(Unaudited)NOTE 1 - Summary of Significant Accounting PoliciesOrganization and Nature of OperationsWillScot Holdings Corporation (the “WillScot”, and together with its subsidiaries, the “Company”) is a leading business services provider specializing in innovative and flexible turnkey temporary space solutions in the United States (the “US”), Canada, and Mexico. The Company leases, sells, delivers and installs modular space solutions and portable storage products through an integrated network of branch locations that spans North America. On July 29, 2024, the Company amended and restated its certificate of incorporation to effect a change of the Company’s name from WillScot Mobile Mini Holdings Corp. to WillScot Holdings Corporation. “Basis of Presentation and Principles of ConsolidationThe accompanying unaudited condensed consolidated financial statements have been prepared in accordance with the instructions to Form 10-Q and do not include all the information and notes required by US Generally Accepted Accounting Principles (“GAAP”) for complete financial statements. The accompanying unaudited condensed consolidated financial statements comprise the financial statements of WillScot and its subsidiaries that it controls due to ownership of a majority voting interest and contain all adjustments, which are of a normal and recurring nature, considered necessary by management to present fairly the financial position, results of operations and cash flows for the interim periods presented. Subsidiaries are fully consolidated from the date of acquisition, being the date on which the Company obtains control, and continue to be consolidated until the date when such control ceases. The financial statements of the subsidiaries are prepared for the same reporting period as the Company. All intercompany balances and transactions are eliminated. The results of operations for the nine months ended September 30, 2024 are not necessarily indicative of the results to be expected for the full year. For further information, refer to the consolidated financial statements and notes included in the Company’s Annual Report on Form 10-K for the year ended December 31, 2023. Segment ReportingIn January 2024, the Company completed the unification of its go-to market structure by integrating its modular and storage divisions under a single leadership team organized by geography, achieving local product unification within each metropolitan statistical area and the ability to consistently deliver its portfolio of solutions to its entire customer base. In connection with this change in operating model, the Company realigned the composition of its operating and reportable segments to reflect how its Chief Operating Decision Maker reviews financial information to allocate resources to and assess performance of the segments. As a result, the Company concluded that its two operating segments (US and Other North America) are aggregated into one reportable segment as the operating segments share similar economic characteristics (e.g., comparable gross margins and comparable adjusted earnings before interest, taxes, depreciation and amortization margins) and similar qualitative characteristics as the operating segments offer similar products and services to similar customers, use similar methods to distribute products and are subject to similar competitive risks. ReclassificationsCertain reclassifications have been made to prior year financial statements to conform to the current year presentation. Recently Issued Accounting StandardsASU 2023-07, Segment Reporting (Topic 280): Improvements to Reportable Segment DisclosuresIn November 2023, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update No. 2023-07 Segment Reporting (Topic 280): Improvements to Reportable Segment Disclosures (“ASU 2023-07”). ASU 2023-07 expands the breadth and frequency of segment disclosures, requiring disclosure of (i) significant segment expenses, (ii) other segment items, (iii) the chief operating decision maker’s title and position, (iv) how the chief operating decision maker uses the reported measures of a segment’s profit or loss and (v) interim disclosure of all segment profit, loss and asset disclosures currently required annually. ASU 2023-07 clarifies that a public entity may report one or more measures of segment profit or loss and requires that single reportable segment entities provide all required segment disclosures. ASU 2023-07 is effective for fiscal years beginning after December 15, 2023 and interim periods within fiscal years beginning after December 15, 2024. Early adoption is permitted. The Company is currently evaluating the impact of ASU 2023-07 on its segment disclosures. 9ASU 2023-09, Income Taxes (Topic 740): Improvements to Income Tax DisclosuresIn December 2023, the FASB issued Accounting Standards Update No. 2023-09 Income Taxes (Topic 740): Improvements to Income Tax Disclosures (“ASU 2023-09”). ASU 2023-09 requires entities to disclose more detailed information in their reconciliation of their statutory tax rate to their effective tax rate. Public business entities (“PBEs”) are required to provide this incremental detail in a numerical, tabular format, while all other entities will do so through enhanced qualitative disclosures. The ASU also requires entities to disclose more detailed information about income taxes paid, including by jurisdiction; pretax income (or loss) from continuing operations; and income tax expense (or benefit). ASU 2023-09 is effective for fiscal years beginning after December 15, 2024. Early adoption is permitted. The Company is currently evaluating the impact of ASU 2023-09 on its income tax disclosures. NOTE 2 - AcquisitionsAcquisitionsDuring the nine months ended September 30, 2024, the Company acquired certain assets and assumed certain liabilities of three local storage and modular companies, which consisted primarily of approximately 600 storage units and 800 modular units, and one national provider of premium large clearspan structures for \$84.5 million in cash, net of cash acquired. In connection with the Company’s proposed acquisition of McGrath, the Company entered into a commitment letter dated January 28, 2024, which was amended and restated on June 13, 2024 and modified by a Notice of Reduction of Bridge Commitments on June 28, 2024 (the “Commitment Letter”), pursuant to which certain financial institutions committed to make available, in accordance with the terms of the Commitment Letter, (i) a senior secured bridge credit facility and (ii) an upsize to the existing ABL Facility (as defined below) of Williams Scotsman, Inc. (“WSI”) As a result of the termination of the Merger Agreement, the Commitment Letter was terminated. 10NOTE 3 - Discontinued Operations UK Storage Solutions DivestitureOn January 31, 2023, the Company sold its former UK Storage Solutions segment for \$418.1 million. Exiting the UK Storage Solutions segment represented the Company’s strategic shift to concentrate its operations on its core modular and storage businesses in North America. Leasing and Services RevenueThe majority of revenue (74% and 75% for the three and nine months ended September 30, 2024, respectively, and 76% for both the three and nine months ended September 30, 2023) was generated by lease income subject to the guidance of Accounting Standards Update No. 2016-02, Leases (Topic 842) (“ASC 842”). The remaining revenue was generated by performance obligations in contracts with customers for services or the sale of units subject to the guidance in Accounting Standards Update No. 2014-09, Revenue from Contracts with Customers (Topic 606) (“ASC 606”). Receivables and Credit LossesThe Company manages credit risk associated with its accounts receivable at the customer level. Because the same customers generate the revenues that are accounted for under both ASC 842 and ASC 606, the discussions below on credit risk and the Company’s allowance for credit losses address the Company’s total revenues. 12Concentration of credit risk with respect to the Company’s receivables is limited because of a large number of geographically diverse customers who operate in a variety of end user markets. The Company manages credit risk through credit approvals, credit limits, and other monitoring procedures. The Company’s allowance for credit losses reflects its estimate of the amount of receivables that it will be unable to collect. The estimated losses are calculated using the loss rate method based upon a review of outstanding receivables, related aging, and historical collection experience. The Company’s estimates reflect changing circumstances, and the Company may be required to increase or decrease its allowance in future periods. Activity in the allowance for credit losses was as follows: Three Months EndedSeptember 30,Nine Months EndedSeptember 30,(in thousands)2024202320242023Balance at beginning of period&ac“(89,070&ac“(68,096&ac“(81,656&ac“(57,048&ac“(Provision for credit losses, net of recoveries&ac“(22,121&ac“(15,871&ac“(45,317&ac“(38,079&ac“(Write-offs(11,869)(5,252)(27,528)(16,758)Foreign currency translation and other(8123&ac“(204)369&ac“(Balance at end of period&ac“(99,241&ac“(78,738&ac“(99,241&ac“(78,738&ac“(Contract Assets and Liabilities When customers are billed in advance for services, the Company defers recognition of revenue until the related services are performed, which generally occurs at the end of the contract. The balance sheet classification of deferred revenue is determined based on the contractual lease term. For contracts that continue beyond their initial contractual lease term, revenue continues to be deferred until the services are performed. As of September 30, 2024 and December 31, 2023, the Company had approximately \$136.9&ac“(million and \$124.1&ac“(million, respectively, of deferred revenue related to services billed in advance. During the three and nine months ended September 30, 2024, \$13.3&ac“(million and \$61.0&ac“(million, respectively, of deferred revenue billed in advance was recognized as revenue. The Company does not have material contract assets, and it did not recognize any material impairments for any contract assets. The Company’s uncompleted contracts with customers have unsatisfied (or partially satisfied) performance obligations. For the future services revenues that are expected to be recognized within twelve months, the Company has elected to utilize the optional disclosure exemption regarding transaction price allocated to unsatisfied (or partially unsatisfied) performance obligations. The transaction price for performance obligations that will be completed in greater than twelve months is variable based on the market rate in place at the time those services are provided, and therefore, the Company is applying the optional expedient to omit disclosure of such amounts. The primary costs to obtain contracts for new and rental unit sales with the Company’s customers are commissions. The Company pays its sales force commissions

on the sale of new and rental units. For new and rental unit sales, the period benefited by each commission is less than one year. As a result, the Company has applied the practical expedient for incremental costs of obtaining a sales contract and expenses commissions as incurred.NOTE 5 - LeasesAs of September 30, 2024, the future lease payments for operating and finance lease liabilities were as follows:(in thousands)OperatingFinance 2024 (remaining)\$13,853Â \$7,523Â 2025\$7,801Â 28,583Â 2026\$1,389Â 28,331Â 2027\$9,025Â 25,083Â 2028\$37,149Â 27,564Â Thereafter\$62,605Â 38,450Â Total lease payments\$300,822Â 155,534Â Less: interest(42,981)(21,375)Present value of lease liabilities\$257,841Â \$134,159Â Finance lease liabilities are included within long-term debt and current portion of long-term debt on the condensed consolidated balance sheets. 13The Companyâ€™s lease activity during the nine months ended September 30, 2024 and 2023 was as follows:(in thousands)Nine Months Ended September 30,Financial Statement Line20242023Finance Lease ExpenseAmortization of finance lease assets\$10,355Â \$11,976Â Interest on obligations under finance leases 4,679Â 2,571Â Total finance lease expense \$15,034Â \$14,547Â Operating Lease ExpenseFixed lease expenseCost of leasing and services\$860Â \$1,013Â Selling, general and administrative\$59,396Â 49,327Â Lease impairment expense and other related charges\$31Â â€”Â Short-term lease expenseCost of leasing and services\$21,586Â 18,631Â Selling, general and administrative1,524Â 1,353Â Lease impairment expense and other related chargesâ€”Â 22Â Variable lease expenseCost of leasing and services\$739Â 1,865Â Selling, general and administrative7,732Â 7,028Â Lease impairment expense and other related charges\$36Â â€”Â Total operating lease expense\$92,704Â \$79,239Â Â Â Â Supplemental cash flow information related to leases for the nine months ended September 30, 2024 and 2023 was as follows: (in thousands)Nine Months Ended September 30,Supplemental Cash Flow Information20242023Cash paid for the amounts included in the measurement of lease liabilities:Operating cash outflows from operating leases\$59,847Â \$50,495Â Operating cash outflows from finance leases\$4,621Â \$2,515Â Financing cash outflows from finance leases\$14,815Â \$12,425Â Right of use assets obtained in exchange for lease obligations\$63,599Â \$78,969Â Assets obtained in exchange for finance leases \$31,907Â \$38,534Â Weighted average remaining operating lease terms and the weighted average discount rates as of September 30, 2024 and December 31, 2023 were as follows:Lease Terms and Discount RatesSeptember 30, 2024December 31, 2023Weighted average remaining lease term - operating leases5.1 years5.4 yearsWeighted average discount rate - operating leases5.9% 9.5% Â %Weighted average remaining lease term - finance leases4.8 years5.0 yearsWeighted average discount rate - finance leases5.1% 4.8% Â %14NOTE 6 - InventoriesInventories at the respective balance sheet dates consisted of the following:(in thousands)September 30, 2024December 31, 2023Raw materials\$42,276Â \$43,071Â Finished units10,300Â 4,335Â Inventories\$52,576Â \$47,406Â NOTE 7 - Rental EquipmentRental equipment, net at the respective balance sheet dates consisted of the following:(in thousands)September 30, 2024December 31, 2023Modular space units\$3,660,481Â \$3,541,451Â Portable storage units1,059,704Â 1,009,059Â Value added products203,764Â 204,933Â Total rental equipment4,923,949Â 4,755,443Â Less: accumulated depreciation(1,522,751)(1,374,128)Rental equipment, net\$3,401,198Â \$3,381,315Â NOTE 8 - Goodwill and IntangiblesGoodwillChanges in the carrying amount of goodwill were as follows:(in thousands)Balance at December 31, 2022\$1,011,429Â Additions from acquisitions164,502Â Effects of movements in foreign exchange rates704Â Balance at December 31, 20231,176,635Â Addition from acquisition887Â Effects of movements in foreign exchange rates(633)Balance at September 30, 2024\$1,176,889Â The Company had no goodwill impairment during the nine months ended September 30, 2024 or the year ended December 31, 2023. In the second quarter of 2024, the Company determined that a review of the carrying value of the Mobile Mini trade name was necessary based on the Company's plan to rebrand under a single WillScot brand name and discontinue the use of the Mobile Mini trade name. As of June 30, 2024, the Mobile Mini trade name was tested for impairment using the relief from royalty valuation method. The most significant unobservable input (Level 3) used to estimate the fair value was a discount rate of 9%. After determining the estimated fair value, the Company recorded an impairment charge of \$132.5 million during the nine months ended September 30, 2024. This non-cash charge was recorded to impairment loss on intangible asset on the consolidated statement of operations. After the impairment charge, the remaining net book value of the Mobile Mini trade name was \$31.5 million, which is being amortized over a remaining useful life. As amended on June 30, 2022, the agreement provides for revolving credit facilities in the aggregate principal amount of up to \$3.7Â billion, consisting of: (i) a senior secured asset-based US dollar revolving credit facility in the aggregate principal amount of \$3.3Â billion (the â€œUS Facilityâ€), (ii) a \$400.0Â million senior secured asset-based multicurrency revolving credit facility (the "Multicurrency Facility," and together with the US Facility, the "ABL Facility"), available to be drawn in US Dollars, Canadian Dollars, British Pounds Sterling or Euros, and (iii) an accordion feature that permits the Company to increase the lenders' commitments in an aggregate amount not to exceed the greater of \$750.0Â million and the amount of suppressed availability (as defined in the ABL Facility), plus any voluntary prepayments that are accompanied by permanent commitment reductions under the ABL Facility, subject to the satisfaction of customary conditions including lender approval. The ABL Facility is scheduled to mature on June 30, 2027. The applicable margin for Canadian Bankers' Acceptance Rate, Term Secured Overnight Financing Rate ("SOFR"), British Pounds Sterling and Euro loans is 1.50%. The facility includes a credit spread adjustment of 0.10% in addition to the applicable margin. The applicable margin for base rate and Canadian Prime Rate loans is 0.50%. The applicable margins are subject to one step down of 0.25% or one step up of 0.25% based on the Company's leverage ratio and excess availability from the prior quarter. The ABL Facility requires the payment of a commitment fee on the unused available borrowings of 0.20% annually. As of September 30, 2024, the weighted average interest rate for borrowings under the ABL Facility, as adjusted for the effects of the interest rate swap agreements, was 5.40%. Refer to Note 12 for a detailed discussion of interest rate management.On February 26, 2024, WSI entered into an amendment to the ABL Facility (the "Fifth Amendment") to, among other things, change the rate under the ABL Facility for borrowings denominated in Canadian Dollars from a Canadian Dollar Offered Rate ("CDOR")-based rate to a Canadian Overnight Repo Rate Average ("CORRA")-based rate, subject to certain adjustments specified in the ABL Facility, and to update certain other provisions regarding successor interest rates to CDOR.In connection with the Company's proposed acquisition of McGrath, on February 27, 2024, WSI and certain other subsidiaries of the Company entered into an amendment to the ABL Facility (the "Sixth Amendment") to, among other things, (i) permit the incurrences of indebtedness by WSI and certain other subsidiaries of the Company to finance the McGrath acquisition; (ii) increase the maximum revolving credit facility amount; and (iii) modify the borrowing base, certain thresholds, basket sizes and default and notice triggers to account for the increased size of the business and new asset types of WSI and its subsidiaries following the proposed McGrath acquisition. Following the termination of the Merger Agreement on September 17, 2024, the Sixth Amendment was null and void.Borrowing availability under the US Facility and the Multicurrency Facility is equal to the lesser of (i)Â the aggregate revolver commitments and (ii) the borrowing base ("Line Cap"). At September 30, 2024, the Line Cap was \$3.2Â billion and the Company had \$1.7Â billion of available borrowing capacity under the ABL Facility, including \$1.5Â billion under the US Facility and \$199.2Â million under the Multicurrency Facility. Borrowing capacity under the ABL Facility is made available for up to \$220.0Â million letters of credit and \$220.0Â million swingline loans. At September 30, 2024, the available capacity was \$199.2Â million of letters of credit and \$203.8Â million of swingline loans. At September 30, 2024, letters of credit and bank guarantees carried fees of 1.625%. The Company had issued \$20.8Â million of standby letters of credit under the ABL Facility at September 30, 2024. The Company had approximately \$1.5Â billion of outstanding borrowings under the ABL Facility at September 30, 2024. Debt issuance costs of \$21.0Â million and \$26.8Â million were presented as direct reductions of the corresponding liabilities at September 30, 2024 and December 31, 2023, respectively. The ABL Facility and related guarantees are secured by a first priority security interest in substantially all of the assets of WSI and the Companyâ€™s other subsidiaries that are borrowers or guarantors under the ABL Facility (collectively the â€œABL Loan Partiesâ€), subject to customary exclusions.17Senior Secured NotesThe 2025 Secured Notes mature on June 15, 2025. At September 30, 2024, the 2025 Secured Notes were classified as long-term on the Condensed Consolidated Balance Sheet because the Company has the intent and believes it has the ability to refinance this obligation on a long-term basis as demonstrated by the forecasted available capacity under the ABL Facility, among other refinancing alternatives to be considered opportunistically.On June 28, 2024, WSI completed a private offering of \$500.0Â million in aggregate principal amount of 6.625% senior secured notes due 2029 (the "2029 Secured Notes") to qualified institutional buyers pursuant to Rule 144A. Proceeds were used to repay approximately \$495.0Â million of outstanding indebtedness under the ABL Facility and certain fees and expenses. The 2029 Secured Notes mature on June 15, 2029 and bear interest at a rate of 6.625% per annum. Interest is payable semi-annually on June 15 and December 15 of each year, beginning December 15, 2024. Unamortized deferred financing costs pertaining to the 2029 Secured Notes were \$6.7Â million as of September 30, 2024.The 2025 Secured Notes, 2028 Secured Notes, 2029 Secured Notes and 2031 Secured Notes (collectively, â€œthe Secured Notesâ€) are unconditionally guaranteed by certain subsidiaries of the Company (collectively, â€œthe Note Guarantorsâ€). WillScot is not a guarantor of the Secured Notes. The Note Guarantors are guarantors or borrowers under the ABL Facility. To the extent lenders under the ABL Facility release the guarantee of any Note Guarantor, such Note Guarantor will also be released from obligations under the Secured Notes. The Secured Notes and related guarantees are secured by a second priority security interest in substantially the same assets of WSI and the Note Guarantors securing the ABL Facility. Upon the repayment of the 2025 Secured Notes and the 2028 Secured Notes, if the lien associated with the ABL Facility represents the only lien outstanding on the collateral under the 2029 Secured Notes and the 2031 Secured Notes (other than certain permitted), the collateral securing the 2029 Secured Notes and the 2031 Secured Notes will be released and the 2029 Secured Notes and the 2031 Secured Notes will become unsecured subject to satisfaction of customary conditions.Finance LeasesThe Company maintains finance leases primarily related to transportation-related equipment. At September 30, 2024 and December 31, 2023, obligations under finance leases were \$134.2 million and \$117.1 million, respectively. Refer to Note 5 for further information.The Company was in compliance with all debt covenants and restrictions associated with its debt instruments as of September 30, 2024.NOTE 10 â€” EquityCommon StockIn connection with the stock compensation vesting and stock option exercises described in Note 14, the Company issued 704,809 shares of Common Stock during the nine months ended September 30, 2024.Stock Repurchase ProgramIn September 2024, the Board of Directors approved a reset of the share repurchase program authorizing the Company to repurchase up to \$1.0Â billion of its outstanding shares of Common Stock. The stock repurchase program does not obligate the Company to purchase any particular number of shares, and the timing and exact amount of any repurchases will depend on various factors, including market pricing, business, legal, accounting, and other considerations. During the nine months ended September 30, 2024, the Company repurchased 3,623,298 shares of Common Stock for \$140.4Â million, excluding excise tax. As of September 30, 2024, \$951.9Â million of the authorization for future repurchases of Common Stock remained available. 18Accumulated Other Comprehensive LossThe changes inÂ accumulated other comprehensive income (loss) ("AOCI"), net of tax, for the nine months ended September 30, 2024 and 2023 were as follows:Nine Months Ended September 30, 2024(in thousands)Foreign currency translationUnrealized gains (losses) on hedging activitiesTotalBalance at December 31, 2023\$(56,031)\$3,263Â \$(52,768)Other comprehensive (loss) income before reclassifications(5,548)18,807Â 13,259Â Reclassifications from AOCI to incomeâ€”Â (5,267)(5,267)Balance at March 31, 2024(61,579)16,803Â (44,776)Other comprehensive (loss) income before reclassifications(4,154)7,247Â 3,093Â Reclassifications from AOCI to incomeâ€”Â (5,623)(5,623)Balance at June 30, 2024(65,733)18,427Â (47,306)Other comprehensive income (loss) before reclassifications1,952Â (18,973)(17,021)Reclassifications from AOCI to incomeâ€”Â (5,597)(5,597)Balance at September 30, 2024(63,781)\$6,143\$(69,924)Nine Months Ended September 30, 2023(in thousands)Foreign currency translationUnrealized gains on hedging activitiesTotalBalance at December 31, 2022\$(70,122)\$â€”Â (70,122)Other comprehensive income before reclassifications7,934Â 859Â 8,793Â Reclassifications from AOCI to incomeâ€”Â (1,526)(1,526)Balance at March 31, 2023(62,188)(667)(62,855)Other comprehensive income before reclassifications5,915Â 15,761Â 21,676Â Reclassifications from AOCI to incomeâ€”Â (2,930)(2,930)Balance at June 30, 2023(56,273)12,164Â (44,109)Other comprehensive (loss) income before reclassifications(6,732)10,240Â 3,508Â Reclassifications from AOCI to incomeâ€”Â (3,472)(3,472)Balance at September 30, 2023(63,005)18,932Â (44,073)For the three months ended September 30, 2024 and 2023, gains of \$5.6Â million and \$3.5Â million, respectively, were reclassified from AOCI into the condensed consolidated statements of operations within interest expense related to the interest rate swaps. Under the terms of the agreements, the Company receives a floating rate equal to one-month term SOFR and makes payments based on a weighted average fixed interest rate of 3.70% on the notional amount. The swap agreements were designated and qualified as hedges of the Company's exposure to changes in interest payment cash flows created by fluctuations in variable interest rates on the ABL Facility. The swap agreements terminate on JuneÂ 30, 2027. The floating rate that the Company receives under the terms of these swap agreements was 4.86% at September 30, 2024. The Company utilizes the following accounting guidance for the three levels of inputs that may be used to measure fair value: Level 1 - Observable inputs such as quoted prices in active markets for identical assets or liabilities; Level 2 - Observable inputs, other than Level 1 inputs in active markets, that are observable either directly or indirectly; and Level 3 - Unobservable inputs for which there is little or no market data, which require the reporting entity to develop its own assumptions. The Company has assessed that the fair values of cash and short-term deposits, marketable securities, trade receivables, trade payables, and other current liabilities approximate their carrying amounts. The Company's nonfinancial assets, which are measured at fair value on a nonrecurring basis, include rental equipment, property, plant and equipment, goodwill, intangible assets and certain other assets. Based on the borrowing rates currently available for bank loans with similar terms and average maturities, the fair values of finance leases at September 30, 2024 and December 31, 2023 approximate their respective book values. The carrying value of the ABL Facility, excluding debt issuance costs, approximates fair value as the interest rates are variable and reflective of current market rates. 20 The fair values of the 2025 Secured Notes, the 2028 Secured Notes, the 2029 Secured Notes, and the 2031 Secured Notes are based on their last trading price at the end of each period obtained from a third party. NOTE 14 - Stock-Based Compensation Stock-based compensation expense includes grants of stock options, time-based restricted stock units ("Time-Based RSUs") and performance-based restricted stock units ("Performance-Based RSUs," together with Time-Based RSUs, the "RSUs"). In addition, stock-based payments to non-executive directors include grants of restricted stock awards ("RSAs"). Time-Based RSUs and RSAs are valued based on the intrinsic value of the difference between the exercise price, if any, of the award and the fair market value of WillScot's Common Stock on the grant date. Performance-Based RSUs are valued based on a Monte Carlo simulation model to reflect the impact of the Performance-Based RSU's market condition. The probability of satisfying a market condition is considered in the estimation of the grant-date fair value for Performance-Based RSUs and the compensation cost is not reversed if the market condition is not achieved, provided the requisite service has been provided. The target number of RSUs may be adjusted from 0% to 200% based on the TSR attainment levels defined by the Company's Compensation Committee. The 100% target payout is tied to performance at the 50% percentile, with a payout curve ranging from 0% (for performance less than the 25% percentile) to 200% (for performance above the 85% percentile). For 555,790 Performance-Based RSUs granted in 2021, the awards cliff vest based on achievement of specified share prices of the Company's Common Stock at annual measurement dates over performance periods of 4.5 years to 4.8 years. The target number of RSUs may be adjusted from 0 to 1,333,334 based on the stock price attainment levels defined by the Company's Compensation Committee. The target payout for the 555,790 Performance-Based RSUs is tied to a stock price of \$47.50, with a payout ranging from 0 RSUs (for a stock price less than \$42.50) to 1,333,334 RSUs (for a stock price of \$60.00 or greater). 22 Stock Options The following table summarizes the Company's stock option activity for the nine months ended September 30, 2024: WillScot Options Weighted-Average Exercise Price per Share Converted Mobile Mini Options Weighted-Average Exercise Price per Share Outstanding at beginning of period 534,188.4 \$13.60A 829,246.4 \$12.86A Exercised (4.4) \$4.00A (7,093.4) \$17.04A Outstanding at end of period 534,188.4 \$13.60A 822,153.4 \$12.82A Fully vested and exercisable options, September 30, 2024 534,188.4 \$13.60A 822,153.4 \$12.82A The following table summarizes the Company's stock option activity for the nine months ended September 30, 2023: WillScot Options Weighted-Average Exercise Price per Share Converted Mobile Mini Options Weighted-Average Exercise Price per Share Outstanding at beginning of period 534,188.4 \$13.60A 864,276.4 \$12.91A Exercised (4.4) \$4.00A (32,623.4) \$13.87A Outstanding at end of period 534,188.4 \$13.60A 831,653.4 \$12.87A Fully vested and exercisable options, September 30, 2023 534,188.4 \$13.60A 831,653.4 \$12.87A NOTE 15 - Commitments and Contingencies The Company is involved in various lawsuits, claims and legal proceedings that arise in the ordinary course of business. The Company assesses these matters on a case-by-case basis as they arise and establishes reserves as required. As of September 30, 2024, with respect to these outstanding matters, the Company believes that the amount or range of reasonably possible loss will not, either individually or in the aggregate, have a material adverse effect on the consolidated financial position, results of operations, or cash flows. However, the outcome of such matters is inherently unpredictable and subject to significant uncertainties. 23 NOTE 16 - (Loss) Earnings Per Share The following table reconciles the weighted average shares outstanding for the basic earnings per share calculation to the weighted average shares outstanding for the diluted earnings per share calculation: Three Months Ended September 30, Nine Months Ended September 30, (in thousands) 2024 2023 2024 2023 Numerator: (Loss) income from continuing operations \$ (70,475) \$91,516.4 \$ (61,086) \$255,516.4 Income from discontinued operations (4.4) \$4.00A (134,613.4) Net (loss) income \$ (70,475) \$91,516.4 \$ (61,086) \$390,129.4 Denominator: Weighted average Common Shares outstanding (basic) 188,281.4 196,199.4 189,362.4 201,043.4 Dilutive effect of shares outstanding (RSAs) (4.4) \$4.00A (1.6) Time-based RSUs (4.4) \$4.00A (283.4) Performance-based RSUs (4.4) \$4.00A (2,138.4) Stock Options (4.4) \$4.00A (981.4) Weighted average Common Shares outstanding (diluted) 188,281.4 199,258.4 189,362.4 204,461.4 The following common shares that the Company may be obligated to issue were excluded from the computation of diluted EPS because their effect would have been anti-dilutive: Three Months Ended September 30, Nine Months Ended September 30, (in thousands) 2024 2023 2024 2023 RSAs 32.4 \$4.00A (4.4) \$4.00A Time-based RSUs 592.4 \$4.00A (141.4) Performance-based RSUs 1,832.4 368.4 1,832.4 247.4 Stock Options 1,356.4 \$4.00A (1,356.4) \$4.00A Total anti-dilutive shares 3,813.4 368.4 3,813.4 388.4 NOTE 17 - Restructuring In June 2024, the Company implemented a cost-reduction plan to be completed by the end of 2024. Additionally, based on our segment realignment, we have conformed our VAPS presentation to include all VAPS not specific to portable storage orders as modular space VAPS and recalculated average monthly rental rates. This treatment is consistent with prior treatment in our previous Modular Segment. All historical product operating key performance indicators have been recast to be presented on a comparable basis for all periods. For the three months ended September 30, 2024, as compared to the three months ended September 30, 2023, results and key drivers of our financial performance included: Total revenues decreased \$3.4 million, or 0.6%. Leasing revenue decreased \$11.2 million, or 2.4%, and delivery and installation revenue decreased \$0.8 million, or 0.7%. These decreases were partially offset by an increase in new unit sales revenue of \$7.7 million, or 75.8%, and an increase in rental unit sales revenue of \$0.9 million, or 7.5%. Average modular product revenue, which represented 77.8% of consolidated revenue for the three months ended September 30, 2024, increased \$17.3 million, or 3.8%, to \$467.8 million. The increase was driven by delivery and installation revenue, which increased \$7.2 million, or 8.6%, new unit sales revenue, which increased \$8.2 million, or 92.5%, and rental unit sales revenue, which increased \$1.2 million, or 12.3%. Core leasing revenue increased \$0.7 million, or 0.2%. Modular revenue drivers for the three months ended September 30, 2024 included: Average modular space average monthly rental rate increased \$69, or 6.1%, year over year to \$1,199 representing a continuation of the long-term price optimization and VAPS penetration opportunities across our portfolio. Average modular space units on rent decreased 3,270, or 3.3%, year over year. Average modular space monthly utilization decreased 180 basis points ("bps") to 62.1%. Average storage product revenue, which represented 22.2% of consolidated revenue for the three months ended September 30, 2024, decreased \$20.7 million, or 13.4%, to \$133.6 million. The decrease was driven by a decrease in core leasing revenue of \$11.9 million, or 10.1%, driven by reduced portable storage container volumes, partially offset by increased rates on portable storage containers and increased revenue from acquired climate-controlled containers and refrigerated storage units. Delivery and installation revenue also decreased \$0.8 million, or 25.0%, driven by reduced delivery volumes and decreased pricing. Rental unit sales revenue decreased \$0.3 million, or 9.1%, and new unit sales decreased \$0.5 million, or 40.6%. Storage revenue drivers for the three months ended September 30, 2024 included: Average portable storage average monthly rental rate increased \$23, or 9.5%, year over year to \$265 as a result of our price management tools, processes and benefits from increased VAPS penetration opportunities, as well as higher rates on the climate-controlled containers and refrigerated storage units acquired in 2023 and 2024. Average portable storage units on rent decreased 27,551, or 18.3%, year over year driven by lower demand for the three months ended September 30, 2024. The lower demand was driven largely by decreased new construction project starts over the past two years as compared to higher activity levels experienced during 2021 and 2022 and less demand in the retail and wholesale trade customer segment. Average portable storage monthly utilization decreased 12.1% to 58.1% for the three months ended September 30, 2024, as compared to the three months ended September 30, 2023. Generated loss from continuing operations of \$70.5 million for the three months ended September 30, 2024, which included the \$180.0 million termination fee paid to McGrath and other discrete costs in the period of \$13.4 million, including \$8.8A million of legal and professional fees related to the proposed acquisition of McGrath, \$1.7 million of integration costs, and \$2.5 million of restructuring, lease impairment expense, and other related charges primarily related to employee termination costs as a result of a cost-reduction plan implemented in June 2024. Gross profit margin for the three months ended September 30, 2024 was 53.5%. Adjusted EBITDA from continuing operations of \$266.9 million for the three months ended September 30, 2024, representing an increase of \$1.4 million, or 0.5%, as compared to the same period in 2023. Adjusted EBITDA margin from continuing operations was 44.4% for the three months ended September 30, 2024 and increased 50 bps versus prior year. Leasing margins increased 127 bps versus prior year and delivery and installation margins decreased 896 bps versus prior year. Net cash (used in) provided by operating activities decreased \$192.6 million to \$1.6 million net cash used in operating activities for the three months ended September 30, 2024 from \$191.0 million net cash provided by operating activities for the three months ended September 30, 2023. Net cash used in investing activities, excluding cash used for acquisitions, increased by \$18.2 million. Capital expenditures for rental equipment increased \$6.0 million for the three months ended September 30, 2024 as a result of increased new fleet purchases, including additional investment in climate-controlled containers and refrigerated storage units. Purchases of property, plant, and equipment decreased \$2.2 million for the three months ended September 30, 2024. Proceeds from the sale of rental equipment increased \$0.5 million. Proceeds from the sale of property, plant, and equipment decreased \$12.1 million. Net CAPEX increased \$15.3 million for the three months ended September 30, 2024. Generated a Free Cash Flow deficit of \$60.1 million for the three months ended September 30, 2024, representing a decrease of \$207.9 million as compared to the same period in 2023, which was driven by the \$180.0 million termination fee paid to McGrath and related transaction costs. Excluding one-time, nonrecurring payments of \$180.0 million for the McGrath termination fee and \$23.3 million for transaction costs from terminated acquisitions, Adjusted Free Cash Flow was \$143.1 million for the three months ended September 30, 2024 as compared to \$147.8 million for the three months ended September 30, 2023. During the three months ended September 30, 2024, we acquired a national provider of premium large clearspan structures for \$13.9 million. We also returned \$61.7 million to shareholders through stock repurchases, reducing outstanding Common Stock by 1,587,785 shares. With the exception of isolated events, we believe the predictability of our Free Cash Flow allows us to pursue multiple capital allocation priorities opportunistically, including investing in organic opportunities we see in the market, maintaining leverage in our stated range, opportunistically executing accretive acquisitions, and returning capital to shareholders. In addition to using GAAP financial measurements, we use Adjusted EBITDA, Adjusted EBITDA margin, Adjusted Gross Profit, Adjusted Gross Profit Percentage, Net CAPEX and Free Cash Flow, which are non-GAAP financial measures, to evaluate our operating results. As such, we include in this Form 10-Q reconciliations to their most directly comparable GAAP financial measures. These reconciliations and descriptions of why we believe these measures provide useful information to investors as well as a description of the limitations of these measures are included in "Reconciliation of non-GAAP Financial Measures" and "Liquidity and Capital Resources." 28 Consolidated Results of Operations Three Months Ended September 30, 2024 Compared to the Three Months Ended September 30, 2023 Our condensed consolidated statements of operations for the three months ended September 30, 2024 and 2023 are presented below. Leasing revenue decreased \$11.2 million, or 2.4%, as compared to the same period in 2023, driven by a decrease of 30,821 total average units on rent, which was primarily driven by a decrease in portable storage units on rent. Delivery and installation revenues decreased \$0.8 million, or 0.7%, due to decreased deliveries and returns. Rental unit sales increased \$0.9 million, or 7.5%, and new unit sales increased \$7.7 million, or 75.8%, primarily related to sales activity from a company we acquired in the middle of the third quarter of 2023. Total average units on rent for the three months ended September 30, 2024 and 2023 were 217,629 and 248,450, respectively, representing a decrease of 30,821 units, or 12.4%. Portable storage average units on rent decreased by 27,551 units, or 18.3%, for the three months ended September 30, 2024 driven by lower demand in 2024. The lower demand was driven largely by decreased new construction project starts over the past two years as compared to higher activity levels experienced during 2021 and 2022 and less demand in the retail and wholesale trade customer segment. The average portable storage unit utilization rate during the three months ended September 30, 2024 was 58.1% as compared to 70.2% during the same period in 2023. Modular space average units on rent decreased 3,270 units, or 3.3%, for the three months ended September 30, 2024 as compared to the three months ended September 30, 2023, which was also largely driven by decreased new construction project starts over the past two years as compared to higher activity levels experienced during 2021 and 2022. The average modular space utilization rate during the three months ended September 30, 2024 was 62.1% as compared to 63.9% during the same period in 2023. Modular space average monthly rental rates increased 6.1% year over year to \$1,199 for the three months ended September 30, 2024. Increases were driven by a continuation of the long-term price optimization and VAPS penetration opportunities. Average portable storage monthly rental rates increased 9.5% year over year to \$265 for the three months ended September 30, 2024 as a result of our price management tools, processes and benefits from increased VAPS penetration opportunities, as well as higher rates on the climate-controlled containers and refrigerated storage units acquired in 2023 and 2024. Total VAPS revenues, which are included in leasing revenues, increased \$0.3 million, or 0.3%, to \$100.2 million for the three months ended September 30, 2024 from \$99.9 million for the three months ended September 30, 2023. Gross profit: Gross profit decreased \$18.2 million, or 5.4%, to \$321.5 million for the three months ended September 30, 2024 from \$339.7 million for the three months ended September 30, 2023. The decrease in gross profit was a result of decreased delivery and installation gross profit of \$10.5A million, increased depreciation expense of \$9.3A million, and a \$2.9A million decrease in leasing gross profit. The decrease was partially offset by a \$4.5A million increase in new and rental unit sales gross profit. The decrease in leasing gross profit was primarily driven by lower demand in 2024. Cost of leasing and services increased by \$1.4 million, or 0.8%, for the three months ended September 30, 2024 versus the three months ended September 30, 2023, driven by an increase in subcontractors costs of \$7.7 million, or 11.5%, and an increase in labor costs of \$0.8 million, or 1.1%. These increased costs were partially offset by a decrease in materials costs of \$6.1 million, or 21.5%. Cost of sales increased by \$4.1 million, or 35.1%, which is directionally in line with the 38.4% increase in sales revenues for the three months ended September 30, 2024.

Modular space average monthly rental rates increased 8.4% to \$1,175 for the nine months ended September 30, 2024. Increases were driven by a continuation of the long-term price optimization and VAPS penetration opportunities. Average portable storage monthly rental rates increased 16.4% to \$263 for the nine months ended September 30, 2024 as a result of our price management tools, processes and benefits from increased VAPS penetration opportunities, as well as higher rates on the climate-controlled containers and refrigerated storage units acquired in 2023 and 2024. Total VAPS revenues, which are included in leasing revenues, increased \$4.9 million, or 1.7%, to \$296.6 million for the nine months ended September 30, 2024 from \$291.7 million for the nine months ended September 30, 2023. Gross profit: Gross profit decreased \$25.2 million, or 2.5%, to \$965.5 million for the nine months ended September 30, 2024 from \$990.7 million for the nine months ended September 30, 2023. The decrease in gross profit was a result of a \$36.2 million increase in depreciation of rental equipment and decreased delivery and installation gross profit of \$24.1 million. These decreases in gross profit were partially offset by a \$22.4 million increase in leasing gross profit and increased new and rental unit sale gross profit of \$12.6 million. The increase in leasing gross profit was primarily a result of increased revenues due to favorable average monthly rental rates including VAPS across both portable storage and modular space units, which offset lower unit on rent volumes. Cost of leasing and services increased by \$8.6 million, or 1.6%, for the nine months ended September 30, 2024 as compared to the nine months ended September 30, 2023, driven by a \$19.2 million, or 10.0%, increase in labor cost and a \$3.5 million, or 4.7%, increase in vehicle, equipment and other costs partially offset by a \$10.7 million, or 13.1%, decrease in material costs and a \$3.3 million, or 1.7%, decrease in subcontractor costs. Cost of sales increased by \$21.2 million, or 65.6%, which is directionally in line with increased sales revenues of 55.1% for the nine months ended September 30, 2024. 33Our gross profit percentage was 53.8% and 56.5% for the nine months ended September 30, 2024 and 2023, respectively. Our Adjusted Gross Profit Percentage, excluding the effects of depreciation of rental equipment, was 66.5% and 67.4% for the nine months ended September 30, 2024 and 2023, respectively. The decreases, as referenced above, were mainly driven by lower utilization rates, specifically on portable storage products.SG&A: SG&A increased \$43.4 million, or 9.6%, to \$493.0 million for the nine months ended September 30, 2024, as compared to \$449.7 million for the nine months ended September 30, 2023. Discrete expenses for certain one-time projects, primarily legal and professional fees related to the proposed acquisition of McGrath, increased \$42.7 million. Real estate and occupancy costs increased \$11.8 million, or 18.7%, and stock compensation expense increased \$2.1 million to \$28.2 million for the nine months ended September 30, 2024, as compared to \$26.1 million for the nine months ended September 30, 2023. These increases were partially offset by a \$5.6 million, or 9.4%, decrease in service agreements and professional fees, a \$2.9 million, or 1.5%, decrease in employee costs, a \$2.3 million, or 12.5%, decrease in travel costs and a \$3.8 million, or 19.0%, decrease in the provision for credit losses, net of write offs. Adjusted EBITDA: Adjusted EBITDA increased \$4.8 million, or 1%, to \$778.4 millionA for the nine months ended September 30, 2024 from \$773.7 millionA for the nine months ended September 30, 2023. The increase was driven by a \$22.4 million increase in leasing gross profit, a \$12.6 million increase in new and used sales gross profit, and decreased SG&A, excluding discrete costs, of \$1.3 million, or 0.3%, for the nine months ended September 30, 2024 as compared to the nine months ended September 30, 2023. The increase was partially offset by decreased delivery and installation gross profit of \$24.1 million and decreased other expense (income), net of \$16.5 million.Other depreciation and amortization: Other depreciation and amortization increased \$6.8 million to \$59.2 million for the nine months ended September 30, 2024 as compared to \$52.4 million for the nine months ended September 30, 2023, primarily related to the amortization of the Mobile Mini tradename in 2024.Termination fee: We paid the termination fee of \$180.0 million to McGrath related to the termination of the Merger Agreement during the nine months ended September 30, 2024, which was treated as an operating expense.Impairment loss on intangible asset: Impairment loss on intangible asset was \$132.5 million for the nine months ended September 30, 2024 related to the impairment of the Mobile Mini trade name based on the Company's plan to rebrand under a single WillScot brand name and discontinue the use of the Mobile Mini trade name.Lease impairment expense and other related charges: Lease impairment expense and other related charges increased to \$0.9 million for the nine months ended September 30, 2024. These charges were related to the exit of an office property.Restructuring costs: Restructuring costs of \$8.5 million for the nine months ended September 30, 2024 were primarily due to employee termination costs as a result of a cost-reduction plan implemented in June 2024.Currency (gains) losses, net: Currency gains, net decreased by \$7.0 million for the nine months ended September 30, 2024. This change was primarily attributable to a \$7.7 million loss in 2023 on the settlement of the contingent foreign currency forward contract relating to the sale of the former UK Storage Solutions segment in January 2023.Other expense (income), net: Other expense, net was \$1.9 million for the nine months ended September 30, 2024 as compared to other income, net of \$14.5 million for the nine months ended September 30, 2023. This change was primarily attributable to a gain on sale of fixed assets related to a real estate sale transaction during the nine months ended September 30, 2023 and insurance recoveries received in 2023 related to Hurricane Ian in the Gulf Coast area of the United States in 2022.Interest expense, net: Interest expense increased \$22.0 million to \$168.0 million for the nine months ended September 30, 2024 from \$145.9 million for the nine months ended September 30, 2023. The increase in interest expense was a result of higher overall weighted average interest rates as a result of increased benchmark rates and higher outstanding debt balances. See Note 9 to the condensed consolidated financial statements for further discussion of our debt.Income tax (benefit) expense: Income tax (benefit) expense decreased \$112.2 million to a benefit of \$17.4 million for the nine months ended September 30, 2024 as compared to expense of \$94.9 million for the nine months ended September 30, 2023. The decrease in expense was driven by a decrease in income from continuing operations before income tax for the nine months ended September 30, 2024 as compared to the nine months ended September 30, 2023.Income from discontinued operations: Income from discontinued operations for the nine months ended September 30, 2023 was related to the former UK Storage Solutions segment, which was sold January 2023.34Capital expenditures for rental equipment: Capital expenditures for rental equipment increased \$40.9 million, or 25%, to \$207.0 million for the nine months ended September 30, 2024 from \$166.1 million for the nine months ended September 30, 2023 as a result of increased refurbishment spending and new fleet purchases, including additional investment in climate-controlled containers and refrigerated storage units. Net CAPEX increased \$46.5 million, or 35%, to \$178.1 million for the nine months ended September 30, 2024 from \$131.6 million for the nine months ended September 30, 2023 driven by the increase in capital expenditures for rental equipment as described above and a \$12.1 million decrease in proceeds from the sale of property, plant, and equipment. This increase was partially offset by a \$5.9 million increase in proceeds from the sale of rental equipment for the nine months ended September 30, 2024.Reconciliation of Non-GAAP Financial MeasuresIn addition to using GAAP financial measurements, we use certain non-GAAP financial measures to evaluate our operating results. As such, we include in this Quarterly Report on Form 10-Q reconciliations of non-GAAP financial measures to their most directly comparable GAAP financial measures. Set forth below are definitions and reconciliations to the nearest comparable GAAP measure of certain non-GAAP financial measures used in this Quarterly Report on Form 10-Q along with descriptions of why we believe these measures provide useful information to investors as well as a description of the limitations of these measures. Each of these non-GAAP financial measures has limitations as an analytical tool and should not be considered in isolation from, or as a substitute for analysis of, results reported under GAAP. Our measurements of these metrics may not be comparable to similarly titled measures of other companies.Adjusted EBITDAWe define EBITDA as net income (loss) plus interest (income) expense, income tax expense (benefit), depreciation and amortization. Our adjusted EBITDA ("Adjusted EBITDA") reflects the following further adjustments to EBITDA to exclude certain non-cash items and the effect of what we consider transactions or events not related to our core business operations:â€¢Goodwill and other impairment charges related to non-cash costs associated with impairment charges to goodwill, other intangibles, rental fleet and property, plant and equipment.â€¢Restructuring costs, lease impairment expense, and other related charges associated with restructuring plans designed to streamline operations and reduce costs including employee and lease termination costs.â€¢Currency (gains) losses, net on monetary assets and liabilities denominated in foreign currencies other than the subsidiaries' functional currency. â€¢Transaction costs including legal and professional fees and other transaction specific related costs.â€¢Costs to integrate acquired companies, including outside professional fees, non-capitalized costs associated with system integrations, non-lease branch and fleet relocation expenses, employee training costs, and other costs required to realize cost or revenue synergies. â€¢Non-cash charges for stock compensation plans.â€¢Other expenses, including consulting expenses related to certain one-time projects, financing costs not classified as interest expense, and gains and losses on disposals of property, plant, and equipment.Our Chief Operating Decision Maker ("CODM") evaluates business performance utilizing Adjusted EBITDA as shown in the reconciliation of the Company's consolidated income from continuing operations to Adjusted EBITDA below. Management believes that evaluating performance excluding such items is meaningful because it provides insight with respect to the intrinsic and ongoing operating results of the Company and captures the business performance inclusive of indirect costs.Adjusted EBITDA has limitations as an analytical tool, and you should not consider the measure in isolation or as a substitute for net income, cash flow from operations or other methods of analyzing WillScot's results as reported under GAAP. Some of these limitations are:â€¢Adjusted EBITDA does not reflect changes in, or cash requirements for our working capital needs;â€¢Adjusted EBITDA does not reflect our interest expense, or the cash requirements necessary to service interest or principal payments, on our indebtedness;â€¢Adjusted EBITDA does not reflect our tax expense or the cash requirements to pay our taxes;â€¢Adjusted EBITDA does not reflect historical cash expenditures or future requirements for capital expenditures or contractual commitments;â€¢Adjusted EBITDA does not reflect the impact on earnings or changes resulting from matters that we consider not to be indicative of our future operations;â€¢Although depreciation and amortization are non-cash charges, the assets being depreciated and amortized will often have to be replaced in the future and Adjusted EBITDA does not reflect any cash requirements for such replacements; andâ€¢Other companies in our industry may calculate Adjusted EBITDA differently, limiting its usefulness as a comparative measure.35Because of these limitations, Adjusted EBITDA should not be considered as discretionary cash available to reinvest in the growth of our business or as a measure of cash that will be available to meet our obligations. Management believes that the presentation of Net CAPEX provides useful information regarding the net capital invested in our rental fleet and property, plant and equipment each year to assist in analyzing the performance of our business. Our principal sources of liquidity include cash flows generated from operating activities of our subsidiaries, borrowings under our ABL Facility, and sales of debt securities. We have consistently accessed the debt capital markets both opportunistically and as necessary to support the growth of our business, desired leverage levels, and other capital allocation priorities. We believe we have ample liquidity in the ABL Facility and are generating substantial free cash flow, which together support both organic operations and other capital allocation priorities as they arise. We believe that our liquidity sources are sufficient to satisfy our anticipated operating, debt service and capital cash requirements over the next twelve months and thereafter for the foreseeable future. We continue to review available acquisition opportunities with the awareness that any such acquisition may require us to incur additional debt to finance the acquisition and/or to issue shares of our Common Stock or other equity securities as acquisition consideration or as part of an overall financing plan. In addition, we will continue to evaluate alternatives to optimize our capital structure, which could include the issuance or repurchase of additional unsecured and secured debt, equity securities and/or equity-linked securities. There can be no assurance as to the timing of any such issuance or

repurchase. If we obtain additional capital by issuing equity, the interests of our existing stockholders will be diluted. If we incur additional indebtedness, that indebtedness may contain significant financial and other covenants that may significantly restrict our operations. Availability of financing and the associated terms are inherently dependent on the debt and equity capital markets and subject to change. From time to time, we may also seek to streamline our capital structure and improve our financial position through refinancing or restructuring our existing debt or retiring certain of our securities for cash or other consideration. 37Our revolving credit facility provides an aggregate principal amount of up to \$3.7A billion, consisting of: (i) a senior secured asset-based US dollar revolving credit facility in the aggregate principal amount of \$3.3A billion (the "A&BBL Facility") and (ii) a \$400.0A million senior secured asset-based multicurrency revolving credit facility (the "Multicurrency Facility," and together with the US Facility, the "A&BBL Facility"). Borrowing availability under the ABL Facility is equal to the lesser of \$3.7A billion and the applicable borrowing bases. The borrowing bases are a function of, among other things, the value of the assets in the relevant collateral pool, of which our rental equipment represents the largest component. At September 30, 2024, we had \$1.7A billion of available borrowing capacity under the ABL Facility. Cash Flow Comparison of the Nine Months Ended September 30, 2024 and 2023 The consolidated statements of cash flows include amounts for the former UK Storage Solutions segment through January 31, 2023. See Note 3 to the financial statements for disclosure of significant investing items related to the former UK Storage Solutions segment. The following summarizes our change in cash and cash equivalents for the periods presented:Nine Months EndedSeptember 30,(in thousands)20242023Net cash provided by operating activities\$382,725A \$541,918A Net cash used in investing activities(268,668) (217,522)Net cash used in financing activities(113,234)(337,082)Effect of exchange rate changes on cash and cash equivalents(735)701A Net change in cash and cash equivalents\$88A \$(11,985)Cash Flows from Operating ActivitiesNet cash provided by operating activities for the nine months ended September 30, 2024 was \$382.7 million as compared to \$541.9 million for the nine months ended September 30, 2023, a decrease of \$159.2 million. The decrease in net cash provided by operating activities was primarily due to the payment of \$212.5 million for the McGrath termination fee and transaction costs from terminated acquisitions during the nine months ended September 30, 2024. Cash Flows from Investing ActivitiesNet cash used in investing activities for the nine months ended September 30, 2024 was \$268.7 million as compared to \$217.5 million for the nine months ended September 30, 2023, a \$51.1 million increase in net cash used in investing activities. The increase in net cash used in investing activities resulted from \$404.0 million in proceeds from the sale of the former UK Storage Solutions in the nine months ended September 30, 2023 and a \$40.9 million increase in refurbishment spending and new fleet purchases, including additional investment in climate-controlled containers and refrigerated storage units, during the nine months ended September 30, 2024. The increase in net cash used in investing activities was partially offset by a \$397.7 million decrease in cash used in acquisitions, net of cash acquired, a \$5.9 million increase in proceeds from the sale of rental equipment and a \$7.7 million decrease in cash used for the settlement of a contingent foreign currency forward contract upon the closing of the sale of the former UK Storage Solutions segment in January 2023. Cash Flows from Financing ActivitiesNet cash used in financing activities for the nine months ended September 30, 2024 was \$113.2 million as compared to \$337.1 million for the nine months ended September 30, 2023, a decrease of \$223.8 million. The decrease was primarily due to a \$547.8 million decrease in cash used for the repurchase of common stock in the nine months ended September 30, 2024. We paused share repurchases in the fourth quarter of 2023 as acquisition discussions advanced with McGrath and resumed repurchasing shares of our Common Stock in April 2024. The decrease was partially offset by a \$319.0 million increase in repayments of borrowings, net of receipts from borrowings.Free Cash Flow and Adjusted Free Cash FlowFree Cash Flow and Adjusted Free Cash Flow are non-GAAP measures. We define Free Cash Flow as net cash provided by operating activities, less purchases of, and proceeds from, rental equipment and refurbishments and property, plant and equipment, which are all included in cash flows from investing activities. We define Adjusted Free Cash Flow as Free Cash Flow excluding one-time, nonrecurring payments for the McGrath termination fee and transaction costs from terminated acquisitions. Management believes that the presentation of Free Cash Flow and Adjusted Free Cash Flow provides useful additional information concerning cash flow available to fund our capital allocation alternatives. 38The following table provides a reconciliation of net cash (used in) provided by operating activities to Free Cash Flow.Three Months EndedSeptember 30,Nine Months EndedSeptember 30,(in thousands)2024202320242023Net cash (used in) provided by operating activities\$(1,562)\$190,998A \$382,725A \$541,918A Purchase of rental equipment and refurbishments(69,398)(63,388)(206,989)(166,097)Proceeds from sale of rental equipment13,238A 12,720A 43,906A 37,974A Purchase of property, plant and equipment(3,318)(5,563)(16,119)(16,752)Proceeds from sale of property, plant and equipment918A 13,001A 1,133A 13,266A Free Cash Flow\$(60,122)\$147,768A \$204,656A \$410,309A Cash paid for termination fee180,000A A&B 180,000A A&B A Cash paid for transaction costs from terminated acquisitions23,266A A&B A 32,451A A&B A Adjusted Free Cash Flow\$143,144A \$147,768A \$147,107A \$410,309A Free Cash Flow for the nine months ended September 30, 2024 was \$204.7A million as compared to \$410.3A million for the nine months ended September 30, 2023, a decrease of \$205.7A million. Free Cash Flow decreased principally as a result of the \$159.2A million decrease in cash provided by operating activities, a \$40.9A million increase in cash used in the purchase of rental equipment and refurbishments, and a \$12.1A million decrease in proceeds from the sale of property, plant, and equipment. The \$159.2A million decrease in cash provided by operating activities was driven by \$212.5 million of cash paid for the McGrath termination fee and transaction costs from terminated acquisitions. The \$205.7A million decrease in Free Cash Flow was partially offset by a \$5.9A million increase in proceeds from the sale of rental equipment. Adjusted Free Cash for the nine months ended September 30, 2024 was \$417.1A million as compared to \$410.3A million for the nine months ended September 30, 2023, an increase of \$6.8A million. The \$382.7A million in cash provided by operating activities for the nine months ended September 30, 2024 was returned to shareholders through repurchases and cancellations of common stock of \$130.3 million and reinvested into the business to support the purchase of rental equipment, including VAPS, and refurbishments, acquire three local storage and modular companies and one national provider of premium large clearspan structures for \$84.5A million, and fund repayment of borrowings under our ABL Facility. Material cash requirementsThe Company's material cash requirements include the following contractual and other obligations:DebtThe Company has outstanding debt related to its ABL Facility, 2025 Secured Notes, 2028 Secured Notes, 2029 Secured Notes, 2031 Secured Notes, and finance leases totaling \$3.6 billion as of September 30, 2024, \$547.6 million of which is obligated to be repaid within the next twelve months. We have the intent and believe we have the ability to refinance the \$526.5 million carrying value of the 2025 Secured Notes on a long-term basis as demonstrated by the forecasted available capacity under the ABL Facility, among other refinancing alternatives to be considered opportunistically. Refer to Note 9 for further information regarding outstanding debt.Operating leasesThe Company has commitments for future minimum rental payments relating to operating leases, which are primarily for real estate. As of September 30, 2024, the Company had lease obligations of \$300.8A million, with \$71.5 million payable within the next twelve months. OtherIn addition to the cash requirements described above, the Company has a share repurchase program authorized by the Board of Directors, which allows the Company to repurchase up to \$1.0 billion of outstanding shares of Common Stock. This program does not obligate the Company to repurchase any specific amount of shares. As of September 30, 2024, \$951.9A million of the approved share repurchase amount remained available. Critical Accounting EstimatesOur discussion and analysis of our financial condition, results of operations, liquidity and capital resources is based on our condensed consolidated financial statements, which have been prepared in accordance with GAAP. The actual results experienced by us may differ materially and adversely from our estimates. Important factors that may affect actual results or outcomes include, among others: impacts of various laws and regulations and recent pronouncements related to laws and regulations governing antitrust, climate-related disclosures, privacy, government contracts, anti-corruption and the environment; our ability to successfully acquire and integrate new operations; the effect of global or local economic conditions in the industries and markets in which the Company operates and any changes therein, including financial market conditions and levels of end market demand; risks associated with cybersecurity threats and IT systems disruptions, including our ability to manage the business in the event a cybersecurity incident or a disaster shuts down or materially impacts our management information systems; trade policies and changes in trade policies, including the imposition of tariffs, their enforcement and downstream consequences; our ability to effectively compete in the modular space and portable storage industries; our ability to effectively manage our credit risk, collect on our accounts receivable, or recover our rental equipment; inflationary pressures and fluctuations in interest rates and commodity prices; risks associated with labor relations, labor costs and labor disruptions; changes in the competitive environment of our customer base as a result of the global, national or local economic climate in which they operate and/or economic or financial disruptions to their industry; our ability to adequately protect our intellectual property and other proprietary rights that are material to our business; natural disasters and other business disruptions such as pandemics, fires, floods, hurricanes, earthquakes and terrorism; our ability to establish and maintain the appropriate physical presence in our markets; property, casualty or other losses not covered by our insurance; our ability to close our unit sales transactions; our ability to maintain an effective system of internal controls and accurately report our financial results; evolving public disclosure, financial reporting and corporate governance expectations; our ability to achieve our environmental, social and governance goals; operational, economic, political and regulatory risks; effective management of our rental equipment; the effect of changes in state building codes on our ability to remarket our buildings; foreign currency exchange rate exposure; significant increases in the costs and restrictions on the availability of raw materials and labor; fluctuations in fuel costs or a reduction in fuel supplies; our reliance on third party manufacturers and suppliers; impairment of our goodwill, intangible assets and indefinite-life intangible assets; our ability to use our net operating loss carryforwards and other tax attributes; 40 our ability to recognize deferred tax assets such as those related to our tax loss carryforwards and, as a result, utilize future tax savings; unanticipated changes in tax obligations, adoption of a new tax legislation, or exposure to additional income tax liabilities; our ability to access the capital and credit markets or the ability of key counterparties to perform their obligations to us; our ability to service our debt and operate our business; our ability to incur significant additional amounts of debt, which could further exacerbate the risks associated with our substantial indebtedness; covenants that limit our operating and financial flexibility; our stock price volatility; and such other risks and uncertainties described in the periodic reports we file with the SEC from time to time (including our 2023 Annual Report on Form 10-K), which are available through the SEC's EDGAR system at www.sec.gov and on our website. ITEM 3.A A A Quantitative and Qualitative Disclosures about Market RiskWe are exposed to certain market risks from changes in foreign currency exchange rates and interest rates. Changes in these factors cause fluctuations in our earnings and cash flows. We evaluate and manage exposure to these market risks as follows: Interest Rate RiskWe are primarily exposed to interest rate risk through our ABL Facility, which bears interest at variable rates. We had \$1.5A billion in outstanding principal under the ABL Facility at September 30, 2024. To manage interest rate risk, in January 2024 and January 2023, respectively, we executed interest rate swap agreements relating to an aggregate of \$500.0 million and \$750.0 million in notional amount of variable-rate debt under our ABL Facility. The January 2024 and January 2023 swap agreements provide for us to pay a weighted average effective fixed interest rate of 3.70% and 3.44% per annum, respectively, and receive a variable interest rate equal to one-month term SOFR, with maturity dates of June 30, 2027. After taking into account the impact of the swaps, an increase in interest rates by 100 basis points on our ABL Facility would have increased quarter to date interest expense by approximately \$0.7A million based on current outstanding borrowings. Foreign Currency RiskWe currently generate approximately 94% of our consolidated net revenues in the US, and the reporting currency for our consolidated financial statements is the US dollar. However, we are exposed to currency risk through our operations in Canada and Mexico. For the operations outside the US, we bill customers primarily in their local currency, which is subject to foreign currency rate changes. As our net revenues and expenses generated outside of the US increase, our results of operations could be adversely impacted by changes in foreign currency exchange rates. Since we recognize foreign revenues in local foreign currencies, if the US dollar strengthens, it could have a negative impact on our foreign revenues upon translation of those results into the US dollar for consolidation into our financial statements. In addition, we are exposed to gains and losses resulting from fluctuations in foreign currency exchange rates on transactions generated by our foreign subsidiaries in currencies other than their local currencies. These gains and losses are primarily driven by intercompany transactions and rental equipment purchases denominated in currencies other than the functional currency of the purchasing entity. These exposures are included in currency (gains) losses, net, on the consolidated statements of operations. 41 ITEM 4.A A A Controls and ProceduresEvaluation of Disclosure Controls and ProceduresOur management, with participation of our Chief Executive Officer and Chief Financial Officer, has evaluated the effectiveness of our disclosure controls and procedures as defined in Rule 13a-15(e) under the Securities Exchange Act of 1934 as amended (the "Exchange Act") as of September 30, 2024. Based upon that evaluation, our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures were effective as of September 30, 2024. Changes in Internal ControlsThere were no changes in our internal control over financial reporting that occurred during the quarter ended September 30, 2024 that materially affected or are reasonably likely to materially affect, our internal control over financial reporting. PART II ITEM 1.A A A Legal ProceedingsThe Company is involved in various lawsuits, claims and legal proceedings that arise in the ordinary course of business. The Company assesses these matters on a case-by-case basis as they arise and establishes reserves as required. As of September 30, 2024, with respect to these outstanding matters, the Company believes that the amount or range of reasonably possible loss will not, either individually or in the aggregate, have a material adverse effect on the consolidated financial position, results of operations, or cash flows of the Company. However, the outcome of such matters is inherently unpredictable and subject to significant uncertainties. ITEM 1A.A A A Risk Factors The Company's financial position, results of operations and cash flows are subject to various risks, many of which are not exclusively within the Company's control, which may cause actual performance to differ materially from historical or projected future performance. In addition to the other information set forth in this report, you should carefully consider the risk factors discussed in Item 1A. of our 2023 Annual Report on Form 10-K, which have not materially changed, except for risks associated with the completion of the McGrath acquisition, which are no longer applicable because the Company and McGrath mutually agreed to terminate the Merger Agreement. 42 ITEM 2.A A A Unregistered Sales of Equity Securities and Use of ProceedsThe following table summarizes our purchase of Common Stock during the third quarter of 2024. As of September 30, 2024, \$951.9A million of the \$1.0 billion share repurchase authorization remained available for use. ITEM 3.A A A Defaults Upon Senior SecuritiesNone. ITEM 4.A A A Mine Safety DisclosuresNot applicable. ITEM 5.A A A Other InformationDuring the three months ended September 30, 2024, no director or Section 16 officer of the Company adopted or terminated a "Rule 10b5-1 trading arrangement" or "non-Rule 10b5-1 trading arrangement," as each term is defined in Item 408(a) of Regulation S-K. The Company's proxy

statement for its 2024 annual meeting of stockholders inadvertently provided incorrect dates for the submission of director nominations pursuant to the advance notice provision of the Company's Amended and Restated Bylaws. The proxy statement should have stated that director nominations submitted pursuant to the advance notice provision must be received at the office of the Corporate Secretary no earlier than February 7, 2025, and no later than March 9, 2025. Notice of a nomination must also comply with requirements set forth in the Bylaws.43ITEM 6.4 A A ExhibitsExhibit No.Exhibit Description10.Termination Agreement, dated as of September 17, 2024, by and among WillScot Holdings Corporation, Brunello Merger Sub I, Inc., Brunello Merger Sub II, LLC and McGrath RentCorp (incorporated by reference to Exhibit 10.1 of the Company's Current Report on Form 8-K, filed September 18, 2024)31.1*Certification of Chief Executive Officer pursuant to Section 302 of the Sarbanes-Oxley Act of 200231.2*Certification of Chief Financial Officer pursuant to Section 302 of the Sarbanes-Oxley Act of 200232.1**Certification of Chief Executive Officer pursuant to Section 906 of the Sarbanes-Oxley Act of 200232.2**Certification of Chief Financial Officer pursuant to Section 906 of the Sarbanes-Oxley Act of 2002101.INSXBRL Instance Document - the instance document does not appear in the Interactive Data File because its XBRL tags are embedded within the Inline XBRL document101.SCHXBRL Taxonomy Extension Schema Document101.CALXBRL Taxonomy Extension Calculation Linkbase Document101.DEFXBRL Taxonomy Extension Definition Linkbase Document101.LABXBRL Taxonomy Extension Label Linkbase Document101.PREXBRL Taxonomy Extension Presentation Linkbase Document104*Inline XBRL for the cover page of this Quarterly Report on Form 10-Q, included in the Exhibit 101 Inline XBRL Document Set.* Filed herewith** Furnished (and not filed) herewith pursuant to Item 601(b)(32)(ii) of Regulation S-K under the Exchange Act44Signature Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned thereunto duly authorized.WillScot Holdings CorporationBy:/s/ TIMOTHY D. Summary of Significant Accounting Policies	9 Months Ended Sep. 30, 2024
Organization and Nature of Operations	
WillScot Holdings Corporation ("WillScot" and, together with its subsidiaries, the "Company") is a leading business services provider specializing in innovative and flexible turnkey temporary space solutions in the United States ("US"), Canada, and Mexico. The Company leases, sells, delivers and installs modular space solutions and portable storage products through an integrated network of branch locations that spans North America.	
On July 29, 2024, the Company amended and restated its certificate of incorporation to effect a change of the Company's name from "WillScot Mobile Mini Holdings Corp." to "WillScot Holdings Corporation."	
Basis of Presentation and Principles of Consolidation	
The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with the instructions to Form 10-Q and do not include all the information and notes required by US Generally Accepted Accounting Principles ("GAAP") for complete financial statements. The accompanying unaudited condensed consolidated financial statements comprise the financial statements of WillScot and its subsidiaries that it controls due to ownership of a majority voting interest and contain all adjustments, which are of a normal and recurring nature, considered necessary by management to present fairly the financial position, results of operations and cash flows for the interim periods presented.	
Subsidiaries are fully consolidated from the date of acquisition, being the date on which the Company obtains control, and continue to be consolidated until the date when such control ceases. The financial statements of the subsidiaries are prepared for the same reporting period as the Company. All intercompany balances and transactions are eliminated.	
The results of operations for the nine months ended September 30, 2024 are not necessarily indicative of the results to be expected for the full year. For further information, refer to the consolidated financial statements and notes included in the Company's Annual Report on Form 10-K for the year ended December 31, 2023.	
Segment Reporting	
In January 2024, the Company completed the unification of its go-to market structure by integrating its modular and storage divisions under a single leadership team organized by geography, achieving local product unification within each metropolitan statistical area and the ability to consistently deliver its portfolio of solutions to its entire customer base. In connection with this change in operating model, the Company realigned the composition of its operating and reportable segments to reflect how its Chief Operating Decision Maker reviews financial information to allocate resources to and assess performance of the segments. As a result, the Company concluded that its two operating segments (US and Other North America) are aggregated into one reportable segment as the operating segments share similar economic characteristics (e.g., comparable gross margins and comparable adjusted earnings before interest, taxes, depreciation and amortization margins) and similar qualitative characteristics as the operating segments offer similar products and services to similar customers, use similar methods to distribute products and are subject to similar competitive risks.	
Reclassifications	
Certain reclassifications have been made to prior year financial statements to conform to the current year presentation.	
Recently issued Accounting Standards	
<i>ASU 2023-07, Segment Reporting (Topic 280): Improvements to Reportable Segment Disclosures</i>	
In November 2023, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update No. 2023-07 <i>Segment Reporting (Topic 280): Improvements to Reportable Segment Disclosures</i> ("ASU 2023-07"). ASU 2023-07 expands the breadth and frequency of segment disclosures, requiring disclosure of (i) significant segment expenses, (ii) other segment items, (iii) the chief operating decision maker's title and position, (iv) how the chief operating decision maker uses the reported measures of a segment's profit or loss and (v) interim disclosure of all segment profit, loss and asset disclosures currently required annually. ASU 2023-07 clarifies that a public entity may report one or more measures of segment profit or loss and requires that single reportable segment entities provide all required segment disclosures. ASU 2023-07 is effective for fiscal years beginning after December 15, 2023 and interim periods within fiscal years beginning after December 15, 2024. Early adoption is permitted. The Company is currently evaluating the impact of ASU 2023-07 on its segment disclosures.	
<i>ASU 2023-09, Income Taxes (Topic 740): Improvements to Income Tax Disclosures</i>	
In December 2023, the FASB issued Accounting Standards Update No. 2023-09 <i>Income Taxes (Topic 740): Improvements to Income Tax Disclosures</i> ("ASU 2023-09"). ASU 2023-09 requires entities to disclose more detailed information in their reconciliation of their statutory tax rate to their effective tax rate. Public business entities ("PBEs") are required to provide this incremental detail in a numerical, tabular format, while all other entities will do so through enhanced qualitative disclosures. The ASU also requires entities to disclose more detailed information about income taxes paid, including by jurisdiction; pretax income (or loss) from continuing operations; and income tax expense (or benefit). ASU 2023-09 is effective for fiscal years beginning after December 15, 2024. Early adoption is permitted. The Company is currently evaluating the impact of ASU 2023-09 on its income tax disclosures.

Major Product and Service Lines

Equipment leasing is the Company's core business and the primary driver of the Company's revenue and cash flows. This includes turnkey temporary modular space and portable storage units along with value-added products and services ("VAPS"), which include furniture, steps, ramps, basic appliances, internet connectivity devices, integral tool racking, heavy duty capacity shelving, workstations, electrical and lighting products and other items used by customers in connection with the Company's products. The Company also offers its lease customers a damage waiver program that protects them in case the leased unit is damaged. Leasing is complemented by new unit sales and sales of rental units. In connection with its leasing and sales activities, the Company provides services including delivery and installation, maintenance and ad hoc services and removal services at the end of lease transactions.

The Company's revenue by major product and service line for the three and nine months ended September 30, 2024 and 2023 was as follows:

- (b) Includes primarily damage billings, delinquent payment charges, other processing fees, and provisions for specific uncollectible receivables.

Leasing and Services Revenue

The majority of revenue (74% and 75% for the three and nine months ended September 30, 2024, respectively, and 76% for both the three and nine months ended September 30, 2023) was generated by lease income subject to the guidance of Accounting Standards Update No. 2016-02, *Leases (Topic 842)* ("ASC 842"). The remaining revenue was generated by performance obligations in contracts with customers for services or the sale of units subject to the guidance in Accounting Standards Update No. 2014-09, *Revenue from Contracts with Customers (Topic 606)* ("ASC 606").

Receivables and Credit Losses

The Company manages credit risk associated with its accounts receivable at the customer level. Because the same customers generate the revenues that are accounted for under both ASC 842 and ASC 606, the discussions below on credit risk and the Company's allowance for credit losses address the Company's total revenues.

Concentration of credit risk with respect to the Company's receivables is limited because of a large number of geographically diverse customers who operate in a variety of end user markets. The Company manages credit risk through credit approvals, credit limits, and other monitoring procedures.

The Company's allowance for credit losses reflects its estimate of the amount of receivables that it will be unable to collect. The estimated losses are calculated using the loss rate method based upon a review of outstanding receivables, related aging, and historical collection experience. The Company's estimates reflect changing circumstances, and the Company may be required to increase or decrease its allowance in future periods.

Activity in the allowance for credit losses was as follows:

	Three Months Ended September 30,				Nine Months Ended September 30,			
(in thousands)	2024		2023		2024		2023	
Balance at beginning of period	\$	89,070	\$	68,096	\$	81,656	\$	57,048

Balance at end of period	\$	99,241	\$	78,738	\$	99,241	\$	78,738

Contract Assets and Liabilities

When customers are billed in advance for services, the Company defers recognition of revenue until the related services are performed, which generally occurs at the end of the contract. The balance sheet classification of deferred revenue is determined based on the contractual lease term. For contracts that continue beyond their initial contractual lease term, revenue continues to be deferred until the services are performed. As of September 30, 2024 and December 31, 2023, the Company had approximately \$136.9 million and \$124.1 million, respectively, of deferred revenue related to services billed in advance. During the three and nine months ended September 30, 2024, \$13.3 million and \$61.0 million, respectively, of deferred revenue billed in advance was recognized as revenue.

The Company does not have material contract assets, and it did not recognize any material impairments for any contract assets.

The Company's uncompleted contracts with customers have unsatisfied (or partially satisfied) performance obligations. For the future services revenues that are expected to be recognized within twelve months, the Company has elected to utilize the optional disclosure exemption regarding transaction price allocated to unsatisfied (or partially unsatisfied) performance obligations. The transaction price for performance obligations that will be completed in greater than twelve months is variable based on the market rate in place at the time those services are provided, and therefore, the Company is applying the optional expedient to omit disclosure of such amounts.

The primary costs to obtain contracts for new and rental unit sales with the Company's customers are commissions. The Company pays its sales force commissions on the sale of new and rental units. For new and rental unit sales, the period benefited by each commission is less than one year. As a result, the Company has applied the practical expedient for incremental costs of obtaining a sales contract and expenses commissions as incurred.

In the second quarter of 2024, the Company determined that a review of the carrying value of the Mobile Mini trade name was necessary based on the Company's plan to rebrand under a single WillScot brand name and discontinue the use of the Mobile Mini trade name. As of June 30, 2024, the Mobile Mini trade name was tested for impairment using the relief from royalty valuation method. The most significant unobservable input (Level 3) used to estimate the fair value was a discount rate of 9%. After determining the estimated fair value, the Company recorded an impairment charge of \$132.5 million during the nine months ended September 30, 2024. This non-cash charge was recorded to impairment loss on intangible asset on the consolidated statement of operations. After the impairment charge, the remaining net book value of the Mobile Mini trade name was \$31.5 million, which is being amortized over a remaining useful life. The Company did not record any other impairment charges during the nine months ended September 30, 2024.

Asset Backed Lending Facility

On July 1, 2020, certain subsidiaries of the Company, including WSI, entered into an asset-based credit agreement. As amended on June 30, 2022, the agreement provides for revolving credit facilities in the aggregate principal amount of up to \$3.7 billion, consisting of: (i) a senior secured asset-based US dollar revolving credit facility in the aggregate principal amount of \$3.3 billion (the "US Facility"), (ii) a \$400.0 million senior secured asset-based multicurrency revolving credit facility (the "Multicurrency Facility," and together with the US Facility, the "ABL Facility"), available to be drawn in US Dollars, Canadian Dollars, British Pounds Sterling or Euros, and (iii) an accordion feature that permits the Company to increase the lenders' commitments in an aggregate amount not to exceed the greater of \$750.0 million and the amount of suppressed availability (as defined in the ABL Facility), plus any voluntary prepayments that are accompanied by permanent commitment reductions under the ABL Facility, subject to the satisfaction of customary conditions including lender approval. The ABL Facility is scheduled to mature on June 30, 2027.

The applicable margin for Canadian Bankers' Acceptance Rate, Term Secured Overnight Financing Rate ("SOFR"), British Pounds Sterling and Euro loans is 1.50%. The facility includes a credit spread adjustment of 0.10% in addition to the applicable margin. The applicable margin for base rate and Canadian Prime Rate loans is 0.50%. The applicable margins are subject to one step down of 0.25% or one step up of 0.25% based on the Company's leverage ratio and excess availability from the prior quarter. The ABL Facility requires the payment of a commitment fee on the unused available borrowings of 0.20% annually. As of September 30, 2024, the weighted average interest rate for borrowings under the ABL Facility, as adjusted for the effects of the interest rate swap agreements, was 5.40%. Refer to Note 12 for a detailed discussion of interest rate management.

On February 26, 2024, WSI entered into an amendment to the ABL Facility (the "Fifth Amendment") to, among other things, change the rate under the ABL Facility for borrowings denominated in Canadian Dollars from a Canadian Dollar Offered Rate ("CDOR")-based rate to a Canadian Overnight Repo Rate Average ("CORRA")-based rate, subject to certain adjustments specified in the ABL Facility, and to update certain other provisions regarding successor interest rates to CDOR.

In connection with the Company's proposed acquisition of McGrath, on February 27, 2024, WSI and certain other subsidiaries of the Company entered into an amendment to the ABL Facility (the "Sixth Amendment") to, among other things, (i) permit the incurrences of indebtedness by WSI and certain other subsidiaries of the Company to finance the McGrath acquisition; (ii) increase the maximum revolving credit facility amount; and (iii) modify the borrowing base, certain thresholds, basket sizes and default and notice triggers to account for the increased size of the business and new asset types of WSI and its subsidiaries following the proposed McGrath acquisition. Following the termination of the Merger Agreement on September 17, 2024, the Sixth Amendment was null and void.

Borrowing availability under the US Facility and the Multicurrency Facility is equal to the lesser of (i) the aggregate revolver commitments and (ii) the borrowing base ("Line Cap"). At September 30, 2024, the Line Cap was \$3.2 billion and the Company had \$1.7 billion of available borrowing capacity under the ABL Facility, including \$1.5 billion under the US Facility and \$199.2 million under the Multicurrency Facility. Borrowing capacity under the ABL Facility is made available for up to \$220.0 million letters of credit and \$220.0 million swingline loans. At September 30, 2024, the available capacity was \$199.2 million of letters of credit and \$203.8 million of swingline loans. At September 30, 2024, letters of credit and bank guarantees carried fees of 1.625%. The Company had issued \$20.8 million of standby letters of credit under the ABL Facility at September 30, 2024.

The Company had approximately \$1.5 billion of outstanding borrowings under the ABL Facility at September 30, 2024. Debt issuance costs of \$21.0 million and \$26.8 million were presented as direct reductions of the corresponding liabilities at September 30, 2024 and December 31, 2023, respectively.

The ABL Facility and related guarantees are secured by a first priority security interest in substantially all of the assets of WSI and the Company's other subsidiaries that are borrowers or guarantors under the ABL Facility (collectively the "ABL Loan Parties"), subject to customary exclusions.

Senior Secured Notes

The 2025 Secured Notes mature on June 15, 2025. At September 30, 2024, the 2025 Secured Notes were classified as long-term on the Condensed Consolidated Balance Sheet because the Company has the intent and believes it has the ability to refinance this obligation on a long-term basis as demonstrated by the forecasted available capacity under the ABL Facility, among other refinancing alternatives to be considered opportunistically.

On June 28, 2024, WSI completed a private offering of \$500.0 million in aggregate principal amount of 6.625% senior secured notes due 2029 (the "2029 Secured Notes") to qualified institutional buyers pursuant to Rule 144A. Proceeds were used to repay approximately \$495.0 million of outstanding indebtedness under the ABL Facility and certain fees and expenses. The 2029 Secured Notes mature on June 15, 2029 and bear interest at a rate of 6.625% per annum. Interest is payable semi-annually on June 15 and December 15 of each year, beginning December 15, 2024. Unamortized deferred financing costs pertaining to the 2029 Secured Notes were \$6.7 million as of September 30, 2024.

The 2025 Secured Notes, 2028 Secured Notes, 2029 Secured Notes and 2031 Secured Notes (collectively, "the Secured Notes") are unconditionally guaranteed by certain subsidiaries of the Company (collectively, "the Note Guarantors"). WillScot is not a guarantor of the Secured Notes. The Note Guarantors are guarantors or borrowers under the ABL Facility. To the extent lenders under the ABL Facility release the guarantee of any Note Guarantor, such Note Guarantor will also be released from obligations under the Secured Notes. The Secured Notes and related guarantees are secured by a second priority security interest in substantially the same assets of WSI and the Note Guarantors securing the ABL Facility. Upon the repayment of the 2025 Secured Notes and the 2028 Secured Notes, if the lien associated with the ABL Facility represents the only lien outstanding on the collateral under the 2029 Secured Notes and the 2031 Secured Notes (other than certain permitted), the collateral securing the 2029 Secured Notes and the 2031 Secured Notes will be released and the 2029 Secured Notes and the 2031 Secured Notes will become unsecured subject to satisfaction of customary conditions.

Finance Leases

The Company maintains finance leases primarily related to transportation-related equipment. At September 30, 2024 and December 31, 2023, obligations under finance leases were \$134.2 million and \$117.1 million, respectively. Refer to Note 5 for further information.

The Company was in compliance with all debt covenants and restrictions associated with its debt instruments as of September 30, 2024.

During the nine months ended September 30, 2024, the Company repurchased 3,623,298 shares of Common Stock for \$140.4 million, excluding excise tax. As of September 30, 2024, \$951.9 million of the authorization for future repurchases of Common Stock remained available.

In January 2023, the Company entered into two interest rate swap agreements with financial counterparties relating to \$750.0 million in aggregate notional amount of variable-rate debt under the ABL Facility. Under the terms of the agreements, the Company receives a floating rate equal to one-month term SOFR and makes payments based on a weighted average fixed interest rate of 3.44% on the notional amount.

In January 2024, the Company entered into two interest rate swap agreements with financial counterparties relating to \$500.0 million in aggregate notional amount of variable-rate debt under the ABL Facility. Under the terms of the agreements, the Company receives a floating rate equal to one-month term SOFR and makes payments based on a weighted average fixed interest rate of 3.70% on the notional amount.

The swap agreements were designated and qualified as hedges of the Company's exposure to changes in interest payment cash flows created by fluctuations in variable interest rates on the ABL Facility. The swap agreements terminate on June 30, 2027. The floating rate that the Company receives under the terms of these swap agreements was 4.86% at September 30, 2024.

The location and the fair value of derivative instruments designated as hedges were as follows:

The fair value of the interest rate swaps was based on dealer quotes of market forward rates, which are Level 2 inputs on the fair value hierarchy (see Note 13), and reflected the amount that the Company would receive or pay as of September 30, 2024 for contracts involving the same attributes and maturity dates.

The following table discloses the impact of the interest rate swaps, excluding the impact of income taxes, on other comprehensive income ("OCI"), AOCI and the Company's condensed consolidated statements of operations for the nine months ended September 30, 2024 and 2023:

Fair Value Measures

[Fair Value Disclosures \[Abstract\]](#)
[Fair Value Measures](#)

Fair Value Measures

The fair value of financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The Company utilizes the following accounting guidance for the three levels of inputs that may be used to measure fair value:

- Level 1 - Observable inputs such as quoted prices in active markets for identical assets or liabilities;
Level 2 - Observable inputs, other than Level 1 inputs in active markets, that are observable either directly or indirectly; and
Level 3 - Unobservable inputs for which there is little or no market data, which require the reporting entity to develop its own assumptions

The Company has assessed that the fair values of cash and short-term deposits, marketable securities, trade receivables, trade payables, and other current liabilities approximate their carrying amounts. The Company's nonfinancial assets, which are measured at fair value on a nonrecurring basis, include rental equipment, property, plant and equipment, goodwill, intangible assets and certain other assets. Based on the borrowing rates currently available for bank loans with similar terms and average maturities, the fair values of finance leases at September 30, 2024 and December 31, 2023 approximate their respective book values. The carrying value of the ABL Facility, excluding debt issuance costs, approximates fair value as the interest rates are variable and reflective of current market rates.

The fair values of the 2025 Secured Notes, the 2028 Secured Notes, the 2029 Secured Notes, and the 2031 Secured Notes are based on their last trading price at the end of each period obtained from a third party. The following table shows the carrying amounts and fair values of these financial liabilities measured using Level 2 inputs:

(In thousands)	September 30, 2024		December 31, 2023	
	Carrying Amount	Fair Value	Carrying Amount	Fair Value
2025 Secured Notes	\$ 524,630	\$ 526,826	\$ 522,735	\$ 527,021
2028 Secured Notes	495,306	486,495	494,500	474,285

Total	\$ 2,007,434	\$ 2,057,406	\$ 1,510,944	\$ 1,529,381

As of September 30, 2024, the carrying values of the 2025 Secured Notes, the 2028 Secured Notes, the 2029 Secured Notes, and the 2031 Secured Notes included \$1.9 million, \$4.7 million, \$6.7 million, and \$5.8 million, respectively, of unamortized debt issuance costs, which were presented as a direct reduction of the corresponding liability. As of December 31, 2023, the carrying values of the 2025 Secured Notes, the 2028 Secured Notes, and the 2031 Secured Notes included \$3.8 million, \$5.5 million, and \$6.3 million, respectively, of unamortized debt issuance costs, which were presented as a direct reduction of the corresponding liability.

The location and the fair value of derivative assets and liabilities in the condensed consolidated balance sheets are disclosed in Note 12.

Stock-Based Compensation

[Share-Based Payment Arrangement \[Abstract\]](#)
[Stock-Based Compensation](#)

Stock-Based Compensation

Stock-based compensation expense includes grants of stock options, time-based restricted stock units ("Time-Based RSUs") and performance-based restricted stock units ("Performance-Based RSUs," together with Time-Based RSUs, the "RSUs"). In addition, stock-based payments to non-executive directors include grants of restricted stock awards ("RSAs"). Time-Based RSUs and RSAs are valued based on the intrinsic value of the difference between the exercise price, if any, of the award and the fair market value of WillScot's Common Stock on the grant date. Performance-Based RSUs are valued based on a Monte Carlo simulation model to reflect the impact of the Performance-Based RSU's market condition. The probability of satisfying a market condition is considered in the estimation of the grant-date fair value for Performance-Based RSUs and the compensation cost is not reversed if the market condition is not achieved, provided the requisite service has been provided.

Restricted Stock Awards

The following table summarizes the Company's RSA activity for the nine months ended September 30, 2024 and 2023:

Outstanding at end of period	32,332	\$ 38.20	28,946	\$ 44.44

Compensation expense for RSAs recognized in SG&A on the condensed consolidated statements of operations was \$0.3 million for both the three months ended September 30, 2024 and 2023. Compensation expense for RSAs recognized in SG&A on the condensed consolidated statements of operations was \$1.0 million for both the nine months ended September 30, 2024 and 2023. At September 30, 2024, unrecognized compensation cost related to RSAs totaled \$0.8 million and was expected to be recognized over the remaining weighted average vesting period of 0.7 years.

Summary of Significant Accounting Policies (Policies)

Accounting Policies [Abstract]

Basis of Presentation

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with the instructions to Form 10-Q and do not include all the information and notes required by US Generally Accepted Accounting Principles ("GAAP") for complete financial statements. The accompanying unaudited condensed consolidated financial statements comprise the financial statements of WillScot and its subsidiaries that it controls due to ownership of a majority voting interest and contain all adjustments, which are of a normal and recurring nature, considered necessary by management to present fairly the financial position, results of operations and cash flows for the interim periods presented.

Subsidiaries are fully consolidated from the date of acquisition, being the date on which the Company obtains control, and continue to be consolidated until the date when such control ceases. The financial statements of the subsidiaries are prepared for the same reporting period as the Company. All intercompany balances and transactions are eliminated.

In January 2024, the Company completed the unification of its go-to market structure by integrating its modular and storage divisions under a single leadership team organized by geography, achieving local product unification within each metropolitan statistical area and the ability to consistently deliver its portfolio of solutions to its entire customer base. In connection with this change in operating model, the Company realigned the composition of its operating and reportable segments to reflect how its Chief Operating Decision Maker reviews financial information to allocate resources to and assess performance of the segments. As a result, the Company concluded that its two operating segments (US and Other North America) are aggregated into one reportable segment as the operating segments share similar economic characteristics (e.g., comparable gross margins and comparable adjusted earnings before interest, taxes, depreciation and amortization margins) and similar qualitative characteristics as the operating segments offer similar products and services to similar customers, use similar methods to distribute products and are subject to similar competitive risks.

Certain reclassifications have been made to prior year financial statements to conform to the current year presentation.

ASU 2023-07, Segment Reporting (Topic 280): Improvements to Reportable Segment Disclosures

In November 2023, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update No. 2023-07 Segment Reporting (Topic 280): Improvements to Reportable Segment Disclosures ("ASU 2023-07"). ASU 2023-07 expands the breadth and frequency of segment disclosures, requiring disclosure of (i) significant segment expenses, (ii) other segment items, (iii) the chief operating decision maker's title and position, (iv) how the chief operating decision maker uses the reported measures of a segment's profit or loss and (v) interim disclosure of all segment profit, loss and asset disclosures currently required annually. ASU 2023-07 clarifies that a public entity may report one or more measures of segment profit or loss and requires that single reportable segment entities provide all required segment disclosures. ASU 2023-07 is effective for fiscal years beginning after December 15, 2023 and interim periods within fiscal years beginning after December 15, 2024. Early adoption is permitted. The Company is currently evaluating the impact of ASU 2023-07 on its segment disclosures.

ASU 2023-09, Income Taxes (Topic 740): Improvements to Income Tax Disclosures

In December 2023, the FASB issued Accounting Standards Update No. 2023-09 Income Taxes (Topic 740): Improvements to Income Tax Disclosures ("ASU 2023-09"). ASU 2023-09 requires entities to disclose more detailed information in their reconciliation of their statutory tax rate to their effective tax rate. Public business entities ("PBEs") are required to provide this incremental detail in a numerical, tabular format, while all other entities will do so through enhanced qualitative disclosures. The ASU also requires entities to disclose more detailed information about income taxes paid, including by jurisdiction; pretax income (or loss) from continuing operations; and income tax expense (or benefit). ASU 2023-09 is effective for fiscal years beginning after December 15, 2024. Early adoption is permitted. The Company is currently evaluating the impact of ASU 2023-09 on its income tax disclosures.
