(the “Company”) is a financial holding company organized in 1931 under the laws of New York State (“New York”). The Company provides diversified financial services through its subsidiaries, Five Star Bank (the “Bank”) and Courier Capital, LLC (“Courier Capital”). The Company offers a broad array of deposit, lending and other financial services to individuals, municipalities and businesses in Western and Central New York through its wholly owned New York chartered banking subsidiary, the Bank. The Bank also has commercial loan production offices in Ellicott City (Baltimore), Maryland and Syracuse, New York, and indirect lending network relationships with franchised automobile dealers in the Capital District of New York. Effective January 1, 2024, the Company exited the Pennsylvania automobile market to align our focus more fully around its core Upstate New York market. The Company’s Banking-as-a-Service (“BaaS”) business offers banking capabilities to non-bank financial service providers and other financial technology firms (“FinTechs”), allowing them to provide banking services to their end users. These BaaS partnerships allow the Bank to offer banking services and products beyond our traditional footprint. Courier Capital provides customized investment management, investment consulting and retirement plan services to individuals, businesses, institutions, foundations and retirement plans. </p><p style="font-size:10pt;margin-top:4pt;font-family:Times New Roman;margin-bottom:0;text-align:justify;">On April 1, 2024, the Company announced and closed the sale of the assets of its former subsidiary SDN Insurance Agency, LLC (“SDN”), which provided a broad range of insurance services to personal and business clients, to NFP Property & Casualty Services, Inc., a subsidiary of NFP Corp. The sale generated $27 million in proceeds, or a pre-tax gain of $13.5 million, after selling costs, which was recorded to net gain (loss) on other assets on the Company’s statement of income. The all-cash transaction value represented approximately four times our 2023 insurance revenue. Following the sale of the assets of SDN, the Company changed the name of the entity to Five Star Advisors LLC and expects to utilize it to serve as a conduit to refer insurance business to NFP.</p></div><div style="font-size:10pt;font-family:Times New Roman;"><p style="font-size:10pt;margin-top:6pt;font-family:Times New Roman;margin-bottom:0;text-align:justify;">Basis of Presentation</p><p style="font-size:10pt;margin-top:4pt;font-family:Times New Roman;margin-bottom:0;text-align:justify;">The consolidated financial statements include the accounts of the Company and its subsidiaries. All significant intercompany accounts and transactions have been eliminated in consolidation. The accounting and reporting policies conform to U.S. generally accepted accounting principles (“GAAP”). Certain information and footnote disclosures normally included in financial statements prepared in conformity with GAAP have been condensed or omitted pursuant to such rules and regulations. However, in the opinion of management, the accompanying consolidated financial statements reflect all adjustments of a normal and recurring nature necessary for a fair presentation of the consolidated statements of financial condition, income, comprehensive income, changes in shareholders’ equity and cash flows for the periods indicated and contain adequate disclosures to make the information presented not misleading. These consolidated financial statements should be read in conjunction with the Company’s Annual Report on Form 10-K for the year ended December 31, 2023. (1.) BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fraudulent Activity

In early March 2024, the Company discovered fraudulent activity associated with deposit transactions conducted over the course of several business days by an in-market business customer of the Bank, which resulte d in an $18.2 million pre-tax loss for the six months ended June 30, 2024. The fraud exposure arose from non-contractual, external fraud, and was treated as an operational loss, recorded in deposit-related charged-off items, in noninterest expense for the first quarter of 2024, with a small recovery of $143 thousand being recorded for the second quarter of 2024.

The Bank is working with the appropriate law enforcement authorities in connection with this

matter and is aggressively pursuing all legal recourse available to recover additional funds and minimize the loss. However, there can be no assurance that the Company will be able to recover any further offset to the deposit loss. The ultimate financial impact could be lower and will depend, in part, on the Bank's success in its efforts to recover the funds. Recent Accounting Pronouncements In March 2023, the FASB issued ASU No. 2023-02, Investments — Equity Method and Joint Ventures (Topic 323): Accounting for Investments in Tax Credit Structures Using the Proportional Amortization Method. The ASU allows for entities to consistently account for tax credit equity investments utilizing the proportional amortization method across all types of tax credits when certain requirements are met. The election of proportional amortization method must be made on a programmatic basis rather than an individual investment basis. For previously held tax credit investments, the amendments will be applied either on a modified retrospective basis or a retrospective basis. The amendments are effective for fiscal years beginning after December 15, 2023, including interim periods within those fiscal years. Early adoption is permitted. The adoption of this guidance did not have a material impact on the Company's consolidated financial statements. Standards Not Yet Effective In November 2023, the FASB issued ASU 2023-07, Segment Reporting (Topic 280): Improvements to Reportable Segment Disclosures. The amendments expand the disclosure requirements of segment expenses, as well as adding disclosure of the title and position of the chief operation decision maker "CODM" and an explanation of how the CODM uses the reported measures of segment profit or loss in assessing segment performance and deciding how to allocate resources is also required. The amendments are effective for fiscal years beginning after December 15, 2023, and interim periods within fiscal years beginning after December 15, 2024. Early adoption is permitted. The adoption of this guidance may require additional disclosure in the Company's financial statement related to segments. In December 2023, the FASB issued ASU 2023-09, Income Tax (Topic 740): Improvements to Income Tax Disclosures. The amendments expand the disclosure requirements of income taxes, primarily related to the income tax rate reconciliation and income taxes paid. The guidance also eliminates certain existing disclosure requirements related to uncertain tax positions and unrecognized deferred income tax liabilities. The amendments are effective for fiscal years beginning after December 15, 2024, and interim periods within fiscal years beginning after December 15, 2025. Early adoption is permitted. The adoption of this guidance is not expected to have a material impact on the Company's consolidated financial statements. Nature of Operations Financial Institutions, Inc. (the "Company") is a financial holding company organized in 1931 under the laws of New York State ("New York"). The Company provides diversified financial services through its subsidiaries, Five Star Bank (the "Bank") and Courier Capital, LLC ("Courier Capital"). The Company offers a broad array of deposit, lending and other financial services to individuals, municipalities and businesses in Western and Central New York through its wholly owned New York chartered banking subsidiary, the Bank. The Bank also has commercial loan production offices in Ellicott City (Baltimore), Maryland and Syracuse, New York, and indirect lending network relationships with franchised automobile dealers in the Capital District of New York. Effective January 1, 2024, the Company exited the Pennsylvania automobile market to align our focus more fully around its core Upstate New York market. The Company's Banking-as-a-Service ("BaaS") business offers banking capabilities to non-bank financial service providers and other financial technology firms ("FinTechs"), allowing them to provide banking services to their end users. These BaaS partnerships allow the Bank to offer banking services and products beyond our traditional footprint. Courier Capital provides customized investment management, investment consulting and retirement plan services to individuals, businesses, institutions, foundations and retirement plans. On April 1, 2024, the Company announced and closed the sale of the assets of its former subsidiary SDN Insurance Agency, LLC ("SDN"), which provided a broad range of insurance services to personal and business clients, to NFP Property & Casualty Services, Inc., a subsidiary of NFP Corp. The sale generated $27 million in proceeds, or a pre-tax gain of $13.5 million, after selling costs, which was recorded to net gain (loss) on other assets on the Company's statement of income. The all-cash transaction value represented approximately four times our 2023 insurance revenue. Following the sale of the assets of SDN, the Company changed the name of the entity to Five Star Advisors LLC and expects to utilize it to serve as a conduit to refer insurance business to NFP. 27000000 13500000 Basis of Presentation The consolidated financial statements include the accounts of the Company and its subsidiaries. All significant intercompany accounts and transactions have been eliminated in consolidation. The accounting and reporting policies conform to U.S. generally accepted accounting principles ("GAAP"). Certain information and footnote disclosures normally included in financial statements prepared in conformity with GAAP have been condensed or omitted pursuant to such rules and regulations. However, in the opinion of management, the accompanying consolidated financial statements reflect all adjustments of a normal and recurring nature necessary for a fair presentation of the consolidated statements of financial condition, income, comprehensive income, changes in shareholders' equity and cash flows for the periods indicated and contain adequate disclosures to make the information presented not misleading. These consolidated financial statements should be read in conjunction with the Company's Annual Report on Form 10-K for the year ended December 31, 2023. The results of operations for any interim periods are not necessarily indicative of the results which may be expected for the entire year or any other period. Reclassifications Certain reclassifications of previously reported amounts have been made to conform to the current year's presentation. Such reclassifications did not impact net income or shareholders' equity as previously reported. Use of Estimates The preparation of these financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates. Material estimates relate to the determination of the allowance for credit losses, the carrying value of goodwill and deferred tax assets, and assumptions used in the defined benefit pension plan accounting. The fraud exposure arose from non-contractual, external fraud, and was treated as an operational loss, recorded in deposit-related charged-off items, in noninterest expense for the first quarter of 2024, with a small recovery of $143 thousand being recorded for the second quarter of 2024. The Bank is working with the appropriate law enforcement authorities in connection with this matter and is aggressively pursuing all legal recourse available to recover additional funds and minimize the loss. However, there can be no assurance that the Company will be able to recover any further offset to the deposit loss. The ultimate financial impact could be lower and will depend, in part, on the Bank's success in its efforts to recover the funds. 18200000 143000 Recent Accounting Pronouncements In March 2023, the FASB issued ASU No. 2023-02, Investments — Equity Method and Joint Ventures (Topic 323): Accounting for Investments in Tax Credit Structures Using the Proportional Amortization Method. INVESTMENT SECURITIES (Continued) The total number of AFS securities positions in the investment portfolio in an unrealized loss position was 189 at June 30, 2024 and 201 at December 31, 2023, respectively. At June 30, 2024, the Company had positions in 189 investment securities with a fair value of $871.6 million and a total unrealized loss of $160.2 million that had been in a continuous unrealized loss position for more than 12 months. At June 30, 2024, there were no securities positions in the Company's investment portfolio that had been in a continuous unrealized loss position for less than 12 months. At December 31, 2023, the Company had a position in 198 investment securities with a fair value of $835.5 million and a total unrealized loss of <span style="color:#000000;white-space:pre-wrap;font-size:10pt;font-family:Times New Roman;min-width:fit-content;">$151.5 million that had been in a continuous unrealized loss position for more than 12 months. At December 31, 2023, there were a total of three securities positions in the Company's investment portfolio with a fair value of $8 thousand and a total unrealized loss of less than $1 thousand that had been in a continuous unrealized loss position for less than 12 months. The unrealized loss on investment securities was predominantly caused by changes in market interest rates subsequent to purchase. The fair value of the Company's portfolio fluctuates as market interest rates change. Securities Available for Sale As of June 30, 2024 and December 31, 2023, no allowance for credit losses had been recognized on AFS securities in an unrealized loss position as management does not believe any of the securities were impaired due to reasons of credit quality. This is based upon our analysis of the underlying risk characteristics, including credit ratings, and other qualitative factors related to our available for sale securities and in consideration of our historical credit loss experience and internal forecasts. The issuers of these securities continue to make timely principal and interest payments under the contractual terms of the securities. Furthermore, the Company expects to recover the amortized cost basis of its investments and more than likely will not need to sell before the recovery period for operating purposes, with no impairment identified. As the portfolio is managed from a liquidity, earnings, and risk standpoint, sales from the AFS portfolio may be warranted based upon prevailing market factors. The unrealized losses are due to increases in market interest rates over the yields available at the time the underlying securities were purchased. The fair value is expected to recover as the securities approach their maturity date or repricing date or if market yields for such investments decline. Securities Held to Maturity The Company's HTM investment securities include debt securities that are issued by U.S. government agencies or U.S. government-sponsored enterprises. These securities carry the explicit and/or implicit guarantee of the U.S. government, are widely recognized as "risk free," and have a long history of zero credit loss. In addition, the Company's HTM investment securities include debt securities that are issued by state and local government agencies, or municipal bonds. The Company monitors the credit quality of our municipal bonds through the use of a credit rating agency or by ratings that are derived by an internal scoring model. The scoring methodology for the internally derived ratings is based on a series of financial ratios for the municipality being reviewed as compared to typical industry figures. This information is used to determine the financial strengths and weaknesses of the municipality, which is indicated with a numeric rating. This number is then converted into a letter rating to better match the

system used by the credit rating agencies. As of June 30, 2024, $49.4 million of our municipal bonds were rated as an equivalent to Standard & Poor's A/AA/AAA, with $3.4 million internally rated to be the equivalent of Standard & Poor's A/AA/AAA rating. Additionally, no municipal bonds were rated below investment grade. As of December 31, 2023, $64.6 million of our municipal bonds were rated as an equivalent to Standard & Poor's A/AA/AAA, with $4.2 million internally rated to be the equivalent of Standard & Poor's A/AA/AAA rating, and no municipal bonds were rated below investment grade. As of June 30, 2024 and December 31, 2023, the Company had no past due or nonaccrual held to maturity investment securities. $2.1 million and $1.4 million as of June 30, 2024 and December 31, 2023, respectively. The Company sells certain qualifying newly originated or refinanced residential real estate loans on the secondary market. Residential real estate loans serviced for others, which are not included in the consolidated statements of financial condition, amounted to $273.5 million and <span style="color:#000000;white-space:pre-wrap;font-size:10pt;font-family:Times New Roman;min-width:fit-content;">$269.4 million as of June 30, 2024 and December 31, 2023, respectively. The Company elected to exclude AIR from the amortized cost basis of loans disclosed throughout this footnote. As of both June 30, 2024, and December 31, 2023, AIR for loans totaled $21.8 million and is included in other assets on the Company's consolidated statements of financial condition. (4.) Consumer overdrafts are overdrawn deposit accounts which have been reclassified as loans but by their terms do not accrue interest. Interest income on nonaccrual loans, if recognized, is recorded using the cash basis method of accounting. There was no interest income recognized on nonaccrual loans during the six months ended June 30, 2024 and 2023. Estimated interest income of $132 thousand and <span style="color:#000000;white-space:pre-wrap;font-size:10pt;font-family:Times New Roman;min-width:fit-content;">$122 thousand for the six months ended June 30, 2024 and 2023, respectively, would have been recorded if all such loans had been accruing interest according to their original contractual terms. Loan Modifications for Borrower Experiencing Financial Difficulty Loans may be modified when it is determined that a borrower is experiencing financial difficulty. Loan modifications may include principal forgiveness, interest rate reduction, an other-than-insignificant payment delay, and term extensions, or a combination of these concessions. The Company analyzes commercial business and commercial mortgage loans individually by classifying the loans as to credit risk. Risk ratings are updated any time the situation warrants. The Company uses the following definitions for risk ratings: Special Mention: Loans classified as special mention have a potential weakness that deserves management's close attention. If left uncorrected, these potential weaknesses may result in deterioration of the repayment prospects for the loan or of the Company's credit position at some future date. Substandard:Loans classified as substandard are inadequately protected by the current net worth and paying capacity of the obligor or of the collateral pledged, if any. Loans so classified have a well-defined weakness or weaknesses that jeopardize the liquidation of the debt. They are characterized by the distinct possibility that the Company will sustain some loss if the deficiencies are not corrected. Doubtful:Loans classified as doubtful have all the weaknesses inherent in those classified as substandard, with the added characteristic that the weaknesses make collection or liquidation in full, on the basis of currently existing facts, conditions, and values, highly questionable and improbable. Loans that do not meet the criteria above that are analyzed individually as part of the process described above are considered "uncriticized" or pass-rated loans and are included in groups of homogeneous loans with similar risk and loss characteristics.
