Recent Accounting Pronouncements

Recent Accounting Pronouncements

In June 2016, the Financial Accounting Standards Board issued Accounting Standards Update ("ASU") No. 2016-13, *Financial Instruments – Credit Losses* (Topic 326) ("ASU 2016-13"), which requires financial assets to be presented at the net amount to be collected, with an allowance for credit losses to be deducted from the amortized cost basis of the financial asset such that the net carrying value of the asset is presented as the amount expected to be collected. Under ASU 2016-13, the entity's statement of operations is required to reflect the measurement of credit losses for newly recognized financial assets, as well as expected increases or decreases in expected credit losses that have taken place during the period. For public business entities, ASU 2016-013 is effective for fiscal years beginning after December 15, 2022. The Company adopted ASU No. 2016-13 on June 1, 2023 and the adoption of this update did not have a significant impact on the Company's condensed consolidated financial statements.

2. Net Income Per Common Share

Basic net income per common share is computed by dividing net income available to common stockholders of TSR, Inc. by the weighted average number of common shares outstanding during the reporting period, excluding the effects of any potentially dilutive securities. During the quarter ended February 28, 2021, the Company granted time and performance vesting restricted stock awards under its 2020 Equity Incentive Plan (see Note 13 for further information). Diluted earnings per share gives effect to all potentially dilutive common shares outstanding during the reporting period. The common stock equivalents associated with these restricted stock awards of **103,588** **106,406**, **92,471**, **105,139**, and **90,226** **70,816** have been included for dilutive shares outstanding for the three and six months ended **August 31, 2023** **November 30, 2023** and 2022, respectively.

3. Cash and Cash Equivalents

The Company considers short-term highly liquid investments with original maturities of three months or less at the time of purchase to be cash equivalents. Cash and cash equivalents were comprised of the following as of August 31, 2023 November 30, 2023 and May 31, 2023:

	August 31, 2023	May 31, 2023	November 30, 2023	May 31, 2023
Cash in banks	\$ 3,056,484	\$ 7,010,568	\$ 4,143,248	\$ 7,010,568
Certificates of deposit	1,500,000	-	1,517,745	-

	\$ 7,694,031	\$ 7,382,320	\$ 9,079,280	\$ 7,382,320

4. Fair Value of Financial Instruments

Accounting Standards Codification ("ASC") Topic 825, *Financial Instruments*, requires disclosure of the fair value of certain financial instruments. For cash and cash equivalents, accounts receivable, accounts and other payables, accrued liabilities and advances from customers, the amounts presented in the condensed consolidated financial statements approximate fair value because of the short-term maturities of these instruments.

5. Certificates of Deposit and Marketable Securities

The Company has characterized its investments in certificates of deposit and marketable securities, based on the priority of the inputs used to value the investments, into a three-level fair value hierarchy. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and lowest priority to unobservable inputs (Level 3). If the inputs used to measure the investments fall within different levels of the hierarchy, the categorization is based on the lowest level input that is significant to the fair value measurement of the instrument.

Investments recorded in the accompanying condensed consolidated balance sheets are categorized based on the inputs to valuation techniques as follows:

- Level 1 - These are investments where values are based on unadjusted quoted prices for identical assets in an active market the Company has the ability to access.
- Level 2 - These are investments where values are based on quoted market prices that are not active or model derived valuations in which all significant inputs are observable in active markets.
- Level 3 - These are investments where values are derived from techniques in which one or more significant inputs are unobservable.

Based upon the Company's intent and ability to hold its certificates of deposit to maturity (which range up to 12 twelve (12) months at purchase), such securities have been classified as held-to-maturity and are carried at amortized cost, which approximates market value. The Company's equity securities are classified as trading securities, which are carried at fair value, as determined by quoted market prices, which is a Level 1 input, as established by the fair value hierarchy. The related unrealized gains and losses are included in earnings. The Company's certificates of deposit and marketable securities at August 31, 2023 November 30, 2023 and May 31, 2023, are summarized as follows:

The Company's investments in marketable securities consist primarily of investments in equity securities. Market values were determined for each individual security in the investment portfolio. When evaluating the investments for other-than-temporary impairment, the Company reviews factors such as length of time and extent to which fair value has been below cost basis, the financial condition of the issuer, and the Company's ability and intent to hold the investment for a period of time, which may be sufficient for anticipated recovery in market values.

6. Other Matters

From time to time, the Company is party to various lawsuits, some involving material amounts. Management is not aware of any lawsuits that would have a material adverse impact on the consolidated financial position of the Company except for the litigation disclosed elsewhere in this report, including in Notes 9 and 11 to the condensed consolidated financial statements.

7. Leases

The Company leases the space for its offices in Hauppauge, New York and Edison, New Jersey. Under ASC 842, at contract inception we determine whether the contract is or contains a lease and whether the lease should be classified as an operating or finance lease. Operating leases are in right-of-use assets and operating lease liabilities are in our condensed consolidated balance sheets.

The Company's leases for its offices are classified as operating leases.

The lease agreements for Hauppauge, New York and Edison, New Jersey expire on December 31, 2026, and May 31, 2027, respectively, and do not include any renewal options.

In addition to the monthly base amounts in the lease agreements, the Company is required to pay real estate taxes and operating expenses during the lease terms.

For the three months ended August 31, 2023 November 30, 2023 and 2022, the Company's operating lease expense for these leases was \$66,922 \$69,686 and \$84,977, \$63,905, respectively.

As there are no explicit rates provided in our leases, the Company's incremental borrowing rate was used based on the information available as of the commencement date in determining the present value of the future lease payments. Future minimum lease payments under non-cancellable operating leases as of August 31, 2023, November 30, 2023 are as follows:

8. **Credit Facility**

On November 27, 2019, TSR closed on a revolving credit facility (the "Credit Facility") pursuant to a Loan and Security Agreement with Access Capital, Inc. (the "Lender") which provides funding to TSR, Inc. and its direct and indirect subsidiaries, TSR Consulting Services, Inc., Logixtech Solutions, LLC and Eurologix, S.A.R.L., each of which, together with TSR, Inc., is a borrower under the Credit Facility. Each of the borrowers has provided a security interest to the Lender in all of their respective assets to secure amounts borrowed under the Credit Facility. TSR, Inc. expects to utilize the Credit Facility for working capital and general corporate purposes. The maximum amount that may be advanced under the Credit Facility at any time shall not exceed \$2,000,000.

Advances under the Credit Facility accrue interest at a rate per annum equal to (x) the "base rate" or "prime rate" announced by Citibank, N.A. from time to time, which shall be increased or decreased, as the case may be, in an amount equal to each increase or decrease in such "base rate" or "prime rate," plus (y) 1.75%. The prime rate as of August 31, 2023 November 30, 2023 was 8.50%, indicating an interest rate of 10.25% on the Credit Facility. The initial term of the Credit Facility is five years, which shall automatically renew for successive five-year periods unless either TSR or the Lender gives written notice to the other of termination at least 60 days prior to the expiration date of the then-current term.

TSR, Inc. is obliged to satisfy certain financial covenants and minimum borrowing requirements under the Credit Facility, and to pay certain fees, including prepayment fees, and provide certain financial information to the Lender. The Company was in compliance with all covenants at August 31, 2023 November 30, 2023.

As of August 31, 2023 November 30, 2023, the net payments exceeded borrowings outstanding against the Credit Facility resulting in a receivable from the Lender of \$49,597 \$55,811 which is included in "Other receivables" on the condensed consolidated balance sheet. The amount the Company has borrowed fluctuates and, at times, it has utilized the maximum amount of \$2,000,000 available under the facility to fund its payroll and other obligations.

9. **Legal Settlement with Investor**

On April 1, 2020, the Company entered into a binding term sheet ("Term Sheet") with Zeff Capital, L.P. ("Zeff") pursuant to which it agreed, among other things, to pay Zeff an amount of \$900,000 over a period of three years in cash or cash and stock in settlement of expenses incurred by Zeff during its solicitations in 2018 and 2019 in connection with the annual meetings of the Company, the costs incurred in connection with the litigation initiated by and against the Company as well as negotiation, execution and enforcement of the Settlement and Release Agreement, dated as of August 30, 2019, by and between the Company, Zeff and certain other parties. In exchange for certain releases, the Term Sheet called for a cash payment of \$300,000 on June 30, 2021, a second cash payment of \$300,000 on June 30, 2022 and a third payment of \$300,000 also on June 30, 2022, which could be paid in cash or common stock at the Company's option. There was no interest due on these payments. The Company accrued \$818,000, the estimated present value of these payments using an effective interest rate of 5%, in the quarter ended February 29, 2020, as the events relating to the expense occurred prior to such date. The \$300,000 payment due on June 30, 2021, was paid when due. The two cash payments of \$300,000 each were made by June 30, 2022 in full satisfaction of the settlement.

10. **Intangible Assets**

The Company amortizes its intangible assets over their estimated useful lives and will review these assets for impairment when there is evidence that events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of these assets is measured by comparing the carrying amounts to the future undiscounted cash flows the assets are expected to generate. If intangible assets are considered to be impaired, the impairment to be recognized equals the amount by which the carrying value of the asset exceeds its fair market value.
