Presentation of Financial Information Nature of Business: SmartFinancial, Inc. (the "Company," "SmartFinancial," "we," "our" or "us") is a bank holding company whose principal activity is the ownership and management of its wholly owned subsidiary, SmartBank (the "Bank"). The Company provides a variety of financial services to individuals and corporate customers through its offices in East and Middle Tennessee, Alabama, and Florida. The Bank's primary deposit products are noninterest-bearing and interest-bearing demand deposits, savings and money market deposits, and time deposits. Its primary lending products are commercial, residential, and consumer loans. Basis of Presentation and Accounting Estimates: The accounting and financial reporting policies of the Company and its wholly owned subsidiary conform to U.S. generally accepted accounting principles ("GAAP") and reporting guidelines of banking regulatory authorities and regulators. The accompanying interim consolidated financial statements for the Company and its wholly owned subsidiary have not been audited. All material intercompany balances and transactions have been eliminated. In management's opinion, all accounting adjustments necessary to accurately reflect the financial position and results of operations on the accompanying financial statements have been made. These adjustments are normal and recurring accruals considered necessary for a fair and accurate presentation. Material estimates that are particularly susceptible to significant change in the near term relate to the determination of the allowance for credit losses, the valuation of foreclosed assets and deferred taxes, the fair value of financial instruments, goodwill, and the fair value of assets acquired, and liabilities assumed in acquisitions. The results for interim periods are not necessarily indicative of results for the full year or any other interim periods. The following unaudited condensed financial statement notes have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission ("SEC"). Certain information and note disclosures normally included in annual financial statements prepared in accordance with GAAP have been condensed or omitted pursuant to those rules and regulations, although the Company believes that the disclosures made are adequate to make the information not misleading. The accompanying unaudited consolidated financial statements should be read in conjunction with the consolidated financial statements and related notes appearing in the Company's annual report on Form 10-K for the year ended December 31, 2023. Recently Issued and Adopted Accounting Pronouncements: In June 2022, the Financial Accounting Standards Board ("FASB") issued ASU 2022-03, Fair Value Measurement (Topic 820): Fair Value Measurement of Equity Securities Subject to Contractual Sale Restrictions, which clarifies that a contractual sale restriction should not be considered in measuring fair value. It also requires entities with investments in equity securities subject to contractual sale restrictions to disclose certain qualitative and quantitative information about such securities. The guidance is effective for public companies for fiscal years beginning after December 15, 2023. All other entities have an extra year to adopt; early adoption is permitted. ASU 2022-03 did not have an impact on the Company's Consolidated Financial Statements. In March 2023, the FASB issued ASU 2023-01, "Leases (Topic 842): Common Control Arrangements." ASU 2023-01 requires entities to amortize leasehold improvements associated with common control leases over the useful life to the common control group. ASU 2023-01 also provides certain practical expedients applicable to private companies and not-for-profit organizations. The guidance is effective for fiscal years beginning after December 15, 2023. ASU 2023-01 did not have an impact on the Company's Consolidated Financial Statements. In March 2023, the FASB issued ASU No. 2023-02, "Investments – Equity Method and Joint Ventures (Topic 323): Accounting for Investments in Tax Credit Structures Using the Proportional Amortization Method." ASU 2023-02 is intended to improve the accounting and disclosures for investments in tax credit structures.

ASU 2023-02 allows entities to elect to account for qualifying tax equity investments using the proportional amortization method, regardless of the program giving rise to the related income tax credits. Previously, this method was only available for qualifying tax equity investments in low-income housing tax credit structures. The guidance is effective for fiscal years beginning after December 15, 2023. ASU 2023-02 did not have an impact on the Company's Consolidated Financial Statements. Recently Issued Not Yet Effective Accounting Pronouncements: During interim periods, the Company follows the accounting policies set forth in its annual audited financial statements for the year ended December 31, 2023, as filed in its Annual Report on Form 10-K with the SEC. The following is a summary of recent authoritative pronouncements issued but not yet effective that could impact the accounting, reporting, and/or disclosure of financial information by the Company. In November 2023, the FASB issued ASU No. 2023-07, "Segment Reporting (Topic 280): Improvements to Reportable Segment Disclosures," ASU 2023-07 expands segment disclosure requirements for public entities to require disclosure of significant segment expenses and other segment items on an annual and interim basis and to provide in interim periods all disclosures about a reportable segment's profit or loss and assets that are currently required annually. This guidance is effective for fiscal years beginning after December 15, 2023, and interim periods within fiscal years beginning after December 15, 2024. Early adoption is permitted. The Company is assessing ASU 2023-07, and its adoption is not expected to have a significant impact on our Consolidated Financial Statements. In December 2023, FASB issued ASU No. 2023-09, "Income Taxes (Topic 740): Improvements to Income Tax Disclosures." ASU 2023-09 requires public business entities to disclose in their rate reconciliation table additional categories of information about federal, state and foreign income taxes and to provide more details about the reconciling items in certain categories if items meet a quantitative threshold. ASU 2023-09 also requires all entities to disclose income taxes paid, net of refunds, disaggregated by federal, state, and foreign taxes for annual periods and to disaggregate the information by jurisdiction based on a quantitative threshold, among other things. The guidance is effective for us for fiscal years beginning after December 15, 2024, though early adoption is permitted. The Company is assessing ASU 2023-09, and its adoption is not expected to have a significant impact on our Consolidated Financial Statements. In March 2024, the SEC adopted the final rule under SEC Release No. 33-11275, "The Enhancement and Standardization of Climate-Related Disclosures for Investors". This rule will require registrants to disclose certain climate-related information in registration statements and annual reports. Subsequent to adoption, a number of businesses and business groups filed petitions seeking a judicial review of the final rule, asserting that the SEC does not have the authority to promulgate it. In April 2024, the SEC issued an order staying its final rule pending completion of the judicial review of certain petitions consolidated in the U.S. Court of Appeals for the Eighth Circuit. The Company will continue to monitor the outcome of this judicial review. Nature of Business: SmartFinancial, Inc. (the "Company," "SmartFinancial," "we," "our" or "us") is a bank holding company whose principal activity is the ownership and management of its wholly owned subsidiary, SmartBank (the "Bank"). The Company provides a variety of financial services to individuals and corporate customers through its offices in East and Middle Tennessee, Alabama, and Florida. The Bank's primary deposit products are noninterest-bearing and interest-bearing demand deposits, savings and money market deposits, and time deposits. Its primary lending products are commercial, residential, and consumer loans. Basis of Presentation and Accounting Estimates: The accounting and financial reporting policies of the Company and its wholly owned subsidiary conform to U.S. generally accepted accounting principles ("GAAP") and reporting guidelines of banking regulatory authorities and regulators. The accompanying interim consolidated financial statements for the Company and its wholly owned subsidiary have not been audited. All material intercompany balances and transactions have been eliminated. In management's opinion, all accounting adjustments necessary to accurately reflect the financial position and results of operations on the accompanying financial statements have been made. These adjustments are normal and recurring accruals considered necessary for a fair and accurate presentation. Material estimates that are particularly susceptible to significant change in the near term relate to the determination of the allowance for credit losses, the valuation of foreclosed assets and deferred taxes, the fair value of financial instruments, goodwill, and the fair value of assets acquired, and liabilities assumed in acquisitions. The results for interim periods are not necessarily indicative of results for the full year or any other interim periods. The following unaudited condensed financial statement notes have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission ("SEC"). Certain information and note disclosures normally included in annual financial statements prepared in accordance with GAAP have been condensed or omitted pursuant to those rules and regulations, although the Company believes that the disclosures made are adequate to make the information not misleading. The accompanying unaudited consolidated financial statements should be read in conjunction with the consolidated financial statements and related notes appearing in the Company's annual report on Form 10-K for the year ended December 31, 2023. Recently Issued and Adopted Accounting Pronouncements: In June 2022, the Financial Accounting Standards Board ("FASB") issued ASU 2022-03, Fair Value Measurement (Topic 820): Fair Value Measurement of Equity Securities Subject to Contractual Sale Restrictions, which clarifies that a contractual sale restriction should not be considered in measuring fair value. It also requires entities with investments in equity securities subject to contractual sale restrictions to disclose certain qualitative and quantitative information about such securities. The guidance is effective for public companies for fiscal years beginning after December 15, 2023. All other entities have an extra year to adopt; early adoption is permitted. ASU 2022-03 did not have an impact on the Company's Consolidated Financial Statements. In March 2023, the FASB issued ASU 2023-01, "Leases (Topic 842): Common Control Arrangements." ASU 2023-01 requires entities to amortize leasehold improvements associated with common control leases over the useful life to the common control group. ASU 2023-01 also provides certain practical expedients applicable to private companies and not-for-profit organizations. The guidance is effective for fiscal years beginning after December 15, 2023. ASU 2023-01 did not have an impact on the Company's Consolidated Financial Statements. In March 2023, the FASB issued ASU No. 2023-02, "Investments - Equity Method and Joint Ventures (Topic 323): Accounting for Investments in Tax Credit Structures Using the Proportional Amortization Method." ASU 2023-02 is intended to improve the accounting and disclosures for investments in tax credit structures. ASU 2023-02 allows entities to elect to account for qualifying tax equity investments using the proportional amortization method, regardless of the program giving rise to the related income tax credits. Previously, this method was only available for qualifying tax equity investments in low-income housing tax credit structures. The guidance is effective for fiscal years beginning after December 15, 2023. ASU 2023-02 did not have an impact on the Company's Consolidated Financial Statements. Recently Issued Not Yet Effective Accounting Pronouncements: During interim periods, the Company follows the accounting policies set forth in its annual audited financial statements for the year ended December 31, 2023, as filed in its Annual Report on Form 10-K with the SEC. The following is a summary of recent authoritative pronouncements issued but not yet effective that could impact the accounting, reporting, and/or disclosure of financial information by the Company. In November 2023, the FASB issued ASU No. 2023-07, "Segment Reporting (Topic 280): Improvements to Reportable Segment Disclosures." ASU 2023-07 expands segment disclosure requirements for public entities to require disclosure of significant segment expenses and other segment items on an annual and interim basis and to provide in interim periods all disclosures about a reportable segment's profit or loss and assets that are currently required annually. This guidance is effective for fiscal years beginning after December 15, 2023, and interim periods within fiscal years beginning after December 15, 2024. Early adoption is permitted. The Company is assessing ASU 2023-07, and its adoption is not expected to have a significant impact on our Consolidated Financial Statements. In December 2023, FASB issued ASU No. 2023-09, "Income Taxes (Topic 740): Improvements to Income Tax Disclosures." ASU 2023-09 requires public business entities to disclose in their rate reconciliation table additional categories of information about federal, state and foreign income taxes and to provide more details about the reconciling items in certain categories if items meet a quantitative threshold. ASU 2023-09 also requires all entities to disclose income taxes paid, net of refunds, disaggregated by federal, state, and foreign taxes for annual periods and to disaggregate the information by jurisdiction based on a quantitative threshold, among other things. The guidance is effective for us for fiscal years beginning after December 15, 2024, though early adoption is permitted. The Company is assessing ASU 2023-09, and its adoption is not expected to have a significant impact on our Consolidated Financial Statements. In March 2024, the SEC adopted the final rule under SEC Release No. 33-11275, "The Enhancement and Standardization of Climate-Related Disclosures for Investors". This rule will require registrants to disclose certain climate-related information in registration statements and annual reports. Subsequent to adoption, a number of businesses and business groups filed petitions seeking a judicial review of the final rule, asserting that the SEC does not have the authority to promulgate it. In April 2024, the SEC issued an order staying its final rule pending completion of the judicial review of certain petitions consolidated in the U.S. Court of Appeals for the Eighth Circuit. The Company will continue to monitor the outcome of this judicial review. Note 2. Earnings Per Share Basic earnings per common share is computed by dividing net income available to common shareholders by the weighted-average number of common shares outstanding. Diluted earnings per common share is computed by dividing net income available to common shareholders by the weighted average number of common shares outstanding and dilutive common share equivalents using the treasury stock method. Dilutive common share equivalents include common shares issuable upon exercise of outstanding stock options and restricted stock. The effect from the stock options and restricted stock on incremental shares from the assumed conversions for net income per share-basic and net income per share-diluted are presented below. There were no antidilutive shares for the three and nine months ended September 30, 2024, and September 30, 2023, respectively. The following is a summary of the basic and diluted earnings per share computation (dollars in thousands, except share and per share data): <table style="border-collapse:collapse;font-size:16pt;height:max-content;padding-left:0pt;padding-right:0pt;width:100%;"><tr style="height:1pt;"><td style="vertical-align:bottom;width:56.67%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.64%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:0.82%;margin:0pt;padding:0pt;"><div

1.57 1.33 Note 3. Securities Available-for-sale securities ("AFS"), which include any security for which the Company has no immediate plan to sell, but which may be sold in the future, are carried at fair value. Realized gains and losses, based on specifically identified amortized cost of the individual security, are included in other income. Unrealized gains and losses are recorded, net of related income tax effects, in accumulated other comprehensive income (loss). Premiums and discounts are amortized and accreted, respectively, to interest income using the constant effective yield method over the estimated life of the security. Prepayments are anticipated for mortgage-backed and Small Business Administration ("SBA") securities. Premiums on callable securities are amortized to their earliest call date. <p style="font-

family:'Times New Roman','Times','serif';font-size:10pt;text-align:justify;margin:0pt;"> Held-to-maturity securities ("HTM"), which include any security for which the Company has both the positive intent and ability to hold until maturity, are carried at historical cost adjusted for amortization of premiums and accretion of discounts. Premiums and discounts are amortized and accreted, respectively, to interest income using the constant effective yield method over the security's estimated life. Prepayments are anticipated for mortgage-backed and SBA securities. Premiums on callable securities are amortized to their earliest call date. The amortized cost, gross unrealized gains and losses and fair value of securities AFS and HTM are summarized as follows (in thousands): <table style="vertical-align:bottom;white-space:nowrap;width:6.87%;background:#cceeff;border-bottom:3px double #000000;margin:0pt;padding:0pt;"> 57 </td></tr></table> For any securities classified as available-for-sale that are in an unrealized loss position at the balance sheet date, the Company assesses whether it intends to sell the security, or more likely than not will be required to sell the security before recovery of its amortized cost basis which would require a write-down to fair value through net income. Because the Company currently does not intend to sell those available-for-sale securities that have an unrealized loss at September 30, 2024, and it is not likely that they we will be required to sell the securities before recovery of their amortized cost bases, which may be maturity, the Company has determined that no write-down is necessary. In addition, the Company evaluates whether any portion of the decline in fair value of available-for-sale securities is the result of credit deterioration, which would require the recognition of an allowance for credit losses. The unrealized losses associated with available-for-sale securities at September 30, 2024, are driven by changes in interest rates and are not due to the credit quality of the securities, and accordingly, no allowance for credit losses is considered necessary related to available-for-sale securities at September 30, 2024. Management evaluates the financial performance of the issuers on a quarterly basis to determine if it is probable that the issuers can make all contractual principal and interest payments. The unrealized losses in the Company's held-to-maturity portfolio were caused by changes in the interest rate environment. The Company has a zero-loss expectation for its U.S. Treasury securities in addition to U.S. Government-sponsored enterprises (GSEs) and mortgage-backed securities (GSEs), and accordingly, no allowance for credit losses is estimated for these securities. The held-to-maturity state and municipal securities are general obligation bonds, which have a very low historical default rate due to issuers generally having unlimited taxing authority to service the debt. All debt securities in an unrealized loss position as of September 30, 2024, continue to perform as scheduled and we do not believe an allowance for credit losses is necessary. The Company utilizes bond credit ratings assigned by third party ratings agencies to monitor the credit quality of debt securities held-to-maturity. At September 30, 2024, all debt securities classified as held-to-maturity were rated AA- or higher by the ratings agencies. Updated credit ratings are obtained as they become available from the ratings agencies. Allowance for Credit Losses ("ACL") There were no past due or nonaccrual AFS or HTM securities at September 30, 2024, or December 31, 2023. Accrued interest receivable is excluded from the estimate of credit losses and based on the analysis of the underlying risk characteristics of its AFS and HTM portfolios, including credit ratings and other qualitative factors, there was no provision for credit losses related to AFS or HTM securities recorded during the three or nine months ended September 30, 2024, and 2023, respectively, because the ACL was deemed immaterial. Other Investments: Our other investments consist of restricted non-marketable equity securities that have no readily determinable market value. Accordingly, when evaluating these securities for impairment, management considers the ultimate recoverability of the par value rather than recognizing temporary declines in value. As of September 30, 2024, the Company determined that there was no impairment on its other investment securities. The following is the amortized cost and carrying value of other investments (in thousands): <table style="border-collapse:collapse;font-size:16pt;height:max-content;padding-left:0pt;padding-right:0pt;width:100%;"><tr style="height:1pt;"><td style="vertical-align:bottom;width:68.32%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:2.16%;margin:0pt;padding:0pt;"> </td><td style="vertical-

There are six loan and lease portfolio segments which include commercial real estate, consumer real estate, construction and land development, commercial and industrial, leases, and consumer and other. The following describe risk characteristics relevant to each of the portfolio segments: Commercial Real Estate: Commercial real estate loans include owner-occupied commercial real estate loans and loans secured by income-producing properties. Owner-occupied commercial real estate loans to operating businesses are long-term financing of land and buildings. These loans are repaid by cash flow generated from the business operation. Real estate loans for income-producing properties such as apartment buildings, office and industrial buildings, and retail shopping centers are repaid from rent income derived from the properties. Loans within this portfolio segment are particularly sensitive to the valuation of real estate. Consumer Real Estate: Consumer real estate loans include real estate loans secured by first liens, second liens, or open end real estate loans, such as home equity lines. These are repaid by various means such as a borrower's income, sale of the property, or rental income derived from the property. Loans within this portfolio segment are particularly sensitive to the valuation of real estate. Construction and Land Development: Loans for real estate construction and development are repaid through cash flow related to the operations, sale or refinance of the underlying property. This portfolio segment includes extensions of credit to real estate developers or investors where repayment is dependent on the sale of the real estate or income generated from the real estate collateral. Loans within this portfolio segment are particularly sensitive to the valuation of real estate. Commercial and Industrial: The commercial and industrial loan portfolio segment includes commercial and financial loans. These loans include those loans to commercial customers for use in normal business operations to finance working capital needs, equipment purchases, or expansion projects. Loans are repaid by business cash flows. Collection risk in this portfolio is driven by the creditworthiness of the underlying borrower, particularly cash flows from the customers' business operations. Leases: The lease portfolio segment includes leases to small and mid-size companies for equipment financing leases. These leases are secured by a secured interest in the equipment being leased. Consumer and Other: The consumer loan portfolio segment includes direct consumer installment loans, overdrafts and other revolving credit loans, and educational loans. Loans in this portfolio are sensitive to unemployment and other key consumer economic measures. The following tables detail the changes in the allowance for credit losses by loan and lease classification (in thousands): <table style="border-collapse:collapse;font-size:16pt;height:max-content;padding-left:0pt;padding-right:0pt;width:100%;"><tr style="height:1pt;"><td style="vertical-align:bottom;width:27.25%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.85%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.35%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:8.42%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.85%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.14%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:7.09%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.85%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.44%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:8.97%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.85%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.35%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:8.42%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.85%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:0.92%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:5.25%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.85%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.14%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:7.09%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.85%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:0.92%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:6.18%;margin:0pt;padding:0pt;"> </td></tr><tr><td style="vertical-align:bottom;width:27.25%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.85%;margin:0pt;padding:0pt;"> </td><td colspan="20" style="vertical-align:bottom;white-space:nowrap;width:70.89%;border-bottom:1px solid #000000;margin:0pt;padding:0pt;"> Three Months Ended September 30, 2024 </td></tr><tr><td style="vertical-align:bottom;width:27.25%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.85%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.35%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:8.42%;margin:0pt;padding:0pt;"> </td><td style="vertical-align:bottom;white-space:nowrap;width:1.85%;margin:0pt;padding:0pt;"> </td><td colspan="2" style="vertical-align:bottom;white-space:nowrap;width:8.24%;margin:0pt;padding:0pt;"> Consumer </td><td style="vertical-align:bottom;white-space:nowrap;width:1.85%;margin:0pt;padding:0pt;"> </td><td colspan="2" style="vertical-align:bottom;white-space:nowrap;width:10.41%;margin:0pt;padding:0pt;"><p

a release of $489 thousand and $796 thousand of unfunded commitments through the provision for credit losses not reflected in the three and nine months ended September 30, 2023.</td></tr></table> We maintain the allowance for credit losses at a level that we deem appropriate to adequately cover the expected credit loss in the loan and lease portfolio. Our provision for credit losses on loan and lease for the three and nine months ended September 30, 2024, is $2.3 million and $3.1 million, respectively, and $1.3 million and $2.3 million, during the three and nine months ended September 30, 2023, respectively. As of September 30, 2024, and December 31, 2023, our allowance for credit losses was $35.6 million and $35.1 million, respectively, which we deemed to be adequate at each of the respective dates. Our allowance for credit losses as a percentage of total loans and leases was 0.96% at September 30, 2024, and 1.02% at December 31, 2023. A description of the general characteristics of the risk grades used by the Company is as follows: Pass: Loans and leases in this risk category involve borrowers of acceptable-to-strong credit quality and risk who have the apparent ability to satisfy their loan and lease obligations. Loans and leases in this risk grade would possess sufficient mitigating factors, such as adequate collateral or strong guarantors possessing the capacity to repay the debt if required, for any weakness that may exist. Watch: Loans and leases in this risk category involve borrowers that exhibit characteristics, or are operating under conditions that, if not successfully mitigated as planned, have a reasonable risk of resulting in a downgrade within the next six to twelve months. Loans and leases may remain in this risk category for six months and then are either upgraded or downgraded upon subsequent evaluation. Special Mention: Loans and leases in this risk grade are the equivalent of the regulatory definition of “Other Assets Especially Mentioned” classification. Loans and leases in this category possess some credit deficiency or potential weakness, which requires a high level of management attention. Potential weaknesses include declining trends in operating earnings and cash flows and /or reliance on the secondary source of repayment. If left uncorrected, these potential weaknesses may result in noticeable deterioration of the repayment prospects for the asset or in the Company’s credit position. Substandard: Loans and leases in this risk grade are inadequately protected by the borrower’s current financial condition and payment capability or of the collateral pledged, if any. Loans and leases so classified have a well-defined weakness or weaknesses that jeopardize the orderly repayment of debt. They are characterized by the distinct possibility that the Company will sustain some loss if the deficiencies are not corrected. Doubtful: Loans and leases in this risk grade have all the weaknesses inherent in those classified as substandard, with the added characteristic that the weaknesses make collection or orderly repayment in full, on the basis of current existing facts, conditions and values, highly questionable and improbable. Possibility of loss is extremely high, but because of certain important and reasonably specific factors that may work to the advantage and strengthening of the exposure, its classification as an estimated loss is deferred until its more exact status may be determined. Uncollectible: Loans and leases in this risk grade are considered to be non-collectible and of such little value that their continuance as bankable assets is not warranted. This does not mean the loan or lease has absolutely no recovery value, but rather it is neither practical nor desirable to defer writing off the loan or lease, even though partial recovery may be obtained in the future. Charge-offs against the allowance for credit losses are taken in the period in which the loan or lease becomes uncollectible. Consequently, the Company typically does not maintain a recorded investment in loans or leases within this category. <p style="font-family:'Times New

Roman','Times','serif';font-size:10pt;text-align:justify;margin:0pt 0pt 12pt 0pt;">The Company evaluates the loan risk grading system definitions and allowance for credit loss methodology on an ongoing basis. The following tables outline the amount of each loan and lease classification and the amount categorized into each risk rating based on year of origination as of September 30, 2024, and December 31, 2023 (in thousands): <table style="border-collapse:collapse;font-size:16pt;height:max-content;padding-left:0pt;padding-right:0pt;width:101.31%;"><tr style="height:1pt;"><td
