of FSAâ€™s Financial Technical Requirements as fully defined in Attachment 2 and associated attachments. As part of the Initial Task Order awarded under the Contract, all system development work in support of these requirements must be completed by the Code Freeze date and any other efforts to implement these requirements (e.g., system deployments, procedure development, staffing, training, etc.) must be ready by the Go Live date. d. Specialty Program Servicing Requirements: USDS Servicer shall provide all Specialty Program Servicing Requirements as fully described in Attachment 1. As part of the Initial Task Order awarded under the Contract, all system development work in support of these requirements must be completed by the Code Freeze date and any other efforts to implement these requirements (e.g., system deployments, procedure development, staffing, training, etc.) must be ready by the Go Live date e. Specialty Task Servicing Requirements: USDS Servicer shall provide all Specialty Servicing Task Requirements as more fully described in Attachment 1. As part of the Initial Task Order awarded under the Contract, all system development work in support of these requirements must be completed by the Code Freeze date and any other efforts to implement these requirements (e.g., system deployments, procedure development, staffing, training, etc.) must be ready by the Go Live date f. Unmet Requirements: For any of the requirements that the USDS Servicer will not meet upon award, the USDS Servicer has identified the unmet requirements. Such unmet requirements and the planned completion dates to meet those requirements are provided in Attachment 23 - Requirements Development and Costs Template (Attachment 23). The associated costs (if applicable) to meet these requirements are incorporated in the Initial Task Order. 6) Deliverables: A complete list of contract deliverables can be found in the following 3 attachments: Attachment 1a Business Operations Deliverable Table (Attachment 1a), Attachment 2a Financial Deliverables Table (Attachment 2a), and Attachment 4a IT Deliverables Table (Attachment 4a). Â PAGE 37 OF 99 91003123D0005P00020 a. Format: Deliverables shall be provided electronically whenever possible. Electronic delivery via e-mail is acceptable, with the files delivered in both Acrobat (.pdf) and a current Microsoft Office format suitable for the report (Word or Excel) unless otherwise directed by the CO to provide in a different format. b. Delivery Points of Contact: Deliverables shall be submitted to the CO, the COR, Program Manager, and Project Manager. c. Review Period: i. Unless specified differently in Attachments 1a, 2a, or 4a, or at the Task Order level, FSA shall review each deliverable and provide written notice of acceptance or rejection within fifteen (15) business days upon receipt. ii. Changes and Comments: 1. Upon notice of formal written rejection of a deliverable from FSAâ€™s CO, USDS Servicer shall address all comments/changes and submit a revised deliverable within five (5) business days if the comments/changes can be easily addressed and understood by both FSA and USDS Servicer. 2. If the deliverable is rejected and/or requires significant revision to address all FSA comments/changes, USDS Servicer will have seven (7) business days from date of FSAâ€™s written rejection to submit the revised deliverable. d. Deliverable Due Date: USDS Servicer shall furnish deliverables specified herein in accordance with the delivery schedule and requirements, to the delivery point(s) specified in paragraph b of this section and as further described in Attachments 1a, 2a, and/or 4a or at the Task Order level. i. If a deliverable is due on a calendar day that falls on a weekend day or on a Federal Government holiday, the deliverable is due on the following business day. ii. Unless otherwise specified, deliverables shall be submitted by noon (12:00 PM EST) on the deliverable due date. e. General Deliverable Acceptance Criteria: The acceptance criteria for each deliverable is included in Attachments 1a, 2a, and 4a. Such acceptance criteria include, but is not limited to, the following: i. The CO, the COR, Program Manager, and Project Manager will review the deliverable to determine that: 1. The deliverable is organized appropriately and written clearly. 2. The information in the deliverable is accurate and relevant. 3. The deliverable adheres to FSA documentation standards, including technical quality. ii. Documentation created by the USDS Servicer as part of the Contract shall comply with the templates contained within FSAâ€™s LMM, Attachment 6. These templates may be modified by mutual agreement of the parties, to address the needs of the Contract, contract modification, or Task Order under the Contract. iii. A deliverable that is poorly organized, incomplete, unclear, inaccurate, or contains grammar/spelling errors will be deemed unacceptable. As further described in paragraph c of this section, the CO will provide written rejection to the USDS Servicer. Â PAGE 38 OF 99 91003123D0005P00020 f. Single Points of Contact (SPOCs): The USDS Servicer shall provide Single-Points-of-Contact (SPOCs) for all USDS products and services. The USDS Servicer shall use SPOCs to ensure effective and consistent communication with the Government. 4. Initial USDS Servicer Task Order: [P00009 updated] a. The Initial Task Order (ITO) is a firm-fixed price task order for the tasks and deliverables required for the USDS Servicer to become performance ready. b. The period of performance for the ITO is from the date of Contract award thru completion of ITO requirements, receipt of post 7/16/2024 ATO, and resolution of all issues discovered during the ATO process. c. USDS Servicer shall provide the tasks required to achieve ATO and go-live of the servicing system (Go-Live) according to the schedule in the table below. The requirements are as fully described in Attachments 1, 2, and 3. d. The Initial Task Order Milestones/Deliverables and associated due dates are contained in the table below and in part g of this section. If a due date falls on a holiday or weekend, then the due date will move to the next business day (Monday â€“ Friday). Additional Initial Task Order deliverables are marked and contained in the deliverable table and Attachments 1a, 2a, and 4a. i. The USDS Servicer shall enhance its IT/Cybersecurity posture to meet all requirements in Attachment 3 by the start of the ATO process with the exceptions as described in part g of this section. ii. The ATO assessment may result in required Plan of Action and Milestones (POA&M) that the Government may accept remediation over an FSA defined period. Any exceptions or PO&AM items that are a result of an FSA decision to delay on implementing or providing an alternative schedule approval on specific requirements will be reviewed and negotiated with the Contracting Officer and adjusted through contract modification. iii. The Department Authorizing Official (AO) shall have final authority to accept or reject the ATO. e. The Department may withhold final payment of any outstanding cybersecurity requirements under the Initial Task Order until ATO is met and FSA accepts all deliverables under the Initial Task Order and any POA&M remediations. f. USDS Servicer shall coordinate with FSA to ensure all personnel have completed all required training and security requirements to perform under the Contract. g. In accordance with the attached Nelnet Recommended Project Approach (Attachment 32) the following actions are required by the given dates: a. Nelnet ATO Assessment processes begins no later than 11/10/2023 b. All data segmentation completed by 2/28/2024. c. Full network segmentation and cybersecurity requirements completed by 7/16/2024. All USDS required business applications* and associated tools / infrastructure will be hosted in either an on-premise or AWS-hosted Federal only network and environment. With respect only to the USDS Servicerâ€™s obligation to complete network segmentation on or Â PAGE 39 OF 99 91003123D0005P00020 before 7/16/2024 (â€œSegmentation Deadline"), including moving on-premises TIVAS applications to Amazon Web Services (â€œAWSâ€) as specified below under the heading â€œApplication Migration Groupings and Target Datesâ€ and subheading â€œGroups 3-7 Migrations and Final Network Segmentationâ€ the USDS Servicerâ€™s failure to meet the Segmentation Deadline may result in reductions to the Initial Task Order (â€œITOâ€) price, as set forth in Attachment 31, Delivery Delay Reduction Schedule, and may result in reductions to the USDS Servicerâ€™s allocation of new borrowers in future periods. For clarity however, (a) failure to meet the Segmentation Deadline due to action or inaction of the Government will not trigger reductions in the ITO price or borrower allocation, and (b) the ITO price reductions and borrower allocation reductions do not apply to any other dates or deliverables. *Total and Permanent Disability application systems, infrastructure and associated network connectivity is excluded from USDS cybersecurity requirements and implementation of USDS segmentation requirements will be excluded from the definition of completion of this milestone. In addition, TPD portals will be exempt from co-branding and single sign-on USDS requirements. [P00019 Removed]In alignment with Nelnetâ€™s proposed migration approach (Attachment 32), Nelnet will migrate its current set of TIVAS applications that support FSA into the Federal-only network / domain no later than 7/16/2024. Below are the current identified groupings of applications and targeted date timeframes; however, Nelnet will manage scope of individual groups based on the overall project schedule and ultimate milestone of 7/16/2024 for completion of all application and data migration into a fully segmented USDS (federal) environment. d. Inspection and Acceptance Outside any specific requirements of this section, reference Part I Section C PWS, Section H, Part II Section I, and Part III Section J for specific requirements regarding inspection and acceptance 52.246-4 INSPECTION OF SERVICES-FIXED-PRICE (AUG 1996) (a) Definition. "Services," as used in this clause, includes services performed, workmanship, and material furnished or utilized in the performance of services. Â PAGE 42 OF 99 91003123D0005P00020 (b) The Contractor shall provide and maintain an inspection system acceptable to the Government covering the services under this contract. Complete records of all inspection work performed by the Contractor shall be maintained and made available to the Government during contract performance and for as long afterwards as the contract requires. (c) The Government has the right to inspect and test all services called for by the contract, to the extent practicable at all times and places during the term of the contract. The Government shall perform inspections and tests in a manner that will not unduly delay the work. (d) If the Government performs inspections or tests on the premises of the Contractor or a subcontractor, the Contractor shall furnish, and shall require subcontractors to furnish, at no increase in contract price, all reasonable facilities and assistance for the safe and convenient performance of these duties. (e) If any of the services do not conform with contract requirements, the Government may require the Contractor to perform the services again in conformity with contract requirements, at no increase in contract amount. When the defects in services cannot be corrected by reperformance, the Government may- (1) Require the Contractor to take necessary action to ensure that future performance conforms to contract requirements; and (2) Reduce the contract price to reflect the reduced value of the services performed. (f) If the Contractor fails to promptly perform the services again or to take the necessary action to ensure future performance in conformity with contract requirements, the Government may- (1) By contract or otherwise, perform the services and charge to the Contractor any cost incurred by the Government that is directly related to the performance of such service; or (2) Terminate the contract for default. (End of clause) F. Deliveries or Performance Reference Part I Section C PWS, Section H, Part II Section I, and Part III Section J for specific requirements regarding deliveries and/or performance. G. Contract Administrative Data A. CLAUSES 52.216-32 TASK-ORDER AND DELIVERY-ORDER OMBUDSMAN (SEPT 2019) (a) In accordance with 41 U.S.C. 4106(g), the Agency has designated the following task-order and delivery-order Ombudsman for this contract. The Ombudsman must review complaints from the Contractor concerning all task-order and delivery-order actions for this contract and ensure the Contractor is afforded a fair opportunity for consideration in the award of orders, consistent with the procedures in the contract. Christopher J. Rosier, 400 Maryland Ave SW, Washington, DC 20202/(202) 453-6338/Chris.Rosier@ed.gov (b) Consulting an ombudsman does not alter or postpone the timeline for any other process (e.g., protests). Â PAGE 43 OF 99 91003123D0005P00020 (c) Before consulting with the Ombudsman, the Contractor is encouraged to first address complaints with the Contracting Officer for resolution. When requested by the Contractor, the Ombudsman may keep the identity of the concerned party or entity confidential, unless prohibited by law or agency procedure. (End of clause) B. TYPE OF CONTRACT AND TASK ORDERS The Contract is a Multiple Award, Indefinite Delivery, Indefinite Quantity (IDIQ) Contract with the ability to issue Task Orders with multiple or singular contract types. The contract types available are Fixed Price with Economic Price Adjustment (FP-EPA), Fixed Price with Economic Price Adjustment and with Performance Incentives (FP-EPA-PI), and Firm-Fixed Price (FFP). C. TASK ORDERS Task Orders: Task Orders shall be issued based on the terms and conditions of the Contract. FSA will implement servicing solution through the issuance of Task Orders. These Task Orders will be priced based upon the terms and conditions of the Contract including the established common pricing and pricing for Initial Task Order. See subsection D, Pricing and Payment below. D. PRICING AND PAYMENT a. Progressive Fixed-Price Rates Explanation: i. Progressive Fixed-Price Rate. A progressive fixed-price rate means the USDS Servicer will invoice FSA for different rates depending on the number of borrower accounts with a remaining balance on the USDS Servicerâ€™s system. For example, if the USDS Servicer has 7.5 million borrowers, FSA will pay one rate (A) for the first 5 million borrowers and a different rate (B) for the next 2.5 million borrowers. The monthly billing for this CLIN would = (5 million x Rate A) + (2.5 million x Rate B). See Attachment 22 - Progressive Fixed- Price Calculator (Attachment 22) for an example of how to calculate or estimate using the methodology described in this section. ii. Borrower Accounts Pending Discharge. For billing purposes, borrower accounts pending discharge, which include but are not limited to: conditional disability, death, or bankruptcy, shall be counted in the deliverable status at the time of the

discharge request. iii. Borrower Accounts in Default. Borrower accounts in default status will be transferred from the USDS Servicer to DMCS, FSAâ€™s system for managing defaulted borrower accounts. Upon borrower account transfer to DMCS, USDS Servicer will no longer invoice FSA for that account. iv. Last Day of Billing Period. The last day of the billing period for services provided by the USDS Servicer is defined as the last day of FSAâ€™s monthly billing period. b. CLIN 1 Servicing System Operations: USDS Servicer will invoice FSA on a monthly basis for the services provided under CLIN 1 Servicing System Operations. Â PAGE 44 OF 99 91003123D0005P00020 Monthly billing will be on a progressive fixed-price basis tied to the number of borrower accounts with a remaining balance on the USDS Servicerâ€™s system as of the last day of the month for which the invoice is submitted. Pricing will be in accordance with Contract Section B.2 CLIN Pricing and Rates. c. CLIN 2 Cybersecurity Services: USDS Servicer will invoice FSA on a monthly basis for the services provided under CLIN 2 Cybersecurity Services. Monthly billing will be on a progressive fixed-price basis tied to the number of borrower accounts with a remaining balance on the USDS Servicerâ€™s system as of the last day of the month for which the invoice is submitted. Pricing will be in accordance with Contract Section B.2 CLIN Pricing and Rates. d. CLIN 3 Contact Center and Back-Office Processing Operation & Maintenance: USDS Servicer will invoice FSA for services provided under CLIN 3 Contact Center and Back-Office Processing Operation & Maintenance for up to 80% of the total value of services provided. The remaining 20% may be billed after receipt and application of the amount of the Service Level Agreements and Objectives Performance Incentive. Billing will be on a progressive fixed-price basis tied to the number of borrower accounts with a remaining balance on the USDS Servicerâ€™s system as of the last day of the month for which the services were provided. Pricing will be in accordance with Contract Section B.2 CLIN Pricing and Rates. Types of CLIN 3 Servicing Rates: Standard Loan Servicing: Borrower accounts serviced following the standard requirements of the Contract and who do not fit into the two servicing rate types below. Service Member / Military Servicing: Borrowers identified by unique borrower social security numbers (SSNs) with balance not equal to $0.00 currently serviced using the Servicemembers Civil Relief Act (SCRA) 6% interest limit (borrower has one or more loans with rate reduced to 6% or SCRA Eligible loans already at or under 6%). These borrowers are: â€¢ In a Military Service Deferment; â€¢ In a Post Active Duty Deferment; OR â€¢ Using the 0% interest while serving in a hostile area (borrower has one or more loans with rate reduced to 0%). National Emergency Forbearance (CARES Act) Servicing: These are the borrowers that qualify under the Coronavirus Aid, Relief, and Economic Security Act Pub. L. No. 116-136 (2020) (CARES Act) for national emergency forbearance servicing. Performance Incentives: i. At-Risk Borrower Performance Incentive: Payments for the At-Risk Borrower Performance Incentive associated with CLIN 3 shall be in accordance with the At-Risk Borrower Performance Incentive clause. The clause is in the Contract within Part II, Section I, Part 3 Additional Clauses. ii. Service Level Agreements & Objectives Performance Incentive: Invoice adjustments for this performance incentive associated with CLIN 3 shall be in accordance with the Service Level Agreements & Objectives Performance Incentive clause. The clause is in the Contract within Part II, Section I, Part 3 Additional Clauses. Â PAGE 45 OF 99 91003123D0005P00020 e. CLIN 4 Website and Mobile Services: USDS Servicers will invoice FSA on a monthly basis for the services associated with CLIN 4 Website and Mobile Services. Monthly billing will be on a progressive fixed-price basis tied to the number of borrower accounts with a remaining balance on the USDS Servicerâ€™s system as of the last day of the month for which the invoice is submitted. Pricing will be in accordance with Contract Section B.2 CLIN Pricing and Rates. f. CLIN 5 User Authentication Services: USDS Servicer will invoice the FSA on a monthly basis for the services associated with CLIN 5 User Authentication Services. Monthly billing will be on a fixed-price basis tied to the number of borrower accounts with a remaining balance on the USDS Servicerâ€™s system as of the last day of the month for which the invoice is submitted. Pricing will be in accordance with Contract Section B.2 CLIN Pricing and Rates. g. CLIN 6 Fulfillment Services: USDS Servicer will invoice FSA on a monthly basis for the services associated with CLIN 6 Fulfillment Services. Monthly billing will be based on the fixed-prices for CLIN 6 in accordance with Contract Section B.2 CLIN Pricing and Rates. h. CLIN 7 Development, Modernization & Enhancements: FSA will issue Task Orders for implementation or development of future requirements that are within scope of the Contract but not within the base requirements at Contract award. The USDS Servicer shall submit an invoice(s) to FSA in accordance with the payment schedule for CLIN 7 services established in the Task Order. i. Initial Task Order: The Initial Task Order under the Contract shall be invoiced in accordance with the clauses and procedures of the Contract and payment schedule established in the Initial Task Order. j. Billing and Prices â€“ Less than one cent: All CLIN Task Order total prices and invoices shall be rounded up to a cent, if the quantity of units multiplied by the unit price results in a number with greater than two decimal places, to result in billing price or CLIN price with two decimal places. For example, if a fixed unit price was 0.00073 and the invoice was for a quantity of 20 units the total of 0.0146 would be rounded up to $0.02. The total of invoices may not exceed the funding on the CLIN as a result of this process. The last invoice for the full amount of unit quantities on the CLIN would invoice for the quantities delivered and at the amount which would total the total funding of the CLIN. This would result in the total quantity of units being delivered and total value of the CLIN being paid. E. PERIOD OF PERFORMANCE The Period of Performance for this IDIQ Contract may last up to ten (10) years, consisting of a five-year Base Period; two, two-year Option Periods; and one, one-year Option Period. Table 4, Period of Performance, below describes the period of performance of the Contract. Table 4, Period of Performance Term Start date End date 5 Year Base Period Upon contract award. See See Schedule CLIN 0001. Â PAGE 46 OF 99 91003123D0005P00020 Term Start date End date Schedule CLIN 0001. 2 Year Option Period 1 See Schedule CLIN 0002. See Schedule CLIN 0002. 2 Year Option Period 2 See Schedule CLIN 0003. See Schedule CLIN 0003. 1 Year Option Period 3 See Schedule CLIN 0004. See Schedule CLIN 0004. F. ORDERING General The Task Orders issued under the Contract, may only be issued by an authorized FSA warranted CO (Ordering CO). Ordering COs must obtain permission in advance to issue a Task Order Request For Proposal (RFP) from the FSA CO or Contracting Office responsible for administering the Contract. Ordering COs are responsible for clearly identifying the applicable order type(s), in each Task Order, and making all required pre-solicitation determinations. Task Orders that are not within the scope of the Contract are not authorized. Ordering COs shall ensure Task Order proposals are responsive to RFP evaluation criteria and that proposed prices are fair and reasonable within the Contract pre- established labor rates. Ordering COs are responsible for all administration duties associated with Task Orders, including the timely closeout of Task Orders as they are completed. Requesting Proposal The authorized FSA warranted CO may solicit responses to requirements from USDS Servicers within a technical area covered by the Scope of Work. Generally, the Task Order solicitation will include, but is not limited to: 1. Statement of Work 2. Reporting Requirements and Deliverables 3. Proposal Due Date and Location to Deliver Proposals 4. Period of Performance of Task Order 5. Anticipated type of Task Order 6. Technical Proposal Instructions 7. Business proposal Instructions 8. Evaluation Factors for Award All Task Order solicitations/proposal requests or notices of intent to place an order shall include the provision 52.204-24, Representation Regarding Certain Telecommunications and Video Surveillance Services or Equipment (NOV 2021). Fair Opportunity In accordance with FAR 16.505, Ordering, all USDS Servicers under the awarded IDIQ contracts pursuant to Solicitation No. 91003122R0007shall be provided with fair opportunity to compete for Task Order awards Â PAGE 47 OF 99 91003123D0005P00020 unless an exception applies. Any Task Order awarded without providing for fair opportunity, must be documented in accordance with the applicable section of FAR 16.505. H. Special Contract Requirements A. Testing Approach FSA will leverage the USDS Servicerâ€™s test plans in executing its oversight and to ensure proper testing of the USDS Servicerâ€™s solution. FSA shall have access to all testing materials (e.g., scripts, testing results, etc.) for review and feedback and shall be given the capability to oversee testing in person or remotely. FSA shall have the ability to conduct side-by-side user acceptance testing with USDS Servicer to reduce cycle times. (End of Clause) B. Technology Business Management (TBM) Data Report The TBM Data Report Template is included as an attachment within Attachment 4. This Office of Management and Budget (OMB) required report shall be a quarterly deliverable under the Contract. The USDS Servicer shall complete all pertinent fields of the TBM Data Report and provide timely delivery consistent with the instructions contained in the annual A-11 OMB Circular on the Budget Submission Requirement, specifically in the section containing the annual OMB Guidance on the Capital Planning and Investment Control (CPIC) submission requirements for Information Technology (IT) investments. The specific deliverable descriptions for the IT Towers and sub-towers and Cost Pools are found in Attachment 4. USDS Servicer shall review the informational materials and select the IT Towers and Cost Pools that pertain to its Contract. Not all of the IT Towers nor all of the Cost Pools may apply to the Contract. USDS Servicer shall enter the percent (%) of total cost associated with each selected IT Tower and Cost Pool. The total of the percentages must be 100%. USDS Servicer shall ignore the first IT Cost Pool for Internal Labor. FSA will determine that percentage and adjust the remainder of the Cost Pool percentages in order to sum the percentages to 100%. In addition, after FSA receives this deliverable, it will calculate the actual amounts using the percentages and actual total IT cost of the investment. FSA will provide the USDS Servicer the Security and Compliance actual costs so that the USDS Servicer can calculate the Cyber BDR Costs Percentages by NIST Categories deliverable. OMB requires that the total of the IT Towers equal the total of the IT Cost Pools equal the total of the Lifecycle Cost table in the investmentâ€™s business case. (End of Clause) C. Subcontracting with Disabled and Severely Disabled Individuals The Government has preference for companies who employ disabled and severely disabled individuals and allow such individuals to support FSA remotely. Persons with blindness and other disabilities provide a ready source of capable labor. The AbilityOne Program is the largest source of employment for people who are blind or have significant disabilities in the United States. More than 550 nonprofit organizations employ these individuals and provide quality products and services to the Federal Government at a fair market price. They offer call center and helpdesk services with customer satisfaction scores and productivity levels that rival commercial call centers. These services are offered on your site, their site, or from â€œAt-Homeâ€ agents. In addition, USDS Servicer may find they are able to fill many of USDS Servicerâ€™s other service needs for the Contract. The Department strongly encourages the USDS Servicer to subcontract Â PAGE 48 OF 99 91003123D0005P00020 with an AbilityOne organization, or another organization that employees disabled and severely disabled individuals for at least a portion of the USDS Servicer call center, helpdesk and other service needs. (End of Clause) D. Annual Submittal of Financial Audit Statements. USDS Servicer shall submit annually a copy of its current Financial Audit Statement to the CO 60 days prior to the end of the current period of performance. This information will be a factor in assessing responsibility prior to exercising options or issuing new Task Orders, as applicable. E. Reserved [P00006] F. Labeling of Documents. The USDS Servicer shall not label any data produced in performance of the Contract in a way that would restrict the U.S. Government's right to use or release the information, unless limited or restricted rights, as define by 52.227-14, Rights in Data-General, were agreed upon and the Contract explicitly delineates the data that are subject to limited or restricted rights. If applicable, the USDS Sevier shall include a legend that identifies sensitive data that should not be released for security reasons. Deliverables shall not contain USDS Servicer-specific logos, mottos, watermarks, or holograms. The USDS Servicer shall not use, particularly for proposals, U.S. Government logos, such as the U.S. Department of Education or Federal Student Aid. G. USDS Servicers Use of Government Commercial Software. This section applies to all commercial software that isâ€“ 1. provided by the Government to the USDS Servicer for performance of the Contract; 2. purchased, licensed, or maintained by the USDS Servicer and is directly reimbursed by the Government; or 3. purchased or licensed by the USDS Servicer in the name of the Department. Software provided by the Government will be supplied by the FSA Software Asset Management Team via the CO or COR. The USDS Servicer performing work on behalf of the Department shall not: 1. Install, reproduce, distribute, transmit, or otherwise use software for which the Department lacks the appropriate license, unless such software is properly licensed and used in accordance with Departmental policy and the applicable license. If the USDS Servicer becomes aware of the reproduction, distribution, or use of unauthorized software, the USDS Servicer will notify the CO or COR who in turn will notify the FSA Software Asset Management Team. All use above the licensed entitlement will be removed or purchased by the USDS Servicer. 2. Install, reproduce, or use any software upgrade on a computer that does not already have resident the original, licensed version of the software. 3. Loan, distribute, or transmit Department software to any third party, unless the employee or contractor is expressly authorized to do so by the COR and the applicable license. If the USDS Servicer performing work on behalf of the Department has any question concerning entitlement for Â PAGE 49 OF 99 91003123D0005P00020 use of any software, it has the responsibility to seek clarification, via the CO or COR, of the Software Asset Management Team. The terms of this section apply to the USDS Servicer, and its employees performing work on behalf of the Government and accessing or using Government software assets from any off-site or remote work location. For example, this includes all telework locations, use of non-Government equipment while performing Government work, and/or use of any/all devices for this purpose that have the ability to connect/access any Government network or software product. The USDS Servicer shall hold the Government harmless for any noncompliance with this section or the licenses under which the software is provided. The USDS Servicer will be responsible for paying all damages, penalties, extra license fee or any other expense associated with its noncompliance without reimbursement or compensation from the Government. The USDS Servicer shall report annually by March 31, or more frequently if requested by the CO, the following: 1. Software product name 2. Software version number 3. Username 4. Workstation owner, as applicable 5. Server name, as applicable 6. Metrics required by license (e.g., the names of actual users if license is named user base.) The USDS Servicer is subject to audits by the Government or the software manufacturer at the USDS Servicerâ€™s location to ensure it is complying with this section and licenses. The USDS Servicer shall remove the software immediately from its machines and certify to the CO its removal and the destruction or return of all documentation when any of the following occurs: 1. Contact under which software is required ends without renewal; 2. The software licenseâ€™s term ends without renewal; 3. The software license is terminated by manufacturer for cause; or 4. The software is no longer required for performance of the Contract. For named user-based or client-based licenses, the USDS Servicer will report within 30 calendar days the addition, replacement, or termination of access of any specific named-user or the addition, transfer or removal of software from client machines. Such report will contain the name of the former client as well as the new client, as applicable. For server or core-based licenses, the USDS Servicer will report within 30 days the addition, transfer or removal of software from servers. Such report will contain the name of the former server as well as the new server, as applicable. Â PAGE 50 OF 99 91003123D0005P00020 H. Continuation of Mission Critical Contractor Services. As used in this section: 1. Mission Critical Contractor System or Other Services are defined as a system or other services that have a material impact on the accomplishment of the Federal Student Aid mission. 2. The services under the Contract are vital to the mission of the Department. The USDS Servicer shall be responsible for the availability of all systems operated, or other services performed by the USDS Servicer for the Department, regardless of location. This section applies to all or any part of the Contract that includes services that directly support the Department's mission. 3. The USDS Servicer shall provide, implement, and maintain a Continuation of Mission Critical Services Plan (also referred to as Contingency Plan, or â€œThe Planâ€) for continuing performance of services no matter the circumstances. The Plan shall describe the processes and procedures that will be followed to ensure continued availability of services under the Contract. Any alternate site used as part of Disaster Recovery shall be fully operational within 48 hours of a declared disaster. The USDS Servicer shall identify in the Plan the provisions made for the acquisition of mission critical personnel and resources, if necessary, for continuity of operations for up to 30 calendar days or until normal operations can be resumed. 4. Within 60 calendar days after contract award, the USDS Servicer shall submit its Plan for approval, which shall be consistent with and further detail the approach contained in the USDS Servicer's final revised proposal. The Plan, as approved by the CO, shall be incorporated into the Contract as a compliance document. The Plan must, at a minimum, address: i. Name of the USDS Servicerâ€™s officer overall responsible for the maintenance, management, exercising and execution of the Plan; ii. Plans and procedures; iii. Identification of mission critical functions; iv. The time lapse associated with the initiation of the acquisition of mission critical personnel and resources and their actual availability on site; v. Delegations of authority, planned order of succession, and cross-training to ensure personnel are available to provide services and make key decisions; vi. Proposed alternate operating facilities, interoperable, connectivity and emergency communications approach; vii. Critical records or data storage procedures; Â PAGE 51 OF 99 91003123D0005P00020 viii. Protection of human capital; ix. Testing approach for annual tests; x. Training plan; xi. Delegation of control and direction; xii. Reconstitution and resuming normal operations plans; and xiii. Schedule for periodic review and revisions of Plan. 5. The USDS Servicer shall maintain and update its Plan as necessary and adhere to its requirements throughout the Contract term. The USDS Servicer shall not materially alter the Plan without the CO's written consent. 6. As directed by the CO, the USDS Servicer shall participate and collaborate with the Department and its contractors in training events, exercises, and drills associated with Government efforts to test the effectiveness of continuity of operations procedures and practices with internal and external entities. Results of the exercises shall be delivered to the CO or other designated representative within 30 calendar days after the exercise. 7. In the event the USDS Servicer anticipates not being able to perform any of the mission critical contractor services identified in the paragraph above, the USDS Servicer shall notify the CO or other designated representative immediately and use its best efforts to cooperate with the Government in the Governmentâ€™s efforts to maintain the continuity of operations. In no way does this paragraph relieve the USDS Servicer of financial responsibility in meeting the Contract terms and conditions. 8. The Government reserves the right to use Federal employees of other agencies or support from other parties or to enter into new contracts for mission critical contractor services. Any new contracting efforts would be conducted in accordance with OFPP letter, â€œEmergency Acquisitionsâ€™â€ May 2011 and FAR Part 18, respectively, or any other subsequent emergency guidance issued. 9. The USDS Servicer is required to coordinate all changes to mission critical USDS Servicer systems or other services used to implement Federal Student Aid IT operations and services with the CO, the COR, and to Department representatives as directed by the

CO, at least five business days prior to the changes, absent exigent circumstances. Emergency changes require immediate notification of the CO, the COR, and to Department representatives as directed by the CO as soon as the charge requirement is known, but prior to the change. If the continuity of such systems or services is disrupted as a consequence of the USDS Servicerâ€™s failure to adequately coordinate these changes with the Department, the USDS Servicer may be Â PAGE 52 OF 99 91003123D0005P00020 subject to contractual remedies available to the Government pursuant to the terms of the Contract or as authorized by law. 10. The USDS Servicer shall contact the CO and the COR to coordinate all changes to mission critical USDS Servicer systems or services. 11. The USDS Servicer shall include the substance of this section, including this paragraph (11), in subcontracts for the mission critical services. I. Monthly Vendor Employee Report. The Monthly Vendor Employee Report template is included as Attachment 26 to the Contract. This report is a monthly deliverable under the Contract. The USDS Servicer shall complete all fields of the Monthly Vendor Employee Report template and provide timely delivery consistent with the instructions contained in the Monthly Vendor Employee Report template. J. Contractor Security Responsibilities. 1. The USDS Servicer shall ensure that no USDS Servicerâ€™s employee is granted access to the Departmentâ€™s confidential and/or personally identifiable information (PII), and/or system(s) that permit access to the aforementioned data, until the USDS Servicerâ€™s employee has completed the required security training and receives written access approval from the applicable Government Information System Security Officer (ISSO). If the employee requires access to multiple systems, approval must come from each systemâ€™s ISSO before receiving access to that system. 2. The written approval provided to the USDS Servicer by the ISSO shall identify the USDS Servicerâ€™s employee/applicant, the system/platform for which access is being granted, whether privileged (6c) or non- privileged (5c) access is granted, and the Person Handle number (formerly referred to as â€œunique identification numberâ€) assigned to the USDS Servicerâ€™s employee. The written notification may include multiple USDS Servicerâ€™s employees, but each USDS Servicerâ€™s employee shall be listed separately, including the aforementioned information relevant to the access approval of each individual listed. 3. All USDS Servicerâ€™s employees must complete the required security training as a prerequisite to accessing the Departmentâ€™s confidential and/or PII data, and/or system(s), and must complete required training annually thereafter. The USDS Servicerâ€™s employee responsible for security shall promptly forward a copy of the completion certificate (training completed within 12 months of the date of access approval will suffice) or other equivalent proof of completion to both the COR and the ISSO(s). Access will not be granted until proof of completion is received. 4. If the ISSO does not grant access to the USDS Servicerâ€™s employee within 20 calendar days of submitting all required documents for a security investigation and the proof of security training completion, the USDS Servicerâ€™s employee responsible for security shall contact the COR and ISSO(s) to ascertain the status of the approval. Â PAGE 53 OF 99 91003123D0005P00020 5. The USDS Servicerâ€™s employee responsible for security shall maintain a separate copy of the aforementioned written authorization and proof of security training completion for each individual USDS Servicerâ€™s employee granted access, as evidence that access has been granted. The Person Handle shall also be included as reference to each employee in the Monthly Vendor Employee Report required under paragraph i, Monthly Vendor Employee Report, above. Each system/location receiving separate access approval will be listed separately on the Monthly Vendor Employee Report. K. FSA 39-8 â€“ Supplemental Instructions to EDAR 3452.204-72, Contractor Security Vetting Requirements. (DEVIATION) (AUG 2023) EDAR 3452.204.72, Contractor Security Vetting Requirements, paragraph (j)(1) is supplemented by the following: (j)(1)(a) Contractors will submit their completed Background Investigation Requests electronically. Upload the documents into electronic Questionnaires for Investigation Process (eQIP), or beginning October 1, 2023, its successor system the National Background Investigation Servicersâ€™ electronic application (e-App), and release the Investigation Request Packet to FSA in e-QIP, or e-App. (b) Send an electronic copy of the completed coversheet to your contract COR and system ISSO(s). If contractors require a blank coversheet, please contact the COR. When transmitting the cover sheet, please use the following subject in the header of the Microsoft Outlook Message: Subject: [Name of Prime Contractor-Company Name (Name of Sub-Contractor- Company Name, if applicable)]: [Background Investigation (BI) Type] [BI Level] [Date of Submission] [Name of Company Official Responsible for Background applications] (c) Please ensure that each coversheet is encrypted and password protected with a unique password. Do not send the password with the coversheet; instead send a separate email with the exact same subject line with the password in the body of the email. The password should include upper- and lower-case letters, numbers and special characters. (d) Other than entering the requested data, do not modify the cover sheet format, structure, or any other part of the spreadsheet. Any such change may result in the return of the cover sheet and background investigation paperwork for corrections and delay the processing of the packages. (e) Do not submit System Access Requests (SARs) with the background investigation paperwork. SARs are to be submitted to the Information System Security Officer (ISSO) that is responsible for the applicable system(s). Please contact the ISSO(s) for specific information regarding the delivery (email, etc.) of the System Access Requests. (f) Contact your assigned COR with questions. As used in this clauseâ€” Covered contractor information system means an information system that is owned or operated by a contractor that processes, stores, or transmits Federal contract information. Federal contract information means information, not intended for public release, that is provided by or generated for the Government under a contract to develop or deliver a product or service to the Government, but not including information provided by the Government to the public (such as on public websites) or simple transactional information, such as necessary to process payments. Information means any communication or representation of knowledge such as facts, data, or opinions, in any medium or form, including textual, numerical, graphic, cartographic, narrative, or audiovisual (Committee on National Security Systems Instruction (CNSSI) 4009). Information system means a discrete set of information resources organized for the collection, processing, maintenance, use, sharing, dissemination, or disposition of information (44 U.S.C. 3502). Safeguarding means measures or controls that are prescribed to protect information systems. (b) Safeguarding requirements and procedures. (1) The Contractor shall apply the following basic safeguarding requirements and procedures to protect covered contractor information systems. Requirements and procedures for basic safeguarding of covered contractor information systems shall include, at a minimum, the following security controls: (i) Limit information system access to authorized users, processes acting on behalf of authorized users, or devices (including other information systems). (ii) Limit information system access to the types of transactions and functions that authorized users are permitted to execute. (iii) Verify and control/limit connections to and use of external information systems. (iv) Control information posted or processed on publicly accessible information systems. (v) Identify information system users, processes acting on behalf of users, or devices. (vi) Authenticate (or verify) the identities of those users, processes, or devices, as a prerequisite to allowing access to organizational information systems. (vii) Sanitize or destroy information system media containing Federal Contract Information before disposal or release for reuse. Â PAGE 59 OF 99 91003123D0005P00020 (viii) Limit physical access to organizational information systems, equipment, and the respective operating environments to authorized individuals. (ix) Escort visitors and monitor visitor activity; maintain audit logs of physical access; and control and manage physical access devices. (x) Monitor, control, and protect organizational communications (i.e., information transmitted or received by organizational information systems) at the external boundaries and key internal boundaries of the information systems. (xi) Implement subnetworks for publicly accessible system components that are physically or logically separated from internal networks. (xii) Identify, report, and correct information and information system flaws in a timely manner. (xiii) Provide protection from malicious code at appropriate locations within organizational information systems. (xiv) Update malicious code protection mechanisms when new releases are available. (xv) Perform periodic scans of the information system and real-time scans of files from external sources as files are downloaded, opened, or executed. (2) Other requirements. This clause does not relieve the Contractor of any other specific safeguarding requirements specified by Federal agencies and departments relating to covered contractor information systems generally or other Federal safeguarding requirements for controlled unclassified information (CUI) as established by Executive Order 13556. (c) Subcontracts. The Contractor shall include the substance of this clause, including this paragraph (c), in subcontracts under this contract (including subcontracts for the acquisition of commercial products or commercial services, other than commercially available off-the-shelf items), in which the subcontractor may have Federal contract information residing in or transiting through its information system. (End of clause) (P00002 addition) FAR 52.204-27 Prohibition on a ByteDance Covered Application (Jun 2023) (a) Definitions. As used in this clauseâ€” Covered application means the social networking service TikTok or any successor application or service developed or provided by ByteDance Limited or an entity owned by ByteDance Limited. Information technology, as defined in 40 U.S.C. 11101(6)â€” (1) Means any equipment or interconnected system or subsystem of equipment, used in the automatic acquisition, storage, analysis, evaluation, manipulation, management, movement, control, display, switching, interchange, transmission, or reception of data or information by the executive agency, if Â PAGE 60 OF 99 91003123D0005P00020 the equipment is used by the executive agency directly or is used by a contractor under a contract with the executive agency that requires the useâ€” (i) Of that equipment; or (ii) Of that equipment to a significant extent in the performance of a service or the furnishing of a product; (2) Includes computers, ancillary equipment (including imaging peripherals, input, output, and storage devices necessary for security and surveillance), peripheral equipment designed to be controlled by the central processing unit of a computer, software, firmware and similar procedures, services (including support services), and related resources; but (3) Does not include any equipment acquired by a Federal contractor incidental to a Federal contract. (b) Prohibition. Section 102 of Division R of the Consolidated Appropriations Act, 2023 (Pub. L. 117-328), the No TikTok on Government Devices Act, and its implementing guidance under Office of Management and Budget (OMB) Memorandum M-23-13, dated February 27, 2023, â€œNo TikTok on Government Devicesâ€ Implementation Guidance, collectively prohibit the presence or use of a covered application on executive agency information technology, including certain equipment used by Federal contractors. The Contractor is prohibited from having or using a covered application on any information technology owned or managed by the Government, or on any information technology used or provided by the Contractor under this contract, including equipment provided by the Contractorâ€™s employees; however, this prohibition does not apply if the Contracting Officer provides written notification to the Contractor that an exception has been granted in accordance with OMB Memorandum M-23-13. (c) Subcontracts. The Contractor shall insert the substance of this clause, including this paragraph (c), in all subcontracts, including subcontracts for the acquisition of commercial products or commercial services. (End of clause) (P00012 addition) FAR 52.204-30 Federal Acquisition Supply Chain Security Act Orders - Prohibition (Dec 2023) (a) Definitions. As used in this clauseâ€” Covered article, as defined in 41 U.S.C. 4713(k), meansâ€” (1) Information technology, as defined in 40 U.S.C. 11101, including cloud computing services of all types; (2) Telecommunications equipment or telecommunications service, as those terms are defined in section 3 of the Communications Act of 1934 (47 U.S.C. 153); Â PAGE 61 OF 99 91003123D0005P00020 (3) The processing of information on a Federal or non-Federal information system, subject to the requirements of the Controlled Unclassified Information program (see 32 CFR part 2002); or (4) Hardware, systems, devices, software, or services that include embedded or incidental information technology. FASCSA order means any of the following orders issued under the Federal Acquisition Supply Chain Security Act (FASCSA) requiring the removal of covered articles from executive agency information systems or the exclusion of one or more named sources or named covered articles from executive agency procurement actions, as described in 41 CFR 201â€“1.303(d) and (e): (1) The Secretary of Homeland Security may issue FASCSA orders applicable to civilian agencies, to the extent not covered by paragraph (2) or (3) of this definition. This type of FASCSA order may be referred to as a Department of Homeland Security (DHS) FASCSA order. (2) The Secretary of Defense may issue FASCSA orders applicable to the Department of Defense (DoD) and national security systems other than sensitive compartmented information systems.

This type of FASCSA order may be referred to as a DoD FASCSA order. (3) The Director of National Intelligence (DNI) may issue FASCSA orders applicable to the intelligence community and sensitive compartmented information systems, to the extent not covered by paragraph (2) of this definition. This type of FASCSA order may be referred to as a DNI FASCSA order. Intelligence community, as defined by 50 U.S.C. 3003(4), means the followingâ€” (1) The Office of the Director of National Intelligence; (2) The Central Intelligence Agency; (3) The National Security Agency; (4) The Defense Intelligence Agency; (5) The National Geospatial-Intelligence Agency; (6) The National Reconnaissance Office; (7) Other offices within the Department of Defense for the collection of specialized national intelligence through reconnaissance programs; (8) The intelligence elements of the Army, the Navy, the Air Force, the Marine Corps, the Coast Guard, the Federal Bureau of Investigation, the Drug Enforcement Administration, and the Department of Energy; (9) The Bureau of Intelligence and Research of the Department of State; (10) The Office of Intelligence and Analysis of the Department of the Treasury; Â PAGE 62 OF 99 91003123D0005P00020 (11) The Office of Intelligence and Analysis of the Department of Homeland Security; or (12) Such other elements of any department or agency as may be designated by the President, or designated jointly by the Director of National Intelligence and the head of the department or agency concerned, as an element of the intelligence community. National security system, as defined in 44 U.S.C. 3552, means any information system (including any telecommunications system) used or operated by an agency or by a contractor of an agency, or other organization on behalf of an agencyâ€” (1) The function, operation, or use of which involves intelligence activities; involves cryptologic activities related to national security; involves command and control of military forces; involves equipment that is an integral part of a weapon or weapons system; or is critical to the direct fulfillment of military or intelligence missions, but does not include a system that is to be used for routine administrative and business applications (including payroll, finance, logistics, and personnel management applications); or (2) Is protected at all times by procedures established for information that have been specifically authorized under criteria established by an Executive order or an Act of Congress to be kept classified in the interest of national defense or foreign policy. Reasonable inquiry means an inquiry designed to uncover any information in the entity's possession about the identity of any covered articles, or any products or services produced or provided by a source. This applies when the covered article or the source is subject to an applicable FASCSA order. A reasonable inquiry excludes the need to include an internal or third-party audit. Sensitive compartmented information means classified information concerning or derived from intelligence sources, methods, or analytical processes, which is required to be handled within formal access control systems established by the Director of National Intelligence. Sensitive compartmented information system means a national security system authorized to process or store sensitive compartmented information. Source means a non-Federal supplier, or potential supplier, of products or services, at any tier. (b) Prohibition. (1) Unless an applicable waiver has been issued by the issuing official, Contractors shall not provide or use as part of the performance of the contract any covered article, or any products or services produced or provided by a source, if the covered article or the source is prohibited by an applicable FASCSA orders as follows: (i) For solicitations and contracts awarded by a Department of Defense contracting office, DoD FASCSA orders apply. (ii) For all other solicitations and contracts DHS FASCSA orders apply. (2) The Contractor shall search for the phrase â€œFASCSA orderâ€ in the System for Award Management (SAM) at https://www.sam.gov to locate applicable FASCSA orders identified in paragraph (b)(1). Â PAGE 63 OF 99 91003123D0005P00020 (3) The Government may identify in the solicitation additional FASCSA orders that are not in SAM, which are effective and apply to the solicitation and resultant contract. (4) A FASCSA order issued after the date of solicitation applies to this contract only if added by an amendment to the solicitation or modification to the contract (see FAR 4.2304(c)). However, see paragraph (c) of this clause. (5) (i) If the contractor wishes to ask for a waiver of the requirements of a new FASCSA order being applied through modification, then the Contractor shall disclose the following: (A) Name of the product or service provided to the Government; (B) Name of the covered article or source subject to a FASCSA order; (C) If applicable, name of the vendor, including the Commercial and Government Entity code and unique entity identifier (if known), that supplied or supplies the covered article or the product or service to the Offeror; (D) Brand; (E) Model number (original equipment manufacturer number, manufacturer part number, or wholesaler number); (F) Item description; (G) Reason why the applicable covered article or the product or service is being provided or used; (ii) Executive agency review of disclosures. The contracting officer will review disclosures provided in paragraph (b)(5)(i) to determine if any waiver is warranted. A contracting officer may choose not to pursue a waiver for covered articles or sources otherwise covered by a FASCSA order and to instead pursue other appropriate action. (c) Notice and reporting requirement. (1) During contract performance, the Contractor shall review SAM.gov at least once every three months, or as advised by the Contracting Officer, to check for covered articles subject to FASCSA order(s), or for products or services produced by a source subject to FASCSA order(s) not currently identified under paragraph (b) of this clause. (2) If the Contractor identifies a new FASCSA order(s) that could impact their supply chain, then the Contractor shall conduct a reasonable inquiry to identify whether a covered article or product or service produced or provided by a source subject to the FASCSA order(s) was provided to the Government or used during contract performance. (3) Â PAGE 64 OF 99 91003123D0005P00020 (i) The Contractor shall submit a report to the contracting office as identified in paragraph (c)(3)(ii) of this clause, if the Contractor identifies, including through any notification by a subcontractor at any tier, that a covered article or product or service produced or provided by a source was provided to the Government or used during contract performance and is subject to a FASCSA order(s) identified in paragraph (b) of this clause, or a new FASCSA order identified in paragraph (c)(2) of this clause. For indefinite delivery contracts, the Contractor shall report to both the contracting office for the indefinite delivery contract and the contracting office for any affected order. (ii) If a report is required to be submitted to a contracting office under (c)(3)(i) of this clause, the Contractor shall submit the report as follows: (A) If a Department of Defense contracting office, the Contractor shall report to the website at https://dibnet.dod.mil. (B) For all other contracting offices, the Contractor shall report to the Contracting Officer. (4) The Contractor shall report the following information for each covered article or each product or service produced or provided by a source, where the covered article or source is subject to a FASCSA order, pursuant to paragraph (c)(3)(i) of this clause: (i) Within 3 business days from the date of such identification or notification: (A) Contract number; (B) Order number(s), if applicable; (C) Name of the product or service provided to the Government or used during performance of the contract; (D) Name of the covered article or source subject to a FASCSA order; (E) If applicable, name of the vendor, including the Commercial and Government Entity code and unique entity identifier (if known), that supplied the covered article or the product or service to the Contractor; (F) Brand; (G) Model number (original equipment manufacturer number, manufacturer part number, or wholesaler number); (H) Item description; and (I) Any readily available information about mitigation actions undertaken or recommended. (ii) Within 10 business days of submitting the information in paragraph (c)(4)(i) of this clause: Â PAGE 65 OF 99 91003123D0005P00020 (A) Any further available information about mitigation actions undertaken or recommended. (B) In addition, the Contractor shall describe the efforts it undertook to prevent submission or use of the covered article or the product or service produced or provided by a source subject to an applicable FASCSA order, and any additional efforts that will be incorporated to prevent future submission or use of the covered article or the product or service produced or provided by a source that is subject to an applicable FASCSA order. (d) Removal. For Federal Supply Schedules, Governmentwide acquisition contracts, multi-agency contracts or any other procurement instrument intended for use by multiple agencies, upon notification from the Contracting Officer, during the performance of the contract, the Contractor shall promptly make any necessary changes or modifications to remove any product or service produced or provided by a source that is subject to an applicable FASCSA order. (e) Subcontracts. (1) The Contractor shall insert the substance of this clause, including this paragraph (e) and excluding paragraph (c)(1) of this clause, in all subcontracts and other contractual instruments, including subcontracts for the acquisition of commercial products and commercial services. (2) The Government may identify in the solicitation additional FASCSA orders that are not in SAM, which are effective and apply to the contract and any subcontracts and other contractual instruments under the contract. The Contractor or higher-tier subcontractor shall notify their subcontractors, and suppliers under other contractual instruments, that the FASCSA orders in the solicitation that are not in SAM apply to the contract and all subcontracts. (End of clause) 52.215-2 AUDIT AND RECORDS-NEGOTIATION (JUN 2020) (a) As used in this clause, "records" includes books, documents, accounting procedures and practices, and other data, regardless of type and regardless of whether such items are in written form, in the form of computer data, or in any other form. (b) Examination of costs. If this is a cost-reimbursement, incentive, time-and-materials, labor-hour, or price redeterminable contract, or any combination of these, the Contractor shall maintain and the Contracting Officer, or an authorized representative of the Contracting Officer, shall have the right to examine and audit all records and other evidence sufficient to reflect properly all costs claimed to have been incurred or anticipated to be incurred directly or indirectly in performance of this contract. This right of examination shall include inspection at all reasonable times of the Contractorâ€™s plants, or parts of them, engaged in performing the contract. (c) Certified cost or pricing data. If the Contractor has been required to submit certified cost or pricing data in connection with any pricing action relating to this contract, the Contracting Officer, or an authorized representative of the Contracting Officer, in order to evaluate the accuracy, completeness, and currency of the certified cost or pricing data, shall have the right to examine and audit all of the Contractorâ€™s records, including computations and projections, related to- (1) The proposal for the contract, subcontract, or modification; Â PAGE 66 OF 99 91003123D0005P00020 (2) The discussions conducted on the proposal(s), including those related to negotiating; (3) Pricing of the contract, subcontract, or modification; or (4) Performance of the contract, subcontract or modification. (d) Comptroller General.- (1) The Comptroller General of the United States, or an authorized representative, shall have access to and the right to examine any of the Contractorâ€™s directly pertinent records involving transactions related to this contract or a subcontract hereunder and to interview any current employee regarding such transactions. (2) This paragraph may not be construed to require the Contractor or subcontractor to create or maintain any record that the Contractor or subcontractor does not maintain in the ordinary course of business or pursuant to a provision of law. (e) Reports. If the Contractor is required to furnish cost, funding, or performance reports, the Contracting Officer or an authorized representative of the Contracting Officer shall have the right to examine and audit the supporting records and materials, for the purpose of evaluating- (1) The effectiveness of the Contractorâ€™s policies and procedures to produce data compatible with the objectives of these reports; and (2) The data reported. (f) Availability. The Contractor shall make available at its office at all reasonable times the records, materials, and other evidence described in paragraphs (a), (b), (c), (d), and (e) of this clause, for examination, audit, or reproduction, until 3 years after final payment under this contract or for any shorter period specified in subpart 4.7, Contractor Records Retention, of the Federal Acquisition Regulation (FAR), or for any longer period required by statute or by other clauses of this contract. In addition- (1) If this contract is completely or partially terminated, the Contractor shall make available the records relating to the work terminated until 3 years after any resulting final termination settlement; and (2) The Contractor shall make available records relating to appeals under the Disputes clause or to litigation or the settlement of claims arising under or relating to this contract until such appeals, litigation, or claims are finally resolved. (g) The Contractor shall insert a clause containing all the terms of this clause, including this paragraph (g), in all subcontracts under this contract that exceed the simplified acquisition threshold, as defined in FAR 2.101 on the date of subcontract award, andâ€” (1) That are cost-reimbursement, incentive, time-and-materials, labor-hour, or price-redeterminable type or any combination of these; (2) For which certified cost or pricing data are required; or Â PAGE 67 OF 99 91003123D0005P00020 (3) That require the subcontractor to furnish reports as discussed in paragraph (e) of this clause. The clause may be altered only as necessary to identify properly the contracting parties and the Contracting Officer under the Government prime contract. (End of clause) 52.232-32 PERFORMANCE-BASED PAYMENTS (APR 2012) (a) Amount of payments and limitations on payments. Subject to such other limitations and conditions as are specified in this contract and this clause, the amount of payments and limitations on payments shall be specified in the contractâ€™s description of the basis for payment. (b) Contractor request for performance-based payment. The Contractor may submit requests for payment of performance-based payments not more frequently than monthly, in a form and manner acceptable to the Contracting Officer. Unless otherwise authorized by the Contracting Officer, all performance-based payments in any period for which payment is being requested shall be included in a single request, appropriately itemized and totaled. The Contractorâ€™s request shall contain the information and certification detailed in paragraphs (l) and (m) of this clause. (c) Approval and payment of requests. (1) The Contractor shall not be entitled to payment of a request for performance-based payment prior to successful accomplishment of the event or performance criterion for which payment is requested. The Contracting Officer shall determine whether the event or performance criterion for which payment is requested has been successfully accomplished in accordance with the terms of the contract. The Contracting Officer may, at any time, require the Contractor to substantiate the successful performance of any event or performance criterion which has been or is represented as being payable. (2) A payment under this performance-based payment clause is a contract financing payment under the Prompt Payment clause of this contract and not subject to the interest penalty provisions of the Prompt Payment Act. The designated payment office will pay approved requests on the 30th day after receipt of the request for performance- based payment by the designated payment office. However, the designated payment office is not required to provide payment if the Contracting Officer requires substantiation as provided in paragraph (c)(1) of this clause, or inquires into the status of an event or performance criterion, or into any of the conditions listed in paragraph (e) of this clause, or into the Contractor certification. The payment period will not begin until the Contracting Officer approves the request. (3) The approval by the Contracting Officer of a request for performance-based payment does not constitute an acceptance by the Government and does not excuse the Contractor from performance of obligations under this contract. (d) Liquidation of performance-based payments. (1) Performance-based finance amounts paid prior to payment for delivery of an item shall be liquidated by deducting a percentage or a designated dollar amount from the delivery payment. If the performance-based finance payments are on a delivery item basis, the liquidation amount for each such line item shall be the percent of that delivery item price that was previously paid under performance-based finance payments or the designated dollar amount. If the performance-based finance payments are on a whole contract basis, liquidation shall be by either predesignated liquidation amounts or a liquidation percentage. Â PAGE 68 OF 99 91003123D0005P00020 (2) If at any time the amount of payments under this contract exceeds any limitation in this contract, the Contractor shall repay to the Government the excess. Unless otherwise determined by the Contracting Officer, such excess shall be credited as a reduction in the unliquidated performance-based payment balance(s), after adjustment of invoice payments and balances for any retroactive price adjustments. (e) Reduction or suspension of performance-based payments. The Contracting Officer may reduce or suspend performance-based payments, liquidate performance-based payments by deduction from any payment under the contract, or take a combination of these actions after finding upon substantial evidence any of the following conditions: (1) The Contractor failed to comply with any material requirement of this contract (which includes paragraphs (h) and (i) of this clause). (2) Performance of this contract is endangered by the Contractorâ€™s- (i) Failure to make progress; or (ii) Unsatisfactory financial condition. (3) The Contractor is delinquent in payment of any subcontractor or supplier under this contract in the ordinary course of business. (f) Title. (1) Title to the property described in this paragraph (f) shall vest in the Government. Vestiture shall be immediately upon the date of the first performance-based payment under this contract, for property acquired or produced before that date. Otherwise, vestiture shall occur when the property is or should have been allocable or properly chargeable to this contract. (2) "Property," as used in this clause, includes all of the following described items acquired or produced by the Contractor that are or should be allocable or properly chargeable to this contract under sound and generally accepted accounting principles and practices: (i) Parts, materials, inventories, and work in process; (ii) Special tooling and special test equipment to which the Government is to acquire title; (iii) Nondurable (i.e., noncapital) tools, jigs, dies, fixtures, molds, patterns, taps, gauges, test equipment and other similar manufacturing aids, title to which would not be obtained as special tooling under paragraph (f)(2)(ii) of this clause; and (iv) Drawings and technical data, to the extent the Contractor or subcontractors are required to deliver them to the Government by other clauses of this contract. (3) Although title to property is in the Government under this clause, other applicable clauses of this contract (e.g., the termination clauses) shall determine the handling and disposition of the property. (4) The Contractor may sell any scrap resulting from production under this contract, without requesting the Contracting Officerâ€™s approval, provided that any significant reduction in the value of the property to which the Government has title under this clause is reported in writing to the Contracting Officer. Â PAGE 69 OF 99 91003123D0005P00020 (5) In order to acquire for its own use or dispose of property to which title is vested in the Government under this clause, the Contractor shall obtain the Contracting Officerâ€™s advance approval of the action and the terms. If approved, the basis for payment (the events or performance criteria) to which the property is related shall be deemed to be not in compliance with the terms of the contract and not payable (if the property is part of or needed for performance), and the Contractor shall refund the related performance-based payments in accordance with paragraph (d) of this clause. (6) When the Contractor completes all of the obligations under this contract, including liquidation of all performance-based payments, title shall vest in the Contractor for all property (or the proceeds thereof) not- (i) Delivered to, and accepted by, the Government under this contract; or (ii) Incorporated in supplies delivered to, and accepted by, the Government under this contract and to which title is vested in the Government under this clause. (7) The terms of this contract concerning liability for Government-furnished property shall not apply to property to which the Government acquired title solely under this clause. (g) Risk of loss. Before delivery to and acceptance by the Government, the Contractor shall bear the risk of loss for property, the title to which vests in the Government under this clause, except to the extent the Government expressly assumes the risk. If any property is lost (see 45.101), the basis of payment (the events or performance criteria) to which the property

is related shall be deemed to be not in compliance with the terms of the contract and not payable (if the property is part of or needed for performance), and the Contractor shall refund the related performance-based payments in accordance with paragraph (d) of this clause. (h) Records and controls. The Contractor shall maintain records and controls adequate for administration of this clause. The Contractor shall have no entitlement to performance-based payments during any time the Contractorâ€™s records or controls are determined by the Contracting Officer to be inadequate for administration of this clause. (i) Reports and Government access. The Contractor shall promptly furnish reports, certificates, financial statements, and other pertinent information requested by the Contracting Officer for the administration of this clause and to determine that an event or other criterion prompting a financing payment has been successfully accomplished. The Contractor shall give the Government reasonable opportunity to examine and verify the Contractorâ€™s records and to examine and verify the Contractorâ€™s performance of this contract for administration of this clause. (j) Special terms regarding default. If this contract is terminated under the Default clause, (1) the Contractor shall, on demand, repay to the Government the amount of unliquidated performance-based payments, and (2) title shall vest in the Contractor, on full liquidation of all performance-based payments, for all property for which the Government elects not to require delivery under the Default clause of this contract. The Government shall be liable for no payment except as provided by the Default clause. (k) Reservation of rights. (1) No payment or vesting of title under this clause shall- (i) Excuse the Contractor from performance of obligations under this contract; or (ii) Constitute a waiver of any of the rights or remedies of the parties under the contract. (2) The Governmentâ€™s rights and remedies under this clause- Â PAGE 70 OF 99 91003123D0005P00020 (i) Shall not be exclusive, but rather shall be in addition to any other rights and remedies provided by law or this contract; and (ii) Shall not be affected by delayed, partial, or omitted exercise of any right, remedy, power, or privilege, nor shall such exercise or any single exercise preclude or impair any further exercise under this clause or the exercise of any other right, power, or privilege of the Government. (l) Content of Contractorâ€™s request for performance-based payment. The Contractorâ€™s request for performance-based payment shall contain the following: (1) The name and address of the Contractor; (2) The date of the request for performance-based payment; (3) The contract number and/or other identifier of the contract or order under which the request is made; (4) Such information and documentation as is required by the contractâ€™s description of the basis for payment; and (5) A certification by a Contractor official authorized to bind the Contractor, as specified in paragraph (m) of this clause. (m) Content of Contractor's certification. As required in paragraph (l)(5) of this clause, the Contractor shall make the following certification in each request for performance-based payment: I certify to the best of my knowledge and belief that- (1) This request for performance-based payment is true and correct; this request (and attachments) has been prepared from the books and records of the Contractor, in accordance with the contract and the instructions of the Contracting Officer; (2) (Except as reported in writing on _____), all payments to subcontractors and suppliers under this contract have been paid, or will be paid, currently, when due in the ordinary course of business; (3) There are no encumbrances (except as reported in writing on _____) against the property acquired or produced for, and allocated or properly chargeable to, the contract which would affect or impair the Government's title; (4) There has been no materially adverse change in the financial condition of the Contractor since the submission by the Contractor to the Government of the most recent written information dated _____; and (5) After the making of this requested performance-based payment, the amount of all payments for each deliverable item for which performance-based payments have been requested will not exceed any limitation in the contract, and the amount of all payments under the contract will not exceed any limitation in the contract. (End of clause) 52.216-18 ORDERING (AUG 2020) (a) Any supplies and services to be furnished under the Contract shall be ordered by issuance of delivery orders or Task Orders by the individuals or activities designated in the Schedule. Such orders may be issued from _Contract award_____ through _the last day of the Contractâ€™s period of performance_____. Â PAGE 71 OF 99 91003123D0005P00020 (b) All delivery orders or Task Orders are subject to the terms and conditions of the Contract. In the event of conflict between a delivery order or Task Order and the Contract, the contract shall control. (c) A delivery order or Task Order is considered "issued" whenâ€” (1) If sent by mail (includes transmittal by U.S. mail or private delivery service), the Government deposits the order in the mail; (2) If sent by fax, the Government transmits the order to the USDS Servicer 's fax number; or (3) If sent electronically, the Government eitherâ€” (i) Posts a copy of the delivery order or task order to a Government document access system, and notice is sent to the USDS Servicer; or (ii) Distributes the delivery order or task order via email to the USDS Servicer 's email address. (d) Orders may be issued by methods other than those enumerated in this clause only if authorized in the Contract. (End of clause) 52.216-19 ORDER LIMITATIONS (OCT 1995) (a) Minimum order. When the Government requires supplies or services covered by the Contract in an amount of less than $500, the Government is not obligated to purchase, nor is the USDS Servicer obligated to furnish, those supplies or services under the Contract. (b) Maximum order The USDS Servicer is not obligated to honor- (1) Any order for a single item and/or service in excess of $7,000,000,000; (2) Any order for a combination of items and/or services in excess of $7,000,000,000; or (3) A series of orders from the same ordering office within 5 calendar days that together call for quantities exceeding the limitation in paragraph (b)(1) or (2) of this section. (c) If this is a requirements contract (i.e., includes the Requirements clause at subsection 52.216-21 of the Federal Acquisition Regulation (FAR)), the Government is not required to order a part of any one requirement from the USDS Servicer if that requirement exceeds the maximum-order limitations in paragraph (b) of this section. (d) Notwithstanding paragraphs (b) and (c) of this section, the USDS Servicer shall honor any order exceeding the maximum order limitations in paragraph (b), unless that order (or orders) is returned to the ordering office within 4 calendar days after issuance, with written notice stating the USDS Servicerâ€™s intent not to ship the item (or items) called for and the reasons. Upon receiving this notice, the Government may acquire the supplies or services from another source. (End of clause) Â PAGE 72 OF 99 91003123D0005P00020 52.216-22 INDEFINITE QUANTITY (OCT 1995) (a) This is an indefinite-quantity contract for the supplies or services specified, and effective for the period stated, in the Schedule. The quantities of supplies and services specified in the Schedule are estimates only and are not purchased by the Contract. (b) Delivery or performance shall be made only as authorized by orders issued in accordance with the Ordering clause. The USDS Servicer shall furnish to the Government, when and if ordered, the supplies or services specified in the Schedule up to and including the quantity designated in the Schedule as the "maximum." The Government shall order at least the quantity of supplies or services designated in the Schedule as the "minimum." (c) Except for any limitations on quantities in the Order Limitations clause or in the Schedule, there is no limit on the number of orders that may be issued. The Government may issue orders requiring delivery to multiple destinations or performance at multiple locations. (d) Any order issued during the effective period of this contract and not completed within that period shall be completed by the USDS Servicer within the time specified in the order. The Contract shall govern the USDS Servicerâ€™s and Governmentâ€™s rights and obligations with respect to that order to the same extent as if the order were completed during the Contractâ€™s effective period; provided, that the USDS Servicer shall not be required to make any deliveries under this contract after 365 calendar days after the last day of the Contractâ€™s period of performance. (End of clause) 52.217-8 OPTION TO EXTEND SERVICES (NOV 1999) The Government may require continued performance of any services within the limits and at the rates specified in the Contract. These rates may be adjusted only as a result of revisions to prevailing labor rates provided by the Secretary of Labor. The option provision may be exercised more than once, but the total extension of performance hereunder shall not exceed 6 months. The CO may exercise the option by written notice to the USDS Servicer within 30 calendar days of the end of the period of performance. (End of clause) 52.217-9 OPTION TO EXTEND THE TERM OF THE CONTRACT (MAR 2000) (a) The Government may extend the term of the Contract by written notice to the USDS Servicer within 20 calendar days of the termâ€™s end; provided that the Government gives the USDS Servicer a preliminary written notice of its intent to extend at least 20 calendar days before the Contract expires. The preliminary notice does not commit the Government to an extension. (b) If the Government exercises this option, the extended Contract shall be considered to include this option clause. (c) The total duration of the Contract, including the exercise of any options under this clause, shall not exceed 10 years and 6 months. (End of clause) 52.222-35 EQUAL OPPORTUNITY FOR VETERANS (JUN 2020) (a) Definitions. As used in this clause- Â PAGE 73 OF 99 91003123D0005P00020 "Active duty wartime or campaign badge veteran," "Armed Forces service medal veteran," "disabled veteran," "protected veteran," "qualified disabled veteran," and "recently separated veteran" have the meanings given at Federal Acquisition Regulation (FAR) 22.1301. (b) Equal opportunity clause. The Contractor shall abide by the requirements of the equal opportunity clause at 41 CFR 60-300.5(a), as of March 24, 2014. This clause prohibits discrimination against qualified protected veterans, and requires affirmative action by the Contractor to employ and advance in employment qualified protected veterans. (c) Subcontracts. The Contractor shall insert the terms of this clause in subcontracts valued at or above the threshold specified in FAR 22.1303(a) on the date of subcontract award, unless exempted by rules, regulations, or orders of the Secretary of Labor. The Contractor shall act as specified by the Director, Office of Federal Contract Compliance Programs, to enforce the terms, including action for noncompliance. Such necessary changes in language may be made as shall be appropriate to identify properly the parties and their undertakings. (End of clause) 52.222-36 EQUAL OPPORTUNITY FOR WORKERS WITH DISABILITIES (JUN 2020) (a) Equal opportunity clause. The Contractor shall abide by the requirements of the equal opportunity clause at 41 CFR 60-741.5(a), as of March 24, 2014. This clause prohibits discrimination against qualified individuals on the basis of disability, and requires affirmative action by the Contractor to employ and advance in employment qualified individuals with disabilities. (b) Subcontracts. The Contractor shall include the terms of this clause in every subcontract or purchase order in excess of the threshold specified in Federal Acquisition Regulation (FAR) 22.1408(a) on the date of subcontract award, unless exempted by rules, regulations, or orders of the Secretary, so that such provisions will be binding upon each subcontractor or vendor. The Contractor shall act as specified by the Director, Office of Federal Contract Compliance Programs of the U.S. Department of Labor, to enforce the terms, including action for noncompliance. Such necessary changes in language may be made as shall be appropriate to identify properly the parties and their undertakings. (End of clause) 52.222-42 STATEMENT OF EQUIVALENT RATES FOR FEDERAL HIRES (MAY 2014) In compliance with the Service Contract Labor Standards statute and the regulations of the Secretary of Labor (29 CFR Part 4), this clause identifies the classes of service employees expected to be employed under the contract and states the wages and fringe benefits payable to each if they were employed by the contracting agency subject to the provisions of 5 U.S.C.5341 or 5 332. The Governmentâ€™s obligation for performance of this contract beyond that date is contingent upon the availability of appropriated funds from which payment for contract purposes can be made. No legal liability on the part of the Government for any payment may arise for performance under this contract beyond [Fill in]_____, until funds are made available to the Contracting Officer for performance and until the Contractor receives notice of availability, to be confirmed in writing by the Contracting Officer. (End of clause) 52.232-32 PERFORMANCE-BASED PAYMENTS (APR 2012) (a) Amount of payments and limitations on payments. Subject to such other limitations and conditions as are specified in this contract and this clause, the amount of payments and limitations on payments shall be specified in the contractâ€™s description of the basis for payment. (b) Contractor request for performance-based payment. The Contractor may submit requests for payment of performance-based payments not more frequently than monthly, in a form and manner acceptable to the Contracting Officer. Unless otherwise authorized by the Contracting Officer, all performance-based payments in any period for which payment is being requested shall be included in a single request, appropriately itemized and totaled. The Contractorâ€™s request shall contain the information and certification detailed in paragraphs (l) and (m) of this clause. (c) Approval and payment of requests. (1) The Contractor shall not be entitled to payment of a request for performance-based payment prior to successful accomplishment of the event or performance criterion for which payment is requested. The Contracting Officer shall determine whether the event or performance criterion for which payment is requested has been successfully accomplished in accordance with the terms of the contract. The Contracting Officer may, at any time, require the Contractor to substantiate the successful performance of any event or performance criterion which has been or is represented as being payable. Â PAGE 75 OF 99 91003123D0005P00020 (2) A payment under this performance-based payment clause is a contract financing payment under the Prompt Payment clause of this contract and not subject to the interest penalty provisions of the Prompt Payment Act. The designated payment office will pay approved requests on the 30thcalendar day after receipt of the request for performance-based payment by the designated payment office. However, the designated payment office is not required to provide payment if the Contracting Officer requires substantiation as provided in paragraph (c)(1) of this clause, or inquires into the status of an event or performance criterion, or into any of the conditions listed in paragraph (e) of this clause, or into the Contractor certification. The payment period will not begin until the Contracting Officer approves the request. (3) The approval by the Contracting Officer of a request for performance-based payment does not constitute an acceptance by the Government and does not excuse the Contractor from performance of obligations under this contract. (d) Liquidation of performance-based payments. (1) Performance-based finance amounts paid prior to payment for delivery of an item shall be liquidated by deducting a percentage or a designated dollar amount from the delivery payment. If the performance-based finance payments are on a delivery item basis, the liquidation amount for each such line item shall be the percent of that delivery item price that was previously paid under performance-based finance payments or the designated dollar amount. If the performance-based finance payments are on a whole contract basis, liquidation shall be by either predesignated liquidation amounts or a liquidation percentage. (2) If at any time the amount of payments under this contract exceeds any limitation in this contract, the Contractor shall repay to the Government the excess. Unless otherwise determined by the Contracting Officer, such excess shall be credited as a reduction in the unliquidated performance-based payment balance(s), after adjustment of invoice payments and balances for any retroactive price adjustments. (e) Reduction or suspension of performance-based payments. The Contracting Officer may reduce or suspend performance-based payments, liquidate performance-based payments by deduction from any payment under the contract, or take a combination of these actions after finding upon substantial evidence any of the following conditions: (1) The Contractor failed to comply with any material requirement of this contract (which includes paragraphs (h) and (i) of this clause). (2) Performance of this contract is endangered by the Contractorâ€™s- (i) Failure to make progress; or (ii) Unsatisfactory financial condition. (3) The Contractor is delinquent in payment of any subcontractor or supplier under this contract in the ordinary course of business. (f) Title. (1) Title to the property described in this paragraph (f) shall vest in the Government. Vestiture shall be immediately upon the date of the first performance-based payment under this contract, for property acquired or produced before that date. Otherwise, vestiture shall occur when the property is or should have been allocable or properly chargeable to this contract. (2) "Property," as used in this clause, includes all of the following described items acquired or produced by the Contractor that are or should be allocable or properly chargeable to this contract under sound and generally accepted accounting principles and practices: Â PAGE 76 OF 99 91003123D0005P00020 (i) Parts, materials, inventories, and work in process; (ii) Special tooling and special test equipment to which the Government is to acquire title; (iii) Nondurable (i.e., noncapital) tools, jigs, dies, fixtures, molds, patterns, taps, gauges, test equipment and other similar manufacturing aids, title to which would not be obtained as special tooling under paragraph (f)(2)(ii) of this clause; and (iv) Drawings and technical data, to the extent the Contractor or subcontractors are required to deliver them to the Government by other clauses of this contract. (3) Although title to property is in the Government under this clause, other applicable clauses of this contract (e.g., the termination clauses) shall determine the handling and disposition of the property. (4) The Contractor may sell any scrap resulting from production under this contract, without requesting the Contracting Officerâ€™s approval, provided that any significant reduction in the value of the property to which the Government has title under this clause is reported in writing to the Contracting Officer. (5) In order to acquire for its own use or dispose of property to which title is vested in the Government under this clause, the Contractor shall obtain the Contracting Officerâ€™s advance approval of the action and the terms. If approved, the basis for payment (the events or performance criteria) to which the property is related shall be deemed to be not in compliance with the terms of the contract and not payable (if the property is part of or needed for performance), and the Contractor shall refund the related performance-based payments in accordance with paragraph (d) of this clause. (6) When the Contractor completes all of the obligations under this contract, including liquidation of all performance-based payments, title shall vest in the Contractor for all property (or the proceeds thereof) not- (i) Delivered to, and accepted by, the Government under this contract; or (ii) Incorporated in supplies delivered to, and accepted by, the Government under this contract and to which title is vested in the Government under this clause. (7) The terms of this contract concerning liability for Government-furnished property shall not apply to property to which the Government acquired title solely under this clause. (g) Risk of loss. Before delivery to and acceptance by the Government, the Contractor shall bear the risk of loss for property, the title to which vests in the Government under this clause, except to the extent the Government expressly assumes the risk. If any property is lost (see 45.101), the basis of payment (the events or performance criteria) to which the property is related shall be deemed to be not in compliance with the terms of the contract and not payable (if the property is part of or needed for performance), and the Contractor shall refund the related performance-based payments in accordance with paragraph (d) of this clause. (h) Records and controls. The Contractor shall maintain records and controls adequate for administration of this clause. The Contractor shall have no entitlement to performance-based payments during any time the Contractorâ€™s

records or controls are determined by the Contracting Officer to be inadequate for administration of this clause. (i) Reports and Government access. The Contractor shall promptly furnish reports, certificates, financial statements, and other pertinent information requested by the Contracting Officer for the administration of this clause and to determine that an event or other criterion prompting a financing payment has been successfully accomplished. The Â PAGE 77 OF 99 91003123D0005P00020 Contractor shall give the Government reasonable opportunity to examine and verify the Contractorâ€™s records and to examine and verify the Contractorâ€™s performance of this contract for administration of this clause. (j) Special terms regarding default. If this contract is terminated under the Default clause, (1) the Contractor shall, on demand, repay to the Government the amount of unliquidated performance-based payments, and (2) title shall vest in the Contractor, on full liquidation of all performance-based payments, for all property for which the Government elects not to require delivery under the Default clause of this contract. The Government shall be liable for no payment except as provided by the Default clause. (k) Reservation of rights. (1) No payment or vesting of title under this clause shall- (i) Excuse the Contractor from performance of obligations under this contract; or (ii) Constitute a waiver of any of the rights or remedies of the parties under the contract. (2) The Governmentâ€™s rights and remedies under this clause- (i) Shall not be exclusive, but rather shall be in addition to any other rights and remedies provided by law or this contract; and (ii) Shall not be affected by delayed, partial, or omitted exercise of any right, remedy, power, or privilege, nor shall such exercise or any single exercise preclude or impair any further exercise under this clause or the exercise of any other right, power, or privilege of the Government. (l) Content of Contractorâ€™s request for performance-based payment. The Contractorâ€™s request for performance-based payment shall contain the following: (1) The name and address of the Contractor; (2) The date of the request for performance-based payment; (3) The contract number and/or other identifier of the contract or order under which the request is made; (4) Such information and documentation as is required by the contractâ€™s description of the basis for payment; and (5) A certification by a Contractor official authorized to bind the Contractor, as specified in paragraph (m) of this clause. (m) Content of Contractor's certification. As required in paragraph (l)(5) of this clause, the Contractor shall make the following certification in each request for performance-based payment: I certify to the best of my knowledge and belief that- (1) This request for performance-based payment is true and correct; this request (and attachments) has been prepared from the books and records of the Contractor, in accordance with the contract and the instructions of the Contracting Officer; (2) (Except as reported in writing on _____), all payments to subcontractors and suppliers under this contract have been paid, or will be paid, currently, when due in the ordinary course of business; (3) There are no encumbrances (except as reported in writing on _____) against the property acquired or produced for, and allocated or properly chargeable to, the contract which would affect or impair the Government's title; Â PAGE 78 OF 99 91003123D0005P00020 (4) There has been no materially adverse change in the financial condition of the Contractor since the submission by the Contractor to the Government of the most recent written information dated _____; and (5) After the making of this requested performance-based payment, the amount of all payments for each deliverable item for which performance-based payments have been requested will not exceed any limitation in the contract, and the amount of all payments under the contract will not exceed any limitation in the contract. (End of clause) 52.239-70 ACCESS TO CONTRACTOR AND SUBCONTRACTOR INFORMATION SYSTEMS AND RELATED RESOURCES IN CARRYING OUT PRIVACY AND INFORMATION SECURITY INSPECTIONS (DEVIATION) (a) Privacy and security inspections. In accordance with the terms of this contract and as authorized by law, the Government carries out a program of privacy and information security inspections. Such inspections may be undertaken for various purposes, including but not limited to: (1) Examination of the security of federal information systems or of contractor information systems that process, store or transmit Government data, Government-related data, or controlled unclassified information, or which provide security protection for such systems (including vulnerability testing); (2) Information Technology security reviews; (3) Investigation and audit of administrative, technical, and physical safeguards taken to protect against threats and hazards to the integrity, confidentiality, and availability of Government data, Government-related data, or controlled unclassified information, or to the function of computer systems operated on behalf of the Government; (4) Review of contractor policies, procedures and practices for handling Government data, Government-related data, controlled unclassified information and other sensitive data; (5) Investigation of incidents involving actual or suspected improper releases of information (including cyber security incident response and reporting); (6) Conduct of forensic analyses, investigation of computer crime, or the preservation of evidence of computer crime; or (7) Review of the contractorâ€™s performance for compliance with the terms and conditions in the contract governing privacy and the security of information and information systems. (b) Requirement to provide access to information systems and related resources. The contractor shall afford the Government, any Federal agency and its subcomponents including the Office of Inspector General, the Comptroller General of the United States, and their authorized third-party representatives, full and timely access to contractor information systems and related resources to the extent required to carry out privacy and information security inspections. The contractor resources to which Government inspectors shall have access shall include the contractorâ€™s installations, facilities, infrastructure, data centers, equipment (including but not limited to all servers, computing devices, and portable media), operations, documentation (whether in electronic, paper, or other forms) including full and complete certification and accreditation records, databases, and personnel used in the performance of this contract. In the case of security audits, access shall be provided to all systems, components, network devices, virtualized devices, and the like, for the purposes of evaluating the security postures and controls implemented to prevent unauthorized access, modification, or destruction to Government data and systems. In addition, the contractor shall provide the Government the following information upon request: Â PAGE 79 OF 99 91003123D0005P00020 (1) any or all user-ids; (2) any or all system and/or database administrator passwords used for the operation and maintenance of the system or environment, and (3) security credentials, encryption keys, security algorithms, and the like; to the extent needed to allow unfettered access to conduct a security audit or other privacy or information security inspection specified by the Government. The contractor shall also provide the Government access to all user passwords and all password files to the extent necessary to validate the contractorâ€™s password policy. The contractor agrees to provide user ids and passwords regardless of whether the user is a Federal employee or not, so long as the user works in support of a Government contract, or may have access to Government data or Government related data. In addition to providing such access, the contractor agrees to fully cooperate with the Government in its conduct of privacy and information security inspections. That cooperation shall include, among other things, timely and complete production of data, metadata, information, and records, and making employees of the contractor available for interview upon request. Cooperation also includes allowing the Government to make reproductions or copies of information and equipment, including, if necessary, collecting a machine or system image capture. What constitutes â€œtimelyâ€ access for purposes of compliance with this clause will depend on the circumstances surrounding the inspection being performed, the urgency of the matter under inspection, the procedures governing the inspection, logistical considerations, and other factors. In some cases, such as when investigating an on-going cyber security breach, access may be required within minutes of the Governmentâ€™s request. In other cases, access provided by the contractor within a few days of a request may be acceptable. In the event of an information security incident, including, but not limited to, incidents involving the loss or potential loss of Personally Identifiable information in physical or electronic form, the contractor must respond (as required by other provisions of this contract, Departmental Directive OM: 6-107 â€œExternal Breach Notification Policy and Planâ€ and Handbook OCIO-14 â€œHandbook for Information Security Incident Response and Reporting Proceduresâ€ within specified time frames. Access to the contractor and subcontractorâ€™s information systems under this clause shall be provided when, and as necessary, to meet any applicable information security incident response times. (c) Access to subcontractor information systems and related resources and clause flow-down. Access shall also be provided to information systems and related resources of subcontractors at any tier that are providing information technology which requires security of information technology, and/or is designing, developing, or operating a system of records using commercial information technology services or support services. The fact that an information system is owned or operated by a subcontractor shall not excuse the prime contractor from ensuring full and timely access to such information systems and related resources to the extent necessary to conduct privacy and information security inspections under this contract or as authorized by law. The contractor shall ensure that it retains operational and configurational control over any information system (whether operated by the contractor or a subcontractor) as needed to conduct privacy and information security inspections. The Contractor shall include the substance of this clause, including this paragraph (c), in all subcontracts, including subcontracts for commercial items. (d) Cost of compliance. The aforementioned access and cooperation shall be provided by the contractor at no additional cost to the Government. However, if a Government inspection unduly delays the contractorâ€™s performance of the contract, the Contracting Officer may grant a contractorâ€™s request for a non-compensable delay, as appropriate and provided the contractor submits information adequate to support the request. (e) Access to information systems where a cloud or a co-mingled data environment is used. When the contractor will perform all or part of the work using commercial cloud computing services (whether directly or through a subcontract), Â PAGE 80 OF 99 91003123D0005P00020 or where Government data, Government related data or controlled unclassified information will be comingled with non- Government data, the contractor shall ensure that appropriate measures and controls are in place to allow Government inspectors to search the information systems and access information needed to conduct required privacy and information security inspections. The contractor may choose to create (at no cost to the Government) a segregated data space where inspections may take place without undue interference with non-Government data. However, the fact that Government data and non-Government data is co-mingled in the contractorâ€™s information system shall not excuse the contractor from affording the Government full and timely access and cooperation as needed to conduct privacy and information security inspections. The Government shall protect against the unauthorized use or release of information obtained from the Contractor (or derived from information obtained from the Contractor) under this clause that includes Contractor proprietary information. To the extent practicable, the Contractor shall identify and mark proprietary information. In making an authorized release of such information, the Government will implement appropriate procedures to minimize the Contractor proprietary information that is included in such authorized release, seeking to include only that information that is necessary for the authorized purpose(s) for which the information is being released (f) Miscellaneous. The access obligations under this clause will survive the expiration or termination of this contract, and this term is not to be less than 3 years following the final disposition and close out of the contract. (g) Remedies for breach. A breach of the obligations or restrictions set forth in this clause may subject the Contractor to a Termination for Default, in addition to any other appropriate remedies under the contract. (h) Relation to other requirements. The requirements of this clause are in addition to those required by any other inspection or audit clause of this contract. To the extent that requirements imposed by Federal law, regulation, Executive Orders, Office of Management and Budget (OMB) guidance, or standards promulgated by the National Institute of Standards and Technology (NIST) are in direct and irreconcilable conflict with the requirements of this clause, those other requirements, standards, laws, or regulations shall take precedence. In conducting its security testing the Government intends to follow NIST Special Publication 800-115 Technical Guide to Information Security Testing and Assessment and other appropriate testing and assessment standards. Further, the Contractor agrees to negotiate in good faith rules of engagement and other supplementary agreements to govern specific privacy and information security inspections, with the goal of ensuring access necessary to conduct such inspections while protecting the contractorâ€™s property and other interests. Any such rules of engagement and supplementary agreements are incorporated into this contract to the extent not inconsistent with the terms of this clause. (End of Clause) 52.252-6 AUTHORIZED DEVIATIONS IN CLAUSES (NOV 2020) (a) The use in this Contract of any Federal Acquisition Regulation (48 CFR Chapter 1) clause with an authorized deviation is indicated by the addition of "(DEVIATION)" after the date of the clause. (b) The use in this Contract of any Department of Education Acquisition Regulation (EDAR) (48 CFR 34) clause with an authorized deviation is indicated by the addition of "(DEVIATION)" after the name of the regulation. (DEVIATION) (JUN 2021) (a) The USDS Servicer and its subcontractors shall comply with Department of Education personnel, cyber, privacy, security policy requirements as set forth in â€œContractor Security Vetting Requirementsâ€ at http://www.ed.gov/fund/contract/about/bsp.html. (b) USDS Servicer employees who will have access to proprietary or sensitive ED information including â€œControlled Unclassified Informationâ€ as defined in 32 CFR Part 2002.4(h), ED IT systems, contractor systems operated with ED data or interfacing with ED systems, ED facilities or space, and/or perform duties in a school or in a location where children are present, must undergo a personnel security screening and a receive favorable determination and are subject to reinvestigation as described in the â€œContractor Vetting Security Requirements.â€ Compliance with the â€œContractor Vetting Security Requirements,â€ as amended, is required. (c) The type of security investigation required to commence work on an ED contract is dictated by the position designation determination assigned by ED. All ED contractor positions are designated commensurate with their position risk/sensitivity, in accordance with Title 5 Code of Federal Regulations (5 CFR 731.106) and OPMâ€™s Position Designation Tool (PDT) located at: https://pdt.nbis.mil/. The position designation determines the risk level and the corresponding level of background investigations required. (d) The USDS Servicer shall comply with all contractor position designations established by ED. (e) The following are the contractor employee positions required under the Contract and their designated risk levels: High Risk (HR): Positions on this contract that perform the duties of system administrator, database administrator, software/code developer, IT operations support manager, system technicians with administrative privileges, software test manager, quality assurance manager, configuration manager, system analyst, security manager, security analyst, any position with access to vulnerability scan/penetration testing results, customer services manager, project manager, program manager, policy officer, program executive, and any IT-related positions designated as key personnel are required to meet requirements for High Risk/Public Trust Contractor Positions Moderate Risk (MR): All other contractor positions. Low Risk (LR): Not applicable. (f) For performance-based contracts where ED has not identified required labor categories for contractor positions, ED considers the risk sensitivity of the services to be performed and the access to ED facilities and systems that will be required during performance, to determine the uniform contractor position risk level designation for all USDS Servicer employees who will be providing services under the Contract. The uniform contractor position risk level designation applicable to this performance-based contract is: Not Applicable (g) Only U.S. citizens will be eligible for employment on contracts requiring a Moderate Risk/Public Trust, High Risk/Public Trust, or a National Security designation. (h) Permanent resident aliens may be eligible for employment on contracts requiring Low Risk/ Public Trust access. (i) An approved waiver, in accordance with â€œContractor Vetting Security Requirementsâ€ is required for any exception to the requirements of paragraphs (g) and (h) above. Â PAGE 83 OF 99 91003123D0005P00020 (j) The USDS Servicer shall- (1) Comply with the Principal Office (PO) processing requirements for personnel security screening, (2) Ensure that no USDS Servicer employee is placed in a higher risk position than for which he or she is approved, (3) Ensure USDS Servicer employees submit required security forms for reinvestigation in accordance with the timeframes set forth in the â€œContractor Vetting Security Requirements,â€ (4) Report to the COR any information (i.e., personal conduct, criminal conduct, financial difficulties, etc.) that would raise a concern about the suitability of the USDS Servicer or whether a USDS Servicer employeeâ€™s continued employment would promote the efficiency of the service or violate the public trust, (5) Protect sensitive and Privacy Act-protected, including â€œControlled Unclassified Informationâ€ as defined in 32 CFR Part 2002.4(h), from unauthorized access, use or misuse by its contractor employees, prevent unauthorized access by others, and report any instances of unauthorized access, use or misuse to the COR, (6) Report to the COR within two business days any removal of a USDS Servicer employee from a contract; or within one business day if removed for cause, (7) Upon the occurrence of any of the events listed under paragraph (b) of FAR

Clause 52.204-9, Personal Identity Verification of Contractor Personnel, return a PIV ID to the COR within seven business days of the USDS Servicer employeeâ€™s departure; and (8) Report to the COR any change to job activities that could result in a change in the USDS Servicer employeeâ€™s position or the need for increased security access. (k) Failure to comply with any of the personnel security requirements, set forth in â€œContractor Security Vetting Requirementsâ€ at http://www.ed.gov/fund/contract/about/bsp.html, may result in a termination of the Contract for default or cause. (End of Clause) D. 3452.209-71 Conflict of interest (MAR 2011) (a)(1) The USDS Servicer, subcontractor, employee, or consultant, has certified that, to the best of its knowledge and belief, there are no relevant facts or circumstances that could give rise to an organizational or personal conflict of interest (see FAR Subpart 9.5 for organizational conflicts of interest) (or apparent conflict of interest) for the organization or any of its staff, and that the USDS Servicer, subcontractor, employee, or consultant has disclosed all such relevant information if such a conflict of interest appears to exist to a reasonable person with knowledge of the relevant facts (or if such a person would question the impartiality of the USDS Servicer, subcontractor, employee, or consultant). Conflicts may arise in the following situations: (i) Unequal access to information â€”A USDS Servicer, subcontractor, employee, or consultant has access to non-public information through its performance on a Government contract. (ii) Biased ground rules â€”A USDS Servicer, subcontractor, employee, or consultant has worked, in one Government contract, or program, on the basic structure or ground rules of another Government contract. Â PAGE 84 OF 99 91003123D0005P00020 (iii) Impaired objectivity â€”A USDS Servicer, subcontractor, employee, or consultant, or member of their immediate family (spouse, parent, or child) has financial or other interests that would impair, or give the appearance of impairing, impartial judgment in the evaluation of Government programs, in offering advice or recommendations to the Government, or in providing technical assistance or other services to recipients of Federal funds as part of its contractual responsibility. â€œImpaired objectivityâ€ includes but is not limited to the following situations that would cause a reasonable person with knowledge of the relevant facts to question a person's objectivity: (A) Financial interests or reasonably foreseeable financial interests in or in connection with products, property, or services that may be purchased by an educational agency, a person, organization, or institution in the course of implementing any program administered by the Department; (B) Significant connections to teaching methodologies that might require or encourage the use of specific products, property, or services; or (C) Significant identification with pedagogical or philosophical viewpoints that might require or encourage the use of a specific curriculum, specific products, property, or services. (2) USDS Servicer must provide the disclosure described above on any actual or potential conflict (or apparent conflict of interest) of interest regardless of their opinion that such a conflict or potential conflict (or apparent conflict of interest) would not impair their objectivity. (3) In a case in which an actual or potential conflict (or apparent conflict of interest) is disclosed, the Department will take appropriate actions to eliminate or address the actual or potential conflict (or apparent conflict of interest), including but not limited to mitigating or neutralizing the conflict, when appropriate, through such means as ensuring a balance of views, disclosure with the appropriate disclaimers, or by restricting or modifying the work to be performed to avoid or reduce the conflict. In this clause, the term â€œpotential conflictâ€ means reasonably foreseeable conflict of interest. (b) The USDS Servicer, subcontractor, employee, or consultant agrees that if â€œimpaired objectivityâ€, or an actual or potential conflict of interest (or apparent conflict of interest) is discovered after the award is made, it will make a full disclosure in writing to the CO. This disclosure shall include a description of actions that the USDS Servicer has taken or proposes to take, after consultation with the CO, to avoid, mitigate, or neutralize the actual or potential conflict (or apparent conflict of interest). (c) Remedies. The Government may terminate the Contract for convenience, in whole or in part, if it deems such termination necessary to avoid the appearance of a conflict of interest. If the USDS Servicer was aware of a potential conflict of interest prior to award or discovered an actual or potential conflict (or apparent conflict of interest) after award and did not disclose or misrepresented relevant information to the CO, the Government may terminate the Contract for default, or pursue such other remedies as may be permitted by law or the Contract. These remedies include imprisonment for up to five years for violation of 18 U.S.C. 1001 and fines of up to $5,000 for violation of 31 U.S.C. 3802. Further remedies include suspension or debarment from contracting with the Federal Government. The USDS Servicer may also be required to reimburse the Department for costs the Department incurs arising from activities related to conflicts of interest. An example of such costs would be those incurred in processing Freedom of Information Act requests related to a conflict of interest. (d) In cases where remedies short of termination have been applied, the USDS Servicer, subcontractor, employee, or consultant agrees to eliminate the organizational conflict of interest, or mitigate it to the satisfaction of the CO. Â PAGE 85 OF 99 91003123D0005P00020 (e) The USDS Servicer further agrees to insert in any subcontract or consultant agreement hereunder, provisions that conform substantially to the language of this clause, including specific mention of potential remedies and this paragraph (e). (c) The Contractor shall notify the Contracting Officer in writing whenever it has reason to believe either that- (1) The total quantity the Contractor expects in the next 60 days, when added to all previous quantities and multiplied by the fixed-unit rate, will exceed 75 percent of the total estimated price specified in the order or contract; or (2) The total quantity for the performance of the CLIN(s) will be either greater or less than the total estimated quantity in the order or contract. (d) As part of the required notification in (c) above, the Contractor shall provide the Contracting Officer a revised estimate of the total quantity and the basis for the estimate. (e) Upon either the Contractorâ€™s notification under (c) or upon notification by the Contracting Officer that the Government estimates a quantity lower or higher than that currently specified for the CLIN(s), the parties will negotiate a revised estimate and modify the order or contract accordingly. (End of Clause) F. EDAR 3452.239-72 Department Security Requirements (DEVIATION) (JUN 2021) (a) The USDS Servicer and its subcontractors shall, at all times, maintain compliance with the most current version of Department of Education requirements as set forth in â€œSecurity and Privacy Requirements for Information Technology Procurementsâ€ posted at Â PAGE 86 OF 99 91003123D0005P00020 http://www.ed.gov/fund/contract/about/bsp.html. The Confidentiality Impact Level of such information has been determined to be: [ ] Not Applicable [ ] Low [X] Moderate [ ] High. (d) Failure to comply with Department of Education Security and Privacy Requirements for Information Technology Procurements may result in a termination of the Contract for default or cause. (End of Clause) G. 3452.232-72 Limitation of Governmentâ€™s Obligation â€“ For use in Task Orders Sufficient funds are not presently available to cover the total price of the CLIN(s) listed in paragraph (l) below. The CLIN(s) identified in paragraph (l) below are incrementally funded to cover the identified period of performance. Additional funds are intended to be allotted to the applicable CLIN(s) by contract modification up to and including the full price of the entire period of performance. This notwithstanding, the Government will not be obligated to pay the USDS Servicer for amounts payable in excess of the amount actually allotted, nor will the USDS Servicer be obligated to perform in excess of such amount. (a) The CLIN(s) in paragraph (l) of this clause is/are incrementally funded. Paragraph (l) also lists the allotment amount presently available for payment and allotted to the CLIN(s), inclusive of any termination costs for the Governmentâ€™s convenience, and the allotment schedule which provides the last date of USDS Servicer performance for which it is estimated the allotted amount will cover. The parties contemplate that the Government may allot additional funds incrementally to the applicable CLIN(s) under the Contract, up to the full price specified in the Contract. The USDS Servicer agrees to perform work under the applicable CLIN(s) up to the point at which the total amount paid and payable by the Government under the Contract for the applicable CLIN(s), including estimated costs in the event of termination of those CLIN(s) for the Governmentâ€™s convenience, approximates the total amount currently allotted to such CLIN(s). (b) Notwithstanding the dates specified in the allotment schedule in paragraph (l) of this clause, the USDS Servicer shall notify the CO in writing at least thirty (30) days prior to the date when, in the USDS Servicerâ€™s best judgment, the work will reach the point at which the total amount payable by the Government, including any Â PAGE 87 OF 99 91003123D0005P00020 cost for termination for the Governmentâ€™s convenience, will approximate 75 percent of the total amount then allotted to the Contract for performance of the applicable CLIN(s). The notification will state (1) the estimated date when that point will be reached and (2) an estimate of additional funding, if any, needed to continue performance of applicable CLIN(s) up to the date in paragraph (l) of this clause, or to a mutually agreed upon substitute date. (c) If, after notification pursuant to paragraph (b) of this clause, additional funds are not allotted by the date identified in paragraph (l), the date identified in the USDS Servicerâ€™s notification, or by an agreed substitute date, upon the USDS Servicerâ€™s written request, the CO may terminate for the Governmentâ€™s convenience any CLIN(s) for which additional funds have not been allotted. If the USDS Servicer estimates that the funds available will allow it to continue to discharge its obligations beyond that date, it may specify a later date in its request to terminate the applicable CLIN(s), and the CO may terminate such CLIN(s) on that later date. In no event is the Contractor authorized to continue work on those CLIN(s) beyond the time when the amount payable, to include costs of termination for the Governmentâ€™s convenience, is equal to the funds allotted. (d) If, solely by reason of failure of the Government to allot additional funds, by the dates indicated in paragraph (l) of this clause, in amounts sufficient for timely performance of the CLIN(s) identified in paragraph (l) of this clause, the USDS Servicer incurs additional costs or is delayed in the performance of the work under the Contract and if additional funds are allotted, the USDS Servicer may request an equitable adjustment to the price or prices (including appropriate target, billing, and ceiling prices, where applicable) of the applicable CLIN(s), or in the time of delivery, or both, by written request to the CO with sufficient documentation to support such equitable adjustment. Failure to agree to any such equitable adjustment hereunder will be a dispute concerning a question of fact within the meaning of the clause entitled â€œDisputes.â€ Notwithstanding anything to the contrary herein, in no event will an equitable adjustment under this paragraph (d) be due to the USDS Servicer for costs that arise from or relate to the USDS Servicerâ€™s breach of the notification obligations in paragraph (b) of this clause. (e) Except as required by other provisions of the Contract, specifically citing and stated to be an exception to this clause- (1) The Government is not obligated to pay for goods or services, to include reimbursement of costs for termination for the Governmentâ€™s convenience, in excess of the total amount allotted by the Government to the CLIN(s) identified in paragraph (l) of this clause; and (2) The USDS Servicer is not authorized to continue performance of the CLIN(s) identified in paragraph (l) of this clause in excess of the amount allotted by the Government to the applicable CLIN(s). (3) As used in this clause, the total amount payable by the Government in the event of termination of applicable CLIN(s) for convenience includes reasonable costs, profit, and termination settlement costs for those item(s). (f) No communication or representation in any form other than in writing from the C O shall affect the amount allotted by the Government to the Contract and applicable CLIN(s). The Government is not obligated to reimburse the USDS Servicer for any costs in excess of the total amount allotted by the Government to the applicable CLIN(s), whether incurred during the course of the Contract or as a result of termination. Â PAGE 88 OF 99 91003123D0005P00020 (g) The Government may at any time prior to termination allot additional funds for the performance of the CLIN(s) identified in paragraph (l) of this clause. (h) When additional funds are allotted for continued performance of the CLIN(s) identified in paragraph (l) of this clause, the parties will agree as to the period of contract performance that will be covered by the funds. The provisions of this clause will apply in like manner to the additional allotted funds and agreed substitute date, and the Contract will be modified accordingly. (i) The termination provisions of this clause do not limit the rights of the Government to terminate the Contract, in whole or in part, for cause in the event of any breach or default by the USDS Servicer. The provisions of this clause are limited to the work and allotment of funds for the CLIN(s) set forth in paragraph (l) of this clause. This clause no longer applies once the Contract is fully funded except with regard to the rights or obligations of the parties concerning equitable adjustments negotiated under paragraph (d) of this clause. (j) Nothing in this clause affects the right of the Government to terminate the Contract, in whole or in part, for convenience or cause. (k) Nothing in this clause shall be construed as authorization of voluntary services whose acceptance is otherwise prohibited under 31 U.S.C. 1342. (l) Incremental funds are allotted to the CLIN(s) under the Contract as follows: CLIN Amount Allotted Last Date of Performance (End of clause) 3. Additional Clauses AT-RISK BORROWER PERFORMANCE INCENTIVE Task Orders may include when awarded or through modification a performance incentive for At-Risk Borrowers associated with performance under CLIN 0003 Contact Center and Back-Office Processing Operation & Maintenance. Funding for the performance incentive shall be held in a separate CLIN to be designated on the Task Order which may as detailed in the Task Order either be for the initial period of the performance incentive or for multiple periods of the performance incentive. Â PAGE 89 OF 99 91003123D0005P00020 The additional terms of the performance incentive and an example of how to calculate the achieved performance incentive amount are in the following incorporated contract attachments: Attachment 20 â€“ At Risk Borrower Incentive (Attachment 20) and Attachment 20a â€“ At Risk Borrower Incentive Calculator (Attachment 20a). SERVICE LEVEL AGREEMENTS & OBJECTIVES PERFORMANCE INCENTIVE Task Orders containing CLIN 3 Contact Center and Back-Office Processing Operation & Maintenance are subject to a Service Level Agreement & Service Level Objective performance incentive as further described in Attachment 8 Service Level Methodology Performance Metrics (Attachment 8) and Attachment 9 SLA and Future Borrower Allocation Calculator (Attachment 9). ECONOMIC PRICE ADJUSTMENT FSA will apply a standard escalation methodology to pricing established under the Contract. The following escalation methodology is based upon multiple indexes and rates from sources like the Bureau of Labor Statistics (BLS) which are applicable to different CLINs to account for significant inflation and/or deflation: CLIN Cost Indexes & Published Rates 1, 2, 4, 5 7, 8, 9, 10, 11, & 12 BLS Employment Cost Index (ECI) for Total compensation for Private industry workers in Service-providing; management, professional, and related occupations, 12- month percent change -- Series ID (CIU201S000100000A (B) Not seasonally adjusted) 3 & 6 (Scanned Documents & Alternative Format Documents) BLS Employment Cost Index (ECI) for Total compensation for Private industry workers in Service occupations, 12- month percent change â€“ Series ID (CIU2010000300000A (B) Not seasonally adjusted) 6 Envelops (Letter(s)) Sent US Postal Service (USPS) Rate for First-Class Mail Commercial Letters (Weight Not Over 1 oz for Automation 5-Digit) & BLS Producer Price Index (PPI) for Paper, except newsprint, mills-Primary products, not seasonally adjusted â€“ Series ID (PCU322121322121P) In the event of the change to any of these indexes or the USPS category is no longer published or is changed, FSA will unilaterally update the ones affected to one FSA determines most appropriate and modify the Contract. In June of the Contractâ€™s second year of performance Federal Student Aid will review the indexes and published rates listed in the table above to determine whether an economic price adjustment in accordance with this clause is applicable. The indexes in the above table from the BLS will be from the BLS website www.bls.gov. The USPS rate for comparison will be as found on the https://pe.usps.com/ website in the Price List effective on the 1st day of June for First-Class Mail Commercial Letters (Weight Not Over 1 oz for Automation 5-Digit). When any of the indexes or the USPS rate cited in in the table increases or decreases more than three and a half (3.5) percent starting in the second year of the Contractâ€™s period of performance, the Government will adjust the established pricing in the affected CLINs by the amount above 3.5% up to a ceiling of 3%. The adjustment ceiling of 3% would be reached if the increase or decrease is 6.5%. The escalation amount for the CLINs using indexes excluding CLIN 6 will equal the amount that the listed 12-month percent change shown for the series for quarter 4 (Qtr4) of the prior Â PAGE 90 OF 99 91003123D0005P00020 calendar year is over 3.5% up to the ceiling of 3%. For example, if the 12-month percent change is 5% then the escalation amount would be 1.5% and if it was negative 5% the escalation would be negative 1.5%. All adjusted prices shall be rounded to four decimal places. For example, if after calculating the adjustment the price is $1.155549 then it would be rounded down to $1.1555 or if the price is $1.155562 then it would be rounded up to $1.1556. For escalation of CLIN 6 Envelops (Letter(s)) Sent price the escalation is calculated by determining first the percentage change for the USPS rate from the prior yearâ€™s rate and the percentage change for the BLS PPI from the prior yearâ€™s February index to the current yearâ€™s index rate (final or preliminary) and the amount each is greater than 3.5% in the positive or negative direction up to the ceiling of 3%. Second the prior yearâ€™s USPS rate is subtracted from the Letters/Envelops Sent price and the resultant price is adjusted by the percentage that the PPI is greater than 3.5% up to the ceiling of 3%. Third the USPS prior year rate is adjusted by the percentage that is greater than 3.5% up to the ceiling of 3% and the resultant amount is added back into the price from the second step to calculate the adjusted price. The adjusted price is then rounded if necessary to four decimal places. An example of the escalation for CLIN 6â€™s Envelopes (Letter(s)) Sent price using the methodology above where the postal rate has gone up five percent. For the example the Envelops (Letter(s)) Sent price is

$0.64, the percentage change for the BLS PPI is 6%, and the USPS rates are $0.426 for the prior year and $.0447 for the current year. Calculation: First Step: USPS Percentage Change: ($0.426 - $0.447) / $0.426 = .05 or 5% Amount Greater than 3.5%: 5% - 3.5% = 1.5% BLS PPI Percentage Change: 6% Amount greater than 3.5%: 6% - 3.5% = 2.5% Second Step: $0.64 - $0.426 = $0.214 $0.214 X 1.025 = $0.219350 Third Step: $0.426 X 1.015 = $0.43239 $0.219350 + $0.43239 = $0.651740 then rounded down to four decimal places equals $0.6517 Total adjusted Envelops (Letter(s)) Sent price would be $0.6517. The USPS rate used for the prior yearâ€™s rate for the first calculation in June of the Contractâ€™s second ordering year period is the rate set in the Contract at time of award effective that month as follows: USPS Rate at time of Contract award: _____$0.471_____ For the CLINs that met the criteria for adjustment, the CLIN prices are adjusted for the current ordering period and all the subsequent remaining base and option period ordering CLINs. The Contract will be unilaterally modified to update the CLIN pricing and rates adjusted by this clause in Section B of the Contract. Task Orders will be unilaterally modified to update the rates that are fixed price with economic price adjustment that meet this clauseâ€™s criteria for adjustment. Firm-fixed prices within Task Orders are not subject to this Â PAGE 91 OF 99 91003123D0005P00020 clause and will not be adjusted. Adjusted Contract and Task Order prices or rates will be effective beginning the first of September of the same year. (End of Clause) 4. Additional Terms COMMON PRICING ADJUSTMENTS FOR CLAUSE CHANGES TO WAGES The common pricing established under the Contract shall be adjusted across all USDS IDIQ Contract holders in the event of required changes to USDS Servicer pricing resulting from either clauses 52.222-55 Minimum Wages For Contractor Workers Under Executive Order 14026 (JAN 2022) or 52.222-43 Fair Labor Standards Act and Service Contract Labor Standards-Price Adjustment (Multiple Year and Option Contracts) (Aug 2018) or any other clause in the Contract with similar mandatory contract price changes. USDS Servicer shall provide supporting documentation as required by the clauses. The Contract shall be modified unilaterally increasing the affected CLINâ€™s common prices. (End of Term) FSA 19-2 SUBCONTRACT REPORTING AND ACHIEVEMENTS (APR 2014) The USDS Servicer shall submit timely and accurate subcontract reporting, which will be a factor used in assessing contractor past performance. In addition, contractors are advised that achievements related to subcontracting plans can and may be used as part of responsibility determinations under future procurements. (End of Clause) FSA 32-3, Alternate 1 - Invoice and Contract Financing Requests Submission â€“ Invoice Processing Platform (December 2017) (a) Payments shall be rendered in accordance with the identified payment schedule(s). (b) The USDS Servicer shall submit invoices electronically in the web-based system, Invoice Processing Platform (IPP) that can be accessed at: http://www.ipp.gov/. All submitted invoices must be accompanied by supporting documentation in accordance with the Contractâ€™s terms and conditions. The supporting documentation shall be submitted in the following formats: Adobe Acrobat (pdf), Microsoft Word (doc), Pictures (jpeg), Microsoft Excel (excel), or Microsoft Outlook message (msg). The invoice processing platform limits 25 attachments per invoice at 10 MB per attachment. (c) If the supporting documentation contains Personally Identifiable Information (PII) or Sensitive Unclassified Information, this information shall be sent to the COR, encrypted and/or password protected by email external to the IPP system. (d) Request for Financing Payment â€“ financing payments are not subject to the Prompt Payment Act. Failure to identify the invoice as a request for financing may result in delay of payment. Invoices that are identified as Requests for Finance Payments shall only include the finance payments listed in the Contract. Requests for finance payments shall not be combined with other types of invoice payments. Â PAGE 92 OF 99 91003123D0005P00020 (e) If the USDS Servicer does not have an IPP account that was established by either the Department of Education or another Government agency, the USDS Servicer will need to go to www.IPP.gov and select â€œVendors Enroll Nowâ€ and complete enrollment. (f) The USDS Servicer must ensure that the â€œAccounts Receivable POCâ€ Section of its SAM registration is accurate and up-to-date. (g) Upon completion of enrollment and within ten (10) business days of the USDS Servicer entering or updating the â€œAccounts Receivable POCâ€ information within the USDS Servicerâ€™s SAM registration, the USDS Servicerâ€™s Designated Primary Administrator will receive an email from the IPP Customer Support Team containing the USDS Servicerâ€™s Designated Primary Administratorâ€™s IPP username. Within 24 hours of receiving the initial email, the USDS Servicerâ€™s Designated Primary Administrator will receive a second email containing their IPP password. Once both emails have been received, the USDS Servicerâ€™s Designated Primary Administrator must log into IPP and complete the registration process. (h) The USDS Servicerâ€™s Designated Primary Administrator will be authorized to further designate other administrators under USDS Servicerâ€™s IPP account who may submit invoices on behalf of the USDS Servicer. (i) In the event that an invoice is rejected in IPP, the USDS Servicer shall make the necessary corrections and resubmit the invoice by means of IPP. Any questions, concerns, or issues regarding the use of IPP should be directed to IPP Customer Support Team, as identified at http://www.ipp.gov/ (End of Clause) FSA 37-3 DISRUPTION OF MISSION CRITICAL CONTRACTOR SYSTEM OR OTHER SERVICES (Sep 2012) (a) Definition. As used in this clauseâ€” (1) Mission Critical Contractor System or Other Services - are defined as a system or other services that have a material impact on the accomplishment of the Federal Student Aid mission. (b) The USDS Servicer is required to coordinate all changes to mission critical USDS Servicerâ€™s systems or other services used to implement Federal Student Aid IT operations and services with the individual(s) identified in (c) at least five business days prior to the changes, absent exigent circumstances. Emergency changes require immediate notification of the individual(s) identified in (c) as soon as the charge requirement is known, but prior to the change. If the continuity of such systems or services is disrupted as a consequence of the USDS Servicerâ€™s failure to adequately coordinate these changes with FSA, the USDS Servicer may be subject to contractual remedies available to the Government pursuant to the terms of the Contract or as authorized by law. (c) The USDS Servicer shall contact the following individuals to coordinate all changes to mission critical USDS Servicer systems or services. System Owner: Jeremy Dick Email: jeremy.dick@ed.gov Phone: (202) 377-3238 Â PAGE 93 OF 99 91003123D0005P00020 The notice shall be sent to the CO as well. (End of Clause) FSA 39-3 FSA Section 508 and Electronic and Information Technology Accessibility Standards Compliance (September, 2016) (a) Members of the public with disabilities that are seeking information or services from the USDS Servicer shall have access to and use of information and data maintained and provided to the public under the Contract that is comparable to the access to and use of information and data by members of the public who are not individuals with disabilities. The USDS Servicerâ€™s Website, and any documents or other forms of communication that may be viewed by the public via the Website, shall remain current with manners of assistive technology utilized by the public for accessing such information. In order to maintain an accessible Website and documents or other forms of communication, the USDS Servicer shall ensure that the public can access required information in a variety of ways, which do not have to rely on a single sense or ability of the user. FSA 39-4 Remedies for Contractorâ€™s Violation of System Security Requirements If Personally Identifiable Information (PII) is improperly disclosed, released to or accessed by an unauthorized system(s) or individual(s), or is otherwise compromised (collectively referred to as PII Breach), or if the USDS Servicer has knowledge of a potential PII Breach, in addition to the requirements elsewhere under the Contract, the USDS Servicer shall immediately: a. take all reasonable measures necessary to implement security safeguards to prevent further compromise of PII, improper disclosure of PII, or release of or access of PII by unauthorized systems or individuals. b. mitigate any potential harm suffered by those individuals whose PII may have been exposed in a PII Breach (Affected Individuals) once a PII Breach is confirmed and notices to Affected Individuals are sent as provided under the Contract. Such mitigation shall include, at a minimum, data breach protection services (Data Protection Services), including identity theft and credit protection, to all Affected Individuals for a period not less than 18 months from the date of discovery of the improper disclosure. Data Protection Services must include: i. one year of credit monitoring services consisting of automatic daily monitoring of at least 3 relevant credit bureau reports; ii. data breach analysis; iii. fraud resolution services, including writing dispute letters, initiating fraud alerts and credit freezes, to assist affected individuals to bring matters to resolution; iv. three years of identity theft insurance with up to $1,000,000.00 coverage at $0 deductible; and v. reimbursement of necessary legal expenses that Affected Individuals may incur to repair falsified or damaged credit records, histories, or financial affairs. (End of Term) FSA 45-1 SPECIAL CONTRACT REQUIREMENTS FOR GOVERNMENT FURNISHED PROPERTY â€“ TWO FACTOR AUTHENTICATION TOKENS (TFA) (JUN 2015) In addition to the requirements of FAR 52.245-1(b) - Government Property, the USDS Servicer shall: Â PAGE 94 OF 99 91003123D0005P00020 a) Ensure the USDS Servicerâ€™s Government Property Manager or designee shall sign a distribution letter provide by the CO upon receipt of Government Property; b) Comply with instructions on how to register the tokens using the Federal Student Aid Two Factor Authentication Token For FSA User Handout distributed with the tokens; c) Seek immediate assistance with any challenges encountered with FSA CITRIX and TFA and immediately report any security or other incidents by telephone or email to the helpdesk at: 1-877-603-4188 or ed.customer.service@ed.gov and; d) Provide a Property Management Plan to the CO within 5 business days of receipt of the Government Furnished Property. Among other requirement required under FAR 52.245-1(b) the Property Management Plan must contain at minimum the following: * Description on how the USDS Servicer will establish and maintain an auditable record of the token assignment to its employees by individual name and token Serial Number (AVT+9 digits); * Method by which the USDS Servicer shall ensure that the serial number label on the back of each token remains legible and secure to the device. * Security and management process for the physical devices as well as changes in assignment. e) Upon written notification from the CO, the USDS Servicer shall affirm its understanding and compliance with the Governmentâ€™s requirement for quarterly re-certification of user access and token activation. In the event of any reported security breach, the Government shall immediately disable or deactivate USDS Servicer access to its network without prior notice. f) Soft Tokens can be used instead of hard tokens. The soft token is an app that runs on the userâ€™s mobile device. After downloading and registering the free Symantec VIP Access app on a phone or tablet, a user simply opens the app and an One-Time Password (OTP) is automatically generated similar to a hard token. Use of a soft token is optional, however users who have a compatible mobile device are encouraged to transition to a soft token. There is no requirement to maintain property records on soft tokens. g) Contact Information. For additional information on TFA or the use of a soft token, contact the TFA Support Center at 800/330-5947, option 2 (TDD/TTY 800/511-5806) or by email at TFASupport@ed.gov. (End of Clause) III.
